(2) For computations subsequent to January 1, 1974, the allowable "surplus" shall be computed by use of the following table. Column A represents the ratio of the unemployment compensation fund as of the June 30th preceding the computation date to total remuneration for the preceding calendar year. The percentage figures in Column B represent the maximum percentage of total remuneration during the preceding calendar year which may be deemed as "surplus" in view of the corresponding figures in Column A. No amount of the fund shall be declared surplus if the balance in the fund as of the June 30th immediately preceding the computation date is not at least one-tenth of one percent of total remuneration paid during the preceding calendar year in excess of four percent of total remuneration paid during the preceding calendar year. The percentage amount of total remuneration during the preceding calendar year, Column B, may be deemed surplus only to the extent that the balance remaining in the unemployment compensation fund exceeds four percent of the total remuneration paid during the preceding calendar year. Total remuneration paid in this computation is limited to remuneration paid during the calendar year preceding the computation date and reported to the department of employment security on or before the March 31st immediately preceding the computation date.

Benefits paid to any eligible individuals for benefit years beginning subsequent to June 30, 1967, shall be charged to the experience rating accounts of each of his employers during his base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year.

(2) The legislature finds that certain benefit payments should not be charged to the experience rating accounts of employers whose employees are not covered under chapter 50.44 RCW, as follows:

(a) Benefits paid to any individuals later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer.

(b) Benefits paid to an individual under the provisions of RCW 50.12.050 shall not be charged to the account of any contribution paying employer if the wage credits earned in this state by the individual during his base

For the rate year 1971 and each rate year thereafter an annual decrease quotient factor and a benefit charge-back factor shall be computed for each qualified employer, each to be determined as provided in subsections (1) and (2) hereof respectively:

(1) To determine a qualified employer's average annual decrease quotient his payroll for the three experience rating years immediately preceding the computation date shall be listed in chronological order. The first annual decrease quotient shall be obtained by dividing any decrease in his payroll between the first and second of his experience rating years by the payroll for the first of such years, the division being carried to the fourth decimal place, with the remaining fraction, if any, disregarded. The second annual decrease quotient shall be obtained by dividing any decrease in his payroll between the second and third of the listed experience rating years by the payroll for the second listed year, the division being carried to the fourth decimal place, with the remaining fraction, if any, disregarded. The employer's average annual decrease quotient shall be obtained by adding his first and second decrease quotients, if any, and dividing by two. The employer's average annual decrease quotient shall determine the point value to be assigned to such employer as his charge-back factor in accordance with the following schedule:

Within a reasonable time after the computation date, each employer shall be notified of the total amount of benefits charged to his account during the twelve-month period immediately preceding the computation date and, upon request, the amount of such charges with respect to each individual receiving unemployment benefits charged to his account.

Within a reasonable time after the computation date each employer shall be notified of his rate of contribution as determined for the succeeding rate year.

At the time of mailing rate notices any employer who, prior to the cut-off date has acquired all or substantially
all of the operating assets, or has acquired an operating department, section, division, or any substantial portion of the business or assets, of any employer who was not a qualified employer as defined in RCW 50.29.010 because of having failed to pay all contributions required under this title by the cut-off date, shall be furnished a special delinquency statement showing the amount unpaid and the rate of contribution to which such successor employer will be entitled if the amount is paid within twenty days.

Any employer dissatisfied with the benefit charges made to his account or with his determined rate may file a request for review with the commissioner within thirty days of the mailing of the notice to the employer, showing the reason for such request. Should such request for review and redetermination be denied, the employer may, within ten days of the mailing of such notice of denial, file with the appeal tribunal a petition for hearing which shall be heard in the same manner as a petition for denial of refund. The appellate procedure prescribed by this title for further appeal shall apply to all denials of review and redetermination under this section. [1973 1st ex.s. c 158 § 14; 1970 ex.s. c 2 § 16.]

50.29.080 Redetermination and correction of employer's contribution rate, when—Effect—Rights to further review and redetermination. The commissioner may redetermine any contribution rate if, within three years of the rate computation date he finds that the rate as originally computed was erroneous.

In the event that the redetermined rate is lower than that originally computed the difference between the amount paid and the amount which should have been paid on the employer's taxable payroll for the rate year involved shall be established as a credit against his tax liability; however, if the redetermined rate is higher than that originally computed the difference between the amount paid and the amount which should have been paid on the employer's taxable payroll shall be assessed against the employer as contributions owing for the rate year involved.

The redetermination of an employer's contribution rate shall not affect the contribution rates which have been established for any other employer nor shall such redetermination affect any other computation made pursuant to this title.

The employer shall have the same rights to request review and redetermination as he had from his original rate determination. [1970 ex.s. c 2 § 17.]

50.32.010 Appeal tribunals. The commissioner shall establish one or more impartial appeal tribunals, each of which shall consist of a salaried examiner who shall decide the issues submitted to the tribunal. No examiner shall hear or decide any disputed claim in any case in which he is an interested party. Wherever the term "appeal tribunal" or "the appeal tribunal" is used in this title the same refers to an appeal tribunal established under the provisions of this section. Notice of any appeal or petition for hearing taken to an appeal tribunal in any proceeding under this title may be filed with such agency as the commissioner may by regulation prescribe. [1945 c 35 § 117; Rem. Supp. 1945 § 9998-255. Prior: 1943 c 127 § 4; 1941 c 253 § 4.]

50.32.020 Filing of benefit appeals. The applicant or claimant, his most recent employing unit or any interested party which the commissioner by regulation prescribes, may file an appeal from any determination or redetermination with the appeal tribunal within ten days after the date of notification or mailing, whichever is earlier, of such determination or redetermination to his last known address: Provided, That in the event an appeal with respect to any determination is pending as of
the date when a redetermination thereof is issued, such appeal, unless withdrawn, shall be treated as an appeal from such redetermination. Any appeal from a determination of denial of benefits which is effective for an indefinite period shall be deemed to be an appeal as to all weeks subsequent to the effective date of the denial for which benefits have already been denied. If no appeal is taken from any determination, or redetermination, within the time allowed by the provisions of this section for appeal therefrom, said determination, or redetermination, as the case may be, shall be conclusively deemed to be correct except as hereinbefore provided in respect to reconsideration by the commissioner of any determination. [1951 c 215 § 10; 1945 c 35 § 118; Rem. Supp. 1945 § 9998–256. Prior: 1943 c 127 § 4; 1941 c 253 § 4; 1939 c 214 § 4; 1937 c 162 § 6.]

50.32.025 Mailed appeal or petition—When deemed filed and received. The appeal or petition from a determination, redetermination, order and notice of assessment, appeals decision, or commissioner's decision which is (1) transmitted through the United States mail, shall be deemed filed and received by the addressee on the date shown by the United States postal service cancellation mark stamped by the United States postal service employees upon the envelope or other appropriate wrapper containing it or, (2) mailed but not received by the addressee, or where received and the United States postal service cancellation mark is illegible, erroneous or omitted, shall be deemed filed and received on the date it was mailed, if the sender establishes by competent evidence that the appeal or petition was deposited in the United States mail on or before the date due for filing: Provided, That in the case of a metered cancellation mark by the sender and a United States postal service cancellation mark on the same envelope or other wrapper, the latter shall control: Provided, further, That in any of the above circumstances, the appeal or petition must be properly addressed and have sufficient postage affixed thereto. [1975 1st ex.s. c 228 § 4; 1969 ex.s. c 200 § 1.]

Effective date—1975 1st ex.s. c 228: See note following RCW 50.04.355.

50.32.030 Appeal from order and notice of assessment. When an order and notice of assessment has been served upon or mailed to a delinquent employer, as heretofore provided, such employer may within ten days thereafter file a petition in writing with the appeal tribunal, stating that such assessment is unjust or incorrect and requesting a hearing thereon. Such petition shall set forth the reasons why the assessment is objected to and the amount of contributions, if any, which said employer admits to be due the employment security department. If no such petition be filed with the appeal tribunal within said ten days, said assessment shall be conclusively deemed to be just and correct: Provided, That in such cases, and in cases where payment of contributions or interest has been made pursuant to a jeopardy assessment, the commissioner may properly entertain a subsequent application for refund. The filing of a petition on a disputed assessment with the appeal tribunal shall stay the distraint and sale proceeding provided for in this title until a final decision thereon shall have been made, but the filing of such petition shall not affect the right of the commissioner to perfect a lien, as provided by this title, upon the property of the employer. The filing of a petition on a disputed assessment shall stay the accrual of interest on the disputed contributions until a final decision shall have been made thereon.

Within ten days after notice of denial of refund or adjustment has been mailed or delivered (whichever is the earlier) to an employer, the employer may file a petition in writing with the appeal tribunal for a hearing thereon: Provided, That this right shall not apply in those cases in which assessments have been appealed from and have become final. The petitioner shall set forth the reasons why such hearing should be granted and the amount which the petitioner believes should be adjusted or refunded. If no such petition be filed within said ten days, the determination of the commissioner as stated in said notice shall be final. [1959 c 266 § 7; 1949 c 214 § 23; 1945 c 35 § 119; Rem. Supp. 1949 § 9998–257.]

50.32.040 Benefit appeals procedure. In any proceeding before an appeal tribunal involving a dispute of an individual's initial determination, all matters covered by such initial determination shall be deemed to be in issue irrespective of the particular ground or grounds set forth in the notice of appeal.

In any proceeding before an appeal tribunal involving a dispute of an individual's claim for waiting period credit or claim for benefits, all matters and provisions of this title relating to the individual's right to receive such credit or benefits for the period in question shall be deemed to be in issue irrespective of the particular ground or grounds set forth in the notice of appeal.

In any proceeding before an appeal tribunal involving an individual's right to benefits, all parties shall be afforded an opportunity for hearing after not less than seven days' notice. This provision supersedes the twenty-day notice provision of RCW 34.04.090 as to such cases.

In any proceeding involving an appeal relating to benefit determinations or benefit claims, the appeal tribunal, after affording the parties reasonable opportunity for fair hearing, shall render its decision affirming, modifying, or setting aside the determination or decisions of the unemployment compensation division. The parties shall be duly notified of such appeal tribunal's decision together with its reasons therefor, which shall be deemed to be the final decision on the initial determination or the claim for waiting period credit or the claim for benefits unless, within ten days after the date of notification or mailing, whichever is the earlier, of such decision, further appeal is perfected pursuant to the provisions of this title relating to review by the commissioner. [1973 c 73 § 8; 1945 c 35 § 120; Rem. Supp. 1945 § 9998–258. Prior: 1943 c 127 § 4; 1941 c 253 § 4; 1939 c 214 § 4; 1937 c 162 § 6.]

The parties shall be duly notified of such appeal tribunal’s decision together with its reasons therefor which shall be deemed to be the final decision on the order and notice of assessment, denial of refund or experience rating credit, as the case may be, unless within ten days after the date of notification or mailing, whichever is the earlier, of such decision, further appeal is perfected pursuant to the provisions of this title relating to review by the commissioner. A full and complete record shall be kept of all appeal tribunal proceedings. All testimony at any appeal tribunal hearing shall be recorded, but need not be transcribed unless further appeal is taken. [1945 c 35 § 122; Rem. Supp. 1945 § 9998–260.]

50.32.070 Petition for review by commissioner. Within ten days from the date of notification or mailing, whichever is the earlier, of any decision of an appeal tribunal, the commissioner on his own order may, or upon petition of any interested party shall, take jurisdiction of the proceedings for the purpose of review thereof. Appeal from any decision of an appeal tribunal may be perfected so as to prevent finality of such decision if, within ten days from the date of mailing the appeal tribunal decision, or notification thereof, whichever is the earlier, a petition in writing for review by the commissioner shall be received. The commissioner may also prevent finality of any decision of an appeal tribunal and take jurisdiction of the proceedings for his review thereof by entering an order so providing on his own motion and mailing a copy thereof to the interested parties within the same period allowed herein for receipt of a petition for review. The time limit provided herein for the commissioner’s assumption of jurisdiction on his own motion for review shall be deemed to be jurisdictional. [1973 1st ex.s. c 158 § 15; 1945 c 35 § 125; Rem. Supp. 1945 § 9998–263.]

Any individual in any such proceeding before the commissioner or any appeal tribunal may be represented by counsel or other duly authorized agent who shall neither charge nor receive a fee for
such services in excess of an amount found reasonable by
the officer conducting such proceeding. [1945 c 35 §
127; Rem. Supp. 1945 § 9998–265.]

50.32.120 Procedure for judicial review. Judicial re-
view of a decision of the commissioner involving the re-
view of an appeals tribunal decision may be had only in
accordance with the procedural requirements of RCW
34.04.130. [1973 1st ex.s. c 158 § 16; 1971 c 81 § 119;

Effective dates—1977 ex.s. c 292: See notes following RCW 50.04.116.

50.44.035 Local government tax. (1) Any county, city or town not electing to make payments in lieu of contributions shall pay a "local government tax." Taxes paid under this section shall be paid into an administratively identifiable account in the unemployment compensation fund. This account shall be self-sustaining. For calendar years 1978 and 1979 all such employers shall pay local government tax at the rate of one and one-quarter percent of all remuneration paid by the governmental unit for services in its employment. For each year after 1979 each such employer's rate of tax shall be determined in accordance with this section: Provided, however, That whenever it appears to the commissioner that the anticipated benefit payments from the account would jeopardize reasonable reserves in this identifiable account the commissioner may at the commencement of any calendar quarter, impose an emergency excess tax of not more than one percent of remuneration paid by the participating governmental units which "excess tax" shall be paid in addition to the applicable rate computed pursuant to this section until the calendar year following the next September 1.

(2) A reserve account shall be established for each such employer.

(a) The "reserve account" of each such employer shall be credited with tax amounts paid and shall be charged with benefit amounts charged in accordance with the formula set forth in RCW 50.44.060 as now or hereafter amended except that such employer's account shall be charged for the full amount of extended benefits so attributable for weeks of unemployment commencing after January 1, 1979. Such credits and charges shall be cumulative from January 1, 1978.

(b) After the cutoff date, the "reserve ratio" of each such employer shall be computed by dividing its reserve account balance as of the computation date by the total remuneration paid during the preceding calendar year for services in its employment. This division shall be carried to four decimal places, with the remaining fraction, if any, disregarded.

(3) A "benefit cost ratio" for each such employer shall be computed by dividing its total benefit charges during the thirty-six months ending on June 30 by its total remuneration during the three preceding calendar years: Provided, That after August 31 in 1979 each employer's total benefit charges for the twelve months ending on June 30 shall be divided by its total remuneration paid in the last three quarters of calendar year 1978; and after August 31 in 1980 each employer's total benefit charges for the twenty-four months ending June 30 shall be divided by its total remuneration paid in the last three calendar quarters of 1978 and the four calendar quarters of 1979. Such computations shall be carried to four decimal places, with the remaining fraction, if any, disregarded.

(4) For each such employer its benefit cost ratio shall be subtracted from its reserve ratio. One-third of the resulting amount shall be subtracted from its benefit cost ratio. The resulting figure, expressed as a percentage and rounded to the nearest tenth of one percent, shall become its local government tax rate for the following rate year. For the rate year 1980 no tax rate shall be less than 0.6 percent nor more than 2.2 percent. For 1981 no tax rate shall be less than 0.4 percent nor more than 2.6 percent. For years after 1981 no tax rate shall be less than 0.2 percent or more than 3.0 percent. No individual rate shall be increased any more than 1.0 percent from one rate year to the next.

(5) Any county, city or town electing participation under this section at any time after December 15, 1977, shall be assigned a tax rate of one and one-quarter percent of total remuneration for the first eight quarters of the participation.

(6) Each year after 1980 the commissioner shall review the local government tax system and make recommendations to the legislature for changes in said system.

(7) "Local government tax" shall be deemed to be "contributions" to the extent that such usage is consistent with the purposes of this title. Such construction shall include but not be limited to those portions of this title and the rules and regulations enacted pursuant thereto dealing with assessments, interest, liens, collection procedures and remedies, administrative and judicial review, and the imposition of administrative, civil and criminal sanctions. [1977 ex.s. c 292 § 15.]

50.44.050 Financing benefits paid employees of nonprofit organizations—Election to make payments in lieu of contributions. Benefits paid to employees of "nonprofit organizations" shall be financed in accordance with the provisions of this section. For the purpose of this section and RCW 50.44.070, the term "nonprofit organization" is limited to those organizations described in RCW 50.44.010, and joint accounts composed exclusively of such organizations.

(1) Any nonprofit organization which is, or becomes subject to this title on or after January 1, 1972 shall pay contributions under the provisions of RCW 50.24.010, unless it elects, in accordance with this subsection, to pay to the commissioner for the unemployment compensation fund an amount equal to the full amount of regular and additional benefits and one-half of the amount of extended benefits paid to individuals for weeks of unemployment which begin during the effective period of such election to the extent that such payments are attributable to service in the employ of such nonprofit organization.

(a) Any nonprofit organization which becomes subject to this title after January 1, 1972 may elect to become liable for payments in lieu of contributions for a period of not less than twelve months beginning with the date on which such subjectivity begins by filing a written notice of its election with the commissioner not later than thirty days immediately following the date of the determination of such subjectivity.

(b) Any nonprofit organization which makes an election in accordance with paragraph (a) of this subsection will continue to be liable for payments in lieu of contributions until it files with the commissioner a written notice terminating its election not later than thirty days prior to the beginning of the taxable year for which such termination shall first be effective.

(c) Any nonprofit organization which has been paying contributions under this title for a period subsequent to January 1, 1972 may change to a reimbursable basis by filing with the commissioner not later than thirty days prior to the beginning of any taxable year a written notice of election to become liable for payments in lieu of contributions. Such election shall not be terminable by the organization for that and the next year.

(d) The commissioner may for good cause extend the period within which a notice of election, or a notice of termination, must be filed and may permit an election to be retroactive but not any earlier than with respect to benefits paid after December 31, 1969.

(e) The commissioner, in accordance with such regulations as he may prescribe, shall notify each nonprofit organization of any determination which he may make of its status as an employer and of the effective date of any election which it makes and of any termination of such election. Any nonprofit organization subject to such determination and dissatisfied with such determination may file a request for review and redetermination with the commissioner within thirty days of the mailing of the determination to the organization. Should such request for review and redetermination be denied, the organization may, within ten days of the mailing of such notice of denial, file with the appeal tribunal a petition for hearing which shall be heard in the same manner as a petition for denial of refund. The appellate procedure prescribed by this title for further appeal shall apply to all denials of review and redetermination under this paragraph.

(2) Payments in lieu of contributions shall be made in accordance with the provisions of this section including either paragraph (a) or (b) of this subsection.

(a) At the end of each calendar quarter, the commissioner shall bill each nonprofit organization or group of such organizations which has elected to make payments in lieu of contributions for an amount equal to the full amount of regular and additional benefits plus one-half of the amount of extended benefits paid during such quarter that is attributable to service in the employ of such organization.

(b)(i) Each nonprofit organization that has elected payments in lieu of contributions may request permission to make such payments as provided in this paragraph. Such method of payment shall become effective upon approval by the commissioner.

(ii) At the end of each calendar quarter, or at the end of such other period as determined by the commissioner, the commissioner shall bill each nonprofit organization for an amount representing one of the following:

(A) The percentage of its total payroll for the immediately preceding calendar year as the commissioner shall determine. Such determination shall be based each year on the average benefit costs attributable to service in the employ of nonprofit organizations during the preceding calendar year.

(B) For any organization which did not pay wages throughout the four calendar quarters of the preceding
calendar year, such percentage of its payroll during such year as the commissioner shall determine.

(iii) At the end of each taxable year, the commissioner may modify the quarterly percentage of payroll thereafter payable by the nonprofit organization in order to minimize excess or insufficient payments.

(iv) At the end of each taxable year, the commissioner shall determine whether the total of payments for such year made by a nonprofit organization is less than, or in excess of, the total amount of regular and additional benefits plus one-half of the amount of extended benefits paid to individuals during such taxable year based on wages attributable to service in the employ of such organization. Each nonprofit organization whose total payments for such year are less than the amount so determined shall be liable for payment of the unpaid balance to the fund in accordance with paragraph (c). If the total payments exceed the amount so determined for the taxable year, all of the excess payments will be retained in the fund as part of the payments which may be required for the next taxable year, or a part of the excess may, at the discretion of the commissioner, be refunded from the fund or retained in the fund as part of the payments which may be required for the next taxable year.

(c) Payment of any bill rendered under paragraph (a) or (b) shall be made not later than thirty days after such bill was mailed to the last known address of the nonprofit organization or was otherwise delivered to it, and if not paid within such thirty days, the reimbursement payments itemized in the bill shall be deemed to be delinquent and the whole or part thereof remaining unpaid shall bear interest from and after the end of such thirty days at the rate and in the manner set forth in RCW 50.24.040.

(d) Payments made by any nonprofit organization under the provisions of this section shall not be deducted or deductible, in whole or in part, from the remuneration of individuals in the employ of the organization. Any deduction in violation of the provisions of this paragraph shall be unlawful.

(3) Each employer that is liable for payments in lieu of contributions shall pay to the commissioner for the fund the total amount of regular and additional benefits plus the amount of one-half of extended benefits paid that are attributable to service in the employ of such employer. If benefits paid to an individual are based on wages paid by more than one employer and one or more of such employers are liable for payments in lieu of contributions, the amount payable to the fund by each employer that is liable for such payments shall be determined in accordance with the provisions of paragraphs (a) through (d) of this subsection.

(a) If benefits paid to an individual are based on wages paid by one or more employers that are liable for payments in lieu of contributions and on wages paid by one or more employers who are liable for contributions, the amount of benefits payable by each employer that is liable for payments in lieu of contributions shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by such employer bear to the total base-period wages paid to the individual by all of his base-period employers.

(b) If benefits paid to an individual are based on wages paid by two or more employers that are liable for payments in lieu of contributions, the amount of benefits payable by each such employer shall be an amount which bears the same ratio to the total benefits paid to the individual as the total base-period wages paid to the individual by such employer bear to the total base-period wages paid to the individual by all of his base-period employers. [1977 ex.s. c 292 § 19; 1971 c 3 § 23.]

Effective dates—1977 ex.s. c 292: See notes following RCW 50.04.116.

50.44.070 Surety bond or deposit of money or securities when election to make payments in lieu of contributions. In the discretion of the commissioner, any nonprofit organization that elects to become liable for payments in lieu of contributions shall be required within thirty days after the effective date of its election, to execute and file with the commissioner a surety bond approved by the commissioner or it may elect instead to deposit with the commissioner money or securities. The amount of such bond or deposit shall be determined in accordance with the provisions of this section.

(1) The amount of the bond or deposit required by this subsection shall be an amount deemed by the commissioner to be sufficient to cover any reimbursement payments which may be required from the employer attributable to employment during any year for which the election is in effect but in no event shall such amount be in excess of the amount which said employer would pay for such year if he were subject to the contribution provisions of this title. The determination made pursuant to this subsection shall be based on payroll information, employment experience, and such other factors as the commissioner deems pertinent.

(2) Any bond deposited under this section shall be in force for a period of not less than two taxable years and shall be renewed with the approval of the commissioner, at such times as the commissioner may prescribe, but not less frequently than at two-year intervals as long as the organization continues to be liable for payments in lieu of contributions. The commissioner shall require adjustments to be made in a previously filed bond as he deems appropriate. If the bond is to be increased, the adjusted bond shall be filed by the organization within thirty days of the date notice of the required adjustment was mailed or otherwise delivered to it. Failure by any organization covered by such bond to pay the full amount of payments in lieu of contributions when due, together with any applicable interest and penalties provided for in this title, shall render the surety liable on said bond to the extent of the bond, as though the surety was such organization.

(3) Any deposit of money or securities in accordance with this section shall be retained by the commissioner in an escrow account until liability under the election is terminated, at which time it shall be returned to the organization, less any deductions as hereinafter provided. The commissioner may deduct from the money deposited under this section by a nonprofit organization or sell the

Construction—Mandatory coverage of employees of political subdivision provisions of 1977 ex.s. c 292. (1) The provisions of *this act* mandating coverage of employees of political subdivisions have been enacted to comply with the provisions of Public Law 94–566. Therefore, as provided in subsection (2), this mandatory feature shall be contingent on the existence of valid and constitutional federal law requiring the Secretary of Labor to refuse to certify as approved the employment security laws of this state if such laws did not continue such mandatory coverage.

(2) In the event the mandatory coverage feature for political subdivisions ceases to be necessary for compliance with valid and constitutional federal law, then the mandatory feature of *this 1977 act* shall cease to be effective as of the end of the next quarter following the quarter in which the mandatory feature contained in *this 1977 act* is not necessary for such compliance.

(3) In the event mandatory coverage ceases to be effective pursuant to subsection (2), then the sections, or subsections as the case may be, of *this 1977 amendatory act* shall to the extent that they apply to coverage of employees of political subdivisions be deemed nullified and the language of the sections being amended shall be deemed reinstated as the laws of this state.

(4) Benefits paid based on the services covered during the effective life of the mandatory coverage feature shall be financed as follows:

(a) If the political subdivision was financing payment of benefits on a reimbursable basis, benefits attributable to employment with the political subdivision shall be assessed to and paid by the political subdivision;

(b) If the political subdivision is a county, city, or town which elected financing pursuant to RCW 50.44.035, such political subdivision will pay "the local government tax" for all earnings by employees through the end of the calendar quarter in which the mandatory coverage is no longer effective pursuant to subsection (2);

(c) If the political subdivision was financing benefits by the contribution method it will pay contributions on wages earned by its employees through the end of the calendar quarter in which mandatory coverage is no longer effective pursuant to subsection (2).

50.48.010 Legislative finding and declaration. The legislature finds and declares that:

(1) A high percentage of the young men and women of the state are left idle by unemployment and denied the opportunities for career exploration and development that should accompany entry into the labor force.

(2) The talent and energy of Washington's young people are a significant resource for the enhancement of human and community services and the conservation and development of natural resources in our state of Washington.

(3) Existing programs do not adequately meet the needs of such young people for meaningful work and self-development.

(4) The program for youth service of the department of employment security offers an alternative to unemployment to its young people which challenges their abilities and commitment while extending the services of local governmental and private agencies and organizations in meeting social and environmental needs.

Now, therefore, the legislature finds it necessary and in the public interest to hereby establish the program for youth service as a permanent activity of the department of employment security and to hereby provide for its operation through this youth service corps act of 1977. [1977 ex.s. c 83 § 1.]

Sunset Act application: See note following chapter digest.

50.48.020 Youth service corps created—Personnel—Program. (1) There is hereby created and established the youth service corps within the employment security department which shall include the program for youth service. The commissioner shall assign thereto such supervisory and clerical personnel as may be necessary to carry out the purposes of this chapter.

(2) The commissioner of the employment security department is hereby authorized to establish the program for youth service in which the services of full time enrollees from fourteen to twenty-four years of age, inclusive, will be mobilized to serve the needs of citizens and to resolve environmental problems through contracts with state and local governmental units and private nonprofit agencies. Such contracts shall include a component of regular performance evaluation leading to a work experience credential for the enrollee. [1977 ex.s. c 83 § 2.]

Sunset Act application: See note following chapter digest.

50.48.030 Qualifications of enrollees. The commissioner is authorized to select and enroll in the program for youth service, any person who is over fourteen years of age or who has not yet reached his or her twenty-fifth birthday, who is a resident of the state of Washington, and who is not for medical, legal, or psychological reasons incapable of a full year of service. The commissioner may prescribe such additional standards and procedures for selection of enrollees as may be necessary and in conformance with the provisions of this chapter. [1977 ex.s. c 83 § 3.]

Sunset Act application: See note following chapter digest.

50.48.040 Placements—Subsistence allowances—Medical insurance. Placements in the program for youth service shall include those assignments which provide for dealing with social and environmental problems, and conservation and development of our natural resources.

The commissioner is authorized to establish standards for the development of placements for program for youth service enrollees with state and local units of government and private nonprofit agencies and organizations, and to assign enrollees to such placements in accordance with those standards.

A subsistence living allowance and comprehensive medical insurance shall be paid by the commissioner in accordance with the standards and limitations of the funding appropriation. [1977 ex.s. c 83 § 4.]

Sunset Act application: See note following chapter digest.

50.48.050 "Program for youth service enrollee" defined—Agreements with public or private agencies and enrollees—Discrimination. A "program for youth service enrollee" is defined as a person who has completed enrollment forms and entered into a program for youth service contract as approved by the director of the program for youth service and who has entered service and is receiving a subsistence living allowance from the employment security department. Prior to placement of the program for youth service enrollee, the commissioner shall secure a written agreement from the state or local government unit, or private nonprofit agency and the enrollee which specifies in detail the purpose, objectives, and activities to be performed by the enrollee. It shall include assurances that the conditions of this chapter are met as well as an agreement that neither party will retain nor receive compensation of any form other than the minimal living allowance, listed benefits, and actual expenses incurred by the enrollee in line with his or her...
assignment. All parties shall agree that they will not 
discriminate in the providing of any of its services on the 
basis of race, creed, ethnic origin, sex, age, or political 
affiliation. [1977 ex.s. c 83 § 5.]

Sunset Act application: See note following chapter digest.

### 50.48.060 Contracts with employers—Reimbursement—Report to legislature

If the employment security department finds that there is an opportunity for the placement of youth in a training program that will, in the opinion of the director, assist in the development of skills and talents as set forth in RCW 50.48.010, then the director is hereby authorized to enter into any contract with any employer in the state that offers such training program or opportunities. Contracts entered into with employers other than local governmental and private nonprofit agencies shall not be exempted from the minimum wage laws of this state, but the director shall be empowered to reimburse the employer an amount not to exceed the amount that would have been paid under RCW 50.48.050. The director shall only be authorized to make said payments for a maximum period of one year.

The director shall report back to the legislature by January 15, 1978, the number of contracts entered into and the number of youth employed under this section and under RCW 50.48.050. [1977 ex.s. c 83 § 6.]

[1977 ex.s. c 83 § 7.]

Sunset Act application: See note following chapter digest.

### 50.48.080 Currently employed workers not affected

The assignment of program for youth service enrollees shall not result in the displacement of currently employed workers, including partial displacement such as a reduction in hours of nonovertime work, wages, or other employment benefits.

State and local governments and private nonprofit agencies that participate in the program may not terminate, lay off, or reduce the working hours of any employee for the purpose of utilizing an enrollee with funds available under this chapter. [1977 ex.s. c 83 § 8.]

Sunset Act application: See note following chapter digest.

### 50.48.090 Minimum wage act not applicable

The provisions of chapter 49.46 RCW, the state Minimum Wage Act, shall not apply to any program for youth service enrollee serving under a youth service contract approved pursuant to the provisions of this chapter. [1977 ex.s. c 83 § 9.]

Sunset Act application: See note following chapter digest.

### 50.48.100 Federal funds, grants and programs

In addition to any other power, duty, or function prescribed by law or regulation, the employment security department, through the youth service corps, shall be authorized to accept federal funds and grants and implement federal programs relating to youth services or employment programs, and is further authorized to enter into agreements respecting such funds or grants.

If any part of this chapter shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this chapter is hereby declared to be inoperative solely to the extent of such conflict, and such finding or determination shall not affect the operation of the remainder of this chapter; the rules and regulations under this chapter shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. (2) For the purposes of this section, the term "previously uncovered services" means services performed before January 1, 1978, which are not employment as defined in Title 50 RCW at any time during the one year period ending December 31, 1975, and which:

Public assistance recipient receiving industrial insurance compensation, recovery by department: RCW 74.04.530-74.04.580.

51.04.010 Declaration of police power—Jurisdiction of courts abolished. The common law system governing the remedy of workers against employers for injuries received in employment is inconsistent with modern industrial conditions. In practice it proves to be economically unwise and unfair. Its administration has produced the result that little of the cost of the employer has reached the worker and that little only at large expense to the public. The remedy of the worker has been uncertain, slow and inadequate. Injuries in such works, formerly occasional, have become frequent and inevitable. The welfare of the state depends upon its industries, and even more upon the welfare of its wage worker. The state of Washington, therefore, exercising herein its police and sovereign power, declares that all phases of the premises are withdrawn from private controversy, and sure and certain relief for workers, injured in their work, and their families and dependents is hereby provided regardless of questions of fault and to the exclusion of every other remedy, proceeding or compensation, except as otherwise provided in this title; and to that end all civil actions and civil causes of action for such personal injuries and all jurisdiction of the courts of the state over such causes are hereby abolished, except as in this title provided. [1977 c 350 § 1; 1972 c 43 § 1; 1961 c 23 § 51.04.010. Prior: 1911 c 74 § 1; RRS § 7673.]

51.04.020 Departmental functions, generally. The director shall:
(1) Establish and promulgate rules governing the administration of this title;
(2) Ascertain and establish the amounts to be paid into and out of the accident fund;
(3) Regulate the proof of accident and extent thereof, the proof of death and the proof of relationship and the extent of dependency;

[Title 51 RCW (1979 Ed.)—p 1]
Departmental medical aid function—Duties of director or self-insurer to keep records, pay medical bills (as amended by 1977 ex.s.s. c 350). The director shall, through the division of industrial insurance, supervise the providing of prompt and efficient care and treatment to workers injured in the course of their employment at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and promulgate a fee limit for the care and treatment of injured workers. No service covered under this title shall be charged or paid at a rate or rates exceeding those specified in such fee, and no contract providing for greater fees shall be valid as to the excess.

Employees not regularly and continuously employed in agricultural labor by any one employer but who are employed in agricultural labor on a seasonal basis shall come under the coverage of this title only when their cash remuneration paid or due in that calendar year exceeds one hundred fifty dollars but only as of the occurrence of that event and only as to their work for that employer.

Volunteers may be deemed employees and/or workers, as the case may be, for all purposes relating to medical aid benefits under chapter 51.36 RCW at the option of any city, county, town, special district, municipal corporation, or political subdivision of any type, or any private nonprofit charitable organization, when any such unit of local government or any such nonprofit organization has given notice of covering all of its volunteers to the director prior to the occurrence of the injury or contraction of an occupational disease.

A "volunteer" shall mean a person who performs any assigned or authorized duties for any such unit of local government, or any such organization, except emergency services workers as described by chapter 38.52 RCW, or fire fighters covered by chapter 41.24 RCW, brought about by one's own free choice, receives no wages, and is registered and accepted as a volunteer by any such unit of local government, or any such organization which has given such notice, for the purpose of engaging in authorized volunteer services: Provided, That such person shall be deemed to be a volunteer although he or she may be granted maintenance and reimbursement for actual expenses necessarily incurred in performing his or her assigned or authorized duties.

Any and all premiums or assessments due under this title on account of such volunteer service for any such unit of local government, or any such organization shall be the obligation of and be paid by such organization which has registered and accepted the services of volunteers and exercised its option to secure the medical aid benefits under chapter 51.36 RCW for such volunteers.

Any and all premiums or assessments due under this title on account of such volunteer service for any such unit of local government, or any such organization shall be the obligation of and be paid by such organization which has registered and accepted the services of volunteers and exercised its option to secure the medical aid benefits under chapter 51.36 RCW for such volunteers.

Any and all premiums or assessments due under this title on account of such volunteer service shall be the obligation of and be paid by the state or any agency thereof which has registered and accepted the services of volunteers.

Whenever and so long as, by state law, city charter, or municipal ordinance, provision is made for employees or peace officers injured in the course of employment, such
employees shall not be entitled to the benefits of this title and shall not be included in the payroll of the municipality under this title: Provided, That whenever any state law, city charter, or municipal ordinance only provides for payment to the employee of the difference between his or her actual wages and that received under this title such employees shall be entitled to the benefits of this title and may be included in the payroll of the municipality. [1977 ex.s. c 350 § 19; 1961 c 23 § 51.12.060. Prior: 1937 c 147 § 1; RRS § 7676-2.]

The contractor and any subcontractor shall be subject to the provisions of this title and the person, firm, or corporation letting the contract shall be entitled to collect from the contractor the full amount payable in premiums and the contractor in turn shall be entitled to collect from the subcontractor his proportionate amount of the payment.

It shall be unlawful for any county, city or town to issue a construction building permit to any person who has not submitted to the department an estimate of payroll and paid premium thereon as provided by chapter 51.16 RCW of this title or proof that such person has qualified as a self-insurer. 51.12.080 Interstate, foreign and intrastate railway employees. Inasmuch as it has proved impossible in the case of employees of common carriers by railroad, engaged in maintenance and operation of railways doing interstate, foreign and intrastate commerce, and in maintenance and construction of their equipment, to separate and distinguish the connection of such employees with interstate or foreign commerce from their connection with intrastate commerce, and such employees have, in fact, received no compensation under this title, the provisions of this title shall not apply to work performed by such employees in the maintenance and operation of such railroads or performed in the maintenance or construction of their equipment, or to the employees of such common carriers by railroad engaged therein, but nothing herein shall be construed as excluding from the operation of this title railroad construction work, or the employees engaged thereon: Provided, That common carriers by railroad engaged in such interstate or foreign commerce and in intrastate commerce shall, in all cases where liability does not exist under the laws of the United States, be liable in damages to any person suffering injury while employed by such carrier, or in case of the death of such employee, to the surviving spouse and child, or children, and if no surviving spouse or child or children, then to the parents, minor sisters, or minor brothers, residents of the United States at the time of such death, and who were dependent upon such deceased for support, to the same extent and subject to the same limitations as the liability now existing, or hereafter created, by the laws of the United States governing recoveries by railroad employees injured while engaged in interstate commerce: Provided further, That if any interstate common carrier by railroad shall also be engaged in one or more intrastate enterprises or industries (including street railways and power plants) other than its railroad, the foregoing provisions of this section shall not exclude from the operation of the other sections of this title or bring under the foregoing proviso of this section any work of such other enterprise or industry, the payroll of which may be clearly separable and distinguishable from the payroll of the maintenance or operation of such railroad, or of the maintenance or construction of its equipment: Provided further, That nothing in this section shall be construed as relieving an independent contractor engaged through or by his employees in performing work for a common carrier by railroad, from the duty of complying with the terms of this title, nor as depriving any employee of such independent contractor of the benefits of this title. [1973 1st ex.s. c 154 § 92; 1972 ex.s. c 43 § 9; 1961 c 23 § 51.12-.080. Prior: 1925 ex.s. c 84 § 1; 1919 c 67 § 1; 1917 c 29 § 19; 1911 c 74 § 18; RRS § 7693.]

51.12.090 Intrastate and interstate commerce. The provisions of this title shall apply to employers and workers (other than railroads and their workers) engaged in intrastate and also in interstate or foreign commerce, for whom a rule of liability or method of compensation now exists under or may hereafter be established by the congress of the United States, only to the extent that the

[Title 51 RCW (1979 Ed.): p 9]
payroll of such workers may and shall be clearly separable and distinguishable from the payroll of workers engaged in interstate or foreign commerce: Provided, That as to workers whose payroll is not so clearly separable and distinguishable the employer shall in all cases be liable in damages for injuries to the same extent and under the same circumstances as is specified in the case of railroads in the first proviso of RCW 51.12.080: Provided further, That nothing in this title shall be construed to exclude goods or materials and/or workers brought into this state for the purpose of engaging in work. [1977 ex.s. c 350 § 20; 1972 ex.s. c 43 § 10; 1961 c 23 § 51.12.090. Prior: 1959 c 308 § 10; 1919 c 67 § 3; RRS § 7695.]

51.12.100 Maritime occupations—Segregation of payrolls—Common enterprise. The provisions of this title shall not apply to a master or member of a crew of any vessel, or to employers and workers for whom a right or obligation exists under the maritime laws for personal injuries or death of such workers.

If an accurate segregation of payrolls of workers for whom such a right or obligation exists under the maritime laws cannot be made by the employer, the director is hereby authorized and directed to fix from time to time a basis for the approximate segregation of the payrolls of employees to cover the part of their work for which no right or obligation exists under the maritime laws for injuries or death occurring in such work, and the employer, if not a self-insurer, shall pay premiums on that basis for the time such workers are engaged in their work.

Where two or more employers are simultaneously engaged in a common enterprise at one and the same site or place in maritime occupations under circumstances in which no right or obligation exists under the maritime laws for personal injuries or death of such workers, such site or place shall be deemed for the purposes of this title to be the common plant of such employers.

In the event payments are made under this title prior to the final determination under the maritime laws, such benefits shall be repaid if recovery is subsequently made under the maritime laws. Any employer who has elected to become subject to this title may withdraw his or her acceptance of liability under this title by filing written notice with the director of the withdrawal of his or her acceptance. Such withdrawal shall become effective thirty days after the filing of such notice or on the date of the termination of the security for payment of compensation, whichever last occurs. The employer shall, at least thirty days before the effective date of the withdrawal, post reasonable notice of such withdrawal where the affected worker or workers work and shall otherwise notify personally the affected workers. Withdrawal of acceptance of this title shall not affect the liability of the department or self-insurer for compensation for any injury occurring during the period of acceptance. (d) He or she is working under a contract of hire made in this state for employment outside the United States and Canada.

(2) The payment or award of compensation under the workers' compensation law of another state, territory, province, or foreign nation to a worker or his or her beneficiaries otherwise entitled on account of such injury to compensation under this title shall not be a bar to a claim for compensation under this title: Provided, That if at the time of such injury:

(a) His or her employment is principally localized in this state, or

In such event:

(a) The filing of such certificate shall constitute appointment by the employer or his or her insurance carrier of the director as its agent for acceptance of the service of process in any proceeding brought by any claimant to enforce rights under this title;

(b) The director shall send to such employer or his or her insurance carrier, by registered or certified mail to the address shown on such certificate, a true copy of any notice of claim or other process served on the director by the claimant in any proceeding brought to enforce rights under this title;

(b) "Workers' compensation law" includes "occupational disease law" for the purposes of this section.

(5) A worker whose duties require him or her to travel regularly in the service of his or her employer in this and one or more other states may agree in writing with his or her employer that his or her employment is principally localized in this or another state, and, unless such other state refuses jurisdiction, such agreement shall govern as to any injury occurring after the effective date of the agreement.

(6) The director shall be authorized to enter into agreements with the appropriate agencies of other states and provinces of Canada which administer their workers' compensation law with respect to conflicts of jurisdiction and the assumption of jurisdiction in cases where the contract of employment arises in one state or province and the injury occurs in another, and when any such agreement has been executed and promulgated as a regulation of the department under chapter 34.04 RCW, it shall bind all employers and workers subject to this title and the jurisdiction of this title shall be governed by this regulation. [1977 ex.s. c 350 § 23; 1972 ex.s. c 43 § 12; 1971 ex.s. c 289 § 82.]

(2) The assumed wage rate for all apprentices or trainees during the hours they are participating in supplemental and related instruction classes, shall be three dollars per hour. This amount shall be used for purposes of computations of premiums, and for purposes of computations of disability compensation payments.

(3) Only those apprentices or trainees who are registered with the state apprenticeship council prior to their injury or death and who incur such injury or death while participating in supplemental and related instruction classes shall be entitled to benefits under the provisions of Title 51 RCW.

(4) The filing of claims for benefits under the authority of this section shall be the exclusive remedy of apprentices or trainees and their beneficiaries for injuries or death compensable under the provisions of Title 51 RCW against the state, its political subdivisions, the school district, community college, or vocational school and their members, officers or employees or any employer regardless of negligence.

(5) This section shall not apply to any apprentice or trainee who has earned wages for the time spent in participating in supplemental and related instruction classes. [1973 c 110 § 1.]

(2) Any municipal corporation maintaining and operating a law enforcement department may elect to provide coverage under this title for all of its volunteer law enforcement officers for death or disability occurring in the performance of their duties as volunteer law enforcement officers. Any municipal corporation electing to provide the coverage shall file a written notice of coverage with the director.

(3) Coverage under this section shall be for all the applicable death, disability, and medical aid benefits of this title and shall be effective only for injuries which occur and occupational diseases which are contracted after the notice of coverage has been filed with the director.

Nothing in this subsection shall be construed to prohibit a municipal corporation from covering its volunteer law enforcement officers and other volunteers under RCW 51.12.035(2), as now or hereafter amended, for medical aid benefits only.

(4) Volunteer law enforcement officers for whom municipal corporations have given notice of coverage under this section shall be deemed workers or employees, as the case may be, and the performance of their duties shall be deemed employment or in the course of employment, as the case may be, for all purposes of this title except where expressly excluded or where the context clearly requires otherwise.

The withdrawal shall become effective thirty days after filing the notice or on the date of the termination of the security for payment of compensation, whichever occurs later. At least thirty days before the effective date of the withdrawal, the municipal corporation shall notify each of its volunteer law enforcement officers of the withdrawal. Withdrawal of coverage under this section shall not affect the liability of the department or self-insurer for compensation for any injury occurring during the period in which coverage was provided. [1977 ex.s. c 113 § 1.]

Severability—1977 ex.s. c 113: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or

51.14.020 Qualification as self-insurer—Application for certification—Security deposit—Reinsurance. (1) An employer may qualify as a self-insurer by establishing to the director's satisfaction that he or she has sufficient financial ability to make certain the prompt payment of all compensation under this title and all assessments which may become due from such employer. Each application for certification as a self-insurer submitted by an employer shall be accompanied by payment of a fee of one hundred fifty dollars or such larger sum as the director shall find necessary for the administrative costs of evaluation of the applicant's qualifications. Any employer who has formerly been certified as a self-insurer and thereafter ceases to be so certified may not apply for certification within three years of ceasing to have been so certified.

(2) A self-insurer may be required by the director to supplement existing financial ability by depositing in an escrow account in a depository designated by the director, money and/or corporate or governmental securities approved by the director, or a surety bond written by any company admitted to transact surety business in this state filed with the department. The money, securities, or bond shall be in an amount reasonably sufficient in the director's discretion to insure payment of reasonably foreseeable compensation and assessments but not less than the employer's normal expected annual claim liabilities and in no event less than one hundred thousand dollars. In arriving at the amount of money, securities, or bond required under this subsection, the director shall take into consideration the financial ability of the employer to pay compensation and assessments and his or her probable continuity of operation. The money, securities, or bond so deposited shall be held by the director to secure the payment of compensation by the self-insurer and to secure payment of his or her assessments. The amount of security may be increased or decreased from time to time by the director. The income from any securities deposited may be distributed currently to the self-insurer.

(3) Securities or money deposited by an employer pursuant to subsection (2) of this section shall be returned to him or her upon his or her written request provided the employer files the bond required by such subsection.

(4) If the employer seeking to qualify as a self-insurer has previously insured with the state fund, the director shall require the employer to make up his or her proper share of any deficit or insufficiency in the state fund as a condition to certification as a self-insurer.

(5) A self-insurer may reinsure a portion of his or her liability under this title with any reinsurer authorized to transact such reinsurance in this state: Provided, That the reinsurer may not participate in the administration of the responsibilities of the self-insurer under this title. Such reinsurance may not exceed eighty percent of the liabilities under this title. [1977 ex.s. c 323 § 9; 1972 ex.s. c 43 § 16; 1971 ex.s. c 289 § 27.]

[Title 51 RCW (1979 Ed.)—p 13]
(e) The name and location of each business location of the employer; and

(f) The qualifications of the personnel of the employer to perform this service.

Such certification shall remain in effect until withdrawn by the director or surrendered by the employer with the approval of the director. An employer's qualification as a self-insurer shall become effective on the date of certification or any date specified in the certificate after the date of certification. [1977 ex.s. c 323 § 10; 1971 ex.s. c 289 § 28.]

51.14.040 Surety liability—Termination. (1) The surety on a bond filed by a self-insurer pursuant to this title may terminate its liability thereon by giving the director written notice stating when, not less than thirty days thereafter, such termination shall be effective.

(2) In case of such termination, the surety shall remain liable, in accordance with the terms of the bond, with respect to future compensation for injuries to employees of the self-insurer occurring prior to the termination of the surety's liability.

(3) If the bond is terminated for any reason other than the employer's terminating his status as a self-insurer, the employer shall, prior to the date of termination of the surety's liability, otherwise comply with the requirements of this title.

(4) The liability of a surety on any bond filed pursuant to this section shall be released and extinguished and the bond returned to the employer or surety provided either such liability is secured by another bond filed, or money or securities deposited as required by this title. (2) An employer who ceases to be a self-insurer, and who so files with the director, must maintain money, securities or surety bonds deemed sufficient in the director's discretion to cover the entire liability of such employer for injuries or occupational diseases to his employees which occurred during the period of self-insurance: Provided, That the director may agree for the medical aid and accident funds to assume the obligation of such claims, in whole or in part, and shall adjust the employer's premium rate to provide for the payment of such obligations on behalf of the employer. [1971 ex.s. c 289 § 30.]

51.14.060 Default by self-insurer—Director authorized to sue, sell securities, fulfill employer obligations—Subrogation rights. (2) The director shall be authorized to fulfill the defaulting self-insurer's obligations under this title, paying the necessary premium from the defaulting employer's deposit or from other funds provided under this title for the satisfaction of claims against the defaulting employer, and having subrogation rights against the defaulting employer to the extent of any funds, other than the employer's deposit, expended for the payment of premiums or compensation in performance of the defaulting employer's obligations. (2) Such defaulting self-insurer or surety, if any, shall be liable for payment into the appropriate fund of the amounts paid therefrom by the director, and for the purpose of enforcing this liability the director, for the benefit of the appropriate fund, shall be subrogated to all of the rights of the person receiving such compensation. [1971 ex.s. c 289 § 36.]

51.14.080 Withdrawal of certification—Grounds. Certification of a self-insurer shall be withdrawn by the director upon one or more of the following grounds:

(1) The employer no longer meets the requirements of a self-insurer; or

(2) The self-insurer's deposit is insufficient; or

(3) The self-insurer intentionally or repeatedly induces employees to fail to report injuries, induces claimants to treat injuries in the course of employment as off-the-job injuries, persuades claimants to accept less than the compensation due, or unreasonably makes it necessary for claimants to resort to proceedings against the employer to obtain compensation; or

(4) The self-insurer habitually fails to comply with rules and regulations of the director regarding reports or other requirements necessary to carry out the purposes of this title; or

(5) The self-insurer habitually engages in a practice of arbitrarily or unreasonably refusing employment to applicants for employment or discharging employees because of nondisabling bodily conditions. [1971 ex.s. c 289 § 32.]

51.14.090 Petition by employees for hearing to withdraw certification—Grounds—Notice—Opportunity to cure—Appeal. (1) Upon the petition of any employee, union or association having a substantial

If the decision is to withdraw certification, it shall include the period of time within which the ground or grounds therefor existed or arose; a directive to the self-insurer specifying the manner in which the grounds may be eliminated; and the date, not less than thirty days after the self-insurer's receipt of the notice, when the certification will be withdrawn in the absence of a satisfactory elimination of the grounds for withdrawal of the certificate.

(2) An appeal of such notice of intention to withdraw, or not to withdraw, certification of a self-insurer may be taken by the self-insurer, or by any employee, or union, or association having a substantial number of employees in the employ of said self-insurer. Proceedings on such appeal shall be as prescribed in this title. Appeal by a self-insurer of notice of intention to withdraw certification shall not act as a stay of the withdrawal, unless the board, or court, for good cause shown, orders otherwise. The department shall classify all occupations or industries in accordance with their degree of hazard and fix therefor basic rates of premium which shall be the lowest necessary to maintain actuarial solvency of the accident and medical aid funds in accordance with recognized insurance principles. The department shall formulate and adopt rules and regulations governing the method of premium calculation and collection and providing for a rating system consistent with recognized principles of workers' compensation insurance which shall be designed to stimulate and encourage accident prevention and to facilitate collection. The department may annually, or at such other times as it deems necessary to maintain solvency of the funds, readjust rates in accordance with the rating system to become effective on such dates as the department may designate. 1977 ex.s. c 350). Whenever a worker has sustained a previous bodily
injury or disability from any previous injury or disease and shall
suffer a further injury or disease in employment covered by this title
and become totally and permanently disabled from the combined ef­fects thereof, then the experience record of the employer at the time of

The amount of such payments shall be five percent of the wages of the deceased worker for each such child but such payments shall not exceed twenty-five percent. Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: Provided, That the monthly payment made to the child or children of the deceased worker shall from the month following such remarriage be a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. (ii) If a surviving spouse does not choose the option specified in subsection (2)(i) of this section, to accept the lump sum payment, the remarriage of the surviving spouse of a worker shall not bar him or her from exercising the option granted in subsection (2)(i) of this section during the life of the remarriage and shall not prevent subsequent monthly payments to him or to her if the remarriage has been terminated by death or has been dissolved or annulled by valid court decree provided he or she has not previously accepted the lump sum payment provided in this section: Provided, however, That if the surviving spouse during the remarriage should die without having previously received the lump sum payment provided herein his or her estate shall be entitled to receive the sum of seventy-five hundred dollars or fifty percent of the then remaining annuity value.

The effective date of an award of payments to a surviving spouse based upon termination of a remarriage by death, annulment, or dissolution shall be the date of the death, or the date the judicial decree of annulment or dissolution becomes final and when application for the payments has been received.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: Provided, That benefits under this subsection or subsection (4) shall not exceed sixty-five percent of the wages of the deceased worker at the time of his or her death or seventy-five percent of the average monthly wage in the state as defined in RCW 51.08.018, whichever is the lesser of the two sums.

(4) In the event a surviving spouse receiving monthly payments dies, the child or children of the deceased worker shall receive the same payment as provided in subsection (3) of this section.

(5) If the worker leaves no surviving spouse or child, but leaves a dependent or dependents, a monthly payment shall be made to each dependent equal to fifty percent of the average monthly support actually received by such dependent from the worker during the twelve months next preceding the occurrence of the injury, but the total payment to all dependents in any case shall not exceed sixty-five percent of the wages of the deceased worker at the time of the death or seventy-five percent of the average monthly wage in the state as defined in RCW 51.08.018, whichever is the lesser of the two sums.

(6) If the injured worker dies during the period of permanent total disability, whatever the cause of death, leaving a surviving spouse, or child, or children, the surviving spouse or child or children shall receive benefits as if death resulted from the injury as provided in subsections (2) through (4) of this section. Upon remarriage or death of such surviving spouse the payments to such child or children shall be made as provided in subsection (2) of this section when the surviving spouse of a deceased worker remarries. Legislative intent—1975 1st ex.s. c 179: "The legislative intent of chapter 179, Laws of 1975 1st ex. sess. Accordingly *this 1976 amendatory act is required to clarify that intent." [1975-76 2nd ex.s. c 45 § 1.]

Reviser's note: *this 1976 amendatory act* [1975-76 2nd ex.s. c 45] consists of the legislative intent section noted above and the amendment of RCW 51.32.050 by 1975-76 2nd ex.s. c 45 § 2.

All medical reports and other pertinent information in the possession of or under the control of the employer or self-insurer shall be forwarded to the director with such requests.

(3) A request for determination of permanent disability shall be examined by the department and an order shall issue in accordance with RCW 51.52.050.

(4) The department may require that the worker present himself or herself for a special medical examination by a physician, or physicians, selected by the department, and the department may require that the worker present himself or herself for a personal interview. In such event the costs of such examination or interview, including payment of any reasonable travel expenses, shall be paid by the department or self-insurer as the case may be.

(5) The director may establish a medical bureau within the department to perform medical examinations under this section. Physicians hired or retained for this purpose shall be grounded in industrial medicine and in the assessment of industrial physical impairment. Self-insurers shall bear a proportionate share of the cost of such medical bureau in a manner to be determined by the department.

(6) Where dispute arises from the handling of any claims prior to the condition of the injured worker becoming fixed, the worker, employer, or self-insurer may request the department to resolve the dispute or the director may initiate an inquiry on his or her own motion.
In such cases the department shall proceed as provided in this section and an order shall issue in accordance with RCW 51.52.050. [1977 ex.s. c 350 § 43; 1971 ex.s. c 289 § 46.]

(15) Should any further accident result in the permanent total disability of an injured worker, he or she shall receive the pension to which he or she would be entitled, notwithstanding the payment of a lump sum for his or her prior injury.

(16) In no event shall the monthly payments provided in this section exceed seventy-five percent of the average monthly wage in the state as computed under the provisions of RCW 51.08.018, except that this limitation shall not apply to the payments provided for in subsection (14) of this section. (1) On July 1, 1979, there shall be an adjustment for those whose right to compensation was established on or after July 1, 1971, and before July 1, 1979. (2) In addition to the adjustment established by subsection (1) of this section, there shall be another adjustment on July 1, 1980, for those whose right to compensation was established on or after July 1, 1971, and before July 1, 1980, which shall be determined by multiplying the amount of compensation to which they are entitled by a fraction, the denominator of which shall be the maximum amount of compensation payable for the fiscal year in which such person's right to compensation was established, and the numerator of which shall be the maximum amount of compensation payable on July 1, 1979.

**MISCELLANEOUS**

- Loss of one eye by enucleation: $14,400.00
- Loss of central visual acuity in one eye: $12,000.00
- Complete loss of hearing in both ears: $28,800.00
- Complete loss of hearing in one ear: $4,800.00
- Complete loss of hearing in one ear: $2,592.00

(2) Compensation for amputation of a member or part thereof at a site other than those above specified, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation for any other permanent partial disability not involving amputation shall be in the proportion which the extent of such other disability, called unspecified disability, shall bear to that above specified, which most closely resembles and approximates in degree of disability such other disability, compensation for any other unspecified permanent partial disability shall be in an amount as measured and compared to total bodily impairment: Provided, That in order to reduce litigation and establish more certainty and uniformity in the rating of unspecified permanent partial disabilities, the department shall enact rules having the force of law classifying such disabilities in the proportion which the department shall determine such disabilities reasonably bear to total bodily impairment. In enacting such rules, the department shall give consideration to, but need not necessarily adopt, any nationally recognized medical standards or guides for determining various bodily impairments. For purposes of calculating monetary benefits, the amount payable for total bodily impairment shall be deemed to be sixty thousand dollars: Provided, That compensation for unspecified permanent partial disabilities involving injuries to the back that do not have marked objective clinical findings to substantiate the disability shall be determined at an amount equal to seventy–five percent of the monetary value of such disability as related to total bodily impairment: Provided further, That the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of sixty thousand dollars, except that the total compensation for all unspecified permanent partial disabilities involving injuries to the back that do not have marked objective clinical findings to substantiate the disability and resulting from the same injury shall not exceed the sum of forty–five thousand dollars: Provided further, That in case permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured worker if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured worker and his or her monthly compensation payments shall be reduced accordingly.

(3) Should a worker receive an injury to a member or part of his or her body already, from whatever cause,
permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such worker, his or her compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

(4) When the compensation provided for in subsections (1) and (2) exceeds three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured worker in full, except that the first monthly payment shall be in an amount equal to three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, and interest shall be paid at the rate of six percent on the unpaid balance of such compensation commencing with the second monthly payment: Provided, That upon application of the injured worker the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured worker to the department and shall rest in the discretion of the department depending upon the merits of each individual application: Provided further, That upon death of a worker all unpaid installments accrued, less interest, shall be paid in a lump sum amount sufficient in the judgment of his or her physician to permit him or her to return to his or her usual job, or to perform other available work, the worker's temporary total disability payments shall be resumed. Should the available work described, once undertaken by the worker, impede his or her recovery to the extent that in the judgment of his or her physician he or she should not continue to work, the worker's temporary total disability payments shall be resumed when the worker ceases such work.

Once the worker returns to work under the terms of this subsection, he or she shall not be assigned by the employer to work other than the available work described without the worker's written consent, or without prior review and approval by the worker's physician.

In the event of any dispute as to the worker's ability to perform the available work offered by the employer, the department shall make the final determination.

(5) No worker shall receive compensation for or during the day on which injury was received or the three days following the same, unless his or her disability shall continue for a period of fourteen consecutive calendar days from date of injury.

(6) Should a worker suffer a temporary total disability and should his or her employer at the time of the injury continue to pay him or her the wages which he or she was earning at the time of such injury, such injured worker shall not receive any payment provided in subsection (1) of this section during the period his or her employer shall pay such wages.

(7) In no event shall the monthly payments provided in this section exceed seventy-five percent of the average monthly wage in the state as computed under the provisions of RCW 51.08.018, 1977 ex.s. c 43 § 21; 1971 ex.s. c 289 § 10; 1965 ex.s. c 165 § 1; 1961 c 274 § 3; 1961 c 23 § 51.32.080. Prior: 1957 c 70 § 32; prior: 1951 c 115 § 4; 1949 c 219 § 1, part; 1947 c 246 § 1, part; 1929 c 132 § 2, part; 1927 c 310 § 4, part; 1923 c 136 § 2, part; 1919 c 131 § 4, part; 1917 c 28 § 1, part; 1913 c 148 § 1, part; 1911 c 74 § 5, part; Supp. 1949 § 7679, part.]

51.32.090 Temporary total disability—Partial restoration of earning power—Return to available work—When employer continues wages—Limitation.

(1) When the total disability is only temporary, the schedule of payments contained in subdivisions (1) through (13) of RCW 51.32.060 as amended shall apply, so long as the total disability continues.

(2) Any compensation payable under this section for children not in the custody of the injured worker as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3) As soon as recovery is so complete that the present earning power of the worker, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable unless the loss of earning power shall exceed five percent.

(4) Whenever an employer requests that a worker who is entitled to temporary total disability under this chapter be certified by a physician as able to perform available work other than his or her usual work, the employer shall furnish to the physician, with a copy to the worker, a statement describing the available work in terms that will enable the physician to relate the physical activities of the job to the worker's disability. The physician shall then determine whether the worker is physically able to perform the work described. If the worker is released by his or her physician for said work, and the work thereafter comes to an end before the worker's recovery is sufficient in the judgment of his or her physician to permit him or her to return to his or her usual job, or to perform other available work, the worker's temporary total disability payments shall be resumed. Should the available work described, once undertaken by the worker, impede his or her recovery to the extent that in the judgment of his or her physician he or she should not continue to work, the worker's temporary total disability payments shall be resumed when the worker ceases such work.

Once the worker returns to work under the terms of this subsection, he or she shall not be assigned by the employer to work other than the available work described without the worker's written consent, or without prior review and approval by the worker's physician.

In the event of any dispute as to the worker's ability to perform the available work offered by the employer, the department shall make the final determination.

(5) No worker shall receive compensation for or during the day on which injury was received or the three days following the same, unless his or her disability shall continue for a period of fourteen consecutive calendar days from date of injury.

(6) Should a worker suffer a temporary total disability and should his or her employer at the time of the injury continue to pay him or her the wages which he or she was earning at the time of such injury, such injured worker shall not receive any payment provided in subsection (1) of this section during the period his or her employer shall pay such wages.

(7) In no event shall the monthly payments provided in this section exceed seventy-five percent of the average monthly wage in the state as computed under the provisions of RCW 51.08.018, 1977 ex.s. c 43 § 21; 1975 1st ex.s. c 235 § 1; 1972 ex.s. c 43 § 22; 1971 ex.s. c 289 § 11; 1965 ex.s. c 122 § 3; 1961 c 274 § 4; 1961 c 23 § 51.32.090. Prior: 1957 c 70 § 33; 1955 c 74 § 8; prior: 1951 c 115 § 3; 1949 c 219 § 1, part; 1947 c 246 § 1, part; 1929 c 132 § 2, part; 1927 c 310 § 4, part; 1923 c 136 § 2, part; 1919 c 131 § 4, part; 1917 c 28 § 1, part; 1913 c 148 § 1, part; 1911 c 74 § 5, part; Supp. 1949 § 7679, part.]

worker to gainful employment. To this end, the department shall uti-
lize the services of individuals whose experience, training, and interests
in vocational rehabilitation and retraining qualify them to lend expert
assistance to the supervisor of industrial insurance in such programs of
vocational rehabilitation or retraining as may be reasonable to qualify
the worker for employment consistent with his or her physical and
mental status. Where, after evaluation and recommendation by such
individuals and prior to final evaluation of the worker's permanent dis-
ability and in the sole discretion of the supervisor, vocational rehabilita-
tion or retraining is both necessary and likely to restore the injured
worker to a form of gainful employment, the supervisor may, in his or
her sole discretion, pay or, if the employer is a self-insurer, direct the
self-insurer to pay the cost of books, tuition, fees, supplies, equipment, and
transportation for any such worker not to amount not to exceed one
thousand five hundred dollars in any calendar year, and continue the
temporary total disability compensation under RCW 51.32.090 while the
worker is actively and successfully undergoing a formal program of
vocational rehabilitation or retraining: Provided, That such compensa-
tion or payment of such vocational rehabilitation or retraining expenses
may not be authorized for a period of more than fifty-two weeks: Pro-
vided further, That such period may, in the sole discretion of the
supervisor after his or her review, be extended for an additional fifty-two
weeks or portion thereof by written order of the supervisor.

In cases where the worker is required to reside away from his or her
customary residence, the reasonable cost of board and lodging shall
also be paid. Said costs shall be chargeable to the employer's cost ex-
perience or shall be paid by the self-insurer as the case may be. [1977

51.32.095 Temporary total disability—Continuation of benefits
during vocational rehabilitation authorized—Expert assistance—Room
and board—Costs (as amended by 1977 ex.s. c 350). One of
the primary purposes of this title is the restoration of the injured
worker to gainful employment. To this end, the department shall uti-
lize the services of individuals whose experience, training, and interests
in vocational rehabilitation and retraining qualify them to lend expert
assistance to the supervisor of industrial insurance in such programs of
vocational rehabilitation or retraining as may be reasonable to qualify
the worker for employment consistent with his or her physical and
mental status. Where, after evaluation and recommendation by such
individuals and prior to final evaluation of the worker's permanent dis-
ability and in the sole opinion of the supervisor, vocational rehabilita-
tion or retraining is both necessary and likely to restore the injured
worker to a form of gainful employment, the supervisor may, in his or
her sole discretion, continue the temporary total disability compensa-
tion under RCW 51.32.090 while the worker is actively and success-
fully undergoing a formal program of vocational rehabilitation or retraining: Provided, That such compensation may not be authorized
for a period of more than fifty-two weeks: Provided further, That such
period may, in the sole discretion of the supervisor after his or her re-
view, be extended for an additional fifty-two weeks or portion thereof
by written order of the supervisor.

In cases where the worker is required to reside away from his or her
customary residence, the reasonable cost of board and lodging shall
also be paid. Said costs shall be chargeable to the employer's cost ex-
perience or shall be paid by the self-insurer as the case may be. [1977
ex.s. c 323 § 16; 1972 ex.s. c 43 § 23; 1971 ex.s. c 289 § 12.]

Reviser's note: RCW 51.32.095 was amended twice during the 1977
extraordinary session, each without reference to the other.

once at any session of the same legislature, see RCW 1.12.025.

51.32.100 When preexisting disease delays or pre-
vents recovery. If it is determined that an injured worker
had, at the time of his or her injury, a preexisting dis-
ease and that such disease delays or prevents complete recovery from such injury, it shall be ascertained, as
nearly as possible, the period over which the injury
would have caused disability were it not for the diseased
condition and the extent of permanent partial disability
which the injury would have caused were it not for the
disease, and compensation shall be awarded only there-
for. [1977 ex.s. c 350 § 49; 1971 ex.s. c 289 § 44; 1961 c

51.32.110 Medical examination—Refusal, obstruction or nonco-
operation—Traveling expenses—Pay for time lost (as amended by 1977
ex.s. c 323). Any worker entitled to receive any benefits or
claiming such under this title shall, if requested by the department or
self-insurer, submit himself or herself for medical examination, at a
time and from time to time, at a place reasonably convenient for the
worker and as may be provided by the rules of the department. If
the worker refuses to submit to medical examination, or obstructs the
same, or, if any injured worker shall persist in unsanitary or injurious
practices which tend to imperil or retard his or her recovery, or shall
refuse to submit to such medical or surgical treatment as is reasonably
essential to his or her recovery or refuse or obstruct evaluation or ex-
amination for the purpose of vocational rehabilitation or does not co-
operate in reasonable efforts at such rehabilitation, the department or
the self-insurer upon approval by the department, with notice to the
worker may suspend any further action on any claim of such worker
so long as such refusal, obstruction, noncooperation or practice con-
tinues. If the worker necessarily incurs traveling expenses in attending
for examination pur-
suant to the request of the department, such traveling expenses shall be
reimbursed to him or her out of the accident fund upon proper voucher and
audit or shall be repaid by the self-insurer, as the case may be.

If the medical examination required by this section causes the
worker to be absent from his or her work without pay he or she shall
be paid for such time lost in accordance with the schedule of payments
provided in RCW 51.32.090 as amended. [1977 ex.s. c 323 § 17; 1971

51.32.110 Medical examination—Refusal to submit—Travel-
ing expenses—Pay for time lost (as amended by 1977 ex.s. c 350). Any worker entitled to receive compensation or claiming compensation
under this title shall, if requested by the department or self-insurer,
submit himself or herself for medical examination, at a time and from
time to time, at a place reasonably convenient for the worker and
as may be provided by the rules of the department. If the worker refuses
to submit to medical examination, or obstructs the same, or, if any in-
jured worker shall persist in unsanitary or injurious practices which
tend to imperil or retard his or her recovery, or shall refuse to submit to
such medical or surgical treatment as is reasonably essential to his or
her recovery, the department or the self-insurer upon approval by the
department, with notice to the worker may suspend or reduce, suspend, or deny any compensation for such period: Pro-
vided, That the department or the self-insurer shall not suspend any
further action on any claim of such worker so long as such refusal, obstruction, noncooperation or practice con-
tinues. If the worker necessarily incurs traveling expenses in attending
for examination pur-
suant to the request of the department, such traveling expenses shall be
reimbursed to him or her out of the accident fund upon proper voucher and
audit or shall be repaid by the self-insurer, as the case may be.

If the medical examination required by this section causes the
worker to be absent from his or her work without pay he or she shall
be paid for such time lost in accordance with the schedule of payments
provided in RCW 51.32.090 as amended. [1977 ex.s. c 323 § 17; 1971

51.32.120 Further accident after lump sum payment. Should a further accident occur to a worker who has been previously the recipient of a lump sum payment under this title, his or her future compensation shall be adjusted according to the other provisions of this chapter and with regard to the combined effect of his or her injuries and his or her past receipt of money under this title. [1977 ex.s. c 350 § 51; 1961 c 23 § 51.32.120. Supp. 1949 § 7679, part.]

51.32.130 Lump sum for death or permanent total disability. In case of death or permanent total disability, the monthly payment provided may be converted, in whole or in part, into a lump sum payment, not in any case to exceed eight thousand five hundred dollars, equal or proportionate, as the case may be, to the value of the annuity then remaining, to be fixed and certified by the state insurance commissioner, in which event the monthly payments shall cease in whole or in part accordingly or proportionately. Such conversion may be made only upon written application (in case of minor children the application may be by either parent) to the department and shall rest in the discretion of the department. Within the rule aforesaid the amount and value of the lump sum payment may be agreed upon between the department and applicant. In the event any payment shall be due to an alien residing in a foreign country, the department may settle the same by making a lump sum payment in such amount as may be agreed to by such alien, not to exceed fifty percent of the value of the annuity then remaining.

Nothing herein shall preclude the department from making, and authority is hereby given it to make, on its own motion, lump sum payments equal or proportionate, as the case may be, to the value of the annuity then remaining, in full satisfaction of claims due to dependents. [1961 c 23 § 51.32.130. Prior: 1957 c 70 § 45; prior: 1941 c 209 § 2; 1929 c 132 § 3; 1927 c 310 § 6(i); 1917 c 29 § 22; 1911 c 74 § 7; Rem. Supp. 1941 § 7681.]

51.32.135 Closing of claim conclusive in pension cases—Consent of spouse may be required. In pension cases when a worker or beneficiary closes his or her claim by full conversion to a lump sum or in any other manner as provided in RCW 51.32.130 and 51.32.150, such action shall be conclusive and effective to bar any subsequent application or claim relative thereto by the worker or any beneficiary which would otherwise exist had such person not elected to close the claim: Provided, The director may require the spouse of such worker to consent in writing as a prerequisite to conversion and/or the closing of such claim. [1977 ex.s. c 350 § 52; 1973 1st ex.s. c 154 § 98; 1961 c 23 § 51.32.135. Prior: 1953 c 143 § 1.]

Severability—1973 1st ex.s. c 154: See note following RCW 51.04.040.

51.32.140 Nonresident alien beneficiary. Except as otherwise provided by treaty, whenever compensation is payable to a beneficiary who is an alien not residing in the United States, there shall be paid fifty percent of the compensation herein otherwise provided to such beneficiary. But if a nonresident alien beneficiary is a citizen of a government having a compensation law which excludes citizens of the United States, either resident or nonresident, from partaking of the benefit of such law in as favorable a degree as herein extended to nonresident aliens, he shall receive no compensation. No payment shall be made to any beneficiary residing in any country with which the United States does not maintain diplomatic relations when such payment is due. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation or any agency of the state upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with a notice and order to withhold and deliver, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the director or his duly authorized representative upon demand to be held in trust by the director for application on the employer's indebtedness to the department, or for return without interest, in accordance with a final determination of a petition for review, or in the alternative such party shall furnish a good and sufficient surety bond satisfactory to the director conditioned upon final determination of liability. Should any party served and named in the notice to withhold and deliver fail to make answer to such notice and order to withhold and deliver, within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against the party named in the notice to withhold and deliver for the full amount claimed by the director in the notice to withhold and deliver together with costs. 51.52.080 Appeal to board denied, when. If the notice of appeal raises no issue or issues of fact and the board finds that the department properly and lawfully decided all matters raised by such appeal it may, without further hearing, deny the same and confirm the department's decision or award, or if the department's record sustains the contention of the person appealing to the board, it may, without further hearing, allow the relief asked in such appeal; otherwise, it shall grant the appeal. 51.52.095 Conference for disposal of matters involved in appeal. The board, upon request of the worker, beneficiary, or employer, or upon its own motion, may direct all parties interested in an appeal, together with their attorneys, if any, to appear before it, a member of the board, or an authorized hearing examiner, for a conference for the purpose of determining the feasibility of settlement, the simplification of issues of law and fact, the necessity of amendments to the notice of appeal or other pleadings, the possibility of obtaining admissions of fact and of documents which will avoid unnecessary proof, the limitation of the number of expert witnesses, and such other matters as may aid in the disposition of the appeal. Such conference may be held prior to the hearing, or it may be held during the hearing, at the discretion of the board member or hearing examiner conducting the same, in which case the hearing will be recessed for such conference. Following the conference, the board member or hearing examiner conducting the same, shall state on the record the results of such conference, and the parties present or their representatives shall state their concurrence on the record. Such agreement as stated on the record shall control the subsequent course of the proceedings, unless modified at a subsequent hearing to prevent manifest injustice. If agreement concerning final disposition of the appeal is reached by the parties present at the conference, or by the employer and worker or beneficiary, the board may enter a final decision and order in accordance therewith, providing the board finds such agreement is in conformity with the law and the facts. [1977 ex.s. c 350 § 78; 1963 c 148 § 3; 1963 c 6 § 1; 1961 c 23 § 51.52.095. Prior: 1951 c 225 § 10.]

51.52.100 Proceedings before board—Contempt. Hearings shall be held in the county of the residence of the worker or beneficiary, or in the county where the injury occurred, at a place designated by the board. Such hearing shall be de novo and summary, but no witness's testimony shall be received unless he or she shall first have been sworn to testify the truth, the whole truth and nothing but the truth in the matter being heard, or unless his or her testimony shall have been taken by deposition according to the statutes and rules relating to superior courts of this state. The department shall be entitled to appear in all proceedings before the board and introduce testimony in support of its order. The board shall cause all oral testimony to be stenographically reported and thereafter transcribed, and when transcribed, the same, with all depositions, shall be filed in, and remain a part of, the record on the appeal. Such hearings on appeal to the board may be conducted by one or more of its members, or a duly authorized hearing examiner, and depositions may be taken by a person duly commissioned for the purpose by the board.

Members of the board, its duly authorized hearing examiners, and all persons duly commissioned by it for the purpose of taking depositions, shall have power to administer oaths; to preserve and enforce order during such hearings; to issue subpoenas for, and to compel the attendance and testimony of, witnesses, or the production of books, papers, documents, and other evidence, or the taking of depositions before any designated individual competent to administer oaths, and it shall be their duty so to do to examine witnesses; and to do all things conformable to law which may be necessary to enable them, or any of them, effectively to discharge the duties of his or her office.

If any person in proceedings before the board disobeys or resists any lawful order or process, or misbehaves during a hearing or so near the place thereof as to obstruct the same, or neglects to produce, after having been ordered so to do, any pertinent book, paper or document, or refuses to appear after having been subpoenaed, or upon appearing refuses to take oath as a witness, or after having the oath refuses to be examined according to law, the board or any member or duly authorized hearing examiner may certify the facts to the superior court having jurisdiction in the place in which said board or member or hearing examiner is sitting; the court shall thereupon, in a summary manner, hear the evidence as to the acts complained of, and, if the evidence so warrants, punish such person in the same manner and to the same extent as for a contempt committed before the court, or commit such person upon the same conditions as if the doing of the forbidden act had occurred with reference to the proceedings, or in the presence of the court. [1977 ex.s. c 350 § 79; 1963 c 148 § 4; 1961 c 23 § 51.52.100. Supp. 1949 § 7697, part.]

51.52.102 Hearing the appeal—Dismissal for failure to present evidence—Evidence—Continuances. At the time and place fixed for hearing each party shall present all his evidence with respect to the issues raised in the notice of appeal, and if any party fails so to do, the board may determine the issues upon such evidence as may be presented to it at said hearing, or if an appealing party who has the burden of going forward with the evidence fails to present any evidence, the board may dismiss the appeal: Provided. That for good cause shown in the record to prevent hardship, the board may grant continuances upon application of any party, but such continuances, when granted, shall be to a time and place certain within the county where the initial hearing was

held unless it shall appear that a continuance elsewhere is required in justice to interested parties: And provided further, That the board may continue hearings on its own motion to secure in an impartial manner such evidence, in addition to that presented by the parties, as the board, in its opinion, deems necessary to decide the appeal fairly and equitably, but such additional evidence shall be received subject to any objection as to its admissibility, and, if admitted in evidence all parties shall be given full opportunity for cross-examination and to present rebuttal evidence. [1963 c 148 § 5; 1961 c 23 § 51.52.102. Prior: 1951 c 225 § 12.]

51.52.104 Hearing examiners—Recommended decision and order—Petition for review—Finality of order not subject to petition for review. After all evidence has been presented at hearings conducted by a hearing examiner, who shall be an active member of the Washington state bar association, the hearing examiner shall enter a proposed or recommended decision and order which shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the order based thereon. The hearing examiner shall file the original of the proposed decision and order, signed by him, with the board, and copies thereof shall be mailed by the board to each party to the appeal and to his attorney of record. Within twenty days, or such further period as the board may allow on written application of a party, filed within said twenty days from the date of communication of the proposed decision and order to the parties or their attorneys of record, any party may file with the board a written petition for review of the same. Such petition for review shall set forth in detail the grounds therefor and the party or parties filing the same shall be deemed to have waived all objections or irregularities not specifically set forth therein.

In the event no petition for review is filed as provided herein by any party, the proposed decision and order of the hearing examiner shall be adopted by the board and become the decision and order of the board, and no appeal may be taken therefrom to the courts. [1971 ex.s. c 289 § 22; 1963 c 148 § 6.]

Effective dates—Severability—1971 ex.s. c 289: See RCW 51.98.060 and 51.98.070.

After the filing of a petition or petitions for review as provided for in RCW 51.52.104 the proposed decision and order of the hearing examiner, petition or petitions for review and, in its discretion, the record or any part thereof, may be considered by the board and on agreement of at least two of the regular members thereof, the board may, within twenty days after the receipt of such petition or petitions, decline to review the proposed decision and order and thereupon deny the petition or petitions. In such event all parties shall forthwith be notified in writing of said denial: Provided, That if a petition for review is not denied within said twenty days it shall be deemed to have been granted. If the petition for review is granted, the proposed decision and order, the petition or petitions for review and the record or any part thereof deemed necessary shall be considered by a panel of at least two of the members of the board, on which not more than one industry and one labor member serve. The chairman may be a member of any panel. The decision and order of any such panel shall be the decision and order of the board. Every final decision and order rendered by the board shall be in writing and shall contain findings and conclusions as to each contested issue of fact and law, as well as the board's order based thereon. The board shall, in all cases, render a final decision and order within one hundred and eighty days from the date a petition for review is filed. A copy of the decision and order, including the findings and conclusions, shall be mailed to each party to the appeal and to his attorney of record. [1975 1st ex.s. c 58 § 4; 1971 ex.s. c 289 § 23; 1965 ex.s. c 165 § 4; 1963 c 148 § 7; 1961 c 23 § 51.52.106. Prior: 1951 c 225 § 13.]

51.52.110 Court appeal—Taking the appeal. Within thirty days after a decision of the board to deny the petition or petitions for review upon which such appeal has been communicated to such worker, beneficiary, employer or other person, or within thirty days after the final decision and order of the board upon such appeal has been communicated to such worker, beneficiary, employer or other person, or within thirty days after the appeal is deemed denied as herein provided, such worker, beneficiary, employer or other person aggrieved by the decision and order of the board may appeal to the superior court.

In cases involving injured workers such appeal shall be to the superior court of the county of residence of the worker or beneficiary, as shown by the department's records, or to the superior court of the county wherein the injury occurred or where neither the county of residence nor the county wherein the injury occurred are in the state of Washington then the appeal may be directed to the superior court for Thurston county. In all other cases the appeal shall be to the superior court of Thurston county. Such appeal shall be perfected by filing with the clerk of the court a notice of appeal and by serving a copy thereof by mail, or personally, on the director and on the board. If the case is one involving a self-insurer, a copy of the notice of appeal shall also be served by mail, or personally, on such self-insurer. The department shall, in all cases not involving a self-insurer, within twenty days after the receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed at issue. If the case is one involving a self-insurer, such self-insurer shall, within twenty days after receipt of such notice of appeal, serve and file its notice of appearance and such appeal shall thereupon be deemed to be at issue. In such cases the department may appear and take part in any proceedings. The board shall serve upon the appealing party, the director, the self-insurer if the case involves a self-insurer, and any other party appearing at the board's proceeding, and file with the clerk of the court before trial, a certified copy of the board's official record which shall include the notice of appeal and other
pleadings, testimony and exhibits, and the board's decision and order, which shall become the record in such case. No bond shall be required on appeals to the superior court or on appeals to the supreme court or the court of appeals, except that an appeal by the employer from a decision and order of the board under RCW 51.48.070, shall be ineffectual unless, within five days following the service of notice thereof, a bond, with surety satisfactory to the court, shall be filed, conditioned to perform the judgment of the court. Except in the case last named an appeal shall not be a stay: Provided, however, That whenever the board has made any decision and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court. [1977 ex.s. c 350 § 80; 1973 c 40 § 1. The hearing in the superior court shall be de novo, but the court shall not receive evidence or testimony other than, or in addition to, that offered before the board or included in the record filed by the board in the superior court as provided in RCW 51.52.110: Provided, That in cases of alleged irregularities in procedure before the board, not shown in said record, testimony thereon may be taken in the superior court. The proceedings in every such appeal shall be informal and summary, but full opportunity to be heard shall be had before judgment is pronounced. In all court proceedings under or pursuant to this title the findings and decision of the board shall be prima facie correct and the burden of proof shall be upon the party attacking the same. If the court shall determine that the board has acted within its power and has correctly construed the law and found the facts, the decision of the board shall be confirmed; otherwise, it shall be reversed or modified. In case of a modification or reversal the superior court shall refer the same to the board for the purpose of reconsideration and order reversing an order of the supervisor of industrial insurance on questions of law or mandatory administrative actions of the director, the department shall have the right of appeal to the superior court. Construction—Severability—1939 c 34: “The provisions of this act and proceedings thereunder shall be liberally construed with a view to effect their objects. If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional.” [1939 c 34 § 51.]

The county auditor shall, within thirty days, from the date of filing such petition, examine the signatures and certify to the sufficiency or insufficiency thereof; and for such purpose shall have access to all registration books or records in the possession of the registration officers of the election precincts included, in whole or in part, within the boundaries of the proposed district. Such books and records shall be prima facie evidence of the truth of said certificate. No person having signed such a petition shall be allowed to withdraw his name therefrom after the filing of the same with the county auditor. If such petition shall be found to contain a sufficient number of signatures of qualified registered electors who are resident within the boundaries of such district, the county auditor shall transmit the same, together with his certificate of sufficiency attached thereto, to the board of county commissioners which shall thereupon by resolution entered upon its minutes, receive the same and fix a day and hour thereof when it will publicly hear said petition. [1963 ex.s. c 13 § 1; 1947 c 254 § 2; 1939 c 34 § 2; Rem. Supp. 1947 § 5654-102. Prior: 1933 c 60 § 2.]

If the board of county commissioners finds in favor of said petition, it shall designate the name and number of the district, fix the boundaries thereof and cause an election to be held therein for the purpose of determining whether or not the district shall be organized under the provisions of *this act and for the purpose of the election of its first fire commissioners. The board of fire commissioners of any fire protection district created pursuant to chapter 52.04 RCW may by resolution, for fire protection purposes authorized by law, fix and impose a service charge upon personal property and improvements to real property, which are located within the fire protection district on the date specified and which have or will receive the benefit of fire protection provided by the fire protection district, to be paid by the owners of such properties: Provided, That such service charge shall not apply to personal property and improvements to real property owned or used by any recognized religious denomination for purposes related to the religious works of such denomination, including schools and educational facilities and all grounds and buildings related thereto or to personal property and improvements to real property owned or used by public or private schools or institutions of higher education. It shall be deemed acceptable to proportion the service charge to the values of the properties as found by the county assessor modified generally in the proportion that fire insurance rates are reduced or entitled to be reduced as the result of providing such fire services. Any other method that reasonably apportions the service charges to the actual financial benefits resulting from the degree of protection, such as the distance from regularly maintained fire protection equipment, may be specified in the resolution and shall be subject to contest only on the ground of unreasonable or capricious action: Provided, That any such method shall be in accordance with the fire defense rating of the district as ratified by the state insurance commissioner: Provided further, That no service charge authorized by the provisions of this chapter shall be applicable to the personal property or improvements to real property of any individual, corporation, partnership, firm, organization, or association maintaining his or its own fire department and whose fire protection and training system has been accepted by a fire insurance underwriter maintaining a fire protection engineering and inspection service authorized by the state insurance commissioner to do business in this state. The county assessor shall determine and identify the personal properties and improvements to real property which are subject to a service charge in each fire district and shall furnish and deliver to the county treasurer a listing of such properties with information describing the location, legal description, and address of the person to whom the statement of service charges is to be mailed, the name of the owner and the value of the property and improvements together with the service charge to apply to each. Service charges levied hereunder shall be certified to the county treasurer for collection in the same manner that

The county treasurer shall make distribution each year, as the charges are collected, the amount of the service charges imposed on behalf of each district, less the deduction provided for in the contract. [1974 ex.s. c 126 § 4.]

52.18.050 Voter approval of service charges required—Election—Ballot. (1) Any service charge authorized by this chapter shall not be effective unless a proposition to impose such service charge is approved by a sixty percent majority of the voters of the district voting at a general election or at a special election called by the district for that purpose, held within the fire protection district. Any election held pursuant to this section shall be held not more than twelve months prior to the date on which the first such charge is to be assessed: Provided, That such a service charge shall not remain in effect for a period of more than three years unless subsequently reapproved by the voters.

A report of the public hearing shall be filed with the county treasurer and be available for public inspection.

(2) Prior to October 15 of each year the board of fire commissioners shall hold a public hearing to review and establish the fire district service charge for the subsequent year.

52.18.070 Review board. From the fifteenth to the thirtieth day of November of each year, the board of fire commissioners of any fire protection district imposing a service charge pursuant to the provisions of this chapter shall form a review board and shall, upon complaint in writing of any party aggrieved owning property in such district, reduce the charge of such person who, in their opinion, has been charged too large a sum, to such sum or amount as they believe to be the true, fair, and just amount. 52.20.010 L.I.D.'s authorized—Petition or resolution method. In any instance where for fire protection purposes the acquisition, maintenance and operation of real property, buildings, fire fighting equipment, apparatus and instrumentalities necessary therefor are of special benefit to part or all of the lands in the fire protection district, the board of fire commissioners shall have authority to include such lands in a local improvement district, and to levy special assessments under a mode of annual installments extending over a period not exceeding twenty years on all property specially benefited by any local improvement, on the basis of the special benefits to pay in whole or in part the damages or

Such local improvement districts may be initiated either by resolution of the board of fire commissioners or by petition signed by the owners of a majority of the acreage of lands to be included within the local improvement district.

If the petition procedure is followed, said petition shall set forth generally the necessity for the creation of a local improvement district, outline the plan of fire protection to be accomplished, and the means by which the cost of the same shall be financed. Upon receipt of said petition, the board of fire commissioners of said district shall at its next regular meeting examine the same. The assessed owners of said lands as shown on the general tax roll in the county treasurer's office, last equalized, shall be prima facie evidence of the ownership of the lands to be included in said local improvement district. If said petition is found insufficient or if said district board shall determine that such a local improvement district is unfeasible or of no special benefit to the lands concerned, it shall dismiss said petition. If said district board shall approve said petition or adopts a resolution of intention to order an improvement, it shall fix a day, hour and place for hearing the same and shall (1) mail notice of said hearing at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of each lot, tract or parcel of land within the proposed local improvement district as shown on the tax rolls of the county treasurer at the address shown thereon, and (2) publish notice of said hearing in a newspaper of general circulation in the county, to be selected by said board, for three consecutive weekly issues thereof published prior to the day of said hearing. The cost of said publication shall be advanced or paid in advance by the petitioners or, in the case of initiation by the board of fire commissioners, such costs shall be paid by the fire protection district. Such notices shall describe the boundaries of the proposed local improvement district and the plan of fire protection proposed or may refer to the resolution of intention describing the nature and territorial extent of the proposed improvement. Such notices shall state the means by which the cost of the same shall be financed, shall state the day, hour and place of hearing on said petition and shall be signed by the secretary of the fire protection district. In addition, the notice given each owner or reputed owner by mail shall state the estimated cost and expense of such improvement to be borne by the particular lot, tract or parcel. 52.24.010 Merger of districts authorized. A fire protection district organized under chapter 34, Laws of 1939 as amended may merge with another such district lying adjacent thereto, upon such terms and conditions as they agree upon, in the manner hereinafter provided. The district desiring to merge with another district shall hereinafter be called the "merging district," and the district into which the merger is to be made shall be called the "merger district." [1947 c 254 § 12; Rem. Supp. 1947 § 5654-151a.]

Reviser's note: For codification of 1939 c 34, see note following RCW 52.04.020.

52.24.020 Petition—Contents. To effect such a merger, a petition therefor shall be filed with the board of the merging district by the commissioners of the merging district. The commissioners of the merging district may sign and file the petition upon their own initiative, and they shall file such a petition when it is signed by fifteen percent of the qualified electors resident in the merging district and presented to them. The petition shall state the reasons for the merger; give a detailed statement of the district's finances, listing its assets and liabilities; state the terms and conditions under which the merger is proposed; and pray for the merger. [1947 c 254 § 13; Rem. Supp. 1947 § 5654-151b.]

52.24.030 Action on petition. The board of the merging district may, by resolution, reject the petition, or it may concur therein as presented, or it may modify the terms and conditions of the proposed merger, and shall transmit the petition, together with a copy of its resolution thereon to the merger [merging] district. If the petition is concurred in as presented or as modified, the board of the merging district shall forthwith present the petition to the auditor of the county in which the merging district is situated, who shall within thirty days examine the signatures thereon and certify to the sufficiency or insufficiency thereof, and for that purpose he shall have access to all registration books and records in the possession of the registration officers of the election precincts included, in whole or in part, within the merging district. Such books and records shall be prima facie evidence of truth of the certificate. No signatures may be withdrawn from the petition after the filing. [1947 c 254 § 14; Rem. Supp. 1947 § 5654-151c.]

52.24.040 Duty of county auditor—Special election. If the auditor finds that the petition contains the signatures of a sufficient number of qualified electors, he shall return it, together with his certificate of sufficiency attached thereto, to the board of the merging district. Thereupon such board shall adopt a resolution, calling a special election in the merging district, at which shall be submitted to the electors thereof, the question of the merger. [1947 c 254 § 15; Rem. Supp. 1947 § 5654-151d.]

Elections: Title 29 RCW.

52.24.050 Vote required—Status after favorable vote. The board of the merging district shall notify the board of the merger district of the results of the election. If three-fifths of the votes cast at the election favor the merger, the respective district boards shall adopt concurrent resolutions, declaring the districts merged, under the name of the merger district. Thereupon the districts are merged into one district, under the name of the merger district; the merging district is dissolved without further proceedings; and the boundaries of the merger district are thereby extended to include all the area of the merging district. Thereafter the legal existence cannot be questioned by any person by reason of any defect in the proceedings had for the merger. [1947 c 254 § 16; Rem. Supp. 1947 § 5654-151e.]

52.24.060 Merger by petition. If three-fifths of all the qualified electors in the merging district sign the petition to merge, no election on the question of the merger is necessary. In which case the auditor shall return the petition, together with his certificate of sufficiency attached thereto, to the board of the merging district. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of merger in the same manner and to the same effect as if the merger had been authorized by an election. [1947 c 254 § 17; Rem. Supp. 1947 § 5654-151f.]

52.24.070 Obligations of merged districts. None of the obligations of the merged districts or of a local improvement district therein shall be affected by the merger and dissolution, and all land liable to be assessed to pay any of such indebtedness shall remain liable to the same extent as if the merger had not been made, and any assessments theretofore levied against the land shall remain unimpaired and shall be collected in the same manner as if no merger had been made. The commissioners of the merged district shall have all the powers possessed at the time of the merger by the commissioners of the two districts, to levy, assess and collect all necessary funds for the payment of the indebtedness thereof, and until the assessments are collected and all indebtedness of the districts paid, separate funds shall be maintained for each district as were maintained before the merger: Provided, That the board of the merged district may, with the consent of the creditors of the districts merged, cancel any or all assessments theretofore levied, in accordance with the terms and conditions of the merger, to the end that the lands in the respective districts shall bear their fair and proportionate share of such indebtedness. [1947 c 254 § 18; Rem. Supp. 1947 § 5654-151g.]

52.24.080 Delivery of property and funds. The commissioners of the merging district shall, forthwith upon completion of the merger, transfer, convey, and deliver to the merged district all property and funds of the merging district, together with all interest in and right to collect any assessments theretofore levied. [1947 c 254 § 19; Rem. Supp. 1947 § 5654-151h.]

52.24.085 Board membership upon merger of districts—Subsequent boards. Whenever two or more fire
protection districts merge, the board of fire commissio­
ers of the merged fire protection district shall consist of
all of the original fire commissioners. At the next three
elections for fire commissioners the number of fire com­
misssioners for the merged district shall be reduced as
follows, notwithstanding the number of fire commissioner-
ers whose terms expire:

In the first election after the merger, only one position
shall be filled, whether the new fire protection district be
a three member district or a five member district pursuant
to RCW 52.12.015.

In each of the two subsequent elections, one position
shall be filled if the new fire protection district is a three
member district and two positions shall be filled if the new
fire protection district is a five member district pursuant
to RCW 52.12.015.

Thereafter, the fire commissioners shall be elected in
the same manner as prescribed for such fire protection
districts of the state.[1977 ex.s. c 121 § 1; 1971 c 55 §
1.]

52.24.090 Merger of part of district with adjacent
district. A part of one district may be transferred and
merged with an adjacent district whenever such area can
be better served by the merged district. To effect such a
merger a petition, signed by not less than fifteen percent
of the qualified electors residing in the area to be
merged, shall be filed with the commissioners of the
merging district. Such petition shall be promoted by one
or more qualified electors within the area to be trans­
ferred. If the commissioners of the merging district act
favorably upon the petition, then the petition shall be
presented to the commissioners of the merging district.
If the commissioners of the merging district act favorably
upon the petition, an election shall be called in the area
merged.

In the event that either board of fire district commissio­
ners should not concur with the petition, the petition
may then be presented to a county review board estab­
lished for such purposes, if there be no county review
board for such purposes then to the state review board
and if there be no state review board, then to the county
commissioners of the county in which the area to be
merged is situated, who shall decide if the area can be
better served by such a merger; upon an affirmative de­
cision an election shall be called in the area merged.
A majority of the votes cast shall be necessary to ap­
prove the transfer.[1965 ex.s. c 18 § 2; 1963 c 42 § 1;
1953 c 176 § 5.]

52.24.100 Merger of part of district with adjacent
district——When election unnecessary. If three-fifths of
all the qualified electors in the area to be merged sign a
petition to merge the districts, no election on the ques­
tion of the merger is necessary, in which case the auditor
shall return the petition, together with his certificate of
sufficiency attached thereto, to the boards of the merging
districts. Thereupon the boards of the respective dis­
tricts shall adopt their concurrent resolutions of transfer
in the same manner and to the same effect as if the
same had been authorized by an election.[1953 c 176 §
6.]

52.28.010 Permits authorized——Resolution. No
person, firm or corporation shall start or continue, or
cause to be started or continued, an open fire on any
cleared or cultivated land within a fire protection dis­

No fire district shall issue a burning permit for a fire on
any forest or cut over land.[1947 c 254 § 20; Rem.
Supp. 1947 § 5654—151j.]

52.28.020 Resolution to be published and posted. If
the commissioners of such a district desire to assume the
privilege of issuing such fire permits, they shall adopt a
resolution to that effect, and publish it once a week for
three consecutive weeks in a newspaper published in the
county and of general circulation in the district and post
it in three public places in the district. The affidavit of
publication by the publisher and of the clerk of the dis­
trict of the posting shall be filed in the records of the
commissioners and shall be prima facie evidence of such
publication and posting. Ten days after such posting and
the last publication, the resolution shall take effect.[1947 c 254 § 21; Rem. Supp. 1947 § 5654—151j.]

52.28.030 Content of permits. Such permits shall be
issued upon request, without charge, by the persons
authorized by the commissioners so to do, when the is­
suing officer deems it safe to do so. The permit shall
designate the premises and the exact location thereon
where the fire may be started and continued; the nature
of the material to be burned; the time limit of the per­
mits; and may contain any special requirements pertain­
ting to the fire and the control thereof as the issuing
officer deems necessary for safety.[1947 c 254 § 22;

comply with all the terms and conditions of the permit,
and shall keep a responsible person in charge of the fire
at all times, who shall hold the fire under control and
not permit it to spread to other property or structures,
and shall thoroughly extinguish the fire when the author­
ized burning is completed. The possession of such a
permit shall not relieve the permittee from liability for
any damages resulting from the fire for which he may
otherwise be liable.[1947 c 254 § 23; Rem. Supp. 1947
§ 5654—151l.]

A district may improve its lands by dredging, filling, bulkheading, providing waterways or otherwise developing such lands for sale or lease for industrial and commercial purposes. A district may also acquire, construct, install, improve, and operate sewer and water utilities to serve its own property and other property owners under terms, conditions, and rates to be fixed and approved by the port commission. A district may also acquire, by purchase, construction, lease, or in any other manner, and may maintain and operate other facilities for the control or elimination of air, water, or other pollution, including, but not limited to, facilities for the treatment and/or disposal of industrial wastes, and may make such facilities available to others under terms, conditions and rates to be fixed and approved by the port commission. Such conditions and rates shall be sufficient to reimburse the port for all costs, including reasonable amortization of capital outlays caused by or incidental to providing such other pollution control facilities: Provided, That no part of such costs of providing any pollution control facility to others shall be paid out of any tax revenues of the port: And provided further, That no port shall enter into an agreement or contract to provide sewer and/or water utilities or pollution control facilities if substantially similar utilities or facilities are available from another source (or sources) which is able and willing to provide such utilities or facilities on a reasonable and nondiscriminatory basis unless such other source (or sources) consents thereto.

In the event that a port elects to make such other pollution control facilities available to others, it shall do so by lease, lease purchase agreement, or other agreement binding such user to pay for the use of said facilities for the full term of the revenue bonds issued by the port for the acquisition of said facilities, and said payments shall at least fully reimburse the port for all principal and interest paid by it on said bonds and for all operating or other costs, if any, incurred by the port in connection with said facilities: Provided, however, That where there is more than one user of any such facilities, each user shall be responsible for its pro rata share of such costs and payment of principal and interest. Any port intending to provide pollution control facilities to others shall first survey the port district to ascertain the potential users of such facilities and the extent of their needs. The port shall conduct a public hearing upon the proposal and shall give each potential user an opportunity to participate in the use of such facilities upon equal terms and conditions. A port commission may, by resolution, authorize the managing official of a port district to sell and convey port district personal property of less than twenty-five hundred dollars in value. Such authority shall be in force for not more than one calendar year from the date of resolution and may be renewed from year to year. Prior to any such sale or conveyance the managing official shall itemize and list the property to be sold and make written certification to the commission that the listed property is no longer needed for district purposes. Any large block of such property having a value in excess of twenty-five hundred dollars shall not be broken down into components of less than twenty-five hundred dollars value and sold in such smaller components unless such smaller components be sold by public competitive bid. As regards property valued at more than twenty-five hundred dollars a district may sell and convey any of its property when the port commission has, by resolution, declared the property to be no longer needed for district purposes, but no property which is a part of the comprehensive plan of improvement or modification thereof shall be disposed of until the comprehensive plan has been modified to find such property surplus to port needs. 1. The purchaser shall enter into a contract with the district in which the purchaser shall covenant that he will make the payments of principal and interest when due, and that he will pay all taxes and assessments on such property. Upon failure to make payments of principal, interest, assessments or taxes when due all rights of the purchaser under said contract may, at the election of the district, after notice to said purchaser, be declared to be forfeited. When property is declared forfeited the district shall be released from all obligation to convey the land;

2. The district may, as it deems advisable, extend the time for payment of principal and interest due or to become due;

3. The district shall notify the purchaser in each instance when payment is overdue, and that the purchaser is liable to forfeiture if payment is not made within thirty days from the time the same became due, unless the time be extended by the district;

4. Not less than one-tenth of the total purchase price shall be paid on the date of execution of the contract for sale and one-tenth shall be paid annually thereafter until the full purchase price has been paid, but any purchaser may make full payment at any time. All unpaid deferred payments shall draw interest at a rate not less than six percent per annum.

Nothing in this section shall be deemed to supersede other provisions of law more specifically governing sales of port district property. It is the purpose of this section to provide additional authority and procedures for sale of port district property no longer needed for port purposes. [1969 ex.s. c 11 § 1; 1965 c 23 § 2.]

A copy of all contract sales of port district property shall be filed with the county assessor within thirty days after the first payment is received by the port. The assessor shall place such property on the tax rolls of the county and the purchaser of such property shall become liable for all levies and assessments against such property. The port shall not be liable for any taxes or assessments, but if any outstanding taxes are not paid the property may be sold by the county as with other property with delinquent taxes due. Any amounts accruing from such a sale by the county, not required to pay outstanding and delinquent taxes or assessments and foreclosure costs, shall be paid to the port district. [1965 c 23 § 3.]

Gifts—Improvement. Port commissioners of any port district are hereby authorized to accept for and on behalf of said port district gifts of real and personal property and to expend in improvements and betterment such amount as may be necessary. [1921 c 39 § 4; RRS § 9705.]

All such contracts for work, the estimated cost of which exceeds thirty thousand dollars, shall be let at public bidding upon notice published in a newspaper in the district at least ten days before the letting, calling for sealed bids upon the work, plans and specifications for which shall then be on file in the office of the commission for public inspection. The same notice may call for bids on such work or material based upon plans and specifications submitted by the bidder.

Each port district shall maintain a small works roster which shall be comprised of all contractors who have requested to be on the roster and are, where required by law, properly licensed or registered to perform such work in the state of Washington.

Whenever work is done by contract, the estimated cost of which is thirty thousand dollars or less, the managing official of the port district shall invite proposals from all appropriate contractors on the small works roster: Provided, That whenever possible, the managing official shall invite at least one proposal from a minority contractor who shall otherwise qualify under this section. Such invitation shall include an estimate of the scope and nature of the work to be performed, and materials and equipment to be furnished.

When awarding such a contract for work, the estimated cost of which is thirty thousand dollars or less, the managing official shall give weight to the contractor submitting the lowest and best proposal, and whenever it would not violate the public interest, such contracts shall be distributed equally among contractors, including minority contractors, on the small works roster. 53.08.130 Notice—Award of contract. The notice shall state generally the nature of the work to be done and require that bids be sealed and filed with the commission at a time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check, money order, or surety bid bond to the commission for a sum not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. At the time and place named the bids shall be publicly opened and read and the commission shall proceed to canvass the bids and, except as otherwise in this section provided, shall let the contract to the lowest responsible bidder upon plans and specifications on file, or to the best bidder submitting his own plans and specifications. If, in the opinion of the commission, all bids are unsatisfactory, they may reject all of them and readvertise, and in such case all such bid proposal deposits shall be returned to the bidders; but if the contract is let, then all bid proposal deposits shall be returned to the bidders, except that of the successful bidder which shall be retained until a contract is entered into for the purchase of such materials or doing such work, and a bond given to the port district for the performance of the contract and otherwise conditioned as required by law, with sureties satisfactory to the commission, in an amount to be fixed by the commission, but not in any event less than twenty-five percent of the contract price. If said bidder fails to enter into the contract in accordance with his bid and furnish such bond within ten days from the date at which he is notified that he is the successful bidder, the check or money order and the amount thereof shall be forfeited to the port district or the port district shall recover the amount of the surety bid bond. 53.25.010 Marginal lands—Declaration of policies and purposes. It is hereby declared to be the public policy of the legislature of the state of Washington, that it is in the public interest to employ the power of eminent domain and advance and expend public moneys for the purposes herein contained, and to provide for means by which marginal area properties may be developed or redeveloped in accordance with the legislative policies hereinafter stated:

1) A sound development of the economic security of the peoples of the state of Washington is dependent upon proper development and redevelopment of marginal properties, and the general welfare of the inhabitants of the port districts in which they exist require the remedying of such injurious conditions marginal properties are now subjected to; and

2) The development and redevelopment of such marginal area properties cannot be accomplished by private enterprise alone without public participation and assistance in the acquisition of land and planning and in the financing of land assembly in the work of clearance, development and redevelopment, and in the making of improvements necessary therefor.

3) To protect and promote sound development and redevelopment of marginal lands as hereinafter defined, and the general welfare of the inhabitants of the port districts in which they exist, to remedying such injurious conditions through the employment of all appropriate means.

4) That whenever the development or redevelopment of such marginal lands cannot be accomplished by private enterprise alone, without public participation and assistance in the acquisition of land and planning and in financing of land assembly in the work of clearance, development and redevelopment, and in the making of improvements necessary therefor, it is in the public interest to employ the power of eminent domain, to advance and expend public moneys for those purposes, and to provide for means by which such marginal lands may be developed or redeveloped.

5) That the development or redevelopment of such marginal lands and the provision of appropriate continuing land use constitute public uses and purposes for which public moneys may be advanced or expended and private property acquired, and are governmental functions and are of state concern in the interest of health, safety and welfare of the state of Washington, and of the communities in which such areas exist.

6) That the necessity in the public interest for the provision of this chapter is declared to be a matter of legislative determination. [1955 c 73 § 1.]

53.25.020 Marginal lands—Further declaration. It is further found and declared that:

1) The existence of such marginal lands characterized by any or all of such conditions constitutes a serious and growing menace which is condemned as injurious and inimical to the public health, safety, and welfare of the people of the communities in which they exist and of the people of the state.

2) Such marginal lands present difficulties and handicaps which are beyond remedy and control solely by regulatory processes in the exercise of the police power.

3) They contribute substantially and increasingly to the problems of, and necessitate excessive and disproportionate expenditures for, crime prevention, correction, prosecution and punishment, the treatment of juvenile delinquency, the preservation of the public health and safety, and the maintaining of adequate police, fire and accident protection and other public services and facilities.

4) This menace is becoming increasingly direct and substantial in its significance and effect.
(5) The benefits which will result from the remedying of such conditions and the redevelopment of such marginal lands will accrue to all the inhabitants and property owners of the communities in which they exist.

(6) Such conditions of marginal lands tend to further obsolescence, deterioration, and disuse because of the lack of incentive to the individual landowner and his inability to improve, modernize, or rehabilitate his property while the condition of the neighboring properties remains unchanged.

(7) As a consequence the process of deterioration of such marginal lands frequently cannot be halted or corrected except by redeveloping the entire area, or substantial portions of it.

(8) Such conditions of marginal lands are chiefly found in areas subdivided into small parcels, held in divided and widely scattered ownerships, frequently under defective titles, and in many such instances the private assembly of the land areas for redevelopment is so difficult and costly that it is uneconomic and as a practical matter impossible for owners to undertake because of lack of the legal power and excessive costs.

(9) The capability of such conditions may require the public acquisition at fair prices of adequate areas, the redevelopment of the areas suffering from such conditions under proper supervision, with appropriate planning, and continuing land use.

(10) The development or redevelopment of land, or both, acquired under the authority of this chapter constitute a public use and are governmental functions, and that the sale or leasing of such land after the same has been developed or redeveloped is merely incidental to the accomplishment of the real or fundamental purpose, that is, to remove the condition which caused said property to be marginal property as in this chapter defined. [1955 c 73 § 2.]

53.25.030 "Marginal lands" defined. "Marginal lands" is defined and characterized by any one or more of the following described conditions:

(1) An economic dislocation, deterioration, or disuse resulting from faulty planning.

(2) The subdividing and sale of lots of irregular form and shape and inadequate size for proper usefulness and development.

(3) The laying out of lots in disregard of the contours and other physical characteristics of the ground and surrounding conditions.

(4) The existence of inadequate streets, open spaces, and utilities.

(5) The existence of lots or other areas which are subject to being submerged by water.

(6) By a prevalence of depreciated values, impaired investments, and social and economic maladjustment to such an extent that the capacity to pay taxes is reduced and tax receipts are inadequate for the cost of public services rendered.

(7) In some parts of marginal lands, a growing or total lack of proper utilization of areas, resulting in a stagnant and unproductive condition of land potentially useful and valuable for contributing to the public health, safety and welfare.

(8) In other parts of marginal lands, a loss of population and reduction of proper utilization of the area, resulting in its further deterioration and added costs to the taxpayer for the creation of new public facilities and services elsewhere.

(9) Property of an assessed valuation of insufficient amount to permit the establishment of a local improvement district for the construction and installation of streets, walks, sewers, water and other utilities.

(10) Lands within an industrial area which are not devoted to industrial use but which are necessary to industrial development within the industrial area. [1955 c 73 § 3.]

53.25.040 Industrial development districts authorized. A port commission may, after a public hearing thereon, of which at least ten days' notice shall be published in a daily newspaper of general circulation in the port district, create industrial development districts within the district and define the boundaries thereof, if it finds that the creation of such industrial development district is proper and desirable in establishing and developing a system of harbor improvements and industrial development in such port district. [1955 c 73 § 4. Prior: 1943 c 166 § 1; 1939 c 45 § 1; Rem. Supp. 1943 § 9709–1; RCW 53.24.010.]

53.25.050 Tax title lands may be conveyed to district. Any lands in an industrial development district acquired by the county by tax foreclosure, may, if the county commissioners deem the lands chiefly valuable for industrial development purposes, be conveyed to the port district. The lands shall be held in trust by the port district and may be managed, developed, leased, or sold by it as provided in this chapter.

From the proceeds of the sale or lease of the lands, the district shall first reimburse itself for any expense incurred by it in managing and developing the lands and any balance shall be paid to the county, which shall distribute it the same as general taxes collected in that year. [1955 c 73 § 5. Prior: 1939 c 45 § 2; RRS § 9709–2; RCW 53.24.020.]

53.25.060 Private lands may be conveyed to district—Cancellation of taxes. With the approval of the county commissioners, any lands in an industrial development district, owned privately, which the port commission deems valuable for industrial development purposes, may be deeded to and accepted by the port district, subject to delinquent general taxes thereon. When the commission has recorded the deed and notified the county commissioners thereof, the county commissioners shall order all taxes assessed against the lands canceled and the county treasurer shall record the cancellation, and remove the lands from the tax rolls. Thereafter the lands shall be held in trust, managed, developed, leased, and sold by the district, and the proceeds therefrom disposed of in the same manner as hereinafore provided. [1955 c 73 § 6. Prior: 1939 c 45 § 3; RRS § 9709–3; RCW 53.24.030.]

[Title 53 RCW (1979 Ed.)—p 20]
325.010 Discharge of trust. With the approval of the county commissioners, a port district may sell any lands acquired by it pursuant to this chapter, provided that the lands are sold for the public purposes for which they were acquired. The proceeds of the sale shall be used for the improvement of harbor facilities or industrial development projects. [1979 c 73 § 7. Prior: 1939 c 45 § 4; RRS § 9709-4; RCW 53.24.050.]

Ten years from the date of its acquisition, property acquired by a port district pursuant to this chapter shall revert to the county to be used the same as property acquired by the county through purchase or condemnation. [1979 c 73 § 8. Prior: 1939 c 45 § 8; RRS § 9709-8; RCW 53.24.050.]

325.050 Conditions precedent to making improvements. No expenditure for improvement of property in an industrial development district, other than the expense of preparing and submitting a plan of improvement, shall be made by a port district, and no property shall be acquired by it therefor except as provided for hereinbefore until it has been made a part of the comprehensive scheme of harbor improvements and industrial developments or amendments thereto.

That said comprehensive scheme or amendments thereto shall provide for the development or redevelopment of those marginal lands acquired and a provision for the continuing of the land uses which are hereby declared to constitute public uses and the purposes for which public moneys may be advanced and provide property acquired. [1979 c 73 § 9. Prior: 1939 c 45 § 5; RRS § 9709-5; RCW 53.24.060.]

325.070 Powers as to industrial development districts. All port districts wherein industrial development districts have been established are authorized and empowered to acquire by purchase or condemnation or both, all lands, property and property rights necessary for the purpose of the development and improvement of such industrial development district and to exercise the right of eminent domain in the acquirement or damaging of all lands, property and property rights and the levying and collecting of assessments upon property for the payment of all damages and compensation in carrying out the provisions for which said industrial development district has been created; to develop and improve the lands within such industrial development district to make the same suitable for industrial uses and purposes; to dredge, bulkhead, fill, grade, and protect such property; to provide, maintain, and operate water, light, power and fire protection facilities and services, streets, roads, bridges, highways, waterways, tracks, and rail and water transfer and terminal facilities and other harbor and industrial improvements; to execute leases of such lands or property or any part thereof; to establish local improvement districts within such industrial development districts which may, but need not, be coextensive with the boundaries thereof, and to levy special assessments, under the mode of annual installments, over a period not exceeding ten years, on all property specially benefited by any local improvement, on the basis of special benefits, to pay in whole or in part the damages or costs of any improvement ordered in such local improvement district; to issue local improvement bonds in any such local improvement district; to be repaid by the collection of local improvement assessments; and generally to exercise with respect to and within such industrial development districts all the powers now or hereafter conferred by law upon port districts in counties of the first class: Provided, That the exercise of powers hereby authorized and granted shall be in the manner now and hereafter provided by the laws of the state for the exercise of such powers by port districts under the general laws relating thereto insofar as the same shall not be inconsistent with this chapter. [1979 c 73 § 10. Prior: 1939 c 45 § 6; RRS § 9709-6; RCW 53.24.070.]

Eminent domain: State Constitution Art. 1 § 16 (Amendment 9); Title 8 RCW.

325.090 Sale authorized in industrial development district. When a port commission deems it for the best interests of the district and the people thereof and in furtherance of its general plan of harbor improvement, or industrial development, or both, it may sell and convey any property or part thereof owned by it within an industrial development district. 53.25.130 Findings and determination—Record—Appeal. Any aggrieved party may appeal the determination of the commission by filing a petition in the superior court of the county in which the district is located within twenty days of the entry of the determination but no appeal shall be allowed except on the grounds that the action of the commission was arbitrary, capricious, or unlawful. [1917 c 93 § 4; RRS § 9722.]

Repeal—Saving. All acts and parts of acts in conflict with the provisions of this chapter are hereby repealed but no lease of harbor area heretofore executed shall be invalidated hereby. [1917 c 93 § 6; no RRS.]

No such contract shall be made with any person or corporation unless and until such person or corporation shall bind himself or itself to pay as rental therefor an amount determined by the port district and specified in the contract which shall be a fair and just proportion of the total amount required to pay interest on the bonds provided for in this chapter, plus a just proportion of the amount necessary for their retirement, and plus the cost of maintenance of the projects, their approaches and equipment.

The port district may require any of such contracts to be entered into before beginning the construction of said projects or before the expenditure of funds under the provisions of this chapter if in its judgment it is deemed expedient.

revenue bonds of the district, or such notes may be exchanged for a like amount of such revenue bonds bearing the same or a lower or higher rate of interest than that borne by such notes.

All notes may be issued and sold in the same manner as revenue bonds. Any district shall have power to make contracts for the future sale from time to time of notes on terms and conditions stated in such contracts, and the district shall have power to pay such consideration as it shall deem proper for any commitments to purchase notes in the future. Such notes may also be collaterally secured by pledges and deposits with a bank or trust company, in trust for the payment of said notes, of revenue bonds in an aggregate amount at least equal to the amount of such notes and, in any event, in amount deemed by the district sufficient to provide for the payment of the notes in full at the maturity thereof. The district may provide in such collateral security that the notes may be exchanged for revenue bonds held as collateral security for the notes, or that the trustee may sell the revenue bonds if the notes are not otherwise paid at maturity and apply the proceeds of such sale to the payment of the notes. Such notes shall bear interest at a rate or rates as authorized by the port commission.

53.34.070 Bonds and notes payable solely from revenues, etc.—Adequate rates and charges to be established. Revenue bonds and notes issued under the provisions of this chapter shall be payable solely from the revenues, income, receipts, profits, charges, fees, rentals, and moneys received or derived by or through the ownership, operation, sale, lease, or other disposition in whole or in part of any project or projects authorized under the provisions of this chapter, or through the issuance of refunding bonds or notes, and the commission of any district issuing revenue bonds or notes under the authority of this chapter shall establish, maintain, and collect rates, tolls, rents, and charges from time to time so long as any of such revenue bonds are outstanding and unpaid for all services sold, furnished, or supplied by or through any such project or projects sufficient to produce an amount, together with any other moneys of the district available and dedicated to such purpose, to pay the principal of and interest and premium, if any, on all revenue bonds and notes payable from the revenues of any project or projects as the same may respectively fall due in accordance with the terms of the resolution or resolutions or trust agreement authorizing the issuance and securing the payment of such obligations.

53.34.080 Special funds and accounts—Disposition. The resolution, resolutions, or trust agreement providing for the issuance of revenue bonds or notes pursuant to the provisions of this chapter shall create and establish a special fund of the district into which the district shall be obligated to deposit as collected all income, revenues, receipts, and profits derived by the district through the ownership and operation of any project or projects acquired or constructed from the proceeds of the sale of such revenue bonds or notes: Provided, That additional separate special funds or accounts may be created by such resolution or trust agreement into which the district may obligate itself to deposit the proceeds of the sale of such revenue bonds and notes, the proceeds of the sale or other disposition in whole or in part of any project or projects, the proceeds of any policies of insurance on such projects, and any other additional moneys received by the district and applicable to such projects. All such moneys shall be held by the district, the depositaries and trustees of such funds and accounts, in trust for the equal and ratable benefit and security of the holders from time to time of the revenue bonds and notes issued pursuant to the resolution, resolutions, or trust agreement establishing such special funds or accounts, and shall be collected, held, deposited, and disbursed solely for the acquisition, construction, operation, maintenance, renewal, replacement, improvement, extension, and betterment of such project or projects and the payment of the principal of and interest and premium, if any, on the revenue bonds and notes issued pursuant to such resolution, resolutions, or trust agreements, and the creation and maintenance of reasonable reserves for all such purposes: Provided, however, That the district may in its discretion and subject to any agreements with the holders of such revenue bonds and notes expend amounts of such moneys as are not required for the purposes aforesaid for other corporate purposes of the district.

The district may pledge such moneys or revenues of the district subject to prior pledges thereof, if any, for the payment of such notes and may in addition secure the notes in the same manner as herein provided for revenue bonds.

53.34.090 Pledge of moneys, when binding—When lien attaches. It is the intention hereof that any pledge of revenues, income, receipts, profits, charges, fees, or other moneys made by a district for the payment of bonds shall be valid and binding from the time of the adoption of any resolution or the execution of any trust agreement making such pledge notwithstanding the fact that there may not then be any simultaneous delivery thereof, that the revenues, income, receipts, profits, charges, fees, and other moneys so pledged shall as soon as received by the district immediately be subject to the lien of such pledge without the physical delivery thereof and without further act, and that the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the district irrespective of whether such parties have notice thereof. Neither the resolution, resolutions, or trust agreement authorizing revenue bonds or notes nor any other instrument by which such a pledge is created need be recorded to be effective.

53.34.100 No personal liability on bonds or notes. Neither the members of a commission nor any person
executing revenue bonds or notes shall be liable personally on such bonds or notes, or be subject to any personal liability or accountability by reason of the issuance thereof. [1959 c 236 § 10.]

[1959 c 236 § 11.]

53.34.120 State not to limit or alter rights of district or impair rights or remedies of bond or note holders. The state of Washington does hereby covenant and agree with the holders of revenue bonds or notes issued by a district under the authority of this chapter that the state will not limit or alter the rights hereby vested in a district to acquire, maintain, construct, reconstruct, improve, extend, add to, better and operate the projects authorized to be constructed or acquired under the provisions hereof and to establish, collect, and pledge such revenue to meet the expense of maintenance and operation of such projects and to fulfill the terms of any agreements made with holders of such revenue bonds and notes or in any way impair the rights and remedies of bondholders and note holders until the bonds or notes together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders or note holders, are fully met and discharged. The provisions of this chapter and of the resolutions, trust agreements and proceedings authorizing revenue bonds and notes hereunder shall constitute a contract with the holders of said bonds and notes. [1959 c 236 § 12.]

53.34.130 Bonds, notes, obligations not state or district debt—No ad valorem taxes. The revenue bonds, revenue notes, and any other obligations of a district issued under the authority of this chapter shall not be a debt of the state of Washington or of any political subdivision of this state, nor shall such obligations be considered indebtedness of the port district issuing same within any constitutional, statutory, or other limitation of indebtedness, and neither the state nor any political subdivision thereof, including the port district issuing such revenue bonds or notes, shall ever become obligated to levy ad valorem taxes on any taxable property within the state for the payment of such revenue bonds and notes, but such revenue bonds and notes shall be payable solely from and shall be a charge only upon the revenues and other funds of the project or projects pledged to the payment thereof by the proceedings authorizing the issuance of such bonds and notes. [1959 c 236 § 13.]

Prior to the issuance and delivery of revenue bonds or notes under the authority of this chapter, such revenue bonds or notes and a certified copy of the resolution, resolutions, or trust agreements authorizing such revenue bonds or notes shall be forwarded by the port commission to the state auditor together with any additional information requested by him, and when such revenue bonds or notes have been examined they shall be registered by the auditor in books to be kept by him for that purpose, and a certificate of registration shall be endorsed upon each such revenue bond or note and signed by the auditor or a deputy appointed by him for that purpose.

Revenue bonds or notes so registered shall then be prima facie valid and binding obligations of the port district in accordance with the terms thereof, notwithstanding any defect or irregularity in the proceedings for the authorization and issuance of such revenue bonds or notes or in the sale, execution or delivery thereof or in the application of the proceeds thereof. [1959 c 236 § 14.]

53.34.150 Bonds and notes as legal investment and security. Revenue bonds and notes issued under the authority of this chapter are made securities in which all public officers and bodies of this state, all municipalities and municipal subdivisions and all other political subdivisions of this state, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, savings banks, and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. governmental charges in lieu thereof, upon any of the property acquired by them or under their respective jurisdictions, control, possession, or supervision, upon the activities of port districts in the operation and maintenance of such projects, or upon any charges, fees, rentals, revenues, or other income received by such districts from such projects and that the revenue bonds and notes of port districts and the income therefrom shall at all times be exempt from all taxation in the state of Washington, except transfer, inheritance, and estate taxes. This section shall constitute a covenant and agreement with the holders of all revenue bonds and notes issued by port districts pursuant to the provisions of this chapter. [1959 c 236 § 16.]

Any public agency, by resolution, may authorize the execution of such contracts with a port district and no other authorization on the part of such public agency shall be necessary, any provision of laws or of a city charter to the contrary notwithstanding. Obligations assumed by a public agency pursuant to such contracts entered into under the authority of this chapter shall be included and provided for in each annual budget of such public agency thereafter made until all such obligations have been fully discharged. 53.36.100 Levy for industrial development district purposes—Fund for future use. A port district having adopted a comprehensive scheme of harbor improvements and industrial developments may thereafter raise revenue, for six years only, in addition to all other revenues now authorized by law, by an annual levy not to exceed forty-five cents per thousand dollars of assessed value against the assessed valuation of the taxable property in such port district. Said levy shall be used exclusively for the exercise of the powers granted to port districts under chapter 53.25 RCW except as provided in RCW 53.36.110. 53.36.110 Levy for industrial development district purposes—Excess funds to be used solely for retirement of general obligations. In the event the levy herein authorized shall produce revenue in excess of the requirements to complete the projects of a port district then provided for in its comprehensive scheme of harbor improvements and industrial developments or amendments thereto, said excess shall be used solely for the retirement of general obligation bonded indebtedness. [1957 c 265 § 2.]

53.36.120 Expenditures for industrial development, trade promotion or promotional hosting—Budgeting required. Under the authority of Article VIII, section 8, of the state Constitution, port district expenditures for industrial development, trade promotion or promotional hosting shall be pursuant to specific budget items as approved by the port commission at the annual public hearings on the port district budget. 53.36.130 Expenditures for industrial development, trade promotion or promotional hosting—Source and amount of funds. Funds for promotional hosting expenditures shall be expended only from gross operating revenues and shall not exceed one percent thereof upon the first two million five hundred thousand dollars of such gross operating revenues, one-half of one percent upon the next two million five hundred thousand dollars of such gross operating revenues, and one-fourth of one percent on the excess over five million dollars of such operating revenues: Provided, however, That in no case shall these limitations restrict a port district to less than twenty-five hundred dollars per year from any funds available to the port. [1967 c 136 § 2.]

53.36.140 Expenditures for industrial development, trade promotion or promotional hosting—Rules and regulations—Authorizations—Vouchers. Port commissions shall adopt, in writing, rules and regulations governing promotional hosting expenditures by port employees or agents. Such rules shall identify officials and agents authorized to make such expenditures and the approved objectives of such spending. Port commissioners shall not personally make such expenditures, or seek reimbursement therefor, except where specific authorization of such expenditures has been approved by the port commission. All payments and reimbursements shall be identified and supported on vouchers approved by the port auditor. [1967 c 136 § 3.]

53.39.010 Preamble—Duration of powers granted. The unsettled state of world conditions has made it necessary for the government of the United States of America to enter into a vast extension of its defense
program and to proceed with that program with all possible speed. The federal government has requested the assistance of state governments and of municipal corporations in this program. The port districts of the state of Washington having control of large harbor and real estate areas, the use and improvement of which are in some cases deemed by the federal government imperative to national defense purposes, it is necessary, in order that port districts may respond without delay to requests of the federal government for facilities necessary to this program, that the port districts and the port commissions thereof be given the necessary authority to assist in this program. The powers and authority herein granted, insofar as the construction of improvements and the original issuance of bonds for the financing thereof are concerned, shall be for the duration of the present emergency only. [1941 c 218 § 1; Rem. Supp. 1941 § 9718-1.]

53.39.020 Powers—National defense program. Port districts shall have the power, in the promulgation of the national defense program, to construct on property owned or controlled by the port district, piers, wharves, docks, boat landings, terminals, warehouses, storehouses, bunkers, oil tanks, and other harbor improvements, rail, transfer and terminal facilities, and to acquire such machinery, equipment and other facilities, as may be necessary or convenient to the successful operation of the same, included in the cost of which shall be the preparation of sites, grading of lands and dredging of waterways, all of which shall hereinafter be referred to as "improvements", upon the finding by the port commission that such construction is necessary to the national defense program, without the adoption of a comprehensive scheme for harbor improvement and regardless of any comprehensive scheme which may previously have been adopted; and for said purposes to contract indebtedness and issue revenue bonds evidencing said indebtedness, in conformity with this chapter, without further authorization or approval and without regard to existing statutory provisions, requirements and limitations. [1941 c 218 § 2; Rem. Supp. 1941 § 9718-2.]

53.39.030 Revenue bonds—Resolution. All revenue bonds authorized under the terms of this chapter may be issued and sold by the port districts from time to time and in such amounts as may be deemed necessary in the judgment of the port commission, to provide sufficient funds for the construction or acquisition of any improvements, and to include in the cost of construction, engineering, inspection, accounting, fiscal and legal expenses, the cost of issuance of bonds, including engraving, printing and advertising, and other similar expenses, and to pay interest on outstanding bonds issued for the construction of the same during the period of actual construction and for six months after the completion thereof, and the proceeds of such bond issue are hereby made available for such purposes. The port commission of the port districts shall determine the form, conditions and denominations of all such bonds, and shall determine the maturity dates which the bonds so to be sold shall bear and the interest rate thereon. It shall not be necessary that all bonds of the same authorized issue bear the same interest rate. Principal and interest of such bonds shall be payable at such place or places as may be fixed and determined by the port commission and said bonds may contain provisions for registration thereof as to principal only, and as to both principal and interest. Said bonds shall be issued in coupon form with interest payable at such times as may be determined by the port commission and in such amounts as the said port commission may prescribe. The port commission may provide for the retirement of said bonds at any time or times prior to their maturity, and in such manner and upon payment of such premiums as may be fixed and determined by the resolution of such commission providing for the issuance of such bonds and referred to therein. [1970 ex.s. c 56 § 72; 1969 ex.s. c 232 § 82; 1941 c 218 § 3; Rem. Supp. 1941 § 9718-3.]

53.39.040 Sale of bonds. Port districts may, but shall not be required by the terms of this chapter, to sell any or all bonds issued under its provisions to the federal government or any agency of the federal government at private sale and without the necessity of public advertisement or calling for bids, but in no event shall the sale of said bonds be permitted for less than the principal and accrued interest thereon. Sales to others than the federal government or its agencies shall be made in the manner provided by law for the sale of other port district bonds. [1941 c 218 § 4; Rem. Supp. 1941 § 9718-4.]

Bonds sold to government at private sale: Chapter 39.48 RCW.

53.39.050 Payment of bonds—Revenue from improvements—Loans from general fund—Special fund—Temporary bonds—Trust indenture to secure bonds. Bonds issued under the provisions of this chapter shall be payable solely out of revenues received from the use of the improvements acquired and/or constructed from the proceeds of the sale of such bonds, from the proceeds of the sale or other disposition of said improvements, or from loans of general fund moneys of the port districts not otherwise appropriated. Such loans shall be only made after a resolution by the port district providing for the repayment of said loans from said revenues or said proceeds. Moneys received by any port district from the sale or condemnation of property constructed or acquired by the issuance of revenue bonds under the authority of this chapter shall be used solely for the payment of the principal of and interest on the revenue bonds issued to pay the cost of construction or acquiring such property to the extent necessary to pay such principal and interest in full. Said bonds may be authorized by resolution adopted by the port commission of such port district. Such resolution or the trust indenture authorized by such resolution to secure such bonds as herein-after provided, or both such resolution and trust indenture, shall provide for the creation of a special fund or funds into which fund or funds the port commission

[Title 53 RCW (1979 Ed.)—p 35]
may obligate and bind such port district to set aside and pay a fixed proportion of the gross revenues received from the use of said improvements, or any fixed amount out of and not exceeding a fixed proportion of such revenue, or a fixed amount without regard to any fixed proportion, which fund or funds shall be drawn upon solely for the purpose of paying the principal and interest upon the bonds issued pursuant to this chapter. Such bonds shall be negotiable instruments under the law merchant even though they shall be payable solely from such special fund or funds and shall never be deemed a charge upon the tax revenues of such port district. Such bonds shall state upon their face that they are payable from such special fund or funds. Should the corporate authorities of any port district fail to set aside and pay into such fund or funds the payments provided for in such resolution or the trust indenture authorized by such resolution to secure such bonds as hereinbefore provided, or in both such resolution and trust indenture, the holder of any such bonds may bring suit to compel compliance with the terms of such resolution or trust indenture, or both. Pending the preparation and execution of such bonds, temporary bonds may be issued in such form as the port commission of the port district may elect.

In the discretion of the port commission of any such port district, such bonds may be secured by a trust indenture, including indentures supplemental thereto, by and between such port district and a trustee, which shall be any trust company or bank having the powers of a trust company within or outside of the state.

Such trust indenture may appoint a depositary and trustee to receive and disburse in the place and stead of the county treasurer, ex officio treasurer of such port district, notwithstanding any other provision of the law to the contrary, all moneys received and to be received by said port district as the proceeds of sale of such bonds, and from the ownership, operation, sale, lease or other use or disposition of the improvements acquired from the proceeds of the sale of such bonds; and may pledge or assign to such depositary and trustee revenues to be received from the use of the improvements acquired and/or constructed from the proceeds of the sale of such bonds, and may pledge or assign moneys received as the proceeds of the sale, leasing or other disposition of said improvements, but shall not convey or mortgage such improvements or any part thereof. Either the resolution providing for the issuance of such bonds or such trust indenture or both, may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper, not in violation of law, for the security of the bondholders, which provisions may be those specifically described and authorized elsewhere in this chapter to be contained in the resolution authorizing issuance of such bonds, or may be other similar provisions customarily contained in trust indentures for the security of bondholders.

Without limiting the generality of the foregoing, any such resolution or indenture, or both, may contain covenants as to:

1. The creation of a special fund or funds into which the proceeds of bonds issued pursuant to this chapter shall be deposited and the terms and conditions upon which payments may be made from said funds, and for the payment of interest on bonds issued pursuant hereto from the moneys in said funds;

2. Maintaining rents, rates and charges for the use of the improvements constructed or acquired from the proceeds of such bonds and services rendered in connection therewith sufficient at all times to provide revenues to pay the interest of and principal on all bonds and other obligations payable from said revenues, and to meet all other payments from said revenues pursuant to, or as provided in, any resolution or indenture, or both, adopted or entered into in connection with the issuance of bonds under this chapter, and to pay the operating and maintenance costs of such improvements;

3. Limitations upon the power of the port commission or other governing body of any such port district, or any other corporate authorities thereof, to divert the revenues derived from the operation, sale or lease or other disposition of any such improvements to any other

[Title 53 RCW (1979 Ed.)—p 36]
purposes than the payment of the principal of and interest on all bonds payable from said revenues, and other payments from said revenues pursuant to, or as provided in, any resolution or indenture, or both, adopted or entered into in connection with the issuance of bonds under this chapter, and the payment of operating and maintenance costs of such improvements, and requiring the application of surplus revenues over and above said payments to the retirement of bonds or other obligations constituting a charge on said revenues as provided in such resolution or trust indenture, or both;

(4) The collection, depositing, custody and disbursement of the revenues of any such improvements, in the place and stead of the county treasurer, ex officio treasurer of such port district, notwithstanding any other provision of law to the contrary, including a specification of a depositary and trustee designated to hold such deposits and granting to such depositary and trustee, or other banks or trust companies authority to act as fiscal agent of any such port district for the custody of the proceeds of bonds and the moneys held in any fund created pursuant to said chapter or any such resolution or indenture, or both, authorizing such bonds, and to represent the holders of such bonds in the event of a default on such bonds or in the event of a default in the performance of any duty or obligation of such port district, or the corporate authorities thereof, in connection therewith, with such power and duty as such resolution or indenture, or both, may provide;

(5) The preparation of an annual budget and of monthly budgets for the operation, maintenance, renewal and replacement of such improvements, and the manner in which such budgets will be prepared and adopted, including the holding of public hearings thereon and limiting the authority to incur indebtedness or make expenditures in excess of such budgets;

(6) The creation and administration of reserve and other funds for the payment of all indebtedness payable from the revenues of said improvements at or prior to maturity, and for the creation of working funds, depreciation funds, renewal funds, replacement funds, reserves for extraordinary repairs and any other fund deemed necessary or desirable to insure the continued profitable operation of said improvements;

(7) The deposit of collateral security or indemnity bonds to secure the proceeds of all bonds issued pursuant to this chapter, and of all revenues of any such improvements and all moneys deposited in any special fund created under the authority of this chapter, or any covenant hereunder;

(8) The obligation of any such port district to maintain such improvements in good condition and to operate same in an economical and efficient manner;

(9) The amount and kind of insurance to be carried by any such port district in connection with such improvements, and the equipment and properties thereof, the companies in which such insurance shall be carried and the term thereof, and the application of the proceeds of any such insurance, and all adjustments of losses, under any policy of insurance carried on such improvements;

(10) Limitations upon the amount of additional bonds, warrants, or other obligations payable from the revenues of such improvements which may be issued thereafter, and the terms and conditions upon which such additional bonds, warrants or other obligations may be issued;

(11) Limitations upon the creation of additional liens or encumbrances on the real or personal property of any such improvements;

(12) The terms and conditions upon which the improvements, or any part thereof, may be purchased, acquired, sold, mortgaged, leased or otherwise disposed of, and the use or other disposition of the proceeds of any such sale, mortgage or lease;

(13) The operation, maintenance, management, accounting and auditing, and the keeping of records, reports and audits of any such improvements and the publication of same;

(14) The appointment, powers and duties of a receiver in the event of a default in the payment of the principal of or interest on any bonds issued pursuant to this chapter, or in the event of a default in the performance of any duty or obligation of any such port district or the corporate authorities thereof, in connection therewith, such receiver to be appointed as a matter of right upon application to any court of competent jurisdiction at the instance of a holder or owner, or holders or owners, of any such bonds;

(15) The amendment or modification of any resolution or indenture or both authorizing the issuance of any bonds hereunder, and the terms and conditions, and the amount or percentage of assenting bonds necessary to effectuate such amendment or modification;

(16) Limitations on the use of the improvements or services rendered in connection therewith without payment therefor, restrictions upon the diversion of business or the giving or permitting of preferential treatment in rates or service or otherwise to other port facilities of such district, in competition with, or to the detriment of, the improvements constructed and/or acquired under this chapter, and obligations of the district as to the requiring of prior or preferential use of the improvements constructed and/or acquired under this chapter; and

(17) Such other covenants as may be deemed necessary or desirable to insure a successful and profitable operation of any such improvements.

The port commission of any such port district shall have full and complete authority to fix rents, rates and charges for the use and occupation of, and any services rendered in connection with, any such improvements.

All expenses incurred in carrying out such trust indenture may be treated as a part of cost of operation, maintenance and repair of said improvements.

Any provision required or permitted to be contained in the resolution authorizing issuance of such revenue bonds hereunder may also or instead be contained in such trust indenture, and the execution of any such trust indenture shall be authorized by the resolution authorizing issuance of the bonds, which resolution may authorize issuance of the bonds pursuant to the terms of such trust indenture. The bonds issued pursuant to the terms of such trust indenture and secured thereby may be...
made payable at the office of the trustee and/or such other place or places within or outside the state as the trust indenture may provide, and all funds held by the trustee shall be held in trust solely for the purposes designated in such trust indenture. [1943 c 33 § 2; Rem. Supp. 1943 § 9718–5a.]

53.39.070 Funding and refunding of bonds—Invalidity no defense to collection of bonds authorized. Any such port district may from time to time refund any bonds authorized by and issued pursuant to this chapter by the issuance of new bonds as herein provided, whether the bonds to be refunded have or have not matured and may issue bonds to refund matured coupons evidencing interest upon any such bonds so refunded. Any such port district may issue bonds partly to refund bonds and matured coupons as above provided, and partly for any other purposes in connection with the construction, betterment, operation and maintenance of such improvements. No defense of invalidity, or irregularity in any such bonds funded or refunded by the issuance of bonds hereunder shall be a valid defense in any action at law or equity for a judgment upon or for the enforcement or collection of any bonds authorized by and issued pursuant to this chapter, and no court shall have jurisdiction to entertain any such defense in any such action or proceeding. [1943 c 33 § 3; 1941 c 218 § 6; Rem. Supp. 1943 § 9718–6.]

53.39.080 Protection of bondholders—Resolution or trust indenture as contract. Any resolution authorizing the issuance of bonds pursuant to the provisions of this chapter may contain covenants of any such port district to protect and safeguard the security and rights of the holders of any such bonds, and such other covenants not inconsistent with the other provisions of this chapter which will increase the marketability of such bonds. The provisions of this chapter and of any such resolution and of any trust indenture entered into pursuant to RCW 53.39.050, shall constitute a contract with the holders of such bonds and the provisions thereof shall be enforceable by any owner or holder of such bonds by mandamus or any other appropriate suit, action or proceeding at law or in equity in any court of competent jurisdiction. [1943 c 33 § 4; 1941 c 218 § 7; Rem. Supp. 1943 § 9718–7.]

53.39.900 Construction—1941 c 218. This chapter shall be complete authority for the issuance of the bonds hereby authorized, and shall be liberally construed to accomplish its purposes. Any restrictions, limitations or regulations relative to the issuance of such bonds contained in any other act shall not apply to the bonds issued under this chapter. Any act inconsistent therewith shall be deemed modified to conform with the provisions of this chapter for the purposes of this chapter only. [1941 c 218 § 8; Rem. Supp. 1941 § 9718–8.]

53.39.910 Prior acts validated. Any proceedings which have heretofore been taken by any port district and any contracts which have heretofore been entered into by such port district, including contracts entered into through issuance of revenue bonds or through the execution of any trust indenture to secure such bonds, which proceedings or contracts are authorized under the provisions of this chapter, shall be regarded as having been taken or entered into under the authority of this chapter, notwithstanding the fact that such proceedings may have been taken or such contracts may have been entered into prior to the enactment hereof, and such proceedings and such contracts are hereby validated, ratified and confirmed. [1943 c 33 § 5; Rem. Supp. 1943 § 9718–8a.]

53.39.920 Severability—1943 c 33. Notwithstanding any other evidence of legislative intent, it is hereby declared to be the controlling legislative intent that if any provision of this chapter, or the application thereof to any person or circumstance, is held invalid, the remainder of the chapter and the application of such provision to persons or circumstances other than those to which it is held invalid, shall not be affected thereby. [1943 c 33 § 6; Rem. Supp. 1943 § 9718–8b.]

53.39.930 Effective date—1941 c 218. This chapter is necessary for the preservation of the public peace and safety, to national defense, and the support of the state government and its existing institutions, and shall take effect immediately. [1941 c 218 § 9; no RRS.]

Any indebtedness heretofore contracted by the board of commissioners of any port district of the state of Washington having an assessed valuation of less than three million dollars without an election authorizing the same, for and on behalf of the port district for port district purposes, in any amount (together with all other port district indebtedness, contracted by the board of commissioners without an election authorizing the same, existing as of the date or dates of the contracting of the indebtedness first referred to herein) not in excess of one and one-half percent of the value of the taxable property therein but exceeding (together with the said other and additional indebtedness above referred to) the amount of indebtedness permitted to be incurred by port districts without an election authorizing the same under the statutes of Washington, is hereby validated: Provided, That before any such validation shall become effectual as to any specific indebtedness of any such port district, the board of commissioners thereof shall investigate the incurring of all such indebtedness and the issuance of the bonds, warrants, or other instruments evidencing such indebtedness, and shall be required to find, determine, and declare therefrom, by and in a resolution adopted by said board, that the indebtedness in question has been contracted and incurred for port district purposes and that such indebtedness constitutes a proper and equitable charge against such port district, and that it constitutes the valid indebtedness of the port district; whereupon such indebtedness shall be the valid and legal indebtedness of such port district. [1941 c 7 § 1; Rem. Supp. 1941 § 9692A–1. Formerly RCW 53.44.060.]

53.43.020 Funding or refunding indebtedness—Issuance of bonds—Election. The board of commissioners of any port district of the state of Washington shall have the right and power to fund or to refund any of its outstanding indebtedness and accrued interest thereon, including any indebtedness which shall be validated hereunder, by the issuance of funding or refunding bonds, whenever, in the judgment of the board by resolution thereof duly adopted and declared, it shall have been found, determined, and declared by said board that the proposed funding or refunding of such indebtedness will inure to the benefit and credit of the port district and that such funding or refunding will result in a reduction of the indebtedness amount or in the rate of interest borne thereby: Provided, however, That no bonds for such funding or refunding shall be issued until authorized by a majority vote of the voters of such port district, voting at a general or special election called therefor (which shall be held as other elections are held within port districts). [1941 c 7 § 2; Rem. Supp. 1941 § 9692A–2.]

53.43.030 Requisites of bonds—Maturity—Redemption. Such funding or refunding bonds shall be the general bonds of the district issuing the same, payable out of and from annual taxes upon all the taxable property within the port district levied and collected as are other port district taxes. Such bonds shall run for a period of not exceeding twenty years from date thereof, and shall mature and be payable on the amortization plan prescribed by RCW 39.44.010: Provided, however, That any such bonds may be issued to mature commencing at the end of the first year after date thereof, and the foregoing amortization plan may be departed from when, in view of other taxation and financial burdens of any such port district, it shall be to the advantage of the port district and of the owners of the property therein, in the judgment of the board of commissioners thereof, to depart from such amortization plan; and said bonds or any part thereof maturing on or after ten years from date thereof may be made redeemable on any interest payment date prior to their dates of fixed maturity, at the option of the port district, upon such prior notice thereof as shall be determined by resolution of said board and as expressed upon the face of the bonds thus subjected to the right of prior redemption. The board of commissioners shall have the right to apply to the payment of said bonds and to the prior redemption thereof any other moneys or funds belonging to said port district which are legally available for such purpose. [1941 c 7 § 3; Rem. Supp. 1941 § 9692A–3.]

53.43.040 Interest on bonds—Form and execution—Issuance by sale or exchange—Limitation of amount. Such funding or refunding bonds shall bear interest at a rate not in excess of five percent per annum as may be fixed by the board after the sale of said bonds, or, in the event of the issuance thereof by exchange, prior to such exchange; and the form of said bonds and interest coupons which shall be attached thereto, their execution, and said bonds in all other respects, shall be as permitted by law and as provided by resolution of said board. Funding or refunding bonds may be issued by way of sale, or by exchange of such funding or refunding bonds for the warrants, bonds, or other instruments evidencing the indebtedness thus to be funded or refunded: Provided, That such funding or refunding bonds thus issued after sale thereof, or by exchange thereof, shall not exceed, in principal amount, the principal and interest of the indebtedness thereby funded or refunded, and the funding or refunding bonds shall bear a lower rate of interest than the rate of interest borne by the indebtedness funded or refunded thereby and not in excess of five percent per annum. [1941 c 7 § 4; Rem. Supp. 1941 § 9692A–4.]

Form and interest: Chapter 39.44 RCW.

53.43.050 Validation by vote—Effect. Port district indebtedness heretofore incurred by any port district of the state of Washington having an assessed valuation of less than three million dollars in an amount in excess of one and one-half percent of the value of the taxable property within any such port district but not exceeding five percent of such value, may be validated by a vote of three-fifths of the voters of such port district, voting on the proposition of the validation of such indebtedness and assenting thereto at a general or special election held within such port district (as other elections are held within port districts), at which election the proposition of such validation shall be submitted; and thereupon any
such indebtedness thus validated, or any other valid indebtedness of the port district, may be funded or refunded, under the provisions of this chapter, subject to all the foregoing requirements affecting funding and refunding bonds. [1941 c 7 § 5; Rem. Supp. 1941 § 9692A–5. Formerly RCW 53.44.050, part.]

53.43.060 Bond election for funding or refunding indebtedness—Vote required. If, at said election, the validation of any such indebtedness shall be assented to by three-fifths of the voters within said port district voting at any such election, said indebtedness shall be and become a valid indebtedness of the port district. [1941 c 7 § 6; Rem. Supp. 1941 § 9692A–6. Formerly RCW 53.44.050, part.]

Elections: Title 29 RCW.

53.47.040 Hearing on petition—Notice, publication—Creditor claims, determination—Terms and conditions of court order if district to be dissolved. The superior court, upon the filing of such petition, shall set such petition for hearing not less than one hundred twenty days and not more than one hundred eighty days after the date of filing said petition. Further, the court shall order the clerk of said court to give notice of the time and place fixed for the hearing by publication of notice in a newspaper of general circulation within such district, such publication to be once each week for three consecutive weeks, the date of first publication to be not less than thirty nor more than seventy days prior to the date fixed for the hearing upon such petition. Said notice shall further provide that all creditors of said district, including holders of revenue or general obligation bonds issued by said district, if any, shall present their claims to the clerk of said district within ninety days from the date of first publication of said notice, and that upon failure to do so all such claims will be forever barred. The clerk shall also mail a copy by ordinary mail of such notice to all creditors of said district, including holders of revenue or general obligation bonds issued by said district, if any, such mailing to be mailed not later than thirty days after the hearing date has been set. No other or further notices shall be required at any stage of the proceedings for dissolution of an inactive port district pursuant to this chapter.

The clerk, ten days prior to the date set for the hearing, shall deliver to the court the following:

(1) A list of the liabilities of the port district in detail with the names and addresses of creditors as then known; and

(2) A list of the assets of the port district in detail as then known.

The court upon hearing the petition shall fix and determine all such claims subject to proof being properly filed as provided in this section; shall fix and determine the financial condition of the district as to its assets and liabilities, and if it finds the port district to be inactive in respect of any standard of inactivity set forth by this chapter, shall order the port district to be dissolved upon the following terms and conditions:

(1) If there be no outstanding debts, or if the debts be less than the existing assets, the court shall appoint the auditor of the county in which the port district is located to be trustee of the port's assets and shall empower such person to wind up and liquidate the affairs of such district in such manner as the court shall provide and to file his accounting with the court within ninety days from the date of his appointment. Upon the filing of such account, the court shall fix a date for hearing upon the same and upon approval thereof, if such accounting be the final accounting, shall enter its order approving the same and declaring the port district dissolved.

At the request of the trustee the county sheriff may sell, at public auction, all real and personal property of the port district. The county sheriff shall cause a notice of such sale fixing the time and place thereof which shall be at a suitable place, which will be noted in the advertisement for sale. Such notice shall contain a description of the property to be sold and shall be signed by the sheriff or his deputy. Such notice shall be published at least once in an official newspaper in said county at least ten days prior to the date fixed for said sale. The sheriff or his deputy shall conduct said sale and sell the property described in the notice at public auction to the highest and best bidder for cash, and upon payment of the amount of such bid shall deliver the said property to such bidder. The moneys arising from such sale shall be turned over to the county auditor acting as trustee: Provided, however, That the sheriff shall first deduct the costs and expenses of the sale from the moneys and shall apply such moneys to pay said costs and expenses.

The court order shall provide that the assets remaining in the hands of the trustee shall be transferred to any school district, districts, or portions of districts, lying
within the dissolved port district boundaries. The transfer of assets shall be prorated to the districts based on the assessed valuation of said districts.

(2) If the debts exceed the assets of the port district, then the court shall appoint the auditor of the county in which a port district is located to be trustee of the port’s assets for the purpose of conserving the same and of paying liability of the port district as funds become available therefor. The trustee shall be empowered to generally manage, wind up, and liquidate the affairs of such district in such manner as the court shall provide and to file his accounting with the court within ninety days from the date of his appointment and as often thereafter as the court shall provide. The board of county commissioners, acting as pro tempore port district commissioners under the authority of RCW 53.36-020 shall levy an annual tax not exceeding forty-five cents per thousand dollars of assessed value or such lesser amount as may previously have been voted by the taxpayers within said district, together with an amount deemed necessary by payment of the costs and expenses attendant upon the dissolution of said district, upon all the taxable property within said district, the amount of such levy to be determined from time to time by the court. When, as shown by the final accounting of the trustee, all of the indebtedness of the district shall have been satisfied, the cost and expense of the proceeding paid or provided for, and of the affairs of the district wound up, the court shall declare the district dissolved: Provided, That if the indebtedness be composed in whole or in part of bonded debt for which a regular program of retirement has been provided, then the board of county commissioners shall be directed by the court to continue to make such annual levies as are required for the purpose of debt service upon said bonded debt. [1973 1st ex.s. c 195 § 59; 1971 ex.s. c 162 § 4.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

53.47.050 Effect of final order of dissolution. [1971 ex.s. c 162 § 5.]

Purpose—1941 c 87: "This act is intended to authorize the dissolution of all types of municipal corporations having governing bodies, other than those excepted from the application of this act, in cases where the occasion or reason for continued existence of such corporation has ceased, or where the best interests of all persons concerned would be served by such dissolution, and shall be liberally construed to effect such intent." [1941 c 87 § 12.]

Severability—1941 c 87: "If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are declared to be severable." [1941 c 87 § 11.]

[1941 c 87 § 2; Rem. Supp. 1941 § 8931-12.]

53.48.030 Order for hearing—Notice. Upon the filing of such petition for an order of dissolution, the superior court shall enter an order setting the same for hearing at a date not less than thirty days from the date of filing, and the clerk of the court of said county shall
give notice of such hearing by publication in a newspaper of general circulation in the county in which the district is located once a week for three successive weeks, and by posting in three public places in the county in which the district is located at least twenty-one days before said hearing. A finding that the best interests of all persons concerned will be served by the proposed dissolution shall be essential to an order of dissolution. The purpose of such hearing shall be to determine ways and means of retiring the established indebtedness of the district and paying all costs and expenses of proceedings hereunder. Such ways and means may include the levy of assessments against the property in the district as provided in RCW 53.48.080. [1941 c 87 § 6; Rem. Supp. 1941 § 8931-16.]

At such hearing any property owner within the district may appear and be heard for or against such levy. [1941 c 87 § 8; Rem. Supp. 1941 § 8931-18.]

[1974 ex.s. c 121 § 1.]

53.54.020 Investigation and monitoring of noise impact—Programs to conform to needs—“Impacted areas”. Prior to initiating programs as authorized in this chapter, the port commission shall undertake the investigation and monitoring of aircraft noise impact to determine the nature and extent of the impact. The port commission shall adopt a program of noise impact abatement based upon the investigations and as amended periodically to conform to needs demonstrated by the monitoring programs: Provided, That in no case may the port district undertake any of the programs of this chapter in an area which is more than six miles beyond the paved end of any runway or more than thirty-three hundred feet from the centerline of any runway or from an imaginary runway centerline extending six miles from the paved end of such runway. The port district may mortgage or otherwise pledge any such properties acquired to secure such transactions. The port district may assume any outstanding mortgages.

(2) Programs of soundproofing structures located within an impacted area. (3) Mortgage insurance of private owners of lands or improvements within such noise impacted area where such private owners are unable to obtain mortgage insurance solely because of noise impact. In this regard, the port district may establish reasonable regulations and may impose reasonable conditions and charges upon the granting of such mortgage insurance: Provided, That such fees and charges shall at no time exceed fees established for federal mortgage insurance programs for like service.

(4) Management of all lands, easements, or development rights acquired, including but not limited to the following:

(a) Rental of any or all lands or structures acquired;
(b) Redevelopment of any such lands for any economic use consistent with airport operations, local zoning and the state environmental policy;
(c) Sale of such properties for cash or for time payment and subjection of such property to mortgage or other security transaction: Provided, That any such sale shall reserve to the port district by covenant an unconditional right of easement for the operation of all aircraft and for all noise or noise conditions associated therewith.

(5) A property shall be considered within the impacted area if any part thereof is within the impacted area. [1974 ex.s. c 121 § 3.]

The commission may at the same time and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by the bidders.

Whenever equipment or materials required by a district are held by a governmental agency and are available for sale but such agency is unwilling to submit a proposal, the commission may ascertain the price of such items and file a statement of such price supported by the sworn affidavit of one member of the commission and may consider such price as a bid without a deposit or bond: Provided, That where an emergency arises endangering the public safety, or threatening property damage, the commission may purchase materials or order work performed by others in addition to regularly employed personnel in any amount necessary without calling for bids after having taken precautions to secure the lowest price practicable under the circumstances. [1971 ex.s.c 220 § 4; 1955 c 124 § 2. Prior: 1951 c 207 § 2; 1931 c 1 § 8, part; RRS § 11612, part.]

54.04.080 Bids—Deposit—Contract. Any notice inviting sealed bids shall state generally the work to be done, or the material to be purchased and shall call for proposals for furnishing it, to be sealed and filed with the commission on or before the time named therein. Each bid shall be accompanied by a certified or cashier’s check, payable to the order of the commission, for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond unless he enters into a contract in accordance with his bid and furnishes the performance bond herein mentioned within ten days from the date on which he is notified that he is the successful bidder. At the time and place named, the bids shall be publicly opened and read, and the commission shall canvass the bids, and may let the contract to the lowest responsible bidder upon the plans and specifications on file, or to the best bidder submitting his own plans or specifications; or if the contract to be let is to construct or improve electrical facilities, the contract may be let to the lowest bidder prequalified according to the provisions of RCW 54.04.085 upon the plans and specifications on file, or to the best bidder submitting his own plans and specifications: Provided, That no contract shall be let for more than fifteen percent in excess of the estimated cost of the materials or work. The commission may reject all bids and readvertise, and in such case all checks shall be returned to the bidders. The commission may procure materials in the open market, have its own personnel perform the work or negotiate a contract for such work to be performed by others, in lieu of readvertising, if it receives no bid. If the contract is let, all checks shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract is entered into and a bond to perform the work furnished, with sureties satisfactory to the commission, in an amount to be fixed by the commission, not less than twenty-five percent of the contract price, in accordance with the bid. If the bidder fails to enter into the contract and furnish the bond within ten days from the date at which he is notified that he is the successful bidder, his check and the amount thereof shall be forfeited to the district.

The commission shall, by resolution, define the term “same kind of materials, equipment, and supplies” with respect to purchase of items under the provisions of RCW 54.04.070.

The term “construction or improvement of any electrical facility” as used in this section and in RCW 54.04.085, shall mean the construction, the moving, maintenance, modification, or enlargement of facilities.
primarily used or to be used for the transmission or distribution of electricity at voltages above seven hundred fifty volts, including structures directly supporting transmission or distribution conductors but not including site preparation, housing, or protective fencing associated with but not included in a contract for such construction, moving, modification, maintenance, or enlargement of such facilities.

The commission shall be the final authority with regard to whether a bid is responsive to the call for bids and as to whether a bidder is a responsible bidder under the conditions of his bid. No award of contract shall be invalidated solely because of the failure of any prospective bidder to receive an invitation to bid. [1972 ex.s. c 41 § 1; 1971 ex.s. c 220 § 3; 1955 c 124 § 3. Prior: 1951 c 207 § 3; 1931 c 1 § 8, part; RRS § 11612, part.]

54.04.082 Alternative bid procedure—Telephone and/or written quotations of price. For the awarding of a contract to purchase any item, or items of the same kind of materials, equipment, or supplies in an amount exceeding five thousand dollars, but less than fifteen thousand dollars, exclusive of sales tax, the commission may, in lieu of the procedure described in RCW 54.04.070 and 54.04.080 requiring public notice to invite sealed proposals for such materials, equipment, or supplies, authorize by commission resolution a staff procedure for securing telephone and/or written quotations from enough vendors to assure establishment of a competitive price and for awarding such contracts for purchase of materials, equipment, or supplies to the lowest responsible bidder. Immediately after the award is made, the bid quotations obtained shall be recorded and shall be posted or otherwise made available at the office of the commission or any other officially designated location. Waiver of the deposit or bid bond required under RCW 54.04.080 may be authorized by the commission in securing such bid quotations. [1977 1st ex.s. c 116 § 1.]

54.04.085 Electrical facility construction or improvement—Bid proposals—Contract proposal forms—Conditions for issuance—Appeals. A district shall require that bid proposals upon any construction or improvement of any electrical facility shall be made upon contract proposal form supplied by the district commission, and in no other manner. The district commission shall, before furnishing any person, firm or corporation desiring to bid upon any electrical work with a contract proposal form, require from such person, firm or corporation, answers to questions contained in a standard form of questionnaire and financial statement, including a complete statement of the financial ability and experience of such person, firm, or corporation in performing electrical work. Such questionnaire shall be sworn to before a notary public or other person authorized to take acknowledgment of deeds, and shall be submitted once a year and at such other times as the district commission may require. Whenever the district commission is not satisfied with the sufficiency of the answers contained in such questionnaire and financial statement or whenever the district commission determines that such person, firm, or corporation does not meet all of the requirements hereinafter set forth it may refuse to furnish such person, firm or corporation with a contract proposal form and any bid proposal of such person, firm or corporation must be disregarded. In order to obtain a contract proposal form, a person, firm or corporation shall have all of the following requirements:

1. Adequate financial resources, or the ability to secure such resources;
2. The necessary experience, organization, and technical qualifications to perform the proposed contract;
3. The ability to comply with the required performance schedule taking into consideration all of its existing business commitments;
4. A satisfactory record of performance, integrity, judgment, and skills; and
5. Be otherwise qualified and eligible to receive an award under applicable laws and regulations.

Such refusal shall be conclusive unless appeal therefrom to the superior court of the county where the utility district is situated or Thurston county be taken within fifteen days, which appeal shall be heard summarily within ten days after the same is taken and on five days' notice thereof to the district commission. [1971 ex.s. c 220 § 2.]

54.04.090 Minimum wages. Each contractor and subcontractor performing work for a public utility district or a local utility district within a public utility district shall pay or cause to be paid to its employees on the work or under the contract or subcontract, not less than the minimum scale fixed by the resolution of the commission prior to the notice and call for bids on the work. The commission, in fixing the minimum scale of wages, shall fix them as nearly as possible to the current prevailing wages within the district for work of like character. [1955 c 124 § 4. Prior: 1931 c 1 § 8, part; RRS § 11612, part.]

Prevailing wages on public works: Chapter 39.12 RCW.

54.04.100 Wholesale power—Procedure as to rate filing—Definition—Duty to furnish to district. Whenever a decree of public use and necessity heretofore has been or hereafter shall be entered in condemnation proceedings conducted by a public utility district for the acquisition of electrical distribution properties, or whenever it has executed a contract for the purchase of such properties, the district may cause to be filed with the department of public service a copy of such contract or a certified copy of the decree, together with a petition requesting that the department cause a rate to be filed with it for the sale of wholesale power to the district. Thereupon the department of public service shall order that a rate be filed with the department forthwith for the sale of wholesale power to such district. The term "wholesale power" means electric energy sold for purposes of resale. The department shall have authority to enter such order as to any public service corporation which owns or operates the electrical distribution properties being condemned or purchased or as to any such corporation which owns or operates transmission facilities within a reasonable distance of
such distribution properties and which engages in the business of selling wholesale power, pursuant to contract or otherwise. The rate filed shall be for the period of service specified by the district, or if the district does not specify a particular period, such rate shall apply from the commencement of service until the district terminates same by thirty days' written notice.

Upon reasonable notice, any such public service corporation shall furnish wholesale power to any public utility district owning or operating electrical distribution properties. Whenever a public service corporation shall furnish wholesale power to a district and the charge or rate therefor is reviewed by the department, such reasonable rate as the department finally may fix shall apply as to power thereafter furnished and as to that previously furnished under such charge or rate from the time that the complaint concerning the same shall have been filed by the department or the district, as the case may be. [1945 c 130 § 2; Rem. Supp. 1945 § 10459-12. Formerly RCW 54.04.010, 54.04.100 and 54.04.110.]

*Reviser's note: The powers and duties of the "department of public service" have devolved upon the utilities and transportation commission under the authority of 1961 c 290 § 1, which reads "From and after the effective date of this act the Washington public service commission shall be known and designated as the Washington utilities and transportation commission." The effective date of such act was midnight June 7, 1961; see preface 1961 session laws.

Purpose—1945 c 130: "The legislature has found that the public utility districts of this state, including several which at the present moment are completing the acquisition of electrical properties and the sale of revenue bonds, have immediate need for this act, in order to effectuate timely arrangements for their wholesale power requirements, clarify their condemnation procedure, and plan their operations." [1945 c 130 § 1.]

Severability—1945 c 130: "If any section or provision of this act shall be adjudged to be invalid, such adjudication shall not affect the validity of the act as a whole or any section, provision or part thereof not adjudged to be invalid." [1945 c 130 § 5.]

The foregoing annotations apply to RCW 54.04.100, 54.04.120 and 54.20.010.

### 54.04.120 Planning powers

In order that the commissioners of a public utility district may be better able to plan for the marketing of power and for the development of resources pertaining thereto, they shall have the same powers as are vested in a board of county commissioners as provided in chapter 44, Laws of 1935 (sections 9322-2 to 9322-4, both inclusive, and 9322-10 to 9322-11 inclusive, Remington's Revised Statutes, also Pierce's Perpetual Code 776-3 to -7, 776-19 and -21), entitled: "An Act relating to city, town, county and regional planning and the creation, organization, duties and powers of planning commissions." For the purposes of such act, the president of a public utility district shall have the powers of the chairman of the board of county commissioners, and a planning commission created hereunder shall have the same powers, enumerated in the above sections, with reference to a public utility district as a county planning commission has with reference to a county. [1945 c 130 § 4; Rem. Supp. 1945 § 10459-14.]

*Reviser's note: The portions of chapter 44, Laws of 1935 compiled as RRS §§ 9322-2 to 9322-4 and 9322-10 to 9322-11 are codified in RCW 35.63.020 through 35.63.070.

### 54.04.130 Employee benefit plans when private utility acquired

**Rights, powers and duties as to existing private employee benefit plans.** Whenever any municipal corporation acquires by condemnation or otherwise any utility which at the time of acquisition is in private ownership and the employees of such private utility have been for at least two years and are at the time of acquisition covered by any plan for individual annuity contracts, retirement income policies, group annuity contracts, group insurance for the benefit of employees, or any other contract for the benefit of employees, such district shall, when the personnel is retained by the district, assume all of the obligations and liabilities of the private utility acquired with relation to such plan and the employees covered thereby at the time of acquisition; or the municipal corporation may by agreement with a majority of the employees affected substitute a plan or contract of the same or like nature. The municipal corporations acquiring such private utility shall proceed in such manner as is necessary so as not to reduce or impair any benefits or privileges which such employees would have received or be entitled to had such acquisition not been effected. The district may pay all or any part of the premiums or other payments required therefore out of the revenue derived from the operation of its properties. [1961 c 139 § 1.]

### 54.04.140 Employee benefit plans when private utility acquired

**Admission to district's employee plan.**

**Service credit.**

**Contributions.**

**Benefits.** Any person affected by RCW 54.04.130 who was employed by the private utility at the time of acquisition may, at his option, apply to the district and/or appropriate officers, for admission to any plan available to other employees of the district. Every such person who was covered at the time of acquisition by a plan with the private utility shall have added and accredited to his period of employment his period of immediately preceding continuous service with such private utility if he remains in the service of the municipal corporation until such plan for which he seeks admission becomes applicable to him.

No such person shall have added and accredited to his period of employment his period of service with said private utility unless he or a third party shall pay to the appropriate officer or fund of the plan to which he requests admission his contribution for the period of such service with the private utility at the rate provided in or for such plan to which he desires admission, or if he shall be entitled to any private benefits, as a result of such private service, unless he agrees at the time of his employment with the district to accept a reduction in the payment of any benefits payable under the plan to which he requests entry that are based in whole or in part on such added and accredited service by the amount of benefits received. For the purposes of contributions, the date of entry of service shall be deemed the date of entry into service with the private utility, which service is accredited by this section, and the amount of contributions for the period of accredited service shall be based on the wages or salary of such person during that added and accredited period of service with the private utility.
The district may receive such payments from a third party and shall make from such payments contributions with respect to such prior service as may be necessary to enable it to assume its obligations.

After such contributions have been made and such service added and accredited such employee shall be established in the plan to which he seeks admission with all rights, benefits and privileges that he would have been entitled to had he been a member of the plan from the beginning of his immediately preceding continuous employment with the private utility or of his eligibility. [1961 c 139 § 2.]

54.04.150 Employee benefit plans when private utility acquired—Agreements and contracts—Prior rights preserved. The municipal corporation may enter into any agreements and contracts necessary to carry out the powers and duties prescribed by RCW 54.04.130 and 54.04.140, but nothing in RCW 54.04.130 through 54.04.160 shall be so construed as requiring without consent the modification of the obligation of any contract or as requiring any third party to modify the rights, privileges or obligations acquired or incurred under a prior agreement. [1961 c 139 § 3.]

54.04.160 Assumption of obligations of private pension plan when urban transportation system acquired. Any municipal corporation which has heretofore or shall hereafter acquire from a private owner any urban transportation system which at the time of such acquisition has or had in effect any pension or retirement system for its employees, shall assume all such obligations with respect to continued contributions to and/or administration of, such retirement system, as the private owner bore or shall bear at such time, insofar as shall be necessary to discharge accrued obligations under such retirement system to beneficiaries who are not thereafter made members of a municipal or state retirement system. [1961 c 139 § 4.]

54.04.170 Collective bargaining authorized for employees. Employees of public utility districts are hereby authorized and entitled to enter into collective bargaining relations with their employers with all the rights and privileges incident thereto as are accorded to similar employees in private industry. [1963 c 28 § 1.]

54.04.180 Collective bargaining authorized for districts. Any public utility district may enter into collective bargaining relations with its employees in the same manner that a private employer might do and may agree to be bound by the result of such collective bargaining. [1963 c 28 § 2.]

54.08.010 Districts including entire county or less—Procedure. At any general election held in an even-numbered year, the county legislative authority of any county in this state may, or, on petition of ten percent of the qualified electors of such county based on the total vote cast in the last general county election held in an even-numbered year, shall, by resolution, submit to the voters of such county the proposition of creating a public utility district which shall be coextensive with the limits of such county as now or hereafter established. A form of petition for the creation of a public utility district shall be submitted to the county auditor within ten months prior to the election at which such proposition is to be submitted to the voters. Petitions shall be filed with the county auditor not less than four months before such election and the county auditor shall within thirty days examine the signatures thereof and certify to the sufficiency or insufficiency thereof. If such petition be found to be insufficient, it shall be returned to the persons filing the same, who may amend or add names thereto for ten days, when the same shall be returned to the county auditor, who shall have an additional fifteen days to examine the same and attach his certificate thereto. No person having signed such petition shall be allowed to withdraw his name therefrom after the filing of the same with the county auditor: Provided, That each signature shall be dated and that no signature dated prior to the date on which the form of petition was submitted to the county auditor shall be valid. Whenever such petition shall be certified to as sufficient, the county auditor shall forthwith transmit the same, together with his certificate of sufficiency attached thereto, to the county legislative authority which shall submit such proposition to the voters of said county at the next general election in an even-numbered year occurring forty-five days after submission of the proposition to said legislative authority. The notice of the election shall state the boundaries of the proposed public utility district and the object of such election, and shall in other respects conform to the requirements of the general laws of the state of Washington, governing the time and manner of holding elections. In submitting the said question to the voters for their approval or rejection, the proposition shall be expressed on said ballot substantially in the following terms:

Public Utility District No. ............ YES □
Public Utility District No. ............ NO □

Any petition for the formation of a public utility district may describe a less area than the entire county in which the petition is filed, the boundaries of which shall follow the then existing precinct boundaries and not divide any voting precinct; and in the event that such a petition is filed the county legislative authority shall fix a date for a hearing on such petition, and shall publish
the petition, without the signatures thereto appended, for two weeks prior to the date of the hearing, together with a notice stating the time of the meeting when such petition will be heard. Such publication, and all other publications required by *this act, shall be in a newspaper published in the proposed or established public utility district, or, if there be no such newspaper, then in a newspaper published in the county in which such district is situated, and of general circulation in such county. The hearing on such petition may be adjourned from time to time, not exceeding four weeks in all. If upon the final hearing the county legislative authority shall find that any lands have been unjustly or improperly included within the proposed public utility district and will not be benefited by inclusion therein, it shall change and fix the boundary lines in such manner as it shall deem reasonable and just and conducive to the public welfare and convenience, and make and enter an order establishing and defining the boundary lines of the proposed public utility district: Provided, That no lands shall be included within the boundaries so fixed lying outside the boundaries described in the petition, except upon the written request of the owners of such lands. Thereafter the same procedure shall be followed as prescribed in this chapter for the formation of a public utility district including an entire county, except that the petition and election shall be confined solely to the lesser public utility district.

No public utility district created after September 1, 1979, shall include any other public utility district within its boundaries: Provided, That this paragraph shall not alter, amend, or modify provisions of chapter 54.32 RCW. [1979 1st ex. s. c 240 § 1; 1977 c 53 § 1; 1931 c 1 § 3; RRS § 11607. Formerly RCW 54.08.010 and 54.08.020.]

*Reviser's note: *this act,* see note following RCW 54.04.020. Elections: Title 29 RCW.

54.08.041 Formation election expenses. All expenses of elections for the formation of such public utility districts shall be paid by the county holding such election, and such expenditure is hereby declared to be for a county purpose, and the money paid out for such purpose shall be repaid to such county by the public utility district, if formed. [1969 c 106 § 2.]

Construction—1969 c 106: "The rule of strict construction shall have no application to this act. The act shall be liberally construed, in order to carry out the purposes and objectives for which this act is intended." [1969 c 106 § 8.]

Severability—1969 c 106: "If any provision of this act, or its application to any person or circumstance, is held invalid, the remainder of this act, or the application to other persons or circumstances, is not affected." [1969 c 106 § 9.]

54.08.050 Validity of district, questioning of. The existence of any public utility district now or hereafter formed under *chapter 1, Laws of 1931,* cannot hereafter be legally questioned by any person except the state of Washington in an appropriate court action brought within six months from the date that the county election board shall have canvassed the returns of the election held on the proposition of creating such district. If the existence of a district is not challenged within the period above specified, by the filing and service of petition or complaint in the action aforesaid, the state of Washington thereafter shall be barred forever from questioning the legal existence and validity of such district by reason of any defect in the organization thereof, and the same shall be deemed duly and regularly organized under the laws of this state. [1941 c 245 § 10; Rem. Supp. 1941 § 11616–7.]

*Reviser's note: *For the codification of chapter 1, Laws of 1931, see note following RCW 54.04.020.

54.08.060 Special election for formation of district and first commissioners—Terms. Whenever a proposition for the formation of a public utility district is to be submitted to voters in any county, the county legislative authority may by resolution call a special election, and at the request of petitioners for the formation of such district contained in the petition shall do so and shall provide for holding the same at the earliest practicable time. If the boundaries of the proposed district embrace an area less than the entire county, such election shall be confined to the area so included. The notice of such election shall state the boundaries of the proposed district and the object of such election; in other respects, such election shall be held and called in the same manner as provided by law for the holding and calling of general elections: Provided, That notice thereof shall be given for not less than ten days nor more than thirty days prior to such special election. In submitting the said proposition to the voters for their approval or rejection, such proposition shall be expressed on the ballots in substantially the following terms:

Public Utility District No. ........................ YES
Public Utility District No. ........................ NO

At the same special election on the proposition to form a public utility district, there shall also be an election for three public utility district commissioners: Provided, That the election of such commissioners shall be null and void if the proposition to form the public utility district does not receive approval by a majority of the voters voting on the proposition. Nomination for and election of public utility district commissioners shall conform with the provisions of RCW 54.12.010 as now or hereafter amended, except for the day of such election and the term of office of the original commissioners. The commissioners first to be elected at such special election shall hold office from the first day of the month following the commissioners' election for the terms as specified in this section which terms shall be computed from the first day in January next following the election. If such special election was held in an even-numbered year, the commissioners residing in commissioner district number one shall hold office for the term of six years, the commissioner residing in commissioner district number two shall hold office for the term of four years, and the commissioner residing in commissioner district number three shall hold office for the term of two years. 54.08.070 Construction or acquisition of electric facilities for generation, transmission or distribution of power—When voter approval required—Election.

Any district which does not own or operate electric facilities for the generation, transmission or distribution of electric power on March 25, 1969, or any district which hereafter does not construct or acquire such electric facilities within ten years of its creation, shall not construct or acquire any such electric facilities without the approval of such proposal by the voters of such district: Provided, That a district shall have the power to construct or acquire electric facilities within ten years following its creation by action of its commission without voter approval of such action.

At any general election held in an even-numbered year, the proposal to construct or acquire electric facilities may be submitted to the voters of the district by resolution of the public utility district commission or shall be submitted to the voters of the district by the county legislative authority on petition of ten percent of the qualified electors of such district, based on the total vote cast in the last general county election held in an even-numbered year. A form of petition for the construction or acquisition of electric facilities by the public utility district shall be submitted to the county auditor within ten months prior to the election at which such proposition is to be submitted to the voters. Petitions shall be filed with the county auditor not less than four months before such election and the county auditor shall within thirty days examine the signatures thereof and certify to the sufficiency or insufficiency thereof. If such petition is found to be insufficient, it shall be returned to the persons filing the same, who may amend and add names thereto for ten days, when the same shall be returned to the county auditor, who shall have an additional fifteen days to examine the same and attach his certificate thereto. No person having signed such petition shall be allowed to withdraw his name therefrom after the filing of the same with the county auditor: Provided, That each signature shall be dated and that no signature dated prior to the date on which the form of petition was submitted to the county auditor shall be valid. Whenever such petition shall be certified to as sufficient, the county auditor shall forthwith transmit the same, together with his certificate of sufficiency attached thereto, to the county legislative authority which shall submit such proposition to the voters of said district at the next general election in an even-numbered year occurring forty-five days after submission of the proposition to said legislative authority. The notice of the election shall state the object of such election, and shall in other respects conform to the requirements of the general laws of Washington, governing the time and manner of holding elections.

The proposal submitted to the voters for their approval or rejection, shall be expressed on the ballot substantially in the following terms:

Shall Public Utility District No. _____ of _______ County construct or acquire electric facilities for the generation, transmission or distribution of electric power?

Yes   ☐

No    ☐

Within ten days after such election, the election board of the county shall canvass the returns, and if at such election a majority of the voters voting on such proposition shall vote in favor of such construction or acquisition of electric facilities, the district shall be authorized to construct or acquire electric facilities. [1979 1st ex.s. c 240 § 2; 1969 c 106 § 3.]

54.08.080 Dissolution. Any district now or hereafter created under the laws of this state may be dissolved, as hereinafter provided, by a majority vote of the qualified electors of such district at any general election upon a resolution of the district commission, or upon petition being filed and such proposition for dissolution submitted to said electors in the same manner provided by chapter 54.08 RCW for the creation of public utility districts. The returns of the election on such proposition for dissolution shall be canvassed and the results declared in the same manner as is provided by RCW 54.08.010: Provided, however, That any such proposition to dissolve a district shall not be submitted to the electors if within five years prior to the filing of such petition or resolution such district has undertaken any material studies or material action relating to the construction or acquisition of any utility properties or if such district at the time of the submission of such proposition is actually engaged in the operation of any utility properties.

If a majority of the votes cast at the election favor dissolution, the commission of the district shall petition, without any filing fee, the superior court of the county in which such district is located for an order authorizing the payment of all indebtedness of the district and directing the transfer of any surplus funds or property to the general fund of the county in which such district is organized. The powers of the public utility district shall be exercised through a commission consisting of three members in three commissioner districts, and five members in five commissioner districts. When the public utility district is coextensive with the limits of such county, then, at the first election of commissioners and until any change shall have been made in the boundaries of public utility district commissioner districts, one public utility district commissioner shall be chosen from each of the three county commissioner districts of the county in which the public utility district is located if the county is not operating under a "Home Rule" charter. When the public utility district comprises only a portion of the county, with boundaries established in accordance with chapter 54.08 RCW, or when the public utility district is located in a county operating under a "Home Rule" charter, three public utility district commissioner districts, numbered consecutively, having approximately equal population and boundaries, following ward and precinct lines, as far as practicable, shall be described in the petition for the formation of the public utility district, which shall be subject to appropriate change by the county legislative authority if and when they change the boundaries of the proposed public utility district, and one commissioner shall be elected from each of said public utility district commissioner districts. In all five commissioner districts an additional commissioner at large shall be chosen from each of the two at large districts. No person shall be eligible to be elected to the office of public utility district commissioner for a particular district commissioner district unless he is a registered voter of the public utility district commissioner district or at large district from which he is elected.

Except as otherwise provided, the term of office of each public utility district commissioner other than the commissioners at large shall be six years, and the term of each commissioner at large shall be four years. Each term shall be computed in accordance with RCW 29.04.170 following the commissioner's election. One commissioner at large and one commissioner from a commissioner district shall be elected at each general election held in an even-numbered year, the commissioner residing in commissioner district number one shall hold office for the term of six years; the commissioner residing in commissioner district number two shall hold office for the term of four years; and the commissioner residing in commissioner district number three shall hold office for the term of two years. If the general election adopting the proposition to create the public utility district was held in an odd-numbered year, the commissioner residing in commissioner district number one shall hold office for the term of five years, the commissioner in district two shall hold office for the term of three years, and the commissioner in district three shall hold office for the term of one year. The commissioners first to be elected as above provided shall hold office from the first day of the month following the commissioners' election and their respective terms of office shall be computed from the first day of January next following the election.

All public utility district commissioners shall hold office until their successors shall have been elected and have qualified and assume office in accordance with RCW 29.04.170. A filing for nomination for public utility district commissioner shall be accompanied by a petition signed by one hundred registered voters of the public utility district, which shall be certified by the county auditor to contain the required number of registered voters, and shall otherwise be filed in accord with the requirements of RCW 29.21.060. At the time of filing such nominating petition, the person so nominated shall execute and file a declaration of candidacy subject to the provisions of RCW 29.21.060, as now or hereafter amended. The petition and each page of the petition shall state whether the nomination is for a commissioner from a particular commissioner district or for a commissioner at large and shall state the districts; otherwise it shall be void. A vacancy in the office of public utility district commissioner shall occur by death, resignation, removal, conviction of a felony, nonattendance at meetings of the public utility district commission for a period of sixty days unless excused by the public utility district commission, by any statutory disqualification, or by any permanent disability preventing the proper discharge of his duty. In the event of a vacancy in said office, such vacancy shall be filled at the next general election held in an even-numbered year, the vacancy in the interim to be filled by appointment by the remaining commissioners. If more than one vacancy exists at the same time in a three commissioner district, or more than two in a five commissioner district, a special election shall be called by the county canvassing board upon the request of the remainder, or, that failing, by the county election board, such election to be held not more than forty days after the occurring of such vacancies.

A majority of the persons holding the office of public utility district commissioner at any time shall constitute a quorum of the commission for the transaction of business, and the concurrence of a majority of the persons holding such office at the time shall be necessary and shall be sufficient for the passage of any resolution, but no business shall be transacted, except in usual and ordinary course, unless there are in office at least a majority of the full number of commissioners fixed by law.

[Title 54 RCW (1979 Ed.)—p 9]
The boundaries of the public utility district commissioners' district may be changed only by the public utility district commission, and shall be examined every ten years to determine substantial equality of population, but said boundaries shall not be changed oftener than once in four years, and only when all members of the commission are present. The proposed change of the boundaries of the public utility district commissioners' district must be made by resolution and after public hearing. Notice of the time of a public hearing thereon shall be published for two weeks prior thereto. Upon a referendum petition signed by ten percent of the qualified voters of the public utility district being filed with the county auditor, the county legislative authority shall submit such proposed change of boundaries to the voters of the public utility district for their approval or rejection. Such petition must be filed within ninety days after the adoption of resolution of the proposed action. The validity of said petition shall be governed by the provisions of chapter 54.08 RCW. A district may, by resolution, establish and define the boundaries of local assessment districts to be known as local utility district No. ___, for distribution, under the general supervision and control of the commission, of water for domestic use, irrigation, and electric energy, and for providing street lighting, or any of them, and in like manner provide for the purchasing, or otherwise acquiring, or constructing and equipping and maintaining and operating distribution systems for such purposes, and for extensions and betterments thereof, and may levy and collect in accordance with the special benefits conferred thereon, special assessments and reassessments on property specially benefited thereby, for paying the cost and expense thereof, or any portions thereof, as may hereafter be set forth by resolution, all matters and proceedings relating to the local utility district, the levying and collection of assessments, the issuance and redemption of local improvement warrants and bonds, and the enforcement of local assessment liens hereunder, shall be governed, as nearly as may be, by the laws relating to local improvements for cities of the first class: Provided, That no protest against a local utility district improvement shall be received after twelve o'clock noon of the day set for hearing.

The commission may determine to finance the project by bonds or warrants secured by assessments against the property within the local utility district: Or it may finance the project by revenue bonds, in which case no bonds or warrants shall be issued by the local utility district, but assessments shall be levied upon the taxable property therein on the basis of special benefits up to, but not exceeding the total cost of the improvement and in such cases the entire principal and interest of such assessments shall be paid into a revenue bond fund of the district, to be used for the sole purpose of the payment of revenue bonds. 54.16.140 Petition or resolution for local district—Hearing—Notice. Any such improvement shall be ordered by resolution of the commission either upon petition or resolution therefor. When a petition, signed by ten percent of the owners of land in the district to be therein described, is filed with the commission, asking that the plan or improvement therein set forth be adopted and ordered, and defining the boundaries of a local improvement district to be assessed in whole or in part to pay the cost thereof, the commission shall fix the date of hearing thereon, and give not less than two weeks notice thereof by publication. The commission may deny the petition or order the improvement, unless a majority of the owners of lands in the district file prior to twelve o'clock noon of the day of the hearing, with the secretary a petition protesting against the improvement. If the commission orders the improvement, it may alter the boundaries of the proposed local district and prepare and adopt detail plans of the local improvement, declare the estimated cost thereof, what proportion thereof shall be borne by the local improvement district, and what proportion, if any shall be borne by the entire public utility district. [1955 c 390 § 15. Prior: 1945 c 143 § 1(l), part; 1931 c 1 § 6(l), part; Rem. Supp. 1945 § 11610(l), part.]
54.16.150 Procedure when petition is signed by majority of landowners. When a petition signed by a majority of the landowners in a proposed local improvement district is filed with the commission, asking that the improvement therein described be ordered, the commission shall forthwith fix a date for hearing thereon after which it shall, by resolution, order the improvement, and may alter the boundaries of the proposed district; prepare and adopt the improvement; prepare and adopt detail plans thereof; declare the estimated cost thereof, what proportion of the cost shall be borne by the local district, and what proportion, if any, shall be borne by the entire public utility district, and provide the general funds thereof to be applied thereto, if any; acquire all lands and other properties thereof; pay all damages caused thereby; and commence in the name of the public utility district such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards necessary to entitle the district to proceed with the work, and shall thereafter proceed with the work, and shall file with the county treasurer its roll levying special assessments in the amount to be paid by special assessment against the property in the local improvement district in proportion to the special benefits to be derived by the property in the local district from the improvement: Provided, however, No such improvement shall be ordered unless the same appears to the commission to be financially and economically feasible: And provided further, That the commission may require as a condition to ordering such improvement or to making its determination as to the financial and economic feasibility, that all or a portion of such engineering, legal or other costs incurred or to be incurred by the commission in determining financial and economic feasibility shall be borne or guaranteed by the petitioners of the proposed local improvement district under such rules as the commission may adopt. No person shall withdraw his name from the petition after the same has been filed with the commission. [1959 c 142 § 3; 1955 c 390 § 16. Prior: 1945 c 143 § 1(l), part; 1931 c 1 § 6(l), part; Rem. Supp. 1945 c 11610(l), part.]

54.16.160 Assessment roll—Hearing—Appeal—Expenses. Before approval of the roll, a notice shall be published once each week for two successive weeks in a newspaper of general circulation in the county, stating that the roll is on file and open to inspection in the office of the secretary, and fixing a time not less than fifteen nor more than thirty days from the date of the first publication of the notice, within which protests must be filed with the secretary against any assessments shown thereon, and fixing a time when a hearing shall be held by the commission on the protests. After the hearing the commission may alter any and all assessments shown on the roll and may, by resolution, approve it, but if an assessment is raised, a new notice, similar to the first, shall be given, and a hearing had thereon, after which final approval of the roll may be made. Any person aggrieved by the assessments shall perfect an appeal to the superior court of the county within ten days after the approval, in the manner provided for appeals from assessments levied by cities of the first class. In the event such an appeal shall be taken, the judgment of the court shall confirm the assessment insofar as it affects the property of the appellant unless the court shall find from the evidence that such assessment is founded upon a fundamentally wrong basis and/or the decision of the commission thereon was arbitrary or capricious; in which event the judgment of the court shall correct, change, modify, or annul the assessment insofar as it affects the property of the appellant. In the same manner as provided with reference to cities of the first class an appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases, if taken within fifteen days after the date of the entry of the judgment in the superior court. Engineering, office, and other expenses necessary or incident to the improvement shall be borne by the public utility district: Provided, That when a municipal corporation included in the public utility district already owns or operates a utility of a character like that for which the assessments are levied hereunder, all such engineering and other expenses shall be borne by the local assessment district. [1971 c 81 § 123; 1959 c 142 § 4; 1955 c 390 § 17. Prior: 1945 c 143 § 1(l), part; 1931 c 1 § 6(l), part; Rem. Supp. 1945 c 11610(l), part.]

54.16.165 Segregation of assessments. Whenever any land against which there has been levied any special assessment by any public utility district shall have been sold in part or subdivided, the board of commissioners of such public utility district shall have the power to order a segregation of the assessment.

Any person owning any part of the land involved in a special assessment and desiring to have such special assessment against the tracts of land segregated to apply to smaller parts thereof shall apply in writing to the board of commissioners of the public utility district which levied the assessment. If the commissioners determine that a segregation should be made they shall do so as nearly as possible on the same basis as the original assessment was levied and the total of the segregated parts of the assessment shall equal the assessment before segregation.

The commission shall then send notice thereof by mail to the several owners interested in the tract, as shown on the general tax rolls. If no protest is filed within twenty days from date of mailing said notice, the commission shall then by resolution approve said segregation. If a protest is filed, the commission shall have a hearing thereon, after mailing to the several owners at least ten days notice of the time and place thereof. After the hearing, the commission may by resolution approve said segregation, with or without change. Within ten days after the approval, any person aggrieved by the segregation may perfect an appeal to the superior court of the county wherein the property is situated and therefrom to the supreme court or the court of appeals, all as provided for appeals from assessments levied by cities of the first class. The resolution approving said segregation shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries

[1955 c 390 § 20. Prior: 1945 c 143 § 1(l), part; 1931 c 1 § 6(l), part; Rem. Supp. 1945 § 11610(l), part.]

54.20.010  Statement of operations—Decree of appropriation—Retirement of properties—Accounting—Limitation on new proceedings. In any condemnation proceeding heretofore or hereafter instituted or conducted by a public utility district for the acquisition of properties, the district may serve upon the condemnee's attorneys of record and file with the court a notice of its intention to present a decree of appropriation together with a demand for a verified statement showing in reasonable detail the following information with respect to the operation of the properties since the date of verdict, if the case was tried by jury, or since the date of the judgment fixing compensation, if the case was tried by the court, namely: the cost of any improvements and betterments to the properties which were reasonably necessary and prudently made; the gross income received from the properties, betterments and improvements; the actual reasonable expense, exclusive of depreciation, incurred in the operation thereof. If the condemnee fails to serve and file the statement within fifteen days after service of the demand therefor, it may be compelled to do so by contempt proceedings, and the time during which such proceedings are pending shall not be considered in computing the time within which the district may exercise its right of appropriation. After the statement is filed, the district may pay the amount of the verdict or judgment plus (1) accrued interest thereon less the net income before allowance for depreciation, and (2) the cost of such improvements and betterments, all as shown by the sworn statement, and concurrently obtain its decree of appropriation. The condemnee may retire from use after the verdict or judgment such items of the properties as may be reasonably necessary in the ordinary and usual course of operation thereof, in which case it shall show in its statement the reasonable value of such items retired, and the district may deduct such value from the sum otherwise payable by it. If the condemnee fails to file the statement within fifteen days after service of the demand therefor, the district at its option may pay the full amount of the judgment or verdict plus accrued interest thereon and concurrently obtain a decree of appropriation.

After payment has been made and the decree of appropriation entered as provided in this section, the district or the condemnee shall be entitled to an accounting in the condemnation proceedings to determine the true amount of each item required to be furnished in the above statement, and the payment of any balance found due in such accounting.

Whenever any such condemnation proceedings have been, or hereafter may be abandoned, no new proceedings for the acquisition of the same or substantially similar properties shall be instituted until the expiration of one year from the date of such abandonment, but such proceedings may be instituted at any time thereafter. GENERAL PROVISIONS

54.24.010 Treasurer—Bond—Duties—Funds—Depositaries. The treasurer of the county in which a utility district is located shall be ex officio treasurer of the district: Provided, That the commission by resolution may designate some other person having experience in financial or fiscal matters as treasurer of the utility district. The commission may, and if the treasurer is not the county treasurer it shall, require a bond, with a surety company authorized to do business in the state of Washington, in an amount and under the terms and conditions which the commission by resolution from time to time finds will protect the district against loss. The premium on any such bond shall be paid by the district.

All district funds shall be paid to the treasurer and shall be disbursed by him only on warrants issued by an auditor appointed by the commission, upon orders or vouchers approved by it. The treasurer shall establish a public utility district fund, into which shall be paid all district funds, and he shall maintain such special funds as may be created by the commission, into which he shall place all money as the commission may, by resolution, direct.

If the treasurer of the district is the treasurer of the county all district funds shall be deposited with the county depositaries under the same restrictions, contracts, and security as provided for county depositaries; if the treasurer of the district is some other person, all funds shall be deposited in such bank or banks authorized to do business in this state as the commission by resolution shall designate, and with surety bond to the district or securities in lieu thereof of the kind, no less in amount, as provided in RCW 36.48.020 for deposit of county funds.

Such surety bond or securities in lieu thereof shall be filed or deposited with the treasurer of the district, and approved by resolution of the commission.

All interest collected on district funds shall belong to the district and be deposited to its credit in the proper district funds.

A district may provide and require a reasonable bond of any other person handling moneys or securities of the district: Provided, That the district pays the premium thereon. [1959 c 218 § 2; 1957 c 140 § 1; 1955 c 124 § 7. Prior: (i) 1931 c 1 § 9; RRS § 11613. (ii) 1931 c 1 § 8, part; RRS § 11612, part.]

54.24.012 Destruction of canceled or paid revenue obligations and interest coupons. After any revenue obligations or interest coupons have been canceled or paid they may be destroyed as directed by the district, any provisions of chapter 40.14 RCW notwithstanding: Provided, That a certificate of destruction giving full descriptive reference to the documents destroyed shall be made by the person or persons authorized to perform such destruction and one copy of the certificate shall be filed with the treasurer of the district. [1959 c 218 § 15.]

BONDS OR WARRANTS—1931 ACT

54.24.018 Acquisition of property—Adoption of plan—Bonds or warrants—Special funds. Whenever the commission shall deem it advisable that the public utility district purchase, purchase and condemn, acquire, or construct any such public utility, or make any additions or betterments thereto, or extensions thereof, the commission shall provide therefor by resolution, which shall specify and adopt the system or plan proposed, and declare the estimated cost thereof, as near as may be, and specify whether general or utility indebtedness is to be incurred, the amount of such indebtedness, the amount of interest and the time in which all general bonds (if any) shall be paid, not to exceed thirty years. In the event the proposed general indebtedness to be incurred will bring the indebtedness of the public utility district to an amount exceeding three-fourths of one percent of the value of the taxable property of the public utility district, as the term "value of the taxable property" is defined in RCW 39.36.015, the proposition of incurring such indebtedness and the proposed plan or system shall be submitted to the qualified electors of said public utility district for their assent at the next general election held in such public utility district.

Whenever the commission (or a majority of the qualified voters of such public utility district, voting at said election, when it is necessary to submit the same to said voters) shall have adopted a system or plan for any such public utility, as aforesaid, and shall have authorized indebtedness therefor by a three-fifths vote of the qualified voters of such district, voting at said election, general or public utility bonds may be used as hereinafter provided. Said general bonds shall be serial in form and maturity and numbered from one upwards consecutively. The various annual maturities shall commence not later than the tenth year after the date of issue of such bonds. The resolution authorizing the issuance of the bonds shall fix the rate or rates of interest the bonds shall bear and the place and date of the payment of both principal and interest. The bonds shall be signed by the president of the commission, attested by the secretary of the commission, and the seal of the public utility district shall be affixed to each bond but not to the coupon: Provided, however, That said coupon, in lieu of being so signed, may have printed thereon a facsimile of the signature of such officers. The principal and interest of such general bonds shall be paid from the revenue of such public utility district after deducting costs of maintenance, operation, and expenses of the public utility.
district, and any deficit in the payment of principal and interest of said general bonds shall be paid by levying each year a tax upon the taxable property within said district sufficient to pay said interest and principal of said bonds, which tax shall be due and collectible as any other tax. Said bonds shall be sold in such manner as the commission shall deem for the best interest of the district. All bonds and warrants issued under the authority of this act shall be legal securities, which may be used by any bank or trust company for deposit with the state treasurer, or any county or city treasurer, as security for deposits, in lieu of a surety bond, under any law relating to deposits of public moneys. When the commission shall not desire to incur a general indebtedness in the purchase, condemnation and purchase, acquisition, or construction of any such public utility, or addition or betterment thereto, or extension thereof, it shall have the power to create a special fund or funds for the sole purpose of defraying the cost of such public utility, or addition or betterment thereto, or extension thereof, into which special fund or funds it may obligate and bind the district to set aside and pay a fixed proportion of the gross revenues of such public utility, or any fixed amount out of, and not exceeding a fixed proportion of, such revenues, or a fixed amount without regard to any fixed proportion, and to issue and sell bonds or warrants bearing interest at such rate or rates, payable semiannually, executed in such manner, and payable at such times and places as the commission shall determine, but such bonds or warrants and the interest thereon, shall be payable only out of such special fund or funds. In creating any such special fund or funds, the commission shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to, and to any proportion or part of the revenues previously pledged as a fund for the payment of bonds or warrants, and shall not set aside into such special fund or funds a greater amount or proportion of the revenues and proceeds than, in its judgment, will be available over and above such cost of maintenance and operation and the amount or proportion, if any, of the revenues so previously pledged. Any such bonds or warrants, and interest thereon, issued against any such fund, as herein provided, shall be a valid claim of the holder thereof only as against the said special fund and its fixed proportion or amount of the revenue pledged to such fund, and shall not constitute an indebtedness of such district within the meaning of the constitutional provisions and limitations. Each such bond or warrant shall state on its face that it is payable from a special fund, naming such fund and the resolution creating it. Said bonds and warrants shall be sold in such manner as the commission shall deem for the best interests of the district, and the commission may provide in any contract for the construction and acquisition of a proposed improvement or utility that payment therefor shall be made only in such bonds or warrants at the par value thereof. In all other respects, the issuance of such utility bonds or warrants and payment therefor shall be governed by the public utility laws for cities and towns. [1971 c 12 § 1. 54.24.020 General obligation bonds, revenue obligations for cost of utilities. Whenever the commission of a public utility district, organized pursuant to *chapter 1 of the Laws of 1931 (sections 11605 et seq. of Remington's Revised Statutes) shall deem it advisable that the district purchase, purchase and condemn, acquire or construct any public utility, or make any additions or betterments thereto or extensions thereof, the commission shall provide therefor by resolution, which shall specify and adopt the system or plan proposed and declare the estimated cost thereof, as near as may be, including as part of such cost funds necessary for working capital for the operation of such public utility by the district and for the payment of the expenses incurred in the acquisition or construction thereof, and shall specify whether general obligation bonds or revenue obligations are to be issued to defray such cost and the amount of such general obligation bonds or revenue obligations.

The commissioners may provide in such resolution that any additional works, plants, or facilities subsequently acquired or constructed by the district for the same uses, whether or not physically connected therewith, shall be deemed additions or betterments to or extensions of such public utility. Revenue obligations defined: RCW 54.04.010.

54.24.030 Revenue obligations—Special fund—Form, term, payment, etc.—Resolution of authority, contents—Contracts for future sale. Whenever the commission shall deem it advisable to issue revenue obligations for the purpose of defraying the cost or part of the cost of such public utility or any additions or betterments thereto or extensions thereof, it shall have power as a part of such plan and system to create a special fund or funds for the purpose of defraying the cost of such public utility, or additions or betterments thereto or extensions thereof, into which special fund or funds it may obligate and bind the district to set aside and pay a fixed proportion of the gross revenues of such public utility, and all additions or betterments thereto or extensions thereof, or any fixed amount out of, and not exceeding a fixed proportion of such revenues, or a fixed amount without regard to any fixed proportion, or an amount of such revenues equal to a fixed percentage of the aggregate principal amount of revenue obligations at any time issued against the special fund or funds, and to issue and sell revenue obligations payable as to both principal and interest only out of such fund or funds.

[Title 54 RCW (1979 Ed.)—p 20]
Such revenue obligations shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, either coupon or registered, or both, carry such registration privileges, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption as the commission shall by resolution determine.

Any resolution or resolutions authorizing the issuance of any revenue obligations maturing in not exceeding six years from the date thereof (hereinafter in this section referred to as "short term obligations") may contain, in addition to all other provisions authorized by this title, and as an alternate method for the payment thereof, provisions which shall be a part of the contract with the holders of the short term obligations thereby authorized as to:

1. Refunding the short term obligations at or prior to maturity and, if so provided, outstanding bonds by the issuance of revenue bonds of the district either by the sale of bonds and application of the proceeds to the payment of the short term obligations and outstanding bonds or by the exchange of bonds for the short term obligations;

2. Satisfying, paying, or discharging the short term obligations at the election of the district by the tender or delivery of revenue bonds of the district in exchange therefor: Provided, That the aggregate principal amount of bonds shall not exceed by more than five percent the aggregate principal amount of the short term obligations, to satisfy, pay, or discharge said short term obligations for which the bonds are tendered or delivered;

3. Exchanging or converting the short term obligations at the election of the holder thereof for or into the bonds of the district: Provided, That the aggregate principal amount of the bonds shall not exceed by more than five percent the aggregate principal amount of the short term obligations to be exchanged for or converted into bonds;

4. Pledging bonds of the district as collateral to secure payment of the short term obligations and providing for the terms and conditions of the pledge and the manner of enforcing the pledge, which terms and conditions may provide for the delivery of the bonds in satisfaction of the short term obligations: Provided, That the aggregate principal amount of the bonds pledged shall not exceed by more than five percent the aggregate principal amount of the short term obligations to secure said short term obligations for which they are pledged;

5. Depositing bonds in escrow or in trust with a trustee or fiscal agent or otherwise providing for the issuance and disposition of the bonds as security for carrying out any of the provisions in any resolution adopted pursuant to this section and providing for the powers and duties of the trustee, fiscal agent, or other depositary and the terms and conditions upon which the bonds are to be issued, held and disposed of;

6. Any other matters of like or different character which relate to any provision or provisions of any resolution adopted pursuant to this section.

A district shall have power to make contracts for the future sale from time to time of revenue obligations by which the purchasers shall be committed to purchase such revenue obligations from time to time on the terms and conditions stated in such contract; and a district shall have power to pay such consideration as it shall deem proper for such commitments. [1959 c 218 § 4; 1941 c 182 § 2; Rem. Supp. 1941 § 11611-2.]

54.24.040 Considerations in creating special fund—Status of claims against fund—When lien attaches. In creating any special fund for the payment of revenue obligations, the commission shall have due regard to the cost of operation and maintenance of the plant or system constructed or added to, and to any proportion or amount of the revenues previously pledged as a fund for the payment of revenue obligations, and shall not set aside into such special fund or funds a greater amount or proportion of the revenues and proceeds than in its judgment will be available over and above such cost of maintenance and operation and the amount or proportion, if any, of the revenues so previously pledged. Any such revenue obligations and interest thereon issued against any such fund as herein provided shall be a valid claim of the holder thereof only as against such special fund and the proportion or amount of the revenues pledged to such fund, but shall constitute a prior charge over all other charges or claims whatsoever, including the charge or lien of any general obligation bonds against such fund and the proportion or amount of the revenues pledged thereto. Such revenue obligations shall not constitute an indebtedness of such district within the meaning of the constitutional provisions and limitations. Each revenue obligation shall state on its face that it is payable from a special fund, naming such fund and the resolution creating it, or shall describe such alternate method for the payment thereof as shall be provided by the resolution authorizing same.

It is the intention hereof that any pledge of the revenues or other moneys or obligations made by a district shall be valid and binding from the time that the pledge is made; that the revenues or other moneys or obligations so pledged and thereafter received by a district shall immediately be subject to the lien of such pledge without any physical delivery or further act, and that the lien of any such pledge shall be valid and binding against any parties having claims of any kind in tort, contract, or otherwise against a district irrespective of whether such parties have notice thereof. Neither the resolution or other instrument by which a pledge is created need be recorded. [1959 c 218 § 5; 1941 c 182 § 5; Rem. Supp. 1941 § 11611-5.]

54.24.050 Covenants to secure holders of revenue obligations. Any resolution creating any such special fund or authorizing the issue of revenue obligations payable therefrom, or by such alternate method of payment as may be provided therein, shall specify the title of such revenue obligations as determined by the commission and may contain covenants by the district to protect and safeguard the security and the rights of the holders thereof, including covenants as to, among other things:
54.24.050 Title 54 RCW: Public Utility Districts

(1) The purpose or purposes to which the proceeds of sale of such obligations may be applied and the use and disposition thereof;

(2) The use and disposition of the gross revenues of the public utility, and any additions or betterments thereto or extensions thereof, the cost of which is to be defrayed with such proceeds, including the creation and maintenance of funds for working capital to be used in the operation of the public utility and for renewals and replacements to the public utility;

(3) The amount, if any, of additional revenue obligations payable from such fund which may be issued and the terms and conditions on which such additional revenue obligations may be issued;

(4) The establishment and maintenance of adequate rates and charges for electric energy, water, and other services, facilities, and commodities sold, furnished, or supplied by the public utility;

(5) The operation, maintenance, management, accounting, and auditing of the public utility;

(6) The terms and prices upon which such revenue obligations or any of them may be redeemed at the election of the district;

(7) Limitations upon the right to dispose of such public utility or any part thereof without providing for the payment of the outstanding revenue obligations; and

(8) The appointment of trustees, depositaries, and paying agents to receive, hold, disburse, invest, and reinvest all or any part of the income, revenues, receipts, and profits derived by the district from the operation, ownership, and management of its public utility. [1959 c 218 § 8; 1945 c 143 § 2; 1941 c 182 § 3; Rem. Supp. 1945 § 11611-3.]

54.24.060 Sale, delivery of revenue obligations. Such utility revenue obligations shall be sold and delivered in such manner, at such rate or rates of interest and for such price or prices and at such time or times as the commission shall deem for the best interests of the district. The commission may, if it deem it to the best interest of the district, provide in any contract for the construction or acquisition of the public utility, or the additions or betterments thereto or extensions thereof, that payment therefor shall be made only in such revenue obligations at the par value thereof. [1970 ex.s. c 56 § 78; 1969 ex.s. c 232 § 83; 1959 c 218 § 7; 1941 c 182 § 4; Rem. Supp. 1941 § 11611-4.]

Validation—Saving—Severability—1969 ex.s. c 232: See notes following RCW 39.44.030.

54.24.070 Registration of revenue obligations—Prima facie validity. Prior to the issue and delivery of any revenue obligations, such obligations and a certified copy of the resolution authorizing the issuance thereof shall if the revenue obligation mature in whole in more than six years from date thereof, and may if the revenue obligations mature in whole in not more than six years from date thereof, be forwarded by the commission to the state auditor together with any additional information that he may require, and when such revenue obligations have been examined they shall be registered by the state auditor in books to be kept by him for the purpose and a certificate of such registration shall be endorsed upon each revenue obligation and signed by the state auditor or a deputy appointed by him for the purpose. Such revenue obligations, after having been so registered and bearing such certificate, shall be held in every action, suit, or proceeding in which their validity is or may be brought into question prima facie valid and binding obligations of the districts in accordance with their terms, notwithstanding any defects or irregularities in the proceedings for the organization of the district and the election of the commissioners thereof or for the authorization and issuance of such revenue obligations or in the sale, execution, or delivery thereof. [1959 c 218 § 8; 1941 c 182 § 6; Rem. Supp. 1941 § 11611-6.]

54.24.080 Rates and charges. The commission of each district which shall have revenue obligations outstanding shall have the power and shall be required to establish, maintain, and collect rates or charges for electric energy and water and other services, facilities, and commodities sold, furnished, or supplied by the district shall be fair and nondiscriminatory and adequate to provide revenues sufficient for the payment of the principal of and interest on such revenue obligations for which the payment has not otherwise been provided and all payments which the district is obligated to set aside in any special fund or funds created for such purpose, and for the proper operation and maintenance of the public utility and all necessary repairs, replacements, and renewals thereof. [1959 c 218 § 9; 1941 c 182 § 7; Rem. Supp. 1941 § 11611-7.]

54.24.090 Funding, refunding revenue obligations. Whenever any district shall have outstanding any utility revenue obligations, the commission shall have power by resolution to provide for the issuance of funding or refunding revenue obligations with which to take up and refund such outstanding revenue obligations or any part thereof at the maturity thereof or before maturity if the same be by their terms or by other agreement subject to call for prior redemption, with the right in the commission to include various series and issues of such outstanding revenue obligations in a single issue of funding or refunding revenue obligations, and to issue refunding revenue obligations to pay any redemption premium payable on the outstanding revenue obligations being funded or refunded. Such funding or refunding revenue obligations shall be payable only out of a special fund created out of the gross revenues of such public utility, and shall only be a valid claim as against such special fund and the amount of the revenues of such utility pledged to such fund. Such funding or refunding revenue obligations shall in the discretion of the commission be exchanged at par for the revenue obligations which are being funded or refunded or shall be sold in such manner, at such price and at such rate or rates of interest as the commission shall deem for the best interest of the district. Said funding or refunding [revenue] obligations

LOCAL IMPROVEMENT GUARANTY FUND

54.24.200 Local improvement guaranty fund. Every public utility district in the state is hereby authorized, by resolution, to create a fund for the purpose of guaranteeing, to the extent of such fund, and in the manner hereinafter provided, the payment of such of its local improvement bonds and/or warrants as the commission may determine issued to pay for any local improvement within any local utility district established within the boundaries of the public utility district. Such fund shall be designated "local improvement guaranty fund, public utility district No. .......". For the purpose of maintaining such fund the public utility district shall set aside and pay into it such proportion as the commissioners may direct by resolution of the monthly gross revenues of its public utilities for which local improvement bonds and/or warrants have been issued and guaranteed by said fund: Provided, however, That any obligation to make payments into said fund as herein provided shall be junior to any pledge of said gross revenues for the payment of any outstanding or future general obligation bonds or revenue bonds of the district. The proportion may be varied from time to time as the commissioners deem expedient: Provided, further, That under the existence of the conditions set forth in subdivisions (1) and (2), hereunder, and when consistent with the covenants of a public utility district securing its bonds, the proportion shall be as therein specified, to wit:

(1) When bonds and/or warrants of a local utility district have been guaranteed and are outstanding and the guaranty fund does not have a cash balance equal to twenty percent of all bonds and/or warrants originally guaranteed hereunder, excluding bonds and/or warrants which have been retired in full, then twenty percent of the gross monthly revenues from each public utility for which such bonds and/or warrants have been issued and are outstanding but not necessarily from users in other parts of the public utility district as a whole, shall be set aside and paid into the guaranty fund: Provided, That when, under the requirements of this subdivision, the cash balance accumulates so that it is equal to twenty percent of the total original guaranteed bonds and/or warrants, exclusive of any issue of bonds and/or warrants of a local utility district which issue has been paid and/or redeemed in full, or equal to the full amount of all bonds and/or warrants guaranteed, outstanding and unpaid, which amount might be less than twenty percent of the original total guaranteed, then no further revenue need be set aside and paid into the guaranty fund so long as such condition continues;

(2) When warrants issued against the guaranty fund remain outstanding and uncalled, for lack of funds, for six months from date of issuance, or when coupons, bonds and/or warrants guaranteed hereunder have been matured for six months and have not been redeemed, then twenty percent of the gross monthly revenue, or such portion thereof as the commissioners determine will

Investment securities: Article 62A.8 RCW.
be sufficient to retire the warrants or redeem the coupons, bonds and/or warrants in the ensuing six months, derived from all the users of the public utilities for which such bonds and/or warrants have been issued and are outstanding in whole or in part, shall be set aside and paid into the guaranty fund: Provided, That when under the requirements of this subdivision all warrants, coupons, bonds and/or warrants specified in this subdivision have been redeemed, no further income need be set aside and paid into the guaranty fund under the requirements of this subdivision unless other warrants remain outstanding and unpaid for six months or other coupons, bonds and/or warrants default: Provided, further, however, That no more than a total of twenty percent of the gross monthly revenue shall be required to be set aside and paid into the guaranty fund by these subdivisions (1) and (2). [1957 c 150 § 1.]

Local utility districts: RCW 54.16.120.

### 54.24.210 Local improvement guaranty fund—Duties of the district.

To comply with the requirements of setting aside and paying into the local improvement guaranty fund a proportion of the monthly gross revenues of the public utilities of a district, for which guaranteed local improvement bonds and/or warrants have been issued and are outstanding, the district shall bind and obligate itself so long as economically feasible to maintain and operate the utilities and establish, maintain and collect such rates for water and/or electric energy, as the case may be, as will produce gross revenues sufficient to maintain and operate the utilities, and make necessary provision for the guaranty fund. The district shall alter its rates for water and/or electric energy, as the case may be, from time to time and shall vary them in different portions of its territory to comply with such requirements. [1957 c 150 § 2.]

### 54.24.220 Local improvement guaranty fund—Warrants to meet liabilities.

When a coupon, bond and/or warrant guaranteed hereby matures and there are not sufficient funds in the local utility district bond redemption fund to pay it, the county treasurer shall pay it from the local improvement guaranty fund of the public utility district; if there are not sufficient funds in the guaranty fund to pay it, it may be paid by issuance and delivery of a warrant upon the local improvement guaranty fund.

When the cash balance in the local improvement guaranty fund is insufficient for the required purposes, warrants drawing interest at a rate not to exceed seven percent per year may be issued by the district auditor, against the fund to meet any liability accrued against it and shall issue them upon demand of the holders of any matured coupons, bonds and/or warrants guaranteed hereby, or to pay for any certificate of delinquency for delinquent installments of assessments as provided hereinafter. Guaranty fund warrants shall be a first lien in their order of issuance upon the guaranty fund. [1957 c 150 § 3.]

### 54.24.230 Local improvement guaranty fund—Certificates of delinquency—Contents, purchase, payment, issuance, sale.

Within twenty days after the date of delinquency of any annual installment of assessments levied for the purpose of paying the local improvement bonds and/or warrants of a district guaranteed hereunder, the county treasurer shall compile a statement of all installments delinquent together with the amount of accrued interest and penalty appurtenant to each installment, and shall forthwith purchase, for the district, certificates of delinquency for all such delinquent installments. Payment for the certificates shall be made from the local improvement guaranty fund and if there is not sufficient money in that fund to pay for the certificates, the county treasurer shall accept the local improvement guaranty fund warrants in payment therefor. All certificates shall be issued in the name of the local improvement guaranty fund and all guaranty fund warrants issued in payment therefor shall be issued in the name of the appropriate local utility district fund. When a market is available and the commissioners direct, the county treasurer shall sell any certificates belonging to the local improvement guaranty fund, for not less than face value thereof plus accrued interest from date of issuance to date of sale.

The certificates shall be issued by the county treasurer, shall bear interest at the rate of ten percent per year, shall each be for the face value of the delinquent installment, plus accrued interest to date of issuance, plus a penalty of five percent of the face value, and shall set forth the:

1. Description of property assessed;
2. Date the installment of assessment became delinquent; and
3. Name of the owner or reputed owner, if known. [1957 c 150 § 4.]

### 54.24.240 Local improvement guaranty fund—Certificates of delinquency—Redemption, foreclosure.

The certificates of delinquency may be redeemed by the owner of the property assessed at any time up to two years from the date of foreclosure of the certificate.

If a certificate is not redeemed on the second occurring first day of January, after its issuance, the county treasurer shall foreclose the certificate in the manner specified for the foreclosure of the lien of local improvement assessments in cities, and if no redemption is made within the succeeding two years, from date of the decree of foreclosure, shall execute and deliver unto the public utility district, as trustee for the fund, a deed conveying fee simple title to the property described in the foreclosed certificate. [1957 c 150 § 5.]

### 54.24.250 Local improvement guaranty fund—Subrogation of district as trustee of fund, effect on fund, disposition of proceeds.

When there is paid out of a guaranty fund any sum on the principal or interest upon local improvement bonds, and/or warrants, or on the purchase of certificates of delinquency, the public utility district, as trustee, for the fund, shall be subrogated to all rights of the holder of the bonds, and/or warrants, interest coupons, or delinquent assessment installments
so paid; and the proceeds thereof, or of the assessment underlying them, shall become a part of the guaranty fund. There shall also be paid into the guaranty fund the interest received from the bank deposits of the fund, as well as any surplus remaining in the local utility district funds guaranteed hereunder, after the payment of all outstanding bonds and/or warrants payable primarily out of such local utility district funds. As among the several issues of bonds and/or warrants guaranteed by the fund, no preference shall exist, but defaulted interest coupons and bonds and/or warrants shall be purchased out of the fund in the order of their presentation.

The commissioners shall prescribe, by resolution, appropriate rules for the guaranty fund consistent herewith. So much of the money of a guaranty fund as is necessary and not required for other purposes hereunder may be used to purchase property at county tax foreclosure sales or from the county after foreclosure in cases where the property is subject to unpaid local improvement assessments securing bonds and/or warrants guaranteed hereunder and such purchase is deemed necessary for the purpose of protecting the guaranty fund. In such cases the funds shall be subrogated to all rights of the district. After so acquiring title to real property, the district may lease or resell and convey it in the same manner that county property may be leased or resold and for such prices and on such terms as may be determined by resolution of the commissioners. All proceeds resulting from such resales shall belong to and be paid into the guaranty fund. [1957 c 150 § 6.]

54.24.260 Local improvement guaranty fund—Rights and remedies of bond or warrant holder which shall be printed on bond or warrant—Disposition of balance of fund. Neither the holder nor the owner of local improvement bonds and/or warrants guaranteed hereunder shall have a claim therefor against the public utility district, except for payment from the special assessment made for the improvement for which the bonds and/or warrants were issued, and except as against the guaranty fund. The district shall not be liable to any holder or owner of such local improvement bonds and/or warrants for any loss to the guaranty fund occurring in the lawful operation thereof by the district. The remedy of the holder of a local improvement bond and/or warrant shall be confined to the enforcement of the assessment and to the guaranty fund. A copy of the foregoing part of this section shall be plainly written, printed, or engraved on each local improvement bond and/or warrant guaranteed hereby. The establishment of a guaranty fund shall not be deemed at variance from any comprehensive plan heretofore adopted by a district.

If a guaranty fund at any time has balance therein in cash, and the obligations guaranteed thereby have all been paid off, the balance may be transferred to such other fund of the district as the commissioners shall, by resolution, direct. [1957 c 150 § 7.]
"Gross revenue" defined. "Gross revenue" shall mean the amount received from the sale of electric energy excluding any tax levied by a municipal corporation upon the district pursuant to RCW 54.28.070. [1957 c 278 § 12.]

Tax imposed—Rates. There is hereby levied and there shall be collected from every district a tax for the act or privilege of engaging within this state in the business of operating works, plants or facilities for the generation, distribution and sale of electric energy. With respect to each such district, except with respect to thermal electric generating facilities taxed under RCW 54.28.025, such tax shall be the sum of the following amounts: (1) Two percent of the gross revenues derived by the district from the sale of electric energy which it distributes to consumers who are served by a distribution system owned by the district; (2) five percent of the first four mills per kilowatt-hour of wholesale value of self-generated energy distributed to consumers by a district; (3) five percent of the first four mills per kilowatt-hour of revenue obtained by the district from the sale of self-generated energy for resale. [1977 ex.s. c 366 § 2; 1959 c 274 § 2; 1957 c 278 § 2. Prior: 1949 c 227 § 1(a); 1947 c 259 § 1(a); 1941 c 245 § 2(a); Rem. Supp. 1949 § 11616–2(a).]

Severability—1947 c 259: "If any section, subsection, clause, sentence or phrase of this act be for any reason adjudged unconstitutional, such adjudication shall not invalidate the remaining portions of this act, and the legislature hereby declares that it would have enacted this act notwithstanding the omission of the portion so adjudicated invalid." [1947 c 259 § 2]

Tax imposed with respect to thermal electric generating facilities—Rate. There is hereby levied and there shall be collected from every district operating a thermal electric generating facility, as defined in RCW 54.28.010 as now or hereafter amended, having a design capacity of two hundred fifty thousand kilowatts or more, located on a federal reservation, which is placed in operation after September 21, 1977, a tax for the act or privilege of engaging within the state in the business of generating electricity for use or sale, equal to one and one-half percent of wholesale value of energy produced for use or sale, except energy used in the operation of component parts of the power plant and associated transmission facilities under control of the person operating the power plant. [1977 ex.s. c 366 § 6.]

Distribution of tax. After computing the tax imposed by RCW 54.28.020, the department of revenue shall instruct the state treasurer, after placing four percent in the state general fund, to distribute the balance collected under RCW 54.28.020 subsection (1) to each county in proportion to the gross revenue from sales made within each county; and to distribute the balance collected under RCW 54.28.020 (2) and (3) as follows: If the entire generating facility, including reservoir, if any, is in a single county then all of the balance to the county where such generating facility is located. If any reservoir is in more than one county, then to each county in which the reservoir or any portion thereof is located a percentage equal to the percentage determined by dividing the total cost of the generating facilities, including adjacent switching facilities, into twice the cost of land and land rights acquired for any reservoir within each county, land and land rights to be defined the same as used by the federal power commission. If the powerhouse and dam, if any, in connection with such reservoir are in more than one county, the balance shall be divided sixty percent to the county in which the owning district is located and forty percent to the other county or counties or if said powerhouse and dam, if any, are owned by a joint operating agency organized under chapter 43.52 RCW, or by more than one district or are

Operating agencies: Chapter 43.52 RCW.

54.36.020 Increased financial burden on school district—Determination of number of construction pupils.

When as the result of a public utility district construction project a school district considers it is suffering an increased financial burden in any year during the construction project, it shall determine the number of construction pupils enrolled in the school district on the first of May of such year. [1957 c 137 § 2.]

54.36.030 Compensation of school district for construction pupils—Computation.

If the subsequent-year enrollment exceeds one hundred and three percent of the base-year enrollment, the public utility district shall compensate the school district for a number of construction pupils above one hundred and three percent of the base-year enrollment.

If the subsequent-year enrollment of nonconstruction pupils is less than the base-year enrollment, compensation shall be paid for the total number of all pupils minus one hundred and three percent of the base-year enrollment. [1957 c 137 § 3.]

54.36.040 Compensation of school district for construction pupils—Amount to be paid. The compensation to be paid per construction pupil as computed in RCW 54.36.030 shall be one-third of the average per-pupil cost of the local school district, for the school year then current. [1957 c 137 § 4.]

54.36.050 Compensation of school district for construction pupils—How paid when more than one project in the same school district. If more than one public utility district or joint operating agency is carrying on a construction project in the same school district, the number of construction pupils for whom the school district is to receive compensation shall be computed as if the projects were constructed by a single agency. The public utility districts or joint operating agencies involved shall divide the cost of such compensation between themselves in proportion to the number of construction pupils occasioned by the operations of each. [1957 c 137 § 5.]

54.36.060 Power to make voluntary payments to school district for capital construction. Public utility districts are hereby authorized to make voluntary payments to a school district for capital construction if their construction projects cause an increased financial burden for such purpose on the school district. [1957 c 137 § 6.]

54.36.070 Increased financial burden on county or other taxing district—Power to make payments. Public utilities are hereby authorized to make payments to a county or other taxing district in existence before the commencement of construction on the construction project which suffers an increased financial burden because of their construction projects, but such amount shall not be more than the amount by which the property taxes levied against the contractors engaged in the work on the construction project failed to meet said increased financial burden. [1957 c 137 § 7.]

54.36.080 Funds received by school district—Equalization apportionment. The funds paid by a public utility district to a school district under the provisions of this chapter shall not be considered a school district receipt by the superintendent of public instruction in determining equalization apportionments under RCW 28.41.080. [1957 c 137 § 8.]

*Reviser's note: RCW 28.41.080 was repealed by 1965 ex.s. c 154 § 12; as a part thereof said section concludes with the following proviso: "Provided, That the provisions of such statutes herein repealed insofar as they are expressly or impliedly adopted by reference or otherwise referred to in or for the benefit of any other statutes, are hereby preserved for such purposes."

(1) Jurisdiction of any general election or special election held on the same date as a general election in a joint sewer district shall rest with the county auditor of each of the counties in which the joint sewer district is located. Election returns of such elections shall be canvassed by the canvassing board of each county and the official results certified to the county auditor of the county in which fifty-one percent or more of the area of the joint sewer district is located. Such county auditor shall then combine the official results from each county in which the joint sewer district is located into a single official result.

(2) Jurisdiction of any special election held on a different date than a general election in a joint sewer district shall rest with the county auditor of the county in which fifty-one percent or more of the area of the joint sewer district is located. Election returns of such elections shall be canvassed by the canvassing board of such county and certified to the county auditor of such county as required by law.

(3) Elections referred to in subsections (1) and (2) of this section shall be conducted as provided by such subsections and by the general election laws not inconsistent therewith.

(4) Candidates for the office of sewer commissioner in a joint sewer district shall file declarations of candidacy with the county auditor of the county in which fifty-one percent or more of the area of the joint sewer district is located and their election shall be conducted as provided by this section and by the general election laws not inconsistent herewith. The candidate receiving the greatest number of votes for each sewer commissioner position shall be declared elected.

For the purposes of this section, "joint sewer district" means any sewer district composed of territory lying in more than one county. [1971 ex.s. c 272 § 12.]

56.02.060 Sewer district activities to be approved—Criteria for approval by county legislative authority. Notwithstanding any provision of law to the contrary, no sewer district shall be formed or reorganized under chapter 56.04 RCW, nor shall any sewer district annex territory under chapter 56.24 RCW, nor shall any sewer district withdraw territory under chapter 56.28 RCW, nor shall any sewer district consolidate or be merged under chapter 56.32 RCW, nor shall any water district be merged into a sewer district under chapter 56.36 RCW, unless such proposed action shall be approved as provided for in RCW 56.02.070.

The county legislative authority shall within thirty days after receiving notice of the proposed action, approve such action or hold a hearing on such action. In addition, a copy of such proposed action shall be mailed to the state department of ecology and to the state department of social and health services.

The county legislative authority shall decide within sixty days of a hearing whether to approve or not approve such proposed action. In approving or not approving the proposed action, the county legislative authority shall consider the following criteria:

(1) Whether the proposed action in the area under consideration is in compliance with the development program which is outlined in the county comprehensive plan and its supporting documents; and/or

(2) Whether the proposed action in the area under consideration is in compliance with the basinwide water and/or sewage plan as approved by the state department of ecology and the state department of social and health services; and/or

(3) Whether the proposed action is in compliance with the policies expressed in the county plan for water and/or sewage facilities.

If the proposed action is inconsistent with subsections (1), (2), or (3) of this section, the county legislative authority shall not approve it. If such action is consistent with all such subsections, the county legislative authority shall approve it unless it finds that utility service in the area under consideration will be most appropriately served by the county itself under the provisions of chapter 36.94 RCW, by a city, town, or municipality, or by another existing special purpose district rather than by the proposed action under consideration. If there has not been adopted for the area under consideration a plan under any one of subsections (1), (2) or (3) of this section, the proposed action shall not be found inconsistent with such subsection. [1971 ex.s. c 139 § 1.]

56.02.070 Approval by county legislative authority final, when—Boundary review board approval. In any county where a boundary review board, as provided in chapter 36.93 RCW, has not been established, the approval of the proposed action shall be by the county legislative authority pursuant to RCW 56.02.060 and 57.02.040, and shall be final and the procedures required to adopt such proposed action shall be followed as provided by law.

In any county where a boundary review board, as provided in chapter 36.93 RCW, has been established, notice of intention of the proposed action shall be filed with the board as required by RCW 36.93.090 and a copy thereof with the legislative authority. The latter shall transmit to the board a report of its approval or disapproval of the proposed action together with its findings and recommendations thereon under the provisions of RCW 56.02.060 and 57.02.040. If the county legislative authority has approved of the proposed action, such approval shall be final and the procedures required to adopt such proposal shall be followed as provided by law, unless the board reviews the action under the provisions of RCW 36.93.100 through 36.93.180. If the county legislative authority has not approved the proposed action, the board shall review the action under the provisions of RCW 36.93.150 through 36.93.180. Action of the board after review of the proposed action shall supersede approval or disapproval by the county legislative authority. [1971 ex.s. c 139 § 3.]

56.02.100 Sewer districts desiring to merge into irrigation districts—Procedure. The procedure and provisions of RCW 85.08.830 through 85.08.890, which are applicable to drainage improvement districts, joint drainage improvement districts, or consolidated drainage
improvement districts which desire to merge into an irrigation district, shall also apply to sewer districts organized, or reorganized, under this title which desire to merge into irrigation districts.

The authority granted by this section shall be cumulative and in addition to any other power or authority granted by law to any sewer district. [1977 ex.s. c 208 § 3.]

Merger of irrigation district with drainage, joint drainage, consolidated drainage improvement, or sewer district: RCW 87.03.720, 87.03.725.

(1) The board of commissioners of a sewer district may notify the owner or reputed owner of any tract, parcel of land, or other property located within the area included in a petition for a local improvement district being circulated under chapter 56.20 RCW or in a petition for annexation being circulated under chapter 56.24 RCW.

(2) Upon the request of any person, the board of commissioners of a sewer district may:

(a) Review a proposed petition to check if the petition is properly drafted; and

(b) Provide information regarding the effects of the adoption of any proposed petition. [1979 c 35 § 3.]

56.04.030 Petition or resolution—Notice of hearing. For the purpose of formation or reorganization of such sewer districts, a petition shall be presented to the board of county commissioners of the county in which said proposed sewer district is located, which petition shall set forth the object for the creation or reorganization of the said district, shall designate the boundaries thereof and set forth the further fact that the establishment or reorganization of said district will be conducive to the public health, convenience and welfare and will be of benefit to the property included therein. Said petition shall be signed by at least twenty-five percent of the qualified electors residing within the district described in the said petition: Provided, If in the opinion of the county health officer the existing sewerage disposal facilities are inadequate in the district to be created only, and it is for the public welfare, then the board of county commissioners of such county may declare a sewerage disposal district a necessity, and such district shall be organized under the provisions of this title, and all amendments thereto. The said petition or resolution shall be filed with the county auditor, who shall, within ten days examine the signatures thereof and certify to the sufficiency or insufficiency. For such purpose the county auditor shall have access to all registration books in the possession of the officers of any political subdivision in such proposed district. No person having signed such a petition shall be allowed to withdraw his name therefrom after the filing of the same with the county auditor. 56.08.010 Power to acquire property and rights—Eminent domain—Construction, operation, etc., of system. A sewer district may acquire by purchase or by condemnation and purchase all lands, property rights, water, and water rights, both within and without the district, necessary for its purposes. A sewer district may lease real or personal property necessary for its purposes for a term of years for which such leased property may reasonably be needed where in the opinion of the board of sewer commissioners such property may not be needed permanently or substantial savings to the district can be effected thereby. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities of the third class, insofar as consistent with the provisions of this title, except that all assessments or reassessment rolls required to be filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer shall be imposed upon the county treasurer for the purposes hereof; it may construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district and inhabitants thereof with an adequate system of sewers for all uses and purposes, public and private, including the drainage of storm or surface waters, public highways, streets, and roads with full authority to regulate the use and operation thereof and the service rates to be charged. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants, within or without the district, and may acquire by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution, from its sewers or its sewage treatment plant. A district may charge property owners seeking to connect to the district system of sewers, as a condition to granting the right to so connect, in addition to the cost of such connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that such property owners shall bear their equitable share of the cost of such system. A district may compel all property owners within the sewer district located within an area served by the district system of sewers to connect their private drain and sewer systems with the district system under such penalty as the sewer commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served. The bonds shall be serial in form and maturity and numbered from one up consecutively. The bonds shall bear interest at such rate or rates as authorized by the board of sewer commissioners, payable semiannually from date of said bonds until principal thereof is paid, with interest coupons, evidencing such interest to maturity, attached. The various annual maturities shall commence with the second year after the date of issue of the bonds, and shall as nearly as practicable be in such amounts as will, together with the interest on all outstanding bonds, be met by an equal annual tax levy for the payment of said bonds and interest: Provided, That only the bond numbered one of any issue shall be of a denomination other than a multiple of one hundred dollars.

Such bonds shall never be issued to run for a longer period than thirty years from the date of the issue and shall as nearly as practicable be issued for a period which will be equivalent to the life of the improvement to be acquired by the issue of the bonds.

The bonds shall be signed by the presiding officer of the board of sewer commissioners and shall be attested by the secretary of such board under the seal of the sewer district, and the interest coupons shall be signed by the facsimile signature of the presiding officer of the board of sewer commissioners and shall be attested by the facsimile signature of the secretary of such board.

There shall be levied by the officers or governing body now or hereafter charged by law with the duty of levying taxes in the manner provided by law an annual levy in excess of the constitutional and/or statutory tax limitations sufficient to meet the annual or semiannual payments of principal and interest on the said bonds maturing as herein provided upon all taxable property within such sewer district.

Said bonds shall be sold in such manner as the sewer commissioners shall deem for the best interest of the sewer district, and at a price not less than par and accrue interest. Severability—Effective date—1970 ex.s. c 42: See notes following RCW 39.36.015.

56.16.060 Revenue bonds—Issuance, form, payment, etc. When sewer revenue bonds are issued for authorized purposes, said bonds shall be in bearer form or registered as to principal or interest or both, and may provide for conversion between registered and coupon bonds; shall be in such denominations, shall be numbered, shall bear such date, shall be payable at such time or times up to a maximum period of not to exceed thirty years and at such place or places one of which must be the office of the treasurer of the county in which the district is located, or of the county in which fifty-one percent or more of the area of the district is located such place or places to be determined by the board of commissioners of the district; shall bear interest at such rate or rates payable at such time or times as authorized by the board of sewer commissioners; shall be executed by the president of the board of commissioners and attested by the secretary thereof, one of which signatures may, with the written permission of the signator whose facsimile signature is being used, be a facsimile and have the seal of the district impressed thereon, and may have facsimile signatures of the president and secretary imprinted on the interest coupons in lieu of original signatures. [1975 1st ex.s. c 25 § 1; 1971 ex.s. c 272 § 4; 1970 ex.s. c 56 § 81; 1969 ex.s. c 232 § 86; 1959 c 103 § 8; 1941 c 210 § 19; Rem. Supp. 1941 § 9425–28.]

*Facsimile signature on bonds and coupons: RCW 39.44.100 through 39.44.102.

56.16.065 Revenue warrants and revenue bond anticipation warrants. Sewer districts may also issue revenue warrants and revenue bond anticipation warrants for the same purposes for which such districts may issue revenue bonds. The provisions of this chapter relating to the authorization, terms, conditions, covenants, issuance and sale of revenue bonds (exclusive of provisions relating to refunding) shall be applicable to such warrants. Sewer districts issuing revenue bond anticipation warrants may make covenants relative to the issuance of revenue bonds to provide funds for the redemption of part or all of such warrants and may contract for the sale of such bonds and warrants. [1975 1st ex.s. c 25 § 4.]

56.16.070 Special fund to pay revenue bonds. The sewer commissioners shall have power and are required
to create a special fund, or funds, for the sole purpose of paying the interest and principal of sewer revenue bonds, as herein provided into which special fund or funds the said sewer commissioners shall obligate and bind the sewer district to set aside and pay a fixed proportion of the gross revenues of the system of sewers, or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount or amounts without regard to any fixed proportion, and such bonds and the interest thereof shall be payable only out of such special fund or funds, and shall be a lien and charge against all revenues of the district and payments received from any utility local improvement district or districts pledged to secure such bonds, subject only to operating and maintenance expenses. [1959 c 103 § 9; 1941 c 210 § 20; Rem. Supp. 1941 § 9425–29.]

56.16.080 Special fund, considerations in creating—Rights of bondholder. In creating any special fund or funds the sewer commissioners of such sewer district shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to, and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available over and above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Any such bonds, and the interest thereon, issued against any such fund as herein provided, shall be a valid claim of the holder thereof only as against the said special fund and its fixed proportion or amount of the revenue pledged to such fund, and shall not constitute an indebtedness of such sewer district within the meaning of the constitutional provisions and limitations. Each such bond or warrant shall state upon its face that it is payable from a special fund, naming the said fund and the resolution creating it. Said bonds shall be sold in such manner, at such prices and at such rate or rates of interest as the sewer commissioners shall deem for the best interests of the sewer district, either at public or private sale, and the said commissioners may provide in any contract for the construction and acquisition of the proposed improvement that payment therefor shall be made in such bonds at par value thereof.

When any such special fund shall have been heretofore or shall be created and any such bonds shall have been heretofore or shall hereafter be issued against the same, a fixed proportion or a fixed amount out of and not to exceed such fixed proportion, or a fixed amount without regard to any fixed proportion, of revenue shall be set aside and paid into said special fund as provided in the resolution creating such fund or authorizing such bonds. In case any sewer district shall fail thus to set aside and pay said fixed proportion or amount as aforesaid, the holder of any bond payable from such special fund may bring suit or action against the sewer district and compel such setting aside and payment. [1975 1st ex.s. c 25 § 2; 1970 ex.s. c 56 § 82; 1941 c 210 § 21; Rem. Supp. 1941 § 9425–30.]

56.16.085 Covenants to guarantee payment of revenue bonds—Bonds payable from same source may be issued on parity. The board of commissioners may make such covenants as it may deem necessary to secure and guarantee the payment of the principal of and interest on sewer revenue bonds of the district, including but not being limited to covenants for the establishment and maintenance of adequate reserves to secure or guarantee the payment of such principal and interest; the protection and disposition of the proceeds of sale of such bonds; the use and disposition of the gross revenues of the sewer system of the district and any additions or betterments thereto or extensions thereof; the use and disposition of any utility local improvement district assessments; the creation and maintenance of funds for renewals and replacements of the system; the establishment and maintenance of rates and charges adequate to pay principal and interest of such bonds and to maintain adequate coverage over debt service; the maintenance, operation and management of the system and the accounting, insuring and auditing of the business in connection therewith; the terms upon which such bonds or any of them may be redeemed at the election of the district; limitations upon the right of the district to dispose of its system or any part thereof; the appointment of trustees, depositaries and paying agents to receive, hold, disburse, invest and reinvest all or any part of the proceeds of sale of the bonds and all or any part of the income, revenue and receipts of the district, and the board of commissioners may make such other covenants as it may deem necessary to accomplish the most advantageous sale of such bonds. The board of commissioners may also provide that revenue bonds payable out of the same source or sources may later be issued on a parity with any revenue bonds being issued and sold. [1959 c 103 § 10.]

56.16.090 Rates and charges—Classification of services. The sewer commissioners of any sewer district, in the event that such sewer revenue bonds are issued, shall provide for revenues by fixing rates and charges for the furnishing of sewerage disposal service to those to whom such service is available. Such rates and charges may be combined for the furnishing of more than one type of sewer service such as but not limited to storm or surface water and sanitary. Such rates and charges are to be fixed as deemed necessary by such sewer commissioners, so that uniform charges will be made for the same class of customer or service. In classifying customers served or service furnished by such system of sewerage, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the sewage

[Title 56 RCW (1979 Ed.)—p 13]
delivered and the time of its delivery; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Such rates are to be made on a monthly basis and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system. [1974 ex.s. c 58 § 3; 1959 c 103 § 11; 1941 c 210 § 22; Rem. Supp. 1941 § 9425-31.]

56.16.100 Collection of charges—Lien. The commissioners shall enforce collection of the sewer connection charges and sewerage disposal service charges against property to which and its owners to whom the service is available, such charges being deemed charges against the property to which the service is available, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either sewer connection charges or sewer service charges are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate fixed by resolution, shall be a lien against the property to which the service was available, subject only to the lien for general taxes. [1977 ex.s. c 300 § 6; 1971 ex.s. c 272 § 5; 1953 c 250 § 14; 1941 c 210 § 23; Rem. Supp. 1941 § 9425-32.]

56.16.110 Foreclosure of lien for charges. The district, at any time after the sewer connection charges or sewerage disposal service charges and penalties provided for in RCW 56.16.100, as now or hereafter amended, are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is situated. The court may allow, in addition to the costs and disbursements provided by statute, such an attorney's fee as it may adjudge reasonable. The action shall be in rem against the property, and in addition may be brought in the name of the district against an individual, or against the property, and in addition may be brought in the name of the district against an individual, or against all of those who are delinquent in one action, and the laws and rules of the court shall control as in other civil actions. [1977 ex.s. c 300 § 7; 1971 ex.s. c 272 § 6; 1953 c 250 § 15; 1941 c 210 § 24; Rem. Supp. 1941 § 9425-33.]

56.16.115 Refunding bonds. The board of sewer commissioners may by resolution, without submitting the matter to the voters of the district, authorize the issuance of refunding general obligation bonds to refund any outstanding general obligation bonds, or any part thereof, at maturity thereof, or before the maturity thereof, if they are subject to call for prior redemption, or if all of the holders thereof consent thereto. The total cost to the district over the life of the refunding bonds shall not exceed the total cost, which the district would have incurred but for such refunding, over the remainder of the life of the bonds being refunded. The provisions of RCW 56.16.040 specifying the form and maturities of general obligation bonds and providing for annual tax levies in excess of the constitutional and/or statutory tax limitations shall apply to the refunding general obligation bonds issued under this title.

The board of sewer commissioners may by resolution provide for the issuance of refunding revenue bonds to refund outstanding general obligation bonds and/or revenue bonds, or any part thereof, at maturity thereof, or before maturity thereof, if they are subject to call for prior redemption, or if all of the holders thereof consent thereto. The total cost to the district over the life of said refunding revenue bonds shall not exceed the total cost, which the district would have incurred but for such refunding, over the remainder of the life of the bonds being refunded. Uncollected assessments originally payable into the revenue bond fund of a refunded revenue bond issue shall be paid into the revenue bond fund of the refunding issue. The provisions of RCW 56.16.060 specifying the form and maturities of revenue bonds shall apply to the refunding revenue bonds issued under this title.

Refunding general obligation bonds or refunding revenue bonds may be exchanged for the bonds being refunded or may be sold in such manner as the sewer commissioners shall deem for the best interest of the sewer district. [1977 ex.s. c 300 § 8; 1973 1st ex.s. c 195 § 66; 1959 c 103 § 12; 1953 c 250 § 16.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

56.16.130 Interest coupons as warrants. The coupons hereinafore mentioned for the payment of interest on bonds of any sewer district shall be considered for all purposes as warrants drawn upon the general fund of the said sewer district issuing such bonds, and when presented to the treasurer of the county having custody of the funds of such sewer district at maturity, or thereafter, and when so presented, if there are not funds in the treasury to pay the said coupons, it shall be the duty of the county treasurer to endorse said coupons as presented for payment, in the same manner as county warrants are indorsed, and thereafter said coupons shall bear interest at the same rate as the bonds to which they were attached. [1941 c 210 § 45; Rem. Supp. 1941 § 9425-54.]

56.16.140 Maintenance or general fund and special funds. The county treasurer of the county in which the district is located or the county in which fifty-one percent or more of the area of the district is located shall create and maintain a separate fund designated as the maintenance fund or general fund of the sewer district into which shall be paid all money received by him from the collection of taxes levied by such district other than taxes levied for the payment of general obligation bonds thereof, and into which shall be paid all revenues of the district other than assessments levied in utility local improvement districts, and no money shall be disbursed therefrom except upon warrants of the county auditor.
issued by authority of the commissioners or upon a resolution of the commissioners ordering a transfer to any other fund of the district. The county treasurer of each county in which the district or a portion thereof is located shall also maintain such other special funds as may be prescribed by the sewer district, into which shall be placed such moneys as the board of sewer commissioners may by its resolution direct, and from which disbursements shall be made upon proper warrants of the county auditor issued against the same by authority of the board of sewer commissioners. [1971 ex.s. c 272 § 7; 1959 c 103 § 13; 1941 c 210 § 46; Rem. Supp. 1941 § 9425-55.]

56.16.150 Maintenance or general fund and special funds—Use of surplus in maintenance or general fund. Whenever a sewer district has accumulated moneys in the maintenance fund or general fund of the district in excess of the requirements of such fund, the board of commissioners may in its discretion use any of such surplus moneys for any of the following purposes: (1) Redemption or servicing of outstanding obligations of the district; (2) maintenance expenses of the district; (3) construction or acquisition of any facilities necessary to carry out the purpose of the district. [1959 c 103 § 14.]

56.16.160 Maintenance or general fund and special funds—Deposits and investments. Whenever there shall have accumulated in any general or special fund of a sewer district moneys, the disbursement of which is not yet due, the board of commissioners may, by resolution, authorize the county treasurer to deposit or invest such moneys in banks, mutual savings banks, or savings and loan associations in an amount in each institution no greater than the amount insured by any department or agency of the United States government, the federal deposit insurance corporation, or the federal savings and loan insurance corporation, or to invest such moneys in direct obligations of the United States government: Provided. That the county treasurer may refuse to invest any district moneys for a period shorter than ninety days, or in an amount less than five thousand dollars, or any moneys the disbursement of which will be required during the period of investment to meet outstanding obligations of the district. [1973 1st ex.s. c 140 § 2; 1959 c 103 § 15.]

56.16.170 Maintenance or general fund and special funds—Loans from maintenance or general funds to construction funds. The board of commissioners of any sewer district may, by resolution, authorize and direct a loan or loans from maintenance funds or general funds of the district to construction funds of the district: Provided. That such loan does not, in the opinion of the board of commissioners, impair the ability of the district to operate and maintain its system of sewers. [1959 c 103 § 16.]

56.20.010 Local districts authorized. Any sewer district shall have the power to establish utility local improvement districts within its territory as hereinafter provided, and to levy special assessments under a mode of annual installments extending over a period not exceeding twenty years on all property specially benefited by any local improvement, on the basis of the special benefits to pay in whole or in part the damages or costs of any improvements ordered in such sewer district. The levying, collection and enforcement of all public assessments hereby authorized shall be in the manner now and hereafter provided by law for the levying, collection and enforcement of local improvement assessments by cities of the first class, insofar as the same shall not be inconsistent with the provisions of this title. The duties devolving upon the city treasurer under said laws are imposed upon the county treasurer of each county in which the real property is located for the purposes of this title. The mode of assessment shall be in the manner to be determined by the sewer commissioners by resolution. It must be specified in any petition for the establishment of a utility local improvement district and in the comprehensive scheme or plan or amendment thereto previously duly ratified at an election, that the assessments shall be for the sole purpose of payment into the revenue bond fund for the payment of revenue bonds. Assessments in any utility local improvement district may be made on the basis of special benefits up to but not in excess of the total cost of any comprehensive scheme or plan payable by issuance of revenue bonds. No warrants or bonds shall be issued in any such utility local improvement district, but the collection of interest and principal on all assessments in such utility local improvement district, when collected, shall be paid into the revenue bond fund. [1971 ex.s. c 272 § 8; 1941 c 210 § 26; Rem. Supp. 1941 § 9425-35.]

Local improvements, collection of assessments: Chapter 35.49 RCW.
56.20.015 Certain powers of cities and water districts granted to sewer districts. In addition to all of the powers and authorities set forth in Title 56 RCW, any sewer district shall have all of the powers of cities as set forth in chapter 35.44 RCW. Sewer districts may also exercise all of the powers permitted to a water district under Title 57 RCW relating to the constructing, maintaining, and operating of water supply systems. [1977 ex.s. c 300 § 9; 1974 ex.s. c 58 § 4.]

56.20.020 Petition or resolution to form local district—Procedure—Written protest. Utility local improvement districts to carry out all or any portion of the comprehensive plan, or additions and betterments thereof, adopted for the sewer district may be initiated either by resolution of the board of sewer commissioners or by petition signed by the owners according to the records of the office of the county auditor of at least fifty-one percent of the area of the land within the limits of the utility local improvement district to be created.

In case the board of sewer commissioners shall desire to initiate the formation of a utility local improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed utility local improvement district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, and fixing a date, time and place for a public hearing on the formation of the proposed local district, which date shall, unless there is an emergency, be no less than thirty days and no more than ninety days from the day the resolution of intention was adopted.

In case any such utility local improvement district shall be initiated by petition, such petition shall set forth the nature and territorial extent of such proposed improvement and the fact that the signers thereof are the owners according to the records of the county auditor of at least fifty-one percent of the area of land within the limits of the utility local improvement district to be created. Upon the filing of such petition with the secretary of the board of sewer commissioners, the board shall determine whether the same shall be sufficient, and the board's determination thereof shall be conclusive upon all persons. No person shall withdraw his name from said petition after the filing thereof with the secretary of the board of sewer commissioners. If the board shall find the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of said improvement, designating the number of the proposed local district, describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether the resolution was adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least fifteen days prior to the date fixed for such resolution for hearing before the board of sewer commissioners. Notice of the adoption of the resolution of intention shall also be given each owner or reputed owner of any lot, tract, parcel of land or other property within the proposed improvement district by mailing said notice at least fifteen days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon. Whenever such notices are mailed, the sewer commissioners shall maintain a list of such reputed property owners, which list shall be kept on file at a location within the sewer district and shall be made available for public perusal. The notices shall refer to the resolution of intention and designate the proposed improvement district by number. Said notices shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the date, time and place of the hearing before the board of sewer commissioners. In the case of improvements initiated by resolution, said notice shall also: (1) State that all persons desiring to object to the formation of the proposed district must file their written protests with the secretary of the board of sewer commissioners before the time fixed for said public hearing; (2) state that if owners of at least forty percent of the area of land within the proposed district file written protests with the secretary of the board, the power of the sewer commissioners to proceed with the creation of the proposed district shall be divested; (3) provide the name and address of the secretary of the board; and (4) state the hours and location within the sewer district where the names of the property owners within the proposed district are kept available for public perusal. In the case of the notice given each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, parcel of land or other property. [1977 ex.s. c 300 § 10; 1974 ex.s. c 58 § 5; 1965 ex.s. c 40 § 1; 1953 c 250 § 17; 1941 c 210 § 27; Rem. Supp. 1941 § 9425–36.]

56.20.030 Hearing—Improvement ordered—Divestment of power to order—Assessment roll. Whether the improvement is initiated by petition or resolution, the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from any person affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in plans for the proposed improvement as shall be deemed necessary. Provided, That the board may not change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice.

[Title 56 RCW (1979 Ed.)—p 16]
After said hearing the commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution: Provided, That the jurisdiction of the commissioners to proceed with any improvement initiated by resolution shall be divested: (a) by protests filed with the secretary of the board prior to said public hearing signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district or (b) by the commissioners not adopting a resolution ordering the improvement at a public hearing held not more than ninety days from the day the resolution of intention was adopted, unless the commissioners file with the county auditor a copy of the notice required by RCW 56.20.020, and in no event at a hearing held more than two years from the day the resolution of intention was adopted.

If the commissioners find that the district should be formed, they shall by resolution order the improvement, provide the general funds of the sewer district to be applied thereto, adopt detailed plans of the utility local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the sewer district such eminent domain proceedings and supplemental assessment or reassessment proceedings to pay all eminent domain awards as may be necessary to entitle the district to proceed with the work. The board of sewer commissioners shall proceed with the work and file with the county treasurer of each county in which the real property is to be assessed its roll levying special assessments in the amount to be paid by special assessment against the property situated within the local improvement district in proportion to the special benefits to be derived by the property therein from the improvement. [1974 ex.s. c 58 § 6; 1971 ex.s. c 272 § 9; 1953 c 250 § 18; 1941 c 210 § 28; Rem. Supp. 1941 § 9425-37.]

56.20.030 Exemption of farm and agricultural land from special benefit assessments. See RCW 84.36.300 through 84.36.380 and 84.36.922.

56.20.040 Notice of filing roll. Before the approval of the roll a notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the local district, stating that the roll is on file and open to inspection in the office of the secretary, and fixing the time, not less than fifteen or more than thirty days from the date of the first publication of the notice, within which protests must be filed with the secretary against any assessments shown thereon, and fixing a time when a hearing will be held by the commission on the protests. The notice shall also be given by mailing at least fifteen days before the hearing, a similar notice to the owners or reputed owners of the land in the local district as they appear on the books of the treasurer of the county in which the sewer district is located. [1953 c 250 § 19; 1941 c 210 § 29; Rem. Supp. 1941 § 9425-38.]

56.20.050 Hearing on protests—Order. At such hearing on a protest to an assessment, or any adjournment thereof, the sewer commissioners shall have power to correct, revise, raise, lower, change or modify such roll, or any part thereof, and to set aside such roll, and order that such assessment be made de novo, as to such body shall appear equitable and just and may then by resolution approve the same. In the event of any assessment being raised a new notice similar to such first notice shall be given, after which final approval of such roll may be made by the sewer commissioners. Whenever any property shall have been entered originally upon such roll and the assessment upon any such property shall not be raised, no objection thereto shall be considered by the sewer commissioners or by any court on appeal unless such objection be made in writing at, or prior, to the date fixed for the original hearing upon such roll. [1941 c 210 § 30; Rem. Supp. 1941 § 9425-39.]

56.20.060 Enlarged local district may be formed. In the event that any portion of the system after its installation in such utility local improvement district is not adequate for the purpose for which it was intended, or that for any reason changes, alterations or betterments are necessary in any portion of the system after its installation, then such district, with boundaries which may include one or more existing utility local improvement districts, may be created in the sewer district in the same manner as is provided herein for the creation of utility local improvement districts. Upon the organization of such a utility local improvement district as provided for in this section the plan of the improvement and the payment of the cost of the improvement shall be carried out in the same manner as is provided herein for the carrying out of and the paying for the improvement in the utility local improvement districts previously provided for in this title. [1941 c 210 § 31; Rem. Supp. 1941 § 9425-40.]

56.20.070 Conclusiveness of roll when approved—Exceptions. Whenever any assessment roll for local improvements shall have been confirmed by the sewer commission of such sewer district as herein provided, the regularity, validity and correctness of the proceedings relating to such improvement, and to the assessment thereof, including the action of the sewer commission upon such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll in the manner and within the time provided in this title, and not appealing from the action of the sewer commission in confirming such assessment roll in the manner and within the time in this title provided. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor.

[Title 56 RCW (1979 Ed.)—p 17]
This section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

(1) That the property about to be sold does not appear upon the assessment roll, or

(2) That said assessment has been paid.

This section also shall not prohibit the correction of clerical errors and errors in the computation of assessments in assessment rolls by the following procedure:

(1) The board of sewer commissioners may file a petition with the superior court of the county wherein the real property is located, asking that the court enter an order correcting such errors and direct that the county treasurer pay a portion or all of the incorrect assessment by the transfer of funds from the district's maintenance fund, if such relief be necessary.

(2) Upon the filing of the petition, the court shall set a date for hearing and upon the hearing may enter an order as provided in subsection (1) of this paragraph: Provided, That neither the correcting order or the corrected assessment roll shall result in an increased assessment to the property owner. [1971 ex.s. c 272 § 10; 1969 c 126 § 1; 1941 c 210 § 33; Rem. Supp. 1941 § 9425-42.]

56.20.080 Review. The decision of the sewer commission upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the secretary of said sewer commission and with the clerk of the superior court in the county in which the real property is situated within ten days after publication of a notice that the resolution confirming such assessment roll has been adopted, and such notice of appeal shall describe the property and set forth the objections of such appellant to such assessment. Within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court, a transcript consisting of the assessment roll and his objections thereto, together with the resolution confirming such assessment roll and the record of the sewer district commission with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such secretary of said sewer commission and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with sureties thereon as provided by law for appeals in civil cases, shall be filed conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the sewer district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the secretary of such sewer district, that such transcript is filed. Said notice shall state a time, not less than three days from the service thereof, when the appellant will call up the said cause for hearing. The superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury, and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such sewer district and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have the custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases, however, such appeal must be taken within fifteen days after the date of the entry of the judgment of such superior court, and the record and opening brief of the appellant in said cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal shall have been taken by notice as provided in this title. The time for filing such record and serving and filing of briefs in this section prescribed may be extended by order of the superior court, or by stipulation of the parties concerned. The supreme court or the court of appeals on such appeal may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. [1971 ex.s. c 272 § 11; 1971 c 81 § 125; 1965 ex.s. c 40 § 2; 1941 c 210 § 32; Rem. Supp. 1941 § 9425-41.]

56.20.090 Segregation of special assessment—Costs. Whenever any land against which there has been levied any special assessment by any sewer district shall have been sold in part or subdivided, the board of sewer commissioners of such district shall have the power to order a segregation of the assessment. Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the board of commissioners of the sewer district which levied the assessment. If the sewer commissioners determine that a segregation should be made, they shall by resolution order the county treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of...
the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to make the segregation ordered upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the board of sewer commissioners may require as a condition to the order of segregation that the person seeking it pay the district the reasonable engineering and clerical costs incident to making the segregation. [1953 c 250 § 20.]

Segregation duties of county treasurer: RCW 36.29.160.

56.24.080 Hearing—Boundaries—Election, notice, judges. When such petition is presented for hearing, the said board of county commissioners shall hear the same or may adjourn said hearing from time to time not exceeding one month in all, and any person, firm or corporation may appear before the board of county commissioners and make objections to the proposed boundary lines or to the annexation of the territory described in the petition; and upon a final hearing the said board of county commissioners shall make such changes in the proposed boundary lines as they deem to be proper and shall establish and define such boundaries and shall find whether the proposed annexation of the said territory as established by the said board of county commissioners to the said sewer district will be conducive to the public health, welfare and convenience and will be of special benefit to the land included within the boundaries of the territory proposed to be annexed to the said sewer district and so established by the said board of county commissioners: Provided, That no lands which will not, in the judgment of said board, be benefited by inclusion therein, shall be included within the boundaries of said territory as so established and defined: Provided further. That no change shall be made by the said board of county commissioners in the said boundary lines, including any territory outside of the boundary lines described in the petition: And provided further, That no person having signed such petition as herein provided for shall be allowed to withdraw his name therefrom after the filing of the same with the board of sewer commissioners to said sewer district.

Upon the entry of the findings of the final hearing to the said petition by the said county commissioners of such county, if they find the said proposed annexation
the territory to the said sewer district to be conducive to the public health, welfare and convenience and to be of special benefit to the land proposed to be annexed and included within the boundaries of the district, they shall give notice of a special election to be held within the boundaries of the territory proposed to be annexed to said sewer district for the purpose of determining whether the same shall be annexed to the said sewer district; and such notice shall particularly describe the boundaries established by the board of county commissioners on its final hearing of the said petition, and shall state the name of the sewer district to which the said territory is proposed to be annexed, and the same shall be published for at least two weeks prior to such election in a weekly newspaper printed and published within the county within which said district is located, and in case no such newspaper be printed or published in such county, then in some such newspaper of general circulation therein for two successive issues thereof, and shall be posted for the same period in at least four public places within the boundaries of the district proposed to be annexed, which notice shall designate the places within the territory proposed to be annexed to said sewer district where the said election shall be held, and shall require the voters to cast ballots which shall contain the words:

For Annexation to Sewer District

or

Against Annexation to Sewer District

The said county commissioners shall name the persons to act as judges at such election. [1967 ex.s. c 11 § 2.]

56.24.090 Election—Qualification of voters. The said election shall be held on the date designated in such notice and shall be conducted in accordance with the general election laws of the state. In the event the original petition for annexation is signed by qualified electors then only qualified electors, at the date of election, residing in the territory proposed to be annexed, shall be permitted to vote at the said election. In the event the original petition for annexation is signed by property owners as provided for in this chapter then no person shall be entitled to vote at such election unless at the time of the filing of the original petition he owned the land in the district of record and in addition thereto at the date of election shall be a qualified elector of the county in which such district is located. It shall be the duty of the county auditor, upon request of the county commissioners, to certify to the election officers of any such election, the names of all persons owning land in the district at the date of the filing of the original petition as shown by the records of his office; and at any such election the election officers may require any such landowner offering to vote to take an oath that he is a qualified elector of the county before he shall be allowed to vote: Provided, That at any election held under the provisions of this chapter an officer or agent of any corporation having its principal place of business in said county and owning land at the date of filing the original petition in the district duly authorized thereto in writing may cast a vote on behalf of such corporation. When so voting he shall file with the election officers such a written instrument of his authority. The judge or judges at such election shall make return thereof to the board of sewer commissioners, who shall canvass such return and cause a statement of the result of such election to be entered on the record of such commissioners. If the majority of the votes cast upon the question of such election shall be for annexation, then such territory shall immediately be and become annexed to such sewer district and the same shall then forthwith be a part of the said sewer district, the same as though originally included in such district. [1967 ex.s. c 11 § 3.]

56.24.100 Conduct, expense of election. All elections held pursuant to this chapter, whether general or special, shall be conducted by the county election board of the county in which the district is located.

The expense of all such elections shall be paid for out of the funds of such sewer district. [1967 ex.s. c 11 § 4.]

56.24.110 Petition method is alternative to election method. The method of annexation provided for in RCW 56.24.120 through 56.24.150 shall be an alternative method to that specified in RCW 56.24.070 through 56.24.100. [1967 ex.s. c 11 § 5.]

56.24.120 Petition method—Petition—Signers—Content. A petition for annexation of an area contiguous to a sewer district may be made in writing, addressed to and filed with the board of commissioners of the district to which annexation is desired. It must be signed by the owners, according to the records of the county auditor, of not less than sixty percent of the area of land for which annexation is petitioned, shall set forth a description of the property according to government legal subdivisions or legal plats, and shall be accompanied by a plat which outlines the boundaries of the property sought to be annexed. [1967 ex.s. c 11 § 6.]

56.24.130 Petition method—Hearing—Notice. If the petition for annexation filed with the board of commissioners complies with the requirements of law, as proved to the satisfaction of the board of commissioners, it may entertain the petition, fix the date for public hearing thereon, and cause notice of the hearing to be published in one issue of a newspaper of general circulation in the area proposed to be annexed and also posted in three public places within the area proposed for annexation. The notice shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation. The expense of publication and posting of the notice shall be borne by the signers of the petition. [1967 ex.s. c 11 § 7.]

56.24.140 Petition method—Resolution—Filing. Following the hearing the board of commissioners shall determine by resolution whether annexation shall be made. It may annex all or any portion of the proposed area but may not include in the annexation any property not described in the petition. Upon passage of the resolution a certified copy shall be filed with the board of

[Title 56 RCW (1979 Ed.)—p 20]
county commissioners of the county in which the annexed property is located. [1967 ex.s. c 11 § 9.]

56.24.150 Petition method—Effective date of annexation—Prior indebtedness. Upon the date fixed in the resolution the area annexed shall become a part of the district.

No property within the limits of the territory so annexed shall ever be taxed or assessed to pay any portion of the indebtedness of the district to which it is annexed contracted prior to or existing at the date of annexation; nor shall any such property be released from any taxes or assessments levied against it or from liability for payment of outstanding bonds or warrants issued prior to such annexation. The consolidation may be initiated in either of the following ways: Ten percent of the legal electors residing within each of the sewer districts proposed to be consolidated may petition the board of sewer commissioners of each of their respective sewer districts to cause the question to be submitted to the legal electors of the sewer districts proposed to be consolidated; or, the boards of sewer commissioners of each of the sewer districts proposed to be consolidated may by resolution determine that the consolidation of such districts shall be conducive to the public health, welfare, and convenience and to be of special benefit to the lands of such districts. Notice of the election shall be given and the election conducted in accordance with the general election laws. [1975 1st ex.s. c 86 § 7; 1967 c 197 § 11.]

56.32.110 Return of election—When merger effective—Cessation of merging district. If at the election a majority of the voters of the merging sewer district shall vote in favor of the merger, the county canvassing board of the county auditor of which conducted the election shall so declare in its canvass and the return of the election shall be made within ten days after the date thereof. Upon the return the merger shall be effective and the merging sewer district shall cease to exist and shall become a part of the merger sewer district. Any water district, acting alone or in conjunction with any other water district or districts similarly situated as hereafter described, the territory of which lies wholly or partly within, or which is adjoining or in proximity to, and in the same county with, a sewer district, may merge into the sewer district, and the sewer district will survive under its original name. The term "in proximity to" as used herein shall mean within one mile of each other, measured in a straight line between the closest points of approach of the territorial boundaries of the respective districts. [1969 ex.s. c 148 § 1.]

Severability—1969 ex.s. c 148: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1969 ex.s. c 148 § 9.] This applies to this chapter and RCW 56.12.010.

56.36.020 Initiation of merger—Resolution—Petition. A merger of one or more water districts into a sewer district may be initiated in any one of the following ways:

1) Whenever the board of commissioners of the sewer district, on the one hand, and the board of commissioners of the water district or of the respective water districts seeking to merge into the sewer district, on the other hand, each determine by resolution that the merger of such water district or water districts into the sewer district shall be conducive to the public health, welfare and convenience and to be of special benefit to the lands of such district so desiring to merge.

The agreement must be entered into within ninety days following completion of the last act required for initiation of the merger by any one of the means above specified, as provided in RCW 56.36.020. Where two or more water districts seek to merge into a sewer district at or about the same time, there need be but one agreement of
merger signed by the sewer district and such two or more water districts if the parties so agree.

Upon entry of such agreement, the boards of the water and sewer commissioners shall file a notice of intention to merge together with a copy of said agreement with the boundary review board, if any, of the county and the board shall review the proposed merger under the provisions of RCW 36.93.150 through 36.93.180.

The land, however, within such city or town shall remain liable for the payment of all assessments, any lien upon said property at the time of the execution of said agreement and for any lien of all general obligation bonds due at the date of said contract, and the city shall remain liable for its fair prorated share of the debt of the area for any revenue bonds outstanding as of said date of contract. [1971 ex.s. c 272 § 13.]

All contract projects, the estimated cost of which is less than twelve thousand dollars, may be awarded to a contractor on the small works roster. The small works roster shall be comprised of all responsible contractors who have requested to be on the list. The board of water commissioners may set up uniform procedures to prequalify contractors for...
inclusion on the small works roster. The board of water commissioners shall authorize by resolution a procedure for securing telephone and/or written quotations from the contractors on the small works roster to assure establishment of a competitive price and for awarding contracts to the lowest responsible bidder. Such procedure shall require that a good faith effort be made to request quotations from all contractors on the small works roster. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised every six months. All contract projects equal to or in excess of twelve thousand five hundred dollars shall be let by competitive bidding. At the time and place named such bids shall be publicly opened and read and the board of water commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting his own plans and specifications. Provided, That no contract shall be let in excess of the cost of said materials or work, or if in the opinion of the board of water commissioners all bids are unsatisfactory they may reject all of them and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If such contract be let, then all checks, cash or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for the purchase of such materials or doing such work, and a bond to perform such work furnished with sureties satisfactory to the board of water commissioners in the full amount of the contract price between the bidder and the commission in accordance with the bid. If said bidder fails to enter into said contract in accordance with said bid and furnish such bond within ten days from the date at which he is notified that he is the successful bidder, the said check, cash or bid bonds and the amount thereof shall be forfeited to the water district: Provided, That if the bidder fails to enter into a contract in accordance with his bid, and the board of water commissioners deems it necessary to take legal action to collect on any bid bond required herein, then the water district shall be entitled to collect from said bidder any legal expenses, including reasonable attorneys’ fees occasioned thereby.

(4) In the event of an emergency when the public interest or property of the water district would suffer material injury or damage by delay, upon resolution of the board of water commissioners, or proclamation of an official designated by the board to act for the board during such emergencies, declaring the existence of such emergency and reciting the facts constituting the same, the board, or official acting for the board, may waive the requirements of this chapter with reference to any purchase or contract. 57.08.060 Powers as to street lighting systems. such water, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either water connection charges or rates and charges for water supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the district is situated, and the charges and any penalties added thereto and interest thereon at the rate of not more than eight percent per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes. The court may allow, in addition to the costs and disbursements provided by statute, such an attorney’s fee as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual, or against all of those who are delinquent in one action, and the laws and rules of the court shall control as in other civil actions.

In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water supplied are delinquent for a period of sixty days. [1977 ex.s. c 299 § 1; 1959 c 108 § 3.]

Any two or more water districts or any one or more water districts and one or more sewer districts, by a majority vote of their respective boards of commissioners, may, if deemed expedient, join in the procuring of such health care services and/or group insurance and/or term life insurance, and the board of commissioners of each participating sewer and/or water district may by appropriate resolution authorize their respective district to pay all or any portion of the cost thereof. Water district commissioners and employees are authorized to attend meetings of the association. The expense of the association may be paid from the maintenance or general funds of the associated districts in such manner as shall be provided in the articles of association: Provided, That the aggregate contributions made to the association by the district in any calendar year shall not exceed the amount which would be raised by a levy of two and one-half cents per thousand dollars of assessed value against the taxable property of the district. In a lease, the term of which exceeds five years, and when at the option of the commissioners, it is so stipulated in the lease, the commission shall accept, with surety satisfactory to it, a bond conditioned to perform the terms of the lease for some part of the term, in no event less than five years (unless the remainder of the unexpired term is less than five years, in which case for the full remainder) and in every such case the commissioners shall require of the lessee, another or other like bond to be delivered within two years, and not less than one year prior to the expiration of the period covered by the existing bond, covering an additional part of the term in accordance with the foregoing provisions in respect to the original bond, and so on until the end of the term so that there will always be in force a bond securing the performance of the lease, and the penalty in each bond shall be not less than the rental for one-half the period covered thereby, but no bond shall be construed to secure the furnishing of any other bond.

when the hearing is held within ninety days of submis-

57.16.040 Additions and betterments. In the same manner as provided for the adoption of the original general comprehensive plan, a plan providing for additions and betterments to the original general comprehensive plan may be adopted. Without limiting its generality "additions and betterments" shall include any necessary change in, amendment of or addition to the general comprehensive plan.

The district may incur a general indebtedness payable from annual tax levies to be made in excess of the constitutional and/or statutory tax limitations for the construction of the additions and betterments in the same way that general indebtedness may be incurred for the construction of the original general comprehensive plan after submission to the voters of the entire district in the manner the original proposition to incur indebtedness was submitted. 57.16.050 Districts authorized. A district may establish local improvement districts within its territory; levy special assessments under the mode of annual installments extending over a period not exceeding twenty years, on all property specially benefited by a local improvement, on the basis of special benefits to pay in whole or in part the damage or costs of any improvements ordered in the district; and issue local improvement bonds in the improvement district to be repaid by the collection of local improvement assessments. The levying, collection and enforcement of such assessments and issuance of bonds shall be as provided for the levying, collection, and enforcement of local improvement assessments and the issuance of local improvement bonds by cities of the first class insofar as consistent herewith. The duties devolving upon the city treasurer are hereby imposed upon the county treasurer for the purposes hereof. The mode of assessment shall be determined by the water commissioners by resolution. When in the petition or resolution for the establishment of a local improvement district, and in the comprehensive plan or amendment thereto or plan providing for additions and betterments to the original plan, previously adopted, it is provided that the assessments shall be for the sole purpose of payment into the revenue bond fund for the payment of revenue bonds, then the local improvement district shall be designated as a "utility local improvement district." No warrants or bonds shall be issued in a utility local improvement district, but the collection of interest and principal on all assessments in the utility local improvement district shall be paid into the revenue bond fund. Local improvement districts or utility local improvement districts to carry out the whole or any portion of the general comprehensive plan of improvements or plan providing for additions and betterments to the original general comprehensive plan previously adopted may be initiated either by resolution of the board of water commissioners or by petition signed by the owners according to the records of the office of the county auditor of at least fifty-one percent of the area of the land within the limits of the local improvement district to be created.

In case the board of water commissioners shall desire to initiate the formation of a local improvement district or a utility local improvement district by resolution, it shall first pass a resolution declaring its intention to order such improvement, setting forth the nature and territorial extent of such proposed improvement, designating the number of the proposed local improvement district or utility local improvement district, and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed district, and fixing a date, time and place for a public hearing on the formation of the proposed local district.

In case any such local improvement district or utility local improvement district shall be initiated by petition, such petition shall set forth the nature and territorial extent of the proposed improvement requested to be ordered and the fact that the signers thereof are the owners according to the records of the county auditor of at least fifty-one percent of the area of land within the limits of the local improvement district or utility local improvement district to be created. Upon the filing of such petition the board shall determine whether the same shall be sufficient, and the board's determination thereof shall be conclusive upon all persons. No person shall withdraw his name from the petition after the same has been filed with the board of water commissioners. If the board shall find the petition to be sufficient, it shall proceed to adopt a resolution declaring its intention to order the improvement petitioned for, setting forth the nature and territorial extent of said improvement, designating the number of the proposed local district and describing the boundaries thereof, stating the estimated cost and expense of the improvement and the proportionate amount thereof which will be borne by the property within the proposed local district, and fixing a date, time and place for a public hearing on the formation of the proposed local district.

Notice of the adoption of the resolution of intention, whether the resolution was adopted on the initiative of the board or pursuant to a petition of the property owners, shall be published in at least two consecutive issues of a newspaper of general circulation in the proposed local district, the date of the first publication to be at least
five days prior to the date fixed by such resolution for hearing before the board of water commissioners. Notice of the adoption of the resolution of intention shall also be given each owner or reputed owner of any lot, tract, parcel of land or other property within the proposed improvement district by mailing said notice at least five days before the date fixed for the public hearing to the owner or reputed owner of the property as shown on the tax rolls of the county treasurer at the address shown thereon. Whenever such notices are mailed, the water commissioners shall maintain a list of such reputed property owners, which list shall be kept on file at a location within the water district and shall be made available for public perusal. The notices shall refer to the resolution of intention and designate the proposed improvement district by number. Said notices shall also set forth the nature of the proposed improvement, the total estimated cost, the proportion of total cost to be borne by assessments, the date, time and place of the hearing before the board of water commissioners. In the case of improvements initiated by resolution, said notice shall also: (1) State that all persons desiring to object to the formation of the proposed district must file their written protests with the secretary of the board of water commissioners before the time fixed for said public hearing; (2) state that if owners of at least forty percent of the area of land within the proposed district file written protests with the secretary of the board, the power of the water commissioners to proceed with the creation of the proposed district shall be divested; (3) provide the name and address of the secretary of the board; and (4) state the name and address of the secretary of the district where the names of the property owners within the proposed district are kept available for public perusal. In the case of the notice given each owner or reputed owner by mail, the notice shall set forth the estimated amount of the cost and expense of such improvement to be borne by the particular lot, tract, parcel of land or other property.

Whether the improvement is initiated by petition or resolution, the board shall conduct a public hearing at the time and place designated in the notice to property owners. At this hearing the board shall hear objections from anyone affected by the formation of the local district and may make such changes in the boundaries of the district or such modifications in the plans for the proposed improvement as shall be deemed necessary. Provided, That the board may not change the boundaries of the district to include property not previously included therein without first passing a new resolution of intention and giving a new notice to property owners in the manner and form and within the time herein provided for the original notice.

After said hearing the commissioners shall have jurisdiction to overrule protests and proceed with any such improvement initiated by petition or resolution: Provided, That the jurisdiction of the commissioners to proceed with any improvement initiated by resolution shall be divested by protests filed with the secretary of the board prior to said public hearing signed by the owners, according to the records of the county auditor, of at least forty percent of the area of land within the proposed local district.

If the commissioners find that the district should be formed, they shall by resolution order the improvement, provide the general funds of the water district to be applied thereto, adopt detailed plans of the local improvement district or utility local improvement district and declare the estimated cost thereof, acquire all necessary land therefor, pay all damages caused thereby, and commence in the name of the water district such eminent domain proceedings as may be necessary to entitle the district to proceed with the work. The board shall thereupon proceed with the work and file with the county treasurer its roll levying special assessments in the amount to be paid by special assessment against the property situated within the improvement district in proportion to the special benefits to be derived by the property therein from the improvement. [1977 ex.s. c 299 § 7; 1965 ex.s. c 39 § 1; 1959 c 18 § 11. Prior: 1953 c 251 § 14; 1929 c 114 § 12, part; RRS § 11590, part. Cf. 1913 c 161 § 12, part.]

57.16.070 Hearing on assessment roll—Notice. Before approval of the roll a notice shall be published once a week for two consecutive weeks in a newspaper of general circulation in the local district, stating that the roll is on file and open to inspection in the office of the secretary, and fixing the time, not less than fifteen or more than thirty days from the date of the first publication of the notice within which protests must be filed with the secretary against any assessments shown thereon, and fixing a time when a hearing will be held by the commissioners on the protests. Notice shall also be given by mailing, at least fifteen days before the hearing, a similar notice to the owners or reputed owners of the land in the local district as they appear on the books of the treasurer of the county in which the water district is located. At the hearing, or any adjournment thereof, the commissioners may correct, change or modify the roll, or any part thereof, or set aside the roll and order a new assessment, and may then by resolution approve it. If an assessment is raised a new notice similar to the first shall be given, after which final approval of the roll may be made. When property has been entered originally upon the roll and the assessment thereon is not raised, no objection thereto shall be considered by the commissioners or by any court on appeal unless the objection is made in writing at, or prior, to the date fixed for the original hearing upon the roll. [1959 c 18 § 12. Prior: 1953 c 251 § 15; 1929 c 114 § 12, part; RRS § 11590, part. Cf. 1913 c 161 § 12, part.]

57.16.080 Enlarged district. In the event that any portion of the system after its installation is not adequate for the purpose for which it was intended, or that for any reason changes, alterations or betterments are necessary in any portion of the system after its installation then a local improvement district with boundaries which may include one or more existing local improvement districts may be created in the water district in the
same manner as is provided herein for the creation of local improvement districts; that upon the organization of such a local improvement district as provided for in this paragraph the plan of the improvement and the payment of the cost of the improvement shall be carried out in the same manner as is provided herein for the carrying out of and the paying for the improvement in the local improvement districts previously provided for in this act. [1959 c 18 § 13. Prior: 1929 c 114 § 12; RRS § 11590, part. Cf. 1913 c 161 § 12.]

57.16.090 Review. The decision of the water district commission upon any objections made within the time and in the manner herein prescribed, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the secretary of said water district commission and with the clerk of the superior court in the county in which such water district is situated within ten days after publication of a notice that the resolution confirming such assessment roll has been adopted, and such notice of appeal shall describe the property and set forth the objections of such appellant to such assessment; and within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court, a transcript consisting of the assessment roll and his objections thereto, together with the resolution confirming such assessment roll and the record of the water district commission with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such secretary of said water district commission and by him certified to contain full, true and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful to pay all costs to which the water district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require. Within three days after such transcript is filed in the superior court, as aforesaid, the appellant shall give written notice to the secretary of such water district, that such transcript is filed. Said notice shall state a time (not less than three days from the service thereof) when the appellant will call up the said cause for hearing; and the superior court shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury; and such cause shall have preference over all civil causes pending in said court, except proceedings under an act relating to eminent domain in such water district and actions of forcible entry and detainer. The judgment of the court shall confirm, correct, modify or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, and he shall modify and correct such assessment roll in accordance with such decision. An appeal shall lie to the supreme court or the court of appeals from the judgment of the superior court, as in other cases: Provided, however, That such appeal must be taken within fifteen days after the date of the entry of the judgment of such superior court; and the record and opening brief of the appellant in said cause shall be filed in the supreme court or the court of appeals within sixty days after the appeal shall have been taken by notice as provided in *this act. The time for filing such record and serving and filing of briefs in this section prescribed may be extended by order of the superior court, or by stipulation of the parties concerned. And the supreme court or the court of appeals on such appeal may correct, change, modify, confirm or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. [1971 c 81 § 126; 1965 ex.s. c 39 § 2; 1929 c 114 § 13; RRS § 11591. Cf. 1913 c 161 § 13.]

57.16.100 Conclusiveness of roll. Whenever any assessment roll for local improvements shall have been confirmed by the water district commission of such water district as herein provided, the regularity, validity and correctness of the proceedings relating to such improvement, and to the assessment therefor, including the action of the water district commission upon such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll in the manner and within the time provided in this act, and not appealing from the action of the water district commission in confirming such assessment roll in the manner and within the time in *this act provided. No proceedings of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien issued therefor: Provided, That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds (1) that the property about to be sold does not appear upon the assessment roll, or (2) that said assessment had been paid. [1929 c 114 § 14; RRS § 11592. Cf. 1913 c 161 § 14.]

57.16.110 Segregation of assessment—Procedure—Fee—Charges. Whenever any land against
which there has been levied any special assessment by any water district shall have been sold in part or subdivided, the board of water commissioners of such district shall have the power to order a segregation of the assessment.

Any person desiring to have such a special assessment against a tract of land segregated to apply to smaller parts thereof shall apply to the board of commissioners of the water district which levied the assessment. If the water commissioners determine that a segregation should be made, they shall by resolution order the county treasurer to make segregation on the original assessment roll as directed in the resolution. The segregation shall be made as nearly as possible on the same basis as the original assessment was levied, and the total of the segregated parts of the assessment shall equal the assessment before segregation. The resolution shall describe the original tract, the amount and date of the original assessment, and shall define the boundaries of the divided parts and the amount of the assessment chargeable to each part. A certified copy of the resolution shall be delivered to the county treasurer who shall proceed to make the segregation ordered upon being tendered a fee of three dollars for each tract of land for which a segregation is to be made. In addition to such charge the board of water commissioners may require as a condition to the order of segregation that the person seeking it pay the district the reasonable engineering and clerical costs incident to making the segregation. 57.20.010 General obligation bonds—Form—Issuance, etc. When general district indebtedness payable from annual tax levies to be made in excess of the constitutional and/or statutory tax limitations has been authorized, the district may issue its general obligation bonds in payment thereof. The bonds shall be serial in form and maturity and numbered from one up consecutively and shall bear interest at such rate or rates as authorized by the board of water commissioners payable semiannually, with interest coupons attached. The various annual maturities shall commence with the second year after the date of the issue, and shall as nearly as practicable be in such amounts as will, together with the interest on all outstanding bonds, be met by an equal annual tax levy for the payment of the bonds and interest. Only the bond numbered one of any issue shall be of a denomination other than a multiple of one hundred dollars.

Bonds shall not be issued to run for a longer period than twenty years from the date of issue and shall as nearly as practicable be issued for a period which will be equivalent to the life of the improvement to be acquired by the issuance of the bonds.

The bonds shall be signed by the president of the board and attested by the secretary, under the seal of the district. The interest coupons shall be signed by the facsimile signature of the president and attested by the facsimile signature of the secretary.

There shall be levied by the officers or governing body charged with the duty of levying taxes, an annual levy in excess of the constitutional and/or statutory tax limitations sufficient to meet the annual or semiannual payments of principal and interest on the bonds upon all taxable property within the district.

The bonds shall be sold in such manner as the commissioners deem for the best interest of the district, and at a price not less than par and accrued interest. 57.20.015 Refunding general obligation bonds. The board of water commissioners of any water district may by resolution, without submitting the matter to the voters of the district, provide for the issuance of refunding general obligation bonds to refund any outstanding general obligation bonds, or any part thereof, at maturity thereof, or before the maturity thereof if they are subject to call for prior redemption or all of the holders thereof consent thereto. The total cost to the district over the life of the refunding bonds shall not exceed the total cost to the district which the district would have incurred but for such refunding over the remainder of
the life of the bonds to be refunded thereby. The refunding bonds may be exchanged for the bonds to be refunded thereby, or may be sold in such manner as the board of water commissioners deems to be for the best interest of the district, and the proceeds of such sale used exclusively for the purpose of paying, retiring, and canceling the bonds to be refunded and interest thereon.

The provisions of RCW 57.20.0010, specifying the form and maturities of general obligation bonds and providing for annual tax levies in excess of the constitutional and/or statutory tax limitations shall apply to the refunding general obligation bonds issued under this section. [1973 1st ex.s. c 195 § 72; 1953 c 251 § 16.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

Election to authorize revenue bonds: RCW 57.16.030.

57.20.020 Revenue bonds—Special fund—Classification of service—Adequate rates and charges to be fixed. Whenever any issue or issues of water revenue bonds have been authorized in compliance with the provisions of RCW 57.16.010 through 57.16.040, said bonds shall be in bearer form or registered as to principal or interest or both, and may provide for conversion between registered and coupon bonds; shall be in such denominations, shall be numbered, shall bear such date, and shall be payable at such time or times up to a maximum period of not to exceed thirty years as shall be determined by the board of water commissioners of the district; shall bear interest at such rate or rates payable at such time or times as authorized by the board; shall be payable at the office of the county treasurer of the county in which the water district is located and may also be payable at such other place or places as the board of water commissioners may determine; shall be executed by the president of the board of water commissioners and attested and sealed by the secretary thereof, one of which signatures may, with the written permission of the signator whose facsimile signature is being used, be a facsimile; and may have facsimile signatures of said president or secretary imprinted on the interest coupons in lieu of original signatures.

The water district commissioners shall have power and are required to create a special fund or funds for the sole purpose of paying the interest and principal of such bonds into which special fund or funds the said water district commissioners shall obligate and bind the water district to set aside and pay a fixed proportion of the gross revenues of the water supply system or any fixed amount out of and not exceeding a fixed proportion of such revenues, or a fixed amount or amounts without regard to any fixed proportion and such bonds and the interest thereof shall be payable only out of such special fund or funds, but shall be a lien and charge against all revenues and payments received from any utility local improvement district or districts pledged to secure such bonds, subject only to operating and maintenance expenses.

In creating any such special fund or funds the water district commissioners of such water district shall have due regard to the cost of operation and maintenance of the plant or system as constructed or added to and to any proportion or part of the revenue previously pledged as a fund for the payment of bonds, warrants or other indebtedness, and shall not set aside into such special fund a greater amount or proportion of the revenue and proceeds than in their judgment will be available over and above such cost of maintenance and operation and the amount or proportion, if any, of the revenue so previously pledged. Any such bonds and interest thereon issued against any such fund as herein provided shall be a valid claim of the holder thereof only as against the said special fund and its fixed proportion or amount of the revenue pledged to such fund, and shall not constitute an indebtedness of such water district within the meaning of the constitutional provisions and limitations. Each such bond or warrant shall state upon its face that it is payable from a special fund, naming the said fund and the resolution creating it. Said bonds shall be sold in such manner, at such price and at such rate or rates of interest as the water district commissioners shall deem for the best interests of the water district, either at public or private sale, and the said commissioners may provide in any contract for the construction and acquirement of the proposed improvement (and for the refunding of outstanding local improvement district obligations, if any) that payment therefor shall be made in such bonds at par value thereof.

When any such special fund shall have been heretofore or shall be hereafter created and any such bonds shall have been heretofore or shall hereafter be issued against the same a fixed proportion or a fixed amount out of and not to exceed such fixed proportion, or a fixed amount or amounts without regard to any fixed proportion, of revenue shall be set aside and paid into said special fund as provided in the resolution creating such fund or authorizing such bonds, and in case any water district shall fail thus to set aside and pay said fixed proportion or amount as aforesaid, the holder of any bond payable from such special fund may bring suit or action against the water district and compel such setting aside and payment.

The water district commissioners of any water district, in the event that such water revenue bonds are issued, shall provide for revenues by fixing rates and charges for the furnishing of water supply to those receiving such service, such rates and charges to be fixed as deemed necessary by such water district commissioners, so that uniform charges will be made for the same class of customer or service. In classifying customers served or service furnished by such water supply system, the board of water commissioners may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Such rates shall be made on a
monthly cost to the district over the life of the refunding bonds shall not exceed the total cost to the district which the district

would have incurred but for such refunding over the remainder of the life of the bonds to be refunded thereby. The refunding bonds may be exchanged for the bonds to be refunded thereby, or may be sold in such manner as the board of water commissioners deems to be for the best interest of the district, and the proceeds used, except as hereinafter provided, exclusively for the purpose of paying, retiring and canceling the bonds to be refunded and interest thereon.

All unpaid utility local improvement district assessments payable into the revenue bond redemption fund established for payment of the bonds to be refunded shall thereafter when collected be paid into the revenue bond redemption fund established for payment of the refunding revenue bonds.

Whenever local improvement district bonds have been refunded as provided by RCW 57.16.030 as now or hereafter amended, or pursuant to this section, all local improvement district assessments remaining unpaid shall thereafter when collected be paid into the revenue bond redemption fund established for payment of the refunding revenue bonds, and the cash balance, if any, in the local improvement guaranty fund of the district and the proceeds received from any other assets owned by such fund shall be used in whole or in part as a reserve fund for the refunding revenue bonds or be transferred in whole or in part to any other funds of the district as the board of water commissioners may determine. In the event that any warrants are outstanding against the local improvement guaranty fund of the district at the time of the issuance of such refunding revenue bonds, said bonds shall be issued in an amount sufficient also to fund and pay such outstanding warrants.

The provisions of RCW 57.20.020 shall apply to the refunding revenue bonds issued under this title. [1977 ex.s. c 299 § 8; 1959 c 108 § 13; 1953 c 251 § 17.]

57.20.027 Revenue warrants and revenue bonds anticipation warrants. Water districts may also issue revenue warrants and revenue bond anticipation warrants for the same purposes for which such districts may issue revenue bonds. The provisions of this chapter relating to the authorization, terms, conditions, covenants, issuance and sale of revenue bonds (exclusive of provisions relating to refunding) shall be applicable to such warrants. Water districts issuing revenue bond anticipation warrants may make covenants relative to the issuance of revenue bonds to provide funds for the redemption of part or all of such warrants and may contract for the sale of such bonds and warrants. [1975 1st ex.s. c 25 § 5.]
For the purpose of maintaining such fund, every water district, after the establishment thereof, shall at all times set aside and pay into such a fund such proportion of the monthly gross revenues of the water supply system of such water district as the commissioners thereof may direct by resolution. This proportion may be varied from time to time as the commissioners deem expedient or necessary: Provided, however, That under the existence of the conditions set forth in subsections (1) and (2) next hereunder, then the proportion must be as therein specified, to wit:

(1) Whenever any bonds of any local improvement district have been guaranteed under this act and the guaranty fund does not have a cash balance equal to twenty percent of all bonds originally guaranteed under this act, (excluding issues which have been retired in full) then twenty percent of the gross monthly revenues derived from all water users in the territory included in said local improvement district (but not necessarily from users in other parts of the water district as a whole) shall be set aside and paid into the guaranty fund: Provided, however, That whenever, under the requirements of this subsection, said cash balance accumulates so that it is equal to twenty percent of all bonds guaranteed, or to the full amount of all bonds guaranteed, outstanding and unpaid (which amount might be less than twenty percent of the original total guaranteed), then no further moneys need be set aside and paid into said guaranty fund so long as said condition shall continue.

(2) Whenever any warrants issued against the guaranty fund, as hereinbelow provided, remain outstanding and uncalled for lack of funds for six months from date of issuance thereof; or whenever any coupons or bonds guaranteed under this act have been matured for six months and have not been redeemed either in cash or by issuance and delivery of warrants upon the guaranty fund, then twenty percent of the gross monthly revenues (or such portion thereof as the commissioners of the water district determine will be sufficient to retire said warrants or redeem said coupons or bonds in the ensuing six months) derived from all water users in the water district shall be set aside and paid into the guaranty fund: Provided, however, That whenever under the requirements of this subsection all warrants, coupons, or bonds specified in this subsection above have been redeemed, no further income need be set aside and paid into said guaranty fund under the requirements of this subsection until and unless other warrants remain outstanding and unpaid for six months or other coupons or bonds default.

(3) For the purpose of complying with the requirements of setting aside and paying into the local improvement guaranty fund a proportion of the monthly gross revenues of the water supply system of any water district, as hereinabove provided, said water district shall bind and obligate itself to maintain and operate said system and further bind and obligate itself to establish, maintain and collect such rates for water as will produce gross revenues sufficient to maintain and operate said water supply system and to make necessary provision for the local improvement guaranty fund as specified by this amendment [1937 c 102]. And said water district shall alter its rates for water from time to time and shall vary the same in different portions of its territory to comply with the said requirements.

(4) Whenever any coupon or bond guaranteed by this act shall mature and there shall not be sufficient funds in the appropriate local improvement district bond redemption fund to pay same, then the county treasurer shall pay same from the local improvement guaranty fund of the water district; if there shall not be sufficient funds in the said guaranty fund to pay same, then the same may be paid by issuance and delivery of a warrant upon the local improvement guaranty fund.

(5) Whenever the cash balance in the local improvement guaranty fund is insufficient for the required purposes, warrants drawing interest at a rate not to exceed seven percent per annum may be issued by the county auditor of the county in which the water district is located, against the said fund to meet any liability accrued against it and must be issued upon demand of the holders of any maturing coupons and/or bonds guaranteed by this act, or to pay for any certificates of delinquency for delinquent installments of assessments as provided in subsection (6) hereunder. Guaranty fund warrants shall be a first lien in their order of issuance upon the gross revenues set aside and paid into said fund.

(6) Within twenty days after the date of delinquency of any annual installment of assessments levied for the purpose of paying the local improvement bonds of any water district guaranteed under the provisions of this act, it shall be mandatory for the county treasurer of the county in which said water district is located to compile a statement of all installments delinquent, together with the amount of accrued interest and penalty appurtenant to each of said installments. Thereupon the county treasurer shall forthwith purchase (for the water district) certificates of delinquency for all such delinquent installments. Payment for all such certificates of delinquency shall be made from the local improvement guaranty fund and if there shall not be sufficient moneys in said fund to pay for such certificates of delinquency, the county treasurer shall accept said local improvement guaranty fund warrants in payment therefor. All such certificates of delinquency shall be issued in the name of the local improvement guaranty fund and all guaranty fund warrants issued in payment therefor shall be issued in the name of the appropriate local improvement district fund. Whenever any market is available and the commissioners of the water district so direct, the county treasurer shall sell any certificates of delinquency belonging to the local improvement guaranty fund: Provided, That any such sale must not be for less than face value thereof plus accrued interest from date of issuance to date of sale.

Such certificates of delinquency, as above provided, shall be issued by the county treasurer of the county in which the water district is located, shall bear interest at the rate of ten percent per annum, shall be in each instance for the face value of the delinquent installment, plus accrued interest to date of issuance of certificate of delinquency, plus a penalty of five percent of such face value, and shall set forth:

(a) Description of property assessed;
(b) Date installment of assessment became delinquent;
(c) Name of owner or reputed owner, if known.

Such certificates of delinquency may be redeemed by the owner of the property assessed at any time up to two years from the date of foreclosure of such certificate of delinquency.

If any such certificate of delinquency be not redeemed on the second occurring first day of January subsequent to its issuance, the county treasurer shall then proceed to foreclose such certificate of delinquency in the manner specified for the foreclosure of the lien of local improvement assessments, pursuant to chapter 9 of the Session Laws of 1933 and amendments thereto; and if no redemption be made within the succeeding two years shall execute and deliver a deed conveying fee simple title to the property described in the foreclosed certificate of delinquency. 57.20.080 Guaranty fund—Subrogation of district as trustee. Whenever there shall be paid out of a guaranty fund any sum on account of principal or interest upon a local improvement bond, or on account of purchase of certificates of delinquency, the water district, as trustee for the fund, shall be subrogated to all rights of the holder of the bonds, or interest coupons, or delinquent assessment installments, so paid; and the proceeds thereof, or of the assessment or assessments underlying the same, shall become a part of the guaranty fund. There shall also be paid into each guaranty fund the interest received from the bank deposits of the fund, as well as any surplus remaining in the local improvement funds guaranteed under *this act, after the payment of all outstanding bonds payable primarily out of such local improvement funds. As among the several issues of bonds guaranteed by the fund, no preference shall exist, but defaulted interest coupons, bonds shall be purchased out of the fund in the order of their presentation.

The commissioners of every water district operating under the provisions of this act shall prescribe, by resolution, appropriate rules and regulations for the guaranty fund, not inconsistent herewith. So much of the money of a guaranty fund as is necessary and is not required for other purposes under the terms of this act may, at the discretion of the commissioners of the water district, be used to purchase property at county tax foreclosure sales or from the county after foreclosure in cases where such property is subject to unpaid local improvement assessments securing bonds guaranteed under *this act and such purchase is deemed necessary for the purpose of protecting the guaranty fund. In such cases the said fund shall be subrogated to all rights of the water district. After so acquiring title to real property, the water district may lease or resell and convey the same in the same manner that county property is authorized to be leased or resold and for such prices and on such terms as may be determined by resolution of the board of water commissioners. Any provision of law to the contrary notwithstanding, all proceeds resulting from such resales shall belong to and be paid into the guaranty fund. [1937 c 102 § 2; 1935 c 82 § 2; RRS § 11589-2.]

*Reviser's note: "this act", see note following RCW 57.20.030.

57.20.090 Rights and remedies of bondholder. Neither the holder nor the owner of any local improvement bonds guaranteed under the provisions of *this act shall have any claim therefor against the water district by which the same is issued, except for payment from the special assessments made for the improvement for which said local improvement bonds were issued, and except as against the local improvement guaranty fund of said water district; and the water district shall not be liable to any holder or owner of such local improvement bond for any loss to the guaranty fund occurring in the lawful operation thereof by the water district. The remedy of the holder or owner of a local improvement bond, in case of nonpayment, shall be confined to the enforcement of the assessment and to the guaranty fund. A copy of the foregoing part of this section shall be plainly written, printed or engraved on each local improvement bond guaranteed by *this act. The establishment of a local improvement guaranty fund by any water district shall not be deemed at variance from any comprehensive plan heretofore adopted by such water district.

In the event any local improvement guaranty fund hereunder authorized at any time has a balance therein in cash, and the obligations guaranteed thereby have all been paid off, then such balance shall be transferred to the maintenance fund of the water district. [1937 c 102 § 3; 1935 c 82 § 3; RRS § 11589-3.]

The taxes so levied shall be certified for collection as other general taxes, and the proceeds, when collected, shall be placed in such water district funds as the commissioners may direct and paid out on warrants issued for water district purposes. The county treasurer shall also maintain such other special funds as may be prescribed by the water district, into which shall be placed such moneys as the board of water commissioners may by its resolution direct, and from which disbursements shall be made upon proper warrants of the county auditor issued against the same by authority of the board of water commissioners. *Reviser’s note: "this act", see note following RCW 57.04.020.

57.24.060 Petition method is alternative to election method. The method of annexation provided for in RCW 57.24.070 through 57.24.100 shall be an alternative method to that specified in RCW 57.24.010 through 57.24.050. [1953 c 251 § 22.]

57.24.080 Petition method—Hearing—Notice. If the petition for annexation filed with the board of commissioners complies with the requirements of law, as proved to the satisfaction of the board of commissioners, it may entertain the petition, fix the date for public hearing thereon, and cause notice of the hearing to be published in one issue of a newspaper of general circulation in the area proposed to be annexed and also posted in three public places within the area proposed for annexation. The notice shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation. The expense of publication and posting of the notice shall be borne by the signers of the petition. [1953 c 251 § 19.]

57.24.090 Petition method—Resolution providing for annexation. Following the hearing the board of commissioners shall determine by resolution whether annexation shall be made. Territory within an established water district for public supply systems may be withdrawn therefrom in the following manner and upon the following conditions: The petition for withdrawal shall be in writing and shall designate the boundaries of the territory proposed to be withdrawn from the district and shall be signed by at least twenty-five percent of the qualified electors residing within the territory so designated who are qualified electors on the date of filing such petition. The petition shall set forth that the territory proposed to be withdrawn is of such location or character that water cannot be furnished to it by such water district at reasonable cost, and shall further set forth that the withdrawal of such territory will be of benefit to such territory and conducive to the general welfare of the balance of the district. [1941 c 55 § 1; Rem. Supp. 1941 § 11604-1.]

57.28.020 Petition of residents. The petition for withdrawal shall be filed with the county auditor of the county in which such water district is located, and after such filing no person having signed such petition shall be allowed to withdraw his name therefrom. Within ten days after such filing, the county auditor shall examine the signatures thereon and certify to the sufficiency or insufficiency thereof and for such purpose the county auditor shall have access to all appropriate registration books in the possession of the officers of any incorporated city or town within the water district. If such petition be found by the county auditor to contain sufficient signatures, he shall transmit the same, together with his certificate of sufficiency attached thereto, to the commissioners of the water district. [1941 c 55 § 2; Rem. Supp. 1941 § 11604-2.]

57.28.030 Petition of landowners. In the event there are no qualified electors residing within the territory proposed to be withdrawn, then the petition for withdrawal may be signed by such persons as appear of record to own at least a majority of the acreage within such territory, in which event the petition shall also state the total number of acres and the names of all record owners of the land within such territory. The petition so signed shall be filed with the commissioners of the water district, and after such filing no person having signed the same shall be allowed to withdraw his name. [1941 c 55 § 3; Rem. Supp. 1941 § 11604-3.]

57.28.040 Notice of hearing—Bond for costs. Upon receipt by the commissioners of a petition and certificate of sufficiency of the auditor, or if the petition is signed by landowners and the commissioners are satisfied as to the sufficiency of the signatures thereon, they shall at a regular or special meeting fix a date for hearing on the petition and give notice that the petition has been filed, stating the time and place of the meeting of the commissioners at which the petition will be heard and setting forth the boundaries of the territory proposed to be withdrawn. The notice shall be published for at least two weeks in two successive issues of a weekly newspaper printed in the county in which the district is located and of general circulation therein, and if no such newspaper is printed in the county, then in some newspaper of general circulation in the county and district. Any additional notice of the hearing may be given as the commissioners may by resolution direct.

Prior to fixing the time for a hearing on any such petition, the commissioners in their discretion may require the petitioners to furnish a satisfactory bond conditioned that the petitioners shall pay all costs incurred by the water district in connection with such petition, including the cost of an election if one is held pursuant thereto, and should the petitioners fail or refuse to post such a bond, if one is required by the water commissioners, then there shall be no duty on the part of the commissioners to act upon the petition. [1951 c 112 § 3; 1941 c 55 § 4; Rem. Supp. 1941 § 11604-4.]

57.28.050 Hearing—Findings. The petition for withdrawal shall be heard at the time and place specified in such notice or the hearing may be adjourned from time to time, not exceeding one month in all, and any person may appear at such hearing and make objections to the withdrawal of such territory or to the proposed boundary lines thereof. Upon final hearing on the petition for withdrawal, the commissioners of the water district shall make such changes in the proposed boundary lines as they deem to be proper, except that no changes in the boundary lines shall be made by the commissioners to include lands not within the boundaries of the territory as described in such petition. In establishing and defining such boundaries the commissioners shall exclude any property which is then being furnished with water by said water district or which is included in any distribution system the construction of which has been duly authorized or which is included within any duly established local improvement district or utility local improvement district, and the territory as finally established and defined must be substantial in area and consist of adjoining or contiguous properties. The said commissioners shall thereupon make and by resolution adopt findings of fact as to the following questions:

1. Is the territory as so established and defined of such location or character that water cannot be furnished to it by such water district at reasonable cost?

2. Would the withdrawal of such territory be of benefit to such territory?

3. Would such withdrawal be conducive to the general welfare of the balance of the district?

[Title 57 RCW (1979 Ed.)—p 24]
(4) Does it appear that such territory was improvidently included within such water district at the time of the establishment thereof or annexation thereto? Such findings shall be entered in the records of the water district, together with any recommendations the said commissioners may by resolution adopt. [1941 c 55 § 5; Rem. Supp. 1941 § 11604–5.]

57.28.060 Transmission to county commissioners. Within ten days after such final hearing the commissioners of such water district shall transmit to the county commissioners of the county in which such water district is located the said petition for withdrawal together with a copy of the findings and recommendations of the commissioners of the water district certified by the secretary of such water district to be a true and correct copy of such findings and recommendations as the same appear on the records of such water district. [1941 c 55 § 6; Rem. Supp. 1941 § 11604–6.]

57.28.070 Notice of hearing before county commissioners. Upon receipt of such petition and certified copy the county commissioners at a regular or special meeting shall fix a time and place for hearing thereon and shall cause to be published for at least two weeks in two successive issues of a weekly newspaper printed and published in said county and in general circulation throughout the said water district, and in case no newspaper is printed or published in said county, then in some newspaper of general circulation in said county and water district, a notice that such petition has been presented to the county commissioners stating the time and place of the hearing thereon, setting forth the boundaries of the territory proposed to be withdrawn as such boundaries are established and defined in the findings or recommendations of the commissioners of the water district. [1941 c 55 § 7; Rem. Supp. 1941 § 11604–7.]

57.28.080 Hearing—Findings. Such petition shall be heard at the time and place specified in such notice, or the hearing may be adjourned from time to time, not exceeding one month in all, and any person may appear at such hearing and make objections to the withdrawal of such territory. Upon final hearing on such petition the said county commissioners shall thereupon make, enter and excluded from such water district the same as if it had never been included therein except for the lien of taxes as hereinafter set forth, provided, that the boundaries of the territory withdrawn shall be the boundaries established and defined by the said water district commissioners and shall not be altered or changed by the county commissioners unless the unanimous consent of the water district commissioners be given in writing to any such alteration or change. [1941 c 55 § 8; Rem. Supp. 1941 § 11604–8.]

57.28.090 Election on withdrawal. If the said findings of the county commissioners answer any of such questions of fact in the negative, or if any of the findings of the county commissioners are not the same as the findings of the water district commissioners upon the same question, then in either of such events, the petition for withdrawal shall be deemed denied. Thereupon, and in such event, the said county commissioners shall by resolution cause a special election to be held not less than thirty days or more than sixty days from the date of the final hearing of the said county commissioners upon the said petition for withdrawal, at which election the proposition expressed on the ballots shall be substantially as follows:

*Shall the territory established and defined by the water district commissioners at their meeting held on the __________ (insert date of final hearing of water district commissioners upon the petition for withdrawal) be withdrawn from water district __________ (naming it).

YES □ NO □*

[1941 c 55 § 9; Rem. Supp. 1941 § 11604–9.]

57.28.100 Notice of election—Election—Canvass. The county commissioners shall cause notice of such election to be posted and published in the same manner provided by law for the posting and publication of notice of elections to annex territory to water districts. The territory described in such notice shall be that established and defined by the water district commissioners as above provided. All qualified voters residing within such water district shall have the right to vote at such election. If a majority of the votes cast at such election favor the withdrawal from the water district of such territory, then within ten days after the official canvass of such election the said county commissioners shall by resolution establish that such territory has been withdrawn, and such territory shall thereupon be withdrawn and excluded from such water district the same as if it had never been included therein except for the lien of any taxes as hereinafter set forth. [1941 c 55 § 10; Rem. Supp. 1941 § 11604–10.]

57.28.110 Taxes and assessments unaffected. Assumption of jurisdiction over water or sewer district by city: Chapter 35.13A RCW.

57.32.010 Consolidation authorized—Petition method—Resolution method. Two or more water districts, adjoining or in close proximity to and in the same county with each other, may be joined into one consolidated water district. The consolidation may be initiated in either of the following ways: Ten percent of the legal electors residing within each of the water districts proposed to be consolidated may petition the board of water commissioners of each of their respective water districts to cause the question to be submitted to the legal electors of the water districts proposed to be consolidated; or the boards of water commissioners of each of the water districts proposed to be consolidated may by resolution determine that the consolidation of the districts shall be conducive to the public health, welfare, and convenience and to be of special benefit to the lands of the districts. [1967 ex.s. c 39 § 1; 1943 c 267 § 1; Rem. Supp. 1943 § 11604-20.]

57.32.020 Certificate of sufficiency. If the consolidation proceedings are initiated by petition, upon the filing of such petitions with the boards of water commissioners of the water districts, the boards of water commissioners of all of said districts shall file such petitions with the county auditor who shall within ten days examine the signatures thereon and certify to the sufficiency or insufficiency thereof. If all of such petitions shall be found to contain a sufficient number of signatures, the county auditor shall transmit the same, together with his certificate of sufficiency attached thereto, to the boards of water commissioners of each of the districts proposed for consolidation. In the event that there are no legal electors residing in one or more of the water districts proposed to be consolidated, such petitions may be signed by such a number as appear of record to own at least a majority of the acreage in the pertinent water district, and the petitions shall disclose the total number of acres of land in the said water district and shall also contain the names of all record owners of land therein. [1967 ex.s. c 39 § 2; 1943 c 267 § 2; Rem. Supp. 1943 § 11604-21.]

57.32.021 Procedure upon receipt of certificate of sufficiency—Agreement, contents—Comprehensive plan. Upon receipt by the boards of water commissioners of the districts proposed for consolidation, hereinafter referred to as the "consolidating districts", of the county auditor's certificate of sufficiency of the petitions, or upon adoption by the boards of water commissioners of the consolidating districts of their resolutions for consolidation, the boards of water commissioners of the consolidating districts shall, within ninety days, enter into an agreement providing for consolidation. The agreement shall set forth the method and manner of consolidation, a comprehensive plan or scheme of water supply for the consolidated district and, if the comprehensive plan or scheme of water supply provides that one or more of the consolidating districts or the proposed consolidated district issue revenue bonds for the construction and/or other costs of any part or all of said comprehensive plan, then the details thereof shall be set forth. The requirement that a comprehensive plan or scheme of water supply for the consolidated district be set forth in the agreement for consolidation, shall be satisfied if the existing comprehensive plans or schemes of the consolidating districts are incorporated therein by reference and any changes or additions thereto are set forth in detail. [1967 ex.s. c 39 § 8.]

57.32.022 Certification of agreement—Election, notice and conduct. The respective boards of water commissioners of the consolidating districts shall certify the agreement to the county auditor of the county in which the districts are located. Thereupon, the county auditor shall call a special election for the purpose of submitting to the voters of each of the consolidating districts the proposition of whether or not the several districts shall be consolidated into one water district. The proposition shall give the title of the proposed consolidated district. Notice of the election shall be given and the election conducted in accordance with the general election laws. [1967 ex.s. c 39 § 9.]

57.32.023 Consolidation effected—Cessation of former districts—Rights and powers of consolidated district. If at the election a majority of the voters in each of the consolidating districts shall vote in favor of the consolidation, the county canvassing board shall so declare in its canvass and the return of such election shall be made within ten days after the date thereof. Upon the return the consolidation shall be effective and the consolidating districts shall cease to exist and shall then be and become a new water district and municipal corporation of the state of Washington. The name of such new water district shall be "Water District No. County", which shall be the name appearing on the ballot. The district shall have all and every power, right, and privilege possessed by other water districts of the state of Washington. The district may issue revenue bonds for the construction of any additions and betterments set forth in the comprehensive scheme and plan of water supply contained in the agreement for consolidation and any future additions and betterments to the comprehensive scheme and plan of
water supply, as its board of water commissioners shall by resolution adopt, without submitting a proposition therefor to the voters of the district. [1967 ex.s. c 39 § 10.]

57.32.024 Vesting of funds and property in consolidated district—Outstanding indebtedness. Upon the formation of any consolidated water district, all funds, rights and property, real and personal, of the former districts, shall vest in and become the property of the consolidated district. Unless the agreement for consolidation provides to the contrary, any outstanding indebtedness of any form, owed by the districts, shall remain the obligation of the area of the original debtor district and the water commissioners of the consolidated water district shall make such levies, assessments or charges for service upon that area or the water users therein as shall pay off the indebtedness at maturity. [1967 ex.s. c 39 § 11.]

57.32.130 Commissioners—Vacancies. The water commissioners of all water districts consolidated into any new consolidated water district shall become water commissioners thereof until their respective terms of office expire. When the terms of expiration reduce the total number of remaining water commissioners to less than three then the board of commissioners of the consolidated water district shall be maintained at the number of three, in accordance with the provisions of RCW 57.32.024 and 57.12.030. [1943 c 267 § 13; Rem. Supp. 1943 § 11604–32.]

[1967 ex.s. c 39 § 4; 1961 c 28 § 2.]

[1971 ex.s. c 146 § 2.]

Upon completion of the return the merger shall be effective as to the water district and each sewer district in which the majority of voters voted in favor of the merger, and each such sewer district shall cease to exist and shall become a part of the water district. The sewer commissioners of any sewer district so merged shall cease to hold office, and the affairs of the merged districts shall be managed and conducted by the board of water commissioners of the water district. Notice under this section shall be sufficient if sent by registered mail to the owner, and at the address, as shown in the tax records of the county in which the land is situated. Notice under this section shall be in addition to any other notice required by law.

After sixty days from the date of sending of notice, if no applications for purchase have been received by the irrigation district or other person or entity sending notice, the rights of first refusal of owners of adjoining lands shall be deemed to have been waived, and the real property may be sold or otherwise disposed of.

If two or more owners of adjoining lands apply to purchase the same real property, or apply to purchase overlapping parts of the real property, the respective rights of the applicants may be determined in the superior court of the county in which the real property is situated; and the court may divide the real property in question between some or all of the applicants or award the whole to one applicant, as justice may require.
