It is the purpose of this chapter to allocate a portion of regular property taxes for limited periods of time to assist in the financing of public improvements which are needed to encourage private development of urban

areas; to prevent or arrest the decay of urban areas due to the inability of existing financing methods to provide needed public improvements; to encourage local taxing districts to cooperate in the allocation of future tax revenues arising in urban areas in order to facilitate the long-term growth of their common tax base; and to encourage private investment within urban areas.

NEW SECTION. Sec. 3. DEFINITIONS. As used in this chapter the following terms have the following meanings unless a different meaning is clearly indicated by the context:

Not more than twenty-five percent of the area within the urban area proposed apportionment district may be vacant land.

NEW SECTION. Sec. 4. AUTHORITY—LIMITATIONS. (1) Only public improvements which are determined by the legislative authority of the sponsor to meet the following criteria are eligible to be financed under this chapter:

(a) The public improvement is located within an urban area;

(b) The public improvement will encourage private development within the apportionment district;

(c) The public improvement will increase the fair market value of the real property located within the apportionment district;

(d) The private development which is anticipated to occur within the apportionment district as a result of the public improvement is consistent with an existing comprehensive land use plan and approved growth policies of the jurisdiction within which it is located;

(e) A public improvement located within a city has been approved by the legislative authority of such city; and

(f) A public improvement located within an urban area in an unincorporated area has been approved by the legislative authority of the county within whose boundaries the area lies.

(2) Apportionment of regular property tax revenues to finance the public improvements is subject to the following limitations:

(a) No apportionment of regular property tax revenues may take place within a previously established apportionment district where regular property taxes are still apportioned to finance public improvements without the concurrence of the sponsor which established the district;

(b) No apportionment district may be established which includes any geographic area included within a previously established apportionment district which has outstanding bonds payable in whole or in part from tax allocation revenues;

(c) The total amount of outstanding bonds payable in whole or in part from tax allocation revenues arising from property located within a city shall not exceed two percent of the value of taxable property within the city, and the total amount of outstanding bonds payable in whole or in part from tax allocation revenues arising from property located within the unincorporated areas of a county shall not exceed two percent of the value of taxable property within the entire unincorporated area of the county; and

(d) No taxes other than regular property taxes may be apportioned under this chapter.

(3) Public improvements may be undertaken and coordinated with other programs or efforts undertaken by the sponsor or others and may be funded in whole or in part from sources other than those provided by this chapter.

NEW SECTION. Sec. 5. PROCEDURE FOR ADOPTION OF PUBLIC IMPROVEMENT. Public improvements funded by tax allocation revenues may only be located within an urban area. In order to secure an allocation of regular property taxes to finance a public improvement, a sponsor shall:

(1) Propose by ordinance a plan for the public improvement which includes a description of the contemplated public improvement, the estimated cost thereof, the boundaries of the apportionment district, the estimated period during which tax revenue apportionment is contemplated, and the ways in which the sponsor plans to use tax allocation revenues to finance the public improvement, and which sets at least three public hearings thereon before the legislative authority of the sponsor or a committee thereof: PROVIDED, That public hearings for the public improvement that is undertaken in combination or coordination by two or more sponsors may be held jointly; and public hearings, held before the legislative authority or a committee of a majority thereof may be combined with public hearings held for other purposes;

(2) At least fifteen days in advance of the hearing:

(a) Deliver notice of the hearing to all taxing districts, the county treasurer, and the county assessor, which notice includes a map or drawing showing the location of the contemplated public improvement and the boundaries of the proposed apportionment district, a brief description of the public improvement, the estimated cost thereof, the anticipated increase in property values within the apportionment district, the location of the sponsor's principal business office where it will maintain information concerning the public improvement for public inspection, and the date and place of hearing; and

(b) Post notice in at least six public places located in the proposed apportionment district and publish notice in a legal newspaper of general circulation within the sponsor's jurisdiction briefly describing the public improvement, the proposed apportionment, the boundaries of the proposed apportionment district, the location where additional information concerning the public improvement may be inspected, and the date and place of hearing;

(3) At the time and place fixed for the hearing under subsection (1) of this section, and at such times to which the hearing may be adjourned, receive and consider all statements and materials as may be submitted, and objections and letters filed before or within ten days thereafter;

(4) Within one hundred twenty days after completion of the public hearings, pass an ordinance establishing the apportionment district and authorizing the proposed public improvement, including any modifications which in the sponsor's opinion the hearings indicated should be made, which includes the boundaries of the apportionment district, a description of the public improvement, the estimated cost thereof, the portion of the estimated cost thereof to be reimbursed from tax allocation revenues, the estimated time during which regular property taxes are to be apportioned, the date upon which apportionment of the regular property taxes will commence, and a finding that the public improvement meets the conditions of section 4 of this act.

NEW SECTION. Sec. 6. NOTICE OF PUBLIC IMPROVEMENT. Within fifteen days after enactment of the public improvement ordinance, the sponsor shall publish notice in a legal newspaper circulated within the designated apportionment district summarizing the final public improvement, including a brief description of the public improvement, the boundaries of the apportionment district, and the location where the public improvement ordinance and any other information concerning the public improvement may be inspected.

Within fifteen days after enactment of the public improvement ordinance, the sponsor shall deliver a certified copy thereof to each taxing district, the county treasurer, and the county assessor.

NEW SECTION. Sec. 7. DISAGREEMENTS BETWEEN TAXING DISTRICTS. (1) Any taxing district that objects to the apportionment district, the duration of the apportionment, the manner of apportionment, or the propriety of cost items established by the public improvement ordinance of the sponsor may, within thirty days after receipt of the ordinance, petition for review thereof by the state board of tax appeals. The state board of tax appeals shall meet within a reasonable time, hear all the evidence presented by the parties on matters in dispute, and determine the issues upon the evidence as may be presented to it at the hearing. The board may approve or deny the public improvement ordinance as enacted or may grant approval conditioned upon modification of the ordinance by the sponsor.

The decision by the state board of tax appeals shall be final and conclusive but shall not preclude modification or discontinuation of the public improvement.

(2) If the sponsor modifies the public improvement ordinance as directed by the board, the public improvement ordinance shall be effective without further hearings or findings and shall not be subject to any further appeal. If the sponsor modifies the public improvement ordinance in a manner other than as directed by the board, the public improvement ordinance shall be subject to the procedures established pursuant to sections 5 and 6 of this act.

NEW SECTION. Sec. 8. APPORTIONMENT OF TAXES. (1) Upon the date established in the public improvement ordinance, but not sooner than the first day of the calendar year following the passage of the ordinance, the regular property taxes levied upon the assessed value of real property within the apportionment district shall be divided as follows:

(a) That portion of the regular property taxes produced by the rate of tax levied each year by or for each of the taxing districts upon the tax allocation base value of real property, or upon the assessed value of real property in each year, whichever is smaller, shall be allocated to and paid to the respective taxing districts; and

(b) That portion of the regular property taxes levied each year by or for each of the taxing districts upon the assessed value of real property within an apportionment district which is in excess of the tax allocation base value of real property shall be allocated and paid to the sponsor, or the sponsor's designated agent, until all public improvement costs to be paid from the tax allocation revenues have been paid, except that the sponsor may agree to receive less than the full amount of such portion as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of the taxes shall be allocated to the respective taxing districts as the sponsor and the taxing districts may agree.

(2) The county assessor shall revalue the real property within the apportionment district for the purpose of determining the tax allocation base value for the apportionment district and shall certify to the sponsor the tax allocation base value as soon as practicable after the assessor receives notice of the public improvement ordinance and shall certify to the sponsor the total assessed value of real property within thirty days after the property values for each succeeding year have been established, except that the assessed value of state-assessed real property within the apportionment district shall be certified as soon as the values are provided to the assessor by the department of revenue. Nothing in this section authorizes revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW.

(3) The date upon which the apportionment district was established shall be considered the date upon which the public improvement ordinance was enacted by the sponsor.

(4) The apportionment of regular property taxes under this section shall cease when tax allocation revenues are no longer necessary or obligated to pay public improvement costs or to pay principal of and interest on bonds issued to finance public improvement costs and payable in whole or in part from tax allocation revenues. At the time of termination of the apportionment, any excess money and any earnings thereon held by the sponsor shall be returned to the county treasurer and distributed to the taxing districts which were subject to the allocation in proportion to their regular property tax levies due for the year in which the funds are returned.

NEW SECTION. Sec. 9. APPLICATION OF TAX ALLOCATION REVENUES. Tax allocation revenues may be applied as follows:

(1) To pay public improvement costs;

(2) To pay principal of and interest on, and to fund any necessary reserves for, tax allocation bonds;

(3) To pay into bond funds established to pay the principal of and interest on general obligation bonds issued pursuant to law to finance public facilities that are specified in the public improvement ordinance and constructed following the establishment of and within the apportionment district; or

(4) To pay any combination of the foregoing.

NEW SECTION. Sec. 10. GENERAL OBLIGATION BONDS. General obligation bonds which are issued to finance public facilities that are specified in the public improvement ordinance, and for which part or all of the principal or interest is paid by tax allocation revenues, shall be subject to the following requirements:

(1) The intent to issue such bonds and the maximum amount which the sponsor contemplates issuing are specified in the public improvement ordinance; and

(2) A statement of the intent of the sponsor to issue such bonds is included in all notices required by sections 5 and 6 of this act.

In addition, the ordinance or resolution authorizing the issuance of such general obligation bonds shall be subject to potential referendum approval by the voters of the issuing entity when the bonds are part of the non-voter approved indebtedness limitation established pursuant to RCW 39.36.020. If the voters of the county or city issuing such bonds otherwise possess the general power of referendum on county or city matters, the ordinance or resolution shall be subject to that procedure. If the voters of the county or city issuing such bonds do not otherwise possess the general power of referendum on county or city matters, the referendum shall conform to the requirements and procedures for referendum petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 11. TAX ALLOCATION BONDS. (1) A sponsor may issue such tax allocation bonds as it may deem appropriate for the financing of public improvement costs and a reasonable bond reserve and for the refunding of any outstanding tax allocation bonds.

(2) The principal and interest of tax allocation bonds may be made payable from:

(a) Tax allocation revenues;

(b) Project revenues which may include (i) nontax income, revenues, fees, and rents from the public improvement financed with the proceeds of the bonds, or portions thereof, and (ii) contributions, grants, and nontax money available to the sponsor for payment of costs of the public improvement or the debt service of the bonds issued therefor;

(c) Any combination of the foregoing.

(3) Tax allocation bonds shall not be the general obligation of or guaranteed by all or any part of the full faith and credit of the sponsor or any other state or local government, or any tax revenues other than tax allocation revenues, and shall not be considered a debt of the sponsor or other state or local government for general indebtedness limitation purposes.

(4) The terms and conditions of tax allocation bonds may include provisions for the following matters, among others:

(a) The date of issuance, maturity date or dates, denominations, form, series, negotiability, registration, rank or priority, place of payment, interest rate or rates which may be fixed or may vary over the life of the tax allocation bonds, bond reserve, coverage, and such other terms related to repayment of the tax allocation bonds;

(b) The application of tax allocation bond proceeds; the use, sale, or disposition of property acquired; consideration or rents and fees to be charged in the sale or lease of property acquired; consideration or rents and fees to be charged in the sale or lease of property within a public improvement; the application of rents, fees, and revenues within a public improvement; the maintenance, insurance, and replacement of property within a public improvement; other encumbrances, if any, upon all or part of property within a public improvement, then existing or thereafter acquired; and the type of debts that may be incurred;

(c) The creation of special funds; the money to be so applied; and the use and disposition of the money;

(d) The securing of the tax allocation bonds by a pledge of property and property rights, by assignment of income generated by the public improvement, or by pledging such additional specifically described resources other than tax revenues as are available to the sponsor;

(e) The terms and conditions for redemption;

(f) The replacement of lost and destroyed bond instruments;

(g) Procedures for amendment of the terms and conditions of the tax allocation bonds;

(h) The powers of a trustee to enforce covenants and take other actions in event of default; the rights, liabilities, powers, and duties arising upon the breach of any covenant, condition, or obligation; and

(i) When consistent with the terms of this chapter, such other terms, conditions, and provisions which may make the tax allocation bonds more marketable and further the purposes of this chapter.

(5) Tax allocation bonds may be issued and sold in such manner as the legislative authority of the sponsor shall determine.

(6) The sponsor may also issue or incur obligations in anticipation of the receipt of tax allocation bond proceeds or other money available to pay public improvement costs.

NEW SECTION. Sec. 12. There is added to chapter 84.55 RCW a new section to read as follows:

ADJUSTMENT TO TAX LIMITATION. Pursuant to chapter 39... RCW (sections 1 through 10 and 12 through 15 of this act), any increase in the assessed value of real property within an apportionment district resulting from new construction, improvements to property, or any increase in the assessed value of state-assessed property shall not be included in the increase in assessed value resulting from new construction, improvements, or any increase in the assessed value of state-assessed property for purposes of calculating any limitations upon regular property taxes under this chapter until the termination of apportionment as set forth in section 8(4) of this act, as now or hereafter amended, except to the extent a taxing district actually will receive the taxes levied upon this value. Tax allocation revenues, as defined in section 3 of this act, as now or hereafter amended, shall not be deemed to be "regular property taxes" for purposes of this chapter.

NEW SECTION. Sec. 13. LEGAL INVESTMENTS. Tax allocation bonds authorized in this chapter shall be legal investments for any of the funds of the state and of municipal corporations, for trustees, and for other fiduciaries.

NEW SECTION. Sec. 16. SUPPLEMENTAL NATURE OF CHAPTER. This chapter supplements and neither restricts nor limits any powers which the state or any municipal corporation might otherwise have under any laws of this state.

NEW SECTION. Sec. 17. CAPTIONS NOT PART OF LAW. As used in this act, captions constitute no part of the law.

NEW SECTION. Sec. 18. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

(6) The executive board shall select and employ a managing director of the operating agency and may delegate to the managing director such authority for the management and control of the operating agency as the executive board deems appropriate. The managing director's employment is terminable at the will of the executive board.

(7) ~~((Any executive board created under this section shall cease to function upon the initiation of regular operations of the nuclear power plant over which it has exercised construction management powers and duties. If the operating agency is constructing two or more nuclear power plants simultaneously, the executive board shall cease exercising all powers as to each plant as it becomes operational.))~~ Members of the executive board

shall be immune from civil liability for mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving the exercise of judgment and discretion. CHAPTER 44

[Engrossed Senate Bill No. 4995]

JOINT OPERATING AGENCIES—CONTRACT PROCEDURES

AN ACT Relating to joint operating agencies; adding new sections to chapter 43.52 RCW; providing an expiration date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Section 1. For the awarding of a contract to purchase any item or items of materials, equipment, or supplies in an amount exceeding five thousand dollars but less than seventy-five thousand dollars, exclusive of sales tax, a joint operating agency may, in lieu of sealed bids, authorize by operating agency resolution a procedure for securing telephone and/or written quotations from at least five vendors, where practical, and for awarding contracts for purchase of materials, equipment, or supplies to the lowest responsible bidder. The procedure shall establish a procurement roster, which shall consist of suppliers and manufacturers who may supply materials or equipment to the operating agency, and shall provide for solicitations which will equitably distribute opportunity for bids among suppliers and manufacturers on the roster. Immediately after the award is made, the bid quotations obtained shall be recorded and shall be posted or otherwise made available for public inspection and copying pursuant to chapter 42.17 RCW at the office of the operating agency or any other officially designated location. Waiver of the deposit or bid bond required for sealed bids may be authorized by the operating agency in securing the bid quotations.

NEW SECTION. Sec. 2. When a joint operating agency constructing or operating a nuclear generating project and associated facilities determines in writing that an emergency endangers the public safety or threatens property damage or that serious financial injury would result if materials, supplies, equipment, or work are not obtained by a certain time, and they cannot be contracted for by that time by means of sealed bids, the operating agency may, in lieu of sealed bids, purchase materials, equipment, or supplies or order work by contract in any amount necessary, after having taken precaution to secure a responsive proposal at the lowest price practicable under the circumstances: **PROVIDED**, That for the purposes of this section the term "serious financial injury" shall mean that the costs attributable to the delay caused by contracting by sealed bids exceed the cost of materials, supplies, equipment or work to be obtained.

NEW SECTION. Sec. 3. When a joint operating agency constructing or operating a nuclear generating project and associated facilities on the project site determines in writing that it is impracticable to secure competition for required materials, equipment, or supplies, it may purchase the materials, equipment, or supplies without competition. The term "impracticable to secure competition" shall include:

(1) When property or services can be obtained from only one person or firm (single source of supply).

(2) When competition is precluded because of the existence of patent rights, copyrights, or secret processes.

(3) When parts or components being procured as replacement parts in support of equipment specially designed by the manufacturer and where data available is not adequate to assure that the part or component will

perform the same function in the equipment as the part or component it is to replace.

NEW SECTION. Sec. 4. When a joint operating agency constructing or operating a nuclear generating project determines in writing that it is impracticable to draft an invitation for bids with definitive specifications or any other adequately detailed description of required materials, equipment, or supplies sufficient to determine whether a competitive sealed bid is responsive, execution of a contract shall follow the procedure required in this section.

(1) Proposals shall be solicited through a request for proposals, which shall state the requirements to be met, and responses shall describe professional competence of the offeror, the technical merits of the offer, and the price.

(2) The request for proposals shall be sent to all bidders prequalified under section 5 of this act and shall be given adequate public notice in the same manner as for sealed bids under RCW 54.04.070.

(3) As provided in the request for proposals, the operating agency shall specify at a preproposal conference the contract requirements in the request for proposal, which may include but are not limited to: Schedule, managerial and staffing requirements, productivity and production levels, approved project quality assurance procedures, and time and place for submission of proposals. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all potential offerors.

(4) Proposals shall be opened so as to avoid disclosure of contents to competing offerors during the process of negotiation. A register of proposals shall be open for public inspection after contract award.

(5) As provided in the request for proposals, invitations shall be sent to all responsible offerors who submit proposals to attend discussions for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all offerors. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.

(6) The operating agency shall execute a contract with the responsible offeror whose proposal is determined in writing to be the most advantageous to the operating agency taking into consideration the requirements set forth in the request for proposals. The contract file shall contain the basis on which the successful offeror is selected. The operating agency shall conduct a briefing conference on the selection if requested by an offeror.

(7) The contract may be fixed price or cost-reimbursable, in whole or in part, but not cost-plus-percentage-of-cost: PROVIDED, That if it is cost-reimbursable, it shall meet the requirements of RCW 43.52.505.

NEW SECTION. Sec. 5. A joint operating agency shall require that bids upon any construction or improvement of any nuclear generating project and associated facilities shall be made upon the contract bid form supplied by the operating agency, and in no other manner. The operating agency may, before furnishing any person, firm, or corporation desiring to bid upon any work with a contract bid form, require from the person, firm, or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of the person, firm, or corporation in performing work. The questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgement of deeds and shall be submitted once a year or at such other times as the operating agency may require. Whenever the operating agency is not satisfied with the sufficiency of the answers contained in the questionnaire and financial statement or whenever the operating agency determines that the person, firm, or corporation does not meet all of the requirements set forth in this section, it may refuse to furnish the person, firm, or corporation with a contract bid form and any bid of the person, firm, or corporation must be disregarded. The operating agency shall require that a person, firm, or corporation have all of the following requirements in order to obtain a contract form:

(1) Adequate financial resources, the ability to secure these resources, or the capability to secure a one hundred percent payment and performance bond;

(2) The necessary experience, organization, and technical qualifications to perform the proposed contract;

(3) The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;

(4) A satisfactory record of performance, integrity, judgment, and skills; and

(5) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

The refusal shall be conclusive unless appealed to the superior court of the county where the operating agency is situated or Thurston county within fifteen days, which appeal shall be heard summarily within ten days after the appeal is made and on five days' notice thereof to the operating agency.

The prevailing party in such litigation shall be awarded its attorney fees and costs.

The operating agency shall not be required to make available for public inspection or copying under chapter 42.17 RCW financial information provided under this section.

NEW SECTION. Sec. 6. (1) In lieu of sealed bids in constructing or operating a nuclear generating project and associated facilities, a joint operating agency may solicit quotations and execute a contract for work under this section for a defaulted contract or for a contract terminated in whole or in part, or to consolidate work under several contracts into one contract: **PROVIDED**, That the operating agency shall determine in writing that execution of a contract under this section is less costly to the project than sealed bids, or will substantially expedite completion of the project.

(2) The operating agency shall specify at a prequotation conference the contract requirements in the solicitation, which may include but are not limited to: Schedule, managerial and staffing requirements, productivity and production levels, approved project quality assurance procedures, and time and place for submission of quotations. The solicitation shall be sent to all bidders prequalified for the work under section 5 of this act. The operating agency may issue such solicitation and shall conduct a prequotation conference prior to default or termination of contract(s) to be replaced, to the extent necessary to accomplish orderly transition of work assignments. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all offerors.

During the prequotation conference, the operating agency shall define in writing the roles, responsibilities, and obligations of persons under the contract and all persons under defaulted, terminated, or consolidated contracts.

(3) After quotations are received by the operating agency, invitations shall be sent to all responsible offerors who submit quotations to attend discussions for the purpose of clarification to assure full understanding of, and responsiveness to, the requirements of the operating agency. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all offerors. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of quotations, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions there shall be no disclosure of any information derived from quotations submitted by competing offerors.

(4) The operating agency shall execute a contract with the responsible offeror whose quotation is determined in writing to be the most advantageous to the operating agency. The contract file shall contain the basis on which the successful offeror is selected. The operating agency shall conduct a briefing conference on the selection if requested by an offeror.

(5) The contract may be fixed price or cost-reimbursable, in whole or in part, but not cost-plus-percentage-of-cost: **PROVIDED**, That if it is cost-reimbursable, it shall meet the requirements of RCW 43.52.505.

(6) In accordance with the contract terms, the operating agency shall give any defaulted or terminated contractor notice and pay the contractor for work performed and termination costs.

NEW SECTION. Sec. 7. (1) Except as provided otherwise in this chapter, a joint operating agency shall purchase any item or items of materials, equipment or supplies, the estimated cost of which is in excess of five thousand dollars exclusive of sales tax, or order work for construction of generating projects and associated facilities, the estimated cost of which is in excess of ten thousand dollars exclusive of sales tax, by contract in accordance with RCW 54.04.070 and 54.04.080, which require sealed bids for contracts.

(2) When a joint operating agency chooses to use one or more of the exceptions to sealed bid contracting specified in this chapter, the agency shall certify to the senate and house committees on energy and utilities and the legislative budget committee in writing within thirty days after the contract is signed, that such contract is in the public interest, state the reason or reasons why, and indicate the estimated cost savings or schedule improvement to the project compared to contracting for the same material, supplies, equipment or work through completion of work as contracted, including termination costs, or through sealed bids.

NEW SECTION. Sec. 8. Sections 1 through 7 of this act shall expire on December 31, 1987, or on the date that construction is completed on those nuclear generating projects which are under construction by any joint operating agency on January 1, 1982, whichever is sooner.

NEW SECTION. Sec. 9. Sections 1 through 8 of this act are each added to chapter 43.52 RCW.

NEW SECTION. Sec. 10. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 11. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Such amount may be used to provide restitution to the victim at the order of the court. It shall be the duty of the prosecuting attorney to investigate the alternative of restitution, and to recommend it to the court, when the prosecuting attorney believes that restitution is appropriate and feasible. If the court orders restitution, the court shall make a finding as to the amount of the defendant's gain or victim's loss from the crime, and if the record does not contain sufficient evidence to support such finding the court may conduct a hearing upon the issue. For purposes of this section, the terms "gain" or "loss" refer to the amount of money or the value of property or services gained or lost.

(2) Notwithstanding any other provision of law, this section also applies to any corporation or joint stock association found guilty of any crime.

If such person at the time of a second or subsequent conviction is without a license or permit because of a previous suspension or

The person shall, in addition, be required to complete diagnostic evaluation at an alcoholism program approved by the department of social and health services or other diagnostic evaluation as the court designates. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved alcoholism treatment facility or approved drug treatment center.

In addition to any nonsuspendable and nondeferrable jail sentence required by this subsection, the court shall sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall suspend but shall not defer the sentence for a period not exceeding two years. (a) On the first conviction under either such offense, be suspended by the department for not less than thirty days: PROVIDED, That the court may recommend that no suspension action be taken. The treatment agency

~~((7) The provisions of this section limiting the authority of a court to defer or suspend a sentence shall not take effect until January 1, 1980. The division of criminal justice, no later than December 31, 1980, shall submit a study to the house of representatives and to the senate which details the impact of the sentencing provisions established by this section. NEW SECTION. Sec. 32. Sections 29 and 30 of this act are necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House April 6, 1982.

Passed the Senate April 5, 1982.

Approved by the Governor April 20, 1982 with the exception of Section 30, which is vetoed.

Filed in Office of Secretary of State April 20, 1982.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to Section 30 of House Bill No. 600, entitled:

"AN ACT Relating to crimes"

The Implied Consent Law, passed by the voters of this state in 1969, provides that a person's privilege to drive is conditioned on a promise to take a breathalyzer test when suspected of driving under the influence of alcohol. Failure to take the test results in a six-month loss of license.

Section 30 would undermine the Implied Consent Law. It would permit persons who refuse the breathalyzer and who subsequently are found guilty of DWI to apply for an occupational driver's license. Ironically, those who were acquitted of the charges could not apply for the occupational permit.

If we are to have an Implied Consent Law—and I believe we should—we must enforce it. There must be a clear consequence to refusing the breathalyzer; otherwise, the Implied Consent Law will be intolerably weakened.

With the exception of Section 30, which I have vetoed, House Bill No. 600 is approved."

Passed the House April 10, 1982.

Passed the Senate April 10, 1982.

Approved by the Governor April 20, 1982 with the exception of Section 16, subsection 60, which is vetoed.

Filed in Office of Secretary of State April 20, 1982.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to Section 16, subsection 60 of Substitute House Bill No. 1230, entitled:

"AN ACT Relating to appropriation"

New language in Section 16, subsection 60 would require the Department of Fisheries to locate eight salmon-rearing pens at McNeil Island. This is a good idea, which the Department of Fisheries is working to implement. But such a project may violate our agreement with the Federal government regarding the use of McNeil Island. If, for this reason, the pens at McNeil Island are not possible, the funds should be used for pens elsewhere. The new language would not permit this; vetoing it will permit the Director of Fisheries to make the best use of his limited funds.

With the exception of Section 16, subsection 60, which I have vetoed, House Bill No. 1230 is approved."

CHAPTER 49

[Engrossed Senate Bill No. 4972]

LOCAL GOVERNMENTS—TAXING POWERS

AN ACT Relating to local government finance; amending section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.030; amending section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14.040; amending section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150; amending section 6, chapter 134, Laws of 1972 ex. sess. as last amended by section 6, chapter 144, Laws of 1981 and RCW 35.21.710; adding new sections to chapter 35.21 RCW; adding new sections to chapter 82.14 RCW; adding a new chapter to Title 82 RCW; creating new sections; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Section 1. The legislature hereby recognizes the concern of local governmental entities regarding the financing of vital services to residents of this state. The legislature finds that local governments are an efficient and responsive means of providing these vital services to the citizens of this state. It is the intent of the legislature that vital services such as public safety, public health, and fire protection be recognized by all local governmental entities in this state as top priorities of the citizens of Washington.

NEW SECTION. Sec. 2. (1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, telephone, or gas distribution businesses, as defined in RCW 82.16.010, except that (a) a tax authorized by section 3 of this act may be imposed and (b) a fee may be charged to such businesses that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on the effective date of this section with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in sections 3 and 4 of this act to the extent the fees exceed the costs allowable under subsection (1) of this section.

NEW SECTION. Sec. 3. No city or town may increase the rate of tax it imposes on the privilege of conducting an electrical energy, natural gas, or telephone business which increase applies to business activities occurring before the effective date of the increase, and no rate change may take effect

before the expiration of sixty days following the enactment of the ordinance establishing the change.

NEW SECTION. Sec. 4. (1) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, no city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, or telephone business at a rate which exceeds six percent unless the rate is approved by a majority of the voters of the city or town voting on the proposition.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, if a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on the effective date of this section, the city or town shall decrease the rate to a rate of six percent or less by reducing the rate each year before November 1st by an amount equal to the lesser of (a) the weighted average increase in utility rates for the period beginning October 1st of the previous year and ending September 30th of the current year less the increase in the Seattle All Urban Consumer Price Index for the same period, multiplied by the then current tax rate or (b) one-fifth the difference between the tax rate on the effective date of this section and six percent. If the amount determined under (b) of this subsection is less than the amount determined under (a) of this subsection, then one-half of the difference between the amounts determined under (a) and (b) of this subsection shall be added to the amount determined under (a) of this subsection in the following year.

As used in this subsection, "weighted average increase in utility rates" means the percentage increase in utility revenues for each utility expected from application of increases in rates based on the previous year's revenues and service areas within each city or town.

Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

Voter approved rate increases under subsection (1) of this section shall not be included in the computations under this subsection.

Sec. 5. Section 82.02.020, chapter 15, Laws of 1961 as last amended by section 3, chapter 196, Laws of 1979 ex. sess. and RCW 82.02.020 are each amended to read as follows:

Except only as expressly provided in RCW 67.28.180 and 67.28.190 and the provisions of chapter 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. No county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any

other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements pursuant to RCW 58.17.110 within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat: PROVIDED, That any such voluntary agreement shall be subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 56, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 6. Nothing in this act precludes the imposition of business and occupation taxes by cities and towns, or of sales and use taxes. However, nothing in this act authorizes the imposition of a business and occupation tax by any county.

Sec. 7. Section 6, chapter 134, Laws of 1972 ex. sess. as last amended by section 6, chapter 144, Laws of 1981 and RCW 35.21.710 are each amended to read as follows:

Any city which imposes a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales, shall impose such tax at a single uniform rate upon all such business activities. The taxing authority granted to cities for taxes upon business activities measured by gross receipts or gross income from sales shall not exceed a rate of .0020; EXCEPT that any city with an adopted ordinance at a higher rate, as of January 1, 1982 shall be limited to a maximum increase of ten percent of the January 1982 rate, not to exceed an annual incremental increase of two percent of current rate: PROVIDED, That any adopted ordinance which classifies according to different types of business or services shall be subject to both the ten percent and the two percent annual incremental increase limitation on each tax rate: PROVIDED FURTHER, That all surtaxes on business and occupation classifications in effect as of January 1, 1982, shall expire no later than December 31, 1982, or by expiration date established by local ordinance. Cities which impose a license fee or tax upon business activities consisting of the making of retail sales of tangible personal property which are measured by gross receipts or gross income from such sales shall be required to submit an annual report to the department of revenue identifying the rate established and the revenues received from each fee or tax. This section shall not apply to any business activities subject to the tax imposed by chapter 82.16 RCW. For purposes of this section, the providing to consumers of competitive telephone service, as defined in RCW 82.16.010, shall be deemed to be the retail sale of tangible personal property.

NEW SECTION. Sec. 8. The qualified voters of any city or town may by majority vote approve rates in excess of the provisions of section 7 of this act.

NEW SECTION. Sec. 9. Every city and town first imposing a business and occupation tax or increasing the rate of the tax after the effective date of this section shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure

shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the city or town otherwise possess the general power of initiative on city or town matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a city or town do not otherwise possess the general power of initiative on city or town matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 10. The municipal research council shall conduct a survey to determine the various rates of business and occupation taxes in each city and town in the state of Washington. The survey shall use the rates in effect on March 1, 1982. The research council shall provide the results of the survey to the legislature no later than July 1, 1982.

NEW SECTION. Sec. 11. (1) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, the governing body of any county or any city may impose an excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-quarter of one percent of the selling price.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this act, in lieu of imposing the tax authorized in RCW 82.14.030(2), the governing body of any county or any city may impose an additional excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-half of one percent of the selling price.

(3) Taxes imposed under this section shall be collected from persons who are taxable by the state under chapter 82.45 RCW upon the occurrence of any taxable event within the unincorporated areas of the county or within the corporate limits of the city, as the case may be.

(4) Taxes imposed under this section shall comply with all applicable rules, regulations, laws, and court decisions regarding real estate excise taxes as imposed by the state under chapter 82.45 RCW.

(5) As used in this section, "city" means any city or town.

NEW SECTION. Sec. 12. Every county and city imposing a tax under section 11(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to

the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

NEW SECTION. Sec. 13. (1) The county treasurer shall place one percent of the proceeds of the taxes imposed under section 11 of this act in the county current expense fund to defray costs of collection.

(2) The remaining proceeds from the county tax under section 11(1) of this act shall be placed in a county capital improvements fund. The remaining proceeds from city or town taxes under section 11(1) of this act shall be distributed to the respective cities and towns monthly and placed by the city treasurer in a municipal capital improvements fund. These capital improvements funds shall be used by the respective jurisdictions for local improvements, including those listed in RCW 35.43.040.

(3) This section does not limit the existing authority of any city, town, or county to impose special assessments on property specially benefited thereby in the manner prescribed by law.

NEW SECTION. Sec. 14. Any tax imposed under section 11 of this act and any interest or penalties thereon is a specific lien upon each piece of real property sold from the time of sale until the tax is paid, which lien may be enforced in the manner prescribed for the foreclosure of mortgages.

NEW SECTION. Sec. 15. The taxes levied under section 11 of this act are the obligation of the seller and may be enforced through an action of debt against the seller or in the manner prescribed for the foreclosure of mortgages. Resort to one course of enforcement is not an election not to pursue the other.

NEW SECTION. Sec. 16. Any taxes imposed under section 11 of this act shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. The treasurer shall act as agent for any city within the county imposing the tax. The county treasurer shall cause a stamp evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales. A receipt issued by the county treasurer for the payment of the tax imposed under section 11 of this act shall be evidence of the satisfaction of the lien imposed in section 14 of this act and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax may be accepted by the county auditor for filing or recording until the tax is paid and the stamp affixed thereto; in case the tax is not due on the transfer, the instrument shall not be accepted until suitable notation of this fact is made on the instrument by the treasurer.

Sec. 17. Section 4, chapter 94, Laws of 1970 ex. sess. and RCW 82.14-.030 are each amended to read as follows:

(1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes

authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): **PROVIDED, HOWEVER,** That in the event a county shall impose a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein shall not exceed four hundred and twenty-five one-thousandths of one percent.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5 of this 1982 act, in addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax shall be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is levied. The rate of such additional tax imposed by a county shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED HOWEVER, That in the event a county shall impose a sales and use tax under this subsection at a rate equal to or greater than the rate imposed under this subsection by a city within the county, the county shall receive fifteen percent of the city tax: PROVIDED FURTHER, That in the event that the county shall impose a sales and use tax under this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county shall receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

Sec. 18. Section 5, chapter 94, Laws of 1970 ex. sess. and RCW 82.14-.040 are each amended to read as follows:

(1) Any county ordinance adopted ((pursuant to this chapter)) under RCW 82.14.030(1) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW' 82.14.030(1) for the full amount of any city sales or use tax imposed under RCW 82.14.030(1) upon the same taxable event.

(2) Any county ordinance adopted under RCW 82.14.030(2) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(2) for the full amount of any city sales or use tax imposed under RCW 82.14.030(2) upon the same taxable event up to the additional tax imposed by the county under RCW 82.14.030(2).

NEW SECTION. Sec. 19. There is added to chapter 82.14 RCW a new section to read as follows:

Every county and city imposing a tax under section 17(2) of this act shall provide for a special initiative procedure on an ordinance imposing or altering each tax. Such a special initiative procedure shall subject the ordinance imposing or altering the tax to approval or rejection by the voters. If the voters of the county or city otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements of that procedure. If the voters of a county or city do not otherwise possess the general power of initiative on county or city matters, this special initiative procedure shall conform to the requirements and procedures for initiative petitions provided for code cities in RCW 35A.11.100.

Sec. 20. Section 1, chapter 87, Laws of 1972 ex. sess. as last amended by section 4, chapter 175, Laws of 1979 ex. sess. and RCW 82.44.150 are each amended to read as follows:

(1) The director of licensing shall on the twenty-fifth day of February, May, August and November of each year, commencing with November, 1971, advise the state treasurer of the total amount of motor vehicle excise taxes remitted to the department of licensing during the preceding calendar quarter ending on the last day of March, June, September and December, respectively, except for those payable under RCW 82.44.030 and 82.44.070, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.030 and 82.44.070, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in

the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department of licensing shall make the following apportionment and distribution of motor vehicle excise taxes deposited in the general fund. A sum equal to seventeen percent thereof shall be paid to cities and towns in the proportions and for the purposes hereinafter set forth; a sum equal to two percent of all motor vehicle excise tax receipts shall be allocable to the county sales and use tax equalization account under section 21 of this 1982 act; and a sum equal to seventy percent of all motor vehicle excise tax receipts shall be allocable to the state school equalization fund and credited and transferred each year in the following order of priority:

(a) The amount required and certified by the state finance committee each year as being necessary for payment of principal of and interest on bonds authorized by ~~((chapter 26, Laws of 1963 extraordinary session))~~ RCW 28A.47.760 through 28A.47.774 in the ensuing twelve months and any additional amounts required by the covenants of such bonds shall be transferred from the state school equalization fund to the 1963 public school building bond retirement fund.

(b) Any remaining amounts in the state school equalization fund from the motor vehicle excise taxes not required for debt service on the above bond issues shall be transferred and credited to the general fund.

(3) The amount payable to cities and towns shall be apportioned among the several cities and towns within the state ~~((ratably, on the basis of the population as last determined by the office of financial management))~~ according to the following formula:

(a) Sixty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned ratably on the basis of population as last determined by the office of financial management.

(b) Thirty-five percent of the sum specified in subsection (2) of this section to be paid to cities and towns shall be apportioned to cities and towns under section 22 of this 1982 act.

(4) When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be utilized by such city or town for the purposes of police and fire protection and the preservation of the public health therein, and not otherwise. In case it be adjudged that revenue derived from the excise tax imposed by this chapter cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund.

(5) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the

department of licensing, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(6) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (5) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (5) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (5) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(7) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(8) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (5) of this section.

NEW SECTION. Sec. 21. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.150(2). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties as determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (5) and (6) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the county sales and use tax equalization account. The

distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (5) and (6) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Revenues distributed under this section in any calendar year shall not exceed an amount equal to seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsection (3) or (4) of this section cannot be made because of this limitation, then distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying counties.

(6) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the counties.

(7) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be credited and transferred to the state general fund.

NEW SECTION. Sec. 22. There is added to chapter 82.14 RCW a new section to read as follows:

There is created in the state general fund a special account to be known as the "municipal sales and use tax equalization account." Into this account shall be placed such revenues as are provided under RCW 82.44.150(3)(b). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for each city and the state-wide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.150(3)(a) multiplied by thirty-five sixty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for all cities as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the state-wide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (5) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (5) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3) or (4) of this section, then the distributions under subsection (3) or (4) of this section shall be reduced ratably among the qualifying cities. At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3) and (4) of this section to the cities.

(6) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (4) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management: PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section.

NEW SECTION. Sec. 23. County legislative authorities who levy optional taxes pursuant to this act shall fully consider funding for fire districts within their respective jurisdictions during the county budget process.

NEW SECTION. Sec. 115. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 116. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state

government and its existing public institutions, and shall take effect immediately.

Passed the Senate April 10, 1982.

Passed the House April 5, 1982.

Approved by the Governor April 20, 1982 with the exceptions of Sections 15, 16, 43(6), 49 and 57, which are vetoed.

Filed in Office of Secretary of State April 20, 1982.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to several provisions Substitute Senate Bill No. 4369, entitled:

"AN ACT Relating to appropriations"

I have vetoed Section 15, making an appropriation "FOR THE GOVERNOR - MINORITY AND WOMEN'S AFFAIRS" in its entirety. This section will not be necessary as I have also vetoed Section 16, thus leaving intact the existing minority offices.

I have vetoed Section 16, amending the appropriation "FOR THE COMMISSION ON MEXICAN-AMERICAN AFFAIRS, THE COMMISSION ON ASIAN-AMERICAN AFFAIRS, AND THE GOVERNOR'S OFFICE OF INDIAN AFFAIRS" in its entirety. Important and sensitive programs would be eliminated without the opportunity for public input and considered legislative evaluation. Furthermore, the legislature has not provided any statutory mechanism for the establishment of an alternate organization.

I have vetoed Section 43, subsection (6), which requires that any caseload savings lapse at the end of each calendar quarter. This section conflicts with Section 47(4), which allows the transfer of up to \$7.0 million into the Administration program. It is also unnecessarily restrictive because it prevents any use of savings to offset further losses in Federal funds.

I have vetoed Sections 49 and 57. These sections would have repealed the appropriation for the Commission for the Blind and transferred it to the Department of Social and Health Services, authorizing DSHS to provide services to the blind. This would have the effect of nullifying existing law in RCW 74.16, which requires the Commission for the Blind to distribute funds and provide services to the blind. In effect, the legislature would have placed the dollars with DSHS, while leaving the statutory responsibility for the provision of services with the Commission for the Blind.

With the exceptions noted above, Substitute Senate Bill No. 4369 is approved."

Reviser's note: The title of ESSB No. 4369 was moved to its customary place at the beginning of the measure to accord with the direction of the conference report as adopted by the House of Representatives on April 5, 1982, and the Senate on April 10, 1982.

NEW SECTION. Sec. 33. There is added to chapter 41.50 RCW a new section to read as follows:

(1) Every employer participating in one or more of the retirement systems listed in RCW 41.50.030 shall fully cooperate in the administration of the systems in which its employees participate, including the distribution of information to employees, and shall accept and carry out all other duties as required by law, regulation, or administrative instruction.

The employer contributions, with interest thereon, will be treated as if in fact the interest was part of the normal employer contribution and no distribution of interest received shall be required.

(2) For all retirees identified in this section, the department shall calculate the increase in the basic retirement benefit which results from any increase in salary granted an employee in excess of the authorized salary increase. The department will then, utilizing tables developed by the state actuary, determine the extra pension cost attributable to exceeding such average and shall bill the retiree's employer, who shall remit the entire amount determined to the retirement system within thirty days, except that the director is empowered to omit billing for an amount less than fifty dollars.

(3) Any post-retirement increases resulting from the excess benefit identified in subsection (2) of this section shall be billed to the last employer as they occur on the basis set forth in subsection (2) of this section.

Passed the House April 5, 1982.

Passed the Senate April 4, 1982.

Approved by the Governor April 20, 1982 with the exceptions of Section 30, and all references to it, which are vetoed.

Filed in Office of Secretary of State April 20, 1982.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith without my approval as to Section 30 of Substitute House Bill No. 1226, entitled:

"AN ACT Relating to public employees"

I have vetoed Section 30 on pages 27 and 28, and all references to Section 30 on pages 13, 15, 23, 24, 25, and 27.

Section 30 calls for legislative review and approval of the proposed administrative rules for implementing the act. Failure of the legislature to approve the rules would void several sections of the act. In addition to presenting some constitutional issues relating to the functions of the legislative and executive branches, implementation of this section creates too much uncertainty as to when or whether the law will become effective.

With the exception of Section 30 and the references to it, which I have vetoed, Substitute House Bill No. 1226 is approved."

"I am returning herewith without my approval as to Sections 14, 15, and 16(2) Second Substitute House Bill No. 124, entitled:

"AN ACT Relating to public employment; amending certain sections of RCW 28B and RCW 41.04 and other sections and declaring an emergency."

Section 14 directs that the state general fund full-time equivalent employment of any state agency during any month not exceed the average monthly state general fund FTE employment of the previous calendar year or the state general fund FTE employment of the same month of the previous year. Section 14 also limits replacement of state general fund-supported employees to 50 percent of those leaving employment after December 31, 1981.

Employee attrition does not occur evenly between agencies. Agencies with high turnover would be severely affected, particularly in view of staffing reductions that have already occurred. The hiring freeze imposed by Section 14 is overly restrictive: it does not allow for exceptions to meet critical needs; nor does it allow for the planning and control that is essential to good management. In addition, the exempting provisions of this bill result in an unfair burden being placed on the remainder of state government. For these reasons, I have vetoed Section 14.

Section 15 requires agencies to report every six months to the Office of Financial Management (OFM) the number of vacancies created and positions filled. OFM must present this information to the legislature 15 days thereafter. To require additional paperwork of questionable purpose and value is not appropriate during times of budgetary and staffing reductions. The OFM presently collects and distributes sufficient information to keep the legislature and me adequately informed as to the status of state agency staffing.

Subsection (2) of Section 16 is a study requirement related to Section 14 and is therefore unnecessary.

With the exceptions noted above, Second Substitute House Bill No. 124 is approved."

[House Bill No. 1099]

FOREST FIRE PROTECTION ASSESSMENTS

AN ACT Relating to fire protection of forest lands; amending section 1, chapter 102, Laws of 1977 ex. sess. as amended by section 1, chapter 171, Laws of 1981 and RCW 76.04.360; and amending section 8, chapter 207, Laws of 1971 ex. sess. as last amended by section 1, chapter 28, Laws of 1981 and RCW 76.04.515.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 1, chapter 102, Laws of 1977 ex. sess. as amended by section 1, chapter 171, Laws of 1981 and RCW 76.04.360 are each amended to read as follows:

If any owner of forest land neglects or fails to provide adequate fire protection therefor as required by RCW 76.04.350, the department shall provide such protection therefor, notwithstanding the provisions of RCW 76.04.515, at a cost to the owner of not to exceed ~~((twenty))~~ twenty-one cents an acre per year on lands west of the summit of the Cascade mountains and ~~((sixteen))~~ seventeen cents an acre per year on lands east of the summit of the Cascade mountains: PROVIDED, That the cost for any ownership parcel containing less than thirty acres shall not be less than five dollars and ten cents east of the Cascade mountains and six dollars and thirty cents west of the Cascade mountains: PROVIDED FURTHER, That an owner of two or more parcels per county, each containing less than thirty acres, may obtain a certified list of such parcels from the county assessor and file it by January 1 each year with the department, which will collect from that owner one minimum assessment for all parcels. Should the total acreage of the parcels filed exceed thirty acres, the per-acre rate shall apply. If payment is not received within ten days of filing, the owner shall not be entitled to the exception contained in this proviso for that tax year and the assessments shall be collected as otherwise provided.

For the purpose of chapter 76.04 RCW, the supervisor may divide the forest lands of the state, or any part thereof, into districts, for patrol and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands

under the administration of the proper district. Such cost must be justified by a showing of budgets on demand of twenty-five owners of forest land in the county concerned at public hearing. Any amounts paid or contracted to be paid by the supervisor of the department of natural resources for this purpose from any funds at his disposal shall be a lien upon the property patrolled and protected, and unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred, on which date the supervisor of the department of natural resources shall be prepared to make statement thereof upon request to any forest owner whose own protection has not been previously approved by him as adequate, shall be reported by the supervisor of the department of natural resources to the assessor of the county in which the property is situated who shall extend the amounts upon the tax rolls covering the property, or the county assessor shall upon authorization from the supervisor of the department of natural resources levy the forest patrol assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records and the assessor may then segregate on his records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in chapter 52.04 RCW.

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that ((the next)) general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the supervisor of the department of natural resources certifying them to the treasurer of the county in which the land involved is situated. Assessments shall be known and designated as assessments of the year in which the amounts became reimbursable. Upon the collection of such assessments the county treasurer shall transmit them to the supervisor of the department of natural resources to be applied against expenses incurred in carrying out the provisions of this section((-

~~The supervisor of the department of natural resources shall add to the assessment a sum not to exceed one cent per acre, to cover the)), including necessary and reasonable administrative costs incurred by the department in the enforcement of these provisions. He may also expend any sums collected from owners of forest lands or received from any other source for necessary administrative costs in connection with the enforcement of RCW 76.04.370.~~

When land against which forest patrol assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment, and the county treasurer in case the proceeds of sale exceed the amount of the delinquent tax judgment shall forthwith remit to the supervisor of the department of natural resources the amount of the outstanding patrol assessments.

All public bodies owning or administering forest lands shall pay the forest patrol assessments provided in this section and the special forest fire suppression account assessments under RCW 76.04.515. The forest patrol assessments and special forest fire suppression account assessments shall be payable by public bodies from any available funds within thirty days following receipt of the written notice from the department which is given after October 1st of the year in which the protection was provided. Unpaid assessments shall not be a lien against the publicly owned land but shall constitute a debt by the public body to the department and shall be subject to interest charges in the same amount as other unpaid forest patrol assessments.

A public body, having failed to previously pay forest patrol assessments required of it by this section, which fails to suppress a fire on or originating from forest lands owned or administered by it shall be liable for the costs of suppression incurred by the department or its agent and shall not be entitled to reimbursement of any costs incurred by the public body in the suppression activities.

The supervisor of the department of natural resources shall furnish the surety company bond under RCW 43.30.170(6), conditioned for the faithful performance of his duties and for a faithful accounting for all sums received and expended thereunder, which bond shall be approved by the attorney general.

Sec. 2. Section 8, chapter 207, Laws of 1971 ex. sess. as last amended by section 1, chapter 28, Laws of 1981 and RCW 76.04.515 are each amended to read as follows:

There is created a landowner contingency forest fire suppression account which shall be a separate account in the general fund. This account shall be for the purpose of paying emergency fire costs incurred or approved by the department in the suppression of forest fires. When a determination is made that the fire was started by other than a participating landowner operation, moneys expended from this account in the suppression of such fire shall be recovered from such general fund appropriations as may be available for emergency fire suppression costs. Moneys spent from this account shall be by appropriation. The department shall transmit to the state treasurer for deposit in the landowner contingency forest fire suppression account any moneys paid out of said account which are later recovered, less reasonable costs of recovery, which moneys may be expended for purposes set forth herein during the current biennium, without reappropriation.

This account shall be established and renewed by a special forest fire suppression account assessment paid by participating forest landowners at rates to be established by the department, but not to exceed ten cents per acre per year for such period of years as may be necessary to establish and thereafter reestablish a balance in said account of two million dollars; PROVIDED, That the department may establish a minimum assessment

for ownership parcels containing less than thirty acres. The maximum assessment for these parcels shall not exceed the fees levied on a thirty acre parcel. The assessments with respect to forest lands in western and eastern Washington may differ to equitably distribute the assessment based on emergency fire suppression cost experience necessitated by participating landowner operations. Amounts assessed for this account shall be a lien upon the forest lands with respect to which the assessment is made, and may be collected as directed by the department in the same manner as forest patrol assessments. This account shall be held by the state treasurer who is authorized to invest so much of said account as is not necessary to meet current needs. Any interest earned on moneys from said account shall be deposited in and remain a part of the account, and shall be computed as part of the same in determining the balance thereof. Interfund loans to and from this account are authorized at the then current rate of interest as determined by the state treasurer, provided that the effect of the loan is considered for purposes of determining the assessments. Payment of emergency costs from this account shall in no way restrict the right of the department to recover costs pursuant to RCW 76.04.390 as now or hereafter amended, or other laws.

When the department determines that a forest fire was started in the course of or as a result of a participating landowner operation, it shall notify the forest fire advisory board of such determination. Such determination shall be final, unless, within ninety days of such notification, the forest fire advisory board or any interested party, serves a request for a hearing before the department. Such hearing shall constitute a contested case under chapter 34.04 RCW and any appeal therefrom shall be to the superior court of Thurston county.

[House Bill No. 1249]

NURSING HOMES—AUDIT AND COST REIMBURSEMENT SYSTEM—
INFLATION ADJUSTMENT REMOVED

AN ACT Relating to social and health services; amending section 1, chapter 2, Laws of 1981 1st ex. sess. as last amended by section 2, chapter 19, Laws of 1982 1st ex. sess. and RCW 74.09.610; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 1, chapter 2, Laws of 1981 1st ex. sess. as last amended by section 2, chapter 19, Laws of 1982 1st ex. sess. and RCW 74.09.610 are each amended to read as follows:

(1) The nursing home auditing and cost reimbursement system of the department of social and health services shall be governed by this section until implementation of chapter 74.46 RCW. The department shall reimburse nursing homes on the basis of the following cost centers: Patient care, food, administration and operations, and property.

(2) (a) For rate setting purposes for fiscal year 1982, the department shall reimburse the patient care cost center at the January 1, 1981, reimbursement rate, as adjusted for inflation.

(b) For rate setting purposes in fiscal year 1983, this subsection (2)(b) applies.

(i) There shall be established by the department a redistribution pool consisting of overpayments to contractors for 1981 indicated by proposed settlements for 1981, less one million dollars.

(ii) If a contractor's patient care cost center rate for 1981 is greater than or equal to the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the patient care cost center at the desk reviewed 1981 patient care costs plus any patient care funds shifted to other cost centers pursuant to subsection (8) of this section(~~(, as adjusted for inflation)~~).

(iii) If the contractor's 1981 patient cost center rate is less than the contractor's desk reviewed 1981 patient care costs, the department shall reimburse the contractor's patient care cost at the January 1, 1982, reimbursement rate less one and one half percent(~~(, as adjusted for inflation,)~~) plus an allowance from the redistribution pool. The allowance for a contractor shall not exceed the contractor's patient care costs, as adjusted for inflation, and the total of allowances distributed shall not exceed the redistribution pool under subsection (2)(b)(i) of this section. If the funds contained in the redistribution pool exceed or are equal to the total amount by which contractors were underfunded in the patient care cost center, each contractor's allowance will be equal to the amount by which the contractor was underfunded. If the funds contained in the redistribution pool are less

than the total amount by which contractors were underfunded in the patient care cost center, each contractor will receive an allowance which shall be a percentage of the amount by which the contractor was underfunded. The percentage shall be determined by dividing the amount of the pool by the total amount of underfunding.

(c) In addition, the reimbursement shall be enhanced by three million dollars for the first year of the biennium and by one million four hundred thousand dollars for the second year of the biennium. These enhancements shall be apportioned among the nursing homes proportionately based on the patient care cost center for each nursing home.

(d) For the purpose of nursing assistant certification, the department shall reimburse at a rate of thirty cents for each medicaid patient day for the first year of the biennium. This is in addition to the January 1, 1981, reimbursement rate.

(e) Effective July 1, 1982, the patient care cost center reimbursement rate shall be adjusted as follows:

(i) As used in (ii) of this subsection, patient care consultation refers to medical director, patient activities, physical therapy, speech therapy, occupational therapy, and other therapy consultation.

(ii) The department shall determine the average expense weighted by patient days for patient care consultation taken from the most recently completed cost reports.

In determining the patient care cost to be used for rate setting pursuant to subsections (2)(b)(ii) and (iii) of this section, the department shall not include any cost in excess of the average cost determined under (ii) of this subsection.

(3) Reimbursement for the food cost center shall be at the January 1, 1981, reimbursement rate, adjusted for inflation.

(4) The administration and operations cost center consists of two components:

(a) (i) For rate setting purposes for fiscal year 1982, the wages for all employees, other than nursing service personnel and administrators and assistant administrators, shall be reimbursed at the January 1, 1981, rate as adjusted for inflation.

(ii) For rate setting purposes for fiscal year 1983:

(A) If the contractor's administration and operations wage component rate for 1981 is greater than or equal to the contractor's desk reviewed 1981 administration and operations wage costs, the department shall reimburse the contractor's administration and operations wage component at the desk reviewed 1981 administration and operations wage component costs ((~~as adjusted for inflation~~)).

(B) If the contractor's administration and operations wage component rate for 1981 is less than the contractor's desk reviewed 1981 administration and operations wage costs, the department shall reimburse the contractor's

administration and operations wage component at the January 1, 1981, reimbursement rate (~~(as adjusted for inflation;)~~) except that, after distribution of the redistribution pool to contractors underfunded in the patient care cost center pursuant to subsection (2)(b)(iii) of this section, any funds remaining will be distributed to contractors with rates below cost in proportion to the underfunding in this component. This distribution shall not exceed the total of underfunded cost in this component.

(b) Reimbursement for administration and operations, including all items not specified in subsections (2), (3), (4)(a), (5), and (6) of this section, shall not exceed the eighty-fifth percentile of the costs of all reporting facilities, not including any funds shifted pursuant to subsection (8) of this section(~~(, as adjusted for inflation;)~~) except that the nursing home facilities may be grouped by factors, other than ownership or legal organizational characteristics, which could reasonably influence cost requirements for administration and operations. Effective July 1, 1982, the administration and operations cost center reimbursement rate shall be adjusted as follows:

(i) As used in (ii) and (iii) of this subsection, administration and operations consultation expense refers to dietary and medical record consultant fees.

(ii) The department shall determine the average expense weighted by patient days for administration and operations consultation expense taken from the most recent completed cost report.

(iii) Reimbursement for administration and operations consultation shall be the lesser of the average expense as determined under (ii) of this subsection or the individual facility's costs for administration and operations consultation expenses taken from the most recent completed cost report(~~(, as adjusted for inflation;)~~). This adjustment applies only to the July 1, 1982, through July 1, 1983, reimbursement period.

(5) The return on net invested equity for each facility shall be determined by utilizing medicare rules and regulations.

(6) Property cost center reimbursement for both leased and owner-operated facilities shall not exceed the predicted cost plus one standard deviation of the necessary and ordinary costs of depreciation, and interest, of owner-operated facilities utilizing a multiple regression formula developed by the department of social and health services, recognizing factors which may be significant, including location, age, and type of facility. Rental costs of leased facilities other than those operating as intermediate care facilities for the mentally retarded, and depreciation and interest costs of owner-operated facilities, for leases or mortgages entered into prior to July 1, 1979, shall be reimbursed to the extent they do not exceed the reimbursement rate payable for the property cost center as of June 30, 1979, or July 1, 1979, whichever is higher, adjusted to meet any discrepancies as determined by the federal government between the reimbursements made and the approved state medicaid plan, and adjusted for any approved capitalized additions or

replacements, except that any leased facility which has operated as an intermediate care facility for the mentally retarded prior to July 1, 1979, shall be reimbursed to the extent that the property costs exceed the upper limit of the multiple regression formula.

(7) The patient personal needs allowance limitation shall be thirty-three dollars and fifty cents.

(8) For settlement purposes only, for calendar years 1981, 1982, and 1983, a nursing home may shift among cost centers an amount not greater than twenty percent of the reimbursement rate of the cost center into which the shift is being made. Shifts may be made among the cost centers. However, shifts may not be made into the property cost center. The department shall monitor on a random basis the extent and patterns of shifting between cost centers authorized by this section. The department shall report to the legislature on its findings required by this section prior to July 15th of each year.

(9) Audits shall be conducted by the department and settlements shall be calculated by cost center only.

(10) The department may adjust reimbursement rates to reflect required increases in staffing levels and capital improvements.

(11) Any reference in this section to a January 1, 1981, reimbursement rate includes any adjustment resulting from a rate appeal and its final resolution, but shall not include any adjustment resulting from litigation on reimbursement rates prior to June 30, 1981, or the procedures by which they were established.

(12) References in this section to adjustments for inflation mean adjustments of 5.0 percent for rates effective July 1, 1981, through December 31, 1981((;)), and 4.25 percent for rates effective January 1, 1982, through June 30, 1982(~~(; 1.625 percent for rates effective July 1, 1982, through December 31, 1982, and 1.625 percent for rates effective January 1, 1983, through June 30, 1983)~~).

CHAPTER 4

[House Bill No. 1245]

TIMBER TAX—TIMBER HARVESTED ON PUBLIC LANDS

AN ACT Relating to equalization of timber taxes on public and private property; amending section 3, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.030; amending section 1, chapter 347, Laws of 1977 ex. sess. as last amended by section 1, chapter 148, Laws of 1981 and RCW 84.33.071; amending section 1, chapter 146, Laws of 1981 and RCW 84-33.073; creating a new section; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 3, chapter 294, Laws of 1971 ex. sess. and RCW 84.33.030 are each amended to read as follows:

For purposes of this chapter:

(1) "Timber county" means any county within which timber is located.

(2) "Timber" means forest trees, standing or down, on privately or publicly owned land, and except as provided in RCW 84.33.170 includes Christmas trees.

Sec. 2. Section 1, chapter 347, Laws of 1977 ex. sess. as last amended by section 1, chapter 148, Laws of 1981 and RCW 84.33.071 are each amended to read as follows:

(1) Upon every person engaging within this state in business as a harvester of timber; as to such persons the amount of tax imposed with respect to such business shall be equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by the appropriate rate as follows:

For timber harvested between October 1, 1974 and June 30, 1983, inclusive, six and one-half percent.

(2) For purposes of this section:

(a) "Harvester" means every person who from his own (~~privately owned~~) land or from the (~~privately owned~~) land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services fells, cuts or takes timber for sale or for commercial or industrial use. It does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(b) "Timber" means forest trees, standing or down, on privately or publicly owned land, and except as provided in RCW 84.33.170 includes Christmas trees.

(c) "Stumpage value of timber" means the appropriate stumpage value shown on tables to be prepared by the department of revenue pursuant to subsection (3) of this section.

(d) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) The department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or sub-classification of timber within such units, which values shall be the amount

that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax. The preliminary area designations and stumpage value tables and any revisions thereof shall be subject to review by the ways and means committees of the house and senate prior to finalization. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax account A and a state timber tax reserve account in the state general fund and any interest earned on the investment of cash balances shall be deposited in these accounts. The revenues from the tax imposed by subsection (1) of this section on timber harvested from privately owned land shall be deposited in state timber tax account A and state timber tax reserve account as follows:

YEAR OF COLLECTION	ACCOUNT A	RESERVE ACCOUNT
1973 and thereafter	100%	0%

The revenues from the tax imposed by subsection (1) of this section on timber harvested from publicly owned land shall be deposited in the state general fund.

(6) The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or before

the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

(7) The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and ~~((82.04.490))~~ 82.32.045 shall not apply to the taxes imposed by this section.

(8) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due.

Sec. 3. Section 1, chapter 146, Laws of 1981 and RCW 84.33.073 are each amended to read as follows:

As used in RCW 84.33.073 and 84.33.074, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Small harvester" means every person who from his own (~~(privately owned)~~) land or from the (~~(privately owned)~~) land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use in an amount not exceeding five hundred thousand board feet in a calendar quarter and not exceeding one million board feet in a calendar year. For purposes of this section, the term "person" means an individual, association, corporation, club, trust, estate, society, company, joint stock company, receiver, trustee, assignee, referee, or any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of individuals. "Person" does not mean any department, commission, agency, or instrumentality of the state, or any county or municipality or any agency or instrumentality thereof, except for retail outlets of the state liquor control board.

NEW SECTION. Sec. 8. Any person licensed as provided in this chapter is hereby authorized and empowered to act as a lottery sales agent.

NEW SECTION. Sec. 9. The director may deny an application for, or suspend or revoke, after notice and hearing, any license issued pursuant to this chapter. Such license may, however, be temporarily suspended by the director without prior notice, pending any prosecution, investigation, or hearing. A license may be suspended or revoked or an application may be denied by the director for one or more of the following reasons:

(1) Failure to account for lottery tickets received or the proceeds of the sale of lottery tickets or to file a bond if required by the director or to comply with the instructions of the director concerning the licensed activity;

(2) For any of the reasons or grounds stated in RCW 9.46.075 or violation of this chapter or the rules of the commission;

(3) Failure to file any return or report or to keep records or to pay any tax required by this chapter;

(6) A material change, since issuance of the license with respect to any matters required to be considered by the director under section 7 of this act.

For the purpose of reviewing any application for a license and for considering the denial, suspension, or revocation of any license the director may consider any prior criminal conduct of the applicant or licensee and the provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases.

The commission and the director shall be discharged of all further liability upon payment of a prize pursuant to this section.

NEW SECTION. Sec. 11. A person shall not sell a ticket or share at a price greater than that fixed by rule of the commission. No person other

than a licensed lottery sales agent shall sell lottery tickets, except that nothing in this section prevents any person from giving lottery tickets or shares to another as a gift.

NEW SECTION. Sec. 12. A ticket or share shall not be sold to any person under the age of eighteen, but this shall not be deemed to prohibit the purchase of a ticket or share for the purpose of making a gift by a person eighteen years of age or older to a person less than that age. Any licensee who knowingly sells or offers to sell a lottery ticket or share to any person under the age of eighteen is guilty of a misdemeanor. In the event that a person under the age of eighteen years directly purchases a ticket in violation of this section, no prize will be paid to such person and the prize money otherwise payable on the ticket will be treated as unclaimed pursuant to section 19 of this act.

NEW SECTION. Sec. 13. A person shall not alter or forge a lottery ticket. A person shall not claim a lottery prize or share of a lottery prize by means of fraud, deceit, or misrepresentation. A person shall not conspire, aid, abet, or agree to aid another person or persons to claim a lottery prize or share of a lottery prize by means of fraud, deceit, or misrepresentation.

A violation of this section is a felony.

NEW SECTION. Sec. 14. Any person who conducts any activity for which a license is required by this chapter, or by rule of the commission, without the required license, is guilty of a felony. If any corporation conducts any activity for which a license is required by this chapter, or by rule of the commission, without the required license, it may be punished by forfeiture of its corporate charter, in addition to the other penalties set forth in this section.

NEW SECTION. Sec. 15. Whoever, in any application for a license or in any book or record required to be maintained or in any report required to be submitted, makes any false or misleading statement, or makes any false or misleading entry or wilfully fails to maintain or make any entry required to be maintained or made, or who wilfully refuses to produce for inspection any book, record, or document required to be maintained or made by federal or state law is guilty of a gross misdemeanor.

NEW SECTION. Sec. 16. Any person who violates any provision of this chapter for which no penalty is otherwise provided, or knowingly causes, aids, abets, or conspires with another to cause any person to violate any provision of this chapter is guilty of a class C felony, except where other penalties are specifically provided for in this chapter.

NEW SECTION. Sec. 17. Any person who violates any rule adopted pursuant to this chapter for which no penalty is otherwise provided, or knowingly causes, aids, abets, or conspires with another to cause any person

to violate any rule adopted pursuant to this chapter is guilty of a gross misdemeanor, except where other penalties are specifically provided for in this chapter.

NEW SECTION. Sec. 18. A ticket or share shall not be purchased by, and a prize shall not be paid to any member or employee of the commission or to any spouse, child, brother, sister, or parent residing as a member of the same household in the principal place of abode of any member or employee of the commission.

A violation of this section is a misdemeanor.

NEW SECTION. Sec. 19. Unclaimed prizes shall be retained in the state lottery fund for the person entitled thereto for one hundred eighty days after the drawing in which the prize is won. If no claim is made for the prize within this time, the prize shall be retained in the state lottery fund for further use as prizes and all rights to the prize shall be extinguished.

NEW SECTION. Sec. 20. The director, in his discretion, may require any or all lottery sales agents to deposit to the credit of the state lottery fund in banks designated by the state treasurer, all moneys received by such agents from the sale of lottery tickets or shares, less the amount, if any, retained as compensation for the sale of the tickets or shares, and to file with the director or his designated agents, reports of their receipts and transactions in the sale of lottery tickets in such form and containing such information as he may require. The director may make such arrangements for any person, including a bank, to perform such functions, activities, or services in connection with the operation of the lottery as he or she may deem advisable pursuant to this chapter and the rules of the commission, and such functions, activities, or services shall constitute lawful functions, activities, and services of such person.

NEW SECTION. Sec. 21. No other law, including chapter 9.46 RCW, providing any penalty or disability for the sale of lottery tickets or any acts done in connection with a lottery applies to the sale of tickets or shares performed pursuant to this chapter.

NEW SECTION. Sec. 22. If the person entitled to a prize is under the age of eighteen years, and such prize is less than five thousand dollars, the director may direct payment of the prize by delivery to an adult member of the minor's family or a guardian of the minor of a check or draft payable to the order of such minor. If the person entitled to a prize is under the age of eighteen years, and such prize is five thousand dollars or more, the director may direct payment to such minor by depositing the amount of the prize in any bank to the credit of an adult member of the minor's family or a guardian of the minor as custodian for such minor. The person so named as custodian shall have the same duties and powers as a person designated as a custodian in a manner prescribed by the Washington uniform gifts to minors act, chapter 21.24 RCW, and for the purposes of this section the terms

"adult member of a minor's family," "guardian of a minor," and "bank" shall have the same meaning as in chapter 21.24 RCW. The commission and the director shall be discharged of all further liability upon payment of a prize to a minor pursuant to this section.

NEW SECTION. Sec. 23. There is hereby created and established a separate fund, to be known as the state lottery fund. Such fund shall be managed, maintained, and controlled by the commission and shall consist of all revenues received from the sale of lottery tickets or shares, and all other moneys credited or transferred thereto from any other fund or source pursuant to law. The fund shall be a separate fund outside the state treasury. No appropriation is required to permit expenditures and payment of obligations from the fund.

NEW SECTION. Sec. 24. Such revolving fund shall be managed, controlled, and maintained by the director and shall be a separate and independent fund outside the state treasury. No appropriation is required to permit expenditures and payment of obligations from the fund.

NEW SECTION. Sec. 27. Each member of the commission shall receive compensation of one hundred dollars per day for each day actually spent in the performance of duties, and actual necessary traveling and other expenses in going to, attending, and returning from meetings of the commission, and actual and necessary traveling and other expenses incurred in

the discharge of such duties as may be requested by a majority vote of the commission or by the director.

CHAPTER 10

[Senate Bill No. 5015]

INSURANCE PREMIUM TAX—INCREASED

AN ACT Relating to insurance premium tax; amending section .14.02, chapter 79, Laws of 1947 as last amended by section 15, chapter 35, Laws of 1982 1st ex. sess. and RCW 48.14.020; creating a new section; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section .14.02, chapter 79, Laws of 1947 as last amended by section 15, chapter 35, Laws of 1982 1st ex. sess. and RCW 48.14.020 are each amended to read as follows:

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (2) of this section, such tax shall be in the amount of two and sixteen one-hundredths percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer during the preceding calendar year in the case of foreign and alien insurers, and in the

amount of one and sixteen one-hundredths percent of all such premiums in the case of domestic insurers, for direct insurances, other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two and sixteen one-hundredths percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(3) From and after the first day of April, 1982, until and including the thirtieth day of June, 1983, an additional tax is imposed equal to the rate specified in (~~(section 31 of this 1982 act)~~) RCW 82.02.... (section 31, chapter 35, Laws of 1982 1st ex. sess.) multiplied by the taxes payable under subsections (1) and (2) of this section. All revenues from this additional tax shall be deposited in the state general fund.

(4) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of (~~(three-quarters)~~) ninety-one one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their agents, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or their agents.

(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

(7) This section shall be effective as to and shall govern the payment of all taxes (~~(falling due after the effective date of this code)~~) due for calendar year 1982 and thereafter.

NEW SECTION. Sec. 2. The additional premium tax payments required by the amendment of RCW 48.14.020 by section 1 of this act shall be paid to the state treasurer through the insurance commissioner's office on March 1, 1983. Thereafter the prepayment schedule provided by RCW 48.14.025 shall apply.

[Senate Bill No. 5033]

GOVERNOR—ALLOTMENT REDUCTIONS

AN ACT Relating to budget and accounting; amending section 43.88.110, chapter 8, Laws of 1965 as last amended by section 5, chapter 270, Laws of 1981 and RCW 43.88.110; amending section 7, chapter 270, Laws of 1981 and RCW 43.88.112; adding a new section to chapter 43.88 RCW; repealing section 1, chapter 263, Laws of 1971 ex. sess., section 7, chapter 293, Laws of 1975 1st ex. sess. and RCW 43.88.115; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Section 1. Section 43.88.110, chapter 8, Laws of 1965 as last amended by section 5, chapter 270, Laws of 1981 and RCW 43.88.110 are each amended to read as follows:

Subdivisions (1) (~~and (2)~~) through (4) of this section set forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds. Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(1) Before the beginning of the fiscal period, all agencies shall submit to the governor a statement of proposed agency expenditures at such times and in such form as may be required by the governor. The statement of proposed expenditures shall show, among other things, the requested allotments of public funds for the ensuing fiscal period for the agency concerned on a monthly basis for the entire fiscal period. The governor shall review the requested allotments in the light of the agency's plan of work and, with the advice of the director of financial management, the governor may revise or alter agency allotments: **PROVIDED**, That revision of allotments shall not be made for agencies headed by elective officials pursuant to this subsection. The aggregate of the allotments for an appropriation shall not exceed the total appropriation.

(2) Except for (~~agencies headed by elective officials~~) the legislative and judicial branches of government, approved allotments may be revised during the course of the fiscal period in accordance with the regulations issued pursuant to this chapter. If at any time during the fiscal period the governor shall ascertain that available revenues for the applicable period will be less than the respective appropriations, the governor shall revise the

allotments concerned so as to prevent the making of expenditures in excess of available revenues. To the same end, ~~((and with the exception stated in this section for allotments involving agencies headed by elective officials;))~~ the governor is authorized to withhold and to assign to, and to remove from, a reserve status any portion of an agency appropriation which in the governor's discretion is not needed for the allotment.

No expenditures shall be made from any portion of an appropriation which has been assigned to a reserve status except as provided in this section.

(3) Except as provided in section 3 of this act, for any allotment reduction necessary following adjournment sine die of the 1982 2nd ex. sess. of the legislature based upon the June 1982 office of financial management revenue forecast the governor shall be limited to a uniform percentage allotment reduction: PROVIDED, That the allotments to the superintendent of public instruction for support of state-wide programs shall not be reduced. The provisions of this subsection expire on October 1, 1982.

(4) Except as provided in subsection (3) of this section, the percentage of each agency's allotment assigned to a reserve status under subsection (2) of this section and RCW 43.88.112 may vary among agencies. As a result of any official office of financial management revenue forecast on or after July 30, 1982, for any allotment reduction, the maximum percentage reduction shall not exceed five percent for any given agency's biennial appropriation: PROVIDED, That the allotment reduction to the superintendent of public instruction for support of state-wide programs shall not exceed one percent of the biennial appropriation. If the percentage reduction for a particular agency is less than the maximum reduction applied to other agencies, the governor must declare an emergent need for the variance. The governor's declaration shall be based on one or more of the following reasons, and shall so state:

(a) The protection of public health and safety;

(b) The satisfaction of a constitutional requirement;

(c) The avoidance of a loss of revenue or the protection of a revenue source;

(d) The protection of basic education as provided in RCW 43.88.112.

The declaration shall be transmitted to the committees on ways and means of the senate and house of representatives twenty days prior to the effective date of the declaration. The declaration shall be considered ratified by the legislature unless changed by statute.

The provisions of this subsection expire December 31, 1982.

(5) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. The

director of financial management shall monitor agency expenditures to prevent spending patterns which inflate agency expenditures during the second year of a biennium.

~~((4))~~ (6) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees.

Sec. 2. Section 7, chapter 270, Laws of 1981 and RCW 43.88.112 are each amended to read as follows:

If at any time during the fiscal period the governor ascertains that available revenues for the applicable period will be less than the respective appropriations, the governor shall revise the allotments for the total funds which are appropriated to the superintendent of public instruction for support of state-wide programs and which ultimately will be distributed to local school districts so as to prevent the making of expenditures in excess of available revenues, but the governor shall not revise the allotments for the superintendent of public instruction for support of state-wide programs by an amount which would result in less than ample provision for the basic education of the children of the state.

NEW SECTION, Sec. 3. There is added to chapter 43.88 RCW a new section to read as follows:

(1) The governor shall order the reduction of allotments of appropriations for executive branch agencies, including those headed by elective officials, except for the superintendent of public instructions' allotments for support of state-wide programs and for the legislative and judicial branches of government, so that the total of the state general fund allotments for those agencies shall be twenty million dollars less than the total of the appropriations for those agencies. The allotment reductions shall be distributed among the agencies by measures which in the governor's judgment enhance the efficiency and productivity of state government, including but not limited to the following:

- (a) Cost-savings measures;
- (b) Cost-avoidance measures;
- (c) Improved management systems; and
- (d) Program and personnel reorganizations.

(2) The portion of any appropriation not needed for an allotment as reduced under this section shall lapse. The allotment reductions made under this section are in addition to any allotment reductions which may be made under RCW 43.88.110.

(3) Notwithstanding the provisions of RCW 41.06.150 and rules promulgated thereunder, to carry out the provisions of this section the governor shall have the authority to implement:

- (a) Leave without pay;
- (b) Reduced workweek;
- (c) Reduced workday;

**PROPOSED CONSTITUTIONAL AMENDMENT ADOPTED AT
THE 1982 FIRST
EXTRAORDINARY SESSION FOR SUBMISSION TO THE
VOTERS
AT THE STATE GENERAL ELECTION, NOVEMBER 1982
SUBSTITUTE SENATE JOINT RESOLUTION NO. 143**

**BE IT RESOLVED, BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE
STATE OF WASHINGTON, IN LEGISLATIVE SESSION ASSEMBLED:**

THAT, At the next general election to be held in this state there shall be submitted to the qualified voters of the state for their approval and ratification, or rejection, an amendment to Article VII of the state Constitution by adding a new section to read as follows:

Article VII, section Notwithstanding any provision of this Constitution, the legislature may by general law authorize the legislative authority of any county, city, or town to create boundaries in urban areas, within its jurisdiction, containing only that real property which is determined will be increased in true and fair value by reason of specified public improvements to redevelop areas within those boundaries, and may provide that all or a portion of the ad valorem taxes levied within those boundaries against increases in the true and fair value of such real property may be used to pay for the specified public improvements or to pay public obligations incurred to fund the specified public improvements. Public obligations incurred for these public improvements and payable solely from revenues from these public improvements and such ad valorem taxes levied against the increases in real property value shall not constitute general indebtedness.

For the purposes of this section, "ad valorem taxes" means:

- (1) Ad valorem taxes subject to the aggregate limitation on tax levies by the state and all taxing districts in section 2 of this Article; and**
- (2) Ad valorem taxes levied by port districts and public utility districts, except for ad valorem taxes levied specifically for the purpose of making required payments of principal and interest on general indebtedness.**

Nothing in this section authorizes the provision of public improvements which counties, cities, and towns may not otherwise provide.

Nothing in this section authorizes a county, city, or town to exercise powers of eminent domain contrary to the provisions of Article I, section 16.

Nothing in this section authorizes a county, city, or town to pledge all or part of its full faith and credit or any other tax revenues without complying with the laws relating to the incurring of general indebtedness, including Article VIII, section 1 and Article VIII, section 6, or to aggregate tax levies in excess of the limitation on levies in section 2 of this Article: PROVIDED,

SSJR 143 PROPOSED CONSTITUTIONAL AMENDMENT

That no bonds that constitute general indebtedness and which use the funding mechanism contained in this section shall be issued to fund all or a portion of such specified public improvements unless a public hearing on the issue of such bonds is held prior to the time boundaries are created pursuant to this section. The notice for such a public hearing shall include: (1) A statement that the county, city, or town must pledge its full faith and credit toward the payment of any general indebtedness which uses the funding mechanism contained in the section; (2) A statement that in the absence of sufficient revenues under this funding mechanism, the debt service must be made from then existing taxes or other revenues, which may result in an increase in taxes or reduction in existing programs; and (3) An estimate of the dollar amount of debt service on such bonds per year, and an estimate of the total principal and interest payments required for the full term of the bonds. The use of the funding mechanism contained in this section to pay principal and interest on general indebtedness, which is not required to be approved by the voters pursuant to Article VIII, section 6, shall be subject to potential referendum approval by simple majority vote of the voters of the county, city, or town.

After the initial adoption of a law by the legislature authorizing the use of ad valorem taxes levied against increases in the true and fair value of real property to finance specified public improvements, no amendment to such act which expands the nature of the areas within which ad valorem taxes levied against increases in the true and fair value of real property may be used to finance specified public improvements, or adds to the purposes and types of public improvements that may be financed with such revenues, or reduces the requirements which must be met if public obligations are incurred to fund the specified public improvements, shall be valid unless the amendment is enacted by a favorable vote of three-fifths of the members elected to each house of the legislature and is subject to referendum petition.

BE IT FURTHER RESOLVED, That the secretary of state shall cause notice of the foregoing constitutional amendment to be published at least four times during the four weeks next preceding the election in every legal newspaper in the state.

Passed the Senate April 6, 1982.

Passed the House April 5, 1982.

Filed in Office of Secretary of State April 8, 1982.
