43.41.030 Purpose. The legislature finds that the need for long-range state program planning and for the short-range planning carried on through the budget process, complement each other. The biennial budget submitted to the legislature must be considered in the light of the longer-range plans and goals of the state. The effectiveness of the short-range plan presented as budget proposals, cannot be measured without being aware of these longer-range goals. Thus efficient management requires that the planning and fiscal activities of state government be integrated into a unified process. It is the purpose of this chapter to bring these functions together in a new division of the office of the governor to be called the office of program planning and fiscal management. [1969 ex.s. c 239 § 1.]

43.41.040 Definitions. As used in this chapter, unless the context indicates otherwise:

The director may enter into contracts on behalf of the state to carry out the purposes of this chapter; he may act for the state in the initiation of or participation in any multi-governmental agency program relative to the purposes of this chapter; and he may accept gifts and grants, whether such grants be of federal or other funds. The chief may appoint employees of the Washington state patrol to serve as special deputies, with such restricted police authority as the chief shall designate as being necessary and consistent with their assignment to duty. Such appointment and conferral of authority shall not qualify said employees for membership in the Washington state patrol retirement system, nor shall it grant tenure of office as a regular officer of the Washington state patrol. [1973 1st ex.s. c 80 § 1; 1965 c 8 § 43.43.020. Prior: 1949 c 192 § 1; 1933 c 25 § 3; Rem. Supp. 1949 § 6362-61.]

(2) Should a disability beneficiary whose disability was not incurred in line of duty, prior to attaining age fifty, engage in a gainful occupation, the chief shall reduce the amount of his retirement allowance to an amount which when added to the compensation earned by him in such occupation shall not exceed the basic salary currently being paid for the rank the retired officer held at the time he was disabled. All such disability beneficiaries under age fifty shall file with the chief every six months a signed and sworn statement of earnings and any person who shall knowingly swear falsely on such statement shall be subject to prosecution for perjury. Should the earning capacity of such beneficiary

Such officers shall receive one-half of their compensation at the existing wage, during the time the disability continues in effect, less any compensation received through the department of labor and industries.

They shall be subject to mental or physical examination at any state institution or otherwise under the direction of the chief of the patrol at any time during such relief from duty to ascertain whether or not they are able to resume active duty. [1973 2nd ex.s. c 20 § 1; 1965 c 8 § 43.43.040. Prior: 1947 c 174 § 1; 1943 c 215 § 1; RRS § 6362–65.]

Upon being so served, any such officer shall be entitled to a public hearing before a trial board consisting of two Washington state patrol officers of the rank of captain, and one officer of equal rank with the officer complained of, who shall be selected by the chief of the Washington state patrol by lot from the roster of the patrol. In the case of complaint by an officer, such officer shall not be a member of the trial board. [1965 c 8 § 43.43.070. Prior: 1943 c 205 § 3; Rem. Supp. 1943 § 6362–68.]

After hearing, the findings of the trial board shall be submitted to the chief. Such findings shall be final in the case of acquittal. In the event of conviction the chief may determine the proper disciplinary action and declare it by written order served upon the officer complained of. [1965 c 8 § 43.43.090. Prior: 1943 c 205 § 5; Rem. Supp. 1943 § 6362–70.]

43.43.100 Review of order. Any officer subjected to disciplinary action may, within ten days after the service of the order upon him, apply to the superior court of Thurston county for a writ of review to have the reasonableness and lawfulness of the order inquired into and determined.

The superior court shall review the determination of the chief of the Washington state patrol in a summary manner, based upon the record of the hearing before the trial board, and shall render its decision within ninety days, either affirming or reversing the order of the chief, or remanding the matter to him for further action. [1965 c 8 § 43.43.100. Prior: 1943 c 205 § 6; Rem. Supp. 1943 § 6362–71.]

43.43.110 Reinstatement on acquittal. At such times as the retirement board may deem it necessary and at least once within the first three years of the operation hereof and once in each five year period thereafter, the board shall have prepared by a competent actuary a report showing a complete valuation of the present and prospective assets and liabilities of the various funds created hereby. The actuary shall make an investigation of the mortality and service experience of the members of the system and shall report fully upon such recommendations as he deems advisable for the information of the retirement board in the proper operation of the retirement fund. [1965 c 8 § 43.43.200. Prior: 1947 c 250 § 9; Rem. Supp. 1947 § 6362-89.]

43.43.220 Retirement fund—Expenses—Contributions by state. (1) The Washington state patrol retirement fund shall be the fund from which shall be paid all retirement allowances or benefits in lieu thereof which are payable as provided herein. The expenses of operating the retirement system shall be paid from appropriations made for the operation of the Washington state patrol.

(2) The "fundable employer liability" at any date shall be the present value of:

(a) All future pension benefits payable in respect of all members in the retirement system at that date, and

(b) All future benefits in respect of beneficiaries then receiving retirement allowances or pensions.

(3) The contributions by the state for benefits under the retirement system shall consist of the sum of a percentage of the compensation of members to be known as the "normal contribution", and a percentage of such compensation to be known as the "unfunded liability contribution". The rates of such contributions shall be determined by the retirement board on the basis of assets and liabilities as shown by actuarial valuation.

(4) After the completion of each actuarial valuation, the retirement board shall determine or redetermine the normal contribution rate and such contribution rate shall become effective in the ensuing biennium. Until the unfunded liability contribution shall have been discontinued, such normal contribution rate shall be computed to be sufficient, when applied to the present value of the future compensation of the average new member entering the system, to provide for the payment of all prospective pension benefits in respect of such member. SEASHORE CONSERVATION AREA

43.51.650 Declaration of principles. The beaches bounding the Pacific Ocean from the Straits of Juan de Fuca to Cape Disappointment at the mouth of the Columbia River constitute some of the last unspoiled seashore remaining in the United States. They provide the public with almost unlimited opportunities for recreational activities, like swimming, surfing and hiking; for outdoor sports, like hunting, fishing, clamming, and boating; for the observation of nature as it existed for hundreds of years before the arrival of white men; and for relaxation away from the pressures and tensions of modern life. In past years, these recreational activities have been enjoyed by countless Washington citizens, as well as by tourists from other states and countries. The number of people wishing to participate in such recreational activities grows annually. This increasing public pressure makes it necessary that the state dedicate the use of the ocean beaches to public recreation and to provide certain recreational and sanitary facilities. Non-recreational use of the beach must be strictly limited. Even recreational uses must be regulated in order that Washington's unrivaled seashore may be saved for our children in much the same form as we know it today. [1967 c 120 § 1.]

*Repeal:* "Chapter 78, Laws of 1929 (uncodified) is hereby repealed: Provided, That the title of anyone who has purchased property under this act shall not be affected." [1967 c 120 § 10.]

43.51.655 Seashore conservation area—Established. There is established for the recreational use and enjoyment of the public the Washington State Seashore Conservation Area. It shall include all lands now or hereafter under state ownership or control lying between Cape Disappointment and Leadbetter Point; between Toke Point and the South jetty on Point Chehalis; and between Damon Point and the Makah Indian Reservation and occupying the area between the line of ordinary high tide and the line of extreme low tide, as these lines now are or may hereafter be located, and, where applicable, between the Seashore Conservation Line, as established by survey of the Washington state parks and recreation commission and the line of extreme low tide, as these lines now are or may hereafter be located; and shall also include all state-owned nontrust accreted lands along the ocean: Provided, That no such conservation area shall include any lands within the established boundaries of any Indian reservation. [1969 ex.s. c 55 § 1; 1967 c 120 § 2.]

*Construction—1969 ex.s. c 55:* "No provision of this 1969 amendatory act shall be construed as affecting any private or public property rights." [1969 ex.s. c 55 § 8.] This applies to RCW 43.51.655-43.51.675, 43.51.685 and to the repeal of RCW 43.51.690-43.51.705.

43.51.660 Jurisdiction over and administration of area. Except as otherwise provided in RCW 43.51.650 through 43.51.685, the Washington State Seashore Conservation Area shall be under the jurisdiction of the Washington state parks and recreation commission, which shall administer RCW 43.51.650 through 43.51.685 in accordance with the powers granted it herein and under the appropriate provisions of chapter 43.51 RCW. [1969 ex.s. c 55 § 2; 1967 c 120 § 3.]

43.51.665 Principles and purposes to be followed in administering area. The Washington state parks and recreation commission shall administer the Washington State Seashore Conservation Area in harmony with the broad principles set forth in RCW 43.51.650. Where feasible, the area shall be preserved in its present state; everywhere it shall be maintained in the best possible condition for public use. All forms of public outdoor recreation shall be permitted and encouraged in the area, unless specifically excluded or limited by the commission. While the primary purpose in the establishment of the area is to preserve the coastal beaches for public recreation, other uses shall be allowed as provided in RCW 43.51.650 through 43.51.685, or when found not inconsistent with public recreational use by the Washington state parks and recreation commission. [1969 ex.s. c 55 § 3; 1967 c 120 § 4.]

43.51.670 Cooperation and assistance of federal, state and local agencies. In administering the Washington State Seashore Conservation Area, the Washington state parks and recreation commission shall seek the cooperation and assistance of federal agencies, other state agencies, and local political subdivisions. All state agencies, and the governing officials of each local subdivision shall cooperate with the commission in carrying out its duties. Except as otherwise provided in RCW 43.51.650 through 43.51.685, and notwithstanding any other provision of law, other state agencies and local subdivisions shall perform duties in the Washington State Seashore Conservation Area which are within their normal jurisdiction, except when such performance clearly conflicts with the purposes of RCW 43.51.650 through 43.51.685. [1969 ex.s. c 55 § 4; 1967 c 120 § 5.]

43.51.675 Powers and authority of department of fisheries and department of game not interfered with. GREEN RIVER GORGE CONSERVATION AREA

Declaration. The Green River Gorge, between the town of Kanasket and the Kummer bridge in King county, is a twelve mile spectacularly winding gorge with steep to overhanging rock walls reaching heights of from one hundred fifty to three hundred feet. The beauty and natural features of the gorge are generally confined within the canyon rim. This twelve mile gorge area contains many examples of unique biological and geological features for educational and recreational interpretation, almost two miles of Eocene sediment rocks and fossils are exposed revealing one of the most complete stratigraphic sections to be found in the region. The area, a unique recreational attraction with more than one million seven hundred thousand people living within an hour's driving time, is presently used by hikers, geologists, fishermen, kayakers and canoeists, picnickers and swimmers, and those seeking the solitude offered by this unique area. Abutting and adjacent landowners generally have kept the gorge lands in their natural state; however, economic and urbanization pressures for development are rapidly increasing. Local and state outdoor recreation plans show a regional need for resources and facilities which could be developed in this area. A twelve mile strip incorporating the visual basins of the Green River from the Kummer bridge to Palmer
needs to be acquired and developed as a conservation area to preserve this unique area for the recreational needs of the region. [1969 ex.s. c 162 § 1.]

43.51.910 Green River Gorge conservation area created. There is hereby created a Washington state parks and recreation commission conservation area to be known as "Green River Gorge conservation area". [1969 ex.s. c 162 § 2.]

43.51.920 Acquisition of real property, easements, or rights authorized. In addition to all other powers and duties prescribed by law, the state parks and recreation commission is authorized and directed to acquire such real property, easements, and rights as is necessary for such park and conservation purposes in any manner authorized by law for the acquisition of lands for parks and parkway purposes. Except for such real property as is necessary and convenient for development of picnicking or camping areas and their related facilities, it is the intent of this section that such property shall be acquired to preserve, as much as possible, the gorge within the canyon rim in its natural pristine state. [1969 ex.s. c 162 § 3.]

43.51.930 Acquisition of real property, easements, or rights authorized—Rights of other state agencies not to be infringed upon. Nothing herein shall be construed as authorizing or directing the state parks and recreation commission to acquire any real property, easements, or rights in the Green River Gorge in King county, together with such real property, easements, and rights as is necessary for such park and conservation purposes in any manner authorized by law for the acquisition of lands for parks and parkway purposes. Except for such real property as is necessary and convenient for development of picnicking or camping areas and their related facilities, it is the intent of this section that such property shall be acquired to preserve, as much as possible, the gorge within the canyon rim in its natural pristine state. [1969 ex.s. c 162 § 4.]

It further recognizes the importance of safeguarding this area from those types of development which would alter its natural form and beauty. [1975–'76 2nd ex.s. c 88 § 1.]

43.51.941 Study and report. The state parks and recreation commission and the department of natural resources are directed jointly to undertake a study and complete a report regarding methods for safeguarding the natural form, beauty, and recreational values of Mt. Si and Little Si. Both agencies shall coordinate and cooperate with private interests and federal, state, and local government interests, and shall determine the ownership, proposed boundaries, acquisition cost, and a management plan for those lands determined in the report to be necessary for safeguarding the scenic, geological, and recreational values described in RCW 43.51.940. The completed report shall be presented to the senate and house committees on parks and recreation by December 31, 1976. [1975–’76 2nd ex.s. c 88 § 2.]

Appropriation for study: "There is hereby appropriated five thousand dollars, or so much thereof as may be necessary, from the state general fund to complete the study directed in section 2 of this act, such sum to be divided equally by the department of natural resources and the state parks and recreation commission, and to be available on the effective date of this act." [1975–‘76 2nd ex.s. c 88 § 3.]

[1965 c 8 § 43.52.350. Prior: 1953 c 281 § 11.]

43.52.360 Operating agency—Formation—Additional projects—Appeals—Membership, withdrawal—Dissolution. Any two or more cities or public utility districts or combinations thereof may form an operating agency (herein sometimes called a joint operating agency) for the purpose of acquiring, constructing, operating and owning plants, systems and other facilities and extensions thereof, for the generation and/or transmission of electric energy and power. Each such agency shall be a municipal corporation of the state of Washington with the right to sue and be sued in its own name.

Application for the formation of an operating agency shall be made to the director of conservation (herein sometimes referred to as the director) after the adoption of a resolution by the legislative body of each city or public utility district to be initial members thereof authorizing said city or district to participate. Such application shall set forth (1) the name and address of each participant, together with a certified copy of the resolution authorizing its participation; (2) a general description of the project and the principal project works, including dams, reservoirs, power houses and transmission lines; (3) the general location of the project [Title 43—p 177]
and, if a hydroelectric project, the name of the stream on which such proposed project is to be located; (4) if the project is for the generation of electricity, the proposed use or market for the power to be developed; (5) a general statement of the electric loads and resources of each of the participants; (6) a statement of the proposed method of financing the preliminary engineering and other studies and the participation therein by each of the participants.

Within ten days after such application is filed with the director of conservation notice thereof shall be published by the director once a week for four consecutive weeks in a newspaper of general circulation in the county or counties in which such project is to be located, setting forth the names of the participants and the general nature, extent and location of the project. Any public utility wishing to object to such application by filing an objection, setting forth the reasons therefor, within ten days after the publication thereof, shall make findings thereon. Such objection shall be filed not later than ten days after the date of last publication of such notice.

Within ninety days after the date of last publication the director shall either make findings thereon or have instituted a hearing thereon. In event the director has neither made findings nor instituted a hearing within ninety days of the date of last publication, or if such hearing is instituted within such time but no findings are made within one hundred and twenty days of the date of such last publication, the application shall be deemed to have been approved and the operating agency established. If it shall appear (a) that the statements set forth in said application are substantially correct; (b) that the contemplated project is such as is adaptable to the needs, both actual and prospective, of the participants and such other public utilities as indicate a good faith intention by contract or by letter of intent to participate in the use of such project; (c) that no objection to the formation of such operating agency has been filed by any other public utility which prior to and at the time of the filing of the application for such operating agency had on file a permit or license from an agency of the state or an agency of the United States, whichever has primary jurisdiction, for the construction of such project; (d) that adequate provision will be made for financing the preliminary engineering, legal and other costs necessary thereto; the director shall make findings to that effect and enter an order creating such operating agency, establishing the name thereof and the specific project for the construction and operation for which such operating agency is formed. Such order shall not be construed to constitute a bar to any other public utility proceeding according to law to procure any required governmental permits, licenses or authority, but such order shall establish the competency of the operating agency to proceed according to law to procure such permits, licenses or authority.

No operating agency shall undertake projects in addition to those for which it was formed without the approval of the legislative bodies of a majority of the members thereof. In the event that an operating agency desires to undertake such a hydroelectric project at a site or sites upon which any publicly or privately owned public utility has a license or permit or has a prior application for a license or permit pending with any commission or agency, state or federal, having jurisdiction thereof, application to construct such additional project shall be made to the director of conservation in the same manner, subject to the same requirements and with the same notice as required for an initial agency and project and shall not be constructed until an order authorizing the same shall have been made by the director in the manner provided for such original application.

Any party who has joined in filing the application for, or objections against, the creation of such operating agency and/or the construction of an additional project, and who feels aggrieved by any order or finding of the director shall have the right to appeal to the superior court in the manner set forth in RCW 43.52.430.

After the formation of an operating agency, any other city or district may become a member thereof upon application to such agency after the adoption of a resolution of its legislative body authorizing said city or district to participate, and with the consent of the operating agency by the affirmative vote of the majority of its members. Any member may withdraw from an operating agency, and thereupon such member shall forfeit any and all rights or interest which it may have in such operating agency or in any of the assets thereof: Provided, That all contractual obligations incurred while a member shall remain in full force and effect. An operating agency may be dissolved by the unanimous agreement of the members, and the members, after making provisions for the payment of all debts and obligations, shall thereupon hold the assets thereof as tenants in common. [1965 c 8 § 43.52.360. Prior: 1957 c 295 § 1; 1955 c 258 § 3; 1953 c 281 § 12.]

43.52.370 Operating agency board—Members, appointment, vote, term, etc.—Rules—Proceedings. The management and control of an operating agency shall be vested in a board of directors, herein sometimes referred to as the board. The legislative body of each member of an operating agency shall appoint a representative who may, at the discretion of the member and regardless of any charter or other provision to the contrary, be an officer or employee of the member, to serve on the board of the operating agency. Each representative shall have one vote and shall have, in addition thereto, one vote for each block of electric energy equal to ten percent of the total energy generated by the agency during the preceding year purchased by the member represented by such representative. Each member may appoint an alternative representative to serve in the absence or disability of its representative. Each representative shall serve at the pleasure of the member. The board of an operating agency shall elect from its members a president, vice president and secretary, who shall serve at the pleasure of the board. INTERSTATE COMPACT DETERMINING OREGON–WASHINGTON BOUNDARY ON THE COLUMBIA RIVER

ARTICLE I. PURPOSE

The boundary between the states of Oregon and Washington along the course of the Columbia River has not been easy to ascertain because of changes in the main channel of the river with a result that a state of confusion and dispute exists and the enforcement and administration of the laws of the two states has been rendered difficult.

The purpose of this compact is to fix with precision by reference to stations of longitude and latitude the boundary between the states of Oregon and Washington from one marine league due west of the mouth of the Columbia River to the most easterly point at which the 46th parallel of North latitude crosses said river, at which point the river ceases to form the boundary between the two states.

ARTICLE II. DESCRIPTION

The boundary between the states of Oregon and Washington from one marine league due west of the mouth of the Columbia River to the point at which the last described point number (# 191) of this description, which point is at north latitude 46°15'00".00, west longitude 124°05'00".00; thence from point number 1 continuing upstream in the channel of the Columbia river by a series of straight lines connecting the following numbered and described points in consecutive order.

43.63A.010 Purpose. The legislature finds that (1) the rapid growth being experienced by many communities within the state presents new and significant problems for governmental units in providing the necessary public services and in planning and developing desirable living and working areas; (2) the full and effective use of the many programs of the federal government affecting community development necessitates full cooperation and coordination of existing state and local governmental agencies; (3) the coordination of existing state activities which affect the communities of the state requires the establishment of machinery within the state government to administer new and existing programs to meet these problems; (4) it is the urgent responsibility of the state to assist communities in meeting these problems in whatever way possible including technical and financial assistance. It is therefore the purpose of this chapter to establish a state agency for state planning, to aid in providing financial and technical assistance to the communities of the state and to otherwise assist in such community planning and development in order to promote health and living standards and conditions that the welfare of the people of the state require. [1965 c 8 § 43.78-130. Prior: 1919 c 80 § 1; RRS § 10335.]

[1965 c 8 § 43.78.140. Prior: 1919 c 80 § 2; RRS § 10336.]

43.78.150 Public printing for municipal corporations must be done in state—Contracts for out-of-state work. All contracts for such work to be done outside the state shall require that it be executed under conditions of employment which shall substantially conform to the laws of this state respecting hours of labor, the minimum wage scale, and the rules and regulations of the industrial welfare committee regarding conditions of employment, hours of labor, and minimum wages, and shall be favorably comparable to the labor standards and practices of the lowest competent bidder within the state, and the violation of any such provision of any contract shall be ground for cancellation thereof. Public funds, deposit and investment, public depositaries: Chapter 39.58 RCW.  

43.86A.010 Finding—Objectives. The legislature finds that a procedure should be established for the management of short term treasury surplus funds by the state treasurer in order to insure a maximum return while they are on deposit in public depositaries. The objectives of this procedure are to minimize noninterest earning demand deposits and provide fair compensation to banks for services rendered to the state through the investment of state funds in time deposits. [1973 c 123 § 1.]

43.86A.020 Surplus funds held as demand deposits to be limited. After March 19, 1973, the state treasurer shall limit surplus funds held as demand deposits to an amount necessary for current operating expenses including direct warrant redemption payments, investments and revenue collection. The state treasurer may hold such additional funds as demand deposits as he deems necessary to insure efficient treasury management. [1973 c 123 § 2.]

43.86A.030 Time certificate of deposit investment program—Funds available for—Allocation. Funds held in public depositaries not as demand deposits as provided in RCW 43.86A.020 and 43.86A.030, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depositaries an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, section 1 (b) of the state Constitution, or fifty percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositaries. These deposits shall be allocated among the participating depositaries on a basis to be determined by the state treasurer. The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors. [1973 c 123 § 3.]

43.86A.040 Other investment powers of state treasurer not limited. Except as provided in RCW 43.86.020 and 43.86.030, nothing in this chapter shall be construed as a limitation upon the powers of the state treasurer to determine the amount of surplus treasury funds which may be invested in time certificates of deposit. [1973 c 123 § 4.]

43.86A.050 Implementation of chapter by state treasurer. The state treasurer shall devise the necessary formulae and methodology to implement the provisions of this chapter. Periodically, but at least once every six months, the state treasurer shall review all rules and shall adopt, amend or repeal them as may be necessary. These rules and a list of time certificate of deposit allocations shall be published in the treasurer’s monthly financial report as required under the provisions of RCW 43.08.150. [1973 c 123 § 5.]

43.88.110 Expenditure programs—Allotments—Reserves. Subdivisions (1) and (2) of this section set forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch.

(1) Before the beginning of the fiscal period, all agencies shall submit to the governor a statement of proposed agency expenditures at such times and in such form as may be required by him. The statement of proposed expenditures shall show, among other things, the requested allotments of appropriations for the ensuing fiscal period for the agency concerned for such periods as may be determined by the budget director for the
entire fiscal period. The governor shall review the requested allotments in the light of the agency's plan of work and, with the advice of the budget director, he may revise or alter agency allotments: Provided, That revision of allotments shall not be made for agencies headed by elective officials. The aggregate of the allotments for any agency shall not exceed the total of appropriations available to the agency concerned for the fiscal period.

(2) Except for agencies headed by elective officials, approved allotments may be revised during the course of the fiscal period in accordance with the regulations issued pursuant to this chapter. If at any time during the fiscal period the governor shall ascertain that available revenues for the applicable period will be less than the respective appropriations, he shall revise the allotments concerned so as to prevent the making of expenditures in excess of available revenues. To the same end, and with the exception stated in this section for allotments involving agencies headed by elective officials the governor is authorized to withhold and to assign to, and to remove from, a reserve status any portion of an agency appropriation which in the governor's discretion is not needed for the allotment. No expenditures shall be made from any portion of an appropriation which has been assigned to a reserve status except as provided in this section.

(3) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. [1975 1st ex.s. c 293 § 6; 1965 c 8 § 43.88.110. Prior: 1959 c 328 § 11.]

43.88.115 Reductions in general fund expenditures for elected public officials and educational agencies. Either the legislative budget committee or the standing committees on ways and means of the house and senate are authorized and may order reductions in general fund expenditures for other elected public officials and all public educational agencies and their facilities up to the amount of reductions which are required by agencies under the control of the governor, to the end that while the independence of such elective offices and educational agencies be assured, necessary measures of economy shall be shared by all agencies concerned with the functions of government. [1975 1st ex.s. c 293 § 7; 1971 ex.s. c 263 § 1.]

43.88.120 Revenue estimates. Before the beginning of any fiscal period, any agency engaged in the collection of revenues shall submit to the governor statements of revenue estimates for the ensuing biennium at such times and in such form as may be required by him. A copy of such revenue estimates shall be filed with the legislative budget committee at the same time. [1973 1st ex.s. c 100 § 7; 1965 c 8 § 43.88.120. Prior: 1959 c 328 § 12.]

43.88.130 When contracts and expenditures prohibited. No agency shall expend or contract to expend any money or incur any liability in excess of the amounts appropriated for that purpose: Provided, That nothing in this section shall prevent the making of contracts or the spending of money for capital improvements, nor the making of contracts of lease or for service for a period exceeding the fiscal period in which such contract is made, when such contract is permitted by law. Any contract made in violation of this section shall be null and void. [1965 c 8 § 43.88.130. Prior: 1959 c 328 § 13.]

43.88.140 Lasing of appropriations. All appropriations shall lapse at the end of the fiscal period to the extent that they have not been expended or lawfully obligated. Any remaining unexpended and unobligated balance of appropriations shall revert to the fund from which the appropriation was made. [1965 c 8 § 43.88.140. Prior: 1959 c 328 § 14.]

43.88.150 Priority of expenditures— Appropriated and nonappropriated funds. For those agencies which make expenditures from both appropriated and nonappropriated funds, the governor is authorized to direct such agencies to charge their expenditures in such ratio, as between appropriated and nonappropriated funds, as will conserve appropriated funds. [1965 c 8 § 43.88.150. Prior: 1959 c 328 § 15.]

43.88.155 Office of program planning and fiscal management. See chapter 43.41 RCW.

43.94.010 Declaration. The state of Washington is geographically endowed with a seawacoast centered adjacent to a vast continental shelf area and an inland sea known as Puget Sound which constitutes the largest salt water harbor in the world. Situated in a temperate climate, this virtually unspoiled area with its developments in industrial and educational fields presents a natural base for expanding efforts to uncover and utilize the potentially rich food, oil and mineral natural resources of the western Pacific Ocean continental shelf, to locate and harvest abundant fish and marine life, to develop fish farms and aquatic agriculture through the utilization of the estuaries and bays of Puget Sound, to conduct studies of marine and aquatic life, to research and develop seafood uses and seafood processing plants, to locate a temperate zone marine laboratory, to collect and distribute living marine organisms for marine and biological research, and to conduct research into weather forecasting and modification. A permanent organization is vitally needed to fully exploit the strategic position of this state as a natural base for these activities with due regard to the ancillary needs of providing planned waterfront development, public recreation, conservation, and prevention of water pollution and to assist the University of Washington and other participating institutions in the development and operation of local and regional programs under the National Sea Grant College and Program Act of 1966. [1967 c 243 § 1.]

Members shall serve without compensation but shall be reimbursed for necessary travel and other expenses incurred in the performance of their duties as commission members on the same basis as provided under RCW 44.04.120, as now or hereafter amended. 43.96B.010 Declaration of purpose. The Alaska—Yukon—Pacific and the Century 21 Expositions held in Seattle in 1909 and 1962, respectively, contributed substantially to the growth of this state and the eminence which it enjoys by exhibiting to our sister states and the world at large our agriculture, trade, and manufacturing capabilities. In the almost ten years that have elapsed since Century 21, man's place in nature and his relation to his environment has become the most critical concern of our state and nation. Today all sectors of society question man's ability to relate himself to the environment in a manner which will continue to support life on this planet. Because of this state's unique natural endowments, the state of Washington is capable of demonstrating to the nation and the world at large that man can live in harmony with his environment. It is therefore fitting that another exposition be held in the state of Washington which will demonstrate to people everywhere our great natural resources, our great forests and rivers, and our great outdoor recreational capabilities. It is also fitting that this exposition be held in the city of Spokane, the queen city of the Inland Empire, which in 1974 will celebrate the commencement of its second hundred years of growth. [1971 ex.s. c 1 § 1.]

43.96B.020 Approval and adoption of report and recommendations. A complete study, investigation, and report of the feasibility and desirability of such an exposition has been made and this report and its recommendations on participation of the state of Washington in such an exposition is hereby approved and adopted. The members of the exposition commission may become directors of Expo '74, a nonprofit corporation organized under the provisions of chapter 24.03 RCW and may remain directors of the corporation as long as they are members of the commission or until their successors are appointed and qualified. The exposition commission through the nonprofit corporation shall stage an exposition in the city of Spokane during the year 1974 or as soon thereafter as deemed practical by the commission and shall carry out the purposes of the exposition by suitable exhibits. [1971 ex.s. c 1 § 5.]

STATE PAVILION—BOND ISSUE

43.96B.200 Legislative finding. The legislature finds that an expansion of the state pavilion at Expo '74 initially authorized for construction by the 1971 legislature is consistent with the purposes of the exposition and the needs of the state of Washington in order that the facility produced will both more adequately serve the state during the exposition and as a permanent structure for the benefit of the state afterwards. Outdoor recreational facilities: Chapter 43.98 RCW.

43.99.010 Purpose. Washington is uniquely endowed with fresh and salt waters rich in scenic and recreational value. This outdoor heritage enriches the lives of citizens, attracts new residents and businesses to the state, and is a major support of its expanding tourist industry. Rising population, increased income and leisure time, and the rapid growth of boating and other water sports have greatly increased the demand for water related recreation, while waterfront land is rapidly rising in value and disappearing from public use. There is consequently an urgent need for the acquisition or improvement of waterfront land on fresh and salt water suitable for marine recreational use by Washington residents and visitors. To meet this need, it is necessary and proper that the portion of motor vehicle fuel taxes paid by boat owners and operators on fuel consumed in their watercraft and not reclaimed as presently provided by law should be expended for the acquisition or improvement of marine recreation land on the Pacific Ocean, Puget Sound, bays, lakes, rivers, reservoirs and other fresh and salt waters of the state. [1965 c 5 § 1.]

43.99.020 Definition of terms. Definitions: As used in this chapter:

(1) "Marine recreation land" means any land with or without improvements which (a) provides access to, or in whole or in part borders on, fresh or salt water suitable for recreational use by watercraft, or (b) may be used to create, add to, or make more usable, bodies of water, waterways, or land, for recreational use by watercraft.

(2) "Public body" means any county, city, town, port district, park and recreation district, metropolitan park district, or other municipal corporation which is authorized to acquire or improve public outdoor recreation land, and shall also mean Indian tribes now or hereafter recognized as such by the federal government for participation in the land and water conservation program.

(3) "Tax on marine fuel" means motor vehicle fuel tax which is (a) tax on fuel used in, or sold or distributed for use in, any watercraft, (b) refundable pursuant to chapter 82.36 RCW, and (c) paid to the director of motor vehicles with respect to taxable sales, distributions, or uses occurring on or after December 3, 1964.

(4) "Watercraft" means any boat, vessel, or other craft used for navigation on or through water.

(5) "Committee" means the interagency committee for outdoor recreation. [1972 ex.s. c 56 § 1; 1965 c 5 § 2.]

Construction—1972 ex.s. c 56: "The provisions of this 1972 amendatory act are intended to be remedial and procedural and shall be construed to apply retrospectively." [1972 ex.s. c 56 § 2.] This applies to the 1972 ex.s. amendment to this section.

43.99.030 Determination of proportion of motor vehicle fuel tax moneys derived from tax on marine fuel—Studies—Costs. From time to time, but at least once each four years, the director of motor vehicles shall determine the amount or proportion of moneys paid to him as motor vehicle fuel tax which is tax on marine fuel. The director shall make or authorize the making of studies, surveys, or investigations to assist him in making such determination, and shall hold one or more public hearings on the findings of such studies, surveys, or investigations prior to making his determination. The studies, surveys, or investigations conducted pursuant to this section shall encompass a period of twelve consecutive months each time. The final determination by the director shall be implemented as of the first day of the calendar month, which date falls closest to the midpoint of the time period for which the study data were collected. The director may delegate his duties and authority under this section to one or more persons of the department of motor vehicles if he finds such delegation necessary and proper to the efficient performance of these duties. Costs of carrying out the provisions of this section shall be paid from the marine fuel tax.

Outdoor recreational facilities—1963 bond act: Chapter 43.98 RCW.

43.99A.010 Declaration of purpose. The state of Washington possesses unsurpassed natural wealth in the form of mountains, forests, and waters, ideal not only for recreation, but for supplying the special kind of spiritual regeneration that only close association with the outdoors can provide. As the state grows in population, this wilderness is increasingly threatened; prompt action is necessary to preserve it before much of it permanently disappears. Further, the physical expansion of our cities and towns has made it imperative that outdoor breathing space be set aside and permanently reserved for the people who live in them. Such breathing space may take the form of "green belts" especially planned to relieve the monotony of miles of uninterrupted urban or suburban development, or it may take the form of traditional parks. In any case, it must be acquired as soon as possible, while land is still available; and where appropriate, this land must be developed in order to meet the recreational needs of growing numbers of potential users. [1967 ex.s. c 126 § 1.]

43.99A.020 General obligation bonds authorized. For the purpose of providing funds for the acquisition and development of outdoor recreational areas and facilities in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of forty million dollars or so much thereof as may be required to finance the projects described in RCW 43.99A.070 and 43.99A.080. These bonds shall be paid and discharged within twenty years of the date of issuance. [1970 ex.s. c 40 § 1; 1967 ex.s. c 126 § 2.]

Adoption and ratification—1970 ex.s. c 40: The amendment to RCW 43.99A.020 and 43.99A.030 by 1970 ex.s. c 40 was adopted and ratified by the people at the November 3, 1970 general election (Referendum Bill No. 21).

Effective, when—1970 ex.s. c 40: "Sections 1 and 2 of this 1970 amendatory act shall not become effective unless this act is adopted and ratified at the referendum election provided for in section 3 of this 1970 amendatory act." It is the purpose of this chapter to establish an economic impact act for the state of Washington to meet the emergency situation now in existence for state employees affected by the closure of state facilities, as defined in RCW 43.130.020. [1973 2nd ex. s. c 37 § 1.]

43.130.020 Definitions. For purposes of this chapter:

[Title 43—p 272]
defined as exempt from the state civil service laws pursuant to RCW 41.06.070.

(2) The term "closure of a state facility" means the termination of services being provided by a facility operated by the department of social and health services or in conjunction with the department of natural resources, when such facility is terminated for fiscal reasons, obsolescence, or other extraordinary reasons.

(3) "Classified employees" means those employees performing classified service as defined in RCW 41.06.020(3). [1973 2nd ex.s. c 37 § 2.]

(1) State employment related to a single project under a program separately financed by a grant of nonstate funds, federal funds or state funds, or by a combination of such funding, which is designed to provide training or employment opportunities, expertise or additional manpower related to the project or which, because of the nature of the project funding requirements, is not intended as a permanent program.

(2) Activities at least seventy-five percent federally funded by a categorical grant for a specific purpose and any other activities terminated because of actions taken by the federal government or other funding sources other than the state of Washington in eliminating or substantially limiting funding sources, except to the extent that the federal government or such other funding sources may permit the use of nonstate funds to pay for any employee benefits authorized pursuant to this chapter.

(3) The following categories of employees are excluded from benefits under this chapter:

(a) employees refusing transfer to vacant positions in the same or a like job classification and at not more than one full range lower than the same salary range;

(b) classified employees having other than permanent status in the classified service;

(c) employees having less than three years' consecutive state service as an employee, except that such employees shall nonetheless be eligible for the benefits provided in subsections (1), (2), (4) and (5) of RCW 43.130.040.

(d) nothing in this chapter shall affect any other rights currently held by classified employees regarding reduction in force procedures and subsequent reemployment. [1973 2nd ex.s. c 37 § 3.]

Benefits.

In order to carry out the purposes of this chapter, the state shall take every reasonable step at its disposal to provide alternative employment and to minimize the economic loss of state employees affected by the closure of state facilities. Affected state employees shall be paid benefits as specified in this section.

(1) Relocation expenses covering the movement of household goods, incurred by the necessity of an employee moving his domicile to be within reasonable commuting distance of a new job site, shall be paid by the state to employees transferring to other state employment by reason of the closure of a facility.

(2) Relocation leave shall be allowed up to five working days' leave with pay for the purpose of locating new residence in the area of employment.

(3) The state shall reimburse the transferring employee to the extent of any unavoidable financial loss suffered by an employee who sells his home at a price less than the true and fair market value as determined by the county assessor not exceeding three thousand dollars: Provided, That this right of reimbursement must be exercised, and sale of the property must be accomplished, within a period of two years from the date other state employment is accepted.

(4) For employees in facilities which have been terminated who do not choose to participate in the transfer program set forth in the preceding subsections, the following terminal pay plan shall be available:

(a) For qualifying employees, for each one year of continuous state service, one week (five working days) of regular compensation shall be provided.

(b) Regular compensation as used in subsection (a) hereof shall include salary compensation at the rate being paid to the employees at the time operation of the facility is terminated.

(c) Terminal pay as set forth in subsections (a) and (b) hereof shall be paid to the employee at the termination of the employees last month of employment or within thirty days after the effective date of this 1973 act, whichever is later: Provided, That from the total amount of terminal pay, the average sum of unemployment compensation that the qualifying employee is eligible to receive multiplied by the total number of weeks of terminal pay minus one week shall be deducted.

(d) Those employees electing the early retirement benefits as stated in subsection (5) of this section shall not be eligible for the terminal pay provisions as set forth in this subsection.

(e) Those employees who are reemployed by the state during the period they are receiving terminal pay pursuant to subsections (a), (b) and (c) of this section shall reimburse the state for that portion of the terminal pay covered by the period of new employment.

(5) As an option to transferring to other state employment an employee may elect early retirement under the following conditions:

(a) Notwithstanding the age requirements of RCW 41.40.180, any affected employee under this chapter who has attained the age of fifty-five years, with at least five years creditable service, shall be immediately eligible to retire, with no actuarial reduction in the amount of his pension benefit.

(b) Notwithstanding the age requirements of RCW 41.40.180, any affected employee under this chapter who has attained the age of forty-five years, with at least five years creditable service, shall be immediately eligible to retire with an actuarial reduction in the amount of his pension benefit of three percent for each complete year that such employee is under fifty-five years of age.

(c) Employees who elect to retire pursuant to RCW 41.40.180 shall be eligible to retire while on authorized..
leave of absence not in excess of one hundred and twenty days.

This six thousand dollars base shall be adjusted annually beginning in 1974 by such cost of living adjustments as are applied by the public employees' retirement system to membership retirement benefits. The public employees retirement system board shall adopt necessary rules and regulations to implement the provisions of this subsection. [1973 2nd ex.s. c 37 § 4.]

ORDER

Before JERTBERG, Circuit Judge, and GOODWIN, and McGOVERN, District Judges.

THE COURT'S PLAN AND ORDER FOR LEGISLATIVE AND CONGRESSIONAL REDISTRICTING FOR THE STATE OF WASHINGTON

By Judges Jerberg, Goodwin and McGovern:

This suit which is now before the court sitting as a three-judge panel under 28 U.S.C.A. § 2281, was commenced on May 5, 1971, following the failure of the 1971 session of the Washington Legislature to enact new congressional and legislative redistricting plans on the basis of the 1970 decennial census. On July 30, 1971, a pretrial order was entered by which it was determined, inter alia, the 1970 population of each of the seven existing congressional districts and forty-nine legislative districts which had been formed by the legislature six years earlier, in 1965, through its enactment of Chapter 6, Laws of 1965, and Chapter 152, Laws of 1965; Ex. Sess. — following earlier redistricting litigation in Thigpen v. Meyers, 211 F. Supp. 826, (USDC, NDW 1962); 378 U.S. 554 (judgment affirmed). These seven congressional districts were found to have populations varying from a high of 573, 385 to a low of 398, 929, while the legislative districts were found to range from a high of 130,070 to a low of 44,108 in population.

Accordingly, on August 19, 1971, we entered an interlocutory order declaring both 1965 redistricting laws (which had been formulated on the basis of 1960 federal census data) to be unconstitutional and invalid — on the ground that the population variances involved were such as to cause both of these plans to violate the equal protection clause of Amendment 14 to the United States Constitution as interpreted and applied by the United States Supreme Court in Baker v. Carr, 369 U.S. 186 (1962); Wesberry v. Sanders, 376 U.S. 1 (1964); Reynolds v. Sims, 377 U.S. 533 (1964), and companion cases: Furman v. Dorsey, 379 U.S. 433 (1965); Burns v. Richardson, 384 U.S. 73 (1966); Swann v. Adams, 385 U.S. 440 (1967); Kilgarrin v. Hill, 386 U.S. 120 (1967); Kirkpatrick v. Preisler, 394 U.S. 526 (1969); Wells v. Rockefeller, 394 U.S. 542 (1969); Whitcomb v. Chavis, 403 U.S. 124 (1971); and Ely v. Klabin, 403 U.S. 108 (1971). The court, and thru the court to all parties by March 27, 1972 - a trial order.

On this same date the court heard oral argument from the parties with regard to the remedial sanctions then to be imposed in order to provide the people of the State of Washington with constitutionally valid congressional and legislative redistricting plans for the 1972 and ensuing elections. Following this hearing, on September 8, 1971, we entered an order providing that

... unless the Washington State Legislature shall have enacted on or before February 25, 1972, congressional and legislative redistricting plans which are constitutionally valid according to the 1970 federal census, then on said date a special master shall be designated and appointed to prepare legislative and congressional redistricting plans for the State of Washington in accordance with instructions to be issued by this court, and with facts admitted and exhibits listed in the pretrial order filed herein..."

At this time we also were presented with several applications for intervention on behalf of persons or groups asserting an interest in the subject matter of this action. After consideration of these applications, and based upon the petitioners' respective agreements to accept and ratify the pretrial order and agree to be bound thereby, we entered orders on August 19, 1971, granting intervention to the following parties: United States Congressman Brock Adams; Washington State Senator John L. Cooney; the Washington State Labor Council, AFL-CIO; the Washington Republican State Central Committee; and Washington State Senator Francis E. Holman.

Then, on January 28, 1972, we entered a supplementary pretrial order relating, primarily, to certain additional or updated exhibits pertaining, principally, to matters of population similar to the exhibits which had been admitted as a part of the original, July 30, 1971, pretrial order.

In accordance with the provisions of our September 8, 1971, order we next received from each of the parties their several proposed instructions and guidelines to be submitted to the special master in the event of his ultimate appointment; and we also received their various nominations for this position. Accordingly, when, on February 23, 1972, we were notified that the Washington legislature (which had commenced a special session at the call of the governor on January 10) had adjourned sine die without having enacted any new plans for either congressional or legislative redistricting, we were prepared to proceed. Two days later, on February 26, we formally designated Richard L. Morrill, a Geography Professor at the University of Washington, as a special master to draw up plans in accordance with specific guidelines enunciated by this court, and to submit his plans to the court, and thru the court to all parties by March 27, 1972 — a schedule which he was able to meet.

As submitted to us, the master's plans provide for fourteen state legislative districts — each of which is to be represented by one state senator and two members of the state house of representatives. Based upon official 1970 census data of record herein,1 the redistricting population of each of these districts is as follows:

[1]
matters, we have determined that the proposed congressional and legislative districts which the master has drawn for us are in conformity with the requirements of the United States Constitution and that our adoption and implementation of these plans precisely as formulated now represent the best available means (in the absence of action by the Washington legislature) of insuring to the people of the State of Washington that degree of equality of representation to which they are entitled and which is required by the equal protection clause of Amendment 1 to the United States Constitution, supra. No changes would substantially improve the plan submitted by the master.

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED:

1. In the absence of constitutionally valid congressional and legislative redistricting plans theretofore enacted through the legislative processes of the State of Washington, the defendants A. Ludlow Kramer, Secretary of State and Chief Elections Officer of the State of Washington, Norward J. Brooks, King County Director of Records and Elections, Edward J. Logan, King County Superintendent of Elections, and all election officials under the election code of Washington are hereby mandated to conduct all primary, general and special elections during the year 1972 and thereafter for the offices of the United States congressmen and state senators and representatives in accordance with this judgment and by the use of the districts created and described hereby; and this order now constitutes appropriate notice to all such officials.

2. The numbers used by the Special Master to describe the legislative districts are re-assigned and shall be as follows:

TIMETABLE FOR SENATORIAL ELECTIONS

5. By virtue of Article II, § 6 of its state constitution, the State of Washington has since its inception followed a system of "staggered terms" for its state senators. Under this system, four-year terms are the norm but approximately one-half of the membership of the senate is to be elected every two years. In accordance therewith, there are at the present time a total of twenty-three senators serving four-year terms to which they were elected in 1970 – prior to this court's ruling that Chapter 6, Laws of 1965, is unconstitutional. A twenty-fourth senator who was similarly elected has since died and been replaced by an appointee who, under the state constitution, would be required to run for the remaining two years of the decedent's unexpired term at the November, 1972, election – were our order enjoining any further elections under Chapter 6, Laws of 1965, supra, not in effect. Not deeming it necessary for the "equal protection" of the people of the State of Washington to terminate the terms of these hold-over incumbents prematurely and to thus require all forty-nine new senatorial positions created by this order to be up for election in 1972, we hold that only twenty-six of these positions should be on the ballot at this next election.

We are aware of decisions holding that it is permissible for a federal court to proceed in this manner in drawing up a legislative redistricting plan of its own following legislative failure to redistrict. See, Chavis et al. v. Whitcomb, 307 F. Supp. 1362 (DC, SD Ind. 1969), and cases cited therein. Such decisions are based upon the accepted proposition that no state senator has a constitutionally vested right to serve out the entire term for which he was elected. Reynolds v. State, 233 F. Supp. 323 (DC, Wd Okla. 1964); cf., State ex. rel. Christiansen v. Hinkel, 169 Wash. 1, 13 P. 2d 42 (1932), a case in which the Washington
Supreme Court held it proper to terminate certain senatorial terms prematurely as a part of a legislative redistricting plan under which (unlike the plan provided for in this order) the total number of senators was increased—rendering it necessary to shorten some existing terms in order to maintain an equal balance between the number of senators to be elected each two years.

However, in a situation such as is presently before us where no increase in the number of senators is involved in the redistricting plan, we find that no constitutional mandate, state or federal, which would bar those senators who were elected prior to our adjudication of the unconstitutionality of the act under which they were elected from serving out their full terms. See, Stout v. Bottorf, 249 F. Supp. 488 (DC, SD Ind. 1965); and People v. Kerner, 33 Ill. 2d 11, 210 N.E. 2d 165 (1965). We are persuaded on balance that under the circumstances now before us, it would be unduly disruptive of the electoral procedures provided for in the Washington constitution for us to require all of the forty-nine legislative districts created by this order to elect new senators at the 1972 election—without regard to the continuing incumbency of those twenty-three senators now holding office for four-year terms to which they were elected in 1970. Therefore, the 1972 election of state senators under the provisions of this order shall be conducted as follows:

(a) Within the legislative districts provided for in this order, one senator shall be elected from each of the following such districts (as above numbered) at the general election to be held on the first Tuesday after the first Monday in November, 1972, and every four years thereafter, for a term of four years: 1, 2, 3, 4, 5, 9, 10, 11, 12, 14, 16, 17, 18, 19, 20, 22, 23, 24, 25, 27, 28, 39, 40, 41 and 49.

(b) In order to maintain the election scheme of Article II, §15, Washington State Constitution, and Amendment 32 thereto, we direct that there shall be elected at the November, 1972 general election, but for a two-year term only, a senator from the Twenty-Ninth legislative district, as created by this Order.

(c) The first election for a full four-year term of the senator from the newly created Twenty-Ninth legislative district, and from all the remaining new districts created by this Order (6, 7, 8, 13, 15, 21, 26, 30, 31, 32, 33, 34, 35, 36, 37, 38, 42, 43, 44, 45, 46, 47, and 48), shall be held on the first Tuesday after the first Monday in November, 1974, and this class of senators shall thereafter be elected every four years for a term of four years.

(d) Consistent with the foregoing and with our interlocutory Order of August, 1971 (declaring the provisions of Chapter 6, Laws of 1965, to be unconstitutional), we hold and direct that the "hold-over" state senators now serving four-year terms to which they were elected in 1970 may continue to serve out their full terms in the newly created legislative districts, the numbers of which appear after the senators' names, to wit:

- Senator Guess 6
- Senator Twigg 7
- Senator Canfield 8
- Senator Washington 13
- Senator Woodall 15
- Senator Metcalf 21
- Senator Gardner 26
- Senator Stender 30
- Senator Herr 31
- Senator Francis 32
- Senator Connor 33
- Senator Greive 34
- Senator Ridder 35
- Senator Murray 36
- Senator Fleming 37
- Senator Mardesich 38
- Senator Atwood 42
- Senator Whetzel 43
- Senator Peterson 44
- Senator Dore 45
- Senator Scott 46
- Senator Durland 47
- Senator Andersen 48

(e) We further direct that if any of the above senators now serving four-year terms to which they were elected in 1970 should, for any reason, vacate their offices prior to the commencement of filings for legislative offices on July 31, 1972, the defendant election officers shall provide for corresponding elections of senators, for two-year terms only, in the newly created districts to which they are assigned.

ELECTION OF STATE REPRESENTATIVES

6. Within the legislative districts provided for in this order, there shall be elected from each, for two-year terms, a total of two state representatives at the general election to be held on the first Tuesday after the first Monday in November, 1972, and every two years thereafter. Candidates shall file and run by position in accordance with RCW 29.18.015.

ELECTION OF MEMBERS OF CONGRESS

7. A single member of the United States Congress shall be elected from each of the seven congressional districts provided for in this order at the general election to be held on the first Tuesday after the first Monday in November, 1972, and every two years thereafter, for two-year terms.

RETENTION OF JURISDICTION

8. The court retains jurisdiction of this action for the purposes of passing upon any future claims of unconstitutionality made by plaintiffs against any future legislative apportionment adopted by the legislature of Washington by reason of this order, and for such other action in the premises as may be necessary.

DIVISION OF COUNTY INTO TOWNSHIPS

Sections
45.08.010 Division, how made.

45.08.060 Towns to be named.
45.08.070 County auditor to send abstract of report to state auditor.
45.08.080 Proceedings when two towns have the same name.
45.08.090 Boundaries of town to remain as first established.

45.08.010 Division, how made. Should the majority of the votes cast at such general election be in favor of township organization, it shall be the duty of the board of county commissioners, at their next meeting after such election, or as soon thereafter as practicable, to divide all the surveyed portion of the county, outside of incorporated cities, towns and villages, into organized townships. In making such division the county commissioners shall see that each organized township has at least twenty-five inhabitants who are legal voters, and they shall pay due regard to the lines of congressional townships, but wherever it shall be most convenient for the inhabitants of two or more congressional townships,
or portions thereof adjoining each other, that they should be formed into one organized township, the county commissioners may organize a township out of such adjacent congressional townships or portions thereof, and a congressional township may be divided among two or more organized townships. Thereafter, when any township has been surveyed, it shall either be organized into a township or be attached to another township or townships. When any unsurveyed tract of land in a county has a sufficient number of inhabitants who are legal voters to be organized into a township, the board of county commissioners may organize such tract into a township, or any unsurveyed tract may be annexed to an adjoining township. Said board shall fix and determine the boundaries of each of such townships, and shall name the same; and said board shall make a full report of all their proceedings in relation to laying out said towns, and shall have said report entered in full upon their minutes. 45.08.020 Dividing towns. When rivers or lakes or mountains so divide a township as to make it inconvenient to do town business, the said commissioners may dispose of any fraction so formed by annexing the same to an adjoining township in the same county, if it shall seem to them proper, whenever petitioned to do so by not less than two-thirds of the legal voters residing in such fraction, and the fact that such petition is signed by two-thirds of such voters may be proved by the affidavit of any legal voter residing in such fraction and having knowledge of the fact; and any township having two or more villages, each containing two hundred or more inhabitants, may petition the county commissioners for a division. When the county commissioners are so petitioned, they may, if they think the interest of such town will be subserved thereby, proceed to divide such townships in such manner as will best suit the inhabitants thereof: Provided, however, That at least twenty days' notice shall first be given by the county commissioners to the chairman of the board of supervisors of each township affected by the change before action is taken thereon: Provided further, That nothing herein contained shall be construed to release any property in or belonging to that part of any township so detached from any tax levied or assessed prior to such division being made: Provided, That part of any town annexed to any other town, and any village or city separated from any town under the provisions of this act shall not be released from or in any way discharged from the payment of any bonded or other indebtedness that may exist against the town from which separation has been made. 45.08.060 Towns to be named. Towns thus formed shall be named by the county commissioners in accordance with the expressed wish of a majority of the legal voters resident therein; but if they fail to so designate the name, the county commissioners may select a name. [1895 c 175 § 6; RRS § 11365.]

45.08.070 County auditor to send abstract of report to state auditor. All township assessors of the respective counties shall meet at the office of the county assessor on the second Tuesday of February of each year, and formulate and adopt by a majority vote of those present a plan and policy for the purpose of securing the equitable and uniform listing and valuation of property throughout the county, and it shall be the duty of all township assessors to make their respective assessments according to the plan and policy adopted at such meeting, and the county assessor shall have supervisory control over said township assessors for the purpose of enforcing the making of assessments according to such plan and policy." [1923 c 13 § 7; 1909 c 47 § 5; 1895 c 175 § 79; RRS § 11441-1]

Second. The county assessor shall in making up his work for the county board of equalization, add thereto the assessment rolls of the various townships and the same shall be equally divided by the county board of equalization as between townships as other property in such counties is equalized. If it shall be necessary to raise the assessment of a township or townships, the county board of equalization shall serve written notice upon the chairman of the township board of supervisors of its intention so to do and shall also give general notice by publication to the residents of such township or townships at least five days previous to raising such assessment." And on the application of any person considering himself aggrieved they shall review the assessment and correct the same as shall appear to them just. Any two of said officers are authorized to act at such meeting, and they may adjourn from day to day until they shall finish the hearing of all cases presented. All complaints and grievances of individuals, residents of the town or district, in reference to the assessment of any property, shall be heard and decided by the town board: Provided, That the complaints of nonresidents in reference to the assessment of any property, real or personal, and others in reference to any assessment made after the meeting of the town board of review, shall be heard and determined by the county board of equalization: Provided further, That any person considering himself aggrieved by a decision of the town board of review may present the matter to the county board of equalization for determination." [1909 c 47 § 7; 1895 c 175 § 81; RRS § 11443.]

**Notice of meeting of board of review.** "The assessor shall cause at least ten days' previous notice of the time and place of the meeting of the town board of review by posting notices in at least three public places in his town or district, but the failure to give such notice or hold such meeting shall not vitiate such assessment, except as to the excess of valuation of tax thereon shown to be unjustly made or levied. It shall be the duty of the assessor to attend the meeting of the town board of review with his assessment books and papers, and note all changes and additions made by the board, and correct his work accordingly, and not later than ten days after the meeting of the board of review said assessor shall return the assessment books of his town, duly verified, along with all the assessment papers in his hands, to the county assessor not later than the fifth day of June." 45.76.020 Proceedings for disorganization—Petition for election. Proceedings for disorganization of a township may be commenced by petition for an election therein upon the question of disorganization. A petition for such election shall be filed with the county auditor. It must be signed by registered voters residing within the township sufficient in number to equal twenty percent of the vote of the township at the last general election. [1951 c 173 § 5.]

45.76.030 Petition—Canvass by auditor. The county auditor shall canvass the petition for an election to vote upon the question of disorganization:
(1) By ascertaining the number of votes cast at the last general election by persons residing within such township; and
(2) By ascertaining by comparison whether the handwriting of each signer on the petition and on the registration card bearing his name were made by the same person. [1951 c 173 § 2.]

45.76.040 Election—Notice—Precincts. If the number of valid signatures on the petition are sufficient, the county auditor shall fix a date for holding the election and give at least twenty days' notice thereof. Notices of elections shall contain a statement of the purpose for which the election is called, the time at which it will be held and the location of the voting place or voting places. Regular voting precincts may be divided or combined, or both. The notices shall be posted in ten of the most public places within the township sought to be disorganized. [1951 c 173 § 3.]

45.76.050 Election—Ballots. Ballots for elections to be held under the provisions of this chapter shall have printed thereon the words "for disorganization" on one line, followed by a printed square bounded on all sides by a line one quarter of an inch long, and the words "against disorganization" on another line, followed by a similar printed square. At the top of the ballot shall appear directions to the voter advising him to place a cross in the square opposite the decision of his choice, or words to that effect. [1951 c 173 § 4.]

45.76.060 Election—Conduct. Elections held under the provisions of this chapter shall be conducted by the county auditor and canvassed by the county election board conformable as nearly as practicable to the requirements for conducting and canvassing the returns of general elections. [1951 c 173 § 5.]

45.76.070 Order of disorganization—Receiver. If, in an election held under the provisions of this chapter, a majority of the votes cast thereat favor disorganization, the county auditor shall certify the results to the presiding judge of the superior court for the county, who shall enter an order of disorganization and shall appoint the chairman of the board of county commissioners who shall act as receiver to wind up the affairs of the disorganized township. [1951 c 173 § 6.]

45.76.080 Powers of receiver. The chairman of the board of county commissioners shall take possession of all the property, moneys, vouchers, records and books of the former township, including those in any manner pertaining to its business, and proceed to wind up its affairs. He shall have the right to sue and be sued in all cases necessary or proper for the purpose of winding up the affairs of the former township. He is authorized to sell at public auction, after such public notice as the sheriff is required to give as to property sold on execution, all the property of the former township, except such as is necessary for his use in winding up its affairs. Any personal property may be sold for cash. Real property may be sold for all cash or for one-half cash and deferred payments, the last payment not to be later than one year from date of sale. Title shall not pass until all deferred payments have been fully paid. [1951 c 173 § 7.]

45.76.090 Tax levy to pay obligations. In the same manner and to the same extent as the proper authorities of the former township could have done had it not been disorganized, the chairman of the board of county commissioners may be authorized by the court when necessary to levy taxes on all taxable property therein, to receive the taxes when collected and to apply them together with the proceeds arising from any sales of property to the extinguishment of the obligations of the former township. [1951 c 173 § 8.]

45.76.100 Final account—Disposition of remaining funds—Order of dissolution. Upon the payment of all lawful demands against the former township, the chairman of the board of county commissioners shall file a final account, together with all vouchers, with the clerk of the superior court and pay any funds remaining in his hands to the county treasurer to be placed to the credit of any school district or districts within whose boundaries the township is located, said money to be prorated to such school districts in proportion to their share of assessed value of the real estate located therein. Provided, That if within one hundred eighty days after the execution of the order of dissolution any city or town is incorporated within the boundaries of the dissolved township, such remaining funds shall be divided between the operating fund of such city or town and said school district or districts in the proportion that the assessed valuation of the territory included within the boundaries...
of the city or town bears to the assessed valuation of the entire property lying within the boundaries of the dissolved township. Upon the approval by the court of said final account the court shall sign proper orders dissolving such township. [1957 c 65 § 1; 1951 c 173 § 9.]

County-wide disorganization election: RCW 45.82.010(2).

45.80.010 Proceedings for disorganization—Resolution directing election. Proceedings for the disorganization of the township organization of a county may be commenced by the board of county commissioners through its filing a resolution with the county auditor directing that there be an election by the voters of the county upon the question. [1961 c 53 § 1.]

45.80.020 Election—Date. Upon the filing of the resolution the county auditor shall fix a date for holding an election thereon which may be either a special or general election date set not later than the general election next succeeding the filing of the resolution in the office of the county auditor. [1961 c 53 § 2.]

45.80.030 Election—Conduct and canvass. Elections held under the provisions of this chapter shall be conducted by the county auditor and canvassed by the county election board in the manner provided by law for the conducting and canvassing of returns of general elections within the county. [1961 c 53 § 3.]

Canvassing election returns: Chapter 29.62 RCW.
Elections generally: Title 29 RCW.

45.80.040 Election—Order of disorganization—Receiver. If a majority of the votes cast upon the question favor disorganization of the township system of the county, the county auditor shall certify the results to the presiding judge of the superior court for the county, who shall enter an order of disorganization effective December 31st of that year and shall appoint the chairman of the board of county commissioners to act as receiver to wind up the affairs of the disorganized township. [1961 c 53 § 4.]

45.80.050 Powers and duties of receiver. The chairman of the board of county commissioners shall take possession of all the property, moneys, vouchers, records and books of the townships of the county, including those in any manner pertaining to its business, and proceed to wind up their affairs. He shall have the right to sue and be sued in all cases necessary or proper for the purpose of winding up the affairs of the townships. He is authorized to sell at public auction, after such public notice as the sheriff is required to give as to property sold on execution, all the property of the former townships, except property granted under the provisions of RCW 45.80.080. [1961 c 53 § 5.]

Final account—Payment of demands—Disposition of funds—Order of dissolution—Transfer of cemetery properties. When an election has resulted in an affirmative vote to disorganize the townships in a county, the chairman of the board of county commissioners shall take the following actions in the order indicated:

First, he shall pay all lawful demands against the townships, and then file a final account together with all vouchers, with the clerk of the superior court;

Second, if prior to the election a tax levy has been made by one or more of the townships, for collection the year following the election, and if a pro rata reduction has been caused in the levy of any junior taxing district in the county which would [not] have been required had the township made no levy, the chairman shall order the county treasurer to collect the township levy and to disburse to the junior taxing district whose levy was reduced by proration the sum of money by which its levy was so reduced; if the township levy is not sufficient for such payments, any available funds to the credit of the township shall be so paid;

Third, the chairman shall pay any remaining township funds to the county treasurer to be deposited to the credit of the several taxing districts of the county (except the state and county) in the following allocations: Each such taxing district of the county shall receive a share that bears the same proportion to the total amount as its assessed valuation within the township times its authorized levy last in process of collection (excepting excess levies) bears to the total assessed valuation of such taxing districts within the township times the total authorized levy (excepting excess levies) of such districts. Upon approval by the court of said final account the court shall sign proper orders dissolving said township;
Fourth, he shall transfer all cemetery properties, facilities, and funds, real and personal, together with all funds designated or intended for endowment care, perpetual care, or similar purposes to the cemetery authority succeeding to the operation and maintenance of such cemetery. All gifts and donations shall be applied strictly according to the requirements stipulated by the donor. Where donor has not otherwise specified, such funds shall be presumed to be endowment care funds within the meaning of chapter 68.44 RCW, and are to be devoted exclusively to the care, improvement, or embellishment of the cemetery or such other purposes authorized by RCW 68.40.060. [1971 c 19 § 3; 1961 c 53 § 7.]

45.80.080 Vesting of property.—Management, conditions. Cemetery real property, buildings, and the furnishings and equipment used in connection with the operation of a cemetery shall pass to the cemetery authority succeeding to the control, management, and operation of the cemetery. All other real property, buildings, and the furnishings and equipment used in connection with buildings owned by the township shall pass to the county in fee upon the effective date of the order of disorganization. Such property, as all other county property, shall be managed and controlled by the board of county commissioners: Provided, That the board shall for at least five years maintain and operate township meeting halls for community and public use. [1971 c 19 § 4; 1961 c 53 § 8.]

45.82.020 Levy of property taxes by county commissioners. Any township which at the time that this 1969 amendatory act takes effect has outstanding obligations in excess of anticipated receipts from sources other than general tax levies for the next ensuing year may certify to the board of county commissioners and the board shall levy taxes on the property within the township at the rates which the township would have been permitted to levy except for this 1969 amendatory act until such obligations have been extinguished, and until such time such dollar rate levy will take precedence over any additional dollar rates of fire protection districts under this 1969 amendatory act. [1973 1st ex.s. c 195 § 46; 1969 ex.s. c 243 § 3.]

2. It is perfected as of the time of its creation: (a) if the papers and fee referred to in the preceding subsection are received by this department within eight department business days exclusive of the day on which the security agreement was created; or (b) if the secured party's name and address appear on the outstanding certificate of ownership; otherwise, as of the date on which the department has received the papers and fee required in subsection (1).

3. If a vehicle is subject to a security interest when brought into this state, perfection of the security interest is determined by the law of the jurisdiction where the vehicle was when the security interest was attached, subject to the following:

   a. If the security interest was perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, the following rules apply:

   b. If the name of the secured party is shown on the existing certificate of ownership issued by that jurisdiction, the security interest continues perfected in this state. The name of the secured party shall be shown on the certificate of ownership issued for the vehicle by this state. The security interest continues perfected in this state upon the issuance of such ownership certificate.

   c. If the security interest was not perfected under the law of the jurisdiction where the vehicle was when the security interest was attached, it may be perfected in this state; in that case, perfection dates from the time of perfection in this state. [1969 ex.s. c 170 § 16; 1967 c 140 § 6.]

2. Except as provided in RCW 46.12.120 the transferee shall within fifteen days after delivery to him of the vehicle, execute the application for a new certificate of ownership in the same space provided therefor on the certificate or as the department prescribes, and cause the certificates and application to be transmitted to the department.

Compliance with this section does not affect the rights of the secured party under his security agreement.

4. If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

5. If the purchaser or transferee fails or neglects to transfer such certificate of ownership and license registration within fifteen days after date of delivery of the

on the application the odometer reading as recorded by
the previous owner on the title at the time the dealer
obtained the vehicle or, if the previous owner failed to

secured party who upon request of the dealer's trans­
feree shall, unless the transfer was a breach of his secu­
ry agreement, either deliver the certificate to the
transferee for transmission to the department, or upon
receipt from the transferee of the owner's bill of sale or

dealer to deliver the title certificate to the secured party
does not affect perfection of the security interest. [1975

from out of state or car in inventory. In any case in
which the transferor to the dealer is from out of state

the department, together with subsequently assigned
reissues thereof, shall be retained by the department and
appropriately filed and indexed so that at all times it will
be possible to trace ownership to the vehicle designated
therein:

(1) If the interest of an owner in a vehicle passes to
another, other than by voluntary transfer, the transferee
shall, except as provided in subsection (3) of this section,
promptly mail or deliver to the department the last cer­

new certificate in the form the department prescribes,
and an affidavit made by or on the behalf of the secured
party that the vehicle was repossessed and that the
interest of the owner was lawfully terminated or sold
pursuant to the terms of the security agreement.

(3) If the secured party succeeds to the interest of
the owner and holds the vehicle for resale, he need not
secure a new certificate of ownership but, upon transfer
to another person, shall promptly mail or deliver to the
transferee or to the department the certificate, affidavit
and other documents (and articles) required to be sent to
the department by the transferee. [1967 c 140 § 3; 1961

46.12.151 Procedure when department unsatisfied as to ownership and security interests. If the department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the department may register the vehicle but shall either:

(1) Withhold issuance of a certificate of ownership until the applicant presents documents reasonably sufficient to satisfy the department as to the applicant's ownership of the vehicle and that there are no undisclosed security interests in it; or

(2) As a condition of issuing a certificate of ownership, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, or in lieu thereof a deposit of cash in like amount. The bond shall be in an amount equal to one and one-half times the value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of ownership of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, or any cash deposit shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of ownership is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond. 46.12.160 Director may refuse or cancel certificate—Penalty. If the director determines at any time that an applicant for certificate of ownership or for a certificate of license registration for a vehicle is not entitled thereto, he may refuse to issue such certificate or to license the vehicle and he may, for like reason, after notice, and in the exercise of discretion, cancel license registration already acquired or any outstanding certificate of ownership. The notice shall be served personally or sent by certified mail return receipt requested. It shall then be unlawful for any person to remove, drive, or operate the vehicle until a proper certificate of ownership or license registration has been issued and any person removing, driving, or operating such vehicle after the refusal of the director to issue certificates or the revocation thereof shall be guilty of a gross misdemeanor.

[1975 c 25 § 12; 1961 c 12 § 46.12.160. Prior: 1959 c 166 § 14; prior: 1947 c 164 § 4(g); 1937 c 188 § 6(g); Rem. Supp. 1947 § 6312–6(g).]

46.12.170 Procedure when security agreement is placed on vehicle. If, after a certificate of ownership is issued, a security agreement is placed on the vehicle described therein, the registered owner or secured party shall, within ten days thereafter, present an application to the department, signed by the registered owner and the secured party, to which shall be attached the certificate of license registration and the certificate of ownership last issued covering the vehicle, which application shall be upon a form provided by the department and shall be accompanied by a fee of one dollar. The department, if satisfied that there should be a reissue of the certificates, shall note such change upon the vehicle records and issue to the registered owner a new certificate of license registration and to the secured party a new certificate of ownership.

Whenever there is no outstanding secured obligation and no commitment to make advances and incur obligations or otherwise give value, the secured party must assign the certificate of ownership to the debtor or the debtor's assignee and transmit the certificate to the department with an accompanying fee of one dollar. The department shall then issue a new certificate of ownership and transmit it to the owner. If the affected secured party fails to either assign or transmit the certificate of ownership to the debtor within ten days after proper demand, that secured party shall be liable to the debtor for one hundred dollars, and in addition for any loss caused to the debtor by such failure. The duplicate certificate of ownership or license registration shall contain the legend, "This is a duplicate certificate." It shall be mailed to the first priority secured party named in it or, if none, to the owner. [1975-76 2nd ex.s. c 29 § 1.]

46.20.025  Persons exempt from licensing requirement. The following persons are exempt from license hereunder:

(1) Any person in the service of the army, navy, air force, marine corps or coast guard of the United States, or in the service of the national guard of this state or any other state, when furnished with a driver's license by such service when operating an official motor vehicle in such service;

(3) The department may in its discretion issue a temporary driver's permit to an applicant for a driver's license permitting him to drive a motor vehicle for a period not to exceed sixty days while the department is completing its investigation and determination of all facts relative to such applicant's right to receive a driver's license. Such permit must be in his immediate possession while driving a motor vehicle, and it shall be invalid when the applicant's license has been issued or revoked.

(3) With each in-person driver's license application. [1975 c 54 § 1.]

46.20.115 Photograph on driver's license. The department of motor vehicles shall issue a driver's license containing a photograph of the applicant for an additional fee of one dollar. Such fee shall be deposited in the highway safety fund. The department shall not adopt any photographic processes incompatible with its pre-bill system of issuing driver's licenses. [1975 1st ex.s. c 191 § 1; 1969 ex.s. c 155 § 2; 1967 ex.s. c 145 § 51.]

Purpose—1969 ex.s. c 155: "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for non-drivers." [1969 ex.s. c 155 § 1.]

Effective date—1969 ex.s.a. c 155: "This 1969 amendatory act shall take effect September 1, 1969." [1969 ex.s. c 155 § 7.]

The foregoing annotations apply to RCW 46.20.115–46.20.119.

46.20.116 Labeling license "not valid for identification purposes". The department shall plainly label each license "not valid for identification purposes" where the applicant is unable to prove his or her identity commensurate to the regulations adopted by the director. [1969 ex.s. c 155 § 3.]

46.20.117 Identicards—Issuance to nondrivers and public assistance recipients. The department shall issue "identicards", containing a picture, to nondrivers for a fee of three dollars, such fee shall be deposited in the highway safety fund: Provided, That the fee shall be the actual cost of production to recipients of continuing public assistance grants under Title 74 RCW who are referred in writing to the department by the secretary of social and health services. To be eligible, each applicant shall produce evidence commensurate to the regulations adopted by the director that positively proves identity. The "identicard" shall be distinctly designed so that it will not be confused with the official driver license. The identicard shall be valid for five years. [1971 ex.s. c 65 § 1; 1969 ex.s. c 155 § 4.]

Purpose—1971 ex.s. c 65: "The efficient and effective operation and administration of state government affects the health, safety, and welfare of the people of this state and it is the intent and purpose of this act to promote the health, safety, and welfare of the people by improving the operation and administration of state government." [1971 ex.s. c 65 § 2.] This applies to RCW 46.20.117.

46.20.118 Negative file. The department shall maintain a negative file. It shall contain negatives of all pictures taken by the department of motor vehicles as authorized by RCW 46.20.115 through 46.20.119. The negative file shall become a part of the driver record file maintained by the department. It shall be available as a reference file to assist official governmental enforcement agencies in the identification of persons suspected of committing crimes. [1969 ex.s. c 155 § 5.]

[Title 46—p 55]
46.20.119 Rules and regulations to be reasonable.  The rules and regulations adopted pursuant to RCW 46.20.115 through 46.20.119 shall be reasonable in view of the purposes to be served by RCW 46.20.115 through 46.20.119. [1969 ex.s. c 155 § 6.]

46.20.120 Applicants for new license or renewal to be examined.—Waiver or renewal or issuance of minor or adult license to previous holder.—Fee.—Examinations. No new driver's license shall be issued and no previously issued license shall be renewed until the applicant therefor has successfully passed a driver licensing examination: Provided, That the department may waive all or any part of the examination of any person applying for the renewal of a driver's license or the issuance of a minor driver's license when the applicant previously held a juvenile driver's license or the issuance of an adult driver's license when the applicant previously held a minor driver's license issued under the laws of this state, except when the department determines that an applicant for a driver's license is not qualified to hold a driver's license under this title. For a new license examination a fee of three dollars shall be paid by each applicant, in addition to the fee charged for issuance of his license. A new license shall be one issued to a driver who has not been previously licensed in this state or to a driver whose last previous Washington license has expired.

Any person who is without the state at the time his driver's license expires or who is unable to renew his license due to any incapacity may renew the license within sixty days after his return to this state or within sixty days after the termination of any such incapacity without the payment of a new license examination fee. In such case the department may waive all or any part of the examination as in the case of renewal of driver licenses.

The department shall provide for giving examinations at places and times reasonably available to the people of this state. [1975 1st ex.s. c 191 § 2; 1967 c 167 § 4; 1965 ex.s. c 121 § 9; 1961 c 12 § 46.20.120. Prior: 1959 c 284 § 1; 1953 c 221 § 2; 1957 c 186 § 55, part; RRS § 6312-55, part.]

(1) A test of the applicant's eyesight, his ability to understand highway signs regulating, warning, and directing traffic, and his knowledge of the traffic laws of this state;

(2) An actual demonstration of his ability to operate a motor vehicle in such a manner as not to jeopardize the safety of persons or property; and

(3) Such further examination as the director deems necessary (a) to determine whether any facts exist which would bar the issuance of a vehicle operator's license under chapters 46.20, 46.21 and 46.29 RCW, and (b) to determine the applicant's fitness to operate a motor vehicle safely on the highways; and

(4) In addition to the foregoing, when the applicant desires to drive a motorcycle, as defined in RCW 46.04-.330, or a motor–driven cycle, as defined in RCW 46.04.332, the applicant shall also demonstrate his ability to operate such motorcycle or motor–driven cycle in such a manner as not to jeopardize the safety of persons or property. the suspension or revocation of the vehicle driver's
license. The director may further, upon receiving a
record of the conviction in this state of a nonresident
driver of a motor vehicle of any offense under the motor
vehicle laws of this state, forward a certified copy of

of licensee's condition—Action by department.
The department, having good cause to believe that a
licensed driver is incompetent or otherwise not qualified
to be licensed may upon notice require him to submit to
an examination. The department may in addition require
such person to obtain a certificate showing his condition
signed by a licensed physician or other proper authority
designated by the department. Upon the conclusion of
such examination the department shall take driver
improvement action as may be appropriate and may
suspend or revoke the license of such person or permit
him to retain such license, or may issue a license subject
to restrictions as permitted under RCW 46.20.041. The
department may suspend or revoke the license of such

46.20.308 Implied consent—Revocation, etc., for
refusal to submit to chemical tests to determine alcoholic
content of blood. (1) Any person who operates a motor
vehicle upon the public highways of this state shall be
deemed to have given consent, subject to the provisions
of RCW 46.61.506, to a chemical test or tests of his
breath or blood for the purpose of determining the alco-
holic content of his blood if arrested for any offense
where, at the time of the arrest, the arresting officer has
reasonable grounds to believe the person had been dri-
v ing or was in actual physical control of a motor vehicle
while under the influence of intoxicating liquor. The test
or tests shall be administered at the direction of a law
enforcement officer having reasonable grounds to believe
the person to have been driving or in actual physical
control of a motor vehicle upon the public highways of
this state while under the influence of intoxicating
liquor. Such officer shall inform the person of his right
to refuse the test, and of his right to have additional
tests administered by any qualified person of his choos-
ing as provided in RCW 46.61.506. The officer shall
warn the driver that his privilege to drive will be revoked
or denied if he refuses to submit to the test. Unless
the person to be tested is unconscious, the chemical test
administered shall be of his breath only: Provided, That
if an individual is under arrest for the crime of negligent
homicide by motor vehicle as provided in RCW 46.61-
.520, or if an individual is under arrest for the crime of
driving while under the influence of intoxicating liquor
or drugs as provided in RCW 46.61.506, which arrest
results from an accident in which another person has
been injured and there is a reasonable likelihood that
such other person may die as a result of injuries sus-
tained in the accident, a breath or blood test may be
administered without the consent of the individual so
arrested. In such circumstances, the provisions of sub-
sections 2 through 6 of *this section shall not apply.

(2) Any person who is dead, unconscious or who is
otherwise in a condition rendering him incapable of
refusal, shall be deemed not to have withdrawn the con-
sent provided by subsection (1) of this section and the
test or tests may be administered, subject to the provi-
sions of RCW 46.61.506.

(3) If, following his arrest, the person arrested refuses
upon the request of a law enforcement officer to submit
to a chemical test of his breath, after being informed
that his refusal will result in the revocation or denial of
his privilege to drive, no test shall be given. The depart-
ment of motor vehicles, upon the receipt of a sworn
report of the law enforcement officer that he had rea-
sionable grounds to believe the arrested person had been
driving or was in actual physical control of a motor
vehicle upon the public highways of this state while
under the influence of intoxicating liquor and that the
person had refused to submit to the test upon the request
of the law enforcement officer after being informed that
such refusal would result in the revocation or denial of
his privilege to drive, shall revoke his license or permit
to drive or any nonresident operating privilege. If the
person is a resident without a license or permit to operate
a motor vehicle in this state, the department shall deny
to the person the issuance of a license or permit for a
period of six months after the date of the alleged viola-
tion, subject to review as hereinafter provided.

(4) Upon revoking the license or permit to drive or the
nonresident operating privilege of any person, or upon
determining that the issuance of a license or permit shall
be denied to the person, as hereinafter in this section
directed, the department shall immediately notify the
person involved in writing by personal service or by reg-
istered or certified mail of its decision and the grounds
therefor, and of his right to a hearing, specifying the
steps he must take to obtain a hearing. The person upon
receiving such notice may, in writing and within ten days
therefrom request a formal hearing. Upon receipt of
such request, the department shall afford him an oppor-
tunity for a hearing as provided in RCW 46.20.329 and
46.20.332. The scope of such hearing for the purposes
of this section shall cover the issues of whether a law
enforcement officer had reasonable grounds to believe
the person had been driving or was in actual physical
control of a motor vehicle upon the public highways of
this state while under the influence of intoxicating
liquor, whether the person was placed under arrest and
whether he refused to submit to the test upon request of
the officer after having been informed that such refusal
would result in the revocation or denial of his privilege
to drive. The department shall order that the revocation
or determination that there should be a denial of issu-
ance either be rescinded or sustained. Any decision by
the department revoking a person's driving privilege
shall be stayed and shall not take effect while a formal

[Title 46—p 59]
hearing is pending as herein provided or during the pendency of a subsequent appeal to superior court: Provided, That this stay shall be effective only so long as there is no conviction for a moving violation during pendency of the hearing and appeal.

(5) If the revocation or determination that there should be a denial of issuance is sustained after such a hearing, the person whose license, privilege or permit is so affected shall have the right to file a petition in the superior court of the county wherein he resides, or, if a nonresident of this state, where the charge arose, to review the final order of revocation or denial by the department in the manner provided in RCW 46.20.334.

(6) When it has been finally determined under the procedures of this section that a nonresident’s privilege to operate a motor vehicle in this state has been revoked, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person’s residence and of any state in which he has a license. [1975 1st ex.s. c 287 § 4; 1969 c 1 § 1 (Initiative Measure No. 242 § 1).]

*Reviser’s note: In the last sentence of subsection (1), *this section* is herein substituted for *section 5 of this 1975 amendatory act*, thereby correcting this internal reference consistent with the action of the legislature which deleted section 1 of the bill and renumbered the remaining sections accordingly.

Severability—1969 c 1: See RCW 46.20.911.

### 46.20.311 Duration of suspension or revocation—Conditions for reissuance or renewal

Whenever the license of any person is suspended by reason of a conviction or pursuant to RCW 46.20.291, such suspension shall remain in effect and the department shall not issue any new or renewal of license until such person shall pay a reinstatement fee of ten dollars and shall give and thereafter maintain proof of financial responsibility for the future as provided in chapter 46.29 RCW.

2. Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked shall not be entitled to have such license or privilege renewed or restored unless the revocation was for a cause which has been removed, except that after the expiration of six months in cases of revocation for refusal to submit to a chemical test under the provisions of RCW 46.20.308, and in all other revocation cases after the expiration of one year from the date on which the revoked license was surrendered to and received by the department, such person may make application for a new license as provided by law together with an additional fee in the amount of ten dollars, but the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of such person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until such person shall give and thereafter maintain proof of financial responsibility for the future as provided in chapter 46.29 RCW. [1973 1st ex.s. c 36 § 1; 1969 c 1 § 2 (Initiative Measure No. 242 § 2); 1967 c 167 § 5; 1965 ex.s. c 121 § 27.]

### 46.20.320 Suspension, etc., effective although certificate not delivered

### 46.20.322 Driver improvement interview required before suspension, revocation, probation, or nonrenewal—Exceptions

1. Whenever the department proposes to suspend or revoke the driving privilege of any person or proposes to impose terms of probation on his driving privilege or proposes to refuse to renew a driver’s license, notice and an opportunity for a driver improvement interview shall be given before taking such action, except as provided in RCW 46.20.324 and 46.20.325.

2. Whenever the department proposes to suspend, revoke, restrict or condition a juvenile driver’s driving privilege the department may require the appearance of the juvenile’s legal guardian or father or mother, otherwise the parent or guardian having custody of the minor. [1973 1st ex.s. c 154 § 88; 1967 c 167 § 6; 1965 ex.s. c 121 § 29.]

### 46.20.323 Notice of driver improvement interview—Contents

The notice shall contain a statement setting forth the proposed action and the grounds therefor, and notify the person to appear for a driver improvement interview not less than ten days from the date notice is given. [1965 ex.s. c 121 § 30.]

### 46.20.324 Persons not entitled to driver improvement interview or formal hearing

### 46.20.325 Suspension or probation prior to driver improvement interview—Alternative procedure

In the alternative to the procedure set forth in RCW 46.20.322...
and 46.20.323 the department, whenever it determines from its records or other sufficient evidence that the safety of persons upon the highways requires such action, shall forthwith and without a driver improvement interview suspend the privilege of a person to operate a motor vehicle or impose reasonable terms and conditions of probation consistent with the safe operation of a motor vehicle. The department shall in such case, immediately notify such licensee in writing and upon his request shall afford him an opportunity for a driver improvement interview as early as practical within not to exceed seven days after receipt of such request, or the department, at the time it gives notice may set the date of a driver improvement interview, giving not less than ten days' notice thereof. [1965 ex.s. c 121 § 32.]

46.20.326 Failure to appear or request driver improvement interview constitutes waiver—Procedure. Failure to appear for a driver improvement interview at the time and place stated by the department in its notice as provided in RCW 46.20.322 and 46.20.323 or failure to request a driver improvement interview within ten days as provided in *section 33 of this 1965 amendatory act* shall constitute a waiver of a driver improvement interview, and the department may take action without such driver improvement interview, or the department may, upon request of the person whose privilege to drive may be affected, or at its own option, re-open the case, take evidence, change or set aside any order theretofore made, or grant a driver improvement interview. [1965 ex.s. c 121 § 33.]

*Reviser's note: The reference to *section 33 of this 1965 amendatory act* appears to be erroneous in that section 33 does not pertain to requesting a driver improvement interview and is the same section in which the reference appears. The reference apparently intended is to section 32, codified herein as RCW 46.20.325.

46.20.327 Conduct of driver improvement interview—Referee—Evidence—Not deemed hearing. A driver improvement interview shall be conducted in a completely informal manner before a driver improvement analyst sitting as a referee. The applicant or licensee shall have the right to make or file a written answer or statement in which he may controvert any point at issue, and present any evidence or arguments for the consideration of the department pertinent to the action taken or proposed to be taken or the grounds thereof. The department may consider its records relating to the applicant or licensee. The driver improvement interview shall not be deemed an agency hearing. [1965 ex.s. c 121 § 34.]

46.20.328 Findings and recommendations following driver improvement interview—Decision of department—Request for formal hearing. Upon the conclusion of a driver improvement interview, the department's referee shall make findings on the matter under consideration and may prepare and submit recommendations to the department. After a review of the referee's report together with the department's records, the department shall render its decision concerning the matter under consideration and shall notify the person involved in writing by personal service or by registered or certified mail. The decision is effective upon notice. The person upon receiving such notice may, in writing and within ten days request a formal hearing. [1965 ex.s. c 121 § 35.]

Persons not entitled to formal hearing: RCW 46.20.324.

46.20.329 Formal hearing—Time and place—Notice—Stay of suspension or revocation pending hearing or subsequent appeal—Exception—Hearing officers. Upon receiving a request for a formal hearing as provided in RCW 46.20.328, the department shall fix a time and place for hearing as early as may be arranged in the county where the applicant or licensee resides, and shall give ten days' notice of the hearing to the applicant or licensee, except that the hearing may be set for a different place with the concurrence of the applicant or licensee and the period of notice may be waived.

Any decision by the department suspending or revoking a person's driving privilege shall be stayed and shall not take effect while a formal hearing is pending as herein provided or during the pendency of a subsequent appeal to superior court: Provided, That this stay shall be effective only so long as there is no conviction of a moving violation during pendency of hearing and appeal: Provided further, That nothing in this section shall be construed as prohibiting the department from seeking an order setting aside the stay during the pendency of such appeal in those cases where the action of the department is based upon physical or mental incapacity, or a failure to successfully complete an examination required by this chapter.

A formal hearing shall be conducted by the director or by a referee or hearing board appointed by him from officers or employees of the department. Such referee or hearing board may be authorized by the director to make final determinations regarding the issuance, denial, or suspension, or revocation of a license. In addition the department may require a reexamination of the licensee or applicant. Proceedings at a formal hearing shall be recorded stenographically or by mechanical device. Upon the conclusion of a formal hearing, if not heard by the director or a person authorized by him to make final decisions regarding the issuance, denial, suspension or revocation of licenses, the referee or board shall make findings on the matters under consideration and may prepare and submit recommendations to the director or such person designated by the director who is authorized to make final decisions regarding the issuance, denial, suspension, or revocation of licenses. [1972 ex.s. c 29 § 2; 1965 ex.s. c 121 § 37.]

[Title 46—p 61]

In all cases not heard by the director or a person authorized by him to make final decisions regarding the issuance, denial, suspension, or revocation of licenses the director, or a person so authorized shall review the records, evidence, and the findings after a formal hearing, and shall render a decision sustaining, modifying, or reversing the order of suspension or revocation or the refusal to grant, or renew a license or the order imposing terms or conditions of probation, or may set aside the prior action of the department and may direct that probation be granted to the applicant or licensee and in such case may fix the terms and conditions of the probation. [1972 ex.s. c 29 § 3; 1965 ex.s. c 121 § 38.]

46.20.334 Appeal to superior court following formal hearing. Any person denied a license or a renewal of a license or whose license has been suspended or revoked by the department except where such suspension or revocation is mandatory under the provisions of this chapter shall have the right within thirty days, after receiving notice of the decision following a formal hearing to file a notice of appeal in the superior court in the county of his residence. The hearing on the appeal hereunder shall be de novo. [1972 ex.s. c 29 § 4; 1965 ex.s. c 121 § 39.]

46.20.335 Probation in lieu of suspension or revocation. Whenever by any provision of this chapter the department has discretionary authority to suspend or revoke the privilege of a person to operate a motor vehicle, the department may in lieu of a suspension or revocation place the person on probation, the terms of which may include a suspension as a condition of probation, and upon such other reasonable terms and conditions as shall be deemed by the department to be appropriate. [1965 ex.s. c 121 § 40.]

[1969 c 27 § 2. Prior: 1967 ex.s. c 145 § 52; 1967 c 167 § 7; 1965 ex.s. c 121 § 43.]

Chapter 46.21

DRIVER LICENSE COMPACT

ARTICLE I—Findings and Declaration of Policy

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance with motor vehicle
laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II—Definitions

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III—Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV—Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Manslaughter or negligent homicide resulting from the operation of a motor vehicle;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article.

ARTICLE V—Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI—Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a non–party state.

ARTICLE VII—Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII—Entry into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states.
remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX—Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1963 c 120 § 1.]

46.21.020 "Licensing authority" defined—Duty to furnish information. As used in the compact, the term "licensing authority" with reference to this state, shall mean the department of motor vehicles. The compact administrator provided for in Article VII of the compact shall not be entitled to any additional compensation on account of his service as such administrator, but shall be entitled to expenses incurred in connection with his duties and responsibilities as such administrator, in the same manner as for expenses incurred in connection with any other duties or responsibilities of his office or employment. Such determination shall not be made with respect to drivers or owners who are exempt under succeeding sections of this chapter from the requirements as to security and suspension.

(2) The department shall determine the amount of security deposit required of any person upon the basis of the reports or other information submitted. (3) The department within fifty days after receipt of report of any accident referred to herein and upon determining the amount of security to be required of any person involved in such accident or to be required of the owner of any vehicle involved in such accident shall give written notice to every such person of the amount of security required to be deposited by him and that an order of suspension will be made as hereinafter provided upon the expiration of ten days after the sending of such

10. To the driver or the owner of a vehicle in the event at the time of the accident the vehicle was being operated by or under the direction of a police officer who, in the performance of his duties, shall have assumed custody of such vehicle. [1965 c 124 § 1; 1963 c 169 § 8.]

46.29.090 Requirements as to policy or bond. No policy or bond shall be effective under RCW 46.29.080 unless issued by an insurance company or surety company authorized to do business in this state, except as provided in subsection (2) of this section, nor unless such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and if the accident has resulted in injury to, or destruction of, property to a limit of not less than five thousand dollars because of injury to or destruction of property of others in any one accident.

No policy or bond shall be effective under RCW 46.29.080 with respect to any vehicle which was not registered in this state or was a vehicle which was registered elsewhere than in this state at the effective date of the policy or bond or the most recent renewal thereof, unless the insurance company or surety company issuing such policy or bond is authorized to do business in this state, or if said company is not authorized to do business in this state, unless it shall execute a power of attorney authorizing the director of motor vehicles to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident.

The department may rely upon the accuracy of the information in a required report of an accident as to the existence of insurance or a bond unless and until the department has reason to believe that the information is erroneous. [1967 ex.s. c 3 § 1; 1963 c 169 § 9.]

Effective date—1967 ex.s. c 3: "This amendatory act shall take effect on July 1, 1968." [1967 ex.s. c 3 § 6. This applies to the 1967 amendments to RCW 46.29.090, 46.29.260, 46.29.390, 46.29.490, and 46.29.550.]

46.29.100 Form and amount of security. The security required under this chapter shall be in such form and in such amount as the department may require, but in no case in excess of the limits specified in RCW 46.29.090 in reference to the acceptable limits of a policy or bond.

Every depositor of security shall designate in writing every person in whose name such deposit is made and may at any time change such designation, but any single deposit of security shall be applicable only on behalf of persons required to furnish security because of the same accident. [1963 c 169 § 10.]

46.29.110 Failure to deposit security—Suspensions. In the event that any person required to deposit security under this chapter fails to deposit such security within ten days after the department has sent the notice as hereinbefore provided, the department shall thereupon suspend:

1. The driver's license of each driver in any manner involved in the accident;

2. The driver's license of the owner of each vehicle of a type subject to registration under the laws of this state involved in such accident;
(3) If the driver or owner is a nonresident, the privilege of operating within this state a vehicle of a type subject to registration under the laws of this state;

Such suspensions shall be made in respect to persons required by the department to deposit security who fail to deposit such security except as otherwise provided under succeeding sections of this chapter. [1967 c 32 § 37; 1963 c 169 § 11.]

46.29.120 Release from liability. (1) A person shall be relieved from the requirement for deposit of security for the benefit or protection of another person injured or damaged in the accident in the event he is released from liability by such other person.

(2) In the event the department has evaluated the injuries or damage to any minor the department may accept, for the purposes of this chapter only, evidence of a release from liability executed by a natural guardian or a legal guardian on behalf of such minor without the approval of any court or judge. [1963 c 124 § 2; 1963 c 169 § 12.]

46.29.130 Adjudication of nonliability. A person shall be relieved from the requirement for deposit of security in respect to a claim for injury or damage arising out of the accident in the event such person has been finally adjudicated not to be liable in respect to such claim. [1963 c 169 § 13.]

46.29.140 Agreements for payment of damages. (1) Any two or more of the persons involved in or affected by an accident as described in RCW 46.29.060 may at any time enter into a written agreement for the payment of an agreed amount with respect to all claims of any of such persons because of bodily injury to or death or property damage arising from such accident, which agreement may provide for payment in installments, and may file a signed copy thereof with the department.

(2) The department, to the extent provided by any such written agreement filed with it, shall not require the deposit of security and shall terminate any prior order of suspension, or, if security has previously been deposited by such person, the department shall immediately return such deposit to such person or to his personal representative. [1963 c 169 § 16.]

46.29.170 Duration of suspension. Unless a suspension is terminated under other provisions of this chapter, any order of suspension by the department under this chapter shall remain in effect and no license shall be renewed for or issued to any person whose license is so suspended until

(1) Such person shall deposit or there shall be deposited on his behalf the security required under this chapter, or

(2) One year shall have elapsed following the date of such suspension and evidence satisfactory to the department has been filed with it that during such period no action at law for damages arising out of the accident resulting in such suspension has been instituted.

An affidavit of the applicant that no action at law for damages arising out of the accident has been filed against him or, if filed, that it is not still pending shall be prima facie evidence of that fact. The department may take whatever steps are necessary to verify the statement set forth in any said affidavit. [1963 c 169 § 17.]

46.29.180 Application to nonresidents, unlicensed drivers, unregistered vehicles and accidents in other states. (1) In case the driver or owner of a vehicle of a type subject to registration under the laws of this state involved in an accident within this state has no driver's license in this state, then such driver shall not be allowed a driver's license until he has complied with the requirements of this chapter to the same extent that would be necessary if, at the time of the accident, he had held a license or been the owner of a vehicle registered in this state.

(2) When a nonresident's driving privilege is suspended pursuant to RCW 46.29.110, the department shall transmit a certified copy of the record or abstract of such action to the official in charge of the issuance of licenses and registration certificates in the state in which such nonresident resides, if the law of such other state
provided for action in relation thereto similar to that provided for in subsection (3) of this section.

(3) Upon receipt of such certification that the driving privilege of a resident of this state has been suspended or revoked in any other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, under circumstances which would require the department to suspend a non-resident's driving privilege had the accident occurred in this state, the department shall suspend the license of such resident. Such suspension shall continue until such resident furnishes evidence of his compliance with the law of such other state relating to the deposit of such security. [1967 c 32 § 38; 1963 c 169 § 18.]

46.29.190 Authority of department to decrease amount of security. The department may reduce the amount of security ordered in any case if in its judgment the amount ordered is excessive. In case the security originally ordered has been deposited, the excess deposit over the reduced amount ordered shall be returned to the depositor or his personal representative forthwith. [1965 c 124 § 3; 1963 c 169 § 19.]

46.29.200 Correction of action by department. Whenever the department has taken any action or has failed to take any action under this chapter by reason of having received erroneous information, then upon receiving correct information within three years after the date of an accident the department shall take appropriate action to carry out the purposes and effect of this chapter. The foregoing, however, shall not be deemed to require the department to reevaluate the amount of any deposit required under this chapter. [1967 c 61 § 1; 1965 c 124 § 4; 1963 c 169 § 20.]

46.29.210 Custody of security. The department shall place any security deposited with it under this chapter in the custody of the state treasurer. [1963 c 169 § 21.]

46.29.220 Disposition of security. (1) Such security shall be applicable and available only

(a) For the payment of any settlement agreement covering any claim arising out of the accident upon instruction of the person who made the deposit, or

(b) For the payment of a judgment or judgments, rendered against the person required to make the deposit, for damages arising out of the accident in an action at law begun not later than one year after the deposit of such security, or within one year after the date of deposit of any security following failure to make payments under an agreement to pay.

(2) Every distribution of funds from the security deposits shall be subject to the limits of the department's evaluation on behalf of a claimant. [1963 c 169 § 22.]

46.29.230 Return of deposit. Upon the expiration of one year from the date of any deposit of security any security remaining on deposit shall be returned to the person who made such deposit or to his personal representative if an affidavit or other evidence satisfactory to the department has been filed with it:

(1) That no action for damages arising out of the accident for which deposit was made is pending against any person on whose behalf the deposit was made, and

(2) That there does not exist any unpaid judgment rendered against any such person in such an action.

The foregoing provisions of this section shall not be construed to limit the return of any deposit of security under any other provision of this chapter authorizing such return. [1963 c 169 § 23.]

46.29.240 Matters not to be evidence in civil suits. The report required following an accident, the action taken by the department pursuant to this chapter, the findings, if any, of the department upon which such action is based, and the security filed as provided in this chapter, shall not be referred to in any way, and shall not be any evidence of the negligence or due care of either party, at the trial of any action at law to recover damages. [1963 c 169 § 24.]

PROOF OF FINANCIAL RESPONSIBILITY FOR THE FUTURE

46.29.250 Application of sections requiring deposit of proof of financial responsibility for the future. The provisions of this chapter requiring the deposit of proof of financial responsibility for the future, subject to certain exemptions, shall apply with respect to persons who have been convicted of or forfeited bail for certain offenses under motor vehicle laws, or who have failed to pay judgments upon causes of action arising out of ownership, maintenance or use of vehicles of a type subject to registration under the laws of this state, or who having driven or owned a vehicle involved in an accident are required to deposit security under the provisions of RCW 46.29.070. [1963 c 169 § 25.]

The term "proof of financial responsibility for the future" as used in this chapter shall mean: Proof of ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of said proof, arising out of the ownership, maintenance or use of a vehicle of a type subject to registration under the laws of this state, in the amount of fifteen thousand dollars because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, in the amount of thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and in the amount of five thousand dollars because of injury to or destruction of property of others in any one accident. Wherever used in this chapter the terms "proof of financial responsibility" or "proof" shall be synonymous with the term "proof of financial responsibility for the future". [1967 ex.s. c 3 § 2; 1963 c 169 § 26.]

Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.
46.29.270 Meaning of "judgment" and "state". The following words and phrases when used in this chapter shall, for the purpose of this chapter, have the meanings respectively ascribed to them in this section.

(1) The term "judgment" shall mean: Any judgment which shall have become final by expiration without appeal of the time within which an appeal might have been perfected, or by final affirmation on appeal, rendered by a court of competent jurisdiction of any state or of the United States, upon a cause of action arising out of the ownership, maintenance or use of any vehicle of a type subject to registration under the laws of this state, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damages.

(2) The term "state" shall mean: Any state, territory, or possession of the United States, the District of Columbia, or any province of the Dominion of Canada. [1963 c 169 § 27.]

46.29.280 Suspension continues until proof furnished. Whenever, under any law of this state, the license of any person is suspended or revoked by reason of a conviction or a forfeiture of bail, the suspension or revocation hereinafter required shall remain in effect and the department shall not issue to such person any new or renewal of license until permitted under the motor vehicle laws of this state, and not then unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. [1963 c 169 § 28.]

46.29.290 Action in respect to unlicensed person. If a person has no license, but by final order or judgment is convicted of or forfeits any bail or collateral deposited to secure an appearance for trial for any offense requiring the suspension or revocation of license, no license shall be thereafter issued to such person unless he shall give and thereafter maintain proof of financial responsibility for the future. [1965 c 124 § 5; 1963 c 169 § 29.]

46.29.300 Action in respect to nonresidents. Whenever the department suspends or revokes a nonresident's driving privilege by reason of a conviction or forfeiture of bail, such privilege shall remain so suspended or revoked unless such person shall have previously given or shall immediately give and thereafter maintain proof of financial responsibility for the future. [1967 c 32 § 39; 1963 c 169 § 30.]

46.29.310 When courts to report nonpayment of judgments. Whenever any person fails within thirty days to satisfy any judgment, then it shall be the duty of the clerk of the court, or of the judge of a court which has no clerk, in which any such judgment is rendered within this state to forward immediately to the department the following:

(1) A certified copy or abstract of such judgment;

(2) A certificate of facts relative to such judgment;

(3) Where the judgment is by default, a certified copy or abstract of that portion of the record which indicates the manner in which service of summons was effectuated and all the measures taken to provide the defendant with timely and actual notice of the suit against him. [1969 ex.s. c 44 § 1; 1963 c 169 § 31.]

46.29.320 Further action with respect to nonresidents. If the defendant named in any certified copy or abstract of a judgment reported to the department is a nonresident, the department shall transmit those certificates furnished to it under RCW 46.29.310 to the official in charge of the issuance of licenses and registrations of the state of which the defendant is a resident. [1969 ex.s. c 44 § 2; 1963 c 169 § 32.]

46.29.330 Suspension for nonpayment of judgments—Hearing after default judgment. The department upon receipt of the certificates provided for by RCW 46.29.310, on a form provided by the department, shall forthwith suspend the license and any nonresident's driving privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this section or in other sections of this chapter.

When the certificates transmitted to the department under RCW 46.29.310 indicate that a default judgment has been entered against the defendant but do not indicate clearly that service of summons was on the person of the defendant, then the department shall promptly notify the defendant by first class mail addressed to the address in the department's records under RCW 46.20.205 (if a nonresident, then to the comparable record in his home state) that within twenty-five days of the mailing date, which shall be indicated on the notice, he may request a hearing on the question of the suspension of his license or nonresident driving privilege. If the defendant does not make a timely request for a hearing, then the suspension shall be forthwith executed. Should a hearing be timely requested, then the department shall convene a hearing in conformity with chapter 34.04 RCW, as now law or hereafter amended. The defendant's license or nonresident driving privilege shall not be suspended if at such hearing he overcomes the following presumptions:

(a) That he received actual and timely notice of the suit against him.

(b) That he would have received actual and timely notice had he conformed to the provisions of RCW 46.20.205.

(c) That he would have received actual and timely notice had he not thwarted the attempt or attempts to so notify him. [1969 ex.s. c 44 § 3; 1967 c 32 § 40; 1963 c 169 § 33.]

46.29.340 Exception in relation to government vehicles. The provisions of RCW 46.29.330 shall not apply with respect to any such judgment arising out of an accident caused by the ownership or operation, with permission, of a vehicle owned or leased to the United States, this state or any political subdivision of this state or a municipality thereof. [1963 c 169 § 34.]
46.29.350 Exception when consent granted by judgment creditor. If the judgment creditor consents in writing, in such form as the department may prescribe, that the judgment debtor be allowed a license or nonresident's driving privilege, the same may be allowed by the department, in its discretion, for six months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in RCW 46.29.400, provided the judgment debtor furnishes proof of financial responsibility. [1967 c 32 § 41; 1963 c 169 § 35.]

46.29.360 Exception when insurer liable. No license or nonresident's driving privilege of any person shall be suspended under the provisions of this chapter if the department shall find that an insurer was obligated to pay the judgment upon which suspension is based, at least to the extent and for the amounts required in this chapter, but has not paid such judgment for any reason. A finding by the department that an insurer is obligated to pay a judgment shall not be binding upon such insurer and shall have no legal effect whatever except for the purpose of administering this section. If the department finds that no insurer is obligated to pay such a judgment, the judgment debtor may file with the department a written notice of his intention to contest such finding by an action in the superior court. In such a case the license or the nonresident's driving privilege of such judgment debtor shall not be suspended by the department under the provisions of this chapter for thirty days from the receipt of such notice nor during the pendency of any judicial proceedings brought in good faith to determine the liability of an insurer so long as the proceedings are being diligently prosecuted to final judgment by such judgment debtor. Whenever in any judicial proceedings it shall be determined by any final judgment, decree or order that an insurer is not obligated to pay any such judgment, the department, notwithstanding any contrary finding theretofore made by it, shall forthwith suspend the license and any nonresident's driving privilege of any person against whom such judgment was rendered, as provided in RCW 46.29.330. [1967 c 32 § 42; 1963 c 169 § 36.]

46.29.370 Suspension to continue until judgments paid and proof given. Such license and nonresident's driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until every such judgment is stayed, satisfied in full or to the extent hereinafter provided and until the said person gives proof of financial responsibility subject to the exemptions stated in RCW 46.29.350, 46.29.360 and 46.29.400. [1967 c 32 § 43; 1963 c 169 § 37.]

46.29.380 Discharge in bankruptcy. A discharge in bankruptcy following the rendering of any such judgment or a judgment of dismissal of a civil action based upon a discharge in bankruptcy shall not relieve the judgment debtor from any of the requirements of this chapter. [1963 c 169 § 38.]

46.29.390 Payments sufficient to satisfy requirements. (1) Judgments herein referred to shall, for the purpose of this chapter only, be deemed satisfied:

(a) When fifteen thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident; or

(b) When, subject to such limit of ten thousand dollars because of bodily injury to or death of one person, the sum of thirty thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or

(c) When five thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident;

(2) Provided, however, payments made in settlements of any claims because of bodily injury, death or property damage arising from such accident shall be credited in reduction of the amounts provided for in this section.

[1967 ex.s. c 3 § 3; 1963 c 169 § 39.]

Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.

46.29.400 Installment payment of judgments—Default. (1) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(2) The department shall not suspend a license or nonresident's driving privilege, and shall restore any license or nonresident's driving privilege suspended following nonpayment of a judgment, when the judgment debtor gives proof of financial responsibility and obtain such an order permitting the payment of such judgment in installments, and while the payment of any said installments is not in default. [1967 c 32 § 44; 1963 c 169 § 40.]

46.29.410 Action if breach of agreement. In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the department shall forthwith suspend the license or nonresident's driving privilege of the judgment debtor until such judgment is satisfied, as provided in this chapter. [1967 c 32 § 45; 1963 c 169 § 41.]

46.29.420 Proof required in addition to deposit of security after accident. Any person required to deposit security under RCW 46.29.070, for the benefit or protection of another person injured or damaged in an accident, shall in addition be required to give proof of financial responsibility for the future. The department shall give written notice of such additional requirement

[Title 46—p 73]
to every such person at the time and in the manner provided in RCW 46.29.070 for giving notice of the requirement for security. [1963 c 169 § 42]

46.29.430 Proof required in addition to deposit of security after accident—Suspension or revocation for failure to give proof. In the event that any person required to give proof of financial responsibility under RCW 46.29.420 fails to give such proof within ten days after the department has sent notice as hereinbefore provided, the department shall suspend, or continue in effect any existing suspension or revocation of, the license or any nonresident’s driving privilege of such person. [1967 c 32 § 46; 1963 c 169 § 43]

46.29.440 Proof required in addition to deposit of security after accident—Suspension to continue until proof given and maintained. Such license or nonresident’s driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person or may issue a new license containing such restrictions. [1967 c 32 § 47; 1965 c 124 § 6; 1963 c 169 § 44]

46.29.450 Alternate methods of giving proof. Proof of financial responsibility when required under this chapter, with respect to such a vehicle or with respect to a person who is not the owner of such a vehicle, may be given by filing:

(1) A certificate of insurance as provided in RCW 46.29.460 or 46.29.470;

(2) A bond as provided in RCW 46.29.520;

(3) A certificate of deposit of money or securities as provided in RCW 46.29.550; or

(4) A certificate of self-insurance, as provided in RCW 46.29.630, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, he will pay the same amounts that an insurer would have been obliged to pay under an owner’s motor vehicle liability policy if it had issued such a policy to said self-insurer. [1963 c 169 § 45]

46.29.460 Certificate of insurance as proof. Proof of financial responsibility for the future may be furnished by filing with the department the written certificate of any insurance carrier duly authorized to do business in this state certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle. [1963 c 169 § 46]

46.29.470 Certificate furnished by nonresident as proof. A nonresident may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the vehicle, or vehicles, owned by such nonresident is registered, or in the state in which such nonresident resides, if he does not own a vehicle, provided such certificate otherwise conforms with the provisions of this chapter, and the department shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

(1) Said insurance carrier shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state;

(2) Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued therein. [1963 c 169 § 47]

46.29.480 Default by nonresident insurer. If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the department shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues. [1963 c 169 § 48]

46.29.490 "Motor-vehicle liability policy" defined.

(1) Certification. A “motor vehicle liability policy” as said term is used in this chapter shall mean an “owner’s policy” or an “operator’s policy” of liability insurance, certified as provided in RCW 46.29.460 or 46.29.470 as proof of financial responsibility for the future, and issued, except as otherwise provided in RCW 46.29.470, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

(2) Owner’s policy. Such owner’s policy of liability insurance:

(a) Shall designate by explicit description or by appropriate reference all vehicles with respect to which coverage is thereby to be granted; and

(b) Shall insure the person named therein and any other person, as insured, using any such vehicle or vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of such vehicle or vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such vehicle as follows: Fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident,
and five thousand dollars because of injury to or
destruction of property of others in any one accident.
(3) Operator's policy. Such operator's policy of lia-
bility insurance shall insure the person named as insured
therein against loss from the liability imposed upon him
by law for damages arising out of the use by him of any
motor vehicle not owned by him, within the same territ-
orial limits and subject to the same limits of liability as
are set forth above with respect to an owner's policy of
liability insurance.
(4) Required statements in policies. Such motor vehi-
cle liability policy shall state the name and address of
the named insured, the coverage afforded by the policy,
the premium charged therefor, the policy period and the
limits of liability, and shall contain an agreement or be
endorsed that insurance is provided thereunder in
accordance with the coverage defined in this chapter as
respects bodily injury and death or property damage, or
both, and is subject to all the provisions of this chapter.
(5) Policy need not insure workmen's compensation,
etc. Such motor vehicle liability policy need not insure
any liability under any workmen's compensation law nor
any liability on account of bodily injury or death of an
employee of the insured while engaged in the employ-
ment, other than domestic, of the insured, or while
engaged in the operation, maintenance or repair of any
such vehicle nor any liability for damage to property
owned by, rented to, in charge of or transported by the
insured.
(6) Provisions incorporated in policy. Every motor
vehicle liability policy shall be subject to the following
provisions which need not be contained therein:
(a) The liability of the insurance carrier with respect
to the insurance required by this chapter shall become
absolute whenever injury or damage covered by said
motor vehicle liability policy occurs; said policy may not
be canceled or annulled as to such liability by any
agreement between the insurance carrier and the insured
after the occurrence of the injury or damage; no state-
ment made by the insured or on his behalf and no viola-
tion of said policy shall defeat or void said policy.
(b) The satisfaction by the insured of a judgment for
such injury or damage shall not be a condition precedent
to the right or duty of the insurance carrier to make
payment on account of such injury or damage.
(c) The insurance carrier shall have the right to settle
any claim covered by the policy, and if such settlement
is made in good faith, the amount thereof shall be
deductible from the limits of liability specified in subdi-
vision (b) of subsection (2) of this section.
(d) The policy, the written application therefor, if any,
and any rider or endorsement which does not conflict
with the provisions of this chapter shall constitute the
entire contract between the parties.
(7) Excess or additional coverage. Any policy which
grants the coverage required for a motor vehicle liability
policy may also grant any lawful coverage in excess of or
in addition to the coverage specified for a motor vehicle
liability policy and such excess or additional coverage
shall not be subject to the provisions of this chapter.
With respect to a policy which grants such excess or
additional coverage the term "motor vehicle liability
policy" shall apply only to that part of the coverage
which is required by this section.
(8) Reimbursement provision permitted. Any motor
vehicle liability policy may provide that the insured shall
reimburse the insurance carrier for any payment the
insurance carrier would not have been obligated to make
under the terms of the policy except for the provisions of
this chapter.
(9) Proration of insurance permitted. Any motor vehi-
cle liability policy may provide for the prorating of the
insurance thereunder with other valid and collectible
insurance.
(10) Multiple policies. The requirements for a motor
vehicle liability policy may be fulfilled by the policies of
one or more insurance carrier which policies together
meet such requirements.
(11) Binders. Any binder issued pending the issuance
of a motor vehicle liability policy shall be deemed to
fulfill the requirements for such a policy. 
[1967 ex.s. c 3 § 4; 1963 c 169 § 49.]

Effective date—1967 ex.s. c 3: See note following RCW
46.29.090.

46.29.500 Notice of cancellation or termination of
certified policy. When an insurance carrier has certified
a motor vehicle liability policy under RCW 46.29.460 or
46.29.470 the insurance so certified shall not be canceled
or terminated until at least ten days after a notice of
cancellation or termination of the insurance so certified
shall be filed in the department, except that such a pol-
cy subsequently procured and certified shall, on the
effective date of its certification, terminate the insurance
previously certified with respect to any vehicle design-
nated in both certificates. [1963 c 169 § 50.]

46.29.510 Chapter not to affect other policies. (1)
This chapter shall not be held to apply to or affect poli-
cies of automobile insurance against liability which may
now or hereafter be required by any other law of this
state, and such policies, if they contain an agreement or
are endorsed to conform with the requirements of this
chapter, may be certified as proof of financial responsi-
bility under this chapter.
(2) This chapter shall not be held to apply to or affect
policies insuring solely the insured named in the policy
against liability resulting from the maintenance or use
by persons in the insured's employ or on his behalf of
vehicles not owned by the insured. [1963 c 169 § 51.]

46.29.520 Bond as proof. Proof of financial responsi-
bility may be evidenced by the bond of a surety company
duly authorized to transact business within this state, or
a bond with at least two individual sureties each owning
real estate within this state, and together having equities
equal in value to at least twice the amount of the bond,
which real estate shall be scheduled in the bond
approved by a judge of the superior court, which said
bond shall be conditioned for payment of the amounts
specified in RCW 46.29.260. Such bond shall be filed
with the department and shall not be cancellable except
after ten days written notice to the department. [1963 c
169 § 52.]
46.29.530 When bond shall constitute a lien. Before a bond with individual sureties is accepted by the department it shall be recorded as other instruments affecting real property in the county or counties wherein any real estate scheduled in such bond is located. Such bond shall constitute a lien from the date of such recording in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a vehicle of a type subject to registration under the laws of this state after such deposit was made. Money or securities as proof. Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him thirty-five thousand dollars in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of thirty-five thousand dollars. The state treasurer shall not accept any such deposit and issue a certificate therefor unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor, or his order, as received. [1963 c 169 § 56.]

46.29.570 Owner may give proof for others. The owner of a motor vehicle may give proof of financial responsibility on behalf of his employee or a member of his immediate family or household in lieu of the furnishing of proof by any said person. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person, or may issue a new license containing such restrictions. [1963 c 169 § 57.]

46.29.580 Substitution of proof. The department shall consent to the cancellation of any bond or certificate of insurance or the department shall direct and the state treasurer shall return any money or securities to the person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter. [1963 c 169 § 58.]

46.29.590 Other proof may be required. Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the department shall, for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration pending the filing of such other proof. [1963 c 169 § 59.]

46.29.600 Duration of proof—When proof may be canceled or returned. (1) The department shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the department shall direct and the state treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the department shall waive the requirement of filing proof, in any of the following events:
(a) At any time after three years from the date such proof was required when, during the three-year period preceding the request, the department has not received record of a conviction or a forfeiture of bail which would require or permit the suspension or revocation of the license of the person by or for whom such proof was furnished; or
(b) In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or
(c) In the event the person who has given proof surrenders his license to the department;
(2) Provided, however, that the department shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has within one year immediately preceding such request been involved as a driver or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the

46.29.550 Money or securities as proof. Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him thirty-five thousand dollars in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of thirty-five thousand dollars. The state treasurer shall not accept any such deposit and issue a certificate therefor and the department shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides. [1967 ex.s. c 3 § 5; 1963 c 169 § 55.]

Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.

46.29.560 Application of deposit. Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a vehicle of a type subject to registration under the laws of this state after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid. Any interest or other income accruing to such money or securities, so deposited, shall be paid by the state treasurer to the depositor, or his order, as received. [1963 c 169 § 56.]
nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

(3) Whenever any person whose proof has been canceled or returned under subdivision (1)(c) of this section applies for a license within a period of three years from the date proof was originally required, any such application shall be refused unless the applicant shall reestablish such proof for the remainder of such three-year period. [1963 c 169 § 60.]

VIOLATIONS OF THIS CHAPTER

46.29.610 Surrender of license and registration—Penalty. (1) Any person whose license shall have been suspended under any provision of this chapter, or whose policy of insurance or bond, when required under this chapter, shall have been canceled or terminated, shall immediately return his license to the department. If any person shall fail to return to the department the license as provided herein, the department shall forthwith direct any peace officer to secure possession thereof and to return the same to the department.

(2) Any person willfully failing to return license as required in paragraph (1) of this section shall be guilty of a misdemeanor. [1963 c 169 § 61.]

46.29.620 Forged proof—Penalty. Any person who shall forge, or, without authority, sign any evidence of proof of financial responsibility for the future, or who files or offers for filing any such evidence of proof knowing or having reason to believe that it is forged or signed without authority, shall be guilty of a gross misdemeanor. [1963 c 169 § 62.]

46.29.625 Driving when license suspended or revoked until proof of ability to respond in damages furnished—Penalty. Any person whose driver's license or other privilege to operate a motor vehicle has been suspended or revoked and restoration thereof or issuance of a new license is contingent upon the furnishing of proof of ability to respond in damages and who in the absence of full authorization from the director, drives a motor vehicle upon any highway shall be punished by imprisonment for not less than ten days nor more than six months and there may be imposed in addition thereto a fine of not more than five hundred dollars. [1969 ex.s. c 281 § 21.]

Revoked license not to be renewed or restored until proof of financial responsibility given: RCW 46.20.311.

MISCELLANEOUS PROVISIONS RELATING TO FINANCIAL RESPONSIBILITY

46.29.630 Self-insurers. (1) Any person in whose name more than twenty-five vehicles are registered in this state may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the department as provided in subsection (2) of this section.

(3) In the event the motor-driven cycle is equipped with a single-beam lamp or lamps, said lamp or lamps shall be so aimed that when the vehicle is loaded none of the high-intensity portion of light, at a distance of twenty-five feet ahead, shall project higher than the level of the center of the lamp from which it comes. [1961 c 12 § 46.37.250. Prior: 1955 c 269 § 25.]

46.37.260 Alternate road lighting equipment. Any motor vehicle may be operated under the conditions specified in RCW 46.37.020 when equipped with two lighted lamps upon the front thereof capable of revealing persons and objects seventy-five feet ahead in lieu of lamps required in RCW 46.37.220 or 46.37.240: Provided, however, That at no time shall it be operated at a speed in excess of twenty miles per hour. [1961 c 12 § 46.37.260. Prior: 1955 c 269 § 26; prior: 1937 c 189 § 27; RRS § 6360–27; RCW 46.40.150.]

(1) At all times specified in RCW 46.37.020, at least two lighted lamps shall be displayed, one on each side at the front of every motor vehicle other than a motorcycle or motor-driven cycle, except when such vehicle is parked subject to the regulations governing lights on parked vehicles. 

(2) Whenever a motor vehicle equipped with head lamps as herein required is also equipped with any auxiliary lamps or a spot lamp or any other lamp on the front thereof projecting a beam of intensity greater than three hundred candlepower, not more than a total of four of any such lamps on the front of a vehicle shall be lighted at any one time when upon a highway. 46.37.280 Special restrictions on lamps. (1) During the times specified in RCW 46.37.020, any lighted lamp or illuminating device upon a motor vehicle, other than head lamps, spot lamps, auxiliary lamps, flashing turn signals, emergency vehicle warning lamps, warning lamps authorized by the state commission on equipment and school bus warning lamps, which projects a beam of light of an intensity greater than three hundred candlepower shall be so directed that no part of the high intensity portion of the beam will strike the level of the roadway on which the vehicle stands at a distance of more than seventy-five feet from the vehicle. 

(2) Except as required in RCW 46.37.190 no person shall drive or move any vehicle or equipment upon any highway with any lamp or device thereon displaying a red light visible from directly in front of the center thereof. 

(3) Flashing lights are prohibited except as required in RCW 46.37.190, 46.37.200, 46.37.210, and 46.37.300, and warning lamps authorized by the state commission on equipment. 46.37.290 Special lighting equipment on school buses and private carrier buses. (1) The state commission on equipment is authorized to adopt standards and specifications applicable to lighting equipment on special school buses and private carrier buses consistent with the provisions of this chapter, but supplemental thereto. Such standards and specifications shall correlate with and, so far as possible, conform to the specifications then current as approved by the society of automotive engineers. 

(2) It shall be unlawful to operate any flashing warning signal light on any school bus or private carrier bus except when any such bus is stopped on a highway for the purpose of permitting passengers to board or alight from said bus. The term flashing signal as used herein shall not include an electric turn signal. [1970 ex.s. c 100 § 6; 1961 c 12 § 46.37.290. 46.37.300 Standards for lights on snow-removal or highway maintenance and service equipment. (1) The state commission on equipment shall adopt standards and specifications applicable to head lamps, clearance lamps, identification and other lamps on snow-removal and other highway maintenance and service equipment when operated on the highways of this state in lieu of the lamps otherwise required on motor vehicles by this chapter. Such standards and specifications may permit the use of flashing lights for purposes of identification on snow-removal and other highway maintenance and service equipment when in service upon the highways. The standards and specifications for lamps referred to in this section shall correlate with and, so far as possible, conform with those approved by the American association of state highway officials. 

(2) It shall be unlawful to operate any snow-removal and other highway maintenance and service equipment on any highway unless the lamps thereon comply with and are lighted when and as required by the standards and specifications adopted as provided in this section. 46.37.310 Selling or using lamps or equipment. (1) On and after January 1, 1938, no person shall have for sale, sell or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer or semitrailer, or use upon any such vehicle any head lamp, auxiliary, or fog lamp, rear lamp, signal lamp or reflector, which reflector is required hereunder, or parts of any of the foregoing which tend to change the original design or performance, unless of a type which has been submitted to the state commission on equipment and approved by it.

(2) No person shall have for sale, sell or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer or semitrailer any lamp or device mentioned in this section which has been approved by the state commission on equipment unless such lamp or device bears thereon the trademark or name under which it is approved so as to be legible when installed. 

(3) No person shall use upon any motor vehicle, trailer or semitrailer any lamps mentioned in this section unless said lamps are mounted, adjusted and aimed in accordance with instructions of the state commission on equipment. [1961 c 12 § 46.37.310. Prior: 1955 c 269 § 31; prior: 1937 c 189 § 30; RRS § 6360–30; RCW 46.40.180; 1929 c 178 § 12; 1927 c 309 § 35; RRS § 6362–35.]

46.37.320 Authority of state commission on equipment with reference to lighting devices. (1) The state commission on equipment is hereby authorized to approve or disapprove lighting devices and to issue and
enforce regulations establishing standards and specifications for the approval of such lighting devices, their installation, adjustment and aiming, and adjustment when in use on motor vehicles. Such regulations shall correlate with and, so far as practicable, conform to the then current standards and specifications of the society of automotive engineers applicable to such equipment.

(2) The state commission on equipment is hereby required to approve or disapprove any lighting device, of a type on which approval is specifically required in this chapter, within a reasonable time after such device has been submitted.

(3) The state commission on equipment is further authorized to set up the procedure which shall be followed when any device is submitted for approval.

(4) The state commission on equipment upon approving any such lamp or device shall issue to the applicant a certificate of approval together with any instructions determined by it.

(5) The state commission on equipment shall publish lists of all lamps and devices by name and type which have been approved by it. [1961 c 12 § 46.37.320. Prior: 1955 c 269 § 32; prior: 1937 c 189 § 31; RRS § 6360–31; RCW 46.40.190; 1933 c 156 § 4, part; 1929 c 178 § 6, part; 1927 c 309 § 23, part; RRS § 6362–23, part.]

46.37.340 Revocation of certificate of approval on lighting devices. When the state commission on equipment has reason to believe that an approved device as being sold commercially does not comply with the requirements of this chapter, it may, after giving thirty days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon the question of compliance of said approved device. After said hearing the state commission on equipment shall determine whether said approved device meets the requirements of this chapter. If said device does not meet the requirements of this chapter it shall give notice to the person holding the certificate of approval for such device in this state.

If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the state commission on equipment that said approved device as thereafter to be sold meets the requirements of this chapter, the state commission on equipment shall suspend or revoke the approval issued therefor until or unless such device is resubmitted to and retested by an authorized testing agency and is found to meet the requirements of this chapter, and may require that all said devices sold since the notification following the hearing be replaced with devices that do comply with the requirements of this chapter. The state commission on equipment may at the time of the retest purchase in the open market and submit to the testing agency one or more sets of such approved devices, and if such device upon such retest fails to meet the requirements of this chapter, the state commission on equipment may refuse to renew the certificate of approval of such device. [1961 c 12 § 46.37-.330. Prior: 1955 c 269 § 33; prior: 1937 c 189 § 32; RRS § 6360–32; RCW 46.40.200; 1933 c 156 § 4, part; 1929 c 178 § 6, part; 1927 c 309 § 23, part; RRS § 6362–23, part.]

46.37.340 Braking equipment required. Every motor vehicle, trailer, semitrailer and pole trailer, and any combination of such vehicle operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(1) Service brakes—adequacy. Every such vehicle and combination of vehicles, except special mobile equipment as defined in RCW 46.04.552, shall be equipped with service brakes complying with the performance requirements of RCW 46.37.351 and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(2) Parking brakes—adequacy. Every such vehicle and combination of vehicles, except motorcycles and motor-driven cycles, shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

(a) Trailers, semitrailers, or pole trailers of a gross weight not exceeding three thousand pounds, provided that:

(i) The total weight on and including the wheels of the trailer or trailers shall not exceed forty percent of the gross weight of the towing vehicle when connected to the trailer or trailers, and

(ii) The combination of vehicles consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of RCW 46.37.351.

(b) Trailers, semitrailers, or pole trailers manufactured and assembled prior to July 1, 1965 shall not be required to be equipped with brakes when the total weight on and including the wheels of the trailer or trailers does not exceed two thousand pounds.

[Title 46—p 89]
(c) Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of RCW 46.37.351.

(d) Trucks and truck-tractors having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. However, such trucks and truck-tractors must be capable of complying with the performance requirements of RCW 46.37.351.

(e) Special mobile equipment as defined in RCW 46.04.552.

(f) The wheel of a sidecar attached to a motorcycle or to a motor–driven cycle, or the front wheel of a motor–driven cycle need not be equipped with brakes, provided that such motorcycle or motor–driven cycle is capable of complying with the performance requirements of RCW 46.37.351.

(4) Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of three thousand pounds, manufactured or assembled after January 1, 1964, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen minutes, upon breakaway from the towing vehicle.

(5) Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1964, and used to tow a trailer, semitrailer or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(6) Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1964, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(7) Two means of emergency brake operation.

(a) Air brakes. After January 1, 1964, every towing vehicle, when used to tow another vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, shall be equipped with two means for emergency application of the trailer brakes. One of these means shall apply the brakes automatically in the event of a reduction of the towing vehicle air supply to a fixed pressure which shall be not lower than twenty pounds per square inch nor higher than forty–five pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Vacuum brakes. After January 1, 1964, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (8) of this section, a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic and other pressure, and independent of other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(8) Single control to operate all brakes. After January 1, 1964, every motor vehicle, trailer, semitrailer and pole trailer, and every combination of such vehicles, except motorcycles and motor–driven cycles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control in the towing vehicle.

(9) Reservoir capacity and check valve.

(a) Air brakes. Every bus, truck or truck–tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut–out setting, a full service brake application may be made without lowering such reservoir pressure by more than twenty percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(b) Vacuum brakes. After January 1, 1964, every truck with three or more axles equipped with vacuum assist type brakes and every truck–tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than forty percent.

(c) Reservoir safeguarded. All motor vehicles, trailers, semitrailers and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(10) Warning devices.

(a) Air brakes. Every bus, truck or truck–tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the air reservoir pressure of the vehicle is
below fifty percent of the air compressor governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(b) Vacuum brakes. After January 1, 1964, every truck-tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle’s supply reservoir or reserve capacity is less than eight inches of mercury.

(c) Combination of warning devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement. [1965 ex.s. c 170 § 49; 1963 c 154 § 21; 1961 c 12 § 46.37.340. Prior: 1955 c 269 § 34; prior: 1937 c 189 § 34, part; RRS § 6360–34, part; RCW 46.36.020, 46.36.030, part; 1929 c 180 § 6; 1927 c 309 § 16; 1923 c 181 § 5; 1921 c 96 § 23; 1915 c 142 § 22; RRS § 6362–16.]

46.37.351 Performance ability of brakes. Every motor vehicle and combination of vehicles, at all times and under all conditions of loading, upon application of the service brakes, shall be capable of:

1. Developing a braking force that is not less than the percentage of its gross weight tabulated herein for its classification,

2. Decelerating to a stop from not more than twenty miles per hour at not less than the feet per second per second tabulated herein for its classification, and

3. Stopping from a speed of twenty miles per hour in not more than the distance tabulated herein for its classification, such distance to be measured from the point at which movement of the service brake pedal or control begins.

Tests for deceleration and stopping distance shall be made on a substantially level (not to exceed plus or minus one percent grade), dry, smooth, hard surface that is free from loose material.

medium through which force is transmitted to the brakes in the hydraulic brake system of a vehicle.

(2) Hydraulic brake fluid shall be distributed and serviced with due regard for the safety of the occupants of the vehicle and the public.

(3) The state commission on equipment shall, in compliance with the provisions of chapter 34.04 RCW, the administrative procedure act, which govern the adoption of rules, adopt and enforce regulations for the administration of this section and shall adopt and publish standards and specifications for hydraulic brake fluid which shall correlate with, and so far as practicable conform to, the then current standards and specifications of the society of automotive engineers applicable to such fluid.

(4) No person shall distribute, have for sale, offer for sale, or sell any hydraulic brake fluid unless it complies with the requirements of this section and the standard specifications adopted by the state commission on equipment. No person shall service any vehicle with brake fluid unless it complies with the requirements of this section and the standards and specifications adopted by the state commission on equipment. 46.37.370 Brakes on motor-driven cycles. (1) The state commission on equipment is authorized to require an inspection of the braking system on any motor-driven cycle and to disapprove any such braking system on a vehicle which it finds will not comply with the performance ability standard set forth in RCW 46.37.351, or which in its opinion is equipped with a braking system that is not so designed or constructed as to insure reasonable and reliable performance in actual use.

(2) The director of motor vehicles may refuse to register or may suspend or revoke the registration of any vehicle referred to in this section when he determines that the braking system thereof does not comply with the provisions of this section.

46.37.380 Horns and warning devices. (1) Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than two hundred feet, but no horn or other warning device shall emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall when reasonably necessary to insure safe operation give audible warning with his horn but shall not otherwise use such horn when upon a highway.

(2) No vehicle shall be equipped with nor shall any person use upon a vehicle any siren, whistle or bell, except as otherwise permitted in this section.

(3) It is permissible but not required that any commercial vehicle be equipped with a theft alarm signal device which is so arranged that it cannot be used by the driver as an ordinary warning signal.

(4) Any authorized emergency vehicle may be equipped with a siren, whistle or bell, capable of emitting sound audible under normal conditions from a distance of not less than five hundred feet and of a type approved by the state commission on equipment, but such siren shall not be used except when such vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which said latter events the driver of such vehicle shall sound said siren when reasonably necessary to warn pedestrians and other drivers of the approach thereof. VEHICLE EQUIPMENT SAFETY COMPACT

ARTICLE I—Findings and Purposes

(a) The party states find that:

(1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.

(2) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(b) The purposes of this compact are to:

(1) Promote uniformity in regulation of and standards for equipment.

(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.

(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision (a) of this Article.

(c) It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II—Definitions

As used in this compact:

(a) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.

(b) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(c) "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III—The Commission

(a) There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the Commission. The Commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the Commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the Commission in such form as the Commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the Commission for expenses actually incurred in attending Commission meetings or while engaged in the business of the Commission.

(b) The commissioners shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(c) The Commission shall have a seal.

(d) The Commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The Commission may appoint an Executive Director and fix his duties and compensation. Such Executive Director shall serve at the pleasure of the Commission, and together with the Treasurer shall be bonded in such amount as the Commission shall determine. The Executive Director also shall serve as secretary. If there be no Executive Director, the Commission shall elect a Secretary in addition to the other officers provided by this subdivision.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the Executive Director with the approval of the Commission, or the Commission if there be no Executive Director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the Commission's functions, and shall fix the duties and compensation of such personnel.

(f) The Commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full time employees. Employees of the Commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the Commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The Commission may establish and maintain or participate in
such additional programs of employee benefits as may be appropriate.

g) The Commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

(h) The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize, and dispose of the same.

(i) The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.

(j) The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all Commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

(k) The Commission annually shall make to the governor and legislature of each party state a report covering the activities of the Commission for the preceding year, and embodying such recommendations as may have been issued by the Commission. The Commission may make such additional reports as it may deem desirable.

ARTICLE IV—Research and Testing

The Commission shall have power to:

(a) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

(b) Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

(c) Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the Commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

(d) Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V—Vehicular Equipment

(a) In the interest of vehicular and public safety, the Commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the Commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this Article. No less than sixty days after the publication of a report containing the results of such study, the Commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(b) Following the hearing or hearings provided for in subdivision (a) of this Article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the Commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the Commission will be fair and equitable and effectuate the purposes of this compact.

(c) Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the Commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

(e) If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any Commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(f) Except as otherwise specifically provided in or pursuant to subdivisions (e) and (g) of this Article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

(g) The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the Commission pursuant to this Article if such agency specifically finds, after public hearing on due notice, that a variation from the Commission's rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the
ARTICLE VI—Finance

(a) The Commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: one-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the Commission may employ such source or sources of information as, in its judgment present the most equitable and accurate comparisons among the party states. Each of the Commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

(c) The Commission shall not pledge the credit of any party state. The Commission may meet any of its obligations in whole or in part with funds available to it under Article III (h) of this compact, provided that the Commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it under Article III (h) hereof, the Commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the Commission.

(e) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the Commission.

(f) Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

ARTICLE VII—Conflict of Interest

(a) The Commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the Commission and contractors with the Commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the Commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a Commission rule or regulation adopted pursuant to this Article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the Commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the Commission subject to cancellation by the Commission.

(b) Nothing contained in this Article shall be deemed to prevent a contractor for the Commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the Commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII—Advisory and Technical Committees

The Commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX—Entry Into Force and Withdrawal

(a) This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE X—Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. in full force and effect as to the state affected as to all severable matters. [1963 c 204 § 1.]

46.38.020 Legislative findings. The legislature finds that:
(1) The public safety necessitates the continuous development, modernization and implementation of standards and requirements of law relating to vehicle equipment, in accordance with expert knowledge and opinion.
(2) The public safety further requires that such standards and requirements be uniform from jurisdiction to jurisdiction, except to the extent that specific and compelling evidence supports variation.
(3) The state commission on equipment, acting upon recommendations of the vehicle equipment safety commission and pursuant to the vehicle equipment safety compact provides a just, equitable and orderly means of promoting the public safety in the manner and within the scope contemplated by this chapter. [1963 c 204 § 2.]

The provisions of this section shall not relieve the owner or operator of a vehicle or combination of vehicles from the exercise of due care in determining that sufficient vertical clearance is provided upon the public highways where such vehicle or combination of vehicles is being operated; and no liability shall attach to the state or to any county, city, town, or other political subdivision by reason of the existence of any structure over or across any public highway where the vertical clearance above the roadway is fourteen feet or more; or, where such vertical clearance is less than fourteen feet, if impaired clearance signs of a design approved by the Washington state highway commission are erected and maintained on the right side of any such public highway: In cities and towns at a distance of not less than two hundred feet and not more than three hundred feet; and in rural areas at a distance of not less than three hundred fifty feet and not more than five hundred feet, from each side of such structure. If any structure over or across any public highway is not owned by the state or by a county, city, town, or other political subdivision, it shall be the duty of the owner thereof when billed therefor to reimburse the Washington state highway commission or the county, city, town, or other political subdivision having jurisdiction over such highway for the actual cost of erecting and maintaining such impaired clearance signs, but no liability shall attach to such owner by reason of any damage or injury to persons or property caused by impaired vertical clearance above the roadway. [1975–76 2nd ex.s. c 64 § 7; 1971 ex.s. c 248 § 1; 1965 c 43 § 1; 1961 c 12 § 46.44.020. Prior: 1959 c 319 § 26; 1955 c 384 § 1; 1953 c 125 § 1; 1951 c 269 § 20; 1937 c 189 § 48; RRS § 6360–48.]

46.44.030 Maximum lengths. It is unlawful for any person to operate upon the public highways of this state any vehicle other than a municipal transit vehicle having an overall length, with or without load, in excess of thirty-five feet: Provided, That an auto stage or school bus shall not exceed an overall length, inclusive of front and rear bumpers, of forty feet: Provided further, That any such school bus shall be equipped with three axles: Provided further, That the route of any such auto stage or school bus upon or across the public highways within the jurisdictional boundaries of any city or county shall be limited as determined by the state highway commission after consultation and agreement with the local legislative authority, and the operation of any such school bus upon the public highway shall be limited as determined by the superintendent of public instruction in the manner provided for in RCW 46.61.380.

It is unlawful for any person to operate on the highways of this state any combination of vehicles which contains a vehicle of which the permanent structure is in excess of forty-five feet.

It is unlawful for any person to operate upon the public highways of this state any combination consisting of a nonstinger steered tractor and semitrailer which has an overall length in excess of sixty-five feet.

It is unlawful for any person to operate on the highways of this state any combination consisting of a truck and trailer, or any lawful combination of three vehicles, with an overall length, with or without load, in excess of sixty-five feet, or a combination consisting of a tractor and a stinger steered semitrailer which has an overall length in excess of sixty-five feet without load or in excess of seventy feet with load.

"Stinger steered" as used in this section shall mean a tractor and semitrailer combination which has the coupling connecting the semitrailer to the tractor located to the rear of the center line of the rear axle of the tractor.

These length limitations shall not apply to vehicles transporting poles, pipe, machinery or other objects of a structural nature which cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark
the dimensions of such load. [1975–76 2nd ex.s. c 53 § 1; 1974 ex.s. c 76 § 2; 1971 ex.s. c 248 § 2; 1967 ex.s. c 145 § 61; 1963 ex.s. c 3 § 52; 1961 ex.s. c 21 § 36; 1961 c 12 § 46.44.030. For the purposes of this section a converter gear used in converting a semitrailer to a full trailer shall be considered to be a part of the trailer and not a separate vehicle. A converter gear being pulled without load and not used to convert a semitrailer into a full trailer may be substituted in lieu of a full trailer or a semitrailer in any lawful combination;

Effective dates—Severability—1975–76 2nd ex.s. c 64: See notes following RCW 46.16.070.

No vehicle or combination of vehicles shall operate upon the public highways of this state with a gross load on any single axle in excess of twenty thousand pounds, or upon any group of axles in excess of that set forth in the following table, except that two consecutive sets of tandem axles may carry a gross load of thirty–four thousand pounds each, if the overall distance between the first and last axles of such consecutive sets of tandem axles is thirty–six feet or more.

When inches are involved: Under six inches take lower, six inches or over take higher. When wheelbase of a group of axles is less than the wheelbase required by the above table to attain maximum single axle and tandem axle allowance, no axle shall exceed any axle in such group by more than two thousand five hundred pounds in weight. For this purpose of determining equal axle weight distribution, the front axle of a unit supplying motive power shall not be included in the axle group.

The maximum axle and gross weights specified in this section are subject to the braking requirements set up for the service brakes upon any motor vehicle or combination of vehicles as provided by law.

It is unlawful to operate upon the public highways any single unit vehicle, supported upon three axles or more with a gross weight including load in excess of forty thousand pounds or any combination of vehicles having a gross weight in excess of eighty thousand pounds without first obtaining an additional tonnage permit as provided for in RCW 46.44.095: Provided, That when a combination of vehicles has purchased license tonnage in excess of seventy-two thousand pounds as provided by RCW 46.16.070, such excess license tonnage may be applied to the power unit subject to limitations of RCW 46.44.042 and this section when such vehicle is operated without a trailer.

It is unlawful to operate any vehicle upon the public highways equipped with two axles spaced less than seven feet apart, unless the two axles are so constructed and mounted in such a manner as to provide oscillation between the two axles and that either one of the two axles will not at any one time carry more than the maximum gross weight allowed for one axle specified in this section. 46.44.042 Maximum gross weights—Tire factor. Subject to the maximum gross weights specified in RCW 46.44.041, it is unlawful to operate any vehicle upon the public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of five hundred fifty pounds per inch width of such tire, up to a maximum width of twelve inches, and for a tire having a width of twelve inches or more there shall be allowed a twenty percent tolerance above five hundred fifty pounds per inch width of such tire. For the purpose of this section, the width of tire in case of solid rubber or hollow center tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon. 46.44.047 Excess weight—Logging trucks—Special permits—County or city permits—Fees—Discretion of arresting officer. A three axle truck tractor and a two axle pole trailer combination engaged in the operation of hauling logs may exceed by not more than six thousand eight hundred pounds the legal gross weight of the combination of vehicles when licensed, as permitted by law, for sixty-eight thousand pounds: Provided, That the distance between the first and last axle of the vehicles in combination shall have a total wheelbase of not less than thirty-seven feet, and the weight upon two axles spaced less than seven feet apart shall not exceed thirty-three thousand six hundred pounds.

Such additional allowances shall be permitted by a special permit to be issued by the state highway commission valid only on state primary or secondary highways authorized by the state highway commission and under such rules, regulations, terms, and conditions prescribed by the state highway commission. The fee for such special permit shall be fifty dollars for a twelve-month period beginning and ending on April 1st of each calendar year. Permits may be issued at any time, but if issued after July 1st of any year the fee shall be thirty-seven dollars and fifty cents. If issued on or after October 1st the fee shall be twenty-five dollars, and if issued on or after January 1st the fee shall be twelve dollars and fifty cents. A copy of such special permit covering the vehicle involved shall be carried in the cab of the vehicle at all times. Upon the third conviction within the duration of the permit for violation of the terms and conditions of the special permit, the special permit shall be canceled. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a three-axle truck tractor in combination with a two-axle pole trailer. When the highway commission issues a duplicate permit to replace a lost or destroyed permit and where the highway commission transfers a permit, a fee of five dollars shall be charged for each such duplicate issued or each such transfer.

All fees collected hereinafter shall be deposited with the state treasurer and credited to the motor vehicle fund.

Permits involving city streets or county roads or using city streets or county roads to reach or leave state highways, authorized for permit by the state highway department may be issued by the city or county or counties involved. A fee of five dollars for such city or county permit may be assessed by the city or by the board of county commissioners which shall be deposited in the city or county road fund. The special permit provided for herein shall be known as a "log tolerance permit" and shall designate the route or routes to be used, which shall first be approved by the city or county engineer involved. Authorization of additional route or routes may be made at the discretion of the city or county by amending the original permit or by issuing a new permit. Said permits shall be issued on a yearly basis expiring on March 31st of each calendar year. Any person, firm, or corporation who uses any city street or county road for the purpose of transporting logs with weights authorized by state highway log tolerance permits, to reach or leave a state highway route, without first obtaining a city or county permit when required by the city or board of county commissioners shall be subject to the penalties prescribed by RCW 46.44.105. For the purpose of determining gross weight the actual scale weight taken by the officer shall be prima facie evidence of such total gross weight. In the event the gross weight is in excess of the weight permitted by law, the officer may, within his discretion, permit the operator to proceed with his vehicles in combination.

The chief of the state patrol, with the advice of the state highway commission, may make reasonable rules and regulations to aid in the enforcement of the provisions of this section. 46.44.049 Effect of weight on highways—Study authorized. The highway commission is authorized to make and enter into agreements with the federal government or any state or group of states or agencies thereof, or any nonprofit association, on a joint or cooperative basis, to study, analyze or test the effects of weight on highway construction. Such studies or tests may be made either by designating existing highways or the construction of test strips including natural resource roads to the end that a proper solution of the many
problems connected with the imposition on highways of motor vehicle weights may be determined.

Such studies may include the determination of values to be assigned various highway-user groups according to their gross weight or use. [1961 c 12 § 46.44.049. Prior: 1951 c 269 § 47.]

46.44.050 Minimum length of wheelbase. It shall be unlawful to operate any vehicle upon public highways with a wheelbase between any two axles thereof of less than three feet, six inches when weight exceeds that allowed for one axle under RCW 46.44.042 or 46.44.044. It shall be unlawful to operate any motor vehicle upon the public highways of this state with a wheelbase between the frontmost axle and the rearmost axle of less than three feet, six inches.

For the purposes of this section, wheelbase shall be measured upon a straight line from center to center of the vehicle axles designated. [1975-'76 2nd ex.s. c 64 § 12; 1961 c 12 § 46.44.050. 46.44.060 Outside load limits for passenger vehicles. [1961 c 12 § 46.44.060. Prior: 1937 c 189 § 52; RRS § 6360-52; 1929 c 180 § 5, part; 1927 c 309 § 10, part; RRS § 6362-10, part.]

46.44.070 Drawbar requirements—Trailer whipping or weaving—Towing flag. The drawbar or other connection between vehicles in combination shall be of sufficient strength to hold the weight of the towed vehicle on any grade where operated. No trailer shall whip, weave or oscillate or fail to follow substantially in the line of the fenders on the right side thereof. [1961 c 12 § 46.44.070. Prior: 1937 c 189 § 53; RRS § 6360-53; 1929 c 180 § 5, part; 1927 c 309 § 10, part; RRS § 6362-10, part; 1923 c 181 § 4, part.]

46.44.080 Local regulations—State highway regulations. Local authorities with respect to public highways under their jurisdiction may prohibit the operation thereon of motor trucks or other vehicles or may impose limits as to the weight thereof, or any other restrictions as may be deemed necessary, whenever any such public highway by reason of rain, snow, climatic or other conditions, will be seriously damaged or destroyed unless the operation of vehicles thereon be prohibited or restricted or the permissible weights thereof reduced:

Provided, That whenever a highway has been closed generally to vehicles or specified classes of vehicles, local authorities shall by general rule or by special permit authorize the operation thereon of school buses, emergency vehicles, and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under such weight and speed restrictions as the local authorities deem necessary to protect the highway from undue damage: Provided further, That the governing authorities of incorporated cities and towns shall not prohibit the use of any city street designated by the state highway commission as forming a part of the route of any primary state highway through any such incorporated city or town by vehicles or any class of vehicles or impose any restrictions or reductions in permissible weights unless such restriction, limitation, or prohibition, or reduction in permissible weights be first approved in writing by the highway commission.

The local authorities imposing any such restrictions or limitations, or prohibiting any use or reducing the permissible weights shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained signs designating the provisions of the ordinance or resolution in each end of the portion of any public highway affected thereby, and no such ordinance or resolution shall be effective unless and until such signs are erected and maintained.

The highway commission shall have the same authority as hereinabove granted to local authorities to prohibit or restrict the operation of vehicles upon state highways, which rules shall be administered by the department of highways. The department of highways shall give public notice of closure or restriction. The highway commission may further authorize the department of highways to issue special permits for the operation of school buses and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under specified weight and speed restrictions as may be necessary to protect any state highway from undue damage. [1973 2nd ex.s. c 15 § 1; 1961 c 12 § 46.44.080. Prior: 1937 c 189 § 54; RRS § 6360-54.]

46.44.090 Special permits for oversize or overweight movements. The state highway commission with respect to primary and secondary state highways and local authorities with respect to public highways under their jurisdiction may, upon application in writing and good cause being shown therefor, issue a special permit in writing authorizing the applicant to operate or move a vehicle or combination of vehicles of a size, weight of vehicle, or load exceeding the maximum specified in this chapter or otherwise not in conformity with the provisions of this chapter upon any public highway under the jurisdiction of the authority granting such permit and for the maintenance of which such authority is responsible. Supp. 1949 § 6360-55, part.]

46.44.091 Special permits for oversize or overweight movements—Gross weight limit. (1) Except as otherwise provided in subsections (3) and (4) of this section, no special permit shall be issued for movement on any state highway or route of a state highway within the limits of any city or town where the gross weight, including load, exceeds the following limits:

(a) Twenty-two thousand pounds on a single axle or on dual axles with a wheelbase between the first and second axles of less than three feet six inches;
(b) Forty-three thousand pounds on dual axles having a wheelbase between the first and second axles of not less than three feet six inches but less than seven feet;
(c) On any group of axles or in the case of a vehicle employing two single axles with a wheel base between the first and last axle of not less than seven feet but less than ten feet, a weight in pounds determined by multiplying six thousand five hundred times the distance in feet between the center of the first axle and the center of the last axle of the group;
(d) On any group of axles with a wheel base between the first and last axle of not less than ten feet but less than thirty feet, a weight in pounds determined by multiplying two thousand two hundred times the sum of twenty and the distance in feet between the center of the first axle and the center of the last axle of the group;
(e) On any group of axles with a wheel base between the first and last axle of thirty feet or greater, a weight in pounds determined by multiplying one thousand six hundred times the sum of forty and the distance in feet between the center of the first axle and the center of the last axle of the group.

(2) The total weight of a vehicle or combination of vehicles allowable by special permit under subsection (1) of this section shall be governed by the lesser of the weights obtained by using the total number of axles as a group or any combination of axles as a group.

(3) The weight limitations pertaining to single axles may be exceeded to permit the movement of equipment operating upon single pneumatic tires having a rim width of twenty inches or more and a rim diameter of twenty-four inches or more or dual pneumatic tires having a rim width of sixteen inches or more and a rim diameter of twenty-four inches or more and specially designed vehicles manufactured and certified for special permits prior to July 1, 1975.

(4) Permits may be issued for weights in excess of the limitations contained in subsection (1) of this section on highways or sections of highways which have been designed and constructed for weights in excess of such limitations, with for any shipment duly certified as necessary by military officials, or by officials of public or private power facilities, or when in the opinion of the highway commission the movement or action is a necessary movement or action: Provided, That in the judgment of the highway commission the structures and highway surfaces on the routes involved are capable of sustaining weights in excess of such limitations and it is not reasonable for economic or operational considerations to transport such excess weights by rail or water for any substantial distance of the total mileage applied for.

(5) Application shall be made in writing on special forms provided by the highway commission and shall be submitted at least thirty-six hours in advance of the proposed movement. An application for a special permit for a gross weight of any combination of vehicles exceeding two hundred thousand pounds shall be submitted in writing to the highway commission at least thirty days in advance of the proposed movement.

46.44.092 Special permits for oversize or overweight movements—Overall width limits—Application for permit. No special permit shall be issued for movement on any two lane state highway outside the limits of any city or town where the overall width of load exceeds fourteen feet, or on any multiple lane state highway where the overall width of load exceeds thirty-two feet; except that on multiple lane state highways where a physical barrier serving as a median divider separates the oncoming and opposing traffic lanes, no special permit shall be issued for width in excess of twenty feet: Provided, That (1) in the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: Provided, That when in the opinion of the highway commission a hardship would result, this limitation may be exceeded upon approval of the commission; (c) prior to issuing a permit a qualified highway department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made; (2) permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations; (3) these limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when in the opinion of the highway commission the movement or action is a necessary movement or action:

[Title 46—p 108]
Provided further, That in the judgment of the highway commission the structures and highways surfaces on the routes involved are capable of sustaining widths in excess of such limitation; (4) these limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed forty-five thousand pounds and the overall width of load does not exceed sixteen feet: Provided, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the highway commission or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

Continuous operations of overlegal loads having overlength only for a period not to exceed thirty days $10.00
Continuous operation of a combination of vehicles not to exceed seventy-five feet overall length which may contain a permanent structure vehicle not in excess of forty-seven feet for a period of one year $60.00
Continuous operation of a three-axle fixed load vehicle having less than 65,000 pounds gross weight for a period not to exceed thirty days $50.00
Continuous operation of overlegal loads having nonreducible features not to exceed eighty-five feet in length and fourteen feet in width for a period of one year $150.00
Continuous operation of farm implements under a permit issued as authorized by RCW 46.44.140 by:
1. Farmers in the course of farming activities for any three-month period $10.00
2. Farmers in the course of farming activities for a period not to exceed one year $25.00
3. Persons engaged in the business of the sale, repair, or maintenance of such farm implements for any three-month period $25.00
4. Persons engaged in the business of the sale, repair, or maintenance of such farm implements for a period not to exceed one year $100.00

46.44.093 Special permits for oversize or overweight movements—Discretion of issuer—Conditions. The highway commission or local authority is authorized to issue or withhold such special permit at his or its discretion; or, if such permit is issued, to limit the number of trips, or to establish seasonal or other time limitations within which the vehicle described may be operated on the public highways indicated, or otherwise to limit or prescribe conditions of operation of such vehicle or vehicles when necessary to assure against undue damage to the road foundation, surfaces or structures or safety of traffic and may require such undertaking or other security as may be deemed necessary to compensate for injury to any roadway or road structure. 46.44.095 Annual additional tonnage permits—

Fees. Until December 31, 1976, a combination of vehicles lawfully licensed to a total gross weight of seventy-two thousand pounds, and a three or more axle single unit vehicle lawfully licensed to a total gross weight of forty thousand pounds, and on January 1, 1977, and thereafter, when a combination of vehicles has been lawfully licensed to a total gross weight of eighty thousand pounds and when a three or more axle single vehicle has been lawfully licensed to a total gross weight of forty thousand pounds pursuant to provisions of RCW 46.44.041, a permit for additional gross weight may be issued by the state highway commission upon the payment of thirty-seven dollars and fifty cents per year for each one thousand pounds or fraction thereof of such additional gross weight: Provided, That the tire limits specified in RCW 46.44.042 shall apply, and the gross weight on any single axle shall not exceed twenty thousand pounds, and the gross load on any group of axles shall not exceed the limits set forth in RCW 46.44.041: Provided further, That an additional two thousand pounds may be purchased for an amount not to exceed thirty dollars per thousand for the rear axle of a two-axle garbage truck. Such additional weight shall not be valid or permitted on any part of the federal interstate highway system where the maximum single axle load shall not exceed twenty thousand pounds.

The annual additional tonnage permits provided for in this section shall be issued under such rules and regulations and upon such terms and conditions as may be prescribed by the state highway commission. Such permits shall entitle the permittee to carry such additional load in such an amount and upon such highways or sections of highways as may be determined by the state highway commission to be capable of withstanding such increased gross load without undue injury to the highway: Provided, That the permits shall not be valid on any highway where the use of such permits would deprive this state of federal funds for highway purposes.

The annual additional tonnage permits provided for in this section shall commence on the first of January of each year. The permits may be purchased at any time, and if they are purchased for less than a full year, the fee shall be one-twelfth of the full fee multiplied by the number of months, including any fraction thereof, covered by the permit. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit from one vehicle to another a fee of five dollars shall be charged for each such duplicate issued or each such transfer. The state highway commission shall issue such permits on a temporary basis for periods not less than five days at one dollar per day for each two thousands pounds or fraction thereof.

The fees levied in RCW 46.44.0941 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state or any city or town or metropolitan municipal corporation within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.85 RCW the fees provided for in this section shall be computed by the state highway commission by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.85 RCW to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

The state highway commission shall prorate the fees provided in this section only if the name of the operator or owner is submitted on official listings of authorized fleet operators furnished by the department of motor vehicles. Listings furnished shall also include the percentage of mileage operated in Washington, which shall be the same percentage as determined by the department of motor vehicles, for purposes of prorating license fees. Single cab card in lieu of special weight permit: RCW 46.86.040.

46.44.096 Special permits for oversize or overweight movements—Determining fee—To whom paid. In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of highways and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible; when a movement involves a combination of state highways, county roads, and/or city streets the fee shall be paid to the state highway commission. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for...
a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible.

If, pursuant to RCW 46.44.090, cities or counties issue additional tonnage permits similar to those provided for issuance by the state highway commission in RCW 46.44.095, the state highway commission shall authorize the use of such additional tonnage permits on state highways subject to the following conditions:

1. The owner of the vehicle covered by such permit shall establish to the satisfaction of the state highway department that the primary use of the vehicle is on the streets or roads of the city or county issuing the additional tonnage permit;
2. That the fees paid for such additional tonnage are not less than those established in RCW 46.44.095;
3. That the city or county issuing such permit shall allow the use of permits issued by the state pursuant to RCW 46.44.095 on the streets or roads under its jurisdiction;
4. That all of the provisions of RCW 46.44.042 and 46.44.041 shall be observed.

When the department of highways is satisfied that the above conditions have been complied with the state highway department by suitable endorsement on the permit shall authorize its use on such highways as the state highway commission has authorized for such permits pursuant to RCW 46.44.095, and all such use of such highways shall be subject to whatever rules and regulations the state highway commission has adopted for such permits. [1975-76 2nd ex.s. c 64 § 18; 1971 ex.s. c 248 § 4; 1969 ex.s. c 281 § 31; 1961 c 12 § 46.44.096. 46.44.105 Enforcement provisions—Fines, penalties, suspensions and forfeitures—Jurisdiction—Disposition of fines—Confiscation, revocation and cancellation of permits—Rules. (1) Any person violating any of the provisions of RCW 46.44.042, 46.44.047, 46.44.090, 46.44.091, 46.44.095, and 46.44.041, who fails to obtain a permit as provided by RCW 46.44.090 and 46.44.095, or misrepresents the size or weight of any load or does not follow the requirements and conditions of a permit issued hereunder shall be guilty of a misdemeanor, and upon first conviction thereof shall be fined a basic fine of not less than fifty dollars; and upon second conviction thereof shall be fined a basic fine of not less than seventy-five dollars; and upon a third or subsequent conviction shall be fined a basic fine of not less than one hundred dollars.

(2) In addition to the fines levied in subsection (1) of this section any person violating RCW 46.44.042, 46.44.047, 46.44.090, 46.44.091, 46.44.095, or 46.44.041 shall be fined three cents for each pound of excess weight: Provided, That upon a first violation in any calendar year, the court may suspend the fine for five hundred pounds of excess weight for each axle on any vehicle or combination of vehicles, not to exceed a two
thousand pound suspension. In no case shall the basic fine levied in subsection (1) of this section be suspended.

(3) Whenever any vehicle or combination of vehicles is involved in two violations of RCW 46.44.042, 46.44.047, 46.44.090, 46.44.091, 46.44.095, or 46.44.091 during any twelve month period, the court may suspend the certificate of license registration of the vehicle or combination of vehicles for not less than thirty days. Upon a third or succeeding violation in any twelve month period, the court shall suspend the certificate of license registration for not less than thirty days. For purposes of this section, bail forfeiture shall be given the same effect as a conviction. Whenever the certificate of license registration is suspended, the court shall secure such certificate and immediately forward the same to the director with information concerning the suspension.

(4) Any person convicted of violating any posted limitations of a highway or section of highway shall be fined not less than one hundred and fifty dollars, and the court shall in addition thereto upon second violation within a twelve month period involving the same power unit, suspend the certificate of license registration for not less than thirty days.

(5) Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing either by means of a portable or stationary scale and may require that such vehicle be driven to the nearest public scale. Whenever a police officer, upon weighing a vehicle and load, determines that the weight is unlawful, such officer may require the driver to stop the vehicle in a suitable location and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to such limit as permitted by law.

Any vehicle whose driver or owner represents that the vehicle is disabled or otherwise unable to proceed to a weighing location shall have its load sealed or otherwise marked by any police officer. The owner or driver shall be directed that upon completion of repairs, the vehicle shall submit to weighing with the load and markings and/or seal intact and undisturbed. Failure to report for weighing, appearing for weighing with the seal broken or the markings disturbed, or removal of any cargo prior to weighing shall be unlawful. Any person so convicted shall be fined five hundred dollars, and in addition the violation of a state law shall be remitted as provided in chapter 3.62 RCW as it now exists or is later amended. For the purpose of computing the basic fines and additional fines to be imposed under the provisions of subsections (1) and (2) of this section the convictions shall be on the same vehicle or combination of vehicles within a twelve month period under the same ownership.

(9) The additional fine for excess poundage provided in subsection (2) of this section shall be transmitted by the court to the county treasurer and by him transmitted to the state treasurer for deposit in the motor vehicle fund: Provided, That all fees, fines, forfeitures, and penalties collected or assessed by a justice court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as it now exists or is later amended. It shall then be allocated annually on or before June 30th of each year in the amounts prescribed in RCW 46.68.100 as now or hereafter amended.

(10) Any state patrol officer or any weight control officer who shall find any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.037, 46.44.090, and 46.44.095 may confiscate such permit and forward the same to the state highway commission which may return it to the permittee or revoke, cancel, or suspend it without refund. The state highway commission shall keep a record of all action taken upon permits so confiscated, and if a permit shall be returned to the permittee the action taken by the commission shall be endorsed thereon. Any permittee whose permit is suspended or revoked may upon request receive a hearing before the commission or person designated by the commission. The commission after such hearing may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third conviction within a calendar year for violation of the requirements and conditions of a permit issued under RCW 46.44.095 as now or hereafter amended, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of highways, and for the purposes of this section bail forfeiture shall be considered to be a conviction. The vehicle covered by such canceled permit shall not be eligible for a new permit for a period of thirty days.

(11) For the purposes of determining gross weights the actual scale weight taken by the arresting officer shall be prima facie evidence of such total gross weight.

The chief of the state patrol, with the advice of the state highway commission, may adopt reasonable rules to aid in the enforcement of the provisions of this section. [1975-76 2nd ex.s. c 64 § 23.]

Any person operating any vehicle shall be liable for any damage to any public highway, bridge or elevated structure sustained as the result of any negligent operation thereof. When such operator is not the owner of such vehicle, object or contrivance but is so operating or moving the same with the express or implied permission of the owner thereof, then said owner and the operator shall be jointly and severally liable for any such damage. Such damage to any state highway or structure may be recovered in a civil action instituted in the name of the state of Washington by the state highway commission. Any measure of damage to any public highway determined by the state highway commission by reason of this section shall be prima facie the amount of damage caused thereby and shall be presumed to be the amount recoverable in any civil action therefor. (4) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others. [1969 c 23 § 1; 1965 ex.s. c 155 § 6.]

TRAFFIC SIGNS, SIGNALS AND MARKINGS

46.61.050 Obedience to and required traffic control devices. (1) The driver of any vehicle, every bicyclist, and every pedestrian shall obey the instructions of any official traffic control device applicable thereto placed in accordance with the provisions of this chapter, unless otherwise directed by a traffic or police officer, subject to the exception granted the driver of an authorized emergency vehicle in this chapter.
(2) No provision of this chapter for which official traffic control devices are required shall be enforced against an alleged control violator if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible or visible to be seen by an ordinarily observant person. Whenever a particular section does not state that official traffic control devices are required, such section shall be effective even though no devices are erected or in place.

(3) Whenever official traffic control devices are placed in position approximately conforming to the requirements of this chapter, such devices shall be presumed to have been so placed by the official act or direction of lawful authority, unless the contrary shall be established by competent evidence.

(4) Any official traffic control device placed pursuant to the provisions of this chapter and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this chapter, unless the contrary shall be established by competent evidence. [1975 c 62 § 18; 1965 ex.s. c 155 § 7.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.055 Traffic control signal legend. Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) **Green indication**

(a) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(b) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, and unless entering the intersection to make such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.

(c) Unless otherwise directed by a pedestrian control signal, as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) **Steady yellow indication**

(a) Vehicular traffic facing a steady circular yellow or yellow arrow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

(b) Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, are thereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(3) **Steady red indication**

(a) Vehicular traffic facing a steady circular red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until an indication to proceed is shown: Provided, That such traffic may, after stopping cautiously proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement; but vehicular traffic making such turns shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(b) Unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing a steady circular red signal alone shall not enter the roadway.

(c) Vehicular traffic facing a steady red arrow indication may not enter the intersection to make the movement indicated by such arrow, and unless entering the intersection to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line, but if none, before entering a crosswalk on the near side of the intersection, or if none, then before entering the intersection and shall remain standing until an indication to make the movement indicated by such arrow is shown: Provided, That such traffic may, after stopping cautiously proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way street or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement; but vehicular traffic making such turns shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(d) Unless otherwise directed by a pedestrian signal, pedestrians facing a steady red arrow signal indication shall not enter the roadway.

(4) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal. [1975 c 62 § 19; 1965 ex.s. c 155 § 8.]

Title 46: Motor Vehicles

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.060 Pedestrian control signals. Whenever special pedestrian control signals exhibiting the words "Walk" or "Don't Walk" are in place such signals shall indicate as follows:

(1) WALK—Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right of way by the drivers of all vehicles.

(2) STEADY DON'T WALK or FLASHING DON'T WALK—No pedestrian shall start to cross the roadway in the direction of such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the don't walk signal is showing.

(3) Pedestrian control signals having the "Wait" legend in use on August 6, 1965, shall be deemed authorized signals and shall indicate the same as the "Don't Walk" legend. Whenever such pedestrian control signals are replaced the legend "Wait" shall be replaced by the legend "Don't Walk". [1975 c 62 § 20; 1965 ex.s. c 155 § 9.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.065 Flashing signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(a) FLASHING RED (STOP SIGNAL). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) FLASHING YELLOW (CAUTION SIGNAL). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in RCW 46.61.340. [1975 c 62 § 21; 1965 ex.s. c 155 § 10.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.070 Lane—direction—control signals. When lane—direction—control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown. [1965 ex.s. c 155 § 11.]

46.61.072 Lane direction control signals—Legend. Whenever special traffic control signals exhibit a downward green arrow, a yellow X, or a red X indication, such signal indication shall have the following meaning:

(1) A steady downward green arrow means that a driver is permitted to drive in the lane over which the arrow signal is located.

(2) A steady yellow X or flashing red X means that a driver should prepare to vacate, in a safe manner, the lane over which the signal is located because a lane control change is being made, and to avoid occupying that lane when a steady red X is displayed.

(3) A flashing yellow X means that a driver is permitted to use a lane over which the signal is located for a left turn, using proper caution.

(4) A steady red X means that a driver shall not drive in the lane over which the signal is located, and that this indication shall modify accordingly the meaning of all other traffic controls present. The driver shall obey all other traffic controls and follow normal safe driving practices. [1975 c 62 § 49.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.075 Display of unauthorized signs, signals or markings. (1) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic—control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of an official traffic—control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. [1965 ex.s. c 155 § 12.]

46.61.080 Interference with official traffic—control devices or railroad signs or signals. No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down or remove any official traffic—control device or any railroad sign or signal or any inscription, shield or insignia thereon, or any other part thereof. [1965 ex.s. c 155 § 13.]

Interference with traffic—control signals or railroad signs or signals: RCW 47.36.130.

46.61.085 Traffic control signals or devices upon city streets forming part of state highways—Approval by commission required. No traffic control signal or device shall be erected or maintained upon any city street designated as forming a part of the route of a primary state highway or secondary state highway unless first approved by the state highway commission. [1965 ex.s. c 155 § 14.]

Local authorities to provide stop signs at intersections with increased speed highways: RCW 46.61.435.
DRIVING ON RIGHT SIDE OF ROADWAY—
OVERTAKING AND PASSING—USE OF ROADWAY

46.61.100 Drive on right side of roadway—Exceptions. (1) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:
(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;
(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;
(c) Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or
(d) Upon a roadway restricted to one-way traffic.
(2) Upon all roadways any vehicle proceeding slower than the legal maximum speed or at a speed slower than necessary for safe operation at the time and place and under the conditions then existing, shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection, exit, or into a private road or driveway when such left turn is legally permitted.
(3) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (1)(b) hereof. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. [1972 ex.s. c 33 § 1; 1969 ex.s. c 28 1 § 46; 1967 ex.s. c 14 5 § 58; 1965 ex.s. c 15 5 § 18.]

46.61.105 Passing vehicles proceeding in opposite directions. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the roadway as nearly as possible. [1975 c 62 § 22; 1965 ex.s. c 155 § 16.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.110 Overtaking a vehicle on the left. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:
(1) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.
(2) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. [1965 ex.s. c 155 § 17.]

46.61.115 When overtaking on the right is permitted. (1) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:
(a) When the vehicle overtaken is making or about to make a left turn;
(b) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.
(2) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. Such movement shall not be made by driving off the roadway. [1975 c 62 § 23; 1965 ex.s. c 155 § 18.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.120 Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless authorized by the provisions of RCW 46.61.100 through 46.61.160 and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred feet of any approaching vehicle. [1965 ex.s. c 155 § 19.]

46.61.125 Further limitations on driving to left of center of roadway. (1) No vehicle shall be driven on the left side of the roadway under the following conditions:
(a) When approaching or upon the crest of a grade or a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;
(b) When approaching within one hundred feet of any bridge, viaduct or tunnel;
(c) When the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel.
(2) The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road or driveway. [1972 ex.s. c 33 § 2; 1965 ex.s. c 155 § 20.]

[Title 46—p 129]
46.61.130 No-passing zones. (1) The state highway commission and local authorities are hereby authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones and when such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1) above no driver shall at any time drive on the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length.

(3) This section does not apply under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road or driveway. [1972 ex.s. c 33 § 3; 1965 ex.s. c 155 § 21.]

46.61.135 One-way roadways and rotary traffic islands. (1) The state highway commission and local authorities with respect to highways under their respective jurisdictions may designate any highway, roadway, part of a roadway, or specific lanes upon which vehicular traffic shall proceed in one direction at all or such times as shall be indicated by official traffic control devices.

(2) Upon a roadway so designated for one-way traffic, a vehicle shall be driven only in the direction designated at all or such times as shall be indicated by official traffic control devices.

(3) A vehicle passing around a rotary traffic island shall be driven only to the right of such island. [1975 c 62 § 24; 1965 ex.s. c 155 § 22.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.140 Driving on roadways laned for traffic. Whenever any roadway has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.

(3) Official traffic-control devices may be erected directing slow moving or other specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such device.

(4) Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device. [1965 ex.s. c 155 § 23.]

46.61.145 Following too closely. (1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(2) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions. [1965 ex.s. c 155 § 24.]

46.61.150 Driving on divided highways. Whenever any highway has been divided into two or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section or by a median island not less than eighteen inches wide formed either by solid yellow pavement markings or by a yellow crosshatching between two solid yellow lines so installed as to control vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, or median island, except through an opening in such physical barrier or dividing section or space or median island, or at a crossover or intersection established by public authority. [1972 ex.s. c 33 § 4; 1965 ex.s. c 155 § 25.]

46.61.155 Restricted access. No person shall drive a vehicle onto or from any limited access roadway except at such entrances and exits as are established by public authority. [1965 ex.s. c 155 § 26.]

46.61.160 Restrictions on use of controlled-access roadway. The state highway commission may by resolution or order, and local authorities may by ordinance or resolution, with respect to any limited access roadway under their respective jurisdictions prohibit the use of any such roadway by funeral processions, or by parades, pedestrians, bicycles or other nonmotorized traffic, or by any person operating a motor-driven cycle.

The state highway commission or the local authority adopting any such prohibitory regulation shall erect and
maintain official traffic control devices on the limited access roadway on which such regulations are applicable and when so erected no person shall disobey the restrictions stated on such devices. [1975 c 62 § 25; 1965 ex.s. c 155 § 27.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.165 Reservation of portion of highway for use by public transportation vehicles, etc. The state highway commission and local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of public transportation vehicles or private motor vehicles carrying not less than a specified number of passengers when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. [1974 ex.s. c 133 § 2.]

RIGHT OF WAY

46.61.180 Vehicle approaching intersection. (1) When two vehicles approach or enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right of way to the vehicle on the right.

(2) The right of way rule declared in subsection (1) of this section is modified at arterial highways and otherwise as stated in this chapter. [1975 c 62 § 26; 1965 ex.s. c 155 § 28.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.185 Vehicle turning left. The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right of way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard. [1965 ex.s. c 155 § 29.]

46.61.190 Vehicle entering stop or yield intersection. (1) Preferential right of way may be indicated by stop signs or yield signs as authorized in RCW 47.36.110.

(2) Except when directed to proceed by a duly authorized flagman, or a police officer, or a fire fighter vested by law with authority to direct, control, or regulate traffic, every driver of a vehicle approaching a stop sign shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the roadway, and after having stopped shall yield the right of way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time when such driver is moving across or within the intersection or junction of roadways.

(3) The driver of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions and if required for safety to stop, shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection or if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the roadway, and then after slowing or stopping, the driver shall yield the right of way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways: Provided, That if such a driver is involved in a collision with a vehicle in the intersection or junction of roadways, after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of his failure to yield right of way. [1975 c 62 § 27; 1965 ex.s. c 155 § 30.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.195 Arterial highways designated—Stopping on entering. All state highways are hereby declared to be arterial highways as respects all other public highways or private ways except that the Washington state highway commission shall have the authority to designate any county road or city street as an arterial having preference over the traffic on the state highway if traffic conditions will be improved by such action.

Those city streets designated by the Washington state highway commission as forming a part of the routes of state highways through incorporated cities and towns are hereby declared to be arterial highways as respects all other city streets or private ways.

The governing authorities of incorporated cities and towns may designate any street as an arterial having preference over the traffic on a state highway if such change is first approved in writing by the Washington state highway commission. The local authorities making such a change in arterial designation shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained standard stop signs, or "Yield" signs, to accomplish this change in arterial designation.

The operator of any vehicle entering upon any arterial highway from any other public highway or private way shall come to a complete stop before entering such arterial highway when stop signs are erected as provided by law. [1963 ex.s. c 3 § 48; 1961 c 12 § 46.60.330. Prior: 1955 c 146 § 5; 1947 c 200 § 14; 1937 c 189 § 105; Rem. Supp. 1947 § 6360–105. Formerly RCW 46.60.330.]

City streets subject to increased speed, designation as arterials: RCW 46.61.435.

46.61.200 Stop intersections other than arterial may be designated. In addition to the points of intersection of any public highway with any arterial public highway which is constituted by law or by any proper authorities of this state or any city or town of this state, the state highway commission with respect to state highways, and the proper authorities with respect to any other public

[Title 46—p 131]
highways, shall have the power to determine and designate any particular intersection, or any particular highways, roads or streets or portions thereof, at any intersection with which vehicles shall be required to stop before entering such intersection; and upon the determination and designation of such points at which vehicles will be required to come to a stop before entering such intersection, the proper authorities so determining and designating shall cause to be posted and maintained proper signs of the standard design adopted by the state highway commission indicating that such intersection has been so determined and designated and that vehicles entering the same are required to stop. It shall be unlawful for any person operating any vehicle when entering any intersection determined, designated and bearing the sign aforesaid, to fail and neglect to bring such vehicle to a complete stop before entering such intersection. [1961 c 12 § 46.60.340. Prior: 1937 c 189 § 106; RRS § 6360-106; 1927 c 284 § 1; RRS § 6362-41a. Formerly RCW 46.60.340.]

46.61.202 Stopping when traffic obstructed. No driver shall enter an intersection or a marked crosswalk or drive onto any railroad grade crossing unless there is sufficient space on the other side of the intersection, crosswalk, or railroad grade crossing to accommodate the vehicle he is operating without obstructing the passage of other vehicles, pedestrians, or railroad trains notwithstanding any traffic control signal indications to proceed. [1975 c 62 § 48.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.205 Vehicle entering highway from private road or driveway. The driver of a vehicle about to enter or cross a highway from a private road or driveway shall yield the right of way to all vehicles approaching on said highway. [1965 ex.s. c 155 § 31.]

46.61.210 Operation of vehicles on approach of authorized emergency vehicles. (1) Upon the immediate approach of an authorized emergency vehicle making use of audible and visual signals meeting the requirements of RCW 46.37.190, or of a police vehicle properly and lawfully making use of an audible signal only the driver of every other vehicle shall yield the right of way and shall immediately drive to a position parallel to, and as close as possible to, the right-hand edge or curb of the roadway clear of any intersection and shall stop and remain in such position until the authorized emergency vehicle has passed, except when otherwise directed by a police officer.

(2) This section shall not operate to relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons using the highway. [1965 ex.s. c 155 § 32.]

46.61.215 Highway construction and maintenance. (1) The driver of a vehicle shall yield the right of way to any authorized vehicle or pedestrian actually engaged in work upon a highway within any highway construction or maintenance area indicated by official traffic control devices.

(1) When traffic—control signals are not in place or not in operation the driver of a vehicle shall yield the right of way, slowing down or stopping if need be to so yield, to a pedestrian crossing the roadway within a crosswalk when the pedestrian is upon the half of the roadway upon which the vehicle is traveling, or when the pedestrian is approaching so closely from the opposite half of the roadway as to be in danger.

(2) No pedestrian shall suddenly leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield.

(3) Subsection (1) above shall not apply under the conditions stated in RCW 46.61.240 subsection (2).

(4) Whenever any vehicle is stopped at a marked crosswalk or at any unmarked crosswalk at an intersection to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle. [1965 ex.s. c 155 § 34.]

TURNING AND STARTING AND SIGNALS ON STOPPING AND TURNING

46.61.290 Required position and method of turning at intersections. The driver of a vehicle intending to turn shall do so as follows:

(1) Right turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway.

(2) Left turns. The driver of a vehicle intending to turn left shall approach the turn in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle. Whenever practicable the left turn shall be made to the left of the center of the intersection and so as to leave the intersection or other location in the extreme left-hand lane lawfully available to traffic moving in the same direction as such vehicle on the roadway being entered.

(3) Two-way left turn lanes.

(a) The department of highways and local authorities in their respective jurisdictions may designate a two-way left turn lane on a roadway. A two-way left turn lane is near the center of the roadway set aside for use by vehicles making left turns in both directions from or into the roadway.
(b) Two-way left turn lanes shall be designated by distinctive uniform roadway markings. The department of highways shall determine and prescribe standards and specifications governing type, length, width, and positioning of the distinctive permanent markings. The standards and specifications developed shall be filed with the code reviser in accordance with the procedures set forth in the administrative procedure act, chapter 34.04 RCW. On and after July 1, 1971, permanent markings designating a two-way left turn lane shall conform to such standards and specifications.

c) Upon a roadway where a center lane has been provided by distinctive pavement markings for the use of vehicles turning left from both directions, no vehicles shall turn left from any other lane. A vehicle shall not be driven in this center lane for the purpose of overtaking or passing another vehicle proceeding in the same direction. A signal, either electric or manual, for indicating a left turn movement, shall be made at least one hundred feet before the actual left turn movement is made. Any maneuver other than a left turn from or into this center lane will be deemed a violation of this section.

(4) The state highway commission and local authorities in their respective jurisdictions may cause official traffic control devices to be placed and thereby require and direct that a different course from that specified in this section be traveled by turning vehicles, and when such devices are so placed no driver of a vehicle shall turn a vehicle other than as directed and required by such devices. [1975 c 62 § 28; 1969 ex.s. c 281 § 61; 1965 ex.s. c 155 § 40.]

(2) A signal of intention to turn or move right or left when required shall be given continuously during not less than the last one hundred feet traveled by the vehicle before turning.

(3) No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal.

(4) The signals provided for in RCW 46.61.310 subsection (2), shall not be flashed on one side only on a disabled vehicle, flashed as a courtesy or "do pass" signal to operators of other vehicles approaching from the rear, nor be flashed on one side only of a parked vehicle except as may be necessary for compliance with this section. [1975 c 62 § 30; 1965 ex.s. c 155 § 43.]

The state highway commission and local authorities within their respective jurisdictions are hereby authorized to designate particularly dangerous highway grade crossings of railroad tracks and to erect stop signs thereat. When such stop signs are erected the driver of any vehicle shall stop within fifty feet but not less than fifteen feet from the nearest rail of such railroad and shall proceed only upon exercising due care. [1965 ex.s. c 155 § 47.]

   (b) Any railroad grade crossing at which traffic is regulated by a traffic control signal;
   (c) Any railroad grade crossing protected by crossing gates or an alternately flashing light signal intended to give warning of the approach of a railroad train;
   (d) Any railroad grade crossing at which an official traffic control device gives notice that the stopping requirement imposed by this section does not apply.

After stopping as required herein and upon proceeding when it is safe to do so the driver of any said vehicle shall cross only in such gear of the vehicle that there will be no necessity for changing gears while traversing such crossing and the driver shall not shift gears while crossing the track or tracks.

(2) This section shall not apply at:

SPEED RESTRICTIONS

46.61.400 Basic rule and maximum limits. (1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering
the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) Except when a special hazard exists that requires lower speed for compliance with subsection (1) of this section, the limits specified in this section or established as hereinafter authorized shall be maximum lawful speeds, and no person shall drive a vehicle on a highway at a speed in excess of such maximum limits.

(a) Twenty-five miles per hour on city and town streets;
(b) Fifty miles per hour on county roads;
(c) Sixty miles per hour on state highways.

The maximum speed limits set forth in this section may be altered as authorized in RCW 46.61.405, 46.61.410, and 46.61.415.

(3) The driver of every vehicle shall, consistent with the requirements of subsection (1) of this section, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions. [1965 ex.s. c 155 § 54; 1963 c 16 § 1. Formerly RCW 46.48.011.]

Saving of existing orders, etc., establishing speed limits—1963 c 16. "This act shall not repeal or invalidate existing orders and resolutions of the state highway commission or existing resolutions and ordinances of local authorities establishing speed limits within their respective jurisdictions." [1963 c 16 § 7. Formerly RCW 46.48.016.]

"This act" [1963 c 16], as amended, is codified as RCW 46.61.400 through 46.61.415, 46.61.425 and 46.61.440.

46.61.405 Decreases by state highway commission. Whenever the state highway commission shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed hereinbefore set forth would aid in the conservation of energy resources, said commission may determine and declare a lower maximum limit for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The commission may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective (a) when posted upon appropriate fixed or variable signs or (b) if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of RCW 46.61.410.

46.61.410 Increases by state highway commission—Maximum speed limit for trucks—Auto stages—Signs and notices. (1) Subject to subsection (2) below the state highway commission may increase the maximum speed limit on any highway or portion thereof to not more than seventy miles per hour in accordance with the design speed thereof (taking into account all safety elements included therein), or whenever said commission determines upon the basis of an engineering and traffic investigation that such greater speed is reasonable and safe under the circumstances existing on such part of the highway. The greater maximum limit so determined shall be effective, when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the state highway commission as provided in RCW 46.61.405.

(3) The word "trucks" used by the state highway commission on signs giving notice of maximum speed limits shall mean vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the state highway commission shall establish maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary of the state highway commission shall mail notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington of each auto transportation company or if none then its chief place of business without the state of Washington. 46.61.415 When local authorities may alter maximum limits. (1) Whenever local authorities in their respective jurisdictions determine on the basis of an
engineering and traffic investigation that the maximum speed permitted under *this act* is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe maximum limit thereon which

(a) Decreases the limit at intersections; or

(b) Increases the limit but not to more than sixty miles per hour; or

(c) Decreases the limit but not to less than twenty miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3) The state highway commission is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(4) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(5) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the state highway commission. [1974 ex.s. c 103 § 3; 1963 c 16 § 4. Formerly RCW 46.48.014.]

*Reviser's note: "this act" [1963 c 16], as amended, is codified as RCW 46.61.400–46.61.415, 46.61.425 and 46.61.440.

46.61.425 Minimum speed regulation. (1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: Provided, That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Whenever the state highway commission or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the commission or such local authority may determine and declare a minimum speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected.

No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law. [1969 c 135 § 1; 1967 c 25 § 2; 1963 c 16 § 6. Formerly RCW 46.48.015.]

46.61.427 Slow moving vehicle to pull off roadway. On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow moving vehicle, behind which five or more vehicles are formed in a line, shall turn off the roadway wherever sufficient area for a safe turn-out exists, in order to permit the vehicles following to proceed. As used in this section a slow moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. [1973 c 88 § 1.]

46.61.430 Authority of state highway commission to fix speed limits on limited access facilities exclusive—Local regulations. Notwithstanding any law to the contrary or inconsistent herewith, the Washington state highway commission shall have the power and the duty to fix and regulate the speed of vehicles within the maximum speed limit allowed by law for state highways, designated as limited access facilities, regardless of whether a portion of said highway is within the corporate limits of a city or town. No governing body or authority of such city or town or other political subdivision may have the power to pass or enforce any ordinance, rule or regulation requiring a different rate of speed and all such ordinances, rules and regulations contrary to or inconsistent therewith now in force are void and of no effect. [1974 ex.s. c 103 § 4; 1961 c 12 § 46.48.041. Prior: 1955 c 177 § 5. Formerly RCW 46.48.041.]

46.61.435 Local authorities to provide "stop" or "yield" signs at intersections with increased speed highways—Designated as arterials. The governing body or authority of any such city or town or political subdivision shall place and maintain upon each and every highway intersecting a highway where an increased speed is permitted, as provided in this chapter, appropriate stop or yield signs, sufficient to be read at any time by any person upon approaching and entering the highway upon which such increased speed is permitted and such city street or such portion thereof as is subject to the increased speed shall be an arterial highway. The speed zone at the crosswalk shall extend three hundred feet in either direction from the marked crosswalk. [1975 c 62 § 34; 1963 c 16 § 5; 1961 c 12 § 46.48.023. 46.61.445 Due care required. Duty to use due care: RCW 46.61.400(1).

46.61.450 Maximum speed, weight or size in traversing bridges, elevated structures, tunnels, underpasses—Posting limits. It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum weight or size which can be maintained or carried with safety over such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel or underpass is sign posted as hereinafter provided. The state highway commission, if it be a bridge, structure, tunnel or underpass upon a state highway, or the governing body or authorities of any county, city or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The state highway commission or the governing body or authorities of any county, city or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel or underpass and on the approach thereto: Provided, That in the event that any such bridge, elevated structure, tunnel or underpass is upon a city street designated by the state highway commission as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel or underpass can withstand or accommodate shall not be enforceable at any speed, weight or size less than the maximum allowed by law, unless with the approval in writing of the state highway commission. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass. It shall be unlawful to operate any vehicle equipped or partly equipped with solid rubber tires or hollow center cushion tires, or to operate any combination of vehicles any part of which is equipped or partly equipped with solid rubber tires or hollow center cushion tires, so long as solid rubber tires or hollow center cushion tires may be used under the provisions of this title, upon any public highway of this state at a greater rate of speed than ten miles per hour. [1961 c 12 § 46.48.110. Prior: 1947 c 200 § 11; 1937 c 189 § 73; Rem. Supp. 1947 § 6360–73. Formerly RCW 46.48.110.]

46.61.460 Special speed limitation on motor-driven cycle. No person shall operate any motor-driven cycle at any time mentioned in RCW 46.37.020 at a speed greater than thirty-five miles per hour unless such motor-driven cycle is equipped with a head lamp or lamps which are adequate to reveal a person or vehicle at a distance of three hundred feet ahead. [1965 exs. c 155 § 57.]

46.61.465 Exceeding speed limit evidence of reckless driving. The unlawful operation of a vehicle in excess of the maximum lawful speeds provided in this chapter at the point of operation and under the circumstances described shall be prima facie evidence of the operation of a motor vehicle in a reckless manner by the operator thereof. Speed traps outlawed—Measured courses. No evidence as to the speed of any vehicle operated upon a public highway by any person arrested for violation of any of the laws of this state regarding speed or of any orders, rules or regulations of any city or town or other political subdivision relating thereto shall be admitted in evidence in any court at a subsequent trial of such person in case such evidence relates to or is based upon the maintenance or use of a speed trap. A "speed trap," within the meaning of this section, is a particular section of or distance on any public highway, the length of which has been or is measured off or otherwise designated or determined, and the limits of which are within the vision of any officer or officers who calculate the speed of a vehicle passing through such speed trap by using the lapsed time during which such vehicle travels between the entrance and exit of such speed trap: Provided, That evidence shall be admissible against any person arrested for violation of any of the laws of this state or of any orders, rules or regulations of any city or town or other political subdivision regarding speed if the same is determined by a particular section of or distance on a public highway, the length of which has been accurately measured off or otherwise designated or determined and the limits of which are controlled by a mechanical, electrical or other device capable of measuring or recording the speed of a vehicle passing within such limits within an error of not to exceed five percent using the lapsed time during which such vehicle travels between such limits: Provided further, That such limits shall not be closer than one-fourth mile. [1961 c 12 § 46.48.120. Prior: 1937 c 189 § 74; RRS § 6360-74; 1927 c 309 § 7; RRS § 6362-7. Formerly RCW 46.48.120.]

(1) Every person who is convicted of a violation of (a) driving a motor vehicle while under the influence of intoxicating liquor or (b) driving a motor vehicle while under the influence of a drug to a degree which renders the driver incapable of safely driving a motor vehicle shall be punished by imprisonment for not less than five days nor more than one year, and by a fine of not less than fifty dollars nor more than five hundred dollars.

On a second or subsequent conviction of either offense within a five year period he shall be punished by imprisonment for not less than thirty days nor more than one year and by a fine not less than one hundred dollars nor more than one thousand dollars, and neither the jail sentence nor the fine shall be suspended: Provided, That the court may, for a defendant who has not previously had a jail sentence suspended on such second or subsequent conviction, suspend such sentence and/or fine only on the condition that the defendant participate in and successfully complete a court approved alcohol treatment program: Provided, further, That the suspension shall be set aside upon the failure of the defendant to provide proof of successful completion of said treatment program within a time certain to be established by the court. If such person at the time of a second or subsequent conviction is without a license or permit because of a previous suspension or revocation, the minimum mandatory sentence shall be ninety days in jail and a two hundred dollar fine. The penalty so imposed shall not be suspended.

(2) There shall be levied and paid into the highway safety fund of the state treasury a penalty assessment in the minimum amount of twenty-five percent of, and which shall be in addition to, any fine, bail forfeiture, or costs on all offenses involving a violation of any state statute or city or county ordinance relating to driving a motor vehicle while under the influence of intoxicating liquor or being in actual physical control of a motor vehicle while under the influence of intoxicating liquor: Provided, That all funds derived from such penalty assessment shall be in addition to and exclusive of assessments made under RCW 46.81.030 and shall be for the exclusive use of the department for driver services programs and for a state-wide alcohol safety action program, or other similar programs designed primarily for the rehabilitation or control of traffic offenders. Such penalty assessment shall be included in any bail schedule and shall be included by the court in any pronouncement of sentence.

(a) Be suspended by the department for not less than thirty days;

(b) On a second conviction under either such offense within a five year period, be suspended by the department for not less than sixty days after the termination of such person’s jail sentence;

(c) On a third or subsequent conviction under either such offense within a five year period, be revoked by the department.

(5) In any case provided for in this section, where a driver’s license is to be revoked or suspended, such revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case such conviction is sustained on appeal such revocation or suspension shall take effect as of the date that the conviction becomes effective for other purposes. (vii) Upon any bridge or other elevated structure upon a highway or within a highway tunnel;
(viii) On any railroad tracks;

The acceptance by a nonresident of the rights and privileges conferred by law in the use of the public highways of this state, as evidenced by his operation of a vehicle thereon, or the operation thereon of his vehicle with his consent, express or implied, shall be deemed equivalent to and construed to be an appointment by such nonresident of the secretary of state of the state of Washington to be his true and lawful attorney upon whom may be served all lawful summons and processes against him growing out of any accident, collision, or liability in which such nonresident may be involved while operating a vehicle upon the public highways, or while his vehicle is being operated thereon with his consent, express or implied, and such operation and acceptance shall be a signification of his agreement that any summons or process against him which is so served shall be of the same legal force and validity as if served on him personally within the state of Washington. However, if process is forwarded by registered mail and defendant's endorsed receipt is received and entered as a part of the return of process then the foregoing affidavit of plaintiff's attorney need only show that the defendant received personal delivery by mail: Provided further, That personal service outside of this state in accordance with the provisions of law relating to personal service of summons outside of this state shall relieve the plaintiff from mailing a copy of the summons or process by registered mail as hereinbefore provided. The secretary of state shall forthwith send one of such copies by mail, postage prepaid, addressed to the defendant at his address, if known to the secretary of state. The court in which the action is brought may order such continuances as may be necessary to afford the defendant reasonable opportunity to defend the action. The fee of five dollars paid by the plaintiff to the secretary of state shall be taxed as part of his costs if he prevails in the action. The secretary of state shall keep a record of all such summons and processes, which shall show the day of service. [1973 c 91 § 1; 1971 exs. c 69 § 1; 1961 c 12 § 46.64.040. (1) To provide maximum safety for all persons who travel or otherwise use the public highways of this state; and

[1971 ex.s. c 284 § 3.]

Severability—1971 ex.s. c 284: "If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1971 ex.s. c 284 § 17.] This applies to RCW 46.65.515 and chapter 46.65 RCW.

46.65.020 Habitual offender defined. As used in this chapter, unless a different meaning is plainly required by the context, an habitual offender shall mean any person, resident or nonresident, who has accumulated convictions or, if a minor, shall have violations recorded with the department of motor vehicles, or forfeited bail for separate and distinct offenses as described in either subsection (1) or (2) below committed within a five year period, as evidenced by the records maintained in the department of motor vehicles: Provided, That where more than one described offense shall be committed within a six-hour period such multiple offenses shall, on the first such occasion, be treated as one offense for the purposes of this chapter:

(d) Failure of the driver of any vehicle involved in an accident resulting in the injury or death of any person to immediately stop such vehicle at the scene of such accident or as close thereto as possible and to forthwith return to and in every event remain at, the scene of such accident until he has fulfilled the requirements of RCW 46.52.020.

(2) Twenty or more convictions or bail forfeitures for separate and distinct offenses, singularly or in combination, in the operation of a motor vehicle which are required to be reported to the department of motor vehicles. Such convictions or bail forfeitures shall include those for offenses enumerated in subsection (1) above when taken with and added to those offenses described herein but shall not include convictions or forfeitures for any nonmoving violation.

The offenses included in subsections (1) and (2) hereof shall be deemed to include offenses under any valid town, city, or county ordinance substantially conforming to the provisions cited in said subsections (1) and (2) or amendments thereto, and any federal law, or any law of another state, including subdivisions thereof, substantially conforming to the aforesaid state statutory provisions. [1971 ex.s. c 284 § 4.]

46.65.030 Transcripts or abstracts of conviction record certified—As prima facie evidence. The director of the department of motor vehicles shall certify three transcripts or abstracts of the conviction record as maintained by the department of motor vehicles of any person whose record brings him within the definition of an habitual offender, as defined in RCW 46.65.020, to the prosecuting attorney of the county in which such person resides according to the records of the department or to the attorney general of the state of Washington if such person is not a resident of this state. Such transcript or abstract may be admitted as evidence and shall be prima facie evidence that the person named therein was duly convicted by the court wherein such conviction or holding was made of each offense shown by such transcript or abstract; and if such person shall deny any of the facts as stated therein, he shall have the burden of proving that such fact is untrue. [1971 ex.s. c 284 § 5.]

46.65.040 Complaint filed. The prosecuting attorney upon receiving the aforesaid transcripts or abstracts from the director shall forthwith file a complaint against the person named therein as being an habitual offender in the superior court in the political subdivision in which such person resides. In the event such person is a nonresident of this state, the attorney general of the state of Washington shall file such complaint against the accused person in Thurston county superior court. [1971 ex.s. c 284 § 6.]

46.65.050 Show cause order issued—Service of order with transcript or abstract. The court in which such complaint is filed shall enter an order, which incorporates the aforesaid transcript or abstract and is directed to the person named therein, to show cause why he should not be barred as an habitual offender from operating a motor vehicle on the highways of this state. A copy of the show cause order and such transcript or abstract shall be served on the person named therein in the manner prescribed by law for the service of process under chapter 4.28 RCW. Service thereof on any nonresident of the state may be made by the director of the department of motor vehicles in the same manner as service of process on a nonresident motor vehicle operator under the provisions of RCW 46.64.040. [1971 ex.s. c 284 § 7.]
46.65.060 Court order——Filing with department——Revocation of operator's license——Stay by court order. If the court finds that such person is not the same person named in the aforesaid transcript or abstract or that he is not an habitual offender under this chapter, the proceeding shall be dismissed but if the court finds that such person is the same person named in the aforesaid transcript or abstract and that such person is an habitual offender, the court shall so find and by appropriate order direct such person not to operate a motor vehicle on the highways of the state of Washington and to surrender to the court all licenses or permits to operate a motor vehicle on the highways of this state for disposal. The clerk of the court shall file with the department of motor vehicles a copy of such order which shall become a part of the permanent records of the department. Upon receipt of the court order finding such person to be an habitual offender the department of motor vehicles shall revoke the operator's license for a period of five years: Provided, That a judge may stay the effective date of the order declaring the person to be a habitual traffic offender if he finds that the traffic offenses upon which it is based were caused by or are the result of the alcoholism of the person, as defined in RCW 70.96A.020, as now or hereafter amended and that since his last offense he has undertaken and followed a course of treatment for alcoholism on a program approved by the department of social and health services; notice of such stay shall be entered on the copy of the order filed with the department of motor vehicles. Said stay shall continue as long as there is no further conviction for any of the offenses listed in RCW 46.65.020(1). Upon a subsequent conviction for any offense listed in RCW 46.65.020(1), the stay shall be removed and the department of motor vehicles shall revoke the operator's license for a period of five years. No license to operate motor vehicles in Washington shall be issued to an habitual offender (1) for a period of five years from the date of the order of the court finding such person to be an habitual offender, and (2) until the privilege of such person to operate a motor vehicle in this state has been restored by the department of motor vehicles as hereinafter in this chapter provided. It shall be unlawful for any person to operate a motor vehicle in this state while the order of revocation remains in effect. Any person found to be an habitual offender under the provisions of this chapter who is thereafter convicted of operating a motor vehicle in this state while the order of the court prohibiting such operation is in effect shall be guilty of a gross misdemeanor, the punishment for which shall be confinement in the county jail for not more than one year.

For the purpose of enforcing this section, in any case in which the accused is charged with driving a motor vehicle while his license, permit, or privilege to drive is suspended or revoked or is charged with driving without a license, the court before hearing such charge shall determine whether such person has been adjudged an habitual offender and by reason of such judgment is barred from operating a motor vehicle on the highways of this state. If the court determines the accused has been so adjudged it shall transfer the case to the court of record making such determination for trial. [1971 ex.s. c 284 § 11.]

46.65.100 Petition for restoration of operator's license after five years——Reinstatement of driving privilege. At the expiration of five years from the date of any final order finding a person to be an habitual offender and directing him not to operate a motor vehicle in this state, such person may petition the department of motor vehicles for restoration of his privilege to operate a motor vehicle in this state. Upon receipt of such petition, and for good cause shown, the department of motor vehicles shall restore to such person the privilege to operate a motor vehicle in this state upon such terms and conditions as the department of motor vehicles may prescribe, subject to the provisions of chapter 46.29 RCW and such other provisions of law relating to the issuance or revocation of operators' licenses. [1971 ex.s. c 284 § 12.]

46.65.110 Appeals from final court action or order. An appeal may be had from any final action or order of a court of record entered under the provisions of this chapter in the same manner and form as such an appeal would be noted, perfected, and tried in any criminal case. [1971 ex.s. c 284 § 13.]

46.65.900 Construction——Chapter supplemental. Nothing in this chapter shall be construed as amending, modifying, or repealing any existing law of Washington or any existing ordinance of any political subdivision relating to the operation or licensing of motor vehicles, the licensing of persons to operate motor vehicles or providing penalties for the violation thereof or shall be construed so as to preclude the exercise of regulatory powers of any division, agency, department, or political subdivision of the state having the statutory power to regulate such operation and licensing. [1971 ex.s. c 284 § 14.]

46.68.120 Distribution of amount allocated to counties. Funds to be paid to the counties of the state shall be subject to deduction and distribution as follows:

(1) One and one-half percent of such sums shall be deducted monthly as such sums accrue and set aside for the use of the state highway commission and the county road administration board for the supervision of work and expenditures of such counties on the county roads thereof including the supervision and administration of federal-aid programs for which the highway commission has responsibility: Provided, That any moneys so retained and not expended shall be credited in the succeeding biennium to the counties in proportion to deductions herein made;

(2) All sums required to be repaid to counties composed entirely of islands shall be deducted;

(3) The balance remaining to the credit of counties after such deductions shall be paid to the several counties monthly, as such funds accrue, upon the basis of the following formula:

(a) Ten percent of such sum shall be divided equally among the several counties.

(b) Thirty percent shall be paid to each county in direct proportion that the sum of the total number of private automobiles and trucks licensed by registered owners residing in unincorporated areas and seven percent of the number of private automobiles and trucks licensed by registered owners residing in incorporated areas within each county bears to the total of such sums for all counties. The number of registered vehicles so used shall be ascertained by the director of the department of motor vehicles for the year next preceding the date of calculation of the allocation amounts. The director of the department shall first supply such information not later than the fifteenth day of February, 1956, and on the fifteenth of February each two years thereafter.

(c) Thirty percent shall be paid to each county in direct proportion that the product of the county's trunk highway mileage and its prorated estimated annual cost per trunk mile as provided in subsection (e) is to the sum of such products for all counties. County trunk highways are defined as county roads regularly used by school buses and/or rural free delivery mail carriers of the United States post office department, but not foot carriers. Determination of the number of miles of county roads used in each county by school buses shall be based solely upon information supplied by the superintendent of public instruction who shall on October 1, 1955 and on October 1st of each odd-numbered year thereafter furnish the state highway commission with a map of each county upon which is indicated the county roads used by school buses at the close of the preceding school year, together with a detailed statement showing the total number of miles of county highway over which school buses operated in each county during such year. Determination of the number of miles of county roads
used in each county by rural mail carriers on routes serviced by vehicles during the year shall be based solely upon information supplied by the United States postal department as of January 1st of the even-numbered years.

(d) Thirty percent of such sum shall be paid to each of the several counties in the direct proportion that the product of the trunk highway mileage of the county and its "money need factor" as defined in subsection (f) is to the total of such products for all counties.

(e) Every four years, beginning with the 1958 allocation, the highway commission and the legislative transportation committee shall reexamine or cause to be reexamined all the factors on which the estimated annual costs per trunk mile for the several counties have been based and shall make such adjustments as may be necessary. The following formula shall be used: One twenty-fifth of the estimated total county road replacement cost, plus the total annual maintenance cost, divided by the total miles of county road in such county, and multiplied by the result obtained from dividing the total miles of county road in said county by the total trunk road mileage in said county. For the purpose of obtaining the "money need factor" for that county. The first allocation of funds shall be based on the following prorated estimated annual costs per trunk mile for the several counties as follows:

Provided, however, That the prorated estimated annual costs per trunk mile in this subsection shall be adjusted every four years, beginning with the 1958 allocation by the highway commission on the basis of changes in the trunk and total county road mileage based on information supplied by the superintendent of public instruction, the United States postal department and the annual reports of the county road departments.

(f) The "money need factor" for each of the several counties shall be the difference between the prorated estimated annual costs as listed above and the sum of the following three amounts divided by the county trunk highway mileage:

(1) The equivalent of a two dollar and twenty-five cents per thousand dollars of assessed value tax levy on the valuation, as equalized by the state department of revenue for state purposes, of all taxable property in the county road districts;

(2) One-fourth the sum of all funds received by the county from the federal forest reserve fund during the two calendar years next preceding the date of the adjustment of the allocation amounts as certified by the state treasurer; and

(3) One-half the sum of motor vehicle license fees and motor vehicle fuel tax refunded to the county during the two calendar years next preceding the date of the adjustment of the allocation amounts as provided in RCW 46.68.080. These shall be as supplied to the highway commission by the state treasurer for that purpose. The department of revenue and the state treasurer shall supply the information herein requested on or before January 1, 1956 and on said date each two years thereafter.

The following formula shall be used for the purpose of obtaining the "money need factor" of the several counties: The prorated estimated annual cost per trunk mile multiplied by the trunk miles will equal the total need of the individual county. The total need minus the sum of the three resources set forth in subsection (f) shall equal the net need. The net need of the individual county divided by the total net needs for all counties shall equal the "money need factor" for that county.

(g) The state highway commission shall adjust the allocations of the several counties on March 1st of every even-numbered year based solely upon the sources of information hereinbefore required: Provided, That the total allocation factor composed of the sum of the four factors defined in subsections (a), (b), (c) and (d) shall be held to a level not more than five percent above or five percent below the total allocation factor in use during the previous two year period.

(h) The highway commission and the legislative transportation committee shall reexamine or cause to be

[Title 46—p 155]
relogged the total road mileages upon which the pro-rated estimated annual costs per trunk mile are based and shall recalculate such costs on the basis of such relogging and shall report their findings and recommendations to the legislature at its next regular session.

(i) The highway commission and the legislative transportation committee shall study and report their findings and recommendations to the legislature concerning the following problems as they affect the allocation of "motor vehicle fund" funds to counties:

1. Comparative costs per trunk mile based on federal aid contracts versus those herein advocated.

2. Average costs per trunk mile.

3. The advisability of using either "trunk mileage" or "county road" mileage exclusively as the criterion instead of both as in this plan adopted.

4. Reassessment of bridge costs based on current information and relogging of bridges.

5. The items in the list of resources used in determining the "need factor".

6. The development of a uniform accounting system for counties with regard to road and bridge construction and maintenance costs.

7. A redefinition of rural and urban vehicles which better reflects the use of said vehicles on county roads.

8. [Recalculating costs of collection as provided in RCW 46.68.120, the total road mileages upon which the proceeds of five-eighths of one cent of motor vehicle fuel tax and use fuel distributed to the state pursuant to RCW 47.26.040 through 47.26.407 shall be expended by the state highway commission for construction and improvement of state highways in urban areas as provided for in RCW 47.26.040 through 47.26.070 or for payment of principal and interest on bonds issued pursuant to RCW 47.26.400 through 47.26.407. [1967 ex.s. c 83 § 9.]

Reviser's note: The reference to "sections 37 through 44 of this 1967 amendatory act" has been translated to "RCW 47.26.400 through 47.26.407". A literal translation of said phrase would have been "RCW 47.26.401 through 47.26.410" which appears to be erroneous. The error appears to have occurred in failure to change this internal reference in accordance with the renumbering of sections brought about by removal of section 34 from Engrossed House Bill No. 595 by floor amendment.
