The legislature recognizes as its initial duty in carrying out its responsibility to see to the education of the children of this state the importance of screening children within the schools to determine if there are any of such children with learning/language disabilities. It is the intent and purpose of RCW 28A.03.300 through 28A.03.320 to identify the number of children with recognizable learning/language disabilities, the type thereof, and to determine educational methods appropriate thereto. [1975 1st ex.s. c 78 § 1.]

Severability—1975 1st ex.s. c 78: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." (1) Every school district is encouraged to test pupils in grade two by an assessment device designed or selected by the local school districts. This test shall be used to help teachers in identifying those pupils in need of assistance in the skills of reading, writing, mathematics, and language arts. The test results are not to be compiled by the superintendent of public instruction, but are only to be used by the local school district.

(2) The superintendent of public instruction shall prepare and conduct, with the assistance of local school districts, a standardized achievement test to be given annually to all pupils in grade four. The test shall assess students' skill in reading, writing, mathematics, and language arts and shall focus upon appropriate input variables. Results of such tests shall be compiled by the superintendent of public instruction, who shall make those results available annually to the legislature, to all local school districts and subsequently to parents of those children tested. The results shall allow parents to ascertain the achievement levels and input variables of their children as compared with the other students within the district, the state and, if applicable, the nation.

(3) The superintendent of public instruction shall prepare and conduct, with the assistance of local school districts, an assessment to be administered annually to all grade eight students. The purposes of the assessment are to assist students, parents, and teachers in the planning and selection of appropriate high school programs and courses for the students and to provide comparisons within the district, the state and, if applicable, the nation. The results may also be used as an aid in the development of plans to build upon individual students' strengths and to address areas in which individual students' skills are not as strong. The test shall include but not be limited to examinations in reading, mathematics, and language arts and a student academic and career interest inventory and may include the collection of other academic achievement related information. Results of the test shall be compiled by the superintendent of public instruction who shall annually make the results available to all local school districts which shall in turn make the results available to students, parents, and teachers in a timely fashion. In addition to a compilation of school district test results, the test results for each school shall be reported as they relate to selected demographic variables.

Choice of students shall be based on a statistical random sample of students from this grade level sufficient to generalize about all of the students at the grade level from the state's school districts. The purpose of the test is to allow the public, the legislature, and school district personnel to evaluate how Washington students in this grade compare to students in the same grade tested in other comparable national achievement surveys.

(6) The superintendent of public instruction shall report annually to the legislature on the achievement levels of students in grades four, eight, and ten and shall report biennially to the legislature on the achievement levels of students in grade eleven. Christa McAuliffe's chosen profession encompasses learning by discovery and her desire to make new discoveries was reflected by her participation in the nation's space program.

The tragic loss of the life of Christa McAuliffe on the flight of the space shuttle Challenger on January 28, 1986, will be remembered through the legacy she gave to her family, friends, relatives, students, colleagues, the education profession, and the nation: a model example of striving toward excellence. 28A.13.010 Administrative section or unit for the ed­u­ca­tion of children with handicapping conditions—"Handicapped children" and "appropriate education" defined—Approval when child under jurisdiction of juvenile court. There is established in the office of the superintendent of public instruction an administrative section or unit for the education of children with handicapping conditions.

Handicapped children are those children in school or out of school who are temporarily or permanently retarded in normal educational processes by reason of physical or mental handicap, or by reason of emotional maladjustment, or by reason of other handicap, and those children who have specific learning and language disabilities resulting from perceptual–motor handicaps, including problems in visual and auditory perception and integration.

The superintendent of public instruction shall require each school district in the state to insure an appropriate educational opportunity for all handicapped children between the ages of three and twenty–one, but when the twenty–first birthday occurs during the school year, the educational program may be continued until the end of that school year. The superintendent of public instruction, by rule and regulation, shall establish for the purpose of excess cost funding, as provided in this chapter, RCW 28A.24.100 and 28A.41.053, functional definitions of the various types of handicapping conditions and eligibility criteria for handicapped programs. For the purposes of this chapter, an appropriate education is defined as an education directed to the unique needs, abilities, and limitations of the handicapped children. School districts are strongly encouraged to provide parental training in the care and education of the children and to involve parents in the classroom.

Nothing in this section shall prohibit the establishment or continuation of existing cooperative programs between school districts or contracts with other agencies approved by the superintendent of public instruction, which can meet the obligations of school districts to provide education for handicapped children, or prohibit the continuation of needed related services to school districts by the department of social and health services.

This section shall not be construed as in any way limiting the powers of local school districts set forth in RCW 28A.13.050.

No child shall be removed from the jurisdiction of juvenile court for training or education under this chapter without the approval of the superior court of the county. It is the intent of the legislature that a basic core of uniform services be provided by educational service districts and be identified in statute so that biennial budget requests for educational service districts may be based upon measurable goals and needs. Educational service districts as noted in RCW 28A.21.010, are intended primarily to:

(1) Provide cooperative and informational services to local districts and to perform functions for those districts when such functions are more effectively or economically administered from the regional level;

(2) Assist the state educational agencies, office of superintendent of public instruction and the state board of education in the legal performance of their duties; and

(3) Assist in providing pupils with equal educational opportunities.

The purpose of *RCW 28A.21.137 and 28A.21.138 is to further identify those core services in order to prepare educational service district budgets for the 1979–81 biennium, and those bienniums beyond. [1977 ex.s. c 283 § 9.]

*Reviser's note: Translation of internal references, see note following RCW 28A.21.030.

(2) A weighting factor constituting a geographical factor which shall be used to weight the larger sized educational service districts for formula purposes; and

(3) A weighting factor which shall be based on the number and size of local school districts within each educational service district for formula purposes.

The sum of subsection (1) of this section, together with the weighting factors of subsections (2) and (3) of this section for each educational service district, shall reflect the variables among the educational service districts and when combined, a total budget for all educational service districts shall be the result. [1977 ex.s. c 283 § 11.]

28A.31.130 Screening program for scoliosis—Purpose. The legislature recognizes that the condition known as scoliosis, a lateral curvature of the spine commonly appearing in adolescents, can develop into a permanent, crippling disability if left untreated. Early diagnosis and referral can often result in the successful treatment of this condition and greatly reduce the need for major surgery. Therefore, the purpose of RCW 28A.31.130 through 28A.31.142 is to recognize that a school screening program is an invaluable tool for detecting the number of adolescents with scoliosis. It is the intent of the legislature to insure that the superintendent of public instruction provide and require screening for the condition known as scoliosis of all children in the highest risk age group, grades 5 through 10, to ascertain which, if any, of these children have defects requiring corrective treatment. [1985 c 216 § 1; 1979 c 47 § 1.]

The examination shall be made by a school physician, school nurse, qualified licensed health practitioner, or physical education instructor or by other school personnel. Federal head start program criteria, including set aside provisions for the children of seasonal and migrant farmworkers and native American populations living either on or off reservation, to the extent practicable, shall be considered as guidelines for the state preschool early childhood assistance program. The department in developing rules for the preschool program shall consult with the advisory committee, and shall consider such factors as coordination with existing head start and other preschool programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the preschool programs to provide for parental involvement at a level not less than that provided under the federal head start program criteria. *Reviser's note: For the effective date of this act [1985 c 418], see RCW 28A.34A.900.

Intent—1987 c 518: "The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with certain developmental experiences and effective parental guidance can greatly improve their performance in school as well as increase the likelihood of their success as adults. National studies have also confirmed that special attention to, and educational assistance for, children and their school environment is the most effective way in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn.* [1987 c 518 § 1.]

Severability—1987 c 518: *If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.* [1987 c 518 § 411.]

28A.34A.070 Review of applications—Designation of programs. The department shall review applications received within nine months after *the effective date of this act, and designate those programs eligible to commence operation within two months of such date. [1985 c 418 § 7.]

*Reviser's note: For the effective date of this act [1985 c 418], see RCW 28A.34A.900.

28A.34A.080 Governor's report. The governor shall report to the legislature before the convening of the regular session of the legislature which commences after at least a year from *the effective date of this act, on the merits of continuing and expanding the preschool program or instituting other means of providing early childhood development assistance. The office of the superintendent of public instruction shall assist the governor in the preparation of the report and shall be consulted on all issues addressed in said report. This report shall consider the experiences of federal and state preschool programs and address the preschool education recommendations submitted to the legislature during 1985.

If the governor recommends the continuation of a state-funded preschool program, then the governor's report shall include specific recommendations on at least the following issues:

1. The desired relationships of a state-funded preschool education and assistance program with the common school system;
2. The types of children and their needs that the program should serve;
3. The appropriate level of state support for implementing a comprehensive preschool education and assistance program for all eligible children, including related programs to prepare instructors and provide facilities, equipment, and transportation;
4. The state administrative structure necessary to implement the program; and
5. The establishment of a system to examine and monitor the effectiveness of preschool educational and assistance services for disadvantaged children to measure, among other elements, if possible, how the children completing this program compare to the average level of performance of all state students in their grade level, and to those at-risk students who do not have access to this program. The evaluation system shall examine how the percentage of these children needing access to special education or remedial programs compares to the overall percentage of children needing such services and compares to the percentage of at-risk students who do not have access to this program needing such services.    b. Certificated administrative staff and their related costs;
   c. Classified staff and their related costs;
   d. Nonsalary costs;
   e. Extraordinary costs of remote and necessary schools and small high schools, including costs of additional certificated and classified staff; and
   f. The attendance of students pursuant to RCW 28A.58.075 and 28A.58.245, each as now or hereafter amended, who do not reside within the servicing school district.

2. (a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below existing levels.

(b) The formula adopted by the legislature for the 1987–88 school year shall reflect the following ratios at a minimum: (i) Forty-eight certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve; (iv) six and sixty-seven one–hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve; and (v) sixteen and sixty-seven one–hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

(c) Commencing with the 1988–89 school year, the formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve; (iv) sixteen and sixty-eight one–hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve; and (v) sixteen and sixty-seven one–hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.
average full time equivalent students enrolled in grades kindergarten through twelve.

(d) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect: Provided, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.58.754 and 28A.41.110. The enrollment of any district shall be the annual average number of full time equivalent students and part time students as provided in RCW 28A.41.145, as now or hereafter amended, enrolled on the first school day of each month and shall exclude full time equivalent handicapped students recognized for the purposes of allocation of state funds for programs under chapter 28A.13 RCW. The definition of full time equivalent student shall be determined by rules and regulations of the superintendent of public instruction: Provided, That the definition shall be included as part of the superintendent's biennial budget request: Provided, further, That any revision of the present definition shall not take effect until approved by the house appropriations committee and the senate ways and means committee: Provided, further, That the office of financial management shall make a monthly review of the superintendent's reported full time equivalent students in the common schools in conjunction with RCW 43.62.050.

3. (a) Certified instructional staff shall include those persons employed by a school district who are nonsupervisory employees within the meaning of RCW 41.59.020(8): Provided, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: Provided, further, That the hiring of such noncertificated people shall not occur during a labor dispute and such noncertificated people shall not be hired to replace certificated employees during a labor dispute.

(b) Certified administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).

4. Each annual average full time equivalent certificated classroom teacher's direct classroom contact hours shall average at least twenty-five hours per week. Direct classroom contact hours shall be exclusive of time required to be spent for preparation, conferences, or any other nonclassroom instruction duties. Up to two hundred minutes per week may be deducted from the twenty-five contact hour requirement, at the discretion of the school district board of directors, to accommodate authorized teacher/parent–guardian conferences, recess, passing time between classes, and informal instructional activity. Implementing rules to be adopted by the state board of education pursuant to RCW 28A.58.754(6) shall provide that compliance with the direct contact hour requirement shall be based upon teachers' normally assigned weekly instructional schedules, as assigned by the district administration. Additional record–keeping by classroom teachers as a means of accounting for contact hours shall not be required. However, upon request from the board of directors of any school district, the provisions relating to direct classroom contact hours for individual teachers in that district may be waived by the state board of education if the waiver is necessary to implement a locally approved plan for educational excellence and the waiver is limited to those individual teachers approved in the local plan for educational excellence. The state board of education shall develop criteria to evaluate the need for the waiver. Granting of the waiver shall depend upon verification that: (a) The students' classroom instructional time will not be reduced; and (b) the teacher's expertise is critical to the success of the local plan for excellence. 28A.41.170 State superintendent to make rules and regulations—Unforeseen conditions or actions to be recognized—Paperwork limited. (1) The superintendent of public instruction shall have the power and duty to make such rules and regulations as are necessary for the proper administration of this chapter not inconsistent with the provisions thereof, and in addition to require such reports as may be necessary to carry out his duties under this chapter.

(2) The superintendent of public instruction shall have the authority to make rules and regulations which establish the terms and conditions for allowing school districts to receive state basic education moneys as provided in RCW 28A.41.130 when said districts are unable to fulfill for one or more schools as officially scheduled the requirement of a full school year of one hundred eighty days or the total program hour offering, teacher contact hour, or course mix and percentage requirements imposed by RCW 28A.58.754 and 28A.41.140 due to one or more of the following conditions:

(a) An unforeseen natural event, including, but not necessarily limited to, a fire, flood, explosion, storm, earthquake, epidemic, or volcanic eruption that has the direct or indirect effect of rendering one or more school district facilities unsafe, unhealthy, inaccessible, or inoperable; and

(b) An unforeseen mechanical failure or an unforeseen action or inaction by one or more persons, including negligence and threats, that (i) is beyond the control of both a school district board of directors and its employees and (ii) has the direct or indirect effect of rendering one or more school district facilities unsafe, unhealthy, inaccessible, or inoperable. Such actions, inactions or mechanical failures may include, but are not necessarily limited to, arson, vandalism, riots, insurrections, bomb threats, bombings, delays in the scheduled completion of construction projects, and the discontinuance or disruption of utilities such as heating, lighting and water. Provided, That an unforeseen action or inaction shall not include any labor dispute between a school district board of directors and any employee of the school district.

A condition is foreseeable for the purposes of this subsection to the extent a reasonably prudent person would have anticipated prior to August first of the preceding school year that the condition probably would occur during the ensuing school year because of the occurrence of an event or a circumstance which existed during such preceding school year or a prior school year. A board of directors of a school district is deemed for the purposes of this subsection to have knowledge of events and circumstances which are a matter of common knowledge within the school district and of those events and circumstances which can be discovered upon prudent inquiry or inspection.

(3) The superintendent of public instruction shall make every effort to reduce the amount of paperwork required in administration of this chapter; to simplify the application, monitoring and evaluation processes used; to eliminate all duplicative requests for information from local school districts; and to make every effort to integrate and standardize information requests for other state education acts and federal aid to education acts administered by the superintendent of public instruction so as to reduce paperwork requirements and duplicative information requests. 28A.41.175 Reimbursement to districts through non-payment of local property taxes—Procedure. Each school district shall estimate and report to the superintendent of public instruction by June 15, of each year the amount of moneys the district will fail to receive during their present fiscal year due to the nonpayment of local property taxes from the regular levy within the school district less an estimated amount for delinquent payments from prior year regular levies; such net estimate shall be based upon the amount of moneys the district failed to receive because of nonpayment of regular property taxes during the first six months of the then fiscal year and during the last six months of the preceding fiscal year. The superintendent of public instruction shall present in his budget submitted to the governor an amount sufficient to reimburse the school districts for moneys lost due to such nonpayment of taxes as described in this section, which moneys shall be deemed amounts needed for state support to the common schools under RCW 28A.41.050. [1972 ex.s. c 146 § 2.]

28A.41.180 Reimbursement for substitute if employee serves state board or superintendent. If the superintendent of public instruction or the state board of education, in carrying out their powers and duties under Title 28A RCW, request the service of any certificated employee of a school district upon any committee formed for the purpose of furthering education within the state, or within any school district therein, and such service would result in a need for a school district to employ a substitute for such certificated employee during such service, payment for such a substitute may be made by the superintendent of public instruction from funds appropriated by the legislature for the current use of the common schools and such payments shall be construed as amounts needed for state support to the common schools under RCW 28A.41.050. If such substitute is
paid by the superintendent of public instruction, no deduction shall be made from the salary of the certificated employee. In no event shall a school district deduct from the salary of a certificated employee serving on such committee more than the amount paid the substitute employed by the district. The distribution formula developed in RCW 28A.41.505 through 28A.41.520 shall be for allocation purposes only and shall not be construed as mandating specific levels of pupil transportation services by local districts. Operating costs as determined under RCW 28A.41.505 through 28A.41.520 shall be funded at one hundred percent or as close thereto as reasonably possible for transportation of an eligible student to and from school as defined in RCW 28A.41.510(3). 28A.41.510 Student transportation allocation—Definitions. For purposes of RCW 28A.41.505 through 28A.41.525, except where the context shall clearly indicate otherwise, the following definitions apply:

(1) "Eligible student" means any student served by the transportation program of a school district or compensated for individual transportation arrangements authorized by RCW 28A.24.100 whose route stop is more than one radius mile from the student's school, except if the student to be transported: (a) Is handicapped under RCW 28A.13.010, as now or hereafter amended, and is either not ambulatory or not capable of protecting his or her own welfare while traveling to or from the school or agency where special education services are provided, in which case no mileage distance restriction applies; or (b) qualifies for an exemption due to hazardous walking conditions.

(2) "Superintendent" means the superintendent of public instruction.

(3) "To and from school" means the transportation of students for the following purposes:

(a) Transportation to and from route stops and schools;

(b) Transportation to and from schools pursuant to an interdistrict agreement pursuant to RCW 28A.58.075;

(c) Transportation of students between schools and learning centers for instruction specifically required by statute; and

(d) Transportation of handicapped students to and from schools and agencies for special education services.

Extended day transportation shall not be considered part of transportation of students "to and from school" for the purposes of *this 1983 act.

(4) "Hazardous walking conditions" means those instances of the existence of dangerous walkways documented by the board of directors of a school district which meet criteria specified in rules adopted by the superintendent of public instruction. A school district that receives an exemption for hazardous walking conditions should demonstrate that good faith efforts are being made to alleviate the problem and that the district, in cooperation with other state and local governing authorities, is attempting to reduce the incidence of hazardous walking conditions. The superintendent of public instruction shall appoint an advisory committee to prepare guidelines and procedures for determining the existence of hazardous walking conditions. The committee shall include but not be limited to representatives from law enforcement agencies, school districts, the department of transportation, city and county government, the insurance industry, parents, school directors and legislators. [1983 1st ex.s. c 61 § 3; 1981 c 265 § 2.]

28A.41.515 Student transportation allocation—District's annual report to superintendent. Each district shall submit to the superintendent of public instruction during October of each year a report containing the following:

(1) (a) The number of eligible students transported to and from school as provided for in RCW 28A.41.505 for the current school year and the number of miles estimated to be driven for pupil transportation services, along with a map describing student route stop locations and school locations, and (b) the number of miles driven for pupil transportation services as authorized in RCW 28A.41.505 the previous school year; and

(2) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district.

Each district shall submit the information required in this section on a timely basis as a condition of the continuing receipt of school transportation moneys. [1983 1st ex.s. c 61 § 4; 1981 c 265 § 3.]

[Title 28A RCW—p 74]
28A.41.520 Student transportation allocation—Allocation rates, adjustment—District-owned passenger cars—Report. Each district's annual student transportation allocation shall be based on differential rates determined by the superintendent of public instruction in the following manner:

(1) The superintendent shall annually calculate a standard student mile allocation rate for determining the transportation allocation for those services provided for in RCW 28A.41.505. "Standard student mile allocation rate," as used in this chapter, means the per mile allocation rate for transporting an eligible student. The standard student mile allocation rate may be adjusted to include such additional differential factors as distance; restricted passenger load; circumstances that require use of special types of transportation vehicles; handicapped student load; and small fleet maintenance.

(2) The superintendent of public instruction shall annually calculate allocation rate(s), which shall include vehicle amortization, for determining the transportation allocation for transporting students in district-owned passenger cars, as defined in RCW 46.04.382, pursuant to RCW 28A.24.055 for services provided for in RCW 28A.41.505 if a school district deems it advisable to use such vehicles after the school district board of directors has considered the safety of the students being transported as well as the economy of utilizing a district-owned passenger car in lieu of a school bus.

(3) Prior to June 1st of each year the superintendent shall submit to the office of financial management, and the committees on education and ways and means of the senate and house of representatives a report outlining the methodology and rationale used in determining the allocation rates to be used the following year. [1985 c 59 § 1; 1983 1st ex.s. c 61 § 5; 1982 1st ex.s. c 24 § 2; 1981 c 265 § 4.]

28A.41.525 Student transportation allocation—Notice—Revised eligible student data, when—Allocation payments, amounts, when. The superintendent shall notify districts of their student transportation allocation before January 15th. If the number of eligible students in a school district changes ten percent or more from the October report, and the change is maintained for a period of twenty consecutive school days or more, the district may submit revised eligible student data to the superintendent of public instruction. The superintendent shall, to the extent funds are available, recalculate the district's allocation for the transportation of pupils to and from school.

The superintendent shall make the student transportation allocation in accordance with the apportionment payment schedule in RCW 28A.48.010, as now or hereafter amended. Such allocation payments may be based on estimated amounts for payments to be made in September, October, November, December, and January. [1985 c 59 § 2; 1983 1st ex.s. c 61 § 6; 1982 1st ex.s. c 24 § 3; 1981 c 265 § 5.]

28A.41.540 Student transportation vehicle acquisition allocation—Determining vehicle categories and purchase price—Reimbursement schedule—Standards for operation and maintenance—Depreciation schedule. The superintendent shall determine the vehicle acquisition allocation in the following manner:

(1) By May 1st of each year, the superintendent shall develop preliminary categories of student transportation vehicles to ensure adequate student transportation fleets for districts. The superintendent shall take into consideration the types of vehicles purchased by individual school districts in the state. The categories shall include, but not be limited to, variables such as vehicle capacity, type of chassis, type of fuel, engine and body type, special equipment, and life of vehicle. The categories shall be developed in conjunction with the local districts and shall be applicable to the following school year. The categories shall be designed to produce minimum long-range operating costs, including costs of equipment and all costs incurred in operating the vehicles. Each category description shall include the estimated state-determined purchase price, which shall be based on the actual costs of the vehicles purchased for that comparable category in the state during the preceding twelve months and the anticipated market price for the next school fiscal year. By June 15th of each year, the superintendent shall notify districts of the preliminary vehicle categories and state-determined purchase price for the ensuing school year. By October 15th of each year, the superintendent shall finalize the categories and the associated state-determined purchase price and shall notify districts of any changes. While it is the responsibility of each district to select each student transportation vehicle to be purchased by the district, each district shall be paid a sum based only on the amount of the state-determined purchase price and inflation as recognized by the reimbursement schedule established in this section as set by the superintendent for the category of vehicle purchased.

(2) The superintendent shall develop a reimbursement schedule to pay districts for the cost of student transportation vehicles purchased after September 1, 1982. The accumulated value of the payments and the potential investment return thereon shall be designed to be equal to the replacement value of the vehicle less its salvage value at the end of its anticipated lifetime. The superintendent shall revise at least annually the reimbursement payments based on the current and anticipated future cost of comparable categories of transportation equipment. Reimbursements to school districts
for approved transportation equipment shall be placed in a separate vehicle transportation fund established for each school district under RCW 28A.58.428. However, educational service districts providing student transportation services pursuant to RCW 28A.21.086(4) and receiving moneys generated pursuant to the section shall establish and maintain a separate vehicle transportation account in the educational service district's general expense fund for the purposes and subject to the conditions under RCW 28A.58.428 and 28A.58.430.

(3) To the extent possible, districts shall operate vehicles acquired under this section not less than the number of years or useful lifetime now, or hereafter, assigned to the class of vehicles by the superintendent. School districts shall properly maintain the transportation equipment acquired under the provisions of this section, in accordance with rules established by the office of the superintendent of public instruction. If a district fails to follow generally accepted standards of maintenance and operation, the superintendent of public instruction shall penalize the district by deducting from future reimbursements under this section an amount equal to the original cost of the vehicle multiplied by the fraction of the useful lifetime or miles the vehicle failed to operate.

(4) The superintendent shall annually develop a depreciation schedule to recognize the cost of depreciation to districts contracting with private carriers for student transportation. Payments on this schedule shall be a straight line depreciation based on the original cost of the appropriate category of vehicle. [1987 c 508 § 4; 1981 c 265 § 6.]

(b) The result of the calculation provided for in subsection (1)(a) of this section shall then be multiplied by the estimated number of annual average full-time equivalent students residing in the nonhigh school district that will be enrolled in the high school district during the school year which has been established pursuant to RCW 28A.44.180; and

(c) The result of the calculation provided for in subsection (1)(b) of this section shall be adjusted upward to the extent the estimated amount due by a nonhigh school district for the prior school year was less than the actual amount due based upon actual annual average full-time equivalent student enrollments during the previous school year and the actual per annual average full-time equivalent student maintenance and operation excess tax levy rate for the current tax collection year, of the high school district, or adjusted downward to the extent the estimated amount due was greater than such actual amount due or greater than such lesser amount as a high school district may have elected to assess pursuant to RCW 28A.44.210.

(2) The amount arrived at pursuant to subsection (1)(c) of this subsection shall constitute the estimated amount due by a nonhigh school district to a high school district for the school year. [1981 c 264 § 5.]

28A.47.803 Allotment of appropriations for school plant facilities—Basis of state aid for school plant. (Effective unless proposed constitutional amendments are approved by the voters at the November 1987 general election.) Allocations to school districts of state funds provided by RCW 28A.47.800 through 28A.47.811 shall be made by the state board of education and the amount of state assistance to a school district in financing a school plant project shall be determined in the following manner:

1. The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: Provided, That the total cost of the project shall be subject to review and approval by the state board of education.

2. The state matching percentage for a school district shall be computed by the following formula:

\[
\text{State} = \frac{\text{District adjusted valuation per full time equivalent pupil} \times (3 - \text{State})}{\text{Total state adjusted valuation per full time pupil}}
\]

Provided, That in the event the percentage of state assistance to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state assistance under RCW 28A.47.800 through 28A.47.811, the state board of education may establish for such district a percentage of state assistance not in excess of twenty percent of the approved cost of the project, if the state board finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

3. In addition to the computed percent of state assistance developed in (2) above, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed percent of state assistance for each percent of growth, with a maximum of twenty percent.

4. The approved cost of the project determined in the manner herein prescribed times the percentage of state assistance derived as provided for herein shall be the amount of state assistance to the district for the financing of the project: Provided, That need therefor has been established to the satisfaction of the state board of education: Provided, further, That additional state assistance may be allowed if it is found by the state board of education that such assistance is necessary in order to
meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d) and (e) hereinabove, creating a like emergency. [1975 1st ex.s. c 98 § 1; 1974 ex.s. c 56 § 3; 1969 ex.s. c 244 § 4. Formerly RCW 28A.47.803.]

Effective date—1975 1st ex.s. c 98: "This 1975 amendatory act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1975." [1975 1st ex.s. c 98 § 3.]

28A.47.803 Allotment of appropriations for school plant facilities—Basis of state aid for school plant. (Effective December 10, 1987, if the proposed constitutional amendments are approved by the voters at the November 1987 general election.) Allocations to school districts of state funds provided by RCW 28A.47.800 through 28A.47.811 shall be made by the state board of education and the amount of state assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The state board of education shall annually adopt a construction cost index which is based upon recent regional trends in these costs. Construction expenditures included in the approved cost of a project shall be limited to seventy-five dollars and ten cents per square foot, adjusted by the percentage change in this construction cost index since July 1, 1986. In addition, as determined by the state board, the approved cost of the project may also include: (a) Costs of necessary equipment; (b) architectural and engineering services; and (c) mandatory tests, inspections, and other reports or studies. Nothing in this section shall be construed as limiting additional expenditures from other sources by school districts for capital projects.

(2) The state matching percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per full time equivalent pupil divided by the ratio of the total state adjusted valuation per full time pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per full time equivalent pupil divided by the ratio of the total state adjusted valuation per full time pupil).

Provided, That in the event the percentage of state assistance to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state assistance under RCW 28A.47.800 through 28A.47.811, the state board of education may establish for such district a percentage of state assistance not in excess of twenty percent of the approved cost of the project, if the state board finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed percent of state assistance developed in (2) above, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed percent of state assistance for each percent of growth, with a maximum of twenty percent.

(4) The approved cost of the project determined in the manner herein prescribed times the percentage of state assistance derived as provided for herein shall be the amount of state assistance to the district for the financing of the project: Provided, That need therefor has been established to the satisfaction of the state board of education: Provided, further, That additional state assistance may be allowed if it is found by the state board of education that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a need for the construction of a school building to provide for improved racial balance, or (d) facility needs created by school district consolidation or by the establishment of an interdistrict cooperative program when the state board has found that the interdistrict program will provide opportunities for services that would otherwise not be feasible or would be substantially more expensive when provided by each district individually; or (e) conditions similar to those defined under (a), (b), or (d) of this subsection creating a

28A.47.804 Allotment of appropriations for school plant facilities—Taxable valuation and percentage of state assistance to be used in determining eligibility. Whenever the voters of a school district authorize the issuance of bonds and/or the levying of excess taxes in an amount sufficient to meet the requirements of RCW 28A.47.801 respecting eligibility for state assistance in providing school facilities, the taxable valuation of the district and the percentage of state assistance in providing school facilities prevailing at the time of such authorization shall be the valuation and the percentage used for the purpose of determining the eligibility of the district for an allotment of state funds and the amount or amounts of such allotments, respectively, for all projects for which the voters authorize capital funds as aforesaid, unless a higher percentage of state assistance prevails on the date of allotment by the state board of education in which case the percentage prevailing on the date of allotment by the state board of education shall govern: Provided, That if the state board of education determines at any time that there has been undue or unwarranted delay on the part of school district authorities in advancing a project to the point of readiness for an allotment of state funds, the taxable valuation of the school district and the percentage of state assistance prevailing on the date that the allotment is made shall be used for the purposes aforesaid: Provided, further, That the date herein specified as applicable in determining the eligibility of an individual school district for state assistance and in determining the amount of such assistance shall be applicable also to cases where it is necessary in administering chapter 28A.56 RCW to determine eligibility for and the amount of state assistance for a group of school districts considered as a single school administrative unit. 28A.57.075 Adjustment of bonded indebtedness—Special election in certain cases. Whenever adjustments of bonded indebtedness are made between or among school districts in connection with the alteration of the boundaries thereof, pursuant to the provisions of this chapter, the order of the educational service district superintendent establishing the terms of adjustment of bonded indebtedness shall provide and specify:

(1) In every case where bonded indebtedness is transferred from one school district to another school district (a) that such bonded indebtedness is assumed by the school district to which it is transferred; (b) that thereafter such bonded indebtedness shall be the obligation of the school district to which it is transferred; (c) that, if the terms of adjustment so provide, any bonded indebtedness thereafter incurred by such transferee school district through the sale of bonds authorized prior to the date its boundaries were altered shall be the obligation of such school district including the territory added thereto; and (d) that taxes shall be levied therefrom against the taxable property located within such school district as it is constituted after its boundaries were altered, said taxes to be levied at the times and in the amounts required to pay the principal of and the interest on the bonded indebtedness assumed or incurred as aforesaid, as the same become due and payable. In computing the debt limitation of any school district from which or to which bonded indebtedness has been transferred, the amount of such transferred bonded indebtedness at any time outstanding (a) shall be an offset against and deducted from the total bonded indebtedness, if any, of the school district from which such bonded indebtedness was transferred and (b) shall be deemed to be bonded indebtedness solely of the transferee school district that assumed such indebtedness.

(2) In every case where adjustments of bonded indebtedness do not provide for transfer of bonded indebtedness from one school district to another school district (a) that the existing bonded indebtedness of each school district the boundaries of which are altered and any bonded indebtedness incurred by each such school district through the sale of bonds authorized prior to the date its boundaries were altered shall be the obligation of the school district in its reduced or enlarged form, as the case may be; and (b) that taxes shall be levied thereafter against the taxable property located within each such school district in its reduced or enlarged form, as the case may be, at the times and in the amounts required to pay the principal of and interest on such bonded indebtedness as the same become due and payable.

If a change in school district organization approved by the state board concerns a proposal to form a new school district or a proposal for adjustment of bonded indebtedness involving an established school district and one or more former school districts now included therein pursuant to a vote of the people concerned, a special election of the voters residing within the territory of the proposed new district or of the established district involved in a proposal for adjustment of bonded indebtedness as the case may be shall be held for the purpose of affording said voters an opportunity to approve or reject such proposals as concern or affect them.

In a case involving both the question of the formation of a new school district and the question of adjustment of bonded indebtedness, the questions may be submitted to the voters either in the form of a single proposition or as separate propositions, whichever to the educational service district superintendent seems expedient. When the regional committee has passed appropriate resolutions for the questions to be submitted and the educational service district superintendent has given notice thereof to the county auditor such special election shall be called, conducted, and the returns canvassed as in regular school district elections. Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry. The small works roster shall be revised at least once each year by publishing notice of such opportunity in at least one newspaper of general circulation in the district. Responsible contractors shall be added to the list at any time they submit a written request. 28A.67.065 Minimum criteria for the evaluation of certificated employees, including administrators—Procedure—Scope—Penalty. (1) The superintendent of public instruction shall establish and may amend from time to time minimum criteria for the evaluation of the professional performance capabilities and development of certificated classroom teachers and certificated support personnel. For classroom teachers the criteria shall be developed in the following categories: Instructional skill; classroom management, professional preparation and scholarship; effort toward improvement when needed; the handling of student discipline and attendant problems; and interest in teaching pupils and knowledge of subject matter.

Every board of directors shall, in accordance with procedure provided in RCW 41.59.010 through 41.59.170, 41.59.910 and 41.59.920, establish evaluative criteria and procedures for all certificated classroom teachers and certificated support personnel. The evaluative criteria must contain as a minimum the criteria established by the superintendent of public instruction pursuant to this section and must be prepared within six months following adoption of the superintendent of public instruction's minimum criteria. The district must certify to the superintendent of public instruction that evaluative criteria have been so prepared by the district. Except as provided in subsection (5) of this section, it shall be the responsibility of a principal or his or her designee to evaluate all certificated personnel in his or her school. During each school year all classroom teachers and certificated support personnel, hereinafter referred to as "employees" in this section, shall be observed for the purposes of evaluation at least twice in the performance of their assigned duties. Total observation time for each employee for each school year shall be not less than sixty minutes. Following each observation, or series of observations, the principal or other evaluator shall promptly document the results of the evaluation in writing, and shall provide the employee with a copy thereof within three days after such report is prepared. New employees shall be observed at least once for a total observation time of thirty minutes during the first ninety calendar days of their employment period.

Every employee whose work is judged unsatisfactory based on district evaluation criteria shall be notified in writing of stated specific areas of deficiencies along with a suggested specific and reasonable program for improvement on or before February 1st of each year. A probationary period shall be established beginning on or before February 1st and ending no later than May 1st. The purpose of the probationary period is to give the employee opportunity to demonstrate improvements in his or her areas of deficiency. The establishment of the probationary period and the giving of the notice to the employee of deficiency shall be by the school district superintendent and need not be submitted to the board of directors for approval. During the probationary period the evaluator shall meet with the employee at least twice monthly to supervise and make a written evaluation of the progress, if any, made by the employee. The evaluator may authorize one additional certificated employee to evaluate the probationer and to aid the employee in improving his or her areas of deficiency; such additional certificated employee shall be immune from any civil liability that might otherwise be incurred or imposed with regard to the good faith performance of such evaluation. The probationer may be removed from probation if he or she has demonstrated improvement to the satisfaction of the principal in those areas specifically detailed in his or her initial notice of deficiency and subsequently detailed in his or her improvement program. Lack of necessary improvement shall be specifically documented in writing with notification to the probationer and shall constitute grounds for a finding of probable cause under RCW 28A.58.450 or 28A.67.070, as now or hereafter amended.

The establishment of a probationary period shall not be deemed to adversely affect the contract status of an employee within the meaning of RCW 28A.58.450, as now or hereafter amended.

[Title 28A RCW—p 172] (1987 Ed.)
(2) Every board of directors shall establish evaluative criteria and procedures for all superintendents, principals, and other administrators. It shall be the responsibility of the district superintendent or his or her designee to evaluate all administrators. Such evaluation shall be based on the administrative position job description. Such criteria, when applicable, shall include at least the following categories: Knowledge of, experience in, and training in recognizing good professional performance, capabilities and development; school administration and management; school finance; professional preparation and scholarship; effort toward improvement when needed; interest in pupils, employees, patrons and subjects taught in school; leadership; and ability and performance of evaluation of school personnel.

(3) Each certificated employee shall have the opportunity for confidential conferences with his or her immediate supervisor on no less than two occasions in each school year. Such confidential conference shall have as its sole purpose the aiding of the administrator in his or her professional performance.

(4) The failure of any evaluator to evaluate or supervise or cause the evaluation or supervision of certificated employees or administrators in accordance with this section, as now or hereafter amended, when it is his or her specific assigned or delegated responsibility to do so, shall be sufficient cause for the nonrenewal of any such evaluator's contract under RCW 28A.67.070, as now or hereafter amended, or the discharge of such evaluator under RCW 28A.58.450, as now or hereafter amended.

(5) After an employee has four years of satisfactory evaluations under subsection (1) of this section, a school district may use a short form of evaluation. The short form of evaluation shall include either a thirty minute observation during the school year with a written summary or a final annual written evaluation based on the criteria in subsection (1) of this section and based on at least two observation periods during the school year totaling at least sixty minutes without a written summary of such observations being prepared. However, the evaluation process set forth in subsection (1) of this section shall be followed at least once every three years and an employee or evaluator may request that the evaluation process set forth in subsection (1) of this section be conducted in any given school year. The short form evaluation process may not be used as a basis for determining that an employee's work is unsatisfactory under subsection (1) of this section nor as probable cause for the nonrenewal of an employee's contract under RCW 28A.67.070. 28A.67.072 Conditions and contracts of employ-
ment—Nonrenewal of provisional employees—Pro-
procedure. Notwithstanding the provisions of RCW
28A.67.070 as now or hereafter amended, every person
employed by a school district in a teaching or other
nonsupervisory certificated position shall be subject to
nonrenewal of employment contract as provided in this
section during the first year of employment by such dis-

section. Employees as defined in this section shall hereinafter be referred to as "provisional employees".

In the event the superintendent of the school district determines that the employment contract of any provi-
sional employee should not be renewed by the district for
the next ensuing term such provisional employee shall be
notified thereof in writing on or before May 15th pre-
ceeding the commencement of such school term, which
notification shall state the reason or reasons for such
determination. Such notice shall be served upon the
provisional employee personally, or by certified or registered
mail, or by leaving a copy of the notice at the place of his
or her usual abode with some person of suitable age
and discretion then resident therein. The determination
of the superintendent shall be subject to the evaluation
requirements of RCW 28A.67.065, as now or hereafter
amended.

Every such provisional employee so notified, at his or
her request made in writing and filed with the superin-
tendent of the district within ten days after receiving
such notice, shall be given the opportunity to meet in-
formally with the superintendent for the purpose of re-
questing the superintendent to reconsider his or her
decision. Such meeting shall be held no later than ten
days following the receipt of such request, and the
provisional employee shall be given written notice of the
date, time and place of meeting at least three days prior
tereto. At such meeting the provisional employee shall
be given the opportunity to refute any facts upon which
the superintendent's determination was based and to
make any argument in support of his or her request for
reconsideration.

Within ten days following the meeting with the provi-
sional employee, the superintendent shall either reinstate
the provisional employee or shall submit to the school
district board of directors for consideration at its next
regular meeting a written report recommending that the
employment contract of the provisional employee be
nonrenewed and stating the reason or reasons therefor.
A copy of such report shall be delivered to the provi-
sional employee at least three days prior to the schedu-
led meeting of the board of directors. In taking action
upon the recommendation of the superintendent, the
board of directors shall consider any written communi-
cation which the provisional employee may file with the
secretary of the board at any time prior to that meeting.

The board of directors shall notify the provisional
employee in writing of its final decision within ten days
following the meeting at which the superintendent's rec-
ommendation was considered. The decision of the board
of directors to nonrenew the contract of a provisional
employee shall be final and not subject to appeal.

This section applies to any person employed by a
school district in a teaching or other nonsupervisory cer-
tificated position after June 25, 1976. This section pro-
vides the exclusive means for nonrenewing the
employment contract of a provisional employee and no
other provision of law shall be applicable thereto, in-
cluding, without limitation, RCW 28A.67.070, and

28A.67.073 Conditions and contracts of employment—Transfer of administrator to subordinate certificated position—Procedure. Any certificated employee of a school district employed as an assistant superintendent, director, principal, assistant principal, coordinator, or in any other supervisory or administrative position, hereinafter in this section referred to as "administrator", shall be subject to transfer, at the expiration of the term of his or her employment contract, to any subordinate certificated position within the school district. "Subordinate certificated position" as used in this section, shall mean any administrative or nonadministrative certificated position for which the annual compensation is less than the position currently held by the administrator.

Every superintendent determining that the best interests of the school district would be served by transferring any administrator to a subordinate certificated position shall notify that administrator in writing on or before May 15th preceding the commencement of such school term of that determination, which notification shall state the reason or reasons for the transfer, and shall identify the subordinate certificated position to which the administrator will be transferred. Such notice shall be served upon the administrator personally, or by certified or registered mail, or by leaving a copy of the notice at the place of his or her usual abode with some person of suitable age and discretion therein.

Every such administrator so notified, at his or her request made in writing and filed with the president or chairman, or secretary of the board of directors of the district within ten days after receiving such notice, shall be given the opportunity to meet informally with the board of directors in an executive session thereof for the purpose of requesting the board to reconsider the decision of the superintendent. Such board, upon receipt of such request, shall schedule the meeting for no later than the next regularly scheduled meeting of the board, and shall notify the administrator in writing of the date, time and place of the meeting at least three days prior thereto. At such meeting the administrator shall be given the opportunity to refute any facts upon which the determination was based and to make any argument in support of his or her request for reconsideration. The administrator and the board may invite their respective legal counsel to be present and to participate at the meeting. The board shall notify the administrator in writing of its final decision within ten days following its meeting with the administrator. No appeal to the courts shall lie from the final decision of the board of directors to transfer an administrator to a subordinate certificated position: Provided, That in the case of principals such transfer shall be made at the expiration of the contract year and only during the first three consecutive school years of employment as a principal by a school district; except that if any such principal has been previously employed as a principal by another school district in the state of Washington for three or more consecutive school years the provisions of this section shall apply only to the first full school year of such employment.

This section applies to any person employed as an administrator by a school district on June 25, 1976 and to all persons so employed at any time thereafter. This section provides the exclusive means for transferring an administrator to a subordinate certificated position at the expiration of the term of his or her employment contract. 28A.67.115 School improvement and research projects by educational employees—Grants—Advisory committee—Information clearinghouse. (1) The superintendent of public instruction is hereby authorized to grant funds for selected school improvement and research projects, including improvements in curriculum, instruction, and classroom management developed by teachers.

(2) The superintendent shall appoint an advisory committee on research and development composed of certificated and noncertificated staff, administrators, curriculum specialists, parents, school directors, post-secondary educators, business persons, and others as the superintendent finds necessary. The committee shall propose criteria to the superintendent to evaluate proposed school improvement and research projects proposed by educational employees. The criteria approved by the superintendent shall: (a) Assure to the extent possible that projects will be chosen which represent the various geographical locations, school or district sizes, and grade levels existent in the state; (b) provide for evaluation of each project upon completion; and (c) include such other requirements as the superintendent finds necessary. The committee shall recommend to the superintendent of public instruction the awarding of grants to fund those proposals showing the most potential for developing knowledge which will be helpful to local districts in their efforts to enhance educational equity and excellence. Projects may involve the collaboration of personnel from higher education institutions and kindergarten through grade twelve educators.

(3) The superintendent of public instruction shall award grants to selected project participants in such amounts as determined by the superintendent of public instruction, who shall take into consideration grant amounts as recommended by the advisory committee on research and development under subsection (2) of this section. The sum of all grants awarded per year shall not exceed that amount appropriated by the legislature for such purposes. Grants may be awarded to individual teachers or teams of teachers including teacher's aides and volunteers.

(4) The superintendent of public instruction shall maintain a clearinghouse of information on these research projects for the use of local districts. [1985 c 349 § 4.]

28A.67.120 Career ladders—Legislative intent to investigate. The legislature recognizes the need to keep and attract quality teachers in our public schools. The legislature intends to examine the effectiveness of a career ladder in our public schools. To improve the quality of teaching and foster a professional climate which encourages creativity and cooperation among teachers and enhances the intrinsic rewards teachers experience from helping students learn, the legislature intends to locally test ways in which the goal of attracting and retaining excellent teachers might be accomplished. The legislature recognizes that a career ladder system is one means of enhancing the attractiveness of teaching; however, the legislature wishes to investigate this concept further prior to determining whether to develop such a system. [1985 c 349 § 3.]

28A.67.200 Penalties generally applicable to. See chapter 28A.87 RCW.

28A.67.205 Evaluations—Legislative findings. The legislature recognizes the importance of teachers in the educational system. Teachers are the fundamental element in assuring a quality education for the state's and the nation's children. Teachers, through their direct contact with children, have a great impact on the development of the child. The legislature finds that this important role of the teacher requires an assurance that teachers are as successful as possible in attaining the goal of a well-educated society. The legislature finds, therefore, that the evaluation of those persons seeking to enter the teaching profession is no less important than the evaluation of those persons currently teaching. The evaluation of persons seeking teaching credentials should be strenuous while making accommodations uniquely appropriate to the applicants. Strenuous teacher training and preparation should be complemented by examinations of prospective teachers prior to candidates being granted official certification by the state board of education. Teacher preparation program entrance evaluations, teacher training, teacher preparation program exit examinations, official certification, in-service training, and ongoing evaluations of individual progress and professional growth are all part of developing and maintaining a strong precertification and postcertification professional education system.

The legislature further finds that an evaluation system for teachers has the following elements, goals, and objectives: (1) An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to

28A.85.010 Purpose—Discrimination prohibited.

Inequality in the educational opportunities afforded women and girls at all levels of the public schools in Washington state is a breach of Article XXXI, section 1, Amendment 61, of the Washington state Constitution, requiring equal treatment of all citizens regardless of sex. This violation of rights has had a deleterious effect on the individuals affected and on society. Recognizing the benefit to our state and nation of equal educational opportunities for all students, discrimination on the basis of sex for any student in grades K–12 of the Washington public schools is prohibited. [1975 1st ex.s. c 226 § 1.]

Severability—1975 1st ex.s. c 226: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1975 1st ex.s. c 226 § 8.] For codification of 1975 1st ex.s. c 226, see Codification Tables, Volume 0.

1. Specifically with respect to public school employment, all schools shall be required to:
   (a) Maintain credential requirements for all personnel without regard to sex;
   (b) Make no differentiation in pay scale on the basis of sex;
   (c) Assign school duties without regard to sex except where such assignment would involve duty in areas or situations, such as but not limited to a shower room, where persons might be disrobed.
   (d) Provide the same opportunities for advancement to males and females; and
   (e) Make no difference in conditions of employment including, but not limited to, hiring practices, leaves of

absence, hours of employment, and assignment of, or pay for, instructional and noninstructional duties, on the basis of sex.

(3) Specifically with respect to recreational and athletic activities, they shall be offered to all students without regard to sex. Schools may provide separate teams for each sex. Schools which provide the following shall do so with no disparities based on sex: Equipment and supplies; medical care; services and insurance; transportation and per diem allowances; opportunities to receive coaching and instruction; laundry services; assignment of game officials; opportunities for competition, publicity and awards; scheduling of games and practice times including use of courts, gyms, and pools: Provided, That such scheduling of games and practice times shall be determined by local administrative authorities after consideration of the public and student interest in attending and participating in various recreational and athletic activities. Each school which provides showers, toilets, or training room facilities for athletic purposes shall provide comparable facilities for both sexes. Such facilities may be provided either as separate facilities or shall be scheduled and used separately by each sex.

The superintendent of public instruction shall also be required to develop a student survey to distribute every three years to each local school district in the state to determine student interest for male/female participation in specific sports.

(4) Specifically with respect to course offerings, all classes shall be required to be available to all students without regard to sex: Provided, That separation is permitted within any class during sessions on sex education or gym classes.

COMPACT FOR EDUCATION

ARTICLE I—PURPOSE AND POLICY

A. It is the purpose of this compact to:
1. Establish and maintain close cooperation and understanding among executive, legislative, professional educational and lay leadership on a nationwide basis at the State and local levels.
2. Provide a forum for the discussion, development, crystallization and recommendation of public policy alternatives in the field of education.
3. Provide a clearing house of information on matters relating to educational problems and how they are being met in different places throughout the Nation, so that the executive and legislative branches of State Government and of local communities may have ready access to the experience and record of the entire country, and so that both lay and professional groups in the field of education may have additional avenues for the sharing of experience and the interchange of ideas in the formation of public policy in education.
4. Facilitate the improvement of State and local educational systems so that all of them will be able to meet adequate and desirable goals in a society which requires continuous qualitative and quantitative advance in educational opportunities, methods and facilities.

B. It is the policy of this compact to encourage and promote local and State initiative in the development, maintenance, improvement and administration of educational systems and institutions in a manner which will accord with the needs and advantages of diversity among localities and States.

C. The party States recognize that each of them has an interest in the quality and quantity of education furnished in each of the other States, as well as in the excellence of its own educational systems and institutions, because of the highly mobile character of individuals within the Nation, and because the products and services contributing to the health, welfare and economic advancement of each State are supplied in significant part by persons educated in other States.

ARTICLE II—STATE DEFINED

As used in this Compact, "State" means a State, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

ARTICLE III—THE COMMISSION

A. The Education Commission of the States, hereinafter called "the Commission", is hereby established. The Commission shall consist of seven members representing each party State. One of such members shall be the Governor; two shall be members of the State legislature selected by its respective houses and serving in such manner as the legislature may determine; and four shall be appointed by and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. If the laws of a State prevent legislators from serving on the Commission, six members shall be appointed and serve at the pleasure of the Governor, unless the laws of the State otherwise provide. In addition to any other principles or requirements which a State may establish for the appointment and service of its members of the Commission, the guiding principle for the composition of the membership on the Commission from each party State shall be that the members representing such State, shall, by virtue of their training, experience, knowledge or affiliations be in a position collectively to reflect broadly the interests of the State Government, higher education, the state education system, local education, lay and professional, public and non-public educational leadership. Of those appointees, one shall be the head of a state agency or institution, designated by the Governor, having responsibility for one or more programs of public education. In addition to the members of the Commission representing the party States, there may be not to exceed ten non-voting commissioners selected by the steering committee for terms of one year. Such commissioners shall represent leading national organizations of professional educators or persons concerned with educational administration.

B. The members of the Commission shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the Commissioners are present. The Commission shall meet at least once a

C. The Commission shall have a seal.

D. The Commission shall elect annually, from among its members, a chairman, who shall be a Governor, a vice chairman and a treasurer. The Commission shall provide for the appointment of an executive director. Such executive director shall serve at the pleasure of the Commission, and together with the treasurer and such other personnel as the Commission may deem appropriate shall be bonded in such amount as the Commission shall determine. The executive director shall be secretary.

Chapter 28A.93

INTERSTATE AGREEMENT ON QUALIFICATIONS OF EDUCATIONAL PERSONNEL

Sections
28A.93.010 Compact entered into—Terms.
28A.93.020 Superintendent as "designated state official", compact administrator—Board to approve text of contracts.

28A.93.030 True copies of contracts filed in office of superintendent—Publication.

28A.93.010 Compact entered into—Terms. The Interstate Agreement on Qualifications of Educational Personnel is hereby enacted into law and entered into by this state with all other states legally joining therein in the form substantially as follows:

The contracting states solemnly agree that:

Article I

1. The states party to this Agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of cooperation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this Agreement to provide for the development and execution of such programs of cooperation as will facilitate the movement of teachers and other professional educational personnel among the states party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party states find that included in the large movement of population among all sections of the nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and experience in their new locations. Variations from state to state in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other states. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their states or origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

Article II

As used in this Agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

1. "Educational personnel" means persons who must meet requirements pursuant to state law as a condition of employment in educational programs.

2. "Designated state official" means the education official of a state selected by that state to negotiate and enter into, on behalf of his state, contracts pursuant to this Agreement.

3. "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another state relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving state.

4. "State" means a state, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

5. "Originating State" means a state (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

6. "Receiving State" means a state (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

Article III

1. The designated state official of a party state may make one or more contracts on behalf of his state with one or more other party states providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the states whose designated state officials enter into it, and the subdivisions of those states, with the same force and effect as if incorporated in this Agreement. A designated state official may enter into a contract pursuant to this Article only with states in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own state.

2. Any such contract shall provide for:
   (a) Its duration.
   (b) The criteria to be applied by an originating state in qualifying educational personnel for acceptance by a receiving state.
   (c) Such waivers, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.
   (d) Any other necessary matters.

3. No contract made pursuant to this Agreement shall be for a term longer than five years but any such contract may be renewed for like or lesser periods.

4. Any contract dealing with acceptance of educational personnel on the basis of their having completed an educational program shall specify the earliest date or dates on which originating state approval of the program or programs involved can have occurred. No contract made pursuant to this Agreement shall require acceptance by a receiving state of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract shall not be revoked or otherwise impaired because the contract has expired or been terminated. However, any certificate or other qualifying document may be revoked or suspended on any ground which would be sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving state.

[Title 28A RCW—p 192] (1987 Ed.)
6. A contract committee composed of the designated state officials of the contracting states or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the heads of the appropriate education agencies of the contracting states.

Article IV

1. Nothing in this Agreement shall be construed to repeal or otherwise modify any law or regulation of a party state relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that state.

2. To the extent that contracts made pursuant to this Agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

Article V

The party states agree that:

1. They will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this Agreement.

2. They will facilitate and strengthen cooperation in interstate certification and other elements of educational personnel qualification and for this purpose shall cooperate with agencies, organizations, and associations interested in certification and other elements of educational personnel qualification.

Article VI

The designated state officials of any party state may meet from time to time as a group to evaluate progress under the Agreement, and to formulate recommendations for changes.

Article VII

Nothing in this Agreement shall be construed to prevent or inhibit other arrangements or practices of any party state or states to facilitate the interchange of educational personnel.

Article VIII

1. This Agreement shall become effective when enacted into law by two states. Thereafter it shall become effective as to any state upon its enactment of this Agreement.

2. Any party state may withdraw from this Agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the governor of the withdrawing state has given notice in writing of the withdrawal to the governors of all other party states.

3. No withdrawal shall relieve the withdrawing state of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

Article IX

This Agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Agreement shall be severable and if any phrase, clause, sentence, or provision of this Agreement is declared to be contrary to the constitution of any state or of the United States, or the application thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this Agreement shall be held contrary to the constitution of any state participating therein, the Agreement shall remain in full force and effect as to the state affected as to all severable matters. Severability—1969 ex.s. c 283: See note following RCW 28A.02.061.

The superintendent of public instruction shall enter into contracts pursuant to Article III of the Agreement only with the approval of the specific text thereof by the state board of education. 1. Identifies a funding level that is adequate to fund the enrollment served by educational clinics during the previous fiscal year;

2. Identifies locales in the state which are served by educational clinics but where demand for educational clinic services will support additional service, and recommends the funding level necessary to serve such demand;

3. Identifies locales in the state which are not served by educational clinics but where demand will support operation of clinics, and recommends the funding level necessary to serve such demand; and

4. Identifies locales in the state that are either underserved or not served by existing public school programs for drop-outs or for drop-out prevention, but where demand will support such services and recommends the funding level necessary to serve such demand.

The report shall be submitted to the legislature by January 1 in the year following June 27, 1985, and updates of the report shall be submitted with each biennial budget request until such time as funding levels reach the levels recommended in subsections (2) and (3) of this section. [1985 c 434 § 2.]

Contingency—Effective date—1985 c 434 § 2: "If specific funding for the purposes of section 2 of this act, referencing this act by bill number, is not provided by the legislature by July 1, 1987, section 2 of this act shall be null and void. Section 2 of this act shall be of no effect until such specific funding is provided. If such funding is so provided, section 2 of this act shall take effect when the legislation providing the funding takes effect." [1985 c 434 § 6.]

Revisor's note: (1) 1985 ex.s. c 6 § 510 provides specific funding for section 2 of this act [RCW 28A.97.110].

(2) 1985 ex.s. c 6 took effect June 27, 1985.

Intent—1985 c 434: "It is the intent of this act to provide for an equitable distribution of funds appropriated for educational clinics, to stabilize existing programs, and to provide a system for orderly expansion or retrenchment in the event of future increases or reductions in program appropriations." [1985 c 434 § 1.]

28A.97.120 Allocation of funds—Criteria—Duties of superintendent. In allocating funds appropriated for educational clinics, the superintendent of public instruction shall:

1. Place priority upon stability and adequacy of funding for educational clinics that have demonstrated superior performance as defined in RCW 28A.97.040(2).

2. Initiate and maintain a competitive review process to select new or expanded clinic programs in underserved or underserved areas. The criteria for review of competitive proposals for new or expanded education clinic services shall include but not be limited to:
(a) The proposing organization shall have obtained certification from the state board of education as provided in RCW 28A.97.010;
(b) The cost-effectiveness of the proposal as judged by the criteria established in *RCW 28A.97.100(1) and (2); and
(c) The availability of committed nonstate funds to support, enrich, or otherwise enhance the basic program.

3) In selecting areas for new or expanded educational clinics programs, the superintendent of public instruction shall consider factors including but not limited to:
(a) The proportion and total number of dropouts unserved by existing clinics programs, if any;
(b) The availability within the geographic area of programs other than educational clinics which address the basic educational needs of dropouts; and
(c) Waiting lists or other evidence of demand for expanded educational clinic programs.

4) In the event of any curtailment of services resulting from lowered legislative appropriations, the superintendent of public instruction shall issue pro rata reductions to all clinics funded at the time of the lowered appropriation. Individual clinics may be exempted from such pro rata reductions if the superintendent finds that such reductions would impair the clinic's ability to operate at minimally acceptable levels of service. In the event of such exceptions, the superintendent shall determine an appropriate rate for reduction to permit the clinic to continue operation.

5) In the event that an additional clinic or clinics become certified and apply to the superintendent for funds to be allocated from a legislative appropriation which does not increase from the immediately preceding biennium, or does not increase sufficiently to allow such additional clinic or clinics to operate at minimally acceptable levels of service without reducing the funds available to previously funded clinics, the superintendent shall not provide funding for such additional clinic or clinics from such appropriation. [1985 c 434 § 3.]

*Reviser's note: RCW 28A.97.100 was repealed by 1986 c 158 § 25.

Intent—1985 c 434: See note following RCW 28A.97.110.

28A.97.125 Legislative findings—Distribution of funds—Cooperation with school districts. The legislature recognizes that educational clinics provide a necessary and effective service for students who have dropped out of common school programs. Educational clinics have demonstrated success in preparing youth for productive roles in society and are an integral part of the state's program to address the needs of students who have dropped out of school. The superintendent of public instruction shall distribute funds, consistent with legislative appropriations, allocated specifically for educational clinics in accord with chapter 28A.97 RCW. The legislature encourages school districts to explore cooperation with educational clinics. [1987 c 518 § 220.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.97.130 Inclusion of educational clinics program in biennial budget request—Quarterly plans—Funds—Payment. The superintendent shall include the educational clinics program in the biennial budget request. Contracts between the superintendent of public instruction and the educational clinics shall include quarterly plans which provide for relatively stable student enrollment but take into consideration anticipated seasonal variations in enrollment in the individual clinics. Funds which are not expended by a clinic during the quarter for which they were planned may be carried forward to subsequent quarters of the fiscal year. The superintendent shall make payments to the clinics on a monthly basis pursuant to RCW 28A.97.040. [1985 c 434 § 4.]

LEARNING ASSISTANCE PROGRAM

28A.120.010 Intent. The legislature finds that an important and effective means of improving the educational performance of many students with special needs is to improve the general education program. The legislature also finds that there is a continuum of educational program needs among students with learning problems or poor academic performance. The legislature wants to encourage school districts to serve students with special needs within the regular classroom. Therefore, the legislature intends to replace the remediation program with a broader range of program options, without reducing special instructional programs when those services are both necessary and appropriate. The legislature intends to enhance the ability of basic education teachers to identify and address learning problems within the regular classroom. The legislature further intends to stimulate development by local school districts of innovative and effective means of serving students with special needs. The goal is to increase the achievement of students with special needs in a shorter period of time using processes that are more timely, appropriate and effective in producing better outcomes. [1987 c 478 § 1.]

28A.120.012 Program created. There is hereby created a state-wide program designed to enhance educational opportunities for public school students who are deficient in basic skills achievement. This program shall be known as the learning assistance program. [1987 c 478 § 2.]

28A.120.014 Definitions. Unless the context clearly indicates otherwise the definitions in this section apply throughout RCW 28A.120.010 through 28A.120.026.

1) "Basic skills" means reading, mathematics, and language arts as well as readiness activities associated with such skills.

2) "Placement testing" means the administration of objective measures by a school district for the purposes of diagnosing the basic skills achievement levels, determining the basic skills areas of greatest need, and establishing the learning assistance needs of individual students in conformance with instructions established by
the superintendent of public instruction for such purposes.

(3) "Approved program" means a program conducted pursuant to a plan submitted by a district and approved by the superintendent of public instruction under RCW 28A.120.016.

(4) "Participating student" means a student in kindergarten through grade nine who scores below grade level in basic skills, as determined by placement testing, and who is identified under RCW 28A.120.018 to receive additional services or support under an approved program.

(5) "Basic skills tests" means state-wide tests at the fourth and eighth grade levels established pursuant to RCW 28A.03.360. [1987 c 478 § 3.]

28A.120.016 Application for state funds—Needs assessment—Plan. Each school district which applies for state funds distributed pursuant to RCW 28A.120.022 shall conduct a needs assessment and, on the basis of its findings, shall develop a plan for the use of these funds. Districts are encouraged to place special emphasis on addressing the needs of students in the early grades. The needs assessment and plan shall be updated at least biennially, and shall be determined in consultation with an advisory committee including but not limited to members of the following groups: Parents, including parents of students served by the program; teachers; principals; administrators; and school directors. The district shall submit a biennial application specifying this plan to the office of the superintendent of public instruction for approval. Plans shall include:

(1) The means which the district will use to identify participating students to receive additional services or support under the proposed program;

(2) The specific services or activities which the funds will be used to support, and their estimated costs;

(3) A plan for annual evaluation of the program by the district, based on performance objectives related to basic skills achievement of participating students, and a plan for reporting the results of this evaluation to the superintendent of public instruction;

(4) Procedures for recordkeeping or other program documentation as may be required by the superintendent of public instruction; and

(5) The approval of the local school district board of directors. [1987 c 478 § 4.]

28A.120.018 Identification of students—Coordination of use of funds. Identification of participating students for an approved program of learning assistance shall be determined in each district through the implementation of the findings of the district's needs assessment and through placement testing. School districts are encouraged to coordinate the use of funds from federal, state, and local sources in serving students who are below grade level in basic skills, and to make efficient use of these resources in meeting the needs of students with the greatest academic deficits. [1987 c 478 § 5.]

28A.120.020 Services or activities under program. Services or activities which may be supported under an approved program of learning assistance shall include but not be limited to:

(1) Consultant teachers to assist classroom teachers in meeting the needs of participating students;

(2) Instructional support staff to assist classroom teachers in meeting the needs of participating students;

(3) In-service training for classroom teachers in the identification of learning problems or in instructional methods for teaching students with learning problems;

(4) Special instructional programs for participating students, of sufficient size, scope, and quality to address the needs of these students and to give reasonable promise of substantial progress towards meeting their educational objectives. [1987 c 478 § 6.]

28A.120.022 Eligibility for funds—Distribution of funds. Each school district which has established an approved program shall be eligible, as determined by the superintendent of public instruction, for state funds made available for the purposes of such programs. The superintendent of public instruction shall make use of data derived from the basic skills tests in determining the amount of funds for which a district may be eligible. Funds shall be distributed according to the district's total full-time equivalent enrollment in kindergarten through grade nine and the percentage of the district's students taking the basic skills tests who scored in the lowest quartile as compared with national norms. In making this calculation, the superintendent of public instruction may use an average over the immediately preceding five or fewer years of the district's percentage scoring in the lowest quartile. The superintendent of public instruction shall also deduct the number of students at these age levels who are identified as specific learning disabled and are generating state funds for special education programs conducted pursuant to chapter 28A.13 RCW, in distributing state funds for learning assistance. The distribution formula in this section is for allocation purposes only. [1987 c 478 § 7.]

28A.120.024 Monitoring. In order to insure that school districts are meeting the requirements of an approved program, the superintendent of public instruction shall monitor such programs no less than once every three years. The results of the evaluations required by RCW 28A.120.016 shall be transmitted to the superintendent of public instruction annually. Individual student records shall be maintained at the school district. [1987 c 478 § 8.]

28A.120.026 Rules. The superintendent of public instruction shall promulgate rules pursuant to chapter 34.04 RCW which he or she deems necessary to implement RCW 28A.120.010 through 28A.120.024. [1987 c 478 § 9.]
SUBSTANCE ABUSE AWARENESS PROGRAM

28A.120.030 Program established—Goals. The citizens of the state of Washington recognize the serious impact of alcohol and drug abuse on a student's self-concept and on the ability of students to learn. Therefore, the substance abuse awareness program is established: (1) To aid students in the development of skills that will assist them in making informed decisions concerning the use of drugs and alcohol; (2) to contribute to the development and support of a drug-free educational environment; and (3) to help school districts in the development of comprehensive drug and alcohol policies leading to the implementation of drug and alcohol programs that contain prevention, intervention, and aftercare components. [1987 c 518 § 205.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.120.032 Rules—Grants—Program areas eligible for funding. The superintendent of public instruction shall adopt rules to implement this section and RCW 28A.120.034 through 28A.120.050 and shall distribute to school districts on a grant basis, from moneys appropriated for the purposes of this section and RCW 28A.120.034 through 28A.120.050, funds for the development and implementation of educational and disciplinary policies leading to the implementation of prevention, intervention, and aftercare activities regarding the use and abuse of drugs and alcohol. The following program areas may be funded through moneys made available for this section and RCW 28A.120.034 through 28A.120.050, including but not limited to:

(1) Comprehensive program development;
(2) Prevention programs;
(3) Elementary identification and intervention programs;
(4) Secondary identification and intervention programs;
(5) School drug and alcohol core team development and training;
(6) Development of referral and preassessment procedures;
(7) Aftercare;
(8) Drug and alcohol specialist;
(9) Staff, parent, student, and community training; and
(10) Coordination with law enforcement, community service providers, other school districts, educational service districts, and drug and alcohol treatment facilities. [1987 c 518 § 206.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.120.034 Application for funding—Procedure. (1) School districts interested in implementing a substance abuse awareness program shall file an application for state funds with the superintendent of public instruction. The application shall include the following:

(a) A letter of commitment from the board of directors to adopt a comprehensive written policy on drugs and alcohol, and a proposed substance awareness abuse program and implementation plan, within six months of receipt of state funding. The comprehensive policy and program shall address the issues of prevention, intervention, aftercare, and disciplinary policies, and shall emphasize cooperation and coordination of services among public and private agencies, including law enforcement agencies. If the district's board of directors has already adopted a comprehensive policy and plan, the district shall submit a copy of the comprehensive policy and plan;

(b) A letter of commitment from the board of directors to appoint a school and community substance abuse advisory committee if such a committee has not been established. The advisory committee shall include representatives of at least the following: The school district instructional staff, students, parents, state and local government law enforcement personnel, and the county coordinator of alcohol and drug treatment, or his or her designee, or a representative of other treatment service providers. If the district has already established an advisory committee but its membership does not include members representing any of the groups identified in this subsection, the board of directors shall appoint an additional member or members, if necessary, accordingly. The advisory committee shall work to help coordinate school district programs and services with programs and services available within the community and thereby contribute toward the development of a continuum of prevention, intervention, and after care services within the total community and to avoid the duplication of services; and

(c) A copy of the district's assessment of the scope of the problem of drug and alcohol abuse within the district, as such use and abuse by individuals affects the learning environment in each school.

(2) The district shall demonstrate its plan to provide local matching funds of an amount equal to at least twenty percent of the state funds that the district is eligible to receive. Matching funds may be funds received from federal programs, other funds available to the district, or in-kind contributions: Provided, That in-kind contributions shall be not more than one-half of the minimum matching funds required.

(3) The district shall provide an outline of procedures for evaluating the effectiveness of the district's substance abuse awareness program.

(4) Joint applications and programs may be undertaken by school districts. Districts which elect to participate in a joint program may file a joint application and establish a joint school and community substance abuse advisory committee. [1987 c 518 § 207.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.120.036 Application for continued funding—Contents. School districts may apply on an annual basis to the superintendent of public instruction for continued funding of a local substance abuse awareness program meeting the provisions of RCW 28A.120.032 through
28A.120.050 and shall submit an application that includes: (1) Verification of the adoption of comprehensive district policies; (2) proposed changes to the district's substance abuse awareness program, where necessary; (3) proposed areas of expenditures; (4) the district's plan to provide matching funds of an amount to equal at least twenty percent of the state funds for which the district is eligible; (5) a plan for program evaluation; and (6) a report evaluating the effectiveness of the previously funded program one year after the program is implemented, including all the information required in this section. #### 28A.120.050 Conflict with federal laws—RCW 28A.120.032 through 28A.120.040
If any part of RCW 28A.120.032 through 28A.120.040 is found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, the conflicting part of RCW 28A.120.032 through 28A.120.040 is hereby declared to be inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of RCW 28A.120.032 through 28A.120.040 in its application to the agencies concerned. The rules under RCW 28A.120.032 through 28A.120.040 shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1987 c 518 § 211.]

### Intent—Severability
1987 c 518: See notes following RCW 28A.34A.060.

### DROPOUT PREVENTION PROGRAMS

#### 28A.120.060 Intent
To encourage youth who are considering dropping out of school to remain in school, or youth who have dropped out of school to return to school, it is the intent of the legislature to aid in the planning and implementation of educational programs for such youth. Furthermore, in recognition that effective assistance at the elementary school level will likely reduce the need for dropout intervention at the secondary level, the legislature intends to encourage early identification of and assistance to students not succeeding in school in the elementary grades. [1987 c 518 § 213.]

### Intent—Severability
1987 c 518: See notes following RCW 28A.34A.060.

#### 28A.120.062 Grants for program development—Distribution of funds
(1) The superintendent of public instruction is authorized and shall grant funds to selected school districts to assist in the development of student motivation, retention, and retrieval programs for youth who are at risk of dropping out of school or who have dropped out of school. The purpose of the state assistance for such school district programs is to provide districts the necessary start-up money which will encourage the development by districts or cooperatives of districts of integrated programs for students who are at risk of dropping out of school or who have dropped out of school.

(2) Funds as may be appropriated for the purposes of this section and RCW 28A.120.064 through 28A.120.072 shall be distributed to qualifying school districts for initial planning, development, and implementation of educational programs designed to motivate, retain, and retrieve students.

(3) Funds shall be distributed among qualifying school districts on a per pupil basis. To determine the per pupil allocation, the total appropriation for this program shall be divided by the total student population of all qualifying districts as determined on October 1, 1987. The resulting dollar amount shall be multiplied by the total student population of each qualifying school district to determine the maximum grant that each qualifying school district is eligible to receive. No district may receive more than is necessary for planning and implementation activities outlined in the district's grant application. [1987 c 518 § 214.]

### Intent—Severability
1987 c 518: See notes following RCW 28A.34A.060.

#### 28A.120.064 Priorities in awarding grants—Grants to cooperatives—Limitation on total amount of grants
(1) In distributing grant funds, the superintendent of public instruction shall first award funds to each school district with a dropout rate which, as determined by the superintendent of public instruction, is over time in the top twenty-five percent of all districts' dropout rates. The superintendent shall give priority consideration among such qualifying districts to granting funds to
those districts where no student motivation, retention, and retrieval programs currently exist.

(2) The superintendent may grant funds to a cooperative of districts which may include one district, or more, whose dropout rate is not in the top twenty-five percent of all districts' dropout rates.

(3) The sum of all grants awarded pursuant to RCW 28A.120.062 through 28A.120.072 for a particular biennium shall not exceed the amount appropriated by the legislature for such purposes. [1987 c 518 § 215.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.120.066 Districts eligible for funds—Conditions for subsequent grants. (1) A district which receives planning funds before July 26, 1987, may receive program development or implementation funds.

(2) A district or cooperative of districts shall be eligible to receive program implementation funds once every two years. Funds from each subsequent application by a district or cooperative of districts, however, shall be used to expand the dropout program to additional grades or another school or to initiate a new dropout program. Grants shall not be used to supplant funds of an existing program. The superintendent shall give priority to the effectiveness of district plans and implementation programs before granting additional awards to a school district. [1987 c 518 § 216.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.120.068 Rules. The superintendent of public instruction shall adopt rules to carry out the purposes of RCW 28A.120.062 through 28A.120.072. The rules adopted by the superintendent of public instruction shall include but not be limited to:

(1) Providing for an annual evaluation of the effectiveness of the program;

(2) Requiring that no less than twenty percent of the moneys from the program implementation grant be used for identification and intervention programs in elementary and middle schools;

(3) Establishing procedures allowing school districts to claim basic education allocation funds for students attending a program conducted under RCW 28A.120.062 through 28A.120.072 outside the regular school-year calendar, to the extent such attendance is in lieu of attendance within the regular school-year calendar, and

(4) Evaluating the number of children within an applicant district who fail to complete their elementary and secondary education with priority going to districts with dropout rates over time in the top twenty-five percent of all districts' dropout rates. [1987 c 518 § 217.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.120.070 Task force—Members—Purpose. The governor and superintendent of public instruction shall jointly appoint the governor's school dropout prevention task force, cochaired by the governor and the superintendent. The purpose of the task force shall be to make the public aware of the high number of Washington youth who drop out of school, the lifelong economic impact of the decision to drop out, and to encourage all segments of the community to devise new strategies to encourage youth to remain in school.

The task force shall be made up of respected representatives from business, sports, education, the media, students, the legislature, and other sectors of the community. The task force shall promote staying in school through public exposure of the problem and encouraging all sectors of the community to become involved in addressing this serious problem. [1987 c 518 § 218.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.120.072 Information about programs—Duties of superintendent through state clearinghouse for education information. The superintendent of public instruction, through the state clearinghouse for education information, shall collect and disseminate to all school districts and other interested parties information about effective student motivation, retention, and retrieval programs. INTERNATIONAL EDUCATION PROGRAMS

28A.125.010 Legislative findings—Intent.
28A.125.020 Advisory committee—Development of model curriculum or curriculum guidelines—Study about resource center.
28A.125.030 Grant program—Application procedure.
28A.125.040 Rules.
28A.125.100 Report to legislature.
28A.125.900 Severability—1987 c 349.

28A.125.010 Legislative findings—Intent. The legislature finds that the economy of the state of Washington more than that of any other state in the union is dependent on foreign trade, particularly with Pacific Rim countries. If Washington's status as a leading state in international trade is to be maintained and strengthened, students of this state need to be better prepared. The legislature also finds that parents and our public education system can work cooperatively to prepare children as they begin to face complex questions of world order and stability. It is, therefore, the intent of the legislature to provide students with enhanced opportunities to increase their awareness of and understanding about other nations and the relationships of those countries with Washington state. [1987 c 349 § 1.]

28A.125.020 Advisory committee—Development of model curriculum or curriculum guidelines—Study about resource center. (1) The superintendent of public instruction shall establish an advisory committee to advise the superintendent on international education issues
as such issues relate to the development of model curriculum or curriculum guidelines for grades kindergarten through twelve. The advisory committee shall be of such size as determined by the superintendent of public instruction. The superintendent of public instruction is encouraged to include parents; teachers; administrators; multicultural curriculum specialists; representatives of private enterprise; representatives of foreign trade or policy organizations, representatives of local and state ethnic minority groups, associations, or agencies; and representatives of cultural associations.

(2) The superintendent of public instruction shall establish a working committee to develop international education model curriculum or curriculum guidelines. The working committee shall follow the same procedures as those established by the superintendent of public instruction for the implementation of RCW 28A.03.425. Upon completion, the model curriculum or curriculum guidelines shall be made available for consideration and use by school districts.

(3) In cooperation with the advisory committee, the superintendent of public instruction shall conduct a study of the feasibility of establishing an international education curriculum resource center and submit a report to the legislature including findings and recommendations by January 1, 1988. [1987 c 349 § 2.]

**28A.125.030 Grant program—Application procedure.** (1) The superintendent of public instruction may grant funds to selected school districts for the purposes of developing and implementing international education programs. The grants shall be in such amounts as determined by the superintendent of public instruction. The sum of all grants awarded shall not exceed the amount appropriated by the legislature for such purposes.

(2) The grant program shall center on the use of the international education model curriculum or curriculum guidelines developed in RCW 28A.125.020. Districts may use the international education model curriculum or curriculum guidelines developed under RCW 28A.125.020 as a guideline for creating their own model curriculum for participation in the grant program.

(3) School districts may apply singularly or a group of school districts may apply together to participate in the program.

(4) School districts applying for the international education grant program shall submit a plan which includes:

(a) Participation by the school district in both the model curriculum or curriculum guidelines development activities and the grant program activities provided for by this chapter;

(b) The application or intent to conduct a foreign language program including either Japanese or Mandarin Chinese beginning in the ninth grade;

(c) A staff in-service training program addressing the implementation of international education curriculum;

(d) A goal to enlist participation where possible by private enterprise, cultural and ethnic associations, foreign trade or policy organizations, the local community, exchange students and students who have participated in exchange programs, and parents;

(e) Evaluation of the pilot program.

(5) To the extent possible, selected school districts shall represent the various geographical locations, school or school district sizes, and grade levels in the state.

(6) By January 1, 1988, the superintendent of public instruction shall select five school district grantees for the program. The program shall be implemented beginning with the 1988–89 school year.

(7) The program in international education shall be considered a social studies offering for the purpose of RCW 28A.05.060(1). [1987 c 349 § 4.]

**28A.125.040 Rules.** The superintendent of public instruction shall adopt rules under chapter 34.04 RCW to carry out the purposes of RCW 28A.125.010 through 28A.125.030. [1987 c 349 § 4.]

**28A.125.100 Report to legislature.** The superintendent of public instruction shall submit a report to the legislature, including its findings and specific recommendations evaluating the progress of the grant program, by January 1, 1991. [1987 c 349 § 5.]

**28A.125.900 Severability—1987 c 349.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 349 § 7.]

**Chapter 28A.130**

**PROGRAMS FOR PARENTS**

Sections

**PROJECT EVEN START**

28A.130.010 Intent—Short title. (1) Parents can be the most effective teachers for their children. Providing illiterate or semiliterate parents with opportunities to acquire basic skills and child development knowledge will enhance their ability to assist and support their children in the learning process, and will enhance children's learning experiences in the formal education environment by providing children with the motivation and positive home environment which contribute to enhanced academic performance.
28A.130.012 Definitions. Unless the context clearly requires otherwise, the definition in this section shall apply throughout RCW 28A.130.014 through 28A.130.020.

"Parent" or "parents" means a parent who has less than an eighth grade ability in one or more of the basic skill areas of reading, language arts, or mathematics, as measured by a standardized test, and who has a child or children enrolled in: (1) The state early childhood education and assistance program; (2) a federal head start program; (3) a state or federally funded elementary school basic skills program serving students who have scored below the national average on a standardized test in one or more of the basic skill areas of reading, language arts, or mathematics; or (4) a cooperative nursery school at a community college or vocational technical institute. [1987 c 518 § 105.]

Intent—Severability—1987 c 518: See notes following RCW 28A.34A.060.

28A.130.014 Adult literacy program—Basic skills instruction—Credit toward work and training requirement—Rules. (1) The superintendent of public instruction, in consultation with the department of social and health services, the state board for community college education, and community–based, nonprofit providers of adult literacy services, shall develop an adult literacy program to serve eligible parents as defined under RCW 28A.130.012. The program shall give priority to serving parents with children who have not yet enrolled in school or are in grades kindergarten through three.

28B.04.010 Short title. This chapter may be known and cited as the "displaced homemaker act." [1979 c 73 § 1.]

28B.04.020 Legislative findings—Purpose. The legislature finds that homemakers are an unrecognized
part of the work force who make an invaluable contribution to the strength, durability, and purpose of our
state.

The legislature further finds that there is an increasing number of persons in this state who, having fulfilled
a role as homemaker, find themselves "displaced" in their middle years through divorce, death of spouse, disa-
\ility of spouse, or other loss of family income of a spouse. As a consequence, displaced homemakers are
very often left with little or no income; they are ineligible for categorical welfare assistance; they are subject to
the highest rate of unemployment of any sector of the work force; they face continuing discrimination in em-
ployment because of their age and lack of recent paid work experience; they are ineligible for unemployment
insurance because they have been engaged in unpaid la-
dor in the home; they are ineligible for social security
benefits because they are too young, and many never
qualify because they have been divorced from the family
wage earner; they may have lost beneficiaries’ rights un-
der employer’s pension and health plans through divorce
or death of spouse; and they are often unacceptable to
private health insurance plans because of their age.

It is the purpose of this chapter to establish guidelines
under which the higher education coordinating board
shall contract to establish multipurpose service centers
and programs to provide necessary training opportuni-
ties, counseling, and services for displaced homemakers
so that they may enjoy the independence and economic
security vital to a productive life. [1985 c 370 § 36; 1982
1st ex.s. c 15 § 1; 1979 c 73 § 2.]

(2) The authority shall consist of seven members as follows: The governor, lieutenant governor, executive director of the higher education coordinating board, and four public members, one of whom shall be the president of a higher education institution at the time of appointment. The public members shall be residents of the state and appointed by the governor, subject to confirmation by the senate, on the basis of their interest or expertise in the provision of higher education and the financing of higher education. The public members of the authority shall serve for terms of four years. The initial terms of the public members shall be staggered in a manner determined by the governor. In the event of a vacancy on the authority due to death, resignation, or removal of one of the public members, and upon the expiration of the term of any public member, the governor shall appoint a successor for a term expiring on the fourth anniversary of the successor's date of the appointment. If any of the state offices are abolished, the resulting vacancy on the authority shall be filled by the state officer who shall succeed substantially to the power and duties of the abolished office. Motions shall be adopted upon the affirmative vote of a majority of a quorum of members present at any meeting of the authority. ### 28B.07.060 Bonds—Special obligations—Payment—Funds—Segregation of proceeds and moneys.

Bonds issued under this chapter shall not be deemed to constitute obligations, either general or special, of the state or of any political subdivision of the state, or a pledge of the faith and credit of the state or of any political subdivision, or a general obligation of the authority. The bonds shall be special obligations of the authority and shall be payable solely from the special fund or funds created by the authority in the bond resolution or trust indenture pursuant to which the bonds were issued. The fund or funds shall be funded in whole or in part from moneys paid by one or more participants for whose benefit the bonds were issued, from the sources, if any, under RCW 28B.07.040(9), or from the proceeds of bonds issued by the authority for the purpose of refunding any outstanding bonds of the authority. The issuance of bonds under this chapter shall not obligate, directly, indirectly, or contingently, the state or any political subdivision of the state to levy any taxes or appropriate or expend any funds for the payment of the principal or the interest on the bonds.

Neither the proceeds of bonds issued under this chapter, any moneys used or to be used to pay the principal or interest on the bonds, nor any moneys received by the authority to defray its administrative costs shall constitute public money or property. All of such moneys shall be kept segregated and set apart from funds of the state and any political subdivision of the state and shall not be subject to appropriation or allotment by the state or subject to the provisions of chapter 43.88 RCW. [1983 c 169 § 6.]

In connection with any bonds issued by the authority, the authority shall enter into agreements with participants which shall provide for the payment by each participant of amounts which shall be sufficient, together with other
revenues available to the authority, if any, to: (1) Pay the participant's share of the administrative costs and expenses of the authority; (2) pay the costs of maintaining, managing, and operating the project or projects financed by the authority, to the extent that the payment of the costs has not otherwise been adequately provided for; (3) pay the principal of, premium, if any, and interest on outstanding bonds of the authority issued in respect of such project or projects as the same shall become due and payable; and (4) create and maintain reserves required or provided for in any bond resolution or trust indenture authorizing the issuance of such bonds of the authority. The payments shall not be subject to supervision or regulation by any department, committee, board, body, bureau, or agency of the state other than the authority. [1983 c 169 § 7.]

28B.07.080 Moneys deemed trust funds—Agreement or trust indenture with bank or trust company authorized. All moneys received by or on behalf of the authority under this chapter, whether as proceeds from the sale of bonds or from participants or from other sources shall be deemed to be trust funds to be held and applied solely as provided in this chapter. The authority, in lieu of receiving and applying the moneys itself, may enter into an agreement or trust indenture with one or more banks or trust companies having the power and authority to conduct trust business in the state to:

(1) Perform all of any part of the obligations of the authority with respect to: (a) Bonds issued by it; (b) the receipt, investment, and application of the proceeds of the bonds and moneys paid by a participant or available from other sources for the payment of the bonds; (c) the enforcement of the obligations of a participant in connection with the financing or refinancing of any project; and (d) other matters relating to the exercise of the authority's powers under this chapter;

(2) Receive, hold, preserve, and enforce any security interest or evidence of security interest granted by a participant for purposes of securing the payment of the bonds; and

28B.07.090 Holders or owners of bonds—Trustees—Enforcement of rights—Purchase at foreclosure sale. Any holder or owner of bonds of the authority issued under this chapter or any holder of the coupons appertaining to the bonds, and the trustee or trustees under any trust indenture, except to the extent the rights given are restricted by the authority in any bond resolution or trust indenture authorizing the bonds, may, either at law or in equity, by suit, action, mandamus, or other proceedings, protect and enforce any of their respective rights, and may become the purchaser at any foreclosure sale if the person is the highest bidder. [1983 c 169 § 9.]

28B.07.100 Bonds are securities—Legal investments. The bonds of the authority are securities in which all public officers and bodies of this state and all counties, cities, municipal corporations, and political subdivisions, all banks, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, insurance companies and associations, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control. [1983 c 169 § 10.]

28B.07.110 Projects or financing—Exemption from certain restrictions on procedures for awarding contracts. A project or the financing or refinancing thereof pursuant to this chapter shall not be subject to the requirements of any law or rule relating to competitive bidding, lease performance bonds, or other restrictions imposed on the procedure for award of contracts. [1983 c 169 § 11.]

28B.07.120 Bond counsel—Selection. (1) The authority shall adopt written policies to provide for the selection of bond counsel. The policies shall provide for the creation and maintenance of a roster of attorneys whom the authority believes possess the requisite special expertise and professional standing to provide bond counsel opinions which would be accepted by the underwriters, bondholders and other members of the financial community, and which would be in furtherance of the public interest in obtaining the lowest possible interest rates on the bonds issued by the authority. Any attorney may apply to have his or her name placed on the roster, but may not be placed on the roster unless the attorney demonstrates to the authority's satisfaction that the attorney would issue the kind of opinions required by this section.

(2) Prior to selecting an attorney or attorneys to provide bond counsel services, the authority shall provide all attorneys on the roster with a notice of its intentions to select bond counsel and shall invite each of them to submit to the authority his or her fee schedule for providing bond counsel services. The authority shall have wide discretion in selecting the attorney or attorneys it considers to be most appropriate to provide the services, but in the exercise of this discretion the authority shall consider all submitted fee schedules and the public interest in achieving issuance of bonds on terms most favorable to the authority. At least once every two calendar years, the authority shall select anew an attorney or attorneys to serve as bond counsel. However, the authority may retain an attorney for longer than two years when necessary to complete work on a particular bond issue. An attorney previously retained may be selected again but only after the authority has provided other attorneys on the roster with an opportunity to be selected and has made the fee schedule review required under this subsection. As an alternative to retaining counsel for a period of time, the authority may appoint an attorney to

(1987 Ed.) [Title 28B RCW—p 9]
serve as counsel in respect to only a particular bond issue or issues. [1983 c 169 § 13.]

28B.07.130 Underwriters—Selection. (1) The authority shall adopt written policies to provide for the selection of underwriters. The policies shall provide for the creation of a roster of underwriters who the authority believes possess the requisite special expertise and professional standing to provide bond marketing services which would be accepted by bondholders and other members of the financial community, and which would be in furtherance of the public interest in marketing the authority's bonds at the lowest possible costs. Any underwriter may apply to have its name placed on the roster, but may not be placed on the roster unless it demonstrates to the authority's satisfaction that it meets the requirements of this section.

(2) Whenever the authority decides that it needs the services of an underwriter, it shall provide all underwriters on the roster with a notice of its intentions and shall invite each of them to submit to the authority an itemization of its fees and other charges for providing underwriting services on the issue. The itemization shall be by categories designed by the authority. The authority shall have wide discretion in selecting the underwriter it considers to be most appropriate to provide the services, but in the exercise of this discretion the authority shall consider the underwriter's fees and other charges and the public interest in achieving issuance of bonds on terms most favorable to the authority. The authority may adopt rules setting forth conditions under which an institution of higher education may be permitted to exercise the notice and selection procedures set forth in this subsection. These rules shall require the institution to comply with the provisions of this subsection as if it were the authority and to obtain the authority's prior approval of the selection of an underwriter. [1983 c 169 § 14.]

28B.07.900 Chapter supplemental—Application of other laws. This chapter provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds and refunding bonds under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds. [1983 c 169 § 15.]

28B.07.910 Construction—1983 c 169. This chapter, being necessary for the welfare of the state and its inhabitants, shall be liberally construed to effect its purposes. [1983 c 169 § 16.]

28B.07.920 Severability—1983 c 169. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 169 § 17.]

28B.10.580 Term papers, theses, dissertations, sale of prohibited—Legislative findings—Purpose. (1) The legislature finds that commercial operations selling term papers, theses, and dissertations encourages academic dishonesty, and in so doing impairs the public confidence in the credibility of institutions of higher education whether in this state or any other to function within their prime mission, that of providing a quality education to the citizens of this or any other state.
The legislature further finds that this problem, beyond the ability of these institutions to control effectively, is a matter of state concern, while at the same time recognizing the need for and the existence of legitimate research functions.

It is the declared intent of RCW 28B.10.580 through 28B.10.584, therefore, that the state of Washington prohibit the preparation for sale or commercial sale of term papers, theses and dissertations: Provided, That such legislation shall not affect legitimate and proper research activities: Provided further, That such legislation does not impinge on the rights, under the First Amendment, of freedom of speech, of the press, and of distributing information. (2) The term "financial aid" shall mean loans and/or grants to needy students enrolled or accepted for enrollment as a full time student at institutions of higher education.

(3) The term "needy student" shall mean a post high school student of an institution of higher learning as defined in subsection (1) of this section who demonstrates to the board the financial inability, either through the student's parents, family and/or personally, to meet the total cost of board, room, books, and tuition and incidental fees for any semester or quarter.

(3) The commission shall take the initiative and responsibility for coordinating all federal student financial aid programs to insure that the state recognizes the maximum potential effect of these programs, and shall design the state program which complements existing federal, state and institutional programs.

(4) Counseling is a paramount function of student financial aid, and in most cases could only be properly implemented at the institutional levels; therefore, state student financial aid programs shall be concerned with the attainment of those goals which, in the judgment of the commission, are the reasons for the existence of a student financial aid program, and not solely with administration of the program on an individual basis.

(5) In the development of any new program, the commission shall seek advice from and consultation with the institutions of higher learning, state agencies, industry, labor, and such other interested groups as may be able to contribute to the effectiveness of program development and implementation.

(6) The "package" approach of combining loans, grants and employment for student financial aid shall be the conceptional element of the state's involvement. [1969 ex.s. c 222 § 10. Formerly RCW 28.76.450.]

(c) This study should include information on the following:
   (i) all programs and sources of available student financial aid,

   (A) demands of students for specific educational goals in colleges, and
   (B) the discrepancy between high school students' preferences and the colleges they actually selected.

(2) Design a state program of student financial aid based on the data of the study referred to in this section. The state program will supplement available federal and local aid programs. The state program of student financial aid will not exceed the difference between the budgetary costs of attending an institution of higher learning and the student's total resources, including family support, personal savings, employment, and federal and local aid programs.

(3) Determine and establish criteria for financial need of the individual applicant based upon the consideration of that particular applicant. In making this determination the commission shall consider the following:
   (a) Assets and income of the student.
   (b) Assets and income of the parents, or the individual's legally responsible for the care and maintenance of the student.
   (c) The cost of attending the institution the student is attending or planning to attend.
   (d) Any other criteria deemed relevant to the commission.

(4) Set the amount of financial aid to be awarded to any individual needy or disadvantaged student in any school year.

(5) Award financial aid to full time needy or disadvantaged students for a school year based upon only that amount necessary to fill the financial gap between the budgetary cost of attending an institution of higher education and the family and student contribution.

(6) Review the need and eligibility of all applications on an annual basis and adjust financial aid to reflect changes in the financial need of the recipients and the cost of attending the institution of higher education. [1969 ex.s. c 222 § 11. Formerly RCW 28B.10.460.]

These donations shall be made specifically to the professorship program, and shall be donated after July 1, 1985.

Upon an application by an institution, the board may designate two hundred fifty thousand dollars from the trust fund for that institution's pledged professorship. 28B.15.011 Classification as resident or nonresident student—Legislative intent. It is the intent of the legislature that the state institutions of higher education shall apply uniform rules as prescribed in RCW 28B.15.012 through 28B.15.014, and not otherwise, in determining whether students shall be classified as resident students or nonresident students for all tuition and fee purposes. [1971 ex.s. c 273 § 1.]

Severability—1971 ex.s. c 273: "If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provisions to other persons or circumstances is not affected." [1971 ex.s. c 273 § 6.]

28B.15.012 Classification as resident or nonresident student—Definitions. Whenever used in chapter 28B.15 RCW:

(1) The term "institution" shall mean a public university, college, or community college within the state of Washington.

(2) The term "resident student" shall mean: (a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational; (b) a dependent student, if one or both of the student's parents or legal guardians have maintained a bona fide domicile in the state of Washington for at least one year immediately prior to commencement of the semester or quarter for which the student has registered at any institution; (c) a student classified as a resident based upon domicile by an institution on or before May 31, 1982, who was enrolled at a state institution during any term of the 1982–1983 academic year, so long as such student's enrollment (excluding summer sessions) at an institution in this state is continuous; or (d) any student who has spent at least seventy-five percent of both his or her junior and senior years in high schools in this state, whose parents or legal guardians have been domiciled in the state for a period of at least one year within the five–year period before the student graduates from high school, and who enrolls in a public institution of higher education within six months of leaving high school, for as long as the student remains continuously enrolled for three quarters or two semesters in any calendar year: Provided, That a nonresident student enrolled for more than six hours per semester or quarter shall be considered as attending for primarily educational purposes, and for tuition and fee paying purposes only such period of enrollment shall not be counted toward the establishment of a bona fide domicile of one year in this state unless such student proves that the student has in fact established a bona fide domicile in this state primarily for purposes other than educational.

(3) The term "nonresident student" shall mean any student who does not qualify as a "resident student" under the provisions of RCW 28B.15.011 through 28B.15.014 and 28B.15.015, each as now or hereafter amended. A nonresident student shall include:

(a) A student attending an institution with the aid of financial assistance provided by another state or governmental unit or agency thereof, such nonresidency continuing for one year after the completion of such semester or quarter.

(b) A person who is not a citizen of the United States of America who does not have permanent or temporary resident status or does not hold "Refugee–Parolee" or "Conditional Entrant" status with the United States immigration and naturalization service or is not otherwise permanently residing in the United States under color of law and who does not also meet and comply with all the applicable requirements in RCW 28B.15.011 through 28B.15.014 and 28B.15.015, each as now or hereafter amended.

(4) The term "domicile" shall denote a person's true, fixed and permanent home and place of habitation. It is the place where the student intends to remain, and to which the student expects to return when the student
leaves without intending to establish a new domicile elsewhere. The burden of proof that a student, parent or guardian has established a domicile in the state of Washington primarily for purposes other than educational lies with the student.

(5) The term "dependent" shall mean a person who is not financially independent. Factors to be considered in determining whether a person is financially independent shall be set forth in rules and regulations adopted by the higher education coordinating board and shall include, but not be limited to, the state and federal income tax returns of the person and/or the student's parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the board may require. (3) To aid the institution in deciding whether a student, parent, legally appointed guardian or the person having legal custody of a student is domiciled in the state of Washington primarily for purposes other than educational, the rules and regulations adopted by the higher education coordinating board shall include but not be limited to the following:

(a) Registration or payment of Washington taxes or fees on a motor vehicle, mobile home, travel trailer, boat, or any other item of personal property owned or used by the person for which state registration or the payment of a state tax or fee is required will be a factor in considering evidence of the establishment of a Washington domicile.

28B.16.110 Rules—Salary schedules and compensation plans to reflect prevailing wages—Periodic wage surveys with recommended salary adjustments, report of with supporting data. The salary schedules and compensation plans, adopted and revised as provided in RCW 28B.16.100 as now or hereafter amended, shall reflect prevailing rates in other public employment and in private employment in this state or in the locality in which the institution or related board is located. For this purpose comprehensive salary and fringe benefit surveys shall be undertaken by the board with the assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, with such surveys to be conducted in the year prior to the convening of every one hundred five day regular session of the state legislature. In the year prior to the convening of each one hundred five day regular session during which a comprehensive salary and fringe benefit survey is not conducted, the board with assistance of the various personnel officers of the institutions of higher education and on a joint basis with the department of personnel, shall conduct a trend salary and fringe benefit survey. This survey shall measure average salary and fringe benefit movement for broad occupational groups which has occurred since the last comprehensive salary and fringe benefit survey was conducted. The results of each comprehensive and trend salary and fringe benefit survey shall be completed and forwarded by September 30 with recommended salary adjustments, which recommendations shall be advisory only, to the governor and the director of financial management for their use in preparing budgets to be submitted to the succeeding legislature. A copy of the data and supporting documentation shall be furnished by the board to the standing committees for appropriations of the senate and house of representatives.

In the case of comprehensive salary and fringe benefit surveys, the board shall furnish the following supplementary data in support of its recommended salary schedule:

1. A total dollar figure which reflects the recommended increase or decrease in state salaries as a direct result of the specific salary and fringe benefit survey that has been conducted and which is categorized to indicate what portion of the increase or decrease is represented by salary survey data and what portion is represented by fringe benefit survey data;

2. An additional total dollar figure which reflects the impact of recommended increases or decreases to state salaries based on other factors rather than directly on prevailing rate data obtained through the survey process and which is categorized to indicate the sources of the requests for deviation from prevailing rates and the reasons for the changes;

3. A list of class codes and titles indicating recommended monthly salary ranges for all state classes under the control of the higher education personnel board with:
   a. Those salary ranges which do not substantially conform to the prevailing rates developed from the salary and fringe benefit survey distinctly marked and an explanation of the reason for the deviation included; and
   b. Those higher education personnel board classes which are substantially the same as classes being used

(1987 Ed.)

[Title 28B RCW—p 73]
by the department of personnel clearly marked to show the
commonality of the classes between the two
jurisdictions;

(4) A supplemental salary schedule which indicates
the additional salary to be paid state employees for haz­
ardous duties or other considerations requiring extra
compensation under specific circumstances. Additional
compensation for these circumstances shall not be in­
cluded in the basic salary schedule but shall be main­
tained as a separate pay schedule for purposes of full
disclosure and visibility; and

(5) A supplemental salary schedule which indicates
those cases where the board determines that prevailing
rates do not provide similar salaries for positions that
require or impose similar responsibilities, judgment,
knowledge, skills, and working conditions. This supple­
mentary salary schedule shall contain proposed salary
adjustments necessary to eliminate any such dissimilar­i­
ties in compensation. Additional compensation needed to
eliminate such salary dissimilarities shall not be included
in the basic salary schedule but shall be maintained as a
separate salary schedule for purposes of full disclosure
and visibility.

It is the intention of the legislature that requests for
funds to support recommendations for salary deviations
from the prevailing rate survey data shall be kept to a
minimum, and that the requests be fully documented
when forwarded by the board. Further, it is the intention of
the legislature that the department of personnel and
the higher education personnel board jointly determine
job classes which are substantially common to both ju­
risdictions and that basic salaries for these job classes
shall be equal based on salary and fringe benefit survey
findings.

Salary and fringe benefit survey information collected
from private employers which identifies a specific em­
ployer with the salary and fringe benefit rates which
that employer pays to its employees shall not be subject
to public disclosure under chapter 42.17 RCW.

The first comprehensive salary and fringe benefit sur­
vey required by this section shall be completed and for­
warded to the governor and the director of financial
management by September 30, 1986. The first trend
salary and fringe benefit survey required by this section
shall be completed and forwarded to the governor and
the director of financial management by September 30,
1988. [1985 c 94 § 1; 1980 c 11 § 3; 1979 c 151 § 16;

(iii) Ensures that, wherever practical, data from
smaller, private firms are included and proportionally
weighted in the survey sample; and

(iv) Indicates the methodology to be used in applica­
tion of survey data to job classes used by state
government;

(c) A prediction of the increase or decrease in total
funding requirements expected to result from the pend­
ing salary and fringe benefit survey based on consumer
price index information and other available trend data
pertaining to Washington state salaries and fringe
benefits.

(2) Every comprehensive survey plan shall fully con­
sider fringe benefits as an element of compensation in
addition to basic salary data. The plans prepared under
this section shall be developed jointly by the higher edu­

RCW. All comprehensive salary and fringe benefit sur­
vey plans shall be submitted on a joint signature basis by
the higher education personnel board and the depart­

(1) "Institutions of higher education" are the University of Washington, Washington State University, Central Washington University, Eastern Washington University, Western Washington University, The Evergreen State College, the various community colleges, and the governing boards of each of the above, and the various colleges, divisions, departments, or offices authorized by the governing board of the institution involved to act for the institution, all of which are sometimes referred to in this chapter as "institutions." The various state community colleges are sometimes referred to in this chapter as "community colleges."

(2) "Rule" means any order, directive, or regulation of any institution of higher education which affects the relationship of the general public with the institution, or the relationship of particular segments of the particular educational community such as students, faculty, or other employees, with the institution or with each other, (a) the violation of which subjects a person to a penalty or administrative sanction; or (b) which establishes, alters, or revokes any procedures, practice, or requirement relating to institutional hearings; or (c) which establishes, alters, or revokes any qualification or requirement relating to the enjoyment of benefits or privileges conferred by law. The term includes the amendment or repeal of a prior rule but does not include rules, regulations, orders, statements, or policies relating primarily to the following: Standards for admission; academic advancement, academic credits, graduation and the granting of degrees; tuition and fees, scholarships,
financial aids, and similar academic matters; employment relationships; fiscal processes; or matters concerning only the internal management of an institution and not affecting private rights or procedures available to the general public; and such matters need not be established by rule adopted under this chapter unless otherwise required by law.

(3) "Contested case" means a formal or informal proceeding before an institution of higher education, division, department, office, or designated official or representative thereof in which an opportunity for hearing is required by law, constitutional rights, or institutional policy, prior or subsequent to the determination by the institution of the legal rights, duties, or privileges of specific parties.

(4) "Rules review committee" or "committee" means the joint administrative rules review committee created pursuant to RCW 34.04.210 for the purpose of selectively reviewing existing and proposed rules of institutions of higher education. 28B.19.030 Notice of intended action, filing, contents—Oral hearing, when—Proceedings on rule barred until twenty days after register distribution—Questioning procedural validity of rule, estoppel—Rule ineffective on failure to file notice. (1) Prior to the adoption, amendment, or repeal of any rule adopted under this chapter, each institution, college, division, department, or official thereof exercising rule-making authority delegated by the governing board or the president, shall:

(a) File notice thereof with the code reviser in accordance with RCW 34.08.020(1) for publication in the state register, and with the rules review committee, and mail the notice to all persons who have made timely request of the institution or related board for advance notice of its rule-making proceedings. Such notice shall also include (i) reference to the authority under which the rule is proposed, (ii) a statement of either the terms or substance of the proposed rule or a description of the subjects and issues involved, and (iii) the time when, the place where, and the manner in which interested persons may present their views thereon;

(b) Provide notice to the campus or standard newspaper of the institution involved and to a newspaper of general circulation in the area at least seven days prior to the date of the rule-making proceeding. The notice shall state the time when, place where, and manner in which interested persons may present their views thereon and the general subject matter to be covered;

(c) Afford all interested persons reasonable opportunity to submit data, views, or arguments, orally or in writing. An opportunity for oral hearing must be granted if requested by twenty-five persons or by the rules review committee.

(2) The institution shall make every effort to insure that the information on the proposed rule circulated pursuant to subsection (1)(a) of this section accurately reflects the rule to be presented and discussed at any oral hearing on such rule. Where substantial changes in the draft of the proposed rule are made after publication of notice in the register which would render it difficult for interested persons to properly comment on the rule without further notice, new notice of the institution's intended action as provided in subsection (1)(a) of this section shall be required.

(3) The institution shall consider fully all written and oral statements respecting the proposed rule including those addressing the question of whether the proposed rule is within the intent of the legislature as expressed by the statute which the rule implements, and may amend the proposed rule at the oral hearing or adopt the proposed rule, if there are no substantial changes, without refiling the notice required by this section.

(4) No proceeding may be held on any rule until twenty days have passed from the distribution date of the register in which notice thereof was contained. The code reviser shall make provisions for informing an institution of higher education giving notice under subsection (1) of this section of the distribution date of the register in which such notice will be published.

(5) No rule adopted under this chapter is valid unless adopted in substantial compliance with this section, unless it is an emergency rule designated as such and is adopted in substantial compliance with RCW 28B.19.040, as now or hereafter amended. In any proceeding a rule cannot be contested on the ground of noncompliance with the procedural requirements of RCW 34.08.020(1), of this section, or of RCW 28B.19.040, as now or hereafter amended, after two years have elapsed from the effective date of the rule.

(6) When twenty days notice of intended action to adopt, amend, or repeal a rule has not been filed with the code reviser, as required by subsection (4) of this section, the code reviser may not publish such rule, and such rule may not be effective for any purpose. [1982 c 221 § 7; 1981 c 324 § 12; 1977 ex.s. c 240 § 10; 1971 ex.s. c 57 § 3.]

Such statement shall be on the institution's stationery or a form bearing the institution's name and shall contain, but is not limited to, the following:

(1987 Ed.)

An institution may not thereafter adopt the text of the rules without filing the text in accordance with RCW 28B.19.030 as now or hereafter amended. The code reviser shall give notice of the withdrawal in the register. [1980 c 186 § 24.]

Severability—1980 c 186: See note following RCW 34.04.045.

28B.19.040 Emergency rule or amendment. If the institution of higher education finds that immediate adoption or amendment of a rule is necessary for the preservation of the public health, safety, or general welfare, and the observance of the requirements of notice and opportunity to present views on the proposed action would be contrary to the public interest, the institution may dispense with such requirements and adopt the rule or amendment as an emergency rule or amendment. The institution's finding and a concise statement of the reasons for its finding shall accompany the emergency rule or amendment as filed with the code reviser and with the rules review committee. An emergency rule or amendment may not remain in effect for longer than ninety days after filing.

Emergency rules become effective upon filing with the code reviser unless an effective date is specified in the rule. [1981 c 324 § 13; 1977 ex.s. c 240 § 11; 1973 1st ex.s. c 46 § 4; 1971 ex.s. c 57 § 4.]

All other rules hereafter adopted shall become effective upon the expiration of thirty days after the date of filing, unless a later date is required by statute or specified in the rule. [1987 c 505 § 12; 1980 c 87 § 9; 1971 ex.s. c 57 § 5.]

28B.19.060 Prior rules—Filing—Validity. Any rules which have been adopted prior to September 1, 1971 shall be filed within six months of that date with the code reviser, who is not authorized to prescribe the form of nor required to publish such rules. Such rules shall not be valid after December 31, 1972, except that they shall continue to be valid for the purpose of proceedings pending as of that date, unless readopted pursuant to this chapter in the form and style of the code reviser: Provided, however, That any rules previously adopted and filed in accordance with chapter 34.04 RCW need not be refiled and they shall remain valid as though they had been adopted under this chapter. [1971 ex.s. c 57 § 6.]

28B.19.070 Compilation, editing, and publication of rules—Removal of unconstitutional rules—Judicial notice. (1) The code reviser shall as soon as practicable compile, index, and publish in the Washington administrative code all rules adopted pursuant to this chapter by each institution of higher education and remaining in effect.

(2) The code reviser shall publish a register in which he shall set forth the text of all rules filed during the appropriate register publication period.

(3) The code reviser, in his discretion, may omit from publication in the Washington administrative code or the state register those rules the publication of which would be unduly cumbersome, expensive, or otherwise inexpedient, if such rules are made available in printed or processed form on application to the adopting institution of higher education and if the Washington administrative code states the general subject matter of the rules so omitted and states how copies thereof may be obtained.

(4) The code reviser may edit and revise rules for publication, codification, and compilation, without changing the meaning of any such rule, in accordance with the provisions of RCW 28B.19.073.
(5) When a rule, in whole or in part, is declared invalid and unconstitutional by a court of final appeal, the adopting institution shall give notice to that effect in the register. With the consent of the attorney general, the code reviser may remove obsolete rules or parts of rules from the Washington Administrative Code when:

(a) The rules are declared unconstitutional by a court of final appeal; or

(b) The adopting institution ceases to exist and the rules are not transferred by statute to a successor institution.

(6) Judicial notice shall be taken of rules published pursuant to this section. [1980 c 186 § 25; 1971 ex.s. c 57 § 7.]

In the case of a new section, such shall be designated "NEW SECTION" in upper case type and such designation shall be underlined, but the complete text of the section shall not be underlined. No rule may be forwarded by any institution to the code reviser, nor may the code reviser accept for filing any rule unless the format of such rule is in compliance with the provisions of this section.

(2) Once the rule has been formally adopted by the institution the code reviser need not, except with regard to the register published pursuant to RCW 28B.19.070(2), as now or hereafter amended, include the items enumerated in subsection (1) of this section in the official code.

(3) Any addition to or deletion from an existing code section not filed by the institution in the style prescribed by subsection (1) of this section shall in all respects be ineffectual, and shall not be shown in subsequent publications or codifications of that section unless the ineffectual portion of the rule is clearly distinguished and an explanatory note is appended thereto by the code reviser in accordance with RCW 28B.19.070, as now or hereafter amended, and RCW 28B.19.073. [1980 c 186 § 27.]

[1971 ex.s. c 57 § 8.]

28B.19.090 Orders to conform with administrative code style, when. [1971 ex.s. c 57 § 9.]

28B.19.100 Declaratory judgment on validity of rule—Petition for—Grounds for invalidity. (1) The validity of any rule promulgated by an institution of higher education may be determined upon petition for a declaratory judgment thereon addressed to the superior court of the county in which the primary office of the institution of higher education is located, when it appears that the rule, or its threatened application, interferes with or impairs or immediately threatens to interfere with or impair, the legal rights or privileges of the petitioner. The institution shall be made a party to the proceeding. The declaratory judgment may not be rendered unless the petitioner has first requested the institution to pass upon the validity of the rule in question.

(2) In a proceeding under subsection (1) of this section, the court shall declare the rule invalid only if it finds that it violates constitutional or statutory provision or exceeds the statutory authority of the institution or was adopted without compliance with statutory rule-making procedures established by this chapter. [1971 ex.s. c 57 § 10.]

(2) Any person who is charged with an offense potentially punishable by suspension, or termination of his relationship with the institution and (a) who elects to waive the opportunity for an informal hearing, or (b) who by his conduct in the judgment of the hearing officer or board makes it impossible to conduct an informal hearing, or (c) who deems himself aggrieved by the disposition of any contested case following an informal proceeding undertaken pursuant to subsection (1) above, may have charges against him adjudicated in a formal hearing pursuant to RCW 28B.19.120: Provided, That any request for a formal hearing is directed to the president of the institution or his designee (i) within ten days after notification of the time and place of an informal hearing, or (ii) within five days after communication of the hearing officer or board chairman ruling that it is impossible to conduct an informal hearing for whatever reason, or (iii) within ten days after conclusion of the informal proceeding and notice of the final decision to the party charged with an offense.

(3) Formal procedures established or hereafter promulgated by rule by institutions of higher education for the disposition of contested cases may be utilized by such institutions where authorized by the governing board.

(4) Where a formal hearing is conducted following conclusion or termination of an informal hearing authorized by subsection (1) above, the formal hearing shall be conducted as if the informal hearing had not commenced or taken place. [1973 1st ex. s. c 46 § 5; 1971 ex.s. c 57 § 11.]

28B.19.120 Contested cases—Informal procedures—Formal hearings—Notice—Conduct—Record—Scope. (1) In any contested case where informal procedures authorized by RCW 28B.19.110(1) are not used and where the formal procedures are invoked because of necessity or request in accordance with RCW 28B.19.110(2), or by institutional rule in accordance with RCW 28B.19.110(3), as in section 6, chapter 46, Laws of 1973 1st ex. sess. amended, all parties shall be afforded an opportunity for hearing after not less than ten days' notice. The notice shall include:

(b) A statement of the legal authority and jurisdiction under which the hearing is to be held;

(c) A reference to the particular rules of the institution involved;

(d) A short and plain statement of the matters asserted. If the institution or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter upon request a more definite and detailed statement shall be furnished.

(2) Hearings may be held or conducted by any officer or committee authorized by the president of any institution of higher education or administrative law judges appointed under chapter 34.12 RCW. The administrative law judge or committee shall determine whether the hearing shall be open to the educational community in which it takes place, or whether particular persons should be permitted in attendance or excluded from attendance.

(3) Opportunity shall be afforded all parties to respond and present evidence and argument on all issues involved, and to examine and cross-examine witnesses.

(4) Statements, testimony, and all other evidence given at an informal proceeding authorized pursuant to RCW 28B.19.110(1) shall be confidential and shall not be subject to discovery or released to anyone, including the officer or committee conducting a formal hearing or the parties involved, or used for impeachment purposes, without permission of the person who divulged the information.

(6) The record in a contested case shall include:

(8) Findings of fact shall be based exclusively on the evidence and on matters officially noticed.

(9) Each institution shall adopt appropriate rules of procedure for notice and hearing informal contested cases.

(b) Issue subpoenas;

(c) Take or cause depositions to be taken pursuant to rules promulgated by the institution, and no person may be compelled to divulge information which he could not be compelled to divulge by deposition in connection with a court proceeding;

(d) Regulate the course of the hearing;
(e) Hold conferences for the settlement or simplification of the issues by consent of the parties;

Reviser's note: Reference to section 6, chapter 46, Laws of 1973 1st ex. ses. in first paragraph is in apparent error and a result of amendment to House Bill 234 which struck section 3 of the bill but did not change internal reference in this section, section 6, to reflect deletion of section 3.

Effective dates—Severability—1981 c 67: See notes following RCW 34.12.010.

Severability—Effective dates—1971 ex.s. c 57: See notes following RCW 28B.19.010.

28B.19.130 Contested cases—Subpoena power—Witness fees and expenses. (1) In any contested case, institutions of higher education and their officers or agents conducting hearings:

(a) Shall issue a subpoena upon the request of any party and, to the extent required by institution rule, upon a statement showing general relevance and reasonable scope of the evidence sought; and
(b) May issue a subpoena upon their own motion.

(2) The subpoena powers created by this section shall be statewide in effect.

(3) Fees and allowances, and the cost of producing records required to be produced by institution subpoena, shall be paid by the party requesting the issuance of the subpoena.

(4) If an individual fails to obey a subpoena, or obeys a subpoena but refuses to testify when requested concerning any matter under examination or investigation at the hearing, the institution issuing the subpoena may petition the superior court of the county where the hearing is being conducted for enforcement of the subpoena. The petition shall be accompanied by a copy of the subpoena and proof of service, and shall set forth in what specific manner the subpoena has not been complied with, and shall ask an order of the court to compel the witness to appear and testify before the hearing body. The court upon such petition shall enter an order directing the witness to appear before the court at a time and place to be fixed in such order and then and there to show cause why he has not responded to the subpoena or has refused to testify. A copy of the order shall be served upon the witness. If it appears to the court that the subpoena was properly issued and that the particular questions which the witness refuses to answer are reasonable and relevant, the court shall enter an order that the witness appear at the time and place fixed in the order and testify or produce the required papers, and on failing to obey said order the witness shall be dealt with as for contempt of court. The court may, in its discretion, require an institution or party to pay fees and allowances for witnesses in the same manner and under the same conditions as provided for witnesses in the courts of this state by chapter 2.40 RCW and RCW 5.56.010, as now or hereafter amended. [1971 ex.s. c 57 § 13.]

28B.19.140 Contested cases—Restrictions upon hearing officer or committee. Except upon notice and opportunity for all parties to be present or to the extent required for the disposition of ex parte matters as authorized by law, no institution officer or committee conducting a hearing in a contested case or preparing a decision, or proposal for decision, shall consult with any person or party on any issue of fact or law in the proceeding, except that in analyzing and appraising the record for decision any hearing officer or committee may (1) consult with officials of the institution making the decision appealed from, (2) have the aid and advice of one or more personal assistants, (3) have the assistance of other employees of the institution who have not participated in the proceeding in any manner and who are not engaged for the institution in any investigatory functions in the same or any current factually related case and who are not engaged for the institution in any prosecutory functions. [1971 ex.s. c 57 § 14.]

28B.19.150 Contested cases—Appeal from final decision in formal proceeding. (1) Any party, including the institution involved, aggrieved by a final decision in a contested case where formal proceeding has been utilized, whether such decision is affirmative or negative in form, is entitled to judicial review thereof only under the provisions of this chapter, and such party may not use any other procedure to obtain judicial review of a final decision, even though another procedure is provided elsewhere by a special statute or a statute of general application. Where the institution's rules provide a procedure for rehearing or reconsideration, and that procedure has been invoked, the decision shall not be final until action has been taken thereon.

(2) Proceedings for review under this chapter shall be instituted by filing a petition in the superior court in the county wherein the primary office of the institution involved is located. All petitions shall be filed, together with an appropriate cost bond securing payment of costs necessary to prepare the record, within thirty days after the service of the final decision by the institution. Copies of the petition shall be served upon the institution or related board and all other parties of record.

(3) The filing of the petition shall not stay enforcement of the decision being appealed. Where other statutes provide for stay or supersedeas of a decision, it may be stayed by the institution or the reviewing court only as provided therein; otherwise the institution may do so, or the reviewing court may order a stay upon such terms as it deems proper.

(4) Within thirty days after service of the petition, or within such further time as the court may allow, the institution shall transmit to the reviewing court the original or a certified copy of the entire record of the proceeding under review; but, by stipulation of all parties to the review proceedings, the record may be shortened. Any party unreasonably refusing to stipulate to

(1987 Ed.)
limit the record may be taxed by the court for additional costs. The court may require a [or] permit subsequent corrections or additions to the record when deemed desirable.

(5) The review shall be conducted by the court without a jury and shall be confined to the record, except that in cases of alleged irregularities in procedure before the institution now [not] shown in the record, testimony thereon may be taken in the court. The court shall, upon request, hear oral argument and receive written briefs.

(6) The court may affirm the decision appealed from, or remand the case for further proceedings; or it may reverse the decision if the substantial rights of the petitioners may have been prejudiced because the administrative findings, inferences, conclusions, or decisions are:
   (a) In violation of any state or federal constitutional provision; or
   (b) In excess of the statutory authority or jurisdiction of the institution; or
   (c) Made upon unlawful procedure; or
   (d) Affected by other error of law; or
   (e) Clearly erroneous in view of the entire record as submitted and the public policy contained in the act of the legislature authorizing the decision or order; or
   (f) Arbitrary or capricious. [1971 ex.s.c 57 § 15.]

28B.19.160 Committee review and objection procedure—Proposed rules—Notice upon objection. Whenever a majority of the members of the rules review committee determines that a proposed rule is not within the intent of the legislature as expressed in the statute which the rule implements, the committee shall give the affected institution written notice of its decision. The notice shall be given at least seven days prior to any hearing scheduled for consideration of or adoption of the proposed rule pursuant to RCW 28B.19.030(1)(a)(iii) as now or hereafter amended. The notice shall include a statement of the review committee's findings and the reasons therefor. [1981 c 324 § 14.]

Legislative affirmation—Severability—1981 c 324: See notes following RCW 34.04.010.

28B.19.163 Committee review and objection procedure—Existing rules—Notice upon objection—Hearing by institution, notice of. (1) All rules required to be filed pursuant to RCW 28B.19.050, and emergency rules adopted pursuant to RCW 28B.19.040 as now or hereafter amended, are subject to selective review by the legislature.

(2) If the rules review committee finds by a majority vote of its members at a meeting: (a) That an existing rule is not within the intent of the legislature as expressed by the statute which the rule implements, or (b) that the rule has not been adopted in accordance with all applicable provisions of law, the institution affected shall be notified of such finding and the reasons therefor. Within thirty days of the receipt of the review committee's notice, the institution shall file notice of a hearing on the rule in question with the code reviser and mail notice to all persons who have made timely request of  the institution for advance notice of its rule-making proceedings as provided in RCW 28B.19.030 as now or hereafter amended. The institution's notice shall include the review committee's findings and reasons therefor, and shall be published in the Washington state register in accordance with the provisions of chapter 34.08 RCW.

(3) The institution shall consider fully all written and oral submissions respecting whether the rule in question is within the intent of the legislature as expressed by the statute which the rule implements and whether the rule was adopted in accordance with all applicable provisions of law. [1981 c 324 § 15.]

Legislative affirmation—Severability—1981 c 324: See notes following RCW 34.04.010.

28B.19.165 Committee review and objection procedure—Action of objection subsequent to institution hearing—Publication of notice of objection, reasons therefor—Removal, when. (1) Within seven days of an institution hearing held after notification of the institution by the rules review committee pursuant to RCW 28B.19.160 or 28B.19.163, the affected institution shall notify the committee of its action regarding a proposed or existing rule to which the committee objected. If the rules review committee determines by a majority vote of its members that the institution has failed to provide for the required hearings or notice of its action to the committee, the committee may file notice of its objections, together with a concise statement of the reasons therefor, with the code reviser within thirty days of such determination.

(2) If the rules review committee finds by a majority vote of its members that the proposed or existing rule in question has not been modified, amended, withdrawn, or repealed by the institution so as to conform with the intent of the legislature, the rules review committee may, within thirty days from notification by the institution of its action, file with the code reviser notice of its objections together with a concise statement of the reasons therefor. Such notice and statement shall also be provided to the institution by the rules review committee.

(3) The code reviser shall publish the review committee's notice of objection and statement of the reasons therefor issued pursuant to subsection (1) or (2) of this section in the Washington state register and shall publish in the next supplement and compilation of the Washington Administrative Code a reference to the committee's objection and to the issue of the Washington state register in which the full text thereof appears.

(4) Such notice shall be removed from a rule published in the Washington Administrative Code if a subsequent adjudicatory proceeding determines that the rule is within the intent of the legislature or was adopted in accordance with all applicable laws, whichever was the objection of the rules review committee. [1981 c 324 § 16.]

The purpose of this chapter is to provide for the dramatically increasing number of students requiring high standards of education either as a part of the continuing higher education program or for occupational training, by creating a new, independent system of community colleges which will:

(1) Offer an open door to every citizen, regardless of his academic background or experience, at a cost normally within his economic means;
(2) Ensure that each community college district shall offer thoroughly comprehensive educational, training and service programs to meet the needs of both the communities and students served by combining, with equal emphasis, high standards of excellence in academic transfer courses; realistic and practical courses in occupational education, both graded and ungraded; community services of an educational, cultural, and recreational nature; and adult education;
(3) Provide administration by state and local boards which will avoid unnecessary duplication of facilities or programs; and which will encourage efficiency in operation and creativity and imagination in education, training and service to meet the needs of the community and students;
(4) Allow for the growth, improvement, flexibility and modification of the community colleges and their education, training and service programs as future needs occur; and
(5) Establish firmly that community colleges are, for purposes of academic training, two year institutions, and are an independent, unique, and vital section of our state's higher education system, separate from both the common school system and other institutions of higher learning, and never to be considered for conversion into four-year liberal arts colleges. 28B.50.360 Construction, reconstruction, equipping and demolition of community college facilities and acquisition of property therefor—Community college bond retirement fund created, use—Disposition of building fees. There is hereby created in the state treasury a community college bond retirement fund. Within thirty-five days from the date of start of each quarter all building fees of each such community college shall be paid into the state treasury, and shall be credited as follows:

1. On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community college bond retirement fund which fund as required, is hereby created in the state treasury. Such amounts of the funds deposited in the bond retirement fund as are necessary to pay and secure the payment of the principal of and interest on the
building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) That portion of the building fees not required for or in excess of the amounts necessary to pay and secure the payment of any of the bonds as provided in subsection (1) above shall be deposited in the community college capital projects account which account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community college education in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and for the payment of principal of and interest on any bonds issued for such purposes. All earnings of investments of balances in the community college capital projects account shall be credited to the general fund.

(3) Notwithstanding the provisions of subsections (1) and (2) above, at such time as all outstanding building bonds of the college board payable from the community college bond retirement fund have been paid, redeemed, and retired, or at such time as ample provision has been made by the state for full payment, from some source other than the community college bond retirement fund, of the principal of and the interest on and call premium, if applicable, of such bonds as they mature and/or upon their call prior to their maturity, through refunding or otherwise, that portion of all building fees of the community colleges equal to the amount required to pay yearly debt service on any general obligation bonds issued by the state in accordance with Article VIII, section 1, Washington state Constitution, for community college purposes, shall be paid into the general fund of the state treasury.

The state finance committee shall determine whether ample provision has been made for payment of such bonds payable from the said bond retirement fund and shall determine the amount required to pay yearly debt service on such general obligation bonds of the state. Nothing in this subsection shall be construed as obligating the legislature or the state to provide for payment of such community college building bonds from some source other than the community college bond retirement fund or as pledging the general credit of the state to the payment of such bonds. The district board of trustees of any community college district currently operating an educational program with funds provided by another state agency, including federal funds, which program has been in existence for five or more years under the administration of one or more community college districts, shall provide for the award or denial of tenure to anyone who holds a special faculty appointment in such curricular program and for as long as the program continues to be funded in such manner, utilizing the prescribed probationary processes and procedures set forth in this chapter with the exception that no student representative shall be required to serve on the review committee defined in RCW 28B.50.851: Provided, That such review processes and procedures shall not be applicable to faculty members whose contracts are renewed after the effective date of this 1977 amendatory act and who have completed at least three consecutive years of satisfactory full time service in such program, who shall be granted tenure by the community college district: Provided further, That faculty members who have completed one year or more of satisfactory full time service in such program shall be credited with such service for the purposes of this section: Provided further, That provisions relating to tenure for faculty holding a special faculty appointment in such curricular program shall be treated as a separate unit as respects selection, retention, reduction in force or dismissal hereunder: And provided further, That the provisions of this section shall only be applicable to faculty holding a special faculty appointment in an educational program operated in a state correctional institution pursuant to a written contract with a community college district. [1977 ex.s. c 282 § 1.]

Reviser's note: Phrase "the effective date of this 1977 amendatory act": Except for RCW 28B.50.100 and 28B.50.101 which were effective January 1, 1976, (see note following RCW 28B.50.100) the effective date of 1977 ex.s. c 282 (RCW 28B.50.870, 28B.50.090, 28B.50.140, 28B.50.300, 28B.50.860 and to the repeal of RCW 28B.50.570, 28B.50.590, 28B.50.750 and 28B.56.060) was September 21, 1977.

Severability—1977 ex.s. c 282: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 282 § 10.] For codification of 1977 ex.s. c 282, see Codification Tables, Volume 0.

28B.50.873 Reduction in force of tenured or probationary faculty members due to financial emergency—Conditions—Procedure—Rights. The state board for community college education may declare a financial emergency under the following conditions: (1) Reduction of allotments by the governor pursuant to RCW 43.88.110(2), or (2) reduction by the legislature from one biennium to the next or within a biennium of appropriated funds based on constant dollars using the implicit price deflator. When a district board of trustees determines that a reduction in force of tenured or probationary faculty members may be necessary due to financial emergency as declared by the state board, written notice of the reduction in force and separation from employment shall be given the faculty members so affected by the president or district president as the case may be. Said notice shall clearly indicate that separation is not due to the job performance of the employee and hence is without prejudice to such employee and need only state in addition the basis for the reduction in force as one or more of the reasons enumerated in subsections (1) and (2) of this section.

Said tenured or probationary faculty members will have a right to request a formal hearing when being dismissed pursuant to subsections (1) and (2) of this section. The only issue to be determined shall be whether under the applicable policies, rules or collective bargaining agreement the particular faculty member or members advised of severance are the proper ones to be terminated. Said hearing shall be initiated by filing a written request therefor with the president or district president, as the case may be, within ten days after issuance of such notice. At such formal hearing the tenure review committee provided for in RCW 28B.50.863 may observe the formal hearing procedure and after the conclusion of such hearing offer its recommended decision for consideration by the hearing officer. Failure to timely request such a hearing shall cause separation from service of such faculty members so notified on the effective date as stated in the notice, regardless of the duration of any individual employment contract.

Said hearing shall be a formal hearing pursuant to RCW 28B.19.120 conducted by a hearing officer appointed by the board of trustees and shall be concluded by the hearing officer within sixty days after written notice of the reduction in force has been issued. Ten days written notice of the formal hearing will be given to faculty members who have requested such a hearing by the president or district president as the case may be. The hearing officer within ten days after conclusion of such formal hearing shall prepare findings, conclusions of law and a recommended decision which shall be forwarded to the board of trustees for its final action thereon. Any such determination by the hearing officer under this section shall not be subject to further tenure review committee action as otherwise provided in this chapter.

Notwithstanding any other provision of this section, at the time of a faculty member or members request for formal hearing said faculty member or members may ask for participation in the choosing of the hearing officer in the manner provided in RCW 28A.58.455(4), said employee therein being a faculty member for the purposes hereof and said board of directors therein being the board of trustees for the purposes hereof: Provided,
That where there is more than one faculty member affected by the board of trustees' reduction in force such faculty members requesting hearing must act collectively in making such request: Provided further, That costs incurred for the services and expenses of such hearing officer shall be shared equally by the community college and the faculty member or faculty members requesting hearing.

When more than one faculty member is notified of termination because of a reduction in force as provided in this section, hearings for all such faculty members requesting formal hearing shall be consolidated and only one such hearing for the affected faculty members shall be held, and such consolidated hearing shall be concluded within the time frame set forth herein.

Separation from service without prejudice after formal hearing under the provisions of this section shall become effective upon final action by the board of trustees.

It is the intent of the legislature by enactment of this section and in accordance with RCW 28B.50.035, to modify any collective bargaining agreements in effect, or any conflicting board policies or rules, so that any reductions in force which take place after December 21, 1981, whether in progress or to be initiated, will comply solely with the provisions of this section: Provided, That any applicable policies, rules, or provisions contained in a collective bargaining agreement related to lay-off units, seniority and re-employment rights shall not be affected by the provisions of this paragraph.

Nothing in this section shall be construed to affect the right of the board of trustees or its designated appointing authority not to renew a probationary faculty appointment pursuant to RCW 28B.50.857. [1981 2nd ex.s. c 13 § 1.]

Severability—1981 2nd ex.s. c 13: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 2nd ex.s. c 13 § 3.]

Local law enforcement agencies or such other public agencies that shall be in need of such service may contract with any community college for laboratory services for the analyzing of samples that chemists associated with such community colleges may be able to perform under such terms and conditions as the individual community college may determine. 28B.52.010 Declaration of purpose. It is the purpose of this chapter to strengthen methods of administering employer–employee relations through the establishment of orderly methods of communication between academic employees and the community college districts by which they are employed.

It is the purpose of this chapter to promote cooperative efforts by prescribing certain rights and obligations of the employees and employers and by establishing orderly procedures governing the relationship between the employees and their employers which procedures are designed to meet the special requirements and needs of public employment in higher education. It is the intent of this chapter to promote activity that includes the elements of open communication and access to information in a timely manner, with reasonable discussion and interpretation of that information. It is the further intent that such activity shall be characterized by mutual respect, integrity, reasonableness, and a desire on the part of the parties to address and resolve the points of concern. [1987 c 314 § 1; 1971 ex.s. c 196 § 1.]

28B.52.020 Definitions. As used in this chapter:
(1) "Employee organization" means any organization which includes as members the academic employees of a community college district and which has as one of its purposes the representation of the employees in their employment relations with the community college district.
(2) "Academic employee" means any teacher, counselor, librarian, or department head, who is employed by any community college district, whether full or part time, with the exception of the chief administrative officer of, and any administrator in, each community college district.

(3) "Administrator" means any person employed either full or part time by the community college district and who performs administrative functions as at least fifty percent or more of his assignments, and has responsibilities to hire, dismiss, or discipline other employees. Administrators shall not be members of the bargaining unit unless a majority of such administrators and a majority of the bargaining unit elect by secret ballot for such inclusion pursuant to rules and regulations as adopted in accordance with RCW 28B.52.080.

(4) "Commission" means the public employment relations commission.

(5) "Unfair labor practice" means any unfair labor practice listed in RCW 28B.52.073.

(6) "Union security provision" means a provision in a collective bargaining agreement under which some or all employees in the bargaining unit may be required, as a condition of continued employment on or after the thirtieth day following the beginning of such employment or the effective date of the provision, whichever is later, to become a member of the exclusive bargaining representative or pay an agency fee equal to the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership in the exclusive bargaining representative.

(7) "Exclusive bargaining representative" means any employee organization which has:

(a) Been certified or recognized under this chapter as the representative of the employees in an appropriate collective bargaining unit; or

(b) Before July 26, 1987, been certified or recognized under a predecessor statute as the representative of the employees in a bargaining unit which continues to be appropriate under this chapter.

(8) "Collective bargaining" and "bargaining" mean the performance of the mutual obligation of the representatives of the employer and the exclusive bargaining representative to meet at reasonable times to bargain in good faith in an effort to reach agreement with respect to wages, hours, and other terms and conditions of employment, such as procedures related to nonretention, dismissal, denial of tenure, and reduction in force. Prior law, practice, or interpretation shall be neither restrictive, expansive, nor determinative with respect to the scope of bargaining. A written contract incorporating any agreements reached shall be executed if requested by either party. The obligation to bargain does not compel either party to agree to a proposal or to make a concession.

In the event of a dispute between an employer and an exclusive bargaining representative over the matters that are terms and conditions of employment, the commission shall decide which items are mandatory subjects for bargaining. [1987 c 314 § 2; 1975 1st ex.s. c 296 § 12; 1973 1st ex.s. c 205 § 1; 1971 ex.s. c 196 § 2.]

Effective date—1975 1st ex.s. c 296 § 12: See RCW 41.58.901.

Severability—1973 1st ex.s. c 205: "If any provision of this 1973 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1973 1st ex.s. c 205 § 7.]

Public employment relations commission: Chapter 41.58 RCW.

28B.52.025 Right to organize or refrain from organizing. Employees have the right to self-organization, to form, join, or assist employee organizations, to bargain collectively through representatives of their own choosing, and also have the right to refrain from any or all of these activities except to the extent that employees may be required to make payments to an exclusive bargaining representative or charitable organization under a union security provision authorized in this chapter. [1987 c 314 § 5.]

28B.52.030 Representatives of employee organization—Right to collective bargaining. Representatives of an employee organization, which organization shall by secret ballot have won a majority in an election to represent the academic employees within its community college district, shall have the right to bargain as defined in RCW 28B.52.020(8). [1987 c 314 § 3; 1973 1st ex.s. c 205 § 2; 1971 ex.s. c 196 § 3.]

Severability—1973 1st ex.s. c 205: See note following RCW 28B.52.020.

28B.52.035 Negotiations reduced to written agreements—Provisions relating to salary increases—Restrictions. At the conclusion of any negotiation processes as provided for in RCW 28B.52.030, any matter upon which the parties have reached agreement shall be reduced to writing and acted upon in a regular or special meeting of the boards of trustees, and become part of the official proceedings of said board meeting. Provisions of written contracts relating to salary increases shall not exceed the amount or percentage established by the legislature in the appropriations act and allocated to the board of trustees by the state board for community college education. The length of term of any such agreement shall be for not more than three fiscal years. Any provisions of these agreements pertaining to salary increases will not be binding upon future actions of the legislature. If any provision of a salary increase is changed by subsequent modification of the appropriations act by the legislature, both parties shall immediately enter into collective bargaining for the sole purpose of arriving at a mutually agreed upon replacement for the modified provision. [1987 c 314 § 4; 1973 1st ex.s. c 205 § 4.]

Severability—1973 1st ex.s. c 205: See note following RCW 28B.52.020.

28B.52.040 Negotiated agreements—Procedures for binding arbitration. A board of trustees or an employee organization that enters into a negotiated agreement under RCW 28B.52.030 may include in the agreement procedures for binding arbitration of the disputes arising about the interpretation or application of
the agreement including but not limited to nonretention, dismissal, denial of tenure, and reduction in force. [1987 c 314 § 6.]

28B.52.045 Collective bargaining agreement—Exclusive bargaining representative—Union security provisions—Dues and fees. (1) Upon filing with the employer the voluntary written authorization of a bargaining unit employee under this chapter, the employee organization which is the exclusive bargaining representative of the bargaining unit shall have the right to have deducted from the salary of the bargaining unit employee the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership in the exclusive bargaining representative. Such employee authorization shall not be irrevocable for a period of more than one year. Such dues and fees shall be deducted from the pay of all employees who have given authorization for such deduction, and shall be transmitted by the employer to the employee organization or to the depository designated by the employee organization.

(2) A collective bargaining agreement may include union security provisions, but not a closed shop. If an agency shop or other union security provision is agreed to, the employer shall enforce any such provision by deductions from the salary of bargaining unit employees affected thereby and shall transmit such funds to the employee organization or to the depository designated by the employee organization.

(3) An employee who is covered by a union security provision and who asserts a right of nonassociation based on bona fide religious tenets or teachings of a church or religious body of which such employee is a member shall pay to a nonreligious charity or other charitable organization an amount of money equivalent to the periodic dues and initiation fees uniformly required as a condition of acquiring or retaining membership in the exclusive bargaining representative. The charity shall be agreed upon by the employee and the employee organization to which such employee would otherwise pay the dues and fees. The employee shall furnish written proof that such payments have been made. If the employee and the employee organization do not reach agreement on such matter, the commission shall designate the charitable organization. [1987 c 314 § 8.]

28B.52.050 Academic employee may appear in own behalf. Nothing in this chapter shall prohibit any academic employee from appearing in his own behalf on matters relating to his employment relations with the community college district. [1971 ex.s. c 196 § 4.]

28B.52.060 Commission—Mediation activities—Other dispute resolution procedures authorized. The commission shall conduct mediation activities upon the request of either party as a means of assisting in the settlement of unresolved matters considered under this chapter.

In the event that any matter being jointly considered by the employee organization and the board of trustees of the community college district is not settled by the means provided in this chapter, either party, twenty-four hours after serving written notice of its intended action to the other party, may, request the assistance and advice of the commission. Nothing in this section prohibits an employer and an employee organization from agreeing to substitute, at their own expense, some other impasse procedure or other means of resolving matters considered under this chapter. [1987 c 314 § 6; 1975 1st ex.s. c 296 § 13; 1973 1st ex.s. c 205 § 3; 1971 ex.s. c 196 § 5.]

The commission may adjudicate any unfair labor practices alleged by a board of trustees or an employee organization and shall adopt reasonable rules to administer this section. However, the parties may agree to seek relief from unfair labor practices through binding arbitration. [1987 c 314 § 10.]

28B.52.070 Discrimination prohibited. [1971 ex.s. c 196 § 6.]

28B.52.073 Unfair labor practices. (1) It shall be an unfair labor practice for an employer:
(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;
(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it: Provided, That subject to rules adopted by the commission, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;
(c) To encourage or discourage membership in any employee organization by discrimination in regard to hire, tenure of employment, or any term or condition of employment;
(d) To discharge or discriminate otherwise against an employee because that employee has filed charges or given testimony under this chapter;
(e) To refuse to bargain collectively with the representatives of its employees.
(2) It shall be an unfair labor practice for an employer organization:
(a) To restrain or coerce an employee in the exercise of the rights guaranteed by this chapter: Provided, That this subsection shall not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership in the employee organization or to an employer in the selection of its representatives for the purpose of bargaining or the adjustment of grievances;
compel either party to agree to a proposal or to make a concession, nor shall any provision in chapter 28B.52 RCW as now or hereafter amended be construed as limiting or precluding the exercise by each community college board of trustees of any powers or duties authorized or provided to it by law unless such exercise is contrary to the terms and conditions of any lawful negotiated agreement, except that other than to extend the terms of a previous contract, a board of trustees shall not take unilateral action on any unresolved issue under negotiation, unless the parties have first participated in good faith mediation or some other procedure as authorized by RCW 28B.52.060 to seek resolution of the issue. This chapter shall not be construed to interfere with the responsibilities and rights of the board of trustees as specified by federal and state law. [1987 c 314 § 7.]

28B.52.900 Severability—1987 c 314. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 314 § 15.]

The capital fund resources of the state community college system are not adequate to meet the facility needs of today's students. Major increments of community college facilities will be needed to serve the still growing numbers of commuting
youth and adults attending the community college system. A determination of the facility needs of each college has been made through the uniform application of guidelines developed by the state board for community college education to evaluate facility needs. [1972 ex.s. c 133 § 1.]

Legislative direction—1972 ex.s. c 133: "Upon adoption and ratification by the people as provided for in section 7 of this act, sections 1 through 12 herein shall constitute a new chapter in Title 28B RCW." These bonds shall be paid and discharged within twenty years of the date of issuance, or within thirty years, should Article VIII of the Constitution of the state of Washington be amended to permit such longer term. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of such bonds to be sold. [1977 ex.s. c 242 § 5; 1972 ex.s. c 133 § 2.]

[1985 c 57 § 17; 1972 ex.s. c 133 § 3.]

Effective date—1985 c 57: See note following RCW 15.52.320.

28B.56.040 Proceeds from bond sale—Administration and expenditure. The proceeds from the sale of bonds deposited in the community college capital improvements account shall be administered and expended by the state board for community college education subject to legislative appropriation. [1972 ex.s. c 133 § 4.]

28B.56.050 "Community college facilities" defined. For the purposes of this chapter, the term "community college facilities" shall mean and include, but not be limited to, vocational facilities, including capital equipment acquisition, and such other specific projects as approved and funded for planning purposes by the legislature which shall include general education classrooms, science laboratories, faculty offices, student dining facilities, library and media facilities, offices for student personnel services and administrative personnel, and all real property and interests therein, equipment, parking facilities, utilities, appurtenances and landscaping incidental to such facilities. 28B.56.070 Referral to electorate. This chapter shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1972, in accordance with the provisions of section 3, Article VIII of the Constitution of the state of Washington, and in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the laws adopted to facilitate the operation thereof. [1972 ex.s. c 133 § 7.]

Reviser's note: Chapter 28B.56 RCW was adopted and ratified by the people at the November 7, 1972 general election (Referendum Bill No. 31). Governor's proclamation declaring approval of measure is dated December 7, 1972.

28B.56.080 Form, terms, conditions and manner of sale and issuance—Limitation. The state finance committee is authorized to prescribe the form, terms, conditions and covenants of the bonds, the time or times of sale of all or any portion of them, and the conditions and manner of their sale and issuance. None of the bonds herein authorized shall be sold for less than their par value. [1972 ex.s. c 133 § 8.]

28B.56.090 Anticipation notes—Authorized—Contents—Payment. Such portion of the proceeds of the sale of such bonds as may be required for such purpose shall be applied to the payment of the principal of and interest on such anticipation notes which have been issued. The bonds and notes shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal and interest when due. The state finance committee may authorize the use of a printed facsimile of the seal of the state of Washington in the issuance of bonds and notes. [1972 ex.s. c 133 § 9.]

The community college capital improvements bond redemption fund of 1972 is created in the state treasury. This fund shall be exclusively devoted to the payment of interest on and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30 of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements, and on July 1 of each year, the state treasurer shall deposit such amount in the community college capital improvements bond redemption fund of 1972 in the state treasurer to be retail sales tax collections. Such amount certified by the state finance committee to
the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest.

The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein. [1972 ex.s. c 133 § 10.]

28B.56.110 Legislature may provide additional means of revenue. The legislature may provide additional means for raising moneys for the payment of the principal and interest of the bonds authorized herein, and this chapter shall not be deemed to provide an exclusive method for such payment. [1972 ex.s. c 133 § 11.]

28B.56.120 Bonds as legal investment for state and municipal corporation funds. The bonds herein authorized shall be a legal investment for all state funds or for funds under state control and for all funds of municipal corporations. [1972 ex.s. c 133 § 12.]

(1) Comprehensive policies that define the legitimate purposes under which the institutions shall provide goods, services, or facilities that are practically available from private businesses;

(2) A mechanism for reviewing current and proposed commercial activities to ensure that activities are consistent with institutional policies; and

(3) A mechanism for receiving, reviewing, and responding to inquiries from private businesses about commercial activities carried on by institutions of higher education. [1987 c 97 § 3.]

28B.63.040 Criteria for developing policies. (1) The following criteria shall be considered in developing policies in regard to providing goods, services, or facilities to persons other than students, faculty, staff, patients, and invited guests:

(a) The goods, services, or facilities represent a resource which is substantially and directly related to the institution's instructional, research, or public service mission, which is not practically available in the private marketplace and for which there is a demand from the external community.

(b) Fees charged for the goods, services, or facilities shall take into account the full direct and indirect costs, overhead, and the price of such items in the private marketplace.

(2) The following criteria shall be considered in developing policies in regard to providing goods, services, or facilities to students, faculty, staff, patients, and invited guests:

(a) The goods, services, or facilities are substantially and directly related to the institution's instructional, research, or public service mission.

(b) Provision of the goods, services, or facilities on campus represents a special convenience to and supports the campus community, or facilitates extracurricular, public service, or on-campus residential life.

(c) Fees charged for the goods, services, or facilities shall take into account the full direct and indirect costs, including overhead.

(d) The adequacy of security procedures to ensure that the goods, services, or facilities are provided only to persons who are students, faculty, staff, patients, or invited guests. [1987 c 97 § 4.]

28B.63.050 Programs and activities exempt from chapter. This chapter shall not apply to the initiation of or changes in academic or vocational programs of instruction in the institutions' regular, extension, evening, or continuing education programs, or the fees therefor, fees for services provided in the practicum aspects of instruction, or research programs, and in extracurricular or residential life programs, including residence halls, food services, athletic and recreational programs, and performing arts programs. 28B.85.020 Board's duties—Rules—Investigations—Interagency agreements about nondegree programs. The board:

1) Shall adopt by rule minimum standards for degree-granting institutions concerning granting of degrees, quality of education, unfair business practices, financial stability, and other necessary measures to protect citizens of this state against substandard, fraudulent, or deceptive practices. The board shall adopt the rules in accordance with chapter 34.04 RCW;
2) May investigate any entity the board reasonably believes to be subject to the jurisdiction of this chapter. In connection with the investigation, the board may administer oaths and affirmations, issue subpoenas and compel attendance, take evidence, and require the production of any books, papers, correspondence, memorandums, or other records which the board deems relevant or material to the investigation. The board, including its staff and any other authorized persons, may conduct site inspections and examine records of all institutions subject to this chapter;
3) Shall develop an interagency agreement with the commission for vocational education or its successor agency to regulate degree-granting private vocational schools with respect to nondegree programs. [1986 c 136 § 2.]

*Reviser's note: The commission on vocational education and its powers and duties, pursuant to the Sunset Act, chapter 43.131 RCW, were terminated June 30, 1986, and repealed June 30, 1987. See 1983 c 197 §§ 17 and 43.

28B.85.030 Current authorization required to offer or grant degree. A degree-granting institution shall not operate and shall not grant or offer to grant any degree unless the institution has obtained current authorization from the board. [1986 c 136 § 3.]

28B.85.040 Completion of program of study prerequisite to degree—Application of chapter. (1) An institution or person shall not advertise, offer, sell, or award a degree or any other type of educational credential unless the student has enrolled in and successfully completed a prescribed program of study, as outlined in the institution's publications. This prohibition shall not apply to honorary credentials clearly designated as such on the front side of the diploma or certificate and awarded by institutions offering other educational credentials in compliance with state law.
(2) Except as provided in subsection (1) of this section, this chapter shall not apply to:
(a) Any public college, university, or other entity operating as part of the public educational system of this state.
(b) Institutions that have been accredited by an accrediting association recognized by the agency for the purposes of this chapter, provided that an institution, branch, extension, or facility operating within the state of Washington which is affiliated with an institution operating in another state must be a separately accredited member institution of any such accrediting association to qualify for this exemption.
(c) Institutions of a religious character, but only as to those education programs devoted exclusively to religious or theological objectives if the programs are represented in an accurate manner in institutional catalogs and other official publications.
(d) Institutions not otherwise exempt which offer only workshops or seminars lasting no longer than three calendar days and for which academic credit is not awarded. [1986 c 136 § 4.]

28B.85.045 Institutions offering teacher preparation programs—Exploration of methods to enhance awareness of teacher preparation programs. See RCW 28B.10.032.

28B.85.050 Board may require information. All degree-granting institutions subject to this chapter shall file information with the board as the board may require. [1986 c 136 § 5.]

28B.85.060 Fees. The board shall impose fees on any degree-granting institution authorized to operate under this chapter. Fees shall be set and revised by the board by rule at the level necessary to approximately recover the staffing costs incurred in administering this chapter. Fees shall be deposited in the general fund. [1986 c 136 § 6.]

(1) The board may require any degree-granting institution to have on file with the board an approved surety bond or other security in lieu of a bond in an amount determined by the board.

(2) In lieu of a surety bond, an institution may deposit with the board a cash deposit or other negotiable security acceptable to the board. The security deposited with the board in lieu of the surety bond shall be returned to the institution one year after the institution's authorization has expired or been revoked if legal action has not been instituted against the institution or the security deposit at the expiration of the year. The obligations and remedies relating to surety bonds authorized by this section, including but not limited to the settlement of claims procedure in subsection (5) of this section, shall apply to deposits filed with the board, as applicable.

(3) Each bond shall:

(a) Be executed by the institution as principal and by a corporate surety licensed to do business in the state;

(b) Be payable to the state for the benefit and protection of any student or enrollee of an institution, or, in the case of a minor, his or her parents or guardian;

(c) Be conditioned on compliance with all provisions of this chapter and the board's rules adopted under this chapter;

(d) Require the surety to give written notice to the board at least thirty-five days before cancellation of the bond; and

(e) Remain in effect for one year following the effective date of its cancellation or termination as to any obligation occurring on or before the effective date of cancellation or termination.

(4) Upon receiving notice of a bond cancellation, the board shall notify the institution that the authorization will be suspended on the effective date of the bond cancellation unless the institution files with the board another approved surety bond or other security. The board may suspend or revoke the authorization at an earlier date if it has reason to believe that such action will prevent students from losing their tuition or fees.

(5) If a complaint is filed under RCW 28B.85.090(1) against an institution, the board may file a claim against the surety and settle claims against the surety by following the procedure in this subsection:

(a) The board shall attempt to notify all potential claimants. If the absence of records or other circumstances makes it impossible or unreasonable for the board to ascertain the names and addresses of all the claimants, the board after exerting due diligence and making reasonable inquiry to secure that information from all reasonable and available sources, may make a demand on a bond on the basis of information in the board's possession. The board is not liable or responsible for claims or the handling of claims that may subsequently appear or be discovered.

(b) Thirty days after notification, if a claimant fails, refuses, or neglects to file with the board a verified claim, the board shall be relieved of further duty or action under this chapter on behalf of the claimant.

(c) After reviewing the claims, the board may make demands upon the bond on behalf of those claimants whose claims have been filed. The board may settle or compromise the claims with the surety and may execute and deliver a release and discharge of the bond.

(d) If the surety refuses to pay the demand, the board may bring an action on the bond in behalf of the claimants. If an action is commenced on the bond, the board may require a new bond to be filed.

(e) Within ten days after a recovery on a bond or other posted security has occurred, the institution shall file a new bond or otherwise restore its security on file to the required amount.

(6) The liability of the surety shall not exceed the amount of the bond. [1986 c 136 § 7.]

28B.85.080 Suspension or modification of requirements authorized. The board may suspend or modify any of the requirements under this chapter in a particular case if the board finds that:

(1) The suspension or modification is consistent with the purposes of this chapter; and

(2) The education to be offered addresses a substantial, demonstrated need among residents of the state or that literal application of this chapter would cause a manifestly unreasonable hardship. [1986 c 136 § 8.]

28B.85.090 Claims—Complaints—Investigations—Hearings—Orders. (1) A person claiming loss of tuition or fees as a result of an unfair business practice may file a complaint with the board. The complaint shall set forth the alleged violation and shall contain information required by the board. A complaint may also be filed with the board by an authorized staff member of the board or by the attorney general.

(2) The board shall investigate any complaint under this section and may attempt to bring about a settlement. The board may hold a contested case hearing pursuant to the administrative procedure act, chapter 34.04 RCW, in order to determine whether a violation has occurred. If the board prevails, the degree-granting institution shall pay the costs of the administrative hearing.

(3) If, after the hearing, the board finds that the institution or its agent engaged in or is engaging in any unfair business practice, the board shall issue and cause to be served upon the violator an order requiring the violator to cease and desist from the act or practice and may impose the penalties under RCW 28B.85.100. If the board finds that the complainant has suffered loss as a result of the act or practice, the board may order full or partial restitution for the loss. The complainant is not bound by the board's determination of restitution and may pursue any other legal remedy. [1986 c 136 § 9.]

28B.85.100 Violations—Civil penalties. Any person, group, or entity or any owner, officer, agent, or employee of such entity who willfully violates any provision of this chapter or the rules adopted under this chapter shall be subject to a civil penalty of not more than one hundred dollars for each violation. Each day on which a violation occurs constitutes a separate violation. The fine may be imposed by the higher education coordinating
board or by any court of competent jurisdiction. [1986 c 136 § 10.]

28B.85.110 Violations—Criminal sanctions. Any person, group, or entity or any owner, officer, agent, or employee of such entity who wilfully violates RCW 28B.85.030 shall be guilty of a gross misdemeanor and, upon conviction, shall be punished by a fine not to exceed one thousand dollars or by imprisonment in the county jail for a term not to exceed one year, or by both such fine and imprisonment. Each day on which a violation occurs constitutes a separate violation. The criminal sanctions may be imposed by a court of competent jurisdiction in an action brought by the attorney general of this state. [1986 c 136 § 11.]

28B.85.120 Actions resulting in jurisdiction of courts. A degree-granting institution, whether located in this state or outside of this state, that conducts business of any kind, makes any offers, advertises, solicits, or enters into any contracts in this state or with a resident of this state is subject to the jurisdiction of the courts of this state for any cause of action arising from the acts. [1986 c 136 § 12.]

28B.85.130 Educational records—Permanent file—Protection. If any degree-granting institution discontinues its operation, the chief administrative officer of the institution shall file with the board the original or legible true copies of all educational records required by the board. If the board determines that any educational records are in danger of being made unavailable to the board, the board may seek a court order to protect and if necessary take possession of the records. The board shall cause to be maintained a permanent file of educational records coming into its possession. [1986 c 136 § 13.]

28B.85.140 Contracts voidable—When. If a student or prospective student is a resident of this state at the time any contract relating to payment for education or any note, instrument, or other evidence of indebtedness relating thereto is entered into, RCW 28B.85.150 shall govern the rights of the parties to the contract or evidence of indebtedness. If a contract or evidence of indebtedness contains any of the following agreements, the contract is voidable at the option of the student or prospective student:
   (1) That the law of another state shall apply;
   (2) That the maker or any person liable on the contract or evidence of indebtedness consents to the jurisdiction of another state;
   (3) That another person is authorized to confess judgment on the contract or evidence of indebtedness; or
   (4) That fixes venue. [1986 c 136 § 14.]

A note, instrument, or other evidence of indebtedness or contract relating to payment for education for a degree is not enforceable in the courts of this state by a degree-granting institution or holder of the instrument unless the institution was authorized to offer the degree under this chapter at the time the note, instrument, or other evidence of indebtedness or contract was entered into. [1986 c 136 § 15.]

28B.85.160 Actions to enforce chapter—Who may bring—Relief. The attorney general or the prosecuting attorney of any county in which a degree-granting institution or agent of the institution is found may bring an action in any court of competent jurisdiction for the enforcement of this chapter. The court may issue an injunction or grant any other appropriate form of relief. [1986 c 136 § 16.]

28B.85.170 Injunctive relief—Board may seek. The board may seek injunctive relief, after giving notice to the affected party, in a court of competent jurisdiction for a violation of this chapter or the rules adopted under this chapter. The board need not allege or prove that the board has no adequate remedy at law. The right of injunction provided in this section is in addition to any other legal remedy which the board has and is in addition to any right of criminal prosecution provided by law. The existence of board action with respect to alleged violations of this chapter and rules adopted under this chapter does not operate as a bar to an action for injunctive relief under this section. [1986 c 136 § 17.]

28B.85.180 Violation of chapter unfair or deceptive practice under RCW 19.86.020. A violation of this chapter or the rules adopted under this chapter affects the public interest and is an unfair or deceptive act or practice in violation of RCW 19.86.020 of the consumer protection act. The remedies and sanctions provided by this section shall not preclude application of other remedies and sanctions. [1986 c 136 § 18.]

28B.85.190 Remedies and penalties in chapter nonexclusive and cumulative. The remedies and penalties provided for in this chapter are nonexclusive and cumulative and do not affect any other actions or proceedings. [1986 c 136 § 19.]

28B.85.900 Severability—1986 c 136. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 136 § 21.]

28B.85.902 Effective date—1986 c 136. This act shall take effect July 1, 1986. [1986 c 136 § 24.]

28C.10.030 Application of chapter. This chapter does not apply to:

(1) Bona fide trade, business, professional, or fraternal organizations sponsoring educational programs primarily for that organization's membership or offered by that organization on a no-fee basis;

(2) Entities offering education that is exclusively vocational or recreational;

(3) Education not requiring payment of money or other consideration if this education is not advertised or promoted as leading toward educational credentials;

(11) Entities not otherwise exempt offering only workshops or seminars lasting no longer than three calendar days. [1986 c 299 § 3.]

28C.10.040 Agency's duties—Rules—Investigations—Interagency agreements about nondegree programs. The agency:

(1) Shall maintain a list of private vocational schools licensed under this chapter;

(2) Shall adopt rules in accordance with chapter 34.04 RCW to carry out this chapter;

(3) May investigate any entity the agency reasonably believes to be subject to the jurisdiction of this chapter. In connection with the investigation, the agency may administer oaths and affirmations, issue subpoenas and compel attendance, take evidence, and require the production of any books, papers, correspondence, memorandums, or other records which the agency deems relevant or material to the investigation. The agency, including its staff and any other authorized persons, may conduct site inspections and examine records of all schools subject to this chapter;

(4) Shall develop an interagency agreement with the higher education coordinating board to regulate degree-granting private vocational schools with respect to nondegree programs. [1986 c 299 § 4.]

28C.10.050 Minimum standards—Denial, revocation, or suspension of licenses. (1) The agency shall adopt by rule minimum standards for private vocational
schools. The minimum standards shall include, but not be limited to, requirements for each school to:

(a) Disclose to the agency information about its ownership and financial position and to demonstrate that it has sufficient financial resources to fulfill its commitments to students. Financial disclosures provided to the agency shall not be subject to public disclosure under chapter 42.17 RCW.

(b) Follow a uniform state-wide cancellation and refund policy as specified by the agency.

(c) Disclose through use of a school catalog, brochure, or other written material, necessary information to students so that students may make informed enrollment decisions. The agency shall specify what information is required.

(d) Use an enrollment contract or agreement that includes: (i) The cancellation and refund policy, (ii) a brief statement that the school is licensed under this chapter and that inquiries may be made to the agency, and (iii) other necessary information as determined by the agency.

(e) Describe accurately and completely in writing to students before their enrollment prerequisites and requirements for (i) completing successfully the programs of study in which they are interested and (ii) qualifying for the fields of employment for which their education is designed.

(f) Comply with the requirements of RCW 28C.10.084.

28C.10.060 Licenses—Requirements—Renewal.

Any entity desiring to operate a private vocational school shall apply for a license to the agency on a form provided by the agency. The agency shall issue a license if the school:

(1) Files a completed application with information satisfactory to the agency. Misrepresentation by an applicant shall be grounds for the agency, at its discretion, to deny or revoke a license.

(2) Complies with the requirements for the tuition recovery fund under RCW 28C.10.084.

(3) Pays the required fees.

(4) Meets the minimum standards adopted by the agency under RCW 28C.10.050.

Licenses shall be valid for one year from the date of issue unless revoked or suspended. If a school fails to file a completed renewal application at least thirty days before the expiration date of its current license the school shall be subject to payment of a late filing fee fixed by the agency. [1987 c 459 § 4; 1986 c 299 § 6.]

28C.10.070 Fees. The agency shall establish fees by rule at a level necessary to approximately recover the staffing costs incurred in administering this chapter. All fees collected under this section shall be deposited in the state general fund. [1986 c 299 § 7.]

28C.10.082 Tuition recovery fund—Created—State treasurer custodian. The tuition recovery fund is hereby established in the custody of the state treasurer. The agency shall deposit in the fund all moneys received under RCW 28C.10.084. Moneys in the fund may be spent only for the purposes under RCW 28C.10.084. Disbursements from the fund shall be on authorization of the agency. The fund is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements. All earnings of investments of such balances shall be credited to the tuition recovery fund. [1987 c 459 § 2.]

28C.10.084 Tuition recovery fund—Deposits required—Use—Claims—Notice—Disbursements. (1) The agency shall establish, maintain, and administer a tuition recovery fund. All funds collected for the tuition recovery fund are payable to the state for the benefit and protection of any student or enrollee of a private vocational school licensed under this chapter, or, in the case of a minor, his or her parents or guardian, for purposes including but not limited to the settlement of claims procedures under subsection (9) of this section and RCW 28C.10.120. The fund shall be liable for settlement of claims and costs of administration but shall not be liable to pay out or recover penalties assessed under RCW 28C.10.130 or 28C.10.140. No liability accrues to the state of Washington from claims made against the fund.

(2) To be and remain licensed under this chapter each entity shall, in addition to other requirements under this chapter, make cash deposits into a tuition recovery fund as a means to assure payment of claims brought under this chapter. The fund shall be initially capitalized at two hundred thousand dollars and shall achieve an operating balance of at least one million dollars within five years after May 18, 1987, as required under subsection (5) of this section.

(3) The amount of liability that can be satisfied by this fund on behalf of each individual entity licensed under this chapter shall be established by the agency, based on an incremental scale that recognizes the average amount of unearned prepaid tuition in possession of the entity. However, the minimum amount of liability for any entity shall not be less than five thousand dollars and the maximum amount shall not exceed two hundred thousand dollars. Such limitation on each entity’s liability remains unchanged by single or cumulative disbursements made on behalf of the entity. The upper limit of liability is reestablished following the settlement of any claim.

(4) Within sixty days after any entity deposits its initial contribution into the fund, the agency shall release whatever surety such entity had previously filed. Thereupon, the tuition recovery fund shall be liable for a period of one year following the date such surety is released with respect to prior claims against the surety. However, the liability of the fund is limited to the amount of and subject to the defenses of that released surety as though it had remained on file with the agency. The fund’s liability with respect to each entity
that makes an initial deposit into the fund commences on that date and ceases one year from the date it is no longer licensed under this chapter. 

(5) The agency shall adopt by rule a matrix for calculating the deposits into the fund required of each entity. Proration shall be determined by factoring the entity's share of liability in proportion to the aggregated liability of all participants under the fund by grouping such prorations under the incremental scale created in subsection (3) of this section. Expressed as a percentage of the total liability, that figure determines the amount to be contributed when factored into a fund containing one million dollars. The total amount of its prorated share, minus the amount paid for initial capitalization, shall be payable in ten equal increments over a five-year period, commencing with the sixth month after May 18, 1987. Additionally, the agency shall require deposits for initial capitalization, under which the amount each entity deposits is proportionate to its share of two hundred thousand dollars, employing the matrix developed under this subsection. The amount thus established shall be deposited by each licensee of record, within thirty days after May 18, 1987, and a like amount shall be deposited by each subsequent applicant for licensing before the issuance of such license.

(6) No vested right or interests in deposited funds is created or implied for the depositor, either at any time during the operation of the fund or at any such future time that the fund may be dissolved. All funds deposited are payable to the state for the purposes described under this section. The agency shall maintain the fund, collect deposits when due by serving appropriate notices to affected entities, and make disbursements to settle claims. When the deposits total five million dollars and the history of disbursements so warrants, the agency may at its own option reduce the schedule of deposits whether as to time, amount, or both. When such level is achieved, the agency may also entertain proposals from among the licensees with regard to disbursing surplus funds for such purposes as vocational scholarships.

(7) The agency shall make determinations based on annual financial data supplied by the entity whether the increment assigned to that entity on the incremental scale established under subsection (5) of this section has changed. If an increase or decrease has occurred, a corresponding change in its incremental position and contribution schedule shall be made before the date of its next scheduled deposit into the fund.

(8) If fifty-one percent or more of the ownership interest in an entity is conveyed through sale or other means into different ownership, the contribution schedule of the prior owner is canceled. All contributions made to the date of transfer accrue to the fund. The new owner commences contributions under provisions applying to a new applicant.

(9) To settle complaints adjudicated under RCW 28C.10.120 and claims resulting from closure of an entity, the agency may make disbursements from the fund. In addition to the processes described under RCW 28C.10.120 for handling complaints, the following additional procedures are established to deal with school closures:

(a) The agency shall attempt to notify all potential claimants. The absence of records and other circumstances may make it impossible or unreasonable for the agency to ascertain the names and whereabouts of each potential claimant but the agency shall make reasonable inquiries to secure that information from all likely sources. The agency shall then proceed to settle the claims on the basis of information in its possession. The agency is not responsible or liable for claims or for handling claims that may subsequently appear or be discovered.

(b) Thirty days after identified potential claimants have been notified, if a claimant refuses or neglects to file a claim verification as requested in such notice, the agency shall be relieved of further duty or action on behalf of the claimant under this chapter.

(c) After verification and review, the agency may disburse funds from the tuition recovery fund to settle or compromise the claims. However, the liability of the fund for claims against the closed entity shall not exceed that total amount of the contribution schedule assigned to that entity under subsection (5) of this section.

(d) The agency shall seek to recover such disbursed funds from the assets of the defaulted entity, including but not limited to asserting claims as a creditor in bankruptcy proceedings.

(10) When funds are disbursed to settle claims against a current licensee, the agency shall make demand upon the licensee for recovery. The agency shall adopt schedules of times and amounts acceptable for effecting recoveries. An entity's failure to perform subjects its license to suspension or revocation under RCW 28C.10.050 in addition to any other available remedies.

(11) A minimum operating balance of two hundred thousand dollars shall be maintained in the fund. If disbursements reduce the balance below two hundred thousand dollars, each participating entity shall be assessed a prorata share of the deficiency created, based upon the incremental scale created under subsection (5) of this section. The agency shall promptly adopt schedules of times and amounts acceptable for affecting payments of assessments. [1987 c 459 § 1.]

28C.10.090 Actions prohibited without license. A private vocational school, whether located in this state or outside of this state, shall not conduct business of any kind, make any offers, advertise or solicit, or enter into any contracts unless the private vocational school is licensed under this chapter. [1986 c 299 § 9.]

28C.10.100 Suspension or modification of requirements of chapter. The executive director of the agency may suspend or modify any of the requirements under this chapter in a particular case if the agency finds that:

(1) The suspension or modification is consistent with the purposes of this chapter; and

(2) The education to be offered addresses a substantial, demonstrated need among residents of the state or that literal application of this chapter would cause a manifestly unreasonable hardship. [1986 c 299 § 10.]
28C.10.110 Unfair business practices. It is an unfair business practice for a private vocational school or agent to:

(1) Fail to comply with the terms of a student enrollment contract or agreement;

(2) Use an enrollment contract form, catalog, brochure, or similar written material affecting the terms and conditions of student enrollment other than that previously submitted to the agency and authorized for use;

(3) Represent falsely, directly or by implication, that the school is an employment agency, is making an offer of employment or otherwise is attempting to conceal the fact that what is being represented are course offerings of a school;

(4) Represent falsely, directly or by implication, that an educational program is approved by a particular industry or that successful completion of the program qualifies a student for admission to a labor union or similar organization or for the receipt of a state license in any business, occupation, or profession;

(5) Represent falsely, directly or by implication, that a student who successfully completes a course or program of instruction may transfer credit for the course or program to any institution of higher education;

(6) Represent falsely, directly or by implication, in advertising or in any other manner, the school's size, location, facilities, equipment, faculty qualifications, or the extent or nature of any approval received from an accrediting association;

(7) Represent that the school is approved, recommended, or endorsed by the state of Washington or by the agency, except the fact that the school is authorized to operate under this chapter may be stated;

(8) Provide prospective students with any testimonial, endorsement, or other information which has the tendency to mislead or deceive prospective students or the public regarding current practices of the school, current conditions for employment opportunities, or probable earnings in the occupation for which the education was designed;

(9) Designate or refer to sales representatives as 'counselors,' "advisors," or similar terms which have the tendency to mislead or deceive prospective students or the public regarding the authority or qualifications of the sales representatives;

(10) Make or cause to be made any statement or representation in connection with the offering of education if the school or agent knows or reasonably should have known the statement or representation to be false, substantially inaccurate, or misleading; or

(11) Engage in methods of advertising, sales, collection, credit, or other business practices which are false, deceptive, misleading, or unfair, as determined by the agency by rule.

It is a violation of this chapter for a private vocational school to engage in an unfair business practice. [1986 c 299 § 11.]

28C.10.120 Complaints—Investigations—Hearings—Remedies. (1) A person claiming loss of tuition or fees as a result of an unfair business practice may file a complaint with the agency. The complaint shall set forth the alleged violation and shall contain information required by the agency. A complaint may also be filed with the agency by an authorized staff member of the agency or by the attorney general.

(2) The agency shall investigate any complaint under this section and may attempt to bring about a settlement. The agency may hold a contested case hearing pursuant to the administrative procedure act, chapter 34.04 RCW, in order to determine whether a violation has occurred. If the agency prevails, the private vocational school shall pay the costs of the administrative hearing.

(3) If, after the hearing, the agency finds that the private vocational school or its agent engaged in or is engaging in any unfair business practice, the agency shall issue and cause to be served upon the violator an order requiring the violator to cease and desist from the act or practice and may impose the penalties under RCW 28C.10.130. If the agency finds that the complainant has suffered loss as a result of the act or practice, the agency may order full or partial restitution for the loss. The complainant is not bound by the agency's determination of restitution and may pursue any other legal remedy. [1986 c 299 § 12.]

28C.10.130 Violations—Civil penalties. Any private vocational school or agent violating RCW 28C.10-.060, 28C.10.090, or 28C.10.110 or the applicable agency rules is subject to a civil penalty of not more than one hundred dollars for each separate violation. Each day on which a violation occurs constitutes a separate violation. Multiple violations on a single day may be considered separate violations. The fine may be imposed by the agency under RCW 28C.10.120, or in any court of competent jurisdiction. [1986 c 299 § 13.]

28C.10.140 Violations—Criminal sanctions. Any entity or any owner, officer, agent, or employee of such entity who willfully violates RCW 28C.10.060 or 28C-.10.090 is guilty of a gross misdemeanor and, upon conviction, shall be punished by a fine of not to exceed one thousand dollars or by imprisonment in the county jail for not to exceed one year, or by both such fine and imprisonment.

Each day on which a violation occurs constitutes a separate violation. The criminal sanctions may be imposed by a court of competent jurisdiction in an action brought by the attorney general of this state. [1986 c 299 § 14.]

28C.10.150 Actions resulting in jurisdiction of courts. A private vocational school, whether located in this state or outside of this state, that conducts business of any kind, makes any offers, advertises, solicits, or enters into any contracts in this state or with a resident of this state is subject to the jurisdiction of the courts of this state for any cause of action arising from the acts. [1986 c 299 § 15.]
28C.10.160 Educational records—Permanent file—Protection. If any private vocational school discontinues its operation, the chief administrative officer of the school shall file with the agency the original or legible true copies of all educational records required by the agency. If the agency determines that any educational records are in danger of being made unavailable to the agency, the agency may seek a court order to protect and if necessary take possession of the records. The agency shall cause to be maintained a permanent file of educational records coming into its possession. [1986 c 299 § 16.]

28C.10.170 Contracts voidable—When. If a student or prospective student is a resident of this state at the time any contract relating to payment for education or any note, instrument, or other evidence of indebtedness relating thereto is entered into, RCW 28C.10.180 shall govern the rights of the parties to the contract or evidence of indebtedness. If a contract or evidence of indebtedness contains any of the following agreements, the contract is voidable at the option of the student or prospective student:

(1) That the law of another state shall apply;
(2) That the maker or any person liable on the contract or evidence of indebtedness consents to the jurisdiction of another state;
(3) That another person is authorized to confess judgment on the contract or evidence of indebtedness; or
(4) That fixes venue. [1986 c 299 § 17.]

28C.10.180 Enforceability of debts—Authority to offer degree required. A note, instrument, or other evidence of indebtedness or contract relating to payment for education is not enforceable in the courts of this state by a private vocational school or holder of the instrument unless the private vocational school was licensed under this chapter at the time the note, instrument, or other evidence of indebtedness or contract was entered into. [1986 c 299 § 18.]

28C.10.190 Actions to enforce chapter—Who may bring—Relief. The attorney general or the prosecuting attorney of any county in which a private vocational school or agent of the school is found may bring an action in any court of competent jurisdiction for the enforcement of this chapter. The court may issue an injunction or grant any other appropriate form of relief. [1986 c 299 § 19.]

28C.10.200 Injunctive relief—Agency may seek. The agency may seek injunctive relief, after giving notice to the affected party, in a court of competent jurisdiction for a violation of this chapter or the rules adopted under this chapter. The agency need not allege or prove that the agency has no adequate remedy at law. The right of injunction provided in this section is in addition to any other legal remedy which the agency has and is in addition to any right of criminal prosecution provided by law. The existence of agency action with respect to alleged violations of this chapter and rules adopted under this chapter does not operate as a bar to an action for injunctive relief under this section. [1986 c 299 § 20.]

28C.10.210 Violation of chapter unfair or deceptive practice under RCW 19.86.020. A violation of this chapter or the rules adopted under this chapter affects the public interest and is an unfair or deceptive act or practice in violation of RCW 19.86.020 of the consumer protection act. The remedies and sanctions provided by this section shall not preclude application of other remedies and sanctions. [1986 c 299 § 21.]

28C.10.220 Remedies and penalties in chapter nonexclusive and cumulative. The remedies and penalties provided for in this chapter are nonexclusive and cumulative and do not affect any other actions or proceedings. [1986 c 299 § 22.]

28C.10.900 Severability—1986 c 299. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 299 § 27.]

28C.10.902 Effective date—1986 c 299. This act shall take effect July 1, 1986. [1986 c 299 § 31.]
