### 69.04.390 Regulations permitting tolerance of harmful matter

Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof or cannot be avoided by good manufacturing practice, shall be deemed unsafe for purposes of the application of clause (2)(a) of RCW 69.04-210; but when such substance is so required or cannot be so avoided, the director shall promulgate regulations limiting the quantity therein or thereon to such extent as he finds necessary for the protection of public health, and any quantity exceeding the limits so fixed shall also be deemed unsafe for purposes of the application of clause (2)(a) of RCW 69.04.210. While such a regulation is in effect limiting the quantity of any such substance in the case of any food, such food shall not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within the meaning of clause (1) of RCW 69.04.210. In determining the quantity of such added substance to be tolerated in or on different articles of food, the director shall take into account the extent to which the use of such substance is required or cannot be avoided in the production of each such article, and the other ways in which the consumer may be affected by the same or other poisonous or deleterious substances. [1963 c 198 § 2; 1945 c 257 § 57; Rem. Supp. 1945 § 6163-106.]

### 69.04.392 Regulations permitting tolerance of harmful matter—Pesticide chemicals in or on raw agricultural commodities

(1) Any poisonous or deleterious pesticide chemical, or any pesticide chemical which generally is recognized among experts qualified by scientific training and experience to evaluate the safety of pesticide chemicals as unsafe for use, added to a raw agricultural commodity, shall be deemed unsafe for the purpose of the application of clause (2) of RCW 69.04-210 unless:

(a) A tolerance for such pesticide chemical in or on the raw agricultural commodity has been prescribed pursuant to subsection (2) hereof and the quantity of such pesticide chemical in or on the raw agricultural commodity is within the limits of the tolerance so prescribed; or

(b) With respect to use in or on such raw agricultural commodity, the pesticide chemical has been exempted from the requirement of a tolerance pursuant to subsection (2) hereof.

While a tolerance or exemption from tolerance is in effect for a pesticide chemical with respect to any raw agricultural commodity, such raw agricultural commodity shall not, by reason of bearing or containing any added amount of such pesticide chemical, be considered to be adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 408 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, setting forth the tolerances for pesticide chemicals in or on any raw agricultural commodity, are hereby adopted as the regulations for tolerances applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to such federal regulations for tolerances, including exemption from tolerance and zero tolerances, to the extent necessary to protect the public health. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein tolerances for pesticides, exemptions, and zero tolerances, upon his own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such regulation.

(3) In adopting any new or amended tolerances by regulation issued pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the necessity for the production of an adequate, wholesome, and economical food supply; (c) the other ways in which the consumer may be affected by the same pesticide chemical or by other related substances that are poisonous or deleterious; and (d) the opinion of experts qualified by scientific training and experience to determine the proper tolerance to be allowed for any pesticide chemical. [1975 1st ex.s.c 7 § 26; 1963 c 198 § 3.]

Purpose of section: See RCW 69.04.398.

### 69.04.394 Regulations permitting tolerance of harmful matter—Food additives

(1) A food additive shall, with respect to any particular use or intended use of such additives, be deemed unsafe for the purpose of the application of clause (2)(c) of RCW 69.04.210, unless:

(a) It and its use or intended use conform to the terms of an exemption granted, pursuant to a regulation under subsection (2) hereof providing for the exemption from

[Title 69 RCW—p 10]
the requirements of this section for any food additive, and any food bearing or containing such additive, intended solely for investigational use by qualified experts when in the director's opinion such exemption is consistent with the public health;

(b) There is in effect, and it and its use or intended use are in conformity with a regulation issued or effective under subsection (2) hereof prescribing the conditions under which such additive may be safely used.

While such a regulation relating to a food additive is in effect, a food shall not, by reason of bearing or containing such an additive in accordance with the regulation, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 409 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, prescribing the conditions under which such food additive may be safely used, are hereby adopted as the regulations applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe the conditions under which a food additive may be safely used and exemptions where such food additive is to be used solely for investigational purposes; either upon his own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such petition for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect of such additive in the diet of man or animals, taking into account any chemically or pharmaceutically related substance or substances in such diet; and (d) safety factors which in the opinion of experts qualified by scientific training and experience to evaluate the safety of food additives are generally recognized as appropriate for the use of animal experimentation data. [1975 1st ex.s. c 7 § 27; 1963 c 198 § 4.]

Purpose of section: See RCW 69.04.398.

69.04.396 Regulations permitting tolerance of harmful matter—Color additives. (1) A color additive shall, with respect to any particular use (for which it is being used or intended to be used or is represented as suitable) in or on food, be deemed unsafe for the purpose of the application of RCW 69.04.231, unless:

(a) There is in effect, and such color additive and such use are in conformity with, a regulation issued under this section listing such additive for such use, including any provision of such regulation prescribing the conditions under which such additive may be safely used;

(b) Such additive and such use thereof conform to the terms of an exemption for experimental use which is in effect pursuant to regulation under this section.

While there are in effect regulations under this section relating to a color additive or an exemption with respect to such additive a food shall not, by reason of bearing or containing such additive in all respects in accordance with such regulations or such exemption, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 706 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, prescribing the use or limited use of such color additive, are hereby adopted as the regulations applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein the conditions under which a color additive may be safely used including exemptions for experimental purposes. Such a regulation may be issued either upon the director's own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect of such additive in the diet of man or animals, taking into account any chemically or pharmaceutically related substance or substances in such diet; and (d) safety factors which in the opinion of experts qualified by scientific training and experience to evaluate the safety of food additives are generally recognized as appropriate for the use of animal experimentation data; (e) the availability of any needed practicable methods of analysis for determining the
identity and quantity of (i) the pure dye and all inter-
mediates and other impurities contained in such color
additives, (ii) such additive in or on any article of food,
and (iii) any substance formed in or on such article be-
cause of the use of such additive; and (f) the conformity
by the manufacturer with the established standards in
the industry relating to the proper formation of such
color additive so as to result in a finished product safe
for use as a color additive. [1975 1st ex.s. c 7 § 28; 1963
c 198 § 6.]}

In accord with such declared purpose any regulation adopted under said federal food, drug and cosmetic act concerning food in effect on July 1, 1975, and not adopted under any other specific provision of RCW 69.04.110, 69.04.392, 69.04.394, and 69.04.396 are hereby deemed to have been adopted under the provision hereof. Further, to promote such uniformity any regulation adopted hereafter under the provisions of the federal food, drug and cosmetic act concerning food and published in the federal register shall be deemed to have been adopted under the provisions of RCW 69.04.110, 69.04.392, 69.04.394, and 69.04.396 in accord with chapter 34.04 RCW as enacted or hereafter amended. The director may, however, within thirty days of the publication of the adoption of any such regulation under the federal food, drug and cosmetic act concerning food and published in the federal register shall be deemed to have been adopted under the provisions of RCW 69.04.110, 69.04.392, 69.04.394, and 69.04.396 in accord with chapter 34.04 RCW as enacted or hereafter amended. [1975 1st ex.s. c 7 § 36.]

69.04.400 Conformance with federal regulations. The regulations promulgated under RCW 69.04.390 shall conform, insofar as practicable, with those promulgated under section 406 of the federal act. [1963 c 198 § 7; 1945 c 257 § 58; Rem. Supp. 1945 § 6163-107.]

69.04.410 Drugs—Adulteration by harmful sub-
stances. A drug or device shall be deemed to be adulter-
ated (1) if it consists in whole or in part of any filthy,
putrid, or decomposed substance; or (2) if it has been
produced, prepared, packed, or held under insanitary
conditions whereby it may have been contaminated with
filth, or whereby it may have been rendered injurious to
health; or (3) if it is a drug and its container is com-
posed in whole or in part of any poisonous or deleterious
substance which may render the contents injurious to
health; or (4) if it is a drug and it bears or contains, for
purposes of coloring only, a coal tar color other than one
that is harmless and suitable for use in drugs for such
purposes, as provided by regulations promulgated under
section 504 of the federal act. [1945 c 257 § 59; Rem.
Supp. 1945 § 6163-108. Prior: 1923 c 36 § 1; 1907 c
211 § 3; 1901 c 94 § 3.]

69.04.420 Drugs—Adulteration for failure to com-
ply with compendium standard. If a drug or device pur-
ports to be or is represented as a drug the name of which
is recognized in an official compendium, and its strength
differs from, or its quality or purity falls below, the
standard set forth in such compendium, it shall be
deemed to be adulterated. Such determination as to
strength, quality or purity shall be made in accordance
with the tests or methods of assay set forth in such
compendium or prescribed by regulations promulgated
under section 501(b) of the federal act. No drug defined
in an official compendium shall be deemed to be adul-
terated under this section because it differs from the
standard of strength, quality, or purity therefor set forth
in such compendium, if its difference in strength, qual-
ity, or purity from such standard is plainly stated on its
label. Whenever a drug is recognized in both the United
States pharmacopoeia and the homeopathic pharmaco-
poeia of the United States, it shall be subject to the re-
quirements of the United States pharmacopoeia unless it
is labeled and offered for sale as a homeopathic drug, in
which case it shall be subject to the provisions of the
homeopathic pharmacopoeia of the United States and
not to those of the United States pharmacopoeia. [1945
c 257 § 60; Rem. Supp. 1945 § 6163-109.]

69.04.430 Drugs—Adulteration for lack of repre-
sented purity or quality. If a drug or device is not subject
to the provisions of RCW 69.04.420 and its strength
differs from, or its purity or quality falls below, that
which it purports or is represented to possess, it shall be
deemed to be adulterated. [1945 c 257 § 61; Rem. Supp.
1945 § 6163-110.]

69.04.440 Drugs—Adulteration by admixture or
substitution of ingredients. A drug shall be deemed to be
adulterated if any substance has been (1) mixed or
packed therewith so as to reduce its quality or strength
or (2) substituted wholly or in part therefor. [1945 c 257
§ 62; Rem. Supp. 1945 § 6163-111.]

257 § 63; Rem. Supp. 1945 § 6163-112. Prior: 1923 c
36 § 2; 1907 c 211 § 4.]

69.04.460 Packaged drugs—Misbranding. If a drug
or device is in package form, it shall be deemed to be
misbranded unless it bears a label containing (1) the
name and place of business of the manufacturer, packer,
or distributor; and (2) an accurate statement of the
numerical count: Provided, That under clause (2) of this
section reasonable variations shall be permitted, and ex-
ceptions as to small packages shall be established, by
regulations promulgated by the director. [1945 c 257 § 64; Rem. Supp. 1945 § 6163–113. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

69.04.470 Drugs—Misbranding by lack of prominent label. A drug or device shall be deemed to be misbranded if any word, statement, or other information required by or under authority of this chapter to appear thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. [1945 c 257 § 65; Rem. Supp. 1945 § 6163–114. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

69.04.480 Drugs—Misbranding for failure to state content of habit forming drug. If a drug is not designated solely by a name recognized in an official compendium it shall be deemed to be misbranded unless its label bears (1) the common or usual name of the drug, if such there be; and (2), in case it is fabricated from two or more ingredients, the common or usual name of each active ingredient, including the quantity, kind, and proportion of any alcohol, and also including, whether active or not, the name and quantity or proportion of any bromides, ether, chloroform, acetanilid, acethophenetidin, amidoypyrine, antipyrine, atropine, hyoscine, hyoscyamime, arsenic, digitalis, glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein: Provided, That to the extent that compliance with the requirements of clause (2) of this section is impracticable, exemptions shall be established by regulations promulgated by the director. [1945 c 257 § 67; Rem. Supp. 1945 § 6163–116. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

69.04.500 Drugs—Misbranding by failure to give directions for use and warnings. A drug or device shall be deemed to be misbranded unless its labeling bears (1) adequate directions for use; and (2) such adequate warnings against use in those pathological conditions or by children where its use may be dangerous to health, or against unsafe dosage or methods or duration of administration or application, in such manner and form, as are necessary for the protection of users: Provided, That where any requirement of clause (1) of this section as applied to any drug or device, is not necessary for the protection of the public health, the director shall promulgate regulations exempting such drug or device from such requirements. Such regulations shall include the exemptions prescribed under section 502(f)(1) of the federal act, insofar as such exemptions are applicable hereunder. [1945 c 257 § 68; Rem. Supp. 1945 § 6163–117. A drug or device shall be deemed to be misbranded if it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed therein: Provided, That the method of packaging may be modified with the consent of the director, as permitted under section 502(g) of the federal act. Whenever a drug is recognized in both the United States pharmacopoeia and the homeopathic pharmacopoeia of the United States, it shall be subject to the requirements of the United States pharmacopoeia with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the homeopathic pharmacopoeia of the United States, and not to those of the United States pharmacopoeia. [1945 c 257 § 69; Rem. Supp. 1945 § 6163–118. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

69.04.520 Drugs—Misbranding for failure to show possibility of deterioration. If a drug or device has been found by the secretary of agriculture of the United States to be a drug liable to deterioration, it shall be deemed to be misbranded unless it is packaged in such form and manner, and its label bears a statement of such precautions, as required in an official compendium or by regulations promulgated under section 502(h) of the federal act for the protection of the public health. [1945 c 257 § 70; Rem. Supp. 1945 § 6163–119. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

A drug or device shall be deemed to be misbranded if it is a drug which by label provides, or which the federal act or any applicable law requires by label to provide, in effect, that it shall be used only upon the prescription of a physician, dentist,
or veterinarian, unless it is dispensed at retail on a written prescription signed by a physician, dentist, or veterinarian, who is licensed by law to administer such a drug. [1945 c 257 § 72; Rem. Supp. 1945 § 6163–121. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

A drug or device which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where it was originally processed or packed, is exempted from the affirmative labeling and packaging requirements of this chapter, while it is in transit in intrastate commerce from the one establishment to the other, if such transit is made in good faith for such completion purposes only; but it is otherwise subject to all the applicable provisions of this chapter. [1945 c 257 § 73; Rem. Supp. 1945 § 6163–122.]

[1945 c 257 § 74; Rem. Supp. 1945 § 6163–123.]

69.12.010 Declaration of policy. This chapter is in exercise of the police powers of the state for the protection of the safety, health and welfare of the people of the state. It hereby is found and declared that the public welfare requires control and regulation of the manufacture and distribution of bakery products which endanger public health, defraud consumers, jeopardize the public source and supply of a nourishing, healthful food, and seriously affect adversely a large and essential industry. It is further found and declared that the regulation of the commercial manufacture and distribution of bakery products as in this chapter provided is in the interest of the economic and social well-being and the health and safety of the state and all of its people. [1937 c 137 § 1; RRS § 6284–1.]

Severability—1937 c 137: "If any clause, sentence, paragraph, section or part of this act shall, for any reason, be adjudged or decreed to be invalid by any court of competent jurisdiction, such judgment or decree shall not affect, impair or invalidate the remainder of this act but shall be confined in its operation to the clause, sentence, paragraph, section or part thereof directly involved in the controversy in which said judgment or decree shall have been rendered." [1937 c 137 § 12.] This applies to RCW 69.12.010–69.12.120.

69.12.030 Bakery license—Application. No person shall operate or participate in the operation of any bakery within this state without having obtained from the director of agriculture a bakery license for that bakery issued and in effect under this chapter. Application for such license shall be made in writing and under oath to the director of agriculture, on such forms and with such pertinent information as he shall require. Such license shall be granted as a matter of right unless conditions exist which are grounds for a cancellation or revocation of a license as hereinafter set forth. [1937 c 137 § 3; RRS § 6284–3.]

69.12.040 Distributor's license—Application. No person hereafter shall engage within this state in the sale or distribution of any bakery product, other than exclusively at retail at a fixed place or places of business, without holding a license to do so issued to that person by the director of agriculture. A distributor's license shall not be required of any person distributing solely bakery products manufactured by him in a bakery licensed under this chapter. Application for such license shall be filed in writing and under oath with the director of agriculture upon such form as shall be prescribed and supplied by him. [1937 c 137 § 4; RRS § 6284–4.]

69.12.050 License fees—Expiration date—Nontransferability. Renewal may be obtained annually by surrendering to the director of agriculture the old license certificate and paying the required annual license fee. Such license shall not be transferable to any person or be applicable to any location other than that for which originally issued. [1967 c 240 § 44; 1937 c 137 § 5; RRS § 6284–5.]

Severability—1967 c 240: See note following RCW 43.23.010.

69.12.060 Revocation or suspension of license. (1) The director of agriculture may cancel or suspend any such license if he finds after proper investigation that (a) the licensee has violated any provisions of this chapter or of any other law of this state relating to the operations of bakeries or the manufacture or handling of any bakery product, or any regulation effective thereunder or (b) the licensed bakery premises or any equipment used therein or in connection therewith is in an unsanitary condition and the licensee has failed or refused to remedy the same within ten days after receipt from the director of written notice to do so.

(2) No license shall be revoked or suspended by the director without delivery to the licensee of a written statement of the charge involved and an opportunity to answer such charge within ten days from the date of such notice.

The state board of health may fix a maximum fee, not exceeding one dollar, which may be charged by a physician for such examination. Such certificate shall be effective for a period of six months and thereafter must be renewed following proper physical examination as aforesaid. Where such certificate is required and provided under municipal ordinance upon examination deemed adequate by the state board of health, certificates issued thereunder shall be sufficient under this chapter.

(3) Any such certificate shall be revoked by the state board of health at any time the holder thereof is found, after proper physical examination, to be afflicted with any communicable or infectious disease. Refusal of any person employed in a bakery to submit to proper and reasonable physical examination upon written demand of the state board of health or the director of agriculture shall be cause for revocation of that person's health certificate. [1937 c 137 § 7; RRS § 6284-7.]

69.12.080 Inspection of premises and vehicles. The state director of agriculture shall cause to be made periodically a thorough inspection of each licensed bakery to determine whether or not the premises are constructed, equipped and operated in accordance with the requirements of this chapter and of all other laws of this state relating to bakeries or bakery products and all regulations effective thereunder. Such inspection shall also be made of each vehicle used by a bakery or distributor licensed under this chapter in transporting or distributing any bakery products within this state. The director shall employ no person as inspector who is a member or employee of a bakery or bakery operators' association or who is interested in any bakery or such association. (1981 Ed.)

69.25.010 Legislative finding. Eggs and egg products are an important source of the state's total supply of food, and are used in food in various forms. They are consumed throughout the state and the major portion thereof moves in intrastate commerce. It is essential, in the public interest, that the health and welfare of consumers be protected by the adoption of measures prescribed herein for assuring that eggs and egg products distributed to them and used in products consumed by them are wholesome, otherwise not adulterated, and properly labeled and packaged. Lack of effective regulation for the handling or disposition of unwholesale, otherwise adulterated, or improperly labeled or packaged egg products and certain qualities of eggs is injurious to the public welfare and destroys markets for wholesome, unadulterated, and properly labeled and packaged eggs and egg products and results in sundry losses to producers and processors, as well as injury to consumers. Unwholesome, otherwise adulterated, or improperly labeled or packaged products can be sold at lower prices and compete unfairly with the wholesome, unadulterated, and properly labeled and packaged products, to the detriment of consumers and the public generally. It is hereby found that all egg products and the qualities of eggs which are regulated under this chapter are either in intrastate commerce, or substantially affect such commerce, and that regulation by the director, as contemplated by this chapter, is appropriate to protect the health and welfare of consumers. [1975 1st ex.s. c 201 § 2.]

Without restricting the application of the preceding sentence to other kinds of establishments within its provisions, any food manufacturing establishment, institution, or restaurant which uses any eggs that do not meet the requirements of RCW 69.25.170(1)(a) in the preparation of any articles for human food, shall be deemed to be a plant processing egg products, with respect to such operations.

2. The director, at any time, shall cause such retention, segregation, and reinspection as he deems necessary of eggs and egg products capable of use as human food in each official plant.

(3) Eggs and egg products found to be adulterated at official plants shall be condemned, and if no appeal be taken from such determination or condemnation, such articles shall be destroyed for human food purposes under the supervision of an inspector: Provided, That articles which may by reprocessing be made not adulterated need not be condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not adulterated. If an appeal be taken from such determination, the eggs or egg products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the director determines that the appeal is frivolous. If the determination of condemnation is sustained, the eggs or egg products shall be destroyed for human food purposes under the supervision of an inspector.

4. The director shall cause such other inspections to be made of the business premises, facilities, inventory, operations, and records of egg handlers, and the records and inventory of other persons required to keep records under RCW 69.25.140, as he deems appropriate (and in the case of shell egg packers, packing eggs for the ultimate consumer, at least once each calendar quarter) to assure that only eggs fit for human food are used for such purpose, and otherwise to assure compliance by egg handlers and other persons with the requirements of RCW 69.25.140, except that the director shall cause such inspections to be made as he deems appropriate to assure compliance with such requirements at food manufacturing establishments, institutions, and restaurants, other than plants processing egg products. Representatives of the director shall be afforded access to all such places of business for purposes of making the inspections provided for in this chapter. [1975 1st ex.s. c 201 § 9.]

69.25.090 Sanitary operation of official plants—Inspection refused if requirements not met. (1) The operator of each official plant shall operate such plant in accordance with such sanitary practices and shall have such premises, facilities, and equipment as are required by regulations promulgated by the director to effectuate the purposes of this chapter, including requirements for segregation and disposition of restricted eggs.

2. The director shall refuse to render inspection to any plant whose premises, facilities, or equipment, or the operation thereof, fail to meet the requirements of this section. [1975 1st ex.s. c 201 § 10.]

69.25.100 Egg products—Pasteurization—Labeling requirements—False or misleading labels or containers—Director may order use of withheld—Hearing, determination, and appeal. (1) Egg products inspected at any official plant under the authority of this chapter and found to be not adulterated shall be pasteurized before they leave the official plant, except as otherwise permitted by regulations of the director, and shall at the time they leave the official plant, bear in distinctly legible form on their shipping containers or immediate containers, or both, when required by regulations of the director, the official inspection legend and
official plant number, of the plant where the products were processed, and such other information as the director may require by regulations to describe the products adequately and to assure that they will not have false or misleading labeling.

(2) No labeling or container shall be used for egg products at official plants if it is false or misleading or has not been approved as required by the regulations of the director. If the director has reason to believe that any labeling or the size or form of any container in use or proposed for use with respect to egg products at any official plant is false or misleading in any particular, he may direct that such use be withheld unless the labeling or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person using or proposing to use the labeling or container does not accept the determination of the director, such person may request a hearing, but the use of the labeling or container shall, if the director so directs, be withheld pending hearing and final determination by the director. Any such determination by the director shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person adversely affected thereby appeals to the superior court in the county in which such person has its principal place of business. [1975 1st ex.s. c 201 § 11.]

69.25.110 Prohibited acts and practices. (1) No person shall buy, sell, or transport, or offer to buy or sell, or offer or receive for transportation, in any business in intrastate commerce any restricted eggs, capable of use as human food, except as authorized by regulations of the director under such conditions as he may prescribe to assure that only eggs fit for human food are used for such purpose.

(2) No egg handler shall possess with intent to use, or use, any restricted eggs in the preparation of human food for intrastate commerce except that such eggs may be so possessed and used when authorized by regulations of the director under such conditions as he may prescribe to assure that only eggs fit for human food are used for such purpose.

(4) No person shall buy, sell, or transport, or offer to buy or sell, or offer or receive for transportation, in intrastate commerce any egg products required to be inspected under this chapter unless they have been so inspected and are labeled and packaged in accordance with the requirements of RCW 69.25.100.

(5) No operator of any official plant shall allow any egg products to be moved from such plant if they are adulterated or misbranded and capable of use as human food.

(6) No person shall:

(c) Without authorization from the director, use any official device, mark, or certificate, or simulation thereof, or detach, deface, or destroy any official device or mark; or use any labeling or container ordered to be withheld from use under RCW 69.25.100 after final judicial affirmation of such order or expiration of the time for appeal if no appeal is taken under said section;

(d) Contrary to the regulations prescribed by the director, fail to use, or to detach, deface, or destroy any official device, mark, or certificate;

(e) Knowingly possess, without promptly notifying the director or his representative, any official device or any counterfeit, simulated, forged, or improperly altered official certificate or any device or label, or any eggs or egg products bearing any counterfeit, simulated, forged, or improperly altered official mark;

(7) No person, while an official or employee of the state or local governmental agency, or thereafter, shall use to his own advantage, or reveal other than to the authorized representatives of the United States government or the state in their official capacity, or as ordered by a court in a judicial proceeding, any information acquired under the authority of this chapter concerning any matter which the originator or relator of such information claims to be entitled to protection as a trade secret. [1975 1st ex.s. c 201 § 12.]

69.25.120 Director to cooperate with other agencies—May conduct examinations. The director shall, whenever he determines that it would effectuate the purposes of this chapter, cooperate with any state, federal or other governmental agencies in carrying out any provisions of this chapter. In carrying out the provisions of this chapter, the director may conduct such examinations, investigations, and inspections as he determines practicable through any officer or employee of any such agency commissioned by him for such purpose. 69.25.130 Eggs or egg products not intended for use as human food—Identification or denaturing required. Inspection shall not be provided under this chapter at any plant for the processing of any egg products which are not intended for use as human food, but such articles, prior to their offer for sale or transportation in intrastate commerce, shall be denatured or identified as prescribed by regulations of the director to deter their
use for human food. No person shall buy, sell, or transport or offer to buy or sell, or offer or receive for transportation, in intrastate commerce, any restricted eggs or egg products which are not intended for use as human food unless they are denatured or identified as required by the regulations of the director. [1975 1st ex.s. c 201 § 14.]

69.25.140 Records required, access to and copying of. For the purpose of enforcing the provisions of this chapter and the regulations promulgated thereunder, all persons engaged in the business of transporting, shipping, or receiving any eggs or egg products in intrastate commerce or in interstate commerce, or holding such articles so received, and all egg handlers, shall maintain such records showing, for such time and in such form and manner, as the director may prescribe, to the extent that they are concerned therewith, the receipt, delivery, sale, movement, and disposition of all eggs and egg products handled by them, and shall, upon the request of the director, permit him at reasonable times to have access to and to copy all such records. [1975 1st ex.s. c 201 § 15.]

69.25.150 Penalties—Liability of employer—Defense—Interference with person performing official duties. (1) Any person who commits any offense prohibited by RCW 69.25.110 shall upon conviction be guilty of a gross misdemeanor. When construing or enforcing the provisions of RCW 69.25.110, the act, omission, or failure of any person acting for or employed by any individual, partnership, corporation, or association within the scope of his employment or office shall in every case be deemed the act, omission, or failure of such individual, partnership, corporation, or association, as well as of such person.

(2) No carrier or warehouseman shall be subject to the penalties of this chapter, other than the penalties for violation of RCW 69.25.140, or subsection (3) of this section, by reason of his receipt, carriage, holding, or delivery, in the usual course of business, as a carrier or warehouseman of eggs or egg products owned by another person unless the carrier or warehouseman has knowledge, or is in possession of facts which would cause a reasonable person to believe that such eggs or egg products were not eligible for transportation under, or were otherwise in violation of, this chapter, or unless the carrier or warehouseman refuses to furnish on request of a representative of the director the name and address of the person from whom he received such eggs or egg products and copies of all documents, if there be any, pertaining to the delivery of the eggs or egg products to, or by, such carrier or warehouseman.

(3) Notwithstanding any other provision of law any person who forcibly assaults, resists, impedes, intimidates, or interferes with any person while engaged in or on account of the performance of his official duties under this chapter shall be punished by a fine of not more than five thousand dollars or imprisonment in the state penitentiary for not more than three years, or both.

Whoever, in the commission of any such act, uses a deadly or dangerous weapon, shall be punished by a fine of not more than ten thousand dollars or by imprisonment in the state penitentiary for not more than ten years, or both. [1975 1st ex.s. c 201 § 16.]

69.25.160 Notice of violation—May take place of prosecution. Before any violation of this chapter, other than RCW 69.25.150(3), is reported by the director to any prosecuting attorney for institution of a criminal proceeding, the person against whom such proceeding is contemplated shall be given reasonable notice of the alleged violation and opportunity to present his views orally or in writing with regard to such contemplated proceeding. Nothing in this chapter shall be construed as requiring the director to report for criminal prosecution violation of this chapter whenever he believes that the public interest will be adequately served and compliance with this chapter obtained by a suitable written notice of warning. [1975 1st ex.s. c 201 § 17.]

69.25.170 Exemptions permitted by rule of director. (1) The director may, by regulation and under such conditions and procedures as he may prescribe, exempt from specific provisions of this chapter:

(a) The sale, transportation, possession, or use of eggs which contain no more restricted eggs than are allowed by the tolerance in the official state standards for consumer grades for shell eggs;

(b) The processing of egg products at any plant where the facilities and operating procedures meet such sanitary standards as may be prescribed by the director, and where the eggs received or used in the manufacture of egg products contain no more restricted eggs than are allowed by the official standards of the state consumer grades for shell eggs, and the egg products processed at such plant;

(c) The sale of eggs by any poultry producer from his own flocks directly to a household consumer exclusively for use by such consumer and members of his household and his nonpaying guests and employees, and the transportation, possession, and use of such eggs in accordance with this subsection;

(d) The sale of eggs by shell egg packers on his own premises directly to household consumers for use by such consumer and members of his household and his nonpaying guests and employees, and the transportation, possession, and use of such eggs in accordance with this subsection.

69.25.180 Limiting entry of eggs and egg products into official plants. The director may limit the entry of eggs and egg products and other materials into official plants under such conditions as he may prescribe to assure that allowing the entry of such articles into such plants will be consistent with the purposes of this chapter. [1975 1st ex.s. c 201 § 19.]
69.25.190  Embargo of eggs or egg products in violation of this chapter—Time limit—Removal of official marks. Whenever any eggs or egg products subject to this chapter are found by any authorized representative of the director upon any premises and there is reason to believe that they are or have been processed, bought, sold, possessed, used, transported, or offered or received for sale or transportation in violation of this chapter, or that they are in any other way in violation of this chapter, or whenever any restricted eggs capable of use as human food are found by such a representative in the possession of any person not authorized to acquire such eggs under the regulations of the director, such articles may be embargoed by such representative for a reasonable period but not to exceed twenty days, pending action under RCW 69.25.200 or notification of any federal or other governmental authorities having jurisdiction over such articles, and shall not be moved by any person from the place at which they are located when so detained until released by such representative. All official marks may be required by such representative to be removed from such articles before they are released unless it appears to the satisfaction of the director that the articles are eligible to retain such marks. [1975 1st ex.s. c 201 § 20.]

69.25.200  Embargo—Petition for court order affirming—Removal of embargo or destruction or correction and release—Court costs, fees, administrative expenses—Bond may be required. When the director has embargoed any eggs or egg products, he shall petition the superior court of the county in which the eggs or egg products are located for an order affirming such embargo. Such court shall have jurisdiction for cause shown and after a prompt hearing to any claimant of eggs or egg products, shall issue an order which directs the removal of such embargo or the destruction or correction and release of such eggs and egg products. An order for destruction or the correction and release of such eggs and egg products shall contain such provision for the payment of pertinent court costs and fees and administrative expenses as is equitable and which the court deems appropriate in the circumstances. An order for correction and release may contain such provisions for a bond as the court finds indicated in the circumstances. [1975 1st ex.s. c 201 § 21.]

69.25.210  Embargo—Order affirming not required, when. The director need not petition the superior court as provided for in RCW 69.25.200 if the owner or claimant of such eggs or egg products agrees in writing to the disposition of such eggs or egg products as the director may order. [1975 1st ex.s. c 201 § 22.]

69.25.220  Embargo—Consolidation of petitions. Two or more petitions under RCW 69.25.200 which pend at the same time and which present the same issue and claimant hereunder may be consolidated for simultaneous determination by one court of competent jurisdiction, upon application to any court of jurisdiction by the director or claimant. [1975 1st ex.s. c 201 § 23.]

69.25.230  Embargo—Sampling of article. The claimant in any proceeding by petition under RCW 69.25.200 shall be entitled to receive a representative sample of the article subject to such proceedings upon application to the court of competent jurisdiction made at any time after such petition and prior to the hearing thereon. [1975 1st ex.s. c 201 § 24.]

69.25.240  Condemnation—Recovery of damages restricted. No state court shall allow the recovery of damages for administrative action for condemnation under the provisions of this chapter, if the court finds that there was probable cause for such action. [1975 1st ex.s. c 201 § 25.]

69.25.250  Assessment—Rate, applicability, time of payment—Reports—Contents, frequency. There is hereby levied an assessment not to exceed two and one-half mills per dozen eggs entering intrastate commerce, as prescribed by rules and regulations issued by the director. Such assessment shall be applicable to all eggs entering intrastate commerce except as provided in RCW 69.25.170 and 69.25.290. Such assessment shall be paid to the director on a monthly basis on or before the tenth day following the month such eggs enter intrastate commerce. The director may require reports by egg handlers or dealers along with the payment of the assessment fee. Such reports may include any and all pertinent information necessary to carry out the purposes of this chapter. The director may, by regulations, require egg container manufacturers to report on a monthly basis all egg containers sold to any egg handler or dealer and bearing such egg handler or dealer's license number. [1975 1st ex.s. c 201 § 26.]

69.25.260  Assessment—Prepayment by purchase of egg seals—Permit for printing seal on containers or labels. Any egg handler or dealer may prepay the assessment provided for in RCW 69.25.250 by purchasing Washington state egg seals from the director to be placed on egg containers showing that the proper assessment has been paid. Any carton manufacturer or printer may apply to the director for a permit to place reasonable facsimiles of the Washington state egg seals to be imprinted on egg containers or on the identification labels which show egg grade and size and the name of the egg handler or dealer. The director shall, from time to time, prescribe rules and regulations governing the affixing of seals and he is authorized to cancel any such permit issued pursuant to this chapter, whenever he finds that a violation of the terms under which the permit has been granted has been violated. [1979 ex.s. c 238 § 10; 1975 1st ex.s. c 201 § 27.]

Severability—1979 ex.s. c 238: See note following RCW 15.44.010.

69.25.270  Assessment—Monthly payment—Audit—Failure to pay, penalty. Every egg handler or dealer who pays assessments required under the provisions of this chapter on a monthly basis in lieu of seals shall be subject to audit by the director on an annual
basis or more frequently if necessary. The cost to the direc-
tor for performing such audit shall be chargeable to
and payable by the egg handler or dealer subject to au-
dit. Failure to pay assessments when due or refusal to
pay for audit costs may be cause for a summary suspen-
sion of an egg handler’s or dealer’s license and a charge
of one percent per month, or fraction thereof shall be
added to the sum due the director, for each remittance
not received by the director when due. The conditions
and charges applicable to egg handlers and dealers set
forth herein shall also be applicable to payments due the
director for facsimiles of seals placed on egg containers.
[1975 1st ex.s. c 201 § 28.]

69.25.280 Assessment—Use of proceeds. The pro-
ceeds from assessment fees paid to the director shall be
retained for the inspection of eggs and carrying out the
provisions of this chapter relating to eggs. [1975 1st ex.s.
c 201 § 29.]

to package eggs shall bear the name and address or the
permanent number issued by the director to said egg
handler or dealer. Such permanent number shall be dis-
played in a size and location prescribed by the director.
It shall constitute a gross misdemeanor for any egg han-
dler or dealer to reuse a container which bears the per-
manent number of another egg handler or dealer unless
such number is totally obliterated prior to reuse. The di-
rector may in addition require the obliteration of any or
all markings that may be on any container which will be
reused for eggs by an egg handler or dealer. [1975 1st
ex.s. c 201 § 32.]

69.25.320 Records required, additional—Sales to
retailer or food service—Exception—Defense to
charged violation—Sale of eggs deteriorated due to

his own production sold and delivered on the premises
where produced, to furnish that retailer or other pur-
chaser with an invoice covering each such sale, showing
the exact grade or quality, and the size or weight of the
eggs sold, according to the standards prescribed by the
director, together with the name and address of the per-
son by whom the eggs were sold. The person selling and
the retailer or other purchaser shall keep a copy of said
invoice on file at his place of business for a period of
thirty days, during which time the copy shall be avail-
able for inspection at all reasonable times by the direc-
tor: Provided, That if no retailer or other purchaser shall
be guilty of a violation of this chapter if he can establish
a guarantee from the person from whom the eggs were
purchased to the effect that they, at the time of pur-
chase, conformed to the information required by the di-
rector on such invoice: Provided further, That if the re-
tailer or other purchaser having labeled any such eggs
in accordance with the invoice keeps them for such a
time after they are purchased as to cause them to dete-
riorate to a lower grade or standard, and sells them un-
der the label of the invoice grade or standard, he shall be
guilty of a violation of this chapter.

No invoice shall be required on eggs when packed for
sale to the United States department of defense, or a
component thereof, if labeled with grades promul-
gated by the United States secretary of agriculture. [1975 1st
ex.s. c 201 § 33.]

201 § 35.]

The board shall identify, by rule-making pursuant to chapter 34.04 RCW, those drugs which may be dispensed only on prescription or are restricted to use by practitioners, only. In so doing the board shall consider the toxicity or other potentiality for harmful effect of the drug, the method of its use, and any collateral safeguards necessary to its use. The board shall classify a drug as a legend drug where these considerations indicate the drug is not safe for use except under the supervision of a practitioner.

In identifying legend drugs the board may incorporate in its rules lists of drugs contained in commercial pharmaceutical publications by making specific reference to each such list and the date and edition of the commercial publication containing it. Any such lists so incorporated shall be available for public inspection at the headquarters of the state board of pharmacy and shall be available on request from the board upon payment of a reasonable fee to be set by the board. [1979 ex.s. c 139 § 3.]

69.41.100 Legislative recognition and declaration. The legislature recognizes the responsibility of the state to insure that the citizens of the state are offered the benefit of quality pharmaceutical products at competitive prices. Advances in the drug industry resulting from research and the elimination of counterfeiting of prescription drugs should benefit the users of the drugs. Pharmacy must continue to operate with accountability and effectiveness. The legislature hereby declares it to be the policy of the state that its citizens receive safe and therapeutically effective drug products at the most reasonable cost consistent with high drug quality standards. [1977 ex.s. c 352 § 1.]

Severability—1977 ex.s. c 352: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 352 § 10.] This applies to RCW 69.41.100–69.41.180.

(1) "Brand name" means the proprietary or trade name selected by the manufacturer and placed upon a drug, its container, label, or wrapping at the time of packaging;

(2) "Generic name" means the official title of a drug or drug ingredients published in the latest edition of a nationally recognized pharmacopoeia or formulary;

(3) "Substitute" means to dispense, with the practitioner's authorization, a "therapeutically equivalent" drug product of the identical base or salt as the specific drug product prescribed: Provided, That with the practitioner's prior consent, therapeutically equivalent drugs other than the identical base or salt may be dispensed;

(4) "Therapeutically equivalent" means essentially the same efficacy and toxicity when administered to an individual in the same dosage regimen; and

(5) "Practitioner" means a physician, osteopathic physician and surgeon, dentist, veterinarian, or any other person authorized to prescribe drugs under the laws of this state. [1979 c 110 § 1; 1977 ex.s. c 352 § 2.]

69.41.120 Prescriptions to contain instruction as to whether or not a therapeutically equivalent generic drug may be substituted—Form—Contents—Procedure. Every drug prescription shall contain an instruction on whether or not a therapeutically equivalent generic drug may be substituted in its place, unless substitution is permitted under a prior-consent authorization.

If a written prescription is involved, the form shall have two signature lines at opposite ends on the bottom of the form. Under the line at the right side shall be clearly printed the words "DISPENSE AS WRITTEN." Under the line at the left side shall be clearly printed the words "SUBSTITUTION PERMITTED". The practitioner shall communicate the instructions to the pharmacist by signing the appropriate line. No prescription shall be valid without the signature of the practitioner on one of these lines.
If an oral prescription is involved, the practitioner or the practitioner's agent shall instruct the pharmacist as to whether or not a therapeutically equivalent generic drug may be substituted in its place. The pharmacist shall note the instructions on the file copy of the prescription.

The pharmacist shall note the manufacturer of the drug dispensed on the file copy of a written or oral prescription. [1979 c 110 § 2; 1977 ex.s. c 352 § 3.]

69.41.130 Savings in price to be passed on to purchaser. (1981 Ed.)
ARTICLE III
REGULATION OF MANUFACTURE, DISTRIBUTION AND DISPENSING OF
CONTROLLED SUBSTANCES

69.50.301 Rules. The state board of pharmacy may promulgate rules and charge reasonable fees of not less than ten dollars or more than fifty dollars relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state. [1971 ex.s. c 308 § 69.50.301.]

69.50.302 Registration requirements. (a) Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, must obtain annually a registration issued by the state board of pharmacy in accordance with its rules.

(b) Persons registered by the board under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by their registration and in conformity with the other provisions of this Article.

(c) The following persons need not register and may lawfully possess controlled substances under this chapter:

(1) an agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if he is acting in the usual course of his business or employment: Provided, That this exemption shall not include any agent or employee distributing sample controlled substances to practitioners without an order;

(2) a common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;

(3) an ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a Schedule V substance.

(d) The board may waive by rule the requirement for registration of certain manufacturers, distributors, or dispensers if it finds it consistent with the public health and safety: Provided, That personal practitioners licensed or registered in the state of Washington under the respective professional licensing acts shall not be required to be registered under this chapter unless the specific exemption is denied pursuant to RCW 69.50.305 for violation of any provisions of this chapter.

(e) A separate registration is required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

(f) The board may inspect the establishment of a registrant or applicant for registration in accordance with the board’s rule. [1971 ex.s. c 308 § 69.50.302.]

69.50.303 Registration. (a) The state board of pharmacy shall register an applicant to manufacture or distribute controlled substances included in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, and 69.50.212 unless it determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the board shall consider the following factors:

(1) maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels;

(2) compliance with applicable state and local law;

(3) any convictions of the applicant under any federal and state laws relating to any controlled substance;

(4) past experience in the manufacture or distribution of controlled substances, and the existence in the applicant’s establishment of effective controls against diversion;

(5) furnishing by the applicant of false or fraudulent material in any application filed under this chapter;

(6) suspension or revocation of the applicant’s federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

(7) any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this state upon furnishing the board evidence of that federal registration.

(d) Compliance by manufacturers and distributors with the provisions of the federal law relating to registration entitles them to be registered under this chapter upon application and payment of the required fee. [1971 ex.s. c 308 § 69.50.303.]

69.50.304 Revocation and suspension of registration. (a) A registration, or exemption from registration, under RCW 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the state board of pharmacy upon a finding that the registrant:

(1) has furnished false or fraudulent material information in any application filed under this chapter;

(2) has been found guilty of a felony under any state or federal law relating to any controlled substance; or

[Title 69 RCW—p 58] (1981 Ed.)
(3) has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances.

(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The board shall promptly notify the Bureau of all orders suspending or revoking registration and all forfeitures of controlled substances. [1971 ex.s. c 308 § 69.50.304.]

69.50.305 Procedure for denial, suspension or revocation of registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this chapter shall not be denied, suspended, or revoked unless the board denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.04 RCW.

(b) The board may suspend any registration simultaneously with the institution of proceedings under RCW 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction. [1971 ex.s. c 308 § 69.50.305.]

69.50.306 Records of registrants. Persons registered, or exempted from registration under RCW 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of federal law and with any additional rules the state board of pharmacy issues. [1971 ex.s. c 308 § 69.50.306.]

69.50.307 Order forms. Controlled substances in Schedule I and II shall be distributed by a registrant or person exempt from registration under RCW 69.50.302(d) to another registrant, or person exempt from registration under RCW 69.50.302(d), only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section. [1971 ex.s. c 308 § 69.50.307.]

69.50.308 Prescriptions. (a) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner.

(b) In emergency situations, as defined by rule of the state board of pharmacy, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of RCW 69.50.306. No prescription for a Schedule II substance may be refilled.

(c) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, a controlled substance included in Schedule III or IV, which is a prescription drug as determined under RCW 69.04.560, shall not be dispensed without a written or oral prescription of a practitioner. Any oral prescription must be promptly reduced to writing. The prescription shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

(d) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter, and the person who knows or should know that he is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(e) A controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose. [1971 ex.s. c 308 § 69.50.308.]

69.50.309 Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same. [1971 ex.s. c 308 § 69.50.309.]

69.50.310 Sodium pentobarbital—Registration of humane societies and animal control agencies for use in animal control. On and after September 21, 1977, a humane society and animal control agency may apply to the state board of pharmacy for registration pursuant to the applicable provisions of this chapter for the sole purpose of being authorized to purchase, possess, and administer sodium pentobarbital to euthanize injured, sick, homeless, or unwanted domestic pets and animals. Any agency so registered shall not permit a person to administer sodium pentobarbital unless such person has demonstrated adequate knowledge of the potential hazards
and proper techniques to be used in administering this drug.

The board may issue a limited registration to carry out the provisions of this section. The board shall promulgate such rules as it deems necessary to assure strict compliance with the provisions of this section. The board may suspend or revoke registration upon determination that the person administering sodium pentobarbital has not demonstrated adequate knowledge as herein provided. This authority is granted in addition to any other power to suspend or revoke registration as provided by law. [1977 ex.s. c 197 § 1.]

(b) Employees of the Washington state board of pharmacy, who are so designated by the board as enforcement officers are declared to be peace officers and shall be vested with police powers to enforce the drug laws of this state, including this chapter. [1971 ex.s. c 308 § 69.50.500.]

69.50.501 Administrative inspections. The state board of pharmacy may make administrative inspections of controlled premises in accordance with the following provisions:

(1) For purposes of this section only, "controlled premises" means:

(a) places where persons registered or exempted from registration requirements under this chapter are required to keep records; and

(b) places including factories, warehouses, establishments, and conveyances in which persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

(2) When authorized by an administrative inspection warrant issued pursuant to RCW 69.50.502 an officer or employee designated by the board, upon presenting the warrant and appropriate credentials to the owner, operator, or agent in charge, may enter controlled premises for the purpose of conducting an administrative inspection.

(3) When authorized by an administrative inspection warrant, an officer or employee designated by the board may:

(a) inspect and copy records required by this chapter to be kept;

(b) inspect, within reasonable limits and in a reasonable manner, controlled premises and all pertinent equipment, finished and unfinished material, containers and labeling found therein, and, except as provided in subsection (5) of this section, all other things therein, including records, files, papers, processes, controls, and facilities bearing on violation of this chapter; and

(a) if the owner, operator, or agent in charge of the controlled premises consents;

(5) An inspection authorized by this section shall not extend to financial data, sales data, other than shipment data, or pricing data unless the owner, operator, or agent in charge of the controlled premises consents in writing. [1971 ex.s. c 308 § 69.50.501.]

(2) A warrant shall issue only upon an affidavit of a designated officer or employee having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. If the judge is satisfied that grounds for the application exist or that there is probable cause to believe they exist, he shall issue a warrant identifying the area, premises, building, or conveyance to be inspected, the purpose of the inspection, and, if appropriate, the type of property to be inspected, if any. 69.51.020 Legislative purpose. The legislature finds that recent research has shown that the use of marijuana may alleviate the nausea and ill effects of cancer chemotherapy and radiology, and, additionally, may alleviate the ill effects of glaucoma. The legislature further finds that there is a need for further research and experimentation regarding the use of marijuana under strictly controlled circumstances. It is for this purpose that the Controlled Substances Therapeutic Research Act is hereby enacted. [1979 c 136 § 2.]

(2) "Marijuana" means all parts of the plant of the genus Cannabis L., whether growing or not, the seeds thereof, the resin extracted from any part of the plant, and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or resin; and
(3) "Practitioner" means a physician licensed pursuant to chapter 18.71 or 18.57 RCW. [1979 c 136 § 3.]

The program shall be administered by the board. The board shall promulgate rules necessary for the proper administration of the Controlled Substances Therapeutic Research Act. In such promulgation, the board shall take into consideration those pertinent rules promulgated by the United States drug enforcement agency, the food and drug administration, and the national institute on drug abuse.

(2) Except as provided in RCW 69.51.050(4), the controlled substances therapeutic research program shall be limited to cancer chemotherapy and radiology patients and glaucoma patients, who are certified to the patient qualification review committee by a practitioner as being involved in a life-threatening or sense-threatening situation: Provided, That no patient may be admitted to the controlled substances therapeutic research program without full disclosure by the practitioner of the experimental nature of this program and of the possible risks and side effects of the proposed treatment in accordance with the informed consent provisions of chapter 7.70 RCW.

(4) The patient qualification review committee may include other disease groups for participation in the controlled substances therapeutic research program after pertinent medical data have been presented by a practitioner to both the committee and the board, and after approval for such participation has been granted pursuant to pertinent rules promulgated by the United States drug enforcement agency, the food and drug administration, and the national institute on drug abuse. [1979 c 136 § 5.]

69.51.060 Sources and distribution of marijuana. Purpose. It is the purpose of this chapter and RCW 71.24.020 and 71.24.030 to provide financial assistance necessary to enable the department of social and health services to offer a meaningful program of rehabilitation for those persons suffering problems related to narcotic drugs, dangerous drugs, and alcohol and to develop a community educational program as to those problems for the benefit of the state's population generally. Such programs can develop in the people of this state a knowledge of the problems caused by alcohol and drug abuse, an acceptance of responsibility for alcohol and drug related problems, an understanding of the causes and consequences of the use and abuse of alcohol and drugs, and thus may prevent many problems from occurring.

It is the further purpose of this chapter and RCW 71.24.020 and 71.24.030 to provide for qualified drug treatment centers approved by the department of social and health services. [1971 ex.s. c 304 § 1.]

Definitions. The following words and phrases shall have the following meaning when used in this chapter and RCW 71.24.020 and 71.24.030:

The secretary of social and health services shall issue application forms which shall require the following, where applicable:

(1) The name and address of the applicant drug treatment center;

(2) The name of the director or head of such drug treatment center;

(3) The names of the members of the board of directors or sponsors of such drug treatment center;

(4) The names and addresses of all physicians affiliated with such drug treatment center;

(5) A short description of the nature of treatment and/or rehabilitation used by such drug treatment center; and the qualifications of staff to employ such treatment and/or rehabilitation methods;

(6) The source of funds used to finance the activities of such drug treatment center;

(7) Any other information required by rule or regulation of the secretary of social and health services pertaining to the qualifications of such drug treatment center.

The secretary of social and health services may either grant or deny approval or revoke or suspend approval previously granted after investigation to ascertain whether or not such center is adequate to the care, treatment, and rehabilitation of such persons who have voluntarily submitted themselves to the care of such center; such grant, denial or revocation of approval shall be in accordance with standards as set forth in rules and regulations promulgated by the secretary.

Such approval shall be effective for one calendar year from the date of such approval. Renewal of approval...
shall be made in accordance with the provisions of this section for initial approval and in accordance with the standards set forth in rules and regulations promulgated by the secretary. [1971 ex.s. c 304 § 3.]

69.54.040 Programs for rehabilitation and education—Establishment—Rules and regulations—Contracts with other agencies, individuals. The secretary shall establish within the department a program designed to aid and rehabilitate persons suffering from problems relating to narcotic drugs, dangerous drugs, and alcohol. Without duplicating, and in coordination with the programs established by the state superintendent of public instruction, the secretary shall establish community educational programs outside of the kindergarten through twelve programs in the schools relating to alcohol and drug use and abuse. The secretary is authorized to promulgate rules and regulations pursuant to chapter 34.04 RCW to carry out the provisions and purposes of this chapter and RCW 71.24.020 and 71.24.030 and is authorized to contract, cooperate and coordinate with other public or private agencies or individuals for such purposes. [1971 ex.s. c 304 § 4.]

69.54.050 Agreements pursuant to interlocal cooperation act authorized. Pursuant to the provisions of the Interlocal Cooperation Act, chapter 39.34 RCW, the department may enter into agreements as provided therein to accomplish the purposes of this chapter and RCW 71.24.020 and 71.24.030. [1971 ex.s. c 304 § 5.]

The parent, parents or legal guardian of a person less than eighteen years of age shall not be liable for payment of care for such persons pursuant to this chapter and RCW 71.24.020 and 71.24.030, unless they have joined in the consent to such counseling, care, treatment or rehabilitation. [1971 ex.s. c 304 § 8.]

69.54.070 Confidentiality. When an individual submits himself for care, treatment, counseling, or rehabilitation to any organization, institution or corporation, public or private, approved pursuant to this chapter and RCW 71.24.020 and 71.24.030, or any person licensed or certified by the state whose principal function is the care, treatment, counseling or rehabilitation of alcohol abusers or users of narcotic or dangerous drugs, or the providing of medical, psychological or social counseling or treatment, notwithstanding any other provision of law, such individual is hereby guaranteed confidentiality.

No such person, organization, institution or corporation or their agents acting in the scope and course of their duties, providing such care, treatment, counseling or rehabilitation shall divulge nor shall they be required to provide any specific information concerning individuals being cared for, treated, counseled or rehabilitated, nor shall pharmacists or their agents provide such information when or if they become aware of or receive such information when requested to or for the purpose of providing products or performing services relevant to said care, treatment, counseling or rehabilitation. Should any person, organization, institution or corporation, or their agents, breach confidentiality as provided for in this section, such information and any product thereof shall not be admissible as evidence or be considered in any criminal proceeding. The fact of an individual of authorized age being cared for, treated, counseled or rehabilitated pursuant to this chapter and RCW 71.24.020 and 71.24.030 shall likewise be held confidential and shall not be admissible as evidence or be considered in any criminal proceeding.

Any confidentiality provided for by this section may be waived by the individual, provided such waiver is freely and voluntarily made, and with full prior information as to the consequences thereof. [1971 ex.s. c 304 § 9.]

69.54.080 Confidentiality—Exception as to statistical or other substantive information. Nothing contained in this chapter and RCW 71.24.020 and 71.24.030 shall prohibit or be construed to prohibit the divulging or providing of statistical or other substantive information pertaining to care, treatment, counseling or rehabilitation, pursuant to this chapter and RCW 71.24.020 and 71.24.030, so long as no individual is identified or reasonably identifiable, and individual privacy and confidentiality is retained. Such records, insofar as they contain confidential information under this chapter and RCW 71.24.020 and 71.24.030, shall only be available to state and federal drug inspectors who shall not divulge such information as is contained in these records, including the identification of individuals, except (1) upon subpoena in a court or administrative proceeding to which the person to whom such prescription, orders or other records relate is a party, or (2) when the information reasonably leads to the conclusion that there has been a violation of *RCW 69.33.380 or 69.40.090, then the information may be referred to other law enforcement officers. [1971 ex.s. c 304 § 11.]

70.38.015 Declaration of public policy. In consideration of the findings made and national health priorities declared by the congress in the National Health Planning and Resources Development Act of 1974, Public Law 93–641, it is declared to be the public policy of this state:

(1) That planning for promoting, maintaining, and assuring a high level of health for all citizens of the state, and for the provision of health services, health manpower, health facilities, and other resources is essential to the health, safety, and welfare of the people of the state. Such planning is necessary on both a statewide and regional basis and must maintain responsiveness to changing health and social needs and conditions. The marshaling of all health resources to assure the quality and availability of health services to every person must be the goal of such planning, which must likewise assure optimum efficiency, effectiveness, equity, coordination, and economy in development and implementation to reach that goal. Regional health planning under the provisions of this chapter and in a manner consistent with RCW 36.70.015 is declared to be a proper public purpose for the expenditure of funds of counties or other public entities interested in regional health planning;

(2) That the development and offering of new institutional health services should be accomplished in a manner which is orderly, timely, economical, and consistent with the effective development of necessary and adequate means of providing quality health care for persons to be served by such facilities without unnecessary duplication or fragmentation of such facilities;

(3) That the development of health resources, including the construction, modernization, and conversion of health facilities, should be accomplished in a planned, orderly fashion, consistent with identified priorities;

(4) That the development and maintenance of adequate health care information and statistics essential to effective health planning and resources development be accomplished;

(5) That the strengthening of competitive forces in the health services industry, wherever competition and consumer choice can constructively serve to advance the purposes of quality assurance, cost-effectiveness, and access, should be implemented.

This chapter has been updated to reflect amendments to the National Health Planning and Resources Development Act of 1974, Public Law 93–641, by the Health Planning and Resources Development Amendments of 1979, Public Law 96–79. [1980 c 139 § 1; 1979 ex.s. c 161 § 1.]

management personnel, and funds for capital and operating needs for the provision of the services, (ii) the availability of alternative uses of such resources for the provision of other health services, (iii) the effect of the means proposed for the delivery of such services on the clinical needs of health professional training programs in the area in which such services are to be provided, (iv) the extent to which health professions schools in the area will have access to the services for training purposes if such services are to be available in a limited number of facilities, and (v) the extent to which such proposed services will be accessible to all residents of the area to be served. (3) A certificate of need application of a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds (in accordance with criteria prescribed by the secretary of the United States department of health and human services by regulation):

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its institutional health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

A health care facility (or any part thereof) or medical equipment with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or equipment or in a lease of such facility or equipment may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) When a hospital has developed a long-range health facility plan, pursuant to RCW 70.38.145, and the proposed new institutional health service is consistent with such plan, an expedited review process shall be instituted by the department as it has been done since the enactment of chapter 70.38 RCW in 1971.

(5) The decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(6) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(7) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked shall be afforded an opportunity for administrative review in accordance with chapter 34.04 RCW and a hearing shall be held within one hundred twenty days of a request therefor.

The department may require applicants to submit periodic progress reports on approved projects or other information as may be necessary to effectuate its monitoring responsibilities.

(4) The secretary of the department, in the case of a new health facility, shall not issue any license unless and until a prior certificate of need shall have been issued by the department for the offering or development of such new health facility.

(5) Any person who engages in any undertaking which requires certificate of need review under RCW 70.38.085(4) without first having received from the department either a certificate of need or an exception granted in accordance with this chapter shall be liable to the state in an amount not to exceed one hundred dollars a day for each day of such unauthorized offering or development. [1973 1st ex.s. c 5 § 3.]

70.39.030 Hospital commission—Created—Membership. There is hereby created a hospital commission, which shall be a separate and independent commission of the state. The commission shall be composed of five members appointed by the governor, and generally representative of the public as consumers, labor, business, and hospitals, and shall be individuals concerned with the delivery of quality health care; but in no event shall more than two members have any fiduciary obligation to a health facility or other health agency, nor any direct financial interest in the rendering of health services. [1973 1st ex.s. c 5 § 4.]

70.39.040 Hospital commission—Terms—Vacancies. Members of the commission shall serve for four-year terms: Provided, That upon the expiration of the initial four-year terms, two persons shall be appointed for three-year terms and three persons for four-year terms and thereafter all members of the commission shall serve for four-year terms. Appointments shall require senate confirmation. No member shall serve on the commission for more than two consecutive terms. A vacancy shall be filled by appointment for the remainder of the unexpired term and the initial appointments and vacancies shall not require senate confirmation until the legislature next convenes. 70.39.050 Hospital commission—Officers—Meetings—Compensation. The member representing consumers of health care services shall serve as chairman. The commission shall elect from its members a vice–chairman biennially. Meetings of the commission shall be held as frequently as its duties require. The commission shall keep minutes of its meetings and adopt procedures for the governing of its meetings, minutes, and transactions.

Three members shall constitute a quorum, but a vacancy on the commission shall not impair its power to act. No action of the commission shall be effective unless three members concur therein.

The members of the commission shall receive no compensation but shall be reimbursed for their expenses while attending meetings of the commission in the same manner as legislators engaged in interim committee business as in RCW 44.04.120. [1973 1st ex.s. c 5 § 6.]

70.39.060 Hospital commission—Director—Secretary—Staff—Services. The commission shall appoint a full time executive director and a deputy director and confidential secretary who shall be exempt from the civil service law, chapter 41.06 RCW and who shall perform the duties delegated by the commission. The executive director shall be the chief administrative officer of the commission and shall be subject to its direction.

The commission shall employ such other staff as are necessary to fulfill the responsibilities and duties of the commission, such staff to be subject to the civil service law, chapter 41.06 RCW, and under the supervision of the executive director. In addition, the commission may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise.

Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility, without specific permission of the commission.

The commission may apply for and receive and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to hospital health care costs. [1977 c 35 § 1; 1973 1st ex.s. c 5 § 7.]

70.39.070 Technical advisory committee—Members—Terms—Officers—Meetings—Expenses. In order to assist the commission in carrying out its duties, the governor shall appoint a technical advisory committee, hereinafter referred to as "committee", which shall consist of eleven members as follows:

(1) One member who shall be a certified public accountant licensed pursuant to chapter 18.04 RCW and who shall be knowledgeable in the financial affairs of hospitals.

(2) One member who shall be a health care practitioner licensed under the laws of this state and who shall be knowledgeable in hospital administration.

(3) Five members who shall be representative of the interest of investor-owned, district, not-for-profit, osteopathic, and university hospitals.

(4) One member who shall be representative of consumers of health care.

(5) One member who shall be the secretary of the department of social and health services, or his designee, to provide continuing liaison, data and support from those functions of the department which may affect the responsibilities of the commission.

(6) One member who shall be the director of the planning and community affairs agency, or his designee, to provide continuing liaison with the planning efforts of the comprehensive health planning council.

(7) One member of the commission, elected by the commission.

(1981 Ed.)
The members shall serve concurrently and shall have four-year terms. Any vacancy shall be filled by appointment by the governor and an appointee selected to fill such vacancy shall hold office for the balance of the term for which his predecessor was appointed. The committee shall elect from its members a chairman and a vice-chairman to serve concurrently with the chairman. The executive director of the commission shall act as executive secretary to the committee, and the commission shall otherwise offer such staff services and supplies as the committee may require to carry out its responsibilities.

The committee shall meet on call of the chairman of the commission, or on request of a majority of the commission. Members of the committee shall serve without compensation but shall be reimbursed for their expenses in the same manner as members of the commission. [1973 1st ex.s. c 5 § 8.]

70.39.080 Technical advisory committee—Duties. The committee shall have the duty upon the request of the commission to consult with and make recommendations to the commission:

(1) On matters of policy;
(2) On rules and regulations proposed by the commission to implement this chapter;
(3) On analyses and studies of hospital health care costs and related matters which may be undertaken by the commission; and
(4) On such other matters as the commission may refer. [1973 1st ex.s. c 5 § 9.]

70.39.090 Hospital commission—Subcommittees. To further the purposes of this chapter, the commission may create committees from its membership, and may create such ad hoc advisory committees in specialized fields, related to the functions of hospitals, as it deems necessary, to supplement the resources provided by the technical advisory committee. [1973 1st ex.s. c 5 § 10.]

70.39.100 Uniform system of hospital accounting and reporting. (1) The commission, after study and in consultation with advisory committees, if any, shall establish by the promulgation of rules and regulations pursuant to the Administrative Procedure Act, chapter 34.04 RCW, a uniform system of accounting and financial reporting, including such cost allocation methods as it may prescribe, by which hospitals shall record their revenues, expenses, other income, other outlays, assets and liabilities, and units of service. All hospitals shall adopt the system for their fiscal year period to be effective at such time and date as the commission shall direct. In determining the effective date for reporting requirements, the commission shall be mindful both of the immediate need for uniform hospital reporting information to effectuate the purposes of this chapter and the administrative and economic difficulties which hospitals may encounter in conversion, but in no event shall such effective date be later than two and one-half years from the date of the formation of the commission.

(2) In establishing such accounting systems and uniform reporting procedures, the commission shall take into consideration:

(a) Existing systems of accounting and reporting presently utilized by hospitals;
(b) Differences among hospitals according to size; financial structure; methods of payment for services; and scope, type, and method of providing services; and
(c) Other pertinent distinguishing factors.

(3) The commission shall, where appropriate, provide for modification, consistent with the purposes of this chapter, of reporting requirements to correctly reflect these differences among hospitals, and to avoid otherwise unduly burdensome costs in meeting the requirements of the uniform system of accounting and financial reporting.

(4) The accounting system, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient-related services rendered by hospitals, as distinguished from those incurred with reference to educational research and other nonpatient-related activities including but not limited to charitable activities of such hospitals. [1973 1st ex.s. c 5 § 11.]

70.39.110 Annual reports by hospitals. (1) Each hospital shall file annually with the commission after the close of the fiscal year:

(a) A balance sheet detailing the assets, liabilities, and net worth of the hospital;
(b) A statement of income and expenses;
(c) Such other reports of the costs incurred in rendering services as the commission may prescribe.

(2) Where more than one licensed hospital is operated by the reporting organization, the information required by this section shall be reported for each hospital separately.

(3) The commission shall require certification of specified financial reports by the hospital's certified public accountant, and may require attestation as to such statements from responsible officials of the hospital that such reports have to the best of their knowledge and belief been prepared in accordance with the prescribed system of accounting and reporting.

(4) All reports, except privileged medical information, filed under this chapter shall be open to public inspection.

(5) The commission shall have the right of inspection of hospital books, audits, and records as reasonably necessary to verify hospital reports. [1973 1st ex.s. c 5 § 12.]

70.39.120 Hospital costs and finances—Analyses and studies—Reports. (1) The commission shall from time to time undertake analyses and studies relating to hospital health care costs and to the financial status of any hospital or hospitals subject to the provisions of this chapter, and may publish and disseminate such information as it deems desirable in the public interest. It shall further require the filing of information concerning the total financial needs of each hospital and the resources available or expected to become available to meet such
needs, including the effect of proposals made by area-wide and state comprehensive health planning agencies.

(2) The commission shall also prepare and file such summaries and compilations or other supplementary reports based on the information filed with the commission hereunder as will advance the purposes of this chapter. [1973 1st ex.s. c 5 § 13.]

70.39.130 Report to governor and legislature. The commission shall prepare and, prior to each legislative session beginning in January, transmit to the governor and to the legislature an annual report of commission operations and activities for the preceding fiscal year. This report shall include such findings and recommendations as the commission deems necessary. [1977 c 75 § 82; 1973 1st ex.s. c 5 § 14.]

70.39.140 Hospital rates—Review and investigation—Costs—Establishment of rates—Coordination with federal programs. From and after a date not less than twelve months but not more than twenty-four months after the adoption of the uniform system of accounting and financial reporting required by RCW 70.39.100, as the commission may direct, the commission shall have the power to initiate such reviews or investigations as may be necessary to assure all purchasers of hospital health care services that the total costs of a hospital are reasonably related to rates established or revised by the commission, that the hospital's aggregate revenues as expressed by rates are reasonably related to the hospital's aggregate costs; and that rates are set equitably among all purchasers or classes of purchasers of services without undue discrimination or preference.

In order to properly discharge these obligations, the commission shall have full power to review projected annual revenues and approve the reasonableness of rates proposed to generate that revenue established or requested by any hospital subject to the provisions of this chapter. No hospital shall charge for services at rates other than those established in accordance with the procedures established hereunder.

In the interest of promoting the most efficient and effective use of hospital health care services, the commission may promote and approve alternative methods of rate determination and payment of an experimental nature that may be in the public interest and consistent with the purposes of this chapter.

The commission shall serve as the state agency responsible for coordinating state actions and otherwise responding and relating to the efforts of the cost of living council, or its successor, in planning and implementing federal cost containment programs with respect to hospitals and related health care institutions as authorized by the Federal Economic Stabilization Act of 1970, as now or hereafter amended, and any rules or regulations promulgated thereto. In carrying out this responsibility, the commission may serve as the state agency responsible for recommending increases in rates for hospitals and related health care institutions to the cost of living council, or its successor; may apply to the cost of living council for authorization to administer a control program in Washington state in lieu of the federal controls established and otherwise administered by the cost of living council; may assume any function or role authorized by appropriate federal regulations implementing the Federal Economic Stabilization Act of 1970; or assume any combination of such roles or functions as it may determine will most effectively contain the rising costs of the varying kinds of hospitals and related health care institutions in Washington state. In determining its functions or roles in relation to the efforts to the cost of living council, or its successor, the commission shall seek to ensure coordination, and the reduction of duplicatory cost containment efforts, by the state and federal governments, as well as the diligent fulfillment of the purposes of this chapter and declared public policy and legislative intent herein: Provided, however, That in cases where the rates of nursing homes or similar health institutions are subject to review pursuant to the provisions of the Federal Economic Stabilization Act of 1970 or any rules or regulations promulgated thereto, the members of the commission representing hospitals shall not sit in the proceedings nor vote, and the governor shall appoint an ad hoc member representing nursing homes or similar health institutions in lieu thereof, who shall have the same powers as the other members with respect to such review only. [1974 ex.s. c 163 § 1; 1973 1st ex.s. c 5 § 15.]

70.39.150 Powers and duties of commission. To properly carry out its authority the commission shall:

(1) Compile all relevant financial and accounting data in order to have available the statistical information necessary to properly conduct rate review and approval. Such data shall include necessary operating expenses, appropriate expenses incurred for rendering services to patients who cannot or do not pay, all properly incurred interest charges, and reasonable depreciation expenses based on the expected useful life of the property and equipment involved. The commission shall define and prescribe by rule and regulation the types and classes of charges which cannot be changed except as provided by the procedure contained in RCW 70.39.160 and it shall also obtain from each such hospital a current rate schedule as well as any subsequent amendments or modifications of that schedule as it may require.

(2) Permit any nonprofit hospital subject to the provisions of this chapter to charge reasonable rates which will permit the hospital to render effective and efficient service in the public interest and on a solvent basis.

(3) Permit any proprietary profit-making hospital subject to the provisions of this chapter to charge reasonable rates which will permit the hospital to render effective and efficient service in the public interest and on a solvent basis.

(1981 Ed.)
(4) Take into account, in the determination of reasonable rates under this section for each hospital, the recommendations of appropriate area-wide and state comprehensive health planning agencies to ensure compliance with Washington comprehensive health planning law, chapter 70.38 RCW.

(5) Permit, in considering a request for change in or initiating a review of rate schedules or other charges, any hospital subject to the provisions of this chapter to charge rates which will in the aggregate produce sufficient total revenue for the hospital to meet all of the reasonable obligations specified in this chapter. [1977 ex.s. c 154 § 1; 1973 1st ex.s. c 5 § 16.]

Reviser's note: The effective date of 1977 ex.s. c 154 § 1 was September 21, 1977; see preface 1977 session laws.

70.39.160 Changes in rates—Procedure. From and after the date determined by the commission pursuant to RCW 70.39.140, no hospital subject to the provisions of this chapter shall change or amend that schedule of rates and charges of the type and class which cannot be changed without prior approval of the commission, except in accordance with the following procedure:

(1) Any request for a change in rate schedules or other charges must be filed in writing in the form and content prescribed by the commission and with such supporting data as the hospital seeking the change deems appropriate. Unless the commission orders otherwise as provided for in subsection (4) of this section, no hospital shall establish such changes except after notice to the commission of at least thirty days from the time the rate is intended to go into effect. Upon receipt of notice, the commission may suspend the effective date of any proposed change. In any such case a formal written statement of the reasons for the suspension will be promptly submitted to the hospital. Unless suspended, any proposed change shall go into effect upon the date specified in the application.

(2) In any case where such action is deemed necessary, the commission shall promptly, but in any event within thirty days, institute proceedings as to the reasonableness of the proposed changes. The suspension may extend for a period of not more than thirty days beyond the date the change would otherwise go into effect: Provided, That should it be necessary, the commission may extend the suspension for an additional thirty days. After the expiration of ninety days from the date the rate is intended to go into effect the new rate will go into effect, if the commission does not approve, disapprove, or modify the request by that time.

(3) Such proposed changes shall be considered at a public hearing, the time and place of which shall be determined by the commission. The hearing shall be conducted by the commission. Evidence for and against the requested change may be introduced at the time of the hearing by any interested party and witnesses may be heard. The hearing may be conducted without compliance with formal rules of evidence.

(4) The commission may, in its discretion, permit any hospital to make a temporary change in rates which shall be effective immediately upon filing and in advance of any review procedure when it deems it in the public interest to do so. Notwithstanding such temporary change in rates, the review procedures set out in this section shall be conducted by the commission as soon thereafter as is practicable.

(5) Every decision and order of the commission in any contested proceeding shall be in writing and shall state the grounds for the commission's conclusions. The effects of such orders shall be prospective in nature. [1973 1st ex.s. c 5 § 17.]

70.39.170 Budget—Expenses—Assessments—Hospital commission account. The commission shall biennially prepare a budget which shall include its estimated income and expenditures for administration and operation for the biennium, to be submitted to the governor for transmittal to the legislature for approval. Expenses of the commission shall be financed by assessment against hospitals in an amount to be determined biennially by the commission, but not to exceed four one-hundredths of one percent of each hospital's gross operating costs to be levied and collected from and after July 1, 1973 for the provision of hospital services for its last fiscal year ending on or before June 30th of the preceding calendar year. Budgetary requirements in excess of that limit may be financed by a general fund appropriation by the legislature. All moneys collected are to be deposited by the state treasurer in the hospital commission account in the general fund which is hereby created.

Any amounts raised by the collection of assessments from hospitals provided for in this section which are not required to meet appropriations in the budget act for the current fiscal year shall be available to the commission in succeeding years. [1973 1st ex.s. c 5 § 18.]

70.39.180 Rules and regulations—Public hearings—Investigations—Subpoena power. In addition to the powers granted to the commission elsewhere in this chapter, the commission may:

(1) Adopt, amend, and repeal rules and regulations respecting the exercise of the powers conferred by this chapter, subject to the provisions of the Administrative Procedure Act, chapter 34.04 RCW applicable to the promulgation of rules and regulations.

(2) Hold public hearings, conduct investigations, and subpoena witnesses, papers, records, and documents in connection therewith. The commission may administer oaths or affirmations in any hearing or investigation.

(3) Exercise, subject to the limitations and restrictions herein imposed, all other powers which are reasonably necessary or essential to carry out the expressed objects and purposes of this chapter. [1973 1st ex.s. c 5 § 19.]

70.39.190 Review. Any person aggrieved by a final determination of the commission as to any rule, regulation, or determination under the provisions of this chapter shall be entitled to an administrative hearing and judicial review in accordance with the Administrative Procedure Act, chapter 34.04 RCW. [1973 1st ex.s. c 5 § 20.]

[Title 70 RCW—p 36]  (1981 Ed.)
70.39.200 Penalties for violations. Every person who shall violate or knowingly aid and abet the violation of this chapter or any valid orders, rules, or regulations thereunder, or who fails to perform any act which it is herein made his duty to perform shall be guilty of a misdemeanor. Following official notice to the accused by the commission of the existence of an alleged violation, each day upon which a violation occurs shall constitute a separate violation. Any person violating the provisions of this chapter may be enjoined from continuing such violation. [1973 1st ex.s. c 5 § 21.]

70.39.900 Severability—1973 1st ex.s. c 5. If any provision of this 1973 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1973 1st ex.s. c 5 § 22.]

70.39.910 Liberal construction—1973 1st ex.s. c 5. Consistent with the purposes enumerated in RCW 70.39.010, the provisions of this chapter shall be liberally construed, and shall not be limited by any rule of strict construction. [1973 1st ex.s. c 5 § 23.]

70.44.015 Validation of existing districts. Each and all of the respective areas of land heretofore attempted to be organized into public hospital districts under the provisions of this chapter are validated and declared to be duly existing hospital districts having the respective boundaries set forth in their organization proceedings as shown by the files in the office of the board of county commissioners of the county in question, and by the files of such districts. [1955 c 135 § 2.]

70.44.020 Resolution—Petition for county-wide district—Conduct of elections. At any general election or at any special election which may be called for that purpose the board of county commissioners of a county may, or on petition of ten percent of the electors of the county based on the total vote cast in the last general county election, shall, by resolution, submit to the voters of the county the proposition of creating a public hospital district coextensive with the limits of the county. The petition shall be filed with the county auditor, who shall within fifteen days examine the signatures thereon and certify to the sufficiency thereof, and for that purpose he shall have access to all registration books in the possession of election officers in the county. If the petition is found to be insufficient, it shall be returned to the persons filing it, who may amend or add names thereto for ten days, when it shall be returned to the auditor, who shall have an additional fifteen days to examine it and attach his certificate thereto. No person signing the petition may withdraw his name therefrom after filing. In no event shall any such annexed property be released from any assessments or taxes previously levied against it or from its existing liability for the payment of outstanding bonds or warrants issued prior to such annexation.

(a) Mandatory custodial care standards that are essential for the health, welfare, and security of persons confined in jails. In adopting each rule or regulation pertaining to mandatory custodial care standards, the commission shall cite the applicable case law, statutory law or constitutional provision which requires such rule or regulation. The commission shall grant variances from custodial care standards to governing units which operate jails with physical deficiencies which directly affect their ability to comply with these standards, if the governing unit is eligible for and has applied for funds under RCW 70.48.110. The variances remain in effect until state funding to improve or reconstruct the jails of these governing units has been expended for that purpose;

(b) Advisory custodial care standards;

(c) The classification and uses of holding, detention, and correctional facilities. Except for the housing of work releasees in accordance with commission rules, a person may not be held in a holding facility longer than seventy-two hours, exclusive of weekends and holidays, without being transferred to a detention or correctional facility unless the court having jurisdiction over the individual authorizes a longer holding, but in no instance shall the holding exceed thirty days;

(d) The content of jail records which shall be maintained by the department of corrections or the chief law enforcement officer of the governing unit. In addition the governing unit, chief law enforcement officer, or department of corrections may require such additional records as they deem proper; and

(3) To make comments, reports, and recommendations concerning all phases of jail operation including those not specifically described in this chapter;

(4) To hire necessary staff, acquire office space, supplies, and equipment, and make such other expenditures as may be deemed necessary to carry out its duties;

(5) The secretary shall submit minimum physical plant standards to the commission for review and promulgate proposed standards pursuant to chapter 34.04 RCW. After such promulgation, the standards shall be presented for review at a public conference of city, town, and county legislative and executive officials and directors of departments of correction or the chief law enforcement officers of the governing units in four regional meetings, two of which shall be east of the Cascade range. Subsequent to these reviews, and utilizing the data received, the commission shall adopt minimum physical plant standards pursuant to chapter 34.04 RCW, after approval by the legislature;

(6) To cause all jails to be inspected at least annually by designated jail inspectors and to issue a certificate of compliance to each facility which is found to satisfactorily meet the requirements of this chapter and the rules, regulations, and standards adopted hereunder: Provided, That certificates of partial compliance may be issued where applicable. The inspectors shall have access to all portions of jails, to all prisoners confined therein, and to all records maintained by said jails; and

(7) To establish advisory guidelines and model ordinances to assist governing units in establishing the agreements necessary for the joint operation of jails and for the determination of the rates of allowance for the daily costs of holding a prisoner pursuant to the provisions of RCW 70.48.080(6). 70.48.060 Capital construction—Financial assistance—Rules—Oversight—Cost estimates. (1) Any funds allocated to a governing unit for jail construction or renovation pursuant to this chapter shall constitute full funding of the cost of implementing the physical plant standards within the meaning of RCW 70.48.070(2). Jail construction or renovation represents the full extent of the state's financial commitment with regard to jails. Local governing units are responsible for funding all costs of operating jails.
(2) As a condition of eligibility for such financial assistance as may be provided by or through the state of Washington exclusively for the construction and/or modernization of jails, all jail construction and/or substantial remodeling projects shall be submitted by the governing unit to the commission which shall review all submitted projects in accordance with rules to be adopted by the commission and shall approve or reject each project for purposes of state funding. The commission shall allocate available funding to the projects approved for funding in accordance with moneys actually available and the priorities established by the commission under this section.

(3) The rules to be adopted by the commission for purposes of approving or denying requests for state funds for jail construction or remodeling shall:

(i) Limit state funding to the minimum amount required to fully implement the physical plant standards;

(ii) Encourage the voluntary consolidation of jail facilities and programs of contiguous governing units where feasible: Provided, That such consolidation is approved by all participating governing units;

(iii) Insure that each governing unit or consolidation of governing units applying for state funds under this chapter has submitted a plan which demonstrates that pretrial and posttrial alternatives to incarceration are being considered within the governmental unit;

(iv) Establish criteria and procedures for setting priorities among the projects approved for state funding for purposes of allocating state funds actually available; and

(v) Establish procedures for the submission, review, and approval or denial of projects submitted and appeals from adverse determinations, including time periods applicable thereto.

(4) The commission shall review all submitted projects with the office of financial management and the office of financial management shall provide technical assistance to the commission for purposes of insuring the accuracy of statistical information to be used by the commission in determining projects to be funded.

(5) The commission shall oversee approved construction and remodeling to the extent necessary to assure compliance with the standards adopted and approved pursuant to RCW 70.48.050(5).

(6) The commission shall develop estimates of the costs of the capital construction grants for each biennium required under the provisions of this chapter. The estimates shall be submitted to the office of financial management consistent with the provisions of chapter 43.88 RCW and the office of financial management shall review and approve or disapprove within thirty days.

(7) The commission and the office of financial management shall jointly report to the legislature on or before the convening of a regular session as to the projects approved for funding, construction status of such projects, funds expended and encumbered to date, and updated population and incarceration statistics.

(8) The jail commission shall examine, and by December 1, 1980, present to the legislature recommendations relating to detention and correctional services, including the formulation of the role of state and local governing units regarding detention and correctional facilities. (2) The physical plant standards which are adopted and approved pursuant to RCW 70.48.050(5) shall not be mandatory unless, pursuant to the provisions of RCW 70.48.110, the state fully funds the cost of implementing such standards for detention and correctional facilities: Provided, That, such funds shall be subject to appropriation: Provided further, That after such funds are made available, local jurisdictions shall have a period of time before such standards are mandatory that is adequate to effect any needed construction or repairs: Provided further, That those provisions of RCW 70.48.060 and 70.48.110 requiring approval prior to funding and commencement of construction or remodeling shall not apply to prevent the funding of jails of governing units which have appropriated funds for substantial remodeling or construction of jails after February 16, 1974, and before June 23, 1977. Approval in such cases may be given retroactively: Provided further, That the commission may grant variances from the physical plant standards consistent with the intent of this chapter, and such standards shall otherwise be mandatory for purposes of this section and RCW 70.48.080 and jail facilities approved by the commission shall be deemed to comply with the physical plant standards;

(3) The mandatory custodial care standards and physical plant standards as submitted by the commission to the legislature on December 20, 1978 are hereby approved and shall take effect after adoption by the commission. 70.48.080 Closure of jails not meeting standards—Procedure—Transfer of prisoners. All jails which do not meet the appropriate mandatory custodial care standards and physical plant standards may be required to be closed, entirely or in part, until such requirements are met, pursuant to the following procedures:

1. In the event the commission finds a jail does not comply with the appropriate mandatory custodial care and/or physical plant standards, notice shall be given to the governing unit which shall be either a notice of noncompliance, a notice of conditional compliance for the continued operation of the jail under such restrictions as the commission determines to be appropriate, or a notice of full or partial closure.

2. Such notices shall specify the manner in which the jail does not comply with the standards. In issuing such notices consideration shall be given to the magnitude and seriousness of the deficiencies and their potential effect on the health and safety of jail inmates, the cost of correction, and other information deemed relevant by the commission.

3. (a) If the commission issues a notice of noncompliance, it shall specify in the notice the time limits within which the standards are to be met.

(b) If the commission determines that there will be compliance with the standards provided that certain conditions or restrictions which the commission determines to be appropriate are applied, the commission may issue a notice of conditional compliance setting out the conditions and restrictions which the commission determines to be appropriate. A certificate of conditional compliance may be issued thereon.

(c) In those cases where the nature and extent of the deficiencies are such that a notice of immediate full or partial closure is deemed necessary by the commission in order to preserve the health and safety of persons in the jail, a notice of immediate full or partial closure may be issued by the commission.

4. Within thirty days after the date of receipt of a notice of noncompliance, a notice of conditional compliance, or a notice of full or partial closure, the appropriate governing unit may request a review thereof by the commission which review shall be heard not more than forty-five days following such request unless such period is extended not more than another forty-five days by order of the commission. All reviews conducted under this section shall be deemed to be "contested cases" within the meaning of chapter 34.04 RCW.

The commission shall hear and decide the review, and the decision of the commission may be appealed to the superior court as provided in chapter 34.04 RCW.

5. If a notice of full or partial closure is issued and upheld, or if a notice of conditional compliance is issued and the conditions or restrictions are not complied with, or if a notice of noncompliance is issued and upheld and compliance is not satisfactorily accomplished within the time prescribed in the notice, the attorney general, upon request and on behalf of the commission, shall apply to the superior court of the county in which the jail is located for an order of closure of all or part of the jail and the court shall have authority to issue such order of closure or prescribe other appropriate relief.

6. In the event an order of closure is issued by the superior court, all confined persons in custody in the jail or portions thereof ordered closed shall be transferred, provided sufficient space is available, to a suitable, available jail, and the transferring governing unit shall pay for the costs of board, program, and administration of such transferred persons, pursuant to the rates established by the governing unit accepting such confined persons. If a transferring governing unit disputes the rates established by the governing unit accepting, the commission shall set the rates. [1977 ex.s. c 316 § 8.]

For the purposes of RCW 70.48.080, "full or partial closure" of a jail means the nonuse of a jail or a defined portion thereof for incarceration purposes. The term does not mean limitations on jail programs, services, capacities, or lengths of incarceration time. [1981 c 276 § 4.]

70.48.090 Interlocal contracts for jail services—Responsibility for operation of jail—Departments of corrections authorized. (1) Contracts for jail services may be made between a county and city located within the boundaries of a county, and among counties. The contracts shall: Be in writing, give one governing unit the responsibility for the operation of the jails, specify the responsibilities of each governing unit involved, and include the applicable charges for custody of the prisoners as well as the basis for adjustments in the charges. The contracts may be terminated only by ninety days written notice to the governing units involved and to the commission. The notice shall state the grounds for termination and the specific plans for accommodating the affected jail population.

2. The contract authorized in subsection (1) of this section shall be for a minimum term of ten years when state funds are provided to construct or remodel a jail in one governing unit that will be used to house prisoners of other governing units. The contract may not be terminated prior to the end of the term without the commission's approval. If the contract is terminated, or upon the expiration and nonrenewal of the contract, the governing unit whose jail facility was built or remodeled to hold the prisoners of other governing units shall pay to the state treasurer the amount set by the commission when it authorized disbursement of state funds for the remodeling or construction under RCW 70.48.120. This amount shall be deposited in the local jail improvement and construction account and shall fairly represent the construction costs incurred in order to house prisoners from other governing units. The commission may pay the funds to the governing units which had previously contracted for jail services under rules which the commission may adopt. The acceptance of state funds for constructing or remodeling consolidated jail facilities
constitutes agreement to the proportionate amounts set by the commission. Notice of the proportionate amounts shall be given to all governing units involved.

(3) A city or county primarily responsible for the operation of a jail or jails may create a department of corrections to be in charge of such jail and of all persons confined therein by law, subject to the authority of the governing unit. If such department is created, it shall have charge of jails and persons confined therein. If no such department of corrections is created, the chief law enforcement officer of the city or county primarily responsible for the operation of said jail shall have charge of the jail and of all persons confined therein. A department of corrections or the chief law enforcement officer shall operate a jail in conformance with the rules and regulations adopted by the commission and any rules, regulations, or ordinances adopted by the governing unit.

The commission shall biennially establish for each application the level of costs necessary to comply with the physical plant standards and shall authorize payment by the state treasurer of the designated amount from the local jail improvement and construction account created in RCW 70.48.120 to the eligible governing unit in accordance with procedures established by the commission. [1977 ex.s. c 316 § 11.]

There is hereby established in the state treasury a fund to be known as the local jail improvement and construction account in which shall be deposited such sums as are appropriated by law for the purpose of providing funds to units of local government for new construction and the substantial remodeling of detention and correctional facilities so as to obtain compliance with the physical plant standards for such facilities. Funds in the local jail improvement and construction account shall be invested in the same manner as other funds in other accounts within the state treasury, and such earnings shall accrue to the local jail improvement and construction account. Funds shall be remitted to the governing units in a reasonably timely fashion to meet their contractual obligations. Funds in this account shall be disbursed by the state treasurer to units of local government, subject to biennial legislative appropriation, at the direction of the commission. Payment for emergency or necessary health care shall be by the governing unit, except that the department shall reimburse the governing unit for the cost thereof if the confined person requires treatment for which such person is eligible under the department's public assistance medical program.

The governing unit may obtain reimbursement from the confined person for the cost of emergency and other health care to the extent that such person is reasonably able to pay for such care, including reimbursement from any insurance program or from other medical benefit programs available to such person. To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for financial assistance from the department or from a private source, the governing unit may obtain reimbursement for the cost of such services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: Provided, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

There shall be no right of reimbursement to the governing unit from units of government whose law enforcement officers initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

(1981 Ed.)
This section is not intended to limit or change any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided or paid for. Under no circumstance shall necessary medical services be denied or delayed pending a determination of financial responsibility. [1977 ex.s. c 316 § 13.]

It is also the intent of the legislature to effectuate economies of scale and effective management of and care for persons who are confined in local jails and state custodial facilities.

(2) The following persons shall constitute a temporary committee which shall hold hearings and draft a proposal which prescribes the specific role of the state and local units of government, and the nature of any custodial facilities operated by the state and local units of government, with regard to the custody of persons who are arrested for, and/or convicted of violating statutes or ordinances which define crimes:

A jail shall not be closed for noncompliance to physical plant standards within this same ten year period. This section does not apply if:

1. The commission or its successor elects to fund phased components of a jail project for which a governing unit has applied. In that instance, initially funded components do not constitute full funding within the meaning of RCW 70.48.060(1) and 70.48.070(2) and the commission may fund subsequent phases of the jail project;
2. There is destruction of the facility because of an act of God or the result of a negligent and/or criminal act. [1981 c 276 § 3; 1977 ex.s. c 316 § 16.]

[1977 ex.s. c 316 § 19; 1965 c 7 § 35.21.330. Prior: 1917 c 103 § 1; RRS § 10204. Formerly RCW 35.21.330.]

### 70.48.200 Planning jail facility capacity, funding.
(1) In determining the capacity of a planned jail facility for purposes of funding under this chapter, the commission shall consider all relevant information, including data supplied to the commission by the office of financial management with regard to the governing unit's population projections, current incarceration rates as applied to population projections by age group, and peaking factors not to exceed 1.29 standard deviations above the mean average daily population.

(2) The number of square feet allowed per bed shall generally be consistent for facilities of similar size and classification within either major urban, medium urban, or rural counties.
(3) Funds shall be allocated to governing units based on authorized beds and square feet as determined by the commission under this chapter and the rules adopted pursuant thereto.

(4) Total dollars allocated to a governing unit for new construction or renovation shall be the lesser of the amount specified in an accepted bid, the amount computed in subsection (3) of this section, or the budget request submitted to the commission by the governing unit.

(5) If a governing unit determines the assumptions specified in subsection (1) of this section are to be exceeded, then the funding responsibility in excess of amount determined by the commission will be that of the governing unit.

(6) The office of financial management shall assist governing units in obtaining whatever federal grants and aid might be available for jail construction and renovation. The amount of such grants or aid which might be obtained shall be deducted from the moneys which would otherwise be granted to the governing units from the funds from the sale of bonds authorized by RCW 70.48.260.

(7) Jails which are constructed and/or renovated with funds provided pursuant to this chapter shall not be considered state buildings for the purposes of RCW 43.17.200. [1979 ex.s. c 232 § 10.]

70.48.210 Farms, camps, and work release programs.

(1) All cities and counties are authorized to establish and maintain farms, camps, and work release programs and facilities. The facilities shall meet the requirements of chapter 70.48 RCW and any rules adopted thereunder.

(2) Farms and camps may be established either inside or outside the territorial limits of a city or county. A sentence of confinement in a city or county jail may include placement in a farm or camp. Unless directed otherwise by court order, the chief law enforcement officer or department of corrections, may transfer the prisoner to a farm or camp. The sentencing court, chief law enforcement officer, or department of corrections may not transfer to a farm or camp a greater number of prisoners than can be furnished with constructive employment and can be reasonably accommodated.

(3) The city or county may establish a city or county work release program and housing facilities for the prisoners in the program. In such regard, factors such as employment conditions and the condition of jail facilities should be considered. When a work release program is established the following provisions apply:

(a) A person convicted of a felony and placed in a city or county jail is eligible for the work release program. A person sentenced to a city or county jail is eligible for the work release program. The program may be used as a condition of probation for a criminal offense. Good conduct is a condition of participation in the program.

(b) The court may permit a person who is currently, regularly employed to continue his employment. The chief law enforcement officer or department of corrections shall make all necessary arrangements if possible.

The court may authorize the person to seek suitable employment and may authorize the chief law enforcement officer or department of corrections to make reasonable efforts to find suitable employment for the person. A person participating in the work release program may not work in an establishment where there is a labor dispute.

(c) The work release prisoner shall be confined in a work release facility or jail whenever the prisoner is not employed and between the hours or periods of employment unless the court directs otherwise.

(d) The chief law enforcement officer or his designee shall collect the work release prisoner’s earnings and from the earnings make payments for the prisoner’s board, personal expenses inside and outside the jail, and share of the administrative expenses of this section. Support payments for the prisoner’s dependents, if any, shall be made as directed by the court. With the prisoner’s consent, the remaining funds may be used to pay the prisoner’s preexisting debts. Any balance shall be retained and paid to the prisoner when the prisoner is discharged.

(e) With court approval the prisoner’s sentence may be reduced by one-fourth if the prisoner’s conduct, diligence, and general attitude merit the reduction.

(f) If the work release prisoner violates the conditions of custody or employment, the prisoner shall be returned to the sentencing court. The sentencing court may require the prisoner to spend the remainder of the sentence in actual confinement and may cancel any earned reduction of the sentence. [1979 ex.s. c 232 § 17.]

70.48.220 Confinement may be wherever jail services are contracted. A person convicted of an offense punishable by imprisonment in a city or county jail may be confined in the jail of any city or county contracting with the prosecuting city or county for jail services. [1979 ex.s. c 232 § 19.]

70.48.230 Transportation and temporary confinement of prisoners. The jurisdiction having immediate authority over a prisoner is responsible for the transportation expenses. The transporting officer shall have custody of the prisoner within any Washington county while being transported. Any jail within the state may be used for the temporary confinement of the prisoner with the only charge being for the reasonable cost of board. [1979 ex.s. c 232 § 18.]

70.48.240 Limiting detention of felons before transfer to state institution. A person imprisoned in a detention or correctional facility who has not obtained a bail bond shall be transferred to a state institution designated by the secretary pending the appeal of a felony conviction after the thirtieth day and before the forty-first day from the date on which the judgment was entered. Upon a showing of good cause, a superior court judge may order the prisoner detained in the county jail for an additional period not to exceed ten days; except that this [Title 70 RCW—p 61]
70.48.240  Title 70 RCW:  Public Health and Safety

provision does not apply to persons sentenced for a felony who are held in the facility as a condition of probation or who are specifically sentenced to confinement in the facility. [1979 ex.s. c 232 § 20.]

70.48.250  Legislative declaration. In order for the state to provide safe and humane detention and correctional facilities, its long range development goals must include the renovation of jail buildings and facilities. [1979 ex.s. c 232 § 1.]

70.48.260  General obligation bonds authorized for jail construction, improvement, and related costs. For the purpose of providing funds for the planning, acquisition, construction, and improvement of jail buildings and necessary supporting facilities within the state, and the state jail commission's operational costs related to the review of physical plant funding applications, award of grants, and construction monitoring, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of one hundred six million dollars, or so much thereof as may be required, to finance the improvements defined in this chapter and all costs incidental thereto but not including acquisition or preparation of sites. These bonds shall be paid and discharged within thirty years. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of the bonds to be sold. [1980 c 143 § 1; 1979 ex.s. c 232 § 2.]

70.48.270  Disposition of proceeds from sale of bonds. (1) Blasting caps in strengths through No. 8 should be rated at one and one-half pounds of explosive per one thousand caps;

(2) For strengths higher than No. 8, use the total combined weight of explosives;

(3) Magazines in which explosives are kept and stored shall be detached from other structures and separated from other magazines in conformity with the quantity and distance table set forth below:

70.74.100 Storage of caps with explosives prohibited.

No blasting caps, or other detonating or fulminating caps, or detonators, or flame-producing devices shall be kept or stored in any magazine in which other explosives [1969 ex.s. c 137 § 11.]

[Title 70 RCW—p 79]
are kept or stored. [1969 ex.s. c 137 § 12; 1931 c 111 § 10; RRS § 5440–10.]

70.74.110 Manufacturer's report—Inspection—License. All persons engaged in the manufacture of explosives, or any process involving explosives, or where explosives are used as a component part in the manufacture of any article or device, on the date when this 1969 amendatory act takes effect, shall within sixty days thereafter, and all persons engaging in the manufacture of explosives, or any process involving explosives, or where explosives are used as a component part in the manufacture of any article or device after this act takes effect shall, before so engaging, make an application in writing, subscribed to by such person or his agent, to the department of labor and industries, the application stating:

(1) Location of place of manufacture or processing;
(2) Kind of explosives manufactured, processed or used;
(3) The distance that such explosives manufacturing building is located or intended to be located from the other factory buildings, magazines, inhabited buildings, railroads and highways and public utility transmission systems;
(4) The name and address of the applicant;
(5) The reason for desiring to manufacture explosives;
(6) The applicant's citizenship, if the applicant is an individual;
(7) If the applicant is a partnership, the names and addresses of the partners, and their citizenship;
(8) If the applicant is an association or corporation, the names and addresses of the officers and directors thereof, and their citizenship; and
(9) Such other pertinent information as the director of labor and industries shall require to effectuate the purpose of this chapter.

There shall be kept in the main office on the premises of each explosives manufacturing plant a plan of said plant showing the location of all explosives manufacturing buildings and the distance they are located from other factory buildings where persons are employed and from magazines, and these plans shall at all times be open to inspection by duly authorized inspectors of the department of labor and industries. The superintendent of each plant shall upon demand of said inspector furnish the following information:

(a) The maximum amount and kind of explosive material which is or will be present in each building at one time.
(b) The nature and kind of work carried on in each building and whether or not said buildings are surrounded by natural or artificial barricades.

The department of labor and industries shall as soon as may be after receiving such application cause an inspection to be made of the explosives manufacturing plant, and if found to be in accordance with RCW 70.74.030 and 70.74.050 and RCW 70.74.061, such department shall issue a license to the person applying thereof showing compliance with the provisions of this chapter, unless the department shall find that the applicant or the officers, agents or employees of the applicant are not sufficiently experienced in the manufacture of explosives, have been convicted of a crime involving moral turpitude, or are disloyal to the United States. Such license shall continue in full force and effect until surrendered or canceled, because of failure to comply with any of the conditions necessary for the granting of a license. [1969 ex.s. c 137 § 13; 1941 c 101 § 1; 1931 c 111 § 11; Rem. Supp. 1941 § 5440–1.]

Effective date—1969 ex.s. c 137: The effective date of 1969 ex.s. c 137 was August 11, 1969.

70.74.120 Storage report—Inspection—License—Cancellation. All persons engaged in keeping or storing and all persons having in their possession explosives on the date when this 1969 amendatory act takes effect shall within sixty days thereafter, and all persons engaging in keeping or storing explosives or coming into possession thereof after this act takes effect, shall before engaging in the keeping or storing of explosives or taking possession thereof, make an application in writing subscribed to by such person or his agent, to the department of labor and industries stating:

(1) The location of the magazine, if any, if then existing, or in case of a new magazine, the proposed location of such magazine;
(2) The kind of explosives that are kept or stored or possessed or intended to be kept or stored or possessed and the maximum quantity that is intended to be kept or stored or possessed thereat;
(3) The distance that such magazine is located or intended to be located from other magazines, inhabited buildings, explosives manufacturing buildings, railroads, highways and public utility transmission systems;
(4) The name and address of the applicant;
(5) The reason for desiring to store or possess explosives;
(6) The citizenship of the applicant if the applicant is an individual;
(7) If the applicant is a partnership, the names and addresses of the partners and their citizenship;
(8) If the applicant is an association or corporation, the names and addresses of the officers and directors thereof and their citizenship; and
(9) And such other pertinent information as the director of labor and industries shall require to effectuate the purpose of this chapter.

The department of labor and industries shall, as soon as may be after receiving such application, cause an inspection to be made of the magazine, if then constructed, and, in the case of a new magazine, as soon as may be after same is found to be constructed in accordance with the specification provided in RCW 70.74.025, such department shall determine the amount of explosives that may be kept and stored in such magazine by reference to the quantity and distance tables set forth in RCW 70.74.030, 70.74.050 and 70.74.061, and shall issue a license to the person applying therefor, unless the department shall find that such applicant is not sufficiently experienced in the handling of explosives, lacks
suitable facilities therefor, has been convicted of a crime involving moral turpitude, or is disloyal to the United States. Said license shall set forth the maximum quantity of explosives that may be had, kept or stored by said person. Such license shall be valid until canceled for one or more of the causes hereinafter provided. Whenever by reason of change in the physical conditions surrounding said magazine at the time of the issuance of the license therefor, such as:

(a) The erection of buildings nearer said magazine;
(b) The construction of railroads nearer said magazine;
(c) The opening for public travel of highways nearer said magazine; or

Said license may also be canceled if the department of labor and industries shall find that the applicant is keeping explosives for an unlawful purpose or is disloyal to the United States. Whenever any person to whom a license has been issued, keeps or stores in the magazine or has in his possession, any quantity of explosives in excess of the maximum amount set forth in said license, or whenever any person fails for thirty days to pay the annual license fee hereinafter provided after the same becomes due, the department is authorized to cancel such license. Whenever a license is canceled by the department for any cause herein specified, the department shall notify the person to whom such license is issued of the fact of such cancellation and shall in said notice direct the removal of all explosives stored in said magazine within ten days from the giving of said notice, or, if the cause of cancellation be the failure to pay the annual license fee, or the fact that explosives are kept for an unlawful purpose, or the applicant is disloyal to the United States, the department of labor and industries shall order such person to dispose of his own explosives within ten days from the giving of said notice. Failure to remove the explosives stored in said magazine or to dispose of oneself of the explosives as herein provided within the time specified in said notice shall constitute a violation of this chapter. [1969 ex.s. c 137 § 14; 1941 c 101 § 2; 1931 c 111 § 12; Rem. Supp. 1941 § 5440–12.]

(3) Citizenship, if an individual applicant;
(4) If a partnership, the names and addresses of the partners and their citizenship;

Said license may be canceled for any cause that would prevent the initial issuance thereof. [1969 ex.s. c 137 § 16; 1941 c 101 § 3; Rem. Supp. 1941 § 5440–12a.]

[Title 70 RCW—p 96] (1981 Ed.)
70.79.240 Inspection of boilers, etc.—Scope—Frequency. Each boiler and unfired pressure vessel used or proposed to be used within this state, except boilers or unfired pressure vessels exempt in RCW 70.79.080 and 70.79.090, shall be thoroughly inspected as to their construction, installation, condition and operation, as follows:

(1) Power boilers shall be inspected annually both internally and externally while not under pressure and shall also be inspected annually externally while under pressure if possible;

(2) Low pressure heating boilers shall be inspected both internally and externally biennially where construction will permit;

(3) Unfired pressure vessels subject to internal corrosion shall be inspected both internally and externally biennially where construction will permit, except that the board may, in its discretion, provide for longer periods between inspections;

(4) Unfired pressure vessels not subject to internal corrosion shall be inspected externally at intervals set by the board, but internal inspections shall not be required of unfired pressure vessels, the contents of which are known to be noncorrosive to the material of which the shell, head, or fittings are constructed, either from the chemical composition of the contents or from evidence that the contents are adequately treated with a corrosion inhibitor, provided that such vessels are constructed in accordance with the rules and regulations of the board or in accordance with standards substantially equivalent to the rules and regulations of the board, in effect at the time of manufacture. [1951 c 32 § 22.]

70.79.250 Inspection—Frequency—Grace period. In the case of power boilers a grace period of two months longer than the twelve months period may elapse between internal inspections of a boiler while not under pressure or between external inspections of a boiler while under pressure; in the case of low pressure heating boilers not more than twenty-six months shall elapse between inspections, and in the case of unfired pressure vessels not more than two months longer than the period between inspections prescribed by the board shall elapse between internal inspections. [1951 c 32 § 23.]

[1951 c 32 § 24.]

70.79.270 Hydrostatic test. If at any time a hydrostatic test shall be deemed necessary to determine the safety of a boiler or unfired pressure vessel, [the] same shall be made, at the discretion of the inspector, by the owner or user thereof. [1951 c 32 § 26.]

70.79.280 Inspection during construction. All boilers and all unfired pressure vessels to be installed in this state after the twelve months period from the date upon which the rules and regulations of the board shall become effective shall be inspected during construction as required by the applicable rules and regulations of the board by an inspector authorized to inspect boilers in this state, or, if constructed outside of the state, by an inspector holding a certificate from the national board of boiler and pressure vessel inspectors, or a certificate of competency as an inspector of boilers for a state that has a standard of examination substantially equal to that of this state as provided in RCW 70.79.170. [1951 c 32 § 27.]

70.79.290 Inspection certificate—Contents—Posting—Fee. If, upon inspection, a boiler or pressure vessel is found to comply with the rules and regulations of the board, and upon the appropriate fee payment made directly to the chief inspector, as required by RCW 70.79.160 or 70.79.330, the chief inspector shall issue to the owner or user of such a boiler or pressure vessel an inspection certificate bearing the date of inspection and specifying the maximum pressure under which the boiler or pressure vessel may be operated. Such inspection certificate shall be valid for not more than fourteen months from its date in the case of power boilers and twenty-six months in the case of low pressure heating boilers, and for not more than two months longer than the authorized inspection period in the case of pressure vessels. Certificates shall be posted under glass in the room containing the boiler or pressure vessel inspected. If the boiler or pressure vessel is not located within a building, the certificate shall be posted in a location convenient to the boiler or pressure vessel inspected or, in the case of a portable boiler or pressure vessel, the certificate shall be kept in a protective container to be fastened to the boiler or pressure vessel or in a tool box accompanying the boiler or pressure vessel. No inspection certificate issued for an insured boiler or unfired pressure vessel inspected by a special inspector shall be valid after the boiler or unfired pressure vessel, for which it was issued, shall cease to be insured by a company duly authorized by this state to carry such insurance. [1951 c 32 § 29.]

70.79.310 Inspection certificate—Suspension—Reinstatement. The chief inspector, or his authorized representative, may at any time suspend an inspection certificate when, in his opinion, the boiler or unfired pressure vessel for which it was issued, cannot be operated without menace to the public safety, or when the boiler or unfired pressure vessel is found not to comply with the rules and regulations herein provided. A special inspector shall have corresponding powers with respect to inspection certificates for boilers or unfired pressure vessels insured or unfired pressure vessels operated by the company employing him. Such suspension of an inspection certificate shall continue in effect until such
boiler or unfired pressure vessel shall have been made to conform to the rules and regulations of the board, and until said inspection certificate shall have been reissued. [1951 c 32 § 30.]

The operation of a boiler or unfired pressure vessel without such inspection certificate, or at a pressure exceeding that specified in such inspection certificate, shall constitute a misdemeanor on the part of the owner, user, or operator thereof. Each day of such unlawful operation shall be deemed a separate offense. [1951 c 32 § 31.]

Said funds by him shall be paid out upon vouchers duly and regularly issued therefor and approved by the director of the department of labor and industries. The treasurer, as ex officio custodian of said fund, shall keep an accurate record of any payments into said fund, and of all disbursements therefrom. Said fund shall be used exclusively to defray only the expenses of administering chapter 70.79 RCW by the chief inspector as authorized by law and the expenses incident to the maintenance of his office. Title 70 RCW: Public Health and Safety

70.93.010 Legislative findings. Recognizing the rapid population growth of the state of Washington and the ever increasing mobility of its people, as well as the fundamental need for a healthful, clean and beautiful environment; and further recognizing that the proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard; and further recognizing the need to conserve energy and natural resources; and further recognizing that there is an imperative need to anticipate, plan for, and accomplish effective litter control and recovery and recycle waste materials related to litter with the subsequent conservation of resources and energy, there is hereby enacted this "Model Litter Control and Recycling Act". [1979 c 94 § 1; 1971 ex.s. c 307 § 1.]

70.93.020 Declaration of purpose. The purpose of this chapter is to accomplish litter control and stimulate private recycling programs throughout this state by delegating to the department of ecology the authority to: (1) Conduct a permanent and continuous program to control and remove litter from this state to the maximum practical extent possible; (2) recover and recycle waste materials related to litter and littering; (3) foster private recycling; and (4) increase public awareness of the need for recycling and litter control. It is further the intent and purpose of this chapter to create jobs for employment of youth in litter cleanup and related activities and to stimulate and encourage small, private recycling centers. This program shall include the compatible goal of recovery of recyclable materials to conserve energy and natural resources wherever practicable. Every other department of state government and all local governmental units and agencies of this state shall cooperate with the department of ecology in the administration and enforcement of this chapter. The intent of this chapter is to add to and coordinate existing recycling and litter control and removal efforts and not terminate or supplant such efforts. [1979 c 94 § 2; 1975-76 2nd ex.s. c 41 § 7; 1971 ex.s. c 307 § 2.]

70.94.011 Declaration of public policies and purpose—Division of state into two major areas. It is declared to be the public policy of the state to secure and maintain such levels of air quality as will protect human health and safety and comply with the requirements of the federal clean air act, and, to the greatest degree practicable, prevent injury to plant and animal life and property, foster the comfort and convenience of its inhabitants, promote the economic and social development of the state, and facilitate the enjoyment of the natural attractions of the state. The problems and effects of air pollution are frequently regional and interjurisdictional in nature, and are dependent upon the existence of urbanization and industrialization in areas having common topography and recurring weather conditions conducive to the buildup of air contaminants.

It is also declared as public policy that regional air pollution control programs are to be encouraged and supported to the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality.

It is also declared to be the public policy of the state to provide for the people of the populous metropolitan regions in the state the means of obtaining air pollution control not adequately provided by existing agencies of local government. For reasons of the present and potential dramatic growth in population, urbanization, and industrialization, the special problem of air resource management, encompassing both corrective and preventive measures for the control of air pollution cannot be adequately met by the individual towns, cities, and counties of many metropolitan regions.

In addition, the state is divided into two major areas, each having unique characteristics as to natural climatic and topographic features which may result in the different potentials for the accumulation and buildup of air contaminant concentrations. These two major areas are the area lying west of the Cascade Mountain crest and the area lying east of the Cascade Mountain crest. Within each of these major areas are regions which, because of the climate and topography and present and potential urbanization and industrial development may, through definitive evaluation be classed as regional air pollution areas.

To these ends it is the purpose of this chapter to provide for a coordinated state-wide program of air pollution prevention and control, for an appropriate distribution of responsibilities between the state, regional, and local units of government, and for cooperation across jurisdictional lines in dealing with problems of air pollution. [1973 1st ex.s. c 193 § 1; 1969 ex.s. c 168 § 1; 1967 c 238 § 1.]

70.94.053 Air pollution control authorities created—Activated authorities, composition, meetings—Delineation of air pollution regions, considerations—Reports to legislature. (1) In each county of the state there is hereby created an air pollution control authority, which shall bear the name of the county within which it is located. The boundaries of each authority shall be coextensive with the boundaries of the county within which it is located. An authority shall include all incorporated and unincorporated areas of the county within which it is located.

(2) All authorities which are presently or may hereafter be within counties of the first class, class A or class AA, are hereby designated as activated authorities and shall carry out the duties and exercise the powers provided in this chapter. Those authorities hereby activated which encompass contiguous counties located in one or the other of the two major areas determined in RCW 70.94.011 are declared to be and directed to function as a multicounty authority.

(3) Except as provided in RCW 70.94.232, all other air pollution control authorities are hereby designated as inactive authorities.

(4) The boards of those authorities designated as activated authorities by this chapter shall be comprised of such appointees and/or county commissioners as is provided in RCW 70.94.100. The first meeting of the boards of those authorities designated as activated authorities by this chapter shall be on or before sixty days after June 8, 1967.

(5) The state board and the department of social and health services are directed to conduct the necessary evaluations and delineate appropriate air pollution regions throughout the state, taking into consideration:

(a) The natural climatic and topographic features affecting the potential for buildup of air contaminant concentrations.

(b) The degree of urbanization and industrialization and the existence of activities which are likely to cause air pollution.

(c) The county boundaries as related to the air pollution regions and the practicality of administering air pollution control programs.

The state board and the department are directed to report to the 1969 and succeeding legislative sessions with respect to the further need for activating or combining air pollution control authorities. [1979 c 141 § 120; 1967 c 238 § 4.]

70.94.055 Air pollution control authority may be activated by certain counties, when. The board of county commissioners of any county other than a first class, class A or class AA county may activate an air pollution control authority following a public hearing on its own motion, or upon a filing of a petition signed by one hundred property owners within the county. If the board of county commissioners determines as a result of the public hearing that:

(1) Air pollution exists or is likely to occur; and

(2) The city or town ordinances or county resolutions, or their enforcement, are inadequate to prevent or control air pollution, they shall by resolution activate an air pollution control authority or combine with a contiguous county or counties to form a multicounty air pollution control authority. [1967 c 238 § 5.]

70.94.057 Multicounty authority may be formed by contiguous counties—Name. Boundaries of such authority shall be coextensive with the boundaries of the counties forming the authority.

The name of the multicounty authority shall bear the names of the counties making up such multicounty authority or a name adopted by the board of such multicounty authority. [1967 c 238 § 6.]

70.94.068 Merger of active and inactive authorities to form multicounty or regional authority—Procedure. The respective boards of county commissioners of two or more contiguous counties may merge any combination of their several inactive or activated authorities to form one activated multicounty authority. Upon a determination that the purposes of this chapter will be served by such merger, each board of county commissioners may adopt the resolution providing for such merger. Such resolution shall become effective only when a similar resolution is adopted by the other contiguous county or counties comprising the proposed authority. The boundaries of such authority shall be coextensive with the boundaries of the counties within which it is located. [1969 ex.s. c 168 § 3; 1967 c 238 § 11.]

70.94.069 Merger of active and inactive authorities to form multicounty or regional authority—Reorganization of board of directors—Rules and regulations. Whenever there occurs a merger of an inactive authority with an activated authority or authorities, or of two activated authorities to form a multicounty authority, the
board of directors shall be reorganized as provided in RCW 70.94.100, 70.94.110, and 70.94.120.

In the case of the merger of two or more activated authorities the rules and regulations of each authority shall continue in effect and shall be enforced within the jurisdiction of each until such time as the board of directors adopts rules and regulations applicable to the newly formed multicounty authority.

In the case of the merger of an inactive authority with an activated authority or authorities, upon approval of such merger by the board of directors of the county or counties comprising the existing activated authority or authorities, the rules and regulations of the activated authority or authorities shall remain in effect until superseded by the rules and regulations of the multicounty authority as provided in RCW 70.94.230. [1969 ex.s. c 168 § 4; 1967 c 238 § 12.]

70.94.070 Resolutions activating authorities—Contents—Filings—Effective date of operation. The resolution or resolutions activating an air pollution authority shall specify the name of the authority and participating political bodies; the authority's principal place of business; the territory included within it; and the effective date upon which such authority shall begin to transact business and exercise its powers. In addition, such resolution or resolutions may specify the amount of money to be contributed annually by each political subdivision, or a method of dividing expenses of the air pollution control program. Upon the adoption of a resolution or resolutions calling for the activation of an authority or the merger of an inactive or activated authority or several activated authorities to form a multicounty authority, the governing body of each shall cause a certified copy of each such ordinance or resolution to be filed in the office of the secretary of state of the state of Washington. From and after the date of filing with the secretary of state a certified copy of each such resolution, or resolutions, or the date specified in such resolution or resolutions, whichever is later, the authority may begin to function and may exercise its powers.

Any authority activated by the provisions of this chapter shall cause a certified copy of all information required by this section to be filed in the office of the secretary of state of the state of Washington. [1969 ex.s. c 168 § 5; 1967 c 238 § 13; 1957 c 232 § 7.]

70.94.091 Excess tax levy authorized—Election, procedure, expense. An activated authority shall have the power to levy additional taxes in excess of the constitutional and/or statutory tax limitations for any of the authorized purposes of such activated authority, not in excess of twenty-five cents per thousand dollars of assessed value a year when authorized so to do by the electorate of such authority by a three-fifths majority of those voting on the proposition at a special election, to be held in the year in which the levy is made, in the manner set forth in Article VII, section 2 (a) of the Constitution of this state, as amended by Amendment 59 and as thereafter amended. Nothing herein shall be construed to prevent holding the foregoing special election at the same time as that fixed for a general election. The expense of all special elections held pursuant to this section shall be paid by the authority. [1973 1st ex.s. c 195 § 84; 1969 ex.s. c 168 § 7; 1967 c 238 § 15.]

Notwithstanding the provisions of RCW 1.16.030, the budget year of each activated authority shall be the fiscal year beginning July 1st and ending on the following June 30th. The current budget year shall be terminated June 30, 1975, and a budget for the fiscal year beginning July 1, 1975, shall be adopted pursuant to this section as now or hereafter amended. On or before the fourth Monday in June of each year, each activated authority shall adopt a budget for the following fiscal year. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The remaining funds required to meet budget expenditures, if any, shall be designated as "supplemental income" and shall be obtained from the component cities, towns, and counties in the manner provided in this chapter. (1) Each component city or town shall pay such proportion of the supplemental income to the authority as determined by either one of the following prescribed methods or by a combination of fifty percent of one and fifty percent of the other as provided in subsection (1)(c) of this section:

(a) Each component city or town shall pay such proportion of the supplemental income as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the activated authority.

(b) Each component city or town shall pay such proportion of the supplemental income as the total population of such city or town bears to the total population of the activated authority. The population of the city or town shall be determined by the most recent census, estimate or survey by the federal bureau of census or any
state board or commission authorized to make such a census, estimate or survey.

(c) A combination of the methods prescribed in (a) and (b) of this subsection: Provided, That such combination shall be of fifty percent of the method prescribed in (a) of this subsection and fifty percent of the method prescribed in (b) of this subsection.

(a) Each component county shall pay such proportion of such supplemental income as the assessed valuation of the property within the unincorporated area of such county lying within the activated authority bears to the total assessed valuation of taxable property within the activated authority.

(b) Each component county shall pay such proportion of the supplemental income as the total population of the unincorporated area of such county bears to the total population of the activated authority. The population of the county shall be determined by the most recent census, estimate or survey by the federal bureau of census or any state board or commission authorized to make such a census, estimate or survey.

(c) A combination of the methods prescribed in (a) and (b) of this subsection: Provided, That such combination shall be of fifty percent of the method prescribed in (a) of this subsection and fifty percent of the method prescribed in (b) of this subsection.

(3) In making such determination of the assessed valuation of property in the component cities, towns and counties, the board shall use the last available assessed valuations. The board shall certify to each component city, town and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city, town or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the activated authority, in equal quarterly installments, the amount of its supplemental share. The treasurer of the county so designated to serve as treasurer of the authority shall establish and maintain such funds as may be authorized by the board. Money shall be disbursed from such funds upon warrants drawn by the auditor of the county designated by the board as the authority auditor as authorized by the board. The respective county shall be reimbursed by the board for services rendered by the treasurer and auditor of the respective county in connection with the receipt and disbursement of such funds. [1969 ex.s. c 168 § 10; 1967 c 238 § 18.]

70.94.095 Assessed valuation of taxable property, certification by county assessors. It shall be the duty of the assessor of each component county to certify annually to the board the aggregate assessed valuation of all taxable property in all incorporated and unincorporated areas situated in any activated authority as the same appears from the last assessment roll of his county. [1969 ex.s. c 168 § 11; 1967 c 238 § 19.]

70.94.096 Authorization to borrow money. An activated authority shall have the power when authorized by a majority of all members of the board to borrow money from any component city, town or county and such cities, towns and counties are hereby authorized to make such loans or advances on such terms as may be mutually agreed upon by the board and the legislative bodies of any such component city, town or county to provide funds to carry out the purposes of the activated authority. [1969 ex.s. c 168 § 12; 1967 c 238 § 20.]

70.94.097 Special air pollution studies—Contracts for conduct of. In addition to paying its share of the supplemental income of the activated authority, each component city, town, or county shall have the power to contract with such authority and expend funds for the conduct of special studies, investigations, plans, research, advice, or consultation relating to air pollution and its causes, effects, prevention, abatement, and control as such may affect any area within the boundaries of the component city, town, or county, and which could not be performed by the authority with funds otherwise available to it. Any component city, town or county which contracts for the conduct of such special air pollution studies, investigations, plans, research, advice or consultation with any entity other than the activated authority shall require that such an entity consult with the activated authority. [1975 1st ex.s. c 106 § 2.]

All meetings shall be held upon at least two weeks written notice given by the county auditor to each member of the city selection committee of each county and he shall give such notice upon request of any member of such committee. A similar notice shall be given to the general public by a publication of such notice in a newspaper of general circulation in such authority. The county auditor shall act as recording officer, maintain its records and give appropriate notice of its proceedings and actions. [1969 ex.s. c 168 § 14; 1967 c 238 § 23; 1957 c 232 § 12.]

The board may appoint an executive director, and any other personnel, and shall determine their salaries, and pay same, together with any other proper indebtedness, from authority funds. [1969 ex.s. c 168 § 15; 1967 c 238 § 24; 1957 c 232 § 13.]

70.94.142 Subpoena powers—Witnesses, expenses and mileage—Rules and regulations. In connection with the subpoena powers given in RCW 70.94.141(2):

(1) In any hearing held under RCW 70.94.181, 70.94.221 and 70.94.333, the board or the state board, and their authorized agents:

(a) shall issue a subpoena upon the request of any party and, to the extent required by rule or regulation, upon a statement or showing of general relevance and reasonable scope of the evidence sought;

(b) may issue a subpoena upon their own motion.

(2) The subpoena powers given in RCW 70.94.141(2) shall be state-wide in effect.

(3) Witnesses appearing under the compulsion of a subpoena in a hearing before the board or the state board shall be paid the same fees and mileage that are provided for witnesses in the courts of this state. Such fees and mileage, and the cost of duplicating records required to be produced by subpoena issued upon the motion of the board or state board, shall be paid by the board or state board. Such fees and mileage, and the cost of producing records required to be produced by subpoena issued upon the request of a party, shall be paid by that party.

(4) If an individual fails to obey the subpoena, or obeys the subpoena but refuses to testify when required concerning any matter under examination or investigation or the subject of the hearing, the board or state board shall file its written report thereof and proof of service of its subpoena, in any court of competent jurisdiction in the county where the examination, hearing or investigation is being conducted. Thereupon, the court shall forthwith cause the individual to be brought before it and, upon being satisfied that the subpoena is within the jurisdiction of the board or state board and otherwise in accordance with law, shall punish him as if the failure or refusal related to a subpoena from or testimony in that court.

(5) The state board may make such rules and regulations as to the issuance of its own subpoenas as are not inconsistent with the provisions of this chapter. [1969 ex.s. c 168 § 17; 1967 c 238 § 26.]

70.94.143 Federal aid. Any authority exercising the powers and duties prescribed in this chapter may make application for, receive, administer, and expend any federal aid, under federal legislation from any agency of the federal government, for the prevention and control of air pollution or the development and administration of programs related to air pollution control and prevention, as permitted by RCW 70.94.141(12): Provided, That any such application shall be submitted to and approved by the state board. The state board shall adopt rules and regulations establishing standards for such approval and shall approve any such application, if it is consistent with this chapter, and any other applicable requirements of law. [1969 ex.s. c 168 § 18; 1967 c 238 § 27.]

70.94.151 Classification of air contaminant sources—Registration—Fee, when. (1) The board of any activated authority or the state board, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the state board or board of the authority, require registration and reporting shall register therewith and make reports containing information as may be required by such state board or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. The state board or board may require that such registration be accompanied by a fee and may determine the amount of such fee for such class or classes: Provided, That the amount of the fee shall only be to compensate for the costs of administering such registration program: Provided further, That any such registration made with either the board or the state board shall preclude a further registration with any other board or the state board. [1969 ex.s. c 168 § 19; 1967 c 238 § 28.]

70.94.152 Notice may be required of construction of new contaminant source—Submission of plans—Approval, disapproval—Emission control. (1) The department of ecology or board of any authority may require notice of the construction, installation, or
establishment of any new air contaminant sources except single family and duplex dwellings. The department of ecology or board may require such notice to be accompanied by a fee and determine the amount of such fee: Provided, That the amount of the fee may not exceed the cost of reviewing the plans, specifications, and other information and administering such notice: Provided further, That any such notice given to either the board or to the department of ecology shall preclude a further notice to be given to any other board or to the department of ecology. Within thirty days of its receipt of such notice, the department of ecology or board may require, as a condition precedent to the construction, installation, or establishment of the air contaminant source or sources covered thereby, the submission of plans, specifications, and such other information as it deems necessary in order to determine whether the proposed construction, installation, or establishment will be in accord with applicable rules and regulations in force pursuant to this chapter, and will provide all known available and reasonable methods of emission control. If on the basis of plans, specifications, or other information required pursuant to this section the department of ecology or board determines that the proposed construction, installation, or establishment will not be in accord with this chapter or the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto, or will not provide all known available and reasonable means of emission control, it shall issue an order for the prevention of the construction, installation, or establishment of the air contaminant source or sources. If on the basis of plans, specifications, or other information required pursuant to this section the department of ecology or board determines that the proposed construction, installation, or establishment will be in accord with this chapter, and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto and will provide all known available and reasonable methods of emission control, it shall issue an order for the prevention of the construction, installation, and establishment of the air contaminant source or sources. If on the basis of plans, specifications, or other information required pursuant to this section the department of ecology or board determines that the proposed construction, installation, or establishment of the air contaminant source or sources, which order may provide such conditions of operation as are reasonably necessary to assure the maintenance of compliance with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto.

(2) For the purposes of this chapter, addition to or enlargement of an air contaminant source, or any major alteration therein, shall be construed as construction or installation or establishment of a new air contaminant source. The determination, under subsection (1) of this section, of whether a proposed construction, installation, or establishment will be in accord with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto shall include a determination of whether the operation of the new air contaminant source at the location proposed will cause any ambient air quality standard to be exceeded.

(3) Nothing in this section shall be construed to authorize the department of ecology or board to require the use of emission control equipment or other equipment, machinery, or devices of any particular type, from any particular supplier, or produced by any particular manufacturer.

(4) Any features, machines, and devices constituting parts of or called for by plans, specifications, or other information submitted pursuant to subsection (1) hereof shall be maintained in good working order.

(5) The absence of an ordinance, resolution, rule, or regulation, or the failure to issue an order pursuant to this section shall not relieve any person from his obligation to comply with any emission control requirements or with any other provision of law. [1973 1st ex.s.c 193 § 2; 1969 ex.s.c 168 § 20; 1967 c 238 § 29.]

70.94.155 Control of emissions—Bubble concept—Schedules of compliance. (1) As used in subsection (3) of this section, the term "bubble" means an air pollution control system which permits aggregate measurements of allowable emissions, for a single category of pollutant, for emissions points from a specified emissions-generating facility or facilities. Individual point source emissions levels from such specified facility or facilities may be modified provided that the aggregate limit for the specified sources is not exceeded. (2) Whenever any regulation relating to emission standards or other requirements for the control of emissions is adopted which provides for compliance with such standards or requirements no later than a specified time after the date of adoption of the regulation, the appropriate activated air pollution control authority or, if there be none, the department of ecology shall, by regulatory order, issue to air contaminant sources subject to the standards or requirements, schedules of compliance setting forth timetables for the achievement of compliance as expeditiously as practicable, but in no case later than the time specified in the regulation. Interim dates in such schedules for the completion of steps of progress toward compliance shall be as enforceable as the final date for full compliance therein. (3) Wherever requirements necessary for the attainment of air quality standards or, where such standards are not exceeded, for the maintenance of air quality can be achieved through the use of a control program involving the bubble concept, such program may be authorized by a regulatory order or orders issued to the air contaminant source or sources involved. Any such order shall restrict total emissions within the bubble to no more than would otherwise be allowed in the aggregate for all emitting processes covered. The orders provided for by this subsection shall be issued by the department or the authority with jurisdiction. If the bubble involves interjurisdictional approval, concurrence in the total program must be secured from each regulatory entity concerned. [1981 c 224 § 1; 1973 1st ex.s.c 193 § 3.]

70.94.170 Control officer. Any activated authority which has adopted an ordinance, resolution, or valid rules and regulations as provided herein for the control and prevention of air pollution shall appoint a control officer, who shall observe and enforce the provisions of
this chapter and all orders, ordinances, resolutions, or rules and regulations of such activated authority pertaining to the control and prevention of air pollution. [1969 ex.s. c 168 § 21; 1967 c 238 § 30; 1957 c 232 § 17.]

70.94.181 Variances—Application for—Considerations—Limitations—Renewals—Review.

(1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department of ecology where it has regulatory authority under RCW 70.94.390, 70.94.395, 70.94.410, and 70.94.420, or board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department of ecology or board may require. The department of ecology or board may grant such variance, but only after public hearing or due notice, if it finds that:

(a) The emissions occurring or proposed to occur do not endanger public health or safety; and

(b) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(2) No variance shall be granted pursuant to this section until the department of ecology or board has considered the relative interests of the applicant, other owners of property likely to be affected by the discharges, and the general public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) and for time periods and under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement or control of the pollution involved, it shall be only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternate measures that the department of ecology or board may prescribe.

(b) If the application for variance shows that there is no automobile fragmentizer within a reasonable distance of the wrecking yard for which the variance is sought, a variance will be granted for a period not to exceed three years for commercial burning of automobile hulks, subject to such conditions as the department of ecology may impose as to climatic conditions and hours during which burning of such hulks may be carried out: Provided, however, That any variance granted hereunder shall be of no force and effect after July 1, 1970.

(c) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department of ecology or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(d) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in item (a), (b) and (c) of this subparagraph, it shall be for not more than one year.

(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods which would be appropriate on initial granting of a variance. If complaint is made to the department of ecology or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the state board or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the expiration of the variance. Immediately upon receipt of an application for renewal, the department of ecology or board shall give public notice of such application in accordance with rules and regulations of the department of ecology or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department of ecology or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department of ecology or board may obtain judicial review thereof under the provisions of chapter 34.04 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of *RCW 70.94.415 to any person or his property.

(7) An application for a variance, or for the renewal thereof, submitted to the department of ecology or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department of ecology or board agree to a continuance. Whenever the board or the control officer has reason to believe that any provision of this chapter or any ordinance, resolution, rule or regulation relating to the control or prevention of air pollution has been violated, such board or control officer may cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the ordinance, resolution, rule or regulation alleged to be violated, and the facts alleged to constitute violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the board or the control officer may require that the alleged violator or violators appear before the board for a hearing, or in addition to or in place of an order or hearing, the board may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435. 70.94.232 Local or regional control program considered activated authority—Construction of prior ordinances, resolutions, rules or regulations. (1) Any local or regional air pollution control program formed as a district under chapter 70.94 RCW prior to June 8, 1967 which is composed of one or more counties and the cities and towns therein, and whose boundaries are coextensive with the boundaries of one or more counties, shall, upon June 8, 1967, be considered an activated authority, provided that within six months of June 8, 1967 the board of directors shall be reorganized to conform to the provisions of RCW 70.94.100, 70.94.110 and 70.94.120.

The board of any authority shall appoint an air pollution control advisory council to advise and consult with such board, and the control officer in effectuating the purposes of this chapter. The council shall consist of five appointed members who are residents of the authority and who are preferably skilled and experienced in the field of air pollution control, two of whom shall serve as representatives of industry. The chairman of the board of any such authority shall serve as ex officio member of the council and be its chairman. 70.94.331 Powers and duties of state board. (1) The state board shall have all the powers as provided in RCW 70.94.141.

(2) The state board, in addition to any other powers vested in it by law after consideration at a public hearing held in accordance with *chapter 42.32 RCW and chapter 34.04 RCW shall:

(a) Adopt rules and regulations establishing air quality objectives and air quality standards;

(b) Adopt emission standards which shall constitute minimum emission standards throughout the state. An authority may enact more stringent emission standards, but in no event may less stringent standards be enacted by an authority without the prior approval of the state board after public hearing and due notice to interested parties;

(c) Adopt by rule and regulation air quality standards and emission standards for the control or prohibition of emissions to the outdoor atmosphere of dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof. Such requirements may be based upon a system of classification by types of emissions or types of sources of emissions, or combinations thereof, which it determines most feasible for the purposes of this chapter.

(3) The air quality standards and emission standards may be for the state as a whole or may vary from area to area, as may be appropriate to facilitate the accomplishment of the objectives of this chapter and to take necessary or desirable account of varying local conditions of population concentration, the existence of actual or reasonable foreseeable air pollution, topographic and meteorologic conditions and other pertinent variables.

(4) The state board is directed to cooperate with the appropriate agencies of the United States or other states or any interstate agencies or international agencies with respect to the control of air pollution and air contamination, or for the formulation for the submission to the
grieved by the order petitions for a hearing before the state board. Upon receipt of the petition, the state board or violator or violators appear before the state board or a duly appointed hearing officer for a hearing at a time and place specified in the notice given at least twenty days prior to such hearing and answer the charges complained of, or in addition to or in place of an order or finding made is that no violation has occurred or is occurring, the order shall be rescinded. If, after a hearing held in lieu of an order, the state board finds that a violation has occurred or is occurring, it shall issue an appropriate order or orders for the prevention, abatement or control of the emissions involved or for the taking of such other corrective actions as may be appropriate. Any order issued as part of a notice or after hearing may prescribe the date or dates by which the violation or violations shall cease and may prescribe timetables for necessary action in preventing, abating or controlling the emissions.

(3) An order issued by the state board after a hearing shall become final unless no later than thirty days after the issuance and service of such order, a petition requesting judicial review is filed in the superior court of the county in which the violation is alleged to have occurred or is alleged to be likely to occur. Review shall be conducted without a jury de novo on the record in the superior court.

(4) The reviewing court may affirm or reverse the decision of the governing body or board. In addition, any party may move the court to remand the case to the state board, in the interests of justice, for the purpose of adding additional specified and material evidence, and findings thereon: Provided, That such party shall show reasonable grounds for the failure to adduce such evidence previously before the state board.

(5) Any order of the department or the state board shall be stayed pending final determination of any hearing or appeal taken in accordance with the provisions herein, unless after notice and hearing, the superior court shall determine that an emergency exists which is of such nature as to require that such order be in effect during the pendency of such hearing or appeal.

(6) Nothing in this chapter shall prevent the department or the state board from making efforts to obtain voluntary compliance through warning, conference or any other appropriate means.

(7) Any hearing held under RCW 70.94.181 or 70.94.333 by the state board shall be conducted in accord with RCW 34.04.090 through 34.04.130. [1967 c 238 § 48.]

70.94.334 Appointment of hearing officer—Powers and duties. (1) In all instances where the department of ecology or board of any authority is permitted or required to hold hearings under the provisions of this chapter, such hearings shall be held before the department of ecology or board of any authority, or the state board or board of any authority may appoint a hearing officer.

(2) A duly appointed hearing officer shall have all the powers, rights, and duties of the department of ecology or board of any authority relating to the conduct of hearings. [1973 1st ex.s. c 193 § 5; 1969 ex.s. c 168 § 35; 1967 c 238 § 49.]

70.94.350 Contracts, agreements for use of personnel by secretary—Reimbursement—Merit system regulations waived. The secretary of social and health services is authorized to contract for or otherwise agree to
the use of personnel of municipal corporations or other agencies or private persons; and the secretary of social and health services is further authorized to reimburse such municipal corporations or agencies for the employment of such personnel. Merit system regulations or standards for the employment of personnel may be waived for personnel hired under contract as provided for in this section. The secretary of social and health services shall provide, within available appropriations, for the scientific, technical, legal, administrative, and other necessary services and facilities for the functioning of the state board. The necessary staff, services, and facilities shall be administered through an appropriate organizational unit of the department of social and health services under the direction of the executive director of the state board. [1979 ex.s. c 30 § 13; 1969 ex.s. c 168 § 36; 1967 c 238 § 50.]

*Reviser's note: See note (1) following RCW 70.94.141.*

70.94.385 State financial aid—Application for—
Requirements. (1) Any authority may apply to the state board for state financial aid. The state board shall by rule and regulation establish the ratio of state funds to the local funds taking into consideration available federal and state funds. Any such aid shall be expended from the general fund from such appropriations as the legislature may provide for this purpose: Provided, That federal funds shall be utilized to the maximum unless otherwise approved by the state board: Provided further, That the ratio of state funds to local funds of the previous year shall not be changed without a public hearing held by the state board.

(2) Before any such application is approved and financial aid is given or approved by the state board, the authority shall demonstrate to the satisfaction of the state board that it is fulfilling the requirements of RCW 70.94.380, or, if the state board has not adopted ambient air quality standards and objectives as permitted by RCW 70.94.331, the authority shall demonstrate to the satisfaction of the state board that it is acting in good faith and doing all that is possible and reasonable to control and prevent air pollution within its jurisdictional boundaries and to carry out the purposes of this chapter.

(3) The state board shall adopt rules and regulations requiring the submission of such information by each authority including the submission of its proposed budget and a description of its program in support of the application for state financial aid as necessary to enable the state board to determine the need for state aid. [1969 ex.s. c 168 § 37; 1967 c 238 § 51.]

70.94.390 Hearing upon activation of authority—Finding—Assumption of jurisdiction by state board—Expenses. The state board may, at any time and on its own motion, hold a hearing to determine if the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist in any area of the state. Notice of such hearing shall be conducted in accordance with *chapter 42.32 RCW and chapter 34.04 RCW. If at such hearing the state board finds that air pollution exists or is likely to occur in a particular area, and that the purposes of this chapter and the public interest will be best served by the activation of an authority it shall designate the boundaries of such area and set forth in a report to the appropriate county or counties recommendations for the activation of an authority: Provided, That if at such hearing the state board determines that the activation of an authority is not practical or feasible for the reason that a local or regional air pollution control program cannot be successfully established or operated due to unusual circumstances and conditions, but that the control and/or prevention of air pollution...
pollution is necessary for the purposes of this chapter and the public interest, it may assume jurisdiction and so declare by order. Such order shall designate the geographic area in which, and the effective date upon which, the state board will exercise jurisdiction for the control and/or prevention of air pollution. The state board shall exercise its powers and duties in the same manner as if it had assumed authority under RCW 70.94.410.

All expenses incurred by the state board in the control and prevention of air pollution in any county pursuant to the provisions of RCW 70.94.390 and 70.94.410 shall constitute a claim against such county. The state board shall certify the expenses to the auditor of the county, who promptly shall issue his warrant on the county treasurer payable out of the current expense fund of the county. In the event that the amount in the current expense fund of the county is not adequate to meet the expenses incurred by the state board, the state board shall certify to the state treasurer that they have a prior claim on any money in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer as provided in RCW 82.08.170. In the event that the amount in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer is not adequate to meet the expenses incurred by the state board, the state board shall certify to the state treasurer that they have a prior claim on any excess funds from the liquor revolving fund that are to be distributed to that county as provided in RCW 66.08.190 through 66.08.220. All moneys that are collected as provided in this section shall be placed in the general fund in the account of the state air pollution control board. [1969 ex.s. c 168 § 38; 1967 c 238 § 52.]

*Reviser's note: See note (1) following RCW 70.94.141.

70.94.395 Control of particular types or classes of air contaminant sources—Assumption by state board—Hearing—Standards. If the state board finds, after public hearing upon due notice to all interested parties, that the emissions from a particular type or class of air contaminant source should be regulated on a state-wide basis in the public interest and for the protection of the welfare of the citizens of the state, it may adopt and enforce rules and regulations to control and/or prevent the emission of air contaminants from such source: Provided, That an authority may, after public hearing and a finding by the board of a need for more stringent rules and regulations than those adopted by the state board under this section, propose the adoption of such rules and regulations by the state board for the control of emissions from the particular type or class or air contaminant source within the geographical area of the authority. The state board shall hold a public hearing and shall adopt the proposed rules and regulations within the area of the requesting authority, unless it finds that the proposed rules and regulations are inconsistent with the rules and regulations adopted by the state board under this section: Provided, further, That when such standards are adopted by the state board it shall delegate to the authority all powers necessary for their enforcement at the request of the authority: Provided, That the state board may delegate the responsibility for the enforcement of such rules and regulations to any authority which it deems capable of enforcing such regulations: Provided further, That if after public hearing the state board finds that the regulation on a state-wide basis of a particular type of class of air contaminant source is no longer required for the public interest and the protection of the welfare of the citizens of the state, the state board may relinquish exclusive jurisdiction over such source. [1969 ex.s. c 168 § 39; 1967 c 238 § 53.]

70.94.400 Order activating authority—Filing—Amendment of order. If, at the end of ninety days after the state board issues a report as provided for in RCW 70.94.390, to appropriate county or counties recommending the activation of an authority such county or counties have not performed those actions recommended by the state board, and the state board is still of the opinion that the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist, then the state board may, at its discretion, issue an order activating an authority. Such order, a certified copy of which shall be filed with the secretary of state, shall specify the participating county or counties and the effective date by which the authority shall begin to function and exercise its powers. Any authority activated by order of the state board shall choose the members of its board as provided in RCW 70.94.100 and begin to function in the same manner as if it had been activated by resolutions of the county or counties included within its boundaries. The state board may, upon due notice to all interested parties, conduct a hearing in accordance with *chapter 42.32 RCW and chapter 34.04 RCW within six months after the order was issued to review such order and to ascertain if such order is being carried out in good faith. At such time the state board may amend any such order issued if it is determined by the state board that such order is being carried out in bad faith or the state board may take the appropriate action as is provided in RCW 70.94.410. [1969 ex.s. c 168 § 40; 1967 c 238 § 54.]

*Reviser's note: See note (1) following RCW 70.94.141.

70.94.405 Hearing on effectiveness of prevention and control program—Report. At any time after an authority has been activated for no less than one year, the state board may, on its own motion, conduct a hearing held in accordance with *chapter 42.32 RCW and chapter 34.04 RCW, as now or hereafter amended to determine whether or not the air pollution prevention and control program of such authority is being carried out in good faith and is as effective as possible under the circumstances: Provided, That no such hearing shall be held within one year of June 8, 1967. If at such hearing the board finds that such authority is not carrying out its air pollution control or prevention program in good faith, or is not doing all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, it shall set forth in a (1981 Ed.)

report to the appropriate authority: (1) Its recommendations as to how air pollution prevention and/or control might be more effectively accomplished; and (2) guidelines which will assist the authority in carrying out the recommendations of the state board. [1969 ex.s. c 168 § 41; 1967 c 238 § 55.]

*Reviser's note: See note (1) following RCW 70.94.141.

70.94.410 Assumption of control by state board, when—Reestablishment of program—Withdrawal of state board. (1) If, after thirty days from the time that the state board issues a report or order to an authority under RCW 70.94.400 and 70.94.405, such authority has not taken any action which indicates that it is attempting in good faith to implement the recommendations or actions of the state board as set forth in the report or order, the state board may, by order, declare as null and void any or all ordinances, resolutions, rules or regulations of such authority relating to the control and/or prevention of air pollution, and at such time the state board shall become the sole body with authority to make and enforce rules and regulations to the control and/or prevention of air pollution within the geographical area of such authority. In this connection the state board may assume all those powers which are given to it by law to effectuate the purposes of this chapter. The state board may, by order, continue in effect and enforce those provisions of the ordinances, resolutions, or rules and regulations of such authority which are not less stringent than those requirements which the state board may have found applicable to the area under RCW 70.94.331 until such time as the board adopts its own rules and regulations. Any rules and regulations promulgated and any enforcement action, as provided in RCW 70.94.333, taken by the state board shall be subject to the provisions of chapter 34.04 RCW as it now appears or may hereinafter be amended and subject to RCW 70.94.425 and 70.94.435 to the extent that they are not inconsistent with chapter 34.04 RCW.

(2) No provision of this chapter is intended to prohibit any authority from reestablishing its air pollution control program which meets with the approval of the state board and which complies with the purposes of this chapter and with applicable rules and regulations and orders of the state board.

(3) Nothing in this chapter shall prevent the state board from withdrawing the exercise of its jurisdiction over an authority upon its own motion: Provided, That the state board has found at a hearing held in accordance with *chapter 42.32 RCW and chapter 34.04 RCW as now or hereafter amended, that the air pollution prevention and control program of such authority will be carried out in good faith or that such program will do all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction. Upon the withdrawal of the state board, the state board shall prescribe certain recommendations as to how air pollution prevention and/or control is to be effectively accomplished and guidelines which will assist the authority in carrying out the recommendations of the state board. [1969 ex.s. c 168 § 42; 1967 c 238 § 56.]

*Reviser's note: See note (1) following RCW 70.94.141.

70.94.420 Cooperation by state departments and agencies—Potential pollution sources—Permits. (1) It is declared to be the intent of the legislature of the state of Washington that any state department or agency having jurisdiction over any building, installation, or other property shall cooperate with the state board and with air pollution control agencies in preventing and/or controlling the pollution of the air in any area insofar as the discharge of the matter from or by such building, installation, or other property may cause or contribute to pollution of the air in such area. Such state department or agency shall comply with the provisions of this chapter and with any ordinance, resolution, rule or regulation issued hereunder in the same manner as any other person subject to such laws, rules or regulations.

(2) In addition to its other powers and duties prescribed by law, the state board may establish classes of potential pollution sources for which any state department or agency having jurisdiction over any building, installation, or other property, which is not located within the geographical boundaries of any authority which has an air pollution control and/or prevention program in effect, shall, before discharging any matter into the air, obtain a permit from the state board for such discharge, such permits to be issued for a specified period of time to be determined by the state board and subject to revocation if the state board finds that such discharge is endangering the health and welfare of any persons. Such permits may also be required for any such building, installation, or other property which is located within the geographical boundaries of any authority which has an air pollution control and prevention program in effect if the standards set by the state board for state departments and agencies are more stringent than those of the authority. In connection with the issuance of any permits under this section, there shall be submitted to the state board such plans, specifications, and other information as it deems relevant thereto and under such other conditions as it may prescribe. [1969 ex.s. c 168 § 44; 1967 c 238 § 58.]

70.94.425 Restraining orders—Injunctions. Notwithstanding the existence or use of any other remedy, whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provision of this chapter, or any rule, regulation or order issued thereunder, the governing body or board or the state board, after notice to such person and an opportunity to comply, may petition the superior court of the county wherein the violation is alleged to be occurring or to have occurred for a restraining order or a temporary or permanent injunction or another appropriate order. [1967 c 238 § 60.]

70.94.430 Penalties. Any person who violates any of the provisions of this chapter, or any ordinance, resolution, rule or regulation in force pursuant thereto, other
than RCW 70.94.205, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than two hundred fifty dollars, or by imprisonment for not more than ninety days, or by both fine and imprisonment for each separate violation. Each day upon which such violation occurs shall constitute a separate violation.

Any person who wilfully violates any of the provisions of this chapter or any ordinance, resolution, rule or regulation in force pursuant thereto shall be guilty of a gross misdemeanor. Each day upon which such wilful violation occurs shall constitute a separate offense. Upon conviction the offender shall be punished by a fine of not less than one hundred dollars for each offense.

Any person who wilfully violates RCW 70.94.205 or any other provision of this act shall be guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment for a term of not more than one year or by both fine and imprisonment. [1973 1st ex.s. c 176 § 1; 1967 c 238 § 61.]

*Reviser's note: "this act" apparently consists of the amendments to RCW 70.94.430 and 70.94.431 by 1973 1st ex.s. c 176.

70.94.431 Additional or alternative penalty—Enforcement. In addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of chapter 70.94 RCW or any of the rules and regulations of the department or the board shall incur a penalty in the form of a fine in an amount not to exceed two hundred fifty dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation.

Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalty shall become due and payable when the person incurring the same receives a notice in writing from the director or his designee or the control officer of the authority or his designee describing the violation with reasonable particularity and advising such person that the penalty is due unless a request is made for a hearing to the hearings board as provided for in chapter 43.21B RCW. When a request is made for a hearing, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order affirming the penalty in whole or in part. If the amount of such penalty is not paid to the department or the board within thirty days after it becomes due and payable, and a request for a hearing has not been made, the attorney general, upon the request of the director or his designee, or the attorney for the local authority, upon request of the board or control officer, shall bring an action to recover such penalty in the superior court of the county in which the violation occurred. All penalties recovered under this section by the state board shall be paid into the state treasury and credited to the general fund or, if recovered by the authority, shall be paid into the treasury of the authority and credited to its funds.

To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050.

In all actions brought in the superior court for the recovery of penalties hereunder, the procedure and rules of evidence shall be the same as in an ordinary civil action. [1973 1st ex.s. c 176 § 2; 1969 ex.s. c 168 § 53.]

70.94.435 Additional means for enforcement of chapter. As an additional means of enforcing this chapter, the governing body or board may accept an assurance of discontinuance of any act or practice deemed in violation of this chapter or of any ordinance, resolution, rule or regulation adopted pursuant hereto, from any person engaging in, or who has engaged in, such act or practice. Any such assurance shall specify a time limit during which such discontinuance is to be accomplished. Failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of this chapter or the ordinances, resolutions, rules or regulations, or order issued pursuant thereto, which make the alleged act or practice unlawful for the purpose of securing any injunction or other relief from the superior court as provided in RCW 70.94.425. [1967 c 238 § 62.]

70.94.440 Short title. This chapter may be known and cited as the "Washington Clean Air Act". [1967 c 238 § 63.]

70.94.445 Air pollution control facilities—Tax exemptions and credits. See chapter 82.34 RCW.

70.94.510 Policy to cooperate with federal government. It is declared to be the policy of the state of Washington through the state air pollution control board to cooperate with the federal government in order to insure the coordination of the provisions of the federal and state clean air acts, and the state air pollution control board is authorized and directed to implement and enforce the provisions of this chapter in carrying out this policy as follows:

(1) To accept and administer grants from the federal government for carrying out the provisions of this chapter.

(2) To take all action necessary to secure to the state the benefits of the federal clean air act. [1969 ex.s. c 168 § 45.]

70.94.600 Reports of authorities to department of ecology—Contents. All authorities in the state shall submit quarterly reports to the department of ecology detailing the current status of air pollution control regulations in the authority and, by county, the progress made toward bringing all sources in the authority into compliance with authority standards. [1979 ex.s. c 30 § 14; 1969 ex.s. c 168 § 52.]
70.94.640 Odors caused by agricultural activities consistent with good agricultural practices exempt from chapter. (1) Odors caused by agricultural activity consistent with good agricultural practices on agricultural land are exempt from the requirements of this chapter unless they have a substantial adverse effect on public health. In determining whether agricultural activity is consistent with good agricultural practices, the department of ecology or board of any authority shall consult with a recognized third-party expert in the activity prior to issuing any notice of violation.

(2) Any notice of violation issued under this chapter pertaining to odors caused by agricultural activity shall include a statement as to why the activity is inconsistent with good agricultural practices, or a statement that the odors have substantial adverse effect on public health.

(3) In any appeal to the pollution control hearings board or any judicial appeal, the agency issuing a final order pertaining to odors caused by agricultural activity shall prove the activity is inconsistent with good agricultural practices or that the odors have a substantial adverse impact on public health.

(4) If a person engaged in agricultural activity on a contiguous piece of agricultural land sells or has sold a portion of that land for residential purposes, the exemption of this section shall not apply.

(5) As used in this section:

(a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, grain, mint, hay, and dairy products.

(b) "Good agricultural practices" means economically feasible practices which are customary among or appropriate to farms and ranches of a similar nature in the local area.

(c) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock or agricultural commodities. [1981 c 297 § 30.]

Legislative finding, intent—1981 c 297: "The legislature finds that agricultural land is essential to providing citizens with food and fiber and to insuring aesthetic values through the preservation of open spaces in our state. The legislature further finds that government regulations can cause agricultural land to be converted to nonagricultural uses. The legislature intends that agricultural activity consistent with good practices be protected from government over-regulation." [1981 c 297 § 29.]

Reviser's note: The above legislative finding and intent section apparently applies to sections 30 and 31 of chapter 297, Laws of 1981, which sections have been codified pursuant to legislative direction as RCW 70.94.640 and 90.48.450, respectively.

Severability—1981 c 297: See note following RCW 15.36.110.

70.94.650 Burning permits for weed abatement, instruction or agricultural activities—Issuance—Activities exempted from requirement. Any person who proposes to set fires in the course of the following:

(1) Weed abatement,

(2) Instruction in methods of fire fighting (except forest fires), or

(3) Disease prevention relating to agricultural activities, shall, prior to carrying out the same, obtain a permit from an air pollution control authority or the department of ecology, as appropriate. Each such authority and the department of ecology shall, by rule or ordinance, establish a permit system to carry out the provisions of this section except as provided in RCW 70.94.660. General criteria of state-wide applicability for ruling on such permits shall be established by the department, by rule or regulation, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both: Provided, That all permits so issued shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise the applicant is engaged in. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses or other approvals required by any other law: Provided further, That an application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, and development of physiological conditions conducive to increased crop yield, shall be granted within fourteen days from the date such application is filed: Provided, That nothing herein shall prevent a householder from setting fire in the course of burning leaves, clippings or trash when otherwise permitted locally. Nothing contained herein shall prohibit Indian campfires or the sending of smoke signals if part of a religious ritual. [1971 ex.s. c 232 § 1.]

70.94.654 Delegation of permit issuance and enforcement to counties. Whenever the department of ecology shall find that any county which is outside the jurisdictional boundaries of an activated air pollution control authority is capable of effectively administering the issuance and enforcement of permits for any or all of the kinds of burning identified in RCW 70.94.650(1) and (3) and desirous of doing so, the department of ecology may delegate all powers necessary for the issuance and enforcement of permits for any or all of the kinds of burning to the county: Provided, That such delegation may be withdrawn by the department of ecology upon a finding that the county is not effectively administering the permit program. [1973 1st ex.s. c 193 § 6.]

70.94.656 Open burning of field and turf grasses grown for seed—Alternatives—Studies—Funding—Procedures—Limitations. It is hereby declared to be the policy of this state that strong efforts should be made to minimize adverse effects on air quality from the open burning of field and turf grasses grown for seed. To such end this section is intended to promote the development of economical and practical alternate agricultural practices to such burning, and to provide for interim
regulation of such burning until practical alternates are found.

(1) The department shall approve of a study or studies for the exploration and identification of economical and practical alternate agricultural practices to the open burning of field and turf grasses grown for seed. Prior to the issuance of any permit for such burning under RCW 70.94.650, there shall be collected a fee not to exceed fifty cents per acre of crop to be burned. Any such fees received by any authority shall be transferred to the department of ecology. The department of ecology shall deposit all such acreage fees in a special grass seed burning research account, hereby created, in the general fund. The department shall allocate moneys annually from this account for the support of any approved study or studies as provided for in this subsection. For the conduct of any such study or studies, the department may contract with public or private entities: Provided, That whenever the department of ecology shall conclude that sufficient reasonably available alternates to open burning have been developed, and at such time as all costs of any studies have been paid, the grass seed burning research account shall be dissolved, and any money remaining therein shall revert to the general fund.

(2) Whenever on the basis of information available to it, the department after public hearings have been conducted wherein testimony will be received and considered from interested parties wishing to testify shall conclude that any procedure, program, technique, or device constitutes a practical alternate agricultural practice to the open burning of field or turf grasses grown for seed, the department shall, by order, certify approval of such alternate. Thereafter, in any case which any such approved alternate is reasonably available, the open burning of field and turf grasses grown for seed shall be disallowed and no permit shall issue therefor.

(3) Until approved alternates become available, the department or the authority may limit the number of acres on a pro rata basis among those affected for which permits to burn will be issued in order to effectively control emissions from this source.

(4) Permits issued for burning of field and turf grasses may be conditioned to minimize emissions insofar as practical, including denial of permission to burn during periods of adverse meteorological conditions. [1973 1st ex.s. c 193 § 7.]

Grass burning research advisory committee: Chapter 43.21E RCW.

**70.94.660 Burning permits for abating or prevention of forest fire hazards, instruction or silvicultural operations—Issuance.** The department of natural resources shall have the responsibility for issuing and regulating burning permits required by it relating to the following activities declared to be for the protection of life or property and/or in the public welfare:

(1) Abating a forest fire hazard;
(2) Prevention of a fire hazard;
(3) Instruction of public officials in methods of forest fire fighting; and
(4) Any silvicultural operation to improve the forest lands of the state. [1971 ex.s. c 232 § 2.]

(1981 Ed.)

**Burning permits, issuance, air pollution a factor: RCW 76.04.150, 76.04.170.**

**Disposal of forest debris: RCW 76.04.310.**

**70.94.670 Burning permits for abating or prevention of forest fire hazards, instruction or silvicultural operations—Conditions for issuance and use of permits—Air quality standards to be met—Alternate methods to lessen forest debris.** The department of natural resources in granting burning permits for fires for the purposes set forth in RCW 70.94.660 shall condition the issuance and use of such permits to comply with air quality standards established by the department of ecology after full consultation with the department of natural resources. Such burning shall not cause the state air quality standards for suspended particulate matter to be exceeded in the ambient air up to two thousand feet above ground level over critical areas designated by the department of ecology, otherwise subject to air pollution from other sources. Air quality standards for suspended particulate matter shall be established and published by the department of ecology which shall also establish a procedure for advising the department of natural resources when the air exceeds or threatens to exceed the standards over such critical areas. The suspended particulate matter shall be quantitatively measured by the department of ecology or the appropriate local air pollution control authority at established primary air mass stations or primary ground level monitoring stations over such designated areas. The department of natural resources shall set forth smoke dispersal objectives designed to minimize any air pollution from smoke from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging to reduce forest fire hazards and shall encourage development and use of procedures and equipment to burn forest debris in a manner that will produce less smoke. The department of natural resources shall, whenever practical, encourage development and use of alternative acceptable disposal methods. Such alternative methods shall be evaluated as to the relative impact on air, water and land pollution, and their financial feasibility. [1971 ex.s. c 232 § 3.]

**70.94.680 Extension of burning permit requirements.** The department of natural resources may extend burning permit requirements to cover the types of burning set forth in RCW 70.94.650 through 70.94.700 during the period from October 15 through March 15 in order to protect the air quality, and shall extend such requirements if the department of ecology deems such action necessary to avoid an air pollution emergency where there is a high danger that normal operations at air contaminant sources in the area will be detrimental to the public health or safety. [1971 ex.s. c 232 § 4.]

**70.94.690 Cooperation between department of natural resources and state, local, or regional air pollution authorities—Withholding of permits.** In the regulation
of outdoor burning not included in RCW 70.94.660 requiring permits from the department of natural resources, said department and the state, local, or regional air pollution control authorities will cooperate in regulating such burning so as to minimize insofar as possible duplicate inspections and separate permits while still accomplishing the objectives and responsibilities of the respective agencies.

Permits shall be withheld by the department of natural resources when so requested by the department of ecology if a forecast, alert, warning or emergency condition exists as defined in the episode criteria of the department of ecology. [1971 ex.s. c 232 § 5.]

70.94.700 Rules and regulations. The department of natural resources and the department of ecology may adopt rules and regulations necessary to implement their respective responsibilities under the provisions of RCW 70.94.650 through 70.94.700. [1971 ex.s. c 232 § 6.]

70.94.710 Air pollution episodes—Legislative finding—Declaration of policy. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety. [1971 ex.s. c 194 § 1.]

70.94.715 Air pollution episodes—Episode avoidance plan—Contents—Source emission reduction plans—Authority—Considered orders. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the phased reduction of emissions wherever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective state-wide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.04 RCW, shall include, but not be limited to the following:

1. The designation of episode criteria and stages, the occurrence of which will require the carrying out of preplanned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. "Forecast" means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. "Alert" means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. "Warning" means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. "Emergency" means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

2. The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;

3. Provision for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, on the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

4. Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with applicable source emission reduction plans;

5. Provisions for enforcement by state and local police, personnel of the departments of ecology and social and health services, and personnel of local air pollution control agencies; and

6. Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in RCW 70.94.720.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the procedure in chapter 43.21B RCW. [1971 ex.s. c 194 § 2.]

70.94.720 Air pollution episodes—Declaration of air pollution emergency by governor. Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air
pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative. [1971 ex.s. c 194 § 3.]

70.94.725 Air pollution episodes—Restraining orders, temporary injunctions to enforce orders—Procedu-re. Whenever any order has been issued pursuant to RCW 70.94.710 through 70.94.730, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety. [1971 ex.s. c 194 § 4.]

70.94.730 Air pollution episodes—Orders to be effective immediately. Orders issued to declare any stage of an air pollution episode avoidance plan under RCW 70.94.715, and to declare an air pollution emergency, under RCW 70.94.720, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions, according to RCW 70.94.715 and 70.94.720 shall be effective immediately and shall not be stayed pending completion of review. [1971 ex.s. c 194 § 5.]

70.94.740 Limited outdoor burning—Policy. It is the policy of the state to achieve and maintain high levels of air quality and to this end to minimize to the greatest extent reasonably possible the burning of outdoor fires. Consistent with this policy, the legislature declares that such fires should be allowed only on a limited basis under strict regulation and close control. [1972 ex.s. c 136 § 1.]

70.94.745 Limited outdoor burning—Program. It shall be the responsibility and duty of the department of natural resources, department of ecology, fire districts and local air pollution control authorities to establish, through regulations, ordinances or policy, a limited burning program for the people of this state, consisting of a one-permit system, until such time as an alternate technology or method of disposing of the organic refuse described in this chapter shall have been developed which is reasonably economical and less harmful to the environment. It is the policy of this state to encourage the fostering and development of such alternate method or technology. [1972 ex.s. c 136 § 2.]

70.94.750 Limited outdoor burning—Fires permitted. The following outdoor fires described in this section may be burned subject to the provisions of the program established pursuant to RCW 70.94.755 for any area and subject to city ordinances, county resolutions, and rules and regulations of fire districts and laws and rules and regulations enforced by the department of natural resources:

1. Fires consisting of leaves, clippings, prunings and other yard and gardening refuse originating on lands immediately adjacent and in close proximity to a human dwelling and burned on such lands by the property owner or his designee.

2. Fires consisting of residue of a natural character such as trees, stumps, shrubbery or other natural vegetation arising from land clearing projects or agricultural pursuits for pest or disease control; provided the fires described in this subsection may be prohibited in those areas having a general population density of one thousand or more persons per square mile. [1972 ex.s. c 136 § 3.]

70.94.755 Limited outdoor burning—Establishment of program. Each activated air pollution control authority, and the department of ecology in those areas outside the jurisdictional boundaries of an activated air pollution control authority, shall establish, through regulations, ordinances or policy, a program implementing the limited burning policy authorized by RCW 70.94-740 through 70.94.765. [1972 ex.s. c 136 § 4.]

70.94.760 Limited outdoor burning—Construction. Nothing contained in RCW 70.94.740 through 70.94.765 is intended to alter or change the provisions of RCW 70.94.660, 70.94.710 through 70.94.730, and 76.04.150 through 76.04.170. [1972 ex.s. c 136 § 5.]

70.94.765 Limited outdoor burning—Authority of local air pollution control authority or department of ecology to allow outdoor fires not restricted. Nothing in RCW 70.94.740 through 70.94.765 shall be construed as prohibiting a local air pollution control authority or the department of ecology in those areas outside the jurisdictional boundaries of an activated pollution control authority from allowing the burning of outdoor fires. [1972 ex.s. c 136 § 6.]

70.94.770 Burning wood by resident of single family residence. Except as provided in RCW 70.94.775 and 70.94.780, nothing in this chapter or in regulations implementing this chapter shall prevent a resident of a single family residence from burning wood, so long as it has...
not been treated by an application of prohibitive material or substances, and natural vegetation in the course of maintaining or improving the grounds of such residence: Provided, That the department of ecology or board of any authority may set conditions for such burning so as to reduce the impact on air quality. [1973 1st ex.s. c 193 § 8.]

70.94.775 Outdoor burning—Fires prohibited—Exceptions. No person shall cause or allow any outdoor fire:

1. Containing garbage, dead animals, asphalt, petroleum products, paints, rubber products, plastics, or any substance other than natural vegetation which normally emits dense smoke or obnoxious odors except as provided in RCW 70.94.650: Provided, That agricultural heating devices which otherwise meet the requirements of this chapter shall not be considered outdoor fires under this section;

2. During a forecast, alert, warning or emergency condition as defined in RCW 70.94.715;

3. In any area which has been designated by the department of ecology or board of an activated authority as an area exceeding or threatening to exceed state or federal ambient air quality standards, or after July 1, 1976, state ambient air quality goals for particulates, except instructional fires permitted by RCW 70.94.650(2). [1974 ex.s. c 164 § 1; 1973 2nd ex.s. c 11 § 1; 1973 1st ex.s. c 193 § 9.]

70.94.780 Outdoor burning—Regulation and prohibition. In addition to any other powers granted to them by law, the fire protection agency authorized to issue burning permits may regulate or prohibit outdoor burning in order to prevent or abate the nuisances caused by such burning. [1973 1st ex.s. c 193 § 10.]

70.94.785 Plans approved pursuant to federal clean air act—Enforcement authority. Notwithstanding any provision of the law to the contrary, except RCW 70.94.660 through 70.94.690, the department of ecology, upon its approval of any plan (or part thereof) required or permitted under the federal clean air act, shall have the authority to enforce all regulatory provisions within such plan (or part thereof): Provided, That departmental enforcement of any such provision which is within the power of an activated authority to enforce shall be initiated only, when with respect to any source, the authority is not enforcing the provisions and then only after written notice is given the authority. [1973 1st ex.s. c 193 § 11.]

70.94.901 Construction—1967 c 238. This 1967 amendatory act shall not be construed to create in any way nor to enlarge, diminish or otherwise affect in any way any private rights in any civil action for damages. Any determination that there has been a violation of the provisions of this 1967 amendatory act or of any ordinance, rule, regulation or order issued pursuant thereto, shall not create by reason thereof any presumption or finding of fact or of law for use in any lawsuit brought by a private citizen. [1967 c 238 § 65.]

70.94.902 Construction, repeal of RCW 70.94.061—70.94.066—Saving. The following acts or parts of acts are each repealed:

1. Section 7, chapter 238, Laws of 1967, and RCW 70.94.061;

2. Section 8, chapter 238, Laws of 1967, and RCW 70.94.062;

3. Section 9, chapter 238, Laws of 1967, and RCW 70.94.064; and

4. Section 10, chapter 238, Laws of 1967, and RCW 70.94.066.

Such repeals shall not be construed as affecting any authority in existence on April 24, 1969, nor as affecting any action, activities or proceedings initiated by such authority prior hereto, nor as affecting any civil or criminal proceedings instituted by such authority, nor any rule, regulation, resolution, ordinance, or order promulgated by such authority, nor any administrative action taken by such authority, nor the term of office, or appointment or employment of any person appointed or employed by such authority. [1969 ex.s. c 168 § 46.]

70.94.911 Severability—1967 c 238. If any phrase, clause, subsection or section of this 1967 amendatory act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the act shall not be affected as a result of said part being held unconstitutional or invalid. [1967 c 238 § 64.]

70.95.010 Legislative finding. The legislature finds:
(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs. [1975-’76 2nd ex.s. c 41 § 1; 1969 ex.s. c 134 § 1.]

70.95.020 Purpose. The purpose of this chapter is to establish a comprehensive state-wide program for solid waste handling, and solid waste recovery and/or recycling which will prevent land, air, and water pollution and conserve the natural, economic, and energy resources of this state. To this end it is the purpose of this chapter:

(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;

(2) To provide for adequate planning for solid waste handling by local government;

(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling;

(4) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs;

Any
person violating this section shall be guilty of a misde­meanor. [1969 ex.s. c 134 § 24.]

70.95.250 Name appearing on waste material— Presumption. Whenever solid wastes dumped in violation of RCW 70.95.240 contain three or more items bearing the name of one individual, there shall be a rebuttable presumption that the individual whose name appears on such items committed the unlawful act of dumping. 70.95A.010 Legislative declaration—Liberal construction. The legislature finds:
(1) That environmental damage seriously endangers the public health and welfare;
(2) That such environmental damage results from air, water, and other resources pollution and from solid waste disposal, noise and other environmental problems;
(3) That to abate or control such environmental damage antipollution devices, equipment, and facilities must be acquired, constructed and installed;
(4) That the tax exempt financing permitted by Section 103 of the Internal Revenue Code of 1954, as amended, and authorized by this chapter results in lower costs of installation of pollution control facilities;
(5) That such lower costs benefit the public with no measurable cost impact;
(6) That the method of financing provided in this chapter is in the public interest and its use serves a public purpose in (a) protecting and promoting the health and welfare of the citizens of the cities, towns, counties, and port districts and of this state by encouraging and accelerating the installation of facilities for abating or controlling and preventing environmental damage and (b) in attracting and retaining environmentally sound industry in this state which reduces unemployment and provides a more diversified tax base.

(3) To issue revenue bonds for the purpose of defraying the cost of acquiring or improving any facility or facilities or refunding any bonds issued for such purpose and to secure the payment of such bonds as provided in this chapter. Revenue bonds may be issued in one or more series or issues where deemed advisable, and each

70.95A.050 Revenue bonds—Security—Default—Authorization proceedings. (1) The principal of and interest on any bonds issued under the authority of this chapter (a) shall be secured by a pledge of the revenues derived from the sale or lease of the facilities out of which such bonds shall be made payable, (b) may be secured by a mortgage covering all or any part of the facilities, (c) may be secured by a pledge or assignment of the lease of such facilities, or (d) may be secured by a trust agreement or such other security device as may be deemed most advantageous by the governing body.

(2) The proceedings under which the bonds are authorized to be issued under the provisions of this chapter, and any mortgage given to secure the same may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting (a) the fixing and collection of rents for any facilities covered by such proceedings or mortgage, (b) the terms to be incorporated in the lease of such facilities, (c) the maintenance and insurance of such facilities, (d) the creation and maintenance of special funds from the revenues of such facilities, and (e) the rights and remedies available in the event of a default to the bondholders or
to the trustee under a mortgage or trust agreement, all
as the governing body shall deem advisable and as shall

*Provided,* That in making any such agreements or provi-
sions a municipality shall not have the power to obligate
itself except with respect to the facilities and the appli-
cation of the revenues therefrom, and shall not have the
power to incur a pecuniary liability or a charge upon its
general credit or against its taxing powers.

(3) The proceedings authorizing any bonds under
the provisions of this chapter and any mortgage securing

in such proceedings or mortgage, such payment and per-

in any other manner now or hereafter permitted by law.
Such mortgage may also provide that any trustee under
such mortgage or the holder of any of the bonds secured
thereby may become the purchaser at any foreclosure

such agreement shall impose any pecuniary liability
upon a municipality or any charge upon their general
credit or against their taxing powers.

(5) The proceedings authorizing the issuance of bonds

facilities, the proceeds of the sale of any part of a facili-

the principal and interest on the bonds issued to fi-

(c) to build up and maintain any reserves deemed by the
governing body to be advisable in connection therewith,
and (d) unless the agreement of lease obligates the les-

cilities, to pay the costs of maintaining the facilities in
good repair and keeping the same properly insured.
Subject to the limitations of this chapter, the lease or
extensions or modifications thereof may contain such
other terms and conditions as may be mutually accepta-

sions of law relating to the sale of property owned by
municipalities, such lease may contain an option for the
lessees to purchase the facilities on such terms and con-

acceptable to the parties. [1973 c 132 § 7.]

**70.95A.070 Facilities—Revenue bonds—Re-

sions of this chapter and at any time outstanding may at
any time and from time to time be refunded by a mu-

amount as the governing body may deem necessary but
not exceeding an amount sufficient to refund the prin-
cipal of the bonds to be so refunded, together with any
unpaid interest thereon and any premiums and commis-
sions necessary to be paid in connection therewith: 
*Provided,* That an issue of refunding bonds may be
combined with an issue of additional revenue bonds on
any facilities. Any such refunding may be effected
whether the bonds to be refunded shall have then ma-
tured or shall thereafter mature, either by sale of the
refunding bonds and the application of the proceeds
thereof for the payment of the bonds to be refunded
thereby, or by exchange of the refunding bonds for the
bonds to be refunded thereby: *Provided further,* That the
holders of any bonds to be so refunded shall not be com-
pelled without their consent to surrender their bonds
for payment or exchange except on the terms expressed
on the face thereof. Any refunding bonds issued under
the authority of this chapter shall be subject to the pro-

(5) The department shall prepare, publish, and distribute annually a list of all approved public and private treatment facilities.

(6) The department may contract for the use of any facility as an approved public treatment facility if the secretary, subject to the policies of the department, considers this to be an effective and economical course to follow. [1972 ex.s. c 122 § 8.]

70.96A.090 Standards for public and private treatment facilities—Enforcement procedures—Penalties. (1) The department shall establish standards for approved treatment facilities that must be met for a treatment facility to be approved as a public or private treatment facility, and fix the fees to be charged by the department for the required inspections. (2) The department periodically shall inspect approved public and private treatment facilities at reasonable times and in a reasonable manner.

(3) The department shall maintain a list of approved public and private treatment facilities at reasonable times and in a reasonable manner.

(4) Each approved public and private treatment facility shall file with the department on request, data, statistics, schedules, and information the department reasonably requires. An approved public or private treatment facility that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may be removed from the list of approved treatment facilities, and its approval revoked or suspended.

[1972 ex.s. c 122 § 9.]

70.96A.100 Acceptance for treatment—Rules. The secretary shall adopt and may amend and repeal rules for acceptance of persons into the treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of alcoholics, persons incapacitated by alcohol, and intoxicated persons. In establishing the rules, the secretary shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient or intermediate treatment, unless he is found to require inpatient treatment.

(3) A person shall not be denied treatment solely because he has withdrawn from treatment against medical advice on a prior occasion or because he has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and utilize other appropriate treatment. [1972 ex.s. c 122 § 10.]

70.96A.110 Voluntary treatment of alcoholics. (1) An alcoholic may apply for voluntary treatment directly to an approved treatment facility. If the proposed patient is a minor or an incompetent person, he, a parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the secretary, the administrator in charge of an approved treatment facility may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment facility, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment facility for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved treatment facility, he shall be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the administrator in charge of the treatment facility that the patient is an alcoholic who requires help, the department may arrange for assistance in obtaining supportive services and residential facilities.

(4) If a patient leaves an approved public treatment facility, with or against the advice of the administrator in charge of the facility, the department may make reasonable provisions for his transportation to another facility or to his home. If he has no home he should be assisted in obtaining shelter. If he is less than fourteen years of age or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he was the original applicant. [1972 ex.s. c 122 § 11.]

70.96A.120 Treatment and services for intoxicated persons and persons incapacitated by alcohol. (1) An intoxicated person may come voluntarily to an approved treatment facility for treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he consents to the proffered help, may be assisted to his home, an approved treatment facility or other health facility.

(2) Except for a person who may be apprehended for possible violation of laws not relating to alcoholism or

[Title 70 RCW—p 152]
intoxication and except for a person who may be apprehended for possible violation of laws relating to driving or being in physical control of a vehicle while intoxicated and except for a person who may wish to avail himself of the provisions of RCW 46.20.308, a person who appears to be incapacitated by alcohol and who is in a public place or who has threatened, attempted, or inflicted physical harm on another, shall be taken into protective custody by the police or the emergency service patrol and as soon as practicable, but in no event beyond eight hours brought to an approved treatment facility for treatment. If no approved treatment facility is readily available he shall be taken to an emergency medical service customarily used for incapacitated persons. The police or the emergency service patrol, in detaining the person and in taking him to an approved treatment facility, is taking him into protective custody and shall make every reasonable effort to protect his health and safety. In taking the person into protective custody, the detaining officer or member of an emergency patrol may take reasonable steps including reasonable force if necessary to protect himself or effect the custody. A taking into protective custody under this section is not an arrest. No entry or other record shall be made to indicate that the person has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved treatment facility shall be examined by a qualified person. He may then be admitted as a patient or referred to another health facility, which provides emergency medical treatment, where it appears that such treatment may be necessary. The referring approved treatment facility shall arrange for his transportation.

(4) A person who is found to be incapacitated by alcohol at the time of his admission or to have become incapacitated at any time after his admission, may not be detained at the facility (a) once he is no longer incapacitated by alcohol, and (b) if he remains incapacitated by alcohol for more than forty-eight hours after admission as a patient, unless a petition is filed under RCW 70.96A.140, as now or hereafter amended: Provided, That the treatment personnel at the facility are authorized to use such reasonable physical restraint as may be necessary to retain a person incapacitated by alcohol at such facility for up to forty-eight hours from the time of admission. A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved treatment facility, is not referred to another health facility, and has no funds, may be taken to his home, if any. If he has no home, the approved treatment facility shall assist him in obtaining shelter.

(6) If a patient is admitted to an approved treatment facility, his family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his request shall be respected.

(7) The police, members of the emergency service, or treatment facility personnel, who in good faith act in compliance with this chapter are performing in the course of their official duty and are not criminally or civilly liable therefor.

(8) If the person in charge of the approved treatment facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment. [1977 ex.s. c 62 § 1; 1974 ex.s. c 175 § 1; 1972 ex.s. c 122 § 12.]

70.96A.140 Involuntary commitment of alcoholics.

(1) When the person in charge of a treatment facility, or his designee, receives information alleging that a person is incapacitated as a result of alcoholism, the person in charge, or his designee, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court. The petition shall allege that the person is an alcoholic who is incapacitated by alcohol, or that the person has twice before in the preceding twelve months been admitted for the voluntary treatment for alcoholism pursuant to RCW 70.96A.110 and is in need of a more sustained treatment program, or that the person is an alcoholic who has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within two days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the physician's findings in support of the allegations of the petition. A physician employed by the petitioning facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than five and no more than ten days after the date the petition was filed unless the person petitioned against is presently being detained by the facility, pursuant to RCW 70.96A.120, as now or hereafter amended, in which case the hearing shall be held within forty-eight hours of the filing of the petition: Provided, however, That the above specified forty-eight hours shall be computed by including Saturdays but excluding Sundays and holidays: Provided further, That the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the treatment facility on the person whose commitment is sought, his next of kin, a parent or his legal guardian if he is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least...
one licensed physician who has examined the person whose commitment is sought. The person shall be present unless the court believes that his presence is likely to be injurious to him; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he shall be given an opportunity to be examined by a court appointed licensed physician. If he refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment facility. It shall not order commitment of a person unless it determines that an approved treatment facility is able to provide adequate and appropriate treatment for him and the treatment is likely to be beneficial.

(5) A person committed under this section shall remain in the facility for treatment for a period of thirty days unless sooner discharged. At the end of the thirty day period, he shall be discharged automatically unless the facility, before expiration of the period, files a petition for his recommittment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommittment if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) of this section who has not been discharged by the facility before the end of the ninety day period shall be discharged at the expiration of that period unless the facility, before expiration of the period, obtains a court order on the grounds set forth in subsection (1) of this section for recommittment for a further period not to exceed ninety days. If a person has been committed because he is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommittment if after examination it is determined that the likelihood still exists.

(7) Upon the filing of a petition for recommittment under subsections (5) or (6) of this section, the court shall fix a date for hearing no less than five and no more than ten days after the date the petition was filed: Provided, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment facility on the person whose commitment is sought, his next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommittment, one of his parents or his legal guardian if he is a minor, and his attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(8) The facility shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment facility to another if transfer is medically advisable.

(9) A person committed to the custody of a facility for treatment shall be discharged at any time before the end of the period for which he has been committed and he shall be discharged by order of the court if either of the following conditions are met:

(a) In case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon another, that he is no longer an alcoholic or the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of an alcoholic committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(10) The court shall inform the person whose commitment or recommittment is sought of his right to contest the application, be represented by counsel at every stage of any proceedings relating to his commitment and recommittment, and have counsel appointed by the court or provided by the court, if he wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him regardless of his wishes. The person shall, if he is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommittment is sought shall be informed of his right to be examined by a licensed physician of his choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(11) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(12) The venue for proceedings under this section is the county in which person to be committed resides or is present. [1977 ex.s. c 129 § 1; 1974 ex.s. c 175 § 2; 1972 ex.s. c 122 § 14.]

70.96A.150 Records of alcoholics and intoxicated persons. (1) The registration and other records of treatment facilities shall remain confidential and are privileged to the patient.

(2) Notwithstanding subsection (1) of this section, the secretary may receive information from patients' records for purposes of research into the causes and treatment of alcoholism, and the evaluation of alcoholism and treatment programs. Information under this subsection shall
70.96A.160 Visitation and communication with patients. (1) Subject to reasonable rules regarding hours of visitation which the secretary may adopt, patients in any approved treatment facility shall be granted opportunities for adequate consultation with counsel, and for continuing contact with family and friends consistent with an effective treatment program. (2) Neither mail nor other communication to or from a patient in any approved treatment facility may be intercepted, read, or censored. The secretary may adopt reasonable rules regarding the use of telephone by patients in approved treatment facilities. [1972 ex.s. c 122 § 16.]

70.96A.170 Emergency service patrol—Establishment—Rules. (1) The state and counties, cities and other municipalities may establish or contract for emergency service patrols which are to be under the administration of the appropriate jurisdiction. A patrol consists of persons trained to give assistance in the streets and in other public places to persons who are intoxicated. Members of an emergency service patrol shall be capable of providing first aid in emergency situations and may transport intoxicated persons to their homes and to and from treatment facilities. (2) The secretary shall adopt rules pursuant to chapter 34.04 RCW for the establishment, training, and conduct of emergency service patrols. [1972 ex.s. c 122 § 17.]

70.96A.180 Payment for treatment—Financial ability of patients. (1) If treatment is provided by an approved treatment facility or emergency treatment is provided by a facility under RCW 70.96A.080(2)(a), and the patient has not paid or is unable to pay the charge therefor, the facility is entitled to any payment (a) received by the patient or to which he may be entitled because of the services rendered, and (b) from any public or private source available to the facility because of the treatment provided to the patient. (2) A patient in a facility, or the estate of the patient, or a person obligated to provide for the cost of treatment and having sufficient financial ability, is liable to the facility for cost of maintenance and treatment of the patient therein in accordance with rates established. (3) The secretary shall adopt rules governing financial ability that take into consideration the income, savings and other personal and real property of the person required to pay, and any support being furnished by him to any person he is required by law to support. [1972 ex.s. c 122 § 18.]

70.96A.190 Criminal laws limitations. (1) No county, municipality, or other political subdivision may adopt or enforce a local law, ordinance, resolution, or rule having the force of law that includes drinking, being a common drunkard, or being found in an intoxicated condition as one of the elements of the offense giving rise to a criminal or civil penalty or sanction. (2) No county, municipality, or other political subdivision may interpret or apply any law of general application to circumvent the provisions of subsection (1) of this section. (3) Nothing in this chapter affects any law, ordinance, resolution, or rule against drunken driving, driving under the influence of alcohol, or other similar offense involving the operation of a vehicle, aircraft, boat, machinery, or other equipment, or regarding the sale, purchase, dispensing, possessing, or use of alcoholic beverages at stated times and places or by a particular class of persons; nor shall evidence of intoxication affect, other than as a defense, the application of any law, ordinance, resolution, or rule to conduct otherwise establishing the elements of an offense. [1972 ex.s. c 122 § 19.]

Nuclear, thermal power facilities, joint city, public utility district,
electrical companies development: Chapter 54.44 RCW.

70.98.010 Declaration of policy. It is the policy of the
state of Washington in furtherance of its responsibility
to protect the public health and safety and to encourage,
insofar as consistent with this responsibility, the indus-
trial and economic growth of the state and to institute
and maintain a regulatory and inspection program for
sources and uses of ionizing radiation so as to provide
for (1) compatibility with the standards and regulatory
programs of the federal government, (2) a single, effec-
tive system of regulation within the state, and (3) a sys-
tem consonant insofar as possible with those of other
states. [1975—76 2nd ex.s. c 108 § 12; 1961 c 207 § 1.]

Severability—Effective date—1975—76 2nd ex.s. c 108: See
notes following RCW 43.21F.010.

70.98.020 Purpose. It is the purpose of this chapter
to effectuate the policies set forth in RCW 70.98.010 as
now or hereafter amended by providing for:
(1) A program of effective regulation of sources of
ionizing radiation for the protection of the occupational
and public health and safety;
(2) A program to promote an orderly regulatory pat-
tern within the state, among the states and between
the federal government and the state and facilitate intergov-
ernmental cooperation with respect to use and regulation
of sources of ionizing radiation to the end that duplica-
tion of regulation may be minimized;
(3) A program to establish procedures for assumption
and performance of certain regulatory responsibilities
with respect to byproduct, source, and special nuclear
materials. [1975—76 2nd ex.s. c 108 § 13; 1965 c 88 § 1;
1961 c 207 § 2.]

70.98.050 State radiation control agency. (1) The department of social and health services is designated as the state radiation control agency, hereinafter referred to as the agency, and shall be the state agency having sole responsibility for administration of the regulatory, licensing and radiation control provisions of this chapter.

(2) The secretary of social and health services shall be director of the agency, hereinafter referred to as the secretary, who shall perform the functions vested in the agency pursuant to the provisions of this chapter.

(3) The agency shall appoint a state radiological control officer, and in accordance with the laws of the state, fix his compensation and prescribe his powers and duties.

(4) The agency shall for the protection of the occupational and public health and safety;

(a) Develop programs for evaluation of hazards associated with use of ionizing radiation;

(b) Develop programs with due regard for compatibility with federal programs for regulation of byproduct, source, and special nuclear materials;

(1) The agency shall provide by rule or regulation for general or specific licensing of byproduct, source, special nuclear materials, or devices or equipment utilizing such materials, or other radioactive material occurring naturally or produced artificially. Such rule or regulation shall provide for amendment, suspension, or revocation of licenses. Such rule or regulation shall provide that:

(a) Each application for a specific license shall be in writing and shall state such information as the agency, by rule or regulation, may determine to be necessary to decide the technical, insurance, and financial qualifications, or any other qualification of the applicant as the agency may deem reasonable and necessary to protect the occupational and public health and safety. The agency may at any time after the filing of the application, and before the expiration of the license, require further written statements and shall make such inspections as the agency deems necessary in order to determine whether the license should be granted or denied or whether the license should be modified, suspended, or revoked. (2) The agency may require registration of all sources of ionizing radiation.

(3) The agency may exempt certain sources of ionizing radiation or kinds of uses or users from the registration or licensing requirements set forth in this section when the agency makes a finding after approval of the technical advisory board that the exemption of such sources of ionizing radiation or kinds of uses or users will not constitute a significant risk to the health and safety of the public.

(4) In promulgating rules and regulations pursuant to this chapter the agency shall, insofar as practical, strive to avoid requiring dual licensing, and shall provide for such recognition of other state or federal licenses as the agency shall deem desirable, subject to such registration requirements as the agency may prescribe. [1965 c 88 § 5; 1961 c 207 § 8.]

70.98.090 Inspection. 70.99.010 Finding. The people of the state of Washington find that:

(1981 Ed.)

[Title 70 RCW—p 159]
(1) Radioactive wastes are highly dangerous, in that releases of radioactive materials and emissions to the environment are inimical to the health and welfare of the people of the state of Washington, and contribute to the occurrences of harmful diseases, including excessive cancer and leukemia. The dangers posed by the transportation and presence of radioactive wastes are increased further by the long time periods that the wastes remain radioactive and highly dangerous;

(2) Transporting, handling, storing, or otherwise caring for radioactive waste presents a hazard to the health, safety, and welfare of the individual citizens of the state of Washington because of the ever-present risk that an accident or incident will occur while the wastes are being cared for;

(3) The likelihood that an accident will occur in this state involving the release of radioactive wastes to the environment becomes greater as the volume of wastes transported, handled, stored, or otherwise cared for in this state increases;

(4) The effects of unplanned releases of radioactive wastes into the environment, especially into the air and water of the state, are potentially both widespread and harmful to the health, safety, and welfare of the citizens of this state.

The burdens and hazards posed by increasing the volume of radioactive wastes transported, handled, stored, or otherwise cared for in this state by the importation of such wastes from outside this state is not a hazard the state government may reasonably ask its citizens to bear. The people of the state of Washington believe that the principles of federalism do not require the sacrifice of the health, safety, and welfare of the people of one state for the convenience of other states or nations. [1981 c 1 § 1 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Radioactive waste" means unwanted radioactive material, including radioactive residues produced as a result of electric power generation or other reactor operation.

(2) "Medical waste" means radioactive waste from all therapy, diagnosis, or research in medical fields and radioactive waste which results from the production and manufacture of radioactive material used for therapy, diagnosis, or research in medical fields, except that "medical waste" does not include spent fuel or waste from the fuel of an isotope production reactor.

(3) "Radioactive waste generated or otherwise produced outside the geographic boundaries of the state of Washington" means radioactive waste which was located outside the state of Washington at the time of removal from a reactor vessel. [1981 c 1 § 2 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.030 Storage of radioactive waste from outside the state prohibited—Exceptions. Notwithstanding any law, order, or regulation to the contrary, after July 1, 1981, no area within the geographic boundaries of the state of Washington may be used by any person or entity as a temporary, interim, or permanent storage site for radioactive waste, except medical waste, generated or otherwise produced outside the geographic boundaries of the state of Washington. This section does not apply to radioactive waste stored within the state of Washington prior to July 1, 1981. [1981 c 1 § 3 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.040 Transportation of radioactive waste from outside the state for storage within the state prohibited—Exception. Notwithstanding any law, order, or regulation to the contrary, after July 1, 1981, no person or entity may transport radioactive waste, except medical waste, generated or otherwise produced outside the geographic boundaries of the state of Washington to any site within the geographic boundaries of the state of Washington for temporary, interim, or permanent storage. [1981 c 1 § 4 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.050 Violations—Penalties—Injunctions—Jurisdiction and venue—Fees and costs. (1) A violation of or failure to comply with the provisions of RCW 70.99.030 or 70.99.040 is a gross misdemeanor.

(2) Any person or entity that violates or fails to comply with the provisions of RCW 70.99.030 or 70.99.040 is subject to a civil penalty of one thousand dollars for each violation or failure to comply.

(3) Each day upon which a violation occurs constitutes a separate violation for the purposes of subsections (1) and (2) of this section.

(4) Any person or entity violating this chapter may be enjoined from continuing the violation. The attorney general or any person residing in the state of Washington may bring an action to enjoin violations of this chapter, on his or her own behalf and on the behalf of all persons similarly situated. Such action may be maintained in the person's own name or in the name of the state of Washington. No bond may be required as a condition to obtaining any injunctive relief. The superior courts have jurisdiction over actions brought under this section, and venue shall lie in the county of the plaintiff's residence, in the county in which the violation is alleged to occur, or in Thurston county. In addition to other relief, the court in its discretion may award attorney's and expert witness fees and costs of the suit to a party who demonstrates that a violation of this chapter has occurred. [1981 c 1 § 5 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.060 Interstate compact for regional storage. Notwithstanding the other provisions of this chapter, the state of Washington may enter into an interstate compact, which will become effective upon ratification by a majority of both houses of the United States Congress, to provide for the regional storage of radioactive wastes. In the event of failure of any individual to obey and carry out orders pursuant to this section, the department of social and health services shall have all power and authority to accomplish those things necessary to carry out such order. Any expenses incurred by the department of social and health services as a result of intentional failure of any individual to obey its lawful orders shall be charged as a debt against such individual.

(3) In any case where the department of social and health services has assumed control of property pursuant to this chapter, such property shall not be reoccupied or used until such time as written notification of its release for use is received from the secretary of the department of social and health services or his designee. Such action shall take into consideration the economic hardship, if any, caused by having the department assume control of property, and release shall be accomplished as expeditiously as possible. (b) The packages of such substance which do not meet such standard bear conspicuous labeling stating: "This package for households without young children"; except that the director may by regulation prescribe a substitute statement to the same effect for packaging too small to accommodate such labeling.

(2) In the case of a household substance which is subject to such a standard and which is dispensed pursuant to an order of a physician, dentist, or other licensed medical practitioner authorized to prescribe, such substance may be dispensed in noncomplying packages only when directed in such order or when requested by the purchaser.

(3) In the case of a household substance subject to such a standard which is packaged under subsection (1) of this section in a noncomplying package, if the director determines that such substance is not also being supplied by a manufacturer or packer in popular size packages which comply with such standard, he may, after giving the manufacturer or packer an opportunity to comply with the purposes of this chapter, by order require such substance to be packaged by such manufacturer or packer exclusively in special packaging complying with such standard if he finds, after opportunity for hearing, that such exclusive use of special packaging is necessary to accomplish the purposes of this chapter. [1974 ex.s. c 49 § 11.]

70.107.010 Purpose. The legislature finds that inadequately controlled noise adversely affects the health, safety and welfare of the people, the value of property, and the quality of the environment. Antinoise measures of the past have not adequately protected against the invasion of these interests by noise. There is a need, therefore, for an expansion of efforts state-wide directed toward the abatement and control of noise, considering the social and economic impact upon the community and the state. The purpose of this chapter is to provide authority for such an expansion of efforts, supplementing existing programs in the field. [1974 ex.s. c 183 § 1.]

70.107.020 Definitions. As used in this chapter, unless the context clearly indicates otherwise:
(1) "Department" means the department of ecology.
(2) "Director" means director of the department of ecology.
(3) "Local government" means county or city government or any combination of the two.
(4) "Noise" means the intensity, duration and character of sounds from any and all sources.
(5) "Person" means any individual, corporation, partnership, association, governmental body, state, or other entity whatsoever. [1974 ex.s. c 183 § 2.]

70.107.030 Powers and duties of department. The department is empowered as follows:
(1) The department, after consultation with state agencies expressing an interest therein, shall adopt, by rule, maximum noise levels permissible in identified environments in order to protect against adverse affects of noise on the health, safety and welfare of the people, the value of property, and the quality of environment: Provided, That in so doing the department shall take also into account the economic and practical benefits to be derived from the use of various products in each such environment, whether the source of the noise or the use of such products in each environment is permanent or temporary in nature, and the state of technology relative to the control of noise generated by all such sources of the noise or the products.
(2) At any time after the adoption of maximum noise levels under subsection (1) of this section the department shall, in consultation with state agencies and local governments expressing an interest therein, adopt rules, consistent with the Federal Noise Control Act of 1972 (86 Stat. 1234; 42 U.S.C. Secs. 4901–4918 and 49 U.S.C. Sec. 1431), for noise abatement and control in the state designed to achieve compliance with the noise level adopted in subsection (1) of this section, including reasonable implementation schedules where appropriate, to insure that the maximum noise levels are not exceeded and that application of the best practicable noise control technology and practice is provided. These rules may include, but shall not be limited to:
(a) Performance standards setting allowable noise limits for the operation of products which produce noise;
(b) Use standards regulating, as to time and place, the operation of individual products which produce noise above specified levels considering frequency spectrum and duration: Provided, The rules shall provide for temporarily exceeding those standards for stated purposes; and
(c) Public information requirements dealing with disclosure of levels and characteristics of noise produced by products.
(3) The department may, as desirable in the performance of its duties under this chapter, conduct surveys, studies and public education programs, and enter into contracts.
(4) The department is authorized to apply for and accept moneys from the federal government and other sources to assist in the implementation of this chapter.
(5) The legislature recognizes that the operation of motor vehicles on public highways as defined in RCW 46.09.020 contributes significantly to environmental noise levels and directs the department, in exercising the rule-making authority under the provisions of this section, to give first priority to the adoption of motor vehicle noise performance standards.
(6) Noise levels and rules adopted by the department pursuant to this chapter shall not be effective prior to March 31, 1975. [1974 ex.s. c 183 § 3.]

70.107.040  Technical advisory committee. The director shall name a technical advisory committee to assist the department in the implementation of this chapter. Committee members shall be entitled to reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060, as now existing or hereafter amended. [1975–76 2nd ex.s. c 34 § 164; 1974 ex.s. c 183 § 4.]

Effective date—Severability—1975–76 2nd ex.s. c 34: See notes following RCW 2.08.115.

70.107.050  Civil penalties. (1) Any person who violates any rule adopted by the department under this chapter shall be subject to a civil penalty not to exceed one hundred dollars. All violations of this chapter shall be administered pursuant to the provisions of chapter 34.04 RCW, the state administrative procedure act.

Penalties shall become due and payable thirty days from the date of receipt of a notice of penalty unless within such time said notice is appealed to the pollution control hearings board pursuant to the provisions of chapter 43.21B RCW and procedural rules adopted thereunder. In cases in which appeals are timely filed, penalties sustained by the pollution control hearings board shall become due and payable on the issuance of said board’s final order in the appeal.

(2) Whenever penalties incurred pursuant to this section have become due and payable but remain unpaid, the attorney general shall, upon request of the director, bring an action in the name of the state of Washington, in the superior court of Thurston county or in the county in which the violation occurred for recovery of penalties incurred. In all such actions the procedures and rules of evidence shall be the same as in any other civil action. All penalties recovered under this section shall be paid into the state treasury and credited to the general fund. [1974 ex.s. c 183 § 5.]

70.107.060  Other rights, remedies, powers, duties and functions—Local control—Approval—Procedure. (1) Nothing in this chapter shall be construed to deny, abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(2) Nothing in this chapter shall deny, abridge or alter any powers, duties and functions relating to noise abatement and control now or hereafter vested in any state agency, nor shall this chapter be construed as granting jurisdiction over the industrial safety and health of employees in work places of the state, as now or hereafter vested in the department of labor and industries.

(3) No local government shall adopt resolutions, ordinances, rules or regulations concerned with the control of noise which shall be effective prior to adoption of maximum noise levels and the rules adopted by the department pursuant to this chapter or January 31, 1975, whichever occurs sooner. Such resolutions, ordinances, rules, or regulations must be consistent with RCW 70.107.060(4).

(4) Standards and other control measures adopted by the department under this chapter shall be exclusive except as hereinafter provided. A local government may impose limits or control sources differing from those adopted or controlled by the department upon a finding that such requirements are necessitated by special conditions. No such noise limiting requirements of local government shall be valid unless first approved by the department. If disapproved the local government may appeal the decision to the pollution control hearings board which shall decide the appeal on the basis of the provisions of this chapter, and the applicable regulations, together with such briefs, testimony, and oral argument as the hearings board in its discretion may require. In the determination of whether to grant any such approval, the department shall give consideration to the reasonableness and practicability of compliance with particular attention to the situation of stationary sources, the noise producing operations of which are conducted at or near jurisdictional boundaries.

(5) In carrying out the rule-making authority provided in this chapter, the department shall follow the procedures of the administrative procedure act, chapter 34.04 RCW, and shall take care that no rules adopted purport to exercise any powers preempted by the United States under federal law. [1974 ex.s. c 183 § 6.]

70.107.070  Rules relating to motor vehicles—Violations—Penalty. Any rule adopted under this chapter relating to the operation of motor vehicles on public highways shall be administered according to testing and inspection procedures adopted by rule by the state commission on equipment. Violation of any motor vehicle performance standard adopted pursuant to this chapter shall be a misdemeanor, enforced by such authorities and in such manner as violations of chapter 46.37 RCW. Violations subject to the provisions of this section shall be exempt from the provisions of RCW 70.107.050. [1974 ex.s. c 183 § 7.]

70.107.080  Exemptions. The department shall, in the exercise of rule-making power under this chapter, provide exemptions or specially limited regulations relating to recreational shooting and emergency or law enforcement equipment where appropriate in the interests of public safety.

The department in the development of rules under this chapter, shall consult and take into consideration the land use policies and programs of local government. [1974 ex.s. c 183 § 8.]

70.107.900  Construction—Severability—1974 ex.s. c 183. (1) This chapter shall be liberally construed to carry out its broad purposes.

(2) If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 183 § 11.]
70.107.910 Short title. This chapter shall be known and may be cited as the "Noise Control Act of 1974". [1974 ex.s. c 183 § 12.]

70.108.010 Legislative declaration. The legislature hereby declares it to be the public interest, and for the protection of the health, welfare and property of the residents of the state of Washington to provide for the orderly and lawful conduct of outdoor music festivals by assuring that proper sanitary, health, fire, safety, and police measures are provided and maintained. This invocation of the police power is prompted by and based upon prior experience with outdoor music festivals where the enforcement of the existing laws and regulations on dangerous and narcotic drugs, indecent exposure, intoxicating liquor, and sanitation has been rendered most difficult by the flagrant violations thereof by a large number of festival patrons. [1971 ex.s. c 302 § 21.]

(1) "Outdoor music festival" or "music festival" or "festival" means an assembly of persons gathered primarily for outdoor, live or recorded musical entertainment, where the predicted attendance is two thousand persons or more and where the duration of the program is five hours or longer: Provided, That this definition shall not be applied to any regularly established permanent place of worship, stadium, athletic field, arena, auditorium, coliseum, or other similar permanently established places of assembly for assemblies which do not exceed by more than two hundred fifty people the maximum seating capacity of the structure where the assembly is held: Provided, further, That this definition shall not apply to government sponsored fairs held on regularly established fairgrounds nor to assemblies required to be licensed under other laws or regulations of the state.

(2) "Promoter" means any person or other legal entity issued a permit to conduct an outdoor music festival.

(3) "Applicant" means the promoter who has the right of control of the conduct of an outdoor music festival who applies to the appropriate legislative authority for a license to hold an outdoor music festival.

(4) "Issuing authority" means the legislative body of the local governmental unit where the site for an outdoor music festival is located.

(5) "Participate" means to knowingly provide or deliver to the festival site supplies, materials, food, lumber, beverages, sound equipment, generators, or musical entertainment and/or to attend a music festival. One such permit shall be required for each outdoor music festival. A permit may be granted for a period not to exceed sixteen consecutive days and a festival may be operated during any or all of the days within such period. Any person, persons, partnership, corporation, association, society, fraternal or social organization, failing to comply with the rules, regulations or conditions contained in this chapter shall be subject to the appropriate penalties as prescribed by this chapter. [1971 ex.s. c 302 § 22.]

70.108.050 Approval or denial of permit—Corrections—Procedure—Judicial review. Within fifteen days after the filing of the application the issuing authority shall either approve or deny the permit to the applicant. Any denial shall set forth in detail the specific grounds therefor. Any denial shall set forth in detail the specific grounds therefor.

After the applicant has filed corrections and the issuing authority has thereafter again denied the permit, the applicant may within five days after receipt of such second denial seek judicial review of such denial by filing a petition in the superior court for the county of the issuing authority. The review shall take precedence over all other civil actions and shall be conducted by the court without a jury. The court shall, upon request, hear oral argument and receive written briefs and shall either affirm the denial or order that the permit be issued. An applicant may not use any other procedure to obtain judicial review of a denial. [1972 ex.s. c 123 § 2; 1971 ex.s. c 302 § 24.]

70.108.060 Reimbursement of expenses incurred in reviewing request. Any local agency requested by an applicant to give written approval as required by RCW 70.108.040 may within fifteen days after the applicant has filed his application apply to the issuing authority for reimbursement of expenses reasonably incurred in reviewing such request. Upon a finding that such expenses were reasonably incurred the issuing authority shall reimburse the local agency therefor from the funds of the permit fee. Revocation of any permit granted pursuant to this chapter shall not preclude the imposition of penalties as provided for in this chapter and the laws of the state of Washington. Any permit granted pursuant to the provisions of this chapter to conduct a music festival shall be summarily revoked by the issuing authority when it finds that by reason of emergency the public peace, health, safety, morals or welfare can only be preserved and protected by such revocation.

Any permit granted pursuant to the provisions of this chapter to conduct a music festival may otherwise be revoked for any material violation of this chapter or the laws of the state of Washington after a hearing held upon not less than three days notice served upon the promoter personally or by certified mail.

Every permit issued under the provisions of this chapter shall state that such permit is issued as a measure to protect and preserve the public peace, health, safety, morals and welfare, and that the right of the appropriate authority to revoke such permit is a consideration of its issuance. [1971 ex.s. c 302 § 27.]

70.108.090 Drugs prohibited. No person, persons, partnership, corporation, association, society, fraternal or social organization to whom a music festival permit has been granted shall, during the time an outdoor music festival is in operation, knowingly permit or allow any person to bring upon the premises of said music festival, any narcotic or dangerous drug as defined by chapters 69.33 or 69.40 RCW, or knowingly permit or allow narcotic or dangerous drug to be consumed on the premises, and no person shall take or carry onto said premises any narcotic or dangerous drug. [1979 ex.s. c 136 § 104, 1971 ex.s. c 302 § 32.]

Effective date—Severability—1979 ex.s. c 136: See notes following RCW 46.63.010.

70.108.140 Inspection of books and records. The department of revenue shall be allowed to inspect the books and records of any outdoor music festival during the period of operation of the festival and after the festival has concluded for the purpose of determining whether or not the tax laws of this state are complied with. or by imprisonment in the county jail for not less than
ten days and not more than ninety days or by both such fine and imprisonment. [1972 ex.s. c 123 § 5.]

All preparations required to be made by the provisions of this chapter on the music festival site shall be completed thirty days prior to the first day scheduled for the festival. Upon such date or such earlier date when all preparations have been completed, the promoter shall notify the issuing authority thereof, and the issuing authority shall make an inspection of the festival site to determine if such preparations are in reasonably full compliance with plans submitted pursuant to RCW 70.108.040. If a material violation exists the issuing authority shall move to revoke the music festival permit in the manner provided by RCW 70.108.080. [1972 ex.s. c 123 § 6.]

70.108.170 Local regulations and ordinances not precluded. Nothing in this chapter shall be construed as precluding counties, cities and other political subdivisions of the state of Washington from enacting ordinances or regulations for the control and regulation of outdoor music festivals nor shall this chapter repeal any existing ordinances or regulations. 70.116.010 Legislative declaration. The legislature hereby finds that an adequate supply of potable water for domestic, commercial, and industrial use is vital to the health and well-being of the people of the state. Readily available water for use in public water systems is limited and should be developed and used efficiently with a minimum of loss or waste.

In order to maximize efficient and effective development of the state's public water supply systems, the department of social and health services shall assist water purveyors by providing a procedure to coordinate the planning of the public water supply systems. [1977 ex.s. c 142 § 1.]

70.116.020 Declaration of purpose. The purposes of this chapter are:

(1) To provide for the establishment of critical water supply service areas related to water utility planning and development;

(2) To provide for the development of minimum planning and design standards for critical water supply service areas to insure that water systems developed in these areas are consistent with regional needs;

(3) To assist in the orderly and efficient administration of state financial assistance programs for public water systems; and

(4) To assist public water systems to meet reasonable standards of quality, quantity and pressure. [1977 ex.s. c 142 § 2.]
70.116.030 Definitions. Unless the context clearly requires otherwise, the following terms when used in this chapter shall be defined as follows:

(1) "Coordinated water system plan" means a plan for public water systems within a critical water supply service area which identifies the present and future needs of the systems and sets forth means for meeting those needs in the most efficient manner possible. Such a plan shall include provisions for subsequently updating the plan. In areas where more than one water system exists, a coordinated plan may consist of either: (a) A new plan developed for the area following its designation as a critical water supply service area; or (b) a compilation of compatible water system plans existing at the time of such designation and containing such supplementary provisions as are necessary to satisfy the requirements of this chapter. Any such coordinated plan must include provisions regarding: Future service area designations; assessment of the feasibility of shared source, transmission, and storage facilities; emergency inter-ties; design standards; and other concerns related to the construction and operation of the water system facilities.

(2) "Critical water supply service area" means a geographical area which is characterized by a proliferation of small, inadequate water systems, or by water supply problems which threaten the present or future water quality or reliability of service in such a manner that efficient and orderly development may best be achieved through coordinated planning by the water utilities in the area.

(3) "Public water system" means any system providing water intended for, or used for, human consumption or other domestic uses. It includes, but is not limited to, the source, treatment for purifying purposes only, storage, transmission, pumping, and distribution facilities where water is furnished to any community, or number of individuals, or is made available to the public for human consumption or domestic use, but excluding water systems serving one single family residence. However, systems existing on September 21, 1977 which are owner operated and serve less than ten single family residences or which serve only one industrial plant shall be excluded from this definition and the provisions of this chapter.

(4) "Purveyor" means any agency or subdivision of the state or any municipal corporation, firm, company, mutual or cooperative association, institution, partnership, or person or any other entity, that owns or operates for wholesale or retail service a public water system. It also means the authorized agents of any such entities.

(5) "Secretary" means the secretary of the department of social and health services or the secretary's authorized representative.

(6) "Service area" means a specific geographical area serviced or for which service is planned by a purveyor. [1977 ex.s. c 142 § 3.]

70.116.040 Critical water supply service area—Designation—Establishment or amendment of external boundaries—Procedures. (1) The secretary and the appropriate local planning agencies and purveyors, shall study geographical areas where water supply problems related to uncoordinated planning, inadequate water quality or unreliable service appear to exist. If the results of the study indicate that such water supply problems do exist, the secretary or the county legislative authority shall designate the area involved as being a critical water supply service area, consult with the appropriate local planning agencies and purveyors, and appoint a committee of not less than three representatives therefrom solely for the purpose of establishing the proposed external boundaries of the critical water supply service area. The committee shall include a representative from each purveyor serving more than fifty customers, the county legislative authority, county planning agency, and health agencies. Such proposed boundaries shall be established within six months of the appointment of the committee.

During the six month period following the establishment of the proposed external boundaries of the critical water supply services areas, the county legislative authority shall conduct public hearings on the proposed boundaries and shall modify or ratify the proposed boundaries in accordance with the findings of the public hearings. The boundaries shall reflect the existing land usage, and permitted densities in county plans, ordinances, and/or growth policies. If the proposed boundaries are not modified during the six month period, the proposed boundaries shall be automatically ratified and be the critical water supply service area.

After establishment of the external boundaries of the critical water supply service area, no new public water systems may be approved within the boundary area unless an existing water purveyor is unable to provide water service.

(2) At the time a critical water supply service area is established, the external boundaries for such area shall not include any fractional part of a purveyor's existing contiguous service area.

(3) The external boundaries of the critical water supply service area may be amended in accordance with procedures prescribed in subsection (1) of this section for the establishment of the critical water supply service areas when such amendment is necessary to accomplish the purposes of this chapter. [1977 ex.s. c 142 § 4.]

70.116.050 Development of water system plans for critical water supply service areas. (1) Each purveyor within the boundaries of a critical water supply service area shall develop a water system plan for the purveyor's future service area if such a plan has not already been developed: Provided, That nonmunicipally owned public water systems are exempt from the planning requirements of this chapter, except for the establishment of service area boundaries if they: (a) Were in existence as of September 21, 1977; and (b) have no plans for water service beyond their existing service area, and (c) meet minimum quality and pressure design criteria established by the state board of health: Provided further, That if
the county legislative authority permits a change in development that will increase the demand for water service of such a system beyond the existing system's ability to provide minimum water service, the purveyor shall develop a water system plan in accordance with this section. The establishment of future service area boundaries shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply service area have been established pursuant to RCW 70.116.040, the committee established in RCW 70.116-.040 shall participate in the development of a coordinated water system plan for the designated area. Such a plan shall incorporate all water system plans developed pursuant to subsection (1) of this section. The plan shall provide for maximum integration and coordination of public water system facilities consistent with the protection and enhancement of the public health and well-being.

(3) Those portions of a critical water supply service area not yet served by a public water system shall have a coordinated water system plan developed by existing purveyors based upon permitted densities in county plans, ordinances, and/or growth policies for a minimum of five years beyond the date of establishment of the boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper designs to protect public health, the secretary shall adopt regulations pursuant to chapter 34.04 RCW concerning the scope and content of coordinated water system plans, and shall ensure, as minimum requirements, that such plans:

(a) Are reviewed by the appropriate local governmental agency to insure that the plan is not inconsistent with the land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects.

(b) Recognize all water resource plans, water quality plans, and water pollution control plans which have been adopted by units of local, regional, and state government.

(c) Incorporate the fire protection standards developed pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the public water system or systems included in the plan within the critical water supply service area.

(e) Identify feasible emergency inter-ties between adjacent purveyors.

(5) If a "water general plan" for a critical water supply service area or portion thereof has been prepared pursuant to chapter 36.94 RCW and such a plan meets the requirements of subsections (1) and (4) of this section, such a plan shall constitute the coordinated water system plan for the applicable geographical area.

(6) Prior to the submission of a coordinated water system plan to the secretary for approval of the design of the proposed facilities pursuant to RCW 70.116.060, the plan shall be reviewed for consistency with subsection (4) of this section by the legislative authorities of the counties in which the critical water supply service area is located. If within sixty days of receipt of the plan, the legislative authorities find any segment of a proposed service area of a purveyor's plan or any segment of the coordinated water system plan to be inconsistent with any current land use plans, shoreline master programs, and/or developmental policies of the general purpose local government or governments whose jurisdiction the water system plan affects, the secretary shall not approve that portion of the plan until the inconsistency is resolved between the local government and the purveyor. If no comments have been received from the legislative authorities within sixty days of receipt of the plan, the secretary may consider the plan for approval. [1977 ex.s. c 142 § 5.]

70.116.060 Approval of coordinated water system plan—Limitations following approval. (1) A coordinated water system plan shall be submitted to the secretary for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall not approve those portions of a coordinated water system plan which fail to meet the requirements for future service area boundaries as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the secretary determines that existing purveyors are unable to provide the service. If such a determination is made, the secretary may require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area.

(4) The secretary may deny proposals to establish or to expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: Provided, That service connections shall not be considered expansions. [1977 ex.s. c 142 § 6.]

70.116.070 Service area boundaries within critical water supply area. (1) The service area boundaries of public water systems within the critical water supply service area shall be determined by written agreement among the purveyors and with the approval of the appropriate legislative authority. Failure of the legislative authority to file with the secretary objections to the proposed service area boundaries within sixty days of receipt of the proposed boundary agreement may be construed as approval of the agreement.

(2) If no service area boundary agreement has been established within a reasonable period of time, or if the legislative authority has filed with the secretary objections in writing as provided in subsection (1) of this section, the secretary shall hold a public hearing thereon.
70.116.080 Performance standards relating to fire protection. The secretary shall adopt performance standards relating to fire protection to be incorporated into the design and construction of public water systems. The standards shall be consistent with recognized national standards. The secretary shall adopt regulations pertaining to the application and enforcement of the standards: Provided, That the regulations shall require the application of the standards for new and expanding systems only. The standards shall apply in critical water supply service areas unless the approved coordinated plan provides for nonfire flow systems. [1977 ex.s. c 142 § 8.]

70.116.090 Assumption of jurisdiction or control of public water system by city, town, or code city. The assumption of jurisdiction or control of any public water system or systems by a city, town, or code city shall be subject to the provisions of chapter 35.13A RCW, and the provisions of this chapter shall be superseded by the provisions of chapter 35.13A RCW regarding such an assumption of jurisdiction. [1977 ex.s. c 142 § 9.]

70.116.100 Bottled water exempt. Nothing in this chapter shall apply to water which is bottled or otherwise packaged in a container for human consumption or domestic use, or to the treatment, storage and transportation facilities used in the processing of the bottled water or the distribution of the bottles or containers of water. [1977 ex.s. c 142 § 10.]

70.116.110 Rate making authority preserved. Nothing in this chapter shall be construed to alter in any way the existing authority of purveyors and municipal corporations to establish, administer and apply water rates and rate provisions. [1977 ex.s. c 142 § 11.]

70.116.120 Short title. This chapter shall be known and may be cited as the "Public Water System Coordination Act of 1977". [1977 ex.s. c 142 § 12.]

70.116.900 Severability—1977 ex.s. c 142. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 142 § 13.]
lift, or tow operations shall be adequately lighted for night skiing.

(7) If a particular trail or slope has been closed to the public by an operator, the operator shall place a notice thereof at the top of the trail or slope involved, and no person shall ski on a slope or trail which has been designated "Closed".

(8) An operator shall place a notice at the embarking terminal or terminals of a lift or tow which has been closed that the lift or tow has been closed and that a person embarking on such a lift or tow shall be considered to be a trespasser.

(9) An operator shall prominently place a notice containing the substance of RCW 70.117.030 in such places as are necessary to notify the public.

(10) Any snow making machines or equipment shall be clearly visible and clearly marked.

(11) The operator of any ski area shall maintain a readily visible sign on each rope tow, wire rope tow, j-bar, t-bar, ski lift, or other similar device, advising the users of the device that:
(a) Any person not familiar with the operation of the lift shall ask the operator thereof for assistance and/or instruction; and
(b) The skiing-ability level recommended for users of the lift and the slopes served by the device shall be classified "easiest", "more difficult", and "most difficult". [1977 ex.s. c 139 § 1.]

70.117.020 Standard of conduct—Prohibited acts—Responsibility. (d) Wilfully engage in any type of conduct which may injure any person, or place any object in the uphill ski track which may cause another to fall, while traveling uphill on a ski lift; or
(e) Cross the uphill track of a j-bar, t-bar, rope tow, wire rope tow, or other similar device except at designated locations.

(3) Every person shall maintain control of his or her speed and course at all times, and shall stay clear of any snow grooming equipment, any vehicle, any lift tower, and any other equipment on the mountain. Snow grooming equipment or any other vehicles shall be equipped with a flashing yellow light at any time the vehicle is moving on or in the vicinity of a ski run.

(4) A person shall be the sole judge of his or her ability to negotiate any trail, slope, or uphill track and no action shall be maintained against any operator by reason of the condition of the track, trail, or slope unless the condition results from the negligence of the operator.

(5) Any person who boards a rope tow, wire rope tow, j-bar, t-bar, ski lift, or other similar device shall be presumed to have sufficient abilities to use the lift. No liability shall attach to any operator or attendant for failure to instruct the person on the use of the device, but a person shall follow any written or verbal instructions that are given regarding the use.

(6) Because of the inherent risk in the sport of skiing all persons using the ski hill shall exercise reasonable care for their own safety. However, the primary duty shall be on the person skiing downhill to avoid any collision with any person or object below him or her.

(7) Subsection (6) of this section notwithstanding, any person skiing on other than improved trails or slopes within the area shall be responsible for any injuries or losses resulting from his or her action.

[1977 ex.s. c 139 § 3.]

70.117.040 Insurance requirements for operators. (1) Every tramway, ski lift, or commercial skимobile operator shall maintain liability insurance of not less than one hundred thousand dollars per person per accident and not less than two hundred thousand dollars per accident.

(2) Every operator of a rope tow, wire rope tow, j-bar, t-bar, or similar device shall maintain liability insurance of not less than twenty-five thousand dollars per person per accident and of not less than fifty thousand dollars per accident.

(3) This section shall not apply to operators of tramways that are not open to the general public and that are operated without charge, except that this section shall apply to operators of tramways that are operated by schools, ski clubs, or similar organizations. [1977 ex.s. c 139 § 4.]

70.118.010 Legislative declaration. The legislature finds that over one million, two hundred thousand persons in the state are not served by sanitary sewers and that they must rely on septic tank systems. The failure of large numbers of such systems has resulted in significant health hazards, loss of property values, and water quality degradation. The legislature further finds that failure of such systems could be reduced by utilization of nonwater-carried sewage disposal systems, or other alternative methods of effluent disposal, as a correctional measure. Waste water volume diminution and disposal of most of the high bacterial waste through composting or other alternative methods of effluent disposal would result in restorative improvement or correction of existing substandard systems. [1977 ex.s. c 133 § 1.]

70.118.020 Definitions. As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly indicates otherwise.

(1) "Nonwater-carried sewage disposal devices" means any device that stores and treats nonwater-carried human urine and feces.

(2) "Alternative methods of effluent disposal" means systems approved by the department of social and health services, including at least, mound systems, alternating drain fields, anaerobic filters, evapotranspiration systems, and aerobic systems.

(3) "Failure" means: (a) Effluent has been discharged on the surface of the ground prior to approved treatment; or (b) effluent has percolated to the surface of the ground; or (c) effluent has contaminated or threatens to contaminate a ground water supply. [1977 ex.s. c 133 § 2.]

70.118.030 Local boards of health—Duties. Local boards of health shall identify failing septic tank drainfield systems in the normal manner and will use reasonable effort to determine new failures. Discretionary judgment will be made in implementing corrections by specifying nonwater-carried sewage disposal devices or other alternative methods of treatment and effluent disposal as a measure of ameliorating existing substandard conditions. Local regulations shall be consistent with the intent and purposes stated herein. [1977 ex.s. c 133 § 3.]

70.118.040 Local boards of health—Authority to waive sections of local plumbing and/or building codes. With the advice of the secretary of the department of social and health services, local boards of health are hereby authorized to waive applicable sections of local plumbing and/or building codes that might prohibit the use of an alternative method for correcting a failure. [1977 ex.s. c 133 § 4.]
(6) "Operator" means an individual employed or appointed by any county, water district, municipality, public or private corporation, company, institution, person, or the state of Washington who is designated by the employing or appointing officials to operate or assist in the operation of a water purification plant or distribution system.

(7) "Public water supply system" means any water supply system intended or used for human consumption or other domestic uses, including source, treatment, storage, transmission and distribution facilities where water is furnished to any community or group of individuals, or is made available to the public for human consumption or domestic use, but excluding all water supply systems serving one single family residence.

The secretary shall further categorize all public water supply systems with regard to the size, type, source of water, and other relevant physical conditions affecting purification plants and distribution systems to assist in identifying the skills, knowledge and experience required for the certification of operators for each category of such systems. [1977 ex.s. c 99 § 6.]

70.119.070 Secretary—Consideration of guidelines. The secretary is authorized, when taking action pursuant to RCW 70.119.050 and 70.119.060, to consider generally applicable criteria and guidelines developed by a nationally recognized association of certification authorities. Chapter 70.121  
Title 70 RCW: Public Health and Safety

70.121.010 Legislative findings. The legislature finds that:

(1) The milling of uranium and thorium creates potential hazards to the health of the citizens of the state of Washington in that potentially hazardous radioactive isotopes, decay products of uranium and thorium, naturally occurring in relatively dispersed geologic formations, are brought to one location on the surface and pulverized in the process of mining and milling uranium and thorium.

(2) These radioactive isotopes, in addition to creating a field of gamma radiation in the vicinity of the tailings area, also exude potentially hazardous radioactive gas and particulates into the atmosphere from the tailings areas, and contaminate the milling facilities, thereby creating hazards which will be present for many generations.

(3) The public health and welfare of the citizens demands that the state assure that the public health be protected by requiring that: (a) prior to the termination of any radioactive materials license, all milling facilities and associated tailings piles will be decommissioned in such a manner as to bring the potential public health hazard to a minimum; and (b) such environmental radiation monitoring as is necessary to verify the status of decommissioned facilities will be conducted. [1979 ex.s. c 110 § 1.]

Effective date—1979 ex.s. c 110: "This act shall take effect on January 1, 1980." [1979 ex.s. c 110 § 18.]

70.121.020 Definitions. Unless the context clearly requires a different meaning, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of social and health services.

(2) "Secretary" means the secretary of social and health services.

(3) "Site" means the restricted area as defined by the United States nuclear regulatory commission.

(4) "Tailings" means the residue remaining after extraction of uranium or thorium from the ore whether or not the residue is left in piles, but shall not include ore bodies nor ore stock piles.

(5) "License" means a radioactive materials license issued under chapter 70.98 RCW and the rules adopted under chapter 70.98 RCW.

(6) "Termination of license" means the cancellation of the license after permanent cessation of operations. Temporary interruptions or suspensions of production due to economic or other conditions are not a permanent cessation of operations. [1979 ex.s. c 110 § 2.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.030 Licenses—Renewal—Hearings. (1) Any person who proposes to operate a uranium or thorium mill within the state of Washington after January 1, 1980, shall obtain a license from the department to mill thorium and uranium. The period of the license shall be determined by the secretary and shall be initially valid for not more than two years and renewable thereafter for periods of not more than five years. No license may be granted unless:

(a) The owner or operator of the mill submits to the department a plan for reclamation and disposal of tailings and for decommissioning the site that conforms to the criteria and standards then in effect for the protection of the public safety and health; and

(b) The owner of the mill agrees to transfer or revert to the appropriate state or federal agency upon termination of the license all lands, buildings, and grounds, and any interests therein, necessary to fulfill the purposes of this chapter except where the lands are held in trust for or are owned by any Indian tribe.

(2) Any person operating a uranium or thorium mill on January 1, 1980, shall, at the time of application for renewal of his license to mill thorium or uranium, comply with the following conditions for continued operation of the mill:

(a) The owner or operator of the mill shall submit to the department a plan for reclamation and disposal of tailings and for decommissioning the site that conforms to the criteria and standards then in effect for the protection of the public safety and health; and

(b) The owner of the mill shall agree to transfer or revert to the appropriate state or federal agency upon termination of the license all lands, buildings, and grounds, and any interests therein, necessary to fulfill the purposes of this chapter except where the lands are held in trust for or are owned by any Indian tribe.

(3) The department shall, after public notice and opportunity for written comment, hold a public hearing to consider the adequacy of the proposed plan to protect the safety and health of the public required by subsections (1) and (2) of this section. The proceedings shall be recorded and transcribed. The public hearing shall provide the opportunity for cross-examination by both the department and the person proposing the plan required under this section. The department shall make a written determination as to the licensing of the mill which is based upon the findings included in the determination and upon the evidence presented during the public comment period. The determination is subject to judicial review. If a declaration of nonsignificance is issued for a license renewal application under rules adopted under chapter 43.21C RCW, the public hearing is not required.
(4) The department shall set a schedule of license and amendment fees predicated on the cost of reviewing the license application and of monitoring for compliance with the conditions of the license. A permit for construction of a uranium or thorium mill may be granted by the secretary prior to licensing. [1979 ex.s. c 110 § 3.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.040 Facility operations and decommissioning—Monitoring. The secretary or his representative shall monitor the operations of the mill for compliance with the conditions of the license by the owner or operator. The mill owner or operator shall be responsible for compliance, both during the lifetime of the facility and at shutdown, including but not limited to such requirements as fencing and posting the site; contouring, covering, and stabilizing the pile; and for decommissioning the facility. [1979 ex.s. c 110 § 4.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.050 Radiation perpetual maintenance fund—Licensee contributions—Disposition. On a quarterly basis on and after January 1, 1980, there shall be levied and the department shall collect a charge of five cents per pound on each pound of uranium or thorium compound milled out of the raw ore. The total charges collected from a licensee shall not exceed one million dollars. All moneys paid to the department from these charges shall be deposited in a special security fund in the treasury of the state of Washington to be known as the "radiation perpetual maintenance fund". This security fund shall be used by the department when a licensee has ceased to operate and the site may still contain, or have associated with the site at which the licensed activity was conducted in spite of full compliance with RCW 70.121.030, radioactive material which will require further maintenance, surveillance, or other care. If, with respect to a licensee, the department determines that the estimated total of these charges will be less than or greater than that required to defray the estimated cost of administration of this responsibility, the department may prescribe such an increased or decreased charge as is considered necessary for this purpose, but in any case such charge may not exceed one million dollars. If, at termination of the license, the department determines that by the applicable standards and practices then in effect, the charges which have been collected from the licensee and earnings generated therefrom are in excess of the amount required to defray the cost of this responsibility, the department may refund the excess portion to the licensee.

Moneys in the radiation perpetual maintenance fund shall be invested by the *state finance committee in the manner as other state moneys. [1979 ex.s. c 110 § 5.]

*Reviser's note: Investment duties of state finance committee transferred to state investment board by 1981 c 3. See chapter 43.33A RCW.

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.060 State authority to acquire property for surveillance sites. In order to provide for the proper care and surveillance of sites under RCW 70.121.050, the state may acquire by gift or transfer from any governmental agency, corporation, partnership, or person, all lands, buildings, and grounds necessary to fulfill the purposes of this chapter. Any such gift or transfer shall be subject to approval by the department. In exercising the authority of this section, the department shall take into consideration the status of the ownership of the land and interests therein and the ability of the licensee to transfer title and custody thereof to the state. [1979 ex.s. c 110 § 6.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.070 Status of acquired state property for surveillance sites. Recognizing the uncertainty of the existence of a person or corporation in perpetuity, and recognizing that ultimate responsibility to protect the public health and safety must be reposed in a solvent government, without regard to the existence of any particular agency or department thereof, all lands, buildings, and grounds acquired by the state under RCW 70.121.060 shall be owned in fee simple by the state and dedicated in perpetuity to the purposes stated in RCW 70.121.060. All radioactive material received at a site and located therein at the time of acquisition of ownership by the state shall become the property of the state. [1979 ex.s. c 110 § 7.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

70.121.080 Payment for transferred sites for surveillance. If a person licensed by any governmental agency other than the state or if any other governmental agency desires to transfer a site to the state for the purpose of administering or providing perpetual care, a lump sum payment shall be made to the radiation perpetual maintenance fund. The amount of the deposit shall be determined by the department taking into consideration the factors stated in RCW 70.121.050. [1979 ex.s. c 110 § 8.]

70.121.090 Authority for on-site inspections and monitoring. Each licensee under this chapter, as a condition of his license, shall submit to whatever reasonable on-site inspections and on-site monitoring as required in order for the department to carry out its responsibilities and duties under this chapter. Such on-site inspections and monitoring shall be conducted without the necessity of any further approval or any permit or warrant therefor. [1979 ex.s. c 110 § 9.]

The secretary or the secretary's duly authorized representative shall require the posting of a bond by licensees to be used exclusively to provide funds in the event of abandonment, default, or other inability of the licensee to meet the requirements of the department. The secretary may establish bonding requirements by classes of licensees and by range of monetary amounts. In establishing these requirements, the secretary shall consider the potential for contamination, injury, cost of disposal, and reclamation of the property. [1979 ex.s. c 110 § 10.]

[1979 ex.s. c 110 § 12.]

Effective date—1979 ex.s. c 110: See note following RCW 70.121.010.

### 70.121.130 Exemptions from bonding requirements.

All state, local, or other governmental agencies, or subdivisions thereof, are exempt from the bonding requirements of this chapter. The secretary may by rule exempt classes of licensees from the bonding requirements of this chapter when the secretary finds that the exemption will not result in a significant risk to the public health and safety. [1979 ex.s. c 110 § 13.]

### Legislative findings.

The legislature finds that adult persons have the fundamental right to control the decisions relating to the rendering of their own medical care, including the decision to have life-sustaining procedures withheld or withdrawn in instances of a terminal condition.

The legislature further finds that there exists considerable uncertainty in the medical and legal professions as to the legality of terminating the use or application of life-sustaining procedures where the patient has voluntarily and in sound mind evidenced a desire that such procedures be withheld or withdrawn.

In recognition of the dignity and privacy which patients have a right to expect, the legislature hereby declares that the laws of the state of Washington shall recognize the right of an adult person to make a written directive instructing such person's physician to withhold or withdraw life-sustaining procedures in the event of a terminal condition. [1979 c 112 § 2.]

### Definitions.

Unless the context clearly requires otherwise, the definitions contained in this section shall apply throughout this chapter.

1. "Attending physician" means the physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

2. "Directive" means a written document voluntarily executed by the declarer in accordance with the requirements of RCW 70.122.030.
(3) "Health facility" means a hospital as defined in RCW 70.38.020(7) or a nursing home as defined in RCW 70.38.020(8).

(4) "Life-sustaining procedure" means any medical or surgical procedure or intervention which utilizes mechanical or other artificial means to sustain, restore, or supplant a vital function, which, when applied to a qualified patient, would serve only to artificially prolong the moment of death and where, in the judgment of the attending physician, death is imminent whether or not such procedures are utilized. "Life-sustaining procedure" shall not include the administration of medication or the performance of any medical procedure deemed necessary to alleviate pain.

(5) "Physician" means a person licensed under chapters 18.71 or 18.57 RCW.

(6) "Qualified patient" means a patient diagnosed and certified in writing to be afflicted with a terminal condition by two physicians one of whom shall be the attending physician, who have personally examined the patient.

(7) "Terminal condition" means an incurable condition caused by injury, disease, or illness, which, regardless of the application of life-sustaining procedures, would, within reasonable medical judgment, produce death, and where the application of life-sustaining procedures serve only to postpone the moment of death of the patient.

(8) "Adult person" means a person attaining the age of majority as defined in RCW 26.28.010 and 26.28.015. [1979 c 112 § 3.]

*Reviser's note: RCW 70.38.020 was repealed by 1979 ex.s. c 161 § 21.

70.122.030 Directive to withhold or withdraw life-sustaining procedures. (1) Any adult person may execute a directive directing the withholding or withdrawal of life-sustaining procedures in a terminal condition. The directive shall be signed by the declarer in the presence of two witnesses not related to the declarer by blood or marriage and who would not be entitled to any portion of the estate of the declarer upon declarer's decease under any will of the declarer or codicil thereto then existing or, at the time of the directive, by operation of law then existing. In addition, a witness to a directive shall not be the attending physician, an employee of the attending physician or a health facility in which the declarer is a patient, or any person who has a claim against any portion of the estate of the declarer upon declarer's decease at the time of execution of the directive. The directive, or a copy thereof, shall be made part of the patient's medical records retained by the attending physician, a copy of which shall be forwarded to the health facility upon the withdrawal of life-sustaining procedures. The directive shall be essentially in the following form, but in addition may include other specific directions:

**DIRECTIVE TO PHYSICIANS**

Directive made this ____ day of _______ (month, year).

I ________, being of sound mind, wilfully, and voluntarily make known my desire that my life shall not be artificially prolonged under the circumstances set forth below, and do hereby declare that:

(a) If at any time I should have an incurable injury, disease, or illness certified to be a terminal condition by two physicians, and where the application of life-sustaining procedures would serve only to artificially prolong the moment of my death and where my physician determines that my death is imminent whether or not life-sustaining procedures are utilized, I direct that such procedures be withheld or withdrawn, and that I be permitted to die naturally.

(b) In the absence of my ability to give directions regarding the use of such life-sustaining procedures, it is my intention that this directive shall be honored by my family and physician(s) as the final expression of my legal right to refuse medical or surgical treatment and I accept the consequences from such refusal.

(c) If I have been diagnosed as pregnant and that diagnosis is known to my physician, this directive shall have no force or effect during the course of my pregnancy.

(d) I understand the full import of this directive and I am emotionally and mentally competent to make this directive.

Signed ________

City, County, and State of Residence

The declarer has been personally known to me and I believe him or her to be of sound mind.

(2) Prior to effectuating a directive the diagnosis of a terminal condition by two physicians shall be verified in writing, attached to the directive, and made a permanent part of the patient's medical records. [1979 c 112 § 4.]

70.122.040 Revocation of directive. (1) A directive may be revoked at any time by the declarer, without regard to declarer's mental state or competency, by any of the following methods:

(a) By being canceled, defaced, obliterated, burned, torn, or otherwise destroyed by the declarer or by some person in declarer's presence and by declarer's direction.

(b) By a written revocation of the declarer expressing declarer's intent to revoke, signed, and dated by the declarer. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time and date when said physician received notification of the written revocation.

(c) By a verbal expression by the declarer of declarer's intent to revoke the directive. Such revocation shall become effective only upon communication to the attending physician by the declarer or by a person acting on behalf of the declarer. The attending physician shall record in the patient's medical record the time, date, and place of the revocation and the time, date, and place, if different, of when said physician received notification of the revocation.

(2) There shall be no criminal or civil liability on the part of any person for failure to act upon a revocation
made pursuant to this section unless that person has actual or constructive knowledge of the revocation.

(3) If the declarer becomes comatose or is rendered incapable of communicating with the attending physician, the directive shall remain in effect for the duration of the comatose condition or until such time as the declarer's condition renders declarer able to communicate with the attending physician. [1979 c 112 § 5.]

70.122.050 Liability of health personnel, facilities.

No physician or health facility which, acting in good faith in accordance with the requirements of this chapter, causes the withholding or withdrawal of life-sustaining procedures from a qualified patient, shall be subject to civil liability therefrom. No licensed health personnel, acting under the direction of a physician, who participates in good faith in the withholding or withdrawal of life-sustaining procedures in accordance with the provisions of this chapter shall be subject to any civil liability. No physician, or licensed health personnel acting under the direction of a physician, who participates in good faith in the withholding or withdrawal of life-sustaining procedures in accordance with the provisions of this chapter shall be guilty of any criminal act or of unprofessional conduct. [1979 c 112 § 6.]

70.122.060 Procedures by physician.

(1) Prior to effectuating a withholding or withdrawal of life-sustaining procedures from a qualified patient pursuant to the directive, the attending physician shall make a reasonable effort to determine that the directive complies with RCW 70.122.030 and, if the patient is mentally competent, that the directive and all steps proposed by the attending physician to be undertaken are currently in accord with the desires of the qualified patient.

(2) The directive shall be conclusively presumed, unless revoked, to be the directions of the patient regarding the withholding or withdrawal of life-sustaining procedures. No physician, and no licensed health personnel acting in good faith under the direction of a physician, shall be criminally or civilly liable for failing to effectuate the directive of the qualified patient pursuant to this subsection. If the physician refuses to effectuate the directive, such physician shall make a good faith effort to transfer the qualified patient to another physician who will effectuate the directive of the qualified patient. [1979 c 112 § 7.]

70.122.070 Effects of carrying out directive—Insurance.

(1) The withholding or withdrawal of life-sustaining procedures from a qualified patient pursuant to the patient's directive in accordance with the provisions of this chapter shall not, for any purpose, constitute a suicide.

(2) The making of a directive pursuant to RCW 70.122.030 shall not restrict, inhibit, or impair in any manner the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated in any manner by the withholding or withdrawal of life-sustaining procedures from an insured qualified patient, notwithstanding any term of the policy to the contrary.

(3) No physician, health facility, or other health provider, and no health care service plan, insurer issuing disability insurance, self-insured employee welfare benefit plan, or nonprofit hospital service plan, shall require any person to execute a directive as a condition for being insured for, or receiving, health care services. [1979 c 112 § 8.]

70.122.080 Effects of carrying out directive on cause of death.

The act of withholding or withdrawing life-sustaining procedures when done pursuant to a directive described in RCW 70.122.030 and which causes the death of the declarer, shall not be construed to be an intervening force or to affect the chain of proximate cause between the conduct of any person that placed the declarer in a terminal condition and the death of the declarer. [1979 c 112 § 10.]

70.122.090 Criminal conduct—Penalties.

Any person who wilfully conceals, cancels, defaces, obliterates, or damages the directive of another without such declarer's consent shall be guilty of a gross misdemeanor. Any person who falsifies or forges the directive of another, or wilfully conceals or withholds personal knowledge of a revocation as provided in RCW 70.122.040 with the intent to cause a withholding or withdrawal of life-sustaining procedures contrary to the wishes of the declarer, and thereby, because of any such act, directly causes life-sustaining procedures to be withheld or withdrawn and death to thereby be hastened, shall be subject to prosecution for murder in the first degree as defined in RCW 9A.32.030. [1979 c 112 § 9.]

70.122.100 Mercy killing not authorized.

Nothing in this chapter shall be construed to condone, authorize, or approve mercy killing, or to permit any affirmative or deliberate act or omission to end life other than to permit the natural process of dying. [1979 c 112 § 11.]

70.122.900 Short title.

This act shall be known and may be cited as the "Natural Death Act". [1979 c 112 § 1.]

70.122.905 Severability—1979 c 112.

If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable. [1979 c 112 § 13.]

[1979 ex.s. c 245 § 9.]

70.123.100 Half of funding for shelters from local sources. Fifty percent of the funding for shelters receiving grants under this chapter must be provided by one or more local, municipal, or county source, either public or private. 70.124.010 Legislative findings. (1) The Washington state legislature finds and declares that a reporting system is needed to protect nursing home and state hospital patients from abuse. Instances of nonaccidental injury, neglect, death, sexual abuse, and cruelty to such patients have occurred, and in the instance where such a patient is deprived of his or her right to conditions of minimal health and safety, the state is justified in emergency intervention based upon verified information. Therefore the Washington state legislature hereby provides for the reporting of such cases to the appropriate public authorities.

(2) It is the intent of the legislature that: (a) As a result of such reports, protective services shall be made available in an effort to prevent further abuses, and to safeguard the general welfare of the patients; and (b) such reports shall be maintained and disseminated with strictest regard for the privacy of the subjects of such reports and so as to safeguard against arbitrary, malicious, or erroneous information or actions. 70.125.010 Short title. This chapter may be known and cited as the Victims of Sexual Assault Act. [1979 ex.s. c 219 § 1.]

Severability—1979 ex.s. c 219: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 219 § 22.]

70.125.020 Legislative findings—Program objectives. (1) The legislature hereby finds and declares that:
(a) Sexual assault has become one of the most rapidly increasing violent crimes over the last decade;
(b) There is a lack of essential information and data concerning sexual assault;
(c) There is a lack of adequate training for law enforcement officers concerning sexual assault, the victim, the offender, and the investigation;
(d) There is a lack of community awareness and knowledge concerning sexual assault and the physical and psychological impact upon the victim;
(e) There is a lack of public information concerning sexual assault prevention and personal self-protection;
(f) Because of the lack of information, training, and services, the victims of sexual assault are not receiving the assistance they require in dealing with the physical and psychological trauma of a sexual assault;
(g) The criminal justice system and health care system should maintain close contact and cooperation with each other and with community rape crisis centers to expedite the disposition of sexual assault cases; and
(h) Persons who are victims of sexual assault will benefit directly from increased public awareness and education, increased prosecutions, and a criminal justice system which treats them in a humane manner.

(2) Therefore, a state-wide sexual assault education, training, and consultation program should be developed. Such a state-wide program should seek to improve treatment of victims through information-gathering, education, training, community awareness programs, and by increasing the efficiency of the criminal justice and health care systems as they relate to sexual assault. Such a program should serve a consultative and facilitative function for organizations which provide services to victims and potential victims of sexual assault. [1979 ex.s. c 219 § 2.]

[1979 ex.s. c 219 § 4.]

Severability—1979 ex.s. c 219: See note following RCW 70.125.010.

The state-wide program established under RCW 70.125.040 shall include but not be limited to provision of the following services: Provided, That the department shall utilize existing rape crisis centers and contract, where appropriate, with these centers to provide the services identified in this section:

(2) The written motion is accompanied by an affidavit or affidavits setting forth specifically the reasons why the defendant is requesting discovery of the rape crisis center's records;

(3) The court reviews the rape crisis center's records in camera to determine whether the rape crisis center's records are relevant and whether the probative value of the records is outweighed by the victim's privacy interest in the confidentiality of such records taking into account the further trauma that may be inflicted upon the victim by the disclosure of the records to the defendant; and

(4) The court enters an order stating whether the records or any part of the records are discoverable and setting forth the basis for the court's findings. [1981 c 145 § 9.]

The Victims of Sexual Assault Act shall terminate on June 30, 1985, and shall be subject to all of the processes provided in RCW 43.131.010 through 43.131.110 as now existing or hereafter amended. [1979 ex.s. c 219 § 7.]

Appeals may be heard in any county seat most convenient to the appellant. The hearing of appeal may be presided over by an administrative law judge appointed under chapter 34.12 RCW, and the proceedings shall be recorded either manually or by a mechanical device. At the conclusion of such hearing, the administrative law
judge shall make findings of fact and his conclusions and recommended determination of responsibility. Thereafter, the secretary, or his designee, may either affirm, reject, or modify the findings, conclusions, and determination of responsibility made by the administrative law judge. Judicial review of the secretary's determination of responsibility in the superior court, the court of appeals, and the supreme court may be taken in accordance with the provisions of the Administrative Procedure Act, chapter 34.04 RCW. [1981 c 67 § 33; 1971 c 81 § 133; 1969 ex.s. c 268 § 1; 1967 ex.s. c 127 § 6.]

Effective date—Severability—1981 c 67: See notes following RCW 34.12.010.

71.02.414 Departmental assessment of charges—Judgment for accrued amounts. Whenever any notice and finding of responsibility, or appeal therefrom, shall have become final, the superior court, wherein such person or persons reside or have property either real or personal, shall, upon application of the secretary of social and health services enter a judgment in the amount of the accrued monthly charges for the costs of hospitalization, and/or the costs of outpatient services, and such judgment shall have and be given the same effect as if entered pursuant to civil action instituted in said court. [1979 c 141 § 127; 1967 ex.s. c 127 § 7.]

71.02.415 Departmental assessment of charges—Modification or vacation of findings of responsibility. The determination to modify or vacate findings of responsibility shall be served and be appealable in the same manner and in accordance with the same procedures for appeals of original findings of responsibility. [1967 ex.s. c 127 § 8.]

*Reviser's note: The term "director" refers to the secretary of social and health services since the duties of the directors of the departments of health and institutions have devolved upon that officer by RCW 43.20A.120 and 43.20A.210 (1970 ex.s. c 18 §§ 10 and 20).

71.02.416 Departmental assessment of charges—Reimbursement from property subsequently acquired. The provisions of RCW 71.02.320 and 71.02.410 through 71.02.417 shall not be construed as prohibiting or preventing the department of social and health services from obtaining reimbursement from any person liable under RCW 71.02.320 and 71.02.410 through 71.02.417 for the reimbursement of the state of the full amount of the accrued charges for the costs of hospitalization, and/or the costs of outpatient services, to the extent of the liability as provided by this chapter, from any property acquired subsequent to and regardless of the initial findings of responsibility. [1979 c 141 § 128; 1967 ex.s. c 127 § 9.]

71.02.417 Departmental assessment of charges—Responsibility under prior laws. All persons admitted or committed to a state hospital under the provisions of Title 71 RCW or RCW 72.23.070, or chapter 10.76 RCW and their responsible relatives and their estates, whose ability to pay hospitalization charges has been determined under prior laws shall not be affected by the provisions of **RCW 71.02.230, 71.02.320, and 71.02.410 through 71.02.417 until a finding of responsibility shall have been made and become final in accordance with the provisions of **RCW 71.02.230, 71.02.320, and 71.02.410 through 71.02.417. The United States veterans' administration, or other United States government agency, or the chief officer of a private facility shall have the same powers as are conferred upon the superintendent of a state hospital with reference to retention, transfer, parole, or discharge of mentally ill persons ordered hospitalized in their facilities. Commitment to veterans administration or other federal agency: RCW 73.36.165.

71.02.900 Construction and purpose—1959 c 25. The mental health professional shall also designate, at the time of the summons, from a list provided by the court, an attorney who will be appointed, if any is to be appointed, and state the name, business address, and telephone number of this attorney in the summons.

(b) The summons shall state a date and time to appear not less than twenty-four hours after the service of the summons. The summons shall state the address of the evaluation and treatment facility to which such person is to report and the business address and phone number of the mental health professional designated by the county. The summons shall state that if the person named in the summons fails to appear at the evaluation and treatment facility at or before the date and time stated in the summons, such person may be involuntarily taken into custody. Accompanying the summons to such person shall be a copy of the petition for initial detention and a notice of rights.

(c) If such mental health professional decides to summon such person for up to a seventy-two hour evaluation and treatment period, the mental health professional must file in court the summons, the petition for initial detention, and all documentary evidence. The mental health professional shall then serve or cause to be served on such person, his guardian, and conservator, if any, a copy of the summons together with a notice of rights and a petition for initial detention. After service on such person the mental health professional shall file the return of service in court and provide copies of all papers in the court file to the evaluation and treatment facility and the designated attorney. The mental health professional shall notify the court and the prosecuting attorney that a probable cause hearing will be held within seventy-two hours of the date and time specified on the summons if such person is not released prior to the expiration of such period.

(d) If the person summoned appears on or before the date and time specified, the evaluation and treatment facility may admit such person as required by RCW 71.05.170 or may provide treatment on an outpatient basis. If the person summoned fails to appear on or before the date and time specified, the evaluation and treatment facility shall immediately notify the mental health professional designated by the county who may notify a peace officer to take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility. Should the mental health professional notify a peace officer authorizing him to take a person into custody under the provisions of this subsection, he shall file with the court a copy of such authorization and a notice of detention. At the time such person is taken into custody there shall commence to be served on such person, his guardian, and conservator, if any, a copy of the original summons together with a notice of detention, a notice of rights, and a petition for initial detention.

(2) When a mental health professional designated by the county receives information alleging that a person, as the result of a mental disorder, presents an imminent likelihood of serious harm to himself or others, or is in imminent danger because of being gravely disabled, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the person or persons providing the information if any, the mental health professional may take such person, or cause by oral or written order such person to be taken into emergency custody in an evaluation and treatment facility for not more than seventy-two hours as described in RCW 71.05.180.

(3) A peace officer may take such person or cause such person to be taken into custody and placed in an evaluation and treatment facility pursuant to subsection (1)(d) of this section.

(4) A peace officer may, without prior notice of the proceedings provided for in subsection (1) of this section, take or cause such person to be taken into custody and immediately delivered to an evaluation and treatment facility.
(a) Only pursuant to subsections (1)(d) and (2) of this section; or

(b) When he has reasonable cause to believe that such person is suffering from a mental disorder and presents an imminent likelihood of serious harm to others or himself or is in imminent danger because of being gravely disabled.

(5) Persons delivered to evaluation and treatment facilities by peace officers pursuant to subsection (4)(b) of this section may be held by the facility for a period of up to twelve hours: Provided, That they are examined by a mental health professional within three hours of their arrival. Within twelve hours of their arrival, the designated county mental health professional must file a supplemental petition for detention, and commence service on the designated attorney for the detained person. [1979 ex.s. c 215 § 9; 1975 1st ex.s. c 199 § 3; 1974 ex.s. c 145 § 8; 1973 1st ex.s. c 142 § 20.]

71.05.155 Request to mental health professional by law enforcement agency for investigation under RCW 71.05.150—Advisory report of results. When a mental health professional is requested by a representative of a law enforcement agency, including a police officer, sheriff, a municipal attorney, or prosecuting attorney to undertake an investigation under RCW 71.05.150, as now or hereafter amended, the mental health professional shall, if requested to do so, advise said representative in writing of the results of the investigation including a statement of reasons for the decision to detain or release the person investigated. Such written report shall be submitted within seventy-two hours of the completion of the investigation or the request from the law enforcement representative, whichever occurs later. [1979 ex.s. c 215 § 10.]

71.05.160 Petition for initial detention. Any facility receiving a person pursuant to RCW 71.05.150 shall require a petition for initial detention stating the circumstances under which the person's condition was made known and stating that such officer or person has evidence, as a result of his personal observation or investigation, that the actions of the person for which application is made constitute a likelihood of serious harm to himself or others, or that he is gravely disabled, and stating the specific facts known to him as a result of his personal observation or investigation, upon which he bases the belief that such person should be detained for the purposes and under the authority of this chapter.

If a person is involuntarily placed in an evaluation and treatment facility pursuant to RCW 71.05.150, on the next judicial day following the initial detention, the mental health professional designated by the county shall file with the court and serve the designated attorney of the detained person the petition or supplemental petition for initial detention, proof of service of notice, and a copy of a notice of emergency detention. [1974 ex.s. c 145 § 9; 1973 1st ex.s. c 142 § 21.]

71.05.170 Acceptance of petition—Notice. Whenever the designated county mental health professional
(b) That he has a right to communicate immediately with an attorney; he has a right to have an attorney appointed to represent him before and at the probable cause hearing if he is indigent; and he has the right to be told the name and address of the attorney the mental health professional has designated pursuant to this chapter;

(c) That he has the right to remain silent and that any statement he makes may be used against him;

(d) That he has the right to present evidence and to cross-examine witnesses who testify against him at the probable cause hearing; and

(e) That he has the right to refuse medication beginning twenty-four hours prior to the probable cause hearing.

(2) When proceedings are initiated under RCW 71.05.150 (2), (3), or (4)(b), no later than twelve hours after such person is admitted to the evaluation and treatment facility the personnel of the evaluation and treatment facility or the designated mental health professional shall serve on such person a copy of the petition for initial detention and the name, business address, and phone number of the designated attorney and shall forthwith commence service of a copy of the petition for initial detention on said designated attorney.

(3) The judicial hearing described in subsection (1) of this section is hereby authorized, and shall be held according to the provisions of subsection (1) of this section and rules promulgated by the supreme court. [1974 ex.s. c 145 § 13; 1973 1st ex.s. c 142 § 25.]

71.05.210 Evaluation—Treatment and care—Release or other disposition. Each person involuntarily admitted to an evaluation and treatment facility shall, within twenty-four hours of his admission, be examined and evaluated by a licensed physician and a mental health professional as defined in this chapter, and shall receive such treatment and care as his condition requires including treatment on an outpatient basis for the period that he is detained, except that, beginning twenty-four hours prior to a court proceeding, the individual may refuse all but emergency life-saving treatment, and the individual shall be informed at an appropriate time of his right to such refusal of treatment. Such person shall be detained up to seventy-two hours, if, in the opinion of the professional person in charge of the facility, or his professional designee, the person presents a likelihood of serious harm to himself or others, or is gravely disabled. A person who has been detained for seventy-two hours shall no later than the end of such period be released, unless referred for further care on a voluntary basis, or detained pursuant to court order for further treatment as provided in this chapter.

An evaluation and treatment center admitting any person pursuant to this chapter whose physical condition reveals the need for hospitalization shall assure that such person is transferred to an appropriate hospital for treatment. Notice of such fact shall be given to the court, the designated attorney, and the designated county mental health professional and the court shall order such continuance in proceedings under this chapter as may be necessary, but in no event may this continuance be more than fourteen days. [1975 1st ex.s. c 199 § 4; 1974 ex.s. c 145 § 14; 1973 1st ex.s. c 142 § 26.]

71.05.220 Property of committed person. At the time a person is involuntarily admitted to an evaluation and treatment facility, the professional person in charge or his designee shall take reasonable precautions to inventory and safeguard the personal property of the person detained. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this section, "responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without the consent of the patient or order of the court. [1973 1st ex.s. c 142 § 27.]

71.05.230 Procedures for additional treatment. A person detained for seventy-two hour evaluation and treatment may be detained for not more than fourteen additional days of either involuntary intensive treatment or of a less restrictive alternative to involuntary intensive treatment if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that said condition is caused by mental disorder and either results in a likelihood of serious harm to the person detained or to others, or results in the detained person being gravely disabled and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he has not in good faith volunteered; and

(3) The facility providing intensive treatment is certified to provide such treatment by the department of social and health services; and

(4) The professional staff of the agency or facility or the mental health professional designated by the county has filed a petition for fourteen day involuntary detention or a less restrictive alternative with the court. The petition must be signed either by two physicians or by one physician and a mental health professional who have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled and shall set forth the less restrictive alternative proposed by the facility; and
(5) A copy of the petition has been served on the detained person, his attorney and his guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The court has ordered a fourteen day involuntary treatment after a probable cause hearing has been held pursuant to RCW 71.05.240. [1975 1st ex.s. c 199 § 5; 1974 ex.s. c 145 § 15; 1973 1st ex.s. c 142 § 28.]

71.05.240 Probable cause hearing. If a petition is filed for fourteen day involuntary treatment, the court shall hold a probable cause hearing within seventy-two hours of the initial detention of such person as determined in RCW 71.05.180, as now or hereafter amended. If requested by the detained person or his attorney, the hearing may be postponed for a period not to exceed forty-eight hours. The hearing may also be continued subject to the conditions set forth in RCW 71.05.210 or subject to the petitioner's showing of good cause for a period not to exceed twenty-four hours.

At the conclusion of the probable cause hearing, if the court finds by a preponderance of the evidence that such person, as the result of mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled, and, after considering less restrictive alternatives to involuntary detention and treatment, finds that no such alternatives are in the best interests of such person or others, the court shall order that such person be detained for involuntary treatment not to exceed fourteen days in a facility certified to provide treatment by the department of social and health services. If the court finds that such person, as the result of a mental disorder, presents a likelihood of serious harm to others or himself, or is gravely disabled, but that treatment in a less restrictive setting than detention is in the best interest of such person or others, the court shall order an appropriate less restrictive course of treatment for not to exceed fourteen days.

The court shall specifically state to such person and give such person notice in writing that if involuntary treatment beyond the fourteen day period is to be sought, such person will have the right to a full hearing or jury trial as required by RCW 71.05.310. [1979 ex.s. c 215 § 13; 1974 ex.s. c 145 § 16; 1973 1st ex.s. c 142 § 29.]

71.05.250 Probable cause hearing—Detained person's rights—Waiver of physician–patient privilege—Records as evidence. At the probable cause hearing the detained person shall have the following rights in addition to the rights previously specified:

(1) To present evidence on his behalf;

(2) To cross-examine witnesses who testify against him;

(3) To be proceeded against by the rules of evidence;

(4) To remain silent;

(5) To view and copy all petitions and reports in the court file.

The physician–patient privilege shall be deemed waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that it is unreasonable for the petitioner seeking fourteen–day involuntary treatment to obtain a sufficient evaluation of the detained person by a psychiatrist or psychologist or other health professional and such waiver is necessary in the opinion of the court to protect either the detained person or the public.

Whenever the physician–patient privilege is deemed waived pursuant to this section, the waiver shall be limited to the introduction of relevant and competent medical records or testimony of an evaluation or treatment facility or its staff, a facility of the department of social and health services or its staff, or a facility certified for ninety–day treatment by the department of social and health services or its staff for the purpose of meeting evaluation requirements contained in chapter 10.77 RCW and chapter 71.12 RCW: Provided however, That the physician–patient privilege shall not be waived if the physician specifically identifies himself to the detained person as one who is communicating with that person for treatment only: And provided further, That the privilege shall not extend to incident reports involving the detained person.

The record maker shall not be required to testify in order to introduce medical records of the detained person so long as the requirements of RCW 5.45.020 are met except that portions of the record which contains opinions as to the detained person's mental state must be deleted from such records unless the person making such conclusions is available for cross-examination. [1974 ex.s. c 145 § 17; 1973 1st ex.s. c 142 § 30.]

71.05.260 Release—Exception. (1) Involuntary treatment ordered at the time of the probable cause hearing shall be for no more than fourteen days, and shall terminate sooner when, in the opinion of the professional person in charge of the facility or his professional designee, (a) the person no longer constitutes a likelihood of serious harm to himself or others, or (b) no longer is gravely disabled, or (c) is prepared to accept voluntary treatment upon referral, or (d) is to remain in the facility providing intensive treatment on a voluntary basis.

(2) A person who has been detained for fourteen days of intensive treatment shall be released at the end of the fourteen days unless one of the following applies: (a) Such person agrees to receive further treatment on a voluntary basis; or (b) such person is a patient to whom RCW 71.05.280 is applicable. [1974 ex.s. c 145 § 18; 1973 1st ex.s. c 142 § 31.]

71.05.270 Temporary release. Nothing in this chapter shall prohibit the professional person in charge of a treatment facility, or his professional designee, from permitting a person detained for intensive treatment to leave the facility for prescribed periods during the term of the person's detention, under such conditions as may be appropriate. [1973 1st ex.s. c 142 § 32.]

[Title 71 RCW—p 11]
71.05.280 Additional confinement—Grounds—Duration. At the expiration of the fourteen day period of intensive treatment, a person may be confined for further treatment pursuant to RCW 71.05.320 for an additional period, not to exceed ninety days if:

(1) Such person after having been taken into custody for evaluation and treatment has threatened, attempted, or inflicted: (a) Physical harm upon the person of another or himself, or substantial damage upon the property of another, and (b) as a result of mental disorder presents a likelihood of serious harm to others or himself; or

(2) Such person was taken into custody as a result of conduct in which he attempted or inflicted physical harm upon the person of another or himself, and continues to present, as a result of mental disorder, a likelihood of serious harm to others or himself; or

(3) Such person has been determined to be incompetent and criminal charges have been dismissed pursuant to RCW 10.77.090(3), as now or hereafter amended, and has committed acts constituting a felony, and as a result of a mental disorder, presents a substantial likelihood of repeating similar acts. In any proceeding pursuant to this subsection it shall not be necessary to show intent, wilfulness, or state of mind as an element of the felony; or

(4) Such person is gravely disabled.

For the purposes of this chapter "custody" shall mean involuntary detention under the provisions of this chapter or chapter 10.77 RCW, uninterrupted by any period of unconditional release from a facility providing involuntary care and treatment. [1979 ex.s. c 215 § 14; 1974 ex.s. c 145 § 19; 1973 1st ex.s. c 142 § 33.]

71.05.290 Petition—Affidavit. (1) At any time during a person's fourteen day intensive treatment period, the professional person in charge of a treatment facility or his professional designee or the designated county mental health professional may petition the superior court for an order requiring such person to undergo an additional period of treatment. Such petition must be based on one or more of the grounds set forth in RCW 71.05.280.

(2) The petition shall summarize the facts which support the need for further confinement and shall be supported by affidavits signed by two examining physicians, or by one examining physician and examining mental health professional. The affidavits shall describe in detail the behavior of the detained person which supports the petition and shall explain what, if any, less restrictive treatments which are alternatives to detention are available to such person, and shall state the willingness of the affiant to testify to such facts in subsequent judicial proceedings under this chapter.

(3) If a person has been determined to be incompetent pursuant to RCW 10.77.090(3) as now existing or hereafter amended, then the professional person in charge of the treatment facility or his professional designee or the county designated mental health professional may directly file a petition for ninety day treatment under RCW 71.05.280(3). No petition for initial detention or fourteen day detention is required before such a petition may be filed. [1975 1st ex.s. c 199 § 6; 1974 ex.s. c 145 § 20; 1973 1st ex.s. c 142 § 34.]

71.05.300 Filing of petition—Appearance—Notice—Advice as to rights—Appointment of attorney, professional person. The petition for ninety day treatment shall be filed with the clerk of the superior court. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the designated county mental health professional. The designated county mental health professional shall immediately notify the person detained, his attorney, if any, and his guardian or conservator, if any, and the prosecuting attorney, and provide a copy of the petition to such persons as soon as possible.

At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him of his right to be represented by an attorney and of his right to a jury trial. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person.

The court may, if requested, also appoint a professional person as defined in RCW 71.05.020(12) to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person.

The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310. [1975 1st ex.s. c 199 § 7; 1974 ex.s. c 145 § 21; 1973 1st ex.s. c 142 § 35.]

71.05.310 Time for hearing—Due process—Jury trial—Continuation of treatment. The court shall conduct a hearing on the petition for ninety day treatment within five judicial days of the first court appearance after the probable cause hearing unless the person named in the petition requests a jury trial, in which case trial shall commence within ten judicial days of the filing of the petition for ninety day treatment. The court may continue the hearing upon the written request of the person named in the petition or his attorney, which continuance shall not exceed ten additional judicial days. The burden of proof shall be by clear, cogent, and convincing evidence and shall be upon the petitioner. The person shall be present at such proceeding, which shall in all respects accord with the constitutional guarantees of due process of law and the rules of evidence pursuant to RCW 71.05.250.

During the proceeding, the person named in the petition shall continue to be treated until released by order of the superior court. If no order has been made within thirty days after the filing of the petition, not including extensions of time requested by the detained person or...
his attorney, the detained person shall be released. [1975 1st ex.s. c 199 § 8; 1974 ex.s. c 145 § 22; 1973 1st ex.s. c 142 § 36.]

71.05.320 Remand for additional treatment—Duration—New petition—Grounds—Hearing. (1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services for a further period of intensive treatment not to exceed ninety days from the date of judgment. An order for treatment less restrictive than involuntary detention may include conditions, and if such conditions are not adhered to, the designated mental health professional may order the person apprehended under the terms and conditions of RCW 71.05.340 as now or hereafter amended.

If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department of social and health services or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment.

(2) Said person shall be released from involuntary treatment at the expiration of ninety days unless the superintendent or professional person in charge of the facility in which he is confined, or in the event of a less restrictive alternative, the designated mental health professional, files a new petition for involuntary treatment on the grounds that the committed person;

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder presents a likelihood of serious harm to others; or

(b) Was taken into custody as a result of conduct in which he attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder a likelihood of serious harm to others; or

(c) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder presents a substantial likelihood of repeating similar acts; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in subsections (b) and (c) of this section was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to reprove that element. Such new petition for involuntary treatment shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this subsection are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided herein above. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. No person committed as herein provided may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length. [1979 ex.s. c 215 § 15; 1975 1st ex.s. c 199 § 9; 1974 ex.s. c 145 § 23; 1973 1st ex.s. c 142 § 37.]

71.05.330 Early release—Notice to court. Nothing in this chapter shall prohibit the superintendent or professional person in charge of the hospital or facility in which the person is being involuntarily treated from releasing him prior to the expiration of the commitment period when, in the opinion of the superintendent or professional person in charge, the person being involuntarily treated no longer presents a likelihood of serious harm to others.

Whenever the superintendent or professional person in charge of a hospital or facility providing involuntary treatment pursuant to this chapter releases a person prior to the expiration of ninety days, the superintendent or professional person in charge shall in writing notify the court which committed the person for treatment. [1973 1st ex.s. c 142 § 38.]

71.05.340 Outpatient treatment or care—Conditional release—Procedures for revocation. (1) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a condition for early release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated county mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the
best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3) If the hospital or facility designated to provide outpatient care, the designated county mental health professional or the secretary determines that a conditionally released person is failing to adhere to the terms and conditions of his release, then, upon notification by the hospital or facility designated to provide outpatient care, or on his own motion, the designated county mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he is receiving outpatient treatment until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he had been conditionally released. The designated county mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing. The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the designated county mental health professional or the secretary shall file his petition and order of apprehension and detention with the court and serve them upon the person detained. His attorney, if any, and his guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The issues to be determined shall be whether the conditionally released person did or did not adhere to the terms and conditions of his release; and, if he failed to adhere to such terms and conditions, whether the conditions of release should be modified or the person should be returned to the facility. Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he was committed for involuntary treatment, or otherwise in accordance with the provisions of this chapter. Such hearing may be waived by the person and his counsel and his guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the designated county mental health professional or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than fifteen days from the date of service of the petition upon the conditionally released person.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided. [1979 ex.s. c 215 § 16; 1974 ex.s. c 145 § 24; 1973 1st ex.s. c 142 § 39.]

71.05.350 Assistance to released persons. No indigent patient shall be conditionally released or discharged from involuntary treatment without suitable clothing, and the superintendent of a state hospital shall furnish the same, together with such sum of money as he shall deem necessary for the immediate welfare of the patient. Such sum of money shall be the same as the amount required by RCW 72.02.100 to be provided to persons in need being released from correctional institutions. As funds are available, the secretary may provide payment to indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules and regulations to do so. [1973 1st ex.s. c 142 § 40.]

71.05.360 Rights of involuntarily detained persons. (1) Every person involuntarily detained or committed under the provisions of this chapter shall be entitled to all the rights set forth in this chapter and shall retain all rights not denied him under this chapter.

(2) Each person involuntarily detained or committed pursuant to this chapter shall have the right to adequate care and individualized treatment. [1974 ex.s. c 145 § 25; 1973 1st ex.s. c 142 § 41.]

71.05.370 Rights—Posting of list. Insofar as danger to the individual or others is not created, each person involuntarily detained, treated in a less restrictive alternative course of treatment, or committed for treatment and evaluation pursuant to this chapter shall have, in addition to other rights not specifically withheld by law, the following rights, a list of which shall be prominently posted in all facilities, institutions, and hospitals providing such services:

(1) To wear his own clothes and to keep and use his own personal possessions, except when deprivation of same is essential to protect the safety of the resident or other persons;

(2) To keep and be allowed to spend a reasonable sum of his own money for canteen expenses and small purchases;

(3) To have access to individual storage space for his private use;

(4) To have visitors at reasonable times;

(5) To have reasonable access to a telephone, both to make and receive confidential calls;

(6) To have ready access to letter writing materials, including stamps, and to send and receive uncensored correspondence through the mails;

(7) Not to consent to the performance of shock treatment or surgery, except emergency life-saving surgery, upon him, and not to have shock treatment or nonemergency surgery in such circumstance unless ordered by a court pursuant to a judicial hearing in which the person is present and represented by counsel, and the court
shall appoint a psychiatrist, psychologist, or physician designated by such person or his counsel to testify on behalf of such person;

(8) To dispose of property and sign contracts unless such person has been adjudicated an incompetent in a court proceeding directed to that particular issue;

(9) Not to have psychosurgery performed on him under any circumstances. [1974 ex.s. c 145 § 26; 1973 1st ex.s. c 142 § 42.]

71.05.380 Rights of voluntarily committed persons.

All persons voluntarily entering or remaining in any facility, institution, or hospital providing evaluation and treatment for mental disorder shall have no less than all rights secured to involuntarily detained persons by RCW 71.05.360 and 71.05.370. [1973 1st ex.s. c 142 § 43.]

71.05.390 Confidential information and records—Disclosure.

The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services to either voluntary or involuntary recipients of services at public or private agencies shall be confidential.

Information and records may be disclosed only:

(1) In communications between qualified professional persons to meet the requirements of this chapter, in the provision of services or appropriate referrals, or in the course of guardianship proceedings. The consent of the patient, or his guardian, must be obtained before information or records may be disclosed by a professional person employed by a facility to a professional person, not employed by the facility, who does not have the medical responsibility for the patient's care or who is not a designated county mental health professional or who is not involved in providing services under the community mental health services act, chapter 71.24 RCW.

"Psychopathic delinquent" means any minor who is psychopathic, and who is a habitual delinquent, if his delinquency is such as to constitute him a menace to the health, person, or property of himself or others, and the minor is not a proper subject for commitment to a state correctional school, a penal institution, to a state school for the developmentally disabled, or to a state hospital as a mentally ill person.

"Minor" means any person under eighteen years of age.

"Department" means department of social and health services.

"Court" means the superior court of the state of Washington.

"Superintendent" means the superintendent of a state institution designated for the custody, care and treatment of sexual psychopaths or psychopathic delinquents.

71.06.020 Sexual psychopaths—Petition. Where any person is charged in the superior court in this state with a sex offense and it appears that such person is a sexual psychopath, the prosecuting attorney may file a petition in the criminal proceeding, alleging that the defendant is a sexual psychopath and stating sufficient facts to support such allegation. Such petition must be filed and served on the defendant or his attorney at least ten days prior to hearing on the criminal charge. [1959 c 25 § 71.06.020. Prior: 1951 c 223 § 3; 1949 c 198 § 26; Rem. Supp. 1949 § 6953–26.]

71.06.030 Procedure on petition—Effect of acquittal on criminal charge. The court shall proceed to hear the criminal charge. If the defendant is convicted or has previously pleaded guilty to such charge, judgment shall be pronounced, but the execution of the sentence may be deferred or suspended, as in other criminal cases, and the court shall then proceed to hear and determine the allegation of sexual psychopathy. Acquittal on the criminal charge shall not operate to suspend the hearing on the allegation of sexual psychopathy: Provided, That the provisions of RCW 71.06.140 authorizing transfer of a committed sexual psychopath to a correctional institution shall not apply to the committed sexual psychopath who has been acquitted on the criminal charge. [1967 c 104 § 1; 1959 c 25 § 71.06.030. Prior: 1951 c 223 § 4.]

71.06.040 Preliminary hearing—Evidence—Detention in hospital for observation. At a preliminary hearing upon the charge of sexual psychopathy, the court may require the testimony of two duly licensed physicians who have examined the defendant. If the court finds that there are reasonable grounds to believe the defendant is a sexual psychopath, the court shall order said defendant confined at the nearest state hospital for observation as to the existence of sexual psychopathy. Such observation shall be for a period of not to exceed ninety days. The defendant shall be detained in the county jail or other county facilities pending execution of such observation order by the department. [1959 c 25 § 71.06.040. Prior: 1951 c 223 § 5.]

71.06.050 Preliminary hearing—Report of findings. Upon completion of said observation period the superintendent of the state hospital shall return the defendant to the court, together with a written report of his findings as to whether or not the defendant is a sexual psychopath and the facts upon which his opinion is based. [1959 c 25 § 71.06.050. Prior: 1951 c 223 § 6.]

71.06.060 Preliminary hearing—Commitment, or other disposition of charge. After the superintendent's report has been filed, the court shall determine whether or not the defendant is a sexual psychopath. If said defendant is found to be a sexual psychopath, the court shall commit him to the secretary of social and health services for designation of the facility for detention, care, and treatment of the sexual psychopath. If the defendant is found not to be a sexual psychopath, the court shall order the sentence to be executed, or may discharge the defendant as the case may merit. [1979 c 141 § 129; 1967 c 104 § 2; 1959 c 25 § 71.06.060. Prior: 1951 c 223 § 7.]

71.06.070 Preliminary hearing—Jury trial. A jury may be demanded to determine the question of sexual psychopathy upon hearing after return of the superintendent's report. Such demand must be in writing and filed with the court within ten days after filing of the
petition alleging the defendant to be a sexual psychopath. [1959 c 25 § 71.06.070. Prior: 1951 c 223 § 14; 1949 c 198 § 38; Rem. Supp. 1949 § 6953–38.]

71.06.080 Preliminary hearing—Construction of chapter—Trial, evidence, law relating to criminally insane. Nothing in this chapter shall be construed as to affect the procedure for the ordinary conduct of criminal trials as otherwise set up by law. Nothing in this chapter shall be construed to prevent the defendant, his attorney or the court of its own motion, from producing evidence and witnesses at the hearing on the probable existence of sexual psychopath or at the hearing after the return of the superintendent's report. Nothing in this chapter shall be construed as affecting the laws relating to the criminally insane or the insane criminal, nor shall this chapter be construed as preventing the defendant from raising the defense of insanity as in other criminal cases. [1959 c 25 § 71.06.080. Prior: 1951 c 223 § 15.]

Criminally insane: Chapter 10.77 RCW.

71.06.091 Postcommitment proceedings, releases, and further dispositions. A sexual psychopath committed pursuant to RCW 71.06.060 shall be retained by the superintendent of the institution involved until in the superintendent's opinion he is safe to be at large, or until he has received the maximum benefit of treatment, or is not amenable to treatment, but the superintendent is unable to render an opinion that he is safe to be at large. Thereupon, the superintendent of the institution involved shall so inform whatever court committed the sexual psychopath. The court then may order such further examination and investigation of such person as seems necessary, and may at its discretion, summon such person before it for further hearing, together with any witnesses whose testimony may be pertinent, and together with any relevant documents and other evidence. On the basis of such reports, investigation, and possible hearing, the court shall determine whether the person before it shall be released unconditionally from custody as a sexual psychopath, released conditionally, returned to the custody of the institution as a sexual psychopath, or transferred to the department of corrections to serve the original sentence imposed upon him. The power of the court to grant conditional release for any such person before it shall be the same as its power to grant, amend and revoke probation as provided by chapter 9.95 RCW. When the sexual psychopath has entered upon the conditional release, the state board of prison terms and paroles shall supervise such person pursuant to the terms and conditions of the conditional release, as set by the court: Provided, That the superintendent of the institution involved shall never release the sexual psychopath from custody without a court release as herein set forth. [1981 c 136 § 64; 1979 c 141 § 130; 1967 c 104 § 3.]

[1967 c 104 § 4; 1959 c 25 § 71.06.100. Prior: 1951 c 223 § 10.]

71.06.130 Discharge pursuant to conditional release. Where a sexual psychopath has been conditionally released by the committing court, as provided by RCW 71.06.091 for a period of five years, the court shall review his record and when the court is satisfied that the sexual psychopath is safe to be at large, said sexual psychopath shall be discharged. [1967 c 104 § 5; 1959 c 25 § 71.06.130. Prior: 1951 c 223 § 12; 1949 c 198 § 28; part; Rem. Supp. 1949 § 6953–28, part.]

A committed sexual psychopath who has been transferred to a correctional institution shall be observed and treated at the psychiatric facilities provided by the correctional institution. A complete psychiatric examination shall be given to each sexual psychopath so transferred at least twice annually. The examinations may be conducted at the correctional institution or at one of the mental hospitals. The examiners shall report in writing the results of said examinations, including recommendations as to future treatment and custody, to the superintendent of the mental hospital from which the sexual psychopath was transferred, and to the committing court, with copies of such reports and recommendations to the superintendent of the correctional institution. [1981 c 136 § 65; 1979 c 141 § 131; 1967 c 104 § 6; 1959 c 25 § 71.06.140. Prior: 1951 c 223 § 11; 1949 c 198 § 37; Rem. Supp. 1949 § 6953–37.]

The department shall require a license fee in situations where licensed establishments increase their number of patients during any fiscal year, based on a pro rata charge under the schedule set forth herein. No additional fee will be required in the event of an application for transfer of a license to another person to operate the same establishment. 71.20.010 Declaration of purpose. It is declared to be the policy of the legislature of the state of Washington to authorize the state, as part of its program to promote mental health, to develop and coordinate state services for mentally retarded persons; to encourage research and staff training for state and local personnel working with mentally retarded persons; and to cooperate with communities to encourage the establishment and development of services to the mentally retarded through locally administered and locally controlled programs. The complexities of mental retardation require the services of many state departments as well as those of the community. Services should be planned and provided as a part of a continuum. A pattern of facilities, services and eligibility should be established which is sufficiently complete to meet the needs of each retarded person regardless of age or degree of handicap, and at each state of his life's development.

It is the intention of the legislature herein that there be established a central point of referral in the community for the mentally retarded and their families and the establishment of ongoing points of contact with the mentally retarded and their families so that they may have a place of entry for services and return as the need may appear. Further, it is necessary to provide a link between the mentally retarded and sources in the community, including state departments, to the end that the mentally retarded and their families may have access to each of the facilities best suited to them throughout the life of the retarded person. [1967 ex.s. c 110 § 1.]

[Title 72 RCW—p 14] (1981 Ed.)
72.09.010 Legislative intent. It is the intent of the legislature to establish a comprehensive system of corrections for convicted law violators within the state of Washington to accomplish the following objectives.

(1) The system should ensure the public safety. The system should be designed and managed to provide the maximum feasible safety for the persons and property of the general public, the staff, and the inmates.

(2) The system should punish the offender for violating the laws of the state of Washington. This punishment should generally be limited to the denial of liberty of the offender.

(3) The system should treat all offenders fairly and equitably without regard to race, religion, sex, national origin, residence, or social condition.

(4) The system, as much as possible, should reflect the values of the community including:
   (a) Avoiding idleness. Idleness is not only wasteful but destructive to the individual and to the community.
   (b) Adoption of the work ethic. It is the community expectation that all citizens should work and through their efforts benefit both themselves and the community.
   (c) Providing opportunities for self improvement. All individuals should have opportunities to grow and expand their skills and abilities so as to fulfill their role in the community.
   (d) Providing tangible rewards for accomplishment. The individual who works to improve himself or herself and the community should be rewarded for these efforts. As a corollary, there should be no rewards for no effort.
   (e) Sharing in the obligations of the community. All citizens, the public and inmates alike, have a personal and fiscal obligation in the corrections system. All communities must share in the responsibility of the corrections system.

(5) The system should provide for prudent management of resources. The human and fiscal resources of the community are limited. The management and use of these resources can be enhanced by wise investment, productive programs, the reduction of duplication and waste, and the joining together of all involved parties in a common endeavor. Since virtually all offenders return to the community, it is wise for the state and the communities to make an investment in effective rehabilitation programs for offenders and the wise use of resources.

(6) The system should provide for restitution. Those who have damaged others, persons or property, have a responsibility to make restitution for these damages.

(7) The system should be accountable to the citizens of the state. In return, the individual citizens and local units of government must meet their responsibilities to make the corrections system effective.

(8) The system should meet those national standards which the state determines to be appropriate. [1981 c 136 § 2.]

72.09.020 "Inmate" defined. For purposes of this chapter, "inmate" means any person committed to the custody of the department, including but not limited to persons residing in a correctional institution or facility and persons released on furlough or work release. [1981 c 136 § 7.]

72.09.030 Department created—Secretary. There is created a department of state government to be known as the department of corrections. The executive head of the department shall be the secretary of corrections who shall be appointed by the governor with the consent of the senate. The secretary shall serve at the pleasure of the governor and shall receive a salary to be fixed under RCW 43.03.040. [1981 c 136 § 3.]

72.09.040 Transfer of functions from department of social and health services. All powers, duties, and functions assigned to the secretary of social and health services and to the department of social and health services relating to adult correctional programs and institutions are hereby transferred to the secretary of corrections and to the department of corrections. Except as may be specifically provided, all functions of the department of social and health services relating to juvenile rehabilitation and the juvenile justice system shall remain in the department of social and health services. Where functions of the department of social and health services and the department of corrections overlap in the juvenile rehabilitation and/or juvenile justice area, the governor may allocate such functions between these departments.

The secretaries of the department of social and health services and the department of corrections shall submit to the 1983 session of the Washington state legislature a joint report which addresses the question of in which agency juvenile rehabilitation and state level juvenile justice programs should be located. [1981 c 136 § 4.]
72.09.050 Powers and duties of secretary. The secretary shall manage the department of corrections and shall be responsible for the administration of adult correctional programs, including but not limited to the operation of all state correctional institutions or facilities used for the confinement of convicted felons. In addition, the secretary shall have broad powers to enter into agreements with any federal agency, or any other state, or any Washington state agency or local government providing for the operation of any correctional facility or program for persons convicted of felonies or misdemeanors or for juvenile offenders. The agreements may provide for joint operation or operation by the department of corrections, alone, or by any of the other governmental entities, alone. The secretary may employ persons to aid in performing the functions and duties of the department. The secretary may delegate any of his functions or duties to department employees. The secretary is authorized to promulgate standards for the department of corrections within appropriation levels authorized by the legislature. [1981 c 136 § 5.]

72.09.060 Organization of department—Program for volunteers. The department of corrections may be organized into such divisions or offices as the secretary may determine, but shall include divisions for (1) institutional industries, (2) prisons and other custodial institutions and (3) probation, parole, community service, restitution, and other nonincarcerative sanctions. The secretary shall have at least one person on his staff who shall have the responsibility for developing a program which encourages the use of volunteers, for citizen advisory groups, and for similar public involvement programs in the corrections area. Minimum qualification for staff assigned to public involvement responsibilities shall include previous experience in working with volunteers or volunteer agencies. [1981 c 136 § 6.]

72.09.070 Institutional industries board of directors—Duties. (1) There is created an institutional industries board of directors which shall have the composition provided in RCW 72.09.080.

(2) The board shall advise the department of corrections in adopting and implementing programs designed to:

(a) Offer inmates employment, work experience, and training in vocations which may provide opportunities for legitimate means of livelihood upon their release from custody.

(b) Provide industries which will reduce the tax burden of corrections through production of goods and services for sale and use.

(c) Operate correctional work programs in an effective and efficient manner which are as similar as possible to those provided by the private sector.

(3) In addition, the board of directors shall:

(a) Recommend to the director candidates for appointment as director of the institutional industries division.

(b) At least annually evaluate the work performance of the director of the institutional industries division and submit this evaluation to the secretary.

(c) Advise the director of the institutional industries division in the selection of, contracting for, and supervision of work programs with participating private-enterprise firms.

(e) Advise the secretary and the director of the institutional industries division in the investment of funds in institutional industry enterprises and work programs.

(f) Review and evaluate the productivity and appropriateness of all correctional work programs and report on their effectiveness to the director of the division and to the secretary.

(g) Review and evaluate on an on-going basis all financial reports for work programs.

(h) Prepare and transmit to the governor and legislature through the secretary the report required under RCW 72.60.280. [1981 c 136 § 8.]

72.09.080 Institutional industries board of directors—Appointment of members, chairman—Compensation—Support. (1) The institutional industries board of directors shall consist of nine voting members. Seven members shall be appointed by the secretary and shall serve three-year staggered terms. Initially, the secretary shall appoint two members to one-year terms, two members to two-year terms, and three members to three-year terms. In addition, the secretary and the director of the institutional industries division shall be ex officio members. The speaker of the house of representatives and the president of the senate shall each appoint one member from each of the two largest caucuses in their respective houses. The legislators so appointed shall be nonvoting members and shall serve two-year terms, or until they cease to be members of the house from which they were appointed, whichever occurs first. The seven members appointed by the secretary shall include representatives from both labor and industry.

(2) The board of directors shall elect a chairman and such other officers as it deems appropriate. However, the chairman may not be the secretary or the director of the institutional industries division.

(3) The voting members of the board of directors shall serve without compensation but shall be reimbursed by the department for travel expenses under RCW 43.03.050 and 43.03.060, as now or hereafter amended. Legislative members shall be reimbursed under RCW 44.04.120, as now or hereafter amended.

(4) The secretary shall provide such staff services, facilities, and equipment as the board shall require to carry out its duties. [1981 c 136 § 9.]

72.09.090 Institutional industries division—Transfer of materials—Profits—Appropriations. Institutional industries shall have the use of the tools, materials, and equipment which were used by the
department of social and health services for correctional work programs.

The division's net profits from institutional industries' sales and contracts shall be placed in a special account and shall be reinvested, without appropriation, in the expansion and improvement of institutional industries. However, beginning five years after July 1, 1981, the board of directors shall annually recommend that some portion of the profits from institutional industries be returned to the state general fund.

The board and secretary shall request appropriations or increased appropriations whenever it appears that additional money is needed to provide for the establishment and operation of a comprehensive institutional industries program. [1981 c 136 § 10.]

72.09.100 Inmate work program—Types of industries, programs. It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES. Industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

The department of corrections shall supply appropriate security and custody services without charge to the participating firms.

Inmates who work in free venture industries shall do so at their own choice. They shall be paid a wage not less than sixty percent of the approximate prevailing wage within the state for the occupation, as determined by the director of the institutional industries division. If the director finds that he cannot reasonably determine the wage, then the pay shall not be less than the federal minimum wage.

(2) CLASS II: TAX REDUCTION INDUSTRIES. Industries in this class shall be state-owned and operated enterprises designed to reduce the costs for goods and services for tax-supported agencies and for nonprofit organizations which assist persons who are poor or infirm. The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit. The products and services of this industry may be sold to public agencies and to nonprofit organizations which assist persons who are poor or infirm.

Security and custody services shall be provided without charge by the department of corrections.

Inmates working in this class of industries shall do so at their own choice and shall be paid for their work on a gratuity scale which shall not exceed the federal minimum wage and which is approved by the director of institutional industries.

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to accomplish the following objectives:

(a) Whenever possible, to provide basic work training and experience so that the inmate will be able to qualify for better work both within institutional industries and the free community. It is not intended that an inmate's work within this class of industries should be his or her final and total work experience as an inmate.

(b) Whenever possible, to provide forty hours of work or work training per week.

(c) Whenever possible, to offset tax and other public support costs.

Supervising, management, and custody staff shall be employees of the department.

All able and eligible inmates who are assigned work and who are not working in other classes of industries shall work in this class.

Except for inmates who work in work training programs, inmates in this class shall be paid for their work in accordance with an inmate gratuity scale. The scale shall be adopted by the secretary of corrections.

(4) CLASS IV: COMMUNITY WORK INDUSTRIES. Industries in this class shall be operated by the department of corrections. They shall be designed and managed to provide services in the inmate's resident community at a reduced cost. The services shall be provided to public agencies, to persons who are poor or infirm, or to nonprofit organizations which assist persons who are poor or infirm.

Inmates in this program shall reside in facilities owned by, contracted for, or licensed by the department of corrections. A unit of local government shall provide work supervision services without charge to the state and shall pay the inmate's wage.

The department of corrections shall reimburse participating units of local government for liability and workers compensation insurance costs.

Inmates who work in this class of industries shall do so at their own choice and shall receive a gratuity which shall not exceed the minimum wage for their work.

(5) CLASS V: COMMUNITY SERVICE PROGRAMS. Programs in this class shall be subject to supervision by the department of corrections. The purpose of this class of industries is to enable an offender, placed on probation, to work off all or part of a community service order as ordered by the sentencing court.

Employment shall be in a community service program operated by the state, local units of government, or a nonprofit agency which assists persons who are poor or infirm. [1981 c 136 § 11.]

72.09.110 Inmates' wages—Supporting cost of corrections—Restitution, family support. All inmates working in prison industries shall participate in the cost.
of corrections. The secretary shall develop a formula which can be used to determine the extent to which the wages of these inmates will be deducted for this purpose. The amount so deducted shall be placed in the general fund and shall be a reasonable amount which will not unduly discourage the incentive to work. When the secretary finds it appropriate and not unduly destructive of the work incentive, the secretary shall also provide deductions for restitution, savings, and family support. [1981 c 136 § 12.]

72.09.120 Distribution of list of inmate job opportunities. In order to assist inmates in finding work within prison industries, the department shall periodically prepare and distribute a list of prison industries' job opportunities, which shall include job descriptions and the educational and skill requirements for each job. [1981 c 136 § 16.]

72.09.130 Incentive system for good conduct—Dissemination. The department shall adopt a system providing incentives for good conduct and disincentives for poor conduct. The system may include increases or decreases in the degree of liberty granted the inmate within the programs operated by the department and recommended increases or decreases in the number of earned early release days that an inmate can earn for good conduct and good performance. Earned early release days shall be recommended by the department as a form of tangible reward for accomplishment. The system shall be fair, measurable, and understandable to offenders, staff, and the public. At least once in each twelve-month period, the department shall inform the offender in writing as to his or her conduct and performance. This written evaluation shall include reasons for awarding or not awarding recommended earned early release days for good conduct and good performance. The term "good performance" as used in this section means successfully performing a work, work training, or educational task to levels of expectation as specified in writing by the department. The term "good conduct" as used in this section refers to compliance with department rules.

Within one year after July 1, 1981, the department shall adopt, and provide a written description of, the system. The department shall provide a copy of this description to each offender in its custody. [1981 c 136 § 17.]

72.09.140 Corrections standards board—Created, replacing state jail commission. There is created a board to be known as the corrections standards board, hereinafter referred to as the "board," which shall advise the department, the governor, and the legislature. Initially, the board shall be a board within the state jail commission, but after June 30, 1983, it shall replace the commission, as provided in RCW 70.48.035. [1981 c 136 § 18.]

72.09.150 Corrections standards board—Members, compensation, chairman. (1) The corrections standards board shall consist of nine voting members appointed by the governor with the consent of the senate. The secretary of corrections shall serve as an ex officio member without a vote. In addition, the speaker of the house of representatives and the president of the senate shall each appoint two nonvoting members, one from each of the two largest caucuses in their respective houses.

(2) The voting members shall serve four-year staggered terms. No member may serve more than two consecutive terms. Of the voting members, initially one-third shall be appointed for two-year terms, one-third for three-year terms, and one-third for four-year terms. The legislative members shall serve two-year terms, or until they cease to be members of the house from which they were appointed, whichever occurs first.

(3) The voting membership of the board shall be divided so that two-thirds of the members reside west of the Cascade mountains and one-third reside east of the Cascade mountains. One-third of the members shall be elected county, city, or town officials, one-third shall be elected or appointed state officials or their designees, and one-third shall be private citizens. In 1983, the members appointed to take the positions of the persons previously appointed to the two-year terms provided under subsection (2) of this section shall have been members of the state jail commission as local government representatives on June 30, 1983. The board shall include women and members of "minority groups" as that term is commonly understood.

(4) The members of the board shall not receive any compensation for their services but shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060 for nonlegislative members and under RCW 44.04.120 for legislative members, as now or hereafter amended.

(5) The members shall elect a chairman and such other officers as they deem necessary. [1981 c 136 § 21.]

72.09.160 Corrections standards board—Responsibilities, powers, support. The board shall have the following responsibilities with respect to the department of corrections:

(1) Within two years of July 1, 1981, it shall recommend such advisory standards to the legislature, the governor, and the department as it determines are necessary to: (a) Meet federal and state constitutional requirements relating to health, safety, security, and welfare of inmates and staff or specific state or federal statutory requirements; and (b) provide for the public's health, safety, and welfare. In carrying out this responsibility, the board shall consider the standards of the United States department of justice and the accreditation commission on corrections of the American corrections association and any other standards or proposals it finds appropriate. Whenever possible, these standards should discourage duplication of services by the state and local governments.

(2) The standards recommended by the board shall be advisory only and may not be enforced by the board. The board shall review and make recommendations regarding any standards which are proposed by the secretary.
(3) Each year commencing in 1983, the board shall issue a report to the governor, the legislature and the department which shall contain: (a) All recommended standards which are proposed either by the board or the secretary, and the reasons for any variance therefrom with respect to adopted standards; and (b) a report on the variance (i) between its recommended standards and the standards adopted by the secretary; (ii) between its recommended standards and the performance of the department; and (iii) between the standards adopted by the secretary and the performance of the department.

(4) The board shall review the development and functioning of the department's grievance procedures. The board and the secretary shall jointly visit and inspect at least once a year each state corrections institution. For institutions of less than one hundred fifty, the board may appoint one or more of its members to carry out this duty.

(5) The board may recommend advisory standards for the location, construction, and operation of all state correctional facilities and programs.

(6) The board may recommend to the governor, the legislature, and the secretary the expenditure of public funds in a manner which recognizes and advances the board's or the secretary's proposed standards.

(7) The board shall appoint an executive secretary to assist it in carrying out its functions under this chapter. As authorized by the board, the executive secretary shall hire and supervise necessary staff to assist the board in carrying out its duties. The secretary may provide any technical assistance or support which the board may request from time to time. [1981 c 136 § 19.]

72.09.170 Corrections standards board—Replacing state jail commission—Committee to adopt standards.

In respect to local government facilities and programs, the corrections standards board, commencing July 1, 1983, shall exercise the powers and duties of the state jail commission: Provided, That the authority for adoption of mandatory custodial care standards as provided in RCW 70.48.050(1)(a) and enforcement of such standards pursuant to RCW 70.48.070 and 70.48.080 is vested in a five member committee of the board, three of whom shall be the county, city, or town representatives on the board, and two of whom shall be appointed by the board chairman. The board shall provide this committee with such staff and support as is appropriate for the committee's performance of its powers and duties. [1981 c 136 § 20.]

72.09.180 Corrections standards board—Disestablishment.

The corrections standards board shall cease to exist six years after July 1, 1981, unless extended by law. The legislative budget committee shall review the board and recommend to the legislature by January of 1987 whether or not the board should be extended. [1981 c 136 § 22.]

72.09.190 Legal services for inmates. (1) It is the intent of the legislature that reasonable legal services be provided to persons committed to the custody of the department of corrections. The department shall contract with persons or organizations to provide legal services. The secretary shall adopt procedures designed to minimize any conflict of interest, or appearance thereof, in respect to the provision of legal services and the department's administration of such contracts.

(2) Persons who contract to provide legal services are expressly forbidden to solicit plaintiffs or promote litigation which has not been pursued initially by a person entitled to such services under this section.

(3) Persons who contract to provide legal services shall exhaust all informal means of resolving a legal complaint or dispute prior to the filing of any court proceeding.

(4) Nothing in this section forbids the secretary to supplement contracted legal services with any of the following: (a) Law libraries, (b) law student interns, and (c) volunteer attorneys.

(5) The total due a contractor as compensation, fees, or reimbursement under the terms of the contract shall be reduced by the total of any other compensation, fees, or reimbursement received by or due the contractor for the performance of any legal service to inmates during the contract period. Any amount received by a contractor under contract which is not due under this section shall be immediately returned by the contractor. [1981 c 136 § 23.]

72.09.200 Transfer of files, property, and appropriations.

All reports, documents, surveys, books, records, files, papers, and other writings in the possession of the department of social and health services pertaining to the functions transferred by RCW 72.09.040 shall be delivered to the custody of the department of corrections.

All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed exclusively in carrying out the powers and duties transferred by RCW 72.09.040 shall be made available to the department of corrections.

All funds, credits, or other assets held in connection with the functions transferred by RCW 72.09.040 shall be assigned to the department of corrections.

Any appropriations made to the department of social and health services for the purpose of carrying out the powers, duties, and functions transferred by RCW 72.09.040 shall on July 1, 1981, be transferred and credited to the department of corrections for the purpose of carrying out the transferred powers, duties, and functions.

Whenever any question arises as to the transfer of any funds including unexpended balances within any accounts, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred under RCW 72.09.040, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(1981 Ed.)
If apportionments of budgeted funds are required because of the transfers authorized in this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification. [1981 c 136 § 31.]

72.09.210 Transfer of employees. All employees of the department of social and health services who are directly employed in connection with the exercise of the powers and performance of the duties and functions transferred to the department of corrections by RCW 72.09.040 shall be transferred on July 1, 1981, to the jurisdiction of the department of corrections.

All such employees classified under chapter 41.06 RCW, the state civil service law, shall be assigned to the department of corrections. Except as otherwise provided, such employees shall be assigned without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing the state civil service law. [1981 c 136 § 32.]

72.09.220 Employee rights under collective bargaining. Nothing contained in sections 1 through 13 and 16 through 23 of this act may be construed to downgrade any rights of any employee under any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law. [1981 c 136 § 33.]

*Revisor's note: Sections 1 through 12 and 16 through 23 are RCW 72.09.010 through 72.09.190 and 72.09.901. Section 13 appears as a footnote to the chapter 72.09 RCW digest.

72.09.230 Duties continued during transition. All state officials required to maintain contact with or provide services to the department or secretary of social and health services relating to adult corrections shall continue to perform the services for the department of corrections.

In order to ease the transition of adult corrections to the department of corrections, the governor may require an interagency agreement between the department and the department of social and health services under which the department of social and health services would, on a temporary basis, continue to perform all or part of any specified function of the department of corrections. [1981 c 136 § 34.]

72.09.900 Effective date—1981 c 136. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1981. [1981 c 136 § 124.]

All existing contracts and obligations pertaining to the powers, duties, and functions transferred shall remain in full force and effect and shall be performed by the department of corrections.

The transfer of powers, duties, and functions under RCW 72.09.040 shall not affect the validity of any act performed prior to July 1, 1981, by the department of social and health services or its secretary and, except as otherwise specifically provided, shall not affect the validity of any rights existing on July 1, 1981.

If questions arise regarding whether any sort of obligation is properly that of the department of social and health services or the department of corrections, such questions shall be resolved by the director of financial management. [1981 c 136 § 30.]

72.23.070 Voluntary patients—Right to receive—Application—Review of condition and status—Minors, commitment procedure and requirements, rights. Pursuant to rules and regulations established by the department, a public or private facility may receive any person who is a suitable person for care and treatment as mentally ill, or for observation as to mental illness, upon the receipt of a written application of the person, or others on his behalf, in accordance with the following requirements:

(1) In the case of a person eighteen years of age or over, the application shall be voluntarily made by the person;

(2) In the case of a person thirteen years of age or under, the application may be voluntarily made by his parents, or by the parent, limited guardian as authorized, guardian, or other person entitled to his custody. When such person is more than thirteen years of age, such application must be accompanied by the written consent, knowingly and voluntarily given, of the minor. All such voluntary applications to a public agency shall be reviewed by the county mental health professionals, who shall submit a written report and evaluation with recommendations to the superintendent of such facility to which such application is made stating whether treatment is necessary and proper on a voluntary basis and evaluating the reasons for voluntary commitment. Such person's condition and status shall be reviewed by the professional person in charge of the facility or his designee at least once each one hundred eighty days. A person under eighteen years of age received into a public facility as a voluntary patient shall not be retained after he reaches eighteen years of age, but such person, upon reaching eighteen years of age, may apply for admission into a public or private facility as a voluntary patient.

(3) No minor over thirteen years of age shall be involuntarily committed to a state or private facility for care and treatment as mentally disordered, or for observation as to the existence of mental disorder, except in accordance with the following requirements:

(a) The facility must be certified by the department of social and health services to provide evaluation and treatment to persons under eighteen years of age suffering from mental disorders: Provided, That a physically separate and separately operated portion of a state hospital may be designated as an evaluation and treatment facility: Provided further, That a facility which is part of, or a part of, or operated by, the department of social and health services or any federal agency will not require certification.

(b) A petition shall be filed with the juvenile court by the person's parent, parents, limited guardian as authorized, guardian, or by the juvenile court itself. The petition shall set forth the reasons why commitment is necessary and what alternative courses of treatment have been explored. The juvenile court shall then conduct a hearing, at which the person under eighteen years of age shall be represented by an attorney, to determine whether commitment is clearly in the best interests of the person sought to be committed, and that no less restrictive alternative exists: Provided, That, if in the opinion of the designated county mental health professional a minor presents an imminent likelihood of serious harm to himself or others, he may be temporarily detained for up to seventy-two hours by a licensed facility pending petition to the juvenile court for further commitment.

(c) If the juvenile court determines that commitment is clearly necessary, it will issue an order approving such petition. If the juvenile court determines that a less restrictive alternative is desirable, it may order that alternatives be followed.

(d) If a person under the age of eighteen years is committed to a state or private facility pursuant to this section, the juvenile court recommending commitment shall require a report from the facility every one hundred eighty days that sets forth such facts as the juvenile court may require. Upon receipt of the report, the juvenile court shall undertake a review of the status of such person to determine whether or not it is still clearly in the best interests of the patient that he remain in the facility. If the juvenile court determines that further commitment is not clearly in the best interests of the
patient, it shall order release upon such conditions as it deems necessary.

(e) Every person under the age of eighteen shall have all the rights provided for persons eighteen years of age or over under this chapter as now or hereafter amended except those rights specifically modified by this section: Provided, That the juvenile court rather than the superior court shall be responsible for any proceedings. A voluntarily admitted minor over thirteen years of age shall have the right to release on the next judicial day from the date of request unless a petition is filed in juvenile court by the professional person in charge of the facility or his designee on the grounds that the juvenile is dangerous to himself or others or that it would be in the best interests of the juvenile that he remain in the facility. Furthermore, should the patient and his parent, parents, limited guardian as authorized, or guardian both request his release, he shall be immediately released unless the professional person in charge of the facility objects immediately in writing to the juvenile court on the grounds that the person is dangerous to himself or others and that it would not be in the patient’s best interests to be released. Should this occur, the juvenile court shall hold a hearing on the issue within five judicial days and determine whether the person should be released.

(f) Nothing in this section shall prohibit the professional person in charge of the facility in which the person is being treated from releasing him at any time when, in the opinion of said professional person, further commitment would no longer be in the best interests of the patient.

Whenever a person is released by the professional person in charge of a facility under this section, said person shall, in writing, notify the juvenile court which committed the person for treatment.

(4) In the case of a person eighteen years of age or over for whom a limited guardian or guardian of the person has been appointed, such application shall be made by said limited guardian or guardian, when so authorized by proper court order in the limited guardianship or guardianship proceedings. Payment of hospitalization charges shall not be a necessary requirement for voluntary admission: Provided, however, The department may request payment of hospitalization charges, or any portion thereof, from the patient or relatives of the patient within the above classifications: spouse, parent, or children. Where the patient or relatives within the above classifications refuse to make the payments requested, the department shall have the right to discharge such patient or initiate proceedings for involuntary hospitalization. The maximum charge shall be the same for voluntary and involuntary hospitalization. [1959 c 28 § 72.23.120. Prior: 1951 c 139 § 16. Formerly RCW 71.02.080.]

It is the intent of the legislature that temporary observation and evaluation as described in this section be provided in all cases except where an alternative such as: (1) Delivery to treatment outside the hospital, or (2) no need for treatment is clearly indicated. [1979 ex.s. c 215 § 18.]

Notice may be given to any sheriff or peace officer, who, when requested by the superintendent, may apprehend and detain such escapee or return him to the state hospital without warrant. 72.27.010 Compact enacted. The Interstate Compact on Mental Health is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

ARTICLE I

The party states find that the proper and expeditious treatment of the mentally ill and mentally deficient can be facilitated by cooperative action, to the benefit of the patients, their families, and society as a whole. Further, the party states find that the necessity of and desirability for furnishing such care and treatment bears no primary relation to the residence or citizenship of the patient but that, on the contrary, the controlling factors of community safety and humanitarianism require that facilities and services be made available for all who are in need of them. Consequently, it is the purpose of this compact and of the party states to provide the necessary legal basis for the institutionalization or other appropriate care and treatment of the mentally ill and mentally deficient under a system that recognizes the paramount importance of patient welfare and to establish the responsibilities of the party states in terms of such welfare.

ARTICLE II

As used in this compact:

(a) "Sending state" shall mean a party state from which a patient is transported pursuant to the provisions of the compact or from which it is contemplated that a patient may be so sent.

(b) "Receiving state" shall mean a party state to which a patient is transported pursuant to the provisions of the compact or to which it is contemplated that a patient may be so sent.

(c) "Institution" shall mean any hospital or other facility maintained by a party state or political subdivision thereof for the care and treatment of mental illness or mental deficiency.

(d) "Patient" shall mean any person subject to or eligible as determined by the laws of the sending state, for institutionalization or other care, treatment, or supervision pursuant to the provisions of this compact.

(e) "After-care" shall mean care, treatment and services provided a patient, as defined herein, on convalescent status or conditional release.

(f) "Mental illness" shall mean mental disease to such extent that a person so afflicted requires care and treatment for his own welfare, or the welfare of others, or of the community.

(g) "Mental deficiency" shall mean mental deficiency as defined by appropriate clinical authorities to such extent that a person so afflicted is incapable of managing himself and his affairs, but shall not include mental illness as defined herein.

(h) "State" shall mean any state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

ARTICLE III

(a) Whenever a person physically present in any party state shall be in need of institutionalization by reason of mental illness or mental deficiency, he shall be eligible for care and treatment in an institution in that state irrespective of his residence, settlement or citizenship qualifications.

(b) The provisions of paragraph (a) of this article to the contrary notwithstanding, any patient may be transferred to an institution in another state whenever there are factors based upon clinical determinations indicating that the care and treatment of said patient would be facilitated or improved thereby. Any such institutionalization may be for the entire period of care and treatment or for any portion or portions thereof. The factors referred to in this paragraph shall include the patient's full record with due regard for the location of the patient's family, character of the illness and probable duration thereof, and such other factors as shall be considered appropriate.
(c) No state shall be obliged to receive any patient pursuant to the provisions of paragraph (b) of this article unless the sending state has given advance notice of its intention to send the patient; furnished all available medical and other pertinent records concerning the patient; given the qualified medical or other appropriate clinical authorities of the receiving state an opportunity to examine the patient if said authorities so wish; and unless the receiving state shall agree to accept the patient.

(d) In the event that the laws of the receiving state establish a system of priorities for the admission of patients, an interstate patient under this compact shall receive the same priority as a local patient and shall be taken in the same order and at the same time that he would be taken if he were a local patient.

(e) Pursuant to this compact, the determination as to the suitable place of institutionalization for a patient may be reviewed at any time and such further transfer of the patient may be made as seems likely to be in the best interest of the patient.

ARTICLE IV

(a) Whenever, pursuant to the laws of the state in which a patient is physically present, it shall be determined that the patient should receive after-care or supervision, such care or supervision may be provided in a receiving state. If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state shall have reason to believe that after-care in another state would be in the best interest of the patient and would not jeopardize the public safety, they shall request the appropriate authorities in the receiving state to investigate the desirability of affording the patient such after-care in said receiving state, and such investigation shall be made with all reasonable speed. The request for investigation shall be accompanied by complete information concerning the patient's intended place of residence and the identity of the person in whose charge it is proposed to place the patient, the complete medical history of the patient, and such other documents as may be pertinent.

(b) If the medical or other appropriate clinical authorities having responsibility for the care and treatment of the patient in the sending state and the appropriate authorities in the receiving state find that the best interest of the patient would be served thereby, and if the public safety would not be jeopardized thereby, the patient may receive after-care or supervision in the receiving state.

(c) In supervising, treating, or caring for a patient on after-care pursuant to the terms of this article, a receiving state shall employ the same standards of visitation, examination, care, and treatment that it employs for similar local patients.

ARTICLE V

Whenever a dangerous or potentially dangerous patient escapes from an institution in any party state, that state shall promptly notify all appropriate authorities within and without the jurisdiction of the escape in a manner reasonably calculated to facilitate the speedy apprehension of the escapee. Immediately upon the apprehension and identification of any such dangerous or potentially dangerous patient, he shall be detained in the state where found pending disposition in accordance with law.

ARTICLE VI

The duly accredited officers of any state party to this compact, upon the establishment of their authority and the identity of the patient, shall be permitted to transport any patient being moved pursuant to this compact through any and all states party to this compact, without interference.

ARTICLE VII

(a) No person shall be deemed a patient of more than one institution at any given time. Completion of transfer of any patient to an institution in a receiving state shall have the effect of making the person a patient of the institution in the receiving state.

(b) The sending state shall pay all costs of and incidental to the transportation of any patient pursuant to this compact, but any two or more party states may, by making a specific agreement for that purpose, arrange for a different allocation of costs as among themselves.

(c) No provision of this compact shall be construed to alter or affect any internal relationships among the departments, agencies and officers of and in the government of a party state, or between a party state and its subdivisions, as to the payment of costs, or responsibilities therefor.

(d) Nothing in this compact shall be construed to prevent any party state or subdivision thereof from asserting any right against any person, agency or other entity in regard to costs for which such party state or subdivision thereof may be responsible pursuant to any provision of this compact.

(e) Nothing in this compact shall be construed to invalidate any reciprocal agreement between a party state and a nonparty state relating to institutionalization, care or treatment of the mentally ill or mentally deficient, or any statutory authority pursuant to which such agreements may be made.

ARTICLE VIII

(a) Nothing in this compact shall be construed to abridge, diminish, or in any way impair the rights, duties, and responsibilities of any patient's guardian on his own behalf or in respect of any patient for whom he may serve, except that where the transfer of any patient to another jurisdiction makes advisable the appointment of a supplemental or substitute guardian, any court of competent jurisdiction in the receiving state may make such supplemental or substitute appointment and the court which appointed the previous guardian shall upon being duly advised of the new appointment, and upon the satisfactory completion of such accounting and other acts as such court may by law require, relieve the previous guardian of power and responsibility to whatever
extent shall be appropriate in the circumstances: Provided, however, That in the case of any patient having settlement in the sending state, the court of competent jurisdiction in the sending state shall have the sole discretion to relieve a guardian appointed by it or continue his power and responsibility, whichever it shall deem advisable. The court in the receiving state may, in its discretion, confirm or reappoint the person or persons previously serving as guardian in the sending state in lieu of making a supplemental or substitute appointment.

(b) The term "guardian" as used in paragraph (a) of this article shall include any guardian, trustee, legal committee, conservator, or other person or agency however denominated who is charged by law with power to act for or responsibility for the person or property of a patient.

ARTICLE IX

(a) No provision of this compact except Article V shall apply to any person institutionalized while under sentence in a penal or correctional institution or while subject to trial on a criminal charge, or whose institutionalization is due to the commission of an offense for which, in the absence of mental illness or mental deficiency, said person would be subject to incarceration in a penal or correctional institution.

(b) To every extent possible, it shall be the policy of states party to this compact that no patient shall be placed or detained in any prison, jail or lockup, but such patient shall, with all expedition, be taken to a suitable institutional facility for mental illness or mental deficiency.

ARTICLE X

(a) Each party state shall appoint a "compact administrator" who, on behalf of his state, shall act as general coordinator of activities under the compact in his state and who shall receive copies of all reports, correspondence, and other documents relating to any patient processed under the compact by his state either in the capacity of sending or receiving state. The compact administrator or his duly designated representative shall be the official with whom other party states shall deal in any matter relating to the compact or any patient processed thereunder.

(b) The compact administrators of the respective party states shall have power to promulgate reasonable rules and regulations to carry out more effectively the terms and provisions of this compact.

ARTICLE XI

The duly constituted administrative authorities of any two or more party states may enter into supplementary agreements for the provision of any service or facility or for the maintenance of any institution on a joint or cooperative basis whenever the states concerned shall find that such agreements will improve services, facilities, or institutional care and treatment in the fields of mental illness or mental deficiency. No such supplementary agreement shall be construed so as to relieve any party state of any obligation which it otherwise would have under other provisions of this compact.

ARTICLE XII

This compact shall enter into full force and effect as to any state when enacted by it into law and such state shall thereafter be a party thereto with any and all states legally joining therein.

ARTICLE XIII

(a) A state party to this compact may withdraw therefrom by enacting a statute repealing the same. Such withdrawal shall take effect one year after notice thereof has been communicated officially and in writing to the governors and compact administrators of all other party states. However, the withdrawal of any state shall not change the status of any patient who has been sent to said state or sent out of said state pursuant to the provisions of the compact.

(b) Withdrawal from any agreement permitted by Article VII(b) as to costs or from any supplementary agreement made pursuant to Article XI shall be in accordance with the terms of such agreement.

ARTICLE XIV

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1965 ex.s. c 26 § 1.]

Chapter added: "The foregoing provisions of this act are added to chapter 28, Laws of 1959 and to Title 72 RCW, and shall constitute a new chapter therein." [1965 ex.s. c 26 § 8.]

Effective date—1965 ex.s. c 26: "This act shall take effect upon July 1, 1965." [1965 ex.s. c 26 § 9.]

72.27.020 Secretary is compact administrator—Rules and regulations—Cooperation with other agencies. Pursuant to said compact provided in RCW 72.27-010, the secretary of social and health services shall be the compact administrator and who, acting jointly with like officers of other party states, shall have power to promulgate rules and regulations to carry out more effectively the terms of the compact. The compact administrator is hereby authorized, empowered and directed to cooperate with all departments, agencies and officers of and in the government of this state and its subdivisions in facilitating the proper administration of the compact or any supplementary agreement or agreements entered into by this state thereunder. [1979 c 141 § 233; 1965 ex.s. c 26 § 2.]
Section 72.27.030 Supplementary agreements. The compact administrator is hereby authorized and empowered to enter into supplementary agreements with appropriate officials of other states pursuant to Articles VII and XI of the compact. In the event that such supplementary agreements shall require or contemplate the use of any institution or facility of this state or require or contemplate the provision of any service by this state, no such agreement shall have force or effect until approved by the head of the department or agency under whose jurisdiction said institution or facility is operated or whose department or agency will be charged with the rendering of such service. [1965 ex.s. c 26 § 3.]

Section 72.27.040 Financial arrangements. The compact administrator, subject to the moneys available therefor, may make or arrange for any payments necessary to discharge any financial obligations imposed upon this state by the compact or by any supplementary agreement entered into thereunder. [1965 ex.s. c 26 § 4.]

Section 72.27.050 Prerequisites for transfer of person to another party state—Release or return of residents, jurisdiction, laws applicable. No person shall be transferred to another party state pursuant to this chapter unless the compact administrator first shall have obtained either:

(a) The written consent to such transfer by the proposed transferee or by others on his behalf, which consent shall be executed in accordance with the requirements of RCW 72.23.070, and if such person was originally committed involuntarily, such consent shall also be approved by the committing court; or

(b) An order of the superior court approving such transfer, which order shall be obtained from the committing court, if such person was committed involuntarily, otherwise from the superior court of the county where such person resided at the time of such commitment; and such order shall be issued only after notice and hearing in the manner provided for the involuntary commitment of mentally ill or mentally deficient persons as the case may be.

The courts of this state shall have concurrent jurisdiction with the appropriate courts of other party states to hear and determine petitions seeking the release or return of residents of this state who have been transferred from this state under this chapter to the same extent as if such persons were hospitalized in this state; and the laws of this state relating to the release of such persons shall govern the disposition of any such proceeding. [1965 ex.s. c 26 § 5.]

Section 72.27.060 Transmittal of copies of chapter. Duly authorized copies of this chapter shall, upon its approval by the secretary of state to the governor of each state, the attorney general and the administrator of general services of the United States, and the council of state governments. [1965 ex.s. c 26 § 6.]

Section 72.27.070 Right to deport aliens and return residents of nonparty states preserved. Nothing in this chapter shall affect the right of the secretary of social and health services to deport aliens and return residents of nonparty states as provided in chapter 72.25 RCW. 72.70.010 Compact enacted—Provisions. The Western Interstate Corrections Compact as contained herein is hereby enacted into law and entered into on behalf of this state with any and all other states legally joining therein in a form substantially as follows:

WESTERN INTERSTATE CORRECTIONS COMPACT

ARTICLE I—Purpose and Policy

The party states, desiring by common action to improve their institutional facilities and provide programs of sufficiently high quality for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society. The purpose of this compact is to provide for the development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders.

ARTICLE II—Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States, or, subject to the limitation contained in Article VII, Guam.
(b) "Sending state" means a state party to this compact in which conviction was had.
(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction was had.
(d) "Inmate" means a male or female offender who is under sentence to or confined in a prison or other correctional institution.
(e) "Institution" means any prison, reformatory or other correctional facility except facilities for the mentally ill or mentally handicapped in which inmates may lawfully be confined.

ARTICLE III—Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.
2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs or treatment not reasonably included as part of normal maintenance.
3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.
4. Delivery and retaking of inmates.
5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(1981 Ed.)
(b) Prior to the construction or completion of construction of any institution or addition thereto by a party state, any other party state or states may contract therewith for the enlargement of the planned capacity of the institution or addition thereto, or for the inclusion therein of particular equipment or structures, and for the reservation of a specific percentum of the capacity of the institution to be kept available for use by inmates of the sending state or states so contracting. Any sending state so contracting may, to the extent that monies are legally available therefor, pay to the receiving state, a reasonable sum as consideration for such enlargement of capacity, or provision of equipment or structures, and reservation of capacity. Such payment may be in a lump sum or in installments as provided in the contract.

(c) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV——Procedures and Rights

(a) Whenever the duly constituted judicial or administrative authorities in a state party to this compact, and which has entered into a contract pursuant to Article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary in order to provide adequate quarters and care or desirable in order to provide an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of Article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have the benefit of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be cared for and treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state. Costs of records made pursuant to this subdivision shall be borne by the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V——Acts Not Reviewable In Receiving State; Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in
the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is suspected of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.
