The document, which may be a card designed to be carried on the person, must be signed by the donor in the presence of two witnesses who must sign the document in his presence. If the donor cannot sign, the document may be signed for him at his direction and in his presence in the presence of two witnesses who must sign the document in his presence. Delivery of the document of gift during the donor's lifetime is not necessary to make the gift valid.

(3) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, the attending physician upon or following death, in the absence of any expressed indication that the donor desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate in the procedures for removing or transplanting a part.

(5) Any gift by a person designated in RCW 68.08.510(2), shall be made by a document signed by him or made by his telegraphic, recorded telephonic, or other recorded message. [1969 c 80 § 5.]

68.08.540 Delivery of will, card or other document to specified donee. If the gift is made by the donor to a specified donee, the will, card, or other document, or an executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death. Delivery is not necessary to the validity of the gift. The will, card, or other document, or an executed copy thereof, may be deposited in any hospital, bank or storage facility or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination. [1969 c 80 § 6.]

68.08.550 Amendment or revocation of gift. (1) If the will, card, or other document or executed copy thereof, has been delivered to a specified donee, the donor may amend or revoke the gift by:

(a) the execution and delivery to the donee of a signed statement;

(b) an oral statement made in the presence of two persons and communicated to the donee;

(c) a statement during a terminal illness or injury addressed to an attending physician and communicated to the donee;

(d) a signed card or document found on his person or in his effects.

(2) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection (1) above, or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

(3) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subsection (1) above. [1969 c 80 § 7.]

68.08.560 Acceptance or rejection of gift—Time of death—Liability for damages. (1) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, he may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body.
(2) The time of death shall be determined by a physician who tends the donor at his death, or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting a part.

(3) A person who acts in good faith in accord with the terms of RCW 68.08.500 through 68.08.610 or with the anatomical gift laws of another state (or a foreign country) is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act.

(4) The provisions of RCW 68.08.500 through 68.08.610 are subject to the laws of this state prescribing powers and duties with respect to autopsies. [1969 c 80 § 8.]

68.08.600 Uniformity. RCW 68.08.500 through 68.08.610 shall be so construed as to effectuate its general purpose to make uniform the law of those states which enact it. [1969 c 80 § 9.]

68.08.610 Short title. RCW 68.08.500 through 68.08.610 may be cited as the "Uniform Anatomical Gift Act". [1969 c 80 § 11.]

If the board finds in favor of the formation of the district, it shall designate the name and number of the district, fix the boundaries thereof, and cause an election to be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this chapter, and for the purpose of electing its first cemetery district commissioners. The board shall, prior to calling the said election, name three registered resident electors who are property owners or are purchasing property under contract within the boundaries of the district as candidates for election as cemetery district commissioners. The canvassing officials, upon conclusion of the canvass, shall forthwith certify the results thereof in writing to the board of county commissioners. If upon examination of the certificate of the canvassing officials it is found that two-thirds of all the votes cast at said election were in favor of the formation of the cemetery district, the board of county commissioners shall, by resolution entered upon its minutes, declare such territory duly organized as a cemetery district under the name theretofore designated and shall declare the three candidates receiving the highest number of votes for cemetery commissioners, the duly elected first cemetery commissioners of the district. The clerk of the board of county commissioners shall certify a copy of the resolution and cause it to be filed for record in the offices of the county auditor and the county assessor of the
counties. The certificate copy shall be entitled to record without payment of a recording fee. If the certificate of
the canvassing officials shows that the proposition to
organize the proposed cemetery district failed to receive
two-thirds of the votes cast at said election, the board of
county commissioners shall enter a minute to that
effect and all proceedings theretofore had shall become
null and void. [1947 c 6 § 9; Rem. Supp. 1947 §

in the same manner as provided by law for appeals
from orders of said board. After the expiration of five
days from the date of the resolution declaring the dis-

thereof in the offices of the county auditor and county
assessor, the formation of the district shall be complete
and its legal existence shall not thereafter be questioned
by any person by reason of any defect in the proceed-

Merger—Petition—Rejection, concurrence or modification—Signatures. The board of the merger district may, by resolution, reject the petition, or it may concur therein as presented, or it may modify the terms and conditions of the proposed merger, and shall transmit the petition, together with a copy of its resolution thereon to the merging district. If the petition is concurred in as presented or as modified, the board of the merging district shall forthwith present the petition to the auditor of the county in which the merging district is situated, who shall within thirty days examine the signatures thereon and certify to the sufficiency or insufficiency thereof, and for that purpose he shall have access to all registration books and records in the possession of the registration officers of the election precincts included, in whole or in part, within the merging district. Such books and records shall be prima facie evidence of truth of the certificate. No signatures may be withdrawn from the petition after the filing. [1969 ex.s. c 78 § 4.]

68.18.020 Merger—Authorized. A cemetery district organized under chapter 68.16 RCW may merge with another such district lying adjacent thereto, upon such terms and conditions as they agree upon, in the manner hereinafter provided. The district desiring to merge with another district shall hereinafter be called the 'merging district', and the district into which the merger is to be made shall be called the 'merger district'. [1969 ex.s. c 78 § 2.]

68.18.030 Merger—Petition—Procedure—Contents. To effect such a merger, a petition therefor shall be filed with the board of the merger district by the commissioners of the merging district. The commissioners of the merging district may sign and file the petition upon their own initiative, and they shall file such a petition when it is signed by fifteen percent of the qualified registered electors residing within the territory proposed to be annexed, and shall assume, if any, to place the taxpayers of the existing district on a fair and equitable relationship with the taxpayers of the territory to be annexed by reason of the benefits of coming into a going district previously supported by the taxpayers of the existing district, and such obligation may be paid to the district in yearly installments to be fixed by the county board if within the limits as outlined in RCW 68.18.230 and included in the annual tax levies against the property in such annexed territory until fully paid. The amount of the obligation and the plan of payment thereof filed by the county board shall be set out in general terms in the notice of election for annexation: Provided, That the special election shall be held only within the boundaries of the territory proposed to be annexed to said cemetery district. Upon the entry of the order of the board of county commissioners incorporating such contiguous territory within such existing cemetery district, said territory shall become subject to the indebtedness, bonded or otherwise, of said existing district in like manner as the territory of said district. Should such petition be signed by sixty percent of the qualified registered electors residing within the territory proposed to be annexed, and should the cemetery commissioners concur therein, an election in such territory and a hearing on such petition shall be dispensed with and the board of county commissioners shall enter its order incorporating such territory within the said existing cemetery district. [1969 ex.s. c 78 § 1.]

68.18.040 Merger—Petition—Modification—Signatures. If three-fifths of the votes cast at the election favor the merger, the respective district boards shall adopt concurrent resolutions, declaring the districts merged, under the name of the merger district. Thereupon the districts are merged into one district, under the name of the merger district; the merging district is dissolved without further proceedings; and the boundaries of the merger district are thereby extended to include all the area of the merging district. Thereafter the legal existence cannot be questioned by any person by reason of any defect in the proceedings had for the merger. [1969 ex.s. c 78 § 6.]

68.18.050 Merger—Petition—Special election. If the auditor finds that the petition contains the signatures of a sufficient number of qualified electors, he shall return it, together with his certificate of sufficiency attached thereto, to the board of the merging district. Thereupon such board shall adopt a resolution, calling a special election in the merging district, at which shall be submitted to the electors thereof, the question of the merger. [1969 ex.s. c 78 § 5.]

68.18.060 Merger—Petition—Election—Vote required—Merger effected. The board of the merging district shall notify the board of the merger district of the results of the election. If three-fifths of the votes cast at the election favor the merger, the respective district boards shall adopt concurrent resolutions, declaring the districts merged, under the name of the merger district. Thereupon the districts are merged into one district, under the name of the merger district; the merging district is dissolved without further proceedings; and the boundaries of the merger district are thereby extended to include all the area of the merging district. Thereafter the legal existence cannot be questioned by any person by reason of any defect in the proceedings had for the merger. [1969 ex.s. c 78 § 7.]

68.18.070 Merger—Petition—When election dispensed with. If three-fifths of all the qualified electors in the merging district sign the petition to merge, no election on the question of the merger is necessary. In such case the auditor shall return the petition, together with his certificate of sufficiency attached thereto, to the board of the merging district. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of merger in the same manner and to the same effect as if the merger had been authorized by an election. [1969 ex.s. c 78 § 7.]

68.18.080 Merger—Preexisting obligations. None of the obligations of the merged districts or of a local improvement district therein shall be affected by the merger and dissolution, and all land liable to be assessed to pay any of such indebtedness shall remain liable to the same extent as if the merger had not been made, and any assessments theretofore levied against

[Title 68—p 18]
the land shall remain unimpaired and shall be collected in the same manner as if no merger had been made. The commissioners of the merged district shall have all the powers possessed at the time of the merger by the commissioners of the two districts, to levy, assess and cause to be collected all assessments against any land in both districts which may be necessary to provide for the payment of the indebtedness thereof, and until the assessments are collected and all indebtedness of the districts paid, separate funds shall be maintained for each district as were maintained before the merger: Provided, That the board of the merged district may, with the consent of the creditors of the districts merged, cancel any or all assessments theretofore levied, in accordance with the terms and conditions of the merger, to the end that the lands in the respective districts shall bear their fair and proportionate share of such indebtedness. [1969 ex.s. c 78 § 8.]

68.18.090 Merger—Transfer of all property, funds, assessments. The commissioners of the merging district shall, forthwith upon completion of the merger, transfer, convey, and deliver to the merged district all property and funds of the merging district, together with all interest in and right to collect any assessments theretofore levied. [1969 ex.s. c 78 § 9.]

68.18.100 Merger and transfer of part of one district to adjacent district—Petition—Election—Vote. A part of one district may be transferred and merged with an adjacent district whenever such area can be better served by the merged district. To effect such a merger a petition, signed by not less than fifteen percent of the qualified electors residing in the area to be merged, shall be filed with the commissioners of the merging district. Such petition shall be promoted by one or more qualified electors within the area to be transferred. If the commissioners of the merging district act favorably upon the petition, then the petition shall be presented to the commissioners of the merged district. If the commissioners of the merger district act favorably upon the petition, an election shall be called in the area merged.

In the event that either board of cemetery commissioners should not concur with the petition, the petition may then be presented to a county review board established for such purposes, if there be no county review board for such purposes then to the state review board and if there be no state review board, then to the county commissioners of the county in which the area to be merged is situated, who shall decide if the area can be better served by such a merger; upon an affirmative decision an election shall be called in the area merged.

A majority of the votes cast shall be necessary to approve the transfer. [1969 ex.s. c 78 § 10.]

68.18.110 Merger and transfer of part of one district to adjacent district—When election dispensed with. If three-fifths of all the qualified electors in the area to be merged sign a petition to merge the districts, no election on the question of the merger is necessary, in which case the auditor shall return the petition, together with his certificate of sufficiency attached thereto, to the boards of the merging districts. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of transfer in the same manner and to the same effect as if the same had been authorized by an election. [1969 ex.s. c 78 § 11.]

68.18.120 Merger and transfer of part of one district to adjacent district—Preexisting indebtedness. When a part of one cemetery district is transferred to another as provided by RCW 68.18.100 and 68.18.110, said part shall be relieved of all liability for any indebtedness of the district from which it is withdrawn. However, the acquiring district shall pay to the losing district that portion of the latter's indebtedness for which the transferred part was liable. This amount shall not exceed the proportion that the assessed valuation of the transferred part bears to the assessed valuation of the whole district from which said part is withdrawn. The adjustment of such indebtedness shall be based on the assessment for the year in which the transfer is made. The boards of commissioners of the districts involved in the said transfer and merger shall enter into a contract for the payment by the acquiring district of the above-referred to indebtedness under such terms as they deem proper, provided such contract shall not impair the security of existing creditors. [1969 ex.s. c 78 § 12.]

68.32.020  Vested right of spouse. [1943 c 247 § 89; Rem. Supp. 1943 § 3778–89.]

68.32.030  Vested right—Termination. [1943 c 247 § 90; Rem. Supp. 1943 § 3778–90.]

68.32.040  Descent of title to plot. [1943 c 247 § 91; Rem. Supp. 1943 § 3778–91.]

Probate: Title 11 RCW.

[1943 c 247 § 98; Rem. Supp. 1943 § 3778–98.]

68.32.070  Joint tenants—Vested rights. In a conveyance to two or more persons as joint tenants each joint tenant has a vested right of interment in the plot conveyed. [1943 c 247 § 94; Rem. Supp. 1943 § 3778–94.]

68.32.140 Termination of vested right by waiver. A vested right of interment may be waived and is terminated upon the interment elsewhere of the remains of the person in whom vested. [1943 c 247 § 102; Rem. Supp. 1943 § 3778–102.]

68.32.150 Limitations on vested rights. No vested right of interment gives to any person the right to have his remains interred in any interment space in which the remains of any deceased person having a prior vested right of interment have been interred, nor does it give any person the right to have the remains of more than one deceased person interred in a single interment space in violation of the rules and regulations of the cemetery in which the interment space is located. If the director has reason to believe that any packaging method, package, or container in use or proposed for use with respect to the marketing of bacon is false or misleading in any particular, or does not meet the requirements of RCW 69.04.205, he may direct that such use be withheld until the packaging method, package, or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the packaging method, package, or container does not accept the determination of the director such person, firm, or corporation may request a hearing, but the use of the packaging method, package, or container shall, if the director so directs, be withheld pending hearing and final determination by the director. Any such determination by the director shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person, firm, or corporation adversely affected thereby appeals to a court of proper jurisdiction.

(1) If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance such food shall not be considered adulterated under this clause if the quantity of such substance in such food does not ordinarily render it injurious to health; or

(2) (a) If it bears or contains any added poisonous or added deleterious substance (other than one which is (i) a pesticide chemical in or on a raw agricultural commodity; (ii) a food additive, or (iii) a color additive) which is unsafe within the meaning of RCW 69.04.390, or (b) if it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of RCW 69.04.392, or (c) if it is, or it bears or contains, any food additive which is unsafe within the meaning of RCW 69.04.394: Provided, That where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under RCW 69.04.392 and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed food shall, notwithstanding the provisions of RCW 69.04.390 and 69.04.394, not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice and the concentration of such residue in the processed food when ready to eat is not greater than the tolerance prescribed for the raw agricultural commodity; or

(3) If it consists in whole or in part of any diseased, contaminated, filthy, putrid, or decomposed substance, or if it is otherwise unfit for food; or

(4) If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered diseased, unwholesome, or injurious to health; or

(5) If it is in whole or in part the product of a diseased animal or of an animal which has died otherwise than by slaughter or which has been fed on the uncooked offal from a slaughterhouse; or

(6) If its container is composed in whole or in part of any poisonous or deleterious substance which may render the contents injurious to health; or

(7) If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to RCW 69.04.394. [1963 c 198 § 1; 1945 c 257 § 39; Rem. Supp. 1945 § 6163–88. Prior: 1923 c 36 § 1; 1907 c 211 § 3; 1901 c 94 § 3.]

[1945 c 257 § 40; Rem. Supp. 1945 § 6163–89.]

69.04.231 Food—Adulteration by color additive. A food shall be deemed to be adulterated if it is, or it bears or contains a color additive which is unsafe within the meaning of RCW 69.04.396. [1963 c 198 § 5.]

A food shall be deemed to be adulterated if it is confectionery and it bears or contains any alcohol or nonnutritive article or substance except harmless coloring, harmless flavoring, harmless resins or glaze not in excess of four-tenths of one percent, natural gum, and pectin: Provided, That this section shall not apply to any confectionery by reason of its containing less than one-half of one percent by volume of alcohol derived solely from the use of flavoring extracts, or to any chewing gum by reason of its containing harmless nonnutritive masticatory substances. [1945 c 257 § 42; Rem. Supp. 1945 § 6163–91. Prior: 1923 c 36 § 1, part; 1907 c 211 § 3, part.]

[1945 c 257 § 43; Rem. Supp. 1945 § 6163–92. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

69.04.260 Packaged food—Misbranding. If a food is in package form, it shall be deemed to be misbranded, unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: Provided, That under clause (2) of this section reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations promulgated by the director. [1945 c 257 § 45; Rem. Supp. 1945 § 6163–94.]

69.04.280 Food—Misbranding for nonconformity with standard of identity. If a food purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by RCW 69.04.190, it shall be deemed to be misbranded unless (1) it conforms to such definition and standard, and (2) its label bears the name of the food specified in the definition and standard, and, insofar as may be required by such regulations, the common names of optional ingredients (other than spices, flavorings, and colorings) other than those sold as such, may be designated as spices, flavorings, and colorings without naming each: Provided, That, to the extent that compliance with the requirements of clause (2) of this section is impracticable, or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the director. [1945 c 257 § 49; Rem. Supp. 1945 § 6163–98.]

69.04.290 Food—Misbranding for nonconformity with standard of quality. If a food purports to be or is represented as a food for which a standard of quality has been prescribed by regulations as provided by RCW 69.04.190, and its quality falls below such standard, it shall be deemed to be misbranded unless its label bears in such manner and form as such regulations specify, a statement that it falls below such standard. [1945 c 257 § 47; Rem. Supp. 1945 § 6163–96.]

has been frozen at any time, without having the package or container in which the same is sold bear a label clearly discernible to a customer that such product has been frozen and whether or not the same has since been thawed. No such poultry or poultry product shall be sold unless in such a package or container bearing said label. [1969 ex.s. c 194 § 1.]

Washington wholesome poultry products act: Chapter 16.74 RCW.

69.04.334 Turkeys—Label requirement as to grading. No person shall advertise for sale, sell, offer for sale or hold for sale in intrastate commerce any turkey that does not bear a label. Such label shall be properly displayed on the package if such turkey is prepackaged, or attached to the turkey if not prepackaged. Such label shall, if the turkey has been graded, state the name of the governmental agency, whether federal or state, and the grade. No turkey which has been graded may be labeled as being ungraded. Any advertisement in any media concerning the sale of turkeys shall state or set forth whether a turkey is ungraded or graded and the specific grade if graded. [1969 ex.s. c 194 § 2.]

69.04.335 RCW 69.04.333 and 69.04.334 subject to enforcement and penalty provisions of chapter. [1945 c 257 § 52; Rem. Supp. 1945 § 6163-101.]

69.04.350 Permits to manufacture or process certain foods. Whenever the director finds after investigation that the distribution in intrastate commerce of any class of food may, by reason of contamination with microorganisms during the manufacture, processing, or packing thereof in any locality, be injurious to health, and that such injurious nature cannot be adequately determined after such articles have entered intrastate commerce, he then, and in such case only, shall promulgate regulations providing for the issuance, to manufacturers, processors, or packers of such class of food in such locality, of permits to which shall be attached such conditions governing the manufacture, processing, or packing of such class of food, for such temporary period of time, as may be necessary to protect the public health; and after the effective date of such regulations, and during such temporary period, no person shall introduce or deliver for introduction into intrastate commerce, any such food manufactured, processed, or packed by any such manufacturer, processor, or packer unless such manufacturer, processor, or packer holds a permit issued by the director as provided by such regulations. Insofar as practicable such regulations shall conform with, shall specify the conditions prescribed by, and shall remain in effect only so long as those promulgated under section 404(a) of the federal act. [1945 c 257 § 53; Rem. Supp. 1945 § 6163–102.]

69.04.360 Suspension of permit. The director is authorized to suspend immediately upon notice any permit issued under authority of this section, if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the director shall, immediately after prompt hearing and an inspection of the factory or establishment, reinstate such permit, if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued or as amended. [1945 c 257 § 54; Rem. Supp. 1945 § 6163–103.]

Reviser's note: The language "this section" appears in 1945 c 257 § 54 but apparently refers to 1945 c 257 § 53 codified as RCW 69.04.350.

69.04.370 Right of access for inspection. Any officer or employee duly designated by the director shall have access to any factory or establishment, the operator of which holds a permit from the director, for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator. [1945 c 257 § 55; Rem. Supp. 1945 § 6163–104.]

69.04.380 Food exempt if in transit for completion purposes. Food which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where it was originally processed or packed, is exempted from the affirmative labeling requirements of this chapter, while it is in transit in intrastate commerce from the one establishment to the other, if such transit is made in good faith for such completion purposes only; but it is otherwise subject to all the applicable provisions of this chapter. [1945 c 257 § 56; Rem. Supp. 1945 § 6163–105.]

69.04.390 Regulations permitting tolerance of harmful matter. Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof or cannot be avoided by good manufacturing practice, shall be deemed unsafe for purposes of the application of clause (2)(a) of RCW 69.04.210; but when such substance is so required or cannot be so avoided, the director shall promulgate regulations limiting the quantity therein or thereon to such extent as he finds necessary for the protection of public health, and any quantity exceeding the limits so fixed shall also be deemed unsafe for purposes of the application of clause (2)(a) of RCW 69.04.210. While such a regulation is in effect limiting the quantity of any such substance in the case of any food, such food shall
not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within the meaning of clause (1) of RCW 69.04.210. In determining the quantity of such added substance to be tolerated in or on different articles of food, the director shall take into account the extent to which the use of such substance is required or cannot be avoided in the production of each such article, and the other ways in which the consumer may be affected by the same or other poisonous or deleterious substances. [1963 c 198 § 2; 1945 c 257 § 57; Rem. Supp. 1945 § 6163-106.]

69.04.392 Regulations permitting tolerance of harmful matter—Pesticide chemicals in or on raw agricultural commodities. (1) Any poisonous or deleterious pesticide chemical, or any pesticide chemical which generally is recognized among experts qualified by scientific training and experience to evaluate the safety of pesticide chemicals as unsafe for use, added to a raw agricultural commodity, shall be deemed unsafe for the purpose of the application of clause (2) of RCW 69.04.210 unless:

(a) A tolerance for such pesticide chemical in or on the raw agricultural commodity has been prescribed pursuant to subsection (2) hereof and the quantity of such pesticide chemical in or on the raw agricultural commodity is within the limits of the tolerance so prescribed; or

(b) With respect to use in or on such raw agricultural commodity, the pesticide chemical has been exempted from the requirement of a tolerance pursuant to subsection (2) hereof.

While a tolerance or exemption from tolerance is in effect for a pesticide chemical with respect to any raw agricultural commodity, such raw agricultural commodity shall not, by reason of bearing or containing any added amount of such pesticide chemical, be considered to be adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 408 of the Federal Food, Drug and Cosmetic Act, as of *the effective date of this amendatory act, setting forth the tolerances for pesticide chemicals in or on any raw agricultural commodity, are hereby adopted as the regulations for tolerances applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to such federal regulations for tolerances, including exemption from tolerance and zero tolerances, to the extent necessary to protect the public health. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein tolerances for pesticides, exemptions, and zero tolerances, upon his own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such regulation.

(3) In adopting any new or amended tolerances by regulation issued pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the necessity for the production of an adequate, wholesome, and economical food supply; (c) the other ways in which the consumer may be affected by the same pesticide chemical or by other related substances that are poisonous or deleterious; and (d) the opinion of experts qualified by scientific training and experience to determine the proper tolerance to be allowed for any pesticide chemical. [1963 c 198 § 3.]

*Revisor's note: "the effective date of this amendatory act", was June 13, 1963, see preface to 1963 session laws.

69.04.394 Regulations permitting tolerance of harmful matter—Food additives. (1) A food additive shall, with respect to any particular use or intended use of such additives, be deemed unsafe for the purpose of the application of clause (2)(c) of RCW 69.04.210, unless:

(a) It and its use or intended use conform to the terms of an exemption granted, pursuant to a regulation under subsection (2) hereof providing for the exemption from the requirements of this section for any food additive, and any food bearing or containing such additive, intended solely for investigational use by qualified experts when in the director's opinion such exemption is consistent with the public health; or

(b) There is in effect, and it and its use or intended use are in conformity with a regulation issued or effective under subsection (2) hereof prescribing the conditions under which such additive may be safely used.

While such a regulation relating to a food additive is in effect, a food shall not, by reason of bearing or containing such an additive in accordance with the regulation, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 409 of the Federal Food, Drug and Cosmetic Act, as of *the effective date of this amendatory act, prescribing the conditions under which such food additive may be safely used, are hereby adopted as the regulations applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe the conditions under which a food additive may be safely used and exemptions where such food additive is to be used solely for investigational purposes; either upon his own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the
director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect of such additive in the diet of man or animals, taking into account any chemically or pharmacologically related substance or substances in such diet; and (d) safety factors which in the opinion of experts qualified by scientific training and experience to evaluate the safety of food additives are generally recognized as appropriate for the use of animal experimentation data. [1963 c 198 § 4.]

*Reviser's note: "the effective date of this amendatory act", was June 13, 1963, see preface to 1963 session laws.

69.04.396 Regulations permitting tolerance of harmful matter—Color additives. (1) A color additive shall, with respect to any particular use (for which it is being used or intended to be used or is represented as suitable) in or on food, be deemed unsafe for the purpose of the application of RCW 69.04.231, unless:

(a) There is in effect, and such color additive and such use are in conformity with, a regulation issued under this section listing such additive for such use, including any provision of such regulation prescribing the conditions under which such additive may be safely used;

(b) Such additive and such use thereof conform to the terms of an exemption for experimental use which is in effect pursuant to regulation under this section.

While there are in effect regulations under this section relating to a color additive or an exemption with respect to such additive a food shall not, by reason of bearing or containing such additive in all respects in accordance with such regulations or such exemption, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 706 of the Federal Food, Drug and Cosmetic Act, as of *the effective date of this amendatory act, prescribing the use or limited use of such color additive, are hereby adopted as the regulations applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein the conditions under which a color additive may be safely used including exemptions for experimental purposes. Such a regulation may be issued either upon the director's own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of, or other relevant exposure from, the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect, if any, of such additive in the diet of man or animals, taking into account the same or any chemically or pharmacologically related substance or substances in such diet; (d) safety factors which, in the opinion of experts qualified by scientific training and experience to evaluate the safety of color additives for the use or uses for which the additive is proposed to be listed, are generally recognized as appropriate for the use of animal experimentation data; (e) the availability of any needed practicable methods of analysis for determining the identity and quantity of (i) the pure dye and all intermediates and other impurities contained in such color additives, (ii) such additive in or on any article of food, and (iii) any substance formed in or on such article because of the use of such additive; and (f) the conformity by the manufacturer with the established standards in the industry relating to the proper formation of such color additive so as to result in a finished product safe for use as a color additive. [1963 c 198 § 6.]

*Reviser's note: "the effective date of this amendatory act", was June 13, 1963, see preface to 1963 session laws.

governing the interstate shipment of enriched flour and interstate vitamin and mineral requirements for the foods in order to maintain uniformity between intrastate and interstate shipments.

Provided, however, That the terms of this section shall not apply to flour sold to distributors, bakers or other processors, if the purchaser furnishes to the seller a certificate in such form as the director shall by regulation prescribe, certifying that such flour will be (1) resold to a distributor, baker or other processor, or (2) used in the manufacture, mixing or compounding of flour, white bread or rolls enriched to meet the requirements of this chapter, or (3) used in the manufacture of products other than flour, white bread or rolls. It shall be unlawful for any such purchaser so furnishing any such certificate to use or resell the flour so purchased in any manner other than as prescribed in this section. [1945 c 192 § 2; Rem. Supp. 1945 § 6294-161.]

69.08.040 Bread and rolls—Content requirements. It shall be unlawful for any person to manufacture, bake, sell, or offer for sale, for human consumption in this state, any white bread or rolls as defined in RCW 69.08.010, unless the following vitamins and minerals are contained in each pound of such bread or rolls: Not less than 1.1 mg and not more than 1.8 mg of thiamine; not less than 0.7 mg and not more than 1.6 mg of riboflavin; not less than 10.0 mg and not more than 15.0 mg of niacin; not less than 8.0 mg and not more than 12.5 mg of iron (Fe). 69.08.045 Specialty breads or rolls, macaroni or macaroni products, enriched white flour required—Exemptions. It shall be unlawful for any person to manufacture, bake, sell, or offer for sale for human consumption in this state, any specialty breads, or specialty rolls as defined in RCW 69.08.010 or macaroni or macaroni products as defined in RCW 69.16.020 without using enriched white flour in the baking thereof: Provided, however, That those products which contain one hundred percent whole wheat or graham flour are exempted from the requirements of this section. Whenever the vitamin and mineral requirements set forth in RCW 69.08.030 and 69.08.040 are no longer in conformity with the legally established standards governing the interstate shipment of enriched flour and enriched white bread or enriched rolls, the director, in order to maintain uniformity between intrastate and interstate vitamin and mineral requirements for the foods within the provisions of this chapter, is authorized and directed to modify or revise such requirements to conform with amended standards governing interstate shipments. [1945 c 192 § 5; Rem. Supp. 1945 § 6294-164.]

In the event of findings by the director that there is an existing or imminent shortage of any ingredient required by RCW 69.08.030 and 69.08.040, and that because of such shortage the sale and distribution of flour or white bread or rolls may be impeded by the enforcement of this chapter, the director shall issue a regulation, to be effective immediately upon issuance, permitting the omission of such ingredient from flour or white bread or rolls; and if he finds it necessary or appropriate, excepting such foods from labeling requirements until the further regulation of the director. Any such findings may be made without hearing, on the basis of an order or of factual information supplied by the appropriate federal agency or officer. In the absence of any such regulation of the appropriate federal agency or factual information supplied by it, the director on his own motion may, and upon receiving the sworn statements of ten or more persons subject to this chapter that they believe such a shortage exists or is imminent shall, within twenty days thereafter hold a public hearing with respect thereto at which any interested person may present evidence; and shall make findings based upon the evidence presented. Whenever the director has reason to believe that such shortage no longer exists, he shall hold a public hearing, after at least ten days' notice shall have been given, at which any interested person may present evidence, and he shall make findings based upon the evidence so presented. If his findings be that such shortage no longer exists, he shall issue a regulation to become effective not less than thirty days after publication thereof, revoking such previous regulation: Provided, however, That undisposed floor stocks of flour on hand at the effective date, of such revocation regulation, or flour manufactured prior to such effective date, for sale in this state may thereafter be lawfully sold or disposed of. 69.12.010 Declaration of policy. This chapter is in
exercise of the police powers of the state for the protection
of the safety, health and welfare of the people of the state.
It hereby is found and declared that the public
welfare requires control and regulation of the manufacture and distribution of bread and other bakery products and of persons engaged therein, in order that there may be prevented or eliminated unsanitary, unhealthful, fraudulent, and unfair or uneconomic practices and conditions in connection with such manufacture or distribution which endanger public health, defraud consumers, jeopardize the public source and supply of a nourishing, healthful food, and seriously affect adversely a large and essential industry. It is further found and declared that the regulation of the commercial manufacture and distribution of bakery products as in this chapter provided is in the interest of the economic and social well-being and the health and safety of the state and all of its people. [1937 c 137 § 1; RRS § 6284—1.]

Severability—1937 c 137: "If any clause, sentence, paragraph, section or part of this act shall, for any reason, be adjudged or decreed to be invalid by any court of competent jurisdiction, such judgment or decree shall not affect, impair or invalidate the remainder of this act but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which said judgment or decree shall have been rendered." [1937 c 137 § 12.] This applies to RCW 69.12.010—69.12.120.

69.12.020 Definitions. Except where the context indicates a different meaning, terms used in this chapter shall be defined as follows:

1) "Bakery" means any place, premises or establishment where any bakery product is regularly prepared, processed or manufactured for sale other than for consumption on the premises where originally prepared, processed or manufactured.

2) "Bakery product" includes bread, rolls, cakes, pies, cookies, doughnuts, biscuits and all similar goods, to be used for human food.

3) "Person" includes an individual, partnership or corporation. [1937 c 137 § 2; RRS § 6284—2.]

69.12.030 Bakery license—Application. No person shall operate or participate in the operation of any bakery within this state without having obtained from the director of agriculture a bakery license for that bakery issued and in effect under this chapter. Application for such license shall be made in writing and under oath to the director of agriculture, on such forms and with such pertinent information as he shall require. Such license shall be granted as a matter of right unless conditions exist which are grounds for a cancellation or revocation of a license as hereinafter set forth. [1937 c 137 § 3; RRS § 6284—3.]

69.12.040 Distributor's license—Application. No person hereafter shall engage within this state in the sale or distribution of any bakery product, other than exclusively at retail at a fixed place or places of business, without holding a license to do so issued to that person by the director of agriculture. A distributor's license shall not be required of any person distributing solely bakery products manufactured by him in a bakery licensed under this chapter. Application for such license shall be filed in writing and under oath with the director of agriculture upon such form as shall be prescribed and supplied by him. [1937 c 137 § 4; RRS § 6284—4.]

69.12.050 License fee—Expiration date—Nontransferability. (1) There shall be paid to the director of agriculture with each application for a bakery license or distributor's license or for renewal of such license an annual license fee of five dollars. All such license and renewal fees shall be deposited in the state's general fund.

(2) Each such license shall expire on December 31st following its date of issue, unless sooner revoked for cause. Renewal may be obtained annually by surrendering to the director of agriculture the old license certificate and paying the required annual license fee. Such license shall not be transferable to any person or be applicable to any location other than that for which originally issued. [1967 c 240 § 44; 1937 c 137 § 5; RRS § 6284—5.]

Severability—1967 c 240: See note following RCW 43.23.010.

Bakery license fund abolished and funds transferred to state general fund. See 1967 c 240 §§ 47, 48.

69.12.060 Revocation or suspension of license. (1) The director of agriculture may cancel or suspend any such license if he finds after proper investigation that (a) the licensee has violated any provisions of this chapter or of any other law of this state relating to the operations of bakersies or the manufacture or handling of any bakery product, or any regulation effective thereunder or (b) the licensed bakery premises or any equipment used therein or in connection therewith is in an unsanitary condition and the licensee has failed or refused to remedy the same within ten days after receipt from the director of written notice to do so.

[Title 69—p 23]
(2) No license shall be revoked or suspended by the director without delivery to the licensee of a written statement of the charge involved and an opportunity to answer such charge within ten days from the date of such notice.

(3) Any order made by the director suspending or revoking any license may be reviewed by certiorari in the superior court of the county in which the licensee is located within ten days of the date notice in writing of the director's order revoking or suspending such license has been served upon him. [1937 c 137 § 6; 1903 c 135 § 7; RRS § 6284–6.]

69.12.070 Diseased persons barred—Health certificates. (1) No person afflicted with any contagious or infectious disease shall work or be permitted to work or be employed in any bakery.

(2) No person shall work or be permitted to work in any bakery in storing, preparing, mixing or handling any bakery product or any ingredient thereof without holding a certificate from a physician, duly accredited for that purpose by the state board of health, certifying that such person has been examined and found free from any contagious or infectious disease. The state board of health may fix a maximum fee, not exceeding one dollar, which may be charged by a physician for such examination. Such certificate shall be effective for a period of six months and thereafter must be renewed following proper physical examination as aforesaid. Where such certificate is required and provided under municipal ordinance upon examination deemed adequate by the state board of health, certificates issued thereunder shall be sufficient under this chapter.

(3) Any such certificate shall be revoked by the state board of health at any time the holder thereof is found, after proper physical examination, to be afflicted with any communicable or infectious disease. Refusal of any person employed in a bakery to submit to proper and reasonable physical examination upon written demand of the state board of health or the director of agriculture shall be cause for revocation of that person's health certificate. [1937 c 137 § 7; 1903 c 135 § 8; RRS § 6284–7.]

69.12.080 Inspection of premises and vehicles. The state director of agriculture shall cause to be made periodically a thorough inspection of each licensed bakery to determine whether or not the premises are constructed, equipped and operated in accordance with the requirements of this chapter and of all other laws of this state relating to bakeries or bakery products and all regulations effective thereunder. Such inspection shall also be made of each vehicle used by a bakery or distributor licensed under this chapter in transporting or distributing any bakery products within this state. The director shall employ no person as inspector who is a member or employee of a bakery or bakery operators' association or who is interested in any bakery or such association. [1939 c 44 § 1; 1937 c 137 § 8; 1903 c 135 § 6; RRS § 6284–8.]

69.12.090 Sales on consignment—Rebates and return of products prohibited. No baker, or other seller or distributor of bakery products, his agents or employees, shall deliver bakery products on consignment or otherwise than pursuant to a bona fide sale of such products; or give any refund, credit, exchange, discount, gift, or allowance, for or in connection with the sale or delivery of bakery products; or resume possession or accept the return of any bakery product. No purchaser of bakery products shall accept delivery of such products on consignment or otherwise than pursuant to a bona fide sale of such products; or return any bakery product to any seller thereof; or accept any refund, credit, exchange, discount, gift, or allowance for or in connection with the purchase or delivery of bakery products. This paragraph shall not be construed to prohibit such discounts as are based upon quantities, cash payments, or reasonable customer classification, and which are openly published and equally available to all who fall within their terms. [1945 c 169 § 1 (adding to 1937 c 137 a new section, § 8(a)); Rem. Supp. 1945 § 6284–8(a).]

69.12.100 Statement of prices, terms, etc.—Filing and posting. (1) Each person hereafter operating a bakery or distributing as a bakery distributor, shall file with the director of agriculture in duplicate and in writing and under oath a statement of all prices, discounts, rebates, allowances and other terms or conditions of sale or payment, thereafter by him to be quoted, offered, charged, made or allowed upon each kind of bakery product offered by him for sale in this state, and shall keep a true and complete copy of said statement posted conspicuously at each of his places of such business within this state, or upon each vehicle used in distribution of bakery products if no fixed place of business is maintained. Such statement may be revised or added to by filing with the director of agriculture a supplementary written statement in duplicate and under oath, the revision or addition to become effective no sooner than ten days after its receipt by the director of agriculture.

(2) On and after fifteen days after the effective date of this chapter no such person shall sell or display or offer for sale within this state any bakery product the price and terms and conditions of sale of which shall not have been filed and posted as aforesaid, nor any price or upon any term or condition or with any rebate, discount or allowance, other than the applicable price, term, condition, rebate, discount or allowance specified for that type of bakery product in the statement of that person then on file with the director of agriculture and posted as aforesaid. [1937 c 137 § 9; RRS § 6284–9.]

69.12.110 Subpoenas and taking testimony. In any proceeding under this chapter the director of agriculture may administer oaths and issue subpoenas, summon witnesses and take testimony of any person within the state of Washington. [1937 c 137 § 10; RRS § 6284–10.]

69.12.120 Penalty. Any person violating any provision of this chapter shall be guilty of a misdemeanor. Each day such violation continues shall constitute a separate offense. [1937 c 137 § 11; RRS § 6284–11.]

ARTICLE III
REGULATION OF MANUFACTURE, DISTRIBUTION AND DISPENSING OF CONTROLLED SUBSTANCES

69.50.301 Rules. The state board of pharmacy may promulgate rules and charge reasonable fees of not less than ten dollars or more than fifty dollars relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state.
69.50.302 Registration requirements. (a) Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, must obtain annually a registration issued by the state board of pharmacy in accordance with its rules.

(b) Persons registered by the board under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this Article.

(c) The following persons need not register and may lawfully possess controlled substances under this chapter:

1. an agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if he is acting in the usual course of his business or employment: Provided, That this exemption shall not include any agent or employee distributing sample controlled substances to practitioners without an order;

2. a common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;

3. an ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a Schedule V substance.

(d) The board may waive by rule the requirement for registration of certain manufacturers, distributors, or dispensers if it finds it consistent with the public health and safety: Provided, That personal practitioners licensed or registered in the state of Washington under the respective professional licensing acts shall not be required to be registered under this chapter unless the specific exemption is denied pursuant to RCW 69.50.305 for violation of any provisions of this chapter.

(e) A separate registration is required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

(f) The board may inspect the establishment of a registrant or applicant for registration in accordance with the board's rule. [1971 ex.s. c 308 § 69.50.302.]

69.50.303 Registration. (a) The state board of pharmacy shall register an applicant to manufacture or distribute controlled substances included in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, and 69.50.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:

1. maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

2. compliance with applicable state and local law;

3. any convictions of the applicant under any federal and state laws relating to any controlled substance;

4. past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion;

5. furnishing by the applicant of false or fraudulent material in any application filed under this chapter;

6. suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

7. any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V if they are authorized to dispense or conduct research under the laws of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this state upon furnishing the board evidence of that federal registration.

(d) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration entitles them to be registered under this chapter upon application and payment of the required fee. [1971 ex.s. c 308 § 69.50.303.]

69.50.304 Revocation and suspension of registration. (a) A registration, or exemption from registration, under RCW 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the state board of pharmacy upon a finding that the registrant:

1. has furnished false or fraudulent material information in any application filed under this chapter;

2. has been found guilty of a felony under any state or federal law relating to any controlled substance; or

3. has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.

(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the
court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The board shall promptly notify the Bureau of all orders suspending or revoking registration and all forfeitures of controlled substances. [1971 ex.s. c 308 § 69.50.304.]

69.50.305 Procedure for denial, suspension or revocation of registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this chapter shall not be denied, suspended, or revoked unless the board denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.04 RCW.

(b) The board may suspend any registration simultaneously with the institution of proceedings under RCW 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction. [1971 ex.s. c 308 § 69.50.305.]

69.50.306 Records of registrants. Persons registered, or exempted from registration under RCW 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of federal law and with any additional rules the state board of pharmacy issues. [1971 ex.s. c 308 § 69.50.306.]

69.50.307 Order forms. Controlled substances in Schedule I and II shall be distributed by a registrant or person exempt from registration under RCW 69.50.302 (d) to another registrant, or person exempt from registration under RCW 69.50.302(d), only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section. [1971 ex.s. c 308 § 69.50.307.]

69.50.308 Prescriptions. (a) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner. Any oral prescription must be promptly reduced to writing. The prescription shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

(d) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter; and the person who knows or should know that he is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(e) A controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose. [1971 ex.s. c 308 § 69.50.308.]

69.50.309 Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same. [1971 ex.s. c 308 § 69.50.309.]

(b) Employees of the Washington state board of pharmacy, who are so designated by the board as enforcement officers are declared to be peace officers and shall be vested with police powers to enforce the drug laws of this state, including this chapter. [1971 ex.s. c 308 § 69.50.500.]

69.50.501 Administrative inspections. The state board of pharmacy may make administrative inspections of controlled premises in accordance with the following provisions:

(1) For purposes of this section only, "controlled premises" means:

(a) Places where persons registered or exempted from registration requirements under this chapter are required to keep records; and

(b) Places including factories, warehouses, establishments, and conveyances in which persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

(2) When authorized by an administrative inspection warrant issued pursuant to RCW 69.50.502 an officer or employee designated by the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.

(3) When authorized by an administrative inspection warrant, an officer or employee designated by the board may:

(a) Inspect and copy records required by this chapter to be kept;

(b) Inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in subsection (5) of this section, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and

(c) Inventory any stock of any controlled substance therein and obtain samples thereof;

(4) This section does not prevent the inspection without a warrant of books and records pursuant to an administrative subpoena issued in accordance with chapter 34.04 RCW, nor does it prevent entries and administrative inspections, including seizures of property, without a warrant:

(a) If the owner, operator, or agent in charge of the controlled premises consents;

(b) In situations presenting imminent danger to health or safety;

(c) In situations involving inspection of conveyances if there is reasonable cause to believe that the mobility of the conveyance makes it impracticable to obtain a warrant;

(d) In any other exceptional or emergency circumstance where time or opportunity to apply for a warrant is lacking; or,

(e) In all other situations in which a warrant is not constitutionally required;

(5) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator, or agent in charge of the controlled premises consents in writing. [1971 ex.s. c 308 § 69.50.501.]

69.50.502 Warrants for administrative inspections. Issuance and execution of administrative inspection warrants shall be as follows:

(1) A judge of a superior court, or a judge of a district court within his jurisdiction, and upon proper oath or affirmation showing probable cause, may issue warrants for the purpose of conducting administrative inspections authorized by this chapter or rules hereunder, and seizures or property appropriate to the inspections. For purposes of the issuance of administrative inspection warrants, probable cause exists upon showing a valid public interest in the effective enforcement of this chapter or rules hereunder, sufficient to justify administrative inspection of the area, premises, building or conveyance in the circumstances specified in the application for the warrant;

(2) A warrant shall issue only upon an affidavit of a designated officer or employee having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. If the judge is satisfied that grounds for the application exist or that there is probable cause to believe they exist, he shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any. The warrant shall:

(a) State the grounds for its issuance and the name of each person whose affidavit has been taken in support thereof;

(b) Be directed to a person authorized by RCW 69.50.500 to execute it;

(c) Command the person to whom it is directed to inspect the area, premises, building, or conveyance identified for the purpose specified and, if appropriate, direct the seizure of the property specified;

(d) Identify the item or types of property to be seized, if any;

(e) Direct that it be served during normal business hours and designate the judge to whom it shall be returned;

(3) A warrant issued pursuant to this section must be executed and returned within ten days of its date unless, upon a showing of a need for additional time, the court orders otherwise. If property is seized pursuant to a warrant, a copy shall be given to the person from whom or from whose premises the property is taken, together with a receipt for the property taken. The return of the warrant shall be made promptly, accompanied by a written inventory of any property taken. The inventory shall be made in the presence of the person executing the warrant and of the person from whose possession or premises the property was taken, if present, or in the presence of at least one credible person other than the person executing the warrant. A copy of the inventory shall be delivered to the person...

(1) all controlled substances which have been manufactured, distributed, dispensed or acquired in violation of this chapter;

(2) all raw materials, products and equipment of any kind which are used, or intended for use, in manufacturing, compounding, processing, delivering, importing, or exporting any controlled substance in violation of this chapter;

(3) all property which is used, or intended for use, as a container for property described in paragraphs (1) or (2);

(4) all conveyances, including aircraft, vehicles or vessels, which are used, or intended for use, to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of property described in paragraph (1) or (2), but:

(i) no conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

(ii) no conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without his knowledge or consent;

(iii) a conveyance is not subject to forfeiture for a violation of RCW 69.50.401(c); and,

(iv) a forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if he neither had knowledge of nor consented to the act or omission.

(5) all books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this chapter.

(b) Property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure without process may be made if:

(1) the seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(2) the property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(3) a board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(4) the board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(c) In the event of seizure pursuant to subsection (b), proceedings under subsection (d) shall be instituted promptly.

(d) Property taken or detained under this section shall not be subject to replevin, but is deemed to be in the custody of the board or seizing law enforcement agency subject only to the orders and decrees of the superior court having jurisdiction over the forfeiture proceedings. When property is seized under this chapter, the board or seizing law enforcement agency may:

(1) place the property under seal;

(2) remove the property to a place designated by it; or

(3) request the appropriate sheriff or director of public safety to take custody of the property and remove it to an appropriate location for disposition in accordance with law.

(e) When property is forfeited under this chapter the board or seizing law enforcement agency may:

(1) retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(2) sell that which is not required to be destroyed by law and which is not harmful to the public. The proceeds shall be used for payment of all proper expenses of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising and court costs;

(3) request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) forward it to the Bureau for disposition.

(f) Controlled substances listed in Schedule I, II, III, IV and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(g) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter,
or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(h) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants. [1971 ex.s. c 308 § 69.50.505.]

69.50.506 Burden of proof; liabilities. (a) It is not necessary for the state to negate any exception or exemption in this chapter in any complaint, information, indictment or other pleading or in any trial, hearing, or other proceeding under this chapter. The burden of proof of any exemption or exception is upon the person claiming it.

(b) In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this chapter, he is presumed not to be the holder of the registration or form. The burden of proof is upon him to rebut the presumption.

(c) No liability is imposed by this chapter upon any authorized state, county or municipal officer, engaged in the lawful performance of his duties. [1971 ex.s. c 308 § 69.50.506.]

69.50.507 Judicial review. All final determinations, findings and conclusions of the state board of pharmacy under this chapter are final and conclusive decisions of the matters involved. Any person aggrieved by the decision may obtain review of the decision in the superior court wherein he resides or in the superior court of Thurston county, such review to be in conformity with the administrative procedure act, chapter 34.04 RCW. [1971 ex.s. c 308 § 69.50.507.]

69.50.508 Education and research. (a) The state board of pharmacy may carry out educational programs designed to prevent and deter misuse and abuse of controlled substances. In connection with these programs it may:

1. Promote better recognition of the problems of misuse and abuse of controlled substances within the regulated industry and among interested groups and organizations;
2. Assist the regulated industry and interested groups and organizations in contributing to the reduction of misuse and abuse of controlled substances;
3. Consult with interested groups and organizations to aid them in solving administrative and organizational problems;
4. Evaluate procedures, projects, techniques, and controls conducted or proposed as part of educational programs on misuse and abuse of controlled substances;
5. Disseminate the results of research on misuse and abuse of controlled substances to promote a better public understanding of what problems exist and what can be done to combat them; and
6. Assist in the education and training of state and local law enforcement officials in their efforts to control misuse and abuse of controlled substances.

(b) The board may encourage research on misuse and abuse of controlled substances. In connection with the research, and in furtherance of the enforcement of this chapter, it may:

1. Establish methods to assess accurately the effects of controlled substances and identify and characterize those with potential for abuse;
2. Make studies and undertake programs of research to:
   (i) Develop new or improved approaches, techniques, systems, equipment and devices to strengthen the enforcement of this chapter;
   (ii) Determine patterns of misuse and abuse of controlled substances and the social effects thereof; and,
   (iii) Improve methods for preventing, predicting, understanding and dealing with the misuse and abuse of controlled substances; and,
3. Enter into contracts with public agencies, institutions of higher education, and private organizations or individuals for the purpose of conducting research, demonstrations, or special projects which bear directly on misuse and abuse of controlled substances.
4. The board may enter into contracts for educational and research activities without performance bonds.

(d) The board may authorize persons engaged in research on the use and effects of controlled substances to withhold the names and other identifying characteristics of individuals who are the subjects of the research. Persons who obtain this authorization are not compelled in any civil, criminal, administrative, legislative, or other proceeding to identify the individuals who are the subjects of research for which the authorization was obtained.

(e) The board may authorize the possession and distribution of controlled substances by persons engaged in research. Persons who obtain this authorization are exempt from state prosecution for possession and distribution of controlled substances to the extent of the authorization. [1971 ex.s. c 308 § 69.50.508.]

69.50.509 Search and seizure of controlled substances. If, upon the sworn complaint of any person, it shall be made to appear to any judge of the superior court, justice of the peace, district court judge or municipal judge that there is probable cause to believe that any controlled substance is being, manufactured, sold, bartered, exchanged, administered, dispensed, delivered, distributed, produced, possessed, given away, furnished or otherwise disposed of or kept in violation of the provisions of this chapter, such justice of the peace or judge shall, with or without the approval of the prosecuting attorney, issue a warrant directed to any law enforcement officer of the state, commanding him to search the premises designated and described in such complaint and warrant, and to seize all controlled substances there found, together with the vessels in which they are contained, and all implements, furniture and fixtures used or kept for the illegal manufacture, sale,
barter, exchange, administering, dispensing, delivering, distributing, producing, possessing, giving away, furnishing or otherwise disposing of such controlled substances, and to safely keep the same, and to make a return of said warrant within three days, showing all acts and things done thereunder, with a particular statement of all articles seized and the name of the person or persons in whose possession the same were found, if any, and if no person be found in the possession of said articles, the returns shall so state. The provisions of RCW 10.31.030 as now or hereafter amended shall apply to actions taken pursuant to this chapter. [1971 ex.s. c 308 § 69.50.509.]

69.54.010 Purpose. It is the purpose of this chapter and RCW 71.24.020 and 71.24.030 to provide the financial assistance necessary to enable the department of social and health services to offer a meaningful program of rehabilitation for those persons suffering problems related to narcotic drugs, dangerous drugs, and alcohol and to develop a community educational program as to those problems for the benefit of the state’s population generally. Such programs can develop in the people of this state a knowledge of the problems caused by alcohol and drug abuse, an acceptance of responsibility for alcohol and drug related problems, an understanding of the causes and consequences of the use and abuse of alcohol and drugs, and thus may prevent many problems from occurring.

It is the further purpose of this chapter and RCW 71.24.020 and 71.24.030 to provide for qualified drug treatment centers approved by the department of social and health services. [1971 ex.s. c 304 § 1.]

69.54.020 Definitions. The following words and phrases shall have the following meaning when used in this chapter and RCW 71.24.020 and 71.24.030:

(1) "Secretary" shall mean the secretary of the department of social and health services.

(2) "Department" shall mean the department of social and health services.

69.54.040 Programs for rehabilitation and education—Establishment—Rules and regulations—Contracts with other agencies, individuals. The secretary shall establish within the department a program designed to aid and rehabilitate persons suffering from problems relating to narcotic drugs, dangerous drugs, and alcohol. Without duplicating, and in coordination with the programs established by the state superintendent of public instruction, the secretary shall establish community educational programs outside of the kindergarten through twelve programs in the schools relating to alcohol and drug use and abuse. The secretary is authorized to promulgate rules and regulations pursuant to chapter 34.04 RCW to carry out the provisions and purposes of this chapter and RCW 71.24.020 and 71.24.030 and is authorized to contract, coordinate with other public or private agencies or individuals for such purposes. [1971 ex.s. c 304 § 4.]

69.54.050 Agreements pursuant to interlocal cooperation act authorized. Pursuant to the provisions of the Interlocal Cooperation Act, chapter 39.34 RCW, the department may enter into agreements as provided therein to accomplish the purposes of this chapter and RCW 71.24.020 and 71.24.030. [1971 ex.s. c 304 § 5.]

69.54.060 Consent to counseling, care, treatment or rehabilitation—Liability for expenses. Any person fourteen years of age or older may give consent for himself to the furnishing of counseling, care, treatment or rehabilitation by an approved drug treatment center or person licensed or certified by the state related to community educational programs outside of the kindergarten through twelve programs in the schools relating to alcohol and drug use and abuse. Consent of the parent, parents, or legal guardian of a person less than eighteen years of age shall not be necessary to authorize such care, except that such person shall not become a resident of such treatment center without parental permission. The parent, parents or legal guardian of a person less than eighteen years of age shall not be liable for payment of care for such persons pursuant to this chapter and RCW 71.24.020 and 71.24.030, unless they have joined in the consent to such counseling, care, treatment or rehabilitation. [1971 ex.s. c 304 § 8.]

69.54.070 Confidentiality. When an individual submits himself for care, treatment, counseling, or rehabilitation to any organization, institution or corporation, public or private, approved pursuant to this chapter and RCW 71.24.020 and 71.24.030, or any person licensed or certified by the state whose principal function is the care, treatment, counseling or rehabilitation of alcohol abusers or users of narcotic or dangerous drugs, or the providing of medical, psychological or social counseling or treatment, notwithstanding any other provision of law, such individual is hereby guaranteed confidentiality. No such person, organization, institution or corporation or their agents acting in the scope and course of their duties, providing such care, treatment, counseling or rehabilitation shall divulge nor shall they be required to provide any specific information concerning individuals being cared for, treated, counseled or rehabilitated, nor shall pharmacists or their agents provide such information when or if they become aware of or receive such information when requested to or for the purpose of providing products or performing services relevant to said care, treatment, counseling or rehabilitation. Should any person, organization, institution or corporation, or their agents, breach confidentiality as provided for in this section, such information and any product thereof shall not be admissible as evidence or be considered in any criminal proceeding. The fact of an individual of authorized age being cared for, treated, counseled or rehabilitated pursuant to this chapter and RCW 71.24.020 and 71.24.030 shall likewise be held confidential and shall not be admissible as evidence or be considered in any criminal proceeding.

Any confidentiality provided for by this section may be waived by the individual, provided such waiver is freely and voluntarily made, and with full prior information as to the consequences thereof. [1971 ex.s. c 304 § 9.]

69.54.080 Confidentiality—Exception as to statistical or other substantive information. Nothing contained in this chapter and RCW 71.24.020 and 71.24.030 shall prohibit or be construed to prohibit the divulging or providing of statistical or other substantive information pertaining to care, treatment, counseling or rehabilitation, pursuant to this chapter and RCW 71.24.020 and 71.24.030, so long as no individual is identified or reasonably identifiable, and individual privacy and confidentiality is retained. [1971 ex.s. c 304 § 10.]

69.54.090 Records and accounts—Availability to state and federal drug inspectors—Restrictions on use. Nothing contained in this chapter and RCW 71.24.020 and 71.24.030 shall relieve any person or firm from the requirements under federal and state drug laws and regulations for the keeping of records and the responsibility for the accountability of drugs received and dispensed. Such records, insofar as they contain confidential information under this chapter and RCW 71.24.020 and 71.24.030, shall only be available to state and federal drug inspectors who shall not divulge such information as is contained in such records, including the identification of individuals, except (1) upon subpoena in a court or administrative proceeding to which the person to whom such prescription, orders or other records relate is a party, or (2) when the information reasonably leads to the conclusion that there has been a violation of RCW 69.33.380 or 69.40.090, then the information may be referred to other law enforcement officers. [1971 ex.s. c 304 § 11.]

Reviser's note: RCW 69.33.380 and 69.40.090 were repealed by 1971 ex.s. c 308 § 69.50.060.

It is further declared to be the policy of the legislature to authorize the state to cooperate with counties, cities, and other municipal corporations in order to encourage them to take such steps as may be necessary to construct comprehensive community health centers in communities throughout the state. [1967 c 4 § 5.]

as may become necessary to entitle the state and local units of government to share in federal grants, matching funds, or other funds, unless the same be expressly prohibited by this chapter. 70.37.010 Declaration of public policies—Purpose. The good health of the people of our state is a most important public concern. The state has a direct interest in seeing to it that health care facilities adequate for good public health are established and maintained in sufficient numbers and in proper locations. The rising costs of care of the infirm constitute a grave challenge not only to health care providers but to our state and the people of our state who will seek such care. It is hereby declared to be the public policy of the state of Washington to assist and encourage the building, providing and utilization of modern, well equipped and reasonably priced health care facilities, and the improvement, expansion and modernization of health care facilities in a manner that will minimize the capital costs of construction, financing and use thereof and thereby the costs to the public of the use of such facilities, and to contribute to improving the quality of health care available to our citizens. In order to accomplish these and related purposes this chapter is adopted and shall be liberally construed to carry out its purposes and objects. [1974 1st ex.s. c 147 § 1.]

There is hereby established a public body corporate and politic, with perpetual corporate succession, to be known as the Washington health care facilities authority. The authority shall constitute a political subdivision of the state established as an instrumentality exercising essential governmental functions. The authority is a "public body" within the meaning of RCW 39.53.010, as now or hereafter amended. The authority shall consist of the governor who shall serve as chairman, the lieutenant governor, the insurance commissioner, the chairman of the Washington state hospital commission, and one member of the public who shall be appointed by the governor, subject to confirmation by the senate, for terms of four years each on the basis of their interest or expertise in health care delivery, the first appointees to be appointed for terms expiring on the second and fourth March 1st, respectively, following enactment of this chapter. The members of the authority shall serve without compensation, but shall be entitled to reimbursement, solely from the funds of the authority, of necessary expenses incurred in the discharge of their duties under this chapter, subject to the provisions of chapter 43.03 RCW. A majority shall constitute a quorum. [1974 1st ex.s. c 147 § 3.]

70.37.040 Washington health care facilities authority—Powers—Special fund bonds—Revenue bonds. (1) The authority is hereby empowered to issue bonds for the construction, purchase, acquisition, rental, leasing or use by participants of projects for which bonds to provide funds therefor have been approved by the authority. Such bonds shall be issued in the name of the authority. They shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. They shall contain a recital on their face that their payment and the payment of interest thereon shall be a valid claim only as against the special fund relating thereto derived by the authority in whole or in part from the revenues received by the authority from the operation by the participant of the health care facilities for which the bonds are issued but that they shall constitute a prior charge over all other charges or claims whatever against such special fund. The lien of any such pledge on such revenues shall attach thereto immediately on their receipt by the authority and shall be valid and binding as against parties having claims of any kind in tort, contract or otherwise against the participant, without recordation thereof and whether or not they have notice thereof. For inclusion in such special funds and for other uses in or for such projects of participants the authority is empowered to accept and receive funds, grants, gifts, pledges, guarantees, mortgages, trust deeds and other security instruments, and property from the federal government or the state of Washington or other public body, entity or agency and from any public or private institution, association, corporation or organization, including participants, except that it shall not accept or receive from the state or any taxing agency any money derived from taxes save money to be devoted to the purposes of a project of the state or taxing agency.

(2) For the purposes outlined in subsection (1) of this section the authority is empowered to provide for the issuance of its special fund bonds and other limited obligation security instruments subordinate to the first and prior lien bonds, if any, relating to a project or projects of a participant and to create special funds relating thereto against which such subordinate securities shall be liens, but the authority shall not have power to incur general obligations with respect thereto.

(3) The authority may also issue special fund bonds to redeem or to fund or refund outstanding bonds or any part thereof at maturity, or before maturity if subject to prior redemption, with the right in the authority to include various series and issues of such outstanding special fund bonds in a single issue of funding or refunding special fund bonds and to pay any redemption premiums out of the proceeds thereto. Such funding or refunding bonds shall be limited special fund bonds issued in accordance with the provisions of this chapter, including this section and shall not be general obligations of the authority.

(4) Such special fund bonds of either first lien or subordinate lien nature may also be issued by the authority, the proceeds of which may be used to refund already existing mortgages or other obligations on health care facilities already constructed and operating incurred by a participant in the construction, purchase or acquisition thereof.

(5) The authority may also lease to participants, lease to them with option to purchase, or sell to them, facilities which it has acquired by construction, purchase, devise, gift, or leasing: Provided, That the terms thereof shall at least fully reimburse the authority for its costs with respect to such facilities, including costs of financing, and provide fully for the debt service on any bonds issued by the authority to finance acquisition by it of the facilities. To pay the cost of acquiring or improving
such facilities or to refund any bonds issued for such purpose, the authority may issue its revenue bonds secured solely by revenues derived from the sale or lease of the facility, but which may additionally be secured by mortgage, lease, pledge or assignment, trust agreement or other security device. Such bonds and such security devices shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. Such health care facilities may be acquired, constructed, reconstructed, and improved and may be leased, sold or otherwise disposed of in the manner determined by the authority in its sole discretion and any requirement of competitive bidding, lease performance bonds or other restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of the state, or any agency thereof, is not applicable to any action so taken by the authority. 70.39.010 Purpose. The primary purpose of this chapter is to promote the economic delivery of high quality and effective hospital health care services to the people by establishing a hospital commission with authority over financial disclosure and budget and prospective rate review and other related matters, which will assure all purchasers of hospital health care services that total hospital costs are reasonably related to total services, that hospital rates are reasonably related to aggregate costs, and that such rates are set equitably among all purchasers of these services without undue discrimination.

The legislature finds and declares that rising hospital costs are a vital concern to the people of this state because of the danger which is posed that hospital and health care services are fast becoming out of the economic reach of the majority of our population. It is further declared that health care is a right of the people and one of the primary purposes for which governments are established, and it is, therefore, essential that an effective cost control program be established which will both enable and motivate hospitals to control their spiraling costs. It is the legislative intent, in pursuance of this declared public policy, to provide for uniform measures on a state-wide basis to control hospital costs without the sacrifice of quality of service. [1973 1st ex.s. c 5 § 2.]

70.39.020 Definitions. As used in this chapter:
(1) "Commission" means the hospital commission of the state of Washington as created by this chapter;
(2) "Consumer" means any person whose occupation is other than the administration of health activities or the providing of health services, who has no fiduciary obligation to a health facility or other health agency, and who has no material financial interest in the rendering of health services;
(3) "Hospital" means any health care institution which is required to qualify for a license under RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW, but shall not include any health care institution conducted for those who rely primarily upon treatment by prayer or spiritual means in accordance with the creed or tenets of any church or denomination. [1973 1st ex.s. c 5 § 3.]

70.39.030 Hospital commission—Created—Membership. There is hereby created a hospital commission, which shall be a separate and independent commission of the state. The commission shall be composed of five members appointed by the governor, and generally representative of the public as consumers, labor, business, and hospitals, and shall be individuals concerned with the delivery of quality health care; but in no event shall more than two members have any fiduciary obligation to a health facility or other health agency, nor any direct financial interest in the rendering of health services. In cases when proposed rate increases for osteopathic hospitals are to be considered, the representative of osteopathic hospitals on the technical advisory committee shall replace a hospital representative on the commission. [1973 1st ex.s. c 5 § 4.]

70.39.040 Hospital commission—Terms—Vacancies. Members of the commission shall serve for four-year terms and shall require senate confirmation. No member shall serve on the commission for more than two consecutive terms. A vacancy shall be filled by appointment for the remainder of the unexpired term and the initial appointments and vacancies shall not require senate confirmation until the legislature next convenes. [1973 1st ex.s. c 5 § 5.]

70.39.050 Hospital commission—Officers—Meetings—Compensation. The member representing consumers of health care services shall serve as chairman. The commission shall elect from its members a vice—chairman biennially. Meetings of the commission shall be held as frequently as its duties require. The commission shall keep minutes of its meetings and adopt procedures for the governing of its meetings, minutes, and transactions.

Three members shall constitute a quorum, but a vacancy on the commission shall not impair its power to act. No action of the commission shall be effective unless three members concur therein.
The members of the commission shall receive no compensation but shall be reimbursed for their expenses while attending meetings of the commission in the same manner as legislators engaged in interim committee business as in RCW 44.04.120. [1973 1st ex.s. c 5 § 6.]

70.39.060 Hospital commission—Director—Secretary—Staff—Services. The executive director shall be the chief administrative officer of the commission and shall be subject to its direction.

The secretary of the department of social and health services shall employ and furnish such other staff as are necessary to fulfill the responsibilities and duties of the commission, such staff to be subject to the civil service law, chapter 41.06 RCW, and under the supervision of the commission and its executive director. In addition, the commission may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise.

Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility, without specific permission of the commission.

The commission may apply for and receive and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to hospital health care costs. [1973 1st ex.s. c 5 § 7.]

70.39.070 Technical advisory committee—Members—Terms—Officers—Meetings—Expenses. In order to assist the commission in carrying out its duties, the governor shall appoint a technical advisory committee, hereinafter referred to as "committee", which shall consist of eleven members as follows:

(1) One member who shall be a certified public accountant licensed pursuant to chapter 18.04 RCW and who shall be knowledgeable in the financial affairs of hospitals.

(2) One member who shall be a health care practitioner licensed under the laws of this state and who shall be knowledgeable in hospital administration.

(3) Five members who shall be representative of the interest of investor—owned, district, not-for-profit, osteopathic, and university hospitals.

(4) One member who shall be representative of consumers of health care.

(5) One member who shall be the secretary of the department of social and health services, or his designee, to provide continuing liaison, data and support from those functions of the department which may affect the responsibilities of the commission.

(6) One member who shall be the director of the planning and community affairs agency, or his designee, to provide continuing liaison with the planning efforts of the comprehensive health planning council.

(7) One member of the commission, elected by the commission.

The members shall serve concurrently and shall have four—year terms. Any vacancy shall be filled by appointment by the governor and an appointee selected to fill such vacancy shall hold office for the balance of the term for which his predecessor was appointed. The committee shall elect from its members a chairman and vice—chairman to serve concurrently with the chairman. The executive director of the commission shall act as executive secretary to the committee, and the commission shall otherwise offer such staff services and supplies as the committee may require to carry out its responsibilities.

The committee shall meet on call of the chairman of the commission, or on request of a majority of the commission. Members of the committee shall serve without compensation but shall be reimbursed for their expenses in the same manner as members of the commission. [1973 1st ex.s. c 5 § 8.]

70.39.080 Technical advisory committee—Duties. The committee shall have the duty upon the request of the commission to consult with and make recommendations to the commission:

(1) On matters of policy;

(2) On rules and regulations proposed by the commission to implement this chapter;

(3) On analyses and studies of hospital health care costs and related matters which may be undertaken by the commission; and

(4) On such other matters as the commission may refer. [1973 1st ex.s. c 5 § 9.]

70.39.090 Hospital commission—Subcommittees. To further the purposes of this chapter, the commission may create committees from its membership, and may create such ad hoc advisory committees in specialized fields, related to the functions of hospitals, as it deems necessary, to supplement the resources provided by the technical advisory committee. [1973 1st ex.s. c 5 § 10.]

70.39.100 Uniform system of hospital accounting and reporting. (1) The commission, after study and in consultation with advisory committees, if any, shall establish by the promulgation of rules and regulations pursuant to the Administrative Procedure Act, chapter 34.04 RCW, a uniform system of accounting and financial reporting, including such cost allocation methods as it may prescribe, by which hospitals shall record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service. All hospitals shall adopt the system for their fiscal year period to be effective at such time and date as the commission shall direct. In determining the effective date for reporting requirements, the commission shall be mindful both of the immediate need for uniform hospital reporting information to effectuate the purposes of this chapter and
the administrative and economic difficulties which hospitals may encounter in conversion, but in no event shall such effective date be later than two and one-half years from the date of the formation of the commission.

(2) In establishing such accounting systems and uniform reporting procedures, the commission shall take into consideration:

(a) Existing systems of accounting and reporting presently utilized by hospitals;
(b) Differences among hospitals according to size; financial structure; methods of payment for services; and scope, type, and method of providing services; and
(c) Other pertinent distinguishing factors.

(3) The commission shall, where appropriate, provide for modification, consistent with the purposes of this chapter, of reporting requirements to correctly reflect these differences among hospitals, and to avoid otherwise unduly burdensome costs in meeting the requirements of the uniform system of accounting and financial reporting.

(4) The accounting system, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals, as distinguished from those incurred with reference to educational research and other nonpatient-related activities including but not limited to charitable activities of such hospitals. [1973 1st ex.s. c 5 § 11.]

70.39.110 Annual reports by hospitals. (1) Each hospital shall file annually with the commission after the close of the fiscal year:
(a) A balance sheet detailing the assets, liabilities, and net worth of the hospital;
(b) A statement of income and expenses;
(c) Such other reports of the costs incurred in rendering services as the commission may prescribe.

(2) Where more than one licensed hospital is operated by the reporting organization, the information required by this section shall be reported for each hospital separately.

(3) The commission shall require certification of specified financial reports by the hospital's certified public accountant, and may require attestation as to such statements from responsible officials of the hospital that such reports have to the best of their knowledge and belief been prepared in accordance with the prescribed system of accounting and reporting.

(4) All reports, except privileged medical information, filed under this chapter shall be open to public inspection.

(5) The commission shall have the right of inspection of hospital books, audits, and records as reasonably necessary to verify hospital reports. [1973 1st ex.s. c 5 § 12.]

70.39.120 Hospital costs and finances—Analyses and studies—Reports. (1) The commission shall from time to time undertake analyses and studies relating to hospital health care costs and to the financial status of any hospital or hospitals subject to the provisions of this chapter, and may publish and disseminate such information as it deems desirable in the public interest. It shall further require the filing of information concerning the total financial needs of each hospital and the resources available or expected to become available to meet such needs, including the effect of proposals made by area-wide and state comprehensive health planning agencies.

(2) The commission shall also prepare and file such summaries and compilations or other supplementary reports based on the information filed with the commission hereunder as will advance the purposes of this chapter. [1973 1st ex.s. c 5 § 13.]

70.39.130 Report to governor and legislature. The commission shall prepare and, prior to each legislative session beginning in January, transmit to the governor and to members of the legislature an annual report of commission operations and activities for the preceding fiscal year. This report shall include a compilation of all summaries and reports required by this chapter, together with such findings and recommendations as the commission deems necessary. [1973 1st ex.s. c 5 § 14.]

70.39.140 Hospital rates—Review and investigation—Costs—Establishment of rates—Coordination with federal programs. From and after a date not less than twelve months but not more than twenty-four months after the adoption of the uniform system of accounting and financial reporting required by RCW 70.39.100, as the commission may direct, the commission shall have the power to initiate such reviews or investigations as may be necessary to assure all purchasers of hospital health care services that the total costs of a hospital are reasonably related to the total services offered by that hospital, that the hospital's aggregate revenues as expressed by rates are reasonably related to the hospital's aggregate costs; and that rates are set equitably among all purchasers of services without undue discrimination or preference.

In order to properly discharge these obligations, the commission shall have full power to review projected annual revenues and approve the reasonableness of rates proposed to generate that revenue established or requested by any hospital subject to the provisions of this chapter. No hospital shall charge for services at rates other than those established in accordance with the procedures established hereunder.

In the interest of promoting the most efficient and effective use of hospital health care service, the commission may promote and approve alternative methods of rate determination and payment of an experimental nature that may be in the public interest and consistent with the purposes of this chapter.

The commission shall serve as the state agency responsible for coordinating state actions and otherwise responding and relating to the efforts of the cost of living council, or its successor, in planning and implementing federal cost containment programs with respect to hospitals and related health care institutions as authorized by the Federal Economic Stabilization Act of 1970, as now or hereafter amended, and any rules or regulations promulgated thereto. In carrying out this responsibility, the commission may serve as the state...
agency responsible for recommending increases in rates for hospitals and related health care institutions to the cost of living council, or its successor; may apply to the cost of living council for authorization to administer a control program in Washington state in lieu of the federal controls established and otherwise administered by the cost of living council; may assume another function or role authorized by appropriate federal regulations implementing the Federal Economic Stabilization Act of 1970; or assume any combination of such roles or functions as it may determine will most effectively contain the rising costs of the varying kinds of hospitals and related health care institutions in Washington state. In determining its functions or roles in relation to the efforts to the cost of living council, or its successor, the commission shall seek to ensure coordination, and the reduction of duplicatory cost containment efforts, by the state and federal governments, as well as the diligent fulfillment of the purposes of this chapter and declared public policy and legislative intent herein: Provided, however, That in cases where the rates of nursing homes or similar health institutions are subject to review pursuant to the provisions of the Federal Economic Stabilization Act of 1970 or any rules or regulations promulgated thereto, the members of the commission representing hospitals shall not sit in the proceedings nor vote, and the governor shall appoint an ad hoc member representing nursing homes or similar health institutions in lieu thereof, who shall have the same powers as the other members with respect to such review only. [1974 1st ex.s.c 163 § 1; 1973 1st ex.s.c 5 § 15.]

70.39.150 Powers and duties of commission. To properly carry out its authority the commission shall:

(1) Immediately upon July 16, 1973 begin to compile all relevant financial and accounting data in order to have available the statistical information necessary to properly conduct rate review and approval. Such data shall include necessary operating expenses, appropriate expenses incurred for rendering services to patients who cannot or do not pay, all properly incurred interest charges, and reasonable depreciation expenses based on the expected useful life of the property and equipment involved. The commission shall define and prescribe by rule and regulation the types and classes of charges which cannot be changed except as provided by the procedure contained in RCW 70.39.160 and it shall also obtain from each such hospital a current rate schedule as well as any subsequent amendments or modifications of that schedule as it may require.

(2) Permit any nonprofit hospital subject to the provisions of this chapter to charge reasonable rates which will permit the hospital to render effective and efficient service in the public interest and on a solvent basis.

(3) Permit any proprietary profit-making hospital subject to the provisions of this chapter to charge reasonable rates which will permit the hospital to render effective and efficient service in the public interest and which includes an allowance for a fair return to stockholders based upon actual investment or the fair value of the investment, whichever is less.

(4) Take into account, in the determination of reasonable rates under this section for each hospital, the recommendations of appropriate area–wide and state comprehensive health planning agencies to ensure compliance with Washington comprehensive health planning law, chapter 70.38 RCW.

(5) Permit, in considering a request for change in or initiating a review of rate schedules or other charges, any hospital subject to the provisions of this chapter to charge rates which will in the aggregate produce sufficient total revenue for the hospital to meet all of the reasonable obligations specified in this chapter. [1973 1st ex.s.c 5 § 16.]

70.39.160 Changes in rates—Procedure. From and after the date determined by the commission pursuant to RCW 70.39.140, no hospital subject to the provisions of this chapter shall change or amend that schedule of rates and charges of the type and class which cannot be changed without prior approval of the commission, except in accordance with the following procedure:

(1) Any request for a change in rate schedules or other charges must be filed in writing in the form and content prescribed by the commission and with such supporting data as the hospital seeking the change deems appropriate. Unless the commission orders otherwise as provided for in subsection (4) of this section, no hospital shall establish such changes except after notice to the commission of at least thirty days from the time the rate is intended to go into effect. Upon receipt of notice, the commission may suspend the effective date of any proposed change. In any such case a formal written statement of the reasons for the suspension will be promptly submitted to the hospital. Unless suspended, any proposed change shall go into effect upon the date specified in the application.

(2) In any case where such action is deemed necessary, the commission shall promptly, but in any event within thirty days, institute proceedings as to the reasonableness of the proposed changes. The suspension may extend for a period of not more than thirty days beyond the date the change would otherwise go into effect: Provided, That should it be necessary, the commission may extend the suspension for an additional thirty days. After the expiration of ninety days from the date the rate is intended to go into effect the new rate will go into effect, if the commission does not approve, disapprove, or modify the request by that time.

(3) Such proposed changes shall be considered at a public hearing, the time and place of which shall be determined by the commission. The hearing shall be conducted by the commission. Evidence for and against the requested change may be introduced at the time of the hearing by any interested party and witnesses may be heard. The hearing may be conducted without compliance with formal rules of evidence.

(4) The commission may, in its discretion, permit any hospital to make a temporary change in rates which shall be effective immediately upon filing and in advance of any review procedure when it deems it in the public interest to do so. Notwithstanding such temporary change in rates, the review procedures set out in
this section shall be conducted by the commission as soon thereafter as is practicable.

5. Every decision and order of the commission in any contested proceeding shall be in writing and shall state the grounds for the commission’s conclusions. The effects of such orders shall be prospective in nature. [1973 1st ex.s. c 5 § 17.]

70.39.170 Budget—Expenses—Assessments—Hospital commission account. The commission shall biennially prepare a budget which shall include its estimated income and expenditures for administration and operation for the biennium, to be submitted to the governor for transmittal to the legislature for approval.

Expenses of the commission shall be financed by assessment against hospitals in an amount to be determined biennially by the commission, but not to exceed four one-hundredths of one percent of each hospital’s gross operating costs to be levied and collected from and after July 1, 1973 for the provision of hospital services for its last fiscal year ending on or before June 30th of the preceding calendar year. Budgetary requirements in excess of that limit may be financed by a general fund appropriation by the legislature. All moneys collected are to be deposited by the state treasurer in the hospital commission account in the general fund which is hereby created.

Any amounts raised by the collection of assessments from hospitals provided for in this section which are not required to meet appropriations in the budget act for the current fiscal year shall be available to the commission in succeeding years. [1973 1st ex.s. c 5 § 18.]

70.39.180 Rules and regulations—Public hearings—Investigations—Subpoena power. In addition to the powers granted to the commission elsewhere in this chapter, the commission may:

1. Adopt, amend, and repeal rules and regulations respecting the exercise of the powers conferred by this chapter, subject to the provisions of the Administrative Procedure Act, chapter 34.04 RCW applicable to the promulgation of rules and regulations.

2. Hold public hearings, conduct investigations, and subpoena witnesses, papers, records, and documents in connection therewith. The commission may administer oaths or affirmations in any hearing or investigation.

3. Exercise, subject to the limitations and restrictions herein imposed, all other powers which are reasonably necessary or essential to carry out the expressed objects and purposes of this chapter. [1973 1st ex.s. c 5 § 19.]

70.39.190 Review. Any person aggrieved by a final determination of the commission as to any rule, regulation, or determination under the provisions of this chapter shall be entitled to an administrative hearing and judicial review in accordance with the Administrative Procedure Act, chapter 34.04 RCW. [1973 1st ex.s. c 5 § 20.]

70.39.200 Penalties for violations. Every person who shall violate or knowingly aid and abet the violation of this chapter or any valid orders, rules, or regulations thereunder, or who fails to perform any act which it is herein made his duty to perform shall be guilty of a misdemeanor. Following official notice to the accused by the commission of the existence of an alleged violation, each day upon which a violation occurs shall constitute a separate violation. Any person violating the provisions of this chapter may be enjoined from continuing such violation. [1973 1st ex.s. c 5 § 21.]

70.39.900 Severability—1973 1st ex.s. c 5. If any provision of this 1973 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1973 1st ex.s. c 5 § 22.]

70.39.910 Liberal construction—1973 1st ex.s. c 5. Consistent with the purposes enumerated in RCW 70.39.010, the provisions of this chapter shall be liberally construed, and shall not be limited by any rule of strict construction. [1973 1st ex.s. c 5 § 23.]

bond shall be construed to secure the furnishing of any other bond.

The commissioners may accept as surety on any bond required by this section, either an approved surety company or one or more persons satisfactory to the commissioners, or in lieu of such bond may accept a deposit as security of such property or collateral or the giving of such other form of security as may be satisfactory to the commissioners. [1967 c 227 § 4.]

Use of words: RCW 1.12.020.

70.74.020 Restrictions on manufacture, sale, or storage—Users—Reports on storage—Waiver. No person shall manufacture, possess, store, sell, purchase, transport, or use explosives or blasting agents except in compliance with this chapter.

The director of the department of labor and industries shall make and promulgate rules and regulations concerning qualifications of users of explosives and shall have the authority to issue licenses for users of explosives to effectuate the purpose of this chapter: Provided, That where there is a finding by the director that the use or disposition of explosives in any class of industry presents no unusual hazard to the safety of life or limb of persons employed therewith, and where the users are supervised by a superior in an employment relationship who is sufficiently experienced in the use of explosives, and who possesses a license for such use under this chapter, the director in his discretion may exclude said users in those classes of industry from individual licensing.

The director of the department of labor and industries shall make and promulgate rules and regulations concerning the manufacture, sale, purchase, use, transportation, storage, and disposal of explosives, and shall have the authority to issue licenses for the manufacture, purchase, sale, use, transportation, and storage of explosives to effectuate the purpose of this chapter. The director of the department of labor and industries is hereby delegated the authority to grant written waiver of this chapter whenever it can be shown that the manufacturing, handling, or storing of explosives are in compliance with applicable national or federal explosive safety standards: Provided, That any resident of this state who is qualified to purchase explosives in this state and who has complied with the provisions of this chapter applicable to him may purchase explosives from an authorized dealer of a bordering state and may transport said explosives into this state for use herein: Provided further, That residents of this state shall, within ten days of the date of purchase, present to the department of labor and industries a report signed by both vendor and vendee of every purchase from an out of state dealer, said report indicating the date of purchase, name of vendor, vendor's license number, vendor's business address, amount and kind of explosives purchased, the name of the purchaser, the purchaser's license number, and the name of receiver if different than purchaser.

It shall be unlawful to sell, give away or otherwise dispose of, or deliver to any person under twenty-one years of age any explosives other than small arms ammunition and handloader components, whether said person is acting for himself or for any other person: Provided, That if there is a finding by the director that said use or disposition of explosives poses no unusual hazard to the safety of life or limb in any class of industry, where persons eighteen years of age or older are employed as users, and where said persons are adequately trained and adequately supervised by a superior in an employment relationship who is sufficiently experienced in the use of explosives, and who possesses a valid license for such use under this chapter, the director in his discretion may exclude said persons in that class of industry from said minimum age requirement.

All persons engaged in keeping, using or storing any compound, mixture or material, in wet condition, or otherwise, which upon drying out or undergoing other physical changes, may become an explosive within the definition of RCW 70.74.010, shall report in writing subscribed to by such person or his agent, to the department of labor and industries, report blanks to be furnished by such department, and such reports to require:
(1) The kind of compound, mixture or material kept or stored, and maximum quantity thereof.

(2) Condition or state of compound, mixture or material.

(3) Place where kept or stored.

The department of labor and industries may at any time cause an inspection to be made to determine whether the condition of the compound, mixture or material is as reported. [1972 ex.s. c 88 § 6; 1969 ex.s. c 137 § 4; 1967 c 99 § 1; 1931 c 111 § 2; RRS § 5440-2.]

The director of the department of labor and industries shall establish by rule or regulation requirements for classification, location and construction of magazines for storage of explosives in compliance with accepted applicable explosive safety standards. All explosives shall be kept in magazines which meet the requirements of this chapter. [1969 ex.s. c 137 § 9.]

70.74.030 Quantity and distance table for storage—Exceptions. All explosive manufacturing buildings and magazines in which explosives or blasting agents except small arms ammunition and smokeless powder are had, kept, or stored, must be located at distances from inhabited buildings, railroads, highways, and public utility transmission systems in conformity with the following quantity and distance tables, and these tables shall be the basis on which applications for license for storage shall be made and license for storage issued, as provided in RCW 70.74.110 and 70.74.120. All distances prescribed in the following quantity and distance tables are unbarricaded, and, if there is an efficient artificial barricade or a natural barricade between the explosives manufacturing building or magazine and another explosives manufacturing building or magazine, building, railroad, highway, or public utility transmission system, the distance prescribed in the following quantity and distance tables may be reduced by one-half. Blasting and electric blasting caps in strength through No. 8 must be rated as one and one-half pounds of explosives per one thousand caps. Blasting and electric blasting caps of strength higher than No. 8 must be computed on the combined weight of explosives.

The quantity and distance table governing the manufacture, keeping and storage of explosives to be as follows:

70.74.110 Manufacturer's report—Inspection—License. All persons engaged in the manufacture of explosives, or any process involving explosives, or where explosives are used as a component part in the manufacture of any article or device, on the date when this 1969 amendatory act takes effect, shall within sixty days thereafter, and all persons engaging in the manufacture of explosives, or any process involving explosives, or where explosives are used as a component part in the manufacture of any article or device after this act takes effect shall, before so engaging, make an application in writing, subscribed to by such person or his agent, to the department of labor and industries, the application stating:

1. Location of place of manufacture or processing;
2. Kind of explosives manufactured, processed or used;
3. The distance that such explosives manufacturing building is located or intended to be located from the other factory buildings, magazines, inhabited buildings, railroads and highways and public utility transmission systems;
4. The name and address of the applicant;
5. The reason for desiring to manufacture explosives;
6. The applicant's citizenship, if the applicant is an individual;
7. If the applicant is a partnership, the names and addresses of the partners, and their citizenship;
8. If the applicant is an association or corporation, the names and addresses of the officers and directors thereof, and their citizenship; and
9. Such other pertinent information as the director of labor and industries shall require to effectuate the purpose of this chapter.

There shall be kept in the main office on the premises of each explosives manufacturing plant a plan of said plant showing the location of all explosives manufacturing buildings and the distance they are located from other factory buildings where persons are employed and from magazines, and these plans shall at all times be open to inspection by duly authorized inspectors of the department of labor and industries. The superintendent of each plant shall upon demand of said inspector furnish the following information:

until it has been reinspected and any repairs, changes,
or alterations have been approved by the supervisor
and a permit on such a form as he may prescribe has

70.89.005 Purpose. The purpose of this chapter is to protect the consumer by reducing the high incidence of accidental injuries and deaths resulting from the use of ordinary annealed glass or substitutes therefor in hazardous locations. The legislature intends to provide to the homeowner, his family and guests, and to the general public, greater safety by prescribing the labeling and use of safety glazing material in hazardous locations in residential, commercial, industrial, and public buildings. [1973 1st ex.s. c 2 § 1.]

Effective date—1973 1st ex.s. c 2: See RCW 70.89.910.

70.89.010 Safety glazing material defined—Types—Tests—Definitions. As used in this chapter, unless the context otherwise requires:

(1) "Safety glazing material" means glazing materials, such as tempered glass, laminated glass, or wire glass which meet the test requirements of the American national standards institute standard ANSI--97.1--1972 and such additional requirements as may be prescribed by the director of the department of labor and industries after notice and hearing as required by chapter 34.04 RCW (the administrative procedure act), and which are so constructed, treated or combined with other materials as to minimize the likelihood of injury to persons by these safety glazing materials when they may be cracked or broken.

Materials other than glass which have properties supported by performance data may be approved by the director for use as glazing material.

(2) "Hazardous locations" means those structural elements, glazed or to be glazed in industrial, commercial and public buildings, known as framed or unframed glass entrance doors; and those structural elements, glazed or to be glazed in residential buildings and other structures used as dwellings, industrial buildings, commercial buildings, and public buildings, known as sliding glass doors, storm doors, shower doors, bathtub enclosures, and those fixed glazed panels immediately adjacent to entrance and exit doors which may be mistaken for doors; and any other structural elements, glazed or to be glazed, wherein the use of other than
Safeguarding the safety of occupants in buildings, especially in schools and hospitals, involves the careful selection, installation, and maintenance of glazing materials. This legislation ensures that doors, panels, and enclosures that constitute a means of egress, such as those in residential buildings, are made of durable, safety-rated materials. The regulated acts include both the installation and removal of these materials, ensuring that the door and panel systems effectively manage access to critical locations like stairwells and fire exits.

The definitions provided in this legislative text are crucial for understanding the implications of the safety standards. Terms like "hazardous location," "safety glazing materials," and "means of egress" are distinctly defined, guiding the actions needed for compliance. The labeling requirements stipulate that such materials should be permanently labeled, and the labeling must be visible from the inside of the building. This ensures transparency and accountability, protecting the public by providing clear indications of the safety standards in place.

The effective date of this act is significant, indicating when the amendments to previous legislation come into force. This is important for businesses and individuals looking to ensure compliance with the new regulations.

In summary, this text sets forth a comprehensive framework for ensuring the safety of building occupants through the proper selection and installation of glazing materials, specifically highlighting the role of doors, panels, and enclosures in providing means of egress and the need for permanent labeling to meet safety standards.

The rules and regulations duly promulgated by each respective administrative authority specified in RCW 70.92.060 shall be the minimum standards and specifications required by this chapter, and shall be in conformity with the most approved methods for providing facilities required by this chapter. The booklet entitled "American Standard Specifications for Making Buildings and Facilities Accessible to and Usable by the Physically Handicapped" (U.S. Patent A1171–1961), approved October 1961, by the American Standards Association, Incorporated, shall be considered and used as far as is practicable in determining such approved methods.

Each administrative authority enumerated in RCW 70.92.060 shall, as soon as practicable after June 8, 1967, obtain an authentic copy of the standards referred to in the first paragraph hereof and promulgate the necessary rules, regulations and standards to effectuate this chapter. Such administrative authority shall annually thereafter obtain a new set of such standards including therein any modifications and changes that have been made during the previous year in order to make such revisions as it deems necessary to keep its rules, regulations and standards current. Compliance with such rules, regulations and standards shall be prima facie evidence of compliance with the provisions of this chapter.

In cases of practical difficulty, unnecessary hardship or extreme differences, the administrative authorities responsible for the enforcement of this chapter may grant exceptions from the literal requirements of the standard specifications required by this chapter to permit the use of other methods or materials when in the opinion of the administrative authorities substantial compliance with the provisions of this chapter will be secured.

Nothing in this chapter shall be construed to limit the authority or power of any county, city, town or political subdivision of the state to enact and enforce under power and authority given by law, any ordinance, rule or regulation requiring equal, higher or better standards and specifications than those required by this chapter. [1967 c 35 § 3.]
70.92.040 Remodeling or rehabilitation of existing buildings—Application to. (1) Existing public buildings undergoing major remodeling or rehabilitation, after June 8, 1967, shall meet the requirements of this chapter except where the administrative authority determines that the full compliance is impracticable. However, those buildings and facilities for which contracts for the planning or design have been awarded prior to June 8, 1967 shall not be required to meet the requirements of this chapter.

(2) The standards and specifications shall be applicable only to those portions or parts of the building being remodeled or rehabilitated. [1967 c 35 § 4]

70.92.050 Approval of administrative authority before contract awarded. Approval of the administrative authority shall be secured before the awarding of construction contracts for any building covered by this chapter. [1967 c 35 § 5]

70.92.060 Responsibility for enforcement. The responsibility for enforcement of this chapter shall be as follows:

(1) Where state school funds are utilized, enforcement responsibility shall vest in the superintendent of public instruction.

(2) Where state funds are utilized, enforcement responsibility shall vest in the state agency having the statutory authority for the design and construction of buildings covered by this chapter.

(3) Where funds of counties, municipalities or other political subdivisions of the state are utilized, enforcement responsibility shall vest in the respective governing bodies thereof. [1967 c 35 § 6]

Reviser's note: Throughout chapter 70.93 RCW, the term "this 1971 amendatory act" has been changed to "this chapter"; "this 1971 amendatory act" [1971 ex.s. c 307] consists of this chapter, the 1971 amendment to RCW 46.61.655 and the repeal of RCW 9.66.060, 9.66.070 and 46.61.650.

70.93.010 Legislative findings. Recognizing the rapid population growth of the state of Washington and the ever increasing mobility of its people, as well as the fundamental need for a healthful, clean and beautiful environment; and further recognizing that the proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard; and further recognizing that there is an imperative need to anticipate, plan for, and accomplish effective litter control, there is hereby enacted this "Model Litter Control Act". [1971 ex.s. c 307 § 1.]

70.93.020 Declaration of purpose. The purpose of this chapter is to accomplish litter control throughout this state by delegating to the department of ecology the authority to conduct a permanent and continuous program to control and remove litter from this state to the maximum practical extent possible. Every other department of state government and all local governmental units and agencies of this state shall cooperate with the department of ecology in the administration and enforcement of this chapter. The intent of this chapter is to add to and to coordinate existing litter control and removal efforts and not terminate or supplant such efforts. [1971 ex.s. c 307 § 2.]
70.93.030 Definitions. As used in this chapter unless the context indicates otherwise:
(1) "Department" means the department of ecology;

In addition to his other powers and duties, the director shall have the power to propose and to adopt pursuant to chapter 34.04 RCW rules and regulations necessary to carry out the provisions, purposes, and intent of this chapter. [1971 ex.s. c 307 § 4.]

70.93.050 Enforcement of chapter. The director may designate trained employees of the department to be vested with police powers to enforce and administer the provisions of this chapter and all rules and regulations adopted thereunder. The director shall also have authority to contract with other state and local governmental agencies having law enforcement capabilities for services and personnel reasonably necessary to carry out the enforcement provisions of this chapter. In addition, state patrol officers, game protectors and deputy game protectors, fire wardens, deputy fire wardens and forest rangers, sheriffs and marshals and their deputies, and police officers, and those employees of the department of ecology and the parks and recreation commission vested with police powers all shall enforce the provisions of this chapter and all rules and regulations adopted thereunder and are hereby empowered to issue citations to and/or arrest without warrant, persons violating any provision of this chapter or any of the rules and regulations adopted hereunder. All of the foregoing enforcement officers may serve and execute all warrants, citations, and other process issued by the courts in enforcing the provisions of this chapter and rules and regulations adopted hereunder. [1971 ex.s. c 307 § 5.]

No person shall throw, drop, deposit, discard, or otherwise dispose of litter upon any public property in the state or upon private property in this state not owned by him or in the waters of this state whether from a vehicle or otherwise including but not limited to any public highway, public park, beach, campground, forest land, recreational area, trailer park, highway, road, street, or alley except:

(1) When such property is designated by the state or by any of its agencies or political subdivisions for the disposal of garbage and refuse, and such person is authorized to use such property for such purpose;
(2) Into a litter receptacle in such a manner that the litter will be prevented from being carried away or deposited by the elements upon any part of said private or public property or waters.

Any person violating the provisions of this section shall be guilty of a misdemeanor and the fine or bail forfeiture for such violation shall not be less than ten dollars for each offense, and, in addition thereto, in the sound discretion of any court in which conviction is obtained, such person may be directed by the judge to pick up and remove from any public place or any private property with prior permission of the legal owner upon which it is established by competent evidence that such person has deposited litter, any or all litter deposited thereon by anyone prior to the date of execution of sentence. [1971 ex.s. c 307 § 6.]

70.93.070 Collection of fines and forfeitures. The director shall prescribe the procedures for the collection of fines and bail forfeitures including the imposition of additional penalty charges for late payment of fines. [1971 ex.s. c 307 § 7.]

70.93.080 Notice to public—Contents of chapter—Required. Pertinent portions of this chapter shall be posted along the public highways of this state and in all campgrounds and trailer parks, at all entrances to state parks, forest lands, and recreational areas, at all public beaches, and at other public places in this state where persons are likely to be informed of the existence and content of this chapter and the penalties for violating its provisions. [1971 ex.s. c 307 § 8.]
70.93.090 Litter receptacles—Use of anti-litter symbol—Distribution—Placement—Violations—Penalties. The department shall design and the director shall adopt by rule or regulation one or more types of litter receptacles which are reasonably uniform as to size, shape, capacity and color, for wide and extensive distribution throughout the public places of this state. Each such litter receptacle shall bear an anti-litter symbol as designed and adopted by the department. In addition, all litter receptacles shall be designed to attract attention and to encourage the depositing of litter.

Litter receptacles of the uniform design shall be placed along the public highways of this state and at all parks, campgrounds, trailer parks, drive-in restaurants, gasoline service stations, tavern parking lots, shopping centers, grocery store parking lots, parking lots of major industrial firms, marinas, boat launching areas, boat moorage and fueling stations, public and private piers, beaches and bathing areas, and such other public places within this state as specified by rule or regulation of the director adopted pursuant to chapter 34.04 RCW. The number of such receptacles required to be placed as specified herein shall be determined by a formula related to the need for such receptacles.

It shall be the responsibility of any person owning or operating any establishment or public place in which litter receptacles of the uniform design are required by this section to procure and place such receptacles at their own expense on the premises in accord with rules and regulations adopted by the department.

Any person who fails to place such litter receptacles on the premises in the numbers required by rule or regulation of the department, violating the provisions of this section or rules or regulations adopted thereunder shall be subject to a fine of ten dollars for each day of violation. [1971 ex.s. c 307 § 9.]

70.93.100 Litter bags—Design and distribution by department authorized—Violations—Penalties. The department may design and produce a litter bag bearing the state-wide anti-litter symbol and a statement of the penalties prescribed herein for littering in this state. As soon as possible after May 21, 1971, such litter bags may be distributed by the department of motor vehicles at no charge to the owner of every licensed vehicle in this state at the time and place of license renewal. The department of ecology may make such litter bags available to the owners of water craft in this state and may also provide such litter bags at no charge at points of entry into this state and at visitor centers to the operators of incoming vehicles and watercraft. The owner of any vehicle or watercraft who fails to keep and use a litter bag in his vehicle or watercraft shall be guilty of a violation of this section and shall be subject to a fine as provided in this chapter. [1971 ex.s. c 307 § 10.]

70.93.110 Removal of litter—Responsibility. Responsibility for the removal of litter from receptacles placed at parks, beaches, campgrounds, trailer parks, and other public places shall remain upon those state and local agencies performing litter removal. Removal of litter from litter receptacles placed on private property which is used by the public shall remain the responsibility of the owner of such private property. [1971 ex.s. c 307 § 11.]

70.93.120 Litter assessment—Imposed—Amount—Collection. There is hereby levied and there shall be collected by the department of revenue from every person engaging within this state in business as a manufacturer and/or making sales at wholesale and/or making sales at retail, an annual litter assessment equal to the value of products manufactured and sold within this state, including by-products, multiplied by one and one-half hundredths of one percent in the case of manufacturers, and equal to the gross proceeds of the sales of the business within this state multiplied by one and one-half hundredths of one percent in the case of sales at wholesale and/or at retail. [1971 ex.s. c 307 § 12.]

70.93.130 Litter assessment—Application to certain products. Because it is the express purpose of this chapter to allocate a portion of the cost of administering it to those industries whose products including the packages, wrappings, and containers thereof, are reasonably related to the litter problem, in arriving at the amount upon which the assessment is to be calculated only the value of products or the gross proceeds of sales of products falling into the following categories shall be included:

1. Food for human or pet consumption.
2. Groceries.
3. Cigarettes and tobacco products.
4. Soft drinks and carbonated waters.
5. Beer and other malt beverages.

The department of revenue by rule and regulation made pursuant to chapter 34.04 RCW may, if such is required, define the categories (1) through (13) as set forth in RCW 70.93-.130. In making any such definitions, the department of revenue shall be guided by the following standards:

1. It is the purpose of this chapter to accomplish effective control of litter within this state;
2. It is the purpose of this chapter to allocate a portion of the cost of administration of this chapter to those industries manufacturing and/or selling products and the packages, wrappings, or containers thereof which are reasonably related to the litter problem within this state. [1971 ex.s. c 307 § 14.]
70.93.150 "Sold within this state"—"Sales of the business within this state"—Defined. "Sold within this state" or "sales of the business within this state" as used in RCW 70.93.120 shall mean all sales of retailers engaged in business within this state and all sales of products for use or consumption within this state in the case of manufacturers and wholesalers. [1971 ex.s. c 307 § 15.]

70.93.160 Application of chapters 82.04 and 82.32 RCW to chapter—Exceptions. All of the provisions of chapters 82.04 and 82.32 RCW such as they apply are incorporated herein except RCW 82.04.220 through 82.04.290, and 82.04.330. [1971 ex.s. c 307 § 16.]

70.93.170 Litter assessment—Exemptions. The litter assessment herein provided for shall not be applied to the value of products or gross proceeds of the sales of any animal, bird, or insect or the milk, eggs, wool, fur, meat, honey, or other substance obtained therefrom, if the person performs only the growing or raising function of such animal, bird, or insect. In all other instances, the assessment shall be applied. [1971 ex.s. c 307 § 17.]

70.93.180 Litter control account—Creation—Composition. There is hereby created an account within the general fund to be known as the "litter control account". All assessments, fines, bail forfeitures, and other funds collected or received pursuant to this chapter shall be deposited in the litter control account and used for the administration and implementation of this chapter. [1971 ex.s. c 307 § 18.]

70.93.190 Litter control account—Distribution of funds—Authorization. The department shall allocate funds annually for the study of available research and development in the field of litter control, removal, and disposal, as well as study methods for implementation in this state of said research and development. In addition, such fund may be used for the development of public educational programs concerning the litter problem. Grants shall be made available for these purposes to those persons deemed appropriate and qualified by the director. [1971 ex.s. c 307 § 19.]

70.93.200 Department of ecology—Administration of anti-litter program—Guidelines. In addition to the foregoing, the department of ecology shall:

1. Serve as the coordinating agency between the various industry organizations seeking to aid in the anti-litter effort;

2. Recommend to the governing bodies of all local governments that they adopt ordinances similar to the provisions of this chapter;

3. Cooperate with all local governments to accomplish coordination of local anti-litter efforts;

70.93.210 Anti-litter campaign—Industrial cooperation requested. To aid in the state-wide anti-litter campaign, the state legislature requests that the various industry organizations which are active in anti-litter efforts provide active cooperation with the department of ecology so that additional effect may be given to the anti-litter campaign of the state of Washington. [1971 ex.s. c 307 § 21.]

70.93.230 Violations of chapter—Penalties. Every person convicted of a violation of this chapter for which no penalty is specially provided for shall be punished by a fine of not more than ten dollars for each such violation. [1971 ex.s. c 307 § 23.]

70.93.900 Severability—1971 ex.s. c 307. If any provision of this 1971 amendatory act or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected. [1971 ex.s. c 307 § 25.]

Pollution Disclosure Act of 1971: Chapter 90.52 RCW.
Chapter 70.94

Tax exemptions and credits for air pollution control facilities: Chapter 82.34 RCW.

70.94.011 Declaration of public policies and purpose—Division of state into two major areas. It is declared to be the public policy of the state to secure and maintain such levels of air quality as will protect human health and safety and comply with the requirements of the federal clean air act, and, to the greatest degree practicable, prevent injury to plant and animal life and property, foster the comfort and convenience of its inhabitants, promote the economic and social development of the state, and facilitate the enjoyment of the natural attractions of the state. The problems and effects of air pollution are frequently regional and interjurisdictional in nature, and are dependent upon the existence of urbanization and industrialization in areas having common topography and recurring weather conditions conducive to the buildup of air contaminants.

It is also declared as public policy that regional air pollution control programs are to be encouraged and supported to the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality.

It is also declared to be the public policy of the state to provide for the people of the populous metropolitan regions in the state the means of obtaining air pollution control not adequately provided by existing agencies of local government. For reasons of the present and potential dramatic growth in population, urbanization, and industrialization, the special problem of air resource management, encompassing both corrective and preventive measures for the control of air pollution cannot be adequately met by the individual towns, cities, and counties of many metropolitan regions.

In addition, the state is divided into two major areas, each having unique characteristics as to natural climatic and topographic features which may result in the different potentials for the accumulation and buildup of air contaminant concentrations. These two major areas are the area lying west of the Cascade Mountain crest and the area lying east of the Cascade Mountain crest. Within each of these major areas are regions which, because of the climate and topography and present and potential urbanization and industrial development may, through definitive evaluation be classed as regional air pollution areas.

To these ends it is the purpose of this chapter to provide for a coordinated state-wide program of air pollution prevention and control, for an appropriate distribution of responsibilities between the state, regional, and local units of government, and for cooperation across jurisdictional lines in dealing with problems of air pollution.

(4) The boards of those authorities designated as activated authorities by this chapter shall be comprised of such appointees and/or county commissioners as is provided in RCW 70.94.100. The first meeting of the boards of those authorities designated as activated authorities by this chapter shall be on or before sixty days after June 8, 1967.

(5) The state board and the department of health are directed to conduct the necessary evaluations and delineate appropriate air pollution regions throughout the state, taking into consideration:

(a) The natural climatic and topographic features affecting the potential for buildup of air contaminant concentrations,

(b) The degree of urbanization and industrialization and the existence of activities which are likely to cause air pollution.

(c) The county boundaries as related to the air pollution regions and the practicality of administering air pollution control programs.

The state board and the department are directed to report to the 1969 and succeeding legislative sessions with respect to the further need for activating or combining air pollution control authorities. [1967 c 238 § 4.]

### 70.94.057 Multicounty authority may be formed by contiguous counties—Name

### 70.94.068 Merger of active and inactive authorities to form multicounty or regional authority—Procedure

The respective boards of county commissioners of two or more contiguous counties may merge any combination of their several inactive or activated authorities to form one activated multicounty authority. Upon a determination that the purposes of this chapter will be served by such merger, each board of county commissioners may adopt the resolution providing for such merger. Such resolution shall become effective only when a similar resolution is adopted by the other contiguous county or counties comprising the proposed authority. The boundaries of such authority shall be coextensive with the boundaries of the counties within which it is located. [1969 ex.s. c 168 § 3; 1967 c 238 § 11.]

Such fees and mileage, and the cost of duplicating records required to be produced by subpoena issued upon the motion of the board or state board, shall be paid by the board or state board. Such fees and mileage, and the cost of producing records required to be produced by subpoena issued upon the request of a party, shall be paid by that party.

4. If an individual fails to obey the subpoena, or obeys the subpoena but refuses to testify when required concerning any matter under examination or investigation or the subject of the hearing, the board or state board shall file its written report thereof and proof of service of its subpoena, in any court of competent jurisdiction in the county where the examination, hearing or
investigation is being conducted. Thereupon, the court shall forthwith cause the individual to be brought before it and, upon being satisfied that the subpoena is within the jurisdiction of the board or state board and otherwise in accordance with law, shall punish him as if the failure or refusal related to a subpoena from or testimony in that court.

(5) The state board may make such rules and regulations as to the issuance of its own subpoenas as are not inconsistent with the provisions of this chapter. [1969 ex.s. c 168 § 17; 1967 c 238 § 26.]

70.94.143 Federal aid. Any authority exercising the powers and duties prescribed in this chapter may make application for, receive, administer, and expend any federal aid, under federal legislation from any agency of the federal government, for the prevention and control of air pollution or the development and administration of programs related to air pollution control and prevention, as permitted by RCW 70.94.141(12); Provided, That any such application shall be submitted to and approved by the state board. The state board shall adopt rules and regulations establishing standards for such approval and shall approve any such application, if it is consistent with this chapter, and any other applicable requirements of law. [1969 ex.s. c 168 § 18; 1967 c 238 § 27.]

70.94.151 Classification of air contaminant sources—Registration—Fee, when. (1) The board of any activated authority or the state board, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the state board or board of the authority, require registration and reporting shall register therewith and make reports containing information as may be required by such state board or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. The state board or board may require that such registration be accompanied by a fee and may determine the amount of such fee for such class or classes: Provided, That the amount of the fee shall only be to compensate for the costs of administering such registration program: Provided further, That any such registration made with either the board or the state board shall preclude a further registration with any other board or the state board. [1969 ex.s. c 168 § 19; 1967 c 238 § 28.]

70.94.152 Notice may be required of construction of new contaminant source—Submission of plans—Approval, disapproval—Emission control. (1) The department of ecology or board of any authority may require notice of the construction, installation, or establishment of any new air contaminant sources except single family and duplex dwellings. The department of ecology or board may require such notice to be accompanied by a fee and determine the amount of such fee: Provided, That the amount of the fee may not exceed the cost of reviewing the plans, specifications, and other information and administering such notice: Provided further, That any such notice given to either the board or to the department of ecology shall preclude a further notice to be given to any other board or to the department of ecology. Within thirty days of its receipt of such notice, the department of ecology or board may require, as a condition precedent to the construction, installation, or establishment of the air contaminant source or sources covered thereby, the submission of plans, specifications, and such other information as it deems necessary in order to determine whether the proposed construction, installation, or establishment will be in accord with applicable rules and regulations in force pursuant to this chapter, and will provide all known available and reasonable methods of emission control. If on the basis of plans, specifications, or other information required pursuant to this section the department of ecology or board determines that the proposed construction, installation, or establishment will not be in accord with this chapter or the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto, or will not provide all known available and reasonable means of emission control, it shall issue an order for the prevention of the construction, installation, or establishment of the air contaminant source or sources. If on the basis of plans, specifications, or other information required pursuant to this section, the department of ecology or board determines that the proposed construction, installation, or establishment will be in accord with this chapter, and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto and will provide all known available and reasonable methods of emission control, it shall issue an order of approval of the construction, installation, and establishment of the air contaminant source or sources, which order may provide such conditions of operation as are reasonably necessary to assure the maintenance of compliance with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto.

(2) For the purposes of this chapter, addition to or enlargement or replacement of an air contaminant source, or any major alteration therein, shall be construed as construction or installation or establishment of a new air contaminant source. The determination, under subsection (1) of this section, of whether a proposed construction, installation, or establishment will be
in accord with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto shall include a determination of whether the operation of the new air contaminant source at the location proposed will cause any ambient air quality standard to be exceeded.

(3) Nothing in this section shall be construed to authorize the department of ecology or board to require the use of emission control equipment or other equipment, machinery, or devices of any particular type, from any particular supplier, or produced by any particular manufacturer.

(4) Any features, machines, and devices constituting parts of or called for by plans, specifications, or other information submitted pursuant to subsection (1) hereof shall be maintained in good working order.

(5) The absence of an ordinance, resolution, rule, or regulation, or the failure to issue an order pursuant to this section shall not relieve any person from his obligation to comply with any emission control requirements or with any other provision of law. [1973 1st ex.s. c 193 § 2; 1969 ex.s. c 168 § 20; 1967 c 238 § 29.]

### 70.94.155 Control of emissions—Schedules of compliance

Whenever any regulation relating to emission standards or other requirements for the control of emissions is adopted which provides for compliance with such standards or requirements no later than a specified time after the date of adoption of the regulation, the appropriate activated air pollution control authority or, if there be none, the department of ecology shall, by regulatory order, issue to air contaminant sources subject to the standards or requirements, schedules of compliance setting forth timetables for the achievement of compliance as expeditiously as practicable but in no case later than the time specified in the regulation. Interim dates in such schedules for the completion of steps of progress toward compliance shall be as enforceable as the final date for full compliance therein. [1973 1st ex.s. c 193 § 3.]

### 70.94.170 Control officer

Any activated authority which has adopted an ordinance, resolution, or valid rules and regulations as provided herein for the control and prevention of air pollution shall appoint a control officer, who shall observe and enforce the provisions of this chapter and all orders, ordinances, resolutions, or rules and regulations of such activated authority pertaining to the control and prevention of air pollution. [1969 ex.s. c 168 § 21; 1967 c 238 § 30; 1957 c 232 § 17.]

### 70.94.181 Variances—Application for—Considerations—Limitations—Renewals—Review

(1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department of ecology where it has regulatory authority under RCW 70.94.390, 70.94.395, 70.94.410, and 70.94.420, or board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department of ecology or board may require. The department of ecology or board may grant such variance, but only after public hearing or due notice, if it finds that:

(a) The emissions occurring or proposed to occur do not endanger public health or safety; and

(b) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(2) No variance shall be granted pursuant to this section until the department of ecology or board has considered the relative interests of the applicant, other owners of property likely to be affected by the discharges, and the general public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) and for time periods and under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement or control of the pollution involved, it shall be only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternate measures that the department of ecology or board may prescribe.

(b) If the application for variance shows that there is no automobile fragmentizer within a reasonable distance of the wrecking yard for which the variance is sought, a variance will be granted for a period not to exceed three years for commercial burning of automobile hulks, subject to such conditions as the department of ecology may impose as to climatic conditions and hours during which burning of such hulks may be carried out: Provided, however, That any variance granted hereunder shall be of no force and effect after July 1, 1970.

(c) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department of ecology or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herebetween shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(d) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in item (a), (b) and (c) of this subparagraph, it shall be for not more than one year.

(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods which would be appropriate on initial granting of a variance. If complaint is made to the department of ecology or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the state board or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the
expiration of the variance. Immediately upon receipt of an application for renewal, the department of ecology or board shall give public notice of such application in accordance with rules and regulations of the department of ecology or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department of ecology or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department of ecology or board may obtain judicial review thereof under the provisions of chapter 34.04 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of *RCW 70.94.415* to any person or his property.

(7) An application for a variance, or for the renewal thereof, submitted to the department of ecology or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department of ecology or board agree to a continuance. [1974 1st ex.s. c 59 § 1; 1969 ex.s. c 168 § 22; 1967 c 238 § 31.]

*Reviser's note:* *RCW 70.94.415* was repealed by 1971 ex.s. c 194 § 7.

70.94.200 Investigation of conditions by control officer or director of health—Entering private, public property. For the purpose of investigating conditions specific to the control, recovery or release of air contaminants into the atmosphere, a control officer, the director of the state department of health or their duly authorized representatives, shall have the power to enter at reasonable times upon any private or public property, excepting nonmultiple unit private dwellings housing two families or less. No person shall refuse entry or access to any control officer, the director of health, or their duly authorized representatives, who requests entry for the purpose of inspection, and who presents appropriate credentials; nor shall any person obstruct, hamper or interfere with any such inspection. [1967 c 238 § 32; 1957 c 232 § 20.]

70.94.205 Confidentiality of records and information. Whenever any records or other information, other than ambient air quality data or emission data, furnished to or obtained by the department of ecology or the board of any authority pursuant to any sections in chapter 70.94 RCW, relate to processes or production unique to the owner or operator, or is likely to affect adversely the competitive position of such owner or operator if released to the public or to a competitor, and the owner or operator of such processes or production so certifies, such records or information shall be only for the confidential use of the department of ecology or board. Nothing herein shall be construed to prevent the use of records or information by the department of ecology or board in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere: Provided, That such analyses or summaries do not reveal any information otherwise confidential under the provisions of this section: Provided further, That emission data furnished to or obtained by the department of ecology or board shall be correlated with applicable emission limitations and other control measures and shall be available for public inspection during normal business hours at offices of the department of ecology or board. [1973 1st ex.s. c 193 § 4; 1969 ex.s. c 168 § 23; 1967 c 238 § 33.]

70.94.211 Violations—Notice—Action by governing body, board or control officer—Hearing—Action by board. Whenever the board or the control officer has reason to believe that any provision of this chapter or any ordinance, resolution, rule or regulation relating to the control or prevention of air pollution has been violated, such board or control officer may cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the ordinance, resolution, rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the board or the control officer may require that the alleged violator or violators appear before the board for a hearing, or in addition to or in place of an order or hearing, the board may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94-435. [1974 1st ex.s. c 69 § 4; 1970 ex.s. c 62 § 57; 1969 ex.s. c 168 § 24; 1967 c 238 § 34.]

70.94.222 Order—Finality—Review (as amended by 1970 ex.s. c 41 § 2). Any order issued by the board after a hearing shall become final unless no later than thirty days after the issuance of such order, a petition requesting judicial review is filed in accordance with the provisions of chapter 34.04 RCW as now or hereafter amended. When such a petition is filed, the superior court shall initiate a hearing pursuant to RCW 34.04.130 within ninety days after the receipt of the petition requesting judicial review. Every appeal from a decision of the superior court shall be heard by the appropriate appellate court as soon as possible. Such appeal shall be considered a case involving issues of broad public import requiring prompt and ultimate determination. [1970 ex.s. c 41 § 2; 1969 ex.s. c 168 § 26; 1967 c 238 § 36.]

70.94.223 Order—Stay pending final determination. Any order of the control officer or board shall be stayed pending final determination of any hearing or appeal taken in accordance with the provisions herein, unless after notice and hearing, the superior court shall determine that an emergency exists which is of such nature as to require that such order be in effect during the pendency of such hearing or appeal.

Nothing in this chapter shall prevent the control officer or board from making efforts to obtain voluntary compliance through warning, conference or any other appropriate means. [1969 ex.s. c 168 § 27; 1967 c 238 § 37.]

70.94.230 Rules of authority supersede local rules, regulations, etc.—Exceptions. The rules and regulations hereafter adopted by an authority under the provisions of this chapter shall supersede the existing rules, regulations, resolutions and ordinances of any of the component bodies included within said authority in all matters relating to the control and enforcement of air pollution as contemplated by this chapter: Provided, however, That existing rules, regulations, resolutions and ordinances shall remain in effect until such rules, regulations, resolutions and ordinances are superseded as provided in this section: Provided further, That nothing herein shall be construed to supersede any local county, or city ordinance or resolution, or any provision of the statutory or common law pertaining to nuisance; nor to affect any aspect of employer-employee relationship relating to conditions in a place of work, including without limitation, statutes, rules or regulations governing industrial health and safety standards or performance standards incorporated in zoning ordinances or resolutions of the component bodies where such standards relating to air pollution control or air quality containing requirements not less stringent than those of the authority. [1969 ex.s. c 168 § 28; 1967 c 238 § 38; 1957 c 232 § 23.]

70.94.231 Dissolution of prior districts—Continuation of rules and regulations until superseded. Upon the date that an authority begins to exercise its powers and functions, all districts formed as a district under chapter 70.94 RCW prior to June 8, 1967 which previously were wholly or partially composed of one or more cities or towns located within such activated authority shall be considered to be dissolved but its rules and regulations in force on such date shall remain in effect until superseded by the rules and regulations of the authority as provided in RCW 70.94.230. In such event, the board of any such district shall proceed to wind up the affairs of the district in the same manner as if the district were dissolved as provided in RCW 70.94.260. [1969 ex.s. c 168 § 29; 1967 c 238 § 39.]

70.94.232 Local or regional control program considered activated authority—Construction of prior ordinances, resolutions, rules or regulations. (1) Any local or regional air pollution control program formed as a district under chapter 70.94 RCW prior to June 8, 1967 which is composed of one or more counties and the cities and towns therein, and whose boundaries are coextensive with the boundaries of one or more counties, shall, upon June 8, 1967, be considered an activated authority, provided that within six months of June 8, 1967 the board of directors shall be reorganized to conform to the provisions of RCW 70.94.100, 70.94.110 and 70.94.120.

(2) Nothing in this chapter except those sections which do so expressly shall be construed to supersede or nullify the ordinances, resolutions, rules or regulations of any local or regional air pollution control program in operation on June 8, 1967, but such local or regional programs shall be subject to the provisions of RCW 70.94.230, 70.94.231, 70.94.232, 70.94.380, 70.94.395, 70.94.400 and 70.94.415. [1967 c 238 § 40.]

*Reviser's note: RCW 70.94.415 was repealed by 1971 ex.s. c 194 § 7.

70.94.240 Air pollution control advisory council. The board of any authority shall appoint an air pollution control advisory council to advise and consult with such board, and the control officer in effectuating the purposes of this chapter. The council shall consist of five appointed members who are residents of the authority and who are preferably skilled and experienced in the field of air pollution control, two of whom shall serve as representatives of industry. The chairman of the board of any such authority shall serve as ex officio member of the council and be its chairman. Each member of the council shall receive from the authority per diem and travel expenses in an amount not to exceed that provided for the state board in this chapter (but not to exceed one thousand dollars per year) for each full day spent in the performance of his duties under this chapter. A district formed under chapter 70.94 RCW prior to June 8, 1967 may be dissolved or an authority may be deactivated prior to the term provided in the original or subsequent agreement by the participating cities and towns comprising such district or the county or counties comprising such authority upon the adoption by the board, following a hearing held upon ten days notice, to said cities, towns, and counties, of a resolution for dissolution or deactivation and upon the approval by the governing body of each city or town comprising the district or the board of county commissioners of each county comprising the authority. In such event, the board shall proceed to wind up the affairs of the district or authority and pay all indebtedness thereof. Any surplus of funds shall be paid over to
the cities or towns comprising the district or to the counties comprising the authority in proportion to their last contribution. Upon the completion of the process of closing the affairs of the district or authority, the board shall by resolution entered in its minutes declare the district dissolved or the authority deactivated and a certified copy of such resolution shall be filed with the secretary of state and the district thereupon shall be deemed dissolved or the authority shall be deemed inactive. [1969 ex.s. c 168 § 31; 1967 c 238 § 43; 1957 c 232 § 26.]

70.94.305 Powers, duties and functions of state air pollution control board, executive director thereof, transferred to department of ecology. See RCW 43.21A.060.

70.94.331 Powers and duties of state board. (1) The state board shall have all the powers as provided in RCW 70.94.141.

(2) The state board, in addition to any other powers vested in it by law after consideration at a public hearing held in accordance with chapter 42.32 RCW and chapter 34.04 RCW shall:

(a) Adopt rules and regulations establishing air quality objectives and air quality standards;

(b) Adopt emission standards which shall constitute minimum emission standards throughout the state. An authority may enact more stringent emission standards, but in no event may less stringent standards be enacted by an authority without the prior approval of the state board after public hearing and due notice to interested parties;

(c) Adopt by rule and regulation air quality standards and emission standards for the control or prohibition of emissions to the outdoor atmosphere of dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof. Such requirements may be based upon a system of classification by types of emissions or types of sources of emissions, or combinations thereof, which it determines most feasible for the purposes of this chapter.

(3) The air quality standards and emission standards may be for the state as a whole or may vary from area to area, as may be appropriate to facilitate the accomplishment of the objectives of this chapter and to take necessary or desirable account of varying local conditions of population concentration, the existence of actual or reasonable foreseeable air pollution, topographic and meteorologic conditions and other pertinent variables.

(4) The state board is directed to cooperate with the appropriate agencies of the United States or other states or any interstate agencies or international agencies with respect to the control of air pollution and air contamination, or for the formulation for the submission to the legislature of interstate air pollution control compacts or agreements.

(5) The state board is directed to conduct or cause to be conducted a continuous surveillance program to monitor the quality of the ambient atmosphere as to concentrations and movements of air contaminants.

(6) The state board shall enforce the air quality standards and emission standards throughout the state except where a local authority is enforcing the state regulations or its own regulations which are more stringent than those of the state.

(7) The state board shall encourage local units of government to handle air pollution problems within their respective jurisdictions; and, on a cooperative basis provide technical and consultative assistance therefor.

(8) The state board shall have the power to require the addition to or deletion of a county from an existing authority in order to carry out the purposes of this chapter: Provided, however, That no such addition or deletion shall be made without the concurrence of any existing authority involved. Such action shall only be taken after a public hearing held pursuant to the provisions of chapter 34.04 RCW. [1969 ex.s. c 168 § 34; 1967 c 238 § 46.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.332 Violations—Notice—Action by department. Whenever the department has reason to believe that any provision of this chapter or any rule or regulation adopted by the state board or being enforced by the state board under RCW 70.94.410 relating to the control or prevention of air pollution has been violated, it may cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the department may require the alleged violator or violators appear before the state board or a duly appointed hearing officer for a hearing at a time and place specified in the notice given at least twenty days prior to such hearing and answer the charges complained of, or in addition to or in place of an order or hearing, the department may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435. [1967 c 238 § 46.]

70.94.333 Orders of department—Hearings—Judicial review. (1) Any order issued by the department shall become final unless, no later than twenty days after the date the notice and order are served, the person aggrieved by the order petitions for a hearing before the state board. Upon receipt of the petition, the state board shall hold a hearing after not less than twenty days prior notice to petitioning parties.

(2) If, after a hearing held as a result of a petition to the state board by a person aggrieved by an order, the state board finds that a violation has occurred or is occurring, it shall affirm or modify the order previously issued, or if the finding made is that no violation has occurred or is occurring, the order shall be rescinded. If, after a hearing held in lieu of an order, the state board finds that a violation has occurred or is occurring, it shall issue an appropriate order or orders for the prevention, abatement or control of the emissions involved or for the taking of such other corrective actions.
as may be appropriate. Any order issued as part of a notice or after hearing may prescribe the date or dates by which the violation or violations shall cease and may prescribe timetables for necessary action in preventing, abating or controlling the emissions.

(3) An order issued by the state board after a hearing shall become final unless no later than thirty days after the issuance and service of such order, a petition requesting judicial review is filed in the superior court of the county in which the violation is alleged to have occurred or is alleged to be likely to occur. Review shall be conducted without a jury de novo on the record in the superior court.

(4) The reviewing court may affirm or reverse the decision of the governing body or board. In addition, any party may move the court to remand the case to the state board, in the interests of justice, for the purpose of adding additional specified and material evidence, and findings thereon. Provided, That such party shall show reasonable grounds for the failure to adduce such evidence previously before the state board.

(5) Any order of the department or the state board shall be stayed pending final determination of any hearing or appeal taken in accordance with the provisions herein, unless after notice and hearing, the superior court shall determine that an emergency exists which is of such nature as to require that such order be in effect during the pendency of such hearing or appeal.

(6) Nothing in this chapter shall prevent the department or the state board from making efforts to obtain voluntary compliance through warning, conference or any other appropriate means.

(7) Any hearing held under RCW 70.94.181 or 70.94.333 by the state board shall be conducted in accord with RCW 34.04.090 through 34.04.130. [1967 c 238 § 48.]

70.94.334 Appointment of hearing officer—Powers and duties. (1) In all instances where the department of ecology or board of any authority is permitted or required to hold hearings under the provisions of this chapter, such hearings shall be held before the department of ecology or board of any authority, or the state board or board of any authority may appoint a hearing officer.

(2) A duly appointed hearing officer shall have all the powers, rights, and duties of the department of ecology or board of any authority relating to the conduct of hearings. [1973 1st ex.s.s. c 193 § 5; 1969 ex.s.s. c 168 § 35; 1967 c 238 § 49.]

70.94.340 Quarterly reports, special studies by director—Distribution. The state director of health shall prepare quarterly reports over his signature, with the approval of the members of the state board. Such reports shall be distributed to the legislative council and interested parties including the affected units of local government. When deemed necessary as the result of a test or survey, the director with the approval of the state board may transmit copies of special studies and recommendations to affected governmental entities. [1961 c 188 § 5.]

70.94.350 Contracts, agreements for use of personnel by director—Reimbursement—Merit system regulations waived. The director of health is authorized to contract for or otherwise agree to the use of personnel of municipal corporations or other agencies or private persons; and the director of health is further authorized to reimburse such municipal corporations or agencies for the employment of such personnel. Merit system regulations or standards for the employment of personnel may be waived for personnel hired under contract as provided for in this section. The director of health shall provide, within available appropriations, for the scientific, technical, legal, administrative, and other necessary services and facilities for the functioning of the state board. The necessary staff, services, and facilities shall be administered through an appropriate organizational unit of the department of health under the direction of the executive director of the state board. [1967 c 238 § 45; 1961 c 188 § 6.]

70.94.370 Powers and rights of governmental units and persons are not limited by act or recommendations. No provision of this chapter or any recommendation of the state board or of any local or regional air pollution program is a limitation:

(1) On the power of any city, town or county to declare, prohibit and abate nuisances.

(2) On the power of the director of the state department of health to provide for the protection of the public health under any authority presently vested in that office or which may be hereafter prescribed by law.

(3) On the power of a state agency in the enforcement, or administration of any provision of law which it is specifically permitted or required to enforce or administer.

(4) On the right of any person to maintain at any time any appropriate action for relief against any air pollution. [1967 c 238 § 59; 1961 c 188 § 8.]

70.94.380 Emission control requirements. (1) Every activated authority operating an air pollution control program shall have requirements for the control of emissions which are no less stringent than those adopted by the state board for the geographic area in which such air pollution control program is located. Less stringent requirements than compelled by this section may be included in a local or regional air pollution control program only after approval by the state board following demonstration to the satisfaction of the state board that the proposed requirements are consistent with the purposes of this chapter: Provided, That such approval shall be preceded by public hearing, of which notice has been given in accordance with chapter 42.32 RCW. The state board, upon receiving evidence that conditions have changed or that additional information is relevant to a decision with respect to the requirements for emission control, may, after public hearing on due notice, withdraw any approval previously given to a less stringent local or regional requirement.

Nothing in this chapter shall be construed to prevent a local or regional air pollution control district or authority from adopting and enforcing more stringent
emission control requirements than those adopted by
the state board and applicable within the jurisdiction of
the local or regional air pollution control district or au­
thority. [1969 ex.s.c 168 § 36; 1967 c 238 § 50.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.385 State financial aid—Application for—
Requirements. (1) Any authority may apply to the state
board for state financial aid. The state board shall
by
rule and regulation establish the ratio of state funds to
the local funds taking into consideration available fed­
eral and state funds. Any such aid shall be expended
from the general fund from such appropriations as the
legislature may provide for this purpose: Provided, That
federal funds shall be utilized to the maximum unless
otherwise approved by the state board: Provided fur­
ther. That the ratio of state funds to local funds of the
previous year shall not be changed without a public
hearing held by the state board.

(2) Before any such application is approved and fi­
nancial aid is given or approved by the state board, the
authority shall demonstrate to the satisfaction of the
state board that it is fulfilling the requirements of RCW
70.94.380, or, if the state board has not adopted ambi­
et air quality standards and objectives as permitted by
RCW 70.94.331, the authority shall demonstrate to the
satisfaction of the state board that it is acting in good
faith and doing all that is possible and reasonable to
control and prevent air pollution within its jurisdic­
tional boundaries and to carry out the purposes of this
chapter.

(3) The state board shall adopt rules and regulations
requiring the submission of such information by each
authority including the submission of its proposed
budget and a description of its program in support of
the application for state financial aid as necessary to
enable the state board to determine the need for state
aid. [1969 ex.s.c 168 § 37; 1967 c 238 § 51.]

70.94.390 Hearing upon activation of authority—
Finding—Assumption of jurisdiction by state
board—Expenses. The state board may, at any time
and on its own motion, hold a hearing to determine if
the activation of an authority is necessary for the pre­
vention, abatement and control of air pollution which
exists or is likely to exist in any area of the state. Notice
of such hearing shall be conducted in accordance with
chapter 42.32 RCW and chapter 34.04 RCW. If at such
hearing the state board finds that air pollution exists or
is likely to occur in a particular area, and that the pur­
poses of this chapter and the public interest will be best
served by the activation of an authority it shall design­
ate the boundaries of such area and set forth in a re­
port to the appropriate county or counties recommen­
dations for the activation of an authority: Provided, That if at such hearing the state board deter­
mines that the activation of an authority is not practical
or feasible for the reason that a local or regional air
pollution control program cannot be successfully estab­
lished or operated due to unusual circumstances and
conditions, but that the control and/or prevention of
air pollution is necessary for the purposes of this chap­
ter and the public interest, it may assume jurisdiction
and so declare by order. Such order shall designate the
geographic area in which, and the effective date upon
which, the state board will exercise jurisdiction for the
control and/or prevention of air pollution. The state
board shall exercise its powers and duties in the same
manner as if it had assumed authority under RCW
70.94.410.

All expenses incurred by the state board in the con­
trol and prevention of air pollution in any county pur­
suant to the provisions of RCW 70.94.390 and 70.94.410
shall constitute a claim against such county. The state
board shall certify the expenses to the auditor of the
county, who promptly shall issue his warrant on the
county treasurer payable out of the current expense
fund of the county. In the event that the amount in the
current expense fund of the county is not adequate to
meet the expenses incurred by the state board, the state
board shall certify to the state treasurer that they have a
prior claim on any money in the "liquor excise tax
fund" that is to be apportioned to that county by the
state treasurer as provided in RCW 82.08.170. In the
event that the amount in the "liquor excise tax fund"
that is to be apportioned to that county by the state
treasurer is not adequate to meet the expenses incurred
by the state board, the state board shall certify to the
state treasurer that they have a prior claim on any ex­
cess funds from the liquor revolving fund that are to be
distributed to that county as provided in RCW 66.08.190
through 66.08.220. All moneys that are collected as
provided in this section shall be placed in the general
fund in the account of the state air pollution control
board. [1969 ex.s.c 168 § 38; 1967 c 238 § 52.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.395 Control of particular types or classes of air
contaminant sources—Assumption by state board—
Hearing—Standards. If the state board finds, after
public hearing upon due notice to all interested parties,
that the emissions from a particular type or class of air
contaminant source should be regulated on a state-wide
basis in the public interest and for the protection of the
welfare of the citizens of the state, it may adopt and
enforce rules and regulations to control and/or prevent
the emission of air contaminants from such source: Pro­
vided, That an authority may, after public hearing and
a finding by the board of a need for more stringent
rules and regulations than those adopted by the state
board under this section, propose the adoption of such
rules and regulations by the state board for the control
of emissions from the particular type or class or air
contaminant source within the geographical area of
the authority. The state board shall hold a public hearing
and shall adopt the proposed rules and regulations
within the area of the requesting authority, unless it
finds that the proposed rules and regulations are incon­
sistent with the rules and regulations adopted by the
state board under this section: Provided, further, That
when such standards are adopted by the state board it
shall delegate to the authority all powers necessary for

[Title 70—p 113]
their enforcement at the request of the authority: Provided, That the state board may delegate the responsibility for the enforcement of such rules and regulations to any authority which it deems capable of enforcing such regulations: Provided further, That if after public hearing the state board finds that the regulation on a state-wide basis of a particular type of class of air contaminant source is no longer required for the public interest and the protection of the welfare of the citizens of the state, the state board may relinquish exclusive jurisdiction over such source. [1969 ex.s. c 168 § 39; 1967 c 238 § 53.]

70.94.400 Order activating authority—Filing—Hearing—Amendment of order. If, at the end of ninety days after the state board issues a report as provided for in RCW 70.94.390, to appropriate county or counties recommending the activation of an authority such county or counties have not performed those actions recommended by the state board, and the state board is still of the opinion that the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist, then the state board may, at its discretion, issue an order activating an authority. Such order, a certified copy of which shall be filed with the secretary of state, shall specify the participating county or counties and the effective date by which the authority shall begin to function and exercise its powers. Any authority activated by order of the state board shall choose the members of its board as provided in RCW 70.94.100 and begin to function in the same manner as if it had been activated by resolutions of the county or counties included within its boundaries. The state board may, upon due notice to all interested parties, conduct a hearing in accordance with chapter 42.32 RCW and chapter 34.04 RCW within six months after the order was issued to review such order and to ascertain if such order is being carried out in good faith. At such time the state board may amend any such order issued if it is determined by the state board that such order is being carried out in bad faith or the state board may take the appropriate action as is provided in RCW 70.94.410. [1969 ex.s. c 168 § 40; 1967 c 238 § 54.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.405 Hearing on effectiveness of prevention and control program—Report. At any time after an authority has been activated for no less than one year, the state board may, on its own motion, conduct a hearing held in accordance with chapter 42.32 RCW and chapter 34.04 RCW, as now or hereafter amended to determine whether or not the air pollution prevention and control program of such authority is being carried out in good faith and is as effective as possible under the circumstances: Provided, That no such hearing shall be held within one year of June 8, 1967. If at such hearing the board finds that such authority is not carrying out its air pollution control or prevention program in good faith, or is not doing all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, it shall set forth in a report to the appropriate authority: (1) Its recommendations as to how air pollution prevention and/or control might be more effectively accomplished; and (2) guidelines which will assist the authority in carrying out the recommendations of the state board. [1969 ex.s. c 168 § 41; 1967 c 238 § 55.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.410 Assumption of control by state board, when—Reestablishment of program—Withdrawal of state board. (1) If, after thirty days from the time that the state board issues a report or order to an authority under RCW 70.94.400 and 70.94.405, such authority has not taken any action which indicates that it is attempting in good faith to implement the recommendations or actions of the state board as set forth in the report or order, the state board may, by order, declare as null and void any or all ordinances, resolutions, rules or regulations of such authority relating to the control and/or prevention of air pollution, and at such time the state board shall become the sole body with authority to make and enforce rules and regulations to the control and/or prevention of air pollution within the geographical area of such authority. In this connection the state board may assume all those powers which are given to it by law to effectuate the purposes of this chapter. The state board may, by order, continue in effect and enforce those provisions of the ordinances, resolutions, or rules and regulations of such authority which are not less stringent than those requirements which the state board may have found applicable to the area under RCW 70.94.331 until such time as the board adopts its own rules and regulations. Any rules and regulations promulgated and any enforcement action, as provided in RCW 70.94.333, taken by the state board shall be subject to the provisions of chapter 34.04 RCW as it now appears or may hereinafter be amended and subject to RCW 70.94.425 and 70.94.435 to the extent that they are not inconsistent with chapter 34.04 RCW.

(2) No provision of this chapter is intended to prohibit any authority from reestablishing its air pollution control program which meets with the approval of the state board and which complies with the purposes of this chapter and with applicable rules and regulations and orders of the state board.

(3) Nothing in this chapter shall prevent the state board from withdrawing the exercise of its jurisdiction over an authority upon its own motion: Provided, That the state board has found at a hearing held in accordance with chapter 42.32 RCW and chapter 34.04 RCW as now or hereafter amended, that the air pollution prevention and control program of such authority will be carried out in good faith or that such program will do all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction. Upon the withdrawal of the state board, the state board shall prescribe certain recommendations as to how air pollution prevention and/or control is to be effectively accomplished and guidelines which will assist the authority in carrying out the recommendations of the state board. [1969 ex.s. c 168 § 42; 1967 c 238 § 56.]
It is declared to be the intent of the legislature of the state of Washington that any state department or agency having jurisdiction over any building, installation, or other property shall cooperate with the state board and upon conviction thereof shall be punished by a fine of not more than two hundred fifty dollars, or by imprisonment for not more than ninety days, or by both fine and imprisonment for each separate violation. Each day upon which such violation occurs shall constitute a separate violation.

Any person who wilfully violates any of the provisions of this chapter or any ordinance, resolution, rule or regulation in force pursuant thereto shall be guilty of a gross misdemeanor. Each day upon which such willful violation occurs shall constitute a separate offense. Upon conviction the offender shall be punished by a fine of not less than one hundred dollars for each offense.

Any person who wilfully violates RCW 70.94.205 or any other provision of this act shall be guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment for a term of not more than one year or by both fine and imprisonment. [1973 1st ex.s. c 176 § 1; 1967 c 238 § 61.]

*Reviser's note: "this act" apparently consists of the amendments to RCW 70.94.430 and 70.94.431 by 1973 1st ex.s. c 176.

Additional or alternative penalty—Enforcement. In addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of chapter 70.94 RCW or any of the rules and regulations of the department or the board shall incur a penalty in the form of a fine in an amount not to exceed two hundred fifty dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalty shall become due and payable when the person incurring the same receives a notice in writing from the director or his designee or the control officer of the authority or his designee describing the violation with reasonable particularity and advising such person that the penalty is due unless a request is made for a hearing to the hearings board as provided for in chapter 43.21B RCW. When a request is made for a hearing, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order affirming the penalty in whole or part. If the amount of such penalty is not paid to the department or the board within thirty days after it becomes due and payable, and a request for a hearing has not been made, the attorney general, upon the request of the director or his designee, or the attorney for the local authority, upon request of the board or control officer, shall bring an action to recover such penalty in the superior court of the county in which the violation occurred. All penalties recovered under this section by the state board shall be paid into the state treasury and credited to the general fund or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds.
To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

In all actions brought in the superior court for the recovery of penalties hereunder, the procedure and rules of evidence shall be the same as in an ordinary civil action. [1973 1st ex.s. c 176 § 2; 1969 ex.s. c 168 § 53.]

70.94.435 Additional means for enforcement of chapter. As an additional means of enforcing this chapter, the governing body or board may accept an assurance of discontinuance of any act or practice deemed in violation of this chapter or of any ordinance, resolution, rule or regulation adopted pursuant hereto, from any person engaging in, or who has engaged in, such act or practice. Any such assurance shall specify a time limit during which such discontinuance is to be accomplished. Failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of this chapter or the ordinances, resolutions, rules or regulations, or order issued pursuant thereto, which make the alleged act or practice unlawful for the purpose of securing any injunction or other relief from the superior court as provided in RCW 70.94.425. [1967 c 238 § 62.]

70.94.440 Short title. This chapter may be known and cited as the "Washington Clean Air Act". [1967 c 238 § 63.]

70.94.445 Air pollution control facilities—Tax exemptions and credits. See chapter 82.34 RCW.

70.94.510 Policy to cooperate with federal government. It is declared to be the policy of the state of Washington through the state air pollution control board to cooperate with the federal government in order to insure the coordination of the provisions of the federal and state clean air acts, and the state air pollution control board is authorized and directed to implement and enforce the provisions of this chapter in carrying out this policy as follows:

(1) To accept and administer grants from the federal government for carrying out the provisions of this chapter.

(2) To take all action necessary to secure to the state the benefits of the federal clean air act. [1969 ex.s. c 168 § 45.]

70.94.600 Reports of authorities to state board—Contents. All authorities in the state shall submit quarterly reports to the state board detailing the current status of air pollution control regulations in the authority and, by county, the progress made toward bringing all sources in the authority into compliance with authority standards and with district minimum standards. [1969 ex.s. c 168 § 52.]

70.94.650 Burning permits for weed abatement, instruction or agriculture activities—Issuance—Activities exempted from requirement. Any person who proposes to set fires in the course of the following:

(1) Weed abatement,

(2) Instruction in methods of fire fighting (except forest fires), or

(3) Disease prevention relating to agricultural activities, shall, prior to carrying out the same, obtain a permit from an air pollution control authority or the department of ecology, as appropriate. Each such authority and the department of ecology shall, by rule or ordinance, establish a permit system to carry out the provisions of this section except as provided in RCW 70.94.660. General criteria of state-wide applicability for ruling on such permits shall be established by the department, by rule or regulation, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both: Provided, That all permits so issued shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise the applicant is engaged in. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses or other approvals required by any other law: Provided further, That an application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, and development of physiological conditions conducive to increased crop yield, shall be granted within fourteen days from the date such application is filed: Provided, That nothing herein shall prevent a householder from setting fire in the course of burning leaves, clippings or trash when otherwise permitted locally. Nothing contained herein shall prohibit Indian campfires or the sending of smoke signals if part of a religious ritual. [1971 ex.s. c 232 § 1.]

70.94.654 Delegation of permit issuance and enforcement to counties. Whenever the department of ecology shall find that any county which is outside the jurisdictional boundaries of an activated air pollution control authority is capable of effectively administering the issuance and enforcement of permits for any or all of the kinds of burning identified in RCW 70.94.650(1) and (3) and desirous of doing so, the department of ecology may delegate all powers necessary for the issuance and enforcement of permits for any or all of the kinds of burning to the county: Provided, That such delegation may be withdrawn by the department of ecology upon a finding that the county is not effectively administering the permit program. [1973 1st ex.s. c 193 § 6.]
70.94.656 Open burning of field and turf grasses grown for seed—Alternatives—Studies—Funding—Procedures—Limitations. It is hereby declared to be the policy of this state that strong efforts should be made to minimize adverse effects on air quality from the open burning of field and turf grasses grown for seed. To such end this section is intended to promote the development of economical and practical alternate agricultural practices to such burning, and to provide for interim regulation of such burning until practical alternates are found.

(1) The department shall approve of a study or studies for the exploration and identification of economical and practical alternate agricultural practices to the open burning of field and turf grasses grown for seed. Prior to the issuance of any permit for such burning under RCW 70.94.650, there shall be collected a fee not to exceed fifty cents per acre of crop to be burned. Any such fees received by any authority shall be transferred to the department of ecology. The department of ecology shall deposit all such acreage fees in a special grass seed burning research account, hereby created, in the general fund. The department shall allocate moneys annually from this account for the support of any approved study or studies as provided for in this subsection. For the conduct of any such study or studies, the department may contract with public or private entities: Provided, That whenever the department of ecology shall conclude that sufficient reasonably available alternates to open burning have been developed, and at such time as all costs of any studies have been paid, the grass seed burning research account shall be dissolved, and any money remaining therein shall revert to the general fund.

(2) Whenever on the basis of information available to it, the department after public hearings have been conducted wherein testimony will be received and considered from interested parties wishing to testify shall conclude that any procedure, program, technique, or device constitutes a practical alternate agricultural practice to the open burning of field or turf grasses grown for seed, the department shall, by order, certify approval of such alternate. Thereafter, in any case in which any such approved alternate is reasonably available, the open burning of field and turf grasses grown for seed shall be disallowed and no permit shall issue therefor.

(3) Until approved alternates become available, the department or the authority may limit the number of acres on a pro rata basis among those affected for which permits to burn will be issued in order to effectively control emissions from this source.

(4) Permits issued for burning of field and turf grasses may be conditioned to minimize emissions insofar as practical, including denial of permission to burn during periods of adverse meteorological conditions. [1973 1st ex.s. c 193 § 7.]

70.94.660 Burning permits for abating or prevention of forest fire hazards, instruction or silvicultural operations—Issuance. The department of natural resources shall have the responsibility for issuing and regulating burning permits required by it relating to the following activities declared to be for the protection of life or property and/or in the public welfare:

1. Abating a forest fire hazard;
2. Prevention of a fire hazard;
3. Instruction of public officials in methods of forest fire fighting; and
4. Any silvicultural operation to improve the forest lands of the state. [1971 ex.s. c 232 § 2.]

Disposal of forest debris: RCW 76.04.310.

Burning permits, issuance, air pollution a factor: RCW 76.04.150, 76.04.170.

70.94.670 Burning permits for abating or prevention of forest fire hazards, instruction or silvicultural operations—Conditions for issuance and use of permits—Air quality standards to be met—Alternate methods to lessen forest debris. The department of natural resources in granting burning permits for fires for the purposes set forth in RCW 70.94.660 shall condition the issuance and use of such permits to comply with air quality standards established by the department of ecology after full consultation with the department of natural resources. Such burning shall not cause the state air quality standards for suspended particulate matter to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by the department of ecology, otherwise subject to air pollution from other sources. Air quality standards for suspended particulate matter shall be established and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when the air exceeds or threatens to exceed the standards over such critical areas. The suspended particulate matter shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established primary air mass stations or primary ground level monitoring stations over such designated areas. The department of natural resources shall set forth smoke dispersal objectives designed to minimize any air pollution from smoke from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging to reduce forest fire hazards and shall encourage development and use of procedures and equipment to burn forest debris in a manner that will produce less smoke. The department of natural resources shall, whenever practical, encourage development and use of alternative acceptable disposal methods. Such alternative methods shall be evaluated as to the relative impact on air, water and land pollution, and their financial feasibility. [1971 ex.s. c 232 § 3.]

70.94.680 Extension of burning permit requirements. The department of natural resources may extend burning permit requirements to cover the types of burning set forth in RCW 70.94.650 through 70.94.700 during the period from October 15 through March 15 in order to protect the air quality, and shall extend such requirements if the department of ecology deems such
action necessary to avoid an air pollution emergency where there is a high danger that normal operations at air contaminant sources in the area will be detrimental to the public health or safety. [1971 ex.s. c 232 § 4.]

70.94.690 Cooperation between department of natural resources and state, local, or regional air pollution authorities—Withholding of permits. In the regulation of outdoor burning not included in RCW 70.94.660 requiring permits from the department of natural resources, said department and the state, local, or regional air pollution control authorities will cooperate in regulating such burning so as to minimize insofar as possible duplicate inspections and separate permits while still accomplishing the objectives and responsibilities of the respective agencies.

Permits shall be withheld by the department of natural resources when so requested by the department of ecology if a forecast, alert, warning or emergency condition exists as defined in the episode criteria of the department of ecology. [1971 ex.s. c 232 § 5.]

70.94.700 Rules and regulations. The department of natural resources and the department of ecology may adopt rules and regulations necessary to implement their respective responsibilities under the provisions of RCW 70.94.650 through 70.94.700. [1971 ex.s. c 232 § 6.]

70.94.710 Air pollution episodes—Legislative finding—Declaration of policy. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety. [1971 ex.s. c 194 § 1.]

70.94.715 Air pollution episodes—Episode avoidance plan—Contents—Source emission reduction plans—Authority—Considered orders. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the phased reduction of emissions wherever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective state-wide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.04 RCW, shall include, but not be limited to the following:

1. The designation of episode criteria and stages, the occurrence of which will require the carrying out of preplanned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. "Forecast" means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. "Alert" means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. "Warning" means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. "Emergency" means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

2. The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;

3. Provisions for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, on the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

4. Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with applicable source emission reduction plans;

5. Provisions for enforcement by state and local police, personnel of the departments of ecology and social and health services, and personnel of local air pollution control agencies; and

6. Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in RCW 70.94.720.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the
### 70.94.720 Air pollution episodes—Declaration of air pollution emergency by governor
Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative. [1971 ex.s. c 194 § 2.]

### 70.94.725 Air pollution episodes—Restraining orders, temporary injunctions to enforce orders—Procedure
Whenever any order has been issued pursuant to RCW 70.94.710 through 70.94.730, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety. [1971 ex.s. c 194 § 3.]

### 70.94.730 Air pollution episodes—Orders to be effective immediately
Orders issued to declare any stage of an air pollution episode avoidance plan under RCW 70.94.715, and to declare an air pollution emergency, under RCW 70.94.720, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions, according to RCW 70.94.715 and 70.94.720 shall be effective immediately and shall not be stayed pending completion of review. [1971 ex.s. c 194 § 5.]

### 70.94.740 Limited outdoor burning—Policy
It is the policy of the state to achieve and maintain high levels of air quality and to this end to minimize to the greatest extent reasonably possible the burning of outdoor fires. Consistent with this policy, the legislature declares that such fires should be allowed only on a limited basis under strict regulation and close control. [1972 ex.s. c 136 § 1.]

### 70.94.745 Limited outdoor burning—Program
It shall be the responsibility and duty of the department of natural resources, department of ecology, fire districts and local air pollution control authorities to establish, through regulations, ordinances or policy, a limited burning program for the people of this state, consisting of a one-permit system, until such time as an alternate technology or method of disposing of the organic refuse described in this chapter shall have been developed which is reasonably economical and less harmful to the environment. It is the policy of this state to encourage the fostering and development of such alternate method or technology. [1972 ex.s. c 136 § 2.]

### 70.94.750 Limited outdoor burning—Fires permitted
The following outdoor fires described in this section may be burned subject to the provisions of the program established pursuant to RCW 70.94.755 for any area and subject to city ordinances, county resolutions, and rules and regulations of fire districts and laws and rules and regulations enforced by the department of natural resources:

1. Fires consisting of leaves, clippings, prunings and other yard and gardening refuse originating on lands immediately adjacent and in close proximity to a human dwelling and burned on such lands by the property owner or his designee.

2. Fires consisting of residue of a natural character such as trees, stumps, shrubbery or other natural vegetation arising from land clearing projects or agricultural pursuits for pest or disease control; provided the fires described in this subsection may be prohibited in those areas having a general population density of one thousand or more persons per square mile. [1972 ex.s. c 136 § 3.]

### 70.94.755 Limited outdoor burning—Establishment of program
Each activated air pollution control authority, and the department of ecology in those areas outside the jurisdictional boundaries of an activated air pollution control authority, shall establish, through regulations, ordinances or policy, a program implementing the limited burning policy authorized by RCW 70.94.740 through 70.94.765. [1972 ex.s. c 136 § 4.]

### 70.94.760 Limited outdoor burning—Construction
Nothing contained in RCW 70.94.740 through 70.94.765 is intended to alter or change the provisions of RCW 70.94.660, 70.94.710 through 70.94.730, and 76.04.150 through 76.04.170. [1972 ex.s. c 136 § 5.]

### 70.94.765 Limited outdoor burning—Authority of local air pollution control authority or department of ecology to allow outdoor fires not restricted
Nothing in RCW 70.94.740 through 70.94.765 shall be construed as prohibiting a local air pollution control authority or the department of ecology in those areas outside the jurisdictional boundaries of an activated pollution control authority from allowing outdoor fires not restricted.
authority from allowing the burning of outdoor fires. [1972 ex.s. c 136 § 6.]

70.94.770 Burning wood by resident of single family residence. Except as provided in RCW 70.94.775 and 70.94.780, nothing in this chapter or in regulations implementing this chapter shall prevent a resident of a single family residence from burning wood, so long as it has not been treated by an application of prohibitive material or substances, and natural vegetation in the course of maintaining or improving the grounds of such residence: Provided, That the department of ecology or board of any authority may set conditions for such burning so as to reduce the impact on air quality. [1973 1st ex.s. c 193 § 8.]

70.94.775 Outdoor burning—Fires prohibited—Exceptions. No person shall cause or allow any outdoor fire:

solid waste management. The legislature finds:
(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.
(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment. [1969 ex.s. c 134 § 1.]

70.95.020 Purpose. The purpose of this chapter is to establish a comprehensive state-wide program for solid waste handling which will prevent land, air, and water pollution and conserve the natural and economic resources of this state. To this end it is the purpose of this chapter:
(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;
(2) To provide for adequate planning for solid waste handling by local government;
(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling;
(4) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs. [1969 ex.s. c 134 § 2.]

70.95.030 Definitions. As used in this chapter, unless the context indicates otherwise:

(2) "Committee" means the solid waste advisory committee.
(3) "Department" means the department of ecology.
(4) "Director" means the director of the department of ecology.
(5) "Disposal site" means the location where any final treatment, utilization, processing, or depository of solid waste occurs.
(6) "Functional standards" means criteria for solid waste handling expressed in terms of expected performance or solid waste handling functions.
(7) "Jurisdictional health department" means city, county, city-county, or district public health department.
(8) "Person" means individual, firm, association, partnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever.
(9) "Solid waste" means all putrescible and nonputrescible solid and semisolid wastes including garbage, rubbish, ashes, industrial wastes, swill, demolition and construction wastes, abandoned vehicles or parts thereof, and discarded commodities.
(10) "Solid waste handling" means the storage, collection, transportation, treatment, utilization, processing, and final disposal of solid wastes. [1970 ex.s. c 62 § 60; 1969 ex.s. c 134 § 3.]

70.95.040 Solid waste advisory committee—Created—Membership—Chairman—Meetings—Expenses and per diem. There is created a solid waste advisory committee to provide consultation to the department of environmental quality concerning matters covered by this chapter. The committee shall advise on the development of programs and regulations for solid waste management, and shall supply recommendations concerning methods by which existing solid waste management practices and the laws authorizing them may be supplemented and improved.

The committee shall consist of seven members, including the assistant director for the division of solid waste management within the department. The remaining six members shall be appointed by the director with due regard to the interests of the public, local government, agriculture, industry, public health, and the refuse removal industry. The term of appointment shall be determined by the director. The committee shall elect its own chairman and meet at least four times a year, in accordance with such rules of procedure as it shall establish. Members shall receive no compensation for their services but shall be reimbursed twenty-five dollars per diem for each day or portion thereof spent serving as members of the committee and shall be paid their necessary traveling expenses while engaged in business of the committee as prescribed in chapter 43.03 RCW, as now or hereafter amended. [1969 ex.s. c 134 § 4.]
Solid waste advisory committee—Staff services and facilities. The department shall furnish necessary staff services and facilities required by the solid waste advisory committee. [1969 ex.s. c 134 § 5.]

Standards for solid waste handling—Areas. The department in accordance with procedures prescribed by the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended, may adopt such minimum functional standards for solid waste handling as it deems appropriate. The department in adopting such standards may classify areas of the state with respect to population density, climate, geology, and other relevant factors bearing on solid waste disposal standards. [1969 ex.s. c 134 § 6.]

Review of standards prior to adoption—Revisions, additions and modifications—Factors. The solid waste advisory committee shall review prior to adoption and shall recommend revisions, additions, and modifications to the minimum functional standards governing solid waste handling relating, but not limited to, the following:

1. Vector production and sustenance.
2. Air pollution (coordinated with regulations of the environmental quality department).
3. Pollution of surface and ground waters (coordinated with the regulations of the environmental quality department).
4. Hazards to service or disposal workers or to the public.
5. Prevention of littering.

County comprehensive solid waste management plan—Joint plans—Duties of cities. Each county within the state, in cooperation with the various cities located within such county, shall prepare a coordinated, comprehensive solid waste management plan. Such plan may cover two or more counties.

Each city shall:

1. Prepare and deliver to the county auditor of the county in which it is located its plan for its own solid waste management for integration into the comprehensive county plan; or
2. Enter into an agreement with the county pursuant to which the city shall participate in preparing a joint city-county plan for solid waste management; or
3. Authorize the county to prepare a plan for the city's solid waste management for inclusion in the comprehensive county plan.

Two or more cities may prepare a plan for inclusion in the county plan. With prior notification of its home county of its intent, a city in one county may enter into an agreement with a city in an adjoining county, or with an adjoining county, or both, to prepare a joint plan for solid waste management to become part of the comprehensive plan of both counties.

After consultation with representatives of the cities and counties, the department shall establish a schedule for the development of the comprehensive plans for solid waste management. In preparing such a schedule, the department shall take into account the probable cost of such plans to the cities and counties. [1969 ex.s. c 134 § 8.]

Contents of each county and city solid waste management comprehensive plan. Each county and city solid waste management plan shall include the following:

1. A detailed inventory and description of all existing solid waste handling facilities including an inventory of any deficiencies in meeting current solid waste handling needs.
2. The estimated long-range needs for solid waste handling facilities projected twenty years into the future.
3. A program for the orderly development of solid waste handling facilities in a manner consistent with the plans for the entire county which shall:
   a. Meet the minimum functional standards for solid waste handling adopted by the department and all laws and regulations relating to air and water pollution, fire prevention, flood control, and protection of public health;

   c. The population density of each area serviced by a city operation or by a franchised operation within the respective jurisdictions;
   d. The projected solid waste collection needs for the respective jurisdictions for the next six years. [1971 ex.s. c 293 § 1; 1969 ex.s. c 134 § 9.]

Certain provisions not to detract from commission powers, duties and functions. RCW 80.01.300.

Submission of plans to department—Recommended revisions. Each comprehensive county solid waste management plan shall be submitted to the department for technical review and approval. The comprehensive county solid waste handling plans and any city solid waste handling plans prepared in accordance with RCW 70.95.080 shall be maintained in a current condition and reviewed and revised periodically by counties and cities as may be required by the department of environmental quality. Upon each review such plans shall be extended to show long-range needs for solid waste handling facilities for twenty years in the future, and a revised construction and capital acquisition program for six years in the future. Each revised solid waste handling plan shall be submitted to the department of environmental quality. [1969 ex.s. c 134 § 11.]

70.95.120 Technical assistance. The department shall provide to counties and cities technical assistance in the preparation, review and revision of solid waste handling plans required by this chapter. [1969 ex.s. c 134 § 12.]

70.95.130 Financial aid to counties and cities. Any county may apply to the department on a form prescribed thereby for financial aid for the preparation of the comprehensive county plan for solid waste management required by RCW 70.95.080. Any city electing to prepare an independent city plan, a joint city plan, or a joint county–city plan for solid waste management for inclusion in the county comprehensive plan may apply for financial aid for such purpose through the county. Every city application for financial aid for planning shall be filed with the county auditor and shall be included as a part of the county's application for financial aid. Any city preparing an independent plan shall provide for disposal sites wholly within its jurisdiction.

The department shall allocate to the counties and cities applying for financial aid for planning, such funds as may be available pursuant to legislative appropriations or from any federal grants for such purpose.

The department shall determine priorities and allocate available funds among the counties and cities applying for aid according to criteria established by regulations of the department considering population, urban development, environmental effects of waste disposal, existing waste handling practices, and the local justification of their proposed expenditures. [1969 ex.s. c 134 § 13.]

70.95.140 Matching requirements. Counties and cities shall match their planning aid allocated by the director by an amount not less than twenty-five percent of the estimated cost of such planning. Any federal planning aid made directly to a county or city shall not be considered either a state or local contribution in determining local matching requirements. Counties and cities may meet their share of planning costs by cash and contributed services. [1969 ex.s. c 134 § 14.]

70.95.150 Contracts with counties to assure proper expenditures. Upon the allocation of planning funds as provided in RCW 70.95.130, the department shall enter into a contract with each county receiving a planning grant. The contract shall include such provisions as the director may deem necessary to assure the proper expenditure of such funds including allocations made to cities. The sum allocated to a county shall be paid to the treasurer of such county. [1969 ex.s. c 134 § 15.]

70.95.160 County, city or jurisdictional board of health regulations. Each county, or any city, or jurisdictional board of health shall adopt regulations or ordinances governing solid waste handling implementing the comprehensive solid waste management plan covering storage, collection, transportation, treatment, utilization, processing and final disposal including the issuance of permits. Such regulations or ordinances shall assure that solid waste storage and disposal facilities are located, maintained, and operated in a manner so as properly to protect the public health, prevent air and water pollution, and avoid the creation of nuisances. Such regulations or ordinances may be more stringent than the minimum functional standards adopted by the department. Regulations or ordinances adopted by counties, cities, or jurisdictional boards of health shall be filed with the department of environmental quality. [1969 ex.s. c 134 § 16.]

70.95.170 Permit for solid waste disposal site or facilities—Required. After approval of the comprehensive solid waste plan by the department no solid waste disposal site or disposal site facilities shall be maintained, established, substantially altered, expanded, or improved until the county, city, or other person operating such site has obtained a permit from the jurisdictional health department pursuant to the provisions of RCW 70.95.180. [1969 ex.s. c 134 § 17.]

70.95.180 Permit for solid waste disposal site or facilities—Applications, fee. (1) Applications for permits to operate new or existing solid waste disposal sites shall be on forms prescribed by the department of environmental quality and shall contain a description of the proposed and existing facilities and operations at the site, plans and specifications for any new or additional facilities to be constructed, and such other information as the jurisdictional health department may deem necessary in order to determine whether the site and solid waste disposal facilities located thereon will comply with local and state regulations.

(3) The jurisdictional health department shall investigate every application as may be necessary to determine whether an existing or proposed site and facilities meet all applicable laws and regulations, and conforms with the approved comprehensive solid waste handling plan, and complies with all zoning requirements.

(4) When the jurisdictional health department finds that the permit should be issued, it shall issue such permit. Every application shall be approved or disapproved
within ninety days after its receipt by the jurisdictional health department.

(5) The jurisdictional board of health may establish reasonable fees for permits and renewal of permits. All permit fees collected by the health department shall be deposited in the treasury and to the account from which the health department’s operating expenses are paid. [1969 ex.s. c 134 § 18.]

70.95.190 Permit for solid waste disposal site or facilities—Renewal. Every permit for a solid waste disposal site shall be renewed annually on a date to be established by the jurisdictional health department having jurisdiction of the site. Prior to renewing a permit, the health department shall conduct such inspections as it deems necessary to assure that the solid waste disposal site and facilities located on the site meet minimum functional standards of the department of environmental quality and applicable local regulations. [1969 ex.s. c 134 § 19.]

70.95.200 Permit for solid waste disposal site or facilities—Suspension. Any permit for a solid waste disposal site issued as provided herein shall be subject to suspension at any time the jurisdictional health department determines that the site or the solid waste disposal facilities located on the site are being operated in violation of this chapter, or the regulations of the department or local laws and regulations. [1969 ex.s. c 134 § 20.]

70.95.210 Hearing—Appeal. Whenever the jurisdictional health department denies a permit or suspends a permit for a solid waste disposal site, it shall, upon request of the applicant or holder of the permit, grant a hearing on such denial or suspension within thirty days after the request therefor is made. Notice of the hearing shall be given all interested parties including the county or city having jurisdiction over the site and the department of environmental quality. Within thirty days after the hearing, the health officer shall notify the applicant or the holder of the permit in writing of his determination and the reasons therefor. Any party aggrieved by such determination may appeal to the department of environmental quality by filing with the director a notice of appeal within thirty days after receipt of notice of the determination of the health officer. The department shall hold a hearing in accordance with the provisions of the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended. [1969 ex.s. c 134 § 21.]

70.95.220 Financial aid to jurisdictional health departments—Applications—Allocations. Any jurisdictional health department may apply to the department for financial aid for the enforcement of rules and regulations promulgated under this chapter. Such application shall contain such information, including budget and program description, as may be prescribed by regulations of the department.

After receipt of such applications the department may allocate available funds according to criteria established by regulations of the department considering population, urban development, the number of the disposal sites, and geographical area.

The sum allocated to a jurisdictional health department shall be paid to the treasury from which the operating expenses of the health department are paid, and shall be used exclusively for inspections and administrative expenses necessary to enforce applicable regulations. [1969 ex.s. c 134 § 22.]

70.95.230 Financial aid to jurisdictional health departments—Matching funds requirements. The jurisdictional health department applying for state assistance for the enforcement of this chapter shall match such aid allocated by the department in an amount not less than twenty-five percent of the total amount spent for such enforcement activity during the year. The local share of enforcement costs may be met by cash and contributed services. [1969 ex.s. c 134 § 23.]

70.95.240 Unlawful to dump or deposit solid waste without permit. After the adoption of regulations or ordinances by any county, city, or jurisdictional board of health providing for the issuance of permits as provided in RCW 70.95.160, it shall be unlawful for any person to dump or deposit or permit the dumping or depositing of any solid waste onto or under the surface of the ground or into the waters of this state except at a solid waste disposal site for which there is a valid permit: Provided, That nothing herein shall prohibit a person from dumping or depositing solid waste resulting from his own activities onto or under the surface of ground owned or leased by him when such action does not violate statutes or ordinances, or create a nuisance. Any person violating this section shall be guilty of a misdemeanor. [1969 ex.s. c 134 § 24.]

70.95.250 Name appearing on waste material—Presumption. Whenever solid wastes dumped in violation of RCW 70.95.240 contain three or more items bearing the name of one individual, there shall be a rebuttable presumption that the individual whose name appears on such items committed the unlawful act of dumping. [1969 ex.s. c 134 § 25.]

(1) The principal of and interest on any bonds issued under the authority of this chapter (a) shall be secured by a pledge of the revenues derived from the sale or lease of the facilities out of which such bonds shall be made payable, (b) may be secured by a mortgage covering all or any part of the facilities, (c) may be secured by a pledge or assignment of the lease of such facilities, or (d) may be secured by a trust agreement or such other security device as may be deemed most advantageous by the governing body.

(2) The proceedings under which the bonds are authorized to be issued under the provisions of this chapter, and any mortgage given to secure the same may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting (a) the fixing and collection of rents for any facilities covered by such proceedings or mortgage, (b) the terms to be incorporated in the lease of such facilities, (c) the maintenance and insurance of such facilities, (d) the creation and maintenance of special funds from the revenues of such facilities, and (e) the rights and remedies available in the event of a default to the bondholders or to the trustee under a mortgage or trust agreement, all as the governing body shall deem advisable and as shall not be in conflict with the provisions of this chapter: Provided, That in making any such agreements or provisions a municipality shall not have the power to obligate itself except with respect to the facilities and the application of the revenues therefrom, and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers.

(3) The proceedings authorizing any bonds under the provisions of this chapter and any mortgage securing such bonds may provide that, in the event of a default in the payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the facilities in accordance with such proceedings or the provisions of such mortgage.

(4) Any mortgage made under the provisions of this chapter, to secure bonds issued thereunder, may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed and the mortgaged property sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor. No breach of any such agreement shall impose any pecuniary liability upon a municipality or any charge upon their general credit or against their taxing powers.

[1973 c 132 § 6.]

70.95A.060 Facilities—Leases authorized. Subject to the limitations of this chapter, the lease or extensions or modifications thereof may contain such other terms and conditions as may be mutually acceptable to the parties, and notwithstanding any other provisions of law relating to the sale of property owned by municipalities, such lease may contain an option for the lessees to purchase the facilities on such terms and conditions with or without consideration as may be mutually acceptable to the parties. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by exchange of the refunding bonds for the bonds to be refunded thereby: Provided further, That the holders of any bonds to be so refunded shall not be compelled without their consent to surrender their bonds for payment or exchange except on the terms expressed on the face thereof. This section shall not be construed as modifying the provisions of RCW 82-34.030; chapter 70.94 RCW; or chapter 90.48 RCW. [1973 c 132 § 11.]

(5) The department shall prepare, publish, and distribute annually a list of all approved public and private treatment facilities.

(6) The department may contract for the use of any facility as an approved public treatment facility if the secretary, subject to the policies of the department, considers this to be an effective and economical course to follow. [1972 ex.s. c 122 § 8.]

70.96A.090 Standards for public and private treatment facilities—Enforcement procedures—Penalties. (1) The department shall establish standards for approved treatment facilities that must be met for a treatment facility to be approved as a public or private treatment facility, and fix the fees to be charged by the department for the required inspections. [1972 ex.s. c 122 § 9.]

70.96A.100 Acceptance for treatment—Rules. The secretary shall adopt and may amend and repeal rules for acceptance of persons into the treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of alcoholics, persons incapacitated by alcohol, and intoxicated persons. In establishing the rules, the secretary shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient or intermediate treatment, unless he is found to require inpatient treatment.

(3) A person shall not be denied treatment solely because he has withdrawn from treatment against medical advice on a prior occasion or because he has relapsed after earlier treatment.

[Title 70—p 134]
(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and utilize other appropriate treatment. [1972 ex.s. c 122 § 10.]

70.96A.110 Voluntary treatment of alcoholics. (1) An alcoholic may apply for voluntary treatment directly to an approved treatment facility. If the proposed patient is a minor or an incompetent person, he, a parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the secretary, the administrator in charge of an approved treatment facility may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment facility, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment facility for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved treatment facility, he shall be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the administrator in charge of the treatment facility that the patient is an alcoholic who requires help, the department may arrange for assistance in obtaining supportive services and residential facilities.

(4) If a patient leaves an approved public treatment facility, with or against the advice of the administrator in charge of the facility, the department may make reasonable provisions for his transportation to another facility or to his home. If he has no home he should be assisted in obtaining shelter. If he is less than fourteen years of age or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he was the original applicant. [1972 ex.s. c 122 § 11.]

70.96A.120 Treatment and services for intoxicated persons and persons incapacitated by alcohol. (1) An intoxicated person may come voluntarily to an approved treatment facility for treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he consents to the proffered help, may be assisted to his home, an approved treatment facility or other health facility.

(2) Except for a person who may be apprehended for possible violation of laws not relating to alcoholism or intoxication and except for a person who may wish to avail himself of the provisions of RCW 46.20.308, a person who appears to be incapacitated by alcohol and who is in a public place or who has threatened, attempted, or inflicted physical harm on another, shall be taken into protective custody by the police or the emergency service patrol and as soon as practicable, but in no event beyond eight hours brought to an approved treatment facility for treatment. If no approved treatment facility is readily available he shall be taken to an emergency medical service customarily used for incapacitated persons. The police or the emergency service patrol, in detaining the person and in taking him to an approved treatment facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer or member of an emergency patrol may take reasonable steps including reasonable force if necessary to protect himself. A taking into protective custody under this section is not an arrest. No entry or other record shall be made to indicate that the person has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved treatment facility shall be examined by a qualified person. He may then be admitted as a patient or referred to another health facility, which provides emergency medical treatment, where it appears that such treatment may be necessary. The referring approved treatment facility shall arrange for his transportation.

(4) A person who is found to be incapacitated by alcohol at the time of his admission or to have become incapacitated at any time after his admission, may not be detained at the facility (a) once he is no longer incapacitated by alcohol, and (b) if he remains incapacitated by alcohol for more than forty-eight hours after admission as a patient, unless a petition is filed under RCW 70.96A.140, as now or hereafter amended. A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved treatment facility, is not referred to another health facility, and has no funds, may be taken to his home, if any. If he has no home, the approved treatment facility shall assist him in obtaining shelter.

(6) If a patient is admitted to an approved treatment facility, his family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his request shall be respected.

(7) The police or members of the emergency service, who in good faith act in compliance with this chapter are performing in the course of their official duty and are not criminally or civilly liable therefor.

(8) If the person in charge of the approved treatment facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment. [1974 1st ex.s. c 175 § 1; 1972 ex.s. c 122 § 12.]

70.96A.140 Involuntary commitment of alcoholics. (1) When the person in charge of a treatment facility, or his designee, receives information alleging that a person is incapacitated as a result of alcoholism, the person in charge, or his designee, after investigation and evaluation of the specific facts alleged and of the reliability
and credibility of the information, may file a petition for commitment of such person with the superior court or district court. The petition shall allege that the person is an alcoholic who is incapacitated by alcohol, or that the person is an alcoholic who has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within two days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the physician’s findings in support of the allegations of the petition. A physician employed by the petitioning facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than five and no more than ten days after the date the petition was filed unless the person petitioned against is presently being detained by the facility, pursuant to RCW 70.96A.120, as now or hereafter amended, in which case the hearing shall be held within forty-eight hours of the filing of the petition: Provided, however, That the above specified forty-eight hours shall be computed by including Saturdays but excluding Sundays and holidays: Provided further, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served on the person whose commitment is sought, his next of kin, a parent or his legal guardian if he is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person shall be present unless the court believes that his presence is likely to be injurious to him; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him throughout the proceeding. If deemed advisable, the court may examine the person out of the courtroom. If the person has refused to be examined by a licensed physician, he shall be given an opportunity to be examined by a court appointed licensed physician. If he refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may deem it appropriate to appoint a guardian ad litem to represent him throughout the proceeding.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment facility. It shall not order commitment of a person unless it determines that an approved treatment facility is able to provide adequate and appropriate treatment for him and the treatment is likely to be beneficial.

(5) A person committed under this section shall remain in the facility for treatment for a period of thirty days unless sooner discharged. At the end of the thirty day period, he shall be discharged automatically unless the facility, before expiration of the period, files a petition for his recommittal upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommittal if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) of this section who has not been discharged by the facility before the end of the ninety day period shall be discharged at the expiration of that period unless the facility, before expiration of the period, obtains a court order on the grounds set forth in subsection (1) of this section for recommittal for a further period not to exceed ninety days. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommittal if after examination it is determined that the likelihood still exists. Only two recommittal orders under subsections (5) and (6) of this section are permitted.

(7) Upon the filing of a petition for recommittal under subsections (5) or (6) of this section, the court shall fix a date for hearing no less than five and no more than ten days after the date the petition was filed: Provided, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment facility on the person whose commitment is sought, his next of kin, the original petitioner under subsection 1 of this section if different from the petitioner for recommittal, one of his parents or his legal guardian if he is a minor, and his attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(8) The facility shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment facility to another if transfer is medically advisable.

(9) A person committed to the custody of a facility for treatment shall be discharged at any time before the end of the period for which he has been committed and he shall be discharged by order of the court if either of the following conditions are met:

(a) In case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon another, that he is no longer an alcoholic or the likelihood no
longer exists; or further treatment will not be likely to
bring about significant improvement in the person's
condition, or treatment is no longer adequate or
appropriate.

(b) In case of an alcoholic committed on the grounds
of the need of treatment and incapacity, that the inca­
pacity no longer exists.

(10) The court shall inform the person whose com­
mmitment or recommitment is sought of his right to con­
test the application, be represented by counsel at every
stage of any proceedings relating to his commitment
and recommitment, and have counsel appointed by the
court or provided by the court, if he wants the assistance
of counsel and is unable to obtain counsel. If the
court believes that the person needs the assistance of
counsel, the court shall require, by appointment if nec­
essary, counsel for him regardless of his wishes. The
person shall, if he is financially able, bear the costs of
such legal service; otherwise such legal service shall be
at public expense. The person whose commitment or
recommitment is sought shall be informed of his right
to be examined by a licensed physician of his choice. If
the person is unable to obtain a licensed physician and
requests examination by a physician, the court shall
employ a licensed physician.

(11) A person committed under this chapter may at
any time seek to be discharged from commitment by
writ of habeas corpus in a court of competent
jurisdiction.

(12) The venue for proceedings under this section is
the place in which person to be committed resides or is
present. [1974 1st ex.s. c 175 § 2; 1972 ex.s. c 122 § 14.]

70.96A.150 Records of alcoholics and intoxicated
persons. (1) The registration and other records of treat­
fment facilities shall remain confidential and are privi­
eged to the patient.

(2) Notwithstanding subsection (1) of this section, the
secretary may receive information from patients' re­
cords for purposes of research into the causes and
treatment of alcoholism, and the evaluation of alcoholi­
sm and treatment programs. Information under this
subsection shall not be published in a way that discloses
patients' names or otherwise discloses their identities.
[1972 ex.s. c 122 § 15.]

70.96A.160 Visitation and communication with pa­
tients. (1) Subject to reasonable rules regarding hours of
visitation which the secretary may adopt, patients in
any approved treatment facility shall be granted oppor­
tunities for adequate consultation with counsel, and for
continuing contact with family and friends consistent
with an effective treatment program.

(2) Neither mail nor other communication to or from
a patient in any approved treatment facility may be in­
tercepted, read, or censored. The secretary may adopt
reasonable rules regarding the use of telephone by pa­
tients in approved treatment facilities. [1972 ex.s. c 122
§ 16.]

70.96A.170 Emergency service patrol—Establish­
ment—Rules. (1) The state and counties, cities and
other municipalities may establish or contract for emer­
gency service patrols which are to be under the admin­
istration of the appropriate jurisdiction. A patrol
consists of persons trained to give assistance in the
streets and in other public places to persons who are
intoxicated. Members of an emergency service patrol
shall be capable of providing first aid in emergency sit­
uations and may transport intoxicated persons to their
homes and to and from treatment facilities.

(2) The secretary shall adopt rules pursuant to chap­
ter 34.04 RCW for the establishment, training, and
conduct of emergency service patrols. [1972 ex.s. c 122
§ 17.]

70.96A.180 Payment for treatment—Financial
ability of patients. (1) If treatment is provided by an
approved treatment facility or emergency treatment is
provided by a facility under RCW 70.96A.080(2)(a),
and the patient has not paid or is unable to pay the
charge therefor, the facility is entitled to any payment
(a) received by the patient or to which he may be enti­
tled because of the services rendered, and (b) from any
public or private source available to the facility because
of the treatment provided to the patient.

(2) A patient in a facility, or the estate of the patient,
or a person obligated to provide for the cost of treat­
ment and having sufficient financial ability, is liable to
the facility for cost of maintenance and treatment of the
patient therein in accordance with rates established.

(3) The secretary shall adopt rules governing financial
ability that take into consideration the income, savings
and other personal and real property of the person re­
quired to pay, and any support being furnished by him
to any person he is required by law to support. [1972
ex.s. c 122 § 18.]

70.96A.190 Criminal laws limitations. (1) No county,
municipality, or other political subdivision may adopt
or enforce a local law, ordinance, resolution, or rule
having the force of law that includes drinking, being a
common drunkard, or being found in an intoxicated
condition as one of the elements of the offense giving
rise to a criminal or civil penalty or sanction.

(2) No county, municipality, or other political subdi­
vision may interpret or apply any law of general appli­
cation to circumvent the provision of subsection (1) of
this section.

(3) Nothing in this chapter affects any law, ordi­
nance, resolution, or rule against drunken driving, driv­
ing under the influence of alcohol, or other similar
offense involving the operation of a vehicle, aircraft,
boat, machinery, or other equipment, or regarding the
sale, purchase, dispensing, possessing, or use of alco­
holic beverages at stated times and places or by a par­
ticular class of persons; nor shall evidence of intoxica­
tion affect, other than as a defense, the applica­
tion of any law, ordinance, resolution, or rule to con­
duct otherwise establishing the elements of an offense.
[1972 ex.s. c 122 § 19.]

(a) Take all necessary samples and human or animal tissue specimens for diagnostic purposes: Provided, That tissue, if taken from a living human, shall be taken from a living human only with the consent of a person legally qualified to give such consent;

(b) Secure any and all such information as may be necessary to adequately determine the nature and causes of any case of pesticide poisoning.

(2) The state department of social and health services shall, by rule and regulation adopted pursuant to the Administrative Procedure Act, chapter 34.04 RCW, as it now exists or is hereafter amended, and, in any event, with due notice and a hearing for the adoption of permanent rules, establish procedures for the prevention of any recurrence of poisoning and the department shall immediately notify the department of agriculture and other appropriate agencies of the results of its investigation for such action as the department of agriculture and other such agencies deem appropriate. The notification of such investigations and their results may include recommendations for further action by the appropriate department or agency. [1971 ex.s. c 41 § 3.]

70.104.040 Pesticide emergencies — Authority of department of agriculture not infringed upon. (1) In any case where an emergency relating to pesticides occurs that represents a hazard to the public due to toxicity of the material, the quantities involved or the environment in which the incident takes place, such emergencies including but not limited to fires, spillage, and accidental contamination, the person or agent of such person having actual or constructive control of the pesticides involved shall immediately notify the department of social and health services by telephone or the fastest available method.

(2) Upon notification or discovery of any pesticide emergency the department of social and health services shall:

(a) Make such orders and take such actions as are appropriate to assume control of the property and to dispose of hazardous substances, prevent further contamination, and restore any property involved to a nonhazardous condition. In the event of failure of any individual to obey and carry out orders pursuant to this section, the department of social and health services shall have all power and authority to accomplish those things necessary to carry out such order. Any expenses incurred by the department of social and health services as a result of intentional failure of any individual to obey its lawful orders shall be charged as a debt against such individual.

(3) In any case where the department of social and health services has assumed control of property pursuant to this chapter, such property shall not be reoccupied or used until such time as written notification of its release for use is received from the secretary of the department of social and health services or his designee. Such action shall take into consideration the economic hardship, if any, caused by having the department assume control of property, and release shall be accomplished as expeditiously as possible. Nothing in this chapter shall prevent a farmer from continuing to process his crops and/or animals provided that it does not endanger the public health.

(4) The department shall recognize the pesticide industry's responsibility and active role in minimizing the effect of pesticide emergencies and shall provide for maximum utilization of these services.

(5) Nothing in this chapter shall be construed in any way to infringe upon or negate the authority and responsibility of the department of agriculture in its application and enforcement of the Washington Pesticide Act, chapter 15.57 RCW and the Washington Pesticide Application Act, chapter 17.21 RCW. The department of social and health services shall work closely with the department of agriculture in the enforcement of this chapter and shall keep it appropriately advised. [1971 ex.s. c 41 § 4.]

Reviser's note: Chapter 15.57 RCW was repealed in its entirety by 1971 ex.s. c 190 § 47. Later enactment, see chapter 15.58 RCW.

70.104.050 Investigation of human exposure to pesticides. The department of social and health services shall investigate human exposure to pesticides, and in order to carry out such investigations shall have authority to secure and analyze appropriate specimens of human tissue and samples representing sources of possible exposure. [1971 ex.s. c 41 § 5.]

70.104.060 Technical assistance, consultations and services to physicians and agencies authorized. In order effectively to prevent human illness due to pesticides and to carry out the requirements of this chapter, the department of social and health services is authorized to provide technical assistance and consultation regarding health effects of pesticides to physicians and other agencies, and is authorized to operate an analytical chemical laboratory and may provide analytical and laboratory services to physicians and other agencies to determine pesticide levels in human and other tissues, and appropriate environmental samples. [1971 ex.s. c 41 § 6.]

Chapter 70.106
HAZARDOUS SUBSTANCES AND ARTICLES
(WASHINGTON POISON PREVENTION ACT OF 1974)

Sections
70.106.010 Purpose.
70.106.020 Short title. This 1974 act shall be cited as the Washington Poison Prevention Act of 1974. [1974 1st ex.s. c 49 § 1.]

70.106.030 Definitions—Construction. The definitions in RCW 70.106.040 through 70.106.090 unless the context otherwise requires shall govern the construction of this chapter. [1974 1st ex.s. c 49 § 2.]

70.106.040 "Director" defined. "Director" means the director of the department of agriculture of the state of Washington, or his duly authorized representative. [1974 1st ex.s. c 49 § 4.]

70.106.050 "Sale" defined. "Sale" means to sell, offer for sale, hold for sale, handle or use as an inducement in the promotion of a household substance or the sale of another article or product. [1974 1st ex.s. c 49 § 5.]

70.106.060 "Household substance" defined. "Household substance" means any substance which is customarily produced or distributed for sale for consumption or use, or customarily stored, by individuals in or about the household and which is:

1. A "hazardous substance", which means (a) any substance or mixture of substances or product which (i) is toxic, (ii) is corrosive, (iii) is an irritant, (iv) is a strong sensitizer, (v) is flammable or combustible, or (vi) generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children; (b) any substances which the director by regulation finds to meet the requirements of subsection (1)(a) of this section; (c) any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the director determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health, safety or welfare; and (d) any toy or other article intended for use by children which the director by regulation determines presents an electrical, mechanical or thermal hazard.

2. A pesticide as defined in the Washington Pesticide Control Act, chapter 15.58 RCW as now or hereafter amended;

3. A food, drug, or cosmetic as those terms are defined in the Uniform Washington Food, Drug and Cosmetic Act, chapter 69.04 RCW as now or hereafter amended; or

4. A substance intended for use as fuel when stored in portable containers and used in the heating, cooking, or refrigeration system of a house; or

5. Any other substance which the director may declare to be a household substance subsequent to a hearing as provided for under the provisions of chapter 34.04 RCW, Administrative Procedure Act, for the adoption of rules. [1974 1st ex.s. c 49 § 6.]

70.106.070 "Package" defined. "Package" means the immediate container or wrapping in which any household substance is contained for consumption, use, or storage by individuals in or about the household, and, for purposes of RCW 70.106.110(1)(b), also means any outer container or wrapping used in the retail display of any such substance to consumers. Such term does not include:

1. Any shipping container or wrapping used solely for the transportation of any household substance in bulk or in quantity to manufacturers, packers, or processors, or to wholesale or retail distributors thereof; or

2. Any shipping container or outer wrapping used by retailers to ship or deliver any household substance to consumers unless it is the only such container or wrapping. [1974 1st ex.s. c 49 § 7.]

70.106.080 "Special packaging" defined. "Special packaging" means packaging that is designed or constructed to be significantly difficult for children under five years of age to open or obtain a toxic or harmful amount of the substance contained therein within a reasonable time and not difficult for normal adults to use properly, but does not mean packaging which all such children cannot open or obtain a toxic or harmful amount within a reasonable time. [1974 1st ex.s. c 49 § 8.]

70.106.090 "Labeling" defined. "Labeling" means all labels and other written, printed, or graphic matter upon any household substance or its package, or accompanying such substance. [1974 1st ex.s. c 49 § 9.]

70.106.100 Standards for packaging. (1) The director may establish in accordance with the provisions of this chapter, by regulation, standards for the special packaging of any household substance if he finds that:

(a) The degree or nature of the hazard to children in the availability of such substance, by reason of its packaging is such that special packaging is required to protect children from serious personal injury or serious

[Title 70—p 145]
illness resulting from handling, using or ingesting such substance; and

(b) The special packaging to be required by such standard is technically feasible, practicable, and appropriate for such substance.

(2) In establishing a standard under this section, the director shall consider:

(a) The reasonableness of such standard;

(b) Available scientific, medical, and engineering data concerning special packaging and concerning childhood accidental ingestions, illness, and injury caused by household substances;

(c) The manufacturing practices of industries affected by this chapter; and

(d) The nature and use of the household substance.

(3) In carrying out the provisions of this chapter, the director shall publish his findings, his reasons therefor, and citation of the sections of statutes which authorize his action.

(4) Nothing in this chapter authorizes the director to prescribe specific packaging designs, product content, package quantity, or, with the exception of authority granted in RCW 70.106.110(1)(b), labeling. In the case of a household substance for which special packaging is required pursuant to a regulation under this section, the director may in such regulation prohibit the packaging of such substance in packages which he determines are unnecessarily attractive to children.

(5) The director shall cause the regulations promulgated under this chapter to conform with the requirements or exemptions of the Federal Hazardous Substances Act and with the regulations or interpretations promulgated pursuant thereto. [1974 1st ex.s. c 49 § 10.]

70.106.110 Exceptions from packaging standards. (1) For the purpose of making any household substance which is subject to a standard established under RCW 70.106.100 readily available to elderly or handicapped persons unable to use such substance when packaged in compliance with such standard, the manufacturer or packer, as the case may be, may package any household substance, subject to such a standard, in packaging of a single size which does not comply with such standard if:

(a) The manufacturer or packer also supplies such substance in packages which comply with such standard; and

(b) The packages of such substance which do not meet such standard bear conspicuous labeling stating: "This package for households without young children"; except that the director may by regulation prescribe a substitute statement to the same effect for packaging too small to accommodate such labeling.

(2) In the case of a household substance which is subject to such a standard and which is dispensed pursuant to an order of a physician, dentist, or other licensed medical practitioner authorized to prescribe, such substance may be dispensed in noncomplying packages only when directed in such order or when requested by the purchaser.

(3) In the case of a household substance subject to such a standard which is packaged under subsection (1) of this section in a noncomplying package, if the director determines that such substance is not also being supplied by a manufacturer or packer in popular size packages which comply with such standard, he may, after giving the manufacturer or packer an opportunity to comply with the purposes of this chapter, by order require such substance to be packaged by such manufacturer or packer exclusively in special packaging complying with such standard if he finds, after opportunity for hearing, that such exclusive use of special packaging is necessary to accomplish the purposes of this chapter. [1974 1st ex.s. c 49 § 11.]

70.106.120 Adoption of rules and regulations under federal poison prevention packaging act. One of the purposes of this chapter is to promote uniformity with the Poison Prevention Packaging Act of 1970 and rules and regulations adopted thereunder. In accordance with such declared purpose, all of the special packaging rules and regulations adopted under the Poison Prevention Packaging Act of 1970 (84 Stat. 1670; 7 U.S.C. Sec. 135; 15 U.S.C. Sec. 1261, 1471-1476; 21 U.S.C. Sec. 343, 352, 353, 362) on July 24, 1974, are hereby adopted as rules and regulations applicable to this chapter. In addition, any rule or regulation adopted hereafter under said Federal Poison Prevention Act of 1970 concerning special packaging and published in the federal register shall be deemed to have been adopted under the provisions of this chapter. The director may, however, within thirty days of the publication of the adoption of any such rule or regulation under the Federal Poison Prevention Packaging Act of 1970, give public notice that a hearing will be held to determine if such regulations shall not be applicable under the provisions of this chapter. Such hearing shall be conducted in accord with the provisions of chapter 34.04 RCW, Administrative Procedure Act, as now enacted or hereafter amended. [1974 1st ex.s. c 49 § 12.]

70.106.130 Technical advisory committee. For the purpose of carrying out the provisions of this chapter the director shall, within one hundred eighty days of July 24, 1974, appoint a technical advisory committee and appoint a chairman thereof, said committee to consist of one representative from each of the following:

[1974 1st ex.s. c 49 § 13.]

70.106.140 Penalties. Any person violating the provisions of this chapter or rules adopted hereunder is guilty of a misdemeanor and is guilty of a gross misdemeanor for any subsequent offense, however, any offense committed more than five years after a previous conviction shall be considered a first offense. [1974 1st ex.s. c 49 § 16.]

70.106.900 Severability—1974 1st ex.s. c 49. If any provision of this 1974 act is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the act and the applicability thereof to other persons and circumstances shall not be affected thereby. [1974 1st ex.s. c 49 § 14.]

70.106.905 Saving—1974 1st ex.s. c 49. The enactment of this 1974 act shall not have the effect of terminating, or in any way modifying any liability, civil or criminal, which shall already be in existence on July 24, 1974. [1974 1st ex.s. c 49 § 15.]

70.106.910 Chapter cumulative and nonexclusive. The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy. [1974 1st ex.s. c 49 § 17.]

70.107.010 Purpose.
70.107.020 Definitions.
70.107.030 Powers and duties of department.
70.107.040 Technical advisory committee.

70.107.090 Construction—Severability—1974 1st ex.s. c 183.
70.107.100 Short title.

70.107.010 Purpose. The legislature finds that inadequately controlled noise adversely affects the health, safety and welfare of the people, the value of property, and the quality of the environment. Antinoise measures of the past have not adequately protected against the invasion of these interests by noise. There is a need, therefore, for an expansion of efforts state-wide directed toward the abatement and control of noise, considering the social and economic impact upon the community and the state. The purpose of this chapter is to provide authority for such an expansion of efforts, supplementing existing programs in the field. [1974 1st ex.s. c 183 § 1.]

70.107.020 Definitions. As used in this chapter, unless the context clearly indicates otherwise:
(1) "Department" means the department of ecology.
(2) "Director" means director of the department of ecology.
(3) "Local government" means county or city government or any combination of the two.
(4) "Noise" means the intensity, duration and character of sounds from any and all sources.
(5) "Person" means any individual, corporation, partnership, association, governmental body, state, or other entity whatsoever. [1974 1st ex.s. c 183 § 2.]

70.107.030 Powers and duties of department. The department is empowered as follows:
(1) The department, after consultation with state agencies expressing an interest therein, shall adopt, by rule, maximum noise levels permissible in identified environments in order to protect against adverse effects of noise on the health, safety and welfare of the people, the value of property, and the quality of environment: Provided, That in so doing the department shall take also into account the economic and practical benefits to be derived from the use of various products in each such environment, whether the source of the noise or the use of such products in each environment is permanent or temporary in nature, and the state of technology relative to the control of noise generated by all such sources of the noise or the products.
(2) At any time after the adoption of maximum noise levels under subsection (1) of this section the department shall, in consultation with state agencies and local governments expressing an interest therein, adopt rules, consistent with the Federal Noise Control Act of 1972 (86 Stat. 1234; 42 U.S.C. Sec. 4901–4918 and 49 U.S.C. Sec. 1431), for noise abatement and control in the state designed to achieve compliance with the noise level adopted in subsection (1) of this section, including reasonable implementation schedules where appropriate, to insure that the maximum noise levels are not exceeded and that application of the best practicable noise control technology and practice is provided. These rules may include, but shall not be limited to:
(a) Performance standards setting allowable noise limits for the operation of products which produce noise;
(b) Use standards regulating, as to time and place, the operation of individual products which produce noise above specified levels considering frequency spectrum and duration: Provided, The rules shall provide for temporarily exceeding those standards for stated purposes; and
(c) Public information requirements dealing with disclosure of levels and characteristics of noise produced by products.
(3) The department may, as desirable in the performance of its duties under this chapter, conduct surveys,
studies and public education programs, and enter into contracts.

(4) The department is authorized to apply for and accept moneys from the federal government and other sources to assist in the implementation of this chapter.

(5) The legislature recognizes that the operation of motor vehicles on public highways as defined in RCW 46.09.020 contributes significantly to environmental noise levels and directs the department, in exercising the rule-making authority under the provisions of this section, to give first priority to the adoption of motor vehicle noise performance standards.

(6) Noise levels and rules adopted by the department pursuant to this chapter shall not be effective prior to March 31, 1975. [1974 1st ex.s. c 183 § 3.]

70.107.040 Technical advisory committee. The director shall name a technical advisory committee to assist the department in the implementation of this chapter. Committee members shall be entitled to reimbursement as provided in RCW 43.03.050 and 43.03.060, as now or hereafter amended. [1974 1st ex.s. c 183 § 4.]

70.107.050 Civil penalties. (1) Any person who violates any rule adopted by the department under this chapter shall be subject to a civil penalty not to exceed one hundred dollars. All violations of this chapter shall be administered pursuant to the provisions of chapter 34.04 RCW, the state administrative procedure act.

Penalties shall become due and payable thirty days from the date of receipt of a notice of penalty unless within such time said notice is appealed to the pollution control hearings board pursuant to the provisions of chapter 43.21B RCW and procedural rules adopted thereunder. In cases in which appeals are timely filed, penalties sustained by the pollution control hearings board shall become due and payable on the issuance of said board’s final order in the appeal.

(2) Whenever penalties incurred pursuant to this section have become due and payable but remain unpaid, the attorney general shall, upon request of the director, bring an action in the name of the state of Washington, in the superior court of Thurston county or in the county in which the violation occurred for recovery of penalties incurred. In all such actions the procedures and rules of evidence shall be the same as in any other civil action. All penalties recovered under this section shall be paid into the state treasury and credited to the general fund. [1974 1st ex.s. c 183 § 5.]

70.107.060 Other rights, remedies, powers, duties and functions—Local control—Approval—Procedure. (1) Nothing in this chapter shall be construed to deny, abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(2) Nothing in this chapter shall deny, abridge or alter any powers, duties and functions relating to noise abatement and control now or hereafter vested in any state agency, nor shall this chapter be construed as granting jurisdiction over the industrial safety and health of employees in work places of the state, as now or hereafter vested in the department of labor and industries.

(3) No local government shall adopt resolutions, ordinances, rules or regulations concerned with the control of noise which shall be effective prior to adoption of maximum noise levels and the rules adopted by the department pursuant to this chapter or January 31, 1975, whichever occurs sooner. Such resolutions, ordinances, rules, or regulations must be consistent with RCW 70.107.060(4).

(4) Standards and other control measures adopted by the department under this chapter shall be exclusive except as hereinafter provided. A local government may impose limits or control sources differing from those adopted or controlled by the department upon a finding that such requirements are necessitated by special conditions. No such noise limiting requirements of local government shall be valid unless first approved by the department. If disapproved the local government may appeal the decision to the pollution control hearings board which shall decide the appeal on the basis of the provisions of this chapter, and the applicable regulations, together with such briefs, testimony, and oral argument as the hearings board in its discretion may require. In the determination of whether to grant any such approval, the department shall give consideration to the reasonableness and practicability of compliance with particular attention to the situation of stationary sources, the noise producing operations of which are conducted at or near jurisdictional boundaries.

(5) In carrying out the rule-making authority provided in this chapter, the department shall follow the procedures of the administrative procedure act, chapter 34.04 RCW, and shall take care that no rules adopted purport to exercise any powers preempted by the United States under federal law. [1974 1st ex.s. c 183 § 6.]

70.107.070 Rules relating to motor vehicles—Violations—Penalty. Any rule adopted under this chapter relating to the operation of motor vehicles on public highways shall be administered according to testing and inspection procedures adopted by rule by the state commission on equipment. Violation of any motor vehicle performance standard adopted pursuant to this chapter shall be a misdemeanor, enforced by such authorities and in such manner as violations of chapter 46.37 RCW. Violations subject to the provisions of this section shall be exempt from the provisions of RCW 70.107.050. [1974 1st ex.s. c 183 § 7.]

70.107.080 Exemptions. The department shall, in the exercise of rule-making power under this chapter, provide exemptions or specially limited regulations relating to recreational shooting and emergency or law enforcement equipment where appropriate in the interests of public safety.

The department in the development of rules under this chapter, shall consult and take into consideration the land use policies and programs of local government. [1974 1st ex.s. c 183 § 8.]
70.107.900 Construction—Severability—1974 1st ex.s. c 183. (1) This chapter shall be liberally construed to carry out its broad purposes.

(2) If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1974 1st ex.s. c 183 § 11.]

70.107.910 Short title. This chapter shall be known and may be cited as the "Noise Control Act of 1974". [1974 1st ex.s. c 183 § 12.]

"This act" [1971 ex.s. c 302] consists of this chapter, the 1971 amendments to RCW 9.40-.110—9.40.130, 9.41.010, 9.41.070, 26.44.050, 70.74.135, 70.74.270, 70.74.280, and to RCW 9.27.015 and 9.91.110.

70.108.010 Legislative declaration. The legislature hereby declares it to be the public interest, and for the protection of the health, welfare and property of the residents of the state of Washington to provide for the orderly and lawful conduct of outdoor music festivals by assuring that proper sanitary, health, fire, safety, and police measures are provided and maintained. This invocation of the police power is prompted by and based upon prior experience with outdoor music festivals where the enforcement of the existing laws and regulations on dangerous and narcotic drugs, indecent exposure, intoxicating liquor, and sanitation has been rendered most difficult by the flagrant violations thereof by a large number of festival patrons. [1971 ex.s. c 302 § 19.]

Severability—1971 ex.s. c 302: See note following RCW 9.41.010.

70.108.020 Definitions. For the purposes of this chapter the following words and phrases shall have the indicated meanings:

(1) "Outdoor music festival" or "music festival" or "festival" means an assembly of persons gathered primarily for outdoor, live or recorded musical entertainment, where the predicted attendance is two thousand persons or more and where the duration of the program is five hours or longer. Provided, That this definition shall not be applied to any regularly established permanent place of worship, stadium, athletic field, arena, auditorium, coliseum, or other similar permanently established places of assembly for assemblies which do not exceed by more than two hundred fifty people the maximum seating capacity of the structure where the assembly is held: Provided, further, That this definition shall not apply to government sponsored fairs held on regularly established fairgrounds nor to assemblies required to be licensed under other laws or regulations of the state.

(2) "Promoter" means any person or other legal entity issued a permit to conduct an outdoor music festival.

(3) "Applicant" means the promoter who has the right of control of the conduct of an outdoor music festival who applies to the appropriate legislative authority for a license to hold an outdoor music festival.

(4) "Issuing authority" means the legislative body of the local governmental unit where the site for an outdoor music festival is located.

One such permit shall be required for each outdoor music festival. A permit may be granted for a period not to exceed sixteen consecutive days and a festival may be operated during any or all of the days within such period. Any person, persons, partnership, corporation, association, society, fraternal or social organization, failing to comply with the rules, regulations or conditions contained in this chapter shall be subject to the appropriate penalties as prescribed by this chapter. The summons shall state that if the person named in the summons fails to appear at the evaluation and treatment facility at or before the date and time stated in the summons, such person may be involuntarily taken into custody. Accompanying the summons to such person shall be a copy of the petition for initial detention and a notice of rights.

(c) If such mental health professional decides to summon such person for up to a seventy-two hour evaluation and treatment period, the mental health professional must file in court the summons, the petition for initial detention, and all documentary evidence. The mental health professional shall then serve or cause to be served on such person, his guardian, and conservator, if any, a copy of the summons together with a notice of rights and a petition for initial detention. The mental health professional shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time specified on the summons if such person is not released prior to the expiration of such period.

(d) If the person summoned appears on or before the date and time specified, the evaluation and treatment facility shall admit such person as required by RCW 71.05.170. If the person summoned fails to appear on or before the date and time specified, the evaluation and treatment facility shall immediately notify the mental health professional designated by the county who may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility. Should the mental health professional notify a peace officer authorizing him to take a person into custody under the provisions of this subsection, he shall file with the court a copy of such authorization and a notice of detention. At the time such person is taken into custody there shall commence to be served on such person, his guardian, and conservator, if any, a copy of the original summons together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) When a mental health professional designated by the county receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm to himself or others, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the mental health professional may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(3) A peace officer may take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility pursuant to subsection (1)(d) of this section.

Within twelve hours of their arrival, the designated county mental health professional must file a supplemental petition for detention, and commence service on the designated attorney for the detained person. (a) That a judicial hearing in a superior court, either by a judge or court commissioner thereof, shall be held not more than seventy-two hours after the initial detention to determine whether there is probable cause to detain him after the seventy-two hours have expired for up to an additional fourteen days without further automatic hearing for the reason that he is a mentally ill person whose mental disorder presents a likelihood of serious harm to others or himself or that he is gravely disabled;

(b) That he has a right to communicate immediately with an attorney; he has a right to have an attorney appointed to represent him before and at the probable cause hearing if he is indigent; and he has the right to be told the name and address of the attorney the mental health professional has designated pursuant to this chapter;

(3) The judicial hearing described in subsection (1) of this section is hereby authorized, and shall be held according to the provisions of subsection (1) of this section and rules promulgated by the supreme court. [1974 1st ex.s.c 145 § 13; 1973 1st ex.s.c 142 § 25.]

71.05.210 Evaluation—Treatment and care—Release or other disposition. Each person involuntarily admitted to an evaluation and treatment facility shall, within twenty-four hours of his admission, be examined and evaluated by a licensed physician and a mental health professional as defined in this chapter, and shall receive such treatment and care as his condition requires for the period that he is detained, except that, beginning twenty-four hours prior to a court proceeding, the individual may refuse all but emergency lifesaving treatment, and the individual shall be informed at an appropriate time of his right to such refusal of treatment. Such person shall be detained up to seventy—
two hours, if, in the opinion of the professional person
in charge of the facility, or his professional designee, the
person presents a likelihood of serious harm to himself
or others, or is gravely disabled. A person who has been
detained for seventy-two hours shall no later than the
end of such period be released, unless referred for fur­
ther care on a voluntary basis, or detained pursuant to
court order for further treatment as provided in this
chapter.

An evaluation and treatment center admitting any
person pursuant to this chapter whose physical condi­tion
reveals the need for hospitalization shall assure that
such person is transferred to an appropriate hospital for
treatment. Notice of such fact shall be given to the
court, the designated attorney, and the designated
county mental health professional and the court shall
order such continuance in proceedings under this chap­
ter as may be necessary, but in no event may this con­
tinuance be more than fourteen days. [1974 1st ex.s. c
145 § 14; 1973 1st ex.s. c 142 § 26.]

71.05.220 Property of committed person. At the time
a person is involuntarily admitted to an evaluation and
treatment facility, the professional person in charge or
his designee shall take reasonable precautions to inven­
tory and safeguard the personal property of the person
detained. A copy of the inventory, signed by the staff
member making it, shall be given to the person detained
and shall, in addition, be open to inspection to any re­
ponsible relative, subject to limitations, if any, speci­fi­cally imposed by the detained person. For purposes of
this section, "responsible relative" includes the guardi­
an, conservator, attorney, spouse, parent, adult child, or
adult brother or sister of the person. The facility shall
not disclose the contents of the inventory to any other
person without the consent of the patient or order of
the court. [1973 1st ex.s. c 142 § 27.]

71.05.230 Procedures for additional treatment. A
person detained for seventy-two hour evaluation and
and treatment may be detained for not more than fourteen
additional days of either involuntary intensive treat­
ment or of a less restrictive alternative to involuntary
intensive treatment if the following conditions are met:

(1) The professional staff of the agency or facility
providing evaluation services has analyzed the person's
condition and finds that said condition is caused by
mental disorder and either results in a likelihood of se­
rious harm to the person detained or to others, or re­
sults in the detained person being gravely disabled and
are prepared to testify those conditions are met; and

(2) The person has been advised of the need for, but
has not accepted, voluntary treatment; and

(3) The facility providing intensive treatment is cer­
tified to provide such treatment by the department of so­
cial and health services; and

(4) The professional staff of the agency or facility or
the mental health professional designated by the county
has filed a petition for fourteen day involuntary deten­
tion or a less restrictive alternative with the court. The
petition must be signed either by two physicians or by
one physician and a mental health professional who
have examined the person. If involuntary detention is
sought the petition shall state facts that support the
finding that such person, as a result of mental disorder,
presents a likelihood of serious harm to others or him­
self, or is gravely disabled and that there are no less re­
strictive alternatives to detention in the best interest of
such person or others. If an involuntary less restrictive
alternative is sought, the petition shall state facts that
support the finding that such person, as a result of
mental disorder, presents a likelihood of serious harm
to others or himself, or is gravely disabled and shall set
forth the less restrictive alternative proposed by the fa­
cility; and

(5) A copy of the petition has been served on the de­
tained person, his attorney and his guardian or conser­
vator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and
before the probable cause hearing has appointed coun­
sel to represent such person if no other counsel has ap­
peared; and

(7) The court has ordered a fourteen day involuntary
treatment after a probable cause hearing has been held
pursuant to RCW 71.05.240. [1974 1st ex.s. c 145 § 15;
1973 1st ex.s. c 142 § 28.]

71.05.240 Probable cause hearing. If a petition is
filed for fourteen day involuntary treatment, the court
shall hold a probable cause hearing within seventy-two
hours of the initial detention of such person. If request­
ed by the detained person or his attorney, the hearing
may be postponed for a period not to exceed forty­
eight hours. The hearing may also be continued subject
to the conditions set forth in RCW 71.05.210 or subject
to the petitioner's showing of good cause for a period
not to exceed twenty-four hours.

At the conclusion of the probable cause hearing, if
the court finds by a preponderance of the evidence that
such person, as the result of mental disorder, presents a
likelihood of serious harm to others or himself, or is
gravely disabled, and, after considering less restrictive
alternatives to involuntary detention and treatment, finds
that no such alternatives are in the best interests of
such person or others, the court shall order that such
person be detained for involuntary treatment not to ex­
ceed fourteen days in a facility certified to provide
treatment by the department of social and health serv­
ices. If the court finds that such person, as the result of
a mental disorder, presents a likelihood of serious harm
to others or himself, or is gravely disabled, but that
treatment in a less restrictive setting than detention is in
the best interest of such person or others, the court shall
order an appropriate less restrictive course of treatment
for not to exceed fourteen days.

The court shall specifically state to such person and
give such person notice in writing that if involuntary
treatment beyond the fourteen day period is to be
sought, such person will have the right to a full hearing
or jury trial as required by RCW 71.05.310 [1974 1st
ex.s. c 145 § 16; 1973 1st ex.s. c 142 § 29.]
71.05.250 Probable cause hearing—Detained person’s rights—Waiver of physician-patient privilege—Records as evidence. At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

(1) To present evidence on his behalf;
(2) To cross-examine witnesses who testify against him;
(3) To be proceeded against by the rules of evidence;
(4) To remain silent;
(5) To view and copy all petitions and reports in the court file.

The physician–patient privilege shall be deemed waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that it is unreasonable for the petitioner seeking fourteen–day involuntary treatment to obtain a sufficient evaluation of the detained person by a psychiatrist or psychologist or other health professional and such waiver is necessary in the opinion of the court to protect either the detained person or the public.

Whenever the physician–patient privilege is deemed waived pursuant to this section, the waiver shall be limited to the introduction of relevant and competent medical records or testimony of an evaluation or treatment facility or its staff, a facility of the department of social and health services or its staff, or a facility certified for ninety–day treatment by the department of social and health services or its staff for the purpose of meeting evaluation requirements contained in chapter 10.77 RCW and chapter 71.12 RCW: Provided however, That the physician–patient privilege shall not be waived if the physician specifically identifies himself to the detained person as one who is communicating with that person for treatment only: And provided further, That the privilege shall not extend to incident reports involving the detained person.

The record maker shall not be required to testify in order to introduce medical records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contains opinions as to the detained person’s mental state must be deleted from such records unless the person making such conclusions is available for cross–examination. [1974 1st ex.s. c 145 § 17; 1973 1st ex.s. c 142 § 30.]

71.05.260 Release—Exception. (1) Involuntary treatment ordered at the time of the probable cause hearing shall be for no more than fourteen days, and shall terminate sooner when, in the opinion of the professional person in charge of the facility or his professional designee, (a) the person no longer constitutes a likelihood of serious harm to himself or others, or (b) no longer is gravely disabled, or (c) is prepared to accept voluntary treatment upon referral, or (d) is to remain in the facility providing intensive treatment on a voluntary basis.

(2) A person who has been detained for fourteen days of intensive treatment shall be released at the end of the fourteen days unless one of the following applies: (a) Such person agrees to receive further treatment on a voluntary basis; or (b) such person is a patient to whom RCW 71.05.280 is applicable. [1974 1st ex.s. c 145 § 18; 1973 1st ex.s. c 142 § 31.]

71.05.270 Temporary release. Nothing in this chapter shall prohibit the professional person in charge of a treatment facility, or his professional designee, from permitting a person detained for intensive treatment to leave the facility for prescribed periods during the term of the person’s detention, under such conditions as may be appropriate. [1973 1st ex.s. c 142 § 32.]

71.05.280 Additional confinement—Grounds—Duration. At the expiration of the fourteen day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 for an additional period, not to exceed ninety days if:

(1) Such person has threatened, attempted, or inflicted physical harm upon the person of another or himself after having been taken into custody for evaluation and treatment, and, as a result of mental disorder presents a likelihood of serious harm to others or himself; or

(2) Such person was taken into custody as a result of conduct in which he attempted or inflicted physical harm upon the person of another or himself, and continues to present, as a result of mental disorder, a likelihood of serious harm to others or himself; or

(3) Such person is in custody because he has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts. In any proceeding pursuant to this subsection it shall not be necessary to show intent, willfulness, or state of mind as an element of the felony; or

(4) Such person is gravely disabled.

For the purposes of this chapter "custody" shall mean involuntary detention under the provisions of this chapter or chapter 10.76 RCW, uninterrupted by any period of unconditional release from a facility providing involuntary care and treatment. [1974 1st ex.s. c 145 § 19; 1973 1st ex.s. c 142 § 33.]

71.05.290 Petition—Affidavit. At any time during a person’s fourteen day intensive treatment period, the professional person in charge of a treatment facility or his professional designee or the designated county mental health professional may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further confinement and shall be supported by affidavits signed by two examining physicians, or by one examining physician and examining mental health professional. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter.

(3) If a person has been determined to be incompetent (and the charges have been dismissed) without
prejudice pursuant to RCW 10.77.090(3) (or its successors), then the professional person in charge of the treatment facility or his professional designee may directly file a petition for ninety day treatment under RCW 71.05.280(1). No petition for initial detention or fourteen day detention is required before such a petition may be filed. [1974 1st ex.s. c 145 § 20; 1973 1st ex.s. c 142 § 34.]

71.05.300 Filing of petition—Service—Advice of rights. The petition for ninety day treatment shall be filed with the clerk of the superior court. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing, and shall notify the designated county mental health professional. The designated county mental health professional shall immediately notify the person detained, his attorney, if any, and his guardian or conservator, if any, and the prosecuting attorney shall provide a copy of the petition to such persons as soon as possible.

At the time set for appearance the detained person shall be brought before the court and the court shall advise him of his right to be represented by an attorney and of his right to a jury trial. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person. The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310. [1974 1st ex.s. c 145 § 21; 1973 1st ex.s. c 142 § 35.]

71.05.310 Time for hearing—Due process—Jury trial—Continuation of treatment. The court shall conduct a hearing on the petition for ninety day treatment within five judicial days of the first court appearance after the probable cause hearing unless the person named in the petition requests a jury trial, in which case trial shall commence within ten judicial days of the filing of the petition for ninety day treatment. The court may continue the hearing upon the written request of the person named in the petition or his attorney, which continuance shall not exceed ten additional judicial days. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.260.

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his attorney, the detained person shall be released. [1974 1st ex.s. c 145 § 22; 1973 1st ex.s. c 142 § 36.]

71.05.320 Remand for additional treatment—Duration—New petition—Grounds—Hearing. (1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services for a further period of intensive treatment not to exceed ninety days from the date of judgment.

If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment.

(2) Said person shall be released from involuntary treatment at the expiration of ninety days unless the superintendent or professional person in charge of the facility in which he is confined files a new petition for involuntary treatment on the grounds that the committed person:

(a) Has threatened, attempted, or inflicted physical harm upon the person of another during the current period of court ordered treatment and, as a result of mental disorder presents a likelihood of serious harm to others; or

(b) Was taken into custody as a result of conduct in which he attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder, a likelihood of serious harm to others; or

(c) Is in custody pursuant to RCW 71.05.290(3) and as a result of mental disorder presents a substantial likelihood of repeating similar acts; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in subsections (b) and (c) of this section was found by a judge or jury in a prior trial under *this act, it shall not be necessary to reprove that element. Such new petition for involuntary treatment shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this subsection are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided herein above. Successive one
hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. No person committed as herein provided may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length. [1974 1st ex.s. c 145 § 23; 1973 1st ex.s. c 142 § 37.]

*Reviser's note: “this act” [1974 1st ex.s. c 145], see note following RCW 71.05.050.

71.05.330 Early release—Notice to court. Nothing in this chapter shall prohibit the superintendent or professional person in charge of the hospital or facility in which the person is being involuntarily treated from releasing him prior to the expiration of the commitment period when, in the opinion of the superintendent or professional person in charge, the person being involuntarily treated no longer presents a likelihood of serious harm to others.

Whenever the superintendent or professional person in charge of a hospital or facility providing involuntary treatment pursuant to this chapter releases a person prior to the expiration of ninety days, the superintendent or professional person in charge shall in writing notify the court which committed the person for treatment. [1973 1st ex.s. c 142 § 38.]

71.05.340 Outpatient care—Conditional release—Procedures for revocation. (1) When in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient care prior to the expiration of the period of commitment, then such outpatient care may be required as a condition for early release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient care is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated county mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3) If the hospital or facility designated to provide outpatient care, the designated county mental health professional or the secretary determines that a conditionally released person is failing to adhere to the terms and conditions of his release, and because of that failure has become a substantial danger to himself or other persons, then, upon notification by the hospital or facility designated to provide outpatient care, or on his own motion, the designated county mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he is receiving outpatient treatment until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he had been conditionally released. The designated county mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing. The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the designated county mental health professional or the secretary shall file his petition and order of apprehension and detention with the court and serve them upon the person detained. His attorney, if any, and his guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The issues to be determined shall be whether the conditionally released person did or did not adhere to the terms and conditions of his release; and, if he failed to adhere to such terms and conditions, whether the conditions of release should be modified or the person should be returned to the facility. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his counsel and his guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the designated county mental health professional or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than fifteen days from the date of service of the petition upon the conditionally released person.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided. [1974 1st ex.s. c 145 § 24; 1973 1st ex.s. c 142 § 39.]

71.05.350 Assistance to released persons. No indigent patient shall be conditionally released or discharged from involuntary treatment without suitable
have, in addition to other rights not specifically with­
make and receive confidential calls;
persons in need being released from correctional insti­
rights not denied him under this chapter.
all the rights set forth in this chapter and shall retain all
private use ;
onsals providing such services:
ment and evaluation pursuant to this chapter shall have the right to adequate
care and individualized treatment. [1974 1st ex.s. c 145 § 25; 1973 1st ex.s. c 142 § 41.]

71.05.360 Rights of involuntarily detained persons.
(1) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter and shall retain all rights not denied him under this chapter.
(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment. [1974 1st ex.s. c 145 § 25; 1973 1st ex.s. c 142 § 41.]

71.05.370 Rights—Posting of list. Insofar as dan­
ter to the individual or others is not created, each per­
son involuntarily detained, treated in a less restrictive alter­native course of treatment, or committed for treat­
ment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically with­
held by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:
(1) To wear his own clothes and to keep and use his own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;
(2) To keep and be allowed to spend a reasonable sum of his own money for canteen expenses and small purchases;
(3) To have access to individual storage space for his private use;
(4) To have visitors at reasonable times;
(5) To have reasonable access to a telephone, both to make and receive confidential calls;
(6) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;
(7) Not to consent to the performance of shock treat­ment or surgery, except emergency life-saving surgery, upon him, and not to have shock treatment or none­mergency surgery in such circumstance unless ordered by a court pursuant to a judicial hearing in which the person is present and represented by counsel, and the court shall appoint a psychiatrist, psychologist, or phys­
ician designated by such person or his counsel to testi­fy on behalf of such person;
(8) To dispose of property and sign contracts unless such person has been adjudicated incompetent in a court proceeding directed to that particular issue;
(9) Not to have psychosurgery performed on him un­der any circumstances. [1974 1st ex.s. c 145 § 26; 1973 1st ex.s. c 142 § 42.]

71.05.380 Rights of voluntarily committed persons.
All persons voluntarily entering or remaining in any fa­
cility, institution, or hospital providing evaluation and treatment for mental disorder shall have no less than all rights secured to involuntarily detained persons by RCW 71.05.360 and 71.05.370. [1973 1st ex.s. c 142 § 43.]

71.05.390 Confidential information and records——Disclosure. The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or invol­untary recipients of services at public or private agencies shall be confidential.

Information and records may be disclosed only:
(1) In communications between qualified professional persons to meet the requirements of this chapter, in the provision of services or appropriate referrals, or in the course of guardianship proceedings. The consent of the patient, or his guardian, must be obtained before information or records may be disclosed by a professional person employed by a facility to a professional person, not employed by the facility, who does not have the medical responsibility for the patient's care or who is not a designated county mental health professional;
(2) When the person receiving services, or his guardi­an, designates persons to whom information or records may be released, or if the person is a minor, when his parents make such designation;
(3) To the extent necessary for a recipient to make a claim, or for a claim to be made on behalf of a recipient for aid, insurance, or medical assistance to which he may be entitled;
(4) For program evaluation and/or research: Provided, That the secretary of social and health services adopts rules for the conduct of such evaluation and/or research. Such rules shall include, but need not be limited to, the requirement that all evaluators and re­searchers must sign an oath of confidentiality substantially as follows:
"As a condition of conducting evaluation or research concerning persons who have received services from (fill in the facility, agency, or person) I, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information ob­tained in the course of such evaluation or research regard­ing persons who have received services such that the person who received such services is identifiable.
I recognize that unauthorized release of confidential information may subject me to civil liability under the provisions of state law.

(5) To the courts as necessary to the administration of this chapter.
(6) To law enforcement officers when requesting such information necessary to carry out the provisions of RCW 9.41.070 and Public Law 90–618.

The fact of admission, as well as all records, files, evi­dence, findings, or orders made, prepared, collected, or maintained pursuant to this chapter shall not be admissible as evidence in any legal proceeding outside this chapter without the written consent of the person who

[Title 71—p 13]
was the subject of the proceeding. The records and files maintained in any court proceeding pursuant to this chapter shall be confidential and available subsequent to such proceedings only to the person who was the subject of the proceeding or his attorney. In addition, the court may order the subsequent release or use of such records or files only upon good cause shown if the court finds that appropriate safeguards for strict confidentiality are and will be maintained. [1973 1st ex.s. c 145 § 27; 1973 1st ex.s. c 142 § 44.]

71.05.400 Release of information to patient's next of kin, attorney, guardian, etc.—Notification of patient's death. (1) A public or private agency shall release to a patient's next of kin, attorney, guardian, or conservator, if any,

(a) The information that the person is presently a patient in the facility or that the person is seriously physically ill;

(b) A statement evaluating the mental and physical condition of the patient, and a statement of the probable duration of the patient's confinement, if such information is requested by the next of kin, attorney, guardian, or conservator; and such other information requested by the next of kin or attorney as may be necessary to decide whether or not proceedings should be instituted to appoint a guardian or conservator.

(2) Upon the death of a patient, his next of kin, guardian, or conservator, if any, shall be notified.

Next of kin who are of legal age and competent shall be notified under this section in the following order: Spouse, parents, children, brothers and sisters, and other relatives according to the degree of relation. [1974 1st ex.s. c 115 § 1; 1973 2nd ex.s. c 24 § 6; 1973 1st ex.s. c 142 § 45.]

71.05.410 Notice of disappearance of patient. When a patient would otherwise be subject to the provisions of RCW 71.05.390 and disclosure is necessary for the protection of the patient or others due to his unauthorized disappearance from the facility, and his whereabouts is unknown, notice of such disappearance, along with relevant information, may be made to relatives and governmental law enforcement agencies designated by the physician in charge of the patient or the professional person in charge of the facility, or his professional designee. [1973 2nd ex.s. c 24 § 7; 1973 1st ex.s. c 142 § 46.]

71.05.420 Records of disclosure. When any disclosure of information or records is made as authorized by RCW 71.05.390 through 71.05.410, the physician in charge of the patient or the professional person in charge of the facility shall promptly cause to be entered into the patient's medical record the date and circumstances under which said disclosure was made, the names and relationships to the patient, if any, of the persons or agencies to whom such disclosure was made, and the information disclosed. [1973 1st ex.s. c 142 § 47.]

71.05.430 Statistical data. Nothing in this chapter shall be construed to prohibit the compilation and publication of statistical data for use by government or researchers under standards, including standards to assure maintenance of confidentiality, set forth by the secretary of the department of social and health services. [1973 1st ex.s. c 142 § 48.]

71.05.440 Action for unauthorized release of confidential information—Liquidated damages—Injunction. [1959 c 25 § 71.06.050. Prior: 1951 c 223 § 6.]

Thereupon, the superintendent of the institution involved shall so inform whatever court committed the sexual psychopath. The court then may order such further examination and investigation of such person as seems necessary, and may at its discretion, summon such person before it for further hearing, together with any witnesses whose testimony may be pertinent, and together with any relevant documents and other evidence. 71.20.010 Declaration of purpose. It is declared to be the policy of the legislature of the state of Washington to authorize the state, as part of its program to promote mental health, to develop and coordinate state services for mentally retarded persons; to encourage research and staff training for state and local personnel working with mentally retarded persons; and to cooperate with communities to encourage the establishment and development of services to the mentally retarded through locally administered and locally controlled programs. The complexities of mental retardation require the services of many state departments as well as those of the community. Services should be planned and provided as a part of a continuum. A pattern of facilities, services and eligibility should be established which is sufficiently complete to meet the needs of each retarded person regardless of age or degree of handicap, and at each state of his life's development.

It is the intention of the legislature herein that there be established a central point of referral in the community for the mentally retarded and their families and the establishment of ongoing points of contact with the mentally retarded and their families so that they may have a place of entry for services and return as the need...
may appear. Further, it is necessary to provide a link between the mentally retarded and sources in the community, including state departments, to the end that the mentally retarded and their families may have access to each of the facilities best suited to them throughout the life of the retarded person. [1967 ex.s. c 110 § 1.]

72.23.070 Voluntary patients—Right to receive—Application—Review of condition and status—Minors, commitment procedure and requirements, rights. Pursuant to rules and regulations established by the department, a public or private facility may receive any person who is a suitable person for care and treatment as mentally ill, or for observation as to the existence of mental illness, upon the receipt of a written application of the person, or others on his behalf, in accordance with the following requirements:

(1) In the case of a person eighteen years of age or over, the application shall be voluntarily made by the person;

(2) In the case of a person thirteen years of age or under, the application may be voluntarily made by his parents, or by the parent, conservator, guardian, or other person entitled to his custody when such person is more than thirteen years of age, such application must be accompanied by the written consent, knowingly and voluntarily given, of the minor. All such voluntary applications to a public facility shall be reviewed by the county mental health professionals, who shall submit a written report and evaluation with recommendations to the superintendent of such facility to which such application is made stating whether treatment is necessary and proper on a voluntary basis and evaluating the reasons for voluntary commitment. Such person's condition and status shall be reviewed by the professional person in charge of the facility or his designee at least once each one hundred eighty days. A person under eighteen years of age received into a public facility as a voluntary patient shall not be retained after he reaches eighteen years of age, but such person, upon reaching eighteen years of age, may apply for admission into a public or private facility as a voluntary patient.

(3) No minor over thirteen years of age shall be involuntarily committed to a state or private facility for care and treatment as mentally disordered, or for observation as to the existence of mental disorder, except in accordance with the following requirements:

(a) The facility must be certified by the department of social and health services to provide evaluation and treatment to persons under eighteen years of age suffering from mental disorders: Provided, That a physically separate and separately operated portion of a state hospital may be designated as an evaluation and treatment facility: Provided further, That a facility which is part of, or a part of, or operated by, the department of social and health services or any federal agency will not require certification.

(b) A petition shall be filed with the juvenile court by the person's parent, parents, conservator, guardian, or by the juvenile court itself. The petition shall set forth the reasons why commitment is necessary and what alternative courses of treatment have been explored. The juvenile court shall then conduct a hearing, at which the person under eighteen years of age shall be represented by an attorney, to determine whether commitment is clearly in the best interests of the person sought to be committed, and that no less restrictive alternative exists: Provided, That, if in the opinion of the designated county mental health professional a minor presents an imminent likelihood of serious harm to himself or others, he may be temporarily detained for up to seventy-two hours by a licensed facility pending petition to the juvenile court for further commitment.

(c) If the juvenile court determines that commitment is clearly necessary, it will issue an order approving such petition. If the juvenile court determines that a less restrictive alternative is desirable, it may order that alternatives be followed.
(d) If a person under the age of eighteen years is committed to a state or private facility pursuant to this section, the juvenile court recommending commitment shall require a report from the facility every one hundred eighty days that sets forth such facts as the juvenile court may require. Upon receipt of the report, the juvenile court shall undertake a review of the status of such person to determine whether or not it is still clearly in the best interests of the patient that he remain in the facility. If the juvenile court determines that further commitment is not clearly in the best interests of the patient, it shall order release upon such conditions as it deems necessary.

(e) Every person under the age of eighteen shall specifically have all the rights provided for by RCW 71.05-.370 and 71.05.480, except that the juvenile court rather than the superior court shall be responsible for any proceedings. A voluntarily admitted minor over thirteen years of age shall have the right to release on the next judicial day from the date of request unless a petition is filed in juvenile court by the professional person in charge of the facility or his designee on the grounds that the juvenile is dangerous to himself or others or that it would be in the best interests of the juvenile that he remain in the facility. Furthermore, should the patient and his parent, conservator, or guardian both request his release, he shall be immediately released unless the professional person in charge of the facility objects immediately in writing to the juvenile court on the grounds that the person is dangerous to himself or others and that it would not be in the patient's best interests to be released. Should this occur, the juvenile court shall hold a hearing on the issue within five judicial days and determine whether the person should be released.

(f) Nothing in this section shall prohibit the professional person in charge of the facility in which the person is being treated from releasing him at any time when, in the opinion of said professional person, further commitment would no longer be in the best interests of the patient.

Whenever a person is released by the professional person in charge of a facility under this section, said person shall, in writing, notify the juvenile court which committed the person for treatment.

(4) In the case of a person eighteen years of age or over for whom a conservator or guardian of the person has been appointed, such application shall be made by said conservator or guardian, when so authorized by proper court order in the conservatorship or guardianship proceedings.

72.27.010  Compact enacted. The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:
(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.
(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.
(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.
(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.
ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances: Provided, however, That in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while
subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1965 ex.s. c 26 § 1.]

Chapter added: "The foregoing provisions of this act are added to chapter 28, Laws of 1959 and to Title 72 RCW, and shall constitute a new chapter therein." [1965 ex.s. c 26 § 8.]

Effective date—1965 ex.s. c 26: "This act shall take effect upon July 1, 1965." [1965 ex.s. c 26 § 9.]

72.27.020 Director is compact administrator—Rules and regulations—Cooperation with other agencies. Pursuant to said compact provided in RCW 72.27-.010, the director of the department of institutions shall be the compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate rules and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact or any supplementary agreement or agreements entered into by this state thereunder. [1965 ex.s. c 26 § 2.]

72.27.030 Supplementary agreements. The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service. [1965 ex.s. c 26 § 3.]

72.27.040 Financial arrangements. The compact administrator, subject to the moneys available therefor, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder. [1965 ex.s. c 26 § 4.]

72.27.050 Prerequisites for transfer of person to another party state—Release or return of residents, jurisdiction, laws applicable. No person shall be
transferred to another party state pursuant to this chapter unless the compact administrator first shall have obtained either:

(a) The written consent to such transfer by the proposed transferee or by others on his behalf, which consent shall be executed in accordance with the requirements of RCW 72.23.070, and if such person was originally committed involuntarily, such consent also shall be approved by the committing court; or

(b) An order of the superior court approving such transfer, which order shall be obtained from the committing court, if such person was committed involuntarily, otherwise from the superior court of the county where such person resided at the time of such commitment; and such order shall be issued only after notice and hearing in the manner provided for the involuntary commitment of mentally ill or mentally deficient persons as the case may be.

The courts of this state shall have concurrent jurisdiction with the appropriate courts of other party states to hear and determine petitions seeking the release or return of residents of this state who have been transferred from this state under this chapter to the same extent as if such persons were hospitalized in this state; and the laws of this state relating to the release of such persons shall govern the disposition of any such proceeding. [1965 ex.s. c 26 § 5.]

72.27.060 Transmittal of copies of chapter. Duly authorized copies of this chapter shall, upon its approval be transmitted by the secretary of state to the governor of each state, the attorney general and the administrator of general services of the United States, and the council of state governments. [1965 ex.s. c 26 § 6.]

The commission shall:

1. Recommend productive, industrial and agricultural enterprises in the institutions under the jurisdiction of the department in such volume and of such kinds as to eliminate unnecessary idleness among the inmates and to provide diversified work activities which will serve as means of vocational education as well as of occupation and financial support.

2. Determine the advisability and suitability of establishing, expanding, diminishing, or discontinuing each separate industrial or agricultural enterprise at each institution involving a gross annual production of more than twenty-five thousand dollars value but less than two hundred seventy-five thousand dollars value and authorize or prohibit such action. The commission shall determine the gross annual production, within the limit set above, of each new enterprise at the time of its establishment. The annual production so set shall not be increased until a public hearing concerning the proposed increase has been held before the commission. It shall be the duty of the commission, annually, to adjust the maximum gross annual production value of two hundred seventy-five thousand dollars permitted for each separate enterprise at each institution, the purpose of such adjustment being to keep said limit in balance with changes in population of state institutions and changes in cost of production. Such adjustment shall be made in the following manner:

   a. The maximum limitation of two hundred seventy-five thousand dollars shall serve as a base figure as of December 31, 1954, for such computation.

   b. The maximum limitation for each enterprise at each institution shall be increased or decreased in the same proportion as the population of state institutions shall have increased or decreased in comparison with their population on December 31, 1954.

The maximum limitation for each enterprise at each institution shall be further increased or decreased in the same proportion as the wholesale price index of the United States bureau of labor statistics shall have increased or decreased in comparison with such wholesale price index as of December 31, 1954.

   The maximum gross annual limitation on production as adjusted in accordance with the above formula shall replace and serve in lieu of the two hundred seventy-five thousand dollars limitation until the next annual adjustment is made by the commission. It shall apply to enterprises previously authorized as well as to those authorized during the current period, and such adjustment may be made without public hearing.

3. Hold hearings and make rules for the conducting of such hearings. The commission may in its discretion hold public hearings on any subject within its jurisdiction. [1959 c 28 § 72.60.070. Prior: 1955 c 314 § 7. Formerly RCW 43.95.060.]

Inmates not engaged on work programs under the jurisdiction of the commission and financed out of the industrial operations revolving fund, but who are engaged in productive labor outside of such programs may be compensated in like manner. The compensation of such inmates shall be paid either out of funds appropriated by the legislature for that purpose or out of the industrial operations revolving fund of the institution, as the director of the department may direct. WESTERN INTERSTATE CORRECTIONS COMPACT

ARTICLE I—Purpose and Policy

The party states, desiring by common action to improve their institutional facilities and provide programs of sufficiently high quality for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society. The purpose of this compact is to provide for the development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders.

ARTICLE II—Definitions

As used in this compact, unless the context clearly requires otherwise:
(a) "State" means a state of the United States, the Territory of Hawaii, or, subject to the limitation contained in Article VII, Guam.
(b) "Sending state" means a state party to this compact in which conviction was had.
(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction was had.
(d) "Inmate" means a male or female offender who is under sentence to or confined in a prison or other correctional institution.
(e) "Institution" means any prison, reformatory or other correctional facility (including but not limited to a facility for the mentally ill or mentally defective) in which inmates may lawfully be confined.

ARTICLE III—Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:
1. Its duration.
2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.
3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting
of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) Prior to the construction or completion of construction of any institution or addition thereto by a party state, any other party state or states may contract therewith for the enlargement of the planned capacity of the institution or addition thereto, or for the inclusion therein of particular equipment or structures, and for the reservation of a specific percentage of the capacity of the institution to be kept available for use by inmates of the sending state or states so contracting. Any sending state so contracting may, to the extent that monies are legally available therefor, pay to the receiving state, a reasonable sum as consideration for such enlargement of capacity, or provision of equipment or structures, and reservation of capacity. Such payment may be in a lump sum or in installments as provided in the contract.

(c) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV—Procedures and Rights

(a) Whenever the duly constituted judicial or administrative authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary in order to provide adequate quarters and care or desirable in order to provide an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have the benefit of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be cared for and treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state. Costs of records made pursuant to this subdivision shall be borne by the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.
ARTICLE V—Acts Not Reviewable In Receiving State; Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within such state any criminal charge or if the inmate is suspected of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI—Federal Aid

An actual withdrawal shall not take effect until two years after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX—Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

For the purpose of carrying out the provision of RCW 72.99.070 through 72.99.160, there is hereby appropriated from the state building construction account the sum of twenty million two hundred and fourteen thousand nine hundred ninety-six dollars, or so much thereof as shall be necessary. [1957 c 298 § 6.]

72.99.130 Bonds not a general obligation—Legislature may provide additional means for payment. The bonds authorized to be issued pursuant to the provisions of RCW 72.99.070 through 72.99.160 shall not be general obligations of the state of Washington, but shall be limited obligation bonds payable only from the special fund created for their payment derived from the tax on retail sales as herein provided. The legislature may provide additional means for raising money for the payment of interest and principal of said bonds. RCW 72.99.070 through 72.99.160 shall not be deemed to provide an exclusive method for such payment. The power given to the legislature by this section to provide additional means for raising money is permissive, and shall not in any way be construed as a pledge of the general credit of the state of Washington.
