(64) Within the amounts appropriated in this section, the office of the superintendent of public instruction may develop recommendations to amend long-standing provisos within Part V of the omnibus operating budget. The office of the superintendent of public instruction shall submit recommendations, to include rationale why each proposed change should be made, to the office of financial management and the fiscal committees of the legislature by July 1, 2018.

(65) Within the amounts appropriated in this section, the office of the superintendent of public instruction shall coordinate with school districts and educational service districts that contract for transportation bus services and report the following information to the appropriate fiscal committees of the legislature by December 1, 2018:

(a) The number of transportation contract employees by job category;

(b) The total cost of the transportation contract, including the amount held by the school district or educational service district for administration of the contract;

(c) Information about the retirement benefit for transportation contract employees, including the name of the provider, the aggregate amount provided, and the amounts provided by employees;

(d) Information about the total health care benefit provided to transportation contract employees, including the name of the provider and the summary of benefits; and

(e) A copy of the transportation contract.

(66) Within the amounts appropriated in this section, the office of the superintendent of public instruction shall:

(a) Make recommendations on the best methods to provide and fund vocational funding enhancement for career and technical education and career-connected learning through alternative learning experience courses;

(b) Solicit and incorporate input received from the online

2018 REGULAR SESSION

learning advisory committee in making its report recommendations; and

(c) Submit a report of recommendations to the education and fiscal committees of the legislature by December 15, 2018.

(67) \$900,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the office of the superintendent of public instruction to leverage federal funding from the e-rate program operated by the universal service administrative company, under the federal communications commission. Funding is provided to enable more student access to digital learning.

(68) \$4,000,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the office of the superintendent of public instruction to provide grants to school districts and educational service districts for science teacher training in the next generation science standards including training in the climate science standards. At a minimum, school districts shall ensure that teachers in one grade level in each elementary, middle, and high school participate in this science training. Of the amount appropriated \$1,000,000 is provided solely for community based nonprofits to partner with public schools for next generation science standards.

(69) \$722,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the superintendent of public instruction to provide grants to educational service districts and school districts to develop or expand regional safety programs to address student safety. At a minimum, programs must implement a multitier threat assessment system; develop a process for notifying schools, including private schools, of safety emergencies; and make recommendations or implement appropriate safety technology consistent with regional need.

(70) \$131,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Substitute House Bill No. 2685 (high school preapprenticeships). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

Sec. 502. 2017 3rd sp.s. c 1 s 502 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR GENERAL APPORTIONMENT

| | |
|--|------------------------------|
| General Fund—State Appropriation (FY 2018) | (\$7,183,886,000) |
| | \$7,239,334,000 |
| General Fund—State Appropriation (FY 2019) | (\$7,412,055,000) |
| | \$7,142,294,000 |
| Education Legacy Trust Account—State Appropriation | (\$345,730,000) |
| | \$595,730,000 |
| TOTAL APPROPRIATION | \$14,941,671,000 |
| | \$14,977,358,000 |

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) For the 2017-18 and 2018-19 school years, the superintendent shall allocate general apportionment funding to school districts as provided in the funding formulas and salary allocations in sections 502 and 503 of this act, excluding (c) of this subsection, and in House Bill No. 2242 (fully funding the program of basic education).

(c) From July 1, 2017, to August 31, 2017, the superintendent shall allocate general apportionment funding to school districts

programs as provided in sections 502 and 503, chapter 4, Laws of 2015 3rd sp. sess., as amended.

(d) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the fourth day of school in September and on the first school day of each month October through June, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. Any school district concluding its basic education program in May must report the enrollment of the last school day held in May in lieu of a June enrollment.

(e)(i) Funding provided in part V of this act is sufficient to provide each full-time equivalent student with the minimum hours of instruction required under RCW 28A.150.220.

(ii) The office of the superintendent of public instruction shall align the agency rules defining a full-time equivalent student with the increase in the minimum instructional hours under RCW 28A.150.220, as amended by the legislature in 2014.

(f) The superintendent shall adopt rules requiring school districts to report full-time equivalent student enrollment as provided in RCW 28A.655.210.

(g) For the 2017-18 and 2018-19 school years, school districts must report to the office of the superintendent of public instruction the monthly actual average district-wide class size across each grade level of kindergarten, first grade, second grade, and third grade classes. The superintendent of public instruction shall report this information to the education and fiscal committees of the house of representatives and the senate by September 30th of each year.

(h) For the 2018–19 school year, a school district qualifies for a hold harmless payment if the sum of the school district's state basic education allocations plus its enrichment levy and local effort assistance under chapter 13, Laws of 2017 3rd sp. sess. is less than the sum of state basic education allocations, local maintenance and operation levy, and local effort assistance provided under the law as it existed on January 1, 2017. For the purposes of this section, the local levy is limited to the lesser of the voter-approved levy as of January 1, 2017, or the maximum levy allowed under the law as of January 1, 2017.

(2) CERTIFICATED INSTRUCTIONAL STAFF ALLOCATIONS

Allocations for certificated instructional staff salaries for the 2017-18 and 2018-19 school years are determined using formula-generated staff units calculated pursuant to this subsection.

(a) Certificated instructional staff units, as defined in RCW 28A.150.410, shall be allocated to reflect the minimum class size allocations, requirements, and school prototypes assumptions as provided in RCW 28A.150.260. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent student enrollment in each grade.

(b) Additional certificated instructional staff units provided in this subsection (2) that exceed the minimum requirements in RCW 28A.150.260 are enhancements outside the program of basic education, except as otherwise provided in this section.

(c)(i) The superintendent shall base allocations for each level of prototypical school on the following regular education average class size of full-time equivalent students per teacher, except as provided in (c)(ii) of this subsection:

| | | |
|-------------------------------|-------------|-------------|
| General education class size: | | |
| Grade | 2017-18 | 2018-19 |
| RCW 28A.150.260 | School Year | School Year |
| Grade K | 17.00 | 17.00 |
| Grade 1 | 17.00 | 17.00 |
| Grade 2 | 17.00 | 17.00 |

| | | |
|-------------|-------|-------|
| Grade 3 | 17.00 | 17.00 |
| Grade 4 | 27.00 | 27.00 |
| Grades 5-6 | 27.00 | 27.00 |
| Grades 7-8 | 28.53 | 28.53 |
| Grades 9-12 | 28.74 | 28.74 |

The superintendent shall base allocations for: Laboratory science average class size as provided in RCW 28A.150.260; career and technical education (CTE) class size of 23.0; and skill center program class size of 20.0.

(ii) For each level of prototypical school at which more than fifty percent of the students were eligible for free and reduced-price meals in the prior school year, the superintendent shall allocate funding based on the following average class size of full-time equivalent students per teacher:

| General education class size in high poverty schools: | | |
|---|-------------|-------------|
| Grade | 2017-18 | 2018-19 |
| RCW 28A.150.260 | School Year | School Year |
| Grade K | 17.00 | 17.00 |
| Grade 1 | 17.00 | 17.00 |
| Grade 2 | 17.00 | 17.00 |
| Grade 3 | 17.00 | 17.00 |
| Grade 4 | 27.00 | 27.00 |
| Grades 5-6 | 27.00 | 27.00 |
| Grades 7-8 | 28.53 | 28.53 |
| Grades 9-12 | 28.74 | 28.74 |

(iii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

(iv) Advanced placement and international baccalaureate courses are funded at the same class size assumptions as general education schools in the same grade; and

(d)(i) Funding for teacher librarians, school nurses, social workers, school psychologists, and guidance counselors is allocated based on the school prototypes as provided in RCW 28A.150.260 and is considered certificated instructional staff, except as provided in (d)(ii) of this subsection.

(ii) Students in approved career and technical education and skill center programs generate certificated instructional staff units to provide for the services of teacher librarians, school nurses, social workers, school psychologists, and guidance counselors at the following combined rate per 1000 student full-time equivalent enrollment:

| | 2017-18 | 2018-19 |
|--------------------------------|-------------|-------------|
| | School Year | School Year |
| Career and Technical Education | 3.07 | 3.07 |
| Skill Center | 3.41 | 3.41 |

(3) ADMINISTRATIVE STAFF ALLOCATIONS

(a) Allocations for school building-level certificated administrative staff salaries for the 2017-18 and 2018-19 school years for general education students are determined using the formula generated staff units calculated pursuant to this subsection. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent enrollment in each grade. The following prototypical school values shall determine the allocation for principals, assistance principals, and other certificated building level administrators:

| Prototypical School Building: | |
|-------------------------------|-------|
| Elementary School | 1.253 |
| Middle School | 1.353 |
| High School | 1.880 |

(b) Students in approved career and technical education and skill center programs generate certificated school building-level

administrator staff units at per student rates that are a multiple of the general education rate in (a) of this subsection by the following factors: Career and Technical Education students 1.025
Skill Center students 1.198

(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2017-18 and 2018-19 school years are determined using the formula-generated staff units provided in RCW 28A.150.260 and pursuant to this subsection, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2017-18 and 2018-19 school years for the central office administrative costs of operating a school district, at the following rates:

(a) The total central office staff units provided in this subsection (5) are calculated by first multiplying the total number of eligible certificated instructional, certificated administrative, and classified staff units providing school-based or district-wide support services, as identified in RCW 28A.150.260(6)(b) and the increased allocations provided pursuant to subsections (2) and (4) of this section, by 5.3 percent.

(b) Of the central office staff units calculated in (a) of this subsection, 74.53 percent are allocated as classified staff units, as generated in subsection (4) of this section, and 25.47 percent shall be allocated as administrative staff units, as generated in subsection (3) of this section.

(c) Staff units generated as enhancements outside the program of basic education to the minimum requirements of RCW 28A.150.260, and staff units generated by skill center and career-technical students, are excluded from the total central office staff units calculation in (a) of this subsection.

(d) For students in approved career-technical and skill center programs, central office classified units are allocated at the same staff unit per student rate as those generated for general education students of the same grade in this subsection (5), and central office administrative staff units are allocated at staff unit per student rates that exceed the general education rate established for students in the same grade in this subsection (5) by 12.29 percent in the 2017-18 school year and 12.29 percent in the 2018-19 school year for career and technical education students, and 17.61 percent in the 2017-18 school year and 17.61 percent in the 2018-19 school year for skill center students.

(6) FRINGE BENEFIT ALLOCATIONS

Fringe benefit allocations shall be calculated at a rate of 23.49 percent in the 2017-18 school year and (~~(23.49)~~) 23.65 percent in the 2018-19 school year for certificated salary allocations provided under subsections (2), (3), and (5) of this section, and a rate of 24.60 percent in the 2017-18 school year and (~~(24.60)~~) 24.67 percent in the 2018-19 school year for classified salary allocations provided under subsections (4) and (5) of this section.

(7) INSURANCE BENEFIT ALLOCATIONS

Insurance benefit allocations shall be calculated at the maintenance rate specified in section 504 of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section; and

(b) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purpose of

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1,440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

(a)(i) MSOC funding for general education students are allocated at the following per student rates:

| MSOC Component | 2017-18 School Year | 2018-19 School Year |
|--|---------------------|--|
| Technology | \$130.76 | (\$132.85) <u>\$133.24</u> |
| Utilities and Insurance | \$355.30 | (\$360.98) <u>\$362.05</u> |
| Curriculum and Textbooks | \$140.39 | (\$142.64) <u>\$143.06</u> |
| Other Supplies and Library Materials | \$298.05 | (\$302.82) <u>\$303.71</u> |
| Instructional Professional Development for Certificated and Classified Staff | \$21.71 | (\$22.06) <u>\$22.12</u> |
| Facilities Maintenance | \$176.01 | (\$178.83) <u>\$179.36</u> |
| Security and Central Office | \$121.94 | (\$123.89) <u>\$124.26</u> |
| TOTAL BASIC EDUCATION | \$1,244.16 | (\$1,264.07) <u>\$1,267.80</u> |
| MSOC/STUDENT FTE | | |

(ii) For the 2017-18 school year and 2018-19 school year, as part of the budget development, hearing, and review process required by chapter 28A.505 RCW, each school district must disclose: (A) The amount of state funding to be received by the district under (a) and (d) of this subsection (8); (B) the amount the district proposes to spend for materials, supplies, and operating costs; (C) the difference between these two amounts; and (D) if (A) of this subsection (8)(a)(ii) exceeds (B) of this subsection (8)(a)(ii), any proposed use of this difference and how this use will improve student achievement.

(b) Students in approved skill center programs generate per student FTE MSOC allocations of \$1,472.01 for the 2017-18 school year and ~~(\$1,495.56)~~ \$1,499.98 for the 2018-19 school year.

(c) Students in approved exploratory and preparatory career and technical education programs generate per student FTE MSOC allocations of \$1,472.01 for the 2017-18 school year and ~~(\$1,495.56)~~ \$1,499.98 for the 2018-19 school year.

(d) Students in grades 9-12 generate per student FTE MSOC allocations in addition to the allocations provided in (a) through (c) of this subsection at the following rate:

| MSOC Component | 2017-18 School Year | 2018-19 School Year |
|--|---------------------|--|
| Technology | \$37.60 | (\$38.20) <u>\$38.31</u> |
| Curriculum and Textbooks | \$41.02 | (\$41.67) <u>\$41.80</u> |
| Other Supplies and Library Materials | \$85.46 | (\$86.82) <u>\$87.08</u> |
| Instructional Professional Development | \$6.83 | (\$6.95) <u>\$6.97</u> |

for Certificated and Classified Staff
TOTAL GRADE 9-12 BASIC EDUCATION MSOC/STUDENT FTE

\$170.91 ~~(\$173.64)~~
\$174.16

(9) SUBSTITUTE TEACHER ALLOCATIONS

For the 2017-18 and 2018-19 school years, funding for substitute costs for classroom teachers is based on four (4) funded substitute days per classroom teacher unit generated under subsection (2) of this section, at a daily substitute rate of \$151.86.

(10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

(a) Amounts provided in this section from July 1, 2017, to August 31, 2017, are adjusted to reflect provisions of chapter 4, Laws of 2015 3rd sp. sess., as amended (allocation of funding for students enrolled in alternative learning experiences).

(b) The superintendent of public instruction shall require all districts receiving general apportionment funding for alternative learning experience (ALE) programs as defined in WAC 392-121-182 to provide separate financial accounting of expenditures for the ALE programs offered in district or with a provider, including but not limited to private companies and multidistrict cooperatives, as well as accurate, monthly headcount and FTE enrollment claimed for basic education, including separate counts of resident and nonresident students.

(11) DROPOUT REENGAGEMENT PROGRAM

The superintendent shall adopt rules to require students claimed for general apportionment funding based on enrollment in dropout reengagement programs authorized under RCW 28A.175.100 through 28A.175.115 to meet requirements for at least weekly minimum instructional contact, academic counseling, career counseling, or case management contact. Districts must also provide separate financial accounting of expenditures for the programs offered by the district or under contract with a provider, as well as accurate monthly headcount and full-time equivalent enrollment claimed for basic education, including separate enrollment counts of resident and nonresident students.

(12) ALL DAY KINDERGARTEN PROGRAMS

Funding in this section is sufficient to fund all day kindergarten programs in all schools in the 2017-18 school year and 2018-19 school year, pursuant to RCW 28A.150.220 and 28A.150.315.

(13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND NECESSARY PLANTS

For small school districts and remote and necessary school plants within any district which have been judged to be remote and necessary by the superintendent of public instruction, additional staff units are provided to ensure a minimum level of staffing support. Additional administrative and certificated instructional staff units provided to districts in this subsection shall be reduced by the general education staff units, excluding career and technical education and skills center enhancement units, otherwise provided in subsections (2) through (5) of this section on a per district basis.

(a) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the superintendent of public instruction and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated

administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades 7 or 8, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled;

(b) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full-time equivalent students in grades K-8, and for small school plants within any school district which enroll more than twenty-five average annual full-time equivalent students in grades K-8 and have been judged to be remote and necessary by the superintendent of public instruction:

(i) For enrollment of up to sixty annual average full-time equivalent students in grades K-6, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full-time equivalent students in grades 7 and 8, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units;

(c) For districts operating no more than two high schools with enrollments of less than three hundred average annual full-time equivalent students, for enrollment in grades 9-12 in each such school, other than alternative schools, except as noted in this subsection:

(i) For remote and necessary schools enrolling students in any grades 9-12 but no more than twenty-five average annual full-time equivalent students in grades K-12, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full-time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students;

(iii) Districts receiving staff units under this subsection shall add students enrolled in a district alternative high school and any grades nine through twelve alternative learning experience programs with the small high school enrollment for calculations under this subsection;

(d) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(e) For each nonhigh school district having an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit;

(f)(i) For enrollments generating certificated staff unit allocations under (a) through (e) of this subsection, one classified staff unit for each 2.94 certificated staff units allocated under such subsections;

(ii) For each nonhigh school district with an enrollment of more than fifty annual average full-time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit; and

(g) School districts receiving additional staff units to support small student enrollments and remote and necessary plants under this subsection ~~((12))~~ (13) shall generate additional MSOC allocations consistent with the nonemployee related costs

(NERC) allocation formula in place for the 2010-11 school year as provided section 502, chapter 37, Laws of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually for inflation.

(14) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(15) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2018 and 2019 as follows:

(a) \$638,000 of the general fund—state appropriation for fiscal year 2018 and ~~((648,000))~~ \$650,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

(b) \$436,000 of the general fund—state appropriation for fiscal year 2018 and \$436,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(16) \$225,000 of the general fund—state appropriation for fiscal year 2018 and \$229,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for school district emergencies as certified by the superintendent of public instruction. Funding provided must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable. At the close of the fiscal year the superintendent of public instruction shall report to the office of financial management and the appropriate fiscal committees of the legislature on the allocations provided to districts and the nature of the emergency.

(17) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(18) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment consistent with the running start course requirements provided in chapter 202, Laws of 2015 (dual credit education opportunities). In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the student achievement council, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(19) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection ~~((12))~~ (13) of this section, the following apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection ~~((42))~~ (13) of this section shall be reduced in increments of twenty percent per year.

(20)(a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed ~~((5 percent))~~ the lesser of five percent or the cap established in federal law of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and financial reporting purposes under this section.

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

(21) Funding in this section is sufficient to provide full general apportionment payments to school districts eligible for federal forest revenues as provided in RCW 28A.520.020. For the 2017-2019 biennium, general apportionment payments are not reduced for school districts receiving federal forest revenues.

Sec. 503. 2017 3rd sp.s. c 1 s 503 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION

(1) The following calculations determine the salaries used in the state allocations for certificated instructional, certificated administrative, and classified staff units as provided in House Bill No. 2242 (fully funding the program of basic education), RCW 28A.150.260, and under section 502 of this act:

(a) For the 2017-18 school year, salary allocations for certificated instructional staff units are determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP document 1.

(b) For the 2017-18 school year, salary allocations for certificated administrative staff units and classified staff units for each district are determined based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(c) For the 2018-19 school year salary allocations for certificated instructional staff, certificated administrative staff, and classified staff units are determined for each school district by multiplying the statewide minimum salary allocation for each staff type by the school district's regionalization factor shown in LEAP Document 3.

Statewide Minimum Salary Allocation
For School Year 2018-19

| | |
|-----------------------------------|---|
| Certificated Instructional Staff | (\$59,333.55) \$65,216.05 |
| Certificated Administrative Staff | (\$79,127.50) \$96,805.00 |
| Classified Staff | (\$39,975.50) \$46,784.33 |

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on June 22, 2017, at 1:14 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on June 22, 2017, at 1:14 hours.

(c) "LEAP Document 3" means the school district regionalization factors for certificated instructional, certificated administrative, and classified staff, as developed by the legislative evaluation and accountability program committee on ~~((June 22, 2017, at 1:14 hours))~~ March 6, 2018, at 8:24 hours.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 22.85 percent for school year 2017-18 and ~~((22.85))~~ 23.01 percent for school year 2018-19 for certificated instructional and certificated administrative staff and 21.10 percent for school year 2017-18 and ~~((21.10))~~ 21.17 percent for the 2018-19 school year for classified staff.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedule for certificated instructional staff are established for basic education salary allocations for the 2017-18 school year:

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

- (a) "BA" means a baccalaureate degree.
- (b) "MA" means a masters degree.
- (c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this part V, or any replacement schedules and documents, unless:

- (a) The employee has a masters degree; or
- (b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The salary allocations established in this section are for allocation purposes only except as provided in this subsection, and do not entitle an individual staff position to a particular paid salary except as provided in RCW 28A.400.200, as amended by House Bill No. 2242 (fully funding the program of basic education).

(8) For school year 2018-19, the salary allocations for each district shall be the greater of:

- (a) The derived school year 2018-19 salary allocations in subsection (1) of this section; or
- (b) The derived salary allocations for school year 2017-18 increased by 2.3 percent.

Sec. 504. 2017 3rd sp.s. c 1 s 504 (uncodified) is amended to read as follows:

| TOTAL APPROPRIATION | | | \$1,576,622,000 |
| | | | \$2,320,010,000 |

The appropriations in this section are subject to the following conditions and limitations:

(1) The salary increases provided in this section are inclusive of and above the annual cost-of-living adjustments pursuant to RCW 28A.400.205.

~~(2) ((In addition to salary allocations specified in this subsection (1) funding in this subsection includes one day of professional learning for each of the funded full time equivalent certificated instructional staff units in school year 2018-19. Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.~~

~~(3))~~(a) The appropriations in this section include associated incremental fringe benefit allocations at 22.85 percent for the 2017-18 school year and ~~((22.85))~~ 23.01 percent for the 2018-19 school year for certificated instructional and certificated administrative staff and 21.10 percent for the 2017-18 school year and ~~((21.10))~~ 21.17 percent for the 2018-19 school year for classified staff.

(b) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocations and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act. Changes for pupil transportation are determined by the superintendent of public instruction pursuant to RCW 28A.160.192, and impact compensation factors in sections 502, 503, and 504 of this act.

(c) The appropriations in this section include no salary adjustments for substitute teachers.

~~((4))~~ (3) The maintenance rate for insurance benefit allocations is \$780.00 per month for the 2017-18 and 2018-19 school years. The appropriations in this section reflect the incremental change in cost of allocating rates of \$820.00 per month for the 2017-18 school year and ~~((840.00))~~ \$843.97 per month for the 2018-19 school year. When bargaining for health benefits funding for the school employees' benefits board during the 2017-2019 fiscal biennium, any proposal agreed upon must assume the imposition of a twenty-five dollar per month surcharge payment from members who use tobacco products and a surcharge payment of not less than fifty dollars per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than ninety-five percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

~~((5))~~ (4) The rates specified in this section are subject to revision each year by the legislature.

(5) \$699,437,000 of the general fund—state appropriation in fiscal year 2019 and \$84,020,000 of the dedicated McCleary penalty account—state appropriation are provided solely for allocation to school districts to increase compensation related to increasing school employee salary allocations, changing the special education excess cost multiplier as provided in RCW 28A.150.390(2)(b), regionalization factors as provided in RCW 28A.150.412(2)(b), and professional learning day delay, each as amended by Engrossed Second Substitute Senate Bill No. 6362 (basic education).

Sec. 505. 2017 3rd sp.s. c 1 s 505 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR PUPIL TRANSPORTATION

|---------|------------|---------------|-----------|
| General | Fund—State | Appropriation | (FY 2018) |
|---------|------------|---------------|-----------|

| | | | |
|---------------------|------------|---------------|----------------------------|
| | | | (\$502,599,000) |
| | | | \$518,512,000 |
| General | Fund—State | Appropriation | (FY 2019) |
| | | | (\$497,940,000) |
| | | | \$519,533,000 |
| TOTAL APPROPRIATION | | | \$1,000,539,000 |
| | | | \$1,038,045,000 |

The appropriations in this section are subject to the following conditions and limitations:

(1) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(2)(a) For the 2017-18 and 2018-19 school years, the superintendent shall allocate funding to school district programs for the transportation of eligible students as provided in RCW 28A.160.192. Funding in this section constitutes full implementation of RCW 28A.160.192, which enhancement is within the program of basic education. Students are considered eligible only if meeting the definitions provided in RCW 28A.160.160.

(b) From July 1, 2017, to August 31, 2017, the superintendent shall allocate funding to school districts programs for the transportation of students as provided in section 505, chapter 4, Laws of 2015 3rd sp. sess., as amended.

(3) Within amounts appropriated in this section, up to \$10,000,000 of the general fund—state appropriation for fiscal year 2018 and up to \$10,000,000 of the general fund—state appropriation for fiscal year 2019 are for a transportation alternate funding grant program based on the alternate funding process established in RCW 28A.160.191. The superintendent of public instruction must include a review of school district efficiency rating, key performance indicators and local school district characteristics such as unique geographic constraints in the grant award process.

(4) A maximum of \$913,000 of this fiscal year 2018 appropriation and a maximum of ~~(\$937,000)~~ \$939,000 of the fiscal year 2019 appropriation may be expended for regional transportation coordinators and related activities. The transportation coordinators shall ensure that data submitted by school districts for state transportation funding shall, to the greatest extent practical, reflect the actual transportation activity of each district.

(5) The office of the superintendent of public instruction shall provide reimbursement funding to a school district for school bus purchases only after the superintendent of public instruction determines that the school bus was purchased from the list established pursuant to RCW 28A.160.195(2) or a comparable competitive bid process based on the lowest price quote based on similar bus categories to those used to establish the list pursuant to RCW 28A.160.195.

(6) The superintendent of public instruction shall base depreciation payments for school district buses on the presales tax five-year average of lowest bids in the appropriate category of bus. In the final year on the depreciation schedule, the depreciation payment shall be based on the lowest bid in the appropriate bus category for that school year.

(7) Funding levels in this section reflect waivers granted by the state board of education for four-day school weeks as allowed under RCW 28A.305.141.

(8) The office of the superintendent of public instruction shall annually disburse payments for bus depreciation in August.

Sec. 506. 2017 3rd sp.s. c 1 s 506 (uncodified) is amended to read as follows:

| General Fund—Federal Appropriation | \$537,178,000 |
| TOTAL APPROPRIATION | \$551,400,000 |
| | \$552,660,000 |

The appropriations in this section are subject to the following conditions and limitations:

(1) \$7,111,000 of the general fund—state appropriation for fiscal year 2018 and \$7,111,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for state matching money for federal child nutrition programs, and may support the meals for kids program through the following allowable uses:

~~((1))~~ (a) Elimination of breakfast copays for eligible public school students and lunch copays for eligible public school students in grades kindergarten through third grade who are eligible for reduced-price lunch;

~~((2))~~ (b) Assistance to school districts and authorized public and private nonprofit organizations for supporting summer food service programs, and initiating new summer food service programs in low-income areas;

~~((3))~~ (c) Reimbursements to school districts for school breakfasts served to students eligible for free and reduced-price lunch, pursuant to chapter 287, Laws of 2005; and

~~((4))~~ (d) Assistance to school districts in initiating and expanding school breakfast programs.

(2) The office of the superintendent of public instruction shall report annually to the fiscal committees of the legislature on annual expenditures in ~~(subsections (1), (2), and (3))~~ subsection (1)(a) through (c) of this section.

(3) The superintendent of public instruction shall provide the department of health with the following data, where available, for all nutrition assistance programs that are funded by the United States department of agriculture and administered by the office of the superintendent of public instruction. The superintendent must provide the report for the preceding federal fiscal year by February 1, 2018, and February 1, 2019. The report must provide:

(a) The number of people in Washington who are eligible for the program;

(b) The number of people in Washington who participated in the program;

(c) The average annual participation rate in the program;

(d) Participation rates by geographic distribution; and

(e) The annual federal funding of the program in Washington.

(4) \$60,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Engrossed Substitute House Bill No. 2610 (school meal payment). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(5) \$1,200,000 of the general fund—state appropriation for fiscal year 2019 are for one-time start-up allocation grants to each high-needs school implementing a breakfast after the bell program under section 3 of Second Engrossed Substitute House Bill No. 1508 (student meals and nutrition). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

Sec. 507. 2017 3rd sp.s. c 1 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR SPECIAL EDUCATION

PROGRAMS

| | | | |
|--|-------------------------|----------------------------|------------------------|
| General Fund—State | Appropriation (FY 2018) | (\$956,055,000) | <u>\$965,613,000</u> |
| General Fund—State | Appropriation (FY 2019) | (\$989,284,000) | <u>\$1,001,806,000</u> |
| General Fund—Federal | Appropriation | (\$470,673,000) | <u>\$485,054,000</u> |

| TOTAL APPROPRIATION | | \$2,470,706,000 | <u>\$2,528,367,000</u> |

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(b) Funding provided within this section is sufficient for districts to provide school principals and lead special education teachers annual professional development on the best-practices for special education instruction and strategies for implementation. Districts shall annually provide a summary of professional development activities to the office of the superintendent of public instruction.

(2)(a) The superintendent of public instruction shall ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4)(a) For the 2017-18 and 2018-19 school years, the superintendent shall allocate funding to school district programs for special education students as provided in RCW 28A.150.390 as amended by Engrossed Second Substitute Senate Bill No. 6362 (basic education), except that the calculation of the base allocation also includes allocations provided under section 502 (2) and (4) of this act and RCW 28A.150.415, which enhancement is within the program of basic education.

(b) From July 1, 2017, to August 31, 2017, the superintendent shall allocate funding to school district programs for special education students as provided in section 507, chapter 4, Laws of 2015 3rd sp. sess., as amended.

(5) The following applies throughout this section: The definitions for enrollment and enrollment percent are as specified

in RCW 28A.150.390(3). Each district's general fund—state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 13.5 percent.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with RCW 28A.150.390(3) (c) and (d), and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) \$31,087,000 of the general fund—state appropriation for fiscal year 2018, ~~(\$31,087,000)~~ \$35,952,000 of the general fund—state appropriation for fiscal year 2019, and ~~(\$31,024,000)~~ \$29,574,000 of the general fund—federal appropriation are provided solely for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (4) of this section. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in this subsection (7) in any fiscal year, the superintendent shall expend all available federal discretionary funds necessary to meet this need. At the conclusion of each school year, the superintendent shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible.

(a) For the 2017-18 and 2018-19 school years, safety net funds shall be awarded by the state safety net oversight committee as provided in section 109(1) chapter 548, Laws of 2009 (ESHB 2261).

(b) The office of the superintendent of public instruction shall make award determinations for state safety net funding in August of each school year, except that the superintendent of public instruction shall make award determinations for state safety net funding in July of each school year for the Washington state school for the blind and for the center for childhood deafness and hearing loss. Determinations on school district eligibility for state safety net awards shall be based on analysis of actual expenditure data from the current school year.

(8) A maximum of \$931,000 may be expended from the general fund—state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(9) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(10) A school district may carry over from one year to the next year up to 10 percent of the general fund—state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(11) \$256,000 of the general fund—state appropriation for fiscal year 2018 and \$256,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

(12) \$50,000 of the general fund—state appropriation for fiscal year 2018, \$50,000 of the general fund—state appropriation for fiscal year 2019, and \$100,000 of the general fund—federal appropriation are provided solely for a special education family liaison position within the office of the superintendent of public

instruction.

(13) \$21,180,000 of the dedicated McCleary penalty account—state appropriation is provided solely for allocation to school districts to increase the special education excess cost multiplier as provided in RCW 28A.150.390(2)(b), as amended by Engrossed Second Substitute Senate Bill No. 6362 (basic education).

Sec. 508. 2017 3rd sp.s. c 1 s 508 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR EDUCATIONAL SERVICE DISTRICTS

| TOTAL APPROPRIATION | | | <u>\$17,092,000</u> |
| | | | <u>\$18,017,000</u> |

The appropriations in this section are subject to the following conditions and limitations:

(1) The educational service districts shall continue to furnish financial services required by the superintendent of public instruction and RCW 28A.310.190 (3) and (4).

(2) Funding within this section is provided for regional professional development related to mathematics and science curriculum and instructional strategies aligned with common core state standards and next generation science standards. Funding shall be distributed among the educational service districts in the same proportion as distributions in the 2007-2009 biennium. Each educational service district shall use this funding solely for salary and benefits for a certificated instructional staff with expertise in the appropriate subject matter and in professional development delivery, and for travel, materials, and other expenditures related to providing regional professional development support.

(3) The educational service districts, at the request of the state board of education pursuant to RCW 28A.310.010 and 28A.305.130, may receive and screen applications for school accreditation, conduct school accreditation site visits pursuant to state board of education rules, and submit to the state board of education post-site visit recommendations for school accreditation. The educational service districts may assess a cooperative service fee to recover actual plus reasonable indirect costs for the purposes of this subsection.

| | <u>\$387,139,000</u> |

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) \$30,421,000 of the general fund—state appropriation for fiscal year 2018, \$26,975,000 of the general fund—state appropriation for fiscal year 2019, \$1,350,000 of the education legacy trust account—state appropriation, and \$15,868,000 of the general fund—federal appropriation are provided solely for development and implementation of the Washington state assessment system.

(b)(i) The office of the superintendent of public instruction issued a final fiscal note on July 13, 2017, detailing an estimated savings of \$12.7 million in the 2017-2019 biennium and \$15.2 million in the 2019-2021 biennium from the passage of Engrossed Substitute House Bill No. 2224.

(ii) By November 1, 2018, the superintendent must review the fiscal note and report to the legislature on which actions detailed in the fiscal note were taken by the superintendent to achieve the savings estimated and the actual savings achieved. For those actions provided in the fiscal note that were not taken and for

which no savings were achieved, the superintendent must explain why those actions were not taken.

(iii) By November 1, 2018, the superintendent must submit a detailed plan on how the superintendent will achieve all of the savings estimated in the fiscal note for the 2019-2021 biennium.

(2) \$356,000 of the general fund—state appropriation for fiscal year 2018 and \$356,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the Washington state leadership and assistance for science education reform (LASER) regional partnership activities (~~(coordinated at the Pacific science center)~~), including instructional material purchases, teacher and principal professional development, and school and community engagement events.

(3) \$3,935,000 of the general fund—state appropriation for fiscal year 2018 and \$3,935,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for implementation of a new performance-based evaluation for certificated educators and other activities as provided in chapter 235, Laws of 2010 (education reform) and chapter 35, Laws of 2012 (certificated employee evaluations).

(4) (~~(\$62,672,000)~~) \$62,674,000 of the general fund—state appropriation for fiscal year 2018 and (~~(\$82,665,000)~~) \$82,778,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the following bonuses for teachers who hold valid, unexpired certification from the national board for professional teaching standards and who are teaching in a Washington public school, subject to the following conditions and limitations:

(a) For national board certified teachers, a bonus of \$5,296 per teacher in the 2017-18 school year and a bonus of (~~(\$5,384)~~) \$5,397 per teacher in the 2018-19 school year;

(b) An additional \$5,000 annual bonus shall be paid to national board certified teachers who teach in either: (A) High schools where at least 50 percent of student headcount enrollment is eligible for federal free or reduced-price lunch, (B) middle schools where at least 60 percent of student headcount enrollment is eligible for federal free or reduced-price lunch, or (C) elementary schools where at least 70 percent of student headcount enrollment is eligible for federal free or reduced-price lunch;

(c) The superintendent of public instruction shall adopt rules to ensure that national board certified teachers meet the qualifications for bonuses under (b) of this subsection for less than one full school year receive bonuses in a prorated manner. All bonuses in this subsection will be paid in July of each school year. Bonuses in this subsection shall be reduced by a factor of 40 percent for first year NBPTS certified teachers, to reflect the portion of the instructional school year they are certified; and

(d) During the 2017-18 and 2018-19 school years, and within available funds, certificated instructional staff who have met the eligibility requirements and have applied for certification from the national board for professional teaching standards may receive a conditional loan of two thousand dollars or the amount set by the office of the superintendent of public instruction to contribute toward the current assessment fee, not including the initial up-front candidacy payment. The fee shall be an advance on the first annual bonus under RCW 28A.405.415. The conditional loan is provided in addition to compensation received under a district's salary allocation and shall not be included in calculations of a district's average salary and associated salary limitation under RCW 28A.400.200. Recipients who fail to receive certification after three years are required to repay the conditional loan. The office of the superintendent of public instruction shall adopt rules to define the terms for initial grant of the assessment fee and repayment, including applicable fees. To the extent necessary, the superintendent may use revenues from the repayment of conditional loan scholarships to ensure payment

If equally matched by private donations, \$825,000 of the 2018 appropriation and \$825,000 of the 2019 appropriation shall be used to support FIRST robotics programs in grades four through twelve. Of the amounts in this subsection, \$100,000 of the fiscal year 2018 appropriation and \$100,000 of the fiscal year 2019 appropriation are provided solely for the purpose of statewide supervision activities for career and technical education student leadership organizations.

(10) \$125,000 of the general fund—state appropriation for fiscal year 2018 and \$125,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for (a) staff at the office of the superintendent of public instruction to coordinate and promote efforts to develop integrated math, science, technology, and engineering programs in schools and districts across the state; and (b) grants of \$2,500 to provide twenty middle and high school teachers each year with professional development training for implementing integrated math, science, technology, and engineering programs in their schools.

(11) \$135,000 of the general fund—state appropriation for fiscal year 2018 and \$135,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for science,

technology, engineering and mathematics lighthouse projects, consistent with chapter 238, Laws of 2010.

(12) \$10,500,000 of the general fund—state appropriation for fiscal year 2018 and \$10,500,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for a beginning educator support program. The program shall prioritize first year teachers in the mentoring program. School districts and/or regional consortia may apply for grant funding. The program provided by a district and/or regional consortia shall include: A paid orientation; assignment of a qualified mentor; development of a professional growth plan for each beginning teacher aligned with professional certification; release time for mentors and new teachers to work together; and teacher observation time with accomplished peers. Funding may be used to provide statewide professional development opportunities for mentors and beginning educators.

(13) \$250,000 of the general fund—state appropriation for fiscal year 2018 and \$250,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for advanced project lead the way courses at ten high schools. To be eligible for funding in 2018, a high school must have offered a foundational project lead the way course during the 2016-17 school year. The 2018 funding must be used for one-time start-up course costs for an advanced project lead the way course, to be offered to students beginning in the 2017-18 school year. To be eligible for funding in 2019, a high school must have offered a foundational project lead the way course during the 2017-18 school year. The 2018 funding must be used for one-time start-up course costs for an advanced project lead the way course, to be offered to students beginning in the 2018-19 school year. The office of the superintendent of public instruction and the education research and data center at the office of financial management shall track student participation and long-term outcome data.

(14) \$9,352,000 of the general fund—state appropriation for fiscal year 2018 and \$14,352,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for implementation of chapter 159, Laws of 2013. By January 15, 2018, the superintendent of public instruction shall submit a plan to the fiscal committees of the legislature outlining the additional school accountability supports that will be implemented as a result of the increased appropriation provided in fiscal year 2019. Of the amount provided in this subsection, \$5,000,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for expenditure contingent upon legislative approval of the superintendent's plan for additional school accountability supports, and the superintendent may not spend that amount until approval is received.

(15) \$450,000 of the general fund—state appropriation for fiscal year 2018 and \$450,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for annual start-up, expansion, or maintenance of existing programs in aerospace and advanced manufacturing programs. To be eligible for funding, the skills center and high schools must agree to engage in developing local business and industry partnerships for oversight and input regarding program components. Program instructors must also agree to participate in professional development leading to student employment, or certification in aerospace or advanced manufacturing industries as determined by the superintendent of public instruction. The office of the superintendent of public instruction and the education research and data center shall report annually student participation and long-term outcome data.

(16) \$5,000,000 of the general fund—state appropriation for fiscal year 2018 and \$4,000,000 of the general fund—state

appropriation for fiscal year 2019 are provided solely for the provision of training for teachers, principals, and principal evaluators in the performance-based teacher principal evaluation program.

(17) ~~(\$100,000)~~ \$125,000 of the general fund—state appropriation for fiscal year 2018 and ~~(\$100,000)~~ \$125,000 of the general fund—state appropriation for fiscal year 2019 are provided solely to promote the financial literacy of students. The effort will be coordinated through the financial literacy public-private partnership.

(18) \$2,194,000 of the general fund—state appropriation for fiscal year 2018 and ~~(\$2,194,000)~~ \$909,000 of the general fund—state appropriation for fiscal year 2019 are provided solely to implement chapter 18, Laws of 2013 2nd sp. sess. (Engrossed Substitute Senate Bill No. 5946) (strengthening student educational outcomes).

(19) \$36,000 of the general fund—state appropriation for fiscal year 2018 and \$36,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for chapter 212, Laws of 2014 (Substitute Senate Bill No. 6074) (homeless student educational outcomes).

(20) \$80,000 of the general fund—state appropriation for fiscal year 2018 and \$40,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for chapter 219, Laws of 2014 (Second Substitute Senate Bill No. 6163) (expanded learning).

(21) \$10,000 of the general fund—state appropriation for fiscal year 2018 and \$10,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for chapter 102, Laws of 2014 (Senate Bill No. 6424) (biliteracy seal).

(22) \$500,000 of the general fund—state appropriation for fiscal year 2018 and \$500,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the office of the superintendent of public instruction to contract with a nonprofit organization to integrate the state learning standards in English language arts, mathematics, and science with FieldSTEM outdoor field studies and project-based and work-based learning opportunities aligned with the environmental, natural resource, and agricultural sectors.

(23) Within the amounts provided in this section, the superintendent of public instruction shall obtain an existing student assessment inventory tool that is free and openly licensed and distribute the tool to every school district. Each school district shall use the student assessment inventory tool to identify all state-level and district-level assessments that are required of students. The state-required assessments should include: Reading proficiency assessments used for compliance with RCW 28A.320.202; the required statewide assessments under chapter 28A.655 RCW in grades three through eight and at the high school level in English language arts, mathematics, and science, as well as the practice and training tests used to prepare for them; and the high school end-of-course exams in mathematics under RCW 28A.655.066. District-required assessments should include: The second grade reading assessment used to comply with RCW 28A.300.320; interim smarter balanced assessments, if required; the measures of academic progress assessment, if required; and other required interim, benchmark, or summative standardized assessments, including assessments used in social studies, the arts, health, and physical education in accordance with RCW 28A.230.095, and for educational technology in accordance with RCW 28A.655.075. The assessments identified should not include assessments used to determine eligibility for any categorical program including the transitional bilingual instruction program, learning assistance program, highly capable program, special education program, or any formative or diagnostic assessments used solely to inform teacher instructional

practices, other than those already identified. By October 15th of each year, each district shall report to the superintendent the amount of student time in the previous school year that is spent taking each assessment identified. By December 15th of each even numbered calendar year, the superintendent shall summarize the information reported by the school districts and report to the education committees of the house of representatives and the senate.

(24) \$125,000 of the general fund—state appropriation for fiscal year 2018 and \$125,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for contracts with nonprofit organizations that provide direct services to children exclusively through one-to-one volunteer mentoring. The mentor, student, and parent must each receive monthly coaching from professional staff in the first year and coaching every two months in subsequent years.

(25) \$200,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for grants to implement a program that provides hands-on education in financial literacy, work readiness, and entrepreneurship.

(26) Sufficient amounts are appropriated in this section for the office of the superintendent of public instruction to create a process and provide assistance to school districts in planning for future implementation of the summer knowledge improvement program grants.

(1) The general fund—state appropriations in this section are subject to the following conditions and limitations:

(a) The appropriations include such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b)(i) For the 2017-18 and 2018-19 school years, the superintendent shall allocate funding to school districts for learning assistance programs as provided in RCW 28A.150.260(10)(a), except that the allocation for the additional instructional hours shall be enhanced as provided in this section, which enhancements are within the program of the basic education. In calculating the allocations, the superintendent shall assume the following averages: (A) Additional instruction of 2.3975 hours per week per funded learning assistance program student for the 2017-18 and 2018-19 school years; (B) additional instruction of 1.1 hours per week per funded learning assistance program student for the 2017-18 and 2018-19 school years in qualifying high-poverty school building; (C) fifteen learning assistance program students per teacher; (D) 36 instructional weeks per year; (E) 900 instructional hours per teacher; and (F)

the compensation rates as provided in sections 503 and 504 of this act.

(ii) From July 1, 2017, to August 31, 2017, the superintendent shall allocate funding to school districts for learning assistance programs as provided in section 515, chapter 4, Laws of 2015, 3rd sp. sess., as amended.

(c) A school district's funded students for the learning assistance program shall be the sum of the district's full-time equivalent enrollment in grades K-12 for the prior school year multiplied by the district's percentage of October headcount enrollment in grades K-12 eligible for free or reduced-price lunch in the prior school year. The prior school year's October headcount enrollment for free and reduced-price lunch shall be as reported in the comprehensive education data and research system.

(2) Allocations made pursuant to subsection (1) of this section shall be adjusted to reflect ineligible applications identified through the annual income verification process required by the national school lunch program, as recommended in the report of the state auditor on the learning assistance program dated February, 2010.

(3) The general fund—federal appropriation in this section is provided for Title I Part A allocations of the every student succeeds act of 2016.

(4) A school district may carry over from one year to the next up to 10 percent of the general fund—state funds allocated under this program; however, carryover funds shall be expended for the learning assistance program.

(5) Within existing resources, during the 2017-18 and 2018-19 school years, school districts are authorized to use funds allocated for the learning assistance program to also provide assistance to high school students who have not passed the state assessment in science.

Sec. 517. 2017 3rd sp.s. c 1 s 518 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

(1) Amounts distributed to districts by the superintendent through part V of this act are for allocations purposes only, unless specified by part V of this act, and do not entitle a particular district, district employee, or student to a specific service, beyond what has been expressly provided in statute. Part V of this act

restates the requirements of various sections of Title 28A RCW. If any conflict exists, the provisions of Title 28A RCW control unless this act explicitly states that it is providing an enhancement. Any amounts provided in part V of this act in excess of the amounts required by Title 28A RCW provided in statute, are not within the program of basic education unless clearly stated by this act.

(2) To the maximum extent practicable, when adopting new or revised rules or policies relating to the administration of allocations in part V of this act that result in fiscal impact, the office of the superintendent of public instruction shall attempt to seek legislative approval through the budget request process.

(3) Appropriations made in this act to the office of the superintendent of public instruction shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in subsection (4) of this section.

(4) The appropriations to the office of the superintendent of public instruction in this act shall be expended for the programs and amounts specified in this act. However, after May 1, 2018, unless specifically prohibited by this act and after approval by the director of financial management, the superintendent of public instruction may transfer state general fund appropriations for fiscal year 2018 among the following programs to meet the apportionment schedule for a specified formula in another of these programs: General apportionment, employee compensation adjustments, pupil transportation, special education programs, institutional education programs, transitional bilingual programs, highly capable, and learning assistance programs.

(5) The director of financial management shall notify the appropriate legislative fiscal committees in writing prior to approving any allotment modifications or transfers under this section.

(6) As required by RCW 28A.710.110, the office of the superintendent of public instruction shall transmit the charter school authorizer oversight fee for the charter school commission to the charter school oversight account.

The feasibility study shall be accomplished by continuing to expand enrollment and classes at the Graham-Kapowsin high school and gathering data, such as enrollment numbers, future class interest, and student profile data, from students who participate. The feasibility study shall specifically address the intent of pursuing the establishment of a community college in the Graham, Washington area and the state board of community and technical colleges shall report to the legislature the findings of the feasibility study by June 30, 2019.

(29) \$42,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Senate Bill No. 5028 (Native American curriculum). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(30) \$300,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for Cascadia community college to convene a task force with the University of Washington-Bothell and the representatives from the Canyon Park biomedical industry cluster to (a) identify workforce development needs of the area's biomedical cluster and (b) engage in the city of Bothell's master planning process to ensure that the retention and expansion of this industry cluster and its workforce are adequately represented in the process.

(31) \$50,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the state board to identify at least two high school equivalency tests that are at least as rigorous as the 2013 general educational test in that sixty percent of high school seniors can pass the test. At least one of the two test

options must not require computer proficiency and at least one of the test options must be low cost to the student. At least one of the test options must be fairly normed to the actual academic ability of current high school seniors such that at least sixty percent of high school seniors can pass the high school equivalency test. The state board must identify at least one test option that is appropriate for students who have been in the workforce, need a high school diploma for employment reasons, have been incarcerated, or were in the military. The state board must communicate the availability of the two test options to public and private test administrators. The state board must report to the legislature and the public the number of students who have received a high school equivalency certificate during the prior month of each year by posting this information on a public page on its web site. The board must also post on a public page on its web site a norming study for every high school equivalency test confirming that the test is within the actual academic ability of recent high school seniors. The norming study must be similar in scope and methods to the norming studies of the 2002 and 2007 GED tests.

(18) \$500,000 of the general fund—state appropriation for fiscal year 2018 and \$500,000 of the general fund—state appropriation for fiscal year 2019 are provided to the University of Washington to support youth and young adults experiencing homelessness in the university district of Seattle. Funding is provided for the university to work with community service providers and university colleges and departments to plan for and implement a comprehensive one-stop center with navigation services for homeless youth; the university may contract with the department of commerce to expand services that serve homeless youth in the university district.

(19) \$125,000 of the general fund—state appropriation for fiscal year 2018 and \$125,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the University of Washington school of public health to study the air quality implications of air traffic at the international airport in the state that has the highest total annual number of arrivals and departures. The study must include an assessment of the concentrations of ultrafine particulate matter in areas surrounding and directly impacted by air traffic generated by the airport, including areas within ten miles of the airport in the directions of aircraft flight paths and within ten miles of the airport where public agencies operate an existing air monitoring station. The study must attempt to distinguish between aircraft and other sources of ultrafine particulate matter, and must compare concentrations of ultrafine particulate matter in areas impacted by high volumes of air traffic with concentrations of ultrafine particulate matter in areas that are not impacted by high volumes of air traffic. The university must coordinate with local governments in areas addressed by the study to share results and inclusively solicit feedback from community members. By December 1, 2019, the university must report study findings, including any gaps and uncertainties in health information associated with ultrafine particulate matter, and recommend to the legislature whether sufficient information is available to proceed with a second phase of the study.

(20) The appropriations in this section include sufficient funding for the implementation of chapter 154, Laws of 2017 (SSB 5022) (education loan information).

(21) The appropriations in this section include sufficient funding for the implementation of chapter 177, Laws of 2017 (SSB 5100) (financial literacy seminars).

(22) Within the funds appropriated in this section, the University of Washington shall:

(a) Review the scholarly literature on the short-term and long-term effects of marijuana use to assess if other states or private entities are conducting marijuana research in areas that may be useful to the state.

(b) Provide as part of its budget request for the 2019-2021 biennium:

(i) A list of intended state, federal, and privately funded marijuana research, including cost, duration, and scope; and

(ii) Plans for partnerships with other universities, state agencies, or private entities, including entities outside the state, for purposes related to researching short-term and long-term effects of marijuana use.

(23) General fund—state appropriations in this section are reduced to reflect a reduction in state-supported tuition waivers for graduate students. When reducing tuition waivers, the university will not change its practices and procedures for providing eligible veterans with tuition waivers.

(24) \$45,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the university to conduct research and analysis of military officers who are attending or have completed the command and general staff college, intermediate level education, or advanced operations course as part of their military education. The purpose of the research and analysis is to examine possible graduate level degree programs to be offered in partnership with the university and the U.S. army's command and general staff college. The research and analysis shall include stakeholder meetings with the U.S. army's command and general staff college. The university shall submit a report to the appropriate legislative higher education committees and the joint committee on veterans and military affairs by December 31, 2018. The report shall include the results of the research and analysis and plans for possible next steps with other service schools for field grade officers.

(25)(a) \$140,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the University of Washington school of law to convene a study on the Washington state supreme court decision *Volk v. DeMeerleer*, 386 P.3d 254 (Wash. 2016), and whether or not it substantially changed the law on the duty of care for mental health providers and whether it has had an impact on access to mental health care services in the state. The study shall include:

(i) Comprehensive review of duty to warn and duty to protect case law and laws in the United States, including a description of how Washington state's law compares to other states and to what extent, if any, the Volk decision changed the law in this state;

(ii) Comprehensive review and assessment of the involuntary and voluntary treatment capacity available in the state, including information and data available from the select committee on quality improvement in state hospitals, related contractors, and other sources;

(iii) An analysis of lawsuits brought in the state as a result of the Volk decision, including the outcome of any such cases and any harm alleged in each lawsuit;

(iv) An analysis of lawsuits brought in the state prior to the issuance of the Volk decision, and since the issuance of the decision in *Petersen v. State*, against outpatient mental health providers alleged to have breached either the duty to warn or the duty to take reasonable precautions established in *Petersen*, including the outcome of any such cases and the harm alleged in each lawsuit;

(v) An analysis of insurance claims filed as a result of the Volk decision, including the outcome of any such cases and any harm alleged in each claim filed;

(vi) Whether insurance policy provisions and rates have been affected due to the Volk decision;

(vii) Assessment of the number of mental health service providers available to provide treatment to voluntary mental health patients in the state, whether that capacity has changed, and whether any such change is a result of the Volk decision, and a description of any changes as a result of the Volk decision;

(viii) Assessment of whether mental health service providers may be changing practice to limit exposure to the potential risks created by the Volk decision;

(ix) Assessment of legal and practice implications state legal

standards regarding duty to warn and duty to protect in the voluntary and involuntary treatment context; and

(x) Comprehensive review of practices where the practice has been consistently shown to have achieved the results it seeks to achieve and that those results are superior to those achieved by other means.

(b) When performing the study under this subsection, the University of Washington school of law shall consult with subject-matter experts including, but not limited to, individuals representing the following organizations:

(i) Attorneys with experience representing defendants in personal injury cases or wrongful death cases related to the issues raised by duty to warn cases;

(ii) Washington state association for justice, representing attorneys with experience representing plaintiffs in personal injury cases or wrongful death cases related to the issues raised by duty to warn cases;

(iii) Department of social and health services;

(iv) Washington academy of family physicians;

(v) Washington association for mental health treatment protection;

(vi) Office of the insurance commissioner;

(vii) Washington council for behavioral health;

(viii) Washington state hospital association;

(ix) Washington state medical association;

(x) Washington state psychiatric association;

(xi) Washington state psychological association;

(xii) Washington state society for clinical social work;

(xiii) Washington association of police chiefs and sheriffs;

(xiv) Victim support services;

(xv) NW health law advocates;

(xvi) National alliance on mental illness;

(xvii) American civil liberties union; and

(xviii) A sample of families who testified or presented evidence of their cases to the legislature.

(c) The University of Washington school of law shall consult each listed organization separately. Following collection and analysis of relevant data, they shall hold at least one meeting of all listed organizations to discuss the data, analysis, and recommendations. The University of Washington school of law must submit the final report to the appropriate committees of the legislature by December 1, 2017.

(26) \$85,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Engrossed Second Substitute House Bill No. 2009 (gold star families/higher education). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(27) To ensure transparency and accountability, in the 2017-2019 fiscal biennium the University of Washington shall comply with any and all financial and accountability audits by the Washington state auditor including any and all audits of university services offered to the general public, including those offered through any public-private partnership, business venture, affiliation, or joint venture with a public or private entity, except the government of the United States. The university shall comply with all state auditor requests for the university's financial and business information including the university's governance and financial participation in these public-private partnerships, business ventures, affiliations, or joint ventures with a public or private entity. In any instance in which the university declines to produce the information to the state auditor, the university will provide the state auditor a brief summary of the documents withheld and a citation of the legal or contractual provision that prevents disclosure. The summaries must be compiled into a report by the state auditor and provided on a quarterly basis to the legislature.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

(28) \$77,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the University of Washington school of environmental and forest sciences to pilot a program to advise and facilitate the activities of the Olympic peninsula forest collaborative.

(29)(a) \$172,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for a University of Washington study in the south Cascades to determine current wolf use and density, and to gather baseline data to understand the effects of wolf recolonization on predator-prey dynamics of species that currently have established populations in the area. The study objectives shall include:

(i) Determination of whether wolves have started to recolonize a 5,000 square kilometer study area in the south Cascades of Washington, and if so, an assessment of their distribution over the landscape as well as their health and pregnancy rates;

(ii) Baseline data collection, if wolves have not yet established pack territories in this portion of the state, that will allow for the assessment of how the functional densities and diets of wolves across the landscape will affect the densities and diets in the following predators and prey: Coyote, cougar, black bear, bobcat, red fox, wolverine, elk, white tailed deer, mule deer, moose, caribou, and snowshoe hare;

(iii) Examination of whether the microbiome of each species changes as wolves start to occupy suitable habitat; and

(iv) An assessment of the use of alternative wildlife monitoring tools to cost-effectively monitor size of the wolf population over the long-term.

(b) A report on the findings of the study shall be shared with the Washington department of fish and wildlife.

(30) \$1,000,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the University of Washington's psychiatry integrated care training program.

(31) \$200,000 of the geoduck aquaculture research account—state appropriation is provided solely for the Washington sea grant program at the University of Washington to complete a three-year study to identify best management practices related to shellfish production. The University of Washington must submit an annual report detailing any findings and outline the progress of the study, consistent with RCW 43.01.036, to the office of the governor and the appropriate legislative committees by December 1st of each year.

(32) \$3,000,000 of the general fund—state appropriation for fiscal year 2018 and \$6,000,000 of the general fund—state appropriation for fiscal year 2019 are provided on a one-time basis solely for compensation and central services costs. The funding provided shall temporarily replace a portion of tuition expenditures on central services and salaries and benefits for union-represented and nonrepresented employees. The additional funding provided in this section will permit the university to fund the incremental cost of compensation costs for all general fund—state and tuition-supported employees in equal amounts from general fund—state and tuition for the remainder of the 2017-2019 fiscal biennium.

(33) \$200,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the pre-law pipeline and social justice program at the University of Washington Tacoma.

(34) \$135,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for Washington MESA to continue the First Nations MESA program in the Yakima Valley.

(35) \$150,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Substitute Senate Bill No. 6514 (higher education behavioral health). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(36) \$10,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Engrossed House Bill No. 2957 (nonnative finfish escape). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(37) \$81,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Senate Bill No. 5028 (Native American curriculum). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(a) Update the inventory of programs for the prevention and treatment of youth cannabis use published in December 2016; and

(b) Examine current data collection methods measuring use of cannabis by youth and report to the legislature on potential ways to improve data collection and comparisons; and

(c) To the extent information is available, identify effective methods used to reduce or eliminate the unlicensed cultivation or distribution of marijuana or marijuana containing products in jurisdictions with existing recreational and/or medical marijuana markets.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

(19) \$37,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Engrossed Second Substitute House Bill No. 1561 (open educational resources). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(20) \$111,000 of the general fund—state appropriation for fiscal year 2018 and \$20,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for implementation of chapter 205, Laws of 2016 (2SHB 2449) (truancy reduction).

(21)(a) \$100,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the Washington state institute for public policy shall conduct a statewide study on the needs of dually involved females. To the extent possible, the study must review available data for the following purposes:

(i) Understanding the prevalence and demographics of the dually involved female population and their families;

(ii) Tracking outcomes for this population including, but not limited to, academic, social, and vocational achievement; and

(iii) Surveying other states' systems that address and treat the needs of this population.

(b) To the extent possible, the data should be disaggregated by race and ethnicity, gender, sexual orientation and gender identity, county of residence, and other relevant variables.

(c) The study should include a cost-benefit analysis of programs for dually involved females that would show evidence of avoidance of costs associated with public welfare programs or would demonstrate higher educational attainment.

(d) By July 1, 2019, the Washington state institute for public policy shall submit its study findings to the legislative fiscal and policy committees with responsibility for child welfare and juvenile justice issues.

(22) \$57,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the Washington institute for public policy to conduct a review of the available research literature on step therapy protocol usage, including any rigorous evidence concerning positive or negative health outcomes resulting from step therapy protocol usage. The institute must also review any rigorous evidence regarding the effectiveness of exceptions to the use of step therapy in improving health outcomes and reducing adverse events, and provide a summary of step therapy protocol exceptions that have been codified in other states. The institute must submit a report on its findings to the appropriate committees of the senate and house of representatives by December 1, 2018.

(23)(a) \$25,000 of the general fund—state appropriation for fiscal year 2018 and \$55,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the Washington state institute of public policy to review the higher education funding models in ten states with higher education systems that are similar to Washington state, and report to the legislature by November 1, 2018. The review must include a breakdown of:

(i) The method used to determine state funding levels for institutions of higher education;

(ii) The proportion of state funding that comes from the state general fund or that state's equivalent accounts for salary and benefit increases at institutions of higher education;

(iii) The manner in which salary and benefit increases are determined at or on behalf of employees at institutions of higher education;

(iv) The total proportion of state funding that comes from the state general fund or that state's equivalent accounts for institutions of higher education.

(b) The office of financial management in consultation with the

state board for community and technical colleges and the council of presidents, may use information in the report to present funding options to the legislature. The legislature shall consider any options that are made available by the office of financial management under this subsection when making future decisions about funding for salaries and benefits during the 2019-2021 biennium.

(24) \$124,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Engrossed Second Substitute Senate Bill No. 6029 (student loan bill of rights). If the bill is not enacted by June 30, 2018, the amounts provided in this subsection shall lapse.

| | | | <u>\$745,053,000</u> |

The appropriations in this section are subject to the following conditions and limitations:

(1) \$229,157,000 of the general fund—state appropriation for fiscal year 2018, ~~(\$233,928,000)~~ \$252,428,000 of the general fund—state appropriation for fiscal year 2019, \$69,376,000 of the education legacy trust account—state appropriation, and \$88,000,000 of the Washington opportunity pathways account—state appropriation are provided solely for student financial aid payments under the state need grant and state work study programs, including up to four percent administrative allowance for the state work study program.

(2)(a) For the 2017-2019 fiscal biennium, state need grant awards given to private for-profit institutions shall be the same amount as the prior year.

(b) For the 2017-2019 fiscal biennium, grant awards given to private four-year not-for-profit institutions shall be set at the same level as the average grant award for public research universities. Increases in awards given to private four-year not-for-profit institutions shall align with annual tuition increases for public research institutions.

(3) Changes made to the state work study program in the 2009-

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

2011 and 2011-2013 fiscal biennia are continued in the 2017-2019 fiscal biennium including maintaining the increased required employer share of wages; adjusted employer match rates; discontinuation of nonresident student eligibility for the program; and revising distribution methods to institutions by taking into consideration other factors such as off-campus job development, historical utilization trends, and student need.

(4) Within the funds appropriated in this section, eligibility for the state need grant includes students with family incomes at or below 70 percent of the state median family income (MFI), adjusted for family size, and shall include students enrolled in three to five credit-bearing quarter credits, or the equivalent semester credits. Awards for students with incomes between 51 and 70 percent of the state median shall be prorated at the following percentages of the award amount granted to those with incomes below 51 percent of the MFI: 70 percent for students with family incomes between 51 and 55 percent MFI; 65 percent for students with family incomes between 56 and 60 percent MFI; 60 percent for students with family incomes between 61 and 65 percent MFI; and 50 percent for students with family incomes between 66 and 70 percent MFI.

(5) Of the amounts provided in subsection (1) of this section, \$100,000 of the general fund—state appropriation for fiscal year 2018 and \$100,000 of the general fund—state appropriation for fiscal year 2019 are provided for the council to process an alternative financial aid application system pursuant to RCW 28B.92.010.

(6) Students who are eligible for the college bound scholarship shall be given priority for the state need grant program. These eligible college bound students whose family incomes are in the 0-65 percent median family income ranges must be awarded the maximum state need grant for which they are eligible under state policies and may not be denied maximum state need grant funding due to institutional policies or delayed awarding of college bound scholarship students. The council shall provide directions to institutions to maximize the number of college bound scholarship students receiving the maximum state need grant for which they are eligible with a goal of 100 percent coordination. Institutions shall identify all college bound scholarship students to receive state need grant priority. If an institution is unable to identify all college bound scholarship students at the time of initial state aid packaging, the institution should reserve state need grant funding sufficient to cover the projected enrollments of college bound scholarship students.

(7) \$15,849,000 of the education legacy trust account—state appropriation and (~~(\$29,389,000)~~) \$34,350,000 of the Washington opportunity pathways account—state appropriation are provided solely for the college bound scholarship program and may support scholarships for summer session. The office of student financial assistance and the institutions of higher education shall consider awards made by the opportunity scholarship program to be state-funded for the purpose of determining the value of an award amount under RCW 28B.118.010.

(8) \$2,236,000 of the general fund—state appropriation for fiscal year 2018 and (~~(\$2,236,000)~~) \$2,795,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the passport to college program. The maximum scholarship award is up to \$5,000. The council shall contract with a nonprofit organization to provide support services to increase student completion in their postsecondary program and shall, under this contract, provide a minimum of \$500,000 in fiscal years 2018 and 2019 for this purpose. Of the amounts in this subsection, \$559,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Second Substitute

Senate Bill No. 6274 (apprenticeships/foster). If the bill is not enacted by June 30, 2018, this portion of the amount provided in this subsection shall lapse.

(9) (~~(\$14,730,000)~~) \$19,066,000 of the education legacy trust account—state appropriation is provided solely to meet state match requirements associated with the opportunity scholarship program. The legislature will evaluate subsequent appropriations to the opportunity scholarship program based on the extent that additional private contributions are made, program spending patterns, and fund balance.

(10) \$2,325,000 of the general fund—state appropriation for fiscal year 2018 and \$2,325,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for expenditure into the health professionals loan repayment and scholarship program account. These amounts and \$4,720,000 appropriated from the health professionals loan repayment and scholarship program account must be used to increase the number of licensed primary care health professionals to serve in licensed primary care health professional critical shortage areas. Contracts between the office and program recipients must guarantee at least three years of conditional loan repayments. The office of student financial assistance and the department of health shall prioritize a portion of any nonfederal balances in the health professional loan repayment and scholarship fund for conditional loan repayment contracts with psychiatrists and with advanced registered nurse practitioners for work at one of the state-operated psychiatric hospitals. The office and department shall designate the state hospitals as health professional shortage areas if necessary for this purpose. The office shall coordinate with the department of social and health services to effectively incorporate three conditional loan repayments into the department's advanced psychiatric professional recruitment and retention strategies. The office may use these targeted amounts for other program participants should there be any remaining amounts after eligible psychiatrists and advanced registered nurse practitioners have been served. The office shall also work to prioritize loan repayments to professionals working at health care delivery sites that demonstrate a commitment to serving uninsured clients. It is the intent of the legislature to provide funding to maintain the current number and amount of awards for the program in the 2019-2021 biennium on the basis of these contractual obligations.

(11) \$42,000 of the general fund—state appropriation for fiscal year 2018 and \$42,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the council to design and implement a program that provides customized information to high-achieving (as determined by local school districts), low-income, high school students. "Low-income" means students who are from low-income families as defined by the education data center in RCW 43.41.400. For the purposes of designing, developing, and implementing the program, the council shall partner with a national entity that offers aptitude tests and shall consult with institutions of higher education with a physical location in Washington. The council shall implement the program no later than fall 2016, giving consideration to spring mailings in order to capture early action decisions offered by institutions of higher education and nonprofit baccalaureate degree-granting institutions. The information packet for students must include at a minimum:

- (a) Materials that help students to choose colleges;
- (b) An application guidance booklet;
- (c) Application fee waivers, if available, for four-year institutions of higher education and independent nonprofit baccalaureate degree-granting institutions in the state that enable students receiving a packet to apply without paying application fees;

(d) Information on college affordability and financial aid that includes information on the net cost of attendance for each four-year institution of higher education and each nonprofit baccalaureate degree-granting institution, and information on merit and need-based aid from federal, state, and institutional sources; and

(e) A personally addressed cover letter signed by the governor and the president of each four-year institution of higher education and nonprofit baccalaureate degree-granting institution in the state.

(12) \$500,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of House Bill No. 1452 (opportunity scholarship program). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(13) \$500,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Substitute Senate Bill No. 6514 (higher education behavioral health). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(14) \$100,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Engrossed Second Substitute House Bill No. 1561 (open educational resources). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

The appropriations in this section are subject to the following conditions and limitations:

(1) For the 2017-2019 fiscal biennium the board shall not designate recipients of the Washington award for vocational excellence or recognize them at award ceremonies as provided in RCW 28C.04.535.

(2) The health workforce council of the state workforce training and education coordinating board, in partnership with work underway with the office of the governor, shall, within resources available for such purpose, but not to exceed \$250,000, assess workforce shortages across behavioral health disciplines. The board shall create a recommended action plan to address behavioral health workforce shortages and to meet the increased demand for services now, and with the integration of behavioral health and primary care in 2020. The analysis and recommended action plan shall align with the recommendations of the adult behavioral health system task force and related work of the healthier Washington initiative. The board shall consider workforce data, gaps, distribution, pipeline, development, and infrastructure, including innovative high school, postsecondary, and postgraduate programs to evolve, align, and respond accordingly to our state's behavioral health and related and

integrated primary care workforce needs. The board will continue its work and submit final recommendations in calendar year 2017.

(3) \$22,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for implementation of chapter 154, Laws of 2017 (SSB 5022) (education loan information).

(4) \$114,000 of the general fund—state appropriation for fiscal year 2018 and \$57,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for implementation of chapter 182, Laws of 2017 (2SSB 5285) (workforce employment sectors study).

(5) \$29,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Engrossed Second Substitute House Bill No. 1439 (higher education student protection). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

(6) \$260,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Substitute Senate Bill No. 6544 (future of work task force). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

Sec. 611. 2017 3rd sp.s. c 1 s 615 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF EARLY LEARNING

| TOTAL APPROPRIATION | | <u>\$359,583,000</u> |
| | | <u>\$358,085,000</u> |

The appropriations in this section are subject to the following conditions and limitations:

(1) \$58,185,000 of the general fund—state appropriation for fiscal year 2018, \$12,125,000 of the education legacy trust account—state appropriation, and \$40,000,000 of the opportunity pathways account appropriation are provided solely for the early childhood education and assistance program. These amounts shall support at least 12,491 slots in fiscal year 2018.

(2) \$200,000 of the general fund—state appropriation for fiscal year 2018 is provided solely to develop and provide culturally relevant supports for parents, family, and other caregivers.

(3)(a) The department is the lead agency for and recipient of the federal child care and development fund grant. Amounts within this grant shall be used to fund child care licensing, quality initiatives, agency administration, and other costs associated with child care subsidies. The department shall transfer a portion of this grant to the department of social and health services to fund the child care subsidies paid by the department of social and health services on behalf of the department of early learning.

(b)(i) If the department receives additional federal child care and development funding while the legislature is not in session, the department shall request a federal allotment adjustment through the unanticipated receipts process defined in RCW 43.79.270 and shall prioritize its request based on the following

priorities:

(A) Increasing child care rates comparable to market rates based on the most recent market survey;

(B) Increasing access to infant and toddler child care;

(C) Increasing access to child care in geographic areas where supply for subsidized child care does not meet the demand;

(D) Providing nurse consultation services to licensed providers;

(E) Allowing working connections child care consumers who are full-time community or technical college students to attend college full-time and not have to meet work requirements; and

(F) Meeting new or expanded federal mandates.

(ii) The secretary of the department shall consult with the chairs and ranking members of the appropriate policy committees of the legislature prior to submitting the unanticipated receipt.

(4)(a) (~~(\$76,650,000)~~ \$78,026,000 of the general fund— federal appropriation is provided solely for the working connections child care program under RCW 43.215.135. In order to not exceed the appropriated amount, the department shall manage the program so that the average monthly caseload does not exceed 33,000 households. The department shall give prioritized access into the program according to the following order:

(i) Families applying for or receiving temporary assistance for needy families (TANF);

(ii) TANF families curing sanction;

(iii) Foster children;

(iv) Families that include a child with special needs;

(v) Families in which a parent of a child in care is a minor who is not living with a parent or guardian and who is a full-time student in a high school that has a school-sponsored on-site child care center;

(vi) Families with a child residing with a biological parent or guardian who have received child protective services, child welfare services, or a family assessment response from the department of social and health services in the past six months, and has received a referral for child care as part of the family's case management; and

(vii) Families that received subsidies within the last thirty days and:

(A) Have reapplied for subsidies; and

(B) Have household income of two hundred percent federal poverty level or below; and

(viii) All other eligible families.

(b) The department of early learning and the department of social and health services must take immediate action to reduce fraud and overpayments in the working connections child care program. By December 1, 2017, the department must adopt rules to:

(i) Require verification of the applicant's household composition in determining eligibility for the working connections child care program. At a minimum, the department of social and health services must consult agency records for the temporary assistance for needy families program, food assistance, medical assistance, and child support enforcement to verify the applicant's household composition and other applicable eligibility criteria whenever possible. In cases where only one parent's name appears on the application and the department of social and health services cannot verify an open child support case or verify household composition through internal agency records, then the applicant must:

(A) Provide the name and address of the other parent or indicate, under penalty of perjury, that the other parent's identity or address are unknown to the applicant; and

(B) Document the presence or absence of the other parent

through acceptable documentation as defined by the department in rule.

The department must exempt an applicant from providing information about the other parent if the department of social and health services determines the applicant has good cause not to cooperate. For the purposes of this subsection, "good cause" must include, at a minimum, consideration of the safety of domestic violence victims;

(ii) Authorize working connections child care payments to licensed and certified providers and in-home relative child care providers serving eligible consumers who participate in one hundred ten hours or more of approved work or related activities per calendar month within the following categories: (A) Full day care for a non-school-age child, (B) half-day care for a school-age child during the school year, and (C) full day care for a school-age child during school holidays;

(iii) Define the occurrence of fraud, an intentional program violation, an unintentional program violation and an administrative error;

(iv) Outline the administrative process for determining fraud or an intentional program violation; and

(v) Define the progressive disqualification process for providers who commit fraud or intentional program violation(s).

(c) The department, in collaboration with the department of social and health services, must submit a preliminary report by December 1, 2017, and a final report by December 1, 2018, to the governor and the appropriate fiscal and policy committees of the legislature on quality control measures for the working connections child care program. The reports must each include:

(i) A detailed narrative of the procurement and implementation of an improved time and attendance system, including a detailed accounting of the costs of procurement and implementation;

(ii) A comprehensive description of all processes, including computer algorithms and additional rule development, that the department and the department of social and health services plan to establish prior to and after full implementation of the time and attendance system. At a minimum, processes must be designed to:

(A) Ensure the department's auditing efforts are informed by regular and continuous alerts of the potential for overpayments;

(B) Avoid overpayments to the maximum extent possible and expediently recover overpayments that have occurred;

(C) Withhold payment from providers when necessary to incentivize receipt of the necessary documentation to complete an audit;

(D) Establish methods for reducing future payments or establishing repayment plans in order to recover any overpayments;

(E) Sanction providers, including termination of eligibility, who commit intentional program violations or fail to comply with program requirements, including compliance with any established repayment plans;

(F) Consider pursuit of prosecution in cases with fraudulent activity; and

(iii) A description of the process by which fraud is identified and how fraud investigations are prioritized and expedited.

(d) Beginning July 1, 2018, and annually thereafter, the department, in collaboration with the department of social and health services, must report to the governor and the appropriate fiscal and policy committees of the legislature on the status of overpayments in the working connections child care program. The report must include the following information for the previous fiscal year:

(i) A summary of the number of overpayments that occurred;

(ii) The reason for each overpayment;

(iii) The total cost of overpayments;

(iv) A comparison to overpayments that occurred in the past two preceding fiscal years; and

(v) Any planned modifications to internal processes that will take place in the coming fiscal year to further reduce the occurrence of overpayments.

(5) Within available amounts, the department in consultation with the office of financial management and the department of social and health services shall report enrollments and active caseload for the working connections child care program to the legislative fiscal committees and the legislative-executive WorkFirst oversight task force on an agreed upon schedule. The report shall also identify the number of cases participating in both temporary assistance for needy families and working connections child care. The department must also report on the number of children served through contracted slots.

(6) \$1,560,000 of the general fund—state appropriation for fiscal year 2018 and \$6,712,000 of the general fund—federal appropriation are provided solely for the seasonal child care program. If federal sequestration cuts are realized, cuts to the seasonal child care program must be proportional to other federal reductions made within the department.

(7) \$4,674,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the early childhood intervention prevention services (ECLIPSE) program. The department shall contract for ECLIPSE services to provide therapeutic child care and other specialized treatment services to abused, neglected, at-risk, and/or drug-affected children. The department shall ensure that contracted providers pursue receipt of federal funding associated with the early support for infants and toddlers program. Priority for services shall be given to children referred from the department of social and health services children's administration.

(8) (~~(\$44,663,000)~~ \$42,707,000) of the general fund—state appropriation for fiscal year 2018 and \$13,954,000 of the general fund—federal appropriation are provided solely to maintain the requirements set forth in chapter 7, Laws of 2015 3rd sp. sess. The department shall place a ten percent administrative overhead cap on any contract entered into with the University of Washington. In its annual report to the governor and the legislature, the department shall report the total amount of funds spent on the quality rating and improvements system and the total amount of funds spent on degree incentives, scholarships, and tuition reimbursements. Of the amounts provided in this subsection, \$386,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for a six percent base rate increase for child care center providers.

(9) \$1,728,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for reducing barriers for low-income providers to participate in the early achievers program.

(10) \$300,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for a contract with a nonprofit entity experienced in the provision of promoting early literacy for children through pediatric office visits.

(11) \$2,000,000 of the education legacy trust account—state appropriation is provided solely for early intervention assessment and services.

(12) \$7,979,000 of the general fund—federal appropriation for fiscal year 2018 is provided solely for the department to procure a time and attendance system and are subject to the conditions, limitations, and review provided in section 724 of this act.

(13) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management and authorization systems within the department of early learning are subject to technical oversight by the office of the chief information officer. The department must collaborate with the

office of the chief information officer to develop a strategic business and technology architecture plan for a child care attendance and billing system that supports a statewide architecture.

(14)(a)(i) The department of early learning is required to provide to the education research and data center, housed at the office of financial management, data on all state-funded early childhood programs. These programs include the early support for infants and toddlers, early childhood education and assistance program (ECEAP), and the working connections and seasonal subsidized childcare programs including license exempt facilities or family, friend, and neighbor care. The data provided by the department to the education research data center must include information on children who participate in these programs, including their name and date of birth, and dates the child received services at a particular facility.

(ii) ECEAP early learning professionals must enter any new qualifications into the department's professional development registry starting in the 2015-16 school year, and every school year thereafter. By October 2017, and every October thereafter, the department must provide updated ECEAP early learning professional data to the education research data center.

(iii) The department must request federally funded head start programs to voluntarily provide data to the department and the education research data center that is equivalent to what is being provided for state-funded programs.

(iv) The education research and data center must provide an updated report on early childhood program participation and K-12 outcomes to the house of representatives appropriations committee and the senate ways and means committee using available data by November 2017 for the school year ending in 2016 and again in March 2018 for the school year ending in 2017.

(b) The department, in consultation with the department of social and health services, must withhold payment for services to early childhood programs that do not report on the name, date of birth, and the dates a child received services at a particular facility.

(15) The department shall work with state and local law enforcement, federally recognized tribal governments, and tribal law enforcement to develop a process for expediting fingerprinting and data collection necessary to conduct background checks for tribal early learning and child care providers.

(16) \$2,651,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the 2017-2019 collective bargaining agreement covering family child care providers as set forth in section 940 of this act. Funding is contingent upon enactment of Senate Bill No. 5969 (transparency in public employee collective bargaining). If the bill is not enacted by July 31, 2017, the amount provided in this subsection shall lapse. Of the amounts provided in this subsection:

(a) \$273,000 is for a base rate increase;

(b) \$55,000 is for increasing paid professional development days from three days to five days;

(c) \$1,708,000 is for the family child care providers 501c3 organization for the substitute pool, training and quality improvement support services, and administration;

(d) \$114,000 is for increasing licensing incentive payments; and

(e) \$500,000 is for needs based grants.

(17) \$175,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the department to contract with a nonprofit entity that provides quality improvement services to participants in the early achievers program to implement a community-based training module that supports licensed child care providers who have been rated in early achievers and who

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

are specifically interested in serving children in the early childhood education and assistance program. The module must be functionally translated into Spanish and Somali. The module must prepare trainees to administer all aspects of the early childhood education and assistance program for eligible children in their licensed program and must be offered to 105 child care providers to serve children eligible for the early childhood education and assistance program by June 30, 2019.

(18) \$750,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the implementation of the early achievers expanded learning opportunity quality initiative pursuant to RCW 43.215.100(3)(d).

(19) \$267,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for implementation of chapter 236, Laws of 2017 (SHB 1445) (dual language in early learning & K-12).

(20) \$100,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for implementation of chapter 202, Laws of 2017 (E2SHB 1713) (children's mental health).

(21) \$5,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for a child care workforce development technical work group to develop recommendations to support increased child care workforce wages, reduce turnover, enable child care providers to recruit more qualified educators, and maintain the diversity of the current workforce.

(a) The department shall convene and provide staff support for the technical work group. The department shall consult with advocates and stakeholders of the early learning workforce when selecting members for the technical work group. Membership of the work group must consist of representatives from the following organizations and entities:

- (i) The statewide child care resource and referral network;
- (ii) The department;
- (iii) The department of commerce;
- (iv) The economic opportunity institute;
- (v) A coalition of organizations representing nonprofits, professional associations, businesses, and industries in early learning;
- (vi) The state board for community and technical colleges;
- (vii) A union representing child care workers;
- (viii) The small business administration;
- (ix) A member consisting of either an economist or a representative of the workforce development councils;
- (x) A representative from an early childhood education and assistance program;
- (xi) A representative from a nonprofit child care center;
- (xii) A representative from a private child care center; and
- (xiii) A representative from an organization that provides culturally responsive services for early learning programs in communities with high numbers of families whose primary language is not English.

(b) Members of the work group may be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. Funding in this subsection is provided solely for travel reimbursement of work group members and other costs to conduct the meetings. Funding provided in this subsection may not be used to contract for facilitation.

(c) The work group shall issue a report with recommendations and an implementation plan to the governor and appropriate committees of the legislature by December 1, 2018.

(22) \$317,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for implementation of chapter 162, Laws of 2017 (SSB 5357) (outdoor early learning programs).

(23)(a) During the 2017-2019 fiscal biennium, the department must revise its agreements and contracts with vendors to include

a provision to require that each vendor agrees to equality among its workers by ensuring similarly employed individuals are compensated as equals as follows:

(i) Employees are similarly employed if the individuals work for the same employer, the performance of the job requires comparable skill, effort, and responsibility, and the jobs are performed under similar working conditions. Job titles alone are not determinative of whether employees are similarly employed;

(ii) Vendors may allow differentials in compensation for its workers based in good faith on any of the following:

(A) A seniority system; a merit system; a system that measures earnings by quantity or quality of production; a bona fide job-related factor or factors; or a bona fide regional difference in compensation levels.

(B) A bona fide job-related factor or factors may include, but not be limited to, education, training, or experience, that is: Consistent with business necessity; not based on or derived from a gender-based differential; and accounts for the entire differential.

(C) A bona fide regional difference in compensation level must be: Consistent with business necessity; not based on or derived from a gender-based differential; and account for the entire differential.

(b) The provision must allow for the termination of the contract if the department or department of enterprise services determines that the vendor is not in compliance with this agreement or contract term.

(c) The department must implement this provision with any new contract and at the time of renewal of any existing contract.

(1) The appropriations in this section ~~((is))~~ are provided solely for expenditure into the information technology investment revolving account created in ~~((section 950 of this act))~~ RCW 43.41.433.

(a) Amounts in the account are provided solely for the following information technology projects:

- (i) Department of services for the blind - business management system;
- (ii) Secretary of state - modernize elections system;
- (iii) Office of the superintendent of public instruction - school financial system redesign;
- (iv) Department of social and health services - time, leave, attendance scheduling;
- (v) Human rights commission - new case management database;
- (vi) Department of health - syringe service data tracking;
- (vii) Department of fish and wildlife - enforcement records management;
- (viii) Department of fish and wildlife - rebuild WDFW network infrastructure;
- (ix) Washington state patrol - dedicated state network;
- (x) Office of the superintendent of public instruction - data center migration;
- (xi) Office of the superintendent of public instruction - web site upgrade for ADA compliance.

(b) To facilitate the transfer of moneys from other funds and accounts that are associated with projects listed in (a)(i) through ~~((iii))~~ (xi) of this subsection, the state treasurer must transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management.

(2) Agencies may apply to the office of financial management to receive funding from the information technology investment revolving account.

(3) Agencies must apply to the office of the state chief information officer for approval before proceeding with each stage of a project subject to this section. At each stage, the office of the state chief information officer must certify that the project complies with state information technology and security policy and strategies. Allocations and allotments may be made only during discrete stages of projects, which at a minimum must include a planning stage, procurement stage, and implementation and integration stage. Prior to an allocation or allotment of funds to an agency, the office of financial management, jointly with the office of the chief information officer, must deliver to the legislative fiscal committees the following information for each project receiving an allocation:

(a) A technology budget using a method similar to the state capital budget, identifying project costs, funding sources, and anticipated deliverables through each stage of the investment and across fiscal periods and biennia from project initiation to implementation. If the project affects more than one agency, a technology budget must be prepared for each agency;

- (b) The technology implementation plan that includes:
 - (i) An organizational chart of the project management team that identifies team members and their roles and responsibilities;
 - (ii) The office of the chief information officer staff assigned to

the project;

(iii) An implementation schedule covering activities, critical milestones, and deliverables at each stage of the project for the life of the project at each agency affected by the project; and

(iv) Performance measures used to determine that the project is on time, within budget, and meeting expectations for quality of work product.

(c) A letter from the office of the chief information officer certifying that:

(i) The project is consistent with the state's enterprise architecture and other policies developed by the office of the chief information officer;

(ii) The agency has the organizational capacity, preparedness, and leadership to implement the project successfully;

(iii) The agency has adequately assessed and minimized the risks inherent with the project;

(iv) The project has the management, staffing, and oversight resources needed for the cost, complexity, and risks associated with the project;

(v) The project has implementation schedules and performance measures for timeliness, deliverables, quality, and budget;

(vi) The agency has an adequate risk management plan that also enables the office of the chief information officer to assess, intervene, and take necessary action when performance measures are not being met; and

(vii) For any investment that does not use commercial off-the-shelf or software as a service technology solution, the proposed project represents the best business solution and should not be delayed.

(4) For any project that exceeds two million dollars in total funds to complete, requires more than one biennium to complete, or is financed through financial contracts, bonds, or other indebtedness:

(i) Quality assurance for the project must report independently to the office of the chief information officer;

(ii) The office of the chief information officer must review, and if necessary, revise the proposed project to ensure it is flexible and adaptable to advances in technology;

(iii) The technology budget must specifically identify the uses of any financing proceeds. No more than thirty percent of the financing proceeds may be used for payroll-related costs for state employees assigned to project management, installation, testing, or training;

(iv) The agency must consult with the office of the state treasurer during the competitive procurement process to evaluate early in the process whether products and services to be solicited and the responsive bids from a solicitation may be financed; and

(v) The agency must consult with the contracting division of the department of enterprise services for a review of all contracts and agreements related to the project's information technology procurements.

(5) The office of the chief information officer may suspend or terminate a project at any time if the office of the chief information officer determines that the project is not meeting or is not expected to meet anticipated performance measures. Once suspension or termination occurs, the agency shall not make additional expenditures on the project without approval of the state chief information officer. If a project is terminated, the office of financial management must terminate the agency's allocation from the information technology investment revolving account and the agency shall return any remaining funds to the account to be reallocated to other projects by the office of financial management.

(6) Any cost to administer or implement this section for projects listed in subsection (1) of this section, must be paid from

the information technology investment revolving account. For any other information technology project made subject to the conditions, limitations, and review of this section, the cost to implement this section must be paid from the funds for that project.

NEW SECTION. Sec. 714. A new section is added to 2017 3rd sp.s. c 1 (uncodified) to read as follows:

FOR THE DEPARTMENT OF NATURAL RESOURCES—FOREST FIRE PROTECTION ASSESSMENT ACCOUNT

Forest Fire Protection Assessment Account—State Appropriation (FY 2019) \$1,690,000

PART IX MISCELLANEOUS

Sec. 901. RCW 43.41.433 and 2017 3rd sp.s. c 1 s 950 are each amended to read as follows:

(1) The information technology investment revolving account is created in the custody of the state treasurer. All receipts from legislative appropriations and transfers must be deposited into the account. Only the director of financial management or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) Any residual balance of funds remaining in the information technology investment revolving account created in section 705, chapter 4, Laws of 2015 3rd sp. sess. and reenacted in subsection (1) of this section shall be transferred to the information technology investment revolving account created in subsection (1) of this section after June 30, 2017.

Sec. 902. 2017 3rd sp.s. c 1 s 936 (uncodified) is amended to read as follows:

COMPENSATION—REPRESENTED EMPLOYEES—SUPER COALITION—INSURANCE BENEFITS

An agreement was reached for the 2017-2019 biennium between the governor and the health care super coalition under the provisions of chapter 41.80 RCW. Appropriations in this act for state agencies, including institutions of higher education, are sufficient to implement the provisions of the 2017-2019 collective bargaining agreement, and are subject to the following conditions and limitations:

(1) The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, shall not exceed \$913 per eligible employee for fiscal year 2018. For fiscal year 2019, the monthly employer funding rate shall not exceed (~~(\$957)~~) \$916 per eligible employee.

(2) Except as provided by the parties' health care agreement, in order to achieve the level of funding provided for health benefits, the public employees' benefits board shall require any or all of the following: Employee premium copayments, increases in point-of-service cost sharing, the implementation of managed competition, or other changes to benefits consistent with RCW 41.05.065. The board shall collect a twenty-five dollar per month surcharge payment from members who use tobacco products and a surcharge payment of not less than fifty dollars per month from members who cover a spouse or domestic partner where the

spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

(3) The health care authority shall deposit any moneys received on behalf of the uniform medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments, into the public employees' and retirees' insurance account to be used for insurance benefits. Such receipts may not be used for administrative expenditures.

Sec. 903. 2017 3rd sp.s. c 1 s 937 (uncodified) is amended to read as follows:

COMPENSATION—REPRESENTED EMPLOYEES OUTSIDE SUPER COALITION—INSURANCE BENEFITS

Appropriations for state agencies in this act are sufficient for represented employees outside the super coalition for health benefits, and are subject to the following conditions and limitations:

(1) The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, may not exceed \$913 per eligible employee for fiscal year 2018. For fiscal year 2019, the monthly employer funding rate may not exceed (~~(\$957)~~) \$916 per eligible employee.

(2) In order to achieve the level of funding provided for health benefits, the public employees' benefits board shall require any or all of the following: Employee premium copayments, increases in point-of-service cost sharing, the implementation of managed competition, or other changes to benefits consistent with RCW 41.05.065. The board shall collect a twenty-five dollar per month surcharge payment from members who use tobacco products and a surcharge payment of not less than fifty dollars per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment.

(3) The health care authority shall deposit any moneys received on behalf of the uniform medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments, into the public employees' and retirees' insurance account to be used for insurance benefits. Such receipts may not be used for administrative expenditures.

Sec. 904. 2017 3rd sp.s. c 1 s 942 (uncodified) is amended to read as follows:

COMPENSATION—NONREPRESENTED EMPLOYEES—INSURANCE BENEFITS

Appropriations for state agencies in this act are sufficient for nonrepresented state employee health benefits for state agencies, including institutions of higher education, and are subject to the following conditions and limitations:

(1)(a) The monthly employer funding rate for insurance benefit premiums, public employees' benefits board administration, and the uniform medical plan, may not exceed \$913 per eligible employee for fiscal year 2018. For fiscal year 2019, the monthly employer funding rate may not exceed (~~(\$957)~~) \$916 per eligible employee.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

(b) In order to achieve the level of funding provided for health benefits, the public employees' benefits board shall require any or all of the following: Employee premium copayments, increases in point-of-service cost sharing, the implementation of managed competition, or make other changes to benefits consistent with RCW 41.05.065. The board shall collect a twenty-five dollar per month surcharge payment from members who use tobacco products and a surcharge payment of not less than fifty dollars per month from members who cover a spouse or domestic partner where the spouse or domestic partner has chosen not to enroll in another employer-based group health insurance that has benefits and premiums with an actuarial value of not less than 95 percent of the actuarial value of the public employees' benefits board plan with the largest enrollment. The surcharge payments shall be collected in addition to the member premium payment. All savings resulting from reduced claim costs or other factors identified after December 31, 2016, must be reserved for reducing expenditures in the current biennium, or for funding employee health benefits in the 2019-2021 fiscal biennium, and shall not be used to increase benefits, except as provided in (c) of this subsection.

(c) The funding is sufficient for a new virtual diabetes prevention program, and for a change in the waiting period for dental crown replacements in the uniform dental program from seven years to five years.

(d) The health care authority shall deposit any moneys received on behalf of the uniform medical plan as a result of rebates on prescription drugs, audits of hospitals, subrogation payments, or any other moneys recovered as a result of prior uniform medical plan claims payments, into the public employees' and retirees' insurance account to be used for insurance benefits. Such receipts may not be used for administrative expenditures.

(2) The health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. For calendar year ~~(s)~~ 2018 ~~(and 2019)~~, the subsidy shall be up to \$150 per month. For calendar year 2019, the subsidy shall be up to \$168 per month. The public employees' benefits board may not authorize under RCW 41.05.085, and the health care authority may not provide, a subsidy under this subsection of more than \$150 per month in calendar year 2018, and \$168 in calendar year 2019. Funds from reserves accumulated for future adverse claims experience, from past favorable claims experience, or otherwise, may not be used to increase this retiree subsidy beyond what is authorized by the legislature in this subsection.

(3) Technical colleges, school districts, and educational service districts shall remit to the health care authority for deposit into the public employees' and retirees' insurance account established in RCW 41.05.120 the following amounts:

(a) For each full-time employee, \$64.07 per month beginning September 1, 2017, and ~~(\$68.67)~~ \$71.08 beginning September 1, 2018;

(b) For each part-time employee, who at the time of the remittance is employed in an eligible position as defined in RCW 41.32.010 or 41.40.010 and is eligible for employer fringe benefit contributions for basic benefits, \$64.07 each month beginning September 1, 2017, and ~~(\$68.67)~~ \$71.08 beginning September 1, 2018, prorated by the proportion of employer fringe benefit contributions for a full-time employee that the part-time employee receives. The remittance requirements specified in this subsection do not apply to employees of a technical college, school district, or educational service district who purchase insurance benefits through contracts with the health care

authority.

Sec. 905. RCW 28B.20.476 and 2013 2nd sp.s. c 4 s 960 are each amended to read as follows:

The geoduck aquaculture research account is created in the custody of the state treasurer. All receipts from any legislative appropriations, the aquaculture industry, or any other private or public source directed to the account must be deposited in the account. Expenditures from the account may only be used by the sea grant program for the geoduck research projects identified by RCW 28B.20.475. Only the president of the University of Washington or the president's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. During the ~~((2013-2015))~~ 2017-2019 fiscal biennium, amounts available in the geoduck aquaculture research account may also be appropriated for the sea grant program at the University of Washington to conduct research examining the possible negative and positive effects of evolving shellfish aquaculture techniques and practices on Washington's economy and marine ecosystems. It is the intent of the legislature that this policy be continued in future biennia.

Sec. 906. 2017 3rd sp.s. c 1 s 944 (uncodified) is amended to read as follows:

INITIATIVE 732 COST-OF-LIVING INCREASES

Part IX of this act authorizes general wage increases for state employees covered by Initiative Measure No. 732. The general wage increases on July 1, 2017, and July 1, 2018, provide a portion of the annual cost-of-living adjustments required under Initiative Measure No. 732. Funding is also provided for additional increases of three-tenths of a percent on July 1, 2017, and ~~((seven tenths of a))~~ one percent on July 1, 2018, for cost-of-living adjustments under the initiative. Funding is provided for a salary increase on January 1, 2019, of ~~((one))~~ seven-tenths of a percent for these employees, for a nominal total of a six percent increase during the 2017-2019 fiscal biennium.

NEW SECTION. Sec. 907. A new section is added to 2017 3rd sp.s. c 1 (uncodified) to read as follows:

A paid family and medical leave program was created by chapter 5, Laws of 2017 3rd sp. sess. The state, as an employer, will be responsible for payment of employer premiums for employees beginning January 1, 2019, other than those covered by a collective bargaining agreement. Funding is provided for this obligation.

Sec. 908. RCW 41.26.802 and 2017 3rd sp.s. c 1 s 964 are each amended to read as follows:

(1) By September 30, 2011, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer five million dollars to the local public safety enhancement account.

(2) By September 30, 2019, and by September 30 of each odd-numbered year thereafter, if the prior fiscal biennium's general state revenues exceed the previous fiscal biennium's revenues by more than five percent, subject to appropriation by the legislature, the state treasurer shall transfer the lesser of one-third of the increase, or fifty million dollars, to the local public safety enhancement account.

(3) It is the intent of the legislature to fund any distribution in 2019 and 2021 dedicated to the local law enforcement officers' and firefighters' retirement system benefits improvement account through alternate means, which may include transfers from the law enforcement officers' and firefighters' plan 2 retirement fund.

Sec. 909. RCW 69.50.530 and 2016 sp.s. c 36 s 942 are each amended to read as follows:

The dedicated marijuana account is created in the state treasury. All moneys received by the state liquor and cannabis board, or any employee thereof, from marijuana-related activities must be deposited in the account. Unless otherwise provided in chapter 4, Laws of 2015 2nd sp. sess., all marijuana excise taxes collected from sales of marijuana, useable marijuana, marijuana concentrates, and marijuana-infused products under RCW 69.50.535, and the license fees, penalties, and forfeitures derived under this chapter from marijuana producer, marijuana processor, marijuana researcher, and marijuana retailer licenses, must be deposited in the account. Moneys in the account may only be spent after appropriation. During the 2015-2017 and 2017-2019 fiscal ~~((biennium))~~ biennia, the legislature may transfer from the dedicated marijuana account to the basic health plan trust account such amounts as reflect the excess fund balance of the account.

Sec. 910. RCW 69.50.540 and 2017 3rd sp.s. c 1 s 979 are each amended to read as follows:

The legislature must annually appropriate moneys in the dedicated marijuana account created in RCW 69.50.530 as follows:

(1) For the purposes listed in this subsection (1), the legislature must appropriate to the respective agencies amounts sufficient to make the following expenditures on a quarterly basis:

(a) Beginning July 1, 2015, one hundred twenty-five thousand dollars to the department of social and health services to design and administer the Washington state healthy youth survey, analyze the collected data, and produce reports, in collaboration with the office of the superintendent of public instruction, department of health, department of commerce, family policy council, and state liquor and cannabis board. The survey must be conducted at least every two years and include questions regarding, but not necessarily limited to, academic achievement, age at time of substance use initiation, antisocial behavior of friends, attitudes toward antisocial behavior, attitudes toward substance use, laws and community norms regarding antisocial behavior, family conflict, family management, parental attitudes toward substance use, peer rewarding of antisocial behavior, perceived risk of substance use, and rebelliousness. Funds disbursed under this subsection may be used to expand administration of the healthy youth survey to student populations attending institutions of higher education in Washington;

(b) Beginning July 1, 2015, fifty thousand dollars to the department of social and health services for the purpose of contracting with the Washington state institute for public policy to conduct the cost-benefit evaluation and produce the reports described in RCW 69.50.550. This appropriation ends after production of the final report required by RCW 69.50.550;

(c) Beginning July 1, 2015, five thousand dollars to the University of Washington alcohol and drug abuse institute for the creation, maintenance, and timely updating of web-based public education materials providing medically and scientifically accurate information about the health and safety risks posed by marijuana use;

(d)(i) An amount not less than one million two hundred fifty thousand dollars to the state liquor and cannabis board for administration of this chapter as appropriated in the omnibus appropriations act; ~~((and))~~

(ii) ~~((Three hundred fifty one thousand seven hundred fifty))~~ Two million six hundred fifty-one thousand seven hundred fifty dollars for fiscal year 2018 and three hundred fifty-one thousand seven hundred fifty dollars for fiscal year 2019 to the health professions account established under RCW 43.70.320 for the development and administration of the marijuana authorization

database by the department of health ~~((It is the intent of the legislature that this policy will be continued in the 2019-2021 fiscal biennium))~~;

(iii) Two million eight hundred three thousand dollars for fiscal year 2019 to the Washington state patrol for a drug enforcement task force. It is the intent of the legislature that this policy will be continued in the 2019-2021 fiscal biennium; and

(iv) Ninety-eight thousand dollars for fiscal year 2019 to the department of ecology for research on accreditation of marijuana product testing laboratories.

(e) Twenty-three thousand seven hundred fifty dollars to the department of enterprise services provided solely for the state building code council established under RCW 19.27.070, to develop and adopt fire and building code provisions related to marijuana processing and extraction facilities. The distribution under this subsection (1)(e) is for fiscal year 2016 only;

(2) From the amounts in the dedicated marijuana account after appropriation of the amounts identified in subsection (1) of this section, the legislature must appropriate for the purposes listed in this subsection (2) as follows:

(a)(i) Up to fifteen percent to the department of social and health services division of behavioral health and recovery for the development, implementation, maintenance, and evaluation of programs and practices aimed at the prevention or reduction of maladaptive substance use, substance use disorder, substance abuse or substance dependence, as these terms are defined in the Diagnostic and Statistical Manual of Mental Disorders, among middle school and high school-age students, whether as an explicit goal of a given program or practice or as a consistently corresponding effect of its implementation, mental health services for children and youth, and services for pregnant and parenting women; PROVIDED, That:

(A) Of the funds appropriated under (a)(i) of this subsection for new programs and new services, at least eighty-five percent must be directed to evidence-based or research-based programs and practices that produce objectively measurable results and, by September 1, 2020, are cost-beneficial; and

(B) Up to fifteen percent of the funds appropriated under (a)(i) of this subsection for new programs and new services may be directed to proven and tested practices, emerging best practices, or promising practices.

(ii) In deciding which programs and practices to fund, the secretary of the department of social and health services must consult, at least annually, with the University of Washington's social development research group and the University of Washington's alcohol and drug abuse institute.

(iii) For the fiscal year beginning July 1, 2016, the legislature must appropriate a minimum of twenty-seven million seven hundred eighty-six thousand dollars, and for each subsequent fiscal year thereafter, the legislature must appropriate a minimum of twenty-five million five hundred thirty-six thousand dollars under this subsection (2)(a);

(b)(i) Up to ten percent to the department of health for the following, subject to (b)(ii) of this subsection (2):

(A) Creation, implementation, operation, and management of a marijuana education and public health program that contains the following:

(I) A marijuana use public health hotline that provides referrals to substance abuse treatment providers, utilizes evidence-based or research-based public health approaches to minimizing the harms associated with marijuana use, and does not solely advocate an abstinence-only approach;

(II) A grants program for local health departments or other local community agencies that supports development and implementation of coordinated intervention strategies for the prevention and reduction of marijuana use by youth; and

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

(III) Media-based education campaigns across television, internet, radio, print, and out-of-home advertising, separately targeting youth and adults, that provide medically and scientifically accurate information about the health and safety risks posed by marijuana use;

(B) The Washington poison control center; and

(C) During the 2015-2017 fiscal biennium, the funds appropriated under this subsection (2)(b) may be used for prevention activities that target youth and populations with a high incidence of tobacco use.

(i) For the fiscal year beginning July 1, 2016, the legislature must appropriate a minimum of seven million five hundred thousand dollars and for each subsequent fiscal year thereafter, the legislature must appropriate a minimum of nine million seven hundred fifty thousand dollars under this subsection (2)(b);

(c)(i) Up to six-tenths of one percent to the University of Washington and four-tenths of one percent to Washington State University for research on the short and long-term effects of marijuana use, to include but not be limited to formal and informal methods for estimating and measuring intoxication and impairment, and for the dissemination of such research.

(ii) For the fiscal year beginning July 1, 2016, the legislature must appropriate a minimum of two hundred seven thousand dollars and for each subsequent fiscal year, except for the 2017-2019 fiscal biennium, the legislature must appropriate a minimum of one million twenty-one thousand dollars to the University of Washington. For the fiscal year beginning July 1, 2016, the legislature must appropriate a minimum of one hundred thirty-eight thousand dollars and for each subsequent fiscal year thereafter, except for the 2017-2019 fiscal biennium, a minimum of six hundred eighty-one thousand dollars to Washington State University under this subsection (2)(c). It is the intent of the legislature that this policy will be continued in the 2019-2021 fiscal biennium;

(d) Fifty percent to the state basic health plan trust account to be administered by the Washington basic health plan administrator and used as provided under chapter 70.47 RCW;

(e) Five percent to the Washington state health care authority to be expended exclusively through contracts with community health centers to provide primary health and dental care services, migrant health services, and maternity health care services as provided under RCW 41.05.220;

(f)(i) Up to three-tenths of one percent to the office of the superintendent of public instruction to fund grants to building bridges programs under chapter 28A.175 RCW.

(ii) For the fiscal year beginning July 1, 2016, and each subsequent fiscal year, the legislature must appropriate a minimum of five hundred eleven thousand dollars to the office of the superintendent of public instruction under this subsection (2)(f); and

(g) At the end of each fiscal year, the treasurer must transfer any amounts in the dedicated marijuana account that are not appropriated pursuant to subsection (1) of this section and this subsection (2) into the general fund, except as provided in (g)(i) of this subsection (2).

(i) Beginning in fiscal year 2018, if marijuana excise tax collections deposited into the general fund in the prior fiscal year exceed twenty-five million dollars, then each fiscal year the legislature must appropriate an amount equal to thirty percent of all marijuana excise taxes deposited into the general fund the prior fiscal year to the treasurer for distribution to counties, cities, and towns as follows:

(A) Thirty percent must be distributed to counties, cities, and towns where licensed marijuana retailers are physically located. Each jurisdiction must receive a share of the revenue distribution

under this subsection (2)(g)(i)(A) based on the proportional share of the total revenues generated in the individual jurisdiction from the taxes collected under RCW 69.50.535, from licensed marijuana retailers physically located in each jurisdiction. For purposes of this subsection (2)(g)(i)(A), one hundred percent of the proportional amount attributed to a retailer physically located in a city or town must be distributed to the city or town.

(B) Seventy percent must be distributed to counties, cities, and towns ratably on a per capita basis. Counties must receive sixty percent of the distribution, which must be disbursed based on each county's total proportional population. Funds may only be distributed to jurisdictions that do not prohibit the siting of any state licensed marijuana producer, processor, or retailer.

(ii) Distribution amounts allocated to each county, city, and town must be distributed in four installments by the last day of each fiscal quarter.

(iii) By September 15th of each year, the state liquor and cannabis board must provide the state treasurer the annual distribution amount, if any, for each county and city as determined in (g)(i) of this subsection (2).

(iv) The total share of marijuana excise tax revenues distributed to counties and cities in (g)(i) of this subsection (2) may not exceed ~~((six))~~ fifteen million dollars in fiscal years 2018 and 2019 and twenty million dollars per fiscal year thereafter. ~~((However, if the February 2018 forecast of state revenues for the general fund in the 2017-2019 fiscal biennium exceeds the amount estimated in the June 2017 revenue forecast by over eighteen million dollars after adjusting for changes directly related to legislation adopted in the 2017 legislative session, the total share of marijuana excise tax revenue distributed to counties and cities in (g)(i) of this subsection (2) may not exceed fifteen million dollars in fiscal years 2018 and 2019.))~~ It is the intent of the legislature that the policy for the maximum distributions in the subsequent fiscal biennia will be no more than ~~((6))~~ fifteen million dollars per fiscal year.

For the purposes of this section, "marijuana products" means "useable marijuana," "marijuana concentrates," and "marijuana-infused products" as those terms are defined in RCW 69.50.101.

Sec. 911. RCW 70.105D.070 and 2017 3rd sp.s. c 1 s 980 are each amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2)(a) Moneys collected under RCW 82.21.030 must be deposited as follows: Fifty-six percent to the state toxics control account under subsection (3) of this section and forty-four percent to the local toxics control account under subsection (4) of this section. When the cumulative amount of deposits made to the state and local toxics control accounts under this section reaches the limit during a fiscal year as established in (b) of this subsection, the remainder of the moneys collected under RCW 82.21.030 during that fiscal year must be deposited into the environmental legacy stewardship account created in RCW 70.105D.170.

(b) The limit on distributions of moneys collected under RCW 82.21.030 to the state and local toxics control accounts for the fiscal year beginning July 1, 2013, is one hundred forty million dollars.

(c) In addition to the funds required under (a) of this subsection, the following moneys must be deposited into the state toxics control account: (i) The costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (ii) penalties collected or recovered under this chapter; and (iii) any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the state toxics control account must be used only to carry out the purposes of this chapter, including but not

limited to the following activities:

(a) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(b) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(c) The hazardous waste clean-up program required under this chapter;

(d) State matching funds required under federal cleanup law;

(e) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(f) State government programs for the safe reduction, recycling, or disposal of paint and hazardous wastes from households, small businesses, and agriculture;

(g) Oil and hazardous materials spill prevention, preparedness, training, and response activities;

(h) Water and environmental health protection and monitoring programs;

(i) Programs authorized under chapter 70.146 RCW;

(j) A public participation program;

(k) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with clean-up standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both: (i) A substantially more expeditious or enhanced cleanup than would otherwise occur; and (ii) the prevention or mitigation of unfair economic hardship;

(l) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150;

(m) State agriculture and health programs for the safe use, reduction, recycling, or disposal of pesticides;

(n) Stormwater pollution control projects and activities that protect or preserve existing remedial actions or prevent hazardous clean-up sites;

(o) Funding requirements to maintain receipt of federal funds under the federal solid waste disposal act (42 U.S.C. Sec. 6901 et seq.);

(p) Air quality programs and actions for reducing public exposure to toxic air pollution;

(q) Public funding to assist prospective purchasers to pay for the costs of remedial action in compliance with clean-up standards under RCW 70.105D.030(2)(e) if:

(i) The facility is located within a redevelopment opportunity zone designated under RCW 70.105D.150;

(ii) The amount and terms of the funding are established under a settlement agreement under RCW 70.105D.040(5); and

(iii) The director has found the funding meets any additional criteria established in rule by the department, will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, and will provide a public benefit in addition to cleanup commensurate with the scope of the public funding;

(r) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters;

(s) Appropriations to the local toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts;

(t) During the 2015-2017 and 2017-2019 fiscal biennia, the department of ecology's water quality, shorelands, environmental assessment, administration, and air quality programs;

(u) During the 2013-2015 fiscal biennium, actions at the state conservation commission to improve water quality for shellfish;

(v) During the 2013-2015 and 2015-2017 fiscal biennia, actions at the University of Washington for reducing ocean acidification;

(w) During the 2015-2017 and 2017-2019 fiscal biennia, for the University of Washington Tacoma soil remediation project;

(x) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be spent on projects in section 3160, chapter 19, Laws of 2013 2nd sp. sess. and for transfer to the local toxics control account;

(y) For the 2013-2015 fiscal biennium, moneys in the state toxics control account may be transferred to the radioactive mixed waste account; and

(z) For the 2015-2017 and 2017-2019 fiscal biennia, forest practices regulation at the department of natural resources.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under ~~((e))~~ (c)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under ~~((e))~~ (c)(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Stormwater pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;

(iv) Hazardous waste plans and programs under chapter 70.105 RCW;

(v) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters; and

(vii) Appropriations to the state toxics control account or the environmental legacy stewardship account created in RCW 70.105D.170, if the legislature determines that priorities for spending exceed available funds in those accounts.

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government stormwater planning and implementation activities.

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (e)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(f) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or ~~((after January 1, 2010, for))~~ projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous

substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 and the 2015-2017 fiscal biennia, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the ability of a potentially liable person to receive public funding.

(10) During the 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water program and for the stormwater financial assistance program administered by the department of ecology.

(11) During the 2017-2019 fiscal biennium:

(a) The state toxics control account, the local toxics control account, and the environmental legacy stewardship account may be used for interchangeable purposes and funds may be transferred between accounts to accomplish those purposes.

(b) The legislature may direct the state treasurer to make transfers of moneys in the state toxics control account to the water pollution control revolving account.

Sec. 912. RCW 76.04.610 and 2012 2nd sp.s. c 7 s 922 are each amended to read as follows:

(1)(a) If any owner of forestland within a forest protection zone neglects or fails to provide adequate fire protection as required by RCW 76.04.600, the department shall provide such protection and shall annually impose the following assessments on each parcel of such land: (i) A flat fee assessment of seventeen dollars and fifty cents; and (ii) twenty-seven cents on each acre exceeding fifty acres.

(b) Assessors may, at their option, collect the assessment on tax exempt lands. If the assessor elects not to collect the assessment, the department may bill the landowner directly.

(2) An owner who has paid assessments on two or more parcels, each containing fewer than fifty acres and each within the same county, may obtain the following refund:

(a) If all the parcels together contain less than fifty acres, then the refund is equal to the flat fee assessments paid, reduced by the total of (i) seventeen dollars and (ii) the total of the amounts retained by the county from such assessments under subsection (5) of this section.

(b) If all the parcels together contain fifty or more acres, then the refund is equal to the flat fee assessments paid, reduced by the total of (i) seventeen dollars, (ii) twenty-seven cents for each acre exceeding fifty acres, and (iii) the total of the amounts retained by the county from such assessments under subsection (5) of this section.

Applications for refunds shall be submitted to the department on a form prescribed by the department and in the same year in which the assessments were paid. The department may not provide refunds to applicants who do not provide verification that all assessments and property taxes on the property have been paid. Applications may be made by mail.

In addition to the procedures under this subsection, property owners with multiple parcels in a single county who qualify for a refund under this section may apply to the department on an application listing all the parcels owned in order to have the assessment computed on all parcels but billed to a single parcel. Property owners with the following number of parcels may apply to the department in the year indicated:

| Year | Number of Parcels |
|---------------------|--------------------|
| 2002 | 10 or more parcels |
| 2003 | 8 or more parcels |
| 2004 and thereafter | 6 or more parcels |

The department must compute the correct assessment and allocate one parcel in the county to use to collect the assessment. The county must then bill the forest fire protection assessment on that one allocated identified parcel. The landowner is responsible for notifying the department of any changes in parcel ownership.

(3) Beginning January 1, 1991, under the administration and at the discretion of the department up to two hundred thousand dollars per year of this assessment shall be used in support of those rural fire districts assisting the department in fire protection services on forestlands.

(4) For the purpose of this chapter, the department may divide the forestlands of the state, or any part thereof, into districts, for fire protection and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Amounts paid or contracted to be paid by the department for protection of forestlands from funds at its disposal shall be a lien upon the property protected, unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred. The department shall be prepared to make statement thereof, upon request, to a forest owner whose own protection has not been previously approved as to its adequacy, the department shall report the same to the assessor of the county in which the property is situated. The assessor shall extend the amounts upon the tax rolls covering the property, and upon authorization from the department shall levy the forest protection assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records. The assessor may then segregate on the records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in RCW 52.16.170.

(5) The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the department certifying them to the treasurer of the county in which the land involved is situated. Assessments shall be known and designated as assessments of the year in which the amounts became reimbursable. Upon the collection of assessments the county treasurer shall place fifty cents of the total assessments paid on a parcel for fire protection into the county current expense fund to defray the costs of listing, billing, and collecting these assessments. The treasurer shall then transmit the balance to the department. Collections shall be applied against expenses incurred in carrying out the provisions of this section, including necessary and reasonable administrative costs incurred by the department in the enforcement of these provisions. The

department may also expend sums collected from owners of forestlands or received from any other source for necessary administrative costs in connection with the enforcement of RCW 76.04.660. During the 2017-2019 fiscal biennium, the legislature may appropriate moneys from the account for department of natural resources wildfire response and forest health activities.

(6) When land against which forest protection assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment. The county treasurer, in case the proceeds of sale exceed the amount of the delinquent tax judgment, shall immediately remit to the department the amount of the outstanding forest protection assessments.

(7) All nonfederal public bodies owning or administering forestland included in a forest protection zone shall pay the forest protection assessments provided in this section and the special forest fire suppression account assessments under RCW 76.04.630. The forest protection assessments and special forest fire suppression account assessments shall be payable by nonfederal public bodies from available funds within thirty days following receipt of the written notice from the department which is given after October 1st of the year in which the protection was provided. Unpaid assessments are not a lien against the nonfederal publicly owned land but shall constitute a debt by the nonfederal public body to the department and are subject to interest charges at the legal rate. During the 2011-2013 fiscal biennium, the forest fire protection assessment account may be appropriated to The Evergreen State College for analysis and recommendations to improve the efficiency and effectiveness of the state's mechanisms for funding fire prevention and suppression activities.

(8) A public body, having failed to previously pay the forest protection assessments required of it by this section, which fails to suppress a fire on or originating from forestlands owned or administered by it, is liable for the costs of suppression incurred by the department or its agent and is not entitled to reimbursement of costs incurred by the public body in the suppression activities.

(9) The department may adopt rules to implement this section, including, but not limited to, rules on levying and collecting forest protection assessments.

Sec. 913. RCW 77.12.203 and 2017 3rd sp.s. c 1 s 984 are each amended to read as follows:

(1) Except as provided in subsection (5) of this section and notwithstanding RCW 84.36.010 or other statutes to the contrary, the director must pay by April 30th of each year on game lands, regardless of acreage, in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes equal to that amount paid on similar parcels of open space land taxable under chapter 84.34 RCW or the greater of seventy cents per acre per year or the amount paid in 1984 plus an additional amount for control of noxious weeds equal to that which would be paid if such lands were privately owned. This amount may not be assessed or paid on department buildings, structures, facilities, game farms, fish hatcheries, water access sites, tidelands, or public fishing areas.

(2) "Game lands," as used in this section and RCW 77.12.201, means those tracts, regardless of acreage, owned in fee by the department and used for wildlife habitat and public recreational purposes. All lands purchased for wildlife habitat, public access, or recreation purposes with federal funds in the Snake River drainage basin are considered game lands regardless of acreage.

(3) This section does not apply to lands transferred after April 23, 1990, to the department from other state agencies.

(4) The county must distribute the amount received under this

section in lieu of real property taxes to all property taxing districts except the state in appropriate tax code areas the same way it would distribute local property taxes from private property. The county must distribute the amount received under this section for weed control to the appropriate weed district.

(5) For the 2013-2015 and 2015-2017 fiscal biennia, the director must pay by April 30th of each year on game lands in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes and must be distributed as follows:

| County | |
|--------------------|---------|
| Adams | 1,909 |
| Asotin | 36,123 |
| Chelan | 24,757 |
| Columbia | 7,795 |
| Ferry | 6,781 |
| Garfield | 4,840 |
| Grant | 37,443 |
| Kittitas | 143,974 |
| Klickitat | 21,906 |
| Lincoln | 13,535 |
| Okanogan | 151,402 |
| Pend Oreille | 3,309 |
| Yakima | 126,225 |

These amounts may not be assessed or paid on department buildings, structures, facilities, game farms, fish hatcheries, water access sites, tidelands, or public fishing areas.

(6) For the 2017-2019 fiscal biennium, the director must pay by April 30th of each year on game lands in each county, if requested by an election under RCW 77.12.201, an amount in lieu of real property taxes and must be distributed as follows:

| County | |
|--------------------|------------------------------|
| Adams | ((1,235)) 1,909 |
| Asotin | ((26,425)) 36,123 |
| Chelan | 39,858 |
| Columbia | 20,713 |
| Ferry | 22,798 |
| Garfield | 12,744 |
| Grant | 71,930 |
| Kittitas | 382,638 |
| Klickitat | 51,019 |
| Lincoln | ((13,000)) 13,535 |
| Okanogan | 264,036 |
| Pend Oreille | 5,546 |
| Yakima | 186,056 |

These amounts may not be assessed or paid on department buildings, structures, facilities, game farms, fish hatcheries, water access sites, tidelands, or public fishing areas.

Sec. 914. RCW 79.105.150 and 2017 3rd sp.s. c 1 s 987 are each amended to read as follows:

(1) After deduction for management costs as provided in RCW 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys received by the state from the sale or lease of state-owned aquatic lands and from the sale of valuable material from state-owned aquatic lands shall be deposited in the aquatic lands enhancement account which is hereby created in the state treasury. After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. During the 2013-2015, 2015-2017, and 2017-2019 fiscal biennia, the aquatic lands enhancement account may be used to support the shellfish program, the ballast water program, hatcheries, the Puget Sound

toxic sampling program and steelhead mortality research at the department of fish and wildlife, the knotweed program at the department of agriculture, actions at the University of Washington for reducing ocean acidification, which may include the creation of a center on ocean acidification, the Puget SoundCorps program, and support of the marine resource advisory council and the Washington coastal marine advisory council. During the 2013-2015 and 2017-2019 fiscal ~~((biennium))~~ biennia, the legislature may transfer from the aquatic lands enhancement account to the geoduck aquaculture research account for research related to shellfish aquaculture. During the 2015-2017 fiscal biennium, the legislature may transfer moneys from the aquatic lands enhancement account to the marine resources stewardship trust account.

(2) In providing grants for aquatic lands enhancement projects, the recreation and conservation funding board shall:

(a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;

(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and

(c) Develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants.

(3) To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The department shall consult with affected interest groups in implementing this section.

(5) ~~((After January 1, 2010,))~~ Any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

Sec. 915. RCW 82.19.040 and 2017 3rd sp.s. c 1 s 989 are each amended to read as follows:

(1) To the extent applicable, all of the definitions of chapter 82.04 RCW and all of the provisions of chapter 82.32 RCW apply to the tax imposed in this chapter.

(2) Until June 30, ~~((2019))~~ 2018, taxes collected under this chapter shall be distributed as follows: (a) Five million dollars per fiscal year must be deposited in equal monthly amounts to the state parks renewal and stewardship account under RCW 79A.05.215; and (b) the remainder to the waste reduction, recycling, and litter control account under RCW 70.93.180.

(3) Beginning June 30, 2018, and until June 30, 2019, taxes collected under this chapter shall be distributed as follows: (a) Four million dollars per fiscal year must be deposited in equal monthly amounts to the state parks renewal and stewardship account under RCW 79A.05.215; and (b) the remainder to the waste reduction, recycling, and litter control account under RCW 70.93.180.

NEW SECTION. Sec. 916. Section 916 of this act expires June 30, 2019.

Sec. 917. RCW 86.26.007 and 2015 3rd sp.s. c 4 s 978 are

each amended to read as follows:

The flood control assistance account is hereby established in the state treasury. At the beginning of the 2005-2007 fiscal biennium, the state treasurer shall transfer three million dollars from the general fund to the flood control assistance account. Each biennium thereafter the state treasurer shall transfer four million dollars from the general fund to the flood control assistance account, except that during the 2011-2013 fiscal biennium, the state treasurer shall transfer one million dollars from the general fund to the flood control assistance account. Moneys in the flood control assistance account may be spent only after appropriation for purposes specified under this chapter. During the 2013-2015 fiscal biennium and the 2015-2017 fiscal biennium, the legislature may transfer from the flood control assistance account to the state general fund such amounts as reflect the excess fund balance of the account. During the 2017-2019 fiscal biennium, the legislature may appropriate moneys from the account for the purposes specified under chapter 90.---RCW (the new chapter created in section 305, chapter 1, Laws of 2018).

Sec. 918. RCW 90.56.500 and 2015 c 274 s 6 are each amended to read as follows:

(1) The state oil spill response account is created in the state treasury. All receipts from RCW 82.23B.020(1) shall be deposited in the account. All costs reimbursed to the state by a responsible party or any other person for responding to a spill of oil shall also be deposited in the account. Moneys in the account shall be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW.

(2)(a) The account shall be used exclusively to pay for:

(i) The costs associated with the response to spills or imminent threats of spills of crude oil or petroleum products into the waters of the state; and

(ii) The costs associated with the department's use of an emergency response towing vessel.

(b) During the 2015-2017 biennium, the legislature may transfer up to two million two hundred twenty-five thousand dollars from the account to the oil spill prevention account created in RCW 90.56.510.

(c) During the 2017-2019 fiscal biennium, the legislature may transfer up to four million seven hundred twenty-one thousand dollars from the account to the oil spill prevention account created in RCW 90.56.510.

(3) Payment of response costs under subsection (2)(a)(i) of this section shall be limited to spills which the director has determined are likely to exceed one thousand dollars.

(4) Before expending moneys from the account, but without delaying response activities, the director shall make reasonable efforts to obtain funding for response costs under subsection (2) of this section from the person responsible for the spill and from other sources, including the federal government.

(5) Reimbursement for response costs from this account shall be allowed only for costs which are not covered by funds appropriated to the agencies responsible for response activities. Costs associated with the response to spills of crude oil or petroleum products shall include:

(a) Natural resource damage assessment and related activities;

(b) Spill related response, containment, wildlife rescue, cleanup, disposal, and associated costs;

(c) Interagency coordination and public information related to a response; and

(d) Appropriate travel, goods and services, contracts, and equipment.

Sec. 919. RCW 18.39.810 and 2009 c 102 s 24 are each

amended to read as follows:

The funeral and cemetery account is created in the custody of the state treasurer. All receipts from fines and fees collected under this chapter and chapter 68.05 RCW must be deposited in the account. Expenditures from the account may be used only to carry out the duties required for the operation and enforcement of this chapter and chapter 68.05 RCW. Only the director of licensing or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. During the 2017-2019 biennium, the legislature may transfer moneys from the funeral and cemetery account to the skeletal human remains assistance account.

NEW SECTION. Sec. 920. A new section is added to chapter 43.79 RCW to read as follows:

The dedicated McCleary penalty account is created in the state treasury. Moneys in the account may be spent only after appropriation. Revenues in the account consist of moneys transferred to the account pursuant to the legislative directive. Expenditures from the account may be used only to meet the state's obligation for basic education funding under RCW 28A.150.220.

Sec. 921. 2017 c 290 s 2 (uncodified) is amended to read as follows:

(1)(a) The joint legislative task force on sexual assault forensic examination best practices is established for the purpose of reviewing best practice models for managing all aspects of sexual assault examinations and for reducing the number of untested sexual assault examination kits in Washington state that were collected prior to the effective date of this section.

(i) The caucus leaders from the senate shall appoint one member from each of the two largest caucuses of the senate.

(ii) The caucus leaders from the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives.

(iii) The president of the senate and the speaker of the house of representatives shall jointly appoint:

(A) One member representing each of the following:

(I) The Washington state patrol;

(II) The Washington association of sheriffs and police chiefs;

(III) The Washington association of prosecuting attorneys;

(IV) The Washington defender association or the Washington association of criminal defense lawyers;

(V) The Washington association of cities;

(VI) The Washington association of county officials;

(VII) The Washington coalition of sexual assault programs;

(VIII) The office of crime victims advocacy;

(IX) The Washington state hospital association;

(X) The Washington state forensic investigations council;

(XI) A public institution of higher education as defined in RCW 28B.10.016;

(XII) A private higher education institution as defined in RCW 28B.07.020; and

(XIII) The office of the attorney general; and

(B) Two members representing survivors of sexual assault.

(b) The task force shall choose two cochairs from among its legislative membership. The legislative membership shall convene the initial meeting of the task force.

(2) The duties of the task force include, but are not limited to:

(a) Researching and determining the number of untested sexual assault examination kits in Washington state;

(b) Researching the locations where the untested sexual assault examination kits are stored;

(c) Researching, reviewing, and making recommendations

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

regarding legislative policy options for reducing the number of untested sexual assault examination kits;

(d) Researching the best practice models both in state and from other states for collaborative responses to victims of sexual assault from the point the sexual assault examination kit is collected to the conclusion of the investigation and providing recommendations regarding any existing gaps in Washington and resources that may be necessary to address those gaps; and

(e) Researching, identifying, and making recommendations for securing nonstate funding for testing the sexual assault examination kits, and reporting on progress made toward securing such funding.

(3) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research.

(4) Legislative members of the task force must be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(5) The expenses of the task force must be paid jointly by the senate and the house of representatives. Task force meetings and expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(6) The first meeting of the task force must occur prior to October 1, 2015. The task force shall submit a preliminary report regarding its initial findings and recommendations to the appropriate committees of the legislature and the governor no later than December 1, 2015.

(7) The task force must meet no less than twice annually.

(8) The task force shall report its findings and recommendations to the appropriate committees of the legislature and the governor by September 30, 2016, and by December 1st of the following year.

(9) This section expires June 30, ~~((2018))~~ 2019.

Sec. 922. RCW 43.79.445 and 2017 3rd sp.s. c 1 s 970 are each amended to read as follows:

There is established an account in the state treasury referred to as the "death investigations account" which shall exist for the purpose of receiving, holding, investing, and disbursing funds appropriated or provided in RCW 70.58.107 and any moneys appropriated or otherwise provided thereafter.

Moneys in the death investigations account shall be disbursed by the state treasurer once every year on December 31 and at any other time determined by the treasurer. The treasurer shall make disbursements to: The state toxicology laboratory, counties for the cost of autopsies, the state patrol for providing partial funding for the state dental identification system, the criminal justice training commission for training county coroners, medical examiners and their staff, and the state forensic investigations council. Funds from the death investigations account may be appropriated during the 2013-2015 fiscal biennium for the activities of the state crime laboratory within the Washington state patrol. ~~((In addition, during the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the death investigations account to the state general fund.))~~

Sec. 923. RCW 39.12.080 and 2006 c 230 s 2 are each amended to read as follows:

The public works administration account is created in the state treasury. The department of labor and industries shall deposit in the account all moneys received from fees or civil penalties collected under RCW 39.12.050, 39.12.065, and 39.12.070.

Appropriations from the account may be made only for the purposes of administration of this chapter, including, but not limited to, the performance of adequate wage surveys, and for the investigation and enforcement of all alleged violations of this chapter as provided for in this chapter and chapters 49.48 and 49.52 RCW. During the 2017-2019 fiscal biennium the legislature may direct the state treasurer to make transfers of moneys in the public works administration account to the state general fund. It is the intent of the legislature to use the moneys transferred in the 2017-2019 biennium to support apprenticeship programs.

Sec. 924. RCW 43.350.070 and 2016 sp.s. c 36 s 937 are each amended to read as follows:

The life sciences discovery fund is created in the custody of the state treasurer. Only the board or the board's designee may authorize expenditures from the fund. Expenditures from the fund may be made only for purposes of this chapter. Administrative expenses of the authority, including staff support, may be paid only from the fund. Revenues to the fund consist of transfers made by the legislature from strategic contribution payments deposited in the tobacco settlement account under RCW 43.79.480, moneys received pursuant to contribution agreements entered into pursuant to RCW 43.350.030, moneys received from gifts, grants, and bequests, and interest earned on the fund. During the 2015-2017 fiscal biennium, the legislature may transfer to other state funds or accounts such amounts as represent the excess balance of the life sciences discovery fund. During the 2017-2019 fiscal biennium, the legislature may make appropriations from the fund to the department of commerce for providing life sciences research grants.

NEW SECTION. Sec. 925. A new section is added to 2017 3rd sp.s. c 1 (uncodified) to read as follows:

(1) The senate facilities and operations committee and the house of representatives executive rules committee shall convene a legislative task force to examine establishing standards for maintaining and disclosing public records for the legislative branch of government.

(2) The meetings of the task force must be scheduled and conducted in accordance with the requirements of both the senate and the house of representatives. The expenses of the task force shall be paid jointly by the senate and the house of representatives. Task force meetings and expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(3) Legislative members of the task force may be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer, governmental entity, or other organization, are entitled to be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060.

(4) Staff support for the task force shall be provided by the senate committee services and the house of representatives office of program research. Meeting facilitation and related services for the task force shall be provided by the William D. Ruckelshaus center as specified in section 603(25) of this act.

(5) The task force shall report its findings and recommendations to the appropriate committees of the legislature by December 1, 2018.

(6) This section expires December 31, 2018.

NEW SECTION. Sec. 926. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 927. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

And the bill do pass as recommended by the conference committee.

Signed by Senators Billig and Rolfes; Representatives Ormsby and Robinson.

MOTION

Senator Rolfes moved that the Report of the Conference Committee on Senate Bill No. 6032 be adopted.

The President Pro Tempore declared the question before the Senate to be the motion by Senator Rolfes that the Report of the Conference Committee on Senate Bill No. 6032 be adopted.

The motion by Senator Rolfes carried and the Report of the Conference Committee was adopted by voice vote.

Senators Rolfes, Ranker and Billig spoke in favor of passage of the bill.

Senators Braun, Baumgartner, Hawkins, Brown, O'Ban, Ericksen, Miloscia, Walsh, Schoesler, Fain, Angel, Becker and Wilson spoke against passage of the bill.

The President resumed the chair.

POINT OF ORDER

Senator Braun: "Thank you Mr. President. I know you pointed out yesterday that you don't regulate the truth on the floor of the Senate, but there was an incorrect statement made a moment ago. Our budget proposal was for a billion dollars in property tax relief. It is very clearly documented. It is not the same as \$385,000,000.00. Thank you Mr. President."

REMARKS BY THE PRESIDENT

President Habib: "Senator Braun, you have spoken once before, and again, if you have a point of order, if senators have a point of order they can raise a point of order, but please don't use

parliamentary maneuvers to sneak in an additional remark. Again, these are the rules that you all have."

PARLIAMENTARY INQUIRY

Senator Braun: "Thank you Mr. President. Mr. President could you give us some guidance how we are to appropriately respond when there are factually incorrect statements made on the floor of the Senate. I don't understand how we can have honest and robust debate if we don't present the facts correctly and I am unsure how to respond in these situations."

REPLY BY THE PRESIDENT

President Habib: "Senator Braun, I can not tell you how best to get your message out or respond to other messages, other senators. The way to do that is to use the debate on third reading. According to the vote of the Senate, debate on third reading and debate generally today has been limited in the ways you know it has been. That is not my ruling, it's what's happened pursuant to the rules and so I have no other guidance to give you on the question of how to contradict what another senator has said on the floor with respect to fact or fiction."

Senator Rivers spoke against passage of the bill.

PARLIAMENTARY INQUIRY

Senator Ericksen: "Thank you Mr. President. Is it possible for a member to yield their three minutes of speaking time allotted through this very limited debate process that we have on the budget to another member? Is that allowed?"

RULING BY THE PRESIDENT

President Habib: "Senator Ericksen, in response to your question, there is no rule that specifically addresses that question. However, when the motion was made by Senator Liias, the language of the motion specifically said that the debate would be limited in such a way that each senator would have three minutes to speak themselves with the exception of, each senator would have three minutes to speak. There was, he did not say there would be three minutes per senator allowed in debate. It was made, the motion was made in such a way that each senator was given an allotment of time and so there is no reason, there is no rule that would indicate transferability."

Senator Frockt spoke in favor of passage of the bill.

POINT OF ORDER

Senator Baumgartner: "Thank you Mr. President. I think it is important that we have a full and honest debate here so I would like to know how I can make a motion so we could remove the three minute rule so people of the state could be given the accurate facts about this budget. So can I make a motion that we remove the three minute rule? Is that in order Mr. President?"

REPLY BY THE PRESIDENT

President Habib: "You just made that motion Senator Baumgartner. Just to be clear on what your motion is, is you motion to roll back the entire, Senator Liias entire motion or ...?"

Senator Baumgartner: "Yes, Mr. President, it is. I am moving that we remove the three minute rule."

President Habib: "That is only part of it.

Senator Baumgartner: "Excuse me Mr. President, let me clarify. I am moving that we remove the rule as adopted by Senator Liias today limiting debate on the Senate floor for the purpose of having an honest discussion on this budget."

President Habib: "Okay."

MOTION

Senator Baumgartner demanded a roll call.

The President declared that one-sixth of the members supported the demand and the demand was sustained.

Senator Ericksen spoke in favor of adoption of the motion.

Senator Liias spoke against adoption of the motion.

The President declared the question before the Senate to be the motion by Senator Baumgartner that the limits on debate pursuant to Rule 29 adopted earlier in the day be dispensed with and the senate return to the regular order of debate.

ROLL CALL

The Secretary called the roll on the motion by Senator Baumgartner that the limits on debate pursuant to Rule 29 adopted earlier in the day be dispensed with and the motion did not carry by the following vote: Yeas, 23; Nays, 26; Absent, 0; Excused, 0.

Voting yea: Senators Angel, Bailey, Baumgartner, Becker, Braun, Brown, Ericksen, Fain, Fortunato, Honeyford, King, Miloscia, O'Ban, Padden, Rivers, Schoesler, Sheldon, Short, Wagoner, Walsh, Warnick, Wilson and Zeiger

Voting nay: Senators Billig, Carlyle, Chase, Cleveland, Conway, Darneille, Dhingra, Frockt, Hasegawa, Hawkins, Hobbs, Hunt, Keiser, Kuderer, Liias, McCoy, Mullet, Nelson, Palumbo, Pedersen, Ranker, Rolfes, Saldaña, Takko, Van De Wege and Wellman

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 6032, as recommended by the Conference Committee.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 6032, as recommended by the Conference Committee, and the bill passed the Senate by the following vote: Yeas, 25; Nays, 24; Absent, 0; Excused, 0.

Voting yea: Senators Billig, Carlyle, Chase, Cleveland, Conway, Darneille, Dhingra, Frockt, Hasegawa, Hobbs, Hunt, Keiser, Kuderer, Liias, McCoy, Mullet, Nelson, Palumbo, Pedersen, Ranker, Rolfes, Saldaña, Takko, Van De Wege and Wellman

Voting nay: Senators Angel, Bailey, Baumgartner, Becker, Braun, Brown, Ericksen, Fain, Fortunato, Hawkins, Honeyford, King, Miloscia, O'Ban, Padden, Rivers, Schoesler, Sheldon, Short, Wagoner, Walsh, Warnick, Wilson and Zeiger

ENGROSSED SUBSTITUTE SENATE BILL NO. 6032, as recommended by the Conference Committee, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Rolfes: "I want to first of all thank my caucus for trusting me to write this budget this year. I would also like to thank Senator Braun and Senator Brown for the work that they did. Although I am sure Senator Braun doesn't want me to say this, his fingerprints are actually all over the workings of this budget. He was extremely helpful, mentoring me when I first started this job, and offered really insightful comments and history that were valuable in constructing this. More importantly though than thanking my colleagues, is thanking the staff that worked so hard on this budget. I think that what people don't recognize is that not only does the Ways & Means staff write the budget that we see here today, but they write shadow budgets, versions of the budgets, secret amendments and things that actually never see the light of day because their job is to work for all of us, not just the budget writer. And they have been up, who knows how many hours of sleep they haven't had while they supported every single member of this body. So, Mr. President, I'd actually like to read their names out loud, I'm confident that they're watching because they are waiting for this. They are waiting for this to get adopted."

President Habib: "Please proceed."

Senator Rolfes: "I would like to particularly thank Michael Bezanson and Clint McCarthy who were the leaders of the staff that wrote this budget. Also, Richard Ramsey, Jeff Mitchell, Julie Murray, Amanda Cecil, Claire Goodwin, Jed Herman, Maria Hovde, Alia Kennedy, James Kettel, Danny Masterson, Jeff Naas, Sarian Scott, Sandy Stith, Travis Sugarman, Jasmin Adams, Heidi Buyak, and Peter Lindgren. And I would like to ask the body to give them a round of applause."

The Senate rose and recognized the work of the staff of the Committee on Ways & Means.

Senator Rolfes: "I would also like the body to thank Matt Bridges, who is the Senate Democratic budget caucus staff as well as Ryan Moore who was the Republican caucus staff on this budget because they were also worn ragged supporting us. And both of them also have provided a ton of input and intelligent remarks in crafting this budget. So Ryan and Matt, I know that they are here, thank you.

Finally, Mr. President, I would like to say that notwithstanding the personal beating that I just endured on this budget, I very much look forward to working with everybody next year, if I am in this role again next year, but hopefully working, all working together again for the benefit of the entire state of Washington."

PERSONAL PRIVILEGE

Senator Braun: "Thank you Mr. President. So, I appreciate you letting Senator Rolfes go first because she rose for the exact same reason I did and she did a much better job than I would do. So she thanked everyone in the room pretty much and she did it very well and they are all very much deserving of the thanks. I would just like to thank her. I, as previously stated, have some concerns about the budget but I very much appreciated working with Senator Rolfes. She is highly competent, professional and kind, and just a pleasure to work with. The same thing to Senator Frockt, the Vice Chair. As I have stated, I think we have to figure out a way to be, to disagree in this chamber without being disagreeable and they both set a high standard there and I appreciate it. And then I would like to quickly chime in on her thanks for the staff, the Ways & Means staff, and our partisan staff

have done an amazing job. They had some real tough challenges. I am very proud to work with them. As I said before, they really are a credit to this institution and the state of Washington. Thank you Mr. President.”

MOTION

At 1:22 p.m., on motion of Senator Liias, the Senate was declared to be at ease subject to the call of the President.

Senator McCoy announced a meeting of the Committee on Facilities & Operations at 1:40 p.m. in the Office of the Majority Leader.

AFTERNOON SESSION

The Senate was called to order at 2:50 p.m. by President Habib.

 SUBSTITUTE SENATE BILL NO. 5553.

MOTION

On motion of Senator Liias, the Senate advanced to the seventh order of business.

RULING BY THE PRESIDENT

President Habib: “A point of order was raised by Senator Baumgartner on the question of how many votes this bill will require for passage, for final passage. Once again, we will write a formal opinion, but given how much is going on today on the final day of the regular session we, I am going to rule from the rostrum for the time being.

The President wants to point out, first of all, there were a number of constitutional questions that were discussed by members during the striking amendment debate. The only question brought before the President was a parliamentary question about the vote threshold for final passage. And the question, the point of inquiry only requires the President to look to the constitution in so far as the constitution gives guidance around the vote threshold. When it comes to the issue of initiatives, the only, the only instance in which a particular vote threshold is articulated is in the event of an initiative to the people. Meaning the language used refers to a majority of electors having voted. And in that instance, the initiative may not be amended for two years unless it is amended by a two-thirds vote of each, of the houses of the legislature. There is no mention made of any vote threshold for amendments to initiatives brought to the legislature. So, in the absence of any articulated guidance to the President, that would articulate a different vote threshold, the President looks to the default vote threshold for a bill, which is in Article II, section 22 which is a constitutional majority, so in this body that would be 25 votes.”

WRITTEN RULING: Formal Ruling issued by the President of the Senate - In responding to the Point of Parliamentary Inquiry raised by Senator Baumgartner as to the number of votes required for final passage of ESHB 3003, the President finds and rules as follows:

Article II, Section 1 of the Constitution provides for two kinds of initiatives: initiatives to the people and initiatives to the legislature. Article II, Section 41 of the Constitution provides that an initiative to the people may not be amended or repealed by

the legislature within two years following enactment, except by a two-thirds vote of the members of the House and Senate. The Constitution is silent as to the number of votes required to amend an initiative to the Legislature.

In his comments, Senator Baumgartner noted that ESHB 3003 effectively amends Initiative 940, an initiative to the Legislature. He then argued that ESHB 3003 therefore required a two-thirds vote.

The President, in ruling on the vote threshold for the passage of ESHB 3003, need not decide whether it seeks to amend Initiative 940. This is because, in either case, the vote threshold is clearly a constitutional majority of 25. In the case that ESHB 3003 does seek to amend Initiative 940, the Constitution does not provide a higher vote threshold for amending initiatives to the Legislature, and so the conclusion must be that the vote threshold is the default of a constitutional majority: 25 votes. Alternatively, if ESHB 3003 does not seek to amend Initiative 940, it should then be treated as any other bill, meaning the vote requirement is again only a constitutional majority of 25 as laid out in Article II, Section 22 of the Washington Constitution.

The President therefore finds that the number of votes required for the final passage of ESHB 3003 is 25.

PERSONAL PRIVILEGE

Senator Baumgartner: “Thank you Mr. President. I would encourage, that if possible, I appreciate that you are going to provide a written ruling, perhaps it might be in order and a good standard for this Senate if there was an ability to include with that a dissenting opinion from the maker of the motion or the person inquiring, so just some thought on that in the future, just for the record and the benefit of public discourse.”

REPLY BY THE PRESIDENT

President Habib: “Senator Baumgartner, we will be happy to, and have in the past, not consistently, but we’re happy to summarize the remarks that you made, or I believe Senator Ericksen actually if I am not mistaken, maybe made, in, maybe it was you, in support of your position. As well as that of Senator Pedersen. Summarize those for articulating the ruling of the President. We would be happy to do that to give the, future readers insight into what the two parties believed.”

The Senate resumed consideration of Engrossed Substitute House Bill No. 3003 which had been deferred earlier in the day on the day’s third reading calendare.

EDITOR'S NOTE: The actions of the 2018 Legislature regarding Initiative 940 and Engrossed Substitute House Bill No. 3003 were heard by the State Supreme Court in *Eyman v. Wyman*, Case No. 95749-5, filed April 20, 2018.

PARLIAMENTARY INQUIRY

Senator Ericksen: "So, what is our current policy with regards to the use of cellular devices for video recording from the wings and on the floor while we are engaged in floor action? By nonmembers of the media?"

President Habib: "You mean by senators?"

Senator Ericksen: "By senators, people in the wings, people not in the gallery, and people not involved in the media?"

RULING BY THE PRESIDENT

President Habib: "Senator Ericksen, so Senator Ericksen has asked the President regarding the Senate's own rules concerning the use of mobile devices for video recording and there are two, two sources of authority here in the rules. One is, there has been a slight liberalization with respect to the use of cell phones but, even under the more liberal rules that you all adopted earlier this year, the use of cell phones is to be respectful and so the President believes that not only means keeping on silent, a gentle reminder about that, but also to that respectful use does not include using it for video recording of other members. And the other, the other issue that the President would remind members of is the issue of decorum. Indecorous conduct and you know I, I don't want to, much as some might believe, I don't enjoy having to bring these issues up all the time but the President does find that you are as dignified as you behave. And so, whether it is taking photos of each other or videos of each other during speeches, tearing up copies of our constitution, whatever it might be, I think we all need to think about the behavior that we exhibit. The speech of course, we want to be as permissive as possible, senators' speech.

One final note, is with regard to the wings, the President believes that a very limited, if there is a situation where a member of staff would like to take an isolated photo for some reason that there is some leeway there but the President, if there is an issue in the wings where it's creating disruption, videos, et cetera, then the President will ask that conduct be ceased, just as I do when it comes to excessive speaking and noise in the wings. So, Senator Ericksen, I hope that answers your question."

MOTION

On motion of Senator Liias, the Senate reverted to the sixth order of business.

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 2269, by House Committee on Finance (originally sponsored by Representatives Kilduff, Muri, Kraft, Stanford, Eslick, McBride, Sawyer, Orcutt, Haler, Senn, Reeves, Young, Ryu and Doglio)

MESSAGE FROM THE HOUSE

March 7, 2018

MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 6087 with the following amendment(s): 6087.E AMH ENGR H5191.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28B.95.020 and 2016 c 69 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Academic year" means the regular nine-month, three-quarter, or two-semester period annually occurring between August 1st and July 31st.

(2) "Account" means the Washington advanced college tuition payment program account established for the deposit of all money received by the office from eligible purchasers and interest earnings on investments of funds in the account, as well as for all expenditures on behalf of eligible beneficiaries for the redemption of tuition units and for the development of any authorized college savings program pursuant to RCW 28B.95.150.

(3) "Advisor sold" means a channel through which a broker dealer, investment advisor, or other financial intermediary recommends the Washington college savings program established pursuant to RCW 28B.95.010 to eligible investors and assists with the opening and servicing of individual college savings program accounts.

(4) "College savings program account" means the Washington college savings program account established pursuant to RCW (~~28B.95.010~~) 28B.95.085.

(5) "Committee on advanced tuition payment and college savings" or "committee" means a committee of the following members: The state treasurer, the director of the office of financial management, the director of the office, or their designees, and two members to be appointed by the governor, one representing program participants and one private business representative with marketing, public relations, or financial expertise.

(6) "Contractual obligation" means a legally binding contract of the state with the purchaser and the beneficiary establishing that purchases of tuition units in the advanced college tuition payment program will be worth the same number of tuition units at the time of redemption as they were worth at the time of the purchase, except as provided in RCW 28B.95.030 (7) and (8).

(7) "Dual credit fees" means any fees charged to a student for participation in college in the high school under RCW 28A.600.290 or running start under RCW 28A.600.310.

(8) "Eligible beneficiary" means the person designated as the individual whose education expenses are to be paid from the advanced college tuition payment program or the college savings program. Qualified organizations, as allowed under section 529 of the federal internal revenue code, purchasing tuition unit contracts as future scholarships need not designate a beneficiary at the time of purchase.

(9) "Eligible contributor" means an individual or organization that contributes money for the purchase of tuition units, and for an individual college savings program account established pursuant to this chapter for an eligible beneficiary.

(10) "Eligible purchaser" means an individual or organization that has entered into a tuition unit contract with the governing body for the purchase of tuition units in the advanced college tuition payment program for an eligible beneficiary, or that has entered into a participant college savings program account contract for an eligible beneficiary. The state of Washington may be an eligible purchaser for purposes of purchasing tuition units to be held for granting Washington college bound scholarships.

(11) "Full-time tuition charges" means resident tuition charges at a state institution of higher education for enrollments between ten credits and eighteen credit hours per academic term.

(12) "Governing body" means the committee empowered by the legislature to administer the Washington advanced college tuition payment program and the Washington college savings program.

(13) "Individual college savings program account" means the formal record of transactions relating to a Washington college savings program beneficiary.

(14) "Institution of higher education" means an institution that offers education beyond the secondary level and is recognized by the internal revenue service under chapter 529 of the internal revenue code.

(15) "Investment board" means the state investment board as defined in chapter 43.33A RCW.

(16) "Investment manager" means the state investment board, another state, or any other entity as selected by the governing body, including another college savings plan established pursuant to section 529 of the internal revenue code.

(17) "Office" means the office of student financial assistance as defined in chapter 28B.76 RCW.

(18) "Owner" means the eligible purchaser or the purchaser's successor in interest who shall have the exclusive authority to make decisions with respect to the tuition unit contract or the individual college savings program contract. The owner has exclusive authority and responsibility to establish and change the asset investment options for a beneficiaries' individual college savings program account.

(19) "Participant college savings program account contract" means a contract to participate in the Washington college savings program between an eligible purchaser and the office.

(20) "State institution of higher education" means institutions of higher education as defined in RCW 28B.10.016.

(21) "Tuition and fees" means undergraduate tuition and services and activities fees as defined in RCW 28B.15.020 and 28B.15.041 rounded to the nearest whole dollar. For purposes of this chapter, services and activities fees do not include fees charged for the payment of bonds heretofore or hereafter issued for, or other indebtedness incurred to pay, all or part of the cost of acquiring, constructing, or installing any lands, buildings, or facilities.

(22) "Tuition unit contract" means a contract between an eligible purchaser and the governing body, or a successor agency appointed for administration of this chapter, for the purchase of tuition units in the advanced college tuition payment program for a specified beneficiary that may be redeemed at a later date for an equal number of tuition units, except as provided in RCW 28B.95.030 (7) and (8).

(23) "Unit cash value price" means the total value of assets under management in the advanced college tuition payment program on a date to be determined by the committee, divided by the total number of outstanding units purchased by eligible purchasers before July 1, 2015, and any outstanding units accrued by eligible purchasers as a result of the July 2017 unit rebase. For purposes of this calculation, the total market value of assets shall exclude the total accumulated market value of proceeds from units purchased after June 30, 2015.

(24) "Unit purchase price" means the minimum cost to purchase one tuition unit in the advanced college tuition payment program for an eligible beneficiary. Generally, the minimum purchase price is one percent of the undergraduate tuition and fees for the current year, rounded to the nearest whole dollar, adjusted for the costs of administration and adjusted to ensure the actuarial soundness of the account. The analysis for price setting shall also include, but not be limited to consideration of past and projected patterns of tuition increases, program liability, past and projected investment returns, and the need for a prudent stabilization reserve.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

Sec. 2. RCW 28B.95.030 and 2016 c 69 s 4 are each amended to read as follows:

(1) The Washington advanced college tuition payment program shall be administered by the committee on advanced tuition payment which shall be chaired by the director of the office. The committee shall be supported by staff of the office.

(2)(a) The Washington advanced college tuition payment program shall consist of the sale of tuition units, which may be redeemed by the beneficiary at a future date for an equal number of tuition units regardless of any increase in the price of tuition, that may have occurred in the interval, except as provided in subsections (7) and (8) of this section.

(b) Each purchase shall be worth a specific number of or fraction of tuition units at each state institution of higher education as determined by the governing body, except as provided in subsections (7) and (8) of this section.

(c) The number of tuition units necessary to pay for a full year's, full-time undergraduate tuition and fee charges at a state institution of higher education shall be set by the governing body at the time a purchaser enters into a tuition unit contract, except as provided in subsections (7) and (8) of this section.

(d) The governing body may limit the number of tuition units purchased by any one purchaser or on behalf of any one beneficiary, however, no limit may be imposed that is less than that necessary to achieve four years of full-time, undergraduate tuition charges at a state institution of higher education. The governing body also may, at its discretion, limit the number of participants, if needed, to ensure the actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program is designed to help all citizens of the state of Washington, the governing body may determine residency requirements for eligible purchasers and eligible beneficiaries to ensure the actuarial soundness and integrity of the program.

(3)(a) No tuition unit may be redeemed until two years after the purchase of the unit.

(b) Units may be redeemed for enrollment at any institution of higher education that is recognized by the internal revenue service under chapter 529 of the internal revenue code. Units may also be redeemed to pay for dual credit fees.

(c) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the rate for state public institutions in effect at the time of redemption.

(4) The governing body shall determine the conditions under which the tuition benefit may be transferred to another family member. In permitting such transfers, the governing body may not allow the tuition benefit to be bought, sold, bartered, or otherwise exchanged for goods and services by either the beneficiary or the purchaser.

(5) The governing body shall administer the Washington advanced college tuition payment program in a manner reasonably designed to be actuarially sound, such that the assets of the trust will be sufficient to defray the obligations of the trust including the costs of administration. The governing body may, at its discretion, discount the minimum purchase price for certain kinds of purchases such as those from families with young children, as long as the actuarial soundness of the account is not jeopardized.

(6) The governing body shall annually determine current value of a tuition unit.

(7) For the 2015-16 and 2016-17 academic years only, the governing body shall set the payout value for units redeemed during that academic year only at one hundred seventeen dollars and eighty-two cents per unit. For academic years after the 2016-17 academic year, the governing body shall make program

adjustments it deems necessary and appropriate to ensure that the total payout value of each account on October 9, 2015, is not decreased or diluted as a result of the initial application of any changes in tuition under section 3, chapter 36, Laws of 2015 3rd sp. sess. In the event the committee or governing body provides additional units under chapter 36, Laws of 2015 3rd sp. sess., the committee and governing body shall also increase the maximum number of units that can be redeemed in any year to mitigate the reduction in available account value during any year as a result of chapter 36, Laws of 2015 3rd sp. sess. The governing body must notify holders of tuition units after the adjustment in this subsection is made and must include a statement concerning the adjustment.

(8) The governing body shall allow account owners who purchased units before July 1, 2015, to redeem such units at the unit cash value price provided that all the redeemed funds are deposited immediately into an eligible Washington college savings program account established by the governing body. Within ninety days of the effective date of this section, the committee, in consultation with the state actuary and state investment board, shall:

(a) Establish a period that is not less than ninety days during which eligible purchasers may redeem units at the unit cash value price for the purposes of this subsection and provide at least thirty days' notice prior to the ninety-day window to all eligible account holders about the redemption option; and

(b) Establish the unit cash value price. The committee, in consultation with the state actuary and the state investment board, may revalue the unit cash value price established in this subsection (8)(b) up to three times during the ninety-day period in which eligible purchasers may redeem units for the unit cash value price.

(9)(a) After the governing body completes the requirements of subsection (8) of this section, the governing body shall adjust, by March 1, 2019, all remaining unredeemed units purchased before July 1, 2015, as follows:

(i) First, the governing body shall take the difference between the average unit purchase price in each individual's account and the 2016-17 unit payout value and increase the number of units in each individual's account by a number of units of equivalent total value at the 2017-18 unit purchase price, if the average unit purchase price is more than the 2016-17 unit payout value; and

(ii) Second, after (a)(i) of this subsection is completed, the governing body, with assistance from the state actuary, shall grant an additional number of units to each account holder with unredeemed and purchased units before July 1, 2015, in order to lower the best-estimate funded status of the program to one hundred twenty-five percent, subject to a limit of an increase of fifteen percent of unredeemed and purchased units per account holder. The state actuary shall select the measurement date, assumptions, and methods necessary to perform an actuarial measurement consistent with the purpose of this subsection.

(b) For the purpose of this subsection (9), and for account holders with uncompleted custom monthly contracts, the governing body shall only include purchased and unredeemed units before July 1, 2015.

(10) The governing body shall collect an amortization fee as a component of each future unit sold whenever the governing body determines amortization fees are necessary to increase the best-estimate funded status of the program.

(11) The governing body shall promote, advertise, and publicize the Washington advanced college tuition payment program. Materials and online publications advertising the Washington advanced college tuition payment program shall include a disclaimer that the Washington advanced college tuition

payment program's guarantee is that one hundred tuition units will equal one year of full-time, resident, undergraduate tuition at the most expensive state institution of higher education, and that if resident, undergraduate tuition is reduced, a tuition unit may lose monetary value.

((9)) (12) In addition to any other powers conferred by this chapter, the governing body may:

(a) Impose reasonable limits on the number of tuition units or units that may be used in any one year;

(b) Determine and set any time limits, if necessary, for the use of benefits under this chapter;

(c) Impose and collect administrative fees and charges in connection with any transaction under this chapter;

(d) Appoint and use advisory committees and the state actuary as needed to provide program direction and guidance;

(e) Formulate and adopt all other policies and rules necessary for the efficient administration of the program;

(f) Consider the addition of an advanced payment program for room and board contracts and also consider a college savings program;

(g) Purchase insurance from insurers licensed to do business in the state, to provide for coverage against any loss in connection with the account's property, assets, or activities or to further insure the value of the tuition units;

(h) Make, execute, and deliver contracts, conveyances, and other instruments necessary to the exercise and discharge of its powers and duties under this chapter;

(i) Contract for the provision for all or part of the services necessary for the management and operation of the program with other state or nonstate entities authorized to do business in the state;

(j) Contract for other services or for goods needed by the governing body in the conduct of its business under this chapter;

(k) Contract with financial consultants, actuaries, auditors, and other consultants as necessary to carry out its responsibilities under this chapter;

(l) Solicit and accept cash donations and grants from any person, governmental agency, private business, or organization; and

(m) Perform all acts necessary and proper to carry out the duties and responsibilities of this program under this chapter.

Sec. 3. RCW 28B.95.045 and 2016 c 69 s 6 are each amended to read as follows:

(1) The committee shall create an expedited process by which owners can complete a direct rollover or investment change of a 529 account from a:

(a) ((a)) State-sponsored prepaid tuition plan to a state-sponsored college savings plan((:));

(b) ((a)) State-sponsored college savings plan to a state-sponsored prepaid tuition plan((:)); or

(c) ((a)) State-sponsored prepaid tuition plan or a state-sponsored college savings plan to an out-of-state eligible 529 plan.

(2) The committee shall report annually to the governor and the appropriate committees of the legislature on (a) the number of accounts that have been rolled into the Washington college savings program from out of state and (b) the number of accounts rolled out of the Washington college savings program to 529 plans into other states.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect April 15, 2018."

Correct the title.

I have three GET accounts for my kids. My question is, pursuant to Rule 22, should I abstain from voting?"

RULING BY THE PRESIDENT

President Habib: "Senator Palumbo, because you are a member of a very large class of those who have purchased GET credits, this legislation does not concern you personally or in any particular way and therefore the President sees no problem, no issue, with you voting on this measure."

The President declared the question before the Senate to be the motion by Senator Mullet that the Senate concur in the House amendment(s) to Engrossed Senate Bill No. 6087.

The motion by Senator Mullet carried and the Senate concurred in the House amendment(s) to Engrossed Senate Bill No. 6087 by voice vote.

The President declared the question before the Senate to be the final passage of Engrossed Senate Bill No. 6087, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Senate Bill No. 6087, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 45; Nays, 3; Absent, 1; Excused, 0.

Voting yea: Senators Angel, Bailey, Becker, Billig, Braun, Brown, Carlyle, Chase, Cleveland, Conway, Darneille, Dhingra, Ericksen, Fain, Fortunato, Hawkins, Hobbs, Honeyford, Hunt, Keiser, King, Kuderer, Liias, McCoy, Miloscia, Mullet, Nelson, O'Ban, Padden, Palumbo, Pedersen, Ranker, Rivers, Saldaña, Schoesler, Sheldon, Short, Takko, Van De Wege, Wagoner, Walsh, Warnick, Wellman, Wilson and Zeiger

Voting nay: Senators Baumgartner, Frockt and Hasegawa

Absent: Senator Rolfes

ENGROSSED SENATE BILL NO. 6087, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

March 2, 2018

MR. PRESIDENT:

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

The House passed SUBSTITUTE SENATE BILL NO. 5746 with the following amendment(s): 5746-S AMH ENGR H5081.E

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.15.030 and 2005 c 69 s 1 are each amended to read as follows:

(1) The association of Washington generals is organized as a private, nonprofit, nonpartisan((z)) corporation in accordance with chapter 24.03 RCW and this section.

(2) The purpose of the association of Washington generals is to:

(a) Provide the state a means of extending formal recognition for an individual's outstanding services to the state; ~~((and))~~

(b) Bring together those individuals to serve the state as ambassadors of trade, tourism, and international goodwill; and

(c) Expand educational, sports, and/or employment opportunities for youth, veterans, and people with disabilities in Washington state.

(3) The association of Washington generals may conduct activities in support of their mission, including but not limited to:

(a) Establishing selection criteria for selecting Washington generals;

~~(b) ((Operating a statewide essay competition;~~

~~((e)))~~ Training Washington generals as ambassadors of the state of Washington, nationally and internationally; and

~~((d))~~ (c) Promoting Washington generals as ambassadors of the state of Washington.

(4) The association of Washington generals is governed by a board of directors. The board is composed of the governor, lieutenant governor, and the secretary of state, who serve as ex officio, nonvoting members, and other officers and members as the association of Washington generals designates.

(5) The board shall:

(a) Review nominations for and be responsible for the selection of Washington generals; ~~((and))~~

(b) Establish the title of honorary Washington general to honor worthy individuals from outside the state of Washington; and

(c) Adopt bylaws and establish governance and transparency policies.

~~((5))~~ (6) The lieutenant governor's office may provide technical and financial assistance for the association of Washington generals, where the work of the association aligns with the mission of the office. Assistance from the lieutenant governor's office may include, but is not limited to:

(a) Collaboration with the association of Washington generals on the Washington world fellows program, a college readiness and study abroad fellowship administered by the office of the lieutenant governor;

(b) Beginning January 1, 2019, collaboration with the association of Washington generals to administer the sports mentoring program as established under section 3 of this act, a mentoring program to encourage underserved youth to join sports or otherwise participate in the area of sports; and

(c) The compilation of a yearly financial report, which shall be made available to the legislature no later than January 15th of each year, detailing all revenues and expenditures associated with the Washington world fellows program and the sports mentoring program. Any expenditures made by the association of Washington generals in support of the Washington world fellows program and the sports mentoring program shall be made available to the office of the lieutenant governor for the purpose of inclusion in the annual financial report.

~~((6))~~ (7) The legislature may make appropriations in support of the Washington generals subject to the availability of funds.

(8) The office of the lieutenant governor must post on its web site detailed information on all funds received by the association of Washington generals and all expenditures by the association of Washington generals.

Sec. 2. RCW 46.68.420 and 2017 c 25 s 3 and 2017 c 11 s 4 are each reenacted and amended to read as follows:

(1) The department shall:

(a) Collect special license plate fees established under RCW 46.17.220;

(b) Deduct an amount not to exceed twelve dollars for initial issue and two dollars for renewal issue for administration and collection expenses incurred by it; and

(c) Remit the remaining proceeds to the custody of the state treasurer with a proper identifying detailed report.

(2) The state treasurer shall credit the proceeds to the motor vehicle account until the department determines that the state has been reimbursed for the cost of implementing the special license plate. Upon determination by the department that the state has been reimbursed, the state treasurer shall credit the remaining special license plate fee amounts for each special license plate to the following appropriate account as created in this section in the custody of the state treasurer:

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

NEW SECTION. Sec. 3. A new section is added to chapter 43.15 RCW to read as follows:

(1) The sports mentoring program is established to enable eligible nonprofit community-based organizations to provide opportunities for underserved youth to join sports teams or otherwise participate in the area of sports. The goal of the program is to support youth in building self-confidence, developing skills in the areas of goal setting and collaboration, and promoting a healthy lifestyle through forming positive relationships with peers and family, avoiding risky or delinquent behavior, and achieving educational success. Proceeds from the Seattle Mariners special license plate, issued under RCW 46.18.200, must be deposited into the Seattle Mariners account in accordance with RCW 46.68.420. Funds in the account may only be used, except as provided under RCW 46.68.420(6), for grants to support youth to stay in school, participate in sports, and receive mentorships.

(2) The office of lieutenant governor will collaborate with the association of Washington generals to issue competitive grants to eligible organizations. The following criteria must be used to prioritize applications:

(a) Services provided by the organization to program participants are provided without a fee;

(b) Eligible organizations must assist children with enrolling in sports through their parents, guardians, or coach; and

(c) Eligible organizations must provide professional staff support to the mentor, child, and parent.

(3) Eligible organizations must meet the following requirements:

(a) Be a 501(c)(3) nonprofit organization;

(b) Conduct national criminal background checks for all employees and volunteer mentors who work with children;

(c) Have adopted standards for care including staff training, health and safety standards, and mechanisms for assessing and enforcing the program's compliance with the standards adopted;

(d) Ensure that sixty percent or more of the children they serve are eligible for free or reduced-price lunch;

(e) Provide free, direct services to children through volunteer mentoring; and

(f) Provide professional oversight of all mentoring relationships for each child served.

Sec. 4. RCW 46.17.220 and 2017 c 25 s 2 and 2017 c 11 s 3 are each reenacted and amended to read as follows:

SUBSTITUTE SENATE BILL NO. 5746, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Braun: "Thank you Mr. President. So, I would like to just take a moment Mr. President, to recognize a great Washington General from my district who passed away last week, if I may? Several folks in this chamber may know Cy Meyers. He's a well known, certainly in Republican circles, but well known much beyond those circles for the work he did for his community and for the state. And if I may, I am just going to give you a little background. Because I think his life provides, is an inspirational story for all of us and one that we could surely use as an example in these days. So, Cy Meyers was born in Hood River, Oregon actually I guess Parkdale, Oregon, but he grew up in Hood River, Oregon and graduated from Hood River High School back in 1943. He had actually been drafted by the U.S. Army and got a deferment to finish high school. Interesting story, he was signed into the army as an enlisted member, negotiated to get discharged from the Army, the same day signed up with the Navy, in the same day get transferred to the Marine Corp in the same day because he really wanted to be in the Marine Corp because his father was in the Marine Corp. So this was 1943, the country was at war. Aand just to back up a little bit, prior to that, and I passed out an article, and I think that you'll find interesting reading. It was actually published back, initially, back in 2009 when his wife passed away, and it is great story about Cy. But he was in high school naturally during Pearl Harbor. He tells about some of his Japanese-American friends being processed for interment and the sadness that caused. It really a sad day for the nation, frankly, and we had some discussion about that earlier in the session. But to get back to my story, joined the Marine Corp, fought in Iwo Jima, was part of a tank battalion in Iwo Jima, went on to serve in the occupation of Japan. The war ended, he left the Marine Corp, actually joined the reserves. Came home, met his soon-to-be wife in Hood River, went to work driving a fruit truck, did that and selling fruit for about ten years, during which time he got pulled back into the Marine Corp as part of the conflict in Korea. Finished that, came home and just went back to work like many Americans in that era did. Doing, just a blue collar worker, getting the job done. Taking care of his family. In, I think it was around 1960, he moved to the Winlock area which is in my District Mr. President, went to work selling eggs. Now eggs, at the time Winlock was the egg capital of the world. They still have an enormous model egg in Winlock. If you're ever passing through it is right off I-

NEW SECTION. Sec. 7. A new section is added to chapter 46.04 RCW to read as follows:

"Seattle Mariners license plates" means special license plates issued under RCW 46.18.200 that display a symbol or artwork recognizing the Seattle Mariners.

Senator Kuderer spoke in favor of the motion.

The President declared the question before the Senate to be the motion by Senator Kuderer that the Senate concur in the House amendment(s) to Substitute Senate Bill No. 5746.

The motion by Senator Kuderer carried and the Senate concurred in the House amendment(s) to Substitute Senate Bill No. 5746 by voice vote.

The President declared the question before the Senate to be the final passage of Substitute Senate Bill No. 5746, as amended by the House.

5. Great place to stop for lunch or breakfast. But Cy sold eggs for twenty years nearly. Which is pretty interesting, again kind of a blue collar job. He retired from that and went to work as the custodian at the Winlock High School for ten years. And he loved it there. He loved being part of the community, being part of the school district, being close to the children. And he was a great role model for the children. He worked there all through the 80s. Technically retired in the 90s. Although I never seen Cy, technically, actually look like he was retired. From there he went directly in to work in his community and he did all kinds of stuff. He worked for the Lions; with the booster club; with Little League. He served on the school board. He served as a council member. He ultimately became mayor in the early 2000s and that's actually when I met Cy. He was the mayor and this is a gentleman at the time in his 80s. He was Mayor of Winlock. And I first met him when I was on the school, Timberland Library Board at the time and we were down there taking a look at the Winlock Library. And the Winlock Library is a very nice library, of course I am very proud of all the Timberland Libraries, but it is nothing like what you would see like in the city of Seattle. It is a fairly modest building. But you couldn't find a person more proud to have a library in the town of Winlock. And so proud of his community and so eager to help the folks in his community succeed. It's just inspiring. That's the first time I met Cy. It felt, from that day on, it felt like I'd known him forever. And I'd seen him off and on. As I said, I often see him at Republican events but for him, and I just want to mention that for him, he was a very staunch Republican but for him it was actually the sort of thing, you know, perhaps on both sides of the aisle, there are times when we are not as proud of our partisan affiliations as we would like to be. But when you met Cy it made you proud 'cause he was just a good guy. He's a great American. He's a good friend. And he lived a great life. The type of life I think we all could be inspired by and I want to thank Governor Gregoire for ultimately nominating him to be one of our Washington Generals. It is a great program. It is great that they honor people like this. Thank you Mr. President."

Mr. Marvin B. "Cy" Meyers, November 21, 1924, Parkdale, OR – March 3, 2018, Winlock.

MOTION

On motion of Senator Liias, the Senate advanced to the eighth order of business.

MOTION

Senator Liias moved adoption of the following resolution:

SENATE RESOLUTION
 8732

By Senators Liias, King, Hobbs, Fain, Wellman, Billig, Darneille, Dhingra, Kuderer, Ranker, Hasegawa, Keiser, Frockt, McCoy, Rolfes, Carlyle, Chase, Palumbo, Hunt, Cleveland, Takko, Conway, Saldaña, and Pedersen

WHEREAS, Representative Judy Clibborn has dedicated her career to the good of the people; and

WHEREAS, She began her service as a Registered Head Nurse at Harborview Medical Center; and

WHEREAS, She made the correct choice to become a Husky in receiving her degrees from the University of Washington; and

WHEREAS, She previously served her Mercer Island community as the mayor, city councilmember, and the Executive Director of the Mercer Island Chamber of Commerce; and

WHEREAS, On being elected to the House of Representatives in 2003, she quickly demonstrated patience, humility, and a willingness to listen, earning the respect of colleagues in both caucuses; and

WHEREAS, Since being named Chair of the House Transportation Committee in 2007, she has connected all corners of our state, helped build bridges, both physical and metaphorical, and graciously served all residents of Washington; and

WHEREAS, Throughout her distinguished career in public service she has maintained a rich family life, married to her loving supportive husband Bruce for 52 years, raising their three children Andrea, Erica, and Chad, and spoiling their six grandchildren, Whitney, Blake, Parker, Cash, Owen, and Nora; and

WHEREAS, She also served as a foster parent, providing a safe home and loving heart for children who needed them; and

WHEREAS, She is an unabashed feminist and encourages women everywhere to serve their communities and take the lead; and

WHEREAS, Her leadership and service have benefited all residents of Washington, so much so that she has received various awards and accolades, including Legislator of the Year from both the Associated General Contractors of Washington in 2010 and the Washington State Transit Association in 2015; and

WHEREAS, It is clear that she is a person who knows what she wants, as evidenced by the fact that she always orders the same lunch of turkey sandwich on wheat, plain lays chips, and a diet coke; and

WHEREAS, Judy has demonstrated that she understands the value of being economical, dependable, committed, and resourceful by refusing to upgrade her iPhone 5; and

WHEREAS, She demonstrated her strong grasp of work-life balance by negotiating the historic 2015 transportation revenue package, in part at least from a beach in Mexico while celebrating her 70th birthday with her family;

NOW, THEREFORE, BE IT RESOLVED, That the Washington State Senate recognize Representative Judy Clibborn and the contributions she has made to her Mercer Island community, the state, and both chambers during her fifteen years of service to the Legislature.

Senators Liias, King, Wellman, Fain, Hobbs, Hawkins, Pedersen, Takko, Warnick, Hunt, Bailey, Ranker, Zeiger and Kuderer spoke in favor of adoption of the resolution.

The President declared the question before the Senate to be the adoption of Senate Resolution No. 8732.

The motion by Senator Liias carried and the resolution was adopted by voice vote.

REMARKS BY THE PRESIDENT

President Habib: “The President would like to take a moment, and I’ve already asked her if she would like to address the Senate, but I just want to take the President’s Privilege of just saying one thing about Representative Clibborn which is that I, my first experience in the Legislature, ever coming to the legislature testifying on, in support of then Representative Carlyle’s bill on distracted driving, in the House Transportation Committee, I was in front of Judy Clibborn, and you all would be unsurprised to know that I went long and did not have a green light prompt that obviously made any difference to me, or red light. So, I kept talking and she very gently gave me the last line treatment and when I went back as Lieutenant Governor a week or two ago for one of my bills that we just passed earlier today, I was very sure to be brief in my remarks. But you know she, I came in replacing I think her best friend, or one of her best friends, Deb Eddy, and I had some concern about how she would feel about me taking her place but she was just so gracious and welcoming as all these stories today have indicated of bringing me into the eastside legislators community.

And one final point I want to make, and she’ll correct me if I am wrong, but I believe Judy was the first woman to represent at least the core east side. I know there was Kathleen Drew was, Senator Drew here from the 5th, but of the 41st, 48th and 45th which now has an entirely female delegation, all nine legislators that touch Lake Washington on the east side there are women now but when she was first elected I believe you were the first to hold that distinction and she is just a trailblazer in so many ways. And Representative Clibborn, please know that if it weren’t sine die it wouldn’t have been one-third of the senators speaking it would be every single one of the senators speaking. But please know

how much this body appreciates you, respects you and now if you would do us the great honor of taking the podium and just speaking to us from the President's desk."

With the permission of the senate, business was suspended to allow Representative Clibborn to make remarks.

REMARKS BY REPRESENTATIVE CLIBBORN

Representative Clibborn: So, I wasn't prepared for this. I am overwhelmed and I am so appreciative. Here we are, the last day. We don't have a lot of time and we are all sitting here talking about some of my favorite stories. And I wasn't the first woman, I replaced Ida Ballasiotes, but I was the first Democrat. So, that was, yeah. But it doesn't matter, I like everyone, and I like to work with everyone. It has been so overwhelming and I am so moved by your stories. I know each of you. I know those stories and I think about you. Some of you have been my inspiration. I have learned so much from all of you. I didn't start out being patient and I didn't start out being able to hear all sides. I had to learn to do that and so one thing I have been saying is as we look at how we work with each other, as we learn from each other, I hope that we continue to work together because that is what made us so able to do the things that you're all talking about. If we weren't together, we wouldn't have had the package. And you are all my friends and I just appreciate this so much. I can't say enough. Thank you."

MOTION

On motion of Senator Liias, the Senate reverted to the fourth order of business.

PERSONAL PRIVILEGE

Senator Keiser: "I'd just like to note that today is International Womens Day and this has been an international celebration since 2008, yeah 2008. No 1908. It is a very old celebration. And I just wanted to notice that we have had a lot to celebrate in this chamber this year when it comes to women's rights because we've done some really good work and passed some very good bills. And I want to thank all of the members here but, especially, I would like to thank some people who don't usually get much attention. A lot of times in these celebrations we talk about the very famous and sometimes the very notorious women in the world, but today I would just like to read the first names of the women who work on our custodial staff and clean up after our messes. Because as you know, we make a lot of mess around here. So I would like to thank on this International Women's Day our custodial staff people including Shelly, Swoon, LeAnn, Mong, and yes that is her real name, Cena, Cassie, Doris number one, Doris number two, Kim, Annette, and Larissa. And the next time you see them would you please say, 'Thank you?' Thank you very much."

MOTION

On motion of Senator Liias, the Senate advanced to the sixth order of business.

SECOND READING

ENGROSSED HOUSE BILL NO. 2444, by Representatives Slatter, Robinson, McBride, Clibborn, Appleton, Tharinger, Kloba, Doglio and Tarleton

Providing a real estate excise tax exemption for certain transfers of low-income housing.

The measure was read the second time.

MOTION

Senator Frockt moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 82.45.010 and 2014 c 58 s 24 are each amended to read as follows:

(1) As used in this chapter, the term "sale" has its ordinary meaning and includes any conveyance, grant, assignment, quitclaim, or transfer of the ownership of or title to real property, including standing timber, or any estate or interest therein for a valuable consideration, and any contract for such conveyance, grant, assignment, quitclaim, or transfer, and any lease with an option to purchase real property, including standing timber, or any estate or interest therein or other contract under which possession of the property is given to the purchaser, or any other person at the purchaser's direction, and title to the property is retained by the vendor as security for the payment of the purchase price. The term also includes the grant, assignment, quitclaim, sale, or transfer of improvements constructed upon leased land.

(2)(a) The term "sale" also includes the transfer or acquisition within any twelve-month period of a controlling interest in any entity with an interest in real property located in this state for a valuable consideration.

(b) For the sole purpose of determining whether, pursuant to the exercise of an option, a controlling interest was transferred or acquired within a twelve-month period, the date that the option agreement was executed is the date on which the transfer or acquisition of the controlling interest is deemed to occur. For all other purposes under this chapter, the date upon which the option is exercised is the date of the transfer or acquisition of the controlling interest.

(c) For purposes of this subsection, all acquisitions of persons acting in concert must be aggregated for purposes of determining whether a transfer or acquisition of a controlling interest has taken place. The department must adopt standards by rule to determine when persons are acting in concert. In adopting a rule for this purpose, the department must consider the following:

(i) Persons must be treated as acting in concert when they have a relationship with each other such that one person influences or controls the actions of another through common ownership; and

(ii) When persons are not commonly owned or controlled, they must be treated as acting in concert only when the unity with which the purchasers have negotiated and will consummate the transfer of ownership interests supports a finding that they are acting as a single entity. If the acquisitions are completely independent, with each purchaser buying without regard to the identity of the other purchasers, then the acquisitions are considered separate acquisitions.

(3) The term "sale" does not include:

(a) A transfer by gift, devise, or inheritance.

(b) A transfer by transfer on death deed, to the extent that it is not in satisfaction of a contractual obligation of the decedent owed to the recipient of the property.

(c) A transfer of any leasehold interest other than of the type mentioned above.

(d) A cancellation or forfeiture of a vendee's interest in a contract for the sale of real property, whether or not such contract

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

contains a forfeiture clause, or deed in lieu of foreclosure of a mortgage.

(e) The partition of property by tenants in common by agreement or as the result of a court decree.

(f) The assignment of property or interest in property from one spouse or one domestic partner to the other spouse or other domestic partner in accordance with the terms of a decree of dissolution of marriage or state registered domestic partnership or in fulfillment of a property settlement agreement.

(g) The assignment or other transfer of a vendor's interest in a contract for the sale of real property, even though accompanied by a conveyance of the vendor's interest in the real property involved.

(h) Transfers by appropriation or decree in condemnation proceedings brought by the United States, the state or any political subdivision thereof, or a municipal corporation.

(i) A mortgage or other transfer of an interest in real property merely to secure a debt, or the assignment thereof.

(j) Any transfer or conveyance made pursuant to a deed of trust or an order of sale by the court in any mortgage, deed of trust, or lien foreclosure proceeding or upon execution of a judgment, or deed in lieu of foreclosure to satisfy a mortgage or deed of trust.

(k) A conveyance to the federal housing administration or veterans administration by an authorized mortgagee made pursuant to a contract of insurance or guaranty with the federal housing administration or veterans administration.

(l) A transfer in compliance with the terms of any lease or contract upon which the tax as imposed by this chapter has been paid or where the lease or contract was entered into prior to the date this tax was first imposed.

(m) The sale of any grave or lot in an established cemetery.

(n) A sale by the United States, this state or any political subdivision thereof, or a municipal corporation of this state.

(o) A sale to a regional transit authority or public corporation under RCW 81.112.320 under a sale/leaseback agreement under RCW 81.112.300.

(p) A transfer of real property, however effected, if it consists of a mere change in identity or form of ownership of an entity where there is no change in the beneficial ownership. These include transfers to a corporation or partnership which is wholly owned by the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner. However, if thereafter such transferee corporation or partnership voluntarily transfers such real property, or such transferor, spouse or domestic partner, or children of the transferor or the transferor's spouse or domestic partner voluntarily transfer stock in the transferee corporation or interest in the transferee partnership capital, as the case may be, to other than (i) the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, (ii) a trust having the transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner as the only beneficiaries at the time of the transfer to the trust, or (iii) a corporation or partnership wholly owned by the original transferor and/or the transferor's spouse or domestic partner or children of the transferor or the transferor's spouse or domestic partner, within three years of the original transfer to which this exemption applies, and the tax on the subsequent transfer has not been paid within sixty days of becoming due, excise taxes become due and payable on the original transfer as otherwise provided by law.

(q)(i) A transfer that for federal income tax purposes does not involve the recognition of gain or loss for entity formation, liquidation or dissolution, and reorganization, including but not

limited to nonrecognition of gain or loss because of application of 26 U.S.C. Sec. 332, 337, 351, 368(a)(1), 721, or 731 of the internal revenue code of 1986, as amended.

(ii) However, the transfer described in (q)(i) of this subsection cannot be preceded or followed within a twelve-month period by another transfer or series of transfers, that, when combined with the otherwise exempt transfer or transfers described in (q)(i) of this subsection, results in the transfer of a controlling interest in the entity for valuable consideration, and in which one or more persons previously holding a controlling interest in the entity receive cash or property in exchange for any interest the person or persons acting in concert hold in the entity. This subsection (3)(q)(ii) does not apply to that part of the transfer involving property received that is the real property interest that the person or persons originally contributed to the entity or when one or more persons who did not contribute real property or belong to the entity at a time when real property was purchased receive cash or personal property in exchange for that person or persons' interest in the entity. The real estate excise tax under this subsection (3)(q)(ii) is imposed upon the person or persons who previously held a controlling interest in the entity.

(r) A qualified sale of a manufactured/mobile home community, as defined in RCW 59.20.030, that takes place on or after June 12, 2008, but before December 31, 2018.

(s)(i) A transfer of a qualified low-income housing development or controlling interest in a qualified low-income housing development, unless, due to noncompliance with federal statutory requirements, the seller is subject to recapture, in whole or in part, of its allocated federal low-income housing tax credits within the four years prior to the date of transfer.

(ii) For purposes of this subsection (3)(s), "qualified low-income housing development" means real property and improvements in respect to which the seller or, in the case of a transfer of a controlling interest, the owner or beneficial owner, was allocated federal low-income housing tax credits authorized under 26 U.S.C. Sec. 42 or successor statute, by the Washington state housing finance commission or successor state-authorized tax credit allocating agency.

NEW SECTION. Sec. 2. This act applies with respect to transfers occurring before, on, or after the effective date of this section. However, this act may not be construed by the department of revenue, state board of tax appeals, or any court as authorizing the refund of any tax liability imposed or authorized under chapter 82.45 or 82.46 RCW and properly paid before the effective date of section 1 of this act with respect to a transfer of qualified low-income housing as defined in RCW 82.45.010(3)(s).

NEW SECTION. Sec. 3. This act takes effect July 1, 2018."

On page 1, line 2 of the title, after "housing;" strike the remainder of the title and insert "amending RCW 82.45.010; creating a new section; and providing an effective date."

MOTION

Senator Liias moved that the following amendment no. 952 by Senator Carlyle be adopted:

On page 5, after line 4 of the amendment, insert the following:

"(iii) This subsection (3)(s) does not apply to transfers of a qualified low-income housing development or controlling interest in a qualified low-income housing development occurring on or after July 1, 2035.

(iv) The Washington state housing finance commission, in consultation with the department, must gather data on: (A) The fiscal savings, if any, accruing to transferees as a result of the

exemption provided in this subsection (3)(s); (B) the extent to which transferors of qualified low-income housing developments receive consideration, including any assumption of debt, as part of a transfer subject to the exemption provided in this subsection (3)(s); and (C) the continued use of the property for low-income housing. The Washington state housing finance commission must provide this information to the joint legislative audit and review committee. The committee must conduct a review of the tax preference created under this subsection (3)(s) in calendar year 2033, as required under chapter 43.136 RCW."

Senators Liias and Fain spoke in favor of adoption of the amendment to the committee striking amendment.

The President declared the question before the Senate to be the adoption of amendment no. 952 by Senator Carlyle on page 5, after line 4 to the committee striking amendment.

The motion by Senator Liias carried and amendment no. 952 was adopted by voice vote.

THIRD READING

INITIATIVE NO. 940

Law enforcement

The bill was read on Third Reading.

Senators Pedersen, Hasegawa, Frockt, Dhingra and Hobbs spoke in favor of passage of the bill.
 Senators Padden, Honeyford, O'Ban, Baumgartner, Ericksen, Fortunato and Wagoner spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of Initiative No. 940.

ROLL CALL

The Secretary called the roll on the final passage of Initiative No. 940 and the Initiative passed the Senate by the following vote: Yeas, 25; Nays, 24; Absent, 0; Excused, 0.

Voting yea: Senators Billig, Carlyle, Chase, Cleveland, Conway, Darneille, Dhingra, Frockt, Hasegawa, Hobbs, Hunt, Keiser, Kuderer, Liias, McCoy, Mullet, Nelson, Palumbo, Pedersen, Ranker, Rolfes, Saldaña, Takko, Van De Wege and Wellman

Voting nay: Senators Angel, Bailey, Baumgartner, Becker, Braun, Brown, Ericksen, Fain, Fortunato, Hawkins, Honeyford, King, Miloscia, O'Ban, Padden, Rivers, Schoesler, Sheldon, Short, Wagoner, Walsh, Warnick, Wilson and Zeiger

INITIATIVE NO. 940, having received the constitutional majority, was declared passed. There being no objection, the title of the initiative was ordered to stand as the title of the act.

MOTION

On motion of Senator Liias, the Senate reverted to the fourth order of business.

MESSAGES FROM THE HOUSE

March 8, 2018

MR. PRESIDENT:

The House has passed:
 ENGROSSED SUBSTITUTE SENATE BILL NO. 6614,
 and the same is herewith transmitted.
 NONA SNELL, Deputy Chief Clerk

March 8, 2018

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6362 with the following amendment(s):
 6362-S2.E AMH ENGR H5190.E
 Strike everything after the enacting clause and insert the following:

Sec. 101. RCW 28A.150.260 and 2017 3rd sp.s. c 13 s 402 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

| | |
|--------------------------------------|-------|
| General education average class size | |
| Grades K-3 | 17.00 |
| Grade 4 | 27.00 |
| Grades 5-6 | 27.00 |
| Grades 7-8 | 28.53 |
| Grades 9-12 | 28.74 |

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

| | |
|---------------------------------------|-------|
| Laboratory science average class size | |
| Grades 9-12 | 19.98 |

(b)(i) Beginning September 1, ~~((2018))~~ 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

| | |
|---|-------|
| Career and technical education average class size | |
| Approved career and technical education offered at the middle school and high school level | 23.00 |
| Skill center programs meeting the standards established by the office of the superintendent of public instruction | 20.00 |

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

| | | | |

|---------------------------------|--------|------|------|

(6)(a) The minimum staffing allocation for each school district to provide district-wide support services shall be allocated per one thousand annual average full-time equivalent students in grades K-12 as follows:

| | |
|--------------------------------------|-------|
| Staff per 1,000 K-12 students | |
| Technology | 0.628 |
| Facilities, maintenance, and grounds | 1.813 |
| Warehouse, laborers, and mechanics | 0.332 |

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

| | |
|--|----------------|
| Per annual average full-time equivalent student in grades K-12 | |
| Technology | \$130.76 |
| Utilities and insurance | \$355.30 |
| Curriculum and textbooks | \$140.39 |
| Other supplies ((and library materials)) (((\$298.05)) <u>\$278.05</u> | |
| <u>Library materials</u> | <u>\$20.00</u> |
| Instructional professional development for certificated and classified staff | \$21.71 |
| Facilities maintenance | \$176.01 |
| Security and central office administration | \$121.94 |

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

| | |
|--|---------------|
| Per annual average full-time equivalent student in grades 9-12 | |
| Technology | \$36.35 |
| Curriculum and textbooks | \$39.02 |
| Other supplies ((and library materials)) (((\$82.84)) <u>\$77.28</u> | |
| <u>Library materials</u> | <u>\$5.56</u> |
| Instructional professional development for certificated and classified staff | \$6.04 |

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in ~~((schools where at least fifty percent of students are eligible for free and reduced-price meals))~~ qualifying schools. A qualifying school means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its total annual average enrollment. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through

twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

Sec. 102. RCW 28A.150.390 and 2017 3rd sp.s. c 13 s 406 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by ~~((0.9309))~~ 0.9609.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or thirteen and five-tenths percent.

NEW SECTION. Sec. 103. A new section is added to chapter 28A.160 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, a transportation alternate funding grant program is created.

(2) As part of the award process for the grants, the superintendent of public instruction must include a review of the school district's efficiency rating, key performance indicators, and local school district characteristics such as unique geographic constraints, low enrollment, geographic density of students, the percentage of students served under the McKinney-Vento homeless assistance act from outside the district, or whether the district is a nonhigh district.

Sec. 104. RCW 28A.165.055 and 2017 3rd sp.s. c 13 s 405 are each amended to read as follows:

(1) The funds for the learning assistance program shall be appropriated in accordance with RCW 28A.150.260 and the omnibus appropriations act. The distribution formula is for school district allocation purposes only, except as provided in RCW

28A.150.260(10)(a)(ii), but all funds appropriated for the learning assistance program must be expended for the purposes of RCW 28A.165.005 through 28A.165.065.

(2) A district's high poverty-based allocation is generated by its qualifying schools ~~((buildings))~~ as defined in RCW 28A.150.260(10) and must be expended by the district for those ~~((buildings))~~ schools. This funding must supplement and not supplant the district's expenditures under this chapter for those schools ~~((buildings))~~.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The superintendent of public instruction must require school districts to have identification procedures for their highly capable programs that are clearly stated and implemented by school districts using the following criteria:

(a) Districts must use multiple objective criteria to identify students who are among the most highly capable. Multiple pathways for qualifications must be available and no single criterion may disqualify a student from identification;

(b) Highly capable selection decisions must be based on consideration of criteria benchmarked on local norms, but local norms may not be used as a more restrictive criteria than national norms at the same percentile;

(c) Subjective measures such as teacher recommendations or report card grades may not be used to screen out a student from assessment. These data points may be used alongside other criteria during selection to support identification, but may not be used to disqualify a student from being identified; and

(d) To the extent practicable, screening and assessments must be given in the native language of the student. If native language screening and assessments are not available, a nonverbal screening and assessment must be used.

(2) The superintendent of public instruction must disseminate guidance on referral, screening, assessment, selection, and placement best practices for highly capable programs. The guidance must be regularly updated and aligned with evidence-based practices.

Sec. 106. RCW 28A.150.392 and 2017 3rd sp.s. c 13 s 407 are each amended to read as follows:

(1)(a) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c) Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for special education-eligible students and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual special education students served in residential schools as defined in RCW 28A.190.020, programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a program of education for students enrolled in special education.

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

~~((+))~~ (i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

~~((+))~~ (j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By ~~((September 1, 2019))~~ December 1, 2018, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section including revisions to rules that provide additional flexibility to access community impact awards. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

PART II: COMPENSATION

NEW SECTION. **Sec. 201.** The legislature recognizes that Initiative Measure No. 1433 was approved by the voters of the state of Washington in 2016 requiring employers to provide paid sick leave to each of its employees. The legislature acknowledges that the enactment of this initiative contributes to the costs of operations of the state's public schools and intends to provide funding in the omnibus appropriations act to support school districts with these additional costs.

Sec. 202. RCW 28A.150.410 and 2017 3rd sp.s. c 13 s 101 are each amended to read as follows:

(1) Through the 2017-18 school year, the legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher-librarians, guidance counselors, and student health services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Through the 2017-18 school year, salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Through the 2017-18 school year, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(4) Beginning in the 2007-08 school year and through the 2017-18 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

(5) By the ~~((2019-20))~~ 2018-19 school year, the minimum state allocation for salaries for certificated instructional staff in the basic education program must be increased ~~((beginning in the 2018-19 school year))~~ to provide a statewide average allocation of sixty-four thousand dollars adjusted for inflation from the 2017-18 school year.

(6) By the ~~((2019-20))~~ 2018-19 school year, the minimum state allocation for salaries for certificated administrative staff in the

basic education program must be increased (~~(beginning in the 2018-19 school year)~~) to provide a statewide average allocation of ninety-five thousand dollars adjusted for inflation from the 2017-18 school year.

(7) By the (~~(2019-20)~~) 2018-19 school year, the minimum state allocation for salaries for classified staff in the basic education program must be increased (~~(beginning in the 2018-19 school year)~~) to provide a statewide average allocation of forty-five thousand nine hundred twelve dollars adjusted by inflation from the 2017-18 school year.

(8) (~~(To implement the new minimum salary allocations in subsections (5) through (7) of this section, the legislature must fund fifty percent of the increased salary allocation in the 2018-19 school year and the entire increased salary allocation in the 2019-20 school year.)~~) For school year 2018-19, a district's minimum state allocation for salaries is the greater of the district's 2017-18 state salary allocation, adjusted for inflation, or the district's allocation based on the state salary level specified in subsections (5) through (7) of this section, and as further specified in the omnibus appropriations act.

(9) Beginning with the 2018-19 school year, state allocations for salaries for certificated instructional staff, certificated administrative staff, and classified staff must be adjusted for regional differences in the cost of hiring staff. Adjustments for regional differences must be specified in the omnibus appropriations act for each school year through at least school year 2022-23. For school years 2018-19 through school year 2022-23, the school district regionalization factors are based on the median single-family residential value of each school district and proximate school district median single-family residential value as described in RCW 28A.150.412.

(10) Beginning with the 2023-24 school year and every (~~(six)~~) four years thereafter, the minimum state salary allocations and school district regionalization factors for certificated instructional staff, certificated (~~(administration)~~) administrative staff, and classified staff must be reviewed and rebased, as provided under RCW 28A.150.412, to ensure that state salary allocations continue to align with staffing costs for the state's program of basic education.

(11) For the purposes of this section, "inflation" has the meaning provided in RCW 28A.400.205 for "inflationary adjustment index."

Sec. 203. RCW 28A.150.412 and 2017 3rd sp.s. c 13 s 104 are each amended to read as follows:

(1) Beginning with the 2023 regular legislative session, and every (~~(six)~~) four years thereafter, the legislature shall review and rebase state basic education compensation allocations compared to school district compensation data, regionalization factors, what inflationary measure is the most representative of actual market experience for school districts, and other economic information. The legislature shall revise the minimum allocations (~~(and)~~), regionalization factors, and inflationary measure if necessary to ensure that state basic education allocations continue to provide market-rate salaries and that regionalization adjustments reflect actual economic differences between school districts.

(2)(a) For school districts with single-family residential values above the statewide median residential value, regionalization factors for school years 2018-19 through school year 2022-23 are as follows:

(i) For school districts in tercile 1, state salary allocations for school district employees are regionalized by six percent;

(ii) For school districts in tercile 2, state salary allocations for school district employees are regionalized by twelve percent; and

(iii) For school districts in tercile 3, state salary allocations for school district employees are regionalized by eighteen percent.

(b) In addition to the regionalization factors specified in (a) of this subsection, school districts located west of the crest of the Cascade mountains and sharing a boundary with any school district with a regionalization factor more than one tercile higher, are regionalized by six additional percentage points.

(c) In addition to the regionalization factors specified in this subsection, for school districts that have certificated instructional staff median years of experience that exceed the statewide average certificated instructional staff years of experience and a ratio of certificated instructional staff advanced degrees to bachelor degrees above the statewide ratio, an experience factor of four percentage points is added to the regionalization factor, beginning in the 2019-20 school year.

(d) Additional school district adjustments are identified in the omnibus appropriations act, and these adjustments are partially reduced or eliminated by the 2022-23 school year as follows:

(i) Adjustments that increase the regionalization factor to a value that is greater than the tercile 3 regionalization factor must be reduced by two percentage points each school year beginning with school year 2020-21, through 2022-23.

(ii) Adjustments that increase the regionalization factor to a value that is less than or equal to the tercile 3 regionalization factor must be reduced by one percentage point each school year beginning with school year 2020-21, through 2022-23.

(3) To aid the legislature in reviewing and rebasing regionalization factors, the department of revenue shall, by November 1, 2022, and by November 1st every (~~(six)~~) four years thereafter, determine the median single-family residential value of each school district as well as the median value of proximate districts within fifteen miles of the boundary of the school district for which the median residential value is being calculated.

(4) No district may receive less state funding for the minimum state salary allocation as compared to its prior school year salary allocation as a result of adjustments that reflect updated regionalized salaries.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Median residential value of each school district" means the median value of all single-family residential parcels included within a school district and any other school district that is proximate to the school district.

(b) "Proximate to the school district" means within fifteen miles of the boundary of the school district for which the median residential value is being calculated.

(c) "School district employees" means state-funded certificated instructional staff, certificated administrative staff, and classified staff.

(d) "School districts in tercile 1" means school districts with median single-family residential values in the first tercile of districts with single-family residential values above the statewide median residential value.

(e) "School districts in tercile 2" means school districts with median single-family residential values in the second tercile of districts with single-family residential values above the statewide median residential value.

(f) "School districts in tercile 3" means school districts with median single-family residential values in the third tercile of districts with single-family residential values above the statewide median residential value.

(g) "Statewide median residential value" means the median value of single-family residential parcels located within all school districts, reduced by five percent.

Sec. 204. RCW 28A.400.006 and 2017 3rd sp.s. c 13 s 703 are each amended to read as follows:

(1) A school district may not ((provide any)) increase average total school district expenditures for certificated administrative staff ((with a percentage increase to total salary)) for the 2018-19 school year ((including supplemental contracts, that exceeds the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle. However, if a district's average certificated administrative staff salary is less than the average certificated administrative salary allocated by the state for that year, the district may increase salaries not to exceed the point where the district's average certificated administrative staff salary equals the average certificated administrative staff salary allocated by the state)) in excess of the following:

(a) Annual salary inflationary adjustments based on the rate of the yearly increase of the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle;

(b) Annual experience and education salary step increases according to what was the prior year's practice within the school district; or

(c) School districts with an average total certificated administrative staff salary less than the statewide average certificated administrative staff salary allocation used to distribute funds for basic education as estimated by the office of the superintendent of public instruction for the 2018-19 school year may provide salary increases up to the statewide average allocation.

(2) Changes to any terms of an employment contract for nonrepresented employees must comply with the same requirements established in this section.

(3) This section expires August 31, 2019.

Sec. 205. RCW 28A.400.200 and 2017 3rd sp.s. c 13 s 103 are each amended to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Through the 2017-18 school year, salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a baccalaureate degree and zero years of service;

(b) Salaries for certificated instructional staff with a master's degree shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a master's degree and zero years of service; and

(c) Beginning with the ((2019-20)) 2018-19 school year:

(i) Salaries for full-time certificated instructional staff must not be less than forty thousand dollars, to be adjusted for regional differences in the cost of hiring staff as specified in RCW 28A.150.410, and to be adjusted annually by the same inflationary measure as provided in RCW 28A.400.205;

(ii) Salaries for full-time certificated instructional staff with at least five years of experience must exceed by at least ten percent the value specified in (c)(i) of this subsection;

(iii) A district may not pay full-time certificated instructional staff a salary that exceeds ninety thousand dollars, subject to adjustment for regional differences in the cost of hiring staff as specified in RCW 28A.150.410. This maximum salary is adjusted annually by the inflationary measure in RCW 28A.400.205;

(iv) These minimum and maximum salaries apply to the services provided as part of the state's statutory program of basic education and exclude supplemental contracts for additional time,

responsibility, or incentive pursuant to this section or for enrichment pursuant to RCW 28A.150.276;

(v) A district may pay a salary that exceeds this maximum salary by up to ten percent for full-time certificated instructional staff: Who are educational staff associates; who teach in the subjects of science, technology, engineering, or math; or who teach in the transitional bilingual instruction or special education programs.

(3)(a)(i) Through the 2017-18 school year the actual average salary paid to certificated instructional staff shall not exceed the district's average certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.150.410.

(ii) For the 2018-19 school year, salaries for certificated instructional staff are subject to the limitations in RCW 41.59.800.

(iii) Beginning with the 2019-20 school year, for purposes of subsection (4) of this section, RCW 28A.150.276, and 28A.505.100, each school district must annually identify the actual salary paid to each certificated instructional staff for services rendered as part of the state's program of basic education.

(b) Through the 2018-19 school year, fringe benefit contributions for certificated instructional staff shall be included as salary under (a)(i) of this subsection only to the extent that the district's actual average benefit contribution exceeds the amount of the insurance benefits allocation, less the amount remitted by districts to the health care authority for retiree subsidies, provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.400.210; employer contributions for old age survivors insurance, workers' compensation, unemployment compensation, and retirement benefits under the Washington state retirement system; or employer contributions for health benefits in excess of the insurance benefits allocation provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. A school district may not use state funds to provide employer contributions for such excess health benefits.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4)(a) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, for additional responsibilities, or for incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts must be accounted for by a school district when the district is developing its four-year budget plan under RCW 28A.505.040.

(b) Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.405.240, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.405.300 through 28A.405.380. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 1 of the state Constitution and RCW 28A.150.220.

(c)(i) Beginning September 1, 2019, supplemental contracts for certificated instructional staff are subject to the following additional restrictions: School districts may enter into supplemental contracts only for enrichment activities as defined

in and subject to the limitations of RCW 28A.150.276. ~~((The rate the district pays under a supplemental contract may not exceed the hourly rate provided to that same instructional staff for services under the basic education salary identified pursuant to subsection (3)(a)(iii) of this section.))~~

(ii) For a supplemental contract, or portion of a supplemental contract, that is time-based, the hourly rate the district pays may not exceed the hourly rate provided to that same instructional staff for services under the basic education salary identified under subsection (3)(a)(iii) of this section. For a supplemental contract, or portion of a supplemental contract that is not time-based, the contract must document the additional duties, responsibilities, or incentives that are being funded in the contract.

(5) Employee benefit plans offered by any district shall comply with RCW 28A.400.350, 28A.400.275, and 28A.400.280.

Sec. 206. RCW 28A.400.205 and 2017 3rd sp.s. c 13 s 102 are each amended to read as follows:

(1) School district employees shall be provided an annual salary inflationary increase in accordance with this section.

(a) The inflationary increase shall be calculated by applying the rate of the yearly increase in the inflationary adjustment index to any state-funded salary base used in state funding formulas for teachers and other school district employees. Beginning with the ~~((2020-21))~~ 2019-20 school year, each school district shall be provided an inflationary adjustment allocation sufficient to grant this inflationary increase.

(b) A school district shall distribute its inflationary adjustment allocation for salaries and salary-related benefits in accordance with the district's collective bargaining agreements and compensation policies. No later than the end of the school year, each school district shall certify to the superintendent of public instruction that it has spent funds provided for inflationary increases on salaries and salary-related benefits.

(c) Any funded inflationary increase shall be included in the salary base used to determine inflationary increases for school employees in subsequent years. For teachers and other certificated instructional staff, the rate of the annual inflationary increase funded for certificated instructional staff shall be applied to the base salary used with the statewide salary allocation methodology established under RCW 28A.150.410 and to any other salary allocation methodologies used to recognize school district personnel costs.

(2) For the purposes of this section, "inflationary adjustment index" means, for any school year, the implicit price deflator for that fiscal year, using the official current base, compiled by the bureau of ~~((labor statistics, United States department of labor for the state of Washington))~~ economic analysis, United States department of commerce.

Sec. 207. RCW 41.56.800 and 2017 3rd sp.s. c 13 s 701 are each amended to read as follows:

(1) A school district collective bargaining agreement for classified staff that is executed or modified after July 6, 2017, and that is in effect for the 2018-19 school year may not ~~((provide school district classified staff with a percentage))~~ increase ~~((to))~~ average total salary for the 2018-19 school year, including supplemental contracts, ~~((that exceeds the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle. However, if a district's average classified staff salary is less than the average classified salary allocated by the state for that year, the district may increase salaries not to exceed the point where the district's average classified staff salary equals the average classified staff salary allocated by the state))~~ in excess of the following:

(a) Annual salary inflationary adjustments based on the rate of the yearly increase of the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle;

(b) Annual experience and education salary step increases according to the salary schedule specified in the agreement;

(c) Salary changes for staffing increases due to enrollment growth or state-funded increases under RCW 28A.150.260; or

(d) School districts with an average total classified staff salary less than the statewide average classified salary allocation used to distribute funds for basic education as estimated by the office of the superintendent of public instruction for the 2018-19 school year may provide salary increases up to the statewide average allocation.

(2) Changes to any terms of an employment contract for nonrepresented employees must comply with the same requirements established in this section.

(3) This section expires August 31, 2019.

Sec. 208. RCW 41.59.800 and 2017 3rd sp.s. c 13 s 702 are each amended to read as follows:

(1) A school district collective bargaining agreement for certificated instructional staff that is executed or modified after July 6, 2017, and that is in effect for the 2018-19 school year may not ~~((provide school district certificated instructional staff with a percentage))~~ increase ~~((to))~~ average total salary for the 2018-19 school year, including supplemental contracts, ~~((that exceeds the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle. However, if a district's average certificated instructional staff salary is less than the average certificated instructional staff salary allocated by the state for that year, the district may increase salaries not to exceed the point where the district's average certificated instructional staff salary equals the average certificated instructional staff salary allocated by the state))~~ in excess of the following:

(a) Annual salary inflationary adjustments based on the rate of the yearly increase of the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle;

(b) Annual experience and education salary step increases according to the salary schedule specified in the agreement;

(c) Salary changes for staffing increases due to enrollment growth or state-funded increases under RCW 28A.150.260;

(d) Salary changes to provide professional learning under RCW 28A.415.430;

(e) Increases related to bonuses for attaining certification from the national board for professional teaching standards;

(f) School districts with an average total certificated instructional staff salary less than the statewide average certificated instructional staff salary allocation used to distribute funds for basic education as estimated by the office of the superintendent of public instruction for the 2018-19 school year may provide salary increases up to the statewide average allocation; or

(g) Salaries for new certificated instructional staff hired in the 2018-19 school year.

(2) Changes to any terms of an employment contract for nonrepresented employees must comply with the same requirements established in this section.

(3) This section expires August 31, 2019.

NEW SECTION. Sec. 209. The superintendent of public instruction shall convene a work group, that must include representatives of diverse school districts and education stakeholders to make recommendations to define the duties and responsibilities that entail a "school day" under the state's statutory program of basic education under RCW 28A.150.220 and 28A.150.260. The recommendations must consider: The professional responsibilities, time, and effort required to provide the state's statutory program of basic education that exceed the required number of instructional hours specified in RCW 28A.150.220, and duties covered by state salary allocations that may be outside of school instructional time including, but not limited to, direct instruction required in RCW 28A.150.220; the necessary preparations, planning, and coordination for that instruction; meeting with and collaborating with parents and other teachers or other staff regarding the program of basic education; and the necessary evaluation of student learning from that instruction. The superintendent shall report the recommendations to the education policy and operating budget committees of the legislature by January 14, 2019.

PART III: LEVIES

Sec. 301. RCW 28A.150.276 and 2017 3rd sp.s. c 13 s 501 are each amended to read as follows:

(1)(a) Beginning September 1, (~~2019~~) 2018, school districts may use local revenues only for documented and demonstrated enrichment of the state's statutory program of basic education as authorized in subsection (2) of this section.

(b) Nothing in this section revises the definition or the state funding of the program of basic education under RCW 28A.150.220 and 28A.150.260.

(c) For purposes of this section, "local revenues" means enrichment levies collected under RCW 84.52.053, (~~transportation vehicle enrichment levies,~~) local effort assistance funding received under chapter 28A.500 RCW, and other school district local revenues including, but not limited to, grants, donations, and state and federal payments in lieu of taxes, except that "local revenues" does not include other federal revenues, or local revenues that operate as an offset to the district's basic education allocation under RCW 28A.150.250.

(2)(a) Enrichment activities are permitted under this section if they provide supplementation beyond the state:

(i) Minimum instructional offerings of RCW 28A.150.220 or 28A.150.260;

(ii) Staffing ratios or program components of RCW 28A.150.260, including providing additional staff for class size reduction beyond class sizes allocated in the prototypical school model and additional staff beyond the staffing ratios allocated in the prototypical school formula;

(iii) Program components of RCW 28A.150.200, 28A.150.220, or 28A.150.260; or

(iv) Program of professional learning as defined by RCW 28A.415.430 beyond that allocated pursuant to RCW 28A.150.415.

(b) Permitted enrichment activities consist of:

(i) Extracurricular activities, extended school days, or an extended school year;

(ii) Additional course offerings beyond the minimum instructional program established in the state's statutory program of basic education;

(iii) Activities associated with early learning programs;

(iv) Any additional salary costs attributable to the provision or administration of the enrichment activities allowed under this subsection; and

(v) Additional activities or enhancements that the office of the superintendent of public instruction determines to be a documented and demonstrated enrichment of the state's statutory program of basic education under (a) of this subsection and for which the superintendent approves proposed expenditures during the preballot approval process required by RCW 84.52.053 and 28A.505.240.

(3) In addition to the limitations of subsections (1) and (2) of this section and of RCW 28A.400.200, permitted enrichment activities are subject to the following conditions and limitations:

(a) If a school district spends local revenues for salary costs attributable to the administration of enrichment programs, the portion of administrator salaries attributable to that purpose may not exceed (~~the proportion~~) twenty-five percent of the (~~district's local revenues to its other revenues~~) total district expenditures for administrator salaries; and

(b) Supplemental contracts under RCW 28A.400.200 are subject to the limitations of this section.

(4) The superintendent of public instruction must adopt rules to implement this section.

Sec. 302. RCW 28A.320.330 and 2017 3rd sp.s. c 13 s 601 are each amended to read as follows:

School districts shall establish the following funds in addition to those provided elsewhere by law:

(1)(a) A general fund for the school district to account for all financial operations of the school district except those required to be accounted for in another fund.

(b) By the (~~2019-20~~) 2018-19 school year, a local revenue subfund of its general fund to account for the financial operations of a school district that are paid from local revenues. The local revenues that must be deposited in the local revenue subfund are enrichment levies and transportation vehicle (~~enrichment~~) levies collected under RCW 84.52.053, local effort assistance funding received under chapter 28A.500 RCW, and other school district local revenues including, but not limited to, grants, donations, and state and federal payments in lieu of taxes, but do not include other federal revenues, or local revenues that operate as an offset to the district's basic education allocation under RCW 28A.150.250. School districts must track expenditures from this subfund separately to account for the expenditure of each of these streams of revenue by source, and must provide any supplemental expenditure schedules required by the superintendent of public instruction or state auditor for purposes of RCW 43.09.2856.

(2) A capital projects fund shall be established for major capital purposes. All statutory references to a "building fund" shall mean the capital projects fund so established. Money to be deposited into the capital projects fund shall include, but not be limited to, bond proceeds, proceeds from excess levies authorized by RCW 84.52.053, state apportionment proceeds as authorized by RCW 28A.150.270, earnings from capital projects fund investments as authorized by RCW 28A.320.310 and 28A.320.320, and state forest revenues transferred pursuant to subsection (3) of this section.

Money derived from the sale of bonds, including interest earnings thereof, may only be used for those purposes described in RCW 28A.530.010, except that accrued interest paid for bonds shall be deposited in the debt service fund.

Money to be deposited into the capital projects fund shall include but not be limited to rental and lease proceeds as authorized by RCW 28A.335.060, and proceeds from the sale of real property as authorized by RCW 28A.335.130.

Money legally deposited into the capital projects fund from other sources may be used for the purposes described in RCW 28A.530.010, and for the purposes of:

(a) Major renovation and replacement of facilities and systems where periodical repairs are no longer economical or extend the useful life of the facility or system beyond its original planned useful life. Such renovation and replacement shall include, but shall not be limited to, major repairs, exterior painting of facilities, replacement and refurbishment of roofing, exterior walls, windows, heating and ventilating systems, floor covering in classrooms and public or common areas, and electrical and plumbing systems.

(b) Renovation and rehabilitation of playfields, athletic fields, and other district real property.

(c) The conduct of preliminary energy audits and energy audits of school district buildings. For the purpose of this section:

(i) "Preliminary energy audits" means a determination of the energy consumption characteristics of a building, including the size, type, rate of energy consumption, and major energy using systems of the building.

(ii) "Energy audit" means a survey of a building or complex which identifies the type, size, energy use level, and major energy using systems; which determines appropriate energy conservation maintenance or operating procedures and assesses any need for the acquisition and installation of energy conservation measures, including solar energy and renewable resource measures.

(iii) "Energy capital improvement" means the installation, or modification of the installation, of energy conservation measures in a building which measures are primarily intended to reduce energy consumption or allow the use of an alternative energy source.

(d) Those energy capital improvements which are identified as being cost-effective in the audits authorized by this section.

(e) Purchase or installation of additional major items of equipment and furniture: PROVIDED, That vehicles shall not be purchased with capital projects fund money.

(f)(i) Costs associated with implementing technology systems, facilities, and projects, including acquiring hardware, licensing software, and online applications and training related to the installation of the foregoing. However, the software or applications must be an integral part of the district's technology systems, facilities, or projects.

(ii) Costs associated with the application and modernization of technology systems for operations and instruction including, but not limited to, the ongoing fees for online applications, subscriptions, or software licenses, including upgrades and incidental services, and ongoing training related to the installation and integration of these products and services. However, to the extent the funds are used for the purpose under this subsection (2)(f)(ii), the school district shall transfer to the district's general fund the portion of the capital projects fund used for this purpose. The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations.

(g) Major equipment repair, painting of facilities, and other major preventative maintenance purposes. However, to the extent the funds are used for the purpose under this subsection (2)(g), the school district shall transfer to the district's general fund the portion of the capital projects fund used for this purpose. The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations. Based on the district's most recent two-year history of general fund maintenance expenditures, funds used for this purpose may not replace routine annual preventive maintenance expenditures made from the district's general fund.

(3) A debt service fund to provide for tax proceeds, other revenues, and disbursements as authorized in chapter 39.44 RCW. State forestland revenues that are deposited in a school

district's debt service fund pursuant to RCW 79.64.110 and to the extent not necessary for payment of debt service on school district bonds may be transferred by the school district into the district's capital projects fund.

(4) An associated student body fund as authorized by RCW 28A.325.030.

(5) Advance refunding bond funds and refunded bond funds to provide for the proceeds and disbursements as authorized in chapter 39.53 RCW.

Sec. 303. RCW 28A.500.015 and 2017 3rd sp.s. c 13 s 206 are each amended to read as follows:

(1) Beginning in calendar year 2019 and each calendar year thereafter, the state must provide state local effort assistance funding to supplement school district enrichment levies as provided in this section.

(2) For an eligible school district, annual local effort assistance funding is equal to the school district's maximum local effort assistance multiplied by a fraction equal to the school district's actual enrichment levy divided by the school district's maximum allowable enrichment levy.

(3) The state local effort assistance funding provided under this section is not part of the state's program of basic education deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible school district" means a school district whose maximum allowable enrichment levy divided by the school district's total student enrollment in the prior school year is less than the state local effort assistance threshold.

(b) For the purpose of this section, "inflation" means ((inflation as defined in RCW 84.55.005)), for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

(c) "Maximum allowable enrichment levy" means the maximum levy permitted by RCW 84.52.0531.

(d) "Maximum local effort assistance" means ~~((the school district's student enrollment in the prior school year multiplied by))~~ the difference ~~((of))~~ between the following:

(i) The school district's actual prior school year enrollment multiplied by the state local effort assistance threshold; and ((*))

(ii) The school district's maximum allowable enrichment levy ((divided by the school district's student enrollment in the prior school year)).

(e) "Prior school year" means the most recent school year completed prior to the year in which the state local effort assistance funding is to be distributed.

(f) "State local effort assistance threshold" means one thousand five hundred dollars per student, ~~((adjusted))~~ increased for inflation beginning in calendar year 2020.

(g) "Student enrollment" means the average annual ~~((resident))~~ full-time equivalent student enrollment.

(5) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(6) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

Sec. 304. RCW 28A.505.240 and 2017 3rd sp.s. c 13 s 204 are each amended to read as follows:

(1) As required by RCW 84.52.053(4), before a school district may submit an enrichment levy (~~(including a transportation vehicle enrichment levy,)~~) under RCW 84.52.053 to the voters, it must have received approval from the office of the superintendent of public instruction of an expenditure plan for the district's enrichment levy and other local revenues as defined in RCW 28A.150.276. Within thirty days after receiving the plan the office of the superintendent of public instruction must notify the school district whether the spending plan is approved. If the office of the superintendent of public instruction rejects a district's proposed spending plan, then the district may submit a revised spending plan, and the superintendent must approve or reject the revised submission within thirty days. The office of the superintendent of public instruction may approve a spending plan only if it determines that the enrichment levy and other local revenues as defined in RCW 28A.150.276(1) will be used solely for permitted enrichment activities as provided in RCW 28A.150.276(2).

(2)(a) Except as provided in (b) of this subsection, after a school district has received voter approval for a levy for an enrichment levy under RCW 84.52.053, a school district may change its spending plan for the voter-approved levy by submitting a revised spending plan to the office of the superintendent of public instruction for review and approval. To revise a previously approved spending plan, the district must provide notice and an opportunity for review and comment at an open meeting of the school board, and the board must adopt the revised spending plan by resolution. The board must then submit the plan to the office of the superintendent of public instruction. Within thirty days after receiving the revised spending plan the office must notify the school district whether the revised spending plan is approved. The office of the superintendent of public instruction may approve a revised spending plan only if it determines that the enrichment levy and other local revenues as defined in RCW 28A.150.276(1) will be used solely for permitted enrichment activities as provided in RCW 28A.150.276(2).

(b) If the superintendent has approved expenditures for specific purposes under (a) of this subsection, a district may change the relative amounts to be spent for those respective purposes for the same levy in subsequent years without having to first receive approval for the change from the office of the superintendent of public instruction if the district adopts the change as part of its annual budget proposal after a public hearing under RCW 28A.505.060.

(3) This section applies to taxes levied for collection beginning in calendar year 2020 and thereafter.

NEW SECTION. Sec. 305. A new section is added to chapter 84.52 RCW to read as follows:

For districts in a high/nonhigh relationship, if the high school district is subject to the maximum per pupil limit under RCW 84.52.0531, the high school district's maximum levy amount must be reduced by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy.

Sec. 306. RCW 84.52.053 and 2017 3rd sp.s. c 13 s 201 are each amended to read as follows:

(1) The limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of taxes by school districts, when authorized so to do by the voters of such school district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) and Article IX, section 1 of the Constitution of this state. Elections for such taxes

shall be held in the year in which the levy is made or, in the case of propositions authorizing two-year through four-year levies for enrichment funding for a school district, authorizing two-year levies for transportation vehicle funds established in RCW 28A.160.130 (~~((through calendar year 2019, authorizing two-year levies for transportation vehicle enrichment beginning with calendar year 2020,))~~) or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of school facilities, which includes the purposes of RCW 28A.320.330(2) (f) and (g), in the year in which the first annual levy is made.

(2)(a) Once additional tax levies have been authorized for enrichment funding for a school district for a two-year through four-year period as provided under subsection (1) of this section, no further additional tax levies for enrichment funding for the district for that period may be authorized, except for additional levies to provide for subsequently enacted increases affecting the district's maximum levy.

(b) Notwithstanding (a) of this subsection, any school district that is required to annex or receive territory pursuant to a dissolution of a financially insolvent school district pursuant to RCW 28A.315.225 may call either a replacement or supplemental levy election within the school district, including the territory annexed or transferred, as follows:

(i) An election for a proposition authorizing two-year through four-year levies for enrichment funding for a school district may be called and held before the effective date of dissolution to replace existing enrichment levies and to provide for increases due to the dissolution.

(ii) An election for a proposition authorizing additional tax levies may be called and held before the effective date of dissolution to provide for increases due to the dissolution.

(iii) In the event a replacement levy election under (b)(i) of this subsection is held but does not pass, the affected school district may subsequently hold a supplemental levy election pursuant to (b)(ii) of this subsection if the supplemental levy election is held before the effective date of dissolution. In the event a supplemental levy election is held under (b)(ii) of this subsection but does not pass, the affected school district may subsequently hold a replacement levy election pursuant to (b)(i) of this subsection if the replacement levy election is held before the effective date of dissolution. Failure of a replacement levy or supplemental levy election does not affect any previously approved and existing enrichment levy within the affected school district or districts.

(c) For the purpose of applying the limitation of this subsection (2), a two-year through six-year levy to support the construction, modernization, or remodeling of school facilities shall not be deemed to be a tax levy for enrichment funding for a school district.

(3) A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

(4)(a) Beginning September 1, ~~((2019))~~ 2018, school districts may use enrichment levies ~~((and transportation vehicle enrichment levies))~~ solely to enrich the state's statutory program of basic education as authorized under RCW 28A.150.276.

(b) Beginning with propositions for enrichment levies ~~((and transportation vehicle enrichment levies))~~ for collection in calendar year 2020 and thereafter, a district must receive approval of an enrichment levy expenditure plan from the superintendent

of public instruction under RCW 28A.505.240 before submission of the proposition to the voters.

Sec. 307. RCW 84.52.0531 and 2017 3rd sp.s. c 13 s 203 are each amended to read as follows:

(1) Beginning with taxes levied for collection in 2019, the maximum dollar amount which may be levied by or for any school district for enrichment levies under RCW 84.52.053 is equal to the lesser of one dollar and fifty cents per thousand dollars of the assessed value of property in the school district or the maximum per-pupil limit.

(2) The definitions in this subsection apply to this section unless the context clearly requires otherwise.

(a) For the purpose of this section, "inflation" means ((inflation as defined in RCW 84.55.005)), for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

(b) "Maximum per-pupil limit" means two thousand five hundred dollars, multiplied by the number of average annual ~~((resident))~~ full-time equivalent students enrolled in the school district in the prior school year. Beginning with property taxes levied for collection in 2020, the maximum per-pupil limit shall be increased by inflation.

(c) "Prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(3) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(4) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

(5) Beginning with propositions for enrichment levies for collection in calendar year 2020 and thereafter, a district must receive approval of an enrichment levy expenditure plan under RCW 28A.505.240 before submission of the proposition to the voters.

~~((4))~~ (6) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

~~((5))~~ (7) Beginning with taxes levied for collection in ~~((2020))~~ 2018, enrichment levy revenues must be deposited in a separate subfund of the school district's general fund pursuant to RCW 28A.320.330, and for the 2018-19 school year are subject to the restrictions of RCW 28A.150.276 and the audit requirements of RCW 43.09.2856.

~~((6))~~ (8) Funds collected from ((transportation vehicle enrichment levies shall not be subject to the levy limitations in)) levies for transportation vehicles, construction, modernization, or remodeling of school facilities as established in RCW 84.52.053 are not subject to the levy limitations in subsections (1) through (5) of this section.

PART IV: OTHER POLICIES

NEW SECTION. Sec. 401. (1) For the 2018-19 and 2019-20 school years, the office of the superintendent of public instruction shall allocate a hold-harmless payment to school districts if the sum of (b) of this subsection is greater than the sum of (a) of this subsection for either of the respective school years or if a school district meets the criteria under subsection (2) of this section.

(a) The current school year is calculated as the sum of (a)(i) through (iii) of this subsection using the enrollments and values in effect for that school year for the school district's:

(i) Formula-driven state allocations in part V of the state omnibus appropriations act for these programs: General apportionment, employee compensation adjustments, pupil transportation, special education programs, institutional education programs, transitional bilingual programs, highly capable, and learning assistance programs;

(ii) Local effort assistance funding received under chapter 28A.500 RCW; and

(iii) The lesser of the school district's voter-approved enrichment levy collection or the maximum levy authority provided under RCW 84.52.0531 for the previous calendar year.

(b) The baseline school year is calculated as the sum of (b)(i) through (iii) of this subsection using the current school year enrollments and the values in effect during the 2017-18 school year for the school district's:

(i) Formula-driven state allocations in part V of the state omnibus appropriations act for these programs: General apportionment, employee compensation adjustments, pupil transportation, special education programs, institutional education programs, transitional bilingual programs, highly capable, and learning assistance programs;

(ii) Local effort assistance funding received under chapter 28A.500 RCW; and

(iii) Maintenance and operation levy collection under RCW 84.52.0531 in the 2017 calendar year.

(2) From amounts appropriated in this act, the superintendent of public instruction must prioritize hold harmless payments to districts that meet both the following criteria:

(a) The sum of the school district's enrichment levy under RCW 84.52.0531 and 2017 3rd sp.s. c 13 s 203 and local effort assistance under RCW 28A.500.015 is less than half of the sum of the maintenance and operations levy and local effort assistance provided under law as it existed on January 1, 2017. For purposes of the calculation in this subsection, the maintenance and operations levy is limited to the lesser of the voter-approved levy as of January 1, 2017, or the maximum levy under law as of January 1, 2017; and

(b) The adjusted assessed value of property within the school district as calculated by the department of revenue is greater than twenty billion dollars in calendar year 2017.

(3) Districts eligible for hold-harmless payments under subsection (1) of this section shall receive the difference between subsection (1)(b) and (a) of this section through the apportionment payment process in RCW 28A.510.250.

(4) The voters of the school district must approve an enrichment levy under RCW 84.52.0531 to be eligible for a hold-harmless payment under this section.

(5) This section expires December 31, 2020.

Sec. 402. RCW 28A.150.415 and 2017 3rd sp.s. c 13 s 105 are each amended to read as follows:

(1) Beginning with the ~~((2018-19))~~ 2019-20 school year, the legislature shall begin phasing in funding for professional learning days for certificated instructional staff. The state allocation must be used solely for the purpose of providing professional learning. At a minimum, the state must allocate funding for:

(a) One professional learning day in the ~~((2018-19))~~ 2019-20 school year;

(b) Two professional learning days in the ~~((2019-20))~~ 2020-21 school year; and

(c) Three professional learning days in the ~~((2020-21))~~ 2021-22 school year.

(2) The office of the superintendent of public instruction shall calculate each school district's professional learning allocation as provided in subsection (1) of this section separate from the minimum state allocation for salaries as specified in RCW 28A.150.410 and associated fringe benefits on the apportionment reports provided to each local educational agency. The professional learning allocation shall be equal to the proportional increase resulting from adding the professional learning days provided in subsection (1) of this section to the required minimum number of school days in RCW 28A.150.220(5)(a) applied to the school district's minimum state allocation for salaries and associated fringe benefits for certificated instructional staff as specified in the omnibus appropriations act. Professional learning allocations shall be included in per-pupil calculations for programs funded on a per student rate calculation.

(3) Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.

~~((3))~~ (4) The professional learning days must meet the definitions and standards provided in RCW 28A.415.430, 28A.415.432, and 28A.415.434.

(5) The use of the funding provided under this section must be audited as part of the regular financial audits of school districts by the state auditor's office to ensure compliance with the limitations and conditions of this section.

Sec. 403. RCW 28A.710.280 and 2016 c 241 s 128 are each amended to read as follows:

(1) The legislature intends that state funding for charter schools be distributed equitably with state funding provided for other public schools.

(2) For eligible students enrolled in a charter school established and operating in accordance with this chapter, the superintendent of public instruction shall transmit to each charter school an amount calculated as provided in this section and based on the statewide average ~~((staff mix factor))~~ salaries set forth in RCW 28A.150.410 for certificated instructional staff adjusted by the regionalization factor that applies to the school district in which the charter school is geographically located, including any enrichment to those statutory formulae that is specified in the omnibus appropriations act. The amount must be the sum of (a) and (b) of this subsection ~~((, as applicable))~~.

(a) The superintendent shall, for purposes of making distributions under this section, separately calculate and distribute to charter schools moneys appropriated for general apportionment under the same ratios as in RCW 28A.150.260.

(b) The superintendent also shall, for purposes of making distributions under this section, and in accordance with the applicable formulae for categorical programs specified in (b)(i) through (v) of this subsection (2) and any enrichment to those statutory formulae that is specified in the omnibus appropriations act, separately calculate and distribute moneys appropriated by the legislature to charter schools for:

(i) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(ii) Supplemental instruction and services for eligible and enrolled students and exited students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080;

(iii) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020;

(iv) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030; and

(v) Pupil transportation services to and from school in accordance with RCW 28A.160.150 through 28A.160.180. Distributions for pupil transportation must be calculated on a per eligible student basis based on the allocation for the previous school year to the school district in which the charter school is located.

(3) The superintendent of public instruction must adopt rules necessary for the distribution of funding required by this section and to comply with federal reporting requirements.

Sec. 404. RCW 28A.715.040 and 2013 c 242 s 5 are each amended to read as follows:

(1) A school that is the subject of a state-tribal education compact must report student enrollment. Reporting must be done in the same manner and use the same definitions of enrolled students and annual average full-time equivalent enrollment as is required of school districts. The reporting requirements in this subsection are required for a school to receive state or federal funding that is allocated based on student characteristics.

(2) Funding for a school that is the subject of a state-tribal education compact shall be apportioned by the superintendent of public instruction according to the schedule established under RCW 28A.510.250, including general apportionment, special education, categorical, and other nonbasic education moneys. Allocations for certificated instructional staff must be based on the statewide average ((staff mix ratio of the school, as calculated by the superintendent of public instruction using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act)) salary set forth in RCW 28A.150.410, adjusted by the regionalization factor that applies to the school district in which the school is located. Allocations for classified staff and certificated administrative staff must be based on the salary allocations of the school district in which the school is located ~~((subject to conditions and limitations established by the omnibus appropriations act))~~ as set forth in RCW 28A.150.410, adjusted by the regionalization factor that applies to the school district in which the school is located. Nothing in this section requires a school that is the subject of a state-tribal education compact to use the statewide salary allocation schedule. Such a school is eligible to apply for state grants on the same basis as a school district.

(3) Any moneys received by a school that is the subject of a state-tribal education compact from any source that remain in the school's accounts at the end of any budget year must remain in the school's accounts for use by the school during subsequent budget years.

Sec. 405. RCW 72.40.028 and 2009 c 381 s 7 are each amended to read as follows:

All teachers employed by the Washington state center for childhood deafness and hearing loss and the state school for the blind shall meet all certification requirements and the programs shall meet all accreditation requirements and conform to the standards defined by law or by rule of the Washington professional educator standards board or the office of the state superintendent of public instruction. The superintendent and the director, by rule, may adopt additional educational standards for their respective facilities. Salaries of all certificated employees shall be ~~((set so as to conform to and be contemporary with salaries paid to other certificated employees of similar background and experience in))~~ based on the statewide average salary set forth in RCW 28A.150.410, adjusted by the regionalization factor that applies to the school district in which the program or facility is located. The superintendent and the director may provide for provisional certification for teachers in

their respective facilities including certification for emergency, temporary, substitute, or provisional duty.

Sec. 406. RCW 43.09.2856 and 2017 3rd sp.s. c 13 s 503 are each amended to read as follows:

(1) Beginning with the 2019-20 school year, to ensure that school district local revenues are used solely for purposes of enriching the state's statutory program of basic education, the state auditor's regular financial audits of school districts must include a review of the expenditure of school district local revenues for compliance with RCW 28A.150.276, including the spending plan approved by the superintendent of public instruction under RCW 28A.505.240 and its implementation, and any supplemental contracts entered into under RCW 28A.400.200.

(2) If an audit under subsection (1) of this section results in findings that a school district has failed to comply with these requirements, then within ninety days of completing the audit the auditor must report the findings to the superintendent of public instruction, the office of financial management, and the education and operating budget committees of the legislature.

(3) The use of the state allocation provided for professional learning under RCW 28A.150.415 must be audited as part of the regular financial audits of school districts by the state auditor's office to ensure compliance with the limitations and conditions of RCW 28A.150.415.

NEW SECTION. Sec. 407. The sum of twelve million dollars is appropriated for the fiscal year ending June 30, 2019, from the general fund to the superintendent of public instruction solely for hold harmless payments for purposes of section 401(2) of this act.

Sec. 408. RCW 28A.505.140 and 2017 3rd sp.s. c 13 s 602 are each amended to read as follows:

(1) Notwithstanding any other provision of law, the superintendent of public instruction shall adopt such rules as will ensure proper budgetary procedures and practices, including monthly financial statements consistent with the provisions of RCW 43.09.200, and this chapter. By the ~~((2019-20))~~ 2018-19 school year, the rules must require school districts to provide separate accounting of state and local revenues to expenditures.

(2) If the superintendent of public instruction determines upon a review of the budget of any district that said budget does not comply with the budget procedures established by this chapter or by rules adopted by the superintendent of public instruction, or the provisions of RCW 43.09.200, the superintendent shall give written notice of this determination to the board of directors of the local school district.

(3) The local school district, notwithstanding any other provision of law, shall, within thirty days from the date the superintendent of public instruction issues a notice pursuant to subsection (2) of this section, submit a revised budget which meets the requirements of RCW 43.09.200, this chapter, and the rules of the superintendent of public instruction.

NEW SECTION. Sec. 409. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Public schools may develop curricula that:

(a) Links student learning with engagement in seasonal or nonseasonal outdoor-based activities, including activities related to academic requirements in science, health and fitness, and career and technical education;

(b) Aligns with the essential academic learning requirements under RCW 28A.655.070 that are a component of the state's instructional program of basic education; and

(c) Includes locally administered competency based assessments that align with the Washington state learning standards.

(2) Public schools that develop curricula under this section may request authorization from the superintendent of public instruction as provided in section 410 of this act to consider student participation in seasonal or nonseasonal outdoor-based activities as instructional days for the purposes of basic education requirements established in RCW 28A.150.220(5).

NEW SECTION. Sec. 410. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The superintendent of public instruction, subject to conformity with application or other requirements adopted by rule, shall approve requests by public schools as provided in section 409 of this act to consider student participation in seasonal or nonseasonal outdoor-based activities as instructional days for the purposes of basic education requirements established in RCW 28A.150.220(5).

(2) The superintendent of public instruction shall adopt rules to implement this section.

NEW SECTION. Sec. 411. The following acts or parts of acts are each repealed:

(1) RCW 28A.415.020 (Credit on salary schedule for approved in-service training, continuing education, and internship) and 2011 1st sp.s. c 18 s 5, 2007 c 319 s 3, 2006 c 263 s 808, 1995 c 284 s 2, 1990 c 33 s 415, & 1987 c 519 s 1;

(2) RCW 28A.415.023 (Credit on salary schedule for approved in-service training, continuing education, or internship—Course content—Rules) and 2012 c 35 s 6 & 2011 1st sp.s. c 18 s 6; and

(3) RCW 28A.415.024 (Credit on salary schedule—Accredited institutions—Verification—Penalty for submitting credits from unaccredited institutions) and 2006 c 263 s 809 & 2005 c 461 s 1.

NEW SECTION. Sec. 412. Sections 303 and 307 of this act take effect January 1, 2019."

Correct the title.

and the same is herewith transmitted.

NONA SNELL, Deputy Chief Clerk

MOTION

On motion of Senator Liias, the Senate advanced to the seventh order of business.

PERSONAL PRIVILEGE

Senator Becker: "Thank you Mr. President. I just wanted to talk about a couple of weeks ago, actually on February 12th, when I rose to two points of personal privilege. One to celebrate my 45th wedding anniversary with my colleagues and one to honor President Lincoln on his birthday. Both of those issues are really near and dear to my heart and every year I have raised and talked, stood up and talked about these things. And, every year, people have congratulated me on my, the length of my wedding, my marriage et cetera and we all had fun. Other people have done the same sort of thing and it's been a really nice thing to be able to do. I think it's fun for each of us when we are down here and it's so serious and we actually take a few moments and celebrate with each other things that are important. Mr. President that's a good thing and I've always felt that I could do that. And it helps, again, for each of us to learn about each other, understand their perspectives and appreciate everything that's happened. However, Mr. President, on February 12th, after my points of personal privilege, I felt embarrassed and I was very upset Mr. President. My colleagues in the Senate were

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

appreciative, Mr. President but I did not feel that you were. Mr. President, you referred to me specifically when you decided to impugn, or, I felt you were impugning my motives by implying the points were 'dilatatory' and not appropriate. You cited me Mr. President. Now I want to say that there's, although you only cited one, Mr. President, there is no Senate rule on dilatatory motions, but there is a rule in Reed's. Mr. President may I read from rule 225 in Reed's?"

President Habib: "You may proceed."

Senator Becker: "It sometimes happens that in the forgetfulness of temper and of party feeling the very processes of the assembly created to transact business are so abused as to be in of themselves disorder. In that event the presiding officer should disregard such proceedings, after he has become entirely satisfied of their nature, and put only such motions as will expedite the declaration of the will of the assembly.' Underlined is: 'Necessarily such a course is to be taken vary rarely, and after the offense is clear to all.' Reed's goes on to cite an example of that debate that went on for forty-three hours. Mr. President that's hardly the same as my two points of personal privilege taking up less than six minutes that day. Mr. President, I wanted to express my feelings because during this entire time, my ten years down here, I have never felt embarrassed, other than by my stupid comments. And I have never felt that I have tried to undermine this Senate. This is a hard thing for me to do Mr. President but I think that it is absolutely necessary. The one thing that I feel very strongly about is that each of the members here are entitled to speak. And I ask that you honor the rules of the Senate appropriately. Thank you Mr. President."

REMARKS BY THE PRESIDENT

President Habib: "Thank you Senator Becker and I appreciate you bringing that forward and I will tell you that I take it very seriously that you were, that you felt embarrassed or you felt uncomfortable. It is, you're absolutely right that everybody in the Senate, every member of the Senate, myself included, all deserve to be treated with respect and each and every single one of us should, through our conduct, elevate the dignity of the Senate. And there have been times, and colleagues of yours on both sides of the aisle can tell you, there have been times where I personally apologized for times I think I, where I have fallen short of that. I recall not only congratulating you on your anniversary but actually making a joke about, because it also happened to be Senator Hobbs' birthday, about whether it was possible maybe Senator Hobbs was born on that same day. I underestimated Senator Hobbs' age by only a year or two. But I do want to clarify that the use of the points of personal privilege are precisely to be reserved for the use that you just made. And so, even though I don't mind you, even though, I think ideally, you and I should discuss this privately, I think it is perfectly appropriate for you to use the point of personal privilege in the way that you just did. My remarks, to which you are referring, came after you and another senator had made a point of personal privilege to talk about President Lincoln and what I said at that time, because I think we were rushing through a number of bills and maybe cutoff was coming up, was to say that given the late hour of the night and how many bills we were doing, the use of the personal privilege, that point, a point of personal privilege, was becoming abusive by the Senate as a whole. And I did not mean either that you had abused it individually or to make any reference to your prior anniversary announcement and so I hope that that clarifies the point. I do think that points of personal privilege are important and we use them to celebrate, Senator Baumgartner, for

example, yesterday. And we ought to be able to do that, but there is a definition of that term in the, in our own rules and it is made clear what that is."

Senator Becker: "Thank you Mr. President. The reason I am standing up is because you specifically called me out when you were using that, but I will accept your apology on this and I will thank you for the acknowledgement. Thank you."

MESSAGE FROM THE HOUSE

March 8, 2018

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6362 with the following amendment(s): 6362-S2.E AMH ENGR H5190.E

Strike everything after the enacting clause and insert the following:

"PART I: PROGRAM FUNDING

Sec. 101. RCW 28A.150.260 and 2017 3rd sp.s. c 13 s 402 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c) and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The

superintendent must also report state general apportionment per-pupil allocations by grade for each school district. The superintendent must report this information in a user-friendly format on the main page of the office's web site and on school district apportionment reports. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's web site. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

| | |
|--------------------------------------|-------|
| General education average class size | |
| Grades K-3 | 17.00 |
| Grade 4 | 27.00 |
| Grades 5-6 | 27.00 |
| Grades 7-8 | 28.53 |
| Grades 9-12 | 28.74 |

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual

instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

| | |
|---------------------------------------|-------|
| Laboratory science average class size | |
| Grades 9-12 | 19.98 |

(b)(i) Beginning September 1, (~~2018~~) 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

| | |
|---|-------|
| Career and technical education average class size | |
| Approved career and technical education offered at the middle school and high school level | 23.00 |
| Skill center programs meeting the standards established by the office of the superintendent of public instruction | 20.00 |

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

| | Elementary School | Middle School | High School |
|---|-------------------|---------------|-------------|
| Principals, assistant principals, and other certificated building-level administrators | 1.253 | 1.353 | 1.880 |
| Teacher-librarians, a function that includes information literacy, technology, and media to support school library media programs | 0.663 | 0.519 | 0.523 |
| Health and social services: | | | |
| School nurses | 0.076 | 0.060 | 0.096 |
| Social workers | 0.042 | 0.006 | 0.015 |
| Psychologists | 0.017 | 0.002 | 0.007 |
| Guidance counselors, a function that includes parent outreach and graduation advising | 0.493 | 1.216 | 2.539 |
| Teaching assistance, including any aspect of educational instructional services provided by classified employees | 0.936 | 0.700 | 0.652 |
| Office support and other noninstructional aides | 2.012 | 2.325 | 3.269 |
| Custodians | 1.657 | 1.942 | 2.965 |
| Classified staff providing student and staff safety | 0.079 | 0.092 | 0.141 |
| Parent involvement coordinators | 0.0825 | 0.00 | 0.00 |

(6)(a) The minimum staffing allocation for each school district to provide district-wide support services shall be allocated per one

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

thousand annual average full-time equivalent students in grades K-12 as follows:

| | |
|--------------------------------------|-------|
| Staff per 1,000 K-12 students | |
| Technology | 0.628 |
| Facilities, maintenance, and grounds | 1.813 |
| Warehouse, laborers, and mechanics | 0.332 |

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

| | |
|--|-----------------|
| Per annual average full-time equivalent student in grades K-12 | |
| Technology | \$130.76 |
| Utilities and insurance | \$355.30 |
| Curriculum and textbooks | \$140.39 |
| Other supplies ((and library materials)) (\$298.05) | <u>\$278.05</u> |
| <u>Library materials</u> | <u>\$20.00</u> |
| Instructional professional development for certificated and classified staff | \$21.71 |
| Facilities maintenance | \$176.01 |
| Security and central office administration | \$121.94 |

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through twelve for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

| | |
|--|----------------|
| Per annual average full-time equivalent student in grades 9-12 | |
| Technology | \$36.35 |
| Curriculum and textbooks | \$39.02 |
| Other supplies ((and library materials)) (\$82.84) | <u>\$77.28</u> |
| <u>Library materials</u> | <u>\$5.56</u> |
| Instructional professional development for certificated and classified staff | \$6.04 |

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(c) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the

learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in ~~((schools where at least fifty percent of students are eligible for free and reduced-price meals))~~ qualifying schools. A qualifying school means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds fifty percent or more of its total annual average enrollment. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through twelve, with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with fifteen exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

Sec. 102. RCW 28A.150.390 and 2017 3rd sp.s. c 13 s 406 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by ~~((0.9309))~~ 0.9609.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or thirteen and five-tenths percent.

NEW SECTION. Sec. 103. A new section is added to chapter 28A.160 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, a transportation alternate funding grant program is created.

(2) As part of the award process for the grants, the superintendent of public instruction must include a review of the school district's efficiency rating, key performance indicators, and local school district characteristics such as unique geographic constraints, low enrollment, geographic density of students, the percentage of students served under the McKinney-Vento homeless assistance act from outside the district, or whether the district is a nonhigh district.

Sec. 104. RCW 28A.165.055 and 2017 3rd sp.s. c 13 s 405 are each amended to read as follows:

(1) The funds for the learning assistance program shall be appropriated in accordance with RCW 28A.150.260 and the omnibus appropriations act. The distribution formula is for school district allocation purposes only, except as provided in RCW 28A.150.260(10)(a)(ii), but all funds appropriated for the learning assistance program must be expended for the purposes of RCW 28A.165.005 through 28A.165.065.

(2) A district's high poverty-based allocation is generated by its qualifying schools ~~((buildings))~~ as defined in RCW 28A.150.260(10) and must be expended by the district for those ~~((buildings))~~ schools. This funding must supplement and not supplant the district's expenditures under this chapter for those schools ~~((buildings))~~.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The superintendent of public instruction must require school districts to have identification procedures for their highly capable programs that are clearly stated and implemented by school districts using the following criteria:

(a) Districts must use multiple objective criteria to identify students who are among the most highly capable. Multiple pathways for qualifications must be available and no single criterion may disqualify a student from identification;

(b) Highly capable selection decisions must be based on consideration of criteria benchmarked on local norms, but local norms may not be used as a more restrictive criteria than national norms at the same percentile;

(c) Subjective measures such as teacher recommendations or report card grades may not be used to screen out a student from assessment. These data points may be used alongside other criteria during selection to support identification, but may not be used to disqualify a student from being identified; and

(d) To the extent practicable, screening and assessments must be given in the native language of the student. If native language

2018 REGULAR SESSION

screening and assessments are not available, a nonverbal screening and assessment must be used.

(2) The superintendent of public instruction must disseminate guidance on referral, screening, assessment, selection, and placement best practices for highly capable programs. The guidance must be regularly updated and aligned with evidence-based practices.

Sec. 106. RCW 28A.150.392 and 2017 3rd sp.s. c 13 s 407 are each amended to read as follows:

(1)(a) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c) Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for special education-eligible students and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual special education students served in residential schools as defined in RCW 28A.190.020, programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a program of education for students enrolled in special education.

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

~~((+))~~ (i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

~~((+))~~ (j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By ~~((September 1, 2019))~~ December 1, 2018, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section including revisions to rules that provide additional flexibility to access community impact awards. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

PART II: COMPENSATION

NEW SECTION. **Sec. 201.** The legislature recognizes that Initiative Measure No. 1433 was approved by the voters of the state of Washington in 2016 requiring employers to provide paid sick leave to each of its employees. The legislature acknowledges that the enactment of this initiative contributes to the costs of operations of the state's public schools and intends to provide funding in the omnibus appropriations act to support school districts with these additional costs.

Sec. 202. RCW 28A.150.410 and 2017 3rd sp.s. c 13 s 101 are each amended to read as follows:

(1) Through the 2017-18 school year, the legislature shall establish for each school year in the appropriations act a statewide salary allocation schedule, for allocation purposes only, to be used to distribute funds for basic education certificated instructional staff salaries under RCW 28A.150.260. For the purposes of this section, the staff allocations for classroom teachers, teacher-librarians, guidance counselors, and student health services staff under RCW 28A.150.260 are considered allocations for certificated instructional staff.

(2) Through the 2017-18 school year, salary allocations for state-funded basic education certificated instructional staff shall be calculated by the superintendent of public instruction by determining the district's average salary for certificated

instructional staff, using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act.

(3) Through the 2017-18 school year, no more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in the omnibus appropriations act, or any replacement schedules and documents, unless:

(a) The employee has a master's degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(4) Beginning in the 2007-08 school year and through the 2017-18 school year, the calculation of years of service for occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, and psychologists regulated under Title 18 RCW may include experience in schools and other nonschool positions as occupational therapists, physical therapists, speech-language pathologists, audiologists, nurses, social workers, counselors, or psychologists. The calculation shall be that one year of service in a nonschool position counts as one year of service for purposes of this chapter, up to a limit of two years of nonschool service. Nonschool years of service included in calculations under this subsection shall not be applied to service credit totals for purposes of any retirement benefit under chapter 41.32, 41.35, or 41.40 RCW, or any other state retirement system benefits.

(5) By the ~~((2019-20))~~ 2018-19 school year, the minimum state allocation for salaries for certificated instructional staff in the basic education program must be increased ~~((beginning in the 2018-19 school year))~~ to provide a statewide average allocation of sixty-four thousand dollars adjusted for inflation from the 2017-18 school year.

(6) By the ~~((2019-20))~~ 2018-19 school year, the minimum state allocation for salaries for certificated administrative staff in the basic education program must be increased ~~((beginning in the 2018-19 school year))~~ to provide a statewide average allocation of ninety-five thousand dollars adjusted for inflation from the 2017-18 school year.

(7) By the ~~((2019-20))~~ 2018-19 school year, the minimum state allocation for salaries for classified staff in the basic education program must be increased ~~((beginning in the 2018-19 school year))~~ to provide a statewide average allocation of forty-five thousand nine hundred twelve dollars adjusted by inflation from the 2017-18 school year.

(8) ~~((To implement the new minimum salary allocations in subsections (5) through (7) of this section, the legislature must fund fifty percent of the increased salary allocation in the 2018-19 school year and the entire increased salary allocation in the 2019-20 school year.))~~ For school year 2018-19, a district's minimum state allocation for salaries is the greater of the district's 2017-18 state salary allocation, adjusted for inflation, or the district's allocation based on the state salary level specified in subsections (5) through (7) of this section, and as further specified in the omnibus appropriations act.

(9) Beginning with the 2018-19 school year, state allocations for salaries for certificated instructional staff, certificated administrative staff, and classified staff must be adjusted for regional differences in the cost of hiring staff. Adjustments for regional differences must be specified in the omnibus appropriations act for each school year through at least school year 2022-23. For school years 2018-19 through school year 2022-23, the school district regionalization factors are based on the median single-family residential value of each school district and proximate school district median single-family residential value as described in RCW 28A.150.412.

(10) Beginning with the 2023-24 school year and every ~~((six))~~ four years thereafter, the minimum state salary allocations and school district regionalization factors for certificated instructional staff, certificated ~~((administration))~~ administrative staff, and classified staff must be reviewed and rebased, as provided under RCW 28A.150.412, to ensure that state salary allocations continue to align with staffing costs for the state's program of basic education.

(11) For the purposes of this section, "inflation" has the meaning provided in RCW 28A.400.205 for "inflationary adjustment index."

Sec. 203. RCW 28A.150.412 and 2017 3rd sp.s. c 13 s 104 are each amended to read as follows:

(1) Beginning with the 2023 regular legislative session, and every ~~((six))~~ four years thereafter, the legislature shall review and rebase state basic education compensation allocations compared to school district compensation data, regionalization factors, what inflationary measure is the most representative of actual market experience for school districts, and other economic information. The legislature shall revise the minimum allocations ~~((and))~~, regionalization factors, and inflationary measure if necessary to ensure that state basic education allocations continue to provide market-rate salaries and that regionalization adjustments reflect actual economic differences between school districts.

(2)(a) For school districts with single-family residential values above the statewide median residential value, regionalization factors for school years 2018-19 through school year 2022-23 are as follows:

(i) For school districts in tercile 1, state salary allocations for school district employees are regionalized by six percent;

(ii) For school districts in tercile 2, state salary allocations for school district employees are regionalized by twelve percent; and

(iii) For school districts in tercile 3, state salary allocations for school district employees are regionalized by eighteen percent.

(b) In addition to the regionalization factors specified in (a) of this subsection, school districts located west of the crest of the Cascade mountains and sharing a boundary with any school district with a regionalization factor more than one tercile higher, are regionalized by six additional percentage points.

(c) In addition to the regionalization factors specified in this subsection, for school districts that have certificated instructional staff median years of experience that exceed the statewide average certificated instructional staff years of experience and a ratio of certificated instructional staff advanced degrees to bachelor degrees above the statewide ratio, an experience factor of four percentage points is added to the regionalization factor, beginning in the 2019-20 school year.

(d) Additional school district adjustments are identified in the omnibus appropriations act, and these adjustments are partially reduced or eliminated by the 2022-23 school year as follows:

(i) Adjustments that increase the regionalization factor to a value that is greater than the tercile 3 regionalization factor must be reduced by two percentage points each school year beginning with school year 2020-21, through 2022-23.

(ii) Adjustments that increase the regionalization factor to a value that is less than or equal to the tercile 3 regionalization factor must be reduced by one percentage point each school year beginning with school year 2020-21, through 2022-23.

(3) To aid the legislature in reviewing and rebasing regionalization factors, the department of revenue shall, by November 1, 2022, and by November 1st every ~~((six))~~ four years thereafter, determine the median single-family residential value of each school district as well as the median value of proximate districts within fifteen miles of the boundary of the school district for which the median residential value is being calculated.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

(4) No district may receive less state funding for the minimum state salary allocation as compared to its prior school year salary allocation as a result of adjustments that reflect updated regionalized salaries.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Median residential value of each school district" means the median value of all single-family residential parcels included within a school district and any other school district that is proximate to the school district.

(b) "Proximate to the school district" means within fifteen miles of the boundary of the school district for which the median residential value is being calculated.

(c) "School district employees" means state-funded certificated instructional staff, certificated administrative staff, and classified staff.

(d) "School districts in tercile 1" means school districts with median single-family residential values in the first tercile of districts with single-family residential values above the statewide median residential value.

(e) "School districts in tercile 2" means school districts with median single-family residential values in the second tercile of districts with single-family residential values above the statewide median residential value.

(f) "School districts in tercile 3" means school districts with median single-family residential values in the third tercile of districts with single-family residential values above the statewide median residential value.

(g) "Statewide median residential value" means the median value of single-family residential parcels located within all school districts, reduced by five percent.

Sec. 204. RCW 28A.400.006 and 2017 3rd sp.s. c 13 s 703 are each amended to read as follows:

(1) A school district may not ~~((provide any)) increase average total school district expenditures for certificated administrative staff ((with a percentage increase to total salary)) for the 2018-19 school year ((, including supplemental contracts, that exceeds the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle. However, if a district's average certificated administrative staff salary is less than the average certificated administrative salary allocated by the state for that year, the district may increase salaries not to exceed the point where the district's average certificated administrative staff salary equals the average certificated administrative staff salary allocated by the state)) in excess of the following:~~

(a) Annual salary inflationary adjustments based on the rate of the yearly increase of the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle;

(b) Annual experience and education salary step increases according to what was the prior year's practice within the school district; or

(c) School districts with an average total certificated administrative staff salary less than the statewide average certificated administrative staff salary allocation used to distribute funds for basic education as estimated by the office of the superintendent of public instruction for the 2018-19 school year may provide salary increases up to the statewide average allocation.

(2) Changes to any terms of an employment contract for nonrepresented employees must comply with the same requirements established in this section.

(3) This section expires August 31, 2019.

Sec. 205. RCW 28A.400.200 and 2017 3rd sp.s. c 13 s 103 are each amended to read as follows:

(1) Every school district board of directors shall fix, alter, allow, and order paid salaries and compensation for all district employees in conformance with this section.

(2)(a) Through the 2017-18 school year, salaries for certificated instructional staff shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a baccalaureate degree and zero years of service;

(b) Salaries for certificated instructional staff with a master's degree shall not be less than the salary provided in the appropriations act in the statewide salary allocation schedule for an employee with a master's degree and zero years of service; and

(c) Beginning with the ~~((2019-20))~~ 2018-19 school year:

(i) Salaries for full-time certificated instructional staff must not be less than forty thousand dollars, to be adjusted for regional differences in the cost of hiring staff as specified in RCW 28A.150.410, and to be adjusted annually by the same inflationary measure as provided in RCW 28A.400.205;

(ii) Salaries for full-time certificated instructional staff with at least five years of experience must exceed by at least ten percent the value specified in (c)(i) of this subsection;

(iii) A district may not pay full-time certificated instructional staff a salary that exceeds ninety thousand dollars, subject to adjustment for regional differences in the cost of hiring staff as specified in RCW 28A.150.410. This maximum salary is adjusted annually by the inflationary measure in RCW 28A.400.205;

(iv) These minimum and maximum salaries apply to the services provided as part of the state's statutory program of basic education and exclude supplemental contracts for additional time, responsibility, or incentive pursuant to this section or for enrichment pursuant to RCW 28A.150.276;

(v) A district may pay a salary that exceeds this maximum salary by up to ten percent for full-time certificated instructional staff: Who are educational staff associates; who teach in the subjects of science, technology, engineering, or math; or who teach in the transitional bilingual instruction or special education programs.

(3)(a)(i) Through the 2017-18 school year the actual average salary paid to certificated instructional staff shall not exceed the district's average certificated instructional staff salary used for the state basic education allocations for that school year as determined pursuant to RCW 28A.150.410.

(ii) For the 2018-19 school year, salaries for certificated instructional staff are subject to the limitations in RCW 41.59.800.

(iii) Beginning with the 2019-20 school year, for purposes of subsection (4) of this section, RCW 28A.150.276, and 28A.505.100, each school district must annually identify the actual salary paid to each certificated instructional staff for services rendered as part of the state's program of basic education.

(b) Through the 2018-19 school year, fringe benefit contributions for certificated instructional staff shall be included as salary under (a)(i) of this subsection only to the extent that the district's actual average benefit contribution exceeds the amount of the insurance benefits allocation, less the amount remitted by districts to the health care authority for retiree subsidies, provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. For purposes of this section, fringe benefits shall not include payment for unused leave for illness or injury under RCW 28A.400.210; employer contributions for old age survivors insurance, workers' compensation, unemployment compensation,

and retirement benefits under the Washington state retirement system; or employer contributions for health benefits in excess of the insurance benefits allocation provided per certificated instructional staff unit in the state operating appropriations act in effect at the time the compensation is payable. A school district may not use state funds to provide employer contributions for such excess health benefits.

(c) Salary and benefits for certificated instructional staff in programs other than basic education shall be consistent with the salary and benefits paid to certificated instructional staff in the basic education program.

(4)(a) Salaries and benefits for certificated instructional staff may exceed the limitations in subsection (3) of this section only by separate contract for additional time, for additional responsibilities, or for incentives. Supplemental contracts shall not cause the state to incur any present or future funding obligation. Supplemental contracts must be accounted for by a school district when the district is developing its four-year budget plan under RCW 28A.505.040.

(b) Supplemental contracts shall be subject to the collective bargaining provisions of chapter 41.59 RCW and the provisions of RCW 28A.405.240, shall not exceed one year, and if not renewed shall not constitute adverse change in accordance with RCW 28A.405.300 through 28A.405.380. No district may enter into a supplemental contract under this subsection for the provision of services which are a part of the basic education program required by Article IX, section 1 of the state Constitution and RCW 28A.150.220.

(c)(i) Beginning September 1, 2019, supplemental contracts for certificated instructional staff are subject to the following additional restrictions: School districts may enter into supplemental contracts only for enrichment activities as defined in and subject to the limitations of RCW 28A.150.276. ((The rate the district pays under a supplemental contract may not exceed the hourly rate provided to that same instructional staff for services under the basic education salary identified pursuant to subsection (3)(a)(iii) of this section.))

(ii) For a supplemental contract, or portion of a supplemental contract, that is time-based, the hourly rate the district pays may not exceed the hourly rate provided to that same instructional staff for services under the basic education salary identified under subsection (3)(a)(iii) of this section. For a supplemental contract, or portion of a supplemental contract that is not time-based, the contract must document the additional duties, responsibilities, or incentives that are being funded in the contract.

(5) Employee benefit plans offered by any district shall comply with RCW 28A.400.350, 28A.400.275, and 28A.400.280.

Sec. 206. RCW 28A.400.205 and 2017 3rd sp.s. c 13 s 102 are each amended to read as follows:

(1) School district employees shall be provided an annual salary inflationary increase in accordance with this section.

(a) The inflationary increase shall be calculated by applying the rate of the yearly increase in the inflationary adjustment index to any state-funded salary base used in state funding formulas for teachers and other school district employees. Beginning with the ~~((2020-21))~~ 2019-20 school year, each school district shall be provided an inflationary adjustment allocation sufficient to grant this inflationary increase.

(b) A school district shall distribute its inflationary adjustment allocation for salaries and salary-related benefits in accordance with the district's collective bargaining agreements and compensation policies. No later than the end of the school year, each school district shall certify to the superintendent of public instruction that it has spent funds provided for inflationary increases on salaries and salary-related benefits.

(c) Any funded inflationary increase shall be included in the salary base used to determine inflationary increases for school employees in subsequent years. For teachers and other certificated instructional staff, the rate of the annual inflationary increase funded for certificated instructional staff shall be applied to the base salary used with the statewide salary allocation methodology established under RCW 28A.150.410 and to any other salary allocation methodologies used to recognize school district personnel costs.

(2) For the purposes of this section, "inflationary adjustment index" means, for any school year, the implicit price deflator for that fiscal year, using the official current base, compiled by the bureau of ~~((labor statistics, United States department of labor for the state of Washington))~~ economic analysis, United States department of commerce.

Sec. 207. RCW 41.56.800 and 2017 3rd sp.s. c 13 s 701 are each amended to read as follows:

(1) A school district collective bargaining agreement for classified staff that is executed or modified after July 6, 2017, and that is in effect for the 2018-19 school year may not ~~((provide school district classified staff with a percentage))~~ increase ~~((the))~~ average total salary for the 2018-19 school year, including supplemental contracts, ~~((that exceeds the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle. (a) Annual salary inflationary adjustments based on the rate of the yearly increase of the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle;

(b) Annual experience and education salary step increases according to the salary schedule specified in the agreement;

(c) Salary changes for staffing increases due to enrollment growth or state-funded increases under RCW 28A.150.260; or

(d) School districts with an average total classified staff salary less than the statewide average classified salary allocation used to distribute funds for basic education as estimated by the office of the superintendent of public instruction for the 2018-19 school year may provide salary increases up to the statewide average allocation.

(2) Changes to any terms of an employment contract for nonrepresented employees must comply with the same requirements established in this section.

(3) This section expires August 31, 2019.

Sec. 208. RCW 41.59.800 and 2017 3rd sp.s. c 13 s 702 are each amended to read as follows:

(1) A school district collective bargaining agreement for certificated instructional staff that is executed or modified after July 6, 2017, and that is in effect for the 2018-19 school year may not ~~((provide school district certificated instructional staff with a percentage))~~ increase ~~((the))~~ average total salary for the 2018-19 school year, including supplemental contracts, ~~((that exceeds the previous calendar year's annual average consumer price index, using the official current base compiled by the bureau of labor statistics, United States department of labor, for the city of Seattle. (b) Annual experience and education salary step increases according to the salary schedule specified in the agreement;

(c) Salary changes for staffing increases due to enrollment growth or state-funded increases under RCW 28A.150.260;

(d) Salary changes to provide professional learning under RCW 28A.415.430;

(e) Increases related to bonuses for attaining certification from the national board for professional teaching standards;

(f) School districts with an average total certificated instructional staff salary less than the statewide average certificated instructional staff salary allocation used to distribute funds for basic education as estimated by the office of the superintendent of public instruction for the 2018-19 school year may provide salary increases up to the statewide average allocation; or

(g) Salaries for new certificated instructional staff hired in the 2018-19 school year.

(2) Changes to any terms of an employment contract for nonrepresented employees must comply with the same requirements established in this section.

(3) This section expires August 31, 2019.

NEW SECTION. Sec. 209. The superintendent of public instruction shall convene a work group, that must include representatives of diverse school districts and education stakeholders to make recommendations to define the duties and responsibilities that entail a "school day" under the state's statutory program of basic education under RCW 28A.150.220 and 28A.150.260. The recommendations must consider: The professional responsibilities, time, and effort required to provide the state's statutory program of basic education that exceed the required number of instructional hours specified in RCW 28A.150.220, and duties covered by state salary allocations that may be outside of school instructional time including, but not limited to, direct instruction required in RCW 28A.150.220; the necessary preparations, planning, and coordination for that instruction; meeting with and collaborating with parents and other teachers or other staff regarding the program of basic education; and the necessary evaluation of student learning from that instruction. The superintendent shall report the recommendations to the education policy and operating budget committees of the legislature by January 14, 2019.

PART III: LEVIES

Sec. 301. RCW 28A.150.276 and 2017 3rd sp.s. c 13 s 501 are each amended to read as follows:

(1)(a) Beginning September 1, ~~((2019))~~ 2018, school districts may use local revenues only for documented and demonstrated enrichment of the state's statutory program of basic education as authorized in subsection (2) of this section.

(b) Nothing in this section revises the definition or the state funding of the program of basic education under RCW 28A.150.220 and 28A.150.260.

(c) For purposes of this section, "local revenues" means enrichment levies collected under RCW 84.52.053, ~~((transportation vehicle enrichment levies,))~~ local effort assistance funding received under chapter 28A.500 RCW, and

other school district local revenues including, but not limited to, grants, donations, and state and federal payments in lieu of taxes, except that "local revenues" does not include other federal revenues, or local revenues that operate as an offset to the district's basic education allocation under RCW 28A.150.250.

(2)(a) Enrichment activities are permitted under this section if they provide supplementation beyond the state:

(i) Minimum instructional offerings of RCW 28A.150.220 or 28A.150.260;

(ii) Staffing ratios or program components of RCW 28A.150.260, including providing additional staff for class size reduction beyond class sizes allocated in the prototypical school model and additional staff beyond the staffing ratios allocated in the prototypical school formula;

(iii) Program components of RCW 28A.150.200, 28A.150.220, or 28A.150.260; or

(iv) Program of professional learning as defined by RCW 28A.415.430 beyond that allocated pursuant to RCW 28A.150.415.

(b) Permitted enrichment activities consist of:

(i) Extracurricular activities, extended school days, or an extended school year;

(ii) Additional course offerings beyond the minimum instructional program established in the state's statutory program of basic education;

(iii) Activities associated with early learning programs;

(iv) Any additional salary costs attributable to the provision or administration of the enrichment activities allowed under this subsection; and

(v) Additional activities or enhancements that the office of the superintendent of public instruction determines to be a documented and demonstrated enrichment of the state's statutory program of basic education under (a) of this subsection and for which the superintendent approves proposed expenditures during the preballot approval process required by RCW 84.52.053 and 28A.505.240.

(3) In addition to the limitations of subsections (1) and (2) of this section and of RCW 28A.400.200, permitted enrichment activities are subject to the following conditions and limitations:

(a) If a school district spends local revenues for salary costs attributable to the administration of enrichment programs, the portion of administrator salaries attributable to that purpose may not exceed ~~((the proportion))~~ twenty-five percent of the ~~((district's local revenues to its other revenues))~~ total district expenditures for administrator salaries; and

(b) Supplemental contracts under RCW 28A.400.200 are subject to the limitations of this section.

(4) The superintendent of public instruction must adopt rules to implement this section.

Sec. 302. RCW 28A.320.330 and 2017 3rd sp.s. c 13 s 601 are each amended to read as follows:

School districts shall establish the following funds in addition to those provided elsewhere by law:

(1)(a) A general fund for the school district to account for all financial operations of the school district except those required to be accounted for in another fund.

(b) By the ~~((2019-20))~~ 2018-19 school year, a local revenue subfund of its general fund to account for the financial operations of a school district that are paid from local revenues. The local revenues that must be deposited in the local revenue subfund are enrichment levies and transportation vehicle ~~((enrichment))~~ levies collected under RCW 84.52.053, local effort assistance funding received under chapter 28A.500 RCW, and other school district local revenues including, but not limited to, grants, donations, and state and federal payments in lieu of taxes, but do

not include other federal revenues, or local revenues that operate as an offset to the district's basic education allocation under RCW 28A.150.250. School districts must track expenditures from this subfund separately to account for the expenditure of each of these streams of revenue by source, and must provide any supplemental expenditure schedules required by the superintendent of public instruction or state auditor for purposes of RCW 43.09.2856.

(2) A capital projects fund shall be established for major capital purposes. All statutory references to a "building fund" shall mean the capital projects fund so established. Money to be deposited into the capital projects fund shall include, but not be limited to, bond proceeds, proceeds from excess levies authorized by RCW 84.52.053, state apportionment proceeds as authorized by RCW 28A.150.270, earnings from capital projects fund investments as authorized by RCW 28A.320.310 and 28A.320.320, and state forest revenues transferred pursuant to subsection (3) of this section.

Money derived from the sale of bonds, including interest earnings thereof, may only be used for those purposes described in RCW 28A.530.010, except that accrued interest paid for bonds shall be deposited in the debt service fund.

Money to be deposited into the capital projects fund shall include but not be limited to rental and lease proceeds as authorized by RCW 28A.335.060, and proceeds from the sale of real property as authorized by RCW 28A.335.130.

Money legally deposited into the capital projects fund from other sources may be used for the purposes described in RCW 28A.530.010, and for the purposes of:

(a) Major renovation and replacement of facilities and systems where periodical repairs are no longer economical or extend the useful life of the facility or system beyond its original planned useful life. Such renovation and replacement shall include, but shall not be limited to, major repairs, exterior painting of facilities, replacement and refurbishment of roofing, exterior walls, windows, heating and ventilating systems, floor covering in classrooms and public or common areas, and electrical and plumbing systems.

(b) Renovation and rehabilitation of playfields, athletic fields, and other district real property.

(c) The conduct of preliminary energy audits and energy audits of school district buildings. For the purpose of this section:

(i) "Preliminary energy audits" means a determination of the energy consumption characteristics of a building, including the size, type, rate of energy consumption, and major energy using systems of the building.

(ii) "Energy audit" means a survey of a building or complex which identifies the type, size, energy use level, and major energy using systems; which determines appropriate energy conservation maintenance or operating procedures and assesses any need for the acquisition and installation of energy conservation measures, including solar energy and renewable resource measures.

(iii) "Energy capital improvement" means the installation, or modification of the installation, of energy conservation measures in a building which measures are primarily intended to reduce energy consumption or allow the use of an alternative energy source.

(d) Those energy capital improvements which are identified as being cost-effective in the audits authorized by this section.

(e) Purchase or installation of additional major items of equipment and furniture: PROVIDED, That vehicles shall not be purchased with capital projects fund money.

(f)(i) Costs associated with implementing technology systems, facilities, and projects, including acquiring hardware, licensing software, and online applications and training related to the installation of the foregoing. However, the software or

applications must be an integral part of the district's technology systems, facilities, or projects.

(ii) Costs associated with the application and modernization of technology systems for operations and instruction including, but not limited to, the ongoing fees for online applications, subscriptions, or software licenses, including upgrades and incidental services, and ongoing training related to the installation and integration of these products and services. However, to the extent the funds are used for the purpose under this subsection (2)(f)(ii), the school district shall transfer to the district's general fund the portion of the capital projects fund used for this purpose. The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations.

(g) Major equipment repair, painting of facilities, and other major preventative maintenance purposes. However, to the extent the funds are used for the purpose under this subsection (2)(g), the school district shall transfer to the district's general fund the portion of the capital projects fund used for this purpose. The office of the superintendent of public instruction shall develop accounting guidelines for these transfers in accordance with internal revenue service regulations. Based on the district's most recent two-year history of general fund maintenance expenditures, funds used for this purpose may not replace routine annual preventive maintenance expenditures made from the district's general fund.

(3) A debt service fund to provide for tax proceeds, other revenues, and disbursements as authorized in chapter 39.44 RCW. State forestland revenues that are deposited in a school district's debt service fund pursuant to RCW 79.64.110 and to the extent not necessary for payment of debt service on school district bonds may be transferred by the school district into the district's capital projects fund.

(4) An associated student body fund as authorized by RCW 28A.325.030.

(5) Advance refunding bond funds and refunded bond funds to provide for the proceeds and disbursements as authorized in chapter 39.53 RCW.

Sec. 303. RCW 28A.500.015 and 2017 3rd sp.s. c 13 s 206 are each amended to read as follows:

(1) Beginning in calendar year 2019 and each calendar year thereafter, the state must provide state local effort assistance funding to supplement school district enrichment levies as provided in this section.

(2) For an eligible school district, annual local effort assistance funding is equal to the school district's maximum local effort assistance multiplied by a fraction equal to the school district's actual enrichment levy divided by the school district's maximum allowable enrichment levy.

(3) The state local effort assistance funding provided under this section is not part of the state's program of basic education deemed by the legislature to comply with the requirements of Article IX, section 1 of the state Constitution.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible school district" means a school district whose maximum allowable enrichment levy divided by the school district's total student enrollment in the prior school year is less than the state local effort assistance threshold.

(b) For the purpose of this section, "inflation" means ((inflation as defined in RCW 84.55.005)), for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

(c) "Maximum allowable enrichment levy" means the maximum levy permitted by RCW 84.52.0531.

(d) "Maximum local effort assistance" means ~~((the school district's student enrollment in the prior school year multiplied by))~~ the difference ~~((of))~~ between the following:

(i) The school district's actual prior school year enrollment multiplied by the state local effort assistance threshold; and ((#))

(ii) The school district's maximum allowable enrichment levy ~~((divided by the school district's student enrollment in the prior school year)).~~

(e) "Prior school year" means the most recent school year completed prior to the year in which the state local effort assistance funding is to be distributed.

(f) "State local effort assistance threshold" means one thousand five hundred dollars per student, ~~((adjusted))~~ increased for inflation beginning in calendar year 2020.

(g) "Student enrollment" means the average annual ~~((resident))~~ full-time equivalent student enrollment.

(5) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(6) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

Sec. 304. RCW 28A.505.240 and 2017 3rd sp.s. c 13 s 204 are each amended to read as follows:

(1) As required by RCW 84.52.053(4), before a school district may submit an enrichment levy ~~((including a transportation vehicle enrichment levy))~~ under RCW 84.52.053 to the voters, it must have received approval from the office of the superintendent of public instruction of an expenditure plan for the district's enrichment levy and other local revenues as defined in RCW 28A.150.276. Within thirty days after receiving the plan the office of the superintendent of public instruction must notify the school district whether the spending plan is approved. If the office of the superintendent of public instruction rejects a district's proposed spending plan, then the district may submit a revised spending plan, and the superintendent must approve or reject the revised submission within thirty days. The office of the superintendent of public instruction may approve a spending plan only if it determines that the enrichment levy and other local revenues as defined in RCW 28A.150.276(1) will be used solely for permitted enrichment activities as provided in RCW 28A.150.276(2).

(2)(a) Except as provided in (b) of this subsection, after a school district has received voter approval for a levy for an enrichment levy under RCW 84.52.053, a school district may change its spending plan for the voter-approved levy by submitting a revised spending plan to the office of the superintendent of public instruction for review and approval. To revise a previously approved spending plan, the district must provide notice and an opportunity for review and comment at an open meeting of the school board, and the board must adopt the revised spending plan by resolution. The board must then submit the plan to the office of the superintendent of public instruction. Within thirty days after receiving the revised spending plan the office must notify the school district whether the revised spending plan is approved. The office of the superintendent of public instruction may approve a revised spending plan only if it determines that the enrichment levy and other local revenues as defined in RCW 28A.150.276(1) will be used solely for permitted enrichment activities as provided in RCW 28A.150.276(2).

(b) If the superintendent has approved expenditures for specific purposes under (a) of this subsection, a district may change the relative amounts to be spent for those respective purposes for the same levy in subsequent years without having to first receive approval for the change from the office of the superintendent of public instruction if the district adopts the change as part of its annual budget proposal after a public hearing under RCW 28A.505.060.

(3) This section applies to taxes levied for collection beginning in calendar year 2020 and thereafter.

NEW SECTION. Sec. 305. A new section is added to chapter 84.52 RCW to read as follows:

For districts in a high/nonhigh relationship, if the high school district is subject to the maximum per pupil limit under RCW 84.52.0531, the high school district's maximum levy amount must be reduced by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy.

Sec. 306. RCW 84.52.053 and 2017 3rd sp.s. c 13 s 201 are each amended to read as follows:

(1) The limitations imposed by RCW 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy of taxes by school districts, when authorized so to do by the voters of such school district in the manner and for the purposes and number of years allowable under Article VII, section 2(a) and Article IX, section 1 of the Constitution of this state. Elections for such taxes shall be held in the year in which the levy is made or, in the case of propositions authorizing two-year through four-year levies for enrichment funding for a school district, authorizing two-year levies for transportation vehicle funds established in RCW 28A.160.130 ~~((through calendar year 2019, authorizing two-year levies for transportation vehicle enrichment beginning with calendar year 2020,))~~ or authorizing two-year through six-year levies to support the construction, modernization, or remodeling of school facilities, which includes the purposes of RCW 28A.320.330(2) (f) and (g), in the year in which the first annual levy is made.

(2)(a) Once additional tax levies have been authorized for enrichment funding for a school district for a two-year through four-year period as provided under subsection (1) of this section, no further additional tax levies for enrichment funding for the district for that period may be authorized, except for additional levies to provide for subsequently enacted increases affecting the district's maximum levy.

(b) Notwithstanding (a) of this subsection, any school district that is required to annex or receive territory pursuant to a dissolution of a financially insolvent school district pursuant to RCW 28A.315.225 may call either a replacement or supplemental levy election within the school district, including the territory annexed or transferred, as follows:

(i) An election for a proposition authorizing two-year through four-year levies for enrichment funding for a school district may be called and held before the effective date of dissolution to replace existing enrichment levies and to provide for increases due to the dissolution.

(ii) An election for a proposition authorizing additional tax levies may be called and held before the effective date of dissolution to provide for increases due to the dissolution.

(iii) In the event a replacement levy election under (b)(i) of this subsection is held but does not pass, the affected school district may subsequently hold a supplemental levy election pursuant to (b)(ii) of this subsection if the supplemental levy election is held before the effective date of dissolution. In the event a

supplemental levy election is held under (b)(ii) of this subsection but does not pass, the affected school district may subsequently hold a replacement levy election pursuant to (b)(i) of this subsection if the replacement levy election is held before the effective date of dissolution. Failure of a replacement levy or supplemental levy election does not affect any previously approved and existing enrichment levy within the affected school district or districts.

(c) For the purpose of applying the limitation of this subsection (2), a two-year through six-year levy to support the construction, modernization, or remodeling of school facilities shall not be deemed to be a tax levy for enrichment funding for a school district.

(3) A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no."

(4)(a) Beginning September 1, ~~((2019))~~ 2018, school districts may use enrichment levies ~~((and transportation vehicle enrichment levies))~~ solely to enrich the state's statutory program of basic education as authorized under RCW 28A.150.276.

(b) Beginning with propositions for enrichment levies ~~((and transportation vehicle enrichment levies))~~ for collection in calendar year 2020 and thereafter, a district must receive approval of an enrichment levy expenditure plan from the superintendent of public instruction under RCW 28A.505.240 before submission of the proposition to the voters.

Sec. 307. RCW 84.52.0531 and 2017 3rd sp.s. c 13 s 203 are each amended to read as follows:

(1) Beginning with taxes levied for collection in 2019, the maximum dollar amount which may be levied by or for any school district for enrichment levies under RCW 84.52.053 is equal to the lesser of one dollar and fifty cents per thousand dollars of the assessed value of property in the school district or the maximum per-pupil limit.

(2) The definitions in this subsection apply to this section unless the context clearly requires otherwise.

(a) For the purpose of this section, "inflation" means ((inflation as defined in RCW 84.55.005)), for any school year, the rate of the yearly increase of the previous calendar year's annual average consumer price index for all urban consumers, Seattle area, using the official current base compiled by the bureau of labor statistics, United States department of labor.

(b) "Maximum per-pupil limit" means two thousand five hundred dollars, multiplied by the number of average annual ~~((resident))~~ full-time equivalent students enrolled in the school district in the prior school year. Beginning with property taxes levied for collection in 2020, the maximum per-pupil limit shall be increased by inflation.

(c) "Prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(3) For districts in a high/nonhigh relationship, the enrollments of the nonhigh students attending the high school shall only be counted by the nonhigh school districts for purposes of funding under this section.

(4) For school districts participating in an innovation academy cooperative established under RCW 28A.340.080, enrollments of students attending the academy shall be adjusted so that each participant district receives its proportional share of student enrollments for purposes of funding under this section.

(5) Beginning with propositions for enrichment levies for collection in calendar year 2020 and thereafter, a district must

receive approval of an enrichment levy expenditure plan under RCW 28A.505.240 before submission of the proposition to the voters.

~~((4))~~ (6) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section.

~~((5))~~ (7) Beginning with taxes levied for collection in ~~((2020))~~ 2018, enrichment levy revenues must be deposited in a separate subfund of the school district's general fund pursuant to RCW 28A.320.330, and for the 2018-19 school year are subject to the restrictions of RCW 28A.150.276 and the audit requirements of RCW 43.09.2856.

~~((6))~~ (8) Funds collected from ~~((transportation vehicle enrichment levies shall not be subject to the levy limitations in))~~ levies for transportation vehicles, construction, modernization, or remodeling of school facilities as established in RCW 84.52.053 are not subject to the levy limitations in subsections (1) through (5) of this section.

PART IV: OTHER POLICIES

NEW SECTION. Sec. 401. (1) For the 2018-19 and 2019-20 school years, the office of the superintendent of public instruction shall allocate a hold-harmless payment to school districts if the sum of (b) of this subsection is greater than the sum of (a) of this subsection for either of the respective school years or if a school district meets the criteria under subsection (2) of this section.

(a) The current school year is calculated as the sum of (a)(i) through (iii) of this subsection using the enrollments and values in effect for that school year for the school district's:

(i) Formula-driven state allocations in part V of the state omnibus appropriations act for these programs: General apportionment, employee compensation adjustments, pupil transportation, special education programs, institutional education programs, transitional bilingual programs, highly capable, and learning assistance programs;

(ii) Local effort assistance funding received under chapter 28A.500 RCW; and

(iii) The lesser of the school district's voter-approved enrichment levy collection or the maximum levy authority provided under RCW 84.52.0531 for the previous calendar year.

(b) The baseline school year is calculated as the sum of (b)(i) through (iii) of this subsection using the current school year enrollments and the values in effect during the 2017-18 school year for the school district's:

(i) Formula-driven state allocations in part V of the state omnibus appropriations act for these programs: General apportionment, employee compensation adjustments, pupil transportation, special education programs, institutional education programs, transitional bilingual programs, highly capable, and learning assistance programs;

(ii) Local effort assistance funding received under chapter 28A.500 RCW; and

(iii) Maintenance and operation levy collection under RCW 84.52.0531 in the 2017 calendar year.

(2) From amounts appropriated in this act, the superintendent of public instruction must prioritize hold harmless payments to districts that meet both the following criteria:

(a) The sum of the school district's enrichment levy under RCW 84.52.0531 and 2017 3rd sp.s. c 13 s 203 and local effort assistance under RCW 28A.500.015 is less than half of the sum of the maintenance and operations levy and local effort assistance provided under law as it existed on January 1, 2017. For purposes of the calculation in this subsection, the maintenance and operations levy is limited to the lesser of the voter-approved levy

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

as of January 1, 2017, or the maximum levy under law as of January 1, 2017; and

(b) The adjusted assessed value of property within the school district as calculated by the department of revenue is greater than twenty billion dollars in calendar year 2017.

(3) Districts eligible for hold-harmless payments under subsection (1) of this section shall receive the difference between subsection (1)(b) and (a) of this section through the apportionment payment process in RCW 28A.510.250.

(4) The voters of the school district must approve an enrichment levy under RCW 84.52.0531 to be eligible for a hold-harmless payment under this section.

(5) This section expires December 31, 2020.

Sec. 402. RCW 28A.150.415 and 2017 3rd sp.s. c 13 s 105 are each amended to read as follows:

(1) Beginning with the ~~((2018-19))~~ 2019-20 school year, the legislature shall begin phasing in funding for professional learning days for certificated instructional staff. The state allocation must be used solely for the purpose of providing professional learning. At a minimum, the state must allocate funding for:

(a) One professional learning day in the ~~((2018-19))~~ 2019-20 school year;

(b) Two professional learning days in the ~~((2019-20))~~ 2020-21 school year; and

(c) Three professional learning days in the ~~((2020-21))~~ 2021-22 school year.

(2) The office of the superintendent of public instruction shall calculate each school district's professional learning allocation as provided in subsection (1) of this section separate from the minimum state allocation for salaries as specified in RCW 28A.150.410 and associated fringe benefits on the apportionment reports provided to each local educational agency. The professional learning allocation shall be equal to the proportional increase resulting from adding the professional learning days provided in subsection (1) of this section to the required minimum number of school days in RCW 28A.150.220(5)(a) applied to the school district's minimum state allocation for salaries and associated fringe benefits for certificated instructional staff as specified in the omnibus appropriations act. Professional learning allocations shall be included in per-pupil calculations for programs funded on a per student rate calculation.

(3) Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.

~~((3))~~ (4) The professional learning days must meet the definitions and standards provided in RCW 28A.415.430, 28A.415.432, and 28A.415.434.

(5) The use of the funding provided under this section must be audited as part of the regular financial audits of school districts by the state auditor's office to ensure compliance with the limitations and conditions of this section.

Sec. 403. RCW 28A.710.280 and 2016 c 241 s 128 are each amended to read as follows:

(1) The legislature intends that state funding for charter schools be distributed equitably with state funding provided for other public schools.

(2) For eligible students enrolled in a charter school established and operating in accordance with this chapter, the superintendent of public instruction shall transmit to each charter school an amount calculated as provided in this section and based on the statewide average ~~((staff mix factor))~~ salaries set forth in RCW 28A.150.410 for certificated instructional staff adjusted by the regionalization factor that applies to the school district in which

the charter school is geographically located, including any enrichment to those statutory formulae that is specified in the omnibus appropriations act. The amount must be the sum of (a) and (b) of this subsection~~((as applicable))~~.

(a) The superintendent shall, for purposes of making distributions under this section, separately calculate and distribute to charter schools moneys appropriated for general apportionment under the same ratios as in RCW 28A.150.260.

(b) The superintendent also shall, for purposes of making distributions under this section, and in accordance with the applicable formulae for categorical programs specified in (b)(i) through (v) of this subsection (2) and any enrichment to those statutory formulae that is specified in the omnibus appropriations act, separately calculate and distribute moneys appropriated by the legislature to charter schools for:

(i) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(ii) Supplemental instruction and services for eligible and enrolled students and exited students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080;

(iii) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020;

(iv) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030; and

(v) Pupil transportation services to and from school in accordance with RCW 28A.160.150 through 28A.160.180. Distributions for pupil transportation must be calculated on a per eligible student basis based on the allocation for the previous school year to the school district in which the charter school is located.

(3) The superintendent of public instruction must adopt rules necessary for the distribution of funding required by this section and to comply with federal reporting requirements.

Sec. 404. RCW 28A.715.040 and 2013 c 242 s 5 are each amended to read as follows:

(1) A school that is the subject of a state-tribal education compact must report student enrollment. Reporting must be done in the same manner and use the same definitions of enrolled students and annual average full-time equivalent enrollment as is required of school districts. The reporting requirements in this subsection are required for a school to receive state or federal funding that is allocated based on student characteristics.

(2) Funding for a school that is the subject of a state-tribal education compact shall be apportioned by the superintendent of public instruction according to the schedule established under RCW 28A.510.250, including general apportionment, special education, categorical, and other nonbasic education moneys. Allocations for certificated instructional staff must be based on the ~~statewide average ((staff mix ratio of the school, as calculated by the superintendent of public instruction using the statewide salary allocation schedule and related documents, conditions, and limitations established by the omnibus appropriations act))~~ salary set forth in RCW 28A.150.410, adjusted by the regionalization factor that applies to the school district in which the school is located. Allocations for classified staff and certificated administrative staff must be based on the salary allocations of the school district in which the school is located~~((subject to conditions and limitations established by the omnibus appropriations act))~~ as set forth in RCW 28A.150.410, adjusted by the regionalization factor that applies to the school district in which the school is located. Nothing in this section requires a school that is the subject of a state-tribal education compact to use

the statewide salary allocation schedule. Such a school is eligible to apply for state grants on the same basis as a school district.

(3) Any moneys received by a school that is the subject of a state-tribal education compact from any source that remain in the school's accounts at the end of any budget year must remain in the school's accounts for use by the school during subsequent budget years.

Sec. 405. RCW 72.40.028 and 2009 c 381 s 7 are each amended to read as follows:

All teachers employed by the Washington state center for childhood deafness and hearing loss and the state school for the blind shall meet all certification requirements and the programs shall meet all accreditation requirements and conform to the standards defined by law or by rule of the Washington professional educator standards board or the office of the state superintendent of public instruction. The superintendent and the director, by rule, may adopt additional educational standards for their respective facilities. Salaries of all certificated employees shall be ~~((set so as to conform to and be contemporary with salaries paid to other certificated employees of similar background and experience in))~~ based on the statewide average salary set forth in RCW 28A.150.410, adjusted by the regionalization factor that applies to the school district in which the program or facility is located. The superintendent and the director may provide for provisional certification for teachers in their respective facilities including certification for emergency, temporary, substitute, or provisional duty.

Sec. 406. RCW 43.09.2856 and 2017 3rd sp.s. c 13 s 503 are each amended to read as follows:

(1) Beginning with the 2019-20 school year, to ensure that school district local revenues are used solely for purposes of enriching the state's statutory program of basic education, the state auditor's regular financial audits of school districts must include a review of the expenditure of school district local revenues for compliance with RCW 28A.150.276, including the spending plan approved by the superintendent of public instruction under RCW 28A.505.240 and its implementation, and any supplemental contracts entered into under RCW 28A.400.200.

(2) If an audit under subsection (1) of this section results in findings that a school district has failed to comply with these requirements, then within ninety days of completing the audit the auditor must report the findings to the superintendent of public instruction, the office of financial management, and the education and operating budget committees of the legislature.

(3) The use of the state allocation provided for professional learning under RCW 28A.150.415 must be audited as part of the regular financial audits of school districts by the state auditor's office to ensure compliance with the limitations and conditions of RCW 28A.150.415.

NEW SECTION. Sec. 407. The sum of twelve million dollars is appropriated for the fiscal year ending June 30, 2019, from the general fund to the superintendent of public instruction solely for hold harmless payments for purposes of section 401(2) of this act.

Sec. 408. RCW 28A.505.140 and 2017 3rd sp.s. c 13 s 602 are each amended to read as follows:

(1) Notwithstanding any other provision of law, the superintendent of public instruction shall adopt such rules as will ensure proper budgetary procedures and practices, including monthly financial statements consistent with the provisions of RCW 43.09.200, and this chapter. By the ~~((2019-20))~~ 2018-19

school year, the rules must require school districts to provide separate accounting of state and local revenues to expenditures.

(2) If the superintendent of public instruction determines upon a review of the budget of any district that said budget does not comply with the budget procedures established by this chapter or by rules adopted by the superintendent of public instruction, or the provisions of RCW 43.09.200, the superintendent shall give written notice of this determination to the board of directors of the local school district.

(3) The local school district, notwithstanding any other provision of law, shall, within thirty days from the date the superintendent of public instruction issues a notice pursuant to subsection (2) of this section, submit a revised budget which meets the requirements of RCW 43.09.200, this chapter, and the rules of the superintendent of public instruction.

NEW SECTION. Sec. 409. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Public schools may develop curricula that:

(a) Links student learning with engagement in seasonal or nonseasonal outdoor-based activities, including activities related to academic requirements in science, health and fitness, and career and technical education;

(b) Aligns with the essential academic learning requirements under RCW 28A.655.070 that are a component of the state's instructional program of basic education; and

(c) Includes locally administered competency based assessments that align with the Washington state learning standards.

(2) Public schools that develop curricula under this section may request authorization from the superintendent of public instruction as provided in section 410 of this act to consider student participation in seasonal or nonseasonal outdoor-based activities as instructional days for the purposes of basic education requirements established in RCW 28A.150.220(5).

NEW SECTION. Sec. 410. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The superintendent of public instruction, subject to conformity with application or other requirements adopted by rule, shall approve requests by public schools as provided in section 409 of this act to consider student participation in seasonal or nonseasonal outdoor-based activities as instructional days for the purposes of basic education requirements established in RCW 28A.150.220(5).

(2) The superintendent of public instruction shall adopt rules to implement this section.

NEW SECTION. Sec. 411. The following acts or parts of acts are each repealed:

(1) RCW 28A.415.020 (Credit on salary schedule for approved in-service training, continuing education, and internship) and 2011 1st sp.s. c 18 s 5, 2007 c 319 s 3, 2006 c 263 s 808, 1995 c 284 s 2, 1990 c 33 s 415, & 1987 c 519 s 1;

(2) RCW 28A.415.023 (Credit on salary schedule for approved in-service training, continuing education, or internship—Course content—Rules) and 2012 c 35 s 6 & 2011 1st sp.s. c 18 s 6; and

(3) RCW 28A.415.024 (Credit on salary schedule—Accredited institutions—Verification—Penalty for submitting credits from unaccredited institutions) and 2006 c 263 s 809 & 2005 c 461 s 1.

NEW SECTION. Sec. 412. Sections 303 and 307 of this act take effect January 1, 2019."

Correct the title.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

MOTION

Senator Wellman moved that the Senate concur in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 6362.

Senator Wellman spoke in favor of the motion.

Senator Fain spoke against the motion.

The President declared the question before the Senate to be the motion by Senator Wellman that the Senate concur in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 6362.

The motion by Senator Wellman carried and the Senate concurred in the House amendment(s) to Engrossed Second Substitute Senate Bill No. 6362 by a rising vote.

Senator Conway spoke in favor of passage of the bill.

The President resumed the chair.

Senators Baumgartner, Braun and Zeiger spoke against passage of the bill.

Senator Becker spoke on the passage of the bill.

POINT OF INQUIRY

Senator Padden: "Thank you Mr. President. Will the Senator from the 25th yield to a question?"

President Habib: "Senator Zeiger?"

Senator Zeiger: "I will."

President Habib: "Please proceed."

Senator Padden: "Senator Zeiger could you please relate to me because I've not been part of these negotiations, what the agreement was and what the difference from the agreement and what the bill is that we have in front of us?"

Senator Zeiger: "I would defer to the gentleman from the 20th District if that is alright?"

Senator Padden: "With your permission."

President Habib: "Senator Padden, would you like to give remarks on this bill?"

Senator Padden: "I asked Senator Zeiger to yield to a question, Mr. President. He indicated that Senator Braun would be better able to answer the question."

President Habib: "Senator Braun? Please proceed."

Senator Braun: "Thank you Mr. President. So, it's gone on for a while and I'm a little tired but I will try and relate the changes from memory. There were four things that we were working on. We started with one, ironically that one is the one that we didn't even negotiate a change to and I got comfortable with that but we did three other things that my understanding is all four leads of the caucuses agreed on. And that is, we had a small change in the underlying language that said, there is a concern by the districts that it didn't differentiate between paid supplemental, or time-based supplemental contracts and nontime-based supplemental contracts. I think the language allowed what we intended but it wasn't as clear as it could be. There is an effort, I think originally with the Senate Democrats, to address that language and they got closer but it left an opening that could lead to the reinvention of tri or tri-like supplemental contracts.

We talked about and came up with good language to allow the school districts flexibility but doesn't allow that to happen. And then the other two items are, one has to do with, and this is probably the biggest one from a legal perspective, has to do with reporting on salaries. Again this is as we tried to perfect the bill in the trailer bill. When you, the original bill started the full salaries in school year 19-20, as you know. We pulled that back and started full funding in 18-19 but what wasn't done is pulling back the reporting that is required to go along with that. That's very important, that the court understands that we are tracking those salaries and the state is fully funding those salaries. And while there is some confusion on this issue, ultimately we got a general understanding. And, then, frankly, once we all understood the issue, led to general agreement pretty quickly. And this is probably the biggest issue from a court perspective and from a *McCleary* perspective. The third one is simply a change from OSPI that says their vendor, that will put together the reporting on a different issue, can't get it done by the date in '18. We moved the date up from '19 to '18, when we fully funded. They could do part, this has to do with creating subaccounts for local money and for state money, they can do the work that creates the subaccounts and have that done by the new date but they're not able to get the additional reporting coding done to do what the bill requires. So they simply asked that we bifurcate those tasks into one that can be done as asked, as requested in the bill, and one that can be done a year later when they expect the coding to be available. So these, as you can see Senator Padden, are relatively straight forward, just good blocking and tacking, good policy and I think we would have been better served both from a policy standpoint and an institutional standpoint to do these things. Thank you."

Senators Ranker and Wellman spoke in favor of passage of the bill.

Senators Padden, Short and Honeyford spoke against passage of the bill.

Senator Bailey spoke on the passage of the bill.

Senator Becker requested that the measure be deferred and announced a meeting of the Republican Caucus immediately upon going at ease.

MOTION

At 7:48 p.m., on motion of Senator Liias, the Senate was declared to be at ease until 8:02 p.m.

The Senate was called to order at 8:02 p.m. by President Habib.

Having concurred in the House amendment(s), the President declared the question before the Senate to be the final passage of Engrossed Second Substitute Senate Bill No. 6362 as amended by the House.

Senator Fain spoke against passage of the bill.

POINT OF ORDER

Senator Baumgartner: "Thank you Mr. President. I have great concern about this bill. Not knowing what is in it, ... would it still be possible, do I have the right to have the entire bill read in full?"

RULING BY THE PRESIDENT

President Habib: “Senator Baumgartner, we are on, I actually want to be clear, and I wasn’t, so, the norm is to not actually have any debate when a concurrence has happened. As you all know, you have been here, almost all of you, longer than I have. So, this was actually an extraordinary circumstance and so we’ve had the debate. It was very important to me and I know to all of us that we had the opportunity for members to learn about the changes in the House and so I’m glad we had the opportunity to do that. And Senator Fain gave remarks on behalf of your caucus and the question now before the...”

REMARKS BY THE PRESIDENT

President Habib: “You’ve not been recognized. ... There’s a few things. ... Number one, Senator Becker you’ve spoken on final passage, so has Senator Padden and I believe as I walked in. So has Senator Baumgartner. The one ... Excuse me. Excuse me. I’m speaking right now. You’ve not been recognized. Now, now, excuse me. You are out of order. The agreement that was made, prior to the brief recess, was that every senator, and I feel very strongly that every senator should have the opportunity to learn the changes that were made. Things are very, moving very quickly, and I recognize that it is unfortunate that there was not more time. The agreement was made by the floor leader of the minority and majority party caucuses that there would be a maximum of one speech on each side. Recognizing there is no speakers on the Democratic side that want to speak...”

The President declared the question before the Senate to be the final passage of Engrossed Second Substitute Senate Bill No. 6362, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Second Substitute Senate Bill No. 6362, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 25; Nays, 23; Absent, 1; Excused, 0.

Voting yea: Senators Billig, Carlyle, Chase, Cleveland, Conway, Darneille, Dhingra, Frockt, Hasegawa, Hobbs, Hunt, Keiser, Kuderer, Liiias, McCoy, Mullet, Nelson, Palumbo, Pedersen, Ranker, Rolfes, Saldaña, Takko, Van De Wege and Wellman

Voting nay: Senators Angel, Bailey, Becker, Braun, Brown, Ericksen, Fain, Fortunato, Hawkins, Honeyford, King, Miloscia, O’Ban, Padden, Rivers, Schoesler, Sheldon, Short, Wagoner, Walsh, Warnick, Wilson and Zeiger

Absent: Senator Baumgartner

ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6362, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

March 6, 2018

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SUBSTITUTE SENATE BILL NO. 6095. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 6095-S.E AMH THAR H5170.3, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A supplemental capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2019, out of the several funds specified in this act.

PART 1 GENERAL GOVERNMENT

Sec. 1001. 2018 c 2 s 1005 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Community Economic Revitalization Board (30000097)

Appropriation:

| | <u>\$5,000,000</u> |
| Public Facility Construction Loan Revolving Account—State | \$8,020,000 |
| <u>Subtotal Appropriation</u> | <u>\$13,020,000</u> |
| Prior Biennia (Expenditures) | \$5,000,000 |
| Future Biennia (Projected Costs) | \$0 |
| TOTAL | <u>\$13,020,000</u> |
| | <u>\$18,020,000</u> |

Sec. 1002. 2018 c 2 s 1006 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

2017-19 Housing Trust Fund Program (30000872)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$58,000,000 of the state taxable building construction account—state appropriation, (~~(\$43,400,000)~~) \$44,131,000 of the state building construction account—state appropriation, and (~~(\$5,370,000)~~) \$8,658,000 of the Washington housing trust account—state appropriation are provided solely for affordable housing and preservation of affordable housing. Of the amounts in this subsection:

(a) \$24,370,000 is provided solely for housing projects that provide supportive housing and case-management services to persons with chronic mental illness. The department must prioritize low-income supportive housing unit proposals that provide services or include a partner community behavioral health treatment provider;

(b) \$10,000,000 is provided solely for housing preservation grants or loans to be awarded competitively. The grants may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require that a capital needs assessment is performed to estimate the cost of the preservation project at contract execution. Funds may not be used to add or expand the capacity of the property. To receive grants, housing projects must meet the following requirements:

- (i) The property is more than fifteen years old;
- (ii) At least 50 percent of the housing units are occupied by families and individuals at or below 30 percent area median income.
- (iii) The improvements will result in reduction of operating or utilities costs, or both; and

(iv) Other criteria that the department considers necessary to achieve the purpose of this program.

(c) \$5,000,000 is provided solely for housing projects that benefit people at or below 80 percent of the area median income who have been displaced by a natural disaster declared by the governor, including people who have been displaced within the last two biennia.

(d) \$1,000,000 of the Washington housing trust account—state appropriation is provided solely for the department to work with the communities of concern commission to focus on creating capital assets that will help reduce poverty and build stronger and more sustainable communities using the communities' cultural understanding and vision. The funding must be used for predevelopment costs for capital projects identified by the commission and for other activities to assist communities in developing capacity to create community-owned capital assets.

(e) \$1,000,000 of the Washington housing trust account—state appropriation is provided solely for a nonprofit, public development authority, local government, or housing authority to purchase the south annex properties located at 1531 Broadway, 1534 Broadway, and 909 East Pine street owned by the state board of community and technical colleges. The property must be used to provide services and housing for homeless youth and young adults.

(f) ~~(\$21,987,000)~~ \$26,006,000 is provided solely for the following list of housing projects:

- (i) Cross Laminated Timber Spokane Housing Predesign \$500,000
- (ii) El Centro de la Raza \$737,000
- (iii) Highland Village Preservation \$1,500,000
- (iv) King County Modular Housing Project ~~(\$3,000,000)~~ \$1,500,000
- (v) Nisqually Tribal Housing \$1,250,000
- (vi) Othello Homesight Community Center \$3,000,000
- (vii) Parkview Apartments Affordable Housing \$100,000
- (viii) Supported Housing and Employment (Longview) \$129,000

(ix) \$2,500,000 is provided solely for grants to purchase low-income mobile home parks. Up to \$2,500,000 is for the Firs Mobile Home Park. If the Firs Mobile Home Park is not purchased, the amount provided in this subsection shall lapse.

(x) \$6,000,000 is provided solely for grants for high quality low-income housing projects that will quickly move people from homelessness into secure housing, and are significantly less expensive to construct than traditional housing. It is the intent of the legislature that these grants serve projects with a total project development cost per housing unit of less than \$125,000, excluding the value of land, and with a commitment by the applicant to maintain the housing units for at least a twenty-five year period. Amounts provided that are subject to this subsection must be used to plan, predesign, design, provide technical assistance and financial services, purchase land for, and build innovative low-income housing units. \$3,000,000 of the appropriation that is subject to this subsection is provided solely for innovative affordable housing in Shelton and \$3,000,000 of the appropriation that is subject to this subsection is provided solely for innovative affordable housing for veterans in Orting. Mental health and substance abuse counseling services must be offered to residents of housing projects supported by appropriations in this subsection. \$500,000 of the appropriation for housing units in Shelton can be released for purchase of land, planning, or predesign services before the project is fully funded. \$500,000 of the appropriation for housing units in Orting can be released for purchase of land, planning, or predesign services before the project is fully funded.

~~((viii) \$6,000,000)~~ (xi) \$7,290,000 is provided solely for grants to the following organizations using innovative methods to address homelessness: ~~(\$3,000,000)~~ \$4,290,000 for THA Arlington drive youth campus in Tacoma and \$3,000,000 for a King county housing project.

(xii) \$1,500,000 is provided solely for Valley Cities modular housing project in Auburn.

(g) Of the amounts appropriated remaining after (a) through (f) of this subsection, the department must allocate the funds as follows:

- (i) 10 percent is provided solely for housing projects that benefit veterans;
- (ii) 10 percent is provided solely for housing projects that benefit homeownership;
- (iii) 5 percent is provided solely for housing projects that benefit people with developmental disabilities;
- (iv) The remaining amount is provided solely for projects that serve low-income and special needs populations in need of housing, including, but not limited to, homeless families with children, homeless youth, farmworkers, and seniors.

(2) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(3) The department must strive to allocate all of the amounts appropriated in this section within the 2017-2019 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

Sec. 1003. 2017 3rd sp.s. c 4 s 1003 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE
Local and Community Projects (20064008)

The reappropriation in this section is subject to the following conditions and limitations:

- (1) The reappropriation is subject to the provisions in section 131, chapter 488, Laws of 2005.
- (2) \$235,000 of the reappropriation is provided solely to the Spokane river forum. The department shall not execute a contract with the grant recipient unless the Spokane river forum is in receipt of all permits by ~~((March))~~ June 1, 2018. If the terms and conditions of this subsection are not met by ~~((March))~~ June 1, 2018, the funding provided in this subsection shall lapse.

Reappropriation:

Sec. 1004. 2018 c 2 s 1016 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE
2018 Local and Community Projects (40000005)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(8) \$26,000 of the appropriation in this section is provided solely for implementation of the Spanaway lake management plan (~~contingent on commitment of local funding to support the on going operational costs of the project, including but not limited to the creation of a lake management district~~).

(9) ~~(\$250,000)~~ \$750,000 of the appropriation in this section is provided solely for the planning, development, acquisition, and other activities pursuing open space conservation strategies for the historic Federal Way Weyerhaeuser campus. The grant recipient must be a regional nonprofit nature conservancy that works to conserve keystone properties selected by the city of Federal Way.

(10)(a) \$900,000 of the appropriation in this section is provided solely for an Interbay public development advisory committee. It is the intent of the legislature to examine current and future needs of a state entity that performs an essential public function on state-owned property located in one of the state's designated manufacturing industrial centers. The legislature further intends to explore the potential future uses of this state-owned property in the event that the state entity determines that it must relocate in order to protect its ability to perform its essential public function.

(b) The Interbay public development advisory committee is created to make recommendations regarding the highest public benefit and future economic development uses for the Washington army national guard armory facility in the city of Seattle, pier 91 property, located at the descriptions referred to in the quit claim deeds for two parcels of land, 24.75 acres total, dated January 8, 1971, and December 22, 2009.

(c) The Interbay advisory committee consists of seven persons appointed as follows:

(i) One person appointed by the speaker of the house of representatives;

(ii) One person appointed by the president of the senate; and

(iii) Five persons appointed by the governor, who must collectively have experience in forming public-private partnerships to develop workforce housing or affordable housing; knowledge of project financing options for public-private partnerships related to housing; architectural design and development experience related to industrial lands and mixed-use zoning to include housing; and experience leading public processes to engage communities and other stakeholders in public discussions regarding economic development decisions.

(d) The Interbay public development advisory committee must:

(i) Work in collaboration with the military department to determine the needs of the military department if it is relocated from the land described in subsection (1) of this section, including identifying:

(A) Current uses;

(B) Future needs of the units currently at this location;

(C) Potential suitable publicly owned sites in Washington for relocation of current units; and

(D) The costs associated with acquisition, construction, and relocation to another site or sites for these units;

(ii) Explore the future economic development opportunities if the land described in subsection (1) of this section is vacated by the military department, and make recommendations, including identifying:

(A) Suitable and unsuitable future uses for the land;

(B) Environmental issues and associated costs;

(C) Current public infrastructure availability, future public infrastructure plans by local or regional entities, and potential public infrastructure needs;

(D) Transportation corridors in the immediate area and any potential right-of-way needs; and

(E) Existing zoning regulations for the land and potential future zoning needs to evaluate workforce housing, affordable housing, and other commercial and industrial development compatible with the Ballard-Interbay manufacturing industrial center designation;

(iii) Explore the potential funding sources and partners as well as any needed transactions, and make recommendations, including:

(A) Any potential private partners or investors;

(B) Necessary real estate transactions;

(C) Federal funding opportunities; and

(D) State and local funding sources, including any tax-related programs;

(iv) Conduct at least three public meetings at a location within the Ballard-Interbay manufacturing industrial center, where a quorum of the Interbay public development advisory committee members are present, at which members of the public are invited to present to the Interbay advisory committee regarding the future uses of the site and potential issues such as industrial land use, commercial development, residential zoning, and public infrastructure needs; and

(v) Provide a report to the legislature and office of the governor with recommendations for each area described in this subsection (10)(d) by June 29, 2019. The Interbay advisory committee's recommendations must include recommendations regarding the structure, composition, and scope of authority of any subsequent state public development authority that may be established to implement the recommendations of the Interbay advisory committee created in this section.

(e) The Interbay advisory committee created in this section terminates June 30, 2019.

(f) Nothing in this section authorizes the solicitation of interest or bids for work related to the purposes of this section.

(g) The department of commerce shall provide staff support to the Interbay advisory committee. The department may contract with outside consultants to provide any needed expertise.

(h) Legislative members of the Interbay advisory committee are reimbursed for travel in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(11) \$2,000,000 of the appropriation in this section is provided solely to the city of Lakewood for the purchase of property within the federally designated north clear zone at joint base Lewis-McChord. Once acquired, the property must be zoned for use compatible with the mission and activity of McChord airfield. The city may lease or resell the acquired property for fair market value, but any such lease or sale must include restrictions or covenants ensuring that the use of the property is safely compatible with the mission and activity of McChord airfield. If the city subsequently resells, rezones, develops, or leases the property for commercial or industrial uses contrary to the allowed uses in the north clear zone, the city must repay to the state the amount spent on the purchase of the property in its entirety within ten years.

(12) \$250,000 of the appropriation in this section is provided solely for a grant to the Federal Way chamber of commerce for two economic development projects focused in the south Puget Sound area. The amounts in this section must be used for a business retention and expansion program to conduct economic research in collaboration with stakeholders, develop data-driven economic strategies, and produce a written evaluation; and a tourism enhancement program to develop and inventory the Federal Way area tourism sector, analyze data regarding visitation, and produce a written evaluation.

(13) \$400,000 of the appropriation in this section is provided solely for the Northshore athletic field which shall be named "Andy Hill Sports Complex."

(14) \$1,177,000 of the appropriation in this section is provided solely for the Harmony sports complex infrastructure and safety improvements in Vancouver and is contingent upon the facility being open to the public.

(15) \$250,000 of the appropriation in this section is provided solely for the Asia Pacific cultural center in Tacoma. ~~((These state funds are contingent on securing at least \$1,000,000 in private funds.))~~ It is the intent of the legislature that beyond the 2017-

2019 fiscal biennium no state funding is provided to the Asia Pacific cultural center in Tacoma.

Sec. 1007. 2018 c 2 s 1020 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Behavioral Health Community Capacity (40000018)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation in this section is provided solely for the department of commerce, in collaboration with the department of social and health services and the health care authority, to issue

grants to community hospitals or other community entities to expand and establish new capacity for behavioral health services in communities. Amounts provided in this section may be used for construction and equipment costs associated with establishment of the facilities, and consideration must be given to programs that incorporate outreach and treatment for youth dealing with mental health or social isolation issues. Amounts provided in this section may not be used for operating costs associated with the treatment of patients using these services. The department shall establish criteria for the issuance of the grants, which must include:

(a) Evidence that the application was developed in collaboration with one or more behavioral health organizations, as defined in RCW 71.24.025, or entities that assume the responsibilities of behavioral health organizations in regions in which the health care authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380;

(b) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in their region;

(c) A commitment by applicants to serve persons who are publicly funded and persons detained under the involuntary treatment act under chapter 71.05 RCW;

(d) A commitment by the applicant to maintain the beds or facility for at least a ten-year period;

(e) The date upon which structural modifications or construction would begin and the anticipated date of completion of the project;

(f) A detailed estimate of the costs associated with opening the beds; and

(g) The applicant's commitment to work with local courts and prosecutors to ensure that prosecutors and courts in the area served by the hospital or facility will be available to conduct involuntary commitment hearings and proceedings under chapter 71.05 RCW.

(2) In awarding funding for projects in subsection (3), the department, in consultation with the department of social and health services, the health care authority, and behavioral health organizations, must strive for geographic distribution and allocate funding based on population and service needs of an area. The department must consider current services available, anticipated services available based on projects underway, and the service delivery needs of an area.

(3) (~~(\$36,600,000)~~) \$49,600,000 is provided solely for a competitive process for each category listed and is subject to the criteria in subsections (1) and (2) of this section:

(a) \$4,600,000 is provided solely for at least two enhanced service facilities for long-term placement of (~~(geriatric or traumatic brain injury)~~) patients discharged or diverted from the state psychiatric hospitals and that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(b) (~~(\$2,000,000)~~) \$4,000,000 is provided solely for at least (~~(one facility)~~) two facilities with secure detox treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(c) \$2,000,000 is provided solely for at least one facility with acute detox treatment beds that are not subject to federal funding restrictions that apply to institutions of mental diseases;

(d) (~~(\$11,400,000)~~) \$12,700,000 is provided solely for crisis diversion or stabilization facilities that are not subject to federal funding restrictions that apply to institutions of mental diseases. At least two of the facilities must be located in King county and one must be located in Pierce county. The facility in Pierce county shall receive no less than \$3,200,000;

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

(c) ~~(\$10,000,000)~~ \$12,700,000 is provided solely for the department to provide grants to community hospitals or freestanding evaluation and treatment providers to develop capacity for beds to serve individuals on ninety or one hundred eighty day civil commitments as an alternative to treatment in the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, and the department of health, and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the department of social and health services;

(iv) The provider has demonstrated to the department of health and the department of social and health services that it is able to meet applicable licensing and certification requirements in the facility that will be used to provide services; and

(v) The department of social and health services has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes; ~~(and)~~

(f) \$6,600,000 is provided solely for the department to provide grants to community providers to develop psychiatric residential treatment beds to serve individuals being diverted or transitioned from the state hospitals. In awarding this funding, the department must coordinate with the department of social and health services, the health care authority, the department of health, and the local behavioral health organization jurisdiction for which a proposal has been submitted and must only select facilities that meet the following conditions:

(i) The funding must be used to increase capacity related to serving individuals who will be transitioned from or diverted from the state hospitals;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases;

(iii) The provider has submitted a proposal for operating the facility to the behavioral health organization in the region or the entity that assumes the responsibilities of the behavioral health organization pursuant to RCW 71.24.380;

(iv) The provider has demonstrated to the department of health and the department of social and health services that it is able to meet applicable licensing and certification requirements in the facility that will be used to provide services; and

(v) The behavioral health organization or the entity that assumes the responsibilities of the behavioral health organization pursuant to RCW 71.24.380 has confirmed that it intends to contract with the facility for operating costs within funds provided in the operating budget for these purposes;

(g) \$5,000,000 is provided solely for grants to community providers to increase behavioral health services and capacity for children and minor youth, including but not limited to, services for substance use disorder treatment, sexual assault and traumatic stress, anxiety, or depression, and interventions for children exhibiting aggressive or depressive behaviors. In awarding funds for projects in this subsection, the department, in consultation with the department of social and health services and the health care authority must review projects based on the following criteria:

(i) The funding must be used to increase capacity related to serving children and minor youth with behavioral health needs;

(ii) The facility is not subject to federal funding restrictions that apply to institutions of mental diseases; and

(iii) The provider has demonstrated to the department of health, department of social and health services, and health care authority that it is able to meet applicable licensing and certification requirements in the facility that will be used to provide services; and

(h) \$2,000,000 is provided solely for competitive community behavioral health grants.

(4) ~~(\$26,000,000)~~ \$35,276,000 is provided solely for the following list of projects and is subject to the criteria in subsection (1) of this section:

| | |
|---|--------------------|
| North Sound Behavioral Health Organization Denny Youth Center | \$5,000,000 |
| North Sound Behavioral Health Organization Substance Use Disorder Intensive Treatment | \$5,000,000 |
| <u>North Sound Stabilization Campus (Sedro-Woolley)</u> | <u>\$1,550,000</u> |
| Bellingham Mental Health Triage | \$5,000,000 |
| Bellingham Acute Detox | \$2,000,000 |
| SWWA Diversion Crisis and Involuntary Treatment | \$3,000,000 |
| Daybreak Center for Adolescent Recovery | \$3,000,000 |
| Nexus Youth and Families | \$500,000 |
| Valley City Recovery Place | \$2,000,000 |
| Geriatric Diversion | \$500,000 |

| <u>Tri-county Detox and Crisis Center</u> | <u>\$4,000,000</u> |
| <u>Toppenish Hospital</u> | <u>\$1,000,000</u> |

(5) \$3,000,000 is provided solely for the Evergreen treatment services building purchase, contingent on matching funds.

(6)(a) \$3,000,000 is provided solely for a grant to a joint venture between MultiCare-Franciscan to provide community based behavioral health services. Funding provided in this subsection is subject to the criteria in subsection (1) of this section. The department of commerce may not release funding for this project unless MultiCare-Franciscan enters into a memorandum of understanding with the department of social and health services by October 31, 2018, to collaborate on development and implementation of strategies to expand the behavioral health workforce in the region. At a minimum, the agreement must include strategies for increasing recruitment of health professionals required to staff psychiatric inpatient facilities, including psychiatrists, psychologists, nurses and other health care professionals. The agreement must also identify opportunities for coordination between the parties to expand access to clinical skill development and training opportunities in the region and strategies for collaborative service delivery between the parties when possible. To objectively evaluate the efficacy of the strategies implemented to achieve the desired outcomes of the agreement, performance measures and targets must be established to include:

~~((a))~~ (b) MultiCare-Franciscan and the department of social and health services must work collaboratively to decrease vacancy rates for hard-to-recruit health care professionals employed by each facility. The parties must develop strategies to attract more qualified health care professionals to the area and ensure comparable exposure to the benefits of working for each organization. The parties must measure the success of these strategies by the decrease in vacancy rate for health care professionals necessary to provide safe, quality inpatient psychiatric care in MultiCare-Franciscan and department facilities following the first year as the baseline of the partnership/consortium and with updated goals for each subsequent year. MultiCare-Franciscan and the department of social and health services must work to increase the competency

and skills of health care professionals across both facilities by establishing organized joint- and cross-training programs. The parties must measure the success of this strategy by the number of health care professionals in total and by discipline complete cross-training activities and by the number and hours of cross-training opportunities offered under the agreement.

~~((6))~~ (7) The department of commerce shall notify all applicants that they may be required to have a construction review performed by the department of health.

~~((7))~~ (8) To accommodate the emergent need for behavioral health services, the department of health and the department of commerce, in collaboration with the health care authority and the department of social and health services, shall establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, free-standing evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, detox, or secure detox.

Sec. 1008. 2018 c 2 s 1021 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

CERB Administered Broadband Infrastructure (91000943)

The appropriation in this section is subject to the following conditions and limitations: During the 2017-2019 fiscal biennium, the community economic revitalization board may make grants and loans to local governments and federally recognized tribes to build infrastructure to provide high-speed, open-access broadband service, with a minimum of 25 megabits per second download speed, to rural and underserved communities, for the purpose of economic development or community development.

(1) "Local governments" means cities, towns, counties, municipal corporations, public port districts, quasi-municipal corporations, and special purpose districts.

(2) "Broadband" means networks of deployed telecommunications equipment and technologies necessary to provide high-speed Internet access and other advanced telecommunications services.

(3) The board is authorized to make rural broadband loans and grants to local governments and to federally recognized Indian tribes for the purposes of financing the cost to build infrastructure to provide high-speed, open-access broadband service, to rural and underserved communities, for the purpose of economic development or community development. ~~((Grants may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the local government or the federally recognized Indian tribe, and subject to a finding by the board that financial circumstances require grant assistance to enable the project to move forward.))~~ However, no more than ~~((25))~~ 50 percent of all financial assistance approved by the board in any biennium may consist of grants to local governments and federally recognized Indian tribes.

(4) Application for funding must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(a) The board may not provide financial assistance:
(i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(iii) For a project the primary purpose of which is to facilitate or promote gambling.

(iv) For a project located outside the jurisdiction of the applicant local government or federally recognized Indian tribe.

(v) For equipment or facilities which would enable a public entity to provide retail telecommunications services or services that the entity is not authorized by statute to provide.

(vi) For the deployment of publicly-owned telecommunication network infrastructure ("backbone") solely for the sake of creating competitive, publicly-owned telecommunication network infrastructure.

(b) The board may provide financial assistance only~~((:~~

~~(i) For projects demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:~~

~~(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;~~

~~(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities; and~~

~~(C) Is located in a rural community as defined by the board, or a rural county; or~~

~~(ii) For a project that does not meet the requirements of (b)(i) of this subsection but is a project that:~~

~~(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;~~

~~(B) Is part of a local economic development plan consistent with applicable state planning requirements;~~

~~(C) Can demonstrate project feasibility using standard economic principles; and~~

~~(D) Is located in a rural community as defined by the board, or a rural county;~~

~~(e) The board must develop guidelines for local participation and allowable match and activities.~~

~~(d) An application must demonstrate local match and local participation, in accordance with guidelines developed by the board.~~

~~(e)) for projects located in a rural community as defined by the board, or located in a rural county, that encourage, foster, develop, and improve broadband within the state in order to:~~

~~(i) Drive job creation, promote innovation, and expand markets for local businesses; or~~

~~(ii) Serve the ongoing and growing needs of local education systems, health care systems, public safety systems, industries and businesses, governmental operations, and citizens; and~~

~~(iii) Improve accessibility for underserved communities and populations.~~

~~(c) An application must be approved by the local government and supported by the local associate development organization or local workforce development council or approved by the governing body of the federally recognized Indian tribe.~~

~~((#))~~ (d) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the project.

~~((g) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created~~

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

after the project is completed will exceed the countywide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

(ii) The rate of return of the state's investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;

(iii) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;

(iv) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas that are served by adequate public facilities. Projects should maximize the use of existing infrastructure and provide for adequate funding of necessary transportation improvements;

(v) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance; and

(vi) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.

(4)) (c) When evaluating and prioritizing projects, the board must give consideration, at a minimum, to the following factors:

(i) The project's value to the community, including evidence of support from affected local businesses and government;

(ii) The project's feasibility, using standard economic principles;

(iii) Commitment of local matching resources and local participation;

(iv) The project's inclusion in a capital facilities plan, comprehensive plan, or local economic development plan consistent with applicable state planning requirements; and

(v) The project's readiness to proceed.

(5) A responsible official of the local government or the federally recognized Indian tribe must be present during board deliberations and provide information that the board requests.

((5)) (6) Before any financial assistance application is approved, the local government or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

NEW SECTION. Sec. 1012. A new section is added to 2018 c 2 (uncodified) to read as follows: **FOR THE DEPARTMENT OF COMMERCE**

2019 Local and Community Projects (91001157)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations in which the sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) The appropriation is provided solely for the following list of projects:

NEW SECTION. **Sec. 1015.** A new section is added to 2018 c 2 (uncodified) to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Behavioral Rehabilitation Services Capacity Grants (92000611)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) Funding provided in this section may be used for the renovation or construction directly associated with behavioral rehabilitation services settings. The funding provided in this section is limited to projects at facilities that are not state owned that add capacity to address unmet need and are maintained as behavioral rehabilitation services capacity available to the state for at least a five-year period.

(b) It is the goal of the legislature to achieve an additional twenty-four beds of behavioral rehabilitation services capacity by the conclusion of the 2017-2019 fiscal biennium. To the maximum extent possible, the department shall prioritize the use of the funding provided in this section in a manner that facilitates

achieving this goal, and consideration must be given to programs that incorporate outreach and treatment for youth dealing with mental health or social isolation issues.

(c) The department shall consult as needed with the children and families services program of the department of social and health services through June 30, 2018, and the department of children, youth, and families effective July 1, 2018, to ensure that, to the maximum extent possible, the use of funding provided in this section facilitates placements that will better accommodate permanency plans, including but not limited to parent-child visitation.

Sec. 1016. 2016 sp.s. c 35 s 1012 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE
Local and Community Projects 2016 (92000369)

The appropriation in this section is subject to the following conditions and limitations:

(1) Except as directed otherwise prior to the effective date of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended, or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is released for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations whose sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) Projects funded in this section must be held by the recipient for a minimum of ten years and used for the same purpose or purposes intended by the legislature as required in RCW 43.63A.125(6).

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) \$2,209,000 of the appropriation in this section is provided solely for the Fairchild air force base protection and community empowerment project, including the purchase of twenty acres of land by Spokane county or the city of Airway Heights for development of affordable housing and the purchase of mobile home parks by Spokane county or the city of Airway Heights in order to reduce the use of the accident potential zone for residential purposes. There shall be no limitations on the sequence of the purchase of mobile home parks. If Spokane county or the city of Airway Heights subsequently rezones, develops, and leases the mobile home park property for commercial or industrial uses contrary to the allowed uses in the accident potential zone, Spokane county or the city of Airway Heights must repay to the state the amount spent on the purchase of mobile home parks in

its entirety within ten years. Mobile home parks purchased under the provisions of this subsection may be sold by Spokane county or the city of Airway Heights, provided that the uses of the mobile home park property are not contrary to the allowed uses in the accident potential zone. Any moneys from this sale must be used to purchase other mobile home parks in the Fairchild air force base protection and community empowerment project. The twenty acres of land purchased under this subsection for development as affordable housing may be sold, in whole or in part, by the recipient, provided the property sold is used for affordable housing as required in the Fairchild air force base protection and community empowerment project. Recipients of funds provided under this subsection are not required to demonstrate that the project site is under their control for a minimum of ten years but they must demonstrate that the project site is under their control through ownership or long-term lease. Projects funded under this subsection are not required to meet the provisions of RCW 43.63A.125(6) and subsection (5) of this section.

(8) \$850,000 of the appropriation in this section is provided solely for the White River restoration project. Design solutions for flooding reductions in the lower White River must include a floodplain habitat design that both reduces flood risks and restores salmon habitat by reconnecting the river with its floodplain and a sustainable riparian corridor. Project designs and plans must also identify lands for acquisition needed for floodplain reconnection where pending or existing development eliminates the potential for riparian and aquatic habitat restoration. The city shall work cooperatively with the Muckleshoot Indian Tribe and the Puyallup Tribe of Indians, and develop a plan collaboratively to achieve both flood reduction and habitat restoration.

(9) Up to ~~(\$150,000)~~ \$300,000 of the appropriation in this section for the veterans helping veterans: Emergency transition shelter project may be spent on preconstruction or preacquisition activities, including, but not limited to, building inspections, design of necessary renovations, cost estimation, and other activities necessary to identify and select a facility appropriate for the program. The remainder of the appropriation must be used for eventual acquisition and renovations of a facility.

(10) \$2,500,000 of the appropriation in this section is provided solely for the mercy housing and health care center at Sand Point. During the 2015-2017 fiscal biennium, the center may not house any community health care training organization that has been investigated by and has paid settlement fees to the attorney general's office for alleged medicaid fraud.

(11) The Lake Chelan land use plan must be developed without adverse impacts on agricultural operations.

(12) \$1,300,000 of the appropriation in this section is provided solely for phase one of the main street revitalization project in the city of Mountlake Terrace.

(13) \$300,000 of the appropriation in this section is provided solely for the city of Stanwood to acquire property for a new city hall/public safety facility.

(14) Up to 30 percent of the funding for the Kennewick boys and girls club may be used for land acquisition.

(15) The appropriation is provided solely for the following list of projects:

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) \$75,000 of the appropriation is provided solely for the department of ecology to convene and facilitate a stakeholder process to review and make recommendations for the statutory authorizations and improvements of the floodplains by design grant program.

(b) The review must include an analysis of:

(i) Statewide funding needs;

(ii) Program design, including criteria, information, and coordination required for projects to proceed through the selection and funding processes in a transparent and efficient manner; and

(iii) Mechanisms to improve efficiency and transparency of project funding and implementation.

(c) The department of ecology may convene stakeholders and facilitate activities as needed. The department must develop recommendations in consultation with the Puget Sound partnership. The department must seek input and meaningfully involve a broad base of tribal governments and interested stakeholders, including city and county governments, and agricultural, flood risk reduction, and conservation interests. The department must seek broad and diverse legislative input and invite interested legislators to provide information and ideas including, at a minimum, the majority and minority leadership of the committees responsible for the capital budget in the senate and house of representatives.

(d) The final report must include recommended statutory and policy changes to the appropriate committees of the legislature on or before December 1, 2018.

Water Irrigation Efficiencies Program (30000740)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for technical assistance and grants to conservation districts for the purpose of

implementing water conservation measures and irrigation efficiencies. The department and the state conservation commission shall give preference to projects located in the 16 fish critical basins, other water-short or drought impacted basins, and basins with significant water resource and instream flow issues. Projects that are not within the basins described in this subsection are also eligible to receive funding.

(2) Conservation districts statewide are eligible for grants listed in subsection (1) of this section. A conservation district receiving funds shall manage each grant to ensure that a portion of the water saved by the water conservation measure or irrigation efficiency will be placed as a purchase or a lease in the trust water rights program to enhance instream flows. The proportion of saved water placed in the trust water rights program must be equal to the percentage of the public investment in the conservation measure or irrigation efficiency. The percentage of the public investment may not exceed eighty-five percent of the total cost of the conservation measure or irrigation efficiency.

(3) Up to \$300,000 of the appropriation in this section may be allocated for the purchase and installation of flow meters that are implemented in cooperation with the Washington state department of fish and wildlife fish screening program authorized under RCW 77.57.070.

(4) \$2,500,000 of the appropriation is provided solely for a grant to the Union Gap irrigation district to mitigate potential asset loss associated with Rattlesnake Ridge landslide in Yakima county and includes, but is not limited to, construction of a pumping station adjacent to the Sunnyside irrigation district canal and installation of pipe and conveyance under the Yakima Valley highway to the Union Gap irrigation canal. The grant must require that the Union Gap irrigation district should pursue funding or reimbursement of costs from potential sources of reimbursement. The grant must further require that, if the total proceeds exceed total mitigation costs for this work, the irrigation district must reimburse the difference up to the amount paid by the state to the state conservation commission.

Sec. 3008. 2018 c 2 s 3025 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF ECOLOGY

VW Settlement Funded Projects (40000018)

~~((The appropriation in this section is subject to the following conditions and limitations:~~

~~(1) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.~~

~~(2)(a) The department of ecology shall develop the mitigation plan through an open, transparent public process consistent with~~

direction in the consent decrees. The department shall provide ample opportunity using a variety of engagement options, as appropriate, for stakeholders and the public to shape, review, and comment throughout the development of the mitigation plan, including at least two meetings of the legislative advisory group as described in (c) of this subsection.

(b) The department of ecology shall work collaboratively with other agencies to develop and implement the elements of the mitigation plan that address categories of projects for which other agencies have already developed programs or expertise. In doing so, the department of ecology must consider and utilize, where appropriate and to the extent possible, the following existing programs for alternative fuels and zero emission vehicles:

(i) The department of transportation's electric vehicle infrastructure bank program;

(ii) The state alternative fuel commercial vehicle tax credit;

(iii) The state sales and use tax exemption for clean vehicles; and

(iv) Public transportation grant programs administered by the department of transportation.

(c)(i) For the purposes of providing legislative input and gathering public feedback on the development of the mitigation plan, a legislative advisory group is established. The advisory group is comprised of eight legislators, including the chairs and ranking members, or designees of the chairs and ranking members, of the transportation and capital budget committees in the House and in the Senate; the director of the department of ecology; and the secretary of the department of transportation.

(ii) The advisory group must select a chair from among its membership. Meetings of the advisory group must be open to the public and allow for public comment.

(iii) The advisory group must meet at least twice, once immediately prior to the date that the draft mitigation plan is released publicly, and again after public comment has been incorporated but before the department submits the plan to the trustee.

(iv) The office of program research and the senate committee services must provide staff support to the advisory group. The department of ecology staff must provide technical support, as needed. Legislative members of the advisory group are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, government entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW. Advisory group expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(3) The mitigation plan and the stewardship of project implementation must adhere to the following principles:

(a) Maximize air quality and public health benefits relating to the reduction of nitrogen oxides emissions;

(b) Give priority to projects that improve air quality relating to the reduction of nitrogen oxides emissions in areas that bear a disproportionate share of the burden from nitrogen oxides emissions;

(c) Achieve substantial additional air quality benefits relating to the reduction of nitrogen oxides emissions beyond that which would already occur, absent trust funding;

(d) Investments in clean vehicles or investments in clean engine replacements must be shown to be cost effective. For the purposes of leveraging funding, investments in clean vehicles may not exceed the incremental cost of the clean vehicle, relative to the cost of a similar conventionally fueled vehicle. To

incentivize the replacement of standard engines, investments may be made up to the full cost of the clean engine replacement;

(e) Consideration must be given to investments across a range of fueling technologies and emissions reduction technologies; and

(f) Priority must be given to projects that have the highest benefit cost ratios, in terms of the amount of nitrogen oxides emissions reduced per dollar invested.

(4) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than thirty percent of funding provided during the 2017-2019 biennium for commercial vehicle class four through eight transit buses, shuttle buses, and school buses;

(ii) No more than thirty percent of funding provided during the 2017-2019 biennium for commercial vehicle class eight local freight trucks and port drayage trucks;

(iii) No more than twenty percent of funding provided during the 2017-2019 biennium for commercial vehicle class four through seven local freight trucks;

(iv) No more than twenty percent of funding provided during the 2017-2019 biennium for airport ground support equipment;

(v) No more than twenty percent of funding provided during the 2017-2019 biennium for ocean-going vessels' shore power;

(vi) No more than fifteen percent of funding provided during the 2017-2019 biennium for light duty, zero emission vehicle supply equipment;

(vii) No more than twenty percent of funding provided during the 2017-2019 biennium for nonfederal matching funds for projects eligible under the diesel emission reduction act option; and

(viii) For each of the other categories of mitigation actions that are eligible under the consent decrees but not otherwise specified under this subsection (4)(a), no more than ten percent of funding provided during the 2017-2019 biennium.

(b) Projects that receive funding under subsection (4)(a)(ii) and (iii) of this section and ocean-going vessels shorepower projects that receive funding under subsection (4)(a)(viii) of this section must include electric technologies, if practicable.

(5) To the extent this section conflicts with the consent decrees, the consent decrees supersede it.

(6) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department of ecology shall consult with the department of transportation and the office of the superintendent of public instruction and provide notice to the steering committee of any significant changes to the plan submitted.

(7) The department of ecology shall provide a report to the governor and the appropriate committees of the legislature by January 1, 2018, and each year thereafter, on any plans or efforts to change the mitigation plan, its progress in implementing the mitigation plan, and the specific projects funded through these mitigation funds for the previous fiscal year.

(8) For the purposes of this section:

(a) "Project" means an eligible mitigation action under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) "Trustee" means the entity selected under the terms of the consent decrees to administer the disbursement of funds to eligible projects for the purposes of mitigating nitrogen oxides emission pollution.)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to implement the requirements of the Volkswagen "clean diesel" marketing, sales practice, and products liability litigation settlement.

(2) All expenditures from this appropriation must:

(a) Be consistent with the terms of this settlement;

(b) Be consistent with the state of Washington beneficiary mitigation plan adopted by the department and approved by the Volkswagen settlement trustee; and

(c) Help achieve the state's results Washington goal of fifty thousand electric vehicles on the road by 2020.

(3) Fifteen percent of this appropriation must be spent on projects for the acquisition, installation, operation, and maintenance of new light duty zero emission vehicle supply equipment and infrastructure. The department of ecology shall work with the department of transportation to select projects and distribute funding contained in this subsection.

(4) The remaining eighty-five percent of this appropriation must be spent on projects as defined by the eligible categories in attachment A, appendix D-2 of the Volkswagen settlement and upon approval by the settlement trustee. The department of ecology shall use a competitive process to identify and select projects that maximize total air pollution reduction and health benefits; improve air quality in areas disproportionately affected by air pollution; leverage additional matching funds; achieve substantial emission reductions beyond what would occur absent this funding; accelerate fleet turnover to the cleanest engines, and accelerate adoption of electric vehicles, equipment, and vessels. The department of ecology shall work with the department of transportation as appropriate to select projects and distribute funding contained in this subsection.

Healthy Housing Remediation Program (40000108)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$5,100,000 of the appropriation is provided solely for the Mount Baker property cleanup project.

(2)(a) The department, in collaboration with the department of commerce, shall develop a competitive process to select projects for funding, to include scoring conducted by a group of qualified experts from the department of ecology and the department of commerce. The criteria used to determine the scoring and priority for funding must include, but are not limited to, the following:

(i) Contaminated sites must be within the urban growth area boundaries;

(ii) Contaminated sites must be zoned for residential or mixed-use;

(iii) Locational suitability of contaminated sites for the development of affordable housing;

(iv) Degree of contamination and complexity of contaminated sites;

(v) Timing of delivery of affordable housing units; and

(vi) The extent to which the project leverages other funds.

(b) Funding recipients must restrict the use of the cleaned up property to affordable housing.

(c) As part of the program, the department of ecology may enter into and administer grants or other funding agreements for contaminated site identification, planning, investigation, or cleanup eligible persons, to ensure the safe and healthy development of property suitable for affordable housing as defined in RCW 43.63A.510(3). Eligible persons means a local government, a potentially liable person, or a prospective purchaser as each of these terms is defined in RCW 70.105D.020.

(d) By October 1, 2018, the department must submit a report to the office of financial management and the legislature. At a minimum, the report must identify:

(i) Program application and selection process;

(ii) The total number of applications and amount of funding requested for this program; and

(iii) A list of projects, description of projects, and location and number of affordable housing units developed or to be developed.

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the department of ecology to enter into and administer grants to scrap and replace old, high-polluting diesel school buses, transit buses, and other vehicles with low-emission and zero-emission vehicles.

(2) All expenditures from this appropriation must be spent on projects that will reduce air pollution, improve public health for thousands of Washington residents, help prevent violations of federal air quality standards, reduce operating costs, and improve transportation reliability for public fleet operators.

(3) Up to \$12,000,000 of the appropriation is for scrapping and replacing pre-2001, high polluting school buses across the state with diesel or alternate fueled (propane, compressed natural gas, zero emission, etc.) school buses that meet current federal emissions standards.

(4) Up to \$9,750,000 of the appropriation is for scrapping and replacing pre-2007 diesel, high polluting transit buses across the state with new electric, zero-emission buses.

(5) Up to \$5,450,000 of the appropriation is for replacing state government-owned gas or diesel powered passenger vehicles with all electric vehicles.

Sec. 3058. 2018 c 2 s 3122 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF NATURAL RESOURCES
Trust Land Transfer Program (30000269)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for transfer is identified in the LEAP capital document no. 2017-2H, developed June 30, 2017.

(2) Property transferred under this section must be appraised and transferred at fair market value. By ~~((September 30, 2018))~~ June 30, 2019, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, ~~((2018))~~ 2019, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

(7) By June 30, 2019, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

Sec. 3059. 2018 c 2 s 3123 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF NATURAL RESOURCES
State Forest Land Replacement (30000277)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$60,000 of the appropriation is provided solely for the department to assess options to replace timber trust revenues for counties with populations of twenty-five thousand or fewer that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The department must consult with the qualifying counties and other stakeholders in conducting the assessment. The department shall report the findings of its assessment, including recommendations for addressing decreased revenues from state forestlands and improving the forest products economy in the qualifying counties, by December 15, 2018.

(2)(a) The remaining portion of the appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties:

(i) With a population of twenty-five thousand or fewer; and
(ii) With risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(3) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(4) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (2) of this section. Transfer agreements for properties identified in subsection (2) of this section must include terms that restrict the use of the property to the intended purpose.

(5) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsections (2) and (3) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Paterson Pipeline (91000092)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for developing and constructing an irrigation system, known as the Paterson pipeline, to deliver water from existing water rights owned by the department from the Columbia river to common school trust lands pursuant to conditions and limitations described in section 7004 of this act.

(2) The legislature recognizes and declares that the appropriation in this section constitutes a loan from an asset of the common school trust. The legislature finds that the provisions in section 7004 of this act regarding review and approval of the Paterson pipeline, improvements to common school trust lands by the Paterson pipeline and associated increased value of those lands, eventual loan repayment to the common school trust assets held in the natural resources real property replacement account, and interest to the common school construction account ensure that the interest of the common school trust beneficiaries are protected.

(3) If moneys available in the natural resources real property replacement account that are attributable to the common school trust are not sufficient to achieve the intended purposes of this section, then the department must explore and report alternative solutions to the legislature, including:

(i) Establishing or joining a local improvement district;
(ii) Borrowing funds through an alternative financing process, that uses existing water certificates, timber cutting rights, or other trust asset value as a basis for a loan; or
(iii) Other alternatives as the department may suggest.

Public School Seismic Safety Assessment (91000091)

The appropriation in this section is subject to the following conditions and limitations:

(1) The department, in consultation with the office of emergency management, the office of the superintendent of public instruction, and the state board of education, shall develop a prioritized seismic risk assessment that includes seismic safety surveys of public facilities that are subject to high seismic risk as a consequence of high earthquake hazard and soils that amplify that hazard. The seismic safety surveys must be conducted for the following types of public facilities in the following order:

(a) A minimum of twenty-five public school facilities that have a capacity of two hundred fifty or more persons and are routinely

(b) Public school facilities with capacity of fewer than two hundred fifty persons; and

(c) Fire stations located within a one-mile radius of a facility described in ~~((subsection (4)))~~(a) of this subsection.

(2) The department must coordinate survey efforts made under subsection (1)(a) and (b) of this section whenever possible.

(3) The initial phase of the prioritized seismic needs assessment of the facilities specified in subsection~~((s))~~ (1)(a) and (b) shall include, but is not limited to, the following:

(a) An on-site assessment, under the supervision of licensed geologists, of the seismic site class of the soils at the facilities;

(b) An on-site inspection of the facility buildings, including structural systems using structural plans where available, condition, maintenance, and nonstructural seismic hazards following standardized methods by licensed structural engineers;

(c) An estimate of costs to retrofit facilities specified in subsection (1)(a) of this section to life safety standards as defined by the American society of civil engineers; and

(d) An estimate of costs to retrofit facilities specified in subsection (1)(b) of this section to immediate occupancy standards as defined by the American society of civil engineers.

~~(((3)))~~ (4) The department ~~((shall develop geographic information system databases of survey data and))~~ must collect and submit survey data to the superintendent of public instruction in a format compatible with the inventory and condition of schools database. The department must enter into an agreement with the superintendent of public instruction to make any necessary modifications to the inventory and condition of schools database to receive and report the survey data.

(5) The department must share that data with the governor~~((; the superintendent of public instruction,))~~ and the appropriate legislative committees.

~~(((4)))~~ (6) The department and the office of the superintendent of public instruction must provide technical assistance to the school facilities sampled to incorporate survey information into their school safety plans.

(7) A preliminary report on the progress of the statewide seismic needs assessment specified in this section shall be submitted to the ~~((office of financial management and the))~~ appropriate committees of the legislature by October 1, 2018. The appropriation in this section is subject to the following conditions and limitations:

(1) \$75,000 of the appropriation in this section is provided solely for the department to perform an economic and ownership modeling analysis using as a case study one or more projects proposed through the department's rural communities partnership initiative, and based on that analysis, further prioritize a list of

community forest projects to submit to the legislature as required under chapter 79.155 RCW.

(2) The department must also consult with nonprofit stakeholders, counties, municipalities, tribes, and small and large private forest landowners, in developing a nonstate-owned community forest project list, including a process to prioritize and recommend to the legislature a list of nonstate-owned community forests. This project list must include projects solicited from both east and west of the crest of the Cascade mountains that have demonstrable community support.

FOR THE DEPARTMENT OF TRANSPORTATION

Aviation Revitalization Loans (92000003)

The appropriation in this section is subject to the following conditions and limitations:

(1) This appropriation is provided solely for deposit into the public use general aviation airport loan revolving account created in section 7028 ~~((of this act)), chapter 2, Laws of 2018 and section 7010 of this act~~ for direct loans to ~~((political subdivisions of))~~ airport sponsors of public use airports in the state ~~((and privately owned airports))~~ for the purpose of improvements ~~((at public use airports))~~ that primarily support general aviation activities.

(2) The department must convene a community aviation revitalization board to develop criteria for selecting loan recipients, to develop a process for evaluating applications, and to make decisions. The board must consist of the ~~((capital budget))~~ chairs and ranking minority members of the ~~((capital budget))~~ transportation committees of the house of representatives and the senate ~~((ways and means committee)), and a representative from both the department of transportation's aviation division and the department of commerce. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of a general aviation pilots organization within Washington that has an active membership and established location, chapter, or appointed representative within Washington. The appointive members must initially be appointed to terms as follows: Two members for two-year terms, and three members for three-year terms which must include the chair. Thereafter, each succeeding term must be for three years. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair. The director of commerce and the secretary of transportation must serve as nonvoting advisory members of the board.~~

(3) The board may provide loans ~~((to privately owned airports))~~ for the purpose of airport improvements only if the state is receiving commensurate public benefit, ~~((such as guaranteed long term))~~ which must include, as a condition of the loan, a commitment to provide public access to the airport ~~((as))~~ for a ~~((condition))~~ period of time equivalent to one and one-half times the term of the loan. For purposes of this subsection, "public use airports" ~~((that primarily support general aviation activities))~~ means all public use airports not listed as having more than fifty thousand annual commercial air service passenger enplanements as published by the federal aviation administration.

(4) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue-generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:

(a) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;

(b) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;

(c) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;

(d) The loan application project results in the creation or retention of long-term economic opportunities; and

(e) The loan application project results in leveraging additional federal funding for an airport.

(5) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

Distressed Schools (92000041)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$19,586,000 of the appropriation in this section is provided solely for Seattle public schools to address challenges related to extraordinary growth and to maintain and repair existing buildings.

(2) \$1,100,000 of the appropriation in this section is provided solely for the Black Diamond elementary school.

(3) \$500,000 of the appropriation in this section is provided solely for maintenance to improve the health and environment for students and staff at the Eckstein middle school in Seattle.

(4) \$7,900,000 of the appropriation in this section is provided solely for the Frantz H. Coe elementary school in Seattle.

(5) \$3,500,000 of the appropriation in this section is provided solely for the Chief Leschi school's auditorium.

(6) \$2,900,000 of the appropriation in this section is provided solely for the Glacier site middle school in the Highline school district.

(7)(a) \$10,000,000 of the appropriation in this section is provided solely for the Toledo school district;

(b) The Toledo school district must provide a local match equivalent to a minimum of \$7,000,000. The local match may consist of cash; furniture, finishes, and equipment; or like-kind.

(c) If the Toledo school district cannot demonstrate to the office of the superintendent of public instruction that a local match pursuant to (b) of this subsection has been secured by June 30, 2019, the appropriation in (a) of this subsection shall lapse.

Sec. 5008. 2018 c 2 s 5009 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION

Small Rural District Modernization Grants (92000040)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for grants to assist small, rural school districts with total enrollments of one thousand students or less, with school facilities with significant building systems deficiencies, and with such low property values that replacing or modernizing the school facility through the school construction assistance program would present an extraordinary tax burden on property owners or would exceed allowable debt for the district.

(2) ~~(\$11,198,000)~~ \$15,349,000 of the appropriation is provided solely for projects in small rural districts where the school facility does not need to be replaced or require an extensive modernization, but does have significant building system deficiencies. Grants may not exceed \$5,000,000. The office of the superintendent of public instruction shall prepare an expedited grant application process in selecting the grant recipients funded by this subsection.

(3) ~~(\$23,802,000)~~ \$25,651,000 of the appropriation is provided solely for the following projects in the following amounts:

| | |
|--|--------------------|
| Mount Adams School District K-8 Elementary | \$14,277,000 |
| South Bend School District | \$7,712,000 |
| Lopez Island School District | \$1,813,000 |
| Wishkah Valley School | <u>\$576,000</u> |
| Damman School | <u>\$1,273,000</u> |

(4) For projects in this section that are also eligible for funding through the school construction assistance program (SCAP), the office of the superintendent of public instruction must expedite and streamline the SCAP administrative requirements, timelines, and matching requirements in order for the funds provided in this section to be used promptly. Funds provided in this section, plus state funds provided in the SCAP grant, plus available local funds, must not exceed total project costs.

Sec. 7003. 2018 c 2 s 7022 (uncodified) is amended to read as follows:

STATE TREASURER TRANSFER AUTHORITY

State Toxics Control Account: For transfer to the environmental legacy stewardship account, \$13,000,000 for fiscal year 2018 and ~~((13,000,000))~~ \$11,950,000 for fiscal year 2019 ~~((26,000,000))~~ \$24,950,000

Local Toxics Control Account: For transfer to the environmental legacy stewardship account, \$15,250,000 in fiscal year 2018 and ~~((15,250,000))~~ \$3,750,000 in fiscal year 2019 ~~((30,500,000))~~ \$19,000,000

Local Toxics Control Account: For transfer

to the cleanup settlement account as repayment of the loan provided in section 6015(2), chapter 35, Laws of 2016 sp. sess. (ESHB 2380, 2016 supplemental capital budget), \$8,150,000 for fiscal year 2019 \$8,150,000

(1)(a) As directed by the department of ecology in consultation with the office of financial management, the state treasurer shall transfer amounts among the state toxics control account, the local toxics control account, and the environmental legacy stewardship account as needed during the 2017-2019 fiscal biennium to maintain positive account balances in all three accounts.

(b) If, after using the interfund transfer authority granted in this section, the department of ecology determines that further reductions are needed to maintain positive account balances in the state toxics control account, the local toxics control account, and the environmental legacy stewardship account, the department is authorized to delay the start of any projects based on acuity of need, readiness to proceed, cost-efficiency, purposes of increasing affordable housing, or need to ensure geographic distribution. If the department uses this authority, the department must submit a prioritized list of projects that may be delayed to the office of financial management and the appropriate fiscal committees of the legislature.

(2) As directed by the pollution liability insurance agency in consultation with the office of financial management, the state treasurer shall transfer from the pollution liability insurance program trust account to the underground storage tank revolving account the lesser of \$20,000,000 or the balance of the fund exceeding \$7,500,000 after excluding the reserves during the 2017-2019 fiscal biennium.

NEW SECTION. Sec. 7004. A new section is added to 2018 c 2 (uncodified) to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department of natural resources is authorized to develop and construct an irrigation system, known as the Paterson pipeline, to deliver water from existing water rights owned by the department from the Columbia river to common school trust lands.

(2)(a) The development and construction of the Paterson pipeline must be reviewed and approved by the board of natural resources; and

(b) Any investment in the Paterson pipeline with moneys belonging to an asset of the common school trust constitutes a loan from the common school trust and may be made only if first determined to be a prudent investment by the board of natural resources.

(3) The board of natural resources may set the terms of the loan with the following conditions and limitations:

(a) A payment of principal and annual interest of no less than three percent and up to six percent on remaining principal of the loan described in subsection (2)(b) of this section must be paid annually to be disbursed as follows:

(i) The principal portion of the payment shall be deposited into the natural resources real property replacement account and credited to the common school trust;

(ii) The interest portion of the payment shall be deposited into the common school construction account;

(b) Interest begins to accrue on a date determined by the board of natural resources, but no later than the earlier of two years after the date the Paterson pipeline is completed or the date of the execution of the lease; and

(c) Once interest begins to accrue, the annual payment is due and payable on July 1st, following the completion of the state fiscal year, until the principal is fully repaid.

(4) Revenues generated from leases of the irrigated acreage in the common school trust improved by the Paterson pipeline are assumed to be dedicated for the payments on the loan principal and interest described in subsection (3) of this section until the loan is paid in full.

Sec. 7005. RCW 79.17.210 and 2013 2nd sp.s. c 19 s 7041 are each amended to read as follows:

(1) The legislature finds that the department has a need to maintain the real property asset base it manages and needs an accounting mechanism to complete transactions without reducing the real property asset base.

(2) The natural resources real property replacement account is created in the state treasury. This account shall consist of funds transferred or paid for the disposal or transfer of real property by the department under RCW 79.17.200 and the transfer of state lands or state forestlands into community forest trust lands under RCW 79.155.040. The funds in this account shall be used solely for the acquisition of replacement real property and may be spent only when, and as, authorized by legislative appropriation. During the 2013-2015 fiscal biennium, funds in the account may also be appropriated for the land purchase in section 3245, chapter 19, Laws of 2013 2nd sp. sess. under the provisions of section 3245, chapter 19, Laws of 2013 2nd sp. sess. and chapter 11, Laws of 2013 2nd sp. sess. During the 2017-2019 fiscal biennium, moneys in the account may also be appropriated for developing and constructing the pipeline in section 3061 of this act under the provisions of section 7004 of this act.

Sec. 7006. 2018 c 2 s 7007 (uncodified) is amended to read as follows:

(1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

~~((5) The transfer authority granted in this section does not apply to appropriations for projects for the state parks and recreation commission. Appropriations for commission projects may be spent only for the specified projects, and funding may not be transferred from one commission project to another or from other sources to a commission project.))~~

Sec. 7007. 2018 c 2 s 7017 (uncodified) is amended to read as follows:

NONTAXABLE AND TAXABLE BOND PROCEEDS.

Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter ~~((---))~~ 3, Laws of 2018, ~~((Senate))~~ House Bill No. ~~((---))~~ 1080, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

Sec. 7008. 2018 c 2 s 7024 (uncodified) is amended to read as follows:

The energy efficiency account is hereby created in the state treasury. The sums deposited in the energy ~~((recovery act))~~ efficiency account shall be appropriated and expended for loans, loan guarantees, and grants for projects that encourage the establishment and use of innovative and sustainable industries for renewable energy and energy efficiency technology. The balance of state funds, federal funds, and loan repayments, from the energy recovery act account, are deposited in this account.

Sec. 7009. 2018 c 2 s 7026 (uncodified) is amended to read as follows:

JOINT LEGISLATIVE TASK FORCE ON IMPROVING STATE FUNDING FOR SCHOOL CONSTRUCTION.

(1)(a) A joint legislative task force on improving state funding for school construction is established, with members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate from the senate committees on ways and means and early learning and K-12 education.

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses of the house of representatives from the house of representatives committees on capital budget and education.

(iii) The president of the senate and the speaker of the house of representatives jointly shall ensure that at least three of the eight members appointed pursuant to (a)(i) and (ii) of this subsection serve legislative districts located east of the crest of the Cascade mountains.

(iv) The chair of the task force selected pursuant to (b) of this subsection may appoint one additional member representing large school districts and one additional member representing small, rural school districts as voting members of the task force.

(b) The task force shall choose its chair from among its membership. The chair of the house of representatives committee on capital budget shall convene the initial meeting of the task force. All meetings of the task force must be scheduled and conducted in accordance with the requirements of both the senate and the house of representatives.

(2) The task force shall review the following issues:

(a) Improvements to state financial assistance for K-12 school construction to be implemented over several fiscal biennia;

(b) Utilization of school spaces for multiple purposes;

(c) School design and construction approaches that support effective teaching and learning by delivering education through innovative, sustainable, cost-effective, and enduring design and construction methods; and

(d) Recent reports on school construction, including but not limited to the school construction cost study from the educational service district 112 and the efforts of collecting inventory and condition of schools data by the Washington state university extension energy office.

(3) In consideration of the findings pursuant to subsection (2) of this section, the task force must recommend a state school construction financial assistance program that:

(a) Supports the construction and preservation of schools; and

(b) Balances the state and local share of school construction and preservation costs considering local school districts' financial capacity, based on measures of relative wealth recommended pursuant to subsection (4)(b) of this section, and the state's limited bond capacity and common school trust land revenue.

(4) In making recommendations pursuant to subsection (3) of this section, the task force must, at a minimum, also recommend:

(a) A methodology to project needs for state financial assistance for school construction and preservation over a ten-year period;

(b) Measures of relative wealth of a school district, including but not limited to assessed land value per student, eligible free and reduced price meal enrollments, income per capita per school district, and costs of construction;

(c) Education specifications recognized by the state for the purpose of providing guidance to school districts when designing school construction projects;

(d) A capital asset model for K-12 school construction that considers space and usage needs to calculate construction assistance for:

(i) New schools to accommodate enrollment growth;

(ii) Major modernization projects to address aging facilities;

(iii) Replacement and renewal of major building systems based on achieving lowest life-cycle building costs, provided that standards of routine maintenance are achieved by local districts; and

(iv) Specialized facility improvements including but not limited to STEM facilities, career and technical education facilities, skills centers, and computer labs; and

(e) Alternative means to fund and accommodate increased classroom capacity to meet K-3 class-size reduction objectives.

(5)(a) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research.

(b) The office of the superintendent of public instruction and the office of financial management shall cooperate with the task force and maintain liaison representatives, who are nonvoting members.

(c) The task force, where appropriate, may consult with individuals from public schools or related organizations or ask the individuals to establish a committee for technical advice and

assistance. Members of such an advisory committee are not entitled to expense reimbursement.

(6) Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(7) The expenses of the task force must be paid jointly by the senate and the house of representatives. Task force expenditures and meetings are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(8) The task force must report its final findings and recommendations to the governor, the superintendent of public instruction, and the appropriate committees of the legislature by ~~((October 1))~~ December 15, 2018.

(9) This section expires June 30, 2019.

Sec. 7010. 2018 c 2 s 7028 (uncodified) is amended to read as follows:

The public use general aviation airport loan revolving account is created in the custody of the state treasurer. All receipts from moneys collected under ~~((this chapter))~~ section 4002, chapter 2, Laws of 2018, section 4002 of this act, and sections 1 through 8, chapter . . . (Substitute House Bill No. 1656), Laws of 2018 must be deposited into the account. Expenditures from the account may be used only for the purposes described in section 4002 ~~((of this act))~~, chapter 2, Laws of 2018, section 4002 of this act, and sections 1 through 8, chapter . . . (Substitute House Bill No. 1656), Laws of 2018. Only the community aviation revitalization board or the board's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

NEW SECTION. Sec. 7011. A new section is added to 2018 c 2 (uncodified) to read as follows:

JOINT LEGISLATIVE TASK FORCE ON WATER SUPPLY.

(1) A joint legislative task force is established to review surface water and groundwater needs and uses as they relate to agricultural uses, domestic potable water uses, and instream flows, and to develop and recommend studies.

(2) The task force consists of the following members:

(a) Two members from each of the two largest caucuses of the senate, appointed by the president of the senate;

(b) Two members from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(c) A representative from the department of ecology, appointed by the director of the department of ecology;

(d) A representative from the department of fish and wildlife, appointed by the director of the department of fish and wildlife;

(e) A representative from the department of agriculture, appointed by the director of the department of agriculture;

(f) One representative from each of the following groups, appointed by the consensus of the cochair of the task force:

(i) Two organizations representing the farming industry in Washington;

(ii) A representative designated by each county within water resource inventory areas 3 and 4;

(iii) A representative designated by each city within water resource inventory areas 3 and 4;

(iv) Two representatives from an environmental advocacy organization or organizations;

(v) A representative designated by each public utility district located in water resource inventory areas 3 and 4;

(vi) An organization representing business interests; and

(vii) Representatives from federally recognized Indian tribes with reservations and treaty fishing rights located within water resource inventory areas 3 and 4.

(3) One cochair of the task force must be a member of the majority caucus of one chamber of the legislature, and one cochair must be a member of the minority caucus of the other chamber of the legislature, as those caucuses existed on the effective date of this section.

(4) The first meeting of the task force must occur by June 30, 2018. The task force must immediately focus on water resource inventory area 4. The task force shall not meet regarding water resource inventory area 3 before January 1, 2019.

(5) Staff support for the task force must be provided by the office of program research and senate committee services. The department of ecology and the department of fish and wildlife shall cooperate with the task force and provide information as the cochairs reasonably request.

(6) Within existing appropriations, the expenses of the operations of the task force, including the expenses associated with the task force's meetings, must be paid jointly and in equal amounts by the senate and the house of representatives. Task force expenditures and meetings are subject to approval by the house executive rules committee and the senate facility and operations committee. Legislative members of the task force are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, governmental entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW.

(7) Studies and selection of scientists or organizations to implement these studies must be based on recommendations of the joint legislative task force and must be made by a seventy-five percent majority of the members of the task force. Minority recommendations that achieve the support of at least five of the named voting members of the task force may also be submitted to the legislature.

(8) The funding provided in section 3012(2) of this act is provided solely for studies that are based on best available science and peer-reviewed, as identified by the task force to include:

(a) Reviewing existing hydrodynamic modeling and instream flow studies, or implementing new studies if necessary;

(b) Completing a gap analysis;

(c) Updating and reconciling data;

(d) Completing and providing missing data; and

(e) Potential installation of groundwater monitoring stations.

(9) The joint legislative task force expires June 30, 2019.

NEW SECTION. Sec. 7012. A new section is added to 2018 c 2 (uncodified) to read as follows:

(1) The legislature recognizes that outdoor recreation in Washington provides multiple benefits including significant business and retail tax revenue, business and job creation, improved physical and mental health, higher quality-of-life that attracts and retains businesses and workers from beyond the recreation sector, and conservation and education values. To fulfill the goals of the 2018 recreation and conservation plan for Washington state, the recreation and conservation office must conduct a study that identifies recreational assets of statewide significance, where gaps in recreational assets exist, and investment strategies and options for addressing those gaps. The

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

study must address existing and projected future needs of the people of Washington state.

(2) The office must submit a report with its findings and recommendations to the appropriate committees of the legislature by June 30, 2019.

Sec. 7013. RCW 43.88D.010 and 2017 c 52 s 15 are each amended to read as follows:

(1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the pre-design, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(c) Shall have full access to all data maintained by the joint legislative audit and review committee concerning the condition of higher education facilities.

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For the 2017-2019 fiscal biennium, pursuant to subsection (1) of this section, by November 1, 2018, the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(9) For the 2017-2019 fiscal biennium, pursuant to subsection (6)(a) of this section and in lieu of the requirements of subsection (7) of this section, by August 15, 2018, the institutions of higher education shall prepare and submit or resubmit to the office of financial management and the legislative fiscal committees:

(a) Individual project proposals developed pursuant to subsection (1) of this section;

(b) Individual project proposals scored in prior biennia pursuant to subsection (1) of this section; and

(c) A prioritized list of up to five project proposals submitted pursuant to (a) and (b) of this subsection.

Sec. 7014. RCW 28B.77.070 and 2012 c 229 s 110 are each amended to read as follows:

(1) The council shall identify budget priorities and levels of funding for higher education, including the two and four-year

institutions of higher education and state financial aid programs. It is the intent of the legislature for the council to make budget recommendations for allocations for major policy changes in accordance with priorities set forth in the ten-year plan, but the legislature does not intend for the council to review and make recommendations on individual institutional budgets. It is the intent of the legislature that recommendations from the council prioritize funding needs for the overall system of higher education in accordance with priorities set forth in the ten-year plan. It is also the intent of the legislature that the council's recommendations take into consideration the total per-student funding at similar public institutions of higher education in the global challenge states.

(2) By December of each odd-numbered year, the council shall outline the council's fiscal priorities under the ten-year plan that it must distribute to the institutions, the state board for community and technical colleges, the office of financial management, and the joint higher education committee.

(a) Capital budget outlines for the two-year institutions shall be submitted to the office of financial management by August 15th of each even-numbered year, and shall include the prioritized ranking of the capital projects being requested, a description of each capital project, and the amount and fund source being requested.

(b) Capital budget outlines for the four-year institutions must be submitted to the office of financial management by August 15th of each even-numbered year, and must include: The institutions' priority ranking of the project; the capital budget category within which the project will be submitted to the office of financial management in accordance with RCW 43.88D.010; a description of each capital project; and the amount and fund source being requested.

(c) The office of financial management shall reference these reporting requirements in its budget instructions.

(3) The council shall submit recommendations on the operating budget priorities to support the ten-year plan to the office of financial management by October 1st each year, and to the legislature by January 1st each year.

(4)(a) The office of financial management shall develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded. The prioritized list of capital projects shall be based on the following priorities in the following order:

(i) Office of financial management scores pursuant to chapter 43.88D RCW;

(ii) Preserving assets;

(iii) Degree production; and

(iv) Maximizing efficient use of instructional space.

(b) The office of financial management shall include all of the capital projects requested by the four-year institutions of higher education, except for the minor works projects, in the prioritized list of capital projects provided to the legislature.

(c) The form of the prioritized list for capital projects requested by the four-year institutions of higher education shall be provided as one list, ranked in priority order with the highest priority project ranked number "1" through the lowest priority project numbered last. The ranking for the prioritized list of capital projects may not:

(i) Include subpriorities;

(ii) Be organized by category;

(iii) Assume any state bond or building account biennial funding level to prioritize the list; or

(iv) Assume any specific share of projects by institution in the priority list.

(5) Institutions and the state board for community and technical colleges shall submit any supplemental capital budget requests and revisions to the office of financial management by November 1st and to the legislature by January 1st.

(6) For the 2017-2019 fiscal biennium, pursuant to subsection (4) of this section, the office of financial management may, but is not obligated to, develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded.

NEW SECTION. Sec. 7015. A new section is added to 2018 c 2 (uncodified) to read as follows:

(1) The department of natural resources must conduct an asset valuation of state lands and state forestlands held in trust and managed by the department. The analysis required in subsections (3) and (4) of this section may be provided through contracted services.

(2) The department must describe all trust lands, by trust, including timber lands, agricultural lands, commercial lands, and other lands, and identify revenues from leases or other sources for those lands. The department must briefly describe the income from these trust lands, and potential enhancements to income, including intergenerational income, from the asset bases of these trusts.

(3) The analysis must estimate the current fair market value of these lands for each trust beneficiary, including the separate beneficiaries of state lands as defined in RCW 79.02.010, and the beneficiaries of state forestlands as specified in chapter 79.22 RCW. The estimation of current fair market values must specify the values by the various asset classes including, but not limited to, the following asset classes: Timber lands; irrigated agriculture; dryland agriculture, including grazing lands; commercial real estate; mining; and other income production. The analysis must also estimate the value of ecosystem services and recreation benefits for asset classes that produce these benefits. The legislature encourages the department and its contractors to develop methods and tools to allow tracking of the estimated fair market values over time.

(4) For each of the different asset classes and for each of the various trusts, the analysis must calculate the average annual gross and net income as a percentage of estimated current asset value.

(5) The department must provide a progress report to the legislature by December 1, 2018. A follow up progress report is expected to be provided by December 1, 2019, and may include any initial recommendations. The final report is expected to be submitted by June 30, 2020, and must include options to:

(a) Improve the net rates of return on different classes of assets;

(b) Increase the reliability of, and enhance if possible, revenue for trust beneficiaries; and

(c) Present and explain factors that either (i) define, (ii) constrict, or (iii) define and constrict the department's management practices and revenue production. The factors to be considered include, but are not limited to, statutory, constitutional, operational, and social factors.

Sec. 7016. RCW 43.17.200 and 2005 c 36 s 4 are each amended to read as follows:

(1) All state agencies including all state departments, boards, councils, commissions, and quasi public corporations shall allocate, as a nondeductible item, out of any moneys appropriated

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

for the original construction of any public building, an amount of one-half of one percent of the appropriation to be expended by the Washington state arts commission for the acquisition of works of art.

(2) During the 2017-2019 fiscal biennium, for projects funded in the capital budget, a state agency, working with the Washington state arts commission, may expend up to ten percent of the projected art allocation for a project during the design phase in order to select an artist and design art to be integrated in the building design. The one-half of one percent to be expended by the Washington state arts commission must be adjusted downward by the amount expended by a state agency during the design phase of the capital project.

(3) The works of art may be placed on public lands, integral to or attached to a public building or structure, detached within or outside a public building or structure, part of a portable exhibition or collection, part of a temporary exhibition, or loaned or exhibited in other public facilities.

(4) In addition to the cost of the works of art, the one-half of one percent of the appropriation as provided herein shall be used to provide for the administration of the visual arts program, including conservation of the state art collection, by the Washington state arts commission and all costs for installation of the works of art. For the purpose of this section building shall not include highway construction sheds, warehouses, or other buildings of a temporary nature.

NEW SECTION. Sec. 7017. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 7018. 2018 c ... (SHB 1656) s 13 (uncodified) is repealed.

NEW SECTION. Sec. 7019. Section 7018 of this act takes effect when chapter . . . (Substitute House Bill No. 1656), Laws of 2018 takes effect.

NEW SECTION. Sec. 7020. Except for section 7018 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

Correct the title.

MOTION

Senator Frockt moved that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6095.

Senators Frockt, Honeyford, Mullet, Warnick and Sheldon spoke in favor of the motion.

The President declared the question before the Senate to be the motion by Senator Frockt that the Senate concur in the House amendment(s) to Engrossed Substitute Senate Bill No. 6095.

The motion by Senator Frockt carried and the Senate concurred in the House amendment(s) to Engrossed Substitute Senate Bill No. 6095 by voice vote.

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 6095, as amended by the House.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 6095, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 49; Nays, 0; Absent, 0; Excused, 0.

Voting yea: Senators Angel, Bailey, Baumgartner, Becker, Billig, Braun, Brown, Carlyle, Chase, Cleveland, Conway, Darneille, Dhingra, Ericksen, Fain, Fortunato, Frockt, Hasegawa, Hawkins, Hobbs, Honeyford, Hunt, Keiser, King, Kuderer, Liias, McCoy, Miloscia, Mullet, Nelson, O'Ban, Padden, Palumbo, Pedersen, Ranker, Rivers, Rolfes, Saldaña, Schoesler, Sheldon, Short, Takko, Van De Wege, Wagoner, Walsh, Warnick, Wellman, Wilson and Zeiger

ENGROSSED SUBSTITUTE SENATE BILL NO. 6095, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PERSONAL PRIVILEGE

Senator Frockt: "Thank you, Mr. President. I wanted to express thanks to the budget negotiators. I also wanted to make sure that on the floor here tonight I expressed my thanks to the incredible Ways & Means staff who do both operating and capital budget, and they do it extremely well for us. Particularly for someone who, these last two years was a novice like me in this area, my only experience in working on the capital budget was making sure that Karen Keiser and who did we have before that? was getting my stuff in the budget and so I didn't really have any sense. So I had a lot to learn, but they were terrific. First of all, Richard Ramsey, our budget coordinator for the capital budget. And then all of these people who helped so much: Jasmin Adams, Jed Herman, Maria Hovde, James Kettel, Danny Masterson, Julie Murray, Sandy Stith, and Travis Sugarman. And I also want to mention that those are our Ways & Means staff and they were incredible. And I also want to thank James Crandall on the Republican staff, who was incredibly professional and great to work with as well, and Noha Mahgoub, who was new to this and did a great job of learning and picking it up quickly and has a great future ahead of her as part of our team here on this side of the aisle. So, Mr. President, I want to thank you and thank the members of the body for all the good work and thank the staff again for helping us put together the capital budget of these last two years."

The Senate rose and recognized the work of the staff of the Committee on Ways & Means and the Democratic and Republican Caucuses.

PERSONAL PRIVILEGE

Senator Nelson: "Thank you Mr. President. Well we are at sine die and I want to thank everyone in the chamber for this year in the sixty day session. I grew up in Hawaii, and there are some traditions there. So first and foremost, 'Mahalo.' Thank you all, both members and staff for all the work you've done. Many, many times its been on a nonpartisan basis and I appreciate that. And finally, as we all return home, there is always the other message from Hawaii, and that is, 'Aloha.' May you have safe travels, may you enjoy your families, and very shortly we will return to the floor for those of us who wish to, to adjourn sine die. Mahalo and Aloha."

MOTION

At 8:23 p.m., on motion of Senator Liias, the Senate was declared to be at ease subject to the call of the President.

The Senate was called to order at 9:44 p.m. by President Habib.

Senators, staff, guests and members of the public gathered on the senate floor and line the aisle to witness the joint closing of session.

MOTION

SIXTIETH DAY, MARCH 8, 2018

2018 REGULAR SESSION

On motion of Senator Liias, the Senate advanced to the eighth order of business.

MOTION

Senator Liias moved adoption of the following resolution:

SENATE RESOLUTION
8733

By Senators Nelson and Schoesler

WHEREAS, The 2018 Regular Session of the Sixty-fifth Legislature is drawing to a close; and

WHEREAS, It is necessary to provide for the completion of the work of the Senate after its adjournment and during the interim period between the close of the 2018 Regular Session of the Sixty-fifth Legislature and the convening of the next regular session;

NOW, THEREFORE, BE IT RESOLVED, That the Senate Facilities and Operations Committee shall have full authority and direction over the authorization and execution of any contracts or subcontracts that necessitate the expenditure of Senate appropriations, subject to all applicable budget controls and limitations; and

BE IT FURTHER RESOLVED, That the Senate Facilities and Operations Committee may, as they deem appropriate, authorize travel for which members and staff may receive therefor their actual necessary expenses, and such per diem as may be authorized by law, subject to all applicable budget controls and limitations, to be paid upon receipt of their vouchers out of funds appropriated for legislative expenses; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate and the Senate Facilities and Operations Committee be, and they hereby are, authorized to retain such employees as they may deem necessary and that said employees be allowed such rate of pay therefor, subject to all applicable budget controls and limitations, as the Secretary of the Senate and the Senate Facilities and Operations Committee shall deem proper; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate be, and hereby is, authorized and directed to make out and execute the necessary vouchers upon which warrants for legislative expenses and expenditures shall be drawn from funds provided therefor; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate and the Facilities and Operations Committee be, and they hereby are, authorized to approve written requests by standing committees to meet during the interim period; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate be, and hereby is, authorized and directed to have printed a copy of the Senate Journals of the 2018 Regular Session of the Sixty-fifth Legislature; and

BE IT FURTHER RESOLVED, That the Rules Committee is authorized to assign subject matters to standing committees for study during the interim, and the Majority Leader is authorized to create special committees as may be necessary to carry out the functions of the Senate in an orderly manner and appoint members thereto with the approval of the Facilities and Operations Committee; and

BE IT FURTHER RESOLVED, That the Secretary of the Senate is authorized to express the sympathy of the Senate by sending flowers or memorials in the event of a bereavement in the legislative "family"; and

BE IT FURTHER RESOLVED, That such use of the Senate facilities is permitted upon such terms as the Secretary of the Senate shall deem proper.

The President declared the question before the Senate to be the adoption of Senate Resolution No. 8733.

The Washington State Legislative Intern Program is an academic internship for college students from around Washington State. Interns are assigned to Senate offices and are mentored by members and staff as they conduct research, track legislation, and work with constituents. In addition to building professional experience through their office work, interns earn academic credit and take part in seminars and workshops with state policymakers to gain a first-hand understanding of the legislative process.

The 46 Senate interns in 2018 represented 16 college campuses, a wide range of majors, and communities all over Washington.

The Senate Page Program allows young students throughout Washington State the opportunity each year to take part in the legislative process and observe the Legislature and other branches of state government during the legislative session. The students also participate in the Page School learning about the legislative process, listening to guest speakers and developing their own legislation. The Program had 194 participants during the 2018 Regular Session.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 6058

March 21, 2018

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 4, Senate Bill No. 6058 entitled:

"AN ACT Relating to write-in voting."

Section 4 creates an unintended extra administrative burden for some counties and is not needed for implementation purposes or to meet the intent of the bill.

For these reasons I have vetoed Section 4 of Senate Bill No. 6058.

With the exception of Section 4, Senate Bill No. 6058 is approved.

Respectfully Submitted,

Jay Inslee
Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6032

March 27, 2018

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 119(8), 129(21), 135(4), 146(10), 307 lines 14-15, 308(21), 502(1)(h), 504(2), 606(23)(b), 908(3), 103(9), 122(3), 127(56), 135(6), 140(7), 141(4), 146(7), 148(10), 205(1)(w), 206(30), and 501(51), Engrossed Substitute Senate Bill No. 6032 entitled:

"AN ACT Relating to fiscal matters."

Section 119(8), page 19, Secretary of State, Automatic Voter Registration Study

This section includes funding for the Secretary of State to conduct a study related to automatic voter registration. The requirement to do this study was removed from Engrossed Second Substitute House Bill 2595 (automatic voter registration), but the funding proviso remained in the budget. Because the agency will not be doing this study, the funding is not needed. For this reason, I have vetoed Section 119(8).

Section 129(21), page 56, Office of Financial Management, 2020 Census

Funds are provided to the agency for staffing and support to prepare for the 2020 census in two identical provisos: Section 129(19) and Section 129(21). This is clearly a drafting error because funding for the double proviso is not included in the total appropriation authority. For this reason, I have vetoed Section 129(21).

Section 135(4), pages 59-60, Department of Revenue, Tax Database

The budget provides \$150,000 to the department to create a publicly available online searchable database of all taxes and tax rates in the state for each taxing district. This is the same provision that was included in Senate Bill 6590 which had a fiscal note of \$1,219,800 for creation of the database. This project cannot be done for the \$150,000 provided in the budget. For this reason, I have vetoed Section 135(4).

Section 146(10), page 74, Department of Enterprise Services, Capitol Dome Access

This section directs the Department of Enterprise Services to allow individuals to access the top of the Capitol dome "under

approved supervision and guidelines developed by the department." The Olympia Fire Department has assessed this space in the past, and, among other issues, reported that it could not use a fireman's rescue technique in this space nor could it assist an injured party by using a gurney. The Department of Labor and Industries classifies the area as a "confined space" which means that it has restricted entry/exit and is not primarily designed for human occupancy. Access should be authorized only for individuals needed to do work on the dome. While the view is beautiful from the dome, there are too many risks involved with granting access to the public. For this reason, I have vetoed Section 146(10).

Section 307, page 261, lines 14-15, Department of Fish and Wildlife, FY 2018 General Fund- State Appropriation

The final budget reduces the department's FY 2018 General Fund-State appropriation by \$1,739,000. Although the final budget provides an additional \$1.5 million for Orca whale recovery efforts, it does not fully cover the costs of important work needed to begin the recovery of this iconic species. To support Orca recovery efforts, I am vetoing this reduction in appropriation and directing the department to use \$650,000 of this amount to complete fish screen inventories, conduct public outreach and education, hire a recovery coordinator position, and support facilitation of the Southern Resident Killer Whale Task Force. I also am directing the agency to place the remaining amount in unallotted status. For this reason, I have vetoed Section 307, page 261, lines 14-15.

Section 308(21), page 274, Department of Natural Resources, SAFER Grant Match

One-time funding of \$873,000 General Fund-State is provided to Kittitas County Fire District 7 for matching funds for its Staffing for Adequate Fire and Emergency Response (SAFER) grant from the Federal Emergency Management Agency. Despite the merits of the federal grant funding to provide firefighting staff to the district, the state should not provide the local match for these grants.

Operational funding for fire districts is a local decision. Not only would providing the match through the state general fund set a precedent, it would be unfair to the other 19 fire districts across the state that were awarded a similar federal grant and provided their own local match. For these reasons, I have vetoed Section 308(21).

Section 502(1)(h), page 303, Office of Superintendent of Public Instruction for General Apportionment, Net Revenue Hold Harmless

Engrossed Second Substitute Senate Bill 6362 contains a more prescriptive hold harmless calculation than the language in the operating budget. The operating budget will hold districts harmless to a baseline that assumes the levy cliff would go into effect - a decision that the Legislature chose last year not to implement. We must ensure that no school district receives less funding in the 2018-19 school year. For this reason, I have vetoed Section 502(1)(h).

Section 504(2), page 318, Office of Superintendent of Public Instruction for School Employee Compensation Adjustments, Delay Professional Learning Day

The operating budget delays the implementation of state-funded professional learning days by one year. Research shows that time for job embedded professional learning and collaboration is linked to student success. Limiting practices that improve student achievement goes against our goal for a world-class education system. For these reasons, I have vetoed Section 504(2).

Section 606(23)(b), page 372, The Evergreen State College, Funding Options for the Legislature

This proviso allows the Office of Financial Management, State Board for Community and Technical Colleges, and Council of Presidents to use information from a Washington State Institute for Public Policy (WSIPP) study to present funding options to the Legislature. The WSIPP study is related to higher education funding methods in other states. This item directs two separate agencies and the Council of Presidents to perform work that does not naturally fit together with the WSIPP study. For this reason, I have vetoed Section 606(23)(b).

Section 908(3), page 417, Law Enforcement Officers' and Firefighters' Retirement System (LEOFF) Distribution

This language expresses the Legislature's intent that future distributions to the Local Law Enforcement Officers' and Firefighters' Retirement System Benefits Improvement Account may include transfers from the LEOFF 2 pension fund. I have consistently vetoed similar provisions in the past, and I remain concerned about the wisdom of such transfers from a retirement fund. For this reason, I have vetoed Section 908(3).

I am vetoing the following sections related to bills that did not pass the Legislature resulting in the lapse of funding. My veto of these sections will serve to clean up these unnecessary sections of the bill.

Section 103(9), page 5, Joint Legislative Audit & Review Committee, SHB 1154, Fishing and Seafood Processing.

Section 122(3) page 22, State Treasurer's Office, E2SHB 2718, Civil Forfeiture Proceedings.

Section 127(56), page 43, Department of Commerce, ESSB 6081, Net Metering, or SHB 2995 Energy.

Section 135(6), page 61, Department of Revenue, E2SHB 2718, Civil Forfeiture Proceedings.

Section 140(7), page 64, Liquor and Cannabis Board, ESSB 6346, Sale of Wine/Microbrewery.

Section 141(4), page 66, Utilities and Transportation Commission, ESSB 6081, Distributed Generation, or SHB 2995, Energy.

Section 146(7), page 73, Department of Enterprise Services, ESSB 6081, Net Metering, or SHB 2995, Energy.

Section 148(10), page 77, Consolidated Technology Services, E2SSB 5935, Broadband and Telecommunication Service.

Section 205(1)(w), page 116, Department of Social and Health Services - Developmental Disabilities, SHB 1792, Residential Services and Supports.

Section 206(30), page 134, Department of Social and Health Services - Aging and Adult Services, SHB 1792, Residential Services and Supports.

Section 501(51), page 297, Office of Superintendent of Public Instruction, SHB 2748, Learning Assistance Program.

For these reasons I have vetoed Sections 119(8), 129(21), 135(4), 146(10), 307 lines 14-15, 308(21), 502(1)(h), 504(2), 606(23)(b), 908(3), 103(9), 122(3), 127(56), 135(6), 140(7), 141(4), 146(7), 148 (10), 205(1)(w), 206(30), and 501(51) of Engrossed Substitute Senate Bill No. 6032.

With the exception of Sections 119(8), 129(21), 135(4), 146(10), 307 lines 14-15, 308(21), 502(1)(h), 504(2), 606(23)(b), 908(3), 103(9), 122(3), 127(56), 135(6), 140(7), 141(4), 146(7), 148(10), 205(1)(w), 206(30), and 501(51), Engrossed Substitute Senate Bill No. 6032 is approved.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6095

March 27, 2018

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 3011(2), 3011(3), 3011(4), 4002, 7018, and 7019, Engrossed Substitute Senate Bill No. 6095 entitled:

"AN ACT Relating to the capital budget."

Sections 3011(2), (3) and (4), page 83, Department of Ecology, Water Availability (91000343)

I appreciate the bipartisan effort and support to pass Engrossed Substitute Senate Bill 6091 (ESSB 6091) and the accompanying appropriation of \$20 million in the enacted capital budget. Together, these measures are important in allowing appropriate development to proceed in rural areas of our state while also ensuring the protection of instream flows. Negotiations on ESSB 6091 were both substantial and difficult. Sections 3011(2), (3) and (4) single out particular projects for funding. This is a departure from the planning and implementation processes established only weeks ago in ESSB 6091, and circumvents the Department of Ecology's efforts to prioritize and approve projects. For these reasons, I have vetoed Sections 3011(2), (3) and (4).

Section 4002, pages 110-112, Aviation Revitalization Loans (92000003)

This section contains amendments identical to Substitute House Bill 1656 (SHB 1656) and reduces the amount available

for loans by \$2.5 million. Because I have vetoed SHB 1656 and I support the original \$5 million appropriation, I have vetoed Section 4002.

Section 7018, page 153

Section 7018 repeals Section 13 of Substitute House Bill 1656 (SHB 1656). Because I have vetoed SHB 1656, there is no need to repeal a section in that bill. For this reason, I have vetoed Section 7018.

Section 7019, page 154

Section 7019 directs that Section 7018 takes effect when Substitute House Bill 1656 (SHB 1656) takes effect. Because I have vetoed Section 7018 and SHB 1656, this section is not necessary. For this reason, I have vetoed Section 7019.

For these reasons I have vetoed Sections 3011(2), 3011(3), 3011(4), 4002, 7018, and 7019 of Engrossed Substitute Senate Bill No. 6095.

With the exception of Sections 3011(2), 3011(3), 3011(4), 4002, 7018, and 7019, Engrossed Substitute Senate Bill No. 6095 is approved.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 6106

March 27, 2018

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 208(19), 207(8), 208(1), 208(22), 208(25), 208(26), 208(28), 208(29), 208(30), and 212(3), Engrossed Substitute Senate Bill No. 6106 entitled:

"AN ACT Relating to transportation funding and appropriations."

Section 208(19), Pages 23-24, Department of Licensing, Licensing Services Workgroup

Section 208(19) directs the department to convene a workgroup comprised of a county auditor, county licensing manager, and three subagent representatives to assess the current licensing services system and the establishment of a new licensing services partnership committee. The workgroup must consider and make recommendations on expanding services offered by subagents, establishing voluntary payment plans and automatic renewal options, and reviewing the current financial environment of subagents and county auditors. The department already has a specific licensing committee that meets twice a year. It also meets twice a year with the Washington Association of Vehicle Subagents. In addition, the proviso did not provide funding for this workgroup. While I encourage looking at ways to improve services to the public, this workgroup provides a forum for communication that already exists and funding is not provided to support the workgroup. For these reasons, I have vetoed Section 208(19).

I am vetoing the following sections related to bills that did not pass the legislature resulting in the lapse of funding. My veto of these sections will serve to clean up these unnecessary sections of the bill.

Section 207(8), page 18, Washington State Patrol, SHB 2278, Privacy Protections in Government Section 208(1), pages 19-20, Department of Licensing, EHB 2201 or ESSB 5955, MVET Collection Section 208(22), page 25, Department of Licensing, SHB 2278, Privacy Protections

Section 208(25), page 25, Department of Licensing, HB 2653 Alternative Fuel Vehicle Exemption, or SB 6080, Electrification of Transportation

Section 208(26), page 25, Department of Licensing, SHB 2975, Snow Bikes

Section 208(28), page 26, Department of Licensing, SSB 6009, Issuance of Personalized Collector

Vehicle License Plates

Section 208(29), page 26, Department of Licensing, SSB 6107, Electric Motorcycle Registration Renewal Fees

Section 208(30), page 26, Department of Licensing, 2SSB 6189, Suspended or Revoked Driver's License Provisions

Section 212(3), page 35, Department of Transportation-Aviation, ESHB 2295, Electric Aircraft For these reasons I have vetoed Sections 208(19), 207(8), 208(1), 208(22), 208(25), 208(26), 208 (28), 208(29), 208(30), and 212(3) of Engrossed Substitute Senate Bill No. 6106.

With the exception of Sections 208(19), 207(8), 208(1), 208(22), 208(25), 208(26), 208(28), 208 (29), 208(30), and 212(3), Engrossed Substitute Senate Bill No. 6106 is approved.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 6362

March 27, 2018

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 402 and 408, Engrossed Second Substitute Senate Bill No. 6362 entitled:

"AN ACT Relating to modifying basic education funding provisions."

Section 402 delays the implementation of state-funded professional learning days. Research shows that time for job-embedded professional learning and collaboration is linked to student success. Limiting practices that improve student achievement goes against the intent of this bill and our goals. For this reason, I am vetoing Section 402.

Section 408 moves forward by one year the requirement for OSPI to develop rules and budgetary procedures to ensure school districts provide separate accounting of state and local revenues to expenditures. The work is underway to design and build the accounting systems required to implement this data transparency within the original timeline for school year 2019-20. Speeding up the development of the system will jeopardize the long-term reliability of the accounting system and suspend the development of all other systems work. For this reason I am vetoing Section 408.

For these reasons I have vetoed Sections 402 and 408 of Engrossed Second Substitute Senate Bill No. 6362.

Respectfully Submitted,
