Compliance with this section does not affect the rights of the secured party under his security agreement.

(4) If a security interest is reserved or created at the time of the transfer, the certificate of ownership shall be retained by or delivered to the person who becomes the secured party, and the parties shall comply with the provisions of RCW 46.12.170.

(5) If the purchaser or transferee fails or neglects to transfer such certificate of ownership and license registration within fifteen days after date of delivery of the vehicle to him, he shall on making application for transfer be assessed a five-dollar penalty on the sixteenth day and one dollar additional for each day thereafter, but not to exceed fifteen dollars: Provided, That such failure or neglect to transfer within forty-five days after date of delivery of said vehicle shall be a misdemeanor.

A certificate of ownership for a mobile home shall not be transferred or issued until the department has verified that any taxes due on the sale of the mobile home under chapter 28A.45 RCW and any other taxes due under chapter 84.52 RCW have been paid.

A copy of the real estate excise tax affidavit which has been stamped by the county treasurer shall be deemed sufficient evidence that the taxes due upon the sale of a used mobile home have been paid.

A copy of a treasurer certificate, which is prepared by the treasurer of the county in which the used mobile home is located and which states that all property taxes due upon the used mobile home being sold have been satisfied, shall be deemed sufficient evidence that the property taxes due have been paid.

46.12.125 Procedure when transferor to a dealer is from out of state or car in inventory. In any case in which the transferor to the dealer is from out of state and has not recorded the mileage at the time of transfer, or a car was in inventory prior to May 23, 1972, the dealer, when mailing or delivering the assigned certificates of ownership and license registration to the department, shall attach a certificate indicating to the best of his knowledge or belief the mileage on the vehicle at the time it was placed into inventory. [1972 ex.s. c 99 § 4.]

46.12.130 Assigned certificate of ownership to be filed by department—Transfer of interest in vehicle. Certificates of ownership when assigned and returned to the department, together with subsequently assigned reissues thereof, shall be retained by the department and appropriately filed and indexed so that at all times it will be possible to trace ownership to the vehicle designated therein:

(1) If the interest of an owner in a vehicle passes to another, other than by voluntary transfer, the transferee shall, except as provided in subsection (3) of this section, promptly mail or deliver to the department the last certificate of ownership if available, proof of transfer, and his application for a new certificate in the form the department prescribes.

(2) If the interest of the owner is terminated or the vehicle is sold under a security agreement by a secured party named in the certificate of ownership, the transferee shall promptly mail or deliver to the department the last certificate of ownership, his application for a new certificate in the form the department prescribes, and an affidavit made by or on the behalf of the secured party that the vehicle was repossessed and that the interest of the owner was lawfully terminated or sold pursuant to the terms of the security agreement.

(3) If the secured party succeeds to the interest of the owner and holds the vehicle for resale, he need not secure a new certificate of ownership but, upon transfer to another person, shall promptly mail or deliver to the transferee or to the department the certificate, affidavit and other documents (and articles) required to be sent to the department by the transferee. [1967 c 140 § 3; 1961 c 12 § 46.12.130. Prior: 1959 c 166 § 11; prior: 1947 c 164 § 4(d); 1937 c 188 § 6(d); Rem. Supp. 1947 § 6312-6(d).]

46.12.140 Certificates of ownership for dealers' or manufacturers' used vehicles. In the case of dealers in vehicles, including manufacturers who sell to persons other than dealers, a separate certificate of ownership, either of the dealer's immediate vendor properly assigned or of the dealer himself, shall be required covering each used vehicle kept in his possession. [1961 c 12 § 46.12.140. Prior: 1959 c 166 § 12; prior: 1947 c 164 § 4(e); 1937 c 188 § 6(e); Rem. Supp. 1947 § 6312-6(e).]

46.12.151 Procedure when department unsatisfied as to ownership and security interests. If the department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the department may register the vehicle but shall either:

(1) Withhold issuance of a certificate of ownership until the applicant presents documents reasonably sufficient to satisfy the department as to the applicant's ownership of the vehicle and that there are no undisclosed security interests in it; or

(2) As a condition of issuing a certificate of ownership, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, or in lieu thereof a deposit of cash in like amount. The bond shall be in an amount equal to one and one-half times the value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of ownership of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, or any cash deposit shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of ownership is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond. [1967 c 140 § 9.]

46.12.160 Director may refuse or cancel certificate—Penalty. If the director determines at any time that an applicant for certificate of ownership or for a certificate of license registration for a vehicle is not entitled thereto, he may refuse to issue such certificate or to license the vehicle and he may, for like reason, after notice, and in the exercise of discretion, cancel license registration already acquired or any outstanding certificate of ownership. The notice shall be served personally or sent by certified mail return receipt requested. It shall then be unlawful for any person to remove, drive, or operate the vehicle until a proper certificate of ownership or license registration has been issued and any person removing, driving, or operating such vehicle after the refusal of the director to issue certificates or the revocation thereof shall be guilty of a gross misdemeanor. [1975 c 25 § 12; 1961 c 12 § 46.12.160. Prior: 1959 c 166 § 14; prior: 1947 c 164 § 4(g); 1937 c 188 § 6(g); Rem. Supp. 1947 § 6312-6(g).]

46.12.170 Title 46 RCW: Motor Vehicles

to the department, to which shall be attached the certificate of ownership last issued covering the vehicle, or such other documentation as may be required by the department, which application shall be upon a form provided by the department and shall be accompanied by a fee of one dollar. The department, if satisfied that there should be a reissue of the certificate, shall note such change upon the vehicle records and issue to the secured party a new certificate of ownership.

Whenever there is no outstanding secured obligation and no commitment to make advances and incur obligations or otherwise give value, the secured party must assign the certificate of ownership to the debtor or the debtor's assignee and transmit the certificate to the department with an accompanying fee of one dollar. The department shall then issue a new certificate of ownership and transmit it to the owner. If the affected secured party fails to either assign or transmit the certificate of ownership to the department within ten days after proper demand, that secured party shall be liable to the debtor for one hundred dollars, and in addition for any loss caused to the debtor by such failure. The duplicate certificate of ownership or license registration shall contain the legend, "This is a duplicate certificate." It shall be mailed to the first priority secured party named in it or, if none, to the owner.

(1) The term "registration year" for the purposes of chapters 46.16, 82.44, and 82.50 RCW shall mean the effective period of a vehicle license issued by the department. Such year shall commence at 12:01 a.m. on the date of the calendar year designated by the department and shall end at 12:01 a.m. on the same date of the next succeeding calendar year.

(2) Each registration year may be divided into twelve registration months. Each registration month shall commence on the day numerically corresponding to the day of the calendar month on which the registration year begins, and shall terminate on the numerically corresponding day of the next succeeding calendar month.

(3) Each registration year may be divided into four registration quarters, each consisting of three registration months. The first quarter shall commence with registration month one.

(4) Where the term "last day of the month" is utilized in chapters 46.16, 82.44, and 82.50 RCW in lieu of a specified day of any calendar month it shall mean the last day of such calendar month or months irrespective of the numerical designation of that day.

(5) In the event the final day of a registration year, quarter, or month falls on a Saturday, Sunday, or legal holiday, such period shall extend through the end of the next business day. [1975 1st ex.s. c 118 § 1.]

Effective date—1975 1st ex.s. c 118: "This 1975 amendatory act shall take effect on January 1, 1977: Provided, That the director of the department of motor vehicles may, prior to such effective date, undertake and perform duties and conduct activities necessary for the timely implementation of this 1975 amendatory act on such date." [1975 1st ex.s. c 118 § 19.]

Severability—1975 1st ex.s. c 118: "If any provision of this 1975 amendatory act is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this 1975 amendatory act and the applicability thereof to persons and circumstances shall not be affected thereby." [1975 1st ex.s. c 118 § 18.]

46.16.010 Licenses and plates required—Exceptions. Provided, That these provisions shall not apply to farm vehicle as defined in RCW 46.04.181 if operated within a radius of fifteen miles of the farm where principally used or garaged, farm tractors and farm implements including trailers designed as cook or bunk houses used exclusively for animal herding temporarily operating or drawn upon the public highways, and trailers used exclusively to transport farm implements from one farm to another during the daylight hours or at night when such equipment has lights that comply with the law: Provided further, That these provisions shall not apply to spray or fertilizer applicator rigs designed and used exclusively for spraying or fertilization in the conduct of agricultural operations and not primarily for the purpose of transportation, and nurse rigs or equipment auxiliary to the use of and designed or modified for the fueling, repairing or loading of spray and fertilizer applicator rigs and not used, designed or modified primarily for the purpose of transportation: Provided further, That these provisions shall not apply to fork lifts operated during daylight hours on public highways adjacent to and within five hundred feet of the warehouses which they serve: Provided further, That these provisions shall not apply to equipment defined as follows:

"Special highway construction equipment" is any vehicle which is designed and used primarily for grading of highways, paving of highways, earth moving, and other construction work on highways and which is not designed or used primarily for the transportation of persons or property on a public highway and which is only incidentally operated or moved over the highway. It includes, but is not limited to, road construction and maintenance machinery so designed and used such as portable air compressors, air drills, asphalt spreaders, bituminous mixers, bucket loaders, track laying tractors, ditches, leveling graders, finishing machines, motor graders, paving mixers, road rollers, scarifiers, earth moving scrapers and carryalls, lighting plants, welders, pumps, power shovels and draglines, self-propelled and tractor-drawn earth moving equipment and machinery, including dump trucks and tractor-dump trailer combinations which either (1) are in excess of the legal width or (2) which, because of their length, height or unladen weight, may not be moved on a public highway without the permit specified in RCW 46.44.090 and which are not operated laden except within the boundaries of the project limits as defined by the contract, and other similar types of construction equipment, or (3) which are driven or moved upon a public highway only for the purpose of crossing such highway from one property to
another, provided such movement does not exceed five hundred feet and the vehicle is equipped with wheels or pads which will not damage the roadway surface.

Exclusions:

"Special highway construction equipment" does not include any of the following:

Purpose of 1965 ex.s. c 121—Construction: 'With the advent of greatly increased interstate vehicular travel and the migration of motorists between the states, the legislature recognizes the necessity of enacting driver licensing laws which are reasonably uniform with the laws of other states and are at the same time based upon sound, realistic principles, stated in clear explicit language. To achieve these ends the legislature does hereby adopt this 1965 amendatory act relating to driver licensing modeled after the Uniform Vehicle Code subject to such variances as are deemed better suited to the people of this state.

It is intended that this 1965 amendatory act be liberally construed to effectuate the purpose of improving the safety of our highways through driver licensing procedures within the framework of the traditional freedoms to which every motorist is entitled.' Such instruction permit shall entitle the permittee when he has such permit in his immediate possession to drive a motor vehicle only when an approved instructor or other licensed driver with at least five years of driving experience, is occupying a seat beside the permittee.

(3) The department may in its discretion issue a temporary driver's permit to an applicant for a driver's license permitting the applicant to drive a motor vehicle for a period not to exceed sixty days while the department is completing its investigation and determination of all facts relative to such applicant's right to receive a driver's license. Such permit must be in the applicant's immediate possession while driving a motor vehicle, and it shall be invalid when the applicant's license has been issued or for good cause has been refused. [1979 c 61 § 3; 1969 ex.s. c 218 § 8; 1965 ex.s. c 121 § 7.]

Reviser's note: RCW 46.20.055 was amended twice during the 1979 legislative session, each without reference to the other.

46.20.070 Juvenile agricultural driving permits. Upon receiving a written application on a form provided by the director for permission for a person under the age of eighteen years to operate a motor vehicle over and upon the public highways of this state in connection with farm work, the director may issue a limited driving permit to be known as a juvenile agricultural driving permit, such issuance to be governed by the following procedure:

(1) The application must be signed by the applicant and by the applicant's father, mother, or legal guardian.

(2) Upon receipt of the application, the director shall cause an examination of the applicant to be made as by law provided for the issuance of a motor vehicle driver's license.

(3) The director shall cause an investigation to be made of the need for the issuance of such operation by the applicant.

Such permit authorizes the holder to operate a motor vehicle over and upon the public highways of this state within a restricted farming locality which shall be described upon the face thereof.

A permit issued under this section shall expire one year from date of issue, except that upon reaching the age of eighteen years such person holding a juvenile agricultural driving permit shall be required to make application for a motor vehicle driver's license.

The director shall charge a fee of one dollar for each such permit and renewal thereof to be paid as by law provided for the payment of motor vehicle driver's licenses and deposited to the credit of the traffic safety education account in the general fund.

The director may transfer this permit from one farming locality to another, but this does not constitute a renewal of the permit.

The director may deny the issuance of a juvenile agricultural driving permit to any person whom the director determines to be incapable of operating a motor vehicle with safety to himself or herself and to persons and property.

The director may suspend, revoke, or cancel the juvenile agricultural driving permit of any person when in the director's sound discretion the director has cause to believe such person has committed any offense for which mandatory suspension or revocation of a motor vehicle driver's license is provided by law.

The director may suspend, cancel, or revoke a juvenile agricultural driving permit when in the director's sound discretion the director is satisfied the restricted character of the permit has been violated. Every application for an instruction permit shall be accompanied by a fee of two dollars and fifty cents. The department shall forthwith transmit the fees collected for instruction permits and temporary drivers' permits to the state treasurer.

(3) Whenever application is received from a person previously licensed in another jurisdiction, the department shall request a copy of such driver's record from such other jurisdiction. When received, the driving
record shall become a part of the driver's record in this state.

(4) Whenever the department receives request for a driving record from another licensing jurisdiction, the record shall be forwarded without charge: Provided, however, That the other licensing jurisdiction extends the same privilege to the state of Washington, otherwise there shall be a reasonable charge for transmittal of the record, the amount to be fixed by the director of the department. [1979 c 63 § 2; 1965 ex.s. c 121 § 8.]

46.20.100 Application of minor under eighteen years of age—Cosignature required—Traffic safety education course required—Exception. The department of licensing shall not consider the application of any minor under the age of eighteen years for a driver's license unless:

(1) The application is also signed by the father or mother of the applicant, otherwise by the parent or guardian having the custody of such minor, or in the event a minor under the age of eighteen has no father, mother, or guardian, then a driver's license shall not be issued to the minor unless his application is also signed by his employer; and

[1979 c 61 § 5; 1967 c 167 § 2; 1965 ex.s. c 121 § 12; 1961 c 12 § 46.20.102. Prior: 1957 c 242 § 2.]

46.20.104 Issuance of "adult driver's license" upon attaining age of eighteen. A minor attaining the age of eighteen years prior to the expiration date of his driver's license may upon proper application to the licensing agent have issued to him without fee an "adult driver's license". [1971 ex.s. c 292 § 44; 1967 c 167 § 3; 1965 ex.s. c 121 § 13; 1961 c 12 § 46.20.104. Prior: 1957 c 242 § 3.]

46.20.113 Anatomical gift statement. The department of licensing shall provide a statement whereby the licensee may certify in the presence of two witnesses his willingness to make an anatomical gift under RCW 68-08.530, as now or hereafter amended. The department shall provide the statement in at least one of the following ways:

(1) On each driver's license; or

(3) With each in-person driver's license application. [1979 c 158 § 147; 1975 c 54 § 1.]

46.20.114 Preparation process to prevent alteration or reproduction. On and after January 1, 1978, the department shall implement and use such process or processes in the preparation and issuance of drivers' licenses and identicards that prohibit as nearly as possible the alteration or reproduction of such cards, or the superimposing of other photographs on such cards, without ready detection. [1977 ex.s. c 27 § 2.]

Purpose—1977 ex.s. c 27: "The legislature finds that the falsification of cards and licenses is a serious social problem creating economic hardship and problems which impede the efficient conduct of commerce and government. The legislature is particularly concerned that the increasing use of false drivers' licenses and identicards to purchase liquor, to cash bad checks, and to obtain food stamps and other benefits is causing the loss of liquor licenses, the loss of jobs, the loss of income, and the loss of human life in addition to significant monetary losses in business and government. It is the purpose of section 2 of this act to require an effective means of rendering drivers' licenses and identicards as immune as possible from alteration and counterfeiting in order to promote the public health and safety of the people of this state." [1977 ex.s. c 27 § 1.]

"Revisor's note: section 2 of this act" (1977 ex.s. c 27 § 2) is codified as RCW 46.20.114.

highway safety fund. The department shall not adopt any photographic processes incompatible with its pre-
bill system of issuing driver's licenses. [1979 c 158 § 148; 1975 1st ex.s. c 191 § 1; 1969 ex.s. c 155 § 2; 1967
ex.s. c 145 § 51.]

Purpose—1969 ex.s. c 155: "The identification of the injured or
the seriously ill is often difficult. The need for an identification file to
facilitate use by proper law enforcement officers has hampered law
enforcement. Personal identification for criminal, personal and com-
mercial reasons is becoming most important at a time when it is in-
creasingly difficult to accomplish. The legislature finds that the public
health and welfare requires a standard and readily recognizable means
of identification of each person living within the state. The legislature
further finds that the need for an identification file by law enforcement
agencies must be met. The use of photographic drivers' licenses will
greatly aid the problem, but some means of identification must be
provided for persons who do not possess a driver's license. The purpose
of this 1969 amendatory act is to provide for the positive identification
of persons, both through an expanded use of drivers' licenses and also
through issue of personal identification cards for nondrivers." [1969
ex.s. c 155 § 1.]

Effective date—1969 ex.s. c 155: "This 1969 amendatory act shall
take effect September 1, 1969." [1969 ex.s. c 155 § 7.]

ex.s. c 155 § 3.]

Effective date—Purpose—1969 ex.s. c 155: See notes following
RCW 46.20.115.

46.20.117 Identicards—Issuance to nondrivers and
public assistance recipients. The department shall issue
"identicards", containing a picture, to nondrivers for a
fee of three dollars, such fee shall be deposited in the
highway safety fund: Provided, That the fee shall be the
actual cost of production to recipients of continuing
public assistance grants under Title 74 RCW who are
referred in writing to the department by the secretary of
social and health services. To be eligible, each applicant
shall produce evidence commensurate to the regulations
adopted by the director that positively proves identity.
The "identicard" shall be distinctly designed so that it
will not be confused with the official driver license. The
identicard shall be valid for five years. [1971 ex.s. c 65 §
1; 1969 ex.s. c 155 § 4.]

Purpose—1971 ex.s. c 65: 'The efficient and effective operation
and administration of state government affects the health, safety, and
welfare of the people of this state and it is the intent and purpose of
this act to promote the health, safety, and welfare of the people by
improving the operation and administration of state government.' [1971
ex.s. c 65 § 2.]

shall become a part of the driver record file maintained
by the department. It shall be available as a reference
file to assist official governmental enforcement agencies
in the identification of persons suspected of committing
crimes. [1979 c 158 § 149; 1969 ex.s. c 155 § 5.]

Effective date—Purpose—1969 ex.s. c 155: See notes following
RCW 46.20.115.

46.20.119 Rules and regulations to be reasonable.
The rules and regulations adopted pursuant to RCW
46.20.115 through 46.20.119 shall be reasonable in view
of the purposes to be served by RCW 46.20.115 through
46.20.119. [1969 ex.s. c 155 § 6.]

Effective date—Purpose—1969 ex.s. c 155: See notes following
RCW 46.20.115.

cept when the department determines that an applicant
for a driver's license is not qualified to hold a driver's li-
cense under this title. For a new license examination a
fee of three dollars shall be paid by each applicant, in
addition to the fee charged for issuance of the license. A
new license is one issued to a driver who has not been
previously licensed in this state or to a driver whose last
previous Washington license has expired.

Any person who is outside the state at the time his or
her driver's license expires or who is unable to renew the
license due to any incapacity may renew the license
within sixty days after returning to this state or within
sixty days after the termination of any such incapacity
without the payment of a new license examination fee.
In such case the department may waive all or any part
of the examination as in the case of renewal of driver
licenses.

The department shall provide for giving examinations
at places and times reasonably available to the people
of this state. [1979 c 61 § 6; 1975 1st ex.s. c 191 § 2; 1967
C 167 § 4; 1965 ex.s. c 121 § 9; 1961 c 12 § 46.20.120.

determine the applicant's fitness to operate a motor ve-

No license shall be valid until it has been so signed by the licensee. [1975 1st ex.s. c 191 § 3; 1969 c 99 § 6; 1965 ex.s. c 121 § 11.]

In the alternative to the procedure set forth in RCW 46.20.322 and 46.20.323 the department, whenever it determines from its records or other sufficient evidence that the safety of persons upon the highways requires such action, shall forthwith and without a driver improvement interview suspend the privilege of a person to operate a motor vehicle or impose reasonable terms and conditions of probation consistent with the safe operation of a motor vehicle. The department shall in such case, immediately notify such licensee in writing and upon his request shall afford him an opportunity for a driver improvement interview as early as practical within not to exceed seven days after receipt of such request, or the department, at the time it gives notice may set the date of a driver improvement interview, giving not less than ten days' notice thereof. [1965 ex.s. c 121 § 33.]

*Reviser's note: The reference to 'section 33 of this 1965 amendatory act' appears to be erroneous in that section 33 does not pertain to the reference appears. The reference apparently intended is to section 32, codified herein as RCW 46.20.325.

Upon the conclusion of a driver improvement interview, the department's referee shall make findings on the matter under consideration and shall notify the person involved in writing by personal service of the findings. Any decision by the department suspending or revoking a person's driving privilege shall be stayed and shall not take effect while a formal hearing is pending as herein provided or during the pendency of a subsequent appeal to superior court: Provided, That this stay shall be effective only so long as there is no conviction of a moving violation or a finding that the person has committed a traffic infraction which is a moving violation during pendency of hearing and appeal: Provided further, That nothing in this section shall be construed as prohibiting the department from seeking an order setting aside the stay during the pendency of such appeal in those cases where the action of the department is based upon physical or mental incapacity, or a failure to successfully complete an examination required by this chapter.

A formal hearing shall be conducted by the director or by a referee or hearing board appointed by him from officers or employees of the department. DRIVER LICENSE COMPACT

ARTICLE I—Findings and Declaration of Policy

(a) The party states find that:

(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.

(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances
relating to the operation of motor vehicles, in whichever
jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances,
and administrative rules and regulations relating to the
operation of motor vehicles by their operators in each of
the jurisdictions where such operators drive motor
vehicles.

(2) Make the reciprocal recognition of licenses to
drive and eligibility therefor more just and equitable by
considering the over-all compliance with motor vehicle
laws, ordinances and administrative rules and regulations
as a condition precedent to the continuance or issuance
of any license by reason of which the licensee is
authorized or permitted to operate a motor vehicle in
any of the party states.

ARTICLE II—Definitions

As used in this compact:
(a) "State" means a state, territory or possession of
the United States, the District of Columbia, or the
Commonwealth of Puerto Rico.
(b) "Home state" means the state which has issued
and has the power to suspend or revoke the use of the
license or permit to operate a motor vehicle.
(c) "Conviction" means a conviction of any offense
related to the use or operation of a motor vehicle which
is prohibited by state law, municipal ordinance or ad-
mnistrative rule or regulation, or a forfeiture of bail,
bond or other security deposited to secure appearance by
a person charged with having committed any such off-
fense, and which conviction or forfeiture is required to
be reported to the licensing authority.

ARTICLE III—Reports of Conviction

The licensing authority of a party state shall report
each conviction of a person from another party state oc-
curring within its jurisdiction to the licensing authority
of the home state of the licensee. Such report shall
clearly identify the person convicted; describe the viola-
tion specifying the section of the statute, code or ordi-
nance violated; identify the court in which action was
entered, or the conviction was a result of the forfeiture
of bail, bond or other security; and shall include any
special findings made in connection therewith.

ARTICLE IV—Effect of Conviction

(a) The licensing authority in the home state, for the
purposes of suspension, revocation or limitation of the
license to operate a motor vehicle, shall give the same
effect to the conduct reported, pursuant to Article III of
this compact, as it would if such conduct had occurred
in the home state, in the case of convictions for:
(1) Manslaughter or negligent homicide resulting
from the operation of a motor vehicle;
(2) Driving a motor vehicle while under the influence
of intoxicating liquor or a narcotic drug, or under the
influence of any other drug to a degree which renders
the driver incapable of safely driving a motor vehicle;
(3) Any felony in the commission of which a motor
vehicle is used;
(4) Failure to stop and render aid in the event of a
motor vehicle accident resulting in the death or personal
injury of another.
(b) If the laws of a party state do not provide for off-
fenses or violations denominated or described in pre-
cisely the words employed in subdivision (a) of this
Article, such party state shall construe the denomina-
tions and descriptions appearing in subdivision (a)
hereof as being applicable to and identifying those off-
fenses or violations of a substantially similar nature and
the laws of such party state shall contain such provisions
as may be necessary to ensure that full force and effect
is given to this Article.

ARTICLE V—Applications for New Licenses

Upon application for a license to drive, the licensing
authority in a party state shall ascertain whether the
applicant has ever held, or is the holder of a license to
drive issued by any other party state. The licensing au-
thority in the state where application is made shall not
issue a license to drive to the applicant if:
(1) The applicant has held such a license, but the
same has been suspended by reason, in whole or in part,
of a violation and if such suspension period has not
terminated.
(2) The applicant has held such a license, but the
same has been revoked by reason, in whole or in part, of
a violation and if such revocation has not terminated,
except that after the expiration of one year from the
date the license was revoked, such person may make ap-
lication for a new license if permitted by law. The li-
censing authority may refuse to issue a license to any
such applicant if, after investigation, the licensing au-
thority determines that it will not be safe to grant to
such person the privilege of driving a motor vehicle on
the public highways.
(3) The applicant is the holder of a license to drive
issued by another party state and currently in force un-
less the applicant surrenders such license.

ARTICLE VI—Applicability of Other Laws

Except as expressly required by provisions of this
compact, nothing contained herein shall be construed to
affect the right of any party state to apply any of its
other laws relating to licenses to drive to any person or
circumstance, nor to invalidate or prevent any driver li-
cense agreement or other cooperative arrangement be-
tween a party state and a non–party state.

ARTICLE VII—Compact Administrator and
Interchange of Information

(a) The head of the licensing authority of each party
state shall be the administrator of this compact for his
state. The administrators, acting jointly, shall have the
power to formulate all necessary and proper procedures
for the exchange of information under this compact.
(b) The administrator of each party state shall furnish
to the administrator of each other party state any infor-
mation or documents reasonably necessary to facilitate
the administration of this compact.

[Title 46 RCW (1979 Ed.)—p 73]
ARTICLE VIII—Entry into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing authorities of states remaining party to the compact of any report of conviction occurring prior to the withdrawal.

ARTICLE IX—Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any party state thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1963 c 120 § 1.]

46.21.020 "Licensing authority" defined—Duty to furnish information. As used in the compact, the term "licensing authority" with reference to this state, shall mean the department of licensing. Said department shall furnish to the appropriate authorities of any other party state any information or documents reasonably necessary to facilitate the administration of Articles III, IV, and V of the compact. [1979 c 158 § 154; 1967 c 32 § 36; 1963 c 120 § 2.]

46.21.030 Expenses of compact administrator. The compact administrator provided for in Article VII of the compact shall not be entitled to any additional compensation on account of his service as such administrator, but shall be entitled to expenses incurred in connection with his duties and responsibilities as such administrator, in the same manner as for expenses incurred in connection with any other duties or responsibilities of his office or employment. [1963 c 120 § 3.]

46.21.040 "Executive head" defined. As used in the compact, with reference to this state, the term "executive head" shall mean governor. [1963 c 120 § 4.]

Such determination shall not be made with respect to drivers or owners who are exempt under succeeding sections of this chapter from the requirements as to security and suspension.

(2) The department shall determine the amount of security deposit required of any person upon the basis of the reports or other information submitted. In the event a person involved in an accident as described in this chapter fails to make a report or submit information indicating the extent of his injuries or the damage to his property within fifty days after the accident and the department does not have sufficient information on which to base an evaluation of such injuries or damage, then the department after reasonable notice to such person, if it is possible to give such notice, otherwise without such notice, shall not require any deposit of security for the benefit or protection of such person.

(4) To the driver, whether or not the owner, if there is a bona fide claim on the part of the driver that there was in effect at the time of the accident, an automobile liability policy or bond insuring or covering such driver;

(5) To any person qualifying as a self-insurer under RCW 46.29.630 or to any person operating a vehicle for such self-insurer;

(1) No policy or bond shall be effective under RCW 46.29.080 unless issued by an insurance company or surety company authorized to do business in this state, except as provided in subsection (2) of this section, nor unless such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and if the accident has resulted in injury to, or destruction of, property to a limit of not less than
Financial Responsibility

46.29.160

The payment of a judgment arising out of an accident or the payment upon such judgment of an amount equal to the maximum amount which could be required for deposit under this chapter shall, for the purposes of this chapter, release the judgment debtor from the liability evidenced by such judgment. [1963 c 169 § 15.]

46.29.160 Termination of security requirement. The department, if satisfied as to the existence of any fact which under RCW 46.29.120, 46.29.130, 46.29.140 or 46.29.150 would entitle a person to be relieved from the
46.29.160  Authority of department to decrease amount of security. The department may reduce the amount of security ordered in any case if in its judgment the amount ordered is excessive. In case the security originally ordered has been deposited, the excess deposit over the reduced amount ordered shall be returned to the depositor or his personal representative forthwith. [1965 c 124 § 3; 1963 c 169 § 19.]

46.29.170  Duration of suspension. Unless a suspension is terminated under other provisions of this chapter, any order of suspension by the department under this chapter shall remain in effect and no license shall be renewed for or issued to any person whose license is so suspended until

(1) Such person shall deposit or there shall be deposited on his behalf the security required under this chapter, or

(2) One year shall have elapsed following the date of such suspension and evidence satisfactory to the department has been filed with it that during such period no action for damages arising out of the accident resulting in such suspension has been instituted.

An affidavit of the applicant that no action at law for damages arising out of the accident has been filed against him or, if filed, that it is not still pending shall be prima facie evidence of that fact. The department may take whatever steps are necessary to verify the statement set forth in any said affidavit. [1963 c 169 § 17.]

46.29.180  Application to nonresidents, unlicensed drivers, unregistered vehicles and accidents in other states. (1) In case the driver or the owner of a vehicle of a type subject to registration under the laws of this state involved in an accident within this state has no driver's license in this state, then such driver shall not be allowed a driver's license until he has complied with the requirements of this chapter to the same extent that would be necessary if, at the time of the accident, he had held a license or been the owner of a vehicle registered in this state.

(2) When a nonresident's driving privilege is suspended pursuant to RCW 46.29.110, the department shall transmit a certified copy of the record or abstract of such action to the official in charge of the issuance of licenses and registration certificates in the state in which such nonresident resides, if the law of such other state provided for action in relation thereto similar to that provided for in subsection (3) of this section.

(3) Upon receipt of such certification that the driving privilege of a resident of this state has been suspended or revoked in any such other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, under circumstances which would require the department to suspend a nonresident's driving privilege had the accident occurred in this state, the department shall suspend the license of such resident. Such suspension shall continue until such resident furnishes evidence of his compliance with the law of such other state relating to the deposit of such security. [1967 c 32 § 38; 1963 c 169 § 18.]

46.29.200  Correction of action by department. Whenever the department has taken any action or has failed to take any action under this chapter by reason of having received erroneous information, then upon receiving correct information within three years after the date of an accident the department shall take appropriate action to carry out the purposes and effect of this chapter. The foregoing, however, shall not be deemed to require the department to reevaluate the amount of any deposit required under this chapter. [1967 c 61 § 1; 1965 c 124 § 4; 1963 c 169 § 20.]

46.29.210  Custody of security. The department shall place any security deposited with it under this chapter in the custody of the state treasurer. [1963 c 169 § 21.]

46.29.220  Disposition of security. (1) Such security shall be applicable and available only

(a) For the payment of any settlement agreement covering any claim arising out of the accident upon instruction of the person who made the deposit, or

(b) For the payment of a judgment or judgments, rendered against the person required to make the deposit, for damages arising out of the accident in an action at law begun not later than one year after the deposit of such security, or within one year after the date of deposit of any security following failure to make payments under an agreement to pay.

(2) Every distribution of funds from the security deposits shall be subject to the limits of the department's evaluation on behalf of a claimant. [1963 c 169 § 22.]

46.29.230  Return of deposit. Upon the expiration of one year from the date of any deposit of security any security remaining on deposit shall be returned to the person who made such deposit or to his personal representative if an affidavit or other evidence satisfactory to the department has been filed with it:

(1) That no action for damages arising out of the accident for which deposit was made is pending against any person on whose behalf the deposit was made, and

(2) That there does not exist any unpaid judgment rendered against any such person in such an action.

The foregoing provisions of this section shall not be construed to limit the return of any deposit of security under any other provision of this chapter authorizing such return. [1963 c 169 § 23.]

46.29.240  Matters not to be evidence in civil suits. The report required following an accident, the action taken by the department pursuant to this chapter, the findings, if any, of the department upon which such action is based, and the security filed as provided in this section are not to be received as evidence in any civil suit arising out of the accident for which the deposit was made.

Effective date—Severability—1979 1st ex.s. c 136: See notes following RCW 46.63.010.
46.29.310 When courts to report nonpayment of judgments. Whenever any person fails within thirty days to satisfy any judgment, then it shall be the duty of the clerk of the court, or of the judge of a court which has no clerk, in which any such judgment is rendered within this state to forward immediately to the department the following:

1. A certified copy or abstract of such judgment;
2. A certificate of facts relative to such judgment;
3. Where the judgment is by default, a certified copy or abstract of that portion of the record which indicates the manner in which service of summons was effectuated and all the measures taken to provide the defendant with timely and actual notice of the suit against him. [1969 ex.s. c 44 § 1; 1963 c 169 § 31.]

46.29.320 Further action with respect to nonresidents. If the defendant named in any certified copy or abstract of a judgment reported to the department is a nonresident, the department shall transmit those certificates furnished to it under RCW 46.29.310 to the official in charge of the issuance of licenses and registrations of the state of which the defendant is a resident. [1969 ex.s. c 44 § 2; 1963 c 169 § 32.]

46.29.330 Suspension for nonpayment of judgments—Hearing after default judgment. The department upon receipt of the certificates provided for by RCW 46.29.310, on a form provided by the department, shall forthwith suspend the license and any nonresident’s driving privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this section or in other sections of this chapter.

When the certificates transmitted to the department under RCW 46.29.310 indicate that a default judgment has been entered against the defendant but do not indicate clearly that service of summons was upon the person of the defendant, then the department shall promptly notify the defendant by first class mail addressed to the address in the department’s records under RCW 46.20.205 (if a nonresident, then to the comparable record in his home state) that within twenty-five days of the mailing date, which shall be indicated on the notice, he may request a hearing on the question of the suspension of his license or nonresident driving privilege. If the defendant does not make a timely request for a hearing, then the suspension shall be forthwith executed. Should a hearing be timely requested, then the department shall convene a hearing in conformity with chapter 34.04 RCW, as now law or hereafter amended. The defendant’s license or nonresident driving privilege shall not be suspended if at such hearing he overcomes the following presumptions:

- That he received actual and timely notice of the suit against him.
- That he would have received actual and timely notice had he conformed to the provisions of RCW 46.20.205.
- That he would have received actual and timely notice had he not thwarted the attempt or attempts to so notify him. [1969 ex.s. c 44 § 3; 1967 c 32 § 40; 1963 c 169 § 33.]

46.29.340 Exception in relation to government vehicles. The provisions of RCW 46.29.330 shall not apply with respect to any such judgment arising out of an accident caused by the ownership or operation, with permission, of a vehicle owned or leased to the United States, this state or any political subdivision of this state or a municipality thereof. [1963 c 169 § 34.]

46.29.350 Exception when consent granted by judgment creditor. If the judgment creditor consents in writing, in such form as the department may prescribe, that the judgment debtor be allowed a license or nonresident’s driving privilege, the same may be allowed by the department, in its discretion, for six months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in RCW 46.29.400, provided the judgment debtor furnishes proof of financial responsibility. [1967 c 32 § 41; 1963 c 169 § 35.]

46.29.360 Exception when insurer liable. No license or nonresident’s driving privilege of any person shall be suspended under the provisions of this chapter if the department shall find that an insurer was obligated to pay the judgment upon which suspension is based, at least to the extent and for the amounts required in this chapter, but has not paid such judgment for any reason. A finding by the department that an insurer is obligated to pay a judgment shall not be binding upon such insurer and shall have no legal effect whatever except for the purpose of administering this section. If the department finds that no insurer is obligated to pay such a judgment, the judgment debtor may file with the department a written notice of his intention to contest such finding by an action in the superior court. In such a case the license or the nonresident’s driving privilege of such judgment debtor shall not be suspended by the department under the provisions of this chapter for thirty days from the receipt of such notice nor during the pendency of any judicial proceedings brought in good faith to determine the liability of an insurer so long as the proceedings are being diligently prosecuted to final judgment by such judgment debtor. Whenever in any judicial proceedings it shall be determined by any final judgment, decree or order that an insurer is not obligated to pay any such judgment, the department, notwithstanding any contrary finding theretofore made by it, shall forthwith suspend the license and any nonresident’s driving privilege of any person against whom such judgment was rendered, as provided in RCW 46.29.330. [1967 c 32 § 42; 1963 c 169 § 36.]

46.29.370 Suspension to continue until judgments paid and proof given. Such license and nonresident’s driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until every such judgment is stayed, satisfied in full or to the extent hereinafter provided and until the said person gives
proof of financial responsibility subject to the exemptions stated in RCW 46.29.350, 46.29.360 and 46.29.400. [1967 c 32 § 43; 1963 c 169 § 37.]

46.29.390 Payments sufficient to satisfy requirements. (1) Judgments herein referred to shall, for the purpose of this chapter only, be deemed satisfied:
   (a) When fifteen thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident; or
   (b) When, subject to such limit of fifteen thousand dollars because of bodily injury to or death of one person, the sum of thirty thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or
   (c) When five thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident;
   (2) Provided, however, payments made in settlements of any claims because of bodily injury, death, or property damage arising from such accident shall be credited in reduction of the amounts provided for in this section. [1979 c 61 § 14; 1967 ex.s. c 3 § 3; 1963 c 169 § 39.]

Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.

46.29.400 Installment payment of judgments—Default. (1) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.
   (2) The department shall not suspend a license or nonresident’s driving privilege, and shall restore any license or nonresident’s driving privilege suspended following nonpayment of a judgment, when the judgment debtor gives proof of financial responsibility and obtain such an order permitting the payment of such judgment in installments, and while the payment of any said installments is not in default. [1967 c 32 § 44; 1963 c 169 § 40.]

46.29.410 Action if breach of agreement. In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the department shall forthwith suspend the license or nonresident’s driving privilege of the judgment debtor until such judgment is satisfied, as provided in this chapter. [1967 c 32 § 45; 1963 c 169 § 41.]

46.29.420 Proof required in addition to deposit of security after accident. Any person required to deposit security under RCW 46.29.070, for the benefit or protection of another person injured or damaged in an accident, shall in addition be required to give proof of financial responsibility for the future. The department shall give written notice of such additional requirement to every such person at the time and in the manner provided in RCW 46.29.070 for giving notice of the requirement for security. [1963 c 169 § 42.]

46.29.430 Proof required in addition to deposit of security after accident—Suspension or revocation for failure to give proof. In the event that any person required to give proof of financial responsibility under RCW 46.29.420 fails to give such proof within ten days after the department has sent notice as hereinbefore provided, the department shall suspend, or continue in effect any existing suspension or revocation of, the license or any nonresident’s driving privilege of such person. [1967 c 32 § 46; 1963 c 169 § 43.]

46.29.440 Proof required in addition to deposit of security after accident—Suspension to continue until proof given and maintained. Such license or nonresident’s driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person or may issue a new license containing such restrictions. [1967 c 32 § 47; 1965 c 124 § 6; 1963 c 169 § 44.]

46.29.450 Alternate methods of giving proof. Proof of financial responsibility when required under this chapter, with respect to such a vehicle or with respect to a person who is not the owner of such a vehicle, may be given by filing:
   (1) A certificate of insurance as provided in RCW 46.29.460 or 46.29.470;
   (2) A bond as provided in RCW 46.29.520;
   (3) A certificate of deposit of money or securities as provided in RCW 46.29.550; or
   (4) A certificate of self-insurance, as provided in RCW 46.29.630, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, he will pay the same amounts that an insurer would have been obliged to pay under an owner’s motor vehicle liability policy if it had issued such a policy to said self-insurer. [1963 c 169 § 45.]

46.29.460 Certificate of insurance as proof. Proof of financial responsibility for the future may be furnished by filing with the department the written certificate of any insurance carrier duly authorized to do business in this state certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit
description or by appropriate reference all vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle. [1963 c 169 § 46.]

46.29.470 Certificate furnished by nonresident as proof. A nonresident may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the vehicle, or vehicles, owned by such nonresident is registered, or in the state in which such nonresident resides, if he does not own a vehicle, provided such certificate otherwise conforms with the provisions of this chapter, and the department shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

(1) Said insurance carrier shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state;

(2) Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued therein. [1963 c 169 § 47.]

46.29.480 Default by nonresident insurer. If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the department shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues. [1963 c 169 § 48.]

46.29.490 "Motor vehicle liability policy" defined. (1) Certification. A "motor vehicle liability policy" as said term is used in this chapter shall mean an "owner's policy" or an "operator's policy" of liability insurance, certified as provided in RCW 46.29.460 or 46.29.470 as proof of financial responsibility for the future, and issued, except as otherwise provided in RCW 46.29.470, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named therein as insured.

(2) Owner's policy. Such owner's policy of liability insurance:

(a) Shall designate by explicit description or by appropriate reference all vehicles with respect to which coverage is thereby to be granted; and

(b) Shall insure the person named therein and any other person, as insured, using any such vehicle or vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance or use of such vehicle or vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such vehicle as follows: Fifteen thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, thirty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and five thousand dollars because of injury to or destruction of property of others in any one accident.

(3) Operator's policy. Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(4) Required statements in policies. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided thereunder in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

(5) Policy need not insure workmen's compensation, etc. Such motor vehicle liability policy need not insure any liability under any workmen's compensation law nor any liability on account of bodily injury or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance or repair of any such vehicle nor any liability for damage to property owned by, rented to, in charge of or transported by the insured.

(6) Provisions incorporated in policy. Every motor vehicle liability policy shall be subject to the following provisions which need not be contained therein:

(a) The liability of the insurance carrier with respect to the insurance required by this chapter shall become absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy shall defeat or void said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

(c) The insurance carrier shall have the right to settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof shall be deductible from the limits of liability specified in subdivision (b) of subsection (2) of this section.

(d) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this chapter shall constitute the entire contract between the parties.

(7) Excess or additional coverage. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy and such excess or additional coverage shall not be subject to the provisions of this chapter.
With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" shall apply only to that part of the coverage which is required by this section.

(8) Reimbursement provision permitted. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

(9) Proration of insurance permitted. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(10) Multiple policies. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carrier which policies together meet such requirements.

(11) Binders. Any binder issued pending the issuance of a motor vehicle liability policy shall be deemed to fulfill the requirements for such a policy. [1967 ex.s. c 3 § 4; 1963 c 169 § 49.]

Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.

46.29.500 Notice of cancellation or termination of certified policy. When an insurance carrier has certified a motor vehicle liability policy under RCW 46.29.460 or 46.29.470 the insurance so certified shall not be canceled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified shall be filed in the department, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any vehicle designated in both certificates. [1963 c 169 § 50.]

46.29.510 Chapter not to affect other policies. (1) This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

(2) This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured’s employ or on his behalf of vehicles not owned by the insured. [1963 c 169 § 51.]

46.29.520 Bond as proof. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge of the superior court, which said bond shall be conditioned for payment of the amounts specified in RCW 46.29.260. Such bond shall be filed with the department and shall not be cancellable except after ten days written notice to the department. [1963 c 169 § 52.]

46.29.530 When bond shall constitute a lien. Before a bond with individual sureties is accepted by the department it shall be recorded as other instruments affecting real property in the county or counties wherein any real estate scheduled in such bond is located. Such bond shall constitute a lien from the date of such recording in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a vehicle of a type subject to registration under the laws of this state after such bond was filed. [1963 c 169 § 53.]

46.29.540 Action on bond. If a judgment, rendered against the principal on any bond described in RCW 46.29.520, shall not be satisfied within thirty days after it has become final, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. Such an action to foreclose a lien shall be prosecuted in the same manner as an action to foreclose a mortgage on real estate. [1963 c 169 § 54.]

46.29.550 Money or securities as proof. Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him thirty-five thousand dollars in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of thirty-five thousand dollars. The state treasurer shall not accept any such deposit and issue a certificate therefor and the department shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides. [1967 ex.s. c 3 § 5; 1963 c 169 § 55.]

Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.

46.29.560 Application of deposit. Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a vehicle of a type subject to registration under the laws of this state after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise
out of a suit for damages as aforesaid. Any interest or
other income accruing to such money or securities, so
deposited, shall be paid by the state treasurer to the de­
positor, or his order, as received. [1963 c 169 § 56.]

46.29.570 Owner may give proof for others. The
owner of a motor vehicle may give proof of financial re­
sponsibility on behalf of his employee or a member of
his immediate family or household in lieu of the fur­
nishing of proof by any said person. The furnishing of
such proof shall permit such person to operate only a
motor vehicle covered by such proof. The department
shall endorse appropriate restrictions on the license held
by such person, or may issue a new license containing
such restrictions. [1963 c 169 § 57.]

46.29.580 Substitution of proof. The department
shall consent to the cancellation of any bond or certifi­
cate of insurance or the department shall direct and the
state treasurer shall return any money or securities to
the person entitled thereto upon the substitution and ac­
ceptance of other adequate proof of financial responsi­
bility pursuant to this chapter. [1963 c 169 § 58.]

46.29.590 Other proof may be required. Whenever
any proof of financial responsibility filed under the pro­
visions of this chapter no longer fulfills the purposes for
which required, the department shall, for the purpose of
this chapter, require other proof as required by this
chapter and shall suspend the license and registration
pending the filing of such other proof. [1963 c 169 §
59.]

46.29.600 Duration of proof—When proof may be
canceled or returned. (Effective until July 1, 1980.) (1)
The department shall upon request consent to the im­
mediate cancellation of any bond or certificate of insur­
ance, or the department shall direct and the state
treasurer shall return to the person entitled thereto any
money or securities deposited pursuant to this chapter as
proof of financial responsibility, or the department shall
waive the requirement of filing proof, in any of the fol­
lowing events:

(a) At any time after three years from the date such
proof was required when, during the three-year period
preceding the request, the department has not received
record of a conviction, forfeiture of bail, or finding that
a traffic infraction has been committed which would re­
quire or permit the suspension or revocation of the li­
cense of the person by or for whom such proof was fur­
nished; or

(b) In the event of the death of the person on whose
behalf such proof was filed or the permanent incapacity
of such person to operate a motor vehicle; or

(c) In the event the person who has given proof sur­
renders his license to the department;

(2) Provided, however, that the department shall not
consent to the cancellation of any bond or the return of
any money or securities in the event any action for
damages upon a liability covered by such proof is then
pending or any judgment upon any such liability is then
unsatisfied, or in the event the person who has filed such
bond or deposited such money or securities has within
one year immediately preceding such request been in­
volved as a driver or owner in any motor vehicle accident
resulting in injury or damage to the person or property
of others. An affidavit of the applicant as to the nonex­
stistence of such facts, or that he has been released from
all of his liability, or has been finally adjudicated not to
be liable, for such injury or damage, shall be sufficient
evidence thereof in the absence of evidence to the con­
trary in the records of the department.

(3) Whenever any person whose proof has been can­
cceled or returned under subdivision (1)(c) of this section
applies for a license within a period of three years from
the date proof was originally required, any such applica­
tion shall be refused unless the applicant shall reestab­
lish such proof for the remainder of such three-year
period. [1963 c 169 § 60.]
the date proof was originally required, any such application shall be refused unless the applicant shall reestablish such proof for the remainder of such three-year period. [1979 1st ex.s. c 136 § 66; 1963 c 169 § 60.]

**Effective date—Severability—** 1979 1st ex.s. c 136: See notes following RCW 46.63.010.

**VIOLATIONS OF THIS CHAPTER**

**46.29.610** Surrender of license and registration—Penalty. (1) Any person whose license shall have been suspended under any provision of this chapter, or whose policy of insurance or bond, when required under this chapter, shall have been canceled or terminated, shall immediately return his license to the department. If any person shall fail to return to the department the license as provided herein, the department shall forthwith direct any peace officer to secure possession thereof and to return the same to the department.

(2) Any person wilfully failing to return license as required in paragraph (1) of this section shall be guilty of a misdemeanor. [1963 c 169 § 61.]

**46.29.620** Forged proof—Penalty. Any person who shall forge, or, without authority, sign any evidence of proof of financial responsibility for the future, or who files or offers for filing any such evidence of proof knowing or having reason to believe that it is forged or signed without authority, shall be guilty of a gross misdemeanor. [1963 c 169 § 62.]

**46.29.625** Driving when license suspended or revoked until proof of ability to respond in damages furnished—Penalty. Any person whose driver's license or other privilege to operate a motor vehicle has been suspended or revoked and restoration thereof or issuance of a new license is contingent upon the furnishing of proof of ability to respond in damages and who in the absence of full authorization from the director, drives a motor vehicle upon any highway shall be punished by imprisonment for not less than ten days nor more than six months and there may be imposed in addition thereto a fine of not more than five hundred dollars. [1969 ex.s. c 281 § 21.]

Revised license not to be renewed or restored until proof of financial responsibility given: RCW 46.20.311.

**MISCELLANEOUS PROVISIONS RELATING TO FINANCIAL RESPONSIBILITY**

**46.29.630** Self-insurers. (1) Any person in whose name more than twenty-five vehicles are registered in this state may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the department as provided in subsection (2) of this section.

(2) The department may, in its discretion, upon the application of such a person, issue a certificate of self-insurance when it is satisfied that such person is possessed and will continue to be possessed of ability to pay judgment obtained against such person. Such certificate may be issued authorizing a person to act as a self-insurer for either property damage or bodily injury, or both.

(3) Upon not less than five days' notice and a hearing pursuant to such notice, the department may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within thirty days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance. [1963 c 169 § 63.]

**46.29.640** Chapter not to prevent other process. Nothing in this chapter shall be construed as preventing the plaintiff in any action at law from relying for relief upon the other processes provided by law. [1963 c 169 § 64.]

**46.29.900** Construction—1963 c 169. RCW 46.29.010 through 46.29.640 shall be codified as a single chapter of the Revised Code of Washington. RCW 46.29.010 through 46.29.050 shall be captioned "ADMINISTRATION." RCW 46.29.060 through 46.29.240 shall be captioned "SECURITY FOLLOWING ACCIDENT." RCW 46.29.250 through 46.29.600 shall be captioned "PROOF OF FINANCIAL RESPONSIBILITY FOR THE FUTURE." RCW 46.29.610 through 46.29.620 shall be captioned "VIOLATIONS OF THIS CHAPTER." RCW 46.29.630 through 46.29.640 shall be captioned "MISCELLANEOUS PROVISIONS RELATING TO FINANCIAL RESPONSIBILITY." Such captions and subsection headings, as used in this chapter, do not constitute any part of the law. [1963 c 169 § 67.]

**46.29.910** Severability—1963 c 169. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1963 c 169 § 68.]

Reviser's note: Chapter 169, Laws of 1963 also amended RCW 46.52.130 and 46.52.140.

46.37.220 Multiple-beam road-lighting equipment. Except as hereinafter provided, the head lamps or the auxiliary driving lamp or the auxiliary passing lamp or combination thereof on motor vehicles shall be so arranged that the driver may select at will between distributions of light projected to different elevations, and such lamps may be so arranged that such selection can be made automatically subject to the following limitations:

(1) There shall be an uppermost distribution of light, or composite beam, so aimed and of such intensity as to reveal persons and vehicles at a distance of four hundred fifty feet ahead for all conditions of loading;

(2) There shall be a lowermost distribution of light, or composite beam, so aimed and of sufficient intensity to reveal persons and vehicles at a distance of one hundred fifty feet ahead; and on a straight level road under any conditions of loading none of the high intensity portion of the beam shall be directed to strike the eyes of an approaching driver;

(3) Every new motor vehicle registered in this state after January 1, 1948, which has multiple-beam road-lighting equipment shall be equipped with a beam indicator, which shall be lighted whenever the uppermost distribution of light from the head lamps is in use, and shall not otherwise be lighted. Said indicator shall be so designed and located that when lighted it will be readily visible without glare to the driver of the vehicle so equipped; [1977 ex.s. c 355 § 20; 1961 c 12 § 46.37.220. 46.37.230 Use of multiple-beam road-lighting equipment. (1) Whenever a motor vehicle is being operated on a roadway or shoulder adjacent thereto during the times specified in RCW 46.37.020, the driver shall use a distribution of light, or composite beam, directed high enough and of sufficient intensity to reveal persons and vehicles at a safe distance in advance of the vehicle, subject to the following requirements and limitations:

(2) Whenever a driver of a vehicle approaches an oncoming vehicle within five hundred feet, such driver shall use a distribution of light, or composite beam, so aimed that the glaring rays are not projected into the eyes of the oncoming driver. The lowermost distribution of light, or composite beam, specified in RCW 46.37.220(2) shall be deemed to avoid glare at all times, regardless of road contour and loading.

(3) Whenever the driver of a vehicle approaches another vehicle from the rear within three hundred feet such driver shall use a distribution of light permissible under this chapter other than the uppermost distribution of light specified in RCW 46.37.220(1). [1963 c 154 § 17; 1961 c 12 § 46.37.230. Prior: 1955 c 269 § 23; prior: 1947 c 267 § 5, part; Rem. Effective date—1963 c 154: See note following RCW 46.37.010.

46.37.240 Single-beam road-lighting equipment. Head lamp systems which provide only a single distribution of light shall be permitted on all farm tractors regardless of date of manufacture, and on all other motor vehicles manufactured and sold prior to one year after
March 18, 1955, in lieu of multiple-beam road-lighting equipment herein specified if the single distribution of light complies with the following requirements and limitations:

1) The head lamps shall be so aimed that when the vehicle is not loaded none of the high intensity portion of the light shall at a distance of twenty-five feet ahead project higher than a level of five inches below the level of the center of the lamp from which it comes, and in no case higher than forty-two inches above the level on which the vehicle stands at a distance of seventy-five feet ahead;

2) The intensity shall be sufficient to reveal persons and vehicles at a distance of at least two hundred feet. 

3) Flashing lights are prohibited except as required in RCW 46.37.190, 46.37.200, 46.37.210, and 46.37.300, and warning lamps authorized by the state commission on equipment. 

Effective date—1963 c 154: See note following RCW 46.37.010.

46.37.260 Alternate road lighting equipment. Any motor vehicle may be operated under the conditions specified in RCW 46.37.020 when equipped with two lighted lamps upon the front thereof capable of revealing persons and objects one hundred feet ahead in lieu of lamps required in RCW 46.37.220 or 46.37.240: Provided, however, That at no time shall it be operated at a speed in excess of twenty miles per hour. 

Effective date—1963 c 154: See note following RCW 46.37.010.

46.37.270 Number of lamps required. Number of additional lamps permitted. 1) At all times specified in RCW 46.37.020, at least two lighted lamps shall be displayed, one on each side at the front of every motor vehicle, except when such vehicle is parked subject to the regulations governing lights on parked vehicles.

2) Whenever a motor vehicle equipped with head lamps as herein required is also equipped with any auxiliary lamps or a spot lamp or any other lamp on the front thereof projecting a beam of intensity greater than three hundred candlepower, not more than a total of two of any such additional lamps on the front of a vehicle shall be lighted at any one time when upon a highway. 

Effective date—1977 ex.s. c 355: See note following RCW 46.37.010.

46.37.280 Special restrictions on lamps. 1) During the times specified in RCW 46.37.020, any lighted lamp or illuminating device upon a motor vehicle, other than head lamps, spot lamps, auxiliary lamps, flashing turn signals, emergency vehicle warning lamps, warning lamps authorized by the state commission on equipment and school bus warning lamps, which projects a beam of light of an intensity greater than three hundred candlepower shall be so directed that no part of the high intensity portion of the beam will strike the level of the roadway on which the vehicle stands at a distance of more than seventy-five feet from the vehicle.

2) It shall be unlawful to operate any snow-removal and other highway maintenance and service equipment on any highway unless the lamps thereon comply with and are lighted when and as required by the standards and specifications adopted as provided in this section.
46.37.310 Selling or using lamps or equipment. (1) On and after January 1, 1938, no person shall have for sale, sell or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer or semitrailer, or use upon any such vehicle any head lamp, auxiliary, or fog lamp, rear lamp, signal lamp or reflector, which reflector is required hereunder, or parts of any of the foregoing which tend to change the original design or performance, unless of a type which has been submitted to the state commission on equipment and approved by it.

(2) No person shall have for sale, sell or offer for sale for use upon or as a part of the equipment of a motor vehicle, trailer or semitrailer any lamp or device mentioned in this section which has been approved by the state commission on equipment unless such lamp or device bears thereon the trademark or name under which it is approved so as to be legible when installed.

(3) No person shall use upon any motor vehicle, trailer or semitrailer any lamps mentioned in this section unless said lamps are mounted, adjusted and aimed in accordance with instructions of the state commission on equipment. [1961 c 12 § 46.37.310. Prior: 1955 c 269 § 31; prior: 1937 c 189 § 30; RRS § 6360–30; RCW 46.40.180; 1929 c 178 § 12; 1927 c 309 § 35; RRS § 6362–35.]

46.37.320 Authority of state commission on equipment with reference to lighting devices (as amended by 1977 ex.s. c 20). (1) The state commission on equipment is hereby authorized to approve or disapprove lighting devices and to issue and enforce regulations establishing standards and specifications for the approval of such lighting devices, and their installation, adjustment, and aiming, when in use on motor vehicles. Such regulations shall correlate with and, so far as practicable, conform to the then current standards and specifications of the society of automotive engineers applicable to such equipment and to the headlamp standards established by the United Nations agreement concerning the adoption of approval and reciprocal recognition of approval for motor vehicle equipment and parts done at Geneva on March 20, 1958, as amended and adopted by the Canadian standards association (CSA standard D106.2): Provided, That the sale, installation, and use of any headlamp meeting the standards of either the society of automotive engineers or the United Nations agreement, as amended, shall be lawful in this state.

(2) The state commission on equipment is hereby required to approve or disapprove any lighting device, of a type on which approval is specifically required in this chapter, within a reasonable time after such approval has been submitted.

(3) The state commission on equipment is further authorized to set up the procedure which shall be followed when any device is submitted for approval.

(4) The state commission on equipment upon approving any such lamp or device shall issue to the applicant a certificate of approval together with any instructions determined by it.

(5) The state commission on equipment shall publish lists of all lamps, lighting devices, components, assemblies, or other safety equipment by name and type which have been approved by it. [1977 ex.s. c 355 § 25; 1961 c 12 § 46.37.320. 46.37.330 Revocation of certificate of approval on devices—Reapproval, conditions. (1) When the state commission on equipment has reason to believe that an approved device does not comply with the requirements of this chapter or regulations issued by the state commission on equipment, it may, after giving thirty days' previous notice to the person holding the certificate of approval for such device in this state, conduct a hearing upon the question of compliance of said approved device. After said hearing the state commission on equipment shall determine whether said approved device meets the requirements of this chapter and regulations issued by the commission. If said device does not meet the requirements of this chapter or the commission's regulations it shall give notice to the one to whom the certificate of approval has been issued of the commission's intention to suspend or revoke the certificate of approval for such device in this state.

(2) If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the state commission on equipment that said approved device as thereafter to be sold or offered for sale meets the requirements of this chapter or the commission's regulations, the state commission on equipment shall suspend or revoke the approval issued therefor and shall require the withdrawal of all such devices from the market and may require that all said devices sold since the notification be replaced with devices that do comply.

(3) When a certificate of approval has been suspended or revoked pursuant to this chapter or regulations by the state commission on equipment, the device shall not be again approved unless and until it has been submitted for reapproval and it has been demonstrated, in the same manner as in an application for an original approval,
that the device fully meets the requirements of this chapter or regulations issued by the state commission on equipment. The state commission on equipment may require that all previously approved items are being effectively recalled and removed from the market as a condition of reapproval. [1977 ex.s. c 355 § 26; 1961 c 12 § 46.37.330. Severability—1977 ex.s. c 355: See note following RCW 46.37.010.

46.37.340 Braking equipment required. Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of such vehicle operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(1) Service brakes—adequacy. Every such vehicle and combination of vehicles, except special mobile equipment as defined in RCW 46.04.552, shall be equipped with service brakes complying with the performance requirements of RCW 46.37.351 and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incidental to its operation.

(2) Parking brakes—adequacy. Every such vehicle and combination of vehicles shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by anchors, and mechanical brake shoe actuation mechanisms normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

(a) Trailers, semitrailers, or pole trailers of a gross weight not exceeding three thousand pounds, provided that:

(i) The total weight on and including the wheels of the trailer or trailers shall not exceed forty percent of the gross weight of the towing vehicle when connected to the trailer or trailers; and

(ii) The combination of vehicles consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of RCW 46.37.351;

(b) Trailers, semitrailers, or pole trailers manufactured and assembled prior to July 1, 1965, shall not be required to be equipped with brakes when the total weight on and including the wheels of the trailer or trailers does not exceed two thousand pounds;

(c) Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of RCW 46.37.351;

(d) Trucks and truck tractors having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. However, such trucks and truck tractors must be capable of complying with the performance requirements of RCW 46.37.351;

(e) Special mobile equipment as defined in RCW 46.04.552 and all vehicles designed primarily for off-highway use with braking systems which work within the power train rather than directly at each wheel;

(f) Vehicles manufactured prior to January 1, 1930, may have brakes operating on only two wheels.

(g) For a forklift manufactured after January 1, 1970, and being towed, wheels need not have brakes except for those on the rearmost axle so long as such brakes, together with the brakes on the towing vehicle, shall be adequate to stop the combination within the stopping distance requirements of RCW 46.37.351.

(4) Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of three thousand pounds, manufactured or assembled after January 1, 1964, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen minutes, upon breakaway from the towing vehicle.

(5) Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1964, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(6) Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1964, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(7) Two means of emergency brake operation.

(a) Air brakes. After January 1, 1964, every towing vehicle, when used to tow another vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, shall be equipped with two means for emergency application of the trailer brakes. One of these means shall apply the brakes automatically in the event...
of a reduction of the towing vehicle air supply to a fixed pressure which shall be not lower than twenty pounds per square inch nor higher than forty-five pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Vacuum brakes. After January 1, 1964, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (8) of this section, a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(8) Single control to operate all brakes. After January 1, 1964, every motor vehicle, trailer, semitrailer, and pole trailer, and every combination of such vehicles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control in the towing vehicle.

(9) Reservoir capacity and check valve.

(a) Air brakes. Every bus, truck, or truck tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without lowering such reservoir pressure by more than twenty percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(b) Vacuum brakes. After January 1, 1964, every truck with three or more axles equipped with vacuum assist type brakes and every truck tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reservoir capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than forty percent.

(c) Reservoir safeguarded. All motor vehicles, trailers, semitrailers, and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

(10) Warning devices.

(a) Air brakes. Every bus, truck, or truck tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the air reservoir pressure of the vehicle is below fifty percent of the air compressor governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(b) Vacuum brakes. After January 1, 1964, every truck tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than eight inches of mercury.

(c) Combination of warning devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement. [1979 c 11 § 1. 46.37.351 Performance ability of brakes. Every motor vehicle and combination of vehicles, at all times and under all conditions of loading, upon application of the service brakes, shall be capable of:

(1) Developing a braking force that is not less than the percentage of its gross weight tabulated herein for its classification,

(2) Decelerating to a stop from not more than twenty miles per hour at not less than the feet per second per second tabulated herein for its classification, and

(3) Stopping from a speed of twenty miles per hour in not more than the distance tabulated herein for its classification, such distance to be measured from the point at which movement of the service brake pedal or control begins.

(2) All passenger cars manufactured on or after January 1, 1968, and other types of vehicles manufactured on or after September 1, 1975, shall be equipped with brake system failure indicator lamps which shall be maintained in good working order. The brake system shall demonstrate good working order and integrity by the application of a force of one hundred twenty-five pounds to the brake pedal for ten seconds without the occurrence of any of the following:

(i) Illumination of the brake system failure indicator lamp;

(ii) A decrease of more than eighty percent of service brake pedal height as measured from its free position to the floorboard or any other object which restricts service brake pedal travel;

(iii) Failure of any hydraulic line or other part.

(3) Brake hoses shall not be mounted so as to contact the vehicle body or chassis. In addition, brake hoses shall not be cracked, chafed, flattened, abraded, or visibly leaking. Protection devices such as "rub rings" shall not be considered part of the hose or tubing.

(4) Disc and drum condition. If the drum is embossed with a maximum safe diameter dimension or the rotor is embossed with a minimum safety thickness dimension, the drum or disc shall be within the appropriate specifications. These dimensions will be found on motor vehicles manufactured since January 1, 1971, and may be found on vehicles manufactured for several years prior to that time. If the drums and discs are not embossed, the drums and discs shall be within the manufacturer's specifications.

(5) Friction materials. On each brake the thickness of the lining or pad shall not be less than one thirty-second of an inch over the rivet heads, or the brake shoe on bonded linings or pads. Brake linings and pads shall not have cracks or breaks that extend to rivet holes except minor cracks that do not impair attachment. Drum brake linings shall be securely attached to brake shoes. Disc brake pads shall be securely attached to shoe plates.

(6) Backing plates and caliper assemblies shall not be deformed or cracked. System parts shall not be broken, misaligned, missing, binding, or show evidence of severe wear. Automatic adjusters and other parts shall be assembled and installed correctly. [1977 ex.s. c 355 § 28; 1961 c 12 § 46.37.360. 46.38.020 Legislative findings. The legislature finds that:

(1) The public safety necessitates the continuous development, modernization and implementation of standards and requirements of law relating to vehicle equipment, in accordance with expert knowledge and opinion.

(2) The public safety further requires that such standards and requirements be uniform from jurisdiction to jurisdiction, except to the extent that specific and compelling evidence supports variation.

(3) The state commission on equipment, acting upon recommendations of the vehicle equipment safety commission and pursuant to the vehicle equipment safety compact provides a just, equitable and orderly means of promoting the public safety in the manner and within the scope contemplated by this chapter. [1963 c 204 § 4.]
ARTICLE I
FINDINGS AND PURPOSES

(a) The party states find that:

(1) School transportation is an integral part of our education systems. The increasing volume of traffic on streets and highways, with larger numbers of school children being transported each year, presents a serious problem in safety that requires regulation and control.

(2) During recent years the various states have each developed their own rules, regulations and standards which govern the operation of school buses in the individual states, thus creating vast differences in construction standards and operational procedures.

(3) Standardization by means of interstate cooperation, exchange of information, and the promulgation of uniform practices among the states can do much to mitigate present hazards and at the same time generate cost reductions and improved service.

(b) The purposes of this compact are to:

(1) Promote uniformity in regulation of and standards for school bus equipment.

(2) Secure uniformity of law and administrative practices in school bus vehicle regulation and related safety standards, incorporating desirable equipment changes in the interest of greater school bus safety.

(3) Establish a means whereby the states party to this compact shall jointly agree on certain school bus minimum standards and procedures including, without limitation by the enumeration, the following:

(i) Items which affect the motorist, such as use of lights, signs, and signaling devices that control traffic;

(ii) Procedural activities of school bus drivers in controlling traffic; and in the loading and unloading of buses;

(iii) Construction and other specifications which can lead to lower initial costs and the interchangeability of school buses among states;

(iv) A framework within which the party states may develop uniform driver training programs; and

(v) Development of accurate and uniform accident statistical reporting among the party states.

(4) Encourage and utilize research which will facilitate achievement of the foregoing purposes, with due regard for the findings set forth in subsection (a) of this Article.

(5) It is recognized that there are inherent differences in transportation needs in each of the party states. It shall not be the purpose of this compact to abridge, impair or adversely affect the jurisdiction or authority of the individual states to regulate and control their own school transportation systems.

(6) Investigate the safety and economic advantage of children being transported.

ARTICLE II
DEFINITIONS

(a) "State" means a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, and any other special commonwealth as may be established by the Government of the United States.

A majority vote of the quorum will be required to adopt any measure before the Commission. The commissioners representing the United States Government shall act in an advisory capacity and shall not have voting powers.

(c) The Commission shall have a seal.

(i) The Commission shall adopt bylaws, rules, and regulations for the conduct of its business, and shall have the power to amend and rescind these bylaws, rules, and regulations. The Commission shall publish its bylaws, rules, and regulations in convenient form and shall file a copy thereof and shall also file a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(j) The Commission annually shall make to the governor and the legislature of each party state, a report covering the activities of the Commission for the preceding year, and embodying such recommendations as may have been adopted by the Commission. The initial rate of payment shall be figured at $0.50 per bus, provided that no state shall contribute less than $500.00 per annum. The annual contribution of each state above the minimum shall be figured to the nearest
one hundred dollars. Subsequent budgets shall be determined by the Commission, and the cost thereof allocated in the same proportion as the initial budget.

(b) The Commission may accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services (conditional and otherwise) from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation, and may receive, utilize and dispose of the same.

(b) It is the purpose of this compact to provide the necessary legal basis for implementation and adoption by each party state of the standardized rules, regulations and specifications as adopted by the Commission. Consistent with the laws of each party state, there shall be a "compact administrator" who, acting jointly with like officials of other party states, shall promulgate necessary rules, regulations and specifications within that state to carry out the actions and directives of the Commission.

(c) Any state party to this compact may, by legislative act after one year's notice to the Commission, withdraw from the compact. The compact may also be terminated at any time by the unanimous agreement of the several party states. Withdrawal shall not relieve a state from its obligations hereunder prior to the effective withdrawal date.

(d) If any state shall at any time default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by and in compliance with the terms and provisions of this compact, all rights, privileges and benefits of such defaulting state and its members on the Commission shall be suspended after the date of such default. Such suspension shall in no manner release such defaulting state from any accrued obligation or otherwise affect this compact or the rights, duties, privileges or obligations of the remaining states thereunder.

ARTICLE VII
SEVERABILITY

(a) The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be unconstitutional or the applicability thereof to any state, agency, person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to any other state, agency, person or circumstances shall not be affected thereby. Annually the Washington commissioners shall elect a chairman from their own membership who shall serve for one year commencing July 1. Election as chairman shall not interfere with the member's right to vote on all matters before the Washington commissioners. The Washington commissioners may by majority vote designate one of their members to represent the state on any matter coming before the Western states school bus safety commission. [1977 ex.s. c 88 § 2.]

46.44.020 Maximum height—Impaired clearance signs. It shall be unlawful for any vehicle unladen or with load to exceed a height of fourteen feet above the level surface upon which the vehicle stands: Provided, That this height limitation shall not apply to authorized emergency vehicles or repair equipment of a public utility engaged in reasonably necessary operation. The provisions of this section shall not relieve the owner or operator of a vehicle or combination of vehicles from the exercise of due care in determining that sufficient vertical clearance is provided upon the public highways where such vehicle or combination of vehicles is being operated; and no liability shall attach to the state or to any county, city, town, or other political subdivision by reason of any damage or injury to persons or property by reason of the existence of any structure over or across any public highway where the vertical clearance above the roadway is fourteen feet or more; or, where such vertical clearance is less than fourteen feet, if impaired clearance signs of a design approved by the Washington state highway commission are erected and maintained on the right side of any such public highway in accordance with the manual of uniform traffic control devices for streets and highways as adopted by the Washington state highway commission pursuant to chapter 47.36 RCW.

46.44.030 Maximum lengths. It is unlawful for any person to operate upon the public highways of this state any vehicle other than a municipal transit vehicle having an overall length, with or without load, in excess of forty feet: Provided, That an auto stage or school bus shall not exceed an overall length, inclusive of front and rear bumpers, of forty feet: Provided further, That any such school bus constructed prior to April 1, 1977, shall be equipped with three axles: Provided further, That any school bus constructed on or after April 1, 1977, and in excess of thirty-six feet six inches shall be equipped with three axles: Provided further, That the route of any auto stage in excess of thirty-five feet or school bus in excess of thirty-six feet six inches upon or across the public highways shall be limited as determined by the department of transportation for state highways, or by the local legislative authority for other public roads.

It is unlawful for any person to operate on the highways of this state any combination of vehicles which contains a vehicle of which the permanent structure is in excess of forty-five feet.

It is unlawful for any person to operate upon the public highways of this state any combination consisting of a nonstinger steered tractor and semitrailer which has an overall length in excess of sixty-five feet.

It is unlawful for any person to operate on the highways of this state any combination consisting of a truck and trailer, or any lawful combination of three vehicles, with an overall length, with or without load, in excess of sixty-five feet, or a combination consisting of a tractor and a stinger steered semitrailer which has an overall length in excess of sixty-five feet without load or in excess of seventy feet with load.

"Stinger steered" as used in this section shall mean a tractor and semitrailer combination which has the coupling connecting the semitrailer to the tractor located to the rear of the center line of the rear axle of the tractor.

These length limitations shall not apply to vehicles transporting poles, pipe, machinery or other objects of a structural nature which cannot be dismembered and operated by a public utility when required for emergency
repair of public service facilities or properties but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of such load. 46.44.034 Maximum lengths—Front and rear protrusions. The load, or any portion of any vehicle, operated alone upon the public highway of this state, or the load, or any portion of the front vehicle of a combination of vehicles, shall not extend more than three feet beyond the front wheels of such vehicle, or the front bumper, if equipped with front bumper.

No vehicle shall be operated upon the public highways with any part of the permanent structure or load extending in excess of fifteen feet beyond the center of the last axle of such vehicle. [1961 c 12 § 46.44.034. Prior: 1957 c 273 § 15; 1951 c 269 § 24; prior: 1949 c 221 § 1, part; 1947 c 200 § 5, part; 1941 c 116 § 1, part; 1937 c 189 § 49, part; Rem. Supp. 1949 § 6360-49, part.]

46.44.036 Combination of units—Limitation. Except as provided in RCW 46.44.037, it is unlawful for any person to operate upon the public highways of this state any combination of vehicles consisting of more than two vehicles. For the purposes of this section a truck tractor–semitrailer or pole trailer combination will be considered as two vehicles but the addition of another axle to the tractor of a truck tractor–semitrailer or pole trailer combination in such a way that it supports a proportional share of the load of the semitrailer or pole trailer shall not be deemed a separate vehicle but shall be considered a part of the truck tractor. For the purposes of this section a converter gear used in converting a semitrailer to a full trailer shall not be deemed a separate vehicle but shall be considered a part of the trailer. [1975-'76 2nd ex.s. c 64 § 8; 1961 c 12 § 46.44.036. Prior: 1955 c 384 § 2; 1951 c 269 § 23; prior: 1949 c 221 § 1, part; 1947 c 200 § 5, part; 1941 c 116 § 1, part; 1937 c 189 § 49, part; Rem. (1) A combination consisting of a truck tractor, a semitrailer, and another semitrailer or a full trailer. In this connection a converter gear used to convert a semitrailer into a full trailer shall be considered to be a part of the full trailer and not a separate vehicle. A converter gear being pulled without load and not used to convert a semitrailer into a full trailer may be substituted in lieu of a full trailer or a semitrailer in any lawful combination;

(2) A combination consisting of three trucks or truck tractors used in driveway service where two of the vehicles are towed by the third in double saddlemount position. [1979 1st ex.s. c 149 § 3; 1975-'76 2nd ex.s. c 64 § 9; 1965 ex.s. c 170 § 37; 1963 ex.s. c 3 § 53; 1961 c 12 § 46.44.037. Prior: 1957 c 273 § 16; 1955 c 384 § 3.]

When inches are involved: Under six inches take lower, six inches or over take higher. The maximum load on any axle in any group of axles shall not exceed 1.2 times the load given in the above table divided by the number of axles in that group, and shall not exceed the single axle or tandem axle allowance as set forth elsewhere. For considering the number of axles in a group, the front axle of a unit supplying motive power need not be included in the axle group.

The maximum axle and gross weights specified in this section are subject to the braking requirements set up for the service brakes upon any motor vehicle or combination of vehicles as provided by law.

It is unlawful to operate upon the public highways any single unit vehicle, supported upon three axles or more with a gross weight including load in excess of forty thousand pounds or any combination of vehicles having a gross weight in excess of eighty thousand pounds without first obtaining an additional tonnage permit as provided for in RCW 46.44.095: Provided, That when a combination of vehicles has purchased license tonnage in excess of seventy-two thousand pounds as provided by law.
RCW 46.16.070, such excess license tonnage may be applied to the power unit subject to limitations of RCW 46.44.052 and this section when such vehicle is operated without a trailer.

It is unlawful to operate any vehicle upon the public highways equipped with two axles spaced less than seven feet apart, unless the two axles are so constructed and mounted in such a manner as to provide oscillation between the two axles and that either one of the two axles will not at any one time carry more than the maximum gross weight allowed for one axle specified in this section.

Notwithstanding anything contained herein, a vehicle or combination of vehicles in operation on January 4, 1975, may operate upon the public highways of this state, including the interstate system within the meaning of section 127 of Title 23, United States Code, with an overall gross weight upon a group of two consecutive sets of dual axles which was lawful in this state under the laws, regulations and procedures in effect in this state on January 4, 1975. [1977 c 81 § 2; 1975-’76 2nd ex.s. c 64 § 22.]

Effective dates—Severability—1975-’76 2nd ex.s. c 64: See notes following RCW 46.16.070.

46.44.042 Maximum gross weights—Tire factor. Subject to the maximum gross weights specified in RCW 46.44.041, it is unlawful to operate any vehicle upon the public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of five hundred fifty pounds per inch width of such tire, up to a maximum width of twelve inches, and for a tire having a width of twelve inches or more there shall be allowed a twenty percent tolerance above five hundred fifty pounds per inch width of such tire. For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon. [1975-’76 2nd ex.s. c 64 § 10; 1961 c 12 § 46.44.042. Prior: 1959 c 319 § 27; 1951 c 269 § 27; prior: 1949 c 221 § 2, part; 1947 c 200 § 6, part; 1941 c 116 § 2, part; 1937 c 189 § 50, part; Rem. 46.44.047 Excess weight—Logging trucks—Special permits—County or city permits—Fees—Discretion of arresting officer. (Effective until July 1, 1980.) A three axle truck tractor and a two axle pole trailer combination engaged in the operation of hauling logs may exceed by not more than six thousand eight hundred pounds the legal gross weight of the combination of vehicles when licensed, as permitted by law, for sixty-eight thousand pounds: Provided, That the distance between the first and last axle of the vehicles in combination shall have a total wheelbase of not less than thirty-seven feet, and the weight upon two axles spaced less than seven feet apart shall not exceed thirty-three thousand six hundred pounds.

Such additional allowances shall be permitted by a special permit to be issued by the state highway commission valid only on state primary or secondary highways authorized by the state highway commission and under such rules, regulations, terms, and conditions prescribed by the state highway commission. The fee for such special permit shall be fifty dollars for a twelve-month period beginning and ending on April 1st of each calendar year. Permits may be issued at any time, but if issued after July 1st of any year the fee shall be thirty-seven dollars and fifty cents. If issued on or after October 1st the fee shall be twenty-five dollars, and if issued on or after January 1st the fee shall be twelve dollars and fifty cents. A copy of such special permit covering the vehicle involved shall be carried in the cabin of the vehicle at all times. Upon the third conviction within the duration of the permit for violation of the terms and conditions of the special permit, the special permit shall be canceled. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a three-axle truck tractor in combination with a two-axle pole trailer. When the highway commission issues a duplicate permit to replace a lost or destroyed permit and where the highway commission transfers a permit, a fee of five dollars shall be charged for each such duplicate issued or each such transfer.

All fees collected hereinafter shall be deposited with the state treasurer and credited to the motor vehicle fund.

Permits involving city streets or county roads or using city streets or county roads to reach or leave state highways, authorized for permit by the state highway department may be issued by the city or county or counties involved. A fee of five dollars for such city or county permit may be assessed by the city or by the board of county commissioners which shall be deposited in the city or county road fund. The special permit provided for herein shall be known as a "log tolerance permit" and shall designate the route or routes to be used, which shall first be approved by the city or county engineer involved. Authorization of additional route or routes may be made at the discretion of the city or county by amending the original permit or by issuing a new permit. Said permits shall be issued on a yearly basis expiring on March 31st of each calendar year. Any person, firm, or corporation who uses any city street or county road for the purpose of transporting logs with weights authorized by state highway log tolerance permits, to reach or leave a state highway route, without first obtaining a city or county permit when required by the city or board of county commissioners shall be subject to the penalties.
prescribed by RCW 46.44.105. For the purpose of determining gross weight the actual scale weight taken by the officer shall be prima facie evidence of such total gross weight. In the event the gross weight is in excess of the weight permitted by law, the officer may, within his discretion, permit the operator to proceed with his vehicles in combination.

The chief of the state patrol, with the advice of the state highway commission, may make reasonable rules and regulations to aid in the enforcement of the provisions of this section. 46.44.049 Effect of weight on highways—Study authorized. The highway commission is authorized to make and enter into agreements with the federal government or any state or group of states or agencies thereof, or any nonprofit association, on a joint or cooperative basis, to study, analyze or test the effects of weight on highway construction. Such studies or tests may be made either by designating existing highways or the construction of test strips including natural resource roads to the end that a proper solution of the many problems connected with the imposition on highways of motor vehicle weights may be determined.

Such studies may include the determination of values to be assigned various highway-user groups according to their gross weight or use. [1961 c 12 § 46.44.049. Prior: 1951 c 269 § 47.]

46.44.080 Local regulations—State highway regulations. Local authorities with respect to public highways under their jurisdiction may prohibit the operation thereon of motor trucks or other vehicles or may impose limits as to the weight thereof, or any other restrictions as may be deemed necessary, whenever any such public highway by reason of rain, snow, climatic or other conditions, will be seriously damaged or destroyed unless the operation of vehicles thereon be prohibited or restricted or the permissible weights thereof reduced: Provided, That whenever a highway has been closed generally to vehicles or specified classes of vehicles, local authorities shall by general rule or by special permit authorize the operation thereon of school buses, emergency vehicles, and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under such weight and speed restrictions as the local authorities deem necessary to protect the highway from undue damage: Provided further, That the governing authorities of incorporated cities and towns shall not prohibit the use of any city street designated by the transportation commission as forming a part of the route of any primary state highway through any such incorporated city or town by vehicles or any class of vehicles or impose any restrictions or reductions in permissible weights unless such restriction, limitation, or prohibition, or reduction in permissible weights be first approved in writing by the department of transportation.

The local authorities imposing any such restrictions or limitations, or prohibiting any use or reducing the permissible weights shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained signs designating the provisions of the ordinance or resolution in each end of the portion of any public highway affected thereby, and no such ordinance or resolution shall be effective unless and until such signs are erected and maintained.

The department shall have the same authority as hereinabove granted to local authorities to prohibit or restrict the operation of vehicles upon state highways. The department shall give public notice of closure or restriction. 46.44.091 Special permits for oversize or overweight movements—Gross weight limit. (1) Except as otherwise provided in subsections (3) and (4) of this section, no special permit shall be issued for movement on any state highway or route of a state highway within the limits of any city or town where the gross weight, including load, exceeds the following limits:

(a) Twenty-two thousand pounds on a single axle or on dual axles with a wheelbase between the first and second axles of less than three feet six inches;

(b) Forty-three thousand pounds on dual axles having a wheelbase between the first and second axles of not less than three feet six inches but less than seven feet;

(c) On any group of axles or in the case of a vehicle employing two single axles with a wheel base between the first and last axle of not less than seven feet but less than ten feet, a weight in pounds determined by multiplying six thousand five hundred times the distance in feet between the center of the first axle and the center of the last axle of the group;

(d) On any group of axles with a wheel base between the first and last axle of not less than ten feet but less than thirty feet, a weight in pounds determined by multiplying two thousand two hundred times the sum of twenty and the distance in feet between the center of the first axle and the center of the last axle of the group;

(e) On any group of axles with a wheel base between the first and last axle of thirty feet or greater, a weight in pounds determined by multiplying one thousand six hundred times the sum of forty and the distance in feet between the center of the first axle and the center of the last axle of the group.

(2) The total weight of a vehicle or combination of vehicles allowable by special permit under subsection (1) of this section shall be governed by the lesser of the weights obtained by using the total number of axles as a group or any combination of axles as a group.

(5) Application shall be made in writing on special forms provided by the department of transportation and shall be submitted at least thirty-six hours in advance of the proposed movement. An application for a special permit for a gross weight of any combination of vehicles exceeding two hundred thousand pounds shall be submitted in writing to the department of transportation at least thirty days in advance of the proposed movement. ### 46.44.095 Annual additional tonnage permits

**Fees.** Until December 31, 1976, a combination of vehicles lawfully licensed to a total gross weight of seventy-two thousand pounds, and a three or more axle single unit vehicle lawfully licensed to a total gross weight of forty thousand pounds, and on January 1, 1977, and thereafter, when a combination of vehicles has been lawfully licensed to a total gross weight of eighty thousand pounds and when a three or more axle single unit vehicle has been lawfully licensed to a total gross weight of forty thousand pounds pursuant to provisions of RCW 46.44.041, a permit for additional gross weight may be issued by the department of transportation upon the payment of thirty-seven dollars and fifty cents per year for each one thousand pounds or fraction thereof of such additional gross weight: Provided, That the tire limits specified in RCW 46.44.042 shall apply, and the gross weight on any single axle shall not exceed twenty thousand pounds, and the gross load on any group of axles shall not exceed the limits set forth in RCW 46.44.041: Provided further, That an additional two thousand pounds may be purchased for an amount not to exceed thirty dollars per thousand for the rear axle of a two-axle garbage truck. Such additional weight shall not be valid or permitted on any part of the federal interstate highway system where the maximum single axle load shall not exceed twenty thousand pounds.

The annual additional tonnage permits provided for in this section shall be issued upon such terms and conditions as may be prescribed by the department pursuant to general rules adopted by the transportation commission. Such permits shall entitle the permittee to carry such additional load in such an amount and upon such highways or sections of highways as may be determined by the department of transportation to be capable of withstanding such increased gross load without undue injury to the highway: Provided, That the permits shall not be valid on any highway where the use of such permits would deprive this state of federal funds for highway purposes.

The annual additional tonnage permits provided for in this section shall commence on the first of January of each year. The permits may be purchased at any time, and if they are purchased for less than a full year, the fee shall be one-twelfth of the full fee multiplied by the number of months, including any fraction thereof, covered by the permit. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit from one vehicle to another a fee of five dollars shall be charged for each such duplicate issued or each such transfer. The department of transportation shall issue such permits on a temporary basis for periods not less than five days at one dollar per day for each two thousands pounds or fraction thereof.

The fees levied in RCW 46.44.0941 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state or any city or town or metropolitan municipal corporation within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.85 RCW the fees provided for in this section shall be computed by the department of transportation by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.85 RCW to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

The department of transportation shall prorate the fees provided in this section only if the name of the operator or owner is submitted on official listings of authorized fleet operators furnished by the department of licensing. Listings furnished shall also include the percentage of mileage operated in Washington which shall be the same percentage as determined by the department of licensing, for purposes of prorating license fees. [1979 c 158 § 159; 1977 ex.s. c 151 § 33; 1975–76 2nd ex.s. c
46.44.096 Special permits for oversize or overweight movements—Determining fee—To whom paid. In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of highways and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible; when a movement involves a combination of state highways and county roads, and/or city streets the fee shall be paid to the state highway commission. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a movement involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible.

If, pursuant to RCW 46.44.090, cities or counties issue additional tonnage permits similar to those provided for issuance by the state highway commission in RCW 46.44.095, the state highway commission shall authorize the use of such additional tonnage permits on state highways subject to the following conditions:

1. The owner of the vehicle covered by such permit shall establish to the satisfaction of the state highway department that the primary use of the vehicle is on the streets or roads of the city or county issuing the additional tonnage permit;

2. That the fees paid for such additional tonnage are not less than those established in RCW 46.44.095;

3. That the city or county issuing such permit shall allow the use of permits issued by the state pursuant to RCW 46.44.095 on the streets or roads under its jurisdiction;

4. That all of the provisions of RCW 46.44.042 and 46.44.041 shall be observed.

When the department of highways is satisfied that the above conditions have been complied with the state highway department by suitable endorsement on the permit shall authorize its use on such highways as the state highway commission has authorized for such permits pursuant to RCW 46.44.095, and all such use of such highways shall be subject to whatever rules and regulations the state highway commission has adopted for such permits. [1975–76 2nd ex.s. c 248 § 4; 1969 ex.s. c 281 § 31; 1961 c 12 § 46.44.096. 46.44.098 Increase in federal limits on sizes and weights—Commission authorized to allow increases. In the event the congress of the United States further amends section 127, Title 23 of the United States Code, authorizing increased sizes and weights, the Washington state highway commission may authorize the operation of vehicles and combinations of vehicles upon completed portions of the interstate highway system and other designated state highways as the commission may authorize if determined to be capable of accommodating the increased sizes and weights in excess of those prescribed in RCW 46.44.041, or as provided in RCW 46.44.010 and 46.44.037. Such permitted increases shall not in any way exceed the federal limits which would jeopardize the state’s allotment of federal funds. [1975–76 2nd ex.s. c 64 § 19; 1965 c 38 § 1.]

Reviser’s note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Terms "Washington state highway commission" and "commission" mean department of transportation; see RCW 47.04.015.

46.44.100 Enforcement—Weighing and lightening. Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing of the same either by means of a portable or stationary scale and may require that such vehicle be driven to the nearest public scale.
Whenever a police officer, upon weighing a vehicle and load, as above provided, determines that the weight is unlawful, such officer may, in addition to any other penalty provided, require the driver to stop the vehicle in a suitable place and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of such vehicle to such limit as permitted under this chapter. Provided, That in the event such vehicle is loaded with grain or other perishable commodities, the driver shall be permitted to proceed without removing any of such load, unless the gross weight of the vehicle and load exceeds by more than ten percent the limit permitted by this chapter. All materials unloaded shall be cared for by the owner or operator of such vehicle at the risk of such owner or operator.

It shall be unlawful for any driver of a vehicle to fail or refuse to stop and submit the vehicle and load to a weighing, or to fail or refuse, when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section. [1971 ex.s. c 148 § 2; 1967 c 32 § 52; 1961 c 12 § 46.44.100. Prior: 1937 c 189 § 56; RRS § 6360-56.]

46.44.105 Enforcement provisions—Fines, penalties, suspensions and forfeitures—Jurisdiction—Disposition of fines—Confiscation, revocation, and cancellation of permits—Rules. (Effective until July 1, 1980.) (1) Any person violating any of the provisions of RCW 46.44.042, 46.44.047, 46.44.090, 46.44.091, 46.44.095, and 46.44.041, or who fails to obtain a permit as provided by RCW 46.44.090 and 46.44.095, or misrepresents the size or weight of any load or does not follow the requirements and conditions of a permit issued hereunder shall be guilty of a misdemeanor, and upon first conviction thereof shall be fined a basic fine of not less than fifty dollars; and upon second conviction thereof shall be fined a basic fine of not less than seventy-five dollars; and upon a third or subsequent conviction shall be fined a basic fine of not less than one hundred dollars.

(2) In addition to the fines levied in subsection (1) of this section any person violating RCW 46.44.042, 46.44.047, 46.44.090, 46.44.091, 46.44.095, or 46.44.041 shall be fined three cents for each pound of excess weight: Provided, That upon a first violation in any calendar year, the court may suspend the fine for five hundred pounds of excess weight for each axle on any vehicle or combination of vehicles, not to exceed a two thousand pound suspension. In no case shall the basic fine levied in subsection (1) of this section be suspended.

(3) Whenever any vehicle or combination of vehicles is involved in two violations of RCW 46.44.042, 46.44.047, 46.44.090, 46.44.091, 46.44.095, or 46.44.041 during any twelve month period, the court may suspend the certificate of license registration of the vehicle or combination of vehicles for not less than thirty days. Upon a third or succeeding violation in any twelve month period, the court shall suspend the certificate of license registration for not less than thirty days. For purposes of this section, bail forfeiture shall be given the same effect as a conviction. Whenever the certificate of license registration is suspended, the court shall secure such certificate and immediately forward the same to the director with information concerning the suspension.

(4) Any person convicted of violating any posted limitations of a highway or section of highway shall be fined not less than one hundred and fifty dollars, and the court shall in addition thereto upon second violation within a twelve month period involving the same power unit, suspend the certificate of license registration for not less than thirty days.

(5) Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing either by means of a portable or stationary scale and may require that such vehicle be driven to the nearest public scale. Whenever a police officer, upon weighing a vehicle and load, determines that the weight is unlawful, such officer may require the driver to stop the vehicle in a suitable location and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to such limit as permitted by law.

Any vehicle whose driver or owner represents that the vehicle is disabled or otherwise unable to proceed to a weighing location shall have its load sealed or otherwise marked by any police officer. The owner or driver shall be directed that upon completion of repairs, the vehicle shall submit to weighing with the load and markings and/or seal intact and undisturbed. Failure to report for weighing, appearing for weighing with the seal broken or the markings disturbed, or removal of any cargo prior to weighing shall be unlawful. Any person so convicted shall be fined five hundred dollars, and in addition the certificate of license registration shall be suspended for not less than thirty days.

(6) Any other provision of law to the contrary notwithstanding, justice courts having venue shall have concurrent jurisdiction with the superior courts for the imposition of any penalties authorized under this section.

(7) For the purpose of determining additional fines as provided by subsection (2) of this section, "excess weight" shall mean the poundage in excess of the maximum gross weight prescribed by RCW 46.44.042 and 46.44.041 plus the weights allowed by RCW 46.44.047, 46.44.091, and 46.44.095.

(8) The basic fine provided in subsection (1) of this section shall be distributed as prescribed in RCW 46.68.050. Provided, That all fees, fines, forfeitures, and penalties collected or assessed by a justice court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as it now exists or is later amended. For the purpose of computing the basic fines and additional fines to be imposed under the provisions of subsections (1) and (2) of this section the convictions shall be on the same vehicle or combination of vehicles within a twelve month period under the same ownership.

(9) The additional fine for excess poundage provided in subsection (2) of this section shall be transmitted by the court to the county treasurer and by him transmitted to the state treasurer for deposit in the motor vehicle fund: Provided, That all fees, fines, forfeitures, and penalties collected or assessed by a justice court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as it now exists or is later
amended. It shall then be allocated annually on or before June 30th of each year in the amounts prescribed in RCW 46.68.100 as now or hereafter amended.

(10) Any state patrol officer or any weight control officer who shall find any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.037, 46.44.090, and 46.44.095 may confiscate such permit and forward the same to the state highway commission which may return it to the permittee or revoke, cancel, or suspend it without refund. The state highway commission shall keep a record of all action taken upon permits so confiscated, and if a permit shall be returned to the permittee the action taken by the commission shall be endorsed thereon. Any permittee whose permit is suspended or revoked may upon request receive a hearing before the commission or person designated by the commission. The commission after such hearing may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third conviction within a calendar year for violation of the requirements and conditions of a permit issued under RCW 46.44.095 as now or hereafter amended, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of highways, and for the purposes of this section bail forfeiture shall be considered to be a conviction. The vehicle covered by such canceled permit shall not be eligible for a new permit for a period of thirty days.

(11) For the purposes of determining gross weights the actual scale weight taken by the arresting officer shall be prima facie evidence of such total gross weight.

The chief of the state patrol, with the advice of the state highway commission, may adopt reasonable rules to aid in the enforcement of the provisions of this section. [1975-76 2nd ex.s. c 64 § 23.]

46.52.106 Owner of record presumed liable for costs when vehicle or hulk abandoned—Exception. When any vehicle or hulk is left on the highway such that the vehicle or hulk may be removed under RCW 46.52.170 through 46.52.190 or 46.61.565 there is a prima facie presumption that the last owner of record is responsible for such action and thus liable for any costs incurred in removing, storing, and disposing of such vehicle or hulk. A registered owner who has complied with the requirements of RCW 46.52.104 in the transfer of ownership of the vehicle or hulk shall be relieved of liability under this section and under RCW 46.52.190. (2) Application for an abandoned vehicle disposer registration shall be made on forms furnished by the department of licensing and shall be signed by the applicant or his agent and shall include the following information:

(a) Name and address of the person, firm, partnership, association, or corporation under the name the business is to be conducted;

(3) Before issuing a license to a registered disposer the department shall require the applicant to file with the department a surety bond in the amount of three thousand dollars running to the state and executed by a surety company authorized to do business in the state. Such bonds shall be approved as to form by the attorney general and conditioned that such registered disposer shall conduct his business in conformity with the provisions of this chapter pertaining to vehicles, abandoned vehicles, or abandoned vehicle hulks, and to compensate any person, company, or the state for failure to comply with this chapter, or for fraud, negligence, or misrepresentation in the handling of these vehicles. Injured parties shall have the right to institute an action for recovery against the registered disposer and the surety.
upon the bond. Successive recoveries against the bond shall be permitted but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. Upon exhaustion of the penalty of the bond or cancellation of the bond by the surety, the registration of the dispenser shall automatically be canceled.

(4) (a) Each original application shall be accompanied by a fee of five dollars. (5) Each registered disposer shall carry insurance in such amount proportional to the size of the registered disposer's business as the department may by rule require to protect against vehicle damage, including but not limited to fire and theft, from the time a vehicle comes into his custody until it is sold or reclaimed. Each registered disposer shall also carry at least fifty thousand dollars of liability insurance for property damage or bodily injury.

(6) The director may by order suspend or revoke the license for any registration as a registered disposer if he finds that the registrant has not complied with or is not complying with any law, rule, or regulation relative to the handling or disposition of vehicles, abandoned vehicles, or abandoned vehicle hulks, or has been adjudged guilty of violating any such law, rule, or regulation. For the purpose of this section, the term adjudged guilty means, in addition to a final conviction in either a state or municipal court, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt regardless of whether the imposition of sentence is deferred or the penalty is suspended.

[TITLE 46 RCW (1979 Ed.)–p 142]
46.52.111 Removal and storage of vehicle or hulk—Lien—Notices—Contents—Failure by disposer to comply with time limits. (1) A registered disposer shall take custody of any vehicle or hulk placed in his custody by a law enforcement officer pursuant to RCW 46.61.565 or 46.52.180 and shall remove the vehicle or hulk to the established place of business of the registered disposer where the vehicle or hulk shall be stored, and the registered disposer shall have a lien upon the vehicle or hulk for services provided in the towing and storage of the vehicle or hulk, unless the impoundment is determined to have been invalid. However the lien does not apply to personal property in or upon the vehicle which personal property is not permanently attached to or is not an integral part of the vehicle. The registered disposer shall also have a claim against the last registered owner of the vehicle or hulk for services provided in the towing and storage of the vehicle or hulk, not to exceed the sum of two hundred dollars, unless the removal is determined to be invalid. A registered owner who has complied with RCW 46.52.104 in the transfer of ownership of the vehicle or hulk shall be relieved of liability under this section.

(2) Within twenty-four hours after receiving custody of the vehicle or hulk from the law enforcement officer, the registered disposer shall give notice of his custody to the department of licensing and the Washington state patrol. If a vehicle impounded from private property pursuant to this chapter is in the custody of a registered disposer and remains unclaimed after seventy-two hours, the registered disposer shall without undue delay give notice of his custody to the department. The department shall supply the last known names and addresses of registered and legal owners of the vehicles as the names and addresses appear on the records of the department to the registered disposer on request without charge in those cases where the information was not given to the registered disposer by the law enforcement officer.

(3) Within three days after receiving the names and addresses of the owners from the department or the law enforcement officer, the registered disposer shall send a notice to the registered and legal owners of the vehicle to the last known addresses of the owners as the addresses appear on the records of the department by certified or registered mail, return receipt requested. The notice shall contain a description of the vehicle or hulk including its license number and vehicle identification number and shall state the amount due the registered disposer for services in the towing and storage of the vehicle or hulk and the time and place of public sale if the amount remains unpaid or if possession of the vehicle is not otherwise regained pursuant to RCW 46.52.200. The notice shall not be sent if the registered owner has regained possession of the vehicle pursuant to RCW 46.52.200. If the vehicle is sold pursuant to this chapter, a copy of the notice with proof of mailing shall be retained in the registered disposer's files and available for inspection for a period of three years from the date of sale.

(4) The failure of the registered disposer to comply with the time limits provided in this chapter shall limit the accumulation of storage charges to five days except where delay is unavoidable. The providing of incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available. [1979 1st ex.s. c 178 § 12; 1979 c 158 § 167; 1969 ex.s. c 281 § 41; 1969 ex.s. c 42 § 7.]

46.52.112 Sale of unclaimed vehicle or hulk—Procedure—Proceeds—Deficiency. If, after the expiration of fifteen days from the date of mailing of notice to the registered and legal owner, the vehicle or hulk remains unclaimed and has not been listed as a stolen or recovered vehicle, then the registered disposer having custody of such vehicle or hulk shall conduct a sale of the same at public auction after having first published a notice of the date, place and time of such auction in a newspaper of general circulation in the county in which the vehicle is located not less than three days before the date of such auction.

Such vehicle or hulk shall be sold at such auction to the highest bidder. The proceeds of such sale, after deducting the towing and storage charges due the registered disposer, including the cost of sale, which shall be computed as in a public auction sale of personal property by the sheriff, shall be certified one-half to the county treasurer of the county in which the vehicle is located to be credited to the county current expense fund, and one-half to the state treasurer to be credited to the highway safety fund. If the amount bid at the auction is insufficient to compensate the registered disposer for his towing and storage charges and the cost of sale, such registered disposer shall be entitled to assert a claim for any deficiency, not to exceed two hundred dollars less the amount bid at the auction, against the last registered owner of such vehicle or hulk. A registered owner who has complied with RCW 46.52.104 in the transfer of ownership of the vehicle or hulk shall be relieved of liability under this section.

After the public auction and sale of any vehicle or hulk as in this section provided, and after an application for certificate of title accompanied by applicable fees and taxes and supported by an appropriate affidavit reciting compliance with the procedures of this chapter has been submitted, the department of licensing shall issue a certificate of title showing ownership of the vehicle or hulk in the name of the successful bidder at such auction. The issuance of such certificate of title by the department shall terminate any and all rights or claims of prior lienholders and all rights of former owners in and to such vehicle or hulk.

The department shall establish such additional administrative rules and regulations, not inconsistent with

46.52.113 Vehicle left in garage for storage—When deemed abandoned—Notices—Disposal. Any vehicle left in a garage for storage more than five days where the same has not been left by the registered owner under a contract of storage and has not during such period been removed by a person leaving the same shall be an abandoned vehicle and notice shall be given to the registered and legal owner and to the chief of the Washington state patrol and to the department of licensing of the existence of such abandoned vehicle. Any garage keeper failing to report such fact to the chief of the Washington state patrol and the department within ten days after the commencement of such storage shall forfeit any claim for the storage of such vehicle. All such vehicles considered abandoned by being left in a garage shall be disposed of by the garage keeper, if such keeper is a registered abandoned vehicle disposer, in accordance with the procedure prescribed in RCW 46.52.111 and 46.52.112.

Except for the forfeiture of claim for storage as set forth herein for failure to report vehicles left in excess of five days, nothing in this section shall be construed to impair any lien for storage accruing to a garage keeper under other law of this state. A registered disposer, registered and bonded in accordance with RCW 46.52.108, who shall tow, transport, or store any vehicle whether by contract or at the direction of any public officer, shall have a lien upon the vehicle but not upon the personal items within the vehicle so long as the vehicle remains in his possession, for the charges for towing, transportation or storage; except that if the removal of the vehicle is determined to be invalid, the registered disposer shall only have a lien for the charges that accrue after the determination of invalidity. If a vehicle remains unclaimed for five days, it may be deemed abandoned and subject to the provisions of RCW 46.52.111 and 46.52.112. [1979 1st ex.s. c 178 § 15; 1969 ex.s. c 42 § 10.]

such denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such cost from the owner.

(5) A provision that after notice has been given of the intent of the city, town or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof, shall be removed, at the request of a law enforcement officer, and disposed of, to a licensed auto wrecker with notice to the Washington state patrol and the department of licensing that the vehicle has been wrecked. The city, town or county may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or may transfer such vehicle or parts to another governmental body provided such disposal shall be only as scrap. [1979 c 158 § 172; 1969 ex.s. c 281 § 43; 1969 ex.s. c 42 § 12.]

46.52.118 Removal of abandoned vehicle or hulk from real property—Disposal. Any person having possession or control of real property who finds an abandoned vehicle or abandoned vehicle hulk as defined in RCW 46.52.102 standing upon that property is authorized to have such vehicle or hulk removed by a person properly registered pursuant to RCW 46.52.108. Such vehicle shall be disposed of in accordance with the procedure prescribed in RCW 46.52.111 and 46.52.112. [1975 1st ex.s. c 281 § 1.]

Severability—1975 1st ex.s. c 281: "If any provision of this 1975 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1975 1st ex.s. c 281 § 8.]

46.52.119 Unauthorized vehicles—Removal from family residential property. Whenever any owner or person having possession or control of family residential property finds a vehicle other than an abandoned vehicle as defined in RCW 46.52.102 standing upon such property without his consent, he is authorized to have such vehicle removed from such property and stored or held for its owner. [1975 1st ex.s. c 281 § 2; 1969 ex.s. c 208 § 1.]

Severability—1975 1st ex.s. c 281: See note following RCW 46.52.118.

46.52.1192 Unauthorized vehicles—Removal from other private property—Posting requirements. No person shall have the right to tow, remove, impound or otherwise disturb any motor vehicle other than an abandoned vehicle as defined in RCW 46.52.102, which may be parked, stalled or otherwise left on private property, other than family residential property, owned or controlled by such person, unless there is posted on or near the property in a clearly conspicuous location a sign or notice in compliance with rules and regulations of the director of licensing providing for, without limitation, specifications for signs and posting thereof by persons intending to have unauthorized vehicles removed from property other than family residential property. Such regulations shall provide for notification to any person of the intent of the property holder to remove any unauthorized vehicles and sufficient information to assist in the prompt recovery of any vehicle removed. Such regulations shall require as a minimum that the language on any such sign provide:

(1) Notice that unauthorized vehicles will be removed;
(2) The name, telephone number and location of the towing firm authorized to remove vehicles. [1979 c 158 § 173; 1975 1st ex.s. c 281 § 3.]

(b) Post a copy of the schedule of fees on file with the department in a prominent place at the business location where vehicles are released from storage;
(c) Maintain personnel able and authorized to release any vehicle to its owner on a twenty-four hour basis;
(d) After removing a vehicle from private property pursuant to RCW 46.52.119 or 46.52.1192, report the fact of removal together with the license number, vehicle identification number, make, year and place of impoundment to the law enforcement agency with jurisdiction over the place of impoundment, which agency shall maintain a log of such reports: Provided, That the reporting required in this subsection shall include an immediate radio or telephone call to, and a written notification, within twenty-four hours, to such local law enforcement agency;

The notification shall also contain an estimate of the costs of towing, storage, or other services rendered during the course of removing, impounding, or storing any such motor vehicle. For the purpose of sending such notice, the law enforcement agency to which the report was made shall provide the name and address of the registered owner, as it appears on the records of the department, to the towing firm removing a vehicle under the provisions of RCW 46.52.118 through 46.52.1198: Provided, That in the event such certified letter has been refused or returned to sender unclaimed the notification to the law enforcement agency as provided in subsection (1)(d) of this section shall constitute actual
notice to the registered and legal owner: Provided further, That the effect of other laws notwithstanding, the costs of towing, storage or other services rendered during the course of removing, impounding or storing any such motor vehicle shall not constitute a lien upon the legal ownership of such motor vehicle until forty-eight hours after the notice as provided in this subsection has been received by the local law enforcement agency or owner of the vehicle, at which time the lien may be enforced as otherwise provided by law for the enforcement of towing or storage liens or liens generally: And provided further, That if the towing firm assesses a fee according to the miles a vehicle is towed, the lien shall be, and the towing firm shall attempt to recover, no more than the fees that would accrue for towing to the nearest storage location of any towing firm. (2) A failure to comply with the provisions of this section in regard to any vehicle waives the lien on that vehicle, constitutes a bar to recovery of the charges accrued on that vehicle, and is grounds for the suspension or revocation of the registration of any towing firm registered under RCW 46.52.108 to dispose of the abandoned vehicle: Provided, That no storage charges shall accrue in any event until written notice as provided in this section shall have been received by the local law enforcement agency or owner of the vehicle. It shall be the duty of the director to keep a case record on every motor vehicle driver licensed under the laws of this state, together with information on each, showing all the convictions certified by the courts and an index cross reference record of each accident reported relating to such individuals with a brief statement of the cause of such accident, which index cross reference record shall be furnished to the director by the chief of the Washington state patrol, with reference to each driver involved in the reported accidents. The case record shall be maintained in two parts. One part shall be the employment driving record of the person which shall include all motor vehicle accidents in which the person is involved while the person is driving a commercial motor vehicle as an employee of another and all convictions of the person for violation of the motor vehicle laws while the person is driving a commercial motor vehicle as an employee of another. The other part shall include all other accidents and convictions. Such records shall be for the confidential use of the director and the chief of the Washington state patrol and for such police officers or other cognizant public officials as may be designated by law. (3) Any person requested to identify himself to a law enforcement officer pursuant to an investigation of a traffic infraction has a duty to identify himself, give his current address, and sign an acknowledgement of receipt of the notice of infraction. [1979 1st ex.s. c 136 § 4.]

[1979 1st ex.s. c 136 § 5.]

Effective date—Severability—1979 1st ex.s. c 136: See notes following RCW 46.63.010.

46.61.024 Attempting to elude pursuing police vehicle. Any driver of a motor vehicle who willfully fails or refuses to immediately bring his vehicle to a stop and who drives his vehicle in a manner indicating a wanton and willful disregard for the lives or property of others while attempting to elude a pursuing police vehicle, after being given a visual or audible signal to bring the vehicle to a stop, shall be guilty of a class C felony. The signal given by the police officer may be by hand, voice, emergency light, or siren. The officer giving such a signal shall be in uniform and his vehicle shall be appropriately marked showing it to be an official police vehicle. [1979 1st ex.s. c 75 § 1.]
46.61.025 Persons riding animals or driving animal-drawn vehicles. Every person riding an animal or driving any animal-drawn vehicle upon a roadway shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of a vehicle by this chapter except those provisions of this chapter which by their very nature can have no application. [1965 ex.s. c 155 § 4.]

46.61.030 Persons working on highway right of way—Exceptions. Unless specifically made applicable, the provisions of this chapter except those contained in RCW 46.61.500 through 46.61.520 shall not apply to persons, motor vehicles and other equipment while engaged in work within the right of way of any highway but shall apply to such persons and vehicles when traveling to or from such work. [1969 c 76 § 1; 1965 ex.s. c 155 § 5.]

46.61.035 Authorized emergency vehicles. (1) The driver of an authorized emergency vehicle, when responding to an emergency call or when in the pursuit of an actual or suspected violator of the law or when responding to but not upon returning from a fire alarm, may exercise the privileges set forth in this section, but subject to the conditions herein stated.

(2) The driver of an authorized emergency vehicle may:
   (a) Park or stand, irrespective of the provisions of this chapter;
   (b) Proceed past a red or stop signal or stop sign, but only after slowing down as may be necessary for safe operation;
   (c) Exceed the maximum speed limits so long as he does not endanger life or property;
   (d) Disregard regulations governing direction of movement or turning in specified directions.

(3) The exemptions herein granted to an authorized emergency vehicle shall apply only when such vehicle is making use of visual signals meeting the requirements of RCW 46.37.190, except that: (a) An authorized emergency vehicle operated as a police vehicle need not be equipped with or display a red light visible from in front of the vehicle; (b) authorized emergency vehicles shall use audible signals when necessary to warn others of the emergency nature of the situation but in no case shall they be required to use audible signals while parked or standing.

(4) The foregoing provisions shall not relieve the driver of an authorized emergency vehicle from the duty to drive with due regard for the safety of all persons, nor shall such provisions protect the driver from the consequences of his reckless disregard for the safety of others. [1969 c 23 § 1; 1965 ex.s. c 155 § 6.]

TRAFFIC SIGNS, SIGNALS, AND MARKINGS

46.61.050 Obedience to and required traffic control devices. (1) The driver of any vehicle, every bicyclist, and every pedestrian shall obey the instructions of any official traffic control device applicable thereto placed in accordance with the provisions of this chapter, unless otherwise directed by a traffic or police officer, subject to the exception granted the driver of an authorized emergency vehicle in this chapter.

(2) No provision of this chapter for which official traffic control devices are required shall be enforced against an alleged violator if at the time and place of the alleged violation an official device is not in proper position and sufficiently legible or visible to be seen by an ordinarily observant person. Whenever a particular section does not state that official traffic control devices are required, such section shall be effective even though no devices are erected or in place.

(3) Whenever official traffic control devices are placed in position approximately conforming to the requirements of this chapter, such devices shall be presumed to have been so placed by the official act or direction of lawful authority, unless the contrary shall be established by competent evidence.

(4) Any official traffic control device placed pursuant to the provisions of this chapter and purporting to conform to the lawful requirements pertaining to such devices shall be presumed to comply with the requirements of this chapter, unless the contrary shall be established by competent evidence. [1975 c 62 § 18; 1965 ex.s. c 155 § 7.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.055 Traffic control signal legend. Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) Green indication
   (a) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
   (b) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.
   (c) Unless otherwise directed by a pedestrian control signal, as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) Steady yellow indication
   (a) Vehicular traffic facing a steady circular yellow or yellow arrow signal is thereby warned that the related
green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.

(b) Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, are hereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.

(3) Steady red indication

(a) Vehicular traffic facing a steady circular red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until an indication to proceed is shown: Provided, That such traffic may, after stopping cautiously proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement; but vehicular traffic making such turns shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(b) Unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing a steady circular red signal alone shall not enter the roadway.

(c) Vehicular traffic facing a steady red arrow indication may not enter the intersection to make the movement indicated by such arrow, and unless entering the intersection to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line, but if none, before entering a crosswalk on the near side of the intersection, or if none, then before entering the intersection and shall remain standing until an indication to make the movement indicated by such arrow is shown: Provided, That such traffic may, after stopping cautiously proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way street or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement; but vehicular traffic making such turns shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.

(d) Unless otherwise directed by a pedestrian signal, pedestrians facing a steady red arrow signal indication shall not enter the roadway.

(4) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal. [1975 c 62 § 19; 1965 ex.s. c 155 § 8.]

Severability—1975 c 62; See note following RCW 36.75.010.

46.61.060 Pedestrian control signals. Whenever special pedestrian control signals exhibiting the words "Walk" or "Don't Walk" are in place such signals shall indicate as follows:

(1) WALK—Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right of way by the drivers of all vehicles.

(2) STEADY DON'T WALK or FLASHING DON'T WALK—No pedestrian shall start to cross the roadway in the direction of either such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the don't walk signal is showing.

(3) Pedestrian control signals having the "Wait" legend in use on August 6, 1965, shall be deemed authorized signals and shall indicate the same as the "Don't Walk" legend. Whenever such pedestrian control signals are replaced the legend "Wait" shall be replaced by the legend "Don't Walk". [1975 c 62 § 20; 1965 ex.s. c 155 § 9.]

Severability—1975 c 62; See note following RCW 36.75.010.

46.61.065 Flashing signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(a) FLASHING RED (STOP SIGNAL). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) FLASHING YELLOW (CAUTION SIGNAL). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in RCW 46.61.340. [1975 c 62 § 21; 1965 ex.s. c 155 § 10.]

Severability—1975 c 62; See note following RCW 36.75.010.

46.61.070 Lane—direction—control signals. When lane—direction—control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown. [1965 ex.s. c 155 § 11.]
46.61.072 Lane direction control signals—Legend. Whenever special traffic control signals exhibit a downward green arrow, a yellow X, or a red X indication, such signal indication shall have the following meaning:

(1) A steady downward green arrow means that a driver is permitted to drive in the lane over which the arrow signal is located.

(2) A steady yellow X or flashing red X means that a driver should prepare to vacate, in a safe manner, the lane over which the signal is located because a lane control change is being made, and to avoid occupying that lane when a steady red X is displayed.

(3) A flashing yellow X means that a driver is permitted to use a lane over which the signal is located for a left turn, using proper caution.

(4) A steady red X means that a driver shall not drive in the lane over which the signal is located, and that this indication shall modify accordingly the meaning of all other traffic controls present. The driver shall obey all other traffic controls and follow normal safe driving practices. [1975 c 62 § 49.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.075 Display of unauthorized signs, signals, or markings. (1) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of an official traffic-control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. [1965 ex.s. c 155 § 12.]

46.61.080 Interference with official traffic-control devices or railroad signs or signals. No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down or remove any official traffic-control device or any railroad sign or signal or any inscription, shield or insignia thereon, or any other part thereof. [1965 ex.s. c 155 § 13.]

*Interference with traffic-control signals or railroad signs or signals: RCW 47.36.130.*

46.61.085 Traffic control signals or devices upon city streets forming part of state highways—Approval by commission required. No traffic control signal or device shall be erected or maintained upon any city street designated as forming a part of the route of a primary state highway or secondary state highway unless first approved by the state highway commission. [1965 ex.s. c 155 § 14.]

Revisor’s note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

**DRIVING ON RIGHT SIDE OF ROADWAY—OVERTAKING AND PASSING—USE OF ROADWAY**

46.61.100 Drive on right side of roadway—Exceptions. (1) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

(c) Upon a roadway divided into three marked lanes for traffic under the rules applicable thereon; or

(d) Upon a roadway restricted to one-way traffic.

(2) Upon all roadways any vehicle proceeding slower than the legal maximum speed or at a speed slower than necessary for safe operation at the time and place and under the conditions then existing, shall be driven in the right-hand lane then available for traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection, exit, or into a private road or driveway when such left turn is legally permitted.

(3) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, no vehicle shall be driven to the left of the center line of the roadway, except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (1)(b) hereof. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. [1972 ex.s. c 33 § 1; 1969 ex.s. c 281 § 46; 1967 ex.s. c 145 § 58; 1965 ex.s. c 155 § 15.]

46.61.105 Passing vehicles proceeding in opposite directions. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the roadway as nearly as possible. [1975 c 62 § 22; 1965 ex.s. c 155 § 16.]
46.61.110 Overtaking a vehicle on the left. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules herein after stated:

(1) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(2) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. [1965 ex.s. c 155 § 17.]

46.61.115 When overtaking on the right is permitted.

(1) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(2) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. Such movement shall not be made by driving off the roadway. [1975 c 62 § 23; 1965 ex.s. c 155 § 18.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.120 Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless authorized by the provisions of RCW 46.61.100 through 46.61.160 and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred feet of any approaching vehicle. [1965 ex.s. c 155 § 19.]

46.61.125 Further limitations on driving to left of center of roadway. (1) No vehicle shall be driven on the left side of the roadway under the following conditions:

(a) When approaching or upon the crest of a grade or a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

(b) When approaching within one hundred feet of or traversing any intersection or railroad grade crossing;

(c) When the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel.

(2) The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in RCW 46.61.100(b), nor to the driver of a vehicle turning left into or from an alley, private road or driveway. [1972 ex.s. c 33 § 2; 1965 ex.s. c 155 § 20.]

46.61.130 No-passing zones. (1) The state highway commission and local authorities are hereby authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones and when such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1) above no driver shall at any time drive on the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone throughout its length.

(3) This section does not apply under the conditions described in RCW 46.61.100(b), nor to the driver of a vehicle turning left into or from an alley, private road or driveway. [1972 ex.s. c 33 § 3; 1965 ex.s. c 155 § 21.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

46.61.135 One-way roadways and rotary traffic islands. (1) The state highway commission and local authorities with respect to highways under their respective jurisdictions may designate any highway, roadway, part of a roadway, or specific lanes upon which vehicular traffic shall proceed in one direction at all or such times as shall be indicated by official traffic control devices.

(2) Upon a roadway so designated for one-way traffic, a vehicle shall be driven only in the direction designated at all or such times as shall be indicated by official traffic control devices.

(3) A vehicle passing around a rotary traffic island shall be driven only to the right of such island. [1975 c 62 § 24; 1965 ex.s. c 155 § 22.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.140 Driving on roadways laned for traffic. Whenever any roadway has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

[Title 46 RCW (1979 Ed.)—p 156]
(2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.

(3) Official traffic-control devices may be erected directing slow moving or other specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of each such device.

(4) Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device. [1965 ex.s. c 155 § 23.]

46.61.145 Following too closely. (1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(2) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions. [1965 ex.s. c 155 § 24.]

46.61.150 Driving on divided highways. Whenever any highway has been divided into two or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section or by a median island not less than eighteen inches wide formed either by solid yellow pavement markings or by a yellow crosshatching between two solid yellow lines so installed as to control vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, or median island, except through an opening in such physical barrier or dividing section or space or median island, or at a crossover or intersection established by public authority. [1972 ex.s. c 33 § 4; 1965 ex.s. c 155 § 25.]

46.61.155 Restricted access. No person shall drive a vehicle onto or from any limited access roadway except at such entrances and exits as are established by public authority. [1965 ex.s. c 155 § 26.]

46.61.160 Restrictions on use of controlled-access roadway. The state highway commission may by resolution or order, and local authorities may by ordinance or resolution, with respect to any limited access roadway under their respective jurisdictions prohibit the use of any such roadway by funeral processions, or by parades, pedestrians, bicycles or other nonmotorized traffic, or by any person operating a motor-driven cycle.

The state highway commission or the local authority adopting any such prohibitory regulation shall erect and maintain official traffic control devices on the limited access roadway on which such regulations are applicable and when so erected no person shall disobey the restrictions stated on such devices. [1975 c 62 § 25; 1965 ex.s. c 155 § 27.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.165 Reservation of portion of highway for use by public transportation vehicles, etc. The state highway commission and local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of public transportation vehicles or private motor vehicles carrying not less than a specified number of passengers when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. [1974 ex.s. c 133 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

RIGHT OF WAY

46.61.180 Vehicle approaching intersection. (1) When two vehicles approach or enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right of way to the vehicle on the right.

(2) The right of way rule declared in subsection (1) of this section is modified at arterial highways and otherwise as stated in this chapter. [1975 c 62 § 26; 1965 ex.s. c 155 § 28.]

Severability—1975 c 62: See note following RCW 36.75.010.

46.61.185 Vehicle turning left. The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the
right of way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard. [1965 ex.s. c 155 § 29.]

46.61.190 Vehicle entering stop or yield intersection. (1) Preferential right of way may be indicated by stop signs or yield signs as authorized in RCW 47.36.110. (2) Except when directed to proceed by a duly authorized flagman, or a police officer, or a fire fighter vested by law with authority to direct, control, or regulate traffic, every driver of a vehicle approaching a stop sign shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the roadway, and after having stopped shall yield the right of way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time when such driver is moving across or within the intersection or junction of roadways. It shall be unlawful for the operator of any vehicle to fail to stop his vehicle when directed to do so by a school patrol sign or signal displayed by a member of the school patrol engaged in the performance of his duty and wearing or displaying appropriate insignia, and it shall further be unlawful for the operator of a vehicle to disregard any other reasonable directions of a member of the school patrol when acting in performance of his duties as such.

School districts may expend funds from the general fund of the district to pay premiums for life and accident policies covering the members of the school patrol in their district while engaged in the performance of their school patrol duties.

Members of the school patrol shall be considered as employees for the purposes of RCW 28A.38.425, as now or hereafter amended. [1974 ex.s.c. 47 § 1; 1961 c 12 § 46.48.160. Prior: 1953 c 278 § 1; 1937 c 189 § 130; RRS § 6360–130; 1927 c 309 § 42; RRS § 6362–42. Formerly RCW 46.48.160.]

SPEED RESTRICTIONS

46.61.400 Basic rule and maximum limits. (1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) Except when a special hazard exists that requires lower speed for compliance with subsection (1) of this section, the limits specified in this section or established as hereinafter authorized shall be maximum lawful speeds, and no person shall drive a vehicle on a highway at a speed in excess of such maximum limits.

(a) Twenty-five miles per hour on city and town streets;

(b) Fifty miles per hour on county roads;

(c) Sixty miles per hour on state highways.

The maximum speed limits set forth in this section may be altered as authorized in RCW 46.61.405, 46.61.410, and 46.61.415.

(3) The driver of every vehicle shall, consistent with the requirements of subsection (1) of this section, drive at an appropriate reduced speed when approaching and
crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions. [1965 ex.s. c 155 § 54; 1963 c 16 § 1. Formerly RCW 46.48.011.]

Saving of existing orders, etc., establishing speed limits—1963 c 16. *This act shall not repeal or invalidate existing orders and resolutions of the state highway commission or existing resolutions and ordinances of local authorities establishing speed limits within their respective jurisdictions.* [1963 c 16 § 7. Formerly RCW 46.48.016.] *This act* [1963 c 16], as amended, is codified as RCW 46.61.400 through 46.61.415, 46.61.425, and 46.61.440.

46.61.405 Decreases by secretary of transportation. Whenever the secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed hereinbefore set forth would aid in the conservation of energy resources, the secretary may determine and declare a reasonable and safe lower maximum limit or a lower maximum limit which will reasonably conserve energy resources, for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The secretary may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the secretary as provided in RCW 46.61.405, as now or hereafter amended.

(3) The word "trucks" used by the department on signs giving notice of maximum speed limits shall mean vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the secretary shall establish maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary shall cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington. [1977 ex.s. c 151 § 35; 1974 ex.s. c 103 § 2; 1970 ex.s. c 100 § 1; 1969 ex.s. c 12 § 1; 1965 ex.s. c 155 § 55; 1963 c 16 § 3. Formerly RCW 46.48.013.]

46.61.410 Increases by secretary of transportation—Maximum speed limit for trucks—Auto stages—Signs and notices. (1) Subject to subsection (2) below the secretary may increase the maximum speed limit on any highway or portion thereof to not more than seventy miles per hour in accordance with the design speed thereof (taking into account all safety elements included therein), or whenever the secretary determines upon the basis of an engineering and traffic investigation that such greater speed is reasonable and safe under the circumstances existing on such part of the highway. The greater maximum limit so determined shall be effective, when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the secretary as provided in RCW 46.61.405, as now or hereafter amended.

(3) The word "trucks" used by the department on signs giving notice of maximum speed limits shall mean vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the secretary shall establish maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary shall cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington. 46.61.415 When local authorities may alter maximum limits. (1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe maximum limit thereon which

(a) Decreases the limit at intersections; or

(b) Increases the limit but not to more than sixty miles per hour; or

(c) Decreases the limit but not to less than twenty miles per hour.

[Title 46 RCW (1979 Ed.)—p 164]
(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereof which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(4) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(5) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the secretary of transportation. [1977 ex.s. c 151 § 36; 1974 ex.s. c 103 § 3; 1963 c 16 § 4. Formerly RCW 46.48.014.]

### 46.61.425 Minimum speed regulation—Passing slow moving vehicle

(1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: Provided, That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Whenever the secretary of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the secretary or such local authority may determine and declare a minimum speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected. No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law. [1977 ex.s. c 151 § 37; 1969 c 135 § 1; 1967 c 25 § 2; 1963 c 16 § 6. Formerly RCW 46.48.015.]

**Federal requirements—Severability—1977 ex.s. c 151:** See RCW 47.98.070 and 47.98.080.

### 46.61.427 Slow moving vehicle to pull off roadway

On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow moving vehicle, behind which five or more vehicles are formed in a line, shall turn off the roadway wherever sufficient area for a safe turn–out exists, in order to permit the vehicles following to proceed. As used in this section a slow moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. [1973 c 88 § 1.]

### 46.61.428 Slow moving vehicle permitted to drive on improved shoulders, when

(1) The state highway commission and local authorities are authorized to determine those portions of any two–lane highways under their respective jurisdictions on which drivers of slow moving vehicles may safely drive onto improved shoulders for the purpose of allowing overtaking vehicles to pass and may by appropriate signs indicate the beginning and end of such zones.

(2) Where signs are in place to define a driving–on–shoulder zone as set forth in subsection (1) of this section, the driver of a slow moving vehicle may drive onto and along the shoulder within the zone but only for the purpose of allowing overtaking vehicles to pass and then shall return to the roadway.

(3) Signs erected to define a driving–on–shoulder zone shall take precedence over pavement markings for the purpose of allowing the movements described in subsection (2) of this section. [1977 ex.s. c 39 § 1.]

**Reviser’s note:** Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term “state highway commission” means department of transportation; see RCW 47.04.015.

### 46.61.430 Authority of secretary of transportation to fix speed limits on limited access facilities exclusive—Local regulations

Notwithstanding any law to the contrary or inconsistent herewith, the secretary of transportation shall have the power and the duty to fix and regulate the speed of vehicles within the maximum speed limit allowed by law for state highways, designated as limited access facilities, regardless of whether a portion of said highway is within the corporate limits of a city or town. No governing body or authority of such city or town or other political subdivision may have the power to pass or enforce any ordinance, rule, or regulation requiring a different rate of speed, and all such ordinances, rules, and regulations contrary to or inconsistent therewith now in force are void and of no effect. [1977 ex.s. c 151 § 38; 1974 ex.s. c 103 § 4; 1961 c 12 § 46.48.041. Prior: 1955 c 177 § 5. Formerly RCW 46.48.041.]

### 46.61.435 Local authorities to provide "stop" or "yield" signs at intersections with increased speed highways—Designated as arterials

The governing body or authority of any such city or town or political subdivision shall place and maintain upon each and every highway intersecting a highway where an increased speed is permitted, as provided in this chapter, appropriate stop or yield signs, sufficient to be read at any time by any person upon approaching and entering the highway upon
which such increased speed is permitted and such city street or such portion thereof as is subject to the increased speed shall be an arterial highway. [1975 c 62 § 33; 1961 c 12 § 46.48.046. 46.61.440 Maximum speed limit when passing school or playground crosswalks. Subject to RCW 46.61.400(1), and except in those instances where a lower maximum lawful speed is provided by this chapter or otherwise, it shall be unlawful for the operator of any vehicle to operate the same at a speed in excess of twenty miles per hour when operating any vehicle upon a highway either inside or outside an incorporated city or town when passing any marked school or playground crosswalk when such marked crosswalk is fully posted with standard school speed limit signs or standard playground speed limit signs. The speed zone at the crosswalk shall extend three hundred feet in either direction from the marked crosswalk. [1975 c 62 § 34; 1963 c 16 § 5; 1961 c 12 § 46.48.023. 46.61.445 Due care required. Duty to use due care: RCW 46.61.400(1).

46.61.450 Maximum speed, weight, or size in traversing bridges, elevated structures, tunnels, underpasses—Posting limits. It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or size which is greater at any time than the maximum speed or maximum weight or size which can be maintained or carried with safety over any such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel, or underpass is sign posted as hereinafter provided. The secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: Provided, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the transportation commission as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass. [1977 ex.s. c 151 § 39; 1961 c 12 § 46.48.080. Prior: 1937 c 189 § 70; RRS § 6360–70. Formerly RCW 46.48.080.]

46.61.455 Vehicles with solid or hollow cushion tires. It shall be unlawful to operate any vehicle equipped or partly equipped with solid rubber tires or hollow center cushion tires, or to operate any combination of vehicles any part of which is equipped or partly equipped with solid rubber tires or hollow center cushion tires, so long as solid rubber tires or hollow center cushion tires may be used under the provisions of this title, upon any public highway of this state at a greater rate of speed than ten miles per hour. [1961 c 12 § 46.48.110. Prior: 1947 c 200 § 11; 1937 c 189 § 73; Rem. Supp. 1947 § 6360–73. Formerly RCW 46.48.110.]

46.61.460 Special speed limitation on motor–driven cycle. No person shall operate any motor–driven cycle at any time mentioned in RCW 46.37.020 at a speed
greater than thirty-five miles per hour unless such motor-driven cycle is equipped with a head lamp or lamps which are adequate to reveal a person or vehicle at a distance of three hundred feet ahead. [1965 ex.s. c 155 § 57.]

46.61.465 Exceeding speed limit evidence of reckless driving. The unlawful operation of a vehicle in excess of the maximum lawful speeds provided in this chapter at the point of operation and under the circumstances described shall be prima facie evidence of the operation of a motor vehicle in a reckless manner by the operator thereof. [1961 c 12 § 46.48.026. Prior: 1951 c 28 § 12; 1949 c 196 § 6, part; 1947 c 200 § 8, part; 1937 c 189 § 64, part; Rem. 46.61.470 Speed traps outlawed—Measured courses. No evidence as to the speed of any vehicle operated upon a public highway by any person arrested for violation of any of the laws of this state regarding speed or of any orders, rules or regulations of any city or town or other political subdivision relating thereto shall be admitted in evidence in any court at a subsequent trial of such person in case such evidence relates to or is based upon the maintenance or use of a speed trap. A "speed trap," within the meaning of this section, is a particular section of or distance on any public highway, the length of which has been or is measured off or otherwise designated or determined, and the limits of which are within the vision of any officer or officers who calculate the speed of a vehicle passing through such speed trap by using the lapsed time during which such vehicle travels between the entrance and exit of such speed trap. Provided, That evidence shall be admissible against any person arrested for violation of any of the laws of this state or of any orders, rules or regulations of any city or town or other political subdivision regarding speed if the same is determined by a particular section of or distance on a public highway, the length of which has been accurately measured off or otherwise designated or determined and the limits of which are controlled by a mechanical, electrical or other device capable of measuring or recording the speed of a vehicle passing within such limits within an error of not to exceed five percent using the lapsed time during which such vehicle travels between such limits: Provided further, That such limits shall not be closer than one-fourth mile. [1961 c 12 § 46.48.120. Prior: 1937 c 189 § 74; RRS § 6360–74; 1927 c 309 § 7; RRS § 6362–7. Formerly RCW 46.48.120.]

46.61.475 Charging violations of speed regulations. (1) In every charge of violation of any speed regulation in this chapter the complaint, also the summons or notice to appear, shall specify the approximate speed at which the defendant is alleged to have driven, also the maximum speed applicable within the district or at the location. (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the amount of alcohol in the person's blood at the time alleged as shown by chemical analysis of his blood, breath, or other bodily substance is less than 0.10 percent by weight of alcohol in the person's blood, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2) Percent by weight of alcohol in the blood shall be based upon milligrams of alcohol per one hundred cubic centimeters of blood. The chief administrative officer of every such traffic enforcement agency shall be responsible for the issuance of such books and shall maintain a record of every such book and each citation contained therein issued to individual members of the traffic enforcement agency and shall require and retain a receipt for every book so issued.

Every traffic enforcement officer upon issuing a traffic citation to an alleged violator of any provision of the motor vehicle laws of this state or of any traffic ordinance of any city or town shall deposit the original or a copy of such traffic citation with a court having competent jurisdiction over the alleged offense or with its traffic violations bureau.

Upon the deposit of the original or a copy of such traffic citation with a court having competent jurisdiction over the alleged offense or with its traffic violations bureau as aforesaid, said original or copy of such traffic citation may be disposed of only by trial in said court or other official action by a judge of said court, including forfeiture of the bail or by the deposit of sufficient bail with or payment of a fine to said traffic violations bureau by the person to whom such traffic citation has been issued by the traffic enforcement officer.

It shall be unlawful and official misconduct for any traffic enforcement officer or other officer or public employee to dispose of a traffic citation or copies thereof or of the record of the issuance of the same in a manner other than as required herein.

The chief administrative officer of every traffic enforcement agency shall require the return to him of a copy of every traffic citation issued by an officer under his supervision to an alleged violator of any traffic law or ordinance and of all copies of every traffic citation which has been spoiled or upon which any entry has been made and not issued to an alleged violator.

Such chief administrative officer shall also maintain or cause to be maintained in connection with every traffic citation issued by an officer under his supervision a record of the disposition of the charge by the court or its traffic violations bureau in which the original or copy of the traffic citation was deposited.

Any person who cancels or solicits the cancellation of any traffic citation, in any manner other than as provided in this section, shall be guilty of a misdemeanor.

Every record of traffic citations required in this section shall be audited monthly by the proper fiscal officer of the government agency to which the traffic enforcement agency is responsible. [1961 c 12 § 46.64.010. Prior: 1949 c 196 § 16; 1937 c 189 § 145; Rem. Supp. 1949 § 6360–145.]

46.64.020  Nonappearance after written promise, misdemeanor. Any person willfully violating his written and signed promise to appear in court, as provided in this title, shall be guilty of a misdemeanor regardless of the disposition of the charge upon which he was originally arrested: Provided, That a written promise to appear in court may be complied with by an appearance by counsel. [1961 c 12 § 46.64.020. Prior: 1937 c 189 § 146; RRS § 6360-146.]

46.64.025  Nonappearance after written promise—Notice to department. Whenever any person has for a period of fifteen or more days violated his written promise to appear in court, the court in which the defendant so promised to appear shall forthwith give notice of such fact to the department of licensing. Whenever thereafter the case in which such promise was given is adjudicated, the court hearing the case shall file with the department a certificate showing that the case has been adjudicated. [1979 c 158 § 175; 1967 c 32 § 71; 1965 ex.s. c 121 § 23.]

46.64.030  Procedure governing arrest and prosecution. The provisions of this title with regard to the apprehension and arrest of persons violating this title shall govern all police officers in making arrests without a warrant for violations of this title for offenses either committed in their presence or believed to have been committed based on probable cause pursuant to RCW 10.31.100, but the procedure prescribed herein shall not otherwise be exclusive of any other method prescribed by law for the arrest and prosecution of a person for other like offenses. [1979 1st ex.s. c 28 § 3; 1975 c 56 § 2; 1967 c 32 § 72; 1961 c 12 § 46.64.030. Prior: 1937 c 189 § 147; RRS § 6360-147.]

46.64.040  Nonresident's use of highways as assent to being sued and served in state—Resident leaving state—Secretary of state as attorney in fact. The acceptance by a nonresident of the rights and privileges conferred by law in the use of the public highways of this state, as evidenced by his operation of a vehicle thereon, or the operation thereon of his vehicle with his consent, express or implied, shall be deemed equivalent to and construed to be an appointment by such nonresident of the secretary of state of the state of Washington to be his true and lawful attorney upon whom may be served all lawful summons and processes against him growing out of any accident, collision, or liability in which such nonresident may be involved while operating a vehicle upon the public highways, or while his vehicle is being operated thereon with his consent, express or implied, and such operation and acceptance shall be a signature of his agreement that any summons or process against him which is so served shall be of the same legal force and validity as if served on him personally within the state of Washington. Likewise each resident of this state who, while operating a motor vehicle on the public highways of this state, is involved in any accident, collision or liability and thereafter within three years departs from this state appoints the secretary of state of the state of Washington as his lawful attorney for service of summons as provided in this section for nonresidents. Service of such summons or process shall be made by leaving two copies thereof with a fee of five dollars with the secretary of state of the state of Washington, or at his office, and such service shall be sufficient and valid personal service upon said resident or nonresident: Provided, That notice of such service and a copy of the summons or process is forthwith sent by registered mail with return receipt requested, by plaintiff to the defendant at the last known address of the nonresident, and the plaintiff's affidavit of compliance herewith are appended to the process, together with the affidavit of the plaintiff's attorney that he has with due diligence attempted to serve personal process upon the defendant at all addresses known to him of defendant and further listing in his affidavit the addresses at which he attempted to have process served. However, if process is forwarded by registered mail and defendant's endorsed receipt is received and entered as a part of the return of process then the foregoing affidavit of plaintiff's attorney need only show that the defendant received personal delivery by mail: Provided further, That personal service outside of this state in accordance with the provisions of law relating to personal service of summons outside of this state shall relieve the plaintiff from mailing a copy of the summons or process by registered mail as hereinafter provided. The secretary of state shall forthwith send one of such copies by mail, postage prepaid, addressed to the defendant at his address, if known to the secretary of state. The court in which the action is brought may order such continuances as may be necessary to afford the defendant reasonable opportunity to defend the action. The fee of five dollars paid by the plaintiff to the secretary of state shall be taxed as part of his costs if he prevails in the action. The secretary of state shall keep a record of all such summons and processes, which shall show the day of service. [1973 c 91 § 1; 1971 ex.s. c 69 § 1; 1961 c 12 § 46.64.040. agent, or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcefully, or willfully induces, causes, coerces, requires, permits or directs others to violate any provisions of this title is likewise guilty of such offense. [1961 c 12 § 46.56.210. Prior: 1937 c 189 § 149; RRS § 6360-149. Formerly RCW 46.61.695.]

[1975-76 2nd ex.s. c 95 § 3; 1961 c 12 § 46.64.050. Prior: (i) 1937 c 189 § 150; RRS § 6360-150; 1927 c 309 § 53; RRS § 6362-53. (ii) 1937 c 188 § 82; RRS § 6312-82; 1921 c 108 § 16; RRS § 6378.]

[1967 c 144 § 1.]

Severability—1967 c 144: "If any provision, clause or word of this act or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision of application, and to this end the provisions of this act are declared to be severable." Determination of the number of miles of county roads used in each county by rural mail carriers on routes serviced by vehicles during the year shall be based solely upon information supplied by the United States postal department as of January 1st of the even-numbered years.

(d) Thirty percent of such sum shall be paid to each of the several counties in the direct proportion that the product of the trunk highway mileage of the county and its "money need factor" as defined in subsection (f) is to the total of such products for all counties.

(e) Every four years, beginning with the 1958 allocation, the transportation commission and the legislative transportation committee shall reexamine or cause to be reexamined all the factors on which the estimated annual costs per trunk mile for the several counties have been based and shall make such adjustments as may be necessary. The following formula shall be used: One twenty-fifth of the estimated total county road replacement cost, plus the total annual maintenance cost, divided by the total miles of county road in such county, and multiplied by the result obtained from dividing the total miles of county road in said county by the total trunk road mileage in said county. For the purpose of allocating funds from the motor vehicle fund, a county road shall be defined as one established as such by resolution or order of establishment of the county legislative authority.

(f) The "money need factor" for each of the several counties shall be the difference between the prorated estimated annual costs as provided for in subsection (e) of this subsection and the sum of the following three amounts divided by the county trunk highway mileage:

1. The equivalent of a two dollar and twenty-five cents per thousand dollars of assessed value levy on the valuation, as equalized by the state department of revenue for state purposes, of all taxable property in the county road districts;

2. One-fourth the sum of all funds received by the county from the federal forest reserve fund during the two calendar years next preceding the date of the adjustment of the allocation amounts as certified by the state treasurer; and

3. One-half the sum of motor vehicle license fees and motor vehicle fuel tax refunded to the county during the two calendar years next preceding the date of the adjustment of the allocation amounts as provided in RCW 46.68.080. These shall be as supplied to the transportation commission by the state treasurer for that purpose. The department of revenue and the state treasurer shall supply the information herein requested on or before January 1, 1956, and on said date each two years thereafter.

The following formula shall be used for the purpose of obtaining the "money need factor" of the several counties: The prorated estimated annual cost per trunk mile multiplied by the trunk miles will equal the total need of the individual county. The total need minus the sum of the three resources set forth in subsection (f) shall equal the net need. The net need of the individual county divided by the total net needs for all counties shall equal the "money need factor" for that county.

(g) The transportation commission shall adjust the allocations of the several counties on March 1st of every even-numbered year based solely upon the sources of information hereinbefore required: Provided, That the total allocation factor composed of the sum of the four factors defined in subsections (a), (b), (c), and (d) shall be held to a level not more than five percent above or five percent below the total allocation factor in use during the previous two year period.

(h) The transportation commission and the legislative transportation committee shall relog or cause to be relogged the total road miles upon which the prorated estimated annual costs per trunk mile are based and shall recalculate such costs on the basis of such relogging and shall report their findings and recommendations to the legislature at its next regular session.

(i) The transportation commission and the legislative transportation committee shall study and report their findings and recommendations to the legislature concerning the following problems as they affect the allocation of "motor vehicle fund" funds to counties:

1. Comparative costs per trunk mile based on federal aid contracts versus those herein advocated;

2. Average costs per trunk mile;

3. The advisability of using either "trunk mileage" or "county road" mileage exclusively as the criterion instead of both as in this plan adopted;

4. Reassessment of bridge costs based on current information and relogging of bridges;

5. The items in the list of resources used in determining the "need factor";

6. The development of a uniform accounting system for counties with regard to road and bridge construction and maintenance costs;

7. A redefinition of rural and urban vehicles which better reflects the use of said vehicles on county roads.

46.79.010 Definitions. As used in this chapter and unless the context indicates otherwise, words and phrases shall mean:

(1) "Abandoned vehicle" means any vehicle left within the limits of any highway or upon the property of another without the consent of the owner of such property for a period of twenty-four hours, or longer, except that a vehicle shall not be considered abandoned if its owner or operator is unable to remove it from the place where it is located and so notifies law enforcement officials and requests assistance.

(2) "Abandoned automobile hulk" means the abandoned remnant or remains of a motor vehicle which is inoperative and cannot be made mechanically operative without the addition of parts of mechanisms and the application of a substantial amount of labor to effect repairs.

(3) "Scrap processor" means a licensed establishment that maintains a hydraulic baler and shears, or a shredder for recycling salvage.

(4) "Demolish" means to destroy completely by use of a hydraulic baler and shears, or a shredder.

(5) "Hulk hauler" means any person who deals in vehicles for the sole purpose of transporting and/or selling them to a licensed motor vehicle wrecker or scrap processor in substantially the same form in which they are obtained and who may not sell second-hand motor vehicle parts to anyone other than a scrap processor.

(6) "Director" means the director of licensing. [1979 c 158 § 190; 1971 ex.s. c 110 § 1.]

46.79.020 Transporting hulks to scrap processor—Authorized—Procedure. Any hulk hauler or scrap processor licensed under the provisions of this chapter may:

(1) Notwithstanding any other provision of law, transport any flattened or junk abandoned automobile hulk whether such hulk is from in state or out of state, to a scrap processor upon obtaining the certificate oftitle and/or registration and/or any release of interest from the owner or custodian of such hulk. The scrap processor shall forward such document(s) to the department, together with a monthly report of all vehicles acquired from other than a licensed automobile wrecker, and no further identification shall be necessary.

(2) Transport any vehicle upon obtaining ownership thereof as otherwise required by law. [1979 c 158 § 191; 1971 ex.s. c 110 § 2.]

Application for a hulk hauler's license or a scrap processor's license or renewal of a hulk hauler's license or a scrap processor's license shall be made on a form for this purpose, furnished by the director, and shall be signed by the applicant or his authorized agent and shall include the following information:

(1) Name and address of the person, firm, partnership, association or corporation under which name the business is to be conducted;

(2) Names and residence address of all persons having an interest in the business or, if the owner is a corporation, the names and addresses of the officers thereof;

(3) Certificate of approval of the chief of police of any city or town, wherever located, having a population of over five thousand persons and in all other instances a member of the state patrol certifying that the applicant can be found at the address shown on the application, and;

Application for a hulk hauler's license, together with a fee of ten dollars, or application for a scrap processor's license, together with a fee of twenty-five dollars, shall be forwarded to the director. Upon receipt of the application the director shall, if the application be in
order, issue the license applied for authorizing him to do business as such and forward the fee, together with an itemized and detailed report, to the state treasurer, to be deposited in the motor vehicle fund. Upon receiving the certificate the owner shall cause it to be prominently displayed at the address shown in his application, where it may be inspected by an investigating officer at any time. 46.83.050 Court may order attendance. Every police court, justice court, juvenile court, superior court, and every other court handling traffic cases within the limits of a county wherein a traffic school has been established may, as a part of any sentence imposed following a conviction for any traffic law violation, or as a condition on the suspension of sentence or deferral of any imposition of sentence, order any person so convicted, whether that
person be a juvenile, a minor, or an adult, to attend the traffic school for a number of days to be determined by the court, but not to exceed the maximum number of days which the violator could be required to serve in the city or county jail as a result of his or her conviction. [1961 c 12 § 46.83.050. Prior: 1959 c 182 § 5.]

46.83.060 Duty of person required to attend—Penalty. (Effective until July 1, 1980.) Every person required to attend a traffic school as established under the provisions of this chapter shall maintain attendance in accordance with the sentence or order. Failure so to do, unless for good cause shown by clear and convincing evidence, shall be a misdemeanor and punishable as by law provided in addition to the imposition of any punishment suspended or deferred upon the original conviction. [1961 c 12 § 46.83.060. Prior: 1959 c 182 § 6.]

46.83.060 Duty of person required to attend—Penalty. (Effective July 1, 1980.) Every person required to attend a traffic school as established under the provisions of this chapter shall maintain attendance in accordance with the sentence or order. Failure so to do, unless for good cause shown by clear and convincing evidence, is a traffic infraction. [1979 1st ex.s. c 136 § 98; 1961 c 12 § 46.83.060. Prior: 1959 c 182 § 6.]

Single cab cards for interstate commercial vehicles, evidence of compliance with proportional registration: RCW 46.86.040.

46.85.010 Declaration of policy. It is the policy of this state to promote and encourage the fullest possible use of its highway system by authorizing the making and execution of motor vehicle reciprocal or proportional registration agreements, arrangements and declarations with other states, provinces, territories and countries with respect to vehicles registered in this and such other states, provinces, territories and countries thus contributing to the economic and social development and growth of this state. [1963 c 106 § 1.]

46.85.020 Definitions. As used in this chapter: (1) "Commercial vehicle" means any vehicle which is operated in more than one state and used for the transportation of persons for hire, compensation or profit, or designed or used primarily for the transportation of property.

(2) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country and a state or province of a foreign country.

(3) "Owner" means a person who holds the legal title to a vehicle, or in the event a vehicle is the subject of an agreement for the conditional sale thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or in the event a vehicle is subject to a lease, contract or other legal arrangement vesting right of possession or control, for security or otherwise, or in the event a mortgagor of a vehicle is entitled to possession, then the owner shall be deemed to be such person in whom is vested right of possession or control.

(4) "Properly registered", as applied to place of registration, means:

(a) The jurisdiction where the person registering the vehicle has his legal residence, or

(b) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which such vehicle is used has a place of business therein, and, if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated or otherwise controlled in or from such place of business, and, the vehicle has been assigned to such place of business, or
(c) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between two or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by said jurisdiction.

In case of doubt or dispute as to the proper place of registration of a vehicle, the department shall make the final determination, but in making such determination, may confer with departments of the other jurisdictions affected.

(5) "Fleet" means three or more commercial vehicles: Provided, That the reciprocity commission may require proportional registration and licensing of a fleet of less than three vehicles whenever in its judgment the interests of this state will be best served and protected thereby.

(6) The words "department," "motor vehicle," "person" and "vehicle" shall each have the meanings ascribed to them, respectively, by RCW 46.04.680, 46.04.320, 46.04.405 and 46.04.670.

(7) "Preceding year" means a period of twelve consecutive months fixed by the department which period shall be within the sixteen months immediately preceding the commencement of the registration or license year for which proportional registration is sought; and the department in fixing such period shall make it conform to the terms, conditions and requirements of any applicable agreement or arrangement for the proportional registration of vehicles. [1963 c 106 § 2.]

*Reviser's note: RCW 46.04.680 was repealed by 1979 c 158 § 245.

46.85.030 Reciprocity commission created—Entry into multistate proportional registration agreement, International Registration Plan. (1) The reciprocity commission, hereby created, shall consist of the director of motor vehicles, the chief of the Washington state patrol, a designee of the state highway commission and, ex officio, the chairman and vice chairman of the legislative transportation committee, or their duly designated representatives. Members of the western interstate highway policy committee from the state of Washington shall be advisory members of the reciprocity commission, and may attend meetings and conferences of the commission in such capacity, but shall not vote as members thereof. The department shall provide such assistance and facilities to the commission as it may require. The members of the commission shall receive no additional compensation for their services except that they shall be allowed reimbursement for travel expenses incurred in the performance of their official duties in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended to be paid from funds made available for the use of the commission. The commission shall have the authority to execute agreements, arrangements or declarations to carry out the provisions of this chapter.

(2) The reciprocity commission may enter into a multistate proportional registration agreement which prescribes a different procedure for vehicle identification, the agreement procedures shall control.

If the reciprocity commission enters into a multistate proportional registration agreement which requires this state to perform acts in a quasi agency relationship, the reciprocity commission may collect and forward applicable registration fees and applications to other jurisdictions on behalf of the applicant or on behalf of another jurisdiction and may take such other action as will facilitate the administration of such agreement.

If the reciprocity commission enters into a multistate proportional registration agreement which prohibits the collection of minimum fees provided for in this chapter or elsewhere for the ownership or operation of motor vehicles, the prohibitions contained in the agreement shall control.

It is the purpose and intent of this subsection to facilitate the membership in the International Registration Plan and at the same time allow the reciprocity commission to continue to participate in such agreements and compacts as may be necessary and desirable in addition to the International Registration Plan: Provided, That prior to the reciprocity commission entering into the International Registration Plan, the commission, with the assistance of the department of motor vehicles, shall conduct a fiscal impact study and report the findings of the study to the legislative transportation committee by October 15, 1977. [1977 ex.s. c 92 § 1; 1975-76 2nd ex.s. c 34 § 137; 1967 c 32 § 113; 1963 c 106 § 3.]

*Reviser's note: (1) The "director of motor vehicles" redesignated the "director of licensing" by 1977 ex.s. c 334. See RCW 46.01.020.

(2) Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

Effective date—Severability—1975-'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

46.85.040 Authority for reciprocity agreements—Provisions—Reciprocity standards. The reciprocity commission may enter into an agreement or arrangement with the duly authorized representatives of another jurisdiction, granting to vehicles or to owners of vehicles which are properly registered or licensed in such jurisdiction and for which evidence of compliance is supplied, benefits, privileges and exemptions from the payment, wholly or partially, of any taxes, fees, or other charges imposed upon such vehicles or owners with respect to the operation or ownership of such vehicles under the laws of this state, except gallonage taxes on motor fuels. Such an agreement or arrangement shall provide that vehicles properly registered or licensed in this state when operated upon highways of such other jurisdiction shall receive exemptions, benefits and privileges of a similar kind or to a similar degree as are extended to vehicles
properly registered or licensed in such jurisdiction when operated in this state. Each such agreement or arrangement shall, in the judgment of the reciprocity commission, be in the best interest of this state and the citizens thereof and shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce. [1963 c 106 § 4.]

46.85.050 Base state registration reciprocity. An agreement or arrangement entered into, or a declaration issued under the authority of this chapter may contain provisions authorizing the registration or licensing in another jurisdiction of vehicles located in or operated from a base in such other jurisdiction which vehicles otherwise would be required to be registered or licensed in this state; and in such event the exemptions, benefits and privileges extended by such agreement, arrangement or declaration shall apply to such vehicles, when properly licensed or registered in such base jurisdiction. [1963 c 106 § 5.]

46.85.060 Declarations of extent of reciprocity, when. In the absence of an agreement or arrangement with another jurisdiction, the reciprocity commission may examine the laws and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits and privileges to be extended to vehicles properly registered or licensed in such other jurisdiction, or to the owners of such vehicles, which shall, in the judgment of the reciprocity commission, be in the best interest of this state and the citizens thereof and which shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce. [1963 c 106 § 6.]

46.85.070 Extension of reciprocal privileges to lessees authorized. An agreement, or arrangement entered into, or a declaration issued under the authority of this chapter, may contain provisions under which a leased vehicle properly registered by the lessor thereof may be entitled, subject to terms and conditions stated therein, to the exemptions, benefits and privileges extended by such agreement, arrangement or declaration. [1963 c 106 § 7.]

46.85.080 Automatic reciprocity, when. On and after July 1, 1963, if no agreement, arrangement or declaration is in effect with respect to another jurisdiction as authorized by this chapter, any vehicle properly registered or licensed in such other jurisdiction and for which evidence of compliance is supplied shall receive, when operated in this state, the same exemptions, benefits and privileges granted by such other jurisdiction to vehicles properly registered in this state. Reciprocity extended under this section shall apply to commercial vehicles only when engaged exclusively in interstate commerce. [1963 c 106 § 8.]

46.85.090 Suspension of reciprocity benefits. Agreements, arrangements or declarations made under the authority of this chapter may include provisions authorizing the department to suspend or cancel the exemptions, benefits or privileges granted thereunder to a person who violates any of the conditions or terms of such agreements, arrangements or declarations or who violates the laws of this state relating to motor vehicles or rules and regulations lawfully promulgated thereunder. [1963 c 106 § 9.]

46.85.100 Agreements to be written, filed, and available for distribution. All agreements, arrangements or declarations thereto shall be in writing and shall be filed in the office of the reciprocity commission. A copy of each agreement, arrangement or declaration, or amendment thereto, shall be filed by the reciprocity commission in the office of the director within ten days after execution or the effective date of the instrument whichever is later. Upon becoming effective, they shall supersede the provisions of RCW 46.16.030 to the extent that they are inconsistent therewith. The department shall provide copies for public distribution upon request. [1967 c 32 § 114; 1963 c 106 § 10.]

46.85.110 Reciprocity agreements in effect at time of act. All reciprocity and proportional registration agreements, arrangements and declarations relating to vehicles in force and effect at the time this chapter becomes effective shall continue in force and effect at the time this chapter becomes effective and until specifically amended or revoked as provided by law or by such agreements or arrangements. [1963 c 106 § 11.]

Effective date of chapter: RCW 46.85.930.

46.85.120 Proportional registration of fleet vehicles, application, fee—Formula and payment. (1) Any owner engaged in operating one or more fleets may, in lieu of registration of vehicles under the provisions of chapter 46.16 RCW and payment of excise taxes and fees imposed by chapter 82.44 RCW, register and license each fleet for operation in this state by filing an application with the department which shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) Total fleet miles. This shall be the total number of miles operated in all jurisdictions during the preceding year by the motor vehicles in such fleet during said year.

(b) In-state miles. This shall be the total number of miles operated in this state during the preceding year by the motor vehicles in such fleet during said year.

(c) A description and identification of each vehicle of such fleet which is to be operated in this state during the registration year for which proportional fleet registration is requested.

(2) The application for each fleet shall, at the time and in the manner required by the department, be supported by fee payment computed as follows:

(a) Divide the sum of the in-state miles by total fleet miles.

[Title 46 RCW (1979 Ed.)—p 221]
(b) Determine the total amount necessary under the provisions referred to in subsection (1) of this section to register each and every vehicle in the fleet for which registration is requested, based on the regular annual fees or applicable fees for the unexpired portion of the registration year.

(c) Multiply the sum obtained under subsection (2)(b) hereof by the fraction obtained under subsection (2)(a) hereof.

(3) The applicant for proportional registration of any fleet, the nonmotor vehicles of which are operated in jurisdictions in addition to those in which the applicant's fleet motor vehicles are operated, may state such nonmotor vehicles separately in his application and compute and pay the fees therefor in accordance with such separate statement, as to which "total miles" shall be the total miles operated in all jurisdictions during the preceding year.

(4) In no event shall the total fee payment be less than a minimum of five dollars per motor truck, truck tractor or auto stage, and three dollars per vehicle of any other type. [1973 c 115 § 1; 1971 c 51 § 1; 1963 c 106 § 12.]

46.85.130 Registration and identification of proportionally registered vehicles, effect of such registration.

(1) The department shall register the vehicles so described and identified and may issue a license plate or plates, or a distinctive sticker, or other suitable identification device, for each vehicle described in the application upon payment of the appropriate fees for such application and for the stickers or devices issued. A fee of two dollars shall be paid for each license plate, sticker or device issued for each proportionally registered vehicle. A registration card shall be issued for each proportionally registered vehicle. Such registration card shall, in addition to the information required by RCW 46.12-050, bear upon its face the number of the license, sticker or other device issued for such proportionally registered vehicle and shall be carried in such vehicles at all times or, in the case of a combination, in the vehicle supplying the motive power.

(2) Fleet vehicles so registered and identified shall be deemed to be fully licensed and registered in this state for any type of movement or operation, except that, in those instances in which a grant of authority is required for interstate or intrastate movement or operation, no such vehicle shall be operated in interstate or intrastate commerce in this state unless the owner thereof has been granted interstate operating authority by the interstate commerce commission in the case of interstate operations or intrastate operating authority by the Washington utility and transportation commission in the case of intrastate operations and unless said vehicle is being operated in conformity with such authority.

(3) The department may issue temporary proration authorization permits to qualifying operators for the operation of vehicles pending issuance of license identification. A fee of one dollar shall be collected for each permit issued. The department shall have the authority to adopt rules and regulations for issuance of the permits. [1963 c 106 § 13.]

46.85.135 Application fee—Additional. Each application or supplemental application for reciprocal or proportional registration of vehicles shall be accompanied by an application fee, in addition to all other fees, of five dollars for nine or less vehicles, ten dollars for ten through twenty-four vehicles, and fifteen dollars for twenty-five or more vehicles. [1971 c 51 § 5.]

46.85.140 Registration in more than one jurisdiction required. The right to the privilege and benefits of proportional registration of fleet vehicles extended by this chapter, or by any contract, agreement, arrangement or declaration made under the authority of this chapter, shall be subject to the condition that each fleet vehicle proportionally registered under the authority of this chapter also shall be fully or proportionally registered in at least one other jurisdiction during the period for which it is proportionally registered in this state. [1979 c 134 § 2; 1963 c 106 § 14.]

46.85.145 Failure to register vehicles in another jurisdiction, additional in-state miles. If it is determined that any Washington based carrier has not fully or proportionally registered a vehicle or vehicles in another jurisdiction or jurisdictions which are members of the Uniform Compact Agreement after indicating his intent to do so in his application to the state, the mileage traveled in such jurisdiction or jurisdictions shall be added to Washington in-state miles for computation of the Washington travel percentage. [1979 c 134 § 3; 1971 c 51 § 6.]

46.85.147 Increasing gross weight as subject to minimum fee. Any prorated carrier increasing the gross weight of a vehicle or vehicles shall be subject to a five dollar minimum fee per vehicle. [1971 c 51 § 7.]

46.85.150 Registration of additional fleet vehicles. Vehicles acquired by the owner after the commencement of the registration year and subsequently added to a proportionally registered fleet shall be proportionally registered by applying the mileage percentage used in the original application for such fleet for such registration period to the regular registration fees due with respect to such vehicles for the remainder of the registration year. [1963 c 106 § 15.]

46.85.160 Withdrawal of fleet vehicles, credits and accounting. If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered under the provisions of this chapter, the owner of such fleet shall so notify the department on appropriate forms to be prescribed by the department. The department may require the owner to surrender proportional registration cards and such other identification devices which have been issued with respect to such vehicle. If a vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold or otherwise completely removed from the service of the registrant, the unused portion of the gross weight fee paid with respect to such vehicle, which shall be a sum equal to the amount of gross weight fee paid.
with respect to such vehicle when it was first proportionally registered in such registration year, reduced by one-twelfth for each calendar month and fraction thereof elapsing between the first day of the month of the current year in which the vehicle was registered and the date the notice of withdrawal is received by the department, shall be credited to the proportional registration account of such owner. Such credit shall be applied against the gross weight fee liability for subsequent additions to be prorated during such registration year or for additional gross weight fees due upon audit under RCW 46.85.190. If any such credit is less than fifteen dollars, no credit shall be made or entered. In no event shall such amount be credited against fees other than those for such registration year nor shall any such amount be subject to refund. [1971 c 51 § 2; 1963 c 106 § 16.]

46.85.170 New fleet, estimated mileage—Amended application, when—Use of actual travel basis. The initial application for proportional registration of a fleet shall state the mileage data with respect to such fleet for the preceding year in this and other jurisdictions. If no operations were conducted with such fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in this state and other jurisdictions. The department shall determine the in-state and total fleet miles to be used in computing the fee payment for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to the correctness thereof.

When operations are materially changed through merger, acquisition or extended authority, the department shall require the filing of an amended application setting forth the proposed operation by use of estimated mileages for all jurisdictions. The department may adjust such estimated mileages by audit or otherwise to an actual travel basis to insure proper fee payment to this state. The actual calendar year travel basis may be utilized for determination of fee payments until such time as the normal mileage year is available under the new operation. [1971 c 51 § 3; 1963 c 106 § 17.]

46.85.180 Fleet registration may be denied, when. The department may refuse to accept proportional registration applications for the registration of vehicles based in another jurisdiction if the department shall find that such other jurisdiction does not grant similar registration privileges to fleet vehicles based in or owned by residents of this state. [1963 c 106 § 18.]

46.85.190 Preservation of proportional registration records—Individual vehicle operating records—Audit, costs, liens, joint agreements with other jurisdictions.

Any owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of four years following the year or period upon which said application is based. Upon request of the department, the owner shall make such records available to the department, at its designated office for audit as to accuracy of computations and payments and assessment of deficiencies or allowances for credit. If the department determines that the applicant should have registered more vehicles in this state under the provisions of this chapter the department may deny him the right of any further benefits by reason of any reciprocal agreement or declaration until the fees, interest, and penalties for such additional vehicle or vehicles which should have been registered, have been paid. The fees, interest, and penalties determined to be due and owing under the provisions of this paragraph shall be a lien upon all the property of the applicant, and such lien shall attach at the time the audit report has been mailed to such applicant by the department, and shall have the effect of an execution duly levied on such property and shall so remain until said additional fees, interest, and penalties so determined, are paid, or a sufficient amount of such property sold for the payment thereof. The department may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any such owner. No assessment for deficiency or claim for credit may be made for any period for which records are no longer required. Any sums found to be due and owing upon audit shall bear interest of one percent per month from the date when they should have been paid until the date of actual payment. If the audit discloses a deliberate and willful intent to evade the requirements of payment under RCW 46.85.110 and 46.85.120, a penalty of ten percent shall also be assessed.

If the audit discloses that an overpayment to the state in excess of twenty-five dollars has been made, the department shall certify such overpayment to the state treasurer who shall issue a warrant for such overpayment to the vehicle operator.

All carriers registered under the provisions of this chapter shall maintain detailed mileage records on an individual vehicle basis. Such operating records shall be prepared for each trip and shall include dates, origin and destination points, total miles traveled, miles traveled in each state, vehicle equipment number, driver's full name, and all other information pertinent to the particular trip. [1979 1st ex.s. c 149 § 4; 1971 c 51 § 4; 1969 ex.s. c 281 § 33; 1963 c 106 § 19.]

46.85.200 Relation to other state laws. The provisions of this chapter shall constitute complete authority for the registration of fleet vehicles upon a proportional registration basis without reference to or application of any other statutes of this state except as in this chapter expressly provided. [1963 c 106 § 20.]

46.85.210 Proportional registration not exclusive. Nothing contained in this chapter relating to proportional registration of fleet vehicles shall be construed as requiring any vehicle to be proportionally registered if it is otherwise registered in this state for the operation in which it is engaged, including, but not by way of limitation, regular registration, temporary registration, or trip permit or registration. [1963 c 106 § 21.]
46.85.220 Rules. The department may enter into agreements with other states on behalf of the state of Washington for the purpose of facilitating the administration of this chapter. In addition it may conclude arrangements or agreements with other states for the exchange of information for audit and enforcement activities in connection with such proportional registration. The department may adopt and promulgate such rules and regulations as it shall deem necessary to effectuate and administer the provisions of RCW 46.85.110 and 46.85.120 and the registration of fleet vehicles under said sections shall be subject to the rights, terms and conditions granted or contained in any applicable agreement made by the department under the authority of this section. [1963 c 106 § 22.]

46.85.230 "Floater" license plate—Authorized—Prerequisites. Any owner eligible for proportional registration and licensing pursuant to this chapter but who is unable in the opinion of the reciprocity commission to comply with the reporting and application requirements thereof, may subject to prior approval of the commission and in lieu of registration of such vehicles under the provisions of chapter 46.16 RCW, and payment of excise taxes and fees imposed by chapter 82.44 RCW and RCW 81.80.320, apply to the director for issuance of a special "floater" license plate. [1967 c 32 § 115; 1963 c 106 § 23.]

46.85.240 Application—Fee. Application for each "floater" license plate shall be made upon forms prescribed by the director and shall be accompanied by a fee equivalent to double the total annual fees and taxes which would be due under the provisions of chapters 46.16 and 82.44 RCW and RCW 81.80.320 for licensing a semitrailer to the maximum gross weight of thirty-one thousand nine hundred ninety-nine pounds together with such additional fees, including filing and special fees, as are applicable upon annual registration and licensing of a semitrailer. [1963 c 106 § 24.]

46.85.250 Valid only for intracity operation—Penalty for violation. (Effective until July 1, 1980.) Each "floater" license plate may be used interchangeably upon any semitrailer, not exceeding the maximum gross weight, for which such license is issued, owned by or in the possession of the licensee. Such "floater" plates shall be valid only for intracity operations.

Every violation of this section shall be punishable as a misdemeanor and every peace officer witnessing any use of any "floater" license plate outside of incorporated cities or towns shall confiscate such plate and forthwith return it to the director. [1979 1st ex.s. c 136 § 99; 1963 c 106 § 25.]

46.85.260 Design, size, etc.—Furnished as other plates. Each "floater" license plate shall be of distinctive design and shall be of such size and contain such symbols as are prescribed by the director. All such plates shall be obtained from the metal working plant of the state penitentiary at Walla Walla, if available therefrom, and shall upon application therefor and payment of all fees, be furnished in the manner provided for the annual licensing of vehicles of like class. [1963 c 106 § 26.]

46.85.270 Special reciprocity identification plate—Display. The reciprocity commission may require the display of a special reciprocity identification plate upon any commercial vehicle operating within this state under the provisions of any reciprocal agreement between this state and the state or other jurisdiction in which such vehicle is properly licensed: Provided, That such reciprocal agreement is on file with the reciprocity commission: Provided further, That the issuance and display of such identification plate shall not be deemed to enlarge upon, restrict, or in any manner affect the terms or conditions of such reciprocal agreement. [1963 c 106 § 27.]

46.85.280 Duration. (b) When any vehicle upon a highway, including tunnels, bridges, or approaches, is so disabled as to constitute an obstruction to traffic or when the person or persons in charge of the vehicle are incapacitated to such an extent as to be unable to provide for its custody or removal and there is no other person present who may properly act as agent for such operator in the care of his vehicle;

(c) When any vehicle is left unattended upon a highway and is so parked illegally as to constitute a definite hazard or obstruction to the normal movement of traffic;

(d) When any vehicle is found in a tow-away zone;

(e) When any vehicle operating on a highway is found to be defective in equipment in such manner that it may be considered unsafe;

(f) When the operator of any vehicle is arrested and placed in custody and is not in condition to drive and the vehicle is not in a place of safety and there is no other person present who may properly act as agent for such operator to drive the vehicle to a place of safety.

(2) Members of the police department are authorized to remove and impound any abandoned vehicle, or abandoned junk motor vehicle found on a highway by means of towing or otherwise to the nearest garage or
other place of safety or to a garage designated or maintained by the police department or otherwise maintained by the local authority.

(3) Whenever an officer removes and impounds a vehicle from a highway as authorized in subsection (1) of this section, he shall as soon as practicable give or cause personal notice to be given in writing to the owner of such vehicle, if any record exists of the registered or legal owner in the records of the authority last licensing such vehicle, of the fact of such removal and the reasons therefor and of the place to which such vehicle has been removed. In the event any such vehicle is stored in a public garage, a copy of such notice shall be given to the proprietor of such garage.

46.90.370 Abatement and removal of automobile hulks on private property—Contents. (1) The storage or retention of an automobile hulk on private property is declared to constitute a public nuisance subject to removal and impoundment. The chief of police shall inspect and investigate complaints relative to automobile hulks, or parts thereof on private property. Upon discovery of such nuisance, the police department shall give
notice in writing to the last registered owner of record of
the automobile hulk and also to the property owner of
record that a public hearing may be requested before the
governing body of the local authority, and that if no
hearing is requested within ten days, the automobile
hulk will be removed. Costs of removal may be assessed
against the last registered owner of the automobile hulk
if the identity of such owner can be determined, or the
costs may be assessed against the owner of the property
on which the automobile hulk is stored.

(2) If a request for a hearing is received, a notice giving
the time, location and date of such hearing on the
question of removal and impoundment of the automobile
hulk or part thereof as a public nuisance shall be mailed,
by certified or registered mail with a five-day return re­

(4) The owner of the land on which the automobile
hulk is located may appear in person at the hearing or
present a written statement in time for consideration at
the hearing, and deny responsibility for the presence of
the hulk on the land, with his reasons for such denial. If
it is determined at the hearing that the hulk was placed
on the land without the consent of the landowner and
that he has not subsequently acquiesced in its presence,
then the governing body shall not assess costs of admini­
stration or removal of the hulk against the property
upon which the hulk is located or otherwise attempt to
collect such cost from the property owner.

(5) After notice has been given of the intent of the local
authority to dispose of the automobile hulk and after
a hearing, if requested, has been held, the automobile
hulk or part thereof, shall be removed, at the request of
a police officer, and disposed of to a licensed motor
vehicle wrecker or hulk hauler with notice to the
Washington state patrol and the department that the
automobile hulk is in such condition that identification
numbers are not available to determine ownership.

(6) The local authority shall within thirty days after
removal of an automobile hulk from private property,
file for record with the county auditor to claim a lien for
the cost of removal, which shall be in substance in ac­

47.01.011 Legislative declaration. The legislature hereby recognizes the following imperative needs within the state: To create a state-wide transportation development plan which identifies present status and sets goals for the future; to coordinate transportation modes; to promote and protect land use programs required in local, state and federal law; to coordinate transportation with the economic development of the state; to supply a broad framework in which regional, metropolitan, and local transportation needs can be related; to facilitate the supply of federal and state aid to those areas which will most benefit the state as a whole; to provide for public involvement in the transportation planning and development process; to administer programs within the jurisdiction of this title relating to the safety of the state’s transportation systems; and to coordinate and implement national transportation policy with the state transportation planning program.

The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of this chapter and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of this chapter. [1965 ex.s. c 167 § 7.]

The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1965 ex.s. c 167 § 9.]

47.02.100 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels payable into the highway bond retirement fund shall prove more than is required for the payment of interest on bonds when due or current retirement of bonds, or in the event there is appropriated from time to time additional amounts to be placed in the said bond retirement fund, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. 1. The county shall obtain from the Washington state highway commission a franchise authorizing such ferry operations. The county's application for a franchise or amended franchise shall designate all ferry routes it proposes to operate. The commission shall issue the franchise or amended franchise for the operation of each route which it finds is not otherwise served by adequate transportation facilities. A county may terminate any ferry route without approval of the commission.

2. At least thirty days before applying for federal aid for the construction, reconstruction, or modification of any of its ferries, and thereafter whenever new tolls or charges are proposed for use of its ferries, the county shall file with the commission for its approval, the current or proposed schedule of tolls and charges for use of its ferries. State highway improvement projects in urban areas, priority programming to be accorded: RCW 47.26.070.

47.05.010 Declaration of purpose. The legislature finds that anticipated revenues available for state highways for the foreseeable future will fall substantially short of the amount required to satisfy all of the state highway needs. It is the purpose of this chapter to establish a policy of priority programming for highway development having as its basis the rational selection of projects according to factual need, systematically scheduled to carry out defined objectives within limits of money and manpower, and fixed in advance with reasonable flexibility to meet changed conditions. [1969 ex.s.c 39 § 1; 1963 c 173 § 1.]

47.05.021 Functional classification of highways. (1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the legislature biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:
(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial state-wide and interstate travel;
(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and
(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.
(2) Those state highways which perform no arterial or collector function, which serve only local access functions, and which lack essential state highway characteristics shall be designated "local access" highways.
(3) In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:
(a) Urban population centers within and without the state stratified and ranked according to size;
(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;
(c) Feasibility of the route, including availability of alternate routes within and without the state;
(d) Directness of travel and distance between points of economic importance;
(e) Length of trips;
(f) Character and volume of traffic;
(g) Preferential consideration for multiple service which shall include public transportation;
(h) Reasonable spacing depending upon population density; and
(i) System continuity. [1979 1st ex.s.c 122 § 1; 1977 ex.s.c 130 § 1.]

Severability—1979 1st ex.s.c 122: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 1st ex.s.c 122 § 10.]
Effective dates—1977 ex.s.c 130: "Section 1 of this 1977 act modifying the functional classification of state highways shall apply to the six year program for highway construction commencing July 1, 1979 and to the preparation thereof and shall take effect July 1, 1977. Section 2 of this 1977 act shall take effect July 1, 1979." [1977 ex.s.c 130 § 3.]
"Section 1 of this 1977 act" is codified as RCW 47.05.021; "Section 2 of this 1977 act" repealed RCW 47.05.020.

47.05.030 Six-year program and financial plan for improvements—Objectives—Categories—Allocation of funds. The transportation commission shall adopt and periodically revise, after consultation with the legislative transportation committee, a comprehensive six-year program and financial plan for highway improvements specifying program objectives for each of the highway categories, "A," "B," and "C," defined in this section, and within the framework of estimated funds for such period. The program and plan shall be based upon the improvement needs for state highways as determined by the department from time to time.

With such reasonable deviations as may be required to effectively utilize the estimated funds and to adjust to
unanticipated delays in programmed projects, the commission shall allocate the estimated funds among the following described categories of highway improvements, so as to carry out the commission's program objectives:

1. Category A shall consist of those improvements necessary to sustain the structural, safety, and operational integrity of the existing state highway system (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations).

2. Category B shall consist of improvements for the continued development of the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations.

3. Category C shall consist of the development of major transportation improvements (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations) including designated but unconstructed highways which are vital to the state-wide transportation network. [1979 1st ex.s. c 122 § 2; 1977 ex.s. c 151 § 44; 1975 1st ex.s. c 143 § 1; 1973 2nd ex.s. c 12 § 4; 1969 ex.s. c 39 § 3; 1965 ex.s. c 170 § 33; 1963 c 173 § 3.]

Severability—1979 1st ex.s. c 122: See note following RCW 47.05.021.

47.05.035 Allocation of funds, factors—Program objectives. (1) The transportation commission, in preparing the comprehensive six-year program and financial plan for highway improvements, shall allocate the estimated funds among categories A, B, and C, giving primary consideration to the following factors:

a. The relative needs in each of the categories of improvements;

b. The need to provide adequate funding for category A improvements to protect the state's investment in its existing highway system; and

c. The continuity of future highway development of all categories of improvements with those previously programmed.

(2) The commission in preparing the comprehensive six-year program and financial plan shall establish program objectives for each of the highway categories, A, B, and C. [1979 1st ex.s. c 122 § 3; 1975 1st ex.s. c 143 § 2.]

Severability—1979 1st ex.s. c 122: See note following RCW 47.05.021.

47.05.040 Six-year comprehensive highway improvement program and financial plan—Adoption—Biennial revision—Apportionment. (1) Prior to October 1st of each even-numbered year, the transportation commission as provided in subsections (2), (3), and (4) of this section shall adopt and thereafter shall biennially revise, after consultation with the legislative transportation committee, the comprehensive six-year program and financial plan for highway improvements, including program objectives, as specified in RCW 47.05.030 as now or hereafter amended.

(2) The commission shall first allocate to category A improvements as a whole the estimated construction funds as will be necessary to accomplish the commission's program objectives for category A highway improvements throughout the state. The commission shall then apportion the allocated category A construction funds among the several transportation districts considering the improvement needs of each district in relation to such needs in all districts.

(3) The commission shall next allocate to category B improvements the estimated federal aid interstate funds and state matching funds as necessary to accomplish the commission's program objectives for category B highway improvements throughout the state.

(4) The commission shall then allocate to category C improvements the remaining estimated construction funds to accomplish the commission's program objectives for category C highway improvements throughout the state. [1979 1st ex.s. c 122 § 4; 1977 ex.s. c 235 § 15; 1975 1st ex.s. c 143 § 3; 1973 2nd ex.s. c 12 § 5; 1969 ex.s. c 39 § 4; 1963 c 173 § 4.]

Severability—1979 1st ex.s. c 122: See note following RCW 47.05.021.

47.05.051 Six-year comprehensive highway improvement program and financial plan—Priority selection criteria—Departure from criteria—Biennial revision. (1) The comprehensive six-year program and financial plan for each category of highway improvements shall be based upon a priority selection system within the program objectives established for each category. The commission using the criteria set forth in RCW 47.05.030, as now or hereafter amended, shall determine the category of each highway improvement.

(2) Selection of specific category A projects for the six-year program shall take into account the criteria set forth in subsection (4) of this section.

(3) Selection of specific category B projects for the six-year program shall be based on completion of the interstate system.

(4) In selecting each category A project as provided in subsection (2) of this section, the following criteria (not necessarily in order of importance) shall be taken into consideration:

a. Its structural ability to carry loads imposed upon it;

b. Its capacity to move traffic at reasonable speeds without undue congestion;

c. Its adequacy of alignment and related geometries;

d. Its accident experience; and

e. Its fatal accident experience.

(5) The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select category A and B improvements to be included in the six-year program.

(6) Selection of specific category C projects for the six-year program shall be based on the priority of each highway section proposed to be improved in relation to other highway sections within the state with full regard to the structural, geometric, safety, and operational adequacy of the existing highway section taking into account the following:

a. Continuity of development of the highway transportation network;
(b) Coordination with the development of other modes of transportation;
(c) The stated long range goals of the local area and its transportation plan;
(d) Its potential social, economic, and environmental impacts;
(e) Public views concerning proposed improvements;
(f) The conservation of energy resources and the capacity of the transportation corridor to move people and goods safely and at reasonable speeds; and
(g) Feasibility of financing the full proposed improvement.

(7) The commission in selecting any project for improvement in categories A, B, or C may depart from the priority of projects so established (a) to the extent that otherwise funds cannot be utilized feasibly within the program, (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations, (c) as may be required to coordinate with federal, local, or other state agency construction projects, (d) to take advantage of some substantial financial benefit that may be available, (e) for continuity of route development, or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority of projects.

(8) The comprehensive six-year program and financial plan for highway improvements shall be revised biennially pursuant to RCW 47.05.040 as now or hereafter amended. The adopted program and plan shall be extended for an additional two years, to six years in the future, effective on July 1st of each odd-numbered year. [1979 1st ex.s. c 122 § 5; 1975 1st ex.s. c 143 § 4.]

Severability—1979 1st ex.s. c 122: See note following RCW 47.05.021.

47.05.055 Application of chapter 122, Laws of 1979 1st ex. sess.—Deviations from plans. The provisions of this 1979 amendatory act modifying existing procedures for priority programming for highway development as set forth in chapter 47.05 RCW, shall first apply to the comprehensive six-year program and financial plan for highway improvements for the period 1981 to 1987. For the biennia ending June 30, 1979, and June 30, 1981, the commission may deviate from the existing long range plan and the six-year program to accommodate the modified procedures prescribed by this 1979 amendatory act. [1979 1st ex.s. c 122 § 6; 1975 1st ex.s. c 143 § 6.]

47.05.070 Budget recommendation to be presented to governor and legislature—Contents—Adoption of biennial operating budget. (1) The transportation commission shall approve and present to the governor and to the legislature prior to its convening, a recommended budget for the ensuing biennium. The biennial budget shall include details of proposed expenditures, performance and public service criteria for construction, maintenance, and planning activities in consonance with the comprehensive six-year program and financial plan adopted under provisions of RCW 44.40.070 and 47.05-.040 as now or hereafter amended.

In the event that any funds should become available from the federal government or otherwise for expenditure in conjunction with funds accruing to any incorporated city or town for the construction, alteration, repair or improvement of its city streets designated as forming a part of the route of any state highway through such incorporated city or town and the same is to be performed by the highway commission, the state treasurer shall, upon notice from the highway commission thereof, set aside from any moneys in the motor vehicle fund credited to such incorporated city or town, the cost thereof or so much money in the state treasury to the credit of such incorporated city or town as may be necessary in conjunction with such funds from the federal government or otherwise to accomplish such work, the same to be paid by the state auditor from the money so set aside upon vouchers approved and submitted by the highway commission in the same manner as payment is made for work on state highways. In the event that any such incorporated city or town shall have agreed with the state of Washington or the federal government as a condition precedent to the acquiring of federal funds for construction on any city street of such incorporated city or town designated as forming a part of the route of any state highways, that the same will be maintained to a standard and such incorporated city or town fails to so maintain such city street, then the highway commission may perform such maintenance and the state auditor is authorized to deduct the cost thereof from any funds credited or to be credited to such incorporated city or town and pay the same on vouchers approved and submitted by the highway commission in the same manner as payment is made for work performed on state highways. [1973 c 106 § 23; 1961 c 13 § 47.08.090. Prior: 1937 c 187 § 65; RRS § 6450-65.]

In its determination the highway commission is authorized to demand of said officials that the wrongful or illegal expenditures shall be stopped, adjusted, or remedied and that restitution of any wrongful or illegal diversion or use shall be made; and it may notify said officials that if the wrong is not stopped, remedied, or adjusted, or restitution made to its satisfaction within a specified period fixed by it, it will direct the withholding of further payments to the county or city from the motor vehicle fund. The county or city shall have ten days after such notice is given within which to correct or remedy the wrong, or wrongful and illegal practices, to make restitution or to adjust the matter to the satisfaction of the highway commission.

If no correction, remedy, adjustment or restitution is made within said ten days to the satisfaction of the commission it shall have power to request in writing that the state treasurer withhold further payments from the motor vehicle fund to such county or city; and it shall be

FIRST PRIORITY PROJECT—1951 ACT
47.10.010 First priority highway projects—Declaration of. Reconstruction of primary state highway No. 1 from Oregon to British Columbia, construction of four traffic lanes at Snoqualmie Pass, construction of an adequate highway bridge from Pasco to Kennewick and construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of lands for settlement in the Columbia Basin irrigation project, are declared to be highway projects of the first priority. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The reimbursement of the motor vehicle fund for money used to purchase Agate Pass Bridge bonds will also make possible other war emergency or high priority highway construction. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10.010. Prior: 1951 c 121 § 1.]

47.10.020 Bond issue authorized—Use of motor vehicle fund. To provide funds for accelerating construction of these first priority projects, and to reimburse the motor vehicle fund for money expended for Agate Pass Bridge construction there shall be issued and sold limited obligation bonds of the state of Washington in the sum of sixty-six million seven hundred thousand dollars, six hundred and twenty-five dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: Provided, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.020. Prior: 1955 c 117 § 1; 1951 c 121 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

47.10.030 Form and term of bonds. Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency
of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.010 through 47.10.140 shall be fully negotiable instruments. [1961 c 13 § 47.10.030. Prior: 1951 c 121 § 3.]

47.10.040 Bonds not general obligations—Taxes pledged. Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.010 through 47.10.140 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.010 through 47.10.140, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.010 through 47.10.140 when due. [1961 c 13 § 47.10.040. Prior: 1951 c 121 § 4.]

*Reviser's note: Chapter 82.40 RCW and RCW 82.40.020 were repealed by 1971 exs. c 175 § 33; for later enactment see chapter 82.38 RCW.

47.10.050 Sale of bonds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall be legal investment for any of the funds of the state, except the permanent school fund: Provided, That bonds authorized herein to reimburse the motor vehicle fund for the cost of the Agate Pass Bridge construction shall be sold at the earliest date which the committee finds feasible. [1961 c 13 § 47.10.050. Prior: 1951 c 121 § 5.]

47.10.060 Proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of such first priority projects, reimbursement of the motor vehicle fund for money expended for construction of the Agate Pass Bridge in order to make such money available for war emergency highway projects or other high priority highway uses, and payment of the expense incurred in the printing, issuance and sale of any such bonds. [1961 c 13 § 47.10.060. Prior: 1951 c 121 § 6.]

47.10.070 Source of funds for payment of principal and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the highway department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds: Provided, That money required hereunder to pay interest on or to retire any bonds issued for Columbia Basin county arterial highways or farm to market roads shall be repaid by any such county or counties wherein such highways or roads are constructed in the manner set forth in RCW 47.10.110. [1961 c 13 § 47.10.070. Prior: 1951 c 121 § 7.]

47.10.080 Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.070, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.080. Prior: 1951 c 121 § 8.]

47.10.090 Excess sums in bond retirement fund—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1961 c 13 § 47.10.090. Prior: 1951 c 121 § 11.]
47.10.100 Allocation of bonds. The bonds authorized herein are allocated to the first priority projects as follows:

(1) Forty-nine million two hundred fifty thousand dollars of the total issue for the acceleration of the reconstruction of primary state highway No. 1, said amount to be expended on said primary state highway No. 1 as follows: Thirty-three million five hundred thousand dollars between Everett, Seattle, Tacoma, Olympia, Chehalis, Centralia, Kelso, Vancouver, and the Oregon boundary line, and fifteen million seven hundred fifty thousand dollars between Everett and the Canadian boundary line;

(3) Four million two hundred fifty thousand dollars of the total issue for the construction of a four lane highway at Snoqualmie Pass;

(4) Five million dollars of the total issue for the construction of Columbia Basin county arterial highways and farm to market roads in Grant, Franklin and Adams counties, for which the state must be reimbursed as provided in RCW 47.10.110; and

(5) One million seven hundred three thousand six hundred twenty-five dollars of the total issue for reimbursement of the motor vehicle fund for money spent for Washington toll bridge authority bonds purchased in connection with the construction of the Agate Pass Bridge, said sum of one million seven hundred three thousand six hundred twenty-five dollars to be used when it becomes available in the motor vehicle fund, under allotments to be made by the director of highways, for war emergency or other high priority highway projects: Provided, That no bonds shall be issued for Columbia Basin county arterial highway and road purposes unless expenditures are actually required for the settlement of lands ready for irrigation in the Columbia Basin project and all construction of arterial highways and roads in such counties shall be accomplished by the engineering forces of the various counties under the supervision of the director of highways. [1961 c 13 § 47.10.100. Prior: 1951 c 121 § 12.]

Reviser's note: Powers, duties, and functions of director of highway transferred to secretary of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

47.10.110 Columbia Basin highway projects—Reimbursement by counties. The director of highways shall report separately to the state finance committee all sums expended from funds resulting from the sale of bonds for Columbia Basin county arterial highways and farm to market roads in Grant, Franklin and Adams counties under the provisions of RCW 47.10.010 through 47.10.140. Such counties shall repay to the state all the cost of any Columbia Basin highway or road facilities actually constructed under the provisions of RCW 47.10.010 through 47.10.140 within each of such counties as follows: The state finance committee, at least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the excise taxes on motor vehicle fuels, which is to be transferred to such counties under the provisions of law which will be necessary to pay all of the interest upon or retire when due all of the portion of said bonds chargeable to expenditures incurred under the provisions of RCW 47.10.010 through 47.10.140 in each of said counties. The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from the excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.010 through 47.10.140 in Grant, Adams and Franklin counties. Any money so retained shall be available for state highway purposes. [1961 c 13 § 47.10.110. Prior: 1951 c 121 § 9.]

**ADDITIONAL BONDS—1953 ACT**

47.10.150 Declaration of necessity for additional funds. Increased construction costs for highway and bridge construction since the enactment of a highway bond issue by the 1951 legislature makes necessary additional money with which to complete the sections of primary state highway No. 1 planned from funds allocated under RCW 47.10.010 through 47.10.140 and it is vital to the economy of the state and the safety of the traffic that these sections shall be completed to relieve traffic congestions, to add capacity in event of war, and to presently insure greater safety to highway users; the rapid increase of traffic across Snoqualmie Pass necessitates continued improvement of primary state highway No. 2 to provide four-lane paving contiguous to Snoqualmie Pass as the funds will permit; the rapid increase of traffic and the facilitation of movement of military forces and equipment from the military centers of the state makes imperative the construction of a highway from primary state highway No. 2 beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by the way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton; said highway to follow approximately the route surveyed by the director of highways and covered in the report filed by him with the 1951 legislature commonly known as the "Echo Lake Route," as the funds provided for herein will permit; the construction of secondary state highways in the Columbia Basin area is immediately necessary to provide needed state arterial highways for the irrigated lands of the Columbia Basin areas to market centers and thereby encourage the full development of the basin project. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10.150. Prior: 1953 c 154 § 1.]

Reviser's note: Powers, duties, and functions of director of highways transferred to department of transportation; see RCW 47.01.031. Term "director of highways" means secretary of transportation; see RCW 47.04.015.

To provide funds for accelerating construction of these priority projects there shall be issued and sold limited obligation bonds of the state of Washington in the sum of eighteen million dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: Provided, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.160. Prior: 1955 c 117 § 2; 1953 c 154 § 2.]

Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.150 through 47.10.270 shall be fully negotiable instruments. [1961 c 13 § 47.10.180. Prior: 1953 c 154 § 4.]

Any funds required to repay such bonds, or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the highway department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds. [1961 c 13 § 47.10.210. Prior: 1953 c 154 § 7.]

Reviser's note: Powers, duties, and functions of highway department transferred to department of transportation; see RCW 47.01.031. Term 'highway department' means department of transportation; see RCW 47.04.015.

47.10.220 Additional bonds—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments under RCW 47.10.150 through 47.10.270 when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimate so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.220. Prior: 1953 c 154 § 8.]

47.10.230 Additional bonds—Excess sums in bond retirement fund—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.751 through 47.10.760, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.751 through 47.10.760. [1967 ex.s. c 7 § 8.]

*Reviser's note: Chapter 82.40 RCW, see note following RCW 47.10.729.

[1961 c 13 § 47.12.011. Prior: 1955 c 49 § 1.]

47.12.023  Acquisition of state lands or interests or rights therein—Notice—Amount of compensation—Arbitration or court settlement—Reacquisition by department of natural resources. (1) Except as provided in RCW 47.12.026 and 47.12.029, whenever it is necessary to secure any lands or interests in lands for any highway purpose mentioned in RCW 47.12.010, or for the construction of any toll facility or ferry terminal or docking facility, the title to which is in the state of Washington and under the jurisdiction of the department of natural resources, the department of highways may acquire jurisdiction over such lands or interests in lands, or acquire rights to remove materials from such lands in the manner set forth in this section.

(2) At any time after the final adoption of a right of way plan or other plan requiring the acquisition of lands or interests in lands for any purpose as authorized in subsection (1) of this section, the department of highways may file with the department of natural resources a notice setting forth its intent to acquire jurisdiction of the lands or interests in lands under the jurisdiction of the department of natural resources required for right of way or other highway purposes related to the construction or improvement of such state highway, toll facility, or ferry terminal or docking facility.

(3) The department of highways at the time of filing its notice of intent as provided in subsection (2) of this section shall file therewith a written statement showing the total amount of just compensation to be paid for the property in the event of settlement. Such offer shall be
based upon the department of highways approved appraisal of the fair market value of the property to be acquired. In no event may such offer of settlement be referred to or used during any arbitration proceeding or trial conducted for the purpose of determining the amount of just compensation.

(4) Just compensation and/or fair market value for the purposes of this section shall be determined in accordance with applicable federal and state constitutional, statutory, and case law relating to the condemnation of private and public property for public purposes.

(5) In the event the department of natural resources does not accept the offer of the department of highways, the department of highways may nonetheless pay to the department of natural resources the amount of its offer and obtain immediate possession and use of the property pending the determination of just compensation in the manner hereinafter provided.

(6) If the amount of just compensation is not agreed to, either the department of natural resources or the department of highways may request in writing the appointment of an arbitrator for the purpose of determining the amount of compensation to be paid by the department of highways for the acquisition of jurisdiction over such lands or interests in lands or rights therein. In such event the department of natural resources and the department of highways may jointly agree on an arbitrator to determine such compensation and his determination shall be final and conclusive upon both departments. The costs of the arbitrator shall be borne equally by the parties. If the department of natural resources and the department of highways are unable to agree on the selection of an arbitrator within thirty days after a request therefor is made, either the department of highways or the department of natural resources may file a petition with the superior court for Thurston county for the purpose of determining the amount of just compensation to be paid. The matter shall be tried by the court pursuant to the procedures set forth in RCW 8.04.080.

(7) Whenever the department of highways shall have acquired immediate possession and use of property by payment of the amount of its offer to the department of natural resources, and the arbitration award or judgment of the court for such acquisition exceeds the payment for immediate possession and use, the department of highways shall forthwith pay the amount of such excess to the department of natural resources with interest thereon from the date it obtained immediate possession. In the event the arbitration or court award is less than the amount previously paid by the department of highways for immediate possession and use, the department of natural resources shall forthwith pay the amount of the difference to the department of highways.

(8) Upon the payment of just compensation, as agreed to by the department of highways and the department of natural resources, or as determined by arbitration or by judgment of the court, and other costs or fees as provided by statute, the department of natural resources shall cause to be executed and delivered to the department of highways an instrument transferring jurisdiction over such lands or interests in lands, or rights to remove material from such lands, to the department of highways.

(9) Except as provided in RCW 47.12.026, whenever the department of highways shall cease to use any lands or interests in lands acquired in the manner set forth in this section for the purposes mentioned herein, the department of natural resources may reacquire jurisdiction over such lands or interests in land by paying the fair market value thereof to the department of highways. In the event the two departments are unable to agree on the fair market value of such lands or interests in lands, such market value shall be determined and the interests therein shall be transferred in accordance with the provisions and procedures set forth in subsections (4) through (8) of this section. (2) The department of highways may obtain an easement for highway or toll facilities purposes or for ferry terminal or docking facilities on, over, or across harbor areas in accordance with the provisions of RCW 47.12.023 but only when such areas are approved by the harbor line commission as a public place for public landings, wharves, or other public conveniences of commerce or navigation. No charge shall be made to the department of highways for such an easement.

(3) Upon the selection by the department of highways of an easement for highway or toll facilities right of way or for ferry terminal or docking facilities, as authorized in subsections (1) and (2) of this section, the department of natural resources shall cause to be executed and delivered to the department of highways an instrument transferring such easement. Whenever the state shall no longer require such easement for highway or toll facilities right of way or for ferry terminal or docking facilities, the easement shall automatically terminate and the department of highways shall, upon request, cause to be executed an instrument relinquishing to the department of natural resources all of its interest in such lands.

(4) The department of highways, pursuant to the procedures set forth in RCW 47.12.023, may remove sand and gravel and borrow materials and stone from the beds of navigable waters under the jurisdiction of the department of natural resources which lie below the line of ordinary high water upon the payment of fair market value per cubic yard for such materials to be determined in the manner set forth in RCW 47.12.023.
(5) The department of highways may acquire full jurisdiction over lands under the jurisdiction of the department of natural resources including the beds of navigable waters which are required for the relocation of the operating tracks of any railroad which will be displaced by the acquisition of such railroad property for state highway purposes. The department of highways may exchange lands so acquired in consideration or partial consideration for the land or property rights needed for highway purposes and may cause to be executed a conveyance of such lands in the manner prescribed in RCW 47.12.150. In such event the department of highways shall pay to the department of natural resources, as just compensation for such acquisition, the fair market value of such property, including the beds of any navigable waters, to be determined in accordance with procedures set forth in RCW 47.12.023. It is hereby declared to be the public policy of the state of Washington to provide for the acquisition of real property and engineering costs necessary for the improvement of the state highway system, in advance of actual construction, for the purposes of eliminating costly delays in construction, reducing hardship to owners of such property, and eliminating economic waste occasioned by the improvement of such property immediately prior to its acquisition for highway uses.

The legislature therefore finds and declares that purchase and condemnation of real property necessary for the state highway system and engineering costs, reasonably in advance of programmed construction, is a public use and purpose and a highway purpose.

The Washington state highway commission is hereby authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvement of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240, as now or later amended, or alternatively by the method provided in RCW 47.12.242 through 47.12.246. Condemnation actions brought hereunder shall be brought in the name of the state as provided for acquiring property for the public uses of the state, and in such actions selection of the property and property rights by the secretary of transportation is conclusive that they are necessary for the purposes sought, in the absence of bad faith, or arbitrary, capricious, or fraudulent action. [1977 ex.s. c 151 § 54; 1961 c 281 § 2.]

47.12.200 Additional method of financing acquisition of property, engineering costs—Agreements with state finance committee. (2) Whenever the department determines to sell real property under its jurisdiction at public auction, the department shall first give notice thereof by publication on the same day of the week for two consecutive weeks, with the first publication at least two weeks prior to the date of the auction, in a legal newspaper of general circulation in the area where the property to be sold is located. The notice shall be placed in both the legal notices section and the real estate classified section of the newspaper. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) The department shall sell the property at the public auction, in accordance with the terms set forth in the notice, to the highest and best bidder providing the bid is equal to or higher than the appraised fair market value of the property.

(4) If no bids are received at the auction or if all bids are rejected, the department may, in its discretion, enter into negotiations for the sale of the property or may list the property with a licensed real estate broker. No property shall be sold by negotiations or through a broker for less than the property's appraised fair market value. The notice shall include a description of the property, the selling price, the terms of the sale, including the price and interest rate if sold by real estate contract, and the name and address of the department employee or the real estate broker handling the transaction. The notice shall further state that any person may, within ten days after the publication of the notice, deliver to the designated state employee or real estate broker a written offer to purchase the property for not less than ten percent more than the negotiated sale price, subject to the same terms and conditions. A subsequent offer shall not be considered unless it is accompanied by a deposit of twenty percent of the offer in the form of cash, money order, cashier's check, or certified check payable to the Washington state treasurer, to be forfeited to the state (for deposit in the motor vehicle fund) if the offeror fails to complete the sale if the offeror's offer is accepted. If a subsequent offer is received, the first offeror shall be informed by registered or certified mail sent to the address stated in his offer. The first offeror shall then have ten days, from the date of mailing the notice of the increased offer, in which to file with the designated state employee or real estate broker a higher offer than that of the subsequent offeror. After the expiration of the ten day period, the department shall approve in writing the highest and best offer which the department then has on file.

If part of a building is taken or damaged and the building can be readjusted or replaced on the real estate remaining, then the measure of damages shall be the cost of readjusting or moving the building, or part thereof left, together with the depreciation in the market value of said building by reason of said readjustment or moving. [1967 ex.s. c 145 § 44; 1961 c 13 § 47.20.640. Prior: 1953 c 82 § 1.]

### 47.20.645 Interstate 90 corridor—Legislative finding.

The legislature finds that the Washington department of highways initiated route studies for the location of that segment of the national system of interstate and defense highways (interstate system) between south Bellevue and state route No. 5 in Seattle in 1957 culminating in a corridor public hearing and adoption of a corridor in 1963; that thereafter the department utilizing a multidisciplinary design team and soliciting the broadest public participation developed a series of designs culminating in a public design hearing in 1970, a public limited access hearing in 1971 and adoption of a design and limited access plan for the facility in 1971; that commencing in 1970 the proposed facility has been the subject of numerous lawsuits and administrative proceedings which have prevented advancement of the project to construction; that since further development of the project was enjoined by federal courts in 1971 the cost of constructing the project has increased by more than one hundred million dollars; that the traffic congestion and traffic hazards existing in the existing highway corridor between south Bellevue, Mercer Island and the city of Seattle are no longer tolerable; that after more than seventeen years of studies the public interest now requires that final decisions regarding the appropriate system for meeting the transportation requirements between south Bellevue and the city of Seattle be made promptly and in accordance with a prescribed schedule.

It is therefore the sense of the legislature that further protracted delay in establishing the transportation system to be constructed between south Bellevue and state route No. 5 in the city of Seattle is contrary to the interest of the people of this state and can no longer be tolerated as acceptable public administration. Accordingly the schedule for finally determining the character of transportation modes between south Bellevue and state route No. 5 in the city of Seattle as set forth in RCW 47.20.645 through 47.20.653, and 47.20.900 is adopted as the public policy of this state. [1975 1st ex.s. c 272 § 1.]

Reviser's note: Powers, duties, and functions of highway department transferred to department of transportation; see RCW 47.01.031. Term "department of highways" means department of transportation; see RCW 47.04.015.

### 47.20.647 Interstate 90 corridor—Withdrawal of local governments from project—Effect on use of state funds.

(1) The Puget Sound council of governments (until July 1, 1975, known as the Puget Sound governmental conference) now engaged in a study of the withdrawal from the interstate system of that segment of state route No. 90 between the south Bellevue interchange and the Connecticut street interchange on state route No. 5 and the substitution of public mass transit projects in lieu thereof as authorized by section 103(e)(4) of Title 23, United States Code, is directed to complete all phases of the study by November 1, 1975.

(2) No later than January 15, 1976, the city councils of Seattle, Mercer Island and Bellevue and the county council of King County shall each by resolution either approve or disapprove a request to withdraw from the interstate system the segment of state route No. 90 between south Bellevue interchange and the Connecticut street interchange on state route No. 5. Nothing in this subsection shall be construed as requiring the city or county councils to adopt by January 15, 1976 any proposal for substitute mass transit projects.

(3) If at least three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, and such request is thereafter concurred in by the governor and the Puget Sound council of governments, such determination shall be final as it relates to the state of Washington and except as may be required to terminate the project in an orderly manner, no moneys shall thereafter be expended from the motor vehicle fund for

[Title 47 RCW (1979 Ed.)—p 66]
further development of the designated section of highway as an interstate highway without further express authorization of the legislature.

47.20.649 Interstate 90 corridor—Public hearings, when required. In the event that fewer than three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 between south Bellevue and state route No. 5 by January 15, 1976, or if the governor does not concur in the withdrawal request, then no tax revenues collected by the state of Washington shall thereafter be expended for the construction of substitute public mass transit projects in the Seattle metropolitan area pursuant to section 103(e)(4) of Title 23, United States Code, without further express authorization of the legislature. [1975 1st ex.s. c 272 § 2.]

47.20.651 Interstate 90 corridor—Final environmental impact statement, when required. In the event public hearings are conducted as described in RCW 47.20.649, and the department of highways determines that the segment of the interstate system along state route No. 90 between south Bellevue and state route No. 5 in Seattle should be constructed, then the department, in cooperation with the federal highway administration, shall complete a final environmental impact statement on such proposal in compliance with the national environmental policy act and chapter 43.21C RCW by May 1, 1976, and file the same with appropriate federal and state offices. [1975 1st ex.s. c 272 § 3.]

Reviser's note: Powers, duties, and functions of highway department transferred to department of transportation; see RCW 47.01.031. Term "department of highways" means department of transportation; see RCW 47.04.015.

47.20.653 Interstate 90 corridor—Court proceedings, priority. State court proceedings instituted to challenge the validity of any steps taken in pursuance of the construction of the segment of the interstate system between south Bellevue and state route No. 5 in Seattle, or the construction of substitute public mass transit projects in lieu thereof, shall take precedence over all other causes not involving the public interest in all courts of this state to the end construction of such facilities may be expedited to the fullest. The legislature of the state of Washington respectfully requests of the federal judiciary that challenges instituted in the federal courts relating to the validity of steps leading to the construction of the designated interstate highway or substitute public mass transit projects in lieu thereof be expedited to the fullest. [1975 1st ex.s. c 272 § 5.]

47.20.660 West Seattle freeway corridor—Legislative finding. The legislature hereby recognizes that the well-being of Washington citizens depends upon a sound and viable economic base; that the state of Washington is significantly involved in the maritime industry; that the Seattle area is an important contributor to the state's economy, and that the location of additional maritime and related industry in the Seattle area is desirable.

The legislature also recognizes that the lower Duwamish waterway in Seattle represents a high potential for increased maritime activity and resulting employment opportunities. [1975 1st ex.s. c 267 § 1.]

47.20.664 West Seattle freeway corridor—Study, advice by other agencies. The Washington state highway commission shall be advised in its study of the West Seattle freeway corridor, provided for in RCW 47.20.662, by, but not limited to, the chief executive, or his designee, of the port of Seattle, the Washington state department of commerce and economic development, the municipality of metropolitan Seattle, and the city of Seattle and such other persons, jurisdictions and agencies affected by the future development of the project as the commission deems appropriate. [1975 1st ex.s. c 267 § 3.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

47.20.900 Severability—1975 1st ex.s. c 272. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1975 1st ex.s. c 272 § 6.]

Reviser's note: This applies to RCW 47.20.645 through 47.20.653.

If a city or town, whether or not any of its streets are designated as forming a part of a state highway, is unable to construct, repair or maintain its streets for good cause, or if it is in need of engineering assistance to construct, repair or maintain any of its streets, it may authorize the highway commission to perform such construction, repair or maintenance, or may secure necessary engineering assistance from the highway commission, to the extent of the funds credited or to be credited in the motor vehicle fund for payment to the city or town. Any sums due from a city or town for such purposes shall be paid on vouchers approved and submitted by the highway commission from moneys credited to the city or town in the motor vehicle fund, and the amount of the payments shall be deducted from funds which would otherwise be paid to the city or town from the motor vehicle fund. Due to unprecedented industrial development and population increases, the state of Washington is confronted with emergency needs for improvement of state highways, county roads, and city streets in urban areas. It is the intent of the legislature to provide sufficient new highway revenues to alleviate and prevent intolerable traffic congestion in urban areas without the disruption of the long range state-wide highway program essential to the economic well-being of the people of this state. [1967 ex.s. c 83 § 1.]

The funds so apportioned shall remain apportioned until expended on construction projects in accordance with rules and regulations of the urban arterial board.

(2) All amounts credited to the urban arterial trust account, except those provided for in subsection (3) of this section and except proceeds from the sale of first authorization bonds and any funds that may be required to repay such bonds or the interest thereon when due, after apportionment to each region, shall be divided on the basis of relative population established at the beginning of each biennium by the office of financial management between (a) the group of cities and that portion of those counties within federally approved urban areas and (b) the group of incorporated cities outside the boundaries of federally approved urban areas. Within each region, funds divided between the groups identified under (a) and (b) above shall then be allocated by the urban arterial board to incorporated cities and counties, as the case may be, for the construction of specific urban arterial projects in accordance with the procedures set forth in RCW 47.26.240.

[Title 47 RCW (1979 Ed.)—P 75]
(3) At the beginning of each biennium the urban arterial board shall establish apportionment percentages for each of the five regions for the apportionment of the proceeds from the sale of fifteen million dollars of series II bonds authorized by RCW 47.26.420, as now or hereafter amended, in the ratio which the population of the incorporated cities and towns lying outside the boundaries of federally approved urban areas of each region bears to the total population of all incorporated cities and towns of the state lying outside the boundaries of federally approved urban areas, as such populations are determined at the beginning of each biennium by the office of financial management. Such apportionment percentages shall be used once each calendar quarter by the urban arterial board to apportion funds credited to the urban arterial trust account which are available for expenditure for urban arterial projects. The funds so apportioned shall remain apportioned until expended on construction projects in accordance with rules and regulations of the urban arterial board. Funds apportioned to each region shall be allocated by the urban arterial board to incorporated cities lying outside the boundaries of federally approved urban areas, for the construction of specific urban arterial projects in accordance with the procedures set forth in RCW 47.26.240. [1979 c 151 § 162; 1977 ex.s. c 317 § 14; 1973 1st ex.s. c 126 § 2; 1971 ex.s. c 291 § 3; 1969 ex.s. c 171 § 4; 1967 ex.s. c 83 § 25.]

Counties and cities, in preparing their respective six year programs relating to urban arterial improvements, shall select specific priority improvement projects for each functional class of arterial based on the rating of each arterial section proposed to be improved in relation to other arterial sections within the same functional class, taking into account the following:
(1) Its structural ability to carry loads imposed upon it;
(2) Its capacity to move traffic at reasonable speeds without undue congestion;
(3) Its adequacy of alignment and related geometrics;
(4) Its accident experience; and
(5) Its fatal accident experience.
The six year construction programs shall remain flexible and subject to annual revision as provided in RCW 36.81.121 and 35.77.010. [1967 ex.s. c 83 § 28.]

from the urban arterial trust account to the county or city submitting the voucher.

(2) The urban arterial board may adopt regulations providing for the approval of payments of funds in the urban arterial trust account to a county or city for costs of preliminary proposal, and costs of construction of an approved project from time to time as work progresses. These payments shall at no time exceed the urban arterial trust account share of the costs of construction incurred to the date of the voucher covering such payment. [7173 1st ex.s. c 126 § 1; 1967 ex.s. c 83 § 32.]

47.26.270 Matching funds requirements for counties and cities receiving funds from urban arterial trust account. Counties and cities receiving funds from the urban arterial trust account for construction of arterials shall provide such matching funds as shall be established by regulations recommended by the urban arterial board subject to review, revision, and final approval by the state highway commission. Matching requirements shall be established after appropriate studies by the board taking into account (1) financial resources available to counties and cities to meet arterial needs, (2) the amounts and percentages of funds available for road or street construction traditionally expended by counties and cities on arterials, (3) in the case of counties, the relative needs of arterials lying outside urban areas, and (4) the requirements necessary to avoid diversion of funds traditionally expended for arterial construction to other street or road purposes or to nonhighway purposes: Provided however, That for projects funded subsequent to *the effective date of this 1977 amendatory act, and prior to July 1, 1983, cities and counties may use as matching funds any moneys received from any source, except such moneys which by law may not be used for the purposes set forth in this chapter. [1977 ex.s. c 317 § 16; 1967 ex.s. c 83 § 33.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

47.26.280 Apportionment and allocation of urban arterial account funds for period beginning July 1, 1967, and ending July 1, 1969. Notwithstanding any other provisions in *this chapter, for the period beginning July 1, 1967, and ending July 1, 1969, the urban arterial board shall once quarterly apportion the funds from the urban arterial account among the five regions of the state defined in RCW 47.26.050 in the manner provided in RCW 47.26.190. Commencing on October 1, 1967, the board at the time of making each quarterly apportionment shall allocate urban arterial trust funds for each region to specific counties and cities within the region for the construction of specific urban arterial projects. The board shall allocate such funds to the counties and cities based upon the priority rating of construction projects for which urban arterial trust account moneys are requested by the counties and cities. The board shall determine the priority of specific improvement projects based upon the rating of each urban arterial section proposed to be improved in relation to all other urban arterial sections proposed to be improved taking into account the following:

(1) Its structural ability to carry loads imposed upon it;
(2) Its capacity to move traffic at reasonable speeds without undue congestion;
(3) Its adequacy of alignment and related geometrics;
(4) Its accident experience; and
(5) Its fatal accident experience.

Urban arterial trust account moneys allocated during such period shall be matched in the case of cities from local funds by an amount not less than ten percent of the total cost of the construction project. The matching fund requirements prescribed in RCW 82.36.020 may be considered in meeting the matching requirements of this section. Counties shall match such funds on the ratio of forty percent locally collected road funds to sixty percent urban arterial trust account moneys.

Urban arterial trust account funds allocated to a specific improvement project as provided in this section shall be paid to the county or city constructing the improvement on vouchers duly approved by the chairman of the urban arterial board or his agent in the manner provided in RCW 47.26.260.

The urban arterial board shall adopt regulations subject to the approval of the state highway commission providing for the implementation of this section. [1969 ex.s. c 171 § 1; 1967 ex.s. c 83 § 34.]

Reviser's note: *(1) "this chapter" has been substituted for "this 1967 amendatory act." See note following RCW 47.26.010 for codification of "this 1967 amendatory act" [1967 ex.s. c 83].

47.26.281 Urban arterial trust funds initially authorized in 1967–69 biennium—Obligation continued, limitations. Urban arterial trust funds initially authorized by the state urban arterial board in the 1967–69 biennium for specific projects in cities over three hundred thousand population, as last determined by the office of financial management, shall remain obligated to such projects for the period through June 30, 1978, unless such project is earlier withdrawn or abandoned by the sponsoring city. This continued obligation of urban arterial trust funds shall be terminated for any project if the sponsoring city earlier provides written notice of withdrawal or abandonment of the project to the urban arterial board or if the city acts to expend any other funds, exclusive of the required matching funds, which have heretofore been allocated or set aside to pay a part of the costs of such project.

After June 30, 1975, no additional urban arterial trust funds shall be expended for conceptual or feasibility studies of any project initially authorized prior to June 30, 1969 in a city of over three hundred thousand population, but such limitation shall not apply to the cost of preparing final plans, specifications and estimates or other contract documents required to advertise the project for competitive bids for its construction. 47.26.290 Appeal of action or decision of urban arterial board to department of transportation. The legislative body of any county or city feeling aggrieved by any action or decision of the urban arterial board may appeal to the state highway commission by filing with the secretary of the commission a notice of appeal within ninety days after such action or decision of the urban arterial board. Such notice shall specify the action or decision complained of. The state highway commission shall fix a time for a hearing on said appeal at the earliest convenient time and shall notify the county auditor or the city clerk as the case may be and the chairman of the urban arterial board by registered mail at least twenty days prior to the date of said hearing. At such hearing the state highway commission shall receive evidence from the county or city filing the appeal and from the urban arterial board. After such hearing the state highway commission shall make such order as in its judgment is just and proper. [1967 ex.s. c 83 § 35.]

47.26.300 Bicycle routes—Legislative declaration. The state of Washington is confronted with emergency shortages of energy sources utilized for the transportation of its citizens and must seek alternative methods of providing public mobility.

Bicycles are suitable for many transportation purposes, and are pollution-free in addition to using a minimal amount of resources and energy. However, the increased use of bicycles for both transportation and recreation has led to an increase in both fatal and non-fatal injuries to bicyclists.

The legislature therefore finds that the establishment, improvement, and upgrading of bicycle routes is necessary to promote public mobility, conserve energy, and provide for the safety of the bicycling and motoring public. [1974 ex.s. c 141 § 1.]

47.26.305 Bicycle routes—Establishment of system authorized and directed—Use of urban arterial trust funds. Each city and county eligible for receipt of urban arterial trust funds is hereby authorized and directed to establish a system of bicycle routes throughout its jurisdiction. Such routes shall, when established in accordance with standards adopted by the urban arterial board, be eligible for establishment, improvement, and upgrading with urban arterial trust funds when accomplished in connection with an arterial project. [1974 ex.s. c 141 § 2.]

47.26.310 Bicycle routes—Standards for designation of bicycle route systems. Prior to July 1, 1974, the urban arterial board shall adopt:

(1) Standards for the designation of a bicycle route system which shall include, but need not be limited to, consideration of:

(a) Existing and potential bicycle traffic generating activities, including but not limited to places of employment, schools, colleges, shopping areas, and recreational areas;

(b) Directness of travel and distance between potential bicycle traffic generating activities; and

(c) Safety for bicyclists and avoidance of conflict with vehicular traffic which shall include, wherever feasible, designation of bicycle routes on streets parallel but adjacent to existing designated urban arterial routes.

(2) Insofar as is practicable to achieve reasonable uniformity, design standards for bicycle routes shall take into consideration the construction standards and signing system devised by the state highway department pursuant to RCW 47.30.060. [1974 ex.s. c 141 § 3.]

Reviser's note: Powers, duties, and functions of highway department transferred to department of transportation; see RCW 47.01.031. Term "state highway department" means department of transportation; see RCW 47.04.015.

47.26.315 Bicycle routes—Revisions to long range arterial construction plans to include bicycle route system plans. The revisions of long range arterial construction plans directed by RCW 47.26.170 shall include plans for a bicycle route system. [1974 ex.s. c 141 § 6.]

In order to provide funds necessary to meet the urgent needs for highway construction on state highways within urban areas, there shall be issued and sold general obligation bonds of the state of Washington in the sum of two hundred million dollars or such amount thereof and at such times as determined to be necessary by the state highway commission. The amount of such bonds issued and sold under the provisions of RCW 47.26.400 through 47.26.407 in any biennium shall not exceed the amount of a specific appropriation therefor from the proceeds of such bonds, for the construction of state highways in urban areas. The issuance, sale and retirement of said bonds shall be under the supervision and control of the state finance committee which, upon request being made by the state highway commission, shall provide for the issuance, sale and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the state highway commission. [1973 1st ex.s. c 169 § 1; 1967 ex.s. c 83 § 36.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

47.26.401 Bonds—Term—Terms and conditions—Signatures—Registration—Where payable—Negotiable instruments. Each of such bonds shall be made payable at any time not exceeding thirty years from the date of its issuance, with such reserved rights of prior redemption, bearing such interest, and
such terms and conditions, as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. [1973 1st ex.s. c 169 § 2; 1967 ex.s. c 83 § 37.]

47.26.402 Bonds—Denominations—Manner and terms of sale—Legal investment for state funds. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall be legal investment for any of the funds of the state, except the permanent school fund. [1967 ex.s. c 83 § 38.]

47.26.403 Bonds—Bond proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of state highways within the urban areas of the state, and for payment of the expenses incurred in the printing, issuance, and sale of any such bonds. [1967 ex.s. c 83 § 39.]

47.26.404 Bonds—Statement describing nature of obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.26.400 through 47.26.407 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and *chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.26.400 through 47.26.407, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.26.400 through 47.26.407. [1973 1st ex.s. c 169 § 3; 1967 ex.s. c 83 § 40.]

*Reviser's note: Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33; for later enactment see chapter 82.38 RCW.

47.26.405 Bonds—Designation of funds to repay bonds and interest. Any funds required to repay such bonds, or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state under the provisions of RCW 46.68.100(6) as now or hereafter amended for construction of state highways in urban areas, and shall never constitute a charge against any allocations of any other such funds to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available to the state for construction of state highways in urban areas proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1977 ex.s. c 317 § 17; 1967 ex.s. c 83 § 41.]

Effective dates—Severability—1977 ex.s. c 317: See notes following RCW 82.36.010.

47.26.406 Bonds—Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.405, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s. c 83 § 42.]

47.26.407 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor

vehicle fund at the next interest or bond payment period. [1967 ex.s. c 83 § 43.]

47.26.410 Expenditures from fuel taxes and bond proceeds for urban state highways in excess of amount apportionable to a region authorized. Notwithstanding the provisions of RCW 47.26.060, the state highway commission is authorized in any biennium, subject to proper appropriations, to expend from funds available pursuant to RCW 46.68.150, for urban state highway construction projects within a region, an amount including bond proceeds which may exceed the amount apportionable during the biennium to the region. The total amounts apportioned to each region through 1985 shall meet the apportionment requirements of RCW 47.26-060 for such period. [1967 ex.s. c 83 § 44.]

At least one year prior to the date any interest is due and payable on such first authorization bonds and series II bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.425 and 47.26.4252, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the highway bond retirement fund, maintained in the office of the state treasurer, which fund shall be available for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1979 c 5 § 10; 1967 ex.s. c 83 § 51.]

Construction—1979 c 5: See note following RCW 47.26.420.

47.26.427 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the
motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1979 c 5 § 11; 1967 ex.s. c 83 § 52.]

Construction—1979 c 5: See note following RCW 47.26.420.

47.26.430 Expenditures from urban arterial trust account and bond proceeds in excess of amount apportionable to a region authorized. Notwithstanding the provisions of RCW 47.26.190 and 47.26.240, the urban arterial board may, in any biennium, subject to proper appropriations, approve expenditures from the urban arterial trust account for construction of projects on urban arterials within a region, the total amount of which including bond proceeds, exceeds the amount apportionable during the biennium to the region. The total amounts apportioned to each region through 1985 shall meet the apportionment requirements of RCW 47.26.190 and 47.26.240 for such period. [1967 ex.s. c 83 § 53.]

47.26.440 Budget for expenditures from urban arterial trust account—Estimate of revenues—Submission to department of transportation—Revision—Submission to governor and legislature. Not later than November 1 of each even-numbered year the urban arterial board shall prepare and present to the state highway commission a recommended budget for expenditures from the urban arterial trust account during the ensuing biennium. The budget shall contain an estimate of the revenues to be credited to the urban arterial trust account and the amount, if any, of bond proceeds which the board determines should be made available to the urban arterial trust account through the sale of bonds in the ensuing biennium.

The state highway commission shall review the budget as recommended, revise the same as it deems proper and include the budget for the urban arterial board as revised as a separate section of the state highway commission budget which it shall submit to the governor and the legislature at the time of its convening. [1967 ex.s. c 83 § 54.]

Reviser’s note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "state highway commission" means department of transportation; see RCW 47.04.015.

47.26.450 Inclusion of portion of construction program for next biennial period in budget—Approval of urban arterial trust funds to be expended—Additional projects. At the time the urban arterial board reviews the six-year program of each county and city each even-numbered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 47.26.440, the portion of the urban arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve urban arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 47.26.240. The board shall authorize urban arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been completed and the construction project is to be placed under contract. At such time the board may reserve urban arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The urban arterial board may, within the constraints of available urban arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting local government that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the local government was developed. Such proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW 47.26.220. [1973 1st ex.s. c 126 § 3; 1969 ex.s. c 171 § 6.]

47.26.460 Increase in urban arterial trust account funds allocated to a project—Regulations—Factors. Whenever the board approves an urban arterial project it shall determine the amount of urban arterial trust account funds to be allocated for such project. The allocation shall be based upon information contained in the six-year plan submitted by the county or city seeking approval of the project and upon such further investigation as the board deems necessary. The board shall adopt reasonable regulations pursuant to which urban arterial trust account funds allocated to a project may be increased upon a subsequent application of the county or city constructing the project. The regulations adopted by the board shall take into account, but shall not be limited to, the following factors: (1) The financial effect of increasing the original allocation for the project upon other urban arterial projects either approved or requested; (2) whether the project for which an additional allocation is requested can be reduced in scope while retaining a usable segment; (3) whether the original cost of the project shown in the applicant’s six-year program was based upon reasonable engineering estimates; and (4) whether the requested additional allocation is to pay for an expansion in the scope of work originally approved. [1969 ex.s. c 171 § 7.]

47.26.900 Severability—1967 ex.s. c 83. If any provision of this 1967 amendatory act or the application thereof to any person, firm, or corporation or circumstance is held invalid, in whole or in part, such invalidity shall not affect other provisions of the act which can be given effect without the invalid provisions or application and to this end the provisions of this 1967 amendatory act are declared to be severable. [1967 ex.s. c 83 § 55.]

**47.28.010 Latitude in selecting route.** Whenever the general route of any state highway shall be designated and laid out as running to or by way of certain designated points, without specifying the particular route to be followed to or by way of such points, the transportation commission shall determine the particular route to be followed by said state highway to or by way of said designated points, and shall be at liberty to select and adopt as a part of such state highway, the whole or any part of any existing public highway previously designated as a county road, primary road, or secondary road or now or hereafter classified as a county road. The commission need not select and adopt the entire routes for such state highways at one time, but may select and adopt parts of such routes from time to time as it deems advisable. Where a state highway is designated as passing by way of a certain point, this shall not require the commission to cause such state highway to pass through or touch such point but such designation is directional only and may be complied with by location in the general vicinity. The department of transportation is empowered to construct as a part of any state highway as designated and in addition to any portion meeting the limits of any incorporated city or town a bypass section either through or around any such incorporated city or town. [1977 ex.s. c 151 § 59; 1961 c 13 § 47.28.010. Prior: 1937 c 53 § 31; RRS § 6400-31.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term 'highway commission' means department of transportation; see RCW 47.04.015.

**47.28.025 Description and plan of new or limited access highway—Recording.** Whenever the state highway commission shall establish the location, width, and lines of any new highway, or declare any such new highway as a limited access facility and schedules the acquisition of the right of way for the highway or facility within the ensuing two years, it may cause the description and plan of any such highway to be made, showing the center line of said highway and the established width thereof and attach thereto a certified copy of the resolution, and thereupon such description, plan, and resolution shall be recorded in the office of the county auditor of the proper county in a separate book kept for such purposes, which shall be furnished to the county auditor of such county by the Washington state highway commission at the expense of the state. [1977 ed. p 83]
47.28.025 Title 47 RCW: Public Highways and Transportation

47.28.025 Description and plan of new or limited access highway—Buildings and improvements prohibited, when. (1) No owner or occupier of lands, buildings or improvements shall erect any buildings or make any improvements within the limits of any such highway, location, width and lines of which have been established and recorded, as provided in RCW 47.28.025, and if any such erection and improvements shall be made, no allowances shall be had therefore by the assessment of damages. No permits for improvements within said limits shall be issued by any authority: Provided, That the establishment of any highway location as set forth in RCW 47.28.025 shall be ineffective after one year from the filing thereof if no action to condemn or acquire the property within said limits has been commenced within said time.

(2) Unless and until the state highway commission shall cause a plan of a proposed new highway or limited access facility to be recorded in the office of the county auditor as authorized in RCW 47.28.025, nothing contained in RCW 47.28.025 or 47.28.026 shall be deemed to restrict or restrain in any manner the improvement, development, or other use by owners or occupiers of lands, buildings, or improvements within the limits of any proposed new or limited access highway or any proposed relocated or widened highway. Because of the uncertainties of federal aid and the state level of funding of proposed construction or improvement of state highways, plans for such improvements approved by the state highway commission shall be deemed tentative until filed with the county auditor as authorized in RCW 47.28.025 or until the department of highways commences action to condemn or otherwise acquire the right of way for such highway improvements. [1977 ex.s. c 225 § 3; 1975 ex.s. c 13 § 47.28.026. Prior: 1955 c 161 § 1.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

47.28.026 Description and plan of new or limited access highway—Buildings and improvements prohibited, when. (1) No owner or occupier of lands, buildings or improvements shall erect any buildings or make any improvements within the limits of any such highway, location, width and lines of which have been established and recorded, as provided in RCW 47.28.025, and if any such erection and improvements shall be made, no allowances shall be had therefore by the assessment of damages. No permits for improvements within said limits shall be issued by any authority: Provided, That the establishment of any highway location as set forth in RCW 47.28.025 shall be ineffective after one year from the filing thereof if no action to condemn or acquire the property within said limits has been commenced within said time.

(2) Unless and until the state highway commission shall cause a plan of a proposed new highway or limited access facility to be recorded in the office of the county auditor as authorized in RCW 47.28.025, nothing contained in RCW 47.28.025 or 47.28.026 shall be deemed to restrict or restrain in any manner the improvement, development, or other use by owners or occupiers of lands, buildings, or improvements within the limits of any proposed new or limited access highway or any proposed relocated or widened highway. Because of the uncertainties of federal aid and the state level of funding of proposed construction or improvement of state highways, plans for such improvements approved by the state highway commission shall be deemed tentative until filed with the county auditor as authorized in RCW 47.28.025 or until the department of highways commences action to condemn or otherwise acquire the right of way for such highway improvements. [1977 ex.s. c 225 § 3; 1975 ex.s. c 13 § 47.28.026. Prior: 1955 c 161 § 1.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

47.28.030 Contracts—State forces—Monetary limits—Small businesses and minority contractors—Rules and regulations. A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right of way purposes may be repaired or renovated pending the use of such right of way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof is less than fifteen thousand dollars: Provided, When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than twenty-five thousand dollars. When the state highway commission determines to do the work by state forces, it shall enter a resolution upon its records to that effect, stating the reasons therefor. To enable a larger number of small businesses and minority contractors to effectively compete for highway department contracts, the state highway commission may adopt rules and regulations providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed fifty thousand dollars. The rules and regulations adopted under this section:

(1) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(2) Need not require the furnishing of a bid deposit nor a performance bond, but in the event such a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, materialmen, mechanics, and subcontractors from the previous partial payment; and

(3) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient. [1977 ex.s. c 225 § 3; 1973 c 116 § 1; 1971 ex.s. c 78 § 1; 1969 ex.s. c 180 § 2; 1967 ex.s. c 145 § 40; 1961 c 233 § 1; 1961 c 13 § 47.28.030. Prior: 1953 c 29 § 1; 1949 c 70 § 1, part; 1943 c 132 § 1, part; 1937 c 53 § 41, part; Rem. Supp. 1949 § 6400–41, part.]

Reviser's note: Powers, duties, and functions of highway commission and highway department transferred to department of transportation; see RCW 47.01.031. Terms "state highway commission" and "highway department" mean department of transportation; see RCW 47.04.015.

47.28.040 Precontract preparation of maps, plans, and specifications—Filing. Before entering into any contract for the construction, alteration, repair or improvement of any state highway the highway commission shall cause the same to be surveyed throughout the entire length of such proposed construction, alteration, repair or improvement and cause to be prepared maps, plans and specifications, together with an estimate of the cost of such proposed work, and such information and directions as will enable a contractor to carry them out. The maps, plans, specifications and directions shall be approved by the highway commission and a copy thereof filed permanently in the office of the highway commission. [1961 c 13 § 47.28.040. Prior: 1937 c 53 § 32, part; RSS § 6400–32, part.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "highway commission" means department of transportation; see RCW 47.04.015.

47.28.050 Call for bids. Except as may be provided by rules and regulations adopted under RCW 47.28.030
as now or hereafter amended the department of transportation shall publish a call for bids for the construction of the highway according to the maps, plans, and specifications, once a week for at least two consecutive weeks, next preceding the day set for receiving and opening the bids, in not less than one trade paper of general circulation in the state. The call shall state the time, place, and date for receiving and opening the bids, give a brief description of the location and extent of the work, and contain such special provisions or specifications as the department deems necessary: Provided, That when the estimated cost of any contract to be awarded is less than fifty thousand dollars, the call for bids need only be published in at least one paper of general circulation in the county where the major part of the work is to be performed: Provided further, That when the estimated cost of a contract to be awarded is seven thousand five hundred dollars or less, including the cost of materials, supplies, engineering, and equipment, the department of transportation need not publish a call for bids: Provided further, That after a bid call has been advertised for two consecutive weeks it may be postponed and the bids opened one week later. [1979 1st ex.s. c 69 § 1; 1977 c 65 § 1; 1973 c 116 § 2; 1969 ex.s. c 180 § 1; 1961 c 13 § 47.28.050. Prior: 1959 c 319 § 33; 1955 c 147 § 1; 1937 c 53 § 33; RRS § 6400-33.]

47.28.060 Copy of map, plans, etc.—Charge. Any person, firm or corporation shall be entitled to receive copies of the maps, plans, specifications and directions for any work upon which call for bids has been published, upon written request therefor and payment to the highway commission of a reasonable sum as required by the highway commission in the call for bids for each copy of such maps, plans and specifications. Any money so received shall be certified by the highway commission to the state treasurer and deposited to the credit of the motor vehicle fund: Provided, That the highway commission may deliver with or without charge informational copies of maps, plans, specifications and directions at such places as it may from time to time designate. [1971 c 36 § 1; 1965 ex.s. c 64 § 1; 1961 c 13 § 47.28.060. Prior: 1937 c 53 § 34; RRS § 6400-34.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "highway commission" means department of transportation; see RCW 47.04.015.

47.28.070 Form of bid—Data required—Requirements—Refusal to furnish form—Appeal. Bid proposals upon any construction or improvement of any state highway shall be made upon contract proposal form supplied by the highway commission, and in no other manner. The highway commission shall, before furnishing any person, firm or corporation desiring to bid upon any work for which a call for bid proposals has been published, with a contract proposal form, require from such person, firm or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of such person, firm, or corporation in performing state highway, road or other public work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the highway commission may require. Whenever the highway commission is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the highway commission determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm or corporation shall have all of the following requirements:

1. Adequate financial resources, or the ability to secure such resources;
2. The necessary experience, organization, and technical qualifications to perform the proposed contract;
3. The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;
4. A satisfactory record of performance, integrity, judgment, and skills; and
5. Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

Such refusal shall be conclusive unless appeal therefrom to the superior court of Thurston county be taken within five days, which appeal shall be heard summarily within ten days after the same is taken and on five days' notice thereof to the highway commission. [1967 ex.s. c 145 § 39; 1961 c 13 § 47.28.070. Prior: 1937 c 53 § 35; RRS § 6400-35.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "highway commission" means department of transportation; see RCW 47.04.015.

47.28.080 Withdrawal of bids—New bids—Time fixed in call controls. Any person, firm, or corporation proposing a bid for the construction or improvement of any state highway in response to a call for bids published therefor may withdraw such bid proposal without forfeiture and without prejudice to the right of such bidder to file a new bid proposal before the time fixed for the opening of such bid proposals: Provided, That the request for such withdrawal shall have been made in writing, signed by the person proposing such bid or his duly authorized agent, and filed with the highway commission before the time fixed for the opening of such bid proposals. No bid proposal shall be considered which has not been filed with the highway commission before the time fixed for the opening of bid proposals. In any provisions regarding the filing or withdrawing of bid proposals the time fixed for the opening of bid proposals in the call for bid proposals as published shall control without regard for the time when such bid proposals are actually opened. [1961 c 13 § 47.28.080. Prior: 1937 c 53 § 36; RRS § 6400-36.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031.
47.28.080 Title 47 RCW: Public Highways and Transportation

Term "highway commission" means department of transportation; see RCW 47.04.015.

47.28.090 Opening of bids and award of contract—Deposit. At the time and place named in the call for bids the Washington state highway commission shall publicly open and read the final figure in each of the bid proposals properly filed and read only the bid items on the three lowest bids, and shall award the contract to the lowest responsible bidder unless the commission has, for good cause, continued the date of opening bids to a day certain, or rejected said bid: Provided, That any bid may be rejected if the bidder has previously defaulted in the performance of and failed to complete a written public contract, or has been convicted of a crime arising from a previous public contract: And provided further, That notwithstanding any other provision of law, the highway commission, in awarding contracts for which bids have been accepted prior to July 1, 1971, for construction of ferries for the Washington state ferry system, may consider the bid of the lowest responsible bidder operating shipbuilding facilities and proposing to build such ferries in the state of Washington by evaluating and including the projected direct and indirect tax revenues generated by construction of the ferries within the state. Moneys expended to meet the added cost incurred as a consequence of the award of a contract authorized by this proviso shall come from such funds as may be available. All bids shall be under sealed cover and accompanied by deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent of the amount of the bid and no bid shall be considered unless the deposit is enclosed therewith. [1971 ex.s. c 21 § 2; 1961 c 13 § 47.28.090. Prior: 1955 c 83 § 1; 1949 c 64 § 1; 1937 c 53 § 37; Rem. Supp. 1949 § 6400–37.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Terms "highway commission" and "commission" mean department of transportation; see RCW 47.04.015.

Legislative finding, intent—1971 ex.s. c 21: "The legislature finds the award of contracts to construct new ferries to persons intending to construct such ferries within the state will serve not only the public transportation needs of the state but also generate an increase in employment, salaries, wages, purchases, and general business activity which will cause a general increase in the tax revenues of the state. It is the intent of this act to effectively recognize all the benefits to the people of the state when contracts for construction of ferries are awarded to persons intending to construct such ferries within the state and to provide for the consideration of such benefits in awarding a contract for construction. It is the further intent of this act to respond to the severe and extraordinary problem of unemployment which presently faces the citizens of the state and which diminishes the strength of the public institutions which serve the welfare of all the people of the state." [1971 ex.s. c 21 § 1.] This applies to the amendment to the above section by 1971 ex.s. c 21 § 2.

47.28.100 Contract and bond—Forfeiture and return of deposits—Rejection of all bids—Readvertisement. If the successful bidder fails to enter into the contract and furnish satisfactory bond as by law provided within twenty days from the award, exclusive of the day of the award, his deposit shall be forfeited to the state and be deposited by the state treasurer to the credit of the motor vehicle fund, and the highway commission may award the contract to the second lowest responsible bidder. If the second lowest responsible bidder fails to enter into the contract and furnish bond within twenty days after award to him, forfeiture of his deposit shall also be made and the contract may be awarded to the third lowest responsible bidder, and in like manner until the contract and bond are executed by a responsible bidder to whom award is made, or further bid proposals are rejected, or the number of bid proposals are exhausted: Provided, That if the contract is not executed or no contractor's bond provided within the time required, and there appear circumstances which are deemed to warrant an extension of time, the commission may extend the time for execution of the contract or furnishing bond for not to exceed twenty additional days. After awarding the contract the deposits of unsuccessful bidders shall be returned: Provided, That the commission may retain the deposit of the next lowest responsible bidder or bidders as it desires until such time as the contract is entered into and satisfactory bond provided by the bidder to whom award was ultimately made.

If in the opinion of the commission the acceptance of the bid of the lowest responsible bidder or bidders, or on prior failure of the lowest responsible bidder or bidders, the acceptance of the bid of the remaining lowest responsible bidder or bidders will not be for the best interest of the state, it may reject all bids or all remaining bids and republish call for bids in the same manner as for an original publication thereof. [1961 c 13 § 47.28.100. Prior: 1953 c 53 § 1; 1937 c 53 § 38; RRS § 6400–38.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Terms "highway commission" and "commission" mean department of transportation; see RCW 47.04.015.

47.28.110 Sureties—Qualifications—Additional sureties. At any time and as often as it may be deemed necessary, the highway commission may require any or all sureties or any surety company to appear and qualify themselves upon any contractor's bond. Whenever such surety or sureties upon any contractor's bond become insufficient or may be deemed by the highway commission to have become insufficient, the highway commission may demand in writing that the contracting person, firm or corporation furnish such further contractor's bond or bonds or additional surety in an amount not exceeding that originally required as may be deemed necessary considering the extent of the work remaining to be done upon such contract. No further payments shall be made on such contract until such additional surety as required is furnished. [1961 c 13 § 47.28.110. Prior: 1937 c 53 § 39; RRS § 6400–39.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "highway commission" means department of transportation; see RCW 47.04.015.

47.28.120 Actions for labor and materials—Limitation of action. Any contracting person, firm or corporation performing any labor or furnishing any materials
upon their contract or otherwise for public work or improvement under the direction of the highway commission, or any person claiming any right of action upon any such contract with the state of Washington or who claims a cause of action against the state of Washington arising out of any such contract must bring such suit in the proper court in Thurston County before the expiration of one hundred and eighty days from and after the final acceptance and the approval of the final estimate of such work by the highway commission; otherwise such action shall be forever barred. [1961 c 13 § 47.28.120. Prior: 1937 c 53 § 40; RRS § 6400-40.]

Reviser’s note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term “highway commission” means department of transportation; see RCW 47.04.015.

47.28.140 Agreements to benefit or improve highways, roads or streets, establish urban public transportation system—Labor or contract—Costs. When in the opinion of the governing authorities representing the state department of highways and any agency, instrumentality, municipal corporation or political subdivision of the state of Washington, any highway, road or street will be benefited or improved by constructing, reconstructing, locating, relocating, laying out, repairing, surveying, altering, improving or maintaining, or by the establishment adjacent to, under, upon, within or above any portion of any such highway, road or street of an urban public transportation system, by either the said highway department or any agency, instrumentality, municipal corporation or political subdivision of the state, and it is in the public interest to do so, the authorities may enter into cooperative agreements wherein either agrees to perform the work and furnish the materials necessary and pay the cost thereof, including necessary engineering assistance, which costs and expenses shall be reimbursed by the party whose responsibility it was to do or perform such work or improvement in the first instance. Said work may be done by either day labor or contract, and the cooperative agreement between the parties shall provide for the method of reimbursement. In the case of some special benefit or improvement to a state highway derived from the construction of any public works project, including any urban public transportation system, the department of highways may contribute to the cost thereof by making direct payment to the particular state department, agency, instrumentality, municipal corporation or political subdivision on the basis of benefits received, but such payment shall be made only after a cooperative agreement has been entered into for a specified amount or on an actual cost basis prior to the commencement of said particular public works project. [1967 c 108 § 6; 1961 c 13 § 47.28.140. Prior: 1955 c 384 § 8.]

Reviser’s note: Powers, duties, and functions of highway department transferred to department of transportation; see RCW 47.01.031. Terms “department of highways” and “highway department” mean department of transportation; see RCW 47.04.015.

Urban public transportation system defined: RCW 47.04.082.

47.28.150 Underpasses, overpasses constructed with aid of federal funds—Apportionment of maintenance cost between railroad and state. Notwithstanding any of the provisions of RCW 81.53.090, where the cost of constructing an overpass or underpass which is part of the state highway system has been paid for in whole or in part by the use of federal funds, the state shall at its expense maintain the entire overpass structure and the approaches thereto, and the railroad company shall at its expense maintain the entire underpass structure, including the approaches thereto. The state shall at its expense maintain the roadway, and the railroad company shall at its expense maintain its roadbed and tracks on or under all such structures. [1961 c 13 § 47.28.150. Prior: 1959 c 319 § 34.]

47.28.170 Emergency protection and restoration of highways. (1) Whenever the state highway commission finds that as a consequence of accident, natural disaster, or other emergency, an existing state highway is in jeopardy or is rendered impassible in one or both directions and the commission further finds that prompt reconstruction, repair, or other work is needed to preserve or restore the highway for public travel, the highway commission may authorize the department of highways to obtain at least three written bids for the work without publishing a call for bids and to award a contract forthwith to the lowest responsible bidder.

The department of highways shall notify any association or organization of contractors filing a request to regularly receive notification. Notification to an association or organization of contractors shall include: (a) The location of the work to be done; (b) the general anticipated nature of the work to be done; and (c) the date determined by the department as reasonable in view of the nature of the work and emergent nature of the problem after which the department will not receive bids.

(2) Whenever the state highway commission finds it necessary to protect a highway facility from imminent damage or to perform emergency work to reopen a highway facility, the highway commission may authorize the department of highways to contract for such work on a negotiated basis not to exceed force account rates for a period not to exceed thirty working days.

(3) When the engineer’s estimate of the cost of work authorized in either subsections (1) or (2) of this section is less than one hundred thousand dollars, the director of highways may make findings as provided hereinabove and pursuant thereto the department of highways may award contracts as authorized by this section.

(4) Any person, firm, or corporation awarded a contract for work must be prequalified pursuant to RCW 47.28.070 and may be required to furnish a bid deposit or performance bond. [1971 ex.s. c 89 § 1.]

Reviser’s note: Powers, duties, and functions of highway commission, highway department, and director of highways transferred to department of transportation; see RCW 47.01.031. Terms “state highway commission,” “highway commission,” “commission,” and “department of highways” mean department of transportation; term “director of highways” means secretary of transportation; see RCW 47.04.015.

[Title 47 RCW (1979 Ed.)—p 87]
47.30.005 Definitions. For the purposes of this chapter, "trail" or "path" means a public way constructed primarily for and open to pedestrians, equestrians, or bicyclists, or any combination thereof, other than a sidewalk constructed as a part of a city street or county road for the exclusive use of pedestrians. The term "trail" or "path" also includes a widened shoulder of a highway, street, or road when the extra shoulder width is constructed to accommodate bicyclists consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority either prior to such construction or prior to January 1, 1980. [1979 1st ex.s. c 121 § 4.]

47.30.010 Severance or destruction of recreational trail—Alternative, construction or reconstruction required—Signing. (1) No limited access highway shall be constructed that will result in the severance or destruction of an existing recreational trail of substantial usage for pedestrians, equestrians, or bicyclists unless an alternative recreational trail, satisfactory to the authority having jurisdiction over the trail being severed or destroyed, either exists or is reestablished at the time the limited access highway is constructed. If a proposed limited access highway will sever a planned recreational trail, the state or local agency which constructed the limited access highway shall design the facility and acquire sufficient right of way to accommodate future construction of the portion of the trail which will properly lie within the highway right of way. Thereafter when such trail is developed and constructed by the authority having jurisdiction over the trail, the state or local agency which constructed the limited access highway shall develop and construct the portion of such trail lying within the right of way of the limited access highway.

(2) Where a highway other than a limited access highway crosses a recreational trail of substantial usage for pedestrians, equestrians, or bicyclists, signing sufficient to insure safety shall be provided.

(3) Where the construction or reconstruction of a highway other than a limited access highway would destroy the usefulness of an existing recreational trail of substantial usage for pedestrians, equestrians, or bicyclists or of a planned recreational trail for pedestrians, equestrians, or bicyclists incorporated into the comprehensive plans for trails of the state or any of its political subdivisions, replacement land, space, or facilities shall be provided and where such recreational trails exist at the time of taking, reconstruction of said recreational trails shall be undertaken. [1971 ex.s. c 130 § 1.]

47.30.020 Facilities for pedestrians, equestrians, or bicyclists to be provided—Joint usage of rights of way. Facilities for pedestrians, equestrians, or bicyclists shall be incorporated into the design of highways and freeways along corridors where such facilities do not exist upon a finding that such facilities would be of joint use and conform to the comprehensive plans of public agencies for the development of such facilities, will not duplicate existing or proposed routes, and that safety to both motorists and to pedestrians, equestrians, and bicyclists would be enhanced by the segregation of traffic.

In planning and design of all highways, every effort shall be made consistent with safety to promote joint usage of rights of way for trails and paths in accordance with the comprehensive plans of public agencies. [1971 ex.s. c 130 § 2.]

47.30.030 Facilities for pedestrians, equestrians, or bicyclists authorized—Expenditure of available funds. Where an existing highway severs, or where the right of way of an existing highway accommodates a trail for pedestrians, equestrians, or bicyclists or where the separation of motor vehicle traffic from pedestrians, equestrians, or bicyclists will materially increase the motor vehicle safety, the provision of facilities for pedestrians, equestrians, or bicyclists which are a part of a comprehensive trail plan adopted by federal, state, or local governmental authority having jurisdiction over the trail is hereby authorized. The department of transportation, or the county or city having jurisdiction over the highway, road, or street, or facility is further authorized to expend reasonable amounts out of the funds made available to them, according to the provisions of RCW 46.68.100, as necessary for the planning, accommodation, establishment, and maintenance of such facilities. [1979 1st ex.s. c 121 § 1; 1974 ex.s. c 141 § 12; 1972 ex.s. c 103 § 2.]

Severability—1972 ex.s. c 103: "If any provision of this 1972 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1972 ex.s. c 103 § 8.]

47.30.040 Establishing paths and trails—Factors to be considered. Before establishing paths and trails, the following factors shall be considered:

(1) Public safety;

(2) The cost of such paths and trails as compared to the need or probable use;
47.30.050 Expenditures for paths and trails—Minimum amount. (1) The amount expended by a city, town, or county as authorized by RCW 47.30.030, as now or hereafter amended, shall never in any one fiscal year be less than one-half of one percent of the total amount of funds received from the motor vehicle fund according to the provisions of RCW 46.68.100: Provided, That this section does not apply to a city or town in any year in which the one-half of one percent equals five hundred dollars or less, or to a county in any year in which the one-half of one percent equals three thousand dollars or less: Provided further, That a city, town, or county in lieu of expending the funds each year may credit the funds to a financial reserve or special fund, to be held for not more than ten years, and to be expended for the purposes required or permitted by RCW 47.30.030.

(2) In each fiscal year the department of transportation shall expend, as a minimum, for the purposes mentioned in RCW 47.30.030, as now or hereafter amended, a sum equal to three-tenths of one percent of all funds, both state and federal, expended for the construction of state highways in such year, or in order to more efficiently program trail improvements the department may defer any part of such minimum trail or path expenditures for a fiscal year for a period not to exceed four years after the end of such fiscal year. Any fiscal year in which the department expends for trail or path purposes more than the minimum sum required by this subsection, the amount of such excess expenditure shall constitute a credit which may be carried forward and applied to the minimum trail and path expenditure requirements for any of the ensuing four fiscal years.

(3) The department of transportation, a city, or a county in computing the amount expended for trails or paths under their respective jurisdictions may include the cost of improvements consistent with a comprehensive plan or master plan for bicycle trails or paths adopted by a state or local governmental authority prior to such construction or prior to January 1, 1980. [1979 1st ex.s. c 121 § 3; 1972 ex.s. c 103 § 4.]

Severability—1972 ex.s. c 103: See note following RCW 47.30.030.

47.30.060 Expenditures deemed to be for highway, road, and street purposes—Powers and duties of department of transportation—Restrictions on use of paths and trails. For the purposes of this chapter, the establishment of paths and trails and the expenditure of funds as authorized by RCW 47.30.030, as now or hereafter amended, shall be deemed to be for highway, road, and street purposes. The department of transportation shall, when requested, and subject to reimbursement of costs, provide technical assistance and advice to cities, towns, and counties in carrying out the purposes of RCW 47.30.030, as now or hereafter amended. The department shall recommend construction standards for paths and trails. The department shall provide a uniform system of signing paths and trails which shall apply to paths and trails under the jurisdiction of the department and of cities, towns, and counties. The department and cities, towns, and counties may restrict the use of paths and trails under their respective jurisdictions to pedestrians, equestrians, and nonmotorized vehicles. [1979 1st ex.s. c 121 § 3; 1972 ex.s. c 103 § 5.]

Severability—1972 ex.s. c 103: See note following RCW 47.30.030.

Whenever the highway commission shall determine and order that it is necessary for the convenience and safety of public travel and the use of (or construction, alteration, repair, improvement or maintenance of) any state highway to have the full width of right of way of any such state highway or of any portion of the right of way of any such state highway free from any and all obstructions, encroachments and occupancy, other than pole lines, pipe lines or other structures maintained thereon for public or quasi public utilities by virtue of a valid franchise, and shall cause due notice of such order to be given as provided by law, such obstructions, encroachments and means of occupancy, and any structure, building, improvement or other means of occupancy of any of the right of way of said state highway not removed within the time allowed by law shall become thereby and be an unlawful property and may be confiscated, removed and sold or destroyed by the
state of Washington according to procedure as hereinafter provided, without any right in anyone to make any claim therefor, either by reason of the removal thereof or otherwise. It shall be unlawful for any person to keep, maintain or occupy any such unlawful structure. [1961 c 13 § 47.32.010. Prior: 1937 c 53 § 68; RRS § 6400-68.]

47.32.020 Notice of order, contents, posting—Return. Whenever the highway commission shall determine that the right of way of any state highway or any portion of the right of way of any state highway be made free from any and all obstructions, encroachments and occupancy it shall forthwith cause to be posted, by a competent person eighteen years of age or over upon any and all structures, buildings, improvements and other means of occupancy of such state highway or portion thereof, other than property of public or quasi public utilities, by virtue of a valid franchise, a notice bearing a copy of such order and dated as of the date of posting, to all whom it may concern to vacate such right of way and to remove all property therefrom forthwith and within ten days after the posting of such notice exclusive of the date of posting of the same, and shall require the filing with it of duplicate affidavits in proof of such postings, showing upon what structures, buildings, improvements or other means of occupancy of such state highway or portions thereof, respectively, copies of such notice were posted and the date of each such posting, sworn to by the person making such posting. [1971 ex.s. c 292 § 46; 1961 c 13 § 47.32.020. Prior: 1937 c 53 § 69; RRS § 6400-69.]

Severability—1971 ex.s. c 292: See note following RCW 26.28.010.

47.32.030 Proceedings in rem authorized—Records certified. In case the property or any thereof described in such notice is not removed from such right of way within ten days after the date of such posting, exclusive of the date of posting, all such property upon the right of way of said state highway or portion thereof shall thereupon become unlawful and the highway commission shall commence proceedings in the name of the state of Washington for the removal thereof by court action. The highway commission shall thereupon prepare two original copies of such order together with two copies each of the notice posted and of the affidavits in proof of posting thereof and duplicate copies of a certificate by said highway commission describing with reasonable certainty and with due reference to the center line stationing of said state highway and to proper legal subdivisional points, each structure, building, improvement, encroachment or other means of occupancy, other than pole lines, pipe lines or other structures maintained for public and quasi public utilities, on the state highway or portion thereof specified in such order and remaining upon such right of way as aforesaid. Thereupon action shall be commenced in rem for the purpose of removal of all such unlawful property, in the superior court of the county in which such state highway or portion thereof containing such structures is situated, entitled and in the name of the state of Washington as plaintiff and describing each such unlawful structure, building, improvement, encroachment or other means of occupancy, which structures, buildings, improvements, encroachments or other means of occupancy shall be briefly named as defendants. [1961 c 13 § 47.32.030. Prior: 1937 c 53 § 70; RRS § 6400-70; prior: 1925 ex.s. c 131 § 3; RRS § 6837-3.]

Service of such complaint shall be given by publication of notice thereof once a week for two successive weeks in a newspaper of general circulation in the county in which such action is commenced, which notice shall briefly state the objects of the action and contain a brief description of each structure, building, improvement, encroachment or other means of occupancy sought to be removed from the right of way of the state highway, describe such state highway or portion thereof by number and location and state the time and place when and where the action will come before the court or judge thereof; and a copy of such notice shall also be posted at least ten days before the date of hearing of such action upon each such structure, building, improvement, encroachment or other means of occupancy described therein. [Title 47 RCW (1979 Ed.)—p 90]
47.32.060 Hearing—Findings—Order—Appeal. At the time and place appointed for hearing upon said complaint, which hearing shall be by summary proceedings, if the court or judge thereof shall find that due notice has been given by posting and publication and that the order of the highway commission was duly made, and shall be further satisfied and find that the state highway or portion thereof described is legally a state highway having the width of right of way specified in such order and that the structure, buildings, improvements or other means of occupancy of such state highway or portion thereof as stated in the certificate of the highway commission do in fact encroach, or that any portion thereof encroach, upon such state highway right of way, the court or judge thereof shall thereupon make and enter an order establishing that each of the structures, buildings, improvements and other means of occupancy specified in such order is unlawfully maintained within the right of way and is subject to confiscation and sale and that the same be forthwith confiscated, removed from such right of way and sold, and providing that six days after the entry of such order, a writ shall issue out of said court directed to the sheriff of such county, commanding such sheriff to seize and remove from the right of way of said state highway each such structure, building, improvement or other means of occupancy specified in such order forthwith on receipt of writ based on said order and to take and hold the same in his custody for a period of ten days unless sooner redelivered as provided for by law and if not then so redelivered to sell the same at public or private sale and to pay the proceeds thereof into the registry of the court within sixty days after the issuance of such writ, and further in such action, including costs of posting original notices of the highway commission, the costs of posting and publishing notices of hearing as part thereof and any cost of removal, be paid by the clerk to the state treasurer and by him credited to the motor vehicle fund. Such order shall be filed with the clerk of such court and recorded in the minutes of said court and be final unless review thereof to the supreme court of the state be taken within five days after the filing thereof. [1961 c 13 § 47.32.060. Prior: 1937 c 53 § 73; RRS § 6400–73; prior: 1925 ex.s. c 131 § 7; RRS § 6837–7.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term 'highway commission' means department of transportation; see RCW 47.04.015.

47.32.070 Writ, execution of—Return—Disposition of unsold property. Six days after filing of the order above provided for, if no review thereof be taken to the supreme court or the court of appeals of the state, the clerk of the court shall issue under seal of such court a writ directed to the sheriff of the county in which such court is held commanding him to remove, take into custody and dispose of the property described in such order and make returns thereof as provided for such writ by said order. On receipt of such writ it shall be the duty of such sheriff to obey the command thereof, proceed as therein directed and make return within the time fixed by such writ; and said sheriff shall be liable upon his official bond for the faithful discharge of such duties. Upon filing of such return the clerk of court shall make payments as provided for in the order of court. If by the sheriff's return any of the property seized and removed pursuant to such writ is returned as unsold and as of no sale value, and if the court or judge thereof be satisfied that such is the fact, the court or judge thereof may make further order directing the destruction of such property, otherwise directing the sheriff to give new notice and again offer the same for sale, when, if not sold, the same may on order of court be destroyed. [1971 c 81 § 115; 1961 c 13 § 47.32.070. Prior: 1937 c 53 § 74; RRS § 6400–74; prior: 1925 ex.s. c 131 § 8; RRS § 6837–8.]

47.32.080 Property reclaimed—Bond. At any time within ten days after the removal by virtue of such writ of any such property from the right of way of such state highway any person, firm, association or corporation claiming ownership or right of possession of any such property may have the right to demand and to receive the same from the sheriff upon making an affidavit that such claimant owns such property or is entitled to possession thereof, stating on oath the value thereof satisfactory to said sheriff, which value shall be raised to a value satisfactory to said sheriff, which value shall be indorsed on said affidavit and signed both by said claimant and said sheriff before such sheriff shall be required to accept the bond hereinafter provided for, and deliver to the sheriff a bond with sureties in double the value of such property, conditioned that such claimant will appear in the superior court of such county within ten days after the bond is accepted by the sheriff and make good such claim of title thereto and pay all accrued costs of service of notice to remove, all costs and disbursements to be assessed to such property and the costs of removal and custody thereof and will hold said sheriff and the state of Washington free from any and all claims on account of such property or will return such property or pay its value to said sheriff, and that such claimant will at all times thereafter keep such property off the right of way of the state highway in question. [1961 c 13 § 47.32.080. Prior: 1937 c 53 § 75; RRS § 6400–75; prior: 1925 ex.s. c 131 § 9; RRS § 6837–9.]

47.32.090 Sureties on bond—Hearing on claim. The sureties on such bond shall justify as in other cases if the sheriff requires it and in case they do not so justify when required, the sheriff shall retain and sell or dispose of the property; and if the sheriff does not require the sureties to justify, he shall stand good for their sufficiency. He shall date and indorse his acceptance upon the bond, and shall return the affidavit, bond and justification, if any, to the office of the clerk of such superior court, whereupon such clerk shall set the hearing thereof as a separate case for trial, in which such claimant shall be the plaintiff and the sheriff and the state of Washington defendants: Provided, That no costs shall, in such case, be assessed against the sheriff or the state of Washington in the event the plaintiff should prevail.

47.32.100 Procedure when claimant wins or loses. If the claimant makes good such claimant’s title to or right to possession of the property, upon payment into the registry of the court, of the costs of service or posting of original notice issued by the highway commission with respect to such property, the cost of posting notice of hearing in such court and such proportion of the cost of publication of such notice as the court may fix and direct to be entered and the clerk’s fees of filing such affidavit and bond as a separate action and of entry of judgment therein at the amounts provided for in civil actions, judgment shall be entered restoring such property to such claimant without any confirmation of title as to any other claimant thereto, relieving the sheriff from necessity of selling the same and making return thereon, and continuing the effect of such bond for a period of six years thereafter for the benefit of such adverse claimants to said property, if any, as may thereafter make claim to such property. If such claimant shall not make good such claim of title to or right to possession of such property, judgment shall be rendered against such claimant and the sureties of such claimant for the value of such property as finally shown by the affidavit as above provided for, together with such fees for filing such affidavit and bond as a separate action and for entry of judgment therein and other costs and disbursements as taxed in any civil action including the statutory attorney fee as part thereof, for all of which statutory attorney fee as part thereof, for all of which

vegetables, fruits, merchandise, produce or any other temporary or permanent device or structure shall be permitted and upon the existence of any such device or structure without a permit first obtained, the same shall be considered an obstruction unlawfully upon the right of way of such state highway and the highway commission may proceed to effect the removal of the same. [1961 c 13 § 47.32.110. Prior: 1937 c 53 § 78; RRS § 6400–78; 1927 c 309 § 48; RRS § 6362–48; 1923 c 181 § 10; RRS § 6358–1.]

47.32.120 Business places along highway. It shall be unlawful for any person to erect a structure or establishment or maintain a business, the nature of which requires the use by patrons or customers of property adjoining such structure or establishment unless such structure or establishment be so located at a distance from the right of way of any state highway that none of the right of way thereof is required for the use of the patrons or customers of any such establishment. Any such structure erected or business maintained which makes use of or tends to invite patrons to make use of the right of way or any portion thereof of any state highway by occupying the same while a patron, is a public nuisance and the highway commission may fence the right of way of such state highway to prevent such unauthorized use thereof. [1961 c 13 § 47.32.120. Prior: 1937 c 53 § 79; RRS § 6400–79.]

47.32.130 Dangerous objects and structures as nuisances—Logs—Abatement—Removal. (1) Whenever there shall exist upon the right of way of any state highway or off the right of way thereof in sufficiently close proximity thereto, any structure, device or natural or artificial thing which threatens or endangers such state highway or portion thereof, or which tends to endanger persons traveling thereon, or obstruct or tends to obstruct or constitutes a hazard to vehicles or persons traveling thereon, such structure, device or natural or artificial thing is hereby declared to be a public nuisance and the highway commission is empowered to take such action as may be necessary to effect the abatement of the same. Any such structure, device or natural or artificial thing considered by the highway commission to be immediately or eminently dangerous to travel upon a state highway may be forthwith removed and such removal shall in no event constitute a breach of the peace or trespass.

(2) Logs dumped on any state highway roadway or in any state highway drainage ditch due to equipment failure or for any other reason shall be removed immediately. Logs remaining within the state highway right of way for a period of thirty days shall be confiscated and removed or disposed of as directed by the highway commission. [1961 c 13 § 47.32.130. The legislature hereby finds and declares that junkyards which do not conform to the requirements of this chapter are public nuisances. [1971 ex.s. c 101 § 1.]

(6) "Commission" means the Washington state highway commission. [1971 ex.s. c 101 § 2.]

47.41.030 Junkyards adjacent to highways prohibited—Exceptions. No person shall establish, operate, or maintain a junkyard any portion of which is within one thousand feet of the nearest edge of the right of way of any interstate or federal-aid primary highway, except the following:

(1) Those which are screened by natural objects, plantings, fences, or other appropriate means so as not to be visible from the main-traveled way of the system or otherwise removed from sight.

(2) Those located within areas which are zoned for industrial use under authority of law.

(3) Those located within unzoned industrial areas, which areas shall be determined from actual land uses and defined by regulations to be promulgated by the commission and approved by the secretary of transportation.

(4) Those which are not visible from the main-traveled way of the system. [1971 ex.s. c 101 § 3.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "commission" means department of transportation; see RCW 47.04.015.

47.41.040 Screening feasibility determination—Acquisition of property by department—Screening or removal of junkyard. Prior to the first day of July, 1971, the highway commission shall determine whether or not the topography of the land adjoining the highway will permit adequate screening of any junkyard lawfully in existence located outside of a zoned industrial area or an unzoned industrial area as defined herein on August 9, 1971 which is within one thousand feet of the nearest edge of the right of way and visible from the main-traveled way of any highway on the interstate and primary system and whether screening of such junkyard would be economically feasible. Within thirty days thereafter the commission shall notify by registered or certified mail the record owner of the land upon which such junkyard is located, or the operator thereof, of its determination.

If it is economically feasible to screen any such junkyard, the commission shall screen the same so it will not be visible from the main-traveled way of such highway. The highway commission is authorized to acquire by gift, purchase, exchange, or condemnation such lands or interest in lands as may be required for such purposes.

In the event that it is not economically feasible to screen any such junkyard, the highway commission shall acquire by purchase, gift or condemnation an interest in the real property used for junkyard purposes which is visible from the main traveled way of such highway, restricting any owner of the remaining interest to use of such real estate for purposes other than a junkyard. In addition to compensation for such real property interest, the operator of a junkyard shall receive the actual reasonable expenses in moving his business personal property to a location within the same general area where a junkyard may be lawfully established, operated and maintained. This section shall be interpreted as in addition to all other rights and remedies of a junkyard owner or operator and shall not be interpreted as a limitation on or alteration of the law of compensation in eminent domain. [1971 ex.s. c 101 § 4.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Terms "highway commission" and "commission" mean department of transportation; see RCW 47.04.015.

Sec. 136, and the regulations promulgated thereunder by the secretary of transportation. Proceedings for review of any action taken by the commission pursuant to this chapter shall be instituted by filing a petition only in the superior court of Thurston county. [1971 ex.s. c 101 § 5.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "commission" means department of transportation; see RCW 47.04.015.

47.41.060 Other laws not affected. Nothing in this chapter shall be construed to permit a person to maintain any junkyard that is otherwise prohibited by statute or by the resolution or ordinance of any county, city, or town, nor to abrogate or affect the lawful provisions of any statute, ordinance, regulation, or resolution which are more restrictive than the provisions of this chapter. [1971 ex.s. c 101 § 6.]

If the owner of the land upon which any such junkyard is located, or the operator thereof as the case may be, shall fail to comply with the notice or remove any such junk within the time provided in this chapter after being so notified, he shall be guilty of a misdemeanor. In addition to the penalties imposed by law upon conviction, an order may be entered compelling compliance with this chapter. Each day such junkyard shall be maintained in a manner so as not to comply with this chapter shall constitute a separate offense.

If the operator of the junkyard or the owner of the property upon which it is located, as the case may be, shall not be found or refuses receipt of the notice, the commission, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall post the property upon which it is located with a notice that the junkyard constitutes a public nuisance and that the junk thereon must be removed as in this chapter provided. If the notice is not complied with, the commission, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall abate the nuisance and remove the junk, and for that purpose may enter upon private property
without incurring liability for so doing. [1971 ex.s. c 101 § 7.]
