Such bond shall be in the sum of one hundred thousand dollars for any recovery for death or personal injury by one person, and three hundred thousand dollars for all persons killed or receiving personal injury by reason of one act of negligence, and twenty-five thousand dollars for damage to property of any person other than the assured, with a good and sufficient surety company licensed to do business in this state as surety and to be approved by the director, conditioned for the faithful compliance by the principal of said bond with the provisions of this chapter, and to pay all damages which may be sustained by any person injured by reason of any careless negligence or unlawful act on the part of said principal, his agents or employees in the conduct of said business or in the operation of any motor propelled vehicle used in transporting passengers for compensation on any public highway of this state. Said policy of insurance shall provide a minimum coverage equal and identical to the coverage required by the aforesaid surety bond, specified under the provisions of RCW 46.72.040. (1) "Abandoned vehicle" means any vehicle left within the limits of any highway or upon the property of

(2) "Abandoned automobile hulk" means the abandoned remnant or remains of a motor vehicle which is inoperative and cannot be made mechanically operative without the addition of parts of mechanisms and the application of a substantial amount of labor to effect repairs.

(3) "Scrap processor" means a licensed establishment that maintains a hydraulic baler and shears, or a shredder for recycling salvage.

(4) "Demolish" means to destroy completely by use of a hydraulic baler and shears, or a shredder.

(5) "Hulk hauler" means any person who deals in vehicles for the sole purpose of transporting and/or selling them to a licensed motor vehicle wrecker or scrap processor in substantially the same form in which they are obtained and who may not sell second-hand motor vehicle parts to anyone other than a scrap processor.

(6) "Director" means the director of the department of motor vehicles. [1971 ex.s. c 110 § 1.]

46.79.020 Transporting bulks to scrap processor—Authorized—Procedure. Any hulk hauler or scrap processor licensed under the provisions of this chapter may:

(1) Notwithstanding any other provision of law, transport any flattened or junk abandoned automobile hulk whether such hulk is from in state or out of state, to a scrap processor upon obtaining the certificate of title and/or registration and/or any release of interest from the owner or custodian of such hulk. The scrap processor shall forward such documentation to the department of motor vehicles, together with a monthly report of all vehicles acquired from other than a licensed automobile wrecker, and no further identification shall be necessary.

The committee shall compile and furnish to each qualifying applicant for an instructor's license, a curriculum consisting of a list of items of knowledge and processes of manual handling of a motor vehicle in such sufficient detail as to leave no doubt as to the minimum requirements adjudged necessary in teaching a proper and adequate course of driver education. Should the director be presented with acceptable proofs that any licensed instructor or school is not showing proper diligence in teaching such basic minimum curricula, he shall require the instructor or school to appear before the examining committee and show cause for such negligence. If the committee does not accept such reasons as may be offered, the director shall revoke the license of the instructor or school. [1961 c 12 § 46.82.270. Prior: 1957 c 87 § 27.]

Single cab cards for interstate commercial vehicles, evidence of compliance with proportional registration: RCW 46.86.040.

46.85.010 Declaration of policy. It is the policy of this state to promote and encourage the fullest possible use of its highway system by authorizing the making and execution of motor vehicle reciprocal or proportional registration agreements, arrangements and declarations with other states, provinces, territories and countries with respect to vehicles registered in this and such other states, provinces, territories and countries thus contributing to the economic and social development and growth of this state. [1963 c 106 § 1.]

46.85.020 Definitions. As used in this chapter: (1) "Commercial vehicle" means any vehicle which is operated in more than one state and used for the transportation of persons for hire, compensation or profit, or designed or used primarily for the transportation of property.

(2) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country and a state or province of a foreign country.

(3) "Owner" means a person who holds the legal title to a vehicle, or in the event a vehicle is the subject of an agreement for the conditional sale thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or in the event a vehicle is subject to a lease, contract or other legal arrangement vesting right of possession or control, for security or otherwise, or in the event a mortgagor of a vehicle is entitled to possession, then the owner shall be deemed to be such person in whom is vested right of possession or control.

(4) "Properly registered", as applied to place of registration, means:

(a) The jurisdiction where the person registering the vehicle has his legal residence, or

(b) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which such vehicle is used has a place of business therein, and, if the vehicle is most frequently dispatched,
garaged, serviced, maintained, operated or otherwise controlled in or from such place of business, and, the vehicle has been assigned to such place of business, or

(c) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between two or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by said jurisdiction.

In case of doubt or dispute as to the proper place of registration of a vehicle, the department shall make the final determination, but in making such determination, may confer with departments of the other jurisdictions affected.

(5) "Fleet" means three or more commercial vehicles: Provided, That the reciprocity commission may require proportional registration and licensing of a fleet of less than three vehicles whenever in its judgment the interests of this state will be best served and protected thereby.

(6) The words "department," "motor vehicle," "person" and "vehicle" shall each have the meanings ascribed to them, respectively, by RCW 46.04.680, 46.04.320, 46.04.405 and 46.04.670.

(7) "Preceding year" means a period of twelve consecutive months fixed by the department which period shall be within the sixteen months immediately preceding the commencement of the registration or license year for which proportional registration is sought; and the department in fixing such period shall make it conform to the terms, conditions and requirements of any applicable agreement or arrangement for the proportional registration of vehicles. [1963 c 106 § 2.]

46.85.030 Reciprocity commission created. The reciprocity commission, hereby created, shall consist of the director of motor vehicles, the chief of the Washington state patrol, a designee of the state highway commission and, ex officio, the chairman and vice chairman of the legislative transportation committee, or their duly designated representatives. Members of the western interstate highway policy committee from the state of Washington shall be advisory members of the reciprocity commission, and may attend meetings and conferences of the commission in such capacity, but shall not vote as members thereof. The department shall provide such assistance and facilities to the commission as it may require. The members of the commission shall receive no additional compensation for their services except that they shall be allowed reimbursement for travel expenses incurred in the performance of their official duties in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended to be paid from funds made available for the use of the commission. The commission shall have the authority to execute agreements, arrangements or declarations to carry out the provisions of this chapter. [1975-76 2nd ex.s. c 34 § 137; 1967 c 32 § 113; 1963 c 106 § 3.]

Effective date—Severability—1975-76 2nd ex.s. c 34: See notes following RCW 2.08.115.

46.85.040 Authority for reciprocity agreements; provisions; reciprocity standards. The reciprocity commission may enter into an agreement or arrangement with the duly authorized representatives of another jurisdiction, granting to vehicles or to owners of vehicles which are properly registered or licensed in such jurisdiction and for which evidence of compliance is supplied, benefits, privileges and exemptions from the payment, wholly or partially, of any taxes, fees, or other charges imposed upon such vehicles or owners with respect to the operation or ownership of such vehicles under the laws of this state, except gallonage taxes on motor fuels. Such an agreement or arrangement shall provide that vehicles properly registered or licensed in this state when operated upon highways of such other jurisdiction shall receive exemptions, benefits and privileges of a similar kind or to a similar degree as are extended to vehicles properly registered or licensed in such jurisdiction when operated in this state. Each such agreement or arrangement shall, in the judgment of the reciprocity commission, be in the best interest of this state and the citizens thereof and shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce. [1963 c 106 § 4.]

46.85.050 Base state registration reciprocity. An agreement or arrangement entered into, or a declaration issued under the authority of this chapter may contain provisions authorizing the registration or licensing in another jurisdiction of vehicles located in or operated from a base in such other jurisdiction which vehicles otherwise would be required to be registered or licensed in this state; and in such event the exemptions, benefits and privileges extended by such agreement, arrangement or declaration shall apply to such vehicles, when properly licensed or registered in such base jurisdiction. [1963 c 106 § 5.]

46.85.060 Declarations of extent of reciprocity, when. In the absence of an agreement or arrangement with another jurisdiction, the reciprocity commission may examine the laws and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits and privileges to be extended to vehicles properly registered or licensed in such other jurisdiction, or to the owners of such vehicles, which shall, in the judgment of the reciprocity commission, be in the best interest of this state and the citizens thereof and which shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce. [1963 c 106 § 6.]

46.85.070 Extension of reciprocal privileges to lessees authorized. An agreement, or arrangement entered into, or a declaration issued under the authority of this chapter, may contain provisions under which a leased vehicle properly registered by the lessor thereof may be entitled, subject to terms and conditions stated therein,
to the exemptions, benefits and privileges extended by such agreement, arrangement or declaration. [1963 c 106 § 7.]

46.85.080 Automatic reciprocity, when. On and after July 1, 1963, if no agreement, arrangement or declaration is in effect with respect to another jurisdiction as authorized by this chapter, any vehicle properly registered or licensed in such other jurisdiction and for which evidence of compliance is supplied shall receive, when operated in this state, the same exemptions, benefits and privileges granted by such other jurisdiction to vehicles properly registered in this state. Reciprocity extended under this section shall apply to commercial vehicles only when engaged exclusively in interstate commerce. [1963 c 106 § 8.]

46.85.090 Suspension of reciprocity benefits. Agreements, arrangements or declarations made under the authority of this chapter may include provisions authorizing the department to suspend or cancel the exemptions, benefits or privileges granted thereunder to a person who violates any of the conditions or terms of such agreements, arrangements or declarations or who violates the laws of this state relating to motor vehicles or rules and regulations lawfully promulgated thereunder. [1963 c 106 § 9.]

46.85.100 Agreements to be written, filed and available for distribution. All agreements, arrangements or declarations or amendments thereto shall be in writing and shall be filed in the office of the reciprocity commission. A copy of each agreement, arrangement or declaration, or amendment thereto, shall be filed by the reciprocity commission in the office of the director within ten days after execution or the effective date of the instrument whichever is later. Upon becoming effective, they shall supersede the provisions of RCW 46.16-.030 to the extent that they are inconsistent therewith. The department shall provide copies for public distribution upon request. [1967 c 32 § 114; 1963 c 106 § 10.]

46.85.110 Reciprocity agreements in effect at time of act. All reciprocity and proportional registration agreements, arrangements and declarations relating to vehicles in force and effect at the time this chapter becomes effective shall continue in force and effect at the time this chapter becomes effective and until specifically amended or revoked as provided by law or by such agreements or arrangements. [1963 c 106 § 11.]

Effective date of chapter: RCW 46.85.930.

46.85.120 Proportional registration of fleet vehicles, application, fee—Formula and payment. (1) Any owner engaged in operating one or more fleets may, in lieu of registration of vehicles under the provisions of chapter 46.16 RCW and payment of excise taxes and fees imposed by chapter 82.44 RCW, register and license each fleet for operation in this state by filing an application with the department which shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) Total fleet miles. This shall be the total number of miles operated in all jurisdictions during the preceding year by the motor vehicles in such fleet during said year.

(b) In-state miles. This shall be the total number of miles operated in this state during the preceding year by the motor vehicles in such fleet during said year.

(c) A description and identification of each vehicle of such fleet which is to be operated in this state during the registration year for which proportional fleet registration is requested.

(2) The application for each fleet shall, at the time and in the manner required by the department, be supported by fee payment computed as follows:

(a) Divide the sum of the in-state miles by total fleet miles.

(b) Determine the total amount necessary under the provisions referred to in subsection (1) of this section to register each and every vehicle in the fleet for which registration is requested, based on the regular annual fees or applicable fees for the unexpired portion of the registration year.

(c) Multiply the sum obtained under subsection (2)(b) hereof by the fraction obtained under subsection (2)(a) hereof.

(3) The applicant for proportional registration of any fleet, the nonmotor vehicles of which are operated in jurisdictions in addition to those in which the applicant's fleet motor vehicles are operated, may state such nonmotor vehicles separately in his application and compute and pay the fees therefor in accordance with such separate statement, as to which "total miles" shall be the total miles operated in all jurisdictions during the preceding year.

(4) In no event shall the total fee payment be less than a minimum of five dollars per motor truck, truck tractor or auto stage, and three dollars per vehicle of any other type. [1973 c 115 § 1; 1971 c 51 § 1; 1963 c 106 § 12.]

46.85.130 Registration and identification of proportionally registered vehicles, effect of such registration. (1) The department shall register the vehicles so described and identified and may issue a license plate or plates, or a distinctive sticker, or other suitable identification device, for each vehicle described in the application upon payment of the appropriate fees for such application and for the stickers or devices issued. A fee of two dollars shall be paid for each license plate, sticker or device issued for each proportionally registered vehicle. A registration card shall be issued for each proportionally registered vehicle. Such registration card shall, in addition to the information required by RCW 46.12.050, bear upon its face the number of the license, sticker or other device issued for such proportionally registered vehicle and shall be carried in such vehicles at all times or, in the case of a combination, in the vehicle supplying the motive power.

(2) Fleet vehicles so registered and identified shall be deemed to be fully licensed and registered in this state.
for any type of movement or operation, except that, in those instances in which a grant of authority is required for interstate or intrastate movement or operation, no such vehicle shall be operated in interstate or intrastate commerce in this state unless the owner thereof has been granted interstate operating authority by the interstate commerce commission in the case of interstate operations or intrastate operating authority by the Washington utility and transportation commission in the case of intrastate operations and unless said vehicle is being operated in conformity with such authority.

(3) The department may issue temporary proration authorization permits to qualifying operators for the operation of vehicles pending issuance of license identification. A fee of one dollar shall be collected for each permit issued. The department shall have the authority to adopt rules and regulations for issuance of the permits. [1963 c 106 § 13.]

46.85.135 Application fee—Additional. Each application or supplemental application for reciprocal or proportional registration of vehicles shall be accompanied by an application fee, in addition to all other fees, of five dollars for nine or less vehicles, ten dollars for ten through twenty-four vehicles, and fifteen dollars for twenty-five or more vehicles. [1971 c 51 § 5.]

46.85.140 Proportional registration cannot be in a single jurisdiction. The right to the privilege and benefits of proportional registration of fleet vehicles extended by this chapter, or by any contract, agreement, arrangement or declaration made under the authority of this chapter, shall be subject to the condition that each fleet vehicle proportionally registered under the authority of this chapter also shall be proportionally or otherwise properly registered in at least one other jurisdiction during the period for which it is proportionally registered in this state. [1963 c 106 § 14.]

46.85.145 Failure to proportionally register vehicles in another jurisdiction results in additional in-state miles. If it is determined that any Washington based carrier has not proportionally registered a vehicle or vehicles in another jurisdiction or jurisdictions which are members of the Uniform Compact Agreement after indicating his intent to do so in his application to the state, and has failed to pay other fees in lieu thereof, the mileage traveled in such jurisdiction or jurisdictions shall be added to Washington in-state miles for computation of the Washington travel percentage. [1971 c 51 § 6.]

46.85.147 Increasing gross weight as subject to minimum fee. Any prorated carrier increasing the gross weight of a vehicle or vehicles shall be subject to a five dollar minimum fee per vehicle. [1971 c 51 § 7.]

46.85.150 Registration of additional fleet vehicles. Vehicles acquired by the owner after the commencement of the registration year and subsequently added to a proportionally registered fleet shall be proportionally registered by applying the mileage percentage used in the original application for such fleet for such registration period to the regular registration fees due with respect to such vehicles for the remainder of the registration year. [1963 c 106 § 15.]

46.85.160 Withdrawal of fleet vehicles, credits and accounting. If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered under the provisions of this chapter, the owner of such fleet shall so notify the department on appropriate forms to be prescribed by the department. The department may require the owner to surrender proportional registration cards and such other identification devices which have been issued with respect to such vehicle. If a vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold or otherwise completely removed from the service of the registrant, the unused portion of the gross weight fee paid with respect to such vehicle, which shall be a sum equal to the amount of gross weight fee paid with respect to such vehicle when it was first proportionally registered in such registration year, reduced by one-twelfth for each calendar month and fraction thereof elapsing between the first day of the month of the current year in which the vehicle was registered and the date the notice of withdrawal is received by the department, shall be credited to the proportional registration account of such owner. Such credit shall be applied against the gross weight fee liability for subsequent additions to be prorated during such registration year or for additional gross weight fees due upon audit under RCW 46.85.190. If any such credit is less than fifteen dollars, no credit shall be made or entered. In no event shall such amount be credited against fees other than those for such registration year nor shall any such amount be subject to refund. [1971 c 51 § 2; 1963 c 106 § 16.]

46.85.170 New fleet; estimated mileage—Amended application, when—Use of actual travel basis. The initial application for proportional registration of a fleet shall state the mileage data with respect to such fleet for the preceding year in this and other jurisdictions. If no operations were conducted with such fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in this state and other jurisdictions. The department shall determine the in-state and total fleet miles to be used in computing the fee payment for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to the correctness thereof.

When operations are materially changed through merger, acquisition or extended authority, the department shall require the filing of an amended application setting forth the proposed operation by use of estimated mileages for all jurisdictions. The department may adjust such estimated mileages by audit or otherwise to an actual travel basis to insure proper fee payment to this state. The actual calendar year travel basis may be utilized for determination of fee payments until such
time as the normal mileage year is available under the new operation. [1971 c 51 § 3; 1963 c 106 § 17.]

46.85.180 Fleet registration may be denied, when. The department may refuse to accept proportional registration applications for the registration of vehicles based in another jurisdiction if the department shall find that such other jurisdiction does not grant similar registration privileges to fleet vehicles based in or owned by residents of this state. [1963 c 106 § 18.]

46.85.190 Preservation of proportional registration records—Individual vehicle operating records—Audit, costs, liens, joint agreements with other jurisdictions. Any owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of four years following the year or period upon which said application is based. Upon request of the department, the owner shall make such records available to the department, at its designated office for audit as to accuracy of computations and payments and assessment of deficiencies or allowances for credit. If the department determines that the applicant should have registered more vehicles in this state under the provisions of this chapter the department may deny him the right of any further benefits by reason of any reciprocal agreement or declaration until the fees, interest and penalties for such additional vehicle or vehicles which should have been registered, have been paid. The fees, interest and penalties determined to be due and owing under the provisions of this paragraph shall be a lien upon all the property of the applicant, and such lien shall attach at the time the audit report has been mailed to such applicant by the department, and shall have the effect of an execution duly levied on such property and shall so remain until said additional fees, interest and penalties so determined, are paid, or a sufficient amount of such property sold for the payment thereof. The department may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any such owner. No assessment for deficiency or claim for credit may be made for any period for which records are no longer required. Any sums found to be due and owing upon audit shall bear interest of six percent from the date when they should have been paid until the date of actual payment. If the audit discloses a deliberate and wilful intent to evade the requirements of payment under RCW 46.85.110 and 46.85.120, a penalty of ten percent shall also be assessed.

If the audit discloses that an overpayment to the state in excess of twenty-five dollars has been made, the department shall certify such overpayment to the state treasurer who shall issue a warrant for such overpayment to the vehicle operator.

All carriers registered under the provisions of this chapter shall maintain detailed mileage records on an individual vehicle basis. Such operating records shall be prepared for each trip and shall include dates, origin and destination points, total miles traveled, miles traveled in each state, vehicle equipment number, driver's full name and all other information pertinent to the particular trip. [1971 c 51 § 4; 1969 ex.s. c 281 § 33; 1963 c 106 § 19.]

46.85.200 Relation to other state laws. The provisions of this chapter shall constitute complete authority for the registration of fleet vehicles upon a proportional registration basis without reference to or application of any other statutes of this state except as in this chapter expressly provided. [1963 c 106 § 20.]

46.85.210 Proportional registration not exclusive. Nothing contained in this chapter relating to proportional registration of fleet vehicles shall be construed as requiring any vehicle to be proportionally registered if it is otherwise registered in this state for the operation in which it is engaged, including, but not by way of limitation, regular registration, temporary registration, or trip permit or registration. [1963 c 106 § 21.]

46.85.220 Rules. The department may enter into agreements with other states on behalf of the state of Washington for the purpose of facilitating the administration of this chapter. In addition it may conclude arrangements or agreements with other states for the exchange of information for audit and enforcement activities in connection with such proportional registration. The department may adopt and promulgate such rules and regulations as it shall deem necessary to effectuate and administer the provisions of RCW 46.85.110 and 46.85.120 and the registration of fleet vehicles under said sections shall be subject to the rights, terms and conditions granted or contained in any applicable agreement made by the department under the authority of this section. [1963 c 106 § 22.]

46.85.230 Floater license plate—Authorized—Prerequisites. Any owner eligible for proportional registration and licensing pursuant to this chapter but who is unable in the opinion of the reciprocity commission to comply with the reporting and application requirements thereof, may subject to prior approval of the commission and in lieu of registration of such vehicles under the provisions of chapter 46.16 RCW, and payment of excise taxes and fees imposed by chapter 82.44 RCW and RCW 81.80.320, apply to the director for issuance of a special "floater" license plate. [1967 c 32 § 115; 1963 c 106 § 23.]

46.85.240 Application—Fee. Application for each "floater" license plate shall be made upon forms prescribed by the director and shall be accompanied by a fee equivalent to double the total annual fees and taxes which would be due under the provisions of chapters 46.16 and 82.44 RCW and RCW 81.80.320 for licensing a semitrailer to the maximum gross weight of thirty-one thousand nine hundred ninety-nine pounds together with such additional fees, including filing and special fees, as are applicable upon annual registration and licensing of a semitrailer. [1963 c 106 § 24.]

46.85.250 Valid only for intracity operation—Penalty for violation. Each "floater" license plate may be
used interchangeably upon any semitrailer, not exceeding the maximum gross weight, for which such license is issued, owned by or in the possession of the licensee. Such "floater" plates shall be valid only for intracity operations.

Every violation of this section shall be punishable as a misdemeanor and every peace officer witnessing any use of any "floater" license plate outside of incorporated cities or towns shall confiscate such plate and forthwith return it to the director. [1963 c 106 § 25.]

46.85.260 Design, size, etc.——Furnished as other plates. (1) If, after the expiration of fifteen days from the date of mailing of the notice of custody and sale to the registered and legal owner, the abandoned vehicle remains unclaimed and has not been listed as a stolen or recovered vehicle, then the registered disposer having custody of the abandoned vehicle shall conduct a sale of it at public auction after having first published a notice of the date, place, and time of the auction in a newspaper of general circulation in the county in which the vehicle is located not less than three days before the date of the auction.

(2) The abandoned vehicle shall be sold at the auction to the highest bidder. The proceeds of such sale, after deducting the towing and storage charges due the registered disposer including the cost of sale, which shall be computed as in a public auction sale of personal property by the sheriff, shall be certified one-half to the county treasurer of the county in which the vehicle is located to be credited to the county current expense fund, and one-half to the state treasurer to be credited to the highway safety fund. If the amount bid at the auction is insufficient to compensate the registered disposer for his towing and storage charges and the cost of sale, such registered disposer shall be entitled to assert a claim for any deficiency, not to exceed one hundred dollars less the amount bid at the auction, against the last registered owner of such abandoned vehicle.

(3) After the public auction of any abandoned vehicle the registered disposer shall give the successful bidder an affidavit of sale stating that the sale was conducted under the proper procedures and indicating the disposition of moneys derived from the sale and after such successful bidder has submitted an application for a certificate of title along with applicable fees, taxes, and the affidavit of sale, the director of the department shall issue a certificate of title showing ownership of the vehicle or automobile hulk in the name of the successful bidder at such auction: Provided, That a licensed auto wrecker or scrap processor may use such affidavit in lieu of a certificate of title to report the acquisition for wrecking or demolition. At the expiration of such fifteen day period such vehicle shall be deemed to be in the custody of the sheriff of the county where such vehicle is located and the sheriff of the county shall deliver the vehicle to a registered disposer who shall dispose of such vehicle in the manner provided in RCW 46.90.350 and 46.90.355: Provided, That if such vehicle fulfills all of the requirements of RCW 46.90.145(1), it shall be disposed of as provided in RCW 46.90.375. [1975 1st ex.s. c 54 § 58.]

46.90.370 Abatement and removal of automobile hulks on private property—Contents. (1) The storage or retention of an automobile hulk on private property is declared to constitute a public nuisance subject to removal and impoundment. The chief of police shall inspect and investigate complaints relative to automobile hulks, or parts thereof on private property. Upon discovery of such nuisance, the police department shall give notice in writing to the last registered owner of record of the automobile hulk and also to the property owner of record that a public hearing may be requested before the governing body of the local authority, and that if no hearing is requested within ten days, the automobile hulk will be removed. Costs of removal may be assessed against the last registered owner of the automobile hulk if the identity of such owner can be determined, or the costs may be assessed against the owner of the property on which the automobile hulk is stored.

(2) If a request for a hearing is received, a notice giving the time, location and date of such hearing on the question of removal and impoundment of the automobile hulk or part thereof as a public nuisance shall be mailed, by certified or registered mail with a five-day return receipt requested, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record of the automobile hulk unless the automobile hulk is in such condition that identification numbers are not available to determine ownership.

(3) This section shall not apply to:

(a) An automobile hulk, or part thereof, which is completely enclosed within a building in a lawful manner where it is not visible from the highway or other public or private property; or

(b) An automobile hulk, or part thereof, which is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler or licensed vehicle dealer, fenced according to the provisions of RCW 46.80.130.

(4) The owner of the land on which the automobile hulk is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the hulk on the land, with his reasons for such denial. If it is determined at the hearing that the hulk was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the governing body shall not assess costs of administration or removal of the hulk against the property upon which the hulk is located or otherwise attempt to collect such cost from the property owner.

(5) After notice has been given of the intent of the local authority to dispose of the automobile hulk and after a hearing, if requested, has been held, the automobile hulk or part thereof, shall be removed, at the request of a police officer, and disposed of to a licensed motor vehicle wrecker or hulk hauler with notice to the Washington state patrol and the department that the automobile hulk has been wrecked.

(6) The local authority shall within thirty days after removal of an automobile hulk from private property, file for record with the county auditor to claim a lien for the cost of removal, which shall be in substance in accordance with the provision covering mechanics' liens in chapter 60.04 RCW, and said lien shall be foreclosed in the same manner as such liens. [1975 1st ex.s. c 54 § 59.]

46.90.375 Disposition of abandoned junk motor vehicles. (1) Notwithstanding any other provision of law, the chief of police on his own volition, or upon request from a private person having the right to possession of property upon which an abandoned junk motor vehicle has been left, shall inspect and may authorize the disposal of an abandoned junk motor vehicle. The chief of police shall record the make of such vehicle, the serial number if available, and shall also detail the damaged or missing equipment to substantiate a fair market value as scrap only. He shall prepare in duplicate for each such abandoned junk motor vehicle an authorization to dispose on a form provided by the director. He shall issue the original copy of such authorization to dispose to any licensed hulk hauler, motor vehicle wrecker, or scrap processor for the purpose of acquiring an abandoned junk motor vehicle: Provided, That such acquisition is for the purpose of ultimate transfer to and demolition by a licensed scrap processor.

(2) Any moneys arising from the disposal of abandoned junk motor vehicles shall be deposited in the county general fund. [1975 1st ex.s. c 54 § 60.]

46.90.380 Unlawful to abandon junked motor vehicle. No person shall wilfully leave an abandoned junk motor vehicle on private property for more than seventy-two hours without the permission of the person having the right to possession of the property, or upon or within the right of way of any highway or other property open to the public for purposes of vehicular travel or parking for forty-eight hours or longer without notification to the chief of police of the reasons for leaving the motor vehicle in such a place. For the purposes of this section, the fact that a motor vehicle has been so left without permission or notification is prima facie evidence of abandonment. Any person convicted of abandoning a junk motor vehicle shall be assessed any costs incurred by the county in disposing of such abandoned junk motor vehicle, less any moneys accruing to the county from such disposal. [1975 1st ex.s. c 54 § 61.]

[1975 1st ex.s. c 54 § 104.]

This provision shall not apply to the act of parking or the necessary time which is required to deposit immediately thereafter a coin or coins in such meter.

(3) No person shall park a vehicle in any parking meter space for a consecutive period of time longer than that limited period of time for which parking is lawfully permitted in the parking meter zone in which such meter is located, irrespective of the number or amounts of the coins deposited in such meter.

[1975 1st ex.s. c 54 § 108.]

46.90.650 Parking meters—Application of proceeds. (2) The coins deposited in parking meters shall be collected by the duly authorized agents of the local authority and shall be deposited by them as directed by the local authority.

(3) The local authority shall pay from the moneys collected from parking meters the costs of any parking meters purchased and installed as provided herein, and expenses incurred for their installation, inspection, service, supervision, repair, and maintenance, for making collections from such parking meters, and for the enforcement of provisions herein applicable to parking
meter zones. The net proceeds derived from the operation of parking meters after the payment of such costs and expenses, may be used for parking studies and for the acquisition, establishment, improvement, maintenance, and operation of public off-street parking facilities. [1975 1st ex.s. c 54 § 109.]

46.90.660 Service parking. The chief of police is authorized to issue a permit for service parking upon payment of the fee prescribed by the local authority and upon the following conditions:

(1) Application shall be made to the chief of police on such forms as the chief of police shall prescribe. The applicant shall set forth the applicant's business and the necessity for such permit. The chief of police shall investigate the facts as necessary.

(2) If it appears that a necessity exists, the chief of police may authorize the issuance of such permit under the conditions prescribed in this section.

(3) Upon issuance of the permit, the permittee shall be issued a hood to use in covering any parking meter. As many hoods may be issued upon payment of the prescribed fee as the chief of police deems necessary or convenient for the applicant. The hood shall be provided with a padlock, two keys, and an identification card attached with a blank space thereon.

(4) Upon entering any parking meter space available, the permittee shall place the hood over the parking meter and lock the same and shall indicate in such blank space the exact place where the service work is being rendered.

(5) The permittee shall not place the hood over any meter when the space is occupied by another vehicle, and shall before vacating the space at the conclusion of the work remove the hood. The hood shall not be allowed to remain in place for over one hour when the space is not occupied by an authorized vehicle, nor shall it be allowed to remain in place after 6 p.m. on any weekday or on any Sunday or holiday. It shall not be used during hours when parking or stopping in the parking meter space is prohibited. No vehicle licensed as a passenger car shall be parked in the space covered by the hooded parking meter.

(6) The chief of police may revoke any permit if the service parking hood is used for any purpose other than that authorized in this section or for any violation of this chapter. Upon revocation, the hood shall immediately be returned to the police department and all fees paid shall be forfeited. Police officers finding such hood in use shall investigate the use being made thereof, and if it is found in violation of this section shall report the facts to the chief of police.

(7) Any permit issued under this section shall unless revoked be valid for a period of one year.

(8) The permittee shall also pay a deposit in an amount prescribed by the local authority at the time of issuance of the hood, padlock, and keys, which shall remain the property of the local authority. In case a hood, a padlock, or key becomes lost or destroyed or so defaced that it is no longer usable, the permittee shall forfeit such deposit. [1975 1st ex.s. c 54 § 110.]

[1975 1st ex.s. c 54 § 114.]

46.90.740 Presumption in reference to illegal parking. (1) In any prosecution charging a violation of any law or regulation governing the stopping, standing, or parking of a vehicle, proof that the particular vehicle described in the complaint was stopping, standing, or parking in violation of any such law or regulation, together with proof that the defendant named in the complaint was at the time of such violation, the registered owner of such vehicle, shall constitute in evidence a prima facie presumption that the registered owner of such vehicle was the person who parked or placed such vehicle at the point where, and for the time during which, such violation occurred.

(2) The foregoing stated presumption shall apply only when the procedure as prescribed in RCW 46.90.720 and 46.90.730 has been followed. [1975 1st ex.s. c 54 § 115.]

The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of this chapter and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of this chapter. Urban public transportation system defined: RCW 47.04.082.

47.04.082 Urban public transportation systems— Defined. As used in this act the term "urban public transportation system" shall mean a system for the public transportation of persons or property by buses, street
cars, trains, electric trolley coaches, other public transit vehicles, or any combination thereof operating in or through predominantly urban areas and owned and operated by the state, any city or county or any municipal corporation of the state, including all structures, facilities, vehicles and other property rights and interest forming a part of such a system. [1967 c 108 § 1.]

Revisor's note: "this act" refers to 1967 c 108, codified herein as RCW 47.04.082, 47.04.083, 47.04.084, and the 1967 amendments to RCW 47.04.081, 47.08.070, 47.12.010, 47.12.250, 47.28.140, 47.44-.010, 47.44.040, 47.48.010, 47.52.010, 47.52.090, and 47.56.256.

47.04.083 Urban public transportation systems—Declaration of public policy—Use of motor vehicle funds, city street or county road funds. The separate and uncoordinated development of public highways and urban public transportation systems is wasteful of this state's natural and financial resources. It is the public policy of this state to encourage wherever feasible the joint planning, construction and maintenance of public highways and urban public transportation systems serving common geographical areas as joint use facilities. To this end the legislature declares it to be a highway purpose to use motor vehicle funds, city and town street funds or county road funds to pay the full proportionate share of the costs of design, right of way acquisition, construction and maintenance of any highway, street or road to be used jointly with an urban public transportation system. [1967 c 108 § 2.]

47.04.090 Penalty. It shall be a misdemeanor for any person to violate any of the provisions of this title unless such violation is by this title or other law of this state declared to be a felony or a gross misdemeanor.

Unless another penalty is in this title provided, every person convicted of a misdemeanor for violation of any provisions of this title shall be punished accordingly. [1961 c 13 § 47.04.090. Prior: 1937 c 53 § 95; RRS § 6400-95.]

47.04.100 Temporary route pending construction of new highway—Streets, roads not to be maintained as. Unless otherwise provided, whenever by statute a new highway or extension is added to the state highway system, no existing city street or county road shall be maintained or improved by the state highway commission as a temporary route of such new highway or extension pending the construction of the new highway or extension on the location adopted by the state highway commission. [1973 1st ex.s. c 151 § 12; 1965 ex.s. c 170 § 34.]

47.04.110 Environmental impact of construction or reconstruction of highways—State policy declared—Purposes of RCW 47.04.110–47.04.130. It is declared to be the public policy of the state of Washington that in the location, design and construction of state highways, every effort shall be made to minimize and eliminate effects which are adverse to the natural and human environment of the state. Such factors as the dislocation of people, the dislocation of residences, the dislocation of businesses and the creation of air and water pollution situations shall be considered when constructing state highways. Therefore, the purposes of RCW 47.04.110 through 47.04.130 are:

(1) To declare a state policy which will encourage productive and enjoyable harmony between man and his environment;

(2) To promote efforts which will prevent or eliminate damage to the environment and biosphere and stimulate the health and welfare of the citizens of this state; and

(3) To enrich the understanding of ecological systems and natural resources important to the state; and

(4) To provide an efficient highway network serving the commercial, recreational and personal needs of the people of this state. [1971 ex.s. c 24 § 1.]

47.04.120 Environmental impact of construction or reconstruction of highways—Report on environmental impact. Whenever the department of highways determines that a state highway project will significantly affect the quality of human environment, and in every case when a state highway is to be constructed in a new location or a state highway reconstruction project will require additional right of way, the department of highways, prior to holding the first public hearing relating to the location or design of the highway, shall prepare a report on the environmental impact which may reasonably be expected to occur as a result of such constructions: Provided, That if in respect to any project on which one or more hearings have occurred prior to August 9, 1971, the department of highways shall prepare the environmental report prior to conducting the next public hearing.

The environmental report shall consider:

(1) The environmental impact of the highway including its effect on the quality of the air and water and the effect on existing residential and business developments;

(2) Any adverse environmental effects which cannot be avoided as a result of the construction of the highway;

(3) Alternatives to the proposed project;

(4) The relationship between local short term uses of man's environment and the maintenance and enhancement of long term productivity; and

(5) Any irreversible and irretrievable commitments or resources which would be involved in the proposed project. [1971 ex.s. c 24 § 2.]

47.04.130 Environmental impact of construction or reconstruction of highways—Environmental review statement. The environmental impact report shall be transmitted to the director of the department of ecology not less than thirty days prior to the public hearing or next public hearing as provided in RCW 47.04.120. The director of the department of ecology shall prepare a written environmental review statement on the project which shall contain a statement of any environmental problems and adverse environmental impact, natural or human, which he believes may reasonably be expected to occur as a result of the project. The environmental review statement shall also contain a statement of any beneficial environmental impact or any amenities either natural or human which may reasonably be expected to occur as a result of the project: Provided, That if the
director of the department of ecology determines that the project will have no significant environmental impact, his written statement to that effect shall constitute a review statement.

The director of the department of ecology shall transmit copies of the review statement to the department of highways, to any interested citizens, and to representatives of the news media in the area in which the proposed or existing highway is located not less than five days prior to the public hearing or next public hearing referred to in RCW 47.04.120. [1971 ex.s. c 24 § 3.]

### 47.04.140 Counties obtaining federal aid for construction, reconstruction, etc., of ferry boats——Provisions applicable to ferry operations

Whenever a county which operates or proposes to operate ferries obtains federal aid for the construction, reconstruction, or modification of any ferry boat under Title 23, United States Code, the following provisions shall apply to the county's operation of its ferries:

1. The county shall obtain from the Washington state highway commission a franchise authorizing such ferry operations. The county's application for a franchise or amended franchise shall designate all ferry routes it proposes to operate. The commission shall issue the franchise or amended franchise for the operation of each route which it finds is not otherwise served by adequate transportation facilities. A county may terminate any ferry route without approval of the commission.

2. At least thirty days before applying for federal aid for the construction, reconstruction, or modification of any of its ferries, and thereafter whenever new tolls or charges are proposed for use of its ferries, the county shall file with the commission for its approval, the current or proposed schedule of tolls and charges for use of its ferries. The commission shall approve such tolls and charges, unless it finds that the aggregate revenues to be derived from the county's ferry operations will exceed the amount required to pay the actual and necessary costs of operation, maintenance, and repair of the county's ferries.

3. The commission shall adopt regulations for the implementation of this section including provisions affording the right to a hearing to any county prior to finally denying approval of any proposed ferry route or schedule of tolls and charges for use of the county's ferries. [1975–76 2nd ex.s. c 65 § 1.]

### 47.05.010 Declaration of purpose

The legislature finds that anticipated revenues available for state highways for the foreseeable future will fall substantially short of the amount required to satisfy all of the state highway needs. It is the purpose of this chapter to establish a policy of priority programming for highway development having as its basis the rational selection of projects according to factual need, systematically scheduled to carry out defined objectives within limits of money and manpower, and fixed in advance with reasonable flexibility to meet changed conditions. [1969 ex.s. c 39 § 1; 1963 c 173 § 1.]

### 47.05.020 Functional classification of highways

The state highway commission is hereby directed to conduct periodic analyses of the entire state highway system, and based thereon, to subdivide and classify according to their function and importance all designated state highways and those added from time to time other than the national system of interstate and defense highways and periodically review and revise the classifications, into the following additional four functional classes:

1. The "principal state highway system" which shall comprise not to exceed twenty percent of the total state highway mileage other than the interstate system.

2. The "major state highway system" which shall comprise not to exceed thirty-five percent of the total state highway mileage other than the interstate system.

3. The "collector state highway system" which shall comprise not to exceed thirty-five percent of the total state highway mileage other than the interstate system.

4. The "other state highway system". In making such functional classification the highway commission shall be governed by reasonable rules and regulations adopted by the commission, and give consideration to the following criteria:

   a. Urban population centers within and without the state stratified and ranked according to size;

   b. Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business and industry;

   c. Feasibility of route, including availability of alternate routes within and without the state;

   d. Directness of travel and distance between points of economic importance;

   e. Length of trips;

   f. Character and volume of traffic;

   g. Preferential consideration for multiple service;

   h. Reasonable spacing depending upon population density; and

   i. System continuity, except for the "other" system. [1969 ex.s. c 39 § 2; 1963 c 173 § 2.]

[Title 47——p 11]
47.05.030 Long range plan for improvements—Objectives—Categories—Priorities. The state highway commission shall adopt and periodically revise after consultation with the legislative transportation committee and senate and house transportation and utilities committees a long range plan for highway improvements, specifying highway planning objectives for each of the highway categories, "A", "B", and "C", defined in this section, based upon needs for the ensuing fourteen year advance planning period, and within the framework of revenue estimates for such period. The plan shall be based upon the improvement needs for state highways as determined by the highway commission from time to time.

With such reasonable deviations as may be required to effectively utilize the available funds and to adjust to unanticipated delays in programmed projects, the highway commission shall allocate the estimated available funds among the following described categories of highway improvements, so as to carry out the commission's highway planning objectives within a fourteen year advance planning period:

(1) Category A shall consist of those improvements necessary to sustain the structural, safety, and operational integrity of the existing state highway system (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations).

(2) Category B shall consist of improvements for the continued development of the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations.

(3) Category C shall consist of the development of major transportation improvements (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations) including designated but unconstructed highways which are vital to the state-wide transportation network. [1975 1st ex.s. c 143 § 3; 1973 2nd ex.s. c 12 § 4; 1969 ex.s. c 39 § 3; 1965 ex.s. c 170 § 33; 1963 c 173 § 3.]

47.05.035 Allocation of revenues, factors—Graduated rates of development. (1) The commission, in preparing the long range plan for highway improvements, shall allocate the estimated revenues for the fourteen year period among categories A, B, and C, giving primary consideration to the following factors:

(a) The relative needs in each of the categories of improvements;

(b) The need to provide adequate funding for category A improvements to protect the state's investment in its existing highway system; and

(c) The continuity of future highway development of all categories of improvements with those previously programmed.

(2) The commission in preparing the long range plan shall establish graduated rates of development of category A improvements according to functional class importance. [1975 1st ex.s. c 143 § 2.]

47.05.040 Six year comprehensive highway construction program and financial plan—Adoption—Biennial revision—Apportionment. (1) Prior to October 1 of each even-numbered year, the state highway commission shall adopt and thereafter shall biennially revise after consultation with the legislative transportation committee and senate and house transportation and utilities committees a comprehensive six year program and financial plan for highway construction, maintenance, and planning activities.

(2) The highway construction program for the ensuing six years shall allocate to category A improvements as a whole, and then to each of the five functional classes of state highways, that percentage of the estimated available construction funds as will be necessary to accomplish the commission's long range plan for highway improvements. The commission shall then apportion the available category A construction funds, according to functional class, among the several highway districts in the proportion that the estimated remaining category A improvement needs for each functional class of highway within each highway district bears to the total of such estimated needs for each functional class remaining unsatisfied throughout the state.

(3) The commission shall allocate to category B improvements for the ensuing six years, the estimated available federal aid interstate funds and state matching funds as necessary to accomplish the commission's long range plan for category B highway improvements throughout the state.

(4) The commission shall allocate to category C improvements for the ensuing six years, the remaining estimated available construction funds to accomplish to the extent possible the commission's long range plan for category C highway improvements throughout the state. [1975 1st ex.s. c 143 § 3; 1973 2nd ex.s. c 12 § 5; 1969 ex.s. c 39 § 4; 1963 c 173 § 4.]

47.05.051 Six year comprehensive highway construction program—Priority selection criteria—Departure from criteria—Biennial revision. (1) The six year comprehensive highway construction program for each category of improvements shall be based upon a priority selection system within the budget limits established for the category. The commission using the criteria set forth in RCW 47.05.030, as now or hereafter amended, shall determine the category of each highway improvement.

(2) Selection of specific category A projects for the six year program shall be based on the priority of each highway section proposed to be improved or constructed in relation to other highway sections within the same functional class and within the respective highway district taking into account the criteria set forth in subsection (4) of this section.

(3) Selection of specific category B projects for the six year program shall be based on the priority of each interstate system highway section proposed to be improved or constructed in relation to other interstate highway sections within the state taking into account the criteria set forth in subsection (4) of this section.

(4) The priority of each category A and B project as provided in subsections (2) and (3) of this section shall
be determined in accordance with the following criteria (not necessarily in order of importance):
   (a) Its structural ability to carry loads imposed upon it;
   (b) Its capacity to move traffic at reasonable speeds without undue congestion;
   (c) Its adequacy of alignment and related geometrics;
   (d) Its accident experience; and
   (e) Its fatal accident experience.
(5) Selection of specific category C projects for the six year program shall be based on the priority of each highway section proposed to be improved in relation to other highway sections within the state with full regard to the structural, geometric, safety, and operational adequacy of the existing highway section taking into account the following:
   (a) Continuity of development of the highway transportation network;
   (b) Coordination with the development of other modes of transportation;
   (c) The stated long range goals of the local area and its transportation plan;
   (d) Its potential social, economic, and environmental impacts;
   (e) Public views concerning proposed improvements;
   (f) The conservation of energy resources and the capacity of the transportation corridor to move people and goods safely and at reasonable speeds; and
   (g) Feasibility of financing the full proposed improvement.
(6) The commission in selecting any project for improvement in categories A, B, or C may depart from the priority of projects so established (a) to the extent that otherwise funds cannot be utilized feasibly within the program, (b) as may be required by a court judgment, legally binding agreement or state and federal laws and regulations, (c) as may be required to coordinate with federal, local or other state agency construction projects, (d) to take advantage of some substantial financial benefit that may be available, (e) for continuity of route development, or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority of projects.
(7) The six year construction program shall be revised biennially in accordance with revisions in functional classification or priority ratings resulting from changed conditions. The program shall be extended for an additional two years, to six years in the future, on July 1st of each odd-numbered year. [1975 1st ex.s. c 143 § 4.]

47.08.055 Application of chapter 143, Laws of 1975 1st ex. sess.—Deviations from plans. The provisions of *this 1975 amendatory act modifying existing procedures for priority programming for highway development as set forth in chapter 47.05 RCW, shall first apply to the long range plan for improvements for the period 1977 to 1991, and shall first apply to the preparation of the six year highway construction program for the period 1977 to 1983. For the biennium ending June 30, 1977, the commission may deviate from the existing long range plan and the six year plan whenever it shall determine that further development of any project, regardless of location or functional class, may be incompatible with the modified procedures prescribed by *this 1975 amendatory act and the long range plan and the six year plan being developed pursuant thereto for the periods 1977 to 1991 and 1977 to 1983 respectively. [1975 1st ex.s. c 143 § 6.]

*Reviser's note: *this 1975 amendatory act* [1975 1st ex.s. c 143] consisted of amendments to RCW 47.05.030 and 47.05.040, the enactment of the instant section and RCW 47.05.035 and 47.05.051, and the repeal of RCW 47.05.050.

47.05.070 Budget recommendation to be presented to governor and legislature—Contents. The state highway commission shall prepare and present to the governor and to the legislature at the time of its convening, a recommended budget for the ensuing biennium. The biennial budget shall include details of proposed expenditures, performance and public service criteria for construction, maintenance, and planning activities in consonance with the six—year comprehensive program and financial plan adopted under provisions of RCW 47.05.040. [1973 2nd ex.s. c 12 § 7; 1963 c 173 § 7.]

[1973 c 106 § 23; 1961 c 13 § 47.08.090. Prior: 1937 c 187 § 65; RRS § 6450–65.]

47.08.100 Illegal use of county or city road funds—Procedure to correct. The highway commission is authorized from time to time to investigate expenditures from the county road fund and the city street fund; and if it determines that unauthorized, illegal or wrongful expenditures are being or have been made from said fund it is authorized to proceed as follows: If the county road fund is involved it shall notify in writing the board of county commissioners and the county treasurer of its determination; and if the city street fund is involved it shall notify the city council or commission and the mayor and city treasurer of the city or town of its determination. In its determination the highway commission is authorized to demand of said officials that the wrongful or illegal expenditures shall be stopped, adjusted, or remedied and that restitution of any wrongful or illegal diversion or use shall be made; and it may notify said officials that if the wrong is not stopped, remedied, or adjusted, or restitution made to its satisfaction within a specified period fixed by it, it will direct the withholding of further payments to the county or city from the motor vehicle fund. The county or city shall have ten days after such notice is given within which to correct or remedy the wrong, or wrongful and illegal practices, to make restitution or to adjust the matter to the satisfaction of the highway commission.

If no correction, remedy, adjustment or restitution is made within said ten days to the satisfaction of the commission it shall have power to request in writing that the state treasurer withhold further payments from the motor vehicle fund to such county or city; and it shall be the duty of the state treasurer upon being so notified to withhold further payments from the motor vehicle fund to the county or city involved until such officials are notified in writing by the commission that payments may be resumed.

The commission is also authorized to notify in writing the prosecuting attorney of the county in which such violation occurs of the facts, and it shall be the duty of the prosecuting attorney to file charges and to criminally prosecute any and all persons guilty of any such violation. FIRST PRIORITY PROJECT—1951 ACT

47.10.010 First priority highway projects—Declaration of. Reconstruction of primary state highway No. 1 from Oregon to British Columbia, construction of four traffic lanes at Snoqualmie Pass, construction of an adequate highway bridge from Pasco to Kennewick and construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of lands for settlement in the Columbia Basin irrigation project, are declared to be highway projects of the first priority. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The reimbursement of the motor vehicle fund for money used to purchase Agate Pass Bridge bonds will also make possible other war emergency or high priority highway construction. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10.010. Prior: 1951 c 121 § 1.]

47.10.020 Bond issue authorized—Use of motor vehicle fund. To provide funds for accelerating construction of these first priority projects, and to reimburse the motor vehicle fund for money expended for Agate Pass Bridge construction there shall be issued and sold limited obligation bonds of the state of Washington in the sum of sixty-six million seven hundred thirty thousand, six hundred and twenty-five dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: Provided, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.020. Prior: 1955 c 117 § 1; 1951 c 121 § 2.]

47.10.030 Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.010 through 47.10.140 shall be fully negotiable instruments. [1961 c 13 § 47.10.030. Prior: 1951 c 121 § 3.]

47.10.040 Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.010 through 47.10.140 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.010 through 47.10.140, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.010 through 47.10.140 when due. [1961 c 13 § 47.10.040. Prior: 1951 c 121 § 4.]

47.10.050 Sale of bonds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall be legal investment for any of the funds of the state, except the permanent school fund: Provided, That bonds authorized herein to reimburse the motor vehicle fund for the cost of the Agate Pass Bridge construction shall be sold at the earliest date which the committee finds feasible. [1961 c 13 § 47.10.050. Prior: 1951 c 121 § 5.]

47.10.060 Proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of such first priority projects, reimbursement of the motor vehicle fund for money expended for construction of the Agate Pass Bridge in order to make such money available for war emergency highway projects or other high priority highway uses, and payment of the expense incurred in the printing, issuance and sale of any such bonds. [1961 c 13 § 47.10.060. Prior: 1951 c 121 § 6.]
47.10.070 **Source of funds for payment of principal and interest.** Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the highway department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds: *Provided,* That money required hereunder to pay interest on or to retire any bonds issued for Columbia Basin county arterial highways or farm to market roads shall be repaid by any such county or counties wherein such highways or roads are constructed in the manner set forth in RCW 47.10.110. [1961 c 13 § 47.10.070. Prior: 1951 c 121 § 7.]

47.10.080 **Highway bond retirement fund.** At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.070, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.080. Prior: 1951 c 121 § 8.]

47.10.090 **Excess sums in bond retirement fund.** Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1961 c 13 § 47.10.090. Prior: 1951 c 121 § 11.]

47.10.100 **Allocation of bonds.** The bonds authorized herein are allocated to the first priority projects as follows:

1. Forty-nine million two hundred fifty thousand dollars of the total issue for the acceleration of the reconstruction of primary state highway No. 1, said amount to be expended on said primary state highway No. 1 as follows: Thirty-three million five hundred thousand dollars between Everett, Seattle, Tacoma, Olympia, Chehalis, Centralia, Kelso, Vancouver, and the Oregon boundary line, and fifteen million seven hundred fifty thousand dollars between Everett and the Canadian boundary line;

2. Six million five hundred thousand dollars of the total issue for the construction of the highway bridge from Pasco to Kennewick;

3. Four million two hundred fifty thousand dollars of the total issue for the construction of a four lane highway at Snoqualmie Pass;

4. Five million dollars of the total issue for the construction of Columbia Basin county arterial highways and farm to market roads in Grant, Franklin and Adams counties, for which the state must be reimbursed as provided in RCW 47.10.110; and

5. One million seven hundred three thousand six hundred twenty-five dollars of the total issue for reimbursement of the motor vehicle fund for money spent for Washington toll bridge authority bonds purchased in connection with the construction of the Agate Pass Bridge, said sum of one million seven hundred three thousand six hundred twenty-five dollars to be used when it becomes available in the motor vehicle fund, under allotments to be made by the director of highways, for war emergency or other high priority highway projects: *Provided,* That no bonds shall be issued for Columbia Basin county arterial highway and road purposes unless expenditures are actually required for the settlement of lands ready for irrigation in the Columbia Basin project and all construction of arterial highways and roads in such counties shall be accomplished by the engineering forces of the various counties under the supervision of the director of highways. [1961 c 13 § 47.10.100. Prior: 1951 c 121 § 12.]

47.10.110 **Columbia Basin highway projects.** Reimbursement by counties. The director of highways shall report separately to the state finance committee all sums expended from funds resulting from the sale of bonds for Columbia Basin county arterial highways and farm to market roads in Grant, Franklin and Adams counties under the provisions of RCW 47.10.010 through 47.10.140. Such counties shall repay to the state all the cost of any Columbia Basin highway or road facilities actually constructed under the provisions of RCW 47.10.010 through 47.10.140 within each of such counties as follows: The state finance committee, at least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the excise taxes on motor vehicle fuels, which is to be transferred to such counties under the provisions of law which will be necessary to
pay all of the interest upon or retire when due all of the portion of said bonds chargeable to expenditures incurred under the provisions of RCW 47.10.010 through 47.10.140 in each of said counties. The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from the excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.010 through 47.10.140 in Grant, Adams and Franklin counties. Any money so retained shall be available for state highway purposes. [1961 c 13 § 47.10.110. Prior: 1951 c 121 § 9.]

47.10.120 Columbia Basin highway projects—Limit as to amounts currently retained. The sums retained from motor vehicle funds arising from the excise taxes on motor vehicle fuel, of any such counties shall not exceed in any distribution period fifty percent of the total amount to be credited to such county. If there shall be a deficit in the amount available for reimbursement of the motor vehicle fund, due to this provision, then such deficit shall continue to be a charge against any sums due any such county from the motor vehicle fund from such excise taxes until the full cost of such Columbia Basin highway facilities is paid. [1961 c 13 § 47.10.120. Prior: 1951 c 121 § 10.]

47.10.130 Agate Pass Bridge to become toll free—Cancellation of Agate Pass bonds. When the state finance committee has made arrangements for the sale of sufficient bonds to reimburse the motor vehicle fund in the sum of one million seven hundred three thousand six hundred twenty-five dollars as aforesaid, the committee shall notify the Washington toll bridge authority and the authority is thereafter directed to transfer the Agate Pass Bridge to the highway department for operation as a toll free part of the state highway system. The bonds of the authority issued to construct the Agate Pass Bridge shall then be canceled. [1961 c 13 § 47.10.130. Prior: 1951 c 121 § 13.]

47.10.140 Appropriation from motor vehicle fund. There is appropriated from the motor vehicle fund for the biennium ending March 31, 1953 the sum of sixty-six million seven hundred three thousand six hundred and twenty-five dollars, or so much thereof as may be necessary, to carry out the provisions of RCW 47.10.010 through 47.10.140, but no money shall be available under this appropriation from said fund unless a like amount of the bonds provided for herein are sold and the money derived deposited to the credit of such fund. [1961 c 13 § 47.10.140. Prior: 1951 c 121 § 15.]

ADDITIONAL BONDS—1953 ACT

47.10.150 Declaration of necessity for additional funds. Increased construction costs for highway and bridge construction since the enactment of a highway bond issue by the 1951 legislature makes necessary additional money with which to complete the sections of primary state highway No. 1 planned from funds allocated under RCW 47.10.010 through 47.10.140 and it is vital to the economy of the state and the safety of the traffic that these sections shall be completed to relieve traffic congestions, to add capacity in event of war, and to presently insure greater safety to highway users; the rapid increase of traffic across Snoqualmie Pass necessitates continued improvement of primary state highway No. 2 to provide four-lane paving contiguous to Snoqualmie Pass as the funds will permit; the rapid increase of traffic and the facilitation of movement of military forces and equipment from the military centers of the state makes imperative the construction of a highway from primary state highway No. 2 beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by the way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton; said highway to follow approximately the route surveyed by the director of highways and covered in the report filed by him with the 1951 legislature commonly known as the "Echo Lake Route," as the funds provided for herein will permit; the construction of secondary state highways in to the Columbia Basin area is immediately necessary to provide needed state arterial highways for the irrigated lands of the Columbia Basin areas to market centers and thereby encourage the full development of the basin project. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10.150. Prior: 1953 c 154 § 1.]

47.10.160 Additional bonds—Issue and sale authorized—Use of motor vehicle fund. To provide funds for accelerating construction of these priority projects there shall be issued and sold limited obligation bonds of the state of Washington in the sum of eighteen million dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: Provided, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.160. Prior: 1955 c 117 § 2; 1953 c 154 § 2.]

47.10.170 Additional bonds—Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of
which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.150 through 47.10.270 shall be fully negotiable instruments. [1961 c 13 § 47.10.170. Prior: 1953 c 154 § 3.]

47.10.180 Additional bonds—Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.150 through 47.10.270 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.150 through 47.10.270 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.150 through 47.10.270 and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.150 through 47.10.270 when due. [1961 c 13 § 47.10.180. Prior: 1953 c 154 § 4.]

47.10.190 Additional bonds—Sale of bonds. The bonds issued under RCW 47.10.150 through 47.10.270 shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.150 through 47.10.270 shall be legal investment for any of the funds of the state, except the permanent school fund. [1961 c 13 § 47.10.190. Prior: 1953 c 154 § 5.]

47.10.200 Additional bonds—Proceeds—Deposit and use. RESERVE FUNDS FOR STATE HIGHWAYS—1975–76 ACT

47.10.780 Purpose. It is the purpose of RCW 47.10.780 through 47.10.788 to provide sufficient reserve funds (to the extent that the authorization of bonds in RCW 47.10.781 permits) to ensure that there shall be available for expenditure by the state highway commission from the motor vehicle fund, the sum of thirty-eight million dollars in state moneys for the location, design, right of way, and construction of state highways in the biennium ending June 30, 1979, after first deducting all other sums appropriated and duly allotted for expenditure from the motor vehicle fund (1) to other agencies, (2) for debt service requirements, and (3) for other state highway purposes.

As used in this section the term "state moneys" shall mean moneys derived from state taxes, fees, fines, and forfeitures, and the proceeds from the sale of highway construction bonds including bonds authorized by RCW 47.10.781. [1975–76 2nd ex.s. c 66 § 1.]

47.10.781 Issuance and sale of general obligation bonds. In order to provide reserve funds for the purposes specified in RCW 47.10.780, there shall be issued and sold general obligation bonds of the state of Washington in the sum of thirty million dollars or such amount thereof and at such times as may be determined to be necessary by the state highway commission. The issuance, sale, and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the state highway commission, shall provide for the issuance, sale, and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as the state highway commission shall determine to be necessary to meet the purposes specified in RCW 47.10.780, but in no event shall any bonds authorized herein be sold after July 31, 1979. [1975–76 2nd ex.s. c 66 § 2.]

47.10.782 Terms and conditions—Signatures—Registration—Where payable—Negotiable instruments. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1975–76 2nd ex.s. c 66 § 3.]

47.10.783 Denominations—Manner and terms of sale—Legal investment for state funds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may
prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.781 shall be legal investment for any of the funds of the state, except the permanent school fund. [1975-'76 2nd ex.s. c 66 § 4.]

47.10.784 Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the purposes enumerated in RCW 47.10.780 and for payment of the expense incurred in the drafting, printing, issuance, and sale of any such bonds. [1975-'76 2nd ex.s. c 66 § 5.]

47.10.785 Statement of general obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.10.781 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.10.780 through 47.10.788 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapters 82.36, 82.37, and 82.38 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.781, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.780 through 47.10.788. [1975-'76 2nd ex.s. c 66 § 6.]

47.10.786 Designation of funds to repay bonds and interest. Any funds required to repay such bonds, or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is, or may be appropriated to the highway department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements, for bond retirement or interest on any such bonds. [1975-'76 2nd ex.s. c 66 § 7.]

47.10.787 Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.786, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the state treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1975-'76 2nd ex.s. c 66 § 8.]

47.10.788 Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1975-'76 2nd ex.s. c 66 § 9.]

### 47.12.010 Acquisition of property authorized—Condemnation actions—Cost

Whenever it is necessary to secure any lands or interests in land for a right of way for any state highway, or for the drainage thereof or construction of a protection therefor so as to afford unobstructed vision therefor toward any railroad crossing or another public highway crossing or any point of danger to public travel or to provide a visual or sound buffer between highways and adjacent properties or for the purpose of acquiring sand pits, gravel pits, borrow pits, stone quarries or any other land for the extraction of materials for construction or maintenance or both, or for any site for the erection upon and use as a maintenance camp, of any state highway, or any site for other necessary structures or for structures for the health and accommodation of persons traveling or stopping upon the state highways of this state, or any site for the construction and maintenance of structures and facilities adjacent to, under, upon, within, or above the right of way of any state highway for exclusive or nonexclusive use by an urban public transportation system, or for any other highway purpose, together with right of way to reach such property and gain access thereto, the highway commission is authorized to acquire such lands or interests in land in behalf of the state by gift, purchase or condemnation. In case of condemnation to secure such lands or interests in land, the action shall be brought in the name of the state of Washington in the manner provided for the acquiring of property for the public uses of the state, and in such action the selection of the lands or interests in land by the highway commission shall, in the absence of bad faith, arbitrary, capricious or fraudulent action, be conclusive upon the court and judge before which the action is brought that said lands or interests in land are necessary for public use for the purposes sought. The cost and expense of such lands or interests in land may be paid as a part of the cost of the state highway for which such right of way, drainage, unobstructed vision, sand pits, gravel pits, borrow pits, stone quarries, maintenance camp sites and structure sites or other lands are acquired. [1967 c 108 § 4; 1961 c 13 § 47.12.010. Prior: 1937 c 53 § 25, part; RRS § 6400-25, part.]

**Urban public transportation system defined: RCW 47.04.082.**

### 47.12.011 Purchase options authorized. Whenever it becomes necessary or feasible to purchase rights of way for state highways, and the Washington state highway commission deems it to be in the best interest of the general public, the commission may, and it is hereby authorized, to secure options for purchase of property needed or proposed for any entire project or section thereof or proposed alignment for the location or relocation of any highway, for review by the commission before final adoption or acquisition. [1961 c 13 § 47.12.011. Prior: 1955 c 49 § 1.]

### 47.12.020 Acquisition of state lands, rights, and materials—Duties when use no longer required—Payment for timber and materials. Whenever it is necessary to locate and construct a state highway over and across any of the public lands of the state of Washington, including tide or shore lands or any oyster reserve which has been or may hereafter be established, or in the construction or maintenance of any state highway to have additional land, for drainage thereof or construction of a protection therefor or to afford unobstructed vision therefor toward any railroad crossing or another public highway crossing or any point of danger to public travel or to open up and use materials from any sand pit, gravel pit, borrow pit, stone quarry or other land for the extraction of materials for the construction or maintenance or both, or any site for other necessary structures, or for structures for the health and accommodation of persons traveling or stopping upon such state highway, or for any other public highway purpose, together with any necessary right of way to reach such property and gain access thereto, the highway commission shall file in the office of the commissioner of public lands a map showing the location of such state highway over and across such land, or the additional land needed, for drainage thereof or construction of a protection therefor or for unobstructed vision as
above provided therefor, or the location of such sand pit, gravel pit, stone quarry, maintenance camp site, structure site or other lands, together with right of way to reach such property and gain access thereto within such lands, with reference to a United States government survey, and upon the filing of such map, the easement of such right of way, or for such additional land, for drainage thereof or construction of a protection thereof or for such unobstructed vision therefor or for locating, opening up and using materials from any such sand pit, gravel pit, borrow pit, stone quarry or lands for the extraction of material or for the erection or occupancy of any such maintenance camp or erection of other structure together with any such required right of way thereto, shall be reserved to the state and such land when sold, leased, or otherwise disposed of, shall be sold, leased or disposed of subject to such right of way and subject to any such use of additional land for drainage or protection or for unobstructed vision and subject to any such established sand pit, gravel pit, borrow pit, stone quarry or location for the extraction of material or erection of other structure together with any such required right of way thereto and to the right of the state to use and remove materials therefrom for the construction upon and maintenance of any state highway, and subject to the occupancy and use of any such maintenance camp site or other structure site together with such right of way thereto: Provided, That as soon as the state shall no longer require any such sand pit, gravel pit, borrow pit, stone quarry, location for the extraction of material, maintenance camp site or other structure site, it shall be the duty of the highway commission forthwith to so certify to the commissioner of public lands, and from and after the receipt and filing of such certificate in the office of said commissioner of public lands the lands described therein shall thereafter be freed from any such use and occupancy for such purposes: Provided, further, That if there be timber on any such public lands of the state of Washington or portion thereof required under the provisions of this section for the right of way of any state highway, or for the drainage thereof or construction of a protection therefor or so as to afford unobstructed vision therefor toward any railroad crossing or another public highway crossing or a point of danger to public travel or any sand pits, gravel pits, borrow pits, stone quarry or other land for the extraction of materials or for any site for the erection upon or use as a maintenance camp or other necessary structure or structures or any other proper highway purposes or necessary for right of way to reach any such property and gain access thereto, the highway commission shall pay to the commissioner of public lands the reasonable appraised value of any such timber thereon and no such land shall be used by the highway commission for any of the purposes set forth in this section until payment for such timber shall have been made: Provided, further, That the highway commission shall pay to the commissioner of public lands for any materials extracted for construction or maintenance, or both, from any sand pit, gravel pit, borrow pit, stone quarry, or other location for the extraction of materials located upon public lands of the state of Washington the fair market value, but in no event to exceed five cents a cubic yard, for all such materials so extracted, and before the extraction of such materials shall obtain from the commissioner of public lands a permit for such extraction setting forth the terms and conditions under which such materials may be extracted from such public lands. "State highway" as used in this section shall include limited access facilities established under chapter 47.52 RCW. [1961 c 156 § 1; 1961 c 13 § 47.12.020. Prior: 1953 c 54 § 1; 1937 c 53 § 25, part; RRS § 6400–25, part. Formerly RCW 47.12.020 and 47.12.030.]

47.12.040 Acquisition of property from a political subdivision. Whenever it is necessary to secure any lands for primary or secondary state highway right of way or other state highway purposes, the title to which is in any county of the state or in any political or municipal subdivision of the state, which land is not at the time being used as a public highway, the board of county commissioners or the board of directors or governing body of any such political or municipal subdivision are authorized to directly lease, sell or convey by gift such land or any interest therein to the state of Washington, without requiring competitive bids or notice to the public, and at such price as the board, directors or governing body may deem for the best interests of the county or for the best interests of the political or municipal subdivision of the state. The board of county commissioners or the directors or governing body of any political or municipal subdivision are empowered to execute a deed or other proper instrument to such land, passing title to the state of Washington, and such instrument need not require consideration other than the benefit which may be derived by the grantor on account of the use thereof. Whenever any state highway is established by legislative enactment and such state highway is upon the former route of an county road, the board of county commissioners shall cause the title to the existing right of way or so much thereof as the highway commission shall require to be transferred to the state of Washington by proper instrument. [1961 c 13 § 47.12.040. Prior: 1943 c 266 § 1; 1937 c 53 § 26; Rem. Supp. 1943 § 6400–26.]

47.12.050 Work on remaining land as payment. Whenever it is considered in the securing of any lands for state highway purpose, whether by condemnation or otherwise, that it is for the best interest of the state, for specific constructural items of damage claimed the court or judge may order or the person whose lands are sought may agree that a portion or all work or labor necessary to the land or remaining land by reason of the taking by way of damage, be performed by the state through the highway commission as all or a part of the consideration or satisfaction of the judgment therefor, in which event the highway commission may perform such work as a portion of the right of way cost of such state highway. [1961 c 13 § 47.12.050. Prior: 1937 c 53 § 27; RRS § 6400–27.]

47.12.060 Sale or exchange of rights or land not needed for highway purposes—Sale by public auction only, when. When a state highway is relocated and the
old route is abandoned, and the new route crosses land owned by a person who owns land abutting on the old route, the Washington state highway commission may agree with the owner to convey to him title to the old route or a part thereof as all or part consideration for his land to be taken for the new route.

Whenever the state has abandoned any highway rights of way, pit sites, stock pile sites or owns land not needed for highway purposes, the Washington state highway commission may sell same to abutting owners for the fair market value or exchange with any person as a consideration or part consideration for lands or property rights needed by the state, or may sell same by public auction whenever it is deemed in the public interest to do so: Provided, That whenever the commission finds that it is in the public interest to sell such property to an abutting private owner and there are two or more abutting owners, the commission shall sell the same only by public auction unless every abutting owner but one signs a statement signing he does not intend to bid on or purchase such property.

The Washington state highway commission shall certify the agreement to the director of highways with a description of the property to be conveyed, and the director of highways shall execute the deed which shall be duly acknowledged and deliver it to the grantee. [1975 1st ex.s. c 96 § 1; 1961 c 13 § 47.12.060. Prior: 1955 c 384 § 13; prior: 1945 c 146 § 1, part; 1937 c 53 § 28, part; Rem. Supp. 1945 c 6400–28, part.]

47.12.070 Sale or exchange of rights or land not needed for highway purposes—Sale or lease to a city or county—Proceeds. If the Washington state highway commission deems that any land is no longer required for state highway purposes and that it is in the public interest so to do, said highway commission may negotiate for the sale of the land to a city or county of the state. The state highway commission shall certify the agreement for the sale to the director of highways, with a description of the land and the terms of the sale, and the director of highways shall execute the deed which shall be duly acknowledged and deliver it to the grantee.

Any moneys received pursuant to the provisions of this section shall be deposited in the motor vehicle fund. [1975 1st ex.s. c 96 § 2; 1969 c 91 § 2; 1961 c 13 § 47.12.070. Prior: 1955 c 384 § 14; prior: 1945 c 146 § 1, part; 1937 c 53 § 28, part; Rem. Supp. 1945 c 6400–28, part.]

47.12.080 Sale or exchange of rights or land not needed for highway purposes—Transfer to United States, municipal subdivision, public utility—Proceeds. Whenever in the construction, reconstruction, location or improvement of any state highway it may become necessary to transfer and convey to the United States, its agencies or instrumentalities, to any municipal subdivision of this state, or to any public utility company, any unused state highway right of way or real property, and in the judgment of the highway commission and the attorney general, such transfer and conveyance is consistent with public interest, the highway commission may enter into agreements accordingly. Whenever the highway commission shall make any such agreement for any such transfer or conveyance, and together with the attorney general, certifies to the director of highways that such agreement has been made setting forth in such certification a description of the lands or premises involved, the director of highways shall execute and deliver unto the United States government, or its agencies or instrumentalities, unto any municipal subdivision of this state, or unto any public utility company, a deed of conveyance, easement or other instrument, duly acknowledged, as shall be necessary to fulfill the terms of the aforesaid agreement. All moneys paid to the state of Washington under any of the provisions hereof shall be deposited in the motor vehicle fund. [1975 1st ex.s. c 96 § 3; 1961 c 13 § 47.12.080. Prior: 1945 c 127 § 1; Rem. Supp. 1945 c 6400–120.]

47.12.120 Lease of unused highway land or air space. The highway commission is authorized, subject to the provisions and requirements of zoning ordinances of political subdivisions of government, to rent or lease any lands, improvements, or air space above or below any lands, including those used or to be used for both limited access and conventional highways which are held for highway purposes but are not presently needed, upon such terms and conditions as the highway commission may determine. [1969 c 91 § 1; 1961 c 13 § 47.12.120. Prior: 1949 c 162 § 1; Rem. Supp. 1949 c 6400–122.]

47.12.125 Lease of unused highway land or air space—Disposition of proceeds. All moneys paid to the state of Washington under any of the provisions of RCW 47.12.120 shall be deposited in the motor vehicle fund. [1961 c 13 § 47.12.125. Prior: 1949 c 162 § 2; Rem. Supp. 1949 c 6400–123.]

47.12.130 Exchange of land with abutting owner. Whenever the state department of highways shall have title to any parcel of land which the state highway commission shall determine is not necessary for highway purposes, the commission is authorized to cause such land to be deeded to the owner of land abutting upon such parcel in consideration, or partial consideration, for other lands owned by such property owner which the highway commission deems to be necessary for highway purposes. The director of highways shall execute the conveyances, which shall be duly acknowledged, necessary to carry out such exchange. [1975 1st ex.s. c 96 § 4; 1961 c 13 § 47.12.130. Prior: 1953 c 28 § 1.]

47.12.140 Severance and sale of timber and other personality. Whenever the state highway department shall have acquired any lands, except state granted lands, upon which are located any structures, timber or other thing of value attached to the land, which the state highway commission shall deem it best to sever from the land and sell as personal property, the same may be sold by the department of highways at public auction after due notice thereof shall have been given in accordance with general regulations prescribed by the state highway commission. The state highway commission may set
minimum prices that will be accepted for any item offered for sale at public auction as herein provided and may prescribe terms or conditions of sale and, in the event that any item shall be offered for sale at such auction and for which no satisfactory bids shall be received or for which the amount bid shall be less than the minimum set by the commission, it shall be lawful for the commission to sell such item at private sale for the best price which it deems obtainable but at not less than the highest price bid at the public auction. The proceeds of all sales under this section shall be placed in the motor vehicle fund. [1961 c 13 § 47.12.140. Prior: 1953 c 42 § 1.]

47.12.150 Acquisition, exchange, of property to relocate displaced facility. Whenever the highway commission shall need for highway purposes land or property rights belonging to the United States government or any municipality or political subdivision of the state, or which shall be a part of the right of way of any public utility having authority to exercise powers of eminent domain, when the acquisition of such property by the state will result in the displacement of any existing right of way or facility, the state highway commission is authorized to acquire by condemnation or otherwise such lands and property rights as shall be needed to relocate such right of way or facilities so displaced and to exchange lands or property rights so acquired in consideration or partial consideration for the land or property rights needed for highway purposes. The director of highways, at the request of the state highway commission, shall execute each conveyance, which shall be duly acknowledged, necessary to accomplish such exchange. [1975 1st ex.s. c 96 § 5; 1961 c 13 § 47.12.150. Prior: 1953 c 55 § 1.]

47.12.160 Acquisition of land outside highway right of way to minimize damage. Whenever a part of a parcel of land is to be acquired for state highway purposes and the remainder lying outside of the right of way is to be left in such shape or condition as to be of little value to its owner or to give rise to claims or litigation concerning severance or other damage, and its value does not exceed the probable amount of such severance claims or damages, the state highway commission may acquire by gift, purchase or condemnation the whole parcel and may sell that portion lying outside of the highway right of way or may exchange the same for other property needed for highway purposes: Provided, however, That the provisions of this section shall not apply if the taking of that portion of the land lying outside of the highway right of way would deprive any adjacent owner of an existing right of ingress and egress to his property. [1961 c 13 § 47.12.160. Prior: 1953 c 131 § 1.]

47.12.170 Sale, lease of unneeded toll facility, ferry system property—Franchises for utility, railway purposes. See RCW 47.56.252 through 47.56.257.

47.12.180 Additional method of financing acquisition of property, engineering costs—Declaration of policy, public use and highway purpose. It is hereby declared to be the public policy of the state of Washington to provide for the acquisition of real property and engineering costs necessary for the improvement of the state highway system, in advance of actual construction, for the purposes of eliminating costly delays in construction, reducing hardship to owners of such property, and eliminating economic waste occasioned by the improvement of such property immediately prior to its acquisition for highway uses.

The legislature therefore finds and declares that purchase and condemnation of real property necessary for the state highway system and engineering costs, reasonably in advance of programmed construction, is a public use and purpose and a highway purpose.

The Washington state highway commission is hereby authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvement of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240, as now or later amended, or alternatively by the method provided in RCW 47.12.242 through 47.12.246. Neither method shall be used to condemn property or property rights in advance of programmed construction until the highway commission has complied with hearing procedures required for the location or relocation of the type of highway for which such property is to be condemned. [1969 ex.s. c 197 § 1; 1961 c 281 § 1.]

Severability—1961 c 281: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." 47.20.645 Interstate 90 corridor—Legislative finding. The legislature finds that the Washington department of highways initiated route studies for the location of that segment of the national system of interstate and defense highways (interstate system) between south Bellevue and state route No. 5 in Seattle in 1957 culminating in a corridor public hearing and adoption of a corridor in 1963; that thereafter the department utilizing a multidisciplinary design team and soliciting the broadest public participation developed a series of designs culminating in a public design hearing in 1970, a public limited access hearing in 1971 and adoption of a design and limited access plan for the facility in 1971; that commencing in 1970 the proposed facility has been the subject of numerous lawsuits and administrative proceedings which have prevented advancement of the project to construction; that since further development of the project was enjoined by federal courts in 1971 the cost of constructing the project has increased by more than one hundred million dollars; that the traffic congestion and traffic hazards existing in the existing highway corridor between south Bellevue, Mercer Island and the city of Seattle are no longer tolerable; that after more than seventeen years of studies the public interest now requires that final decisions regarding the appropriate system for meeting the transportation requirements between south Bellevue and the city of Seattle be made promptly and in accordance with a prescribed schedule.

It is therefore the sense of the legislature that further protracted delay in establishing the transportation system to be constructed between south Bellevue and state route No. 5 in the city of Seattle is contrary to the interest of the people of this state and can no longer be tolerated as acceptable public administration. Accordingly the schedule for finally determining the character of transportation modes between south Bellevue and state route No. 5 in the city of Seattle as set forth in RCW 47.20.645 through 47.20.653, and 47.20.900 is adopted as the public policy of this state. [1975 1st ex.s. c 272 § 1.]

47.20.647 Interstate 90 corridor—Withdrawal of local governments from project—Effect on use of state funds. (1) The Puget Sound council of governments (until July 1, 1975, known as the Puget Sound governmental conference) now engaged in a study of the withdrawal from the interstate system of that segment of state route No. 90 between the south Bellevue interchange and the Connecticut street interchange on state route No. 5 and the substitution of public mass transit projects in lieu thereof as authorized by section 103(e)(4) of Title 23, United States Code, is directed to complete all phases of the study by November 1, 1975.

(2) No later than January 15, 1976, the city councils of Seattle, Mercer Island and Bellevue and the county council of King County shall each by resolution either approve or disapprove a request to withdraw from the interstate system the segment of state route No. 90 between south Bellevue interchange and the Connecticut street interchange on state route No. 5. Nothing in this subsection shall be construed as requiring the city or county councils to adopt by January 15, 1976 any proposal for substitute mass transit projects.

(3) If at least three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, and such request is thereafter concurred in by the governor and the Puget Sound council of governments, such determination shall be final as it relates to the state of Washington and except as may be required to terminate the project in an orderly manner, no moneys shall thereafter be expended from the motor vehicle fund for further development of the designated section of highway as an interstate highway without further express authorization of the legislature.

(4) If fewer than three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, or if the governor does not concur in the withdrawal request, then no tax revenues collected by the state of Washington shall thereafter be expended for the construction of substitute public mass transit projects in the Seattle metropolitan area pursuant to section 103(e)(4) of Title 23, United States Code, without further express authorization of the legislature. [1975 1st ex.s. c 272 § 2.]

47.20.649 Interstate 90 corridor—Public hearings, when required. In the event that fewer than three of the four councils of the cities of Seattle, Mercer Island and Bellevue and King County pass resolutions requesting withdrawal from the interstate system of the segment of state route No. 90 between south Bellevue and state route No. 5 by January 15, 1976, the Washington department of highways shall conduct a public hearing as required by federal law and regulations relating to the location and design of the designated segment of the interstate system commencing no later than February 1, 1976. [1975 1st ex.s. c 272 § 3.]

47.20.651 Interstate 90 corridor—Final environmental impact statement, when required. In the event public hearings are conducted as described in RCW 47.20.649, and the department of highways determines that the segment of the interstate system along state route No. 90 between south Bellevue and state route No.
5 in Seattle should be constructed, then the department, in cooperation with the federal highway administration, shall complete a final environmental impact statement on such proposal in compliance with the national environmental policy act and chapter 43.21C RCW by May 1, 1976, and file the same with appropriate federal and state offices. [1975 1st ex.s. c 272 § 4.]

47.20.653 Interstate 90 corridor—Court proceedings, priority. State court proceedings instituted to challenge the validity of any steps taken in pursuance of the construction of the segment of the interstate system between south Bellevue and state route No. 5 in Seattle, or the construction of substitute public mass transit projects in lieu thereof, shall take precedence over all other causes not involving the public interest in all courts of this state to the end construction of such facilities may be expedited to the fullest. The legislature of the state of Washington respectfully requests of the federal judiciary that challenges instituted in the federal courts relating to the validity of steps leading to the construction of the designated interstate highway or substitute public mass transit projects in lieu thereof be expedited to the fullest. [1975 1st ex.s. c 272 § 5.]

A vacancy shall be deemed to have occurred on the board when any member elected to public office completes his term of office or is removed therefrom for any reason or when any member employed by a political subdivision terminates such employment for whatsoever reason.

(7) Before appointing any member to the urban arterial board, the state highway commission shall request from the executive committee of the Washington state association of counties, in the case of a county member appointment, and from the executive committee of the association of Washington cities, in the case of a city member appointment, recommendations of at least two eligible persons for each appointment to be made. The commission shall give due consideration to the recommendations submitted to it.

(8) Any member of the board, including the chairman, may designate an official representative to serve on the board in his place with the same authority as the member, subject to the conditions and under the circumstances set forth in rules adopted by the board. The cost of such services, together with travel expenses in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended of the members and all other lawful expenses of the board, shall be paid from the urban arterial trust account in the motor vehicle fund. The urban arterial board may appoint an executive secretary who shall serve at its pleasure and whose salary shall be set by the board and paid from the urban arterial trust account in the motor vehicle fund. [1975—76 2nd ex.s. c 34 § 140; 1969 ex.s. c 171 § 3; 1967 ex.s. c 83 § 20.]

The long range arterial construction plans shall be revised by the counties and cities every two years to show the current arterial construction needs through a fourteen year advanced planning period and as revised shall be submitted to the urban arterial board during the first week of January of every even-numbered year. The long range plans shall be prepared pursuant to guidelines established by the urban arterial board and with the assistance of such board and the state highway commission. 47.26.180 Division of roads or streets into arterial or access roads or streets—Classification of arterials—Review and revision by board. Arterial designation and classification, as provided for by this chapter, shall be required to be an integral and coordinated portion of its planning process as authorized by chapters 35.63 or 36.70 RCW. The legislative authority of each county and city lying within or having within its boundaries an urban area shall with the advice and assistance of its chief engineer and its planning office divide all of its roads or streets into arterial roads or streets and access roads or streets and shall further subdivide the arterials into three functional classes to be known as major arterials, secondary arterials, and collector arterials, all in accordance with uniform standards established by the urban arterial board. Upon receipt of the classification plans of the several counties and cities, the urban arterial board shall review and revise the classification for the urban arterials as necessary to conform with its uniform standards for classifying urban arterials. 47.26.185 Qualifications for administering and supervising urban arterial projects—Rules by board. The urban arterial board may adopt rules establishing qualifications for cities and counties administering and supervising the design and construction of urban arterial projects financed in part from the urban arterial trust account. The rules establishing qualification shall take into account the resources and population of the city or county, its permanent engineering staff, its design and construction supervision experience and such other factors as the board deems appropriate. Any city or county failing to meet the qualifications established by the board for administering and supervising an urban arterial project, shall contract with a qualified city or county or the department of highways for the administration and supervision of the design and construction of any approved urban arterial project as a condition for receiving urban arterial trust account funds for the project. [1975 1st ex.s. c 253 § 4.]

47.26.190 Apportionment of funds in urban arterial trust account among regions—Date. Once each calendar quarter, the urban arterial board shall apportion funds credited to the urban arterial trust account, including the proceeds from motor vehicle fuel tax revenues, bond sales, anticipatory notes and interfund loans, which are available for the construction and improvement of urban arterials among the five regions defined in RCW 47.26.050 in the manner prescribed in RCW 47.26.060 relating to the apportionment of state urban funds except calculation of needs shall be based upon a projection of needs for the ensuing six year period as determined by the state highway commission. [1973 1st ex.s. c 126 § 2; 1971 ex.s. c 291 § 3; 1969 ex.s. c 171 § 4; 1967 ex.s. c 83 § 25.]

47.26.220 Six year programs for urban arterial improvements by cities and counties—Selection of specific priority projects for each functional class—Rating factors. Counties and cities, in preparing their respective six year programs relating to urban arterial improvements, shall select specific priority improvement projects for each functional class of arterial based on the rating of each arterial section proposed to be improved in relation to other arterial sections within the same functional class, taking into account the following:

[Title 47—p 66]
Development in Urban Areas—Urban Arterials

47.26.230 Joint planning of urban arterial development—Arterial in city crossing into unincorporated area or adjacent city—Arterial affected by state highway—Urban arterial board to adopt regulations. Whenever an urban arterial in a city crosses into an unincorporated urban area or into an adjacent city, the proper city and county officials shall jointly plan the development of the arterial in their respective long range plans, arterial classification plans and six year construction programs. Whenever an urban arterial connects with and will be substantially affected by a programmed construction project on a state highway, the proper county or city officials shall jointly plan the development of such connecting arterial with the state highway department district engineer. The urban arterial board shall adopt regulations providing for the system development of county-city arterials and urban arterials with state highways. [1967 ex.s. c 83 § 29.]

47.26.240 Review of city or county six year program by urban arterial board—Revision. Upon receipt of a county's or city's revised six year program, the urban arterial board as soon as practicable shall review and may revise the construction program as it relates to urban arterials for which urban arterial trust account moneys are requested as necessary to conform to (1) the priority rating of the proposed project, based upon the factors in RCW 47.26.220, in relation to proposed projects in all other urban arterial construction programs submitted by the cities and counties in the same region, and (2) the amount of urban arterial trust account funds which the urban arterial board estimates will be apportioned to the region in the ensuing six year period. [1967 ex.s. c 83 § 30.]

47.26.260 Vouchers for payment from urban arterial trust account—Completion of preliminary proposal—Completion of project—During work progress. (1) Upon completion of a preliminary proposal, the county or city submitting said proposal shall submit to the urban arterial board its voucher for payment of the trust account share of the cost. Upon the completion of an approved urban arterial construction project, the county or city constructing the project shall submit to the urban arterial board its voucher for the payment of the trust account share of the cost. The chairman of the urban arterial board or his designated agent shall approve such voucher when proper to do so, for payment from the urban arterial trust account to the county or city submitting the voucher.

(2) The urban arterial board may adopt regulations providing for the approval of payments of funds in the urban arterial trust account to a county or city for costs of preliminary proposal, and costs of construction of an approved project from time to time as work progresses. These payments shall at no time exceed the urban arterial trust account share of the costs of construction incurred to the date of the voucher covering such payment. [1973 1st ex.s. c 126 § 1; 1967 ex.s. c 83 § 32.]

47.26.270 Matching funds requirements for counties and cities receiving funds from urban arterial trust account. Counties and cities receiving funds from the urban arterial trust account for construction of arterials shall provide such matching funds as shall be established by regulations recommended by the urban arterial board subject to review, revision and final approval by the state highway commission. Matching requirements shall be established after appropriate studies by the board taking into account (1) financial resources available to counties and cities to meet arterial needs, (2) the amounts and percentages of funds available for road or street construction traditionally expended by counties and cities on arterials, (3) in the case of counties, the relative needs of arterials lying outside urban areas, and (4) the requirements necessary to avoid diversion of funds traditionally expended for arterial construction to other street or road purposes or to nonhighway purposes. [1967 ex.s. c 83 § 33.]

47.26.280 Apportionment and allocation of urban arterial account funds for period beginning July 1, 1967 and ending July 1, 1969. Notwithstanding any other provisions in this chapter, for the period beginning July 1, 1967 and ending July 1, 1969, the urban arterial board shall once quarterly apportion the funds from the urban arterial account among the five regions of the state defined in RCW 47.26.050 in the manner provided in RCW 47.26.190. Commencing on October 1, 1967, the board at the time of making each quarterly apportionment shall allocate urban arterial trust funds for each region to specific counties and cities within the region for the construction of specific urban arterial projects. The board shall allocate such funds to the counties and cities based upon the priority rating of construction projects for which urban arterial trust account moneys are requested by the counties and cities. The board shall determine the priority of specific improvement projects based upon the rating of each urban arterial section proposed to be improved in relation to all other urban arterial sections proposed to be improved taking into account the following:

(1) Its structural ability to carry loads imposed upon it;
(2) Its capacity to move traffic at reasonable speeds without undue congestion;
(3) Its adequacy of alignment and related geometrics;
(4) Its accident experience; and
(5) Its fatal accident experience.

Urban arterial trust account moneys allocated during such period shall be matched in the case of cities from local funds by an amount not less than ten percent of the
total cost of the construction project. The matching fund requirements prescribed in RCW 82.36.020 may be considered in meeting the matching requirements of this section. Counties shall match such funds on the ratio of forty percent locally collected road funds to sixty percent urban arterial trust account moneys.

Urban arterial trust account funds allocated to a specific improvement project as provided in this section shall be paid to the county or city constructing the improvement on vouchers duly approved by the chairman of the urban arterial board or his agent in the manner provided in RCW 47.26.260.

The urban arterial board shall adopt regulations subject to the approval of the state highway commission providing for the implementation of this section. [1969 ex.s. c 171 § 5; 1967 ex.s. c 83 § 34.]

Reviser's note: "this chapter has been substituted for "this 1967 amendatory act" See note following RCW 47.26.010 for codification of "this 1967 amendatory act" [1967 ex.s. c 83].

47.26.281 Urban arterial trust funds initially authorized in 1967-69 biennium—Obligation continued, limitations. Urban arterial trust funds initially authorized by the state urban arterial board in the 1967-69 biennium for specific projects in cities over three hundred thousand population, as last determined by the office of program planning and fiscal management, shall remain obligated to such projects for the period through June 30, 1977 unless such project is earlier withdrawn or abandoned by the sponsoring city. This continued obligation of urban arterial trust funds shall be terminated for any project if the sponsoring city earlier provides written notice of withdrawal or abandonment of the project to the urban arterial board or if the city acts to expend any other funds, exclusive of the required matching funds, which have heretofore been allocated or set aside to pay a part of the costs of such project.

After June 30, 1975, no additional urban arterial trust funds shall be expended for conceptual or feasibility studies of any project initially authorized prior to June 30, 1969 in a city of over three hundred thousand population, but such limitation shall not apply to the cost of preparing final plans, specifications and estimates or other contract documents required to advertise the project for competitive bids for its construction. [1975 1st ex.s. c 267 § 4.]

47.26.290 Appeal of action or decision of urban arterial board to state highway commission. The legislative body of any county or city feeling aggrieved by any action or decision of the urban arterial board may appeal to the state highway commission by filing with the secretary of the commission a notice of appeal within twenty days prior to the date of the hearing. At such hearing the state highway commission shall receive evidence from the county or city filing the appeal and from the urban arterial board. After such hearing the state highway commission shall make such order as in its judgment is just and proper. [1967 ex.s. c 83 § 35.]

47.26.300 Bicycle routes—Legislative declaration. The state of Washington is confronted with emergency shortages of energy sources utilized for the transportation of its citizens and must seek alternative methods of providing public mobility.

Bicycles are suitable for many transportation purposes, and are pollution-free in addition to using a minimal amount of resources and energy. However, the increased use of bicycles for both transportation and recreation has led to an increase in both fatal and non-fatal injuries to bicyclists.

The legislature therefore finds that the establishment, improvement, and upgrading of bicycle routes is necessary to promote public mobility, conserve energy, and provide for the safety of the bicycling and motoring public. [1974 ex.s. c 141 § 1.]

47.26.305 Bicycle routes—Establishment of system authorized and directed—Use of urban arterial trust funds. Each city and county eligible for receipt of urban arterial trust funds is hereby authorized and directed to establish a system of bicycle routes throughout its jurisdiction. Such routes shall, when established in accordance with standards adopted by the urban arterial board, be eligible for establishment, improvement, and upgrading with urban arterial trust funds when accomplished in connection with an arterial project. [1974 ex.s. c 141 § 2.]

47.26.310 Bicycle routes—Standards for designation of bicycle route systems. Prior to July 1, 1974, the urban arterial board shall adopt:

(1) Standards for the designation of a bicycle route system which shall include, but need not be limited to, consideration of:

(a) Existing and potential bicycle traffic generating activities, including but not limited to places of employment, schools, colleges, shopping areas, and recreational areas;

(b) Directness of travel and distance between potential bicycle traffic generating activities; and

(c) Safety for bicyclists and avoidance of conflict with vehicular traffic which shall include, wherever feasible, designation of bicycle routes on streets parallel but adjacent to existing designated urban arterial routes.

(2) Insofar as is practicable to achieve reasonable uniformity, design standards for bicycle routes shall take into consideration the construction standards and signing system devised by the state highway department pursuant to RCW 47.30.060. [1974 ex.s. c 141 § 3.]

Pilot programs: "After April 1, 1974, two pilot programs shall be implemented to test the criteria adopted by the urban arterial board pursuant to section 3 of this 1974 amendatory act. The pilot programs shall be in cities and counties designated by the urban arterial board. A report of those programs and recommendations for any changes in criteria shall be made by the cities and counties involved to the urban arterial board prior to November 1, 1974. The urban arterial board

[Title 47—p 68]
shall then make any changes it finds desirable in the criteria, taking into consideration the experience gained in the pilot programs and the recommendations of the cities involved." [1974 ex.s. c 141 § 4.]

Appropriation: "To carry out the provisions of sections 3 and 4 of this 1974 amendatory act, there is appropriated to the urban arterial board the sum of fifty thousand dollars, or so much thereof as may be necessary, from the urban arterial trust account of the motor vehicle fund." [1974 ex.s. c 141 § 5.]

47.26.315 Bicycle routes—Revisions to long range arterial construction plans to include bicycle route system plans. The revisions of long range arterial construction plans directed by RCW 47.26.170 shall include plans for a bicycle route system. [1974 ex.s. c 141 § 6.]

BOND ISSUE—STATE HIGHWAYS IN URBAN AREAS

47.26.400 Issuance and sale of general obligation bonds—Authorized—Amount—Declaration of purpose. In order to provide funds necessary to meet the urgent needs for highway construction on state highways within urban areas, there shall be issued and sold general obligation bonds of the state of Washington in the sum of two hundred million dollars or such amount thereof and at such times as determined to be necessary by the state highway commission. The amount of such bonds issued and sold under the provisions of RCW 47.26.400 through 47.26.407 in any biennium shall not exceed the amount of a specific appropriation therefor from the proceeds of such bonds, for the construction of state highways in urban areas. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the state highway commission. [1973 1st ex.s. c 169 § 1; 1967 ex.s. c 83 § 36.]

47.26.401 Bonds—Term—Terms and conditions—Signatures—Registration—Where payable—Negotiable instruments. Each of such bonds shall be payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1973 1st ex.s. c 169 § 2; 1967 ex.s. c 83 § 37.]

47.26.402 Bonds—Denominations—Manner and terms of sale—Legal investment for state funds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall be legal investment for any of the funds of the state, except the permanent school fund. [1967 ex.s. c 83 § 38.]

47.26.403 Bonds—Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of state highways within the urban areas of the state, and for payment of the expenses incurred in the printing, issuance, and sale of any such bonds. [1967 ex.s. c 83 § 39.]

47.26.404 Bonds—Statement describing nature of obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.26.400 through 47.26.407 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.26.400 through 47.26.407, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal of and interest on all bonds issued under the provisions of RCW 47.26.400 through 47.26.407. [1973 1st ex.s. c 169 § 3; 1967 ex.s. c 83 § 40.]

47.26.405 Bonds—Designation of funds to repay bonds and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is distributed to the state under the provisions of RCW 82.36.020(2) for construction of state highways in urban areas, and shall never constitute a charge against any allocations of any other such funds to the state, counties, cities and towns unless and until the amount of the
motor vehicle fund arising from the excise taxes on motor vehicle fuels and available to the state for construction of state highways in urban areas proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1967 ex.s. c 83 § 41.]

### 47.26.406 Bonds—Repayment procedure—Bond retirement fund.

At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.405, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s. c 83 § 42.]

### 47.26.407 Bonds—Sums in excess of retirement requirements—Use.

Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1967 ex.s. c 83 § 43.]

### 47.26.410 Expenditures from fuel taxes and bond proceeds for urban state highways in excess of amount apportionable to a region authorized.

Notwithstanding the provisions of RCW 47.26.060, the state highway commission is authorized in any biennium, subject to proper appropriations, to expend from funds available pursuant to RCW 46.68.150, for urban state highway construction projects within a region, an amount including bond proceeds which may exceed the amount apportionable during the biennium to the region. The total amounts apportioned to each region through 1985 shall meet the apportionment requirements of RCW 47.26.060 for such period. [1967 ex.s. c 83 § 44.]

In order to provide funds necessary to meet the urgent construction needs on county and city arterials within urban areas, there shall be issued and sold general obligation bonds of the state of Washington in the sum of two hundred million dollars or such amount thereof and at such times as determined to be necessary by the state highway commission. The amount of such bonds issued and sold under the provisions of RCW 47.26.420 through 47.26.427 in any biennium shall not exceed the amount of a specific appropriation therefor, from the proceeds of such bonds, for the construction of county and city arterials in urban areas. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the state highway commission. [1973 1st ex.s. c 169 § 4; 1967 ex.s. c 83 § 45.]

### 47.26.421 Bonds—Term—Terms and conditions—Signatures—Registration—Where payable—Negotiable instruments.

Each of such bonds shall be made payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1973 1st ex.s. c 169 § 5; 1967 ex.s. c 83 § 46.]

### 47.26.422 Bonds—Denominations—Manner and terms of sale—Legal investment for state funds.

The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.26.420 through 47.26.427
shall be legal investment for any of the funds of the state, except the permanent school fund. [1967 ex.s. c 83 § 47.]

47.26.423 Bonds—Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the urban arterial trust account in the motor vehicle fund and such money shall be available only for the construction and improvement of county and city urban arterials, and for payment of the expense incurred in the printing, issuance and sale of any such bonds. [1967 ex.s. c 83 § 48.]

47.26.424 Bonds—Statement describing nature of obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.26.420 through 47.26.427 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal and interest on such bonds shall be first payable in the manner provided in RCW 47.26.420 through 47.26.427 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.26.420 through 47.26.427, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.26.420 through 47.26.427. [1973 1st ex.s. c 169 § 6; 1967 ex.s. c 83 § 49.]

47.26.425 Bonds—Designation of funds to repay bonds and interest—Urban arterial trust account. Any funds required to repay such bonds or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle fuels and which is distributed to the urban arterial trust account in the motor vehicle fund, and shall never constitute a charge against any allocations of any other such funds in the motor vehicle fund to the state, counties, cities and towns unless and until the amount of the motor vehicle fund arising from the excise tax on motor vehicle fuels and distributed to the urban arterial trust account proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1967 ex.s. c 83 § 50.]

47.26.426 Bonds—Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.425, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s. c 83 § 51.]

47.26.427 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1967 ex.s. c 83 § 52.]

47.26.430 Expenditures from urban arterial trust account and bond proceeds in excess of amount apportionable to a region authorized. Notwithstanding the provisions of RCW 47.26.190 and 47.26.240, the urban arterial board may, in any biennium, subject to proper appropriations, approve expenditures from the urban arterial trust account for construction of projects on urban arterials within a region, the total amount of which including bond proceeds, exceeds the amount apportionable during the biennium to the region. The total amounts apportioned to each region through 1985 shall meet the apportionment requirements of RCW 47.26.190 and 47.26.240 for such period. [1967 ex.s. c 83 § 53.]

47.26.440 Budget for expenditures from urban arterial trust account—Estimate of revenues—Submission to highway commission—Revision—Submission to governor and legislature. Not later than November 1 of each even-numbered year the urban arterial board shall prepare and present to the state highway commission a recommended budget for expenditures from the urban arterial trust account during the ensuing biennium. The budget shall contain an estimate of the revenues to be credited to the urban arterial trust account and the amount, if any, of bond proceeds which the board determines should be made available to the urban arterial trust account through the sale of bonds in the ensuing biennium.

The state highway commission shall review the budget as recommended, revise the same as it deems proper and
include the budget for the urban arterial board as revised as a separate section of the state highway commission budget which it shall submit to the governor and the legislature at the time of its convening. [1967 ex.s. c 83 § 54.]

47.26.450 Inclusion of portion of construction program for next biennial period in budget—Approval of urban arterial trust funds to be expended—Additional projects. At the time the urban arterial board reviews the six-year program of each county and city each even-numbered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 47.26.440, the portion of the urban arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve urban arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 47.26.240. The board shall authorize urban arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been completed and the construction project is to be placed under contract. At such time the board may reserve urban arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The urban arterial board may, within the constraints of available urban arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting local government that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the local government was developed. Such proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW 47.26.220. [1973 1st ex.s. c 126 § 3; 1969 ex.s. c 171 § 6.]

47.26.460 Increase in urban arterial trust account funds allocated to a project—Regulations—Factors. Whenever the board approves an urban arterial project it shall determine the amount of urban arterial trust account funds to be allocated for such project. The allocation shall be based upon information contained in the six-year plan submitted by the county or city seeking approval of the project and upon such further investigation as the board deems necessary. The board shall adopt reasonable regulations pursuant to which urban arterial trust account funds allocated to a project may be increased upon a subsequent application of the county or city constructing the project. The regulations adopted by the board shall take into account, but shall not be limited to, the following factors: (1) The financial effect of increasing the original allocation for the project upon other urban arterial projects either approved or requested; (2) whether the project for which an additional allocation is requested can be reduced in scope while retaining a usable segment; (3) whether the original cost of the project shown in the applicant's six-year program was based upon reasonable engineering estimates; and (4) whether the requested additional allocation is to pay for an expansion in the scope of work originally approved. [1969 ex.s. c 171 § 7.]

47.26.900 Severability—1967 ex.s. c 83. If any provision of this 1967 amendatory act or the application thereof to any person, firm, or corporation or circumstance is held invalid, in whole or in part, such invalidity shall not affect other provisions of the act which can be given effect without the invalid provisions or application and to this end the provisions of this 1967 amendatory act are declared to be severable. [1967 ex.s. c 83 § 55.]

47.26.910 Effective dates—1967 ex.s. c 83. This 1967 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions and sections 1 through 55 and section 56, renumbered "Sec. 62", shall take effect on the first day of the month following the approval of this act by the governor; sections 56 through 61 shall take effect on July 1, 1967 with respect to fees paid on or after July 1, 1967. Fees paid pursuant to RCW 46.16.070, 46.16.072, 46.16.075 or 46.16.120 prior to July 1, 1967 shall not be affected by this act. [1967 ex.s. c 83 § 62.]

Reviser's note: (1) "sections 1 through 55" (1967 ex.s. c 83) are codified as chapter 47.26 RCW, RCW 35.77.010, 36.81.121, 46.68.100, 46.68.150, 82.36.020, 82.36.100, 82.37.100, 82.37.190, 82.40.020 and 82.40.290. (2) "sections 56 through 61" (1967 ex.s. c 83) consist of RCW 46.16.070, 46.16.111, 46.16.121, 46.16.040, 46.16.125 and the repeal of 46.16.072, 46.16.075, 46.16.110 and 46.16.120.

47.26.930 Construction—1969 ex.s. c 171. The rule of strict construction shall have no application to this 1969 act or to the provisions of chapter 47.26 RCW, and they shall be liberally construed in order to carry out an effective, efficient and equitable program of financial assistance to urban area cities and counties for arterial roads and streets. [1969 ex.s. c 171 § 8.]
47.28.020 Width of right of way. From and after April 1, 1937, the width of one hundred feet is the necessary and proper right of way for state highways unless the highway commission, for good cause, may adopt and designate a different width. This section shall not be construed to require the highway commission to acquire increased right of way for any state highway in existence on such date. [1961 c 13 § 47.28.020. Prior: 1937 c 53 § 30; RRS § 6400-30; 1913 c 65 § 8; RRS § 6831.]

47.28.025 Description and plan of new or limited access highway—Recording. Whenever any authority in behalf of the state shall establish the location, width and lines of any new highway, or declare any such new highway as a limited access facility, it may cause the description and plan of any such highway to be made, showing the center line of said highway and the established width thereof and attach thereto a certified copy of the resolution, and thereupon such description, plan and resolution shall be recorded in the office of the county auditor of the proper county in a separate book kept for such purposes, which shall be furnished to the county auditor of such county by the Washington state highway commission at the expense of the state. [1961 c 13 § 47.28.025. Prior: 1955 c 161 § 1.]

47.28.026 Description and plan of new or limited access highway—Buildings and improvements prohibited. No owner or occupier of lands, buildings or improvements shall erect any buildings or make any improvements within the limits of any such highway, location, width and lines of which have been established and recorded, as provided in RCW 47.28.025, and if any such erection and improvements shall be made, no allowances shall be had therefor by the assessment of damages. No permits for improvements within said limits shall be issued by any authority: Provided, That the establishment of any highway location as set forth in RCW 47.28.025 shall be ineffective after one year from the filing thereof if no action to condemn or acquire the property within said limits has been commenced within said time. [1961 c 13 § 47.28.026. Prior: 1955 c 161 § 2.]

47.28.030 Contracts—Day labor—Monetary limits—Small businesses and minority contractors—Rules and regulations. A state highway shall be constructed, altered, repaired, or improved by contract or day labor. The work may be done by day labor when the estimated cost thereof is less than fifteen thousand dollars: Provided, When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by day labor when the estimated cost thereof is less than twenty-five thousand dollars. When the state highway commission determines to do the work by day labor, it shall enter a resolution upon its records to that effect, stating the reasons therefor. To enable a larger number of small businesses and minority contractors to effectively compete for highway department contracts, the state highway commission may adopt rules and regulations providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed twenty-five thousand dollars. The rules and regulations adopted under this section:

(1) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(2) Need not require the furnishing of a bid deposit nor a performance bond, but in the event such a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, materialmen,
mechanics and subcontractors from the previous partial payment; and

(3) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient. [1973 c 116 § 1; 1971 ex.s. c 78 § 1; 1969 ex.s. c 180 § 2; 1967 ex.s. c 145 § 40; 1961 c 233 § 1; 1961 c 13 § 47.28.030. Prior: 1953 c 29 § 1; 1949 c 70 § 1, part; 1943 c 132 § 1, part; 1937 c 53 § 41, part; Rem. Supp. 1949 § 6400-41, part.]

47.28.040 Precontract preparation of maps, plans, and specifications—Filing. Before entering into any contract for the construction, alteration, repair or improvement of any state highway the highway commission shall cause the same to be surveyed throughout the entire length of such proposed construction, alteration, repair or improvement and cause to be prepared maps, plans and specifications, together with an estimate of the cost of such proposed work, and such information and directions as will enable a contractor to carry them out. The maps, plans, specifications and directions shall be approved by the highway commission and a copy thereof filed permanently in the office of the highway commission. [1961 c 13 § 47.28.040. Prior: 1937 c 53 § 32, part; RRS § 6400-32, part.]

47.28.050 Call for bids. Except as may be provided by rules and regulations adopted under RCW 47.28.030 as now or hereafter amended the Washington state highway commission shall publish a call for bids for the construction of the highway according to the maps, plans, and specifications, once a week for at least two consecutive weeks, next preceding the day set for receiving and opening the bids, in not less than one trade paper and one other paper, both of general circulation in the state. The call shall state the time, place, and date for receiving and opening the bids, give a brief description of the location and extent of the work, and contain such special provisions or specifications as the commission deems necessary: Provided, That when the estimated cost of any contract to be awarded is less than twenty-five thousand dollars, the call for bids need only be published in one paper of general circulation in the county where the major part of the work is to be performed: Provided further, That when the estimated cost of a contract to be awarded is seven thousand five hundred dollars or less, including the cost of materials, supplies, engineering, and equipment, the state highway commission need not publish a call for bids. [1973 c 116 § 2; 1969 ex.s. c 180 § 1; 1961 c 13 § 47.28.050. Prior: 1959 c 319 § 33; 1955 c 147 § 1; 1937 c 53 § 33; RRS § 6400-33.]

47.28.060 Copy of map, plans, etc.—Charge. Any person, firm or corporation shall be entitled to receive copies of the maps, plans, specifications and directions for any work upon which call for bids has been published, upon written request therefor and payment to the highway commission of a reasonable sum as required by the highway commission in the call for bids for each copy of such maps, plans and specifications. Any money so received shall be certified by the highway commission to the state treasurer and deposited to the credit of the motor vehicle fund: Provided, That the highway commission may deliver with or without charge informational copies of maps, plans, specifications and directions at such places as it may from time to time designate. [1971 c 36 § 1; 1965 ex.s. c 64 § 1; 1961 c 13 § 47.28.060. Prior: 1937 c 53 § 34; RRS § 6400-34.]

47.28.070 Form of bid—Data required—Requirements—Refusal to furnish form—Appeal. Bid proposals upon any construction or improvement of any state highway shall be made upon contract proposal form supplied by the highway commission, and in no other manner. The highway commission shall, before furnishing any person, firm or corporation desiring to bid upon any work for which a call for bid proposals has been published, with a contract proposal form, require from such person, firm or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of such person, firm, or corporation in performing state highway, road or other public work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the highway commission may require. Whenever the highway commission is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the highway commission determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm or corporation shall have all of the following requirements:

(1) Adequate financial resources, or the ability to secure such resources;

(2) The necessary experience, organization, and technical qualifications to perform the proposed contract;

(3) The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;

(4) A satisfactory record of performance, integrity, judgment, and skills; and

(5) Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

Such refusal shall be conclusive unless appeal therefrom to the superior court of Thurston county be taken within five days, which appeal shall be heard summarily within ten days after the same is taken and on five days' notice thereof to the highway commission. [1967 ex.s. c 145 § 39; 1961 c 13 § 47.28.070. Prior: 1937 c 53 § 35; RRS § 6400-35.]

47.28.080 Withdrawal of bids—New bids—Time fixed in call controls. Any person, firm, or corporation proposing a bid for the construction or improvement
of any state highway in response to a call for bids published therefor may withdraw such bid proposal without forfeiture and without prejudice to the right of such bidder to file a new bid proposal before the time fixed for the opening of such bid proposals: Provided, That the request for such withdrawal shall have been made in writing, signed by the person proposing such bid or his duly authorized agent, and filed with the highway commission before the time fixed for the opening of such bid proposals. No bid proposal shall be considered which has not been filed with the highway commission before the time fixed for the opening of bid proposals. In any provisions regarding the filing or withdrawing of bid proposals the time fixed for the opening of bid proposals in the call for bid proposals as published shall control without regard for the time when such bid proposals are actually opened. [1961 c 13 § 47.28.080. Prior: 1937 c 53 § 36; RRS § 6400-36.]

47.28.090 Opening of bids and award of contract—Deposit. At the time and place named in the call for bids the Washington state highway commission shall publicly open and read the entire bids in each of the bid proposals properly filed and read only the bid items on the three lowest bids, and shall award the contract to the lowest responsible bidder unless the commission has, for good cause, continued the date of opening bids to a day certain, or rejected said bids: Provided, That any bid may be rejected if the bidder has previously defaulted in the performance of and failed to complete a written public contract, or has been convicted of a crime arising from a previous public contract: And provided further, That notwithstanding any other provision of law, the highway commission, in awarding contracts for which bids have been accepted prior to July 1, 1971, for construction of ferries for the Washington state ferry system, may consider the bid of the lowest responsible bidder operating shipbuilding facilities and proposing to build such ferries in the state of Washington by evaluating and including the projected direct and indirect tax revenues generated by construction of the ferries within the state. Moneys expended to meet the added cost incurred as a consequence of the award of a contract authorized by this proviso shall come from such funds as may be available. All bids shall be under sealed cover and accompanied by deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent of the amount of the bid and no bid shall be considered unless the deposit is enclosed therewith. [1971 ex.s. c 21 § 2; 1961 c 13 § 47.28.090. Prior: 1955 c 83 § 1; 1949 c 64 § 1; 1937 c 53 § 37; Rem. Supp. 1949 § 6400-37.]

Legislative finding, intent—1971 ex.s. c 21: "The legislature finds the award of contracts to construct new ferries to persons intending to construct such ferries within the state will serve not only the public transportation needs of the state but also generate an increase in employment, salaries, wages, purchases, and general business activity which will cause a general increase in the tax revenues of the state. It is the intent of this act to effectively recognize all the benefits to the people of the state when contracts for the construction of ferries are awarded to persons intending to construct such ferries within the state and to provide for the consideration of such benefits in awarding a contract for construction. It is the further intent of this act to respond to the severe and extraordinary problem of unemployment which presently faces the citizens of the state and which diminishes the strength of the public institutions which serve the welfare of all the people of the state." [1971 ex.s. c 21 § 1.] This applies to the amendment to the above section by 1971 ex.s. c 21 § 2.

47.28.100 Contract and bond—Forfeiture and return of deposits—Rejection of all bids—Readvertisement. If the successful bidder fails to enter into the contract and furnish satisfactory bond as by law provided within twenty days from the award, exclusive of the day of the award, his deposit shall be forfeited to the state and be deposited by the state treasurer to the credit of the motor vehicle fund, and the highway commission may award the contract to the second lowest responsible bidder. If the second lowest responsible bidder fails to enter into the contract and furnish bond within twenty days after award to him, forfeiture of his deposit shall also be made and the contract may be awarded to the third lowest responsible bidder, and in like manner until the contract and bond are executed by a responsible bidder to whom award is made, or further bid proposals are rejected, or the number of bid proposals are exhausted: Provided, That if the contract is not executed or no contractor's bond provided within the time required, and there appear circumstances which are deemed to warrant an extension of time, the commission may extend the time for execution of the contract or furnishing bond for not to exceed twenty additional days. After awarding the contract the deposits of unsuccessful bidders shall be returned: Provided, That the commission may retain the deposit of the next lowest responsible bidder or bidders as it desires until such time as the contract is entered into and satisfactory bond provided by the bidder to whom award was ultimately made.

If in the opinion of the commission the acceptance of the bid of the lowest responsible bidder or bidders, or on prior failure of the lowest responsible bidder or bidders, the acceptance of the bid of the remaining lowest responsible bidder or bidders will not be for the best interest of the state, it may reject all bids or all remaining bids and republish call for bids in the same manner as for an original publication thereof. [1961 c 13 § 47.28.100. Prior: 1953 c 53 § 1; 1937 c 53 § 38; RRS § 6400-38.]

47.28.110 Sureties—Qualifications—Additional sureties. At any time and as often as it may be deemed necessary, the highway commission may require any or all sureties or any surety company to appear and qualify themselves upon any contractor's bond. Whenever such surety or sureties upon any contractor's bond become insufficient or may be deemed to have become insufficient, the commission may direct and indirect tax revenues generated by construction of the ferries within the state. Moneys expended to meet the added cost incurred as a consequence of the award of a contract authorized by this proviso shall come from such funds as may be available. All bids shall be under sealed cover and accompanied by deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent of the amount of the bid and no bid shall be considered unless the deposit is enclosed therewith. [1971 ex.s. c 21 § 2; 1961 c 13 § 47.28.090. Prior: 1955 c 83 § 1; 1949 c 64 § 1; 1937 c 53 § 37; Rem. Supp. 1949 § 6400-37.]

Legislative finding, intent—1971 ex.s. c 21: "The legislature finds the award of contracts to construct new ferries to persons intending to construct such ferries within the state will serve not only the public transportation needs of the state but also generate an increase in employment, salaries, wages, purchases, and general business activity which will cause a general increase in the tax revenues of the state. It is the intent of this act to effectively recognize all the benefits to the people of the state when contracts for the construction of ferries are awarded to persons intending to construct such ferries within the state and to provide for the consideration of such benefits in awarding a contract for construction. surety as required is furnished. [1961 c 13 § 47.28.110. Prior: 1937 c 53 § 39; RRS § 6400-39.]

47.28.120  Actions for labor and materials—Limitation of action. Any contracting person, firm or corporation performing any labor or furnishing any materials upon their contract or otherwise for public work or improvement under the direction of the highway commission or any person claiming any right of action upon any such contract with the state of Washington or who claims a cause of action against the state of Washington arising out of any such contract must bring such suit in the proper court in Thurston county before the expiration of one hundred and eighty days from and after the final acceptance and the approval of the final estimate of such work by the highway commission; otherwise such action shall be forever barred. [1961 c 13 § 47.28.120. Prior: 1937 c 53 § 40; RRS § 6400-40.]

47.28.140  Agreements to benefit or improve highways, roads or streets, establish urban public transportation system—Labor or contract—Costs. When in the opinion of the governing authorities representing the state department of highways and any agency, instrumentality, municipal corporation or political subdivision of the state of Washington, any highway, road or street will be benefited or improved by constructing, reconstructing, locating, relocating, laying out, repairing, surveying, altering, improving or maintaining, or by the establishment adjacent to, under, upon, within or above any portion of any such highway, road or street of an urban public transportation system, by either the said highway department or any agency, instrumentality, municipal corporation or political subdivision of the state, and it is in the public interest to do so, the authorities may enter into cooperative agreements wherein either agrees to perform the work and furnish the materials necessary and pay the costs thereof, including necessary engineering assistance, which costs and expenses shall be reimbursed by the party whose responsibility it was to do or perform such work or improvement in the first instance. Said work may be done by either day labor or contract, and the cooperative agreement between the parties shall provide for the method of reimbursement. In the case of some special benefit or improvement to a state highway derived from the construction of any public works project, including any urban public transportation project, the department of highways may contribute to the cost thereof by making direct payment to the particular state department, agency, instrumentality, municipal corporation or political subdivision on the basis of benefits received, but such payment shall be made only after a cooperative agreement has been entered into for a specified amount or on an actual cost basis prior to the commencement of said particular public works project. [1967 c 108 § 6; 1961 c 13 § 47.28.140. Prior: 1955 c 384 § 8.]

Urban public transportation system defined: RCW 47.04.082.

47.28.150  Underpasses, overpasses constructed with aid of federal funds—Apportionment of maintenance cost between railroad and state. Notwithstanding any of the provisions of RCW 81.53.090, where the cost of constructing an overpass or underpass which is part of the state highway system has been paid for in whole or in part by the use of federal funds, the state shall at its expense maintain the entire overpass structure and the approaches thereto, and the railroad company shall at its expense maintain the entire underpass structure, including the approaches thereto. The state shall at its expense maintain the roadway, and the railroad company shall at its expense maintain its roadbed and tracks on or under all such structures. [1961 c 13 § 47.28.150. Prior: 1959 c 319 § 34.]

47.28.170  Emergency protection and restoration of highways. (1) Whenever the state highway commission finds that as a consequence of accident, natural disaster, or other emergency, an existing state highway is in jeopardy or is rendered impassible in one or both directions and the commission further finds that prompt reconstruction, repair, or other work is needed to preserve or restore the highway for public travel, the highway commission may authorize the department of highways to obtain at least three written bids for the work without publishing a call for bids and to award a contract forthwith to the lowest responsible bidder.

The department of highways shall notify any association or organization of contractors filing a request to regularly receive notification. Notification to an association or organization of contractors shall include: (a) The location of the work to be done; (b) the general anticipated nature of the work to be done; and (c) the date determined by the department as reasonable in view of the nature of the work and emergent nature of the problem after which the department will not receive bids.

(2) Whenever the state highway commission finds it necessary to protect a highway facility from imminent damage or to perform emergency work to reopen a highway facility, the highway commission may authorize the department of highways to contract for such work on a negotiated basis not to exceed force account rates for a period not to exceed thirty working days.

(3) When the engineer's estimate of the cost of work authorized in either subsections (1) or (2) of this section is less than one hundred thousand dollars, the director of highways may make findings as provided hereinabove and pursuant thereto the department of highways may award contracts as authorized by this section.

(4) Any person, firm, or corporation awarded a contract for work must be prequalified pursuant to RCW 47.28.070 and may be required to furnish a bid deposit or performance bond. [1971 ex.s. c 89 § 1.]

Chapter 47.30  Trails and Paths
Facilities for pedestrians, equestrians or bicyclists authorized—Expenditure of available funds. Where an existing highway severs, or where the right of way of an existing highway accommodates a trail for pedestrians, equestrians or bicyclists or where the separation of motor vehicle traffic from pedestrians, equestrians, or bicyclists will materially increase the motor vehicle safety the provision of facilities for pedestrians, equestrians, or bicyclists which are a part of a comprehensive trail plan adopted by federal, state, or local governmental authority having jurisdiction over the trail is hereby authorized. The state highway commission, or the county or city having jurisdiction over the highway, road, or street, or facility is further authorized to spend [expend] reasonable amounts out of the funds made available to them, according to the provisions of RCW 46.68.100, as necessary for the planning, accommodation, establishment, and maintenance of such facilities. [1974 ex.s. c 141 § 12; 1972 ex.s. c 103 § 2.]

Severability—1972 ex.s. c 103: "If any provision of this 1972 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1972 ex.s. c 103 § 8.] This applies to the 1972 ex.s. amendments to RCW 46.68.070, 46.68.120 and 46.68.130, and to RCW 47.30.030-47.30.060.

Establishing paths and trails—Factors to be considered. Before establishing paths and trails, the following factors shall be considered:

1. Public safety;
2. The cost of such paths and trails as compared to the need or probable use;
3. Inclusion of the trail in a plan for a comprehensive trail system adopted by a city or county in a state or federal trails plan. [1972 ex.s. c 103 § 3.]

Severability—1972 ex.s. c 103: See note following RCW 47.30.030.

Expenditures for paths and trails—Minimum amount. The amount expended by the highway department or by a city, town, or county as authorized by RCW 47.30.030 shall never in any one fiscal year be less than one-half percent of the total amount of funds received from the motor vehicle fund according to the provisions of RCW 46.68.100: Provided, That this section does not apply to a city or town in any year in which the one-half percent equals five hundred dollars or less, or to a county in any year in which the one-half percent equals three thousand dollars or less: Provided further, That a city, town or county in lieu of expending the funds each year may credit the funds to a financial reserve or special fund, to be held for not more than ten years, and to be expended for the purposes required or permitted by RCW 47.30.030. [1972 ex.s. c 103 § 4.]

Severability—1972 ex.s. c 103: See note following RCW 47.30.030.
47.30.060 Expenditures deemed to be for highway, road and street purposes—Powers and duties of state highway department—Restrictions on use of paths and trails. For the purposes of this chapter, the establishment of paths and trails and the expenditure of funds as authorized by RCW 47.30.030 shall be deemed to be for highway, road and street purposes. The department of highways shall, when requested, and subject to reimbursement of costs, provide technical assistance and advice to cities, towns, and counties in carrying out the purposes of RCW 47.30.030. The department shall recommend construction standards for paths and trails. The department shall provide a uniform system of signing paths and trails which shall apply to paths and trails under the jurisdiction of the department and of cities, towns, and counties. The department and cities, towns, and counties may restrict the use of paths and trails under their respective jurisdictions to pedestrians, equestrians, and nonmotorized vehicles. [1972 ex.s. c 103 § 5.]

Severability—1972 ex.s. c 103: See note following RCW 47.30.030.

47.32.010 Order to remove obstructions—Removal by state. Whenever the highway commission shall determine and order that it is necessary for the convenience and safety of public travel and the use of (or construction, alteration, repair, improvement or maintenance of) any state highway to have the full width of right of way of any such state highway or of any portion of the right of way of any such state highway free from any and all obstructions, encroachments and occupancy, other than pole lines, pipe lines or other structures maintained therefor for public or quasi public utilities by virtue of a valid franchise, and shall cause due notice of such order to be given as provided by law, such obstructions, encroachments and means of occupancy, and any structure, building, improvement or other means of occupancy of any of the right of way of said state highway not removed within the time allowed by law shall become thereby and be an unlawful property and may be confiscated, removed and sold or destroyed by the state of Washington according to procedure as hereinafter provided, without any right in anyone to make any claim therefor, either by reason of the removal thereof or otherwise. It shall be unlawful for any person to keep, maintain or occupy any such unlawful structure. [1961 c 13 § 47.32.010. Prior: 1937 c 53 § 68; RRS § 6400-68.]

47.32.020 Notice of order, contents, posting—Return. Whenever the highway commission shall determine that the right of way of any state highway or any portion of the right of way of any state highway be made free from any and all obstructions, encroachments and occupancy it shall forthwith cause to be posted, by a competent person eighteen years of age or over upon any and all structures, buildings, improvements and other means of occupancy of such state highway or portion thereof, other than property of public or quasi public utilities, by virtue of a valid franchise, a notice bearing a copy of such order and dated as of the date of posting, to all whom it may concern to vacate such right of way and to remove all property therefrom forthwith and within ten days after the posting of such notice exclusive of the date of posting of the same, and shall require the filing with it of duplicate affidavits in proof of such postings, showing upon what structures, buildings, improvements or other means of occupancy of such state highway or portions thereof, respectively, copies of such notice were posted and the date of each such posting, sworn to by the person making such posting. [1971 ex.s. c 292 § 46; 1961 c 13 § 47.32.020. Prior: 1937 c 53 § 69; RRS § 6400-69.]

Severability—1971 ex.s. c 292: See note following RCW 26.28.010.

47.32.030 Proceedings in rem authorized—Records certified. In case the property or any thereof described in such notice is not removed from such right of way within ten days after the date of such posting, exclusive of the date of posting, all such property upon the right of way of said state highway or portion thereof shall thereupon become unlawful and the highway commission shall commence proceedings in the name of the state of Washington for the removal thereof by court action. The highway commission shall thereupon prepare two original copies of such order together with two copies of each of the notice posted and of the affidavits in proof of posting thereof and duplicate copies of a certificate by said highway commission describing with reasonable certainty and with due reference to the center line stationing of said state highway and to proper legal subdivisional points, each structure, building, improvement, encroachment or other means of occupancy, other than pole lines, pipe lines or other structures maintained for public or quasi public utilities, on the state highway or portion thereof specified in such order and remaining...
upon such right of way as aforesaid. Thereupon action shall be commenced in rem for the purpose of removal of all such unlawful property, in the superior court of the county in which such state highway or portion thereof containing such structures is situated, entitled and in the name of the state of Washington as plaintiff and describing each such unlawful structure, building, improvement, encroachment or other means of occupancy, which structures, buildings, improvements, encroachments or other means of occupancy shall be briefly named as defendants. [1961 c 13 § 47.32.030. Prior: 1937 c 53 § 70; RRS § 6400–70; prior: 1925 ex.s. c 131 § 3; RRS § 6837–3.]

47.32.040 Complaint, contents. The complaint shall, in such action, describe such property unlawfully remaining upon the right of way of such state highway or portion thereof with reasonable certainty by reference to the certificate of the highway commission, which shall be attached to and filed with said complaint, and praying that an order be entered for the removal from the right of way of such state highway or portion thereof of all the described property unlawfully thereon and the disposal thereof. [1961 c 13 § 47.32.040. Prior: 1937 c 53 § 71; RRS § 6400–71; prior: 1925 ex.s. c 131 § 4; RRS § 6837–4.]

47.32.050 Notice, action, service, contents—Proceedings void when. Service of such complaint shall be given by publication of notice thereof once a week for two successive weeks in a newspaper of general circulation in the county in which such action is commenced, which notice shall briefly state the objects of the action and contain a brief description of each structure, building, improvement, encroachment or other means of occupancy sought to be removed from the right of way of the state highway, describe such state highway or portion thereof by number and location and state the time and place when and where the action will come before the court or judge thereof; and a copy of such notice shall also be posted at least ten days before the date of hearing of such action upon each such structure, building, improvement, encroachment or other means of occupancy described therein. Posting may be made by any person qualified to serve legal process. Want of posting upon, or failure to describe any such structure, building, improvement, encroachment or other means of occupancy shall render subsequent proceedings void as to those not posted upon or described but all others described and posted upon shall be bound by the subsequent proceedings. [1961 c 13 § 47.32.050. Prior: 1937 c 53 § 72; RRS 6400–72; prior: 1925 ex.s. c 131 § 5; RRS § 6837–5.]

47.32.060 Hearing—Findings—Order—Appeal. At the time and place appointed for hearing upon said complaint, which hearing shall be by summary proceedings, if the court or judge thereof shall find that due notice has been given by posting and publication and that the order of the highway commission was duly made, and shall be further satisfied and find that the state highway or portion thereof described is legally a state highway having the width of right of way specified in such order and that the structure, buildings, improvements or other means of occupancy of such state highway or portion thereof as stated in the certificate of the highway commission do in fact encroach, or that any portion thereof encroach, upon such state highway right of way, the court or judge thereof shall thereupon make and enter an order establishing that each of the structures, buildings, improvements and other means of occupancy specified in such order is unlawfully maintained within the right of way and is subject to confiscation and sale and that the same be forthwith confiscated, removed from such right of way and sold, and providing that six days after the entry of such order, a writ shall issue out of said court directed to the sheriff of such county, commanding such sheriff to seize and remove from the right of way of said state highway each such structure, building, improvement or other means of occupancy specified in such order forthwith on receipt of writ based on said order and to take and hold the same in his custody for a period of ten days unless sooner redelevered as provided for by law and if not then so redelevered to sell the same at public or private sale and to pay the proceeds thereof into the registry of the court within sixty days after the issuance of such writ, and further in such action, including costs of posting original notices of the highway commission, the costs of posting and publishing notices of hearing as part thereof and any cost of removal, be paid by the clerk to the state treasurer and by him credited to the motor vehicle fund. Such order shall be filed with the clerk of such court and recorded in the minutes of said court and be final unless review thereof to the supreme court of the state be taken within five days after the filing thereof. [1961 c 13 § 47.32.060. Prior: 1937 c 53 § 73; RRS § 6400–73; prior: 1925 ex.s. c 131 § 7; RRS § 6837–7.]

47.32.070 Writ, execution of—Return—Disposition of unsold property. Six days after filing of the order above provided for, if no review thereof be taken to the supreme court or the court of appeals of the state, the clerk of the court shall issue under seal of such court a writ directed to the sheriff of the county in which such court is held commanding him to remove, take into custody and dispose of the property described in such order and make returns thereof as provided for such writ by said order. On receipt of such writ it shall be the duty of such sheriff to obey the command thereof, proceed as therein directed and make return within the time fixed by such writ; and said sheriff shall be liable upon his official bond for the faithful discharge of such duties. Upon filing of such return the clerk of court shall make payments as provided for in the order of court. If by the sheriff's return any of the property seized and removed pursuant to such writ is returned as unsold and as of no sale value, and if the court or judge thereof be satisfied that such is the fact, the court or judge thereof may make further order directing the destruction of such property, otherwise directing the sheriff to give new notice and again offer the same for sale, when, if not sold, the same may on order of court be destroyed. 47.32.070 Title 47: Public Highways

53 § 74; RRS § 6400–74; prior: 1925 ex.s. c 131 § 8; RRS § 6837–8.]

47.32.080 Property reclaimed—Bond. At any time within ten days after the removal by virtue of such writ of any such property from the right of way of such state highway any person, firm, association or corporation claiming ownership or right of possession of any such property may have the right to demand and receive the same from the sheriff upon making an affidavit that such claimant owns such property or is entitled to possession thereof, stating on oath the value thereof satisfactory to said sheriff, or which value shall be raised to a value satisfactory to said sheriff, which value shall be indorsed on said affidavit and signed both by said claimant and said sheriff before such sheriff shall be required to accept the bond hereinafter provided for, and deliver to the sheriff a bond with sureties in double the value of such property, conditioned that such claimant will appear in the superior court of such county within ten days after the bond is accepted by the sheriff and make good such claim of title thereto and pay all accrued costs of service of notice to remove, all costs and disbursements to be assessed to such property and the costs of removal and custody thereof and will hold said sheriff and the state of Washington free from any and all claims on account of such property or will return such property or pay its value to said sheriff, and that such claimant will at all times thereafter keep such property off the right of way of the state highway in question. [1961 c 13 § 47.32.080. Prior: 1937 c 53 § 75; RRS § 6400–75; prior: 1925 ex.s. c 131 § 9; RRS § 6837–9.]

47.32.090 Sureties on bond—Hearing on claim. The sureties on such bond shall justify as in other cases if the sheriff requires it and in case they do not so justify when required, the sheriff shall retain and sell or dispose of the property; and if the sheriff does not require the sureties to justify, he shall stand good for their sufficiency. He shall date and indorse his acceptance upon the bond, and shall return the affidavit, bond and justification, if any, to the office of the clerk of such superior court, whereupon such clerk shall set the hearing thereof as a separate case for trial, in which such claimant shall be the plaintiff and the sheriff and the state of Washington defendants: Provided, That no costs shall, in such case, be assessed against the sheriff or the state of Washington in the event the plaintiff should prevail. [1961 c 13 § 47.32.090. Prior: 1937 c 53 § 76; RRS § 6400–76; prior: 1925 ex.s. c 131 § 10; RRS § 6837–10.]

47.32.100 Procedure when claimant wins or loses. If the claimant makes good such claimant's title to or right to possession of the property, upon payment into the registry of the court, of the costs of service or posting of original notice issued by the highway commission with respect to such property, the cost of posting notice of hearing in such court and such proportion of the cost of publication of such notice as the court may fix and direct to be entered and the clerk's fees of filing such affidavit and bond as a separate action and of entry of judgment therein at the amounts provided for in civil actions, judgment shall be entered restoring such property to such claimant without any confirmation of title as to any other claimant thereto, relieving the sheriff from necessity of selling the same and making return thereon, and continuing the effect of such bond for a period of six years thereafter for the benefit of such adverse claimants to said property, if any, as may thereafter make claim to such property. If such claimant shall not make good such claim of title to or right to possession of such property, judgment shall be rendered against such claimant and the sureties of such claimant for the value of such property as finally shown by the affidavit as above provided for, together with such fees for filing such affidavit and bond as a separate action and for entry of judgment therein and other costs and disbursements as taxed in any civil action including the statutory attorney fee as part thereof, for all of which execution may accordingly issue, and relieving the sheriff from the necessity of selling such property or making return thereon. [1961 c 13 § 47.32.100. Prior: 1937 c 53 § 77; RRS § 6400–77; prior: 1925 ex.s. c 131 § 11; RRS § 6837–11.]

47.32.110 Merchandising structures—Permit—Removal. It shall be unlawful for any person to build, erect, establish, operate, maintain or conduct along and upon the right of way of any state highway any platform, box, stand or any other temporary or permanent device or structure used or to be used for the purpose of receiving, vending or delivering any milk, milk cans, vegetables, fruits, merchandise, produce or any other thing or commodity of any nature unless a permit therefor shall have first been obtained from the highway commission. The highway commission shall in each instance determine where any platform, box, stand or any other temporary or permanent device or structure shall be permitted and upon the existence of any such device or structure without a permit first obtained, the same shall be considered an obstruction unlawfully upon the right of way of such state highway and the highway commission may proceed to effect the removal of the same. [1961 c 13 § 47.32.110. Prior: 1937 c 53 § 78; RRS § 6400–78; 1927 c 309 § 48; RRS § 6362–48; 1923 c 181 § 10; RRS § 6358–1.]

47.32.120 Business places along highway. It shall be unlawful for any person to erect a structure or establishment or maintain a business, the nature of which requires the use by patrons or customers of property adjoining such structure or establishment unless such structure or establishment be so located at a distance from the right of way of any state highway that none of the right of way thereof is required for the use of the patrons or customers of any such establishment. Any such structure erected or business maintained which makes use of or tends to invite patrons to make use of the right of way or any portion thereof of any state highway by occupying the same while a patron, is a public nuisance and the highway commission may fence the right of way of such state highway to prevent such unauthorized use thereof. [1961 c 13 § 47.32.120. Prior: 1937 c 53 § 79; RRS § 6400–79.]

[Title 47—p 80]
47.32.130 Dangerous objects and structures as nuisances—Logs—Abatement—Removal. (1) Whenever there shall exist upon the right of way of any state highway or off the right of way thereof in sufficiently close proximity thereto, any structure, device or natural or artificial thing which threatens or endangers such state highway or portion thereof, or which tends to endanger persons traveling thereon, or obstructs or tends to obstruct or constitutes a hazard to vehicles or persons traveling thereon, such structure, device or natural or artificial thing is hereby declared to be a public nuisance and the highway commission is empowered to take such action as may be necessary to effect the abatement of the same. Any such structure, device or natural or artificial thing considered by the highway commission to be immediately or eminently dangerous to travel upon a state highway may be forthwith removed and such removal shall in no event constitute a breach of the peace or trespass.

(2) Logs dumped on any state highway roadway or in any state highway drainage ditch due to equipment failure or for any other reason shall be removed immediately. Logs remaining within the state highway right of way for a period of thirty days shall be confiscated and removed or disposed of as directed by the highway commission. [1961 c 13 § 47.32.130. 47.32.140 Railroad crossings, obstructions—Hearing. Each railroad company shall keep its right of way clear of all brush and timber in the vicinity of a railroad grade crossing with a state highway for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. The Washington state highway commission shall cause brush and timber to be cleared from the right of way of a state highway in the proximity of a railroad grade crossing for a distance of one hundred feet from the crossing in such manner as to permit a person upon the highway to obtain an unobstructed view in both directions of an approaching train. It shall be unlawful to erect or maintain a sign, signboard, or billboard, except official highway signs and traffic devices and railroad warning or operating signs, at or near a grade crossing of a state highway and a railroad or within a distance of five hundred feet from the point of intersection of such highway and railroad.

When a person who has erected or who maintains such a sign, signboard, or billboard or who erects such brush or timber on a railroad company permits such brush or timber in the vicinity of a railroad grade crossing with a state highway or permits the surface of a grade crossing to become inconvenient or dangerous for passage and who has the duty to maintain it, fails, neglects, or refuses to remove or cause to be removed such brush, timber, sign, signboard, or billboard, or maintain the surface of the crossing, the utilities and transportation commission upon complaint of the highway commission or upon complaint of any party interested, or upon its own motion, shall enter upon a hearing in the manner now provided for hearings with respect to railroad–highway grade crossings, and make and enforce proper orders for the removal of the brush, timber, sign, signboard or billboard, or maintenance of the crossing: Provided, That nothing in this section shall prevent the posting or maintaining of any legal notice or sign, signal, or traffic device required or permitted to be posted or maintained, or the placing and maintaining thereon of highway or road signs or traffic devices giving directions or distances for the information of the public when the signs are approved by the commission. The commission shall inspect highway grade crossings and make complaint of the violation of any provisions of this section. [1961 c 13 § 47.32.140. 47.32.150 Approach roads, other appurtenances—Permit. No person, firm or corporation shall hereafter be permitted to build or construct on state highway rights of way any approach road or any other facility, thing or appurtenance not heretofore permitted by law, without first obtaining written permission from the highway commission of this state. [1961 c 13 § 47.32.150. Prior: 1947 c 201 § 1; Rem. Supp. 1947 § 6402–50.]

47.32.160 Approach roads, other appurtenances—Rules and regulations—Construction, maintenance of approach roads. The highway commission is hereby authorized and empowered at its discretion to adopt reasonable rules and regulations and issue permits, not inconsistent with previous laws in effect, for the construction of any approach road, facility, thing or appurtenance, upon state highway rights of way. Such rules and regulations and such permits may include, but need not be limited to include, provisions for construction of culverts under approaches, requirements as to depth of fills over culverts, and requirements for such drainage facilities insofar as the said commission may deem any of such provisions or requirements to be necessary, and any such permit issued may contain such terms and conditions as may be prescribed. All such construction shall be under the supervision of the highway commission and at the expense of the applicant. After completion of the construction of the particular approach road, facility, thing or appurtenance, the same shall be maintained at the expense of the applicant and in accordance with the directions of the highway commission. [1961 c 13 § 47.32.160. Prior: 1947 c 201 § 2; Rem. Supp. 1947 § 6402–51.]

(2) Size of signs:

(a) The maximum area for any one sign shall be six hundred seventy-two square feet with a maximum height of twenty-five feet and maximum length of fifty feet inclusive of any border and trim but excluding the base or apron, supports and other structural members: Provided, That cut-out extensions and extensions may add up to twenty percent of additional sign area.

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures an official traffic sign, device, or signal.

(d) All such lighting shall be subject to any other provisions relating to lighting of signs presently applicable to all highways under the jurisdiction of the state. [1975 1st ex.s. c 271 § 3; 1974 ex.s. c 154 § 2; 1974 ex.s. c 138 § 2; 1971 ex.s. c 62 § 7.]

If the sign is not removed within fifteen days after such posting, the commission, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall abate the nuisance and destroy the sign, and for that purpose may enter upon private property without incurring liability for so doing.

(4) Nothing in this section shall be construed to affect the provisions contained in RCW 47.42.102 requiring the payment of compensation upon the removal of any signs compensable under state law. [1975-76 2nd ex.s. c 55 § 1; 1971 ex.s. c 62 § 10; 1961 c 96 § 8.]

47.44.010 Wire and pipe line and tram and railway franchises—Application—Notice—Posting and publication. The highway commission or such persons as it may designate shall have the power to grant franchises to persons, associations, private or municipal corporations, the United States government or any agency thereof, to use any state highway for the construction and maintenance of water pipes, flume, gas pipes, telephone, telegraph and electric light and power lines and conduits, trams or railways, and any structures or facilities which are part of an urban public transportation system owned or operated by a municipal corporation, agency or department of the state of Washington other than the highway commission, and any other such facilities. All applications for such franchise shall be made in writing and subscribed by the applicant, and shall describe the state highway or portion thereof over which franchise is desired and the nature of the franchise. Upon the filing of any such applications, a notice of the filing shall be given in the county or counties in which any portion of the state highway upon which such franchise is applied for is located, at the expense of the applicant, by posting written or printed notice in a public place at the county seat of such county or counties and by publishing a like notice in two successive issues of a newspaper having a general circulation in such county or counties; which notice shall state the name or names of the applicant or applicants, and a description of the state highway or part thereof over which the franchise is applied for. It shall be the duty of the county auditor of the respective counties to cause such notices to be posted and published upon receipt and to file proof of such posting and publication with the highway commission.

Sufficient copies of the notice required by this section shall be sent directly to the county auditor of the respective counties. [1975 1st ex.s. c 46 § 1; 1967 c 108 § 7; 1963 c 70 § 1; 1961 ex.s. c 21 § 26; 1961 c 13 § 47.44.010. Prior: 1943 c 265 § 2; 1937 c 53 § 83; Rem. Supp. 1943 § 6400–83.]

47.44.020 Grant of franchise—Conditions—Hearing. When fourteen days have elapsed after the notice has been posted and published as required in RCW 47.44.010 as now or hereafter amended and if the highway commission or such persons as it may designate deems it to be for the public interest, the franchise may be granted in whole or in part, with or without hearing under such regulations and conditions as the commission may prescribe, with or without compensation, but not in excess of the reasonable cost for investigating, handling and granting the franchise. The commission or such persons as it may designate may require that the utility and appurtenances be so placed on the highway that they will, in its opinion, least interfere with other uses of the highway.

If a hearing is held, it shall be conducted by the commission or such persons as it may designate, and may be adjourned from time to time until completed. The applicant may be required to produce all facts pertaining to the franchise, and evidence may be taken for and against granting it.

The facility shall be made subject to removal when necessary for the construction, alteration, repair, or improvement of the highway and at the expense of the franchise holder, except that the state shall pay the cost of such removal whenever the state shall be entitled to receive proportionate reimbursement therefor from the United States in the cases and in the manner set forth in RCW 47.44.030. Renewal upon expiration of a franchise shall be by application and notice posted and published, and a hearing may or may not be conducted in the same manner as an original application. A person constructing or operating such a utility on a state highway is liable to any person injured thereby for any damages incident to the work of installation or the continuation of the occupancy of the highway by the utility, and except as provided above, is liable to the state for all necessary expenses incurred in restoring the highway to a permanent suitable condition for travel. No franchise shall be granted for a longer period than fifty years, and no

exclusive franchise or privilege shall be granted. [1975 1st ex.s.c 46 § 2; 1961 c 13 § 47.44.020. Prior: 1959 c 330 § 1; 1937 c 53 § 84; RRS § 6400-84.]

47.44.030 Removal of facilities—Notice—Reimbursement of owner when national system involved. If the highway commission deems it necessary that such a facility be removed from the highway for the safety of persons traveling thereon or for construction, alteration, improvement, or maintenance purposes, it shall give notice to the franchise holder to remove the facility at his expense and as the highway commission orders: Provided, That notwithstanding any contrary provision of law or of any existing or future franchise held by a public utility, the state highway commission shall pay or reimburse the owner for relocation or removal of any publicly, privately or cooperatively owned public utility facilities when necessitated by the construction, reconstruction, relocation or improvement of a highway which is part of the national system of interstate and defense highways for each item of cost for which the state shall be entitled to be reimbursed by the United States in an amount equal to at least ninety percent thereof under the provisions of section 123, federal aid highway act of 1958, and any other subsequent act of congress under which the state shall be entitled to be reimbursed by the United States in an amount equal to at least ninety percent of the cost of relocation of utility facilities on said national system of interstate and defense highways.

47.44.031 Removal of facilities—Limitation. The provisions of RCW 47.44.030 authorizing the state highway commission to pay or reimburse the owner of a utility shall apply only to relocation or removal of utility facilities required by state construction contracts which are advertised for bids by the state highway commission after June 30, 1959.

47.44.040 Franchises across joint bridges. Whenever any bridge shall exist on the route of any state highway and crosses any stream, body of water, gulch, navigable water, swamp or other topographical formation constituting the boundary of a county, city or town of this state or the boundary of this state and the same is owned or operated by this state jointly with any such county, city or town or with any municipal corporation of this state, or with such other state or with any county, city or town of such other state, the highway commission is empowered to join with the proper officials of such county, city or town or such municipal corporation of this state or of such other state or of such county, city or town of such other state in granting franchises to persons or private or municipal corporations for the construction and maintenance thereon of water pipes, flumes, gas pipes, telephone, telegraph and electric light and power lines and conduits, trams and railways, and any structures or facilities which are part of an urban public transportation system owned or operated by a municipal corporation, agency or department of the state of Washington other than the highway commission, or any other such facilities. All such franchises shall be granted in the same manner as provided for the granting of like franchises on state highways. Any revenue accruing to the state of Washington from such franchises shall be paid to the state treasurer and by him deposited to the credit of the fund from which this state's share of the cost of joint operation of such bridge is paid.

47.44.050 Permit for short distances. The highway commission is empowered to grant a permit to construct or maintain on, over, across or along any state highway any water, gas, telephone, telegraph, light, power or other such facilities when the same does not extend along such state highway for a distance greater than three hundred feet. The highway commission may require such information as it deems necessary in the application for any such permit and may grant or withhold the permit within its discretion. Any permit granted may be canceled at any time and any facilities remaining upon the right of way of such state highway after thirty days written notice of such cancellation shall be an unlawful obstruction and may be removed in the manner provided by law.

[1961 c 13 § 47.44.050. Prior: 1943 c 265 § 3; 1937 c 53 § 87; Rem. Supp. 1943 § 6400-87.]

47.44.060 Penalty. Any person, firm or corporation who shall construct or maintain on, over, across or along any state highway any water pipe, flume, gas pipe, telegraph, telephone, electric light or power lines, or tram or railway, or any other such facilities, without having first obtained and having at all times in full force and effect a franchise or permit to do so in the manner provided by law shall be guilty of a misdemeanor and each day of violation shall be a separate and distinct offense.

[1961 c 13 § 47.44.060. Prior: 1943 c 265 § 1; 1937 c 53 § 82; Rem. Supp. 1943 § 6400-82.]

47.44.070 Franchises to use toll facility property. See RCW 47.56.256.

47.44.080 Payment for costs of relocating utilities within right-of-way of interstate highways—Legislative finding. The legislature finds that federal regulations governing the construction, reconstruction, repair, alteration, relocation and improvement of the national system of defense and interstate highways, funded in large part by funds of the United States, require substantial removal and relocation of the facilities of local utilities. The removal and relocation of these facilities in Washington, necessary to serve the national need for safe interstate highways, cost millions of dollars. The congress, accepting a national interstate highway system as a national commitment to be paid for nationally, has provided federal funds to pay the great bulk of the costs—including the costs of removing and relocating utility facilities where payment of such costs is permitted by state law. Thus the cost of utility facility removal and
relocation was intended to be part of the national highway commitment, rather than a burden to the utility rate payers of this state.

The legislature further finds that it is in the public interest and for a public purpose that utilities owning such facilities be paid or reimbursed for the relocation and removal costs so that federal moneys might be obtained and Washington tax and utility rate payers pay no more than their fair share for the national highway program. Receipt of federal funds will benefit utility rate payers who make up the public and will not confer a significant benefit on utility owners. [1971 ex.s. c 262 § 1.]

47.44.090 Payment for costs of relocating utilities within right-of-way of interstate highways—Federal-aid utility relocation fund. There is hereby established in the state treasury a special fund, to be known as the federal-aid utility relocation fund and to be administered by the state highway commission in accordance with the provisions of RCW 47.44.080 through 47.44.140. The special fund is and shall be administered as a separate and special fund of a proprietary nature. There shall be appropriate accounts and subaccounts within the fund, as required by sound accounting practices, including but not limited to individual accounts for each of the several utilities making payments to the fund as hereinafter provided. The special fund shall not be a part of the general fund of the state nor of the state motor vehicle fund, and in no event shall any of the general fund or the motor vehicle fund be used in connection with RCW 47.44.080 through 47.44.140. [1971 ex.s. c 262 § 2.]

47.44.100 Payment for costs of relocating utilities within right-of-way of interstate highways—Contributions and advances to fund. Contributions and advances may be made to the federal-aid utility relocation fund by publicly, privately or cooperatively owned utilities, and shall be credited to individual accounts for those utilities. The contributions and advances shall be accepted on such terms and conditions as are appropriate for the purposes of carrying out RCW 47.44.080 through 47.44.140. All moneys received by the fund shall upon receipt become funds of the state, subject, however, to the provisions of RCW 47.44.080 through 47.44.140. [1971 ex.s. c 262 § 3.]

47.44.110 Payment for costs of relocating utilities within right-of-way of interstate highways—Use of fund moneys, limitations. Moneys in the federal-aid utility relocation fund shall be used as follows:

(1) To pay the cost of administering the provisions of RCW 47.44.080 through 47.44.140, which cost shall be equitably apportioned among and paid from the individual accounts of the participating utilities;

(2) To pay the costs of relocation and removal of utility facilities required by the construction, reconstruction, repair, alteration, relocation and improvement of interstate highways, notwithstanding any contrary provision of law or of any existing or future franchise held by any

publicly, privately or cooperatively owned utility, but subject to the following limitations:

(a) No payment shall be made except in connection with the removal and relocation of facilities pursuant to highway commission order and except upon the presentation of evidence satisfactory to the state highway commission substantiating utility expenditures for removal or relocation; and

(b) No payment shall be made from the individual account of any utility which exceeds the total moneys in such individual account. [1971 ex.s. c 262 § 4.]

47.44.120 Payment for costs of relocating utilities within right-of-way of interstate highways—Application for reimbursement under Federal-aid Highway Act of 1958. Promptly after the highway commission has paid or reimbursed a utility, in accordance with the provisions of RCW 47.44.080 through 47.44.140, for costs of the removal or relocation of its facilities located on the federal interstate highway system, the highway commission shall apply to the United States for reimbursement of such removal and relocation costs under the provisions of section 123, Federal-aid Highway Act of 1958. Any funds received as a result of such application shall be deposited in the federal-aid utility relocation fund, and credited to the accounts of individual utilities in such amounts as the funds received represent and are attributable to federal reimbursement for state payments from those individual accounts as provided in RCW 47.44.080 through 47.44.140. [1971 ex.s. c 262 § 5.]

47.44.130 Payment for costs of relocating utilities within right-of-way of interstate highways—Transmission of account moneys to utilities—Disposition of fund moneys if federal program discontinued. All moneys in individual accounts shall be transmitted to the particular utilities within thirty days of their receipt by the highway commission. In the event of the discontinuance of the federal-aid highway program, any moneys remaining in the federal-aid utility relocation fund, after all proper payments have been made therefrom, shall be paid to the state general fund. [1971 ex.s. c 262 § 6.]

47.44.140 Payment for costs of relocating utilities within right-of-way of interstate highways—Severability, 1971 ex.s. c 262—Repayment of contributions in event of invalidity. The legislature intends that the provisions of this act shall be nonseverable. If any provision of this act, or part thereof, or its application to any person or circumstance is held invalid, the entire act shall be inoperative. In the event this act should be declared unconstitutional, all contributions and advances to the federal-aid utility relocation fund shall be repaid to the utilities in proportion to their contributions and advances. [1971 ex.s. c 262 § 7.]
Chapter 47.48 Notice of closure—Emergency closure. 
Before any state highway, county road or city street is closed to all vehicles or any class of vehicles, a notice of the date on and after which the state highway, county road or city street or any portion thereof shall be closed and the definite period of such closing and whether it shall be closed to all vehicles or to vehicles of a particular class or classes shall be published in one issue of a newspaper of general circulation in the county or city or town in which such state highway, county road or city street or any portion thereof to be closed is located; and a like notice shall be posted on or prior to the date of publication of such notice in a conspicuous place at each end of the state highway, county road or city street or portion thereof to be closed: Provided, That such state highway, county road or city street or portion thereof shall be closed sooner than three days after the publication and the posting of the notice herein provided for: Provided, however, That in cases of emergency the proper officers may, without publication or delay, close state highways, county roads and city streets temporarily by posting notices at each end of the closed portion thereof and at all intersecting state highways if the closing be of a portion of a state highway, at all intersecting state highways and county roads if the closing be a portion of a county road, and at all intersecting city streets if the closing be of a city street. In all emergency cases, as herein provided, the orders of the proper authorities shall be immediately effective. [1961 c 13 § 47.48.020. 47.48.040 Penalty. When any state highway, county road or city street or portion thereof shall have been closed, as by law provided, any person, firm or corporation disregarding such closing and using such state highway, county road or city street or portion thereof with any vehicle or any class of vehicle, as the case may be, to which said state highway, county road or city street or portion thereof is closed by any notice or emergency notice, shall be guilty of a misdemeanor, and shall in addition to any penalty for violation of the provisions of this section, be liable in any civil action instituted in the name of the state of Washington or the county or city or town having jurisdiction for any damages occasioned to such state highway, county road, or city street, as the case may be, as the result of disregarding such closing and using such state highway, county road, or city street, or portion thereof with any vehicle or any class of vehicle to which the same is closed. LIMITED ACCESS FACILITIES

Urban public transportation system defined: RCW 47.04.082.

47.48.020 Notice of closure—Emergency closure.
Notice of closure—Emergency closure. 
Whenever the condition of any state highway, county road or city street, either newly or previously constructed, altered, repaired or improved, or any part thereof is such that for any reason its use or continued use by vehicles or by any class of vehicles will greatly damage such state highway, county road or city street or will be dangerous to traffic thereon or the same is being constructed, altered, repaired, improved or maintained in such a manner as to require that such state highway, county road or city street or any portion thereof be closed to travel by all vehicles or by any class of vehicles for any period of time, the highway commission if it be a state highway, the county commissioners if it be a county road, or the governing body of any city or town if it be a city street, is authorized to close such state highway, county road or city street, as the case may be, to travel by all vehicles or by any class of vehicles for such a definite period as they shall determine: Provided, That nothing in the law of this state shall prevent the highway commission, county commissioners, or governing body of any city or town from classifying vehicles according to gross weight, axle weight, height, width, length, braking area, performance, or tire equipment for the purposes of the section, or from restricting the use of any portion of any public highway within the jurisdiction and control of any such commission or governing body to its use by an urban public transportation system. [Citation: Title 47—p 102]
47.52.001 Declaration of policy. Unrestricted access to and from public highways has resulted in congestion and peril for the traveler. It has caused undue slowing of all traffic in many areas. The investment of the public in highway facilities has been impaired and highway facilities costing vast sums of money will have to be relocated and reconstructed. It is the declared policy of this state to limit access to the highway facilities of this state in the interest of highway safety and for the preservation of the investment of the public in such facilities. [1961 c 13 § 47.52.001. Prior: 1951 c 167 § 1.]

47.52.010 "Limited access facility" defined. For the purposes of this chapter, a "limited access facility" is defined as a highway or street especially designed or designated for through traffic, and over, from, or to limited access highways—Closure, metering or restrictions as to highway ramps—Notice. (1) The state highway commission may adopt regulations for the control of vehicles entering any state limited access highway as it deems necessary (a) for the efficient or 47.52.020 Powers of highway authorities—State facility, county road crossings. The highway authorities of the state, counties, and incorporated cities and towns, acting alone or in cooperation with each other, or with any federal, state, or local agency, or any other state having authority to participate in the construction and maintenance of highways, may plan, designate, establish, regulate, vacate, alter, improve, construct, maintain, and provide limited access facilities for public use wherever such authority or authorities are of the opinion that traffic conditions, present or future, will justify such special facilities: Provided, That upon county roads within counties, such state or county authorities shall be subject to the consent of the board of county commissioners, except that where a state limited access facility crosses a county road the state highway commission may, without the consent of the board of county commissioners, close off such county road so that it will not intersect such limited access facility.

The state highway commission may, in constructing or relocating any state highway, cross any county road at grade without obtaining the consent of the board of county commissioners, and in so doing may revise the alignment of such county road to the extent that the state highway commission finds necessary for reasons of traffic safety or practical engineering considerations. [1961 c 13 § 47.52.020. Prior: 1957 c 235 § 2; prior: 1953 c 30 § 1; 1951 c 167 § 4; 1947 c 202 § 2, part; Rem. Supp. 1947 § 6402-61, part.]

47.52.025 Additional powers—May control use of limited access facilities—Reservation of facility, lanes or ramps for public transportation vehicles, etc. Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of public transportation vehicles, privately owned buses, or private motor vehicles carrying not less than a specified number of passengers when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days. [1974 ex.s. c 133 § 1; 1961 c 13 § 47.52.025. Prior: 1957 c 235 § 3; prior: 1951 c 167 § 5; 1947 c 202 § 2, part; Rem. Supp. 1947 § 6402-61, part.]

47.52.026 Regulations—Control of vehicles entering limited access highways—Closure, metering or restrictions as to highway ramps—Notice. (1) The state highway commission may adopt regulations for the control of vehicles entering any state limited access highway as it deems necessary (a) for the efficient or
safe flow of traffic traveling upon any part of the highway or connections therewith or (b) to avoid exceeding federal, state, or regional air pollution standards either along the highway corridor or within an urban area served by the highway.

(2) Regulations adopted by the highway commission pursuant to subsection (1) of this section may provide for the closure of highway ramps or the metering of vehicles entering highway ramps or the restriction of certain classes of vehicles entering highway ramps (including vehicles with less than a specified number of passengers), and any such restrictions may vary at different times as necessary to achieve the purposes mentioned in subsection (1) of this section.

(3) Restrictions of vehicles authorized by regulations adopted pursuant to this section shall be effective when proper notice thereof is given by any police officer or by appropriate signals, signs, or other traffic control devices. [1974 ex.s.c 133 § 3.]

47.52.027 Standards and rules relating to national interstate and defense highways—Construction, maintenance, access. The state highway commission may adopt design standards, rules and regulations relating to construction, maintenance and control of access of the national system of interstate and defense highways within this state as it deems advisable to properly control access thereto, to preserve the traffic-carrying capacity of such highways, and to provide the maximum degree of safety to users thereof. In adopting such standards, rules and regulations the commission shall take into account the policies, rules and regulations of the secretary of commerce and the bureau of public roads relating to the construction, maintenance and operation of the system of interstate and defense highways. The standards, rules and regulations so adopted by the commission shall constitute the public policy of this state and shall have the force and effect of law. [1961 c 13 § 47.52.027. Prior: 1959 c 319 § 35. Formerly RCW 47.28.160.]

Nonmotorized traffic may be prohibited: RCW 46.61.160.

47.52.040 Design of facility—Ingress and egress restricted—Closure of intersecting roads. The highway authorities of the state, counties and incorporated cities and towns may so design any limited access facility and so regulate, restrict, or prohibit access as to best serve the traffic for which such facility is intended; and the determination of design by such authority shall be conclusive and final. In this connection such highway authorities may divide and separate any limited access facilities into separate roadways by the construction of raised curbings, central dividing sections, or other physical separations, or by designating such separate roadways by signs, markers, stripes, and the proper lane for such traffic by appropriate signs, markers, stripes and other devices. No person shall have any right of ingress or egress to, from, or across limited access facilities to or from abutting lands, except at designated points at which access may be permitted by the highway authorities upon such terms and conditions as may be specified from time to time: Provided, That any intersecting streets, roads or highways, not made a part of such facility, shall be deemed closed at the right of way line by the designation and construction of said facility and without the consent of any other party or the necessity of any other legal proceeding for such closing, notwithstanding any laws to the contrary. [1961 c 13 § 47.52-040. Prior: 1955 c 75 § 1; 1947 c 202 § 3; Rem. Supp. 1947 § 6402–62.]

47.52.041 Closure of intersecting roads—Rights of abutters. No person, firm or corporation, private or municipal, shall have any claim against the state, city or county by reason of the closing of such streets, roads or highways as long as access still exists or is provided to such property abutting upon the closed streets, roads or highways. Circuity of travel shall not be a compensable item of damage. [1961 c 13 § 47.52.041. Prior: 1955 c 75 § 2.]

47.52.042 Closure of intersecting roads—Other provisions of chapter not affected. RCW 47.52.040 and 47.52.041 shall not be construed to affect provisions for establishment, notice, hearing and court review of any decision establishing a limited access facility on an existing highway pursuant to chapter 47.52 RCW. [1961 c 13 § 47.52.042. Prior: 1955 c 75 § 3.]

47.52.050 Acquisition of property for facility. (1) For the purpose of this chapter the highway authorities of the state, counties and incorporated cities and towns, respectively, or in cooperation one with the other, may acquire private or public property and property rights for limited access facilities and service roads, including rights of access, air, view and light, by gift, devise, purchase, or condemnation, in the same manner as such authorities are now or hereafter may be authorized by law to acquire property or property rights in connection with highways and streets within their respective jurisdictions. Except as otherwise provided in subsection (2) of this section all property rights acquired under the provisions of this chapter shall be in fee simple. In the acquisition of property or property rights for any limited access facility or portion thereof, or for any service road in connection therewith, the state, county, incorporated city and town authority may, in its discretion, acquire an entire lot, block or tract of land, if by so doing the interest of the public will be best served, even though said entire lot, block or tract is not immediately needed for the limited access facility.

(2) The highway authorities of the state, counties, and incorporated cities and towns may acquire by gift, devise, purchase, or condemnation a three dimensional air space corridor in fee simple over or below the surface of the ground, together with such other property in fee simple and other property rights as are needed for the construction and operation of a limited access highway facility, but only if the acquiring authority finds that the proposal will not:

(a) impair traffic safety on the highway or interfere with the free flow of traffic; or

47.52.060 Court process to be expedited. Court proceedings necessary to acquire property or property rights for purposes of this chapter shall take precedence over all other causes not involving the public interest in all courts to the end that the provision for limited access facilities may be expedited. [1961 c 13 § 47.52.060. Prior: 1947 c 202 § 5; Rem. Supp. 1947 § 6402–64.]

47.52.070 Establishment of facility—Grade separation—Service roads. The designation or establishment of a limited access facility shall, by the authority making the designation or establishment, be entered upon the records or minutes of such authority in the customary manner for the keeping of such records or minutes. The state, counties and incorporated cities and towns may provide for the elimination of intersections at grade of limited access facilities with existing state or county roads, and with city or town streets, by grade separation or service road, or by closing off such roads and streets at the right of way boundary line of such limited access facility; and after the establishment of any such facility, no highway or street which is not part of said facility, shall intersect the same at grade. No city or town street, county road, or state highway, or any other public or private way, shall be opened into or connect with any such limited access facility without the consent and previous approval of the highway authority of the state, county, incorporated city or town having jurisdiction over such limited access facility. Such consent and approval shall be given only if the public interest shall be served thereby. [1961 c 13 § 47.52.070. Prior: 1951 c 167 § 10; 1947 c 202 § 6; Rem. Supp. 1947 § 6402–65.]

In cases involving existing highways, if the abutting property is used for business at the time the notice is given as provided in *RCW 47.52.072, the owner of such property shall be entitled to compensation for the loss of adequate ingress to or egress from such property as business property in its existing condition at the time of the notice provided in *RCW 47.52.072 as for the taking or damaging of property for public use. [1961 c 13 § 47.52.080. Prior: 1955 c 54 § 2; 1951 c 167 § 11; 1947 c 202 § 7; Rem. Supp. 1947 § 6402–66.]

*Reviser’s note: "RCW 47.52.072" was repealed by 1965 ex.s. c 75 § 7.

47.52.090 Cooperative agreements—Provision for urban public transportation systems—Title to facility—Traffic regulations—Underground utilities and overcrossings—Passenger transportation—Storm sewers—City street crossings. The highway authorities of the state, counties, incorporated cities and towns, and municipal corporations owning or operating an urban public transportation system are authorized to enter into agreements with each other, or with the federal government, respecting the financing, planning, establishment, improvement, construction, maintenance, use, regulation, or vacation of limited access facilities in their respective jurisdictions to facilitate the purposes of this chapter. Any such agreement may provide for the exclusive or nonexclusive use of a portion of such facility by street cars, trains or other vehicles forming a part of an urban public transportation system and for the erection, construction and maintenance thereon of structures and facilities of such a system including facilities for the receipt and discharge of passengers: Provided, That within incorporated cities and towns the title to such limited access facility, after purchase and construction by the state alone, shall vest in the state, and the Washington state highway commission shall exercise full jurisdiction, responsibility and control to, and over, such facilities: Provided, further, That:

(1) Cities and towns shall regulate all traffic restrictions on such facilities except as provided in RCW 46.61.430 and all regulations adopted shall be subject to approval of the state highway commission before becoming effective. Nothing herein shall preclude the state patrol, any county, or city or town from enforcing any traffic regulations and restrictions prescribed by state law, county resolution, or municipal ordinance.

(2) The city or town or franchise holder shall at its own expense maintain its underground facilities beneath the surface across the highway and shall have the right to construct such additional facilities underground or beneath the surface of the facility or necessary overcrossings of power lines and other utilities as may be necessary insofar as such facilities do not interfere with the use of the right of way for limited access highway purposes, and the city or town shall have the right to maintain any municipal utility and the right to open the surface of such highway, and the construction, maintenance until permanent repair is made, and permanent repair of such facilities shall be done in a time and manner authorized by permit to be issued by the state highway commission or its authorized representative, except to meet emergency conditions for which no permit will be required, but any damage occasioned thereby shall promptly be repaired by the city or town itself, or at its direction. Where a city or town is required to relocate overhead facilities within the corporate limits of a city or town as a result of the construction of a limited access facility, the cost of such relocation shall be paid by the state.

(3) Cities and towns shall have the right to grant utility franchises crossing the facility underground and beneath its surface insofar as such franchises are not inconsistent with the use of the right of way for limited access facility purposes: Provided, That such franchises are not in conflict with state laws: Provided further, That the state highway commission shall be authorized to enforce, in an action brought in the name of the state, any condition of any franchise which a city or town shall have granted: And provided further, That no franchise

for transportation of passengers in motor vehicles shall be granted on such highways without the approval of the state highway commission, except cities and towns shall not be required to obtain a franchise for the operation of municipal vehicles or vehicles operating under franchises from the city or town operating within the corporate limits of a city or town and within a radius not to exceed eight miles outside of such corporate limits for public transportation on such facilities, but such vehicles may not stop on the limited access portion of such facility to receive or to discharge passengers unless appropriate special lanes or deceleration, stopping and acceleration space is provided for such vehicles.

Every franchise or permit granted any person by a city or town for use of any portion of a limited access facility shall require the grantee or permittee to restore, permanently repair and replace to its original condition any portion of the highway damaged or injured by it. Except to meet emergency conditions, the construction and permanent repair of any limited access facility by the grantee of a franchise shall be in a time and manner authorized by permit to be issued by the state highway commission, or its authorized representative.

(4) The state highway commission shall have the right to utilize all storm sewers which are adequate and available for the additional quantity of run-off proposed to be passed through such storm sewers.

(5) The construction and maintenance of city streets over and under crossings and surface intersections of the limited access facility shall be in accordance with the governing policy entered into between the state highway commission and the association of Washington cities on June 21, 1956, or as such policy may be amended by agreement between the Washington state highway commission and the association of Washington cities. [1967 c 108 § 11; 1961 c 13 § 47.52.090. Prior: 1957 c 235 § 4; 1947 c 202 § 8; Rem. Supp. 1947 § 6402-67.]

Urban public transportation system defined: RCW 47.04.082.

47.52.100 Existing roads and streets as service roads.
In connection with the development of any limited access facility the state, county or incorporated city or town highway authorities are authorized to plan, designate, establish, use, regulate, alter, improve, construct, maintain and vacate local service roads and streets, or to designate as local service roads and streets any existing road or street, and to exercise jurisdiction over service roads in the same manner as is authorized for limited access facilities under the terms of this chapter. If, in their opinion such local service roads and streets are necessary or desirable, such local service roads or streets shall be separated from the limited access facility by such means or devices designated as necessary or desirable by the proper authority. [1961 c 13 § 47.52.100. Prior: 1947 c 202 § 9; Rem. Supp. 1947 § 6402-68.]

47.52.105 Acquisition and construction to preserve limited access or reduce compensation. Whenever, in the opinion of the Washington state highway commission, frontage or service roads in connection with limited access facilities, are not feasible either from an engineering or economic standpoint, the highway commission may acquire private or public property by purchase or condemnation and construct any road, street or highway thereon connecting to or leading into any other road, street or highway, when by so doing, it will preserve a limited access facility or reduce compensation required to be paid to an owner by reason of reduction in or loss of access. The commission shall provide by agreement with a majority of the board of county commissioners or city governing body of the county or city concerned as to location, future maintenance and control of any road, street or highway to be so constructed. Such road, street or highway need not be made a part of said state highway system or connected thereto, but may upon completion by the state be turned over to the county or city, as the case may be, for location, maintenance and control pursuant to the agreement as part of said system of such county roads or city streets. [1967 c 117 § 1; 1961 c 13 § 47.52.105. Prior: 1955 c 63 § 1.]

47.52.110 Marking of facility with signs. After the opening of any new and additional limited access highway facility, or after the designation and establishment of any existing street or highway as included the particular highways and streets or those portions thereof designated and established, shall be physically marked and indicated as follows: By the erection and maintenance of such signs as in the opinion of the respective authorities may be deemed proper, indicating to drivers of vehicles that they are entering a limited access area and that they are leaving a limited access area. [1961 c 13 § 47.52.110. Prior: 1947 c 202 § 10; Rem. Supp. 1947 § 6402-69.]

47.52.120 Violations specified—Penalty. After the opening of any limited access highway facility, it shall be unlawful for any person (1) to drive a vehicle over, upon, or across any curb, central dividing section or other separation or dividing line on limited access facilities; (2) to make a left turn or semicircular or U-turn except through an opening provided for that purpose in the dividing curb section, separation or line; (3) to drive any vehicle except in the proper lane provided for that purpose in the proper direction and to the right of the central dividing curb, separation section, or line; (4) to drive any vehicle into the limited access facility from a local service road except through an opening provided for that purpose in the dividing curb, or dividing section or dividing line which separates such service road from the limited access facility proper; (5) to stop or park any vehicle or equipment within the right of way of such facility, including the shoulders thereof, except at points specially provided therefor, and to make only such use of such specially provided stopping or parking points as is permitted by the designation thereof: Provided. That this subsection shall not apply to authorized emergency vehicles, law enforcement vehicles, or to vehicles stopped for emergency causes or equipment failures; (6) to travel to or from such facility at any point other than a point designated by the establishing authority as an approach to said facility or to use an approach to such facility for any use in excess of that specified by the establishing authority. Any person who violates any of the provisions
of this section shall be guilty of a misdemeanor and upon arrest and conviction therefor shall be punished by a fine of not less than five dollars nor more than one hundred dollars, or by imprisonment in the city or county jail for not less than five days nor more than ninety days, or by both fine and imprisonment. Nothing contained herein shall prevent the highway authority from proceeding to enforce the prohibitions or limitations of access to such facilities by injunction or as otherwise provided by law. [1961 c 13 § 47.52.120. Prior: 1959 c 167 § 1; 1947 c 202 § 11; Rem. Supp. 1947 § 6402-70.]

47.52.121 Prior determinations validated. Any determinations of an authority establishing a limited access facility subsequent to March 19, 1947, and prior to March 16, 1951, in connection with new highways, roads or streets, or relocated highways, roads or streets, or portions of existing highways, roads or streets which are relocated, and all acquirements of property or access rights in connection therewith are hereby validated, ratified, approved and confirmed, notwithstanding any lack of power (other than constitutional) of such authority, and notwithstanding any defects or irregularities (other than constitutional) in such proceedings. [1961 c 13 § 47.52.121. Prior: 1951 c 167 § 12.]

47.52.131 Establishment of facility by state—Consideration of data—Report to local authorities—Conferences—Proposed plan. When the state highway commission is planning a limited access facility through a county or an incorporated city or town, the commission, or its staff, prior to any hearing hereinafter provided, shall give careful consideration to available data as to the county or city's comprehensive plan, land use pattern, present and potential traffic volume of county roads and city streets crossing the proposed facility, origin and destination traffic surveys, existing facilities, the physical appearance the facility will present, and other pertinent surveys, and shall submit to the county and city officials for study a report showing how these factors have been taken into account and how the proposed plan for a limited access facility will serve public convenience and necessity, together with the locations and access and egress plans, and over and under crossings under consideration. Such report shall show the proposed approximate right of way limits and profile of the facility with relation to the existing grade and shall discuss in a general manner plans for landscaping treatment, fencing, and illumination, and shall include sketches of typical roadway sections for the roadway itself and any necessary structures such as viaducts or bridges, subways, or tunnels.

Conferences shall be held on the merits of this state report and plans, and any proposed modification or alternate proposal of the county, city or town in order to attempt to reach an agreement between the state highway commission and the county or city officials. As a result of the conference, the proposed plan, together with any modifications thereof, shall be prepared by the state highway commission and presented to the county or city for inspection and study. [1965 ex.s. c 75 § 1.]

47.52.133 Establishment of facility—Public hearing—Notices. The highway authorities of the state, counties, and incorporated cities and towns, prior to the establishment of any limited access facility, shall hold a public hearing within the county, city or town wherein the limited access facility is to be established, to determine the desirability of the plan proposed by such authority. Notice of such hearing shall be given to the owners of property abutting the section of any existing highway, road or street being established as a limited access facility, as indicated in the tax rolls of the county, and in the case of a state limited access facility, to the county and/or city or town. Such notice shall be by United States mail in writing, setting forth a time for the hearing, which time shall be not less than fifteen days after mailing of such notice. Notice of such hearing also shall be given by publication to be not less than fifteen days prior to such hearing in one or more newspapers of general circulation within the county, city or town. Such notice by publication shall be deemed sufficient as to any owner or reputed owner or any unknown owner or owner who cannot be located. Such notice shall indicate a suitable location where plans for such proposal may be inspected. [1965 ex.s. c 75 § 2.]

47.52.135 Hearing procedure. At the hearing any representative of the county, city or town, or any other person may appear and be heard even though such official or person is not an abutting property owner. Such hearing shall be conducted in such a manner as to comply with the requirements of section 116(c) of the Federal Aid Highway Act of 1956 or any act supplemental thereto or amendatory thereof. The members of such authority shall preside, or may designate some suitable person to preside as examiner. All testimony or statements given at such hearing shall be taken down by a stenographer under oath, as in superior courts. The authority shall introduce by competent evidence a summary of the proposal for the establishment of a limited access facility and any evidence that supports the adoption of the plan as being in the public interest. At the conclusion of such evidence, any person entitled to notice who has entered a written appearance shall be deemed a party to this hearing for purposes of this chapter and may thereafter introduce, either in person or by counsel, evidence and statements or counterproposals bearing upon the reasonableness of the proposal. Any such evidence and statements or counterproposals shall receive reasonable consideration by the authority before any proposal is adopted. Such evidence must be material to the issue before the authority and shall be presented in an orderly manner. [1965 ex.s. c 75 § 3.]

47.52.137 Adoption of plan—Service of findings and order—Resume to be published—Finality—Review. Following the conclusion of such hearing the authority shall adopt a plan with such modifications, if any, it deems proper and necessary. Its findings and order shall be in writing and copies thereof shall be served by United States mail upon all persons having entered a written appearance at such hearing, and in the

Along with the written disapproval shall be filed a written request for a hearing before a board of review, hereinafter referred to as the board. The request for hearing shall set forth the portions of the plan of the state highway commission to which the county, city or town objects, and shall include every issue to be considered by the board. For the purpose of obtaining information for the consideration of the authority upon the construction of any toll bridge or any other matters pertaining thereto it shall be the duty of any cognizant officer or employee of the state upon the request of the authority to make reasonable examination, investigation, survey or reconnaissance for the determination of material facts pertaining thereto and report the same to the authority. The authority may use funds from its revolving fund to carry out the purposes of this section. Such agreements may provide that in the event any such project is determined to be feasible and adopted, any advancement of funds by any state or county may be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived from such project. [1961 c 13 § 47.56.042. Prior: 1955 c 203 § 1.]

47.56.050 Purchase of bridges and ferries authorized—Provisions applicable. (1) The Washington toll bridge authority, whenever it is considered necessary or advantageous and practicable, is empowered to provide for the acquisition by purchase of, and to acquire by purchase, (a) any bridge or bridges or ferries which connect with or may be connected with the public highways of this state, and (b) together with approaches thereto.

(2) In connection with the acquisition by purchase of any bridge or bridges or ferries pursuant to the provisions of subsection (1) of this section, the Washington toll bridge authority, the state highway commission, the state treasurer, any city, county or other political subdivision of this state, and all said officers—

The authority may provide for the establishment, construction, and operation of toll tunnels, toll roads and other facilities necessary for their construction and connection with public highways of the state. It may cause surveys to be made to determine the propriety of their establishment, construction, and operation, and may acquire rights of way and other facilities necessary to carry out the provisions hereof; and may issue, sell, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction thereof; carry insurance thereon; and handle any other matters pertaining thereto, all of which shall be conducted in the same manner and under the same procedure as provided for the establishing, constructing, operating, and maintaining of toll bridges by the authority, insofar as reasonably consistent and applicable. No toll facility, toll bridge, toll road or toll tunnel, shall be combined with any other toll facility for the purpose of financing unless such facilities form a continuous project, to the end that each such facility or project be self-liquidating and self-sustaining: Provided, That no toll road shall be constructed, obligations for the construction thereof entered into, or right of way acquired without prior approval of the location, plans and specifications by the Washington state highway commission. [1961 c 13 § 47.56.070. Prior: 1953 c 220 § 3; 1937 c 173 § 3 1/2; RRS § 6524-3 1/2.]

Whenever in the judgment of the highway commission it is considered in the best interest of the public highways of the state that any new toll bridge or bridges be constructed upon any public highway and across any stream, body of water, gulch, navigable water, swamp or other topographical formation and operated by the state the highway commission shall submit its recommendation to that effect to the Washington toll bridge authority together with preliminary estimates of the cost of such construction and an estimate of the amount necessary to be raised for such purpose by the issuance of revenue bonds, and a statement of the probable amount of money, property, materials or labor to be contributed from other sources in aid of any such construction. If the Washington toll bridge authority concurs in the recommendation of the highway commission or on its own motion determines to construct any toll bridge or toll bridges, the Washington toll bridge authority shall adopt a resolution declaring that public interest and necessity require the construction of such toll bridge or bridges and authorizing the issuance of revenue bonds for the purpose of obtaining funds in an amount not in excess of that estimated to be required for such construction. The issuance of bonds as provided in this chapter for the construction of more than one toll bridge may at the discretion of the Washington toll bridge authority be included in the same authority and issue of bonds. [1961 c 13 § 47.56.080. Prior: 1937 c 173 § 6; RRS § 6524-6.]

[1961 c 13 § 47.56.090. Prior: 1937 c 173 § 5; RRS § 6524-5.]

[Title 47—p 113]
47.56.100  Toll bridges—Right of way across state land, streets, roads—Compensation. The right of way is hereby given, dedicated and set apart upon which to locate, construct and maintain bridges or approaches thereto or other highway crossings, and transportation facilities thereof or thereto, through, over or across any of the lands which are now or may be the property of this state, including highways, and through, over or across the streets, alleys, lanes and roads within any city, county, or other political subdivision of the state. If any property belonging to any city, county or other political subdivision of the state is required to be taken for the construction of any such bridge or approach thereto or should any such property be injured or damaged by such construction, such compensation therefor as may be proper or necessary and as shall be agreed upon may be paid by the Washington toll bridge authority to the particular county, city, or other political subdivision of the state owning such property, or condemnation proceedings may be brought for the determination of such compensation. [1961 c 13 § 47.56.100. Prior: 1937 c 173 § 16; RRS § 6524-16.]

47.56.110  Toll bridges—Resolution of necessity in acquiring right of way—Effect of. Before the highway commission shall proceed with any action to secure right of way or with construction of any toll bridge under the provisions of this chapter the Washington toll bridge authority shall have first passed a resolution that public interest and necessity require the acquisition of right of way for and the construction of such toll bridge. Such resolution shall be conclusive evidence (1) of the public necessity of such construction; (2) that such property is necessary therefor and, (3) that such proposed construction is planned or located in a manner which will be most compatible with the greatest public good and the least private injury. When it becomes necessary for the highway commission to condemn any real estate to be used in connection with any such bridge, the attorney general of the state shall represent the highway commission. In eminent domain proceedings to acquire property for any of the purposes of this chapter, any toll bridge, real property, personal property, franchises, rights, easements or other property or privileges appurtenant thereto appropriated or dedicated to a public use or purpose by any person, firm, private, public or municipal corporation, county, city, town, district or any political subdivision of the state, may be condemned and taken, and the acquisition and use thereof as herein provided for the same public use or purpose to which such property has been so appropriated or dedicated, or for any other public use or purpose, shall be deemed a superior and permanent right and necessity, and a more necessary use and purpose than the public use or purpose to which such property has already been appropriated or dedicated. It shall not be necessary in any eminent domain proceedings hereunder to plead or prove any acts or proceedings preliminary or prior to the adoption of the resolution hereinbefore referred to describing the property sought to be taken and directing such proceedings. [1961 c 13 § 47.56.110. Prior: 1937 c 173 § 11; RRS § 6524-11.]

47.56.120  Toll bridges—Construction directed—Costs. In the event that the Washington toll bridge authority should determine that any toll bridge should be constructed under its authority it shall authorize and direct the highway commission to construct such toll bridge. In the event the highway commission is authorized and directed to construct such toll bridge all cost thereof including right of way, survey and engineering shall be paid out of any funds available for payment of the cost of such toll bridge under this chapter. [1961 c 13 § 47.56.120. Prior: 1937 c 173 § 4; RRS § 6524-4.]

47.56.130  Toll bridges—Bonds—Cooperative funds from state and federal government. The Washington toll bridge authority is hereby empowered to issue bonds for the construction of any toll bridge or toll bridges authorized under the provisions of this chapter. Any and all bonds issued for the construction of any toll bridge or toll bridges under the authority of the Washington toll bridge authority, shall be issued in the name of the Washington toll bridge authority and shall constitute obligations only of said Washington toll bridge authority and shall be identified as . . . the said Washington toll bridge bonds and shall contain a recital on the face thereof that the payment or redemption of said bonds and the payment of the interest thereon is secured by a direct and exclusive charge and lien upon the tolls and other revenues of any nature whatever received from the operation of the particular toll bridge or bridges for the construction of which the bonds are issued and that neither the payment of the principal or any part thereof nor of the interest thereon or any part thereof constitutes a debt, liability or obligation of the state of Washington. The Washington toll bridge authority is empowered to receive and accept funds from the state of Washington or the federal government upon a cooperative or other basis for the construction of any toll bridge authorized under this chapter and is empowered to enter into such agreements with the state of Washington or the federal government as may be required for the securing of such funds. [1961 c 13 § 47.56.130. Prior: 1937 c 173 § 7; RRS § 6524-7.]

47.56.140  Toll bridges, bonds—Form, contents, manner of sale—Interim bonds. The revenue bonds may be issued and sold by the authority from time to time in such amounts as it deems necessary to provide sufficient funds for the construction of the bridge, and to pay interest on outstanding bonds issued for its construction during the period of actual construction and for six months after completion thereof. The authority shall determine the form, conditions, and denominations of the bonds, and the maturity dates which the bonds to be sold shall bear and the interest rate thereon. All bonds of the same issue need not bear the same interest rate. Principal and interest of the bonds shall be payable at such time and place as determined by the authority, and may contain provisions for registration as to principal or interest, or both. They shall be in coupon form with interest payable at such times as determined by the authority, and shall mature at such
times and in such amounts as the authority prescribes. The authority may provide for the retirement of the bonds at any time prior to maturity, and in such manner and upon payment of such premiums as it may determine in the resolution providing for the issuance of the bonds. All such bonds shall be signed by the state auditor and countersigned by the governor and any interest coupons appertaining thereto shall bear the signature of the state auditor. The countersignature of the governor on such bonds and the signature of the state auditor on such coupons may be their printed or lithographed facsimile signatures. Successive issues of such bonds within the limits of the original authorization shall have equal preference with respect to the redemption thereof and the payment of interest thereon. The authority may fix different maturity dates, serially or otherwise, for successive issues under any one original authorization. The bonds shall be negotiable instruments under the law merchant. All bonds issued and sold hereunder shall be sold on sealed bids to the highest and best bidder after such advertising for bids as the authority deems proper. The authority may reject any and all bids and may thereafter sell the bonds at private sale under such terms and conditions as it deems most advantageous to its own interests; but not at a price below that of the best bid which was rejected. The authority may contract loans and borrow money through the sale of bonds of the same character as those herein authorized, from the United States or any agency thereof, upon such conditions and terms as may be agreed to and the bonds shall be subject to all the provisions of this chapter, except the requirement that they be first offered at public sale.

Temporary or interim bonds, certificates, or receipts, of any denomination, and with or without coupons attached, signed by the state auditor, may be issued and delivered until bonds are executed and available for delivery. 47.56.150 Toll bridges—Bond proceeds and toll revenues, disposition of—Construction fund—Disbursement—Investment. The proceeds from the sale of all bonds authorized under the provisions of this chapter shall be paid to the state treasurer for the credit of the Washington toll bridge authority and be deposited as demand deposits forthwith in such depositary or depositaries as may be authorized by law to receive deposits of state funds to the credit of a fund to be designated as the construction fund of the particular toll bridge or toll bridges for which such bonds were issued and sold, which fund shall not be a state fund and shall at all times be kept segregated and set apart from all other funds and in trust for the purposes herein set out. Such proceeds shall be paid out or disbursed solely for the construction of such toll bridge or toll bridges, the acquisition of the necessary lands and easements therefor and the payment of interest on such bonds during the period of actual construction and for a period of six months thereafter, only as the need therefor shall arise and the Washington toll bridge authority may agree with the purchaser of said bonds upon any conditions or limitations restricting the disbursement of such funds that may be deemed advisable, for the purpose of assuring the proper application of such funds. All moneys in such fund and not required to meet current construction costs of the toll bridge or toll bridges for which such bonds were issued and sold, and all funds constituting surplus revenues which are not immediately needed for the particular object or purpose to which they must be applied or are pledged shall be invested in bonds and obligations of the nature eligible for investment of surplus state moneys: Provided, That the Washington toll bridge authority may provide in the proceedings authorizing the issuance of said bonds that the investment of such moneys shall be made only in particular bonds and obligations within the classifications eligible for such investment and such provisions shall thereupon bind the said authority and all officials having anything to do with such investment. Any surplus which may exist in said construction fund shall be applied to the retirement of bonds issued for the construction of such toll bridge or toll bridges by purchase or call and in the event such bonds cannot be purchased at a price satisfactory to the Washington toll bridge authority and are not by their terms callable prior to maturity such surplus shall be paid into the fund applicable to the payment of principal and interest of said bonds and shall be used for that purpose. The proceedings authorizing the issuance of bonds may provide limitations and conditions upon the time and manner of applying such surplus to the purchase and call of outstanding bonds and the terms upon which they shall be purchased or called and such limitations and conditions shall be followed and observed in the application and use of such surplus. All bonds so retired by purchase or call shall be immediately canceled. [1961 c 13 § 47.56.150. Prior: 1937 c 173 § 14, part; RRS § 6524-14, part.]

47.56.160 Toll bridges—Toll revenue fund. All tolls or other revenues received from the operation of any toll bridge or toll bridges constructed with the proceeds of bonds issued and sold hereunder shall be paid over by the highway commission to the state treasurer who shall deposit the same forthwith as demand deposits in such depositary or depositaries as may be authorized by law to receive deposits of state funds to the credit of a special trust fund to be designated as the toll revenue fund of the particular toll bridge or toll bridges producing such tolls or revenue, which fund shall be a trust fund and shall at all times be kept segregated and set apart from all other funds. [1961 c 13 § 47.56.160. Prior: 1937 c 173 § 14, part; RRS § 6524-14, part.]

47.56.170 Toll bridges—Transfer of funds for bond payments—Surplus funds. From the money so deposited in each separate construction fund as hereinafove provided, the state treasurer shall transfer to the place or places of payment named in said bonds such sums as may be required to pay the interest as it
becomes due on all bonds sold and outstanding for the
construction of such particular toll bridge or toll bridges
during the period of actual construction and during the
period of six months immediately thereafter. The state
treasurer shall thereafter transfer from each separate
toll revenue fund to the place or places of payment
named in said bonds such sums as may be required to
pay the interest on said bonds and redeem the principal
thereof as such interest payments and bond redemption
become due for all bonds issued and sold for the con-
struction of the particular toll bridge or toll bridges pro-
ducing the tolls or revenues so deposited in said toll
revenue fund. All funds so transferred for the payment
of principal or interest on bonds issued for any particular
toll bridge shall be segregated and applied solely for the
payment of said principal or interest. The proceedings
authorizing the issuance of bonds may provide for the
setting up of a reserve fund or funds out of the tolls and
other revenues not needed for the payment of principal
and interest, as the same currently matures and for the
preservation and continuance of such fund in a manner
to be provided therein, and such proceedings may also
require the immediate application of all surplus moneys
in such toll revenue fund to the retirement of such bonds
prior to maturity, by call or purchase, in such manner
and upon such terms and the payment of such premiums
as may be deemed advisable in the judgment of said
Washington toll bridge authority.

The moneys remaining in each separate toll revenue
fund after providing the amount required for interest
and redemption of bonds as hereinabove provided, shall
be held and applied as provided in the proceedings
authorizing the issuance of said bonds. In the event the
proceedings authorizing the issuance of said bonds do
not require surplus revenues to be held or applied in any
particular manner, they shall be allocated and used for
such other purposes incidental to the construction, oper-
ation and maintenance of such toll bridge or bridges as
the Washington toll bridge authority may determine.

nants on vouchers—Interest on deposits. Warrants for
payments to be made on account of such bonds shall be
duly drawn by the state treasurer on vouchers approved
by the Washington toll bridge authority.

Moneys required to meet the costs of construction and
all expenses and costs incidental to the construction of
any particular toll bridge or toll bridges or to meet the
costs of operating, maintaining and repairing the same,
shall be paid from the proper fund therefor by the state
treasurer upon voucher submitted by the highway com-
mision approved by the Washington toll bridge
authority.

All interest received or earned on money deposited in
each and every fund herein provided for shall be credited
to and become a part of the particular fund upon which
said interest accrues. [1973 c 106 § 26; 1961 c 13 §

47.56.190 Toll bridges—Agreement on deposit of
funds. The Washington toll bridge authority may pro-
vide in the proceedings authorizing the issuance of bonds or
may otherwise agree with the purchasers of bonds
regarding the deposit of all moneys constituting the con-
struction fund and the toll revenue fund and provide for
the deposit of such money at such times and with such
depositories or paying agents and upon the furnishing of
such security as may meet with the approval of the pur-
casers of such bonds: Provided, That the depositaries
and security so provided for or agreed upon shall be
qualified and eligible in accordance with the require-
ments of law. [1961 c 13 § 47.56.190. Prior: 1937 c 173
§ 14, part; RRS § 6524–14, part.]

47.56.200 Toll bridges—Use of bond proceeds and
revenue for expenses. Notwithstanding anything con-
tained in this chapter the proceeds received from the sale
of bonds and the tolls or other revenues received from
the operation of any toll bridge or toll bridges may be
used to defray any expenses incurred by the Washington
toll bridge authority in connection with and incidental to
the issuance and sale of bonds for the construction of
such toll bridge or toll bridges including expenses for
the preparation of surveys and estimates and the making of
inspections and examinations as may be required by the
purchasers of such bonds: Provided, That the proceed-
ings authorizing the issuance of such bonds may contain
appropriate provisions governing the use and application
of said bond proceeds and toll or other revenues for the
purposes herein specified. [1961 c 13 § 47.56.200. Prior:
1937 c 173 § 14, part; RRS § 6524–14, part.]

47.56.210 Toll bridges—Remedies of bond holders.
While any bonds issued by said Washington toll bridge
authority remain outstanding, the powers, duties or exis-
tence of the said Washington toll bridge authority or of
the highway commission or of any other official or
agency of the state shall not be diminished or impaired
in any manner that will affect adversely the interests and
rights of the holders of such bonds. The holder of any
bond may by mandamus or other appropriate proceeding
require and compel the performance of any of the duties
imposed upon any state department, official or employee
or imposed upon the authority or its officers, agents and
employees in connection with the construction, mainte-
nance, operation and insurance of any bridge and in
connection with the collection, deposit, investment,
application and disbursement of all tolls and other reve-
 nues derived from the operation and use of any bridge
and in connection with the deposit, investment and dis-
bursement of the proceeds received from the sale of
bonds: Provided, That the enumeration of such rights
and remedies herein shall not be deemed to exclude the
exercise or prosecution of any other rights or remedies
by the holders of such bonds. [1961 c 13 § 47.56.210.
Prior: 1937 c 173 § 18; RRS § 6524–18.]

47.56.220 Toll bridges—Limitations on other ser-
vice—Protection of outstanding bonds. As long as any
of the bonds issued hereunder for the construction of any
toll bridge are outstanding and unpaid, there shall not be
erected, constructed or maintained any other bridge or other crossing over, under, through or across the waters over which such toll bridge is located or constructed, connecting or joining directly or indirectly the lands or extensions thereof or abutments thereon on both sides of the waters spanned or crossed by such toll bridge within a distance of ten miles from either side of such toll bridge excepting bridges or other highway crossings actually in existence and being maintained, or for which there was outstanding an existing and lawfully issued franchise, at the time of the location of such toll bridge and prior to the time of the authorization of such revenue bonds, and no ferry or other similar means of crossing the said waters within the said distance and connecting or plying directly or indirectly between the lands or extensions thereof or abutments thereon on both sides of the waters spanned or crossed by such bridge shall be maintained or operated or permitted or allowed: Provided, That ferries and other similar means of crossing actually in existence and being maintained and operated, or for which there was outstanding an existing and lawfully issued franchise, at the time of the location of such bridge and prior to the time of the authorization of such revenue bonds, may continue and be permitted to be operated and maintained under such existing rights and franchises, or any lawful renewal or extension thereof. The provisions of this section shall be binding upon the Washington toll bridge authority, the state of Washington and all of its departments, agencies or instrumentalities as well as any and all private, political, municipal and public corporations and subdivisions, including cities, counties, and other political subdivisions and the prohibitions of this section shall restrict and limit the powers of the legislature of the state of Washington in respect to the matters herein mentioned as long as any of such bonds are outstanding and unpaid and shall be deemed to constitute a contract to that effect for the benefit of the holders of all such bonds. [1961 c 13 § 47.56.220. Prior: 1937 c 173 § 13; RRS § 6524-13.]

47.56.230 Toll bridges—Insurance or indemnity bonds authorized. When any such toll bridge or bridges authorized hereunder is being built by the highway commission the Washington toll bridge authority may carry or cause to be carried such an amount of insurance or indemnity bond or bonds as protection against loss or damage as the Washington toll bridge authority may deem proper. The Washington toll bridge authority is hereby further empowered to carry such an amount of insurance to cover any accident or destruction in part or in whole to any toll bridge or toll bridges until all bonds sold for the construction of such toll bridge or toll bridges and interest accrued thereon have been fully redeemed and paid. All moneys collected on any indemnity bond or insurance policy as the result of any damage or injury to any such toll bridge or toll bridges shall be used for the purpose of repairing or rebuilding of any such toll bridge or toll bridges as long as there are revenue bonds against any such structure outstanding and unredeemed. The Washington toll bridge authority is also empowered to carry insurance or indemnity bonds insuring against the loss of tolls or other revenues to be derived from any such toll bridge or bridges by reason of any interruption in the use of such toll bridge or toll bridges from any cause whatever, and the proceeds of such insurance or indemnity bonds shall be paid into the fund into which the tolls and other revenues of the bridge thus insured are required to be paid and shall be applied to the same purposes and in the same manner as other moneys in the said fund. Such insurance or indemnity bonds may be in an amount equal to the probable tolls and other revenues to be received from the operation of such toll bridge or toll bridges during any period of time that may be determined upon by the Washington toll bridge authority and fixed in its discretion, and be paid for out of the toll revenue fund as may be specified in said proceedings. The Washington toll bridge authority may provide in the proceedings authorizing the issuance of bonds for the carrying of insurance as authorized by this chapter, and the purchase and carrying of insurance as authorized by this chapter, and the purchase and carrying of such insurance shall thereupon be obligatory upon the said authority and be paid for out of the toll revenue fund as may be specified in said proceedings. [1961 c 13 § 47.56.230. Prior: 1937 c 173 § 15; RRS § 6524-15.]

47.56.240 Toll bridges—Fixing of toll rates authorized—Lien of bonds on revenue. The Washington toll bridge authority is hereby empowered to fix the rates of toll and other charges for all toll bridges built under the terms of this chapter. Toll charges so fixed may be changed from time to time as conditions may warrant. The said authority in establishing toll charges shall give due consideration to the cost of operating and maintaining such toll bridge or toll bridges including the cost of insurance and to the amount required annually to meet the redemption of bonds and interest payments thereon. The tolls and charges shall be at all times fixed at rates to yield annual revenue equal to annual operating and maintenance expenses including insurance costs and all redemption payments and interest charges of the bonds issued for any particular toll bridge or toll bridges as the same become due and the bond redemption and interest payments shall constitute a first direct and exclusive charge and lien on all such tolls and other revenues and interest thereon and sinking funds created therefrom received from the use and operation of said toll bridge or toll bridges and such tolls and revenues together with the interest earned thereon shall constitute a trust fund for the security and payment of such bonds and shall not be used or pledged for any other purpose as long as such bonds or any of them are outstanding and unpaid. [1961 c 13 § 47.56.240. Prior: 1937 c 173 § 9; RRS § 6524-9.]

47.56.242 Liquidation and closure of facility accounts upon removal of tolls—Transfer to motor vehicle fund. The state highway commission is hereby authorized to liquidate and close toll facility trust and other facility accounts established without the state treasury pursuant to the provisions of chapter 47.56 RCW after the removal of tolls from the facility for...
which the accounts were established. Any balance remaining in such accounts shall thereupon be transferred to the motor vehicle fund. In addition, the state highway commission may, after the removal of tolls from a particular facility or facilities, require that all moneys transferred to the place of payment named in the revenue bonds, for the purpose of paying principal or interest or for redemption of said bonds, not then expended for such purpose, be returned to the state treasurer for deposit in the motor vehicle fund. [1967 ex.s. c 145 § 48.]

47.56.242 Liquidation and closure of facility accounts upon removal of tolls—Satisfaction of valid claims. After transfer of such moneys pursuant to RCW 47.56.242, all valid claims against such accounts, including proper claims for refunds for unused commute media and other prepaid toll fees, may be satisfied, and any outstanding bonds or coupons may be redeemed by payment from the motor vehicle fund upon proper application to and approval by the highway commission.

Neither the provisions of this section nor of RCW 47.56.242 shall be construed to preclude any remedy otherwise available to bond or coupon holders. [1967 ex.s. c 145 § 49.]

47.56.245 Toll charges retained until costs paid. The authority shall retain toll charges on all existing and future facilities until all costs of investigation, financing, acquisition of property, and construction advanced from the motor vehicle fund, and obligations incurred under RCW 47.56.250 and chapter 16, Laws of 1945 have been fully paid. With respect to every facility completed after March 19, 1953, costs shall be paid periodically out of the revenues of the facility in which such costs were incurred. [1965 ex.s. c 170 § 53; 1961 c 13 § 47.56.245. Prior: 1953 c 220 § 6.]

The toll bridge authority may issue permits for the passage of vehicles on any or all of its toll bridges, toll tunnels, toll roads or for the Washington state ferry system on a credit basis upon such terms and conditions as the authority shall deem proper. [1961 c 258 § 1.]

Severability—1961 c 258: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1961 c 258 § 3.] This applies to RCW 47.56.247 and 47.56.248.

47.56.248 Credit permits for vehicular passage—Cash deposit or bond may be required—Revocation of permit. The authority may require the holder of such a permit to furnish to and maintain in force with the authority a cash deposit or a corporate surety bond: Provided, That the authority may require the holder of such permit to increase the amount of cash bond, or to furnish an additional surety bond, or may reduce the amount of the cash bond or surety bond required, as the amount of charges incurred and regularity of payment warrant, or may revoke any permit granted for failure of the holder to comply with any of its terms. [1961 c 258 § 2.]

47.56.250 Contributions by the state or political subdivision—Bonds—Repayment. Whenever a proposed toll bridge, toll road, toll tunnel or any other toll facility of any sort is to be constructed, any city, county or other political subdivision located in relation to such facility so as to benefit directly or indirectly thereby, may, either jointly or separately, at the request of the Washington state highway commission or the authority advance or contribute money, or bonds, rights of way, labor, materials, and other property toward the expense of building the toll facility, and for preliminary surveys and the preparation of plans and estimates of cost thereof and other preliminary expenses. Any such city, county or other political subdivision may, either jointly or separately, at the request of the commission or the authority advance or contribute money or bonds for the purpose of guaranteeing the payment of interest or principal on the bonds issued by the authority to finance the toll facility. Appropriations for such purposes may be made from any funds available, including county road funds received from or credited by the state, or funds obtained by excess tax levies made pursuant to law or the issuance of general obligation bonds for this purpose. General obligation bonds issued by a city, county, or political subdivision may with the consent of the state highway commission or the authority be placed with the Washington toll bridge authority to be sold by the authority to provide funds for such purpose. Money, or bonds or property so advanced or contributed may be immediately transferred or delivered to the authority to be used for the purpose for which contribution was made. The authority may enter into an agreement with a city, county, or other political subdivision to repay any money, or bonds or the value of a right of way, labor, materials, or other property so advanced or contributed. The authority may make such repayment to a city, county or other political subdivision and reimburse the state for any expenditures made by it in connection with the toll facility out of tolls and other revenues for the use of the toll facility. [1961 c 13 § 47.56.250. Prior: 1959 c 162 § 1; 1955 c 166 § 1; 1937 c 173 § 12; RRS § 6524-12.]

The authority shall certify the agreement for the sale to the governor, with a description of the land and the terms of the sale and the governor may execute and the secretary of state shall attest the deed and deliver it to the grantee. [1961 c 257 § 1.]
47.56.253 Permits, leases, licenses to governmental entities to use property of toll facility or ferry system. If the authority deems it in the public interest and not inconsistent with the use and operation of the toll facility involved, the authority may upon application therefor issue a permit, lease or license to the state, or to any city, county, port district, or other political subdivision or municipal corporation of the state to use any portion of the property of any toll bridge, toll road, toll tunnel, or Washington state ferry system upon such terms and conditions as the authority may prescribe. [1961 c 257 § 2.]

47.56.254 Sale of unneeded property—Authorized—Rules. If the authority determines that any real property (including lands, improvements thereon, and any interests or estates) held by the authority is no longer required for purposes of the authority, the authority shall offer it for sale as authorized by RCW 47.56.252 or in the manner and with the authority authorized to the state highway commission by RCW 47.12.280. The authority may adopt rules further implementing this section as granted to the highway commission by RCW 47.12.280. [1973 1st ex.s. c 177 § 3; 1961 c 257 § 3.]

Title 47: Public Highways

47.56.273 Fox Island toll bridge—Need for removal of tolls. Present tolls on the Fox Island toll bridge have retarded the development of Fox Island for residential purposes because of the financial burden upon residents and potential residents resulting from paying these tolls in addition to those imposed upon the Narrows bridge. The removal or readjustment of tolls from the Fox Island toll bridge is required in the interest of the orderly development of Fox Island. The development of Fox Island will provide additional users of the Narrows bridge with a resultant increase of revenue to the state from tolls due to such additional use. [1961 c 13 § 47.56.273. Prior: 1957 c 270 § 1.]

47.56.274 Fox Island toll bridge—Appropriation—Not available until Pierce county assumes obligations. There is hereby appropriated from the motor vehicle fund to the Washington toll bridge authority for the biennium ending June 30, 1959, the sum of one million three hundred fifty thousand dollars or so much thereof as is necessary to make the payment as provided by RCW 47.56.275. Such appropriation shall not be made unless Pierce county shall by resolution of the board of county commissioners agree to be bound by and perform all obligations imposed upon such county by RCW 47.56.273 through 47.56.278. [1961 c 13 § 47.56.274. Prior: 1957 c 270 § 2.]

47.56.275 Fox Island toll bridge—Retirement of revenue bonds—Deposit of appropriation. As a condition of the appropriation referred to in RCW 47.56.274, Pierce county shall request the toll bridge authority to retire all Fox Island toll bridge revenue bonds issued in accordance with the resolution of the toll bridge authority adopted February 16, 1953, as amended in part by the resolution of the toll bridge authority adopted March 2, 1953. The toll bridge authority shall then direct the state treasurer to deposit so much of such appropriation as is necessary to make the payment as provided by RCW 47.56.275 to pay the principal and interest on the Fox Island toll bridge revenue bonds. [1961 c 13 § 47.56.275. Prior: 1957 c 270 § 3.]

47.56.276 Fox Island toll bridge—Tacoma Narrows toll bridge county aid fund—Assignment—Disposition. As a condition of the appropriation referred to in RCW 47.56.274, Pierce county shall by resolution of its board of county commissioners assign to the motor vehicle fund so much of its right, title, and interest in any moneys now or hereafter deposited in the Tacoma Narrows toll bridge county aid fund, established by resolution of Pierce county adopted March 12, 1948, as shall equal the moneys appropriated and paid from the motor vehicle fund in accordance with RCW 47.56.274 and 47.56.275, together with such interest as shall be earned by that portion of the Tacoma Narrows toll bridge county aid fund assigned to the motor vehicle fund in accordance with the terms of RCW 47.56.274 through 47.56.278.

Such resolution of the board of county commissioners of Pierce county shall provide that moneys released from the Tacoma Narrows toll bridge county aid fund in accordance with resolutions of the toll bridge authority adopted March 25, 1948, February 16, 1953, and March 2, 1953, relating to the Tacoma Narrows toll bridge and Fox Island toll bridge bond issues, shall first be paid to the motor vehicle fund until the full amount assigned to said fund, including interest thereon, shall have been so paid. The balance remaining in the county aid fund shall thereafter be released to Pierce county in accordance with resolutions of toll bridge authority adopted March 25, 1948, February 16, 1953, and March 2, 1953. [1961 c 13 § 47.56.276. Prior: 1957 c 270 § 4.]

47.56.277 Fox Island toll bridge—Continuation of tolls to repay funds—Revision, readjustment of tolls, traffic classification. The proceeds of such excise taxes are hereby pledged to the payment of any such deficits in the costs of maintenance and operation of the bridge and in the payment of principal and interest which may arise on account of the bonds issued under the provisions of RCW 47.56.282, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, such deficits. Notwithstanding the provisions of RCW 47.56.220, the highway commission is authorized to design and construct additional bridges across the Spokane river within ten miles of the existing Spokane river toll bridge: Provided, That the highway commission has executed contracts with the bondholders of the existing Spokane river toll bridge providing that to the extent that revenues from the imposition of tolls and franchise fees for use of the Spokane river toll bridge are insufficient to meet costs of maintenance and operation and required payments of principal, interest, and other charges incidental to the issuance, sale, and retirement of the bonds or any subsequent refunding bond issues, the Washington state highway commission shall use moneys in the motor vehicle fund to pay such deficits. [1969 ex.s. c 117 § 1.]

47.56.720 Puget Island–Westport ferry—Payments for operation and maintenance to Wahkiakum county. (1) The legislature finds that the ferry operated by Wahkiakum county between Puget Island and Westport on the Columbia river provides service which is primarily local in nature with secondary benefits to the state highway system in providing a bypass for state route 4 and providing the only crossing of the Columbia river between the Astoria–Megler bridge and the Longview bridge.

(2) The Washington state highway commission is hereby authorized to enter into a continuing agreement with Wahkiakum county pursuant to which the state highway commission shall pay to Wahkiakum county from moneys appropriated for such purpose the sum of one thousand dollars per month to be used in the operation and maintenance of the Puget Island ferry, commencing July 1, 1971: Provided, That from October 1, 1973 through June 30, 1975 the state highway commission shall pay Wahkiakum county one thousand forty–two dollars and eighty–six cents per month.

Additionally, the Washington state highway commission is authorized to include in the continuing agreement a provision to reimburse Wahkiakum county for sixty percent of the deficit incurred during each previous fiscal year in the operation and maintenance of the ferry, commencing with the fiscal year ending June 30, 1972. The state’s sixty percent share of the annual operating and maintenance deficit shall include the one thousand dollars per month authorized in this subsection and the one thousand one hundred forty–two dollars and eighty–six cents per month authorized to be paid from October 1, 1973 through June 30, 1975.

(3) The annual deficit, if any, incurred in the operation and maintenance of the ferry shall be determined by Wahkiakum county subject to the approval of the Washington state highway commission. If sixty percent of the deficit for the preceding fiscal year exceeds the total amount paid to the county for that year, the additional amount shall be paid to the county by the Washington state highway commission upon the receipt of a properly executed voucher: Provided, That the total of all payments to the county in any biennium shall not exceed the amount appropriated for that biennium. [1973 2nd ex.s.s. c 26 § 1; 1971 ex.s.s. c 254 § 1.]

Effective date—1973 2nd ex.s.s. c 26: "This 1973 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect October 1, 1973." [1973 2nd ex.s.s. c 26 § 3.]

(1) The Washington state highway commission is hereby authorized to enter into a continuing agreement with Pierce, Skagit, and Whatcom counties pursuant to which the state highway commission shall pay to each of the counties from moneys appropriated for such purpose the amounts authorized in subsection (2) of this section.

(2) The Washington state highway commission is authorized to include in each such continuing agreement a provision to reimburse the county for fifty percent of the deficit incurred during each previous fiscal year in the operation and maintenance of the ferry system owned and operated by such county, commencing with the fiscal year ending June 30, 1976: Provided, That each county agreement shall contain a requirement that the county shall maintain tolls on its ferries at levels sufficient to produce aggregate annual revenues at least

equal to the annual revenue of the county's ferry system in calendar year 1975.

(3) The annual fiscal year deficit, if any, shall be determined by Pierce, Skagit, and Whatcom counties subject to review and approval of the Washington state highway commission. The annual fiscal year deficit is defined as the total of operations and maintenance expenditures less the sum of ferry toll revenues and that portion of fuel tax revenue distributions which are attributable to the county ferry as determined by the Washington state highway commission. Payments of the amounts authorized by subsection (2) of this section shall be made by the Washington state highway commission upon the receipt of properly executed vouchers from each county. [1975-76 2nd ex.s. c 57 § 2; 1975 1st ex.s. c 21 § 1.]

Appropriation—1975 1st ex.s. c 21: "There is hereby appropriated from the counties share of the motor vehicle fund to the Washington state highway commission for the biennium ending June 30, 1977, the sum of one hundred twenty thousand dollars or so much thereof as may be necessary to carry out the provisions of section 1 of this 1975 amendatory act." For the purpose of obtaining information as to the necessity of the reconstruction or improvement of any such bridge and the expediency of constructing any such additional bridge it shall be the duty of the director of highways upon request of the state highway commission or the authority to make any examination, investigation, survey or reconnaissance pertaining thereto and the cost of any such examination, investigation, survey or reconnaissance, and all preliminary expenses in the issuance of any revenue bonds, making surveys and appraisals and drafting, printing, issuance and sale of bonds under this chapter, shall be advanced by any interested municipality, agency or department of the state of Washington and all such advancements shall be reimbursed out of any proceeds derived from the sale of bonds or out of tolls and revenues to be derived by the authority through its operations hereunder for account of the project, as may be agreed upon between the authority and such municipality, agency or department. [1961 c 13 § 47.58.020. Prior: 1955 c 208 § 2.]

The director of highways shall have full charge of the construction of all such improvements and reconstruction work and the construction of any additional bridge, including approaches and connecting highways, that may be authorized by the authority under this chapter and the operation of such bridge or bridges, as well as the collection of tolls and other charges for services and facilities thereby afforded. The schedule of charges for such services and facilities shall be fixed and revised from time to time by the authority so that the tolls and revenues collected will yield annual revenue and income sufficient, after payment or allowance for all operating, maintenance and repair expenses, to pay the interest on all revenue bonds outstanding under the provisions of this chapter for account of the project and to create a sinking fund for the retirement of such revenue bonds at or prior to maturity, and such charges shall be continued
until all such bonds and interest thereon and unpaid advancements, if any, shall have been paid. [1961 c 13 § 47.58.030. Prior: 1955 c 208 § 3.]

Each such revenue bond shall contain a recital that payment or redemption of the bond and payment of the interest thereon is secured by a direct charge and lien upon the tolls and revenues pledged for that purpose and that such bond does not constitute an indebtedness of the state of Washington. Such revenue bonds may bear such date or dates, may mature at such time or times as the authority shall determine, may bear interest at such rate or rates, may be in such denomination or denominations, may be in such form, either coupon or registered, may carry such registration and conversion privileges, may be made subject to such terms of redemption with or without premium, and may contain such other terms and covenants not inconsistent with this chapter as may be provided in such resolution. Notwithstanding the form or tenor thereof, and in the absence of an express recital on the face thereof that the bond is nonnegotiable each such revenue bond shall at all times be and shall be treated as a negotiable instrument for all purposes. All such bonds shall be signed by the state treasurer and countersigned by the governor and any interest coupons appertaining thereto shall bear the signature of the state treasurer: Provided, That the countersignature of the governor on such bonds and the signature of the state treasurer on such coupons may be their printed or lithographed facsimile signatures. sort, and to pay all refunding costs and expenses and to provide adequate reserves for said toll facility and for any such refunding bonds. Various issues and series of such outstanding bonds, including refunding bonds, may be combined and refunded by a single issue of refunding bonds. Such refunding bonds shall bear interest at such rates and mature at such times, without limitation by the interest rates or maturity of the bonds being refunded, and shall contain such other covenants and conditions as the Washington toll bridge authority shall determine by resolution. [1961 c 13 § 47.60.113. Prior: 1957 c 152 § 1; 1955 c 17 § 1.]

47.60.114 Refunding bonds—Payable from revenues. Any refunding bonds authorized herein shall constitute obligations of the Washington toll bridge authority only and not of the state of Washington. They shall be payable solely out of all or such part of the revenues derived from the operation of the toll bridge, toll road, toll tunnel, ferry system, or any other toll facility, as shall be provided in the resolution authorizing the issuance of such refunding bonds. [1961 c 13 § 47.60.114. Prior: 1957 c 152 § 2; 1955 c 17 § 2.]

The authority shall not maintain and operate any ferry crossing or toll bridge over Puget Sound or any of its tributary or connecting waters which would infringe upon any franchise lawfully issued by the state and in existence and being exercised at the time of the location of the ferry crossing or toll bridge by the authority, without first acquiring the rights granted to such franchise holder under said franchise.

While any revenue bonds issued by the authority under the provisions of this chapter are outstanding no additional bonds shall be issued for the purposes of acquiring, constructing, operating or maintaining any ferries or toll bridges within the aforesaid ten mile distance by the authority unless the revenues of any such additional ferries or toll bridges are pledged to the bonds then outstanding to the extent provided by the resolution authorizing the issue of such outstanding bonds. The provisions of this section shall be binding upon the state, and all of its departments, agencies and instrumentalities, as well as any and all private, political, municipal and public corporations and subdivisions, including cities, towns, counties and other political subdivisions, and the prohibitions of this section shall restrict and limit the powers of the legislature of the state in respect to the matters herein mentioned so long as any of such bonds are outstanding and unpaid and shall be deemed to constitute a contract to that effect for the benefit of the holders of all such bonds. [1961 c 13 § 47.60.120. Prior: 1949 c 179 § 6; Rem. Supp. 1949 § 6584-35.]

For the purpose of paying the cost of acquiring, constructing or reconstructing ferries or ferry terminal facilities, and all costs which may be incurred in connection therewith, the Washington toll bridge authority is hereby authorized to issue interim revenue warrants, which shall constitute obligations only of the authority, and which shall not be obligations of the state of Washington. Such warrants shall be payable solely out of part or all of the revenues derived from the operation of the Puget Sound ferry system as shall be provided in the resolution authorizing their issuance, and shall be drawn upon, and the principal thereof and interest thereon shall be payable out of, such fund or funds as shall be created in and provided by such resolution. Such warrants may be interest bearing coupon warrants with a fixed maturity date, or may be interest bearing registered warrants payable in order of their issuance whenever there is sufficient money in the fund upon which they were drawn to redeem any of the same. [1961 c 13 § 47.60.122. Prior: 1953 c 159 § 1.]

47.60.124 Revenue refunding bonds to redeem interim warrants. In the event it is deemed advisable or found necessary to redeem any or all of such warrants, the authority is authorized to issue its revenue refunding bonds for such purpose. Said bonds shall constitute obligations only of the authority, and shall not be obligations of the state of Washington. Such refunding bonds shall be payable solely out of part or all of the revenues derived from the operation of the Puget Sound ferry system as shall be provided in the resolution authorizing their issuance. [1961 c 13 § 47.60.124. Prior: 1953 c 159 § 2.]

47.60.126 Interim warrants and refunding bonds—Laws applicable. All provisions of chapter 47.60 RCW pertaining and applicable to the revenue bonds of the authority authorized therein are made applicable to the warrants and revenue refunding bonds authorized herein except insofar as otherwise provided by RCW 47.60.122 through 47.60.126. [1961 c 13 § 47.60.126. Prior: 1953 c 159 § 3.]
47.60.130 Unit or combined operation—Continuous project—Rental, charter, lease, of system property—Sale of unneeded property. Such ferry system, including any toll bridges, approaches, and roadways incidental thereto, may be financed and operated in combination or separately as one or more units as the authority may determine, and such ferry system together with any toll bridge hereafter constructed by the authority upon or across the waters of Puget Sound or Hood Canal, or any part of either, replacing one or more presently operated ferry routes, is declared to be a continuous project within the meaning of RCW 47.56.070. The authority is empowered to rent, lease, or charter any property acquired under this chapter. If the authority determines that any real property (including lands, improvements thereon, and any interests or estates) held by the authority is no longer required for the purposes of the ferry system, the authority shall offer it for sale in the manner and with the authority authorized to the state highway commission by RCW 47.12.280. The authority may adopt rules further implementing this section as granted to the highway commission by RCW 47.12.280. The proceeds of all such sales shall be paid into the separate trust fund of the state treasury established pursuant to RCW 47.60.150. [1973 1st ex.s. c 177 § 5; 1961 c 13 § 47.60.130. Prior: 1955 c 22 § 1; 1953 c 32 § 1; 1949 c 179 § 3, part; Rem. Supp. 1949 § 6584–32, part.]

47.60.140 System as self-liquidating undertaking—Powers of highway commission—Concessions. The authority is empowered to operate such ferry system, including all operations, whether intrastate or international, upon any route or routes, and toll bridges as a revenue producing and self-liquidating undertaking. The highway commission shall have full charge of the construction, rehabilitation, rebuilding, enlarging, improving, operation and maintenance of the ferry system, including toll bridges, approaches and roadways incidental thereto that may be authorized by the authority, including the collection of tolls and other charges for the services and facilities of the undertaking: Provided, That the authority shall have the exclusive right to enter into leases and contracts for use and occupancy by other parties of the concessions and space located on the ferries, wharves, docks, approaches and landings, but no such leases or contracts shall be entered into for more than five years, nor without public advertisement for bids as may be prescribed by the authority: Provided further, That the Colman Dock facilities may be leased for a period not to exceed ten years: Provided further, That the authority may accept and continue deposits or contracts for a period of ten years without advertisement or bid, if such leases or contracts were in effect or entered into at the time of the purchase of the Puget Sound ferry system, and any leases or contracts so made are hereby validated. [1965 ex.s. c 170 § 58; 1961 c 13 § 47.60.140. Prior: 1951 c 259 § 1; 1949 c 179 § 5, part; Rem. Supp. 1949 § 6584–34, part.]

47.60.150 Fixing of charges—Deposit, segregation, and disbursement of revenues. Subject to the provisions of RCW 47.60.325, the schedule of charges for the services and facilities of the system shall be fixed and revised from time to time by the authority so that the tolls and revenues collected together with any moneys in the Puget Sound ferry operations account appropriated for maintenance and operation, and all moneys in the Puget Sound reserve account available for debt service will yield annual revenue and income sufficient, after allowance for all operating, maintenance and repair expenses to pay the interest and principal and sinking fund charges for all outstanding revenue bonds, and to create and maintain a fund for ordinary renewals and replacements: Provided, That if provision is made by any resolution for the issuance of revenue bonds for the creation and maintenance of a special fund for rehabilitating, rebuilding, enlarging or improving all or any part of the ferry system then such schedule of tolls and rates of charges shall be fixed and revised so that the revenue and income will also be sufficient to comply with such provision.

All income and revenues as collected shall be paid to the state treasurer for the account of the authority as a separate trust fund and to be segregated and disbursed upon order of the authority: Provided, That the fund so segregated and set apart for the payment of the revenue bonds may be remitted to and held by a designated trustee in such manner and with such collateral as may be provided in the resolution authorizing the issuance of said bonds. [1972 ex.s. c 24 § 5; 1961 c 13 § 47.60.150. Prior: 1949 c 179 § 5, part; Rem. Supp. 1949 § 6584–34, part.]

In the event it is ascertained that any expense to the motor vehicle fund has been incurred in any manner under this chapter through the authority, the highway commission, or otherwise, all such expenses shall be promptly reimbursed to the motor vehicle fund out of tolls and revenues derived by the authority through any or all of its operations hereunder. [1961 c 13 § 47.60.160. Prior: 1949 c 179 § 5, part; Rem. Supp. 1949 § 6584–34, part.]

Such fund may be deposited by the authority in such banks or financial institutions as it may select throughout the state. The provisions of RCW 43.01.050 shall not be applicable to such fund or any deposits therein made by the authority under the provisions of this section. The authority may deposit thereafter therein all moneys received under the provisions of this chapter. All expenses whatsoever arising in the operations of the Puget Sound ferry system shall be paid from such fund if established by check or voucher in such manner as may be prescribed by the authority.

[Title 47—p 140]
All moneys received by the authority or any employee under the foregoing sections of this chapter, except an amount of petty cash for each day's needs as fixed by the regulation of the authority, shall be each day and as often during such day as advisable, deposited in the nearest authorized depositary selected by the authority under the terms of this section.

Whenever the fund shall exceed six hundred thousand dollars, the authority shall forthwith transmit such excess to the state treasurer for deposit in the trust fund established by RCW 47.60.150. [1970 ex.s. c 85 § 6; 1961 c 13 § 47.60.170. Prior: 1951 c 259 § 13.]

Said authority shall use said fund firstly to pay its investigation, management, maintenance and operation costs, unless otherwise provided for; secondly to reimburse for past and future advances from the motor vehicle fund, at such times and in such amounts as the authority shall in its discretion deem feasible. The projects to be investigated must propose facilities to be financed by revenue bonds of the authority to be repaid by tolls or charges. [1961 c 13 § 47.60.180. Prior: 1953 c 220 § 5; 1951 c 259 § 14.]

Any sums expended under the provisions of RCW 47.60.180 as to each projected facility which shall be adopted and constructed by the authority shall be repaid from the revenues of such facility after it becomes operative to the authority revolving fund. The authority shall take into account any such expense in setting up any schedule of tolls or charges for such project. The authority shall make and order an orderly schedule of payments for the recovery of such expenses from any constructed facility within a reasonable time, which schedule shall be so made that it will not interfere with the other necessary expenses to be recovered by tolls or charges but shall operate with such other expense charges. Any sums so recovered shall be paid into the state treasury and by the treasurer deposited in the authority revolving fund. [1961 c 13 § 47.60.190. Prior: 1951 c 259 § 15.]

47.60.200 Consent to liability not general liability of state. Any consent to liability given under the provisions of this chapter shall create liability of the authority only and shall not create any general liability of the state. [1961 c 13 § 47.60.200. Prior: 1951 c 259 § 5.]

[1961 c 13 § 47.60.230. Prior: 1951 c 259 § 8.]

If the claimant shall be incapacitated from verifying and filing his claim within said one hundred twenty days, or if the claimant be a minor, then the claim may be verified and presented on behalf of said claimant by his relative, attorney or agent. Each such claim must accurately locate and describe the event or defect that caused the damage, loss, injury or death, reasonably describe the damage, loss or injury, and state the time when the same occurred, give the claimant's residence for six months last past and contain the items of damages claimed. 47.60.370 Puget Sound reserve account—Specific uses enumerated. The Puget Sound reserve account shall be used by the Washington toll bridge authority for the following purposes:

The authority may pledge any moneys in the Puget Sound reserve account or to be deposited in said account to guarantee the payment of principal or interest on (1) bonds issued to refund the outstanding 1955 Washington state ferry system refunding bonds and the 1957 ferry and Hood Canal bridge revenue bonds, or (2) subsequent parity bonds issued to pay costs of improving the Washington state ferry system or constructing additional transportation facilities for the crossing of any part of Puget Sound other than bridging between the east side of Puget Sound to the Kitsap Peninsula, Vashon Island or Bainbridge Island: Provided, That the authority shall not pledge any moneys in the Puget Sound reserve account to guarantee interest or principal on such parity bonds without further express authorization by legislative act.

The authority may further pledge moneys in the Puget Sound reserve account to meet any sinking fund requirements or reserves established by the authority with respect to any new bond issues provided for in this section.

To the extent of any pledge herein authorized, the authority shall use the first moneys available in the Puget Sound reserve account to meet such obligations as they arise. [1961 ex.s. c 7 § 20.]

47.60.380 Puget Sound reserve account—Transfer of moneys to commission secondary to unpaid obligation—Continuing levy and deposit of motor vehicle fuel and use fuel taxes pledged. Notwithstanding the provisions of RCW 47.60.360 the treasurer shall never transfer any moneys from the Puget Sound reserve account for use by the state highway commission for state highway purposes so long as there is due and unpaid any obligations for payment of principal, interest, sinking funds or reserves as required by any pledge of the Puget Sound reserve account. Whenever the authority shall have pledged any moneys in said account for the purposes authorized in RCW 47.60.370, the state agrees to continue to deposit in the Puget Sound reserve account the motor vehicle fuel taxes and use fuel taxes as provided in RCW 82.36.020 and *82.40.290, and further agrees that so long as there exists any outstanding obligations pursuant to such pledge, to continue to impose such taxes. [1961 ex.s. c 7 § 21.]

*Reviser's note: Chapter 82.40 RCW, the use fuel tax, was repealed by 1971 ex.s. c 175 § 33; for later enactment see chapter 82.38 RCW, the special fuel tax act.

47.60.390 Puget Sound reserve account—Investment of funds not required for specified purposes. Any funds in the Puget Sound reserve account of the motor vehicle fund which are not required by the authority for payment of principal or interest on any bond issues or for any of the other purposes authorized in RCW 47.60.370, may be invested by the authority, subject to the
approval of the highway commission, in bonds and obligations of the nature eligible for the investment of current state funds as provided in RCW 43.84.080. [1961 ex.s. c 7 § 22.]

47.60.400 Additional revenue bonds, refunding bonds, authorized, 1961 Act. The Washington toll bridge authority is authorized to issue revenue bonds to refund all or any part of the authority's outstanding 1955 Washington state ferry system refunding revenue bonds and 1957 ferry and Hood Canal bridge revenue bonds, and may issue additional revenue bonds in parity therewith to pay cost of improving the Washington state ferry system or constructing or improving transportation facilities for the crossing of Puget Sound and any of its tributary waters and connections thereof other than bridging from the east side of Puget Sound to the Kitsap Peninsula, Vashon Island or Bainbridge Island: Provided, That the toll bridge authority shall not issue any such additional revenue bonds without further express authorization by the legislature. With respect to the issuing of such bonds and the payment of principal and interest thereon, the payment into reserves, sinking funds, and the ferry improvement fund established in connection therewith, and the fixing and revision of charges for services and facilities of the system, and in managing all its fiscal operations, the authority shall have all the powers and shall follow the same procedures established for it under existing laws, except as otherwise provided herein. [1961 ex.s. c 9 § 1.]

Appropriation—1961 ex.s. c 9: "There is hereby appropriated from the motor vehicle fund to the Washington toll bridge authority, for the biennium ending June 30, 1963, the sum of two million six hundred thousand dollars or so much thereof as may be necessary for the operation and maintenance of the Washington state ferries and the payments of principal and interest on outstanding 1955 Washington state ferry system refunding revenue bonds and 1957 ferry and Hood Canal bridge revenue bonds and payments into reserves thereof as required by resolutions adopted by the authority with respect to such bond issues. Whenever such bond issues shall be refunded, any unexpended part of this appropriation shall lapse." [1961 ex.s. c 9 § 8.]

47.60.410 Additional revenue bonds, refunding bonds, authorized, 1961 Act—"Ferry improvement fund"—Uses—Composition. In the event refunding bonds are issued as provided in RCW 47.60.400, the authority is hereby directed to establish a fund to be called the "ferry improvement fund" to be used to pay all or any part of the cost of constructing, purchasing, reconstructing, replacing, extending, bettering, developing or otherwise improving any part of the Washington state ferry system.

Into this fund the authority shall place each year such sums as it finds needed for the aforesaid and available from the revenues of the ferry system and Hood Canal bridge after payment of costs of maintenance and operation, bond interest, bond reserve funds, and payments upon principal required during the year by bond resolutions: Provided, That not more than two hundred fifty thousand dollars in any year shall be placed in such fund and the amount accumulated in the fund shall not at any time exceed three million dollars. [1961 ex.s. c 9 § 2.]

47.60.420 Additional revenue bonds, refunding bonds, authorized, 1961 Act—Prior charge against Puget Sound reserve account if ferry system and Hood Canal bridge revenues insufficient—Repayment. To the extent that all revenues from Washington state ferry system and the Hood Canal bridge available therefor are insufficient to meet required payments of principal and interest on bonds, sinking fund requirements and payments into reserves and the payments into the ferry improvement fund provided in RCW 47.60.410, the authority shall use moneys in the Puget Sound reserve account for such purpose. Any moneys from the Puget Sound reserve account used by the authority to pay such obligations shall be repaid by the authority to the motor vehicle fund from tolls of the Washington state ferry system and the Hood Canal bridge and tolls shall be continued for any required additional length of time necessary for this purpose. [1961 ex.s. c 9 § 3.]

47.60.430 Additional revenue bonds, refunding bonds, authorized, 1961 Act—Agreement to continue imposition of certain taxes. [1961 ex.s. c 9 § 4.]

47.60.440 Additional revenue bonds, refunding bonds, authorized, 1961 Act—Ferry system a revenue-producing undertaking—Debt service—Tolls on ferry system and Hood Canal bridge. The Washington state ferry system shall be efficiently managed, operated and maintained as a revenue-producing undertaking. Subject to the provisions of RCW 47.60.325 the authority shall maintain and revise from time to time as necessary a schedule of tolls and charges on said ferry system and Hood Canal bridge which together with any moneys in the Puget Sound ferry operations account appropriated for maintenance and operation and all moneys in the Puget Sound reserve account available for debt service will produce net revenue available for debt service requirements as used in this section shall include service, in each fiscal year, in an amount at least equal to minimum annual debt service requirements as hereinafter
Puget Sound Ferry And Toll Bridge System

The legislature recognizes that transportation across Puget Sound provides a vital geographic link necessary for the welfare of the people as well as the growth and development of the state of Washington. The legislature further recognizes that ferry transportation has become a financial burden to the state and to the users of the ferry system. In order to effect immediate and long-term relief of these financial problems, the Washington state highway commission and the joint committee on highways are hereby authorized and directed to evaluate alternative methods of providing ferry transportation service across Puget Sound and adjacent waters. Such evaluation shall include, but not necessarily be limited to the following factors:

(1) A system of roads and bridges connecting Vashon Island and Bainbridge Island with the Kitsap Peninsula mainland.
(2) Relocation of terminals and ferry routes to improve the economics of the ferry system operation.

(3) Supplemental facilities for the movement of foot passengers.

(4) The relative economic benefits to the state, the ferry patrons, and the residents of the areas served by the ferry system.

(5) The cost of construction and a time schedule for implementing a consolidated ferry system.

In making its evaluation, the state highway commission shall solicit and give full consideration to the views of local community groups as provided in RCW 47.60.300 and 47.60.310.

The highway commission and the joint committee on highways shall also, at the time that such evaluation is made, inquire into the extent to which motor vehicle funds might be made available to offset the operating and maintenance costs of the ferry system and the eligibility of the ferry system for federal money participation on the basis that ferries are extensions of federal aid routes and/or are mass public transportation carriers; such inquiry shall give full consideration to the importance of the Puget Sound Naval Shipyard on a national and regional scope by reason of the vital work done in the defense of the nation and the fact that said shipyard is the second largest employer in the state of Washington. [1971 ex.s. c 149 § 1.]

47.60.520 Evaluation of alternative methods of providing ferry transportation service across Puget Sound and adjacent waters—Cross sound transportation plan—Progress reports. The state highway commission and the joint committee on highways shall prepare a cross sound transportation plan which shall include cost estimates and alternative means for financing the entire project. The plan shall specify the portion of the total cost which can be financed by issuance of toll bridge authority revenue bonds and that portion of the total cost which would be contributed from the motor vehicle fund. A preliminary progress report shall be submitted to the next session of the legislature, and a final report incorporating the findings and recommendations of the state highway commission and the joint committee on highways formulated pursuant to the provisions of RCW 47.60.510 and 47.60.520 shall be presented to the 1973 regular session of the legislature. [1971 ex.s. c 149 § 2.]

47.60.530 Puget Sound ferry operations account—Use. There is hereby created in the motor vehicle fund the Puget Sound ferry operations account to the credit of which shall be deposited all moneys directed by law to be deposited therein. All moneys deposited in this account shall be expended pursuant to appropriations only for maintenance and operation of the Washington state ferries supplementing as required the revenues available from the Washington state ferry system. [1972 ex.s. c 24 § 3.]

47.60.540 Puget Sound ferry operations account—Transfer of excess funds. (1) Whenever in any biennium there has been paid into the Puget Sound ferry operations account sums equal to the appropriations from the account for the biennium, all additional sums accruing to the account shall forthwith be transferred from the account and shall be expended by the state highway commission pursuant to proper appropriations for state highway purposes.

(2) One month after the end of each biennium any sums which were paid into the Puget Sound ferry operations account during the biennium just ended which remain unexpended shall be transferred from the account and shall be expended by the state highway commission pursuant to proper appropriation for state highway purposes. [1972 ex.s. c 24 § 4.]

47.60.550 Parking or holding area for ferry patrons in conjunction with municipal off-street parking facilities. (1) Whenever any county, city or other municipal corporation acquires or constructs any facility to be used in whole or in part for off-street parking of motor vehicles which is in the immediate vicinity of an existing or planned ferry terminal, the Washington toll bridge authority may enter into an agreement with such local governmental body providing for the use in part or at specified times of such facility as a holding area for traffic waiting to board a ferry or for parking by ferry patrons.

(2) As a part of an agreement authorized by subsection (1) of this section, the authority, subject to the limitations contained in RCW 47.60.380, may pledge any moneys in the Puget Sound capital construction account in the motor vehicle fund, or to be deposited in said account, to guarantee the payment of principal and interest on bonds issued by a county, city or other municipal corporation to finance the acquisition or construction of such a parking facility. In making any such pledge, the authority shall reserve the right to issue its own bonds for the purpose of paying the costs of acquiring ferry vessels with the provision that such bonds shall rank on parity with the bonds authorized by this section as a lien upon moneys in or to be deposited in the Puget Sound capital construction account.

The authority shall also reserve the right to pledge moneys in the Puget Sound capital construction account to guarantee subsequent bonds issued by any county, city or other municipal corporation to finance parking facilities as authorized in subsection (1) of this section with the provision that such subsequent bonds shall rank on parity with prior bonds guaranteed pursuant to this section as a lien upon moneys in or to be deposited in the Puget Sound capital construction account. To the extent of any pledge herein authorized, the authority shall use the first moneys available in the Puget Sound capital construction account to meet such obligations as they arise. [1975-76 2nd ex.s. c 69 § 1.]

The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of this chapter, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of this chapter. [1965 ex.s. c 56 § 7.]

47.61.080 Bonds to provide matching funds—Bonds to reflect terms and conditions of grant agreement.

[1965 ex.s. c 56 § 9.]

47.61.100 Bonds to provide matching funds—Repayment procedure—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments under the provisions of this chapter when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of the receipts so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1965 ex.s. c 56 § 10.]
