The difference between the charge thus assessed to such employer at the time of said further injury or disease and the total cost of the pension reserve shall be assessed against the second injury fund. The department shall pass upon the application of this section in all cases where benefits are paid for total permanent disability or death and issue an order thereon appealable by the employer. Pending outcome of such appeal the transfer or payment shall be made as required by such order.

(2) The department shall, in cases of claims of workers sustaining injuries or occupational diseases in the employ of state fund employers, recompute the experience record of such employers when the claims of workers injured in their employ have been found to qualify for payments from the second injury fund after the regular time for computation of such experience records and the department may make appropriate adjustments in such cases including cash refunds or credits to such employers.

(3) To encourage employment of injured workers who are not reemployed by the employer at the time of injury, the department may adopt rules providing for the reduction or elimination of premiums or assessments from subsequent employers of such workers and may also adopt rules for the reduction or elimination of charges against such employers in the event of further injury to such workers in their employ. 51.32.050 Death benefits. (1) Where death results from the injury the expenses of burial not to exceed one thousand dollars shall be paid.

(2) Where death results from the injury, a surviving spouse of a deceased worker eligible for benefits under this title shall receive monthly for life or until remarriage the following sums: (a) If there are no children of the deceased worker, sixty percent of the wages of the deceased worker but not less than one hundred eighty-five dollars. (b) If there is one child of the deceased worker and in the legal custody of such spouse, sixty-two percent of the wages of the deceased worker but not less than two hundred twenty-two dollars. (c) If there are two children of the deceased worker and in the legal custody of such spouse, sixty-four percent of the wages of the deceased worker but not less than two hundred fifty-three dollars. (g) Where the surviving spouse does not have legal custody of any child or children of the deceased worker or where after the death of the worker legal custody of such child or children passes from such surviving spouse to another, any payment on account of such child or children not in the legal custody of the surviving spouse shall be made to the person or persons having legal custody of such child or children. The amount of such payments shall be five percent of the wages of the deceased worker for each such child but such payments shall not exceed twenty-five percent. Such payments on account of such child or children shall be subtracted from the amount to which such surviving spouse would have been entitled had such surviving spouse had legal custody of all of the children and the surviving spouse shall receive the remainder after such payments on account of such child or children have been subtracted. Such payments on account of a child or children not in the legal custody of such surviving spouse shall be apportioned equally among such children.

Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: *Provided*, That the monthly payment made to the child or children of the deceased worker shall from the month following such remarriage be a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. Payments to such child or children shall be apportioned equally among such children. Such sum shall be in place of any payments theretofore made for

In addition to the monthly payments above provided for, a surviving spouse or child or children of such worker if there is no surviving spouse, or dependent parent or parents, if there is no surviving spouse or child or children of any such deceased worker shall be forthwith paid the sum of eight hundred dollars, any such children, or parents to share and share alike in said sum.

Upon remarriage of a surviving spouse the monthly payments for the child or children shall continue as provided in this section, but the monthly payments to such surviving spouse shall cease at the end of the month during which remarriage occurs, and, after September 8, 1975, an otherwise eligible surviving spouse of a worker who died at any time prior to or after September 8, 1975, shall have an option of:

(i) He or she shall receive, once and for all, a lump sum of seventy-five hundred dollars or fifty percent of the then remaining annuity value of his or her pension, whichever is the lesser: *Provided*, That if the injury occurred prior to July 1, 1971, the remarriage benefit lump sum available shall be as provided in the remarriage benefit schedules then in effect.

(ii) If a surviving spouse does not choose the option specified in subsection (2)(i) of this section, to accept the lump sum payment, the remarriage of the surviving spouse of a worker shall not bar him or her from exercising the option granted in subsection (2)(i) of this section during the life of the remarriage and shall not prevent subsequent monthly payments to him or to her if the remarriage has been terminated by death or has been dissolved or annulled by valid court decree provided he or she has not previously accepted the lump sum payment provided in this section: *Provided, however*, That if the surviving spouse during the remarriage should die without having previously received the lump sum payment provided herein his or her estate shall be entitled to receive the sum of seventy-five hundred dollars or fifty percent of the then remaining annuity value of his or her pension whichever is the lesser: *Provided further*, That if it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of *this 1976 amendatory act the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

The effective date of an award of payments to a surviving spouse based upon termination of a remarriage by death, annulment, or dissolution shall be the date of the death, or the date the judicial decree of annulment or dissolution becomes final and when application for the payments has been received.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker shall be paid monthly for one child and a sum equivalent

to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: *Provided*, That benefits under this subsection or subsection (4) shall not exceed sixty-five percent of the wages of the deceased worker at the time of his or her death or seventy-five percent of the average monthly wage in the state as defined in RCW 51.08.018, whichever is the lesser of the two sums.

(4) In the event a surviving spouse receiving monthly payments dies, the child or children of the deceased worker shall receive the same payment as provided in subsection (3) of this section.

(5) If the worker leaves no surviving spouse or child, but leaves a dependent or dependents, a monthly payment shall be made to each dependent equal to fifty percent of the average monthly support actually received by such dependent from the worker during the twelve months next preceding the occurrence of the injury, but the total payment to all dependents in any case shall not exceed sixty-five percent of the wages of the deceased worker at the time of the death or seventy-five percent of the average monthly wage in the state as defined in RCW 51.08.018, whichever is the lesser of the two sums. If any dependent is under the age of eighteen years at the time of the occurrence of the injury, the payment to such dependent shall cease when such dependent reaches the age of eighteen years except such payments shall continue until the dependent reaches age twenty-three while permanently enrolled at a full time course in an accredited school. The payment to any dependent shall cease if and when, under the same circumstances, the necessity creating the dependency would have ceased if the injury had not happened.

(6) If the injured worker dies during the period of permanent total disability, whatever the cause of death, leaving a surviving spouse, or child, or children, the surviving spouse or child or children shall receive benefits as if death resulted from the injury as provided in subsections (2) through (4) of this section. Upon remarriage or death of such surviving spouse the payments to such child or children shall be made as provided in subsection (2) of this section when the surviving spouse of a deceased worker remarries. 51.32.055 Determination of permanent disabilities.

(1) One purpose of this title is to restore the injured worker as near as possible to the condition of self-support as an able-bodied worker. Benefits for permanent disability shall be determined under the director's supervision only after the injured worker's condition becomes fixed.

(2) All determinations of permanent disabilities shall be made by the department. Either the worker, employer, or self-insurer may make a request or such inquiry may be initiated by the director on his or her own motion. Such determinations shall be required in every instance where permanent disability is likely to be present. All medical reports and other pertinent information in the possession of or under the control of the employer or self-insurer shall be forwarded to the director with such requests.

(3) A request for determination of permanent disability shall be examined by the department and an order shall issue in accordance with RCW 51.52.050.

(4) The department may require that the worker present himself or herself for a special medical examination by a physician, or physicians, selected by the department, and the department may require that the worker present himself or herself for a personal interview. In such event the costs of such examination or interview, including payment of any reasonable travel expenses, shall be paid by the department or self-insurer as the case may be.

Physicians hired or retained for this purpose shall be grounded in industrial medicine and in the assessment of industrial physical impairment. Self-insurers shall bear a proportionate share of the cost of such medical bureau in a manner to be determined by the department.

(6) Where dispute arises from the handling of any claims prior to the condition of the injured worker becoming fixed, the worker, employer, or self-insurer may request the department to resolve the dispute or the director may initiate an inquiry on his or her own motion. In such cases the department shall proceed as provided in this section and an order shall issue in accordance with RCW 51.52.050. [1977 1st ex.s. c 350 § 43; 1971 ex.s. c 289 § 46.]

(2) Compensation for amputation of a member or part thereof at a site other than those above specified, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation for any other permanent partial disability not involving amputation shall be in the proportion which the extent of such other disability, called unspecified disability, shall bear to that above specified, which most closely resembles and approximates in degree of disability such other disability, compensation for any other unspecified permanent partial disability shall be in an amount as measured and compared to total bodily impairment: *Provided*, That in order to reduce litigation

and establish more certainty and uniformity in the rating of unspecified permanent partial disabilities, the department shall enact rules having the force of law classifying such disabilities in the proportion which the department shall determine such disabilities reasonably bear to total bodily impairment. In enacting such rules, the department shall give consideration to, but need not necessarily adopt, any nationally recognized medical standards or guides for determining various bodily impairments. For purposes of calculating monetary benefits, the amount payable for total bodily impairment shall be deemed to be thirty thousand dollars: *Provided*, That the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of thirty thousand dollars: *Provided further*, That in case permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured worker if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured worker and his or her monthly compensation payments shall be reduced accordingly.

(3) Should a worker receive an injury to a member or part of his or her body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such worker, his or her compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(4) When the compensation provided for in subsections (1) and (2) exceeds three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured worker in full, except that the first monthly payment shall be in an amount equal to three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, and interest shall be paid at the rate of six percent on the unpaid balance of such compensation commencing with the second monthly payment: *Provided*, That upon application of the injured worker the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured worker to the department and shall rest in the discretion of the department depending upon the merits of each individual application: *Provided further*, That upon death of a worker all unpaid installments accrued, less interest, shall be paid in a lump sum amount to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title. 51.32.090 Temporary total disability—Partial restoration of earning power—Return to available work—When employer continues wages—Limitation. (1) When the total disability is only temporary, the schedule of payments contained in subdivisions (1) through (13) of RCW 51.32.060 as amended shall apply, so long as the total disability continues.

(2) Any compensation payable under this section for children not in the custody of the injured worker as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3) As soon as recovery is so complete that the present earning power of the worker, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable unless the loss of earning power shall exceed five percent.

(4) Whenever an employer requests that a worker who is entitled to temporary total disability under this chapter be certified by a physician as able to perform available work other than his or her usual work, the employer shall furnish to the physician, with a copy to the worker, a statement describing the available work in terms that will enable the physician to relate the physical activities of the job to the worker's disability. The physician shall then determine whether the worker is physically able to perform the work described. If the worker is released by his or her physician for said work, and the work thereafter comes to an end before the worker's recovery is sufficient in the judgment of his or her physician to permit him or her to return to his or her usual job, or to perform other available work, the worker's temporary total disability payments shall be resumed. Should the available work described, once undertaken by the worker, impede his or her recovery to the extent that in the judgment of his or her physician he or she should not continue to work, the worker's temporary total disability payments shall be resumed when the worker ceases such work.

Once the worker returns to work under the terms of this subsection, he or she shall not be assigned by the employer to work other than the available work described without the worker's written consent, or without prior review and approval by the worker's physician.

In the event of any dispute as to the worker's ability to perform the available work offered by the employer, the department shall make the final determination.

(5) No worker shall receive compensation for or during the day on which injury was received or the three days following the same, unless his or her disability shall continue for a period of fourteen consecutive calendar days from date of injury.

(6) Should a worker suffer a temporary total disability and should his or her employer at the time of the injury continue to pay him or her the wages which he or she was earning at the time of such injury, such injured worker shall not receive any payment provided in subsection (1) of this section during the period his or her employer shall so pay such wages.

(7) In no event shall the monthly payments provided in this section exceed seventy-five percent of the average monthly wage in the state as computed under the provisions of RCW 51.08.018. 51.32.095 Temporary total disability—Continuation of benefits during vocational rehabilitation authorized—Expert assistance—Room and board—Costs (as amended by 1977 1st ex.s. c 323). One of the primary purposes of this title is the restoration of the injured worker to gainful employment. To this end, the department shall utilize the services of individuals whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation or retraining as may be reasonable to qualify the worker for employment consistent with his or her physical and mental status. Where, after evaluation and recommendation by such individuals and prior to final evaluation of the worker's permanent disability and in the sole opinion of the supervisor, vocational rehabilitation or retraining is both necessary and likely to restore the injured worker to a form of gainful employment, the supervisor may, in his or her sole discretion, pay or, if the employer is a self-insurer, direct the self-insurer to pay the cost of books, tuition, fees, supplies, equipment, and transportation for any such worker in an amount not to exceed one thousand five hundred dollars in any calendar year, and continue the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation or retraining: *Provided*, That such compensation or payment of such vocational rehabilitation or retraining expenses may not be authorized for a period of more than fifty-two weeks: *Provided further*, That such period may, in the sole discretion of the supervisor after his or her review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

In cases where the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid. Said costs shall be chargeable to the employer's cost experience or shall be paid by the self-insurer as the case may be. [1977 1st ex.s. c 323 § 16; 1972 ex.s. c 43 § 23; 1971 ex.s. c 289 § 12.]

51.32.095 Temporary total disability—Continuation of benefits during vocational rehabilitation authorized—Expert assistance—Room and board—Costs (as amended by 1977 1st ex.s. c 350). One of the primary purposes of this title is the restoration of the injured worker to gainful employment. To this end, the department shall utilize the services of individuals whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of

vocational rehabilitation or retraining as may be reasonable to qualify the worker for employment consistent with his or her physical and mental status. Where, after evaluation and recommendation by such individuals and prior to final evaluation of the worker's permanent disability and in the sole opinion of the supervisor, vocational rehabilitation or retraining is both necessary and likely to restore the injured worker to a form of gainful employment, the supervisor may, in his or her sole discretion, continue the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation or retraining: *Provided*, That such compensation may not be authorized for a period of more than fifty-two weeks: *Provided further*, That such period may, in the sole discretion of the supervisor after his or her review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

In cases where the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid. Said costs shall be chargeable to the employer's cost experience or shall be paid by the self-insurer for workers to whom he or she is liable for compensation and benefits under the provisions of this title. 51.32.100 When preexisting disease delays or prevents recovery. If it is determined that an injured worker had, at the time of his or her injury, a preexisting disease and that such disease delays or prevents complete recovery from such injury, it shall be ascertained, as nearly as possible, the period over which the injury would have caused disability were it not for the diseased condition and the extent of permanent partial disability which the injury would have caused were it not for the disease, and compensation shall be awarded only therefor. 51.32.110 Medical examination—Refusal, obstruction or non-cooperation—Traveling expenses—Pay for time lost (as amended by 1977 1st ex.s. c 323). Any worker entitled to receive any benefits or claiming such under this title shall, if requested by the department or self-insurer, submit himself or herself for medical examination, at a time and from time to time, at a place reasonably convenient for the worker and as may be provided by the rules of the department. If the worker refuses to submit to medical examination, or obstructs the same, or, if any injured worker shall persist in unsanitary or injurious practices which tend to imperil or retard his or her recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his or her recovery or refuse or obstruct evaluation or examination for the purpose of vocational rehabilitation or does not cooperate in reasonable efforts at such rehabilitation, the department or the self-insurer upon approval by the department, with notice to the worker may suspend any further action on any claim of such worker so long as such refusal, obstruction, noncooperation, or practice continues and reduce, suspend, or deny any compensation for such period: *Provided*, That the department or the self-insurer shall not suspend any further action on any claim of a worker or reduce, suspend, or deny any compensation if a worker has good cause for refusing to submit to or to obstruct any examination, evaluation, treatment or practice requested by the department or required under this section. If the

worker necessarily incurs traveling expenses in attending for examination pursuant to the request of the department, such traveling expenses shall be repaid to him or her out of the accident fund upon proper voucher and audit or shall be repaid by the self-insurer, as the case may be.

If the medical examination required by this section causes the worker to be absent from his or her work without pay he or she shall be paid for such time lost in accordance with the schedule of payments provided in RCW 51.32.090 as amended. Any worker entitled to receive compensation or claiming compensation under this title shall, if requested by the department or self-insurer, submit himself or herself for medical examination, at a time and from time to time, at a place reasonably convenient for the worker and as may be provided by the rules of the department. If the worker refuses to submit to medical examination, or obstructs the same, or, if any injured worker shall persist in unsanitary or injurious practices which tend to imperil or retard his or her recovery, or shall refuse to submit to such medical or surgical treatment as is reasonably essential to his or her recovery, the department or the self-insurer upon approval by the department, with notice to the worker may reduce or suspend the compensation of such worker so long as such refusal or practice continues. If the worker necessarily incurs traveling expenses in attending for examination pursuant to the request of the department, such traveling expenses shall be repaid to him or her out of the accident fund upon proper voucher and audit.

If the medical examination required by this section causes the worker to be absent from his or her work without pay he or she shall be paid for such time lost in accordance with the schedule of payments provided in RCW 51.32.090 as amended. (1) If the self-insurer denies a claim for compensation, written notice of such denial, clearly informing the claimant of the reasons therefor and that the director will rule on the matter shall be mailed or given to the claimant and the director within seven days after the self-insurer has notice of the claim.

(2) Until such time as the department has entered an order in a disputed case acceptance of compensation by the claimant shall not be considered a binding determination of his or her rights under this title. Likewise the payment of compensation shall not be considered a binding determination of the obligations of the self-insurer as to future compensation payments.

(3) Upon making the first payment of income benefits, and upon stopping or changing of such benefits

except where a determination of the permanent disability has been made as elsewhere provided in this title, the self-insurer shall immediately notify the director in accordance with a form to be prescribed by the director that the payment of income benefits has begun or has been stopped or changed. Where temporary disability compensation is payable, the first payment thereof shall be made within fourteen days after notice of claim and shall continue at regular semimonthly or biweekly intervals.

(4) If, after the payment of compensation without an award, the self-insurer elects to controvert the right to compensation, the payment of compensation shall not be considered a binding determination of the obligations of the self-insurer as to future compensation payments. The acceptance of compensation by the worker or his or her beneficiaries shall not be considered a binding determination of their rights under this title.

(5) The director (a) may, upon his or her own initiative at any time in a case in which payments are being made without an award, and (b) shall, upon receipt of information from any person claiming to be entitled to compensation, from the self-insurer, or otherwise that the right to compensation is controverted, or that payment of compensation has been opposed, stopped or changed, whether or not claim has been filed, promptly make such inquiry as circumstances require, cause such medical examinations to be made, hold such hearings, require the submission of further information, make such orders, decisions or awards, and take such further action as he or she considers will properly determine the matter and protect the rights of all parties.

(6) The director, upon his or her own initiative, may make such inquiry as circumstances require or is necessary to protect the rights of all the parties and he or she may enact rules and regulations providing for procedures to ensure fair and prompt handling by self-insurers of the claims of workers and beneficiaries. [1977 1st ex.s. c 350 § 54; 1972 ex.s. c 43 § 25; 1971 ex.s. c 289 § 47.]

51.32.210 Claims of injured workmen to be acted upon promptly—Payment—Acceptance—Effect. Claims of injured workers of employers who have secured the payment of compensation by insuring with the department shall be promptly acted upon by the department. Where temporary disability compensation is payable, the first payment thereof shall be mailed within fourteen days after receipt of the claim at the department's offices in Olympia and shall continue at regular semimonthly intervals. The payment of this or any other benefits under this title, prior to the entry of an order by the department in accordance with RCW 51.52.050 as now or hereafter amended, shall be not considered a binding determination of the obligations of the department under this title. The acceptance of compensation by the worker or his or her beneficiaries prior to such order shall likewise not be considered a binding determination of their rights under this title. [1977 1st ex.s. c 350 § 55; 1972 ex.s. c 43 § 26.]

51.32.220 Reduction in compensation for temporary or permanent total disability—Limitation. For persons

under the age of sixty-two receiving compensation for temporary or permanent total disability pursuant to the provisions of chapter 51.32 RCW, such compensation shall be reduced by an amount equal to the benefits payable under the federal old-age, survivors and disability insurance act as now or hereafter amended not to exceed the amount of the reduction established pursuant to 42 USC 424a. However, such reduction shall not apply when the combined compensation provided pursuant to chapter 51.32 RCW and the federal old-age, survivors and disability insurance act is less than the total benefits to which the federal reduction would apply, pursuant to 42 USC 424a. Where any person described in this section refuses to authorize the release of information concerning the amount of benefits payable under said federal act the department's estimate of said amount shall be deemed to be correct unless and until the actual amount is established and no adjustment shall be made for any period of time covered by any such refusal. [1977 1st ex.s. c 323 § 19; 1975 1st ex.s. c 286 § 3.]

Every worker whose injury results in the loss of one or more limbs or eyes shall be provided with proper artificial substitutes and every worker, who suffers an injury to an eye producing an error of refraction, shall be once provided proper and properly equipped lenses to correct such error of refraction and his or her disability rating shall be based upon the loss of sight before correction. The employer shall pay monthly into the medical aid fund ten percent of the amount he or she would have been required to pay in that month if such contract had not been made, and of that ten percent he or she shall collect one-half from his or her said workers by proper deduction from the daily wage of each and, in addition thereto, every classification and subclassification of industries whose employer and employees are under medical aid contract, shall pay into the surplus fund hereby created a further sum to be determined by the director, through the division of industrial insurance, not exceeding ten percent of the amount that would have been required to be paid into the medical aid fund if such contract had not been made and the employer shall collect such sum from the party agreeing to furnish such medical aid and hospital service. The amount at which such surplus fund shall be maintained in each classification and subclassification shall be determined by the director, through the division of industrial insurance, based upon the estimated costs of such future medical treatment required to be furnished after the expiration or cancellation of the medical aid contract, except as in this chapter provided. When adequate reserves for such purpose have been accumulated to the credit of any classification and subclassification the levy therefor may be suspended in the discretion of the director. Such appointments shall be for a definite period of time, and shall be made from lists submitted respectively by labor and industry as in the case of regular members. One pro-tem member shall be a representative of labor and one shall be a representative of industry. The worker, beneficiary, employer, or other person shall be deemed to have waived all objections or irregularities concerning the matter on which such appeal is taken other than those specifically set forth in such notice of appeal or

appearing in the records of the department. The department shall promptly transmit its original record, or a legible copy thereof produced by mechanical, photographic, or electronic means, in such matter to the board. 51.52.095 Conference for disposal of matters involved in appeal. The board, upon request of the worker, beneficiary, or employer, or upon its own motion, may direct all parties interested in an appeal, together with their attorneys, if any, to appear before it, a member of the board, or an authorized hearing examiner, for a conference for the purpose of determining the feasibility of settlement, the simplification of issues of law and fact, the necessity of amendments to the notice of appeal or other pleadings, the possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof, the limitation of the number of expert witnesses, and such other matters as may aid in the disposition of the appeal. Such conference may be held prior to the hearing, or it may be held during the hearing, at the discretion of the board member or hearing examiner conducting the same, in which case the hearing will be recessed for such conference. Following the conference, the board member or hearing examiner conducting the same, shall state on the record the results of such conference, and the parties present or their representatives shall state their concurrence on the record. Such agreement as stated on the record shall control the subsequent course of the proceedings, unless modified at a subsequent hearing to prevent manifest injustice. If agreement concerning final disposition of the appeal is reached by the parties present at the conference, or by the employer and worker or beneficiary, the board may enter a final decision and order in accordance therewith, providing the board finds such agreement is in conformity with the law and the facts. [1977 1st ex.s. c 350 § 78; 1963 c 148 § 3; 1963 c 6 § 1; 1961 c 23 § 51.52.095. Prior: 1951 c 225 § 10.]

51.52.100 Proceedings before board—Contempt. Hearings shall be held in the county of the residence of the worker or beneficiary, or in the county where the injury occurred, at a place designated by the board. Such hearing shall be de novo and summary, but no witness' testimony shall be received unless he or she shall first have been sworn to testify the truth, the whole truth and nothing but the truth in the matter being heard, or unless his or her testimony shall have been taken by deposition according to the statutes and rules relating to superior courts of this state. The department shall be entitled to appear in all proceedings before the board and introduce testimony in support of its order. The board shall cause all oral testimony to be stenographically reported and thereafter transcribed, and

when transcribed, the same, with all depositions, shall be filed in, and remain a part of, the record on the appeal. Such hearings on appeal to the board may be conducted by one or more of its members, or a duly authorized hearing examiner, and depositions may be taken by a person duly commissioned for the purpose by the board.

Members of the board, its duly authorized hearing examiners, and all persons duly commissioned by it for the purpose of taking depositions, shall have power to administer oaths; to preserve and enforce order during such hearings; to issue subpoenas for, and to compel the attendance and testimony of, witnesses, or the production of books, papers, documents, and other evidence, or the taking of depositions before any designated individual competent to administer oaths, and it shall be their duty so to do to examine witnesses; and to do all things conformable to law which may be necessary to enable them, or any of them, effectively to discharge the duties of his or her office.

If any person in proceedings before the board disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the same, or neglects to produce, after having been ordered so to do, any pertinent book, paper or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take oath as a witness, or after having the oath refuses to be examined according to law, the board or any member or duly authorized hearing examiner may certify the facts to the superior court having jurisdiction in the place in which said board or member or hearing examiner is sitting; the court shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and, if the evidence so warrants, punish such person in the same manner and to the same extent as for a contempt committed before the court, or commit such person upon the same conditions as if the doing of the forbidden act had occurred with reference to the proceedings, or in the presence, of the court. Supp. 1949 § 7697, part.]

51.52.110 Court appeal—Taking the appeal. Within thirty days after a decision of the board to deny the petition or petitions for review upon such appeal has been communicated to such worker, beneficiary, employer or other person, or within thirty days after the final decision and order of the board upon such appeal has been communicated to such worker, beneficiary, employer or other person, or within thirty days after the appeal is deemed denied as herein provided, such worker, beneficiary, employer or other person aggrieved by the decision and order of the board may appeal to the superior court.

In cases involving injured workers such appeal shall be to the superior court of the county of residence of the worker or beneficiary, as shown by the department's records, or to the superior court of the county wherein

the injury occurred or where neither the county of residence nor the county wherein the injury occurred are in the state of Washington then the appeal may be directed to the superior court for Thurston county. In all other cases the appeal shall be to the superior court of Thurston county. Such appeal shall be perfected by filing with the clerk of the court a notice of appeal and by serving a copy thereof by mail, or personally, on the director and on the board. If the case is one involving a self-insurer, a copy of the notice of appeal shall also be served by mail, or personally, on such self-insurer. The department shall, in all cases not involving a self-insurer, within twenty days after the receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. If the case is one involving a self-insurer, such self-insurer shall, within twenty days after receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed to be at issue. In such cases the department may appear and take part in any proceedings. The board shall serve upon the appealing party, the director, the self-insurer if the case involves a self-insurer, and any other party appearing at the board's proceeding, and file with the clerk of the court before trial, a certified copy of the board's official record which shall include the notice of appeal and other pleadings, testimony and exhibits, and the board's decision and order, which shall become the record in such case. No bond shall be required on appeals to the superior court or on appeals to the supreme court or the court of appeals, except that an appeal by the employer from a decision and order of the board under RCW 51.48.070, shall be ineffectual unless, within five days following the service of notice thereof, a bond, with surety satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named an appeal shall not be a stay: *Provided, however,* That whenever the board has made any decision and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court. 51.52.120 Attorney's fee before department or board—Unlawful attorney's fees. (1) It shall be unlawful for an attorney engaged in the representation of any worker or beneficiary to charge for services in the department any fee in excess of a reasonable fee, of not more than thirty percent of the increase in the award secured by the attorney's services. Such reasonable fee

shall be fixed by the director for services performed by an attorney for such worker or beneficiary, prior to the notice of appeal to the board if written application therefor is made by the attorney, worker or beneficiary.

(2) If, on appeal to the board, the order, decision or award of the department is reversed or modified and additional relief is granted to a worker or beneficiary, or in cases where a party other than the worker or beneficiary is the appealing party and the worker's or beneficiary's right to relief is sustained by the board, the board shall fix a reasonable fee for the services of his or her attorney in proceedings before the board if written application therefor is made by the attorney, worker or beneficiary. In fixing the amount of such attorney's fee, the board shall take into consideration the fee allowed, if any, by the director, for services before the department, and the board may review the fee fixed by said director. Any attorney's fee set by the department or the board may be reviewed by the superior court upon application of such attorney. Where the board, pursuant to this section, fixes the attorney's fee, it shall be unlawful for an attorney to charge or receive any fee for services before the board in excess of that fee fixed by the board. Any person who violates any provision of this section shall be guilty of a misdemeanor. [1977 1st ex.s. c 350 § 81; 1965 ex.s. c 63 § 1; 1961 c 23 § 51.52.120. 51.52.130 Attorney and witness fees in court appeal.

If, on appeal to the court from the decision and order of the board, said decision and order is reversed or modified and additional relief is granted to a worker or beneficiary, or in cases where a party other than the worker or beneficiary is the appealing party and the worker's or beneficiary's right to relief is sustained by the court, a reasonable fee for the services of the worker's or beneficiary's attorney shall be fixed by the court. In fixing the fee the court shall take into consideration the fee or fees, if any, fixed by the director and the board for such attorney's services before the department and the board. If the court finds that the fee fixed by the director or by the board is inadequate for services performed before the department or board, or if the director or the board has fixed no fee for such services, then the court shall fix a fee for the attorney's services before the department, or the board, as the case may be, in addition to the fee fixed for the services in the court. If the decision and order of the board is reversed or modified and if the accident fund is affected by the litigation then the attorney's fee fixed by the court for services before the court only, and the fees of medical and other witnesses and the costs shall be payable out of the administrative fund of the department. Evidence of the existence of such insurance, bonds, or security shall be on file with the commission at all times during the term of the lease: *Provided*, That nothing in this section shall prevent the port commission from requiring additional security on leases or provisions thereof, or on other agreements to use port facilities: *Provided further*, That any security agreement may provide for termination on the anniversary date of such agreement on not less than one year's written notice to the port if said lease is not in default at the time of said notice: *Provided further*, That if the security as required herein is not maintained throughout the full term of the lease, said lease shall be considered in default: *Provided, however*, That the port commission may in its discretion waive the rent security requirement or lower the amount of such requirement on the lease of real and/or personal port property to organizations which are organized and/or function under the provisions of chapter 24.03 RCW, the Washington Nonprofit

54.04.082 Alternative bid procedure—Telephone and/or written quotations of price. For the awarding of a contract to purchase any item, or items of the same kind of materials, equipment, or supplies in an amount exceeding five thousand dollars, but less than fifteen thousand dollars, exclusive of sales tax, the commission may, in lieu of the procedure described in RCW 54.04-.070 and 54.04.080 requiring public notice to invite sealed proposals for such materials, equipment, or supplies, authorize by commission resolution a staff procedure for securing telephone and/or written quotations from enough vendors to assure establishment of a competitive price and for awarding such contracts for purchase of materials, equipment, or supplies to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and shall be posted or otherwise made available at the office of the commission or any other officially designated location. -----------	--

54.08.010 Districts including entire county or less—Procedure. At any general election held in an even-numbered year the county legislative authority of

any county in this state may, or on petition of ten percent of the qualified electors of such county, based on the total vote cast in the last general county election, shall, by resolution, submit to the voters of such county the proposition of creating a public utility district which shall be coextensive with the limits of such county as now or hereafter established. Such petition shall be filed with the county auditor, who shall within fifteen days examine the signatures thereof and certify to the sufficiency or insufficiency thereof, and for such purpose the county auditor shall have access to all registration books in the possession of election officers within such county. If such petition be found to be insufficient, it shall be returned to the persons filing the same, who may amend or add names thereto for ten days, when the same shall be returned to the county auditor, who shall have an additional fifteen days to examine the same and attach his certificate thereto. No person having signed such petition shall be allowed to withdraw his name therefrom after the filing of the same with the county auditor. Whenever such petition shall be certified to as sufficient, the county auditor shall forthwith transmit the same, together with his certificate of sufficiency attached thereto, to the county legislative authority, which shall thereupon immediately transmit such proposition to the election board of such county, and it shall be the duty of such county election board to submit such proposition to the voters at the next general election. The notice of the election shall state the boundaries of the proposed public utility district and the object of such election, and shall in other respects conform to the requirements of the general laws of the state of Washington, governing the time and manner of holding elections. In submitting the said question to the voters for their approval or rejection, the proposition shall be expressed on said ballot substantially in the following terms:

Public Utility District No. YES
 Public Utility District No. NO

Any petition for the formation of a public utility district may describe a less area than the entire county in which the petition is filed, the boundaries of which shall follow the then existing precinct boundaries and not divide any voting precinct; and in the event that such a petition is filed the county legislative authority shall fix a date for a hearing on such petition, and shall publish the petition, without the signatures thereto appended, for two weeks prior to the date of the hearing, together with a notice stating the time of the meeting when such petition will be heard. Such publication, and all other publications required by this act, shall be in a newspaper published in the proposed or established public utility district, or, if there be no such newspaper, then in a newspaper published in the county in which such district is situated, and of general circulation in such county. The hearing on such petition may be adjourned from time to time, not exceeding four weeks in all. If upon the final hearing the county legislative authority shall find that any lands have been unjustly or improperly included within the proposed public utility district and will not be benefited by inclusion therein, it shall change and fix the

boundary lines in such manner as it shall deem reasonable and just and conducive to the public welfare and convenience, and make and enter an order establishing and defining the boundary lines of the proposed public utility district: *Provided*, That no lands shall be included within the boundaries so fixed lying outside the boundaries described in the petition, except upon the written request of the owners of such lands. Thereafter the same procedure shall be followed as prescribed in this chapter for the formation of a public utility district including an entire county, except that the petition and election shall be confined solely to the lesser public utility district. 54.12.010 When district formed—Commissioners—Election—Terms—District boundaries change, etc. Within ten days after such election, the election board of the county shall canvass the returns, and if at such election a majority of the voters voting upon such proposition shall vote in favor of the formation of such district, the election board shall so declare in its canvass of the returns of such election, and such public utility district shall then be and become a municipal corporation of the state of Washington, and the name of such public utility district shall be Public Utility District No. of County. The powers of the public utility district shall be exercised through a commission consisting of three members in three commissioner districts, and five members in five commissioner districts. When the public utility district is coextensive with the limits of such county, then, at the first election of commissioners and until any change shall have been made in the boundaries of public utility district commissioner districts, one public utility district commissioner shall be chosen from each of the three county commissioner districts of the county in which the public utility district is located. When the public utility district comprises only a portion of the county, with boundaries established in accordance with chapter 54.08 RCW, three public utility district commissioner districts, numbered consecutively, having approximately equal population and boundaries, following ward and precinct lines, as far as practicable, shall be described in the petition for the formation of the public utility district, which shall be subject to appropriate change by the county commissioners if and when they change the boundaries of the proposed public utility district, and one commissioner shall be elected from each of said public utility district commissioner districts. In all five commissioner districts an additional commissioner at large shall be chosen from each of the two at large districts. No person shall be eligible to be elected to the

office of public utility district commissioner for a particular district commissioner district unless he is a registered voter of the public utility district commissioner district or at large district from which he is elected.

Except as otherwise provided, the term of office of each public utility district commissioner other than the commissioners at large shall be six years, and the term of each commissioner at large shall be four years. Each term shall be computed from the first day of December following the commissioner's election. One commissioner at large and one commissioner from a commissioner district shall be elected at each general election held in an even-numbered year for the term of four years and six years respectively. All candidates shall be voted upon by the entire public utility district.

When a public utility district is formed, three public utility district commissioners shall be elected at the same election at which the proposition is submitted to the voters as to whether such public utility district shall be formed. The commissioner residing in commissioner district number one shall hold office for the term of six years; the commissioner residing in commissioner district number two shall hold office for the term of four years; and the commissioner residing in commissioner district number three shall hold office for the term of two years. The commissioners first to be elected as above provided shall hold office from the first day of the month following the commissioners' election. Each term shall be computed from the first day of December following the commissioners' election.

All public utility district commissioners shall hold office until their successors shall have been elected and have qualified. A filing for nomination for public utility district commissioner shall be accompanied by a petition signed by one hundred registered voters of the public utility district, which shall be certified by the county auditor to contain the required number of registered voters, and shall otherwise be filed in accord with the requirements of RCW 29.21.060. At the time of filing such nominating petition, the person so nominated shall execute and file a declaration of candidacy subject to the provisions of RCW 29.21.060, as now or hereafter amended. The petition and each page of the petition shall state whether the nomination is for a commissioner from a particular commissioner district or for a commissioner at large and shall state the districts; otherwise it shall be void. A vacancy in the office of public utility district commissioner shall occur by death, resignation, removal, conviction of a felony, nonattendance at meetings of the public utility district commission for a period of sixty days unless excused by the public utility district commission, by any statutory disqualification, or by any permanent disability preventing the proper discharge of his duty. In the event of a vacancy in said office, such vacancy shall be filled at the next general election held in an even-numbered year, the vacancy in the interim to be filled by appointment by the remaining commissioners. If more than one vacancy exists at the same time in a three commissioner district, or more than two in a five commissioner district, a special election shall be called by the county election board upon the request of the remainder, or, that failing, by the county election board,

such election to be held not more than forty days after the occurring of such vacancies.

A majority of the persons holding the office of public utility district commissioner at any time shall constitute a quorum of the commission for the transaction of business, and the concurrence of a majority of the persons holding such office at the time shall be necessary and shall be sufficient for the passage of any resolution, but no business shall be transacted, except in usual and ordinary course, unless there are in office at least a majority of the full number of commissioners fixed by law.

The boundaries of the public utility district commissioners' district may be changed only by the public utility district commission, and shall be examined every ten years to determine substantial equality of population, but said boundaries shall not be changed oftener than once in four years, and only when all members of the commission are present. The proposed change of the boundaries of the public utility district commissioners' district must be made by resolution and after public hearing. Notice of the time of a public hearing thereon shall be published for two weeks prior thereto. Upon a referendum petition signed by ten percent of the qualified voters of the public utility district being filed with the county auditor, the board of county commissioners shall submit such proposed change of boundaries to the voters of the public utility district for their approval or rejection. Such petition must be filed within ninety days after the adoption of resolution of the proposed action. The validity of said petition shall be governed by the provisions of chapter 54.08 RCW. [1977 1st ex.s. c 36 § 8; 1977 c 53 § 2; 1969 c 106 § 1; 1959 c 265 § 9; 1941 c 245 § 4; 1931 c 1 § 4; Rem. Supp. 1941 § 11608. Formerly RCW 54.08.030, 54.08.040, 54.12.010 through 54.12.070.]

54.12.080 Compensation and expenses—Group insurance. Each district commissioner of a district operating utility properties shall receive a salary during a calendar year which shall depend upon the total gross revenue of the district from its distribution system and its generating system, if any, for the fiscal year ending June 30th prior to such calendar year, based upon the following schedule:

REVENUE	SALARY
OVER \$15 million	\$500 per month
\$2 to 15 million	\$350 per month

Commissioners of other districts shall serve without salary unless the district provides by resolution for the payment thereof, which however shall not exceed two hundred dollars per month for each commissioner: *Provided*, That a commissioner serving a term of office on September 21, 1977, in a district serving more than two thousand customers but with less than two million dollars gross annual revenue shall receive a salary of two hundred dollars per month through completion of the present term of office. In addition to salary, all districts may provide by resolution for the payment of per diem compensation to each commissioner at a rate not exceeding thirty-five dollars for each day or major part

thereof devoted to the business of the district, and days upon which he attends meetings of the commission of his district or meetings attended by one or more commissioners of two or more districts called to consider business common to them, but such per diem compensation paid during any one year to a commissioner shall not exceed five thousand dollars. Per diem compensation shall not be paid for services of a ministerial or professional nature.

Each district commissioner shall be reimbursed for reasonable expenses actually incurred in connection with such business and meetings, including his subsistence and lodging and travel while away from his place of residence.

Any district providing group insurance for its employees, covering them, their immediate family and dependents, may provide insurance for its commissioner with the same coverage. The water district commissioners before ordering any improvements hereunder or submitting to vote any proposition for incurring any indebtedness shall adopt a general comprehensive plan of water supply for the district. They shall investigate the several portions and sections of the district for the purpose of determining the present and reasonably foreseeable future needs thereof; shall examine and investigate, determine and select a water supply or water supplies for such district suitable and adequate for present and reasonably foreseeable future needs thereof; and shall consider and determine a general system or plan for acquiring such water supply or water supplies; and the lands, waters and water rights and easements necessary therefor, and for retaining and storing any such waters, erecting dams, reservoirs, aqueducts and pipe lines to convey the same throughout such district. The water district commissioners shall determine a general comprehensive plan for distributing such water throughout such portion of the district as may then reasonably be served by means of subsidiary aqueducts and pipe lines, and the method of distributing the cost and expense thereof against such water district and against local improvement districts or

utility local improvement districts within such water district for any lawful purpose, and including any such local improvement district or utility local improvement district lying wholly or partially within the limits of any city or town in such district, and shall determine whether the whole or part of the cost and expenses shall be paid from water revenue bonds as in this act provided. The commissioners may employ such engineering and legal service as in their discretion is necessary in carrying out the objects and purposes of *this act.

The general comprehensive plan shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the water district lies. If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the legislative authority of cities and towns before becoming effective.

Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan: *Provided*, That only if the amendment, alteration, or addition effects [affects] a particular city or town, shall the amendment, alteration or addition be subject to approval by such particular city or town legislative authority. A district may sell and convey, lease, or otherwise dispose of all or any part of its works, plants, systems, utilities and properties, after proceedings and approval by the voters of the district, as provided for the lease or disposition of like properties and facilities owned by cities and towns: *Provided*, That the affirmative vote of three-fifths of the voters voting at an election on the question of approval of a proposed sale, shall be necessary to authorize such sale: *Provided further*, That a district may sell, convey, lease or otherwise dispose of all or any part of the property owned by it, located outside its boundaries, to another public utility district, city, town or other municipal corporation without the approval of the voters; or may sell, convey, lease, or otherwise dispose of to any person or public body, any part, either within or without its boundaries, which has become unserviceable, inadequate, obsolete, worn out or unfit to be used in the operations of the system and which is no longer necessary, material to, and useful in such operations, without the approval of

the voters: *Provided further*, That a public utility district located within a county of the first class may sell and convey to a city of the first class, which owns its own water system, all or any part of a water system owned by said public utility district where a portion of it is located within the boundaries of such city, without approval of the voters upon such terms and conditions as the district shall determine: *Provided further*, That a public utility district located in a fifth class county and bordered by the Columbia river may, separately or in connection with the operation of a water system, or as part of a plan for acquiring or constructing and operating a water system, or in connection with the creation of another or subsidiary local utility district, may provide for the acquisition or construction, additions or improvements to, or extensions of, and operation of a sewage system within the same service area as in the judgment of the district commission is necessary or advisable in order to eliminate or avoid any existing or potential danger to the public health by reason of the lack of sewerage facilities or by reason of the inadequacy of existing facilities: *And provided further*, That a public utility district located within a county of the first class bordering on Puget Sound may sell and convey to any city of the third class or town all or any part of a water system owned by said public utility district without approval of the voters upon such terms and conditions as the district shall determine. With respect to each such district, except with respect to thermal electric generating facilities taxed under RCW 54.28.025, such tax shall be the sum of the following amounts: (1) Two percent of the gross revenues derived by the district from the sale of all electric energy which it distributes to consumers who are served by a distribution system owned by the district; (2) five percent of the first four mills per kilowatt-hour of wholesale value of self-generated energy distributed to consumers by a district; (3) five percent of the first four mills per kilowatt-hour of revenue obtained by the district from the sale of self-generated energy for resale. 54.28.030 Districts' report to department of revenue. On or before the fifteenth day of March of each year, each district subject to this tax shall file with the department of revenue a report verified by the affidavit of its manager or secretary on forms prescribed by the department of revenue. Such report shall state (1) the gross revenues derived by the district from the sale of all distributed energy to consumers and the respective amounts derived from such sales within each county; (2) the gross revenues derived by the district from the sale of self-generated energy for resale; (3) the amount of all generated energy distributed from each of the facilities subject to taxation by a district from its own generating facilities, the wholesale value thereof, and the basis on which the value is computed; (4) the total cost of all generating facilities and the cost of acquisition of land and land rights for such facilities or for reservoir purposes in each county; and (5) such other and further information as the department of revenue reasonably may require in order to administer the provisions of this chapter. 54.28.050 Distribution of tax. After computing the tax imposed by RCW 54.28.020, the department of revenue shall instruct the state treasurer, after placing four percent in the state general fund, to distribute the balance collected under RCW 54.28.020 subsection (1) to each county in proportion to the gross revenue from sales made within each county; and to distribute the balance collected under RCW 54.28.020 (2) and (3) as follows: If the entire generating facility, including reservoir, if any, is in a single county then all of the balance to the county where such generating facility is located. If any reservoir is in more than one county, then to each county in which the reservoir or any portion thereof is located a percentage equal to the percentage determined by dividing the total cost of the generating facilities, including adjacent switching facilities, into twice the cost of land and land rights acquired for any reservoir within each county, land and land rights to be defined the same as used by the federal power commission. If

the powerhouse and dam, if any, in connection with such reservoir are in more than one county, the balance shall be divided sixty percent to the county in which the owning district is located and forty percent to the other county or counties or if said powerhouse and dam, if any, are owned by a joint operating agency organized under chapter 43.52 RCW, or by more than one district or are outside the county of the owning district, then to be divided equally between the counties in which such facilities are located. 54.28.055 Distribution of tax proceeds from thermal electric generating facilities. (1) After computing the tax imposed by RCW 54.28.025, the department of revenue shall instruct the state treasurer to distribute the amount collected as follows:

(a) Fifty percent to the state general fund for the support of schools; and

(b) Twenty-two percent to the counties, twenty-three percent to the cities, three percent to the fire protection districts, and two percent to the library districts.

(2) Each county, city, fire protection district and library district shall receive a percentage of the amount for distribution to counties, cities, fire protection districts and library districts, respectively, in the proportion that the population of such district residing within the impacted area bears to the total population of all such districts residing within the impacted area.

(3) If any distribution pursuant to subsection (1)(b) of this this section cannot be made, then that share shall be prorated among the state and remaining local districts.

54.40.040 Election to reclassify district as a five commissioner district—Ballot form—Vote required. A public utility district shall be classified as a five commissioner district only by approval of the qualified voters of the district. Such approval shall be by an election upon petition as hereinafter provided. In submitting the question to the voters for their approval or rejection, the proposition shall be expressed on the ballot in substantially the following terms:

Said petition shall be presented to the county auditor for verification of the validity of the signatures. Within thirty days after receipt of the petition, the county auditor, in conjunction with the city clerks of the incorporated areas in which any signer is registered, shall determine the sufficiency of the petition. 56.08.013 Authority to reduce pollutants in lakes, streams, and waterways. Where a sewer district contains within its borders, abuts, or is located adjacent to any lake, stream, or other waterway within the state of Washington, by resolution the board of commissioners may provide for the reduction, minimization, or elimination of pollutants from these waters and may authorize the issuance of general obligation bonds within the limits prescribed by RCW 56.16.010, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters. [1977 1st ex.s. c 146 § 1.]

56.08.020 General comprehensive plan—Approval of engineer, director of health, and city, town or county—Amendments. The sewer commissioners before ordering any improvements hereunder or submitting to vote any proposition for incurring indebtedness shall adopt a general comprehensive plan for a system of sewers for the district. They shall investigate all portions and sections of the district and select a general comprehensive plan for a system of sewers for the district suitable and adequate for present and reasonably foreseeable future needs thereof. The general comprehensive plan shall provide for treatment plants and other methods for the disposal of sewage and industrial and other liquid wastes now produced or which may reasonably be expected to be produced within the district and shall, for such portions of the district as may then reasonably be served, provide for the acquisition or construction and installation of laterals, trunk sewers, intercepting sewers, syphons, pumping stations, or other sewage collection facilities. The general comprehensive plan shall provide the method of distributing the cost and expense of the sewer system provided therein against the district and against utility local improvement districts within the district, including any utility local

improvement district lying wholly or partially within any other political subdivision included in the district; and provide whether the whole or some part of the cost and expenses shall be paid from sewer revenue bonds. The commissioners may employ such engineering and legal services as they deem necessary in carrying out the purposes hereof. The general comprehensive plan shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the sewer district lies. If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the legislative authority of cities and towns before becoming effective.

Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan: *Provided*, That only if the amendment, alteration, or addition, effects [affects] a particular city or town, shall the amendment, alteration, or addition be subject to approval by such particular city or town legislative authority. In the event no general obligation bonds are authorized to be issued to carry out the general comprehensive plan, the commissioners may proceed with the improvement authorized in the general comprehensive plan after they have authorized, by resolution, the issuance of revenue bonds for the construction of such improvement. The amount of the revenue bonds to be issued shall be included in the resolution submitted. [1977 1st ex.s. c 300 § 2; 1953 c 250 § 7; 1941 c 210 § 15; Rem. Supp. 1941 § 9425-24.]

Special assessments and taxation for local improvements: State Constitution Art. 7 § 9.

56.16.030 Additions and betterments. In the same manner as herein provided for the adoption of the general comprehensive plan, and after the adoption of the general comprehensive plan, a plan providing for additions and betterments to the general comprehensive plan, or reorganized district may be adopted. Without limiting its generality "additions and betterments" shall include any necessary change in, amendment of, or addition to the general comprehensive plan. Adoption of general comprehensive plan: RCW 56.08.020.

56.16.035 Additional revenue bonds for increased cost of improvements. Whenever a sewer district shall have adopted a general comprehensive plan, and bonds to defray the cost thereof shall have been authorized by the board of commissioners, and if before completion of the improvements the board of commissioners shall by resolution find that the authorized bonds are not sufficient to defray the cost of such improvements due to the increase of costs of construction subsequent to the adoption of said plan, the board of commissioners may, by resolution, authorize the issuance and sale of additional sewer revenue bonds for such purpose in excess of those previously issued. [1977 1st ex.s. c 300 § 5; 1959 c 103 § 7.]

56.16.100 Collection of charges—Lien. The commissioners shall enforce collection of the sewer connection charges and sewerage disposal service charges against property to which and its owners to whom the service is available, such charges being deemed charges against the property to which the service is available, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either sewer connection charges or sewer service charges are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate fixed by resolution, shall be a lien against the property to which the service was available, subject only to the lien for general taxes. [1977 1st ex.s. c 300 § 6; 1971 ex.s. c 272 § 5; 1953 c 250 § 14; 1941 c 210 § 23; Rem. Supp. 1941 § 9425–32.]

56.16.110 Foreclosure of lien for charges. The district may, at any time after the sewer connection charges or sewerage disposal service charges and penalties provided for in RCW 56.16.100, as now or hereafter amended, are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is situated. The court may allow, in addition to the costs and disbursements provided by statute, such an attorney's fee as it may adjudge reasonable. The action shall be in rem against the property, and in addition may be brought in the name of the district against an individual, or against all of those who are delinquent in one action, and the laws and rules of the court shall control as in other civil actions. [1977 1st ex.s. c 300 § 7; 1971 ex.s. c 272 § 6; 1953 c 250 § 15; 1941 c 210 § 24; Rem. Supp. 1941 § 9425–33.]

The board of sewer commissioners may by resolution provide for the issuance of refunding revenue bonds to refund outstanding general obligation bonds and/or revenue bonds, or any part thereof, at maturity thereof, or before maturity thereof, if they are subject to call for prior redemption, or if all of the holders thereof consent

thereto. The total cost to the district over the life of said refunding revenue bonds shall not exceed the total cost, which the district would have incurred but for such refunding, over the remainder of the life of the bonds being refunded. Uncollected assessments originally payable into the revenue bond fund of a refunded revenue bond issue shall be paid into the revenue bond fund of the refunding issue. The provisions of RCW 56.16.060 specifying the form and maturities of revenue bonds shall apply to the refunding revenue bonds issued under this title.

Refunding general obligation bonds or refunding revenue bonds may be exchanged for the bonds being refunded or may be sold in such manner as the sewer commissioners shall deem for the best interest of the sewer district. In case the board of sewer commissioners shall desire to initiate the formation of a utility local improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed utility local improvement district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property

within the proposed district, and fixing a date, time and place for a public hearing on the formation of the proposed local district, which date shall, unless there is an emergency, be no less than thirty days and no more than ninety days from the day the resolution of intention was adopted.

In case any such utility local improvement district shall be initiated by petition, such petition shall set forth the nature and territorial extent of such proposed improvement and the fact that the signers thereof are the owners according to the records of the county auditor of at least fifty-one percent of the area of land within the limits of the utility local improvement district to be created. Upon the filing of such petition with the secretary of the board of sewer commissioners, the board shall determine whether the same shall be sufficient, and the board's determination thereof shall be conclusive upon all persons. Whenever such notices are mailed, the sewer commissioners shall maintain a list of such reputed property owners, which list shall be kept on file at a location within the sewer district and shall be made available for public perusal. The notices shall refer to the resolution of intention and designate the proposed improvement district by number. Said notices shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the date, time and place of the hearing before the board of sewer commissioners. There may be included as part of the system the installation of fire hydrants at suitable places throughout the district, and the purchase and maintenance of necessary fire fighting equipment and apparatus, together with facilities for housing same. The water district commissioners shall determine a general comprehensive plan for distributing such water throughout such portion of the district as may then reasonably be served by means of

subsidiary aqueducts and pipe lines, and the method of distributing the cost and expense thereof against such water district and against local improvement districts or utility local improvement districts within such water district for any lawful purpose, and including any such local improvement district or utility local improvement district lying wholly or partially within the limits of any city or town in such district, and shall determine whether the whole or part of the cost and expenses shall be paid from water revenue bonds as in this act provided. The commissioners may employ such engineering and legal service as in their discretion is necessary in carrying out the objects and purposes of *this act.

The general comprehensive plan shall be adopted by resolution and submitted to an engineer designated by the legislative authority of the county in which fifty-one percent or more of the area of the district is located, and to the director of health of the county in which the district or any portion thereof is located, and must be approved in writing by the engineer and director of health.

Before becoming effective, the general comprehensive plan shall also be submitted to, and approved by resolution of, the legislative authority of every county within whose boundaries all or a portion of the water district lies. If the district includes portions or all of one or more cities or towns, the general comprehensive plan shall be submitted also to, and approved by resolution of, the legislative authority of cities and towns before becoming effective.

Before becoming effective, any amendment to, alteration of, or addition to, a general comprehensive plan shall also be subject to such approval as if it were a new general comprehensive plan: *Provided*, That only if the amendment, alteration, or addition effects [affects] a particular city or town, shall the amendment, alteration or addition be subject to approval by such particular city or town legislative authority. [1977 1st ex.s. c 299 § 3; 1959 c 108 § 6; 1959 c 18 § 6. Prior: 1939 c 128 § 2, part; 1937 c 177 § 1; 1929 c 114 § 10, part; RRS § 11588. Cf. 1913 c 161 § 10.]

*Reviser's note: "this act" see note following RCW 57.04.020.

57.16.030 Revenue bonds authorized—Use. The commissioners may, without submitting a proposition to the voters, authorize by resolution the district to issue revenue bonds for the construction costs, interest during the period of construction and six months thereafter, working capital or other costs of any part or all of the general comprehensive plan. The amount of the bonds to be issued shall be included in the resolution submitted.

Any resolution authorizing the issuance of revenue bonds may include provision for refunding any local improvement district bonds of a district, out of the proceeds of sale of revenue bonds, and a district may pay off any outstanding local improvement bonds with such funds either by purchase in the open market below their par value and accrued interest or by call at par value and accrued interest at the next succeeding coupon maturity date.

When a resolution authorizing revenue bonds has been adopted the commissioners may forthwith carry out the

general comprehensive plan to the extent specified. [1977 1st ex.s. c 299 § 4; 1959 c 108 § 8; 1959 c 18 § 8. Prior: 1953 c 251 § 6; 1951 c 112 § 1; 1939 c 128 § 2, part; 1937 c 177 § 1, part; 1929 c 114 § 10, part; RRS § 11588, part. Cf. 1913 c 161 § 10, part.]

57.16.035 Additional revenue bonds for increased cost of improvements. Whenever a water district shall have adopted a general comprehensive plan and bonds to defray the cost thereof shall have been authorized by resolution of the board of water commissioners, and before the completion of the improvements the board of water commissioners shall find by resolution that the authorized bonds are not sufficient to defray the cost of such improvements due to the increase of costs of construction subsequent to the adoption of said plan, the board of water commissioners may by resolution authorize the issuance and sale of additional water revenue bonds for such purpose in excess of those previously issued. [1977 1st ex.s. c 299 § 5; 1959 c 108 § 10.]

57.16.040 Additions and betterments. In the same manner as provided for the adoption of the original general comprehensive plan, a plan providing for additions and betterments to the original general comprehensive plan may be adopted. Without limiting its generality "additions and betterments" shall include any necessary change in, amendment of or addition to the general comprehensive plan.

The district may incur a general indebtedness payable from annual tax levies to be made in excess of the constitutional and/or statutory tax limitations for the construction of the additions and betterments in the same way that general indebtedness may be incurred for the construction of the original general comprehensive plan after submission to the voters of the entire district in the manner the original proposition to incur indebtedness was submitted. Upon ratification the additions and betterments may be carried out by the commissioners to the extent specified or referred to in the proposition to incur the general indebtedness.

The district may issue revenue bonds to pay for the construction of the additions and the betterments pursuant to resolution of the board of water commissioners. [1977 1st ex.s. c 299 § 6; 1973 1st ex.s. c 195 § 70; 1959 c 108 § 9; 1959 c 18 § 9. 57.16.060 Resolution or petition to form district—Procedure—Written protest—Improvement ordered—Divestment of power to order. Local improvement districts or utility local improvement districts to carry out the whole or any portion of the general comprehensive plan of improvements or plan providing for additions and betterments to the original general comprehensive plan previously adopted may be initiated either by resolution of the board of water commissioners or by petition signed by the owners according

to the records of the office of the county auditor of at least fifty-one percent of the area of the land within the limits of the local improvement district to be created.

In case the board of water commissioners shall desire to initiate the formation of a local improvement district or a utility local improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed local improvement district or utility local improvement district, and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, and fixing a date, time and place for a public hearing on the formation of the proposed local district.

In case any such local improvement district or utility local improvement district shall be initiated by petition, such petition shall set forth the nature and territorial extent of the proposed improvement requested to be ordered and the fact that the signers thereof are the owners according to the records of the county auditor of at least fifty-one percent of the area of land within the limits of the local improvement district or utility local improvement district to be created. Upon the filing of such petition the board shall determine whether the same shall be sufficient, and the board's determination thereof shall be conclusive upon all persons. No person shall withdraw his name from the petition after the same has been filed with the board of water commissioners. If the board shall find the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of said improvement, designating the number of the proposed local district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether the resolution was adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed by such resolution for hearing before the board of water commissioners. Notice of the adoption of the resolution of intention shall also be given each owner or reputed owner of any lot, tract, parcel of land or other property within the proposed improvement district by mailing said notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon. Whenever such notices are mailed, the water commissioners shall maintain a list of such reputed property owners, which list shall be kept on file at a location within the water district and shall be made available for public perusal. The notices shall refer

to the resolution of intention and designate the proposed improvement district by number. Said notices shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the date, time and place of the hearing before the board of water commissioners. In the case of improvements initiated by resolution, said notice shall also: (1) State that all persons desiring to object to the formation of the proposed district must file their written protests with the secretary of the board of water commissioners before the time fixed for said public hearing; (2) state that if owners of at least forty percent of the area of land within the proposed district file written protests with the secretary of the board, the power of the water commissioners to proceed with the creation of the proposed district shall be divested; (3) provide the name and address of the secretary of the board; and (4) state the hours and location within the water district where the names of the property owners within the proposed district are kept available for public perusal. In the case of the notice given each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, parcel of land or other property.

Whether the improvement is initiated by petition or resolution, the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in the plans for the proposed improvement as shall be deemed necessary: *Provided*, That the board may not change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice.

After said hearing the commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution: *Provided*, That the jurisdiction of the commissioners to proceed with any improvement initiated by resolution shall be divested by protests filed with the secretary of the board prior to said public hearing signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district.

If the commissioners find that the district should be formed, they shall by resolution order the improvement, provide the general funds of the water district to be applied thereto, adopt detailed plans of the local improvement district or utility local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the water district such eminent domain proceedings as may be necessary to entitle the district to proceed with the work. The board shall thereupon proceed with the work and file with the county treasurer its roll levying special assessments in the amount to be paid by special assessment against the

property situated within the improvement district in proportion to the special benefits to be derived by the property therein from the improvement. [1977 1st ex.s. c 299 § 7; 1965 ex.s. c 39 § 1; 1959 c 18 § 11. Prior: 1953 c 251 § 14; 1929 c 114 § 12, part; RRS § 11590, part. Cf. 1913 c 161 § 12, part.]

57.20.025 Refunding revenue bonds.

57.20.025 Refunding revenue bonds. The board of water commissioners of any water district may by resolution provide for the issuance of refunding revenue bonds to refund outstanding general obligation bonds and/or revenue bonds, or any part thereof, and/or all outstanding local improvement district bonds, at maturity thereof, or before maturity thereof if they are subject to call for prior redemption or all of the holders thereof consent thereto. The total interest cost to the district over the life of the refunding bonds shall not exceed the total cost to the district which the district would have incurred but for such refunding over the remainder of the life of the bonds to be refunded thereby. The refunding bonds may be exchanged for the bonds to be refunded thereby, or may be sold in such manner as the board of water commissioners deems to be for the best interest of the district, and the proceeds used, except as hereinafter provided, exclusively for the purpose of paying, retiring and canceling the bonds to be refunded and interest thereon.

All unpaid utility local improvement district assessments payable into the revenue bond redemption fund established for payment of the bonds to be refunded shall thereafter when collected be paid into the revenue bond redemption fund established for payment of the refunding revenue bonds.

Whenever local improvement district bonds have been refunded as provided by RCW 57.16.030 as now or hereafter amended, or pursuant to this section, all local improvement district assessments remaining unpaid shall thereafter when collected be paid into the revenue bond redemption fund established for payment of the refunding revenue bonds, and the cash balance, if any, in the local improvement guaranty fund of the district and the proceeds received from any other assets owned by such fund shall be used in whole or in part as a reserve fund for the refunding revenue bonds or be transferred in whole or in part to any other funds of the district as the board of water commissioners may determine. In the event that any warrants are outstanding against the local improvement guaranty fund of the district at the time of the issuance of such refunding revenue bonds, said bonds shall be issued in an amount sufficient also to fund and pay such outstanding warrants.

The provisions of RCW 57.20.020 shall apply to the refunding revenue bonds issued under this title. [1977 1st ex.s. c 299 § 8; 1959 c 108 § 13; 1953 c 251 § 17.]

59.18.020 Rights and remedies—Obligation of good faith imposed. Every duty under this chapter and every act which must be performed as a condition precedent to the exercise of a right or remedy under this chapter imposes an obligation of good faith in its performance or enforcement. [1973 1st ex.s. c 207 § 2.]

59.18.030 Definitions. As used in this chapter:

(1) "Dwelling unit" is a structure or that part of a structure which is used as a home, residence, or sleeping place by one person or by two or more persons maintaining a common household, including but not limited

[1973 1st ex.s. c 207 § 3.]

59.18.040 Living arrangements exempted from chapter. The following living arrangements are not intended to be governed by the provisions of this chapter, unless established primarily to avoid its application, in which event the provisions of this chapter shall control:

(2) Occupancy under a bona fide earnest money agreement to purchase, bona fide option to purchase, or contract of sale of the dwelling unit or the property of

which it is a part, where the tenant is, or stands in the place of, the purchaser;

(3) Residence in a hotel, motel, or other transient lodging whose operation is defined in RCW 19.48.010;

[1973 1st ex.s. c 207 § 5.]

59.18.060 Landlord—Duties. The landlord will at all times during the tenancy keep the premises fit for human habitation, and shall in particular:

(1) Maintain the premises to substantially comply with any applicable code, statute, ordinance, or regulation governing their maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented if such condition substantially endangers or impairs the health or safety of the tenant;

(2) Maintain the roofs, floors, walls, chimneys, fireplaces, foundations, and all other structural components in reasonably good repair so as to be usable and capable of resisting any and all normal forces and loads to which they may be subjected;

(3) Keep any shared or common areas reasonably clean, sanitary, and safe from defects increasing the hazards of fire or accident;

(4) Provide a reasonable program for the control of infestation by insects, rodents, and other pests at the initiation of the tenancy and, except in the case of a single family residence, control infestation during tenancy except where such infestation is caused by the tenant;

(5) Except where the condition is attributable to normal wear and tear, make repairs and arrangements necessary to put and keep the premises in as good condition

as it by law or rental agreement should have been, at the commencement of the tenancy;

(6) Provide reasonably adequate locks and furnish keys to the tenant;

(7) Maintain all electrical, plumbing, heating, and other facilities and appliances supplied by him in reasonably good working order;

(8) Maintain the dwelling unit in reasonably weather-tight condition;

(9) Except in the case of a single family residence, provide and maintain appropriate receptacles in common areas for the removal of ashes, rubbish, and garbage, incidental to the occupancy and arrange for the reasonable and regular removal of such waste;

(10) Except where the building is not equipped for the purpose, provide facilities adequate to supply heat and water and hot water as reasonably required by the tenant;

(11) Designate to the tenant the name and address of the person who is the landlord by a statement on the rental agreement or by a notice conspicuously posted on the premises. The tenant shall be notified immediately of any changes by certified mail or by an updated posting. If the person designated in this section does not reside in the state where the premises are located, there shall also be designated a person who resides in the county who is authorized to act as an agent for the purposes of service of notices and process, and if no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent.

No duty shall devolve upon the landlord to repair a defective condition under this section, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his family, invitee, or other person acting under his control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair. When the duty imposed by subsection (1) of this section is incompatible with and greater than the duty imposed by any other provisions of this section, the landlord's duty shall be determined pursuant to subsection (1) of this section. [1973 1st ex.s. c 207 § 6.]

59.18.070 Landlord—Failure to perform duties—Notice from tenant—Contents—Time limits for landlord's remedial action. If at any time during the tenancy the landlord fails to carry out the duties required by RCW 59.18.060, the tenant may, in addition to pursuit of remedies otherwise provided him by law, deliver written notice to the person designated in subsection (11) of RCW 59.18.060, or to the person who collects the rent, which notice shall specify the premises involved, the name of the owner, if known, and the nature of the defective condition. For the purposes of this chapter, a reasonable time for the landlord to commence remedial action after receipt of such notice by the tenant shall be, except where circumstances are beyond the landlord's control;

(1) Not more than twenty-four hours, where the defective condition deprives the tenant of water or heat or is imminently hazardous to life;

(2) Not more than forty-eight hours, where the landlord fails to provide hot water or electricity;

(3) Subject to the provisions of subsections (1) and (2) of this section, not more than seven days in the case of a repair under RCW 59.18.100(3);

(4) Not more than thirty days in all other cases.

In each instance the burden shall be on the landlord to see that remedial work under this section is completed with reasonable promptness.

Where circumstances beyond the landlord's control, including the availability of financing, prevent him from complying with the time limitations set forth in this section, he shall endeavor to remedy the defective condition with all reasonable speed. [1973 1st ex.s. c 207 § 7.]

59.18.080 Payment of rent condition to exercising remedies—Exceptions. The tenant shall be current in the payment of rent including all utilities which the tenant has agreed in the rental agreement to pay before exercising any of the remedies accorded him under the provisions of this chapter: *Provided*, That this section shall not be construed as limiting the tenant's civil remedies for negligent or intentional damages: *Provided further*, That this section shall not be construed as limiting the tenant's right in an unlawful detainer proceeding to raise the defense that there is no rent due and owing. [1973 1st ex.s. c 207 § 8.]

59.18.090 Landlord's failure to remedy defective condition—Tenant's choice of actions. If, after receipt of written notice, and expiration of the applicable period of time, as provided in RCW 59.18.070, the landlord fails to remedy the defective condition within a reasonable time the tenant may:

(1) Terminate the rental agreement and quit the premises upon written notice to the landlord without further obligation under the rental agreement, in which case he shall be discharged from payment of rent for any period following the quitting date, and shall be entitled to a pro rata refund of any prepaid rent, and shall receive a full and specific statement of the basis for retaining any of the deposit together with any refund due in accordance with RCW 59.18.280;

(2) Bring an action in an appropriate court, or at arbitration if so agreed, for any remedy provided under this chapter or otherwise provided by law; or

(3) Pursue other remedies available under this chapter. [1973 1st ex.s. c 207 § 9.]

59.18.100 Landlord's failure to carry out duties—Repairs effected by tenant—Bids—Notice—Deduction of cost from rent—Limitations.

(1) If at any time during the tenancy, the landlord fails to carry out any of the duties imposed by RCW 59.18.060, and notice of the defect is given to the landlord pursuant to RCW 59.18.070, the tenant may submit to the landlord or his designated agent by certified mail or in person at least two bids to perform the repairs necessary to correct the defective condition from licensed or registered persons, or if no licensing or registration requirement applies to the type of work to be performed, from responsible persons capable of performing such

repairs. Such bids may be submitted to the landlord at the same time as notice is given pursuant to RCW 59.18.070: *Provided*, That the remedy provided in this section shall not be available for a landlord's failure to carry out the duties in subsections (6), (9), and (11) of RCW 59.18.060.

(2) If the landlord fails to commence repair of the defective condition within a reasonable time after receipt of notice from the tenant, the tenant may contract with the person submitting the lowest bid to make the repair, and upon the completion of the repair and an opportunity for inspection by the landlord or his designated agent, the tenant may deduct the cost of repair from the rent in an amount not to exceed the sum expressed in dollars representing one month's rental of the tenant's unit in any twelve-month period: *Provided*, That when the landlord must commence to remedy the defective condition within thirty days as provided in subsection (4) of RCW 59.18.070, the tenant cannot contract for repairs for at least fifteen days following receipt of said bids by the landlord: *Provided further*, That the total costs of repairs deducted in any twelve-month period under this subsection shall not exceed the sum expressed in dollars representing one month's rental of the tenant's unit.

(3) If the landlord fails to carry out the duties imposed by RCW 59.18.060 within a reasonable time, and if the cost of repair does not exceed one-half month's rent, including the cost of materials and labor, which shall be computed at the prevailing rate in the community for the performance of such work, and if repair of the condition need not by law be performed only by licensed or registered persons, the tenant may repair the defective condition in a workmanlike manner and upon completion of the repair and an opportunity for inspection, the tenant may deduct the cost of repair from the rent: *Provided*, That repairs under this subsection are limited to defects within the leased premises: *Provided further*, That the total costs of repairs deducted in any twelve-month period under this subsection shall not exceed one-half month's rent of the unit or seventy-five dollars in any twelve-month period, whichever is the lesser.

(4) The provisions of this section shall not:

(a) Create a relationship of employer and employee between landlord and tenant; or

(b) Create liability under the workmen's compensation act; or

(c) Constitute the tenant as an agent of the landlord for the purposes of RCW 60.04.010 and 60.04.040.

(5) Any repair work performed under the provisions of this section shall comply with the requirements imposed by any applicable code, statute, ordinance, or regulation. A landlord whose property is damaged because of repairs performed in a negligent manner may recover the actual damages in an action against the tenant.

(6) Nothing in this section shall prevent the tenant from agreeing with the landlord to undertake the repairs himself in return for cash payment or a reasonable reduction in rent, the agreement thereof to be agreed upon between the parties, and such agreement does not

alter the landlord's obligations under this chapter. [1973 1st ex.s. c 207 § 10.]

59.18.110 Failure of landlord to carry out duties—Determination by court or arbitrator—Judgment against landlord for diminished rental value and repair costs—Enforcement of judgment—Reduction in rent under certain conditions. (1) If a court or an arbitrator determines that:

(a) A landlord has failed to carry out a duty or duties imposed by RCW 59.18.060; and

(b) A reasonable time has passed for the landlord to remedy the defective condition following notice to the landlord in accordance with RCW 59.18.070 or such other time as may be allotted by the court or arbitrator; the court or arbitrator may determine the diminution in rental value of the premises due to the defective condition and shall render judgment against the landlord for the rent paid in excess of such diminished rental value from the time of notice of such defect to the time of decision and any costs of repair done pursuant to RCW 59.18.100 for which no deduction has been previously made. Such decisions may be enforced as other judgments at law and shall be available to the tenant as a set-off against any existing or subsequent claims of the landlord.

The court or arbitrator may also authorize the tenant to make or contract to make further corrective repairs: *Provided*, That the court specifies a time period in which the landlord may make such repairs before the tenant may commence or contract for such repairs: *Provided further*, That such repairs shall not exceed the sum expressed in dollars representing one month's rental of the tenant's unit in any one calendar year.

(2) The tenant shall not be obligated to pay rent in excess of the diminished rental value of the premises until such defect or defects are corrected by the landlord or until the court or arbitrator determines otherwise. [1973 1st ex.s. c 207 § 11.]

59.18.120 Defective condition—Unfeasible to remedy defect—Termination of tenancy. If a court or arbitrator determines a defective condition as described in RCW 59.18.060 to be so substantial that it is unfeasible for the landlord to remedy the defect within the time allotted by RCW 59.18.070, and that the tenant should not remain in the dwelling unit in its defective condition, the court or arbitrator may authorize the termination of the tenancy: *Provided*, That the court or arbitrator shall set a reasonable time for the tenant to vacate the premises. [1973 1st ex.s. c 207 § 12.]

59.18.130 Duties of tenant. Each tenant shall pay the rental amount at such times and in such amounts as provided for in the rental agreement or as otherwise provided by law and comply with all obligations imposed upon tenants by applicable provisions of all municipal, county, and state codes, statutes, ordinances, and regulations, and in addition shall:

(1) Keep that part of the premises which he occupies and uses as clean and sanitary as the conditions of the premises permit;

(2) Properly dispose from his dwelling unit all rubbish, garbage, and other organic or flammable waste, in a clean and sanitary manner at reasonable and regular intervals, and assume all costs of extermination and fumigation for infestation caused by the tenant;

(3) Properly use and operate all electrical, gas, heating, plumbing and other fixtures and appliances supplied by the landlord;

(4) Not intentionally or negligently destroy, deface, damage, impair, or remove any part of the structure or dwelling, with the appurtenances thereto, including the facilities, equipment, furniture, furnishings, and appliances, or permit any member of his family, invitee, licensee, or any person acting under his control to do so;

(5) Not permit a nuisance or common waste; and

(6) Upon termination and vacation, restore the premises to their initial condition except for reasonable wear and tear or conditions caused by failure of the landlord to comply with his obligations under this chapter: *Provided*, That the tenant shall not be charged for normal cleaning if he has paid a nonrefundable cleaning fee. [1973 1st ex.s. c 207 § 13.]

59.18.140 Reasonable obligations or restrictions—Tenant's duty to conform. The tenant shall conform to all reasonable obligations or restrictions, whether denominated by the landlord as rules, rental agreement, rent, or otherwise, concerning the use, occupation, and maintenance of his dwelling unit, appurtenances thereto, and the property of which the dwelling unit is a part if such obligations and restrictions are not in violation of any of the terms of this chapter and are not otherwise contrary to law, and if such obligations and restrictions are brought to the attention of the tenant at the time of his initial occupancy of the dwelling unit and thus become part of the rental agreement. Except for termination of tenancy, after thirty days written notice to each tenant, a new rule of tenancy may become effective upon completion of the term of the rental agreement or sooner upon mutual consent. [1973 1st ex.s. c 207 § 14.]

59.18.150 Landlord's right of entry—Purposes—Conditions. (1) The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, alterations, or improvements, supply necessary or agreed services, or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workmen, or contractors.

(2) The landlord may enter the dwelling unit without consent of the tenant in case of emergency or abandonment.

(3) The landlord shall not abuse the right of access or use it to harass the tenant. Except in the case of emergency or if it is impracticable to do so, the landlord shall give the tenant at least two days' notice of his intent to enter and shall enter only at reasonable times.

(4) The landlord has no other right of access except by court order, arbitrator or by consent of the tenant. [1973 1st ex.s. c 207 § 15.]

59.18.160 Landlord's remedies if tenant fails to remedy defective condition. If, after receipt of written notice, as provided in RCW 59.18.170, the tenant fails to remedy the defective condition within a reasonable time, the landlord may:

(1) Bring an action in an appropriate court, or at arbitration if so agreed for any remedy provided under this chapter or otherwise provided by law; or

(2) Pursue other remedies available under this chapter. [1973 1st ex.s. c 207 § 16.]

59.18.170 Landlord to give notice if tenant fails to carry out duties. If at any time during the tenancy the tenant fails to carry out the duties required by RCW 59.18.130 or 59.18.140, the landlord may, in addition to pursuit of remedies otherwise provided by law, give written notice to the tenant of said failure, which notice shall specify the nature of the failure. [1973 1st ex.s. c 207 § 17.]

59.18.180 Tenant's failure to comply with statutory duties—Landlord to give tenant written notice of non-compliance—Landlord's remedies. If the tenant fails to comply with any portion of RCW 59.18.130 or 59.18.140, and such noncompliance can substantially affect the health and safety of the tenant or other tenants, or substantially increase the hazards of fire or accident that can be remedied by repair, replacement of a damaged item, or cleaning, the tenant shall comply within thirty days after written notice by the landlord specifying the noncompliance, or, in the case of emergency as promptly as conditions require. If the tenant fails to remedy the noncompliance within that period the landlord may enter the dwelling unit and cause the work to be done and submit an itemized bill of the actual and reasonable cost of repair, to be payable on the next date when periodic rent is due, or on terms mutually agreed to by the landlord and tenant, or immediately if the rental agreement has terminated. Any substantial noncompliance by the tenant of RCW 59.18.130 or 59.18.140 shall constitute a ground for commencing an action in unlawful detainer in accordance with the provisions of chapter 59.12 RCW, and a landlord may commence such action at any time after written notice pursuant to such chapter. The tenant shall have a defense to an unlawful detainer action filed solely on this ground if it is determined at the hearing authorized under the provisions of chapter 59.12 RCW that the tenant is in substantial compliance with the provisions of this section, or if the tenant remedies the noncomplying condition within the thirty day period provided for above or any shorter period determined at the hearing to have been required because of an emergency: *Provided*, That if the defective condition is remedied after the commencement of an unlawful detainer action, the tenant may be liable to the landlord for statutory costs and reasonable attorney's fees. [1973 1st ex.s. c 207 § 18.]

59.18.190 Notice to tenant to remedy nonconformance. Whenever the landlord learns of a breach of RCW 59.18.130 or has accepted performance by the tenant

which is at variance with the terms of the rental agreement or rules enforceable after the commencement of the tenancy, he may immediately give notice to the tenant to remedy the nonconformance. Said notice shall expire after sixty days unless the landlord pursues any remedy under this chapter. [1973 1st ex.s. c 207 § 19.]

59.18.200 Tenancy from month to month or for rental period—Termination. When premises are rented for an indefinite time, with monthly or other periodic rent reserved, such tenancy shall be construed to be a tenancy from month to month, or from period to period on which rent is payable, and shall be terminated by written notice of twenty days or more, preceding the end of any of said months or periods, given by either party to the other. [1973 1st ex.s. c 207 § 20.]

Unlawful detainer, notice requirement: RCW 59.12.030(2).

59.18.210 Tenancies from year to year except under written contract. Tenancies from year to year are hereby abolished except when the same are created by express written contract. Leases may be in writing or print, or partly in writing and partly in print, and shall be legal and valid for any term or period not exceeding one year, without acknowledgment, witnesses or seals. [1973 1st ex.s. c 207 § 21.]

59.18.220 Termination of tenancy for a specified time. In all cases where premises are rented for a specified time, by express or implied contract, the tenancy shall be deemed terminated at the end of such specified time. [1973 1st ex.s. c 207 § 22.]

59.18.230 Waiver of chapter provisions prohibited—Provisions prohibited from rental agreement—Distress for rent abolished—Detention of personal property for rent—Remedies. (1) Any provision of a lease or other agreement, whether oral or written, whereby any section or subsection of this chapter is waived except as provided in RCW 59.18.360 and shall be deemed against public policy and shall be unenforceable. Such unenforceability shall not affect other provisions of the agreement which can be given effect without them.

(2) No rental agreement may provide that the tenant:

(a) Agrees to waive or to forego rights or remedies under this chapter; or

(b) Authorizes any person to confess judgment on a claim arising out of the rental agreement; or

(c) Agrees to pay the landlord's attorney's fees, except as authorized in this chapter; or

(d) Agrees to the exculpation or limitation of any liability of the landlord arising under law or to indemnify the landlord for that liability or the costs connected therewith; or

(e) And landlord have agreed to a particular arbitrator at the time the rental agreement is entered into.

(3) A provision prohibited by subsection (2) of this section included in a rental agreement is unenforceable. If a landlord deliberately uses a rental agreement containing provisions known by him to be prohibited, the

tenant may recover actual damages sustained by him and reasonable attorney's fees.

(4) The common law right of the landlord of distress for rent is hereby abolished for property covered by this chapter. Any provision in a rental agreement creating a lien upon the personal property of the tenant or authorizing a distress for rent is null and void and of no force and effect. Any landlord who takes or detains the personal property of a tenant without the specific consent of the tenant to such incident of taking or detention, unless the property has been abandoned as described in RCW 59.18.310, and who, after written demand by the tenant for the return of his personal property, refuses or neglects to return the same promptly shall be liable to the tenant for the value of the property retained, and the prevailing party may recover his costs of suit and a reasonable attorney's fee.

In any action, including actions pursuant to chapters 7.64 or 12.28 RCW, brought by a tenant or other person to recover possession of his personal property taken or detained by a landlord in violation of this section, the court, upon motion and after notice to the opposing parties, may waive or reduce any bond requirements where it appears to be to the satisfaction of the court that the moving party is proceeding in good faith and has, prima facie, a meritorious claim for immediate delivery or redelivery of said property. [1973 1st ex.s. c 207 § 23.]

59.18.240 Reprisals or retaliatory actions by landlord—Prohibited. So long as the tenant is in compliance with this chapter, the landlord shall not take or threaten to take reprisals or retaliatory action against the tenant because of any good faith and lawful:

(1) Complaints or reports by the tenant to a governmental authority concerning the failure of the landlord to substantially comply with any code, statute, ordinance, or regulation governing the maintenance or operation of the premises, if such condition may endanger or impair the health or safety of the tenant;

(2) Assertions or enforcement by the tenant of his rights and remedies under this chapter.

"Reprisal or retaliatory action" shall mean and include but not be limited to any of the following actions by the landlord when such actions are intended primarily to retaliate against a tenant because of the tenant's good faith and lawful act:

(1) Eviction of the tenant other than giving a notice to terminate tenancy as provided in RCW 59.18.200;

(2) Increasing the rent required of the tenant;

(3) Reduction of services to the tenant;

(4) Increasing the obligations of the tenant. [1973 1st ex.s. c 207 § 24.]

59.18.250 Reprisals or retaliatory actions by landlord—Presumptions—Rebuttal—Costs. Initiation by the landlord of any action listed in RCW 59.18.240 within ninety days after a good faith and lawful act by the tenant as enumerated in RCW 59.18.240, or within ninety days after any inspection or proceeding of a governmental agency resulting from such act, shall create a rebuttable presumption affecting the burden of proof, that the action is a reprisal or retaliatory action against

the tenant: *Provided*, That if the court finds that the tenant made a complaint or report to a governmental authority within ninety days after notice of a proposed increase in rent or other action in good faith by the landlord, there is a rebuttable presumption that the complaint or report was not made in good faith: *Provided further*, That no presumption against the landlord shall arise under this section, with respect to an increase in rent, if the landlord, in a notice to the tenant of increase in rent, specifies reasonable grounds for said increase, which grounds may include a substantial increase in market value due to remedial action under this chapter: *Provided further*, That the presumption of retaliation, with respect to an eviction, may be rebutted by evidence that it is not practical to make necessary repairs while the tenant remains in occupancy. In any action or eviction proceeding where the tenant prevails upon his claim or defense that the landlord has violated this section, the tenant shall be entitled to recover his costs of suit or arbitration, including a reasonable attorney's fee, and where the landlord prevails upon his claim he shall be entitled to recover his costs of suit or arbitration, including a reasonable attorney's fee: *Provided further*, That neither party may recover attorney's fees to the extent that their legal services are provided at no cost to them. [1973 1st ex.s. c 207 § 25.]

59.18.260 Moneys paid as deposit or security for performance by tenant—Rental agreement to specify terms and conditions for retention by landlord. If any moneys are paid to the landlord by the tenant as a deposit or as security for performance of the tenant's obligations in a lease or rental agreement, such lease or rental agreement shall include the terms and conditions under which the deposit or portion thereof may be withheld by the landlord upon termination of the lease or rental agreement. If all or part of the deposit may be withheld to indemnify the landlord for damages to the premises for which the tenant is responsible, or if all or part thereof may be retained by the landlord as a nonreturnable cleaning fee, the rental agreement shall so specify. No such deposit shall be withheld on account of normal wear and tear resulting from ordinary use of the premises. [1973 1st ex.s. c 207 § 26.]

59.18.270 Moneys paid as deposit or security for performance by tenant—Deposit by landlord in trust account—Receipt—Claims. All moneys paid to the landlord by the tenant as a deposit as security for performance of the tenant's obligations in a lease or rental agreement shall promptly be deposited by the landlord in a trust account, maintained by the landlord for the purpose of holding such security deposits for tenants of the landlord, in a bank, savings and loan association, mutual savings bank, or licensed escrow agent located in Washington. Unless otherwise agreed in writing, the landlord shall be entitled to receipt of interest paid on such trust account deposits. The landlord shall provide the tenant with a written receipt for the deposit and shall provide written notice of the name and address and location of the depository and any subsequent change thereof. If during a tenancy the status of landlord is

transferred to another, any sums in the deposit trust account affected by such transfer shall simultaneously be transferred to an equivalent trust account of the successor landlord, and the successor landlord shall promptly notify the tenant of the transfer and of the name, address and location of the new depository. The tenant's claim to any moneys paid under this section shall be prior to that of any creditor of the landlord, including a trustee in bankruptcy or receiver, even if such moneys are commingled. [1975 1st ex.s. c 233 § 1; 1973 1st ex.s. c 207 § 27.]

59.18.280 Moneys paid as deposit or security for performance by tenant—Statement and notice of basis for retention—Costs. Within fourteen days after the termination of the rental agreement and vacation of the premises the landlord shall give a full and specific statement of the basis for retaining any of the deposit together with the payment of any refund due the tenant under the terms and conditions of the rental agreement. No portion of any deposit shall be withheld on account of wear resulting from ordinary use of the premises.

The notice shall be delivered to the tenant personally or by mail to his last known address. If the landlord fails to give such statement together with any refund due the tenant within the time limits specified above he shall be liable to the tenant for the amount of refund due. In any action brought by the tenant to recover the deposit, the prevailing party shall additionally be entitled to the cost of suit or arbitration including a reasonable attorney's fee.

Nothing in this chapter shall preclude the landlord from proceeding against, and the landlord shall have the right to proceed against a tenant to recover sums exceeding the amount of the tenant's damage or security deposit for damage to the property for which the tenant is responsible together with reasonable attorney's fees. [1973 1st ex.s. c 207 § 28.]

59.18.290 Removal or exclusion of tenant from premises—Holding over or excluding landlord from premises after termination date. (1) It shall be unlawful for the landlord to remove or exclude from the premises the tenant thereof except under a court order so authorizing. Any tenant so removed or excluded in violation of this section may recover possession of the property or terminate the rental agreement and, in either case, may recover the actual damages sustained. The prevailing party may recover the costs of suit or arbitration and reasonable attorney's fees.

(2) It shall be unlawful for the tenant to hold over in the premises or exclude the landlord therefrom after the termination of the rental agreement except under a valid court order so authorizing. Any landlord so deprived of possession of premises in violation of this section may recover possession of the property and damages sustained by him, and the prevailing party may recover his costs of suit or arbitration and reasonable attorney's fees. [1973 1st ex.s. c 207 § 29.]

59.18.300 Termination of tenant's utility services—Tenant causing loss of landlord provided utility

services. It shall be unlawful for a landlord to intentionally cause termination of any of his tenant's utility services, including water, heat, electricity, or gas, except for an interruption of utility services for a reasonable time in order to make necessary repairs. Any landlord who violates this section may be liable to such tenant for his actual damages sustained by him, and up to one hundred dollars for each day or part thereof the tenant is thereby deprived of any utility service, and the prevailing party may recover his costs of suit or arbitration and a reasonable attorney's fee. It shall be unlawful for a tenant to intentionally cause the loss of utility services provided by the landlord, including water, heat, electricity or gas, excepting as resulting from the normal occupancy of the premises. [1973 1st ex.s. c 207 § 30.]

59.18.310 Default in rent—Abandonment—Liability of tenant—Landlord's remedies. If the tenant defaults in the payment of rent and reasonably indicates by words or actions his intention not to resume tenancy, he shall be liable for the following for such abandonment: *Provided*, That upon learning of such abandonment of the premises the landlord shall make a reasonable effort to mitigate the damages resulting from such abandonment:

(1) When the tenancy is month-to-month, the tenant shall be liable for the rent for the thirty days following either the date the landlord learns of the abandonment, or the date the next regular rental payment would have become due, whichever first occurs.

(2) When the tenancy is for a term greater than month-to-month, the tenant shall be liable for the lesser of the following:

(a) The entire rent due for the remainder of the term; or

(b) All rent accrued during the period reasonably necessary to rerent the premises at a fair rental, plus the difference between such fair rental and the rent agreed to in the prior agreement, plus actual costs incurred by the landlord in rerenting the premises together with statutory court costs and reasonable attorney's fees.

In the event of such abandonment of tenancy and an accompanying default in the payment of rent by the tenant, the landlord may immediately enter and take possession of any property of the tenant found on the premises and may store the same in a secure place. A notice containing the name and address of landlord and the place where the property is stored must be mailed promptly by the landlord to the last known address of the tenant. After sixty days from the date of default in rent, and after prior notice of such sale is mailed to the last known address of the tenant, the landlord may sell such property and may apply any income derived therefrom against moneys due the landlord, including drayage and storage. Any excess income derived from the sale of such property shall be held by the landlord for the benefit of the tenant for a period of one year from the date of sale, and if no claim is made or action commenced by the tenant for the recovery thereof prior to the expiration of that period of time, the balance shall be the property of the landlord. [1973 1st ex.s. c 207 § 31.]

59.18.320 Arbitration—Authorized—Exceptions—Notice—Procedure. (1) The landlord and tenant may agree, in writing, except as provided in RCW 59.18.230(2)(e), to submit to arbitration, in conformity with the provisions of this section, any controversy arising under the provisions of this chapter, except the following:

(a) Controversies regarding the existence of defects covered in subsections (1) and (2) of RCW 59.18.070: *Provided*, That this exception shall apply only before the implementation of any remedy by the tenant;

(b) Any situation where court action has been started by either landlord or tenant to enforce rights under this chapter; when the court action substantially affects the controversy, including but not limited to:

(i) Court action pursuant to subsections (2) and (3) of RCW 59.18.090 and subsections (1) and (2) of RCW 59.18.160; and

(ii) Any unlawful detainer action filed by the landlord pursuant to chapter 59.12 RCW.

(2) The party initiating arbitration under subsection (1) of this section shall give reasonable notice to the other party or parties.

(3) Except as otherwise provided in this section, the arbitration process shall be administered by any arbitrator agreed upon by the parties at the time the dispute arises: *Provided*, That the procedures shall comply with the requirements of chapter 7.04 RCW (relating to arbitration) and of this chapter. [1973 1st ex.s. c 207 § 32.]

59.18.330 Arbitration—Application—Hearings—Decisions. (1) Unless otherwise mutually agreed to, in the event a controversy arises under RCW 59.18.320 the landlord or tenant, or both, shall complete an application for arbitration and deliver it to the selected arbitrator.

(2) The arbitrator so designated shall schedule a hearing to be held no later than ten days following receipt of notice of the controversy, except as provided in RCW 59.18.350.

(3) The arbitrator shall conduct public or private hearings. Reasonable notice of such hearings shall be given to the parties, who shall appear and be heard either in person or by counsel or other representative. Hearings shall be informal and the rules of evidence prevailing in judicial proceedings shall not be binding. A recording of the proceedings may be taken. Any oral or documentary evidence and other data deemed relevant by the arbitrator may be received in evidence. The arbitrator shall have the power to administer oaths, to issue subpoenas, to require the attendance of witnesses and the production of such books, papers, contracts, agreements, and documents as may be deemed by the arbitrator material to a just determination of the issues in dispute. If any person refuses to obey such subpoena or refuses to be sworn to testify, or any witness, party, or attorney is guilty of any contempt while in attendance at any hearing held hereunder, the arbitrator may invoke the jurisdiction of any superior court, and such court shall have jurisdiction to issue an appropriate order. A

failure to obey such order may be punished by the court as a contempt thereof.

(4) Within five days after conclusion of the hearing, the arbitrator shall make a written decision upon the issues presented, a copy of which shall be mailed by certified mail or otherwise delivered to the parties or their designated representatives. The determination of the dispute made by the arbitrator shall be final and binding upon both parties.

(5) If a defective condition exists which affects more than one dwelling unit in a similar manner, the arbitrator may consolidate the issues of fact common to those dwelling units in a single proceeding.

(6) Decisions of the arbitrator shall be enforced or appealed according to the provisions of chapter 7.04 RCW. [1973 1st ex.s. c 207 § 33.]

59.18.340 Arbitration—Fee. The administrative fee for this arbitration procedure shall be seventy dollars, and, unless otherwise allocated by the arbitrator, shall be shared equally by the parties: *Provided*, That upon either party signing an affidavit to the effect that he is unable to pay his share of the fee, that portion of the fee may be waived or deferred. [1973 1st ex.s. c 207 § 34.]

59.18.350 Arbitration—Completion of arbitration after giving notice. When a party gives notice pursuant to subsection (2) of RCW 59.18.320, he must, at the same time, arrange for arbitration of the grievance in the manner provided for in this chapter. The arbitration shall be completed before the rental due date next occurring after the giving of notice pursuant to RCW 59.18.320: *Provided*, That in no event shall the arbitrator have less than ten days to complete the arbitration process. [1973 1st ex.s. c 207 § 35.]

59.18.360 Exemptions. A landlord and tenant may agree, in writing, to exempt themselves from the provisions of RCW 59.18.060, 59.18.100, 59.18.110, 59.18.120, 59.18.130, and 59.18.190 if the following conditions have been met:

(1) The agreement may not appear in a standard form lease or rental agreement;

(2) There is no substantial inequality in the bargaining position of the two parties;

(3) The exemption does not violate the public policy of this state in favor of the ensuring safe, and sanitary housing; and

(4) Either the local county prosecutor's office or the consumer protection division of the attorney general's office or the attorney for the tenant has approved in writing the application for exemption as complying with subsections (1) through (3) of this section. [1973 1st ex.s. c 207 § 36.]

59.18.370 Forcible entry or detainer or unlawful detainer actions—Writ of restitution—Application—Order—Hearing. The plaintiff, at the time of commencing an action of forcible entry or detainer or unlawful detainer, or at any time afterwards, upon filing the complaint, may apply to the superior court in which

the action is pending for an order directing the defendant to appear and show cause, if any he has, why a writ of restitution should not issue restoring to the plaintiff possession of the property in the complaint described, and the judge shall by order fix a time and place for a hearing of said motion, which shall not be less than six nor more than twelve days from the date of service of said order upon defendant. A copy of said order, together with a copy of the summons and complaint if not previously served upon the defendant, shall be served upon the defendant. Said order shall notify the defendant that if he fails to appear and show cause at the time and place specified by the order the court may order the sheriff to restore possession of the property to the plaintiff and may grant such other relief as may be prayed for in the complaint and provided by this chapter. [1973 1st ex.s. c 207 § 38.]

59.18.380 Forcible entry or detainer or unlawful detainer actions—Writ of restitution—Answer—Order—Stay—Bond. At the time and place fixed for the hearing of plaintiff's motion for a writ of restitution, the defendant, or any person in possession or claiming possession of the property, may answer, orally or in writing, and assert any legal or equitable defense or set-off arising out of the tenancy. If the answer is oral the substance thereof shall be endorsed on the complaint by the court. The court shall examine the parties and witnesses orally to ascertain the merits of the complaint and answer, and if it shall appear that the plaintiff has the right to be restored to possession of the property, the court shall enter an order directing the issuance of a writ of restitution, returnable ten days after its date, restoring to the plaintiff possession of the property and if it shall appear to the court that there is no substantial issue of material fact of the right of the plaintiff to be granted other relief as prayed for in the complaint and provided for in this chapter, the court may enter an order and judgment granting so much of such relief as may be sustained by the proof, and the court may grant such other relief as may be prayed for in the plaintiff's complaint and provided for in this chapter, then the court shall enter an order denying any relief sought by the plaintiff for which the court has determined that the plaintiff has no right as a matter of law: *Provided*, That within three days after the service of the writ of restitution the defendant, or person in possession of the property, may, in any action for the recovery of possession of the property for failure to pay rent, stay the execution of the writ pending final judgment by paying into court or to the plaintiff, as the court directs, all rent found to be due and all the costs of the action, and in addition by paying, on a monthly basis pending final judgment, an amount equal to the monthly rent called for by the lease or rental agreement at the time the complaint was filed: *Provided further*, That before any writ shall issue prior to final judgment the plaintiff shall execute to the defendant and file in the court a bond in such sum as the court may order, with sufficient surety to be approved by the clerk, conditioned that the plaintiff will prosecute his action without delay, and will pay all costs that may

be adjudged to the defendant, and all damages which he may sustain by reason of the writ of restitution having been issued, should the same be wrongfully sued out. The court shall also enter an order directing the parties to proceed to trial on the complaint and answer in the usual manner.

If it appears to the court that the plaintiff should not be restored to possession of the property, the court shall deny plaintiff's motion for a writ of restitution and enter an order directing the parties to proceed to trial within thirty days on the complaint and answer. If it appears to the court that there is a substantial issue of material fact as to whether or not the plaintiff is entitled to other relief as is prayed for in plaintiff's complaint and provided for in this chapter, or that there is a genuine issue of a material fact pertaining to a legal or equitable defense or set-off raised in the defendant's answer, the court shall grant or deny so much of plaintiff's other relief sought and so much of defendant's defenses or set-off claimed, as may be proper. [1973 1st ex.s. c 207 § 39.]

59.18.390 Forcible entry or detainer or unlawful detainer actions—Writ of restitution—Service—Defendant's bond. The sheriff shall, upon receiving the writ of restitution, forthwith serve a copy thereof upon the defendant, his agent, or attorney, or a person in possession of the premises, and shall not execute the same for three days thereafter, and the defendant, or person in possession of the premises within three days after the service of the writ of restitution may execute to the plaintiff a bond to be filed with and approved by the clerk of the court in such sum as may be fixed by the judge, with sufficient surety to be approved by the clerk of said court, conditioned that they will pay to the plaintiff such sum as the plaintiff may recover for the use and occupation of the said premises, or any rent found due, together with all damages the plaintiff may sustain by reason of the defendant occupying or keeping possession of said premises, together with all damages which the court theretofore has awarded to the plaintiff as provided in this chapter, and also all the costs of the action. The plaintiff, his agent or attorneys, shall have notice of the time and place where the court or judge thereof shall fix the amount of the defendant's bond, and shall have notice and a reasonable opportunity to examine into the qualification and sufficiency of the sureties upon said bond before said bond shall be approved by the clerk. The writ may be served by the sheriff, in the event he shall be unable to find the defendant, an agent or attorney, or a person in possession of the premises, by affixing a copy of said writ in a conspicuous place upon the premises. [1973 1st ex.s. c 207 § 40.]

59.18.400 Forcible entry or detainer or unlawful detainer actions—Writ of restitution—Answer of defendant. On or before the day fixed for his appearance the defendant may appear and answer. The defendant in his answer may assert any legal or equitable defense or set-off arising out of the tenancy. [1973 1st ex.s. c 207 § 41.]

59.18.410 Forcible entry or detainer or unlawful detainer actions—Writ of restitution—Judgment—Execution. If upon the trial the verdict of the jury or, if the case be tried without a jury, the finding of the court be in favor of the plaintiff and against the defendant, judgment shall be entered for the restitution of the premises; and if the proceeding be for unlawful detainer after neglect or failure to perform any condition or covenant of a lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of the lease, agreement or tenancy. The jury, or the court, if the proceedings be tried without a jury, shall also assess the damages arising out of the tenancy occasioned to the plaintiff by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved on the trial, and, if the alleged unlawful detainer be after default in the payment of rent, find the amount of any rent due, and the judgment shall be rendered against the defendant guilty of the forcible entry, forcible detainer or unlawful detainer for the amount of damages thus assessed and for the rent, if any, found due, and the court may award statutory costs and reasonable attorney's fees. When the proceeding is for an unlawful detainer after default in the payment of rent, and the lease or agreement under which the rent is payable has not by its terms expired, execution upon the judgment shall not be issued until the expiration of five days after the entry of the judgment, within which time the tenant or any subtenant, or any mortgagee of the term, or other party interested in the continuance of the tenancy, may pay into court for the landlord the amount of the judgment and costs, and thereupon the judgment shall be satisfied and the tenant restored to his tenancy; but if payment, as herein provided, be not made within five days the judgment may be enforced for its full amount and for the possession of the premises. In all other cases the judgment may be enforced immediately. If writ of restitution shall have been executed prior to judgment no further writ or execution for the premises shall be required. [1973 1st ex.s. c 207 § 42.]

59.18.415 Applicability to certain single family dwelling leases. The provisions of this chapter shall not apply to any lease of a single family dwelling for a period of a year or more or to any lease of a single family dwelling containing a bona fide purchase by the tenant: *Provided*, That an attorney for the tenant must approve on the face of the agreement any lease exempted from the provisions of this chapter as provided for in this section. [1973 1st ex.s. c 207 § 43.]

59.18.420 RCW 59.12.090, 59.12.100, 59.12.121 and 59.12.170 inapplicable. The provisions of RCW 59.12.090, 59.12.100, 59.12.121, and 59.12.170 shall not apply to any rental agreement included under the provisions of chapter 59.18 RCW. [1973 1st ex.s. c 207 § 44.]

59.18.430 Applicability to prior, existing or future leases. RCW 59.18.010 through 59.18.360 and 59.18.900 shall not apply to any lease entered into prior to July 16, 1973. All provisions of this chapter shall apply

to any lease or periodic tenancy entered into on or subsequent to July 16, 1973. [1973 1st ex.s. c 207 § 47.]

59.18.900 Severability—1973 1st ex.s. c 207. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the act, or its application to other persons or circumstances, is not affected. [1973 1st ex.s. c 207 § 37.]

59.20.020 Rights and remedies—Obligation of good faith required. Every duty under this chapter and every act which must be performed as a condition precedent to the exercise of a right or remedy under this chapter imposes an obligation of good faith in its performance or enforcement. [1977 1st ex.s. c 279 § 2.]

- 59.20.030 Definitions.** For purposes of this chapter:
- (1) "Landlord" means the owner of a mobile home park and includes the agents of a landlord;
 - (2) "Mobile home lot" means a portion of a mobile home park designated as the location of one mobile home and its accessory buildings, and intended for the exclusive use of the occupants of that mobile home;
 - (3) "Mobile home park" means any real property which is rented or held out for rent to others for the placement of two or more mobile homes for the primary purpose of production of income;
 - (4) "Tenant" means any person, except a transient, who rents a mobile home lot;
 - (5) "Transient" means a person who rents a mobile home lot for a period of less than one month. [1977 1st ex.s. c 279 § 3.]

59.20.040 Chapter applies to rental agreements regarding mobile home lots—Applicability of and construction with provisions of chapter 59.12 RCW and

chapter 59.18 RCW. This chapter shall regulate and determine legal rights, remedies, and obligations arising from any rental agreement between a landlord and a tenant regarding a mobile home lot. All such rental agreements shall be unenforceable to the extent of any conflict with any provision of this chapter. Chapter 59.12 RCW shall be applicable only in implementation of the provisions of this chapter and not as an alternative remedy to this chapter which shall be exclusive where applicable: *Provided*, That the provision of RCW 59.12-.090, 59.12.100, and 59.12.170 shall not apply to any rental agreement included under the provisions of this chapter. RCW 59.18.370 through 59.18.410 shall be applicable to any action of forcible entry or detainer or unlawful detainer arising from a tenancy under the provisions of this chapter. Rentals of mobile homes themselves are governed by the Residential Landlord-Tenant Act, chapter 59.18 RCW. [1977 1st ex.s. c 279 § 4.]

59.20.050 Written rental agreement for term of one year or more required—Waiver—Exceptions—Preexisting tenancies. (1) On and after September 21, 1977, no landlord may offer a mobile home lot for rent without offering to a prospective tenant a written rental agreement for a term of one year or more. A prospective tenant who desires to occupy a mobile home lot for other than a term of one year or more may have the option to be on a month to month basis but must waive, in writing, the right to such one year or more term. Except pursuant to such waiver, no landlord shall allow a mobile home to be moved into a mobile home park in this state until a written rental agreement has been signed by the landlord and the tenant and a copy provided for the tenant;

(2) The requirements of subsection (1) of this section shall not apply if:

(a) The mobile home park or part thereof has been acquired or is under imminent threat of condemnation for a public works project, or

(b) An employer-employee relationship exists between a landlord and tenant;

(3) The provisions of this section shall apply to any tenancy in existence prior to September 21, 1977, upon expiration of the term of any oral or written rental agreement governing such tenancy. [1977 1st ex.s. c 279 § 5.]

59.20.060 Rental agreements—Required contents—Exclusions. (1) Any rental agreement executed between the landlord and tenant shall contain:

(a) The terms for the payment of rent, including time and place, and any additional charges to be paid by the tenant. Additional charges that occur less frequently than monthly shall be itemized in a billing to the tenant;

(b) Reasonable rules for guest parking which shall be clearly stated;

(c) The rules and regulations of the park;

(d) The name and address of the person who is the landlord, and if such person does not reside in the state where the mobile home park is located there shall also be designated by name and address a person who resides in the county where the mobile home park is located

who is authorized to act as agent for the purposes of service of notices and process. If no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered the agent; and

(e) The terms and conditions under which any deposit or portion thereof may be withheld by the landlord upon termination of the rental agreement if any moneys are paid to the landlord by the tenant as a deposit or as security for performance of the tenant's obligations in a rental agreement.

(2) Any rental agreement executed between the landlord and tenant shall not contain:

(a) Any provision which allows the landlord to charge a fee for guest parking unless a violation of the rules for guest parking occurs: *Provided*, That a fee may be charged for guest parking which covers an extended period of time as defined in the rental agreement;

(b) Any provision which authorizes the towing or impounding of a vehicle except upon notice to the owner thereof or the tenant whose guest is the owner of said vehicle;

(c) Any provision which allows the landlord to increase the rent or alter the due date for rent payment during the term of the rental agreement: *Provided*, That a rental agreement may include an escalation clause for a pro rata share of any increase in the mobile home park's real property taxes or utility assessments or charges, over the base taxes or utility assessments or charges of the year in which the rental agreement took effect, if the clause also provides for a pro rata reduction in rent or other charges in the event of a reduction in real property taxes or utility assessments or charges, below the base year;

(d) Any provision by which the tenant agrees to waive or forego rights or remedies under this chapter; or

(e) Any provision allowing the landlord to charge an "entrance fee" or an "exit fee". [1977 1st ex.s. c 279 § 6.]

59.20.070 Prohibited acts by landlord. A landlord shall not:

(1) Deny any tenant the right to sell such tenant's mobile home within a park or require the removal of the mobile home from the park solely because of the sale thereof: *Provided*, That:

(a) A rental agreement for a fixed term shall be assignable by the tenant to any person to whom he sells or transfers title to the mobile home, subject to the approval of the landlord after fifteen days' written notice of such intended assignment;

(b) The assignee of the rental agreement shall assume all the duties and obligations of his assignor for the remainder of the term of the rental agreement unless, by mutual agreement, a new rental agreement is entered into with the landlord; and

(c) The landlord shall approve or disapprove of the assignment of a rental agreement on the same basis that the landlord approves or disapproves of any new tenant; or

(2) Restrict the tenant's freedom of choice in purchasing goods or services but may reserve the right to

approve or disapprove any exterior structural improvements on a mobile home lot: *Provided*, That door-to-door solicitation in the mobile home park may be restricted in the rental agreement. [1977 1st ex.s. c 279 § 7.]

59.20.080 Grounds for termination of tenancy—

Notice. Tenancy during the term of a rental agreement may be terminated by the landlord only for one or more of the following reasons:

(1) Substantial or repeated violation of the rules of the mobile home park as established by the landlord at the inception of the tenancy or as assumed subsequently with the consent of the tenant. The tenant shall be given written notice of a fifteen day period in which to comply or vacate. In the case of periodic rather than continuous violation, said notice shall specify that the same violation repeated shall result in termination;

(2) Nonpayment of rent or other charges specified in the rental agreement, upon five days written notice to pay rent and/or other charges or to vacate;

(3) Conviction of the tenant of a crime, commission of which threatens the health, safety, or welfare of the other mobile home park tenants. The tenant shall be given written notice of a fifteen day period in which to vacate. [1977 1st ex.s. c 279 § 8.]

59.20.090 Term of rental agreements—

Renewal—Nonrenewal—Termination—Notices.

(1) Unless otherwise agreed rental agreements shall be for a term of one year. Any rental agreement for a term of one year and any rental agreement renewed for a six-month term shall be automatically renewed for an additional six-month term unless:

(a) Otherwise specified in the original written rental agreement; or

(b) The landlord notifies the tenant in writing three months prior to the expiration of the rental agreement that it will not be renewed or will be renewed only with the changes contained in such notice.

A tenant shall notify the landlord in writing one month prior to the expiration of a rental agreement of an intention not to renew.

(2) The tenant may terminate the rental agreement upon thirty days written notice whenever a change in the location of the tenant's employment requires a change in his residence, and shall not be liable for rental following such termination unless after due diligence and reasonable effort the landlord is not able to rent the mobile home lot at a fair rental. If the landlord is not able to rent the lot, the tenant shall remain liable for the rental specified in the rental agreement until the lot is rented or the original term ends;

(3) Any tenant who is a member of the armed forces may terminate a rental agreement with less than thirty days notice if he receives reassignment orders which do not allow greater notice. [1977 1st ex.s. c 279 § 9.]

59.20.100 Improvements.

Improvements, except a natural lawn, purchased and installed by a tenant on a mobile home lot shall remain the property of the tenant even though affixed to or in the ground and may be

removed or disposed of by the tenant prior to the termination of the tenancy: *Provided*, That a tenant shall leave the mobile home lot in substantially the same or better condition than upon taking possession. [1977 1st ex.s. c 279 § 10.]

59.20.110 Attorney's fees and costs. In any action arising out of this chapter, the prevailing party shall be entitled to reasonable attorney's fees and costs. [1977 1st ex.s. c 279 § 11.]

59.20.120 Venue. Venue for any action arising under this chapter shall be in the district or superior court of the county in which the mobile home lot is located. [1977 1st ex.s. c 279 § 12.]

59.20.900 Severability—1977 1st ex.s. c 279. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 1st ex.s. c 279 § 13.]

60.28.010 Retained percentage—Labor and material lien created—Termination before completion—Chapter deemed exclusive—Release of ferry contract payments (as amended by 1977 1st ex.s. c 166). (1) Contracts for public improvements or work, other than for professional services, by the state, or any county, city, town, district, board, or other public body, herein referred to as "public body", shall provide, and there shall be reserved by the public body from the moneys earned by the contractor on estimates during the progress of the improvement or work, a sum equal to ten percent of the first one hundred thousand dollars and five percent for all amounts over one hundred thousand dollars of such estimates, said sum to be retained by the state, county, city, town, district, board, or other public body, as a trust fund for the protection and payment of any person or persons, mechanic, subcontractor or materialman who shall perform any labor upon such contract or the doing of said work, and all persons who shall supply such person or persons or subcontractors with provisions and supplies for the carrying on of such work, and the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor. Every person performing labor or furnishing supplies toward the completion of said improvement or work shall have a lien upon said moneys so reserved: *Provided,* That such notice of the lien of such claimant shall be given in the manner and within the time provided in *RCW 39.08.030 through 39.08.060 as now existing and in accordance with any amendments that may hereafter be made thereto: *Provided further,* That the board, council, commission, trustees, officer or body acting for the state, county or municipality or other public body, at any time after fifty percent of the original contract work has been completed, if it finds that satisfactory progress is being made, may make any of the partial payments subsequently made in full; but in no event shall the amount to be retained be reduced to less than five percent of the amount of the moneys earned by the contractor.

(2) The moneys reserved under the provisions of subsection (1) of this section, at the option of the contractor, shall be:

(a) Retained in a fund by the public body until thirty days following the final acceptance of said improvement or work as completed; or

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association, not subject to withdrawal until after the final acceptance of said improvement or work as completed, or until agreed to by both parties: *Provided,* That interest on such account shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body until thirty days following the final acceptance of said improvement or work as completed.

When the moneys reserved are to be placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. Such check shall be converted into bonds and securities chosen by the contractor and approved by the public body and such bonds and securities shall be held in escrow. Interest on such bonds and securities shall be paid to the contractor as the said interest accrues.

(3) If the public body administering a contract, other than a contract governed by the provisions of RCW 60.28.070, as amended, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in such case any amounts retained and accumulated under this section shall be held for a period of thirty days following such acceptance. In the event that the work shall have been terminated before final completion as provided in this section, the

public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter 60.28 RCW shall be deemed exclusive and shall supersede all provisions and regulations in conflict herewith.

60.28.010 Retained percentage—Labor and material lien created—Termination before completion—Chapter deemed exclusive (as amended by 1977 1st ex.s. c 205). (1) Contracts for public improvements or work, other than for professional services, by the state, or any county, city, town, district, board, or other public body, herein referred to as "public body", shall provide, and there shall be reserved by the public body from the moneys earned by the contractor on estimates during the progress of the improvement or work, a sum equal to ten percent of the first one hundred thousand dollars and five percent for all amounts over one hundred thousand dollars of such estimates, said sum to be retained by the state, county, city, town, district, board, or other public body, as a trust fund for the protection and payment of any person or persons, mechanic, subcontractor or materialman who shall perform any labor upon such contract or the doing of said work, and all persons who shall supply such person or persons or subcontractors with provisions and supplies for the carrying on of such work, and the state with respect to taxes imposed pursuant to Title 82 RCW which may be due from such contractor. Every person performing labor or furnishing supplies toward the completion of said improvement or work shall have a lien upon said moneys so reserved: *Provided*, That such notice of the lien of such claimant shall be given in the manner and within the time provided in *RCW 39.08.030 through 39.08.060 as now existing and in accordance with any amendments that may hereafter be made thereto: *Provided further*, That the board, council, commission, trustees, officer or body acting for the state, county or municipality or other public body; (a) at any time after fifty percent of the original contract work has been completed, if it finds that satisfactory progress is being made, may make any of the partial payments which would otherwise be subsequently made in full; but in no event shall the amount to be retained be reduced to less than five percent of the amount of the moneys earned by the contractor; and (b) thirty days after completion and acceptance of all contract work other than landscaping, may release and pay in full the amounts retained during the performance of the contract (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of RCW 60.28.020.

(2) The moneys reserved under the provisions of subsection (1) of this section, at the option of the contractor, shall be:

(a) Retained in a fund by the public body until thirty days following the final acceptance of said improvement or work as completed; or

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association, not subject to withdrawal until after the final acceptance of said improvement or work as completed, or until agreed to by both parties: *Provided*, That interest on such account shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body until thirty days following the final acceptance of said improvement or work as completed.

When the moneys reserved are to be placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. Such check shall be converted into bonds and securities chosen by the contractor and approved by the public body and such bonds and securities shall be held in escrow. Interest on such bonds and securities shall be paid to the contractor as the said interest accrues.

(3) If the public body administering a contract, other than a contract governed by the provisions of RCW 60.28.070, as amended, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in such case any amounts retained and accumulated under this section shall be held for a period of thirty days following such acceptance. In the event that the work shall have been terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter 60.28 RCW shall be deemed exclusive and shall supersede all provisions and regulations in conflict herewith. 62A.9-302 When filing is required to perfect security interest; security interests to which filing provisions of this Article do not apply. (1) A financing statement must be filed to perfect all security interests except the following:

(a) a security interest in collateral in possession of the secured party under RCW 62A.9-305;

(b) a security interest temporarily perfected in instruments or documents without delivery under RCW

62A.9-304 or in proceeds for a ten day period under RCW 62A.9-306;

(c) a purchase money security interest in farm equipment having a purchase price not in excess of two thousand five hundred dollars; but filing is required for a fixture under RCW 62A.9-313 or for a motor vehicle required to be licensed;

(d) a purchase money security interest in consumer goods; but filing is required for a fixture under RCW 62A.9-313 or for a motor vehicle required to be licensed;

(e) an assignment of accounts or contract rights which does not alone or in conjunction with other assignments to the same assignee transfer a significant part of the outstanding accounts or contract rights of the assignor;

(f) a security interest of a collecting bank (RCW 62A.4-208) or arising under the Article on Sales (RCW 62A.9-113) or covered in subsection (3) of this section.

(2) If a secured party assigns a perfected security interest, no filing under this Article is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing provisions of this Article do not apply to a security interest in property subject to a statute

(a) of the United States which provides for a national registration or filing of all security interests in such property; or

(b) of this state which provides for central filing of, or which requires indication on a certificate of title of, such security interests in such property.

(4) A security interest in property covered by a statute described in subsection (3) can be perfected only by registration or filing under that statute or by indication of the security interest on a certificate of title or a duplicate thereof by a public official.

When so filed, such instrument shall remain effective until terminated, without the need for filing a continuation statement. Assignments and releases of such instruments may also be filed with the department of motor vehicles. The director of motor vehicles shall be a filing officer for the foregoing purposes, and the uniform fee for filing, indexing, and furnishing filing data pursuant to this subsection shall be five dollars. PART 4 FILING

62A.9-401 Place of filing; erroneous filing; removal of collateral. (1) The proper place to file in order to perfect a security interest is as follows:

(a) when the collateral is equipment used in farming operations, or farm products, or accounts, contract rights or general intangibles arising from or relating to the sale of farm products by a farmer, or consumer goods, then in the office of the auditor in the county of the debtor's residence or if the debtor is not a resident of this state then in the office of the auditor in the county where the goods are kept, and in addition when the collateral is crops in the office of the auditor in the county where the land on which the crops are growing or to be grown is located;

(b) when the collateral is goods which at the time the security interest attaches are or are to become fixtures, then in the office where a mortgage on the real estate concerned would be filed or recorded;

(c) in all other cases, with the department of motor vehicles.

(2) A filing which is made in good faith in an improper place or not in all of the places required by this section is nevertheless effective with regard to any collateral as to which the filing complied with the requirements of this Article and is also effective with regard to collateral covered by the financing statement against any person who has knowledge of the contents of such financing statement.

(3) A filing which is made in the proper place in this state continues effective even though the debtor's residence or place of business or the location of the collateral or its use, whichever controlled the original filing, is thereafter changed.

(4) If collateral is brought into this state from another jurisdiction, the rules stated in RCW 62A.9-103 determine whether filing is necessary in this state. [1977 1st ex.s. c 117 § 7; 1965 ex.s. c 157 § 9-401. Cf. former RCW sections: (i) RCW 61.04.020; 1943 c 284 § 1; 1915 c 96 § 1; Code 1881 § 1987; Rem. Supp. 1943 §

62A.9-403 What constitutes filing; duration of filing; effect of lapsed filing; duties of filing officer. (1) Presentation for filing of a financing statement and tender of the filing fee or acceptance of the statement by the filing officer constitutes filing under this Article.

(2) A filed financing statement which states a maturity date of the obligation secured of five years or less is effective until such maturity date and thereafter for a period of sixty days. Any other filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of such sixty day period after a stated maturity date or on the expiration of such five year period, as the case may be, unless a continuation statement is filed prior to the lapse. Upon such lapse the security interest becomes unperfected. A filed financing statement which states that the obligation secured is payable on demand is effective for five years from the date of filing.

(3) A continuation statement may be filed by the secured party (i) within six months before and sixty days after a stated maturity date of five years or less, and (ii) otherwise within six months prior to the expiration of the five year period specified in subsection (2). Any such continuation statement must be signed by the secured party, identify the original statement by file number and state that the original statement is still effective. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five years after the last date to which the filing was effective whereupon it lapses in the same manner as provided in subsection (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original statement. Unless a statute on disposition of public records provides otherwise, the filing officer may remove a lapsed statement from the files and destroy it.

(4) A filing officer shall mark each statement with a consecutive file number and with the date and hour of filing and shall hold the statement for public inspection. In addition the filing officer shall index the statements according to the name of the debtor and shall note in the index the file number and the address of the debtor given in the statement.

(5) The uniform fee for filing, indexing, and furnishing filing data for an original or a continuation statement on a form conforming to standards prescribed by the department of motor vehicles shall be three dollars, but if the form of the statement does not conform to the standards prescribed by the department the uniform fee shall be five dollars. [1977 1st ex.s. c 117 § 8; 1967 c 114 § 5; 1965 ex.s. c 157 § 9-403. Cf. former RCW sections: (i) RCW 61.04.030; 1959 c 263 § 11; 1953 c 214 § 3; 1943 c 284 § 2; 1899 c 98 § 2; Rem. 62A.9-404 Termination statement. (1) Whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party must on written demand by the debtor send the debtor a statement that he no longer claims a security interest under the financing statement, which shall be identified by file number. A termination statement signed by a person other than the secured party of record must include or be accompanied by the assignment or a statement by the secured party of record that he has assigned the security interest to the signer of the termination statement. The uniform fee for filing and indexing such an assignment or statement thereof on a form conforming to standards prescribed by the department of motor vehicles shall be one dollar, but if the form of the statement does not conform to the standards prescribed by the department the uniform fee shall be two dollars. If the affected secured party fails to send such a termination statement within ten days after proper demand therefor he shall be liable to the debtor for one hundred dollars, and in addition for any loss caused to the debtor by such failure.

(2) On presentation to the filing officer of such a termination statement he must note it in the index. The filing officer shall remove from the files, mark "terminated" and send or deliver to the secured party the financing statement and any continuation statement, statement of assignment or statement of release pertaining thereto.

(3) There shall be no fee for filing and indexing a termination statement including sending or delivering the financing statement. [1977 1st ex.s. c 117 § 9; 1967 c 114 § 6; 1965 ex.s. c 157 § 9-404. Cf. former RCW sections: (i) RCW 61.16.040; 1959 c 263 § 12; 1953 c

62A.9-405 Assignment of security interest; duties of filing officer; fees. (1) A financing statement may disclose an assignment of a security interest in the collateral described in the statement by indication in the statement of the name and address of the assignee or by an assignment itself or a copy thereof on the face or back of the statement. Either the original secured party or the assignee may sign this statement as the secured party. On presentation to the filing officer of such a financing statement, the filing officer shall mark, hold, and index the same as provided in RCW 62A.9-403(4), and shall note the assignment on the index of the financing statement. The uniform fee for filing, indexing, and furnishing filing data for a financing statement so indicating an assignment on a form conforming to standards prescribed by the department of motor vehicles shall be three dollars, but if the form of the financing statement does not conform to the standards prescribed by the department the uniform fee shall be five dollars.

(2) A secured party may assign of record all or a part of his rights under a financing statement by the filing of a separate written statement of assignment signed by the secured party of record and setting forth the name of the secured party of record and the debtor, the file number and the date of filing of the financing statement and the name and address of the assignee and containing a description of the collateral assigned. A copy of the assignment is sufficient as a separate statement if it complies with the preceding sentence. On presentation to the filing officer of such a separate statement, the filing officer shall mark such separate statement with the date and hour of the filing. He shall note the assignment on the index of the financing statement. The uniform fee for filing, indexing and furnishing filing data about such a separate statement of assignment on a form conforming to standards prescribed by the department shall be one dollar, but if the form of the financing statement does not conform to the standards prescribed by the department the uniform fee shall be two dollars.

62A.9-406 Release of collateral; duties of filing officer; fees. A secured party of record may by his signed statement release all or a part of any collateral described in a filed financing statement. The statement of release is sufficient if it contains a description of the collateral being released, the name and address of the debtor, the name and address of the secured party, and the file number of the financing statement. Upon presentation of such a statement to the filing officer he shall mark the statement with the hour and date of filing and shall note the same upon the margin of the index of the filing of the financing statement. The uniform fee for filing and noting such a statement of release on a form conforming to standards prescribed by the department of motor vehicles shall be one dollar, but if the form of the statement does not conform to the standards prescribed by the department the uniform fee shall be two dollars. 67.16.100 Gross receipts and fees—Commission's percentage—Disposition—"Fair fund" and "state trade fair fund". In addition to the license fees required by this chapter the licensee shall pay to the commission five percent of the gross receipts of all parimutuel machines at each race meet, which sums shall be paid daily to the commission.

All sums paid to the commission, together with all sums collected for license fees under the provisions of this chapter, shall be disposed of by the commission as follows: Twenty percent thereof shall be retained by the commission for the payment of the salaries of its members, secretary, clerical, office, and other help and all expenses incurred in carrying out the provisions of this chapter. 67.16.101 Legislative finding—Responsibilities of horse racing commission—Availability of interest on one percent of gross receipts to support small race courses. The legislature finds that:

(1) A primary responsibility of the horse racing commission is the encouragement of the training and development of the equine industry in the state of Washington whether the result of this training and development results in legalized horse racing or in the recreational use of horses;

(2) The horse racing commission has a further major responsibility to assure that any facility used as a race course should be maintained and upgraded to insure the continued safety of both the public and the horse at any time the facility is used for the training or contesting of these animals;

(3) Small race courses within the state have difficulty in obtaining sufficient funds to provide the maintenance and upgrading necessary to assure this safety at these facilities, or to permit frequent use of these facilities by 4-H children or other horse owners involved in training; and

(4) The one percent of the parimutuel machine gross receipts used to pay a special purse to the licensed owners of Washington bred horses is available for the purpose of drawing interest, thereby obtaining sufficient funds to be disbursed to achieve the necessary support to these small race courses. [1977 1st ex.s. c 372 § 1.]

Severability—1977 1st ex.s. c 372: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 1st ex.s. c 372 § 3.]

67.16.102 Additional one percent of gross receipts to be withheld—Payment to owners—Payment of interest on one percent and amount retained by commission under RCW 67.16.100. Notwithstanding any other provision of chapter 67.16 RCW to the contrary the licensee shall withhold and shall pay daily to the commission, in addition to the fifteen percent authorized by this chapter, one percent of the gross receipts of all parimutuel machines at each race meet which sums shall, at the end of each meet, be paid by the commission to the licensed owners of those horses finishing first, second, third and fourth Washington bred only at each meet from which the additional one percent is derived in accordance with an equitable distribution formula to be promulgated by the commission prior to the commencement of each race meet: *Provided*, That nothing in this section shall apply to race meets which are nonprofit in nature, or of six days or less or which have a total annual handle of less than two hundred thousand dollars: *Provided*, That the additional one percent of the gross receipts of all parimutuel machines at each race meet and the amount retained by the commission as

specified in RCW 67.16.100 shall be deposited daily in a time deposit by the commission and the interest derived therefrom shall be distributed annually on an equal basis to those county legislative authorities that operate fairs, authorized by chapter 36.37 RCW, and race courses at which independent race meets are held which are nonprofit in nature and are of six days or less: *Provided*, That such county legislative authorities have approved and are operating a program of use for said race course for year-round equine training and quartering: *Provided, further*, That said distributed funds shall be used for the purpose of maintaining and upgrading the respective racing courses and equine quartering areas of said nonprofit meets. The commission shall not permit the licensees to take into consideration the benefits derived from this section in establishing purses. [1977 1st ex.s. c 372 § 2; 1969 ex.s. c 233 § 3.]

67.32.080 Categories of trails or areas—Policy statement as to certain state lands. The following seven categories of trails or areas are hereby established for purposes of this chapter:

(1) Cross-state trails which connect scenic, historical, geological, geographical, or other significant features which are characteristic of the state;

(2) Water-oriented trails which provide a designated path to, on, or along fresh and/or salt water in which the water is the primary point of interest;

(3) Scenic-access trails which give access to quality recreation, scenic, historic or cultural areas of state-wide or national significance;

(4) Urban trails which provide opportunities within an urban setting for walking, bicycling, horseback riding, or other compatible activities. Where appropriate, they will connect parks, scenic areas, historical points, and neighboring communities;

(5) Historical trails which identify and interpret routes which were significant in the historical settlement and development of the state;

(6) ORV vehicle trails which are suitable for use by both four-wheel drive vehicles and two-wheel vehicles. Such trails may be included as a part of the trail systems enumerated in subsections (1), (2), (3) and (5) of this section or may be separately designated;

(7) Off-road and off-trail areas which are suitable for use by both four-wheel drive vehicles and two-wheel vehicles. IAC shall coordinate an inventory and classification of such areas giving consideration to the type of use such areas will receive from persons operating four-wheel drive vehicles and two-wheel vehicles.

The planning and designation of trails shall take into account and give due regard to the interests of federal agencies, state agencies and bodies, counties, municipalities, private landowners and individuals, and interested recreation organizations. It is not required that the above categories be used to designate specific trails, but the IAC will assure that full consideration is given to including trails from all categories within the system. As it relates to all classes of trails and to all types of trail users, it is herein declared as state policy to increase recreational trail access to and within state and federally owned lands and private lands where access may be obtained. It is the intent of the legislature that public recreation facilities be developed as fully as possible to provide greater recreation opportunities for the citizens of the state. The purpose of *this 1972 amendatory act is to increase the availability of trails and areas for off-road vehicles by granting authority to state and local governments to maintain a system of ORV trails and areas, and to fund the program to provide for such development. State lands should be used as fully as possible for all public recreation which is compatible with the income-producing requirements of the various trusts. SUBSTITUTION OF PRESCRIPTION DRUGS**69.41.100 Legislative recognition and declaration.**

The legislature recognizes the responsibility of the state to insure that the citizens of the state are offered the benefit of quality pharmaceutical products at competitive prices. Advances in the drug industry resulting from research and the elimination of counterfeiting of prescription drugs should benefit the users of the drugs. Pharmacy must continue to operate with accountability and effectiveness. The legislature hereby declares it to be the policy of the state that its citizens receive safe and therapeutically effective drug products at the most reasonable cost consistent with high drug quality standards. [1977 1st ex.s. c 352 § 1.]

Severability—1977 1st ex.s. c 352: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 1st ex.s. c 352 § 10.] This applies to RCW 69.41.100–69.41.180.

69.41.110 Definitions. As used in RCW 69.41.100 through 69.41.180, the following words shall have the following meanings:

(3) "Substitute" means to dispense, with the practitioner's authorization, a "therapeutically equivalent" generic drug product, being consistent with basic salt intent, in place of the drug ordered or prescribed;

(4) "Therapeutically equivalent" means essentially the same efficacy and toxicity when administered to an individual in the same dosage regimen; and

(5) "Practitioner" means a physician, osteopath, dentist, veterinarian, or any other person authorized to prescribe drugs under the laws of this state. [1977 1st ex.s. c 352 § 2.]

If a written prescription is involved, the form shall have two signature lines at opposite ends on the bottom of the form. Under the line at the right side shall be clearly printed the words "DISPENSE AS WRITTEN". Under the line at the left side shall be clearly printed the words "SUBSTITUTION PERMITTED". The practitioner shall communicate the instructions to the pharmacist by signing the appropriate line. No prescription shall be valid without the signature of the practitioner on one of these lines.

If an oral prescription is involved, the practitioner or the practitioner's agent shall instruct the pharmacist as to whether or not a therapeutically equivalent generic drug may be substituted in its place. The pharmacist

shall note the instructions on the file copy of the prescription.

The pharmacist shall note the manufacturer of the drug dispensed on the file copy of a written or oral prescription. [1977 1st ex.s. c 352 § 3.]

69.41.130 Savings in price to be passed on to purchaser. A pharmacist shall not substitute any drug for another drug unless all savings in the retail price of the prescription are passed to the purchaser. The savings shall be equal to the difference in acquisition costs of the prescribed product and the substituted product. [1977 1st ex.s. c 352 § 4.]

69.41.140 Minimum manufacturing standards and practices. A pharmacist may not substitute a product under the provisions of this section unless the manufacturer has shown that the drug has been manufactured with the following minimum good manufacturing standards and practices:

(1) Maintain quality control standards equal to those of the Food and Drug Administration;

(2) Comply with regulations promulgated by the Food and Drug Administration;

(3) Mark products with identification code or monogram;

(4) Label products with expiration date;

(5) Provide reasonable services to accept return goods that have reached their expiration date;

(6) Maintain twenty-four hour resources for product information;

(7) Maintain recall capabilities for unsafe or defective drugs. [1977 1st ex.s. c 352 § 5.]

Every pharmacy shall post a sign in a location at the prescription counter that is readily visible to patrons stating, "Under Washington law, an equivalent but less expensive drug may in some cases be substituted for the drug prescribed by your doctor. Such substitution, however, may only be made with the consent of your doctor. Please consult your pharmacist or physician for more information." The printing shall be in block letters no less than one inch in height. [1977 1st ex.s. c 352 § 7.]

69.41.170 Coercion of pharmacist prohibited—Penalty. 69.41.180 Rules. The state board of pharmacy may adopt any necessary rules under chapter 34.04 RCW for the implementation, continuation, or enforcement of

RCW 69.41.100 through 69.41.180, including, but not limited to, a list of nontherapeutically equivalent drugs which, when adopted, shall be provided to all registered pharmacists in the state and shall be updated as necessary. [1977 1st ex.s. c 352 § 9.]

(6) In the event an order of closure is issued by the superior court, all confined persons in custody in the jail or portions thereof ordered closed shall be transferred, provided sufficient space is available, to a suitable, available jail, and the transferring governing unit shall pay for the costs of board, room, program, and administration of such transferred persons, pursuant to the rate for such costs established by the governing unit accepting such confined persons. The governing unit may obtain reimbursement from the confined person for the cost of emergency and other health care to the extent that such person is reasonably able to pay for such care, including reimbursement from any insurance program or from other medical benefit programs available to such person. To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for financial assistance from the department or from a private source, the governing unit may obtain reimbursement for the cost of such services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: *Provided*, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

70.54.130 Laetrile—Legislative declaration. It is the intent of the legislature that passage of RCW 70.54.130 through 70.54.150 shall not constitute any endorsement whatever of the efficacy of amygdalin (Laetrile) in the treatment of cancer, but represents only the legislature's endorsement of a patient's freedom of choice, so long as the patient has been given sufficient information in writing to make an informed decision regarding his/her treatment and the substance is not proven to be directly detrimental to health. [1977 1st ex.s. c 122 § 1.]

70.54.140 Laetrile—Interference with physician/patient relationship by health facility—Board of pharmacy, duties. As used in this section, toilet units are defined as constituting commodes and urinals.

(3) In situations involving coin locks placed on restroom entry doors, admission keys shall be readily provided without charge when requested, and notice as to the availability of the keys shall be posted on the restroom entry door. [1977 1st ex.s. c 97 § 1.]

UNIFORM ALCOHOLISM AND INTOXICATION TREATMENT

Sections

70.96A.120 Treatment and services for intoxicated persons and persons incapacitated by alcohol.
70.96A.140 Involuntary commitment of alcoholics.

70.96A.120 Treatment and services for intoxicated persons and persons incapacitated by alcohol. (1) An intoxicated person may come voluntarily to an approved treatment facility for treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he consents to the proffered help, may be assisted to his home, an approved treatment facility or other health facility.

(2) Except for a person who may be apprehended for possible violation of laws not relating to alcoholism or intoxication and except for a person who may be apprehended for possible violation of laws relating to driving or being in physical control of a vehicle while intoxicated and except for a person who may wish to avail himself of the provisions of RCW 46.20.308, a person who appears to be incapacitated by alcohol and who is in a public place or who has threatened, attempted, or inflicted physical harm on another, shall be taken into protective custody by the police or the emergency service patrol and as soon as practicable, but in no event beyond eight hours brought to an approved treatment facility for treatment. If no approved treatment facility is readily available he shall be taken to an emergency medical service customarily used for incapacitated persons. The police or the emergency service patrol, in detaining the person and in taking him to an approved treatment facility, is taking him into protective custody and shall

make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer or member of an emergency patrol may take reasonable steps including reasonable force if necessary to protect himself or effect the custody. A taking into protective custody under this section is not an arrest. No entry or other record shall be made to indicate that the person has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved treatment facility shall be examined by a qualified person. He may then be admitted as a patient or referred to another health facility, which provides emergency medical treatment, where it appears that such treatment may be necessary. The referring approved treatment facility shall arrange for his transportation.

(4) A person who is found to be incapacitated by alcohol at the time of his admission or to have become incapacitated at any time after his admission, may not be detained at the facility (a) once he is no longer incapacitated by alcohol, and (b) if he remains incapacitated by alcohol for more than forty-eight hours after admission as a patient, unless a petition is filed under RCW 70.96A.140, as now or hereafter amended: *Provided*, That the treatment personnel at the facility are authorized to use such reasonable physical restraint as may be necessary to retain a person incapacitated by alcohol at such facility for up to forty-eight hours from the time of admission. A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved treatment facility, is not referred to another health facility, and has no funds, may be taken to his home, if any. If he has no home, the approved treatment facility shall assist him in obtaining shelter.

(6) If a patient is admitted to an approved treatment facility, his family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his request shall be respected.

(7) The police, members of the emergency service, or treatment facility personnel, who in good faith act in compliance with this chapter are performing in the course of their official duty and are not criminally or civilly liable therefor.

(8) If the person in charge of the approved treatment facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment. [1977 1st ex.s. c 62 § 1; 1974 ex.s. c 175 § 1; 1972 ex.s. c 122 § 12.]

70.96A.140 Involuntary commitment of alcoholics.

(1) When the person in charge of a treatment facility, or his designee, receives information alleging that a person is incapacitated as a result of alcoholism, the person in charge, or his designee, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court. The petition shall allege that the person is

an alcoholic who is incapacitated by alcohol, or that the person has twice before in the preceding twelve months been admitted for the voluntary treatment for alcoholism pursuant to RCW 70.96A.110 and is in need of a more sustained treatment program, or that the person is an alcoholic who has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within two days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the physician's findings in support of the allegations of the petition. A physician employed by the petitioning facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than five and no more than ten days after the date the petition was filed unless the person petitioned against is presently being detained by the facility, pursuant to RCW 70.96A.120, as now or hereafter amended, in which case the hearing shall be held within forty-eight hours of the filing of the petition: *Provided, however*, That the above specified forty-eight hours shall be computed by including Saturdays but excluding Sundays and holidays: *Provided further*, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the treatment facility on the person whose commitment is sought, his next of kin, a parent or his legal guardian if he is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person shall be present unless the court believes that his presence is likely to be injurious to him; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he shall be given an opportunity to be examined by a court appointed licensed physician. If he refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds

that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment facility. It shall not order commitment of a person unless it determines that an approved treatment facility is able to provide adequate and appropriate treatment for him and the treatment is likely to be beneficial.

(5) A person committed under this section shall remain in the facility for treatment for a period of thirty days unless sooner discharged. At the end of the thirty day period, he shall be discharged automatically unless the facility, before expiration of the period, files a petition for his recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) of this section who has not been discharged by the facility before the end of the ninety day period shall be discharged at the expiration of that period unless the facility, before expiration of the period, obtains a court order on the grounds set forth in subsection (1) of this section for recommitment for a further period not to exceed ninety days. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommitment if after examination it is determined that the likelihood still exists. Only two recommitment orders under subsections (5) and (6) of this section are permitted.

(7) Upon the filing of a petition for recommitment under subsections (5) or (6) of this section, the court shall fix a date for hearing no less than five and no more than ten days after the date the petition was filed: *Provided*, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment facility on the person whose commitment is sought, his next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his parents or his legal guardian if he is a minor, and his attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(8) The facility shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment facility to another if transfer is medically advisable.

(9) A person committed to the custody of a facility for treatment shall be discharged at any time before the end of the period for which he has been committed and he shall be discharged by order of the court if either of the following conditions are met:

(a) In case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon another,

that he is no longer an alcoholic or the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of an alcoholic committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(10) The court shall inform the person whose commitment or recommitment is sought of his right to contest the application, be represented by counsel at every stage of any proceedings relating to his commitment and recommitment, and have counsel appointed by the court or provided by the court, if he wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him regardless of his wishes. The person shall, if he is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his right to be examined by a licensed physician of his choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(11) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(12) The venue for proceedings under this section is the county in which person to be committed resides or is present. [1977 1st ex.s. c 129 § 1; 1974 ex.s. c 175 § 2; 1972 ex.s. c 122 § 14.]

(3) Any person selling or furnishing a syringe, needle, or device under this section other than by prescription shall keep a record of the date of the sale or transfer, the name and address of the purchaser or transferee, proof of the purchaser or transferee's identity, and a description of the device. This record shall be open at all times to inspection by pharmacy board investigators and any law enforcement officer. [1977 1st ex.s. c 249 § 1.]

70.115.020 Board of pharmacy—Rules—Destruction of device after use. The state board of pharmacy shall develop and prescribe methods for the immediate destruction, after final use, of all devices regulated by this chapter in accordance with chapter 34.04 RCW. [1977 1st ex.s. c 249 § 2.]

70.115.030 Board of pharmacy—Rule-making authority. The state board of pharmacy may adopt any necessary rules and regulations under chapter 34.04 RCW for the implementation, continuation, or enforcement of this chapter. [1977 1st ex.s. c 249 § 3.]

70.116.010 Legislative declaration. The legislature hereby finds that an adequate supply of potable water for domestic, commercial, and industrial use is vital to the health and well-being of the people of the state. Readily available water for use in public water systems is limited and should be developed and used efficiently with a minimum of loss or waste.

In order to maximize efficient and effective development of the state's public water supply systems, the department of social and health services shall assist water purveyors by providing a procedure to coordinate the planning of the public water supply systems. [1977 1st ex.s. c 142 § 1.]

70.116.020 Declaration of purpose. The purposes of this chapter are:

(1) To provide for the establishment of critical water supply service areas related to water utility planning and development;

(2) To provide for the development of minimum planning and design standards for critical water supply service areas to insure that water systems developed in these areas are consistent with regional needs;

(3) To assist in the orderly and efficient administration of state financial assistance programs for public water systems; and

(4) To assist public water systems to meet reasonable standards of quality, quantity and pressure. [1977 1st ex.s. c 142 § 2.]

70.116.030 Definitions. Unless the context clearly requires otherwise, the following terms when used in this chapter shall be defined as follows:

(1) "Coordinated water system plan" means a plan for public water systems within a critical water supply service area which identifies the present and future

needs of the systems and sets forth means for meeting those needs in the most efficient manner possible. Such a plan shall include provisions for subsequently updating the plan. In areas where more than one water system exists, a coordinated plan may consist of either: (a) A new plan developed for the area following its designation as a critical water supply service area; or (b) a compilation of compatible water system plans existing at the time of such designation and containing such supplementary provisions as are necessary to satisfy the requirements of this chapter. Any such coordinated plan must include provisions regarding: Future service area designations; assessment of the feasibility of shared source, transmission, and storage facilities; emergency inter-ties; design standards; and other concerns related to the construction and operation of the water system facilities.

(2) "Critical water supply service area" means a geographical area which is characterized by a proliferation of small, inadequate water systems, or by water supply problems which threaten the present or future water quality or reliability of service in such a manner that efficient and orderly development may best be achieved through coordinated planning by the water utilities in the area.

(3) "Public water system" means any system providing water intended for, or used for, human consumption or other domestic uses. It includes, but is not limited to, the source, treatment for purifying purposes only, storage, transmission, pumping, and distribution facilities where water is furnished to any community, or number of individuals, or is made available to the public for human consumption or domestic use, but excluding water systems serving one single family residence. However, systems existing on September 21, 1977 which are owner operated and serve less than ten single family residences or which serve only one industrial plant shall be excluded from this definition and the provisions of this chapter.

(4) "Purveyor" means any agency or subdivision of the state or any municipal corporation, firm, company, mutual or cooperative association, institution, partnership, or person or any other entity, that owns or operates for wholesale or retail service a public water system. It also means the authorized agents of any such entities.

(5) "Secretary" means the secretary of the department of social and health services or the secretary's authorized representative.

(6) "Service area" means a specific geographical area serviced or for which service is planned by a purveyor. [1977 1st ex.s. c 142 § 3.]

70.116.040 Critical water supply service area—Designation—Establishment or amendment of external boundaries—Procedures. (1) The secretary and the appropriate local planning agencies and purveyors, shall study geographical areas where water supply problems related to uncoordinated planning, inadequate water quality or unreliable service appear to exist. If the results of the study indicate that such water supply problems do exist, the secretary or the county legislative authority shall designate the area involved as being a

critical water supply service area, consult with the appropriate local planning agencies and purveyors, and appoint a committee of not less than three representatives therefrom solely for the purpose of establishing the proposed external boundaries of the critical water supply service area. The committee shall include a representative from each purveyor serving more than fifty customers, the county legislative authority, county planning agency, and health agencies. Such proposed boundaries shall be established within six months of the appointment of the committee.

During the six month period following the establishment of the proposed external boundaries of the critical water supply services areas, the county legislative authority shall conduct public hearings on the proposed boundaries and shall modify or ratify the proposed boundaries in accordance with the findings of the public hearings. The boundaries shall reflect the existing land usage, and permitted densities in county plans, ordinances, and/or growth policies. If the proposed boundaries are not modified during the six month period, the proposed boundaries shall be automatically ratified and be the critical water supply service area.

After establishment of the external boundaries of the critical water supply service area, no new public water systems may be approved within the boundary area unless an existing water purveyor is unable to provide water service.

(2) At the time a critical water supply service area is established, the external boundaries for such area shall not include any fractional part of a purveyor's existing contiguous service area.

(3) The external boundaries of the critical water supply service area may be amended in accordance with procedures prescribed in subsection (1) of this section for the establishment of the critical water supply service areas when such amendment is necessary to accomplish the purposes of this chapter. [1977 1st ex.s. c 142 § 4.]

70.116.050 Development of water system plans for critical water supply service areas. (1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: *Provided*, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they: (a) Were in existence as of September 21, 1977; and (b) have no plans for water service beyond their existing service area, and (c) meet minimum quality and pressure design criteria established by the state board of health: *Provided further*, That if the county legislative authority permits a change in development that will increase the demand for water service of such a system beyond the existing system's ability to provide minimum water service, the purveyor shall develop a water system plan in accordance with this section. The establishment of future service area boundaries shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply service area have been established pursuant to RCW

70.116.040, the committee established in RCW 70.116.040 shall participate in the development of a coordinated water system plan for the designated area. Such a plan shall incorporate all water system plans developed pursuant to subsection (1) of this section. The plan shall provide for maximum integration and coordination of public water system facilities consistent with the protection and enhancement of the public health and well-being.

(3) Those portions of a critical water supply service area not yet served by a public water system shall have a coordinated water system plan developed by existing purveyors based upon permitted densities in county plans, ordinances, and/or growth policies for a minimum of five years beyond the date of establishment of the boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper designs to protect public health, the secretary shall adopt regulations pursuant to chapter 34.04 RCW concerning the scope and content of coordinated water system plans, and shall ensure, as minimum requirements, that such plans:

(a) Are reviewed by the appropriate local governmental agency to insure that the plan is not inconsistent with the land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects.

(b) Recognize all water resource plans, water quality plans, and water pollution control plans which have been adopted by units of local, regional, and state government.

(c) Incorporate the fire protection standards developed pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the public water system or systems included in the plan within the critical water supply service area.

(e) Identify feasible emergency inter-ties between adjacent purveyors.

(5) If a "water general plan" for a critical water supply service area or portion thereof has been prepared pursuant to chapter 36.94 RCW and such a plan meets the requirements of subsections (1) and (4) of this section, such a plan shall constitute the coordinated water system plan for the applicable geographical area.

(6) Prior to the submission of a coordinated water system plan to the secretary for approval of the design of the proposed facilities pursuant to RCW 70.116.060, the plan shall be reviewed for consistency with subsection (4) of this section by the legislative authorities of the counties in which the critical water supply service area is located. If within sixty days of receipt of the plan, the legislative authorities find any segment of a proposed service area of a purveyor's plan or any segment of the coordinated water system plan to be inconsistent with any current land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects, the secretary shall not approve that portion of the plan until the inconsistency

is resolved between the local government and the purveyor. If no comments have been received from the legislative authorities within sixty days of receipt of the plan, the secretary may consider the plan for approval. [1977 1st ex.s. c 142 § 5.]

70.116.060 Approval of coordinated water system plan—Limitations following approval. (1) A coordinated water system plan shall be submitted to the secretary for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall not approve those portions of a coordinated water system plan which fail to meet the requirements for future service area boundaries as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the secretary determines that existing purveyors are unable to provide the service. If such a determination is made, the secretary may require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area.

(4) The secretary may deny proposals to establish or to expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: *Provided*, That service connections shall not be considered expansions. [1977 1st ex.s. c 142 § 6.]

70.116.070 Service area boundaries within critical water supply area. (1) The service area boundaries of public water systems within the critical water supply service area shall be determined by written agreement among the purveyors and with the approval of the appropriate legislative authority. Failure of the legislative authority to file with the secretary objections to the proposed service area boundaries within sixty days of receipt of the proposed boundary agreement may be construed as approval of the agreement.

(2) If no service area boundary agreement has been established within a reasonable period of time, or if the legislative authority has filed with the secretary objections in writing as provided in subsection (1) of this section, the secretary shall hold a public hearing thereon. The secretary shall provide notice of the hearing by certified mail to each purveyor providing service in the critical water supply service area, to each county legislative authority having jurisdiction in the area and to the public. The secretary shall provide public notice pursuant to the provisions of chapter 65.16 RCW. Such notice shall be given at least twenty days prior to the hearing. The hearing may be continued from time to time and, at the termination thereof, the secretary may restrict the

expansion of service of any purveyor within the area if the secretary finds such restriction is necessary to provide the greatest protection of the public health and well-being. [1977 1st ex.s. c 142 § 7.]

70.116.080 Performance standards relating to fire protection. The secretary shall adopt performance standards relating to fire protection to be incorporated into the design and construction of public water systems. The standards shall be consistent with recognized national standards. The secretary shall adopt regulations pertaining to the application and enforcement of the standards: *Provided*, That the regulations shall require the application of the standards for new and expanding systems only. The standards shall apply in critical water supply service areas unless the approved coordinated plan provides for nonfire flow systems. [1977 1st ex.s. c 142 § 8.]

70.116.090 Assumption of jurisdiction or control of public water system by city, town, or code city. The assumption of jurisdiction or control of any public water system or systems by a city, town, or code city, shall be subject to the provisions of chapter 35.13A RCW, and the provisions of this chapter shall be superseded by the provisions of chapter 35.13A RCW regarding such an assumption of jurisdiction. [1977 1st ex.s. c 142 § 9.]

70.116.100 Bottled water exempt. Nothing in this chapter shall apply to water which is bottled or otherwise packaged in a container for human consumption or domestic use, or to the treatment, storage and transportation facilities used in the processing of the bottled water of the distribution of the bottles or containers of water. [1977 1st ex.s. c 142 § 10.]

70.116.110 Rate making authority preserved. Nothing in this chapter shall be construed to alter in any way the existing authority of purveyors and municipal corporations to establish, administer and apply water rates and rate provisions. [1977 1st ex.s. c 142 § 11.]

70.116.120 Short title. This chapter shall be known and may be cited as the "Public Water System Coordination Act of 1977". [1977 1st ex.s. c 142 § 12.]

70.116.900 Severability—1977 1st ex.s. c 142. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1977 1st ex.s. c 142 § 13.]

70.118.040	Local boards of health—Authority to waive sections of local plumbing and/or building codes.

70.118.010 Legislative declaration. The legislature finds that over one million, two hundred thousand persons in the state are not served by sanitary sewers and that they must rely on septic tank systems. The failure of large numbers of such systems has resulted in significant health hazards, loss of property values, and water quality degradation. The legislature further finds that

failure of such systems could be reduced by utilization of nonwater-carried sewage disposal systems, or other alternative methods of effluent disposal, as a correctional measure. Waste water volume diminution and disposal of most of the high bacterial waste through composting or other alternative methods of effluent disposal would result in restorative improvement or correction of existing substandard systems. [1977 1st ex.s. c 133 § 1.]

70.118.020 Definitions. As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly indicates otherwise.

(1) "Nonwater-carried sewage disposal devices" means any device that stores and treats nonwater-carried human urine and feces.

(2) "Alternative methods of effluent disposal" means systems approved by the department of social and health services, including at least, mound systems, alternating drain fields, anaerobic filters, evapotranspiration systems, and aerobic systems.

(3) "Failure" means: (a) Effluent has been discharged on the surface of the ground prior to approved treatment; or (b) effluent has percolated to the surface of the ground; or (c) effluent has contaminated or threatens to contaminate a ground water supply. [1977 1st ex.s. c 133 § 2.]

70.118.030 Local boards of health—Duties. Local boards of health shall identify failing septic tank drainfield systems in the normal manner and will use reasonable effort to determine new failures. Discretionary judgment will be made in implementing corrections by specifying nonwater-carried sewage disposal devices or other alternative methods of treatment and effluent disposal as a measure of ameliorating existing substandard conditions. Local regulations shall be consistent with the intent and purposes stated herein. [1977 1st ex.s. c 133 § 3.]

70.118.040 Local boards of health—Authority to waive sections of local plumbing and/or building codes. With the advice of the secretary of the department of social and health services, local boards of health are hereby authorized to waive applicable sections of local plumbing and/or building codes that might prohibit the use of an alternative method for correcting a failure. [1977 1st ex.s. c 133 § 4.]

70.119.010 Legislative declaration. The legislature declares that competent operation of a public water supply system is necessary for the protection of the consumers' health, and therefore it is of vital interest to the public. In order to protect the public health and conserve and protect the water resources of the state, it is necessary to provide for the classifying of all public water supply systems; to require the examination and certification of the persons responsible for the supervision and operation of such systems; and to provide for the promulgation of rules and regulations to carry out this chapter. [1977 1st ex.s. c 99 § 1.]

70.119.020 Definitions. As used in this chapter unless context requires another meaning:

(1) "Board" means the board established pursuant to RCW 70.95B.070 which shall be known as the water and waste water operator certification board of examiners.

(2) "Certificate" means a certificate of competency issued by the secretary stating that the operator has met the requirements for the specified operator classification of the certification program.

(3) "Department" means the department of social and health services.

(4) "Distribution system" means that portion of a public water supply system which stores, transmits, pumps and distributes water to consumers.

(5) "Nationally recognized association of certification authorities" shall mean an organization which serves as an information center for certification activities, recommends minimum standards and guidelines for classification of potable water treatment plants, water distribution systems and waste water facilities and certification of operators, facilitates reciprocity between state programs and assists authorities in establishing new certification programs and updating existing ones.

(6) "Operator" means an individual employed or appointed by any county, water district, municipality, public or private corporation, company, institution, person, or the state of Washington who is designated by the employing or appointing officials to operate or assist in the operation of a water purification plant or distribution system.

(7) "Public water supply system" means any water supply system intended or used for human consumption or other domestic uses, including source, treatment, storage, transmission and distribution facilities where water is furnished to any community or group of individuals, or is made available to the public for human

consumption or domestic use, but excluding all water supply systems serving one single family residence.

(8) "Purification plant" means that portion of a public water supply system which treats or improves the physical, chemical or bacteriological quality of the system's water to bring the water into compliance with state board of health standards.

(9) "Secretary" means the secretary of the department of social and health services. [1977 1st ex.s. c 99 § 2.]

70.119.030 Certified operators required for certain public water supply systems. (1) All public water supply systems which serve either:

It shall be the duty of the prosecuting attorney or the attorney general, as appropriate to secure injunctions of continuing violations of any provisions of this chapter or the rules and regulations adopted hereunder: *Provided*, That, except in the case of fraud, deceit, or gross negligence under RCW 70.119.110, no revocation, citation or charge shall be made under RCW 70.119.110 and 70.119.130 until a proper written notice of violation is received and a reasonable opportunity for correction has been given. 72.23.070 Voluntary patients—Right to receive—Application—Review of condition and status—Minors, commitment procedure and requirements, rights. Pursuant to rules and regulations established by the department, a public or private facility may receive any person who is a suitable person for care and treatment as mentally ill, or for observation as to the existence of mental illness, upon the receipt of a written application of the person, or others on his behalf, in accordance with the following requirements:

(1) In the case of a person eighteen years of age or over, the application shall be voluntarily made by the person;

(2) In the case of a person thirteen years of age or under, the application may be voluntarily made by his parents, or by the parent, limited guardian as authorized, guardian, or other person entitled to his custody. When such person is more than thirteen years of age, such application must be accompanied by the written consent, knowingly and voluntarily given, of the minor. All such voluntary applications to a public agency shall be reviewed by the county mental health professionals, who shall submit a written report and evaluation with recommendations to the superintendent of such facility to which such application is made stating whether treatment is necessary and proper on a voluntary basis and evaluating the reasons for voluntary commitment. Such person's condition and status shall be reviewed by the professional person in charge of the facility or his designee at least once each one hundred eighty days. A person under eighteen years of age received into a public facility as a voluntary patient shall not be retained after he reaches eighteen years of age, but such person, upon reaching eighteen years of age, may apply for admission into a public or private facility as a voluntary patient.

(3) No minor over thirteen years of age shall be involuntarily committed to a state or private facility for care and treatment as mentally disordered, or for observation as to the existence of mental disorder, except in accordance with the following requirements:

(a) The facility must be certified by the department of social and health services to provide evaluation and treatment to persons under eighteen years of age suffering from mental disorders: *Provided*, That a physically

separate and separately operated portion of a state hospital may be designated as an evaluation and treatment facility: *Provided further*, That a facility which is part of, or a part of, or operated by, the department of social and health services or any federal agency will not require certification.

(b) A petition shall be filed with the juvenile court by the person's parent, parents, limited guardian as authorized, guardian, or by the juvenile court itself. The petition shall set forth the reasons why commitment is necessary and what alternative courses of treatment have been explored. The juvenile court shall then conduct a hearing, at which the person under eighteen years of age shall be represented by an attorney, to determine whether commitment is clearly in the best interests of the person sought to be committed, and that no less restrictive alternative exists: *Provided*, That, if in the opinion of the designated county mental health professional a minor presents an imminent likelihood of serious harm to himself or others, he may be temporarily detained for up to seventy-two hours by a licensed facility pending petition to the juvenile court for further commitment.

(c) If the juvenile court determines that commitment is clearly necessary, it will issue an order approving such petition. If the juvenile court determines that a less restrictive alternative is desirable, it may order that alternatives be followed.

(d) If a person under the age of eighteen years is committed to a state or private facility pursuant to this section, the juvenile court recommending commitment shall require a report from the facility every one hundred eighty days that sets forth such facts as the juvenile court may require. Upon receipt of the report, the juvenile court shall undertake a review of the status of such person to determine whether or not it is still clearly in the best interests of the patient that he remain in the facility. If the juvenile court determines that further commitment is not clearly in the best interests of the patient, it shall order release upon such conditions as it deems necessary.

(e) Every person under the age of eighteen shall have all the rights provided for persons eighteen years of age or over under this chapter as now or hereafter amended except those rights specifically modified by this section: *Provided*, That the juvenile court rather than the superior court shall be responsible for any proceedings. A voluntarily admitted minor over thirteen years of age shall have the right to release on the next judicial day from the date of request unless a petition is filed in juvenile court by the professional person in charge of the facility or his designee on the grounds that the juvenile is dangerous to himself or others or that it would be in the best interests of the juvenile that he remain in the facility. Furthermore, should the patient and his parent, parents, limited guardian as authorized, or guardian both request his release, he shall be immediately released unless the professional person in charge of the facility objects immediately in writing to the juvenile court on the grounds that the person is dangerous to himself or others and that it would not be in the patient's best interests to be released. Should this occur,

the juvenile court shall hold a hearing on the issue within five judicial days and determine whether the person should be released.

(f) Nothing in this section shall prohibit the professional person in charge of the facility in which the person is being treated from releasing him at any time when, in the opinion of said professional person, further commitment would no longer be in the best interests of the patient.

Whenever a person is released by the professional person in charge of a facility under this section, said person shall, in writing, notify the juvenile court which committed the person for treatment.

(4) In the case of a person eighteen years of age or over for whom a limited guardian or guardian of the person has been appointed, such application shall be made by said limited guardian or guardian, when so authorized by proper court order in the limited guardianship or guardianship proceedings. ARTICLE I—Purpose and Policy

The party states, desiring by common action to improve their institutional facilities and provide programs of sufficiently high quality for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society. 1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) Prior to the construction or completion of construction of any institution or addition thereto by a party state, any other party state or states may contract therewith for the enlargement of the planned capacity of the institution or addition thereto, or for the inclusion therein of particular equipment or structures, and for the reservation of a specific percentum of the capacity of the institution to be kept available for use by inmates of the sending state or states so contracting. Any sending state so contracting may, to the extent that monies are legally available therefor, pay to the receiving state, a reasonable sum as consideration for such enlargement of capacity, or provision of equipment or structures, and reservation of capacity. Such payment may be in a lump sum or in installments as provided in the contract.

(c) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV—Procedures and Rights

(a) Whenever the duly constituted judicial or administrative authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary in order to provide adequate quarters and care or desirable in order to provide an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the ending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have the benefit of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be cared for and treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state. Costs of records made pursuant to this subdivision shall be borne by the sending state.

suspected of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

For the purposes of this article, Alaska and Hawaii shall be deemed contiguous to each other; to any and all of the states of California, Oregon and Washington; and to Guam. An actual withdrawal shall not take effect until two years after the notices provided in said statute have been sent.

Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX—Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X—Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. 74.13.031 Duties of department—Crisis intervention services—Accepting juveniles for temporary residential care or alternative residential placement—Establishment of child welfare and day care advisory committee—Duty of juvenile court. (Effective July 1, 1978.) The department shall have the duty to provide child welfare services as defined in RCW 74.13.020, and shall:

(1) Develop, administer, and supervise a plan that establishes, extends aid to, and strengthens services for the protection and care of homeless, dependent children, neglected children, or juvenile offenders.

(2) Investigate complaints of neglect, abuse, or abandonment of children by parents, guardians, custodians, or persons serving in loco parentis, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, guardians, custodians or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. If the investigation reveals that a crime may have been committed, notify the appropriate law enforcement agency.

(3) Offer, on a voluntary basis, crisis intervention to families who are in conflict.

Crisis intervention services (a) shall consist of an interview or series of interviews with the child or his or her family, as needed, conducted within a brief period of time by qualified professional persons, and designed to alleviate personal or family situations which present a serious and imminent threat to the health or stability of the child or the family; and (b) may include, but are not limited to, the provision of or referral to services for suicide prevention, psychiatric or other medical care, or psychological, welfare, legal, educational, or other social services, as appropriate to the needs of the child and the family.

Nothing in this section shall prohibit an officer of the child welfare services from referring any child who, as a result of a mental or emotional disorder, or intoxication by alcohol or other drugs, is suicidal, seriously assaultive or seriously destructive towards others, or otherwise similarly evidences an immediate need for emergency

medical evaluation and possible care, to a community mental health center pursuant to RCW 72.23.070.

(4) Have authority to accept for temporary residential care in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW a child who has been taken into limited custody pursuant to RCW 13.30.020: *Provided*, That a juvenile shall in no event remain in temporary residential care for a period longer than seventy-two hours from the time of the juvenile's initial contact with the law enforcement officer except as otherwise provided in this section. Upon accepting the child, the staff of the facility shall notify the child's parents or custodian of his or her whereabouts, physical and emotional condition, and the circumstances surrounding his or her placement and shall undertake to make arrangements for the child's return home.

In every case crisis intervention services shall be provided as needed and the staff of the temporary facility shall seek to effect the child's return home or alternative living arrangement agreeable to the child and the parent or custodian as soon as practicable.

(a) If, after his or her admission to a temporary residential facility, a child who is absent from home without permission and his or her parent or custodian agrees to the child's return home, the staff of the facility shall arrange transportation for the juvenile, as soon as practicable, to the county of residence of the parent or custodian, at the latter's expense to the extent of his or her ability to pay.

(b) If the child refuses to return home and if no other living arrangements agreeable to the child and the parent or custodian can be made, the staff of the facility shall arrange transportation for the child to a temporary nonsecure residential facility in the county of residence of the parent or custodian, at the expense of the latter to the extent of his or her ability to pay. If there is no such facility in the county of that residence, the nearest such facility to that residence shall be used.

(c) If a child's legal residence is outside the state of Washington and such child refuses to return home, the provisions of RCW 13.24.010 shall apply.

(d) If the parent or custodian refuses to permit the child to return home, and no other living arrangement agreeable to the child and the parent or custodian can be made, staff of the child welfare services section shall notify the juvenile court to appoint legal counsel for the child and shall file a dependency petition in the juvenile court in the jurisdiction of the residence of the parent or custodian.

(e) If a child and his or her parent or guardian agree to an arrangement for alternative residential placement, such placement may continue as long as there is agreement. During any alternative residential placement, there shall be provided to the child and to his or her family such services as may be appropriate to the particular case, to the end that the child may be reunited with the family as soon as practicable.

(f) If such child and his or her parent or custodian cannot agree to an arrangement for alternative residential placement in the first instance, or cannot agree to the continuation of such placement, the child or his or her parent or custodian may file with the juvenile court

a petition to approve alternative residential placement pursuant to RCW 13.32.020. The child shall remain in the placement where he or she is located at the time a petition to approve alternative residential placement is filed until a placement decision is made pursuant to RCW 13.32.040.

(g) In no event shall alternative residential placement for a child in conflict with his or her family be arranged in a secure detention facility or in a secure institution except as provided in this subsection and RCW 13.34.140. A child in conflict with his or her parents may be detained in a secure detention facility operated by a county for a maximum of seventy-two hours if:

(i) The staff of the child welfare services section find that the child taken into limited custody has previously been placed in alternative residential care and has run away from such placement and that it is likely that the child will run away from another and different residential placement; or

(ii) The child refuses to return home and refuses to be placed in alternative residential care.

During such detention, efforts shall be continued to the end that the child may be returned home or other living arrangements agreeable to the child and his or her parent, guardian, or custodian are made. If an agreement concerning living arrangements for the child cannot be reached a petition shall be filed within forty-eight hours after initial detention of the child, pursuant to subsection (4)(f) of this section. The hearing on the petition shall be held within seventy-two hours, excluding Sundays and holidays, of the initial detention of the child. If the hearing on the petition is not held within these time limits the child shall be released from detention.

(5) Cooperate with other public and voluntary agencies and organizations in the development and coordination of programs and activities in behalf of children including but not limited to contracting with private and public entities to provide basic education and vocational training and crisis intervention services.

(6) Have authority to accept custody of children from parents, guardians, and/or juvenile courts, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and to make payment of maintenance costs if needed.

(7) Have authority to purchase care for children and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(8) Establish a child welfare and day care advisory committee who shall act as an advisory committee to the state advisory committee and to the secretary in the development of policy on all matters pertaining to child welfare, day care, licensing of child care agencies, and services related thereto.

(9) Notwithstanding any other provision of chapter 13.30 RCW, RCW 74.13.020, and this section, all services to be provided by the department of social and

health services under subsections (3) and (4) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Title II of the federal juvenile justice and delinquency prevention act of 1974 (P.L. 75.18.100 Salmon enhancement facilities program—Purpose—Intent. The long range economic development goals for the state of Washington shall include the restoration of salmon runs to provide an increased supply of this valuable renewable resource for the benefit of commercial and recreational users and the economic well-being of the state. For the purpose of providing funds for the planning, acquisition, construction, improvement, and operation of salmon enhancement facilities within the state it is the intent of the legislature that the revenues received from fees from the issuance of vessel delivery permits, charter boat licenses, trolling gear licenses, gill net gear licenses, purse seine gear licenses, reef net gear licenses, anadromous salmon angling licenses and all moneys received from all privilege fees and fish sales taxes collected on fresh or frozen salmon or parts thereof be utilized to fund such costs.

The salmon enhancement program funded by commercial and recreational fishing fees and taxes shall be for the express benefit of all persons whose fishing activities fall under the management authority of the Washington department of fisheries and who actively participate in the funding of the enhancement costs through the fees and taxes set forth in chapters 75.28 and 75.32 RCW or through other adequate funding methods. Severability—1977 1st ex.s. c 327: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 1st ex.s. c 327 § 34.]

Effective date—1977 1st ex.s. c 327: "This 1977 amendatory act shall take effect on January 1, 1978." [1977 1st ex.s. c 327 § 35.]

75.18.110 Salmon enhancement facilities program—Requirements and factors to be considered—Salmon advisory council. (1) The department shall not acquire, construct, or substantially improve any salmon enhancement facility unless the requirements of this section are met.

(a) The productivity of any salmon propagation facility is very dependent on water quantity and quality. Since there is a limited number of water sources which meet the critical needs of a facility it is imperative that these sources are acquired. Therefore, site acquisitions and preliminary design shall be considered by the department as generally having priority over project development.

(b) Prior to expending any moneys for the construction and development of any particular salmon propagation facility, except for site acquisition and preliminary design, the department shall, with the advice of the advisory council created in subsection (2) of this section, give consideration to the following factors with respect to that facility:

(i) The department's management authority over propagated salmon;

(ii) The level of expected Canadian interception on the propagated salmon and whether this would be acceptable;

(iii) Whether an acceptable agreement has been reached on the status of treaty Indian salmon harvest; and

(iv) Whether there can be a maximum harvest of propagated salmon with a tolerable impact on other salmonid stocks, both natural and artificial, and on their environment. The department shall consult on this matter with the department of game.

(2) To aid and advise the department in the performance of its functions as specified by this section with regard to the salmon enhancement program, a salmon advisory council is hereby created. The advisory council shall consist of ten members appointed by the governor; the director of the department of fisheries, who shall be chairman; the director of the department of game, or the director's designee; one member of the senate to be appointed by the president of the senate; and one member of the house of representatives to be appointed by the speaker of the house of representatives. Of the members appointed by the governor, two shall represent

troll fishermen; two shall represent gill net fishermen, of which one shall be from the Puget Sound area and one from the southwest Washington area; one shall represent purse seine fishermen; one shall represent owners of charter boats; two shall represent sportsmen; and two shall represent fish processors, of which one shall represent fresh or frozen fish processors and one shall represent canneries.

The advisory council shall be convened by the director prior to the decision to expend any funds for construction and development of any salmon propagation facility. The council shall advise the director with regard to the considerations listed in subsection (1)(b) of this section and any other factors the council deems relevant with respect to the proposed facility.

Vacancies shall be filled in the same manner as original appointments. Except for the director of the department of game and legislative members, members shall receive reimbursement through the department of fisheries for travel expenses incurred in the performance of their duties in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended.

The director of the department of game, or the director's designee, shall receive reimbursement through the department of game for travel expenses incurred in the performance of his or her duties in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended. The legislative members shall be deemed engaged in legislative business while in attendance upon the business of the council and shall be limited to such allowances therefor as otherwise provided in RCW 44.04.120 as now existing or hereafter amended. 75.28.500 Program to purchase fishing vessels, gear, licenses and permits—Finding and intent. The legislature finds that the protection, welfare, and economic well-being of the commercial fishing industry is important to the people of this state. There presently exists an overabundance of commercial fishing gear in our state waters which causes great pressure on the fishing resources. This results in great economic waste to the state and prohibits conservation and harvesting programs from achieving their goals. This adverse situation has been compounded by the federal court decisions, *United States of America et al. v. State of Washington et al.*, Civil No. 9213, United States District Court for the Western District of Washington, February 12, 1974, and *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon, 1969), as amended, affirmed, and remanded 529 F. 2d 570 (9th Cir., 1976). As a result, large numbers of commercial fishermen face personal economic hardship, and the state commercial fishing industry is confronted with economic difficulty. The public welfare requires that the state have the authority to purchase commercial fishing vessels, licenses, gear, and permits offered for sale, as appropriate, in a manner which will provide relief to the individual vessel owner, and which will effect a reduction in the amount of commercial fishing gear in use in the state so as to insure increased economic opportunity for those persons in the industry and to insure that sound scientific conservation and harvesting programs can be

carried out. It is the intention of the legislature to provide relief to commercial fishermen adversely affected by the current economic situation in the state fishery and to preserve this valuable state industry and these natural resources. [1977 1st ex.s. c 230 § 2; 1975 1st ex.s. c 183 § 2.]

Loan assistance program for commercial fishermen: Chapter 75.44 RCW.

75.28.505 Program to purchase fishing vessels, gear, licenses and permits—Definitions. As used in RCW 75.28.500 through 75.28.540, unless the context indicates otherwise:

(1) "Case areas" means those areas of the Western district of Washington and in the adjacent offshore waters which are within the jurisdiction of the state of Washington, as defined in *United States of America et al. v. State of Washington et al.*, Civil No. 9213, United States District Court for Western District of Washington, February 12, 1974, and in *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon, 1969), as amended, affirmed, and remanded 529 F. 2d 570 (9th Cir., 1976), or any area in which fishing rights are affected by court decision in a manner consistent with the above-mentioned decisions;

(2) "Department" means the department of fisheries;

(3) "Director" means the director of the department of fisheries. [1977 1st ex.s. c 230 § 3; 1975 1st ex.s. c 183 § 3.]

75.28.510 Program to purchase fishing vessels, gear, licenses and permits—Authorized. The department is authorized to purchase commercial fishing vessels and appurtenant gear, and the current commercial fishing licenses and delivery permits and charter boat licenses issued by the state of Washington if the vessel, licensee, or permit holder:

(1) Was licensed to fish or deliver fish during 1974, 1975, 1976, or 1977 within the case areas; and

(2) Was substantially restricted in its fishing season by the department as a result of compliance with *United States of America et al. v. State of Washington et al.*, Civil No. 9213, United States District Court for Western District of Washington, February 12, 1974, and *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon, 1969), as amended, affirmed, and remanded 529 F. 2d 570 (9th Cir., 1976).

The department shall not purchase any vessel without also purchasing all current Washington commercial fishing licenses and delivery permits and charter boat licenses issued to such vessel or its owner: *Provided*, That the department is authorized to purchase current licenses and delivery permits in the absence of the purchase of a vessel. [1977 1st ex.s. c 230 § 4; 1975 1st ex.s. c 183 § 4.]

75.28.535 Program to purchase fishing vessels, gear, licenses and permits—Effective date—Administration—Vessel, gear, license and permit reduction fund. The provisions of RCW 75.28.500 through 75.28.540 as now or hereafter amended, shall become effective on January 1, 1978, or thereafter, only upon receipt

by the department from the federal government of funds in an amount sufficient to administer such provisions and to accomplish its purposes.

Chapter 75.30 SALMON CHARTER BOAT LICENSING LIMITATIONS

Sections	
75.30.010	Legislative findings.
75.30.020	Moratorium on issuance of licenses—Renewals— Transfers.
75.30.030	Charter boats under construction or purchased between April 16, 1976 and May 28, 1977.
75.30.040	Duty of department to evaluate and recommend phase II approach.
75.30.050	Advisory board of review.
75.30.060	Hearings.

75.30.010 Legislative findings. The legislature finds that the wise management and economic health of the state's salmon fishery are of continued importance to the people of the state and to the economy of the state as a whole. The legislature finds that charter boats licensed by the state for use by the state's charter boat fishing industry have increased in quantity. The legislature finds that limitations on the number of licensed charter boats will tend to improve the management of the charter boat fishery and the economic health of the charter boat industry. The state therefore must use its authority to regulate the number of licensed boats in use by the state's charter boat industry in a manner provided in this chapter so that management and economic health of the salmon fishery may be improved. [1977 1st ex.s. c 106 § 1.]

Severability—1977 1st ex.s. c 106: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 1st ex.s. c 106 § 10.]

Expiration date—1977 1st ex.s. c 106 §§ 1-6: "The provisions of sections 1 through 6 of this 1977 amendatory act shall expire on December 31, 1980, and shall be null and void and without any further force and effect on such date without any further action by the legislature." [1977 1st ex.s. c 106 § 11.]

75.30.020 Moratorium on issuance of licenses—
Renewals—Transfers. For the purposes of this chapter, the term "charter boat" shall refer only to those charter boats from which salmon are taken. On and after May 28, 1977, the department shall initiate a moratorium on the issuance of charter boat licenses by issuing such licenses only to those boats whose owners can prove by means of good and sufficient documentary evidence that the boat was licensed pursuant to RCW 75.28.095 between January 1, 1974, and January 1, 1977. No charter boat shall be entitled to more than one charter boat license.

Such boats shall be entitled to receive and renew the charter boat license for each year during the period from May 28, 1977 through December 31, 1980. A charter boat license for which no application is made to the department or which is not renewed in any year automatically expires and shall not be renewed further.

Nothing herein shall be construed to be contrary to the provisions of Title 75 RCW or any rule promulgated thereunder. All such charter boat licenses shall be transferable. [1977 1st ex.s. c 106 § 2.]

Severability—1977 1st ex.s. c 106: See note following RCW 75.30.010.

75.30.040 Duty of department to evaluate and recommend phase II approach. On and after May 28, 1977, the department, in cooperation with representatives of the charter boat industry, shall continually evaluate the provisions of RCW 75.30.010, 75.30.020, and 75.30.030 and recommend to the legislature prior to January 1, 1980, a phase II approach to regulate gear entry into this state's charter boat fishery. [1977 1st ex.s. c 106 § 4.]

Severability—1977 1st ex.s. c 106: See note following RCW 75.30.010.

The members of such review board shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060 as now existing or hereafter amended. The director may promulgate rules concerning the operation of such review boards in accordance with chapter 34.04 RCW. [1977 1st ex.s. c 106 § 5.]

Expiration date—1977 1st ex.s. c 106 §§ 1-6: See note following RCW 75.30.010.

75.30.060 Hearings. Any person aggrieved by a decision of the department made pursuant to the terms of this chapter may voluntarily request that a board of review be impaneled to hear such person's case.

The board of review may make such other recommendations and determinations as are consistent with the terms of this chapter.

Hearings before review boards shall be informal, the rules of evidence shall not be applicable to the proceedings, and the records shall be kept thereof as provided by chapter 34.04 RCW. After the presentation of a case each review board shall inform the director and the initiating party in writing concerning whether or not the review board recommends that the charter boat license

be issued and the reason for such recommendation. Upon receipt of the review board's findings the director may order such relief as the director deems appropriate under the circumstances.

Nothing in this section shall be construed: (1) To impair an aggrieved person's right to proceed under chapter 34.04 RCW; or (2) to impose any liability on members of a review board for their action pursuant to this section. [1977 1st ex.s. c 106 § 6.]

Reviser's note: Compare the definition of "Forest fire service" in this section with the definition in RCW 76.04.050.

Construction—1971 ex.s. c 207: "Nothing in this 1971 amendatory act shall be construed to repeal, affect, or limit either directly, indirectly, or by implication any claims or liability for costs incurred by the department or others prior to the effective date of this 1971 amendatory act." Severability—1951 c 58: "If any section, subdivision, sentence or clause in this act shall be held invalid or unconstitutional, such holding shall not affect the validity of the remaining portions of the act." [1951 c 58 § 11.]

76.04.050 Duties of supervisor—Forest assistants. The forester may at his discretion, subject to the approval of the board, appoint trained forest assistants, possessing technical qualifications, and may employ necessary clerical assistants, and fix the amount of their respective salaries, which shall be payable in equal monthly installments to each assistant so appointed or employed.

He shall act as secretary of the board, or he may delegate that duty to one of his assistants. He shall, acting under the supervision of the board, and whenever he may deem it necessary to the best interests of the state, cooperate in forest surveys, in forest studies, in forest products studies, in forest fire fighting and patrol, and in the preparation of plans for the protection, management, replacement of trees, wood lots, and timber tracts, with any of the several departments of the governments of other states, and with the government or with the departments of the government of the United States with the Dominion of Canada, or with any province thereof, and with counties, towns, corporations, and individuals within the state of Washington.

He shall, subject to the rules and regulations of the board, have direct charge and supervision of all matters pertaining to forestry, including the forest fire service of the state.

The term "forest fire service" as used in *this act shall be held to include all wardens, rangers and help especially employed for preventing or fighting forest fires.

In times of emergency or unusual danger the forester is empowered to mass the forest fire service of the state where its presence might be required by reason of forest fires, and to take charge of, and direct the work of suppressing such fires.

The forester shall enforce all laws for the preservation of the forests within the state, investigate the origin of all forest fires, and vigorously prosecute all violators of *this act.

The forester may, with the approval of the board, publish for free distribution, information pertaining to forestry, and to forest products, which he may consider of benefit to the people of the state.

The forester shall furnish notices calling attention to the dangers from forest fires, and to the penalties for the violation of *this act; such notices to be posted in conspicuous places by the wardens or rangers in all timbered districts along roads and trails, streams and lakes, frequented by tourists, campers, hunters and fishermen, and in other visited regions.

The forester shall, subject to the approval of the board, prepare all necessary printed forms for use of wardens and rangers, in connection with the granting of applications for permits to burn; for the appointment of wardens and rangers, and any and all forms or blanks required or desirable, and shall supply each warden and ranger with such forms and blanks.

The forester shall become familiar with the location and the areas of all state timbered and cut-over lands, and shall prepare maps of each of the timbered counties showing the state land therein, and in all ways that are practical and feasible protect such lands from the dangers of fire, trespass, and the illegal cutting of timber, reporting from time to time direct to the board such information as may be of benefit to the state in the care and protection of its timber.

It shall be the duty of the forester to institute inquiry into the extent, kind, value and condition of all timber lands within the state; the amount of acres, and the value of the timber that is cut and removed each year, to determine what state lands are chiefly valuable for growing timber; the extent to which timber lands are being destroyed by fire; and also to examine into the production, quality and quantity of second growth timber, with a view to ascertaining conditions for reforestation. [1977 c 75 § 88; 1911 c 125 § 4; RRS § 5784. Prior: 1905 c 164 § 4; 1903 c 114 § 8. Formerly RCW 76.04.010, part, and 76.04.050.]

Reviser's note: (1) The 1941 Code Committee divided and codified this section as RCW 76.04.050 and 76.04.010 which latter section was subsequently amended by 1951 c 58 § 1. In particular the definition of "forest fire service" contained herein should be compared with the definition in RCW 76.04.010.

(2) *"this act", see note following RCW 76.04.030.

(3) "board", "forester", see note following RCW 76.04.020.

76.04.350 Owners to protect forests. Every owner of forest land in the state of Washington shall furnish or provide therefor, during the season of the year when there is danger of forest fires, adequate protection against the spread of fire thereon or therefrom which shall meet with the approval of the department of natural resources. [1977 1st ex.s. c 102 § 3; 1941 c 168 § 2; 1917 c 105 § 1; Rem. Supp. 1941 § 5804.]

76.04.360 Fire patrol assessments—Lien—Supervisor's bond. If any owner of forest land neglects or fails to provide adequate fire protection therefor as

required by RCW 76.04.350, the department shall provide such protection therefor, notwithstanding the provisions of RCW 76.04.520, at a cost to the owner of not to exceed eighteen cents an acre per year on lands west of the summit of the Cascade mountains and fourteen cents an acre per year on lands east of the summit of the Cascade mountains.

For the purpose of chapter 76.04 RCW, the supervisor may divide the forest lands of the state, or any part thereof, into districts, for patrol and assessment purposes, may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Such cost must be justified by a showing of budgets on demand of twenty-five owners of forest land in the county concerned at public hearing. Any amounts paid or contracted to be paid by the supervisor of the department of natural resources for this purpose from any funds at his disposal shall be a lien upon the property patrolled and protected, and unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred, on which date the supervisor of the department of natural resources shall be prepared to make statement thereof upon request to any forest owner whose own protection has not been previously approved by him as adequate, shall be reported by the supervisor of the department of natural resources to the assessor of the county in which the property is situated who shall extend the amounts upon the tax rolls covering the property, or the county assessor may upon authorization from the supervisor of the department of natural resources levy the forest patrol assessment against the amounts of unimproved land as shown in each ownership on the county assessor's records and the assessor may then segregate on his records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in chapter 52.04 RCW.

The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that the next general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the supervisor of the department of natural resources certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments the county treasurer shall transmit them to the supervisor of the department of natural resources to be applied against expenses incurred in carrying out the provisions of this section.

The supervisor of the department of natural resources shall include in the assessment a sum not to exceed one-half of one cent per acre, to cover the necessary and reasonable cost of office and clerical work incurred in the enforcement of these provisions. He may also expend any sums collected from owners of forest lands or received from any other source for necessary office and clerical expense in connection with the enforcement of RCW 76.04.370.

When land against which forest patrol assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the

proceeds of sale over and above the amount necessary to satisfy the county's delinquent tax judgment, and the county treasurer in case the proceeds of sale exceed the amount of the delinquent tax judgment shall forthwith remit to the supervisor of the department of natural resources the amount of the outstanding patrol assessments.

All public bodies owning or administering forest lands shall pay the forest patrol assessments provided in this section and the special forest fire suppression account assessments under RCW 76.04.515. The forest patrol assessments and special forest fire suppression account assessments shall be payable by public bodies from any available funds within thirty days following receipt of the written notice from the department which is given after October 1st of the year in which the protection was provided. Unpaid assessments shall not be a lien against the publicly owned land but shall constitute a debt by the public body to the department and shall be subject to interest charges in the same amount as other unpaid forest patrol assessments.

A public body, having failed to previously pay forest patrol assessments required of it by this section, which fails to suppress a fire on or originating from forest lands owned or administered by it shall be liable for the costs of suppression incurred by the department or its agent and shall not be entitled to reimbursement of any costs incurred by the public body in the suppression activities.

The supervisor of the department of natural resources shall furnish the surety company bond under RCW 43.30.170(6), conditioned for the faithful performance of his duties and for a faithful accounting for all sums received and expended thereunder, which bond shall be approved by the attorney general. [1977 1st ex.s. c 102 § 1. Prior: 1973 1st ex.s. c 195 § 87; 1973 1st ex.s. c 182 § 1; 1971 ex.s. c 207 § 14; 1959 c 123 § 1; 1955 c 142 § 14; 1951 c 58 § 8; 1925 ex.s. c 43 § 6; 1923 c 184 § 10; 1921 c 64 § 1; 1917 c 105 § 2; RRS § 5805.]

Construction—1971 ex.s. c 207: See note following RCW 76.04.010.

76.04.390 Negligent starting of fires—Permitting existence of extreme fire hazard or forest debris—Liability for costs—Recovery. Any person, firm, or corporation negligently responsible for the starting or existence of a fire which spreads on forest land, including permitting the existence of an extreme fire hazard under RCW 76.04.370, as now or hereafter amended, after failure to abate, isolate, or reduce, as required in *this 1971 amendatory act, or for the existence of forest debris subject to RCW 76.04.310 as now or hereafter amended, and which contributes to the spread of said fire, shall be liable for any expense made necessary by such negligence, incurred by the state, a municipality, or a forest protective association, in fighting such fire, together with costs of investigation and litigation including reasonable attorneys' fees and taxable court costs, provided that any such expense was authorized or subsequently approved by the department of natural resources. The department or agency incurring such

expense shall have a lien for the same against any property of said person, firm, or corporation liable as above provided by filing a claim of lien naming said person, firm, or corporation describing the property against which the lien is claimed, specifying the amount expended on the lands on which the fire fighting took place and the period during which the expenses were incurred, and signed by the claimant with post office address. No claim of lien shall be valid unless filed with the county auditor of the county in which the property sought to be charged is located within a period of ninety days after the expenses of the claimant were incurred. The claimant may recover said expenses incurred in a civil action against said person, firm, or corporation liable therefor, and shall have in addition the lien remedy above provided. Said lien may be foreclosed in the same manner as a mechanic's lien is foreclosed under the statutes of the state of Washington. [1977 1st ex.s. c 102 § 4; 1971 ex.s. c 207 § 6; 1923 c 184 § 11, part; RRS § 5806-1.]

76.12.110 Forest development account. There is created a forest development account in the state general fund. The state treasurer shall keep an account of all sums deposited therein and expended or withdrawn therefrom. Any sums placed in the account shall be pledged for the purpose of paying interest and principal on the bonds issued by the board, and for the purchase of land for growing timber. Any bonds issued shall constitute a first and prior claim and lien against the account for the payment of principal and interest. No sums for the above purposes shall be withdrawn or paid out of the account except upon approval of the board.

Appropriations may be made by the legislature from the forest development account to the department of natural resources for the purpose of carrying on the activities of the department on state forest lands, lands managed on a sustained yield basis as provided for in RCW 79.68.040, and for reimbursement of expenditures that have been made or may be made from the resource management cost account in the management of state forest lands. A copy is made true by the permittee or the permittee and permitter affixing an original signature(s) in the space provided on the face of the copy. A true copy will be effective until the expiration date of the harvesting permit unless the permittee or the permittee and permitter specify an earlier date. A permitter can require the original signature of both the permittee and permitter for executing a true copy by so indicating in the space provided on the original copy of the harvesting permit. [1977 1st ex.s. c 147 § 1; 1967 ex.s. c 47 § 3.]

76.48.030 Unlawful acts. It shall be unlawful for any person to harvest specialized forest products as described in RCW 76.48.020, in the quantities specified in RCW 76.48.060, without first obtaining a validated harvesting permit.

It shall also be unlawful to harvest specialized forest products in any lesser quantities than those specified in RCW 76.48.060, as now or hereafter amended, without first obtaining permission from the landowner or lessee or his duly authorized agent or representative. [1977 1st ex.s. c 147 § 2; 1967 ex.s. c 47 § 4.]

76.48.040 Agencies responsible for enforcement of chapter. Agencies charged with the enforcement of this chapter shall include, but not be limited to, the Washington state patrol, county sheriffs and their deputies, municipal police forces, and authorized personnel of the departments of natural resources and game. Primary enforcement responsibility lies in the county sheriff and his deputies. [1977 1st ex.s. c 147 § 3; 1967 ex.s. c 47 § 5.]

76.48.050 Harvesting permits—Expiration—Specifications. Harvesting permits shall consist of properly completed permit forms validated by the sheriff of the county in which the specialized forest products are to

be harvested. All harvesting permits shall expire at the end of the calendar year in which issued, or sooner, at the discretion of the permitter. A properly completed harvesting permit form shall include:

- (1) The date of its execution and expiration;

- (3) The name, address, telephone number, if any, and signature of the permittee;
- (4) The type of specialized forest products to be harvested or transported;

Harvesting permit forms shall be provided by the department of natural resources, and shall be made available through the office of the county sheriff to permittees or permitters in reasonable quantities. A harvesting permit form shall be completed, in triplicate, for each land ownership on which a permittee harvests specialized forest products. A properly completed harvesting permit form shall be mailed or presented for validation to the sheriff of the county in which the specialized forest products are to be harvested. Before a permit form is validated by the sheriff or the sheriff's representative, sufficient personal identification may be required to reasonably identify the person mailing or presenting the permit form and the sheriff may conduct such other investigations as deemed necessary to determine the validity of the information alleged on the form. When the sheriff or sheriff's representative is reasonably satisfied as to the truth of such information, the form shall be validated with the sheriff's validation stamp provided by the department of natural resources. Upon validation, the form shall become the harvesting permit authorizing the harvesting, possession and/or transportation of specialized forest products. One copy of the permit shall be given or mailed to the permittee, one copy shall be given or mailed to the permitter, and the original permit form shall be filed in the office of the county sheriff in whose county the land is situated: *Provided*, That in the event a single land ownership is situated in two or more counties, a harvesting permit shall be completed as to the land situated in each such county.

While engaged in harvesting of specialized forest products, permittees or their agents must have in their possession a true copy of the harvesting permit. [1977 1st ex.s. c 147 § 5; 1967 ex.s. c 47 § 7.]

(2) Except while on federal lands, it shall be unlawful for any person (a) to possess and/or (b) to transport within the state of Washington any cedar products except processed cedar products, or any cedar salvage without having in his possession a harvesting permit or a true copy thereof evidencing his title to or authority to have possession of the materials being so possessed or so transported. [1977 1st ex.s. c 147 § 6; 1967 ex.s. c 47 § 8.]

76.48.092 Surrender of copy of harvesting permit to permittee following stipulated use—Penalty. Following the stipulated use of a true copy of a harvesting permit, an agent of a permittee shall surrender said copy to the permittee. A wilful failure to surrender the same to the permittee is a gross misdemeanor and punishable as provided by law. [1977 1st ex.s. c 147 § 14.]

Cedar processors shall maintain a record of the purchase, taking possession, or retention of cedar products and cedar salvage for at least one year after the date of receipt. The record shall be legible and shall include the date of delivery, the license number of the vehicle delivering the products, and the harvesting permit number. [1977 1st ex.s. c 147 § 11.]

76.48.096 Cedar processors—Purchase from suppliers not having harvesting permit unlawful. It shall be unlawful for any cedar processor to purchase cedar products subsequent to the harvest and prior to the retail sale of such products, unless the supplier of such products displays either a harvesting permit which appears to be valid or what appears to be a true copy of such a permit bearing an original signature of the permittee. [1977 1st ex.s. c 147 § 12.]

76.48.098 Cedar processors—Display of valid registration certificate required. Every cedar processor shall prominently display a valid registration certificate obtained from the department of revenue pursuant to RCW 82.32.030 at each location where such processor receives cedar products.

Permittees shall sell cedar products only to processors displaying registration certificates which appear to be valid. [1977 1st ex.s. c 147 § 13.]

76.48.100 Exemptions. The provisions of this chapter shall not apply to:

76.48.110 Violations—Seizure and disposition of products—Disposition of proceeds. Whenever any law enforcement officer has probable cause to believe that a person is harvesting or is in possession of or transporting specialized forest products in violation of the provisions of this chapter, he may, at the time of making an arrest, seize and take possession of any such specialized forest products found. The law enforcement officer shall provide reasonable protection for the specialized forest products involved during the period of litigation or he shall dispose of such specialized forest products at the discretion or order of the court before which the arrested person is ordered to appear.

Upon any disposition of the case by the court, the court shall make a reasonable effort to return the specialized forest products to their rightful owner or pay the proceeds of any sale of specialized forest products less any reasonable expenses of such sale to the rightful owner. If for any reason, the proceeds of such sale cannot be disposed of to the rightful owner, such proceeds, less the reasonable expenses of the sale, shall be paid to the treasurer of the county in which the specialized forest products are sold. The county treasurer shall deposit the same in the county general fund. The return of the specialized forest products or the payment of the proceeds of any sale of products seized to the owner shall not preclude the court from imposing any fine or penalty upon the violator for the violation of the provisions of this chapter. [1977 1st ex.s. c 147 § 8; 1967 ex.s. c 47 § 12.]

76.48.901 Severability—1977 1st ex.s. c 147. If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 1st ex.s. c 147 § 16.]

77.12.010 Policy of protection enunciated. The wild animals and wild birds in the state of Washington and the game fish in the waters thereof are the property of the state. The game animals, fur-bearing animals, game birds, nongame birds, harmless or song birds, and game fish shall be preserved, protected, and perpetuated. Such game animals, fur-bearing animals, game birds, nongame birds, harmless or song birds, and game fish shall only be taken at such times or places, by such means, in such manner, or in such quantities as will in the judgment of the commission maximize public recreational

opportunities but not impair the supply thereof: *Provided, however,* That nothing contained herein shall be construed to infringe on the right of a private property owner to control his private property. [1977 c 74 § 1; 1955 c 36 § 77.12.010. Prior: 1947 c 275 § 11; Rem. Supp. 1947 § 5992-21.]

77.12.150 Seasons—Opening and closing—Bag limits. The director, with the approval of the commission, may entirely close, or shorten any season for game animals, fur-bearing animals, game birds, or game fish within the respective game areas, and after a season has been closed or shortened, reopen it, and also fix daily, weekly, or season bag limits on game animals, fur-bearing animals, game birds, or game fish within any game area.

Whenever the director finds that game animals have increased in numbers in any locality of the state to such an extent that they are damaging public or private property, or over-grazing their range, the commission may establish a special hunting season, designate the area and the number and sex of the animals that may be killed by a licensed hunter therein, promulgate necessary rules and regulations, and determine by lot the number of hunters that may hunt within such area and the conditions and requirements incident thereto. The drawing shall take place at a time and place previously determined by the director. Notice of the establishing of such special hunting season and of the drawing shall be given in the manner provided for the publishing of orders opening or closing seasons.

The exercise of power herein granted to close or reopen regular or special seasons, or fix bag limits, shall be by a written order signed by the director promulgated in accordance with chapter 34.04 RCW. [1977 1st ex.s. c 58 § 1; 1975 1st ex.s. c 102 § 1; 1955 c 36 § 77.12.150. Prior: 1949 c 205 § 2; 1947 c 275 § 25; Rem. Supp. 1949 § 5992-35.]

77.12.201 Counties may elect to relinquish fines and receive payments in lieu of taxes. The board of county commissioners of each county may elect, upon written notice given to the director prior to January 1st of any year, to obtain for the following year an amount in lieu of real estate taxes on game lands equal to that which would be paid on similar parcels of real estate situated in the county. Upon such election the total of all fines and bail forfeitures received by the county during the following year under RCW 77.12.170 shall be transmitted to the director and the distribution procedure established by chapter 3.62 RCW shall not apply to the fines and forfeitures. The election shall continue until the game department is notified differently prior to January 1st of any year. [1977 1st ex.s. c 59 § 1; 1965 ex.s. c 97 § 2.]

77.12.280 Damages caused by game—Maximum payment—Settlement final—Arbitration procedure, advisory awards. No payment of any such claim shall be made in excess of one thousand dollars, and in the event any claim is not adjusted, compromised, or settled and paid by the commission for a sum up to such amount,

and within one year from the filing of such claim the same may be filed with the chief fiscal officer of the executive branch. Contents of all such claims shall conform to the tort claim filing requirements found in RCW 4.92.100 as now or hereafter amended. The chief fiscal officer of the executive branch shall recommend to the legislature whether such claims should be approved or rejected. If the legislature approves a claim the same shall be paid from appropriations specifically provided for such purpose by law. The payment of any claim by the commission shall be full and final payment upon such claim.

In the event that any valid claim for damages as provided for in RCW 77.12.270 has been refused or has not been compromised, adjusted, settled and paid by the commission within one hundred and twenty days of the filing of the claim for damages with the commission as provided for in RCW 77.12.290, either the claimant or the commission may serve upon the other personally or by registered mail a notice of an intention to arbitrate; said notice shall contain the name of a person, selected as one arbitrator. Within ten days of receiving such a notice to arbitrate the person upon whom such notice was served shall serve personally or by registered mail upon the other party the name of an arbitrator. The two arbitrators, within seven days of the naming of the second arbitrator shall select a third arbitrator, said arbitrator not to be an employee or commissioner of the state game department. In the event that the two arbitrators as selected by the parties to the dispute cannot agree upon a third arbitrator, either party to the dispute may petition the superior court in the county in which the claim arose, asking said court to select the third arbitrator and upon receiving such a petition the court shall appoint a third arbitrator. Any filing fee or court costs arising from the foregoing petition shall be shared equally by the claimant and the department of game.

The award of the arbitrators shall be advisory only; it shall be written and filed with the department of game at its office in Seattle, King county, Washington, not later than ninety days following the naming of the third arbitrator.

In the event that the parties arbitrate no payment shall be made by the commission until the arbitrators shall have made their advisory award. The payment of any claim by the commission shall be full and final payment of the claim.

In the event that any claim is not adjusted, compromised, settled and paid through arbitration or otherwise within one year from the filing of said claim the same may be filed with the chief fiscal officer of the executive branch. Contents of all such claims shall conform to the tort claim filing requirements found in RCW 4.92.100 as now or hereafter amended. 78.44.120 Performance bonds and other security.

Upon receipt of an operating permit an operator other than a public or governmental agency shall not commence surface mining until the operator has deposited with the department an acceptable performance bond on forms prescribed and furnished by the department. This performance bond shall be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under the provisions of chapter 48.28 RCW and approved by the department. The bond shall be filed and maintained in an amount equal to the estimated cost of completing the reclamation plan for the area to be surface mined during the next twelve-month period and any previously surface mined area for which a permit has been issued and on which the reclamation has not been satisfactorily completed and approved. If an operator increases the area to be surface mined during the twelve month period, the department may increase the amount of the bond to compensate for the increase. The department shall have the authority to determine the amount of the bond that shall be required, and for any reason may refuse any bond not deemed adequate. In no case shall the amount of the bond be less than one hundred dollars or more than two thousand five hundred dollars per acre or fraction thereof.

The bond shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations adopted pursuant thereto.

In lieu of the surety bond required by this section the operator may file with the department a cash deposit, negotiable securities acceptable to the department, or an assignment of a savings account or of a savings certificate in a Washington bank on an assignment form prescribed by the department.

Liability under the bond shall be maintained as long as reclamation is not completed in compliance with the approved reclamation plan unless released prior thereto as hereinafter provided. Liability under the bond may be released only upon written notification from the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute bond. In no event shall the liability of the surety exceed the amount of the surety bond required by this section.

A public or governmental agency shall not be required to post a bond under the terms of this chapter.

A blanket performance bond covering two or more surface mining operations may be submitted by an operator in lieu of separate bonds for each separate operation. [1977 c 66 § 1; 1970 ex.s. c 64 § 13.]

79.01.178 Material removed for channel or harbor improvement, or flood control—Use for public purpose. When gravel, rock, sand, silt or other material from the state-owned bed and shores of any navigable body of water within the state is removed by any public agency or under public contract for channel or harbor improvement, or flood control, use of such material may be authorized by the department of natural resources for a public purpose on land owned or leased by the state, or any municipality, county, or public corporation: *Provided*, That when no public land site is available for deposit of such material, its deposit on private land with the landowner's permission is authorized and may be designated by the department of natural resources to be for a public purpose. Prior to removal and use, the state agency, municipality, county, or public corporation contemplating or arranging such use shall first obtain written permission from the department of natural resources. No payment of royalty shall be required for such gravel, rock, sand, silt, or other material used for such public purpose, but a charge will be made if such material is subsequently sold or used for some other purpose: *Provided*, That the department may authorize such public agency or private landowner to dispose of such material without charge when necessary to implement disposal of material. No charge shall be required for any use of material obtained under the provisions of this chapter when used solely on an authorized site. Nothing in this section shall repeal or modify the provisions of RCW 75.20.100 or eliminate the necessity of obtaining a permit for such removal from other state agencies as otherwise required by law. The state capitol committee may construct parking facilities for the state capitol adequate to provide parking space for automobiles, said parking facilities to be either of a single level, multiple level, or both, and to be either on one site or more than one site and located either on or in close proximity to the capitol grounds, though not necessarily contiguous thereto. The state capitol committee may select such lands as are necessary therefor and acquire them by purchase or condemnation. As an aid to such selection the committee may cause location, topographical, economic, traffic, and other surveys to be conducted, and for this purpose may utilize the services of existing state agencies, may employ personnel, or may contract for the services of any person, firm or corporation. In selecting the location and plans for the construction of the parking facilities the committee shall consider recommendations of the director of general administration.

Space in parking facilities may be rented to the officers and employees of the state on a monthly basis at a rental to be determined by the director of general administration. The state shall not sell gasoline, oil, or any other commodities or perform any services for any vehicles or equipment other than state equipment. [1977 c 75 § 90; 1965 c 129 § 1; 1955 c 293 § 1.]

FUNDS FOR MANAGING AND ADMINISTERING LANDS

Sections

79.64.030 Expenditures of certain funds in account to be for lands of same trust—Use for other lands—Repayment—Accounting.

79.64.030 Expenditures of certain funds in account to be for lands of same trust—Use for other lands—Repayment—Accounting. Funds in the account derived from the gross proceeds of leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting school lands, university lands, agricultural college lands, scientific school lands, normal school lands, capitol building lands, or institutional lands shall be expended by the department solely for the purpose of defraying the costs and expenses necessarily incurred in managing and administering public lands of the same trust: *Provided*, That such funds may be used for similar costs and expenses in managing and administering other lands managed by the department: *Provided further*, That such expenditures that have been or may be made on such other lands shall be repaid to the resource management cost account together with interest at the rate provided for in RCW 79.01.216.

An accounting shall be made annually of the accrued expenditures as regards each trust. In the event the accounting determines that expenditures have been made from moneys derived from one category of trust lands for the benefit of another trust or other lands, such expenditure shall be considered a debt against the trust benefited and shall be considered an encumbrance against the property of the trust or trust funds benefited, including property held under chapter 76.12 RCW. The results of the accounting shall be reported to the legislature at the next regular session. [1977 1st ex.s. c 159 § 2; 1961 c 178 § 3.]

79.66.040 Management of property held in resource management land bank.
79.66.050 Appropriation of funds from forest development account—Use of income.

79.66.010 Legislative finding. The legislature finds that from time to time it may be desirable for the department of natural resources to sell state lands which have low potential for natural resource management or

low income-generating potential or which, because of geographic location or other factors, are inefficient for the department to manage. However, it is also important to acquire lands to replace those sold so that the publicly owned land base will not be depleted. The purpose of this chapter is to provide a means to facilitate such sales and purchases. [1977 1st ex.s. c 109 § 1.]

79.66.020 Resource management land bank—Created—Purchase of property authorized. The department of natural resources, with the approval of the board of natural resources, is authorized to purchase property at fair market value to be held in a resource management land bank, which is hereby created within the department. Property so purchased shall be property which would be desirable for addition to the public lands of the state because of the natural resource production potential of the property. The total acreage held in the resource management land bank shall not exceed one thousand acres. [1977 1st ex.s. c 109 § 2.]

79.66.030 Exchange or sale of property held in resource management land bank. The department of natural resources, with the approval of the board of natural resources, is authorized to:

(1) Exchange property held in the resource management land bank for any other public lands of equal value administered by the department of natural resources, including any lands held in trust.

(2) Exchange property held in the resource management land bank for property of equal or greater value which is owned publicly or privately, and which has greater natural resource production potential or which could be more easily managed by the department, however, no power of eminent domain is hereby granted to the department; and

(3) Sell property held in the resource management land bank in the manner provided by law for the sale of state lands without any requirement of platting and to use the proceeds to acquire property for the land bank which has greater natural resource production potential or which would be more easily managed by the department. [1977 1st ex.s. c 109 § 3.]

79.66.040 Management of property held in resource management land bank. The department of natural resources may manage the property held in the resource management land bank in the same manner as state granted lands: *Provided*, That such properties or interest in such properties shall not be withdrawn, exchanged, transferred, or sold without first obtaining payment of the fair market value of the property or interest therein or obtaining property of equal value in exchange. [1977 1st ex.s. c 109 § 4.]

79.66.050 Appropriation of funds from forest development account—Use of income. The legislature may authorize appropriation of funds from the forest development account in the general fund for the purposes of this chapter. Income from the sale or management of property in the resource management land bank shall be

returned as a recovered expense to the forest development account and may be used to acquire property under RCW 79.66.020. [1977 1st ex.s. c 109 § 5.]

79.72.010 Legislative finding—Purpose. The legislature hereby finds that many rivers of this state, with their immediate environs, possess outstanding natural, scenic, historic, ecological, and recreational values of present and future benefit to the public. The legislature further finds that the policy of permitting the construction of dams and other impoundment facilities at appropriate sections of the rivers of this state needs to be complemented by a policy that would protect and preserve the natural character of such rivers and fulfill other conservation purposes. It is hereby declared to be the policy of this state that certain selected rivers of the state which, with their immediate environs, possess the aforementioned characteristics, shall be preserved in as natural a condition as practical and that overuse of such rivers, which tends to downgrade their natural condition, shall be discouraged.

The purpose of this chapter is to establish a program for managing publicly owned land on rivers included in the state's scenic river system, to indicate the river segments to be initially included in that system, to prescribe a procedure for adding additional components to the system, and to protect the rights of private property owners. [1977 1st ex.s. c 161 § 1.]

79.72.020 Definitions—Committee of participating agencies. The following terms when used in this chapter shall be defined as follows unless the context clearly requires otherwise:

(1) "Department" means state parks and recreation commission.

(2) "Committee of participating agencies" or "committee" means a committee composed of the executive head, or such executive's designee, of each of the state

departments of ecology, fisheries, game, natural resources, and highways, the state parks and recreation commission, the interagency committee for outdoor recreation, the Washington state association of counties, and the association of Washington cities.

When a specific river or river segment of the state's scenic river system is being considered by the committee, a representative of each participating local government associated with that river or river segment shall serve as a member of the committee.

(3) "Participating local government" means the legislative authority of any city or county, a portion of whose territorial jurisdiction is bounded by or includes a river or river segment of the state's scenic river system.

(4) "River" means a flowing body of water or a section, segment, or portion thereof.

(5) "River area" means a river and the land area in its immediate environs as established by the participating agencies not exceeding a width of one-quarter mile landward from the streamway on either side of the river.

(6) "Scenic easement" means the negotiated right to control the use of land, including the air space above such land, for the purpose of protecting the scenic view throughout the visual corridor.

(7) "Streamway" means that stream-dependent corridor of single or multiple, wet or dry, channel or channels within which the usual seasonal or stormwater run-off peaks are contained, and within which environment the flora, fauna, soil, and topography is dependent on or influenced by the height and velocity of the fluctuating river currents.

(8) "System" means all the rivers and river areas in the state designated by the legislature for inclusion as scenic rivers but does not include tributaries of a designated river unless specifically included by the legislature. The inclusion of a river in the system does not mean that other rivers or tributaries in a drainage basin shall be required to be part of the management program developed for the system unless such rivers and tributaries within the drainage basin are specifically designated for inclusion by the legislature.

(9) "Visual corridor" means that area which can be seen in a normal summer month by a person of normal vision walking either bank of a river included in the system. Such corridor shall not exceed the river area. [1977 1st ex.s. c 161 § 2.]

Reviser's note: "department of highways" redesignated as "department of transportation" by 1977 1st ex.s. c 151. See RCW 47.04.015.

79.72.030 Management policies—Development—Inclusion of management plans—Identification and exclusion of unsuitably developed lands—Boundaries of river areas—Hearings—Notice—Meetings—Chairman—Studies—Proposals for system additions. (1) The department shall develop and adopt management policies for publicly owned or leased land on the rivers designated by the legislature as being a part of the state's scenic river system and within the associated river areas. The department may adopt regulations identifying river classifications which reflect the characteristics common to various segments of scenic rivers and may adopt management policies consistent

with local government's shoreline management master plans appropriate for each such river classification. All such policies shall be subject to review by the committee of participating agencies. Once such a policy has been approved by a majority vote of the committee members, it shall be adopted by the department in accordance with the provisions of chapter 34.04 RCW, as now or hereafter amended. Any variance with such a policy by any public agency shall be authorized only by the approval of the committee of participating agencies by majority vote, and shall be made only to alleviate unusual hardships unique to a given segment of the system.

(2) Any policies developed pursuant to subsection (1) of this section shall include management plans for protecting ecological, economic, recreational, aesthetic, botanical, scenic, geological, hydrological, fish and wildlife, historical, cultural, archaeological, and scientific features of the rivers designated as being in the system. Such policies shall also include management plans to encourage any nonprofit group, organization, association, person, or corporation to develop and adopt programs for the purpose of increasing fish propagation.

(3) The committee of participating agencies shall, by two-thirds majority vote, identify on a river by river basis any publicly owned or leased lands which could be included in a river area of the system but which are developed in a manner unsuitable for land to be managed as part of the system. The department shall exclude lands so identified from the provisions of any management policies implementing the provisions of this chapter.

(4) The committee of participating agencies, by majority vote, shall determine the boundaries which shall define the river area associated with any included river. With respect to the rivers named in RCW 79.72.080, the committee shall make such determination, and those determinations authorized by subsection (3) of this section, within one year of September 21, 1977.

(5) Before making a decision regarding the river area to be included in the system, a variance in policy, or the excluding of land from the provisions of the management policies, the committee shall hold hearings in accord with chapter 34.04 RCW, with at least one public hearing to be held in the general locale of the river under consideration. The department shall cause to be published in a newspaper of general circulation in the area which includes the river or rivers to be considered, a description, including a map showing such river or rivers, of the material to be considered at the public hearing. Such notice shall appear at least twice in the time period between two and four weeks prior to the public hearing.

(6) Meetings of the committee shall be called by the department or by written petition signed by five or more of the committee members. The chairman of the parks and recreation commission or the chairman's designee shall serve as the chairman of any meetings of the committee held to implement the provisions of this chapter.

The committee shall seek and receive comments from the public regarding potential additions to the system,

shall initiate studies, and may, through the department, submit to any session of the legislature proposals for additions to the state scenic river system. These proposals shall be accompanied by a detailed report on the factors which, in the committee's judgment, make an area a worthy addition to the system. [1977 1st ex.s. c 161 § 3.]

79.72.040 Administration of management Program—Powers, duties and authority of department.

(1) The management program for the system shall be administered by the department. The department shall have the responsibility for coordinating the development of the program between affected state agencies and participating local governments, and shall develop and adopt rules and regulations, in accord with chapter 34.04 RCW, for each portion of the system, which shall implement the management policies. In developing rules and regulations for a specific river in the system, the department shall hold at least one public hearing in the general locale of the river under consideration. The department shall cause a brief summary of the proposed rules and regulations to be published twice in a newspaper of general circulation in the area which includes the river to be considered in the period of time between two and four weeks prior to the public hearing. In addition to the foregoing required publication, the department shall also provide notice of the hearings, rules, regulations, and decisions of the department to radio and television stations and major local newspapers in the areas which include the river to be considered.

(2) In addition to any other powers granted to carry out the intent of this chapter, the department is authorized, subject to approval by majority vote of the members of the committee, to: (a) Purchase, within the river area, real property in fee or any lesser right or interest in real property including, but not limited to scenic easements and future development rights, visual corridors, wildlife habitats, unique ecological areas, historical sites, camping and picnic areas, boat launching sites, and/or easements abutting the river for the purpose of preserving or enhancing the river or facilitating the use of the river by the public for fishing, boating and other water related activities; and (b) purchase, outside of a river area, public access to the river area.

The right of eminent domain shall not be utilized in any purchase made pursuant to this section.

(3) The department is further authorized to: (a) Acquire by gift, devise, grant, or dedication the fee, an option to purchase, a right of first refusal or any other lesser right or interest in real property and upon acquisition such real property shall be held and managed within the scenic river system; and (b) accept grants, contributions, or funds from any agency, public or private, or individual for the purposes of this chapter.

(4) The department is hereby vested with the power to obtain injunctions and other appropriate relief against violations of any provisions of this chapter and any rules and regulations adopted under this section or agreements made under the provisions of this chapter. [1977 1st ex.s. c 161 § 4.]

79.72.050 State agencies and local governments to pursue policies to conserve and enhance included river areas—Shoreline management act—Private lands—Trust lands. (1) All state government agencies and local governments are hereby directed to pursue policies with regard to their respective activities, functions, powers, and duties which are designed to conserve and enhance the conditions of rivers which have been included in the system, in accordance with the management policies and the rules and regulations adopted by the department for such rivers. Local agencies are directed to pursue such policies with respect to all lands in the river area owned or leased by such local agencies. Nothing in this chapter shall authorize the modification of a shoreline management plan adopted by a local government and approved by the state pursuant to chapter 90.58 RCW without the approval of the department of ecology and local government. The policies adopted pursuant to this chapter shall be integrated, as fully as possible, with those of the shoreline management act of 1971.

(2) Nothing in this chapter shall grant to the committee of participating agencies or the department the power to restrict the use of private land without either the specific written consent of the owner thereof or the acquisition of rights in real property authorized by RCW 79.72.040.

(3) Nothing in this chapter shall prohibit the department of natural resources from exercising its full responsibilities and obligations for the management of state trust lands. [1977 1st ex.s. c 161 § 5.]

79.72.060 Criteria for inclusion of rivers within system. Rivers of a scenic nature are eligible for inclusion in the system. Ideally, a scenic river:

(1) Is free-flowing without diversions that hinder recreational use;

(2) Has a streamway that is relatively unmodified by riprapping and other stream bank protection;

(3) Has water of sufficient quality and quantity to be deemed worthy of protection;

(4) Has a relatively natural setting and adequate open space;

(5) Requires some coordinated plan of management in order to enhance and preserve the river area; and

(6) Has some lands along its length already in public ownership, or the possibility for purchase or dedication of public access and/or scenic easements. [1977 1st ex.s. c 161 § 6.]

79.72.070 Authority of departments of fisheries and game unaffected. Nothing contained in this chapter shall affect the authority of the department of fisheries and the department of game to construct facilities or make improvements to facilitate the passage or propagation of fish nor shall anything in this chapter be construed to interfere with the powers, duties, and authority of the

department of fisheries or the department of game to regulate, manage, conserve, and provide for the harvest of fish or wildlife within any area designated as being in the state's scenic river system: *Provided*, That no hunting shall be permitted in any state park. [1977 1st ex.s. c 161 § 7.]

79.72.080 Rivers designated as part of system. The following rivers of the state of Washington are hereby designated as being in the scenic river system of the state of Washington:

(1) The Skykomish river from the junction of the north and south forks of the Skykomish river:

(a) Downstream approximately fourteen miles to its junction with the Sultan river;

(b) Upstream approximately twenty miles on the south fork to the junction of the Tye and Foss rivers;

(c) Upstream approximately eleven miles on the north fork to its junction with Bear creek;

(2) The Beckler river from its junction with the south fork of the Skykomish river upstream approximately eight miles to its junction with Rapid river; and

(3) The Tye river from its junction with the south fork of the Skykomish river upstream approximately fourteen miles to Tye Lake. [1977 1st ex.s. c 161 § 8.]

Green river gorge conservation area: RCW 43.51.900-43.51.930.

79.72.090 Inclusion of state's scenic rivers in national wild and scenic river system not precluded. Nothing in this chapter shall preclude a section or segment of the state's scenic rivers included in the system from becoming a part of the national wild and scenic river system. [1977 1st ex.s. c 161 § 9.]

79.72.100 Game fund moneys not to be used. No funds shall be expended from the game fund to carry out the provisions of this chapter. [1977 1st ex.s. c 161 § 10.]

79.72.110 Funding. All funds for the implementation of this chapter as now or hereafter amended shall come from the general fund. [1977 1st ex.s. c 161 § 11.]

79.72.900 Severability—1977 1st ex.s. c 161. If any provision of this act, or its application to any person of legal entity or circumstances, is held invalid, the remainder of the act, or the application of the provision to other persons or legal entities or circumstances, shall not be affected. 80.50.071 Council to receive applications—Fees or charges for application processing or certification monitoring. (1) The council shall receive all applications for energy facility site certification. The following fees or charges for application processing or certification monitoring shall be paid by the applicant or certificate holder:

(a) A fee of twenty-five thousand dollars for each proposed site, to be applied toward the cost of the independent consultant study authorized in this subsection, shall accompany the application and shall be a condition precedent to any further consideration or action on the application by the council. The council shall commission its own independent consultant study to measure the consequences of the proposed energy facility on the environment for each site application. The council shall direct the consultant to study any matter which it deems essential to an adequate appraisal of the site. The full cost of the study shall be paid by the applicant: *Provided*, That said costs exceeding a total of the twenty-five thousand dollars paid pursuant to subsection (1)(a) of this section shall be payable subject to the applicant giving prior approval to such excess amount.

(b) Each applicant shall, in addition to the costs of the independent consultant provided by subsection (1)(a)

of this section, pay such reasonable costs as are actually and necessarily incurred by the council in processing the application. Such costs shall include, but are not limited to, costs of a hearing examiner, a court reporter, additional staff salaries, wages and employee benefits, goods and services, travel expenses within the state and miscellaneous expenses, as arise directly from processing such application.

Each applicant shall, at the time of application submission, deposit twenty thousand dollars, or such lesser amount as may be specified by council rule, to cover costs provided for by subsection (1)(b) of this section. Reasonable and necessary costs of the council directly attributable to application processing shall be charged against such deposit.

The council shall submit to each applicant a statement of such expenditures actually made during the preceding calendar quarter which shall be in sufficient detail to explain such expenditures. The applicant shall pay the state treasurer the amount of such statement to restore the total amount on deposit to the originally established level: *Provided*, That such applicant may, at the request of the council, increase the amount of funds on deposit to cover anticipated expenses during peak periods of application processing. Any funds remaining unexpended at the conclusion of application processing shall be refunded to the applicant, or at the applicant's option, credited against required deposits of certificate holders.

(c) Each certificate holder shall pay such reasonable costs as are actually and necessarily incurred by the council for inspection and determination of compliance by the certificate holder with the terms of the certification relative to monitoring the effects of construction and operation of the facility.

Each certificate holder, within thirty days of execution of the site certification agreement, shall deposit twenty thousand dollars, or such other amount as may be specified by council rule, to cover costs provided for by subsection (1)(c) of this section. Reasonable and necessary costs of the council directly attributable to inspection and determination of compliance by the certificate holder with the terms of the certification relative to monitoring the effects of construction and operation of the facility shall be charged against such deposit.

The council shall submit to each certificate holder a statement of such expenditures actually made during the preceding calendar quarter which shall be in sufficient detail to explain such expenditures. The certificate holder shall pay the state treasurer the amount of such statement to restore the total amount on deposit to the originally established level: *Provided*, That if the actual, reasonable, and necessary expenditures for inspection and determination of compliance in the preceding calendar quarter have exceeded the amount of funds on deposit, such excess costs shall be paid by the certificate holder.

(2) If an applicant or certificate holder fails to provide the initial deposit, or if subsequently required payments are not received within thirty days following receipt of the statement from the council, the council may (a) in the case of the applicant, suspend processing

of the application until payment is received; or (b) in the case of a certificate holder, suspend the certification.

(3) All payments required of the applicant or certificate holder under this section are to be made to the state treasurer who shall make payments as instructed by the council from the funds submitted. (1) Any person required to file an application for certification of an energy facility pursuant to this chapter may apply to the council for an expedited processing of such an application. The application for expedited processing shall be submitted to the council in such form and manner and accompanied by such information as may be prescribed by council rule. The council may grant an applicant expedited processing of an application for certification upon finding that:

- (a) The environmental impact of the proposed energy facility;
- (b) The area potentially affected;
- (c) The cost and magnitude of the proposed energy facility; and
- (d) The degree to which the proposed energy facility represents a change in use of the proposed site are not significant enough to warrant a full review of the application for certification under the provisions of this chapter.

(2) Upon granting an applicant expedited processing of an application for certification, the council shall not be required to:

- (a) Commission an independent study, notwithstanding the provisions of RCW 80.50.071; nor
- (b) Hold a contested case hearing under chapter 34.04 RCW on the application.

The counsel for the environment shall represent the public and its interest in protecting the quality of the environment. Costs incurred by the counsel for the environment in the performance of these duties shall be charged to the office of the attorney general, and shall not be a charge against the appropriation to the energy facility site evaluation council. He shall be accorded all the rights, privileges and responsibilities of an attorney representing a party in a formal action. This section shall not be construed to prevent any person from being heard or represented by counsel in accordance with the other provisions of this chapter. [1977 1st ex.s. c 371 § 6; 1970 ex.s. c 45 § 8.]

80.50.100 Recommendations to governor—Approval or rejection of certification—Reconsideration. (1) The council shall report to the governor its recommendations as to the approval or rejection of an

application for certification within twelve months of receipt by the council of such an application, or such later time as is mutually agreed by the council and the applicant. If the council recommends approval of an application for certification, it shall also submit a draft certification agreement with the report. The council shall include conditions in the draft certification agreement to implement the provisions of this chapter, including, but not limited to, conditions to protect state or local governmental or community interests affected by the construction or operation of the energy facility, and conditions designed to recognize the purpose of laws or ordinances, or rules or regulations promulgated thereunder, that are preempted or superseded pursuant to RCW 80.50.110 as now or hereafter amended.

(2) Within sixty days of receipt of the council's report the governor shall take one of the following actions:

(a) Approve the application and execute the draft certification agreement; or

(b) Reject the application; or

(c) Direct the council to reconsider certain aspects of the draft certification agreement.

The council shall reconsider such aspects of the draft certification agreement by reviewing the existing record of the application or, as necessary, by reopening the contested case for the purposes of receiving additional evidence. Such reconsideration shall be conducted expeditiously. The council shall resubmit the draft certification to the governor incorporating any amendments deemed necessary upon reconsideration. Within sixty days of receipt of such draft certification agreement, the governor shall either approve the application and execute the certification agreement or reject the application. The certification agreement shall be binding upon execution by the governor and the applicant.

(3) The rejection of an application for certification by the governor shall be final as to that application but shall not preclude submission of a subsequent application for the same site on the basis of changed conditions or new information. [1977 1st ex.s. c 371 § 8; 1975-'76 2nd ex.s. c 108 § 36; 1970 ex.s. c 45 § 10.]

(2) The certification shall authorize the person named therein to construct and operate the proposed energy facility subject only to the conditions set forth in such certification.

(3) The issuance of a certification shall be in lieu of any permit, certificate or similar document required by any department, agency, division, bureau, commission, board, or political subdivision of this state, whether a member of the council or not. [1977 1st ex.s. c 371 § 10; 1975-'76 2nd ex.s. c 108 § 38; 1970 ex.s. c 45 § 12.]

(2) Objections raised by any party in interest concerning procedural error by the council shall be filed with the council within sixty days of the commission of such error, or within thirty days of the first public hearing or meeting of the council at which the general subject matter to which the error is related is discussed, whichever comes later, or such objection shall be deemed waived for purposes of judicial review as provided in this section.

(3) The rules and regulations adopted by the council shall be subject to judicial review pursuant to the provisions of chapter 34.04 RCW. [1977 1st ex.s. c 371 § 11; 1970 ex.s. c 45 § 14.]

80.50.150 Enforcement of compliance. (1) The courts are authorized to grant such restraining orders, and such temporary and permanent injunctive relief as is necessary to secure compliance with this chapter and/or with a site certification agreement issued pursuant to this chapter. The court may assess civil penalties in an amount not less than one thousand dollars per day nor more than twenty-five thousand dollars per day for each day of construction or operation in material violation of this chapter, or in material violation of any site certification agreement issued pursuant to this chapter. The court may charge the expenses of an enforcement action relating to a site certification agreement under this section, including, but not limited to, expenses incurred for legal services and expert testimony, against any person found to be in material violation of the provisions of such certification: *Provided*, That the expenses of a person found not to be in material violation of the provisions of such certification, including, but not limited to, expenses incurred for legal services and expert testimony, may be charged against the person or persons bringing an enforcement action or other action under this section.

(3) Civil proceedings to enforce this chapter may be brought by the attorney general or the prosecuting attorney of any county affected by the violation on his own motion or at the request of the council. Criminal proceedings to enforce this chapter may be brought by the prosecuting attorney of any county affected by the violation on his own motion or at the request of the council.

(4) The remedies and penalties in this section, both civil and criminal, shall be cumulative and shall be in addition to any other penalties and remedies available at law, or in equity, to any person. [1977 1st ex.s. c 371 § 12; 1970 ex.s. c 45 § 15.]

(2) The council, upon request of any potential applicant, is authorized, as provided in this section, to conduct a preliminary study of any potential site prior to receipt of an application for site certification. A fee of ten thousand dollars for each potential site, to be applied toward the cost of any study agreed upon pursuant to subsection (3) of this section, shall accompany the request and shall be a condition precedent to any action on the request by the council.

(3) After receiving a request to study a potential site, the council shall commission its own independent consultant to study matters relative to the potential site. The study shall include, but need not be limited to, the preparation and analysis of environmental impact information for the proposed potential site and any other matter the council and the potential applicant deem essential to an adequate appraisal of the potential site. In conducting the study, the council is authorized to cooperate and work jointly with the county or counties in which the potential site is located, any federal, state, or local governmental agency that might be requested to comment upon the potential site, and any municipal or public corporation having an interest in the matter. The full cost of the study shall be paid by the potential applicant: *Provided*, That such costs exceeding a total of ten thousand dollars shall be payable subject to the potential applicant giving prior approval to such excess amount.

(4) Any study prepared by the council pursuant to subsection (3) of this section may be used in place of the "detailed statement" required by RCW 43.21C.030(2)(c) by any branch of government except the council created pursuant to chapter 80.50 RCW.

(5) All payments required of the potential applicant under this section are to be made to the state treasurer, who in turn shall pay the consultant as instructed by the council. All such funds shall be subject to state auditing procedures. Any unexpended portions thereof shall be returned to the potential applicant.

(6) Nothing in this section shall change the requirements for an application for site certification or the requirement of payment of a fee as provided in RCW 80.50.070, or change the time for disposition of an application for certification as provided in RCW 80.50.100.

(7) Nothing in this section shall be construed as preventing a city or county from requiring any information it deems appropriate to make a decision approving a particular location. [1977 1st ex.s. c 371 § 13; 1975-'76 2nd ex.s. c 108 § 40; 1974 ex.s. c 110 § 2.]

The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) The department of revenue shall designate areas containing timber having similar growing, harvesting and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within such units, which values shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined from (a) gross

proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities, or from (b) gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or from a combination of (a) and (b), and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors. Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood or other sudden unforeseen cause, the department shall revise such tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying such tax. The preliminary area designations and stumpage value tables and any revisions thereof shall be subject to review by the ways and means committees of the house and senate prior to finalization. Tables of stumpage values shall be signed by the director or his designee and authenticated by the official seal of the department. A copy thereof shall be mailed to anyone who has submitted to the department a written request therefor.

(4) On or before the sixtieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section.

(5) There are hereby created in the state treasury a state timber tax account A and a state timber tax reserve account in the state general fund and any interest earned on the investment of cash balances shall be deposited in these accounts. The revenues from the tax imposed by subsection (1) of this section shall be deposited in state timber tax account A and state timber tax reserve account as follows:

<i>Year of Collection</i>	ACCOUNT A	RESERVE ACCOUNT
1973 through 1982	100%	0%
1983 and thereafter	0%	100%

(6) In addition to the rates specified in subsection (1) of this section, there shall be imposed upon such persons a surtax at a rate of .5% of the stumpage value of timber as specified in such subsection (1) upon timber harvested between October 1, 1972 and September 30, 1974 inclusive. The revenues from such surtax shall be deposited in the state timber tax reserve account. Such surtax shall be reimposed for one year upon timber harvested in any calendar year following any fourth quarter during which transfers from such reserve account pursuant to subsection (3) of RCW 84.33.080 reduce the balance in such account to less than five hundred thousand dollars, but in no event shall such surtax be imposed in any year after 1980.

(7) The tax imposed under this section shall be computed with respect to timber harvested each calendar quarter and shall be due and payable in quarterly installments and remittance therefor shall be made on or

before the last day of the month next succeeding the end of the quarterly period in which the tax accrued. The taxpayer on or before such date shall make out a return, upon such forms and setting forth such information as the department of revenue may require, showing the amount of the tax for which he is liable for the preceding quarterly period, and shall sign and transmit the same to the department of revenue, together with a remittance for such amount.

(8) The taxes imposed by this section shall be in addition to any taxes imposed upon the same persons pursuant to one or more of sections RCW 82.04.230 to 82.04.290, inclusive, and RCW 82.04.440, and none of such sections shall be construed to modify or interact with this section in any way, except RCW 82.04.450 and 82.04.490 shall not apply to the taxes imposed by this section.

(9) Any harvester incurring less than ten dollars tax liability under this section in any calendar quarter shall be excused from the payment of such tax, but may be required by the department of revenue to file a return even though no tax may be due. [1977 1st ex.s. c 317 § 23.] This applies to the amendments to RCW 35.77.010, 46.68.090, 46.68.100, 46.68.150, 47.26.040, 47.26.080, 47.26.180, 47.26.190, 47.26.240, 47.26.270, 47.26.405, 47.26.420, 47.26.424, 47.26.425, 82.36.010, 82.36.020, 82.36.100, 82.37.030, 82.38.030 and to RCW 46.68.115, 47.26.4251, and 82.36.025.

82.36.020 Tax imposed—Rate to be computed—Allocation of proceeds. Every distributor shall pay, in addition to any other taxes provided by law, an excise tax to the director at a rate computed in the manner provided in RCW 82.36.025 for each gallon of motor vehicle fuel sold, distributed, or used by him in the state as well as on each gallon upon which he has assumed liability for payment of the tax under the provisions of RCW 82.36.100: *Provided*, That under such regulations as the director may prescribe sales or distribution of motor vehicle fuel may be made by one licensed distributor to another licensed distributor free of the tax. In the computation of the tax, one-quarter of one percent of the net gallonage otherwise taxable shall be deducted by the distributor before computing the tax due, on account of the losses sustained through handling. Any person paying such excise tax who, in turn, sells or distributes such fuel to another, whether or not for use, shall include the tax as part of the selling price of the fuel. Any person thereafter paying a price for such fuel which includes an increment for the tax imposed hereunder, and who subsequently resells said fuel, shall include the increment so paid as part of the selling price of the fuel. The tax imposed hereunder shall be in addition to any other tax required by law, and shall not be imposed under circumstances in which the tax is prohibited by the Constitution or laws of the United States. The tax herein imposed shall be collected and paid to the state but once in respect to any motor vehicle fuel. An invoice shall be rendered by a distributor to a purchaser for each distribution of motor vehicle fuel.

The proceeds of the motor vehicle fuel excise tax collected on the net gallonage after the deduction provided for herein and after the deductions for refunds and costs of collection as provided in RCW 46.68.090 as now or hereafter amended, shall be distributed as provided in RCW 46.68.100, as now or hereafter amended. 82.36.025 Computation of motor vehicle fuel tax rate—Department of motor vehicles determination—When—Limitations—Factors—Notice of unanticipated federal funds. (1) (a) During the fifth month of each fiscal half-year ending June 30th and December 31st of each year, the department of motor vehicles shall compute a motor vehicle fuel tax rate to the nearest one-half cent per gallon of motor vehicle fuel by multiplying twenty-one and one-half percent times the weighted average retail sales price of motor vehicle fuel, per gallon, sold within the state in the third month of such fiscal half-year. The department of motor vehicles shall determine the weighted average retail sales price of motor vehicle fuel by state-wide sampling and survey techniques designed to reflect such prices for the third month of such fiscal half-year. The department shall establish reasonable guidelines for its sampling and survey methods.

(b) Subject to provisions of subsections (2) and (3) of this section the excise tax rate computed in the manner provided in subsection (1) of this section shall apply to the sale, distribution, or use of motor vehicle fuel beginning the fiscal half-year following computation of the rate and shall remain in effect for each succeeding fiscal half-year until a subsequent computation requires a change in the rate. For the first fiscal half-year after July 1, 1977, the motor vehicle fuel tax shall be eleven cents per gallon.

(2) (a) The motor vehicle fuel tax rate for any fiscal half-year shall not exceed twelve cents per gallon nor exceed a rate as computed in this subsection.

(b) Each fiscal half-year at the time the department of motor vehicles computes the excise tax rate for the ensuing fiscal half-year of a biennium, the department shall estimate the total aggregate motor vehicle fuel tax revenues and the total of all other state revenues which will accrue to the motor vehicle fund during the full biennium. The estimated total aggregate motor vehicle fuel tax revenues for the biennium shall include those revenues which have accrued to the motor vehicle fund for the half-year or half-years of the biennium that have then elapsed plus revenues which the department determines will accrue during the remaining fiscal half-years of the biennium, assuming the sale, distribution, and use of motor vehicle fuel and special fuel within the

state for the remaining fiscal half-years of the biennium shall be at the same volume as during the fiscal half-year last ended, adjusted however for the historic variations in sales, distribution, and use according to half-yearly periods and for projected trends, and at the weighted average retail sales price of motor vehicle fuel as last determined by the department of motor vehicles. The estimated total of all other state revenues to accrue to the motor vehicle fund during the biennium shall include those revenues (other than the aggregate motor vehicle fuel tax revenues) which have accrued to the motor vehicle fund for the half-year or half-years of the biennium that have then elapsed plus revenues which the department of highways with the concurrence of the office of program planning and fiscal management determines will accrue during the remaining fiscal half-years of the biennium, assuming that collections of such revenues for the remaining fiscal half-years of the biennium shall be at the same level as during the fiscal half-year just ended, adjusted however for historic variations in collections according to half-yearly periods and for projected trends, and shall include state revenues in the motor vehicle fund balance as of the end of the prior biennium as certified by the state treasurer, less an appropriate minimum balance for the biennium as determined by the department of highways with the concurrence of the office of program planning and fiscal management and the proceeds of the sale of bonds but shall not include reimbursements to the motor vehicle fund for services performed by the department of highways for others.

(c) If the estimated biennial aggregate motor vehicle fuel tax revenues as computed in paragraph (b) of this subsection, exceed the total of all appropriations, reappropriations, and transfers of state revenues from the motor vehicle fund for the biennium (less the estimated total of all other state revenues which will accrue to the motor vehicle fund during the biennium as computed in paragraph (b) of this subsection) by more than five percent thereof, the rate of the motor vehicle fuel tax (computed as provided in subsection (1) of this section) shall be reduced by one-half cent increments, commencing at the beginning of the ensuing fiscal half-year, as may be necessary to reduce such estimated total revenues for the full biennium to within the total of such appropriations, reappropriations, and transfers plus five percent thereof.

(3) (a) Notwithstanding any other provisions of this section the excise tax rate for any fiscal half-year shall not be less than nine cents per gallon nor less than the rate as computed in this subsection.

(b) Each fiscal half-year at the time the department of motor vehicles computes the excise tax rate for the ensuing fiscal half-year of a fiscal year, the department shall estimate the total aggregate motor vehicle fuel tax revenues which will accrue to the motor vehicle fund during such fiscal year in the same manner that such revenues are estimated for a full biennium. If such estimated aggregate motor vehicle fuel tax revenues for the fiscal year are less than an amount equal to the aggregate motor vehicle fuel tax revenues collected during the

fiscal year ending June 30, 1973, increased by six percent per year compounded annually for each year which has elapsed from June 30, 1973, to June 30th of the fiscal year for which estimated aggregate motor vehicle fuel tax revenues were computed, the department shall increase the rate of the excise tax by one-half cent increments, but not to exceed a total excise tax of twelve cents per gallon, commencing at the beginning of the ensuing fiscal half-year as necessary to produce estimated aggregate motor vehicle fuel tax revenues for such fiscal year as great as such revenues collected during the 1973 fiscal year increased by six percent per year compounded annually from June 30, 1973, to June 30th of the fiscal year for which such minimum half-yearly tax rate is being computed.

(4) (a) Except as otherwise provided in paragraph (b) of this subsection, if the department of highways receives notification that unanticipated federal funds in excess of one million dollars above appropriations of federal funds from the motor vehicle fund for a biennium will be received for expenditure during that biennium, the highway commission shall give notice of the amount of such unanticipated funds to the department of motor vehicles which shall include such amount in the computation of the estimated total of all other state revenues to accrue during the biennium under paragraph (b) of subsection (2) of this section for purposes of computing the maximum rate of motor vehicle fuel tax as provided in this section.

(b) Upon receipt by the department of highways of notification that unanticipated federal funds in excess of one million dollars above appropriations of federal funds from the motor vehicle fund for a biennium will be received for expenditure during that biennium, if the highway commission determines that such funds or any part thereof may not legally or operationally be substituted for purposes for which state motor vehicle fund moneys have been appropriated, or determines that substitution of such federal funds for state funds would delay the construction of needed highway improvements, the highway commission shall forthwith notify the governor and the standing committees on transportation of the house and senate of its determination. If both the governor and the standing committees concur in the commission's determination, the unanticipated federal funds shall not be considered by the department of motor vehicles in computing the estimated total of all other state revenues to accrue during the biennium under paragraph (b) of subsection (2) of this section. [1977 1st ex.s. c 317 § 6.]

82.36.040 Payment of tax—Penalty for delinquency. The amount of excise tax for each month shall

be paid to the director on or before the twenty-fifth day of the next month thereafter, and if not paid prior thereto, shall become delinquent at the close of business on that day, and a penalty of one percent of such excise tax must be added thereto for delinquency: *Provided*, That in no case shall the penalty be more than five hundred dollars. If such tax and penalty is not received on or before the close of business on the last day of the month in which the payment is due an additional penalty of ten percent must be added thereto in addition to penalty above provided for.

Any motor vehicle fuel tax, penalties, and interest payable under the provisions of this chapter shall bear interest at the rate of one-half of one percent per month, or fraction thereof, from the first day of the calendar month after the close of the monthly period for which the amount or any portion thereof should have been paid until the date of payment: *Provided*, That the interest charge on the unpaid excise tax shall be waived when such interest is less than five dollars: *And provided further*, That the department may waive the interest on the unpaid excise tax when the interest exceeds five dollars and the department determines that the cost of processing the collection of the interest exceeds the amount of interest due.

In any suit brought to enforce the rights of the state hereunder, the certificate of the director showing the amount of taxes, penalties, interest and cost unpaid by any distributor and that the same are due and unpaid to the state shall be prima facie evidence of the facts as shown. 82.36.100 Tax required of persons not classed as distributors—Duties—Procedure—Distribution of proceeds—Penalties. Every person other than a distributor who acquires any motor vehicle fuel within this state upon which payment of tax is required under the provisions of this chapter, or imports such motor vehicle fuel into this state and sells, distributes, or in any manner uses it in this state shall, if the tax has not been paid, apply for a license to carry on such activities, file bond, make reports, comply with all regulations the director may prescribe in respect thereto, and pay an excise tax at the rate computed in the manner provided in RCW 82.36.025 for each gallon thereof so sold, distributed, or used during the fiscal half-year for which such rate is applicable in the manner provided for distributors, and the director shall issue a license to such person in the manner provided for issuance of licenses to distributors. The proceeds of the tax imposed by this section shall be distributed in the manner provided for the distribution of the motor vehicle fuel excise tax in RCW 82.36.020 as now or hereafter amended. However, a distributor licensed under the provisions of this chapter may deliver motor vehicle fuel to an importer in individual quantities of five hundred gallons or less and assume the liability for payment of the tax to this state. Under such conditions, the importer shall be exempt from the

requirements of this section. For failure to comply with the terms of this chapter such person shall be subject to the same penalties imposed upon distributors. The director shall pursue against such persons the same procedure and remedies for audits, adjustments, collection, and enforcement of this chapter as is provided with respect to distributors. Nothing herein shall be construed as classifying such persons as distributors. [1977 1st ex.s. c 317 § 3; 1967 ex.s. c 83 § 3; 1961 ex.s. c 7 § 2; 1961 c 15 § 82.36.100. 82.36.270 Refund permit. Any person desiring to claim a refund shall obtain a permit from the department by application therefor on such form as the department shall prescribe, which application shall contain, among other things, the name and address of the applicant, the nature of the business and a sufficient description for identification of the machines or equipment in which the motor vehicle fuel is to be used, for which refund may be claimed under the permit. The permit shall bear a permit number and all applications for refund shall bear the number of the permit under which it is claimed. The department shall keep a record of all permits issued and a cumulative record of the amount of refund claimed and paid thereunder. Such permit shall be obtained before or at the time that the first application for refund is made under the provisions of this chapter. 82.37.030 Tax imposed—Rate to be computed. In consideration of the use of the public highways of this state, motor carriers who import motor vehicle fuel into the state of Washington in the fuel supply tank or tanks of commercial motor vehicles for use in propelling said vehicles on said highways shall be subject to a tax for such use of the highways as hereinafter provided. A tax at the rate computed in the manner provided in RCW 82.36.025 per gallon is hereby imposed upon every motor carrier measured and determined by the number of gallons of motor vehicle fuel so imported and actually used by such motor carrier in its operations within this state during the fiscal half-year for which such rate is applicable.  82.38.170 Civil and statutory penalties.
 82.38.270 Violations and penalties.

82.38.030 Tax imposed—Variable rate to be computed—Collection. (1) There is hereby levied and imposed upon special fuel users a tax at the rate computed in the manner provided in RCW 82.36.025 per gallon or each one hundred cubic feet of compressed natural gas measured at standard pressure and temperature on the use (within the meaning of the word use as defined herein) of special fuel in any motor vehicle during the fiscal half-year for which such rate is applicable.

(2) Said tax shall be collected by the special fuel dealer and shall be paid over to the department as hereinafter provided: (a) With respect to all special fuel delivered by a special fuel dealer into supply tanks of motor vehicles or into storage facilities used for the fueling of motor vehicles at unbonded service stations in this state; or (b) in all other transactions where the purchaser indicates in writing to the special fuel dealer prior to or at the time of the delivery that the entire quantity of the special fuel covered by the delivery is for use by him for a taxable purpose as a fuel in a motor vehicle.

(3) Said tax shall be paid over to the department by the special fuel user as hereinafter provided: (a) With respect to special fuel upon which the tax has not previously been imposed which was acquired in any manner other than by delivery by a special fuel dealer into a fuel supply tank of a motor vehicle in this state; or (b) in all transactions with a special fuel dealer in this state where a written statement has not been furnished to the special fuel dealer as set forth in subsection (2)(b) of this section.

It is expressly provided that delivery of special fuel may be made without collecting the tax otherwise imposed, when such deliveries are made by a bonded special fuel dealer to special fuel users who are authorized by the department as hereinafter provided, to purchase fuel without payment of tax to the bonded special fuel dealer. [1977 1st ex.s. c 317 § 5; 1975 1st ex.s. c 62 § 1; 1973 1st ex.s. c 156 § 1; 1972 ex.s. c 135 § 2; 1971 ex.s. c 175 § 4.]

82.38.075 Natural gas, propane—Annual license fee in lieu of special fuel tax for use in motor vehicles—Schedule. In order to encourage the use of non-polluting fuels, until July 1, 1979, an annual license fee in lieu of the tax imposed by RCW 82.38.030 shall be imposed upon the use of natural gas as defined in this chapter or on liquified petroleum gas, commonly called propane, which is used in any motor vehicle, as defined in RCW 46.04.320, in accordance with the following schedule:

VEHICLE TONNAGE (GVW)	FEE
0 – 6,000	\$ 60
6,001 – 10,000	\$ 70
10,001 – 18,000	\$ 80
18,001 – 28,000	\$110
28,001 – 36,000	\$150
36,001 and above	\$250

The department of motor vehicles, in addition to the foregoing fee, shall charge a further fee of five dollars as a handling charge for each license issued.

The director of the department of motor vehicles shall be authorized to prorate the vehicle tonnage fee so that the annual license required by this section will correspond with the staggered vehicle licensing system. [1977 1st ex.s. c 335 § 1.]

Reviser's note: The "department of motor vehicles" redesignated the "department of licensing" by 1977 1st ex.s. c 334. See RCW 46.01.020.

Effective date—1977 1st ex.s. c 335: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1977." [1977 1st ex.s. c 335 § 2.] This applies to RCW 82.38.075.

82.38.110 Application for license—Bond—Requirements. Application for a special fuel dealer's license, special fuel supplier's license or a special fuel user's license, shall be made to the department. The application shall be filed upon a form prepared and furnished by the department and shall contain such information as the department deems necessary.

No special fuel dealer's license or special fuel user's license shall be issued to any person or continued in force unless such person has furnished bond, as defined in RCW 82.38.020, in such form as the department may require, to secure his compliance with this chapter, and the payment of any and all taxes, interest and penalties due and to become due hereunder. The requirement of furnishing a bond shall be waived provided all acquisitions of special fuel by the licensee are on a tax paid or a tax exempt basis.

The total amount of the bond or bonds required of any special fuel dealer or special fuel user shall be equivalent to twice the estimated monthly fuel tax, determined in such manner as the department may deem proper: *Provided*, That the total amount of the bond or bonds shall never be less than five hundred dollars nor more than fifty thousand dollars: *Provided further*, That special fuel dealers or special fuel users whose license is suspended or revoked for cause, shall be required to furnish bond coverage equivalent to three times the estimated monthly fuel tax.

Any person who has filed with the department a bond as a motor vehicle fuel distributor under the terms and conditions provided for in RCW 82.36.060, may extend the terms and conditions of said distributor's bond, by an approved rider or bond form, to include coverage of all liabilities and conditions imposed by this chapter upon the special fuel dealer or to the special fuel user to whom said extension is made applicable. The amount of any new bond that may be required of a dealer or user shall not exceed the maximum amount provided by RCW 82.36.060 for a motor vehicle fuel distributor's license. [1977 c 26 § 1; 1973 1st ex.s. c 156 § 4; 1971 ex.s. c 175 § 12.]

82.38.130 Revocation, cancellation, and surrender of license and bond. The department may revoke the license of any special fuel dealer, special fuel supplier, or special fuel user for reasonable cause. Before revoking such license the department shall notify the licensee to show cause within twenty days of the date of the notice why the license should not be revoked: *Provided*, That at any time prior to and pending such hearing the department may, in the exercise of reasonable discretion, suspend such license.

The department shall cancel any license to act as a special fuel dealer, a special fuel supplier, or a special fuel user immediately upon surrender thereof by the holder.

It shall be presumed that a special fuel dealer's bond is in effect until such time as the department notifies all licensed special fuel suppliers to the contrary by mailing to their current address of record.

Any surety on a bond furnished by a special fuel dealer or special fuel user as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of forty-five days from the date which such surety shall have lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the forty-five day period. The department shall promptly, upon receiving any such request, notify the special fuel dealer or special fuel user who furnished the bond, and unless the special fuel dealer or special fuel user shall, on or before the expiration of the forty-five day period, file a new bond, in accordance with the requirements of this section, or make a deposit in lieu thereof as provided in subsection (12) of RCW 82.38.020, the department forthwith shall cancel the special fuel dealer's or special fuel user's license.

The department may require a special fuel dealer or special fuel user to give a new or additional surety bond or to deposit additional securities of the character specified in subsection (12) of RCW 82.38.020 if, in its opinion, the security of the surety bond therefor filed by such special fuel dealer or special fuel user, or the market value of the properties deposited as security by such special fuel dealer or special fuel user, shall become impaired or inadequate. Upon failure of the special fuel dealer or special fuel user to give such new or additional

surety bond or to deposit additional securities within forty-five days after being requested to do so by the department, or after he shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the department, the department forthwith shall cancel his license. [1977 c 26 § 2; 1971 ex.s. c 175 § 14.]

82.38.170 Civil and statutory penalties. (1) If any special fuel dealer or special fuel user fails to pay any taxes collected or due the state of Washington by said dealer or user within the time prescribed by RCW 82.38.150, said dealer or user shall pay in addition to such tax a penalty of ten percent of the amount thereof plus interest at the rate of one percent per month, or fraction thereof, from the date such tax was due until paid.

(2) If it be determined by the department that the tax reported by any special fuel dealer or special fuel user is deficient it shall proceed to assess the deficiency on the basis of information available to it and there shall be added to this deficiency a penalty of ten percent of the amount of the deficiency together with interest at the rate of one percent per month, or fraction thereof, from the date the report was due until paid: *Provided*, That the interest charge on the unpaid excise tax shall be waived when such interest is less than five dollars: *And provided further*, That the department may waive the interest on the unpaid excise tax when the interest exceeds five dollars and the department of motor vehicles determines that the cost of processing the collection of the interest exceeds the amount of interest due.

(3) If any special fuel dealer or special fuel user, whether or not he is licensed as such, fails, neglects, or refuses to file a special fuel tax report, the department shall, on the basis of information available to it, determine the tax liability of the special fuel dealer or the special fuel user for the period during which no report was filed, and to the tax as thus determined, the department shall add the penalty and interest provided in subsection (2) of this section. An assessment made by the department pursuant to this subsection or to subsection (2) of this section shall be presumed to be correct, and in any case where the validity of the assessment is drawn in question, the burden shall be on the person who challenges the assessment to establish by a fair preponderance of the evidence that it is erroneous or excessive as the case may be.

(4) If any special fuel dealer or special fuel user shall establish by a fair preponderance of evidence that his failure to file a report or pay the proper amount of tax within the time prescribed was due to reasonable cause and was not intentional or wilful, the department may waive the penalty prescribed in subsections (1), (2), and (3) of this section.

(5) If any special fuel dealer or special fuel user shall file a false or fraudulent report with intent to evade the tax imposed by this chapter, there shall be added to the amount of deficiency determined by the department a penalty equal to twenty-five percent of the deficiency together with interest at one percent per month, or fraction thereof, on such deficiency from the date such tax

was due to the date of payment, in addition to the penalty provided in subsection (2) of this section and all other penalties prescribed by law: *Provided*, That the interest charge on the unpaid excise tax shall be waived when such interest is less than five dollars: *And provided further*, That the director may waive the interest on the unpaid excise tax when the interest exceeds five dollars and the department of motor vehicles determines that the cost of processing the collection of the interest exceeds the amount of interest due.

(6) Except in the case of a fraudulent report or of neglect or refusal to make a report, every deficiency shall be assessed under subsection (2) of this section within three years from the twenty-fifth day of the next succeeding calendar month following the monthly period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later.

(7) Any special fuel dealer or special fuel user against whom an assessment is made under the provisions of subsections (2) or (3) of this section may petition for a reassessment thereof within thirty days after service upon the special fuel dealer or special fuel user of notice thereof. If such petition is not filed within such thirty day period, the amount of the assessment becomes final at the expiration thereof.

If a petition for reassessment is filed within the thirty day period, the department shall reconsider the assessment and, if the special fuel dealer or special fuel user has so requested in his petition, shall grant such special fuel dealer or special fuel user an oral hearing and give the special fuel dealer or special fuel user ten days' notice of the time and place thereof. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment shall become final thirty days after service upon the special fuel dealer or special fuel user of notice thereof.

Every assessment made by the department shall become due and payable at the time it becomes final and if not paid to the department when due and payable, there shall be added thereto a penalty of ten percent of the amount of the tax.

(8) Any notice of assessment required by this section shall be served personally or by mail; if by mail, service shall be made by depositing such notice in the United States mail, postage prepaid addressed to the special fuel dealer or special fuel user at his address as the same appears in the records of the department.

(9) Any licensee who has had their special fuel user [license], special fuel dealer [license], special fuel supplier [license], or combination thereof revoked shall pay a one hundred dollar penalty prior to the issuance of a new license. (a) The portion indicated below for each year of the value of timber therein as shown on the timber roll prepared in accordance with RCW 84.33.050 for such year; and

1978	80%
1979	60%

84.33.080 Schedule of value of timber on timber roll, aggregate dollar rates and "timber factor"—Schedule of value of timber harvested, aggregate dollar rates and "harvest factor"—Transfers between timber tax accounts—Payments and distributions. (1) On or before December 15 of each year commencing with 1972 and ending with 1981, the assessor of each timber county shall deliver to the treasurer of such county and to the department of revenue a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The value of timber as shown on the timber roll for such year;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection in the following year;

(c) A "timber factor" which is the product of such aggregate dollar rate, the assessment ratio applied generally by such assessor in computing the assessed value of other property in his county and the appropriate portion listed below of the timber roll for such year ((a) above):

Year	Portion of Timber Roll
1972	25%
1973	55%
1974 through 1977	100%
1978	80%

1980	40%
1981	20%

On or before December 31 of each year commencing with 1972 and ending with 1981, the department of revenue shall determine the proportion that each taxing district's timber factor bears to the sum of the timber factors for all taxing districts in the state, and shall deliver a list to the assessor and the treasurer of each timber county and to the state treasurer showing the factor and proportion for each taxing district.

(2) On the twentieth day of the second month of each calendar quarter, commencing February 20, 1974 and ending November 20, 1982, the state treasurer shall pay to the treasurer of each timber county for the account of each taxing district such district's proportion and pay into the state general fund for the support of the common schools the state's proportion (determined in December of the preceding year pursuant to subsection (1) of this section) of the amount in state timber tax account A collected upon timber harvested in the preceding calendar quarter, but in no event shall any such quarterly payment to a taxing district, when added to such payments made to such district the previous quarters of the same year, exceed, respectively one-fourth, one-half, three-fourths, or the full amount of the timber

factor for such district determined in December of the preceding year.

The balance in state timber tax account A, if any, on the twentieth day of the second month of each calendar quarter commencing February 20, 1975 and ending November 20, 1982 shall be transferred to the state timber tax reserve account.

(3) If the balance in state timber tax account A immediately prior to such twentieth day of the second month of each calendar quarter is not sufficient to permit a payment of one-fourth, one-half, three-fourths, or the full amount, as the case may be, which, when added to the payments made to any taxing district the previous quarters of the same year, will equal the timber factor for such district determined in December of the preceding year, the necessary additional amount shall be transferred from the state timber tax reserve account to state timber tax account A.

(4) If, after the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in August of any year commencing with 1974, the balance in the state timber reserve account exceeds two million dollars, the amount of the excess shall be applied first, subject to legislative appropriation of funds allocated from the state timber reserve account, for activities undertaken by the department of revenue forest tax division and for the activities undertaken by the department of natural resources relating to classification of lands as required by this chapter. If following the transfer, if any, from the state timber tax account A (pursuant to subsection (2) of this section) in November of 1977 and each year thereafter, the balance in the state timber tax reserve account exceeds two million dollars, the department of revenue shall determine on or before December 31 of such year, an amount to be distributed to the taxing districts the following calendar year, which distribution shall be determined in the following manner: *Provided*, That the amount of such excess reserve account distribution shall be limited to that amount which, when added to the total account A distribution for the same calendar year, will allow a percentage increase or decrease in total calendar year distributions equal to the percentage increase or decrease in excise tax collections between the preceding calendar year and the current calendar year:

(a) The department of revenue shall calculate a harvest factor and a harvest factor proportion for each taxing district, in the manner provided in subsection (5) of this section except that for years before 1978 there shall be used the aggregate value of timber harvested for as many quarters for which information is available;

(b) By multiplying the amount of such excess by the harvest factor proportion for each taxing district respectively, the department of revenue shall calculate the amount to be distributed to each local taxing district and to the state and shall certify such amounts to the respective county assessors and state;

(c) Along with each quarterly payment pursuant to subsection (2) of this section, the state treasurer shall pay, out of the state timber reserve account, to the treasurer of each timber county for the account of each local taxing district one-fourth of such district's portion

(determined pursuant to (b) above) of such excess and the state treasurer shall pay into the state's general fund for the support of the common schools out of the state timber tax reserve account such additional one-fourth amount due the state.

(5) On or before December 31 of each year commencing with 1978, the department of revenue shall deliver to the treasurer of each timber county a schedule setting forth for each taxing district or portion thereof lying within such county:

(a) The average of the aggregate value of all timber harvested within such district in each of the immediately preceding five years as determined from the excise tax returns filed with the department of revenue;

(b) The aggregate dollar rate calculated pursuant to RCW 84.33.060 and chapter 84.52 RCW and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls for collection the following year;

(c) A "harvest factor" which is the product of such five year average and such aggregate dollar rate;

(d) The proportion that each taxing district's harvest factor bears to the sum of the harvest factors for all taxing districts in the state. [1977 1st ex.s. c 347 § 3; 1975-'76 2nd ex.s. c 123 § 8; 1974 ex.s. c 187 § 2; 1973 1st ex.s. c 195 § 92; 1972 ex.s. c 148 § 2; 1971 ex.s. c 294 § 8.]

Certificated personnel shall include those persons employed by a school district in a teaching, instructional, administrative or supervisory capacity and who hold positions as certificated personnel as defined under RCW 28A.01.130, as now or hereafter amended, and every school district superintendent, and any person hired in any manner to fill a position designated as, or which is in fact, that of deputy superintendent or assistant superintendent. Classified personnel shall include those persons employed by a school district other than certificated personnel as defined in this section in a capacity for which certification is not required.

For the purpose of subsection (2) of this section, the superintendent of public instruction may grant local school districts authority to exceed the levy limitations imposed by said subsection: *Provided*, That said limitations can only be exceeded by an amount that will insure local school districts the ability to raise a total excess levy dollar amount per annual average full time equivalent student which when combined with the basic education allocation is equal to but does not exceed one hundred and four percent of the previous school year's comparable dollars per annual average full time equivalent student.

The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of *this 1977 amendatory act. [1977 1st ex.s. c 325 § 4.]

In the case of a school district proposition for a two year period, the

The lien for the property taxes assessed on a mobile home shall be terminated and absolved for the year subsequent to the year of its removal from the state, when notice is given to the county treasurer describing the mobile home, if all property taxes due at the time of removal are satisfied. The taxes assessed upon each item of personal property assessed shall be a lien upon such personal property except mobile homes as above provided from and after the date upon which the same is listed with and valued by the county assessor, and no sale or transfer of such personal property shall in any way affect the lien for such taxes upon such property. the petition is pending, and if in any other county, then twenty days after such service, and if served by publication, then within thirty days from the date of the first publication), shall be served on each and every person named therein as owner, encumbrancer, tenant or otherwise interested therein. Said summons must be subscribed by the commissioners, or their attorney, running in the name of the state of Washington and directed to the defendants; and service thereof shall be made by delivering a copy of such summons to each of the persons or parties so named therein, if a resident of the state, or in case of the absence of such person or party from his or her usual place of abode, by leaving a copy of such notice at his or her usual place of abode, or in case of a foreign corporation, at its principal place of business in this state with some person of more than sixteen years of age; in case of domestic corporations, said service shall be made upon the president, secretary or other director or trustee of such corporation; in case of persons under eighteen years of age, on their guardians; or in case no guardian shall have been appointed, then on the person who has the care and custody of such person; in the case of mentally ill or mentally incompetent persons, on their guardian or limited guardian; or in case no guardian or limited guardian shall have been appointed, then on such person and on the person in whose care or charge such person is found. *In case the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited by such improvement, is state, tide, school or county land, the summons shall be served on the auditor of the county in which the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited, is situated. In all cases where the owner or person claiming an interest in such real or other property is a nonresident of this state, or where the residence of such owner or person is unknown, and an affidavit of one or more of the commissioners of said district shall be filed that such owner or person is a nonresident of this state, or that after diligent inquiry his residence is unknown or cannot be ascertained by such deponent, service may be made by publication thereof in a newspaper published in the county where such lands are situated, once a week for three successive weeks; and in case no newspaper is published in such county, then such publication may be had in a newspaper published in the county nearest to the county in which lies the land sought to be appropriated, or which it is claimed will be benefited by said improvement. Such publication shall be deemed service upon each nonresident person or persons whose residence is unknown. Such summons may be served by any competent person eighteen years of age or over. Due proof of service of such summons by affidavit or publication shall be filed with the clerk of such court before the court shall proceed to hear the matter. Want of service of such notice shall render the subsequent proceedings void as to the person not served; but all persons or parties having been served with summons as herein provided, either by publication or otherwise, shall be bound by the subsequent proceedings. ***Reviser's note:** The case of *Payne v. State*, 156 Wash. 31 states that the provisions of this section relating to the service of summons on the county auditor were repealed by implication by 1909 c 154 § 6 which provided for such service upon the commissioner of public lands. Subsequently 1919 c 164 was enacted containing similar provisions and providing for service upon the commissioner of public lands, and was amended by 1963 c 20 §§ 4 and 5 to provide for service upon the budget director and the chief administrative officer of the agency having jurisdiction over such land. The budget director was changed to the director of program planning and fiscal management (chapter 43.41 RCW). 87.03.200 Bonds—Election for—Form and contents—Facsimile signatures, when, procedure—Exchange—Cancellation—Sale and issue—Reissue—Election concerning contract with United States—Penalty. At such election shall be submitted to the electors of said district possessing the qualifications prescribed by law the question of whether or not the bonds of said district in the amount and of the

maturities determined by the board of directors shall be issued. Bonds issued under the provisions of this act shall be serial bonds payable in legal currency of the United States in such series and amounts as shall be determined and declared by the board of directors in the resolution calling the election: *Provided*, That the first series shall mature not later than ten years and the last series not later than forty years from the date thereof: *Provided further*, That bonds, authorized by a special election held in the district under the provisions of a former statute, which has subsequent to said authorization been amended, but not issued prior to the amendment of said former statute, may be issued in the form provided in said former statute, and any such bonds heretofore or hereafter so issued and sold are hereby confirmed and validated.

Notice of such bond election must be given by publication of such notice in some newspaper published in the county where the office of the board of directors of such district is required to be kept, once a week for at least two weeks (three times). Such notices must specify the time of holding the election, and the amount and maturities of bonds proposed to be issued; and said election must be held and the results thereof determined and declared in all respects as nearly as practicable in conformity with the provisions of law governing the election of the district officers: *Provided*, That no informality in conducting such election shall invalidate the same, if the election shall have been otherwise fairly conducted. At such election the ballots shall contain the words "Bonds Yes" and "Bonds No," or words equivalent thereto. If a majority of the votes cast are cast "Bonds Yes," the board of directors shall thereupon have authority to cause bonds in said amount and maturities to be issued. If the majority of the votes cast at any bond election are "Bonds No," the result of such election shall be so declared and entered of record; but if contract is made or is to be made with the United States as in RCW 87.03.140 provided, and bonds are not to be deposited with the United States in connection with such contract, the question submitted at such special election shall be whether contract shall be entered into with the United States. The notice of election shall state under the terms of what act or acts of congress contract is proposed to be made, and the maximum amount of money payable to the United States for construction purposes exclusive of penalties and interest. The ballots for such election shall contain the words "Contract with the United States Yes" and "Contract with the United States No," or words equivalent thereto. And whenever thereafter said board, in its judgment, deems it for the best interest of the district that the question of issuance of bonds for said amount, or any amount, or the question of entering into a contract with the United States, shall be submitted to said electors, it shall so declare, by resolution recorded in its minutes, and may thereupon submit such question to said electors in the same manner and with like effect as at such previous election. All bonds issued under this act shall bear interest at such rate or rates as the board of directors may determine, payable semiannually on the first day of January and of July of each year. The principal and interest shall be payable at the

office of the county treasurer of the county in which the office of the board of directors is situated, or if the board of directors shall so determine at the fiscal agency of the state of Washington in New York City, said place of payment to be designated in the bond. The bonds may be in such denominations as the board of directors may in its discretion determine, except that bonds other than bond number one of any issue shall be in a denomination that is a multiple of one hundred dollars. Said bonds shall be negotiable in form, signed by the president and secretary, and the seal of the district shall be affixed thereto. The county treasurer shall register said bonds before the issuance thereof in a book kept for that purpose, and shall certify on each thereof under his seal that it has been so registered. The printed, engraved, or lithographed facsimile signatures of the president and secretary of the district's board of directors and the county treasurer shall be sufficient signatures on the bonds or coupons: *Provided*, That such facsimile signatures on the bonds may be used only after the filing, by the officer whose facsimile signature is to be used, with the secretary of state of his manual signature certified by him under oath, whereupon that officer's facsimile signature has the same legal effect as his manual signature: *Provided, further*, That either the president of the board of directors' or the secretary's signature on the bonds shall be manually subscribed: *And provided further*, That whenever such facsimile reproduction of the signature of any officer is used in place of the manual signature of such officer, the district's board of directors shall specify in a written order or requisition to the printer, engraver, or lithographer the number of bonds or coupons upon which such facsimile signature is to be printed, engraved, or lithographed and the manner of numbering the bonds or coupons upon which such signature shall be placed. Within ninety days after the completion of the printing, engraving, or lithographing of such bonds or coupons, the plate or plates used for the purpose of affixing the facsimile signature shall be destroyed, and it shall be the duty of the district's board of directors, within ninety days after receipt of the completed bonds or coupons, to ascertain that such plate or plates have been destroyed. Every printer, engraver, or lithographer who, with the intent to defraud, prints, engraves, or lithographs a facsimile signature upon any bond or coupon without written order of the district's board of directors, or fails to destroy such plate or plates containing the facsimile signature upon direction of such issuing authority, shall be guilty of felony.

Whenever the electors shall vote to authorize the issuance of bonds of the district such authorization shall nullify and cancel all unsold bonds previously authorized, and if the question is submitted to and carried by the electors at the bond election, any bond issue may be exchanged in whole or in part, at par, for any or all of a valid outstanding bond issue of the district when mutually agreeable to the owner or owners thereof and the district, and the amount of said last bond issue in excess, if any, of that required for exchange purposes, may be sold as in the case of an original issue. The bonds of any issue authorized to be exchanged in whole or in part for outstanding bonds shall state on their face the amount of

such issue so exchanged, and shall contain a certificate of the treasurer of the district as to the amount of the bonds exchanged, and that said outstanding bonds have been surrendered and canceled: *Provided further*, That where bonds have been authorized and unsold, the board of directors may submit to the qualified voters of the district the question of canceling said previous authorization, which question shall be submitted upon the same notice and under the same regulations as govern the submission of the original question of authorizing a bond issue. At such election the ballots shall contain the words "Cancellation Yes," and "Cancellation No," or words equivalent thereto. If at such election a majority of the votes shall be "Cancellation Yes," the said issue shall be thereby canceled and no bonds may be issued thereunder. If the majority of said ballots shall be "Cancellation No," said original authorization shall continue in force with like effect as though said cancellation election had not been held: *Provided*, That bonds deposited with the United States in payment or in pledge may call for the payment of such interest at such rate or rates, may be of such denominations, and call for the repayment of the principal at such times as may be agreed upon between the board and the secretary of the interior.

Each issue shall be numbered consecutively as issued, and the bonds of each issue shall be numbered consecutively and bear date at the time of their issue. Coupons for the interest shall be attached to each bond, signed by the president of the board and the secretary. The signatures of the president and secretary may, however, appear by printed, engraved or lithographed facsimile. Said bonds shall express upon their face that they were issued by authority of this act, stating its title and date of approval, and shall also state the number of issue of which such bonds are a part. The secretary shall keep a record of bonds sold, their number, the date of sale, the price received and the name of the purchaser. In case the money received by the sale of all bonds issued be insufficient for the completion of plans of the canals and works adopted, and additional bonds be not voted, or a contract calling for additional payment to the United States be not authorized and made, as the case may be, it shall be the duty of the board of directors to provide for the completion of said plans by levy of assessments therefor. It shall be lawful for any irrigation districts which have heretofore issued and sold bonds under the law then in force, to issue in place thereof an amount of bonds not in excess of such previous issue, and to sell the same, or any part thereof, as hereinafter provided, or exchange the same, or any part thereof, with the holders of such previously issued bonds which may be outstanding, upon such terms as may be agreed upon between the board of directors of the district and the holders of such outstanding bonds: *Provided*, That the question of such reissue of bonds shall have been previously voted upon favorably by the legally qualified electors of such district, in the same manner as required for the issue of original bonds, and the said board shall not exchange any such bonds for a less amount in par value of the bonds received; all of such old issue in place of which new bonds are issued shall be destroyed whenever lawful in possession of said board. Bonds issued under the

provisions of this section may, when so authorized by the electors, include a sum sufficient to pay the interest thereon for a period not exceeding the first four years. Whenever an issue of bonds shall have been authorized pursuant to law, and any of the earlier series shall have been sold, and the later series, or a portion thereof, remain unsold, the directors may sell such later series pursuant to law, or such portion thereof as shall be necessary to pay the earlier series, or said directors may exchange said later series for the earlier series at not less than the par value thereof, said sale or exchange to be made not more than six months before the maturity of said earlier series and upon said exchange being made the maturing bonds shall be disposed of as hereinbefore provided in the case of bonds authorized to be exchanged in whole or in part for outstanding bonds. 87.03.440 Treasurer—County treasurer as ex official district treasurer—Designated district treasurer, when—Duties and powers—Bond—Claims—Preliminary notice requirements when claim for crop damage. The treasurer of the county in which is located the office of the district shall be ex officio treasurer of the district, and any county treasurer handling district funds shall be liable upon his official bond and to criminal prosecution for malfeasance and misfeasance, or failure to perform any duty as county or district treasurer. The treasurer of each county in which lands of the district are located shall collect and receipt for all assessments levied on lands within his county. There shall be deposited with the district treasurer all funds of the district. He shall pay out such funds upon warrants issued by the county auditor against the proper funds of the district, except the sums to be paid out of the bond fund upon coupons or bonds presented to the treasurer. All warrants shall be paid in the order of their issuance. The district treasurer shall report, in writing, on the first Monday in each month to the directors, the amount in each fund, the receipts for the month preceding in each fund, and file the report with the secretary of the board. The secretary shall report to the board, in writing, at the regular meeting in each month, the amount of receipts and expenditures during the preceding month, and file the report in the office of the board.

The preceding paragraph of this section notwithstanding, the board of directors of an irrigation district which lies in more than one county and which had assessments in each of two of the preceding three years equal to at least five hundred thousand dollars may designate some

other person having experience in financial or fiscal matters as treasurer of the district. In addition, the board of directors of an irrigation district which lies entirely within one county may designate some other person having experience in financial or fiscal matters as treasurer of the district if the board has the approval of the county treasurer to designate some other person. If the board designates a treasurer, it shall require a bond with a surety company authorized to do business in the state of Washington in an amount and under the terms and conditions which it finds from time to time will protect the district against loss. The premium on the bond shall be paid by the district. The designated treasurer shall collect and receipt for all irrigation district assessments on lands within the district and shall act with the same powers and duties and be under the same restrictions as provided by law for county treasurers acting in matters pertaining to irrigation districts, except the powers, duties, and restrictions in RCW 87.56.110, 87.56.210, 87.80.180, 87.80.190 and 87.80.200, which shall continue to be those of county treasurers.

Any claim against the district for which it is liable under existing laws shall be presented to the board as provided in RCW 4.96.020 and upon allowance it shall be attached to a voucher verified by the claimant and approved by the chairman and signed by the secretary and directed to the auditor for payment: *Provided*, That in the event claimant's claim is for crop damage the claimant in addition to filing his claim within the one hundred twenty day limit and in the manner specified in RCW 4.96.020 must file with the secretary of the district, or in his absence one of the directors, not less than three days prior to the severance of the crop alleged to be damaged, a written preliminary notice pertaining to the crop alleged to be damaged. Such preliminary notice, so far as claimant is able, shall advise the district; that the claimant has filed a claim or intends to file a claim against the district for alleged crop damage; shall give the name and present residence of the claimant; shall state the cause of the damage to the crop alleged to be damaged and the estimated amount of damage; and shall accurately locate and describe where the crop alleged to be damaged is located. Such preliminary notice may be given by claimant or by anyone acting in his behalf and need not be verified. The cost of said improvement shall be provided for by the issuance of local improvement district coupon bonds of the district from time to time, therefore, either directly for the payment of the labor and material or for the securing of funds for such purpose, or by the irrigation district entering into a contract with the United States or the state of Washington, or both, to repay the cost of said improvement. Said bonds shall bear interest at a rate not to exceed eight percent per annum, payable semiannually, evidenced by coupons, and shall state upon their face that they are issued as bonds of the irrigation district; that all lands within said local improvement district shall be primarily liable to assessment for the principal and interest of said bonds and that said bonds are also a general obligation of the said district. The bonds may be in such denominations as the board of directors may in its discretion determine, except that bonds other than bond number one of any issue shall be in a denomination that is a multiple of one hundred dollars, and no bond shall be sold for less than par. Any contract entered into for said local improvement by the district with the United States or the state of Washington, or both although all the lands within said local improvement district shall be primarily liable to assessment for the principal and interest thereon, shall be a general obligation of the irrigation district.

(1) No person shall pilot any vessel subject to the provisions of this chapter on waters covered by this chapter unless such a person be appointed and licensed to pilot such vessels on said waters under and pursuant to the provisions of this chapter.

(2) No person shall be eligible to be appointed a pilot unless such a person is a citizen of the United States, over the age of twenty-five years and a resident of the state of Washington at the time of appointment, nor unless the pilot applicant holds a United States government masters license and a first class United States endorsement without restrictions on that license to pilot in whichever pilotage districts for which the pilot applicant desires to be licensed.

(3) Pilots shall be licensed hereunder for a term of five years from and after the date of the issuance of their respective state licenses. Such licenses shall thereafter be renewed as of course, unless the board shall withhold same for good cause. Each pilot shall pay to the state treasurer an annual license fee of two hundred fifty dollars to be placed in the state treasury to the credit of the pilotage account.

(4) Pilot applicants shall be required to pass a written and oral examination administered and graded by the board which shall test such applicants on this chapter, the rules of the board, local harbor ordinances, and such other matters as may be required to compliment the United States examinations and qualifications.

The five examinations shall be administered to pilot applicants on a random basis and shall be updated as required to reflect changes in law, rules, policies, or procedures. The board may appoint a special independent examination committee or may contract with a firm knowledgeable and experienced in the development of professional tests for development of said examinations. Active licensed state pilots may be consulted for the general development of examinations but shall have no knowledge of the specific questions. The pilot members of the board may participate in the grading of examinations. When the board determines that reasonable cause exists to suspend, revoke, or withhold any pilot's

license it shall forthwith prepare and personally serve upon such pilot a notice advising him of the board's intended action, the specific grounds therefor, and the right to request a hearing to challenge the board's action. The pilot shall have thirty days from the date on which notice is served to request a full hearing before a hearing officer on the issue of suspension, revocation, or withholding of his pilot's license. The board's proposed suspension, revocation, or withholding of a license shall become final upon the expiration of thirty days from the date notice is served, unless a hearing has been requested prior to that time. When a hearing is requested the board shall appoint a hearing officer who shall be an active member of the Washington state bar association and, in the opinion of the board, has sufficient experience and familiarity with pilotage matters to be able to conduct a fair and impartial hearing. The hearing shall be governed by the provisions of chapter 34.04 RCW. All final decisions of the hearing officer shall be subject to review by the superior court of the state of Washington for Thurston county or by the superior court of the county in which the pilot maintains his residence or principal place of business, to which court any case with all the papers and proceedings therein shall be immediately certified by the hearing officer if requested to do so by any party to the proceedings at any time within thirty days after the date of any such final decision. No appeal may be taken after the expiration of thirty days after the date of final decision. Any case so certified to the superior court shall be tried de novo and after certification of the record to said superior court the proceedings shall be had as in a civil action. Upon refusing an assignment as herein provided a pilot shall submit a written explanation to the board. If the board finds that the pilot's written explanation is without merit, or reasonable cause did not exist for the assignment refusal, such pilot may be subject to the provisions of RCW 88.16.100 as now existing or hereafter amended.

(3) The board shall quarterly review the dispatch records of pilot organizations or pilot's quarterly reports to ensure the provisions of this section are enforced. The board may prescribe rules for rest periods pursuant to chapter 34.04 RCW. [1977 1st ex.s. c 337 § 9.]

89.16.050 Powers and duties of director of ecology.

In carrying out the purposes of this chapter, the director of the department of ecology of the state of Washington shall be authorized and empowered:

To make surveys and investigations of the wholly or partially unreclaimed and undeveloped lands in this state and to determine the relative agricultural values, productivity and uses, and the feasibility and cost of reclamation and development thereof;

To formulate and adopt a sound policy for the reclamation and development of the agricultural resources of the state, and from time to time select for reclamation and development such lands as may be deemed advisable, and the director may in his discretion advise as to the formation and assist in the organization of reclamation districts under the laws of this state;

To purchase the bonds of any reclamation district whose project is approved by the director and which is found to be upon a sound financial basis, to contract with any such district for making surveys and furnishing engineering plans and supervision for the construction of its project, or for constructing or completing its project and to advance money to the credit of the district for any or all of such purposes, and to accept the bonds, coupon notes or coupon warrants of such district in payment therefor, and to expend the moneys appropriated from the reclamation account in the purchase of such bonds, notes or warrants or in carrying out such contracts: *Provided*, That interest not to exceed the annual rate provided for in the bonds, notes or warrants agreed to be purchased, shall be charged and received for all moneys advanced to the district prior to the delivery of the bonds, notes or warrants and the amount of such interest shall be included in the purchase price of such bonds, notes or warrants: *Provided further*, That no district, the bonds, notes or warrants of which have been purchased by the state under the provisions of the state reclamation act, shall thereafter during the life of said bonds, notes or warrants make expenditures of any kind from the bond or coupon warrant funds of the district or incur obligations chargeable against such funds or issue any additional coupon notes without previous written approval of the director of ecology of the state of Washington, and any obligations incurred without such approval shall be void;

To sell and dispose of any reclamation district bonds acquired by the director, at public or private sale, and to

pay the proceeds of such sale into the reclamation account: *Provided*, That such bonds shall not be sold for less than the purchase price plus accrued interest, except in case of a sale to an agency supplied with money by the United States of America, or to the United States of America in furtherance of refunding operations of any irrigation district, diking or drainage district, or diking or drainage improvement district, now pending or hereafter carried on by such district, in which case the director shall have authority to sell any bonds of such district owned by the state of Washington under the provisions of the state reclamation act, to the United States of America, or other federal agency on such terms as said United States of America, or other federal agency shall prescribe for bonds of the same issue of such district as that held by the state of Washington in connection with such refunding operations;

To borrow money upon the security of any bonds, including refunding bonds, of any reclamation district, acquired by the director, on such terms and rate of interest and over such period of time as the director may see fit, and to hypothecate and pledge reclamation district bonds or refunding bonds acquired by the director as security for such loan. Such loans shall have, as their sole security, the bonds so pledged and the revenues therefrom, and the director shall not have authority to pledge the general credit of the state of Washington: *Provided*, That in reloading any money so borrowed, or obtained from a sale of bonds it shall be the duty of the director to fix such rates of interest as will prevent impairment of the reclamation revolving account;

To purchase delinquent general tax or delinquent special assessment certificates chargeable against lands included within any reclamation district obligated to the state under the provisions of the state reclamation act, and to purchase lands included in such districts and placed on sale on account of delinquent taxes or delinquent assessments with the same rights, privileges and powers with respect thereto as a private holder and owner of said certificates, or as a private purchaser of said lands: *Provided*, That the director shall be entitled to a delinquent tax certificate upon application to the proper county treasurer therefor without the necessity of a resolution of the board of county commissioners authorizing the issuance of certificates of delinquency required by law in the case of the sale of such certificates to private purchasers;

To sell said delinquent certificates or the lands acquired at sale on account of delinquent taxes or delinquent assessments at public or private sale, and on such conditions as the director shall determine;

To, whenever the director shall deem it advisable, require any district with which he may contract, to provide such safeguards as he may deem necessary to assure bona fide settlement and development of the lands within such district, by securing from the owners of lands therein agreements to limit the amount of their holdings to such acreage as they can properly farm and to sell their excess land holdings at reasonable prices;

To employ all necessary experts, assistants and employees and fix their compensation and to enter into

any and all contracts and agreements necessary to carry out the purposes of this chapter;

To have the assistance, cooperation and services of, and the use of the records and files in, all the departments and institutions of the state, particularly the office of the commissioner of public lands, the state department of agriculture, Washington State University, and the University of Washington; and all state officers and the governing authorities of all state institutions are hereby authorized and directed to cooperate with the director in furthering the purpose of this chapter;

To cooperate with the United States in any plan of land reclamation, land settlement or agricultural development which the congress of the United States may provide and which may effect the development of agricultural resources within the state of Washington, and the director shall have full power to carry out the provisions of any cooperative land settlement act that may be enacted by the United States. (1) No development shall be undertaken on the shorelines of the state except those which are consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, regulations or master program.

(2) No substantial development shall be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971 until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and regulations of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and the provisions of chapter 90.58 RCW.

(3) Local government shall establish a program, consistent with rules adopted by the department, for the

administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by local government.

(4) Local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that:

(a) A notice of such an application is published at least once a week on the same day of the week for two consecutive weeks in a legal newspaper of general circulation within the area in which the development is proposed; and

(b) Additional notice of such an application is given by at least one of the following methods:

(i) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(ii) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(iii) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

Such notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive a copy of the final order concerning an application as expeditiously as possible after the issuance of the order, may submit such comments or such requests for orders to the local government within thirty days of the last date the notice is to be published pursuant to subsection (a) of this subsection. Local government shall forward, in a timely manner following the issuance of an order, a copy of the order to each person who submits a request for such order.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at such hearing.

(5) Such system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until thirty days from the date the final order was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if such proceedings were initiated within thirty days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of highways, for the construction and modification of the SR 90 (I-90) bridges across Lake Washington, such construction may begin after thirty days from the date of filing;

(b) If a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within thirty days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial

review of the hearings board decision is filed pursuant to the provisions of chapter 34.04 RCW, the permittee may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction may begin pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would not involve a significant, irreversible damaging of the environment, the court may allow the permittee to begin such construction pursuant to the approved or revised permit as the court deems appropriate. The court may require the permittee to post bonds, in the name of the local government that issued the permit, sufficient to remove the substantial development or to restore the environment if the permit is ultimately disapproved by the courts, or to alter the substantial development if such alteration is ultimately ordered by the courts: *Provided*, That construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether such construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate shall be on the appellant;

(c) If a permit is granted by the local government and the granting of the permit is appealed directly to the superior court for judicial review pursuant to the proviso in RCW 90.58.180(1) as now or hereafter amended, the permittee may request the court to remand the appeal to the shorelines hearings board, in which case the appeal shall be so remanded and construction pursuant to such a permit shall be governed by the provisions of subsection (b) of this subsection or may otherwise begin after review proceedings before the hearings board are terminated if judicial review is not thereafter requested pursuant to the provisions of chapter 34.04 RCW;

If a permittee begins construction pursuant to subsections (a), (b) or (c) of this subsection, such construction shall begin at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee shall be barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervener.

(6) Any ruling on an application for a permit under authority of this section, whether it be an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. With regard to a permit other than a permit governed by subsection (12) of this section,

"date of filing" as used herein shall mean the date of actual receipt by the department. With regard to a permit for a variance or a conditional use, "date of filing" shall mean the date a decision of the department rendered on the permit pursuant to subsection (12) of this section is transmitted by the department to the local government. The department shall notify in writing the local government and the applicant of the date of filing.

(7) Applicants for permits under this section shall have the burden of proving that a proposed substantial development is consistent with the criteria which must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2) as now or hereafter amended, the person requesting the review shall have the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. In the event the department is of the opinion that such non-compliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that such noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of such permit upon written notice of such petition to the local government and the permittee: *Provided*, That the request by the department is made to the hearings board within fifteen days of the termination of the thirty day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) No permit shall be required for any development on shorelines of the state included within a preliminary or final plat approved by the applicable state agency or local government prior to April 1, 1971, if:

(a) The final plat was approved after April 13, 1961, or the preliminary plat was approved after April 30, 1969; and

(b) The development is completed within two years after the effective date of this chapter.

(11) The applicable state agency or local government is authorized to approve a final plat with respect to shorelines of the state included within a preliminary plat approved after April 30, 1969, and prior to April 1, 1971: *Provided*, That any substantial development within the platted shorelines of the state is authorized by a permit granted pursuant to this section, or does not require a permit as provided in subsection (10) of this section, or does not require a permit because of substantial development occurred prior to June 1, 1971.

(12) Any permit for a variance or a conditional use by local government under approved master programs must be submitted to the department for its approval or disapproval. [1977 1st ex.s. c 358 § 1; 1975-'76 2nd ex.s. c 51 § 1; 1975 1st ex.s. c 182 § 3; 1973 2nd ex.s. c 19 § 1; 1971 ex.s. c 286 § 14.]

90.62.010 Legislative finding—Purposes. (1) It is the sense of the legislature that the heavy burdens placed upon persons proposing to undertake certain types of projects in this state through requirements to obtain numerous permits and related documents from various state and local agencies are undesirable and should be alleviated. The legislature further finds that present methods for obtaining public views in relation to applications to state and local agencies pertaining to these projects are cumbersome and place undue hardships on members of the public thereby thwarting the public's ability to present such views.

(2) The purposes of this chapter are to:

(a) Provide for an optional procedure to assist those who, in the course of satisfying the requirements of state and local government prior to undertaking a project which contemplates the use of the state's air, land, or water resources, must obtain a number of permits, by establishing a mechanism in state government which will coordinate administrative decision-making procedures, and related quasi judicial and judicial review, pertaining to such documents.

(b) Provide to members of the public a better and easier opportunity to present their views comprehensively on proposed uses of natural resource and related environmental matters prior to the making of decisions on such uses by state or local agencies.

(c) Provide to members of the public who desire to carry out the aforementioned projects within the state of Washington a greater degree of certainty in terms of permit requirements of state and local government.

(d) Provide better coordination and understanding between state and local agencies in the administration of the various programs relating to air, water, and land resources.

(e) Establish the opportunity for members of the public to obtain information pertaining to requirements of federal and state law which must be satisfied prior to

undertaking a project in the state. [1977 c 54 § 1; 1973 1st ex.s. c 185 § 1.]

90.62.020 Definitions. For purposes of this chapter the following words mean, unless the context clearly dictates otherwise:

(1) "Board" means the pollution control hearings board.

(2) "Department" means the department of ecology.

(3) "Local government" means a county, city or town.

(4) "Permit" means any license, permit, certificate, certification, approval, compliance schedule, or other similar document pertaining to any regulatory or management program related to the protection, conservation, or use of, or interference with, the natural resources of land, air or water in the state, which is required to be obtained from a state agency prior to constructing or operating a project in the state of Washington. Permit shall also mean a substantial development permit under RCW 90.58.140 and any permit, required by a local government for a project, that the local government has chosen to process pursuant to RCW 90.62.100(2) as now or hereafter amended. Nothing in this chapter shall relate to a permit issued by the department of labor and industries or by the utilities and transportation commission; nor to the granting of proprietary interests in publicly owned property such as sales, leases, easements, use permits and licenses.

(5) "Person" means any individual, municipal, public, or private corporation, or other entity however denominated, including a state agency and county.

(6) "Processing" and "processing of applications" mean the entire process to be followed in relation to the making of decisions on an application for a permit and review thereof as provided in RCW 90.62.040 through 90.62.080.

(7) "Project" means any new activity or any expansion of or addition to an existing activity, fixed in location, for which permits are required prior to construction or operation from (a) two or more state agencies as defined in subsection (8) of this section, or (b) one or more state agencies and a local government, if the local government is processing permits or requests for variances or rezones pursuant to the procedure established by the provisions of this chapter, as provided by RCW 90.62.100(2) as now or hereafter amended. Such construction or operation may include, but need not be limited to, industrial and commercial operations and developments. For the purpose of part (a) of this subsection, the submission of plans and specifications for a hydraulic project or other work to the departments of fisheries and game pursuant to RCW 75.20.100 shall be considered to be an application for a permit required by one state agency.

(8) "State agency" means any state department, commission, board or other agency of the state however titled. For the limited purposes of this chapter only "state agency" shall also mean (a) any local or regional air pollution control authority established under chapter 70.94 RCW and (b) any local government when said government is acting in its capacity as a decision maker

on an application for a permit pursuant to RCW 90.58-.140. [1977 c 54 § 2; 1973 1st ex.s. c 185 § 2.]

90.62.040 Master application for proposed project—Contents—Notice to state agencies—Agency permit forms sent applicant—Return of forms to department with local government certification. (1) Any person proposing a project may submit a master application to the department requesting the issuance of all permits necessary prior to the construction and operation of the project in the state of Washington. The master application shall be on a form furnished by the department and shall contain precise information as to the location of the project, and shall describe the nature of the project including any discharges of wastes proposed therefrom and any uses of, or interferences with, natural resources contemplated.

(2) Upon receipt of a properly completed master application, the department shall immediately notify in writing each state agency having a possible interest in the master application arising from requirements pertaining to a permit program under its jurisdiction. The notification from the department shall be accompanied by a copy of the master application together with the date by which the agency shall respond to the notice. Each notified agency shall respond in writing to the department within the specified date, not exceeding fifteen days from receipt, as determined by the department, advising (a)(i) whether the agency does or does not have an interest in the master application, and (a)(ii) if the response to (a)(i) of this subsection is affirmative, the permit program or programs under the agency's jurisdiction to which the project described in the master application is pertinent, and whether, in relation to the master application, a public hearing as provided in RCW 90.62.050 and 90.62.060 would or would not be of value taking into consideration the overall public interest. Each notified state agency which (b)(i) responds within the specified date that it does not have an interest in the master application or (b)(ii) does not respond as required above within the specified date, shall not subsequently require a permit of the applicant for the project described in the master application; provided the bar to requiring a permit subsequently shall not be applicable if the master application provided the notified agency contained false, misleading, or deceptive information, or other information, or lack thereof, which would reasonably lead an agency to misjudge its interest in a master application.

(3) The department shall send application forms relating to permit programs identified in affirmative responses under subsection (2) of this section to the applicant within five working days of the date specified by the department pursuant to subsection (2) of this section with a direction to complete and return them to the department within a reasonable time as specified by the department.

(4) When such applications, properly completed, have been returned to the department, each of the applications shall be transmitted to the appropriate state agency for the performance of its responsibilities of decision

making in accordance with the procedures of this chapter. No such completed applications shall be accepted by the department for transmittal unless they are accompanied by (a) the certification of local government provided for in RCW 90.62.100 as now or hereafter amended, or (b) a statement of the local government indicating that such certification would require rezoning, the granting of a variance or issuance of a conditional use permit and the local government has chosen to utilize the procedures provided by this chapter to process the request for the rezoning or variance or the application for the conditional use permit as provided by RCW 90.62.100(2) as now or hereafter amended.

(5) For the purpose of establishing priority dates upon water right permits and certificates issued pursuant to rulings on applications under chapters 90.03 and 90.44 RCW and processed under this chapter, the priority date shall be the date of submitting the master application to the department or the county office as provided in RCW 90.62.120(2). [1977 c 54 § 3; 1973 1st ex.s. c 185 § 4.]

90.62.050 Notice of proposed project—Publication—Contents—Public hearing. (1) The department, within a reasonable time after transmittal under RCW 90.62.040(4), shall cause a notice to be published at the applicant's expense once each week on the same day of the week for two consecutive weeks in a newspaper of general circulation within each county in which the project is proposed to be constructed or operated. The notice shall describe the nature of the master application including, with reasonable specificity, the project proposed, its location, the various permits applied for, and the agency having jurisdiction over each such permit. Except as provided in RCW 90.62.050(2), the notice shall also state the time and place of the public hearing (to be held not less than fifteen days after the date of last publication of the notice). It shall further state that a copy of the master application and a copy of all permit applications for the project are available for public inspection in the office for environmental permit applications of each county in which the project is proposed to be constructed or operated, as well as at the Olympia office and appropriate regional office of the department, together with such other locations as the department may designate.

(2) If the responses received by the department from state agencies under RCW 90.62.040(2) unanimously state the position that a public hearing in relation to a master application would not be of value taking into consideration the overall public interest, and the department, after a careful evaluation, taking into consideration all interests involved, including the opportunities for members of the public to present views, concludes likewise, the provisions of subsection (1) of this section pertaining to the time and place of a public hearing shall not be included in the notice. In place thereof the notice shall state that members of the public may present relevant views and supporting materials in writing to the department in relation to any of the permits applied for within twenty days after the last date of publication of the notice in a newspaper. [1977 c 54 § 4; 1973 1st ex.s. c 185 § 5.]

90.62.060 Public hearing—Procedure—Agency participation—Final decisions. (1) Except as provided in RCW 90.62.050(2), prior to any final decision on any permit applications relating to a project subject to the procedures of this chapter, a public hearing shall be held in the county in which all or a major part of the proposed project is to be constructed or operated, such hearing to be held pursuant to notice made under RCW 90.62.050(1). At any such hearing the applicant may submit any relevant information and material in support of his applications, and members of the public may present relevant views and supporting materials in relation to any or all of the applications being considered.

(2) Each agency having an application for a permit before it as described in the notice in RCW 90.62.050(1) shall be represented at the public hearing by its chief administrative officer or his designee. The director of the department, or a hearing officer duly appointed by him, shall chair the hearing; however, the representative of any agency (other than the department) within whose jurisdiction a specific application lies shall conduct the portion of the hearing pertaining to submission of information, views, and supporting materials which are relevant to that application. The chairman may, when appropriate, continue a hearing from time to time and place to place. The hearing shall be recorded in any manner suitable for transcription as determined by the department.

(3) No provisions of chapter 34.04 RCW shall apply to the hearing provided for by this section. Said hearing shall be conducted for the purpose of obtaining information for the assistance of the agencies but shall not be considered a trial or adversary proceeding.

(4) Upon completion of the public hearing the chairman, after consultation with the agency representatives, shall establish the date by which all agencies shall forward their final decisions on applications before them to the department: *Provided*, That this date may be extended by the chairman for reasonable cause. Every final decision shall set forth the basis for the conclusion reached together with a final order denying the application for a permit or granting it, subject to such conditions of approval as the deciding agency may have power to impose.

(5) In situations where a notice is provided pursuant to RCW 90.62.050(2) and no public hearing is conducted, the department shall, after twenty days after the last notice publication in the newspaper, submit a copy of all views and supporting material received by it to each agency having an application for a permit before it as described in the notice. Concurrently therewith, the department shall notify each agency, in writing, of the date by which final decisions on applications shall be forwarded to the department: *Provided*, That this date may be extended by the department for reasonable cause. Each such final decision shall consist of the same contents as provided for final decisions in RCW 90.62.060(4).

(6) As soon as all final decisions are received by the department from the various participating agencies, as

provided in RCW 90.62.060(4) and (5), the department shall incorporate them, without modification, into one document and transmit the same to the applicant either personally or by registered mail.

(7) Each agency having jurisdiction to approve or deny an application for a permit shall have continuing power as vested in it prior to enactment of this chapter to make such determinations. Nothing in RCW 90.62-.030 through 90.62.060 shall lessen or reduce such powers, and such sections shall modify only the procedures to be followed in the carrying out of such powers.

(8) An agency may in the performance of its responsibilities of decision making under this chapter, request or receive additional information from an applicant and others prior or subsequent to a public hearing as necessary to the performance thereof. [1977 c 54 § 5; 1973 1st ex.s. c 185 § 6.]

90.62.080 Board review of agency final decision, procedure—Appeal of local government decision—Judicial review. (1) Any person aggrieved by any final decision of a state agency, as defined in RCW 90.62.020(8) as now or hereafter amended, contained in the document issued by the department pursuant to RCW 90.62.060(6) may obtain review thereof by filing a request, with the board, within thirty days of the transmittal under RCW 90.62.060(6) by the department of ecology of the document, for all final decisions other than a final decision relating to the granting or denial of a substantial development permit pursuant to RCW 90.58.140 in which case the filing of such request shall be with the shorelines hearings board. The board shall review all final decisions other than a final decision on a substantial development permit which shall be reviewed by the shorelines hearings board. In the event a request for review includes a final decision involving a substantial development permit and other permits, there shall be single staged hearing of the permits by the boards. The board shall be authorized to adopt rules and regulations implementing such staged hearings and the filing of requests so as to eliminate all unnecessary duplication.

(2) Any hearing held pursuant to this section by the pollution control hearings board or the shorelines hearings board or by the boards jointly shall be a de novo quasi judicial hearing and shall be conducted pursuant to the procedures provided in chapter 34.04 RCW.

(3) The board or boards shall make written findings of fact based upon a preponderance of the evidence and shall prepare written conclusions of law and an order, which order may affirm with or without condition, remand for further proceedings, or reverse the appealed decision in accordance with the findings and conclusions.

(4) Judicial review of decisions of the boards shall be controlled by RCW 43.21B.180 through 43.21B.200 except as they relate to decisions pertaining to substantial development permits under RCW 90.58.140 which shall be controlled by RCW 90.58.180.

(5) (a) Any person aggrieved by and desiring to appeal any final decision of a local government contained in the document issued by the department pursuant to RCW 90.62.060(6) as now or hereafter amended shall obtain review thereof in the same manner as would

apply had the local government not utilized the procedures provided by this chapter.

(b) The provisions of subsection (5)(a) of this section shall not apply to a decision concerning any permit required by a "state agency" as that term is defined in RCW 90.62.020(8) as now or hereafter amended. [1977 c 54 § 6; 1973 1st ex.s. c 185 § 8.]

90.62.090 Application, scope, construction of chapter—Continuation of fee schedules—Collection. (1) Notwithstanding any other statutes relating to the processing of application for permits, the procedures, including timing requirements and approval requirements related thereto, set forth in this chapter shall be exclusive in relation to applications for permits filed pursuant to RCW 90.62.040. The procedures of this chapter shall be in lieu of any procedures otherwise provided by statute, existing or hereafter enacted, to be followed by an agency in ruling upon an application for a permit for a project under this chapter.

(2) The procedures of this chapter are applicable only to projects as defined in RCW 90.62.020(7) and only through the completion of final decisions under RCW 90.62.060 and of review proceedings of RCW 90.62.080 and any ancillary proceedings. This chapter shall have no applicability to any applications for permit renewals, amendments, extensions, or other similar documents, or for replacing permits which are required subsequent to the completion of the decisions and proceedings under RCW 90.62.060 and 90.62.080 and any ancillary proceedings. For purposes of this section "ancillary proceedings" shall mean all proceedings, quasi judicial and judicial, held pursuant to any order of remand or similar order by the board or a court in relation to a final decision of an agency made hereunder and held in response to the order of remand or similar order.

(3) Fee schedules previously and expressly established or authorized by statute in relation to any application for a permit shall continue to be applicable even though processed under this chapter. The department shall collect such fees and forward them to the appropriate agency. [1977 c 54 § 7; 1973 1st ex.s. c 185 § 9.]

90.62.100 Compliance with local zoning ordinances and plans—Scope—Certification—Other laws not affected. (1) No completed applications returned to the department of ecology pursuant to RCW 90.62.040(3) as now or as hereafter amended shall be accepted by the department for transmittal pursuant to RCW 90.62.040 as now or hereafter amended unless they are accompanied by a certification from the pertinent local government that the project is in compliance with all zoning ordinances, and associated comprehensive plans, administered by said local government relating to the location of the project or are accompanied by the statement described in RCW 90.62.040(4)(b) as now or hereafter amended: *Provided*, That if the local government has no such ordinances or plans the certification from local government shall so state and issue. For purposes of this section master programs of chapter 90.58 RCW are not zoning ordinances administered by local government. Local governments are authorized to accept applications

for certifications as provided in this section and are directed to rule upon the same expeditiously to insure the purposes of this chapter are accomplished fully. Upon certification, the local government may not change such zoning ordinances so as to affect the proposed project until the procedures of this chapter, including any board or court reviews, are completed. The provisions of the state environmental policy act relating to the preparation of detailed impact statements shall not be applicable to the action approving or denying certifications authorized in this section.

(2) (a) Upon receiving an application for certification for a project pursuant to subsection (1) of this section, the local government may, at its discretion, choose to process, pursuant to the procedures provided by this chapter, requests for variances or rezones or applications for conditional use permits or any other permits or any combination thereof that may be required by the local government for the project described on a master application. The procedures established by this chapter shall satisfy the procedural requirements for any requests or applications so processed.

(b) The provisions of subsection (2)(a) of this section shall not apply to any permit required by a "state agency" as that term is defined in RCW 90.62.020(8) as now or hereafter amended.

(3) Nothing in this chapter shall modify in any manner whatsoever the applicability or inapplicability of any land use regulation statutes or local zoning ordinances to lands of any state agency.

(4) Approval of an application for certification as provided in this section shall not eliminate any requirements of the Shoreline Management Act of 1971 or any other statutes administered by a local government. A ruling by local government denying an application for certification shall not be appealable under this chapter: *Provided*, That the denial of an application for certification pursuant to subsection (1) of this section shall not preclude the applicant from filing a permit application under any other available statute or procedure. [1977 c 54 § 8; 1973 1st ex.s. c 185 § 10.]

90.62.130 Modifications to master application—Authorized—Rules to set forth guidelines, limitations. It is anticipated that in processing permits as provided by this chapter the participating agencies may identify modifications to the project described in a master application, and subsequently completed individual applications submitted pursuant to RCW 90.62.040 as now or hereafter amended, which modifications would be necessary to satisfy the permit requirements of all of the participating agencies. The department of ecology shall, by rules and regulations adopted pursuant to chapter 34.04 RCW, establish guidelines for determining the extent to which such modifications can be approved under the original application without the applicant's having to resubmit a master application. Such guidelines shall require, among other provisions, that an applicant resubmit a master application if the modifications proposed by the participating agencies to the applicant's proposed project would have required one or more of the participating agencies to require the applicant to submit

a new application reflecting such modifications if the application for the permit had not been submitted under this chapter. [1977 c 54 § 9.]

90.62.908 Severability—1977 c 54. If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 c 54 § 10.]

90.66.010 Short title. This chapter shall be known and may be cited as the "Family Farm Water Act". [Initiative Measure No. 59 § 1 (Approved November 8, 1977).]

90.66.020 Prior existing rights to withdraw and use public waters not affected. Nothing in this chapter shall affect any right to withdraw and use public waters if such rights were in effect prior to *the effective date of the act, and nothing herein shall modify the priority of any such existing right. [Initiative Measure No. 59 § 2 (Approved November 8, 1977).]

***Reviser's note:** "the effective date of the act" [Initiative Measure No. 59], consisting of RCW 90.66.010 through 90.66.080, 90.66.900, and 90.66.910, is "thirty days after the election at which it is approved" as mandated by Article II, section 1(d) of the Washington Constitution. Initiative Measure No. 59 was approved by the voters at the election November 8, 1977, and was so certified by the governor on December 8, 1977.

90.66.030 Public policy enunciated—Maximum benefit from use of public waters—Irrigation. The people of the state of Washington recognize that it is in the public interest to conserve and use wisely the public surface and ground waters of the state in a manner that will assure the maximum benefit to the greatest possible number of its citizens. The maximum benefit to the greatest number of citizens through the use of water for the irrigation of agricultural lands will result from providing for the use of such water on family farms. To assure that future permits issued for the use of public waters for irrigation of agricultural lands will be made

on the basis of deriving such maximum benefits, in addition to any other requirements in the law, all permits for the withdrawal of public waters for the purpose of irrigating agricultural lands after *the effective date of this act shall be issued in accord with the provisions of this chapter. [Initiative Measure No. 59 § 3 (Approved November 8, 1977).]

***Reviser's note:** "the effective date of this act", see note following RCW 90.66.020.

90.66.040 Definitions. For the purposes of this chapter, the following definitions shall be applicable:

(1) "Family farm" means a geographic area including not more than two thousand acres of irrigated agricultural lands, whether contiguous or noncontiguous, the controlling interest in which is held by a person having a controlling interest in no more than two thousand acres of irrigated agricultural lands in the state of Washington which are irrigated under rights acquired after *the effective date of this act.

(2) "Person" means any individual, corporation, partnership, limited partnership, organization, or other entity whatsoever, whether public or private. The term "person" shall include as one person all corporate or partnership entities with a common ownership of more than one-half of the assets of each of any number of such entities.

(3) "Controlling interest" means a property interest that can be transferred to another person, the percentage interest so transferred being sufficient to effect a change in control of the landlord's rights and benefits. Ownership of property held in trust shall not be deemed a controlling interest where no part of the trust has been established through expenditure or assignment of assets of the beneficiary of the trust and where the rights of the family farm permit which is a part of the trust cannot be transferred to another by the beneficiary of the trust under terms of the trust. Each trust of a separate donor origin shall be treated as a separate entity and the administration of property under trust shall not represent a controlling interest on the part of the trust officer.

(4) "Department" means the department of ecology of the state of Washington.

(5) "Application", "permit" and "public waters" shall have the meanings attributed to these terms in chapters 90.03 and 90.44 RCW.

(6) "Public water entity" means any public or governmental entity with authority to administer and operate a system to supply water for irrigation of agricultural lands. [Initiative Measure No. 59 § 4 (Approved November 8, 1977).]

***Reviser's note:** "the effective date of this act", see note following RCW 90.66.020.

90.66.050 Classes of permits for withdrawal of public waters for irrigation purposes—Conditions—Requirements. After *the effective date of this act, all permits issued for the withdrawal of public waters for the purpose of irrigating agricultural lands shall be classified as follows and issued with the conditions set forth in this chapter:

(1) "Family farm permits". Such permits shall limit the use of water withdrawn for irrigation of agricultural lands to land qualifying as a family farm.

(2) "Family farm development permits". Such permits may be issued to persons without any limit on the number of acres to be irrigated during a specified period of time permitted for the development of such land into family farms and the transfer of the controlling interest of such irrigated lands to persons qualifying for family farm permits. The initial period of time allowed for development and transfer of such lands to family farm status shall not exceed ten years. Such time limit may be extended by the department for not to exceed an additional ten years upon a showing to the department that an additional period of time is needed for orderly development and transfer of controlling interests to persons who can qualify for family farm permits.

(3) "Publicly owned land permits". Such permits shall be issued only to governmental entities permitting the irrigation of publicly owned lands.

(4) "Public water entity permits". Such permits may be issued to public water entities under provisions requiring such public water entity, with respect to delivery of water for use in the irrigation of agricultural lands, to make water deliveries under the same provisions as would apply if separate permits were issued for persons eligible for family farm permits, permits to develop family farms, or for the irrigation of publicly owned land: *Provided, however*, That such provisions shall not apply with respect to water deliveries on federally authorized reclamation projects if such federally authorized projects provide for acreage limitations in water delivery contracts. [Initiative Measure No. 59 § 5 (Approved November 8, 1977).]

*Reviser's note: "the effective date of this act", see note following RCW 90.66.020.

90.66.060 Withdrawal of water under family farm permit—Conditioned upon complying with definition of family farm—Suspension of permit, procedures, time.

(1) The right to withdraw water for use for the irrigation of agricultural lands under authority of a family farm permit shall have no time limit but shall be conditioned upon the land being irrigated complying with the definition of a family farm as defined at the time the permit is issued: *Provided, however*, That if the acquisition by any person of land and water rights by gift, devise, bequest, or by way of bona fide satisfaction of a debt, would otherwise cause land being irrigated pursuant to a family farm permit to lose its status as a family farm, such acquisition shall be deemed to have no effect upon the status of family farm water permits pertaining to land held or acquired by the person acquiring such land and water rights if all lands held or acquired are again in compliance with the definition of a family farm within five years from the date of such acquisition.

(2) If the department determines that water is being withdrawn under a family farm permit for use on land not in conformity with the definition of a family farm, the department shall notify the holder of such family farm permit by personal service of such fact and the permit shall be suspended two years from the date of

receipt of notice unless the person having a controlling interest in said land satisfies the department that such land is again in conformity with the definition of a family farm. The department may, upon a showing of good cause and reasonable effort to attain compliance on the part of the person having the controlling interest in such land, extend the two year period prior to suspension. If conformity is not achieved prior to five years from the date of notice the rights of withdrawal shall be canceled. [Initiative Measure No. 59 § 6 (Approved November 8, 1977).]

90.66.070 Transfer of property entitled to water under permit—Rights—Requirements.

(1) At any time that the holder of a family farm development permit or a publicly owned land permit shall transfer the controlling interest of all or any portion of the land entitled to water under such permit to a person who can qualify to receive water for irrigation of such land under a family farm permit, the department shall, upon request, issue a family farm permit to such person under the same conditions as would have been applicable if such request had been made at the time of the granting of the original family farm development permit. If the permit under which water is available is held by a public water entity prior to the transfer of the controlling interest to a person who qualifies for a family farm permit, such entity shall continue delivery of water to such land without any restriction on the length of time of delivery not applicable generally to all its water customers.

(2) The issuance of a family farm permit secured through the acquisition of land and water rights from the holder of a family farm development permit, or from the holder of a publicly owned land permit, where water delivery prior to the transfer is from a public water entity, may be conditioned upon the holder of the family farm permit issued continuing to receive water through the facilities of the public water entity. [Initiative Measure No. 59 § 7 (Approved November 8, 1977).]

90.66.080 Rules and regulations—Decisions, review.

The department is hereby empowered to promulgate such rules as may be necessary to carry out the provisions of this chapter. Decisions of the department, other than rule making, shall be subject to review in accordance with chapter 43.21B RCW. [Initiative Measure No. 59 § 8 (Approved November 8, 1977).]

Pollution control hearings board of the state: Chapter 43.21B RCW.

90.66.900 Liberal construction—Initiative Measure No. 59.

This chapter is exempted from the rule of strict construction and it shall be liberally construed to give full effect to the objectives and purposes for which it was enacted. [Initiative Measure No. 59 § 9 (Approved November 8, 1977).]

90.66.910 Severability—Initiative Measure No. 59.

If any provision of this act, or its application to any person, organization, or circumstance is held invalid or unconstitutional, the remainder of the act, or the application of the provision to other persons, organizations, or

circumstances is not affected. [Initiative Measure No. 59 § 10 (Approved November 8, 1977).]
