The gift shall become invalidated upon expiration, cancellation, revocation, or suspension of the license, and the gift must be renewed upon renewal of such license.

Provided, That the statement of gift herein provided for shall contain a provision, including a clear instruction to the donor, providing for a means by which the donor may at his will revoke such gift: Provided further, That nothing in this chapter shall be construed to invalidate a donor card located elsewhere.

(4) The gift may be made to a specified donee or without specifying a donee. If the latter, the gift may be accepted by the attending physician as donee upon or following death. If the gift is made to a specified donee who is not available at the time and place of death, the attending physician upon or following death, in the absence of any expressed indication that the donee desired otherwise, may accept the gift as donee. The physician who becomes a donee under this subsection shall not participate in the procedures for removing or transplanting a part.

(5) Notwithstanding RCW 68.08.560(2), the donor may designate in his will, card, or other document of gift the surgeon or physician to carry out the appropriate procedures. In the absence of a designation or if the designee is not available, the donee or other person authorized to accept the gift may employ or authorize any surgeon or physician for the purpose.

(6) Any gift by a person designated in RCW 68.08.510(2), shall be made by a document signed by him or made by his telegraphic, recorded telephonic, or other recorded message. [1975 c 54 § 2; 1969 c 80 § 5.]

Drivers licenses, anatomical gift statements: RCW 46.20.113.

68.08.540 Delivery of will, card or other document to specified donee. If the gift is made by the donor to a specified donee, the will, card, or other document, or an
executed copy thereof, may be delivered to the donee to expedite the appropriate procedures immediately after death. Delivery is not necessary to the validity of the gift. The will, card, or other document, or an executed copy thereof, may be deposited in any hospital, bank or storage facility or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination. [1969 c 80 § 6.]

68.08.550 Amendment or revocation of gift. (1) If the will, card, or other document or executed copy thereof, has been delivered to a specified donee, the donor may amend or revoke the gift by:
   (a) the execution and delivery to the donee of a signed statement;
   (b) an oral statement made in the presence of two persons and communicated to the donee;
   (c) a statement during a terminal illness or injury addressed to an attending physician and communicated to the donee;
   (d) a signed card or document found on his person or in his effects.

(2) Any document of gift which has not been delivered to the donee may be revoked by the donor in the manner set out in subsection (1) above, or by destruction, cancellation, or mutilation of the document and all executed copies thereof.

(3) Any gift made by a will may also be amended or revoked in the manner provided for amendment or revocation of wills, or as provided in subsection (1) above. [1969 c 80 § 7.]

68.08.560 Acceptance or rejection of gift—Time of death—Liability for damages. (1) The donee may accept or reject the gift. If the donee accepts a gift of the entire body, he may, subject to the terms of the gift, authorize embalming and the use of the body in funeral services. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body.

(2) The time of death shall be determined by a physician who tenders the donor at his death, or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting a part.

(3) A person who acts in good faith in accord with the terms of RCW 68.08.500 through 68.08.610 or with the anatomical gift laws of another state (or a foreign country) is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act.

(4) The provisions of RCW 68.08.500 through 68.08.610 are subject to the laws of this state prescribing powers and duties with respect to autopsies. [1969 c 80 § 8.]

68.08.600 Uniformity. RCW 68.08.500 through 68.08.610 shall be so construed as to effectuate its general purpose to make uniform the law of those states which enact it. [1969 c 80 § 9.]

Establishment authorized. Cemetery districts may be established in all counties and on any island in any county, as in this chapter provided. [1971 c 19 § 1; 1957 c 99 § 1; 1953 c 41 § 1; 1947 c 27 § 1; 1947 c 6 § 1; Rem. Supp. 1947 § 3778–150.]

Petition—Requisites—Examination. For the purpose of forming a cemetery district, a petition designating the boundaries of the proposed district by metes and bounds or describing the lands to be included in the proposed district by government townships, ranges and legal subdivisions, signed by not less than fifteen percent of the qualified registered electors, who are property owners or are purchasing property under contract and who are resident within the boundaries of the district, setting forth the object of the formation of such district and stating that the establishment thereof will be conducive to the public welfare and convenience, shall be filed with the county auditor of the county within which the proposed district is located, accompanied by an obligation signed by two or more petitioners agreeing to pay the cost of publishing the notice hereinafter provided for. The county auditor shall, within thirty days from the date of filing of such petition, examine the signatures and certify to the sufficiency or insufficiency thereof and for such purpose shall have access to registration books and records in possession of the registration officers of the election precincts included in whole or in part within the boundaries of the proposed district and to the tax rolls and other records in the offices of the county assessor and county treasurer. No person having signed a petition shall be allowed to withdraw his name therefrom after it has been filed with the county auditor. If the petition is found to contain a sufficient number of signatures of qualified persons, the county auditor shall transmit it, with his certificate of sufficiency attached, to the board of county commissioners. The board shall, prior to calling the said election, name three registered resident electors who are property owners or are purchasing property under contract and who are resident within the boundaries described in petition shall be included in whole or in part within the boundaries of the district as candidates for election as cemetery district commissioners. The board shall, prior to calling the said election, name three registered resident electors who are property owners or are purchasing property under contract and who are resident within the boundaries described in petition shall be excluded from the boundaries thereof. [1947 c 6 § 5; Rem. Supp. 1947 § 3778–154.]

Hearing, place and date of. The hearing on such petition shall be at the office of the board of county commissioners and shall be held not less than twenty nor more than forty days from the date of receipt thereof from the county auditor. The hearing may be completed on the day set therefor or it may be adjourned from time to time as may be necessary, but such adjournment or adjournments shall not extend the time for determining said petition more than sixty days in all from the date of receipt by the board. [1947 c 6 § 3; Rem. Supp. 1947 § 3778–152.]

Publication and posting of petition and notice of hearing. A copy of the petition with the names of petitioners omitted, together with a notice signed by the clerk of the board of county commissioners stating the day, hour and place of the hearing, shall be published in three consecutive weekly issues of the official newspaper of the county prior to the date of hearing. Said clerk shall also cause a copy of the petition with the names of petitioners omitted, together with a copy of the notice attached, to be posted for not less than fifteen days before the date of hearing in each of three public places within the boundaries of the proposed district, to be previously designated by him and made a matter of record in the proceedings. [1947 c 6 § 4; Rem. Supp. 1947 § 3778–153.]

Hearing—Inclusion and exclusion of lands. At the time and place fixed for hearing on the petition or at any adjournment thereof, the board of county commissioners shall hear said petition and receive such evidence as it may deem material in favor of or opposed to the formation of the district or to the inclusion therein or exclusion thereof from any lands, but no lands not within the boundaries of the proposed district as described in the petition shall be included without a written waiver describing the land, executed by all persons having any interest of record therein, having been filed in the proceedings. No land within the boundaries described in petition shall be excluded from the district. [1947 c 6 § 5; Rem. Supp. 1947 § 3778–154.]

Election on formation of district and to elect first commissioners. The board of county commissioners shall have full authority to hear and determine the petition, and if it finds that the formation of the district will be conducive to the public welfare and convenience, it shall by resolution so declare, otherwise it shall deny the petition. If the board finds in favor of the formation of the district, it shall designate the name and number of the district, fix the boundaries thereof, and cause an election to be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this chapter, and for the purpose of electing its first cemetery district commissioners. The board shall, prior to calling the said election, name three registered resident electors who are property owners or are purchasing property under contract within the boundaries of the district as candidates for election as cemetery district commissioners. [1947 c 6 § 6; Rem. Supp. 1947 § 3778–155.]

Election, how conducted—Notice. Except as otherwise provided in this chapter, the election shall insofar as possible be called, noticed, held, conducted and canvassed in the same manner and by the same officials as provided by law for special elections in the county. For the purpose of such election county voting precincts may be combined or divided and redefined, and the territory in the district shall be included in one or more election precincts as may be deemed convenient, a polling place being designated for each such precinct. The notice of election shall state generally and briefly the purpose thereof, shall give the boundaries of the proposed district, define the election precinct or precincts, designate the polling place for each, mention the names of the candidates for first cemetery district commissioners, and name the day of the election and the
hours during which the polls will be open. [1947 c 6 § 7; Rem. Supp. 1947 § 3778-156.]

Elections: Title 29 RCW.

68.16.080 Election ballot. The ballot for said election shall be in such form as may be convenient but shall present the propositions substantially as follows:

- (insert county name) (insert number) cemetery district No. (insert number)
- Yes
- (insert county name) (insert number) cemetery district No. (insert number) No

and shall specify the names of the candidates nominated for election as the first cemetery district commissioners with appropriate space to vote for the same. [1947 c 6 § 8; Rem. Supp. 1947 § 3778-157.]

68.16.090 Canvass of returns—Resolution of organization. The returns of such election shall be canvassed at the court house on the Monday next following the day of the election, but the canvass may be adjourned from time to time if necessary to await the receipt of election returns which may be unavoidably delayed. The canvassing officials, upon conclusion of the canvass, shall forthwith certify the results thereof in writing to the board of county commissioners. If upon examination of the certificate of the canvassing officials it is found that two-thirds of all the votes cast at said election were in favor of the formation of the cemetery district, the board of county commissioners shall, by resolution entered upon its minutes, declare such territory duly organized as a cemetery district under the name theretofore designated and shall declare the three candidates receiving the highest number of votes for cemetery commissioners, the duly elected first cemetery commissioners of the district. The clerk of the board of county commissioners shall certify a copy of the resolution and certificate of the canvassing officials showing the result of election to the board of county commissioners, the duly elected first cemetery commissioners, the county auditor and the county assessor of the county. The certificate of the canvassing officials shows that the proposition to organize the proposed cemetery district failed to receive two-thirds of the votes cast at said election, the board of county commissioners shall enter a minute to that effect and all proceedings theretofore had shall become null and void. [1947 c 6 § 9; Rem. Supp. 1947 § 3778-158.]

68.16.100 Review—Organization complete. Any person, firm or corporation having a substantial interest involved, and feeling aggrieved by any finding, determination or resolution of the board of county commissioners under the provisions of this chapter, may appeal within five days after such finding, determination or resolution was made to the superior court of the county in the same manner as provided by law for appeals from orders of said board. After the expiration of five days from the date of the resolution declaring the district organized, and upon filing of certified copies thereof in the offices of the county auditor and county assessor, the formation of the district shall be complete and its legal existence shall not thereafter be questioned by any person by reason of any defect in the proceedings had for the creation thereof. [1947 c 6 § 10; Rem. Supp. 1947 § 3778-159.]

They shall have full authority to carry out the objects of their creation, and to that end are empowered to acquire, hold, lease, manage, occupy and sell real and personal property or any interest therein; to enter into and perform any and all necessary contracts; to appoint and employ necessary officers, agents and employees; to contract indebtedness; to borrow money; to levy and enforce the collection of taxes against the lands within the district, and to do any and all lawful acts to effectuate the purposes of this chapter. (2) A cemetery district may include within its boundaries the lands embraced within the corporate limits of any incorporated city or town up to and including third class cities in all counties and in any such cases the district may acquire any cemetery or cemeteries theretofore maintained and operated by any such city or town and proceed to maintain, manage, improve and operate the same under the provisions hereof. In such event the governing body of the city or town, after the transfer takes place, shall levy no cemetery tax. The power of eminent domain heretofore conferred shall not extend to the condemnation of existing cemeteries within the district: Provided, That no cemetery district shall operate a cemetery within the corporate limits of any city or town where there is a private cemetery operated for profit.

When the obligations are fully paid, any moneys remaining in the cemetery district fund and all collections of unpaid district taxes shall be transferred to the current expense fund of the county. 68.18.010  Annexation—Petition—Procedure. Any territory contiguous to a cemetery district and not within the boundaries of a city or town other than as set forth in RCW 68.16.130 or other cemetery district may be annexed to such cemetery district by petition of fifteen percent of the qualified registered electors residing within the territory proposed to be annexed. Such petition shall be filed with the cemetery commissioners of the cemetery district and if the said cemetery commissioners shall concur in the said petition they shall then file such petition with the county auditor who shall within thirty days from the date of filing such petition examine the signatures thereof and certify to the sufficiency or insufficiency thereof. After the county auditor shall have certified to the sufficiency of the petition, the proceedings thereafter by the board of county commissioners, and the rights and powers and duties of the board of county commissioners, petitioners and objectors and the election and canvass thereof shall be the same as in the original proceedings to form a cemetery district: Provided, That the board of county commissioners shall have authority and it shall be its duty to determine on an equitable basis, the amount of obligation which the territory to be annexed to the district shall assume, if any, to place the taxpayers of the existing district on a fair and equitable relationship with the taxpayers of the territory to be annexed by reason of the benefits of coming into a going district previously supported by the taxpayers of the existing district, and such obligation may be paid to the district in yearly installments to be fixed by the county board if within the limits as outlined in RCW 68.16.230 and included in the annual tax levies against the property in such annexed territory until fully paid. The amount of the obligation and the plan of payment thereof filed by the county board shall be set out in general terms in the notice of election for annexation: Provided, That the special election shall be held only within the boundaries of the territory proposed to be annexed to said cemetery district. Upon the entry of the order of the board of county commissioners incorporating such contiguous territory within such existing cemetery district, said territory shall become subject to the indebtedness, bonded or otherwise, of said existing district in like manner as the territory of said district. Should such petition be signed by sixty percent of the qualified registered electors residing within the territory proposed to be annexed, and should the cemetery commissioners concur therein, an election in such territory and a hearing on such petition shall be dispensed with and the board of county commissioners shall enter its order incorporating such territory within the said existing cemetery district. [1969 ex.s. c 78 § 1.]

68.18.020  Merger—Authorized. A cemetery district organized under chapter 68.16 RCW may merge with another such district lying adjacent thereto, upon such terms and conditions as they agree upon, in the manner hereinafter provided. The district desiring to merge with another district shall hereinafter be called the "merging district", and the district into which the merger is to be made shall be called the "merger district". [1969 ex.s. c 78 § 2.]

68.18.030  Merger—Petition—Procedure—Contents. To effect such a merger, a petition thereof shall be filed with the board of the merger district by the commissioners of the merging district. The commissioners of the merging district may sign and file the petition upon their own initiative, and they shall file such a petition when it is signed by fifteen percent of the qualified electors resident in the merging district and presented to them. The petition shall state the reasons for the merger; give a detailed statement of the district's finances, listing its assets and liabilities; state the terms and conditions under which the merger is proposed; and pray for the merger. [1969 ex.s. c 78 § 3.]

68.18.040  Merger—Petition—Rejection, concurrence or modification—Signatures. The board of the merger district may, by resolution, reject the petition, or it may concur therein as presented, or it may modify the terms and conditions of the proposed merger, and shall transmit the petition, together with a copy of its resolution thereon to the merging district. If the petition is concurred in as presented or as modified, the board of the merging district shall forthwith present the petition to the auditor of the county in which the merging district is situated, who shall within thirty days examine the signatures thereon and certify to the sufficiency or insufficiency thereof, and for that purpose he shall have access to all registration books and records in the possession of the registration officers of the election precincts included, in whole or in part, within the merging district. Such books and records shall be prima facie evidence of truth of the certificate. No signatures may be withdrawn from the petition after the filing. [1969 ex.s. c 78 § 4.]

68.18.050  Merger—Petition—Special election. If the auditor finds that the petition contains the signatures of a sufficient number of qualified electors, he shall return it, together with his certificate of sufficiency attached thereto, to the board of the merging district. Thereupon such board shall adopt a resolution, calling a special election in the merging district, at which shall be submitted to the electors thereof, the question of the merger. [1969 ex.s. c 78 § 5.]

68.18.060  Merger—Petition—Election—Vote required—Merger effected. The board of the merging district shall notify the board of the merger district of the results of the election. If three-fifths of the votes
cast at the election favor the merger, the respective district boards shall adopt concurrent resolutions, declaring the districts merged, under the name of the merger district. Thereupon the districts are merged into one district, under the name of the merger district; the merging district is dissolved without further proceedings; and the boundaries of the merger district are thereby extended to include all the area of the merging district. Thereafter the legal existence cannot be questioned by any person by reason of any defect in the proceedings had for the merger. [1969 ex.s. c 78 § 6.]

### 68.18.070 Merger—Petition—When election dispensed with.

If three-fifths of all the qualified electors in the merging district sign the petition to merge, no election on the question of the merger is necessary. In such case the auditor shall return the petition, together with his certificate of sufficiency attached thereto, to the board of the merging district. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of merger in the same manner and to the same effect as if the merger had been authorized by an election. [1969 ex.s. c 78 § 7.]

### 68.18.080 Merger—Preexisting obligations.

None of the obligations of the merged districts or of a local improvement district therein shall be affected by the merger and dissolution, and all land liable to be assessed to pay any of such indebtedness shall remain liable to the same extent as if the merger had not been made, and any assessments theretofore levied against the land shall remain unimpaired and shall be collected in the same manner as if no merger had been made. The commissioners of the merged district shall have all the powers possessed at the time of the merger by the commissioners of the two districts, to levy, assess and cause to be collected all assessments against any land in both districts which may be necessary to provide for the payment of the indebtedness thereof, and until the assessments are collected and all indebtedness of the districts paid, separate funds shall be maintained for each district as were maintained before the merger; Provided, That the board of the merged district may, with the consent of the creditors of the districts merged, cancel any or all assessments theretofore levied, in accordance with the terms and conditions of the merger, to the end that the lands in the respective districts shall bear their fair and proportionate share of such indebtedness. [1969 ex.s. c 78 § 8.]

### 68.18.090 Merger—Transfer of all property, funds, assessments.

The commissioners of the merging district shall, forthwith upon completion of the merger, transfer, convey, and deliver to the merged district all property and funds of the merging district, together with all interest in and right to collect any assessments theretofore levied. [1969 ex.s. c 78 § 9.]

### 68.18.100 Merger and transfer of part of one district to adjacent district—Petition—Election—Vote.

A part of one district may be transferred and merged with an adjacent district whenever such area can be better served by the merged district. To effect such a merger a petition, signed by not less than fifteen percent of the qualified electors residing in the area to be merged, shall be filed with the commissioners of the merging district. Such petition shall be promoted by one or more qualified electors within the area to be transferred. If the commissioners of the merging district act favorably upon the petition, then the petition shall be presented to the commissioners of the merger district. If the commissioners of the merger district act favorably upon the petition, an election shall be called in the area merged.

In the event that either board of cemetery commissioners should not concur with the petition, the petition may then be presented to a county review board established for such purposes, if there be no county review board for such purposes then to the state review board and if there be no state review board, then to the county commissioners of the county in which the area to be merged is situated, who shall decide if the area can be better served by such a merger; upon an affirmative decision an election shall be called in the area merged.

A majority of the votes cast shall be necessary to approve the transfer. [1969 ex.s. c 78 § 10.]

### 68.18.110 Merger and transfer of part of one district to adjacent district—When election dispensed with.

If three-fifths of all the qualified electors in the area to be merged sign a petition to merge the districts, no election on the question of the merger is necessary, in which case the auditor shall return the petition, together with his certificate of sufficiency attached thereto, to the boards of the merging districts. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of transfer in the same manner and to the same effect as if the same had been authorized by an election. [1969 ex.s. c 78 § 11.]

### 68.18.120 Merger and transfer of part of one district to adjacent district—Preexisting indebtedness.

When a part of one cemetery district is transferred to another as provided by RCW 68.18.100 and 68.18.110, said part shall be relieved of all liability for any indebtedness of the district from which it is withdrawn. However, the acquiring district shall pay to the losing district that portion of the latter's indebtedness for which the transferred part was liable. This amount shall not exceed the proportion that the assessed valuation of the transferred part bears to the assessed valuation of the whole district from which said part is withdrawn. The adjustment of such indebtedness shall be based on the assessment for the year in which the transfer is made. The boards of commissioners of the districts involved in the said transfer and merger shall enter into a contract for the payment by the acquiring district of the above—referred to indebtedness under such terms as they deem proper, provided such contract shall not impair the security of existing creditors. [1969 ex.s. c 78 § 12.]

Probate: Title 11 RCW.

In the absence of such notice or of written objection to its so doing, the cemetery authority is not liable to any owner for interfering or permitting an interment in the plot upon the request or direction of any co-owner of the plot. [1943 c 247 § 97; Rem. Supp. 1943 § 3778–97.]

68.32.150 Limitations on vested rights. No vested right of interment gives to any person the right to have his remains interred in any interment space in which the remains of any deceased person having a prior vested right of interment have been interred, nor does it give any person the right to have the remains of more than one deceased person interred in a single interment space in violation of the rules and regulations of the cemetery in which the interment space is located. (2) Whenever it appears to the satisfaction of the court in the case of a newspaper, magazine, periodical, or other publication, published at regular intervals (a) that restraining the dissemination of a false advertisement in any particular issue of such publication would delay the delivery of such issue after the regular time therefor, and (b) that such delay would be due to the method by which the manufacture and distribution of such publication is customarily conducted by the publisher in accordance with sound business practice, and not to any method or device adopted for the evasion of this section or to prevent or delay the issuance of an injunction or restraining order with respect to such false advertisement or any other advertisement, the court shall exclude such issue from the operation of the restraining order or injunction. When the director has embargoed an article, he shall, forthwith and without delay in no event later than ten days after the affixing of notice of its embargo, petition the superior court for an order affirming such embargo. In prescribing any standard of fill of container, consideration shall be given to and due allowance shall be made for product or volume shrinkage or expansion unavoidable in good commercial practice, and need for packing and protective material. In prescribing any standard of quality for any canned fruit or canned vegetable, consideration shall be given to and due allowance shall be made for the differing characteristics of the several varieties thereof. In prescribing a definition and standard of identity for any food or class of food in which optional ingredients are permitted, the director shall, for the purpose of promoting honesty and fair dealing in the interest of consumers, designate the optional ingredients which shall be named on the label. [1945 c 257 § 37; Rem. Supp. 1945 § 6163–86. Prior: 1917 c 168 § 2.]

If the director has reason to believe that any packaging method, package, or container in use or proposed for use with respect to the marketing of bacon is false or misleading in any particular, or does not meet the requirements of RCW 69.04.205, he may direct that such use be withheld unless the packaging method, package, or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the packaging method, package, or container does not accept the determination of the director such person, firm, or corporation may request a hearing, but the use of the packaging method, package, or container shall, if the director so directs, be withheld pending hearing and final determination by the director. 69.04.390 Regulations permitting tolerance of harmful matter. Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof or cannot be avoided by good manufacturing practice, shall be deemed unsafe for purposes of the application of clause (2)(a) of RCW 69.04.210; but when such substance is so required or cannot be so avoided, the director shall promulgate regulations limiting the quantity therein or thereon to such extent as he finds necessary for the protection of public health, and any quantity exceeding the limits so fixed shall also be deemed unsafe for purposes of the application of clause (2)(a) of RCW 69.04.210. While such a regulation is in effect limiting the quantity of any such substance in the case of any food, such food shall not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within
the meaning of clause (1) of RCW 69.04.210. In determining the quantity of such added substance to be tolerated in or on different articles of food, the director shall take into account the extent to which the use of such substance is required or cannot be avoided in the production of each such article, and the other ways in which the consumer may be affected by the same or other poisonous or deleterious substances. [1963 c 198 § 2; 1945 c 257 § 57; Rem. Supp. 1945 § 6163–106.]

69.04.392 Regulations permitting tolerance of harmful matter—Pesticide chemicals in or on raw agricultural commodities. (1) Any poisonous or deleterious pesticide chemical, or any pesticide chemical which generally is recognized among experts qualified by scientific training and experience to evaluate the safety of pesticide chemicals as unsafe for use, added to a raw agricultural commodity, shall be deemed unsafe for the purpose of the application of clause (2) of RCW 69.04.210 unless:

(a) A tolerance for such pesticide chemical in or on the raw agricultural commodity has been prescribed pursuant to subsection (2) hereof and the quantity of such pesticide chemical in or on the raw agricultural commodity is within the limits of the tolerance so prescribed; or

(b) With respect to use in or on such raw agricultural commodity, the pesticide chemical has been exempted from the requirement of a tolerance pursuant to subsection (2) hereof.

While a tolerance or exemption from tolerance is in effect for a pesticide chemical with respect to any raw agricultural commodity, such raw agricultural commodity shall not, by reason of bearing or containing any added amount of such pesticide chemical, be considered to be adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 408 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, setting forth the tolerances for pesticide chemicals in or on any raw agricultural commodity, are hereby adopted as the regulations for tolerances applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to such federal regulations for tolerances, including exemption from tolerance and zero tolerances, to the extent necessary to protect the public health. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein tolerances for pesticides, exemptions, and zero tolerances, upon his own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such regulation.

(3) In adopting any new or amended tolerances by regulation issued pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the necessity for the production of an adequate, wholesome, and economical food supply; (c) the other ways in which the consumer may be affected by the same pesticide chemical or by other related substances that are poisonous or deleterious; and (d) the opinion of experts qualified by scientific training and experience to determine the proper tolerance to be allowed for any pesticide chemical. [1975 1st ex.s. c 7 § 26; 1963 c 198 § 3.]

Purpose of section: See RCW 69.04.398.

69.04.394 Regulations permitting tolerance of harmful matter—Food additives. (1) A food additive shall, with respect to any particular use or intended use of such additives, be deemed unsafe for the purpose of the application of clause (2)(c) of RCW 69.04.210, unless:

(a) It and its use or intended use conform to the terms of an exemption granted, pursuant to a regulation under subsection (2) hereof providing for the exemption under the requirements of this section for any food additive, and any food bearing or containing such additive, intended solely for investigational use by qualified experts when in the director's opinion such exemption is consistent with the public health; or

(b) There is in effect, and it and its use or intended use are in conformity with a regulation issued or effective under subsection (2) hereof prescribing the conditions under which such additive may be safely used.

While such a regulation relating to a food additive is in effect, a food shall not, by reason of bearing or containing such an additive in accordance with the regulation, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 409 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, prescribing the conditions under which such food additive may be safely used, are hereby adopted as the regulations applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe the conditions under which a food additive may be safely used and exemptions where such food additive is to be used solely for investigational purposes; either upon his own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request
shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect of such additive in the diet of man or animals, taking into account any chemically or pharmacologically related substance or substances in such diet; and (d) safety factors which in the opinion of experts qualified by scientific training and experience to evaluate the safety of food additives are generally recognized as appropriate for the use of animal experimentation data. [1975 1st ex.s. c 7 § 27; 1963 c 198 § 4.]

Purpose of section: See RCW 69.04.398.

69.04.396 Regulations permitting tolerance of harmful matter—Color additives. (1) A color additive shall, with respect to any particular use (for which it is being used or intended to be used or is represented as suitable) in or on food, be deemed unsafe for the purpose of the application of RCW 69.04.231, unless:

(a) There is in effect, and such color additive and such use are in conformity with, a regulation issued under this section listing such additive for such use, including any provision of such regulation prescribing the conditions under which such additive may be safely used;

(b) Such additive and such use thereof conform to the terms of an exemption for experimental use which is in effect pursuant to regulation under this section.

While there are in effect regulations under this section relating to a color additive or an exemption with respect to such additive a food shall not, by reason of bearing or containing such additive in all respects in accordance with such regulations or such exemption, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 706 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, prescribing the use or limited use of such color additive, are hereby adopted as the regulations applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein the conditions under which a color additive may be safely used including exemptions for experimental purposes. Such a regulation may be issued either upon the director's own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of, or other relevant exposure from, the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect, if any, of such additive in the diet of man or animals, taking into account the same or any chemically or pharmacologically related substance or substances in such diet; (d) safety factors which, in the opinion of experts qualified by scientific training and experience to evaluate the safety of color additives for the use or uses for which the additive is proposed to be listed, are generally recognized as appropriate for the use of animal experimentation data; (e) the availability of any needed practicable methods of analysis for determining the identity and quantity of (i) the pure dye and all intermediates and other impurities contained in such color additives, (ii) such additive in or on an article of food, and (iii) any substance formed in or on such article because of the use of such additive; and (f) the conformity by the manufacturer with the established standards in the industry relating to the proper formation of such color additive so as to result in a finished product safe for use as a color additive. [1975 1st ex.s. c 7 § 28; 1963 c 198 § 6.]

The director may, however, within thirty days of the publication of the adoption of any such regulation under the federal food, drug and cosmetic act give public notice that a hearing will be held to determine if such regulation shall not be applicable under the provisions of RCW 69.04.110, 69.04.392, 69.04.394, and 69.04.396. Such hearing shall be in accord with the requirements of chapter 34.04 RCW as enacted or hereafter amended. [1975 1st ex.s. c 7 § 36.]

Such determination as to strength, quality or purity shall be made in accordance with the tests or methods of assay set forth in such compendium or prescribed by regulations promulgated under section 501(b) of the federal act. No drug defined in an official compendium shall be deemed to be adulterated under this section because it differs from the standard set forth in such compendium, if its difference in strength, quality, or purity from such standard is plainly stated on its label. Whenever a drug is recognized in both the United States pharmacopoeia and the homeopathic pharmacopoeia of the United States, it shall be subject to the requirements of the United States pharmacopoeia unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the homeopathic pharmacopoeia of the United States and not to those of the United States pharmacopoeia. Chapter 69.12
Bakeries and Bakery Products——1937 ACT

69.12.010 Declaration of policy. This chapter is in exercise of the police powers of the state for the protection of the safety, health and welfare of the people of the state. It hereby is found and declared that the public welfare requires control and regulation of the manufacture and distribution of bread and other bakery products and of persons engaged therein, in order that there may be prevented or eliminated unsanitary, unhealthful, fraudulent, and unfair and uneconomic practices and conditions in connection with such manufacture or distribution which endanger public health, defraud consumers, jeopardize the public source and supply of a nourishing, healthful food, and seriously affect adversely a large and essential industry. It is further found and declared that the regulation of the commercial manufacture and distribution of bakery products as in this chapter provided is in the interest of the economic and social well-being and the health and safety of the state and all of its people. [1937 c 137 § 1; RRS § 6284–1.]

Severability—1937 c 137: "If any clause, sentence, paragraph, section or part of this act shall, for any reason, be adjudged or decreed to be invalid by any court of competent jurisdiction, such judgment or decree shall not affect, impair or invalidate the remainder of this act but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which said judgment or decree shall have been rendered." [1937 c 137 § 12.] This applies to RCW 69.12.010–69.12.120.

69.12.020 Definitions. Except where the context indicates a different meaning, terms used in this chapter shall be defined as follows:

2. "Bakery product" includes bread, rolls, cakes, pies, cookies, doughnuts, biscuits and all similar goods, to be used for human food.

3. "Person" includes an individual, partnership or corporation. [1937 c 137 § 2; RRS § 6284–2.]

69.12.030 Bakery license—Application. No person shall operate or participate in the operation of any bakery within this state without having obtained from the director of agriculture a bakery license for that bakery issued and in effect under this chapter. Application for such license shall be made in writing and under oath to the director of agriculture, on such forms and with such pertinent information as he shall require. Such license shall be granted as a matter of right unless conditions exist which are grounds for a cancellation or revocation of a license as hereinafter set forth. [1937 c 137 § 3; RRS § 6284–3.]

69.12.040 Distributor’s license—Application. No person hereafter shall engage within this state in the sale or distribution of any bakery product, other than exclusively at retail at a fixed place or places of business, without holding a license to do so issued to that person by the director of agriculture. A distributor’s license shall not be required of any person distributing solely bakery products manufactured by him in a bakery.
69.12.050 License fees—Expiration date—Nontransferability. (1) There shall be paid to the director of agriculture with each application for a bakery license or distributor's license or for renewal of such license an annual license fee of five dollars. All such license and renewal fees shall be deposited in the state's general fund.

(2) Each such license shall expire on December 31st following its date of issue, unless sooner revoked for cause. Renewal may be obtained annually by surrendering to the director of agriculture the old license certificate and paying the required annual license fee. Such license shall not be transferable to any person or be applicable to any location other than that for which originally issued. [1967 c 240 § 44; 1937 c 137 § 5; RRS § 6284–5.]

Severability—1967 c 240: See note following RCW 43.23.010.

Bakery license fund abolished and funds transferred to state general fund. See 1967 c 240 §§ 47, 48.

69.12.060 Revocation or suspension of license. (1) The director of agriculture may cancel or suspend any such license if he finds after proper investigation that (a) the licensee has violated any provisions of this chapter or of any other law of this state relating to the operations of bakeries or the manufacture or handling of any bakery product, or any regulation effective thereunder or (b) the licensed bakery premises or any equipment used therein or in connection therewith is in an unsanitary condition and the licensee has failed or refused to remedy the same within ten days after receipt from the director of written notice to do so.

(2) No license shall be revoked or suspended by the director without delivery to the licensee of a written statement of the charge involved and an opportunity to answer such charge within ten days from the date of such notice.

(3) Any order made by the director suspending or revoking any license may be reviewed by certiorari in the superior court of the county in which the licensee is located within ten days of the date notice in writing of the director's order revoking or suspending such license has been served upon him. The state board of health may fix a maximum fee, not exceeding one dollar, which may be charged by a physician for such examination. Such certificate shall be effective for a period of six months and thereafter must be renewed following proper physical examination as aforesaid. Where such certificate is required and provided under municipal ordinance or resolution, or under the terms of a license or permit issued by the state board of health, certificates issued thereunder shall be sufficient under this chapter.

(3) Any such certificate shall be revoked by the state board of health at any time that the holder thereof is found, after proper physical examination, to be afflicted with any communicable or infectious disease. Refusal of any person employed in a bakery to submit to proper and reasonable physical examination upon written demand of the state board of health or the director of agriculture shall be cause for revocation of that person's health certificate. [1937 c 137 § 7; RRS § 6284–7.]

69.12.080 Inspection of premises and vehicles. The state director of agriculture shall cause to be made periodically a thorough inspection of each licensed bakery to determine whether or not the premises are constructed, equipped and operated in accordance with the requirements of this chapter and of all other laws of this state relating to bakeries or bakery products and all regulations effective thereunder. Such inspection shall also be made of each vehicle used by a bakery or distributor licensed under this chapter in transporting or distributing any bakery products within this state. This paragraph shall not be construed to prohibit such discounts as are based upon quantities, cash payments, or reasonable customer classification, and which are openly published and equally available to all who fall within their terms. [1945 c 169 § 1 (adding to 1937 c 137 a new section, § 8(a)); Rem. Supp. 1945 § 6284–8(a).]

69.12.100 Statement of prices, terms, etc.—Filing and posting. (1) Each person hereafter operating a bakery or operating as a bakery distributor, shall file with the director of agriculture in duplicate and in writing and under oath a statement of all prices, discounts,
rebates, allowances and other terms or conditions of sale or payment, thereafter by him to be quoted, offered, charged, made or allowed upon each kind of bakery product offered by him for sale in this state, and shall keep a true and complete copy of said statement posted conspicuously at each of his places of such business within this state, or upon each vehicle used in distribution of bakery products if no fixed place of business is maintained. Such statement may be revised or added to by filing with the director of agriculture a supplementary written statement in duplicate and under oath, the revision or addition to become effective no sooner than ten days after its receipt by the director of agriculture.

(2) On and after fifteen days after the effective date of this chapter no such person shall sell or display or offer for sale within this state any bakery product the price and terms and conditions of sale of which shall not have been filed and posted as aforesaid, nor any price or upon any term or condition or with any rebate, discount or allowance, other than the applicable price, term, condition, rebate, discount or allowance specified for that type of bakery product in the statement of that person then on file with the director of agriculture and posted as aforesaid. 69.25.930 Short title.

69.25.010 Legislative finding. Eggs and egg products are an important source of the state's total supply of food, and are used in food in various forms. They are consumed throughout the state and the major portion thereof moves in intrastate commerce. It is essential, in the public interest, that the health and welfare of consumers be protected by the adoption of measures prescribed herein for assuring that eggs and egg products distributed to them and used in products consumed by them are wholesome, otherwise not adulterated, and properly labeled and packaged. Lack of effective regulation for the handling or placement of unwholesome, otherwise adulterated, or improperly labeled or packaged egg products and certain qualities of eggs is injurious to the public welfare and destroys markets for wholesome, unadulterated, and properly labeled and packaged eggs and egg products and results in sundry losses to producers and processors, as well as injury to consumers. Unwholesome, otherwise adulterated, or improperly labeled or packaged products can be sold at lower prices and compete unfairly with the wholesome, unadulterated, and properly labeled and packaged products, to the detriment of consumers and the public generally. It is hereby found that all egg products and the qualities of eggs which are regulated under this chapter are either in intrastate commerce, or substantially affect such commerce, and that regulation by the director, as contemplated by this chapter, is appropriate to protect the health and welfare of consumers. [1975 1st ex.s. c 201 § 2.]

Without restricting the application of the preceding sentence to other kinds of establishments within its provisions, any food manufacturing establishment, institution, or restaurant which uses any eggs that do not meet the requirements of RCW 69.25.170(1)(a) in the preparation of any articles for human food, shall be deemed to be a plant processing egg products, with respect to such operations.

(2) The director, at any time, shall cause such retention, segregation, and reinspection as he deems necessary of eggs and egg products capable of use as human food in each official plant.

(3) Eggs and egg products found to be adulterated at official plants shall be condemned, and if no appeal be taken from such determination or condemnation, such articles shall be destroyed for human food purposes under the supervision of an inspector: Provided, That articles which may by reprocessing be made not adulterated need not be condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not adulterated. If the person using or proposing to use the labeling or container does not accept the determination of the director, such person may request a hearing, but the use of the labeling or container shall, if the director so directs, be withheld pending hearing and final determination by the director. Any such determination by the director shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person adversely affected thereby appeals to the superior court in the county in which such person has its principal place of business. 7. any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this state upon furnishing the board evidence of that federal registration.

(d) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration entitles them to be registered under this chapter upon application and payment of the required fee. [1971 ex.s. c 308 § 69.50.303.]

69.50.304 Revocation and suspension of registration. (a) A registration, or exemption from registration, under RCW 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the state board of pharmacy upon a finding that the registrant:

1. has furnished false or fraudulent material information in any application filed under this chapter;

2. has been found guilty of a felony under any state or federal law relating to any controlled substance; or

3. has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.
(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The board shall promptly notify the Bureau of all orders suspending or revoking registration and all forfeitures of controlled substances. [1971 ex.s. c 308 § 69.50.304.]

69.50.305 Procedure for denial, suspension or revocation of registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this chapter shall not be denied, suspended, or revoked unless the board denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.04 RCW.

(b) The board may suspend any registration simultaneously with the institution of proceedings under RCW 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction. [1971 ex.s. c 308 § 69.50.305.]

69.50.306 Records of registrants. Persons registered, or exempted from registration under RCW 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of federal law and with any additional rules the state board of pharmacy issues. [1971 ex.s. c 308 § 69.50.306.]

69.50.307 Order forms. Controlled substances in Schedule I and II shall be distributed by a registrant or person exempt from registration under RCW 69.50.302(d) to another registrant, or person exempt from registration under RCW 69.50.302(d), only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section. [1971 ex.s. c 308 § 69.50.307.]

69.50.308 Prescriptions. (a) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner.

(b) In emergency situations, as defined by rule of the state board of pharmacy, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of RCW 69.50.306. No prescription for a Schedule II substance may be refilled.

(c) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, an ultimate user, a controlled substance included in Schedule III or IV, which is a prescription drug as determined under RCW 69.04.560, shall not be dispensed without a written or oral prescription of a practitioner. Any oral prescription must be promptly reduced to writing. The prescription shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

(d) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter; and the person who knows or should know that he is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(e) A controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose. [1971 ex.s. c 308 § 69.50.308.]

69.50.309 Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same. [1971 ex.s. c 308 § 69.50.309.]

Persons who obtain this authorization are not compelled in any civil, criminal, administrative, legislative, or other proceeding to identify the individuals who are the subjects of research for which the authorization was obtained.

(e) The board may authorize the possession and distribution of controlled substances by persons engaged in research. Persons who obtain this authorization are exempt from state prosecution for possession and distribution of controlled substances to the extent of the authorization. [1971 ex.s. c 308 § 69.50.508.]

Such programs can develop in the people of this state a knowledge of the problems caused by alcohol and drug abuse, an acceptance of responsibility for alcohol and drug related problems, an understanding of the causes and consequences of the use and abuse of alcohol and drugs, and thus may prevent many problems from occurring.

It is the further purpose of this chapter and RCW 71.24.020 and 71.24.030 to provide for qualified drug treatment centers approved by the department of social and health services. [1971 ex.s. c 304 § 1.]

(6) The source of funds used to finance the activities of such drug treatment center;
(7) Any other information required by rule or regulation of the secretary of social and health services pertaining to the qualifications of such drug treatment center.

The secretary of social and health services may either grant or deny approval or revoke or suspend approval previously granted after investigation to ascertain whether or not such center is adequate to the care, treatment, and rehabilitation of such persons who have voluntarily submitted themselves to the care of such center; such grant, denial or revocation of approval shall be in accordance with standards as set forth in rules and regulations promulgated by the secretary.

[Title 69—p 62]

[Title 70 — p 22]
70.37.010 Declaration of public policies—Purpose. The good health of the people of our state is a most important public concern. The state has a direct interest in seeing to it that health care facilities adequate for good public health are established and maintained in sufficient numbers and in proper locations. The rising costs of care of the infirm constitute a grave challenge not only to health care providers but to our state and the people of our state who will seek such care. It is hereby declared to be the public policy of the state of Washington to assist and encourage the building, providing and utilization of modern, well equipped and reasonably priced health care facilities, and the improvement, expansion and modernization of health care facilities in a manner that will minimize the capital costs of construction, financing and use thereof and thereby the costs to the public of the use of such facilities, and to contribute to improving the quality of health care available to our citizens. In order to accomplish these and related purposes this chapter is adopted and shall be liberally construed to carry out its purposes and objects. [1974 ex.s. c 147 § 1.]

70.37.020 Definitions. As used in this chapter, the following words and terms have the following meanings, unless the context indicates or requires another or different meaning or intent and the singular of any term shall encompass the plural and the plural the singular unless the context indicates otherwise:

(4) "Participant" means any city, county or other municipal corporation or agency or political subdivision of the state or any corporation, hospital, or health maintenance organization authorized by law to operate non-profit health care facilities.

(5) "Project" means a specific health care facility or any combination of health care facilities, constructed, purchased, acquired, leased, used, owned or operated by a participant, and alterations, additions to, renovations, enlargements, betterments and reconstructions thereof. [1974 ex.s. c 147 § 2.]

70.37.030 Washington health care facilities authority established—Members—Chairman—Terms—Quorum—Vacancies—Travel expenses. There is hereby established a public body corporate and politic, with perpetual corporate succession, to be known as the Washington health care facilities authority. The authority shall constitute a political subdivision of the state established as an instrumentality exercising essential governmental functions. The authority is a "public body" within the meaning of RCW 39.53.010, as now or hereafter amended. The authority shall consist of the governor who shall serve as chairman, the lieutenant governor, the insurance commissioner, the chairman of the Washington state hospital commission, and one member of the public who shall be appointed by the governor, subject to confirmation by the senate, for terms of four years each on the basis of their interest or expertise in health care delivery, the first appointees to be appointed for terms expiring on the second and fourth March 1st, respectively, following enactment of this chapter. In the event that any of the offices referred to shall be abolished the resulting vacancy on the authority shall be filled by the officer who shall succeed substantially to the powers and duties thereof. The members of the authority shall serve without compensation, but shall be entitled to reimbursement, solely from the funds of the authority, for travel expenses incurred in the discharge of their duties under this chapter, subject to the provisions of RCW 43.03.050 and 43.03.060 as now or hereafter amended. The authority shall constitute a quorum. [1975–76 2nd ex.s. c 34 § 157; 1974 ex.s. c 147 § 3.]

Effective date—Severability—1975–76 2nd ex.s. c 34: See notes following RCW 2.08.115.

70.37.040 Washington health care facilities authority—Powers—Special fund bonds—Revenue bonds. (1) The authority is hereby empowered to issue bonds for the construction, purchase, acquisition, rental, leasing or use by participants of projects for which bonds to provide funds therefor have been approved by the authority. Such bonds shall be issued in the name of the authority. They shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. They shall contain a recital on their face that their payment and the payment of interest thereon shall be a valid claim only as against the special fund relating thereto derived by the authority in whole or in part from the revenues received by the authority from the operation by the participant of the health care facilities for which the bonds are issued but that they shall constitute a prior charge over all other charges or claims whatever against such special fund. The lien of any such pledge on such revenues shall attach thereto immediately on their receipt by the authority and shall be valid and binding as against parties having claims of any kind in tort, contract or otherwise against the participant, without recordation thereof and whether or not they have notice thereof. For inclusion in such special funds and for other uses in or for such projects of participants the authority is empowered
to accept and receive funds, grants, gifts, pledges, guarantees, mortgages, trust deeds and other security instruments, and property from the federal government or the state of Washington or other public body, entity or agency and from any public or private institution, association, corporation or organization, including participants, except that it shall not accept or receive from the state or any taxing agency any money derived from taxes save money to be devoted to the purposes of a project of the state or taxing agency.

(2) For the purposes outlined in subsection (1) of this section the authority is empowered to provide for the issuance of its special fund bonds and other limited obligation security instruments subordinate to the first and prior lien bonds, if any, relating to a project or projects of a participant and to create special funds relating thereto against which such subordinate securities shall be liens, but the authority shall not have power to incur general obligations with respect thereto.

(3) The authority may also issue special fund bonds to redeem or to fund or refund outstanding bonds or any part thereof at maturity, or before maturity if subject to prior redemption, with the right in the authority to include various series and issues of such outstanding special fund bonds in a single issue of funding or refunding special fund bonds and to pay any redemption premiums out of the proceeds thereof. Such funding or refunding bonds shall be limited special fund bonds issued in accordance with the provisions of this chapter, including this section and shall not be general obligations of the authority.

(4) Such special fund bonds of either first lien or subordinate lien nature may also be issued by the authority, the proceeds of which may be used to refund already existing mortgages or other obligations on health care facilities already constructed and operating incurred by a participant in the construction, purchase or acquisition thereof.

(5) The authority may also lease to participants, lease to them with option to purchase, or sell to them, facilities which it has acquired by construction, purchase, devise, gift, or leasing: Provided, That the terms thereof shall at least fully reimburse the authority for its costs with respect to such facilities, including costs of financing, and provide fully for the debt service on any bonds issued by the authority to finance acquisition by it of the facilities. To pay the cost of acquiring or improving such facilities or to refund any bonds issued for such purpose, the authority may issue its revenue bonds secured solely by revenues derived from the sale or lease of the facility, but which may additionally be secured by mortgage, lease, pledge or assignment, trust agreement or other security device. Such bonds and such security devices shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. Such health care facilities may be acquired, constructed, reconstructed, and improved and may be leased, sold or otherwise disposed of in the manner determined by the authority in its sole discretion and any requirement of competitive bidding, lease performance bonds or other restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of the state, or any agency thereof, is not applicable to any action so taken by the authority. [1974 ex.s. c 147 § 4.]

70.37.050 Requests for financing—Project plan or system—Bond issue, special fund authorized. The authority shall establish rules concerning its exercise of the powers authorized by this chapter. The authority shall receive from applicants requests for the providing of bonds for financing of health care facilities and shall investigate and determine the need and the feasibility of providing such bonds. In cooperation with the participant the authority shall work out and specify a project plan or system and the agreements and contracts to be entered into in order to carry out the purposes and policies of this chapter including contracts with respect to construction, financing, maintenance, operation, or management. Whenever the authority deems it necessary or advisable for the benefit of the public health to provide financing for a health care facility, it shall adopt a system and plan therefor and shall declare the estimated cost thereof, as near as may be, including as part of such cost funds necessary for the expenses incurred in the financing as well as in the construction or purchase or other acquisition or in connection with the rental or other payment for the use thereof, interest during construction, reserve funds and any funds necessary for initial start-up costs, and shall issue and sell its bonds for the purposes of the proposed plan or system: Provided, That if a certificate of need is required for the proposed project no such plan and system shall be adopted until such certificate has been issued pursuant to chapter 70.38 RCW by the secretary of the department of social and health services. The authority shall have power as a part of such system or plan to create a special fund or funds for the purpose of defraying the cost of such project and for other projects of the same participant subsequently or at the same time approved by it and for their maintenance, improvement, reconstruction, remodeling and rehabilitation, into which special fund or funds it shall obligate and bind the participant to set aside and pay from the gross revenues of the project or from other sources an amount sufficient to pay the principal and interest of the bonds being issued, reserves and other requirements of the special fund and to issue and sell bonds payable as to both principal and interest out of such fund or funds relating to the project or projects of such participant.

Such bonds shall be executed in such manner, bear such date or dates, mature at such time or times, be in such denominations, be in such form, either coupon or registered, or both, carry such registration privileges, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption as the authority shall determine. [1974 ex.s. c 147 § 5.]

70.37.060 Bond issues—Terms—Payment—Legal investment, etc. The bonds of the authority shall
be subject to such terms, conditions and covenants and protective provisions as shall be found necessary or desirable by the authority, which may include but shall not be limited to provisions for the establishment and maintenance by the participant of rates for health services of the project, fees and other charges of every kind and nature sufficient in amount and adequate, over and above costs of operation and maintenance and all other costs other than costs and expenses of capital, associated with the project, to pay the principal of and interest on the bonds payable out of the special fund or funds of the project, to set aside and maintain reserves as determined by the authority to secure the payment of such principal and interest, to set aside and maintain reserves for repairs and replacement, to maintain coverage which may be agreed upon over and above the requirements of payment of principal and interest, and for other needs found by the authority to be required for the security of the bonds. When issuing bonds the authority may provide for the future issuance of additional bonds on a parity with outstanding bonds, and the terms and conditions of their issuance.

All bonds issued under the authority of this chapter shall constitute legal investments for trustees and other fiduciaries and for savings and loan associations, banks, and insurance companies doing business in this state. All such bonds and all coupons appertaining thereto shall be negotiable instruments within the meaning of and for all purposes of the negotiable instruments law of this state. [1974 ex.s. c 147 § 6.]

70.37.080 Bond issues—Disposition of proceeds—Special fund. Proceeds from the sale of all bonds of a project issued under the provisions of this chapter received by the authority shall be deposited forthwith by the authority in qualified public depositaries in a special fund for the particular project for which the bonds were issued and sold, which money shall not be funds of the state of Washington. Such fund shall at all times be segregated and set apart from all other funds and in trust for the purposes of purchase, construction, acquisition, leasing, or use of a project or projects, and for other special needs of the project declared by the authority, including the manner of disposition of any money not finally needed in the construction, purchase, or other acquisition. Money other than bond sale proceeds received by the authority for these same purposes, such as contributions from a participant or a grant from the federal government may be deposited in the same project fund. Proceeds received from the sale of the bonds may also be used to defray the expenses of the authority in connection with and incidental to the issuance and sale of bonds for the project, as well as expenses for studies, surveys, estimates, inspections and examinations of or relating to the particular project, and other costs advanced therefor by the participant or by the authority. 70.39.010 Purpose. The primary purpose of this chapter is to promote the economic delivery of high quality and effective hospital health care services to the people by establishing a hospital commission with authority over financial disclosure and budget and prospective rate review and other related matters, which will assure all purchasers of hospital health care services that total hospital costs are reasonably related to total services, that hospital rates are reasonably related to aggregate costs, and that such rates are set equitably among all purchasers of these services without undue discrimination.

The legislature finds and declares that rising hospital costs are a vital concern to the people of this state because of the danger which is posed that hospital and health care services are fast becoming out of the economic reach of the majority of our population. It is further declared that health care is a right of the people and one of the primary purposes for which governments are established, and it is, therefore, essential that an effective cost control program be established which will both enable and motivate hospitals to control their spiraling costs. It is the legislative intent, in pursuance of this declared public policy, to provide for uniform measures on a state-wide basis to control hospital costs without the sacrifice of quality of service. [1973 1st ex.s. c 5 § 2.]

70.39.020 Definitions. As used in this chapter:
(1) "Commission" means the hospital commission of the state of Washington as created by this chapter;
(2) "Consumer" means any person whose occupation is other than the administration of health activities or the providing of health services, who has no fiduciary obligation to a health facility or other health agency, and who has no material financial interest in the rendering of health services;
(3) "Hospital" means any health care institution which is required to qualify for a license under RCW 70.41.020(2); or as a psychiatric hospital under chapter 71.12 RCW, but shall not include any health care institution conducted for those who rely primarily upon treatment by prayer or spiritual means in accordance with the creed or tenets of any church or denomination. [1973 1st ex.s. c 5 § 3.]

70.39.030 Hospital commission—Created—Membership. There is hereby created a hospital commission, which shall be a separate and independent commission of the state. The commission shall be composed

In cases when proposed rate increases for osteopathic hospitals are to be considered, the representative of osteopathic hospitals on the technical advisory committee shall replace a hospital representative on the commission. [1973 1st ex.s. c 5 § 4.]

### 70.39.040 Hospital commission—Terms—Vacancies.

Members of the commission shall serve for four-year terms and shall require senate confirmation. No member shall serve on the commission for more than two consecutive terms. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility, without specific permission of the commission.

The commission may apply for and receive and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to hospital health care costs. 5. One member who shall be the secretary of the department of social and health services, or his designee, to provide continuing liaison, data and support from those functions of the department which may affect the responsibilities of the commission.
6. One member who shall be the director of the planning and community affairs agency, or his designee, to provide continuing liaison with the planning efforts of the comprehensive health planning council.
7. One member of the commission, elected by the commission.

The members shall serve concurrently and shall have four–year terms. Any vacancy shall be filled by appointment by the governor and an appointee selected to fill such vacancy shall hold office for the balance of the term for which his predecessor was appointed. The committee shall elect from its members a chairman and a vice–chairman to serve concurrently with the chairman. The executive director of the commission shall act as executive secretary to the committee, and the commission shall otherwise offer such staff services and supplies as the committee may require to carry out its responsibilities.

The committee shall meet on call of the chairman of the commission, or on request of a majority of the commission. Members of the committee shall serve without compensation but shall be reimbursed for their expenses in the same manner as members of the commission. [1973 1st ex.s. c 5 § 8.]

70.39.100 Uniform system of hospital accounting and reporting. (1) The commission, after study and in consultation with advisory committees, if any, shall establish by the promulgation of rules and regulations pursuant to the Administrative Procedure Act, chapter 34.04 RCW, a uniform system of accounting and financial reporting, including such cost allocation methods as it may prescribe, by which hospitals shall record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service. All hospitals shall adopt the system for their fiscal year period to be effective at such time and date as the commission shall direct. In determining the effective date for reporting requirements, the commission shall be mindful both of the immediate need for uniform hospital reporting information to effectuate the purposes of this chapter and the administrative and economic difficulties which hospitals may encounter in conversion, but in no event shall such effective date be later than two and one-half years from the date of the formation of the commission.
(2) In establishing such accounting systems and uniform reporting procedures, the commission shall take into consideration:
(a) Existing systems of accounting and reporting presently utilized by hospitals;

(2) The establishment of a Washington state hospital advisory council;
(3) The establishment by the state board of health of standards, rules and regulations for the construction, maintenance and operation of hospitals;
(4) The enforcement by the Washington state department of health of the standards, rules and regulations established by the board. [1955 c 267 § 1.]

(2) "Hospital" means any institution, place, building, or agency which provides accommodations, facilities and services over a continuous period of twenty-four hours or more, for observation, diagnosis, or care, of two or more individuals not related to the operator who are suffering from illness, injury, deformity, or abnormality, or from any other condition for which obstetrical, medical, or surgical services would be appropriate for care or diagnosis. "Hospital" as used in this chapter does not include hotels, or similar places furnishing only food and lodging, or simply domiciliary care; nor does it include clinics, or physician's offices where patients are not regularly kept as bed patients for twenty-four hours or more; nor does it include nursing homes, as defined and which come within the scope of chapter 18.51 RCW; nor does it include maternity homes, which come within the scope of chapter 18.46 RCW; nor does it include psychiatric hospitals, which come within the scope of chapter 71.12 RCW; nor any other hospital, or institution specifically intended for use in the diagnosis and care of those suffering from mental illness, mental retardation, convulsive disorders, or other abnormal mental condition. Furthermore, nothing in this chapter or the rules and regulations adopted pursuant thereto shall be construed as authorizing the supervision, regulation, or control of the remedial care or treatment of residents or patients in any hospital conducted for those who rely primarily upon treatment by prayer or spiritual means in accordance with the creed or tenets of any well recognized church or religious denominations;
(3) "Person" means any individual, firm, partnership, corporation, company, association, or joint stock association, and the legal successor thereof;

70.41.030 State board of health—Standards, rules and regulations—Fair hearing procedures. The board, shall establish and adopt such minimum standards, rules and regulations pertaining to the construction, maintenance and operation of hospitals, and rescind, amend or modify such rules and regulations from time to time, as are necessary in the public interest, and particularly for the establishment and maintenance of standards of hospitalization required for the safe and adequate care and treatment of patients. All rules and regulations to
become effective shall be filed with the office of the code reviser.

The board shall advise and consult with the department in matters of policy affecting the administration of this chapter, and shall conduct fair hearing procedures as provided in RCW 70.41.130. [1971 ex.s. c 189 § 9; 1955 c 267 § 3.]

The department upon receipt of an application for a license, shall submit to the state fire marshal in writing, a request for an inspection, giving the applicant's name and the location of the premises to be licensed. Upon receipt of such a request, the state fire marshal or his deputy, shall make an inspection of the hospital to be licensed, and if it is found that the premises do not comply with the required safety standards and fire regulations as adopted pursuant to this chapter, he shall promptly make a written report to the hospital and to the department listing the corrective actions required and the time allowed for accomplishing such corrections. Whenever the hospital to be licensed meets with the approval of the state fire marshal, he shall submit to the department a written report approving the hospital with respect to fire protection, and such report is required before a full license can be issued. The state fire marshal shall make or cause to be made inspections of such hospitals at least once a year.

The procedure governing hearings authorized by this section shall be in accordance with rules promulgated by the board. The board shall render its decision affirming, modifying, denying, suspending, or revoking a license or provisional license—Appeals. 70.44.015 Validation of existing districts. Each and all of the respective areas of land heretofore attempted to be organized into public hospital districts under the provisions of this chapter are validated and declared to be duly existing hospital districts having the respective boundaries set forth in their organization proceedings as shown by the files in the office of the board of county commissioners of the county in question, and by the files of such districts. [1955 c 135 § 2.]

70.44.020 Resolution—Petition for county-wide district—Conduct of elections. At any general election or at any special election which may be called for that purpose the board of county commissioners of a county may, or on petition of ten percent of the electors of the
county based on the total vote cast in the last general county election, shall, by resolution, submit to the voters of the county the proposition of creating a public hospital district coextensive with the limits of the county. The petition shall be filed with the county auditor, who shall within fifteen days examine the signatures thereon and certify to the sufficiency thereof, and for that purpose he shall have access to all registration books in the possession of election officers in the county. If the petition is found to be insufficient, it shall be returned to the persons filing it, who may amend or add names thereto for ten days, when it shall be returned to the auditor, who shall have an additional fifteen days to examine it and attach his certificate thereto. No person signing the petition may withdraw his name therefrom after filing. Washington State Explosives Act

70.74.030 Quantity and distance table for storage—Exceptions. All explosive manufacturing buildings and magazines in which explosives or blasting agents except small arms ammunition and smokeless powder are had, kept, or stored, must be located at distances from inhabited buildings, railroads, highways, and public utility transmission systems in conformity with the following quantity and distance tables, and these tables shall be the basis on which applications for license for storage shall be made and license for storage issued, as provided in RCW 70.74.110 and 70.74.120. All distances prescribed in the following quantity and distance tables are unbarricaded, and, if there is an efficient artificial barricade or a natural barricade between the explosives manufacturing building or magazine and another explosives manufacturing building or magazine, building, railroad, highway, or public utility transmission system, the distance prescribed in the following quantity and distance tables may be reduced by one-half. Blasting and electric blasting caps in strength through No. 8 must be rated as one and one-half pounds of explosives per one thousand caps. Blasting and electric blasting caps of strength higher than No. 8 must be computed on the combined weight of explosives.

70.74.100 Storage of caps with explosives prohibited. No blasting caps, or other detonating or fulminating caps, or detonators, or flame-producing devices shall be kept or stored in any magazine in which other explosives are kept or stored. [1969 ex.s. c 137 § 12; 1931 c 111 § 10; RRS § 5440-10.]

70.74.110 Manufacturer's report—Inspection—License. All persons engaged in the manufacture of explosives, or any process involving explosives, or where explosives are used as a component part in the manufacture of any article or device, on the date when this 1969 amendatory act takes effect, shall within sixty days thereafter, and all persons engaging in the manufacture of explosives, or any process involving explosives, or where explosives are used as a component part in the manufacture of any article or device after this act takes effect shall, before so engaging, make an application in writing, subscribed to by such person or his agent, to the department of labor and industries, the application stating:

1. Location of place of manufacture or processing;
2. Kind of explosives manufactured, processed or used;
3. The distance that such explosives manufacturing building is located or intended to be located from the other factory buildings, magazines, inhabited buildings, railroads and highways and public utility transmission systems;
4. The name and address of the applicant;
5. The reason for desiring to manufacture explosives;
6. The applicant's citizenship, if the applicant is an individual;

The superintendent
of each plant shall upon demand of said inspector furnish the following information:

(a) The maximum amount and kind of explosive material which is or will be present in each building at one time.

(b) The nature and kind of work carried on in each building and whether or not said buildings are surrounded by natural or artificial barricades.

The department of labor and industries shall as soon as may be after receiving such application cause an inspection to be made of the explosives manufacturing plant, and if found to be in accordance with RCW 70.74.030 and 70.74.050 and RCW 70.74.061, such department shall issue a license to the person applying therefor showing compliance with the provisions of this chapter, unless the department shall find that the applicant or the officers, agents or employees of the applicant are not sufficiently experienced in the manufacture of explosives, have been convicted of a crime involving moral turpitude, or are disloyal to the United States.

Such license shall continue in full force and effect until surrendered or canceled, because of failure to comply with any of the conditions necessary for the granting of a license. [1969 ex.s. c 137 § 13; 1941 c 101 § 1; 1931 c 111 § 11; Rem. Supp. 1941 § 5440–1.]

70.74.120 Storage report—Inspection—License—Cancellation. All persons engaged in keeping or storing and all persons having in their possession explosives on the date when this 1969 amendatory act takes effect shall within sixty days thereafter, and all persons engaging in keeping or storing explosives or coming into possession thereof after this act takes effect, shall before engaging in the keeping or storing of explosives or taking possession thereof, make an application in writing subscribed to by such person or his agent, to the department of labor and industries stating:

1) The location of the magazine, if any, if then existing, or in case of a new magazine, the proposed location of such magazine;

2) The kind of explosives that are kept or stored or possessed or intended to be kept or stored or possessed and the maximum quantity that is intended to be kept or stored or possessed thereat;

3) The distance that such magazine is located or intended to be located from other magazines, inhabited buildings, explosives manufacturing buildings, railroads, highways and public utility transmission systems;

4) The name and address of the applicant;

5) The reason for desiring to store or possess explosives;

6) The citizenship of the applicant if the applicant is an individual;

7) If the applicant is a partnership, the names and addresses of the partners and their citizenship;

Said license shall set forth the maximum quantity of explosives that may be had, kept or stored by said person. Such license shall be valid until canceled for one or more of the causes hereinafter provided. Whenever by reason of change in the physical conditions surrounding said magazine at the time of the issuance of the license therefor, such as:

(a) The erection of buildings nearer said magazine;

70.93.010 Legislative findings. Recognizing the rapid population growth of the state of Washington and the ever increasing mobility of its people, as well as the fundamental need for a healthful, clean and beautiful environment; and further recognizing that the proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard; and further recognizing that there is an imperative need to anticipate, plan for, and accomplish effective litter control, there is hereby enacted this "Model Litter Control Act". [1971 ex.s. c 307 § 1.]

70.93.020 Declaration of purpose. This program shall include the compatible goal of recovery of recyclable materials to conserve energy and natural resources wherever practicable. Every other department of state government and all local governmental units and agencies of this state shall cooperate with the department of ecology in the administration and enforcement of this chapter. The intent of this chapter is to add to and to coordinate existing litter control and removal efforts and not terminate or supplant such efforts. [1975—76 2nd ex.s. c 41 § 7; 1971 ex.s. c 307 § 2.]

Pollution Disclosure Act of 1971: Chapter 90.52 RCW.
Declaration of public policies and purpose—Division of state into two major areas. It is declared to be the public policy of the state to secure and maintain such levels of air quality as will protect human health and safety and comply with the requirements of the federal clean air act, and, to the greatest degree practicable, prevent injury to plant and animal life and property, foster the comfort and convenience of its inhabitants, promote the economic and social development of the state, and facilitate the enjoyment of the natural attractions of the state. The problems and effects of air pollution are frequently regional and interjurisdictional in nature, and are dependent upon the existence of urbanization and industrialization in areas having common topography and recurring weather conditions conducive to the buildup of air contaminants.

It is also declared as public policy that regional air pollution control programs are to be encouraged and supported to the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality.

It is also declared to be the public policy of the state to provide for the people of the populous metropolitan regions in the state the means of obtaining air pollution control not adequately provided by existing agencies of local government. For reasons of the present and potential dramatic growth in population, urbanization, and industrialization, the special problem of air resource management, encompassing both corrective and preventive measures for the control of air pollution cannot be adequately met by the individual towns, cities, and counties of many metropolitan regions.

In addition, the state is divided into two major areas, each having unique characteristics as to natural climatic and topographic features which may result in the different potentials for the accumulation and buildup of air contaminant concentrations. These two major areas are the area lying west of the Cascade Mountain crest and the area lying east of the Cascade Mountain crest. Within each of these major areas are regions which, because of the climate and topography and present and potential urbanization and industrial development may, through definitive evaluation be classed as regional air pollution areas.

To these ends it is the purpose of this chapter to provide for a coordinated state-wide program of air pollution prevention and control, for an appropriate distribution of responsibilities between the state, regional, and local units of government, and for cooperation across jurisdictional lines in dealing with problems of air pollution. [1973 1st ex.s. c 193 § 1; 1969 ex.s. c 168 § 1; 1967 c 238 § 1.]

Causing or permitting air pollution unlawful—Exception. Except where specified in a variance permit, as provided in RCW 70.94.181, it shall be unlawful for any person knowingly to cause air pollution or knowingly permit it to be caused in violation of this chapter, or of any ordinance, resolution, rule or regulation validly promulgated hereunder. [1967 c 238 § 3; 1957 c 232 § 4.]

Air pollution control authorities created—Activated authorities, composition, meetings—Delineation of air pollution regions, considerations—Reports to legislature. (1) In each county of the state there is hereby created an air pollution control authority, which shall bear the name of the county within which it is located. The boundaries of each authority shall be coextensive with the boundaries
of the county within which it is located. An authority shall include all incorporated and unincorporated areas of the county within which it is located.

(2) All authorities which are presently or may hereafter be within counties of the first class, class A or class AA, are hereby designated as activated authorities and shall carry out the duties and exercise the powers provided in this chapter. Those authorities hereby activated which encompass contiguous counties located in one or the other of the two major areas determined in RCW 70.94.011 are declared to be and directed to function as a multicounty authority.

(3) Except as provided in RCW 70.94.232, all other air pollution control authorities are hereby designated as inactive authorities.

(4) The boards of those authorities designated as activated authorities by this chapter shall be comprised of such appointees and/or county commissioners as is provided in RCW 70.94.100. The first meeting of the boards of those authorities designated as activated authorities by this chapter shall be on or before sixty days after June 8, 1967.

(5) The state board and the department of health are directed to conduct the necessary evaluations and delineate appropriate air pollution regions throughout the state, taking into consideration:

(a) The natural climatic and topographic features affecting the potential for buildup of air contaminant concentrations.

(b) The degree of urbanization and industrialization and the existence of activities which are likely to cause air pollution.

(c) The county boundaries as related to the air pollution regions and the practicality of administering air pollution control programs.

The state board and the department are directed to report to the 1969 and succeeding legislative sessions with respect to the further need for activating or combining air pollution control authorities. [1967 c 238 § 4.]

**70.94.055** Air pollution control authority may be activated by certain counties, when. The board of county commissioners of any county other than a first class, class A or class AA county may activate an air pollution control authority following a public hearing on its own motion, or upon a filing of a petition signed by one hundred property owners within the county. If the board of county commissioners determines as a result of the public hearing that:

(1) Air pollution exists or is likely to occur; and

(2) The city or town ordinances or county resolutions, or their enforcement, are inadequate to prevent or control air pollution, they shall by resolution activate an air pollution control authority or combine with a contiguous county or counties to form a multicounty air pollution control authority. [1967 c 238 § 5.]

**70.94.057** Multicounty authority may be formed by contiguous counties—Name. The boards of county commissioners of two or more contiguous counties may, by joint resolution, combine to form a multicounty air pollution control authority. Boundaries of such authority shall be coextensive with the boundaries of the counties forming the authority.

The name of the multicounty authority shall bear the names of the counties making up such multicounty authority or a name adopted by the board of such multicounty authority. [1967 c 238 § 6.]

**70.94.068** Merger of active and inactive authorities to form multicounty or regional authority—Procedure. The respective boards of county commissioners of two or more contiguous counties may merge any combination of their several inactive or activated authorities to form one activated multicounty authority. Upon a determination that the purposes of this chapter will be served by such merger, each board of county commissioners may adopt the resolution providing for such merger. Such resolution shall become effective only when a similar resolution is adopted by the other contiguous county or counties comprising the proposed authority. The boundaries of such authority shall be coextensive with the boundaries of the counties within which it is located. [1969 ex.s. c 168 § 3; 1967 c 238 § 11.]

**70.94.069** Merger of active and inactive authorities to form multicounty or regional authority—Reorganization of board of directors—Rules and regulations. Whenever there occurs a merger of an inactive authority with an activated authority or authorities, or of two activated authorities to form a multicounty authority, the board of directors shall be reorganized as provided in RCW 70.94.100, 70.94.110, and 70.94.120.

In the case of the merger of two or more activated authorities the rules and regulations of each authority shall continue in effect and shall be enforced within the jurisdiction of each until such time as the board of directors adopts rules and regulations applicable to the newly formed multicounty authority.

In the case of the merger of an inactive authority with an activated authority or authorities, upon approval of such merger by the board or boards of county commissioners of the county or counties comprising the existing activated authority or authorities, the rules and regulations of the activated authority or authorities shall remain in effect until superseded by the rules and regulations of the multicounty authority as provided in RCW 70.94.230. [1969 ex.s. c 168 § 4; 1967 c 238 § 12.]

The resolution or resolutions activating an air pollution authority shall specify the name of the authority and participating political bodies; the authority's principal place of business; the territory included within it; and the effective date upon which such authority shall begin to transact business and exercise its powers. In addition, such resolution or resolutions may specify the amount of money to be contributed annually by each political subdivision, or a method of dividing expenses of the air pollution control program. Upon the adoption of a resolution or resolutions calling for the activation of an authority or the merger of an inactive or activated...
authority or several activated authorities to form a multicounty authority. The governing body of each shall cause a certified copy of each such ordinance or resolution to be filed in the office of the secretary of state of the state of Washington. From and after the date of filing with the secretary of state a certified copy of each such resolution, or resolutions, or the date specified in such resolution or resolutions, whichever is later, the authority may begin to function and may exercise its powers.

Any authority activated by the provisions of this chapter shall cause a certified copy of all information required by this section to be filed in the office of the secretary of state of the state of Washington. [1969 ex.s. c 168 § 5; 1967 c 238 § 13; 1957 c 232 § 7.]

Nothing herein shall be construed to prevent holding the foregoing special election at the same time as that fixed for a general election. The expense of all special elections held pursuant to this section shall be paid by the authority. [1973 1st ex.s. c 195 § 84; 1969 ex.s. c 168 § 7; 1967 c 238 § 15.]

(b) Each component county shall pay such proportion of the supplemental income as the total population of such county bears to the total population of the activated authority. The population of the county shall be determined by the most recent census, estimate or survey by the federal bureau of census or any state board or commission authorized to make such a census, estimate or survey.

The state board or board may require that such registration be accompanied by a fee and may determine the amount of such fee for such class or classes: Provided, That the amount of the fee shall only be to compensate for the costs of administering such registration program: Provided further, That any such registration made with either the board or the state board shall preclude a further registration with any other board or the state board. [1969 ex.s. c 168 § 19; 1967 c 238 § 28.]

70.94.152 Notice may be required of construction of new contaminant source—Submission of plans—Approval, disapproval—Emission control. (1) The department of ecology or board of any authority may require notice of the construction, installation, or establishment of any new air contaminant sources except single family and duplex dwellings. The department of ecology or board may require such notice to be accompanied by a fee and determine the amount of such fee: Provided, That the amount of the fee may not exceed the cost of reviewing the plans, specifications, and other information and administering such notice: Provided further, That any such notice given to either the board or to the department of ecology shall preclude a further notice to be given to any other board or to the department of ecology. Within thirty days of its receipt of such notice, the department of ecology or board may require, as a condition precedent to the construction, installation, or establishment of the air contaminant source or sources covered thereby, the submission of plans, specifications, and such other information as it deems necessary in order to determine whether the proposed construction, installation, or establishment will be in accord with applicable rules and regulations in force pursuant to this chapter, and will provide all known available and reasonable methods of emission control. If on the basis of plans, specifications, or other information required pursuant to this section the department of ecology or board determines that the proposed construction, installation, or establishment will not be in accord with this chapter or the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto, or will not provide all known available and reasonable means of emission control, it shall issue an order for the prevention of the construction, installation, or establishment of the air contaminant source or sources. If on the basis of plans, specifications, or other information required pursuant to this section, the department of ecology or board determines that the proposed construction, installation, or establishment will be in accord with this chapter, and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto and will provide all known available and reasonable methods of emission control, it shall issue an order of approval of the construction, installation, and establishment of the air contaminant source or sources, which order may provide such conditions of operation as are reasonably necessary.
to assure the maintenance of compliance with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto.

(2) For the purposes of this chapter, addition to or enlargement or replacement of an air contaminant source, or any major alteration therein, shall be construed as construction or installation or establishment of a new air contaminant source. The determination, under subsection (1) of this section, of whether a proposed construction, installation, or establishment will be in accord with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto shall include a determination of whether the operation of the new air contaminant source at the location proposed will cause any ambient air quality standard to be exceeded.

(3) Nothing in this section shall be construed to authorize the department of ecology or board to require the use of emission control equipment or other equipment, machinery, or devices of any particular type, from any particular supplier, or produced by any particular manufacturer.

(4) Any features, machines, and devices constituting parts of or called for by plans, specifications, or other information submitted pursuant to subsection (1) hereof shall be maintained in good working order.

(5) The absence of an ordinance, resolution, rule, or regulation, or the failure to issue an order pursuant to this section shall not relieve any person from his obligation to comply with any emission control requirements or with any other provision of law. [1973 1st ex.s. c 193 § 2; 1969 ex.s. c 168 § 20; 1967 c 238 § 29.]

70.94.155 Control of emissions—Schedules of compliance. Whenever any regulation relating to emission standards or other requirements for the control of emissions is adopted which provides for compliance with such standards or requirements no later than a specified time after the date of adoption of the regulation, the appropriate activated air pollution control authority or, if there be none, the department of ecology shall, by regulatory order, issue to air contaminant sources subject to the standards or requirements, schedules of compliance setting forth timetables for the achievement of compliance as expeditiously as practicable but in no case later than the time specified in the regulation. Interim dates in such schedules for the completion of steps of progress toward compliance shall be as enforceable as the final date for full compliance therein. [1973 1st ex.s. c 193 § 3.]

70.94.170 Control officer. Any activated authority which has adopted an ordinance, resolution, or valid rules and regulations as provided herein for the control and prevention of air pollution shall appoint a control officer, who shall observe and enforce the provisions of this chapter and all orders, ordinances, resolutions, or rules and regulations of such activated authority pertaining to the control and prevention of air pollution. [1969 ex.s. c 168 § 21; 1967 c 238 § 30; 1957 c 232 § 17.]

70.94.181 Variances—Application for—Considerations—Limitations—Renewals—Review.

(1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department of ecology where it has regulatory authority under RCW 70.94.390, 70.94.395, 70.94.410, and 70.94.420, or board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department of ecology or board may require. The department of ecology or board may grant such variance, but only after public hearing or due notice, if it finds that:

(a) The emissions occurring or proposed to occur do not endanger public health or safety; and

(b) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(2) No variance shall be granted pursuant to this section until the department of ecology or board has considered the relative interests of the applicant, other owners of property likely to be affected by the discharges, and the general public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) and for time periods and under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement or control of the pollution involved, it shall be only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternate measures that the department of ecology or board may prescribe.

(b) If the application for variance shows that there is no automobile fragmentizer within a reasonable distance of the wrecking yard for which the variance is sought, a variance will be granted for a period not to exceed three years for commercial burning of automobile hulks, subject to such conditions as the department of ecology may impose as to climatic conditions and hours during which burning of such hulks may be carried out: Provided, however, That any variance granted hereunder shall be of no force and effect after July 1, 1970.

(c) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department of ecology or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(d) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in item (a), (b) and (c) of this subparagraph, it shall be for not more than one year.

[Title 70—p 107]
(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods which would be appropriate on initial granting of a variance. If complaint is made to the department of ecology or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the state board or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the expiration of the variance. Immediately upon receipt of an application for renewal, the department of ecology or board shall give public notice of such application in accordance with rules and regulations of the department of ecology or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department of ecology or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department of ecology or board may obtain judicial review thereof under the provisions of chapter 34.04 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of *RCW 70.94.415 to any person or his property.

(7) An application for a variance, or for the renewal thereof, submitted to the department of ecology or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department of ecology or board agree to a continuance. [1974 ex.s. c 59 § 1; 1969 ex.s. c 168 § 22; 1967 c 238 § 31.]

*Reviser's note: "RCW 70.94.415" was repealed by 1971 ex.s. c 194 § 7.

70.94.200 Investigation of conditions by control officer or director of health—Entering private, public property. For the purpose of investigating conditions specific to the control, recovery or release of air contaminants into the atmosphere, a control officer, the director of the state department of health or their duly authorized representatives, shall have the power to enter at reasonable times upon any private or public property, excepting nonmultiple unit private dwellings housing two families or less. No person shall refuse entry or access to any control officer, the director of health, or their duly authorized representatives, who requests entry for the purpose of inspection, and who presents appropriate credentials; nor shall any person obstruct, hamper or interfere with any such inspection. [1967 c 238 § 20; 1957 c 232 § 20.]

70.94.205 Confidentiality of records and information. Whenever any records or other information, other than ambient air quality data or emission data, furnished to or obtained by the department of ecology or the board of any authority pursuant to any sections in chapter 70.94 RCW, relate to processes or production unique to the owner or operator, or is likely to affect adversely the competitive position of such owner or operator if released to the public or to a competitor, and the owner or operator of such processes or production so certifies, such records or information shall be only for the confidential use of the department of ecology or board. Nothing herein shall be construed to prevent the use of records or information by the department of ecology or board in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere: Provided, That such analyses or summaries do not reveal any information otherwise confidential under the provisions of this section: Provided further, That emission data furnished to or obtained by the department of ecology or board shall be correlated with applicable emission limitations and other control measures and shall be available for public inspection during normal business hours at offices of the department of ecology or board. [1973 1st ex.s. c 193 § 4; 1969 ex.s. c 168 § 23; 1967 c 238 § 33.]

70.94.211 Violations—Notice—Action by governing body, board or control officer—Hearing—Action by board. Whenever the board or the control officer has reason to believe that any provision of this chapter or any ordinance, resolution, rule or regulation relating to the control or prevention of air pollution has been violated, such board or control officer may cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the ordinance, resolution, rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the board or the control officer may require that the alleged violator or violators appear before the board for a hearing, or in addition to or in place of an order or hearing, the board may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435. [1974 ex.s. c 69 § 4; 1970 ex.s. c 62 § 57; 1969 ex.s. c 168 § 24; 1967 c 238 § 34.]

70.94.222 Order—Finality—Review (as amended by 1970 ex.s. c 41 § 2). Any order issued by the board after a hearing shall become final unless no later than thirty days after the issuance of such order, a petition requesting judicial review is filed in accordance with the provisions of chapter 34.04 RCW as now or hereafter amended. When such a petition is filed, the superior court shall initiate a hearing pursuant to RCW 34.04.130 within ninety days after the receipt of the petition requesting judicial review. Every appeal from a decision of the superior court shall be heard by the appropriate appellate court as soon as possible. Such appeal shall be considered a case involving issues of
broad public import requiring prompt and ultimate determination. [1970 ex.s. c 41 § 2; 1969 ex.s. c 168 § 26; 1967 c 238 § 36.]

70.94.222 Order—Finality—Review (as amended by 1970 ex.s. c 62 § 59). Any order issued by the board after a hearing shall become final unless no later than thirty days after the issuance of such order, a notice of appeal is filed with the hearings board as provided in chapter 43.21B RCW. [1970 ex.s. c 62 § 59; 1969 ex.s. c 168 § 26; 1967 c 238 § 36.]

70.94.223 Order—Stay pending final determination. Any order of the control officer or board shall be stayed pending final determination of any hearing or appeal taken in accordance with the provisions herein, unless after notice and hearing, the superior court shall determine that an emergency exists which is of such nature as to require that such order be in effect during the pendency of such hearing or appeal.

Nothing in this chapter shall prevent the control officer or board from making efforts to obtain voluntary compliance through warning, conference or any other appropriate means. [1969 ex.s. c 168 § 27; 1967 c 238 § 37.]

70.94.230 Rules of authority supersede local rules, regulations, etc.—Exceptions. The rules and regulations hereafter adopted by an authority under the provisions of this chapter shall supersede the existing rules, regulations, resolutions and ordinances of any of the component bodies included within said authority in all matters relating to the control and enforcement of air pollution as contemplated by this chapter: Provided, however, That existing rules, regulations, resolutions and ordinances shall remain in effect until such rules, regulations, resolutions and ordinances are superseded as provided in this section: Provided further, That nothing herein shall be construed to supersede any local county, or city ordinance or resolution, or any provision of the statutory or common law pertaining to nuisance; nor to affect any aspect of employer-employee relationship relating to conditions in a place of work, including without limitation, statutes, rules or regulations governing industrial health and safety standards or performance standards incorporated in zoning ordinances or resolutions of the component bodies where such standards relating to air pollution control or air quality containing requirements not less stringent than those of the authority. [1969 ex.s. c 168 § 28; 1967 c 238 § 38; 1957 c 232 § 23.]

70.94.231 Dissolution of prior districts—Continuation of rules and regulations until superseded. Upon the date that an authority begins to exercise its powers and functions, all districts formed as a district under chapter 70.94 RCW prior to June 8, 1967 which previously were wholly or partially composed of one or more cities or towns located within such activated authority shall be considered to be dissolved but its rules and regulations in force on such date shall remain in effect until superseded by the rules and regulations of the authority as provided in RCW 70.94.230. In such event, the board of any such district shall proceed to wind up the affairs of the district in the same manner as if the district were dissolved as provided in RCW 70.94.260. [1969 ex.s. c 168 § 29; 1967 c 238 § 39.]

(1) Any local or regional air pollution control program formed as a district under chapter 70.94 RCW prior to June 8, 1967 which is composed of one or more counties and the cities and towns therein, and whose boundaries are coextensive with the boundaries of one or more counties, shall, upon June 8, 1967, be considered an activated authority, provided that within six months of June 8, 1967 the board of directors shall be reorganized to conform to the provisions of RCW 70.94.100, 70.94.110 and 70.94.120.

(2) Nothing in this chapter except those sections which do so expressly shall be construed to supersede or nullify the ordinances, resolutions, rules or regulations of any local or regional air pollution control program in operation on June 8, 1967, but such local or regional programs shall be subject to the provisions of RCW 70.94.230, 70.94.231, 70.94.232, 70.94.380, 70.94.395, 70.94.400 and *70.94.415. *Reviser's note: RCW "70.94.415" was repealed by 1971 ex.s. c 194 § 7.

70.94.240 Air pollution control advisory council. The board of any authority shall appoint an air pollution control advisory council to advise and consult with such board, and the control officer in effectuating the purposes of this chapter. The council shall consist of five appointed members who are residents of the authority and who are preferably skilled and experienced in the field of air pollution control, two of whom shall serve as representatives of industry. The chairman of the board of any such authority shall serve as ex officio member of the council and be its chairman. Each member of the council shall receive from the authority per diem and travel expenses in an amount not to exceed that provided for the state board in this chapter (but not to exceed one thousand dollars per year) for each full day spent in the performance of his duties under this chapter. A district formed under chapter 70.94 RCW prior to June 8, 1967 may be dissolved or an authority may be deactivated prior to the term provided in the original or subsequent agreement by the participating cities and towns comprising such district or the county or counties comprising such authority upon the adoption by the board, following a hearing held upon ten days notice, to said cities, towns, and counties, of a resolution for dissolution or deactivation and upon the approval by the governing body of each city or town comprising the district or the board of county commissioners of each county comprising the authority. In such event, the
board shall proceed to wind up the affairs of the district or authority and pay all indebtedness thereof. Any surplus of funds shall be paid over to the cities or towns comprising the district or to the counties comprising the authority in proportion to their last contribution. 70.94.331 Powers and duties of state board. (1) The state board shall have all the powers as provided in RCW 70.94.141.

(2) The state board, in addition to any other powers vested in it by law after consideration at a public hearing held in accordance with chapter 42.32 RCW and chapter 34.04 RCW shall:

(a) Adopt rules and regulations establishing air quality objectives and air quality standards;

(b) Adopt emission standards which shall constitute minimum emission standards throughout the state. An authority may enact more stringent emission standards, but in no event may less stringent standards be enacted by an authority without the prior approval of the state board after public hearing and due notice to interested parties;

(c) Adopt by rule and regulation air quality standards and emission standards for the control or prohibition of emissions to the outdoor atmosphere of dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof. Such requirements may be based upon a system of classification by types of emissions or types of sources of emissions, or combinations thereof, which it determines most feasible for the purposes of this chapter.

(3) The air quality standards and emission standards may be for the state as a whole or may vary from area to area, as may be appropriate to facilitate the accomplishment of the objectives of this chapter and to take necessary or desirable account of varying local conditions of population concentration, the existence of actual or reasonable foreseeable air pollution, topographic and meteorologic conditions and other pertinent variables.

(4) The state board is directed to cooperate with the appropriate agencies of the United States or other states or any interstate agencies or international agencies with respect to the control of air pollution and air contamination, or for the formulation for the submission to the legislature of interstate air pollution control compacts or agreements.

(5) The state board is directed to conduct or cause to be conducted a continuous surveillance program to monitor the quality of the ambient atmosphere as to concentrations and movements of air contaminants.

(6) The state board shall enforce the air quality standards and emission standards throughout the state except where a local authority is enforcing the state regulations or its own regulations which are more stringent than those of the state.

(7) The state board shall encourage local units of government to handle air pollution problems within their respective jurisdictions; and, on a cooperative basis provide technical and consultative assistance therefor.

(8) The state board shall have the power to require the addition to or deletion of a county from an existing authority in order to carry out the purposes of this chapter: Provided, however, That no such addition or deletion shall be made without the concurrence of any existing authority involved. Such action shall only be taken after a public hearing held pursuant to the provisions of chapter 34.04 RCW. [1969 ex.s. c 168 § 34; 1967 c 238 § 46.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.332 Violations—Notice—Action by department. Whenever the department has reason to believe that any provision of this chapter or any rule or regulation adopted by the state board or being enforced by the state board under RCW 70.94.410 relating to the control or prevention of air pollution has been violated, it may cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the department may require that the alleged violator or violators appear before the state board or a duly appointed hearing officer for a hearing at a time and place specified in the notice given at least twenty days prior to such hearing and answer the charges complained of, or in addition to or in place of an order or hearing, the department may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435. [1967 c 238 § 47.]

70.94.333 Orders of department—Hearings—Judicial review. (1) Any order issued by the department shall become final unless, no later than twenty days after the date the notice and order are served, the person aggrieved by the order petitions for a hearing before the state board. Upon receipt of the petition, the state board shall hold a hearing after not less than twenty days prior notice to petitioning parties.

(2) If, after a hearing held as a result of a petition to the state board by a person aggrieved by an order, the state board finds that a violation has occurred or is occurring, it shall affirm or modify the order previously issued, or if the finding made is that no violation has occurred or is occurring, the order shall be rescinded. If, after a hearing held in lieu of an order, the state board finds that a violation has occurred or is occurring, it shall issue an appropriate order or orders for the prevention, abatement or control of the emissions involved or for the taking of such other corrective actions as may be appropriate. Any order issued as part of a notice or
after hearing may prescribe the date or dates by which the violation or violations shall cease and may prescribe timetables for necessary action in preventing, abating or controlling the emissions.

(3) An order issued by the state board after a hearing shall become final unless no later than thirty days after the issuance and service of such order, a petition requesting judicial review is filed in the superior court of the county in which the violation is alleged to have occurred or is alleged to be likely to occur. Review shall be conducted without a jury de novo on the record in the superior court.

(4) The reviewing court may affirm or reverse the decision of the governing body or board. In addition, any party may move the court to remand the case to the state board, in the interests of justice, for the purpose of adding additional specified and material evidence, and findings thereon: Provided, That such party shall show reasonable grounds for the failure to adduce such evidence previously before the state board.

(5) Any order of the department or the state board shall be stayed pending final determination of any hearing or appeal taken in accordance with the provisions herein, unless after notice and hearing, the superior court shall determine that an emergency exists which is of such nature as to require that such order be in effect during the pendency of such hearing or appeal.

(6) Nothing in this chapter shall prevent the department or the state board from making efforts to obtain voluntary compliance through warning, conference or any other appropriate means.

(7) Any hearing held under RCW 70.94.181 or 70.94.333 by the state board shall be conducted in accord with RCW 34.04.090 through 34.04.130. [1967 c 238 § 48.]

70.94.334 Appointment of hearing officer—Powers and duties. (1) In all instances where the department of ecology or board of any authority is permitted or required to hold hearings under the provisions of this chapter, such hearings shall be held before the department of ecology or board of any authority, or the state board or board of any authority may appoint a hearing officer.

(2) A duly appointed hearing officer shall have all the powers, rights, and duties of the department of ecology or board of any authority relating to the conduct of hearings. [1973 1st ex.s. c 193 § 5; 1969 ex.s. c 168 § 35; 1967 c 238 § 49.]

70.94.340 Quarterly reports, special studies by director—Distribution. The state director of health shall prepare quarterly reports over his signature, with the approval of the members of the state board. Such reports shall be distributed to the legislative council and interested parties including the affected units of local government. When deemed necessary as the result of a test or survey, the director with the approval of the state board may transmit copies of special studies and recommendations to affected governmental entities. [1961 c 188 § 5.]

70.94.350 Contracts, agreements for use of personnel by director—Reimbursement—Merit system regulations waived. The director of health is authorized to contract for or otherwise agree to the use of personnel of municipal corporations or other agencies or private persons; and the director of health is further authorized to reimburse such municipal corporations or agencies for the employment of such personnel. Merit system regulations or standards for the employment of personnel may be waived for personnel hired under contract as provided for in this section. The director of health shall provide, within available appropriations, for the scientific, technical, legal, administrative, and other necessary services and facilities for the functioning of the state board. The necessary staff, services, and facilities shall be administered through an appropriate organizational unit of the department of health under the direction of the executive director of the state board. [1967 c 238 § 45; 1961 c 188 § 6.]

70.94.370 Powers and rights of governmental units and persons are not limited by act or recommendations. No provision of this chapter or any recommendation of the state board or of any local or regional air pollution program is a limitation:

(1) On the power of any city, town or county to declare, prohibit and abate nuisances.

(2) On the power of the director of the state department of health to provide for the protection of the public health under any authority presently vested in that office or which may be hereafter prescribed by law.

(3) On the power of a state agency in the enforcement, or administration of any provision of law which it is specifically permitted or required to enforce or administer.

(4) On the right of any person to maintain at any time any appropriate action for relief against any air pollution. [1967 c 238 § 59; 1961 c 188 § 8.]

70.94.380 Emission control requirements. (1) Every activated authority operating an air pollution control program shall have requirements for the control of emissions which are no less stringent than those adopted by the state board for the geographic area in which such air pollution control program is located. Less stringent requirements than compelled by this section may be included in a local or regional air pollution control program only after approval by the state board following demonstration to the satisfaction of the state board that the proposed requirements are consistent with the purposes of this chapter: Provided, That such approval shall be preceded by public hearing, of which notice has been given in accordance with chapter 42.32 RCW. The state board, upon receiving evidence that conditions have changed or that additional information is relevant to a decision with respect to the requirements for emission control, may, after public hearing on due notice, withdraw any approval previously given to a less stringent local or regional requirement.

Nothing in this chapter shall be construed to prevent a local or regional air pollution control district or authority from adopting and enforcing more stringent emission [Title 70—p 111]
control requirements than those adopted by the state board and applicable within the jurisdiction of the local or regional air pollution control district or authority. [1969 ex.s. c 168 § 36; 1967 c 238 § 50.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.385 State financial aid—Application for—Requirements. (1) Any authority may apply to the state board for state financial aid. The state board shall by rule and regulation establish the ratio of state funds to the local funds taking into consideration available federal and state funds. Any such aid shall be expended from the general fund from such appropriations as the legislature may provide for this purpose: Provided, That federal funds shall be utilized to the maximum unless otherwise approved by the state board: Provided further, That the ratio of state funds to local funds of the previous year shall not be changed without a public hearing held by the state board.

(2) Before any such application is approved and financial aid is given or approved by the state board, the authority shall demonstrate to the satisfaction of the state board that it is fulfilling the requirements of RCW 70.94.380, or, if the state board has not adopted ambient air quality standards and objectives as permitted by RCW 70.94.331, the authority shall demonstrate to the satisfaction of the state board that it is acting in good faith and doing all that is possible and reasonable to control and prevent air pollution within its jurisdictional boundaries and to carry out the purposes of this chapter.

(3) The state board shall adopt rules and regulations requiring the submission of such information by each authority including the submission of its proposed budget and a description of its program in support of the application for state financial aid as necessary to enable the state board to determine the need for state aid. [1969 ex.s. c 168 § 37; 1967 c 238 § 51.]

70.94.390 Hearing upon activation of authority—Finding—Assumption of jurisdiction by state board—Expenses. The state board may, at any time and on its own motion, hold a hearing to determine if the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist in any area of the state. Notice of such hearing shall be conducted in accordance with chapter 42.32 RCW and chapter 34.04 RCW. If at such hearing the state board finds that air pollution exists or is likely to occur in a particular area, and that the purposes of this chapter and the public interest will be best served by the activation of an authority it shall designate the boundaries of such area and set forth in a report to the appropriate county or counties recommendations for the activation of an authority: Provided, That if at such hearing the state board determines that the activation of an authority is not practical or feasible for the reason that a local or regional air pollution control program cannot be successfully established or operated due to unusual circumstances and conditions, but that the control and/or prevention of air pollution is necessary for the purposes of this chapter and the public interest, it may assume jurisdiction and so declare by order. Such order shall designate the geographic area in which, and the effective date upon which, the state board will exercise jurisdiction for the control and/or prevention of air pollution. The state board shall exercise its powers and duties in the same manner as if it had assumed authority under RCW 70.94.410.

All expenses incurred by the state board in the control and prevention of air pollution in any county pursuant to the provisions of RCW 70.94.390 and 70.94.410 shall constitute a claim against such county. The state board shall certify the expenses to the auditor of the county, who promptly shall issue his warrant on the county treasurer payable out of the current expense fund of the county. In the event that the amount in the current expense fund of the county is not adequate to meet the expenses incurred by the state board, the state board shall certify to the state treasurer that they have a prior claim on any money in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer as provided in RCW 82.08.170. In the event that the amount in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer is not adequate to meet the expenses incurred by the state board, the state board shall certify to the state treasurer that they have a prior claim on any excess funds from the liquor revolving fund that are to be distributed to that county as provided in RCW 66.08.190 through 66.08.220. All moneys that are collected as provided in this section shall be placed in the general fund in the account of the state air pollution control board. [1969 ex.s. c 168 § 38; 1967 c 238 § 52.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.395 Control of particular types or classes of air contaminant sources—Assumption by state board—Hearing—Standards. If the state board finds, after public hearing upon due notice to all interested parties, that the emissions from a particular type or class of air contaminant source should be regulated on a state-wide basis in the public interest and for the protection of the welfare of the citizens of the state, it may adopt and enforce rules and regulations to control and/or prevent the emission of air contaminants from such source: Provided, That an authority may, after public hearing and a finding by the board of a need for more stringent rules and regulations than those adopted by the state board under this section, propose the adoption of such rules and regulations by the state board for the control of emissions from the particular type or class or air contaminant source within the geographical area of the authority. The state board shall hold a public hearing and shall adopt the proposed rules and regulations within the area of the requesting authority, unless it finds that the proposed rules and regulations are inconsistent with the rules and regulations adopted by the state board under this section: Provided, further, That when such standards are adopted by the state board it shall delegate to the authority all powers necessary for their enforcement at the request of the authority: Provided, That the state board may delegate the responsibility for the enforcement of such rules and regulations to any authority which it deems capable of
enforcing such regulations: Provided further, That if after public hearing the state board finds that the regulation on a state-wide basis of a particular type of class of air contaminant source is no longer required for the public interest and the protection of the welfare of the citizens of the state, the state board may relinquish exclusive jurisdiction over such source. [1969 ex.s. c 168 § 39; 1967 c 238 § 53.]

70.94.400 Order activating authority—Filing—Hearing—Amendment of order. If, at the end of ninety days after the state board issues a report as provided for in RCW 70.94.390, to appropriate county or counties recommending the activation of an authority such county or counties have not performed those actions recommended by the state board, and the state board is of the opinion that the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist, then the state board may, at its discretion, issue an order activating an authority. Such order, a certified copy of which shall be filed with the secretary of state, shall specify the participating county or counties and the effective date by which the authority shall begin to function and exercise its powers. Any authority activated by order of the state board shall choose the members of its board as provided in RCW 70.94.100 and begin to function in the same manner as if it had been activated by resolutions of the county or counties included within its boundaries. The state board may, upon due notice to all interested parties, conduct a hearing in accordance with chapter 42.32 RCW and chapter 34.04 RCW within six months after the order was issued to review such order and to ascertain if such order is being carried out in good faith. At such time the state board may amend any such order issued if it is determined by the state board that such order is being carried out in bad faith or the state board may take the appropriate action as is provided in RCW 70.94.410. [1969 ex.s. c 168 § 40; 1967 c 238 § 54.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.405 Hearing on effectiveness of prevention and control program—Report. At any time after an authority has been activated for no less than one year, the state board may, on its own motion, conduct a hearing held in accordance with chapter 42.32 RCW and chapter 34.04 RCW, as now or hereafter amended to determine whether or not the air pollution prevention and control program of such authority is being carried out in good faith and is as effective as possible under the circumstances: Provided, That no such hearing shall be held within one year of June 6, 1967. If at such hearing the board finds that such authority is not carrying out its air pollution control or prevention program in good faith, or is not doing all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, it shall set forth in a report to the appropriate authority: (1) Its recommendations as to how air pollution prevention and/or control might be more effectively accomplished; and (2) guidelines which will assist the authority in carrying out the recommendations of the state board. [1969 ex.s. c 168 § 41; 1967 c 238 § 55.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.410 Assumption of control by state board, when—Reestablishment of program—Withdrawal of state board. (1) If, after thirty days from the time that the state board issues a report or order to an authority under RCW 70.94.400 and 70.94.405, such authority has not taken any action which indicates that it is attempting in good faith to implement the recommendations or actions of the state board as set forth in the report or order, the state board may, by order, declare as null and void any or all ordinances, resolutions, rules or regulations of such authority relating to the control and/or prevention of air pollution, and at such time the state board shall become the sole body with authority to make and enforce rules and regulations to the control and/or prevention of air pollution within the geographical area of such authority. In this connection the state board may assume all those powers which are given to it by law to effectuate the purposes of this chapter. The state board may, by order, continue in effect and enforce those provisions of the ordinances, resolutions, or rules and regulations of such authority which are not less stringent than those requirements which the state board may have found applicable to the area under RCW 70.94.331 until such time as the board adopts its own rules and regulations. Any rules and regulations promulgated and any enforcement action, as provided in RCW 70.94.333, taken by the state board shall be subject to the provisions of chapter 34.04 RCW as it now appears or may hereinafter be amended and subject to RCW 70.94.425 and 70.94.435 to the extent that they are not inconsistent with chapter 34.04 RCW.

(2) No provision of this chapter is intended to prohibit any authority from reestablishing its air pollution control program which meets with the approval of the state board and which complies with the purposes of this chapter and with applicable rules and regulations and orders of the state board.

(3) Nothing in this chapter shall prevent the state board from withdrawing the exercise of its jurisdiction over an authority upon its own motion: Provided, That the state board has found at a hearing held in accordance with chapter 42.32 RCW and chapter 34.04 RCW as now or hereafter amended, that the air pollution prevention and control program of such authority will be carried out in good faith or that such program will do all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction. Upon the withdrawal of the state board, the state board shall prescribe certain recommendations as to how air pollution prevention and/or control is to be effectively accomplished and guidelines which will assist the authority in carrying out the recommendations of the state board. [1969 ex.s. c 168 § 42; 1967 c 238 § 56.]

Reviser's note: See note (1) following RCW 70.94.141.

70.94.420 Cooperation by state departments and agencies—Potential pollution sources—Permits. (1)
It is declared to be the intent of the legislature of the state of Washington that any state department or agency having jurisdiction over any building, installation, or other property shall cooperate with the state board and with air pollution control agencies in preventing and/or controlling the pollution of the air in any area insofar as the discharge of the matter from or by such building, installation, or other property may cause or contribute to pollution of the air in such area. Such state department or agency shall comply with the provisions of this chapter and with any ordinance, resolution, rule or regulation issued hereunder in the same manner as any other person subject to such laws, rules or regulations.

(2) In addition to its other powers and duties prescribed by law, the state board may establish classes of potential pollution sources for which any state department or agency having jurisdiction over any building, installation, or other property, which is not located within the geographical boundaries of any authority which has an air pollution control and prevention program in effect, shall, before discharging any matter into the air, obtain a permit from the state board for such discharge. Such permit may be issued for a specified period of time to be determined by the state board and subject to revocation if the state board finds that such discharge is endangering the health and welfare of any persons. Such permits may also be required for any such building, installation, or other property which is located within the geographical boundaries of any authority which has an air pollution control and prevention program in effect if the standards set by the state board for state departments and agencies are more stringent than those of the authority. In connection with the issuance of any permits under this section, there shall be submitted to the state board such plans, specifications, and other information as it deems relevant thereto and under such other conditions as it may prescribe. [1966 ex.s. c 168 § 44; 1967 c 238 § 58.]

70.94.425 Restraining orders—Injunctions. Notwithstanding the existence or use of any other remedy, whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provision of this chapter, or any rule, regulation or order issued thereunder, the governing body or board or the state board, after notice to such person and an opportunity to comply, may petition the superior court of the county wherein the violation is alleged to be occurring or to have occurred for a restraining order or a temporary or permanent injunction or another appropriate order. [1967 c 238 § 60.]

70.94.430 Penalties. Any person who violates any of the provisions of this chapter, or any ordinance, resolution, rule or regulation in force pursuant thereto, other than RCW 70.94.205, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than two hundred fifty dollars, or by imprisonment for not more than ninety days, or by both fine and imprisonment for each separate violation. Each day upon which such violation occurs shall constitute a separate violation.

Any person who wilfully violates any of the provisions of this chapter or any ordinance, resolution, rule or regulation in force pursuant thereto shall be guilty of a gross misdemeanor. Each day upon which such wilful violation occurs shall constitute a separate offense. Upon conviction the offender shall be punished by a fine of not less than one hundred dollars for each offense.

Any person who wilfully violates RCW 70.94.205 or any other provision of *this act shall be guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment for a term of not more than one year or by both fine and imprisonment. [1973 1st ex.s. c 176 § 1; 1967 c 238 § 61.]

*Reviser's note: *this act* apparently consists of the amendments to RCW 70.94.430 and 70.94.431 by 1973 1st ex.s. c 176.

70.94.431 Additional or alternative penalty—Enforcement. In addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of chapter 70.94 RCW or any of the rules and regulations of the department or the board shall incur a penalty in the form of a fine in an amount not to exceed two hundred fifty dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalty shall become due and payable when the person incurring the same receives a notice in writing from the director or his designee or the control officer of the authority or his designee describing the violation with reasonable particularity and advising such person that the penalty is due unless a request is made for a hearing to the hearings board as provided for in chapter 43.21B RCW. When a request is made for a hearing, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order affirming the penalty in whole or part. If the amount of such penalty is not paid to the department or the board within thirty days after it becomes due and payable, and a request for a hearing has not been made, the attorney general, upon the request of the director or his designee, or the attorney for the local authority, upon request of the board or control officer, shall bring an action to recover such penalty in the superior court of the county in which the violation occurred. All penalties recovered under this section by the state board shall be paid into the state treasury and credited to the general fund or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds.

To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

In all actions brought in the superior court for the recovery of penalties hereunder, the procedure and rules
of evidence shall be the same as in an ordinary civil action. [1973 1st ex.s. c 176 § 2; 1969 ex.s. c 168 § 53.]

70.94.435 Additional means for enforcement of chapter. As an additional means of enforcing this chapter, the governing body or board may accept an assurance of discontinuance of any act or practice deemed in violation of this chapter or of any ordinance, resolution, rule or regulation adopted pursuant hereto, from any person engaging in, or who has engaged in, such act or practice. Any such assurance shall specify a time limit during which such discontinuance is to be accomplished. Failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of this chapter or the ordinances, resolutions, rules or regulations, or order issued pursuant thereto, which make the alleged act or practice unlawful for the purpose of securing any injunction or other relief from the superior court as provided in RCW 70.94.425. [1967 c 238 § 62.]

70.94.440 Short title. This chapter may be known and cited as the "Washington Clean Air Act". [1967 c 238 § 63.]

70.94.445 Air pollution control facilities—Tax exemptions and credits. See chapter 82.34 RCW.

70.94.510 Policy to cooperate with federal government. It is declared to be the policy of the state of Washington through the state air pollution control board to cooperate with the federal government in order to insure the coordination of the provisions of the federal and state clean air acts, and the state air pollution control board is authorized and directed to implement and enforce the provisions of this chapter in carrying out this policy as follows:

(1) To accept and administer grants from the federal government for carrying out the provisions of this chapter.

(2) To take all action necessary to secure to the state the benefits of the federal clean air act. [1969 ex.s. c 168 § 45.]

70.94.600 Reports of authorities to state board—Contents. All authorities in the state shall submit quarterly reports to the state board detailing the current status of air pollution control regulations in the authority and, by county, the progress made toward bringing all sources in the authority into compliance with authority standards and with district minimum standards. [1969 ex.s. c 168 § 52.]

70.94.650 Burning permits for weed abatement, instruction or agricultural activities—Issuance—Activities exempted from requirement. Any person who proposes to set fires in the course of the following:

(1) Weed abatement,

(2) Instruction in methods of fire fighting (except forest fires), or

(3) Disease prevention relating to agricultural activities, shall, prior to carrying out the same, obtain a permit from an air pollution control authority or the department of ecology, as appropriate. Each such authority and the department of ecology shall, by rule or ordinance, establish a permit system to carry out the provisions of this section except as provided in RCW 70.94.660. General criteria of state-wide applicability for ruling on such permits shall be established by the department, by rule or regulation, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both: Provided, That all permits so issued shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise the applicant is engaged in. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses or other approvals required by any other law: Provided further, That an application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, and development of physiological conditions conducive to increased crop yield, shall be granted within fourteen days from the date such application is filed: Provided, That nothing herein shall prevent a householder from setting fire in the course of burning leaves, clippings or trash when otherwise permitted locally. Nothing contained herein shall prohibit Indian campfires or the sending of smoke signals if part of a religious ritual. [1971 ex.s. c 232 § 1.]

70.94.654 Delegation of permit issuance and enforcement to counties. Whenever the department of ecology shall find that any county which is outside the jurisdictional boundaries of an activated air pollution control authority is capable of effectively administering the issuance and enforcement of permits for any or all of the kinds of burning identified in RCW 70.94.650(1) and (3) and desirous of doing so, the department of ecology may delegate all powers necessary for the issuance and enforcement of permits for any or all of the kinds of burning to the county: Provided, That such delegation may be withdrawn by the department of ecology upon a finding that the county is not effectively administering the permit program. [1973 1st ex.s. c 193 § 6.]

70.94.656 Open burning of field and turf grasses grown for seed—Alternatives—Studies—Funding—Procedures—Limitations. It is hereby declared to be the policy of this state that strong efforts should be made to minimize adverse effects on air quality from the open burning of field and turf grasses grown for seed. To such end this section is intended to promote the development of economical and practical alternate agricultural practices to such burning, and to provide for interim regulation of such burning until practical alternates are found.
(1) The department shall approve of a study or studies for the exploration and identification of economical and practical alternate agricultural practices to the open burning of field and turf grasses grown for seed. Prior to the issuance of any permit for such burning under RCW 70.94.650, there shall be collected a fee not to exceed fifty cents per acre of crop to be burned. Any such fees received by any authority shall be transferred to the department of ecology. The department of ecology shall deposit all such acreage fees in a special grass seed burning research account, hereby created, in the general fund. The department shall allocate moneys annually from this account for the support of any approved study or studies as provided for in this subsection. For the conduct of any such study or studies, the department may contract with public or private entities: Provided, That whenever the department of ecology shall conclude that sufficient reasonably available alternates to open burning have been developed, and at such time as all costs of any studies have been paid, the grass seed burning research account shall be dissolved, and any money remaining therein shall revert to the general fund.

(2) Whenever on the basis of information available to it, the department after public hearings have been conducted wherein testimony will be received and considered from interested parties wishing to testify shall conclude that any procedure, program, technique, or device constitutes a practical alternate agricultural practice to the open burning of field or turf grasses grown for seed, the department shall, by order, certify approval of such alternate. Thereafter, in any case which any such approved alternate is reasonably available, the open burning of field and turf grasses grown for seed shall be disallowed and no permit shall issue therefor.

(3) Until approved alternates become available, the department or the authority may limit the number of acres on a pro rata basis among those affected for which permits to burn will be issued in order to effectively control emissions from this source.

(4) Permits issued for burning of field and turf grasses may be conditioned to minimize emissions insofar as practical, including denial of permission to burn during periods of adverse meteorological conditions. [1973 1st ex.s. c 193 § 7.]

Grass burning research advisory committee: Chapter 43.21E RCW.

70.94.660 Burning permits for abating or prevention of forest fire hazards, instruction or silvicultural operations—Issuance. The department of natural resources shall have the responsibility for issuing and regulating burning permits required by it relating to the following activities declared to be for the protection of life or property and/or in the public welfare:

(1) Abating a forest fire hazard;
(2) Prevention of a fire hazard;
(3) Instruction of public officials in methods of forest fire fighting; and
(4) Any silvicultural operation to improve the forest lands of the state. [1971 ex.s. c 232 § 2.]

Burning permits, issuance, air pollution a factor: RCW 76.04.150, 76.04.170.

Disposal of forest debris: RCW 76.04.310.

70.94.670 Burning permits for abating or prevention of forest fire hazards, instruction or silvicultural operations—Conditions for issuance and use of permits—Air quality standards to be met—Alternate methods to lessen forest debris. The department of natural resources in granting burning permits for fires for the purposes set forth in RCW 70.94.660 shall condition the issuance and use of such permits to comply with air quality standards established by the department of ecology after full consultation with the department of natural resources. Such burning shall not cause the state air quality standards for suspended particulate matter to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by the department of ecology, otherwise subject to air pollution from other sources. Air quality standards for suspended particulate matter shall be established and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when the air exceeds or threatens to exceed the standards over such critical areas. The suspended particulate matter shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established primary air mass stations or primary ground level monitoring stations over such designated areas. The department of natural resources shall set forth smoke dispersal objectives designed to minimize any air pollution from smoke from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging to reduce forest fire hazards and shall encourage development and use of procedures and equipment to burn forest debris in a manner that will produce less smoke. The department of natural resources shall, whenever practical, encourage development and use of alternative acceptable disposal methods. Such alternative methods shall be evaluated as to the relative impact on air, water and land pollution, and their financial feasibility. [1971 ex.s. c 232 § 3.]

70.94.680 Extension of burning permit requirements. The department of natural resources may extend burning permit requirements to cover the types of burning set forth in RCW 70.94.650 through 70.94.700 during the period from October 15 through March 15 in order to protect the air quality, and shall extend such requirements if the department of ecology deems such action necessary to avoid an air pollution emergency where there is a high danger that normal operations at air contaminant sources in the area will be detrimental to the public health or safety. [1971 ex.s. c 232 § 4.]

70.94.690 Cooperation between department of natural resources and state, local, or regional air pollution authorities—Withholding of permits. In the regulation of outdoor burning not included in RCW 70.94.660 requiring permits from the department of natural resources, said department and the state, local, or regional air pollution control authorities will cooperate in regulating such burning so as to minimize insofar as possible duplicate inspections and separate permits while
still accomplishing the objectives and responsibilities of the respective agencies.

Permits shall be withheld by the department of natural resources when so requested by the department of ecology if a forecast, alert, warning or emergency condition exists as defined in the episode criteria of the department of ecology. [1971 ex.s. c 232 § 5.]

70.94.700 Rules and regulations. The department of natural resources and the department of ecology may adopt rules and regulations necessary to implement their respective responsibilities under the provisions of RCW 70.94.650 through 70.94.700. [1971 ex.s. c 232 § 6.]

70.94.710 Air pollution episodes—Legislative finding—Declaration of policy. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety. [1971 ex.s. c 194 § 1.]

70.94.715 Air pollution episodes—Episode avoidance plan—Contents—Source emission reduction plans—Authority—Considered orders. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the phased reduction of emissions wherever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective state-wide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.04 RCW, shall include, but not be limited to the following:

(1) The designation of episode criteria and stages, the occurrence of which will require the carrying out of pre-planned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. "Forecast" means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. "Alert" means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. "Warning" means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. "Emergency" means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

(2) The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;

(3) Provision for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, on the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

(4) Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with applicable source emission reduction plans;

(5) Provisions for enforcement by state and local police, personnel of the departments of ecology and social and health services, and personnel of local air pollution control agencies; and

(6) Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in RCW 70.94.720.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the procedure in chapter 43.21B RCW. [1971 ex.s. c 194 § 2.]

70.94.720 Air pollution episodes—Declaration of air pollution emergency by governor. Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall
be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative. [1971 ex.s. c 194 § 3.]

70.94.725 Air pollution episodes—Restraining orders, temporary injunctions to enforce orders—Procedure. Whenever any order has been issued pursuant to RCW 70.94.710 through 70.94.730, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety. [1971 ex.s. c 194 § 4.]

70.94.730 Air pollution episodes—Orders to be effective immediately. Orders issued to declare any stage of an air pollution episode avoidance plan under RCW 70.94.715, and to declare an air pollution emergency, under RCW 70.94.720, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions, according to RCW 70.94.715 and 70.94.720 shall be effective immediately and shall not be stayed pending completion of review. [1971 ex.s. c 194 § 5.]

70.94.740 Limited outdoor burning—Policy. It is the policy of the state to achieve and maintain high levels of air quality and to this end to minimize to the greatest extent reasonably possible the burning of outdoor fires. Consistent with this policy, the legislature declares that such fires should be allowed only on a limited basis under strict regulation and close control. [1972 ex.s. c 136 § 1.]

70.94.745 Limited outdoor burning—Program. It shall be the responsibility and duty of the department of natural resources, department of ecology, fire districts and local air pollution control authorities to establish, through regulations, ordinances or policy, a limited burning program for the people of this state, consisting of a one-permit system, until such time as an alternate technology or method of disposing of the organic refuse described in this chapter shall have been developed which is reasonably economical and less harmful to the environment. It is the policy of this state to encourage the fostering and development of such alternate method or technology. [1972 ex.s. c 136 § 2.]

70.94.750 Limited outdoor burning—Fires permitted. The following outdoor fires described in this section may be burned subject to the provisions of the program established pursuant to RCW 70.94.755 for any area and subject to city ordinances, county resolutions, and rules and regulations of fire districts and laws and rules and regulations enforced by the department of natural resources:

(1) Fires consisting of leaves, clippings, prunings and other yard and gardening refuse originating on lands immediately adjacent and in close proximity to a human dwelling and burned on such lands by the property owner or his designee.

(2) Fires consisting of residue of a natural character such as trees, stumps, shrubbery or other natural vegetation arising from land clearing projects or agricultural pursuits for pest or disease control; provided the fires described in this subsection may be prohibited in those areas having a general population density of one thousand or more persons per square mile. [1972 ex.s. c 136 § 3.]

70.94.755 Limited outdoor burning—Establishment of program. Each activated air pollution control authority, and the department of ecology in those areas outside the jurisdictional boundaries of an activated air pollution control authority, shall establish, through regulations, ordinances or policy, a program implementing the limited burning policy authorized by RCW 70.94-.740 through 70.94.765. [1972 ex.s. c 136 § 4.]

70.94.760 Limited outdoor burning—Construction. Nothing contained in RCW 70.94.740 through 70.94-.765 is intended to alter or change the provisions of RCW 70.94.660, 70.94.710 through 70.94.730, and 76.04.150 through 76.04.170. [1972 ex.s. c 136 § 5.]

70.94.765 Limited outdoor burning—Authority of local air pollution control authority or department of ecology to allow outdoor fires not restricted. Nothing in RCW 70.94.740 through 70.94.765 shall be construed as prohibiting a local air pollution control authority or the department of ecology in those areas outside the jurisdictional boundaries of an activated pollution control authority from allowing the burning of outdoor fires. [1972 ex.s. c 136 § 6.]

70.94.770 Burning wood by resident of single family residence. Except as provided in RCW 70.94.775 and 70.94.780, nothing in this chapter or in regulations implementing this chapter shall prevent a resident of a single family residence from burning wood, so long as it has not been treated by an application of prohibitive material or substances, and natural vegetation in the course of maintaining or improving the grounds of such residence: Provided, That the department of ecology or board of any authority may set conditions for such burning so as to reduce the impact on air quality. [1973 1st ex.s. c 193 § 8.]
70.94.775 Outdoor burning—Fires prohibited—Exceptions. No person shall cause or allow any outdoor fire:

1. Containing garbage, dead animals, asphalt, petroleum products, paints, rubber products, plastics, or any substance other than natural vegetation which normally emits dense smoke or obnoxious odors except as provided in RCW 70.94.650: Provided, That agricultural heating devices which otherwise meet the requirements of this chapter shall not be considered outdoor fires under this section;

2. During a forecast, alert, warning or emergency condition as defined in RCW 70.94.715;

3. In any area which has been designated by the department of ecology or board of an activated authority as an area exceeding or threatening to exceed state or federal ambient air quality standards, or after July 1, 1976, state ambient air quality goals for particulates, except instructional fires permitted by RCW 70.94.650(2). [1974 ex.s. c 164 § 1; 1973 2nd ex.s. c 11 § 1; 1973 1st ex.s. c 193 § 9.]

70.94.780 Outdoor burning—Regulation and prohibition. In addition to any other powers granted to them by law, the fire protection agency authorized to issue burning permits may regulate or prohibit outdoor burning in order to prevent or abate the nuisances caused by such burning. [1973 1st ex.s. c 193 § 10.]

70.94.785 Plans approved pursuant to federal clean air act—Enforcement authority. Notwithstanding any provision of the law to the contrary, except RCW 70.94.660 through 70.94.690, the department of ecology, upon its approval of any plan (or part thereof) required or permitted under the federal clean air act, shall have the authority to enforce all regulatory provisions within such plan (or part thereof): Provided, That departmental enforcement of any such provision which is within the power of an activated authority to enforce shall be initiated only, when with respect to any source, the authority is not enforcing the provisions and then only after written notice is given the authority. [1973 1st ex.s. c 193 § 11.]

70.94.901 Construction—1967 c 238. This 1967 amendatory act shall not be construed to create in any way nor to enlarge, diminish or otherwise affect in any way any private rights in any civil action for damages. Any determination that there has been a violation of the provisions of this 1967 amendatory act or of any ordinance, rule, regulation or order issued pursuant thereto, shall not create by reason thereof any presumption or finding of fact or of law for use in any lawsuit brought by a private citizen. [1967 c 238 § 65.]

70.94.902 Construction, repeal of RCW 70.94.061–70.94.066—Saving. The following acts or parts of acts are each repealed:

1. Section 7, chapter 238, Laws of 1967, and RCW 70.94.061;
2. Section 8, chapter 238, Laws of 1967, and RCW 70.94.062;

4. Section 10, chapter 238, Laws of 1967, and RCW 70.94.066.

Such repeals shall not be construed as affecting any authority in existence on April 24, 1969, nor as affecting any action, activities or proceedings initiated by such authority prior thereto, nor as affecting any civil or criminal proceedings instituted by such authority, nor any rule, regulation, resolution, ordinance, or order promulgated by such authority, nor any administrative action taken by such authority, nor the term of office, or appointment or employment of any person appointed or employed by such authority. [1969 ex.s. c 168 § 46.]

70.94.911 Severability—1967 c 238. If any phrase, clause, subsection or section of this 1967 amendatory act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the act shall not be affected as a result of said part being held unconstitutional or invalid. [1967 c 238 § 64.]

Litter control, recycling: Chapter 70.93 RCW.

70.95.010 Legislative finding. The legislature finds:

(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs. [1975–’76 2nd ex.s. c 41 § 1; 1969 ex.s. c 134 § 1.]

70.95.020 Purpose. The purpose of this chapter is to establish a comprehensive state-wide program for solid waste handling, and solid waste recovery and/or recycling which will prevent land, air, and water pollution and conserve the natural, economic, and energy resources of this state. To this end it is the purpose of this chapter:

(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;

(2) To provide for adequate planning for solid waste handling by local government;

(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling;

(4) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs;

(5) It is the intent of the legislature that local governments be encouraged to use the expertise of private industry and to contract with private industry to the fullest extent possible to carry out solid waste recovery and/or recycling programs. [1975–’76 2nd ex.s. c 41 § 2; 1969 ex.s. c 134 § 2.]

Reviser's note: RCW 70.95.040 was amended twice during the 1975-'76 second extraordinary session of the legislature, each without reference to the other.

For rule of construction concerning sections amended more than once at the same session, see RCW 1.12.025:

70.95.050 Solid waste advisory committee—-Staff services and facilities. The department shall furnish necessary staff services and facilities required by the solid waste advisory committee. [1969 ex.s. c 134 § 5.]

70.95.060 Standards for solid waste handling—-Areas. The department in accordance with procedures prescribed by the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended, may adopt such minimum functional standards for solid waste handling as it deems appropriate. The department in adopting such standards may classify areas of the state with respect to population density, climate, geology, and other relevant factors bearing on solid waste disposal standards. [1969 ex.s. c 134 § 6.]

70.95.070 Review of standards prior to adoption—-Revisions, additions and modifications—-Factors. (b) Any city solid waste operation within the county and the boundaries of such operation;

(c) The population density of each area served by a city operation or by a franchised operation within the respective jurisdictions;

(d) The projected solid waste collection needs for the respective jurisdictions for the next six years. [1971 ex.s. c 293 § 1; 1969 ex.s. c 134 § 9.]

70.95.100 Submission of plans to department—Recommended revisions. Each comprehensive county solid waste management plan shall be submitted to the department for technical review and approval. The department may recommend revisions essential to the achievement of effective solid waste management and the purposes of this chapter. [1969 ex.s. c 134 § 10.]

70.95.110 Maintenance of plans—Review. The comprehensive county solid waste handling plans and any city solid waste handling plans prepared in accordance with RCW 70.95.080 shall be maintained in a current condition and reviewed and revised periodically by counties and cities as may be required by the department of environmental quality. Upon each review such plans shall be extended to show long-range needs for solid waste handling facilities for twenty years in the future, and a revised construction and capital acquisition program for six years in the future. Each revised solid waste handling plan shall be submitted to the department of environmental quality. [1969 ex.s. c 134 § 11.]

70.95.120 Technical assistance. The department shall provide to counties and cities technical assistance in the preparation, review and revision of solid waste handling plans required by this chapter. [1969 ex.s. c 134 § 12.]

70.95.130 Financial aid to counties and cities. Any county may apply to the department on a form prescribed thereby for financial aid for the preparation of the comprehensive county plan for solid waste management required by RCW 70.95.080. Any city electing to prepare an independent city plan, a joint city plan, or a joint county—city plan for solid waste management for inclusion in the county comprehensive plan may apply for financial aid for such purpose through the county. Every city application for financial aid for planning shall be filed with the county auditor and shall be included as a part of the county's application for financial aid. Counties and cities may meet their share of planning costs by cash and contributed services. [1969 ex.s. c 134 § 14.]

70.95.150 Contracts with counties to assure proper expenditures. Upon the allocation of planning funds as provided in RCW 70.95.130, the department shall enter into a contract with each county receiving a planning grant. The contract shall include such provisions as the director may deem necessary to assure the proper expenditure of such funds including allocations made to cities. The sum allocated to a county shall be paid to the treasurer of such county. [1969 ex.s. c 134 § 15.]

70.95.160 County, city or jurisdictional board of health regulations. Each county, or any city, or jurisdictional board of health shall adopt regulations or ordinances governing solid waste handling implementing the comprehensive solid waste management plan covering storage, collection, transportation, treatment, utilization, processing and final disposal including the issuance of permits. Such regulations or ordinances shall assure that solid waste storage and disposal facilities are located, maintained, and operated in a manner so as properly to protect the public health, prevent air and water pollution, and avoid the creation of nuisances. Such regulations or ordinances may be more stringent than the minimum functional standards adopted by the department. Regulations or ordinances adopted by counties, cities, or jurisdictional boards of health shall be filed with the department of environmental quality. [1969 ex.s. c 134 § 16.]

70.95.170 Permit for solid waste disposal site or facilities—Required. After approval of the comprehensive solid waste plan by the department no solid waste disposal site or disposal site facilities shall be maintained, established, substantially altered, expanded, or improved until the county, city, or other person operating such site has obtained a permit from the jurisdictional health department pursuant to the provisions of RCW 70.95.180. [1969 ex.s. c 134 § 17.]

70.95.180 Permit for solid waste disposal site or facilities—Applications, fee. (1) Applications for permits to operate new or existing solid waste disposal sites shall be on forms prescribed by the department of environmental quality and shall contain a description of the proposed and existing facilities and operations at the site, plans and specifications for any new or additional
facilities to be constructed, and such other information
as the jurisdictional health department may deem neces-
sary in order to determine whether the site and solid
waste disposal facilities located thereon will comply with
local and state regulations.
(2) Upon receipt of an application for a permit to
establish, alter, expand, improve, or continue in use a
solid waste disposal site, the jurisdictional health depar-
tment shall refer one copy of the application to the
department of environmental quality which shall report
its findings to the jurisdictional health department.
(3) The jurisdictional health department shall investi-
gate every application as may be necessary to determine
whether an existing or proposed site and facilities meet
all applicable laws and regulations, and conforms with
the approved comprehensive solid waste handling plan,
and complies with all zoning requirements.
(4) When the jurisdictional health department finds
that the permit should be issued, it shall issue such per-
mit. Every application shall be approved or disapproved
within ninety days after its receipt by the jurisdictional
health department.
(5) The jurisdictional board of health may establish
reasonable fees for permits and renewal of permits. All
permit fees collected by the health department shall be
deposited in the treasury and to the account from which
the health department's operating expenses are paid.
[1969 ex.s. c 134 § 18.]

70.95.190 Permit for solid waste disposal site or
facilities—Renewal. Every permit for a solid waste
disposal site shall be renewed annually on a date to be
established by the jurisdictional health department hav-
ing jurisdiction of the site. Prior to renewing a permit,
the health department shall conduct such inspections as
it deems necessary to assure that the solid waste disposal
site and facilities located on the site meet minimum
functional standards of the department of environmental
quality and applicable local regulations. [1969 ex.s. c
134 § 19.]

70.95.200 Permit for solid waste disposal site or
facilities—Suspension. Any permit for a solid waste
disposal site issued as provided herein shall be subject to
suspension at any time the jurisdictional health depart-
ment determines that the site or the solid waste disposal
facilities located on the site are being operated in viola-
tion of this chapter, or the regulations of the department
or local laws and regulations. [1969 ex.s. c 134 § 20.]

70.95.210 Hearing—Appeal. Whenever the juris-
dictional health department denies a permit or suspends
a permit for a solid waste disposal site, it shall, upon
request of the applicant or holder of the permit, grant a
hearing on such denial or suspension within thirty days
after the request therefor is made. Notice of the hearing
shall be given all interested parties including the county
or city having jurisdiction over the site and the depart-
ment of environmental quality. Within thirty days after
the hearing, the health officer shall notify the applicant
or the holder of the permit in writing of his determina-
tion and the reasons therefor. Any party aggrieved by
such determination may appeal to the department of
environmental quality by filing with the director a notice
of appeal within thirty days after receipt of notice of the
determination of the health officer. The department shall
hold a hearing in accordance with the provisions of the
Administrative Procedure Act, chapter 34.04 RCW, as
now or hereafter amended. [1969 ex.s. c 134 § 21.]

70.95.220 Financial aid to jurisdictional health
departments—Applications—Allocations. Any jurisdic-

ment for financial aid for the enforcement of rules and
regulations promulgated under this chapter. Such appli-

and program description, as may be prescribed by regu-
lations of the department.

After receipt of such applications the department may
allocate available funds according to criteria established
by regulations of the department considering population,
urban development, the number of the disposal sites, and
geographical area.

The sum allocated to a jurisdictional health depart-
ment shall be paid to the treasury from which the operat-
ing expenses of the health department are paid, and
shall be used exclusively for inspections and administra-
tive expenses necessary to enforce applicable regulations.
[1969 ex.s. c 134 § 22.]

70.95.230 Financial aid to jurisdictional health
departments—Matching funds requirements. The jurisdic-
tional health department applying for state
assistance for the enforcement of this chapter shall
match such aid allocated by the department in an
amount not less than twenty-five percent of the total
amount spent for such enforcement activity during the
year. The local share of enforcement costs may be met
by cash and contributed services. [1969 ex.s. c 134 §
23.]

70.95.240 Unlawful to dump or deposit solid waste
without permit. After the adoption of regulations or
ordinances by any county, city, or jurisdictional board of
health providing for the issuance of permits as provided
in RCW 70.95.160, it shall be unlawful for any person
to dump or deposit or permit the dumping or depositing
of any solid waste onto or under the surface of the
ground or into the waters of this state except at a solid
waste disposal site for which there is a valid permit:
Provided, That nothing herein shall prohibit a person
from dumping or depositing solid waste resulting from
his own activities onto or under the surface of ground
owned or leased by him when such action does not vio-
late statutes or ordinances, or create a nuisance. Any
person violating this section shall be guilty of a misde-
meanor. [1969 ex.s. c 134 § 24.]

70.95.250 Name appearing on waste material—
Presumption. Whenever solid wastes dumped in violation
of RCW 70.95.240 contain three or more items bearing
the name of one individual, there shall be a rebuttable
presumption that the individual whose name appears on

[Title 70 — p 123]
such items committed the unlawful act of dumping. [1969 ex.s. c 134 § 25.]

70.95.260 Powers and duties of department. The department shall in addition to its other powers and duties:

1. Cooperate with the appropriate federal, state, interstate and local units of government and with appropriate private organizations in carrying out the provisions of this chapter.

2. Coordinate the development of a solid waste management plan for all areas of the state in cooperation with local government, the planning and community affairs agency or its successor, and other appropriate state and regional agencies. 70.95A.940 Severability—1975 c 6.

70.95A.010 Legislative declaration—Liberal construction. The legislature finds:

1. That environmental damage seriously endangers the public health and welfare;

2. That such environmental damage results from air, water, and other resource pollution and from solid waste disposal, noise and other environmental problems;

3. That to abate or control such environmental damage, antipollution devices, equipment, and facilities must be acquired, constructed and installed;

4. That the tax exempt financing permitted by Section 103 of the Internal Revenue Code of 1954, as amended, and authorized by this chapter results in lower costs of installation of pollution control facilities;

5. That such lower costs benefit the public with no measurable cost impact;

6. That the method of financing provided in this chapter is in the public interest and its use serves a public purpose in (a) protecting and promoting the health and welfare of the citizens of the cities, towns, counties, and port districts and of this state by encouraging and accelerating the installation of facilities for abating or controlling and preventing pollution and (b) in attracting and retaining environmentally sound industry in this state which reduces unemployment and provides a more diversified tax base.

7. For the reasons set forth in subsection (6) of this section, the provisions of this chapter relating to port districts and all proceedings heretofore or hereafter taken by port districts pursuant thereto are, and shall be deemed to be, for industrial development as authorized by Article 8, section 8 of the Washington state Constitution.

This chapter shall be liberally construed to accomplish the intentions expressed in this section. [1975 c 6 § 1; 1973 c 132 § 2.]

1. "Municipality" shall mean any city, town, county, or port district in the state;

2. "Facility" or "facilities" shall mean any land, building, structure, machinery, system, fixture, appurtenance, equipment or any combination thereof, or any interest therein, and all real and personal properties deemed necessary in connection therewith whether or not now in existence, which is used or to be used by any person, corporation or municipality in furtherance of the purpose of abating, controlling or preventing pollution;

3. "Pollution" shall mean any form of environmental pollution, including but not limited to water pollution, air pollution, land pollution, solid waste disposal, thermal pollution, radiation contamination, or noise pollution;

4. "Governing body" shall mean the body or bodies in which the legislative powers of the municipality are vested;

5. "Mortgage" shall mean a mortgage or a mortgage and deed of trust or other security device; and

6. "Department" shall mean the state department of ecology. [1973 c 132 § 3.]

70.95A.030 Municipalities—Powers. In addition to any other powers which it may now have, each municipality shall have the following powers:

1. To acquire, whether by construction, purchase, devise, gift or lease, or any one or more of such methods, one or more facilities which shall be located within, or partially within the municipality;

2. To lease, sell or sell by installment sale, any or all of the facilities upon such terms and conditions as the governing body may deem advisable but which shall at least fully reimburse the municipality for all debt service on any bonds issued to finance the facilities and for all costs incurred by the municipality in financing and operating the facilities and as shall not conflict with the provisions of this chapter;

3. To issue revenue bonds for the purpose of defraying the cost of acquiring or improving any facility or facilities or refunding any bonds issued for such purpose and to secure the payment of such bonds as provided in this chapter. Revenue bonds may be issued in one or more series or issues where deemed advisable, and each such series or issue may have the same or different maturity dates, interest rates, priorities on revenues available for payment of such bonds and priorities on security available for assuring payment thereof, and such other differing terms and conditions as are deemed necessary and are not in conflict with the provisions of this chapter. [1973 c 132 § 4.]

70.95A.035 Actions by municipalities validated. All actions heretofore taken by any municipality in conformity with the provisions of this chapter and the provisions of this 1975 amendatory act hereby made applicable thereto relating to pollution control facilities, including but not limited to all bonds issued for such purposes, are hereby declared to be valid, legal and binding in all respects. [1975 c 6 § 4.]
70.95A.035 Title 70: Public Health and Safety

*Revise's note: 'this 1975 amendatory act' [1975 c 6] consists of amendments to RCW 70.95A.010 and 70.95A.040 and the enactment of RCW 53.08.040, 70.95A.035, 70.95A.045, 70.95A.912, 70.95A.940, and an uncodified section declaring an emergency and providing an effective date.

Port districts—Pollution control facilities or other industrial development—Validation—RCW 53.08.041.

70.95A.040 Municipalities—Revenue bonds for pollution control facilities—Authorized—Construction—Sale, conditions, form, terms. (1) All bonds issued by a municipality under the authority of this chapter shall be secured solely by revenues derived from the lease or sale of the facility. Bonds and interest coupons issued under the authority of this chapter shall not constitute nor give rise to a pecuniary liability of the municipality or a charge against its general credit or taxing powers. Such limitation shall be plainly stated upon the face of each of such bonds. The use of the municipality's name on revenue bonds authorized hereunder shall not be construed to be the giving or lending of the municipality's financial guarantee or pledge, i.e., credit to any private person, firm, or corporation as the term credit is used in Article 8, section 7 of the Washington state Constitution.

(2) The bonds referred to in subsection (1) of this section, may (a) be executed and delivered at any time and from time to time, (b) be in such form and denominations, (c) be of such tenor, (d) be in registered or bearer form either as to principal or interest or both, and may provide for conversion between registered and coupon bonds of varying denominations, (e) be payable in such installments and at such time or times not exceeding forty years from their date, (f) be payable at such place or places, (g) bear interest at such rate or rates as may be determined by the governing body, payable at such place or places within or without this state and evidenced in such manner, (h) be redeemable prior to maturity, with or without premium, and (i) contain such provisions not inconsistent herewith, as shall be deemed for the best interest of the municipality and provided for in the proceedings of the governing body whereunder the bonds shall be authorized to be issued.

(3) Any bonds issued under the authority of this chapter, may be sold at public or private sale in such manner and at such time or times as may be determined by the governing body to be most advantageous. The municipality may pay all expenses, premiums and commissions which the governing body may deem necessary or advantageous in connection with the authorization, sale and issuance thereof from the proceeds of the sale of said bonds or from the revenues of the facilities.

(4) All bonds issued under the authority of this chapter, and all interest coupons applicable thereto shall be investment securities within the meaning of the uniform commercial code and shall be deemed to be issued by a political subdivision of the state.

(5) The proceeds from any bonds issued under this chapter shall be used only for purposes qualifying under Section 103(c)(4)(f) of the Internal Revenue Code of 1954, as amended. [1975 c 6 § 3; 1973 c 132 § 5.]

Port districts—Pollution control facilities or other industrial development—Validation—RCW 53.08.041.

70.95A.045 Proceeds of bonds are separate trust funds—Municipal treasurer, compensation. The proceeds of any bonds heretofore or hereafter issued in conformity with the authority of this chapter, together with interest and premiums thereon, and any revenues used to pay or redeem any of such bonds, together with interest and any premiums thereon, shall be separate trust funds and used only for the purposes permitted herein and shall not be considered to be money of the municipality. The services of the treasurer of a municipality, if such treasurer is or has been used, were and are intended to be for the administrative convenience of receipt and payment of nonpublic moneys only for which reasonable compensation may be charged by such treasurer or municipality. [1975 c 6 § 2.]

Port districts—Pollution control facilities or other industrial development—Validation—RCW 53.08.041.

70.95A.050 Revenue bonds—Security—Scope—Default—Authorization proceedings. (1) The principal of and interest on any bonds issued under the authority of this chapter (a) shall be secured by a pledge of the revenues derived from the sale or lease of the facilities out of which such bonds shall be made payable, (b) may be secured by a mortgage covering all or any part of the facilities, (c) may be secured by a pledge or assignment of the lease of such facilities, or (d) may be secured by a trust agreement or such other security device as may be deemed most advantageous by the governing body.

(2) The proceedings under which the bonds are authorized to be issued under the provisions of this chapter, and any mortgage given to secure the same may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting (a) the fixing and collection of rents for any facilities covered by such proceedings or mortgage, (b) the terms to be incorporated in the lease of such facilities, (c) the maintenance and insurance of such facilities, (d) the creation and maintenance of special funds from the revenues of such facilities, and (e) the rights and remedies available in the event of a default to the bondholder or to the trustee under a mortgage or trust agreement, all as the governing body shall deem advisable and as shall not be in conflict with the provisions of this chapter: Provided, That in making any such agreements or provisions a municipality shall not have the power to obligate itself except with respect to the facilities and the application of the revenues therefrom, and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers.

(3) The proceedings authorizing any bonds under the provisions of this chapter and any mortgage securing such bonds may provide that, in the event of a default in the payment of the principal or of the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the
facilities in accordance with such proceedings or the provisions of such mortgage.

(4) Any mortgage made under the provisions of this chapter, to secure bonds issued thereunder, may also provide that, in the event of a default in the payment thereof or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed and the mortgaged property sold under proceedings in equity or in any other manner now or hereafter permitted by law. Such mortgage may also provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor. No breach of any such agreement shall impose any pecuniary liability upon a municipality or any charge upon their general credit or against their taxing powers.

(5) The proceedings authorizing the issuance of bonds hereunder may provide for the appointment of a trustee or trustees for the protection of the holders of the bonds, whether or not a mortgage is entered into as security for such bonds. Any such trustee may be a bank with trust powers or a trust company and shall be located in the United States, within or without the state of Washington, shall have the immunities, powers and duties provided in said proceedings, and may, to the extent permitted by such proceedings, hold and invest funds deposited with it in direct obligations of the United States, obligations guaranteed by the United States or certificates of deposit of a bank (including the trustee) which are continuously secured by such obligations of or guaranteed by the United States. Any bank acting as such trustee may, to the extent permitted by such proceedings, buy bonds issued hereunder to the same extent as if it were not such trustee. Said proceedings may provide for one or more co-trustees, and any co-trustee may be any competent individual over the age of twenty-one years or a bank having trust powers or a trust company and shall be located in the United States, within or without the state of Washington, shall have the immunities, powers and duties provided in said proceedings, and may, to the extent permitted by such proceedings, hold and invest funds deposited with it in direct obligations of the United States, obligations guaranteed by the United States or certificates of deposit of a bank (including the trustee) which are continuously secured by such obligations of or guaranteed by the United States. Any bank acting as such trustee may, to the extent permitted by such proceedings, buy bonds issued hereunder to the same extent as if it were not such trustee. Said proceedings may provide for one or more co-trustees, and any co-trustee may be any competent individual over the age of twenty-one years or a bank having trust powers or trust company within or without the state. The proceedings authorizing the bonds may provide that some or all of the proceeds of the sale of the bonds, the revenues of any facilities, the proceeds of the sale of any part of a facility, of any insurance policy or of any condemnation award be deposited with the trustee or a co-trustee and applied as provided in said proceedings. [1973 c 132 § 6.]

70.95A.060 Facilities—Leases authorized. Prior to the issuance of the bonds authorized by this chapter, the municipality may lease the facilities to a lessee or lessees under an agreement providing for payment to the municipality of such rentals as will be sufficient (a) to pay the principal of and interest on the bonds issued to finance the facilities, (b) to pay the taxes on the facilities, (c) to build up and maintain any reserves deemed by the governing body to be advisable in connection therewith, and (d) unless the agreement of lease obligates the lessees to pay for the maintenance and insurance of the facilities, to pay the costs of maintaining the facilities in good repair and keeping the same properly insured. Subject to the limitations of this chapter, the lease or extensions or modifications thereof may contain such other terms and conditions as may be mutually acceptable to the parties, and notwithstanding any other provisions of law relating to the sale of property owned by municipalities, such lease may contain an option for the lessees to purchase the facilities on such terms and conditions with or without consideration as may be mutually acceptable to the parties. [1973 c 132 § 7.]

70.95A.070 Facilities—Revenue bonds—Refunding provisions. Any bonds issued under the provisions of this chapter and at any time outstanding may at any time and from time to time be refunded by a municipality by the issuance of its refunding bonds in such amount as the governing body may deem necessary but not exceeding an amount sufficient to refund the principal of the bonds to be so refunded, together with any unpaid interest thereon and any premiums and commissions necessary to be paid in connection therewith: Provided, That an issue of refunding bonds may be combined with an issue of additional revenue bonds on any facilities. Any such refunding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by exchange of the refunding bonds for the bonds to be refunded thereby: Provided further, That the holders of any bonds to be so refunded shall not be compelled without their consent to surrender their bonds for payment or exchange except on the terms expressed on the face thereof. Any refunding bonds issued under the authority of this chapter shall be subject to the provisions contained in RCW 70.95A.040 and may be secured in accordance with the provisions of RCW 70.95A.050. [1973 c 132 § 8.]

70.95A.080 Revenue bonds—Disposition of proceeds. The proceeds from the sale of any bonds issued under authority of this chapter shall be applied only for the purpose for which the bonds were issued: Provided, That any accrued interest and premium received in any such sale shall be applied to the payment of the principal of or the interest on the bonds sold: And provided further, That if for any reason any portion of such proceeds shall not be needed for the purpose for which the bonds were issued, then such unneeded portion of said proceeds shall be applied to the payment of the principal of or the interest on said bonds. The cost of acquiring or improving any facilities shall be deemed to include the following: The actual cost of acquiring or improving real estate for any facilities; the actual cost of construction of all or any part of the facilities which may be constructed, including architects' and engineers' fees, all expenses in connection with the authorization, sale and issuance of the bonds to finance such acquisition or improvements; and the interest on such bonds for a reasonable time prior to construction, during construction, and for a time not exceeding six months after completion of construction. [1973 c 132 § 9.]

70.95A.090 Facilities—Sale or lease—Certain restrictions on municipalities not applicable. The facilities shall be constructed, reconstructed, and improved
and shall be leased, sold or otherwise disposed of in the manner determined by the governing body in its sole discretion and any requirement of competitive bidding, lease performance bonds or other restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of a municipality is not applicable to any action taken under authority of this chapter. [1973 c 132 § 10.]

**Title 70--p 118**

70.95A.100 Facilities—Department of ecology certification. Upon request by a municipality or by a user of the facilities the department of ecology may in relation to chapter 54, Laws of 1972 ex. sess. and this chapter issue its certificate stating that the facilities (1) as designed are in furtherance of the purpose of abating, controlling or preventing pollution, and/or (2) as designed or as operated meet state and local requirements for the control of pollution. This section shall not be construed as modifying the provisions of RCW 82.34.030; chapter 70.94 RCW; or chapter 90.48 RCW. [1973 c 132 § 11.]

70.95A.910 Construction—1973 c 132. Nothing in this chapter shall be construed as a restriction or limitation upon any powers which a municipality might otherwise have under any laws of this state, but shall be construed as cumulative. [1973 c 132 § 12.]

70.95A.912 Construction—1975 c 6. *This 1975 amendatory act shall be liberally construed to accomplish the intention expressed herein. [1975 c 6 § 6.]*

(b) Inpatient treatment;

(c) Intermediate treatment; and

(d) Outpatient and follow—up treatment.

(3) The department shall provide for adequate and appropriate treatment for alcoholics, persons incapacitated by alcohol, and intoxicated persons admitted under RCW 70.96A.110 through 70.96A.140. Treatment may not be provided at a jail or prison except for inmates.

 Uniform Alcoholism And Intoxication Treatment

70.96A.120 Treatment and services for intoxicated persons and persons incapacitated by alcohol. (1) An intoxicated person may come voluntarily to an approved treatment facility for treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he consents to the proffered help, may be assisted to his home, an approved treatment facility or other health facility.

(2) Except for a person who may be apprehended for possible violation of laws not relating to alcoholism or intoxication and except for a person who may be apprehended for possible violation of laws relating to driving or being in physical control of a vehicle while intoxicated and except for a person who may wish to avail himself of the provisions of RCW 46.20.308, a person who appears to be incapacitated by alcohol and who is in a public place or who has threatened, attempted, or inflicted physical harm on another, shall be taken into protective custody by the police or the emergency service patrol and as soon as practicable, but in no event beyond eight hours brought to an approved treatment facility for treatment. If no approved treatment facility is readily available he shall be taken to an emergency medical service customarily used for incapacitated persons. The police or the emergency service patrol, in detaining the person and in taking him to an approved treatment facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer or member of an emergency patrol may take reasonable steps including reasonable force if necessary to protect himself. A taking into protective custody under this section is not an arrest. No entry or search shall be made nor indication that the person has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved treatment facility shall be examined by a qualified person. He may then be admitted as a patient, unless a petition is filed under RCW 70.96A.140, as now or hereafter amended. A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(4) A person who is found to be incapacitated by alcohol at the time of his admission or to have become incapacitated at any time after his admission, may not be detained at the facility (a) once he is no longer incapacitated by alcohol, and (b) if he remains incapacitated by alcohol for more than forty-eight hours after admission as a patient, unless a petition is filed under RCW 70.96A.140, as now or hereafter amended. A person who may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved treatment facility, is not referred to another health facility, and has no funds, may be taken to his home, if any. If he has no home, the approved treatment facility shall assist him in obtaining shelter.
(6) If a patient is admitted to an approved treatment facility, his family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his request shall be respected.

(7) The police or members of the emergency service, who in good faith act in compliance with this chapter are performing in the course of their official duty and are not criminally or civilly liable therefor.

(8) If the person in charge of the approved treatment facility determines it is for the patient’s benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment. [1974 ex.s. c 175 § 1; 1972 ex.s. c 122 § 12.]

70.96A.140 Involuntary commitment of alcoholics.

(1) When the person in charge of a treatment facility, or his designee, receives information alleging that a person is incapacitated as a result of alcoholism, the person in charge, or his designee, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court. The petition shall allege that the person is an alcoholic who is incapacitated by alcohol, or that the person is an alcoholic who has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within two days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the physician’s findings in support of the allegations of the petition. A physician employed by the petitioning facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than five and no more than ten days after the date the petition was filed unless the person petitioned against is presently being detained by the facility, pursuant to RCW 70.96A.120, as now or hereafter amended, in which case the hearing shall be held within forty-eight hours of the filing of the petition: Provided, however, That the above specified forty-eight hours shall be computed by including Saturdays but excluding Sundays and holidays: Provided further, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the treatment facility on the person whose commitment is sought, his next of kin, a parent or his legal guardian if he is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person shall be present unless the court believes that his presence is likely to be injurious to him; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he shall be given an opportunity to be examined by a court appointed licensed physician. If he refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment facility. It shall not order commitment of a person unless it determines that an approved treatment facility is able to provide adequate and appropriate treatment for him and the treatment is likely to be beneficial.

(5) A person committed under this section shall remain in the facility for treatment for a period of thirty days unless sooner discharged. At the end of the thirty day period, he shall be discharged automatically unless the facility, before expiration of the period, files a petition for his recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) of this section who has not been discharged by the facility before the end of the ninety day period shall be discharged at the expiration of that period unless the facility, before expiration of the period, obtains a court order on the grounds set forth in subsection (1) of this section for recommitment for a further period not to exceed ninety days. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommitment if after examination it is determined that the likelihood still exists. Only two recommitment orders under subsections (5) and (6) of this section are permitted.

(7) Upon the filing of a petition for recommitment under subsections (5) or (6) of this section, the court shall fix a date for hearing no less than five and no more than ten days after the date the petition was filed: Provided, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment facility, pursuant to RCW 70.96A.120, as now or hereafter amended, in which case the hearing shall be held within forty-eight hours of the filing of the petition.
facility on the person whose commitment is sought, his next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his parents or his legal guardian if he is a minor, and his attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(8) The facility shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment facility to another if transfer is medically advisable.

(9) A person committed to the custody of a facility for treatment shall be discharged at any time before the end of the period for which he has been committed and he shall be discharged by order of the court if either of the following conditions are met:

(a) In case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon another, that he is no longer an alcoholic or the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of an alcoholic committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(10) The court shall inform the person whose commitment or recommitment is sought of his right to contest the application, be represented by counsel at every stage of any proceedings relating to his commitment and recommitment, and have counsel appointed by the court or provided by the court, if he wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him regardless of his wishes. The person shall, if he is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his right to be examined by a licensed physician of his choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(11) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(12) The venue for proceedings under this section is the place in which person to be committed resides or is present. [1974 ex.s. c 175 § 2; 1972 ex.s. c 122 § 14.]

(2) Notwithstanding subsection (1) of this section, the secretary may receive information from patients' records for purposes of research into the causes and treatment of alcoholism, and the evaluation of alcoholism and treatment programs. Information under this subsection shall not be published in a way that discloses patients' names or otherwise discloses their identities. [1972 ex.s. c 122 § 15.]

70.96A.160 Visitation and communication with patients. (1) Subject to reasonable rules regarding hours of visitation which the secretary may adopt, patients in any approved treatment facility shall be granted opportunities for adequate consultation with counsel, and for continuing contact with family and friends consistent with an effective treatment program.

(2) Neither mail nor other communication to or from a patient in any approved treatment facility may be intercepted, read, or censored. The secretary may adopt reasonable rules regarding the use of telephone by patients in approved treatment facilities. [1972 ex.s. c 122 § 16.]

70.96A.170 Emergency service patrol—Establishment—Rules. (1) The state and counties, cities and other municipalities may establish or contract for emergency service patrols which are to be under the administration of the appropriate jurisdiction. A patrol consists of persons trained to give assistance in the streets and in other public places to persons who are intoxicated. Members of an emergency service patrol shall be capable of providing first aid in emergency situations and may transport intoxicated persons to their homes and to and from treatment facilities.

(2) The secretary shall adopt rules pursuant to chapter 34.04 RCW for the establishment, training, and conduct of emergency service patrols. [1972 ex.s. c 122 § 17.]

70.96A.180 Payment for treatment—Financial ability of patients. (1) If treatment is provided by an approved treatment facility or emergency treatment is provided by a facility under RCW 70.96A.080(2)(a), and the patient has not paid or is unable to pay the charge therefor, the facility is entitled to any payment (a) received by the patient or to which he may be entitled because of the services rendered, and (b) from any public or private source available to the facility because of the treatment provided to the patient.

(2) A patient in a facility, or the estate of the patient, or a person obligated to provide for the cost of treatment and having sufficient financial ability, is liable to the facility for cost of maintenance and treatment of the patient therein in accordance with rates established.

(3) The secretary shall adopt rules governing financial ability that take into consideration the income, savings and other personal and real property of the person required to pay, and any support being furnished by him to any person he is required by law to support. [1972 ex.s. c 122 § 18.]

70.96A.190 Criminal laws limitations. (1) No county, municipality, or other political subdivision may adopt or enforce a local law, ordinance, resolution, or rule having the force of law that includes drinking, being a common drunkard, or being found in an intoxicated condition as
one of the elements of the offense giving rise to a criminal or civil penalty or sanction.

(2) No county, municipality, or other political subdivision may interpret or apply any law of general application to circumvent the provision of subsection (1) of this section.

(3) Nothing in this chapter affects any law, ordinance, resolution, or rule against drunken driving, driving under the influence of alcohol, or other similar offense involving the operation of a vehicle, aircraft, boat, machinery, or other equipment, or regarding the sale, purchase, dispensing, possessing, or use of alcoholic beverages at stated times and places or by a particular class of persons; nor shall evidence of intoxication affect, other than as a defense, the application of any law, ordinance, resolution, or rule to conduct otherwise establishing the elements of an offense. 70.98.080 Rules and regulations.—Licensing requirements and procedure.—Registration of sources of ionizing radiation.—Exemptions from registration or licensing. (1) The agency shall provide by rule or regulation for general or specific licensing of byproduct, source, special nuclear materials, or devices or equipment utilizing such materials, or other radioactive material occurring naturally or produced artificially. Such rule or regulation shall provide for amendment, suspension, or revocation of licenses. Such rule or regulation shall provide that:

(a) Each application for a specific license shall be in writing and shall state such information as the agency, by rule or regulation, may determine to be necessary to decide the technical, insurance, and financial qualifications, or any other qualification of the applicant as the agency may deem reasonable and necessary to protect the occupational and public health and safety. The agency may at any time after the filing of the application, and before the expiration of the license, require further written statements and shall make such inspections as the agency deems necessary in order to determine whether the license should be granted or denied or whether the license should be modified, suspended, or revoked. In no event shall the agency grant a specific license to any applicant who has never possessed a specific license issued by a recognized state or federal authority until the agency has conducted an inspection which insures that the applicant can meet the rules, regulations and standards adopted pursuant to this chapter. All applications and statements shall be signed by the applicant or licensee. The agency may require any applications or statements to be made under oath or affirmation;

(b) Each license shall be in such form and contain such terms and conditions as the agency may by rule or regulation prescribe;

(c) No license issued under the authority of this chapter and no right to possess or utilize sources of ionizing radiation granted by any license shall be assigned or in any manner disposed of; and

(d) The terms and conditions of all licenses shall be subject to amendment, revision, or modification by rules, regulations or orders issued in accordance with the provisions of this chapter.

(2) The agency may require registration of all sources of ionizing radiation.
(3) The agency may exempt certain sources of ionizing radiation or kinds of uses or users from the registration or licensing requirements set forth in this section when the agency makes a finding after approval of the technical advisory board that the exemption of such sources of ionizing radiation or kinds of uses or users will not constitute a significant risk to the health and safety of the public.

(4) In promulgating rules and regulations pursuant to this chapter the agency shall, in so far as practical, strive to avoid requiring dual licensing, and shall provide for such recognition of other state or federal licenses as the agency shall deem desirable, subject to such registration requirements as the agency may prescribe. [1965 c 88 § 5; 1961 c 207 § 8.]

70.98.090 Inspection. (1) The agency shall require each person who possesses or uses a source of ionizing radiation to maintain necessary records relating to its receipt, use, storage, transfer, or disposal and such other records as the agency may require which will permit the determination of the extent of occupational and public exposure from the radiation source. Copies of these records shall be submitted to the agency on request. These requirements are subject to such exemptions as may be provided by rules.

(2) The agency may by rule and regulation establish standards requiring that personnel monitoring be provided for any employee potentially exposed to ionizing radiation and may provide for the reporting to any employee of his radiation exposure record. [1961 c 207 § 10.]

70.98.110 Federal-state agreements—Authorized—Effect as to federal licenses. (2) Any person who, on the effective date of an agreement under subsection (1) above, possesses a license issued by the federal government shall be deemed to possess the same pursuant to a license issued under this chapter which shall expire either ninety days after the receipt from the state radiation control agency of a notice of expiration of such license or on the date of expiration specified in the federal license, whichever is earlier. [1965 c 88 § 6; 1961 c 207 § 11.]

70.98.120 Inspection agreements and training programs. (2) The state department of social and health services shall, by rule and regulation adopted pursuant to the Administrative Procedure Act, chapter 34.04 RCW, as it now exists or is hereafter amended, and, in any event, with due notice and a hearing for the adoption of permanent rules, establish procedures for the prevention of any recurrence of poisoning and the department shall immediately notify the department of agriculture and other appropriate agencies of the results of its investigation for such action as the department of agriculture or such other agencies deem appropriate. The notification of such investigations and their results may include recommendations for further action by the appropriate department or agency. [1971 ex.s. c 41 § 3.]

70.104.040 Pesticide emergencies—Authority of department of agriculture not infringed upon. shall have all power and authority to accomplish those things necessary to carry out such order. Any expenses incurred by the department of social and health services as a result of intentional failure of any individual to obey its lawful orders shall be charged as a debt against such individual.

(3) In any case where the department of social and health services has assumed control of property pursuant to this chapter, such property shall not be reoccupied or used until such time as written notification of its release for use is received from the secretary of the department of social and health services or his designee. Such action shall take into consideration the economic hardship, if any, caused by having the department assume control of property, and release shall be accomplished as expeditiously as possible. Nothing in this chapter shall prevent a farmer from continuing to process his crops and/or animals provided that it does not endanger the public health.

(4) The department shall recognize the pesticide industry's responsibility and active role in minimizing the effect of pesticide emergencies and shall provide for maximum utilization of these services.

70.106.020 Short title. This chapter shall be cited as the Washington Poison Prevention Act of 1974. [1974 ex.s. c 49 § 2.]

70.106.030 Definitions—Construction. The definitions in RCW 70.106.040 through 70.106.090 unless the context otherwise requires shall govern the construction of this chapter. [1974 ex.s. c 49 § 3.]

70.106.040 "Director" defined. "Director" means the director of the department of agriculture of the state of Washington, or his duly authorized representative. [1974 ex.s. c 49 § 4.]

70.106.050 "Sale" defined. "Sale" means to sell, offer for sale, hold for sale, handle or use as an inducement in the promotion of a household substance or the sale of another article or product. [1974 ex.s. c 49 § 5.]

70.106.060 "Household substance" defined. "Household substance" means any substance which is customarily produced or distributed for sale for consumption or use, or customarily stored, by individuals in or about the household and which is:

1. A "hazardous substance", which means (a) any substance or mixture of substances or product which (i) is toxic, (ii) is corrosive, (iii) is an irritant, (iv) is a strong sensitizer, (v) is flammable or combustible, or (vi) generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable ingestion by children; (b) any substances which the director by regulation finds to meet the requirements of subsection (1)(a) of this section; (c) any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the director determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health, safety or welfare; and (d) any toy or other article intended for use by children which the director by regulation determines presents an electrical, mechanical or thermal hazard.

2. A pesticide as defined in the Washington Pesticide Control Act, chapter 15.58 RCW as now or hereafter amended;

3. A food, drug, or cosmetic as those terms are defined in the Uniform Washington Food, Drug and Cosmetic Act, chapter 69.04 RCW as now or hereafter amended;

4. A substance intended for use as fuel when stored in portable containers and used in the heating, cooking, or refrigeration system of a house; or

5. Any other substance which the director may declare to be a household substance subsequent to a hearing as provided for under the provisions of chapter 34.04 RCW, Administrative Procedure Act, for the adoption of rules. [1974 ex.s. c 49 § 6.]

70.106.070 "Package" defined. "Package" means the immediate container or wrapping in which any household substance is contained for consumption, use, or storage by individuals in or about the household, and, for purposes of RCW 70.106.110(1)(b), also means any outer container or wrapping used in the retail display of any such substance to consumers. Such term does not include:

1. Any shipping container or wrapping used solely for the transportation of any household substance in bulk or in quantity to manufacturers, packers, or processors, or to wholesale or retail distributors thereof; or

2. Any shipping container or outer wrapping used by retailers to ship or deliver any household substance to consumers unless it is the only such container or wrapping. [1974 ex.s. c 49 § 7.]

70.106.080 "Special packaging" defined. "Special packaging" means packaging that is designed or constructed to be significantly difficult for children under five years of age to open or obtain a toxic or harmful amount of the substance contained therein within a reasonable time and not difficult for normal adults to use properly, but does not mean packaging which all such children cannot open or obtain a toxic or harmful amount within a reasonable time. [1974 ex.s. c 49 § 8.]

70.106.090 "Labeling" defined. "Labeling" means all labels and other written, printed, or graphic matter upon any household substance or its package, or accompanying such substance. [1974 ex.s. c 49 § 9.]

70.106.100 Standards for packaging. (1) The director may establish in accordance with the provisions of this chapter, by regulation, standards for the special packaging of any household substance if he finds that:

a. The degree or nature of the hazard to children in the availability of such substance, by reason of its packaging is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using or ingesting such substance; and

b. The special packaging to be required by such standard is technically feasible, practicable, and appropriate for such substance.

(2) In establishing a standard under this section, the director shall consider:

a. The reasonableness of such standard;

b. Available scientific, medical, and engineering data concerning special packaging and concerning childhood accidental ingestions, illness, and injury caused by household substances;

c. The manufacturing practices of industries affected by this chapter; and

d. The nature and use of the household substance.

(3) In carrying out the provisions of this chapter, the director shall publish his findings, his reasons therefor, and citation of the sections of statutes which authorize his action.
(4) Nothing in this chapter authorizes the director to prescribe specific packaging designs, product content, package quantity, or, with the exception of authority granted in RCW 70.106.110(1)(b), labeling. In the case of a household substance for which special packaging is required pursuant to a regulation under this section, the director may in such regulation prohibit the packaging of such substance in packages which he determines are unnecessarily attractive to children.

(5) The director shall cause the regulations promulgated under this chapter to conform with the requirements or exemptions of the Federal Hazardous Substances Act and with the regulations or interpretations promulgated pursuant thereto. [1974 ex.s. c 49 § 10.]

70.106.110 Exceptions from packaging standards.
(1) For the purpose of making any household substance which is subject to a standard established under RCW 70.106.100 readily available to elderly or handicapped persons unable to use such substance when packaged in compliance with such standard, the manufacturer or packer, as the case may be, may package any household substance, subject to such a standard, in packaging of a single size which does not comply with such standard if:
   (a) The manufacturer or packer also supplies such substance in packages which comply with such standard; and
   (b) The packages of such substance which do not meet such standard bear conspicuous labeling stating: "This package for households without young children"); except that the director may by regulation prescribe a substitute statement to the same effect for packaging too small to accommodate such labeling.

(2) In the case of a household substance which is subject to such a standard and which is dispensed pursuant to an order of a physician, dentist, or other licensed medical practitioner authorized to prescribe, such substance may be dispensed in noncomplying packages only when directed in such order or when requested by the purchaser.

(3) In the case of a household substance subject to such a standard which is packaged under subsection (1) of this section in a noncomplying package, if the director determines that such substance is not also being supplied by a manufacturer or packer in popular size packages which comply with such standard, he may, after giving the manufacturer or packer an opportunity to comply with the purposes of this chapter, by order require such substance to be packaged by such manufacturer or packer exclusively in special packaging complying with such standard if he finds, after opportunity for hearing, that such exclusive use of special packaging is necessary to accomplish the purposes of this chapter. [1974 ex.s. c 49 § 11.]

70.106.120 Adoption of rules and regulations under federal poison prevention packaging act. One of the purposes of this chapter is to promote uniformity with the Poison Prevention Packaging Act of 1970 and rules and regulations adopted thereunder. In accordance with such declared purpose, all of the special packaging rules and regulations adopted under the Poison Prevention Packaging Act of 1970 (84 Stat. 1670; 7 U.S.C. Sec. 135; 15 U.S.C. In addition, any rule or regulation adopted hereafter under said Federal Poison Prevention Packaging Act of 1970 concerning special packaging and published in the federal register shall be deemed to have been adopted under the provisions of this chapter. The director may, however, within thirty days of the publication of the adoption of any such rule or regulation under the Federal Poison Prevention Packaging Act of 1970, give public notice that a hearing will be held to determine if such regulations shall not be applicable under the provisions of this chapter. Such hearing shall be conducted in accord with the provisions of chapter 34.04 RCW, Administrative Procedure Act, as now enacted or hereafter amended. [1974 ex.s. c 49 § 12.]

70.106.130 Technical advisory committee. the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the act and the applicability thereof to other persons and circumstances shall not be affected thereby. [1974 ex.s. c 49 § 14.]

70.106.905 Saving—1974 ex.s. c 49. The enactment of this 1974 act shall not have the effect of terminating, or in any way modifying any liability, civil or criminal, which shall already be in existence on July 24, 1974. [1974 ex.s. c 49 § 15.]

NOISE CONTROL

Sections
70.107.010 Purpose.
70.107.020 Definitions.
70.107.030 Powers and duties of department.
70.107.040 Technical advisory committee.
70.107.050 Civil penalties.
70.107.060 Other rights, remedies, powers, duties and functions—Local control—Approval—Procedure.
70.107.070 Rules relating to motor vehicles—Violations—Penalty.
70.107.080 Exemptions.
70.107.090 Construction—Severability—1974 ex.s. c 183.
70.107.910 Short title.

70.107.010 Purpose. The legislature finds that inadequately controlled noise adversely affects the health, safety and welfare of the people, the value of property, and the quality of the environment. Antinoise measures of the past have not adequately protected against the invasion of these interests by noise. There is a need, therefore, for an expansion of efforts state-wide directed toward the abatement and control of noise, considering the social and economic impact upon the community and the state. The purpose of this chapter is to provide authority for such an expansion of efforts, supplementing existing programs in the field. [1974 ex.s. c 183 § 1.]

70.107.020 Definitions. As used in this chapter, unless the context clearly indicates otherwise:
(1) "Department" means the department of ecology.
(2) "Director" means director of the department of ecology.
(3) "Local government" means county or city government or any combination of the two.
(4) "Noise" means the intensity, duration and character of sounds from any and all sources.
(5) "Person" means any individual, corporation, partnership, association, governmental body, state, or other entity whatsoever. [1974 ex.s. c 183 § 2.]

70.107.030 Powers and duties of department. The department is empowered as follows:
(1) The department, after consultation with state agencies expressing an interest therein, shall adopt, by rule, maximum noise levels permissible in identified environments in order to protect against adverse affects of noise on the health, safety and welfare of the people, the value of property, and the quality of environment: Provided, That in so doing the department shall take also into account the economic and practical benefits to be derived from the use of various products in each such environment, whether the source of the noise or the use of such products in each environment is permanent or temporary in nature, and the state of technology relative to the control of noise generated by all such sources of the noise or the products.
(2) At any time after the adoption of maximum noise levels under subsection (1) of this section the department shall, in consultation with state agencies and local governments expressing an interest therein, adopt rules, consistent with the Federal Noise Control Act of 1972 (86 Stat. 1234; 42 U.S.C. Sec. 4901-4918 and 49 U.S.C. Sec. 1431), for noise abatement and control in the state designed to achieve compliance with the noise level adopted in subsection (1) of this section, including reasonable implementation schedules where appropriate, to insure that the maximum noise levels are not exceeded and that application of the best practicable noise control technology and practice is provided. These rules may include, but shall not be limited to:
(a) Performance standards setting allowable noise limits for the operation of products which produce noise;
(b) Use standards regulating, as to time and place, the operation of individual products which produce noise above specified levels considering frequency spectrum and duration: Provided, The rules shall provide for temporarily exceeding those standards for stated purposes; and
(c) Public information requirements dealing with disclosure of levels and characteristics of noise produced by products.
(3) The department may, as desirable in the performance of its duties under this chapter, conduct surveys, studies and public education programs, and enter into contracts.
(4) The department is authorized to apply for and accept moneys from the federal government and other sources to assist in the implementation of this chapter.
(5) The legislature recognizes that the operation of motor vehicles on public highways as defined in RCW 46.09.020 contributes significantly to environmental noise levels and directs the department, in exercising the rule-making authority under the provisions of this section, to give first priority to the adoption of motor vehicle noise performance standards.
(6) Noise levels and rules adopted by the department pursuant to this chapter shall not be effective prior to March 31, 1975. [1974 ex.s. c 183 § 3.]

70.107.040 Technical advisory committee. The director shall name a technical advisory committee to assist the department in the implementation of this chapter. Committee members shall be entitled to reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060, as now existing or hereafter amended. [1975-76 2nd ex.s. c 34 § 164; 1974 ex.s. c 183 § 4.]
70.107.050 Civil penalties. (1) Any person who violates any rule adopted by the department under this chapter shall be subject to a civil penalty not to exceed one hundred dollars. All violations of this chapter shall be administered pursuant to the provisions of chapter 34.04 RCW, the state administrative procedure act.

Penalties shall become due and payable thirty days from the date of receipt of a notice of penalty unless within such time said notice is appealed to the pollution control hearings board pursuant to the provisions of chapter 43.21B RCW and procedural rules adopted thereunder. In cases in which appeals are timely filed, penalties sustained by the pollution control hearings board shall become due and payable on the issuance of said board's final order in the appeal.

(2) Whenever penalties incurred pursuant to this section have become due and payable but remain unpaid, the attorney general shall, upon request of the director, bring an action in the name of the state of Washington, in the superior court of Thurston county or in the county in which the violation occurred for recovery of penalties incurred. In all such actions the procedures and rules of evidence shall be the same as in any other civil action. All penalties recovered under this section shall be paid into state treasury and credited to the general fund. [1974 ex.s. c 183 § 5.]

70.107.060 Other rights, remedies, powers, duties and functions—Local control—Approval—Procedure. (1) Nothing in this chapter shall be construed to deny, abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(2) Nothing in this chapter shall deny, abridge or alter any powers, duties and functions relating to noise abatement and control now or hereafter vested in any state agency, nor shall this chapter be construed as granting jurisdiction over the industrial safety and health of employees in work places of the state, as now or hereafter vested in the department of labor and industries.

(3) No local government shall adopt resolutions, ordinances, rules or regulations concerned with the control of noise which shall be effective prior to adoption of maximum noise levels and the rules adopted by the department pursuant to this chapter or January 31, 1975, whichever occurs sooner. Such resolutions, ordinances, rules, or regulations must be consistent with RCW 70.107.060(4).

(4) Standards and other control measures adopted by the department under this chapter shall be exclusive except as hereinafter provided. A local government may impose limits or control sources differing from those adopted or controlled by the department upon a finding that such requirements are necessitated by special conditions. No such noise limiting requirements of local government shall be valid unless first approved by the department. If disapproved the local government may appeal the decision to the pollution control hearings board which shall decide the appeal on the basis of the provisions of this chapter, and the applicable regulations, together with such briefs, testimony, and oral argument as the hearings board in its discretion may require. In the determination of whether to grant any such approval, the department shall give consideration to the reasonableness and practicability of compliance with particular attention to the situation of stationary sources, the noise producing operations of which are conducted at or near jurisdictional boundaries.

(5) In carrying out the rule-making authority provided in this chapter, the department shall follow the procedures of the administrative procedure act, chapter 34.04 RCW, and shall take care that no rules adopted purport to exercise any powers preempted by the United States under federal law. [1974 ex.s. c 183 § 6.]

70.107.070 Rules relating to motor vehicles—Violations—Penalty. Any rule adopted under this chapter relating to the operation of motor vehicles on public highways shall be administered according to testing and inspection procedures adopted by rule by the state commission on equipment. Violation of any motor vehicle performance standard adopted pursuant to this chapter shall be a misdemeanor, enforced by such authorities and in such manner as violations of chapter 46.37 RCW. Violations subject to the provisions of this section shall be exempt from the provisions of RCW 70.107.050. [1974 ex.s. c 183 § 7.]

70.107.080 Exemptions. The department shall, in the exercise of rule-making power under this chapter, provide exemptions or specially limited regulations relating to recreational shooting and emergency or law enforcement equipment where appropriate in the interests of public safety.

The department in the development of rules under this chapter, shall consult and take into consideration the land use policies and programs of local government. [1974 ex.s. c 183 § 8.]

70.107.090 Construction—Severability—1974 ex.s. c 183. (1) This chapter shall be liberally construed to carry out its broad purposes.

(2) If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 183 § 11.]

70.107.100 Short title. This chapter shall be known and may be cited as the "Noise Control Act of 1974". [1974 ex.s. c 183 § 12.]

The mental health professional shall also designate, at the time of the summons, from a list provided by the court, an attorney who will be appointed, if any is to be appointed, and state the name, business address, and telephone number of this attorney in the summons.

(b) The summons shall state a date and time to appear not less than twenty-four hours after the service of the summons. The summons shall state the address of the evaluation and treatment facility to which such person is to report and the business address and phone number of the mental health professional designated by the county. The summons shall state that if the person named in the summons fails to appear at the evaluation and treatment facility at or before the date and time stated in the summons, such person may be involuntarily taken into custody. Accompanying the summons to such person shall be a copy of the petition for initial detention and a notice of rights.

(c) If such mental health professional decides to summon such person for up to a seventy-two hour evaluation and treatment period, the mental health professional must file in court the summons, the petition for initial detention, and all documentary evidence. The mental health professional shall then serve or cause to be served on such person, his guardian, and conservator, if any, a copy of the summons together with a notice of rights and a petition for initial detention. After service on such person the mental health professional shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility and the designated attorney. The mental health professional shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time specified on the summons if such person is not released prior to the expiration of such period.

(d) If the person summoned appears on or before the date and time specified, the evaluation and treatment facility may admit such person as required by RCW 71.05.170 or may provide treatment on an outpatient basis. If the person summoned fails to appear on or before the date and time specified, the evaluation and treatment facility shall immediately notify the mental health professional designated by the county who may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility. Should the mental health professional notify a peace officer authorizing him to take a person into custody under the provisions of this subsection, he shall file with the court a copy of such authorization and a notice of detention. At the time such person is taken into custody there shall commence to be served on such person, his guardian, and conservator, if any, a copy of the original summons together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) When a mental health professional designated by the county receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm to himself or others, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the mental health professional may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(3) A peace officer may take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility pursuant to subsection (1)(d) of this section.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause such person to be taken into custody and immediately delivered to an evaluation and treatment facility:

(a) Only pursuant to subsections (1)(d) and (2) of this section; or

(b) When he has reasonable cause to believe that such person is suffering from a mental disorder and presents an imminent likelihood of serious harm to others or himself.

(5) Persons delivered to evaluation and treatment facilities by peace officers pursuant to subsection (4)(b) of this section may be held by the facility for a period of up to twelve hours: Provided, That they are examined by a mental health professional within three hours of their arrival. Within twelve hours of their arrival, the designated county mental health professional must file a supplemental petition for detention, and commence service on the designated attorney for the detained person. [1975 1st ex.s. c 199 § 3; 1974 ex.s. c 145 § 8; 1973 1st ex.s. c 142 § 20.]
71.05.160  Petition for initial detention. Any facility receiving a person pursuant to RCW 71.05.150 shall require a petition for initial detention stating the circumstances under which the person's condition was made known and stating that such officer or person has evidence, as a result of his personal observation or investigation, that the actions of the person for which application is made constitute a likelihood of serious harm to himself or others, or that he is gravely disabled, and stating the specific facts known to him as a result of his personal observation or investigation, upon which he bases the belief that such person should be detained for the purposes and under the authority of this chapter.

If a person is involuntarily placed in an evaluation and treatment facility pursuant to RCW 71.05.150, on the next judicial day following the initial detention, the mental health professional designated by the county shall file with the court and serve the designated attorney of the detained person the petition or supplemental petition for initial detention, proof of service of notice, and a copy of a notice of emergency detention. [1974 ex.s. c 145 § 9; 1973 1st ex.s. c 142 § 21.]

71.05.170  Acceptance of petition—Notice. Whenever the designated county mental health professional petitions for detention of a person whose actions constitute a likelihood of serious harm to himself or others, or who is gravely disabled, the facility providing seventy-two hour evaluation and treatment must immediately accept on a provisional basis the petition and the person. The facility shall then evaluate the person's condition and admit or release such person in accordance with RCW 71.05.210. The facility shall notify in writing the court and the designated county mental health professional of the date and time of the initial detention of each person involuntarily detained in order that a probable cause hearing shall be held no later than seventy-two hours after detention. [1974 ex.s. c 145 § 10; 1973 1st ex.s. c 142 § 22.]

71.05.180  Detention period for evaluation and treatment. If the evaluation and treatment facility admits the person, it may detain him for evaluation and treatment for a period not to exceed seventy-two hours. The computation of such seventy-two hour period shall include Saturdays, but exclude Sundays and holidays. [1974 ex.s. c 145 § 11; 1973 1st ex.s. c 142 § 23.]

71.05.190  Persons not admitted—Transportation. If the person is not approved for admission by a facility providing seventy-two hour evaluation and treatment, and the individual has not been arrested, the facility shall furnish transportation, if not otherwise available, for the person to his place of residence or other appropriate place. [1974 ex.s. c 145 § 12; 1973 1st ex.s. c 142 § 24.]

71.05.200  Notice and statement of rights—Probable cause hearing. (1) Whenever any person is detained for evaluation and treatment pursuant to this chapter, both he and, if possible, a responsible member of his immediate family, guardian, or conservator, if any, shall be advised as soon as possible in writing or orally, by the officer or person taking him into custody or by personnel of the evaluation and treatment facility where he is detained that unless he is released or voluntarily admits himself for treatment within seventy-two hours of the initial detention:

(a) That a judicial hearing in a superior court, either by a judge or court commissioner thereof, shall be held not more than seventy-two hours after the initial detention to determine whether there is probable cause to detain him after the seventy-two hours have expired for up to an additional fourteen days without further automatic hearing for the reason that he is a mentally ill person whose mental disorder presents a likelihood of serious harm to others or himself or that he is gravely disabled;

(b) That he has a right to communicate immediately with an attorney; he has a right to have an attorney appointed to represent him before and at the probable cause hearing if he is indigent; and he has the right to be told the name and address of the attorney the mental health professional has designated pursuant to this chapter;

(c) That he has the right to remain silent and that any statement he makes may be used against him;

(d) That he has the right to present evidence and to cross-examine witnesses who testify against him at the probable cause hearing; and

(e) That he has the right to refuse medication beginning twenty-four hours prior to the probable cause hearing.

(2) When proceedings are initiated under RCW 71.05.150 (2), (3), or (4)(b), no later than twelve hours after such person is admitted to the evaluation and treatment facility the personnel of the evaluation and treatment facility or the designated mental health professional shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on said designated attorney.

(3) The judicial hearing described in subsection (1) of this section is hereby authorized, and shall be held according to the provisions of subsection (1) of this section and rules promulgated by the supreme court. [1974 ex.s. c 145 § 13; 1973 1st ex.s. c 142 § 25.]

71.05.210  Evaluation—Treatment and care—Release or other disposition. Each person involuntarily admitted to an evaluation and treatment facility shall, within twenty-four hours of his admission, be examined and evaluated by a licensed physician and a mental health professional as defined in this chapter, and shall receive such treatment and care as his condition requires including treatment on an outpatient basis for the period that he is detained, except that, beginning twenty-four hours prior to a court proceeding, the individual may refuse all but emergency life-saving treatment, and the individual shall be informed at an appropriate time of his right to such refusal of treatment. Such person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his
professional designee, the person presents a likelihood of serious harm to himself or others, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

An evaluation and treatment center admitting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated county mental health professional and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days. [1975 1st ex.s. c 199 § 4; 1974 ex.s. c 145 § 14; 1973 1st ex.s. c 142 § 26.]

71.05.220 Property of committed person. At the time a person is involuntarily admitted to an evaluation and treatment facility, the professional person in charge or his designee shall take reasonable precautions to inventory and safeguard the personal property of the person detained. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detainee. For purposes of this section, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without the consent of the patient or order of the court. [1973 1st ex.s. c 142 § 27.]

71.05.230 Procedures for additional treatment. A person detained for seventy-two hour evaluation and treatment may be detained for not more than fourteen additional days of either involuntary intensive treatment or of a less restrictive alternative to involuntary intensive treatment if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that said condition is caused by mental disorder and either results in a likelihood of serious harm to the person detained or to others, or results in the detained person being gravely disabled and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he has not in good faith volunteered; and

(3) The facility providing intensive treatment is certified to provide such treatment by the department of social and health services; and

(4) The professional staff of the agency or facility or the mental health professional designated by the county has filed a petition for fourteen day involuntary detention or a less restrictive alternative with the court. The petition must be signed either by two physicians or by one physician and a mental health professional who have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled and shall set forth the less restrictive alternative proposed by the facility; and

(5) A copy of the petition has been served on the detained person, his attorney and his guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The court has ordered a fourteen day involuntary treatment after a probable cause hearing has been held pursuant to RCW 71.05.240. [1975 1st ex.s. c 199 § 5; 1974 ex.s. c 145 § 15; 1973 1st ex.s. c 142 § 28.]

71.05.240 Probable cause hearing. If a petition is filed for fourteen day involuntary treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person. If requested by the detained person or his attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department of social and health services. If the court finds that such person, as the result of a mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment for not to exceed fourteen days.

The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310 [1974 ex.s. c 145 § 16; 1973 1st ex.s. c 142 § 29.]

71.05.250 Probable cause hearing—Detained person's rights—Waiver of physician—patient privilege—Records as evidence. At the probable cause
hearing the detained person shall have the following rights in addition to the rights previously specified:

1. To present evidence on his behalf;
2. To cross-examine witnesses who testify against him;
3. To be proceeded against by the rules of evidence;
4. To remain silent;
5. To view and copy all petitions and reports in the court file.

The physician–patient privilege shall be deemed waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that it is unreasonable for the petitioner seeking fourteen-day involuntary treatment to obtain a sufficient evaluation of the detained person by a psychiatrist or psychologist or other health professional and such waiver is necessary in the opinion of the court to protect either the detained person or the public.

Whenever the physician–patient privilege is deemed waived pursuant to this section, the waiver shall be limited to the introduction of relevant and competent medical records or testimony of an evaluation or treatment facility or its staff, a facility of the department of social and health services or its staff, or a facility certified for ninety-day treatment by the department of social and health services or its staff for the purpose of meeting evaluation requirements contained in chapter 10.77 RCW and chapter 71.12 RCW: Provided however, That the physician–patient privilege shall not be waived if the physician specifically identifies himself to the detained person as one who is communicating with that person for treatment only: And provided further, That the privilege shall not extend to incident reports involving the detained person.

The record maker shall not be required to testify in order to introduce medical records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contains opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination. [1974 ex.s. c 145 § 17; 1973 1st ex.s. c 142 § 30.]

**71.05.260 Release—Exception.** (1) Involuntary treatment ordered at the time of the probable cause hearing shall be for no more than fourteen days, and shall terminate sooner when, in the opinion of the professional person in charge of the facility or his professional designee, (a) the person no longer constitutes a likelihood of serious harm to himself or others, or (b) no longer is gravely disabled, or (c) is prepared to accept voluntary treatment upon referral, or (d) is to remain in the facility providing intensive treatment on a voluntary basis.

(2) A person who has been detained for fourteen days of intensive treatment shall be released at the end of the fourteen days unless one of the following applies: (a) Such person agrees to receive further treatment on a voluntary basis; or (b) such person is a patient to whom RCW 71.05.280 is applicable. [1974 ex.s. c 145 § 18; 1973 1st ex.s. c 142 § 31.]

**71.05.270 Temporary release.** Nothing in this chapter shall prohibit the professional person in charge of a treatment facility, or his professional designee, from permitting a person detained for intensive treatment to leave the facility for prescribed periods during the term of the person’s detention, under such conditions as may be appropriate. [1973 1st ex.s. c 142 § 32.]

**71.05.280 Additional confinement—Grounds—Duration.** At the expiration of the fourteen day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 for an additional period, not to exceed ninety days if:

1. Such person has threatened, attempted, or inflicted physical harm upon the person of another or himself after having been taken into custody for evaluation and treatment, and, as a result of mental disorder presents a likelihood of serious harm to others or himself; or
2. Such person was taken into custody as a result of conduct in which he attempted or inflicted physical harm upon the person of another or himself, and continues to present, as a result of mental disorder, a likelihood of serious harm to others or himself; or
3. Such person is in custody because he has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts. In any proceeding pursuant to this subsection it shall not be necessary to show intent, wilfulness, or state of mind as an element of the felony; or
4. Such person is gravely disabled.

For the purposes of this chapter “custody” shall mean involuntary detention under the provisions of this chapter or chapter 10.76 RCW, uninterrupted by any period of unconditional release from a facility providing involuntary care and treatment. [1974 ex.s. c 145 § 19; 1973 1st ex.s. c 142 § 33.]

**71.05.290 Petition—Affidavit.** (1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his professional designee or the designated county mental health professional may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further confinement and shall be supported by affidavits signed by two examining physicians, or by one examining physician and examining mental health professional. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.090(3) as now existing or hereafter amended, then the professional person in charge of the treatment facility or his professional designee or the
county designated mental health professional may directly file a petition for ninety day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed. [1975 1st ex.s. c 199 § 6; 1974 ex.s. c 145 § 20; 1973 1st ex.s. c 142 § 34.]

71.05.300 Filing of petition—Appearance—Notice—Advice as to rights—Appointment of attorney, professional person. The petition for ninety day treatment shall be filed with the clerk of the superior court. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the designated county mental health professional. The designated county mental health professional shall immediately notify the person detained, his attorney, if any, and his guardian or conservator, if any, and the prosecuting attorney, and provide a copy of the petition to such persons as soon as possible.

At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him of his right to be represented by an attorney and of his right to a jury trial. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person.

The court may, if requested, also appoint a professional person as defined in RCW 71.05.020(12) to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person.

The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310. [1975 1st ex.s. c 199 § 7; 1974 ex.s. c 145 § 21; 1973 1st ex.s. c 142 § 35.]

71.05.310 Time for hearing—Due process—Jury trial—Continuation of treatment. The court shall conduct a hearing on the petition for ninety day treatment within five judicial days of the first court appearance after the probable cause hearing unless the person named in the petition requests a jury trial, in which case trial shall commence within ten judicial days of the filing of the petition for ninety day treatment. The court may continue the hearing upon the written request of the person named in the petition or his attorney, which continuance shall not exceed ten additional judicial days. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.250.

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or his attorney, the detained person shall be released. [1975 1st ex.s. c 199 § 8; 1974 ex.s. c 145 § 22; 1973 1st ex.s. c 142 § 36.]

71.05.320 Remand for additional treatment—Duration—New petition—Grounds—Hearing. (1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services for a further period of intensive treatment not to exceed ninety days from the date of judgment.

If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services for a further period of less restrictive treatment not to exceed ninety days from the date of judgment.

(2) Said person shall be released from involuntary treatment at the expiration of ninety days unless the superintendent or professional person in charge of the facility in which he is confined, or in the event of a less restrictive alternative, the designated mental health professional, files a new petition for involuntary treatment on the grounds that the committed person;

(a) Has threatened, attempted, or inflicted physical harm upon the person of another during the current period of court ordered treatment and, as a result of mental disorder presents a likelihood of serious harm to others; or

(b) Was taken into custody as a result of conduct in which he attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder a likelihood of serious harm to others; or

(c) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder presents a substantial likelihood of repeating similar acts; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in subsections (b) and (c) of this section was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to reprove that element. Such new petition for involuntary treatment shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this subsection are present, the court may order the committed person [Title 71—p 11]
71.05.320 Title 71: Mental Illness and Inebriety

returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided herein above. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. No person committed as herein provided may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length. [1975 1st ex.s. c 199 § 9; 1974 ex.s. c 145 § 23; 1973 1st ex.s. c 142 § 37.]

71.05.330 Early release—Notice to court. Nothing in this chapter shall prohibit the superintendent or professional person in charge of the hospital or facility in which the person is being involuntarily treated from releasing him prior to the expiration of the commitment period when, in the opinion of the superintendent or professional person in charge, the person being involuntarily treated no longer presents a likelihood of serious harm to others.

Whenever the superintendent or professional person in charge of a hospital or facility providing involuntary treatment pursuant to this chapter releases a person prior to the expiration of ninety days, the superintendent or professional person in charge shall in writing notify the court which committed the person for treatment. [1973 1st ex.s. c 142 § 38.]

71.05.340 Outpatient care—Conditionally released—Procedures for revocation. (1) When in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient care prior to the expiration of the period of commitment, then such outpatient care may be required as a condition for early release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient care is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated county mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3) If the hospital or facility designated to provide outpatient care, the designated county mental health professional or the secretary determines that a conditionally released person is failing to adhere to the terms and conditions of his release, and because of that failure has become a substantial danger to himself or other persons, then, upon notification by the hospital or facility designated to provide outpatient care, or on his own motion, the designated county mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he is receiving outpatient treatment until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he had been conditionally released. The designated county mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing. The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the designated county mental health professional or the secretary shall file his petition and order of apprehension and detention with the court and serve them upon the person detained. His attorney, if any, and his guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The issues to be determined shall be whether the conditionally released person did or did not adhere to the terms and conditions of his release; and, if he failed to adhere to such terms and conditions, whether the conditions of release should be modified or the person should be returned to the facility. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his counsel and his guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the designated county mental health professional or the secretary on the same basis set forth in subsection (3) of this section without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than fifteen days from the date of service of the petition upon the conditionally released person.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided. [1974 ex.s. c 145 § 24; 1973 1st ex.s. c 142 § 39.]

71.05.350 Assistance to released persons. No indigent patient shall be conditionally released or discharged
from involuntary treatment without suitable clothing, and the superintendent of a state hospital shall furnish the same, together with such sum of money as he shall deem necessary for the immediate welfare of the patient. Such sum of money shall be the same as the amount required by RCW 72.02.100 to be provided to persons in need being released from correctional institutions. As funds are available, the secretary may provide payment to indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules and regulations to do so. [1973 1st ex.s. c 142 § 40.]

71.05.360 Rights of involuntarily detained persons. (1) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter and shall retain all rights not denied him under this chapter.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment. [1974 ex.s. c 145 § 25; 1973 1st ex.s. c 142 § 41.]

71.05.370 Rights—Posting of list. Insofar as danger to the individual or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(1) To wear his own clothes and to keep and use his own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(2) To keep and be allowed to spend a reasonable sum of his own money for canteen expenses and small purchases;

(3) To have access to individual storage space for his private use;

(4) To have visitors at reasonable times;

(5) To have reasonable access to a telephone, both to make and receive confidential calls;

(6) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(7) Not to consent to the performance of shock treatment or surgery, except emergency life-saving surgery, upon him, and not to have shock treatment or nonemergency surgery in such circumstance unless ordered by a court pursuant to a judicial hearing in which the person is present and represented by counsel, and the court shall appoint a psychiatrist, psychologist, or physician designated by such person or his counsel to testify on behalf of such person;

(8) To dispose of property and sign contracts unless such person has been adjudicated incompetent in a court proceeding directed to that particular issue;

(9) Not to have psychosurgery performed on him under any circumstances. [1974 ex.s. c 145 § 26; 1973 1st ex.s. c 142 § 42.]

71.05.380 Rights of voluntarily committed persons. All persons voluntarily entering or remaining in any facility, institution, or hospital providing evaluation and treatment for mental disorder shall have no less than all rights secured to involuntarily detained persons by RCW 71.05.360 and 71.05.370. [1973 1st ex.s. c 142 § 43.]

71.05.390 Confidential information and records—Disclosure. The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services at public or private agencies shall be confidential.

Information and records may be disclosed only:

(1) In communications between qualified professional persons to meet the requirements of this chapter, in the provision of services or appropriate referrals, or in the course of guardianship proceedings. The consent of the patient, or his guardian, must be obtained before information or records may be disclosed by a professional person employed by a facility to a professional person, not employed by the facility, who does not have the medical responsibility for the patient's care or who is not a designated county mental health professional or who is not involved in providing services under the community mental health services act, chapter 71.24 RCW;

(2) When the person receiving services, or his guardian, designates persons to whom information or records may be released, or if the person is a minor, when his parents make such designation;

(3) To the extent necessary for a recipient to make a claim, or for a claim to be made on behalf of a recipient for aid, insurance, or medical assistance to which he may be entitled;

(4) For program evaluation and/or research: Provided, That the secretary of social and health services adopts rules for the conduct of such evaluation and/or research. Such rules shall include, but need not be limited to, the requirement that all evaluators and researchers must sign an oath of confidentiality substantially as follows:

"As a condition of conducting evaluation or research concerning persons who have received services from (fill in the facility, agency, or person) I, ______________, agree not to divulge, publish, or otherwise make known to unauthorized persons or the public any information obtained in the course of such evaluation or research regarding persons who have received services such that the person who received such services is identifiable.

I recognize that unauthorized release of confidential information may subject me to civil liability under the provisions of state law.

/s/ ______________ "

(5) To the courts as necessary to the administration of this chapter.

(6) To law enforcement officers or public health officers necessary to carry out the responsibilities of their office: Provided, That

(a) Only the fact and date of admission, the fact and date of discharge, and the last known address shall be disclosed upon request; and

[Title 71—p 13]
(b) The law enforcement and public health officers shall be obligated to keep such information confidential in accordance with this chapter; and

(c) Additional information shall be disclosed only after giving notice to said person and his counsel and upon a showing of clear, cogent and convincing evidence that such information is necessary and that appropriate safeguards for strict confidentiality are and will be maintained: Provided however, That in the event the said person has escaped from custody, said notice prior to disclosure is not necessary and that the facility from which the person escaped shall include an evaluation as to whether the person is of danger to persons or property and has a propensity toward violence.

(7) To the attorney of the detained person.

The fact of admission, as well as all records, files, evidence, findings, or orders made, prepared, collected, or maintained pursuant to this chapter shall not be admissible as evidence in any legal proceeding outside this chapter without the written consent of the person who was the subject of the proceeding. The records and files maintained in any court proceeding pursuant to this chapter shall be confidential and available subsequent to such proceedings only to the person who was the subject of the proceeding or his attorney. In addition, the court may order the subsequent release or use of such records or files only upon good cause shown if the court finds that appropriate safeguards for strict confidentiality are and will be maintained. [1975 1st ex.s. c 199 § 10; 1974 ex.s. c 145 § 27; 1973 1st ex.s. c 142 § 44.]

71.05.400 Release of information to patient's next of kin, attorney, guardian, etc.—Notification of patient's death. (1) A public or private agency shall release to a patient's next of kin, attorney, guardian, or conservator, if any,

(a) The information that the person is presently a patient in the facility or that the person is seriously physically ill;

(b) A statement evaluating the mental and physical condition of the patient, and a statement of the probable duration of the patient's confinement, if such information is requested by the next of kin, attorney, guardian, or conservator; and such other information requested by the next of kin or attorney as may be necessary to decide whether or not proceedings should be instituted to appoint a guardian or conservator.

(2) Upon the death of a patient, his next of kin, guardian, or conservator, if any, shall be notified.

Next of kin who are of legal age and competent shall be notified under this section in the following order: Spouse, parents, children, brothers and sisters, and other relatives according to the degree of relation. [1974 ex.s. c 115 § 1; 1973 2nd ex.s. c 24 § 6; 1973 1st ex.s. c 142 § 45.]

71.05.410 Notice of disappearance of patient. When a patient would otherwise be subject to the provisions of RCW 71.05.390 and disclosure is necessary for the protection of the patient or others due to his unauthorized disappearance from the facility, and his whereabouts is unknown, notice of such disappearance, along with relevant information, may be made to relatives and governmental law enforcement agencies designated by the physician in charge of the patient or the professional person in charge of the facility, or his professional designee. [1973 2nd ex.s. c 24 § 7; 1973 1st ex.s. c 142 § 46.]

71.05.420 Records of disclosure. When any disclosure of information or records is made as authorized by RCW 71.05.390 through 71.05.410, the physician in charge of the patient or the professional person in charge of the facility shall promptly cause to be entered into the patient's medical record the date and circumstances under which said disclosure was made, the names and relationships to the patient, if any, of the persons or agencies to whom such disclosure was made, and the information disclosed. [1973 1st ex.s. c 142 § 47.]

71.05.430 Statistical data. Nothing in this chapter shall be construed to prohibit the compilation and publication of statistical data for use by government or researchers under standards, including standards to assure maintenance of confidentiality, set forth by the secretary of the department of social and health services. [1973 1st ex.s. c 142 § 48.]

71.05.440 Action for unauthorized release of confidential information—Liquidated damages—Treble damages—Injunction. Any person may bring an action against an individual who has willfully released confidential information or records concerning him in violation of the provisions of this chapter, for the greater of the following amounts:

(1) One thousand dollars; or

(2) Three times the amount of actual damages sustained, if any. It shall not be a prerequisite to recovery under this section that the plaintiff shall have suffered or be threatened with special, as contrasted with general, damages.

Any person may bring an action to enjoin the release of confidential information or records concerning him or his ward, in violation of the provisions of this chapter, and may in the same action seek damages as provided in this section.

Such petition must be filed and served on the defendant or his attorney at least ten days prior to hearing on the criminal charge. [1959 c 25 § 71.06.020. Prior: 1951 c 223 § 3; 1949 c 198 § 26; Rem. Supp. 1949 § 6953–26.]

71.06.030 Procedure on petition—Effect of acquittal on criminal charge. The court shall proceed to hear the criminal charge. If the defendant is convicted or has previously pleaded guilty to such charge, judgment shall be pronounced, but the execution of the sentence may be deferred or suspended, as in other criminal cases, and the court shall then proceed to hear and determine the allegation of sexual psychopathy. Acquittal on the criminal charge shall not operate to suspend the hearing on the allegation of sexual psychopathy: Provided, That the provisions of RCW 71.06.140 authorizing transfer of a committed sexual psychopath to a correctional institution shall not apply to the committed sexual psychopath who has been acquitted on the criminal charge. [1967 c 104 § 1; 1959 c 25 § 71.06.030. Prior: 1951 c 223 § 4.]

71.06.040 Preliminary hearing—Evidence—Detention in hospital for observation. At a preliminary hearing upon the charge of sexual psychopathy, the court may require the testimony of two duly licensed physicians who have examined the defendant. If the court finds that there are reasonable grounds to believe the defendant is a sexual psychopath, the court shall order said defendant confined at the nearest state hospital for observation as to the existence of sexual psychopathy. Such observation shall be for a period of not to exceed ninety days. The defendant shall be detained in the county jail or other county facilities pending execution of such observation order by the department. [1959 c 25 § 71.06.040. Prior: 1951 c 223 § 5.]

71.06.050 Preliminary hearing—Report of findings. Upon completion of said observation period the superintendent of the state hospital shall return the defendant to the court, together with a written report of his findings as to whether or not the defendant is a sexual psychopath and the facts upon which his opinion is based. [1959 c 25 § 71.06.050. Prior: 1951 c 223 § 6.]

71.06.060 Preliminary hearing—Commitment, or other disposition of charge. If said defendant is found to be a sexual psychopath, the court shall commit him to the director of the department of institutions for designation of the facility for detention, care, and treatment of the sexual psychopath. If the defendant is found not to be a sexual psychopath, the court shall order the sentence to be executed, or may
discharge the defendant as the case may merit. [1967 c 104 § 2; 1959 c 25 § 71.06.060. Prior: 1951 c 223 § 7.]

71.06.070 Preliminary bearing—Jury trial. A jury may be demanded to determine the question of sexual psychopathy upon hearing after return of the superintendent's report. Such demand must be in writing and filed with the court within ten days after filing of the petition alleging the defendant to be a sexual psychopath. [1959 c 25 § 71.06.070. Prior: 1951 c 223 § 14; 1949 c 198 § 38; Rem. Supp. 1949 § 6953-38.]

71.06.080 Preliminary bearing—Construction of chapter—Trial, evidence, law relating to criminally insane. Nothing in this chapter shall be construed so as to affect the procedure for the ordinary conduct of criminal trials as otherwise set up by law. Nothing in this chapter shall be construed to prevent the defendant, his attorney or the court of its own motion, from producing evidence and witnesses at the hearing on the probable existence of sexual psychopathy or at the hearing after the return of the superintendent's report. Nothing in this chapter shall be construed as affecting the laws relating to the criminally insane or the insane criminal, nor shall this chapter be construed as preventing the defendant from raising the defense of insanity as in other criminal cases. Thereupon, the superintendent of the institution involved shall so inform whatever court committed the sexual psychopath. The court then may order a further examination and investigation of such person as seems necessary, and may at its discretion, summon such person before it for further hearing, together with any witnesses whose testimony may be pertinent, and together with any relevant documents and other evidence. On the basis of such reports, investigation, and possible hearing, the court shall determine whether the person before it shall be released unconditionally from custody as a sexual psychopath, released conditionally, returned to the custody of the institution as a sexual psychopath, or returned to the department of institutions to serve the original sentence imposed upon him. The power of the court to grant conditional release for any such person before it shall be the same as its power to grant, amend and revoke probation as provided by chapter 9.95 RCW. [1967 c 104 § 3.]

[1967 c 104 § 4; 1959 c 25 § 71.06.100. Prior: 1951 c 223 § 10.]

Where a sexual psychopath has been conditionally released by the committing court, as provided by RCW 71.06.091 for a period of five years, the court shall review his record and when the court is satisfied that the sexual psychopath is safe to be at large, said sexual psychopath shall be discharged. [1967 c 104 § 5; 1959 c 25 § 71.06.130. Prior: 1951 c 223 § 12; 1949 c 198 § 28, part; Rem. Supp. 1949 § 6953-28, part.]

Every application for a license shall be accompanied by a plan of the premises proposed to be occupied, describing the capacities of the buildings for the uses intended, the extent and location of grounds appurtenant thereto, and the number of patients proposed to be received therein, with such other information, and in such form, as the department requires. The application shall be accompanied by the proper license fee. The amount of the license fee for each fiscal year is fixed by the following schedule:

1. For establishments licensed to receive not more than six patients, the fee is five dollars;
2. For establishments licensed to receive more than six but not more than twenty-five patients, the fee is twenty-five dollars;
3. For establishments licensed to receive more than twenty-five but not more than fifty patients, the fee is fifty dollars;

In the case of the issuance of a license on or after the first day of January next succeeding the beginning of the fiscal year, the license fee for the remainder of the fiscal year is one-half the sum fixed for the entire fiscal year. The department shall require a license fee in situations where licensed establishments increase their number of patients during any fiscal year, based on a pro rata charge under the schedule set forth herein. No additional fee will be required in the event of an application for transfer of a license to another person to operate the same establishment. No additional license fee shall be required for the transfer of the license issued in the name of one person to operate an establishment at a certain location where an application is received to transfer that license to the same person to operate an establishment at a different location. [1959 c 25 § 71.12.470. Prior: 1949 c 198 § 56; Rem. Supp. 1949 § 6953–55.]

### 71.12.480 Examination of premises before granting license.
The department of health shall not grant any such license until it has made an examination of the premises proposed to be licensed and is satisfied that they are substantially as described, and are otherwise fit and suitable for the purposes for which they are designed to be used, and that such license should be granted. [1959 c 25 § 71.12.480. Prior: 1949 c 198 § 57; Rem. Supp. 1949 § 6953–56.]

Standards for fire protection and the enforcement thereof, with respect to all establishments to be licensed hereunder, shall be the responsibility of the state fire marshal, who shall adopt such recognized standards as may be applicable to such establishments for the protection of life against the cause and spread of fire and fire hazards. The department of health, upon receipt of an application for a license, or renewal of a license, shall submit to the state fire marshal in writing, a request for an inspection, giving the applicant’s name and the location of the premises to be licensed. Upon receipt of such a request, the state fire marshal or his deputy shall make an inspection of the establishment to be licensed, and if it is found that the premises do not comply with the required safety standards and fire regulations as promulgated by the state fire marshal, he shall promptly make a written report to the establishment and the department of health as to the manner and time allowed in which the premises must qualify for a license and set forth the conditions to be remedied with respect to fire regulations. The department of health, applicant or licensee shall notify the state fire marshal upon completion of any requirements made by him, and the state fire marshal or his deputy shall make a reinspection of such premises. Whenever the establishment to be licensed meets with the approval of the state fire marshal, he shall submit to the department of health a written report approving same with respect to fire protection before a full license can be issued. The state fire marshal shall make or cause to be made inspections of such establishments at least annually. The department of health shall not license or continue the license of any establishment unless and until it shall be approved by the state fire marshal as herein provided.

Application for renewal of the license, accomplished by
the necessary fee, shall be filed with the department of social and health services annually, not less than ten days prior to its expiration and if application is not so filed, the license shall be automatically canceled. 71.20.010 Declaration of purpose. It is declared to be the policy of the legislature of the state of Washington to authorize the state, as part of its program to promote mental health, to develop and coordinate state services for mentally retarded persons; to encourage research and staff training for state and local personnel working with mentally retarded persons; and to cooperate with communities to encourage the establishment and development of services to the mentally retarded through locally administered and locally controlled programs. The complexities of mental retardation require the services of many state departments as well as those of the community. Services should be planned and provided as a part of a continuum. A pattern of facilities, services and eligibility should be established which is sufficiently complete to meet the needs of each retarded person regardless of age or degree of handicap, and at each state of his life’s development.

It is the intention of the legislature herein that there be established a central point of referral in the community for the mentally retarded and their families and the establishment of ongoing points of contact with the mentally retarded and their families so that they may have a place of entry for services and return as the need may appear. Further, it is necessary to provide a link between the mentally retarded and sources in the community, including state departments, to the end that the mentally retarded and their families may have access to each of the facilities best suited to them throughout the life of the retarded person. [1967 ex.s. c 110 § 1.]

71.20.015 "Developmentally disabled" defined. Persons "developmentally disabled" as used in this amendatory act are those persons having a "developmental disability" as defined in Public Law 91–517 (42 USCA 2691(1)) as now or hereafter amended. [1974 ex.s. c 71 § 2.]

Such state agencies are authorized and empowered to apply for and accept and disburse federal grants, matching funds, or other funds or gifts or donations from any source available for use by the state or by communities to provide more adequate services, training and rehabilitation of the mentally retarded. Any girl who may have been committed to the school, not complying with the above requirements, may be returned by the superintendent to the court making the commitment, or to the officer or institution last having her in charge. deposit any money received as he sees fit upon the giving of adequate security. Any increase resulting from such gift may be used for the same purpose as the original gift. Gratuities received for services rendered by a state hospital staff in their official capacity shall be used for the purposes specified in this section. [1959 c 28 § 72.23.060. Prior: 1951 c 139 § 10. Formerly RCW 71.02.600.]

72.23.070 Voluntary patients—Right to receive—Application—Review of condition and status—Minors, commitment procedure and requirements, rights. Pursuant to rules and regulations established by the department, a public or private facility may receive any person who is a suitable person for care and treatment as mentally ill, or for observation as to the existence of mental illness, upon the receipt of a written application of the person, or others on his behalf, in accordance with the following requirements:

(1) In the case of a person eighteen years of age or over, the application shall be voluntarily made by the person;

(2) In the case of a person thirteen years of age or under, the application may be voluntarily made by his parents, or by the parent, conservator, guardian, or other person entitled to his custody. When such person is more than thirteen years of age, such application must be accompanied by the written consent, knowingly and voluntarily given, of the minor. All such voluntary applications to a public agency shall be reviewed by the county mental health professionals, who shall submit a written report and evaluation with recommendations to the superintendent of such facility to which such application is made stating whether treatment is necessary and proper on a voluntary basis and evaluating the reasons for voluntary commitment. Such person's condition and status shall be reviewed by the professional person in charge of the facility or his designee at least once each one hundred eighty days. A person under eighteen years of age received into a public facility as a voluntary patient shall not be retained after he reaches eighteen years of age, but such person, upon reaching eighteen years of age, may apply for admission into a public or private facility as a voluntary patient.

(3) No minor over thirteen years of age shall be involuntarily committed to a state or private facility for care and treatment as mentally disordered, or for observation as to the existence of mental disorder, except in accordance with the following requirements:

(a) The facility must be certified by the department of social and health services to provide evaluation and treatment to persons under eighteen years of age suffering from mental disorders: Provided, That a physically separate and separately operated portion of a state hospital may be designated as an evaluation and treatment facility: Provided further, That a facility which is part of, or a part of, or operated by, the department of social and health services or any federal agency will not require certification.

(b) A petition shall be filed with the juvenile court by the person's parent, parents, conservator, guardian, or by the juvenile court itself. The petition shall set forth the reasons why commitment is necessary and what alternative courses of treatment have been explored. The juvenile court shall then conduct a hearing, at which the person under eighteen years of age shall be represented by an attorney, to determine whether commitment is clearly in the best interests of the person sought to be committed, and that no less restrictive alternative exists: Provided, That, if in the opinion of the designated county mental health professional a minor presents an imminent likelihood of serious harm to himself or others, he may be temporarily detained for up to seventy-two hours by a licensed facility pending petition to the juvenile court for further commitment.

(c) If the juvenile court determines that commitment is clearly necessary, it will issue an order approving such petition. If the juvenile court determines that a less restrictive alternative is desirable, it may order that alternatives be followed.

(d) If a person under the age of eighteen years is committed to a state or private facility pursuant to this section, the juvenile court recommending commitment shall require a report from the facility every one hundred eighty days that sets forth such facts as the juvenile may require. Upon receipt of the report, the juvenile court shall undertake a review of the status of such person to determine whether or not it is still clearly in the best interests of the patient that he remain in the facility. If the juvenile court determines that further commitment is not clearly in the best interests of the patient, it shall order release upon such conditions as it deems necessary.

(e) Every person under the age of eighteen shall have all the rights provided for persons eighteen years of age or over under this chapter as now or hereafter amended except those rights specifically modified by this section: Provided, That the juvenile court rather than the superior court shall be responsible for any proceedings. A voluntarily admitted minor over thirteen years of age shall have the right to release on the next judicial day from the date of request unless a petition is filed in juvenile court by the professional person in charge of the facility or his designee on the grounds that the juvenile is dangerous to himself or others or that it would be in the best interests of the juvenile that he remain in the facility. Furthermore, should the patient and his parent, parents, conservator, or guardian both request his release, he shall be immediately released unless the professional person in charge of the facility objects immediately in writing to the juvenile court on the grounds that the person is dangerous to himself or others and that it would not be in the patient's best interests to be released. Should this occur, the juvenile court shall hold a hearing on the issue within five judicial days and determine whether the person should be released.

(f) Nothing in this section shall prohibit the professional person in charge of the facility in which the person is being treated from releasing him at any time when, in the opinion of said professional person, further commitment would no longer be in the best interests of the patient.

Whenever a person is released by the professional person in charge of a facility under this section, said
person shall, in writing, notify the juvenile court which
committed the person for treatment.

(4) In the case of a person eighteen years of age or
over for whom a conservator or guardian of the person
has been appointed, such application shall be made by
said conservator or guardian, when so authorized by
proper court order in the conservatorship or guardian-
ship proceedings. [1975 1st ex.s. c 199 § 11; 1974 ex.s. c

72.27.010 Compact enacted. The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions
(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient’s full record with due regard for the location of the patient’s family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.

(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient’s intended place of residence and the identity of the person or persons who shall be responsible for the patient’s welfare.

(b) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact.
through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever extent shall be appropriate in the circumstances: Provided, however, That in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing.
to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1965 ex.s. c 26 § 1.]

Pursuant to said compact provided in RCW 72.27-010, the director of the department of institutions shall be the compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate rules and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact or any supplementary agreement or agreements entered into by this state thereunder. [1965 ex.s. c 26 § 2.]

72.27.030 Supplementary agreements. The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service. [1965 ex.s. c 26 § 3.]

72.27.040 Financial arrangements. The compact administrator, subject to the moneys available therefor, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder. [1965 ex.s. c 26 § 4.]

72.27.050 Prerequisites for transfer of person to another party state—Release or return of residents, jurisdiction, laws applicable. No person shall be transferred to another party state pursuant to this chapter unless the compact administrator first shall have obtained either:

(a) The written consent to such transfer by the proposed transferee or by others on his behalf, which consent shall be executed in accordance with the requirements of RCW 72.23.070, and if such person was originally committed involuntarily, such consent also shall be approved by the committing court; or

(b) An order of the superior court approving such transfer, which order shall be obtained from the committing court, if such person was committed involuntarily, otherwise from the superior court of the county where such person resided at the time of such commitment; and such order shall be issued only after notice and hearing in the manner provided for the involuntary commitment of mentally ill or mentally deficient persons as the case may be.

The courts of this state shall have concurrent jurisdiction with the appropriate courts of other party states to hear and determine petitions seeking the release or return of residents of this state who have been transferred from this state under this chapter to the same extent as if such persons were hospitalized in this state; and the laws of this state relating to the release of such persons shall govern the disposition of any such proceeding. [1965 ex.s. c 26 § 5.]

72.27.060 Transmittal of copies of chapter. Duly authorized copies of this chapter shall, upon its approval be transmitted by the secretary of state to the governor of each state, the attorney general and the administrator of general services of the United States, and the council of state governments. 72.27.070 Right to deport aliens and return residents of non–party states preserved. Nothing in this chapter shall affect the right of the director of the department of institutions to deport aliens and return residents of non–party states as provided in chapter 72.25 RCW. [1965 ex.s. c 26 § 7.]
72.29.010  Harrison Memorial Hospital property and facilities (Olympic Center for Mental Health and Mental Retardation). After the acquisition of Harrison Memorial Hospital, the department of institutions is authorized to enter into contracts for the repair or remodeling of the hospital to the extent they are necessary and reasonable, in order to establish a multi-use facility for the mentally or physically deficient or the mentally ill. The director of the department of institutions is authorized to determine the most feasible and desirable use of the facility and to operate the facility in the manner he deems most beneficial to the mentally and physically deficient, or the mentally ill, and is authorized, but not limited to programs for out-patient, diagnostic and referral, day care, vocational and educational services to the community which he determines are in the best interest of the state. [1965 c 11 § 3.]

Declaration of purpose: "The state facilities to provide community services to the mentally and physically deficient and the mentally ill are inadequate to meet the present demand. Great savings to the taxpayers can be achieved while helping to meet these worthwhile needs. It is therefore the purpose of this act to provide for acquisition or lease of Harrison Memorial Hospital property and facilities and the operation thereof as a multi-use facility for the mentally and physically deficient and the mentally ill." [1965 c 11 § 1.]

Authorization to acquire: "The department of institutions is authorized to acquire by purchase, lease, or lease with option to purchase, and to accept a deed or execute a lease or lease and option to purchase in the name of the state of Washington, subject to the approval as to form by the attorney general, to that certain property located in Kitsap county and commonly known as Harrison Memorial Hospital, together with all necessary personal property, fixtures, and land." [1965 c 11 § 2.] The foregoing annotations apply to RCW 72.29.010.

It shall apply to enterprises previously authorized as well as to those authorized during the current period, and such adjustment may be made without public hearing.

(3) Hold hearings and make rules for the conducting of such hearings. The commission may in its discretion hold public hearings on any subject within its jurisdiction. [1959 c 28 § 72.60.070. Prior: 1955 c 314 § 7. Formerly RCW 43.95.060.]

ARTICLE I—Purpose and Policy

The party states, desiring by common action to improve their institutional facilities and provide programs of sufficiently high quality for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society. The purpose of this compact is to provide for the development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders.

ARTICLE II—Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States, the Territory of Hawaii, or, subject to the limitation contained in Article VII, Guam.

(b) "Sending state" means a state party to this compact in which conviction was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction was had.

(d) "Inmate" means a male or female offender who is under sentence to or confined in a prison or other correctional institution.

(e) "Institution" means any prison, reformatory or other correctional facility (including but not limited to a facility for the mentally ill or mentally defective) in which inmates may lawfully be confined.

ARTICLE III—Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) Prior to the construction or completion of construction of any institution or addition thereto by a party state, any other party state or states may contract therefor with the enlargement of the planned capacity of the institution or addition thereto, or for the inclusion therein of particular equipment or structures, and for the reservation of a specific percentage of the capacity of the institution to be kept available for use by inmates of the sending state or states so contracting. Any sending state so contracting may, to the extent that moneys are legally available therefore, pay to the receiving state, a reasonable sum as consideration for such enlargement of capacity, or provision of equipment or structures, and reservation of capacity. Such payment may be in a lump sum or in installments as provided in the contract.

(c) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV—Procedures and Rights

(a) Whenever the duly constituted judicial or administrative authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary in order to provide adequate quarters and care or desirable in order to provide an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the ending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.
(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have the benefit of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be cared for and treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state. Costs of records made pursuant to this subdivision shall be borne by the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V—which Acts Not Reviewable In Receiving State; Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is suspected of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI—Federal Aid

Any state party to this compact may accept federal aid for use in connection with an institution or program, the use of which is or may be affected by this compact or any contract pursuant thereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision; provided that if such program or activity is not part of the customary correctional regimen the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII—Entry Into Force

This compact shall enter into force and become effective and binding upon the states so acting when it has been enacted into law by any two contiguous states from among the states of Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nebraska, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.
For the purposes of this article, Alaska and Hawaii shall be deemed contiguous to each other; to any and all of the states of California, Oregon and Washington; and to Guam. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states, or any other state contiguous to at least one party state upon similar action by such state. Guam may become party to this compact by taking action similar to that provided for joinder by any other eligible party state and upon the consent of Congress to such joinder. For the purposes of this article, Guam shall be deemed contiguous to Alaska, Hawaii, California, Oregon and Washington.

ARTICLE VIII—Withdrawal and Termination

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until two years after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX—Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X—Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. 72.70.060 Director may provide clothing, etc., to inmate released in another state. It is the legislative intent that the provisions of this act be reasonably and liberally construed. [1959 c 287 § 7.]
Continuation of existing law. The provisions of this title insofar as they are substantially the same as statutory provisions repealed by this chapter, and relating to the same subject matter, shall be construed as restatements and continuations, and not as new enactments. [1959 c 28 § 72.98.010.]

Title, chapter, section headings not part of law. Title headings, chapter headings, and section or subsection headings, as used in this title do not constitute any part of the law. [1959 c 28 § 72.98.020.]

Invalidity of part of title not to affect remainder. If any provision of this title, or its application to any person or circumstance is held invalid, the remainder of the title, or the application of the provision to other persons or circumstances is not affected. [1959 c 28 § 72.98.030.]

73.20.010 Acknowledgments. In addition to the acknowledgment of instruments and the performance of other notarial acts in the manner and form and as otherwise authorized by law, instruments may be acknowledged, documents attested, oaths and affirmations administered, depositions and affidavits executed, and other notarial acts performed, before or by any commissioned officer in active service of the armed forces of the United States with the rank of second lieutenant or higher in the army or marine corps, or with the rank of ensign or higher in the navy or coast guard, or with equivalent rank in any other component part of the armed forces of the United States, by any person who either:

Revisor’s note: Throughout chapter 73.34 RCW the term "this 1972 amendatory act" has been changed to "this chapter." This 1972 amendatory act [1972 ex.s. c 154] consists of chapter 73.34 RCW and also RCW 73.32.130, as amended by 1972 ex.s. c 154 § 7.

73.34.010 Purpose—Recognition. Since the people of the state of Washington have recognized the sacrifices of its sons in the service of their country during World War I, World War II and subsequently in the Korean conflict, and having desired to aid them in their return to civil life, did authorize the payment of certain compensation in recognition of such services, and since problems arising out of said conflicts threaten to defeat the ideals for which said battles were waged and make it necessary for many of our sons to once again bear arms for the preservation of justice and peace, it is fitting and proper that we again recognize that service and give that helping hand to those who have given and are giving so much to us and have brought and are bringing so much honor to our great state.

The legislature in authorizing this compensation recognizes that all prior bonds issued for compensation of those veterans of World War II and the Korean conflict will be fully retired during the year 1972 and that taxes upon cigarettes referred to in RCW 82.24.020 provide ample funds to retire any new veterans’ bonus payment as provided for in this chapter without an added burden of taxation upon the citizens of this state. [1972 ex.s. c 154 § 1.]

Appropriation: "For the purpose of carrying out the provisions of this 1972 amendatory act, there is hereby appropriated from the war veterans’ compensation fund the sum of ninety million dollars, or so much thereof as is required to meet the annual obligations, which shall be used for the payment of the compensation provided in this 1972 amendatory act, and for paying the expenses of the administration thereof: Provided, That not more than two hundred thousand dollars of such amount shall be used as administrative expenses for the biennium ending June 30, 1973 and the state treasurer shall issue no warrants for payment of administrative expenses in excess of this amount." [1972 ex.s. c 154 § 8.]

73.34.020 Compensation authorized—Amount and to whom payable—Election to receive tuition, fees, etc., from educational institutions in lieu of bonus. (1) There shall be paid to each person who has received the Viet Nam Service Medal or Armed Forces Expeditionary Medal (Viet Nam) or who has been on active federal service as a member of the armed military or naval forces of the United States between a period commencing August 5, 1964, and March 28, 1973, and who has been honorably separated or discharged from such service, and who for a period of one year immediately prior to the date of his entry into such service was a bona fide citizen or resident of the state of Washington, for such service between said dates the sum of two hundred fifty dollars for service in the Viet Nam combat zone and said person received the Viet Nam Service Medal or Armed Forces Expeditionary Medal (Viet Nam): Provided however, That persons otherwise eligible who have been continuously in said armed services for a period of five years or more immediately prior to August 5, 1964, shall not be eligible to receive compensation under the terms of this chapter, except that POW’s, dependents of MIA’s and survivors of those persons who have been continuously in said armed services for a period of five years or more immediately prior to August 5, 1964, shall be eligible to receive compensation under the terms of this chapter: Provided further, That persons otherwise eligible who were on active duty for training only, excepting persons who received the Viet Nam Service Medal or Armed Forces Expeditionary Medal (Viet Nam), shall not be eligible to receive compensation under the terms of this chapter: And provided further, That persons who have already received extra compensation or other benefits based upon claimed residence at the time of entry into such active service from any other state or territory shall not be entitled to compensation under this chapter: And provided further, That no person shall be eligible to receive compensation under this chapter having prior thereto applied for and received compensation hereunder.

(2) In lieu of awaiting receipt of the stated money amounts as provided in subsection (1) above, any qualified person may elect to receive credit for tuition, incidental fees or other fees in such amount at any state institution of higher education, including community colleges and vocational technical institutions, or at private institutions of higher education within the state, such credit to be immediately available upon the processing of such person’s claim for a bonus under this chapter; institutions of higher education entering into this program under this chapter shall be reimbursed at such time as the bonus payment would otherwise be made.

(3) In case of the death of any such person prior to said termination date as referred to in subsection (1) above, or at such time as such person would have been eligible for benefits hereunder, an equal amount shall be paid to his surviving widow if not remarried at the time compensation is requested, or in case he left no widow or in case his widow remarried and he has left children, then to his surviving children, or in the event he left no
widow eligible for payment hereunder, or children surviving on such date, then to his surviving parent or parents, or in the event he left no widow eligible for payment hereunder, or children surviving on such date, or parent or parents surviving on such date, then to his surviving grandparent or grandparents: Provided, however, That no such parent who has been deprived of custody of such child by a decree of a court of competent jurisdiction shall be entitled to any compensation under this chapter. Where a preceding beneficiary fails to file a proper claim for compensation before the final date set by this chapter, succeeding beneficiaries who have filed proper claims before such final date may proceed to qualify upon submission of satisfactory proof of eligibility. Widows, children, or parents of persons missing in action or prisoners of war may file claims for compensation as authorized by this chapter and in the same order as claims for deceased veterans. Any compensation paid to a beneficiary pursuant to this subsection shall be complete settlement and satisfaction of any claim thereafter made on behalf of the person or by the person himself. [1975 1st ex.s. c 273 § 1; 1972 ex.s.c 154 § 2.]

[1951 c 53 § 2.]

73.36.030 Appointment of guardian—Necessary when. Whenever, pursuant to any law of the United States or regulation of the veterans administration, it is necessary, prior to payment of benefits, that a guardian be appointed, the appointment may be made in the manner hereinafter provided. [1951 c 53 § 3.]

73.36.040 Guardian—Number of wards permitted. No person other than a bank or trust company shall be guardian of more than five wards at one time, unless all the wards are members of one family. Upon presentation of a petition by an attorney of the veterans administration or other interested person, alleging that a guardian is acting in a fiduciary capacity for more than five wards as herein provided and requesting his discharge for that reason, the court, upon proof substantiating the petition, shall require a final accounting forthwith from such guardian and shall discharge him from guardianships in excess of five and forthwith appoint a successor. [1951 c 53 § 4.]

73.36.050 Guardian—Appointment—Contents of petition. (1) A petition for the appointment of a guardian may be filed by any relative or friend of the ward or by any person who is authorized by law to file such a petition. If there is no person so authorized or if the person so authorized refuses or fails to file such a petition within thirty days after mailing of notice by the veterans administration to the last known address of the person, if any, indicating the necessity for the same, a petition for appointment may be filed by any resident of this state.

(3) The petition shall also set forth the name and address of the person or institution, if any, having actual custody of the ward and the name, age, relationship, if any, occupation and address of the proposed guardian and if the nominee is a natural person, the number of wards for whom the nominee is presently acting as guardian. Notwithstanding any law as to priority of persons entitled to appointment, or the nomination in the petition, the court may appoint some other individual or a bank or trust company as guardian, if the court determines it is for the best interest of the ward.

(4) In the case of a mentally incompetent ward the petition shall show that such ward has been rated incompetent by the veterans administration on examination in accordance with the laws and regulations governing the veterans administration. [1951 c 53 § 5.]

73.36.060 Guardian for minor—Appointment—Prima facie evidence. Where a petition is filed for the appointment of a guardian for a minor, a certificate of the administrator or his authorized representative, setting forth the age of such minor as shown by the records of the veterans administration and the fact that the appointment of a guardian is a condition precedent to the payment of any moneys due the minor by the veterans administration shall be prima facie evidence of the necessity for such appointment. 73.36.070 Guardian for incompetent—Appointment—Prima facie evidence. Where a petition is filed for the appointment of a guardian for a mentally incompetent ward, a certificate of the administrator or his duly authorized representative, that such person has been rated incompetent by the veterans administration on examination in accordance with the laws and regulations governing such veterans administration and that the appointment of a guardian is a condition precedent to the payment of any moneys due such ward by the veterans administration, shall be prima facie evidence of the necessity for such appointment. [1951 c 53 § 7.]
73.36.080 Notice of petition. Upon the filing of a petition for the appointment of a guardian under this chapter, notice shall be given to the ward, to such other persons, and in such manner as is provided by the general law of this state, and also to the veterans administration as provided by this chapter. [1951 c 53 § 8.]

73.36.090 Guardian's bond. (1) Upon the appointment of a guardian, he shall execute and file a bond to be approved by the court in an amount not less than the estimated value of the personal estate and anticipated income of the ward during the ensuing two years, except in cases where banks or trust companies are appointed as guardian and no bond is required by the general state law. The bond shall be in the form and be conditioned as required of guardians appointed under the general guardianship laws of this state. The court may from time to time require the guardian to file an additional bond.

(2) Where a bond is tendered by a guardian with personal sureties, there shall be at least two such sureties and they shall file with the court a certificate under oath which shall describe the property owned, both real and personal, and shall state that each is worth the sum named in the bond as the penalty thereof and above all his debts and liabilities and the aggregate of other bonds in which he is principal or surety and exclusive of property exempt from execution. The court may require additional security or may require a corporate surety bond, the premium thereon to be paid from the ward's estate. [1951 c 53 § 9.]

Guardianship, generally: Chapters 11.88 and 11.92 RCW.

73.36.100 Accounting by guardian—Copies of all proceedings to be furnished administration—Hearings.

(1) Every guardian, who has received or shall receive on account of his ward any money or other thing of value from the veterans administration, at the expiration of two years from date of his appointment, and every two years thereafter on the anniversary date of his appointment, or as much oftener as the court may require, shall file with the court a full, true and accurate account under oath of all moneys or other things of value received by him, all earnings, interest or profits derived therefrom, and all property acquired therewith and of all disbursements therefrom, and showing the balance thereof in his hands at the date of the account and how invested. Each year when not required to file an account with the court, the guardian shall file an account with the proper office of the veterans administration. If the interim account be not filed with the veterans administration, or, if filed, shall be unsatisfactory, the court shall upon receipt of notice thereof from the veterans administration require the guardian forthwith to file an account which shall be subject in all respects to the next succeeding paragraphs. Any account filed with the veterans administration and approved by the chief attorney thereof may be filed with the court and be approved by the court without hearing, unless a hearing thereon be requested by some party in interest.

(2) The guardian, at the time of filing any account with the court or veterans administration shall exhibit all securities or investments held by him to an officer of the bank or other depository wherein said securities or investments are held for safekeeping or to an authorized representative of the corporation which is surety on his bond, or to the judge or clerk of a court of record in this state, or upon request of the guardian or other interested party, to any other reputable person designated by the court, who shall certify in writing that he has examined the securities or investments and identified them with those described in the account and shall note any omissions or discrepancies. If the depository is the guardian, the certifying officer shall not be the officer verifying the account. The guardian may exhibit the securities or investments to the judge of the court, who shall endorse on the account and copy thereof, a certificate that the securities or investments shown therein as held by the guardian were each in fact exhibited to him and that those exhibited to him were the same as those in the account and noting any omission or discrepancy. The certificate, and the certificate of an official of the bank in which are deposited any funds for which the guardian is accountable, showing the amount on deposit, shall be prepared and signed in duplicate and one of each shall be filed by the guardian with his account.

(3) At the time of filing in the court any account, a certified copy thereof and a signed duplicate of each certificate filed with the court shall be sent by the guardian to the office of the veterans administration having jurisdiction over the area in which such court is located. A duplicate signed copy or a certified copy of any petition, motion or other pleading pertaining to an account, or to any matter other than an account, and which is filed in the guardianship proceedings or in any proceedings for the purpose of removing the disability of minority or mental incapacity, shall be furnished by the persons filing the same to the proper office of the veterans administration. Unless hearing be waived in writing by the attorney of the veterans administration and by all other persons, if any, entitled to notice, the court shall fix a time and place for the hearing on the account, petition, motion or other pleading, not less than fifteen days nor more than sixty days from the date same is filed, unless a different available date be stipulated in writing. Unless waived in writing, written notice of the time and place of hearing shall be given the veterans administration office concerned and to the guardian and any others entitled to notice, not less than fifteen days prior to the date fixed for the hearing. The notice may be given by mail, in which event it shall be deposited in the mails not less than fifteen days prior to said date. The court or clerk thereof, shall mail to said veterans administration office a copy of each order entered in any guardianship proceeding wherein the administrator is an interested party.

(4) If the guardian is accountable for property derived from sources other than the veterans administration, he shall be accountable as is or may be required under the applicable law of this state pertaining to the property of minors or persons of unsound mind who are not beneficiaries of the veterans administration, and as to such other property shall be entitled to the compensation provided by such law. The account for other property may
be combined with the account filed in accordance with this section. [1951 c 53 § 10.]

73.36.110 Failure to account—Penalties. If any guardian shall fail to file with the court any account as required by this chapter, or by an order of the court, when any account is due or within thirty days after citation issues and provided by law, or shall fail to furnish the veterans administration a true copy of any account, petition or pleading as required by this chapter, such failure may in the discretion of the court be ground for his removal, in addition to other penalties provided by law. [1951 c 53 § 11.]

73.36.120 Compensation of guardian. Compensation payable to guardians shall be based upon services rendered and shall not exceed five percent of the amount of moneys received during the period covered by the account, except that the court may allow a fee of not exceeding twenty-five dollars per year, as a minimum fee, upon the approval of the chief attorney for the veterans administration. In the event of extraordinary services by any guardian, the court, upon petition and hearing thereon may authorize reasonable additional compensation therefor. A copy of the petition and notice of hearing thereon shall be given the proper office of the veterans administration in the manner provided in the case of hearing on a guardian's account or other pleading. No commission or compensation shall be allowed on the moneys or other assets received from a prior guardian nor upon the amount received from liquidation of loans or other investments. [1951 c 53 § 12.]

73.36.130 Investment of funds—Procedure. Every guardian shall invest the surplus funds of his ward's estate in such securities or property as authorized under the laws of this state but only upon prior order of the court; except that the funds may be invested, without prior court authorization, in direct unconditional interest-bearing obligations of this state or of the United States and in obligations the interest and principal of which are unconditionally guaranteed by the United States. A signed duplicate or certified copy of the petition for authority to invest shall be furnished the proper office of the veterans administration, and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account or other pleading. [1951 c 53 § 13.]

73.36.140 Use of funds—Procedure. A guardian shall not apply any portion of the income or the estate for the support or maintenance of any person including the ward, the spouse and the minor children of the ward, except upon petition to and prior order of the court after a hearing. A signed duplicate or certified copy of said petition shall be furnished the proper office of the veterans administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account or other pleading. [1951 c 53 § 14.]

73.36.150 Purchase of real estate—Procedure. (1) The court may authorize the purchase of the entire fee simple title to real estate in this state in which the guardian has no interest, but only as a home for the ward, or to protect his interest, or (if he is not a minor) as a home for his dependent family. Such purchase of real estate shall not be made except upon the entry of an order of the court after hearing upon verified petition. A copy of the petition shall be furnished the proper office of the veterans administration and notice of hearing thereon shall be given said office as provided in the case of hearing on a guardian's account.

(2) Before authorizing such investment the court shall require written evidence of value and of title and of the advisability of acquiring such real estate. Title shall be taken in the ward's name. This section does not limit the right of the guardian on behalf of his ward to bid and to become the purchaser of real estate at a sale thereof pursuant to decree of foreclosure of lien held by or for the ward, or at a trustee's sale, to protect the ward's right in the property. nor does it limit the right of the guardian, if such be necessary to protect the ward's interest and upon prior order of the court in which the guardianship is pending, to agree with cotenants of the ward for a partition in kind, or to purchase from cotenants the entire undivided interests held by them, or to bid and purchase the same at a sale under a partition decree, or to compromise adverse claims of title to the ward's realty. [1951 c 53 § 15.]

73.36.155 Public records—Free copies. When a copy of any public record is required by the veterans administration to be used in determining the eligibility of any person to participate in benefits made available by the veterans administration, the official custodian of such public record shall without charge provide the applicant for such benefits or any person acting on his behalf or the authorized representative of the veterans administration with a certified copy of such record. [1951 c 53 § 16. Formerly RCW 73.04.025.]

73.36.160 Discharge of guardian—Final account. In addition to any other provisions of law relating to judicial restoration and discharge of guardian, a certificate by the veterans administration showing that a minor ward has attained majority, or that an incompetent ward has been rated competent by the veterans administration upon examination in accordance with law shall be prima facie evidence that the ward has attained majority, or has recovered his competency. Upon hearing after notice as provided by this chapter and the determination by the court that the ward has attained majority or has recovered his competency, an order shall be entered to that effect, and the guardian shall file a final account. Upon hearing after notice to the former ward and to the veterans administration as in case of other accounts, upon approval of the final account, and upon delivery to the ward of the assets due him from the guardian, the guardian shall be discharged and his sureties released. [1951 c 53 § 17.]

73.36.165 Commitment to veterans administration or other federal agency. (1) Whenever, in any proceeding under the laws of this state for the commitment of a
Uniform Veterans' Guardianship Act

73.36.190

person alleged to be of unsound mind or otherwise in need of confinement in a hospital or other institution for his proper care, it is determined after such adjudication of the status of such person as may be required by law that commitment to a hospital for mental disease or other institution is necessary for safekeeping or treatment and it appears that such person is eligible for care or treatment by the veterans administration or other agency of the United States government, the court, upon receipt of a certificate from the veterans administration or such other agency showing that facilities are available and that such person is eligible for care or treatment therein, may commit such person to said veterans administration or other agency. The person whose commitment is sought shall be personally served with notice of the pending commitment proceeding in the manner as provided by the law of this state; and nothing in this chapter shall affect his right to appear and be heard in the proceedings. Upon commitment, such person, when admitted to any hospital operated by any such agency within or without this state shall be subject to the rules and regulations of the veterans administration or other agency. The chief officer of any hospital of the veterans administration or institution operated by any other agency of the United States to which the person is so committed shall with respect to such person be vested with the same powers as superintendents of state hospitals for mental diseases within this state with respect to retention of custody, transfer, parole or discharge. Jurisdiction is retained in the committing or other appropriate court of this state at any time to inquire into the mental condition of the person so committed, and to determine the necessity for continuance of his restraint, and all commitments pursuant to this chapter are so conditioned.

(2) The judgment or order of commitment by a court of competent jurisdiction of another state or of the District of Columbia, committing a person to the veterans administration, or other agency of the United States government for care or treatment shall have the same force and effect as to the committed person while in this state as in the jurisdiction in which is situated the court entering the judgment or making the order; and the courts of the committing state, or of the District of Columbia, shall be deemed to have retained jurisdiction of the person so committed for the purpose of inquiring into the mental condition of such person, and of determining the necessity for continuance of his restraint; as is provided in subsection (1) of this section with respect to persons committed by the courts of this state. Consent is hereby given to the application of the law of the committing state or district in respect to the authority of the chief officer of any hospital of the veterans administration, or of any institution operated in this state by any other agency of the United States to retain custody, or transfer, parole or discharge the committed person.

(3) Upon receipt of a certificate of the veterans administration or such other agency of the United States that facilities are available for the care or treatment of any person heretofore committed to any hospital for the insane or other institution for the care or treatment of persons similarly afflicted and that such person is eligible for care or treatment, the superintendent of the institution may cause the transfer of such person to the veterans administration or other agency of the United States for care or treatment. Upon effecting any such transfer, the committing court or proper officer thereof shall be notified thereof by the transferring agency. No person shall be transferred to the veterans administration or other agency of the United States if he be confined pursuant to conviction of any felony or misdemeanor or if he has been acquitted of the charge solely on the ground of insanity, unless prior to transfer the court or other authority originally committing such person shall enter an order for such transfer after appropriate motion and hearing.

Any person transferred as provided in this section shall be deemed to be committed to the veterans administration or other agency of the United States pursuant to the original commitment. [1951 c 53 § 18. Formerly RCW 71.02.700 through 71.02.720.]

73.36.170 Application of chapter to other guardianships of veterans. The provisions of this chapter relating to surety bonds and the administration of estates of wards shall apply to all "income" and "estate" as defined in RCW 73.36.010 whether the guardian shall have been appointed under this chapter or under any other law of this state, special or general, prior or subsequent to the enactment hereof. [1951 c 53 § 21.]

73.36.180 Construction of chapter—Uniformity. This chapter shall be so construed to make uniform the law of those states which enact it. [1951 c 53 § 19.]

73.36.190 Short title. This chapter may be cited as the "uniform veterans' guardianship act". [1953 c 53 § 20.]

Chapter 74.04 Title 74: Public Assistance

74.04.003 Department of public assistance abolished. See RCW 43.20A.500.

74.04.005 Definitions. For the purposes of this title, unless the context indicates otherwise, the following definitions shall apply:

(1) "Public assistance" or "assistance"—Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, general assistance and federal-aid assistance.

(2) "Department"—The department of public assistance.

(3) "County office"—The administrative office for one or more counties.

(4) "Director"—The director of the state department of public assistance.

(5) "Federal-aid assistance"—The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons, including old age assistance, medical assistance, aid to families with dependent children, aid to the permanently and totally disabled persons, aid to the blind, child welfare services, and any other programs of public assistance for which provision for federal funds or aid may from time to time be made.

(6) "General assistance"—Shall include aid to unemployed persons and unemployed employable persons who are not eligible to receive or are not receiving federal-aid assistance.

(a) Unemployable persons are those persons who by reason of bodily or mental infirmity or other cause are substantially incapacitated from gainful employment.

(b) Unemployed employable persons are those persons who although capable of gainful employment are unemployed.

(7) "Medical indigents"—Are persons without income or resources sufficient to secure necessary medical services.

(8) "Applicant"—Any person who has made a request, or on behalf of whom a request has been made, to any county office for assistance.

(9) "Recipient"—Any person receiving assistance or currently approved to receive assistance at any future date and in addition those dependents whose needs are included in the recipient's grant.

(10) "Requirement"—Items of goods and services included in the state department of public assistance standards of assistance and required by an applicant or recipient to maintain a defined standard of living.

(11) "Resource"—Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant's need, either directly or by conversion into money or its equivalent: Provided, That an applicant may retain the following described resources and not be ineligible for public assistance because of such resources:

(a) A home, which is defined as real property owned and used by an applicant or recipient as a place of residence, together with a reasonable amount of property surrounding and contiguous thereto, which is used by and useful to the applicant. Whenever a recipient shall cease to use such property for residential purposes, either for himself or his dependents, the property shall be considered income which can be made available to meet need, and if the recipient or his dependents absent themselves from the home for a period of ninety consecutive days such absence, unless due to hospitalization or health reasons, shall raise a presumption of abandonment: Provided, That if in the opinion of three physicians the recipient will be unable to return to the home during his lifetime, and the home is not occupied by a spouse or dependent children or disabled sons or daughters, such property shall be considered income which can be made available to meet need.

(b) Household furnishings and personal clothing used and useful to the person.

(c) Automobile(s) used and useful.

(d) Cash of not to exceed two hundred dollars for a single person or four hundred dollars for a family unit of two, or marketable securities of such value. This maximum shall be increased by twenty-five dollars for each additional member of the family unit.

(e) Life insurance having a cash surrender value.
(f) Other personal property and belongings which are used and useful or which have great sentimental value to the applicant or recipient.

Whenever such person ceases to make use of any of the property specified in items (b), (c) and (f) of this section, the same shall be considered as income available to meet need: Provided, That the department may by rule and regulation exempt such personal property and belongings which can be used by the applicant or recipient to decrease his need for public assistance or aid in rehabilitating him or his dependents.

(g) The department shall by rule and regulation fix the ceiling value for the individual or family unit for all property and belongings as defined in items (e), (d) and (e) of this section. In establishing such ceiling, the department shall establish a sliding scale based upon the family size. If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient: Provided, That in the determination of need of applicants for or recipients of general assistance no resources or income shall be considered as exempt per se, but the department may by rule and regulation adopt standards which will permit the exemption of the home and personal property and belongings from consideration as an available resource or income when such resources or income are determined to be necessary to the applicant’s or recipient’s restoration to independence.

(12) "Income"—All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient after applying for or receiving public assistance: Provided, That all necessary expenses that may reasonably be attributed to the earning of income shall be considered in determining net income: Provided further, That the department may by rule and regulation exempt income received by an applicant or recipient of public assistance which can be used by him to decrease his need for public assistance or to aid in rehabilitating him or his dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance: Provided further, That in determining the amount of assistance to which a recipient of aid to the blind may accumulate without penalty from such exempt income, an amount not to exceed the maximum value of personal property as established by the department pursuant to this section less other cash, marketable securities, cash surrender value of insurance and/or car held by such recipient. In formulating rules and regulations pursuant to this chapter the department shall define "earned income" in such a manner as to meet with the approval of the department of health, education and welfare: and Provided further, That all resources and income not specifically exempted, and any income or other economic benefit derived from the use of, or appreciation in value of, exempt resources, shall be considered in determining the need of an applicant or recipient of public assistance.

(13) "Need"—The difference between the applicant's or recipient's cost of requirements for himself and the dependent members of his family, as measured by the standards of the department, and value of all nonexempt resources and nonexempt net income received by or available to the applicant or recipient and the dependent members of his family.

(14) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary. The term a "dependent child" shall, notwithstanding the foregoing, also include a child who would meet such requirements except for his removal after April 30, 1961, from the home of a relative specified above as a result of a judicial determination that continuation therein would be contrary to the welfare of such child, for whose placement and care the state department of social and health services or the county office is responsible, and who has been placed in a licensed or approved child care institution or foster home as a result of such determination and who: (1) Was receiving an aid to families with dependent children grant for the month in which such proceedings leading to such determination were initiated; or (2) would have received aid to families with dependent children for such month if application had been made therefor; or (3) in the case of a child who had been living with a specified relative within six months prior to the month in which such proceedings were initiated, would have received aid to families with dependent children for such month if in such month he had been living with such a relative and application had been made therefor, as authorized by the Social Security Act: Provided, That the director shall have discretion to provide that aid to families with dependent children assistance shall be available to any child in need who has been deprived of parental support or care by reason of the unemployment of a parent or stepparent liable under this chapter for the support of such child, to the extent that matching funds are available from the federal government.

"Aid to families with dependent children" means money payments, services, and remedial care with respect to a dependent child or dependent children and the needy parent or relative with whom the child lives and may include the spouse of such relative if living with him and if such relative is the child's parent and the child is a dependent child by reason of the physical or mental incapacity or unemployment of a parent or stepparent liable under this chapter for the support of such child. [1973 2nd ex.s. c 31 § 1; 1969 ex.s. c 173 § 13; 1965 ex.s. c 37 § 1; 1963 c 228 § 18; 1961 c 265 § 1; 1959 c 26 § 74.12.010. 74.12.240 Services provided to help attain maximum self-support and independence of parents and relatives. The department is authorized to provide such social and related services as are reasonably necessary to encourage the care of dependent children in their own homes or in the homes of relatives, to help maintain and strengthen family life and to help such parents or relatives to attain maximum self-support and personal independence consistent with the maintenance of continuing parental care and protection. In the provision of such services, maximum utilization of other agencies providing similar or related services shall be effected. [1959 c 26 § 74.12.240. Prior: 1957 c 63 § 8.]

74.12.250 Payment of grant to another—Limited guardianship. If the department, after investigation, finds that any recipient of funds under an aid to families with dependent children grant is not utilizing the grant adequately for the needs of the child or children or is otherwise dissipating such grant, or is unable to manage adequately the funds paid on behalf of said child and that to continue said payments to him would be contrary to the welfare of the child, the department may make such payments to another individual who is interested in or concerned with the welfare of such child and relative: Provided, That the department shall provide such counseling and other services as are available and necessary to develop greater ability on the part of the relative to manage funds in such manner as to protect the welfare of the family. Periodic review of each case shall be made by the department to determine if said relative is able to resume management of the assistance grant. If after a reasonable period of time the payments to the relative cannot be resumed, the department may request the attorney general to file a petition in the superior court for the appointment of a guardian for the child or children. Such petition shall set forth the facts warranting such appointment. Notice of the hearing on such petition

Title 74—p 23
shall be served upon the recipient and the department not less than ten days before the date set for such hearing. Such petition may be filed with the clerk of superior court and all process issued and served without payment of costs. If upon the hearing of such petition the court is satisfied that it is for the best interest of the child or children, and all parties concerned, that a guardian be appointed, he shall order the appointment, and may require the guardian to render to the court a detailed itemized account of expenditures of such assistance payments at such time as the court may deem advisable.

It is the intention of this section that the guardianship herein provided for shall be a special and limited guardianship solely for the purpose of safeguarding the assistance grants made to dependent children. Such guardianship shall terminate upon the termination of such assistance grant, or sooner on order of the court, upon good cause shown. [1963 c 228 § 1.]

74.12.260 Persons to whom grants shall be made—Proof of use for benefit of children. Aid to families with dependent children grants shall be made to persons specified in RCW 74.12.010 as amended or such others as the federal department of health, education and welfare shall recognize for the sole purposes of giving benefits to the children whose needs are included in the grant paid to such persons. The recipient of each aid to families with dependent children's grant shall be and hereby is required to present reasonable proof to the department of public assistance as often as may be required by the department that all funds received in the form of an aid to families with dependent children grant for the children represented in the grant are being spent for the benefit of the children. [1963 c 228 § 22.]

74.12.270 Protective payments subject to fair hearing and appeal procedure. The decision of the department that there is need for a protective payment because of the relative's inability to manage the assistance payment shall be subject to the provisions of RCW 74.08.070 and RCW 74.08.080. [1963 c 228 § 23.]

74.12.280 Rules and regulations for coordination of services. The department is hereby authorized to promulgate rules and regulations which will provide for coordination between the services provided pursuant to *RCW 74.12.130 and the services provided under the aid to families with dependent children program in order to provide welfare and related services which will best promote the welfare of such children and their families and conform with the provisions of Public Law 87–543 (HR 10606). [1963 c 228 § 24.]

*Reviser's note: "RCW 74.12.130" referred to above was repealed by 1965 c 30 § 5. For later enactment concerning child welfare services, see chapter 74.13 RCW.

74.12.290 Evaluation of suitability of home. The department of public assistance shall, during the initial and any subsequent determination of eligibility, evaluate the suitability of the home in which the dependent child lives, consideration to be given to physical care and supervision provided in the home; social, educational, and the moral atmosphere of the home as compared with the standards of the community; the child's physical and mental health and emotional security, special needs occasioned by the child's physical handicaps or illnesses, if any; the extent to which desirable factors outweigh the undesirable in the home; and the apparent possibility for improving undesirable conditions in the home. [1963 c 228 § 25.]

74.12.300 Grant during period required to eliminate undesirable conditions. If the home in which the child lives is found to be unsuitable, but there is reason to believe that elimination of the undesirable conditions can be effected, and the child is otherwise eligible for aid, a grant shall be initiated or continued for such time as the state department of public assistance and the family require to remedy the conditions. [1963 c 228 § 26.]

74.12.310 Placement of child with other relatives. Where intensive efforts over a reasonable period have failed to improve the home conditions, the department shall determine if any other relatives specified by the social security act are maintaining a suitable home and are willing to take the care and custody of the child in their home. Upon an affirmative finding the department shall, if the parents or relatives with whom the child is living consent, take the necessary steps for placement of the child with such other relatives, but if the parents or relatives with whom the child lives refuse their consent to the placement then the department shall file a petition in the juvenile court for a decree adjudging the home unsuitable and placing the dependent child with such other relatives. [1963 c 228 § 27.]

74.12.320 Placement of child pursuant to chapter 13.04 RCW. If a diligent search reveals no other relatives as specified in the social security act maintaining a suitable home and willing to take custody of the child, then the department may file a petition in the appropriate juvenile court for placement of the child pursuant to the provisions of chapter 13.04 RCW. [1963 c 228 § 28.]

74.12.330 Assistance not to be denied for want of relative or court order. Notwithstanding the provisions of this chapter a child otherwise eligible for aid shall not be denied such assistance where a relative as specified in the social security act is unavailable or refuses to accept custody and the juvenile court fails to enter an order removing the child from the custody of the parent, relative or guardian then having custody. [1963 c 228 § 29.]

74.12.340 Day care. The department is authorized to promulgate rules and regulations governing the provision of day care as a part of child welfare services when the secretary determines that a need exists for such day care and that it is in the best interests of the child, the parents, or the custodial parent and in determining the need for such day care priority shall be given to geographical areas having the greatest need for such care and to
members of low income groups in the population: Provided, That where the family is financially able to pay part or all of the costs of such care, fees shall be imposed and paid according to the financial ability of the family. [1973 1st ex.s. c 154 § 111; 1963 c 228 § 30.]

Child welfare services: Chapter 74.13 RCW.

[1971 ex.s. c 169 § 8.]

*Reviser's note: *this 1971 amendatory act* consists of RCW 74.08-0.025, 74.08.030, 74.08.050, 74.09.510, 74.10.020, 74.12.030, 74.13.060, 74.13.070, 74.16.030, 74.36.110, 74.36.120 and 74.36.130.

ADOPTION SUPPORT DEMONSTRATION ACT OF 1971

74.13.100 State policy enunciated. It is the policy of this state to enable the secretary to charge fees for certain services to adoptive parents who are able to pay for such services.

It is, however, also the policy of this state that the secretary of the department of social and health services shall be liberal in waiving, reducing, or deferring payment of any such fee to the end that adoptions shall be encouraged in cases where prospective adoptive parents lack means.
It is the policy of this state to encourage, within the limits of available funds, the adoption of certain hard to place children in order to make it possible for children living in, or likely to be placed in, foster homes or institutions to benefit from the stability and security of permanent homes in which such children can receive continuous parental care, guidance, protection, and love and to reduce the number of such children who must be placed or remain in foster homes or institutions until they become adults.

It is also the policy of this state to try, by means of the program of adoption support authorized in RCW 26.32.115 and 74.13.100 through 74.13.145, to reduce the total cost to the state of foster home and institutional care. [1971 ex.s. c 63 § 1.]

74.13.103 Prospective adoptive parent's fee for cost of adoption services. When a child proposed for adoption is placed with a prospective adoptive parent the department may charge such parent a fee in payment or part payment of such adoptive parent's part of the cost of the adoption services rendered and to be rendered by the department.

In charging such fees the department shall treat a husband and wife as a single prospective adoptive parent.

Each such fee shall be fixed according to a sliding scale based on the ability to pay of the prospective adoptive parent or parents.

Such fee scale shall be annually fixed by the secretary after considering the recommendations of the committee designated by the secretary to advise him on child welfare and pursuant to the regulations to be issued by the secretary in accordance with the provisions of Title 34 RCW.

The secretary may waive, defer, or provide for payment in installments without interest of, any such fee whenever in his judgment payment or immediate payment would cause economic hardship to such adoptive parent or parents.

Nothing in this section shall require the payment of a fee to the state of Washington in a case in which an adoption results from independent placement or placement by a licensed child-placing agency. [1971 ex.s. c 63 § 2.]

74.13.106 Adoption support account—Creation—Source—Use—Federal funds—Gifts and grants. All fees paid for adoption services pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 shall be credited to an adoption support account, hereby created, in the general fund. Expenses incurred in connection with supporting the adoption of hard to place children shall be paid by warrants drawn against such account. The secretary may also from time to time transfer to such account from appropriations available to him for care of children in foster homes and child-caring institutions such sums as in his judgment will further the purposes set forth in RCW 74.13.100. The secretary may for such purposes, contract with any public agency or licensed child placing agency and/or adoptive parent and is authorized to accept funds from other sources including federal, private and other public funding sources to carry out such purposes.

The secretary shall actively seek, where consistent with the policies and programs of the department, and shall make maximum use of, such federal funds as are or may be made available to the department for the purpose of supporting the adoption of hard to place children. The secretary may, if permitted by federal law, deposit federal funds for adoption support, aid to adoptions, or subsidized adoption in the adoption support account of the general fund and may use such funds, subject to such limitations as may be imposed by federal law, to carry out the program of adoption support authorized by RCW 26.32.115 and 74.13.100 through 74.13.145.

The secretary may also deposit in such account and disburse therefrom all gifts and grants from any nonfederal source, including public and private foundations, which may be used for the program of adoption support authorized by RCW 26.32.115 and 74.13.100 through 74.13.145. [1975 c 53 § 1; 1973 c 61 § 1; 1971 ex.s. c 63 § 3.]

74.13.109 Rules and regulations—Agreements for disbursements from adoption support account, criteria. The secretary shall issue rules and regulations to assist in the administration of the program of adoption support authorized by RCW 26.32.115 and 74.13.100 through 74.13.145.

Disbursements from the adoption support account shall be made pursuant to such rules and regulations and pursuant to agreements conforming thereto to be made by the secretary with parents for the purpose of supporting the adoption of children in, or likely to be placed in, foster homes or child caring institutions who are found by the secretary to be difficult to place in adoption because of physical or other reasons; including, but not limited to, physical or mental handicap, emotional disturbance, ethnic background, language, race, color, age or sibling grouping.

Such agreements shall meet the following criteria:

(1) The child whose adoption is to be supported pursuant to such agreement shall be or have been a child hard to place in adoption.

(2) Such agreement must relate to a child who was or is residing in a foster home or child-caring institution or a child who, in the judgment of the secretary, is both eligible for, and likely to be placed in, either a foster home or a child-caring institution.

(3) Such agreement shall provide that adoption support shall not continue beyond the time that the adopted child reaches twenty-one years of age, becomes emancipated, dies, or otherwise ceases to need support, provided that if the secretary shall find that continuing dependency of such child after such child reaches twenty-one years of age warrants the continuation of support pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 the secretary may do so, subject to all the provisions of RCW 26.32.115 and 74.13.100 through 74.13.145, including annual review of the amount of such support.

(4) Any prospective parent who is to be a party to such agreement shall be a person who, while having the
character, judgment, sense of responsibility, and disposition which make him or her suitable as an adoptive parent of such child, lacks the financial means fully to care for such hard to place child. [1971 ex.s. c 63 § 4.]

74.13.112 Factors determining payments or adjustment in standards. The factors to be considered by the secretary in setting the amount of any payment or payments to be made pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 and in adjusting standards hereunder shall include: The size of the family including the adoptive child, the usual living expenses of the family, the special needs of any family member including education needs, the family income, the family resources and plan for savings, the medical and hospitalization needs of the family, the family's means of purchasing or otherwise receiving such care, and any other expenses likely to be needed by the child to be adopted.

The amounts paid for the support of a child pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 may vary from family to family and from year to year. Due to changes in economic circumstances or the needs of the child such payments may be discontinued and later resumed.

Payments under RCW 26.32.115 and 74.13.100 through 74.13.145 may be continued by the secretary subject to review as provided for herein, if such parent or parents having such child in their custody establish their residence in another state or a foreign jurisdiction.

In fixing the standards to govern the amount and character of payments to be made for the support of adopted children pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 and before issuing rules and regulations to carry out the provisions of RCW 26.32.115 and 74.13.100 through 74.13.145, the secretary shall consider the comments and recommendations of the committee designated by the secretary to advise him with respect to child welfare. [1971 ex.s. c 63 § 5.]

74.13.115 Both continuing payments and lump sum payments authorized. To carry out the program authorized by RCW 26.32.115 and 74.13.100 through 74.13.145, the secretary may make continuing payments or lump sum payments of adoption support. In lieu of continuing payments, or in addition to them, the secretary may make one or more specific lump sum payments for or on behalf of a hard to place child either to the adoptive parents or directly to other persons to assist in correcting any condition causing such child to be hard to place for adoption.

After determination by the secretary of the amount of a payment or the initial amount of continuing payments, the prospective parent or parents who desire such support shall sign an agreement with the secretary providing for the payment, in the manner and at the time or times prescribed in regulations to be issued by him subject to the provisions of RCW 26.32.115 and 74.13.100 through 74.13.145, of the amount or amounts of support so determined.

Payments shall be subject to review as provided in RCW 26.32.115 and 74.13.100 through 74.13.145. [1971 ex.s. c 63 § 6.]

74.13.118 Review of support payments. At least annually the secretary shall review the need of any adoptive parent or parents receiving continuing support pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145, or the need of any parent who is to receive more than one lump sum payment where such payments are to be spaced more than one year apart. Such review shall be made not later than the anniversary date of the adoption support agreement.

At the time of such annual review and at other times during the year when changed conditions, including variations in medical opinions, prognosis and costs, are deemed by the secretary to warrant such action, appropriate adjustments in payments shall be made based upon changes in the needs of the child, in the adoptive parents' income, resources, and expenses for the care of such child or other members of the family, including medical and/or hospitalization expense not otherwise covered by or subject to reimbursement from insurance or other sources of financial assistance.

Any parent who is a party to such an agreement may at any time in writing request, for reasons set forth in such request, a review of the amount of any payment or the level of continuing payments. Such review shall be begun not later than thirty days from the receipt of such request. Any adjustment may be made retroactive to the date such request was received by the secretary. If such request is not acted on within thirty days after it has been received by the secretary, such parent may invoke his rights under the hearing provisions set forth in RCW 74.13.127. [1971 ex.s. c 63 § 7.]

74.13.121 Copy of adoptive parent's federal income tax return to be filed—Additional financial information. So long as any adoptive parent is receiving support pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 he shall, not later than two weeks after it is filed with the United States government, file with the secretary a copy of his federal income tax return. Such return and any information thereon shall be marked by the secretary "confidential", shall be used by the secretary solely for the purposes of RCW 26.32.115 and 74.13.100 through 74.13.145, and shall not be revealed to any other person, institution or agency, public or private, including agencies of the United States government, other than a superior court, judge or commissioner before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 is then pending.

In carrying on the review process authorized by RCW 26.32.115 and 74.13.100 through 74.13.145 the secretary may require the adoptive parent or parents to disclose such additional financial information, not privileged, as may enable him to make determinations and adjustments in support to the end that the purposes and policies of this state expressed in RCW 74.13.100 may be carried out, provided that no adoptive parent or parents shall be obliged, by virtue of this section, to sign any agreement or other writing waiving any constitutional right or privilege nor to admit to his or her home any agent, employee, or official of any department of this state, or of the United States government.
Such information shall be marked "confidential" by the secretary, shall be used by him solely for the purposes of RCW 26.32.115 and 74.13.100 through 74.13-.145, and shall not be revealed to any other person, institution, or agency, public or private, including agencies of the United States government other than a superior court judge or commission before whom a petition for adoption of a child being supported or to be supported pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 is then pending. [1971 ex.s. c 63 § 8.]

**74.13.124 Agreements as contracts within state and federal Constitutions—State's continuing obligation.**

An agreement for adoption support made pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145, although subject to review and adjustment as provided for herein, shall, as to the standard used by the secretary in making such review or any such adjustment, constitute a contract within the meaning of section 10, Article I of the United States Constitution and section 23, Article I of the state Constitution. For that reason once such an agreement has been made any review of and adjustment under such agreement shall as to the standards used by the secretary, be made only subject to the provisions of RCW 26.32.115 and 74.13-.100 through 74.13.145 and such rules and regulations relating thereto as they exist on the date of the initial determination in connection with such agreement or such more generous standard or parts of such standard as may hereafter be provided for by law or regulation. Once made such an agreement shall constitute a solemn undertaking by the state of Washington with such adoptive parent or parents. The termination of the effective period of RCW 26.32.115 and 74.13.100 through 74.13-.145 or a decision by the state or federal government to discontinue or reduce general appropriations made available for the purposes to be served by RCW 26.32.-115 and 74.13.100 through 74.13.145, shall not affect the state's specific continuing obligations to support such adoptions, subject to such annual review and adjustment for all such agreements as have theretofore been entered into by the state.

The purpose of this section is to assure any such parent that, upon his consenting to the burdens of adopting a hard to place child, the state will not in future so act by way of general reduction of appropriations for the program authorized by RCW 26.32.115 and 74.13.100 through 74.13.145 or ratable reductions, to impair the trust and confidence necessarily reposed by such parent in the state as a condition of such parent taking upon himself the obligations of parenthood of a difficult to place child.

Should the secretary and any such adoptive parent differ as to whether any standard or part of a standard adopted by the secretary after the date of an initial agreement, which standard or part is used by the secretary in making any review and adjustment, is more generous than the standard in effect as of the date of the initial determination with respect to such agreement such adoptive parent may invoke his rights, including all rights of appeal under the fair hearing provisions, available to him under RCW 74.13.127. [1971 ex.s. c 63 § 9.]

**74.13.127 Voluntary amendments to agreements—Procedure when adoptive parent dissents—Appeal.**

Voluntary amendments of any support agreement entered into pursuant to RCW 26.32.115 and 74.13.100 through 74.13.145 may be made at any time. In proposing any such amending action which relates to the amount or level of a payment or payments, the secretary shall, as provided in RCW 74.13.124, use either the standard which existed as of the date of the initial determination with respect to such agreement or any subsequent standard or parts of such standard which both parties to such agreement agree is more generous than those in effect as of the date of such initial agreement.

The secretary shall seek voluntary amendment of any such agreement before invoking the additional procedures provided for in this section.

Whenever the secretary, having found an adoptive parent declines to agree to a voluntary amendment, wishes to enter an order increasing or decreasing the level of a payment or payments for the support of an adoptive child under RCW 26.32.115 and 74.13.100 through 74.13.145, he shall notify the adoptive parent of the action the secretary proposed to take in writing by certified mail or personal service stating the grounds upon which the secretary proposes such action.

Within thirty days from the receipt of such notice the adoptive parent or parents may serve upon the official of the department sending such notice a written request for hearing. Service of a request for hearing shall be made by certified mail. Upon receiving a request for hearing, such officer shall fix a hearing date, which date shall be not later than thirty-five days from the receipt by him of such request for hearing. The matter shall be heard on such date or on such date to which the matter is continued by agreement of the parties. Such official shall also notify the committee designated by the secretary to advise him on child welfare of the filing of such request not less than twenty-five days before the hearing date. If the adoptive parent agrees, a member of such committee may attend the hearing.

If no request for hearing is made within the time specified, the proposed action shall be taken and the agreement between the adoptive parent and the state shall be deemed amended accordingly.

It shall be the duty of the secretary within thirty days after the date of the hearing to notify the appellant of the decision.

The secretary shall promulgate and publish rules governing the conduct of such hearings, including provision for confidentiality.

In all other respects such proceedings shall be conducted by the department pursuant to RCW 74.08.070 and regulations issued pursuant thereto. The adoptive parent shall have a right of appeal as provided in RCW 74.08.080. If the decision of the secretary or the superior court is made in favor of the appellant, adoption support.
shall be paid from the effective date of the action or
decision appealed from.

Except as otherwise specifically provided for in this
section the rules adopted by the secretary and the man-
ner of carrying on the proceedings shall be in accord
with the provisions of Title 34 RCW. [1971 ex.s. c 63 §
10.]

74.13.130 Attorney's fees in adoption proceedings. If
the secretary determines that a prospective adoptive
parent or parents cannot, because of limited financial
means, pay the cost or the full cost of an adoption pro-
cceeding for the adoption of a hard to place child who
would be eligible for support under RCW 26.32.115 and
74.13.100 through 74.13.145, the secretary may author-
ize the payment from the adoption support account of all
or part a reasonable attorney's fee to be determined by
the superior court hearing the adoption and court costs.
The clerk of the court shall furnish the secretary with a
certified copy of the decree of adoption containing the
finding as to such attorney's fee.

In evaluating any such prospective parent's ability to
pay the secretary may use the same criteria for evaluat-
ing ability to pay which are to be used by him in waiv-
ing, reducing, or deferring fees pursuant to RCW
74.13.103 plus the burdens likely to be assumed by such
parent even after adoption support is provided pursuant
to RCW 26.32.115 and 74.13.100 through 74.13.145.
[1971 ex.s. c 63 § 11.]
order to help them to improve their methods of and facilities for care;

(5) To license agencies as defined in RCW 74.15.020 and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate maximum standards are maintained by all agencies caring for children, expectant mothers and adult retarded persons. [1967 c 172 § 1.]

*Reviser's note:* "RCW 74.32.040 through 74.32.055" were repealed by 1971 ex.s. c 189 § 7.

Severability—1967 c 172: "If any provision of this 1967 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1967 c 172 § 24.]

This applies to RCW 74.13.031 and chapter 74.15 RCW.

et with minor or legally adopted children who are
receiving public assistance—Order—Powers of
court. (1) After the hearing of the petition for an order
of support the court shall make an order granting or
denying it and fixing, if allowed, the terms and amount
of the support. (2) The court has the same power to
compel the attendance of witnesses and the production
of testimony as in actions and suits, to make such decree
or orders as are equitable in view of the circumstances
of both parties and to punish violators thereof as other
contempts are punished. [1963 c 206 § 9.]

74.20.250 Petition for support order by married par­
et with minor or legally adopted children who are
receiving public assistance—Waiver of filing fees.
The court may, upon satisfactory showing that the petitioner
is without funds to pay the filing fee, order that the
petition and other papers be filed without payment of the
fee. [1963 c 206 § 10.]

74.20.260 Financial statements by parent whose
absence is basis of application for public assistance. Any
parent in the state whose absence is the basis upon
which an application is filed for public assistance on
behalf of a child shall be required to complete a state­
ment, under oath, of his current monthly income, his
total income over the past twelve months, the number of
dependents for whom he is providing support, the
amount he is contributing regularly toward the support
of all children for whom application for such assistance
is made, his current monthly living expenses and such
other information as is pertinent to determining his ability
to support his children. Such statement shall be pro­
vided upon demand made by the state department of
public assistance or attorney general, and if assistance
based upon such application is granted on behalf of such
child, additional statements shall be filed annually
thereafter with the state department of public assistance
until such time as the child is no longer receiving such
assistance. Failure to comply with this section shall con­
titute a misdemeanor. [1963 c 206 § 11.]

74.20.270 Scale of suggested minimum contributions.
The state department of public assistance shall establish
a scale of suggested minimum contributions to assist
counties and courts in determining the amount that a
parent should be expected to contribute toward the sup­
port of his child under this chapter. The scale shall
include consideration of gross income, shall authorize an
expense deduction for determining net income, shall
designate other available resources to be considered, and
shall specify the circumstances which should be consid­
ered in reducing such contributions on the basis of
hardship.

The state department of public assistance shall accept
and compile any pertinent and reliable information from
any available source in order to establish such minimum
scale of suggested contributions, and copies of the scale
shall be made available to courts, county offices, prose­
cuting attorneys and, upon request, to any other state or
county officer or agency engaged in the administration
or enforcement of this chapter in any manner and attor­
eys admitted to practice in the state of Washington.

It is intended that the use of the scale formulated
pursuant to this section be optional, and that no county,
court, officer or agency be required to use said scale
unless they so desire. [1963 c 206 § 12.]

74.20.280 Central unit for information and adminis­
tration—Cooperation enjoined—Availability of
records. The department is authorized and directed to
establish a central unit to serve as a registry for the
receipt of information, for answering interstate inquiries
concerning deserting parents, to coordinate and supervise
departmental activities in relation to deserting parents
and to assure effective cooperation with law enforcement
agencies.

To effectuate the purposes of this section, the director
may request from state, county and local agencies all
information and assistance as authorized by this chapter.
All state, county and city agencies, officers and employ­
ees shall cooperate in the location of parents who have
abandoned or deserted, or are failing to support, children
receiving public assistance and shall on request supply

[Title 74—p 38]
the state department of public assistance with all information on hand relative to the location, income and property of such parents, notwithstanding any provision of law making such information confidential.

Any records established pursuant to the provisions of this section shall be available only to the attorney general, prosecuting attorneys, and courts having jurisdiction in support and/or abandonment proceedings or actions, or agencies in other states engaged in the enforcement of support of minor children as authorized by the rules and regulations of the department and by the provisions of the federal social security act. [1963 c 206 § 13.]

74.20.030 Department exempt from fees. No filing or recording fees, court fees, fees for making copies of documents or fees for service of process shall be required from the state department of social and health services by any county clerk, county auditor, sheriff or other county officer for the filing of any actions or documents authorized by this chapter, or for the service of any summons or other process in any action or proceeding authorized by this chapter. [1973 1st ex.s. c 183 § 3; 1963 c 206 § 15.]

Purpose—Remedies additional. Common law and statutory procedures governing the remedies for enforcement of support for financially dependent minor children by responsible parents have not proven sufficiently effective or efficient to cope with the increasing incidence of financial dependency. The increasing workload of courts, prosecuting attorneys, and the attorney general has made such remedies uncertain, slow and inadequate, thereby resulting in a growing burden on the financial resources of the state, which is constrained to provide public assistance grants for basic maintenance requirements when parents fail to meet their primary obligations. The state of Washington, therefore, exercising its police and sovereign power, declares that the common law and statutory remedies pertaining to family desertion and nonsupport of minor dependent children shall be augmented by additional remedies directed to the real and personal property resources of the responsible parents. In order to render resources more immediately available to meet the needs of minor children, it is the legislative intent that the remedies herein provided are in addition to, and not in lieu of, existing law. It is declared to be the public policy of this state that this chapter be construed and administered to the end that children shall be maintained from the resources of responsible parents, thereby relieving, at least in part, the burden presently borne by the general citizenry through welfare programs. [1971 ex.s. c 164 § 1.]

Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:

(1) "Department" means the state department of social and health services.

(2) "Secretary" means the secretary of the department of social and health services, his designee or authorized representative.

(3) "Dependent child" means any person under the age of twenty-one who is not otherwise emancipated, self-supporting, married, or a member of the armed forces of the United States.

(4) "Superior court order" means any judgment or order of the superior court of the state of Washington or an order of a court of comparable jurisdiction of another state ordering payment of a set or determinable amount of support moneys.

(5) "Responsible parent" means the natural or adoptive parent of a dependent child. [1971 ex.s. c 164 § 2.]

Payment of public assistance for child constitutes debt to department by natural or adoptive parents—Limitations—Department subrogated to rights. Except as provided in this section and in *section

[Title 74—p 39]
27 of this 1973 amendatory act, any payment of public assistance money made to or for the benefit of any dependent child or children creates a debt due and owing to the department by the natural or adoptive parent or parents who are responsible for support of such children in an amount equal to the amount of public assistance money so paid: Provided, That where there has been a superior court order, the debt shall be limited to the amount provided for by said order. The department shall have the right to petition the appropriate superior court for modification of a superior court order on the same grounds as a party to said cause. Where a child has been placed in foster care, and a written agreement for payment of support has been entered into by the responsible parent or parents and the department, the debt shall be limited to the amount provided for in said agreement: Provided, That if a court order for support is or has been entered, the provisions of said order shall prevail over the agreement. The department shall adopt rules and regulations, based on ability to pay, with respect to the level of support to be provided for in such agreements, or modifications of such agreements based on changed circumstances.

The department shall be subrogated to the right of said child or children or person having the care, custody, and control of said child or children to prosecute or maintain any support action or execute any administrative remedy existing under the laws of the state of Washington to obtain reimbursement of moneys thus expended. If a superior court order enters judgment for an amount of support to be paid by an obligor parent, the department shall be subrogated to the debt created by such order, and said money judgment shall be deemed to be in favor of the department. This subrogation shall specifically be applicable to temporary spouse support orders, family maintenance orders and alimony orders up to the amount paid by the department in public assistance moneys to or for the benefit of a dependent child or children but allocated to the benefit of said children on the basis of providing necessities for the caretaker of said children.

Debt under this section shall not be incurred by nor at any time be collected from a parent or other person who is the recipient of public assistance moneys for the benefit of minor dependent children for the period such person or persons are in such status. [1973 1st ex.s. c 183 § 4; 1971 ex.s. c 164 § 3.]

*Reviser's note: "section 27 of this 1973 amendatory act" referred to herein was vetoed and thus failed to become law.*

74.20A.00 Notice of support debt based upon subrogation to or assignment of judgment—Service or mailing—Contents—Action on, when. The secretary may issue a notice of a support debt accrued and/or accruing based upon subrogation to or assignment of the judgment created by a superior court order. Said notice may be served upon the debtor in the manner prescribed for the service of a summons in a civil action or be mailed to the debtor at his last known address by certified mail, return receipt requested, demanding payment within twenty days of the date of receipt. Said notice of debt shall include a statement of the support debt accrued and/or accruing, computable on the amount required to be paid under any superior court order to which the department is subrogated or has an assigned interest; a statement that the property of the debtor is subject to collection action; a statement that the property is subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver; and a statement that the net proceeds will be applied to the satisfaction of the support debt. Action to collect said subrogated or assigned support debt by lien and foreclosure, or distraint, seizure and sale, or order to withhold and deliver shall be lawful after twenty days from the date of service upon the debtor or twenty days from the receipt or refusal by the debtor of said notice of debt. [1973 1st ex.s. c 183 § 5; 1971 ex.s. c 164 § 4.]

74.20A.05 Notice of support debt based upon payment of public assistance—Service—Contents—Collection warrant—Fair hearing—Filing and serving of liens—Bond to release liens—Contents—Service—Contents—Action on, when. The secretary may issue a notice of a support debt accrued and/or accruing based upon payment of public assistance to or for the benefit of any dependent child or children. Said notice of debt shall be served upon the debtor in the manner prescribed for the service of summons in a civil action, including summons by publication where appropriate and necessary. The notice of debt shall include a statement of the support debt accrued and/or accruing, computable on the basis of the amount of public assistance previously paid and to be paid in the future; a statement of the amount of the monthly public assistance payment; a statement of the name of the recipient and the name of the child or children for whom assistance is being paid; a demand for immediate payment of the support debt or in the alternative, a demand that the debtor make answer within twenty days of the date of service to the secretary stating defenses to liability under RCW 74.20A.030; a statement that if no answer is made on or before twenty days from the date of the service, the support debt shall be assessed and determined subject to computation, and is subject to collection action; a statement that the property of the debtor will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver. If no answer is had by the secretary to the notice of debt on or before twenty days of the date of service, the support debt shall be assessed and determined subject to computation and the secretary shall issue a collection warrant authorizing collection action under this chapter. If the debtor, within twenty days of date of service of the notice of debt, makes answer to the secretary alleging defenses to liability under RCW 74.20A.030, said debtor shall have the right to a fair hearing pursuant to RCW 74.08.070 and 74.08.090. The decision of the department in the fair hearing shall establish the liability of the debtor, if any, for repayment of public assistance moneys expended to date as an assessed and determined support debt. Action by the secretary under the provisions of this chapter to collect said support debt shall be lawful from the date of issuance of the decision in the fair hearing. If the secretary reasonably believes that the debtor is not a resident of this state, or
is about to move from this state, or has concealed himself, absconded, absented himself or has removed or is about to remove, secrete, waste, or otherwise dispose of property which could be made subject to collection action to satisfy the support debt, the secretary may file and serve liens pursuant to RCW 74.20A.080 and 74.20A.070 during pendency of the fair hearing or thereafter, whether or not appealed: Provided, That no further action under RCW 74.20A.080, 74.20A.130 and 74.20A.140 may be taken on such liens until final determination after fair hearing and/or appeal. The secretary shall in such cases, make and file in the record of the fair hearing an affidavit stating the reasons upon which said belief is founded: Provided, That the debtor may furnish a good and sufficient bond satisfactory to the secretary during pendency of the fair hearing, or thereafter, and in such case liens filed shall be released. If the decision of the fair hearing is in favor of the debtor, all liens filed shall be released. [1973 1st ex.s. c 183 § 6; 1971 ex.s. c 164 § 5.]

Civil procedure—Commencement of actions: Chapter 4.28 RCW.

74.20A.055 Notice and finding of financial responsibility of responsible parent—Alternative procedure. As an alternative to the hearing and appeal procedures provided in RCW 74.20A.050, the secretary may, in the absence of a superior court order, serve on the responsible parent a notice and finding of financial responsibility requiring a responsible parent to appear and show cause in a hearing held by the department why the finding of responsibility and/or the amount thereof is incorrect, should not be finally ordered, but should be rescinded or modified. This notice and finding shall relate to the support debt accrued and/or accruing under this chapter and/or RCW 26.16.205, including periodic payments to be made in the future for such period of time as the child or children of said responsible parent are in need. Said hearing shall be held pursuant to this 1973 amendatory act, chapter 34.04 RCW, and the rules and regulations of the department, which shall provide for a fair hearing.

The notice and finding of financial responsibility shall be served in the same manner prescribed for the service of a summons in a civil action. Any responsible parent who objects to all or any part of the notice and finding shall have the right for not more than twenty days from the date of service to request in writing a hearing, which request shall be served upon the secretary or his designee by registered or certified mail or personally. If no such request is made, the notice and finding of responsibility shall become final. If a request is made, the execution of notice and finding of responsibility shall be stayed pending the decision on such hearing, or any direct appeal to the courts from that decision. Hearings may be held in the county of residence or other place convenient to the responsible parent. Any such hearing shall be a "contested case" as defined in RCW 34.04.010. The notice and finding of financial responsibility shall set forth the amount the department has determined the responsible parent owes, the support debt accrued and/or accruing, and, as appropriate, the amount to be paid thereon each month, all computable on the basis of the amount of the monthly public assistance payment previously paid, or need alleged, and the ability of the responsible parent to pay all, or any portion of the amount so paid and/or being paid and/or to be paid. The notice and finding shall also include a statement of the name of the recipient or custodian and the name of the child or children for whom assistance is being paid or need is alleged; and/or a statement of the amount of periodic future support payments as to which financial responsibility is found. The notice and finding shall include a statement that the responsible parent may object to all or any part of the notice and finding, request a hearing to show cause why said responsible parent should not be determined to be liable for any or all of the debt, past and future, determined, and the amount to be paid thereon.

The notice and finding shall also include a statement that if the responsible parent fails to request a hearing that the support debt and payments stated in the notice and finding, including periodic support payments in the future, shall be assessed and determined and ordered by the department and that this debt shall be subject to collection action; a statement that the property of the debtor, without further advance notice or hearing, will be subject to lien and foreclosure, distraint, seizure and sale, or order to withhold and deliver to satisfy the debt. If a hearing is requested, it shall be promptly scheduled, in no more than thirty days. The hearing examiner shall determine the liability and responsibility, if any, of the alleged responsible parent under RCW 74.20A.030, and shall also determine the amount of periodic payments to be made to satisfy past, present or future liability under RCW 74.20A.030 and/or 26.16.205. In making these determinations, the hearing examiner shall include in his considerations (1) the necessities and requirements of the child or children, exclusive of any income of the custodian of said child or children, (2) the amount of support debt claimed, (3) the public policy and intent of the legislature to require that children be maintained from the resources of responsible parents thereby relieving to the greatest extent possible the burden borne by the general citizenry through welfare programs, and (4) the abilities and resources of the responsible parent.

If the responsible parent fails to appear at the hearing, upon a showing of valid service, the hearing examiner shall enter a decision and order declaring the support debt and payment provisions stated in the notice and finding of financial responsibility to be assessed and determined and subject to collection action. Within fifteen days of entry of said decision and order, the responsible parent may petition the department to vacate said decision and order upon a showing of any of the grounds enumerated in RCW 4.72.010.

The hearing examiner shall, within twenty days of the hearing, enter findings, conclusions and a final decision determining liability and responsibility and/or future periodic support payments. The determination of the hearing examiner entered pursuant to this section shall be entered as a decision and order and shall limit the support debt under RCW 74.20A.030 to the amounts stated in said decision: Provided, That said decision
estimating liability and/or future periodic support payments shall be superseded upon entry of a superior court order for support to the extent the superior court order is inconsistent with the hearing order or decision: Provided further, That in the absence of a superior court order either the responsible parent or the department may petition the secretary or his designee for issuance of an order to appear and show cause based on a showing of good cause and material change of circumstances, to require the other party to appear and show cause why the decision previously entered should not be prospectively modified. Said order to appear and show cause together with a copy of the affidavit upon which the order is based shall be served in the manner of a summons in a civil action on the other party by the petitioning party. A hearing shall be set not less than fifteen nor more than thirty days from the date of service, unless extended for good cause shown. Prospective modification may be ordered, but only upon a showing of good cause and material change of circumstances.

The department, in its original determinations, and the hearing examiner in making determinations based on objections to original determinations or on petitions to modify, shall consider the standards promulgated pursuant to RCW 74.20.270 and any standards for determination of support payments used by the superior court of the county of residence of the responsible parent.

Debts determined pursuant to this section, accrued and not paid, are subject to collection action under this chapter without further necessity of action by the hearing examiner.

*Need" as used in this section shall mean the necessary costs of food, clothing, shelter and medical attendance for the support of a dependent child or children. [1973 1st ex.s. c 183 § 25.]

*Reviser's note: 'this 1973 amendatory act' consists of the amendments to RCW 74.20.040, 74.20.101, 74.20.300, 74.20A.030-74.20A.100, 74.20A.130-74.20A.150, and 74.20A.170-74.20A.250 by 1973 1st ex.s. c 183, and to RCW 74.20A.055 and 74.20A.260.

Whenever a support lien has been filed and there is in the possession of any person, firm, corporation, association, political subdivision or department of the state having notice of said lien any property which may be subject to the support lien, such property shall not be paid over, released, sold, transferred, encumbered or conveyed, except as provided for by the exemptions contained in RCW 74.20A.090 and 74.20A.130, unless a written release or waiver signed by the secretary has been delivered to said person, firm, corporation, association, political subdivision or department of the state or unless a determination has been made in a fair hearing pursuant to RCW 74.20A.050 or by a superior court ordering release of said support lien on the basis that no debt exists or that the debt has been satisfied. [1973 1st ex.s. c 183 § 7; 1971 ex.s. c 164 § 6.]

*Reviser's note: *section 27 of this 1973 amendatory act" referred to herein was vetoed and thus failed to become law.

74.20A.070 Service of lien. The secretary may at any time after filing of a support lien serve a copy of said lien upon any person, firm, corporation, association, political subdivision or department of the state in possession of earnings, or deposits or balances held in any bank account of any nature which are due, owing, or belonging to said debtor. Said support lien shall be served upon the person, firm, corporation, association, political subdivision or department of the state either in the manner prescribed for the service of summons in a civil action or by certified mail, return receipt requested. No lien filed under RCW 74.20A.060 shall have any effect against earnings or bank deposits or balances unless it states the amount of the support debt accrued and unless service upon said person, firm, corporation, association, political subdivision or department of the state in possession of earnings or bank accounts, deposits or balances is accomplished pursuant to this section. [1973 1st ex.s. c 183 § 8; 1971 ex.s. c 164 § 7.]

Civil procedure—Commencement of actions: Chapter 4.28 RCW.

74.20A.080 Order to withhold and deliver—Issue and service—Contents—Effect—Delivery of property—Bond to release. After service of a notice of debt as provided for in RCW 74.20A.040 stating a support debt accrued and/or accruing based upon subrogation to or assignment of the amount required to be paid under any superior court order or whenever a support lien has been filed pursuant to RCW 74.20A.060, the secretary is hereby authorized to issue to any person, firm, corporation, association, political subdivision or department of the state, an order to withhold and deliver property of any kind including, but not restricted to, earnings which are due, owing, or belonging to the debtor, when the secretary has reason to believe that there is in the possession of such person, firm, corporation, association, political subdivision or department of the state property which is due, owing, or belonging to said debtor. The order to withhold and deliver which shall also be served upon the debtor, shall state the amount of the support debt accrued, and shall state in summary the terms of RCW 74.20A.090 and 74.20A.100. The order to withhold and deliver shall be served in the manner prescribed

[Title 74—p 42]
for the service of a summons in a civil action or by certificated mail, return receipt requested. Any person, firm, corporation, association, political subdivision or department of the state upon whom service has been made is hereby required to answer said order to withhold and deliver within twenty days, exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of therein. In the event there is in the possession of any such person, firm, corporation, association, political subdivision or department of the state any property which may be subject to the claim of the department of social and health services, such property shall be withheld immediately upon receipt of the order to withhold and deliver and shall after the twenty day period, upon demand, be delivered forthwith to the secretary. The secretary shall hold said property in trust for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability. In the alternative, there may be furnished to the secretary a good and sufficient bond, satisfactory to the secretary, conditioned upon final determination of liability. Where money is due and owing under any contract of employment, express or implied, or is held by any person, firm, corporation, or association, political subdivision or department of the state subject to withdrawal by the debtor, such money shall be delivered by remittance payable to the order of the secretary. Delivery to the secretary of the money or other property held or claimed shall satisfy the requirement of the order to withhold and deliver. Delivery to the secretary shall serve as full acquittance and the state warrants and represents that it shall defend and hold harmless for such actions persons delivering money or property to the secretary pursuant to this chapter. The state also warrants and represents that it shall defend and hold harmless for such actions persons withholding money or property pursuant to this chapter. The foregoing is subject to the exemptions contained in RCW 74.20A.090 and 74.20A.130. [1973 1st ex.s. c 183 § 9; 1971 ex.s. c 164 § 9.]

74.20A.100 Civil liability upon failure to comply with order or lien. Should any person, firm, corporation, association, political subdivision or department of the state fail to make answer to an order to withhold and deliver within the time prescribed herein; or fail or refuse to deliver property pursuant to said order; or after actual notice of filing of a support lien, pay over, release, sell, transfer, or convey real or personal property subject to a support lien to or for the benefit of the debtor or any other person; or fail or refuse to surrender upon demand property distrained under RCW 74.20A.130 or fail or refuse to honor an assignment of wages presented by the secretary, said person, firm, corporation, association, political subdivision or department of the state shall be liable to the department in an amount equal to one hundred percent of the value of the debt which is the basis of the lien, order to withhold and deliver, distraint, or assignment of wages, together with costs, interest, and reasonable attorney fees. [1973 1st ex.s. c 183 § 11; 1971 ex.s. c 164 § 10.]

74.20A.110 Release of excess to debtor. Whenever any person, firm, corporation, association, political subdivision or department of the state has in its possession earnings, deposits, accounts, or balances in excess of the amount of the debt claimed by the department plus one hundred dollars, such person, firm, corporation, association, political subdivision or department of the state may, without liability under this chapter, release said excess to the debtor. [1971 ex.s. c 164 § 11.]

74.20A.120 Banks, savings and loan associations, service effective only as to branch office served. In the case of a bank, bank association, mutual savings bank, or savings and loan association maintaining branch offices, service of a lien or order to withhold and deliver or any other notice or document authorized by this chapter shall only be effective as to the accounts, credits, or other personal property of the debtor in the particular branch upon which service is made. [1971 ex.s. c 164 § 12.]

74.20A.130 Distraint, seizure and sale of property subject to liens under RCW 74.20A.060, procedure. Whenever a support lien has been filed pursuant to
RCW 74.20A.060, the secretary may collect the support debt stated in said lien by the distraint, seizure, and sale of the property subject to said lien. The secretary shall give notice to the debtor and any person known to have or claim an interest therein of the general description of the property to be sold and the time and place of sale of said property. Said notice shall be given to such persons by certified mail, return receipt requested or by service in the manner prescribed for the service of a summons in a civil action. A notice specifying the property to be sold shall be posted in at least two public places in the county wherein the distraint has been made. The time of sale shall not be less than ten nor more than twenty days from the date of posting of such notices. Said sale shall be conducted by the secretary, who shall proceed to sell such property by parcel or by lot at a public auction, and who may set a minimum reasonable price to include the expenses of making a levy and of advertising the sale, and if the amount bid for such property at the sale is not equal to the price so fixed, the secretary may declare such property to be purchased by the department for such price, or may conduct another sale of such property pursuant to the provisions of this section. In the event of sale, the debtor's account shall be credited with the amount for which the property has been sold. Property acquired by the department as herein prescribed may be sold by the secretary at public or private sale, and the amount realized shall be placed in the state general fund to the credit of the department of social and health services. 74.38.010 Legislative recognition—Public policy.

The legislature recognizes the need for the further development and expansion of alternative forms of care for senior citizens. These alternative forms should be developed to assure that senior citizens receive the level of care needed and that appropriate resources are available to match client needs. Furthermore, services received should be designed to restore individuals to, or maintain them at, the level of independent living they are capable of attaining. Such a system of alternative care should be designed to allow senior citizens to move within this system, thus allowing the appropriate services to be rendered according to the care needs. The provision of service should continue until the client is able to function independently, moves to an institution, moves from the state, dies, or withdraws from the program.

Therefore, the legislature deems it to be the public policy of this state that programs shall be developed in order to more appropriately meet the care needs of senior citizens through the creation and/or expansion of alternative care services and a resulting reduction in institutional care. [1975–76 2nd ex.s.c 131 § 1.]

75.12.160 Reef net fishing areas—Commercial salmon fishing with reef nets unlawful elsewhere. It shall be unlawful to fish for salmon for commercial purpose with reef net fishing gear in any waters of the state of Washington except in those waters within the reef net areas described in this chapter. [1955 c 276 § 4.]
75.12.200 Conservation of salmon resources in Pacific Ocean—Preamble. The state has a vital interest in the salmon resources of the Pacific Ocean both within and beyond the territorial limits of the state, in that a large number of such salmon spawn in its fresh water streams, migrate to the waters of the Pacific Ocean and, in response to their anadromous cycle, return to the fresh water streams to spawn.

Expansion of fishing for salmon by the use of nets in waters of the eastern Pacific Ocean, which has occurred in the past year, will result in a substantial depletion of salmon originating within the state because the salmon runs are intercepted before they separate to move in toward the rivers of their origin. Oregon, California and Canada, through their respective fisheries agencies, have likewise expressed a deep concern over this problem since portions of such salmon originate within their respective jurisdictions. Short of absolute prohibition, it appears to be presently impracticable to regulate net fishing in such waters of the Pacific Ocean by any known scientific fisheries management techniques in order to insure adequate salmon escapement to the three Pacific Coast states and Canada, the reason being that salmon stocks and races are so commingled in such Pacific Ocean waters that they are indistinguishable as to origin until they enter the harbors, bays, straits and estuaries of the respective jurisdictions.

Canada, through its authorized officials, has proposed to prohibit its nationals from net fishing for salmon in Pacific Ocean waters provided the United States or the three Pacific Coast states apply such appropriate conservation measures to their respective citizens. Inasmuch as there is presently no congressional legislation prohibiting such fishing, and inasmuch as authorized officials of the state department of the United States have expressed a desire to have the states act in this area, the Pacific Marine Fisheries Commission has proposed and recommended appropriate legislation to the three Pacific Coast states to insure the survival of their valuable salmon resources. 75.12.210 Conservation of salmon resources in Pacific Ocean—Net fishing for salmon in certain Pacific Ocean waters unlawful. It shall be unlawful for any person to fish for or take, by the use of any type of net, any salmon within the waters of the Pacific Ocean, over which the state has jurisdiction, lying westerly of the following described line: Commencing at the point of intersection of the international boundary line in the Strait of Juan de Fuca and a line drawn between the lighthouse on Tatoosh Island in Clallam County, Washington, and Bonilla Point on Vancouver Island; thence southerly along a line projected therefrom to the lighthouse on Tatoosh Island; thence southerly along a line projected therefrom to the most westerly point of Cape Flattery; thence southerly along the state shoreline of the Pacific Ocean, crossing any river mouths at their most westerly points of land, to Point Brown at the entrance to Grays Harbor; thence southerly along a line projected therefrom to Point Chehalis Light on Point Chehalis; thence southerly from Point Chehalis along the state shoreline of the Pacific Ocean to Cape Shoalwater Light at the entrance to Willapa Bay; thence southerly along a line projected therefrom to Leadbetter Point; thence southerly along the state shoreline of the Pacific Ocean to the inshore end of the North jetty at the entrance to the Columbia River; thence southerly along a line projected therefrom to the knuckle of the South jetty at the entrance to said river. Such laws or regulations shall be considered to be in effect upon receipt by the secretary of state of this state a certificate from each of the respective secretaries of state of Oregon, California, and Alaska setting forth copies of such laws or regulations and the date of their enactment. In any prosecution under this section, proof of the existence of such laws or regulations shall be made by filing copies of such certificates, certified by the director to be true copies, with the court. 75.16.100 Title 75: Food Fish and Shellfish

75.18.005 Preamble. The state of Washington has a major and substantial interest in the fisheries and fishing industry within its boundaries and a special interest in its salmon resources. Salmon within the waters of the state, including its coastal waters and offshore waters contiguous thereto, constitute a commercial asset and a vital food resource in which the state of Washington has a special interest, in that such salmon spawn in the fresh water streams of the state of Washington, migrate to the sea and, in response to their anadromous cycle, return to the fresh water streams of Washington, from which they originate, to spawn and die. Serious conditions and hazards detrimental to the preservation of this salmon supply have arisen and are now present, both in the fresh water streams of the state of Washington and in the salt waters of bays, inlets, canals, coves, sounds and estuaries, and in its coastal waters and offshore waters contiguous thereto, as a result of the extensive catching and taking of silver and chinook salmon within the described waters in such quantities as substantially to deplete the spawning and the source of existing and future salmon supplies and resources.

The preservation of the salmon industry and the salmon resources of the state of Washington is vital to the state's economy, and effective measures and remedies are necessary to prevent loss of such salmon resources due to the taking of immature fish and salmon present in the state's coastal and offshore waters, from which waters such salmon migrate, feed and return to the streams of this state to spawn.

It has proven impossible in seeking to regulate catching and taking of such salmon to distinguish between salmon taken from waters of the Pacific Ocean over which the state has jurisdiction and those taken outside the limits of the state's jurisdiction and brought within the boundaries of the state.

Research by the department of fisheries of the state has established that silver and chinook salmon found in the waters of district No. 2 and the Columbia River district, as herein defined, are substantially mature salmon. The silver and chinook salmon found during certain periods within the waters of district No. 1, herein defined, are for the most part immature salmon, the taking of which would prevent the return of an adequate number of such salmon to the spawning grounds in the streams of the state and risk the destruction or substantial depletion of the state's salmon resources, and would constitute an irreparable economic waste. [1955 c 12 § 75.18.005. Prior: 1953 c 147 § 1.]

75.18.010 Fishery districts created. The following fishery districts are hereby created:

(1) District No. 1, as used in this chapter, shall include the Straits of Juan de Fuca, and the waters of the Pacific Ocean over which the state of Washington has jurisdiction, exclusive of bays, inlets, canals, coves, sounds and estuaries.

(2) District No. 2, as used in this chapter, shall include all lands and waters over which the state of Washington has jurisdiction, excepting therefrom district No. 1, as herein defined. [1955 c 12 § 75.18.010. Prior: 1953 c 147 § 2.]

75.18.020 Commercial fishing--Silver salmon--District No. 1. It shall be unlawful for commercial purposes to fish for or take in the waters of district No. 1, as herein defined, silver salmon (Oncorhynchus kisutch) between the first day of November and the fifteenth day
of June of the year following, both dates inclusive. [1955 c 12 § 75.18.020. Prior: 1953 c 147 § 3.]

75.18.030 Commercial fishing—Chinook salmon—District No. 1. It shall be unlawful for commercial purposes to fish for or take in the waters of district No. 1, as herein defined, chinook salmon (Oncorhynchus tshawytscha) between the first day of November and the fourteenth day of March of the year following, both dates inclusive. [1955 c 12 § 75.18.030. Prior: 1953 c 147 § 4.]

75.18.040 Possession, transportation of silver salmon—District No. 1. It shall be unlawful for commercial purposes for any person to have in his possession or transport through the waters of district No. 1, as herein defined, any fresh silver salmon (Oncorhynchus kisutch) taken from said waters or from the waters of the Pacific Ocean during the period from the first day of November and the fifteenth day of June of the year following, both dates inclusive. [1955 c 12 § 75.18.040. Prior: 1953 c 147 § 5.]

75.18.050 Possession, transportation of chinook salmon—District No. 1, Pacific Ocean. It shall be unlawful for commercial purposes for any person to have in his possession or transport through the waters of district No. 1, as herein defined, any fresh chinook salmon (Oncorhynchus tshawytscha) taken from said waters or from the waters of the Pacific Ocean during the period from the first day of November and the fourteenth day of March of the year following, both dates inclusive. [1955 c 12 § 75.18.050. Prior: 1953 c 147 § 6.]

75.18.060 Processors, wholesalers, etc.—Possession of silver salmon—District No. 1, Pacific Ocean. It shall be unlawful for any person in the state of Washington engaged in the business of canning, packing, processing, freezing, salting, smoking, kippering, preserving in ice, or otherwise involved in dealing in or curing any food fish or shellfish, or in wholesale selling of food fish or shellfish for commercial purposes, to have in his possession any silver salmon (Oncorhynchus kisutch) caught or taken during the period from the first day of November of any year to the fifteenth day of June of the following year from the waters of the Pacific Ocean or district No. 1: Provided, That with respect to the closed seasons defined in this chapter, the director of fisheries, upon due notice and hearing, and upon investigation, may, in accordance with his judgment, vary any of the opening or closing dates thereof. Notice of such hearing shall appear in not less than two issues of a newspaper of general circulation at the state capital. [1955 c 12 § 75.18.070. Prior: 1953 c 147 § 8.]

75.18.080 Commercial taking, transporting, delivery of salmon—Permits—Fees—Revocation. Every person or persons, firm or corporation operating a fishing vessel of any description used in the commercial taking or catching of salmon in offshore waters and the transporting or bringing the same in and through the waters of the state of Washington and delivering the same in any place or port in the state of Washington shall, as a condition of doing so, obtain a permit from the director of fisheries. The fee for said permit shall be one hundred dollars for the vessel and operator and ten dollars for each member of the crew thereof, such permit to be effective during the calendar year in which issued: Provided, That persons operating fishing vessels licensed under RCW 75.28.085 may apply the delivery permit fee of ten dollars against the fees outlined hereinabove except those holding a valid troll license are exempt from said fees: Provided further, That if it appears to the director of fisheries, after investigation, that the operation of such vessel under such permit tends to result in the impairment, depletion, or destruction of the salmon resource and supply of this state and in bringing into this state salmon products prohibited by law, in that event, the director under such regulations and terms as he may prescribe, may revoke said permit to use and operate such boat in the waters of this state, and in the event of the revocation of such permit, the further operation of such vessel as hereinabove set forth shall then be unlawful. [1971 ex.s. c 283 § 1; 1955 c 12 § 75.18.080. Prior: 1953 c 147 § 9.]

75.20.110 Columbia River fish sanctuary—1960 act.
75.20.120 Columbia River fish sanctuary—“Person” defined.

75.20.010 Columbia River fish sanctuary—Established. All streams and rivers tributary to the Columbia River downstream from McNary Dam are hereby reserved as an anadromous fish sanctuary against undue industrial encroachment for the preservation and development of the food and game fish resources of said river system and to that end there shall not be constructed thereon any dam of a height greater than twenty-five feet that may be located within the migration range of any anadromous fish as jointly determined by the director of fisheries and the director of game, nor shall waters of the Cowlitz River or its tributaries or of the other streams within the sanctuary area be diverted for any purpose other than fisheries in such quantities that will reduce the respective stream flows below the annual average low flow, as delineated in existing or future United States Geological Survey reports: Provided, That when the flow of any of the streams referred to in this section is below the annual average, as delineated in existing or future United States Geological Survey reports, water may be diverted for use, subject to legal appropriation, upon the concurrent order of the director of fisheries and director of game. [1955 c 12 § 75.20.010. Prior: 1949 c 9 § 1; Rem. Supp. 1949 § 5944–2.]

75.20.020 Columbia River fish sanctuary—Acquisition and abatement of dams—Water rights—Condemnation actions. The director of fisheries and the director of game, shall acquire and abate any dam or other obstruction, or acquire any water right which may have become vested on any streams or rivers tributary to the Columbia River downstream from McNary Dam which may be in conflict with the provisions of RCW 75.20.010. Any condemnation action necessary under the provisions of this section shall be instituted under the provisions of chapter 120, Laws of 1947, in the manner provided for the acquisition of property for public use of the state. [1955 c 12 § 75.20.020. Prior: 1949 c 9 § 2; Rem. Supp. 1949 § 5944–3.]

75.20.030 Columbia River fish sanctuary—Rivers not included in sanctuary. The provisions of RCW 75.20.010 and 75.20.020 shall not apply to the waters of the North Fork of the Lewis River, nor the White Salmon River (Big White Salmon River). [1955 c 12 § 75.20.030. Prior: 1949 c 9 § 3; Rem. Supp. 1949 § 5944–4.]

75.20.040 Fish guards required—Penalty for failure. Every ditch, channel, canal or waterpipe used for conducting water from any lake, river or stream, for irrigation, manufacturing, domestic or other purposes, shall be provided at its entrance or intake with a fish guard so as to prevent the passage of fish into such ditch, channel or waterpipe and subject to the approval of the director, which shall be constantly maintained at all times when water is taken or admitted into such ditch, channel, canal, or waterpipe: Provided, That such fish guards and screens shall be installed at such places and times as shall be prescribed by the director upon thirty days’ notice to the owner or owners of any such water conduit. Every owner, manager, agent or person in charge of such ditch, channel, canal, or waterpipe who shall fail to comply with the provisions of this section is guilty of a gross misdemeanor. Each day the end of the ditch, channel, canal or waterpipe is not equipped with this covering as provided shall constitute a separate offense. If within thirty days after notice to equip any such ditch, channel, canal, or waterpipe such person shall fail to do so, the director is hereby authorized to take possession of the same in the name of the state of Washington, and to close the same to the entrance of any water until such time as the ditch shall be properly equipped, and the expense incident thereto shall constitute a lien upon the ditch, channel, canal, or waterpipe and upon the real and personal property of the person owning the same. Notice of such lien shall be filed and recorded in the office of the county auditor in the county in which such action is taken. [1955 c 12 § 75.20.040. Prior: 1949 c 112 § 45; Rem. Supp. 1949 § 5780–319.]

75.20.050 Water flow to be maintained—May refuse permit to divert water. It is hereby declared to be the policy of this state that a flow of water sufficient to support game fish and food fish populations be maintained at all times in the streams of this state. The supervisor of hydraulics shall give the director of fisheries and the director of game notice of each application for a permit to divert water, or other hydraulic permit of any nature, and the director of fisheries and director of game shall have thirty days after receiving such notice in which to state their objections to the
application, and the permit shall not be issued until such thirty days period has elapsed.

The supervisor of hydraulics may refuse to issue any permit to divert water, or any hydraulic permit of any nature, if, in the opinion of the director of fisheries or director of game, such permit might result in lowering the flow of water in any stream below the flow necessary to adequately support food fish and game fish populations in the stream.

The provisions of this section shall in no way affect existing water rights. [1955 c 12 § 75.20.050. Prior: 1949 c 112 § 46; Rem. Supp. 1949 § 5780–320.]

75.20.060 Fishways required in dams, obstructions—Remedies for failure. Every dam or other obstruction across or in any stream shall be provided with a durable and efficient fishway, which shall be maintained in a practical and effective condition in such place, form and capacity as the director may approve, for which plans and specification shall be furnished by the director upon application to him, and which shall be kept open, unobstructed and supplied with a sufficient quantity of water to freely admit the passage of fish through the same. Every owner, manager, agent or person in charge of such dam or obstruction who shall fail to comply with the provisions of this section is guilty of a gross misdemeanor.

If any person or government agency fails to construct and maintain such fish ladder or fishway or to remove such dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice thereof has been served upon the owner, his agent, or the person in charge thereof, the director may construct a suitable fish ladder or fishway, or remove such dam or obstruction, and the actual cost in case of construction of fishway thereof shall constitute a lien upon the dam and upon all the personal property of the person or government agency owning the same. Notice of such lien shall be filed and recorded in the office of the county auditor of the county in which such dam or obstruction is situated. Such lien may be foreclosed in any action brought in the name of the state.

If any person or government agency fails to make any such fishway or remove such dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice thereof has been served on the owner, his agent, or the person in charge thereof, the director may construct a fishway or fish ladder, fish screens, or other protective devices, or to interfere in any manner whatsoever with the proper operation of any fishway, fish ladder, fish screens, or other protective devices. [1955 c 12 § 75.20.070. Prior: 1949 c 112 § 39; Rem. Supp. 1949 § 5780–313.]

75.20.080 Unlawful to interfere with or damage fish ladders, guards, etc., or fish traps. It shall be unlawful for any person to break open, open, unlock, damage, interfere with, injure, or destroy any fish ladder, fish guard, screen, fish stop, fish protective device, bypass, or part thereof, or any fish trap operated by the department. [1955 c 12 § 75.20.080. Prior: 1949 c 112 § 50; Rem. Supp. 1949 § 5780–324.]

75.20.090 If fishway is impractical, fish hatcheries may be provided in lieu. In the event that any person or government agency desires to construct or maintain a dam or other hydraulic work in any of the streams of this state of a type making a fish ladder or fishway thereover impracticable, in the opinion of the director, then such person or government agency, before any construction work shall commence on such dam or other hydraulic work shall at the option of the director (1) convey to the state a site or sites of a size and dimensions satisfactory to the director, at such place as may be selected by the director, and erect thereon a fish hatchery or fish hatcheries, rearing ponds and other buildings according to plans and specifications to be furnished by said person or government agency subject to the approval of the director and enter into an agreement with director secured by good and sufficient bond, to furnish all water and lights, without expense, and necessary sums of money to operate and maintain said hatchery or hatcheries and rearing ponds or (2) enter into an agreement with the director secured by good and sufficient bond to pay to the state such initial money and make such annual payments of additional money to the state as the director may determine are necessary to expand, maintain, and operate additional facilities at existing hatcheries within a reasonable distance of such dam or other hydraulic work to compensate for the damages sustained by the erection of any such dam or other hydraulic work. Any decision of the director hereunder shall be subject to review in the superior court of the state for Thurston county. [Title 75—p 19]
Any person or government agency who fails to comply with the provisions of this section is guilty of a gross misdemeanor and each day that such person or government agency carries on construction work on such dam or hydraulic work or operates any such dam or hydraulic work without complying with the provisions of this section constitutes a separate offense. [1955 c 12 § 75.20.090. Prior: 1949 c 112 § 48; Rem. Supp. 1949 § 5780-322.]

75.20.100 Hydraulic projects or other work—Plans and specifications—Approval—Failure to follow or carry out approval conditions—Penalty—Emergencies. In the event that any person or government agency desires to construct any form of hydraulic project or other work that will use, divert, obstruct, or change the natural flow or bed of any river or stream or that will utilize any of the waters of the state or materials from the stream beds, such person or government agency shall submit to the department of fisheries and the department of game full plans and specifications of the proposed construction or work, complete plans and specifications for the proper protection of fish life in connection therewith, the approximate date when such construction or work is to commence, and shall secure the written approval of the director of fisheries and the director of game as to the adequacy of the means outlined for the protection of fish life in connection therewith and as to the propriety of the proposed construction or work and time thereof in relation to fish life, before commencing construction or work thereon. The director of fisheries and the director of game shall designate and authorize certain employees of their respective departments to act in place of themselves by signing written approvals for such designations and authorizations. If any person or government agency commences construction on any such works or projects without first providing plans and specifications subject to the approval of the director of fisheries and the director of game for the proper protection of fish life in connection therewith and without first having obtained written approval of the director of fisheries and the director of game as to the adequacy of such plans and specifications submitted for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, he is guilty of a gross misdemeanor. If any such person or government agency be convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such. For the purposes of this section, "bed" shall mean that portion of a river or stream and the shorelands within the ordinary high water lines.

Provided, That in case of an emergency arising from weather or stream flow conditions the department of fisheries or department of game, through their authorized representatives, shall issue immediately upon request oral permits to a riparian owner or lessee for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream without the necessity of submitting prepared plans and specifications or obtaining a written permit prior to commencing work. Conditions of an oral permit shall be reduced to writing within thirty days and complied with as provided for in this section. [1975 1st exs. c 29 § 1; 1967 c 48 § 1; 1955 c 12 § 75.20.100. Prior: 1949 c 112 § 49; Rem. Supp. 1949 § 5780-323.]

75.20.110 Columbia River fish sanctuary—1960 act. For the purpose of conserving the state's fishery resources the powers of any person authorized to construct or operate dams or to appropriate water in the state are hereby limited in that no such person shall construct, complete or operate, either for himself or as an agent or independent contractor for another, any dam or other obstruction over twenty-five feet high on any tributary stream of the Columbia River downstream from McNary Dam, including the Cowlitz River and its tributaries, within the migration range of anadromous fish as jointly determined by the directors of fisheries and game, except the north fork of the Lewis River and the White Salmon River (Big White Salmon River), nor shall any such person obtain or use a federal license for such purpose; nor shall any such person divert any water from any such stream in such quantities that will reduce the respective stream flows below the annual average low flow as set forth in existing or future United States Geological reports: Provided, That when the flow is below such annual average low flow, then such person may divert water, subject to legal appropriation, only upon the concurrent order of the directors of fisheries and game. [1961 c 4 § 1; Initiative Measure to the Legislature No. 25.]

Severability—1961 c 4: "If any section or provision or part thereof of this act shall be held unconstitutional or for any other reason invalid, the invalidity of such section, provision or part thereof shall not affect the validity of the remaining sections, provisions or parts thereof which are not judged to be invalid or unconstitutional." [1961 c 4 § 3; Initiative Measure to the Legislature No. 25.] This applies to RCW 75.20.110 and 75.20.120.

If the director shall determine that the numbers of units of gear are sufficient to harvest the known available crop and that additional units of gear might prove damaging to the resource or its habitat, he may suspend the issuance of such additional licenses for the balance of any given year or until he determines there is need for additional units of gear to achieve a sustained harvest. All harvesting shall be done with hand held, manually operated water jet or suction device guided and controlled from under the gear or cessation of its use if he determines that it is being operated in a wasteful or destructive manner or that its operation tends to cause permanent damage to the bottom or adjacent shellfish populations. *Revisor's note:* "this act" [1971 ex.s. c 283] consists of this section and RCW 75.28.081, and to the 1971 amendments to RCW 75.12.010, 75.18.080, 75.28.012, 75.28.013, 75.28.060, 75.28.085, 75.28.087, 75.28.095, 75.28.130, 75.28.140, 75.28.190 and 75.28.220.

75.28.377 Nonresident applicants and certain wholesale dealer licensees—Surety or property bond or deposit may be required. (Effective January 1, 1977.)

1. In addition to license fees required to accompany license applications for wholesale dealers licenses, the director may require certain applicants, as specified in this section, to file a surety bond in the amount of two thousand dollars, issued by a surety insurer who meets the requirements of chapter 48.28 RCW in a form acceptable to the director running to the state of Washington, guaranteeing the payment of catch and privilege fees. Such bond shall be required of any applicant from outside the state of Washington and any applicant who has not held a Washington wholesale dealers license for the preceding three years.

2. In lieu of the surety bond that may be required under subsection (1) of this section, the applicant may file with the director a property bond, or a deposit, consisting of cash or other security acceptable to the department, equal to the amount of the surety bond. Effective date—1975–76 2nd ex.s. c 40: See note following RCW 75.28.083.

75.28.380 Forfeiture of license for violations. Upon conviction of any person of a violation of any provision of this title, or rule or regulation of the director, the judge or justice of the peace may, in addition to the penalty imposed by law, forfeit the license of such person: Provided, That upon conviction of any person of a violation of any statute or regulation prescribing the length, depth or construction of fishing gear, or upon subsequent conviction of any person of any violation of any other provisions of this title or rule or regulation of the director, the forfeiture of such license shall be mandatory, and the license shall remain forfeited pending any appeal. The director may prohibit the issuance of a license to any person convicted two or more times of any such violation or prescribe the conditions under which the license may be issued. [1957 c 171 § 5; 1955 c 12 § 75.28.380. Prior: 1949 c 112 § 77; Rem. Supp. 1949 § 5780–603.]

75.28.390 Commercial herring fishing—Legislative finding. The legislature finds that a significant commercial herring fishing industry is presently developing in the state of Washington under the careful guidance of the department of fisheries. The legislature further finds that the stocks of herring within the waters of this state are limited in extent and are in need of strict preservation. [1973 1st ex.s. c 173 § 1.]

75.28.400 Commercial herring fishing—Additional finding—Purpose. In addition, the legislature finds that the number of commercial fishermen engaged in fishing for herring has steadily increased. This factor, combined with advances made in fishing and marketing techniques, has resulted in strong pressures on the supply of herring, unnecessary waste in one of Washington's valuable resources, and economic loss to the citizens of this state. Therefore, it is the purpose of RCW 75.28.390 through 75.28.430 to establish reasonable procedures for controlling the extent of commercial herring fishing. [1973 1st ex.s. c 173 § 2.]

75.28.410 Commercial herring fishing—Validation of licenses required. After April 25, 1973, only those persons who have obtained a validated license to fish for herring issued by the department of fisheries of the state of Washington shall engage in the commercial taking or catching of herring. Licenses issued under this section shall be valid for one year, from January 1 through December 31. Any food fish license as stipulated in chapter 75.28 RCW intended for use in fishing for herring in the Puget Sound district must be validated for these species by the department of fisheries after proving compliance with the provisions of RCW 75.28.420. [1973 1st ex.s. c 173 § 3.]

75.28.420 Commercial herring fishing—Validated licenses—Limitation—Required—Additional licenses. For the 1973 season and subsequent seasons, the department shall limit the number of licenses validated under RCW 75.28.410 to those individuals who held valid commercial fishing licenses and can prove that they landed herring as documented by a Washington department of fisheries landing ticket for that type of fishing gear during the period (1) January 1, 1971, through April 15, 1973, or (2) January 1, 1969, through December 31, 1970, for only those individuals who were in the armed services of the United States during the period January 1, 1971, through April 1, 1973. The validated herring license shall be required for commercial herring fishing in Puget Sound as set forth in the Washington Administrative Code under section 220–16–210. Additional licenses may be granted after the 1976 season by the department only upon a showing that the stocks of herring will not be jeopardized by the granting of such additional licenses. The individual validation to fish for herring shall be fully transferable. [1974 ex.s. c 104 § 1; 1973 1st ex.s. c 173 § 4.]

75.28.430 Commercial herring fishing—Elimination of units as alternative measure. If subsequent court action requires that additional validated licenses must be
permitted for the 1973 season and if such increases in a particular gear result in placing an excessive strain on herring stocks, the department shall reduce the number of validated licenses for such gear by eliminating units with the shortest history of landings as established and documented by Washington department of fisheries' landing tickets for the herring fishery. If two or more units have a similar history of landings, then such reduction for those vessels shall be by lot. [1973 1st ex.s. c 173 § 5.]

75.28.440 Commercial herring fishing—Advisory committee—Hardship cases. On and after February 16, 1974 the director of the department of fisheries shall appoint three persons broadly representative of the commercial herring fishery to function as an advisory committee to the department for the purpose of defining hardship cases as such cases relate to denials of commercial herring licenses under this chapter. The committee shall hold meetings and hearings and take such testimony as it deems necessary to carry out the duty imposed on it by this section. Upon making its final decision on the meaning of a hardship case and communicating the same in writing to the director the committee shall be dissolved. The director, upon receipt of the committee's findings, may promulgate the committee's definition of a hardship case as a rule and regulation of the department after complying with the provisions of chapter 34.04 RCW, the administrative procedure act. [1974 ex.s. c 104 § 2.]

75.28.450 Limitation upon salmon licenses and delivery permits—Intention. The legislature finds that the protection, welfare, and economic good of the commercial salmon fishing industry is of paramount importance to the people of this state. Scientific advancement has increased the efficiency of salmon fishing gear. There presently exists an overabundance of commercial salmon fishing gear in our state waters which causes great pressure on the salmon fishery resource. This situation results in great economic waste to the state and prohibits conservation programs from achieving their goals. The public welfare requires that the number of commercial salmon fishing licenses and vessel delivery permits issued by the state be limited to insure that sound conservation programs can be scientifically carried out. It is the intention of the legislature to preserve this valuable natural resource so that our food supplies from such resource can continue to meet the ever increasing demands placed on it by the people of this state. [1974 ex.s. c 184 § 1.]

Severability—1974 ex.s. c 184: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 184 § 11.]

Expiration date—1974 ex.s. c 184 §§ 1-9: "The provisions of sections 1 through 9 of this act shall expire on December 31, 1977, and shall be null and void and without any further force and effect on such date without any further action by the legislature." [1974 ex.s. c 184 § 12.]

75.28.455 Limitation upon salmon licenses and delivery permits—Program to limit commercial salmon vessels—Qualifications for licensing. On and after May 6, 1974, the department of fisheries of the state of Washington shall initiate a program to limit the number of commercial salmon vessels for each type of fishing gear and area by issuing licenses and vessel delivery permits to fish for salmon only to those vessels holding such licenses or permits in any year between January 1, 1970 and May 6, 1974: Provided, That only those vessels which held commercial gear fishing licenses or vessel delivery permits valid for salmon during such period and can prove by means of a valid fish receiving document that salmon were caught and landed during such period shall be entitled to a valid commercial fishing license or vessel delivery permit to fish for or possess salmon for the same type of gear and area for each year of a period extending from January 1, 1975 through December 31, 1977: Provided, however, That nothing herein shall be construed to be contrary to the provisions of Title 75 RCW or any regulation promulgated thereunder. All such licenses or vessel delivery permits shall be transferable. [1974 ex.s. c 184 § 2.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.460 Limitation upon salmon licenses and delivery permits—Salmon caught outside state waters—Single delivery permit—Fee. Any commercial salmon fishing vessel not qualified for a commercial salmon fishing license or vessel delivery permit under RCW 75.28.455 and wishing to land salmon caught outside the territorial waters of the state of Washington shall be able to obtain a single delivery vessel delivery permit. The fee for such permit shall be the same as the annual vessel delivery permits. [1974 ex.s. c 184 § 3.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.465 Limitation upon salmon licenses and delivery permits—Vessels under construction. In addition to the commercial salmon fishing licenses and vessel delivery permits issued pursuant to RCW 75.28.455 the department shall issue the required license to any commercial fishing vessel which is under construction or purchased in good faith between April 16, 1973, and May 6, 1974. [1974 ex.s. c 184 § 4.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.470 Limitation upon salmon licenses and delivery permits—Licensing of charter fishing vessels. Charter fishing vessels may be licensed for commercial trolling during the salmon trolling season if the director finds that the charter industry in this state is suffering economic hardship due to a national or state fuel crisis. [1974 ex.s. c 184 § 6.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.475 Limitation upon salmon licenses and delivery permits—Advisory boards of review—Travel expenses. The director shall appoint three man advisory boards of review to hear cases as provided for in RCW
75.28.480. The members of such a review board shall be from the commercial salmon fishing industry, shall serve without pay, and shall serve at the discretion of the director of the department of fisheries. The members of such a review board shall be reimbursed for travel expenses pursuant to RCW 43.03.050 and 43.03.060 as now existing or hereafter amended for each day or major portion thereof spent in the performance of their duty. The director shall promulgate regulations concerning the operation of such review boards in accordance with chapter 34.04 RCW. [1975-76 2nd ex.s. c 34 § 171; 1974 ex.s. c 184 § 7.]

Effective date—Severability—1975-76 2nd ex.s. c 34: See notes following RCW 2.08.115.

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.480 Limitation upon salmon licenses and delivery permits—Appeal to board of review—Hearing—Procedure. Any person aggrieved by a decision of the department pursuant to RCW 75.28.455 through 75.28.475 may voluntarily request that a board of review be impaneled to hear his case. Such a hearing before a board shall be informal and the rules of evidence shall not be applicable to the proceedings and a record shall be kept thereof as provided by chapter 34.04 RCW. After the presentation of a case such a review board shall inform in writing both the director and the initiating party of whether or not the board agrees or disagrees with the department's decision and the reasons for such agreement or disagreement. Upon receipt of the board's findings the director, at his discretion, may either uphold or reverse the department's action.

Nothing in this section shall be construed: (1) to impair an aggrieved person's right to proceed under chapter 34.04 RCW; or (2) to impose any liability on members of a review board for their actions pursuant to this section. [1974 ex.s. c 184 § 9.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.485 Limitation upon salmon licenses and delivery permits—Evaluation—Recommendations. On and after May 6, 1974 the department of fisheries in cooperation with representatives of the commercial salmon fishing industry shall continually evaluate the provisions of RCW 75.28.450 through 75.28.470 and recommend to the legislature prior to January 1, 1977, a phase II approach to limit gear entry into this state's commercial salmon fisheries. [1974 ex.s. c 184 § 10.]

Severability—Expiration date—1974 ex.s. c 184: See notes following RCW 75.28.450.

75.28.500 Program to purchase fishing vessels, gear, licenses and permits—Finding and intent. The legislature finds that the protection, welfare, and economic well-being of the commercial fishing industry is important to the people of this state. There presently exists an overabundance of commercial fishing gear in our state waters which causes great pressure on the fishing resources. This results in great economic waste to the state and prohibits conservation and harvesting programs from achieving their goals. This adverse situation has been compounded by the recent federal court decision, United States of America et al. v. State of Washington et al., Civil No. 9213, United States District Court for the Western District of Washington, February 12, 1974. As a result, large numbers of commercial fishermen face personal economic hardship and the state commercial fishing industry is confronted with economic difficulty. The public welfare requires that the state have the authority to purchase commercial fishing vessels, licenses, gear, and permits offered for sale, as appropriate, in a manner which will provide relief to the individual vessel owner, and which will effect a reduction in the amount of commercial fishing gear in use in the state so as to insure increased economic opportunity for those persons in the industry and to insure that sound scientific conservation and harvesting programs can be carried out. It is the intention of the legislature to provide relief to commercial fishermen adversely affected by the current economic situation in the state fishery and to preserve this valuable state industry and these natural resources. [1975 1st ex.s. c 183 § 2.]

Upon conviction of any person of a violation of any provision of RCW 75.28.500 through 75.28.540, or rule or regulation of the director, the judge or justice of the peace may, in addition to the penalty imposed by law, provide for the forfeiture of the vessel and licenses and/or permits to the state of Washington. The term "forest fire service" as used in this act shall be held to include all wardens, rangers and help especially employed for preventing or fighting forest fires.

In times of emergency or unusual danger the forester is empowered to mass the forest fire service of the state where its presence might be required by reason of forest fires, and to take charge of, and direct the work of suppressing such fires.

The forester shall enforce all laws for the preservation of the forests within the state, investigate the origin of all forest fires, vigorously prosecute all violators of this act; prepare and print for public distribution an abstract of the forest laws and the forest fire laws of Washington, together with such rules and regulations as may be formulated by the board.

The forester may, with the approval of the board, publish for free distribution, information pertaining to forestry, and to forest products, which he may consider of benefit to the people of the state.

It shall be the duty of the forester to annually notify the county clerk in each county where wardens or rangers are appointed, giving the names of such appointees.

The forester shall furnish notices printed in large letters on cloth, calling attention to the dangers from forest fires, and to the penalties for the violation of this act; such notices to be posted in conspicuous places by the wardens or rangers in all timbered districts along roads and trails, streams and lakes, frequented by tourists, campers, hunters and fishermen, and in other visited regions.

The forester shall, subject to the approval of the board, prepare all necessary printed forms for use of wardens and rangers, in connection with the granting of applications for permits to burn; for the appointment of wardens and rangers, and any and all forms or blanks required or desirable, and shall supply each warden and ranger with such forms and blanks.

The forester shall become familiar with the location and the areas of all state timbered and cut-over lands, and shall prepare maps of each of the timbered counties showing the state land therein, and supply such maps to each warden, and in all ways that are practical and feasible protect such lands from the dangers of fire, trespass, and the illegal cutting of timber, reporting from time to time direct to the board such information as may be of benefit to the state in the care and protection of its timber.
It shall be the duty of the forester to institute inquiry into the extent, kind, value and condition of all timber lands within the state; the amount of acres, and the value of the timber that is cut and removed each year, to determine what state lands are chiefly valuable for growing timber; the extent to which timber lands are being destroyed by fire; and also to examine into the production, quality and quantity of second growth timber, with a view to ascertaining conditions for reforestation, and not later than the first day of December of each year, make a written report to the board upon all such tracts so examined by him, together with detailed information as to the work of the forest fire service of the state. [1911 c 125 § 4; RRS § 5784. Prior: 1905 c 164 § 4; 1903 c 114 § 8. Formerly RCW 76.04.010, part, and 76.04.050.]

Reviser's note: (1) The 1941 Code Committee divided and codified this section as RCW 76.04.050 and 76.04.010 which latter section was subsequently amended by 1951 c 59 § 1. In particular the definition of "forest fire service" contained herein should be compared with the definition in RCW 76.04.010.

76.04.060 Wardens—Appointment—Duties—Compensation. The state supervisor of forestry shall, subject to the approval of the director of the department of conservation and development, have power to appoint within any region or district in this state where there is timber requiring protection, one or more wardens for all or any portion of the period during which the said supervisor deems that forest fire dangers exist.

The said supervisor may, subject to the approval of the said director, and at such times and in such localities as he deems the public welfare demands, employ one or more wardens whose duty shall be to examine deforested lands of the state, and ascertain if such lands are chiefly valuable for agriculture, or if they are chiefly valuable for timber growing, with a view to reforestation. The said wardens, shall, under the direction of the said supervisor engage in the discovery of inflammable materials, and cause, or assist in the burning of such material at such times as the burning can be done with a minimum of danger to adjacent timber, or other property. The said wardens, under the direction of the said supervisor, shall report any trespass and illegal cutting upon state timber lands, coming to his notice, and report the same to the state land commissioner.

The said supervisor shall have power to temporarily suspend any warden or ranger who may be incompetent or unwilling to discharge properly the duties of his office, and to appoint his successor temporarily, until his action shall be passed upon by the said director.

The wardens shall make their headquarters at such place as the said supervisor shall determine, and upon request of said supervisor to the county commissioners of any county, such wardens shall be furnished with suitably equipped office quarters in the county court house, said quarters to be designated by said county commissioners.

The authority of the wardens respecting the prevention, suppression and control of forest fires, summoning, impressing or employing help, or making arrests for the violation of "this act, may extend to any part of the state.

The salaries and necessary expenses of all wardens, together with all wages and expenses incurred for help and assistance in forest fire protection shall be fixed by the said director, the wages and salaries to be based on but not to exceed going wages and salaries for similar work.

All accounts of the wardens shall be submitted to the said supervisor, as well as all bills for forest fire protection authorized by the wardens.

All wardens and rangers shall render reports to the said supervisor on such blanks or forms, or in such manner, and at such times as may be ordered, giving a summary of how employed, the area of county visited, expenses incurred, and such other information as may be called for by the said supervisor. [1937 c 97 § 1; 1923 c 184 § 2; 1921 c 102 § 1; 1911 c 125 § 5; RRS § 5785. Prior: 1905 c 164 § 5.]

76.04.070 Further duties of wardens. Each warden shall be at all times under the direction and control of the supervisor of forestry, and shall perform such other duties at such times and places as he may direct.

It shall be the duty of wardens to post over the forest areas notices of warning giving the date of the closed season as provided for in RCW 76.04.150, and copies of all such laws and rules as they may be directed to post by the supervisor of forestry.

They shall investigate all fires and report all of a serious or threatening character to the supervisor of forestry immediately. They shall patrol their districts; visit all parts of roads and trails, and frequented places and camps as far as possible, warn campers or other users of fire, see that all locomotives are provided with spark arresters, and with adequate devices for preventing the escape of fire or live coals from ash pans and fire boxes, in accordance with the law; extinguish small or smoldering fires, and set back-fires to control fires; summon, impress and employ help in controlling fires, and see that all laws for the protection of forests are enforced, and arrest and cause to be prosecuted all offenders. [1933 c 68 § 1; 1911 c 125 § 6; RRS § 5786. Prior: 1905 c 164 § 6.]

76.04.080 Rangers—Appointment—Ex officio rangers—Compensation. All state land cruisers, all game wardens, road supervisors and state highway patrolmen, when approved by the state supervisor of forestry, and all rangers and assistant rangers of the United States forest service, when recommended by their forest supervisors, and commissioned by the state supervisor of forestry shall be ex officio rangers.

Timber cruisers and citizens of the state advantageously located may, at the discretion of the said supervisor, be appointed rangers and vested with the powers and duties of wardens.

Rangers shall receive no compensation for their services except when employed in cooperation with the state and under the provisions of "this act, and shall not create any indebtedness, or incur any liability on behalf of
the state: Provided. That rangers actually engaged in extinguishing, or preventing the spread of fire in brush, slashings, choppings, timber or elsewhere that may endanger timber or other property, shall when their accounts for such service have been approved by the fire wardens in authority, be entitled to receive compensation for such services at a rate to be fixed by the director of the department of conservation and development. Whenever an arrest shall have been made for a violation of any of the provisions of *this act or whenever information of such violation shall have been lodged with him, the prosecuting attorney of the county in which the criminal act was committed, shall prosecute the offender or offenders, with all diligence and energy. If any prosecuting attorney shall fail to comply with the provisions of this section, he shall be guilty of a misdemeanor and shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars, and by imprisonment of not less than thirty days, nor more than one year in the county jail. The penalties of this section shall apply to any magistrate, with proper authority, who refuses or neglects to cause the arrest and prosecution of any person or persons when complaint under oath of violation of any provisions of this act has been lodged with him. [1911 c 125 § 20; RRS § 5800. Prior: 1905 c 164 § 11.]

76.04.100 Service of notices. Any notice required by *this or other acts to be served by a forest officer shall be sufficient if a written or printed copy thereof is delivered, mailed or telegraphed by a forest officer to the person to receive notice or to his responsible agent, or, in case the name or address of such person or agent is unknown to the officers and cannot be obtained by reasonable diligence, by posting such copy in a conspicuous place upon the premises concerned by this notice. [1917 c 105 § 7; RRS § 5810.]

*Rewiser's note: "this act" appears in 1917 c 105 codified as RCW 76.04.010, 76.04.100, 76.04.350 through 76.04.380 and 76.04.400.

76.04.120 Rules and regulations—Penalty for violations. Any person who shall wilfully violate any of the orders, rules or regulations made by the director of the department of conservation and development of the state of Washington in accordance with the authority granted by the provisions of Title XXXVI of Remington's Compiled Statutes of Washington 1922, for the protection of forests from fires, shall be guilty of a misdemeanor. [1923 c 184 § 11; part; RRS § 5811–1.]

*Rewiser's note: Title XXXVI Rem. Comp. Stat. (1911 c 125, 1891 p 226 § 1, and 1917 c 105) is codified in chapter 76.04 RCW.

76.04.140 Regions of extra fire hazard—Designation—Penalty. When, in the opinion of the director, any forest region is particularly exposed to fire danger, he may designate such region, defining the boundaries thereof by legal subdivisions or watercourses, watersheds, mountain ranges, or other natural monuments, as a region of extra fire hazard, and he shall promulgate rules and regulations for the protection thereof. All such rules and regulations shall be promulgated by publication in such newspapers of general circulation in the counties wherein such region is situated and for such length of time as the director may determine. When in the opinion of the director it becomes necessary to close the area to entry, posters carrying the wording "Region of extra fire hazard—CLOSED TO ENTRY"—except as provided by RCW 76.04.140* and indicating the beginning and ending dates of such closures shall be posted on the public highways entering such regions. The rules and regulations shall be in force from the time specified therein: Provided, That when in the opinion of the director such forest region continues to be exposed to fire danger, or ceases to be so exposed, the director may extend, suspend, or terminate the closure as previously promulgated by proclamation so declaring.

This chapter shall not, however, authorize the director to prohibit the conduct of industrial operations, public work, or access of permanent residents to their own property within the closed area: Provided, That no one legally entering the region of extra fire hazard will be permitted to use the area for recreational purposes which are prohibited to the general public under the terms of this section.

Anyone violating any such rules and regulations or order closing any forest region shall be guilty of a misdemeanor. [1957 c 111 § 4; 1953 c 24 § 1; 1925 ex.s. c 43 § 1; RRS § 5782–1.]

76.04.150 Closed season—Permits. Except in certain areas designated by the department of natural resources, or as permitted under rules and regulations promulgated by the department of natural resources, no one shall burn any inflammable material within any county in this state in which there is a warden or ranger during the period beginning the fifteenth day of March, and ending on the fifteenth day of October in each year in western Washington, or during the period beginning [Title 76—p 6]
the fifteenth day of April and ending on the fifteenth day of October in eastern Washington, unless a different date for such beginning and ending is fixed by order of the department of natural resources, after a finding that such different dates are necessary for the protection of life and property, or air quality standards, without first obtaining permission in writing from the department of natural resources, any authorized employee thereof, or a warden, or ranger, and afterwards complying with the terms of said permit. However, if such fire is contained in a suitable device sufficient, in the opinion of the department of natural resources to prevent the fire from spreading, and such device complies with air pollution requirements as provided under chapter 70.94 RCW, said written permission will not be necessary under RCW 76.04.150 and 76.04.170.

The department of natural resources or authorized employees thereof, or any warden or ranger, may refuse, revoke, or postpone the use of permits to burn when such act is clearly necessary for the safety of adjacent property. They may also refuse, suspend, or revoke a permit authorized under this section when necessary in their judgment to prevent air pollution as provided for in chapter 70.94 RCW.

A person violating this section shall, upon conviction, be fined not less than twenty-five dollars nor more than five hundred dollars or be imprisoned in the county jail not exceeding thirty days. Permission for burning shall be given only upon compliance with such rules and regulations as the department of natural resources shall prescribe, which shall be only such as the department of natural resources deems necessary for the protection of life or property, and air quality. [1971 e.s. c 233 § 1; 1965 c 82 § 1; 1953 c 24 § 2; 1951 c 58 § 2; 1945 c 11 § 1; 1925 e.s. c 43 § 3; 1921 c 102 § 2; 1911 c 12 § 8; Rem. Supp. 1945 § 5788. Prior: 1905 c 164 § 8; 1903 c 114 §§ 6, 7.]

676.04.170 Burning waste forest material—Permit. Anyone desiring to dispose of the refuse or waste forest material on or from forest lands, to reduce the potential danger of loss of life or property by burning during the period beginning the fifteenth day of March, and ending on the fifteenth day of October in each year in western Washington, or during the period beginning the fifteenth day of April and ending on the fifteenth day of October in eastern Washington, unless different dates for such beginning and ending are fixed by order of the department of natural resources after a finding that such different dates are necessary for the protection of life and property, or air quality, may make application to the department of natural resources, authorized employees thereof, or to any warden or ranger, for a permit so to do. The application shall state the location and extent of the area sought to be burned over, and by whom the burning is to be done. Upon receipt of an application the department of natural resources may inspect, or cause to be inspected the area described in the application and if satisfied that all requirements relating to fire fighting equipment, the work to be done or precautions to be taken before commencing such burning, have been complied with and that no unreasonable danger will result, and that the burning will be done at a time and in a manner so as to minimize reduction in air quality, the department of natural resources shall issue a permit.

The department of natural resources, authorized employees thereof, warden, or ranger may impose reasonable conditions in such permits for the protection of life, property, or air quality, and may suspend or revoke such permits when conditions warrant. A permit shall be effective only under the conditions and for the period stated therein. Compliance with the terms of the permit shall create a presumption of due care with respect to the starting and control of such fire. [1971 e.s. c 233 § 2; 1955 c 142 § 1; 1929 c 207 § 1; 1927 c 223 § 1; RRS § 5788-1. Prior: 1905 c 164 § 8.]

Severability—1955 c 142: "If any section or part of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other sections or parts of this act or the application thereof, if it can be given effect without the invalid provisions and to this end the provisions of the act are declared to be severable and independent of any other provision of law." [1955 c 142 § 15.] This applies to RCW 76.04.170, 76.04.210, 76.04.223-76.04.230, 76.04.250-76.04.270, 76.04.320 and 76.04.360.

Burning permit within fire protection districts: RCW 52.28.010. Burning permits for abating or prevention of forest fire hazards: RCW 70.94.660-70.94.700.

676.04.180 Supervised burning—Fire fighting—Employment—Penalty for refusing assistance. No one shall burn any forest material or the waste or debris resulting from logging or land clearing operations until such work shall have been done in and around the slashing or chopping and/or the area proposed to be burned over to prevent the spread of fire therefrom as shall be required to be done by the state supervisor of forestry, or any warden or ranger. The said supervisor or any warden or ranger may require the cutting of such dry snags, stumps and dead trees within the area to be burned, which in his judgment constitute a menace or are likely to further the spread of fire therefrom.

When any person shall have obtained permission from the said supervisor, warden or ranger, to burn any slashings made for the purpose of clearing land, the warden may, at his discretion, furnish him with men to assist and control the burning, who shall represent and act for such warden, and shall have all the power and authority of a warden while engaged in such service, including the right to revoke such permit, if in his opinion the burning authorized would endanger any valuable timber or other property. Such a man shall serve only until such time as the party burning may be able to keep the fire under control himself.

The said supervisor and wardens are hereby authorized and empowered to employ a sufficient number of men to extinguish or prevent the spreading of any fires that may be in danger of destroying any valuable timber or other property of the state. The said supervisor, or any warden by special authority of the said supervisor, may provide needed tools and supplies, and transportation when necessary for men so employed.

Every man so employed, and also the representative of the warden supervising the burning, shall be entitled to compensation at a rate to be fixed by the director of the department of conservation and development, and the
warden shall issue a certificate to each man so employed showing the number of hours worked by him and the amounts due to him, upon which, after approval by said supervisor, the men shall be entitled to receive payment from the state.

Any person refusing to render assistance when called upon by any warden, shall be guilty of a misdemeanor, and shall be punished by a fine of not less than ten dollars nor more than one hundred dollars. [1971 ex.s. c 207 § 13; 1929 c 207 § 3; 1923 c 184 § 5; 1917 c 33 § 2; 1911 c 125 § 9; RRS § 5789.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.04.190 Closure of forest operation—Penalty. When in the opinion of the supervisor, weather conditions arise which present an extreme fire hazard, whereby life and property may be endangered by spreading forest fires, he may issue an order shutting down all logging, land clearing, or other industrial operations which may cause a forest fire to start, and such shutdown shall be for the periods and regions, designated in the order. During all such shutdowns, all persons are excluded from logging operating areas and areas of logging slashings, except those persons present in the interest of fire protection for the period of the shutdown ordered by the state supervisor of forestry, or his authorized deputies.

Anyone violating any such order shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars for each violation, or by imprisonment for not less than thirty days in the county jail. Each day's violation shall constitute a separate offense. [1957 c 111 § 5; 1951 2nd ex.s. c 18 § 1; 1937 c 152 § 3; RRS § 5789–1.]

76.04.200 Suspension of burning permits and hunting privileges. In times and localities of unusual fire danger, the governor, with the advice of the forester, may suspend any or all permits or privileges authorized by RCW 76.04.150, and may prohibit absolutely the use of fire therein mentioned.

Whenever during an open season for the hunting of any kind of game within this state, it shall appear to the governor that by reason of extreme drought, the use of firearms or fire by hunters is liable to cause forest fires, he may by proclamation suspend the open season and make it a closed season for the shooting of wild birds or animals of any kind, for such time as he may designate, and during the time so designated all provisions of law relating to closed seasons for game shall be enforced. [1911 c 125 § 10; RRS § 5790.]

Reviser's note: The powers and duties of the governor referred to herein have devolved upon the department of natural resources through a chain of statutes as follows: (1) 1921 c 7 §§ 1, 68; (2) 1957 c 87 §§ 3, 7, 8.

76.04.210 Penalties for setting fires or removing notices. Any person who wilfully or needlessly defaces or removes any warning notice posted under the requirements of this chapter shall upon conviction be punished by a fine of not less than twenty-five dollars nor more than one hundred dollars for each offense, or by imprisonment in the county jail not exceeding thirty days.

Any person who upon any land sets any fire, except at the proper places on camping grounds which have been prepared and designated as such by the supervisor or which have been approved by the supervisor, which fire shall spread and damage or destroy property of any kind not his own, or who starts any fire, except in a stove, upon any designated camp ground and, upon leaving the ground, fails to extinguish the fire, shall upon conviction be punished by a fine of not less than twenty–five dollars nor more than five hundred dollars. If the fire is set or left with intent to destroy property not his own, he shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars or imprisonment in the county jail for not less than one month nor more than one year, or by both such fine and imprisonment.

During the period beginning the fifteenth day of March, and ending on the fifteenth day of October in each year in western Washington, or between the fifteenth day of April and the fifteenth day of October in eastern Washington, unless different dates for such beginning and ending are fixed by order of the supervisor of forestry after a finding that such different dates are necessary for the protection of life and property, any person who without a written permit kindles a fire, in or dangerously near any forest material, except at the proper places on camping grounds as described above, or who is a party to kindling such fire, or who by throwing away any lighted cigar, cigarette, matches, or by use of firearms, or in any other manner starts a fire in forest materials, and who fails immediately to extinguish it, shall upon conviction, be fined not less than twenty–five dollars nor more than one hundred dollars, or be imprisoned in the county jail not exceeding two months. Nothing in this section shall absolve any person from liability on account of negligence.

The supervisor shall designate and prepare or approve such camping grounds as he may determine for the purpose of carrying out the provisions of this section. [1955 c 142 § 2; 1925 ex.s. c 43 § 4; 1921 c 102 § 3; 1911 c 125 § 11; RRS § 5791. Prior: 1905 c 164 § 9; 1903 c 114 § 10.]

76.04.220 Wilful or negligent fires—Fire fighting—Refusal to aid—Penalty. Every person who shall wilfully or negligently set, or fail to carefully guard or extinguish any fire, whether on his own land or the land of another, whereby the timber or property of another shall be endangered, or who shall fail to respond to any lawful summons to aid in guarding or extinguishing any fire, shall be guilty of a misdemeanor. [1909 c 249 § 271; RRS § 2523.]

Reviser's note: Caption for 1909 c 249 § 271 reads: "Sec. 271. Negligent fires."

76.04.222 Snags must be felled currently with logging. Standing dead trees constitute the greatest single detriment to effective fire control action in the forest areas. To insure continued forest growth free from destruction by conflagration, snags must be felled currently with the logging. [1951 c 13 § 1.]

[Title 76—p 8]
76.04.223 Size of snags—Number to be felled in
snag areas. On forest lands west of the summit of the
Cascade mountains, all snags or standing dead trees over
twenty-five feet in height and sixteen inches and over in
diameter breast high, shall be felled currently with the
felling of live timber or with the current logging opera-
tion. *Provided, That where the majority of the timber
has been killed prior to logging, the operator, timber
owner and/or landowner will not be required to fell
more nonmerchantable snags than the average number of
nonmerchantable snags per acre in green timber in the
stands of the county. The average number of non-
merchantable snags per acre in green timber will be
determined for the various counties of the state by the
supervisor of forestry with the approval of the state for-
est board. [1955 c 142 § 3; 1951 c 13 § 2.]

76.04.224 Number of snags to be felled—Same
ratio as green timber cut. On areas where only part of
the live merchantable timber is cut and removed, the
number of nonmerchantable snags to be felled shall be
in the same proportion to the number of nonmerchan-
table snags in the stand, as the volume, Scribner scale, of
green trees cut over twelve inches diameter breast high
is to the total volume, Scribner scale, of green trees over
twelve inches diameter breast high in the stand. [1955 c
142 § 4; 1951 c 13 § 3.]

76.04.225 Snag removal pattern. In stands wherever
the operator, timber owner and/or landowner is not
required to fall all the snags on the area, as provided in
RCW 76.04.222 to 76.04.227, the supervisor may design-
ate which snags shall be felled in an effort to remove
the snags in patterns to establish snag-free fire breaks.
[1957 c 111 § 6; 1955 c 142 § 5; 1951 c 13 § 4.]

76.04.226 Snag removal—Penalty for failure to
remove—Lien. If an operator, timber owner and/or
landowner shall fail to comply with the provisions of
RCW 76.04.222 to 76.04.227 he shall be charged with
violation of such sections, and the supervisor may subse-
quently have the snags felled and the cost thereof may
be recovered by a lien against any property of the viola-
tors, which lien may be enforced in the same manner
and with the same effect as a mechanic's lien. [1955 c
142 § 6; 1951 c 13 § 5.]

Mechanic's lien, generally: Chapter 60.04 RCW.

76.04.227 Snag removal—Violation is misde-
meanor. Any person violating the provisions of RCW
76.04.222 to 76.04.227 shall be guilty of a misdemeanor,
and upon conviction be fined not less than twenty-five
dollars nor more than two hundred and fifty dollars
and/or be imprisoned in the county jail not exceeding
thirty days. [1955 c 142 § 7; 1951 c 13 § 6.]

76.04.240 Burning mill wood waste——Arresters. It
shall be unlawful for any one manufacturing lumber or
shingles, or other forest products, to destroy wood waste
material by burning the same at or near any mill situ-
ated within one-quarter of one mile of any forest mate-
rial, without properly confining the place of said burning
and without further safeguarding the surrounding prop-
erty against danger from said burning by such additional
devices as the forester may require.

It shall be unlawful for anyone to destroy any wood
waste material by fire within any burner or destructor
operated at or near any mill, and situated within one-
quarter of one mile of any forest material, or to operate
any power producing plant using in connection therewith
any smokestack, chimney, or other spark emitting outlet,
without installing and maintaining on such burner, or
destructor, or on such smokestack, chimney or other
spark emitting outlet, a safe and suitable device for
arresting sparks.

Anyone violating the provisions of this section shall
upon conviction thereof, be punished by a fine of not less
than fifty dollars nor more than five hundred dollars for
each and every violation, or by imprisonment of not less
than thirty days in the county jail. [1911 c 125 § 13;
RRS § 5793.]

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that the next general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the superviser of natural resources certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments the county treasurer shall transmit them.
to the supervisor of natural resources to be applied against expenses incurred in carrying out the provisions of this section.

The supervisor of natural resources shall include in the assessment a sum not to exceed one-half of one cent per acre, to cover the necessary and reasonable cost of office and clerical work incurred in the enforcement of these provisions. He may also expend any sums collected from owners of forest lands or received from any other source for necessary office and clerical expense in connection with the enforcement of RCW 76.04.370.

When land against which fire patrol assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment, and the county treasurer in case the proceeds of sale exceed the amount of the delinquent tax judgment shall forthwith remit to the supervisor of natural resources the amount of the outstanding patrol assessments.

The supervisor of natural resources shall furnish a good and sufficient surety company bond running to the state, in a sum as great as the probable amount of money annually coming into his hands under the provisions of this chapter, conditioned for the faithful performance of his duties and for a faithful accounting for all sums received and expended thereunder, which bond shall be approved by the attorney general. 76.04.360 Fire patrol assessments—Liens—Supervisor's bond (as amended by 1973 1st ex.s. c 195 § 87). If any owner of forest land neglects or fails to provide adequate fire protection therefor as required by RCW 76.04.350, the department shall provide such protection therefor, notwithstanding the provisions of RCW 76.04.520, at a cost to the owner of not to exceed eighteen cents an acre per year on lands west of the summit of the Cascade mountains and fourteen cents an acre per year on lands east of the summit of the Cascade mountains.

For the purpose of "this act, the supervisor may divide the forest lands of the state, or any part thereof, into districts, for patrol and assessment purposes, may classify land according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Such cost must be justified by a showing of budgets on demand of twenty-five owners of forest land in the county concerned, upon written request and after hearing. Any costs so paid or contracted to be paid by the supervisor of natural resources for this purpose from any funds at his disposal shall be a lien upon the property patented and protected, and unless reimbursed by the owner within ten days after October Ist of the year in which they were incurred, on which the supervisor of natural resources may be prepared to make statement thereof upon request to any forest owner whose own protection has not been previously approved by him as adequate, shall be reported by the supervisor of natural resources to the assessor of the county in which the property is situated who shall extend the amounts upon the tax rolls covering the property, or the county assessor may upon authorization from the supervisor of natural resources levy the forest patrol assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records until the assessor may then segregate on his records to provide for in chapter 52.04 RCW.

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that the next general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the supervisor of natural resources certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments the county treasurer shall transmit them to the supervisor of natural resources to be applied against expenses incurred in carrying out the provisions of this section.

The supervisor of natural resources shall include in the assessment a sum not to exceed one-half of one cent per acre, to cover the necessary and reasonable cost of office and clerical work incurred in the enforcement of these provisions. He may also expend any sums collected from owners of forest lands or received from any other source for necessary office and clerical expense in connection with the enforcement of RCW 76.04.370.

When land against which fire patrol assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment, and the county treasurer in case the proceeds of sale exceed the amount of the delinquent tax judgment shall forthwith remit to the supervisor of natural resources the amount of the outstanding patrol assessments.

The supervisor of natural resources shall furnish a good and sufficient surety company bond running to the state, in a sum as great as the probable amount of money annually coming into his hands under the provisions of this chapter, conditioned for the faithful performance of his duties and for a faithful accounting for all sums received and expended thereunder, which bond shall be approved by the attorney general. 76.04.370 Additional fire hazards—Extreme fire hazard areas—Abatement, isolation or reduction—Summary action—Recovery of costs. Any land in the state covered wholly or in part by forest debris and which by reason of such condition is likely to further the spread of fire and thereby endanger life or property, shall constitute an additional fire hazard, and the owner thereof and/or the person responsible for its existence shall take reasonable measures to reduce the danger of fire spreading from the area and may abate such hazard by burning or other satisfactory means.

Notwithstanding the above, the department shall promulgate rules and regulations defining areas of extreme fire hazard including but not limited to high risk areas such as where life or buildings may be endangered, areas adjacent to public highways, and areas of frequent public use and the owner and/or person responsible shall abate such hazard; and in addition the department may define other conditions of extreme fire hazard with a high potential for fire spreading to lands in other ownerships and may, under rules and regulations adopted after consultation with the advisory board, prescribe additional measures that shall be taken by the owner and/or person responsible to isolate and/or reduce such hazard.

If the owner or person responsible for the existence of such extreme hazard or for the existence of forest debris subject to RCW 76.04.310 as now or hereafter amended, refuses, neglects, or fails to abate, isolate or reduce the same, the department may summarily cause it to be abated, isolated, or reduced as required in *this act and twice the actual cost thereof may be recovered from the owner or person responsible therefor. Such costs shall include all salaries and expenses of men and equipment incurred therein, including those of the department. All such costs shall also be a lien upon the land enforceable in the same manner with the same effect as a mechanic's lien. The summary action may be taken only after ten
76.04.380 Uncontrolled fire a public nuisance—Suppression—Duties—Summary action—Recovery of costs. Any fire on or threatening any forest land burning uncontrolled and without proper action being taken to prevent its spread, notwithstanding the origin of such fire, is a public nuisance by reason of its menace to life and property. Any person engaged in any activity on such lands, having knowledge of such fire, notwithstanding the origin or subsequent spread thereof on his own or other forest lands, and/or the landowner, shall make every reasonable effort to suppress such fire and to prudently report the same to the department. If such person has not suppressed such fire, the department shall summarily suppress the fire and the cost thereof may be recovered from the owner, lessee, or other possessor of the land and the cost of the work shall also constitute a lien upon the property or chattels under his ownership. Such lien may be filed by the department in the office of the county auditor and foreclosed in the same manner provided by law for the foreclosure of mechanics' liens. The prosecuting attorney shall bring the action to recover the cost or foreclose the lien, upon the request of the department: Provided, That in the absence of negligence, no costs, other than those provided in RCW 76.04.385 shall be recovered from any landowner for lands subject to the forest patrol assessment with respect to the land on which the fire burns.

When a fire occurs in a land clearing, right of way clearing, or landowner operation, the person, firm, or corporation conducting such operation shall supply at his expense the same manpower and equipment which were required of him at the time of the original fire, and equipment as provided herein; such payment shall be without restriction to the right of the department to recover costs pursuant to the provisions of RCW 76.04.390 as now or hereafter amended or other laws but any such recovery is provided by law for the foreclosure of mechanics' liens, rekindles, the operator shall be required to supply at his expense the same manpower and equipment which were required of him at the time of the original fire.

Claims for reimbursement shall be submitted within a reasonable time to the department which shall, upon verifying the amounts therein and the necessity thereof, authorize payment at such rates as established by the department for wages and equipment rental; No reimbursement provided herein shall be allowed to a person, firm, or corporation negligently responsible for the starting or existence of any fire for which costs may be recoverable by the department pursuant to law.

Reimbursement of emergency fire costs incurred or approved by the department in suppressing a forest fire may be paid from the appropriate contingency account as provided therein. Such payment shall be without restriction to the right of the department to recover costs pursuant to the provisions of RCW 76.04.390 as now or hereafter amended or other laws but any such recovery by the department shall be returned into the account from which it was spent, less reasonable costs of collection. [1973 1st ex.s. c 24 § 3; 1971 ex.s. c 207 § 5.]

76.04.385 Reimbursement for costs of suppression action. Any person, firm, or corporation, public or private, obligated to take suppression action on any forest fire shall, under the provisions of this section, be entitled to reimbursement for reasonable costs incurred thereby, subject to the following:

(1) If the fire is started in the course of or as a result of a land clearing, right of way clearing, or landowner's operation, the person, firm, or corporation conducting such operation shall supply at his expense the manpower and equipment under his control and reasonably available until midnight on the day on which the fire started, after which time he shall supply, at his expense, only the manpower and equipment which were within a one-half mile radius of the point of origin of such fire, but in any case never less than five men and one suitable bulldozer, or other equipment accepted by the department as equivalent, unless, in the opinion of the department, less is needed for the purpose of suppressing the same. If he has no men or equipment within the said one-half mile he shall pay to the department the equivalent of the minimum requirement. If after midnight of the day on which the fire started, additional manpower and equipment are necessary, in the opinion of the department, he shall supply the manpower and equipment under his control outside such one-half mile radius, if reasonably available, but he shall be reimbursed for such manpower and equipment as provided herein;

(2) Where a fire, which occurred in the course of or as a result of a land clearing, right of way clearing, or landowner's operation, and which fire had previously been suppressed, rekindles, the operator shall be required to supply at his expense the same manpower and equipment which were required of him at the time of the original fire;

Claims for reimbursement shall be submitted within a reasonable time to the department which shall, upon verifying the amounts therein and the necessity thereof, authorize payment at such rates as established by the department for wages and equipment rental;

No reimbursement provided herein shall be allowed to a person, firm, or corporation negligently responsible for the starting or existence of any fire for which costs may be recoverable by the department pursuant to law.

Reimbursement of emergency fire costs incurred or approved by the department in suppressing a forest fire may be paid from the appropriate contingency account as provided therein. Such payment shall be without restriction to the right of the department to recover costs pursuant to the provisions of RCW 76.04.390 as now or hereafter amended or other laws but any such recovery by the department shall be returned into the account from which it was spent, less reasonable costs of collection. existence of a fire which spreads on forest land, including permitting the existence of an extreme fire hazard under RCW 76.04.370, as now or hereafter amended, after failure to abate, isolate, or reduce, as required in this 1971 amendatory act, or for the existence of forest debris subject to RCW 76.04.310 as now or hereafter amended, and which contributes to the spread of said fire, shall be liable for any expense made necessary by such negligence, incurred by the state, a municipality, or a forest protective association, in fighting such fire provided that such expense was authorized or subsequently approved by the department. The department or agency incurring such expense shall have a lien for the same against any property of said person, firm, or corporation liable as above provided by filing a claim of lien naming said person, firm, or corporation describing the property against which the lien is claimed, specifying the amount expended on the lands on which the fire fighting took place and the period during which the expenses were incurred, and signed by the claimant with post office address. No claim of lien shall be valid unless filed with the county auditor of the county in which the property sought to be charged is located within a period of ninety days after the expenses of the claimant were incurred. The claimant may recover said expenses incurred in a civil action against said person, firm, or corporation liable therefor, and shall have in addition the lien remedy above provided. Said lien may be foreclosed in the same manner as a mechanic’s lien is foreclosed under the statutes of the state of Washington. [1971 ex.s. c 207 § 6; 1923 c 184 § 11, part; RRS § 5806–1.]

76.04.400 Cooperative protection. When any responsible protective agency or agencies composed of timber owners other than the state shall agree to undertake systematic forest protection in cooperation therewith and such cooperation shall appear more advantageous to the state than the maintenance of the independent system provided elsewhere by law, the *state forester may, with the approval of the *state board of forest commissioners, designate suitable areas to be official cooperative districts and substitute thethero whenever necessary, in place of the county wardens elsewhere provided by law, such district wardens, with such district headquarters and duties, as may be agreed upon by him and by the cooperating agencies to render such cooperation most effective. He may also cooperate in the compensation of such wardens, or in the payment of other expenses for the protection and control of fire, in such official fire districts, to such extent as the board of forest commissioners may deem equitable on behalf of the state, and claim for such payments shall be approved and paid in the manner prescribed for claims outside such cooperative districts. [1917 c 105 § 5; RRS § 5808.]

76.04.510 General contingency forest fire suppression account. There is created a general contingency forest fire suppression account which shall be a separate account in the general fund. The account is for the purpose of paying the emergency fire costs and expenses incurred and/or approved by the department in forest fire suppression or in reacting to any potential forest fire situation. When a determination is made that the fire started in the course of or as a result of a participating landowner operation, moneys expended from this account in the suppression of such fire shall be recovered.

from the landowner contingency forest fire suppression account. The department shall transmit to the state treasurer for deposit in the general contingency forest fire suppression account any moneys paid out of said account which are later recovered and said moneys may be spent for purposes set forth herein during the current biennium, without reappropriation. Interfund loans to and from this account are authorized at the then current rate of interest as determined by the state treasurer. [1971 ex.s. c 207 § 7; 1959 c 332 § 1.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.04.515 Landowner contingency forest fire suppression account. There is created a landowner contingency forest fire suppression account which shall be a separate account in the general fund. This account shall be for the purpose of paying emergency fire costs incurred or approved by the department in the suppression of forest fires. When a determination is made that the fire was started by other than a participating landowner operation, moneys expended from this account in the suppression of such fire shall be recovered from the general contingency forest fire suppression account. Moneys spent from this account shall be by appropriation. The department shall transmit to the state treasurer for deposit in the landowner contingency forest fire suppression account any moneys paid out of said account which are later recovered, less reasonable costs of recovery, which moneys may be expended for purposes set forth herein during the current biennium, without reappropriation.

This account shall be established and renewed by a special forest fire suppression account assessment paid by participating landowners at rates to be established by the department, but not to exceed five cents per acre per year for such period of years as may be necessary to establish and thereafter reestablish a balance in said account of one million dollars. The assessments with respect to forest lands in western and eastern Washington may differ to equitably distribute the assessment based on emergency fire suppression cost experience necessitated by participating landowner operations. Amounts assessed for this account shall be a lien upon the forest lands with respect to which the assessment is made, and may be collected as directed by the department in the same manner as forest patrol assessments. This account shall be held by the state treasurer who is authorized to invest so much of said account as is not necessary to meet current needs. Any interest earned on moneys from said account shall be deposited in and remain a part of the account, and shall be computed as part of the same in determining the balance thereof. Interfund loans to and from this account are authorized at the then current rate of interest as determined by the state treasurer, provided that the effect of the loan is considered for purposes of determining the assessments. Payment of emergency costs from this account shall in no way restrict the right of the department to recover costs pursuant to RCW 76.04.390 as now or hereafter amended, or other laws.

When the department determines that a forest fire was started in the course of or as a result of a participating landowner operation, it shall notify the forest fire advisory board of such determination. Such determination shall be final, unless, within ninety days of such notification, the forest fire advisory board or any interested party, serves a request for a hearing before the department. Such hearing shall constitute a contested case under chapter 34.04 RCW and any appeal therefrom shall be to the superior court of Thurston county. [1973 1st ex.s. c 24 § 4; 1971 ex.s. c 207 § 8.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.04.520 Forest fire advisory board. There is hereby created a forest fire advisory board, consisting of seven members who shall represent private and public forest landowners and other interested segments of the public. The members shall be appointed by the commissioner of public lands and shall serve at his pleasure, without compensation.

The duties of the forest fire advisory board shall be strictly advisory and shall include, but not necessarily be limited to, reviewing forest fire policy and protection budgets of the department; monitoring expenditures from and recoveries for the landowner contingency forest fire suppression account; recommending appropriate assessments and allocations for establishment and replenishment of said account based upon the proportionate expenditures necessitated by participating landowner operations in western and eastern Washington; recommending to the department appropriate rules and regulations or amendments to existing rules and regulations and reviewing nonemergency rules and regulations, affecting the protection of forest lands from fire, including reasonable alternative means or procedures for the abatement, isolation, or reduction of forest fire hazards. Except where an emergency exists, all rules and regulations as to the above shall be promulgated by the department after consultation with the forest fire advisory board. [1971 ex.s. c 207 § 9.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.06.010 Forest insects and tree diseases are public nuisance. Forest insects and forest tree diseases which threaten the permanent timber production of the forest areas of the state of Washington are hereby declared to be a public nuisance. [1951 c 233 § 1.]

76.06.020 Definitions. As used in this chapter:
"Supervisor" means the supervisor of forestry;
"Board" means the state forest board;
"Owner" means and includes individuals, partnerships, corporations and associations;
"Agent" means the recognized legal representative, representatives, agent or agents for any owner;
"Timber land" means any land on which there is a sufficient number of trees, standing or down, to constitute, in the judgment of the board, a forest insect or forest disease breeding ground of a nature to constitute a menace, injurious and dangerous to permanent forest growth in the district under consideration. [1951 c 233 § 2.]

76.06.030 Administration. This chapter shall be administered by the division of forestry under the guidance and approval of the state forest board. [1951 c 233 § 3.]

76.06.040 Owner must control pests and diseases. Every owner of timber lands, or his agent, shall make every reasonable effort to control, destroy and eradicate such forest insect pests and forest tree diseases which threaten the existence of any stand of timber or provide for the same to be done on timber lands owned by him or under his control. In the event he fails, neglects, or is unable to accomplish such control, the action may be performed as provided for in this chapter. [1951 c 233 § 4.]

76.06.050 Infestation control district—Creation—Notice to owners. Whenever the supervisor finds timber lands threatened by infestations of forest insects or forest tree diseases, and if he finds that such infestation is of such character as to threaten destruction of timber stands, the supervisor shall with the approval of the board declare and certify an infestation control district and fix and declare the boundaries thereof, so as to definitely describe such district. Said district may include timber lands threatened by the infestation as well as those timber lands already infested.

Thereafter the supervisor shall at once serve written notice to all owners of timber lands or their agents within the said district to proceed under the provisions of this chapter without delay to control, destroy and eradicate the said forest insect pests or forest tree diseases as provided herein. The said notice may be made by personal service, or by mail addressed to the last known place or address of such owner or agent. Said notice shall list and describe the method or methods of action that will be acceptable to the board if the owner or agent elects to control, destroy and eradicate said insects or diseases on his own property.

Said notice when published for five consecutive days in at least one daily newspaper or in two consecutive issues of a weekly newspaper, either paper having a general circulation in said district will serve as the written notice to owners of noncommercial timber lands. [1961 c 72 § 1; 1951 c 233 § 5.]

76.06.060 State shall control pests and diseases if owner fails. If the owner or agent so notified shall fail, refuse, neglect or is unable to comply with the requirements of said notice, within a period of thirty days after the date thereof, it shall be the duty of the supervisor or his agents, using such funds as have been, or hereafter may be, made available to proceed with the control, eradication and destruction of such forest pests or forest tree diseases with or without the cooperation of the owner involved in a manner approved by the forest board. [1951 c 233 § 6.]

76.06.070 Lien for costs of control—Collection. Upon the completion of the work directed, authorized and performed under the provisions of this chapter, the supervisor shall prepare a verified statement of the expenses necessarily incurred in performing the work of controlling, eradicating and destroying said forest insects or forest tree diseases. The balance of such expenses after deducting such amounts as may be contributed to the control costs by the state, by the federal government, or by any other agencies, companies, corporations or individuals, shall be a lien to be prorated per acre upon the property, or properties involved: Provided, That the amount of said lien shall not exceed twenty-five percent of the total costs incurred on such owner's lands including necessary buffer strips. Said lien shall be reported by the supervisor to the county assessor of the county in which said lands are situated, and shall be levied and collected with the next taxes on such lands in the same manner and with the same interest, penalty and cost charges as apply to ad valorem property taxes in this state: Provided further, Such report and levy shall be made only on commercial timber lands. The assessor shall extend the amounts on the assessment roll in a separate column, and the procedure provided by law for the collection of taxes and delinquent taxes shall be applicable thereto, and, upon the collection thereof, the county treasurer shall repay the same to the supervisor to be applied to the expenses incurred in carrying out the provisions of this chapter. [1951 c 233 § 7.]

Property taxes, generally: Title 84 RCW.

76.06.080 Owner complying with notice is exempt. Every owner, and all owners or representatives, who upon receiving notice as provided in RCW 76.06.050, shall proceed and continue in good faith to control, eradicate and destroy said forest insects and forest tree diseases in accordance with standards established by the supervisor shall be exempt from the provisions hereof as to the lands upon which he or they are so proceeding. [1951 c 233 § 11.]

Chapter 76.09 RCW to be used to satisfy federal water pollution act requirements: RCW 90.48.425.

76.09.010 Legislative finding and declaration. (1) The legislature hereby finds and declares that the forest land resources are among the most valuable of all resources in the state; that a viable forest products industry is of prime importance to the state's economy; that it is in the public interest for public and private commercial forest lands to be managed consistent with sound policies of natural resource protection; that coincident with maintenance of a viable forest products industry, it is important to afford protection to forest soils, fisheries, wildlife, water quantity and quality, air quality, recreation, and scenic beauty.

(2) The legislature further finds and declares it to be in the public interest of this state to create and maintain through the adoption of this chapter a comprehensive state-wide system of laws and forest practices regulations which will achieve the following purposes and policies:

(a) Afford protection to, promote, foster and encourage timber growth, and require such minimum reforestation of commercial tree species on forest lands as will reasonably utilize the timber growing capacity of the soil following current timber harvest;

(b) Afford protection to forest soils and public resources by utilizing all reasonable methods of technology in conducting forest practices;
(c) Recognize both the public and private interest in the profitable growing and harvesting of timber;
(d) Promote efficiency by permitting maximum operating freedom consistent with the other purposes and policies stated herein;
(e) Provide for regulation of forest practices so as to avoid unnecessary duplication in such regulation;
(f) Provide for interagency input and intergovernmental coordination and cooperation;
(g) Achieve compliance with all applicable requirements of federal and state law with respect to nonpoint sources of water pollution from forest practices; and
(h) To consider reasonable land use planning goals and concepts contained in local comprehensive plans and zoning regulations. [1974 ex.s. c 137 § 1.]

76.09.040 Forest practices regulations—Promulgation—Review of proposed regulations—Hearings—Adoption. (1) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall promulgate forest practices regulations establishing minimum standards for forest practices and setting forth necessary administrative provisions, pursuant to chapter 34.04 RCW and in accordance with the procedures enumerated in this section and RCW 76.09.200. Forest practices regulations pertaining to water quality protection shall be promulgated individually by the board and by the department of ecology after they have reached agreement with respect thereto. All other forest practices regulations shall be promulgated by the board.

Forest practices regulations shall be administered and enforced by the department except as otherwise provided in this chapter. Such regulations shall be promulgated and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2) The board shall prepare proposed forest practices regulations. In addition to any forest practices regulations relating to water quality protection proposed by the board, the department of ecology shall prepare proposed forest practices regulations relating to water quality protection.

Prior to initiating the rule making process, the proposed regulations shall be submitted for review and comments to the department of fisheries, the department of game, and to the counties of the state. After receipt of the proposed forest practices regulations, the departments of fisheries and game and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed regulations relating to water quality protection. After the expiration of such thirty day period the board and the department of ecology shall jointly hold one or more hearings on the proposed regulations pursuant to chapter 34.04 RCW. At such hearing(s) any county may propose specific forest practices regulations relating to problems existing within such county. The board and the department of ecology may adopt such proposals if they find the proposals are consistent with the purposes and policies of this chapter. [1974 ex.s. c 137 § 4.]

76.09.050 Rules establishing classes of forest practices—Applications for classes of forest practices—Approval or disapproval—Notifications—Procedures—Appeals—Waiver. (1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource that may be conducted without submitting an application or a notification;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, or being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, RCW 75.20.100;

(c) Within "shorelines of the state" as defined in RCW 90.58.030; or

(d) Excluded from Class II by the board;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within fourteen calendar days from the date the department receives the application;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, (b) on lands being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are to be reforested because of the likelihood of future conversion to urban development, and/or (d) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: Provided, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period.

[Title 76—p 20]
Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) No Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended: Provided, That any person commencing a forest practice during 1974 may continue such forest practice until April 1, 1975, if such person has submitted an application to the department prior to January 1, 1975: Provided, further, That in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) If a notification or application is delivered in person to the department by the operator or his agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) The department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: Provided, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: Provided, further, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: Provided, further, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology, game, and fisheries, and to the county in which the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) If the county believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) The department shall not approve portions of applications to which a county objects if:

(a) The department receives written notice from the county of such objections within fourteen business days from the time of transmittal of the application to the county, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960; or

(ii) Being converted to another use.

The department shall either disapprove those portions of such application or appeal the county objections to the appeals board. If the objections related to subparagraphs (b) (i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county objections. Unless the county either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county objections has expired.

(8) In addition to any rights under the above paragraph, the county may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) Appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220 (9). In such appeals there shall be no presumption of correctness of either the county or the department position.

(10) The department shall, within four business days notify the county of all notifications, approvals, and disapprovals of an application affecting lands within the county, except to the extent the county has waived its right to such notice.

(11) A county may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department. [1975 1st ex.s. c 200 § 2; 1974 ex.s. c 137 § 5.]

76.09.060 Applications for forest practices—— Form——Contents——Conversion of forest land to other use——New applications——Approval——Emergencies.

(1) The department shall prescribe the form and contents of the notification and application. The forest practices regulations shall specify by whom and under what conditions the notification and application shall be signed. The application or notification shall be delivered [Title 76—p 21]
in person or sent by certified mail to the department. The information required may include, but shall not be limited to:

(a) Name and address of the forest land owner, timber owner, and operator;

(b) Description of the proposed forest practice or practices to be conducted;

(c) Legal description of the land on which the forest practices are to be conducted;

(d) Planimetric and topographic maps showing location and size of all lakes and streams and other public waters in and immediately adjacent to the operating area and showing all existing and proposed roads and major tractor roads;

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;

(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices regulations;

(g) Soil, geological, and hydrological data with respect to forest practices;

(h) The expected dates of commencement and completion of all forest practices specified in the application;

(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources; and

(j) An affirmation that the statements contained in the notification or application are true.

(2) At the option of the applicant, the application or notification may be submitted to cover a single forest practice or any number of forest practices within reasonable geographic or political boundaries as specified by the department. Long range plans may be submitted to the department for review and consultation.

(3) The application shall indicate whether any land covered by the application will be converted or is intended to be converted to a use other than commercial timber production within three years after completion of the forest practices described in it. (a) If the application states that any such land will be or is intended to be so converted:

(i) The reforestation requirements of this chapter and of the forest practices regulations shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices regulations issued under RCW 76.09.070 as now or hereafter amended;

(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters 84.28, 84.33, and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;

(iii) The forest practices described in the application are subject to applicable county, city and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices regulations.

(b) If the application does not state that any land covered by the application will be or is intended to be so converted:

(i) For six years after the date of the application the county or city and regional governmental entities may deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;

(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal from classification under the provisions of RCW 84.28.065, a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and

(iii) Conversion to a use other than commercial timber operations within three years after completion of the forest practices without the consent of the county or municipality shall constitute a violation of each of the county, municipal and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application shall be either signed by the land owner or accompanied by a statement signed by the land owner indicating his intent with respect to conversion and acknowledging that he is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) The notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of one year from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such practice. [1975 1st ex.s. c 200 § 3; 1974 ex.s. c 137 § 6.]

76.09.070 Reforestation — Requirements — Procedures. After the completion of a logging operation, satisfactory reforestation as defined by the rules and
regulations promulgated by the board shall be completed within three years: Provided, That a longer period may be authorized if seed or seedlings are not available: Provided further, That a period of up to five years may be allowed where a natural regeneration plan is approved by the department. Upon the completion of a reforestation operation a report on such operation shall be filed with the department of natural resources. Within twelve months of receipt of such a report the department shall inspect the reforestation operation, and shall determine either that the reforestation operation has been properly completed or that further reforestation and inspection is necessary.

The forest practices regulations may provide alternatives to or limitations on the applicability of reforestation requirements with respect to forest lands being converted in whole or in part to another use which is compatible with timber growing. The forest practices regulations may identify classifications and/or areas of forest land that have the likelihood of future conversion to urban development within a ten year period. The reforestation requirements may be modified or eliminated on such lands: Provided, That such identification and/or such conversion to urban development must be consistent with any local or regional land use plans or ordinances. [1975 1st ex.s. c 200 § 4; 1974 ex.s. c 137 § 7.]

76.09.080 Stop work orders—Grounds—Contents—Procedure—Appeals. (1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:

(a) There is any violation of the provisions of this chapter or the forest practices regulations; or

(b) There is a deviation from the approved application; or

(c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(2) The stop work order shall set forth:

(a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;

(b) An order to stop all work connected with the violation, deviation, damage, or potential damage;

(c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or wilful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and

(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner, or forest land owner may commence an appeal to the appeals board within fifteen days after service upon the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be a contested case within the meaning of chapter 34.04 RCW. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding. [1975 1st ex.s. c 200 § 5; 1974 ex.s. c 137 § 8.]

76.09.090 Notice of failure to comply—Contents—Procedures—Appeals—Hearing—Final order—Limitations on actions. If a violation, a deviation, material damage or potential for material damage to a public resource has occurred and the department determines that a stop work order is unnecessary, then the department shall issue and serve upon the operator or land owner a notice, which shall clearly set forth:

(1) (a) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or

(b) The relevant provisions of this chapter or of the forest practice regulations relating thereto;

(2) The right of the operator or land owner to a hearing before the department; and

(3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which resulted from any violation, unauthorized deviation, or wilful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.

The department shall mail a copy thereof to the forest land owner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. Such notice to comply shall become a final order of the department: Provided, That no direct appeal to the appeals board will be allowed from such final order. Such operator shall undertake the course of action so ordered by the department unless, within fifteen days after the date of service of such notice to comply, the operator, forest land owner, or timber owner, shall request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than twenty days after receiving such request. Within ten days after such hearing, the department shall issue a final order either withdrawing its notice to comply or clearly setting forth the specific course of action to be followed by such operator. Such operator shall undertake the course of action so ordered by the department unless within thirty days after the date of such final order, the operator, forest land owner, or timber owner appeals such final order to the appeals board.

[Title 76—p 23]
No person shall be under any obligation under this section to prevent, correct, or compensate for any damage to public resources which occurs more than one year after the date of completion of the forest practices operations involved exclusive of reforestation, unless such forest practices were not conducted in accordance with forest practices rules and regulations: Provided, That this provision shall not relieve the forest land owner from any obligation to comply with forest practices rules and regulations pertaining to providing continuing road maintenance. No action to recover damages shall be taken under this section more than two years after the date the damage involved occurs. [1975 1st ex.s. c 200 § 6; 1974 ex.s. c 137 § 9.]

76.09.100 Failure to comply with water quality protection—Department of ecology authorized to petition appeals board—Action on petition. If the department of ecology determines that a person has failed to comply with the forest practices regulations relating to water quality protection, and that the department of natural resources has not issued a stop work order or notice to comply, the department of ecology shall inform the department thereof. If the department of natural resources fails to take authorized enforcement action within twenty-four hours under RCW 76.09.080, 76.09.090, 76.09.120, or 76.09.130, the department of ecology may petition to the chairman of the appeals board, who shall, within forty-eight hours, either deny the petition or direct the department of natural resources to immediately issue a stop work order or notice to comply, or to impose a penalty. No civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department of natural resources. [1975 1st ex.s. c 200 § 7; 1974 ex.s. c 137 § 10.]

76.09.110 Final orders or final decisions binding upon all parties. Unless declared invalid on appeal, a final order of the department or a final decision of the appeals board shall be binding upon all parties. [1974 ex.s. c 137 § 11.]

76.09.120 Failure of owner to take required course of action—Notice of cost—Department authorized to complete course of action—Liability of owner for costs—Lien. If an operator fails to undertake and complete any course of action with respect to a forest practice as required by a final order of the department or a final decision of the appeals board or any court pursuant to RCW 76.09.080 and 76.09.090, the department may determine the cost thereof and give written notice of such cost to the operator, the timber owner and the owner of the forest land upon or in connection with which such forest practice was being conducted. If such operator, timber owner, or forest land owner fails within thirty days after such notice is given to undertake such course of action, or having undertaken such course of action fails to complete it within a reasonable time, the department may expend any funds available to undertake and complete such course of action and such operator, timber owner, and forest land owner shall be jointly and severally liable for the actual, direct cost thereof, but in no case more than the amount set forth in the notice from the department. If not paid within sixty days after the department completes such course of action and notifies such forest land owner in writing of the amount due, such amount shall become a lien on such forest land and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics' liens. [1974 ex.s. c 137 § 12.]

76.09.130 Failure to obey stop work order—Departmental action authorized—Liability of owner or operator for costs. When the operator has failed to obey a stop work order issued under the provisions of RCW 76.09.080 the department may take immediate action to prevent continuation of or avoid material damage to public resources. If a final order or decision fixes liability with the operator, timber owner, or forest land owner, they shall be jointly and severally liable for such emergency costs which may be collected in the manner provided for in RCW 76.09.120. [1974 ex.s. c 137 § 13.]

76.09.140 Enforcement. (1) The department of natural resources, through the attorney general, may take any necessary action to enforce any final order or final decision, or to enjoin any forest practices by any person for a one year period after such person has failed to comply with a final order or a final decision.

(2) A county may bring injunctive, declaratory, or other actions for enforcement for forest practice activities within its jurisdiction in the superior court as provided by law against the department, the forest land owner, timber owner or operator to enforce the forest practice regulations or any final order of the department, or the appeals board: Provided, That no civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department of natural resources: And provided further, That such actions shall not be commenced unless the department fails to take appropriate action after ten days written notice to the department by the county of a violation of the forest practices regulations or final orders of the department or the appeals board. [1975 1st ex.s. c 200 § 8; 1974 ex.s. c 137 § 14.]

76.09.150 Inspection—Right of entry. The department shall make inspections of forest lands, before, during and after the conducting of forest practices as necessary for the purpose of insuring compliance with this chapter and the forest practice regulations and to insure that no material damage occurs to the natural resources of this state as a result of such practices.

Any duly authorized representative of the department shall have the right to enter upon forest land at any reasonable time to enforce the provisions of this chapter and the forest practices regulations. [1974 ex.s. c 137 § 15.]

76.09.160 Right of entry by department of ecology. Any duly authorized representative of the department of ecology shall have the right to enter upon forest land at
any reasonable time to administer the provisions of this chapter and RCW 90.48.420. [1974 ex.s. c 137 § 16.]

76.09.170 Violations—Penalties—Remission or mitigation—Appeals. Every person who fails to comply with any provision of RCW 76.09.010 through 76.09.280 as now or hereafter amended or of the forest practices regulations shall be subject to a penalty in an amount of not more than five hundred dollars for every such violation. Each and every such violation shall be a separate and distinct offense. In case of a failure to comply with a notice pursuant to RCW 76.09.090 as now or hereafter amended or a stop work order, every day's continuance shall be a separate and distinct violation. Every person who through an act of commission or omission procures, aids or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided for: Provided, That no penalty shall be imposed under this section upon any governmental official, an employee of any governmental department, agency, or entity, or a member of any board or advisory committee created by this chapter for any act or omission in his duties in the administration of this chapter or of any regulation promulgated thereunder.

The penalty herein provided for shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department of natural resources describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department of natural resources shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such regulations as it may deem proper.

Any person incurring any penalty hereunder may appeal the same to the forest practices appeals board.

Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application.

Any penalty imposed hereunder shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of any penalty incurred hereunder is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. [1975 1st ex.s. c 200 § 9; 1974 ex.s. c 137 § 17.]

76.09.180 Disposition of penalties. All penalties received or recovered by state agency action for violations as prescribed in RCW 76.09.170 shall be deposited in the state general fund. All such penalties recovered as a result of local government action shall be deposited in the local government general fund. Any funds recovered as reimbursement for damages pursuant to RCW 76.09.080 and 76.09.090 shall be transferred to that agency with jurisdiction over the public resource damaged, including but not limited to political subdivisions, the department of game, the department of fisheries, the department of ecology, the department of natural resources, or any other department that may be so designated: Provided, That nothing herein shall be construed to affect the provisions of RCW 90.48.142. [1974 ex.s. c 137 § 18.]

76.09.190 Additional penalty, gross misdemeanor. In addition to the penalties imposed pursuant to RCW 76.09.170, any person who conducts any forest practice or knowingly aids or abets another in conducting any forest practice in violation of any provisions of RCW 76.09.010 through 76.09.280 or 90.48.420, or of the regulations implementing RCW 76.09.010 through 76.09.280 or 90.48.420, shall be guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment for a term of not more than one year or by both fine and imprisonment for each separate violation. Each day upon which such violation occurs shall constitute a separate violation. [1974 ex.s. c 137 § 19.]

76.09.200 Forest practices advisory committee—Membership—Chairman—Preparation of proposed forest practices regulations—Procedure. (1) On or before the thirtieth day after February 14, 1974, the governor shall appoint, with the approval of the board, the forest practices advisory committee to consist of the following members: A designated representative of the college of forest resources of the University of Washington, a designated representative of the department of forestry and range management of the college of agriculture of Washington State University, a designated representative of the Washington soil and water conservation districts, a designated representative of the department of fisheries, and a designated representative
of the department of game; three representatives of private forest land owners and timber owners who regularly engage in forest operations, who are selected for staggered three year terms to represent eastern and western Washington and large and small owners; and three members of the public at large selected for staggered three year terms who have no direct financial interest other than wages in the forest products industry. The advisory committee shall select a chairman from among its members whose vote shall be counted twice in case of a tie vote.

(2) The advisory committee shall hold hearings and take testimony and, on or before August 1, 1974, shall prepare proposed forest practices regulations and submit them to the board. The forest practices regulations shall be applicable state-wide to the extent practicable but shall establish not less than two or more than five forest regions within the state to which different regulations may be applicable, reflecting variations in such factors as timber and soil types and climatic conditions. To assist in the initial preparation of proposed forest practices regulations for different forest regions, the chairman of the advisory committee shall establish regional committees to assist the advisory committee. [1961 c 77 § 3.]

76.12.070 Reconveyance to county in certain cases. Whenever any county shall have acquired by tax foreclosure, or otherwise, lands within the classification of RCW 76.12.020 and shall have thereafter contracted to sell such lands to bona fide purchasers before the same may have been selected as forest lands by the state forest board, and has heretofore deeded or shall hereafter deed because of inadvertence or oversight such lands to the state or to the state forest board to be held under RCW 76.12.030 or any amendment thereof; the state forest board upon being furnished with a certified copy of such contract of sale on file in such county and a certificate of the county treasurer showing said contract to be in good standing in every particular and that all due payments and taxes have been made thereon, and upon receipt of a certified copy of a resolution of the board of county commissioners of such county requesting the reconveyance to the county of such lands, is hereby authorized to convey such lands to such county by quitclaim deed executed by the chairman and secretary of said board: Provided, Such reconveyance of lands heretofore acquired by the state or state forest board be made within one year from the taking effect of this act and such reconveyance of lands hereafter so acquired be made within one year from the conveyance thereof to the state or state forest board. [1941 c 84 § 1; Rem. Supp. 1941 § 5812–3g.]

Reviser’s note: Effective date of this act [1941 c 84 § 1] was midnight June 11, 1941, see preface 1941 session laws.

76.12.072 Transfer of state forest lands back to county for public park use—Procedure—Reconveyance back when use ceases. Whenever the board of county commissioners of any county shall determine that forest lands, that were acquired from such county by the state pursuant to RCW 76.12.030 and that are under the administration of the department of natural resources, are needed by the county for public park use in accordance with the county and the state outdoor recreation plans, the board of county commissioners may file an application with the board of natural resources for the transfer of such forest lands.

Upon the filing of an application by the board of county commissioners, the department of natural resources shall cause notice of the impending transfer to be given in the manner provided by RCW 42.32.010. If the department of natural resources determines that the proposed use is in accordance with the state outdoor recreation plan, it shall reconvey said forest lands to the county requesting the reconveyance upon request of the county. The reconveyance may contain conditions to allow the department of natural resources to coordinate the management of any adjacent state owned lands under the proposed park activity to encourage maximum multiple use management and may reserve rights of way needed to manage other state owned lands in the area. The application shall be denied if the department of natural resources finds that the proposed use is not in accord with the state outdoor recreation plan. If the land is not, or ceases to be, used for public park purposes the land shall be conveyed back to the department of natural resources upon request of the department. [1969 ex.s. c 47 § 1.]

Reviser’s note: "RCW 42.32.010" was repealed by 1971 ex. sess. c 250 § 15. Later enactment, see RCW 42.30.060.

76.12.073 Transfer of state forest lands back to county for public park use—Timber resource management. The timber resources on any such state forest land transferred to the counties under RCW 76.12.072 shall be managed by the department of natural resources to the extent that this is consistent with park purposes and meets with the approval of the board of county commissioners. Whenever the department of natural resources does manage the timber resources of such lands, it will do so in accordance with the general statutes relative to the management of all other state forest lands. [1969 ex.s. c 47 § 2.]

76.12.074 Transfer of state forest lands back to county for public park use—Lands transferred by deed. Under provisions mutually agreeable to the board of county commissioners and the board of natural resources, lands approved for transfer to a county for public park purposes under the provisions of RCW 76.12.072 shall be transferred to the county by deed. [1969 ex.s. c 47 § 3.]

76.12.075 Transfer of state forest lands back to county for public park use—Provisions cumulative and nonexclusive. The provisions of RCW 76.12.072 through 76.12.075 shall be cumulative and nonexclusive and shall not repeal any other related statutory procedure established by law. [1969 ex.s. c 47 § 4.]

76.12.080 Acquisition of forest land—Requisites. Said board shall take such steps as it deems advisable for locating and acquiring lands suitable for state forests and reforestation. No sum in excess of two dollars per acre shall ever be paid or allowed either in cash, bonds or otherwise, for any lands suitable for forest growth,
but devoid of such; nor shall any sum in excess of six dollars per acre be paid or allowed either in cash, bonds or otherwise, for any lands adequately restocked with young growth or left in a satisfactory natural condition for natural reforestation and continuous forest production; nor shall any lands ever be acquired by said board except upon the approval of the title by the attorney general and on a conveyance being made to the state of Washington by good and sufficient deed. No forest lands shall be designated, purchased, or acquired by said board unless the area so designated or the area to be acquired shall, in the judgment of the board be of sufficient acreage and so located that it can be economically administered for forest development purposes. Whenever the board acquires or designates an area as forest lands it shall designate such area by a distinctive name or number, e.g., "State forest No. ______", or "Cascade State Forest". [1923 c 154 § 4; RRS § 5812-4. Prior: 1921 c 169 § 1, part.]

76.12.085 Validation of prior land transfers—Certain lands declared state forest lands. All transfers of lands hereafter made to the state forest board as state forest lands are hereby validated, and all lands heretofore administered by the state forest board as state forest lands are hereby declared to be state forest lands and public lands of the state of Washington. [1953 c 209 § 1.]

76.12.090 Utility bonds. For the purpose of acquiring and paying for lands for state forests and reforestation as herein provided the board may issue utility bonds of the state of Washington, in an amount not to exceed two hundred thousand [dollars] in principal, during the biennium expiring March 31, 1925, and such other amounts as may hereafter be authorized by the legislature. Said bonds shall bear interest at not to exceed the rate of two percent per annum which shall be payable annually. Said bonds shall never be sold or purchased at less than par and accrued interest, if any, and shall mature in not less than a period equal to the time necessary to develop a merchantable forest on the lands exchanged for said bonds or purchased with money derived from the sale thereof. Said bonds shall be known as state forest utility bonds. The principal or interest of said bonds shall not be a general obligation of the state, but shall be payable only from the forest development fund hereinafter created. The board may issue said bonds in exchange for lands selected by it in accordance with *this act, or may sell said bonds in such manner as it deems advisable, and with the proceeds purchase and acquire such lands. Any of said bonds issued in exchange and payment for any particular tract of lands may be made a first and prior lien against the particular land for which they are exchanged, and upon failure to pay said bonds and interest thereon according to their terms, the lien of said bonds may be foreclosed by appropriate court action. [1937 c 104 § 1; 1923 c 154 § 5; RRS § 5812-5.]

*Reviser's note: *this act* appears in 1923 c 154 codified as RCW 43.64.010, 43.64.020, 43.12.140, 76.12.020, 76.12.030, 76.12.080, 76.12.090, 76.12.110, 76.12.120, 76.12.140, and 76.12.150.

76.12.100 Bonds—Purchase price of land limited—Retirement of bonds. For the purpose of acquiring, reforestation, and administering land for forests and of carrying out the provisions of *chapter 154 of the Laws of 1923*, the state forest board is authorized to issue and dispose of utility bonds of the state of Washington in an amount not to exceed one hundred thousand dollars in principal during the biennium expiring March 31, 1951: Provided, however, That no sum in excess of one dollar per acre shall ever be paid or allowed either in cash, bonds, or otherwise, for any lands suitable for forest growth, but devoid of such, nor shall any sum in excess of three dollars per acre be paid or allowed either in cash, bonds, or otherwise, for any lands adequately restocked with young growth.

Any utility bonds issued under the provisions of this section may be retired from time to time, whenever there is sufficient money in the forest development fund, said bonds to be retired at the discretion of the state forest board either in the order of issuance, or by first retiring bonds with the highest rate of interest. [1949 c 80 § 1; 1947 c 66 § 1; 1945 c 13 § 1; 1943 c 123 § 1; 1941 c 43 § 1; 1939 c 106 § 1; 1937 c 104 § 2; 1935 c 126 § 2; 1933 c 117 § 1; Rem. Supp. 1949 § 5812-11.]

*Reviser's note: *chapter 154 of the Laws of 1923* was codified as RCW 43.64.010, 43.64.020, 43.12.140, 76.12.020, 76.12.030, 76.12.080, 76.12.090, 76.12.110, 76.12.120, 76.12.140 and 76.12.150.

76.12.110 Forest development account. There is created a forest development account in the state general fund. The state treasurer shall keep an account of all sums deposited therein and expended or withdrawn therefrom. Any sums placed in the account shall be pledged for the purpose of paying interest and principal on the bonds issued by the board, and for the purchase of land for growing timber. Any bonds issued shall constitute a first and prior claim and lien against the account for the payment of principal and interest. No sums shall be withdrawn or paid out of the account except upon approval of the board.

Appropriations may be made by the legislature from the forest development account to the department of natural resources for the purpose of carrying on the activities of the department on county trust and fee title forest board lands. [1959 c 314 § 1; 1951 c 149 § 1; 1933 c 118 § 2; 1923 c 154 § 6; RRS § 5812-6.]

All land, acquired or designated by the board as state forest land, shall be forever reserved from sale, but the timber and other products thereon may be sold or the land may be leased in the same manner and for the same purposes as is authorized for state granted land if the board finds such sale or lease to be in the best interests of the state and approves the terms and conditions thereof.

All money derived from the sale of timber or other products, or from lease, or from any other source from the land, except where the Constitution of this state
RCW 76.12.030 requires other disposition, shall be disposed of as follows:

1. Fifty percent shall be placed in the forest development fund.
2. Fifty percent shall be paid to the county in which the land is located to be paid, distributed, and prorated to the various funds in the same manner as general taxes are paid and distributed during the year of payment.

All such rules and regulations, or amendments thereto, shall be adopted by majority vote of the state forest board by resolution and recorded in the minutes of the board, and shall be promulgated by publication in one issue of a newspaper of general circulation published at the state capitol, and shall take effect and be in force at the time specified therein. Any violation of any such rules and regulations shall be a gross misdemeanor. [1927 c 288 § 3, part (adding a new section to 1923 c 154 § 3a); RRS § 5812–3a. Prior: 1921 c 169 § 2.]

76.14.010 Definitions. As used in this chapter:

The term "supervisor" means the supervisor of forestry;

The term "board" means the state forest board;

The term "owner" means and includes individuals, partnerships, corporations, associations, federal land managing agencies, state of Washington, counties, municipalities, and other forest land owners;

"Forest land" means any lands considered best adapted for the growing of trees. [1953 c 74 § 2.]
76.14.020 Yacolt burn designated high hazard area—Rehabilitation required. The Yacolt burn situated in Clark, Skamania, and Cowlitz counties in townships 2, 3, 4, 5, 6 and 7 north, ranges 3, 4, 5, 6, 7, 7 1/2 and 8 east is hereby designated a high hazard forest area requiring rehabilitation by the establishment of extensive protection facilities and by the restocking of denuded areas artificially to restore the productivity of the land. [1953 c 74 § 1.]

76.14.030 Administration. This chapter shall be administered by the division of forestry under the guidance and approval of the state forest board. [1953 c 74 § 3.]

76.14.040 Duties of supervisor. The supervisor shall use funds placed at his disposal to map, survey, fell snags, build firebreaks and access roads, increase forest protection activities and do all work deemed necessary to protect forest lands from fire in the rehabilitation zone, and to perform reforestation and do other improvement work on state lands in the rehabilitation zone. [1955 c 171 § 1; 1953 c 74 § 4.]

76.14.050 Firebreaks—Powers of board and supervisor—Grazing lands. The supervisor is authorized to cooperate with owners of land located in the area described in RCW 76.14.020 in establishing firebreaks in their most logical position regardless of land ownership. The board may by gift, purchase, condemnation or otherwise acquire easements for road rights of way and land or interests therein located in the high hazard forest area described in RCW 76.14.020 for any purpose deemed necessary for access for forest protection, reforestation, development and utilization, and for access to state owned lands within the area described in RCW 76.14.020 for all other purposes, and the supervisor shall have authority to regulate the use thereof. When the landowner is using the land for agricultural grazing purposes the state shall maintain gates or adequate cattle guards at each place the road enters upon the private landowner's fenced lands. [1975 1st ex.s. c 101 § 1; 1955 c 171 § 2; 1953 c 74 § 5.]

76.14.051 Firebreaks—Preexisting agreements not altered. Nothing in the provisions of RCW 76.14.050 as now or hereafter amended shall be construed to otherwise alter the terms of any existing agreements hereof entered into by the state and private parties under the authority of RCW 76.14.050 as now or hereafter amended. [1975 1st ex.s. c 101 § 2.]

76.14.060 Powers and duties of supervisor—Private lands. The supervisor, subject to the guidance and approval of the board, shall have authority to acquire by right of purchase, condemnation or otherwise to cause snags on private land to be felled, slash to be disposed of, and to take such other measures on private land necessary to carry out the objectives of this chapter. [1955 c 171 § 3.]

76.14.070 Powers and duties of supervisor—Expenditure of public funds. The supervisor shall have authority subject to the guidance and approval of the board to expend public money for the purposes and objectives provided in this chapter. [1955 c 171 § 4.]

76.14.080 Fire protection projects—Assessments—Payment. The supervisor, with the guidance and approval of the board, shall develop fire protection projects within the high hazard forest area and shall determine the boundaries thereof in accordance with the lands benefited thereby and shall assess one-sixth of the cost of such projects equally upon all forest lands within the project on an acreage basis. Such assessment shall not, however, exceed twenty-five cents per acre annually nor more than one dollar and fifty cents per acre in the aggregate and shall constitute a lien upon any forest products harvested therefrom. The landowner may by written notice to the supervisor of forestry elect to pay his assessment on a deferred basis at a rate of ten cents per thousand board feet and/or one cent per Christmas tree when these products are harvested from the lands for commercial use until the assessment plus two percent interest from the date of completion of each project has been paid for each acre. Payments under the deferred plan shall be credited by forty acre tracts and shall be first applied to payment of the assessed against the forty acre tract from which the funds were derived and secondly to other forty acre tracts held and designated by the payor. In the event total ownership is less than forty acres then payment shall be applied on an undivided basis to the entire areas as to which the assessment remains unpaid. The landowner who elects to pay on deferred basis may pay any unpaid assessment and interest at any time. [1955 c 171 § 5.]

76.14.090 Fire protection projects—Notice—Hearing. Notice of each project, the estimated assessment per acre and a description of the boundaries thereof shall be given by publication in a local newspaper of general circulation thirty days in advance of commencing work. Any person owning land within the project may within ten days after publication of notice demand a hearing before the supervisor in Olympia and present any reasons why he feels the assessment should not be made upon his land. Thereafter, the supervisor may change the boundaries of said project to eliminate land from the project which he determines in his discretion will not be benefited by the project. [1955 c 171 § 6.]

76.14.100 Fire protection projects—Collection of assessments. Except when the owner has notified the supervisor in writing that he will make payment on the deferred plan, the assessment shall be collected by the supervisor reporting the same to the county assessor of the county in which the property is situated upon completion of the work in that project and the assessor shall annually extend the amounts upon the tax rolls covering the property, and the amounts shall be collected in the same manner, by the same procedure, and with the same penalties attached as the next general state and county
Forest Rehabilitation

taxes on the same property are collected. Errors in
assessments may be corrected at any time by the super­
visor by certifying them to the treasurer of the county in
which the land involved is situated. Upon the collection
of such assessments the county treasurer shall transmit
them to the supervisor. Payment on the deferred plan
shall be made directly to the supervisor. Such payment
must be made by January 3 1 st for any timber or
Christmas trees harvested during the previous calendar
year and must be accompanied by a statement of the
amount of timber or number of Christmas trees har­
vested and the legal description of the property from
which they were harvested. Whenever an owner paying
on the deferred plan desires to pay any unpaid balance
or portion thereof, he may make direct payment to the
supervisor. [ 1 955 c 1 7 1 § 7.]
Collection of tues: Chapter 84.56 RCW.
76. 1 4. 1 1 0 Fire protection projects--Credit on
assessment for private expenditure. Where the supervisor
finds that a portion of the work in any project, except
road building, has been done by private expenditures for
fire protection purposes only and that the work was not
required by other forestry laws having general applica­
tion, then the supervisor shall appraise the work on the
basis of what it would have cost the state and shall
credit the amount of the appraisal toward payment of
any sums assessed against lands contained in the project
and owned by the person or his predecessors in title
making the expenditure. Such appraisal shall be added
to the cost of the project for purposes of determining the
general assessment. [ 1 955 c 1 7 1 § 8.]
76.1 4. 1 20 Landowner's responsibility under other
laws. This chapter shall not relieve the landowner of
providing adequate fire protection for forest land pursu­
ant to RCW 76.04.360, as amended, or in lieu thereof of
paying the fire patrol assessment specified, but shall be
deemed as providing solely for extra fire protection
needed in the extrahazardous fire area. [ 1 955 c 1 7 1 § 9.]
76.14.130 Lands not to be included in project. Pro­
jects pursuant to RCW 76. 1 4.080 shall not be developed
to include lands outside the following described bound­
ary within the high hazard forest areas: Beginning at a

Revisor's note: The powers and duties of certain agencies mentioned in this chapter have devolved upon the department of natural resources, see note following Title 76 RCW digest.

76.16.010 Acquisition of property interests for access authorized—Maintenance. Whenever the department of natural resources, hereinafter referred to as the department, shall find it to be for the best interests of the state of Washington to acquire any property or use of a road in private ownership to afford access to state timber and other valuable material for the purpose of developing, caring for or selling the same, the acquisition of such property, or use thereof, is hereby declared to be necessary for the public use of the state of Washington, and said department is hereby authorized to acquire such property or the use of such roads by gift, purchase, exchange or condemnation, and subject to all of the terms and conditions of such gift, purchase, exchange or decree of condemnation to maintain such property or roads as part of the department's land management road system. [1963 c 140 § 1; 1945 c 239 § 1; Rem. Supp. 1945 § 5823-30.]

Eminent domain: State Constitution Art. 1 § 16 (Amendment 9); chapter 8.04 RCW.

State lands subject to easements for removal of materials: RCW 79.01.312 and 79.36.230.

76.16.020 Condemnation—Duty of attorney general. The attorney general of the state of Washington is hereby required and authorized to condemn said property interests found to be necessary for the public purposes of the state of Washington, as provided in RCW 76.16.010, and upon being furnished with a certified copy of the resolution of the department, describing said property interests found to be necessary for the purposes set forth in RCW 76.16.010, the attorney general shall immediately take steps to acquire said property interests by exercising the state's right of eminent domain under the provisions of chapter 8.04 RCW, and in any condemnation action herein authorized, the resolution so describing the property interests found to be necessary for the purposes set forth above shall, in the absence of a showing of bad faith, arbitrary, capricious or fraudulent action, be conclusive as to the public use and real necessity for the acquisition of said property interests for a public purpose, and said property interests shall be awarded to the state without the necessity of either pleading or proving that the department was unable to agree with the owner or owners of said private property interest for its purchase. Any condemnation action herein authorized shall have precedence over all actions, except criminal actions, and shall be summarily tried and disposed of. [1963 c 140 § 2; 1945 c 239 § 2; Rem. Supp. 1945 § 5823-31.]

76.16.030 Disposal of property interests acquired under this chapter. In the event the department should determine that the property interests acquired under the authority of this chapter are no longer necessary for the purposes for which they were acquired, the department shall dispose of the same in the following manner, when in the discretion of the department it is to the best interests of the state of Washington to do so, except that property purchased with educational funds or held in trust for educational purposes shall be sold only in the same manner as are public lands of the state:

(1) Where the state property necessitating the acquisition of private property interests for access purposes under authority of this chapter is sold or exchanged, said acquired property interests may be sold or exchanged as an appurtenance of said state property when it is determined by the department that sale or exchange of said state property and acquired property interests as one parcel is in the best interests of the state.

(2) If said acquired property interests are not sold or exchanged as provided in the preceding subsection, the department shall notify the person or persons from whom the property interest was acquired, stating that said property interests are to be sold, and that said person or persons shall have the right to purchase the same at the appraised price. Said notice shall be given by registered letter or certified mail, return receipt requested, mailed to the last known address of said person or persons. If the address of said person or persons is unknown, said notice shall be published twice in an official newspaper of general circulation in the county where the lands or a portion thereof is located. The second notice shall be published not less than ten nor more than thirty days after the notice is first published. Said person or persons shall have thirty days after receipt of the registered letter or five days after the last date of publication, as the case may be, to notify the department, in writing, of their intent to purchase the offered property interest. The purchaser shall include with his notice of intention to purchase, cash payment, certified check or money order in an amount not less than one-third of the appraised price. No instrument conveying interest for its purchase. Any condemnation action herein authorized shall have precedence over all actions, except criminal actions, and shall be summarily tried and disposed of. [1963 c 140 § 2; 1945 c 239 § 2; Rem. Supp. 1945 § 5823-31.]

(3) If said property interests are not sold or exchanged as provided in the preceding subsections, the department shall notify the owners of land abutting said property interests in the same manner as provided in the preceding subsection and their notice of intent to purchase shall be given in the manner and in accordance with the
same time limits as are set forth in the preceding subsection (2): Provided, That if more than one abutting owner gives notice of intent to purchase said property interests the department shall apportion them in relation to the lineal footage bordering each side of the property interests to be sold, and apportion the costs to the interested purchasers in relation thereto: Provided further, That no sale is authorized by this section unless the department is satisfied that the amounts to be received from the several purchasers will equal or exceed the appraised price of the entire parcel plus any costs of publishing notices.

(4) If no sale or exchange is consummated as provided in subsections (1), (2) and (3) hereof, the department shall sell said properties in the same manner as public lands of the state of Washington are sold.

(5) Any disposal of property interests authorized by this chapter shall be subject to any existing rights previously granted by the department. [1963 c 140 § 3; 1945 c 239 § 3; Rem. Supp. 1945 § 5823-32.]

76.16.040 Acquisition—Payment—Moneys available to department. The department in acquiring any property interests under the provisions of this chapter, either by purchase or condemnation, is hereby authorized to pay for the same out of any moneys available to the department of natural resources for this purpose. [1963 c 140 § 4; 1945 c 239 § 4; Rem. Supp. 1945 § 5823-33.]

Such plat shall be made from the records of the United States Surveyor General, or by a competent surveyor, after actual survey. The corporation may from time to time whenever it desires to extend its operations to portions of streams not embraced in its original plat, or to other streams tributary to the stream or streams described in the original plat, or any portion of such streams, or in any manner to change, modify, or correct its original plat, file additional plats or surveys in the office of the supervisor of forestry, of so much of the shore lines of the waters of the state and lands contiguous thereto as are proposed to be appropriated for such purposes. [1890 p 471 § 3; RRS § 8401.]

76.28.040 Tolls—Duty of company—Lien. After such works have been constructed, the corporation shall catch, hold, and assort the logs and timber products of all persons requesting such service, upon the same terms and without discrimination. It shall have the right, in consideration of the convenience and security afforded to the public in the handling of logs and timber products, to charge and collect tolls on all logs or other timber products caught within its works and upon the order or request of the owner or owners thereof, and there assorted, boomed, or rafted. The tolls shall not exceed one dollar and fifty cents per thousand feet on logs, spars, or other large timber, and reasonable rates on all other timber products. A corporation operating a boom at the mouth of any river, shall catch and hold, assort, boom, and raft all logs and timber products, except such as may be already in charge of the owner or his agents, without request of the owner, and it shall have the right to charge and collect tolls not to exceed one dollar and fifty cents per thousand feet for such service. The corporation shall, as soon as practicable, deliver logs or other timber products caught within its booms, sorted and rafted ready for towing, to the owner thereof, and if required to hold such property for more than thirty days, shall have the right to charge a reasonable rate for such storage for the excess period. [1890 p 472 § 5; RRS § 8403.]

[1890 p 472 § 7; RRS § 8405.]

76.28.080 Additional liability for failure to assort and deliver. In addition to such damages as are herein provided for any corporation wilfully neglecting to assort and deliver such logs and timber products according to the provisions of this chapter, it shall be liable to a fine not exceeding twenty percent of the value of such property which it shall have failed to deliver, but no such corporation shall be liable to such damages or penalty if said owner or owners of such logs or timber products shall have failed to furnish the necessary boom sticks and chains to raft the same. [1890 p 472 § 8; RRS § 8406.]

76.28.090 Certain waters declared public highways—Boom companies declared public corporations. All meandered rivers, meandered sloughs and navigable waters in this state shall be deemed as public highways, and said corporations shall be declared public corporations for the purpose of this chapter; and the improvement of such streams, sloughs and waters shall be deemed and declared a public use and benefit. Acquisition of property — Eminent domain. Such corporation shall have power to acquire, hold, use and transfer all such real and personal property or estate, by lease or purchase, as shall be necessary for carrying on the business of said corporation. If such corporation shall not be able to agree with persons owning land, shore rights or other property sought to be appropriated, as to the amount of compensation to be paid therefor, the compensation therefor may be assessed and determined and the appropriation thereof be made in the manner provided by law for the appropriation of private property in chapter 6 of title 9, volume 2, Hill's Annotated Statutes and Codes of Washington: Provided, That any property acquired under the provisions of this chapter for the purposes herein mentioned by the exercise of the right of eminent domain shall be used exclusively for the purposes aforesaid; and whenever the use of said property acquired by the right of eminent domain, as herein contemplated, shall cease for a period of one year, the same shall revert to the original owner, his heirs or assigns. [1895 c 72 § 2; RRS § 8409.]

*Reviser's note: "chapter 6 of title 9, volume 2, Hill's Annotated Statutes and Codes of Washington" is codified as RCW 8.20.010 through 8.20.140.

Plat or survey to be filed. Any corporation organized under this chapter shall within ninety days after its articles of incorporation have been filed, file in the office of the supervisor of forestry a plat or survey of so much of the shore lines of the waters of the state or of any of the rivers or streams thereof and lands contiguous thereto as are proposed to be appropriated by the corporation. Such plat shall be made from the records of the United States Surveyor General or by a competent surveyor, after actual survey. The corporation may from time to time whenever it desires to extend its operations to portions of streams not embraced in its original plat, or to other streams tributary to the stream or streams described in the original plat, or any portion of such streams, file additional plats in the office of the supervisor of forestry. Whenever by reason of floods or otherwise, the channel of any stream is so changed as to put the stream beyond the limits of the original plat, or any supplemental or additional plat filed pursuant to the provisions of this section, the corporation may file in the office of the supervisor of forestry supplemental plats showing the change in the channel which shall vest it with the same rights that it acquired by the filing of the original plat. [1957 c 34 § 1; 1905 c 119 § 1; 1895 c 72 § 3; RRS § 8410.]

*Reviser's note: The 1957 amendment of this section transferred the functions of the secretary of state to the supervisor of forestry; however, chapter 38, Laws of 1957 transferred the functions relating to logging companies to the newly created department of natural resources, see chapter 43.30 RCW, particularly RCW 43.30.110, 43.30.070, 43.30.080.

General powers and duties — Improvement of streams — Remonstrances. Such corporation shall have power and is hereby authorized in any of the rivers and streams of this state, or the dividing waters thereof, to remove jams, roots, snags and rocks, improve and straighten the channel, build wing dams and shear booms, construct dams and gates, or otherwise, for the purpose of storing water with which to produce artificial freshets and for the purpose of holding logs and other timber products and in all ways to improve such streams and rivers for the purposes herein mentioned and contemplated. Provided, That no such wing dam, shear boom, dam with gate or otherwise, shall be so constructed, maintained or used as to in any manner obstruct or impede the outlet of such stream: And provided further, That if any such wing dam, shear boom, dam with gate or otherwise shall be so constructed, maintained or used as to interfere with the use for any purpose of the waters of any stream so dammed or used, or any of its tributaries, or in any manner to injure or damage any lands adjacent to such stream or its tributaries, compensation for such interference with the use of such water and for any such injury or damage shall be first assessed and determined and the appropriation thereof may be made by the exercise of the power of eminent domain in the manner provided in RCW 76.32.020: Provided, however, That whenever the owners of more than one-half of the land lying alongside or abutting on any stream affected by the tide, proposed to be improved according to this chapter, shall file with the board of county commissioners of the county in which said river is situated a remonstrance against any improvements of so much of the stream as is affected by the tide, it shall then be unlawful for any corporation to take the land or any slough within the territory owned by any such remonstrancers: Provided, That such remonstrance shall be filed with said board within fifteen days from the filing of said plat. Nothing in this chapter shall be construed to authorize the taking or damaging of any power plant constructed or being constructed for the creation or utilization of water power. [1905 c 57 § 1; 1897 c 31 § 1; 1895 c 72 § 4; RRS § 8411.]

Duty to drive timber products — Tolls — Liens. After such corporation has entered upon its duties, which shall be within three months of the filing of its maps of location, it shall operate in streams theretofore navigable, upon the request of the owners, and in the case of logs and other timber products which
are commingled, or lying in such a position as to obstruct or impede the drive, without such request. When a navigable stream upon which it was not previously practicable to float logs or other timber products is improved by clearing out rocks, straightening the channel, or constructing wing dams and sheers, thereby aiding and assisting the floating of logs and other timber products, the corporation shall be entitled to driving charges on all logs or other timber products placed in the stream without a request to drive them, and in streams not navigable before such improvements were made, it shall without request, sluice, sack, and drive all logs and other timber products of suitable length that may be placed in the stream so improved, or that may be delivered into its ponds.

It shall handle all such logs and other timber products of all persons upon the same terms, without discrimination as to time of sluicing, sacking, and driving.

It shall be entitled to charge and collect reasonable and uniform tolls for such services and improvements, on all logs and other timber products handled, or sheered out of sloughs or off the bars by means of the improvements. Such tolls shall not exceed two dollars per thousand feet, board measure, on logs, spars or other large timber, and reasonable compensation on all other timber products, such charges to be fixed by the board of trustees of the corporation in proportion to the distance the timber is to be driven and the number of dams through which it is necessarily sluiced or sheered. In case the corporation is also engaged in the booming and rafting of logs and other timber so sluiced, sacked, and driven, an additional sum not to exceed one dollar and twenty cents per thousand feet for logs, spars and other large timber, and reasonable compensation on all other timber products may be charged for the booming and rafting.

The amount of such logs and other products shall be determined by the usual method of scaling, and the corporation shall have a lien upon all logs and other timber products handled for sluicing, sacking, and driving, and for booming and rafting to be foreclosed as provided in chapter 60.10 RCW and RCW 61.12.162. [1969 c 82 § 18; 1953 c 124 § 1; 1909 c 229 § 1; 1901 c 140 § 1; 1895 c 72 § 5; RRS § 8412.]

[1925 ex.s. c 154 § 2; RRS § 8381-2. Prior: 1890 p 110 § 1.]

76.36.030 Registration of marks or brands. Every person selecting a mark or brand, before using it, shall make application for the registration thereof in the office of the supervisor of forestry by depositing in that office an impression burned in a piece of leather of appropriate size, or a drawing thereof, together with, in duplicate a written statement duly signed and verified by him or his agent, containing a description of the mark or brand and declaring that such mark or brand is not, and at the time of its adoption by him was not, in use, to his knowledge, by any other person, and that he has selected it in good faith for marking or branding forest products to be transported on common carrier railroads, or floated or rafted in the waters of this state, or booming equipment to be used by him as a part of his operations in securing, rafting, or floating forest products.

The supervisor of forestry, upon receipt of the application and the fee hereinafter provided, if he finds that the mark or brand is not identical with any other mark or brand registered in his office, or does not so closely resemble one registered therein as to be confounded therewith, shall file in his office the impression or drawing, and one copy of the written statement, and shall register the mark or brand in a book to be provided by him and kept for the purpose and known as the "Forest products brand register," entering therein the name of the owner, character of the mark or brand, date of registration, and such other details as he may see fit to enter therein. He shall return to the applicant the other copy of the written statement, with a certificate attached thereeto and signed by him or his deputy to the effect that the mark or brand has been duly registered in accordance with the provisions of this chapter and assigned to the assignee, and that the assignee is the registered owner thereof. The assignee, upon the due registration of the assignment, shall be and become the owner of the mark or brand with the full right of exclusive use to the same extent as though he had been the original owner. [1957 c 36 § 3; 1925 ex.s. c 154 § 5; RRS § 8381-5.]

All forest products having impressed thereupon a registered catch brand shall be presumed to belong to the owner of the registered catch brand, unless there shall be impressed thereupon more than one registered catch brand, in which event they shall be presumed to belong to the owner whose registered catch brand was placed thereupon latest in point of time. [1957 c 36 § 4; 1925 ex.s. c 154 § 6; RRS § 8381-6. Prior: 1890 p 111 § 4.]

Upon receipt of said fee, the supervisor of forestry shall give a renewal certificate, which shall give the holder and owner thereof the exclusive right to continue the use of said mark or brand within the state. If any owner or owners of a mark or brand which is on record fails to pay such renewing fee within three months after the notification as herein provided, such brand shall become forfeited and no longer be carried on said records.

On and after January 1, 1950, no person, firm, association, or corporation shall claim or own any log mark or brand which has not been renewed in accordance with the provisions of this section, and any failure to renew the log mark or brand as required by such provisions shall be deemed the abandonment of the same, and any other person, firm, association, or corporation shall be at liberty to adopt or use such mark or brand so abandoned: Provided, That no person, firm, association, or corporation shall be at liberty to adopt or use such abandoned mark or brand until after the same has been recorded in his or its own name, in the manner provided in this chapter: Provided, however, That no abandoned or canceled brand may be reissued for a period of one year after such abandonment or cancellation, except to the previous owner or his assignee: Provided further, That in case of a dispute as to the right to the use of such mark or brand, the supervisor of forestry shall determine which of the applicants is entitled to the use thereof. Each application shall be accompanied by a remittance of one hundred dollars for each boat or truck to be used or operated in such activities by the licensee or agent. All licenses shall expire on June 30th following the date of issuance. The department shall issue each applicant a license and shall also issue distinctive stickers or other suitable devices for each piece of equipment listed in the application identifying it as engaged in log patrol activities. The supervisor of forestry may upon giving notice to the licensee or the applicant, hold hearings to determine whether a license should be revoked or suspended or the application for a license denied and to find whether any person has been injured by reason of any violation of this chapter by the licensee or applicant. If the supervisor of forestry at such hearing finds that the licensee or applicant has been guilty of any violation of the provisions of this chapter or of any rule or regulation adopted pursuant to the authority granted in this chapter, or has made false statements on the application for a license, or of any report or return required to be made by such licensee, he shall revoke, suspend or deny the application therefor. [1957 c 182 § 8; 1955 c 108 § 7; 1953 c 140 § 6.]

76.40.128 Denial, revocation, suspension of license—Reparation as condition to issuance or reinstatement. The supervisor of forestry, in the order revoking or suspending a license or denying the application for a license, may provide in the order that before the licensees license will be reinstated or a new one issued to him, he shall make reparation in such amount as the supervisor of forestry believes reasonable, just and equitable, to any person found at the hearing to have been injured as a result of the licensees violation of the provisions of this chapter. [1955 c 108 § 8; 1953 c 140 § 7.]

76.40.130 Penalties—Criminal—Civil actions. Any violation of this chapter shall be a gross misdemeanor. 77.12.175 Personalized license plates—Use of fees for support and aid of wildlife resources—Purpose of act. It is declared to be the public policy of the state of Washington to direct financial resources of this state toward the support and aid of the wildlife resources existing within the state of Washington in order that the general welfare of these inhabitants of the state be served. For the purposes of this chapter, wildlife resources are understood to be those species of wildlife other than that managed by the department of fisheries under their existing jurisdiction as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries. The legislature further finds that the preservation, protection, perpetuation, and enhancement of such wildlife resources of the state is of major concern to it, and that aid for a satisfactory environment and ecological balance in this state for such wildlife resources serves a public interest, purpose, and desire.

It is further declared that such preservation, protection, perpetuation, and enhancement can be fostered through financial support derived on a voluntary basis from those citizens of the state of Washington who wish to assist in such objectives; that a desirable manner of accomplishing this is through offering personalized license plates for certain vehicles and campers the fees for which are to be directed to the state treasury to the credit of the state game fund for the furtherance of the programs, policies, and activities of the state game department in preservation, protection, perpetuation, and enhancement of the wildlife resources that abound within the geographical limits of the state of Washington.

In particular, the legislature recognizes the benefit of this program to be specifically directed toward those species of wildlife including but not limited to song birds, protected wildlife, rare and endangered wildlife, aquatic life, and specialized-habitat types, both terrestrial and aquatic, as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries that exist within the limits of the state of Washington. All moneys hereby appropriated and received by the game department operating fund shall be deposited in the game department revolving fund. The department shall keep separate books of account for the game department revolving fund. If there shall be in said fund at the end of any year unobligated money in excess of fifteen thousand dollars, then the excess shall be placed in the game fund. [1955 c 36 § 77.12.180. It shall be unlawful for the owner, operator or superintendent of any mine to loosen or remove, or cause or permit to be loosened or removed from its original position, any coal within a distance of two hundred and fifty feet on either side of any hoisting slope, or within a distance of fifty feet on either side of any permanent airway, or escapeway, or within twenty-five feet of any level or gangway, or any parallel airway to any level or gangway, except for the purpose of driving air and escapeways, crosscuts and such other passages as may be necessary for the proper operation of the mine: Provided, That if the inspector shall deem it safe to permit coal to be loosened or removed within a distance nearer than two hundred and fifty feet from any hoisting slope he may grant permission to the operator to remove such coal within a distance of not less than one hundred and fifty feet of such hoisting slope, by issuing a written permit therefor. This section shall not be construed to prevent the drawing of pillars previous to the written permit therefor. This section shall not be construed to permit any openings or outlets now in use for the safety of men to be abandoned unless other such openings are substituted therefor. [1919 c 201 § 3; 1917 c 36 § 46; RRS § 8682. Formerly RCW 78.34.730.]

78.40.262 Resurveys and maps—Expense. The mine inspector may order a survey to be made of the workings of any mine, in addition to the regular annual survey, the results to be extended on the maps of the same and copies thereof, whenever the safety of the workmen, unlawful injury to the surface, unlawful encroachment on adjoining property, or the safety of an adjoining mine requires it.

If the inspector shall believe any map required by this chapter is materially inaccurate or imperfect, he is authorized to make or cause to be made a correct survey and map at the expense of the operating company, the cost recoverable as for debt: Provided, If such test survey shows the operator’s map to be practically correct, the state shall be liable for the expense incurred, payable in such manner as other state accounts incurred by the mine inspector. [1917 c 36 § 60; RRS § 8695. Prior: 1909 c 117 §§ 1(j) and 2; 1891 c 81 § 2. Formerly RCW 78.38.890.]

ARTICLE VII HOISTS AND HOISTING

78.40.270 Signaling apparatus required. The owner, operator or agent of every coal mine operated by shaft or slope, shall provide efficient means of signaling between the top and bottom thereof and each intermediate working level, by an electric bell or other equally satisfactory signaling device, and also a uniform code of signals for use therewith.

The operator or the superintendent shall provide, and hereafter maintain in good condition from the top to the bottom of every shaft or slope, and at each alternate intermediate working level from or to which persons or materials are lowered or hoisted, a telephone or metal tube of proper diameter, suitably adjusted to the free passage of sound, through which conversation may be held and understood between persons at the top and bottom of said shaft or slope. [1917 c 36 § 61; RRS § 8696. Prior: 1907 c 105 § 2, part; 1891 c 81 § 16, part; 1887 c 21 § 6, part; 1885 p 132 § 24, part. Formerly RCW 78.36.800.]

78.40.273 Hoisting apparatus—Requirements. For the purpose of hoisting or lowering men in any shaft or slope the owner, operator or agent thereof shall provide:

1. A type of hoisting apparatus of sufficient strength to hold twice the maximum weight of the cage or cars loaded with men at any point on the shaft or slope. Each hoisting apparatus to be equipped with a brake or brakes on each drum of sufficient power to fully control the speed of the cage or cages or cars in such shaft or slope.

2. An efficient indicator that will show at all times the true position of the cage or cages or cars attached to each hoist.
(3) An efficient device for the prevention of overwinding shall be attached to every hoisting apparatus hereafter put in service for hoisting or lowering persons in a shaft.

(4) A cage with a floor free from all obstructions must be provided for all shafts. Such cage shall be solidly constructed of heavy timber or iron beams for the frame, sufficient to withstand severe shocks under strains, and shall be covered with a substantially supported bonnet of boiler iron to protect persons riding in the cage from anything falling down the shaft. Each cage must be equipped with chains, bars or gates at each end, which must be always in place when men are hoisted or lowered. Each cage must also be equipped with efficient safety catches to prevent the cage from falling down the shaft in the event of the rope breaking. All rope links or chains attached to cars or cages must be of ample strength with a factor of safety of not less than five to one on the maximum load.

(5) On all regular man trips being hoisted on slopes of twenty degrees or more, each car shall be attached to the car ahead by two or more separate connections, each one of which must be of ample strength to hold any load placed upon it by the breaking of the other. And the first car shall be secured to the socket by an extra cable or chain securely attached to the car: Provided, That any other approved safety device may be used in lieu of those hereinabove in this paragraph (5) mentioned. On all slopes of less than twenty degrees a safety rope shall extend from the main rope to the last car, or other approved safety device that will answer the same purpose.

(6) At all shafts, when hoisting men or material, there must be provided a competent person at the top and bottom to have control of the admission of cars, material or persons, to the cage operating in such shaft.

(7) Safety gates must be provided at the top and at any intermediate landing of a shaft, or of a slope inclined over sixty degrees from the horizontal, such gates to be so constructed that when closed access to the shaft or slope will be entirely cut off; and such gates to be kept closed at all times when the rope rider or other person in charge of such landing is not present.

(8) At distances not to exceed sixty feet on inclined planes or slopes where men are employed during operations suitable holes for refuge must be provided, these to be cut into the strata not less than two and one-half feet deep and four feet wide and five feet high and level with the road. Such holes to be located at points easy of access and to be kept whitewashed. [1917 c 36 § 62; RRS § 8697. Prior: 1907 c 105 § 2, part; 1891 c 81 § 16, part; 1887 c 21 § 6, part. Formerly RCW 78.36.820.]

78.40.276 Strength and inspection of safety devices. All ropes, chains, safety catches, etc., as enumerated above, must be of ample strength to support a strain equivalent to five times the maximum load, and must be kept in safe condition; and, furthermore, they must be inspected at least once in twenty-four hours by a competent person appointed by the superintendent for that purpose, and a record of such examinations, reporting all defects that may have been found, must be written in ink in a book kept for that purpose at the mine office. Any defects must be corrected immediately and no persons shall be lowered into or hoisted from the mine by defective apparatus; and, furthermore, all coupling links, pins and chains used on main haulage in hoisting or lowering men on a slope shall be annealed once in every three months. Pins and couplings on all other cars must be annealed once a year. [1917 c 36 § 63; RRS § 8698. Prior: 1909 c 117 § 3, part; 1891 c 81 § 4, part. Formerly RCW 78.36.830.]

78.40.279 Testing safety catches. The following tests of safety catches on cages shall be made once every six months: The cage shall be secured by passing a heavy hemp rope through the bridle chain ring or link and fastening both ends of the ropes to guides or to diagonally opposite posts of head frame, drawing the rope taut. A blocking to be passed below the cage to support same before hoisting rope is taut. The hoisting engineer shall then slack away until the cage is suspended on the hemp rope with at least four feet of the slack hoisting rope on top of it. Everything being in readiness the hemp rope shall be suddenly cut. If the safety catches stop the cage before it rests upon the blocking, the apparatus shall be considered efficient. [1917 c 36 § 64; RRS § 8699. Formerly RCW 78.36.840.]

78.40.281 Allowable proximity of structures to ventilating fan or main airway. No building or structure shall be erected within seventy-five feet of any main ventilating fan or main entrance to or exit from main airway slope or drift, except the tipples building and trestle thereto, unless same shall be built of fireproof material, and no fires shall be allowed in or about said tipples or trestles, except it be in a fire box of a boiler: Provided, That this section shall not apply to any shaft or slope heretofore sunk, or to any building heretofore erected, or to prospecting or development work otherwise regulated by this chapter. [1917 c 36 § 65; RRS § 8700. Formerly RCW 78.36.540.]

78.40.284 Men and materials not to be hoisted together. overwinding device, a competent attendant, in addition to
the hoistman, shall be stationed in close proximity to
engine controls at such time as men are being hoisted or
lowered on regular man trips. [1943 c 211 § 3; 1917 c

being hoisted or lowered, must be a sober, competent
person not less than eighteen years of age, and in good
physical and mental condition for such work; and no
person shall be permitted to handle or operate any such
hoist until his health has been certified by a reputable
physician and his competency determined and certified
by the state mining board upon such examination as it
may prescribe. [1917 ex.s. c 292 § 68; 1939 c 51 § 1;

operator of any mine to have in his service as mine fore-
man any person who does not hold a certificate of com-
petency as mine foreman issued by the state board of
examiners. Anyone holding a first class certificate may
serve as a mine foreman: Provided, That whenever an
exigency arises by which it is impossible for any operator
to secure the immediate services of a certificated mine
foreman, he may employ any trustworthy and experi-
enced man to act as temporary mine foreman for a
period not to exceed thirty days, and in the event that no
person possession [possessing] a certificate of compet-
ency satisfactory to the mine superintendent can be
found to fill the position, then the mine inspector may
grant a temporary certificate to some person he may
find to fill the position, then the mine inspector may

competency issued by the board of examiners: But, provided, That whenever any exigency arises by which it is impossible for any operator to secure the immediate services of a certificated man, he may employ any trustworthy and experienced man for a period not exceeding thirty days, and in the event that no person possessing a certificate of competency satisfactory to the mine superintendent can be found to fill the position, then the mine inspector may grant a temporary certificate to some person he may deem qualified, who may then fill the position until thirty days from and after the next meeting of the board of examiners held for the purpose of granting certificates. [1917 c 36 § 76; RRS § 8711. Formerly RCW 78.32.450, part.]

78.40.327 Boiler inspections—Report—Penalty. All boilers used for generating steam in and about coal mines must be inspected by a qualified person once in every six months, or oftener if required by the mine inspector. The result of such inspection shall be certified in writing to the mine inspector within thirty days thereafter, on [a] blank furnished by the mine inspection department.

Such building or washhouse to have sufficient floor space for the accommodation of miners or others using the same. The flooring in such washhouse to be of concrete, tiling or cement, and the flooring in changing room to be optional with the owner as to the material used. Lockers or some other arrangements shall be put in the changing room for the use of employees using same, and shower baths shall be provided in the washroom, one for each twenty men employed on one shift. The operator shall furnish an attendant to look after the operation, ventilation, drying of clothes, and sanitary conditions of the washhouse and changing rooms.

This section shall not apply to mines where less than twenty men are employed, or to mines under development which are not on a permanent operating basis. [1945 c 83 § 1; 1917 c 36 § 84; Rem. Supp. 1945 § 8719. Formerly RCW 78.34.220.]

78.40.342 Fire protection—Automatic sprinklers. At each and every coal mine in this state the owner or operator thereof shall, within three months after this chapter goes into effect, provide and maintain in good condition efficient means of protection against fire at the following places, to wit: Main entrance to hoisting shafts, slopes, permanent escapeways and ventilating fans on surface; also at all underground stable, pump rooms, hoists of more than fifty horsepower, and ventilating fans delivering more than ten thousand cubic feet of air per minute. Said means of fire protection shall consist of sufficient chemical extinguishers of approved type, or of proper hydrants, hose not less than one and

one-half inch internal diameter, with suitable connections and nozzles, and pipe lines of not less than two inches internal diameter, to convey water at a pressure of not less than twenty-five pounds per square inch from an adequate supply of each of the aforementioned places.

At mines where open flame lamps are used at all main landings for a distance of two hundred feet from the shaft or slope in all stables, pump rooms, or hoist rooms that are timbered, or where timber is used in such quantities that a fire would be likely to spread, there shall be maintained two lines of automatic sprinklers on each side of the passageway attached to not less than one and one-half inch pipes connected with the fire fighting water supply, and such sprinklers shall not be more than ten feet apart.

All automatic sprinklers shall be of the fusible plug type and shall not require a temperature of more than one hundred and sixty-five degrees Fahrenheit to release the water. [1917 c 36 § 85; RRS § 8720. Formerly RCW 78.34.610.]

78.40.345 Timber for props. The owner or operator of any coal mine shall provide a sufficient supply of timber at any such mine where the same is required for use as props, so that the workmen may at all times be able to properly secure their working places, and it shall be the duty of the owner or operator to send down into the mine all such props, the same to be delivered at the entrance to the working place, or as may be agreed upon between the employees and the operator. [1917 c 36 § 86; RRS § 8721. Prior: 1891 c 81 § 10; 1887 c 21 § 17. Formerly RCW 78.34.620.]

Any mine owner transferring any coal mine shall immediately report such sale or lease to the mine inspector, giving the name or the names of the purchaser, purchasers, or lessee, and the address or addresses of the same. The purchaser, purchasers, or lessee of any such coal mine shall also immediately report to the mine inspector giving the names of the officers and superintendent of such coal mine, with their addresses. [1917 c 36 § 87; 1907 c 105 § 3; RRS § 8722. Formerly RCW 78.38.360.]

78.40.351 Accidents—Inquests—Investigations—Costs. Whenever by reason of any explosion or any other accident in or about any coal mine, whereby loss of life or serious injury has occurred, or is thought to have occurred, it shall be the duty of the person having charge of the mine to give notice thereof to the mine inspector by telephone or telegraph, and if any person is killed thereby, to the coroner of the county, who shall give due notice to the mine inspector if an inquest is to be held. In case of any major or fatal accident, the resident district officers of the miners' organization shall be notified by telephone or telegraph at the same time the mine inspector is notified, and shall have the privilege of appearing at all investigations held to determine the cause of such accident, and to recommend safety measures for the prevention of accidents. If the coroner shall determine to hold an inquest, the mine inspector shall be allowed to testify and offer such testimony as he shall deem necessary to thoroughly inform the said inquest of the cause of death, and the said inspector shall have authority at any time to appear before such coroner and jury and question or cross-question any witness, and in choosing a jury for the purpose of holding such inquest it shall be the duty of the coroner to impanel a jury, no one of whom shall be directly or indirectly interested. It shall be the duty of the mine inspector upon being notified as herein provided, to immediately repair to the scene of the accident and make such suggestions as may appear necessary to secure the safety of the men, and if the results of the explosion or accident do not require an investigation by the coroner, he shall proceed to investigate and ascertain the cause of the explosion or accident, and make a record thereof, which he shall file as provided for, and to enable him to make the investigation he shall have the power to compel the attendance of persons to testify, and administer oaths or affirmations. The cost of such investigation shall be paid by the county in which the accident occurred, in the same manner as costs of inquests held by coroners or justices of the peace are paid, and copies of evidence taken at inquests shall be furnished the mine inspector. [1939 c 51 § 2; 1917 c 36 § 88; RRS § 8723. Prior: 1891 c 81 § 15; 1887 c 21 § 9. Formerly RCW 78.38.530.]

78.40.354 Certain steampipes to be insulated. No steampipes, through which high pressure steam is conveyed for the purpose of driving pumps or other machinery, shall be laid on traveling or haulage ways, unless they are encased in asbestos or some other suitable material, or so placed that the radiation of heat into the atmosphere of the mine will be prevented as far as possible. [1917 c 36 § 89; RRS § 8724. Formerly RCW 78.34.630.]

78.40.357 Internal combustion engines prohibited—Penalty. When a steam locomotive is used for the purpose of hauling coal out of a mine, the tunnel or tunnels through which the locomotive passes shall be properly ventilated and kept free as far as practicable of noxious gases. The use of steam locomotives shall be prohibited in any mines opened in the state after the passage of this chapter, or in mines already opened that are not now using the same.

The use of mining locomotives, pumping engines, hoists, trucks, or any other form of machinery driven or propelled by internal combustion engines, in which power is generated by burning within the cylinder or cylinders, a mixture of air and gas, or air and alcohol, gasoline, fuel oil, oil distillate, or other liquid fuel, within any coal mine or mines, is hereby declared to be unlawful, and any person or persons, body corporate, agent, manager or employer who shall violate any of the provisions of this section shall be guilty of a misdemeanor. [1943 c 211 § 4; 1917 c 36 § 90; Rem. Supp. 1943 § 8725. Formerly RCW 78.34.640.]

78.40.360 Precautions against explosions of dust. In any mine or part of mine where, from the nature of the coal or method of handling the same, an undue quantity
of dust is produced either on the roadways or in the working places, which may tend to cause danger of explosion, then all the haulage ways leading thereto and all the haulage roads and working places in such section of the mine, shall be thoroughly and effectively watered by some recognized and approved system of watering, or other treatment equivalent to watering. If, in the opinion of the inspector, an undue quantity of dust is produced and the method employed is not adequate or effective, he may notify the manager in writing and proceed as provided for in *section 9, article II of this act: Provided, however, That the provisions of this section shall not apply to any mine or separate split or panel of such mine if no explosives are permitted and safety lamps are used in such separate part of a mine, unless in the opinion of the inspector this exemption would be dangerous to the persons employed in such section or part of the mine. [1917 c 36 § 91; RRS § 8726. Formerly RCW 78.34.650.]

*Reviser's note: *section 9, article II of this act* (1917 c 36 § 9) is codified in RCW 43.22.210.

**78.40.363** Stables in mines—Storage of hay or straw—Lining of pump rooms. It shall not be lawful to provide a horse or mule stable in any mine unless the same is excavated in solid rock, or built, or thoroughly lined with a fireproof material; and all openings to such stables shall be equipped with fireproof doors, free from all obstruction, which can be closed in case of fire.

No hay or straw shall be taken into any mine unless pressed and made up into compact bales, which shall be kept in a storehouse built apart from the stable and in the same manner as the stable. Under no circumstances shall the hay or straw be stored in the stable.

All permanent underground pump rooms must be thoroughly lined with fireproof material, unless the same are excavated in solid rock. [1917 c 36 § 92; RRS § 8727. Formerly RCW 78.34.660.]

**78.40.366** Weight before screening when ton rate employment. It shall be unlawful for any mine owner, lessee or operator of coal mines in the state of Washington, employing miners at ton rates, to pass the output of coal mined by said miners over any screen or other device which will take any part from the value thereof before the same shall have been duly weighed and credited to the employee sending the same to the surface, and accounted for at the legal rate of weights as fixed by the laws of the state of Washington. [1917 c 36 § 93; RRS § 8728. Prior: 1891 c 161 § 1. Formerly RCW 78.32.040.]

**78.40.369** Escape shafts, equipment—Signboards. All escapement shafts or slopes over thirty degrees pitch shall be equipped with stairways or ladders having landing places or platforms at reasonable distances apart or, in lieu thereof, such hoisting apparatus as will enable the employees in the mine to make safe and speedy exit in case of danger. At all points where the passageway to the escapement shaft and other places of exit is intersected by other roadways or entries, conspicuous signboards, subject to the approval of the mine inspector, shall be placed indicating the direction it is necessary to take in order to reach such place of exit. [1917 c 36 § 94; RRS § 8729. Prior: 1909 c 117 § 3; 1907 c 105 § 1, part; 1891 c 81 § 3; 1887 c 21 § 3, part. Formerly RCW 78.34.720.]

**78.40.372** Width of barrier pillars—Penalty. The operator of every coal mine shall leave barrier pillars at least fifty feet in width along the line of the property he operates; failure to do so shall constitute a gross misdemeanor and he shall be subject to a fine of not less than five hundred dollars nor more than one thousand dollars, or imprisonment of not less than six months: Provided, however, That nothing herein shall be construed as forbidding owners or operators of adjacent properties from extracting all the coal after they have agreed that same might be done. [1917 c 36 § 95; RRS § 8730. Formerly RCW 78.34.670.]

**78.40.375** Operator's reports, annual and monthly—Contents—Penalty. All sides of stairs, trestles and platforms around mines shall be provided with hand and guard railing to prevent persons from falling over the sides. [1917 c 36 § 98; RRS § 8733. Formerly RCW 78.34.690.]

**ARTICLE IX DUTIES OF OFFICIALS**

**78.40.390** Superintendent to see laws are observed. The superintendent shall, at least once every week, read, examine carefully and countersign all reports entered in the mine record book by the mine foreman, and if he finds on such examination that the law is being violated in any particular, he shall order the mine foreman to stop such violation forthwith, and shall see that his order is complied with. [1917 c 36 § 99; RRS § 8734. Formerly RCW 78.32.400.]

**78.40.393** Superintendent, duties as to other officials. The superintendent shall not obstruct the mine foreman or other officials in the fulfillment of any of their duties, as required by this chapter, but he shall direct that the mine foreman and all other employees under him comply with the law in all its provisions. It shall be the duty of every mine superintendent to visit, or to have his assistant superintendent visit every working place in every mine under his charge once every sixty days: Provided, That the mine foreman shall not be considered as the assistant to the superintendent for this purpose. [1917 c 36 § 101; RRS § 8736. Formerly RCW 78.32.420.]

**78.40.399** Operator's duties—Posting rules and notices. The operator shall keep on hand at the mine a supply of the printed rules and notices and record books required by this chapter. He shall see that the rules and notices are posted in conspicuous places at or near the entrance to the mine and kept in such condition that they will always be legible. [1917 c 36 § 102; RRS § 8737. Prior: 1891 c 61 § 20. Formerly RCW 78.38.500.]

**78.40.402** Foreman—Duties as to interior of mines. The mine foreman shall keep a careful watch over the ventilating apparatus, the ventilation, airways, traveling ways, timbering and drainage, and shall see that all stoppings along the airways are properly built. He shall also see that the proper crosscuts or breakthroughs are made in the pillars of all chutes, breasts, rooms, gang-ways, entries and levels, in accordance with this chapter, and that they are closed when necessary so that the ventilating current can be conducted in sufficient quantities through the last crosscut or breakthrough and to the working places by means of brattices or other devices, and all other duties pertaining to the safety of the men, as provided for in this chapter. [1917 c 36 § 103; RRS § 8738. Formerly RCW 78.32.480.]

**78.40.405** Foreman—Duties as to men in mines. The mine foreman shall have charge of all inside workings and of the persons employed therein, in order that all of the provisions of this chapter as far as they relate to his duties concerning the safety of the mine and the persons employed therein be complied with, and the regulations prescribed for each class of workmen under his charge be carried out in the strictest manner possible. [1917 c 36 § 104; RRS § 8739. Formerly RCW 78.32.490.]

**78.40.408** Foreman—Records. The mine foreman shall each day write and sign with ink in a book provided for that purpose, a report of the general condition of the mine, which report shall clearly state any unusual danger that may have come under his observation during the day, or any unusual danger reported to him by his assistants, or by the fire bosses. The report shall also state the manner in which the requirements of the law are not complied with.
He, or his assistant, shall also once each week enter plainly with ink in said book a true report of all air measurements required by this chapter, designating the place, the area of each breakthrough and entry separately, the velocity of the air in each breakthrough and entry, and the number of men employed in each separate split of air, with the date when measurements were taken. Said book shall at all times be kept in the main office at the mine for examination by the inspector and by any persons working in the mine. Such examinations made by others than inspectors shall be in the presence of the superintendent or mine foreman.

The mine foreman shall also each day read carefully and countersign in ink all reports entered in the fire bosses' book. [1917 c 36 § 105; RRS § 8740. Formerly RCW 78.32.500.]

78.40.411 Foreman—Duty to drill men on means of escape. In order that men may familiarize themselves with escapements to be used in case of accidents, it shall be the duty of the mine foreman to cause all miners and other underground employees to walk or climb to or from their working places to the surface by way of one of the traveling ways, escapements, or outlets, at least once every six months. [1917 c 36 § 106; RRS § 8741. Formerly RCW 78.32.530.]

78.40.414 Foreman—Duties as to ventilation. When operations are temporarily suspended in a mine, the mine foreman shall see that a danger sign is placed across the mine entrance, which sign shall be sufficient warning for persons not to enter the mine. If the circulation of air through the mine be stopped, each entrance to said mine shall be fenced off in such manner as will ordinarily prevent persons from entering said mine, and a danger sign shall be displayed upon said fence at each entrance. The mine foreman shall see that all danger signs used at the mine are in good condition, and if they become defective he shall cause same to be repaired, or notify the superintendent.

In case of accident to a ventilating fan or its machinery whereby the ventilation in a mine is, or is about to be seriously interrupted, the mine foreman shall order the men to withdraw immediately from the mine, and he shall not allow them to return to their work until the ventilation has been restored and the mine has been thoroughly examined by him, or by an assistant mine foreman or fire boss, and reported safe.

In case the operation of the ventilating fan is stopped at a gaseous mine because of the suspension of the operations in the mine, the mine foreman shall not allow the men employed therein to enter the mine until the ventilation has been restored by the operation of the fan for at least twelve hours and the mine has been thoroughly examined by him, or by an assistant mine foreman or fire boss, and reported safe. [1919 c 201 § 5; 1917 c 36 § 107; RRS § 8742. Prior: 1897 c 45 § 8. Formerly RCW 78.32.520.]

78.40.417 Foreman—Weekly examination of mine. Whenever any dangerous condition is known to exist, or is reported by others to the mine foreman, he shall give prompt attention to its removal, and in case it is impracticable to remove the danger at once, he shall post danger signs warning every person whose safety is menaced thereby, to remain away from the place that the dangerous conditions affect. He or his assistant shall once each week travel and examine all the air courses and traveling ways, and in addition all the openings that give access to old workings or falls. He shall record and sign in a book provided for that purpose the results of these weekly examinations. [1943 c 211 § 6; 1917 c 36 § 108; Rem. Supp. 1943 § 8743. Formerly RCW 78.32.510.]

78.40.420 Foreman—Precautions against gas and water. In any working place that is being driven within supposedly dangerous proximity to an abandoned mine suspected of containing explosive gases, or that may contain a dangerous accumulation of water, the mine foreman shall see that at least one bore hole shall be maintained not less than twenty feet in advance of the face; and in a seam of coal on either side of the bore hole, flank holes shall be driven not less than twelve feet in advance, and any place driven to tap water or gas shall not be more than eight feet wide. [1917 c 36 § 109; RRS § 8744. Prior: 1891 c 81 § 14; 1887 c 21 § 5. Formerly RCW 78.32.540.]

78.40.423 Foreman—Duty to check fire bosses. The mine foreman shall see as often as practicable that the fire boss has left his mark, as required by this chapter, in places examined or reported examined. [1917 c 36 § 110; RRS § 8745. Formerly RCW 78.32.560.]

78.40.426 Foreman—Duty to visit working places. The mine foreman, his assistant, or fire boss, shall visit each working place once each shift while the employees are at work, and in addition thereto shall give special care, oversight and attention to the men drawing pillars. [1917 c 36 § 111; RRS § 8746. Formerly RCW 78.32.570.]

78.40.429 Foreman—Duties in case of accidents. It shall be the duty of the mine foreman, or his assistant, in case of injury to employees while at work in the mine, to at once visit the scene of the accident, see that the injured person or persons are given all the aid that can possibly be given which will add to their comfort and safety. After being treated with all the skill known to the foreman or his assistant, the injured person or persons shall be carefully wrapped up and taken to their homes or the hospital. [1917 c 36 § 112; RRS § 8747. Formerly RCW 78.32.550.]

78.40.432 Fire boss—Duties in general. It shall be the duty of the fire boss to examine carefully not more than three hours before a first shift enters the mine, every working place in his charge in which men have not been employed at the working face within ninety minutes previous to the starting time of such shift all open places adjacent to live workings, and every unfenced road to abandoned workings. He shall see that the air current is traveling in its proper course. In making the
examination he shall use no other than an approved safety lamp. The fire boss shall examine for all dangers in all portions of the mine under his charge, and after each examination he shall leave at or near the working face of every place examined the date of the examination as evidence that he has performed his duty. [1917 c 36 § 113; RRS § 8748. Formerly RCW 78.32.590.]

78.40.435 Fire boss—Danger signs. At the entrance to and in crosscuts or breakthroughs to any working place where explosive gas is discovered or where there is immediate danger found to exist from any other cause, the fire boss shall place a danger sign, which shall be sufficient warning for persons not to enter.

The danger sign shall consist of a lagging, board or piece of timber, or other obstruction, placed across the entrance to the working place, and in crosscuts and breakthroughs open to such working place, so that it is distinctly visible and marked plainly showing that danger exists beyond. [1917 c 36 § 114; RRS § 8749. Formerly RCW 78.32.600.]

78.40.438 Fire boss—Record of inspections—Procedure upon report of gas. Each fire boss shall, immediately after making his inspection and before the employees are allowed to enter the mine, report on a bulletin board provided for that purpose at the entrance to the mine, a true record of such inspection, designating each place where gas is found, also that all other places are clear. A like report of such inspection shall immediately be made by the fire boss, with ink, in a book kept for that purpose at the mine office on the surface, and in addition shall set forth the time of the inspection, the reason for the presence of any danger found, the means taken and by whom for the removal of same. If explosive gas is found the report shall show as near as possible the amount found, and time the place was clear. The fire bosses' record shall, at all times, be accessible to the mine inspector or his deputy, and to the employees of the mine in the presence of a mine official. The fire boss, mine foreman, or his assistant must reexamine all places in which gas is reported in advance of employees working in such places. After making such examination he shall personally direct the removal of said gas or other danger. Gas shall not be removed by brushing. [1917 c 36 § 115; RRS § 8750. Formerly RCW 78.32.610.]

78.40.441 Shot firers—Reports. In all parts of a mine where explosive gas is being generated, or dust exists in such quantities as to be dangerous or liable to cause an explosion from blowout or windy shots, there shall be employed a sufficient number of competent persons to act as shot firers, whose duty it shall be to fire all shots properly placed by the miners, and refuse to fire any shots improperly placed. No blasts in such part of a mine shall be fired by any other person than a shot firer, fire boss or foreman. Incombustible material for tamping must be used for that purpose, and the mine foreman shall supply same at convenient places inside the mine. Under no circumstances shall coal dust or any other combustible material be used for tamping. Each shot firer shall report to the fire boss, mine foreman, or his assistant, every shot that he has refused to fire, every blown out shot, and every shot that has missed fire, and a record shall be kept of same. [1917 c 36 § 116; RRS § 8751. Formerly RCW 78.38.270 and 78.38.350, part.]

78.40.444 Shot firing—Restrictions on. No shot firer or any other person shall fire a shot in any working place if he can detect explosive gas in the place. In dusty mines no shot shall be fired unless the place in which the shot is to be fired is thoroughly wetted or otherwise treated to prevent the existence of any dust for a distance of not less than one hundred feet from the shot to be fired.

When the presence of coal dust is likely to enter into an explosion hazard, the chief mine inspector may require that the dry area be thoroughly rock dusted to the extent that the incombustible content shall be at least seventy percent.

In all advancing entries, counters and haulage inclines where an undue quantity of dry coal dust is present, the chief mine inspector may require that the rock dusting shall be kept within one hundred feet of the working face. The rock dust shall be of such material as will meet the requirements of the U.S. bureau of mines in exclusion of deleterious substances. [1943 c 211 § 7; 1917 c 36 § 117; Rem. Supp. 1943 § 8752. Formerly RCW 78.38.330.]

ARTICLE X MINE RESCUE EQUIPMENT

78.40.450 Rescue apparatus and supplies—Reports on. Within one year after this chapter goes into effect, every coal mine employing as many as twenty underground men, shall have and maintain ready for use at all times, at least three sets of mine rescue apparatus, and one reviving device, of a type approved by the U.S. bureau of mines.

For each one hundred underground men in addition to the first twenty, one additional apparatus shall be maintained, up to six sets.

At every coal mine where mine rescue equipment is maintained, supplies for same shall be kept on hand to last at least twenty-four hours. The superintendent of the mine, or some person designated by him for that purpose, shall examine each apparatus once each month and report the condition of same, also the amount of supplies on hand at the time of such examination. This report shall be made in writing by the person making the examination and a record of same shall be kept at the mine office and shall be accessible to the mine inspector or his deputy at all times.

Whenever two or more coal mines are operated by the same company within a radius of twenty miles, they shall be considered as one mine. However, mines within a radius of twenty miles and connected by a wagon road or railroad, may agree to equip and maintain one central station at which there shall not be less than six apparatuses and one reviving device; when more than four mines are associated at one central station, an additional machine must be added: Provided, however, That any coal mining operation within fifty miles of a properly equipped and maintained U.S. bureau of mines rescue...
station, in lieu of the provisions of this section, shall be required to furnish such personnel as the bureau of mines or the state mine inspector may require for adequate training in mine rescue and first aid work, the cost of the training of said personnel to be borne by the mine operator. [1947 c 166 § 4; 1943 c 211 § 8; 1917 c 36 § 118; Rem. Supp. 1947 § 8753. Formerly RCW 78.34.450.]

*Revisor's note: "this chapter goes into effect": "this act" used in session law language is changed to "this chapter"; the phrase was first used in the 1917 act, which took effect at midnight, June 6, 1917. The 1947 amendatory act took effect at midnight, June 11, 1947.

78.40.453 Stretcher required—Use. The operator or superintendent of every mine employing from five to fifty persons, shall provide and keep in good condition near the principal entrance to the mine, one stretcher. When more than fifty persons are employed, they shall keep at least two stretchers. These stretchers shall be used for conveying to his abode, or to the hospital if necessary, any person who may be injured while in the discharge of his duties. [1917 c 36 § 119; RRS § 8754. Prior: 1891 c 81 § 13. Formerly RCW 78.34.460, part.]

78.40.459 Medical supplies required. At all times there shall be provided bandages, splints, and other medical supplies, to render first aid and relief to employees who may be injured. These supplies shall be kept in a suitable room near the entrance to the mine. [1917 c 36 § 121; RRS § 8756. Formerly RCW 78.34.480.]

78.40.462 First aid kits—Penalties. At each working level, or entry, of every mine in this state, the operating company shall maintain a box of first aid supplies equivalent to the American Red Cross (Industrial) first aid box. If these boxes are kept locked, the keys shall always be near at hand and plainly visible. Such keys may be kept under glass as a fire alarm box key is kept. Additional keys may be given to employees selected by the mine foreman on each level or working section of the mine. The foreman shall keep a list of those who have keys in their possession posted on the (industrial) first aid box nearest their working places. In addition to the above first aid boxes, the operating company of each mine shall furnish each driver or motorman with a metallic covered packet equivalent to those sold by the American Red Cross. At all times when they are underground or at their respective places of employment, said drivers or motormen shall have the metallic packets in their possession. Failure of the operator to provide the supplies required by this section shall constitute a misdemeanor. Any person destroying or stealing any of the first aid supplies shall be guilty of a misdemeanor. [1917 c 36 § 122; RRS § 8757. Formerly RCW 78.34.490.]

ARTICLE XI POWDER AND EXPLOSIVES

78.40.470 Explosives, how and where to be kept. Every person who has powder or other explosives in a mine shall keep the same in a proper, closed receptacle. Said receptacle shall be kept as far as practicable from the track or chute; and all powder receptacles shall be kept as far as practicable from each other, and each in a secluded place. Detonators shall at all times be kept in securely closed cases, separate and apart from other explosives, until required for use. [1917 c 36 § 123; RRS § 8758. Formerly RCW 78.38.200.]

Storage of explosives—Issuance to workmen: RCW 78.40.488.

78.40.473 Use of lamps and lighted pipes near explosives—Opening receptacles. Whenever a workman using an open light is about to open a receptacle containing explosives, and while handling the explosives, he shall place and keep his lamp at least five feet distant from said explosive and in such position that the air currents cannot convey sparks to it, and at such time no person shall approach nearer than five feet to any explosive with an open lamp, lighted pipe, or anything containing fire, except safety lamps, unless such explosive is contained in a proper closed receptacle. No miner, workman, or other person shall open any receptacle containing an explosive except in the manner prescribed by the manufacturer thereof, and it shall be unlawful for any person to have in his possession in any mine any receptacle containing explosives which has been opened in violation of this chapter. [1917 c 36 § 124; RRS § 8759. Formerly RCW 78.38.210 and 78.38.220, part.]

A dependent shot is a shot dependent on the (industrial) first aid box nearest their working places. In addition to the above first aid boxes, the operating company of each mine shall furnish each driver or motorman with a metallic covered packet equivalent to those sold by the American Red Cross. At all times when they are underground or at their respective places of employment, said drivers or motormen shall have the metallic packets in their possession. Failure of the operator to provide the supplies required by this section shall constitute a misdemeanor. Any person destroying or stealing any of the first aid supplies shall be guilty of a misdemeanor. [1917 c 36 § 126; RRS § 8761. Formerly RCW 78.38.310.]

No black powder, high explosive, or detonators shall be hauled on any electric motor trip in any mine, unless the same are encased in nonconductive boxes or receptacles: Provided, That they may be hauled in nonconductive car.

No black powder, other than that taken by each man for his own use, shall be hauled on man trips. [1917 c 36 § 127; RRS § 8762. Formerly RCW 78.38.260.]

Needles and tamping bars—Depth of holes—Unconfined shots—Penalty. The needle used in preparing a blast of black powder shall be made of copper, and the tamping bar shall be tipped with at least five inches of solid copper. All other explosives where a cap or detonator is used for the purpose of exploding the blast, shall be tamped with a wooden tamping bar. In no case shall iron or steel or other metal that is liable to cause a spark while tamping, be used for the purpose of tamping any explosive. Neither shall a scraper be used for tamping. It shall be unlawful for any person to have in his possession in the mine underground, any iron or steel needle or tamping bar not tipped as above required.

No hole shall be drilled more than six feet in depth for the purpose of blasting: Provided, however, That where mining machines are used holes may be drilled to the depth of the cut. Bulldozing, mudcapping, or other unconfined shots shall not be fired in any coal mine, excepting and provided the confronting situation is such that it cannot safely be overcome by any other method. In such case, and then only in the interests of safe practice may such a shot or shots be placed, and the area within fifty feet thereof shall be thoroughly wetted down or rock dusted before firing, and the shot or shots be packed or heavily capped with rock dust.

Any violation of this section shall be a misdemeanor and the offender shall be punished under the provisions of this chapter. [1943 c 211 § 9; 1917 c 36 § 128; Rem. Supp. 1943 § 8763. Prior: 1887 c 21 § 19. Formerly RCW 78.38.280.]

Storage of explosives—Issuance to workmen—Penalty. Each person, firm or corporation, engaged in coal mining, requiring the use of powder or other explosives, shall provide (subject to the approval of the mine inspector) at or near the entrance of each coal mine operated, at some suitable place near such work, a suitable distributing magazine for the storage of such powder or other explosives. There shall be posted upon such magazine a notice printed in letters not less than three inches in height, that such magazine contains explosives. No person shall store or keep in any magazine mentioned in this section, any powder or other explosive in excess of one ton. Such powder or other explosives shall be issued daily in quantities not to exceed the amount used by each workman in one shift, in proper receptacles. Any miner taking powder into the mine and having to return the same on account of not being able to work, may return the same to the operator and the operator shall receive it. Any person or corporation violating or failing to comply with the provisions of this section shall be guilty of a misdemeanor. [1917 c 36 § 129; RRS § 8764. Prior: 1911 c 65 § 1. ARTICLE XII SAFETY LAMPS

Safety lamps—Type—Examination. In every working of a coal mine approaching any place where there is likely to be an accumulation of explosive gases, or in any working place where there is imminent danger from explosive gases, no light or lamp other than a magnetic locked safety lamp or electric lamp shall be allowed or used, except by superintendents, shot lighters or other certified men, who may use such lamps as may be approved by the mine inspector.

Whenever safety lamps are required in any mine they shall be the property of the owner of said mine, and a competent person who shall be appointed for that purpose shall examine every safety lamp immediately before it is taken into the workings for use and ascertain it to be clean, safe and securely locked; and safety lamps shall not be used until they have been examined and found safe, clean and securely locked. [1917 c 36 § 131; RRS § 8766. Prior: 1909 c 57 § 1. Formerly RCW 78.36.010.]

Preliminary to entrusting lamps to workmen: RCW 78.40.657. Unauthorized possession of keys to safety lamps—Prosecution: RCW 78.40.660.

Safety lamps—Open lights prohibited, when. At mines where the danger from explosive gas requires the use of safety lamps, no open lights shall be used in that part or district of the mine where safety lamps are in use. [1917 c 36 § 132; RRS § 8767. Formerly RCW 78.36.020.]

Safety lamps—Tampering with lamps or using other lighting devices—Penalty. In any mine where locked safety lamps are used, any person other than those authorized by this chapter, opening or tampering with one of said safety lamps, or found with matches or any lighting device other than safety lamps, shall be guilty of a misdemeanor and upon conviction thereof he shall be fined not less than fifty dollars nor more than two hundred dollars, or imprisonment for a term of not more than one year: Provided, however, That this shall not prohibit the use of any flame used in making repairs to any machinery or wires when such repairs are made on the intake air. [1917 c 36 § 133; RRS § 8768. Prior: 1909 c 57 § 3, part. Formerly RCW 78.36.040.]

Safety lamps—Penalty. For the violation of any provisions of RCW 78.40.500 and 78.40.503, the operator or employee of any mine shall be deemed guilty of a misdemeanor, and upon conviction thereof may be fined in any sum not less than fifty dollars nor more than two hundred dollars, and in addition thereto
the mine inspector shall have authority and it shall be
his duty to close such mine until the provisions of this
chapter shall be complied with. [1917 c 36 § 134; RRS
§ 8769. Prior: 1909 c 57 § 3, part. Formerly RCW
78.36.030.]

78.40.512 Safety lamps.—Appeal.—Number of
lamps. The operator of any mine may appeal to the
mining board when in his judgment the order of the
mine inspector to place a mine on safety lamps is unreas­
sonable. The decision of the board shall be final.

At every mine in this state the operator shall provide
and maintain in condition for use, not less than four
approved safety lamps. [1917 c 36 § 135; RRS § 8770.

ARTICLE XIII SHAFT SINKING

78.40.515 Shaft driving to be open to inspection. Any
shaft or other opening in process of opening or driving
for the purpose of mining coal shall be subject to the
inspection of the mine inspector. [1917 c 36 § 136; RRS

78.40.518 Precautions against falling material. Over
every shaft that is being sunk, or that shall hereafter be
sunk, there shall be a safe and substantial structure
erected to support the sheaves or pulleys at a height of
not less than twenty-five feet above the tipping place.
The landing platform of such shaft shall be so arranged
that material cannot fall down the shaft while the bucket
is being emptied or taken from the hoisting rope. If pro­
visions are made to land the bucket on a truck, said
truck and platform shall be so arranged that material
cannot fall into the shaft. [1917 c 36 § 137; RRS § 8772.

be hoisted except in a bucket or on a cage when men are
in the bottom of a shaft, and said bucket or cage must
be connected to the hoisting rope by a safety hook or
clevis or other safety attachment, and said bucket shall
be so arranged that there will be no danger of its tipping
over while the bucket is being hoisted or lowered. The
rope shall be fastened to the side of the drum, and not
less than three coils of rope shall always remain on the
drum. In shafts over one hundred feet in depth, such
shafts shall be provided with guides and guide attach­
ments applied in such manner as to prevent the bucket
from swinging while descending or ascending, and such
guide or guide attachments shall be maintained at a dis­
ance of not more than seventy-five feet from the bottom
of such shaft, until its sinking shall have been completed.
[1917 c 36 § 138; RRS § 8773. Formerly RCW

78.40.524 Shaft platforms. Whenever persons are
employed on platforms in shafts the person in charge
must see that said platforms are properly and safely
constructed and secured. [1917 c 36 § 139; RRS § 8774.

78.40.527 Shaft levels to be made safe. Where the
strata are not safe, every shaft level shall be securely
cased, lined, or otherwise made secure, and the person in
charge shall see that all loose rock or other material on
the sides of the shaft, or on the timber in the shaft, shall
not be allowed to remain on said timber or sides of the
shaft after each blast. [1917 c 36 § 140; RRS § 8775.

78.40.530 Precaution when gas in shaft.—Blasting
in shaft sinking. Where explosive gas is encountered in
sinking shafts, the person in charge shall see that the
shaft is examined before each shift of men enters to
work and before the men descend after each blast. All
blasts in shaft sinking shall be exploded by an electric
battery placed on the surface. [1917 c 36 § 141; RRS §

ARTICLE XIV RULES FOR THE INSTALLATION
OF ELECTRICITY

78.40.540 Compliance with rules.—Definitions. The
operator, superintendent, or mine foreman in charge of
any coal mine in which electricity is used as a means of
power, shall, within six months after the passage of this
chapter, comply with the following rules:

Definitions

Potential: The terms "potential" and "voltage" are
synonymous and mean electrical pressure.

Difference of potential: The expression "difference of
potential" means the difference of electrical pressure
existing between any two points of an electrical system,
or between any point of such system and the earth, as
determined by a volt meter.

Potential of a circuit: The potential or voltage of a
circuit, machine, or any piece of electrical apparatus,
is the potential normally existing between the conductors
of such circuit or the terminals of such machine or
apparatus.

(I) Where the conditions of the supply of electricity
are such that the difference in potential between any
points of the circuit does not exceed three hundred volts,
the supply shall be deemed a low voltage supply.

(2) Where the conditions of the supply of electricity
are such that the difference in potential between any
two points in the circuit may at any time exceed three

[Title 78—p 27]
hundred volts, but does not exceed six hundred volts, the supply shall be deemed a medium voltage supply.

(3) Where the conditions of the supply of electricity are such that the difference of potential between any two points in the circuit exceeds six hundred volts, the supply shall be deemed a high voltage supply.

Grounding: Grounding any part of an electric system shall consist in so connecting such part to the earth that there shall be no difference of potential between them.

Underground station: An underground station is herein considered as any place where electrical machinery is permanently installed. [1917 c 36 § 144; RRS § 8779. Formerly RCW 78.36.600.]

78.40.543 Grounding. All metallic coverings, armoring of cables other than trailing cables, and, where installed underground, the frames and bed-plates of generators, transformers and motors, other than low voltage portable motors, shall be efficiently grounded, as shall also the neutral wire of three wire continuous current systems. [1917 c 36 § 145; RRS § 8780. Formerly RCW 78.36.610.]

78.40.546 Voltage underground—Installations—Danger signs. No higher voltage than medium voltage shall be used underground, except for transmission or for application to transformers, or other apparatus, in which the whole of the high voltage circuit is stationary.

In gaseous mines, high voltage transmission cables shall be installed in the intake airways only, and high voltage transformers shall be installed only in suitable chambers ventilated by the intake air which has not passed through or by a gaseous district.

All high voltage machines, apparatus, and lines shall be so marked as to clearly indicate that they are dangerous by the use of the word "danger" placed at frequent intervals. [1917 c 36 § 146; RRS § 8781. Formerly RCW 78.36.620.]

78.40.549 Switchboards. Switchboards: Main and distribution switch and fuse boards, underground, shall be made of incombustible insulating material, such as marble or slate, free from metallic veins, and be fixed in a dry a situation as practicable. [1917 c 36 § 147; RRS § 8782. Formerly RCW 78.36.630.]

78.40.552 Gloves and mats for repairmen. Precaution against shock: Gloves or mats of rubber or other suitable insulating material shall be provided and used by persons so engaged when repairs are made to the live parts of any electrical apparatus, or when the live parts of electrical apparatus have to be handled for the purpose of adjustment. [1917 c 36 § 148; RRS § 8783. Formerly RCW 78.36.640.]

78.40.555 Meddling with electrical system—Penalty. Any person who shall wilfully damage, or, without authority, alter or make connection to any portion of a mine electrical system, shall be guilty of a misdemeanor. [1917 c 36 § 149; RRS § 8784. Formerly RCW 78.36.650.]

78.40.558 Defects to be reported. Report of defective equipment: In the event of a breakdown, or of damage or injury to any portion of the electrical equipment of a mine, or of overheating, or of the appearance of sparks or arcs outside of enclosing casings, or in the event of any portion of the equipment, not a part of the electrical circuit, becoming alive, every such occurrence shall be promptly reported to the person in charge of the electrical equipment. [1917 c 36 § 150; RRS § 8785. Formerly RCW 78.36.660.]

78.40.561 Underground installations—Authorized personnel only—Fire protection. Underground stations and transformer rooms: Switchboards: All switches, circuit breakers, rheostats, fuses and instruments used in connection with underground motor–generators, rotary converters, high voltage motors, transformers, and low and medium voltage motors of more than fifty horsepower capacity, shall be installed upon a suitable switchboard, or its equivalent. Similar equipment, for low and medium voltage motors of fifty horsepower and less, may be separately installed if mounted upon installing bases of slate or equivalent insulating material.

In underground stations where switchboards are installed, there shall be a passageway in front of the switchboard not less than five feet in width, and if there are any high voltage connections at the back of the switchboard, any passageway behind the switchboard shall not be less than three feet clear.

Unauthorized persons: No person other than one authorized by the mine foreman shall enter a station or transformer room, or interfere with the workings of any apparatus connected therewith.

Fire equipment: Fire equipment of an approved type shall be kept in electrical stations and transformer rooms, ready for immediate use in extinguishing fires. [1917 c 36 § 151; RRS § 8786. Formerly RCW 78.36.670.]

78.40.564 Insulation. Transmission circuits and conductors: Power and light circuits: All high pressure wires used inside of the mines shall be in the form of insulated, lead covered or armored conductors, subject to insulation tests, and with carrying capacity according to the rules of the National Board of Fire Underwriters.

Medium or low pressure conductors may be bare, except in gaseous portions of the mines, where they may be used only on intake air. No bare conductors shall be used in rooms, or beyond the last cut-through in intake entries.

All underground cables and wires, other than trailing cables, unless provided with grounded or metallic covering, shall be supported by means of efficient insulators. Conductors connecting lamps to the power supply shall in all cases be insulated.

Main circuits: Every main circuit coming from generating or transformer stations shall there be provided with switches, fuses or circuit breakers.

In any gaseous mine, or gaseous portion of a mine, the electrical supply shall be brought underground only through such portions of the mine as are ventilated by the intake air, unless in lead incased cables.
Grounded circuits: One side of the grounded circuits shall be very effectively insulated from earth.

Underground trolley: In underground roads the trolley wires shall be securely supported on hangers placed at such intervals that the sag between points of support shall not exceed three inches. The sag between points of support can exceed three inches if the height of the trolley wires above the rail is five feet or more and does not touch the roof when the trolley passes under.

In underground haulage roads where the potential is higher than low voltage, all trolley or other bare power wires which are placed less than six and one-half feet above the top rail, shall be efficiently protected. This protection shall consist in placing boards along the wire, which shall extend below it, or the use of other approved devices that will afford the same protection: Provided, That this rule shall not apply to entries or gangways already driven where the height is less than five feet above the lower rail.

All low pressure trolley wires must be guarded in front of loading chutes, slants, landings and partings where men are required to regularly work or pass under same.

All branch trolley lines shall be fitted with an automatic trolley switch or section insulator and line switch, or some other device that will allow the current to be shut off from such branch headings.

Joints in conductors: All joints in conductors shall be mechanically and electrically efficient, and wherever it is possible to do so, they shall be soldered. Wherever the conductors cannot be soldered together, suitable screw clamps or connectors shall be used. All joints in insulated wire shall, after the joint is complete, be reinsulated to at least the same extent as the remainder of the wire.

Where lead covered or armored cable is used, the lead or armor shall be electrically continuous throughout and shall be efficiently grounded.

Cables entering fittings: The exposed end of cables where they enter fittings of any description, shall be so protected and finished off that moisture cannot enter the cable, or the insulating material, if of an oily or viscous nature, leak.

Where unarmored cables or wires pass through metal frames, or into boxes or motor casings, the holes shall be substantially bushed with insulating bushings, and, where necessary, with gas tight bushings which cannot readily become displaced.

Joints in cables: Where cables other than signal cables are joined, suitable junction boxes shall be used, or the joints shall be soldered and the insulation, armorings, or lead covering replaced in at least as safe a condition as it was originally.

Power wires and cables in shafts: All power wires and cables in hoisting shafts or manway compartments shall be highly insulated and substantially fixed in position.

Cables and wires, unless provided with metallic coverings shall not be fixed to walls or timbers by means of insulated fastenings.

Trailing cables: Trailing cables for portable machines shall be especially flexible, heavily insulated and protected with extra stout braiding, hose pipes or other equally effective covering.

Each trailing cable in use shall be daily examined by the machine operator, for abrasions and other defects, and he shall also be required to carefully observe the trailing cable while in use, and shall at once report any defect to the person in charge of electrical equipment.

In gaseous portions of a mine a fixed terminal box shall be provided at the points where trailing cables are attached to the power supply. This terminal box shall be flameproof and shall contain a switch and fuse on each pole of the circuit. The switch shall be so arranged that it can be operated only from without the box, when the latter is completely closed, and the switch shall also be so constructed that the trailing cables cannot be attached or removed when the switch is closed. [1917 c 36 § 152; RRS § 8787. Formerly RCW 78.36.680.]

78.40.567 Switches, fuses and circuit breakers—Operation and capacity. Switches, fuses and circuit breakers: Operation and capacity: Fuses and automatic circuit breakers shall be so constructed as to interrupt the current on short circuit, or when the current through them exceeds a predetermined value.

Circuit breakers shall be adjusted to trip at from fifty percent to one hundred and fifty percent of their normal rated capacity, and provided with an indicator which shall show at what current the circuit breaker is set to trip.

Fuses shall be stamped or marked, or shall have a label attached indicating the maximum current which they are intended to carry. Fuses shall only be adjusted or replaced by a competent person authorized by the mine foreman.

Feeder circuit breakers: Circuit breakers used to protect feeder circuits shall be set to trip when the current exceeds by more than fifty percent the current carrying capacity of the feeder. In case the feeder is subjected to overloads sufficient to trip the circuit breaker, but of short duration, the circuit breaker may be equipped with a device which shall prevent its acting unless the overload persists for a longer period than ten seconds.

Bases: All switches, circuit breakers and fuses shall have incombustible bases.

Switches: All points at which a circuit, other than a signal circuit, has to be made or broken, shall be provided with proper switches. The use of hooks or other makeshifts is prohibited, except that connection for gathering locomotives, or locomotives and machines used in driving headings or rooms, may be made to the trolley by means of suitable hooks; switches shall be so installed that they cannot be closed by gravity. In any gaseous portions of a mine switches, circuit breakers or fuses shall not be of the open type, but must be enclosed in explosion proof castings, or break under oil. [1917 c 36 § 153; RRS § 8788. Formerly RCW 78.36.690.]

78.40.570 Motors. Every stationary motor underground, together with its starting resistance, shall be protected by a fuse or circuit breaking device on at least
one pole for direct current; and all poles for alternating
current motors, and by switches arranged to entirely cut
off the power from the motor. The above devices shall be
installed in a convenient position near the motor.

Motors in coal mines: In any coal mine all motors,
unless placed in such rooms as are separately ventilated
with intake air, shall have all their current carrying
parts, also their starters, terminals and connections,
completely closed in explosion proof inclosures made of
noninflammable materials. These inclosures shall not be
opened except by an authorized person, and then only
when the motor is switched off. The power shall not be
switched on while the inclosures are open.

Mechanization: In any coal mine, all electrical equip­
ment shall be of permissible type approved by the U.S.
bureau of mines, unless used strictly in pure intake air.
Inby last open cross cut is not to be considered as pure
intake air. (1) Frequent inspections must be made. All
electrical parts including trailing cables and wiring must
be kept in a safe condition. A permissible junction box
must be used in connecting the power circuit, unless the
connections are made in pure intake air. (2) All bolts,
nuts, screws, and other means of fastenings must be in
place, properly tightened and secured. The maximum
clearance shall not exceed .004 of an inch on all flange
fits. (3) Inspections, repairs, or renewals of electrical
parts must not be made unless the current is discon­
connected from the power circuit. The power must not be
turned on until all parts are properly assembled. (4)
Spliced cables must not be used unless the splices are
properly made and vulcanized. (5) The frame of all
electrical equipment must be connected to an adequate
ground. The power wires must not be used for ground­
ing. (6) The power shall not be turned on any piece of
electrical equipment until a test for explosive gas has
been made, unless said equipment is operated in intake
air. (7) A test for gas must be made before starting the
mining machine or electric drill and also a test for gas
must be made at least every ten minutes while the
machine or drill is in operation. (8) Water must be used
on the cutter bar of mining machines while in operation

[1917 c 36 § 205; RRS § 8840. Formerly RCW 78.38.320.]

### 78.40.729 Bribery to procure employment prohibited.—Penalty.

Any mine superintendent, mine foreman, or other person or persons who shall receive or solicit any sum of money or other valuable consideration, from any person for the purpose of continuing in his or their employ, or for the purpose of procuring employment, shall be guilty of a misdemeanor. Any person offering any mine superintendent, or mine foreman, any sum of money or any other valuable consideration as a bribe for the purpose of obtaining employment or retaining employment, shall be guilty of a misdemeanor, and in either case of superintendent, mine foreman, or other person, upon conviction they shall be subject to a fine of not less than fifty dollars, nor more than two hundred dollars, or by imprisonment in the county jail for a period not to exceed six months, or by both such fine and imprisonment, proceedings to be instituted in any court having jurisdiction thereof. ### 78.40.732 Miner to examine safety of working place.—Safety rules.

The miner shall examine his working place before beginning work, and take down all dangerous slate, or otherwise make it safe by properly timbering it, before commencing to mine or load coal. He shall examine his place to see whether the fire boss has left the date marks indicating his examination thereof, and if said marks cannot be found it shall be the duty of the miner to notify the mine foreman, or the assistant mine foreman, of the fact immediately. The miner shall at all times be careful to keep his working place in a safe condition.

Should he at any time find his place becoming dangerous from gas or from roof or from any unusual condition that may arise, he shall at once cease working and inform the mine foreman, or the assistant mine foreman, of said danger, but before leaving his place he shall put some plain warning across the entrance thereto to warn others against entering into danger.

After each blast he shall exercise care in examining the roof and coal, and shall secure them safely before beginning work.

He shall order all props, cap pieces, and all other timbers necessary at least one day in advance of needing them, or as provided for in the rules of the mine. If he fails to receive said timbers and finds his place unsafe, he shall vacate it until the necessary timbers are supplied.

The management of any mine may submit to the mine inspector, for his approval, uniform rules for timbering at mines where conditions may be favorable for same. If approved by the mine inspector, they will become a part of the rules of said mine.

In all working places where it is necessary to temporarily remove posts, substitute posting shall be done when necessary for safety and such posts as are removed must be replaced as soon as possible by permanent timbers.

Under no condition shall the miner use coal dust or other combustible material for tamping in any gaseous or dusty mines.

When places are liable to generate sudden outbursts of explosive gas, no miner shall be allowed to charge or fire shots [shots] except under the supervision and with the consent of the mine foreman, or the assistant mine foreman, or some other competent person designated by the mine foreman for that purpose.

The miner shall remain during working hours in the place assigned to him, and he shall not leave his working place without the consent of the mine foreman, assistant mine foreman, or fire boss, unless called upon to assist others, or in case of need. He shall not wander about the hauling roads or enter abandoned or idle workings. [1943 c 211 § 14; 1917 c 36 § 207; Rem. Supp. 1943 § 8842. Formerly RCW 78.34.180, 78.34.190 and 78.38.340.]

### 78.40.735 Duties of driver.

Duties of driver: When a driver has occasion to leave his trip, he must be careful to see that it is left, when possible, in a safe place secure from cars and other dangers, and where it will not endanger the drivers of other trips or other persons.

He must take care while making his trip down grade to have the brakes or sprags so adjusted that he can keep the cars under control and prevent them from running over himself or others.

He shall not leave any cars standing where they may materially obstruct the ventilating current, except in case of accident, which he shall promptly report to the mine foreman, or assistant mine foreman.

He shall not allow any person to ride on loaded mine cars. He shall not allow any person to drive his horses or mules in his stead, unless authorized by a mine official. When it is his duty to open a door for the purpose of

Duties of a trip rider: The trip rider shall exercise care in seeing that all hitchings are safe for use and that all the trip is coupled before starting, and should he at any time see any material defect in the rope, link or chain, he shall immediately remedy said defect, or, if he is unable to do so, he shall detain the trip and report the matter to the mine foreman or the assistant mine foreman. He shall not allow any person to ride on the loaded or empty trip, except as provided in RCW 78.40.639. [1917 c 36 § 209; RRS § 8844. Formerly RCW 78.32.810.]

He shall see that the steam pressure does not at any time exceed the limit allowed by the superintendent or master mechanic; he shall frequently try the safety valves, and shall not increase the weight on the same. He shall maintain a proper height of water in each boiler, and if anything should happen to prevent this he shall report it without delay to the superintendent or master mechanic, or other person designated by the superintendent, and take such other action as may under the circumstances be best for the protection of life and preservation of property. [1917 c 36 § 212; RRS § 8847. Formerly RCW 78.32.840.]

78.40.750 Duties of fan operator. The person in charge of the ventilating fan at a mine shall keep it running at such speed as the mine foreman shall direct in writing. He shall report promptly to the mine foreman, or assistant mine foreman, in case of accident to boiler or fan machinery. If only ordinary repairs to the fan or machinery become necessary, he shall await the instructions of the mine foreman or assistant mine foreman before stopping the fan. Should it become impossible to run the fan, or become necessary to stop it to prevent its destruction, he shall at once notify the superintendent or mine foreman, who shall give immediate warning to the persons in the mine. [1917 c 36 § 213; RRS § 8848. Prior: 1897 c 45 § 9. Formerly RCW 78.32.850.]

78.40.756 Duties of cager. Duties of cager: The cager at the bottom of any shaft shall be over eighteen years of age. He shall not attempt to withdraw the car until the cage comes to a rest, and when putting the full car on the cage, he must be careful to see that the springs or catches are properly adjusted to keep the car in place before signaling the engineer. He shall personally attend the signals and see that the provisions of this chapter in respect to hoisting and lowering persons in shafts or slopes are complied with. [1917 c 36 § 215; RRS § 8850. 78.40.759 Duties of topmen—Enforcement of non-conflicting rules and regulations. (1) The topman of a shaft shall not allow any tools to be placed on the same cage with persons, or on either cage when persons are being lowered into the mine, except for the purpose of repairing the shaft or the machinery therein. The men shall place their tools in cars provided for that purpose, which cars shall be lowered before or after the men have been lowered. He shall also see that no driver or other person descends the shaft with any horse or mule, unless the said horse or mule is secured in a suitable box or safely penned, and only the driver in charge of said horse or mule shall accompany it in any cage. The topman of a shaft shall see that the springs or catches for the cage to rest upon are kept in good working order, and when taking the full car off he must be careful that no coal or other material is allowed to fall down the shaft. (2) The topman of a slope or inclined plane shall see that the safety device is closed at all times, except when cars or trips are passing, and in no case shall said safety device be withdrawn until the cars are coupled to the
rope or chain and the proper signal given. He shall carefully inspect each day the rope and chain used for hoisting or lowering men or coal, and shall promptly report to the superintendent any defect discovered, and shall use care in attaching securely the cars to the rope. 78.40.771 Severability—1917 c 36. If it shall be adjudicated that any section or part of a section of this chapter shall be unconstitutional and invalid for any reason, an adjudication of invalidity of said section or part of a section shall not affect the validity of the chapter as a whole, or any part thereof. [1917 c 36 § 219; RRS § 8854.]

78.40.772 Effective date for certain compliance. Every operator of a mine affected by this chapter shall be given six months after this chapter takes effect to make any necessary changes or secure any materials or supplies to comply with the provisions of this chapter. [1917 c 36 § 220; RRS § 8855.]

78.40.773 What constitutes a coal mine—Inspection. No coal mine shall be considered a mine for the purpose of this chapter unless five men or more are employed underground on one shift, nor shall mines employing less than ten men be subject to the provisions of this chapter, except that the inspector of mines shall have the right to enter any of the places where men are at work within such prospect, and if the conditions therein are dangerous to life, the inspector may, and it shall be his duty to stop work on such prospect until such dangerous place is rendered safe, or the same be placed in control of a certified mine foreman: Provided, That all such operators of prospects and places herein in this section referred to shall make reports to the state mine inspector as are required to be made by other mines and mine operators under the provisions of this chapter. ARTICLE XIX SAFETY COMMITTEE

78.40.780 Safety committee—Members, officers, records, duties—Appeals to inspector. In every mine a general safety committee shall be selected, composed of the mine superintendent or manager of mines, one man selected by the employees or any association of employees in or around said mine, and a third member selected by these two.

The general safety committee shall elect one of the members to act as chairman and one to act as secretary. The duties of the chairman shall be to preside at all
meetings of the general safety committee, enforce its rules and regulations and see that its business is conducted in a prompt and businesslike manner. The secretary shall keep an accurate written record of the proceedings of all meetings, conduct its correspondence and post notices of regular and special meetings and other matters pertaining to safety.

The duties of the general safety committee shall be to investigate all serious and fatal accidents; make bimonthly examination of the mine, their findings and recommendations to be made in writing, one copy to be sent to the chief state mine inspector. They shall coordinate with the management in the work of supervision of bulletin board service, and the outline and conduct of safety educational activities, arrange the programs for all safety meetings, pass on all safety controversial matters referred to them by subsafety committees. They shall meet with all other safety committees as often as possible, but not less often than once each month, and discuss safety measures, violations of safety rules and practices, and take up any other safety subject that will tend to eliminate accidents and pass on all safety suggestions referred to them by any employer or employee.

Should there be any disagreement among the members of the general safety committee relating to any safety matter brought or referred to them for disposition, either side may appeal to the chief state mine inspector, who shall in this case pass on controversial safety matters. His decision will be final and binding on both parties.

The written records of the general safety committee shall be open for inspection at all times by the chief state mine inspector, or his deputies or any state official connected with accident or safety work. [1927 c 306 § 12; RRS § 8856-1. Formerly RCW 78.34.400 and 78.34.410.]

Subsafety committee—Members, qualifications, duties. At mines employing more than twenty-five men there shall be a subsafety committee at each level or entry, consisting of a mine foreman, assistant mine foreman, or fire boss, and one employee selected by the men working on such level or entry.

The members of this committee shall have had six months' experience in this mine or at mines where similar conditions exist. Workmen serving on safety committees may be changed every two months.

Where workman finds dangerous conditions that he cannot correct himself, he shall report it to the official in charge of that section of the mine. If the condition is not corrected in a reasonable time he shall then call the other member of the safety committee to make an investigation. If the subsafety committee shall fail to agree they shall report it to the general safety committee. All level or entry safety committees shall attend and report at all meetings of the general safety committee.

The workmen's representative on the subsafety committee shall not visit or inspect any part of the mine except when accompanied by the other member of the subsafety committee. If for any reason either member of the committee fails to act on any complaint it shall be referred to the general safety committee. At all mines employing less than twenty-five men the general safety committee shall have general supervision over all safety matters. [1927 c 306 § 13; RRS § 8856-2. Formerly RCW 78.34.420.]

Outside committee—Members, duties. At each mine employing more than twenty-five men there shall be an outside committee consisting of the outside foreman, master mechanic and two employees selected by the men working on the outside. Workmen serving on outside safety committee may be changed every two months. Where workman finds dangerous or unsafe conditions that he cannot correct himself, he shall report it to the outside foreman. If the condition is not corrected in a reasonable time, he shall report it to one of the workmen's representatives on the safety committee, who shall then call the other members of the safety committee to make an investigation. If the outside safety committee shall fail to agree they shall report it to the general safety committee. The workmen's representatives shall not visit or inspect any part of the outside workings except when accompanied by the outside foreman or master mechanic. If for any reason any member of the committee fails to act upon any complaint called to his attention, it shall be referred to the general safety committee. It shall be understood that all safety committees shall confine themselves to safety measures and accident prevention alone, the sole purpose of their organization being to preserve the life and limb of workmen in and around the mines. [1927 c 306 § 14; RRS § 8856-3. Formerly RCW 78.34.430.]

Safety bulletin boards. It shall be the duty of the mine operators of each mine to establish and maintain a safety bulletin board service, to provide at least one standard bulletin board located in such place as to attract the attention of the greatest number of mine employees, and to post upon such board, all bulletins and such other matters as will be valuable in the educational development of the prevention of accidents.

The number of bulletin boards required and the frequency of displaying new bulletins, or shifting bulletins from board to board, shall be determined by the operator or by the operator and the chief state mine inspector, or by the chief state mine inspector.

Whenever a lesson of value to the mine is determined as the result of an investigation of an accident occurring within such mine, which will be of value in preventing the recurrence of future accidents of similar nature, the same can be given the greatest accident prevention value by being made the subject of a typewritten or other form of bulletin descriptive of the accident, giving the cause of, and recommendations covering measures adopted to prevent accidents of like or similar nature or cause.

The safety bulletin board shall be open to the services of bulletins on mine safety measures only; to the mine safety committee, the state mining board, chief state mine inspector and the employer's report of accidents occurring at the mine during the previous calendar month. [1927 c 306 § 15; RRS § 8856-4. Formerly RCW 78.34.600.]

[Title 78—p 38]
78.40.791 Rule for loaders in certain mines—Signs. At all mines using the gangway and counter system, a rule shall be enforced to compel the loaders to keep the coal in the chutes above the bulkhead, thereby preventing a short circuit of the air that may create a dangerous condition in some of the working places further inside.

Adequate signs approved by the chief state mine inspector shall be placed at intervals on the gangway calling attention to the foregoing danger. [1927 c 306 § 16; RRS § 8856–5. Formerly RCW 78.34.800.]

78.40.794 Workman to report violations of safety rules. Whenever any workman in or about any mine shall observe any violation of the safety rules and regulations governing the mine, or unsafe conditions or unsafe practice, it shall be his duty to report the same to a member of the safety committee. [1927 c 306 § 17; RRS § 8856–6. Formerly RCW 78.34.810.]

78.40.797 First aid—Education, treatment, records. There shall be developed at each mine a requirement of first aid education that will result in the practical and intensive education in first aid administration of a minimum of ten percent of the employment of said mine.

The operating company shall keep a record of all employees who have completed the course of required training in first aid, and a complete copy of such record shall be furnished the chief state mine inspector.

All employees shall be educated to report and receive first aid treatment of all injuries, no matter how trivial they shall be. This rule is made to obviate frequent infections that develop from wounds that are trivial in character. This first aid treatment of wounds of trivial character shall be in the hands of a trained first aid man, if more convenient than the mine surgeon, but the first aid attendant shall promptly refer any accident to the mine surgeon when he deems it of sufficiently severe character. [1927 c 306 § 18; RRS § 8856–7. Formerly RCW 78.34.440.]

Reviser’s note: Chapter 64, Laws of 1970 ex.s. has been codified as a new chapter in Title 78 RCW “Mines, Minerals, and Petroleum” although section 1 of the act states "Sections 2 through 25 of this act shall constitute a new chapter in Title 76 RCW." As the act pertains solely to surface mining, the change in placement has been made to preserve the subject matter arrangement of the code.

78.44.010 Legislative finding. The legislature recognizes that the extraction of minerals by surface mining is a basic and essential activity making an important contribution to the economic well-being of the state and nation. At the same time, proper reclamation of surface mined land is necessary to prevent undesirable land and water conditions that would be detrimental to the general welfare, health, safety, and property rights of the citizens of the state. Surface mining takes place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. It is not practical to extract minerals required by our society without disturbing the surface of the earth and producing waste materials, and the very character of many types of surface mining operations precludes complete restoration of the land to its original condition. However, the legislature finds that reclamation of surface mined lands as provided in this chapter will allow the mining of valuable minerals and will provide for the protection and subsequent beneficial use of the mined and reclaimed land. [1970 ex.s. c 64 § 2.]

78.44.020 Purpose. The purpose of this chapter is to provide that the usefulness, productivity, and scenic values of all lands and waters involved in surface mining within the state will receive the greatest practical degree of protection and restoration. It is a further purpose of this chapter to provide a means of cooperation between private and governmental entities in carrying this chapter into effect. [1970 ex.s. c 64 § 3.]

78.44.030 Definitions. As used in this chapter, unless the context indicates otherwise:

(1) "Surface mining" shall mean all or any part of the process involved in mining of minerals by removing the overburden and mining directly from the mineral deposits thereby exposed, including open-pit mining of minerals naturally exposed at the surface of the earth, mining by the auger method, and including the production of surface mining refuse. For the purpose of this chapter surface mining shall mean those operations described in this paragraph from which more than ten thousand tons of minerals are produced or more than two acres of land is newly disturbed within a period of twelve consecutive calendar months. Surface mining shall not include excavation or removal of sand, gravel, clay, rock or other [Title 78—p 39]
materials in remote areas by an owner or holder of a possessory interest in land for the primary purpose of construction or maintenance of access roads to or on such landowner's property. Surface mining shall not include excavation or grading conducted for farming, on-site road construction or other on-site construction, but shall include adjacent or off-site borrow pits except those on landowner's property for use on access roads on such property. Prospecting and exploration activities shall be included within the definition of surface mining when they are of such nature and extent as to exceed the qualifying sizes listed above or when collectively they disturb more than one acre per eight acres of land area.

(2) "Unit of surface mined area" shall mean the area of land and water covered by each operating permit that is actually newly disturbed by surface mining during each twelve-month period of time, beginning at the date of issuance of the permit, and shall comprise the area from which overburden and/or minerals have been removed, the area covered by spoil banks, and all additional areas used in surface mining operations which by virtue of such use are thereafter susceptible to excessive erosion.

(3) "Abandonment of surface mining" shall mean a cessation of surface mining, not set forth in an operator's plan of operation or by any other sufficient written notice, extending for more than six consecutive months or when, by reason of examination of the premises or by any other means, it becomes the opinion of the department of natural resources that the operation has in fact been abandoned by the operator: Provided, That the operator does not, within thirty days of receipt of written notification from the department of his intent to declare the operation abandoned, submit evidence to the department's satisfaction that the operation is in fact not abandoned.

(4) "Minerals" shall mean coal, clay, stone, sand, gravel, metallic ore, and any other similar solid material or substance to be excavated from natural deposits on or in the earth for commercial, industrial, or construction uses.

(5) "Overburden" shall mean the earth, rock, and other materials that lie above a natural deposit of mineral.

(6) "Surface mining refuse" shall mean all waste soil, rock, mineral, liquid, vegetation, and other material directly resulting from or displaced by the mining, cleaning, or preparation of minerals during the surface mining operations on the operating permit area, and shall include all waste materials deposited on or in the permit area from other sources.

(7) "Spoil bank" shall mean a deposit of excavated overburden or mining refuse.

(8) "Operator" shall mean any person or persons, any partnership, limited partnership, or corporation, or any association of persons, either natural or artificial, including every public or governmental agency engaged in surface mining operations, whether individually, jointly, or through subsidiaries, agents, employees, or contractors.

(9) "Department" shall mean the board of natural resources.

(10) "Reclamation" shall mean the reasonable protection of all surface resources subject to disruption from surface mining and rehabilitation of the surface resources affected by surface mining. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific instance, the basic objective will be to reestablish on a continuing basis the vegetative cover, soil stability, water conditions, and safety conditions appropriate to the intended subsequent use of the area.

(11) "Reclamation plan" shall mean the operator's written proposal, as required and approved by the department, for reclamation of the affected resources which shall include, but not be limited to:

(a) A statement of the proposed subsequent use of the land after reclamation and satisfactory evidence that all owners of a possessory interest in the land concur with this proposed use;

(b) Evidence that this subsequent use would not be illegal under local zoning regulations;

(c) Proposed practices to protect adjacent surface resources;

(d) Specifications for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed, and proposed method of accomplishment;

(e) Manner and type of revegetation or other surface treatment of disturbed areas;

(f) Method of prevention or elimination of conditions that will create a public nuisance, endanger public safety, damage property, or be hazardous to vegetative, animal, fish, or human life in or adjacent to the area;

(g) Method of control of contaminants and disposal of surface mining refuse;

(h) Method of diverting surface waters around the disturbed areas;

(i) Method of restoration of stream channels and stream banks to a condition minimizing erosion and siltation and other pollution;

(j) Such maps and other supporting documents as reasonably required by the department; and

(k) A time schedule for reclamation that meets the requirements of RCW 78.44.090. [1970 ex.s. c 64 § 4.]

78.44.040 Administration of chapter. The board of natural resources is charged with the administration of this chapter by utilizing the services of the department of natural resources. In order to implement the chapter's terms and provisions, the department, under the provisions of the administrative procedure act (chapter 34.04 RCW), as now or hereafter amended, may from time to time promulgate those rules and regulations necessary to carry out the purposes of this chapter. [1970 ex.s. c 64 § 5.]

78.44.050 Chapter cumulative and nonexclusive—Other laws not affected. This chapter shall not affect any of the provisions of the state fisheries laws (Title 75 RCW), the state water pollution control laws (Title 90 RCW), the state game laws (Title 77 RCW), or any other state laws, and shall be cumulative and nonexclusive. [1970 ex.s. c 64 § 6.]
78.44.060 Investigations, research, etc.—Dissemination of information. The department shall have the authority to conduct or authorize investigations, research, experiments and demonstrations, and to collect and disseminate information relating to surface mining and reclamation of surface mined lands. [1970 ex.s. c 64 § 7.]

78.44.070 Cooperation with other agencies—Receipt and expenditure of funds. The department may cooperate with other governmental and private agencies in this state and other states and agencies of the federal government, and may reasonably reimburse them for any services the department requests that they provide. The department may also receive any federal funds, state funds and any other funds and expend them for reclamation of land affected by surface mining and for purposes enumerated in RCW 78.44.060. [1970 ex.s. c 64 § 8.]

78.44.080 Operating permits—Required—Applications. After January 1, 1971, no operator shall engage in surface mining without having first obtained an operating permit from the department. Except as otherwise permitted in this section a separate permit shall be required for each separate surface mining operation. Prior to receiving an operating permit from the department an operator must submit an application on a form provided by the department, which shall contain the following information and any other pertinent data required by the department:

(1) Name and address of the legal landowner, any purchaser of the land under a real estate contract, and the operator and, if any of these are corporations or other business entities, the names and addresses of their principal officers and resident agent for service of process;

(2) Materials to be surface mined;

(3) Type of surface mining to be performed;

(4) Expected starting date of surface mining;

(5) Anticipated termination date of the surface mining project;

(6) Expected amount of mineral to be surface mined;

(7) Maximum depth of surface mining;

(8) Size and legal description of the area that will be disturbed by surface mining. If more than ten acres will be disturbed by surface mining or, regardless of the amount of land to be disturbed, if the department finds that conditions warrant it and so requests, a map of the area to be surface mined shall be submitted. The map shall show the boundaries of the area of land which will be affected; topographic detail; the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area; location of proposed access roads to be built in conjunction with the surface mining operation; and the names of the surface and mineral owners of all lands within the surface mining area;

(9) A plan of surface mining that will provide, within limits of normal operational procedure of the industry, for completion of surface mining and associated disturbances on each segment of the area for which a permit is requested so that reclamation can be initiated at the earliest possible time on those portions of the surface mined area that will not be subject to further disturbance by the mining operation. Whenever feasible, visual screening, vegetative or otherwise, will be maintained or established on the property containing the surface mining to screen the view of the operation from public highways, public parks, and residential areas.

(10) A reclamation plan that must be acceptable to and approved by the department, except as provided in RCW 78.44.100. An operator may not depart from an approved plan without having previously obtained from the department written approval of his proposed change.

The department may adopt rules and regulations permitting an operator of more than one surface mining operation to submit a single application for a combined operating permit covering all of his surface mining operations. Such application may require detailing of information required by this section for each separate location. An operator operating under such a combined permit may submit a consolidated reclamation program covering all his operations under rules and regulations prescribed by the department, but may be required to furnish specific information relative to reclamation of any single operating area if the department determines that such is necessary to carry out the purposes of this chapter. [1970 ex.s. c 64 § 9.]

78.44.090 Reclamation plans. The reclamation plan shall provide that reclamation activities, particularly those relating to control of erosion, shall, to the extent feasible, be conducted simultaneously with surface mining and in any case shall be initiated at the earliest possible time after completion or abandonment of mining on any segment of the permit area. The plan shall provide that reclamation activities shall be completed not more than two years after completion or abandonment of surface mining on each segment of the area for which a permit is requested.

A reclamation plan will be approved by the department if it adequately provides for the accomplishment of the activities specified in the definition of "reclamation plan", RCW 78.44.030(11), and meets those of the following minimum standards that are applicable:

(1) Excavations made to a depth not less than two feet below the low groundwater mark, which will result in the establishment of a lake of sufficient area and depth of water to be useful for residential, recreational, game, or wildlife purposes, shall be reclaimed in the following manner:

(a) All banks in soil, sand, gravel, and other unconsolidated materials shall be sloped to two feet below the low groundwater line at a slope no steeper than one and one-half feet horizontal to one foot vertical;

(b) Portions of solid rock banks shall be stepped or other measures be taken to permit a person to escape from the water.

(2) In all other excavations in soil, sand, gravel, and other unconsolidated materials, the side slopes and the slopes between successive benches shall be no steeper than one and one-half feet horizontal to one foot vertical for their entire length.

[Title 78—p 41]
78.44.090 Title 78: Mines, Minerals, and Petroleum

(3) The sides of all strip pits and open pits in rock and other consolidated materials shall be no steeper than one foot horizontal to one foot vertical, or other precautions must be taken to provide adequate safety.

(4) The slopes of quarry walls in rock or other consolidated materials shall have no prescribed angle of slope, but where a hazardous condition is created that is not indigenous to the immediate area, the quarry shall be either graded or backfilled to a slope of one foot horizontal to one foot vertical or other precautions must be taken to provide adequate safety.

(5) In strip mining operations the peaks and depressions of the spoil banks shall be reduced to a gently rolling topography which will minimize erosion and which will be in substantial conformity with the immediately surrounding land area.

(6) In no event shall any provision of this section be construed to allow stagnant water to collect or remain on the surface mined area. Suitable drainage systems shall be constructed or installed to avoid such conditions if natural drainage is not possible.

(7) All grading and backfilling shall be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the director for a supervised sanitary fill.

(8) In all types of surface mining, in order to prevent water pollution, all acid-forming surface mining refuse shall be disposed of by covering all acid-forming materials with at least two feet of clean fill. The final surface covering shall be graded so that surface water will drain away from the disposal area.

(9) Vegetative cover will be required in the reclamation plan as appropriate to the future use of the land.

(10) All surface mining that will disturb streams must comply with the requirements of the state fisheries laws (Title 75 RCW), and every application for an operating permit for such operations must have a reclamation plan that shall have been approved by the department of fisheries with regard to operations in streams as required by Title 75 RCW. [1970 ex.s. c 64 § 10.]

78.44.100 Inspections—Provisional permits—Modification of reclamation plan—Successor operators. Upon receipt of an application for a permit, the surface mining site must be inspected by a representative of the department. Within twenty-five days of receipt of the application and reclamation plan by the department and receipt of the permit fee, the department shall either issue an operating permit to the applicant or return any incomplete or inadequate application to the applicant along with a description of the deficiencies.

Failure to act within the twenty-five day period on the reclamation plan shall not be cause for a denial of a permit. The department shall set the amount of the bond or other security required for a provisional permit governing the surface mining operation set forth in the application. A provisional permit shall be granted pursuant to conditions prescribed by the department until a plan is approved as long as the operator complies with the bond or security requirements established by the department: Provided, however, That a provisional permit shall not be granted if the department considers the site unsuitable for surface mining.

If the department refuses to approve a reclamation plan in the form submitted by the operator, it shall notify the operator, in writing, stating the reasons for its refusal and listing such additional requirements to the operator's reclamation plan as are necessary for the approval of the plan by the department. Within thirty days, the operator shall either accept such additional requirements as part of the reclamation plan or file notice of appeal. If notice of appeal is filed by the operator, a provisional permit shall be granted as herein specified.

The operating permit shall be granted for the period required to mine the land covered by the plan and shall be valid until the surface mining authorized by the permit is completed or abandoned, unless the permit is suspended by the department as provided in this chapter. The operating permit shall provide that the reclamation plan may be modified, after timely notice and opportunity for hearing, at any time during the term of the permit for any of the following reasons:

(1) To modify the requirements so that they will not conflict with existing laws;

(2) The department determines that the previously adopted reclamation plan is clearly impossible or impracticable to implement and maintain;

(3) The department determines that the previously adopted reclamation plan is obviously not accomplishing the intent of this chapter; or

(4) The operator and the department mutually agree to change the reclamation plan.

When one operator succeeds to the interest of another in any uncompleted surface mining operation by sale, assignment, lease, or otherwise, the department may release the first operator from the duties imposed upon him by this chapter as to such operation: Provided, That both operators have complied with the requirements of this chapter and the successor operator assumes the duty of the former operator to complete the reclamation of the land, in which case the department shall transfer the permit to the successor operator upon approval of the successor operator's bond as required under this chapter. [1970 ex.s. c 64 § 11.]

78.44.110 Fees. The permit fees required under this chapter shall be as follows:

(1) The basic fee for the permit shall be twenty-five dollars per permit year for each separate location, payable with submission of the application and annually thereafter with submission of the report required in RCW 78.44.130.

(2) In addition, there shall be a five dollar per acre fee for all acreage exceeding ten acres which was newly disturbed by surface mining during the previous permit year, which acreage fee shall be paid at the time of submission of the report required in RCW 78.44.130. [1970 ex.s. c 64 § 12.]

78.44.120 Performance bonds and other security. Upon receipt of an operating permit an operator other
than a public or governmental agency shall not commence surface mining until the operator has deposited with the department an acceptable performance bond on forms prescribed and furnished by the department. This performance bond shall be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under the provisions of chapter 48.28 RCW and approved by the department. The bond shall be filed and maintained in an amount equal to the estimated cost of completing the reclamation plan for the area to be surface mined during the next twelve-month period and any previously surface mined area for which a permit has been issued and on which the reclamation has not been satisfactorily completed and approved. The department shall have the authority to determine the amount of the bond that shall be required, and for any reason may refuse any bond not deemed adequate. In no case shall the amount of the bond be less than one hundred dollars or more than one thousand dollars per acre or fraction thereof.

The bond shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations adopted pursuant thereto.

In lieu of the surety bond required by this section the operator may file with the department a cash deposit, negotiable securities acceptable to the department, or an assignment of a savings account in a Washington bank on an assignment form prescribed by the department.

Liability under the bond shall be maintained as long as reclamation is not completed in compliance with the approved reclamation plan unless released prior thereto as hereinafter provided. Liability under the bond may be released only upon written notification from the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute bond. In no event shall the liability of the surety exceed the amount of the surety bond required by this section.

A public or governmental agency shall not be required to post a bond under the terms of this chapter.

A blanket performance bond covering two or more surface mining operations may be submitted by an operator in lieu of separate bonds for each separate operation. [1970 ex.s. c 64 § 13.]

78.44.130 Reports. Within thirty days after completion or abandonment of mining on an area under permit or within thirty days after each annual anniversary date of the operating permit, whichever is earlier, or at such later date as may be provided by department rules and regulations, and each year thereafter until reclamation is completed and approved, the operator shall file a report of activities completed during the preceding year on a form prescribed by the department, which report shall:

(1) Identify the operator and permit number;
(2) Locate the operation by subdivision, section, township, and range, and with relation to the nearest town or other well known geographic feature;
(3) Estimate acreage to be newly disturbed by surface mining in the next twelve-month period; and
(4) Update any maps previously submitted or provide such maps as may be specifically requested by the department. Such maps shall show:
   (a) The operating permit area;
   (b) The unit of surface mined area;
   (c) The area to be surface mined during the next twelve-month period;
   (d) If completed, the date of completion of surface mining;
   (e) If not completed, the area that will not be further disturbed by the mining operations; and
   (f) The date of beginning, amount, and current status of reclamation performed during the previous twelve months. An operator operating under a combined operating permit may submit a single annual report, but such report shall include the data required in this section for each separate operating area. [1970 ex.s. c 64 § 14.]

78.44.140 Inspection of permit area—Deficiencies—Extension of performance periods—Performance actions by department—Recovery of expenses—Enforcement. Upon receipt of the operator's report, and at any other reasonable time the department may elect, the department shall cause the permit area to be inspected to determine if the operator has complied with the reclamation plan and the department's rules and regulations.

The operator shall proceed with reclamation as scheduled in his reclamation plan. Following any written notice by the department noting deficiencies, the operator shall commence action within thirty days to rectify these deficiencies and shall diligently proceed until the deficiencies are corrected: Provided, That deficiencies that also violate other laws that require earlier rectification shall be corrected in accordance with the applicable time provisions of such laws. The department may extend performance periods referred to in this section and RCW 78.44.090, for delays clearly beyond the operator's control, but only when the operator is, in the opinion of the department, making every reasonable effort to comply.

Within thirty days after notification by the operator and when the department determines that a unit of surface mined area is properly completed, the mining operator shall be notified in writing and his bond on said area shall be released or decreased proportionately.

If reclamation of surface mined land is not proceeding in accordance with the reclamation plan and the operator has not commenced action to rectify deficiencies within thirty days after notification by the department, or if reclamation is not properly completed in conformance with the reclamation plan within two years after completion or abandonment of surface mining on any segment of the permit area, the department is authorized, with the staff, equipment and material under his control, or by contract with others, to take such actions as may be necessary for the reclamation of the surface mined areas. The department shall keep a record of all necessary expenses incurred in carrying out any project or activity authorized under this section, including a reasonable charge for the services performed by the
state's personnel and the state's equipment and materials utilized.

The department shall notify the operator and his surety by order. The order shall state the amount of necessary expenses incurred by the department in reclaiming the surface mined land and a notice that the amount is due and payable to the department by the operator and the surety.

If the amount specified in the order is not paid within thirty days after receipt of the notice, the attorney general, upon request of the department, shall bring an action on behalf of the state in the superior court for Thurston county or any county in which the persons to whom the order is directed do business to recover the amount specified in the final order of the department. The surety shall be liable to the state to the extent of the bond.

The amount owed the department by the operator for the reclamation performed by the state may be recovered by a lien against the reclaimed property, which may be enforced in the same manner and with the same effect as a mechanic's lien.

In addition to the other liabilities imposed by this chapter, failure to commence action to rectify deficiencies in reclamation within thirty days after notification by the department or failure satisfactorily to complete reclamation work on any segment of the permit area within two years after completion or abandonment of surface mining on any segment of the permit area shall constitute sufficient grounds for cancellation of a permit and refusal to issue another permit to the delinquent operator until such deficiencies are corrected by the operator. [1970 ex.s. c 64 § 15.]

78.44.150 Operating without permit—Penalty. Any operator conducting surface mining within the state of Washington without a valid operating permit shall be guilty of a gross misdemeanor. Each day of operation shall constitute a separate offense. [1970 ex.s. c 64 § 16.]

78.44.160 Enjoining or stopping illegal operations. When the department finds that an operator is conducting surface mining on an area for which a valid operating permit is not in effect, or is conducting surface mining in any manner not authorized by his operating permit or by the rules and regulations adopted by the department, the department may forthwith order such operator to suspend all such operations until compliance is effected or assured to the satisfaction of the department. In the event the operator fails or declines to obey such order, the facts may be reported by the department to the attorney general. The attorney general shall forthwith take the necessary legal action to enjoin, or otherwise cause to be stopped, such conduct of surface mining. [1970 ex.s. c 64 § 17.]

78.44.170 Appeals. Appeals from determinations made under this chapter shall be made under the provisions of the administrative procedure act (chapter 34.04 RCW), as now or hereafter amended and shall be considered a contested case within the meaning of the administrative procedure act (chapter 34.04 RCW). [1970 ex.s. c 64 § 18.]

78.44.180 Confidentiality. All reclamation plans, operators' reports and other required information under this chapter shall be for the confidential use of the department which shall by rule or regulation provide for the release thereof to proper interested persons. [1970 ex.s. c 64 § 20.]

78.44.200 Existing operations—Temporary permits. Operators of surface mines in operation on January 1, 1971 shall have ninety days thereafter to submit an application for an operating permit. Any such operator who has timely filed an application for an operating permit but for reasons beyond his control has neither received an operating permit nor had his application denied within twenty-five days after his application has been submitted as provided in RCW 78.44.080, shall have issued to him by the department a temporary operating permit, which, if the applicant is diligently pursuing his application, shall be effective until a regular operating permit is either issued or denied. [1970 ex.s. c 64 § 19.]

78.44.910 Previously mined land. This act shall not direct itself to the reclamation of land mined prior to January 1, 1971. [1970 ex.s. c 64 § 22.]

78.44.920 Effective date—1970 ex.s. c 64. This act shall become effective January 1, 1971. [1970 ex.s. c 64 § 23.]

78.44.930 Severability—1970 ex.s. c 64. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances shall not be affected. [1970 ex.s. c 64 § 24.]

78.52.010 Definitions. For the purposes of this chapter, unless the text otherwise requires, the following terms shall have the following meanings:

(a) "Waste" in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood in the petroleum industry, and shall include:

(b) The inefficient, excessive or improper use of, or unnecessary dissipation of, reservoir energy; and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well in a manner which results, or tends to result in reducing the quantity of oil or gas to be recovered from any pool in this state under operations conducted in accordance with good oil field engineering practices;

(c) Producing oil or gas in such manner as to cause unnecessary water channeling, or coning;

(d) The operation of an oil well with an inefficient gas-oil ratio;

(e) The drowning with water of any pool or part thereof capable of producing oil or gas, except insofar as, and to the extent, authorized by the committee hereunder;

(f) Underground waste;

(g) The creation of unnecessary fire hazards;

(h) The escape into the open air, from a well producing oil or gas, of gas in excess of the amount which is reasonably necessary in the efficient development or production of the well;

(i) The use of gas for the manufacture of carbon black, except as provided in *section 15 hereof; and

(j) Production of oil and gas in excess of the reasonable market demand.

(2) "Oil" shall mean crude petroleum oil, and any other hydrocarbons regardless of gravity, which are produced at the well in liquid form by ordinary production methods or which are the result of condensation of gaseous hydrocarbons before or after they leave the reservoir, other than gas produced in association with oil and commonly known as wet gas.

(3) "Gas" shall mean all natural gas and other fluid or gaseous hydrocarbons not defined as oil in subsection (2) above, including wet gas, dry gas and residue gas as those terms are generally understood in the petroleum industry.

(4) "Pool" shall mean an underground reservoir proven to contain a common accumulation of oil or gas, or both. Each zone of a general structure which is completely separated from any other zone in the structure is covered by the term "pool" as herein used.

(5) "Field" shall mean the general area which is underlaid by at least one pool and shall include the underground reservoir or reservoirs containing oil or gas, or both. The words "field" and "pool" mean the same thing when only one underground reservoir is involved;
however, "field", unlike "pool", may relate to two or more pools.

(6) "Lessee" shall mean the lessee under an oil and gas lease, or the owner of any land or mineral rights who conducts or carries on any oil and gas development, exploration and operation thereon, or any person so operating for himself or others.

(7) "Person" shall mean any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, or representative of any kind. [1951 c 146 § 3.]

*Revisor's note: The reference to 'section 15 hereof' (RCW 78.52- .130) seems erroneous. The use of gas for manufacture of carbon black is provided for in 1951 c 146 § 16 (RCW 78.52.140).

78.52.020 Conservation committee created. There is hereby created and established an oil and gas conservation committee, which shall consist of the governor, the land commissioner, and the lieutenant governor together with the director of the department of ecology and the state treasurer. The governor shall be the chairman of this committee, and the commissioner of public lands shall be its executive secretary. The members of the committee may act through designated agents or deputies for the purpose of carrying out the provisions of this chapter. [1971 ex.s. c 180 § 7; 1961 c 300 § 7; 1951 c 146 § 4.]

Severability.—Short title—Construction—1971 ex.s. c 180: See RCW 90.48.903, 90.48.906, and 90.48.907.

78.52.025 Hearings in general. The committee shall hold hearings at such times and places as may be found by the committee to be necessary to carry out its duties. The committee may establish its own rules for the conduct of public hearings. [1951 c 146 § 5. Formerly RCW 78.52.060.]

78.52.030 Employment of personnel. The committee shall have the authority and it shall be its duty to employ all personnel necessary to carry out the provisions of this chapter. [1951 c 146 § 6.]

78.52.031 Conduct of hearings—Evidence. The committee shall have the power to summon witnesses, to administer oaths, and to require the production of records, books, and documents for examination at any hearing or investigation conducted by it. No person shall be excused from attending and testifying, or from producing books, papers, and records before the committee or a court, or from obedience to the subpoena of the committee or a court, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture: Provided, That nothing herein contained shall be construed as requiring any person to produce any books, papers, or records, or to testify in response to any inquiry not pertinent to some question lawfully before such committee or court for determination. No person shall be subject to criminal prosecution or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which, in spite of his objection, he may be required to testify or produce evidence, documentary or otherwise before the committee or court, or in obedience to its subpoena: Provided, however, That no person testifying shall be exempt from prosecution and punishment for perjury committed in so testifying. [1951 c 146 § 7. Formerly RCW 78.52.080.]

78.52.033 Failure of witness to attend or testify— Contempt. In case of failure or refusal on the part of any person to comply with a subpoena issued by the committee or in case of the refusal of any witness to testify as to any matter regarding which he may be interrogated, any superior court in the state, upon the application of the committee, may compel him to comply with such subpoena, and to attend before the committee and produce such records, books, and documents for examination, and to give his testimony and shall have the power to punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify therein. [1951 c 146 § 8. Formerly RCW 78.52.090.]

78.52.035 Attorney for committee. The attorney general shall be the attorney for the committee: Provided, That in cases of emergency, the committee may call upon the prosecuting attorney of the county where the action is to be brought, or defended, to represent the committee until such time as the attorney general may take charge of the litigation. [1951 c 146 § 9. Formerly RCW 78.52.110.]

78.52.040 Duty and powers of committee—In general. It shall be the duty of the committee to administer and enforce the provisions of this chapter, and all rules, regulations and orders promulgated hereunder, and the committee is hereby vested with jurisdiction, power and authority, over all persons and property, public and private, necessary to enforce effectively such duty. [1951 c 146 § 10.]

78.52.050 Rules, regulations and orders—Time and place of hearing. The committee shall have authority to make such reasonable rules, regulations and orders as may be necessary from time to time for the proper administration and enforcement of this chapter. Unless otherwise required by law or by this chapter or by rules of procedure made under this chapter, the committee may make such rules, regulations and orders, after notice, as the basis therefor. The notice may be given by publication in some newspaper of general circulation in the state in a manner and form which may be prescribed by the committee by general rule. The public hearing shall be at the time and in the manner and at the place prescribed by the committee, and any person having any interest in the subject matter of the hearing shall be entitled to be heard. [1951 c 146 § 11.]

78.52.070 Hearing upon petition for bearing— Time for action. Any interested person shall have the right to have the committee call a hearing for the purpose of taking action with respect to any matter within the jurisdiction of the committee by filing a verified
written petition therefor, which shall state in substance the matter and reasons for and nature of the action requested. Upon receipt of any such request the committee, if in its judgment a hearing is warranted and justifiable, shall promptly call a hearing thereon, and after such hearing, and with all convenient speed, and in any event within twenty days after the conclusion of such hearing, shall take such action with regard to the subject matter thereof as it may deem appropriate. [1951 c 146 § 12.]

78.52.100 Records—Copies as evidence—Copies to be furnished. All rules, regulations and orders of the committee, all petitions, copies of all notices and actions with affidavits of posting, mailing or publications pertaining thereto, all findings of fact, and transcripts of all hearings shall be in writing and shall be entered in full by the committee in the permanent official records of the office of the commissioner of public lands and shall be open for inspection at all times during reasonable office hours. A copy of any rule, regulation, order, or other official records of the committee, certified by the executive secretary of the committee, shall be received in evidence in all courts of this state with the same effect as the original. The committee is hereby required to furnish for the public on request all rules, regulations, orders, and amendments thereof. [1951 c 146 § 13.]

78.52.120 Drilling permit required. Any person desiring or proposing to drill any well in search of oil or gas, before commencing the drilling of any such well, shall notify the committee upon such form as the committee may prescribe, and shall pay to the state treasurer a fee of one hundred dollars for each such permit. The drilling of any well is prohibited until such notice is given and such fee has been paid as herein provided. The committee shall have the authority to prescribe that the said form indicate the exact location of such well, the name and address of the owner, operator, contractor, driller, and any other person responsible for the conduct of drilling operations, the proposed depth of the well, the elevation of the well above sea level, and such other relevant and reasonable information as the committee may deem necessary or convenient to effectuate the purposes of this chapter. [1951 c 146 § 14.]

78.52.125 Environmental impact statement required when drilling affects surface waters of the state—Drilling may be denied, when. Any person desiring or proposing to drill any well in search of oil or gas, when such drilling would be conducted through or under any surface waters of the state, shall prepare and submit an environmental impact statement upon such form as the department of ecology shall prescribe at least one hundred and twenty days prior to commencing the drilling of any such well. Within ninety days after receipt of such environmental statement the department of ecology shall prepare and submit to each member of the committee a report examining the potential environmental impact of the proposed well and recommendations for committee action thereon. If after consideration of the report the committee determines that the proposed well is likely to have a substantial environmental impact the drilling permit for such well may be denied.

The committee shall require sufficient safeguards to minimize the hazards of pollution of all surface and ground waters of the state. If safeguards acceptable to the committee cannot be provided the drilling permit shall be denied. [1971 ex.s. c 180 § 8.]

78.52.130 Waste prohibited. Waste of oil and gas, as defined in this chapter, is prohibited. [1951 c 146 § 15.]

78.52.140 Carbon black and carbon products—Permit required. The use of gas from a well producing gas only, or from a well which is primarily a gas well, for the manufacture of carbon black or similar products predominantly carbon, is declared to constitute waste prima facie, and such gas well shall not be used for any such purpose unless it is clearly shown, at a public hearing to be held by the committee, on application of the person desiring to use such gas, that waste would not take place by the use of such gas for the purpose or purposes applied for, and that gas which would otherwise be lost is not available for such purpose or purposes, and that the gas to be used cannot be used for a more beneficial purpose, such as for light or fuel purposes, except at prohibitive cost, and that it would be in the public interest to grant such permit. If the committee finds that the applicant has clearly shown a right to use such gas for the purpose or purposes applied for, it shall issue a permit upon such terms and conditions as may be found necessary in order to permit the use of the gas, and at the same time require compliance with the intent of this section. [1951 c 146 § 16.]

78.52.150 Investigations authorized. The committee has authority, and it shall be its duty, to make such investigations as it may deem proper to determine whether waste exists or is imminent or whether other facts exist which justify action by the committee. [1951 c 146 § 17.]

78.52.160 Powers of committee with respect to petroleum industry. The committee has authority to require:

(1) Identification of ownership of oil or gas wells, producing leases, tanks, plants, structures, and facilities for the transportation or refining of oil or gas;

(2) The making and filing of well logs, directional surveys, and reports on well locations, drilling, and production;

(3) The drilling, casing, operating, and plugging of wells in such manner as to prevent the escape of oil or gas out of one pool into another, the intrusion of water into an oil or gas pool, the pollution of fresh water supplies by oil, gas, or salt water, and to prevent blow-outs, cavings, seepages, and fires;

[Title 78—p 47]
78.52.170 Committee may regulate production, storage, transportation and refining operations. The committee shall have further authority to regulate:

1. The drilling, producing, spacing, and plugging of wells, and all other operations for the production of oil or gas;
2. The shooting and chemical treatment of wells;
3. Operations to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations;
4. Disposal of salt water and oil field brines;
5. The storage, processing, and refining of natural gas and oil produced within this state. [1951 c 146 § 19.]

78.52.180 Production may be restricted. The committee has authority to limit and to prorate oil or gas produced in this state and to restrict future production of oil and gas from any pool in such amounts as will offset and compensate for any production determined by the committee to be in excess of or in violation of “oil allowable” or “gas allowable” as defined herein. [1951 c 146 § 20.]

78.52.190 Classification of wells authorized. The committee also has authority to classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter. [1951 c 146 § 21.]

78.52.200 Well spacing areas—Authorized. When necessary to prevent waste, to avoid the drilling of unnecessary wells, or to protect correlative rights, the committee shall establish well spacing areas. Well spacing areas when established shall be of uniform size and shape for the entire pool, except that when found to be necessary for any of the purposes above-mentioned, the committee is authorized to divide any pool into zones and establish well spacing areas for each zone, which areas may differ in size and shape from those established in any other zone. [1951 c 146 § 22.]

78.52.210 Well spacing areas—Size and shape. The size and the shape of well spacing areas are to be such as will result in the efficient and economical development of the pool as a whole, and the size shall not be smaller than the maximum area that can be efficiently drained by one well, nor greater than forty acres for oil or one hundred sixty acres for gas only. [1951 c 146 § 23.]

78.52.220 Well spacing areas—Location of well. An order establishing well spacing areas for a pool shall specify the size and shape of each area and the location of the permitted well thereon in accordance with a reasonable uniform spacing plan. Upon application and after hearing, if the committee finds that a well drilled at the prescribed location would not produce in paying quantities, or that surface conditions would substantially add to the burden or hazard of drilling such well, the committee is authorized to enter an order permitting the well to be drilled at a location other than that prescribed by such spacing order; however, the committee shall include in the order suitable provisions to prevent the production from the well spacing area of more than its just and equitable share of the oil and gas in the pool. [1951 c 146 § 24.]

78.52.230 Well spacing areas—Order must cover entire pool—Modifications. An order establishing well spacing areas for a pool shall cover all lands determined or believed to be underlaid by such pool, and may be modified by the committee from time to time to include additional areas determined to be underlaid by such pool. When the committee determines that it is necessary for the prevention of waste, or to avoid the drilling of unnecessary wells, or to protect correlative rights, an order establishing well spacing areas in a pool may be modified by the committee to increase the size of well spacing areas in the pool or any zone thereof, or to permit the drilling of additional wells on a reasonably uniform plan in the pool, or any zone thereof. [1951 c 146 § 25.]

78.52.240 Well spacing areas—Combining of interests. When two or more separately owned tracts are embraced within a well spacing area, or when there are separately owned interests in all or a part of the well spacing area, then the owners and lessees thereof may combine their interests for the development and operation of the well spacing area. In the absence of this voluntary combination, the committee, upon the application of any interested person, shall enter an order combining all interests in the well spacing area for the development and operation thereof. Each such combining order shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and that afford to the owner of each tract or interest in the well spacing area the opportunity to recover or receive, without unnecessary expense or penalty, his just and equitable share. Operations incident to the drilling of a well upon any portion of a well spacing area covered by a combining order shall be deemed, for all purposes, the conduct of such operations upon each separately owned
tract in the well spacing area by the several owners thereof. That portion of the production allocated to each tract included in a well spacing area covered by a combining order shall, when produced, be deemed for all purposes to have been produced from such tract by a well drilled thereon. [1951 c 146 § 26.]

78.52.250 Combined interests in well in well spacing area—Allocation of costs. Each such combining order shall make provision for the drilling and operation of a well on the well spacing area, and for the payment of the reasonable actual cost thereof by the owners of interests in the well spacing area, plus a reasonable charge for supervision. In the event of any dispute as to such costs the committee shall determine the proper costs. If one or more of the owners shall drill and operate, or pay the expenses of drilling and operating the well for the benefit of others, then, the owner or owners so drilling or operating shall have a lien on the share of production from the well spacing area accruing to the interest of each of the other owners for the payment of his proportionate share of such expenses. Such lien shall be only against the said share of production, and not against any interest, estate, equity or title of any of the said other owners. All the oil and gas subject to the lien shall be marketed and sold and the proceeds applied in payment of the expenses secured by such lien. [1951 c 146 § 27.]

78.52.260 "Wildcat" or "exploratory" well data confidential. Whenever the committee shall require the making and filing of well logs, directional surveys or reports on the drilling of, subsurface conditions found in, or reports with respect to the substance produced, or capable of being produced from, a "wildcat" or "exploratory" well, as those terms are used in the petroleum industry, such logs, surveys, reports or information shall be kept confidential by the committee for a period of one year, if at the time of filing such logs, surveys, reports or other information, the owner, lessee, or operator of such well requests that such information be kept confidential: Provided, however, That the committee shall have the right to divulge or use such information in a public hearing or suit when it is necessary for the enforcement of the provisions of this chapter or any rule, regulation or order made hereunder. [1951 c 146 § 28.]

78.52.270 Limitation of production to "oil allowable"—Proration. Whenever the total amount of oil which all of the pools in this state can currently produce in accordance with good operating practices, exceeds the amount reasonably required to meet the reasonable market demand, the committee shall limit the oil which may be currently produced in this state to an amount, designated the "oil allowable". The committee shall then prorate this "oil allowable" among the pools on a reasonable basis, avoiding undue discrimination among the pools, and so that waste will be prevented. In determining the "oil allowable", and in prorating such "oil allowable" among the pools in the state, the committee shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil and gas, and separate needs for oil of particular kinds or qualities, and shall formulate rules setting forth standards or a program for the determination of the "oil allowable", and shall prorate the "oil allowable" in accordance with such standards or program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or program shall be applied to such pools or areas so that as far as practicable a uniform program will be followed: Provided, however, That if the amount prorated to a pool as its share of the "oil allowable" is in excess of the amount which the pool can efficiently produce currently, then the committee shall prorate to such pool the maximum amount which can be efficiently produced currently without waste. [1951 c 146 § 29.]

78.52.280 Determining market demand—No undue discrimination in proration of "allowable". The committee shall not be required to determine the reasonable market demand applicable to any single pool of oil except in relation to all pools producing oil of similar kind and quality and in relation to the reasonable market demand. The committee shall prorate the "allowable" in such manner as will prevent undue discrimination against any pool or area in favor of another or others resulting from selective buying or nomination by purchasers. [1951 c 146 § 30.]

78.52.290 Limitation of production to "gas allowable"—Proration. Whenever the total amount of gas which all of the pools in this state can currently produce in accordance with good operating practices exceeds the amount reasonably required to meet the reasonable market demand, the committee shall limit the gas which may be currently produced to an amount, designated as the "gas allowable", which will not exceed the reasonable market demand for gas. The committee shall then prorate the "gas allowable" among the pools on a reasonable basis, avoiding undue discrimination among the pools, and so that waste will be prevented, giving due consideration to location of pipe lines, cost of interconnecting such pipe lines, and other pertinent factors, and insofar as applicable, the provisions of RCW 78.52.270 shall be followed in determining the "gas allowable" and in prorating such "gas allowable" among the pools therein: Provided, however, That in determining the reasonable market demand for gas as between pools, the committee shall give due regard to the fact that gas produced from oil pools is to be regulated in a manner which will protect the reasonable use of gas energy for oil production and promote the most or maximum efficient recovery of oil from such pools. [1951 c 146 § 31.]

78.52.300 Limitation of gas production from one pool. Whenever the total amount of gas which may be currently produced from all of the pools in this state has not been limited as hereinabove provided, and the available production from any one pool containing gas only is in excess of the reasonable market demand or available transportation facilities for gas from such pool, the committee shall limit the production of gas from such pool to that amount which does not exceed the reasonable
market demand or transportation facilities for gas from such pool. [1951 c 146 § 32.]

78.52.310 Proration of allowable production in pool—Publication of orders—Emergency orders. Whenever the committee limits the total amount of oil or gas which may be produced from any pool to an amount less than that which the pool could produce if no restrictions were imposed (whether incidental to, or without, a limitation of the total amount of oil which may be produced in the state) the committee shall prorate the allowable production for the pool among the producers in the pool on a reasonable basis, so that each producer will have opportunity to produce or receive his just and equitable share, subject to the reasonable necessities for the prevention of waste, giving where reasonable, under the circumstances, to each pool with small wells of settled production, allowable production which prevents the premature abandonment of wells in the pool.

All orders establishing the "oil allowable" and "gas allowable" for this state, and all orders prorating such allowables as herein provided, and any changes thereof, for any month or period shall be issued by the committee on or before the fifteenth day of the month preceding the month for which such orders are to be effective, and such orders shall be immediately published in some newspaper of general circulation printed in Olympia, Washington. No orders establishing such allowables, or prorating such allowables, or any changes thereof, shall be issued without first having a hearing, after notice, as provided in this chapter: Provided, however, When in the judgment of the committee, an emergency requiring immediate action is found to exist, the committee is authorized to issue an emergency order under this section which shall have the same effect and validity as if a hearing with respect to the same had been held after due notice. The emergency order permitted by this subsection shall remain in force no longer than thirty days, and in any event it shall expire when the order made after due notice and hearing with respect to the subject matter of the emergency order becomes effective. [1951 c 146 § 33.]

78.52.320 Compliance with limitation or proration required. Whenever the production of oil or gas in this state or any pool therein is limited and the "oil allowable" or "gas allowable" is established and prorated by the committee as provided in RCW 78.52.310, no person shall thereafter produce from any well, pool, lease or property more than the production which is prorated thereto. [1951 c 146 § 34.]

78.52.330 Unit operation of separately owned tracts. To assist in the development of oil and gas in this state and to further the purposes of this chapter, the persons owning interests in separate tracts of land, may validly agree to integrate their interests and manage, operate and develop their land as a unit, subject to the approval of the committee. [1951 c 146 § 35.]

78.52.340 Unit operation for conduct of secondary recovery operations. When in the judgment of the committee production in any pool or field shall have declined to a point where secondary recovery operations are advisable or necessary, if the lessees or owners of oil and gas rights cannot agree on a unit plan of operation covering the pool or field as a whole, the committee may, after a hearing as hereinafter provided, enter and enforce an order for the unit or cooperative development and operation of a field or pool, in connection with the conduct of repressuring or pressure maintenance operations, cycling or recycling operations, including the extraction and separation of liquid hydrocarbons from natural gas in connection therewith, or any other method of operation, including water floods. [1951 c 146 § 36.]

78.52.350 Unit plan—Requisites in general. Any unit plan shall:

1. Define and identify the unit area to be included in, and subject to, the unit plan;
2. Contain a statement of the nature and purpose of the operation contemplated;
3. Provide for the efficient unitized management or control of the operation of the unit area for the recovery and production of oil and gas from the pool affected. Under such a plan the actual operations within the unit area may be carried on, in whole or in part, by the several lessees of land within the unit area, or may be conducted by some particular lessee of a lease in the unit area, who is designated as unit operator, dependent upon what is most beneficial or expedient. The designation of the unit operator shall be by vote of the lessees of land in the unit area in a manner provided in the unit plan; and
4. Provide for the division of interest and formula for the apportionment and allocation, among and to each of the several separately-owned tracts within the unit area, of a fair, equitable and reasonable share of the production from the pool. [1951 c 146 § 38.]

78.52.360 Unit plan—Provisions for financing and allocation of costs. Any unit plan shall provide for the manner in which the development and operation of the unit area shall or may be financed and the basis, terms and conditions on which the cost thereof shall be apportioned among, and assessed against, the tracts and interests made chargeable therewith, including a detailed accounting procedure governing all charges and credits incident to such operations. Upon and subject to such terms and conditions as to time and rate of interest as may be fair to all concerned, reasonable provisions shall be made in the unit plan for carrying or otherwise financing lessees who are unable to meet their financial obligations under the unit plan. The share of such financing properly and proportionately chargeable to any such lessee may become a lien on such lessee's share of production under the unit plan, but in no event shall any such lien be or operate against any interest, estate, equity or title of any such lessee, but only against the said share of production. [1951 c 146 § 39.]
Unit plan—Additional provisions. Any unit plan shall also:

(1) Provide for the procedure and basis upon which wells, equipment and other properties of the several lessees within the unit area are to be taken over and used, including the method of arriving at the compensation therefor, or of otherwise proportionately equalizing or adjusting the investment of the several lessees in the unit area as of the effective date of the unit plan;

(2) Provide a fair and equitable plan for the general over— all management and control of the unit area. Each lessee of land within the unit area shall be entitled to representation in the general over—all management and control of the unit development and operations. Voting shall be on a fair, equitable, and reasonable basis as provided in such unit plan;

(3) Provide that the obligations or liabilities of the lessees shall at all times be several and not joint or collective, and in no event shall a lessee be chargeable with, obligated, or liable, directly or indirectly, for more than the amount of expenses apportioned or otherwise assessed or charged to his interest in his separately— owned tract pursuant to the unit plan;

(4) Provide that each lessee shall own and take in kind his share of the production allocated under the unit plan;

(5) Provide for possible amendments to the unit plan; and

(6) Contain such other provisions as the lessees may deem appropriate for the prevention of waste or protection of all interested parties. [1951 c 146 § 40.]

Unit plan proposal—Hearing required. All petitions or proposals for the creation of a unit and approval of a unit plan shall be set for public hearing by the committee, and the date of the first of such hearings shall be not less than thirty days, nor more than sixty days, from the filing of such petition or proposal. [1951 c 146 § 41.]

Unit plan proposal—Notice of hearing. Notice of the time and place of the first of such hearings, and a description of the lands within the unit area, shall be given by publication and in the following manner:

(1) Publication on three consecutive days, at least ten days prior to said hearing, in some newspaper of general circulation printed in Olympia, Washington, and by publication on three consecutive days, at least ten days prior to said hearing, in some newspaper of general circulation in the county, or in each county, if there be more than one, in which the lands embraced in the petition are situated; and

(2) Mailing a postal card notice to the last known post office address as shown by the record of the county treasurer in the county where the land is located not less than thirty days prior to the date of the first of such hearings to all persons owning interests in the land within the unit area. [1951 c 146 § 42.]

Unit plan proposal—Findings and order on hearing. Within fifteen days after completion of the public hearings held in accordance with the procedure and requirements herein provided, the committee shall determine from the facts and evidence presented to it:

(1) Whether the unit plan, attached to such petition, or proposal, for the management and operation of a pool is proper, feasible, equitable, reasonably necessary, is for the common good and will result in the general advantage of the lessees and owners of the oil and gas rights within the pool; will prevent waste; will distribute the oil, and gas produced therewith, recovered from the pool, on a fair and equitable basis; and will increase the ultimate recovery of oil from the pool, and that the estimated additional oil to be recovered from the pool under the unit plan will exceed the estimated additional expense, if any, of the conduction of operations under such unit plan;

(2) Whether the unit plan, attached to such petition, or proposal, for the management and operation of a pool containing gas only is proper, feasible, equitable, reasonably necessary, is for the common good, and will result in the general advantage of the lessees and owners of the gas rights within the pool; will prevent waste; and will distribute the gas recovered from the pool on a fair and equitable basis.

If it is the determination of the committee that the unit plan will accomplish the requirements set forth above, it shall make a finding to that effect, and enter an order creating the unit, and designating the date when such unit plan shall become effective.

If it is the determination of the committee that the unit plan will not accomplish the requirements set forth above, it shall make a finding to that effect, reciting, in detail, the considerations upon which such finding is based. [1951 c 146 § 44.]

Unit plan proposal—Leases and contracts conformed to unit plan. From and after the date designated by the committee that a unit plan shall be effective, oil and gas leases upon lands within the unit area, or other contracts pertaining to the development thereof, shall be conformed to meet the provisions and requirements of such unit plan, but otherwise to remain in full force and effect. Operations carried on under and in accordance with such unit plan shall be regarded and considered as fulfillment of and compliance with all of the provisions, covenants, and conditions, expressed or implied, of the several oil and gas leases upon lands...
within the unit area, or other contracts pertaining to the development thereof, insofar as said leases, or other contracts, may relate to the pool or field subject to such unit plan. The amount of production apportioned and allocated, pursuant to said unit plan, to each separately-owned tract within the unit area, and only that amount, regardless of the location of the well within the unit area from which it may be produced, and regardless of whether it be more or less than the amount of production from the well, if any, on each separately-owned tract, shall for all intents, uses and purposes be regarded as production from such separately-owned tract, and lessees shall not be obligated to pay royalties or make other payments, required by the oil and gas leases or other contracts affecting each such separately-owned tract, on production in excess of that amount apportioned and allocated to such separately-owned tract pursuant to the unit plan. [1951 c 146 § 45.]

78.52.430 Operations contrary to unit plan prohibited. From and after the date designated by the committee that a unit plan shall become effective, the operation of any well producing from the pool within the area subject to said unit plan, by persons other than persons acting under the authority of the unit plan, or except in the manner and to the extent provided in such unit plan, shall be unlawful and is hereby prohibited. [1951 c 146 § 46.]

78.52.440 Amendment of unit plan. In any proceeding hereunder in which an order is entered creating a unit and approving a unit plan, the committee shall retain jurisdiction thereof and of all parties in interest for the purpose of amending the unit plan from time to time whenever by reason of changed conditions or otherwise for good cause shown it is made to appear that such amendment is necessary or proper. Any amendment to a unit plan made pursuant hereto shall be effective prospectively only from and after the date on which the order providing for such amendment shall become final. The procedure for any such amendment, including the filing of a petition, the giving of notice and conduct of hearings, shall be the same as that required for the creation of a unit in the same instance, insofar as applicable. [1951 c 146 § 47.]

78.52.450 Participation of public lands in unit plan. The commissioner of public lands, or other officer or board having the control and management of state land, and the proper board or officer of any political, municipal, or other subdivision or agency of the state having control and management of public lands, may, on behalf of the state or of such political, municipal, or other subdivision or agency thereof, with respect to land and oil and gas rights subject to the control and management of such respective body, board or officer, consent to and participate in any unit plan. [1951 c 146 § 48.]

78.52.460 Unit plan not deemed monopolistic. No plan for the operation of a field or pool of oil or gas as a unit, either whole or in part, created or approved by the committee hereunder shall be held to violate any of the statutes of this state prohibiting monopolies or acts, arrangements, agreements, contracts, combinations or conspiracies in restraint of trade or commerce. [1951 c 146 § 49.]

78.52.470 Objections to rule, regulation, order.—Hearing required.—Modification. Any person adversely affected by any rule, regulation or order of the committee may, within thirty days from the effective date of such rule, regulation or order, apply for a hearing with respect to any matter determined therein; the application shall be granted or denied by the committee within fifteen days from the date the same shall be filed, and if the hearing is not granted within fifteen days it shall be taken as denied. If a hearing is granted, the matter shall be set for hearing by the committee within thirty days after the same is submitted. No cause for action arising out of any rule, regulation or order of the committee shall accrue in any court to any party unless such party makes application for a hearing as herein provided. Such application shall set forth specifically the ground on which the applicant considers such rule, regulation or order to be unlawful or unreasonable. No party shall, in any court, urge or rely upon any ground not set forth in said application. A rule, regulation, or order made in conformity to a decision resulting from a hearing which abrogates, changes or modifies the original rule, regulation or order, shall have the same force and effect as an original. [1951 c 146 § 50.]

78.52.480 Appeal from rule, regulation, order.—Rights of committee. In proceedings for review of a rule, regulation or order of the committee, the committee shall be a party to the proceedings and shall have all rights and privileges granted by this chapter to any other party to such proceedings. [1951 c 146 § 51.]

78.52.490 Appeal.—How taken. Within thirty days after the application for a hearing is denied, or if the application is granted, then within thirty days after the rendition of the decision on the hearing, the applicant may apply to the superior court of Thurston county for a review of such rule, regulation, order or decision. The application for review shall be filed in the office of the clerk of the superior court of Thurston county and shall specifically state the grounds for review upon which the applicant relies and shall designate the rule, regulation, order or decision sought to be reviewed. The applicant shall immediately serve a certified copy of said application upon the executive secretary of the committee who shall immediately notify all parties who appeared in the proceedings before the committee that such application for review has been filed. [1951 c 146 § 52.]

78.52.500 Transcript—Filing—Scope of review—Appeal. The executive secretary, upon receipt of said copy of the application for review, shall forthwith transmit to the clerk of the superior court in which the application for review has been filed, a certified transcript of all pleadings, applications, proceedings, rules, regulations or orders of the committee and of the evidence heard by the committee on the hearings of the
matter or cause: Provided, That the parties, with the consent and approval of the committee may stipulate in writing that only certain portions of the record be transcribed. Said proceedings for review shall be for the purpose of having the lawfulness or reasonableness of the rule, regulation, order or decision of the committee, inquired into and determined, and the superior court hearing said cause shall have the power to vacate or set aside such rule, regulation, order or decision on the ground that it is unlawful or unreasonable. After the said transcript is filed, the judge of said superior court may, on his motion, or on application of any parties interested therein, make an order fixing a time for the filing of the transcript and briefs and shall fix a day for the hearing of the cause. All proceedings under this section shall have precedence in any court in which they may be pending. An appeal shall lie to the supreme court or the court of appeals of this state from orders, judgments and decisions made by the superior court. The procedure upon the trial of such proceedings in the superior court and upon appeal to the supreme court or the court of appeals of this state shall be the same as in other civil actions, except as herein provided. [1971 c 81 § 138; 1951 c 146 § 53.]

78.52.510 Hearing the appeal—New or additional evidence—Effect of affirmation. No new or additional evidence may be introduced upon the trial of any proceedings for review under the provisions of this chapter, but the cause shall be heard upon the questions of fact and law presented by the evidence and exhibits introduced before the committee and certified by it: Provided, That if it is shown to the satisfaction of the court that any party to the proceeding has additional material evidence which could not, by the exercise of due diligence, have been produced at the hearing before the committee, or which for some good reason it was prevented from producing at such hearing, or if upon the trial of the proceeding the court shall find the committee has erroneous refused to admit or consider material evidence offered by any party at the hearing before the committee the court may, in its discretion, stay the proceedings and make an order directing the committee to hear and consider such evidence. In such cases, the committee shall immediately hear and consider such evidence and make an order modifying, setting aside or affirming its former rule, regulation, order or decision. A transcript of the additional evidence and the rule, regulation, order or decision of the committee as modified or affirmed, shall immediately be certified and forwarded to the clerk of the superior court in which such proceeding is pending, and said superior court shall on the motion of any interested party, order the trial to proceed upon the transcript as supplemented, so as to enable the court to properly determine if the rule, regulation, order or decision of the committee as originally made, or as modified, is in any respect unlawful or unreasonable. If the rule, regulation, order or decision of the committee is affirmed by the court it shall continue in force and effect as if no appeal were pending. [1951 c 146 § 54.]

78.52.520 Stay, pending appeal. The filing or pending of the application for review provided for in this chapter shall not in itself stay or suspend the operation of any rule, regulation or order, but the court, in its discretion, may stay or suspend, in whole or in part, the operation of the rule, regulation or order of the committee. [1951 c 146 § 55.]

78.52.530 Violations—Injunctions. Whenever it shall appear that any person is violating any provisions of this chapter, or any rule, regulation or order made by the committee hereunder, and if the committee cannot, without litigation, effectively prevent further violation, the committee may bring suit in the name of the state against such person in the superior court in the county of the residence of the defendant, or in the county where the violation is alleged to have occurred, to restrain such person from continuing such violation. In such suit the committee may without bond obtain injunctions prohibitory and mandatory, including temporary restraining orders and preliminary injunctions, as the facts may warrant. [1951 c 146 § 56.]

78.52.540 Violations—Injunctions by private party. In the event the committee should fail to bring suit within thirty days to enjoin any apparent violation of this chapter, or of any rule, regulation or order made by the committee hereunder, then any person or party in interest adversely affected by such violation, who has requested the committee in writing to sue, may, to prevent any or further violation, bring suit for that purpose in the superior court of any county where the committee could have instituted such suit. If, in such suit, the court should hold that injunctive relief should be granted, then the state shall be made a party and shall be substituted for the person who brought the suit, and the injunction shall be issued as if the state had at all times been the complainant. [1951 c 146 § 57.]

78.52.550 Violations—Penalty. Every person who shall violate or knowingly aid and abet the violation of this chapter or any valid orders, rules and regulations issued thereunder, or who fails to perform any act which is herein made his duty to perform, shall be guilty of a gross misdemeanor. [1951 c 146 § 58.]

78.52.910 Construction—1951 c 146. It is intended that the provisions of this chapter shall be liberally construed to accomplish the purposes authorized and provided for, or intended to be provided for by this chapter. [1951 c 146 § 59.]

78.52.920 Severability—1951 c 146. If any part or parts of this chapter, or the application thereof to any person or circumstances be held to be unconstitutional, such invalidity shall not affect the validity of the remaining portions of this chapter, or the application
thereof to other persons or circumstances. The legislature hereby declares that it would have passed the remaining parts of this chapter if it had known that said invalid part or parts thereof would be declared unconstitutional. [1951 c 146 § 60.]

79.01.444 Tide and shore lands—Notice of filing plat and record of appraisement—Appeal. The commissioner of public lands shall, before filing in his office the plat and record of appraisement of any tide or shore lands platted and appraised by him, cause a notice to be published once each week for four consecutive weeks in a newspaper published and of general circulation in the county wherein the land covered by such plat and record are situated, stating that such plat and record, describing it, is complete and subject to inspection at the office of the commissioner of public lands and will be filed on a certain day to be named in the notice.

Any person claiming a preference right of purchase of any of the tide and shore lands platted and appraised by the commissioner of public lands, and who feels aggrieved at the appraisement made by the commissioner upon said lands, or any part thereof, may within sixty days after the filing of such plat and record in the office of the commissioner (which shall be done on the day fixed in said notice), appeal from such appraisement to the superior court of the county in which the tide or shore lands are situated, in the manner provided by this chapter for appeals from orders or decisions.

The prosecuting attorney of any county, or city attorney of any city, in which such lands are situated, shall at the request of the governor, or of ten freeholders of the county or city, in which such lands are situated, appeal on behalf of the state, or the county, or city, from any such appraisement in the manner hereinabove provided.

The superior court to which an appeal is taken shall hear evidence as to the value of the lands appraised and enter an order confirming, or raising, or lowering the
appraisement appealed from, and the clerk of the court shall file a certified copy thereof in the office of the commissioner of public lands. The appraisement fixed by the court shall be final. [1927 c 255 § 111; RRS § 7797–111. Prior: 1897 c 89 § 44; 1895 c 178 § 57. Formerly RCW 79.16.240.]

**79.01.448 Tide and shore lands—Preference right of upland owner—How exercised.** Upon platting and appraisal of tide or shore lands of the first class, as in this chapter provided, if the department of natural resources shall deem it for the best public interests to offer said tide or shore lands of the first class for lease, the department shall cause a notice to be served upon the owner of record of land fronting upon the tide or shore lands to be offered for lease if he be a resident of this state, or if he be a nonresident of this state, shall mail to his last known post office address, as reflected in the county records, a copy of the notice notifying him that the state is offering such tide or shore lands for lease, giving a description and the department's appraised fair market value of such tide or shore lands for lease, and notifying such owner that he has a preference right to apply to lease said tide or shore lands at the appraised value for the lease thereof for a period of sixty days from the date of service or mailing of said notice. If at the expiration of the sixty days from the service or mailing of the notice, as above provided, there being no conflicting applications filed, and the owner of land fronting upon the tide or shore lands offered for lease has failed to avail himself of his preference right to apply to lease or to pay to the department the appraised value for lease of the tide or shore lands described in said notice, then in that event, said tide or shore lands may be offered for lease and leased in the manner provided for the lease of state lands.

If at the expiration of sixty days two or more claimants asserting a preference right to lease shall have filed applications to lease any tract, conflicting with each other, the conflict between the claimants shall be equitably resolved by the department of natural resources as the best interests of the state require in accord with the procedures prescribed by chapter 34.04 RCW: Provided, That any contract purchaser of land or rights, which land qualifies the owner for a preference right under this section, shall have first priority for such preference right. **79.01.452 Tide and shore lands—Sale of remaining lands.** Any tide or shore lands of the first class remaining unsold and where there is no pending application for the purchase of the same under claim of any preference right, shall be sold on the same terms and in the same manner as provided for the sale of state lands, for not less than the appraised value fixed at the time of the application to purchase, and the commissioner of public lands whenever he shall deem it advisable and for the best interest of the state may reappraise such lands in the same manner as provided for the appraisement of state lands. [1959 c 257 § 37; 1927 c 255 § 113; RRS § 7797–113. Prior: 1897 c 89 § 47. Formerly RCW 79.16.260.]

**79.01.456 Tide and shore lands—Petition for replat—Replatting and reappraisement—Vacation by replat.** Whenever all of the owners and other persons having a vested interest in the lands embraced within any plat of tide or shore lands of the first class, herefore or hereafter platted or replatted, or within any portion of any such plat in which there are unsold tide or shore lands belonging to the state, shall file a petition with the commissioner of public lands accompanied by proof of service of such petition upon the city council, or other governing body, of the city or town in which the tide or shore lands described in the petition are situated, or upon the board of county commissioners of the county in which such tide or shore lands outside of any incorporated city or town are situated, asking for a replat of such tide or shore lands, the commissioner is authorized and empowered to replat the tide or shore lands described in such petition, and all unsold tide or shore lands within such replat shall be reappraised as provided for the original appraisement of tide or shore lands. All streets, alleys, waterways and other public places embraced within any such plat or portion of plat vacated by the replat hereby authorized shall vest in the owner or owners of the lands abutting thereon. [1927 c 255 § 114; RRS § 7797–114. Prior: 1901 c 161 § 1; 1897 c 89 § 40; 1895 c 178 § 53. Formerly RCW 79.16.270.]

**79.01.460 Tide and shore lands—Dedication of replat—All interests must join.** If in the preparation of such replat by the commissioner of public lands it becomes desirable to appropriate any tide or shore lands herefore sold, for use as streets, alleys, waterways or other public places, all persons interested in the title to such tide or shore lands desired for public places shall join in the dedication of such replat before it shall become effective. [1927 c 255 § 115; RRS § 7797–115. Prior: 1901 c 161 § 1. Formerly RCW 79.16.280.]

**79.01.464 Tide and shore lands—Vacation by replat—Preference right of tideland owner.** If any street, alley, waterway or other public place theretofore platted is vacated by a replat as in the foregoing sections provided and any new street, alley, waterway or other public place is so laid out as to leave unsold tidelands between such new street, alley, waterway or other public place, and tidelands theretofore sold, the owner of said tidelands theretofore sold shall have the preference right, for sixty days after the final approval of such replat, to purchase the unsold tidelands so intervening at the appraised value thereof. [1927 c 255 § 116; RRS § 7797–116. Prior: 1901 c 161 § 1; 1897 c 89 § 40; 1895 c 178 § 53. Formerly RCW 79.16.290.]

**79.01.468 Tide and shore lands—Vacation procedure cumulative.** The foregoing sections are intended to afford a method of procedure, in addition to other methods provided in this chapter for the vacation of streets, alleys, waterways and other public places platted on tide
or shore lands. [1927 c 255 § 117; RRS § 7797–117. Formerly RCW 79.16.300.]

79.01.470 First and second class tidelands and shorelands, waterways of state to be sold only to public entities—Leasing—Limitation. (1) This section shall only apply to:
   (a) First class tidelands as defined in RCW 79.01.020;
   (b) Second class tidelands as defined in RCW 79.01.024;
   (c) First class shorelands as defined in RCW 79.01.028; and
   (d) Second class shorelands as defined in RCW 79.01.032.

   (e) Waterways as described in RCW 79.01.428.

   (2) Notwithstanding any other provision of law, from and after August 9, 1971, all tidelands and shorelands enumerated in subsection (1) owned by the state of Washington shall not be sold except to public entities as may be authorized by law or except as provided in section 2 of this 1974 amendatory act, and shall not be given away.

   (3) Tidelands and shorelands enumerated in subsection (1) may be leased for a period not to exceed fifty-five years: Provided, That nothing herein shall be construed as modifying or canceling any outstanding lease during its present term.

   (4) Nothing herein shall:

      (b) Prohibit sale or exchange of beds and shorelands where the water course has changed and the area now has the characteristics of uplands;
      (c) Prevent exchange involving state-owned tide and shorelands. [1974 ex.s. c 186 § 1; 1971 ex.s. c 217 § 2.]

*Revisor's note: 'section 2 of this 1974 amendatory act' [1974 ex.s. c 186] was vetoed.

79.01.471 Construction of RCW 79.01.470—Use and occupancy fee where unauthorized improvements placed on publicly owned aquatic lands. Nothing in RCW 79.01.470 and 79.01.471 shall be construed to prevent the assertion of public ownership rights in publicly owned aquatic lands or the leasing of such lands when such leasing is not contrary to the state-wide public interest.

The department of natural resources may require the payment of a use and occupancy fee in lieu of a lease where improvements have been placed without authorization on publicly owned aquatic lands. [1974 ex.s. c 186 § 3.]

79.01.472 Vacation of waterways—Extension of streets. Whenever any waterway established under the authority of the laws of this state, or any portion of such waterway, shall not have been excavated, or shall not be in use for the purposes of navigation, or shall no longer be required in the public interest to exist as a waterway, such waterway or portion thereof may be vacated by written order of the commissioner of public lands of the state of Washington whenever he shall be requested so to do by ordinance or resolution of the city council of the city in which such waterway is situate, in whole or in part, or, in case such waterway is situate, in whole or in part, in a port district organized under the laws of the state of Washington, whenever he shall be requested so to do by resolution of the port commission of such port district; and upon the making of such order the waterway or portion thereof shall thereupon be deemed to be and shall be thereby vacated: Provided, however, That if the waterway or portion thereof so vacated be navigable water of the United States, or otherwise within the jurisdiction of the United States, a copy of such resolution or ordinance, together with a copy of said order of the commissioner of public lands certified to by him, shall be submitted to the secretary of the army and chief of engineers of the United States for their approval, and if they approve the same such waterway or portion thereof shall thereupon be deemed to be and shall be thereupon vacated.

Upon such vacation occurring, in either of the manners aforesaid, the commissioner of public lands shall notify the city within, or in front of, which, such waterway is located, and the city shall have the right to extend across the portions so vacated any existing streets, or to select therefrom such portions thereof as the city may desire for street purposes, in no case to exceed one hundred fifty feet in width for any one street. Such selection shall be made within sixty days subsequent to the receipt of notice of the vacation of the portion of the waterway so vacated.

Should such city fail to make such selection within such time, or within such time make such selection, the title of the remaining portions of such waterway so vacated shall vest in the state, unless the same be situate within the territorial limits of a port district created under the laws of the state, in which event such title shall vest in said port district. If subsequent to such vacation, the vacated waterway or portion of waterway shall be embraced within the limits of a port district created under the laws of the state, the title to such portions thereof as shall then remain undisposed of by the state shall vest in such port district. Such title so vesting shall be subject to any railroad or street railway crossings existing at the time of such vacation. [1967 ex.s. c 105 § 1; 1927 c 255 § 118; RRS § 7797–118. Severability—1967 ex.s. c 105: See RCW 79.24.646.

79.01.476 Effect of replat of tide or shore lands. Any replat of tide or shore lands heretofore, or hereafter, platted shall be in full force and effect and shall constitute a vacation of streets, alleys, waterways and other public places theretofore dedicated and the dedication of new streets, alleys, waterways and other public places appearing upon such replat, when the same is recorded and filed as in the case of original plats. [1927 c 255 § 119; RRS § 7797–119. Prior: 1901 c 161 § 1; 1897 c 89 § 40; 1895 c 178 § 53. Formerly RCW 79.16.320.]

79.01.480 Sale of tidelands other than first class. All tidelands, other than first class, shall be offered for sale and sold in the same manner as state lands, other than capitol building lands, but for not less than five dollars
per lineal chain, measured on the United States meander line bounding the inner shore limit of such tidelands, and each applicant shall furnish a copy of the United States field notes certified to by the officer in charge thereof, of said meander line with his application, and shall pay one-tenth of the purchase price on the date of sale. [1927 c 255 § 120; RRS § 7797-120. Prior: 1899 c 86 § 1; 1897 c 89 § 48. Formerly RCW 79.16.330.]

79.01.484 Shorelands of second class—Sale or lease when in best public interest—Preference right of upland owner—Procedure upon determining sale or lease not in best public interest or where transfer made for public use—Platting. If application is made to purchase or lease any shorelands of the second class and the department of natural resources shall deem it for the best public interest to offer said shorelands of the second class for sale or lease, the department shall cause a notice to be served upon the abutting upland owner if he be a resident of this state, or if the upland owner be a nonresident of this state, shall mail to his last known post office address, as reflected in the county records a copy of a notice notifying him that the state is offering such shorelands for sale or lease, giving a description and the department's appraised fair market value of such shorelands for sale or lease, and notifying such upland owner that he has a preference right to purchase or lease said shorelands at the appraised value thereof for a period of thirty days from the date of the service or mailing of said notice. If at the expiration of the thirty days from the service or mailing of the notice, as above provided, the abutting upland owner has failed to avail himself of his preference right to purchase or lease or to pay to the department the appraised value for sale or lease of the shorelands described in said notice, then in that event, except as otherwise provided in this section, said shorelands may be offered for sale or lease and sold or leased in the manner provided for the sale or lease of state lands.

The department of natural resources shall authorize the sale or lease, whether to abutting upland owners or others, only if such sale or lease would be for the best public interest. It is the intent of the legislature that whenever it is in the best public interest, the shorelands of the second class managed by the department of natural resources shall not be sold but shall be maintained in public ownership for the use and benefit of the people of the state.

If, following an application by the abutting upland owner to either purchase or obtain an exclusive lease at appraised full market value or rental, the department deems that such sale or lease is not in the best public interest; or if property rights in state-owned second class shorelands are at any time withdrawn, sold or assigned in any manner authorized by law to a public agency for a use by the general public, the department shall within one hundred eighty days from receipt of such application to purchase or lease, or on reaching a decision to withdraw, sell, or assign such shorelands to a public agency:

(1) Make a formal finding that the body of water adjacent to such shorelands is navigable; (2) Find that the state or the public has an overriding interest inconsistent with a sale or exclusive lease to a private person, and specifically identify such interest and the factor or factors amounting to such inconsistency; and (3) Provide for the review of said decision in accordance with the procedures prescribed by chapter 34.04 RCW.

Notwithstanding the above provisions, the department may cause any of such shorelands to be platted as is provided for the platting of shorelands of the first class, and when so platted such lands shall be sold or leased in the manner provided for the sale or lease of shorelands of the first class. [1969 ex.s. c 54 § 1; 1927 c 255 § 121; RRS § 7797-121. Prior: 1901 c 175 §§ 1 through 5; 1899 c 86 § 1; 1897 c 89 § 252. Formerly RCW 79.16.340.]

79.01.488 Second class tide or shore lands detached from upland by navigable water. Tide or shore lands of the second class which are separated from the upland by navigable waters, shall be sold at not less than five dollars per acre; an applicant to purchase such tide or shore lands shall, at his own expense, survey and cause to be filed with his application a plat of the surveys of the land applied for, which surveys shall be connected with, and the plat shall show, two or more connections with the United States survey of the uplands, and the applicant shall also file the field notes of the survey of said land with his application. The commissioner of public lands shall examine and test said plat and field notes of survey, and if found incorrect or indefinite, he shall cause the same to be corrected or may reject the same and cause a new survey to be made. [1927 c 255 § 122; RRS § 7797-122. Prior: 1907 c 256 § 4; 1897 c 89 § 49; 1895 c 178 §§ 65 through 68. Formerly RCW 79.16.350.]

79.01.492 Accretions—Preference right to purchase. Any accretions that may be added to any tract or tracts of tide or shore lands heretofore sold or that may hereafter be sold, by the state, shall belong to the state and shall not be sold or offered for sale until such accretions shall have been first surveyed under the direction of the commissioner of public lands, and the owner of the adjacent tide or shore lands shall have the preference right to purchase said lands produced by accretion for thirty days after the owner of the adjacent tide or shore lands shall be notified by registered mail of his preference right to purchase such accreted lands. [1927 c 255 § 123; RRS § 7797-123. Prior: 1899 c 83 § 1; 1897 c 89 § 51; 1895 c 178 § 81. Formerly RCW 79.16.360.]

79.01.496 Tide or shore lands—Preference rights, time limit on exercise. All preference rights to purchase tide or shore lands awarded by the commissioner of public lands, or by the superior court in case of appeal from the award of the commissioner of public lands, shall be exercised by the parties to whom the award is made within thirty days from the date of the service of notice of the award by registered mail, by the payment to the commissioner of public lands of the sums required by law to be paid for a contract, or deed, as in the case
of the sale of state lands, other than capitol building lands, and upon failure to make such payment such preference rights shall expire. [1927 c 255 § 124; RRS § 7797–124. Prior: 1899 c 83 § 1; 1897 c 89 § 51. Formerly RCW 79.16.370.]

79.01.500 Court review of actions. Any applicant to purchase, or lease, any public lands of the state, or any valuable materials thereon, and any person whose property rights or interests will be affected by such sale or lease, feeling himself aggrieved by any order or decision of the board of state land commissioners, or the commissioner of public lands, concerning the same, may appeal therefrom to the superior court of the county in which such lands or materials are situated, by serving upon all parties who have appeared in the proceedings in which the order or decision was made, or their attorneys, a written notice of appeal, and filing such notice, with proof, or admission, of service, with the board, or the commissioner, within thirty days from the date of the order or decision appealed from, and at the time of filing the notice, or within five days thereafter, filing a bond to the state, in the penal sum of two hundred dollars, with sufficient sureties, to be approved by the secretary of the board, or the commissioner, conditioned that the appellant shall pay all costs that may be awarded against him on appeal, or the dismissal thereof. Within thirty days after the filing of notice of appeal, the secretary of the board, or the commissioner, shall certify, under official seal, a transcript of all entries in the records of the board, or the commissioner, together with all processes, pleadings and other papers relating to and on file in the case, except evidence used in such proceedings, and file such transcript and papers, at the expense of the applicant, with the clerk of the court to which the appeal is taken. The hearing and trial of said appeal in the superior court shall be de novo before the court, without a jury, upon the pleadings and papers so certified, but the court may order the pleadings to be amended, or new and further pleadings to be filed. Costs on appeal shall be awarded to the prevailing party as in actions commenced in the superior court, but no costs shall be awarded against the state, the board, or the commissioner. Should judgment be rendered against the appellant, the costs shall be taxed against him and his sureties on the appeal bond, except when the state is the only adverse party, and shall be included in the judgment, upon which execution may issue as in other cases. Any party feeling himself aggrieved by the judgment of the superior court may appeal therefrom to the supreme court or the court of appeals of the state, in the manner, and within the time, for appealing from judgments in actions at law. Unless appeal be taken from the judgment of the superior court, the clerk of said court shall, on demand, certify, under his hand and the seal of the court, a true copy of the judgment, to the board, or the commissioner, which judgment shall thereupon have the same force and effect as if rendered by the board, or the commissioner. In all cases of appeals from orders or decisions of the commissioner of public lands involving the prior right to purchase tidelands of the first class, if the appeal be not prosecuted, heard and determined, within two years from the date of the appeal, the attorney general shall, after thirty days' notice to the appellant of his intention so to do, move the court for a dismissal of the appeal, but nothing herein shall be construed to prevent the dismissal of such appeal at any time in the manner provided by law. 79.01.504 Authority to lease tidelands and harbor areas—Conditions. The power to lease all platted first class tidelands, second class tidelands and all harbor areas belonging to the state and situate upon tidal waters, shall be vested in the commissioner of public lands, who shall have authority to make leases thereof to such persons, upon such terms and conditions and for such length of time, conformably to the state Constitution and this chapter, as he may prescribe. All applications for leases of harbor areas situate upon tidal waters, or tidelands, lying within the limits of a port district, shall before the execution of any such lease be referred by the commissioner of public lands to the port commission of such port district who shall make such investigation as it deems advisable, and by resolution make to the commissioner of public lands within sixty days, such recommendations as to the character of the improvements, time of commencement and completion thereof, the percentage for fixing rental, and the terms and conditions of the lease, as to such port commission shall seem proper, which recommendations shall be advisory to but not binding upon the commissioner of public lands. No preference rights are renewed or created under the provisions of this section and the power of the commissioner of public lands to grant or reject an application as the public interest in his judgment may require, is hereby declared, but nothing in this section contained shall be construed to nullify or qualify the provisions of RCW 79.01.508, or 79.01.512. In every lease granted the commissioner of public lands shall insert a provision reserving to the state, port district, county, city or other public agency in the territory where the portion of the harbor area described in such lease is located, the right to assume and thereafter hold such lease upon acquirement of the tidelands contiguous thereto and fronting thereon, without any value for said lease except for improvements thereon. 79.01.508 Terms of leases. Applications, leases, and bonds of lessees, shall be in such form as the commissioner shall prescribe. Every lease shall provide that the rental shall be payable to the commissioner, and for cancellation by the commissioner upon sixty days' written notice for any breach of the conditions thereof. Every lessee shall furnish a bond, with surety satisfactory to the commissioner, in such penalty as he may prescribe, but not less than five hundred dollars, conditioned for the faithful performance of the terms of the
lease and the payment of the rent when due. If the commissioner shall at any time deem any bond insufficient, he may require the lessee to file a new and sufficient bond within thirty days after receiving notice so to do.

Applications for leases of harbor areas upon tidal waters shall be accompanied by such plans and drawings and other data concerning the proposed wharves, docks or other structures or improvements thereof as the commissioner shall require. Every lease of harbor area shall provide that, wharves, docks or other conveniences of navigation and commerce adequate for the public needs, to be specified in such lease, shall be constructed within such time as may be fixed in each case by the commissioner; that in no case shall the construction be commenced more than two years from the date of such lease and shall be completed within such reasonable time as the commissioner shall fix, any of which times may be extended by the commissioner either before or after their expiration, and the character of the improvements may be changed either before or after completion with the approval of the commissioner: Provided, That if in his opinion the improvements existing upon such harbor area or the tidelands adjacent thereto are adequate for the public needs, the commissioner may require the maintenance of such existing improvements and need not require further improvements. If the owner of any lease of harbor area upon tidal waters shall desire to construct thereon any wharf, dock or other convenience of navigation or commerce, or to extend, enlarge or improve any existing structure used in connection with such harbor area, and shall deem the required expenditure not warranted by his right to occupy such harbor area during the remainder of the term of his lease, he may make application to the department of natural resources for a new lease of such harbor area for a period not exceeding thirty years. Upon the filing of such application accompanied by such proper plans, drawings and other data, the department shall forthwith investigate the same and if it shall determine that the proposed work or improvement is in the public interest and reasonably adequate for the public needs, it shall by order fix and determine the terms and conditions upon which such re-lease shall be granted and the rate of rental to be paid which rate shall be a fixed percentage during the term of such lease on the true and fair value in money of such harbor area determined from time to time by the department of natural resources as provided in RCW 79.01.520. All harbor area leases will stipulate the percentage rate of said values that will be paid as the annual rent during the period until the next reappraisal of the value of the harbor area as established herein: Provided, That the applicant, or lessee, being dissatisfied with the valuation as fixed by the department of natural resources shall have the right of appeal from the findings of the department to a valuation board to be composed of the county commissioners, the county treasurer and the county assessor of the county in which the harbor area is located. To perfect such appeal, notice thereof shall be in writing and a copy must, within ten days after receipt of notice of the department of natural resources' valuation, be personally served upon each member of the board of county commissioners and upon the county treasurer, the county assessor, and the administrator of the department of natural resources; or such copy may be left at the residence of such officer with some person of suitable age and discretion. 79.01.516 Re-leases of harbor areas. Upon the expiration of any lease of harbor area upon tidal waters hereafter expiring the owner thereof may apply for a re-lease of such harbor area for a period not exceeding thirty years. Such application shall be accompanied with maps showing the existing improvements upon such harbor area and the tidelands adjacent thereto and with proper plans, drawings and other data showing any proposed extensions or improvements of existing structures. Upon the filing of such application the department of natural resources shall forthwith investigate the same and if it shall determine that the character of the wharfs, docks or other conveniences of commerce and navigation are reasonably adequate for the public needs and in the public interest, it shall by order fix and determine the terms and conditions upon which such re-lease shall be granted and the rate of rental to be paid which rate shall be a fixed percentage during the term of such lease on the true and fair value in money of such harbor area determined from time to time by the department of natural resources as provided in RCW 79.01.520. If such terms and conditions and rental be accepted a new lease shall be granted for the term applied for. If such terms and conditions be not accepted within the time aforesaid or within such further time, not exceeding three months, as said commissioner shall grant, the same shall be deemed rejected by the applicant, and the commissioner shall give eight weeks' notice by publication in one or more weekly newspapers printed and of general circulation in the county in which such harbor area is situate, that a lease of such harbor area will be sold on said terms and conditions and at said rental at a time and place specified in such notice (which shall not be more than three months from the date of the first publication of said notice) to the person offering at such public sale to pay the highest sum as a cash bonus at the time of sale for such lease. Notice of such sale shall be served upon the applicant at least six weeks prior to the date thereof. The person paying the highest sum as a cash bonus shall be entitled to lease such harbor area. The commissioner of public lands shall prior to the issuance of any lease under the provisions of this section fix the annual rental for the lands and prescribe the terms and conditions of the lease. No lease issued under the provisions of this section shall be for a longer term than ten years from the date thereof and every such lease shall be subject to termination upon ninety days' notice to the lessee in the event that the commissioner of public lands shall decide that it is to the best interest of the state that such tide or shore lands be surveyed and platted. In case such tide or shore lands are not leased, or sold, within three years after the expiration of such former lease, then and in that event, such improvements existing on the lands at the time of any subsequent lease or sale thereof, shall be considered a part of the land, and shall be taken into consideration in appraising the value, or rental value, of the land, and sold, or leased, with the land. to its size and isolation, he shall thereupon appraise the value of the land applied for, and upon the payment of the appraised value to the commissioner of public lands cause a deed to be issued for the land applied for in the same manner as deeds of state lands are issued, which deed shall contain a covenant or condition of defeasance to the effect that if said lands be used for any other purpose than the cultivation of oysters or edible shellfish, then such deed shall be canceled and the lands described therein revert to the state: Provided, That if the tract of land applied for is located between the lands of two or more owners, then upon the application of either of the adjoining owners, the others shall be notified of such application and given sixty days within which to apply for the purchase of said land, and if others of said adjoining owners make application to purchase said land, the commissioner of public lands shall determine an equitable division of said land between said applicants, and each shall be given the privilege of purchasing the part allotted to him, but if any of said adjoining owners fail for a period of sixty days to purchase said land at the appraised value, then the other adjoining owner, or owners, shall have the privilege of purchasing the land. Chapter 79.14 Title 79: Public Lands

79.14.070 Royalties. The commissioner shall require as a prerequisite to the issuing of any lease a rental of fifty cents per acre for the first year of such lease, payable in advance to the commissioner at the time of making application therefor and a like rental of fifty cents per acre annually in advance thereafter so long as such lease remains in force: Provided, That in the event no lease be issued or the lease when issued includes less acreage than that applied for, such rental shall be returned to the applicant insofar as it pertains to lands not included in such lease. Such rental shall cease at such time as royalty accures to the state from production from such lease. Commencing with the lease year beginning on or after oil, gas or other hydrocarbon substances are first produced in quantities deemed paying quantities by lessee on the land subject to such lease, lessee shall pay a minimum royalty of five dollars per acre or fraction thereof at the expiration of each year, or the difference between the actual royalty paid during the year if less than five dollars per acre and the prescribed minimum royalty of five dollars per acre: Provided, That if such lease is unitized, the minimum royalty shall be payable only on the leased acreage after production is obtained in such paying quantities from such lease. [1955 c 131 § 3. Prior: 1937 c 161 § 4; 1927 c 255 § 176. Formerly RCW 78.28.300.]

79.14.040 Compensation to owners of private rights and to state for surface damage. No lessee shall commence any operation upon lands covered by his lease until such lessee has provided for compensation to owners of private rights therein according to law, or in lieu thereof, filed a surety bond with the commissioner in an amount sufficient in the opinion of the commissioner to cover such compensation until the amount of compensation is determined by agreement, arbitration or judicial decision and has provided for compensation to the state of Washington for damage to the surface rights of the state in accordance with the rules and regulations adopted by the commissioner. [1955 c 131 § 4. Prior: 1937 c 161 § 6; 1927 c 255 § 175. Formerly RCW 78.28.310.]

79.14.050 Drilling operations beyond lease term—Lease provisions. All leases shall provide that if oil, gas or other hydrocarbon substances are not encountered on or before the end of the initial five-year term, the lease shall not terminate if the lessee is then prosecuting drilling operations on the leased lands with due diligence, in which event the same shall remain in force so long as lessee shall keep one string of tools in operation on the leased lands, allowing not to exceed ninety days between the completion of one well and the commencement of the next until such substances are encountered in quantities deemed paying quantities by lessee. All leases shall further provide that if oil, gas or other hydrocarbon substances in paying quantities shall have been discovered on the leased lands prior to the expiration of the initial five-year term, then in the event at any time after the expiration of the initial five-year term production on the leased land shall cease from any cause, the lease shall not terminate provided lessee resumes operations.
Oil And Gas Leases on State Lands

79.14.060 Surrender of lease—Liability. Every lessee shall have the option of surrendering his lease as to all or any portion or portions of the land covered thereby at any time and shall be relieved of all liability thereunder with respect to the land so surrendered except for monetary payments theretofore accrued and except for physical damage to the premises embraced by his lease which have been occasioned by his operations. [1955 c 131 § 6. Prior: 1937 c 161 §§ 8, 10. Formerly RCW 78.28.330.]

79.14.070 Royalties. All oil and gas leases issued pursuant to this chapter shall be upon a royalty of not less than twelve and one-half percent of the gross production of all oil, gas or other hydrocarbons produced and saved from the lands covered by such lease. [1955 c 131 § 7. Prior: 1937 c 161 § 9; 1927 c 255 § 176. Formerly RCW 78.28.340.]

79.14.080 Leases of land within a geologic structure. Oil and gas leases shall not be issued on unleased lands which have been classified by the commissioner as being within a known geologic structure of a producing oil or gas field, except as follows: Upon application of any person, the commissioner shall lease in areas not exceeding six hundred forty acres, at public auction, any or all unleased lands within such geologic structure to the person offering the greatest cash bonus therefor at such auction. Notice of the offer of such lands for lease will be given by publication in a newspaper of general circulation in Olympia, Washington, and in such other publications as the commissioner may authorize. The first publication shall be at least thirty days prior to the date of sale. [1955 c 131 § 8. Prior: 1937 c 161 §§ 5, 11. Formerly RCW 78.28.350.]

The commissioner is hereby authorized to cancel any lease issued as provided herein for nonpayment of rentals or royalties or nonperformance of the lessee of any provision or requirement of the lease: Provided, That before any such cancellation shall be made, the commissioner shall mail to the lessee by registered mail, addressed to the post office address of such lessee, a notice of intention to cancel such lease specifying the default for which the lease is subject to cancellation. If lessee shall, within thirty days after the mailing of said notice to the lessee, commence and thereafter diligently and in good faith prosecute the remedying of the default specified in such notice, then no cancellation of the lease shall be entered by the commissioner. Otherwise, the said cancellation shall be made and all rights of the lessee under the lease shall automatically terminate, except that lessee shall retain the right to continue its possession and operation of any well or wells in regard to which lessee is not in default: Provided further, That failure to pay rental and royalty required under leases within the time prescribed therein shall automatically and without notice work a forfeiture of such leases and of all rights thereunder. Upon the expiration, forfeiture, or surrender of any lease, no new lease covering the lands or any of them embraced by such expired, forfeited, or surrendered lease, shall be issued for a period of ten days following the date of such expiration, forfeiture, or surrender. If more than one application for a lease covering such lands or any of them shall be made during such ten-day period the commissioner shall issue a lease to such lands or any of them to the person offering the greatest cash bonus for such lease at a public auction to be held at the time and place and in the manner as the commissioner shall by regulation prescribe. [1955 c 131 § 9. Prior: 1937 c 161 § 12; 1927 c 255 § 179. Formerly RCW 78.28.360.]

79.14.100 Cooperative or unit plans—Communication or drilling agreements. For the purpose of more properly conserving the natural resources of any oil or gas pool, field, or like area, lessees thereon and their representatives may unite with each other, or jointly or separately with others, in collectively adopting and operating under a cooperative [or] unit plan of development or operation of such pool, field, or like area, development or operation of such pool, field, or like area, or any part thereof, whenever determined and certified by commissioner to be necessary or advisable in the public interest. When separate tracts cannot be independently developed and operated in conformity with an established well spacing or development program, any lease or any portion thereof may be pooled with other lands, whether or not owned by the state of Washington under a communication or drilling agreement providing for an apportionment of production or royalties among the separate tracts of land comprising the drilling or spacing unit when determined by the commissioner to be in the public interest, and operations or production pursuant to such an agreement shall be deemed to be operations or production as to each such lease committed thereto.

The term of any lease that has become the subject of any cooperative or unit plan of development or operation of a pool, field, or like area, which plan has the approval of the commissioner, shall continue in force until the termination of such plan, and in the event such plan is terminated prior to the expiration of any such lease, the original term of such lease shall continue. Any lease under this chapter hereinafter committed to any such plan embracing lands that are in part within and in part

Such assessing district, shall not have jurisdiction to order such improvement as to the interest of the state in harbor areas and state tidelands until the written consent of the commissioner of public lands to the making of such improvement shall have been obtained, unless other means be provided for paying that portion of the cost which would otherwise be levied on the interest of the state of Washington in and to said tidelands, and nothing herein shall prevent the city from assessing the proportionate cost of said improvement against any leasehold, contractual or possessory interest in and to any tideland or harbor area owned by the state: Provided, however, That in the case of tidelands and harbor areas within the boundaries of any port district, notice of intention to make such improvement shall also be forwarded to the commissioners of said port district. The chief administrative officer upon receipt of such statement shall cause a proper record to be made in his office of the cost of such improvement upon the lands occupied, used, or under the jurisdiction of his agency.

No penalty shall be provided or enforced against the state, and the interest upon such assessments shall be computed and paid at the rate paid by other property situated in the same improvement district. [1963 c 20 § 5; 1933 c 108 § 1; 1919 c 164 § 5; RRS § 812.9. Cf. 1909 c 154 § 6; 1907 c 74 §§ 1, 2, 4, 5.]

79.44.060 Payment procedure—State lands not subject to lien, exception. When the chief administrative officer of an agency of state government is satisfied that an assessing district has complied with all the conditions precedent to the levy of assessments for district purposes, pursuant to this chapter against state lands occupied, used, or under the jurisdiction of his agency, he shall pay them, together with any interest thereon from any funds specifically appropriated to his agency therefor or from any funds of his agency which under existing law have been or are required to be expended to pay assessments on a current basis. In all other cases, the
chief administrative officer shall certify to the budget
director that the assessment is one properly chargeable
to the state. The budget director shall pay such assess­ments from funds available or appropriated to him for
this purpose.

Except as provided in RCW 79.44.190 no lands of the
state shall be subject to a lien for unpaid assessments,
nor shall the interest of the state in any land be sold for
unpaid assessments where assessment liens attached to
the lands prior to state ownership. [1971 ex.s. c 116 § 2;
1963 c 20 § 6; 1947 c 205 § 1; Rem. Supp. 1947 §
8136a.]

79.44.070 Enforcement against lessee or contract
holder. When any assessing district has made or caused
to be made an assessment against such leasehold, con­tractual or possessory interest for any such local
improvement, the treasurer of said assessing district shall immediately give notice to the budget director and
to the chief administrative officer of the agency having
jurisdiction over the lands. Said assessment shall become
a lien against the leasehold, contractual or possessory
interest in the same manner as the assessments on other
property, and its collection may be enforced against such
interests as provided by law for the enforcement of other
local improvement assessments: Provided, That said
assessment shall not be made payable in installments unless the owner of such leasehold, contractual or pos­sessory interest shall first file with such treasurer a sat­isfactory bond guaranteeing the payment of such
installments as they become due. [1963 c 20 § 7; 1919 c
164 § 6; RRS § 8130. Cf. 1909 c 154 § 2.]

79.44.080 Foreclosure against leasehold or contract
interest—Cancellation of lease or contract. Whenever
any assessing district shall have foreclosed the lien of
any such delinquent assessments, as provided by law,
and shall have obtained title to such leasehold, contrac­tual or possessory interest, the budget director and the
chief administrative officer of the agency having jurisdic­tion over the lands shall be notified by registered or
certified mail of such action and furnished a statement of
all assessments against such leasehold, contractual or pos­sessory interest, and the chief administrative officer or
budget director shall cause the amount of such
assessments to be paid as provided in RCW 79.44.060,
and upon the receipt of an assignment from such assess­ing district, the chief administrative officer shall cancel
such lease or contract: Provided, however, That unless
the assessing district making said local improvement and
levying said special assessment shall have used due dili­gence in the foreclosure thereof, the chief administrative officer and the budget director shall not be required to
pay any sum in excess of what they deem to be the spe­cial benefits accruing to the state's reversionary interest
in said property: And provided further, That if such
delinquent assessment or installment shall be against a
leasehold interest in fresh water harbor areas within a
port district, the chief administrative officer shall notify
the commissioners of said port district of the receipt of
such assignment, and said commissioners shall forthwith
cancel such lease. [1963 c 20 § 8; 1919 c 164 § 7; RRS
§ 8131.]

79.44.090 Payment by state after forfeiture of lease
or contract. If by reason of default in the payment of
rentals or installments, or other causes, the state shall
cancel any lease or contract against which assessments
have been levied as herein provided, the chief adminis­trative officer of the agency having jurisdiction over the
lands shall cause such assessments or installments as
shall fall due subsequent to the cancellation of said con­tract or leasehold interest to be paid as provided in
RCW 79.44.060, the same as if the assessments or installments thereof had been levied on the state's inter­est in said lands. [1963 c 20 § 9; 1919 c 164 § 8; RRS §
8132.]

79.44.095 Assessments paid by state to be added to
purchase price of land. When any land, other than lands
occupied and used in connection with state institutions,
owned or held by the state within incorporated cities,
towns, diking, drainage or port districts in this state,
against which local improvement assessments have been
paid, as herein provided for, is offered for sale, there
shall be added to the appraised value of such land, as
provided by law, such portion of the local improvement
assessment paid by the state as shall be deemed to rep­resent the value added to such lands by such improve­ment for the purpose of sale, which amount so added
shall be paid by the purchaser in cash at the time of the
sale of said land, in addition to the amounts otherwise
due to the state for said land, and no deed shall ever be
executed until such local improvement assessments have
been paid, and nothing herein shall be construed as can­celing any unpaid assessments on the land so sold by the
state, but such land shall be sold subject to all assess­ments unpaid at the time of sale. [1919 c 164 § 9; RRS
§ 8133. Cf. 1909 c 154 § 7.]

Assessments paid to be added to purchase price of land: RCW
79.01.728.

79.44.100 Assignment of lease or contract to pur­chaser at foreclosure sale. Whenever any such tide, state,
school, granted or other lands situated within the limits
of any assessing district, has been included within any
local improvement district by such assessing district, and
the contract, leasehold or other interest of any individual
has been sold to satisfy the lien of such assessment for
local improvement, the purchaser of such interest at
such sale shall be entitled to receive from the state of
Washington, on demand, an assignment of the contract,
leasehold or other interest purchased by him, and shall
assume, subject to the terms and conditions of the con­tract or lease, the payment to the state of the amount of
the balance which his predecessor in interest was obli­gated to pay. [1963 c 20 § 10; 1919 c 164 § 10; RRS §
8134. Cf. 1909 c 154 § 10.]

79.44.120 When assessments need not be added in
certain cases. Whenever any state school, granted, tide
or other public lands of the state shall have been
charged with local improvement assessments under any
local improvement assessment district in any incorpo­rated city, town, irrigation, diking, drainage, port, weed or pest district, or any other district now authorized by law to levy assessments against state lands, where such assessments are required under existing statutes to be returned to the fund of the state treasury from which said assessments were originally paid, the commissioner of public lands may, and he is hereby authorized, to sell such lands for their appraised valuation without regard to such assessments, anything to the contrary in the existing statutes notwithstanding: Provided, That nothing herein contained shall be construed to alter in any way any existing statute providing for the method of procedure in levying assessments against state lands in any of such local improvement assessment districts. [1937 c 80 § 1; RRS § 7797–192a.]

79.44.130 Local provisions superseded. The provisions of this chapter shall apply to all assessing districts as herein defined, any charter or ordinance provisions to the contrary notwithstanding. [1963 c 20 § 11; 1919 c 164 § 11; RRS § 8135. Cf. 1909 c 154 § 8.]

79.44.140 Application of chapter—Eminent domain assessments. The provisions of this chapter shall apply to all local improvements initiated after June 11, 1919, including assessments to pay the cost and expense of taking and damaging property by the power of eminent domain, as provided by law: Provided, That in case of eminent domain assessments, it shall not be necessary to forward notice of the intention to make such improvement, but the eminent domain commissioners, authorized to make such assessment, shall, at the time of filing the assessment roll with the court in the manner provided by law, forward by registered or certified mail to the budget director and to the chief administrative officer of the agency using, occupying or having jurisdiction over the lands a notice of such assessment, and of the day fixed by the court for the hearing thereof: Provided, That no assessment against the state's interest in tidelands or harbor areas shall be binding against the state if the commissioner of public lands shall file a disapproval of the same in court before judgment confirming the roll. [1963 c 20 § 12; 1919 c 164 § 12; RRS § 8136.]

79.44.180 Director of budget to adopt rules and regulations. The *budget director* shall adopt rules and regulations:

1. Governing the preparation, certification, and submission of all notices and statements required by chapter 79.44 RCW as now or hereafter amended;
2. Authorizing and prescribing additional reports, records, and information necessary to achieve budgetary objectives in accordance with chapter 43.88 RCW and any appropriation hereafter made;
3. Assuring the payment of all assessments properly chargeable to the state; and
4. Protecting the state against illegal or inequitable assessments. [1963 c 20 § 14.]

*Reviser's note: "budget director" changed to "director of program planning and fiscal management". See RCW 43.88.025, chapter 43.41 RCW.*

79.44.190 Acquisition of property by state or political subdivision which is subject to unpaid assessments or delinquencies.—Payment of lien or installments. When real property subject to an unpaid special assessment for a local improvement levied by any political subdivision of the state authorized to form local improvement or utility local improvement districts is acquired by purchase or condemnation by the state or any political subdivision thereof, including but not limited to any special purpose district, the property so acquired shall continue to be subject to the assessment lien.

An assessment lien or installment thereof, delinquent at the time of such acquisition shall be paid at the time of acquisition, and the amount thereof, including any accrued interest and delinquent penalties, shall be withheld from the purchase price or condemnation award by the public body acquiring the property and shall be paid immediately to the county, city, or town treasurer, whichever is applicable, in payment of and discharge of such delinquent installment lien.

Any installment or installments not delinquent at the time of acquisition shall become due and payable in such year and at such date as said installment would have become due if such property had not been so acquired: Provided, That where such property is acquired by the state of Washington, the balance of the assessment shall be paid in full at the time of acquisition.

For the purpose of this section, the "time of acquisition" shall mean the date of completion of the sale, date of condemnation verdict, date of the order of immediate possession and use pursuant to RCW 80.04.090, or the date of judgment, if not tried to a jury. [1971 ex.s. c 116 § 1.]

79.44.900 Severability—1963 c 20. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1963 c 20 § 16.]

Reviser's note: While the above section codifies 1895 c 166 § 1, the remainder of the 1895 act is omitted as it was from prior compilations. Succeeding sections in Chapter 79.48 RCW codify the 1903 act on this subject (1903 c 152). Concerning the amendment and repeal of the 1895 act and its various parts, see 1897 c 117, 1897 c 89 § 70, and 1903 c 152 § 24; see also Howlett v. Cheetham, 17 Wash. 626.

[1903 c 152 § 1; RRS § 7923.]

Title 79: Public Lands

79.48.070 List to be filed requesting withdrawal of lands. On receipt of the request and proposal, and the approval of the same by the commissioner of public lands, he shall file in the local United States land office a list in triplicate, describing the land embraced in said proposal with a request for the withdrawal of the land described in said list. [1903 c 152 § 6; RRS § 7928.]

79.48.080 Contract to be entered into—Terms—Performance bond. Upon the withdrawal of the land by the department of the interior, it shall be the duty of the commissioner of public lands to enter into a contract with the party submitting the proposal, which contract shall contain complete specifications of the location, dimensions and character of the proposed ditch, canal and other irrigation works; the price and terms per acre at which perpetual water rights shall be sold to the settler, the amount of water to be supplied, the price and terms upon which the state is to dispose of the land to settlers: Provided, That such price and terms for irrigation works, water rights, maintenance fee and for lands to be disposed of by the state to settlers, shall in all cases be reasonable and just. This contract shall not be entered into on the part of the state until withdrawal of these lands by the department of the interior and the filing of a satisfactory bond on the part of the proposed contractor for irrigation works, which bond shall be in penal sum equal to five percent of the estimated cost of the works, and to be conditioned for the faithful performance of the provisions of the contract with the state: Provided, That no contract under the provisions of this chapter shall be entered into by the commissioner of public lands until the same shall have been approved by the attorney general and the governor. [1903 c 152 § 7; RRS § 7929.]

79.48.090 Life of contract—Time of commencement of work, etc. No contract shall be made by the commissioner of public lands which requires a greater time than ten years for the construction of the works and such additional time as may be granted by the interior department as provided by the aforesaid acts of congress and amendments thereto, and all contracts shall state that the work shall begin within six months from the date of the contract; at least one-tenth of the construction work shall be completed within two years from the date of said contract; and the construction of said works shall be prosecuted with reasonable diligence to completion. [1903 c 152 § 8; RRS § 7930.]

79.48.100 Procedure on default of contractor—Receivership. Upon the failure of any party having a contract with the state for the construction of irrigation works, to begin the same within the time specified by the contract, or to complete the same within the time or in accordance with the specifications of the contract with the state, it shall be the duty of the commissioner of public lands to give such party written notice of such failure and if, after a period of sixty days from the giving of such notice such party shall have failed to proceed with the work or to conform to the specifications of his contract with the state the bond and contract of such party and all work constructed under such contract shall be at once and thereby forfeited to the state, and it shall be the duty of the commissioner of public lands at once to declare and to give notice once each week for a period of four weeks in some newspaper of general circulation in the county in which the work is situated, and in one newspaper at the state capitol in like manner and for a like period, that upon a day fixed, proposals will be received at the office of the commissioner of public lands at Olympia, Washington, for the purchase of the incomplete works and for the completion of said contract, the time for receiving said bids to be at least sixty days subsequent to the issuing of the last notice of forfeiture. The money received from the sale of partially completed works, under the provisions of this section shall first be applied to the expenses incurred by the state in their forfeiture and disposal, to satisfy the bond, and the surplus, if any exists, shall be paid to the original contractor with the state. Whenever after the completion of said irrigation works any contractor or his successors or assigns shall fail to furnish an adequate amount of water to irrigate the lands of water right owners or there shall exist other cause as provided by law for the appointment of a receiver, the attorney general may apply for the appointment of a receiver to take possession of the irrigation works and canal and other property of such party, and manage, operate, sell or dispose of the same. Such application shall be made to the superior court of the county in which the whole or some portion of the irrigation works or canal of such party is situated; and the court or its receiver by order of the court shall have and may exercise such powers as to the possession, management, operation, sale or disposition of the property and works of such party as is provided by law relating to receivers: Provided, That nothing herein contained shall be taken or construed as limiting the right of any party to have a receiver appointed as is in other cases provided by law. [1903 c 152 § 9; RRS § 7931.]

79.48.110 State not liable for work done or contractor's default. Nothing in this chapter shall be construed as authorizing the commissioner of public lands to obligate the state to pay for any work constructed under any contract or to hold the state in any way responsible to settlers for the failure of contractors to complete the work according to the terms of their contracts with the state. [1903 c 152 § 10; RRS § 7932.]

79.48.120 Notice that land is open to settlement. Immediately upon the withdrawal of any land for the state by the department of the interior and the inauguration of work by the contractor, it shall be the duty of the commissioner of public lands, by publication once a week in one newspaper of the county or counties in which said land is situated, and such further notice as he may deem necessary, for a period of four weeks, that said land is open for settlement; the price for which said land will be sold to settlers by the state, the contract price at which settlers can purchase a perpetual water right, and the cost of an annual maintenance fee. [1903 c 152 § 11; RRS § 7933.]

Any citizen of the United States, or any person having declared his intention to become a citizen of the United States eighteen years of age or over, may make application under oath, to the commissioner of public lands, to enter any of said lands in any amount not to exceed one hundred and sixty acres for any one person; such application shall set forth that the person desiring to make such entry does so for the purpose of actual reclamation, cultivation and settlement in accordance with the act of congress and the laws of this state relating thereto, and the applicant has never received the benefit of the provisions of this chapter, to an amount greater than one hundred and sixty acres, including the number of acres specified in the application under consideration. Such application must be accompanied by a certified copy of a contract for a perpetual water right, made and entered into by the party making application with the person, company or association of persons, or incorporated company who have been authorized by the commissioner of public lands to furnish water for the reclamation of said land; and if said applicant has at any previous time entered land under the provisions of this chapter, he shall so state in his application, together with the description, date of entry and location of said lands. The commissioner of public lands shall thereupon file in his office the application and papers relating thereto, and, if allowed, issue a certificate of location to the applicant. All applications for entry shall be accompanied by a payment of one dollar per acre, which shall be paid as a partial payment on the land if the application is allowed, and all certificates when issued shall be recorded in a book to be kept for that purpose. If the application is not allowed, or the contractor fails to complete the work according to contract the one dollar per acre accompanying the application shall be returned to the applicant. The commissioner of public lands shall dispose of all lands accepted by the state under the provisions of this chapter at a uniform price of not less than ten dollars per acre, one-tenth to be paid at the time of entry and the remainder in nine equal annual installments, with interest at six percent per annum payable annually, provided a settler may make payment in full at any time upon or after making final proof. [1973 1st ex.s. c 154 § 115; 1971 ex.s. c 292 § 55; 1903 c 152 § 12; RRS § 7934.]

Severability—1971 ex.s. c 292: See note following RCW 26.28.010.

79.48.140 Disposition of funds. All moneys received by the commissioner of public lands from the sale of lands selected under the provisions of this chapter shall be deposited with the state treasurer and shall constitute a trust fund in the hands of said treasurer to be used in the reclamation of other arid lands. [1903 c 152 § 13; RRS § 7935.]

Proceeds from sale of land to be paid into general fund: RCW 43.79.010.

79.48.150 Contract of purchase—Payments—Cultivation requirements—Final proof—Patent. Within one year after any person, company or association of persons or incorporated company authorized to construct irrigation works under the provisions of this chapter, shall have notified the settlers under such works that they are prepared to furnish water under the terms of their contract with the state, each settler shall enter into a contract with the state for the purchase of the land described in his certificate of location, complete the first annual payment thereon, and shall cultivate and reclaim not less than one-sixteenth part of the land filed upon by him, and within two years after the said notice, the settler shall have actually irrigated and cultivated not less than one-eighth of the land filed upon, and within ten years from the date of said notice the settler shall appear before the commissioner of public lands or the clerk of the superior court, within the county wherein said land is situated and make final proof of reclamation, settlement and occupation, which proof shall embrace evidence that he has a perpetual water right for his entire tract of land sufficient in volume for the complete irrigation and reclamation thereof; that he is an actual settler thereon and has cultivated and irrigated not less than one-eighth of said tract, and such further proof, if any, as may be required by the regulations of the department of the interior, and the commissioner of public lands. The officer taking this proof shall be entitled to receive a fee of two dollars, which fee shall be paid by the settler and shall be in addition to the price paid for the land. All proofs so received shall be submitted to the commissioner of public lands and shall be accompanied by the last and final payment for said land, and approved by the commissioner of public lands, and such proceedings had that a patent of said land shall be issued: Provided, That when the commissioner of public lands shall take such final proof all fees received by him shall be turned in to the state treasurer. [1903 c 152 § 14; RRS § 7936.]

79.48.160 Issuance of patent. After the issuance of a patent to any land by the United States to the state, notice thereof shall be forwarded to the party, if any entitled to said land, and, upon full payment having been made, it shall be the duty of the commissioner of public lands to certify such fact to the governor, whereupon he shall cause a patent to be issued to the purchaser, the patent to be signed by the governor and attested by the secretary of state with the seal of the state thereto attached, and shall be recorded in the office of the commissioner of public lands, and no fee shall be required other than the fee provided for in this chapter. [1903 c 152 § 15; RRS § 7937.]

79.48.170 Water right—Lien for water payments—Foreclosure. The water right to all land acquired under the provisions of this chapter shall attach to and become appurtenant to the land as soon as title passes from the United States to the state. Any person, company or association of persons, or incorporated company furnishing water for any tract of land shall have a prior lien on said water right and land upon which said
water is used for all deferred payments for said water right and for any maintenance fee due, said lien to be in all respects prior to any other lien or liens created or attempted to be created by the owner or possessor of said land; said lien to remain in full force and effect until the last deferred payment for the water right is fully paid and satisfied according to the terms of the contract under which said water right was acquired and until all delinquent maintenance fees are fully paid. The contract for the water right upon which the aforesaid lien is founded shall be recorded in the office of the county auditor of the county where the land is situated. Upon default of any of the deferred payments secured by any lien under the provisions of this chapter and any maintenance fee, the person, company, or association of persons, or incorporated company holding or owning said lien, may foreclose the same according to the conditions and terms of the contract granting and selling to the settler the water right and providing for a maintenance fee. All sales shall be advertised in a newspaper of general circulation, published in the county where said land and water right is situated, once a week, for four consecutive weeks, and shall be sold to the highest bidder at the front door of the court house of the county, or such place as may be agreed upon by the terms of the contract. And the sheriff of said county shall in all such cases give notice of sale and shall sell such land and water right and shall make and deliver a certificate of sale to the purchaser, and at such sale no person, company, or association or persons, or incorporated company, owning or holding any lien shall bid in or purchase any land or water right at a greater price than the amount due on deferred payment or payments for said water right and land and maintenance fee due and the costs incurred in making the sale of the land and water right. At any time within nine months after the foreclosure sale by the sheriff of the land and water right as aforesaid, the original owner against whom the lien has been foreclosed, or any other party entitled to redeem land sold under execution may redeem land and water right so sold in the same manner and order and under the same procedure as is or may be provided by law for the redemption of land sold under execution. The party reclaiming said land and water right shall pay to the sheriff the amount for which said land and water right was sold and costs and increased costs, together with interest thereon at the legal rate, and all taxes and payments maturing subsequent to such foreclosure as well as all maintenance fees due at the time of redemption with interest at like rate. If there be more than one redemption each successive redemption shall be made within six weeks after the last preceding redemption. And where the lienholder becomes the purchaser at such foreclosure sale, and in no other case, if such land and water right be not redeemed by the original owner or other person entitled to redeem as above provided within nine months then at any time within three months after the expiration of such nine months any person desiring to settle upon and use such land and water right may redeem the said land and water right in the manner hereinafore provided for redemption by the owner or other redeemers. Where such land and water right are not purchased by the lienholder at such foreclosure sale the sheriff shall pay out the proceeds of such sale as follows:

(1) He shall retain all charges, costs and fees for his services and account for the same as in civil cases.

(2) To the lienholder or his assigns the amount of the lien together with all interest, costs and fixed charges thereon.

79.60.010 Cooperation. The state forest board with regard to state forest board lands, and the commissioner of public lands with regard to state granted lands, are hereby authorized to enter into cooperative agreements with the United States of America, Indian tribes, and private owners of timber land providing for coordinated forest management, including time, rate and method of cutting timber and method of silvicultural practice on a sustained yield unit. Wherever applicable in this chapter, it shall be understood that the state forest board shall have complete authority over state forest board lands and the commissioner of public lands complete authority over state granted land. [1941 c 123 § 1; 1939 c 130 § 1; Rem. Supp. 1941 § 7879–11. Formerly RCW 79.52.070.]

79.60.020 Cooperative units. The state forest board and the commissioner of public lands are hereby authorized and directed to determine, define and declare informally the establishment of a sustained yield unit, comprising the land area to be covered by any such cooperative agreement and include therein such other lands as may be later acquired by the state forest board and included under the cooperative agreement. [1939 c 130 § 2; RRS § 7879–12. Formerly RCW 79.52.080.]

79.60.030 Limitations on agreements. Cooperation with the private contracting party or parties shall be contingent on limitation of production to a specified amount as determined by the contracting parties and approved by the state forest board and the commissioner of public lands and shall comply with the other conditions and requirements of such cooperative agreement. [1939 c 130 § 3; RRS § 7879–13. Formerly RCW 79.52.090.]

79.60.040 Easement over state land during life of agreement. This easement shall be only for the life of the cooperative agreement and shall be granted without charge with the provision that payment shall be made for all merchantable timber cut, removed or damaged in the use of such easement, payment to be based on the contract stumpage price for timber of like value and species and to be made within thirty days from date of cutting, removal and/or damage of such timber and appraisal thereof by the commissioner of public lands and the state forest board. [1941 c 123 § 2; Rem. Supp. 1941 § 7879–13a. Formerly RCW 79.52.110.]

[Title 79—p 87]
Sale agreements. During the period when any such cooperative agreement is in effect, the timber on the state lands which the state forest board and the commissioner of public lands determine shall be included in the sustained yield unit may, from time to time, be sold at not less than its appraised value as approved by the state forest board and the commissioner of public lands, due consideration being given to existing forest conditions on all lands included in the cooperative management unit and such sales may be made in the discretion of the state forest board and the commissioner of public lands and the contracting party or parties in the cooperative sustained yield agreement. These sale agreements shall contain such provisions as are necessary to effectually permit the state forest board and the commissioner of public lands to carry out the purpose of this section and in other ways afford adequate protection to the public interests involved. [1939 c 130 § 6; RRS § 7879–14. Formerly RCW 79.52.100.]

Minimum price—Alternative bases—Bids and awards. The sale of timber upon state forest board land and state granted land within such sustained yield unit or units shall be made for not less than the appraised value thereof as heretofore provided for the sale of timber on state lands: Provided, That, if in the judgment of the state forest board or the commissioner of public lands, it is to the best interests of the state to do so, said timber or any such sustained yield unit or units may be sold on a stumpage or scale basis for a price per thousand not less than the appraised value thereof. The state forest board and the commissioner of public lands shall reserve the right to reject any and all bids if the intent of this chapter will not be carried out. Permanency of local communities and industries, prospects of fulfillment of contract requirements, and financial position of the bidder shall all be factors included in this decision. [1939 c 130 § 3; RRS § 7879–15. Formerly RCW 79.52.040.]

Contracts—Requirements. A written contract shall be entered into with the successful bidder which shall fix the time when logging operations shall be commenced and concluded and require monthly payments for timber removed as soon as scale sheets have been tabulated and the amount of timber removed during the month determined, or require payments monthly in advance at the discretion of the board or the commissioner. The board and the commissioner shall designate the price per thousand to be paid for each species of timber and shall provide for supervision of logging operations, the methods of scaling and report, and shall require the purchaser to comply with all laws of the state of Washington with respect to fire protection and logging operation of the timber purchased; and shall contain such other provisions as may be deemed advisable. [1939 c 130 § 6; RRS § 7879–16. Formerly RCW 79.52.050, part.]

Transfer or assignment of contract of purchase. [1941 c 123 § 3; Rem. Supp. 1941 § 7879–16a. Formerly RCW 79.52.120.]

Performance bond—Cash deposit. The purchaser shall, at the time of executing the contract, deliver a performance bond or sureties acceptable in regard to terms and amount to the commissioner of public lands and the state forest board, but such performance bond or sureties shall not exceed ten percent of the estimated value of the timber purchased computed at the stumpage price and at no time shall exceed a total of fifty thousand dollars. The purchaser shall also be required to make a cash deposit equal to twenty percent of the estimated value of the timber purchased, computed at the stumpage price. Upon failure of the purchaser to comply with the terms of the contract, the performance bond or sureties may be forfeited to the state upon order of the forest board or the commissioner of public lands.

At no time shall the amount due the state for timber actually cut and removed exceed the amount of the deposit as hereinabove set forth. The amount of the deposit shall be returned to the purchaser upon completion and full compliance with the contract by the purchaser, or it may, at the discretion of the purchaser, be applied on final payment on the contract. NATURAL AREA PRESERVES

79.70.050 Natural preserves advisory committee.
79.70.060 Construction—1972 ex.s. c 119.

79.70.010 Purpose. The purpose of this chapter is to establish a state system of natural area preserves and a means whereby the preservation of these aquatic and land areas can be accomplished.

All areas within the state, except those which are expressly dedicated by law for preservation and protection in their natural condition, are subject to alteration by human activity. Natural lands, together with the plants and animals living thereon in natural ecological systems, are valuable for the purposes of scientific research, teaching, as habitats of rare and vanishing species, as places of natural historic and natural interest and scenic beauty, and as living museums of the original heritage of the state.

It is, therefore, the public policy of the state of Washington to secure for the people of present and future generations the benefit of an enduring resource of natural areas by establishing a system of natural area preserves, and to provide for the protection of these natural areas. [1972 ex.s. c 119 § 1.]

79.70.020 Definitions. For the purposes of this chapter:

(1) "Department" shall mean the department of natural resources.

(2) "Natural areas" and "natural area preserves" shall mean such public or private areas of land or water which have retained their natural character, although not necessarily completely natural and undisturbed, or which are important in preserving rare or vanishing flora, fauna, archeological, natural historical or similar features of scientific or educational value.

(3) "Public lands" and "state lands" shall have the meaning set out in RCW 79.01.004.

(4) "Committee" shall mean the Washington state natural preserves advisory committee created in RCW 79.70.050. [1972 ex.s. c 119 § 2.]

79.70.030 Powers of department. In order to set aside, preserve and protect natural areas within the state, the department is authorized, in addition to any other powers, to:

[Title 79—p 91]
79.70.040 Powers as to transactions involving public lands deemed natural areas—Alienation of lands designated natural area preserves. The department is further authorized to purchase, lease, set aside or exchange any public land or state-owned trust lands which are deemed to be natural areas: Provided, That the appropriate state land trust receives the fair market value for any interests that are disposed of: Provided, further, That such transactions are approved by the board of natural resources.

An area consisting of public land or state-owned trust lands designated as a natural area preserve shall be held in trust and shall not be alienated except to another public use upon a finding by the department of natural resources of imperative and unavoidable public necessity. [1972 ex.s. c 119 § 4.]

79.70.050 Natural preserves advisory committee. A Washington state natural preserves advisory committee is hereby created within the department of natural resources to assist the department in carrying out the intent of this chapter. Such committee shall consist of seven members appointed by the commissioner of the department. Any vacancies shall be filled in the same manner. Members shall be chosen from persons with an interest in the establishment of natural areas and shall serve a period of three years. [1972 ex.s. c 119 § 5.]

79.70.090 Construction—1972 ex.s. c 119. Nothing in this chapter is intended to supersede or otherwise affect any existing legislation. [1972 ex.s. c 119 § 6.]

Chapter 79.76

GEOTHERMAL RESOURCES

79.76.010 Legislative declaration. The public has a direct interest in the safe, orderly and nearly pollution-free development of the geothermal resources of the state, as hereinafter in RCW 79.76.030(1) defined. The legislature hereby declares that it is in the best interests of the state to further the development of geothermal resources for the benefit of all of the citizens of the state while at the same time fully providing for the protection of the environment. The development of geothermal resources shall be so conducted as to protect the rights of landowners, other owners of interests therein, and the general public. In providing for such development, it is the purpose of this chapter to provide for the orderly exploration, safe drilling, production and proper abandonment of geothermal resources in the state of Washington. [1974 ex.s. c 43 § 1.]

79.76.020 Short title. This chapter shall be known as the Geothermal Resources Act. [1974 ex.s. c 43 § 2.]

79.76.030 Definitions. For the purposes of this chapter, unless the text otherwise requires, the following terms shall have the following meanings:

(1) "Geothermal resources" means only that natural heat energy of the earth from which it is technologically practical to produce electricity commercially and the medium by which such heat energy is extracted from the earth, including liquids or gases, as well as any minerals contained in any natural or injected fluids, brines and associated gas, but excluding oil, hydrocarbon gas and other hydrocarbon substances.

(2) "Waste", in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood and shall include:

(a) The inefficient, excessive, or improper use of, or unnecessary dissipation of, reservoir energy; or the
locating, spacing, drilling, equipping, operating or producing of any geothermal energy well in a manner which results, or tends to result, in reducing the quantity of geothermal energy to be recovered from any geothermal area in this state;

(b) The inefficient above-ground transporting or storage of geothermal energy; or the locating, spacing, drilling, equipping, operating, or producing of any geothermal well in a manner causing, or tending to cause, unnecessary excessive surface loss or destruction of geothermal energy;

(c) The escape into the open air, from a well of steam or hot water, in excess of what is reasonably necessary in the efficient development or production of a geothermal well.

(3) "Geothermal area" means any land that is, or reasonably appears to be, underlain by geothermal resources.

(4) "Energy transfer system" means the structures and enclosed fluids which facilitate the utilization of geothermal energy. The system includes the geothermal wells, cooling towers, reinjection wells, equipment directly involved in converting the heat energy associated with geothermal resources to mechanical or electrical energy or in transferring it to another fluid, the closed piping between such equipment, wells and towers and that portion of the earth which facilitates the transfer of a fluid from reinjection wells to geothermal wells: Provided, That the system shall not include any geothermal resources which have escaped into or have been released into the nongeothermal ground or surface waters from either man-made containers or through leaks in the structure of the earth caused by or to which access was made possible by any drilling, redrilling, reworking or operating of a geothermal or reinjection well.

(5) "Operator" means the person supervising or in control of the operation of a geothermal resource well, whether or not such person is the owner of the well.

(6) "Owner" means the person who possesses the legal right to drill, convert or operate any well or other facility subject to the provisions of this chapter.

(7) "Person" means any individual, corporation, company, association of individuals, joint venture, partnership, receiver, trustee, guardian, executor, administrator, personal representative, or public agency that is the subject of legal rights and duties.

(8) "Pollution" means any damage or injury to ground or surface waters, soil or air resulting from the unauthorized loss, escape, or disposal of any substances at any well subject to the provisions of this chapter.

(9) "Department" means the department of natural resources.

(10) "Well" means any excavation made for the discovery or production of geothermal resources, or any special facility, converted producing facility, or reactivated or converted abandoned facility used for the reinjection of geothermal resources, or the residue thereof underground.

(11) "Core holes" are holes drilled or excavations made expressly for the acquisition of geological or geophysical data for the purpose of finding and delineating a favorable geothermal area prior to the drilling of a well.

(12) A "completed well" is a well that has been drilled to its total depth, has been adequately cased, and is ready to be either plugged and abandoned, shut-in, or put into production.

(13) "Plug and abandon" means to place permanent plugs in the well in such a way and at such intervals as are necessary to prevent future leakage of fluid from the well to the surface or from one zone in the well to the other, and to remove all drilling and production equipment from the site, and to restore the surface of the site to its natural condition or contour or to such condition as may be prescribed by the department.

(14) "Shut-in" means to adequately cap or seal a well to control the contained geothermal resources for an interim period. [1974 ex.s. c 43 § 3.]

79.76.040 Geothermal resources deemed sui generis. Notwithstanding any other provision of law, geothermal resources are found and hereby determined to be sui generis, being neither a mineral resource nor a water resource. [1974 ex.s. c 43 § 4.]

79.76.050 Administration of chapter. (1) The department shall administer and enforce the provisions of this chapter and the rules, regulations, and orders relating to the drilling, operation, maintenance, abandonment and restoration of geothermal areas, to prevent damage to and waste from underground geothermal deposits, and to prevent damage to underground and surface waters, land or air that may result from improper drilling, operation, maintenance or abandonment of geothermal resource wells.

(2) In order to implement the terms and provisions of this chapter, the department under the provisions of chapter 34.04 RCW, as now or hereafter amended, may from time to time promulgate those rules and regulations necessary to carry out the purposes of this chapter, including but not restricted to defining geothermal areas; establishing security requirements, which may include bonding; providing for liens against production; providing for casing and safety device requirements; providing for site restoration plans to be completed prior to abandonment; and providing for abandonment requirements. [1974 ex.s. c 43 § 5.]

79.76.060 Scope of chapter. This chapter is intended to preempt local regulation of the drilling and operation of wells for geothermal resources but shall not be construed to permit the locating of any well or drilling where such well or drilling is prohibited under state or local land use law or regulations promulgated thereunder. Geothermal resources, byproducts and/or waste products which have escaped or been released from the energy transfer system and/or a mineral recovery process shall be subject to provisions of state law relating to the pollution of ground or surface waters (Title 90 RCW), provisions of the state fisheries law (Title 75 RCW), and the state game laws (Title 77 RCW), and any other state environmental pollution control laws. Authorization for use of byproduct water resources for
79.76.070 Drilling permits—Applications—Hearing—Fees. (1) Any person proposing to drill a well or redrill an abandoned well for geothermal resources shall file with the department a written application for a permit to commence such drilling or redrilling on a form prescribed by the department accompanied by a permit fee of two hundred dollars. The department shall forward a duplicate copy to the department of ecology within ten days of filing.

(2) Upon receipt of a proper application relating to drilling or redrilling the department shall set a date, time, and place for a public hearing on the application, which hearing shall be in the county in which the drilling or redrilling is proposed to be made, and shall instruct the applicant to publish notices of such application and hearing by such means and within such time as the department shall prescribe. The department shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the drilling or redrilling is proposed to be made and in such other appropriate information media as the department may direct.

(3) Any person proposing to drill a core hole for the purpose of gathering geothermal data, including but not restricted to heat flow, temperature gradients, and rock conductivity, shall be required to obtain a single permit for each geothermal area according to subsection (1) of this section, except that no permit fee shall be required, no notice need be published, and no hearing need be held. Such core holes that penetrate more than seven hundred and fifty feet into bedrock shall be deemed geothermal test wells and subject to the payment of a permit fee and to the requirement in subsection (2) of this section for public notices and hearing. In the event geothermal energy is discovered in a core hole, the hole shall be deemed a geothermal well and subject to the permit fee, notices, and hearing. Such core holes as described by this subsection are subject to all other provisions of this chapter, including but not limited to condition of the suspension or shut-in permit, an intention to derive energy to produce electricity commercially, and

(2) Usable minerals cannot be derived, or the owner or operator has no intention of deriving usable minerals, shall be plugged and abandoned as provided in this chapter or, upon the owner's or operator's written application to the department of natural resources and with the concurrence and approval of the department of ecology, jurisdiction over the well may be transferred to the department of ecology and, in such case, the well shall no longer be subject to the provisions of this chapter but shall be subject to any applicable laws and regulations relating to wells drilled for appropriation and use of ground waters. If an application is made to transfer jurisdiction, a copy of all logs, records, histories, and descriptions shall be provided to the department of ecology by the applicant. [1974 ex.s. c 43 § 10.]

79.76.080 Drilling permits—Criteria for granting. A permit shall be granted only if the department is satisfied that the area is suitable for the activities applied for; that the applicant will be able to comply with the provisions of this chapter and the rules and regulations enacted hereunder; and that a permit would be in the best interests of the state.

The department shall not allow operation of a well under permit if it finds that the operation of any well will unreasonably decrease ground water available for prior water rights in any aquifer or other ground water source for water for beneficial uses, unless such affected water rights are acquired by condemnation, purchase or other means.

The department shall have the authority to condition the permit as it deems necessary to carry out the provisions of this chapter, including but not limited to conditions to reduce any environmental impact.

The department shall forward a copy of the permit to the department of ecology within five days of issuance. [1974 ex.s. c 43 § 8.]

79.76.090 Casing requirements. Any operator engaged in drilling or operating a well for geothermal resources shall equip such well with casing of sufficient strength and with such safety devices as may be necessary, in accordance with methods approved by the department.

No person shall remove a casing, or any portion thereof, from any well without prior approval of the department. [1974 ex.s. c 43 § 9.]

79.76.100 Plugging and abandonment of wells—Transfer of jurisdiction to department of ecology. Any well drilled under authority of this chapter from which:

(1) It is not technologically practical to derive the energy to produce electricity commercially, or the owner or operator has no intention of deriving energy to produce electricity commercially, and

(2) Usable minerals cannot be derived, or the owner or operator has no intention of deriving usable minerals, shall be plugged and abandoned as provided in this chapter or, upon the owner's or operator's written application to the department of natural resources and with the concurrence and approval of the department of ecology, jurisdiction over the well may be transferred to the department of ecology and, in such case, the well shall no longer be subject to the provisions of this chapter but shall be subject to any applicable laws and regulations relating to wells drilled for appropriation and use of ground waters. If an application is made to transfer jurisdiction, a copy of all logs, records, histories, and descriptions shall be provided to the department of ecology by the applicant. [1974 ex.s. c 43 § 10.]

79.76.110 Suspension of drilling, shut-in or removal of equipment for authorized period—Unlawful abandonment. (1) The department may authorize the operator to suspend drilling operations, shut-in a completed well, or remove equipment from a well for the period stated in the department's written authorization. The period of suspension may be extended by the department upon the operator showing good cause for the granting of such extension.

(2) If drilling operations are not resumed by the operator, or the well is not put into production, upon expiration of the suspension or shut-in permit, an intention to unlawfully abandon shall be presumed.

(3) A well shall also be deemed unlawfully abandoned if, without written approval from the department, drilling equipment is removed.

(4) An unlawful abandonment under this chapter shall be entered in the department records and written notice thereof shall be mailed by registered mail both to
such operator at his last known address as disclosed by records of the department and to the operator's surety. The department may thereafter proceed against the operator and his surety. [1974 ex.s. c 43 § 11.]

79.76.120 Notification of abandonment or suspension of operations—Required—Procedure. (1) Before any operation to plug and abandon or suspend the operation of any well is commenced, the owner or operator shall submit in writing a notification of abandonment or suspension of operations to the department for approval. No operation to abandon or suspend the operation of a well shall commence without approval by the department. The department shall respond to such notification in writing within ten working days following receipt of the notification.

(2) Failure to abandon or suspend operations in accordance with the method approved by the department shall constitute a violation of this chapter, and the department shall take appropriate action under the provisions of RCW 79.76.270. [1974 ex.s. c 43 § 12.]

79.76.130 Performance bond or other security—Required. Every operator who engages in the drilling, redrilling, or deepening of any well shall file with the department a reasonable bond or bonds with good and sufficient surety, or the equivalent thereof, acceptable to the department, conditioned on compliance with the provisions of this chapter and all rules and regulations and permit conditions adopted pursuant to this chapter. This performance bond shall be executed in favor of and approved by the department.

In lieu of a bond the operator may file with the department a cash deposit, negotiable securities acceptable to the department, or an assignment of a savings account in a Washington bank on an assignment form prescribed by the department. The department, in its discretion, may accept a single surety or security arrangement covering more than one well. [1974 ex.s. c 43 § 13.]

79.76.140 Termination or cancellation of bond or change in other security, when. The department shall not consent to the termination and cancellation of any bond by the operator, or change as to other security given, until the well or wells for which it has been issued have been properly abandoned or another valid bond for such well has been submitted and approved by the department. A well is properly abandoned when abandonment has been approved by the department. [1974 ex.s. c 43 § 14.]

79.76.150 Notification of sale, exchange, etc. The owner or operator of a well shall notify the department in writing within ten days of any sale, assignment, conveyance, exchange, or transfer of any nature which results in any change or addition in the owner or operator of the well on such forms with such information as may be prescribed by the department. [1974 ex.s. c 43 § 15.]

79.76.160 Combining orders, unitization programs and well spacing—Authority of department. The department has the authority, through rules and regulations, to promulgate combining orders, unitization programs, and well spacing, and establish proportionate costs among owners or operators for the operation of such units as the result of said combining orders, if good and sufficient reason is demonstrated that such measures are necessary to prevent the waste of geothermal resources. [1974 ex.s. c 43 § 16.]

79.76.170 Designation of resident agent for service of process. Each owner or operator of a well shall designate a person who resides in this state as his agent upon whom may be served all legal processes, orders, notices, and directives of the department or any court. [1974 ex.s. c 43 § 17.]

79.76.180 General authority of department. The department shall have the authority to conduct or authorize investigations, research, experiments, and demonstrations, cooperate with other governmental and private agencies in making investigations, receive any federal funds, state funds, and other funds and expend them on research programs concerning geothermal resources and their potential development within the state, and to collect and disseminate information relating to geothermal resources in the state: Provided, That the department shall not construct or operate commercial geothermal facilities. [1974 ex.s. c 43 § 18.]

79.76.190 Employment of personnel. The department shall have the authority, and it shall be its duty, to employ all personnel necessary to carry out the provisions of this chapter pursuant to chapter 41.06 RCW. [1974 ex.s. c 43 § 19.]

79.76.200 Drilling records, etc., to be maintained—Inspection—Filing. (1) The owner or operator of any well shall keep or cause to be kept careful and accurate logs, records, descriptions, and histories of the drilling, redrilling, or deepening of the well.

(2) All logs, records, histories, and descriptions referred to in subsection (1) of this section shall be kept in the local office of the owner or operator, and together with other reports of the owner or operator shall be subject during business hours to inspection by the department. Each owner or operator, upon written request from the department, shall file with the department a copy of the logs, records, histories, descriptions, or other records or portions thereof pertaining to the geothermal drilling or operation underway or suspended. [1974 ex.s. c 43 § 20.]

79.76.210 Filing of records with department upon completion, abandonment or suspension of operations. Upon completion or plugging and abandonment of any well or upon the suspension of operations conducted with respect to any well for a period of at least six months, one copy of the log, core record, electric log, history, and all other logs and surveys that may have been run on the well, shall be filed with the department within thirty
days after such completion, plugging and abandonment, or six months' suspension. [1974 ex.s. c 43 § 21.]

79.76.220 Statement of geothermal resources produced—Filing. The owner or operator of any well producing geothermal resources shall file with the department a statement of the geothermal resources produced. Such report shall be submitted on such forms and in such manner as may be prescribed by the department. [1974 ex.s. c 43 § 22.]

79.76.230 Confidentiality of records. (1) The records of any owner or operator, when filed with the department as provided in this chapter, shall be confidential and shall be open to inspection only to personnel of the department for the purpose of carrying out the provisions of this chapter and to those authorized in writing by such owner or operator, until the expiration of a twenty-four month confidential period to begin at the date of commencement of production or of abandonment of the well.

(2) Such records shall in no case, except as provided in this chapter, be available as evidence in court proceedings. No officer, employee, or member of the department shall be allowed to give testimony as to the contents of such records, except as provided in this chapter for the review of a decision of the department or in any proceeding initiated for the enforcement of an order of the department, for the enforcement of a lien created by the enforcement of this chapter, or for use as evidence in criminal proceedings arising out of such records or the statements upon which they are based. [1974 ex.s. c 43 § 23.]

79.76.240 Removal, destruction, alteration, etc., of records prohibited. No person shall, for the purpose of evading the provision of this chapter or any rule, regulation or order of the department made thereunder, remove from this state, or destroy, mutilate, alter or falsify any such record, account, or writing. [1974 ex.s. c 43 § 24.]

79.76.250 Violations—Modification of permit, when necessary—Departmental order—Suspension—Appeal. Whenever it appears with probable cause to the department that:

(1) A violation of any provision of this chapter, regulation adopted pursuant thereto, or condition of a permit issued pursuant to this chapter has occurred or is about to occur, or

(2) That a modification of a permit is deemed necessary to carry out the purpose of this chapter, the department shall issue a written order in person to the operator or his employees or agents, or by certified mail, concerning the drilling, testing, or other operation conducted with respect to any well drilled, in the process of being drilled, or in the process of being abandoned or in the process of reclamation or restoration, and the operator, owner, or designated agent of either shall comply with the terms of the order and may appeal from the order in the manner provided for in RCW 79.76.280. When the department deems necessary the order may include a shutdown order to remain in effect until the deficiency is corrected. [1974 ex.s. c 43 § 25.]

79.76.260 Liability in damages for violations—Procedure. Any person who violates any of the provisions of this chapter, or fails to perform any duty imposed by this chapter, or violates an order or other determination of the department made pursuant to the provisions of this chapter, and in the course thereof causes the death of, or injury to, fish, animals, vegetation or other resources of the state, shall be liable to pay the state damages including an amount equal to the sum of money necessary to restock such waters, replenish such resources, and otherwise restore the stream, lake, other water source, or land to its condition prior to the injury, as such condition is determined by the department. Such damages shall be recoverable in an action brought by the attorney general on behalf of the people of the state of Washington in the superior court of the county in which such damages occurred: Provided, That if damages occurred in more than one county the attorney general may bring action in any of the counties where the damage occurred. Any moneys so recovered by the attorney general shall be transferred to the department under whose jurisdiction the damaged resource occurs, for the purposes of restoring the resource. [1974 ex.s. c 43 § 26.]

79.76.270 Injunctions—Restraining orders. Whenever it shall appear that any person is violating any provision of this chapter, or any rule, regulation, or order made by the department hereunder, and if the department cannot, without litigation, effectively prevent further violation, the department may bring suit in the name of the state against such person in the court in the county of the residence of the defendant, or in the county of the residence of any defendant if there be more than one defendant, or in the county where the violation is alleged to have occurred, to restrain such person from continuing such violation. In such suit the department may, without bond, obtain injunctions prohibitory and mandatory, including temporary restraining orders and preliminary injunctions, as the facts may warrant. [1974 ex.s. c 43 § 27.]

79.76.280 Judicial review. (1) Any person adversely affected by any rule, regulation, order, or permit entered by the department pursuant to this chapter may obtain judicial review thereof in accordance with the applicable provisions of chapter 34.04 RCW.

(2) The court having jurisdiction, insofar as is practicable, shall give precedence to proceedings for judicial review brought under this chapter. [1974 ex.s. c 43 § 28.]

79.76.290 Violations—Penalty. Violation of any provision of this chapter or of any rule, regulation, order of the department, or condition of any permit made hereunder is punishable, upon conviction, by a fine of not more than two thousand five hundred dollars or by imprisonment in the county jail for not more than six months, or both. [1974 ex.s. c 43 § 29.]
79.76.300 Aiding or abetting violations. No person shall knowingly aid or abet any other person in the violation of any provision of this chapter or of any rule, regulation or order of the department made hereunder. [1974 ex.s. c 43 § 30.]

79.76.900 Severability—1974 ex.s. c 43. If any provision of this 1974 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 43 § 32.]
