(7) For projects funded as part of the 2015 connecting Washington transportation package identified on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2019-2021 fiscal biennium, the department may, on a pilot basis, apply funding from a project with an appropriation that cannot be used for the current fiscal biennium to advance the South Kelso Railroad Crossing project (L1000147). IMPLEMENTING PROVISIONS

Sec. 601. 2017 c 313 s 601 (uncodified) is amended to read as follows:

FUND TRANSFERS

(1) The 2005 transportation partnership projects or improvements and 2015 connecting Washington projects or improvements are listed in the LEAP Transportation Document ~~((2017-1))~~ 2018-1 as developed ~~((April 20, 2017))~~ February 18, 2018, which consists of a list of specific projects by fund source and amount over a sixteen-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a sixteen-year plan. The department of transportation is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and connecting Washington account projects on the LEAP transportation document referenced in this subsection. For the 2017-2019 project appropriations, unless otherwise provided in this act, the director of the office of financial management may provide written authorization for a transfer of appropriation authority between projects funded with transportation partnership account

appropriations or connecting Washington account appropriations to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed in the current fiscal biennium;

(d) Transfers may not occur for projects not identified on the applicable project list;

(e) Transfers may not be made while the legislature is in session;

(f) Transfers to a project may not be made with funds designated as attributable to practical design savings as described in RCW 47.01.480;

(g) Each transfer between projects may only occur if the director of the office of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2018 supplemental omnibus transportation appropriations act, any unexpended 2015-2017 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects; and

(h) Transfers between projects may be made by the department of transportation without the formal written approval provided under this subsection (1), provided that the transfer amount does not exceed two hundred fifty thousand dollars or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of the office of financial management and the chairs of the house of representatives and senate transportation committees.

(2) The department of transportation must submit quarterly all transfers authorized under this section in the transportation executive information system. The office of financial management must maintain a legislative baseline project list identified in the LEAP transportation documents referenced in this act, and update that project list with all authorized transfers under this section.

(3) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(4) Before approval, the office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(5) No fewer than ten days after the receipt of a project transfer request, the director of the office of financial management must provide written notification to the department of any decision regarding project transfers, with copies submitted to the transportation committees of the legislature.

(6) The department must submit annually as part of its budget submittal a report detailing all transfers made pursuant to this section.

Sec. 602. 2017 c 313 s 606 (uncodified) is amended to read as follows:

(1) By November 15, 2017, and annually thereafter, the department of transportation must report on amounts expended to benefit transit, bicycle, or pedestrian elements within all connecting Washington projects in programs I, P, and Z identified

in LEAP Transportation Document ((~~2017-2 ALL PROJECTS~~)) 2018-1 as developed ((~~April 20, 2017~~)) February 18, 2018. The report must address each modal category separately and identify if eighteenth amendment protected funds have been used and, if not, the source of funding.

(2) To facilitate the report in subsection (1) of this section, the department of transportation must require that all bids on connecting Washington projects include an estimate on the cost to implement any transit, bicycle, or pedestrian project elements.

MISCELLANEOUS 2017-2019 FISCAL BIENNIUM

Sec. 701. RCW 88.16.061 and 2008 c 128 s 17 are each amended to read as follows:

The account in the general fund designated in RCW 43.79.330(17) as the "Puget Sound pilotage account" is hereby redesignated as the "pilotage account".

The pilotage account is hereby redesignated as a nonappropriated account, and is therefore created in the custody of the state treasurer. All receipts designated, credited, or transferred to the pilotage account must be deposited into the account. Expenditures from the account may be used only for the purposes of the board of pilotage commissioners as prescribed under this chapter. Only the board or the board's designee may authorize expenditures from the account. During the 2017-2019 fiscal biennium, solely for the implementation of chapter . . . The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

PERSONAL PRIVILEGE

Senator Braun: "Thank you Mr. President. So, I just want to take a moment, Mr. President. I passed out, I asked to be passed out, an article about the passing of Orin Smith. Many of you may know, he was the long time the CEO and President of Starbucks. So, I got to know Orin some years ago. He was born and raised in Chehalis, actually born I think in Ryderwood. Raised in Chehalis, attended W. F. Wells High School. Very interesting. He played and was a key leader on the last state basketball team to win from W. F. West in 1959-1960. Amazing story there. I mean I could go on and on about the amazing stories in Orin's life but, a team leader. Went to Centralia College, another graduate of our wonderful community and technical colleges. Went on to UW, and then eventually to Harvard where he earned a MBA. He worked in the private sector, came back and worked as the budget officer for both Governor Dixie Lee Ray and Governor Booth Gardner. Went back to the private sector, worked in a number of jobs, ultimately, in 1990 he went to Starbucks and eventually became the President and CEO. Amazing story from a beginning in poverty. A mother who raised her children as a single mom and this is where I first met Orin and got to know him a little bit. I was on the Timberland Regional Library Board. At the time, we were trying to build a new library in the city of Chehalis and Orin quietly came in, as was his habit, and offered to make a substantial contribution to the building of that library. And all he asked is that it ultimately be named after his mother, Vernetta Smith. And he would tell the story of how she would bring him and his brothers and sister to the library, regularly. That was a staple in their life and I could go on and probably would not do it justice. But a very inspiring story. And was the first in many contributions to his hometown, where he would quietly come in and support a variety of things from reconstruction of the new pool to, I had another chance to work with him closely as we built, a new food bank. And it was always the same in many ways, a very quiet offer to help, but you knew once you got to know him he was never going to help a little bit. Both financially of course but also in deeply involved in the thinking, and how do you, if we are going to do this, his commitment was always, 'Let's do it right. Let's do it well. Let's serve our community to the best of our ability.' So much, much, more than simple financial support. And really inspiring in many ways. At any rate, Mr. President, I simply want to take a moment to recognize this amazing man in our state who served

FIFTY FIFTH DAY, MARCH 3, 2018

both in the public and private sector. The last thing I would mention because this is a place where I was personally inspired by him is his work at Starbucks. To really look after the employees, to bring, to provide benefits, to do everything we can to help folks be successful in their employment in the private sector. And drove policies and, really, changes in corporate and company approaches around the country. I am inspired by his example where he is very fiscally sound. He was a CPA, I think by training, and never lost track of the money but didn't let that get in the way of doing the right thing for people and bringing people along. Truly, an inspiration to me and I think to many Washingtonians and I would just like to recognize him today. Thank you Mr. President."

The director may also exclude biological control agents that are infested with parasites determined to be detrimental to the biological control efforts of the state. The department may rely upon findings of the United States department of agriculture or any experts that the director may deem appropriate in making a determination about the threat posed by such organisms. In addition, the director may request confidential business information subject to the conditions in RCW 17.24.061.

(2) Plant pests, noxious weeds, or other organisms introduced into or released within this state in violation of this section shall be subject to detention and disposition as otherwise provided in this chapter.

If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in the health care authority. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(5) Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the department of social and health services are subject to technical oversight by the office of the chief information officer.

(6)(a) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for medicaid.

(b) To facilitate a single point of entry across public and medical assistance programs, and to maximize the use of federal

funding, the health care authority, the department of social and health services, and the health benefit exchange will coordinate efforts to expand HealthPlanfinder access to public assistance and medical eligibility staff. The department shall complete medicaid applications in the HealthPlanfinder for households receiving or applying for public assistance benefits.

(7) In accordance with RCW 71.24.380, the health care authority and the department are authorized to purchase medical and behavioral health services through integrated contracts upon request of all of the county authorities in a regional service area to become an early adopter of fully integrated purchasing of medical and behavioral health services. The department may combine and transfer such amounts appropriated under sections 204, 208, and 213 of this act as may be necessary to fund early adopter contracts. The amount of medicaid funding transferred from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. The amount of non-medicaid funding transferred from sections 204 and 208 may not exceed the amount that would have been contracted with a behavioral health organization if the county authorities had not requested to become an early adopter of fully integrated purchasing. These limits do not apply to the amounts provided in section 204(1)(s) of this act. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(8) In accordance with RCW 71.24.380, the department is authorized to purchase mental health and substance use disorder services through integrated contracts with behavioral health organizations. The department may combine and transfer such amounts appropriated under sections 204 and 208 of this act as may be necessary to finance these behavioral health organization contracts. If any funding that this act provides solely for a specific purpose is transferred under this subsection, that funding must be used consistently with the provisions and conditions for which it was provided.

(9)(a) The appropriations to the department of social and health services in this act must be expended for the programs and in the amounts specified in this act. However, after May 1, 2018, unless prohibited by this act, the department may transfer general fund—state appropriations for fiscal year 2018 among programs and subprograms after approval by the director of the office of financial management. However, the department may not transfer state appropriations that are provided solely for a specified purpose except as expressly provided in (b) through (d) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2018 caseload forecasts and utilization assumptions in the long-term care, developmental disabilities, foster care, adoption support, and public assistance programs, the department may transfer state appropriations that are provided solely for a specified purpose.

(c) Within the mental health program, the department may transfer appropriations that are provided solely for a specified purpose within and between subprograms as needed to fund actual expenditures through the end of fiscal year 2018.

(d) Within the developmental disabilities program, the department may transfer appropriations that are provided solely for a specified purpose within and between subprograms as needed to fund actual expenditures through the end of fiscal year 2018.

(e) The department may not transfer appropriations, and the director of the office of financial management may not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$331,000 of the general fund—state appropriation for fiscal year 2018 and \$331,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for deposit in the county criminal justice assistance account for costs to the criminal justice system associated with the implementation of chapter 338, Laws of 1997 (juvenile code revisions). The amounts provided in this subsection are intended to provide funding for county adult court costs associated with the implementation of chapter 338, Laws of 1997 and shall be distributed in accordance with RCW 82.14.310.

(2) \$2,841,000 of the general fund—state appropriation for fiscal year 2018 and \$2,841,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for grants to county juvenile courts for the following juvenile justice programs identified by the Washington state institute for public policy (institute) in its report: "Inventory of Evidence-based, Research-based, and Promising Practices for Prevention and Intervention Services for Children and Juveniles in the Child Welfare, Juvenile Justice, and Mental Health Systems." Additional funding for this purpose is provided through an interagency agreement with the health care authority. County juvenile courts shall apply to the juvenile rehabilitation administration for funding for program-specific participation and the administration shall provide grants to the courts consistent with the per-participant treatment costs identified by the institute.

(3) \$1,537,000 of the general fund—state appropriation for fiscal year 2018 and \$1,537,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for expansion of the following juvenile justice treatments and therapies in juvenile rehabilitation administration programs identified by the Washington state institute for public policy in its report: "Inventory of Evidence-based, Research-based, and Promising Practices for Prevention and Intervention Services for Children and Juveniles in the Child Welfare, Juvenile Justice, and Mental Health Systems." The administration may concentrate delivery of these treatments and therapies at a limited number of programs to deliver the treatments in a cost-effective manner.

(4)(a) \$6,198,000 of the general fund—state appropriation for fiscal year 2018 and \$6,198,000 of the general fund—state appropriation for fiscal year 2019 are provided solely to implement evidence- and research-based programs through community juvenile accountability grants, administration of the grants, and evaluations of programs funded by the grants. In addition to funding provided in this subsection, funding to implement alcohol and substance abuse treatment programs for locally committed offenders is provided through an interagency agreement with the health care authority.

(b) The juvenile rehabilitation administration shall administer a block grant to county juvenile courts for the purpose of serving youth as defined in RCW 13.40.510(4)(a) in the county juvenile justice system. Funds dedicated to the block grant include: Consolidated juvenile service (CJS) funds, community juvenile accountability act (CJAA) grants, chemical dependency/mental health disposition alternative (CDDA), and suspended disposition alternative (SDA). The juvenile rehabilitation administration shall follow the following formula and must prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the

number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for the assessment of low, moderate, and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency and mental health disposition alternative; and (vi) two percent for the suspended dispositional alternatives. Funding for the special sex offender disposition alternative (SSODA) shall not be included in the block grant, but allocated on the average daily population in juvenile courts. Funding for the evidence-based expansion grants shall be excluded from the block grant formula. Funds may be used for promising practices when approved by the juvenile rehabilitation administration and juvenile courts, through the community juvenile accountability act committee, based on the criteria established in consultation with Washington state institute for public policy and the juvenile courts.

(c) If Second Substitute House Bill No. 1280 (referred and diverted youth) is enacted, then the administration must implement a stop-loss policy when allocating funding under (b) of this subsection in the 2017-2019 fiscal biennium. Under the stop-loss policy, funding formula changes may not result in a funding loss for any juvenile court of more than two percent from one year to the next. The committee in (d) of this subsection must establish a minimum base level of funding for juvenile courts with lower numbers of at-risk youth age 10 – 17. The administration must report to the legislature by December 1, (~~2018~~) 2019, about how funding is used for referred youth and the impact of that use on overall use of funding. If the bill is not enacted by July 31, (~~2017~~) 2018, this subsection is null and void.

(d) The juvenile rehabilitation administration and the juvenile courts shall establish a block grant funding formula oversight committee with equal representation from the juvenile rehabilitation administration and the juvenile courts. The purpose of this committee is to assess the ongoing implementation of the block grant funding formula, utilizing data-driven decision making and the most current available information. The committee will be co-chaired by the juvenile rehabilitation administration and the juvenile courts, who will also have the ability to change members of the committee as needed to achieve its purpose. The committee may make changes to the formula categories in (b) of this subsection if it determines the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost/benefit savings to the state, including long-term cost/benefit savings. The committee must also consider these outcomes in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(e) The juvenile courts and administrative office of the courts must collect and distribute information and provide access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts must work collaboratively to develop program outcomes that reinforce the greatest cost/benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(5) \$98,000 of the general fund—state appropriation for fiscal year 2018 and \$98,000 of the general fund—state appropriation for fiscal year 2019 are provided solely to the juvenile block grant funding formula oversight committee described in subsection (4)(d) of this section to contract with research entities to: (a)

Assist juvenile justice programs identified as promising practices or research-based in undergoing the research necessary to demonstrate that the program is evidence-based; and (b) establish an annual, county-level evaluation of existing evidence-based juvenile justice programs.

(6) \$557,000 of the general fund—state appropriation for fiscal year 2018 and \$557,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for funding of the teamchild project.

(7) \$283,000 of the general fund—state appropriation for fiscal year 2018 and \$283,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the juvenile detention alternatives initiative.

(8) \$500,000 of the general fund—state appropriation for fiscal year 2018 and \$500,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for a grant program focused on criminal street gang prevention and intervention. The juvenile rehabilitation administration may award grants under this subsection. The juvenile rehabilitation administration shall give priority to applicants who have demonstrated the greatest problems with criminal street gangs. Applicants composed of, at a minimum, one or more local governmental entities and one or more nonprofit, nongovernmental organizations that have a documented history of creating and administering effective criminal street gang prevention and intervention programs may apply for funding under this subsection. Each entity receiving funds must report to the juvenile rehabilitation administration on the number and types of youth served, the services provided, and the impact of those services on the youth and the community.

(9) The juvenile rehabilitation institutions may use funding appropriated in this subsection to purchase goods ~~(and)~~, supplies, and services through hospital group purchasing organizations when it is cost-effective to do so.

(10) \$75,000 of the general fund—state appropriation for fiscal year 2018 is provided solely for the department to coordinate the examination of data associated with juvenile gang and firearm offenses. The review of data must include information from the administrative office of the courts, the office of the superintendent of public instruction, the office of financial management—education research data center, the Washington association of sheriffs and police chiefs, the caseload forecast council, and the department of corrections. For the purpose of carrying out the data review, named organizations are authorized to share data to include details of criminal arrest and conviction data. The department shall report to the governor and the appropriate legislative committees by February 1, 2018, with any recommendations for public policy that increases public safety.

(11) \$71,000 of the general fund—state appropriation for fiscal year 2018 and \$212,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for housing services to clients releasing from incarceration into the community.

(12) \$75,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for implementation of Substitute House Bill No. 2907 (juvenile rehabilitation confinement). If the bill is not enacted by June 30, 2018, the amount provided in this subsection shall lapse.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) For the purposes of this subsection, amounts provided for behavioral health organizations shall also be available for the health care authority to contract with entities that assume the responsibilities of behavioral health organizations in regions in which the health care authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380.

(b) ~~\$6,590,000 of the general fund—state appropriation for fiscal year 2018~~~~(, \$6,590,000 of the general fund state appropriation for fiscal year 2019;)~~ and ~~(\$7,620,000)~~ \$3,810,000 of the general fund—federal appropriation are provided solely for the department and behavioral health organizations to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health organizations with PACT teams, the department shall consider the differences between behavioral health organizations in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow behavioral health organizations which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under ~~((+))~~ (f) of this subsection. The department and behavioral health organizations shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) From the general fund—state appropriations in this subsection, the department shall assure that behavioral health organizations reimburse the department of social and health services aging and long term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health organization consumers use because of their psychiatric disability.

(d) ~~(\$3,520,000)~~ \$1,760,000 of the general fund—federal appropriation is provided solely for the department to maintain a pilot project to put peer bridging staff into each behavioral health organization as part of the state psychiatric liaison teams to promote continuity of service as individuals return to their communities. The department must collect data and submit a report to the office of financial management and the appropriate committees of the legislature on the impact of peer staff on state hospital discharges and community placements by December 1, 2017.

(e) ~~(\$6,858,000 of the general fund—state appropriation for fiscal year 2019 and \$4,023,000 of the general fund—federal appropriation are provided solely for new crisis triage or stabilization centers. The department must seek proposals from~~

behavioral health organizations for the use of these funds based on regional priorities. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The department shall monitor each center's effectiveness at lowering the rate of state psychiatric hospital admissions.

~~(F) \$15,862,000~~) \$11,405,000 of the general fund—state appropriation for fiscal year 2018 is provided solely to assist behavioral health organizations with the costs of providing services to medicaid clients receiving services in psychiatric facilities classified as institutions of mental diseases. The department must distribute these amounts proportionate to the number of bed days for medicaid clients in institutions for mental diseases that were excluded from behavioral health organization fiscal year 2018 capitation rates because they exceeded the amounts allowed under federal regulations. The department must also use these amounts to directly pay for costs that are ineligible for medicaid reimbursement in institutions of mental disease facilities for American Indian and Alaska Natives who opt to receive behavioral health services on a fee for service basis. The amounts used for these individuals must be reduced from the allocation of the behavioral health organization where the individual resides. If a behavioral health organization receives more funding through this subsection than is needed to pay for the cost of their medicaid clients in institutions for mental diseases, they must use the remainder of the amounts to provide other services not covered under the medicaid program. The department must apply for a waiver from the center for medicaid and medicare services to allow for the full cost of stays in institutions of mental diseases to be included in fiscal year 2019 behavioral health organization capitation rates. The department may tailor the fiscal year 2019 waiver to specific populations for which the center for medicaid and medicare services has indicated they are likely to approve and work to further expand the waiver to other populations in fiscal year 2020. The department must submit a report on the status of the waiver to the office of financial management and the appropriate committees of the legislature by December 1, 2017.

~~((E)) (f)~~ (f) \$81,930,000 of the general fund—state appropriation for fiscal year 2018 ~~((and \$81,930,000 of the general fund—state appropriation for fiscal year 2019 are))~~ is provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health organization spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health organizations proportionate to the fiscal year 2017 allocation of flexible nonmedicaid funds. The department must include the following language in medicaid contracts with behavioral health organizations unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

~~((H)) (g)~~ (g) The department is authorized to continue to contract directly, rather than through contracts with behavioral health organizations for children's long-term inpatient facility services.

~~((I)) (h)~~ (h) \$1,125,000 of the general fund—state appropriation for fiscal year 2018 ~~((and \$1,125,000 of the general fund—state appropriation for fiscal year 2019 are))~~ is provided solely for the

Spokane county behavioral health organization to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(A) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(B) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(C) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(D) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane county behavioral health organization shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

~~((J)) (i)~~ (i) \$1,204,000 of the general fund—state appropriation for fiscal year 2018 ~~((and \$1,204,000 of the general fund—state appropriation for fiscal year 2019 are))~~ is provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

~~((K)) (j)~~ (j) Behavioral health organizations may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health organizations may use a portion of the state funds allocated in accordance with (g) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

~~((L)) (k)~~ (k) \$2,291,000 of the general fund—state appropriation for fiscal year 2018 ~~((and \$2,291,000 of the general fund—state appropriation for fiscal year 2019 are))~~ is provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The department must collect information from the behavioral health organizations on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

~~((M)) (l)~~ (l) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

~~((N)) (m)~~ (m) The department must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization contracts and insert contract language that clearly states the requirements and limitations. The department must monitor and ensure that behavioral health organization reserves do not exceed maximum levels. The department must monitor behavioral health organization revenue and expenditure reports and must require a behavioral health organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The department must review and approve such plans and monitor to ensure compliance. If the department determines

that a behavioral health organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the department must reduce payments to the behavioral health organization in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the department determines that the behavioral health organization has come into substantial compliance with an approved excess reserve corrective action plan.

~~((+))~~ ~~(n)~~ \$2,309,000 of the general fund—state appropriation for fiscal year 2018 ~~(, \$3,079,000 of the general fund—state appropriation for fiscal year 2019,)~~ and ~~(((\$5,061,000))~~ \$2,169,000 of the general fund—federal appropriation are provided solely for the department to increase rates for community hospitals that provide a minimum of 200 medicaid psychiatric inpatient days. The department must increase both medicaid and nonmedicaid psychiatric per-diem reimbursement rates for these providers within these amounts. The amounts in this subsection include funding for additional hold harmless payments resulting from the rate increase. The department shall prioritize increases for hospitals not currently paid based on provider specific costs using a similar methodology used to set rate for existing inpatient facilities and the latest available cost report information. Rate increases for providers must be set so as not to exceed the amounts provided within this subsection. The rate increase related to nonmedicaid clients must be done to maintain the provider at the same percentage as currently required under WAC 182-550-4800.

~~((+))~~ ~~(o)~~ \$100,000 of the general fund—state appropriation for fiscal year 2018 ~~(and \$100,000 of the general fund—state appropriation for fiscal year 2019 are)~~ is provided solely for the department to collaborate with tribal governments and develop a plan for establishing an evaluation and treatment facility that will specialize in providing care specifically to the American Indian and Alaska Native population. The plan must include options for maximizing federal participation and ~~((ensuring)),~~ ensure that utilization will be based on medical necessity, and identify a specific geographic location where a tribal evaluation and treatment facility will be built.

~~((+))~~ ~~(p)~~ \$1,466,000 of the general fund—state appropriation for fiscal year 2018 ~~(, \$7,103,000 of the general fund—state appropriation for fiscal year 2019,)~~ and ~~(((\$9,715,000))~~ \$1,663,000 of the general fund—federal appropriation are provided solely for the department to contract with community hospitals or freestanding evaluation and treatment centers to provide up to forty-eight long-term inpatient care beds as defined in RCW 71.24.025. The department must seek proposals and contract directly for these services rather than contracting through behavioral health organizations. The department must coordinate with the department of social and health services in developing the contract requirements, selecting contractors, and establishing processes for identifying patients that will be admitted to these facilities. The department must not use any of the amounts provided under this subsection for contracts with facilities that are subject to federal funding restrictions that apply to institutions of mental diseases, unless they have received a waiver that allows for full federal participation in these facilities.

~~((+))~~ ~~(r)~~ ~~\$1,133,000 of the general fund—state appropriation for fiscal year 2019 and \$1,297,000 of the general fund—federal appropriation are provided solely to increase the number of psychiatric residential treatment beds for individuals transitioning from psychiatric inpatient settings. The department must seek proposals from behavioral health organizations for the use of these amounts and coordinate with the department of social and health services in awarding these funds. The department must not allow for any of the amounts provided under this subsection to be~~

~~used for services in facilities that are subject to federal funding restrictions that apply to institutions of mental diseases, unless they have received a waiver that allows for full federal participation in these facilities.~~

~~((+))~~ ~~(q)~~ \$4,983,000 of the general fund—state appropriation for fiscal year 2018 ~~(, \$6,744,000 of the general fund—state appropriation for fiscal year 2019,)~~ and ~~(((\$25,365,000))~~ \$10,849,000 of the general fund—federal appropriation are provided solely for the department to increase medicaid capitation payments for behavioral health organizations. The department must work with the actuaries responsible for certifying behavioral health capitation rates to adjust average salary assumptions in order to implement this increase. In developing further updates for medicaid managed care rates for behavioral health services, the department must include and make available all applicable documents and analysis to legislative staff from the fiscal committees throughout the process. The department must require the actuaries to develop and submit rate ranges for each behavioral health organization prior to certification of specific rates.

~~((+))~~ ~~(r)~~ The number of beds allocated for use by behavioral health organizations at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by behavioral health organizations at western state hospital shall be 557 per day. In fiscal year 2019, the department must reduce the number of beds allocated for use by behavioral health organizations at western state hospital by 30 beds to allow for the repurposing of a civil ward at western state hospital to provide forensic services. The contracted beds provided under ~~((+))~~ ~~(p)~~ of this subsection shall be allocated to the behavioral health organizations in lieu of beds at the state hospitals and be incorporated in their allocation of state hospital patient days of care for the purposes of calculating reimbursements pursuant to RCW 71.24.310. It is the intent of the legislature to continue the policy of expanding community based alternatives for long term civil commitment services that allow for state hospital beds to be prioritized for forensic patients.

~~((+))~~ ~~(s)~~ \$11,405,000 of the general fund—state appropriation for fiscal year 2018 ~~(, \$11,405,000 of the general fund—state appropriation for fiscal year 2019,)~~ and ~~(((\$17,680,000))~~ \$8,840,000 of the general fund—federal appropriation are provided solely to maintain enhancements of community mental health services. The department must contract these funds for the operation of community programs in which the department determines there is a need for capacity that allows individuals to be diverted or transitioned from the state hospitals including but not limited to: (i) Community hospital or free standing evaluation and treatment services providing short-term detention and commitment services under the involuntary treatment act to be located in the geographic areas of the King behavioral health organization, the Spokane behavioral health organization outside of Spokane county, and the Thurston Mason behavioral health organization; (ii) one new full program of an assertive community treatment team in the King behavioral health organization and two new half programs of assertive community treatment teams in the Spokane behavioral health organization and the Pierce behavioral health organization; and (iii) three new recovery support services programs in the Great Rivers behavioral health organization, the greater Columbia behavioral health organization, and the north sound behavioral health organization. In contracting for community evaluation and treatment services, the department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated behavioral health organization for any of the services identified above, it may consider contracting

Changes of more than ten percent in any area of the spending plan must be submitted to the office of financial management for approval. The department must submit a financial analysis to the office of financial management and the appropriate committees of the legislature which compares current staffing levels at eastern and western state hospitals, at the ward level, with the specific staffing levels recommended in the state hospitals' clinical model analysis project report submitted by OTB Solutions in 2016. Throughout the biennium, the department must track state hospital staffing expenditures, including the use of overtime and contracted locums, to allotments and submit monthly reports to the office of financial management. The office of financial management must review these reports and make a determination as to whether the overspending in these areas is required to maintain federal certification and compliance with federal agreements. By December 2, 2018, the office of financial management must provide a report to the appropriate committees of the legislature on spending beyond appropriations for staffing at the state hospitals and identify the level of overspending that has been approved and any direction provided by the office of financial management to reduce overspending on staffing that was not required to maintain federal certification and compliance with federal agreements.

(n) \$11,200,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the department to develop and implement an acuity based staffing tool at western state hospital and eastern state hospital. The staffing tool must be designed and implemented to identify, on a daily basis, the clinical acuity on each patient ward and determine the minimum level of direct care staff by profession to be deployed to meet the needs of the patients on each ward. The department must also continue to develop, in collaboration with the office of financial management's labor relations office and state labor unions, an overall state hospital staffing plan which looks at all positions and functions of the facilities and is informed by a review of the Oregon state hospital staffing model. \$300,000 of the amounts in this subsection are provided solely for and must be used for staff costs required to establish, monitor, track, and report monthly staffing and expenditures at the state hospitals, including overtime and use of locums, to the functional categories identified in the recommended staffing plan. The remainder of the funds must be used for direct care staffing needed in order to implement the acuity based staffing tool. The allotments and tracking of staffing and expenditures must include all areas of the state hospitals, must be done at the ward level, and must include contracted facilities providing forensic restoration services as well as the office of forensic mental health services. By September 1, 2018, the department must submit a report to the office of financial management and the appropriate committees of the legislature that includes the following: (a) Progress in implementing the acuity based staffing tool; (b) a comparison of

average daily staffing expenditures to budgeted staffing levels and the recommended state hospital staffing plan by function; and (c) metrics and facility performance for the use of overtime and extra duty pay, patient length of stay, discharge management, active treatment planning, medication administration, patient and staff aggression, and staff recruitment and retention. The department must use information gathered from implementation of the clinical staffing tool and the hospital-wide staffing model to inform and prioritize future budget requests for staffing at the state hospitals. Beginning on January 1, 2019, the department must submit calendar quarterly reports to the office of financial management and the appropriate committees of the legislature which includes monitoring of monthly spending and staffing levels compared to allotments and to the recommended state hospital staffing model.

(o) \$250,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the department, in collaboration with the health care authority, to develop and implement a predictive modeling tool which identifies clients who are at high risk of future involvement with the criminal justice system and for developing a model to estimate demand for civil and forensic state hospital bed needs pursuant to the following requirements.

(i) The predictive modeling tool must be developed to leverage data from a variety of sources and identify factors that are strongly associated with future criminal justice involvement. By December 1, 2018, the department must submit a report to the office of financial management and the appropriate committees of the legislature which describes the following: (A) The proposed data sources to be used in the predictive model and how privacy issues will be addressed; (B) modeling results including a description of measurable factors most strongly predictive of risk of future criminal justice involvement; (C) an assessment of the accuracy, timeliness, and potential effectiveness of the tool; (D) identification of interventions and strategies that can be effective in reducing future criminal justice involvement of high risk patients; and (E) the timeline for implementing processes to provide monthly lists of high-risk client to contracted managed care organizations and behavioral health organizations.

(ii) The model for civil and forensic state hospital bed need must be developed in consultation with staff from the office of financial management and the appropriate fiscal committees of the state legislature. The model shall incorporate factors for capacity in state hospitals as well as contracted facilities which provide similar levels of care, referral patterns, wait lists, lengths of stay, and other factors identified as appropriate for predicting the number of beds needed to meet the demand for civil and forensic state hospital services. The department must submit a report to the office of financial management and the appropriate committees of the legislature by October 1, 2018, with a description of the model and the estimated civil and forensic state hospital bed need through the end of fiscal year 2021. The department must continue to update the model on a calendar quarterly basis and provide updates to the office of financial management and the appropriate committees of the legislature accordingly.

The amounts used for these individuals must be reduced from the allocation of the behavioral health organization where the individual resides. If a behavioral health organization receives more funding through this subsection than is needed to pay for the cost of their medicaid clients in institutions for mental diseases, they must use the remainder of the amounts to provide other services not covered under the medicaid program. The department must apply for a waiver from the center for medicaid and medicare services to allow for the full cost of stays in institutions of mental diseases to be included in fiscal year 2019 behavioral health organization capitation rates. The department may tailor the fiscal year 2019 waiver to specific populations for which the center for medicaid and medicare services has indicated they are likely to approve and work to further expand the waiver to other populations in fiscal year 2020.

FOR THE STATE HEALTH CARE AUTHORITY

During the 2017-2019 fiscal biennium, the health care authority shall provide support and data as required by the office of the state actuary in providing the legislature with health care actuarial analysis, including providing any information in the possession of the health care authority or available to the health care authority through contracts with providers, plans, insurers,

consultants, or any other entities contracting with the health care authority.

Information technology projects or investments and proposed projects or investments impacting time capture, payroll and payment processes and systems, eligibility, case management, and authorization systems within the health care authority are subject to technical oversight by the office of the chief information officer.

The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

The appropriations to the health care authority in this act shall be expended for the programs and in the amounts specified in this act. To the extent that appropriations in this section are insufficient to fund actual expenditures in excess of caseload forecasts and utilization assumptions, the authority, after May 1, 2018, may transfer general fund—state appropriations for fiscal year 2018 that are provided solely for a specified purpose. The authority may not transfer funds, and the director of the office of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of the office of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification must include a narrative explanation and justification of changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications and transfers.

The appropriations in this section are subject to the following conditions and limitations:

(a) \$256,645,000 of the general fund—state appropriation for fiscal year 2018 and \$264,704,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the authority to implement a single, standard medicaid preferred drug list to be used by all contracted medicaid managed health care systems, on or before January 1, 2018. The preferred drug list shall be developed in consultation with all contracted managed health care systems and the state pharmacy and therapeutics committee or drug utilization review board and shall further the goals and objectives of the medicaid program. The list shall be designed to maximize federal rebates and supplemental rebates and ensure access to clinically effective and appropriate drug therapies under each class. Entities eligible for 340B drug pricing shall continue to operate under their current pricing agreement, unless otherwise required by federal laws or regulations. The authority may utilize external consultants with expertise in evidence-based drug class reviews, pharmacy benefit management, and purchasing to assist with the completion of this development and implementation. The authority shall require each managed care organization that has contracted with the authority to provide care to medicaid beneficiaries to use the established preferred drug list; and shall prohibit each managed care organization and any of its agents from negotiating or collecting rebates for any medications listed in the state's medicaid single preferred drug list whether preferred or nonpreferred. To assist in the implementation of the single preferred drug list, contracted medicaid managed health care systems shall provide the authority drug-specific financial information in a format and frequency determined by the authority to include the actual amounts paid to pharmacies for prescription drugs dispensed to covered individuals compared to the cost invoiced to the health plan and individual rebates collected for prescription drugs dispensed to medicaid members. Information disclosed to the authority by the manufacturer pursuant to this provision shall only be used for the purposes of developing and implementing a single, standard state preferred drug list in accordance with this provision. The authority, medicaid managed care organizations, and all other parties shall maintain the confidentiality of drug-specific financial and other proprietary information and such information shall not be subject to the Washington public records act. The authority shall provide a report to the governor and appropriate committees of the legislature by November 15, 2018, and by November 15, 2019, including a comparison of the amount spent in the previous two fiscal years to expenditures under the new system by, at a minimum, fund source, total expenditure, drug class, and top twenty-five drugs. The data provided to the authority shall be aggregated in any report by the authority, the legislature, or the office of financial management so as not to disclose the proprietary or confidential drug-specific information, or the proprietary or confidential information that directly or indirectly identifies financial information linked to a single manufacturer. It

is the intent of the legislature to revisit this policy in subsequent biennia to determine whether it is in the best interest of the state.

(b) ~~(\$118,813,000)~~ \$113,356,000 of the general fund—state appropriation for fiscal year 2018 and ~~(\$120,265,000)~~ \$140,578,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for ~~(holding)~~ managed care capitation ~~((rates flat at calendar year 2017 levels in state fiscal years and calendar years 2018 and 2019))~~ payments.

(c) \$122,244,000 of the general fund—state appropriation for fiscal year 2018 and \$116,038,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the authority through the competitive procurement process, to contract with licensed dental health plans or managed health care plans on a prepaid or fixed-sum risk basis to provide carved-out managed dental care services on a statewide basis that will result in greater efficiency and will facilitate better access and oral health outcomes for medicaid enrollees. Except in areas where only a single plan is available, the authority must contract with at least two plans. The authority shall include in the contracts: (i) Quarterly reporting requirements to include medicaid utilization and encounter data by current dental technology (CDT) code; (ii) a direction to increase the dental provider network; (iii) a commitment to retain innovative programs that improve access and care such as the access to baby and child dentistry program; (iv) a program to reduce emergency room use for dental purposes; (v) a requirement to ensure that dental care is being coordinated with the primary care provider of the patient to ensure integrated care; (vi) a provision that no less than eighty-five percent of the contracting fee be used to directly offset the cost of providing direct patient care as opposed to administrative costs; and (vii) a provision to ensure the contracting fee shall be sufficient to compensate county health departments and federally qualified health centers for dental patient care. The plan(s) awarded this contract must absorb all start-up costs associated with moving the program from fee-for-service to managed care and shall commit to achieving an overall savings to the program based on 2016 fee-for-service experience. In order to comply with state insurance underwriting standards, the authority shall ensure that savings offered by dental plans are actuarially sound. Starting January 31, 2019, and every year thereafter through December 2024, the authority shall submit an annual report to the governor and the appropriate committees of the legislature detailing how the contracted entities have met the requirements of the contract. The report shall include specific information to include utilization, how the contracted entities have increased their dental provider networks, how the emergency room use for dental purposes has been reduced, and how dental care has been integrated with patients' primary care providers. If after the end of five years the data reported does not demonstrate sufficient progress to address the stated contracted goals, the legislature will reevaluate whether carved-out dental managed care needs to be replaced with a different delivery model. The authority is authorized to seek any necessary state plan amendments or federal waivers to implement this subsection. Additional dental program savings achieved by the plans beyond those assumed in the 2017-2019 omnibus appropriations act will be used to increase dental provider reimbursement rates.

(d) ~~(\$1,540,849,000 of the general fund—state appropriation for fiscal year 2018 and \$1,585,513,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for medicaid services and the medicaid program. However,)~~ By October 30, 2018, the authority shall report to the governor and the appropriate committees of the legislature anticipated savings related to reduction in dental emergency department visits and utilization once managed care dental coverage begins.

(e) No later than November 1, 2018, and each year thereafter, the authority shall report to the governor and appropriate committees of the legislature: (i) Savings attributed to behavioral and physical integration in areas that are scheduled to integrate in the following calendar year, and (ii) savings attributed to behavioral and physical health integration and the level of savings achieved in areas that have integrated behavioral and physical health.

(f) The authority shall not accept or expend any federal funds received under a medicaid transformation waiver under healthier Washington except as described in ~~((e) and (f))~~ (g) and (h) of this subsection until specifically approved and appropriated by the legislature. To ensure compliance with legislative directive budget requirements and terms and conditions of the waiver, the authority shall implement the waiver and reporting requirements with oversight from the office of financial management. The legislature finds that appropriate management of the innovation waiver requires better analytic capability, transparency, consistency, timeliness, accuracy, and lack of redundancy with other established measures and that the patient must be considered first and foremost in the implementation and execution of the demonstration waiver. In order to effectuate these goals, the authority shall: (i) Require the Dr. Robert Bree collaborative and the health technology assessment program to reduce the administrative burden upon providers by only requiring performance measures that are nonduplicative of other nationally established measures. The joint select committee on health care oversight will evaluate the measures chosen by the collaborative and the health technology assessment program for effectiveness and appropriateness; (ii) develop a patient satisfaction survey with the goal to gather information about whether it was beneficial for the patient to use the center of excellence location in exchange for additional out-of-pocket savings; (iii) ensure patients and health care providers have significant input into the implementation of the demonstration waiver, in order to ensure improved patient health outcomes; and (iv) in cooperation with the department of social and health services, consult with and provide notification of work on applications for federal waivers, including details on waiver duration, financial implications, and potential future impacts on the state budget, to the joint select committee on health care oversight prior to submitting waivers for federal approval. By federal standard, the medicaid transformation demonstration waiver shall not exceed the duration originally granted by the centers for medicare and medicaid services and any programs created or funded by this waiver do not create an entitlement.

~~((e))~~ (g) No more than ~~(\$479,600,000)~~ \$486,683,000 of the general fund—federal appropriation and no more than ~~(\$154,289,000)~~ \$129,103,000 of the general fund—local appropriation may be expended for transformation through accountable communities of health described in initiative 1 of the medicaid transformation demonstration wavier under healthier Washington, including preventing youth drug use, opioid prevention and treatment, and physical and behavioral health integration. Under this initiative, the authority shall take into account local input regarding community needs. In order to ensure transparency to the appropriate fiscal committees of the legislature, the authority shall provide fiscal staff of the legislature query ability into any database of the fiscal intermediary that authority staff would be authorized to access. The authority shall not increase general fund—state expenditures under this initiative. The director shall report to the joint select committee on health care oversight no less than quarterly, and include details for each accountable community of health, on the financial status and measurable health outcomes. The director shall also report to the fiscal committees of the legislature all of

the expenditures under this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees. By December 15, 2019, the authority in collaboration with each accountable community of health shall demonstrate how it will be self-sustaining by the end of the demonstration waiver period, including sources of outside funding, and provide this reporting to the joint select committee on health care oversight. If by the third year of the demonstration waiver there are not measurable, improved patient outcomes and financial returns, the Washington state institute for public policy will conduct an audit of the accountable communities of health, in addition to the process set in place through the independent evaluation required by the agreement with centers for medicare and medicaid services. Prior to the 2018 legislative session, the human services, health care, and judiciary committees of the legislature will convene a joint work session to review models in the delivery system and the impacts on medical liability. The work sessions should include integrated delivery models with multiple health care providers and medical malpractice insurance carriers.

((~~+~~)) (h) No more than (~~(\$42,584,000)~~) \$38,425,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the authority and the department of social and health services shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its third party administrator. The authority and the department in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The authority shall not increase general fund—state expenditures under this initiative. The director shall report to the joint select committee on health care oversight no less than quarterly on financial and health outcomes. The director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

((~~+~~)) (i) Sufficient amounts are appropriated in this subsection to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

((~~+~~)) (j) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

((~~+~~)) (k) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

((~~+~~)) (l) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

((~~+~~)) (m) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

((~~+~~)) (n) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

((~~+~~)) (o) \$4,261,000 of the general fund—state appropriation for fiscal year 2018, \$4,261,000 of the general fund—state appropriation for fiscal year 2019, and \$8,522,000 of the general fund—federal appropriation are provided solely for low-income disproportionate share hospital payments.

((~~+~~)) (p) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

((~~+~~)) (q) \$6,000,000 of the general fund—federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

((~~+~~)) (r) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2017-2019 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2017, and by November 1, 2018, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2018 and fiscal year 2019, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of

claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (i) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2017-2019 biennial operating appropriations act and in effect on July 1, 2015, (ii) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (iii) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2017-2019 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. (~~(\$10,575,000)~~) \$359,000 of the general fund—state appropriation for fiscal year 2018 and (~~(\$13,185,000)~~) \$361,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for state grants for the participating hospitals.

((~~q~~)) (s) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

((~~r~~)) (t) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) For the purposes of this subsection, amounts provided for behavioral health organizations shall also be available for the health care authority to contract with entities that assume the responsibilities of behavioral health organizations in regions in which the health care authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380.

(b) \$6,590,000 of the general fund—state appropriation for fiscal year 2019 and \$3,810,000 of the general fund—federal appropriation are provided solely for the authority and behavioral health organizations to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to behavioral health organizations with PACT teams, the authority shall consider the differences between behavioral health organizations in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The authority may allow behavioral health organizations which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under (f) of this subsection. The authority and behavioral health organizations shall maintain consistency with all essential elements of the

PACT evidence-based practice model in programs funded under this section.

(c) From the general fund—state appropriations in this subsection, the authority shall assure that behavioral health organizations reimburse the department of social and health services aging and long term support administration for the general fund—state cost of medicaid personal care services that enrolled behavioral health organization consumers use because of their psychiatric disability.

(d) \$1,760,000 of the general fund—federal appropriation is provided solely for the authority to maintain a pilot project to put peer bridging staff into each behavioral health organization as part of the state psychiatric liaison teams to promote continuity of service as individuals return to their communities.

(e) \$6,858,000 of the general fund—state appropriation for fiscal year 2019 and \$4,023,000 of the general fund—federal appropriation are provided solely for new crisis triage or stabilization centers. The authority must seek proposals from behavioral health organizations for the use of these funds based on regional priorities. Services in these facilities may include crisis stabilization and intervention, individual counseling, peer support, medication management, education, and referral assistance. The authority shall monitor each center's effectiveness at lowering the rate of state psychiatric hospital admissions.

(f) \$81,930,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of behavioral health organization spending must be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. These amounts must be distributed to behavioral health organizations proportionate to the fiscal year 2017 allocation of flexible nonmedicaid funds. The authority must include the following language in medicaid contracts with behavioral health organizations unless they are provided formal notification from the center for medicaid and medicare services that the language will result in the loss of federal medicaid participation: "The contractor may voluntarily provide services that are in addition to those covered under the state plan, although the cost of these services cannot be included when determining payment rates unless including these costs are specifically allowed under federal law or an approved waiver."

(g) The authority is authorized to continue to contract directly, rather than through contracts with behavioral health organizations for children's long-term inpatient facility services.

(h) \$1,125,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the Spokane county behavioral health organization to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane county behavioral health organization shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that

are not optimally effective, and modify those services to improve their effectiveness.

(i) \$1,204,000 of the general fund—state appropriation for fiscal year 2019 is provided solely to reimburse Pierce and Spokane counties for the cost of conducting one hundred eighty-day commitment hearings at the state psychiatric hospitals.

(j) Behavioral health organizations may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, behavioral health organizations may use a portion of the state funds allocated in accordance with (f) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) \$2,291,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement. The authority must collect information from the behavioral health organizations on their plan for using these funds, the numbers of individuals served, and the types of services provided and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(l) Within the amounts appropriated in this section, funding is provided for the authority to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in *T.R. v. Dreyfus and Porter*.

(m) The authority must establish minimum and maximum funding levels for all reserves allowed under behavioral health organization contracts and insert contract language that clearly states the requirements and limitations. The authority must monitor and ensure that behavioral health organization reserves do not exceed maximum levels. The authority must monitor behavioral health organization revenue and expenditure reports and must require a behavioral health organization to submit a corrective action plan on how it will spend its excess reserves within a reasonable period of time, when its reported reserves exceed maximum levels established under the contract. The authority must review and approve such plans and monitor to ensure compliance. If the authority determines that a behavioral health organization has failed to provide an adequate excess reserve corrective action plan or is not complying with an approved plan, the authority must reduce payments to the behavioral health organization in accordance with remedial actions provisions included in the contract. These reductions in payments must continue until the authority determines that the behavioral health organization has come into substantial compliance with an approved excess reserve corrective action plan.

(n) \$3,079,000 of the general fund—state appropriation for fiscal year 2019 and \$2,892,000 of the general fund—federal appropriation are provided solely for the authority to increase rates for community hospitals that provide a minimum of two hundred medicaid psychiatric inpatient days. The authority must increase both medicaid and nonmedicaid psychiatric per-diem reimbursement rates for these providers within these amounts. The amounts in this subsection include funding for additional hold harmless payments resulting from the rate increase. The authority shall prioritize increases for hospitals not currently paid based on provider specific costs using a similar methodology used

to set rates for existing inpatient facilities and the latest available cost report information. Rate increases for providers must be set so as not to exceed the amounts provided within this subsection. The rate increase related to nonmedicaid clients must be done to maintain the provider at the same percentage as currently required under WAC 182-550-4800.

(o) \$100,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the authority to collaborate with tribal governments and develop a plan for establishing an evaluation and treatment facility that will specialize in providing care specifically to the American Indian and Alaska Native population. The plan must include options for maximizing federal participation and ensure that utilization will be based on medical necessity and identify a specific geographic location where a tribal evaluation and treatment facility will be built.

(p) \$7,103,000 of the general fund—state appropriation for fiscal year 2019 and \$8,052,000 of the general fund—federal appropriation are provided solely for the authority to contract with community hospitals or freestanding evaluation and treatment centers to provide up to forty-eight long-term inpatient care beds as defined in RCW 71.24.025. The authority must seek proposals and contract directly for these services rather than contracting through behavioral health organizations. The authority must not use any of the amounts provided under this subsection for contracts with facilities that are subject to federal funding restrictions that apply to institutions of mental diseases, unless they have received a waiver that allows for full federal participation in these facilities.

(q) \$1,133,000 of the general fund—state appropriation for fiscal year 2019 and \$1,297,000 of the general fund—federal appropriation are provided solely to increase the number of psychiatric residential treatment beds for individuals transitioning from psychiatric inpatient settings. The authority must seek proposals from behavioral health organizations for the use of these amounts and coordinate with the department of social and health services in awarding these funds. The authority must not allow for any of the amounts provided under this subsection to be used for services in facilities that are subject to federal funding restrictions that apply to institutions of mental diseases, unless they have received a waiver that allows for full federal participation in these facilities.

(r) \$6,744,000 of the general fund—state appropriation for fiscal year 2019 and \$14,516,000 of the general fund—federal appropriation are provided solely for the authority to increase medicaid capitation payments for behavioral health organizations. The authority must work with the actuaries responsible for certifying behavioral health capitation rates to adjust average salary assumptions in order to implement this increase. In developing further updates for medicaid managed care rates for behavioral health services, the authority must require the contracted actuaries to: (i) Review and consider comparison of salaries paid by government agencies and hospitals that compete with community providers for behavioral health workers in developing salary assumptions; and (ii) review data to see whether a specific travel assumption for high congestion areas is warranted. The authority must include and make available all applicable documents and analysis to legislative staff from the fiscal committees throughout the process. The authority must require the actuaries to develop and submit rate ranges for each behavioral health organization prior to certification of specific rates.

(s) The number of beds allocated for use by behavioral health organizations at eastern state hospital shall be one hundred ninety two per day. The number of nonforensic beds allocated for use by behavioral health organizations at western state hospital shall be five hundred fifty-seven per day. In fiscal year 2019, the authority

FIFTY FIFTH DAY, MARCH 3, 2018

2018 REGULAR SESSION

must reduce the number of beds allocated for use by behavioral health organizations at western state hospital by thirty beds to allow for the repurposing of a civil ward at western state hospital to provide forensic services. The contracted beds provided under (p) of this subsection shall be allocated to the behavioral health organizations in lieu of beds at the state hospitals and be incorporated in their allocation of state hospital patient days of care for the purposes of calculating reimbursements pursuant to RCW 71.24.310. It is the intent of the legislature to continue the policy of expanding community based alternatives for long term civil commitment services that allow for state hospital beds to be prioritized for forensic patients.

(t) \$11,405,000 of the general fund—state appropriation for fiscal year 2019 and \$8,840,000 of the general fund—federal appropriation are provided solely to maintain enhancements of community mental health services. The authority must contract these funds for the operation of community programs in which the authority determines there is a need for capacity that allows individuals to be diverted or transitioned from the state hospitals including but not limited to: (i) Community hospital or free standing evaluation and treatment services providing short-term detention and commitment services under the involuntary treatment act to be located in the geographic areas of the King behavioral health organization, the Spokane behavioral health organization outside of Spokane county, and the Thurston Mason behavioral health organization; (ii) one new full program of an assertive community treatment team in the King behavioral health organization and two new half programs of assertive community treatment teams in the Spokane behavioral health organization and the Pierce behavioral health organization; and (iii) three new recovery support services programs in the Great Rivers behavioral health organization, the greater Columbia behavioral health organization, and the north sound behavioral health organization. In contracting for community evaluation and treatment services, the authority may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the authority is unable to come to a contract agreement with a designated behavioral health organization for any of the services identified above, it may consider contracting for that service in another region that has the need for such service.

(u) \$1,296,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for clubhouse programs. The authority shall ensure that \$400,000 is used for the biennium for support of the Spokane clubhouse program and the remaining funds must be used for support of new clubhouse programs. The authority must develop options and cost estimates for implementation of clubhouse programs statewide through a medicaid state plan amendment or a medicaid waiver and submit a report to the office of financial management and the appropriate committees of the legislature by December 1, 2018.

(v) \$213,000 of the general fund—state appropriation for fiscal year 2019 is provided solely to fund one pilot project in Pierce county and one in Yakima county to promote increased utilization of assisted outpatient treatment programs. The authority shall require two behavioral health organizations to contract with local government to establish the necessary infrastructure for the programs. The authority shall provide a report by October 15, 2018, to the office of financial management and the appropriate fiscal and policy committees of the legislature to include the number of individuals served, outcomes to include reduced use of inpatient treatment and state hospital stays, and recommendations for further implementation based on lessons learned and best practices identified by the pilot projects.

(ii) \$282,000 of the dedicated marijuana account—state appropriation for fiscal year 2019 is provided solely for the expansion of evidence-based treatments and therapies as described in section 203(2) of this act.

(x) During fiscal year 2019, any amounts provided in this section that are used for case management services for pregnant and parenting women must be contracted directly between the authority and providers rather than through contracts with behavioral health organizations.

(y) Within the amounts appropriated in this section, the authority may contract with the University of Washington and community-based providers for the provision of the parent-child assistance program or other specialized chemical dependency case management providers for pregnant, post-partum, and parenting women. For all contractors: (i) Service and other outcome data must be provided to the department by request; and (ii) indirect charges for administering the program must not exceed ten percent of the total contract amount.

(jj) Within the amounts provided in this section, behavioral health organizations must provide outpatient chemical dependency treatment for offenders enrolled in the medicaid program who are supervised by the department of corrections pursuant to a term of community supervision. Contracts with behavioral health organizations must require that behavioral health organizations include in their provider network specialized expertise in the provision of manualized, evidence-based chemical dependency treatment services for offenders. The department of corrections and the authority must develop a memorandum of understanding for department of corrections offenders on active supervision who are medicaid eligible and meet medical necessity for outpatient substance use disorder treatment. The agreement will ensure that treatment services provided are coordinated, do not result in duplication of services, and maintain access and quality of care for the individuals being served. The authority must provide all necessary data, access, and reports to the department of corrections for all department of corrections offenders that receive medicaid paid services.

(kk) \$562,000 of the general fund—federal appropriation is provided solely for the authority to develop a memorandum of understanding with the department of health for implementation of chapter 297, Laws of 2017 (ESHB 1427) (opioid treatment programs). If a county is not interested in administering the funds, the authority shall contract with a behavioral health organization or administrative services organization to administer these funds consistent with the plans approved by local panels pursuant to RCW 71.24.580(5)(b). The authority must provide a report to the office of financial management and the appropriate committees of the legislature which identifies the distribution of criminal justice treatment account funds by September 30, 2018.

(pp) \$26,000,000 of the general fund—state appropriation for fiscal year 2019 and \$44,200,000 of the general fund—federal appropriation are provided solely for the enhancement of

community-based behavioral health services. This funding must be allocated to behavioral health organizations proportionate to their regional population. In order to receive these funds, each behavioral health organization must submit a plan to address the following issues: (i) Reduction in their use of long-term commitment beds through community alternatives; (ii) compliance with RCW 71.05.365 requirements for transition of state hospital patients into community settings within fourteen days of the determination that they no longer require active psychiatric treatment at an inpatient level of care; (iii) improvement of staff recruitment and retention in community behavioral health facilities; (iv) diversion of individuals with behavioral health issues from the criminal justice system; and (v) efforts to improve recovery oriented services, including, but not limited to, expansion of clubhouse models. The plans are not limited to the amounts in this subsection and may factor in all resources the behavioral health organization receives from the state. Each plan must identify metrics for tracking progress in each of the areas identified. The authority must collect information on the metrics and outcomes and submit a report summarizing the findings to the office of financial management and the appropriate committees of the legislature by June 30, 2019. Up to twenty percent of the general fund—state appropriation amounts for each behavioral health organization may be used to increase their nonmedicaid funding and the remainder must be used to increase medicaid rates up to but not exceeding the top of each behavioral health organizations medicaid rate range. Each behavioral health organization must specify in their plan how they would like the funds distributed between medicaid rates and nonmedicaid funding in accordance with this subsection.

(qq) \$11,023,000 of the general fund—state appropriation for fiscal year 2019 is provided solely to assist behavioral health organizations with the costs of providing services to medicaid clients receiving services in psychiatric facilities classified as institutions of mental diseases. The authority must distribute these amounts proportionate to the number of bed days for medicaid clients in institutions for mental diseases that were excluded from behavioral health organization fiscal year 2019 capitation rates because they exceeded the amounts allowed under federal regulations. The department must also use these amounts to directly pay for costs that are ineligible for medicaid reimbursement in institutions of mental disease facilities for American Indian and Alaska Natives who opt to receive behavioral health services on a fee-for-service basis. The amounts used for these individuals must be reduced from the allocation of the behavioral health organization where the individual resides. If a behavioral health organization receives more funding through this subsection than is needed to pay for the cost of their medicaid clients in institutions for mental diseases, they must use the remainder of the amounts to provide other services not covered under the medicaid program. The authority must explore options for continuing to expand waivers which allow for federal matching funds to be used in these facilities. The authority must submit a report on the status of the waiver to the office of financial management and the appropriate committees of the legislature by December 1, 2018.

(rr) \$15,000,000 of the general fund—state appropriation for fiscal year 2019 is provided solely to ensure a smooth transition to integrated managed care for behavioral health regions and to maintain the existing level of regional behavioral health crisis and diversion programs, and other required behavioral health administrative service organization services. These amounts must be used to support the regions transitioning to become mid-adopters for full integration of physical and behavioral health care. These amounts must be distributed proportionate to the

FIFTY FIFTH DAY, MARCH 3, 2018

2018 REGULAR SESSION

population of each regional area covered. The maximum amount allowed per region is \$3,175 per 1,000 residents. These amounts must be used to provide a reserve for nonmedicaid services in the region and to stabilize the new crisis services system. The authority must require all behavioral health organizations transitioning to full integration to either spend down or return all reserves in accordance with contract requirements and federal and state law. Behavioral health organization reserves may not be used to pay for services to be provided beyond the end of a behavioral health organization's contract or for start-up costs in full integration regions. The authority must ensure that any increases in expenditures in behavioral health reserve spend-down plans are required for the operation of services during the contract period and do not result in overpayment to providers.

(ss) \$806,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the authority to develop a peer support program for individuals with substance use disorders. These amounts must be used for development of training and certification of peers specialists. The authority must submit a state plan amendment which provides for these services to be included in behavioral health capitation rates beginning in fiscal year 2020 and allows for federal matching funds to be leveraged for these services.

(tt) \$200,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the authority, in collaboration with the department of social and health services, to further develop efforts to shift funding and risk for most civil long-term inpatient commitments into fully integrated care contracts beginning in January 2020. The funding and risk for patients at the state hospitals who have been committed pursuant to dismissal of felony charges after being determined incompetent to stand trial shall not be incorporated into integrated care contracts.

(i) By December 1, 2018, the authority, in coordination with the department of social and health services, must submit a report to the office of financial management and the appropriate committees of the legislature on the following: (A) Actuarial estimates on the impact to per member per month payments and estimated annual state and federal costs for medicaid managed care organizations with fully integrated contracts; (B) actuarial estimates on the estimated annual costs for administrative services organizations; (C) estimates of the per-diem cost at the state hospitals that will be charged to entities with responsibility for paying for long-term civil inpatient commitments once these are incorporated into fully integrated care contracts; and (D) estimates of the amount of funding that can be reduced from direct appropriations for the state hospitals to reflect the shift in financial responsibility.

(ii) The authority must also explore and report on options for fully leveraging the state's share of federal medicaid disproportionate share funding allowed for institutions of mental diseases, including but not limited to: (A) Prioritizing the use of this funding for forensic patients and those civilly committed pursuant to dismissal of a felony charge; (B) obtaining an institution for mental diseases—disproportionate share hospital waiver to allow for regular medicaid federal financial participation to be used at the state hospitals; and (C) shifting some of the state's current disproportionate share funding used at the state hospitals to community-based institutions for mental diseases to reduce the state cost of patients for whom regular federal medicaid match is not allowed.

(uu) \$2,732,000 of the general fund—state appropriation for fiscal year 2019 and \$9,026,000 of the general fund—federal appropriation are provided solely for the authority to implement strategies to improve access to prevention and treatment of opioid

use disorders. The authority may use these funds for the following activities: (i) Expansion of hub and spoke treatment networks; (ii) expansion of pregnant and parenting case management programs; (iii) grants to tribes to prevent opioid use and expand treatment for opioid use disorders; (iv) development and implementation of a tool to track medication assisted treatment provider capacity; (v) support of drug take-back programs which allow individuals to return unused opioids and other drugs for safe disposal; (vi) purchase and distribution of opioid reversal medication; and (vii) maintaining support for youth prevention services. The authority must coordinate these activities with the department of health to avoid duplication of effort and must work to identify additional federal resources that can be used to maintain and expand these efforts. The authority must submit a report to the office of financial management and the appropriate committees of the legislature on the status of these efforts by December 1, 2018. The report must include identification of any increase in behavioral health federal block grants or other federal funding awards received by the authority and the plan for the use of these funds.

(vv) \$150,000 of the general fund—state appropriation for fiscal year 2019 is provided solely for the authority to contract with actuaries to develop estimates for the cost of implementing new behavioral health service types in the medicaid state plan. The authority must coordinate with behavioral health organizations to identify: (i) Eligible behavioral health service types that are currently provided to medicaid enrollees without federal funding and are dependent on state, local, or other funds; and (ii) eligible behavioral health service types that are not currently available to medicaid enrollees due to the lack of federal funding. The authority must contract with the actuaries responsible for certifying state behavioral health capitation rates to develop estimates for the cost of implementing each of these services. The estimates must identify the cost of implementing each service statewide, the estimated state and federal medicaid cost, and any estimated offset in state non-medicaid spending. The authority must submit a report to the office of financial management and the appropriate committees of the legislature identifying the services and costs estimates by November 1, 2018.

(ww)(i) \$446,000 of the general fund—state appropriation for fiscal year 2019 and \$89,000 of the general fund—federal appropriation are provided solely for the University of Washington's evidence-based practice institute which supports the identification, evaluation, and implementation of evidence-based or promising practices. The institute must work with the department to develop a plan to seek private, federal, or other grant funding in order to reduce the need for state general funds. The department must collect information from the institute on the use of these funds and submit a report to the office of financial management and the appropriate fiscal committees of the legislature by December 1st of each year of the biennium.

(ii) No more than \$13,098,000 of the general fund—federal appropriation may be expended for supported housing and employment services described in initiative 3a and 3b of the medicaid transformation demonstration waiver under healthier Washington. Under this initiative, the department and the health care authority shall ensure that allowable and necessary services are provided to eligible clients as identified by the department or its providers or third party administrator. The department and the authority in consultation with the medicaid forecast work group, shall ensure that reasonable reimbursements are established for services deemed necessary within an identified limit per individual. The department shall not increase general fund—state expenditures under this initiative. The secretary in collaboration with the director of the authority shall report to the joint select committee on health care oversight no less than quarterly on

financial and health outcomes. The secretary in cooperation with the director shall also report to the fiscal committees of the legislature all of the expenditures of this subsection and shall provide such fiscal data in the time, manner, and form requested by the legislative fiscal committees.

The department of health and the state board of health shall not implement any new or amended rules pertaining to primary and secondary school facilities until the rules and a final cost estimate have been presented to the legislature, and the legislature has formally funded implementation of the rules through the omnibus appropriations act or by statute. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation that provides appropriation authority, and an equal amount of appropriated state moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

The department's fee schedule shall have differential rates for providers with proof of accreditation from organizations that the department has determined to have substantially equivalent standards to those of the department, including but not limited to the joint commission on accreditation of health care organizations, the commission on accreditation of rehabilitation facilities, and the council on accreditation. To reflect the reduced costs associated with regulation of accredited programs, the department's fees for organizations with such proof of accreditation must reflect the lower costs of licensing for these programs than for other organizations which are not accredited.

(4)(a) \$5,000,000 of the general fund—state appropriation for fiscal year 2018 and \$5,000,000 of the general fund—state appropriation for fiscal year 2019 are provided solely for the department to support the local health jurisdictions to improve their ability to address (i) communicable disease monitoring and prevention and (ii) chronic disease and injury prevention. The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Each general fund fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(b) For the 2017-18 and 2018-19 school years, the superintendent shall allocate general apportionment funding to school districts as provided in the funding formulas and salary allocations in sections 502 and 503 of this act, excluding (c) of this subsection, and in House Bill No. 2242 (fully funding the program of basic education).

(c) From July 1, 2017, to August 31, 2017, the superintendent shall allocate general apportionment funding to school districts programs as provided in sections 502 and 503, chapter 4, Laws of 2015 3rd sp. sess., as amended.

(d) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the fourth day of school in September and on the first school day of each month October through June, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. (ii) The office of the superintendent of public instruction shall align the agency rules defining a full-time equivalent student with the increase in the minimum instructional hours under RCW 28A.150.220, as amended by the legislature in 2014.

(f) The superintendent shall adopt rules requiring school districts to report full-time equivalent student enrollment as provided in RCW 28A.655.210.

The appropriations in this section are subject to the following conditions and limitations:

(1)(a) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. At the conclusion of each school year, the superintendent shall recover safety net funds that were distributed prospectively but for which districts were not subsequently eligible.

(a) For the 2017-18 and 2018-19 school years, safety net funds shall be awarded by the state safety net oversight committee as provided in section 109(1) chapter 548, Laws of 2009 (ESHB 2261).

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under ~~((e))~~ ~~(c)~~(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under ~~((e))~~ ~~(c)~~(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

~~(e))~~ To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to area-wide groundwater contamination. To receive the funding, the local government does not need to be a potentially

liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under ~~((e))~~ (c)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

~~((f))~~ (d) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. ~~((For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059, chapter 19, Laws of 2013 2nd sp. sess.))~~

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or ~~((after January 1, 2010, for))~~ projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

~~(7) ((Except during the 2011-2013 and the 2015-2017 fiscal biennia,))~~ One percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. affects the ability of a potentially liable person to receive public funding.

~~(10) ((During the 2015-2017 fiscal biennium the local toxics control account may also be used for the centennial clean water~~

~~program and for the stormwater financial assistance program administered by the department of ecology.~~

~~((4))~~) During the 2017-2019 biennium;

(a) The state toxics control account, the local toxics control account, and the environmental legacy stewardship account may be used for interchangeable purposes and funds may be transferred between accounts to accomplish those purposes.

(b) The legislature may direct the state treasurer to make transfers of moneys in the state toxics control account to the water pollution control revolving account.

FOR THE DEPARTMENT OF COMMERCE
2018 Local and Community Projects (40000005)

The appropriations in this section are subject to the following conditions and limitations:

(1) The department shall not expend the appropriations in this section unless and until the nonstate share of project costs have been either expended or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

Sec. 1009. 2018 c 2 s 1021 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

CERB Administered Broadband Infrastructure (91000943)

The appropriation in this section is subject to the following conditions and limitations: During the 2017-2019 fiscal biennium, the community economic revitalization board may make grants and loans to local governments and federally recognized tribes to build infrastructure to provide high-speed, open-access broadband service, with a minimum of 25 megabits per second download speed, to rural and underserved communities, for the purpose of economic development or community development.

(1) "Local governments" means cities, towns, counties, municipal corporations, public port districts, quasi-municipal corporations, and special purpose districts.

(2) "Broadband" means networks of deployed telecommunications equipment and technologies necessary to provide high-speed Internet access and other advanced telecommunications services.

(3) The board is authorized to make rural broadband loans to local governments and to federally recognized Indian tribes for the purposes of financing the cost to build infrastructure to provide high-speed, open-access broadband service, to rural and underserved communities, for the purpose of economic

development or community development. Grants may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the local government or the federally recognized Indian tribe, and subject to a finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, no more than 25 percent of all financial assistance approved by the board in any biennium may consist of grants to local governments and federally recognized Indian tribes.

(4) Application for funding must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

- (a) The board may not provide financial assistance:
- (i) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.
- (ii) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.
- (iii) For a project the primary purpose of which is to facilitate or promote gambling.
- (iv) For a project located outside the jurisdiction of the applicant local government or federally recognized Indian tribe.
- (v) For equipment or facilities which would enable a public entity to provide retail telecommunications services or services that the entity is not authorized by statute to provide.
- (vi) For the deployment of publicly-owned telecommunication network infrastructure ("backbone") solely for the sake of creating competitive, publicly-owned telecommunication network infrastructure.

(b) The board may provide financial assistance only if:

- (i) For projects demonstrating convincing evidence that a specific private development or expansion is ready to occur and will occur only if the public facility improvement is made that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long term economic opportunities; and

(C) Is located in a rural community as defined by the board, or a rural county; or

(ii) For a project that does not meet the requirements of (b)(i) of this subsection but is a project that:

(A) Results in the creation of significant private sector jobs or significant private sector capital investment as determined by the board;

(B) Is part of a local economic development plan consistent with applicable state planning requirements;

(C) Can demonstrate project feasibility using standard economic principles; and

(D) Is located in a rural community as defined by the board, or a rural county;

(e) The board must develop guidelines for local participation and allowable match and activities.

(d) An application must demonstrate local match and local participation, in accordance with guidelines developed by the board.

(e)) for projects located in a rural community as defined by the board, or located in a rural county, that encourage, foster, develop, and improve broadband within the state in order to:

(i) Drive job creation, promote innovation, and expand markets for local businesses; or

(ii) Serve the ongoing and growing needs of local education systems, health care systems, public safety systems, industries and businesses, governmental operations, and citizens; and

(iii) Improve accessibility for underserved communities and populations.

(c) An application must be approved by the local government and supported by the local associate development organization or local workforce development council or approved by the governing body of the federally recognized Indian tribe.

((#)) (d) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the project.

((g)) ~~An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage.~~

(h) The board must prioritize each proposed project according to:

(i) ~~The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;~~

(ii) ~~The rate of return of the state's investment, including, but not limited to, the leveraging of private sector investment, anticipated job creation and retention, and expected increases in state and local tax revenues associated with the project;~~

(iii) ~~Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;~~

(iv) ~~Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas that are served by adequate public facilities. Projects should maximize the use of existing infrastructure and provide for adequate funding of necessary transportation improvements;~~

(v) ~~Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance; and~~

(vi) ~~Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007.~~

(i)) (e) When evaluating and prioritizing projects, the board must give consideration, at a minimum, to the following factors:

(i) The project's value to the community, including evidence of support from affected local businesses and government;

(ii) The project's feasibility, using standard economic principles;

(iii) Commitment of local matching resources and local participation;

(iv) The project's inclusion in a capital facilities plan, comprehensive plan, or local economic development plan consistent with applicable state planning requirements; and

(v) The project's readiness to proceed.

(5) A responsible official of the local government or the federally recognized Indian tribe must be present during board deliberations and provide information that the board requests.

((5)) (6) Before any financial assistance application is approved, the local government or the federally recognized Indian tribe seeking the assistance must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board.

FOR THE DEPARTMENT OF ECOLOGY

VW Settlement Funded Projects (40000018)

~~((The appropriation in this section is subject to the following conditions and limitations:~~

~~(1) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.~~

~~(2)(a) The department of ecology shall develop the mitigation plan through an open, transparent public process consistent with direction in the consent decrees. The department shall provide ample opportunity using a variety of engagement options, as appropriate, for stakeholders and the public to shape, review, and comment throughout the development of the mitigation plan, including at least two meetings of the legislative advisory group as described in (c) of this subsection.~~

~~(b) The department of ecology shall work collaboratively with other agencies to develop and implement the elements of the mitigation plan that address categories of projects for which other agencies have already developed programs or expertise. In doing so, the department of ecology must consider and utilize, where appropriate and to the extent possible, the following existing programs for alternative fuels and zero emission vehicles:~~

~~(i) The department of transportation's electric vehicle infrastructure bank program;~~

~~(ii) The state alternative fuel commercial vehicle tax credit;~~

~~(iii) The state sales and use tax exemption for clean vehicles; and~~

~~(iv) Public transportation grant programs administered by the department of transportation.~~

~~(c)(i) For the purposes of providing legislative input and gathering public feedback on the development of the mitigation plan, a legislative advisory group is established. The advisory group is comprised of eight legislators, including the chairs and ranking members, or designees of the chairs and ranking members, of the transportation and capital budget committees in the House and in the Senate; the director of the department of ecology; and the secretary of the department of transportation.~~

FIFTY FIFTH DAY, MARCH 3, 2018

2018 REGULAR SESSION

(ii) The advisory group must select a chair from among its membership. Meetings of the advisory group must be open to the public and allow for public comment.

(iii) The advisory group must meet at least twice, once immediately prior to the date that the draft mitigation plan is released publicly, and again after public comment has been incorporated but before the department submits the plan to the trustee.

(iv) The office of program research and the senate committee services must provide staff support to the advisory group. The department of ecology staff must provide technical support, as needed. Legislative members of the advisory group are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, government entity, or other organization. Any reimbursement for other nonlegislative members is subject to chapter 43.03 RCW. Advisory group expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(3) The mitigation plan and the stewardship of project implementation must adhere to the following principles:

(a) Maximize air quality and public health benefits relating to the reduction of nitrogen oxides emissions;

(b) Give priority to projects that improve air quality relating to the reduction of nitrogen oxides emissions in areas that bear a disproportionate share of the burden from nitrogen oxides emissions;

(c) Achieve substantial additional air quality benefits relating to the reduction of nitrogen oxides emissions beyond that which would already occur, absent trust funding;

(d) Investments in clean vehicles or investments in clean engine replacements must be shown to be cost effective. For the purposes of leveraging funding, investments in clean vehicles may not exceed the incremental cost of the clean vehicle, relative to the cost of a similar conventionally fueled vehicle. To incentivize the replacement of standard engines, investments may be made up to the full cost of the clean engine replacement;

(e) Consideration must be given to investments across a range of fueling technologies and emissions reduction technologies; and

(f) Priority must be given to projects that have the highest benefit cost ratios, in terms of the amount of nitrogen oxides emissions reduced per dollar invested.

(4) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than thirty percent of funding provided during the 2017-2019 biennium for commercial vehicle class four through eight transit buses, shuttle buses, and school buses;

(ii) No more than thirty percent of funding provided during the 2017-2019 biennium for commercial vehicle class eight local freight trucks and port drayage trucks;

(iii) No more than twenty percent of funding provided during the 2017-2019 biennium for commercial vehicle class four through seven local freight trucks;

(iv) No more than twenty percent of funding provided during the 2017-2019 biennium for airport ground support equipment;

(v) No more than twenty percent of funding provided during the 2017-2019 biennium for ocean going vessels' shore power;

(vi) No more than fifteen percent of funding provided during the 2017-2019 biennium for light duty, zero emission vehicle supply equipment;

(vii) No more than twenty percent of funding provided during the 2017-2019 biennium for nonfederal matching funds for

projects eligible under the diesel emission reduction act option; and

(viii) For each of the other categories of mitigation actions that are eligible under the consent decrees but not otherwise specified under this subsection (4)(a), no more than ten percent of funding provided during the 2017-2019 biennium.

(b) Projects that receive funding under subsection (4)(a)(ii) and (iii) of this section and ocean going vessels shorepower projects that receive funding under subsection (4)(a)(viii) of this section must include electric technologies, if practicable.

(5) To the extent this section conflicts with the consent decrees, the consent decrees supersede it.

(6) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department of ecology shall consult with the department of transportation and the office of the superintendent of public instruction and provide notice to the steering committee of any significant changes to the plan submitted.

(7) The department of ecology shall provide a report to the governor and the appropriate committees of the legislature by January 1, 2018, and each year thereafter, on any plans or efforts to change the mitigation plan, its progress in implementing the mitigation plan, and the specific projects funded through these mitigation funds for the previous fiscal year.

(8) For the purposes of this section:

(a) "Project" means an eligible mitigation action under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years.

(b) "Trustee" means the entity selected under the terms of the consent decrees to administer the disbursement of funds to eligible projects for the purposes of mitigating nitrogen oxides emission pollution.)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The legislature finds that it is appropriate to provide a framework for the administration of mitigation funds provided to the state as a beneficiary under the terms of the consent decrees entered into by the United States, Volkswagen AG, and other participating parties that settle emissions-related claims for 2.0 and 3.0 liter diesel vehicles of certain models and years. The legislature deems the department of ecology the responsible agency for the administration and expenditure of funds provided by the trustee under the terms of the consent decrees, including the development of a mitigation plan to guide the use of the funds, whether or not the department receives funds directly for projects included in the plan.

(b) The department of ecology shall work collaboratively with other agencies to implement the elements of the mitigation plan that address categories of projects for which other agencies have already developed programs or expertise. In doing so, the department of ecology must consider and utilize, where appropriate and to the extent practical, the following existing programs for alternative fuels and zero-emission vehicles:

(i) The department of transportation's electric vehicle infrastructure bank program;

(ii) The state alternative fuel commercial vehicle tax credit;

(iii) The state sales and use tax exemption for clean vehicles; and

(iv) Public transportation grant programs administered by the department of transportation.

(c)(i) For the purposes of providing legislative input and gathering public feedback on the mitigation plan, a steering

committee is established. The steering committee is comprised of the following members: Four legislators, one from each major caucus, and one alternate for each of the four legislators; the director of the department of ecology, or his or her designee; the director of enterprise services, or his or her designee; the director of the office of financial management, or his or her designee; the governor, or his or her designee; and the secretary of the department of transportation, or his or her designee.

(ii) As the responsible agency for administration of funds provided by the trustee under the terms of the consent decree, the department of ecology shall chair the steering committee. Meetings of the steering committee must be open to the public.

(iii) The steering committee shall meet as needed to review the mitigation plan and review project category selection principles and priorities, and project proposals.

(iv) The department of ecology staff shall provide support to the steering committee as needed. Legislative members and alternates of the advisory group are reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members are not entitled to be reimbursed for travel expenses if they are elected officials or are participating on behalf of an employer, government entity, or other organization.

(2) The stewardship of project implementation must adhere to the following principles:

(a) Maximize air quality and public health benefits relating to the reduction of nitrogen oxides emissions, other toxic air pollutant emissions and carbon emissions;

(b) Encouraging projects that improve air quality in areas that bear a disproportionate share of the burden from nitrogen oxides emissions and reduce carbon emissions.

(c) In making project selections, consider distribution of projects across many areas of the state;

(d) Achieve substantial additional air quality benefits relating to the reduction of nitrogen oxides emissions beyond that which would already occur, absent trust funding;

(e) Investments in clean vehicles and vessels or investments in clean engine replacements are encouraged to be cost-effective. For the purposes of leveraging funding, investments in clean vehicles may not exceed the incremental cost of the clean vehicle, relative to the cost of a similar conventionally fueled vehicle. To incentivize the replacement while maximizing achievement of complimentary state goals of standard engines, investments may be made up to the full cost of the clean engine replacement;

(f) Investments must be across a range of low and zero emission fueling technologies including, but not limited to, electric, hybrid, zero emission, and compressed natural gas and other emissions reduction fuels and technologies; and

(g) Encouragement of projects that have high benefit-cost ratios for reductions of nitrogen oxides emissions and carbon emissions.

(3) Funding must be allocated to eligible projects under the terms of the consent decrees in the following manner:

(a)(i) No more than sixty percent of funding may be provided for on-road heavy duty vehicles; class four through eight school buses, shuttle buses, or transit buses; commercial vehicle class four through eight transit buses, shuttle buses, and school buses; and commercial vehicle class eight local freight trucks and port drayage trucks;

(ii) No more than twenty percent of funding may be provided for commercial vehicle class four through seven local freight trucks;

(iii) No more than five percent of funding may be provided for freight switchers;

(iv) No more than five percent of funding may be provided for airport ground support equipment;

(v) No more than forty-five percent of funding may be provided for marine vessels including ferries and tugs, and for ocean-going vessels' shore power;

(vi) No more than fifteen percent of funding may be provided for light duty, zero emission vehicle supply equipment. Priority must be given to those projects for which grant funds were sought under the department of transportation's grant opportunity for DC fast chargers for Washington's interregional corridors program in 2017, that ranked high in the grant evaluation but did not receive funding; and

(vii) No more than five percent of funding may be provided for nonfederal matching funds for projects eligible under the diesel emission reduction act option.

(4) To the extent this section conflicts with the consent decrees, the consent decrees supersede it.

(5) The department of ecology may modify the mitigation plan as needed to comply with trustee requirements, including to the extent these modifications conflict with this section. In making any adjustments, the department of ecology shall provide notice to the steering committee of any significant changes to the plan submitted.

(6) The department of ecology shall provide a report to the governor and the appropriate committees of the legislature by January 1, 2019, and each year thereafter, on any plans or efforts to change the mitigation plan, its progress in implementing the mitigation plan, and the specific projects funded through these mitigation funds for the previous fiscal year.

FOR THE DEPARTMENT OF NATURAL RESOURCES
Trust Land Transfer Program (30000269)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely to the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for transfer is identified in the LEAP capital document no. 2017-2H, developed June 30, 2017.

(2) Property transferred under this section must be appraised and transferred at fair market value. By ~~((September 30, 2018))~~ June 30, 2019, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, ~~((2018))~~ 2019, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

State Forest Land Replacement (30000277)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$60,000 of the appropriation is provided solely for the department to assess options to replace timber trust revenues for counties with populations of twenty-five thousand or fewer that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The department must consult with the qualifying counties and other stakeholders in conducting the assessment. The department shall report the findings of its assessment, including recommendations for addressing decreased revenues from state forestlands and improving the forest products economy in the qualifying counties, by December 15, 2018.

(2)(a) The remaining portion of the appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties:

- (i) With a population of twenty-five thousand or fewer; and
- (ii) With risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(3) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(4) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (2) of this section. Transfer agreements for properties identified in subsection (2) of this section must include terms that restrict the use of the property to the intended purpose.

(5) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsections (2) and (3) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

(2) The department must convene a community aviation revitalization board to develop criteria for selecting loan recipients, to develop a process for evaluating applications, and to make decisions. The board must consist of the ~~((capital budget))~~ chairs and ranking minority members of the ~~((capital budget))~~ transportation committees of the house of representatives and the senate ~~((ways and means committee))~~, and a representative from both the department of transportation's aviation division and the department of commerce. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of a general aviation pilots organization within Washington that has an active membership and established location, chapter, or appointed representative within Washington. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:

(a) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;

(b) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;

(c) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;

(d) The loan application project results in the creation or retention of long-term economic opportunities; and

(e) The loan application project results in leveraging additional federal funding for an airport.

MOTION

On motion of Senator Liias, the Senate advanced to the fifth order of business.

INTRODUCTION AND FIRST READING

SCR 8408 by Senator Baumgartner
 Designating April 1st as Governor Jay Inslee Integrity Day.

Referred to Committee on State Government, Tribal Relations & Elections.

On motion of Senator Schoesler and without objection, Senate Concurrent Resolution No. 8408, designating April 1st as Governor Jay Inslee Integrity Day, was read in full.

MOTION

On motion of Senator Liias, the measure listed on the Introduction and First Reading report was referred to the committee as designated.

PERSONAL PRIVILEGE

Senator Nelson: “Thank you Mr. President. The work we do here involves a lot of people and we want to thank all our staff. But there are a couple of individuals that I want to call out right now who give us counsel every day, and also give you counsel Mr. President. Who make sure that this place runs well. And although they are partisan, they are also nonpartisan in so many ways. If I can’t reach Victoria Cantore, I know I can reach Jeannie Gorrell. And I know that, at that point in time, that I will be given the same counsel by either to make sure that I succeed as a leader of the Democrats. They perform above and beyond the duties assigned. And they sit up there every day, quietly doing their work, making sure this place functions well. Mr. President, today should be Victoria and Jeannie’s day and I truly want to thank them from the bottom of my heart.”

The senate rose in sustained recognition of the devoted service provided by Ms. Victoria Cantore, Senate Counsel, and Mrs. Jeannie Gorrell, Senate Counsel to the senate and the people of the State of Washington.

PERSONAL PRIVILEGE

Senator Schoesler: “Thank you Mr. President. Echoing the remarks of the Majority Leader to the exemplary service we have had from the two legal counsels to you and us at the rostrum. I give my great thanks from this side of the aisle. I will say that Jeannie has probably been with us just a little longer than many of our staff. Starting just out of grade school she came to work here for us. A brief stint at WSU because she was a gifted learner. And she has provided excellent counsel to chairman on this side of the aisle, leadership on this side of the aisle, been available night and day to the members of the Senate and yourself to help serve us every session. And for that we are truly grateful.”

Senator Nelson, Majority Leader, and Senator Schoesler, Republican Leader, presented Ms. Cantore and Mrs. Gorrell each with a bouquet of flowers at their places on the rostrum.

The senate again rose in recognition of Ms. Victoria Cantore, Senate Counsel, and Mrs. Jeannie Gorrell, Senate Counsel.

REMARKS BY SENATOR LIAS

Senator Liias: “Thank you Mr. President. I just want to highlight to the members not paying attention on the floor that Victoria received blue flowers and Jeannie received red flowers, which I think is an appropriate representation. I also just want to note to folks that weren’t paying attention that Victoria was actually working through half of the point of personal privilege from Senator Nelson. I think, a testament to how hard these two individuals work, that they were working through their own point of personal privilege. I will also just add my final note that together the three of us have referred, I think, on the order of a thousand bills between the House and Senate combined. I also have had the opportunity to really get to know these two individuals and, in particular, to Jeannie Gorrell who, I think coming into the role as the Democratic Floor Leader with a Republican Counsel, I expected maybe a little bit more feistiness – and she has been a great advocate for the Republican Caucus but she has been a great partner in the work we have to do here. So, I appreciate both of you very much.”

PERSONAL PRIVILEGE

Senator Keiser: “Thank you Mr. President. I, too, when serving as President Pro Tem over these last few weeks, have depended on both Victoria and Jeannie to help me. Because, as a rookie, I was pretty out of my depth and I would have been drowning without their help. I couldn’t have done it without you. Thank you so much.”

MOTION

At 12:15 p.m., on motion of Senator Liias, the Senate was declared to be at ease subject to the call of the President for the purposes of caucuses.

Senator Becker announced a meeting of the Republican Caucus immediately upon going at ease.

AFTERNOON SESSION

The Senate was called to order at 12:21 p.m. by President Habib.

SIGNED BY THE PRESIDENT

Pursuant to Article 2, Section 32 of the State Constitution and Senate Rule 1(5), the President announced the signing of and thereupon did sign in open session:

SUBSTITUTE HOUSE BILL NO. 2282.

At 12:21 p.m., the President declared the Senate to be at ease subject to the call of the President.

The Senate was called to order at 2:21 p.m. by President Habib.

MOTION

On motion of Senator Liias, the Senate reverted to the fourth order of business.

MESSAGE FROM THE HOUSE

March 2, 2018

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6034 with the following amendment(s): 6034-S.E AMH ENGR H4883.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 54.16 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Broadband" means high-speed internet access and other advanced telecommunications services.

(b) "Broadband network" means networks of deployed telecommunications equipment and technologies necessary to provide broadband.

(c) "Inadequate" means internet retail service that does not meet one hundred percent of the standards detailed in the service level agreement.

(d) "Partnership payment structure" means a group of or individual property owners who agree to pay a term payment structure for infrastructure improvements to their property.

(e) "Petition" means a formal written request for retail internet service by property owners on the public utility district broadband network.

(f) "Retail internet service" means the provision of broadband to end users.

(g) "Service level agreement" means a standard agreement, adopted during an open public meeting, between the retail internet service provider and the public utility that describes the required percentage of broadband download and upload speed and system availability, customer service, and transmission time.

(2) Any public utility district that, as of the effective date of this section, provides only water, sewer, and wholesale telecommunications services in a county with an area less than five hundred square miles and is located west of the Puget Sound may provide retail internet service on the public utility district's broadband network located within the public utility district boundaries only when all of the existing providers of end-user internet service on the public utility district's broadband network cease to provide end-user service or provide inadequate end-user service as determined in the manner prescribed by this section. The authority provided in this subsection expires five years after the effective date of this act for any public utility district that has not begun providing retail internet service within that time period.

(3) Upon receiving a petition meeting the requirements of subsection (4) of this section, a public utility district board of commissioners may hold up to three meetings to:

(a) Verify the signature or signatures of the property owners on the petition and certify the petition;

(b) Determine and submit findings that the retail internet service available to the petitioners served by the public utility district's broadband network is either nonexistent or inadequate as defined in the service level agreement adopted by the commissioners for all existing internet service providers on the public utility district's broadband network;

(c) Receive, and either reject or accept any recommendations or adjustments to, a business case plan developed in accordance with subsection (7) of this section; and

(d) By resolution, authorize the public utility district to provide retail internet service on the public utility district's broadband network.

(4) A petition meets the requirements of subsection (3) of this section if it is delivered to a public utility district board of commissioners, declares that the signatories on the public utility district's broadband network have no or inadequate retail internet service providers, requests the public utility district to provide the retail internet service, and is signed by one of the following:

(a) A majority of a group, including homeowners' associations, of any geographical area within the public utility district, who have developed a partnership payment structure to finance broadband deployment with the public utility district; or

(b) Any individual who has developed a partnership payment structure to finance broadband deployment with the public utility district.

(5) For the purposes of this section, the adequacy of retail internet service is determined by measuring retail internet service to end users on the public utility district's broadband network and comparing it with service standards in the public utility district service level agreement used for all public utility district network providers. Measurement of the existing retail internet service provider's service must be quantified by measuring the service with speed and capacity devices and software. Additionally, a retail internet service provider may submit its own assessment of its service level for consideration by the commission within thirty days of the first meeting conducted under subsection (3) of this section.

(6) The commissioners of a public utility district may by resolution authorize the public utility district to provide or contract for provision of retail internet services on the public utility district's broadband network:

(a) After development of a business case plan in accordance with subsection (7) of this section; and

(b) When it is determined that no service or inadequate service exists for the individual or petitioners identified in subsection (4) of this section.

(7) The business case plan under subsection (6) of this section must be reviewed by an independent qualified consultant. The review must include the use of public funds in the provision of retail internet service. Any recommendations or adjustments to the business case plan made during third-party review must be received and either rejected or accepted by the district board of commissioners in an open meeting.

(8)(a) Except as provided in subsection (9) of this section, in case of failure to reach an agreement on the adequacy of retail internet service, the commissioners must request an appointment of an administrative law judge under Title 34 RCW to hear the dispute.

(b) The commissioners must provide a written notice, together with a copy of the dispute, and may require the disputing parties to attend a hearing before the administrative law judge, at a time and place to be specified in the written notice.

(c) The place of any such hearing may be the office of the commissioners or another place designated by the commissioners. The disputed information must be presented at the hearing.

(d) Upon review and consideration of all of the evidence, the administrative law judge must determine if the retail internet service is inadequate or nonexistent as defined in this section. Upon making a determination, the administrative law judge must state findings of fact and must issue and file a determination with the commissioners.

(9) If a provider of end-user service is a company regulated by the utilities and transportation commission, the company may choose to have the commission resolve disputes concerning the service level agreement under the process established in RCW

54.16.340. For the purposes of this subsection, "company" includes subsidiaries or affiliates.

(10) Any public utility district providing cable television service under this section must secure a cable television franchise, pay franchise fees, and any applicable taxes to the local cable franchise authority as required by federal law.

(11) Except as provided in subsection (9) of this section, nothing in this section may be construed or is intended to confer upon the utilities and transportation commission any authority to exercise jurisdiction over locally regulated utilities.

(12) All rates for retail internet services offered by a public utility district under this section must be just, fair, and reasonable, except the public utility district may set tiers of service charges based on service demands of the end user, including commercial and residential rates.

(13) A public utility district must not condition the availability or cost of other services upon the purchase or use of retail internet service.

(14) A public utility district authorized to provide retail internet service within a specific geographical area must, upon reasonable notice, furnish to all persons and entities within that geographical area meeting the provisions of subsections (2) and (4) of this section proper facilities and connections for retail internet service as requested.

(15) A public utility district providing retail internet service must separately account for any revenues and expenditures for those services according to standards established by the state auditor pursuant to its authority in chapter 43.09 RCW and consistent with the provisions of this title.

NEW SECTION. **Sec. 2.** A new section is added to chapter 34.12 RCW to read as follows:

When requested by the public utility district commissioners, the chief administrative law judge shall assign an administrative law judge to conduct proceedings under section 1 of this act.

NEW SECTION. **Sec. 3.** A new section is added to chapter 54.16 RCW to read as follows:

(1) Property owned by a public utility district that is exempt from property tax under RCW 84.36.010 is subject to an annual payment in lieu of property taxes if the property consists of a broadband network used in providing retail internet service.

(2)(a) The amount of the payment must be determined jointly and in good faith negotiation between the public utility district that owns the property and the county or counties in which the property is located.

(b) The amount agreed upon may not exceed the property tax amount that would be owed on the property comprising the broadband network used in providing retail internet service as calculated by the department of revenue. The public utility district must provide information necessary for the department of revenue to make the required valuation under this subsection. The department of revenue must provide the amount of property tax that would be owed on the property to the county or counties in which the broadband network is located on an annual basis.

(c) If the public utility district and a county cannot agree on the amount of the payment in lieu of taxes, either party may invoke binding arbitration by providing written notice to the other party. In the event that the amount of payment in lieu of taxes is submitted to binding arbitration, the arbitrators must consider the government services available to the public utility district's broadband network used in providing retail internet service. The public utility district and county must each select one arbitrator, the two of whom must pick a third arbitrator. Costs of the arbitration, including compensation for the arbitrators' services,

must be borne equally by the parties participating in the arbitration.

(3) By April 30th of each year, a public utility district must remit the annual payment to the county treasurer of each county in which the public utility district's broadband network used in providing retail internet service is located in a form and manner required by the county treasurer.

(4) The county must distribute the amounts received under this section to all property taxing districts, including the state, in appropriate tax code areas in the same proportion as it would distribute property taxes from taxable property.

(5) By December 1, 2019, and annually thereafter, the department of revenue must submit a report to the appropriate legislative committees detailing the amount of payments made under this section and the amount of property tax that would be owed on the property comprising the broadband network used in providing retail internet service.

(6) The definitions in section 1 of this act apply to this section." Correct the title.

MESSAGE FROM THE HOUSE

March 1, 2018

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5143 with the following amendment(s): 5143-S.E AMH FIN H4940.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** 2016 c 217 s 1 (uncodified) is amended to read as follows:

(1) This section is the tax preference performance statement for the tax preference contained in this act. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to provide tax relief for certain businesses or individuals, as indicated in RCW 82.32.808(2)(e).

(3) It is the legislature's specific public policy objective to encourage and expand the ability of nonprofit low-income housing developers to provide homeownership opportunities for low-income households. It is the legislature's intent to exempt from taxation real property owned by a nonprofit entity for the purpose of building residences to be sold, or, in the case of land, to be leased for life or ninety-nine years, to low-income households in order to enhance the ability of nonprofit low-income housing developers to purchase and hold land for future affordable housing development.

(4)(a) To measure the effectiveness of the tax preference provided in section 2 of this act in achieving the specific public policy objectives described in subsection (3) of this section, the joint legislative audit and review committee must evaluate, two years prior to the expiration of the tax preference: (i) The annual growth in the percentage of revenues dedicated to the development of affordable housing, for each nonprofit claiming the preference, for the period that the preference has been claimed; and (ii) the annual changes in both the total number of parcels qualifying for the exemption and the total number of parcels for which owner occupancy notifications have been submitted to the department of revenue, from June 9, 2016, through the most recent year of available data prior to the committee's review.

(b) If the review by the joint legislative audit and review committee finds that for most of the nonprofits claiming the exemption, program spending, program expenses, or another ratio representing the percentage of the nonprofit entity's revenues dedicated to the development of affordable housing has increased for the period during which the exemption was claimed, then the legislature intends to extend the expiration date of the tax preference.

(5) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee may refer to:

(a) Initial applications for the preference as approved by the department of revenue under RCW 84.36.815;

(b) Owner occupancy notices reported to the department of revenue under section 2 of this act;

(c) Annual financial statements for a nonprofit entity claiming this tax preference, as defined in section 2 of this act, and provided by nonprofit entities claiming this preference; and

(d) Any other data necessary for the evaluation under subsection (4) of this section.

Sec. 2. RCW 84.36.049 and 2016 c 217 s 2 are each amended to read as follows:

(1) All real property owned by a nonprofit entity for the purpose of developing or redeveloping on the real property one or more residences to be sold to low-income households including land to be leased as provided in subsection (8)(d)(ii) of this section, is exempt from state and local property taxes.

(2) The exemption provided in this section expires on or at the earlier of:

(a) The date on which the nonprofit entity transfers title to the ~~((real property))~~ single-family dwelling unit;

(b) The date on which the nonprofit entity executes a lease of land described in subsection (8)(d)(ii) of this section;

(c) The end of the seventh consecutive property tax year for which the property is granted an exemption under this section or, if the nonprofit entity has claimed an extension under subsection (3) of this section, the end of the tenth consecutive property tax

year for which the property is granted an exemption under this section; or

~~((e))~~ (d) The property is no longer held for the purpose for which the exemption was granted.

(3) If the nonprofit entity believes that title to the ~~((real property))~~ single-family dwelling unit will not be transferred by the end of the sixth consecutive property tax year, the nonprofit entity may claim a three-year extension of the exemption period by:

(a) Filing a notice of extension with the department on or before March 31st of the sixth consecutive property tax year; and

(b) Providing a filing fee equal to the greater of two hundred dollars or one-tenth of one percent of the real market value of the property as of the most recent assessment date with the notice of extension. The filing fee must be deposited into the state general fund.

(4)(a) If the nonprofit entity has not transferred title to the ~~((real property))~~ single-family dwelling unit to a low-income household within the applicable period described in subsection (2)(c) of this section, or if the nonprofit entity has converted the property to a purpose other than the purpose for which the exemption was granted, the property is disqualified from the exemption.

(b) Upon disqualification, the county treasurer must collect an additional tax equal to all taxes that would have been paid on the property but for the existence of the exemption, plus interest at the same rate and computed in the same way as that upon delinquent property taxes.

(c) The additional tax must be distributed by the county treasurer in the same manner in which current property taxes applicable to the subject property are distributed. The additional taxes and interest are due in full thirty days following the date on which the treasurer's statement of additional tax due is issued.

(d) The additional tax and interest is a lien on the property. The lien for additional tax and interest has priority to and must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the property may become charged or liable. If a nonprofit entity sells or transfers real property subject to a lien for additional taxes under this subsection, such unpaid additional taxes must be paid by the nonprofit entity at the time of sale or transfer. The county auditor may not accept an instrument of conveyance unless the additional tax has been paid. The nonprofit entity or the new owner may appeal the assessed values upon which the additional tax is based to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(5) Nonprofit entities receiving an exemption under this section must immediately notify the department when the exempt real property becomes occupied. The notice of occupancy made to the department must include a certification by the nonprofit entity that the occupants are a low-income household and a date when the title to the ~~((real property))~~ single-family dwelling unit was or is anticipated to be transferred. The department of revenue must make the notices of occupancy available to the joint legislative audit and review committee, upon request by the committee, in order for the committee to complete its review of the tax preference in this section.

(6) Upon cessation of the exemption, the value of new construction and improvements to the property, not previously considered as new construction, must be considered as new construction for purposes of calculating levies under chapter 84.55 RCW. The assessed value of the property as it was valued prior to the beginning of the exemption may not be considered as new construction upon cessation of the exemption.

(7) Nonprofit entities receiving an exemption under this section must provide annual financial statements to the joint legislative

audit and review committee, upon request by the committee, for the years that the exemption has been claimed. The nonprofit entity must identify the line or lines on the financial statements that comprise the percentage of revenues dedicated to the development of affordable housing.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Financial statements" means an audited annual financial statement and a completed United States treasury internal revenue service return form 990 for organizations exempt from income tax.

(b) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is less than eighty percent of the median family income, adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the property is located.

(c) "Nonprofit entity" means a nonprofit as defined in RCW 84.36.800 that is exempt from federal income taxation under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended.

(d) "Residence" means:

(i) A single-family dwelling unit whether such unit be separate or part of a multiunit dwelling~~((including the land on which such dwelling stands)); and~~

(ii) The land on which a dwelling unit described in (d)(i) of this subsection (8) stands, whether to be sold, or to be leased for life or ninety-nine years, to the low-income household owning such dwelling unit.

(9) The department may not accept applications for the initial exemption in this section after December 31, 2027. The exemption in this section may not be approved for and does not apply to taxes due in 2038 and thereafter.

(10) This section expires January 1, 2038.

NEW SECTION. Sec. 3. This act applies to taxes levied for collection in 2019 and thereafter.

Correct the title.

MESSAGE FROM THE HOUSE

February 27, 2018

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 6002 with the following amendment(s): 6002-S.E AMH ENGR H4828.E.

Strike everything after the enacting clause and insert the following:

"PART I - GENERAL PROVISIONS

NEW SECTION. **Sec. 101.** This act may be known and cited as the Washington voting rights act of 2018.

NEW SECTION. **Sec. 102.** The legislature finds that electoral systems that deny race, color, or language minority groups an equal opportunity to elect candidates of their choice are inconsistent with the right to free and equal elections as provided by Article I, section 19 and Article VI, section 1 of the Washington state Constitution as well as protections found in the fourteenth and fifteenth amendments to the United States Constitution. The well-established principle of "one person, one vote" and the prohibition on vote dilution have been consistently upheld in federal and state courts for more than fifty years.

The legislature also finds that local government subdivisions are often prohibited from addressing these challenges because of Washington laws that narrowly prescribe the methods by which they may elect members of their legislative bodies. The legislature finds that in some cases, this has resulted in an improper dilution of voting power for these minority groups. The legislature intends to modify existing prohibitions in state laws so that these jurisdictions may voluntarily adopt changes on their own, in collaboration with affected community members, to remedy potential electoral issues so that minority groups have an equal opportunity to elect candidates of their choice or influence the outcome of an election.

The legislature intends for this act to be consistent with federal protections that may provide a similar remedy for minority groups. Remedies shall also be available where the drawing of crossover and coalition districts is able to address both vote dilution and racial polarization.

The legislature also intends for this act to be consistent with legal precedent from *Mt. Spokane Skiing Corp. v. Spokane Co.* (86 Wn. App. 165, 1997) that found that noncharter counties need

FIFTY SEVENTH DAY, MARCH 5, 2018

2018 REGULAR SESSION

not adhere to a single uniform county system of government, but that each county have the same "authority available" in order to be deemed uniform.

NEW SECTION. Sec. 103. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise. In applying these definitions and other terms in this chapter, courts may rely on relevant federal case law for guidance.

(1) "At-large election" means any of the following methods of electing members of the governing body of a political subdivision:

(a) One in which the voters of the entire jurisdiction elect the members to the governing body;

(b) One in which the candidates are required to reside within given areas of the jurisdiction and the voters of the entire jurisdiction elect the members to the governing body; or

(c) One that combines the criteria in (a) and (b) of this subsection or one that combines at-large with district-based elections.

(2) "District-based elections" means a method of electing members to the governing body of a political subdivision in which the candidate must reside within an election district that is a divisible part of the political subdivision and is elected only by voters residing within that election district.

(3) "Polarized voting" means voting in which there is a difference, as defined in case law regarding enforcement of the federal voting rights act, 52 U.S.C. 10301 et seq., in the choice of candidates or other electoral choices that are preferred by voters in a protected class, and in the choice of candidates and electoral choices that are preferred by voters in the rest of the electorate.

(4) "Political subdivision" means any county, city, town, school district, fire protection district, port district, or public utility district, but does not include the state.

(5) "Protected class" means a class of voters who are members of a race, color, or language minority group, as this class is referenced and defined in the federal voting rights act, 52 U.S.C. 10301 et seq.

NEW SECTION. Sec. 104. As provided in section 302 of this act, no method of electing the governing body of a political subdivision may be imposed or applied in a manner that impairs the ability of members of a protected class or classes to have an equal opportunity to elect candidates of their choice as a result of the dilution or abridgment of the rights of voters who are members of a protected class or classes.

PART II - VOLUNTARY CHANGES TO ELECTORAL PROCESSES

NEW SECTION. Sec. 201. (1) A political subdivision that conducts an election pursuant to state, county, or local law, is authorized to change its electoral system, including, but not limited to, implementing a district-based election system, to remedy a potential violation of section 104 of this act.

(2) If a political subdivision invokes its authority under this section to implement a district-based election system, the districts shall be drawn in a manner consistent with section 202 of this act.

NEW SECTION. Sec. 202. (1)(a) Prior to the adoption of its proposed plan, the political subdivision must provide public notice to residents of the subdivision about the proposed remedy to a potential violation of section 104 of this act. If a significant segment of the residents of the subdivision have limited English proficiency and speaks a language other than English, the political subdivision must:

(i) Provide accurate written and verbal notice of the proposed remedy in languages that diverse residents of the political

subdivision can understand, as indicated by demographic data; and

(ii) Air radio or television public service announcements describing the proposed remedy broadcast in the languages that diverse residents of the political subdivision can understand, as indicated by demographic data.

(b) The political subdivision shall hold at least one public hearing on the proposed plan at least one week before adoption.

(c) For purposes of this section, "significant segment of the community" means five percent or more of residents, or five hundred or more residents, whichever is fewer, residing in the political subdivision.

(2)(a) If the political subdivision invokes its authority under section 201 of this act and the plan is adopted during the period of time between the first Tuesday after the first Monday of November and on or before January 15th of the following year, the political subdivision shall order new elections to occur at the next succeeding general election.

(b) If the political subdivision invokes its authority under section 201 of this act and the plan is adopted during the period of time between January 16th and on or before the first Monday of November, the next election will occur as scheduled and organized under the current electoral system, but the political subdivision shall order new elections to occur pursuant to the remedy at the general election the following calendar year.

(3) If a political subdivision implements a district-based election system under section 201(2) of this act, the plan shall be consistent with the following criteria:

(a) Each district shall be as reasonably equal in population as possible to each and every other such district comprising the political subdivision.

(b) Each district shall be reasonably compact.

(c) Each district shall consist of geographically contiguous area.

(d) To the extent feasible, the district boundaries shall coincide with existing recognized natural boundaries and shall, to the extent possible, preserve existing communities of related and mutual interest.

(e) District boundaries may not be drawn or maintained in a manner that creates or perpetuates the dilution of the votes of the members of a protected class or classes.

(4) Within forty-five days after receipt of federal decennial census information applicable to a specific local area, the commission established in RCW 44.05.030 shall forward the census information to each political subdivision.

(5) No later than eight months after its receipt of federal decennial census data, the governing body of the political subdivision that had previously invoked its authority under section 201 of this act to implement a district-based election system, or that was previously charged with redistricting under section 403 of this act, shall prepare a plan for redistricting its districts, pursuant to RCW 29A.76.010, and in a manner consistent with this act.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.343 RCW to read as follows:

The school board of directors may authorize a change to its electoral system pursuant to section 201 of this act. Any staggering of directors' terms shall be accomplished as provided in RCW 28A.343.030 and 28A.343.600 through 28A.343.650.

Sec. 204. RCW 36.32.020 and 1982 c 226 s 4 are each amended to read as follows:

The board of county commissioners of each county shall divide their county into three commissioner districts so that each district shall comprise as nearly as possible one-third of the population of

the county: PROVIDED, That the territory comprised in any voting precincts of such districts shall remain compact, and shall not be divided by the lines of said districts.

However, the commissioners of any county composed entirely of islands and with a population of less than thirty-five thousand may divide their county into three commissioner districts without regard to population, except that if any single island is included in more than one district, the districts on such island shall comprise, as nearly as possible, equal populations.

The commissioners of any county may authorize a change to their electoral system pursuant to section 201 of this act. Except where necessary to comply with a court order issued pursuant to section 403 of this act, and except in the case of an intervening census, the lines of the districts shall not be changed (~~often~~) more often than once in four years and only when a full board of commissioners is present. The districts shall be designated as districts numbered one, two and three.

Sec. 205. RCW 36.32.040 and 1982 c 226 s 5 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the qualified electors of each county commissioner district, and they only, shall nominate from among their own number, candidates for the office of county commissioner of such commissioner district to be voted for at the following general election. Such candidates shall be nominated in the same manner as candidates for other county and district offices are nominated in all other respects.

(2) Where the commissioners of a county composed entirely of islands with a population of less than thirty-five thousand have chosen to divide the county into unequal-sized commissioner districts pursuant to the exception provided in RCW 36.32.020, the qualified electors of the entire county shall nominate from among their own number who reside within a commissioner district, candidates for the office of county commissioner of such commissioner district to be voted for at the following general election. Such candidates shall be nominated in the same manner as candidates for other county offices are nominated in all other respects.

(3) The commissioners of any county may authorize a change to their electoral system pursuant to section 201 of this act.

NEW SECTION. Sec. 206. A new section is added to chapter 35.21 RCW to read as follows:

NEW SECTION. Sec. 207. A new section is added to chapter 35A.21 RCW to read as follows:

NEW SECTION. Sec. 208. A new section is added to chapter 52.14 RCW to read as follows:

The board of fire commissioners of a fire protection district may authorize a change to its electoral system pursuant to section 201 of this act by majority vote.

NEW SECTION. Sec. 209. A new section is added to chapter 53.12 RCW to read as follows:

The port commission may authorize a change to its electoral system pursuant to section 201 of this act.

Sec. 210. RCW 54.12.010 and 2004 c 113 s 1 are each amended to read as follows:

A public utility district that is created as provided in RCW 54.08.010 shall be a municipal corporation of the state of

Washington, and the name of such public utility district shall be Public Utility District No. of County.

The powers of the public utility district shall be exercised through a commission consisting of three members in three commissioner districts, and five members in five commissioner districts.

(1) If the public utility district is countywide and the county has three county legislative authority districts, then, at the first election of commissioners and until any change is made in the boundaries of public utility district commissioner districts, one public utility district commissioner shall be chosen from each of the three county legislative authority districts.

(2) If the public utility district comprises only a portion of the county, with boundaries established in accordance with chapter 54.08 RCW, or if the public utility district is countywide and the county does not have three county legislative authority districts, three public utility district commissioner districts, numbered consecutively, each with approximately equal population and following precinct lines, as far as practicable, shall be described in the petition for the formation of the public utility district, subject to appropriate change by the county legislative authority if and when it changes the boundaries of the proposed public utility district. One commissioner shall be elected as a commissioner of each of the public utility district commissioner districts.

(3) Only a registered voter who resides in a commissioner district may be a candidate for, or hold office as, a commissioner of the commissioner district. Only voters of a commissioner district may vote at a primary to nominate candidates for a commissioner of the commissioner district. Voters of the entire public utility district may vote at a general election to elect a person as a commissioner of the commissioner district.

(4) The term of office of each public utility district commissioner other than the commissioners at large shall be six years, and the term of each commissioner at large shall be four years. Each term shall be computed in accordance with RCW ~~((29A.20.040))~~ 29A.60.280 following the commissioner's election. All public utility district commissioners shall hold office until their successors shall have been elected and have qualified and assume office in accordance with RCW ~~((29A.20.040))~~ 29A.60.280.

(5) A vacancy in the office of public utility district commissioner shall occur as provided in chapter 42.12 RCW or by nonattendance at meetings of the public utility district commission for a period of sixty days unless excused by the public utility district commission. Vacancies on a board of public utility district commissioners shall be filled as provided in chapter 42.12 RCW.

(6) The boundaries of the public utility district commissioner districts may be changed only by the public utility district commission or by a court order issued pursuant to section 403 of this act, and shall be examined every ten years to determine substantial equality of population in accordance with chapter 29A.76 RCW. Except as provided in this section ~~((~~or~~))~~, section 403 of this act, RCW 54.04.039, or in the case of an intervening census, the boundaries shall not be changed ~~((often))~~ more often than once in four years. Boundaries may only be changed when all members of the commission are present. Whenever territory is added to a public utility district under RCW 54.04.035, or added or withdrawn under RCW 54.04.039, the boundaries of the public utility commissioner districts shall be changed to include the additional or exclude the withdrawn territory. Unless the boundaries are changed pursuant to RCW 54.04.039, the proposed change of the boundaries of the public utility district commissioner district must be made by resolution and after public hearing. Notice of the time of the public hearing shall be

2018 REGULAR SESSION

published for two weeks before the hearing. Upon a referendum petition signed by ten percent of the qualified voters of the public utility district being filed with the county auditor, the county legislative authority shall submit the proposed change of boundaries to the voters of the public utility district for their approval or rejection. The petition must be filed within ninety days after the adoption of resolution of the proposed action. The validity of the petition is governed by the provisions of chapter 54.08 RCW.

PART III - CITIZEN-INITIATED CHANGES TO ELECTORAL PROCESSES

NEW SECTION. Sec. 301. (1) A voter who resides in the political subdivision who intends to challenge a political subdivision's electoral system under this act shall first notify the political subdivision. The political subdivision shall promptly make such notice public.

(2) The notice provided shall identify and provide contact information for the person or persons who intend to file an action, and shall identify the protected class or classes whose members do not have an equal opportunity to elect candidates of their choice or an equal opportunity to influence the outcome of an election because of alleged vote dilution and polarized voting. The notice shall also include a type of remedy the person believes may address the alleged violation of section 302 of this act.

NEW SECTION. Sec. 302. (1) A political subdivision is in violation of this act when it is shown that:

(a) Elections in the political subdivision exhibit polarized voting; and

(b) Members of a protected class or classes do not have an equal opportunity to elect candidates of their choice as a result of the dilution or abridgment of the rights of members of that protected class or classes.

(2) The fact that members of a protected class are not geographically compact or concentrated to constitute a majority in a proposed or existing district-based election district shall not preclude a finding of a violation under this act, but may be a factor in determining a remedy. The equal opportunity to elect shall be assessed pragmatically, based on local election conditions, and may include crossover districts.

(3) In determining whether there is polarized voting under this act, the court shall analyze elections of the governing body of the political subdivision, ballot measure elections, elections in which at least one candidate is a member of a protected class, and other electoral choices that affect the rights and privileges of members of a protected class. Elections conducted prior to the filing of an action pursuant to this act are more probative to establish the existence of racially polarized voting than elections conducted after the filing of an action.

(4) The election of candidates who are members of a protected class and who were elected prior to the filing of an action pursuant to this act shall not preclude a finding of polarized voting that results in an unequal opportunity for a protected class to elect candidates of their choice.

(5) Proof of intent on the part of the voters or elected officials to discriminate against a protected class is not required for a cause of action to be sustained.

(6) Other factors such as the history of discrimination, the use of electoral devices or other voting practices or procedures that may enhance the dilutive effects of at-large elections, denial of access to those processes determining which groups of candidates will receive financial or other support in a given election, the extent to which members of a protected class bear the effects of past discrimination in areas such as education, employment, and health, which hinder their ability to participate effectively in the

political process, and the use of overt or subtle racial appeals in political campaigns are probative, but not necessary factors, to establish a violation of this act.

NEW SECTION. Sec. 303. (1) The political subdivision shall work in good faith with the person providing the notice to implement a remedy that provides the protected class or classes identified in the notice an equal opportunity to elect candidates of their choice. Such work in good faith to implement a remedy may include, but is not limited to consideration of: (a) Relevant electoral data; (b) relevant demographic data, including the most recent census data available; and (c) any other information that would be relevant to implementing a remedy.

(2) If the political subdivision adopts a remedy that takes the notice into account, or adopts the notice's proposed remedy, the political subdivision shall seek a court order acknowledging that the political subdivision's remedy complies with section 104 of this act and was prompted by a plausible violation. The person who submitted the notice may support or oppose such an order, and may obtain public records to do so. The political subdivision must provide all political, census, and demographic data and any analysis of that data used to develop the remedy in its filings seeking the court order and with any documents made public. All facts and reasonable inferences shall be viewed in the light most favorable to those opposing the political subdivision's proposed remedy at this stage. There shall be a rebuttable presumption that the court will decline to approve the political subdivision's proposed remedy at this stage.

(3) If the court concludes that the political subdivision's remedy complies with section 104 of this act, an action under this act may not be brought against that political subdivision for four years by any party so long as the political subdivision does not enact a change to or deviation from the remedy during this four-year period that would otherwise give rise to an action under this act.

(4) In agreeing to adopt the person's proposed remedy, the political subdivision may do so by stipulation, which shall become a public document.

NEW SECTION. Sec. 304. (1) Any voter who resides in the political subdivision may file an action under this act if, one hundred eighty days after a political subdivision receives notice of a challenge to its electoral system under section 301 of this act, the political subdivision has not obtained a court order stating that it has adopted a remedy in compliance with section 104 of this act. However, if notice is received after July 1, 2021, then the political subdivision shall have ninety days to obtain a court order before an action may be filed.

(2) If a political subdivision has received two or more notices containing materially different proposed remedies, the political subdivision shall work in good faith with the persons to implement a remedy that provides the protected class or classes identified in the notices an equal opportunity to elect candidates of their choice. If the political subdivision adopts one of the remedies offered, or a different remedy that takes multiple notices into account, the political subdivision shall seek a court order acknowledging that the political subdivision's remedy is reasonably necessary to avoid a violation of section 104 of this act. The persons who submitted the notice may support or oppose such an order, and may obtain public records to do so. The political subdivision must provide all political, census, and demographic data and any analysis of that data used to develop the remedy in its filings seeking the court order and with any documents made public. All facts and reasonable inferences shall be viewed in the light most favorable to those opposing the political subdivision's proposed remedy at this stage. There shall

be a rebuttable presumption that the court will decline to approve the political subdivision's proposed remedy at this stage.

(3) If the court concludes that the political subdivision's remedy complies with section 104 of this act, an action under this act may not be brought against that political subdivision for four years by any party so long as the political subdivision does not enact a change to or deviation from the remedy during this four-year period that would otherwise give rise to an action under this act.

PART IV - SAFE HARBOR AND LEGAL ACTION UNDER THIS ACT

NEW SECTION. Sec. 401. (1) After exhaustion of the time period in section 304 of this act, any voter who resides in a political subdivision where a violation of section 104 of this act is alleged may file an action in the superior court of the county in which the political subdivision is located. If the action is against a county, the action may be filed in the superior court of such county, or in the superior court of either of the two nearest judicial districts as determined pursuant to RCW 36.01.050(2). An action filed pursuant to this chapter does not need to be filed as a class action.

(2) Members of different protected classes may file an action jointly pursuant to this act if they demonstrate that the combined voting preferences of the multiple protected classes are polarized against the rest of the electorate.

NEW SECTION. Sec. 402. (1) In an action filed pursuant to this act, the trial court shall set a trial to be held no later than one year after the filing of a complaint, and shall set a discovery and motions calendar accordingly.

(2) For purposes of any applicable statute of limitations, a cause of action under this act arises every time there is an election for any members of the governing body of the political subdivision.

(3) The plaintiff's constitutional right to the secrecy of the plaintiff's vote is preserved and is not waived by the filing of an action pursuant to this act, and the filing is not subject to discovery or disclosure.

(4) In seeking a temporary restraining order or a preliminary injunction, a plaintiff shall not be required to post a bond or any other security in order to secure such equitable relief.

(5) No notice may be submitted to any political subdivision pursuant to this act before July 19, 2018.

NEW SECTION. Sec. 403. (1) The court may order appropriate remedies including, but not limited to, the imposition of a district-based election system. The court may order the affected jurisdiction to draw or redraw district boundaries or appoint an individual or panel to draw or redraw district lines. The proposed districts must be approved by the court prior to their implementation.

(2) Implementation of a district-based remedy is not precluded by the fact that members of a protected class do not constitute a numerical majority within a proposed district-based election district. If, in tailoring a remedy, the court orders the implementation of a district-based election district where the members of the protected class are not a numerical majority, the court shall do so in a manner that provides the protected class an equal opportunity to elect candidates of their choice. The court may also approve a district-based election system that provides the protected class the opportunity to join in a coalition of two or more protected classes to elect candidates of their choice if there is demonstrated political cohesion among the protected classes.

(3) In tailoring a remedy after a finding of a violation of section 104 of this act:

(a) If the court's order providing a remedy or approving proposed districts, whichever is later, is issued during the period of time between the first Tuesday after the first Monday of November and on or before January 15th of the following year, the court shall order new elections, conducted pursuant to the remedy, to occur at the next succeeding general election. If a special filing period is required, filings for that office shall be reopened for a period of three business days, such three-day period to be fixed by the filing officer.

(b) If the court's order providing a remedy or approving proposed districts, whichever is later, is issued during the period of time between January 16th and on or before the first Monday of November, the next election will occur as scheduled and organized under the current electoral system, but the court shall order new elections to occur pursuant to the remedy at the general election the following calendar year.

(c) The remedy may provide for the political subdivision to hold elections for the members of its governing body at the same time as regularly scheduled elections for statewide or federal offices.

(4) Within thirty days of the conclusion of any action filed under section 402 of this act, the political subdivision must publish on the subdivision's web site, the outcome and summary of the action, as well as the legal costs incurred by the subdivision. If the political subdivision does not have its own web site, then it may publish on the county web site.

NEW SECTION. Sec. 404. (1) No action under this act may be brought by any person against a political subdivision that has adopted a remedy to its electoral system after an action is filed that is approved by a court pursuant to section 303 of this act or implemented a court-ordered remedy pursuant to section 403 of this act for four years after adoption of the remedy if the political subdivision does not enact a change to or deviation from the remedy during this four-year period that would otherwise give rise to an action under this act.

(2) No action under this act may be brought by any person against a political subdivision that has adopted a remedy to its electoral system in the previous decade before the effective date of this section as a result of a claim under the federal voting rights act until after the political subdivision completes redistricting pursuant to RCW 29A.76.010 for the 2020 decennial census.

NEW SECTION. Sec. 405. (1) In any action to enforce this chapter, the court may allow the prevailing plaintiff or plaintiffs, other than the state or political subdivision thereof, reasonable attorneys' fees, all nonattorney fee costs as defined by RCW 4.84.010, and all reasonable expert witness fees. No fees or costs may be awarded if no action is filed.

(2) Prevailing defendants may recover an award of fees or costs pursuant to RCW 4.84.185.

PART V - MISCELLANEOUS PROVISIONS

NEW SECTION. Sec. 501. The provisions of parts I, III, and IV of this act are not applicable to cities and towns with populations under one thousand or to school districts with K-12 full-time equivalent enrollments of less than two hundred fifty.

NEW SECTION. Sec. 502. A new section is added to chapter 29A.76 RCW to read as follows:

In any change to its electoral system under section 201 of this act or preparation of a redistricting plan under section 201 of this act, political subdivisions may use population data regarding political parties only to the extent necessary to ensure compliance with this act or federal law.

FIFTY SEVENTH DAY, MARCH 5, 2018

2018 REGULAR SESSION

NEW SECTION. Sec. 503. This act supersedes other state laws and local ordinances to the extent that those state laws or ordinances would otherwise restrict a jurisdiction's ability to comply with this act.

NEW SECTION. Sec. 504. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 505. Sections 101 through 202, 301 through 501, and 503 of this act constitute a new chapter in Title 29A RCW."

Courts of limited jurisdiction which confine juveniles for an alleged offense or infraction may place juveniles in juvenile detention facilities under an agreement with the officials responsible for the administration of the juvenile detention facility in RCW 13.04.035 and 13.20.060;

(iv) The alleged offense is a traffic or civil infraction, a violation of compulsory school attendance provisions under chapter 28A.225 RCW, or a misdemeanor, and a court of limited jurisdiction has assumed concurrent jurisdiction over those offenses as provided in RCW 13.04.0301; or

(v) The juvenile is sixteen or seventeen years old on the date the alleged offense is committed and the alleged offense is:

(A) A serious violent offense as defined in RCW 9.94A.030;

The juvenile court shall ~~((enter an order extending))~~ maintain residual juvenile court jurisdiction up to age twenty-five if the juvenile has turned eighteen years of age during the adult criminal court proceedings but only for the purpose of returning a case to juvenile court for disposition pursuant to RCW 13.40.300 ~~(3)~~(d). However, once the case is returned to juvenile court, the court may hold a decline hearing pursuant to RCW 13.40.110 to determine whether to retain the case in juvenile court for the purpose of disposition or return the case to adult criminal court for sentencing.

(III) The prosecutor and respondent may agree to juvenile court jurisdiction and waive application of exclusive adult criminal jurisdiction in (e)(v)(A) through ~~((E))~~ (C) of this subsection and remove the proceeding back to juvenile court with the court's approval.

If the juvenile challenges the state's determination of the juvenile's criminal history under (e)(v) of this subsection, the state may establish the offender's criminal history by a preponderance of the evidence. If the criminal history consists of adjudications entered upon a plea of guilty, the state shall not bear a burden of establishing the knowing and voluntariness of the plea;

(f) Under the interstate compact on juveniles as provided in chapter 13.24 RCW;

(g) Relating to termination of a diversion agreement under RCW 13.40.080, including a proceeding in which the diveree has attained eighteen years of age;

(h) Relating to court validation of a voluntary consent to an out-of-home placement under chapter 13.34 RCW, by the parent or Indian custodian of an Indian child, except if the parent or Indian custodian and child are residents of or domiciled within the boundaries of a federally recognized Indian reservation over which the tribe exercises exclusive jurisdiction;

(3) The juvenile court shall have concurrent original jurisdiction with the family court over child custody proceedings under chapter 26.10 RCW and parenting plans or residential schedules under chapters 26.09 and 26.26 RCW as provided for in RCW 13.34.155.

(4) A juvenile subject to adult superior court jurisdiction under subsection (1)(e)(i) through (v) of this section, who is detained pending trial, may be detained in a detention facility as defined in RCW 13.40.020 pending sentencing or a dismissal.

| PRIOR ADJUDICATIONS | | 0 | 1 | 2 | 3 | 4 or more |

NOTE: References in the grid to days or weeks mean periods of confinement. "LS" means "local sanctions" as defined in RCW 13.40.020.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

**OPTION B
SUSPENDED DISPOSITION ALTERNATIVE**

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be either research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee, or for chemical dependency treatment programs or services, they must be evidence-based or research-based best practice programs. (b) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender (~~is~~):

OR

OPTION C

CHEMICAL DEPENDENCY/MENTAL HEALTH DISPOSITION ALTERNATIVE

OR

**OPTION D
MANIFEST INJUSTICE**

If the court determines that a disposition under option A, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 4. RCW 13.40.110 and 2009 c 454 s 3 are each amended to read as follows:

(1) Discretionary decline hearing - The prosecutor, respondent, or the court on its own motion may, before a hearing on the information on its merits, file a motion requesting the court to transfer the respondent for adult criminal prosecution and the matter shall be set for a hearing on the question of declining jurisdiction only if:

(a) The respondent is, at the time of proceedings, at least fifteen years of age or older and is charged with a serious violent offense as defined in RCW 9.94A.030; or

(b) The respondent is, at the time of proceedings, fourteen years of age or younger and is charged with murder in the first degree (RCW 9A.32.030), and/or murder in the second degree (RCW 9A.32.050).

(2) Mandatory decline hearing - Unless waived by the court, the parties, and their counsel, a decline hearing shall be held when~~(:~~

~~(a) The respondent is sixteen or seventeen years of age and the information alleges a class A felony or an attempt, solicitation, or conspiracy to commit a class A felony;~~

~~(c) the information alleges an escape by the respondent and the respondent is serving a minimum juvenile sentence to age twenty-one.~~

(3) The court after a decline hearing may order the case transferred for adult criminal prosecution upon a finding that the declination would be in the best interest of the juvenile or the public. The court shall consider the relevant reports, facts, opinions, and arguments presented by the parties and their counsel.

(4) When the respondent is transferred for criminal prosecution or retained for prosecution in juvenile court, the court shall set forth in writing its finding which shall be supported by relevant facts and opinions produced at the hearing.

Sec. 5. RCW 13.40.193 and 2014 c 117 s 1 are each amended to read as follows:

(1) If a respondent is found to have been in possession of a firearm in violation of RCW 9.41.040(2)(a)~~((iii))~~ (iv), the court shall impose a minimum disposition of ten days of confinement. If the offender's standard range of disposition for the offense as indicated in RCW 13.40.0357 is more than thirty days of confinement, the court shall commit the offender to the department for the standard range disposition. The offender shall not be released until the offender has served a minimum of ten days in confinement.

(2)(a) If a respondent is found to have been in possession of a firearm in violation of RCW 9.41.040, the disposition must include a requirement that the respondent participate in a qualifying program as described in (b) of this subsection, when available, unless the court makes a written finding based on the outcome of the juvenile court risk assessment that participation in a qualifying program would not be appropriate.

(b) For purposes of this section, "qualifying program" means an aggression replacement training program, a functional family therapy program, or another program applicable to the juvenile firearm offender population that has been identified as evidence-based or research-based and cost-beneficial in the current list prepared at the direction of the legislature by the Washington state institute for public policy.

(3) If the court finds that the respondent or an accomplice was armed with a firearm, the court shall determine the standard range disposition for the offense pursuant to RCW 13.40.160. If the offender or an accomplice was armed with a firearm when the offender committed any felony other than possession of a machine gun, possession of a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, or use of a machine gun in a felony, the following periods of total confinement must be added to the sentence: ~~((For~~ ~~*)~~ (a) Except for (b) of this subsection, for a class A felony, six months; for a class B felony, four months; and for a class C felony, two months; (b) for any violent offense as defined in RCW 9.94A.030, committed by a respondent who is sixteen or seventeen years old at the time of the offense, a period of twelve months. The additional time shall be imposed regardless of the offense's juvenile disposition offense category as designated in RCW 13.40.0357.

(4)(a) If the court finds that the respondent who is sixteen or seventeen years old and committed the offense of robbery in the

first degree, drive-by shooting, burglary in the first degree, or any violent offense as defined in RCW 9.94A.030 and was armed with a firearm, and the court finds that the respondent's participation was related to membership in a criminal street gang or advancing the benefit, aggrandizement, gain, profit, or other advantage for a criminal street gang, a period of three months total confinement must be added to the sentence. The additional time must be imposed regardless of the offense's juvenile disposition offense category as designated in RCW 13.40.0357 and must be served consecutively with any other sentencing enhancement.

(b) For the purposes of this section, "criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(5) When a disposition under this section would effectuate a manifest injustice, the court may impose another disposition. When a judge finds a manifest injustice and imposes a disposition of confinement exceeding thirty days, the court shall commit the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. When a judge finds a manifest injustice and imposes a disposition of confinement less than thirty days, the disposition shall be comprised of confinement or community supervision or both.

((§)) (6) Any term of confinement ordered pursuant to this section shall run consecutively to any term of confinement imposed in the same disposition for other offenses.

(d) While proceedings are pending in a case in which jurisdiction ((has been transferred to)) is vested in the adult criminal court pursuant to RCW 13.04.030, the juvenile turns eighteen years of age and is subsequently found not guilty of the charge for which he or she was transferred, or is convicted in the adult criminal court of a lesser included offense, and an automatic extension is necessary to impose the disposition as required by RCW 13.04.030(1)(e)(v)((€)) (C)(II); or

(e) Pursuant to the terms of RCW 13.40.190 and 13.40.198, the juvenile court maintains jurisdiction beyond the juvenile offender's twenty-first birthday for the purpose of enforcing an order of restitution or penalty assessment.

((2) If the juvenile court previously has extended jurisdiction beyond the juvenile offender's eighteenth birthday and that period of extension has not expired, the court may further extend jurisdiction by written order setting forth its reasons.

(3)) (4) Except as otherwise provided herein, in no event may the juvenile court have authority to extend jurisdiction over any juvenile offender beyond the juvenile offender's twenty-first birthday ((except for the purpose of enforcing an order of restitution or penalty assessment)).

MESSAGE FROM THE HOUSE

March 2, 2018

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 6437 with the following amendment(s): 6437-S AMH FEYJ H5105.3

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Registered tow truck operators have continuing problems involving the disposal of recreational vehicles that have been impounded and abandoned pursuant to chapter 46.55 RCW;

(2) Traditional methods of disposal are no longer adequate to meet the increasing problem of abandoned recreational vehicles in Washington state;

(3) Abandoned recreational vehicles continue to be a hazard to the health and safety of citizens, business owners, and the environment; and

(4) Adequate funding is necessary to resolve the problem of abandoned recreational vehicles in a manner that is environmentally friendly and economically sound so that registered tow truck operators may be successful in their duties of public impounding, transporting, and storing unauthorized vehicles.

NEW SECTION. Sec. 2. A new section is added to chapter 46.55 RCW to read as follows:

(1) A registered tow truck operator may transport an abandoned recreational vehicle under section 5 of this act without being licensed as a hulk hauler. The transport of an abandoned recreational vehicle by a registered tow truck operator under this chapter must be completed by utilizing a reasonable, direct, and safe route on the date of transport.

(2) A registered tow truck operator must provide a written record of the delivery to a licensed dismantler or authorized disposal site for each abandoned recreational vehicle by use of an abandoned vehicle report or junk vehicle affidavit to be sent to the department. A copy of the report must be maintained in the vehicle transaction file. Completion of the report relieves the registered tow truck operator from any civil or criminal liability for the disposal of a properly processed abandoned recreational vehicle.

Sec. 3. RCW 46.79.110 and 2001 c 64 s 12 are each amended to read as follows:

Nothing contained in this chapter shall be construed to prohibit: Any individual not engaged in business as a hulk hauler or scrap processor from towing any vehicle owned by him or her to any vehicle wrecker or scrap processor, or a registered tow truck operator from transporting an abandoned recreational vehicle under section 5 of this act in compliance with this chapter.

NEW SECTION. Sec. 4. A new section is added to chapter 46.17 RCW to read as follows:

(1) Before accepting an application for a registration for a recreational vehicle, the department, county auditor, or other agent, or subagent appointed by the director, shall require an applicant to pay a six-dollar fee in addition to any other fees and taxes required by law.

(2) The abandoned recreational disposal fee must be deposited into the abandoned recreational vehicle disposal account created in section 6 of this act.

(3) For the purposes of this section, "recreational vehicle" means a camper, motor home, or travel trailer.

NEW SECTION. Sec. 5. (1) A registered tow truck operator, as defined in RCW 46.55.010, vehicle wrecker, as defined in RCW 46.80.010, or scrap processor, as defined in RCW 46.79.010, and scrap metal businesses, as defined in RCW 19.290.010, may apply to the department on a form prescribed by the department for cost reimbursement for the towing, transport, storage, dismantling, and disposal of abandoned recreational vehicles from public property.

(2) The department may only use funds under section 6 of this act for cost reimbursement for the towing, transport, storage, dismantling, and disposal of abandoned recreational vehicles. The department may not authorize reimbursements that total more than ten thousand dollars per vehicle for which cost reimbursements are requested.

(3) After consulting with the 2017 stakeholder group, the department may develop rules including, but not limited to, towing, transport, storage, dismantling, and disposal rates, application form and contents, and cost reimbursement and the reimbursement process, to implement this section.

(2) Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only by the department to reimburse registered tow truck operators and licensed dismantlers for up to one hundred percent of the total reasonable and auditable administrative costs for transport, dismantling, and disposal of abandoned recreational vehicles under section 5 of this act when the last registered owner is unknown after a reasonable search effort. Compliance with RCW 46.55.100 is considered a reasonable effort to locate the last registered owner of the abandoned recreational vehicle. Any funds received by the registered tow truck operators or licensed dismantlers through collection efforts from the last owner of record shall be turned over to the department for vehicles reimbursed under section 5 of this act.

(3) Funds in the account resulting from transfers from the general fund must be used to reimburse one hundred percent of eligible costs up to a limit of ten thousand dollars per vehicle for which cost reimbursements are requested.

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5064 with the following amendment(s): 5064-S AMH ENGR H4920.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that freedom of expression through school-sponsored media is a fundamental principle in our democratic society granted by the First Amendment to the United States Constitution and by Article I, section 5 of the state Constitution. It is the intent of the legislature to protect freedom of expression through school-sponsored media for both public school students and students at public institutions of higher education in this state in order to encourage students to become educated, informed, and responsible members of society.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:

(1) Student editors of school-sponsored media are responsible for determining the news, opinion, feature, and advertising content of the media subject to the limitations of subsection (2) of this section. This subsection does not prevent a student media adviser from teaching professional standards of English and journalism to the student journalists. A student media adviser may not be terminated, transferred, removed, or otherwise disciplined for complying with this section.

(2) School officials may only prohibit student expression that:

(a) Is libelous or slanderous;

(b) Is an unwarranted invasion of privacy;

(c) Violates federal or state laws, rules, or regulations;

or

(iii) The material and substantial disruption of the orderly operation of the school. A school official must base a forecast of material and substantial disruption on specific facts, including past experience in the school and current events influencing student behavior, and not on undifferentiated fear or apprehension; or

(g) Is in violation of the federal communications act or applicable federal communication commission rules or regulations.

(3) Political expression by students in school-sponsored media shall not be deemed the use of public funds for political purposes, for purposes of the prohibitions of RCW 42.17A.550.

(4) Any student, individually or through his or her parent or guardian, enrolled in a public high school may file an appeal of any alleged violation of subsection (1) of this section pursuant to chapter 28A.645 RCW.

Neither a school official nor the governing board of the school or school district may be held responsible in any civil or criminal action for any expression made or published by students in school-sponsored media.

(6) Each school district that includes a high school shall adopt a written student freedom of expression policy in accordance with this section. The policy may include reasonable provisions for the time, place, and manner of student expression.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "School-sponsored media" means any matter that is prepared, substantially written, published, or broadcast by student journalists, that is distributed or generally made available, either free of charge or for a fee, to members of the student body, and that is prepared under the direction of a student media adviser. "School-sponsored media" does not include media that is intended for distribution or transmission solely in the classrooms in which they are produced.

(b) "Student journalist" means a student who gathers, compiles, writes, edits, photographs, records, or prepares information for dissemination in school-sponsored media.

(c) "Student media adviser" means a person who is employed, appointed, or designated by the school to supervise, or provide instruction relating to, school-sponsored media.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Students at institutions of higher education have the right to exercise freedom of speech and of the press in school-sponsored media, whether or not the media are supported financially by the school or by use of school facilities, or are produced in conjunction with a class. All school-sponsored media produced primarily by students at an institution of higher education are public forums for expression by the student journalists and student editors at the particular institution. Student media, whether school-sponsored or nonschool sponsored, are not subject to mandatory prior review by school officials.

(2) Student editors of school-sponsored media are responsible for determining the news, opinion, feature, and advertising

content of the media. This subsection does not prevent a student media adviser from teaching professional standards of English and journalism to the student journalists. A student media adviser may not be terminated, transferred, removed, or otherwise disciplined for refusing to suppress the protected free expression rights of student journalists.

(3) Nothing in this section may be interpreted to authorize expression by students that:

- (a) Is libelous or slanderous;
- (b) Constitutes an unwarranted invasion of privacy;
- (c) Violates the federal communications act or any rule or regulation of the federal communications commission; or

(d) So incites students as to create a clear and present danger of:

- (i) The commission of unlawful acts on school premises;
- (ii) The violation of lawful school regulations, policies, or procedures; or

(iii) The material and substantial disruption of the orderly operation of the school. A school official must base a forecast of material and substantial disruption on specific facts, including past experience in the school and current events influencing student behavior, and not on undifferentiated fear or apprehension.

(4) Any student enrolled in an institution of higher education may commence a civil action to obtain appropriate injunctive and declaratory relief as determined by a court for a violation of subsection (1) of this section by the institution of higher education. Upon a motion, a court may award reasonable attorneys' fees to a prevailing plaintiff in a civil action brought under this section.

(5) Expression made by students in school-sponsored media is not the expression of school policy. Neither a school official nor the governing board of any institution of higher education may be held responsible in any civil or criminal action for any expression made or published by students in school-sponsored media unless school officials or the governing board have interfered with or altered the content of the student expression.

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "School-sponsored media" means any matter that is prepared, substantially written, published, or broadcast by student journalists, that is distributed or generally made available, either free of charge or for a fee, to members of the student body, and that is prepared under the direction of a student media adviser. "School-sponsored media" does not include media that is intended for distribution or transmission solely in the classrooms in which they are produced.

(b) "Student journalist" means a student who gathers, compiles, writes, edits, photographs, records, or prepares information for dissemination in school-sponsored media.

(c) "Student media adviser" means a person who is employed, appointed, or designated by the school to supervise, or provide instruction relating to, school-sponsored media.

NEW SECTION. Sec. 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

Correct the title.

The board shall correspond with the Pacific pilotage authority from time to time to ensure the provisions of this section are enforced. If any exempted vessel does not comply with these provisions it shall be deemed to be in violation of this section and subject to the penalties provided in RCW 88.16.150 as now or hereafter amended and liable to pilotage fees as determined by the board. Any pilot, person, firm, corporation or association violating the provisions of this section shall be guilty of a misdemeanor and shall be punished pursuant to RCW 88.16.150 as now or hereafter amended, said prosecution to be conducted by the attorney general or the prosecuting attorney of any county wherein the offense or any part thereof was committed.

Sec. 6. RCW 88.16.130 and 2013 c 23 s 533 are each amended to read as follows:

Any person not holding a license as pilot under the provisions of this chapter who pilots any vessel subject to the provisions of this chapter on waters covered by this chapter shall pay to the board the pilotage rates ~~((payable under the provisions of this chapter))~~ established by the utilities and transportation commission under sections 7 through 12 of this act. Any master or owner of a vessel required to employ a pilot licensed under the provisions of this chapter who refuses to do so when such a pilot is available shall be punished pursuant to RCW 88.16.150 as now or hereafter amended and shall be imprisoned in the county jail of the county wherein he or she is so convicted until said fine and the costs of his or her prosecution are paid.

(3) The commission shall ensure that the tariffs provide rates that are fair, just, reasonable, and sufficient for the provision of pilotage services.

(4) In setting tariffs, the commission may fix extra compensation for extra services to vessels in distress, for awaiting vessels, for all vessels in direct transit to or from a Canadian port where Puget Sound pilotage is required for a portion of the voyage, or for being carried to sea on vessels against the will of the pilot, and for such other services as may be determined by the board. In setting tariffs, the commission must include a tariff surcharge to fund the stipend the board of pilotage commissioners is authorized to pay to pilot trainees and to use in its pilot training program under RCW 88.16.035. As an element of the Puget Sound pilotage district tariff, the commission may consider pilot retirement expenses incurred in the prior year in the Puget Sound pilotage district. (5) In exercising duties under this section, the commission may:

MESSAGE FROM THE HOUSE

February 27, 2018

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5522 with the following amendment(s): 5522-S AMH ELHS H4847.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that on February 12, 2014, the body of a newborn girl was found near the side of a road in North Bend, Washington, wrapped in a blanket. The newborn was less than half a mile away from Snoqualmie valley hospital, a location where infants can be safely and anonymously surrendered under Washington state's safety of newborn children law. The legislature further finds that while national estimates are that safe surrender laws across the country have saved well over one thousand infants in the past decade, surprisingly little is known about how many abandonment incidents occur and how many could have been or have been prevented through safe surrender laws.

The legislature further finds that no newborn should be abandoned to die alone and hungry as its first and only exposure to the world, any life that can be saved under the safety of the newborn children law is worth saving, and understanding the characteristics of newborn abandonment and knowing when and where they occur is crucial for developing effective public awareness strategies to make caregivers aware of the state's safe surrender option. The legislature further finds that while existing state law requires persons receiving infants under the safety of newborn children law to notify child protective services, which is situated within the Washington state department of social and health services children's administration, within twenty-four hours, there is no statutory requirement for the department of social and health services to report data on surrendered newborns. The legislature therefore intends to require the department of social and health services to provide consistent tracking and

(d) A federally designated rural health clinic is not required to provide ongoing medical care of a transferred newborn beyond that already required by law and may transfer the newborn to a hospital licensed under chapter 70.41 RCW. The federally designated rural health clinic shall notify child protective services of the transfer of the newborn to the hospital.

(e) A hospital, federally designated rural health clinic, or fire station, its employees, volunteers, and medical staff are immune from any criminal or civil liability for accepting or receiving a newborn under this section.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) The compact of free association (COFA) islands, which consists of the Republic of Palau, the Republic of the Marshall Islands, and the Federated States of Micronesia, has had a long-standing relationship with the United States;

(b) The relationship between the COFA islands and the United States includes economic development and a military presence in the islands;

(c) The region served as a testing ground for atmospheric nuclear weapons between 1946 and 1957, which resulted in past and current inhabitants being exposed to nuclear fallout;

(d) Residents of the COFA islands are allowed to enter the United States without work permits or visas where they live, study, work, serve in the military, and pay state and federal taxes,

but are ineligible for federal health programs like medicaid and medicare; and

(e) This ineligibility for federal health programs has exacerbated barriers to health care access for this population, which has led to poorer health outcomes and increased, long-term costs on the health care system as a whole.

(2) The legislature therefore intends to increase access to health care services for COFA islanders residing in Washington by providing premium and cost-sharing assistance for health coverage purchased through the health benefit exchange.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Advance premium tax credit" means the premium assistance amount determined in accordance with the affordable care act.

(3) "Authority" means the Washington state health care authority.

(4) "COFA citizen" means a person who is a citizen of:

(8) "Open enrollment period" means the period during which a person may enroll in a qualified health plan.

(9) "Out-of-pocket costs" means copayments, coinsurance, deductibles, and other cost-sharing requirements imposed under a qualified health plan for services, pharmaceuticals, devices, and other health benefits that are covered by the plan and rendered by in-network providers.

(10) "Premium cost" means an individual's premium for a qualified health plan less the amount of the individual's advance premium tax credit.

(11) "Qualified health plan" means a health benefit plan sold through the health benefit exchange.

(12) "Resident" means a person who is domiciled in this state.

(13) "Special enrollment period" means a period during which a person who has not done so during the open enrollment period may enroll in a qualified health plan through the exchange if the person meets specified requirements.

NEW SECTION. Sec. 3. (1) An individual is eligible for the COFA premium assistance program if the individual:

- (a) Is a resident;
- (b) Is a COFA citizen;
- (c) Enrolls in a silver qualified health plan;
- (d) Has income that is less than one hundred thirty-three percent of the federal poverty level; and
- (e) Is ineligible for a federal or state medical assistance program administered by the authority under chapter 74.09 RCW.

(3) The authority may disqualify a participant from the program if the participant:

(e) Performs an act, practice, or omission that constitutes fraud, and, as a result, an insurer rescinds the participant's policy for the qualified health plan.

(4) The authority shall establish:

(a) Application, enrollment, and renewal processes for the COFA premium assistance program;

(b) The qualified health plans that are eligible for reimbursement under the program;

(c) Procedural requirements for continued participation in the program, including participant documentation requirements that are necessary for the authority to administer the program;

"NEW SECTION. Sec. 1. The legislature finds that medicaid provider fraud and the abuse and neglect of persons in nursing facilities, adult family homes, and long-term care services present a serious risk of harm to the people of the state of Washington in general and to vulnerable adults in particular. The legislature intends with this chapter to enable the medicaid fraud control unit within the office of the attorney general to achieve its

Sec. 1396b(q)(4) where authority is granted by the federal government, and other federal health care program fraud as set forth in 42 U.S.C. Sec. 1396b(q).

(4) The medicaid fraud control unit shall cooperate with federal and local investigators and prosecutors in coordinating local, state, and federal investigations and prosecutions involving fraud in the provision or administration of medical assistance, goods or services pursuant to medicaid, medicaid managed care, abuse and neglect matters as enumerated in 42 U.S.C. Sec. 1396b(q)(4), or medicare where such authority is obtained from the federal government, and provide those federal officers with any information in its possession regarding such an investigation or prosecution.

(5) The medicaid fraud control unit shall protect the privacy of patients and establish procedures to ensure confidentiality for all records, in accordance with state and federal laws, including but not limited to chapter 70.02 RCW and the federal health insurance portability and accountability act.

(6) The attorney general may appoint medicaid fraud control investigators to detect, investigate, and apprehend when it appears that a violation of criminal law relating to medicaid fraud, medicaid managed care fraud, medicare fraud, or abuse and neglect matters as enumerated in 42 U.S.C. Sec. 1396b(q)(4) has been or is about to be committed and specify the extent and limitations of the investigators' duties and authority in carrying out the limited scope and purposes of this chapter.

(7) The department of social and health services or law enforcement agencies that receive mandatory reports under RCW 74.34.035 may share such reports in a timely manner with the medicaid fraud control unit within the office of the attorney general.

MESSAGE FROM THE HOUSE

March 2, 2018

MR. PRESIDENT:

The House passed ENGROSSED FOURTH SUBSTITUTE SENATE BILL NO. 5251 with the following amendment(s): 5251-S4.E AMH CDHT H4949.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. FINDINGS AND PURPOSE.

(1) The legislature finds that the tourism industry is the fourth largest economic sector in the state of Washington and provides general economic benefit to the state. Since 2011 there have been minimal general funds committed to statewide tourism marketing and Washington is the only state without a state-funded tourism marketing program. Before 2011, the amount of funds appropriated to statewide tourism marketing was not significant and, in fact, Washington ranked forty-eighth in state tourism funding. Washington has significant attractions and activities for tourists, including many natural outdoor assets that draw visitors to mountains, waterways, parks, and open spaces. There should be a program to publicize these assets and activities to potential out-of-state visitors that is implemented in an expeditious manner by tourism professionals in the private sector.

(2) The purpose of this act is to establish the framework and funding for a statewide tourism marketing program. The program needs to have a structure that includes significant, stable, long-term funding, and it should be implemented and managed by the tourism industry. The source of funds should be from major sectors of the tourism industry with government assistance in collecting these funds and providing accountability for their expenditure. The dedicated sales tax authorized for contributions made in this chapter will bring direct benefits to those making

contributions by bringing more tourists into the state who will patronize the participating businesses and create economic benefit for the state.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the Washington tourism marketing authority created in section 3 of this act.

(2) "Board" means the Washington tourism marketing authority board of directors.

(3) "Department" means the department of commerce.

(4) "Director" means the director of the department of commerce.

(5) "Statewide tourism marketing account" means the account created pursuant to section 5 of this act.

NEW SECTION. Sec. 3. WASHINGTON TOURISM MARKETING AUTHORITY—ESTABLISHED. (1) The Washington tourism marketing authority is established as a public body constituting an instrumentality of the state of Washington.

(2) The authority is responsible for contracting for statewide tourism marketing services that promote tourism on behalf of the citizens of the state, and for managing the authority's financial resources.

(3) The department provides administrative assistance to the authority and serves as the fiscal agent of the authority for moneys appropriated for purposes of the authority.

(4) The authority must create a private local account to receive nonstate funds and state funds, other than general fund state funds, contributed to the authority for purposes of this chapter.

NEW SECTION. Sec. 4. BOARD OF DIRECTORS AND ADVISORY COMMITTEE. (1) The authority must be governed by a board of directors. The board of directors must consist of:

(a) Two members and two alternates from the house of representatives, with one member and one alternate appointed from each of the two major caucuses of the house of representatives by the speaker of the house of representatives;

(b) Two members and two alternates from the senate, with one member and one alternate appointed from each of the two major caucuses of the senate by the president of the senate; and

(c) Nine representatives with expertise in the tourism industry and related businesses including, but not limited to, hotel, restaurant, outdoor recreation, attractions, retail, and rental car businesses appointed by the governor.

(2) The initial membership of the authority must be appointed as follows:

(a) By May 1, 2018, the speaker of the house of representatives and the president of the senate must each submit to the governor a list of ten nominees who are not legislators or employees of the state or its political subdivisions, with no caucus submitting the same nominee;

(b) The nominations from the speaker of the house of representatives must include at least one representative from the restaurant industry; one representative from the rental car industry; and one representative from the retail industry;

(c) The nominations from the president of the senate must include at least one representative from the hotel industry; one representative from the attractions industry; and one representative from the outdoor recreation industry; and

(d) The remaining member appointed by the governor must have a demonstrated expertise in the tourism industry.

(3) By July 1, 2018, the governor must appoint four members from each list submitted by the speaker of the house of representatives and the president of the senate under subsection

(2)(a) through (c) of this section and one member under subsection (2)(d) of this section. Appointments by the governor must reflect diversity in geography, size of business, gender, and ethnicity. No county may have more than two appointments and no city may have more than one appointment.

(4) There must be a nonvoting advisory committee to the board. The advisory committee must consist of:

(a) One ex officio representative from the department, state parks and recreation commission, department of transportation, and other state agencies as the authority deems appropriate; and

(b) One member from a federally recognized Indian tribe appointed by the director of the department.

(5) The initial appointments under subsections (1) and (2) of this section must be appointed by the governor to terms as follows: Four members for two-year terms; four members for three-year terms; and five members for four-year terms, which must include the chair. After the initial appointments, all appointments must be for four years.

possession of a firearm counted as part of the offender score under RCW 9.94A.525 and the individual has completed all conditions of the sentence.

(6) Nothing in chapter 129, Laws of 1995 shall ever be construed or interpreted as preventing an offender from being charged and subsequently convicted for the separate felony crimes of theft of a firearm or possession of a stolen firearm, or both, in addition to being charged and subsequently convicted under this section for unlawful possession of a firearm in the first or second degree. Notwithstanding any other law, if the offender is convicted under this section for unlawful possession of a firearm in the first or second degree and for the felony crimes of theft of a firearm or possession of a stolen firearm, or both, then the offender shall serve consecutive sentences for each of the felony crimes of conviction listed in this subsection.

MESSAGE FROM THE HOUSE

February 28, 2018

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5991 with the following amendment(s): 5991-S AMH SEIT H4917.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** This act may be known and cited as the democracy is strengthened by casting light on spending in elections act of 2018 or the Washington state DISCLOSE act of 2018.

NEW SECTION. **Sec. 2.** The legislature finds that the public has the right to know who is contributing to election campaigns in Washington state and that campaign finance disclosure deters corruption, increases public confidence in Washington state elections, and strengthens representative democracy.

The legislature finds that campaign finance disclosure is overwhelmingly supported by the citizens of Washington state as evidenced by the two initiatives that largely established Washington's current campaign finance system. Both passed with over seventy-two percent of the popular vote, as well as winning margins in every county in the state.

The legislature finds that nonprofit organizations are increasingly engaging in campaign activities in Washington state and across the country, including taking a more active role in contributing to candidate and ballot proposition campaigns. In some cases, these activities are occurring without adequate public disclosure due to loopholes in campaign finance regulations.

The legislature finds that many nonprofit organizations wish to use the provisions of current law to anonymously contribute to campaign activity, frustrating the purposes of public disclosure laws.

Therefore, the legislature intends to increase transparency and accountability, deter corruption, and strengthen confidence in the election process by closing campaign finance disclosure loopholes and requiring the disclosure of contributions and expenditures by nonprofit organizations that participate significantly in Washington state elections.

Sec. 3. RCW 42.17A.005 and 2011 c 145 s 2 and 2011 c 60 s 19 are each reenacted and amended to read as follows:

(53) "Survey" has the same meaning as defined in RCW 58.09.020.

(54) "Tangible medium" means a writing, copy of a writing, facsimile, or a physical reproduction, each on paper or on other tangible material.

(55) "Timeshare" has the same meaning as defined in RCW 64.36.010.

(56) "Transition meeting" means the meeting held pursuant to section 304(4) of this act.

(57)(a) "Unit" means a physical portion of the common interest community designated for separate ownership or occupancy, the boundaries of which are described pursuant to section 206(1)(d) of this act.

(b) If a unit in a cooperative is owned by a unit owner or is sold, conveyed, voluntarily or involuntarily encumbered, or otherwise transferred by a unit owner, the interest in that unit that is owned, sold, conveyed, encumbered, or otherwise transferred is the right to possession of that unit under a proprietary lease, coupled with the allocated interests of that unit, and the association's interest in that unit is not affected.

(c) Except as provided in the declaration, a mobile home or manufactured home for which title has been eliminated pursuant to chapter 65.20 RCW is part of the unit described in the title elimination documents.

(58)(a) "Unit owner" means (i) a declarant or other person that owns a unit or (ii) a lessee of a unit in a leasehold common interest community whose lease expires simultaneously with any lease the expiration or termination of which will remove the unit from the common interest community, but does not include a person having an interest in a unit solely as security for an obligation.

(b) "Unit owner" also means the vendee, not the vendor, of a unit under a recorded real estate contract.

(c) In a condominium, plat community, or miscellaneous community, the declarant is the unit owner of any unit created by the declaration. In a cooperative, the declarant is treated as the unit owner of any unit to which allocated interests have been allocated until that unit has been conveyed to another person.

(59) "Useful life" means the estimated time during which a reserve component is expected to perform its intended function without major maintenance, repair, or replacement.

(60) "Writing" does not include an electronic transmission.

(61) "Written" means embodied in a tangible medium.

NEW SECTION. Sec. 103. NO VARIATION BY AGREEMENT. Except as expressly provided in this chapter, the effect of the provisions of this chapter may not be varied by agreement, and rights conferred by this chapter may not be waived. Except as provided otherwise in section 123 of this act, a declarant may not act under a power of attorney, or use any other device, to evade the limitations or prohibitions of this chapter or the declaration.

NEW SECTION. Sec. 104. SEPARATE TITLES AND TAXATION. (1) In a cooperative, unless the declaration provides that a unit owner's interest in a unit and its allocated interests is real estate for all purposes, that interest is personal property.

(2) In a condominium, plat community, or miscellaneous community, if there is any unit owner other than a declarant:

(a) Each unit that has been created, together with its interest in the common elements, constitutes for all purposes a separate parcel of real estate; and

(b) Each unit together with its interest in the common elements must be separately taxed and assessed.

(3) If a development right has an ascertainable market value, the development right constitutes a separate parcel of real estate for property tax purposes and must be separately taxed and assessed to the declarant, and the declarant alone is liable for payment of those taxes.

(4) If there is no unit owner other than a declarant, the real estate comprising the common interest community may be taxed and assessed in any manner provided by law.

NEW SECTION. Sec. 105. APPLICABILITY OF LOCAL ORDINANCES, REGULATIONS, AND BUILDING CODES. (1) A building, fire, health, or safety statute, ordinance, or regulation may not impose any requirement upon any structure in a common interest community that it would not impose upon a physically identical development under a different form of ownership.

(2) A zoning, subdivision, or other land use statute, ordinance, or regulation may not prohibit the condominium or cooperative form of ownership or impose any requirement upon a condominium or cooperative that it would not impose upon a physically identical development under a different form of ownership.

(3) Chapter 58.17 RCW does not apply to the creation of a condominium or a cooperative. This chapter must not be construed to permit the creation of a condominium or cooperative on a lot, tract, or parcel of land that could not be sold or transferred without violating chapter 58.17 RCW.

(4) Except as provided in subsections (1), (2), and (3) of this section, this chapter does not invalidate or modify any provision of any building, zoning, subdivision, or other statute, ordinance, rule, or regulation governing the use of real estate.

(5) This section does not prohibit a county legislative authority from requiring the review and approval of declarations and amendments to declarations and of termination agreements executed pursuant to section 219(2) of this act by the county assessor solely for the purpose of allocating the assessed value and property taxes. The review by the assessor must be done in a reasonable and timely manner.

NEW SECTION. Sec. 106. EMINENT DOMAIN. (1) If a unit is acquired by condemnation or part of a unit is acquired by condemnation leaving the unit owner with a remnant that may not practically or lawfully be used for any purpose permitted by the declaration, the award must include compensation to the unit owner for that unit and its allocated interests, whether or not any common elements are acquired. Upon acquisition, unless the decree otherwise provides, that unit's allocated interests are automatically reallocated to the remaining units in proportion to the respective allocated interests of those units before the taking, and the association must promptly prepare, execute, and record an amendment to the declaration reflecting the reallocations. Any remnant of a unit remaining after part of a unit is taken under this subsection is thereafter a common element.

(2) Except as provided in subsection (1) of this section, if part of a unit is acquired by condemnation, the award must compensate the unit owner for the reduction in value of the unit and its interest in the common elements, whether or not any common elements are acquired. Upon acquisition, unless the decree provides otherwise:

(a) That unit's allocated interests are reduced in proportion to the reduction in the size of the unit, or on any other basis specified in the declaration; and

(b) The portion of the allocated interests divested from the partially acquired unit are automatically reallocated to that unit and to the remaining units in proportion to the respective allocated interests of those units before the taking, with the partially acquired unit participating in the reallocation on the basis of its reduced allocated interests.

(3)(a) If part of the common elements is acquired by condemnation, the portion of the award attributable to the common elements taken must be paid to the association. A court

may award damages to a unit owner or owners for particular damage to the owner's units arising from condemnation.

(b) Unless the declaration or the decree provides otherwise, any portion of the award attributable to the acquisition of a limited common element must be equally divided among the owners of the units to which that limited common element was allocated at the time of acquisition.

(4) The decree must be recorded in every county in which any portion of the common interest community is located.

NEW SECTION. Sec. 107. SUPPLEMENTAL GENERAL PRINCIPLES OF LAW APPLICABLE. The principles of law and equity, including the law of corporations and any other form of organization authorized by the law of this state and unincorporated associations, the law of real estate, and the law relative to the capacity to contract, principal and agent, eminent domain, estoppel, fraud, misrepresentation, duress, coercion, mistake, receivership, substantial performance, or other validating or invalidating cause supplement this chapter, except to the extent inconsistent with this chapter.

NEW SECTION. Sec. 108. CONSTRUCTION AGAINST IMPLICIT REPEAL. This chapter is intended as a unified coverage of its subject matter and no part of it must be construed to be impliedly repealed by subsequent legislation if that construction can reasonably be avoided.

NEW SECTION. Sec. 109. UNIFORMITY OF APPLICATION AND CONSTRUCTION. This chapter must be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

NEW SECTION. Sec. 110. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 111. UNCONSCIONABLE AGREEMENT OR TERM OF CONTRACT. (1) The court, upon finding as a matter of law that a contract or contract clause was unconscionable at the time the contract was made, may refuse to enforce the contract, enforce the remainder of the contract without the unconscionable clause, or limit the application of any unconscionable clause to avoid an unconscionable result.

(2) Whenever it is claimed, or appears to the court, that a contract or any contract clause is or may be unconscionable, the parties, to aid the court in making the determination, must be afforded a reasonable opportunity to present evidence as to:

(a) The commercial setting of the negotiations;

(b) Whether a party has knowingly taken advantage of the inability of the other party reasonably to protect his or her interests by reason of physical or mental infirmity, illiteracy, inability to understand the language of the agreement, or similar factors;

(c) The effect and purpose of the contract or clause; and

(d) If a sale, any gross disparity at the time of contracting between the amount charged for the property and the value of that property measured by the price at which similar property was readily obtainable in similar transactions. A disparity between the contract price and the value of the property measured by the price at which similar property was readily obtainable in similar transactions does not, of itself, render the contract unconscionable.

NEW SECTION. Sec. 112. OBLIGATION OF GOOD FAITH. Every contract or duty governed under this chapter

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

imposes an obligation of good faith in its performance or enforcement.

NEW SECTION. Sec. 113. REMEDIES TO BE LIBERALLY ADMINISTERED. The remedies provided under this chapter must be liberally administered to the end that the aggrieved party is put in as good a position as if the other party had fully performed. However, consequential, special, or punitive damages may not be awarded except as specifically provided in this chapter or by other rule of law.

NEW SECTION. Sec. 114. ADJUSTMENT OF DOLLAR AMOUNTS. (1) From time to time the dollar amount specified in sections 116 and 409(2) of this act must change, as provided in subsections (2) and (3) of this section, according to and to the extent of changes in the consumer price index for urban wage earners and clerical workers: U.S. city average, all items 1967 = 100, compiled by the bureau of labor statistics, United States department of labor, (the "index"). The index for December 1979, which was 230, is the reference base index.

(2) The dollar amounts specified in sections 116 and 409(2) of this act and any amount stated in the declaration pursuant to sections 116 and 409(2) of this act must change on July 1st of each year if the percentage of change, calculated to the nearest whole percentage point, between the index at the end of the preceding year and the reference base index, is ten percent or more, but: (a) The portion of the percentage change in the index in excess of a multiple of ten percent must be disregarded and the dollar amount may only change in multiples of ten percent of the amount appearing in this chapter on the effective date of this section; (b) the dollar amount must not change if the amount required under this section is that currently in effect pursuant to this chapter as a result of earlier application of this section; and (c) the dollar amount must not be reduced below the amount appearing in this chapter on the effective date of this section.

(3) If the index is revised after December 1979, the percentage of change pursuant to this section must be calculated on the basis of the revised index. If the revision of the index changes the reference base index, a revised reference base index must be determined by multiplying the reference base index then applicable by the rebasing factor furnished by the bureau of labor statistics. If the index is superseded, the index referred to in this section is the one represented by the bureau of labor statistics as reflecting most accurately the changes in the purchasing power of the dollar for consumers.

NEW SECTION. Sec. 115. RELATION TO ELECTRONIC SIGNATURES IN GLOBAL AND NATIONAL COMMERCE ACT. This chapter modifies, limits, and supersedes the federal electronic signatures in global and national commerce act, 15 U.S.C. Sec. 7001 et seq., but does not modify, limit, or supersede 15 U.S.C. Sec. 7001(c) or authorize electronic delivery of any of the notices described in 15 U.S.C. Sec. 7003(b).

NEW SECTION. Sec. 116. APPLICABILITY TO NEW COMMON INTEREST COMMUNITIES. (1) Except as provided otherwise in this section, this chapter applies to all common interest communities created within this state after the effective date of this section. Chapters 59.18, 64.32, 64.34, and 64.38 RCW do not apply to common interest communities created after the effective date of this section.

(2) Unless the declaration provides that this entire chapter is applicable, a plat community or miscellaneous community that is not subject to any development right is subject only to sections 104, 105, and 106 of this act, if the community: (a) Contains no more than twelve units; and (b) provides in its declaration that the annual average assessment of all units restricted to residential

purposes, exclusive of optional user fees and any insurance premiums paid by the association, may not exceed three hundred dollars, as adjusted pursuant to section 114 of this act.

(3) The exemption provided in subsection (2) of this section applies only if:

(a) The declarant reasonably believes in good faith that the maximum stated assessment will be sufficient to pay the expenses of the association for the community; and

(b) The declaration provides that the assessment may not be increased above the limitation in subsection (2) of this section prior to the transition meeting without the consent of unit owners, other than the declarant, holding ninety percent of the votes in the association.

NEW SECTION. Sec. 117. APPLICABILITY TO PREEXISTING COMMON INTEREST COMMUNITIES. (1) Except for a nonresidential common interest community described in section 121 of this act, sections 120 and 326 of this act apply, and any inconsistent provisions of chapter 59.18, 64.32, 64.34, or 64.38 RCW do not apply, to a common interest community created in this state before the effective date of this section.

(2) Except to the extent provided in this subsection, the sections listed in subsection (1) of this section apply only to events and circumstances occurring after the effective date of this section and do not invalidate existing provisions of the governing documents of those common interest communities. To protect the public interest, sections 120 and 326 of this act supersede existing provisions of the governing documents of all plat communities and miscellaneous communities previously subject to chapter 64.38 RCW.

NEW SECTION. Sec. 118. APPLICABILITY OF AMENDMENTS TO NEW COMMON INTEREST COMMUNITIES. Amendments to this chapter apply to all common interest communities except those that (1) were created prior to the effective date of this section and (2) have not subsequently amended their governing documents to provide that this chapter will apply to the common interest community pursuant to section 120 of this act.

NEW SECTION. Sec. 119. APPLICABILITY OF PRIOR CONDOMINIUM STATUTES. Chapter 64.32 RCW does not apply to condominiums created after July 1, 1990, and chapter 64.34 RCW does not apply to condominiums created after the effective date of this section.

NEW SECTION. Sec. 120. ELECTION OF PREEXISTING COMMON INTEREST COMMUNITIES TO BE GOVERNED BY THIS CHAPTER. (1) The declaration of any common interest community created before the effective date of this section may be amended to provide that this chapter will apply to the common interest community, regardless of what applicable law provided before this act was adopted.

(2) Except as provided otherwise in subsection (3) of this section or in section 218 (9), (10), or (11) of this act, an amendment to the governing documents authorized under this section must be adopted in conformity with any procedures and requirements for amending the instruments specified by those instruments and in conformity with the amendment procedures of this chapter. If the governing documents do not contain provisions authorizing amendment, the amendment procedures of this chapter apply. If an amendment grants to a person a right, power, or privilege permitted under this chapter, any correlative obligation, liability, or restriction in this chapter also applies to the person.

(3) Notwithstanding any provision in the governing documents of a common interest community that govern the procedures and requirements for amending the governing documents, an amendment under subsection (1) of this section may be made as follows:

(a) The board shall propose such amendment to the owners if the board deems it appropriate or if owners holding twenty percent or more of the votes in the association request such an amendment in writing to the board;

(b) Upon satisfaction of the foregoing requirements, the board shall prepare a proposed amendment and shall provide the owners with a notice in a record containing the proposed amendment and at least thirty days' advance notice of a meeting to discuss the proposed amendment;

(c) Following such meeting, the board shall provide the owners with a notice in a record containing the proposed amendment and a ballot to approve or reject the amendment;

(d) The amendment shall be deemed approved if owners holding at least thirty percent of the votes in the association participate in the voting process, and at least sixty-seven percent of the votes cast by participating owners are in favor of the proposed amendment.

NEW SECTION. Sec. 121. APPLICABILITY TO NONRESIDENTIAL AND MIXED-USE COMMON INTEREST COMMUNITIES. (1) A plat community, miscellaneous community, or cooperative in which all the units are restricted exclusively to nonresidential use is not subject to this chapter except to the extent the declaration provides that:

(a) This entire chapter applies to the community;

(b) Sections 101 through 226 of this act apply to the community; or

(c) Only sections 104, 105, and 106 of this act apply to the community.

(2) A condominium in which all the units are restricted exclusively to nonresidential use is subject to this chapter, but the declaration may provide that only sections 101 through 226 of this act apply to the community.

(3) If this entire chapter applies to a common interest community in which all the units are restricted exclusively to nonresidential use, the declaration may also require, subject to section 111 of this act, that:

(a) Any management, maintenance, operations, or employment contract, lease of recreational or parking areas or facilities, and any other contract or lease between the association and a declarant or an affiliate of a declarant continues in force after the declarant turns over control of the association; and

(b) Purchasers of units must execute proxies, powers of attorney, or similar devices in favor of the declarant regarding particular matters enumerated in those instruments.

(4) A common interest community that contains both units restricted to nonresidential purposes and units that may be used for residential purposes is not subject to this chapter unless the units that may be used for residential purposes would comprise a common interest community subject to this chapter in the absence of such nonresidential units or the declaration provides that this chapter applies as provided in subsection (2) or (3) of this section.

NEW SECTION. Sec. 122. APPLICABILITY TO OUT-OF-STATE COMMON INTEREST COMMUNITIES. This chapter does not apply to a common interest community located outside this state.

NEW SECTION. Sec. 123. OTHER EXEMPT REAL ESTATE ARRANGEMENTS. (1) An arrangement between the associations for two or more common interest communities to share the costs of real estate taxes, insurance premiums, services,

maintenance or improvements of real estate, or other activities specified in their arrangement or declarations does not create a separate common interest community.

(2) An arrangement between an association for a common interest community and the owner of real estate that is not part of a common interest community to share the costs of real estate taxes, insurance premiums, services, maintenance or improvements of real estate, or other activities specified in their arrangement does not create a separate common interest community. However, costs payable by the common interest community as a result of the arrangement must be included in the periodic budget for the common interest community, and the arrangement must be disclosed in all public offering statements and resale certificates required under this chapter.

(3) Except for a cooperative, a lease in which the tenant is obligated to share the costs of real estate taxes, insurance premiums, services, maintenance or improvements of real estate, or other activities specified in an arrangement does not create a separate common interest community.

NEW SECTION. Sec. 124. OTHER EXEMPT COVENANTS. An easement or covenant that requires the owners of separately owned parcels of real estate to share costs or other obligations associated with a party wall, driveway, well, or other similar use does not create a common interest community.

II. CREATION, ALTERATION, AND TERMINATION OF COMMON INTEREST COMMUNITIES

NEW SECTION. Sec. 201. CREATION OF COMMON INTEREST COMMUNITIES. (1)(a) A common interest community may be created under this chapter only by (i) recording a declaration executed in the same manner as a deed, and (ii) recording a map pursuant to section 210(3) of this act, and (iii) with respect to a cooperative, conveying the real estate subject to that declaration to the association.

(b) The declaration and map must be recorded in every county in which any portion of the common interest community is located. The name of a condominium must not be identical to the name of any other existing condominium or plat community, whether created under this chapter or chapter 64.32 or 64.34 RCW, in any county in which the condominium is located.

(2) A declaration or an amendment to a declaration adding units to a common interest community other than a plat community may not be recorded unless a certification required under section 210(6) (a) or (b) of this act regarding the map is also recorded.

(3)(a) Except as provided otherwise in the declaration or map, if, in a common interest community other than a condominium or cooperative, real estate described as a common element in the declaration or map is not conveyed to the association or expressly dedicated in the declaration or map to the unit owners as tenants in common, that real estate is deemed to be conveyed to the association at the time the first unit is conveyed, subject to the authority and jurisdiction of the association and subject to development rights, if any, reserved in the declaration.

(b) Except as provided otherwise in the declaration or map, in the event of the dissolution of an association, any real estate owned by the association vests in the unit owners as tenants in common with each unit owner's interest being determined in accordance with the provisions of section 219 of this act regarding a termination of the common interest community.

NEW SECTION. Sec. 202. RESERVATION OF NAME. Upon the filing of a written request with the county office in which the declaration is to be recorded, using a form of written request as may be required by the county office and paying a fee as the county office may establish not in excess of fifty dollars, a

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

person may reserve the exclusive right to use a particular name for a condominium to be created in that county. The reserved name must not be identical to any other condominium or plat community located in that county. The name reservation expires unless within three hundred sixty-five days from the date on which the name reservation is filed the person reserving that name either records a declaration using the reserved name or files a new name reservation request.

NEW SECTION. Sec. 203. UNIT BOUNDARIES. (1) Except as provided by the declaration or, in the case of a plat community or miscellaneous community, by the map:

(a) If walls, floors, or ceilings are designated as boundaries of a unit, all lath, furring, wallboard, plasterboard, plaster, paneling, tiles, wallpaper, paint, finished flooring, and any other materials constituting any part of the finished surfaces thereof are a part of the unit, and all other portions of the walls, floors, or ceilings are a part of the common elements.

(b) If any chute, flue, duct, wire, conduit, bearing wall, bearing column, or any other fixture lies partially within and partially outside the designated boundaries of a unit, any portion thereof serving only that unit is a limited common element allocated solely to that unit, and any portion thereof serving more than one unit or any portion of the common elements is a part of the common elements.

(2) Subject to subsection (1)(b) of this section, all spaces, interior partitions, and other fixtures and improvements within the boundaries of a unit are a part of the unit.

(3) Any fireplaces, shutters, awnings, window boxes, doorsteps, stoops, porches, balconies, decks, patios, and all exterior doors and windows or other fixtures designed to serve a single unit, but located outside the unit's boundaries, are limited common elements allocated exclusively to that unit.

NEW SECTION. Sec. 204. CONSTRUCTION AND VALIDITY OF GOVERNING DOCUMENTS. (1) All provisions of the governing documents are severable. If any provision of a governing document, or its application to any person or circumstances, is held invalid, the remainder of the governing document or application to other persons or circumstances is not affected.

(2) The rule against perpetuities may not be applied to defeat any provision of the governing documents adopted pursuant to section 302(1)(a) of this act.

(3) If a conflict exists between the declaration and the organizational documents, the declaration prevails except to the extent the declaration is inconsistent with this chapter.

(4)(a) The creation of a common interest community must not be impaired and title to a unit and any common elements must not be rendered unmarketable or otherwise affected by reason of an insignificant failure of the governing documents, or any amendment to the governing documents, to comply with this chapter.

(b) This chapter does not determine whether a significant failure impairs marketability. Any unit owner, record owner of a security interest in any portion of the common interest community, or the association has standing to obtain a court order compelling the recordation of a declaration or map or adoption of organizational documents, or any appropriate amendment thereto, or to any other governing document, necessary to comply with the requirements of this chapter and to effectuate the reasonably ascertainable intent of the parties, including the intent to create a common interest community in compliance with this chapter. The failure to (i) include in the declaration or any amendment to the declaration cross-references by recording number to the map or any amendment to the map, or (ii) include in the map or any

amendment to the map cross-references by recording number to the declaration or any amendment to the declaration is deemed an insignificant failure to comply with this chapter.

NEW SECTION. Sec. 205. DESCRIPTION OF UNITS. (1) In a condominium or a cooperative, a description of a unit that sets forth the name of the common interest community, the recording data for the declaration, the county and state in which the common interest community is located, and the identifying number of the unit is a legally sufficient description of that unit and all rights, obligations, and interests appurtenant to that unit that were created by the governing documents.

(2) In a plat community or miscellaneous community, a description of a unit that sets forth the name of the common interest community, the recording data for the map, the county and state in which the common interest community is located, and the identifying number of the unit is a legally sufficient description of that unit and all rights, obligations, and interests appurtenant to that unit.

NEW SECTION. Sec. 206. CONTENTS OF DECLARATION. (1) The declaration must contain:

(a) The names of the common interest community and the association and, immediately following the initial recital of the name of the community, a statement that the common interest community is a condominium, cooperative, plat community, or miscellaneous community;

(b) A legal description of the real estate included in the common interest community;

(c) A statement of the number of units that the declarant has created and, if the declarant has reserved the right to create additional units, the maximum number of such additional units;

(d) In all common interest communities, a reference to the recorded map creating the units and common elements, if any, subject to the declaration, and in a common interest community other than a plat community, the identifying number of each unit created by the declaration, a description of the boundaries of each unit if and to the extent they are different from the boundaries stated in section 203(1)(a) of this act, and with respect to each existing unit, and if known at the time the declaration is recorded, the (i) approximate square footage, (ii) number of whole or partial bathrooms, (iii) number of rooms designated primarily as bedrooms, and (iv) level or levels on which each unit is located. The data described in this subsection (1)(d)(ii) and (iii) may be omitted with respect to units restricted to nonresidential use;

(e) A description of any limited common elements, other than those specified in section 203 (1)(b) and (2) of this act;

(f) A description of any real estate that may be allocated subsequently by the declarant as limited common elements, other than limited common elements specified in section 203 (1)(b) and (2) of this act, together with a statement that they may be so allocated;

(g) A description of any development right and any other special declarant rights reserved by the declarant, and, if the boundaries of the real estate subject to those rights are fixed in the declaration pursuant to (h)(i) of this subsection, a description of the real property affected by those rights, and a time limit within which each of those rights must be exercised;

(h) If any development right may be exercised with respect to different parcels of real estate at different times, a statement to that effect together with:

(i) Either a statement fixing the boundaries of those portions and regulating the order in which those portions may be subjected to the exercise of each development right or a statement that no assurances are made in those regards; and

(ii) A statement as to whether, if any development right is exercised in any portion of the real estate subject to that development right, that development right must be exercised in all or in any other portion of the remainder of that real estate;

(i) Any other conditions or limitations under which the rights described in (g) of this subsection may be exercised or will lapse;

(j) An allocation to each unit of the allocated interests in the manner described in section 208 of this act;

(k) Any restrictions on alienation of the units, including any restrictions on leasing that exceed the restrictions on leasing units that boards may impose pursuant to section 323(9)(c) of this act and on the amount for which a unit may be sold or on the amount that may be received by a unit owner on sale, condemnation, or casualty loss to the unit or to the common interest community, or on termination of the common interest community;

(l) A cross-reference by recording number to the map for the units created by the declaration;

(m) Any authorization pursuant to which the association may establish and enforce construction and design criteria and aesthetic standards as provided in section 322 of this act;

(n) All matters required under sections 207, 208, 209, 216, 217, and 303 of this act.

(2) All amendments to the declaration must contain a cross-reference by recording number to the declaration and to any prior amendments to the declaration. All amendments to the declaration adding units must contain a cross-reference by recording number to the map relating to the added units and set forth all information required under subsection (1) of this section with respect to the added units.

(3) The declaration may contain any other matters the declarant considers appropriate, including any restrictions on the uses of a unit or the number or other qualifications of persons who may occupy units.

NEW SECTION. Sec. 207. LEASEHOLD COMMON INTEREST COMMUNITIES. (1) Any lease the expiration or termination of which may terminate the common interest community or reduce its size, or a memorandum of the lease, must be recorded. Every lessor of these leases in a condominium, plat community, or miscellaneous community must sign the declaration. The declaration must state:

(a) The recording number of the lease or a statement of where the complete lease may be inspected;

(b) The date on which the lease is scheduled to expire;

(c) A legal description of the real estate subject to the lease;

(d) Any right of the unit owners to redeem the reversion and the manner in which those rights may be exercised, or a statement that they do not have those rights;

(e) Any right of the unit owners to remove any improvements within a reasonable or stated time after the expiration or termination of the lease, or a statement that they do not have those rights; and

(f) Any rights of the unit owners to renew the lease and the conditions of any renewal, or a statement that they do not have those rights.

(2) The declaration may provide for the collection by the association of the proportionate rents paid on the lease by the unit owners and may designate the association as the representative of the unit owners on all matters relating to the lease.

(3) After the declaration for a condominium, miscellaneous community, or plat community is recorded, neither the lessor nor the lessor's successor in interest may terminate the leasehold interest of a unit owner who makes timely payment of a unit owner's share of the rent and otherwise complies with all covenants that, if violated, would entitle the lessor to terminate the lease. A unit owner's leasehold interest in a condominium,

miscellaneous community, or plat community is not affected by failure of any other person to pay rent or fulfill any other covenant.

(4) Acquisition of the leasehold interest of any unit owner by the owner of the reversion or remainder does not merge the leasehold and fee simple interests unless the leasehold interests of all unit owners subject to that reversion or remainder are acquired and the owner of the reversion or remainder records a document confirming the merger.

(5) If the expiration or termination of a lease decreases the number of units in a common interest community, the allocated interests must be reallocated in accordance with section 106(1) of this act as though those units had been taken by condemnation. Reallocations must be confirmed by an amendment to the declaration and map prepared, executed, and recorded by the association.

NEW SECTION. Sec. 208. ALLOCATION OF ALLOCATED INTERESTS. (1) The declaration must allocate to each unit:

(a) In a condominium, a fraction or percentage of undivided interests in the common elements and in the common expenses of the association and a portion of the votes in the association;

(b) In a cooperative, an ownership interest in the association, a fraction or percentage of the common expenses of the association, and a portion of the votes in the association; and

(c) In a plat community and miscellaneous community, a fraction or percentage of the common expenses of the association and a portion of the votes in the association.

(2) The declaration must state the formulas used to establish allocations of interests. Those allocations may not discriminate in favor of units owned by the declarant or an affiliate of the declarant.

(3) If units may be added to or withdrawn from the common interest community, the declaration must state the formulas to be used to reallocate the allocated interests among all units included in the common interest community after the addition or withdrawal.

(4)(a) The declaration may provide:

(i) That different allocations of votes are made to the units on particular matters specified in the declaration;

(ii) For cumulative voting only for the purpose of electing board members; and

(iii) For class voting on specified issues affecting the class if necessary to protect valid interests of the class.

(b) A declarant may not utilize cumulative or class voting for the purpose of evading any limitation imposed on declarants under this chapter, and units do not constitute a class because they are owned by a declarant.

(5) Except for minor variations due to rounding, the sum of the common expense liabilities and, in a condominium, the sum of the undivided interests in the common elements allocated at any time to all the units must each equal one if stated as a fraction or one hundred percent if stated as a percentage. In the event of discrepancy between an allocated interest and the result derived from application of the pertinent formula, the allocated interest prevails.

(6)(a) In a condominium, the common elements are not subject to partition, and any purported conveyance, encumbrance, judicial sale, or other voluntary or involuntary transfer of an undivided interest in the common elements made without the unit to which that interest is allocated is void.

(b) In a cooperative, any purported conveyance, encumbrance, judicial sale, or other voluntary or involuntary transfer of an ownership interest in the association made without the possessory interest in the unit to which that interest is related is void.

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

NEW SECTION. Sec. 209. LIMITED COMMON ELEMENTS. (1)(a) Except for the limited common elements described in section 203 (1)(b) and (3) of this act, the declaration must specify to which unit or units each limited common element is allocated.

(b) An allocation of a limited common element may not be altered without the consent of the owners of the units from which and to which the limited common element is allocated.

(2)(a) Except in the case of a reallocation being made by a declarant pursuant to a development right reserved in the declaration, a limited common element may be reallocated between units only with the approval of the board and by an amendment to the declaration executed by the unit owners between or among whose units the reallocation is made.

(b) The board must approve the request of the unit owner or owners under this subsection (2) within thirty days, or within such other period provided by the declaration, unless the proposed reallocation does not comply with this chapter or the declaration. The failure of the board to act upon a request within such period is deemed an approval of the request.

(c) The amendment must be executed and recorded by the association and be recorded in the name of the common interest community.

(3) Unless provided otherwise in the declaration, the unit owners of units to which at least sixty-seven percent of the votes are allocated, including the unit owner of the unit to which the common element or limited common element will be assigned or incorporated, must agree to reallocate a common element as a limited common element or to incorporate a common element or a limited common element into an existing unit. Such reallocation or incorporation must be reflected in an amendment to the declaration and the map.

NEW SECTION. Sec. 210. MAPS. (1) A map is required for all common interest communities. For purposes of this chapter, a map must be construed as part of the declaration.

(2) With the exception of subsections (1), (3), (4), and (14) of this section, this section does not apply to a plat as defined in RCW 58.17.020.

(3) The map for a common interest community must be executed by the declarant and recorded concurrently with, and contain cross-references by recording number to, the declaration.

(4) An amendment to a map for a common interest community must be executed by the same party or parties authorized or required to execute an amendment to the declaration, contain cross-references by recording number to the declaration and any amendments to the declaration, and be recorded concurrently with an amendment to the declaration. With respect to a plat community, (a) any amendment to the map must be prepared and recorded in compliance with the requirements, processes, and procedures in chapter 58.17 RCW and of the local subdivision ordinances of the city, town, or county in which the plat community is located, and (b) any amendment to the declaration must conform to the map as so approved and recorded.

(5) A map for a cooperative may be prepared by a licensed land surveyor, and may be incorporated into the declaration to satisfy subsection (3) of this section and section 206(1)(d) of this act. If the map for a cooperative is not prepared by a licensed land surveyor, the map need not contain the certification required in subsection (6)(a) of this section.

(6) The map for a common interest community must be clear and legible and must contain:

(a) If the map is a survey, a certification by a licensed land surveyor in substantially the following form:

SURVEYOR CERTIFICATE: This map correctly represents a survey made by me or under my direction in conformance with the requirements of the Survey Recording Act at the request of (name of party requesting the survey) on (date). I hereby certify that this map for (name of common interest community) is based upon an actual survey of the property herein described; that the bearings and distances are correctly shown; that all information required by the Washington Uniform Common Interest Ownership Act is supplied herein; and that all horizontal and vertical boundaries of the units, (1) to the extent determined by the walls, floors, or ceilings thereof, or other physical monuments, are substantially completed in accordance with said map, or (2) to the extent such boundaries are not defined by physical monuments, such boundaries are shown on the map. (Surveyor's name, signature, license or certificate number, and acknowledgment)

(b) If the map is not a survey, a certification in substantially the following form:

DECLARANT CERTIFICATE: I hereby certify on behalf of (declarant) that this map for (name of common interest community) was made by me or under my direction in conformance with the requirements of RCW (this section); that all information required by the Washington Uniform Common Interest Ownership Act is supplied herein; and that all horizontal and vertical boundaries of the units, (1) to the extent determined by the walls, floors, or ceilings thereof, or other physical monuments, are substantially completed in accordance with said map, or (2) to the extent such boundaries are not defined by physical monuments, such boundaries are shown on the map. (Declarant's name, signature, and acknowledgment)

(c) A declaration by the declarant in substantially the following form:

DECLARANT DECLARATION: The undersigned owner or owners of the interest in the real estate described herein hereby declare this map and dedicate the same for a common interest community named (name of common interest community), a (type of community), as that term is defined in the Washington Uniform Common Interest Ownership Act, solely to meet the requirements of the Washington Uniform Common Interest Ownership Act and not for any public purpose. This map and any portion thereof is restricted by law and the Declaration for (name of common interest community), recorded under (name of county in which the common interest community is located) County Recording No. (recording number). (Declarant's name, signature, and acknowledgment)

(7) Each map filed for a common interest community, and any amendments to the map, must be in the style, size, form, and quality as prescribed by the recording authority of the county where filed, and a copy must be delivered to the county assessor.

(8) Each map prepared for a common interest community in compliance with this chapter, and any amendments to the map, must show or state:

(a) The name of the common interest community and, immediately following the name of the community, a statement that the common interest community is a condominium, cooperative, or miscellaneous community as defined in this chapter. A local jurisdiction may also require that the name of a plat community on the survey, plat, or map be followed by a statement that the common interest community is a plat community as defined in this chapter;

(b) A legal description of the land in the common interest community;

(c) As to a condominium, a survey of the land in the condominium, and as to a cooperative, a survey or a drawing of the land included in the entire cooperative that complies with the other requirements of this section;

(d) If the boundaries of land subject to the development right to withdraw are fixed in the declaration or an amendment to the declaration pursuant to section 206(1)(h)(i) of this act, and subject to the provisions of the declaration, an amendment to the map if not contained in the initial recorded map, the legal description and boundaries of that land, labeled "MAY BE WITHDRAWN FROM THE COMMON INTEREST COMMUNITY";

(e) If the boundaries of land subject to the development right to add units that will result in the reallocation of allocated interests is fixed in the declaration or an amendment to the declaration pursuant to section 206(1)(h)(i) of this act, and subject to the provisions of the declaration, the legal description and boundaries of that land, labeled "SUBJECT TO DEVELOPMENT RIGHTS TO ADD UNITS THAT WILL RESULT IN A REALLOCATION OF ALLOCATED INTERESTS";

(f) The location and dimensions of all existing buildings containing or comprising units;

(g) The extent of any encroachments by or upon any portion of the common interest community;

(h) To the extent feasible, the location and dimensions of all recorded easements serving or burdening any portion of the common interest community and any unrecorded easements of which a surveyor or declarant knows or reasonably should have known;

(i) The location and dimensions of vertical unit boundaries;

(j) The location with reference to an established datum of horizontal unit boundaries. With respect to a cooperative, miscellaneous community, or condominium for which the horizontal boundaries are not defined by physical monuments, reference to an established datum is not required if the location of the horizontal boundaries of a unit is otherwise reasonably described or depicted;

(k) The legal description and the location and dimensions of any real estate in which the unit owners will own only an estate for years, labeled as "LEASEHOLD REAL ESTATE";

(l) The distance between any noncontiguous parcels of real estate comprising the common interest community;

(m) The general location of any existing principal common amenities listed in a public offering statement under section 403(1)(k) of this act;

(n) The general location of porches, decks, balconies, patios, storage facilities, moorage spaces, or parking spaces that are allocated as limited common elements, and any applicable identifying number or designation; and

(o) As to any survey, all other matters customarily shown on land surveys.

(9) The map for a common interest community may also show the anticipated approximate location and dimensions of any contemplated improvement to be constructed anywhere within the common interest community, and any contemplated improvement shown must be labeled either "MUST BE BUILT" or "NEED NOT BE BUILT."

(10) The map for a common interest community must identify any unit in which the declarant has reserved the right to create additional units or common elements under section 211(3) of this act.

(11) Unless the declaration provides otherwise, any horizontal boundary of part of a unit located outside a building has the same elevation as the horizontal boundary of the inside part and need not be depicted on the map.

(12) Upon exercising any development right, the declarant must record either new maps necessary to conform to the

requirements of subsections (3), (4), (6), and (8) of this section, or new certifications of any map previously recorded if that map otherwise conforms to the requirements of subsections (3), (4), (6), and (8) of this section.

(13) Any survey and the surveyor certifications required under this section must be made by a licensed surveyor.

(14) As to a plat community, the information required under subsections (6) (a) and (c), (8) (d) through (g), (k), (m), and (n), (9), and (10) of this section is required, but may be shown on a map incorporated in or attached to the declaration, and need not be shown on the plat community map. Any such map is deemed a map for purposes of applying the provisions of this section, and the declarant must provide the certification required under subsection (6)(b) of this section.

(15) In showing or projecting the location and dimensions of the vertical boundaries of a unit located in a building, it is not necessary to show the thickness of the walls constituting the vertical boundaries or otherwise show the distance of those vertical boundaries either from the exterior surface of the building containing that unit or from adjacent vertical boundaries of other units if: (a) The walls are designated to be the vertical boundaries of that unit; (b) the unit is located within a building, the location and dimensions of the building having been shown on the map under subsection (8)(f) of this section; and (c) the graphic general location of the vertical boundaries are shown in relation to the exterior surfaces of that building and to the vertical boundaries of other units within that building.

NEW SECTION. Sec. 211. EXERCISE OF DEVELOPMENT RIGHTS. (1) To exercise any development right reserved under section 206(1)(h) of this act, the declarant must prepare, execute, and record any amendments to the declaration and map in accordance with the requirements of sections 210 and 218(3) of this act. The declarant is the unit owner of any units created. The amendment to the declaration must assign an identifying number to each new unit created and, except in the case of subdivision, combination, or conversion of units described in subsection (3) of this section, reallocate the allocated interests among all units. The amendment must describe any common elements and any limited common elements created and, in the case of limited common elements, designate the unit to which each is allocated to the extent required under section 209 of this act. The amendments are effective upon recording.

(2) Development rights may be reserved within any real estate added to the common interest community if the amendment to the declaration adding that real estate includes all matters required under sections 206 and 207 of this act and the amendment to the map includes all matters required under section 210 of this act. This subsection does not extend the time limit on the exercise of development rights imposed by the declaration pursuant to section 206(1)(h) of this act.

(3) When a declarant exercises a development right to subdivide, combine, or convert a unit previously created into additional units or common elements, or both:

(a) If the declarant converts the unit entirely into common elements, the amendment to the declaration must reallocate all the allocated interests of that unit among the other units as if that unit had been taken by condemnation under section 106 of this act; or

(b) If the declarant subdivides the unit into two or more units, whether or not any part of the unit is converted into common elements, the amendment to the declaration must reallocate all the allocated interests of the unit among the units created by the subdivision in any reasonable manner prescribed by the declarant.

(4) If the declaration provides, pursuant to section 206(1)(h) of this act, that all or a portion of the real estate is subject to a right of withdrawal:

(a) If all the real estate is subject to withdrawal, and the declaration or map or amendment to the declaration or map does not describe separate portions of real estate subject to that right, none of the real estate may be withdrawn if a unit in that real estate has been conveyed to a purchaser; or

(b) If any portion of the real estate is subject to withdrawal as described in the declaration or map or amendment to the declaration or map, none of that portion of the real estate may be withdrawn if a unit in that portion has been conveyed to a purchaser.

(5) If the declarant combines two or more units into a lesser number of units, whether or not any part of a unit is converted into common elements or common elements are converted units, the amendment to the declaration must reallocate all of the allocated interests of the units being combined into the unit or units created by the combination in any reasonable manner prescribed by the declarant.

(6) A unit conveyed to a purchaser may not be withdrawn pursuant to subsection (4)(a) or (b) of this section without the consent of the unit owner of that unit and the holder of a security interest in the unit.

NEW SECTION. Sec. 212. ALTERATIONS OF COMMON ELEMENTS AND UNITS. Subject to the provisions of the governing documents and other provisions of law, a unit owner:

(1) May make any improvements or alterations to the unit owner's unit that do not impair the structural integrity or mechanical or electrical systems or lessen the support of any portion of the common interest community;

(2) May not change the appearance of the common elements without approval of the board;

(3) After acquiring an adjoining unit or an adjoining part of an adjoining unit, with approval of the board, may remove or alter any intervening partition or create apertures in the unit or adjoining unit, even if the partition in whole or in part is a common element. The removal of partitions or creation of apertures under this subsection is not an alteration of boundaries. The board must approve a unit owner's request, which must include the plans and specifications for the proposed removal or alteration, under this subsection (3) after receipt of all required information unless the proposed alteration does not comply with this section or the governing documents; and

(4) May eliminate the title to a mobile home or manufactured home within the unit as permitted under chapter 65.20 RCW without the consent or joinder by the association, any other unit owner, or any party having a security interest in any other unit or the common elements.

NEW SECTION. Sec. 213. RELOCATION OF UNIT BOUNDARIES. (1) Subject to the provisions of the declaration, section 212 of this act, and other provisions of law, the boundaries between adjoining units may be relocated upon application to the board by the unit owners of those units and upon approval by the board pursuant to this section. The application must include plans showing the relocated boundaries and such other information as the board may require. If the unit owners of the adjoining units have specified a reallocation between their units of their allocated interests, the application must state the proposed reallocations. Unless the board determines, after receipt of all required information, that the reallocations are unreasonable or that the proposed boundary relocation does not comply with the declaration, section 212 of this act, or other provisions of law, the board must approve the application and prepare any amendments to the declaration and map in accordance with the requirements of subsection (3) of this section.

(2)(a) Subject to the provisions of the declaration and other provisions of law, boundaries between units and common elements may be relocated to incorporate common elements within a unit by an amendment to the declaration upon application to the association by the unit owner of the unit who proposes to relocate a boundary. The amendment may be approved only if the unit owner of the unit, the boundary of which is being relocated, and, unless the declaration provides otherwise, persons entitled to cast at least sixty-seven percent of the votes in the association, including sixty-seven percent of the votes allocated to units not owned by the declarant, agree.

(b) The association may require payment to the association of a one-time fee or charge or continuing fees or charges payable by the unit owners of the units whose boundaries are being relocated to include common elements.

(3)(a) The association must prepare any amendment to the declaration in accordance with the requirements of section 206 of this act and any amendment to the map in accordance with the requirements of section 210 of this act necessary to show or describe the altered boundaries of affected units and their dimensions and identifying numbers.

(b) The amendment to the declaration must be executed by the unit owner of the unit, the boundaries of which are being relocated, and by the association, contain words of conveyance between them, and be recorded in the names of the unit owner or owners and the association, as grantor or grantee, as appropriate and as required under section 218(3) of this act. The amendments are effective upon recording.

(4) All costs, including reasonable attorneys' fees, incurred by the association for preparing and recording amendments to the declaration and map under this section must be assessed to the unit, the boundaries of which are being relocated.

NEW SECTION. Sec. 214. SUBDIVISION AND COMBINATION OF UNITS. (1) Unless prohibited in the declaration, subject to the provisions of the declaration, section 212 of this act, and other provisions of law, a unit may be subdivided into two or more units upon application to the association by the unit owner of the unit and upon approval by the board pursuant to this section. The application must include plans showing the relocated boundaries, a reallocation of all the allocated interests of the units among the units created by the subdivision, and such other information as the board may require. Unless the board determines, after receipt of all required information, that the reallocations are unreasonable or that the proposed boundary relocation does not comply with the declaration, sections 209 and 212 of this act, or other provisions of law, the board must approve the application and prepare any amendments to the declaration and map in accordance with the requirements of subsection (4) of this section.

(2) Unless prohibited in the declaration, subject to the provisions of the declaration, section 212 of this act, and other provisions of law, two or more units may be combined into a lesser number of units upon application to the association by the owners of those units and upon approval by the board pursuant to this section. The application must include plans showing the relocated boundaries, a reallocation of all the allocated interests of the units being combined among the units resulting from the combination, and such other information as the board may require. Unless the board determines, after receipt of all required information, that the reallocations are unreasonable or that the proposed boundary relocation does not comply with the declaration, sections 209 and 212 of this act, or other provisions of law, the board shall approve the application and prepare any amendments to the declaration and map in accordance with the requirements of subsection (4) of this section.

(3) The association may require payment to the association of a one-time fee or charge or continuing fees or charges payable by the owners of the units whose boundaries are being relocated to include common elements.

(4) The association must prepare, execute, and record any amendments to the declaration and, in a condominium, cooperative, or miscellaneous community, the map, prepared in accordance with the requirements of sections 210 and 218(3) of this act, subdividing or combining those units. The amendment to the declaration must be executed by the association and unit owner or owners of the units from which the subdivided or combined unit or units are derived, assign an identifying number to each resulting unit, and reallocate the allocated interests formerly allocated to the unit from which a combination was derived to the new unit or, if two or more units are derived from such combination, among the new units in any reasonable manner prescribed by such owners in the amendment or on any other basis the declaration requires. The amendments are effective upon recording.

(5) All costs, including reasonable attorneys' fees, incurred by the association for preparing and recording amendments to the declaration and map under this section must be assessed to the unit, the boundaries of which are being relocated.

(6) This section does not apply to the declarant's exercise of any development right to subdivide or combine a unit previously created.

NEW SECTION. Sec. 215. MONUMENTS AS BOUNDARIES. (1) The physical boundaries of a unit located in a building containing or comprising that unit constructed or reconstructed in substantial accordance with the map, or amendment to the map, are its boundaries rather than any boundaries shown on the map, regardless of settling or lateral movement of the unit or of any building containing or comprising the unit, or of any minor variance between boundaries of the unit or any building containing or comprising the unit shown on the map.

(2) This section does not relieve a unit owner from liability in case of the unit owner's willful misconduct or relieve a declarant or any other person from liability for failure to adhere to the map.

NEW SECTION. Sec. 216. USE FOR SALES PURPOSES. (1) A declarant may maintain sales offices, management offices, and models in units or on common elements in the common interest community only if the declaration so provides. In a cooperative or condominium, any sales office, management office, or model not designated a unit by the declaration is a common element.

(2) When a declarant no longer owns a unit or has the right to create a unit in the common interest community, the declarant ceases to have any rights under this section unless the unit is removed promptly from the common interest community in accordance with a right to remove reserved in the declaration.

(3) Subject to any limitations in the declaration, a declarant may maintain signs in or on units owned by the declarant or the common elements advertising the common interest community.

(4) This section is subject to the provisions of other state law and local ordinances.

NEW SECTION. Sec. 217. EASEMENT AND USE RIGHTS. (1) Subject to the declaration, a declarant has an easement through the common elements as may be reasonably necessary for the purpose of discharging the declarant's obligations or exercising special declarant rights, whether arising under this chapter or reserved in the declaration.

(2) Subject to sections 302(2)(f) and 314 of this act, the unit owners have an easement in the common elements for access to their units.

(3) Subject to the declaration and rules, the unit owners have a right to use the common elements that are not limited common elements for the purposes for which the common elements were intended.

NEW SECTION. Sec. 218. AMENDMENT OF DECLARATION. (1)(a) Except in cases of amendments that may be executed by: A declarant under subsection (10) of this section, sections 209(2), 210(12), 211, or 304(2)(d) of this act; the association under section 106, 207(5), 209(3), 213(1), or 214 of this act or subsection (11) of this section; or certain unit owners under section 209(2), 213(1), 214(2), or 219(2) of this act, and except as limited by subsections (4), (6), (7), (8), and (12) of this section, the declaration may be amended only by vote or agreement of unit owners of units to which at least sixty-seven percent of the votes in the association are allocated, unless the declaration specifies a different percentage not to exceed ninety percent for all amendments or for specific subjects of amendment. For purposes of this section, "amendment" means any change to the declaration, including adding, removing, or modifying restrictions contained in a declaration.

(b) If the declaration requires the approval of another person as a condition of its effectiveness, the amendment is not valid without that approval; however, any right of approval may not result in an expansion of special declarant rights reserved in the declaration or violate any other section of this chapter, including sections 103, 111, 112, and 113 of this act.

(2) In the absence of fraud, any action to challenge the validity of an amendment adopted by the association may not be brought more than one year after the amendment is recorded.

(3) Every amendment to the declaration must be recorded in every county in which any portion of the common interest community is located and is effective only upon recordation. An amendment, except an amendment pursuant to section 213(1) of this act, must be indexed in the grantee's index in the name of the common interest community and the association and in the grantor's index in the name of the parties executing the amendment.

(4) Except to the extent expressly permitted or required under this chapter, an amendment may not create or increase special declarant rights, increase the number of units, change the boundaries of any unit, or change the allocated interests of a unit without the consent of unit owners to which at least ninety percent of the votes in the association are allocated, including the consent of any unit owner of a unit, the boundaries of which or allocated interest of which is changed by the amendment.

(5) Amendments to the declaration required to be executed by the association must be executed by any authorized officer of the association who must certify in the amendment that it was properly adopted.

(6) The declaration may require a higher percentage of unit owner approval for an amendment that is intended to prohibit or materially restrict the uses of units permitted under the applicable zoning ordinances, or to protect the interests of members of a defined class of owners, or to protect other legitimate interests of the association or its members. Subject to subsection (13) of this section, a declaration may not require, as a condition for amendment, approval by more than ninety percent of the votes in the association or by all but one unit owner, whichever is less. An amendment approved under this subsection must provide reasonable protection for a use permitted at the time the amendment was adopted.

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

(7) The time limits specified in the declaration pursuant to section 206(1)(g) of this act within which reserved development rights must be exercised may be extended, and additional development rights may be created, if persons entitled to cast at least eighty percent of the votes in the association, including eighty percent of the votes allocated to units not owned by the declarant, agree to that action. The agreement is effective thirty days after an amendment to the declaration reflecting the terms of the agreement is recorded unless all the persons holding the affected special declarant rights, or security interests in those rights, record a written objection within the thirty-day period, in which case the amendment is void, or consent in writing at the time the amendment is recorded, in which case the amendment is effective when recorded.

(8) A provision in the declaration creating special declarant rights that have not expired may not be amended without the consent of the declarant.

(9) If any provision of this chapter or the declaration requires the consent of a holder of a security interest in a unit as a condition to the effectiveness of an amendment to the declaration, the consent is deemed granted if a refusal to consent in a record is not received by the association within sixty days after the association delivers notice of the proposed amendment to the holder at an address for notice provided by the holder or mails the notice to the holder by certified mail, return receipt requested, at that address. If the holder has not provided an address for notice to the association, the association must provide notice to the address in the security interest of record.

(10) Upon thirty-day advance notice to unit owners, the declarant may, without a vote of the unit owners or approval by the board, unilaterally adopt, execute, and record a corrective amendment or supplement to the governing documents to correct a mathematical mistake, an inconsistency, error, or a scrivener's error, or clarify an ambiguity in the governing documents with respect to an objectively verifiable fact including, without limitation, recalculating the undivided interest in the common elements, the liability for common expenses, or the number of votes in the unit owners' association appertaining to a unit, within five years after the recordation or adoption of the governing document containing or creating the mistake, inconsistency, error, or ambiguity. Any such amendment or supplement may not materially reduce what the obligations of the declarant would have been if the mistake, inconsistency, error, or ambiguity had not occurred.

(11) Upon thirty-day advance notice to unit owners, the association may, upon a vote of two-thirds of the members of the board, without a vote of the unit owners, adopt, execute, and record an amendment to the declaration for the following purposes:

(a) To correct or supplement the governing documents as provided in subsection (10) of this section;

(b) To remove language and otherwise amend as necessary to effect the removal of language purporting to forbid or restrict the conveyance, encumbrance, occupancy, or lease to: Individuals of a specified race, creed, color, sex, or national origin; individuals with sensory, mental, or physical disabilities; and families with children or any other legally protected classification;

(c) To remove language and otherwise amend as necessary to effect the removal of language that purports to impose limitations on the power of the association beyond the limit authorized in section 302(1)(u) of this act to deal with the declarant that are more restrictive than the limitations imposed on the power of the association to deal with other persons; and

(d) To remove any other language and otherwise amend as necessary to effect the removal of language purporting to limit the

rights of the association or its unit owners in direct conflict with this chapter.

(12) If the declaration requires that amendments to the declaration may be adopted only if the amendment is signed by a specified number or percentage of unit owners and if the common interest community contains more than twenty units, such requirement is deemed satisfied if the association obtains such signatures or the vote or agreement of unit owners holding such number or percentage.

(13)(a) If the declaration requires that amendments to the declaration may be adopted only by the vote or agreement of unit owners of units to which more than sixty-seven percent of the votes in the association are allocated, and the percentage required is otherwise consistent with this chapter, the amendment is approved if:

(i) The approval of the percentage specified in the declaration is obtained;

(ii)(A) Unit owners of units to which at least sixty-seven percent of the votes in the association are allocated vote for or agree to the proposed amendment;

(B) A unit owner does not vote against the proposed amendment; and

(C) Notice of the proposed amendment, including notice that the failure of a unit owner to object may result in the adoption of the amendment, is delivered to the unit owners holding the votes in the association that have not voted or agreed to the proposed amendment and no written objection to the proposed amendment is received by the association within sixty days after the association delivers notice; or

(iii)(A) Unit owners of units to which at least sixty-seven percent of the votes in the association are allocated vote for or agree to the proposed amendment;

(B) At least one unit owner objects to the proposed amendment; and

(C) Pursuant to an action brought by the association in the county in which the common interest community is situated against all objecting unit owners, the court finds, under the totality of circumstances including, but not limited to, the subject matter of the amendment, the purpose of the amendment, the percentage voting to approve the amendment, and the percentage objecting to the amendment, that the amendment is reasonable.

(b) If the declaration requires the affirmative vote or approval of any particular unit owner or class of unit owners as a condition of its effectiveness, the amendment is not valid without that vote or approval.

NEW SECTION. Sec. 219. TERMINATION OF COMMON INTEREST COMMUNITY. (1) Except for a taking of all the units by condemnation, foreclosure against an entire cooperative of a security interest that has priority over the declaration, or in the circumstances described in section 226 of this act, a common interest community may be terminated only by agreement of unit owners of units to which at least eighty percent of the votes in the association are allocated, or any larger percentage the declaration specifies, and with any other approvals required by the declaration. The declaration may specify a smaller percentage only if all of the units are restricted exclusively to nonresidential uses.

(2) An agreement to terminate must be evidenced by the execution of a termination agreement, or ratifications of the agreement, in the same manner as a deed, by the requisite number of unit owners. The termination agreement must specify a date after which the agreement is void unless it is recorded before that date. A termination agreement and all ratifications of the agreement must be recorded in every county in which a portion of the common interest community is situated and is effective

only upon recordation. An agreement to terminate may only be amended by complying with the requirements of this subsection and subsection (1) of this section.

(3)(a) In the case of a condominium, plat community, or miscellaneous community containing only units having horizontal boundaries between units, a termination agreement may provide that all of the common elements and units of the common interest community must be sold following termination. If, pursuant to the agreement, any real estate in the common interest community is to be sold following termination, the termination agreement must set forth the minimum purchase price, manner of payment, and outside closing date, and may include any other terms of the sale.

(b) In the case of a condominium, plat community, or miscellaneous community containing no units having horizontal boundaries between units, a termination agreement may provide for sale of the common elements that are not necessary for the habitability of a unit, but it may not require that any unit be sold following termination, unless the declaration as originally recorded provided otherwise or all the unit owners consent to the sale. If, pursuant to the agreement, any real estate in the common interest community is to be sold following termination, the termination agreement must set forth the minimum purchase price, manner of payment, and outside closing date, and may include any other terms of sale.

(c) In the case of a condominium, plat community, or miscellaneous community containing some units having horizontal boundaries between units and some units without horizontal boundaries between units, a termination agreement may provide for sale of the common elements that are not necessary for the habitability of a unit, but it may not require that any unit be sold following termination, unless the declaration as originally recorded provided otherwise or all the unit owners of units in the building to be sold consent to the sale. If, pursuant to the agreement, any real estate in the common interest community is to be sold following termination, the termination agreement must set forth the minimum purchase price, manner of payment, and outside closing date, and may include any other terms of sale.

(4)(a) The association, on behalf of the unit owners, may contract for the sale of real estate in a common interest community, but the contract is not binding on the unit owners until approved pursuant to subsections (1) and (2) of this section. If any real estate is to be sold following termination, title to that real estate, upon termination, vests in the association as trustee for the holders of all interests in the units. Thereafter, the association has all powers necessary and appropriate to effect the sale. Until the sale has been concluded and the proceeds of the sale distributed, the association continues in existence with all powers it had before termination.

(b) Proceeds of the sale must be distributed to unit owners and lienholders as their interests may appear, in accordance with subsections (6) and (8) of this section. Unless otherwise specified in the termination agreement, as long as the association holds title to the real estate, each unit owner and the unit owner's successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted the unit. During the period of that occupancy, each unit owner and the unit owner's successors in interest remain liable for all assessments and other obligations imposed on unit owners under this chapter or the declaration.

(5) In a condominium, plat community, or miscellaneous community, if any portion of the real estate constituting the common interest community is not to be sold following termination, title to those portions of the real estate constituting the common elements and, in a common interest community containing units having horizontal boundaries between units

described in the declaration, title to all the real estate containing such boundaries in the common interest community vests in the unit owners upon termination as tenants in common in proportion to their respective interests as provided in subsection (8) of this section, and liens on the units shift accordingly. While the tenancy in common exists, each unit owner and the unit owner's successors in interest have an exclusive right to occupancy of the portion of the real estate that formerly constituted the unit.

(6)(a) Following termination of the common interest community, the proceeds of a sale of real estate, together with the assets of the association, are held by the association as trustee for unit owners and holders of liens on the units as their interests may appear.

(b) Following termination of a condominium, plat community, or miscellaneous community, creditors of the association holding liens on the units that were recorded or perfected under RCW 4.64.020 before termination may enforce those liens in the same manner as any lienholder.

(c) All other creditors of the association are to be treated as if they had perfected liens on the units immediately before termination.

(7) In a cooperative, the declaration may provide that all creditors of the association have priority over any interests of unit owners and creditors of unit owners. In that event, following termination, creditors of the association holding liens on the cooperative that were recorded or perfected under RCW 4.64.020 before termination may enforce their liens in the same manner as any lienholder, and any other creditor of the association is to be treated as if the creditor had perfected a lien against the cooperative immediately before termination. Unless the declaration provides that all creditors of the association have that priority:

(a) The lien of each creditor of the association that was perfected against the association before termination becomes, upon termination, a lien against each unit owner's interest in the unit as of the date the lien was perfected;

(b) Any other creditor of the association must be treated, upon termination, as if the creditor had perfected a lien against each unit owner's interest immediately before termination;

(c) The amount of the lien of an association's creditor described in (a) and (b) of this subsection against each of the unit owners' interest must be proportionate to the ratio that each unit's common expense liability bears to the common expense liability of all of the units;

(d) The lien of each creditor of each unit owner that was perfected before termination continues as a lien against that unit owner's unit as of the date the lien was perfected;

(e) The assets of the association must be distributed to all unit owners and all lienholders as their interests may appear in the order described in this subsection; and

(f) Creditors of the association are not entitled to payment from any unit owner in excess of the amount of the creditor's lien against that unit owner's interest.

(8) The respective interests of unit owners referred to in subsections (4), (5), (6), and (7) of this section are as follows:

(a) Except as otherwise provided in (b) of this subsection, the respective interests of unit owners are the fair market values of their units, allocated interests, and any limited common elements immediately before the termination, as determined by one or more independent appraisers selected by the association. The decision of the independent appraisers must be distributed to the unit owners and becomes final unless disapproved within thirty days after distribution by unit owners of units to which twenty-five percent of the votes in the association are allocated. The proportion of any unit owner's interest to that of all unit owners is determined by dividing the fair market value of that unit owner's

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

unit and its allocated interests by the total fair market values of all the units and their allocated interests.

(b) If any unit or any limited common element is destroyed to the extent that an appraisal of the fair market value of the unit or limited common element before destruction cannot be made, the interests of all unit owners are:

(i) In a condominium, their respective common element interests immediately before the termination;

(ii) In a cooperative, their respective ownership interests immediately before the termination; and

(iii) In a plat community or miscellaneous community, their respective common expense liabilities immediately before the termination.

(9) In a condominium, plat community, or miscellaneous community, except as otherwise provided in subsection (10) of this section, foreclosure or enforcement of a lien or encumbrance against the entire common interest community does not terminate the common interest community, and foreclosure or enforcement of a lien or encumbrance against a portion of the common interest community, other than withdrawable real estate, does not withdraw that portion from the common interest community. Foreclosure or enforcement of a lien or encumbrance against withdrawable real estate, or against common elements that have been subjected to a security interest by the association under section 314 of this act, does not withdraw that real estate from the common interest community, but the person taking title to the real estate may require from the association, upon request, an amendment excluding the real estate from the common interest community.

(10) In a condominium, plat community, or miscellaneous community, if a lien or encumbrance against a portion of the real estate comprising the common interest community has priority over the declaration and the lien or encumbrance has not been partially released, the parties foreclosing the lien or encumbrance, upon foreclosure, may record an instrument excluding the real estate subject to that lien or encumbrance from the common interest community.

(11) The right of partition under chapter 7.52 RCW is suspended if an agreement to sell property is provided for in the termination agreement pursuant to subsection (3)(a), (b), or (c) of this section. The suspension of the right to partition continues unless a binding obligation to sell does not exist three months after the recording of the termination agreement, the binding sale agreement is terminated, or one year after the termination agreement is recorded, whichever occurs first.

NEW SECTION. Sec. 220. RIGHTS OF SECURED LENDERS. (1) The declaration may require that all or a specified number or percentage of the lenders who hold security interests encumbering the units or who have extended credit to the association approve specified actions of the unit owners or the association as a condition to the effectiveness of those actions, but no requirement for approval may operate to:

(a) Deny or delegate control over the general administrative affairs of the association by the unit owners or the board;

(b) Prevent the association or the board from commencing, intervening in, or settling any litigation or proceeding; or

(c) Prevent any insurance trustee or the association from receiving and distributing any insurance proceeds except pursuant to section 315 of this act.

(2) With respect to any action requiring the consent of a specified number or percentage of mortgagees, the consent of only eligible mortgagees holding a first lien security interest need be obtained and the percentage must be based upon the votes attributable to units with respect to which eligible mortgagees have an interest.

(3) A lender who has extended credit to an association secured by an assignment of income or an encumbrance on the common elements may enforce its security agreement in accordance with its terms, subject to the requirements of this chapter and other law. A requirement that the association must deposit its periodic common charges before default with the lender to which the association's income has been assigned, or increase its common charges at the lender's direction by amounts reasonably necessary to amortize the loan in accordance with its terms, does not violate the prohibitions on lender approval contained in subsection (1) of this section.

NEW SECTION. Sec. 221. MASTER ASSOCIATIONS.

(1) If the declaration provides that any of the powers described in section 302 of this act are to be exercised by or may be delegated to a for-profit or nonprofit corporation or limited liability company that exercises those or other powers on behalf of one or more common interest communities or for the benefit of the unit owners of one or more common interest communities, all provisions of this chapter applicable to unit owners associations apply to any such corporation or limited liability company, except as modified by this section.

(2) Unless it is acting in the capacity of an association described in section 301 of this act, a master association may exercise the powers set forth in section 302(1)(b) of this act only to the extent expressly permitted in the declarations of common interest communities that are part of the master association or expressly described in the delegations of power from those common interest communities to the master association.

(3) If the declaration of any common interest community provides that the board may delegate certain powers to a master association, the board is not liable for the acts or omissions of the master association with respect to those powers following delegation.

(4) The rights and responsibilities of unit owners with respect to the unit owners' association set forth in sections 303, 310, 311, 312, 314, and 322 of this act apply in the conduct of the affairs of a master association only to persons who elect the board of a master association, whether or not those persons are otherwise unit owners within the meaning of this chapter.

(5) If a master association is also an association described in section 301 of this act, the organizational documents of the master association and the declaration of each common interest community, the powers of which are assigned by the declaration or delegated to the master association, may provide that the board of the master association must be elected after the period of declarant control in any of the following ways:

(a) All unit owners of all common interest communities subject to the master association may elect all members of the master association's board;

(b) All board members of all common interest communities subject to the master association may elect all members of the master association's board;

(c) All unit owners of each common interest community subject to the master association may elect specified members of the master association's board; or

(d) All board members of each common interest community subject to the master association may elect specified members of the master association's board.

NEW SECTION. Sec. 222. DELEGATION OF POWER TO SUBASSOCIATIONS. (1)(a) If the declaration provides that any of the powers described in section 302 of this act are to be exercised by or may be delegated to a for-profit corporation or limited liability company that exercises those or other powers on behalf of unit owners owning less than all of the units in a

common interest community, and if those unit owners share the exclusive use of one or more limited common elements within the common interest community or share some property or other interest in the common interest community in common that is not shared by the remainder of the unit owners in the common interest community, all provisions of this chapter applicable to unit owners associations apply to any such corporation or limited liability company, except as modified under this section.

(b) The delegation of powers to a subassociation must not be used to discriminate in favor of units owned by the declarant or an affiliate of the declarant.

(2) A subassociation may exercise the powers set forth in section 302 of this act only to the extent expressly permitted by the declaration of the common interest community of which the units in the subassociation are a part of or expressly described in the delegations of power from that common interest community to the subassociation.

(3) If the declaration of any common interest community contains a delegation of certain powers to a subassociation, or provides that the board of the common interest community may make such a delegation, the board members are not liable for the acts or omissions of the subassociation with respect to those powers so exercised by the subassociation following delegation.

(4) The rights and responsibilities of unit owners with respect to the unit owners association set forth in sections 301 through 321 of this act apply to the conduct of the affairs of a subassociation.

(5) Notwithstanding section 304(4) of this act, the board of the subassociation must be elected after any period of declarant control by the unit owners of all of the units in the common interest community subject to the subassociation.

(6) The declaration of the common interest community creating the subassociation may provide that the authority of the board of the subassociation is exclusive with regard to the powers and responsibilities delegated to it. In the alternative, the declaration may provide as to some or all such powers that the authority of the board of a subassociation is concurrent with and subject to the authority of the board of the unit owners association, in which case the declaration must also contain standards and procedures for the review of the decisions of the board of the subassociation and procedures for resolving any dispute between the board of the unit owners association and the board of the subassociation.

NEW SECTION. Sec. 223. MERGER OR CONSOLIDATION OF COMMON INTEREST COMMUNITIES. (1) Any two or more common interest communities of the same form of ownership, by agreement of the unit owners as provided in subsection (2) of this section, may be merged or consolidated into a single common interest community. In the event of a merger or consolidation, unless the agreement otherwise provides, the resultant common interest community is the legal successor, for all purposes, of all of the preexisting common interest communities, and the operations and activities of all associations of the preexisting common interest communities are merged or consolidated into a single association that holds all powers, rights, obligations, assets, and liabilities of all preexisting associations.

(2) An agreement of two or more common interest communities to merge or consolidate pursuant to subsection (1) of this section must be evidenced by an agreement prepared, executed, recorded, and certified by the president of the association of each of the preexisting common interest communities following approval by unit owners of units to which are allocated the percentage of votes in each common interest community required to terminate that common interest community. The agreement must be recorded in every county in

which a portion of the common interest community is located and is not effective until recorded.

(3) Every merger or consolidation agreement, and every amendment providing for a merger or consolidation made by a declarant when exercising a special declarant right, must identify the declaration that will apply to the resultant common interest community and provide for the reallocation of allocated interests among the units of the resultant common interest community either (a) by stating the reallocations or the formulas upon which they are based or (b) by stating the percentage of overall allocated interests of the resultant common interest community that are allocated to all of the units comprising each of the preexisting common interest communities, and providing that the portion of the percentages allocated to each unit formerly comprising a part of the preexisting common interest community is equal to the percentages of allocated interests allocated to that unit by the declaration of the preexisting common interest community.

NEW SECTION. Sec. 224. ADDITION OF UNSPECIFIED REAL ESTATE. In a plat community or miscellaneous community, if the right is originally reserved in the declaration, the declarant, in addition to any other development right, may amend the declaration at any time during as many years as are specified in the declaration for adding additional real estate to the plat community or miscellaneous community without describing the location of that real estate in the original declaration. The amount of real estate added to the plat community or miscellaneous community pursuant to this section may not exceed ten percent of the real estate described in section 206(1)(b) of this act together with any real estate that is described in the declaration for addition to the plat community or miscellaneous community, and the declarant may not increase the number of units in the plat community or miscellaneous community beyond the number stated in the original declaration pursuant to section 206(1)(c) of this act.

NEW SECTION. Sec. 225. LARGE SCALE COMMUNITIES. (1) The declaration for a common interest community may state that it is a large scale community if the declarant has reserved the development right to create at least five hundred units that may be used for residential purposes and, at the time of the reservation, that declarant owns or controls more than five hundred acres on which the units may be built.

(2) If the requirements of subsection (1) of this section are satisfied, the declaration for the large scale community need not state a maximum number of units and need not contain any of the information required under section 206(1) (c) through (n) of this act until the declaration is amended under subsection (3) of this section.

(3) When each unit in a large scale community is conveyed to a purchaser, the declaration must contain:

(a) A sufficient legal description of the unit and all portions of the large scale community in which any other units have been conveyed to a purchaser; and

(b) All the information required under section 206(1) (c) through (n) of this act with respect to that real estate.

(4) The only real estate in a large scale community subject to this chapter are units that have been made subject to the declaration or that are being offered for sale and any other real estate described pursuant to subsection (3) of this section. Other real estate that is or may become part of the large scale community is only subject to other law and to any other restrictions and limitations that appear of record.

(5) If the public offering statement conspicuously identifies the fact that the community is a large scale community, the disclosure requirements contained in sections 401 through 420 of this act

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

apply only to units that have been made subject to the declaration or are being offered for sale in connection with the public offering statement and to any other real estate described pursuant to subsection (3) of this section.

(6) Limitations in this chapter on the addition of unspecified real estate do not apply to a large scale community.

(7) The period of declarant control of the association for a large scale community terminates in accordance with any conditions specified in the declaration or otherwise at the time the declarant, in a recorded instrument and after giving notice in a record to the board of the association, voluntarily surrenders all rights to control the activities of the association.

NEW SECTION. Sec. 226. JUDICIAL TERMINATION.

(1) If substantially all the units in a common interest community have been destroyed or abandoned or are uninhabitable and the available methods for giving notice under section 324 of this act of a meeting of unit owners to consider termination under section 219 of this act will not likely result in receipt of the notice, the board or any other interested person may commence an action seeking to terminate the common interest community in the superior court for any county in which a portion of the common interest community is located. If any portion of the common interest community is located in a county other than the county in which the action is commenced, the person commencing the action must record a copy of the judgment in the other county.

(2) During the pendency of the action, the court may issue whatever orders it considers appropriate, including appointment of a receiver. After a hearing, the court may terminate the common interest community or reduce its size and may issue any other order the court considers to be in the best interest of the unit owners and persons holding an interest in the common interest community.

III. MANAGEMENT OF THE COMMON INTEREST COMMUNITY

NEW SECTION. Sec. 301. ORGANIZATION OF UNIT OWNERS ASSOCIATION. (1) A unit owners association must be organized no later than the date the first unit in the common interest community is conveyed to a purchaser.

(2) The membership of the association at all times consists exclusively of all unit owners or, following termination of the common interest community, of all former unit owners entitled to distributions of proceeds under section 219 of this act or their heirs, successors, or assigns.

(3) The association must have a board and be organized as a for-profit or nonprofit corporation or limited liability company.

(4) In case of any conflict between Title 23B RCW or chapter 23.86, 24.03, 24.06, or 25.15 RCW and this chapter, this chapter controls.

NEW SECTION. Sec. 302. POWERS AND DUTIES OF UNIT OWNERS ASSOCIATION. (1) An association must:

- (a) Adopt organizational documents;
- (b) Adopt budgets as provided in section 326 of this act;
- (c) Impose assessments for common expenses and specially allocated expenses on the unit owners as provided in sections 117(1) and 326 of this act;
- (d) Prepare financial statements as provided in section 327 of this act; and
- (e) Deposit and maintain the funds of the association in accounts as provided in section 327 of this act.

(2) Except as provided otherwise in subsection (4) of this section and subject to the provisions of the declaration, the association may:

- (a) Amend organizational documents and adopt and amend rules;
- (b) Amend budgets under section 326 of this act;
- (c) Hire and discharge managing agents and other employees, agents, and independent contractors;
- (d) Institute, defend, or intervene in litigation or in arbitration, mediation, or administrative proceedings or any other legal proceeding in its own name on behalf of itself or two or more unit owners on matters affecting the common interest community;
- (e) Make contracts and incur liabilities subject to subsection (4) of this section;
- (f) Regulate the use, maintenance, repair, replacement, and modification of common elements;
- (g) Cause additional improvements to be made as a part of the common elements;
- (h) Acquire, hold, encumber, and convey in its own name any right, title, or interest to real estate or personal property, but:
 - (i) Common elements in a condominium, plat community, or miscellaneous community may be conveyed or subjected to a security interest pursuant to section 314 of this act only; and
 - (ii) Part of a cooperative may be conveyed, or all or part of a cooperative may be subjected to a security interest pursuant to section 314 of this act only;
- (i) Grant easements, leases, licenses, and concessions through or over the common elements and petition for or consent to the vacation of streets and alleys;
- (j) Impose and collect any reasonable payments, fees, or charges for:
 - (i) The use, rental, or operation of the common elements, other than limited common elements described in section 203 (1)(b) and (3) of this act;
 - (ii) Services provided to unit owners; and
 - (iii) Moving in, moving out, or transferring title to units to the extent provided for in the declaration;
- (k) Collect assessments and impose and collect reasonable charges for late payment of assessments;
- (l) Enforce the governing documents and, after notice and opportunity to be heard, impose and collect reasonable fines for violations of the governing documents in accordance with a previously established schedule of fines adopted by the board of directors and furnished to the owners;
- (m) Impose and collect reasonable charges for the preparation and recordation of amendments to the declaration, resale certificates required under section 409 of this act, lender questionnaires, or statements of unpaid assessments;
- (n) Provide for the indemnification of its officers and board members, to the extent provided in RCW 23B.17.030;
- (o) Maintain directors' and officers' liability insurance;
- (p) Subject to subsection (4) of this section, assign its right to future income, including the right to receive assessments;
- (q) Join in a petition for the establishment of a parking and business improvement area, participate in the ratepayers' board or other advisory body set up by the legislative authority for operation of a parking and business improvement area, and pay special assessments levied by the legislative authority on a parking and business improvement area encompassing the condominium property for activities and projects that benefit the condominium directly or indirectly;
- (r) Establish and administer a reserve account as described in section 328 of this act;
- (s) Prepare a reserve study as described in section 330 of this act;
- (t) Exercise any other powers conferred by the declaration or organizational documents;

(u) Exercise all other powers that may be exercised in this state by the same type of entity as the association;

(v) Exercise any other powers necessary and proper for the governance and operation of the association;

(w) Require that disputes between the association and unit owners or between two or more unit owners regarding the common interest community, other than those governed by chapter 64.50 RCW, be submitted to nonbinding alternative dispute resolution as a prerequisite to commencement of a judicial proceeding; and

(x) Suspend any right or privilege of a unit owner who fails to pay an assessment, but may not:

(i) Deny a unit owner or other occupant access to the owner's unit;

(ii) Suspend a unit owner's right to vote; or

(iii) Withhold services provided to a unit or a unit owner by the association if the effect of withholding the service would be to endanger the health, safety, or property of any person.

(3) The declaration may not limit the power of the association beyond the limit authorized in subsection (2)(w) of this section to:

(a) Deal with the declarant if the limit is more restrictive than the limit imposed on the power of the association to deal with other persons; or

(b) Institute litigation or an arbitration, mediation, or administrative proceeding against any person, subject to the following:

(i) The association must comply with chapter 64.50 RCW, if applicable, before instituting any proceeding described in chapter 64.50 RCW in connection with construction defects; and

(ii) The board must promptly provide notice to the unit owners of any legal proceeding in which the association is a party other than proceedings involving enforcement of rules or to recover unpaid assessments or other sums due the association.

(4) Any borrowing by an association that is to be secured by an assignment of the association's right to receive future income pursuant to subsection (2)(e) and (p) of this section requires ratification by the unit owners as provided in this subsection.

(a) The board must provide notice of the intent to borrow to all unit owners. The notice must include the purpose and maximum amount of the loan, the estimated amount and term of any assessments required to repay the loan, a reasonably detailed projection of how the money will be expended, and the interest rate and term of the loan.

(b) In the notice, the board must set a date for a meeting of the unit owners, which must not be less than fourteen and no more than sixty days after mailing of the notice, to consider ratification of the borrowing.

(c) Unless at that meeting, whether or not a quorum is present, unit owners holding a majority of the votes in the association or any larger percentage specified in the declaration reject the proposal to borrow funds, the association may proceed to borrow the funds in substantial accordance with the terms contained in the notice.

(5) If a tenant of a unit owner violates the governing documents, in addition to exercising any of its powers against the unit owner, the association may:

(a) Exercise directly against the tenant the powers described in subsection (2)(l) of this section;

(b) After giving notice to the tenant and the unit owner and an opportunity to be heard, levy reasonable fines against the tenant and unit owner for the violation; and

(c) Enforce any other rights against the tenant for the violation that the unit owner as the landlord could lawfully have exercised under the lease or that the association could lawfully have exercised directly against the unit owner, or both; but the

association does not have the right to terminate a lease or evict a tenant unless permitted by the declaration. The rights referred to in this subsection (5)(c) may be exercised only if the tenant or unit owner fails to cure the violation within ten days after the association notifies the tenant and unit owner of that violation.

(6) Unless a lease otherwise provides, this section does not:

(a) Affect rights that the unit owner has to enforce the lease or that the association has under other law; or

(b) Permit the association to enforce a lease to which it is not a party in the absence of a violation of the governing documents.

(7) The board may determine whether to take enforcement action by exercising the association's power to impose sanctions or commencing an action for a violation of the governing documents, including whether to compromise any claim for unpaid assessments or other claim made by or against it.

(8) The board does not have a duty to take enforcement action if it determines that, under the facts and circumstances presented:

(a) The association's legal position does not justify taking any or further enforcement action;

(b) The covenant, restriction, or rule being enforced is, or is likely to be construed as, inconsistent with law;

(c) Although a violation may exist or may have occurred, it is not so material as to be objectionable to a reasonable person or to justify expending the association's resources; or

(d) It is not in the association's best interests to pursue an enforcement action.

(9) The board's decision under subsections (7) and (8) of this section to not pursue enforcement under one set of circumstances does not prevent the board from taking enforcement action under another set of circumstances, but the board may not be arbitrary or capricious in taking enforcement action.

NEW SECTION. **Sec. 303. BOARD MEMBERS, OFFICERS, AND COMMITTEES.** (1)(a) Except as provided otherwise in the governing documents, subsection (4) of this section, or other provisions of this chapter, the board may act on behalf of the association.

(b) In the performance of their duties, officers and board members must exercise the degree of care and loyalty to the association required of an officer or director of a corporation organized, and are subject to the conflict of interest rules governing directors and officers, under chapter 24.06 RCW. The standards of care and loyalty described in this section apply regardless of the form in which the association is organized.

(2)(a) Except as provided otherwise in section 221(5) of this act, effective as of the transition meeting held in accordance with section 304(4) of this act, the board must be comprised of at least three members, at least a majority of whom must be unit owners. However, the number of board members need not exceed the number of units then in the common interest community.

(b) Unless the declaration or organizational documents provide for the election of officers by the unit owners, the board must elect the officers.

(c) Unless provided otherwise in the declaration or organizational documents, board members and officers must take office upon adjournment of the meeting at which they were elected or appointed or, if not elected or appointed at a meeting, at the time of such election or appointment, and must serve until their successor takes office.

(d) In determining the qualifications of any officer or board member of the association, "unit owner" includes, unless the declaration or organizational documents provide otherwise, any board member, officer, member, partner, or trustee of any person, who is, either alone or in conjunction with another person or persons, a unit owner.

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

(e) Any officer or board member of the association who would not be eligible to serve as such if he or she were not a board member, officer, partner in, or trustee of such a person is disqualified from continuing in office if he or she ceases to have any such affiliation with that person or that person would have been disqualified from continuing in such office as a natural person.

(3) Except when voting as a unit owner, the declarant may not appoint or elect any person or to serve itself as a voting, ex officio or nonvoting board member following the transition meeting.

(4) The board may not, without vote or agreement of the unit owners:

(a) Amend the declaration, except as provided in section 218 of this act;

(b) Amend the organizational documents of the association;

(c) Terminate the common interest community;

(d) Elect members of the board, but may fill vacancies in its membership not resulting from removal for the unexpired portion of any term or, if earlier, until the next regularly scheduled election of board members; or

(e) Determine the qualifications, powers, duties, or terms of office of board members.

(5) The board must adopt budgets as provided in section 326 of this act.

(6) Except for committees appointed by the declarant pursuant to special declarant rights, all committees of the association must be appointed by the board. Committees authorized to exercise any power reserved to the board must include at least two board members who have exclusive voting power for that committee. Committees that are not so composed may not exercise the authority of the board and are advisory only.

NEW SECTION. Sec. 304. PERIOD OF DECLARANT CONTROL—TRANSITION. (1)(a) Subject to subsection (3) of this section, the declaration may provide for a period of declarant control of the association, during which period a declarant, or persons designated by the declarant, may:

(i) Appoint and remove the officers and board members; or

(ii) Veto or approve a proposed action of the board or association.

(b) A declarant may voluntarily surrender the right to appoint and remove officers and board members before the period ends. In that event, the declarant may require that during the remainder of the period, specified actions of the association or board, as described in a recorded amendment to the declaration executed by the declarant, be approved by the declarant before they become effective. A declarant's failure to veto or approve such proposed action in writing within thirty days after receipt of written notice of the proposed action is deemed approval by the declarant.

(2) Regardless of the period provided in the declaration, and except as provided in section 225(7) of this act, a period of declarant control terminates no later than the earliest of:

(a) Sixty days after conveyance of seventy-five percent of the units that may be created to unit owners other than a declarant;

(b) Two years after the last conveyance of a unit, except to a dealer;

(c) Two years after any right to add new units was last exercised; or

(d) The day the declarant, after giving notice in a record to unit owners, records an amendment to the declaration voluntarily surrendering all rights to appoint and remove officers and board members.

(3) Not later than sixty days after conveyance of twenty-five percent of the units that may be created to unit owners other than a declarant, at least one member and not less than twenty-five percent of the members of the board must be elected by unit

owners other than the declarant. Not later than sixty days after conveyance of fifty percent of the units that may be created to unit owners other than a declarant, not less than thirty-three and one-third percent of the members of the board must be elected by unit owners other than the declarant. Until such members are elected and take office, the existing board may continue to act on behalf of the association.

(4) Within thirty days after the termination of any period of declarant control or, in the absence of such period, not later than a date that is sixty days after the conveyance of seventy-five percent of the units that may be created to unit owners other than a declarant, the board must schedule a transition meeting and provide notice to the unit owners in accordance with section 310(1)(c) of this act. At the transition meeting, the board elected by the unit owners must be elected in accordance with section 303(2) of this act.

NEW SECTION. Sec. 305. TRANSFER OF ASSOCIATION PROPERTY. (1) No later than thirty days following the date of the transition meeting held pursuant to section 304(4) of this act, the declarant must deliver or cause to be delivered to the board elected at the transition meeting all property of the unit owners and association as required by the declaration or this chapter including, but not limited to:

(a) The original or a copy of the recorded declaration and each amendment to the declaration;

(b) The organizational documents of the association;

(c) The minute books, including all minutes, and other books and records of the association;

(d) Current rules and regulations that have been adopted;

(e) Resignations of officers and members of the board who are required to resign because the declarant is required to relinquish control of the association;

(f) The financial records, including canceled checks, bank statements, and financial statements of the association, and source documents from the time of formation of the association through the date of transfer of control to the unit owners;

(g) Association funds or the control of the funds of the association;

(h) Originals or copies of any recorded instruments of conveyance for any common elements included within the common interest community but not appurtenant to the units;

(i) All tangible personal property of the association;

(j) Except for alterations to a unit done by a unit owner other than the declarant, a copy of the most recent plans and specifications used in the construction or remodeling of the common interest community, except for buildings containing fewer than three units;

(k) Originals or copies of insurance policies for the common interest community and association;

(l) Originals or copies of any certificates of occupancy that may have been issued for the common interest community;

(m) Originals or copies of any other permits obtained by or on behalf of the declarant and issued by governmental bodies applicable to the common interest community;

(n) Originals or copies of all written warranties that are still in effect for the common elements, or any other areas or facilities that the association has the responsibility to maintain and repair, from the contractor, subcontractors, suppliers, and manufacturers and all owners' manuals or instructions furnished to the declarant with respect to installed equipment or building systems;

(o) A roster of unit owners and eligible mortgagees and their addresses and telephone numbers, if known, as shown on the declarant's records and the date of closing of the first sale of each unit sold by the declarant;

(p) Originals or copies of any leases of the common elements and other leases to which the association is a party;

(q) Originals or photocopies of any employment contracts or service contracts in which the association is one of the contracting parties or service contracts in which the association or the unit owners have an obligation or a responsibility, directly or indirectly, to pay some or all of the fee or charge of the person performing the service;

(r) Originals or copies of any qualified warranty issued to the association as provided for in RCW 64.35.505; and

(s) Originals or copies of all other contracts to which the association is a party.

(2) Within sixty days of the transition meeting, the board must retain the services of a certified public accountant to audit the records of the association as the date of the transition meeting in accordance with generally accepted auditing standards unless the unit owners, other than the declarant, to which a majority of the votes are allocated elect to waive the audit. The cost of the audit must be a common expense unless otherwise provided in the declaration. The accountant performing the audit must examine supporting documents and records, including the cash disbursements and related paid invoices, to determine if expenditures were for association purposes and the billings, cash receipts, and related records to determine if the declarant was charged for and paid the proper amount of assessments.

(3) A declaration may provide for the appointment of specified positions on the board by persons other than the declarant or an affiliate of the declarant during or after the period of declarant control. It also may provide a method for filling vacancies in those positions, other than by election by the unit owners. However, after the period of declarant control, appointed members:

(a) May not comprise more than one-third of the board; and

(b) Have no greater authority than any other board member.

NEW SECTION. Sec. 306. TRANSFER OF SPECIAL DECLARANT RIGHTS. (1) Except as provided in subsection (3) of this section, a special declarant right created or reserved under this chapter may be transferred only by an instrument effecting the transfer and executed by the transferor, to be recorded in every county in which any portion of the common interest community is located. The transferee must provide the association with a copy of the recorded instrument, but the failure to furnish the copy does not invalidate the transfer.

(2) Upon transfer of any special declarant right, the liability of a transferor declarant is as follows:

(a) A transferor is not relieved of any obligation or liability arising before the transfer and remains liable for such warranty obligations arising before the transfer imposed upon the transferor under this chapter. Lack of privity does not deprive any unit owner of standing to maintain an action to enforce any obligation of the transferor.

(b) If a successor to any special declarant right is an affiliate of a declarant the transferor is jointly and severally liable with the successor for any obligations or liabilities of the successor relating to the common interest community.

(c) If a transferor retains any special declarant rights, but transfers other special declarant rights to a successor who is not an affiliate of the declarant, the transferor is liable for any obligations or liabilities imposed on a declarant under this chapter or by the declaration relating to the retained special declarant rights, whether arising before or after the transfer.

(d) A transferor is not liable for any act or omission or any breach of a contractual or warranty obligation by a successor declarant who is not an affiliate of the transferor.

(3) Upon foreclosure of a security interest, sale by a trustee under an agreement creating a security interest, tax sale, judicial

sale, or sale under bankruptcy code or receivership proceedings of any unit owned by a declarant or real property in a common interest community that is subject to any special declarant rights, a person acquiring title to the real property being foreclosed or sold succeeds to all of the special declarant rights related to that real property held by that declarant and to any rights reserved in the declaration pursuant to section 216 of this act and held by that declarant to maintain models, sales offices, and signs except to the extent the judgment or instrument effecting the transfer states otherwise.

(4) Upon foreclosure of a security interest, sale by a trustee under an agreement creating a security interest, tax sale, judicial sale, or sale under bankruptcy code or receivership proceedings of all interests in a common interest community owned by a declarant, any special declarant rights that are not transferred as stated in subsection (3) of this section terminate.

(5) The liabilities and obligations of a person who succeeds to special declarant rights are as follows:

(a) A successor to any special declarant right who is an affiliate of a declarant is subject to all obligations and liabilities imposed on the transferor under this chapter or by the declaration.

(b) A successor to any special declarant right, other than a successor who is an affiliate of a declarant, is subject to the obligations and liabilities imposed under this chapter or the declaration:

(i) On a declarant that relate to the successor's exercise of special declarant rights; and

(ii) On the declarant's transferor, other than:

(A) Misrepresentations by any previous declarant;

(B) Any warranty obligations pursuant to section 415 (1) through (3) of this act on improvements made or contracted for, or units sold by, a previous declarant or that were made before the common interest community was created;

(C) Breach of any fiduciary obligation by any previous declarant or the previous declarant's appointees to the board; or

(D) Any liability or obligation imposed on the transferor as a result of the transferor's acts or omissions after the transfer.

(c) A successor to only a right reserved in the declaration to maintain models, sales offices, and signs may not exercise any other special declarant right, and is not subject to any liability or obligation as a declarant, except the obligation to provide a public offering statement and any liability arising as a result of such reserved rights.

(6) This section does not subject any successor to a special declarant right to any claims against or other obligations of a transferor declarant, other than claims and obligations arising under this chapter or the declaration.

NEW SECTION. Sec. 307. TERMINATION OF CONTRACTS AND LEASES. (1) Within two years after the transition meeting, the association may terminate without penalty, upon not less than ninety days' notice to the other party, any of the following if it was entered into before the board was elected:

(a) Any management, maintenance, operations, or employment contract, or lease of recreational or parking areas or facilities; or

(b) Any other contract or lease between the association and a declarant or an affiliate of a declarant.

(2) The association may terminate without penalty, at any time after the board elected by the unit owners pursuant to section 304(4) of this act takes office upon not less than ninety days' notice to the other party, any contract or lease that is not bona fide or was unconscionable to the unit owners at the time entered into.

(3) This section does not apply to:

(a) Any lease the termination of which would terminate the common interest community or reduce its size, unless the real estate subject to that lease was included in the common interest

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

community for the purpose of avoiding the right of the association to terminate a lease under this section; or

(b) A proprietary lease.

NEW SECTION. Sec. 308. ORGANIZATIONAL DOCUMENTS. (1) Unless provided for in the declaration, the organizational documents of the association must:

(a) Provide the number of board members and the titles of the officers of the association;

(b) Provide for election by the board or, if the declaration requires, by the unit owners of a president, treasurer, secretary, and any other officers of the association the organizational documents specify;

(c) Specify the qualifications, powers and duties, terms of office, and manner of electing and removing board members and officers and filling vacancies in accordance with section 303 of this act;

(d) Specify the powers the board or officers may delegate to other persons or to a managing agent;

(e) Specify a method for the unit owners to amend the organizational documents;

(f) Describe the budget ratification process required under section 326 of this act, if not provided in the declaration;

(g) Contain any provision necessary to satisfy requirements in this chapter or the declaration concerning meetings, voting, quorums, and other activities of the association; and

(h) Provide for any matter required by law of this state other than this chapter to appear in the organizational documents of organizations of the same type as the association.

(2) Subject to the declaration and this chapter, the organizational documents may provide for any other necessary or appropriate matters.

NEW SECTION. Sec. 309. UPKEEP OF COMMON INTEREST COMMUNITY. (1) Except to the extent provided by the declaration, subsections (2) and (4) of this section, or section 315(8) of this act, the association must maintain, repair, and replace the common elements, including limited common elements, and each unit owner must maintain, repair, and replace that owner's unit.

(2) The board may by rule designate physical components of the property for which a unit owner is otherwise responsible that present a heightened risk of damage or harm to persons or property if the physical components fail. The association may require that specific measures be taken by the unit owner or the association to diminish that risk of harm. If a unit owner fails to accomplish any necessary maintenance, repair, or replacement to those components, or fails to take any other measures required of the unit owner under this subsection, the association may, after notice to a unit owner and an opportunity to be heard, enter the unit in the manner pursuant to subsection (3) of this section to perform such maintenance, repair, replacement, or measure at the expense of that unit owner.

(3) Upon prior notice, except in case of an emergency, each unit owner must afford to the association and the other unit owners, and to their agents or employees, access through that owner's unit and limited common elements reasonably necessary for the purposes stated in subsections (1) and (2) of this section, including necessary inspections by the association. If damage is inflicted on the common elements or on any unit through which access is taken, the unit owner responsible for the damage, or the association if it is responsible, is liable for the prompt repair of the damage.

(4) In addition to the liability that a declarant as a unit owner has under this chapter, the declarant alone is liable for all expenses in connection with real estate subject to development

rights and no other unit owner and no other portion of the common interest community is subject to a claim for payment of those expenses. However, the declaration may provide that the expenses associated with the operation, maintenance, repair, and replacement of a common element that the owners have a right to use must be paid by the association as a common expense. Unless the declaration provides otherwise, any income or proceeds from real estate subject to development rights inures to the declarant.

(5) In a plat community or miscellaneous community, if all development rights have expired with respect to any real estate, the declarant remains liable for all expenses of that real estate unless, upon expiration, the declaration provides that the real estate becomes common elements or units.

NEW SECTION. Sec. 310. MEETINGS. (1) The following requirements apply to unit owner meetings:

(a) A meeting of the association must be held at least once each year. Failure to hold an annual meeting does not cause a forfeiture or give cause for dissolution of the association and does not affect otherwise valid association acts.

(b)(i) An association must hold a special meeting of unit owners to address any matter affecting the common interest community or the association if its president, a majority of the board, or unit owners having at least twenty percent, or any lower percentage specified in the organizational documents, of the votes in the association request that the secretary call the meeting.

(ii) If the association does not provide notice to unit owners of a special meeting within thirty days after the requisite number or percentage of unit owners request the secretary to do so, the requesting members may directly provide notice to all the unit owners of the meeting. Only matters described in the meeting notice required in (c) of this subsection may be considered at a special meeting.

(c) An association must provide notice to unit owners of the time, date, and place of each annual and special unit owners meeting not less than fourteen days and not more than fifty days before the meeting date. Notice may be by any means described in section 324 of this act. The notice of any meeting must state the time, date, and place of the meeting and the items on the agenda, including:

(i) The text of any proposed amendment to the declaration or organizational documents;

(ii) Any changes in the previously approved budget that result in a change in the assessment obligations; and

(iii) Any proposal to remove a board member or officer.

(d) The minimum time to provide notice required in (c) of this subsection may be reduced or waived for a meeting called to deal with an emergency.

(e) Unit owners must be given a reasonable opportunity at any meeting to comment regarding any matter affecting the common interest community or the association.

(f) The declaration or organizational documents may allow for meetings of unit owners to be conducted by telephonic, video, or other conferencing process, if the process is consistent with subsection (2)(i) of this section.

(2) The following requirements apply to meetings of the board and committees authorized to act for the board:

(a) Meetings must be open to the unit owners except during executive sessions, but the board may expel or prohibit attendance by any person who, after warning by the chair of the meeting, disrupts the meeting. The board and those committees may hold an executive session only during a regular or special meeting of the board or a committee. A final vote or action may not be taken during an executive session.

(b) An executive session may be held only to:

(i) Consult with the association's attorney concerning legal matters;

(ii) Discuss existing or potential litigation or mediation, arbitration, or administrative proceedings;

(iii) Discuss labor or personnel matters;

(iv) Discuss contracts, leases, and other commercial transactions to purchase or provide goods or services currently being negotiated, including the review of bids or proposals, if premature general knowledge of those matters would place the association at a disadvantage; or

(v) Prevent public knowledge of the matter to be discussed if the board or committee determines that public knowledge would violate the privacy of any person.

(c) For purposes of this subsection, a gathering of members of the board or committees at which the board or committee members do not conduct association business is not a meeting of the board or committee. Board members and committee members may not use incidental or social gatherings to evade the open meeting requirements of this subsection.

(d) During the period of declarant control, the board must meet at least four times a year. At least one of those meetings must be held at the common interest community or at a place convenient to the community. After the transition meeting, all board meetings must be at the common interest community or at a place convenient to the common interest community unless the unit owners amend the bylaws to vary the location of those meetings.

(e) At each board meeting, the board must provide a reasonable opportunity for unit owners to comment regarding matters affecting the common interest community and the association.

(f) Unless the meeting is included in a schedule given to the unit owners or the meeting is called to deal with an emergency, the secretary or other officer specified in the organizational documents must provide notice of each board meeting to each board member and to the unit owners. The notice must be given at least fourteen days before the meeting and must state the time, date, place, and agenda of the meeting.

(g) If any materials are distributed to the board before the meeting, the board must make copies of those materials reasonably available to those unit owners, except that the board need not make available copies of unapproved minutes or materials that are to be considered in executive session.

(h) Unless the organizational documents provide otherwise, fewer than all board members may participate in a regular or special meeting by or conduct a meeting through the use of any means of communication by which all board members participating can hear each other during the meeting. A board member participating in a meeting by these means is deemed to be present in person at the meeting.

(i) Unless the organizational documents provide otherwise, the board may meet by participation of all board members by telephonic, video, or other conferencing process if:

(i) The meeting notice states the conferencing process to be used and provides information explaining how unit owners may participate in the conference directly or by meeting at a central location or conference connection; and

(ii) The process provides all unit owners the opportunity to hear or perceive the discussion and to comment as provided in (e) of this subsection.

(j) After the transition meeting, unit owners may amend the organizational documents to vary the procedures for meetings described in (i) of this subsection.

(k) Instead of meeting, the board may act by unanimous consent as documented in a record by all its members. Actions taken by unanimous consent must be kept as a record of the association with the meeting minutes. After the transition meeting, the board may act by unanimous consent only to

undertake ministerial actions, actions subject to ratification by the unit owners, or to implement actions previously taken at a meeting of the board.

(l) A board member who is present at a board meeting at which any action is taken is presumed to have assented to the action taken unless the board member's dissent or abstention to such action is lodged with the person acting as the secretary of the meeting before adjournment of the meeting or provided in a record to the secretary of the association immediately after adjournment of the meeting. The right to dissent or abstain does not apply to a board member who voted in favor of such action at the meeting.

(m) A board member may not vote by proxy or absentee ballot.

(n) Even if an action by the board is not in compliance with this section, it is valid unless set aside by a court. A challenge to the validity of an action of the board for failure to comply with this section may not be brought more than ninety days after the minutes of the board of the meeting at which the action was taken are approved or the record of that action is distributed to unit owners, whichever is later.

(3) Minutes of all unit owner meetings and board meetings, excluding executive sessions, must be maintained in a record. The decision on each matter voted upon at a board meeting or unit owner meeting must be recorded in the minutes.

NEW SECTION. Sec. 311. QUORUM. (1) Unless the organizational documents provide otherwise, a quorum is present throughout any meeting of the unit owners if persons entitled to cast twenty percent of the votes in the association:

(a) Are present in person or by proxy at the beginning of the meeting;

(b) Have voted by absentee ballot; or

(c) Are present by any combination of (a) and (b) of this subsection.

(2) Unless the organizational documents specify a larger number, a quorum of the board is present for purposes of determining the validity of any action taken at a meeting of the board only if individuals entitled to cast a majority of the votes on that board are present at the time a vote regarding that action is taken. If a quorum is present when a vote is taken, the affirmative vote of a majority of the board members present is the act of the board unless a greater vote is required by the organizational documents.

NEW SECTION. Sec. 312. UNIT OWNER VOTING. (1) Unit owners may vote at a meeting in person, by absentee ballot pursuant to subsection (3)(d) of this section, or by a proxy pursuant to subsection (5) of this section.

(2) When a vote is conducted without a meeting, unit owners may vote by ballot pursuant to subsection (6) of this section.

(3) At a meeting of unit owners the following requirements apply:

(a) Unit owners or their proxies who are present in person may vote by voice vote, show of hands, standing, written ballot, or any other method for determining the votes of unit owners, as designated by the person presiding at the meeting.

(b) If only one of several unit owners of a unit is present, that unit owner is entitled to cast all the votes allocated to that unit. If more than one of the unit owners are present, the votes allocated to that unit may be cast only in accordance with the agreement of a majority in interest of the unit owners, unless the declaration expressly provides otherwise. There is a majority agreement if any one of the unit owners casts the votes allocated to the unit without protest being made promptly to the person presiding over the meeting by any of the other unit owners of the unit.

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

(c) Unless a greater number or fraction of the votes in the association is required under this chapter or the declaration or organizational documents, a majority of the votes cast determines the outcome of any action of the association.

(d) Whenever proposals or board members are to be voted upon at a meeting, a unit owner may vote by duly executed absentee ballot if:

(i) The name of each candidate and the text of each proposal to be voted upon are set forth in a writing accompanying or contained in the notice of meeting; and

(ii) A ballot is provided by the association for such purpose.

(4) When a unit owner votes by absentee ballot, the association must be able to verify that the ballot is cast by the unit owner having the right to do so.

(5) Except as provided otherwise in the declaration or organizational documents, the following requirements apply with respect to proxy voting:

(a) Votes allocated to a unit may be cast pursuant to a directed or undirected proxy duly executed by a unit owner in the same manner as provided in RCW 24.06.110.

(b) If a unit is owned by more than one person, each unit owner of the unit may vote or register protest to the casting of votes by the other unit owners of the unit through a duly executed proxy.

(c) A unit owner may revoke a proxy given pursuant to this section only by actual notice of revocation to the secretary or the person presiding over a meeting of the association or by delivery of a subsequent proxy. The death or disability of a unit owner does not revoke a proxy given by the unit owner unless the person presiding over the meeting has actual notice of the death or disability.

(d) A proxy is void if it is not dated or purports to be revocable without notice.

(e) Unless stated otherwise in the proxy, a proxy terminates eleven months after its date of issuance.

(6) Unless prohibited or limited by the declaration or organizational documents, an association may conduct a vote without a meeting. In that event, the following requirements apply:

(a) The association must notify the unit owners that the vote will be taken by ballot.

(b) The notice must state:

(i) The time and date by which a ballot must be delivered to the association to be counted, which may not be fewer than fourteen days after the date of the notice, and which deadline may be extended in accordance with (g) of this subsection;

(ii) The percent of votes necessary to meet the quorum requirements;

(iii) The percent of votes necessary to approve each matter other than election of board members; and

(iv) The time, date, and manner by which unit owners wishing to deliver information to all unit owners regarding the subject of the vote may do so.

(c) The association must deliver a ballot to every unit owner with the notice.

(d) The ballot must set forth each proposed action and provide an opportunity to vote for or against the action.

(e) A ballot cast pursuant to this section may be revoked only by actual notice to the association of revocation. The death or disability of a unit owner does not revoke a ballot unless the association has actual notice of the death or disability prior to the date set forth in (b)(i) of this subsection.

(f) Approval by ballot pursuant to this subsection is valid only if the number of votes cast by ballot equals or exceeds the quorum required to be present at a meeting authorizing the action.

(g) If the association does not receive a sufficient number of votes to constitute a quorum or to approve the proposal by the date and time established for return of ballots, the board may extend the deadline for a reasonable period not to exceed eleven months upon further notice to all members in accordance with (b) of this subsection. In that event, all votes previously cast on the proposal must be counted unless subsequently revoked as provided in this section.

(h) A ballot or revocation is not effective until received by the association.

(i) The association must give notice to unit owners of any action taken pursuant to this subsection within a reasonable time after the action is taken.

(j) When an action is taken pursuant to this subsection, a record of the action, including the ballots or a report of the persons appointed to tabulate such ballots, must be kept with the minutes of meetings of the association.

(7) If the governing documents require that votes on specified matters affecting the common interest community be cast by lessees rather than unit owners of leased units:

(a) This section applies to lessees as if they were unit owners;

(b) Unit owners that have leased their units to other persons may not cast votes on those specified matters; and

(c) Lessees are entitled to notice of meetings, access to records, and other rights respecting those matters as if they were unit owners.

(8) Unit owners must also be given notice, in the manner provided in section 324 of this act, of all meetings at which lessees may be entitled to vote.

(9) In any vote of the unit owners, votes allocated to a unit owned by the association must be cast in the same proportion as the votes cast on the matter by unit owners other than the association.

NEW SECTION. Sec. 313. TORT AND CONTRACT LIABILITY—TOLLING OF LIMITATION PERIOD. (1) A unit owner is not liable, solely by reason of being a unit owner, for an injury or damage arising out of the condition or use of the common elements. Neither the association nor any unit owner except the declarant is liable for that declarant's torts in connection with any part of the common interest community which that declarant must maintain.

(2)(a) An action alleging a wrong done by the association, including an action arising out of the condition or use of the common elements, may be maintained only against the association and not against any unit owner.

(b) If the wrong occurred during any period of declarant control and the association gives the declarant reasonable notice of and an opportunity to defend against the action, the declarant who then controlled the association is liable to the association or to any unit owner for (i) all tort losses not covered by insurance suffered by the association or that unit owner and (ii) all costs that the association would not have incurred but for a breach of contract or other wrongful act or omission by the association.

(c) If a declarant is liable to an association under this section, the declarant is also liable for all expenses of litigation, including reasonable attorneys' fees and costs, incurred by the association.

(3)(a) Except as provided in section 417 of this act with respect to warranty claims, any statute of limitation affecting the association's right of action against a declarant under this chapter is tolled until any period of declarant control terminates.

(b) A unit owner is not precluded from maintaining an action contemplated under this section because that person is a unit owner, board member, or officer of the association. Liens resulting from judgments against the association are governed under section 319 of this act.

NEW SECTION. Sec. 314. CONVEYANCE OR ENCUMBRANCE OF COMMON ELEMENTS. (1)(a) In a common interest community other than a cooperative, portions of the common elements may be conveyed or subjected to a security interest by the association if unit owners entitled to cast at least eighty percent of the votes in the association, including eighty percent of the votes allocated to units not owned by a declarant, or any larger percentage the declaration specifies, agree to that action; but all unit owners of units to which any limited common element is allocated must agree to convey that limited common element or subject it to a security interest. The declaration may specify a smaller percentage only if all of the units are restricted exclusively to nonresidential uses.

(b) Proceeds of the sale or a loan are an asset of the association, but the proceeds of the sale of limited common elements must be distributed equitably among the unit owners of units to which the limited common elements were allocated. This subsection (1) does not apply to the incorporation of common elements into units as a result of relocating unit boundaries pursuant to section 213 of this act, to subdividing or combining units pursuant to section 214 of this act, or to eminent domain proceedings pursuant to section 106 of this act.

(2)(a) Part of a cooperative may be conveyed and all or part of a cooperative may be subjected to a security interest by the association if unit owners entitled to cast at least eighty percent of the votes in the association, including eighty percent of the votes allocated to units not owned by a declarant, or any larger percentage the declaration specifies, agree to that action; but, if fewer than all of the units or limited common elements are to be conveyed or subjected to a security interest, all unit owners of those units, or the units to which those limited common elements are allocated, must agree to convey those units or limited common elements or subject them to a security interest. The declaration may specify a smaller percentage only if all of the units are restricted exclusively to nonresidential uses.

(b) Proceeds of the sale or a loan are an asset of the association. Any purported conveyance or other voluntary transfer of an entire cooperative, unless made pursuant to section 219 of this act, is void. This subsection (2) does not apply to the incorporation of common elements into units as a result of relocating unit boundaries pursuant to section 213 of this act, to subdividing or combining units pursuant to section 214 of this act, or to eminent domain proceedings pursuant to section 106 of this act.

(3) An agreement to convey common elements in a common interest community other than a cooperative, or to subject them to a security interest, or in a cooperative, an agreement to convey any part of a cooperative or subject it to a security interest, must be evidenced by the execution of an agreement, or ratifications of an agreement, in the same manner as a deed, by the requisite number of unit owners. The agreement must specify a date after which the agreement will be void unless recorded before that date. The agreement and all ratifications of the agreement must be recorded in every county in which a portion of the common interest community is situated and is effective only upon recordation.

(4) The association, on behalf of the unit owners, may contract to convey or dedicate an interest in a common interest community pursuant to subsection (1) of this section, but the contract is not enforceable against the association until approved pursuant to subsection (1), (2), or (3) of this section. Thereafter, the association has all powers necessary and appropriate to effect the conveyance or encumbrance, including the power to execute deeds or other instruments.

(5) Unless made pursuant to this section, any purported conveyance, encumbrance, judicial sale, or other voluntary

transfer of common elements or of any other part of a cooperative is void.

(6) A conveyance or encumbrance of common elements or of a cooperative pursuant to this section does not deprive any unit of its rights of access and support.

(7) Unless the declaration requires a higher percentage, if the consent of eligible mortgagees holding security interests on at least eighty percent of the units subject to security interests held by eligible mortgagees on the day the unit owners' agreement under subsection (3) of this section is recorded, is obtained:

(a) A conveyance of common elements pursuant to this section terminates both the undivided interests in those common elements allocated to the units and the security interests in those undivided interests held by all persons holding security interests in the units; and

(b) An encumbrance of common elements pursuant to this section has priority over all preexisting encumbrances on the undivided interests in those common elements held by all persons holding security interests in the units.

(8) The consents of eligible mortgagees, or a certificate of the secretary affirming that the requisite percentage of eligible mortgagees have consented, may be recorded at any time before the date on which the agreement under subsection (3) of this section becomes void. Such consents or certificates recorded are valid from the date they are recorded for purposes of calculating the percentage of consenting eligible mortgagees, regardless of later conveyance or encumbrances on those units. If the required percentage of eligible mortgagees consent, a conveyance or encumbrance of common elements does not affect interests having priority over the declaration or created by the association after the declaration was recorded.

(9) In a cooperative, the association may acquire, hold, encumber, or convey a proprietary lease without complying with this section.

NEW SECTION. Sec. 315. INSURANCE. (1) Commencing not later than the time of the first conveyance of a unit to a person other than a declarant, the association must maintain in its own name, to the extent reasonably available and subject to reasonable deductibles:

(a) Property insurance on the common elements and, in a plat community or miscellaneous community, also on property that must become common elements, insuring against risks of direct physical loss commonly insured against, which insurance, after application of any deductibles, must be not less than eighty percent of the actual cash value of the insured property at the time the insurance is purchased and at each renewal date, exclusive of land, excavations, foundations, and other items normally excluded from property policies;

(b) Commercial general liability insurance, including medical payments insurance, in an amount determined by the board, but not less than any amount specified in the declaration, covering all occurrences commonly insured against for bodily injury and property damage arising out of or in connection with the use, ownership, or maintenance of the common elements and, in cooperatives, of all units;

(c) Fidelity insurance; and

(d) Other insurance required under the declaration.

(2) In the case of a building that contains units divided by horizontal boundaries described in the declaration, or vertical boundaries that comprise common walls between units, the insurance maintained under subsection (1)(a) of this section, to the extent reasonably available, must include the units and, unless provided otherwise in the declaration, all improvements and betterments to the units.

(3) If the insurance described in subsections (1) and (2) of this section is not reasonably available, the association must promptly cause notice of that fact to be given to all unit owners. The association may carry any other insurance it considers appropriate to protect the association or the unit owners.

(4) Insurance policies carried pursuant to subsections (1) and (2) of this section must provide that:

(a) Each unit owner is an insured person under the policy with respect to liability arising out of the unit owner's interest in the common elements or membership in the association;

(b) The insurer waives its right to subrogation under the policy against any unit owner or member of the unit owner's household;

(c) Any act or omission by a unit owner, unless acting within the unit owner's scope of authority on behalf of the association, does not void the policy and is not a condition to recovery under the policy; and

(d) If, at the time of a loss under the policy, there is other insurance in the name of a unit owner covering the same risk covered by the policy, the association's policy provides primary insurance.

(5) Any loss covered by the property insurance policy under subsection (1)(a) and (b) of this section must be adjusted with the association, but the insurance proceeds for that loss are payable to any insurance trustee designated for that purpose, or otherwise to the association, and not to any holder of a security interest. The insurance trustee or the association must hold any insurance proceeds in trust for the association, unit owners, and lienholders as their interests may appear. Subject to subsection (8) of this section, the proceeds must be disbursed first for the repair or replacement of the damaged property, and the association, unit owners, and lienholders are not entitled to receive payment of any portion of the proceeds unless there is a surplus of proceeds after the property has been completely repaired or replaced, or the common interest community is terminated.

(6) An insurance policy issued to the association does not prevent a unit owner from obtaining insurance for the unit owner's own benefit.

(7) An insurer that has issued an insurance policy under this section must issue certificates or memoranda of insurance to the association and, upon a request made in a record, to any unit owner or holder of a security interest. The insurer issuing the policy may not modify the amount or the extent of the coverage of the policy or cancel or refuse to renew the policy unless the insurer has complied with all applicable provisions of chapter 48.18 RCW pertaining to the cancellation or nonrenewal of contracts of insurance. The insurer may not modify the amount or the extent of the coverage of the policy or cancel or refuse to renew the policy without complying with this section.

(8) Any portion of the common interest community for which insurance is required under this section that is damaged or destroyed must be repaired or replaced promptly by the association unless:

(a) The common interest community is terminated, in which case section 219 of this act applies;

(b) Repair or replacement would be illegal; or

(c) Eighty percent of the unit owners, including every unit owner of a unit or assigned limited common element that will not be rebuilt, vote not to rebuild.

(9) The cost of repair or replacement not paid from insurance proceeds is a common expense. If all of the damaged or destroyed portions of the common interest community are not repaired or replaced:

(a) The insurance proceeds attributable to the damaged common elements must be used to restore the damaged area to a

condition compatible with the remainder of the common interest community; and

(b) Except to the extent that other persons will be distributees:

(i) The insurance proceeds attributable to units and limited common elements that are not repaired or replaced must be distributed to the unit owners of those units and the unit owners of the units to which those limited common elements were allocated, or to lienholders, as their interests may appear; and

(ii) The remainder of the proceeds must be distributed to all the unit owners or lienholders, as their interests may appear, as follows:

(A) In a condominium, in proportion to the common element interests of all the units; and

(B) In a cooperative, plat community, or miscellaneous community, in proportion to the common expense liabilities of all the units.

(10) If the unit owners vote not to rebuild any unit, that unit's allocated interests are automatically reallocated upon the vote as if the unit had been condemned under section 106 of this act, and the association promptly must prepare, execute, and record an amendment to the declaration reflecting the reallocations.

(11) The provisions of this section may be varied or waived as provided in the declaration if all units of a common interest community are restricted to nonresidential use.

NEW SECTION. Sec. 316. ACCOUNTS—RECONCILIATION. (1) The association must establish and maintain its accounts and records in a manner that will enable it to credit assessments for common expenses and specially allocated expenses, including allocations to reserves, and other income to the association, and to charge expenditures, to the account of the appropriate units in accordance with the provisions of the declaration.

(2) To assure that the unit owners are correctly assessed for the actual expenses of the association, the accounts of the association must be reconciled at least annually unless the board determines that a reconciliation would not result in a material savings to any unit owner. Unless provided otherwise in the declaration, any surplus funds of the association remaining after the payment of or provision for common expenses and any prepayment of reserves must be paid annually to the unit owners in proportion to their common expense liabilities or credited to them to reduce their future common expense assessments.

NEW SECTION. Sec. 317. ASSESSMENTS AND CAPITAL CONTRIBUTIONS. (1)(a) Assessments for common expenses and those specially allocated expenses that are subject to inclusion in a budget must be made at least annually based on a budget adopted at least annually by the association in the manner provided in section 326 of this act.

(b) Assessments for common expenses and specially allocated expenses must commence on all units that have been created upon the conveyance of the first unit in the common interest community; however, the declarant may delay commencement of assessments for some or all common expenses or specially allocated expenses, in which event the declarant must pay all of the common expenses or specially allocated expenses that have been delayed. In a common interest community in which units may be added pursuant to reserved development rights, the declarant may delay commencement of assessments for such units in the same manner.

(2) The declaration may provide that, upon closing of the first conveyance of each unit to a purchaser or first occupancy of a unit, whichever occurs first, the association may assess and collect a working capital contribution for such unit. The working capital contribution may be collected prior to the commencement

of common assessments under subsection (1) of this section. A working capital contribution may not be used to defray expenses that are the obligation of the declarant.

(3) Except as provided otherwise in this section, all common expenses must be assessed against all the units in accordance with their common expense liabilities, subject to the right of the declarant to delay commencement of certain common expenses under subsections (1) and (2) of this section. Any past due assessment or installment of past due assessment bears interest at the rate established by the association pursuant to section 318 of this act.

(4) The declaration may provide that any of the following expenses of the association must be assessed against the units on some basis other than common expense liability. If and to the extent the declaration so provides, the association must assess:

(a) Expenses associated with the operation, maintenance, repair, or replacement of any specified limited common element against the units to which that limited common element is assigned, equally or in any other proportion that the declaration provides;

(b) Expenses specified in the declaration as benefiting fewer than all of the units or their unit owners exclusively against the units benefited in proportion to their common expense liability or in any other proportion that the declaration provides;

(c) The costs of insurance in proportion to risk; and

(d) The costs of one or more specified utilities in proportion to respective usage or upon the same basis as such utility charges are made by the utility provider.

(5) Assessments to pay a judgment against the association may be made only against the units in the common interest community at the time the judgment was entered, in proportion to their common expense liabilities.

(6) To the extent that any expense of the association is caused by willful misconduct or gross negligence of any unit owner or that unit owner's tenant, guest, invitee, or occupant, the association may assess that expense against the unit owner's unit after notice and an opportunity to be heard, even if the association maintains insurance with respect to that damage or common expense.

(7) If the declaration so provides, to the extent that any expense of the association is caused by the negligence of any unit owner or that unit owner's tenant, guest, invitee, or occupant, the association may assess that expense against the unit owner's unit after notice and an opportunity to be heard, to the extent of the association's deductible and any expenses not covered under an insurance policy issued to the association.

(8) In the event of a loss or damage to a unit that would be covered by the association's property insurance policy, excluding policies for earthquake, flood, or similar losses that have higher than standard deductibles, but that is within the deductible under that policy and if the declaration so provides, the association may assess the amount of the loss up to the deductible against that unit. This subsection does not prevent a unit owner from asserting a claim against another person for the amount assessed if that other person would be liable for the damages under general legal principles.

(9) If common expense liabilities are reallocated, assessments and any installment of assessments not yet due must be recalculated in accordance with the reallocated common expense liabilities.

NEW SECTION. Sec. 318. LIEN FOR SUMS DUE ASSOCIATION—ENFORCEMENT. (1) The association has a statutory lien on each unit for any unpaid assessment against the unit from the time such assessment is due.

(2) A lien under this section has priority over all other liens and encumbrances on a unit except:

(a) Liens and encumbrances recorded before the recordation of the declaration and, in a cooperative, liens and encumbrances that the association creates, assumes, or takes subject to;

(b) Except as otherwise provided in subsection (3) of this section, a security interest on the unit recorded before the date on which the unpaid assessment became due or, in a cooperative, a security interest encumbering only the unit owner's interest and perfected before the date on which the unpaid assessment became due; and

(c) Liens for real estate taxes and other state or local governmental assessments or charges against the unit or cooperative.

(3)(a) A lien under this section also has priority over the security interests described in subsection (2)(b) of this section to the extent of an amount equal to the following:

(i) The common expense assessments, excluding any amounts for capital improvements, based on the periodic budget adopted by the association pursuant to section 317(1) of this act, along with any specially allocated assessments that are properly assessable against the unit under such periodic budget, which would have become due in the absence of acceleration during the six months immediately preceding the institution of proceedings to foreclose either the association's lien or a security interest described in subsection (2)(b) of this section;

(ii) The association's actual costs and reasonable attorneys' fees incurred in foreclosing its lien but incurred after the giving of the notice described in (a)(iii) of this subsection; provided, however, that the costs and reasonable attorneys' fees that will have priority under this subsection (3)(a)(ii) shall not exceed two thousand dollars or an amount equal to the amounts described in (a)(i) of this subsection, whichever is less;

(iii) The amounts described in (a)(ii) of this subsection shall be prior only to the security interest of the holder of a security interest on the unit recorded before the date on which the unpaid assessment became due and only if the association has given that holder not less than sixty days' prior written notice that the owner of the unit is in default in payment of an assessment. The notice shall contain:

(A) Name of the borrower;

(B) Recording date of the trust deed or mortgage;

(C) Recording information;

(D) Name of condominium, unit owner, and unit designation stated in the declaration or applicable supplemental declaration;

(E) Amount of unpaid assessment; and

(F) A statement that failure to, within sixty days of the written notice, submit the association payment of six months of assessments as described in (a)(i) of this subsection will result in the priority of the amounts described in (a)(ii) of this subsection; and

(iv) Upon payment of the amounts described in (a)(i) of this subsection by the holder of a security interest, the association's lien described in this subsection (3)(a) shall thereafter be fully subordinated to the lien of such holder's security interest on the unit.

(b) For the purposes of this subsection:

(i) "Institution of proceedings" means either:

(A) The date of recording of a notice of trustee's sale by a deed of trust beneficiary;

(B) The date of commencement, pursuant to applicable court rules, of an action for judicial foreclosure either by the association or by the holder of a recorded security interest; or

(C) The date of recording of a notice of intention to forfeit in a real estate contract forfeiture proceeding by the vendor under a real estate contract.

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

(ii) "Capital improvements" does not include making, in the ordinary course of management, repairs to common elements or replacements of the common elements with substantially similar items, subject to: (A) Availability of materials and products, (B) prevailing law, or (C) sound engineering and construction standards then prevailing.

(c) The adoption of a periodic budget that purports to allocate to a unit any fines, late charges, interest, attorneys' fees and costs incurred for services unrelated to the foreclosure of the association's lien, other collection charges, or specially allocated assessments assessed under section 317 (6) or (7) of this act does not cause any such items to be included in the priority amount affecting such unit.

(4) Subsections (2) and (3) of this section do not affect the priority of mechanics' or material suppliers' liens to the extent that law of this state other than this act gives priority to such liens, or the priority of liens for other assessments made by the association.

(5) A lien under this section is not subject to chapter 6.13 RCW.

(6) If the association forecloses its lien under this section nonjudicially pursuant to chapter 61.24 RCW, as provided under subsection (13) of this section, the association is not entitled to the lien priority provided for under subsection (3) of this section, and is subject to the limitations on deficiency judgments as provided in chapter 61.24 RCW.

(7) Unless the declaration provides otherwise, if two or more associations have liens for assessments created at any time on the same property, those liens have equal priority as to each other, and any foreclosure of one such lien shall not affect the lien of the other.

(8) Recording of the declaration constitutes record notice and perfection of the statutory lien created under this section. Further notice or recordation of any claim of lien for assessment under this section is not required, but is not prohibited.

(9) A lien for unpaid assessments and the personal liability for payment of those assessments are extinguished unless proceedings to enforce the lien or collect the debt are instituted within six years after the full amount of the assessments sought to be recovered becomes due.

(10) This section does not prohibit actions against unit owners to recover sums for which subsection (1) of this section creates a lien or prohibit an association from taking a deed in lieu of foreclosure.

(11) The association upon written request must furnish to a unit owner or a mortgagee a statement signed by an officer or authorized agent of the association setting forth the amount of unpaid assessments or the priority amount against that unit, or both. The statement must be furnished within fifteen days after receipt of the request and is binding on the association, the board, and every unit owner unless, and to the extent, known by the recipient to be false. The liability of a recipient who reasonably relies upon the statement must not exceed the amount set forth in any statement furnished pursuant to this section or section 409(1)(b) of this act.

(12) In a cooperative, upon nonpayment of an assessment on a unit, the unit owner may be evicted in the same manner as provided by law in the case of an unlawful holdover by a commercial tenant, and the lien may be foreclosed as provided under this section.

(13) The association's lien may be foreclosed in accordance with (a) and (b) of this subsection.

(a) In a common interest community other than a cooperative, the association's lien may be foreclosed judicially in accordance with chapter 61.12 RCW, subject to any rights of redemption under chapter 6.23 RCW.

(b) The lien may be enforced nonjudicially in the manner set forth in chapter 61.24 RCW for nonjudicial foreclosure of deeds of trust if the declaration: Contains a grant of the common interest community in trust to a trustee qualified under RCW 61.24.010 to secure the obligations of the unit owners to the association for the payment of assessments, contains a power of sale, provides in its terms that the units are not used principally for agricultural purposes, and provides that the power of sale is operative in the case of a default in the obligation to pay assessments. The association or its authorized representative may purchase the unit at the foreclosure sale and acquire, hold, lease, mortgage, or convey the unit. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption is eight months.

(c) In a cooperative in which the unit owners' interests in the units are real estate, the association's lien must be foreclosed in like manner as a mortgage on real estate or by power of sale under (b) of this subsection.

(d) In a cooperative in which the unit owners' interests in the units are personal property, the association's lien must be foreclosed in like manner as a security interest under chapter 62A.9A RCW.

(14) If the unit owner's interest in a unit in a cooperative is real estate, the following requirements apply:

(a) The association, upon nonpayment of assessments and compliance with this subsection, may sell that unit at a public sale or by private negotiation, and at any time and place. The association must give to the unit owner and any lessee of the unit owner reasonable notice in a record of the time, date, and place of any public sale or, if a private sale is intended, of the intention of entering into a contract to sell and of the time and date after which a private conveyance may be made. Such notice must also be sent to any other person that has a recorded interest in the unit that would be cut off by the sale, but only if the recorded interest was on record seven weeks before the date specified in the notice as the date of any public sale or seven weeks before the date specified in the notice as the date after which a private sale may be made. The notices required under this subsection may be sent to any address reasonable in the circumstances. A sale may not be held until five weeks after the sending of the notice. The association may buy at any public sale and, if the sale is conducted by a fiduciary or other person not related to the association, at a private sale.

(b) Unless otherwise agreed to or as stated in this section, the unit owner is liable for any deficiency in a foreclosure sale.

(c) The proceeds of a foreclosure sale must be applied in the following order:

(i) The reasonable expenses of sale;

(ii) The reasonable expenses of securing possession before sale; the reasonable expenses of holding, maintaining, and preparing the unit for sale, including payment of taxes and other governmental charges and premiums on insurance; and, to the extent provided for by agreement between the association and the unit owner, reasonable attorneys' fees, costs, and other legal expenses incurred by the association;

(iii) Satisfaction of the association's lien;

(iv) Satisfaction in the order of priority of any subordinate claim of record; and

(v) Remittance of any excess to the unit owner.

(d) A good-faith purchaser for value acquires the unit free of the association's debt that gave rise to the lien under which the foreclosure sale occurred and any subordinate interest, even though the association or other person conducting the sale failed to comply with this section. The person conducting the sale must execute a conveyance to the purchaser sufficient to convey the

unit and stating that it is executed by the person after a foreclosure of the association's lien by power of sale and that the person was empowered to make the sale. Signature and title or authority of the person signing the conveyance as grantor and a recital of the facts of nonpayment of the assessment and of the giving of the notices required under this subsection are sufficient proof of the facts recited and of the authority to sign. Further proof of authority is not required even though the association is named as grantee in the conveyance.

(e) At any time before the association has conveyed a unit in a cooperative or entered into a contract for its conveyance under the power of sale, the unit owners or the holder of any subordinate security interest may cure the unit owner's default and prevent sale or other conveyance by tendering the performance due under the security agreement, including any amounts due because of exercise of a right to accelerate, plus the reasonable expenses of proceeding to foreclosure incurred to the time of tender, including reasonable attorneys' fees and costs of the creditor.

(15) In an action by an association to collect assessments or to foreclose a lien on a unit under this section, the court may appoint a receiver to collect all sums alleged to be due and owing to a unit owner before commencement or during pendency of the action. The receivership is governed under chapter 7.60 RCW. During pendency of the action, the court may order the receiver to pay sums held by the receiver to the association for any assessments against the unit. The exercise of rights under this subsection by the association does not affect the priority of preexisting liens on the unit.

(16) Except as provided in subsection (3) of this section, the holder of a mortgage or other purchaser of a unit who obtains the right of possession of the unit through foreclosure is not liable for assessments or installments of assessments that became due prior to such right of possession. Such unpaid assessments are deemed to be common expenses collectible from all the unit owners, including such mortgagee or other purchaser of the unit. Foreclosure of a mortgage does not relieve the prior unit owner of personal liability for assessments accruing against the unit prior to the date of such sale as provided in this subsection.

(17) In addition to constituting a lien on the unit, each assessment is the joint and several obligation of the unit owner of the unit to which the same are assessed as of the time the assessment is due. A unit owner may not exempt himself or herself from liability for assessments. In a voluntary conveyance other than by foreclosure, the grantee of a unit is jointly and severally liable with the grantor for all unpaid assessments against the grantor up to the time of the grantor's conveyance, without prejudice to the grantee's right to recover from the grantor the amounts paid by the grantee. Suit to recover a personal judgment for any delinquent assessment is maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

(18) The association may from time to time establish reasonable late charges and a rate of interest to be charged, not to exceed the maximum rate calculated under RCW 19.52.020, on all subsequent delinquent assessments or installments of assessments. If the association does not establish such a rate, delinquent assessments bear interest from the date of delinquency at the maximum rate calculated under RCW 19.52.020 on the date on which the assessments became delinquent.

(19) The association is entitled to recover any costs and reasonable attorneys' fees incurred in connection with the collection of delinquent assessments, whether or not such collection activities result in a suit being commenced or prosecuted to judgment. The prevailing party is also entitled to recover costs and reasonable attorneys' fees in such suits,

including any appeals, if it prevails on appeal and in the enforcement of a judgment.

(20) To the extent not inconsistent with this section, the declaration may provide for such additional remedies for collection of assessments as may be permitted by law.

(21) An association may not commence an action to foreclose a lien on a unit under this section unless:

(a) The unit owner, at the time the action is commenced, owes a sum equal to at least three months of common expense assessments; and

(b) The board approves commencement of a foreclosure action specifically against that unit.

(22) Every aspect of a collection, foreclosure, sale, or other conveyance under this section, including the method, advertising, time, date, place, and terms, must be commercially reasonable.

NEW SECTION. Sec. 319. OTHER LIENS. (1) In a condominium, plat community, and miscellaneous community:

(a) Except as otherwise provided in (b) of this subsection, a judgment for money against the association perfected under RCW 4.64.020 is not a lien on the common elements, but is a lien in favor of the judgment lienholder against all of the other real estate of the association and all of the units in the common interest community at the time the judgment was entered. Other property of a unit owner is not subject to the claims of creditors of the association.

(b) If the association has granted a security interest in the common elements to a creditor of the association pursuant to section 314 of this act, the holder of that security interest must exercise its right against the common elements before its judgment lien on any unit may be enforced.

(c) Whether perfected before or after the creation of the common interest community, if a lien, other than a deed of trust or mortgage, including a judgment lien or lien attributable to work performed or materials supplied before creation of the common interest community, becomes effective against two or more units, the unit owner of an affected unit may pay to the lienholder the amount of the lien attributable to the unit, and the lienholder, upon receipt of payment, must promptly deliver a release of the lien covering that unit. The amount of the payment must be proportionate to the ratio that the unit owner's common expense liability bears to the common expense liabilities of all unit owners that are subject to the lien. After payment, the association may not assess or have a lien against that unit owner's unit for any portion of the common expenses incurred in connection with that lien.

(d) A judgment against the association must be recorded and indexed in the name of the common interest community and the association and, when so indexed, is notice of the lien against the units.

(2) In a cooperative:

(a) If the association receives notice of an impending foreclosure on all or any portion of the association's real estate, the association must promptly transmit a copy of that notice to each unit owner of a unit located within the real estate to be foreclosed. Failure of the association to transmit the notice does not affect the validity of the foreclosure.

(b) Whether a unit owner's unit is subject to the claims of the association's creditors, other property of a unit owner is not subject to those claims.

NEW SECTION. Sec. 320. ASSOCIATION RECORDS. (1) An association must retain the following:

(a) The current budget, detailed records of receipts and expenditures affecting the operation and administration of the association, and other appropriate accounting records within the last seven years;

FIFTY EIGHTH DAY, MARCH 6, 2018

(2) Subject to subsections (3) and (4) of this section, all records required to be retained by an association must be made available for examination and copying by all unit owners, holders of mortgages on the units, and their respective authorized agents as follows, unless agreed otherwise:

(a) During reasonable business hours or at a mutually convenient time and location; and

(b) At the offices of the association or its managing agent.

(3) Records retained by an association may be withheld from inspection and copying to the extent that they concern:

(a) Personnel and medical records relating to specific individuals;

(b) Contracts, leases, and other commercial transactions to purchase or provide goods or services currently being negotiated;

(c) Existing or potential litigation or mediation, arbitration, or administrative proceedings;

(d) Existing or potential matters involving federal, state, or local administrative or other formal proceedings before a governmental tribunal for enforcement of the governing documents;

(h) Individual unit files other than those of the requesting unit owner;

(i) Unlisted telephone number or electronic address of any unit owner or resident;

(j) Security access information provided to the association for emergency purposes; or

(k) Agreements that for good cause prohibit disclosure to the members.

(4) An association may charge a reasonable fee for producing and providing copies of any records under this section and for supervising the unit owner's inspection.

(5) A right to copy records under this section includes the right to receive copies by photocopying or other means, including through an electronic transmission if available upon request by the unit owner.

(6) An association is not obligated to compile or synthesize information.

(7) Information provided pursuant to this section may not be used for commercial purposes.

(8) An association's managing agent must deliver all of the association's original books and records to the association immediately upon termination of its management relationship with the association, or upon such other demand as is made by the board. An association managing agent may keep copies of the association records at its own expense.

NEW SECTION. Sec. 321. ASSOCIATION AS TRUSTEE. With respect to a third person dealing with the association in the association's capacity as a trustee, the existence of trust powers and their proper exercise by the association may be assumed without inquiry. A third person is not bound to inquire whether the association has power to act as trustee or is properly exercising trust powers. A third person, without actual knowledge that the association is exceeding or improperly exercising its powers, is fully protected in dealing with the association as if it possessed and properly exercised the powers it purports to exercise. A third person is not bound to assure the proper application of trust assets paid or delivered to the association in its capacity as trustee.

NEW SECTION. Sec. 322. RULES. (1) Unless the declaration provides otherwise, the board must, before adopting, amending, or repealing any rule, give all unit owners notice of:

(a) Its intention to adopt, amend, or repeal a rule and provide the text of the rule or the proposed change; and

(b) A date on which the board will act on the proposed rule or amendment after considering comments from unit owners.

(2) Following adoption, amendment, or repeal of a rule, the association must give notice to the unit owners of its action and provide a copy of any new or revised rule.

(3) If the declaration so provides, an association may adopt rules to establish and enforce construction and design criteria and aesthetic standards and, if so, must adopt procedures for enforcement of those standards and for approval of construction applications, including a reasonable time within which the association must act after an application is submitted and the consequences of its failure to act.

(4) An association's internal business operating procedures need not be adopted as rules.

(5) Every rule must be reasonable.

NEW SECTION. Sec. 323. SPECIFIC LIMITATIONS ON ASSOCIATION'S REGULATORY AUTHORITY. (1) An association may not prohibit display of the flag of the United States, or the flag of Washington state, on or within a unit or a limited common element, except that an association may adopt reasonable restrictions pertaining to the time, place, or manner of displaying the flag of the United States necessary to protect a substantial interest of the association. For purposes of this section,

"flag of the United States" means the flag of the United States as described in 4 U.S.C. Sec. 1 et seq. that is made of fabric, cloth, or paper. "Flag of the United States" does not mean a flag, depiction, or emblem made of lights, paint, roofing, siding, paving materials, flora, or balloons, or of any similar building, landscaping, or decorative components.

(2) The association may not prohibit display of signs regarding candidates for public or association office, or ballot issues, on or within a unit or limited common element, but the association may adopt rules governing the time, place, size, number, and manner of those displays.

(3) The association may not prohibit the installation of a solar energy panel on or within a unit so long as the solar panel:

(a) Meets applicable health and safety standards and requirements imposed by state and local permitting authorities;

(b) If used to heat water, is certified by the solar rating certification corporation or another nationally recognized certification agency. Certification must be for the solar energy panel and for installation; and

(c) If used to produce electricity, meets all applicable safety and performance standards established by the national electric code, the institute of electrical and electronics engineers, accredited testing laboratories, such as underwriters laboratories, and, where applicable, rules of the utilities and transportation commission regarding safety and reliability.

(4) The governing documents may:

(a) Prohibit the visibility of any part of a roof-mounted solar energy panel above the roof line;

(b) Permit the attachment of a solar energy panel to the slope of a roof facing a street only if:

(i) The solar energy panel conforms to the slope of the roof; and

(ii) The top edge of the solar energy panel is parallel to the roof ridge; and

(c) Require:

(i) A solar energy panel frame, a support bracket, or any visible piping or wiring to be painted to coordinate with the roofing material;

(ii) A unit owner or resident to shield a ground-mounted solar energy panel if shielding the panel does not prohibit economic installation of the solar energy panel or degrade the operational performance quality of the solar energy panel by more than ten percent; and

(iii) Unit owners or residents who install solar energy panels to indemnify or reimburse the association or its members for loss or damage caused by the installation, maintenance, or use of a solar energy panel.

(5) The governing documents may include other reasonable rules regarding the placement and manner of a solar energy panel.

(6) For purposes of this section, "solar energy panel" means a panel device or system or combination of panel devices or systems that relies on direct sunlight as an energy source, including a panel device or system or combination of panel devices or systems that collects sunlight for use in:

(a) The heating or cooling of a structure or building;

(b) The heating or pumping of water;

(c) Industrial, commercial, or agricultural processes; or

(d) The generation of electricity.

(7) This section must not be construed to permit installation by a unit owner of a solar panel on or in common elements without approval of the board.

(8) Unit owners may peacefully assemble on the common elements to consider matters related to the common interest community, but the association may adopt rules governing the time, place, and manner of those assemblies.

(9) An association may adopt rules that affect the use or occupancy of or behavior in units that may be used for residential purposes, only to:

(a) Implement a provision of the declaration;

(b) Regulate any behavior in or occupancy of a unit that violates the declaration or adversely affects the use and enjoyment of other units or the common elements by other occupants; and

(c) Restrict the leasing of residential units to the extent those rules are reasonably designed to meet underwriting requirements of institutional lenders that regularly make loans secured by first mortgages on units in comparable common interest communities or that regularly purchase those mortgages.

NEW SECTION. Sec. 324. NOTICE. (1) Notice to the association, board, or any owner or occupant of a unit under this chapter must be provided in the form of a record.

(2) Notice provided in a tangible medium may be transmitted by mail, private carrier, or personal delivery; telegraph or teletype; or telephone, wire, or wireless equipment that transmits a facsimile of the notice.

(a) Notice in a tangible medium to an association may be addressed to the association's registered agent at its registered office, to the association at its principal office shown in its most recent annual report or provided by notice to the unit owners, or to the president or secretary of the association at the address shown in the association's most recent annual report or provided by notice to the unit owners.

(b) Notice in a tangible medium to a unit owner or occupant must be addressed to the unit address unless the unit owner or occupant has requested, in a record delivered to the association, that notices be sent to an alternate address or by other method allowed by this section and the governing documents.

(3) Notice may be provided in an electronic transmission as follows:

(a) Notice to unit owners or board members by electronic transmission is effective only upon unit owners and board members who have consented, in the form of a record, to receive electronically transmitted notices under this chapter and have designated in the consent the address, location, or system to which such notices may be electronically transmitted, provided that such notice otherwise complies with any other requirements of this chapter and applicable law.

(b) Notice to unit owners or board members under this subsection includes material that this chapter or the governing documents requires or permits to accompany the notice.

(c) A unit owner or board member who has consented to receipt of electronically transmitted notices may revoke this consent by delivering a revocation to the association in the form of a record.

(d) The consent of any unit owner or board member is revoked if: The association is unable to electronically transmit two consecutive notices given by the association in accordance with the consent, and this inability becomes known to the secretary of the association or any other person responsible for giving the notice. The inadvertent failure by the association to treat this inability as a revocation does not invalidate any meeting or other action.

(e) Notice to unit owners or board members who have consented to receipt of electronically transmitted notices may be provided by posting the notice on an electronic network and delivering to the unit owner or board member a separate record of the posting, together with comprehensible instructions regarding how to obtain access to the posting on the electronic network.

(f) Notice to an association in an electronic transmission is effective only with respect to an association that has designated

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

in a record an address, location, or system to which the notices may be electronically transmitted.

(4) Notice may be given by any other method reasonably calculated to provide notice to the recipient.

(5) Notice is effective as follows:

(a) Notice provided in a tangible medium is effective as of the date of hand delivery, deposit with the carrier, or when sent by fax.

(b) Notice provided in an electronic transmission is effective as of the date it:

(i) Is electronically transmitted to an address, location, or system designated by the recipient for that purpose; or

(ii) Has been posted on an electronic network and a separate record of the posting has been sent to the recipient containing instructions regarding how to obtain access to the posting on the electronic network.

(6) The ineffectiveness of a good-faith effort to deliver notice by an authorized means does not invalidate action taken at or without a meeting.

(7) If this chapter prescribes different or additional notice requirements for particular circumstances, those requirements govern.

NEW SECTION. Sec. 325. REMOVAL OF OFFICERS AND BOARD MEMBERS.

(1) Unit owners present in person, by proxy, or by absentee ballot at any meeting of the unit owners at which a quorum is present may remove any board member and any officer elected by the unit owners, with or without cause, if the number of votes in favor of removal cast by unit owners entitled to vote for election of the board member or officer proposed to be removed is at least the lesser of (a) a majority of the votes in the association held by such unit owners or (b) two-thirds of the votes cast by such unit owners at the meeting, but:

(i) A board member appointed by the declarant may not be removed by a unit owner vote during any period of declarant control;

(ii) A board member appointed under section 305(3) of this act may be removed only by the person that appointed that member; and

(iii) The unit owners may not consider whether to remove a board member or officer at a meeting of the unit owners unless that subject was listed in the notice of the meeting.

(2) At any meeting at which a vote to remove a board member or officer is to be taken, the board member or officer being considered for removal must have a reasonable opportunity to speak before the vote.

(3) At any meeting at which a board member or officer is removed, the unit owners entitled to vote for the board member or officer may immediately elect a successor board member or officer consistent with this chapter.

(4) The board may, without a unit owner vote, remove from the board a board member or officer elected by the unit owners if (a) the board member or officer is delinquent in the payment of assessments more than sixty days and (b) the board member or officer has not cured the delinquency within thirty days after receiving notice of the board's intent to remove the board member or officer. Unless provided otherwise by the governing documents, the board may remove an officer elected by the board at any time, with or without cause. The removal must be recorded in the minutes of the next board meeting.

NEW SECTION. Sec. 326. ADOPTION OF BUDGETS—ASSESSMENTS AND SPECIAL ASSESSMENTS.

(1)(a) Within thirty days after adoption of any proposed budget for the common interest community, the board must provide a copy of the budget to all the unit owners and

set a date for a meeting of the unit owners to consider ratification of the budget not less than fourteen nor more than fifty days after providing the budget. Unless at that meeting the unit owners of units to which a majority of the votes in the association are allocated or any larger percentage specified in the declaration reject the budget, the budget and the assessments against the units included in the budget are ratified, whether or not a quorum is present.

(b) If the proposed budget is rejected or the required notice is not given, the periodic budget last ratified by the unit owners continues until the unit owners ratify a subsequent budget proposed by the board.

(2) The budget must include:

(a) The projected income to the association by category;

(b) The projected common expenses and those specially allocated expenses that are subject to being budgeted, both by category;

(c) The amount of the assessments per unit and the date the assessments are due;

(d) The current amount of regular assessments budgeted for contribution to the reserve account;

(e) A statement of whether the association has a reserve study that meets the requirements of section 331 of this act and, if so, the extent to which the budget meets or deviates from the recommendations of that reserve study; and

(f) The current deficiency or surplus in reserve funding expressed on a per unit basis.

(3) The board, at any time, may propose a special assessment. The assessment is effective only if the board follows the procedures for ratification of a budget described in subsection (1) of this section and the unit owners do not reject the proposed assessment. The board may provide that the special assessment may be due and payable in installments over any period it determines and may provide a discount for early payment.

NEW SECTION. Sec. 327. FINANCIAL STATEMENTS AND ASSOCIATION FUNDS.

(1) The association must prepare, or cause to be prepared, at least annually, a financial statement of the association in accordance with accrual based accounting practices.

(2) The financial statements of associations with annual assessments of fifty thousand dollars or more must be audited at least annually by a certified public accountant. In the case of an association with annual assessments of less than fifty thousand dollars, an annual audit is also required but may be waived annually by unit owners other than the declarant of units to which a majority of the votes in the association are allocated, excluding the votes allocated to units owned by the declarant.

(3) The association must keep all funds of the association in the name of the association with a qualified financial institution. The funds must not be commingled with the funds of any other association or with the funds of any managing agent of the association or any other person, or be kept in any trust account or custodial account in the name of any trustee or custodian.

(4) A managing agent who accepts or receives funds belonging to the association must promptly deposit all such funds into an account maintained by the association as provided in subsection (3) of this section or section 328 of this act, as appropriate.

NEW SECTION. Sec. 328. RESERVE ACCOUNT—ESTABLISHMENT.

An association required to obtain a reserve study pursuant to section 330 of this act must establish one or more accounts for the deposit of funds, if any, for the replacement costs of reserve components. Any reserve account must be an income-earning account maintained under the direct

control of the board, and the board is responsible for administering the reserve account.

NEW SECTION. Sec. 329. RESERVE ACCOUNT—WITHDRAWALS. (1) The board may withdraw funds from the association's reserve account to pay for unforeseen or unbudgeted costs that are unrelated to replacement costs of the reserve components. Any such withdrawal must be recorded in the minute books of the association. The board must give notice of any such withdrawal to each unit owner and adopt a repayment schedule not to exceed twenty-four months unless the board determines that repayment within twenty-four months would impose an unreasonable burden on the unit owners. The board must provide to unit owners along with the annual budget adopted in accordance with section 326 of this act (a) notice of any such withdrawal, (b) a statement of the current deficiency in reserve funding expressed on a per unit basis, and (c) the repayment plan.

(2) The board may withdraw funds from the reserve account without satisfying the notification of repayment requirements under this section to pay for replacement costs of reserve components not included in the reserve study.

NEW SECTION. Sec. 330. RESERVE STUDY—PREPARATION. (1) Unless exempt under subsection (2) of this section, an association must prepare and update a reserve study in accordance with this chapter. An initial reserve study must be prepared by a reserve study professional and based upon either a reserve study professional's visual site inspection of completed improvements or a review of plans and specifications of or for unbuilt improvements, or both when construction of some but not all of the improvements is complete. An updated reserve study must be prepared annually. An updated reserve study must be prepared at least every third year by a reserve study professional and based upon a visual site inspection conducted by the reserve study professional.

(2) Unless the governing documents require otherwise, subsection (1) of this section does not apply (a) to common interest communities containing units that are restricted in the declaration to nonresidential use, (b) to common interest communities that have only nominal reserve costs, or (c) when the cost of the reserve study or update exceeds ten percent of the association's annual budget.

(3) The governing documents may impose greater requirements on the board.

NEW SECTION. Sec. 331. RESERVE STUDY—CONTENTS. (1) Any reserve study is supplemental to the association's operating and maintenance budget.

(2) A reserve study must include:

(a) A reserve component list, including any reserve component, the replacement cost of which exceeds one percent of the annual budget of the association, excluding contributions to the reserves for that reserve component. If one of these reserve components is not included in the reserve study, the study must explain the basis for its exclusion. The study must also include quantities and estimates for the useful life of each reserve component, the remaining useful life of each reserve component, and current major replacement costs for each reserve component;

(b) The date of the study and a disclosure as to whether the study meets the requirements of this section;

(c) The following level of reserve study performed:

(i) Level I: Full reserve study funding analysis and plan;

(ii) Level II: Update with visual site inspection; or

(iii) Level III: Update with no visual site inspection;

(d) The association's reserve account balance;

(e) The percentage of the fully funded balance to which the reserve account is funded;

(f) Special assessments already implemented or planned;

(g) Interest and inflation assumptions;

(h) Current reserve account contribution rates for a full funding plan and a baseline funding plan;

(i) A recommended reserve account contribution rate for a full funding plan to achieve one hundred percent fully funded reserves by the end of the thirty-year study period, a recommended reserve account contribution rate for a baseline funding plan to maintain the reserve account balance above zero throughout the thirty-year study period without special assessments, and a reserve account contribution rate recommended by the reserve study professional;

(j) A projected reserve account balance for thirty years based on each funding plan presented in the reserve study;

(k) A disclosure on whether the reserve study was prepared with the assistance of a reserve study professional, and whether the reserve study professional was independent; and

(l) A statement of the amount of any current deficit or surplus in reserve funding expressed on a dollars per unit basis. The amount is calculated by subtracting the association's reserve account balance as of the date of the study from the fully funded balance, and then multiplying the result by the fraction or percentage of the common expenses of the association allocable to each unit; except that if the fraction or percentage of the common expenses of the association allocable vary by unit, the association must calculate any current deficit or surplus in a manner that reflects the variation.

(3) A reserve study must also include the following disclosure:

"This reserve study should be reviewed carefully. It may not include all common and limited common element components that will require major maintenance, repair, or replacement in future years, and may not include regular contributions to a reserve account for the cost of such maintenance, repair, or replacement. The failure to include a component in a reserve study, or to provide contributions to a reserve account for a component, may, under some circumstances, require the association to (1) defer major maintenance, repair, or replacement, (2) increase future reserve contributions, (3) borrow funds to pay for major maintenance, repair, or replacement, or (4) impose special assessments for the cost of major maintenance, repair, or replacement."

NEW SECTION. Sec. 332. RESERVE STUDY—DEMAND BY UNIT OWNERS—ACTION TO ENFORCE.

(1) When more than three years have passed since the date of the last reserve study prepared by a reserve study professional, unit owners of units to which at least twenty percent of the votes in the association are allocated may demand in a record delivered to the board that the cost of a reserve study be included in the next annual budget and that the study be prepared by the end of that budget year. The demand must refer to this section. The board must, upon receipt of the demand, include the cost of a reserve study in the next budget and, if that budget is not rejected by the unit owners pursuant to section 326 of this act, arrange for the preparation of a reserve study.

(2) One or more unit owners may bring an action to enforce the requirements of this section and sections 330 and 331 of this act. In such an action, a court may order specific performance and may award reasonable attorneys' fees and costs to the prevailing party.

(3) A unit owner's duty to pay assessments is not excused because of the association's failure to comply with this section and sections 330 and 331 of this act. A budget ratified by the unit owners pursuant to section 326 of this act is not invalidated because of the association's failure to comply with this section and sections 330 and 331 of this act.

NEW SECTION. Sec. 333. RESERVE STUDY—RESERVE ACCOUNT—IMMUNITY FROM LIABILITY. Except for an award for attorneys' fees and costs under section 332(2) of this act, monetary damages or other liability may not be awarded against or imposed upon the association or its officers or board members, or upon any person who may have provided advice or assistance to the association or its officers or board members, for failure to: Establish or replenish a reserve account, have a current reserve study prepared or updated in accordance with the requirements of this chapter, or make reserve disclosures in accordance with this chapter.

IV. PROTECTION OF PURCHASERS

NEW SECTION. Sec. 401. APPLICABILITY—WAIVER. (1) Sections 402 through 420 of this act apply to all units subject to this chapter, except as provided in subsections (2) and (3) of this section.

- (c) A conveyance by a government or governmental agency;
- (d) A conveyance by foreclosure;
- (e) A conveyance of all of the units in a common interest community in a single transaction;

- (g) An agreement to convey that may be canceled at any time and for any reason by the purchaser without penalty;
- (h) A conveyance of a unit restricted to nonresidential uses, except and to the extent otherwise agreed to in writing by the seller and purchaser of that unit.

(3) Sections 414, 415, 416, 417, 419, and 420 of this act apply only to condominiums created under this chapter, and do not apply to other common interest communities.

NEW SECTION. Sec. 402. LIABILITY FOR PUBLIC OFFERING STATEMENT REQUIREMENTS. (1) Except as provided otherwise in subsection (2) of this section, a declarant required to deliver a public offering statement pursuant to subsection (3) of this section must prepare a public offering statement conforming to the requirements of sections 403, 404, and 405 of this act.

(2) A declarant may transfer responsibility for preparation of all or a part of the public offering statement to a successor declarant or to a dealer who intends to offer units in the condominium.

(3)(a) Any declarant or dealer who offers to convey a unit for the person's own account to a purchaser must provide the purchaser of the unit with a copy of a public offering statement and all material amendments to the public offering statement before conveyance of that unit.

(b) Any agent, attorney, or other person assisting the declarant or dealer in preparing the public offering statement may rely upon information provided by the declarant or dealer without independent investigation. The agent, attorney, or other person is not liable for any material misrepresentation in or omissions of material facts from the public offering statement unless the person had actual knowledge of the misrepresentation or omission at the time the public offering statement was prepared.

(c) The declarant or dealer is liable for any misrepresentation contained in the public offering statement or for any omission of material fact from the public offering statement if the declarant or dealer had actual knowledge of the misrepresentation or omission or, in the exercise of reasonable care, should have known of the misrepresentation or omission.

(4) If a unit is part of a common interest community and is part of any other real estate regime in connection with the sale of which the delivery of a public offering statement is required under the laws of this state, a single public offering statement conforming to the requirements of sections 403, 404, and 405 of this act as those requirements relate to each regime in which the unit is located, and to any other requirements imposed under the laws of this state, may be prepared and delivered in lieu of providing two or more public offering statements.

(5) A declarant is not required to prepare and deliver a public offering statement in connection with the sale of any unit owned by the declarant, or to obtain for or provide to the purchaser a report or statement required under sections 403(1)(oo), 405(1), or 412 of this act, upon the later of:

- (a) The termination or expiration of all special declarant rights;
- (b) The expiration of all periods within which claims or actions for a breach of warranty arising from defects involving the common elements under section 417 of this act must be filed or commenced, respectively, by the association against the declarant; or
- (c) The time when the declarant ceases to meet the definition of a dealer under section 102 of this act.

(6) After the last to occur of any of the events described in subsection (5) of this section, a declarant must deliver to the purchaser of a unit owned by the declarant a resale certificate under section 409(2) of this act together with:

- (b) A brief description or a copy of any express construction warranties to be provided to the purchaser;
- (c) A statement of any litigation brought by an owners' association, unit owner, or governmental entity in which the declarant or any affiliate of the declarant has been a defendant arising out of the construction, sale, or administration of any common interest community within the state of Washington within the previous five years, together with the results of the litigation, if known;

(d) Whether timesharing is permitted or prohibited, and, if permitted, a statement that the purchaser of a time share unit is entitled to receive the disclosure document required under chapter 64.36 RCW; and

(e) Any other information and cross-references that the declarant believes will be helpful in describing the common interest community to the purchaser, all of which may be included or not included at the option of the declarant.

(7) A declarant is not liable to a purchaser for the failure or delay of the association to provide the resale certificate in a timely manner, but the purchase contract is voidable by the purchaser of a unit sold by the declarant until the resale certificate required under section 409(2) of this act and the information required under subsection (6) of this section have been provided and for five days thereafter or until conveyance, whichever occurs first.

NEW SECTION. Sec. 403. PUBLIC OFFERING STATEMENT—GENERAL PROVISIONS. (1) A public offering statement must contain the following information:

- (a) The name and address of the declarant;

FIFTY EIGHTH DAY, MARCH 6, 2018

2018 REGULAR SESSION

(kk) Any liens on real estate to be conveyed to the association required to be disclosed pursuant to section 411(3)(b) of this act;

(ll) A list of any physical hazards known to the declarant that particularly affect the common interest community or the immediate vicinity in which the common interest community is located and which are not readily ascertainable by the purchaser;

(mm) Any building code violation of which the declarant has actual knowledge and which has not been corrected;

(nn) If the common interest community contains one or more conversion buildings, the information required under sections 405 and 412(6)(a) of this act;

(oo) If the public offering statement is related to conveyance of a unit in a multiunit residential building as defined in RCW 64.55.010, for which the final certificate of occupancy was issued more than sixty calendar months prior to the preparation of the public offering statement either: A copy of a report prepared by an independent, licensed architect or engineer or a statement by the declarant based on such report that describes, to the extent reasonably ascertainable, the present condition of all structural components and mechanical and electrical installations of the conversion buildings material to the use and enjoyment of the conversion buildings;

(pp) Any other information and cross-references that the declarant believes will be helpful in describing the common interest community to the recipients of the public offering statement, all of which may be included or not included at the option of the declarant; and

(qq) A description of any age-related occupancy restrictions affecting the common interest community.

(2) The public offering statement must begin with notices substantially in the following forms and in conspicuous type:

(a) "RIGHT TO CANCEL. (1) You are entitled to receive a copy of this public offering statement and all material amendments to this public offering statement before conveyance of your unit. Under section 408 of this act, you have the right to cancel your contract for the purchase of your unit within seven days after first receiving this public offering statement. If this public offering statement is first provided to you more than seven days before you sign your contract for the purchase of your unit, you have no right to cancel your contract. If this public offering statement is first provided to you seven days or less before you sign your contract for the purchase of your unit, you have the right to cancel, before conveyance of the unit, the executed contract by delivering, no later than the seventh day after first receiving this public offering statement, a notice of cancellation pursuant to section (3) of this notice. If this public offering statement is first provided to you less than seven days before the closing date for the conveyance of your unit, you may, before conveyance of your unit to you, extend the closing date to a date not more than seven days after you first received this public offering statement, so that you may have seven days to cancel your contract for the purchase of your unit.

(2) You have no right to cancel your contract upon receipt of an amendment to this public offering statement; however, this does not eliminate any right to rescind your contract, due to the disclosure of the information in the amendment, that is otherwise available to you under generally applicable contract law.

(3) If you elect to cancel your contract pursuant to this notice, you may do so by hand-delivering notice of cancellation, or by mailing notice of cancellation by prepaid United States mail, to the seller at the address set forth in this public offering statement or at the address of the seller's registered agent for service of process. The date of such notice is the date of receipt, if hand-delivered, or the date of deposit in the United States mail, if mailed. Cancellation is without penalty, and all payments made

to the seller by you before cancellation must be refunded promptly."

(b) "OTHER DOCUMENTS CREATING BINDING LEGAL OBLIGATIONS. This public offering statement is a summary of some of the significant aspects of purchasing a unit in this common interest community. The governing documents and the purchase agreement are complex, contain other important information, and create binding legal obligations. You should consider seeking the assistance of legal counsel."

(c) "OTHER REPRESENTATIONS. You may not rely on any statement, promise, model, depiction, or description unless it is (1) contained in the public offering statement delivered to you or (2) made in writing signed by the declarant or dealer or the declarant's or dealer's agent identified in the public offering statement. A statement of opinion, or a commendation of the real estate, its quality, or its value, does not create a warranty, and a statement, promise, model, depiction, or description does not create a warranty if it discloses that it is only proposed, is not representative, or is subject to change."

(d) "MODEL UNITS. Model units are intended to provide you with a general idea of what a finished unit might look like. Units being offered for sale may vary from the model unit in terms of floor plan, fixtures, finishes, and equipment. You are advised to obtain specific information about the unit you are considering purchasing."

(e) "RESERVE STUDY. The association [does] [does not] have a current reserve study. Any reserve study should be reviewed carefully. It may not include all reserve components that will require major maintenance, repair, or replacement in future years, and may not include regular contributions to a reserve account for the cost of such maintenance, repair, or replacement. You may encounter certain risks, including being required to pay as a special assessment your share of expenses for the cost of major maintenance, repair, or replacement of a reserve component, as a result of the failure to: (1) Have a current reserve study or fully funded reserves, (2) include a component in a reserve study, or (3) provide any or sufficient contributions to a reserve account for a component."

(f) "DEPOSITS AND PAYMENTS. Only earnest money and reservation deposits are required to be placed in an escrow or trust account. Any other payments you make to the seller of a unit are at risk and may be lost if the seller defaults."

(g) "CONSTRUCTION DEFECT CLAIMS. Chapter 64.50 RCW contains important requirements you must follow before you may file a lawsuit for defective construction against the seller or builder of your home. Forty-five days before you file your lawsuit, you must deliver to the seller or builder a written notice of any construction conditions you allege are defective and provide your seller or builder the opportunity to make an offer to repair or pay for the defects. You are not obligated to accept any offer made by the builder or seller. There are strict deadlines and procedures under state law, and failure to follow them may affect your ability to file a lawsuit."

(h) "ASSOCIATION INSURANCE. The extent to which association insurance provides coverage for the benefit of unit owners (including furnishings, fixtures, and equipment in a unit) is determined by the provisions of the declaration and the association's insurance policy, which may be modified from time to time. You and your personal insurance agent should read the declaration and the association's policy prior to closing to determine what insurance is required of the association and unit owners, unit owners' rights and duties, what is and is not covered by the association's policy, and what additional insurance you should obtain."

(i) "QUALIFIED WARRANTY. Your unit [is] [is not] covered by a qualified warranty under chapter 64.35 RCW. "

(3) The public offering statement must include copies of each of the following documents: The declaration; the survey; the organizational documents; the rules and regulations, if any; the current or proposed budget for the association; a dated balance sheet of the association; any inspection and repair report or reports prepared in accordance with the requirements of RCW 64.55.090; and any qualified warranty provided to a purchaser by a declarant together with a history of claims under the qualified warranty. If any of these documents are not in final form, the documents must be marked "draft" and, before closing the sale of a unit, the purchaser must be given notice of any material changes to the draft documents.

(4) A declarant must promptly amend the public offering statement to reflect any material change in the information required under this section.

NEW SECTION. Sec. 404. PUBLIC OFFERING STATEMENT—COMMON INTEREST COMMUNITIES SUBJECT TO DEVELOPMENT RIGHTS. If the declaration provides that a common interest community is subject to any development rights or if the declarant reserves any special declarant rights, the public offering statement must include, in addition to the information required under section 403 of this act:

(1) A statement of all development rights and special declarant rights reserved to the declarant, together with the dates or other circumstances under which such rights must terminate; and

(2) A statement describing how the allocated interests of a unit may be changed by the exercise of any development right.

NEW SECTION. Sec. 405. PUBLIC OFFERING STATEMENT—COMMON INTEREST COMMUNITIES CONTAINING CONVERSION BUILDINGS. (1) A public offering statement for a unit in a conversion building must contain, in addition to the information required under sections 403, 404, and 412(6)(a) of this act:

(a) Either a copy of a report prepared by an independent, licensed architect or engineer or a statement by the declarant based on such report that describes, to the extent reasonably ascertainable, the present condition of all structural components and mechanical and electrical installations material to the use and enjoyment of the common interest community;

(b) A statement by the declarant or dealer of the expected useful life of each item reported on in (a) of this subsection or a statement that no representations are made in that regard;

(c) A copy of any inspection and repair report for the conversion building required under RCW 64.55.090, if applicable;

(d) A list of any outstanding notices of uncured violations of building code or other municipal ordinances and regulations, together with the estimated cost of curing those violations and a statement that such list is not a representation that the conversion building is in compliance with the current building code or other municipal ordinances and regulations;

(e) A statement of the improvements to the conversion building made or contracted for by the declarant or dealer, or affiliate of either, offering the unit for sale; and

(f) The current deficiency or surplus in reserve funding expressed on a per unit basis.

(2) The obligation to provide the information required in subsection (1) of this section as to any particular conversion building ceases on the earlier of (a) the date when all units in the building have been conveyed to persons other than the declarant or a dealer, or any affiliate of the declarant or dealer, or (b) the date set forth in section 402(5) of this act.

NEW SECTION. Sec. 406. PUBLIC OFFERING STATEMENT—USE OF SINGLE DISCLOSURE DOCUMENT. If a unit is offered for sale for which the delivery of a public offering statement or other disclosure document is required under the laws of any state or the United States, a single disclosure document conforming to the requirements of sections 403, 404, and 405 of this act and conforming to any other requirement imposed under such laws may be prepared and delivered in lieu of providing two or more disclosure documents.

NEW SECTION. Sec. 407. PUBLIC OFFERING STATEMENT—CONTRACT OF SALE—RESTRICTION ON INTEREST CONVEYED. In the case of a sale of a unit in which delivery of a public offering statement is required, a contract of sale may be executed unless otherwise prohibited by applicable law, but interest in that unit may not be conveyed until:

(1) The declaration and map that create the common interest community in which that unit is located are recorded pursuant to sections 201(1) and 210(3) of this act; and

(2) In the case of a unit in a building containing that unit or a building comprising that unit, the unit is substantially completed and available for occupancy, and all structural components and mechanical systems of the building containing or comprising that unit are substantially completed, but a declarant or dealer and a purchaser may otherwise specifically agree in writing as to the extent to which the unit will not be substantially completed and available and to which any structural components and mechanical systems will not be substantially completed at the time of conveyance.

NEW SECTION. Sec. 408. PURCHASER'S RIGHT TO CANCEL. (1) The purchaser may cancel a contract for the purchase of the unit within seven days after first receiving the public offering statement. If the public offering statement is first provided to a purchaser more than seven days before execution of a contract for the purchase of a unit, the purchaser does not have the right under this section to cancel the executed contract. If the public offering statement is first provided to a purchaser seven days or less before the purchaser signs a contract for the purchase of a unit, the purchaser, before conveyance of the unit to the purchaser, may cancel the contract by delivering, no later than the seventh day after first receiving the public offering statement, a notice of cancellation, delivered pursuant to subsection (3) of this section. If the public offering statement is first provided to a purchaser less than seven days before the closing date for the conveyance of that unit, the purchaser may, before conveyance of the unit to the purchaser, extend the closing date to a date not more than seven days after the purchaser first received the public offering statement.

(2) A purchaser does not have the right under this section to cancel a contract upon receipt of an amendment to a public offering statement. This subsection must not be construed to eliminate any right that is otherwise available to the purchaser under generally applicable contract law to rescind the contract due to the disclosure of the information in the amendment.

(3) If a purchaser elects to cancel a contract under subsection (1) of this section, the purchaser may do so by hand-delivering notice of cancellation, or by mailing notice of cancellation by prepaid United States mail, to the declarant at the address set forth in the public offering statement or at the address of the declarant's registered agent for service of process. The date of such notice is the date of receipt of delivery, if hand-delivered, or the date of deposit in the United States mail, if mailed. Cancellation is without penalty, and all payments made to the seller by the purchaser before cancellation must be refunded promptly. There is no liability for failure to deliver any amendment unless such

failure would have entitled the purchaser under generally applicable legal principles to cancel the contract for the purchase of the unit had the undisclosed information been evident to the purchaser before the closing of the purchase.

(4) The language of the notice required under section 403(2)(a) of this act must not be construed to modify the rights set forth in this section.

NEW SECTION. Sec. 409. RESALES OF UNITS. (1) Except in the case of a sale when delivery of a public offering statement is required, or unless exempt under section 401(2) of this act, a unit owner must furnish to a purchaser before execution of any contract for sale of a unit, or otherwise before conveyance, a resale certificate, signed by an officer or authorized agent of the association and based on the books and records of the association and the actual knowledge of the person signing the certificate, containing:

(a) A statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration;

(b) With respect to the selling unit owner's unit, a statement setting forth the amount of any assessment currently due, any delinquent assessments, and a statement of any special assessments that have been levied and have not been paid even though not yet due;

(c) A statement, which must be current to within forty-five days, of any assessments against any unit in the condominium that are past due over thirty days;

(d) A statement, which must be current to within forty-five days, of any monetary obligation of the association that is past due over thirty days;

(e) A statement of any other fees payable to the association by unit owners;

(f) A statement of any expenditure or anticipated repair or replacement cost reasonably anticipated to be in excess of five percent of the board-approved annual budget of the association, regardless of whether the unit owners are entitled to approve such cost;

(g) A statement whether the association does or does not have a reserve study prepared in accordance with sections 330 and 331 of this act;

(h) The annual financial statement of the association, including the audit report if it has been prepared, for the year immediately preceding the current year;

(i) The most recent balance sheet and revenue and expense statement, if any, of the association;

(j) The current operating budget of the association;

(k) A statement of any unsatisfied judgments against the association and the status of any legal actions in which the association is a party or a claimant as defined in RCW 64.50.010;

(l) A statement describing any insurance coverage carried by the association and contact information for the association's insurance broker or agent;

(m) A statement as to whether the board has given or received notice in a record that any existing uses, occupancies, alterations, or improvements in or to the seller's unit or to the limited common elements allocated to the unit violate any provision of the governing documents;

(n) A statement of the number of units, if any, still owned by the declarant, whether the declarant has transferred control of the association to the unit owners, and the date of such transfer;

(o) A statement as to whether the board has received notice in a record from a governmental agency of any violation of environmental, health, or building codes with respect to the seller's unit, the limited common elements allocated to that unit,

or any other portion of the common interest community that has not been cured;

(p) A statement of the remaining term of any leasehold estate affecting the common interest community and the provisions governing any extension or renewal of the leasehold estate;

(q) A statement of any restrictions in the declaration affecting the amount that may be received by a unit owner upon sale;

(r) In a cooperative, an accountant's statement, if any was prepared, as to the deductibility for federal income tax purposes by the unit owner of real estate taxes and interest paid by the association;

(s) A statement describing any pending sale or encumbrance of common elements;

(t) A statement disclosing the effect on the unit to be conveyed of any restrictions on the owner's right to use or occupy the unit or to lease the unit to another person;

(u) A copy of the declaration, the organizational documents, the rules or regulations of the association, the minutes of board meetings and association meetings, except for any information exempt from disclosure under section 320(3) of this act, for the last twelve months, a summary of the current reserve study for the association, and any other information reasonably requested by mortgagees of prospective purchasers of units. Information requested generally by the federal national mortgage association, the federal home loan bank board, the government national mortgage association, the veterans administration, or the department of housing and urban development is deemed reasonable if the information is reasonably available to the association;

(v) A statement whether the units or common elements of the common interest community are covered by a qualified warranty under chapter 64.35 RCW and, if so, a history of claims known to the association as having been made under any such warranty;

(w) A description of any age-related occupancy restrictions affecting the common interest community; and

(x) If the association does not have a reserve study that has been prepared in accordance with sections 330 and 331 of this act or its governing documents, the following disclosure:

"This association does not have a current reserve study. The lack of a current reserve study poses certain risks to you, the purchaser. Insufficient reserves may, under some circumstances, require you to pay on demand as a special assessment your share of common expenses for the cost of major maintenance, repair, or replacement of a common element."

(2) The association, within ten days after a request by a unit owner, and subject to the payment of any fees imposed pursuant to section 302(2)(m) of this act, must furnish a resale certificate signed by an officer or authorized agent of the association and containing the information necessary to enable the unit owner to comply with this section. For the purposes of this chapter, a reasonable charge for the preparation of a resale certificate may not exceed two hundred seventy-five dollars. The association may charge a unit owner a nominal fee not to exceed one hundred dollars for updating a resale certificate within six months of the unit owner's request. A unit owner is not liable to the purchaser for any erroneous information provided by the association and included in the certificate.

(3)(a) A purchaser is not liable for any unpaid assessment or fee greater than the amount set forth in the certificate prepared by the association.

(b) A unit owner is not liable to a purchaser for the failure or delay of the association to provide the certificate in a timely manner, but the purchase contract is voidable by the purchaser until the certificate has been provided and for five days thereafter or until conveyance, whichever occurs first.

NEW SECTION. Sec. 410. ESCROW OF DEPOSITS. Any earnest money deposit, as defined in RCW 64.04.005, or any reservation deposit made in connection with the right to purchase a unit from a person required to deliver a public offering statement pursuant to section 402(3) of this act must be placed in escrow and held in this state in an escrow or trust account designated solely for that purpose by a licensed title insurance company or agent, a licensed attorney, a real estate broker or independent bonded escrow company, or an institution whose accounts are insured by a governmental agency or instrumentality until: (1) Delivered to the declarant at closing, (2) delivered to the declarant because of the purchaser's default under a contract to purchase the unit, (3) refunded to the purchaser, or (4) delivered to a court in connection with the filing of an interpleader action.

NEW SECTION. Sec. 411. RELEASE OF LIENS. (1) In the case of a sale of a unit when delivery of a public offering statement is required pursuant to section 402(3) of this act and subject to subsection (2) of this section, a seller before conveying a unit:

(a) Must record or furnish to the purchaser releases of all liens that encumber:

(i) In a condominium, that unit and its common element interest; and

(ii) In a cooperative, plat community, or miscellaneous community, that unit and any limited common elements assigned to that unit; or

(b) Must provide the purchaser of that unit with title insurance from a licensed title insurance company against any lien not released pursuant to (a) of this subsection.

(2) Subsection (1) of this section does not apply to liens that encumber:

(a) Real estate that a declarant has the right to withdraw from the common interest community;

(b) In a condominium, the unit and its common element interest being purchased, but no other unit, if the purchaser expressly agrees in writing to take subject to or assume such lien;

(c) In a cooperative, plat community, or miscellaneous community, the unit and any limited common element allocated to the unit being purchased, but no other unit, if the purchaser expressly agrees in writing to take subject to or assume such lien.

(3) Before conveying real property to the association, the declarant must have that real property released from:

(a) All liens the foreclosure of which would deprive unit owners of any right of access to or easement of support of their units; and

(b) All other liens on that real property unless the public offering statement describes certain real property that may be conveyed subject to liens in specified amounts.

NEW SECTION. Sec. 412. CONVERSION BUILDINGS—TENANT RIGHTS. (1)(a) A declarant or dealer who intends to offer units in a conversion building must give each of the residential tenants and any residential subtenants in possession of a portion of a conversion building notice of the conversion and provide those persons with the public offering statement no later than one hundred twenty days before the tenants and any subtenants in possession are required to vacate. The notice must:

(i) Set forth generally the rights of residential tenants and residential subtenants under this section;

(ii) Be delivered pursuant to notice requirements set forth in RCW 59.12.040;

(iii) Expressly state whether there is a county or city relocation assistance program for residential tenants or residential subtenants of conversion buildings in the jurisdiction in which the

property is located. If the county or city does have a relocation assistance program, the following must also be included in the notice:

(A) A summary of the terms and conditions under which relocation assistance is paid; and

(B) Contact information for the city or county relocation assistance program, which must include, at a minimum, a telephone number of the city or county department that administers the relocation assistance program for conversion buildings.

(b) A residential tenant or residential subtenant may not be required to vacate upon less than one hundred twenty days' notice, except by reason of nonpayment of rent, waste, or conduct that disturbs other residential tenants' or residential subtenants' peaceful enjoyment of the premises, or act of unlawful detainer as defined in RCW 59.12.030, and the terms of the tenancy may not be altered during that period except as provided in (c) of this subsection.

(c) At the declarant's option, the declarant may provide all residential tenants and residential subtenants in a single conversion building with an option to terminate their lease or rental agreements without cause or consequence after providing the declarant with thirty days' notice. In such case, residential tenants and residential subtenants continue to have access to relocation assistance under subsection (6)(e)(i) of this section.

(d)(i) Nothing in this subsection (1) waives or repeals RCW 59.18.200(2)(b).

(ii) Failure to give notice as required under this section is a defense to an action for possession.

(e) The city or county in which the property is located may require the declarant to forward a copy of the conversion notice required in this subsection (1) to the appropriately designated department or agency in the city or county for the purpose of maintaining a list of common interest communities containing conversion buildings in the jurisdiction.

(2)(a) For sixty days after delivery or mailing of the notice described in subsection (1) of this section, the person required to give the notice must offer to convey each unit or proposed unit occupied for residential use to the residential tenant or residential subtenant who leases that unit. If a residential tenant or residential subtenant fails to purchase the unit during that sixty-day period, the offeror may offer to dispose of an interest in that unit during the following one hundred eighty days at a price or on terms more favorable to the offeree than the price or terms offered to the residential tenant or residential subtenant only if:

(i) Such offeror, by written notice mailed to the residential tenant's or residential subtenant's last known address, offers to sell an interest in that unit at the more favorable price and terms; and

(ii) Such residential tenant or residential subtenant fails to accept the offer in writing within ten days following the mailing of the offer to the tenant or subtenant.

(b) This subsection (2) does not apply to any unit in a conversion building if that unit will be restricted exclusively to nonresidential use or the boundaries of the converted unit do not substantially conform to the dimensions of the residential unit before conversion.

(3) If a seller, in violation of subsection (2) of this section, conveys a unit to a purchaser for value who has no actual knowledge of the violation, the recording of the deed conveying the unit, or, in a cooperative, the conveyance of the unit, extinguishes any right a residential tenant or residential subtenant may have under subsection (2) of this section to purchase that unit, but does not affect the right of a residential tenant or residential subtenant to recover damages from the seller for a violation of subsection (2) of this section.

(4) If a notice of conversion specifies a date by which a unit or proposed unit must be vacated and otherwise complies with this chapter and chapter 59.18 RCW, the notice also constitutes a notice to vacate specified under chapter 59.18 RCW.

(5) This section does not permit termination of a lease or sublease by a declarant in violation of its terms.

(6) Notwithstanding section 105 of this act, a city or county may by appropriate ordinance require with respect to any conversion building within the jurisdiction of the city or county that:

(a) In addition to the statement required under section 405(1)(a) of this act, the public offering statement must contain a copy of a written inspection report of that building prepared by the appropriate department of the city or county listing any violations of the housing code or other governmental regulation that is applicable regardless of whether the real property is owned as a common interest community or in some other form of ownership. The inspection must be made within forty-five days of the declarant's written request, and the report must be issued within fourteen days of the inspection being made. The inspection may not be required with respect to any building for which a final certificate of occupancy has been issued by the city or county within the preceding twenty-four months, and any fee imposed for the making of such inspection may not exceed the fee that would be imposed for the making of such an inspection for a purpose other than complying with this subsection (6)(a).

(b) Prior to the conveyance of any residential unit within a conversion building, other than a conveyance to a declarant or dealer, or affiliate of either:

(i) All violations disclosed in the inspection report provided for in (a) of this subsection, and not otherwise waived by the city or county, must be repaired; and

(ii) A certification must be obtained from the city or county that such repairs have been made. The certification must be based on a reinspection to be made within seven days of the declarant's written request and be issued within seven days of the reinspection being made;

(c) The repairs required to be made under (b) of this subsection must be warranted by the declarant against defects due to workmanship or materials for a period of one year following the completion of such repairs;

(d) Prior to the conveyance of any residential unit within a conversion building, other than a conveyance to a declarant or dealer, or affiliate of either:

(i) The declarant must establish and maintain, during the one-year warranty period provided under (c) of this subsection, an account containing a sum equal to ten percent of the actual cost of making the repairs required under (b) of this subsection;

(ii) During the one-year warranty period, the funds in the account must be used exclusively for paying the actual cost of making repairs required, or for otherwise satisfying claims made, under such warranty;

(iii) Following the expiration of the one-year warranty period, any funds remaining in the account must be immediately disbursed to the declarant; and

(iv) The declarant must notify in writing the association and the city or county as to the location of the account and any disbursements from the account;

(e)(i) A declarant must pay relocation assistance, in an amount to be determined by the city or county, which may not exceed a sum equal to three months of the residential tenant's or residential subtenant's rent at the time the conversion notice required under subsection (1) of this section is received, to residential tenants or residential subtenants:

(A) Who do not elect to purchase a unit in the common interest community;

(B) Who are in lawful occupancy for residential purposes of a unit in the conversion building; and

(C) Whose annual household income from all sources, on the date of the notice described in subsection (1) of this section, was less than an amount equal to eighty percent of:

(I) The annual median income for comparably sized households in the standard metropolitan statistical area, as defined and established by the United States department of housing and urban development, in which the conversion building is located; or

(II) If the conversion building is not within a standard metropolitan statistical area, the annual median income for comparably sized households in the state of Washington, as defined and determined by said department.

The household size of a unit must be based on the number of persons actually in lawful occupancy of the unit. The residential tenant or residential subtenant actually in lawful occupancy of the unit is entitled to the relocation assistance. Relocation assistance must be paid on or before the date the residential tenant or residential subtenant vacates and is in addition to any damage deposit or other compensation or refund to which the residential tenant or residential subtenant is otherwise entitled. Unpaid rent or other amounts owed by the residential tenant or residential subtenant to the landlord may be offset against the relocation assistance.

(ii) Elderly residential tenants or residential subtenants and residential tenants or residential subtenants with special needs who otherwise meet the requirements of (e)(i)(A) of this subsection must receive relocation assistance, the greater of:

(A) The sum described in (e)(i) of this subsection; or

(B) The sum of actual relocation expenses of the residential tenant or residential subtenant, up to a maximum of one thousand five hundred dollars in excess of the sum described in (e)(i) of this subsection, which may include costs associated with the physical move, first month's rent, and the security deposit for the dwelling unit to which the residential tenant or residential subtenant is relocating, rent differentials for up to a six-month period, and any other reasonable costs or fees associated with the relocation. Receipts for relocation expenses must be provided to the declarant by eligible residential tenants or residential subtenants, and declarants must provide the relocation assistance to residential tenants or residential subtenants in a timely manner. The city or county may provide additional guidelines for the relocation assistance.

(iii) For the purposes of this subsection (6)(e):

(A) "Elderly" means a person who is at least sixty-five years of age; and

(B) "Special needs" means a chronic mental illness or physical disability, a developmental disability, or other condition affecting cognition, disease, chemical dependency, or a medical condition that is permanent, not reversible or curable, or is long lasting, and severely limits a person's mental or physical capacity for self-care;

(f) Except as authorized under (g) of this subsection, a declarant and any dealer may not begin any construction, remodeling, or repairs to any interior portion of an occupied building that is to become a conversion building during the one hundred twenty-day notice period provided for in subsection (1) of this section unless all residential tenants and residential subtenants who have elected not to purchase a unit in the common interest community and who are in lawful occupancy in the building have vacated the premises. For the purposes of this subsection:

(i) "Construction, remodeling, or repairs" means the work that is done for the purpose of establishing or selling units in a conversion building, and does not mean the work that is done to maintain the building or lot for the residential use of the existing residential tenants or residential subtenants; and

(ii) "Occupied building" means a stand-alone structure occupied by residential tenants or residential subtenants and does not include other stand-alone buildings located on the property or detached common area facilities; and

(g)(i) If a declarant or dealer has offered existing residential tenants or residential subtenants an option to terminate an existing lease or rental agreement without cause or consequence as authorized under subsection (1)(c) of this section, a declarant and any dealer may begin construction, remodeling, or repairs to interior portions of an occupied building (A) to repair or remodel vacant units to be used as model units, if the repair or remodel is limited to one model for each unit type in the building; (B) to repair or remodel a vacant unit or common element for use as a sales office; or (C) to do both.

(ii) The work performed under this subsection (6)(g) must not violate the residential tenants' or residential subtenants' rights of quiet enjoyment during the one hundred twenty-day notice period.

(7) Violations of any city or county ordinance adopted as authorized under subsection (6) of this section gives rise to such remedies, penalties, and causes of action that may be lawfully imposed by the city or county. Such violations do not invalidate the creation of the common interest community or the conveyance of any interest in the common interest community.

NEW SECTION. Sec. 413. CONVERSION COMMON INTEREST COMMUNITY PROJECT—REPORT. (1) All cities and counties planning under RCW 36.70A.040, which have inspected any conversion buildings or managed the payment of relocation assistance within the jurisdiction within the previous twelve-month period, must report annually to the department of commerce the following information:

(a) The total number of apartment units converted into common interest community units;

(b) The total number of conversion common interest community projects; and

(c) The total number of residential tenants and residential subtenants who receive relocation assistance.

(2) Upon completion of a conversion common interest community project, a city or county may require the declarant to provide the information described in subsection (1)(a) and (c) of this section for the converted common interest community to the appropriately designated department or agency in the city or county for the purpose of complying with subsection (1) of this section.

NEW SECTION. Sec. 414. EXPRESS WARRANTIES OF QUALITY. (1) Subject to subsections (2) and (3) of this section, express warranties made by any declarant or dealer to a purchaser of a unit in a condominium, if relied upon by the purchaser in purchasing the unit, are created as follows:

(a) Any written affirmation of fact or written promise that relates to the unit, its use, or rights appurtenant to the unit or its use, improvements to the condominium that would directly benefit the unit, or the right to use or have the benefit of facilities not located in the condominium creates an express warranty that the unit and related rights and uses will not materially deviate from the affirmation or promise.

(b) Any written description of the physical characteristics of the condominium at the time the purchase agreement is executed, including plans and specifications of or for improvements, creates

an express warranty that the condominium will conform to the written description in all material respects.

(c) Any written description of the quantity or extent of the real estate comprising the condominium, including plats or surveys, creates an express warranty that the condominium will conform to the description, subject to customary tolerances.

(d) A written statement that a purchaser may put a unit only to a specified use is an express warranty that the specified use is lawful.

(2) Subject to subsection (3) of this section, neither formal words, such as "warranty" or "guarantee," nor a specific intention to make a warranty are necessary to create an express warranty, but a statement of opinion or a commendation of the real estate, its quality, or its value does not create a warranty, and a statement, promise, model, depiction, or description does not create a warranty if it discloses that it is only proposed, is not representative, or is subject to change.

(3) A purchaser may not rely on any statement, affirmation, promise, model, depiction, or description unless it is contained in the public offering statement delivered to the purchaser or made in a record signed by the declarant or dealer, or the declarant's or dealer's agent identified in the public offering statement.

(4) Any conveyance of a unit transfers to the purchaser all express warranties of quality made by the declarant or dealer.

NEW SECTION. Sec. 415. IMPLIED WARRANTIES OF QUALITY. (1) A declarant and any dealer warrants to a purchaser of a condominium unit that the unit will be in at least as good condition at the earlier of the time of the conveyance or delivery of possession as it was at the time of contracting, except for reasonable wear and tear and damage by casualty or condemnation.

(2) A declarant and any dealer impliedly warrants to a purchaser of a condominium unit that the unit and the common elements in the condominium are suitable for the ordinary uses of real estate of its type and that any improvements made or contracted for by such declarant or dealer will be:

(a) Free from defective materials;

(b) Constructed in accordance with sound engineering and construction standards;

(c) Constructed in a workmanlike manner; and

(d) Constructed in compliance with all laws then applicable to such improvements.

(3) A declarant and any dealer warrants to a purchaser of a condominium unit that may be used for residential use that an existing use, continuation of which is contemplated by the parties, does not violate applicable law at the earlier of the time of conveyance or delivery of possession.

(4) Warranties imposed under this section may be excluded or modified as specified in section 416 of this act.

(5) For purposes of this section, improvements made or contracted for by an affiliate of a declarant are made or contracted for by the declarant.

(6) Any conveyance of a condominium unit transfers to the purchaser all of a declarant's or dealer's implied warranties of quality.

(7)(a) In a proceeding for breach of any of the obligations arising under this section, the plaintiff must show that the alleged breach has adversely affected or will adversely affect the performance of that portion of the unit or common elements alleged to be in breach.

(b) As used in this subsection, an adverse effect must be more than technical and must be significant to a reasonable person. To establish an adverse effect, the person alleging the breach is not required to prove that the breach renders the unit or common element uninhabitable or unfit for its intended purpose.

(8) Proof of breach of any obligation arising under this section is not proof of damages. Damages awarded for a breach of an obligation arising under this section are the reasonable cost of repairs. However, if it is established that the cost of such repairs is clearly disproportionate to the loss in market value caused by the breach, damages are limited to the loss in market value.

NEW SECTION. Sec. 416. EXCLUSION OR MODIFICATION OF IMPLIED WARRANTIES OF QUALITY. (1) Except as limited under subsection (2) of this section with respect to a purchaser of a condominium unit that may be used for residential use, implied warranties of quality under section 415 of this act:

(a) May be excluded or modified by written agreement of the parties; and

(b) Are excluded by written expression of disclaimer, such as "as is," "with all faults," or other language that in common understanding calls the buyer's attention to the exclusion of warranties.

(2) With respect to a purchaser of a condominium unit that may be used for residential use, no disclaimer of implied warranties of quality under section 415 of this act is effective, except that a declarant and any dealer may disclaim liability in an instrument for one or more specified defects or failures to comply with applicable law, if:

(a) The declarant or dealer knows or has reason to believe that the specific defects or failures exist at the time of disclosure;

(b) The disclaimer specifically describes the defects or failures;

(c) The disclaimer includes a statement as to the effect of the defects or failures;

(d) The disclaimer is bold faced, capitalized, underlined, or otherwise set out from surrounding material so as to be conspicuous; and

(e) The disclaimer is signed by the purchaser.

(3) A declarant or dealer may not make an express written warranty of quality that limits the implied warranties of quality made to the purchaser set forth in section 415 of this act.

NEW SECTION. Sec. 417. WARRANTIES OF QUALITY—BREACH—ACTIONS FOR CONSTRUCTION DEFECT CLAIMS. (1) A proceeding for breach of any obligations arising under section 414, 415, or 416 of this act must be commenced within four years after the cause of action accrues. The period for commencing an action for a breach accruing pursuant to subsection (2)(a) of this section does not expire prior to one year after termination of the period of declarant control, if any, under section 304 of this act. Such periods may not be reduced by either oral or written agreement or through the use of contractual claims or notice procedures that require the filing or service of any claim or notice prior to the expiration of the period specified in this section.

(2) Subject to subsection (3) of this section, a cause of action for breach of warranty of quality, regardless of the purchaser's lack of knowledge of the breach, accrues:

(a) As to a unit, the latest of:

(i) The date the unit was conveyed to the purchaser to whom the warranty is first made; or

(ii) The date any portion of the unit that constitutes a building enclosure as defined in RCW 64.55.010(3) was completed; and

(b) As to each common element, at the latest of:

(i) The date the common element was completed;

(ii) The date the common element was added to the condominium; or

(iii) The date the first unit in the condominium was conveyed to a bona fide purchaser.

(3) If a warranty of quality explicitly extends to future performance or duration of any improvement or component of the condominium, the cause of action accrues at the time the breach is discovered or at the end of the period for which the warranty explicitly extends, whichever is earlier.

(4) If a written notice of claim is served under RCW 64.50.020 within the time prescribed for the filing of an action under this chapter, the statutes of limitation in this chapter and any applicable statutes of repose for construction-related claims are tolled until sixty days after the period of time during which the filing of an action is barred under RCW 64.50.020.

NEW SECTION. Sec. 418. EFFECT OF VIOLATIONS ON RIGHTS OF ACTION—ATTORNEYS' FEES. (1) A declarant, association, unit owner, or any other person subject to this chapter may bring an action to enforce a right granted or obligation imposed under this chapter or the governing documents. The court may award reasonable attorneys' fees and costs.

(2) Parties to a dispute arising under this chapter or the governing documents may agree at any time to resolve the dispute by any form of binding or nonbinding alternative dispute resolution.

NEW SECTION. Sec. 419. LABELING OF PROMOTIONAL MATERIAL. Promotional material may not be displayed or delivered to prospective purchasers of a condominium unit that describes or portrays an unbuilt contemplated improvement in the condominium unless the description or portrayal of the improvement in the promotional material is conspicuously labeled or identified either as "MUST BE BUILT" or as "NEED NOT BE BUILT" or words to that effect.

NEW SECTION. Sec. 420. IMPROVEMENTS—DECLARANT'S DUTIES. (1) Except for improvements labeled "NEED NOT BE BUILT" on the map in conformity to section 210(9) of this act, the declarant must complete all improvements depicted on the map or other graphic representation of a condominium, if the map or other graphic representation is contained in the public offering statement or in any promotional material approved or authorized by the declarant with respect to the condominium.

(2) The declarant is subject to liability for the prompt repair and restoration, to a condition compatible with the remainder of the condominium, of any portion of the condominium damaged by the exercise of rights reserved pursuant to or created under sections 211 through 217 of this act.

V. MISCELLANEOUS

Sec. 501. RCW 6.13.080 and 2013 c 23 s 2 are each amended to read as follows:

An association has complied with this notice requirement by mailing the notice, by first class mail, to the address of the owner's lot or unit. The notice required in this subsection shall be given within thirty days from the date the association learns of a new owner, but in all cases the notice must be given prior to the initiation of a foreclosure. The phrase "learns of a new owner" in this subsection means actual knowledge of the identity of a homeowner acquiring title after June 9, 1988, and does not require that an association affirmatively ascertain the identity of a homeowner. MESSAGE FROM THE HOUSE

March 1, 2018

MR. PRESIDENT:

The House passed SECOND SUBSTITUTE SENATE BILL NO. 6245 with the following amendment(s): 6245-S2 AMH APP H5087.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** It is the intent of the legislature to centralize and consolidate the procurement of spoken language interpreter services and expand the use of language access providers, thereby reducing administrative costs while protecting consumers. The legislature further intends to exclude interpreter services for sensory-impaired persons from the provisions of this act.

Sec. 2. RCW 74.04.025 and 2011 1st sp.s. c 15 s 63 are each amended to read as follows:

(1) The department, the authority, and the office of administrative hearings shall ensure that bilingual services are provided to non-English speaking applicants and recipients. The services shall be provided to the extent necessary to assure that non-English speaking persons are not denied, or unable to obtain or maintain, services or benefits because of their inability to speak English.

(2) If the number of non-English speaking applicants or recipients sharing the same language served by any community service office client contact job classification equals or exceeds fifty percent of the average caseload of a full-time position in such classification, the department shall, through attrition, employ bilingual personnel to serve such applicants or recipients.

(3) Regardless of the applicant or recipient caseload of any community service office, each community service office shall

ensure that bilingual services required to supplement the community service office staff are provided through contracts with language access providers, local agencies, or other community resources.

(4) The department shall certify, authorize, and qualify language access providers as needed to maintain an adequate pool of providers such that residents can access state services. Except as needed to certify, authorize, or qualify bilingual personnel per subsection (2) of this section, the department will only offer spoken language interpreter testing in the following manner:

(a) To individuals speaking languages for which ten percent or more of the requests for interpreter services in the prior year for department employees and the health care authority on behalf of limited English-speaking applicants and recipients of public assistance that went unfilled through the procurement process in section 3 of this act;

(b) To spoken language interpreters who were decertified or deauthorized due to noncompliance with any continuing education requirements; and

(c) To current department certified or authorized spoken language interpreters seeking to gain additional certification or authorization.

(5) The department shall require compliance with RCW 41.56.113(2) through its contracts with third parties.

(6) Initial client contact materials shall inform clients in all primary languages of the availability of interpretation services for non-English speaking persons. Basic informational pamphlets shall be translated into all primary languages.

(7) To the extent all written communications directed to applicants or recipients are not in the primary language of the applicant or recipient, the department and the office of administrative hearings shall include with the written communication a notice in all primary languages of applicants or recipients describing the significance of the communication and specifically how the applicants or recipients may receive assistance in understanding, and responding to if necessary, the written communication. The department shall assure that sufficient resources are available to assist applicants and recipients in a timely fashion with understanding, responding to, and complying with the requirements of all such written communications.

(8) As used in this section:

(a) "Language access provider" means any independent contractor who provides spoken language interpreter services for ~~((department))~~ state agencies, injured worker, or crime victim appointments through the department of labor and industries, or medicaid enrollee appointments, or provided these services on or after January 1, 2009, and before June 10, 2010, whether paid by a broker, language access agency, or ((the department)) a state agency. "Language access provider" does not mean ~~((an owner,))~~ a manager(=) or employee of a broker or a language access agency.

(b) "Primary languages" includes but is not limited to Spanish, Vietnamese, Cambodian, Laotian, and Chinese.

NEW SECTION. Sec. 3. A new section is added to chapter 39.26 RCW to read as follows:

(1) The department of social and health services, the department of children, youth, and families, and the health care authority are each authorized to purchase interpreter services on behalf of limited English-speaking applicants and recipients of public assistance.

(2) The department of labor and industries is authorized to purchase interpreter services for medical and vocational providers authorized to provide services to limited English-speaking injured workers or crime victims.

(3) No later than September 1, 2020, the department of social and health services, the department of children, youth, and families, the health care authority, and the department of labor and industries must purchase in-person spoken language interpreter services directly from language access providers as defined in RCW 74.04.025, or through limited contracts with scheduling and coordinating delivery organizations, or both. Each state agency must have at least one contract with an entity that provides interpreter services through telephonic and video remote technologies. Nothing in this section precludes the department of labor and industries from purchasing in-person spoken language interpreter services directly from language access providers or from directly reimbursing language access providers.

(4) Notwithstanding subsection (3) of this section, the department of labor and industries may pay a language access provider directly for the costs of interpreter services when the services are necessary for use by a medical provider for emergency or urgent care, or where the medical provider determines that advanced notice is not feasible.

(5) Upon the expiration of any contract in effect on the effective date of this section, but no later than September 1, 2020, the department must develop and implement a model that all state agencies must use to procure spoken language interpreter services by purchasing directly from language access providers or through contracts with scheduling and coordinating entities, or both. The department must have at least one contract with an entity that provides interpreter services through telephonic and video remote technologies. If the department determines it is more cost-effective or efficient, it may jointly purchase these services with the department of social and health services, the department of children, youth, and families, the health care authority, and the department of labor and industries as provided in subsection (3) of this section. The department of social and health services, department of children, youth, and families, the health care authority, and the department of labor and industries have the authority to procure interpreters through the department if the demand for spoken language interpreters cannot be met through their respective contracts.

(6) All interpreter services procured under this section must be provided by language access providers who are certified or authorized by the state, or nationally certified by the certification commission for health care interpreters or the national board for certification of medical interpreters. When a nationally certified, state-certified, or authorized language access provider is not available, a state agency is authorized to contract with a spoken language interpreter with other certifications or qualifications deemed to meet agency needs. Nothing in this subsection precludes providing interpretive services through state employees or employees of medical or vocational providers.

(7) Nothing in this section is intended to address how state agencies procure interpreters for sensory-impaired persons.

(8) For purposes of this section, "state agency" means any state office or activity of the executive branch of state government, including state agencies, departments, offices, divisions, boards, commissions, and correctional and other types of institutions, but excludes institutions of higher education as defined in RCW 28B.10.016, the school for the blind, and the center for childhood deafness and hearing loss.

Sec. 4. RCW 39.26.100 and 2013 2nd sp.s. c 33 s 2 are each amended to read as follows:

(1) The provisions of this chapter do not apply in any manner to the operation of the state legislature except as requested by the legislature.

(2) The provisions of this chapter do not apply to the contracting for services, equipment, and activities that are

necessary to establish, operate, or manage the state data center, including architecture, design, engineering, installation, and operation of the facility, that are approved by the technology services board or the acquisition of proprietary software, equipment, and information technology services necessary for or part of the provision of services offered by the consolidated technology services agency.

(3) Primary authority for the purchase of specialized equipment, and instructional and research material, for their own use rests with the institutions of higher education as defined in RCW 28B.10.016.

(4) Universities operating hospitals with approval from the director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, may make purchases for hospital operation by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations if documented to be more cost-effective.

(5) Primary authority for the purchase of materials, supplies, and equipment, for resale to other than public agencies, rests with the state agency concerned.

(6) The authority for the purchase of insurance and bonds rests with the risk manager under RCW 43.19.769, except for institutions of higher education that choose to exercise independent purchasing authority under RCW 28B.10.029.

~~(7) ((The authority to purchase interpreter services and interpreter brokerage services on behalf of limited English speaking or sensory impaired applicants and recipients of public assistance rests with the department of social and health services and the health care authority.~~

(8)) The provisions of this chapter do not apply to information technology purchases by state agencies, other than institutions of higher education and agencies of the judicial branch, if (a) the purchase is less than one hundred thousand dollars, (b) the initial purchase is approved by the chief information officer of the state, and (c) the agency director and the chief information officer of the state jointly prepare a public document providing a detailed justification for the expenditure.

Sec. 5. RCW 41.56.030 and 2015 2nd sp.s. c 6 s 1 are each amended to read as follows:

As used in this chapter:

(1) "Adult family home provider" means a provider as defined in RCW 70.128.010 who receives payments from the medicaid and state-funded long-term care programs.

(2) "Bargaining representative" means any lawful organization which has as one of its primary purposes the representation of employees in their employment relations with employers.

(3) "Child care subsidy" means a payment from the state through a child care subsidy program established pursuant to RCW 74.12.340 ~~((or 74.08A.340))~~, 45 C.F.R. Sec. 98.1 through 98.17, or any successor program.

(4) "Collective bargaining" means the performance of the mutual obligations of the public employer and the exclusive bargaining representative to meet at reasonable times, to confer and negotiate in good faith, and to execute a written agreement with respect to grievance procedures and collective negotiations on personnel matters, including wages, hours and working conditions, which may be peculiar to an appropriate bargaining unit of such public employer, except that by such obligation neither party shall be compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter.

(5) "Commission" means the public employment relations commission.

(6) "Executive director" means the executive director of the commission.
