State convention and trade center——Public nonprofit corporation authorized——Board of di­
rectors——Powers and duties. (1) The governor is auth­
orized to form a public nonprofit corporation in the same
manner as a private nonprofit corporation is
formed under chapter 24.03 RCW. The public corpora­
tion shall be an instrumentality of the state and have all
the powers and be subject to the same restrictions as are
permitted or prescribed to private nonprofit corpora­
tions, but shall exercise those powers only for carrying
out the purposes of this chapter and those purposes nec­
cessarily implied therefrom. The governor shall appoint
a board of nine directors for the corporation who shall
serve terms of six years, except that two of the original
directors shall serve for two years and two of the original
directors shall serve for four years. After January 1,
1991, at least one position on the board shall be filled by
a member representing management in the hotel or mo­

and trade center with an overall size of approximately
three hundred thousand square feet to be designed and
constructed on a site in the city of Seattle. In acquiring,
designing, and constructing the state convention and trade center, the corporation shall consider the recom­
mandations and proposals issued on December 11, 1981,
by the joint select committee on the state convention and trade center.

(2) The corporation may acquire and transfer real and
personal property by lease, sublease, purchase, or sale,

which such lease and sublease contracts are made: Pro­
vided, That such contracts are approved by the director
of financial management in consultation with the chair­
persons of the ways and means committees of the house
of representatives and the senate. The terms of sale or
lease of properties acquired by the corporation on Feb­
ruary 9, 1987, pursuant to the property purchase and settle­
ment agreement entered into by the corporation on
June 12, 1986, excepting the McKay parcel which the
 corporation is contractually obligated to sell under that
agreement, shall also be subject to the approval of the
director of financial management in consultation with
the chairpersons of the ways and means committees of
the house of representatives and the senate. In order to
allow the corporation flexibility to secure appropriate
insurance by negotiation, the corporation is exempt from
RCW 48.30.270. The corporation shall maintain, oper­
ate, promote, and manage the state convention and trade
center.

(3) In order to allow the corporation flexibility in its
personnel policies, the corporation is exempt from chap­

The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements. Not less than thirty days prior to the date on which any interest or principal and interest payment is due, the state treasurer shall withdraw from any general state revenues received in the state treasury and deposit in the state general obligation bond retirement fund an amount equal to the amount certified by the state finance committee to be due on that payment date. On each date on which any interest or principal and interest is due, the state treasurer shall cause an identical amount to be paid out of the proceeds of the special excise tax imposed under RCW 67.40.090, operating revenues of the state convention and trade center, and bond proceeds and earnings on the investment of bond proceeds, for deposit in the general fund of the state treasury. Any deficiency in such transfer shall be made up as soon as special excise taxes are available for transfer and shall constitute a continuing obligation of the state convention and trade center account until all deficiencies are fully paid.

Bonds issued under RCW 67.40.030 shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceedings require the transfer and payment of funds as directed in this section. [1987 1st ex.s. c 8 § 5; 1983 2nd ex.s. c 1 § 5; 1982 c 34 § 6.]

Reviser's note: This reference apparently should be to the state trade and convention center operations account created in RCW 67.40.025.

Severability—1987 1st ex.s. c 8: See note following RCW 67.40.020.

67.40.070 Legislature may provide additional means for payment of bonds. The legislature may increase the rate of tax imposed in RCW 67.40.090 (1) and (2) or may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in RCW 67.40.030, and RCW 67.40.060 shall not be deemed to provide an exclusive method for the payment. [1982 c 34 § 7.]

67.40.080 Bonds legal investment for public funds. The bonds authorized in RCW 67.40.030 shall be a legal investment for all state funds or funds under state control and for all funds of any other public body. [1982 c 34 § 8.]

67.40.090 Special excise tax imposed in King county—Hotel, motel, rooming house, trailer camp, etc., charges—Rates—Surtax to reimburse borrowed moneys. Commencing April 1, 1982, there is imposed, and the department of revenue shall collect, in King county a special excise tax on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, or trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, except that no such tax may be levied on any premises having fewer than sixty lodging units. It shall be presumed that the occupancy of real property for a continuous period of one month or more constitutes rental or lease of real property and not a mere license to use or enjoy the same. The legislature on behalf of the state pledges to maintain and continue this tax until the bonds authorized by this chapter are fully redeemed, both principal and interest.

(1) The rate of the tax imposed under this section shall be:

(a) From April 1, 1982, through December 31, 1982, inclusive, three percent in the city of Seattle and two percent in King county outside the city of Seattle; and

(b) On and after January 1, 1983, five percent in the city of Seattle and two percent in King county outside the city of Seattle. The tax levied under this subsection (b) shall expire on the first day of the next calendar quarter after the director of financial management certifies that (i) the bonds issued pursuant to RCW 67.40.030 have been fully retired and (ii) all borrowings by the convention center for (A) bond retirement, and (B) operating expenses of the convention center incurred through June 30, 1992, have been repaid together with interest at a rate determined by the state treasurer to be equivalent to the return on investments of the state treasury during the period the amounts are borrowed.

(2) On and after October 1, 1993, in addition to the tax specified in subsection (1) of this section, there is levied a surtax for the purpose of reimbursing moneys borrowed to pay actual net operating deficits of the convention center incurred after June 30, 1992, as provided in this subsection. On or before October 1, 1993, and on or before October 1 of each succeeding year, the director of financial management shall certify the actual net operating deficit, if any, of the convention center for the prior fiscal year and shall determine the rate of surtax which, if imposed during the succeeding twelve months, will be sufficient to reimburse moneys borrowed for the actual net operating deficit of the convention center in the prior fiscal year plus any surtax deficiencies in prior years less any surtax surpluses in prior years. As used in this section, (a) "surtax deficiency" means any excess of (i) the convention center net operating deficit over (ii) receipts from the surtax imposed under this subsection to reimburse such deficit; and (b) "surtax surplus" means any excess of (i) receipts from a surtax imposed
to reimburse a convention center net operating deficit over (ii) the convention center operating deficit which the surtax is intended to reimburse. The surtax so determined shall be effective, and shall be imposed and collected, beginning October 1 of each year for the succeeding twelve months: Provided, That the surtax shall not exceed forty percent of the tax in effect under subsection (1) of this section in the city of Seattle and in King county outside the city of Seattle. The director of financial management shall determine the amount of the surtax based upon actual receipts from the tax provided for in RCW 67.40.090 during the last complete fiscal year. The surtax imposed on hotels and motels in King county outside the city of Seattle shall be forty percent of the surtax imposed on hotels and motels in the city of Seattle.

(3) The surcharge under subsection (2) of this section shall be forty percent of the tax in effect under subsection (1) of this section, effective on the day either of the following events occurs, whichever is earlier:

(a) A temporary or permanent injunction or order becomes effective which prohibits in whole or in part the collection of surtax at the rates specified in subsection (2) of this section; or

(b) A decision of a court in this state invalidating in whole or in part subsection (2) of this section.

The proceeds of the special excise tax shall be deposited in the state convention and trade center account. Chapter 82.32 RCW applies to the tax imposed under this section. [1987 1st ex.s. c 8 § 6; 1982 c 34 § 9.]

Severability—1987 1st ex.s. c 8: See note following RCW 67.40.020.

67.40.100 Limitation on license fees and taxes on hotels, motels, rooming houses, trailer camps, etc.—Special excise tax authorized for convention and trade facilities—Conditions. (1) Except as provided in chapters 67.28 and 82.14 RCW and subsection (2) of this section, after January 1, 1983, no city, town, or county in which the tax under RCW 67.40.090 is imposed may impose a license fee or tax on the act or privilege of engaging in business to furnish lodging by a hotel, rooming house, tourist court, motel, trailer camp, or similar facilities in excess of the rate imposed upon other persons engaged in the business of making sales at retail as that term is defined in chapter 82.04 RCW.

(2) A city incorporated before January 1, 1982, with a population over sixty thousand located in a county with a population over one million, other than the city of Seattle, may impose a special excise tax under the following conditions:

(a) The proceeds of the tax must be used solely for the acquisition, design, and construction of convention and trade facilities.

(b) The legislative body of the city, before imposing the tax, must authorize a complete study and investigation of the desirability and economic feasibility of the proposed convention and trade facilities.

(c) The rate of the tax shall not exceed three percent.

(d) The tax shall be imposed on the sale of or charge made for the furnishing of lodging by a hotel, rooming house, tourist court, motel, or trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, except that no such tax may be levied on any premises having fewer than sixty lodging units. [1982 c 34 § 10.]

67.40.110 Use of revenues from convention and trade center facilities excise tax by cities for professional sports franchise facilities limited. No city imposing the tax authorized under RCW 67.40.100(2) may use the tax proceeds directly or indirectly to acquire, construct, operate, or maintain facilities or land intended to be used by a professional sports franchise if the county within which the city is located uses the proceeds of its tax imposed under RCW 67.28.180 to directly or indirectly acquire, construct, operate, or maintain a facility used by a professional sports franchise. [1987 1st ex.s. c 8 § 8.]

Severability—1987 1st ex.s. c 8: See note following RCW 67.40.020.

67.40.900 Severability—1982 c 34. If any provision of this act or its application to any municipality, person, or circumstance is held invalid, the remainder of the act or the application of the provision to other municipalities, persons, or circumstances is not affected. [1982 c 34 § 13.]

The creation of an advisory committee within the office of the superintendent of public instruction to promote competition and research in mental sports such as chess, checkers, bridge, go, scholastic olympiads, and others will provide many benefits to the public by:

67.70.070 Licenses for lottery sales agents—Factor s—"Person" defined. No license as an agent to sell lottery tickets or shares may be issued to any person to engage in business exclusively as a lottery sales agent. Before issuing a license the director shall consider such factors as: (1) The financial responsibility and security of the person and his business or activity, (2) the accessibility of his place of business or activity to the public,
(3) the sufficiency of existing licenses to serve the public convenience, and (4) the volume of expected sales.

For purposes of this section, the term "person" means an individual, association, corporation, club, trust, estate, society, company, joint stock company, receiver, trustee, assignee, referee, or any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of individuals.

"Person" does not mean any department, commission, agency, or instrumentality of the state, or any county or municipality or any agency or instrumentality thereof, except for retail outlets of the state liquor control board. [1982 2nd ex.s. c 7 § 7.]

67.70.080 License as authority to act. Any person licensed as provided in this chapter is hereby authorized and empowered to act as a lottery sales agent. [1982 2nd ex.s. c 7 § 8.]

67.70.090 Denial, suspension, and revocation of licenses. The director may deny an application for, or suspend or revoke, after notice and hearing, any license issued pursuant to this chapter. Such license may, however, be temporarily suspended by the director without prior notice, pending any prosecution, investigation, or hearing. A license may be suspended or revoked or an application may be denied by the director for one or more of the following reasons:

(1) Failure to account for lottery tickets received or the proceeds of the sale of lottery tickets or to file a bond if required by the director or to comply with the instructions of the director concerning the licensed activity;

(2) For any of the reasons or grounds stated in RCW 9.46.075 or violation of this chapter or the rules of the commission;

(3) Failure to file any return or report or to keep records or to pay any tax required by this chapter;

(4) Fraud, deceit, misrepresentation, or conduct prejudicial to public confidence in the state lottery;

(5) That the number of lottery tickets sold by the lottery sales agent is insufficient to meet administrative costs, or that public convenience is adequately served by other licensees;

(6) A material change, since issuance of the license with respect to any matters required to be considered by the director under RCW 67.70.070.

For the purpose of reviewing any application for a license and for considering the denial, suspension, or revocation of any license the director may consider any prior criminal conduct of the applicant or licensee and the provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases. [1982 2nd ex.s. c 7 § 9.]

67.70.100 Assignment of rights prohibited—Exceptions—Discharge of liability. No right of any person to a prize drawn is assignable, except that payment of any prize drawn may be paid to the estate of a deceased prize winner, and except that any person pursuant to an appropriate judicial order may be paid the prize to which the winner is entitled. [1982 2nd ex.s. c 7 § 11.]

67.70.120 Sale to minor prohibited—Exception—Penalties. A ticket or share shall not be sold to any person under the age of eighteen, but this shall not be deemed to prohibit the purchase of a ticket or share for the purpose of making a gift by a person eighteen years of age or older to a person less than that age. Any licensee who knowingly sells or offers to sell a lottery ticket or share to any person under the age of eighteen is guilty of a misdemeanor. In the event that a person under the age of eighteen years directly purchases a ticket in violation of this section, that person is guilty of a misdemeanor. No prize will be paid to such person and the prize money otherwise payable on the ticket will be treated as unclaimed pursuant to RCW 67.70.190. [1987 c 511 § 6; 1982 2nd ex.s. c 7 § 12.]

A violation of this section is a felony. [1982 2nd ex.s. c 7 § 13.]

67.70.140 Penalty for unlicensed activity. Any person who conducts any activity for which a license is required by this chapter, or by rule of the commission, without the required license, is guilty of a felony. Whoever, in any application for a license or in any book or record required to be maintained or in any report required to be submitted, makes any false or misleading statement, or makes any false or misleading entry or wilfully fails to maintain or make any entry required to be maintained
or who willfully refuses to produce for inspection any book, record, or document required to be maintained or made by federal or state law is guilty of a gross misdemeanor. [1982 2nd ex.s. c 7 § 15.]

67.70.160 Penalty for violation of chapter—Exceptions. Any person who violates any provision of this chapter for which no penalty is otherwise provided, or knowingly causes, aids, abets, or conspires with another to cause any person to violate any provision of this chapter is guilty of a class C felony, except where other penalties are specifically provided for in this chapter. [1982 2nd ex.s. c 7 § 16.]

67.70.170 Penalty for violation of rules—Exceptions. Any person who violates any rule adopted pursuant to this chapter for which no penalty is otherwise provided, or knowingly causes, aids, abets, or conspires with another to cause any person to violate any rule adopted pursuant to this chapter is guilty of a gross misdemeanor, except where other penalties are specifically provided for in this chapter. [1982 2nd ex.s. c 7 § 17.]

67.70.180 Persons prohibited from purchasing tickets or shares or receiving prizes—Penalty. A ticket or share shall not be purchased by, and a prize shall not be paid to any member of the commission, the director, or an employee of the lottery or to any spouse, child, brother, sister, or parent residing as a member of the same household in the principal place of abode of any member of the commission, the director or an employee of the lottery.

A violation of this section is a misdemeanor. [1987 c 511 § 7; 1982 2nd ex.s. c 7 § 18.]

67.70.190 Unclaimed prizes. Unclaimed prizes shall be retained in the state lottery account for the person entitled thereto for one hundred eighty days after the drawing in which the prize is won, or after the official end of the game for instant prizes. If no claim is made for the prize within this time, the prize shall be retained in the state lottery fund for further use as prizes and all rights to the prize shall be extinguished. [1987 c 511 § 8; 1982 2nd ex.s. c 7 § 19.]

67.70.200 Deposit of moneys received by agents from sales—Power of director—Reports. The director, in his discretion, may require any or all lottery sales agents to deposit to the credit of the state lottery account in banks designated by the state treasurer, all moneys received by such agents from the sale of lottery tickets or shares, less the amount, if any, retained as compensation for the sale of the tickets or shares, and to file with the director or his designated agents, reports of their receipts and transactions in the sale of lottery tickets in such form and containing such information as he may require.

The director may make such arrangements for any person, including a bank, to perform such functions, activities, or services in connection with the operation of the lottery as he or she may deem advisable pursuant to this chapter and the rules of the commission, and such functions, activities, or services shall constitute lawful functions, activities, and services of such person. [1987 c 511 § 9; 1982 2nd ex.s. c 7 § 20.]

67.70.210 Other law inapplicable to sale of tickets or shares. No other law, including chapter 9.46 RCW, providing any penalty or disability for the sale of lottery tickets or any acts done in connection with a lottery applies to the sale of tickets or shares performed pursuant to this chapter. [1982 2nd ex.s. c 7 § 21.]

67.70.220 Payment of prizes to minor. If the person entitled to a prize is under the age of eighteen years, and such prize is less than five thousand dollars, the director may direct payment of the prize by delivery to an adult member of the minor's family or a guardian of the minor of a check or draft payable to the order of such minor. If the person entitled to a prize is under the age of eighteen years, and such prize is five thousand dollars or more, the director may direct payment to such minor by depositing the amount of the prize in any bank to the credit of an adult member of the minor's family or a guardian of the minor as custodian for such minor.

The person so named as custodian shall have the same duties and powers as a person designated as a custodian in a manner prescribed by the Washington uniform gifts to minors act, chapter 11.93 RCW, and for the purposes of this section the terms "adult member of a minor's family," "guardian of a minor," and "bank" shall have the same meaning as in chapter 11.93 RCW. The commission and the director shall be discharged of all further liability upon payment of a prize to a minor pursuant to this section. [1985 c 7 § 128; 1982 2nd ex.s. c 7 § 22.]

67.70.230 State lottery account created. There is hereby created and established a separate account, to be known as the state lottery account. Such account shall be managed, maintained, and controlled by the commission and shall consist of all revenues received from the sale of lottery tickets or shares, and all other moneys credited or transferred thereto from any other fund or source pursuant to law. The account shall be a separate account outside the state treasury. No appropriation is required to permit expenditures and payment of obligations from the account. [1985 c 375 § 4; 1982 2nd ex.s. c 7 § 23.]

67.70.240 Use of moneys in state lottery account limited. The moneys in the state lottery account shall be used only: (1) For the payment of prizes to the holders of winning lottery tickets or shares; (2) for purposes of making deposits into the reserve account created by RCW 67.70.250 and into the lottery administrative account created by RCW 67.70.260; (3) for purposes of making deposits into the state's general fund; (4) for purposes of making deposits into the housing trust fund under the provisions of *section 7 of this 1987 act; (5) for the purchase and promotion of lottery games and game–related services; and (6) for the payment of agent compensation.
The office of financial management shall require the allotment of all expenses paid from the account and shall report to the ways and means committees of the senate and house of representatives any changes in the allotments. [1987 c 513 § 7; 1985 c 375 § 5; 1982 2nd ex.s. c 7 § 24.]

*Reviser's note: "Section 7 of this 1987 act" apparently refers to a section in a preliminary version of the act (1987 Enrolled Second Substitute House Bill No. 164) that directed unclaimed state lottery prizes to be deposited into the housing trust fund. That section was deleted in the final bill.

Effective date—Severability—1987 c 513: See notes following RCW 18.85.310.

67.70.250 Methods for payment of prizes by installments. (2) The lottery shall include the debt information submitted by state agencies or political subdivisions in its validation and prize payment process. The lottery shall delay payment of a prize exceeding six hundred dollars for a period not to exceed two working days, to any person owing a debt to a state agency or political subdivision pursuant to the information submitted in subsection (1) of this section. The lottery shall contact the state agency or political subdivision that provided the information to verify the debt. The prize shall be paid to the claimant if the debt is not verified by the submitting state agency or political subdivision within two working days. If the debt is verified, the prize shall be disbursed pursuant to subsection (3) of this section.

68.32.160 Conveyance of plot to cemetery authority, effect.
68.32.170 Exemption from inheritance tax.

68.32.010 Presumption as to title. All plots conveyed to individuals are presumed to be the sole and separate property of the owner named in the instrument of conveyance. [1943 c 247 § 88; Rem. Supp. 1943 § 3778–88.]

68.32.020 Vested right of spouse. The spouse of an owner of any plot containing more than one interment space has a vested right of interment of his remains in the plot and any person thereafter becoming the spouse of the owner has a vested right of interment of his remains in the plot if more than one interment space is unoccupied at the time the person becomes the spouse of the owner. [1943 c 247 § 89; Rem. Supp. 1943 § 3778–89.]

68.32.030 Vested right—Termination. No conveyance or other action of the owner without the written consent of the spouse of the owner divests the spouse of a vested right of interment, except that a final decree of divorce between them terminates the vested right of interment unless otherwise provided in the decree. [1943 c 247 § 90; Rem. Supp. 1943 § 3778–90.]

68.32.040 Descent of title to plot. If no interment is made in an interment plot which has been transferred by deed or certificate of ownership to an individual owner, or if all remains previously interred are lawfully removed, upon the death of the owner, unless the owner has disposed of the plot either by specific devise or by a written declaration filed and recorded in the office of the cemetery authority, the plot descends to the surviving spouse or, if there is no surviving spouse, to the heirs at law of the owner subject to the rights of interment of the decedent. [1979 c 21 § 15; 1943 c 247 § 91; Rem. Supp. 1943 § 3778–91.]

68.32.050 Affidavit as authorization. An affidavit by a person having knowledge of the facts setting forth the fact of the death of the owner and the name of the person or persons entitled to the use of the plot pursuant to RCW 68.32.010 through 68.32.040, is complete authorization to the cemetery authority to permit the use of the unoccupied portions of the plot by the person entitled to the use of it. [1943 c 247 § 93; Rem. Supp. 1943 § 3778–93.]

68.32.060 Family plots—Alienability. Whenever an interment of the remains of a member or of a relative of a member of the family of the record owner or of the remains of the record owner is made in a plot transferred by deed or certificate of ownership to an individual owner and both the owner and the surviving spouse, if any, die with children then living without making disposition of the plot either by a specific devise, or by a written declaration filed and recorded in the office of the cemetery authority, the plot shall thereafter be held as a family plot and shall be subject to alienation only upon agreement of the children of the owner living at the time of said alienation. [1979 c 21 § 16; 1943 c 247 § 98; Rem. Supp. 1943 § 3778–98.]

68.32.070 Joint tenants—Vested rights. In a conveyance to two or more persons as joint tenants each joint tenant has a vested right of interment in the plot conveyed. [1943 c 247 § 94; Rem. Supp. 1943 § 3778–94.]

68.32.080 Joint tenants—Survivorship. Upon the death of a joint tenant, the title to the plot held in joint tenancy immediately vests in the survivors, subject to the vested right of interment of the remains of the deceased.
68.32.080  Title 68 RCW: Cemeteries, Morgues and Human Remains

joint tenant. [1943 c 247 § 95; Rem. Supp. 1943 § 3778–95.]

Joint tenants, simultaneous death: RCW 11.05.030.

68.32.090  Joint tenants—Identification. An affidavit by any person having knowledge of the facts setting forth the fact of the death of one joint tenant and establishing the identity of the surviving joint tenants named in the deed to any plot, when filed with the cemetery authority operating the cemetery in which the plot is located, is complete authorization to the cemetery authority to permit the use of the unoccupied portion of the plot in accordance with the directions of the surviving joint tenants or their successors in interest. [1943 c 247 § 96; Rem. Supp. 1943 § 3778–96.]

68.32.100  Co-owners may designate representative. When there are several owners of a plot, or of rights of interment in it, they may designate one or more persons to represent the plot and file written notice of designation with the cemetery authority. In the absence of such notice or of written objection to its so doing, the cemetery authority is not liable to any owner for interring or permitting an interment in the plot upon the request or direction of any co-owner of the plot. [1943 c 247 § 97; Rem. Supp. 1943 § 3778–97.]

68.32.110  Order of interment—General. In a family plot one grave, niche or crypt may be used for the owner's interment; one for the surviving spouse, if any, who by law has a vested right of interment in it; and in those remaining, if any, the parents and children of the deceased owner in order of death may be interred without the consent of any person claiming any interest in the plot. [1943 c 247 § 99; Rem. Supp. 1943 § 3778–99.]

68.32.120  Order of interment, when no parent or child survives. If no parents or child survives, the right of interment goes in the order of death first, to the spouse of any child of the record owner, and second, in the order of death to the next heirs at law of the owner or the spouse of any heir at law. [1943 c 247 § 100; Rem. Supp. 1943 § 3778–100.]

68.32.130  Waiver of right of interment. Any surviving spouse, parent, child, or heir having a right of interment in a family plot may waive such right in favor of any other relative or spouse of a relative of the deceased owner; and upon such waiver the remains of the person in whose favor the waiver is made may be interred in the plot. [1943 c 247 § 101; Rem. Supp. 1943 § 3778–101.]

68.32.140  Termination of vested right by waiver. A vested right of interment may be waived and is terminated upon the interment elsewhere of the remains of the person in whom vested. [1943 c 247 § 102; Rem. Supp. 1943 § 3778–102.]

68.32.150  Limitations on vested rights. No vested right of interment gives to any person the right to have his remains interred in any interment space in which the remains of any deceased person having a prior vested right of interment have been interred, nor does it give any person the right to have the remains of more than one deceased person interred in a single interment space in violation of the rules and regulations of the cemetery in which the interment space is located. [1943 c 247 § 103; Rem. Supp. 1943 § 3778–103.]

68.32.160  Conveyance of plot to cemetery authority, effect. A cemetery authority may take and hold any plot conveyed or devised to it by the plot owner so that it will be inalienable, and interments shall be restricted to the persons designated in the conveyance or devise. [1943 c 247 § 104; Rem. Supp. 1943 § 3778–104.]

68.32.170  Exemption from inheritance tax. Cemetery property passing to an individual by reason of the death of the owner is exempt from all inheritance taxes. [1943 c 247 § 92; Rem. Supp. 1943 § 3778–92.]

Reviser's note: The inheritance tax was repealed by 1981 2nd ex.s. c 7 § 83.100.160 (Initiative Measure No. 402). See RCW 83.100.900. For later enactment, see chapter 83.100 RCW.

68.36.100 Petition may cover several lots.

68.36.010 Sale of abandoned space—Presumption of abandonment. The ownership of or right in or to unoccupied cemetery space in this state shall, upon abandonment, be subject to forfeiture and sale by the person, association, corporation or municipality having ownership or management of the cemetery containing such unoccupied cemetery space, for the purpose of providing for perpetual care. The continued failure by an owner to maintain or care for an unoccupied cemetery lot, unoccupied part of lot, unoccupied lots or parts of lots for a period of five years shall create and establish a presumption that the same has been abandoned. [1943 c 247 § 78; Rem. Supp. 1943 § 3778–78.]

*Reviser's note: The term "perpetual care" referred to herein originally appeared throughout this chapter and chapters 68.40 and 68.44 RCW. The legislature in 1953 c 290 amended most sections in these chapters to read "endowment care". 1953 c 290 § 24 provides that it is a misdemeanor for any cemetery authority, cemetery broker, etc., to represent that any fund set up for maintaining care is perpetual. See RCW 68.40.085.

68.36.020 Notice—Requisites—Limitation on placing. Before such five year period shall commence to
run, the owner or manager of the cemetery shall place upon and during such five year period shall maintain upon such unoccupied cemetery space a suitable notice, setting forth the date the notice is placed thereon and stating that such unoccupied space is subject to forfeiture and sale by the owner or manager of the cemetery to provide for "perpetual care", if the owner of such unoccupied space fails during the next five years following the date of the notice to maintain or care for the same or unless the owner of such unoccupied space contracts for the "perpetual care" of the same: Provided, however, That such a notice cannot be placed on the unoccupied space in any cemetery lot until twenty years have elapsed since the last interment in any such lot of a member of the immediate family of the record owner.

Members of the immediate family shall be construed to include surviving spouse, children, parents, and brothers and sisters. [1943 c 247 § 79; Rem. Supp. 1943 § 3778-79.]

*Reviser's note: "perpetual care", see note following RCW 68.36.010.

68.36.030 Petition for order of abandonment—Notice and hearing. After such five year period, the owner or manager of the cemetery may file in the office of the county clerk for the county in which the cemetery is located a verified petition, setting forth its ownership or management of the cemetery, the facts relating to the continued failure by the owner for a period of five consecutive years to maintain or care for such cemetery lot, part of lot, lots or parts of lots and such facts relating to the ownership thereof as petitioner may have, and asking for an order of the superior court for such county adjudging the lot, part of lot, lots or parts of lots to have been abandoned.

At the time of filing such petition, the owner or manager of the cemetery shall apply for and the superior court for such county shall fix a time for the hearing of the petition not less than sixty days nor more than ninety days from the time of the application. Not less than sixty days before the time fixed for the hearing of the petition, notice of the hearing and the nature and object of the same shall be given to the owner of such unoccupied space, as herein provided. [1943 c 247 § 80; Rem. Supp. 1943 § 3778-80.]

68.36.040 Service of notice. The notice may be served personally upon the owner, or may be given by the mailing of the notice by registered mail to the owner to his last known address and by publishing the notice three times in a legal newspaper as aforesaid. The affidavit of the owner or manager of the cemetery involved to the effect that such owner or claimant is unknown to him and that he exercised diligence in attempting to locate such unknown parties shall, if filed in the proceeding, be conclusive to that effect. [1943 c 247 § 81; Rem. Supp. 1943 § 3778-81.]

68.36.050 Hearing—Order—Attorney's fee. Thereupon, such owner or claimant may appear and make answer to the allegations of said petition, and in case of his failure so to do prior to the day fixed for hearing, his default shall be entered and it shall then be the duty of the superior court for such county to immediately enter an order adjudging such unoccupied space to have been abandoned and subject to sale at the expiration of one year by the person, association, corporation or municipality having ownership or management of the cemetery containing the same. In the event the owner or claimant shall appear and file his answer prior to the day fixed for the hearing, the presumption of abandonment shall no longer exist, and on the day fixed for the hearing of said petition or on any subsequent day to which the hearing of the cause is adjourned, the allegations and proof of the parties shall be presented to the court and if the court shall determine therefrom that there has been a continued failure to maintain or care for such unoccupied space for a period of five consecutive years preceding the filing of said petition, an order shall be entered accordingly adjudging such unoccupied space to have been abandoned and subject to sale at the expiration of one year by the person, association, corporation or municipality having ownership of the cemetery containing the same. Upon any adjudication of abandonment, the court shall fix such sum as it shall deem reasonable as an attorney's fee for petitioner's attorney for each lot, part of lot, lots or parts of lots adjudged to have been abandoned in such proceedings. [1943 c 247 § 82; Rem. Supp. 1943 § 3778-82.]

68.36.060 Contract for care before adjudication. If at any time before the adjudication of abandonment the owner of an unoccupied space contracts with the owner or manager of the cemetery for the endowment care of the space, the court shall dismiss the proceedings as to such unoccupied space. [1953 c 290 § 1; 1943 c 247 § 83; Rem. Supp. 1943 § 3778-83.]

68.36.070 Contract for care within one year after adjudication. If at any time within one year after the adjudication of abandonment, the former owner of the unoccupied space shall contract for its endowment care, and reimburse the owner or manager of the cemetery for the expense of the proceedings, including attorney's fees, the space shall not be sold and the order adjudging it to have been abandoned shall be vacated upon petition of the former owner. [1953 c 290 § 2; 1943 c 247 § 84; Rem. Supp. 1943 § 3778-84.]

68.36.080 Sale after one year. One year after the entry of the order adjudging such lot, part of lot, lots or
parts of lots to have been abandoned, the owner or manager of the cemetery in which the same is located shall have the power to sell the same, in whole or in part, at public or private sale, and convey by deed good, clear and sufficient title thereto. [1943 c 247 § 8; Rem. Supp. 1943 § 3778–85.]

68.36.090 Disposition of proceeds. Not more than twenty percent of the funds realized from the sale of abandoned space shall be used to defray the expenses of the proceedings to abandon, and the improving of it in such manner as to place it in condition for care, and the balance shall be placed immediately to a trust fund or shall be immediately transferred to a nonprofit organization to be used exclusively for the endowment care and maintenance of the cemetery. [1953 c 290 § 3; 1943 c 247 § 86; Rem. Supp. 1943 § 3778–86.]

68.36.100 Petition may cover several lots. In any one petition for abandonment, a petitioner may, irrespective of diversity of ownership, include in any such petition as many lots or parts of lots as come within the provisions of *this act. The petition for abandonment shall be entitled: "In the Matter of the Abandonment, Forfeiture and Sale of Unoccupied and Uncared for Space located in . . . . . . . . . . . . . . . Cemetery." [1943 c 247 § 87; Rem. Supp. 1943 § 3778–87.]

*Reviser's note: *this act*, see note following RCW 68.04.020.

to the persons interred and to be interred in the ceme-
tery and provisions for the benefit and protection of the
public by preserving and keeping cemeteries from be-
coming unkempt and places of reproach and desolation
in the communities in which they are situated. No pay-
ment, or contribution for general endowment care, is
invalid by the reason of any indefiniteness or uncertainty
of the persons designated as beneficiaries in the instru-
ments creating the trust, nor is the fund or any contribu-
tion to it invalid as violating any law against perpetuities,
or the suspension of the power of alienation of title to
property. [1953 c 290 § 16. Prior: (i) 1943 c 247 § 130;

68.44.080 Plans for care——Source of fund. The

for the general care, maintenance, and embellishment of
its cemetery, and charge and collect from all purchasers
of plots such reasonable sum as it deems will aggregate a

tery authority may enter into an agreement with him for
the care of his plot and its appurtenances. [1953 c 290 §
19; 1943 c 247 § 110; Rem. Supp. 1943 § 3778–110.]

68.44.110 Trustees of fund. Unless an association of
lot owners has been created for the purpose of appoint-
ing trustees, the cemetery authority shall appoint a
board of not less than three members as trustees for its
endowment care fund, who shall hold office subject to
the direction of the cemetery authority. [1987 c 331 § 43;

Resignation of trusteeship. To be considered qualified as
a trustee, each trustee of an endowment care fund ap-
pointed in accordance with this chapter shall file with
the board a statement of acceptance of fiduciary respon-
sibility, on a form approved by the board, before assum-
ing the duties of trustee. The trustee shall remain in the

68.46.010 Definitions. Unless the context clearly indicates otherwise, the following terms as used only in this chapter have the meaning given in this section:

(1) "Prearrangement contract" means a contract for purchase of cemetery merchandise or services, unconstructed crypts or niches, or undeveloped graves to be furnished at a future date for a specific consideration which is paid in advance by one or more payments in one sum or by installment payments.

(2) "Cemetery authority" shall have the same meaning as in RCW 68.04.190, and shall also include any individual, partnership, firm, joint venture, corporation, company, association, or joint stock company, any of which sells cemetery services or merchandise, unconstructed crypts or niches, or undeveloped graves through a prearrangement contract, but shall not include insurance companies licensed under chapter 48.05 RCW.

(3) "Cemetery merchandise or services" and "merchandise or services" mean those services normally performed by cemetery authorities, including the sale of monuments, markers, memorials, nameplates, liners, vaults, boxes, urns, vases, interment services, or any one or more of them.

(4) "Prearrangement trust fund" means all funds required to be maintained in one or more funds for the benefit of beneficiaries by either this chapter or by the terms of a prearrangement contract, as herein defined.

(5) "Depository" means a qualified public depository as defined by RCW 39.58.010, a credit union as governed by chapter 31.12 RCW, a mutual savings bank as governed by Title 32 RCW, a savings and loan association as governed by Title 33 RCW, and a federal credit union or a federal savings and loan association organized, operated, and governed by any act of congress, in which prearrangement funds are deposited by any cemetery authority.

(6) "Board" means the cemetery board established under chapter 68.05 RCW or its authorized representative.

(7) "Undeveloped grave" means any grave in an area which a cemetery authority has not landscaped and groomed to the extent customary in the cemetery industry in that community. [1979 c 21 § 22; 1975 1st ex.s. c 55 § 1; 1973 1st ex.s. c 68 § 1.]

68.46.020 Prearrangement trust funds—Required.

Any cemetery authority selling by prearrangement contracts any merchandise or services shall establish and maintain one or more prearrangement funds for the benefit of beneficiaries of prearrangement contracts. [1973 1st ex.s. c 68 § 2.]

68.46.030 Prearrangement trust funds—Deposits—Bond requirements. (1) A cemetery authority shall deposit in its prearrangement trust fund a percentage of all funds collected in payment of each prearrangement contract equal to the greater of:

(a) Fifty percent of the contract price; or

(b) The percentage which the total of the wholesale cost of merchandise and the direct cost of services to be provided pursuant to the contract is of the total contract price.

(2) Any cemetery authority which does not file and maintain with the board a bond as provided in subsection (4) of this section shall deposit in its prearrangement trust fund fifty percent, or greater percentage as determined under subsection (1) of this section, of all moneys received in payment of each prearrangement contract, excluding sales tax and endowment care, if such charge is made.

(3) Any cemetery authority which files and maintains with the board a bond as provided in subsection (4) of this section shall deposit in its prearrangement trust fund each payment as made on the last fifty percent, or greater percentage as determined under subsection (1) of this section, of each prearrangement contract, excluding sales tax and endowment care, if such charge is made.

(4) Each cemetery authority electing to make payments to its prearrangement trust fund pursuant to subsection (3) of this section shall file and maintain with the board a bond, issued by a surety company authorized to do business in the state, in the amount by which the cemetery authority's contingent liability for refunds pursuant to RCW 68.46.060 exceeds the amount deposited in its prearrangement trust fund. The bond shall run to

(1987 Ed.)
the state and shall be conditioned that it is for the use and benefit of any person requesting a refund pursuant to RCW 68.46.060 if the cemetery authority does not promptly pay to said person the refund due pursuant to RCW 68.46.060. In addition to any other remedy, every person not promptly receiving the refund due pursuant to RCW 68.46.060 may sue the surety for the refund. The liability of the surety shall not exceed the amount of the bond. Termination or cancellation shall not be effective unless notice is delivered by the surety to the board at least thirty days prior to the date of termination or cancellation. The board shall immediately notify the cemetery authority affected by the termination or cancellation by certified mail, return receipt requested. The cemetery authority shall thereupon obtain another bond or make such other arrangement as may be satisfactory to the board to assure its ability to make refunds pursuant to RCW 68.46.060.

(5) Deposits to the prearrangement trust fund shall be made not later than the twentieth day of each month following receipt of each payment required to be deposited. If a prearrangement contract is sold, pledged, or otherwise encumbered as security for a loan by the cemetery authority, the cemetery authority shall pay into the prearrangement trust fund fifty percent of the total sale price of the prearrangement contract within twenty days of receipt of payment of the proceeds from the sale or loan.

(6) Any failure to fund a prearrangement contract as required by this section shall be grounds for revocation of the cemetery authority's prearrangement sales license. [1984 c 53 § 3; 1979 c 21 § 24; 1973 1st ex.s. c 68 § 3.]

68.46.040 Prearrangement trust funds—Deposit with qualified public depository or certain insured instruments. All prearrangement trust funds shall be deposited in a qualified public depository as defined by RCW 68.46.010 or in instruments insured by any agency of the federal government, if these securities are held in public depository. Such savings accounts shall be designated as the "prearrangement trust fund" by name and the particular cemetery authority for the benefit of the beneficiaries named in any prearrangement contract. [1987 c 331 § 50; 1973 1st ex.s. c 68 § 4.]

68.46.050 Withdrawals from trust funds. A bank, trust company, or savings and loan association designated as the depository of prearrangement funds shall permit withdrawal by a cemetery authority of all funds deposited under any specific prearrangement contract plus interest accrued thereon, under the following circumstances and conditions:

(1) If the cemetery authority files a verified statement with the depository that the prearrangement merchandise and services covered by a contract have been furnished and delivered in accordance therewith; or

(2) If the cemetery authority files a verified statement that a specific prearrangement contract has been canceled in accordance with its terms. [1973 1st ex.s. c 68 § 5.]

68.46.055 Cemetery authority may not enter into certain retail contracts which require or permit authority to furnish merchandise, services, etc., at future date—Exclusion of transactions under chapter 63.14 RCW—Prearrangement contracts—Duty of cemetery authority upon death of purchaser or owner. (1) No cemetery authority may enter into a retail contract for the purchase of debentures, shares, scrip, bonds, notes, or any instrument or evidence of indebtedness, excluding retail installment sales transactions governed by chapter 63.14 RCW, which directly or indirectly requires or permits the cemetery authority to furnish to the holder at a future date cemetery merchandise or services, or crypts, niches, or graves.

(2) A cemetery authority which enters into prearrangement contracts for the sale of unconstructed crypts or niches or undeveloped graves or which conveys undeveloped graves by gift shall maintain an adequate inventory of constructed crypts or niches and developed graves which in quality are equal to or better than the unconstructed crypts or niches, or undeveloped graves if they were constructed or developed. In the event of the death of a purchaser or owner of an unconstructed crypt or niche or undeveloped grave before the unconstructed crypt or niche or undeveloped grave is constructed or developed the cemetery authority shall provide a constructed crypt or niche or developed grave of equal or better quality without additional cost or charge. If two or more unconstructed crypts or niches or undeveloped graves are conveyed with the intention that the crypts or niches or graves shall be contiguous to each other or maintained together as a group and the death of any one purchaser or owner in such group occurs before the unconstructed crypts or niches or undeveloped graves are developed, the cemetery authority shall provide additional constructed crypts or niches or developed graves of equal or better quality contiguous to each other or together as a group as originally intended to other purchasers or owners in the group without additional cost or charge. [1984 c 53 § 8.]

68.46.060 Termination of contract by purchaser or beneficiary. Any purchaser or beneficiary or beneficiaries may, upon written demand of any cemetery authority, demand that any prearrangement contract with such cemetery authority be terminated. In such event, the cemetery authority shall within thirty days refund to such purchaser or beneficiary or beneficiaries fifty percent of the moneys received less the contractual price of any merchandise delivered or services performed before the termination plus interest earned. In any case, where, under a prearrangement contract there is more than one beneficiary, no written demand as provided in this section shall be honored by any cemetery authority unless the written demand provided for in this section shall bear the signatures of all of such beneficiaries. [1987 c 331 § 51; 1984 c 53 § 4; 1979 c 21 § 25; 1973 1st ex.s. c 68 § 6.]

68.46.070 Involuntary termination of contract—Refund. Prearrangement contracts shall terminate upon
demand of the purchaser of the contract if the cemetery authority shall go out of business, become insolvent or bankrupt, make an assignment for the benefit of creditors, or for any other reason be unable to fulfill the obligations under the contract. Upon demand by the purchaser or beneficiary or beneficiaries of any prearrangement contract, the cemetery authority shall refund one hundred percent of the original contract, less delivered services and merchandise, including funds held in deposit and interest earned thereon, unless otherwise ordered by a court of competent jurisdiction. [1987 c 331 § 52; 1979 c 21 § 26; 1973 1st ex.s. c 68 § 7.]

68.46.075 Inactive contracts—Funds transfer—Obligations. In the event the beneficiary or beneficiaries of a prearrangement contract make no claim within fifty years of the date of the contract for the merchandise and services provided in the prearrangement contract, the funds deposited in the prearrangement trust funds attributable to that contract and the interest on said funds shall be transferred to the cemetery authority's endowment fund to be used for the uses and purposes for which the endowment fund was established. However, the cemetery authority shall remain obligated for merchandise and services, unconstructed crypts or niches, and undeveloped graves under the terms of the prearrangement contract. Claims may be made for merchandise and services, unconstructed crypts or niches, and undeveloped graves on a prearrangement contract after the funds have been transferred to the endowment fund and shall be paid for from the endowment fund income to the extent of the funds attributable to the prearrangement contract. [1979 c 21 § 27.]

68.46.080 Other use of trust funds prohibited. Prearrangement trust funds shall not be used in any way, directly or indirectly, for the benefit of the cemetery authority or any director, officer, agent or employee of any cemetery authority, including, but not limited to any encumbrance, pledge, or other utilization or prearrangement trust funds as collateral or other security. [1973 1st ex.s. c 68 § 8.]

68.46.090 Financial reports—Filing—Verification. Any cemetery authority selling prearrangement merchandise or other prearrangement services shall file in its office or offices and with the cemetery board a written report upon forms prepared by the cemetery board which shall state the amount of the principle of the prearrangement trust fund or funds, the depository of such fund or funds, and cash on hand which is or may be due to such fund as well as such other information the board may deem appropriate. All information appearing on such written reports shall be revised at least annually. These reports shall be verified by the president, or the vice president, and one other officer of the cemetery authority, the accountant or auditor who prepared the report, and, if required by the board for good cause, a certified public accountant in accordance with generally accepted auditing standards. Verification of these reports by a certified public accountant in accordance with generally accepted auditing standards shall be required on reports from cemetery authorities which manage prearrangement trust funds totaling in excess of five hundred thousand dollars. [1983 c 190 § 1; 1977 ex.s. c 351 § 5; 1973 1st ex.s. c 68 § 9.]

Severability—1977 ex.s. c 351: See note following RCW 68.05.040.

68.46.100 Information to be furnished purchaser in contract—Information to be furnished purchaser of unconstructed crypts or niches or undeveloped graves. Every prearrangement contract shall contain language which informs the purchaser of the prearrangement trust fund and the amount to be deposited in the prearrangement trust fund, which shall not be less than fifty percent of the cash purchase price of the merchandise and services in the contract and shall not include charges for endowment care when included in the purchase price. Every prearrangement contract shall contain language prominently featured on the face of the contract disclosing to the purchaser what items will be delivered before need, either stored or installed, and thus not subject to funding or refund.

Every prearrangement contract for the sale of unconstructed crypts or niches or undeveloped graves and every conveyance instrument shall contain language which informs the purchaser that if the purchaser dies before the unconstructed crypt or niche or undeveloped grave is constructed or developed the cemetery authority must provide, without additional cost or charge, a constructed crypt or niche or developed grave of equal or better quality than the unconstructed crypt or niche or undeveloped grave would have been if it were constructed or developed. [1987 c 331 § 53; 1984 c 53 § 5; 1973 1st ex.s. c 68 § 10.]

68.46.110 Compliance required. No cemetery authority shall sell, offer to sell or authorize the sale of cemetery merchandise or services or accept funds in payment of any prearrangement contract, either directly or indirectly, unless such acts are performed in compliance with *this act, and under the authority of a valid, subsisting and unsuspended certificate of authority to operate a cemetery in this state by the Washington state cemetery board. [1973 1st ex.s. c 68 § 11.]

*Reviser's note: For translation of *this act* [1973 1st ex.s. c 68], see Codification Tables, Volume 0.

68.46.160 Contract forms—Filing. No cemetery authority shall use a prearrangement contract without first filing the form of such contract with the board: Provided, That the board may order the cemetery authority to cease using any prearrangement contract form which:

(3) Is being used in connection with solicitation by false, misleading or deceptive advertising or sales practices.

68.46.170 Sales licenses—Requirement. No cemetery authority shall enter into prearrangement contracts in this state unless the cemetery authority has obtained a prearrangement sales license issued by the board or its authorized representative and such license is then current and valid. When a person reported missing has not been found within thirty days, the sheriff, chief of police, or other law enforcement authority initiating and conducting the investigation for the missing person shall confer with the county coroner or medical examiner prior to the preparation of a missing person's report. After conferring with the coroner or medical examiner, the sheriff, chief of police, or other law enforcement authority shall submit a missing person's report and the dental records received under this section to the dental identification system of the state patrol *identification and criminal history section on forms supplied by the state patrol for such purpose.

When a person reported missing has been found, the sheriff, chief of police, or other law enforcement authority shall report such information to the state patrol. The dental identification system shall then erase all records with respect to such person.

The dental identification system shall maintain a file of information regarding persons reported to it as missing and who have not been reported found. The file shall contain the information referred to in this section and
such other information as the state patrol finds relevant to assist in the location of a missing person.

The files of the dental identification system shall, upon request, be made available to law enforcement agencies attempting to locate missing persons. [1984 c 17 § 18; 1983 1st ex.s. c 16 § 16. Formerly RCW 68.08.355.]

68.50.330 Identification of body or human remains by dental examination—Comparison of dental examination records with dental records of dental identification system. If the county coroner or county medical examiner investigating a death is unable to establish the identity of a body or human remains by visual means, fingerprints, or other identifying data, he or she shall have a qualified dentist, as determined by the county coroner or county medical examiner, carry out a dental examination of the body or human remains. If the county coroner or county medical examiner with the aid of the dental examination and other identifying findings is still unable to establish the identity of the body or human remains, he or she shall prepare and forward such dental examination records to the dental identification system of the state patrol *identification and criminal history section on forms supplied by the state patrol for such purposes.

The dental identification system shall act as a repository or computer center or both with respect to such dental examination records. It shall compare such dental examination records with dental records filed with it and shall determine which scoring probabilities are the highest for the purposes of identification. It shall then submit such information to the county coroner or county medical examiner who prepared and forwarded the dental examination records. [1984 c 17 § 19; 1983 1st ex.s. c 16 § 17. (2) A gift of all or part of the body under RCW 68.50.350(1), may also be made by document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card designed to be carried on the person, must be signed by the donor in the presence of two witnesses who must sign the document in his presence. shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body.

(2) The time of death shall be determined by a physician who tends the donor at his death, or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting a part.

(3) A person who acts in good faith in accord with the terms of RCW 68.50.340 through 68.50.420 or with the anatomical gift laws of another state (or a foreign country) is not liable for damages in any civil action or subject to prosecution in any criminal proceeding for his act.

(4) The provisions of RCW 68.50.340 through 68.50.420 are subject to the laws of this state prescribing powers and duties with respect to autopsies. [1987 c 331 § 69; 1969 c 80 § 9. Formerly RCW 68.08.600.]

68.50.500 Identification of potential donors—Hospital procedures. Each hospital shall develop procedures for identifying potential organ and tissue donors. The procedures shall require that any deceased individual's next of kin or other individual, as set forth in RCW 68.50.350, at or near the time of notification of death be asked whether the deceased was an organ donor. If not, the family shall be informed of the option to donate organs and tissues pursuant to the uniform anatomical gift act. With the approval of the designated next of kin or other individual, as set forth in RCW 68.50.350, the hospital shall then notify an established eye bank, tissue bank, or organ procurement agency including those organ procurement agencies associated with a national organ procurement transportation network or other eligible donee, as specified in RCW 68.50.360, and cooperate in the procurement of the anatomical gift or gifts. The procedures shall encourage reasonable discretion and sensitivity to the family circumstances in all discussions regarding donations of tissue or organs. The procedures may take into account the deceased individual's religious beliefs or obvious nonsuitability for organ and tissue donation. Laws pertaining to the jurisdiction of the coroner shall be complied with in all cases of reportable deaths pursuant to RCW 68.50.010. [1987 c 331 § 71; 1986 c 129 § 1. Formerly RCW 68.08.650.]

68.54.010 Annexation—Petition—Procedure. Any territory contiguous to a cemetery district and not within the boundaries of a city or town other than as set forth in RCW 68.52.210 or other cemetery district may be annexed to such cemetery district by petition of fifteen percent of the qualified registered electors residing within the territory proposed to be annexed. Such petition shall be filed with the cemetery commissioners of the cemetery district and if the said cemetery commissioners shall concur in the said petition they shall then file such petition with the county auditor who shall within thirty days from the date of filing such petition examine the signatures thereof and certify to the sufficiency or insufficiency thereof. After the county auditor shall have certified to the sufficiency of the petition, the proceedings thereafter by the board of county commissioners, and the rights and powers and duties of the board of county commissioners, petitioners and objectors and the election and canvass thereof shall be the same as in the original proceedings to form a cemetery district: Provided, That the board of county commissioners shall have authority and it shall be its duty to determine on an equitable basis, the amount of obligation which the territory to be annexed to the district shall assume, if any, to place the taxpayers of the existing district on a fair and equitable relationship with the taxpayers of the territory to be annexed by reason of the benefits of coming into a going district previously supported by the taxpayers of the existing district, and such obligation may be paid to the district in yearly installments to be fixed by the county board if within the limits as outlined in RCW 68.52.310 and included in the annual tax levies against the property in such annexed territory until fully paid. The amount of the obligation and the plan of payment thereof filed by the county board shall be set out in general terms in the notice of election for annexation: Provided, That the special election shall be held only within the boundaries of the territory proposed to be annexed to said cemetery district. Upon the entry of the order of the board of county commissioners incorporating such contiguous territory within such existing cemetery district, said territory shall become subject to the indebtedness, bonded or otherwise, of said existing district in like manner as the territory of said district. Should such petition be signed by sixty percent of the qualified registered electors residing within the territory proposed to be annexed, and should the cemetery commissioners concur therein, an election in such territory and a hearing on such petition shall be dispensed with and the board of county commissioners shall enter its order incorporating such territory within the said existing cemetery district. [1987 c 331 § 74; 1969 ex.s. c 78 § 1. Formerly RCW 68.18.010.]

68.54.020 Merger—Authorized. A cemetery district organized under *chapter 68.16 RCW may merge
with another such district lying adjacent thereto, upon such terms and conditions as they agree upon, in the manner hereinafter provided. The district desiring to merge with another district shall hereinafter be called the "merging district", and the district into which the merger is to be made shall be called the "merger district". [1969 ex.s. c 78 § 2. Formerly RCW 68.18.020.]

*Reviser's note: Chapter 68.16 RCW was recodified as chapter 68.52 RCW pursuant to 1987 c 331 § 89.

68.54.030 Merger—Petition—Procedure—Contents. To effect such a merger, a petition therefor shall be filed with the board of the merger district by the commissioners of the merging district. The commissioners of the merging district may sign and file the petition upon their own initiative, and they shall file such a petition when it is signed by fifteen percent of the qualified electors resident in the merging district and presented to them. The petition shall state the reasons for the merger; give a detailed statement of the district’s finances, listing its assets and liabilities; state the terms and conditions under which the merger is proposed; and pray for the merger. [1969 ex.s. c 78 § 3. Formerly RCW 68.18.030.]

68.54.040 Merger—Petition—Rejection, concurrence or modification—Signatures. The board of the merger district may, by resolution, reject the petition, or it may concur therein as presented, or it may modify the terms and conditions of the proposed merger, and shall transmit the petition, together with a copy of its resolution thereon to the merging district. If the petition is concurred in as presented or as modified, the board of the merging district shall forthwith present the petition to the auditor of the county in which the merging district is situated, who shall within thirty days examine the signatures thereon and certify to the sufficiency or insufficiency thereof, and for that purpose he shall have access to all registration officers of the election precincts included, in whole or in part, within the merging district. Such books and records shall be prima facie evidence of truth of the certificate. No signatures may be withdrawn from the petition after the filing. [1969 ex.s. c 78 § 4. Formerly RCW 68.18.040.]

68.54.050 Merger—Petition—Special election. If the auditor finds that the petition contains the signatures of a sufficient number of qualified electors, he shall return it, together with his certificate of sufficiency attached thereto, to the board of the merging district. Thereupon such board shall adopt a resolution, calling a special election in the merging district, at which shall be submitted to the electors thereof, the question of the merger. [1969 ex.s. c 78 § 5. Formerly RCW 68.18.050.]

68.54.060 Merger—Petition—Election—Vote required—Merger effected. The board of [the] merging district shall notify the board of the merger district of the results of the election. If three-fifths of the votes cast at the election favor the merger, the respective district boards shall adopt concurrent resolutions, declaring the districts merged, under the name of the merger district. Thereupon the districts are merged into one district, under the name of the merger district; the merging district is dissolved without further proceedings; and the boundaries of the merger district are thereby extended to include all the area of the merging district. Thereafter the legal existence cannot be questioned by any person by reason of any defect in the proceedings had for the merger. [1969 ex.s. c 78 § 6. Formerly RCW 68.18.060.]

68.54.070 Merger—Petition—When election dispensed with. If three-fifths of all the qualified electors in the merging district sign the petition to merge, no election on the question of the merger is necessary. In such case the auditor shall return the petition, together with his certificate of sufficiency attached thereto, to the board of the merging district. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of merger in the same manner and to the same effect as if the merger had been authorized by an election. [1969 ex.s. c 78 § 7. Formerly RCW 68.18.070.]

68.54.080 Merger—Preexisting obligations. None of the obligations of the merged districts or of a local improvement district therein shall be affected by the merger and dissolution, and all land liable to be assessed to pay any of such indebtedness shall remain liable to the same extent as if the merger had not been made, and any assessments theretofore levied against the land shall remain unimpaired and shall be collected in the same manner as if no merger had been made. The commissioners of the merged district shall have all the powers possessed at the time of the merger by the commissioners of the two districts, to levy, assess and cause to be collected all assessments against any land in both districts which may be necessary to provide for the payment of the indebtedness thereof, and until the assessments are collected and all indebtedness of the districts paid, separate funds shall be maintained for each district as were maintained before the merger: Provided, That the board of the merged district may, with the consent of the creditors of the districts merged, cancel any or all assessments theretofore levied, in accordance with the terms and conditions of the merger, to the end that the lands in the respective districts shall bear their fair and proportionate share of such indebtedness. [1969 ex.s. c 78 § 8. Formerly RCW 68.18.080.]

68.54.090 Merger—Transfer of all property, funds, assessments. The commissioners of the merging district shall, forthwith upon completion of the merger, transfer, convey, and deliver to the merged district all property and funds of the merging district, together with all interest in and right to collect any assessments theretofore levied. [1969 ex.s. c 78 § 9. Formerly RCW 68.18.090.]
68.54.100 Merger and transfer of part of one district to adjacent district—Petition—Election—Vote. A part of one district may be transferred and merged with an adjacent district whenever such area can be better served by the merged district. To effect such a merger a petition, signed by not less than fifteen percent of the qualified electors residing in the area to be merged, shall be filed with the commissioners of the merging district. Such petition shall be presented to one or more qualified electors within the area to be transferred. If the commissioners of the merging district act favorably upon the petition, then the petition shall be presented to the commissioners of the merger district. If the commissioners of the merger district act favorably upon the petition, an election shall be called in the area merged.

In the event that either board of cemetery commissioners should not concur with the petition, the petition may then be presented to a county review board established for such purposes, if there be no county review board for such purposes then to the state review board and if there be no state review board, then to the county commissioners of the county in which the area to be merged is situated, who shall decide if the area can be better served by such a merger; upon an affirmative decision an election shall be called in the area merged.

A majority of the votes cast shall be necessary to approve the transfer. [1969 ex.s. c 78 § 10. Formerly RCW 68.18.100.]

68.54.110 Merger and transfer of part of one district to adjacent district—When election dispensed with. If three-fifths of all the qualified electors in the area to be merged sign a petition to merge the districts, no election on the question of the merger is necessary, in which case the auditor shall return the petition, together with his certificate of sufficiency attached thereto, to the boards of the merging districts. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of transfer in the same manner and to the same effect as if the same had been authorized by an election. [1969 ex.s. c 78 § 11. Formerly RCW 68.18.110.]

68.54.120 Merger and transfer of part of one district to adjacent district—Preexisting indebtedness. When a part of one cemetery district is transferred to another as provided by RCW 68.54.100 and 68.54.110, said part shall be relieved of all liability for any indebtedness of the district from which it is withdrawn. However, the acquiring district shall pay to the losing district that portion of the latter's indebtedness for which the transferred part was liable. This amount shall not exceed the proportion that the assessed valuation of the transferred part bears to the assessed valuation of the whole district from which said part is withdrawn. The adjustment of such indebtedness shall be based on the assessment for the year in which the transfer is made. The boards of commissioners of the districts involved in the said transfer and merger shall enter into a contract for the payment by the acquiring district of the above-referred to indebtedness under such terms as they deem proper, provided such contract shall not impair the security of existing creditors. [1987 c 331 § 75; 1969 ex.s. c 78 § 12. Formerly RCW 68.18.120.]

In prescribing any standard of fill of container, consideration shall be given to and due allowance shall be made for product or volume shrinkage or expansion unavoidable in good commercial practice, and need for packing and protective material. In prescribing any standard of quality for any canned fruit or canned vegetable, consideration shall be given to and due allowance shall be made for the differing characteristics of the several varieties thereof. the conditions of the permit, as originally issued or as amended. [1945 c 257 § 54; Rem. Supp. 1945 § 6163–103.]

69.04.370 Right of access for inspection. Any officer or employee duly designated by the director shall have access to any factory or establishment, the operator of which holds a permit from the director, for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator. [1945 c 257 § 55; Rem. Supp. 1945 § 6163–104.]

69.04.380 Food exempt if in transit for completion purposes. Food which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where it was originally processed or packed, is exempted from the affirmative labeling requirements of this chapter, while it is in transit in interstate commerce from the one establishment to the other, if such transit is made in good faith for such completion purposes only; but it is otherwise subject to all the applicable provisions of this chapter. [1945 c 257 § 56; Rem. Supp. 1945 § 6163–105.]

69.04.390 Regulations permitting tolerance of harmful matter. Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof or cannot be avoided by good manufacturing practice, shall be deemed unsafe for purposes of the application of clause (2)(a) of RCW 69.04.210; but when such substance is so required or cannot be so avoided, the director shall promulgate regulations limiting the quantity therein or thereon to such extent as he finds necessary for the protection of public health, and any quantity exceeding the limits so fixed shall also be deemed unsafe for purposes of the application of clause (2)(a) of RCW 69.04.210. While such a regulation is in effect limiting the quantity of any such substance in the case of any food, such food shall not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within the meaning of clause (1) of RCW 69.04.210. While a tolerance or exemption from tolerance is in effect for a pesticide chemical with respect to any raw agricultural commodity, such raw agricultural commodity shall not, by reason of bearing or containing any added amount of such pesticide chemical, be considered to be adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 408 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, setting forth the tolerances for pesticide chemicals in or on any raw agricultural commodity, are hereby adopted as the regulations for tolerances applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to such federal regulations for tolerances, including exemption from tolerance and zero tolerances, to the extent necessary to protect the public health. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein tolerances for pesticides, exemptions, and zero tolerances, upon his own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such regulation.

(3) In adopting any new or amended tolerances by regulation issued pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the necessity for the production of an adequate, wholesome, and economical food supply; (c) the other ways in which the consumer may be affected by the same pesticide chemical or by other related substances that are poisonous or deleterious; and (d) the opinion of experts qualified by scientific training and

69.04.396 Regulations permitting tolerance of harmful matter—Color additives. (1) A color additive shall, with respect to any particular use or intended use of such additive, be deemed unsafe for the purpose of the application of clause (2)(c) of RCW 69.04.210, unless:

(a) It and its use or intended use conform to the terms of an exemption granted, pursuant to a regulation under subsection (2) hereof providing for the exemption from the requirements of this section for any food additive, and any food bearing or containing such additive, intended solely for investigational use by qualified experts when in the director's opinion such exemption is consistent with the public health; or

(b) There is in effect, and it and its use or intended use are in conformity with a regulation issued or effective under subsection (2) hereof prescribing the conditions under which such additive may be safely used.

While such a regulation relating to a food additive is in effect, a food shall not, by reason of bearing or containing such an additive in accordance with the regulation, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 409 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, prescribing the conditions under which such food additive may be safely used, are hereby adopted as the regulations applicable to this chapter: Provided, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe the conditions under which a food additive may be safely used and exemptions where such food additive is to be used solely for investigational purposes; either upon his own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect of such additive in the diet of man or animals, taking into account any chemically or pharmacologically related substance or substances in such diet; and (d) safety factors which in the opinion of experts qualified by scientific training and experience to evaluate the safety of food additives are generally recognized as appropriate for the use of animal experimentation data.

Purpose of section: See RCW 69.04.398.
the probable consumption of, or other relevant exposure from, the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect, if any, of such additive in the diet of man or animals, taking into account the same or any chemically or pharmacologically related substance or substances in such diet; (d) safety factors which, in the opinion of experts qualified by scientific training and experience to evaluate the safety of color additives for the use or uses for which the additive is proposed to be listed, are generally recognized as appropriate for the use of animal experimentation data; (e) the availability of any needed practicable methods of analysis for determining the identity and quantity of (i) the pure dye and all intermediates and other impurities contained in such color additives, (ii) such additive in or on any article of food, and (iii) any substance formed in or on such article because of the use of such additive; and (f) the conformity by the manufacturer with the established standards in the industry relating to the proper formation of such color additive so as to result in a finished product safe for use as a color additive. The director may, however, within thirty days of the publication of the adoption of any such regulation under the federal food, drug and cosmetic act give public notice that a hearing will be held to determine if such regulation shall be applicable under the provisions of RCW 69.04.110, 69.04.392, 69.04.394, and 69.04.396. Such hearing shall be in accord with the requirements of chapter 34.04 RCW as enacted or hereafter amended.

Such determination as to strength, quality or purity shall be made in accordance with the tests or methods of assay set forth in such compendium or prescribed by regulations promulgated under section 501(b) of the federal act. No drug defined in an official compendium shall be deemed to be adulterated under this section because it differs from the standard of strength, quality, or purity therefor set forth in such compendium, if its difference in strength, quality, or purity from such standard is plainly stated on its label. Whenever a drug is recognized in both the United States pharmacopoeia and the homeopathic pharmacopoeia of the United States, it shall be subject to the requirements of the United States pharmacopoeia unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the homeopathic pharmacopoeia of the United States and not to those of the United States pharmacopoeia. 69.25.010 Legislative finding. Eggs and egg products are an important source of the state’s total supply of food, and are used in food in various forms. They are consumed throughout the state and the major portion thereof moves in intrastate commerce. It is essential, in the public interest, that the health and welfare of consumers be protected by the adoption of measures prescribed herein for assuring that eggs and egg products distributed to them and used in products consumed by them are wholesome, otherwise not adulterated, and properly labeled and packaged. Lack of effective regulation for the handling or disposition of unwholesome, otherwise adulterated, or improperly labeled or packaged egg products and certain qualities of eggs is injurious to the public welfare and destroys markets for wholesome, unadulterated, and properly labeled and packaged eggs and egg products and results in sundry losses to producers and processors, as well as injury to consumers. Unwholesome, otherwise adulterated, or improperly labeled or packaged products can be sold at lower prices and compete unfairly with the wholesome, unadulterated, and properly labeled and packaged products, to the detriment of consumers and the public generally. It is hereby found that all egg products and the qualities of eggs which are regulated under this chapter are either in intrastate commerce, or substantially affect such commerce, and that regulation by the director, as contemplated by this chapter, is appropriate to protect the health and welfare of consumers. [1975 1st ex.s. c 201 § 2.]
69.25.020 Definitions. When used in this chapter the following terms shall have the indicated meanings, unless the context otherwise requires:

   (b) If it bears or contains any added poisonous or added deleterious substance (other than one which is: (i) A pesticide chemical in or on a raw agricultural commodity; (ii) a food additive; or (iii) a color additive) which may, in the judgment of the director, make such article unfit for human food;

   (f) If it consists in whole or in part of any filthy, putrid, or decomposed substance, or if it is otherwise unfit for human food;

69.25.080 Continuous inspection at processing plants—Exemptions—Condemnation and destruction of adulterated eggs and egg products—Reprocessing—Appeal—Inspections of egg handlers. (1) For the purpose of preventing the entry into or movement in intrastate commerce of any egg product which is capable of use as human food and is misbranded or adulterated, the director shall, whenever processing operations are being conducted, unless under inspection by the United States department of agriculture, cause continuous inspection to be made, in accordance with the regulations promulgated under this chapter, of the processing of egg products, in each plant processing egg products for commerce, unless exempted under RCW 69.25.170. Without restricting the application of the preceding sentence to other kinds of establishments within its provisions, any food manufacturing establishment, institution, or restaurant which uses any eggs that do not meet the requirements of RCW 69.25.170(1)(a) in the preparation of any articles for human food, shall be deemed to be a plant processing egg products, with respect to such operations.
(2) The director, at any time, shall cause such retention, segregation, and reinspection as he deems necessary of eggs and egg products capable of use as human food in each official plant.
(3) Eggs and egg products found to be adulterated at official plants shall be condemned, and if no appeal be taken from such determination or condemnation, such articles shall be destroyed for human food purposes under the supervision of an inspector: Provided, That articles which may by reprocessing be made not adulterated need not be condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not adulterated. If the director has reason to believe that any labeling or the size or form of any container in use or proposed for use with respect to egg products at any official plant is false or misleading in any particular, he may direct that such use be withheld unless the labeling or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person using or proposing to use the labeling or container does not accept the determination of the director, such person may request a hearing, but the use of the labeling or container shall, if the director so directs, be withheld pending hearing and final determination by the director. Any such determination by the director shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person adversely affected thereby appeals to the superior court in the county in which such person has its principal place of business. The board shall identify, by rule-making pursuant to chapter 34.04 RCW, those drugs which may be dispensed only on prescription or are restricted to use by practitioners, only. In so doing the board shall consider the toxicity or other potentiality for harmful effect of the drug, the method of its use, and any collateral safeguards necessary to its use. The board shall classify a drug as a legend drug where these considerations indicate the drug is not safe for use except under the supervision of a practitioner.

In identifying legend drugs the board may incorporate in its rules lists of drugs contained in commercial pharmaceutical publications by making specific reference to each such list and the date and edition of the commercial publication containing it. Any such lists so incorporated shall be available for public inspection at the headquarters of the state board of pharmacy and shall be available on request from the board upon payment of a reasonable fee to be set by the board. [1979 ex.s. c 139 § 3.]
SUBSTITUTION OF PRESCRIPTION DRUGS

69.41.100  Legislative recognition and declaration.  The legislature recognizes the responsibility of the state to insure that the citizens of the state are offered a choice between generic drugs and brand name drugs and the benefit of quality pharmaceutical products at competitive prices. Advances in the drug industry resulting from research and the elimination of counterfeiting of prescription drugs should benefit the users of the drugs. Pharmacy must continue to operate with accountability and effectiveness. The legislature hereby declares it to be the policy of the state that its citizens receive safe and therapeutically effective drug products at the most reasonable cost consistent with high drug quality standards. [1986 c 52 § 1; 1977 ex.s. c 352 § 1.]

Severability—1977 ex.s. c 352: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 352 § 10.] This applies to RCW 69.41.100 through 69.41.180.

69.41.110  Definitions.  As used in RCW 69.41.100 through 69.41.180, the following words shall have the following meanings:

1) "Brand name" means the proprietary or trade name selected by the manufacturer and placed upon a drug, its container, label, or wrapping at the time of packaging;

2) "Generic name" means the official title of a drug or drug ingredients published in the latest edition of a nationally recognized pharmacopoeia or formulary;

3) "Substitute" means to dispense, with the practitioner's authorization, a "therapeutically equivalent" drug product of the identical base or salt as the specific drug product prescribed:

Provided, That with the practitioner's prior consent, therapeutically equivalent drugs other than the identical base or salt may be dispensed;

4) "Therapeutically equivalent" means essentially the same efficacy and toxicity when administered to an individual in the same dosage regimen; and

5) "Practitioner" means a physician, osteopathic physician and surgeon, dentist, veterinarian, or any other person authorized to prescribe drugs under the laws of this state. [1979 c 110 § 1; 1977 ex.s. c 352 § 2.]

69.41.120  Prescriptions to contain instruction as to whether or not a therapeutically equivalent generic drug may be substituted—Form—Contents—Procedure.  Every drug prescription shall contain an instruction on whether or not a therapeutically equivalent generic drug may be substituted in its place, unless substitution is permitted under a prior—consent authorization.

If a written prescription is involved, the form shall have two signature lines at opposite ends on the bottom of the form. Under the line at the right side shall be clearly printed the words "DISPENSE AS WRITTEN". Under the line at the left side shall be clearly printed the words "SUBSTITUTION PERMITTED". The practitioner shall communicate the instructions to the pharmacist by signing the appropriate line. No prescription shall be valid without the signature of the practitioner on one of these lines.

If an oral prescription is involved, the practitioner or the practitioner's agent shall instruct the pharmacist as to whether or not a therapeutically equivalent generic drug may be substituted in its place. The pharmacist shall note the instructions on the file copy of the prescription.

The pharmacist shall note the manufacturer of the drug dispensed on the file copy of a written or oral prescription. [1979 c 110 § 2; 1977 ex.s. c 352 § 3.]

69.41.130  Savings in price to be passed on to purchaser.  Unless the brand name drug is requested by the patient or the patient's representative, the pharmacist shall substitute an equivalent drug product which he has in stock if its wholesale price to the pharmacist is less than the wholesale price of the prescribed drug product, and at least sixty percent of the savings shall be passed on to the purchaser. [1986 c 52 § 2; 1979 c 110 § 3; 1977 ex.s. c 352 § 4.]

69.41.140  Minimum manufacturing standards and practices.  A pharmacist may not substitute a product under the provisions of this section unless the manufacturer has shown that the drug has been manufactured with the following minimum good manufacturing standards and practices:

1) Maintain quality control standards equal to those of the Food and Drug Administration;

2) Comply with regulations promulgated by the Food and Drug Administration. [1979 c 110 § 4; 1977 ex.s. c 352 § 5.]

69.41.150  Liability of practitioner, pharmacist.  (1)  A practitioner who authorizes a prescribed drug shall not be liable for any side effects or adverse reactions caused by the manner or method by which a substituted drug product is selected or dispensed.

2)  A pharmacist who substitutes an equivalent drug product pursuant to RCW 69.41.100 through 69.41.180 as now or hereafter amended assumes no greater liability for selecting the dispensed drug product than would be incurred in filling a prescription for a drug product prescribed by its established name. [1979 c 110 § 5; 1977 ex.s. c 352 § 6.]

69.41.160  Pharmacy signs as to substitution for prescribed drugs.  Every pharmacy shall post a sign in a location at the prescription counter that is readily visible to patrons stating, "Under Washington law, an equivalent but less expensive drug may in some cases be substituted for the drug prescribed by your doctor. Such substitution, however, may only be made with the consent of your doctor. Please consult your pharmacist or physician for more information." [1979 c 110 § 6; 1977 ex.s. c 352 § 7.]

69.41.170  Coercion of pharmacist prohibited—Penalty.  It shall be unlawful for any employer to coerce,
within the meaning of RCW 9A.36.070, any pharmacist
to dispense a generic drug or to substitute a generic drug
for another drug. A violation of this section shall be

limited to, a list of therapeutically or nontherapeutically
equivalent drugs which, when adopted, shall be provided
to all registered pharmacists in the state and shall be
updated as necessary. [1979 c 110 § 7; 1977 ex.s. c 352

ARTICLE II
STANDARDS AND SCHEDULES

69.50.201 Administration of chapter—Authority to change schedules of controlled substances. (a) The state board of pharmacy shall administer this chapter and may add substances to or delete or reschedule all substances enumerated in the schedules in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, or 69.50.212 pursuant to the rule-making procedures of chapter 34.04 RCW.
In making a determination regarding a substance, the board shall consider the following:

1. the actual or relative potential for abuse;
2. the scientific evidence of its pharmacological effect, if known;
3. the state of current scientific knowledge regarding the substance;
4. the history and current pattern of abuse;
5. the scope, duration, and significance of abuse;
6. the risk to the public health;
7. the potential of the substance to produce psychic or physiological dependence liability; and
8. whether the substance is an immediate precursor of a substance already controlled under this Article.

(b) After considering the factors enumerated in subsection (a) the board may issue a rule controlling the substance if it finds the substance has a potential for abuse.

(c) If the board designates a substance as an immediate precursor, substances which are precursors of the controlled precursor shall not be subject to control solely because they are precursors of the controlled precursor.

(d) If any substance is designated, rescheduled, or deleted as a controlled substance under federal law and notice thereof is given to the board, the substance shall be similarly controlled under this chapter after the expiration of thirty days from publication in the Federal Register of a final order designating a substance as a controlled substance or rescheduling or deleting a substance, unless within that thirty day period, the board objects to inclusion, rescheduling, or deletion. In that case, the board shall proceed pursuant to the rule-making procedures of chapter 34.04 RCW.

(e) Authority to control under this section does not extend to distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Title 66 RCW and Title 26 RCW.

(f) The board shall exclude any nonnarcoic substances from a schedule if such substances may, under the Federal Food, Drug and Cosmetic Act, and under regulations of the drug enforcement administration, and the laws of this state including RCW 18.64.250, be lawfully sold over the counter.

(g) On or before December 1 of each year, the board shall inform the committees of reference of the legislature of the controlled substances added, deleted, or changed on the schedules specified in this chapter and which includes an explanation of these actions. [1986 c 124 § 2; 1971 ex.s. c 308 § 69.50.201.]

(b) Registration under subsection (a) does not entitle a registrant to manufacture and distribute controlled substances in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The board need not require separate registration under this Article for practitioners engaging in research with nonnarcotic controlled substances in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with Schedule I substances may conduct research with Schedule I substances within this state upon furnishing the board evidence of that federal registration.

(d) Compliance by manufacturers and distributors with the provisions of the federal law respecting registration entitles them to be registered under this chapter upon application and payment of the required fee. [1971 ex.s. c 308 § 69.50.303.]

69.50.304 Revocation and suspension of registration. (a) A registration, or exemption from registration, under RCW 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the state board of pharmacy upon a finding that the registrant:

(1) has furnished false or fraudulent material information in any application filed under this chapter;

(2) has been found guilty of a felony under any state or federal law relating to any controlled substance;

(3) has had his federal registration suspended or revoked to manufacture, distribute, or dispense controlled substances; or

(4) has violated any state or federal rule or regulation regarding controlled substances.

(b) The board may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the board suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application therefor, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The board shall promptly notify the drug enforcement administration of all orders suspending or revoking registration and all forfeitures of controlled substances. [1986 c 124 § 8; 1971 ex.s. c 308 § 69.50.304.]

69.50.305 Procedure for denial, suspension or revocation of registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this chapter shall not be denied, suspended, or revoked unless the board denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.04 RCW.

(b) The board may suspend any registration simultaneously with the institution of proceedings under RCW 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the board or dissolved by a court of competent jurisdiction. [1971 ex.s. c 308 § 69.50.305.]

69.50.306 Records of registrants. Persons registered, or exempted from registration under RCW 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the record-keeping and inventory requirements of federal law and with any additional rules the state board of pharmacy issues. [1971 ex.s. c 308 § 69.50.306.]

69.50.307 Order forms. Controlled substances in Schedule I and II shall be distributed by a registrant or person exempt from registration under RCW 69.50.302(d) to another registrant, or person exempt from registration under RCW 69.50.302(d), only pursuant to an order form. Compliance with the provisions of federal law respecting order forms shall be deemed compliance with this section. [1971 ex.s. c 308 § 69.50.307.]

69.50.308 Prescriptions. (a) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, no controlled substance in Schedule II may be dispensed without the written prescription of a practitioner.

(b) In emergency situations, as defined by rule of the state board of pharmacy, Schedule II drugs may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of RCW 69.50.306. No prescription for a Schedule II substance may be refilled.
(c) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance to an ultimate user, a controlled substance included in Schedule III or IV, which is a prescription drug as determined under RCW 69.04.560, shall not be dispensed without a written or oral prescription of a practitioner. Any oral prescription must be promptly reduced to writing. The prescription shall not be filled or refilled more than six months after the date thereof or be refilled more than five times, unless renewed by the practitioner.

(d) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter; and the person who knows or should know that he is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(e) A controlled substance included in Schedule V shall not be distributed or dispensed other than for a medical purpose. [1971 ex.s. c 308 § 69.50.308.]

69.50.309 Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him by the person selling or dispensing the same. [1971 ex.s. c 308 § 69.50.309.]

69.50.310 Sodium pentobarbital—Registration of humane societies and animal control agencies for use in animal control. On and after September 21, 1977, a humane society and animal control agency may apply to the state board of pharmacy for registration pursuant to the applicable provisions of this chapter for the sole purpose of being authorized to purchase, possess, and administer sodium pentobarbital to euthanize injured, sick, homeless, or unwanted domestic pets and animals. Any agency so registered shall not permit a person to administer sodium pentobarbital unless such person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering this drug.

The board may issue a limited registration to carry out the provisions of this section. The board shall promulgate such rules as it deems necessary to insure strict compliance with the provisions of this section. The board may suspend or revoke registration upon determination that the person administering sodium pentobarbital has not demonstrated adequate knowledge as herein provided. This authority is granted in addition to any other power to suspend or revoke registration as provided by law. [1977 ex.s. c 197 § 1.]

69.50.311 Triplicate prescription form program—Compliance by health care practitioners. Any licensed health care practitioner with prescription or dispensing authority shall, as a condition of licensure and as directed by the practitioner’s disciplinary board, consent to the requirement, if imposed, of complying with a triplicate prescription form program as may be established by rule by the department of licensing.    (a) places where persons registered or exempted from registration requirements under this chapter are required to keep records; and
   (b) places including factories, warehouses, establishments, and conveyances in which persons registered or exempted from registration requirements under this chapter are permitted to hold, manufacture, compound, process, sell, deliver, or otherwise dispose of any controlled substance.

The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, of the seizure and intended forfeiture of the seized property. The notice may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(d) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(4) or (a)(7) of this section within forty-five days of the seizure, the item seized shall be deemed forfeited.

(e) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(4) or (a)(7) of this section within forty-five days of the seizure, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value

[Title 69 RCW—p 68]
of the article or articles involved is more than five hundred dollars. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of items specified in subsection (a)(4) or (a)(7) of this section. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (a)(4) or (a)(7) of this section.

Fifty percent of the money remaining after payment of such expenses shall be deposited in the general fund of the state, county, and/or city of the seizing law enforcement agency, and fifty percent shall be remitted to the state treasurer for deposit in the public safety and education account established in RCW 43.08.250;

[1979 c 136 § 5.]

69.51.060 Sources and distribution of marijuana. [Title 69 RCW—p 72] (1987 Ed.)
69.52.010 Legislative findings. The legislature finds that imitation controlled substances are being manufactured to imitate the appearance of the dosage units of controlled substances for sale to school age youths and others to facilitate the fraudulent sale of controlled substances. The legislature further finds that manufacturers are endeavoring to profit from the manufacture of these imitation controlled substances while avoiding liability by accurately labeling the containers or packaging which contain these imitation controlled substances. The close similarity of appearance between dosage units of imitation controlled substances and controlled substances is indicative of a deliberate and willful attempt to profit by deception without regard to the tragic human consequences. The use of imitation controlled substances is responsible for a growing number of injuries and deaths, and the legislature hereby declares that this chapter is necessary for the protection and preservation of the public health and safety. [1982 c 171 § 2.]

69.52.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled substance" means a substance as that term is defined in chapter 69.50 RCW.

(2) "Distribute" means the actual or constructive transfer (or attempted transfer) or delivery or dispensing to another of an imitation controlled substance.

(3) "Imitation controlled substance" means a substance that is not a controlled substance, but which by appearance or representation would lead a reasonable person to believe that the substance is a controlled substance. Appearance includes, but is not limited to, color, shape, size, and markings of the dosage unit. Representation includes, but is not limited to, representations or factors of the following nature:

(a) Statements made by an owner or by anyone else in control of the substance concerning the nature of the substance, or its use or effect;

(b) Statements made to the recipient that the substance may be resold for inordinate profit; or

(c) Whether the substance is packaged in a manner normally used for illicit controlled substances.

(4) "Manufacture" means the production, preparation, compounding, processing, encapsulating, packaging or repackaging, or labeling or relabeling of an imitation controlled substance. [1982 c 171 § 3.]

69.52.030 Violations—Exceptions. (1) It is unlawful for any person to manufacture, distribute, or possess with intent to distribute, an imitation controlled substance. Any person who violates this subsection shall, upon conviction, be guilty of a class C felony.

(2) Any person eighteen years of age or over who violates subsection (1) of this section by distributing an imitation controlled substance to a person under eighteen years of age is guilty of a class B felony.

(3) It is unlawful for any person to cause to be placed in any newspaper, magazine, handbill, or other publication, or to post or distribute in any public place, any advertisement or solicitation offering for sale imitation controlled substances. Any person who violates this subsection is guilty of a class C felony.

(4) No civil or criminal liability shall be imposed by virtue of this chapter on any person registered under the Uniform Controlled Substances Act pursuant to RCW 69.50.301 or 69.50.303 who manufactures, distributes, or possesses an imitation controlled substance for use as a placebo or other use by a registered practitioner, as defined in RCW 69.50.101(1), in the course of professional practice or research.

(5) No prosecution under this chapter shall be dismissed solely by reason of the fact that the dosage units were contained in a bottle or other container with a label accurately describing the ingredients of the imitation controlled substance dosage units. The good faith of the defendant shall be an issue of fact for the trier of fact. [1983 1st ex.s. c 4 § 5; 1982 c 171 § 4.]

Severability—1983 1st ex.s. c 4: See note following RCW 9A.48.070.

69.52.040 Seizure of contraband. Imitation controlled substances shall be subject to seizure, forfeiture, and disposition in the same manner as are controlled substances under RCW 69.50.505. [1982 c 171 § 5.]

69.52.050 Injunctive action by attorney general authorized. The attorney general is authorized to apply for injunctive action against a manufacturer or distributor of imitation controlled substances in this state. [1982 c 171 § 6.]

69.52.060 Injunctive or other legal action by manufacturer of controlled substances authorized. Any manufacturer of controlled substances licensed or registered in a state requiring such licensure or registration, may bring injunctive or other action against a manufacturer or distributor of imitation controlled substances in this state. [1982 c 171 § 7.]

69.52.900 Severability—1982 c 171. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter or the application of the provision to other persons or circumstances is not affected. [1982 c 171 § 8.]

69.52.901 Effective date—1982 c 171. This act shall take effect on July 1, 1982. [1982 c 171 § 10.]

Alcoholism and drug addiction and support act: Chapter 74.50 RCW.

69.54.010 Purpose. It is the purpose of this chapter to provide the financial assistance necessary to enable the department of social and health services to offer a meaningful program of rehabilitation for those persons suffering problems related to narcotic drugs, dangerous drugs, and alcohol and to develop a program to educate the citizens of the state about these problems. Such programs can develop in the people of this state a knowledge of the problems caused by alcohol and drug abuse, an acceptance of responsibility for alcohol and drug related problems, an understanding of the causes and consequences of the use and abuse of alcohol and drugs, and thus may prevent many problems from occurring.

It is the further purpose of this chapter to provide for qualified drug treatment centers approved by the department of social and health services.

The state of Washington declares that there is no fundamental right to methadone treatment. The state of Washington further declares that methadone is an addictive substance, that it nevertheless has several legal, important, and justified uses and that one of its appropriate and legal uses is, in conjunction with other required therapeutic procedures, in the drug treatment of persons addicted to or habituated to opioids.

Because methadone is addictive and listed as a schedule II controlled substance in chapter 69.50 RCW, the state of Washington and authorizing counties on behalf of their citizens have the legal obligation and right to regulate the use of methadone. The state of Washington hereby declares its authority to control and regulate carefully, in cooperation with the authorizing counties, all clinical uses of methadone in the treatment of opioid addiction. Further, the state declares that the goal of methadone treatment is drug-free living for the individuals who participate in the drug treatment program. [1987 c 410 § 1; 1982 c 193 § 13; 1971 ex.s. c 304 § 1.]

The several state agencies processing applications for the construction of comprehensive health centers for community health, mental health, or developmental disability facilities shall cooperate to develop general procedures to be used in implementing the statute and to attempt to develop application forms and procedures which are as nearly standard as possible, after taking cognizance of the different information required in the various programs, to assist applicants in applying to various state agencies. [1977 ex.s. c 80 § 39; 1967 ex.s. c 4 § 5.]

In each case where feasible in which an alternative health care provider arrangement, of similar scope and quality, is available at lower cost than fee for service
providers, such state agencies shall make the services of the alternative provider available to clients, consumers, or employees for whom state dollars are spent to purchase health care. As consistent with other state and federal law, requirements for copayments, deductibles, the scope of available services, or other incentives shall be used to encourage clients, consumers, or employees to use the lowest cost providers, except that copayments or deductibles shall not be required where they might have the impact of denying access to necessary health care in a timely manner. [1986 c 303 § 8.]

### 70.14.040 Review of prospective rate setting methods.

The state agencies listed in RCW 70.14.010 shall review the feasibility of establishing prospective payment approaches within their health care programs. Work plans or timetables shall be prepared for the development of prospective rates. The agencies shall identify legislative actions that may be necessary to facilitate the adoption of prospective rate setting methods. [1986 c 303 § 9.]

### 70.14.050 Drug purchasing cost controls—Establishment of drug formularies.

1. Each agency listed in RCW 70.14.010 shall individually or in cooperation with other agencies take any necessary actions to control costs without reducing the quality of care when reimbursing for or purchasing drugs. To accomplish this purpose, each agency shall investigate the feasibility of and may establish a drug formulary designating which drugs may be paid for through their health care programs. For purposes of this section, a drug formulary means a list of drugs, either inclusive or exclusive, that defines which drugs are eligible for reimbursement by the agency.

2. In developing the drug formulary authorized by this section, agencies:
   
   (a) Shall prohibit reimbursement for drugs that are determined to be ineffective by the United States food and drug administration;
   
   (b) Shall adopt rules in order to ensure that less expensive generic drugs will be substituted for brand name drugs in those instances where the quality of care is not diminished;
   
   (c) Where possible, may authorize reimbursement for drugs only in economical quantities;
   
   (d) May limit the prices paid for drugs by such means as central purchasing, volume contracting, or setting maximum prices to be paid;
   
   (e) Shall consider the approval of drugs with lower abuse potential in substitution for drugs with significant abuse potential; and
   
   (f) May take other necessary measures to control costs of drugs without reducing the quality of care.

3. Agencies may provide for reasonable exceptions to the drug formulary required by this section.

4. Agencies may establish medical advisory committees, or utilize committees already established, to assist in the development of the drug formulary required by this section. [1986 c 303 § 10.]

The good health of the people of our state is a most important public concern. The state has a direct interest in seeing to it that health care facilities adequate for good public health are established and maintained in sufficient numbers and in proper locations. The rising costs of care of the infirm constitute a grave challenge not only to health care providers but to our state and the people of our state who will seek such care. It is hereby declared to be the public policy of the state of Washington to assist and encourage the building, providing and utilization of modern, well equipped and reasonably priced health care facilities, and the improvement, expansion and modernization of health care facilities in a manner that will minimize the capital costs of construction, financing and use thereof and thereby the costs to the public of the use of such facilities, and to contribute to improving the quality of health care available to our citizens. In order to accomplish these and related purposes this chapter is adopted and shall be liberally construed to carry out its purposes and objects. [1974 ex.s. c 147 § 1.]

[Title 70 RCW—p 18]

(1987 Ed.)
70.37.040 Washington health care facilities authority—Powers—Special fund bonds—Revenue bonds. (1) The authority is hereby empowered to issue bonds for the construction, purchase, acquisition, rental, leasing or use by participants of projects for which bonds to provide funds therefor have been approved by the authority. Such bonds shall be issued in the name of the authority. They shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. They shall contain a recital on their face that their payment and the payment of interest thereon shall be a valid claim only as against the special fund relating thereto derived by the authority in whole or in part from the revenues received by the authority from the operation of the participant of the health care facilities for which the bonds are issued but that they shall constitute a prior charge over all other charges or claims whatever against such special fund. The lien of any such pledge on such revenues shall attach thereto immediately on their receipt by the authority and shall be valid and binding as against parties having claims of any kind in tort, contract or otherwise against the participant, without recordation thereof and whether or not they have notice thereof. For inclusion in such special funds and for other uses in or for such projects of participants the authority is empowered to accept and receive funds, grants, gifts, pledges, guarantees, mortgages, trust deeds and other security instruments, and property from the federal government or the state of Washington or other public body, entity or agency and from any public or private institution, association, corporation or organization, including participants, except that it shall not accept or receive from the state or any taxing agency any money derived from taxes save money to be devoted to the purposes of a project of the state or taxing agency.

(2) For the purposes outlined in subsection (1) of this section the authority is empowered to provide for the issuance of its special fund bonds and other limited obligation security instruments subordinate to the first and prior lien bonds, if any, relating to a project or projects of a participant and to create special funds relating thereto against which such subordinate securities shall be liens, but the authority shall not have power to incur general obligations with respect thereto.

(3) The authority may also issue special fund bonds to redeem or to fund or refund outstanding bonds or any part thereof at maturity, or before maturity if subject to prior redemption, with the right in the authority to include various series and issues of such outstanding special fund bonds in a single issue of funding or refunding special fund bonds and to pay any redemption premiums out of the proceeds thereto. Such funding or refunding bonds shall be limited special fund bonds issued in accordance with the provisions of this chapter, including this section and shall not be general obligations of the authority.

(4) Such special fund bonds of either first lien or subordinate lien nature may also be issued by the authority, the proceeds of which may be used to refund already existing mortgages or other obligations on health care facilities already constructed and operating incurred by a participant in the construction, purchase or acquisition thereof.

(5) The authority may also lease to participants, lease to them with option to purchase, or sell to them, facilities which it has acquired by construction, purchase, devise, gift, or leasing: Provided, That the terms thereof shall at least fully reimburse the authority for its costs with respect to such facilities, including costs of financing, and provide fully for the debt service on any bonds issued by the authority to finance acquisition by it of the facilities. To pay the cost of acquiring or improving such facilities or to refund any bonds issued for such purpose, the authority may issue its revenue bonds secured solely by revenues derived from the sale or lease of the facility, but which may additionally be secured by mortgage, lease, pledge or assignment, trust agreement or other security device. Such bonds and such security devices shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. Such health care facilities may be acquired, constructed, reconstructed, and improved and may be leased, sold or otherwise disposed of in the manner determined by the authority in its sole discretion and any requirement of competitive bidding, lease performance bonds or other restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of the state, or any agency thereof, is not applicable to any action so taken by the authority. [1974 c 147 § 4.]

70.37.050 Requests for financing—Financing plan—Bond issue, special fund authorized. The authority shall establish rules concerning its exercise of the powers authorized by this chapter. The authority shall receive from applicants requests for the providing of bonds for financing of health care facilities and shall investigate and determine the need and the feasibility of providing such bonds. Whenever the authority deems it necessary or advisable for the benefit of the public health to provide financing for a health care facility, it shall adopt a financing plan therefor and shall declare the estimated cost thereof, as near as may be, including as part of such cost funds necessary for the expenses incurred in the financing as well as in the construction or purchase or other acquisition or in connection with the rental or other payment for the use thereof, interest during construction, reserve funds and any funds necessary for initial start-up costs, and shall issue and sell its bonds for the purposes of carrying out the proposed financing plan: Provided, That if a certificate of need is required for the proposed project, no such financing plan shall be adopted until such certificate has been issued pursuant to chapter 70.38 RCW by the secretary of the department of social and health services. The authority shall have power as a part of such plan to create a special fund or funds for the purpose of defraying the cost of such project and for other projects of the same participant subsequently or at the same time approved by it.
and for their maintenance, improvement, reconstruction, remodeling and rehabilitation, into which special fund or funds it shall obligate and bind the participant to set aside and pay from the gross revenues of the project or from other sources an amount sufficient to pay the principal and interest of the bonds being issued, reserves and other requirements of the special fund and to issue and sell bonds payable as to both principal and interest out of such fund or funds relating to the project or projects of such participant.

Such bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, either coupon or registered, or both, as provided in RCW 39.46.030, carry such registration privileges, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, and be sold in such manner, at such price, as the authority shall determine. Such bonds shall be executed by the chairman, by either its duly elected secretary or its executive director, and by the trustee if the authority determines to utilize a trustee for the bonds. Execution of the bonds may be by manual or facsimile signature: Provided, That at least one signature placed thereon shall be manually subscribed. Any interest coupons appurtenant to the bonds shall be executed by facsimile or manual signature or signatures, as the authority shall determine. 70.38.015 Declaration of public policy. It is declared to be the public policy of this state:

(1) That health planning to promote, maintain, and assure the health of all citizens in the state, to provide accessible health services, health manpower, health facilities, and other resources while controlling excessive increases in costs, and to recognize prevention as a high priority in health programs, is essential to the health, safety, and welfare of the people of the state. Health planning should be fostered on both a state-wide and regional basis and must maintain responsiveness to changing health and social needs and conditions. Involvement in health planning from both consumers and
providers throughout the state should be encouraged. Regional health planning under this chapter and in a manner consistent with RCW 36.70.015 is declared to be a proper public purpose for the expenditure of funds of counties or other public entities interested in local and regional health planning;

(2) That the development of health services and resources, including the construction, modernization, and conversion of health facilities, should be accomplished in a planned, orderly fashion, consistent with identified priorities and without unnecessary duplication or fragmentation;

(3) That the development and maintenance of adequate health care information, statistics and projections of need for health facilities and services is essential to effective health planning and resources development;

(4) That the development of nonregulatory approaches to health care cost containment should be considered, including the strengthening of price competition;

(5) That health planning should be concerned with financing, access, and quality, recognizing the close interrelationship of the three and emphasizing cost control of health services, including cost--effectiveness and cost--benefit analysis;

(6) That this chapter should be construed to effectuate this policy and to be consistent with requirements of the federal health planning and resources development laws. [1983 c 235 § 1; 1980 c 139 § 1; 1979 ex.s. c 161 § 1.]

(2) A health maintenance organization, combination of health maintenance organizations, or health care facility shall not be exempt under subsection (1) of this section from obtaining a certificate of need before offering an institutional health service, acquiring major medical equipment, or obligating capital expenditures unless—

(a) it has submitted at least thirty days prior to the offering of an institutional health service, acquiring major medical equipment, or obligating capital expenditures in excess of the expenditure minimum an application for such exemption, and

(b) the application contains such information respecting the organization, combination, or facility and the proposed offering, acquisition, or obligation as the department may require to determine if the organization or combination meets the requirements of subsection (1) of this section or the facility meets or will meet such requirements, and

(c) the department approves such application. The department shall approve or disapprove an application for exemption within thirty days of receipt of a completed application. In the case of a proposed health care facility (or portion thereof) which has not begun to provide institutional health services on the date an application is submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) or medical equipment with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or equipment or in a lease of such facility or equipment may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless—

(a) the department issues a certificate of need approving the sale, lease, acquisition, or use, or

(b) the department determines, upon application, that (i) the entity to which the facility or equipment is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a) (i), and (ii) with respect to such facility or equipment, meets the requirements of (1)(a) (ii) or (iii) or the requirements of (1)(b) (i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements only to the offering of inpatient institutional health services and the acquisition of major medical equipment and the obligation of capital expenditures for the offering of inpatient institutional health services, and then only to the extent that such offering, acquisition, or obligation is not exempt under the provisions of this section. [1982 c 119 § 3; 1980 c 139 § 9.]
findings and recommendations of the Washington state hospital commission in the case of applications submitted by hospitals. An application by a hospital shall be denied if the state hospital commission does not recommend approval, unless the secretary provides the commission with a written statement setting forth the reason or reasons, and citing the applicable subsection or subsections of this section, for approving an application that the commission has determined to be not feasible;

(e) In the case of health services to be provided, (i) the availability of alternative uses of project resources for the provision of other health services, (ii) the extent to which such proposed services will be accessible to all residents of the area to be served, and (iii) the need for and the availability in the community of services and facilities for osteopathic and allopathic physicians and their patients. The department shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathy and medicine at the student, internship, and residency training levels;

(f) In the case of a construction project, the costs and methods of the proposed construction, including the cost and methods of energy provision, and the probable impact of the construction project reviewed (i) on the cost of providing health services by the person proposing such construction project and (ii) on the cost and charges to the public of providing health services by other persons;

(g) The special needs and circumstances of osteopathic hospitals, nonallopathic services and children's hospitals;

(h) Improvements or innovations in the financing and delivery of health services which foster cost containment and serve to promote quality assurance and cost-effectiveness;

(i) In the case of health services proposed to be provided, the efficiency and appropriateness of the use of existing services and facilities similar to those proposed;

(j) In the case of existing services or facilities, the quality of care provided by such services or facilities in the past; and

(k) In the case of hospital certificate of need applications, whether the hospital meets or exceeds the regional average level of charity care, as determined by the hospital commission.

(3) A certificate of need application of a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds:

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its institutional health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

A health care facility (or any part thereof) or medical equipment with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or equipment or in a lease of such facility or equipment may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) The decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case review starts on the date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or a designated regional health council shall conduct a public hearing on a certificate of
need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and requirements related to public notice of the hearing, procedures, recordkeeping and related matters.

(10) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked shall be afforded an opportunity for administrative review in accordance with chapter 34.04 RCW and a hearing shall be held within one hundred twenty days of a request therefor. An administrative law judge shall review the decision of the secretary's designee and render a proposed decision for consideration by the secretary in accordance with chapter 34.12 RCW or remand the matter to the secretary's designee for further consideration. The secretary's final decision is subject to review by the superior court as provided in chapter 34.04 RCW.

(11) The department may establish procedures and criteria for reconsideration of decisions.

(12) An amended certificate of need shall be required for the following modifications of an approved project:

(a) A new service;
(b) An expansion of a service beyond that originally approved;
(c) An increase in bed capacity;
(d) A significant reduction in the scope of a project without a commensurate reduction in the cost of the project, or a cost increase (as represented in bids on a construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the project with the review criteria pertaining to financial feasibility and cost containment.

(13) An application for a certificate of need for a capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable license and accreditation standards shall be approved. (2) A project for which a certificate of need has been issued shall be commenced during the validity period for the certificate of need.

(3) The department, in cooperation with the regional health councils, and the hospital commission in the case of hospital projects, shall monitor the costs and components of approved projects to assure conformance with certificates of need that have been issued. (4) The secretary of the department, in the case of a new health facility, shall not issue any license unless and until a prior certificate of need shall have been issued by the department for the offering or development of such new health facility.

Such amounts of money shall be recoverable in an action brought by the attorney general on behalf of the state in the superior court of any county in which the unauthorized undertaking occurred. Any amounts of money so recovered by the attorney general shall be deposited in the state general fund.

(6) The department may bring any action to enjoin a violation or the threatened violation of the provisions of this chapter or any rules and regulations adopted pursuant to this chapter, or may bring any legal proceeding authorized by law, including but not limited to the special proceedings authorized in Title 7 RCW, in the superior court in the county in which such violation occurs or is about to occur, or in the superior court of Thurston county. To further the purposes of this chapter, the commission may create committees from its membership, and may create such ad hoc advisory committees in specialized fields, related to the functions of hospitals, the delivery of health care services, economic issues concerning health care, technology assessment, and such other subjects as it deems necessary, to supplement the resources provided by the technical advisory committee. 70.39.100 Uniform system of hospital accounting and reporting—Collection of patient discharge data. (1) The commission, after study and in consultation with advisory committees, if any, shall establish by the promulgation of rules and regulations pursuant to the Administrative Procedure Act, chapter 34.04 RCW, a uniform system of accounting and financial reporting, including such cost allocation methods as it may prescribe, by which hospitals shall record and report to the commission their revenues, expenses, other income, other outlays, assets and liabilities, and units of service. All hospitals shall adopt the system for their fiscal year period to be effective at such time and date as the commission shall direct. In determining the effective date for reporting requirements, the commission shall be mindful both of the immediate need for uniform hospital reporting information to effectuate the purposes of this chapter and the administrative and economic difficulties which hospitals may encounter in conversion, but in no event shall such effective date be later than two and one-half years from the date of the formation of the commission.

(2) In establishing such accounting systems and uniform reporting procedures, the commission shall take into consideration:

(a) Existing systems of accounting and reporting presently utilized by hospitals;

(b) Differences among hospitals according to size; financial structure; methods of payment for services; and scope, type, and method of providing services; and

(c) Other pertinent distinguishing factors.

(3) The commission shall, where appropriate, provide for modification, consistent with the purposes of this chapter, of reporting requirements to correctly reflect these differences among hospitals, and to avoid otherwise unduly burdensome costs in meeting the requirements of the uniform system of accounting and financial reporting.

(4) The accounting system, where appropriate, shall be structured so as to establish and differentiate costs incurred for patient–related services rendered by hospitals, as distinguished from those incurred with reference to educational research and other nonpatient–related activities including but not limited to charitable activities of such hospitals.

(5) The commission shall collect and maintain patient discharge data, including data necessary for identification of discharges by diagnosis–related groups. So far as possible, the data collection procedures shall be coordinated with any similar procedures or requirements of the federal department of health and human services for the medicare program and the needs of the department of social and health services in gathering public health statistics, in order to minimize any unduly burdensome reporting requirements imposed on hospitals. 70.39.110 Annual reports by hospitals. (1) Each hospital shall file annually, at such time as the commission...
may prescribe, its proposed budget for the next fiscal year, showing projected revenues and expenses and including such further information as the commission may require to implement the purposes of this chapter.

(2) Each hospital shall file annually with the commission after the close of the fiscal year:
   (a) A balance sheet detailing the assets, liabilities, and net worth of the hospital;
   (b) A statement of income and expenses; and
   (c) Such other reports of the costs incurred in rendering services as the commission may prescribe.

(3) Where more than one licensed hospital is operated by the reporting organization, the information required by this section shall be reported for each hospital separately.

(4) The commission shall require certification of specified financial reports by the hospital's certified public accountant, and may require attestation as to such statements from responsible officials of the hospital that such reports have to the best of their knowledge and belief been prepared in accordance with the prescribed system of accounting and reporting.

(5) All reports, except privileged medical information, filed under this chapter shall be available for public inspection and copying under RCW 42.17.250 through 42.17.340.

(6) The commission shall inspect hospital books, audits, and records as reasonably necessary to implement the policies and purposes of this chapter. [1984 c 288 § 11; 1973 1st ex.s. c 5 § 12.]

(1) The commission shall from time to time undertake analyses and studies relating to the need for and delivery of health care services, the availability of such services, hospital rates, health care costs, and the financial status of any hospital or hospitals subject to the provisions of this chapter, and may publish and disseminate such information as it deems desirable in the public interest. It shall further publish information concerning the need for health care services identified by area-wide and state comprehensive health planning agencies under chapter 70.38 RCW and the extent to which such needs are being met.

(2) The commission shall also prepare and file such summaries and compilations or other supplementary reports based on the information filed with the commission hereunder as will advance the purposes of this chapter.

(3) The commission shall furnish a copy of any report regarding any hospital to the chief executive officer of the hospital and the presiding officer of the hospital's governing body. [1984 c 288 § 12; 1973 1st ex.s. c 5 § 13.]

Every commercial health insurer registered and doing business in the state under Title 48 RCW, every health care service contractor as defined in RCW 48.44-010, and the department of social and health services shall, upon request by the commission but not more frequently than annually, furnish to the commission such information as is readily available which may assist the commission in developing cost containment proposals with respect to the fees of licensed health care practitioners. The commission may request such information from the entities identified in this section, and from the federal department of health and human services, if and when the commission deems appropriate to accord with any requirements of federal law which may be imposed. 70.39.130 Report to governor and legislature. Subject to RCW 40.07.040, the commission shall prepare and transmit each biennium to the governor and to the legislature a report of commission operations and activities for the preceding fiscal period. This report shall include such findings and recommendations as the commission believes will further the legislative goal of cost containment in the delivery of good quality health care services, including cost-containment programs that have been or might be adopted, and issues of access to good quality care. The report shall also include data on the amount and proportion of charity care provided by each hospital. The commission's report for 1986, to be submitted in January 1987, shall include an analysis of the impacts of RCW 70.39.165 on (1) the use by indigent persons of health care settings other than hospitals and (2) the caseloads and costs associated with the limited casualty program for medical indigents under RCW 74.09.700. The department of social and health services and the health systems agencies established under chapter 70.38 RCW shall provide such information and assistance as the commission may reasonably require in preparing the report on the impact of RCW 70.39.165. [1987 c 505 § 58; 1984 c 288 § 13; 1977 c 75 § 82; 1973 1st ex.s. c 5 § 14.]

70.39.140 Hospital rates—Negotiated rates—Requirements—Review and investigation—Costs—Establishment of rates—Expression of rates—Hospital reimbursement control system—Certain admission practices or policies barred—Coordination with federal programs. (1) From and after a date not less than twelve months but not more than twenty-four months after the adoption of the uniform system of accounting and financial reporting required by RCW 70.39.100, as the commission may direct, the commission shall have the power to initiate such reviews or investigations as may be necessary to assure all purchasers of health care services that the total costs of a hospital are reasonably related to the total services offered by that hospital, that costs do not exceed those that are necessary for prudently and reasonably managed hospitals, that the hospital's rates are reasonably...
related to the hospital's aggregate costs; and that rates are set equitably among all purchasers or classes of purchasers of services without undue discrimination or preference. Effective July 1, 1985, this chapter does not preclude any hospital from negotiating with and charging any particular payer or purchaser rates that are less than those approved by the commission, if:

(a) The rates are cost justified and do not result in any shifting of costs to other payers or purchasers in the current or any subsequent year; and*
(b) All the terms of such negotiated rates are filed with the commission within ten working days and made available for public inspection.

The commission may retrospectively disapprove such negotiated rates in accordance with procedures established by the commission if such rates are found to contravene any provision of this section.

(2) In order to properly discharge these obligations, the commission shall have full power to review projected annual revenues and approve the reasonableness of rates proposed to generate that revenue established or requested by any hospital subject to the provisions of this chapter. No hospital shall charge for services at rates exceeding those established in accordance with the procedures established hereunder. After June 30, 1985, rates for inpatient care shall be expressed using an appropriate measure of hospital efficiency, such as that based on diagnosis-related groups, and, if necessary for federal medicare participation in a hospital reimbursement control system, hospitals shall charge for such care at rates prospectively established and expressed in terms of a comparable unit of total payment, such as diagnosis-related groups. In the event any hospital reimbursement control system is implemented, children's hospitals shall be exempted until such time as a pediatric based classification system which reflects the unique resource consumption by patients of a children's hospital is perfected. For the purposes of this exemption, children's hospitals are defined as hospitals whose patients are predominantly under eighteen years of age.

(3) In the interest of promoting the most efficient and effective use of health care service, and providing greater promise of hospital cost containment, the commission may develop a hospital reimbursement control system in which all payers or purchasers participate, that includes procedures for establishing prospective rates, that deals equitably with the costs of providing charity care, and that shall include the participation of the federal medicare program under the social security amendments of 1983, Public Law 98-21. The commission shall have the authority to require utilization reviews of patient care to ensure that hospital admissions and services provided are medically justified. The commission may seek approval, concurrence, or participation in such a system from any federal agency, such as the department of health and human services, prior to securing legislative approval pursuant to concurrent resolution for implementation of any hospital reimbursement control system developed pursuant to this section. The commission shall involve the legislature in the development of any plan for a hospital reimbursement control system.

(4) The commission shall assure that no hospital or its medical staff either adopts or maintains admission practices or policies which result in:

(a) A significant reduction in the proportion of patients who have no third-party coverage and who are unable to pay for hospital services;
(b) A significant reduction in the proportion of individuals admitted for inpatient hospital services for which payment is or is likely to be less than the anticipated charges for or costs of such services;
(c) The refusal to admit patients who would be expected to require unusually costly or prolonged treatment for reasons other than those related to the appropriateness of the care available at the hospital; or*

(5) The commission shall serve as the state agency responsible for coordinating state actions and otherwise responding and relating to the efforts of the federal department of health and human services in planning and implementing federal cost containment programs with respect to hospitals and related health care institutions as authorized by the social security amendments of 1983, as now or hereafter amended, or other federal law, and any rules or regulations promulgated there-to. In carrying out this responsibility, the commission may assume any function or role authorized by appropriate federal regulations implementing the social security amendments of 1983; or assume any combination of such roles or functions as it may determine will most effectively contain the rising costs of the varying kinds of hospitals and related health care institutions in Washington state. In determining its functions or roles in relation to federal efforts, the commission shall seek to ensure coordination, and the reduction of duplicatory cost containment efforts, by the state and federal governments, as well as the diligent fulfillment of the purposes of this chapter and declared public policy and legislative intent herein.

Nothing in this chapter limits the ability of the department of social and health services to establish hospital payment rates pursuant to RCW 74.09.120 or in accord with a federally approvable state plan under Title XIX of the federal social security act. [1984 c 288 § 14; 1974 ex.s. c 163 § 1; 1973 1st ex.s. c 5 § 15.]

charges which cannot be changed except as provided by the procedure contained in RCW 70.39.160 and it shall also obtain from each such hospital a current rate schedule as well as any subsequent amendments or modifications of that schedule as it may require. So far as possible, the commission shall compile and maintain the same patient discharge data with respect to all patients as that required under the federal medicare program and the uniform billing procedures applicable to third-party payers.

(2) Permit any hospital subject to the provisions of this chapter to charge reasonable rates which will permit the hospital to render necessary, effective, and efficient service in the public interest.

(3) Take into account, in the determination of reasonable rates under this section, that it is its obligation to assure access to necessary, effective, economically viable, and efficient hospital health care capability throughout the state, rather than the solvency or profitability of any individual hospital subject to this chapter except where the insolvency of a hospital would seriously threaten the access of the rural public to basic health care services.

(4) Take into account, in the determination of reasonable rates under this section for each hospital, the recommendations of appropriate area-wide and state comprehensive health planning agencies to ensure compliance with Washington comprehensive health planning law, chapter 70.38 RCW.

(5) Permit any hospital, whether proprietary, district, public, or not-for-profit, to retain the excess of its revenues, if any, that exceed the actual cost of providing services, generated as a result of cost-effective practices, if the hospital charges do not exceed rates permitted by the commission.

(6) On or before October 1 of each year, after notice and public hearing, and in full consideration of the intent and purpose of this chapter as expressed in RCW 70.39.010, adopt a target dollar amount of total state-wide hospital revenue for the ensuing calendar year. To set the target amount, the commission shall develop a standard methodology that considers such factors as changes in the economy, affordability of hospital care, cost of hospital-purchased goods, numbers and age of the population, technology, and severity of illness of hospital patients. The commission shall endeavor, in establishing rates, to assure that total hospital revenues do not exceed the target amount for the applicable year. ### 70.39.160 Changes in rates—Procedure

From and after the date determined by the commission pursuant to RCW 70.39.140, no hospital subject to the provisions of this chapter shall change or amend that schedule of rates and charges of the type and class which cannot be changed without prior approval of the commission, except in accordance with the following procedure:

(1) Any request for a change in rate schedules or other charges must be filed in writing in the form and content prescribed by the commission and with such supporting data as the hospital seeking the change deems appropriate. Unless the commission orders otherwise as provided for in subsection (4) of this section, no hospital shall establish such changes except after publication and notice to the commission of at least thirty days from the time the rate is intended to go into effect. All proposed changes shall be plainly indicated on the schedule effective at that time and shall be open to public inspection. Upon receipt of notice, the commission may suspend the effective date of any proposed change. In any such case a formal written statement of the reasons for the suspension will be promptly submitted to the hospital. Unless suspended, any proposed change shall go into effect upon the date specified in the application.

(2) In any case where such action is deemed necessary, the commission shall promptly, but in any event within thirty days, institute proceedings as to the reasonableness of the proposed changes. The suspension may extend for a period of not more than thirty days beyond the date the change would otherwise go into effect: Provided, That should it be necessary, the commission may extend the suspension for an additional thirty days. After the expiration of ninety days from the date the rate is intended to go into effect the new rate will go into effect, if the commission does not approve, disapprove, or modify the request by that time.

(3) Such proposed changes shall be considered at a public hearing, the time and place of which shall be determined by the commission. The hearing shall be conducted by the commission. Evidence for and against the requested change may be introduced at the time of the hearing by any interested party and witnesses may be heard. The hearing may be conducted without compliance with formal rules of evidence.

(4) The commission may, in its discretion, permit any hospital to make a temporary change in rates which shall be effective immediately upon filing and in advance of any review procedure when it deems it in the public interest to do so. Notwithstanding such temporary change in rates, the review procedures set out in this section shall be conducted by the commission as soon thereafter as is practicable.

(5) Every decision and order of the commission in any contested proceeding shall be in writing and shall state the grounds for the commission's conclusions. The effects of such orders shall be prospective in nature. [1984 c 288 § 19; 1973 1st ex.s. c 5 § 17.]

(1) Uniform procedures, data requirements, and criteria for identifying patients receiving charity care;

(2) A definition of residual bad debt as a component of hospital rate-setting and budget review, including...

Budgetary requirements in excess of that limit may be financed by a general fund appropriation by the legislature. All moneys collected are to be deposited by the state treasurer in the hospital commission account which is hereby created in the state treasury. [1955 c 135 § 2.]

70.44.016 Validation of districts. Each and all of the respective areas of land attempted to be organized into public hospital districts prior to June 10, 1982, under the provisions of chapter 70.44 RCW where the canvass of the election on the proposition of creating a public hospital district shows the passage of the proposition are validated and declared to be duly existing public hospital districts having the respective boundaries set forth in their organization proceedings as shown by the files in the office of the legislative authority of the county in question, and by the files of such districts. [1982 c 84 § 10.]

At any general election or at any special election which may be called for that purpose the board of county commissioners of a county may, or on petition of ten percent of the electors of the county based on the total vote cast in the last general county election, shall, by resolution, submit to the voters of the county the proposition of creating a public hospital district coextensive with the limits of the county. The petition shall be filed with the county auditor, who shall within fifteen days examine the signatures thereon and certify to the sufficiency thereof, and for that purpose he shall have access to all registration books in the possession of election officers in the county. If the petition is found to be insufficient, it shall be returned to the persons filing it, who may amend or add names thereto for ten days, when it shall be returned to the auditor, who shall have an additional fifteen days to examine it and attach his certificate thereto. No person signing the petition may withdraw his name therefrom after filing. The petition must be signed by the owners, as prescribed by RCW 35A.01.040(9) (a) through (e), of not less than sixty percent of the area of land within the territory proposed to be annexed. Such petition shall describe the boundaries of the territory proposed to be annexed and shall be accompanied by a map which outlines the boundaries of such territory.

(3) Whenever such a petition for annexation is filed with the commission of a public hospital district, the commission may entertain the same, fix a date for public hearing thereon, and cause notice of the hearing to be published once a week for at least two consecutive weeks in a newspaper of general circulation within the territory proposed to be annexed. The notice shall also be posted in three public places within the territory proposed to be annexed, shall contain a description of the boundaries of such territory, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation.

(4) Following the hearing, if the commission of the district determines to accomplish the annexation, it shall do so by resolution. The resolution may annex all or any portion of the proposed territory but may not include in the annexation any property not described in the petition. Upon passage of the annexation resolution, the territory annexed shall become part of the district and a certified copy of such resolution shall be filed with the legislative authority of the county or counties in which the annexed property is located.

(5) If the petition for annexation and the annexation resolution so provide, as the commission may require, and such petition has been signed by the owners of all the land within the boundaries of the territory being annexed, the annexed property shall assume and be assessed and taxed to pay for all or any portion of the outstanding indebtedness of the district to which it is annexed at the same rates as other property within such district. Unless so provided in the petition and resolution, property within the boundaries of the territory annexed shall not be assessed or taxed to pay for all or any portion of the indebtedness of the district to which it is annexed that was contracted prior to or which existed at the date of annexation. In no event shall any such annexed property be released from any assessments or taxes previously levied against it or from its existing liability for the payment of outstanding bonds or warrants issued prior to such annexation.

(6) The annexation procedure provided for in RCW 70.44.200 shall be an alternative method applicable only when at the time a petition is filed pursuant to RCW 70.44.200 there are no qualified electors residing in the territory to be annexed. [1979 ex.s. c 143 § 1; 1953 c 267 § 4.]

Severability—1979 ex.s. c 143: "If any provision of this amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 143 § 3.]

70.44.210 Alternate method of annexation—Contents of resolution calling for election. As an alternate method of annexation to public hospital districts, any territory adjacent to a public hospital district may be annexed thereto by vote of the qualified electors residing in the territory to be annexed, in the manner provided in RCW 70.44.210 through 70.44.230. An election to annex such territory may be called pursuant to a resolution calling for such an election adopted by the district commissioners.

Any resolution calling for such an election shall describe the boundaries of the territory to be annexed, state that the annexation of such territory to the public hospital district will be conducive to the welfare and benefit of the persons or property within the district and within the territory proposed to be annexed, and fix the date, time and place for a public hearing thereon which date shall be not more than sixty nor less than forty days following the adoption of such resolution. [1967 c 227 § 6.]

70.44.220 Alternate method of annexation—Publication and contents of notice of hearing—Hearing—Resolution—Special election. Notice of such hearing shall be published once a week for at least two consecutive weeks in one or more newspapers of general circulation within the territory proposed to be annexed. The notice shall contain a description of the boundaries of the territory proposed to be annexed and shall state the time and place of the hearing thereon and the fact that any changes in the boundaries of such territory will be considered at such time and place. At such hearing or any continuation thereof, any interested person may appear and be heard on all matters relating to the proposed annexation. The district commissioners may make such changes in the boundaries of the territory proposed to be annexed as it shall deem reasonable and proper, but may not delete any portion of the proposed area which will create an island of included or excluded lands. If the
district commissioners shall determine that any additional territory should be included in the territory to be annexed, a second hearing shall be held and notice given in the same manner as for the original hearing. The district commissioners may adjourn the hearing on the proposed annexation from time to time not exceeding thirty days in all. At the next regular meeting following the conclusion of such hearing, the district commissioners shall, if it finds that the annexation of such territory will be conducive to the welfare and benefit of the persons and property therein and the welfare and benefit of the persons and property within the public hospital district, adopt a resolution fixing the boundaries of the territory to be annexed and causing to be called a special election on such annexation to be held not more than one hundred twenty days nor less than sixty days following the adoption of such resolution. [1967 c 227 § 7.]

70.44.230 Alternate method of annexation—Conduct and canvass of election—Notice—Ballot. An election on the annexation of territory to a public hospital district shall be conducted and canvassed in the same manner as provided for the conduct of an election on the formation of a public hospital district except that notice of such election shall be published in one or more newspapers of general circulation in the territory proposed to be annexed and the ballot proposition shall be in substantially the following form:

ANNEXATION TO (herein insert name of public hospital district)

"Shall the territory described in a resolution of the public hospital district commissioners of (here insert name of public hospital district) adopted on __________, 19___, be annexed to such district?

YES ________________________________ □

NO ________________________________ □"

If a majority of those voting on such proposition vote in favor thereof, the territory shall thereupon be annexed to the public hospital district. [1967 c 227 § 8.]

70.44.235 Withdrawal or reannexation of areas. (1) As provided in this section, a public hospital district may withdraw areas from its boundaries, or reannex areas into the public hospital district that previously had been withdrawn from the public hospital district under this section.

(2) The withdrawal of an area shall be authorized upon: (a) Adoption of a resolution by the hospital district commissioners requesting the withdrawal and finding that, in the opinion of the commissioners, inclusion of this area within the public hospital district will result in a reduction of the district's tax levy rate under the provisions of RCW 84.52.010; and (b) adoption of a resolution by the city or town council approving the withdrawal, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the withdrawal, if the area is located outside of a city or town. A withdrawal shall be effective at the end of the day on the thirty-first day of December in the year in which the resolutions are adopted, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution.

The withdrawal of an area from the boundaries of a public hospital district shall not exempt any property therein from taxation for the purpose of paying the costs of redeeming any indebtedness of the public hospital district existing at the time of the withdrawal.

(3) An area that has been withdrawn from the boundaries of a public hospital district under this section may be reannexed into the public hospital district upon: (a) Adoption of a resolution by the hospital district commissioners proposing the reannexation; and (b) adoption of a resolution by the city or town council approving the reannexation, if the area is located within the city or town, or adoption of a resolution by the county legislative authority of the county within which the area is located approving the reannexation, if the area is located outside of a city or town. The reannexation shall be effective at the end of the day on the thirty-first day of December in the year in which the adoption of the second resolution occurs, but for purposes of establishing boundaries for property tax purposes, the boundaries shall be established immediately upon the adoption of the second resolution. Referendum action on the proposed reannexation may be taken by the voters of the area proposed to be reannexed if a petition calling for a referendum is filed with the city or town council, or county legislative authority, within a thirty-day period after the adoption of the second resolution, which petition has been signed by registered voters of the area proposed to be reannexed equal in number to ten percent of the total number of the registered voters residing in that area.

If a valid petition signed by the requisite number of registered voters has been so filed, the effect of the resolutions shall be held in abeyance and a ballot proposition to authorize the reannexation shall be submitted to the voters of the area at the next special election date specified in *RCW 29.13.020 that occurs forty-five or more days after the petitions have been validated. Approval of the ballot proposition authorizing the reannexation by a simple majority vote shall authorize the reannexation. [1987 c 138 § 4.]

*Reviser's note: As enacted by 1987 c 138 § 4, this section contained an apparently erroneous reference to RCW 29.13.030, a section repealed in 1965. Pursuant to RCW 1.08.015, this reference has been changed to RCW 29.13.020, a later enactment of the section repealed.

Any public hospital district may contract or join with any other public hospital district, any publicly owned hospital, any nonprofit hospital, any corporation, or individual to acquire or provide services or facilities to be used by individuals, districts, hospitals, or others, including the providing of health maintenance services. [1982 c 84 § 19; 1974 ex.s. c 165 § 4; 1967 c 227 § 3.]
70.44.260 Contracts for purchase of real or personal property. Any public hospital district may execute an executory conditional sales contract with any other municipal corporation, the state, or any of its political subdivisions, the government of the United States, or any private party for the purchase of any real or personal property, or property rights, in connection with the exercise of any powers or duties which such districts now or hereafter are authorized to exercise, if the entire amount of the purchase price specified in such contract does not result in a total indebtedness in excess of the limitation imposed by RCW 39.36.020, as now or hereafter amended, to be incurred without the assent of the voters of the district: Provided, That if such a proposed contract would result in a total indebtedness in excess of three-fourths of one percent of the value of taxable property in such public hospital district, a proposition in regard to whether or not such a contract may be executed shall be submitted to the voters for approval or rejection in the same manner that bond issues for capital purposes are submitted to the voters. The term "value of taxable property" shall have the meaning set forth in RCW 39.36.015. [1975-76 2nd ex.s. c 78 § 1.]

70.44.300 Sale of surplus real property. (1) The board of commissioners of any public hospital district may sell and convey at public or private sale real property of the district which the board has determined by resolution is no longer required for public hospital district purposes. Such sale and conveyance may be by deed or real estate contract.

(2) Any sale of district real property authorized pursuant to this section shall be preceded, not more than one year prior to the date of sale, by market value appraisals by three licensed real estate brokers or professionally designated real estate appraisers as defined in RCW 74.46.020 selected by the board of commissioners, and no sale shall take place if the sale price would be less than ninety percent of the average of such appraisals.

(3) When the board of commissioners of any public hospital district proposes a sale of district real property pursuant to this section and the value of the property exceeds one hundred thousand dollars, the board shall publish a notice of its intention to sell the property. The notice shall be published at least once each week during two consecutive weeks in a legal newspaper of general circulation within the public hospital district. The notice shall describe the property to be sold and designate the place where and the day and hour when a hearing will be held. The board shall hold a public hearing upon the proposal to dispose of the public hospital district property at the place and the day and hour fixed in the notice and consider evidence offered for and against the propriety and advisability of the proposed sale.

(4) If in the judgment of the board of commissioners of any district the sale of any district real property not needed for public hospital district purposes would be facilitated and greater value realized through use of the services of licensed real estate brokers, a contract for such services may be negotiated and concluded. The fee or commissions charged for any broker service shall not exceed seven percent of the resulting sale price for a single parcel. No licensed real estate broker or professionally designated real estate appraiser as defined in RCW 74.46.020 selected by the board to appraise the market value of a parcel of property to be sold may be a party to any contract with the public hospital district to sell such property for a period of three years after the appraisal. [1984 c 103 § 4; 1982 c 84 § 2.]

70.44.310 Lease of surplus real property. The board of commissioners of any public hospital district may lease or rent out real property of the district which the board has determined by resolution presently is not required for public hospital district purposes in such manner and upon such terms and conditions as the board in its discretion finds to be in the best interest of the district. [1982 c 84 § 3.]

70.44.320 Disposal of surplus personal property. The board of commissioners of any public hospital district may sell or otherwise dispose of surplus personal property of the district which the board has determined by resolution is no longer required for public hospital district purposes in such manner and upon such terms and conditions as the board in its discretion finds to be in the best interest of the district. [1982 c 84 § 4.]

70.44.350 Dividing a district. An existing public hospital district upon resolution of its board of commissioners may be divided into two new public hospital districts, in the manner provided in RCW 70.44.350 through 70.44.380, subject to the approval of the plan therefor by the superior court in the county where such district is located and by a majority of the voters voting on the proposition for such approval at a special election to be held in each of the proposed new districts. The board of commissioners of an existing district shall by resolution or resolutions find that such division is in the public interest; adopt and approve a plan of division; authorize the filing of a petition in the superior court in the county in which the district is located to obtain court approval of the plan of division; request the calling of a special election to be held, following such court approval, for the purpose of submitting to the voters in each of the proposed new districts the proposition of whether the plan of division should be approved and carried out; and direct all officers and employees of the existing district to take whatever actions are reasonable and necessary in order to carry out the division, subject to the approval of the plan therefor by the court and the voters. [1982 c 84 § 5.]

70.44.360 Dividing a district—Plan. The plan of division authorized by RCW 70.44.350 shall include: Proposed names for the new districts; a description of the boundaries of the new districts, which boundaries shall follow insofar as reasonably possible the then-existing precinct boundaries and include all of the territory encompassed by the existing district; a division of all the assets of the existing district between the resulting new
districts, including funds, rights, and property, both real and personal; the assumption of all the outstanding obligations of the existing district by the resulting new districts, including general obligation and revenue bonds, contracts, and any other liabilities or indebtedness; the establishing and constituting of new boards of three commissioners for each of the new districts, including fixing the boundaries of commissioner districts within such new districts following insofar as reasonably possible the then-existing precinct boundaries; and such other matters as the board of commissioners of the existing district may deem appropriate. Unless the plan of division provides otherwise, all the area and property of the existing district shall remain subject to the outstanding obligations of that district, and the boards of commissioners of the new districts shall make such levies or charges for services as may be necessary to pay such outstanding obligations in accordance with their terms from the sources originally pledged or otherwise liable for that purpose. [1982 c 84 § 6.]

70.44.370 Dividing a district—Petition to court, hearing, order. After adoption of a resolution approving the plan of division by the board of commissioners of an existing district pursuant to RCW 70.44.350 through 70.44.380, the district shall petition the superior court in the county where such district is located requesting court approval of the plan. The court shall conduct a hearing on the plan of division, after reasonable and proper notice of such hearing (including notice to bondholders) is given in the manner fixed and directed by such court. At the conclusion of the hearing, the court may enter its order approving the division of the existing district and of its assets and outstanding obligations in the manner provided by the plan after finding such division to be fair and equitable and in the public interest. [1982 c 84 § 7.]

70.44.380 Dividing a district—Election—Creation of new districts—Challenges. Following the entry of the court order pursuant to RCW 70.44.370, the county officer authorized to call and conduct elections in the county in which the existing district is located shall call a special election as provided by the resolution of the board of commissioners of such district for the purpose of submitting to the voters in each of the proposed new districts the proposition of whether the plan of division should be approved and carried out. Notice of the election describing the boundaries of the proposed new districts and stating the objects of the election shall be given and the election conducted in accordance with the general election laws. The proposition expressed on the ballots at such election shall be substantially as follows:

*Shall the plan of division of public hospital district No. ______, approved by the Superior Court on ______________ (insert date), be approved and carried out? 

Yes □ No □ *

At such election three commissioners for each of the proposed new districts nominated by petition pursuant to RCW 54.12.010 shall be elected to hold office pursuant to RCW 70.44.040. If at such election a majority of the voters voting on the proposition in each of the proposed new districts shall vote in favor of the plan of division, the county canvassing board shall so declare in its canvass of the returns of such election and upon the filing of the certificate of such canvass: The division of the existing district shall be effective; such original district shall cease to exist; the creation of the two new public hospital districts shall be complete; all assets of the original district shall vest in and become the property of the new districts, respectively, pursuant to the plan of division; all the outstanding obligations of the original district shall be assumed by the new districts, respectively, pursuant to such plan; the commissioners of the original district shall cease to hold office; and the affairs of the new districts shall be governed by the newly elected commissioners of such respective new districts. Unless commenced within thirty days after the date of the filing of the certificate of the canvass of such election, no lawsuit whatever may be maintained challenging in any way the legal existence of the resulting new districts, the validity of the proceedings had for the organization and creation thereof, or the lawfulness of the plan of division. Upon the petition of either or both new districts, the superior court in the county where they are located may take whatever actions are reasonable and necessary to complete or confirm the carrying out of such plan. [1982 c 84 § 8.]

70.44.400 Withdrawal of territory from public hospital district. Territory within a public hospital district may be withdrawn therefrom in the same manner provided by law for withdrawal of territory from water districts, as provided by chapter 57.28 RCW. For purposes of conforming with such procedure, the public hospital district shall be deemed to be the water district and the public hospital board of commissioners shall be deemed to be the water district board of commissioners. [1984 c 100 § 1.]

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.
(5) In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of [Title 70 RCW—p 60] (1987 Ed.)
1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law. [1987 1st ex.s. c 5 § 6.]

**Sunset Act application:** See note following chapter digest.

### 70.47.050 Rules.

The administrator may promulgate and adopt rules consistent with this chapter to carry out the purposes of this chapter. All rules shall be adopted in accordance with chapter 34.04 RCW. [1987 1st ex.s. c 5 § 7.]

**Sunset Act application:** See note following chapter digest.

### 70.47.060 Powers and duties of administrator.

The administrator has the following powers and duties:

1. To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, and other services that may be necessary for basic health care, which enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care, shall include all services necessary for prenatal, postnatal, and well-child care, and shall include a separate schedule of basic health care services for children, eighteen years of age and younger, for those enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate.

2. To design and implement a structure of periodic premiums due the administrator from enrollees that is based upon gross family income, giving appropriate consideration to family size as well as the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan.

3. To design and implement a structure of nominal copayments due a managed health care system from enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

4. To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

   a. Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

   b. A modified fee-for-services payment schedule for providers;

   c. Coinsurance rates that are established based on specific service and procedure costs and the enrollee’s ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee’s health status; and

   d. A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.

   The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.

5. To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.

6. To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080.

In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state’s population that lacks such coverage, and the need for geographic, demographic, and economic diversity.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.

7. To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

8. To receive periodic premiums from enrollees, deposit them in the basic health plan operating account,
keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan, to establish appropriate minimum—enrollment periods for enrollees as may be necessary, and to determine, upon application and at least annually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. An enrollee who remains current in payment of the sliding—scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee’s gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To require that prospective enrollees who may be eligible for categorically needy medical coverage under RCW 74.09.510 or whose income does not exceed the medically needy income level under RCW 74.09.700 apply for such coverage, but the administrator shall enroll the individuals in the plan pending the determination of eligibility under chapter 74.09 RCW.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the administrator. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the hospital commission, to minimize duplication of effort.

(13) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.

(14) To evaluate the effects this chapter has on private employer—based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(15) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(16) To provide, consistent with available resources, technical assistance for rural health activities that endeavor to develop needed health care services in rural parts of the state. [1987 1st ex.s. c 5 § 8.]

Sunset Act application: See note following chapter digest.

70.47.070 Benefits from other coverages not reduced.
The benefits available under the plan shall be subject to RCW 48.21.200 and shall be excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee that provides payments toward medical expenses without a determination of liability for the injury. [1987 1st ex.s. c 5 § 9.]

Sunset Act application: See note following chapter digest.

70.47.080 Enrollment of applicants—Limitations.
On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.

Thereafter, total enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.

Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4).

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that
consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. [1987 1st ex.s. c 5 § 10.]

Sunset Act application: See note following chapter digest.

70.47.090 Removal of enrollees. Any enrollee whose premium payments to the plan are delinquent or who moves his or her residence out of an area served by the plan may be dropped from enrollment status. An enrollee whose premium is the responsibility of the department of social and health services under RCW 70.47.110 may not be dropped solely because of nonpayment by the department. The administrator shall provide delinquent enrollees with advance written notice of their removal from the plan and shall provide for a hearing under chapters 34.04 and 34.12 RCW for any enrollee who contests the decision to drop the enrollee from the plan. Upon removal of an enrollee from the plan, the administrator shall promptly notify the managed health care system in which the enrollee has been enrolled, and shall not be responsible for payment for health care services provided to the enrollee (including, if applicable, members of the enrollee’s family) after the date of notification. A managed health care system may contest the denial of payment for coverage of an enrollee through a hearing under chapters 34.04 and 34.12 RCW. [1987 1st ex.s. c 5 § 11.]

Sunset Act application: See note following chapter digest.

70.47.100 Participation by managed health care systems. Managed health care systems participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

Any contract between a hospital and a participating managed health care system under this chapter is subject to the requirements of RCW 70.39.140(1) regarding negotiated rates.

Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state. In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(1) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(2) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(3) The administrator may then select one or more systems to provide the covered services within a local area; and

(4) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons. [1987 1st ex.s. c 5 § 12.]

Sunset Act application: See note following chapter digest.

70.47.110 Enrollment of certain public assistance recipients. The department of social and health services shall make periodic payments to the administrator as an agent for the participating managed health care systems on behalf of any enrollee who is a recipient of medical assistance, medical care—limited casualty program, or medical care services under chapter 74.09 RCW, at the maximum rate allowable for federal matching purposes under Title XIX of the social security act, but not to exceed the rate negotiated by the administrator with the participating managed health care system for the services covered by the plan, and no premium or copayment may be charged to such an enrollee. Any enrollee on whose behalf the department of social and health services makes payments to the administrator under this section and chapter 74.09 RCW may continue as an enrollee, making premium payments based on the enrollee’s own income as determined under the sliding scale, after eligibility for coverage under chapter 74.09 RCW has ended, as long as the enrollee remains eligible under this chapter. Nothing in this section affects the right of any person eligible for coverage under chapter 74.09 RCW to receive the services offered to other persons under that chapter but not included in the schedule...
of basic health care services covered by the plan. The administrator and the department of social and health services shall cooperatively adopt procedures to facilitate the transition of plan enrollees and payments on their behalf between the plan and the programs established under chapter 74.09 RCW. [1987 1st ex.s. c 5 § 13.]

Sunset Act application: See note following chapter digest.

70.47.120 Administrator—Contracts for services. In addition to the powers and duties specified in RCW 70.47.040 and 70.47.060, the administrator has the power to enter into contracts for the following functions and services:

(1) With public or private agencies, to assist the administrator in her or his duties to design or revise the schedule of covered basic health care services, and/or to monitor or evaluate the performance of participating managed health care systems.

(2) With public or private agencies, to provide technical or professional assistance to health care providers, particularly public or private nonprofit organizations and providers serving rural areas, who show serious intent and apparent capability to participate in the plan as managed health care systems.

(3) With public or private agencies, including health care service contractors registered under RCW 48.44.015, and doing business in the state, for marketing and administrative services in connection with participation of managed health care systems, enrollment of enrollees, billing and collection services to the administrator, and other administrative functions ordinarily performed by health care service contractors, other than insurance. Any activities of a health care service contractor pursuant to a contract with the administrator under this section shall be exempt from the provisions and requirements of Title 48 RCW. [1987 1st ex.s. c 5 § 14.]

Sunset Act application: See note following chapter digest.

70.47.130 Exemption from insurance code. The activities and operations of the Washington basic health plan under this chapter, including those of managed health care systems to the extent of their participation in the plan, are exempt from the provisions and requirements of Title 48 RCW, except as provided in RCW 70.47.070. [1987 1st ex.s. c 5 § 15.]

Sunset Act application: See note following chapter digest.

70.47.140 Reservation of legislative power. The legislature reserves the right to amend or repeal all or any part of this chapter at any time and there shall be no vested private right of any kind against such amendment or repeal. All the rights, privileges, or immunities conferred by this chapter or any acts done pursuant thereto shall exist subject to the power of the legislature to amend or repeal this chapter at any time. [1987 1st ex.s. c 5 § 2.]

Sunset Act application: See note following chapter digest.

70.47.900 Short title. This chapter shall be known and may be cited as the health care access act of 1987. [1987 1st ex.s. c 5 § 1.]

Sunset Act application: See note following chapter digest.

70.47.901 Severability—1987 1st ex.s. c 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 1st ex.s. c 5 § 26.]

These standards shall be the minimums necessary to meet federal and state constitutional requirements relating to health, safety, and welfare of inmates and staff, and specific state and federal statutory requirements, and to provide for the public's health, safety, and welfare. Local correctional facilities shall be operated in accordance with these standards. [1987 c 462 § 17.]

There is hereby established in the state treasury a fund to be known as the local jail improvement and construction account in which shall be deposited such sums as are appropriated by law for the purpose of providing funds to units of local government for new construction and the substantial remodeling of detention and correctional facilities so as to obtain compliance with the physical plant standards for such facilities. Funds in the local jail improvement and construction account shall be invested in the same manner as other funds in other accounts within the state treasury, and such earnings shall accrue to the local jail improvement and construction account. Funds shall be remitted to the governing units in a reasonably timely fashion to meet their contractual obligations. Funds in this account shall be disbursed by the state treasurer to units of local government, subject to biennial legislative appropriation, at the direction of the office. 70.48.130 Emergency or necessary health care for confined persons—Reimbursement procedures—Conditions—Limitations. Payment for emergency or necessary health care shall be by the governing unit, except that the department of social and health services shall reimburse the governing unit for the cost thereof if the confined person requires treatment for which such person is eligible under the department of social and health services’ public assistance medical program.

The governing unit may obtain reimbursement from the confined person for the cost of emergency and other health care to the extent that such person is reasonably able to pay for such care, including reimbursement from any insurance program or from other medical benefit programs available to such person. To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for financial assistance from the department or from a private source, the governing unit may obtain reimbursement for the cost of such services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: Provided, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

There shall be no right of reimbursement to the governing unit from units of government whose law enforcement officers initiated the charges for which a person is being held in the jail for care provided after
the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

This section is not intended to limit or change any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided or paid for.

Under no circumstance shall necessary medical services be denied or delayed pending a determination of financial responsibility. [1986 c 118 § 9; 1977 ex.s. c 316 § 13.]

A jail shall not be closed for noncompliance to physical plant standards within this same ten year period. This section does not apply if:

In that instance, initially funded components do not constitute full funding within the meaning of *RCW 70.48.060(1) and **70.48.070(2) and the state may fund subsequent phases of the jail project;

(2) There is destruction of the facility because of an act of God or the result of a negligent and/or criminal act. [1987 c 462 § 9; 1986 c 118 § 10; 1981 c 276 § 3; 1977 ex.s. c 316 § 16.]

70.48.210 Farms, camps, work release programs, and special detention facilities. (1) All cities and counties are authorized to establish and maintain farms, camps, and work release programs and facilities, as well as special detention facilities. The facilities shall meet the requirements of chapter 70.48 RCW and any rules adopted thereunder.

(2) Farms and camps may be established either inside or outside the territorial limits of a city or county. A sentence of confinement in a city or county jail may include placement in a farm or camp. Unless directed otherwise by court order, the chief law enforcement officer or department of corrections, may transfer the prisoner to a farm or camp. The sentencing court, chief law enforcement officer, or department of corrections may not transfer to a farm or camp a greater number of prisoners than can be furnished with constructive employment and can be reasonably accommodated.

(3) The city or county may establish a city or county work release program and housing facilities for the prisoners in the program. In such regard, factors such as employment conditions and the condition of jail facilities should be considered. When a work release program is established the following provisions apply:

(a) A person convicted of a felony and placed in a city or county jail is eligible for the work release program. A person sentenced to a city or county jail is eligible for the work release program. The program may be used as a condition of probation for a criminal offense. Good conduct is a condition of participation in the program.

(b) The court may permit a person who is currently, regularly employed to continue his or her employment.
The chief law enforcement officer or department of corrections shall make all necessary arrangements if possible. The court may authorize the person to seek suitable employment and may authorize the chief law enforcement officer or department of corrections to make reasonable efforts to find suitable employment for the person. A person participating in the work release program may not work in an establishment where there is a labor dispute.

(c) The work release prisoner shall be confined in a work release facility or jail unless authorized to be absent from the facility for program-related purposes, unless the court directs otherwise.

(d) Each work release prisoner's earnings may be collected by the chief law enforcement officer or a designee. The chief law enforcement officer or a designee may deduct from the earnings moneys for the payments for the prisoner's board, personal expenses inside and outside the jail, a share of the administrative expenses of this section, court-ordered victim compensation, and court-ordered restitution. Support payments for the prisoner's dependents, if any, shall be made as directed by the court. With the prisoner's consent, the remaining funds may be used to pay the prisoner's preexisting debts. Any remaining balance shall be returned to the prisoner.

(e) With court approval the prisoner's sentence may be reduced by one-third if the prisoner's conduct, diligence, and general attitude merit the reduction.

(f) If the work release prisoner violates the conditions of custody or employment, the prisoner shall be returned to the sentencing court. The sentencing court may require the prisoner to spend the remainder of the sentence in actual confinement and may cancel any earned reduction of the sentence.

(4) A special detention facility may be operated by a noncorrectional agency or by noncorrectional personnel by contract with the governing unit. The employees shall meet the standards of training and education established by the criminal justice training commission as authorized by RCW 43.101.080. The special detention facility may use combinations of features including, but not limited to, low-security or honor prisoner status, work farm, work release, community review, prisoner facility maintenance and food preparation, training programs, or alcohol or drug rehabilitation programs. Special detention facilities may establish a reasonable fee schedule to cover the cost of facility housing and programs. The schedule shall be on a sliding basis that reflects the person's ability to pay. [1985 c 298 § 1; 1983 c 165 § 39; 1979 ex.s. c 232 § 17.]

70.48.230 Transportation and temporary confinement of prisoners. The jurisdiction having immediate authority over a prisoner is responsible for the transportation expenses. The transporting officer shall have custody of the prisoner within any Washington county while being transported. Any jail within the state may be used for the temporary confinement of the prisoner with the only charge being for the reasonable cost of board. [1979 ex.s. c 232 § 18.]

70.48.240 Transfer of felons from jail to state institution—Time limit. A person imprisoned in a jail and sentenced to a state institution for a felony conviction shall be transferred to a state institution before the forty-first day from the date of sentencing.

The owner and holder of each of the bonds or the trustee for any of the bonds may by
mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

If a state general obligation bond retirement fund is created in the state treasury by chapter 230, Laws of 1979 ex. sess., and becomes effective by statute prior to the issuance of any of the bonds authorized by this chapter, the retirement fund shall be used for purposes of this chapter in lieu of the jail renovation bond retirement fund, and the jail renovation bond retirement fund shall cease to exist. In the event emergency medical care is needed, the department of corrections shall be advised as soon as practicable after the offender is treated.

Prior to June 30, 1985, the office of financial management shall meet with the corrections standards board to establish criteria to determine equitable rates regarding variable costs for sentenced felons who are the financial responsibility of the department of corrections after June 30, 1985. 70.58.005 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of social and health services.

(2) "Vital records" means records of birth, death, fetal death, marriage, dissolution, annulment, and legal separation, as maintained under the supervision of the state registrar of vital statistics. [1987 c 223 § 1.]

70.58.010 Registration districts. Each city of the first class shall constitute a primary registration district and each county and the territory of counties jointly comprising a health district, exclusive of the portion included within cities of the first class, shall constitute a primary registration area. All other counties and municipal areas not included in the foregoing shall be divided into registration areas by the state registrar as he may deem essential to obtain the most efficient registration of vital events as provided by law. [1979 ex.s. c 52 § 2; 1951 c 106 § 4; 1915 c 180 § 1; 1907 c 83 § 2; RRS § 6019.]

70.58.020 Local registrars—Deputies. Under the direction and control of the state registrar, the health officer of each city of the first class shall be the local registrar in and for the primary registration district under his supervision as health officer and the health officer of each county and district health department shall be the local registrar in and for the registration area which he supervises as health officer and shall serve as such as long as he performs the registration duties as prescribed by law. He may be removed as local registrar of the registration area which he serves by the state board of health upon its finding of evidence of neglect in the performance of his duties as such registrar. The state registrar shall appoint local registrars for those registration areas not included in the foregoing and also in areas where the state board of health has removed the health officer from this position as registrar.

Each local registrar, subject to the approval of the state registrar, shall appoint in writing a sufficient number of deputy registrars to administer the laws relating to vital statistics, and shall certify the appointment of such deputies to the state registrar. Deputy registrars shall act in the case of absence, death, illness or disability of the local registrar, or such other conditions as may be deemed sufficient cause to require their services. [1979 ex.s. c 52 § 3; 1961 ex.s. c 5 § 5; 1951 c 106 § 5; 1915 c 180 § 2; 1907 c 83 § 3; RRS § 6020.]

Director of combined city-county health department as registrar: RCW 70.08.060.

70.58.030 Duties of local registrars. The local registrar shall supply blank forms of certificates to such persons as require them. He shall carefully examine each certificate of birth, death, and fetal death when presented for record, and see that it has been made out in accordance with the provisions of law and the instructions of the state registrar. If any certificate of death is incomplete or unsatisfactory, he shall call attention to the defects in the return, and withhold issuing the burial–transit permit until it is corrected. If the certificate of death is properly executed and complete, he shall issue a burial–transit permit to the funeral director or person acting as such. If a certificate of a birth is incomplete, he shall immediately notify the informant, and require him to supply the missing items if they can be obtained. He shall sign his name as local registrar to each certificate filed in attest of the date of filing in his office. He shall make a record of each birth, death, and fetal death certificate registered by him in such manner as directed by the state registrar. He shall on or before the tenth day of each month, transmit to the state registrar all original certificates registered by him during the preceding month. If no births or no deaths occurred in any month, he shall, on the tenth day of the following month, report that fact to the state registrar, on a card provided for this purpose: Provided, That in cities of the first class the city health officer may require the filing of two original certificates and may retain one of the duplicate original certificates as the city record. [1961 ex.s. c 5 § 6; 1907 c 83 § 18; RRS § 6035.]

70.58.040 Compensation of local registrars. A local registrar shall be paid the sum of one dollar for each birth, death, or fetal death certificate registered for his district which sum shall cover making out the burial–transit permit and record of the certificate to be filed and preserved in his office. If no births or deaths were registered during any month, the local registrar shall be paid the sum of one dollar for each report to that effect: Provided, That all local health officers who are by statute required to serve as local registrars shall not be entitled to the fee of one dollar. Neither shall any members of their staffs be entitled to the above fee of one dollar when such persons serve as deputy registrars. All fees payable to local registrars shall be paid by the treasurer of the county or city, properly chargeable therewith, out of the funds of the county or city, upon warrants drawn by the auditor, or other proper officer of the county or city. No warrant shall be issued to a local registrar except upon a statement, signed by the state registrar, stating the names and addresses respectively of the local registrars entitled to fees from the county or city, and the number of certificates and reports of births, deaths, and fetal deaths, properly returned to the state registrar, by each local registrar, during three preceding calendar months prior to the date of the statement, and the amount of fees to which each local registrar is entitled, which statement the state registrar shall file with the proper officers during the months of January, April, July, and October of each year. Upon filing of the statement the auditor or other proper officer of the county or city shall issue warrants for the amount due each local registrar. [1961 ex.s. c 5 § 7; 1951 c 106 § 8; 1915 c 180 § 10; 1907 c 83 § 19; RRS § 6036.]

(1987 Ed.)
And they shall make an immediate report to the state registrar of any violations of this law coming to their notice by observation or upon the complaint of any person, or otherwise. The state registrar is hereby charged with the thorough and efficient execution of the provisions of *this act* in every part of the state, and with supervisory power over local registrars, to the end that all of the requirements shall be uniformly complied with. He shall have authority to investigate cases of irregularity or violation of law, personally or by accredited representative, and all local registrars shall aid him, upon request, in such investigation. When he shall deem it necessary he shall report cases of violation of any of the provisions of *this act* to the prosecuting attorney of the proper county with a statement of the fact and circumstances; and when any such case is reported to him by the state registrar, all prosecuting attorneys or officials acting in such capacity shall forthwith initiate and promptly follow up the necessary court proceedings against the parties responsible for the alleged violations of law. And upon request of the state registrar the attorney general shall likewise assist in the enforcement of the provisions of *this act*. [1907 c 83 § 22; RRS § 6039.]

*Reviser's note:* *this act* appears in 1907 c 83 codified as RCW 70.58.010 through 70.58.100, 70.58.230 through 70.58.280, and 43.20A.620 through 43.20A.630.

70.58.070 Registration of births required. All births that occur in the state shall be immediately registered in the districts in which they occur, as hereinafter provided. [1907 c 83 § 11; RRS § 6028.]

70.58.080 Birth certificates—Filing—Surname of child. The attending physician or midwife shall file a certificate of birth, properly and completely filled out, giving all of the particulars required, with the local registrar of the district in which the birth occurred, within ten days after the birth. If there is no attending physician or midwife, the father or mother of the child, householder or owner of the premises, manager or superintendent of the public or private institution in which the birth occurred, shall notify the local registrar, within ten days after the birth, of the fact of the birth, and the local registrar shall secure the necessary information and signature to make a proper certificate of birth.

When an infant is found for whom no certificate of birth is known to be on file, a birth certificate shall be filed within the time and in the form prescribed by the state board of health.

When no putative father is named on a birth certificate of a child born to an unwed mother the mother may give any surname she so desires to her child but shall designate in space provided for father's name on the birth certificate "None Named". [1961 ex.s. c 5 § 8; 1951 c 106 § 6; 1907 c 83 § 12; RRS § 6029.]

70.58.085 Birth certificates suitable for display—Issuance—Fee—Disposition of funds. (1) In addition to the original birth certificate, the state registrar shall issue upon request and upon payment of a fee of twenty-five dollars a birth certificate representing that the birth of the person named thereon is recorded in the office of the registrar. The certificate issued under this section shall be in a form consistent with the need to protect the integrity of vital records but shall be suitable for display. It may bear the seal of the state printed thereon and may be signed by the governor. It shall have the same status as evidence as the original birth certificate.

(2) Of the funds received under subsection (1) of this section, the amount needed to reimburse the registrar for expenses incurred in administering this section shall be credited to the state registrar account. The remainder shall be credited to the children's trust fund established under RCW 43.121.100. [1987 c 351 § 6.]

Legislative findings—1987 c 351: "The legislature finds that children are society's most valuable resource and that child abuse and neglect is a threat to the physical, mental, and emotional health of children. The legislature further finds that assisting community-based private nonprofit and public organizations, agencies, or school districts in identifying and establishing needed primary prevention programs will reduce the incidence of child abuse and neglect, and the necessity for costly subsequent intervention in family life by the state. Child abuse and neglect prevention programs can be most effectively and economically administered through the use of trained volunteers and the cooperative efforts of the communities, citizens, and the state. The legislature finds that the Washington council for prevention of child abuse is an effective council for reducing child abuse but limited resources have prevented the council from funding promising prevention concepts state-wide.

It is the intent of the legislature to establish a cost-neutral revenue system for the children's trust fund which is designed to fund primary prevention programs and innovative prevention related activities such as research or public awareness campaigns. The fund shall be supported through revenue created by the sale of heirloom birth certificates. This concept has proven to be a cost-effective approach to funding child abuse prevention in the state of Oregon. The legislature believes that this is an innovative way of using private dollars to supplement our public dollars to reduce child abuse and neglect." [1987 c 351 § 1.]

70.58.095 New certificate of birth—Legitimation, paternity—Substitution for original—Inspection of original, when—When delayed registration required. The state registrar of vital statistics shall establish a new certificate of birth for a person born in this state when he receives a request that a new certificate be established and such evidence as required by regulation of the state board of health proving that such person has been acknowledged, or that a court of competent jurisdiction has determined the paternity of such person. When a new certificate of birth is established, the actual place and date of birth shall be shown. It shall be substituted for the original certificate of birth. Thereafter, the original certificate and the evidence of paternity, or acknowledgment shall not be subject to inspection except upon order of a court of competent jurisdiction, or upon written request of the department of social and health services, the attorney general, or a prosecuting attorney, stating that the documents are being sought in furtherance of an action to enforce a duty of support. If no certificate of birth is on file for the person for whom a new certificate is to be established under this section, a delayed registration of birth shall be filed with the state
registrar of vital statistics as provided in RCW 70.58.120. [1983 1st ex.s. c 41 § 14; 1975—76 2nd ex.s. c 42 § 38; 1961 ex.s. c 5 § 21.]

Severability—1983 1st ex.s. c 41: See note following RCW 26.09.060.

70.58.100 Supplemental report on name of child. It shall be the duty of every local registrar when any certificate of birth of a living child is presented without statement of the given name, to make out and deliver to the parents of such child a special blank for the supplemental report of the given name of the child, which shall be filled out as directed and returned to the registrar as soon as the child has been named. [1915 c 180 § 8; 1907 c 83 § 14; RRS § 6031.]

70.58.104 Reproductions of vital records—Disclosure of information for research purposes—Issuance of birth and death records by local registrars. (1) The state registrar may prepare typewritten, photographic, electronic, or other reproductions of records of birth, death, fetal death, marriage, or decrees of divorce, annulment, or legal separation registered under law or that portion of the record of any birth which shows the child's full name, sex, date of birth, and date of filing of the certificate. Such reproductions, when certified by the state registrar, shall be considered for all purposes the same as the original and shall be prima facie evidence of the facts stated therein.

(2) The department may authorize by regulation the disclosure of information contained in vital records for research purposes. All research proposals must be submitted to the department and must be reviewed and approved as to scientific merit and to ensure that confidentiality safeguards are provided in accordance with department policy.

(3) Local registrars may, upon request, furnish certified copies of the records of birth, death, and fetal death, subject to all provisions of state law applicable to the state registrar. Local registrars in health districts or departments that have within their jurisdiction cities of the first class may issue certified copies only if they have an original certificate in their possession at the time of issuance of a certified copy or have a copy of the original certificate transmitted to the state registrar which was produced by a photographic or other exact reproduction method. Local registrars of all counties or districts may, upon request, furnish certified copies of the records of birth, death, and fetal death during the period that the original certificates are in their possession prior to transmittal of the original certificates to the state registrar. Certified copy forms used by local registrars furnishing certified copies while the original records are in their possession shall be supplied or approved by the state registrar and no other forms shall be used. [1987 c 223 § 2.]

70.58.107 Fees charged by department and local registrars. The department of social and health services shall charge a fee of eleven dollars for certified copies of records and for copies or information provided for research, statistical, or administrative purposes, and eight dollars for a search of the files or records when no copy is made. The department shall prescribe by regulation fees to be paid for preparing sealed files and for opening sealed files.

No fee may be demanded or required for furnishing certified copies of a birth, death, fetal death, marriage, divorce, annulment, or legal separation record for use in connection with a claim for compensation or pension pending before the veterans administration.

The state department of social and health services shall keep a true and correct account of all fees received and turn the fees over to the state treasurer on a weekly basis.

Local registrars shall charge the same fees as the state as hereinabove provided and as prescribed by department regulation, except that local registrars shall charge eleven dollars for the first copy of a death certificate and six dollars for each additional copy of the same death certificate when the additional copies are ordered at the same time as the first copy. All such fees collected, except for three dollars of each fee for the issuance of a certified copy, shall be paid to the jurisdictional health department.

All local registrars in cities and counties shall keep a true and correct account of all fees received under this section for the issuance of certified copies and shall turn three dollars of the fee over to the state treasurer on or before the first day of January, April, July, and October.

Three dollars of each fee imposed for the issuance of certified copies at both the state and local levels shall be held by the state treasurer in the death investigations account established by RCW 43.79.445. [1987 c 223 § 3.]

70.58.110 Delayed registration of births—Authorized. A county coroner, medical examiner, or the prosecuting attorney having jurisdiction may issue a certificate of presumed death when the official issuing the certificate determines to the best of the official's knowledge and belief that there is sufficient circumstantial evidence to indicate that a person has in fact died in the county or in waters contiguous to the county as a result of an accident or natural disaster, such as a drowning, flood, earthquake, volcanic eruption, or similar occurrence, and that it is unlikely that the body will be recovered. The term "blasting agent" shall be held to mean and include any material or mixture consisting of a fuel and oxidizer, intended for blasting, not otherwise classified as an explosive, and in which none of the ingredients are classified as an explosive, provided that the finished product, as mixed and packaged for use or shipment, cannot be detonated when unconfined by means of a No. 8 test blasting cap.

The term "explosive" or "explosives" whenever used in this chapter, shall be held to mean and include any chemical compound or mechanical mixture that is commonly used or intended for the purpose of producing an explosion, that contains any oxidizing and combustible units, or other ingredients, in such proportions, quantities or packing, that an ignition by fire, by friction, by concussion, by percussion, or by detonation of any part of the compound or mixture may cause such a sudden generation of highly heated gases that the resultant gaseous pressures are capable of producing destructive effects on contiguous objects or of destroying life or limb. In addition, the term "explosives" shall include all material which is classified as class A, class B, and class C explosives by the federal department of transportation: Provided, That for the purposes of this chapter small arms ammunition, small arms ammunition primers, smokeless powder not exceeding fifty pounds, and black powder not exceeding five pounds shall not be defined as explosives.

Classification of explosives shall include but not be limited to the following:

CLASS A EXPLOSIVES: (Possessing detonating hazard) dynamite, nitroglycerin, picric acid, lead azide, fulminate of mercury, black powder exceeding five pounds, blasting caps in quantities of 1001 or more, and detonating primers.

CLASS B EXPLOSIVES: (Possessing flammable hazard) propellant explosives, including smokeless propellants exceeding fifty pounds.

and who has complied with the provisions of this chapter applicable to him may purchase explosives from an authorized dealer of a bordering state and may transport said explosives into this state for use herein: Provided further, That residents of this state shall, within ten days of the date of purchase, present to the department of labor and industries a report signed by both vendor and vendee of every purchase from an out of state dealer, said report indicating the date of purchase, name of vendor, vendor's license number, vendor's business address, amount and kind of explosives purchased, the name of the purchaser, the purchaser's license number, and the name of receiver if different than purchaser.

(4) It shall be unlawful to sell, give away or otherwise dispose of, or deliver to any person under twenty-one years of age any explosives including black powder, and blasting caps or other explosive igniters, whether said person is acting for himself or for any other person: Provided, That small arms ammunition and handloader components shall not be considered explosives for the purposes of this section: Provided further, That if there is a finding by the director that said use or disposition of explosives poses no unusual hazard to the safety of life or limb in any class of industry, where persons eighteen years of age or older are employed as users, and where said persons are adequately trained and adequately supervised by a superior in an employment relationship who is sufficiently experienced in the use of explosives, and who possesses a valid license for such use under this chapter, the director in his discretion may exclude said persons in that class of industry from said minimum age requirement.

(5) All persons engaged in keeping, using, or storing any compound, mixture, or material, in wet condition, or otherwise, which upon drying out or undergoing other physical changes, may become an explosive within the definition of RCW 70.74.010, shall report in writing subscribed to by such person or his agent, to the department of labor and industries, report blanks to be furnished by such department; and such reports to require:

plant showing the location of all explosives manufacturing buildings and the distance they are located from other factory buildings where persons are employed and from magazines, and these plans shall at all times be open to inspection by duly authorized inspectors of the department of labor and industries. The superintendent of each plant shall upon demand of said inspector furnish the following information:

(a) The maximum amount and kind of explosive material which is or will be present in each building at one time.

(b) The nature and kind of work carried on in each building and whether or not said buildings are surrounded by natural or artificial barricades.

The department of labor and industries shall as soon as may be after receiving such application cause an inspection to be made of the explosives manufacturing plant, and if found to be in accordance with RCW 70.74.030 and 70.74.050 and RCW 70.74.061, such department shall issue a license to the person applying therefor showing compliance with the provisions of this chapter, unless the department shall find that the applicant or the officers, agents or employees of the applicant are not sufficiently experienced in the manufacture of explosives, have been convicted of a crime involving moral turpitude, or are disloyal to the United States. Such license shall continue in full force and effect until surrendered or canceled, because of failure to comply with any of the conditions necessary for the granting of a license. [1969 ex.s. c 137 § 13; 1941 c 101 § 1; 1931 c 111 § 11; Rem. Supp. 1941 § 5440–1.]

Effective date—1969 ex.s. c 137: The effective date of 1969 ex.s. c 137 was August 11, 1969.

70.74.120 Storage report—Inspection—License—Cancellation. All persons engaged in keeping or storing and all persons having in their possession explosives on the date when this 1969 amendatory act takes effect shall within sixty days thereafter, and all persons engaging in keeping or storing explosives or coming into possession thereof after this act takes effect, shall before engaging in the keeping or storing of explosives or taking possession thereof, make an application in writing subscribed to by such person or his agent, to the department of labor and industries stating:

(1) The location of the magazine, if any, if then existing, or in case of a new magazine, the proposed location of such magazine;

(2) The kind of explosives that are kept or stored or possessed or intended to be kept or stored or possessed and the maximum quantity that is intended to be kept or stored or possessed thereof;

(3) The distance that such magazine is located or intended to be located from other magazines, inhabited buildings, explosives manufacturing buildings, railroads, highways and public utility transmission systems;

(4) The name and address of the applicant;

(5) The reason for desiring to store or possess explosives;

(6) The citizenship of the applicant if the applicant is an individual;

(7) If the applicant is a partnership, the names and addresses of the partners and their citizenship;

(8) If the applicant is an association or corporation, the names and addresses of the officers and directors thereof and their citizenship;

(9) And such other pertinent information as the director of the department of labor and industries shall require to effectuate the purpose of this chapter.

The department of labor and industries shall, as soon as may be after receiving such application, cause an inspection to be made of the magazine, if then constructed, and, in the case of a new magazine, as soon as may be after same is found to be constructed in accordance with the specification provided in RCW 70.74.025, such department shall determine the amount of explosives that may be kept and stored in such magazine by reference to the quantity and distance tables set forth in RCW 70.74.030, 70.74.050 and 70.74.061, and shall issue a license to the person applying therefor, unless the department shall find that such applicant is not sufficiently experienced in the handling of explosives, lacks suitable facilities therefor, has been convicted of a crime involving moral turpitude, or is disloyal to the United States. Said license shall set forth the maximum quantity of explosives that may be had, kept or stored by said person. Such license shall be valid until canceled for one or more of the causes hereinafter provided. Whenever by reason of change in the physical conditions surrounding said magazine at the time of the issuance of the license therefor, such as:

(a) The erection of buildings nearer said magazine;

(b) The construction of railroads nearer said magazine;

(c) The opening for public travel of highways nearer said magazine; or

(d) The construction of public utilities transmission systems near said magazine; then the amounts of explosives which may be lawfully had, kept or stored in said magazine must be reduced to conform to such changed conditions in accordance with the quantity and distance table notwithstanding the license, and the department of labor and industries shall modify or cancel such license in accordance with the changed conditions. Said license may also be canceled if the department of labor and industries shall find that the applicant is keeping explosives for an unlawful purpose or is disloyal to the United States. Whenever any person to whom a license has been issued, keeps or stores in the magazine or has in his possession, any quantity of explosives in excess of the maximum amount set forth in said license, or whenever any person fails for thirty days to pay the annual license fee hereinafter provided after the same becomes due, the department is authorized to cancel such license. Whenever a license is canceled by the department for any cause herein specified, the department shall notify the person to whom such license is issued of the fact of such cancellation and shall in said notice direct the removal of all explosives stored in said magazine within ten days from the giving of said notice, or, if the cause of cancellation be the failure to pay the annual license fee, or the fact that explosives are kept for an unlawful purpose, or
the applicant is disloyal to the United States, the department of labor and industries shall order such person to dispossess himself of said explosives within ten days from the giving of said notice. Failure to remove the explosives stored in said magazine or to dispossess oneself of the explosives as herein provided within the time specified in said notice shall constitute a violation of this chapter. [1969 ex.s. c 137 § 14; 1941 c 101 § 2; 1931 c 111 § 12; Rem. Supp. 1941 § 5440-12.]

(3) Citizenship, if an individual applicant;
(4) If a partnership, the names and addresses of the partners and their citizenship;
(5) If an association or corporation, the names and addresses of the officers and directors thereof and their citizenship; and
(6) Such other pertinent information as the director of labor and industries shall require to effectuate the purpose of this chapter.

Said license may be canceled for any cause that would prevent the initial issuance thereof; or for any violation of this chapter. [1971 ex.s. c 302 § 7; 1970 ex.s. c 72 § 3; 1969 ex.s. c 137 § 18.]

Purpose—1985 c 191: "It is the purpose of this 1985 act to protect the public by enabling ski area operators to exercise appropriate avalanche control measures. The legislature finds that avalanche control is of vital importance to safety in ski areas and that the provisions of the Washington state explosives act contain restrictions which do not reflect special needs for the use of explosives as a means of clearing an area of serious avalanche risks. This 1985 act recognizes these needs while providing for a system of regulations designed to ensure that the use of explosives for avalanche control conforms to fundamental safety requirements." [1985 c 191 § 1.]

The definitions, rules, and regulations so formulated shall be based upon, and, at all times, follow the generally accepted nationwide engineering standards, formulae, and practices established and pertaining to boiler and unfired pressure vessel construction and safety, and the board may by resolution adopt an existing published codification thereof, known as "The Boiler Construction Code of the American Society of Mechanical Engineers", with the amendments and interpretations thereto made and approved by the council of the society, and may likewise adopt the amendments and interpretations subsequently made and published by the same authority; and when so adopted the same shall be deemed incorporated into, and to constitute a part or the whole of the definitions, rules, and regulations of the board. Amendments and interpretations to the code so adopted shall be adopted immediately upon being promulgated, to the end that the definitions, rules, and regulations shall at all times follow the generally accepted nationwide engineering standards: Provided, however, That all rules and regulations promulgated by the board, including any or all of the boiler construction code of the American society of mechanical engineers with amendments and interpretations thereof, shall be adopted in compliance with the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended. (2) A special permit may also be granted for boilers and pressure vessels manufactured before 1951 which do not comply with the code requirements of the American Society of Mechanical Engineers adopted under this chapter, if the boiler or pressure vessel is operated exclusively for the purposes of public exhibition, and the board finds, upon inspection, that operation of the boiler or pressure vessel for such purposes is not unsafe. [1984 c 93 § 1; 1951 c 32 § 6.]

70.79.070 Existing installations—Conformance required. (1) All boilers and unfired pressure vessels which were in use, or installed ready for use in this state prior to the date upon which the first rules and regulations under this chapter pertaining to existing installations became effective, or during the twelve months period immediately thereafter, shall be made to conform to the rules and regulations of the board governing existing installations, and the formulae prescribed therein shall be used in determining the maximum allowable working pressure for such boilers and unfired pressure vessels.

(2) This chapter shall not be construed as in any way preventing the use or sale of boilers or unfired vessels as referred to in subsection (1) of this section, provided they have been made to conform to the rules and regulations of the board governing existing installations, and, provided, further, they have not been found upon inspection to be in an unsafe condition. 70.87.030 Department to administer—Rules. The department shall administer this chapter through the division of building and construction safety inspection services. In the execution of this rule-making power and before the adoption of rules, the department shall consider the rules for the safe mechanical operation, erection, installation, alteration, inspection, and repair of conveyances, including the American Standard Safety Code for Elevators, Dumbwaiters, and Escalators, and any amendatory or supplemental provisions thereto. The department by rule shall establish a schedule of fees to pay the costs incurred by the department for the work related to administration and enforcement of this chapter. Nothing in this chapter limits the authority of the department to prescribe or enforce general or special safety orders as provided by law. [1983 c 123 § 3; 1973 1st ex.s. c 52 § 10; 1971 c 66 § 1; 1970 ex.s. c 22 § 1; 1963 c 26 § 3.]

All suits shall be brought in the district or superior court of the district or county in which the defendant resides or transacts business. Conveyances in buildings occupied by state, county or political subdivision. The operation, erection, installation, alteration, inspection, and repair of any conveyance located in, or used in connection with, any building owned by the state, a county, or a political subdivision, other than those located within and owned by a city having an elevator code, shall be under the jurisdiction of the department. Operating permits—Limited permits—Duration—Posting. (1) An operating permit is required for each conveyance operated in the state of Washington except during its erection by the person or firm responsible for its installation. A permit issued by the department shall be kept conspicuously posted near the conveyance.

Acceptance tests. (1) The person or firm installing, relocating, or altering a conveyance shall notify the department in writing, at least seven days before completion of the work, and shall subject the new,
moved, or altered portions of the conveyance to the acceptance tests.

An exception applies only to the installation covered by the application for waiver. [1983 c 123 § 12; 1963 c 26 § 11.]

70.87.120 Inspectors—Inspections and reinspections—Suspension or revocation of permit—Order to discontinue use—Investigation by department. (2) The department shall cause all conveyances to be inspected and tested at least once each year. Inspectors have the right during reasonable hours to enter into and upon any building or premises in the discharge of their official duties, for the purpose of making any inspection or testing any conveyance thereon or therein. Inspections and tests shall conform with the rules adopted by the department. The department shall inspect all installations before it issues any initial permit or testing any conveyance contained thereon or therein. No bond may be required from the department to discontinue operation. The order shall specify why the conveyance may not be operated on a conspicuous place in the conveyance, if the conveyance:

(a) Has not been constructed, installed, maintained, or repaired in accordance with the requirements of this chapter; or
(b) The conveyance for which the permit was issued has not been constructed, installed, maintained, or repaired in accordance with the requirements of this chapter; or
(c) The conveyance has become unsafe.

70.87.140 Operation without permit enjoinable. Whenever any conveyance is being operated without a permit required by this chapter, the attorney general or the prosecuting attorney of the county may apply to the superior court of the county in which the conveyance is located for a temporary restraining order or a temporary or permanent injunction restraining the operation of the conveyance until the department issues a permit for the conveyance. No bond may be required from the department in such proceedings. [1983 c 123 § 14; 1963 c 26 § 14.]

(b) Has otherwise become unsafe.

The order is effective immediately, and shall not be stayed by a request for a hearing.

(2) The department shall prescribe a form for the order to discontinue operation. The order shall specify why the conveyance violates this chapter or is otherwise unsafe, and shall inform the owner or operator that he or she may request a hearing pursuant to RCW 70.87.170. A request for a hearing does not stay the effect of the order.
70.87.145 Title 70 RCW: Public Health and Safety

(3) The department shall rescind the order to discontinue operation if the conveyance is fixed or modified to bring it into compliance with this chapter.

(4) An owner or a person that knowingly operates or allows the operation of a conveyance in contravention of an order to discontinue operation, or removes a notice not to operate, is:

(a) Guilty of a misdemeanor; and

(1) Any person aggrieved by an order or action of the department denying, suspending, revoking, or refusing to renew a permit; assessing a penalty for a violation of this chapter; or ordering the operation of a conveyance to be discontinued, may request a hearing within fifteen days after notice the department's order or action is received. The date the hearing was requested shall be the date the request for hearing was postmarked. The party requesting the hearing must accompany the request with a certified or cashier's check for two hundred dollars payable to the department. The department shall refund the two hundred dollars if the party requesting the hearing prevails at the hearing; otherwise, the department shall retain the two hundred dollars.

If the department does not receive a timely request for hearing, the department's order or action is final and may not be appealed.

(2) If the aggrieved party requests a hearing, the department shall ask an administrative law judge to preside over the hearing. The hearing shall be conducted in accordance with chapter 34.04 RCW. [1983 c 123 § 16; 1963 c 26 § 17.]

The construction, installation, relocation, alteration, or operation of a conveyance without a permit by any person owning or having the custody, management, or operation thereof, except as provided in RCW 70.87.080 and 70.87.090, is a misdemeanor. Each day of violation is a separate offense. No prosecution may be maintained where the issuance or renewal of a permit has been requested but upon which no action has been taken by the department. [1983 c 123 § 17; 1963 c 26 § 18.]

70.87.185 Penalty for violation of chapter—Rules—Notice. (1) The department may assess a penalty against a person violating a provision of this chapter. The penalty shall be not more than five hundred dollars. Each day that the violation continues is a separate violation and is subject to a separate penalty.

(2) The department may not assess a penalty until it adopts rules describing the method it will use to calculate penalties for various violations.

(3) The department shall notify the violator of its action, and the reasons for its action, in writing. The department shall send the notice by certified mail to the violator's last known address. The notice shall inform the violator that a hearing may be requested under RCW 70.87.170. The hearing shall not stay the effect of the penalty. [1983 c 123 § 18.]

70.87.190 Accidents—Report and investigation—Cessation of use—Removal of damaged parts. The owner or the owner's duly authorized agent shall promptly notify the department of each accident to a conveyance in contravention of a disability exceeding one day, and shall afford the department every facility for investigating and inspecting the conveyance. The department shall without delay, after being notified, make an inspection and shall place on file a full and complete report of the accident. The report shall give in detail all material facts and information available and the cause or causes, so far as they can be determined. The report shall be open to public inspection at all reasonable hours. When an accident involves the failure or destruction of any part of the construction or the operating mechanism of a conveyance, the use of the conveyance is forbidden until it has been made safe; it has been reinspected and any repairs, changes, or alterations have been approved by the department; and a permit has been issued by the department. The removal of any part of the damaged construction or operating mechanism from the premises is forbidden until the department grants permission to do so. [1983 c 123 § 21; 1963 c 26 § 19.]

Automotive oil recycling: Chapter 19.114 RCW.

Solid waste management, recovery and recycling: Chapter 70.95 RCW.

70.93.010 Legislative findings. Recognizing the rapid population growth of the state of Washington and the ever increasing mobility of its people, as well as the fundamental need for a healthful, clean and beautiful environment; and further recognizing that the proliferation and accumulation of litter discarded throughout this state impairs this need and constitutes a public health hazard; and further recognizing the need to conserve energy and natural resources; and further recognizing that there is an imperative need to anticipate, plan for, and accomplish effective litter control and recover and recycle waste materials related to litter with the subsequent conservation of resources and energy, there is
hereby enacted this "Model Litter Control and Recycling Act". [1979 c 94 § 1; 1971 ex.s. c 307 § 1.]

70.93.020 Declaration of purpose. The purpose of this chapter is to accomplish litter control and stimulate private recycling programs throughout this state by delegating to the department of ecology the authority to:

(1) Conduct a permanent and continuous program to control and remove litter from this state to the maximum practical extent possible; (2) recover and recycle waste materials related to litter and littering; (3) foster private recycling; and (4) increase public awareness of the need for recycling and litter control. It is further the intent and purpose of this chapter to create jobs for employment of youth in litter cleanup and related activities and to stimulate and encourage small, private recycling centers. This program shall include the compatible goal of recovery of recyclable materials to conserve energy and natural resources wherever practicable. Every other department of state government and all local governmental units and agencies of this state shall cooperate with the department of ecology in the administration and enforcement of this chapter. The intent of this chapter is to add to and to coordinate existing recycling and litter control and removal efforts and not terminate or supplant such efforts. (2) Into a litter receptacle in such a manner that the litter will be prevented from being carried away or deposited by the elements upon any part of said private or public property or waters.

Any person violating the provisions of this section shall be guilty of a misdemeanor and the fine for such violation shall not be less than fifty dollars for each offense. In addition thereto, except where infirmity or age or other circumstance would create a hardship, such person shall be directed by the court in which conviction is obtained to pick up and remove litter from public property and/or private property, with prior permission of the legal owner, for not less than eight hours nor more than sixteen hours for each separate offense. The court shall schedule the time to be spent on such activities in such a manner that it does not interfere with the person's employment and does not interfere substantially with the person's family responsibilities. [1983 c 277 § 1; 1979 ex.s. c 39 § 1; 1971 ex.s. c 307 § 6.]

It shall be the responsibility of any person owning or operating any establishment or public place in which litter receptacles of the uniform design are required by this section to procure and place such receptacles at their own expense on the premises in accord with rules and regulations adopted by the department.

The department shall establish a system of grants to aid cities, towns, and counties with populations under twenty-five thousand in procuring and placing such litter receptacles. Such grants shall be made on a matching basis under which the local government involved electing to participate in this program shall be required to pay at least fifty percent of the total costs of procurement of receptacles sufficient in number to meet departmental guidelines established by rule pursuant to this section. The amount of the grant shall be determined on a case-by-case basis by the director after consideration of need, available departmental and local government funds, degree of prior compliance by the local government involved in placement of receptacles, and other relevant criteria. The responsibility for maintaining and emptying such receptacles shall remain with the unit of local government.

Any person, other than a political subdivision, government agency, or municipality, who fails to place such litter receptacles on the premises in the numbers required by rule or regulation of the department, violating the provisions of this section or rules or regulations adopted thereunder shall be subject to a fine of ten dollars for each day of violation. Chapter 70.94

Title 70 RCW: Public Health and Safety

70.94.011 Declaration of public policies and purpose—Division of state into two major areas. It is declared to be the public policy of the state to secure and maintain such levels of air quality as will protect human health and safety and comply with the requirements of the federal clean air act, and, to the greatest degree practicable, prevent injury to plant and animal life and property, foster the comfort and convenience of its inhabitants, promote the economic and social development of the state, and facilitate the enjoyment of the natural attractions of the state. The problems and effects of air pollution are frequently regional and interjurisdictional in nature, and are dependent upon the existence of urbanization and industrialization in areas having common topography and recurring weather conditions conducive to the buildup of air contaminants.

It is also declared as public policy that regional air pollution control programs are to be encouraged and supported to the extent practicable as essential instruments for the securing and maintenance of appropriate levels of air quality.

It is also declared to be the public policy of the state to provide for the people of the populous metropolitan regions in the state the means of obtaining air pollution control not adequately provided by existing agencies of local government. For reasons of the present and potential dramatic growth in population, urbanization, and industrialization, the special problem of air resource management, encompassing both corrective and preventive measures for the control of air pollution cannot be adequately met by the individual towns, cities, and counties of many metropolitan regions.

In addition, the state is divided into two major areas, each having unique characteristics as to natural climatic and topographic features which may result in the different potentials for the accumulation and buildup of air contaminant concentrations. These two major areas are the area lying west of the Cascade Mountain crest and the area lying east of the Cascade Mountain crest. Within each of these major areas are regions which, because of the climate and topography and present and potential urbanization and industrial development may, through definitive evaluation be classed as regional air pollution areas.

To these ends it is the purpose of this chapter to provide for a coordinated state-wide program of air pollution prevention and control, for an appropriate distribution of responsibilities between the state, regional, and local units of government, and for cooperation across jurisdictional lines in dealing with problems of air pollution. [1973 1st ex.s. c 193 § 1; 1969 ex.s. c 168 § 1; 1967 c 238 § 1.]

70.94.025 Pollution control hearings board of the state of Washington as affecting chapter 70.94 RCW. See chapter 43.21B RCW.

70.94.040  Causing or permitting air pollution unlawful—Exception. Except where specified in a variance permit, as provided in RCW 70.94.181, it shall be unlawful for any person to cause air pollution or permit it to be caused in violation of this chapter, or of any ordinance, resolution, rule or regulation validly promulgated hereunder. [1980 c 175 § 2; 1967 c 238 § 3; 1957 c 232 § 4.]

70.94.041  Exception—Burning wood at historic structure. Except as otherwise provided in this section, any building or structure listed on the national register of historic sites, structures, or buildings established pursuant to 80 Stat. 915, 16 U.S.C. Sec. 470a, or on the state register established pursuant to *RCW 43.51A.080, shall be permitted to burn wood as it would have when it was a functioning facility as an authorized exception to the provisions of this chapter. Such burning of wood shall not be exempted from the provisions of RCW 70.94.710 through 70.94.730. [1983 c 3 § 175; 1977 ex.s. c 38 § 1.]

*Reviser's note: RCW 43.51A.080 was repealed by 1983 c 91 § 25, effective June 30, 1983. Later enactment, see RCW 27.34.220.

70.94.053  Air pollution control authorities created—Activated authorities, composition, meetings—Delineation of air pollution regions, considerations. (1) In each county of the state there is hereby created an air pollution control authority, which shall bear the name of the county within which it is located. The boundaries of each authority shall be coextensive with the boundaries of the county within which it is located. An authority shall include all incorporated and unincorporated areas of the county within which it is located.

(2) All authorities which are presently or may hereafter be within counties of the first class, class A or class AA, are hereby designated as activated authorities and shall carry out the duties and exercise the powers provided in this chapter. Those authorities hereby activated which encompass contiguous counties located in one or the other of the two major areas determined in RCW 70.94.011 are declared to be and directed to function as a multicounty authority.

(3) Except as provided in RCW 70.94.232, all other air pollution control authorities are hereby designated as inactive authorities.

(4) The boards of those authorities designated as activated authorities by this chapter shall be comprised of such appointees and/or county commissioners or other officers as is provided in RCW 70.94.100. The first meeting of the boards of those authorities designated as activated authorities by this chapter shall be on or before sixty days after June 8, 1967.

(5) The department is directed to conduct the necessary evaluations and delineate appropriate air pollution regions throughout the state, taking into consideration:

(a) The natural climatic and topographic features affecting the potential for buildup of air contaminant concentrations.

(b) The degree of urbanization and industrialization and the existence of activities which are likely to cause air pollution.

(c) The county boundaries as related to the air pollution regions and the practicality of administering air pollution control programs. [1987 c 505 § 60; 1987 c 109 § 34; 1979 c 141 § 120; 1967 c 238 § 4.]

Reviser's note: This section was amended by 1987 c 109 § 34 and by 1987 c 505 § 60, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

70.94.055  Air pollution control authority may be activated by certain counties, when. The board of county commissioners of any county other than a first class, class A or class AA county may activate an air pollution control authority following a public hearing on its own motion, or upon a filing of a petition signed by one hundred property owners within the county. If the board of county commissioners determines as a result of the public hearing that:

(1) Air pollution exists or is likely to occur; and

(2) The city or town ordinances or county resolutions, or their enforcement, are inadequate to prevent or control air pollution, they shall by resolution activate an air pollution control authority or combine with a contiguous county or counties to form a multicounty air pollution control authority. [1967 c 238 § 5.]

70.94.057  Multicounty authority may be formed by contiguous counties—Name. The boards of county commissioners of two or more contiguous counties may, by joint resolution, combine to form a multicounty air pollution control authority. Boundaries of such authority shall be coextensive with the boundaries of the counties forming the authority.

The name of the multicounty authority shall bear the names of the counties making up such multicounty authority or a name adopted by the board of such multicounty authority. [1967 c 238 § 6.]

70.94.068  Merger of active and inactive authorities to form multicounty or regional authority—Procedure. The respective boards of county commissioners of two or more contiguous counties may merge any combination of their several inactive or activated authorities to form one activated multicounty authority. Upon a determination that the purposes of this chapter will be served by such merger, each board of county commissioners may adopt the resolution providing for such merger. Such resolution shall become effective only when a similar resolution is adopted by the other contiguous county or counties comprising the proposed authority. The boundaries of
such authority shall be coextensive with the boundaries of the counties within which it is located. [1969 ex.s. c 168 § 3; 1967 c 238 § 11.]

70.94.068 Merger of active and inactive authorities to form multicounty or regional authority—Reorganization of board of directors—Rules and regulations. Whenever there occurs a merger of an inactive authority with an activated authority or authorities, or of two activated authorities to form a multicounty authority, the board of directors shall be reorganized as provided in RCW 70.94.100, 70.94.110, and 70.94.120.

In the case of the merger of two or more activated authorities the rules and regulations of each authority shall continue in effect and shall be enforced within the jurisdiction of each until such time as the board of directors adopts rules and regulations applicable to the newly formed multicounty authority.

In the case of the merger of an inactive authority with an activated authority or authorities, upon approval of such merger by the board or boards of county commissioners of the county or counties comprising the existing activated authority or authorities, the rules and regulations of the activated authority or authorities shall remain in effect until superseded by the rules and regulations of the multicounty authority as provided in RCW 70.94.230. [1969 ex.s. c 168 § 4; 1967 c 238 § 12.]

70.94.070 Resolutions activating authorities—Contents—Filing—Effective date of operation. The resolution or resolutions activating an air pollution authority shall specify the name of the authority and participating political bodies; the authority’s principal place of business; the territory included within it; and the effective date upon which such authority shall begin to transact business and exercise its powers. In addition, such resolution or resolutions may specify the amount of money to be contributed annually by each political subdivision, or a method of dividing expenses of the air pollution control program. Upon the adoption of a resolution or resolutions calling for the activation of an authority or the merger of an inactive or activated authority or several activated authorities to form a multicounty authority, the governing body of each shall cause a certified copy of each such ordinance or resolution to be filed in the office of the secretary of state of the state of Washington. From and after the date of filing with the secretary of state a certified copy of each such resolution, or resolutions, or the date specified in such resolution or resolutions, whichever is later, the authority may begin to function and may exercise its powers.

Any authority activated by the provisions of this chapter shall cause a certified copy of all information required by this section to be filed in the office of the secretary of state of the state of Washington. [1969 ex.s. c 168 § 5; 1967 c 238 § 13; 1957 c 232 § 7.]

70.94.081 Powers and duties of authorities. An activated authority shall be deemed a municipal corporation; have right to perpetual succession; adopt and use a seal; may sue and be sued in the name of the authority in all courts and in all proceedings; and, may receive, account for, and disburse funds, employ personnel, and acquire or dispose of any interest in real or personal property within or without the authority in the furtherance of its purposes. [1969 ex.s. c 168 § 6; 1967 c 238 § 14.]

70.94.091 Excess tax levy authorized—Election, procedure, expense. An activated authority shall have the power to levy additional taxes in excess of the constitutional and/or statutory tax limitations for any of the authorized purposes of such activated authority, not in excess of twenty-five cents per thousand dollars of assessed value a year when authorized so to do by the electors of such authority by a three-fifths majority of those voting on the proposition at a special election, to be held in the year in which the levy is made, in the manner set forth in Article VII, section 2 (a) of the Constitution of this state, as amended by Amendment 59 and as thereafter amended. Nothing herein shall be construed to prevent holding the foregoing special election at the same time as that fixed for a general election. The expense of all special elections held pursuant to this section shall be paid by the authority. [1973 1st ex.s. c 195 § 84; 1969 ex.s. c 168 § 7; 1967 c 238 § 15.]

Severability—Effective dates and termination dates—Construction—1973 1st ex.s. c 195: See notes following RCW 84.52.043.

70.94.092 Fiscal year—Adoption of budget—Contents—“Supplemental income”—Emergency expenditures. Notwithstanding the provisions of RCW 1.16.030, the budget year of each activated authority shall be the fiscal year beginning July 1st and ending on the following June 30th. The current budget year shall be terminated June 30, 1975, and a budget for the fiscal year beginning July 1, 1975, shall be adopted pursuant to this section as now or hereafter amended. On or before the fourth Monday in June of each year, each activated authority shall adopt a budget for the following fiscal year. The budget shall contain an estimate of all revenues to be collected during the following budget year, including any surplus funds remaining unexpended from the preceding year. The remaining funds required to meet budget expenditures, if any, shall be designated as "supplemental income" and shall be obtained from the component cities, towns, and counties in the manner provided in this chapter. The affirmative vote of three-fourths of all members of the board shall be required to authorize emergency expenditures. [1975 1st ex.s. c 106 § 1; 1969 ex.s. c 168 § 8; 1967 c 238 § 16.]

70.94.093 Methods for determining proportion of supplemental income to be paid by component cities, towns, and counties—Payment. (1) Each component city or town shall pay such proportion of the supplemental income to the authority as determined by either one of the following prescribed methods or by a combination of fifty percent of one and fifty percent of the other as provided in subsection (1)(c) of this section:
(a) Each component city or town shall pay such proportion of the supplemental income as the assessed valuation of property within its limits bears to the total assessed valuation of taxable property within the activated authority.

(b) Each component city or town shall pay such proportion of the supplemental income as the total population of such city or town bears to the total population of the activated authority. The population of the city or town shall be determined by the most recent census, estimate or survey by the federal bureau of census or any state board or commission authorized to make such a census, estimate or survey.

(c) A combination of the methods prescribed in (a) and (b) of this subsection: Provided, That such combination shall be of fifty percent of the method prescribed in (a) of this subsection and fifty percent of the method prescribed in (b) of this subsection.

(2) Each component county shall pay such proportion of such supplemental income to the authority as determined by either one of the following prescribed methods or by a combination of fifty percent of one and fifty percent of the other as prescribed in subsection (2)(c) of this section:

(a) Each component county shall pay such proportion of such supplemental income as the assessed valuation of property within the unincorporated area of such county lying within the activated authority bears to the total assessed valuation of taxable property within the activated authority.

(b) Each component county shall pay such proportion of the supplemental income as the total population of the unincorporated area of such county bears to the total population of the activated authority. The population of the county shall be determined by the most recent census, estimate or survey by the federal bureau of census or any state board or commission authorized to make such a census, estimate or survey.

(c) A combination of the methods prescribed in (a) and (b) of this subsection: Provided, That such combination shall be of fifty percent of the method prescribed in (a) of this subsection and fifty percent of the method prescribed in (b) of this subsection.

(3) In making such determination of the assessed valuation of property in the component cities, towns and counties, the board shall use the last available assessed valuations. The board shall certify to each component city, town and county, prior to the fourth Monday in June of each year, the share of the supplemental income to be paid by such component city, town or county for the next calendar year. The latter shall then include such amount in its budget for the ensuing calendar year, and during such year shall pay to the activated authority, in equal quarterly installments, the amount of its supplemental share. [1969 ex.s. c 168 § 9; 1967 c 238 § 17.]

70.94.0935 Limitation on revenues collected from sources of air pollution—Exemption. Revenues collected from sources of air pollution for services rendered on a periodic basis for any authority shall not exceed in any fiscal year fifty percent of the "supplemental income" paid by component cities, towns, and counties as defined in RCW 70.94.092 for the same fiscal year. Fees collected under RCW 70.94.152 are exempt from this limitation. [1984 c 88 § 1.]

70.94.094 Designation of authority treasurer and auditor—Duties. The treasurer of each component city, town or county shall create a separate fund into which shall be paid all money collected from taxes or from any other available sources, levied by or obtained for the activated authority on property or on any other available sources in such city, town or county and such money shall be forwarded quarterly by the treasurer of each such city, town or county to the treasurer of the county designated by the board as the authority treasurer. The treasurer of the county so designated to serve as treasurer of the authority shall establish and maintain such funds as may be authorized by the board. Money shall be disbursed from such funds upon warrants drawn by the auditor of the county designated by the board as the authority auditor as authorized by the board. The respective county shall be reimbursed by the board for services rendered by the treasurer and auditor of the respective county in connection with the receipt and disbursement of such funds. [1969 ex.s. c 168 § 10; 1967 c 238 § 18.]

70.94.095 Assessed valuation of taxable property, certification by county assessors. It shall be the duty of the assessor of each component county to certify annually to the board the aggregate assessed valuation of all taxable property in all incorporated and unincorporated areas situated in any activated authority as the same appears from the last assessment roll of his county. Such fees and mileage, and the cost of duplicating records required to be produced by subpoena issued upon the motion of the board or department, shall be paid by the board or department. Such fees and mileage, and the cost of producing records required to be produced by subpoena issued upon the request of a party, shall be paid by that party.
   (4) If an individual fails to obey the subpoena, or obeys the subpoena but refuses to testify when required concerning any matter under examination or investigation or the subject of the hearing, the board or department shall file its written report thereof and proof of service of its subpoena, in any court of competent jurisdiction in the county where the examination, hearing or investigation is being conducted. Thereupon, the court shall forthwith cause the individual to be brought before it and, upon being satisfied that the subpoena is within the jurisdiction of the board or department and otherwise in accordance with law, shall punish him as if the failure or refusal related to a subpoena from or testimony in that court.
   (5) The department may make such rules and regulations as to the issuance of its own subpoenas as are not inconsistent with the provisions of this chapter. [1987 c 109 § 35; 1969 ex.s. c 168 § 17; 1967 c 238 § 26.]

70.94.143 Federal aid. Any authority exercising the powers and duties prescribed in this chapter may make application for, receive, administer, and expend any federal aid, under federal legislation from any agency of the federal government, for the prevention and control of air pollution or the development and administration of programs related to air pollution control and prevention, as permitted by RCW 70.94.141(12): Provided, That any such application shall be submitted to and approved by the department. The department shall adopt rules and regulations establishing standards for such approval and shall approve any such application, if it is consistent with this chapter, and any other applicable requirements of law. [1987 c 109 § 36; 1969 ex.s. c 168 § 18; 1967 c 238 § 27.]

70.94.151 Classification of air contaminant sources—Registration—Fee—Registration program defined. (1) The board of any activated authority or the department, may classify air contaminant sources, by ordinance, resolution, rule or regulation, which in its judgment may cause or contribute to air pollution, according to levels and types of emissions and other characteristics which cause or contribute to air pollution, and may require registration or reporting or both for any such class or classes. Classifications made pursuant to this section may be for application to the area of jurisdiction of such authority, or the state as a whole or to any designated area within the jurisdiction, and shall be
made with special reference to effects on health, economic and social factors, and physical effects on property.

(2) Any person operating or responsible for the operation of air contaminant sources of any class for which the ordinances, resolutions, rules or regulations of the department or board of the authority, require registration and reporting shall register therewith and make reports containing information as may be required by such department or board concerning location, size and height of contaminant outlets, processes employed, nature of the contaminant emission and such other information as is relevant to air pollution and available or reasonably capable of being assembled. The department or board may require that such registration be accompanied by a fee and may determine the amount of such fee for such class or classes: Provided, That the amount of the fee shall only be to compensate for the costs of administering such registration program which shall be defined as initial registration and annual or other periodic reports from the source owner providing information directly related to air pollution registration, on-site inspections necessary to verify compliance with registration requirements, data storage and retrieval systems necessary for support of the registration program, emission inventory reports and emission reduction credits computed from information provided by sources pursuant to registration program requirements, staff review, including engineering analysis for accuracy and currentness, of information provided by sources pursuant to registration program requirements, clerical and other office support provided in direct furtherance of the registration program, and administrative support provided in directly carrying out the registration program: Provided further, That any such registration made with either the board or the department shall preclude a further registration with any other board or the department. [1987 c 109 § 37; 1984 c 88 § 2; 1969 ex.s. c 168 § 19; 1967 c 238 § 28.]

70.94.152 Notice may be required of construction of new contaminant source—Submission of plans—Approval, disapproval—Emission control. (1) The department of ecology or board of any authority may require notice of the construction, installation, or establishment of any new air contaminant sources except single family and duplex dwellings. The department of ecology or board may require such notice to be accompanied by a fee and determine the amount of such fee: Provided, That the amount of the fee may not exceed the cost of reviewing the plans, specifications, and other information and administering such notice: Provided further, That any such notice given to either the board or to the department of ecology shall preclude a further notice to be given to any other board or to the department of ecology. Within thirty days of its receipt of such notice, the department of ecology or board may require, as a condition precedent to the construction, installation, or establishment of the air contaminant source or sources covered thereby, the submission of plans, specifications, and such other information as it deems necessary in order to determine whether the proposed construction, installation, or establishment will be in accord with applicable rules and regulations in force pursuant to this chapter, and will provide all known available and reasonable methods of emission control. If on the basis of plans, specifications, or other information required pursuant to this section the department of ecology or board determines that the proposed construction, installation, or establishment will not be in accord with this chapter or the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto, or will not provide all known available and reasonable means of emission control, it shall issue an order for the prevention of the construction, installation, or establishment of the air contaminant source or sources. If on the basis of plans, specifications, or other information required pursuant to this section, the department of ecology or board determines that the proposed construction, installation, or establishment will be in accord with this chapter, and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto and will provide all known available and reasonable methods of emission control, it shall issue an order of approval of the construction, installation, and establishment of the air contaminant source or sources, which order may provide such conditions of operation as are reasonably necessary to assure the maintenance of compliance with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto.

(2) For the purposes of this chapter, addition to or enlargement or replacement of an air contaminant source, or any major alteration therein, shall be construed as construction or installation or establishment of a new air contaminant source. The determination, under subsection (1) of this section, of whether a proposed construction, installation, or establishment will be in accord with this chapter and the applicable ordinances, resolutions, rules, and regulations adopted pursuant thereto shall include a determination of whether the operation of the new air contaminant source at the location proposed will cause any ambient air quality standard to be exceeded.

(3) Nothing in this section shall be construed to authorize the department of ecology or board to require the use of emission control equipment or other equipment, machinery, or devices of any particular type, from any particular supplier, or produced by any particular manufacturer.

(4) Any features, machines, and devices constituting parts of or called for by plans, specifications, or other information submitted pursuant to subsection (1) hereof shall be maintained in good working order.

(5) The absence of an ordinance, resolution, rule, or regulation, or the failure to issue an order pursuant to this section shall not relieve any person from his obligation to comply with any emission control requirements or with any other provision of law. [1973 1st ex.s. c 193 § 2; 1969 ex.s. c 168 § 20; 1967 c 238 § 29.]
Control of emissions—Bubble concept—Schedules of compliance. (1) As used in subsection (3) of this section, the term "bubble" means an air pollution control system which permits aggregate measurements of allowable emissions, for a single category of pollutant, for emissions points from a specified emissions-generating facility or facilities. Individual point source emissions levels from such specified facility or facilities may be modified provided that the aggregate limit for the specified sources is not exceeded.

(2) Whenever any regulation relating to emission standards or other requirements for the control of emissions is adopted which provides for compliance with such standards or requirements no later than a specified time after the date of adoption of the regulation, the appropriate activated air pollution control authority or, if there be none, the department of ecology shall, by regulatory order, issue to air contaminant sources subject to the standards or requirements, schedules of compliance setting forth timetables for the achievement of compliance as expeditiously as practicable, but in no case later than the time specified in the regulation. Interim dates in such schedules for the completion of steps of progress toward compliance shall be as enforceable as the final date for full compliance therein.

(3) Wherever requirements necessary for the attainment of air quality standards or, where such standards are not exceeded, for the maintenance of air quality can be achieved through the use of a control program involving the bubble concept, such program may be authorized by a regulatory order or orders issued to the air contaminant source or sources involved. Any such order shall restrict total emissions within the bubble to no more than would otherwise be allowed in the aggregate for all emitting processes covered. The orders provided for by this subsection shall be issued by the department or the authority with jurisdiction. If the bubble involves interjurisdictional approval, concurrence in the total program must be secured from each regulatory entity concerned. [1981 c 224 § 1; 1973 1st ex.s. c 193 § 3.]

Use of emission credits to be consistent with new source review program: RCW 70.94.850.

Control officer. Any activated authority which has adopted an ordinance, resolution, or valid rules and regulations as provided herein for the control and prevention of air pollution shall appoint a control officer, who shall observe and enforce the provisions of this chapter and all orders, ordinances, resolutions, or rules and regulations of such activated authority pertaining to the control and prevention of air pollution. [1969 ex.s. c 168 § 21; 1967 c 238 § 30; 1957 c 232 § 17.]

Variance application for—Considerations—Limitations—Renewals—Review. (1) Any person who owns or is in control of any plant, building, structure, establishment, process or equipment may apply to the department of ecology where it has regulatory authority under RCW 70.94.390, 70.94.395, 70.94.410, and 70.94.420, or board for a variance from rules or regulations governing the quality, nature, duration or extent of discharges of air contaminants. The application shall be accompanied by such information and data as the department of ecology or board may require. The department of ecology or board may grant such variance, but only after public hearing or due notice, if it finds that:

(a) The emissions occurring or proposed to occur do not endanger public health or safety; and

(b) Compliance with the rules or regulations from which variance is sought would produce serious hardship without equal or greater benefits to the public.

(2) No variance shall be granted pursuant to this section until the department of ecology or board has considered the relative interests of the applicant, other owners of property likely to be affected by the discharges, and the general public.

(3) Any variance or renewal thereof shall be granted within the requirements of subsection (1) and for time periods and under conditions consistent with the reasons therefor, and within the following limitations:

(a) If the variance is granted on the ground that there is no practicable means known or available for the adequate prevention, abatement or control of the pollution involved, it shall be only until the necessary means for prevention, abatement or control become known and available, and subject to the taking of any substitute or alternate measures that the department of ecology or board may prescribe.

(b) If the application for variance shows that there is no automobile fragmentizer within a reasonable distance of the wrecking yard for which the variance is sought, a variance will be granted for a period not to exceed three years for commercial burning of automobile hulks, subject to such conditions as the department of ecology may impose as to climatic conditions and hours during which burning of such hulks may be carried out: Provided, however, That any variance granted hereunder shall be of no force and effect after July 1, 1970.

(c) If the variance is granted on the ground that compliance with the particular requirement or requirements from which variance is sought will require the taking of measures which, because of their extent or cost, must be spread over a considerable period of time, it shall be for a period not to exceed such reasonable time as, in the view of the department of ecology or board is requisite for the taking of the necessary measures. A variance granted on the ground specified herein shall contain a timetable for the taking of action in an expeditious manner and shall be conditioned on adherence to such timetable.

(d) If the variance is granted on the ground that it is justified to relieve or prevent hardship of a kind other than that provided for in item (a), (b) and (c) of this subparagraph, it shall be for not more than one year.

(4) Any variance granted pursuant to this section may be renewed on terms and conditions and for periods...
which would be appropriate on initial granting of a variance. If complaint is made to the department of ecology or board on account of the variance, no renewal thereof shall be granted unless following a public hearing on the complaint on due notice the state board or board finds that renewal is justified. No renewal shall be granted except on application therefor. Any such application shall be made at least sixty days prior to the expiration of the variance. Immediately upon receipt of an application for renewal, the department of ecology or board shall give public notice of such application in accordance with rules and regulations of the department of ecology or board.

(5) A variance or renewal shall not be a right of the applicant or holder thereof but shall be granted at the discretion of the department of ecology or board. However, any applicant adversely affected by the denial or the terms and conditions of the granting of an application for a variance or renewal of a variance by the department of ecology or board may obtain judicial review thereof under the provisions of chapter 34.04 RCW as now or hereafter amended.

(6) Nothing in this section and no variance or renewal granted pursuant hereto shall be construed to prevent or limit the application of the emergency provisions and procedures of RCW 70.94.710 through 70.94.730 to any person or his property.

(7) An application for a variance, or for the renewal thereof, submitted to the department of ecology or board pursuant to this section shall be approved or disapproved by the department or board within sixty-five days of receipt unless the applicant and the department of ecology or board agree to a continuance. [1983 1st ex.s. c 193 § 1; 1969 ex.s. c 168 § 23; 1967 c 238 § 31.]

70.94.200 Investigation of conditions by control officer or department—Entering private, public property. For the purpose of investigating conditions specific to the control, recovery or release of air contaminants into the atmosphere, a control officer, the department, or their duly authorized representatives, shall have the power to enter at reasonable times upon any private or public property, excepting nonmultiple unit private dwellings housing two families or less. No person shall refuse entry or access to any control officer, the department, or their duly authorized representatives, who requests entry for the purpose of inspection, and who presents appropriate credentials; nor shall any person obstruct, hamper or interfere with any such inspection. [1987 c 109 § 38; 1979 c 141 § 121; 1967 c 238 § 32; 1957 c 232 § 20.]

70.94.205 Confidentiality of records and information. Whenever any records or other information, other than ambient air quality data or emission data, furnished to or obtained by the department of ecology or the board of any authority pursuant to any sections in chapter 70.94 RCW, relate to processes or production unique to the owner or operator, or is likely to affect adversely the competitive position of such owner or operator if released to the public or to a competitor, and the owner or operator of such processes or production so certifies, such records or information shall be only for the confidential use of the department of ecology or board. Nothing herein shall be construed to prevent the use of records or information by the department of ecology or board in compiling or publishing analyses or summaries relating to the general condition of the outdoor atmosphere: Provided, That such analyses or summaries do not reveal any information otherwise confidential under the provisions of this section: Provided further, That emission data furnished to or obtained by the department of ecology or board shall be correlated with applicable emission limitations and other control measures and shall be available for public inspection during normal business hours at offices of the department of ecology or board. [1973 1st ex.s. c 193 § 4; 1969 ex.s. c 168 § 23; 1967 c 238 § 33.]

70.94.211 Violations—Notice—Action by governing body, board or control officer—Hearing—Action by board. Whenever the board or the control officer has reason to believe that any provision of this chapter or any ordinance, resolution, rule or regulation relating to the control or prevention of air pollution has been violated, such board or control officer may cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the ordinance, resolution, rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the board or the control officer may require that the alleged violator or violators appear before the board for a hearing, or in addition to or in place of an order or hearing, the board may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435. [1974 ex.s. c 69 § 4; 1970 ex.s. c 62 § 57; 1969 ex.s. c 168 § 24; 1967 c 238 § 34.]

70.94.222 Order—Finality—Review (as amended by 1970 ex.s. c 41 § 2). Any order issued by the board after a hearing shall become final unless no later than thirty days after the issuance of such order, a petition requesting judicial review is filed in accordance with the provisions of chapter 34.04 RCW as now or hereafter amended. When such a petition is filed, the superior court shall initiate a hearing pursuant to RCW 34.04.130 within ninety days after the receipt of the petition requesting judicial review. Every appeal from a decision of the superior court shall be heard by the appropriate appellate court as soon
as possible. Such appeal shall be considered a case involving issues of broad public import requiring prompt and ultimate determination. [1970 ex.s. c 41 § 2; 1969 ex.s. c 168 § 26; 1967 c 238 § 36.]

In such event, the board of any such district shall proceed to wind up the affairs of the district in the same manner as if the district were dissolved as provided in RCW 70.94.260. [1969 ex.s. c 168 § 29; 1967 c 238 § 39.]

70.94.232 Local or regional control program considered activated authority—Construction of prior ordinances, resolutions, rules or regulations. (1) Any local or regional air pollution control program formed as a district under chapter 70.94 RCW prior to June 8, 1967 which is composed of one or more counties and the cities and towns therein, and whose boundaries are coextensive with the boundaries of one or more counties, shall, upon June 8, 1967, be considered an activated authority, provided that within six months of June 8, 1967 the board of directors shall be reorganized to conform to the provisions of RCW 70.94.100, 70.94.110 and 70.94.120.

(2) Nothing in this chapter except those sections which do so expressly shall be construed to supersede or nullify the ordinances, resolutions, rules or regulations of any local or regional air pollution control program in operation on June 8, 1967, but such local or regional programs shall be subject to the provisions of RCW 70.94.230, 70.94.231, 70.94.232, 70.94.380, 70.94.395, 70.94.400 and 70.94.710 through 70.94.730. [1983 c 3 § 177; 1967 c 238 § 40.]

70.94.240 Air pollution control advisory council. The board of any authority shall appoint an air pollution control advisory council to advise and consult with such board, and the control officer in effectuating the purposes of this chapter. The council shall consist of five appointed members who are residents of the authority and who are preferably skilled and experienced in the field of air pollution control, two of whom shall serve as representatives of industry. The chairman of the board of any such authority shall serve as ex officio member of the council and be its chairman. Each member of the council shall receive from the authority per diem and travel expenses in an amount not to exceed that provided for the state board in this chapter (but not to exceed one thousand dollars per year) for each full day spent in the performance of his duties under this chapter. [1969 ex.s. c 168 § 30; 1967 c 238 § 41; 1957 c 232 § 24.]

70.94.260 Dissolution of authority—Deactivation of authority. An air pollution control authority may be deactivated prior to the term provided in the original or subsequent agreement by the county or counties comprising such authority upon the adoption by the board, following a hearing held upon ten days notice, to said counties, of a resolution for dissolution or deactivation and upon the approval by the legislative authority of each county comprising the authority. In such event, the board shall proceed to wind up the affairs of the authority and pay all indebtedness thereof. Any surplus of funds shall be paid over to the counties comprising the authority in proportion to their last contribution. Upon the completion of the process of closing the affairs of the authority, the board shall by resolution entered in its minutes declare the authority deactivated and a certified copy of such resolution shall be filed with the secretary of state and the authority shall be deemed inactive. [1979 ex.s. c 30 § 12; 1969 ex.s. c 168 § 31; 1967 c 238 § 43; 1957 c 232 § 26.]

Title 70 RCW: Public Health and Safety

70.94.331 Powers and duties of department. (1) The department shall have all the powers as provided in RCW 70.94.141.

(2) The department, in addition to any other powers vested in it by law after consideration at a public hearing held in accordance with chapter 42.30 RCW and chapter 34.04 RCW shall:

(a) Adopt rules and regulations establishing air quality objectives and air quality standards;

(b) Adopt emission standards which shall constitute minimum emission standards throughout the state. An authority may enact more stringent emission standards, except for emission performance standards for new wood stoves and opacity levels for residential solid fuel burning devices which shall be state-wide, but in no event may less stringent standards be enacted by an authority without the prior approval of the department after public hearing and due notice to interested parties;

(c) Adopt by rule and regulation air quality standards and emission standards for the control or prohibition of emissions to the outdoor atmosphere of radionuclides, dust, fumes, mist, smoke, other particulate matter, vapor, gas, odorous substances, or any combination thereof. Such requirements may be based upon a system of classification by types of emissions or types of sources of emissions, or combinations thereof, which it determines most feasible for the purposes of this chapter.

(3) The air quality standards and emission standards may be for the state as a whole or may vary from area to area, except that emission performance standards for new wood stoves and opacity levels for residential solid fuel burning devices shall be state-wide, as may be appropriate to facilitate the accomplishment of the objectives of this chapter and to take necessary or desirable account of varying local conditions of population concentration, the existence of actual or reasonable foreseeable air pollution, topographic and meteorologic conditions and other pertinent variables.

(4) The department is directed to cooperate with the appropriate agencies of the United States or other states or any interstate agencies or international agencies with respect to the control of air pollution and air contamination, or for the formulation for the submission to the legislature of interstate air pollution control compacts or agreements.

(5) The department is directed to conduct or cause to be conducted a continuous surveillance program to monitor the quality of the ambient atmosphere as to concentrations and movements of air contaminants.

(6) The department shall enforce the air quality standards and emission standards throughout the state except where a local authority is enforcing the state regulations or its own regulations which are more stringent than those of the state.

(7) The department shall encourage local units of government to handle air pollution problems within their respective jurisdictions; and, on a cooperative basis provide technical and consultative assistance therefor.

(8) The department shall have the power to require the addition to or deletion of a county from an existing authority in order to carry out the purposes of this chapter: Provided, however, That no such addition or deletion shall be made without the concurrence of any existing authority involved. Such action shall only be taken after a public hearing held pursuant to the provisions of chapter 34.04 RCW. [1987 c 405 § 13] [1987 c 109 § 39; 1985 c 372 § 4; 1969 ex.s. c 168 § 34; 1967 c 238 § 46.]

Reviser's note: This section was amended by 1987 c 109 § 39 and by 1987 c 405 § 13, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Severability—1987 c 405: See note following RCW 70.94.450.

Severability—1985 c 372: See note following RCW 70.98.050.

70.94.332 Violations—Notice—Action by department. Whenever the department of ecology has reason to believe that any provision of this chapter or any rule or regulation adopted by it or being enforced by it under RCW 70.94.410 relating to the control or prevention of air pollution has been violated, it may cause written notice to be served upon the alleged violator or violators. The notice shall specify the provision of this chapter or the rule or regulation alleged to be violated, and the facts alleged to constitute a violation thereof, and may include an order that necessary corrective action be taken within a reasonable time. In lieu of an order, the department may require that the alleged violator or violators appear before it for the purpose of providing the department information pertaining to the violation or the charges complained of. In addition to or in place of an order or hearing, the department may initiate action pursuant to RCW 70.94.425, 70.94.430, and 70.94.435. [1987 c 109 § 18; 1967 c 238 § 47.]

Appeal of orders under RCW 70.94.332: RCW 43.21B.310.

70.94.350 Contracts, agreements for use of personnel by department—Reimbursement—Merit system regulations waived. The department is authorized to contract for or otherwise agree to the use of personnel of municipal corporations or other agencies or private persons; and the department is further authorized to reimburse such municipal corporations or agencies for the employment of such personnel. Merit system regulations or standards for the employment of personnel may be waived for personnel hired under contract as provided for in this section. The department shall provide, within available appropriations, for the scientific, technical, legal, administrative, and other necessary services and facilities for performing the functions under this chapter. [1987 c 109 § 40; 1979 c 141 § 122; 1967 c 238 § 45; 1961 c 188 § 6.]

(1987 Ed.)
70.94.370  Powers and rights of governmental units and persons are not limited by act or recommendations. No provision of this chapter or any recommendation of the state board or of any local or regional air pollution program is a limitation:

1. On the power of any city, town or county to declare, prohibit and abate nuisances.

2. On the power of the secretary of social and health services to provide for the protection of the public health under any authority presently vested in that office or which may be hereafter prescribed by law.

3. On the power of a state agency in the enforcement, or administration of any provision of law which it is specifically permitted or required to enforce or administer.

4. On the right of any person to maintain at any time any appropriate action for relief against any air pollution. [1979 c 141 § 123; 1967 c 238 § 59; 1961 c 188 § 8.]

70.94.380  Emission control requirements. (1) Every activated authority operating an air pollution control program shall have requirements for the control of emissions which are no less stringent than those adopted by the department of ecology for the geographic area in which such air pollution control program is located. Less stringent requirements than compelled by this section may be included in a local or regional air pollution control program only after approval by the department of ecology following demonstration to the satisfaction of the department of ecology that the proposed requirements are consistent with the purposes of this chapter: Provided, That such approval shall be preceded by public hearing, of which notice has been given in accordance with chapter 42.30 RCW. The department of ecology, upon receiving evidence that conditions have changed or that additional information is relevant to a decision with respect to the requirements for emission control, may, after public hearing on due notice, withdraw any approval previously given to a less stringent local or regional requirement.

2. Nothing in this chapter shall be construed to prevent a local or regional air pollution control authority from adopting and enforcing more stringent emission control requirements than those adopted by the department of ecology and applicable within the jurisdiction of the local or regional air pollution control authority, except that the emission performance standards for new wood stoves and the opacity levels for residential solid fuel burning devices shall be state-wide. [1987 c 405 § 14; 1979 ex.s. c 30 § 13; 1969 ex.s. c 168 § 36; 1967 c 238 § 50.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.385  State financial aid—Application for—Requirements. (1) Any authority may apply to the department for state financial aid. The department shall by rule and regulation establish the ratio of state funds to the local funds taking into consideration available federal and state funds. Any such aid shall be expended from the general fund from such appropriations as the legislature may provide for this purpose: Provided, That federal funds shall be utilized to the maximum unless otherwise approved by the department: Provided further, That the ratio of state funds to local funds of the previous year shall not be changed without a public hearing held by the department.

(2) Before any such application is approved and financial aid is given or approved by the department, the authority shall demonstrate to the satisfaction of the department that it is fulfilling the requirements of RCW 70.94.380, or, if the department has not adopted ambient air quality standards and objectives as permitted by RCW 70.94.331, the authority shall demonstrate to the satisfaction of the department that it is acting in good faith and doing all that is possible and reasonable to control and prevent air pollution within its jurisdictional boundaries and to carry out the purposes of this chapter.

(3) The department shall adopt rules and regulations requiring the submission of such information by each authority including the submission of its proposed budget and a description of its program in support of the application for state financial aid as necessary to enable the department to determine the need for state aid. [1987 c 109 § 41; 1969 ex.s. c 168 § 37; 1967 c 238 § 51.]

the provisions of RCW 70.94.390 and 70.94.410 shall constitute a claim against such county. The department shall certify the expenses to the auditor of the county, who promptly shall issue his warrant on the county treasurer payable out of the current expense fund of the county. In the event that the amount in the current expense fund of the county is not adequate to meet the expenses incurred by the department, the department shall certify to the state treasurer that they have a prior claim on any money in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer as provided in RCW 82.08.170. In the event that the amount in the "liquor excise tax fund" that is to be apportioned to that county by the state treasurer is not adequate to meet the expenses incurred by the department, the department shall certify to the state treasurer that they have a prior claim on any excess funds from the liquor revolving fund that are to be distributed to that county as provided in RCW 66.08.190 through 66.08-220. All moneys that are collected as provided in this section shall be placed in the general fund in the account of the office of air programs of the department. [1987 c 109 § 42; 1969 ex.s. c 168 § 38; 1967 c 238 § 52.]

70.94.395 Control of particular types or classes of air contaminant sources—Assumption by department—Hearing—Standards. If the department finds, after public hearing upon due notice to all interested parties, that the emissions from a particular type or class of air contaminant source should be regulated on a state-wide basis in the public interest and for the protection of the welfare of the citizens of the state, it may adopt and enforce rules and regulations to control and/or prevent the emission of air contaminants from such source: Provided, That an authority may, after public hearing and a finding by the board of a need for more stringent rules and regulations than those adopted by the department under this section, propose the adoption of such rules and regulations by the department for the control of emissions from the particular type or class or air contaminant source within the geographical area of the authority. The department shall hold a public hearing and shall adopt the proposed rules and regulations within the area of the requesting authority, unless it finds that the proposed rules and regulations are inconsistent with the rules and regulations adopted by the department under this section: Provided, further, That when such standards are adopted by the department it shall delegate to the authority all powers necessary for their enforcement at the request of the authority: Provided, That the department may delegate the responsibility for the enforcement of such rules and regulations to any authority which it deems capable of enforcing such regulations: Provided further, That if after public hearing the department finds that the regulation on a state-wide basis of a particular type of class of air contaminant source is no longer required for the public interest and the protection of the welfare of the citizens of the state, the department may relinquish exclusive jurisdiction over such source. [1987 c 109 § 43; 1969 ex.s. c 168 § 39; 1967 c 238 § 53.]

70.94.400 Order activating authority—Filing—Hearing—Amendment of order. If, at the end of ninety days after the department issues a report as provided for in RCW 70.94.390, to appropriate county or counties recommending the activation of an authority such county or counties have not performed those actions recommended by the department, and the department is still of the opinion that the activation of an authority is necessary for the prevention, abatement and control of air pollution which exists or is likely to exist, then the department may, at its discretion, issue an order activating an authority. Such order, a certified copy of which shall be filed with the secretary of state, shall specify the participating county or counties and the effective date by which the authority shall begin to function and exercise its powers. Any authority activated by order of the department shall choose the members of its board as provided in RCW 70.94.100 and begin to function in the same manner as if it had been activated by resolutions of the county or counties included within its boundaries. The department may, upon due notice to all interested parties, conduct a hearing in accordance with chapter 42.30 RCW and chapter 34.04 RCW within six months after the order was issued to review such order and to ascertain if such order is being carried out in good faith. At such time the department may amend any such order issued if it is determined by the department that such order is being carried out in bad faith or the department may take the appropriate action as is provided in RCW 70.94.410. [1987 c 109 § 44; 1969 ex.s. c 168 § 40; 1967 c 238 § 54.]

70.94.405 Hearing on effectiveness of prevention and control program—Report. At any time after an authority has been activated for no less than one year, the department may, on its own motion, conduct a hearing held in accordance with chapter 42.30 RCW and chapter 34.04 RCW, as now or hereafter amended to determine whether or not the air pollution prevention and control program of such authority is being carried out in good faith and is as effective as possible under the circumstances. If at such hearing the department finds that such authority is not carrying out its air pollution control or prevention program in good faith, or is not doing all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction, it shall set forth in a report to the appropriate authority: (1) Its recommendations as to how air pollution prevention and/or control might be more effectively accomplished; and (2) guidelines which
will assist the authority in carrying out the recommendations of the department. [1987 c 109 § 45; 1969 ex.s. c 168 § 41; 1967 c 238 § 55.]

70.94.410 Assumption of control by department, when—Reestablishment of program—Withdrawal of department. (1) If, after thirty days from the time that the department issues a report or order to an authority under RCW 70.94.400 and 70.94.405, such authority has not taken any action which indicates that it is attempting in good faith to implement the recommendations or actions of the department as set forth in the report or order, the department may, by order, declare as null and void any or all ordinances, resolutions, rules or regulations of such authority relating to the control and/or prevention of air pollution, and at such time the department shall become the sole body with authority to make and enforce rules and regulations for the control and/or prevention of air pollution within the geographical area of such authority. In this connection the department may assume all those powers which are given to it by law to effectuate the purposes of this chapter. The department may, by order, continue in effect and enforce those provisions of the ordinances, resolutions, or rules and regulations of such authority which are not less stringent than those requirements which the department may have found applicable to the area under RCW 70.94.331 until such time as the department adopts its own rules and regulations. Any rules and regulations promulgated by the department shall be subject to the provisions of chapter 34.04 RCW as it now appears or may hereinafter be amended. Any enforcement actions shall be subject to RCW 43.21B.300 or 43.21B.310.

(2) No provision of this chapter is intended to prohibit any authority from reestablishing its air pollution control program which meets with the approval of the department and which complies with the purposes of this chapter and with applicable rules and regulations and orders of the department.

(3) Nothing in this chapter shall prevent the department from withdrawing the exercise of its jurisdiction over an authority upon its own motion. Provided, That the department has found at a hearing held in accordance with chapter 42.30 RCW and chapter 34.04 RCW as now or hereafter amended, that the air pollution prevention and control program of such authority will be carried out in good faith or that such program will do all that is possible and reasonable to control and/or prevent air pollution within the geographical area over which it has jurisdiction. Upon the withdrawal of the department, the department shall prescribe certain recommendations as to how air pollution prevention and/or control is to be effectively accomplished and guidelines which will assist the authority in carrying out the recommendations of the department. [1987 c 109 § 46; 1969 ex.s. c 168 § 42; 1967 c 238 § 56.]

70.94.420 Cooperation by state departments and agencies—Potential pollution sources—Permits. (1) It is declared to be the intent of the legislature of the state of Washington that any state department or agency having jurisdiction over any building, installation, or other property shall cooperate with the department and with air pollution control agencies in preventing and/or controlling the pollution of the air in any area insofar as the discharge of the matter from or by such building, installation, or other property may cause or contribute to pollution of the air in such area. Such state department or agency shall comply with the provisions of this chapter and with any ordinance, resolution, rule or regulation issued hereunder in the same manner as any other person subject to such laws, rules or regulations.

(2) In addition to its other powers and duties prescribed by law, the department may establish classes of potential pollution sources for which any state department or agency having jurisdiction over any building, installation, or other property, which is not located within the geographical boundaries of any authority which has an air pollution control and/or prevention program in effect, shall, before discharging any matter into the air, obtain a permit from the department for such discharge, such permits to be issued for a specified period of time to be determined by the department and subject to revocation if the department finds that such discharge is endangering the health and welfare of any persons. Such permits may also be required for any such building, installation, or other property which is located within the geographical boundaries of any authority which has an air pollution control and prevention program in effect if the standards set by the department for state departments and agencies are more stringent than those of the authority. In connection with the issuance of any permits under this section, there shall be submitted to the department such plans, specifications, and other information as it deems relevant thereto and under such other conditions as it may prescribe. [1987 c 109 § 47; 1969 ex.s. c 168 § 44; 1967 c 238 § 58.]

70.94.425 Restraining orders—Injunctions. Notwithstanding the existence or use of any other remedy, whenever any person has engaged in, or is about to engage in, any acts or practices which constitute or will constitute a violation of any provision of this chapter, or any rule, regulation or order issued thereunder, the governing body or board or the department, after notice to such person and an opportunity to comply, may petition the superior court of the county wherein the violation is alleged to be occurring or to have occurred for a restraining order or a temporary or permanent injunction or another appropriate order. [1987 c 109 § 48; 1967 c 238 § 60.]
70.94.430 Penalties. Any person who violates any of the provisions of this chapter, or any ordinance, resolution, rule or regulation in force pursuant thereto shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than ninety days, or by both fine and imprisonment for each separate violation.

Any person who wilfully violates any of the provisions of this chapter or any ordinance, resolution, rule or regulation in force pursuant thereto shall be guilty of a gross misdemeanor. Upon conviction the offender shall be punished by a fine of not less than one hundred dollars for each offense or by imprisonment for a term of not more than one year or by both fine and imprisonment.

In case of a continuing violation, whether or not wilfully committed, each day's continuance shall be a separate and distinct violation. [1984 c 255 § 1; 1973 1st ex.s. c 176 § 1; 1967 c 238 § 61.]

70.94.431 Civil penalties. (1) In addition to or as an alternate to any other penalty provided by law, any person who violates any of the provisions of chapter 70.94 RCW or any of the rules and regulations of the department or the board shall incur a civil penalty in an amount not to exceed one thousand dollars per day for each violation. Each such violation shall be a separate and distinct offense, and in case of a continuing violation, each day's continuance shall be a separate and distinct violation. For the purposes of this subsection, the maximum daily fine imposed by a local board for violations of standards by a specific emissions unit is one thousand dollars.

(2) Further, the person is subject to a fine of up to five thousand dollars to be levied by the director of the department of ecology if requested by the board of a local authority or if the director determines that the penalty is needed for effective enforcement of this chapter. A local board shall not make such a request until notice of violation and compliance order procedures have been exhausted, if such procedures are applicable. For the purposes of this subsection, the maximum daily fine imposed by the department of ecology for violations of standards by a specific emissions unit is five thousand dollars.

(3) Each act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the same penalty. The penalties provided in this section shall be imposed pursuant to RCW 43.21B.300.

(4) All penalties recovered under this section by the department shall be paid into the state treasury and credited to the general fund or, if recovered by the authority, fifty percent shall be paid into the treasury of the authority and credited to its funds and fifty percent shall be distributed to the cities, towns and counties within the authority, on a pro rata basis, as each contributes to support the authority pursuant to RCW 70.94.093. If a prior penalty for the same violation has been paid to a local authority, the penalty imposed under subsection (2) of this section shall be reduced by the amount of the payment. Notwithstanding any other provisions of this chapter, no penalty may be levied for the violation of any opacity standard in an amount exceeding forty hundred dollars per day.

(5) To secure the penalty incurred under this section, the state or the authority shall have a lien on any vessel used or operated in violation of this chapter which shall be enforced as provided in RCW 60.36.050. [1987 c 109 § 19; 1984 c 255 § 2; 1973 1st ex.s. c 176 § 2; 1969 ex.s. c 168 § 53.]

70.94.435 Additional means for enforcement of chapter. As an additional means of enforcing this chapter, the governing body or board may accept an assurance of discontinuance of any act or practice deemed in violation of this chapter or of any ordinance, resolution, rule or regulation adopted pursuant thereto, from any person engaging in, or who has engaged in, such act or practice. Any such assurance shall specify a time limit during which such discontinuance is to be accomplished. Failure to perform the terms of any such assurance shall constitute prima facie proof of a violation of this chapter or the ordinances, resolutions, rules or regulations, or order issued pursuant thereto, which make the alleged act or practice unlawful for the purpose of securing any injunction or other relief from the superior court as provided in RCW 70.94.425. [1967 c 238 § 62.]

70.94.440 Short title. This chapter may be known and cited as the "Washington Clean Air Act". [1967 c 238 § 63.]

70.94.445 Air pollution control facilities—Tax exemptions and credits. See chapter 82.34 RCW.

70.94.450 Wood stoves—Policy. In the interest of the public health and welfare and in keeping with the objectives of RCW 70.94.011, the legislature declares it to be the public policy of the state to control, reduce, and prevent air pollution caused by wood stove emissions. It is the state's policy to reduce wood stove emissions by encouraging the department of ecology to continue efforts to educate the public about the effects of wood stove emissions, other heating alternatives, and the desirability of achieving better emission performance and heating efficiency from wood stoves. The legislature further declares that: (1) The purchase of certified wood stoves will not solve the problem of pollution caused by wood stove emissions; and (2) the reduction of air pollution caused by wood stove emissions will only occur when wood stove users adopt proper methods of wood burning. [1987 c 405 § 1.]
70.94.453 Wood stoves—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 70.94.453 through 70.94.487:

(1) "Department" means the department of ecology.
(2) "Wood stove" means a solid fuel burning device other than a fireplace not meeting the requirements of RCW 70.94.457, including any fireplace insert, wood stove, wood burning heater, wood stick boiler, coal–fired furnace, coal stove, or similar device burning any solid fuel used for aesthetic or space–heating purposes in a private residence or commercial establishment, which has a heat input less than one million British thermal units per hour. The term "wood stove" does not include wood cook stoves.
(3) "Fireplace" means: (a) Any permanently installed masonry fireplace; or (b) any factory–built metal solid fuel burning device designed to be used with an open combustion chamber and without features to control the air to fuel ratio.
(4) "New wood stove" means: (a) A wood stove that is sold at retail, bargained, exchanged, or given away for the first time by the manufacturer, the manufacturer's dealer or agency, or a retailer; and (b) has not been so used to have become what is commonly known as "second hand" within the ordinary meaning of that term.
(5) "Solid fuel burning device" means any device for burning wood, coal, or any other nongaseous and nonliquid fuel, including a wood stove and fireplace.
(6) "Authority" means any air pollution control agency whose jurisdictional boundaries are coextensive with the boundaries of one or more counties.
(7) "Opacity" means the degree to which an object seen through a plume is obscured, stated as a percentage. The methods approved by the department in accordance with RCW 70.94.331 shall be used to establish opacity for the purposes of this chapter. [1987 c 405 § 2.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.457 Wood stoves and solid fuel burning devices—Emission performance standards. Before January 1, 1988, the department of ecology shall establish by rule under chapter 34.04 RCW:

(1) State–wide emission performance standards for new wood stoves. Notwithstanding any other provision of this chapter which allows an authority to adopt more stringent emission standards, no authority shall adopt any emission standard for new wood stoves other than the state–wide standard adopted by the department under this section.
(a) For new wood stoves sold after July 1, 1988, the state–wide performance standard, by rule, shall be the equivalent of and consistent with state–wide emission standards in effect in bordering states on or before January 1, 1987. For solid fuel burning devices for which bordering states have not established emission standards, the department may temporarily exempt or establish, by rule, state–wide standards including emission levels and test procedures for such devices and such emission levels and test procedures shall be equivalent to emission levels per pound per hour burned for other new wood stoves regulated by this subsection.
(b) Notwithstanding (a) of this subsection, the department is authorized to adopt, by rule, emission standards adopted by the United States environmental protection agency for new wood stoves sold at retail. For solid fuel burning devices for which the United States environmental protection agency has not established emission standards, the department may temporarily exempt or establish, by rule, state–wide standards including emission levels and test procedures for such devices and such emission levels and test procedures shall be equivalent to emission levels per pound per hour burned for other new wood stoves regulated under this subsection.

(2) A program to:
(a) Determine whether a new wood stove complies with the state–wide emission performance standards established in subsection (1) of this section; and
(b) Approve the sale of stoves that comply with the state–wide emission performance standards. [1987 c 405 § 4.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.460 Sale of unapproved wood stoves—Prohibited. After July 1, 1988, no person shall sell, offer to sell, or knowingly advertise to sell a new wood stove in this state unless the wood stove has been approved by the department under the program established under RCW 70.94.457. [1987 c 405 § 7.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.463 Sale of unapproved wood stoves—Penalty. After July 1, 1988, any person who sells, offers to sell, or knowingly advertises to sell a new wood stove in this state in violation of RCW 70.94.460 shall be subject to the penalties and enforcement actions under this chapter. [1987 c 405 § 8.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.467 Sale of unapproved wood stoves—Application of law to advertising media. Nothing in RCW 70.94.460 or 70.94.463 shall apply to a radio station, television station, publisher, printer, or distributor of a newspaper, magazine, billboard, or other advertising medium that accepts advertising in good faith and without knowledge of its violation of RCW 70.94.453 through 70.94.487. [1987 c 405 § 12.]

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.470 Residential solid fuel burning devices—Opacity levels. (1) Before January 1, 1988, the department shall establish, by rule under chapter 34.04 RCW, state–wide opacity levels for residential solid fuel burning devices as follows:
(a) A state-wide opacity level of twenty percent for the purpose of public education;
(b) Until July 1, 1990, a state-wide opacity level of forty percent for the purpose of enforcement on a complaint basis; and
(c) After July 1, 1990, a state-wide opacity level of twenty percent for the purpose of enforcement on a complaint basis.

(2) Notwithstanding any other provision of this chapter which may allow an authority to adopt a more stringent opacity level, no authority shall adopt or enforce an opacity level:
(a) Lower than forty percent until July 1, 1990; and
(b) Lower than twenty percent after July 1, 1990.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.473 Limitations on burning wood for heat. Any person in a residence or commercial establishment which has an adequate source of heat without burning wood shall:

(1) Not burn wood in any solid fuel heating device whenever the department has determined under RCW 70.94.715 that any air pollution episode exists in that area;
(2) Not burn wood in any solid fuel heating device, except wood stoves which meet the standards set forth in RCW 70.94.457, in the geographical area and for the period of time that impaired air quality has been determined, by the department or any authority, for that area. For the purposes of this section, impaired air quality shall mean air contaminant concentrations nearing unhealthful levels concurrent with meteorological conditions that are conducive to an accumulation of air contamination. If, after July 1, 1990, the department determines that there is quantitative evidence that wood stoves meeting the requirements of RCW 70.94.457 are contributing to impaired air quality, the department or any authority may prohibit burning of all solid fuel burning devices as provided by this section including those meeting the requirements of RCW 70.94.457.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.477 Limitations on use of solid fuel burning devices. Unless allowed by rule, under chapter 34.04 RCW, a person shall not cause or allow any of the following materials to be burned in any residential solid fuel burning device:

(1) Garbage;
(2) Treated wood;
(3) Plastics;
(4) Rubber products;
(5) Animals;
(6) Asphalitic products;
(7) Waste petroleum products;
(8) Paints; or
(9) Any substance, other than properly seasoned fuel wood, which normally emits dense smoke or obnoxious odors.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.480 Wood stove education program. The department of ecology shall establish a program to educate wood stove dealers and the public about:
(1) The effects of wood stove emissions on health and air quality;
(2) Methods of achieving better efficiency and emission performance from wood stoves;
(3) Wood stoves that have been approved by the department;
(4) The benefits of replacing inefficient wood stoves with stoves approved under RCW 70.94.457.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.483 Wood stove education program—Account created—Fee imposed on wood stove sales. (1) The wood stove education account is hereby created in the general fund. Money placed in the account shall include all money received under subsection (2) of this section and any other money appropriated by the legislature. Money in the account shall be spent for the purposes of the wood stove education program established under RCW 70.94.480 and shall be subject to legislative appropriation.

(2) The department of ecology, with the advice of the advisory committee, shall set a flat fee, not to exceed five dollars, on the retail sale, as defined in RCW 82-04.050, of each solid fuel burning device, excepting masonry fireplaces, after January 1, 1988. The fee shall be imposed upon the consumer and shall not be subject to the retail sales tax provisions of chapters 82.08 and 82.12 RCW. The fee may be adjusted annually above five dollars according to changes in the consumer price index after January 1, 1989. The fee shall be collected by the department of revenue in conjunction with the retail sales tax under chapter 82.08 RCW. If the seller fails to collect the fee herein imposed or fails to remit the fee to the department of revenue in the manner prescribed in chapter 82.08 RCW, the seller shall be personally liable to the state for the amount of the fee. The collection provisions of chapter 82.32 RCW shall apply. The department of revenue shall transmit the moneys to the wood stove education account.

Severability—1987 c 405: See note following RCW 70.94.450.

70.94.487 Wood stoves—Advisory committee. The department shall establish an advisory committee to participate in the development of rules regulating wood stoves, the design and implementation of the public education program under RCW 70.94.480, and in establishing the fee and budget for the public education program. This committee shall include, but not be limited to, representatives of the wood and coal heating industry, environmental groups, concerned citizens, the chimney cleaning industry, and affected government agencies.

Severability—1987 c 405: See note following RCW 70.94.450.
70.94.510 Policy to cooperate with federal government. It is declared to be the policy of the state of Washington through the department of ecology to cooperate with the federal government in order to insure the coordination of the provisions of the federal and state clean air acts, and the department is authorized and directed to implement and enforce the provisions of this chapter in carrying out this policy as follows:

(1) To accept and administer grants from the federal government for carrying out the provisions of this chapter.

(2) To take all action necessary to secure to the state the benefits of the federal clean air act. [1987 c 109 § 49; 1969 ex.s. c 168 § 45.]

70.94.600 Reports of authorities to department of ecology—Contents. All authorities in the state shall submit quarterly reports to the department of ecology detailing the current status of air pollution control regulations in the authority and, by county, the progress made toward bringing all sources in the authority into compliance with authority standards. [1979 ex.s. c 30 § 14; 1969 ex.s. c 168 § 52.]

70.94.640 Odors caused by agricultural activities consistent with good agricultural practices exempt from chapter. (1) Odors caused by agricultural activity consistent with good agricultural practices on agricultural land are exempt from the requirements of this chapter unless they have a substantial adverse effect on public health. In determining whether agricultural activity is consistent with good agricultural practices, the department of ecology or board of any authority shall consult with a recognized third-party expert in the activity prior to issuing any notice of violation.

(2) Any notice of violation issued under this chapter pertaining to odors caused by agricultural activity shall include a statement as to why the activity is inconsistent with good agricultural practices, or a statement that the odors have substantial adverse effect on public health.

(3) In any appeal to the pollution control hearings board or any judicial appeal, the agency issuing a final order pertaining to odors caused by agricultural activity shall prove the activity is inconsistent with good agricultural practices or that the odors have a substantial adverse impact on public health.

(4) If a person engaged in agricultural activity on a contiguous piece of agricultural land sells or has sold a portion of that land for residential purposes, the exemption of this section shall not apply.

(5) As used in this section:

(a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, grain, mint, hay, and dairy products.

(b) "Good agricultural practices" means economically feasible practices which are customary among or appropriate to farms and ranches of a similar nature in the local area.

(c) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock or agricultural commodities. [1981 c 297 § 30.]

Legislative finding, intent—1981 c 297: "The legislature finds that agricultural land is essential to providing citizens with food and fiber and to insuring aesthetic values through the preservation of open spaces in our state. The legislature further finds that government regulations can cause agricultural land to be converted to nonagricultural uses. The legislature intends that agricultural activity consistent with good practices be protected from government over-regulation." [1981 c 297 § 29.]

Reviser's note: The above legislative finding and intent section apparently applies to sections 30 and 31 of chapter 297, Laws of 1981, which sections have been codified pursuant to legislative direction as RCW 70.94.640 and 90.48.450, respectively.

Severability—1981 c 297: See note following RCW 15.36.110.

70.94.650 Burning permits for weed abatement, instruction or agriculture activities—Issuance—Activities exempted from requirement. Any person who proposes to set fires in the course of the following:

(1) Weed abatement,

(2) Instruction in methods of fire fighting (except forest fires), or

(3) Disease prevention relating to agricultural activities, shall, prior to carrying out the same, obtain a permit from an air pollution control authority or the department of ecology, as appropriate. Each such authority and the department of ecology shall, by rule or ordinance, establish a permit system to carry out the provisions of this section except as provided in RCW 70.94.660. General criteria of state-wide applicability for ruling on such permits shall be established by the department, by rule or regulation, after consultation with the various air pollution control authorities. Permits shall be issued under this section based on seasonal operations or by individual operations, or both: Provided, That all permits so issued shall be conditioned to insure that the public interest in air, water, and land pollution and safety to life and property is fully considered. In addition to any other requirements established by the department to protect air quality pursuant to other laws, applicants for permits must show that the setting of fires as requested is the most reasonable procedure to follow in safeguarding life or property under all circumstances or is otherwise reasonably necessary to successfully carry out the enterprise the applicant is engaged in. All burning permits will be designed to minimize air pollution insofar as practical. Nothing in this section shall relieve the applicant from obtaining permits, licenses or other approvals required by any other law: Provided further, That an application for a permit to set fires in the course of agricultural burning for controlling diseases, insects, and development of physiological conditions conducive to increased crop yield, shall be granted within fourteen days from the date such application is filed: Provided, That nothing herein shall prevent a householder from setting fire in the course of burning leaves, clippings or
trash when otherwise permitted locally. Nothing con- 
tained herein shall prohibit Indian campfires or the 
sending of smoke signals if part of a religious ritual. 
[1971 ex.s. c 232 § 1.]

70.94.654 Delegation of permit issuance and en- 
forcement to counties. Whenever the department of 
ecology shall find that any county which is outside 
the jurisdictional boundaries of an activated air pollution 
control authority is capable of effectively administering 
the issuance and enforcement of permits for any or all 
of the kinds of burning identified in RCW 70.94.650(1) 
and (3) and desirous of doing so, the department of 
ecology may delegate all powers necessary for the issu­ 
ance and enforcement of permits for any or all of the 
kinds of burning to the county: Provided, That such del­ 
egation may be withdrawn by the department of ecology 
upon a finding that the county is not effectively admin­ 
istering the permit program. [1973 1st ex.s. c 193 § 6.]

70.94.656 Open burning of grasses grown for 
seed—Alternatives—Studies—Deposit of permit 
fees in special grass seed burning account—Earn­ 
ings—Procedures—Limitations. It is hereby de­ 
clared to be the policy of this state that strong efforts 
should be made to minimize adverse effects on air qua­ 
lity from the open burning of field and turf grasses grown 
for seed. To such end this section is intended to promote 
the development of economical and practical alternate 
agricultural practices to such burning, and to provide for 
interim regulation of such burning until practical alter­ 
nares are found.

(1) The department shall approve of a study or studies 
for the exploration and identification of economical and 
practical alternate agricultural practices to the open 
burning of field and turf grasses grown for seed. Prior to 
the issuance of any permit for such burning under RCW 
70.94.650, there shall be collected a fee not to exceed 
fifty cents per acre of crop to be burned. Any such fees 
received by any authority shall be transferred to the de­ 
partment of ecology. The department of ecology shall 
deposit all such acreage fees in a special grass seed 
burning research account, hereby created, in the state 
treasury. All earnings of investments of balances in the 
special grass seed burning research account shall be 
credited to the general fund. The department shall allo­ 
cate moneys annually from this account for the support 
of any approved study or studies as provided for in this 
subsection. For the conduct of any such study or studies, 
the department may contract with public or private en­ 
tities: Provided, That whenever the department of ecol­ 
ogy shall conclude that sufficient reasonably available 
alternates to open burning have been developed, and at 
such time as all costs of any studies have been paid, the 
grass seed burning research account shall be dissolved, 
and any money remaining therein shall revert to the 
general fund.

(2) Whenever on the basis of information available to 
it, the department after public hearings have been con­ 
ducted wherein testimony will be received and consid­ 
ered from interested parties wishing to testify shall 
conclude that any procedure, program, technique, or de­ 
vice constitutes a practical alternate agricultural practice 
to the open burning of field or turf grasses grown for 
seed, the department shall, by order, certify approval of 
such alternate. Thereafter, in any case which any such 
approved alternate is reasonably available, the open 
burning of field and turf grasses grown for seed shall be 
disallowed and no permit shall issue therefor.

(3) Until approved alternates become available, the 
department or the authority may limit the number of 
acres on a pro rata basis among those affected for which 
permits to burn will be issued in order to effectively 
control emissions from this source.

(4) Permits issued for burning of field and turf grasses 
may be conditioned to minimize emissions insofar as 
practical, including denial of permission to burn during 
periods of adverse meteorological conditions. [1985 c 57 
§ 69; 1973 1st ex.s. c 193 § 7.]

Effective date—1985 c 57: See note following RCW 15.52.320. 
Grass burning research advisory committee: Chapter 43.21E RCW.

70.94.660 Burning permits for abating or prevention 
of forest fire hazards, instruction or silvicultural oper­ 
ations—Issuance. The department of natural resources 
shall have the responsibility for issuing and regulating 
burning permits required by it relating to the following 
activities declared to be for the protection of life or 
property and/or in the public welfare:

(1) Abating a forest fire hazard; 
(2) Prevention of a fire hazard; 
(3) Instruction of public officials in methods of forest 
fire fighting; and 
(4) Any silvicultural operation to improve the forest 
lands of the state. [1971 ex.s. c 232 § 2.]

Burning permits, issuance, air pollution a factor: RCW 76.04.205. 
Disposal of forest debris: RCW 76.04.650.

70.94.670 Burning permits for abating or prevention 
of forest fire hazards, instruction or silvicultural oper­ 
ations—Conditions for issuance and use of permits— 
Air quality standards to be met—Alternate methods to 
lessen forest debris. The department of natural resources 
in granting burning permits for fires for the purposes set 
forth in RCW 70.94.660 shall condition the issuance and 
use of such permits to comply with air quality standards 
established by the department of ecology after full con­ 
sultation with the department of natural resources. Such 
burning shall not cause the state air quality standards 
for suspended particulate matter to be exceeded in the 
ambient air up to two thousand feet above ground level 
over critical areas designated by the department of ecol­ 
ogy, otherwise subject to air pollution from other 
sources. Air quality standards for suspended particulate 
matter shall be established and published by the depart­ 
ment of ecology which shall also establish a procedure 
for advising the department of natural resources when 
the air exceeds or threatens to exceed the standards over 
such critical areas. The suspended particulate matter 
shall be quantitatively measured by the department of
ecology or the appropriate local air pollution control authority at established primary air mass stations or primary ground level monitoring stations over such designated areas. The department of natural resources shall set forth smoke dispersal objectives designed to minimize any air pollution from smoke from such burning and the procedures necessary to meet those objectives.

The department of natural resources shall encourage more intense utilization in logging to reduce forest fire hazards and shall encourage development and use of procedures and equipment to burn forest debris in a manner that will produce less smoke. The department of natural resources shall, whenever practical, encourage development and use of alternative acceptable disposal methods. Such alternative methods shall be evaluated as to the relative impact on air, water and land pollution, and their financial feasibility. [1971 ex.s. c 232 § 3.]

70.94.680 Extension of burning permit requirements. The department of natural resources may extend burning permit requirements to cover the types of burning set forth in RCW 70.94.650 through 70.94.700 during the period from October 15 through March 15 in order to protect the air quality, and shall extend such requirements if the department of ecology deems such action necessary to avoid an air pollution emergency where there is a high danger that normal operations at air contaminant sources in the area will be detrimental to the public health or safety. [1971 ex.s. c 232 § 4.]

70.94.690 Cooperation between department of natural resources and state, local, or regional air pollution authorities—Withholding of permits. In the regulation of outdoor burning not included in RCW 70.94.660 requiring permits from the department of natural resources, said department and the state, local, or regional air pollution control authorities will cooperate in regulating such burning so as to minimize insofar as possible duplicate inspections and separate permits while still accomplishing the objectives and responsibilities of the respective agencies.

Permits shall be withheld by the department of natural resources when so requested by the department of ecology if a forecast, alert, warning or emergency condition exists as defined in the episode criteria of the department of ecology. [1971 ex.s. c 232 § 5.]

70.94.700 Rules and regulations. The department of natural resources and the department of ecology may adopt rules and regulations necessary to implement their respective responsibilities under the provisions of RCW 70.94.650 through 70.94.700. [1971 ex.s. c 232 § 6.]

70.94.710 Air pollution episodes—Legislative finding—Declaration of policy. The legislature finds that whenever meteorological conditions occur which reduce the effective volume of air into which air contaminants are introduced, there is a high danger that normal operations at air contaminant sources in the area affected will be detrimental to public health or safety. Whenever such conditions, herein denominated as air pollution episodes, are forecast, there is a need for rapid short-term emission reduction in order to avoid adverse health or safety consequences.

Therefore, it is declared to be the policy of this state that an episode avoidance plan should be developed and implemented for the temporary reduction of emissions during air pollution episodes.

It is further declared that power should be vested in the governor to issue emergency orders for the reduction or discontinuance of emissions when such emissions and weather combine to create conditions imminently dangerous to public health and safety. [1971 ex.s. c 194 § 1.]

70.94.715 Air pollution episodes—Episode avoidance plan—Contents—Source emission reduction plans—Authority—Considered orders. The department of ecology is hereby authorized to develop an episode avoidance plan providing for the phased reduction of emissions wherever and whenever an air pollution episode is forecast. Such an episode avoidance plan shall conform with any applicable federal standards and shall be effective state-wide. The episode avoidance plan may be implemented on an area basis in accordance with the occurrence of air pollution episodes in any given area.

The department of ecology may delegate authority to adopt source emission reduction plans and authority to implement all stages of occurrence up to and including the warning stage, and all intermediate stages up to the warning stage, in any area of the state, to the air pollution control authority with jurisdiction therein.

The episode avoidance plan, which shall be established by regulation in accordance with chapter 34.04 RCW, shall include, but not be limited to the following:

1. The designation of episode criteria and stages, the occurrence of which will require the carrying out of preplanned episode avoidance procedures. The stages of occurrence shall be (a) forecast, (b) alert, (c) warning, (d) emergency, and such intermediate stages as the department shall designate. "Forecast" means the presence of meteorological conditions that are conducive to accumulation of air contaminants and is the first stage of an episode. "Alert" means concentration of air contaminants at levels at which short-term health effects may occur, and is the second stage of an episode. "Warning" means concentrations are continuing to degrade, contaminant concentrations have reached a level which, if maintained, can result in damage to health, and additional control actions are needed and is the third level of an episode. "Emergency" means the air quality is posing an imminent and substantial endangerment to public health and is the fourth level of an episode;

2. The requirement that persons responsible for the operation of air contaminant sources prepare and obtain approval from the director of source emission reduction plans, consistent with good operating practice and safe operating procedures, for reducing emissions during designated episode stages;
(3) Provision for the director of the department of ecology or his authorized representative, or the air pollution control officer if implementation has been delegated, upon the satisfaction of applicable criteria, to declare and terminate the forecast, alert, warning and all intermediate stages, up to the warning episode stage, such declarations constituting orders for action in accordance with applicable source emission reduction plans;

(4) Provision for the governor to declare and terminate the emergency stage and all intermediate stages above the warning episode stage, such declarations constituting orders in accordance with applicable source emission reduction plans;

(5) Provisions for enforcement by state and local police, personnel of the departments of ecology and social and health services, and personnel of local air pollution control agencies; and

(6) Provisions for reduction or discontinuance of emissions immediately, consistent with good operating practice and safe operating procedures, under an air pollution emergency as provided in RCW 70.94.720.

Source emission reduction plans shall be considered orders of the department and shall be subject to appeal to the pollution control hearings board according to the procedure in chapter 43.21B RCW. [1971 ex.s. c 194 § 2.]

70.94.720 Air pollution episodes—Declaration of air pollution emergency by governor. Whenever the governor finds that emissions from the operation of one or more air contaminant sources is causing imminent danger to public health or safety, he may declare an air pollution emergency and may order the person or persons responsible for the operation of such air contaminant source or sources to reduce or discontinue emissions consistent with good operating practice, safe operating procedures and source emission reduction plans, if any, adopted by the department of ecology or any local air pollution control authority to which the department of ecology has delegated authority to adopt emission reduction plans. Orders authorized by this section shall be in writing and may be issued without prior notice or hearing. In the absence of the governor, any findings, declarations and orders authorized by this section may be made and issued by his authorized representative. [1971 ex.s. c 194 § 3.]

70.94.725 Air pollution episodes—Restrainting orders, temporary injunctions to enforce orders—Procedure. Whenever any order has been issued pursuant to RCW 70.94.710 through 70.94.730, the attorney general, upon request from the governor, the director of the department of ecology, an authorized representative of either, or the attorney for a local air pollution control authority upon request of the control officer, shall petition the superior court of the county in which is located the air contaminant source for which such order was issued for a temporary restraining order requiring the immediate reduction or discontinuance of emissions from such source.

Upon request of the party to whom a temporary restraining order is directed, the court shall schedule a hearing thereon at its earliest convenience, at which time the court may withdraw the restraining order or grant such temporary injunction as is reasonably necessary to prevent injury to the public health or safety. [1971 ex.s. c 194 § 4.]

70.94.730 Air pollution episodes—Orders to be effective immediately. Orders issued to declare any stage of an air pollution episode avoidance plan under RCW 70.94.715, and to declare an air pollution emergency, under RCW 70.94.720, and orders to persons responsible for the operation of an air contaminant source to reduce or discontinue emissions, according to RCW 70.94.715 and 70.94.720 shall be effective immediately and shall not be stayed pending completion of review. [1971 ex.s. c 194 § 5.]

70.94.740 Limited outdoor burning—Policy. It is the policy of the state to achieve and maintain high levels of air quality and to this end to minimize to the greatest extent reasonably possible the burning of outdoor fires. Consistent with this policy, the legislature declares that such fires should be allowed only on a limited basis under strict regulation and close control. [1972 ex.s. c 136 § 1.]

70.94.745 Limited outdoor burning—Program. It shall be the responsibility and duty of the department of natural resources, department of ecology, fire districts and local air pollution control authorities to establish, through regulations, ordinances or policy, a limited burning program for the people of this state, consisting of a one-permit system, until such time as an alternate technology or method of disposing of the organic refuse described in this chapter shall have been developed which is reasonably economical and less harmful to the environment. It is the policy of this state to encourage the fostering and development of such alternate method or technology. [1972 ex.s. c 136 § 2.]

70.94.750 Limited outdoor burning—Fires permitted. The following outdoor fires described in this section may be burned subject to the provisions of the program established pursuant to RCW 70.94.755 for any area and subject to city ordinances, county resolutions, and rules and regulations of fire districts and laws and rules and regulations enforced by the department of natural resources:

(1) Fires consisting of leaves, clippings, prunings and other yard and gardening refuse originating on lands immediately adjacent and in close proximity to a human dwelling and burned on such lands by the property owner or his designee.

(2) Fires consisting of residue of a natural character such as trees, stumps, shrubbery or other natural vegetation arising from land clearing projects or agricultural pursuits for pest or disease control; provided the fires described in this subsection may be prohibited in those...
areas having a general population density of one thousand or more persons per square mile. [1972 ex.s. c 136 § 3.]

70.94.755 Limited outdoor burning—Establishment of program. Each activated air pollution control authority, and the department of ecology in those areas outside the jurisdictional boundaries of an activated air pollution control authority, shall establish, through regulations, ordinances or policy, a program implementing the limited burning policy authorized by RCW 70.94.740 through 70.94.765. [1972 ex.s. c 136 § 4.]

70.94.760 Limited outdoor burning—Construction. Nothing contained in RCW 70.94.740 through 70.94.765 is intended to alter or change the provisions of RCW 70.94.660, 70.94.710 through 70.94.730, and 70.94.205. [1986 c 100 § 55; 1972 ex.s. c 136 § 5.]

70.94.765 Limited outdoor burning—Authority of local air pollution control authority or department of ecology to allow outdoor fires not restricted. Nothing in RCW 70.94.740 through 70.94.765 shall be construed as prohibiting a local air pollution control authority or the department of ecology in those areas outside the jurisdictional boundaries of an activated pollution control authority from allowing the burning of outdoor fires. [1972 ex.s. c 136 § 6.]

70.94.775 Outdoor burning—Fires prohibited—Exceptions. No person shall cause or allow any outdoor fire:

1. Containing garbage, dead animals, asphalt, petroleum products, paints, rubber products, plastics, or any substance other than natural vegetation which normally emits dense smoke or obnoxious odors except as provided in RCW 70.94.650: Provided, That agricultural heating devices which otherwise meet the requirements of this chapter shall not be considered outdoor fires under this section;
2. During a forecast, alert, warning or emergency condition as defined in RCW 70.94.715;
3. In any area which has been designated by the department of ecology or board of an activated authority as an area exceeding or threatening to exceed state or federal ambient air quality standards, or after July 1, 1976, state ambient air quality goals for particulates, except instructional fires permitted by RCW 70.94.650(2). [1974 ex.s. c 164 § 1; 1973 2nd ex.s. c 11 § 1; 1973 1st ex.s. c 193 § 9.]

70.94.780 Outdoor burning—Regulation and prohibition. In addition to any other powers granted to them by law, the fire protection agency authorized to issue burning permits may regulate or prohibit outdoor burning in order to prevent or abate the nuisances caused by such burning. [1973 1st ex.s. c 193 § 10.]

70.94.785 Plans approved pursuant to federal clean air act—Enforcement authority. Notwithstanding any provision of the law to the contrary, except RCW 70.94.660 through 70.94.690, the department of ecology, upon its approval of any plan (or part thereof) required or permitted under the federal clean air act, shall have the authority to enforce all regulatory provisions within such plan (or part thereof): Provided, That departmental enforcement of any such provision which is within the power of an activated authority to enforce shall be initiated only, when with respect to any source, the authority is not enforcing the provisions and then only after written notice is given the authority. [1973 1st ex.s. c 193 § 11.]

70.94.800 Legislative declaration—Intent. The legislature recognizes that:

1. Acid deposition resulting from commercial, industrial or other emissions of sulphur dioxide and nitrogen oxides pose a threat to the delicate balance of the state's ecological systems, particularly in alpine lakes that are known to be highly sensitive to acidification;
2. Failure to act promptly and decisively to mitigate or eliminate this danger may soon result in untold and irreparable damage to the fish, forest, wildlife, agricultural, water, and recreational resources of this state;
3. There is a direct correlation between emissions of sulphur dioxides and nitrogen oxides and increases in acid deposition;
4. Acidification is cumulative; and
5. Once an environment is acidified, it is difficult, if not impossible, to restore the natural balance.

It is therefore the intent of the legislature to provide for early detection of acidification and the resulting environmental degradation through continued monitoring of acid deposition levels and trends, and major source changes, so that the legislature can take any necessary action to prevent environmental degradation resulting from acid deposition. [1985 c 456 § 1; 1984 c 277 § 1.]

70.94.805 Definitions. As used in RCW 70.94.800 through 70.94.825, the following terms have the following meanings.

1. "Acid deposition" means wet or dry deposition from the atmosphere of chemical compounds with a pH of less than 5.6.
2. "Critical level of acid deposition and lake, stream, and soil acidification" means the level at which irreparable damage may occur unless corrective action is taken. [1985 c 456 § 2; 1984 c 277 § 2.]

70.94.810 Joint legislative committee on science and technology—Establishment of consultant selection committee—Duties of consultant—Interagency agreement to assist evaluation of acid rain—Amount of assistance. (1) The joint legislative committee on science and technology is directed to establish a consultant selection committee that includes the chairs of the senate parks and ecology committee and the house environmental affairs committee and one member appointed by the department of ecology. A consultant shall be selected to:

(a) Evaluate existing information and research on acid deposition in the Pacific Northwest region;
(b) Identify data gaps that need to be filled to provide sound baseline information on acid deposition in the region; and
(c) Coordinate with the department of ecology the evaluations specified under subsections (a) and (b) of this section.

(2) In addition to the consultant selected under subsection (1) of this section, the joint committee on science and technology may execute an interagency agreement with the department of ecology for the purpose of providing financial assistance for the department's comprehensive evaluation of the phenomenon known as acid rain. The amount of financial assistance to be provided under this subsection shall not exceed fifty thousand dollars or be less than twenty-five thousand dollars. [1984 c 277 § 3.]

70.94.815 Application for money to finance evaluation. The joint legislative committee on science and technology is authorized to apply for and receive moneys from the federal government or other sources, public or private, to finance any of the activities authorized or mandated by RCW 70.94.800 through 70.94.815. [1984 c 277 § 5.]

70.94.820 Monitoring by department of ecology. The department of ecology shall maintain a program of periodic monitoring of acid rain deposition and lake, stream, and soil acidification to ensure early detection of acidification and environmental degradation. [1987 c 505 § 61; 1985 c 456 § 5; 1984 c 277 § 6.]

70.94.825 Department of ecology to initiate comprehensive evaluation of acid rain. The department of ecology shall initiate in consultation with the joint science and technology committee a comprehensive evaluation of the phenomenon known as acid deposition or acid rain. The study shall evaluate the:

(1) Scope and extent of acid rain, if any, that is present within the various geographic areas of the state, including lakes and other water bodies;

(2) Present and potential effects on the state's land and water bodies;

(3) Present and potential impacts of acid rain upon the economic and environmental welfare of the state;

(4) Factors which contribute to creation of acid rain now existing in the state;

(5) Means and methods for controlling, reducing, and eliminating acid rain now in place within the state as well as preventing its recurrence in the future;

(6) Range of funds needed, on a continuing basis, to implement the means and methods set forth in subsection (5) of this section together with the proposed funding sources as well as the economic impacts associated with these means and methods; and

(7) Sufficiency of existing pollution control laws of the state to resolve satisfactorily the problems of the state associated with acid rain. [1984 c 277 § 7.]

70.94.850 Emission credits banking program—Amount of credit. The department of ecology and the local boards may implement an emission credits banking program. For the purposes of this section, an emission credits banking program means a program whereby an air contaminant source which reduces emissions of a given air contaminant by an amount greater than that required by applicable law, regulation, or order is granted credit for a given amount, which credit shall be administered by a credit bank operated by the appropriate agency. The amount of the credit shall be determined by the department or local board with jurisdiction, but it shall be less than the amount of the emissions reduction. The credit may be used, traded, sold, or otherwise expended for purposes established by regulation of state or local agencies consistent with the provisions of the prevention of significant deterioration program under RCW 70.94.860, the bubble program under RCW 70.94.155, and the new source review program under RCW 70.94.152, if there will be no net adverse impact on air quality. [1984 c 164 § 1.]

70.94.860 Department of ecology may accept, delegate the prevention of significant deterioration program. The department of ecology may accept delegation of the prevention of significant deterioration program pursuant to Part C, Subpart 1 of the federal Clean Air Act. The department may, in turn, delegate this program to the local authority with jurisdiction in a given area. [1984 c 164 § 2.]

70.94.870 Report to legislature on emission credits banking program. The department of ecology shall study the emission credits banking program and report to the legislature on its effectiveness by January 1, 1986. The report shall include a recommendation as to whether the program should be continued. [1984 c 164 § 3.]

70.94.875 Evaluation of information on acid deposition in Pacific Northwest—Establishment of critical levels—Notification of legislature. The department of ecology, in consultation with the joint legislative committee on science and technology or the appropriate committees of the house of representatives and of the senate, shall:

(1) Continue evaluation of information and research on acid deposition in the Pacific Northwest region;

(2) Establish critical levels of acid deposition and lake, stream, and soil acidification; and

(3) Notify the legislature if acid deposition or lake, stream, and soil acidification reaches the levels established under subsection (2) of this section. [1985 c 456 § 3.]

70.94.880 Establishment of critical deposition and acidification levels—Considerations. In establishing critical levels of acid deposition and lake, stream, and soil acidification, the department of ecology shall consider:

(1) Current acid deposition and lake, stream, and soil acidification levels;

(2) Changes in acid deposition and lake, stream, and soil acidification levels;
70.94.890 Exemption—Hazardous waste remedial action. A person conducting a remedial action pursuant to an approved settlement agreement or the department undertaking a remedial action under chapter 70.105B RCW is exempt from the procedural and substantive requirements of this chapter. [1987 3rd ex.s. c 2 § 28.]

Litter control, recycling: Chapter 70.93 RCW.

70.95.010 Legislative finding. The legislature finds:

(1) Continuing technological changes in methods of manufacture, packaging, and marketing of consumer products, together with the economic and population growth of this state, the rising affluence of its citizens, and its expanding industrial activity have created new and ever-mounting problems involving disposal of garbage, refuse, and solid waste materials resulting from domestic, agricultural, and industrial activities.

(2) Traditional methods of disposing of solid wastes in this state are no longer adequate to meet the ever-increasing problem. Improper methods and practices of handling and disposal of solid wastes pollute our land, air and water resources, blight our countryside, adversely affect land values, and damage the overall quality of our environment.

(3) Considerations of natural resource limitations, energy shortages, economics and the environment make necessary the development and implementation of solid waste recovery and/or recycling plans and programs.

(4) The following priorities in the management of solid waste are necessary and should be followed in order of descending priority as applicable:

(a) Waste reduction;
(b) Waste recycling;
(c) Energy recovery or incineration; and
(d) Landfill.

(5) There is an imperative need to anticipate, plan for, and accomplish effective storage, control, recovery, and recycling of discarded vehicle tires with the subsequent conservation of resources and energy. [1985 c 345 § 1; 1984 c 123 § 1; 1975–76 2nd ex.s. c 41 § 1; 1969 ex.s. c 134 § 1.]

70.95.020 Purpose. The purpose of this chapter is to establish a comprehensive state-wide program for solid waste handling, and solid waste recovery and/or recycling which will prevent land, air, and water pollution and conserve the natural, economic, and energy resources of this state. To this end it is the purpose of this chapter:

(1) To assign primary responsibility for adequate solid waste handling to local government, reserving to the state, however, those functions necessary to assure effective programs throughout the state;
(2) To provide for adequate planning for solid waste handling by local government;
(3) To provide for the adoption and enforcement of basic minimum performance standards for solid waste handling;
(4) To provide technical and financial assistance to local governments in the planning, development, and conduct of solid waste handling programs;
(5) To encourage storage, proper disposal, and recycling of discarded vehicle tires and to stimulate private recycling programs throughout the state.

It is the intent of the legislature that local governments be encouraged to use the expertise of private industry and to contract with private industry to the fullest extent possible to carry out solid waste recovery and/or recycling programs. [1985 c 345 § 2; 1975–76 2nd ex.s. c 41 § 2; 1969 ex.s. c 134 § 2.]

Any city electing to prepare an independent city plan, a joint city plan, or a joint county—city plan for solid waste management for inclusion in the county comprehensive plan may apply for financial aid for such purpose through the county. Every city application for financial aid for planning shall be filed with the county auditor and shall be included as a part of the county's application for financial aid. Any city preparing an independent plan shall provide for disposal sites wholly within its jurisdiction.

The department shall allocate to the counties and cities applying for financial aid for planning, such funds as
may be available pursuant to legislative appropriations or from any federal grants for such purpose.

The department shall determine priorities and allocate available funds among the counties and cities applying for aid according to criteria established by regulations of the department considering population, urban development, environmental effects of waste disposal, existing waste handling practices, and the local justification of their proposed expenditures. [1969 ex.s. c 134 § 13.]

70.95.140 Matching requirements. Counties and cities shall match their planning aid allocated by the director by an amount not less than twenty-five percent of the estimated cost of such planning. Any federal planning aid made directly to a county or city shall not be considered either a state or local contribution in determining local matching requirements. Counties and cities may meet their share of planning costs by cash and contributed services. [1969 ex.s. c 134 § 14.]

70.95.150 Contracts with counties to assure proper expenditures. Upon the allocation of planning funds as provided in RCW 70.95.130, the department shall enter into a contract with each county receiving a planning grant. The contract shall include such provisions as the director may deem necessary to assure the proper expenditure of such funds including allocations made to cities. The sum allocated to a county shall be paid to the treasurer of such county. [1969 ex.s. c 134 § 15.]

70.95.160 County, city or jurisdictional board of health regulations. Each county, or any city, or jurisdictional board of health shall adopt regulations or ordinances governing solid waste handling implementing the comprehensive solid waste management plan covering storage, collection, transportation, treatment, utilization, processing and final disposal including the issuance of permits. Such regulations or ordinances shall assure that solid waste storage and disposal facilities are located, maintained, and operated in a manner so as properly to protect the public health, prevent air and water pollution, and avoid the creation of nuisances. Such regulations or ordinances may be more stringent than the minimum functional standards adopted by the department. Regulations or ordinances adopted by counties, cities, or jurisdictional boards of health shall be filed with the department of environmental quality. [1969 ex.s. c 134 § 16.]

70.95.165 Solid waste disposal facility siting—Site review by county or city—Standards—Local solid waste advisory committees—Membership. (1) Each county or city siting a solid waste disposal facility shall review each potential site for conformance with the standards as set by the department for:

(3) Each county shall establish a local solid waste advisory committee to assist in the development of programs and policies concerning solid waste handling and disposal and to review and comment upon proposed rules, policies, or ordinances prior to their adoption. Such committees shall consist of up to nine members and shall represent a balance of interests including, but not limited to, citizens, public interest groups, business, the waste management industry, and local elected public officials. The members shall be appointed by the county legislative authority. A county or city shall not apply for funds from the state and local improvements revolving account, Waste Disposal Facilities, 1980, under chapter 43.99F RCW, for the preparation, update, or major amendment of a comprehensive solid waste management plan unless the plan or revision has been prepared with the active assistance and participation of a local solid waste advisory committee. [1984 c 123 § 4.]

70.95.170 Permit for solid waste disposal site or facilities—Required. After approval of the comprehensive solid waste plan by the department no solid waste disposal site or disposal site facilities shall be maintained, established, substantially altered, expanded, or improved until the county, city, or other person operating such site has obtained a permit from the jurisdictional health department pursuant to the provisions of RCW 70.95.180. (3) The jurisdictional health department shall investigate every application as may be necessary to determine whether an existing or proposed site and facilities meet

(1987 Ed.)
all applicable laws and regulations, and conforms with the approved comprehensive solid waste handling plan, and complies with all zoning requirements.

(4) When the jurisdictional health department finds that the permit should be issued, it shall issue such permit. Every application shall be approved or disapproved within ninety days after its receipt by the jurisdictional health department.

(5) The jurisdictional board of health may establish reasonable fees for permits and renewal of permits. All permit fees collected by the health department shall be deposited in the treasury and to the account from which the health department's operating expenses are paid. [1969 ex.s. c 134 § 18.]

Prior to renewing a permit, the health department shall conduct such inspections as it deems necessary to assure that the solid waste disposal site and facilities located on the site meet minimum functional standards of the department, applicable local regulations, and are not in conflict with the approved solid waste management plan. The department shall renew and may appeal the renewal as set forth for the approval of permits in RCW 70.95.185.

A renewal issued under this section shall not be considered valid unless it has been reviewed by the department. [1984 c 123 § 9; 1969 ex.s. c 134 § 19.]

70.95.200 Permit for solid waste disposal site or facilities—Suspension. Any permit for a solid waste disposal site issued as provided herein shall be subject to suspension at any time the jurisdictional health department determines that the site or the solid waste disposal facilities located on the site are being operated in violation of this chapter, or the regulations of the department or local laws and regulations. [1969 ex.s. c 134 § 20.]

70.95.210 Hearing—Appeal. Notice of the hearing shall be given all interested parties including the county or city having jurisdiction over the site and the department. Within thirty days after the hearing, the health officer shall notify the applicant or the holder of the permit in writing of his determination and the reasons therefor. Any party aggrieved by such determination may appeal to the pollution control hearings board by filing with the hearings board a notice of appeal within thirty days after receipt of notice of the determination of the health officer. The hearings board shall hold a hearing in accordance with the provisions of the Administrative Procedure Act, chapter 34.04 RCW, as now or hereafter amended. (1) By July 1, 1987, each holder or applicant of a permit for a landfill disposal facility issued under this chapter shall establish a reserve account to cover the costs of closing the facility in accordance with state and federal regulations. The account shall be designed to ensure that there will be adequate revenue available by the projected date of closure. Landfill disposal facilities maintained on private property for the sole use of the entity owning the site shall not be required to establish a reserve account if, to the satisfaction of the department, they provide another form of financial assurance adequate to comply with the requirements of this section.

(2) By July 1, 1986, the department shall adopt rules under chapter 34.04 RCW to implement subsection (1) of this section. The rules shall include but not be limited to:

(a) Methods to estimate closure costs, including postclosure monitoring, pollution prevention measures, and any other procedures required under state and federal regulations;

(b) Methods to ensure that reserve accounts receive adequate funds, including:

(i) Requirements that the reserve account be generated by user fees. However, the department may waive this requirement for existing landfills if user fees would be prohibitively high;

(ii) Requirements that moneys be placed in the reserve account on a regular basis and that the reserve account be kept separate from all other accounts; and

(iii) Procedures for the department to verify that adequate sums are deposited in the reserve account; and

Beneficial uses of sludge in landfill reclamation is acceptable utilization and not considered disposal.

The department of ecology shall adopt rules that provide exemptions from this section on a case-by-case basis. Exemptions shall be based on the economic infeasibility of using or disposing of the sludge material other than in a landfill.

The department of ecology, after consulting with representatives from cities, counties, special purpose districts, and operators of septic tank pump–out services, shall adopt rules for the environmentally safe use of municipal sewage sludge and septage in this state.

Subject to the limitations of this chapter, the lease or extensions or modifications thereof may contain such other terms and conditions as may be mutually acceptable to the parties, and notwithstanding any other provisions of law relating to the sale of property owned by municipalities, such lease may contain an option for the lessees to purchase the facilities on such terms and conditions with or without consideration as may be mutually acceptable to the parties. 70.96A.090 Standards for public and private treatment facilities—Enforcement procedures—Penalties. (1) The department shall establish standards for approved treatment facilities that must be met for a treatment facility to be approved as a public or private treatment facility, and fix the fees to be charged by the department for the required inspections. The standards may concern the health standards to be met and standards of services and treatment to be afforded patients.

(2) The department periodically shall inspect approved public and private treatment facilities at reasonable times and in a reasonable manner.

(3) The department shall maintain a list of approved public and private treatment facilities at reasonable times and in a reasonable manner.

An approved public or private treatment facility that without good cause fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent returns thereof, may be removed from the list of approved treatment facilities, and its approval revoked or suspended.

(6) The superior court may restrain any violation of this section, review any denial, restriction, or revocation of approval, and grant other relief required to enforce its provisions.

(7) Upon petition of the department and after a hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the department authorizing him to enter and inspect at reasonable times, and examine the books and accounts of, any approved public or private treatment facility refusing to consent to inspection or examination by the department or which the department has reasonable cause to believe is operating in violation of this chapter. [1972 ex.s. c 122 § 9.]

70.96A.100 Acceptance for treatment—Rules. The secretary shall adopt and may amend and repeal rules for acceptance of persons into the treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of alcoholics, persons incapacitated by alcohol, and intoxicated persons. In establishing the rules, the secretary shall be guided by the following standards:
(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient or intermediate treatment, unless he is found to require inpatient treatment.

(3) A person shall not be denied treatment solely because he has withdrawn from treatment against medical advice on a prior occasion or because he has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and utilize other appropriate treatment. [1972 ex.s. c 122 § 10.]

70.96A.110 Voluntary treatment of alcoholics. (1) An alcoholic may apply for voluntary treatment directly to an approved treatment facility. If the proposed patient is a minor or an incompetent person, he, a parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the secretary, the administrator in charge of an approved treatment facility may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment facility, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment facility for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved treatment facility, he shall be encouraged to consent to appropriate outpatient or intermediate treatment. If it appears to the administrator in charge of the treatment facility that the patient is an alcoholic who requires help, the department may arrange for assistance in obtaining supportive services and residential facilities.

(4) If a patient leaves an approved public treatment facility, with or against the advice of the administrator in charge of the facility, the department may make reasonable provisions for his transportation to another facility or to his home. If he has no home he should be assisted in obtaining shelter. If he is less than fourteen years of age or an incompetent person the request for discharge from an inpatient facility shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he was the original applicant. [1972 ex.s. c 122 § 11.]

70.96A.120 Treatment and services for intoxicated persons and persons incapacitated by alcohol. (1) An intoxicated person may come voluntarily to an approved treatment facility for treatment. A person who appears to be intoxicated in a public place and to be in need of help, if he or she consents to the proffered help, may be assisted to his or her home, an approved treatment facility or other health facility.

(2) Except for a person who may be apprehended for possible violation of laws not relating to alcoholism or intoxication and except for a person who may be apprehended for possible violation of laws relating to driving or being in physical control of a vehicle while intoxicated and except for a person who may wish to avail himself or herself of the provisions of RCW 46.20.308, a person who appears to be incapacitated by alcohol and who is in a public place or who has threatened, attempted, or inflicted physical harm on another, shall be taken into protective custody by the police or the emergency service patrol and as soon as practicable, but in no event beyond eight hours brought to an approved treatment facility for treatment. If no approved treatment facility is readily available he or she shall be taken to an emergency medical service customarily used for incapacitated persons. The police or the emergency service patrol, in detaining the person and in taking him or her to an approved treatment facility, is taking him or her into protective custody and shall make every reasonable effort to protect his or her health and safety. In taking the person into protective custody, the detaining officer or member of an emergency patrol may take reasonable steps including reasonable force if necessary to protect himself or herself or effect the custody. A taking into protective custody under this section is not an arrest. No entry or other record shall be made to indicate that the person has been arrested or charged with a crime.

(3) A person who comes voluntarily or is brought to an approved treatment facility shall be examined by a qualified person. He or she may then be admitted as a patient or referred to another health facility, which provides emergency medical treatment, where it appears that such treatment may be necessary. The referring approved treatment facility shall arrange for his or her transportation.

(4) A person who is found to be incapacitated by alcohol at the time of his or her admission or to have become incapacitated at any time after his or her admission, may not be detained at the facility for more than seventy-two hours after admission as a patient, unless a petition is filed under RCW 70.96A.140, as now or hereafter amended: Provided, That the treatment personnel at the facility are authorized to use such reasonable physical restraint as may be necessary to retain a person incapacitated by alcohol at such facility for up to seventy-two hours from the time of admission. The seventy-two hour period specified in this section shall be computed by excluding Saturdays, Sundays, and holidays. A person may consent to remain in the facility as long as the physician in charge believes appropriate.

(5) A person who is not admitted to an approved treatment facility, is not referred to another health facility, and has no funds, may be taken to his or her home, if any. If he or she has no home, the approved treatment facility shall assist him or her in obtaining shelter.

(6) If a patient is admitted to an approved treatment facility, his or her family or next of kin shall be notified as promptly as possible. If an adult patient who is not incapacitated requests that there be no notification, his or her request shall be respected.
(7) The police, members of the emergency service, or treatment facility personnel, who in good faith act in compliance with this chapter are performing in the course of their official duty and are not criminally or civilly liable therefor.

(8) If the person in charge of the approved treatment facility determines it is for the patient's benefit, the patient shall be encouraged to agree to further diagnosis and appropriate voluntary treatment. [1987 c 439 § 13; 1977 ex.s. c 62 § 1; 1974 ex.s. c 175 § 1; 1972 ex.s. c 122 § 12.]

70.96A.140 Involuntary commitment of alcoholics. (1) When the person in charge of a treatment facility, or his or her designee, receives information alleging that a person is incapacitated as a result of alcoholism, the person in charge, or his or her designee, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court or district court. If the person in charge, or his or her designee, finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to an evaluation and treatment facility as defined in RCW 71.05.020. If placement in an alcohol treatment facility is deemed appropriate, the petition shall allege that the person is an alcoholic who is incapacitated by alcohol, or that the person has twice before in the preceding twelve months been admitted for the voluntary treatment for alcoholism pursuant to RCW 70.96A.110 and is in need of a more sustained treatment program, or that the person is an alcoholic who has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within two days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the physician's findings in support of the allegations of the petition. A physician employed by the petitioning facility or the department is not eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than three and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained by the facility, pursuant to RCW 70.96A.120, as now or hereafter amended, in which case the hearing shall be held within seventy-two hours of the filing of the petition: Provided, however, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: Provided further, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the treatment facility on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony of at least one licensed physician who has examined the person whose commitment is sought. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment facility. It shall not order commitment of a person unless it determines that an approved treatment facility is able to provide adequate and appropriate treatment for him or her and the treatment is likely to be beneficial.

(5) A person committed under this section shall remain in the facility for treatment for a period of thirty days unless sooner discharged. At the end of the thirty day period, he or she shall be discharged automatically unless the facility, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged. If a person has been committed because he or she is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) A person recommitted under subsection (5) of this section who has not been discharged by the facility before the end of the ninety day period shall be discharged at the expiration of that period unless the facility, before expiration of the period, obtains a court order on the grounds set forth in subsection (1) of this section for recommitment for a further period not to exceed ninety days. If a person has been committed because he or she is an alcoholic likely to inflict physical harm on another, the facility shall apply for recommitment if after examination it is determined that the likelihood still exists. Only two recommitment orders under subsections (5) and (6) of this section are permitted.
(7) Upon the filing of a petition for commitment or recommitment under subsections (5) or (6) of this section, the court shall fix a date for hearing no less than three and no more than seven days after the date the petition was filed: Provided, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of hearing, including the date fixed by the court, shall be served by the treatment facility on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(8) The facility shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment facility to another if transfer is medically advisable.

(9) A person committed to the custody of a facility for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of an alcoholic committed on the grounds of likelihood of infliction of physical harm upon another, that he or she is no longer an alcoholic or the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of an alcoholic committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(10) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(11) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(12) The venue for proceedings under this section is the county in which person to be committed resides or is present. [1987 c 439 § 14; 1977 ex.s. c 129 § 1; 1974 ex.s. c 175 § 2; 1972 ex.s. c 122 § 14.]

Information under this subsection shall not be published in a way that discloses patients' names or otherwise discloses their identities. [1972 ex.s. c 122 § 15.]

70.96A.160 Visitation and communication with patients. (1) Subject to reasonable rules regarding hours of visitation which the secretary may adopt, patients in any approved treatment facility shall be granted opportunities for adequate consultation with counsel, and for continuing contact with family and friends consistent with an effective treatment program.

(2) Neither mail nor other communication to or from a patient in any approved treatment facility may be intercepted, read, or censored. The secretary may adopt reasonable rules regarding the use of telephone by patients in approved treatment facilities. [1972 ex.s. c 122 § 16.]

70.96A.170 Emergency service patrol—Establishment—Rules. (1) The state and counties, cities and other municipalities may establish or contract for emergency service patrols which are to be under the administration of the appropriate jurisdiction. A patrol consists of persons trained to give assistance in the streets and in other public places to persons who are intoxicated. Members of an emergency service patrol shall be capable of providing first aid in emergency situations and may transport intoxicated persons to their homes and to and from treatment facilities.

(2) The secretary shall adopt rules pursuant to chapter 34.04 RCW for the establishment, training, and conduct of emergency service patrols. [1972 ex.s. c 122 § 17.]

70.96A.180 Payment for treatment—Financial ability of patients. (1) If treatment is provided by an approved treatment facility or emergency treatment is provided by a facility under RCW 70.96A.080(2)(a), and the patient has not paid or is unable to pay the charge therefor, the facility is entitled to any payment (a) received by the patient or to which he may be entitled because of the services rendered, and (b) from any public or private source available to the facility because of the treatment provided to the patient.

(2) A patient in a facility, or the estate of the patient, or a person obligated to provide for the cost of treatment and having sufficient financial ability, is liable to the facility for cost of maintenance and treatment of the patient therein in accordance with rates established.
(3) The secretary shall adopt rules governing financial ability that take into consideration the income, savings and other personal and real property of the person required to pay, and any support being furnished by him to any person he is required by law to support. [1972 ex.s. c 122 § 18.]

70.96A.190 Criminal laws limitations. (1) No county, municipality, or other political subdivision may adopt or enforce a local law, ordinance, resolution, or rule having the force of law that includes drinking, being a common drunkard, or being found in an intoxicated condition as one of the elements of the offense giving rise to a criminal or civil penalty or sanction.

(2) No county, municipality, or other political subdivision may interpret or apply any law of general application to circumvent the provision of subsection (1) of this section.

(3) Nothing in this chapter affects any law, ordinance, resolution, or rule against drunken driving, driving under the influence of alcohol, or other similar offense involving the operation of a vehicle, aircraft, boat, machinery, or other equipment, or regarding the sale, purchase, dispensing, possessing, or use of alcoholic beverages at stated times and places or by a particular class of persons; nor shall evidence of intoxication affect, other than as a defense, the application of any law, ordinance, resolution, or rule to conduct otherwise established the elements of an offense. [1972 ex.s. c 122 § 19.]

Such rule or regulation shall provide for amendment, suspension, or revocation of licenses. Such rule or regulation shall provide that:

(a) Each application for a specific license shall be in writing and shall state such information as the agency, by rule or regulation, may determine to be necessary to decide the technical, insurance, and financial qualifications, or any other qualification of the applicant as the agency may deem reasonable and necessary to protect the occupational and public health and safety. The agency may at any time after the filing of the application, and before the expiration of the license, require further written statements and shall make such inspections as the agency deems necessary in order to determine whether the license should be granted or denied or whether the license should be modified, suspended, or revoked. In no event shall the agency grant a specific license to any applicant who has never possessed a specific license issued by a recognized state or federal authority until the agency has conducted an inspection which insures that the applicant can meet the rules, regulations and standards adopted pursuant to this chapter. All applications and statements shall be signed by the applicant or licensee. The agency may require any
applications or statements to be made under oath or affirmation;

(b) Each license shall be in such form and contain such terms and conditions as the agency may by rule or regulation prescribe;

(c) No license issued under the authority of this chapter and no right to possess or utilize sources of ionizing radiation granted by any license shall be assigned or in any manner disposed of; and

(d) The terms and conditions of all licenses shall be subject to amendment, revision, or modification by rules, regulations or orders issued in accordance with the provisions of this chapter.

(2) Before the agency issues a license to an applicant under this section, it shall give notice of such application to the chief executive officer of the incorporated city of town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns. The incorporated city or town, through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the agency within twenty days after date of transmittal of such notice, written objections against the applicant or against the activity for which the license is sought, and shall include with such objections a statement of all facts upon which such objections are based, and in case written objections are filed, may request and the agency may in its discretion hold a formal hearing under chapter 34.04 RCW. Upon the granting of a license under this section the agency shall send a duplicate of the license or written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

This subsection shall not apply to activities conducted within the boundaries of the Hanford reservation.

(3) The agency may require registration of all sources of ionizing radiation.

(4) The agency may exempt certain sources of ionizing radiation or kinds of uses or users from the registration or licensing requirements set forth in this section when the agency makes a finding after approval of the technical advisory board that the exemption of such sources of ionizing radiation or kinds of uses or users will not constitute a significant risk to the health and safety of the public.

(5) In promulgating rules and regulations pursuant to this chapter the agency shall, insofar as practical, strive to avoid requiring dual licensing, and shall provide for such recognition of other state or federal licenses as the agency shall deem desirable, subject to such registration requirements as the agency may prescribe. (2) The agency shall collect a suspension fee as an added charge on each cubic foot of low level radioactive waste disposed of at the disposal site in this state which shall be set at a level that is sufficient to fund completely the radiation control activities of the agency which are not otherwise covered by cost recovery programs including, but not limited to, any funds from federal sources: Provided, That the suspension fee shall not exceed four percent of the basic minimum fee charged by an operator of a low-level radioactive waste disposal site in this state. The basic minimum fee consists of the disposal fee for the site operator, the fee for the perpetual care and maintenance fund administered by the state, the fee for the state closure fund, and the tax collected pursuant to chapter 82.04 RCW. Site use permit fees and surcharges collected under chapter 43.200 RCW are not part of the basic minimum fee. The fee shall also provide funds for other state agencies that incur expenses as a result of the control and management of the disposal of low-level radioactive waste in the state of Washington. Disbursements for these purposes to other state agencies shall be by authorization of the secretary of the department of social and health services or the secretary's designee.

The agency may adopt such rules as are necessary to carry out its responsibilities under this section. [1986 c 2 § 2; 1985 c 383 § 3.]

hold and maintain liability coverage who fails to demonstrate compliance with this section. The license or permit shall not be reinstated until the person demonstrates compliance with this section.

(3) The radiation control agency shall require (a) that any person required to maintain liability coverage maintain with the agency current copies of any insurance policies, certificates of insurance, or any other documents used to comply with this section, (b) that the agency be notified of any changes in the insurance coverage or financial condition of the person, and (c) that the state be named as an insured party on any insurance policy used to comply with this section. [1986 c 191 § 3.]

(1) The agency shall require each person who possesses or uses a source of ionizing radiation to maintain necessary records relating to its receipt, use, storage, transfer, or disposal and such other records as the agency may require which will permit the determination of the extent of occupational and public exposure from the radiation source. Copies of these records shall be submitted to the agency on request. These requirements are subject to such exemptions as may be provided by rules.

(2) The agency may by rule and regulation establish standards requiring that personnel monitoring be provided for any employee potentially exposed to ionizing radiation and may provide for the reporting to any employee of his radiation exposure record. [1961 c 207 § 10.]

70.98.110 Federal-state agreements—Authorized—Effect as to federal licenses. (1) The governor, on behalf of this state, is authorized to enter into agreements with the federal government providing for discontinuance of certain of the federal government's responsibilities with respect to sources of ionizing radiation and the assumption thereof by this state pursuant to this chapter.

(2) Any person who, on the effective date of an agreement under subsection (1) above, possesses a license issued by the federal government shall be deemed to possess the same pursuant to a license issued under this chapter which shall expire either ninety days after the receipt from the state radiation control agency of a notice of expiration of such license or on the date of expiration specified in the federal license, whichever is earlier. [1965 c 88 § 6; 1961 c 207 § 11.]

70.98.120 Inspection agreements and training programs. (2) The agency may institute training programs for the purpose of qualifying personnel to carry out the provisions of this chapter and may make said personnel available for participation in any program or programs of the federal government, other states, or interstate agencies in furtherance of the purposes of this chapter. [1961 c 207 § 12.]

70.99.010 Finding. The people of the state of Washington find that:

(1) Radioactive wastes are highly dangerous, in that releases of radioactive materials and emissions to the environment are inimical to the health and welfare of
the people of the state of Washington, and contribute to the occurrences of harmful diseases, including excessive cancer and leukemia. The dangers posed by the transportation and presence of radioactive wastes are increased further by the long time periods that the wastes remain radioactive and highly dangerous;

(2) Transporting, handling, storing, or otherwise caring for radioactive waste presents a hazard to the health, safety, and welfare of the individual citizens of the state of Washington because of the ever-present risk that an accident or incident will occur while the wastes are being cared for;

(3) The likelihood that an accident will occur in this state involving the release of radioactive wastes to the environment becomes greater as the volume of wastes transported, handled, stored, or otherwise cared for in this state increases;

(4) The effects of unplanned releases of radioactive wastes into the environment, especially into the air and water of the state, are potentially both widespread and harmful to the health, safety, and welfare of the citizens of this state.

The burdens and hazards posed by increasing the volume of radioactive wastes transported, handled, stored, or otherwise cared for in this state by the importation of such wastes from outside this state is not a hazard the state government may reasonably ask its citizens to bear. The people of the state of Washington believe that the principles of federalism do not require the sacrifice of the health, safety, and welfare of the people of one state for the convenience of other states or nations. [1981 c 1 § 1 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1) "Radioactive waste" means unwanted radioactive material, including radioactive residues produced as a result of electric power generation or other reactor operation.

(2) "Medical waste" means radioactive waste from all therapy, diagnosis, or research in medical fields and radioactive waste which results from the production and manufacture of radioactive material used for therapy, diagnosis, or research in medical fields, except that "medical waste" does not include spent fuel or waste from the fuel of an isotope production reactor.

(3) "Radioactive waste generated or otherwise produced outside the geographic boundaries of the state of Washington" means radioactive waste which was located outside the state of Washington at the time of removal from a reactor vessel. [1981 c 1 § 2 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.030 Storage of radioactive waste from outside the state prohibited—Exceptions. Notwithstanding any law, order, or regulation to the contrary, after July 1, 1981, no area within the geographic boundaries of the state of Washington may be used by any person or entity as a temporary, interim, or permanent storage site for radioactive waste, except medical waste, generated or otherwise produced outside the geographic boundaries of the state of Washington. This section does not apply to radioactive waste stored within the state of Washington prior to July 1, 1981. [1981 c 1 § 3 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.040 Transportation of radioactive waste from outside the state for storage within the state prohibited—Exception. Notwithstanding any law, order, or regulation to the contrary, after July 1, 1981, no person or entity may transport radioactive waste, except medical waste, generated or otherwise produced outside the geographic boundaries of the state of Washington to any site within the geographic boundaries of the state of Washington for temporary, interim, or permanent storage. [1981 c 1 § 4 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.050 Violations—Penalties—Injunctions—Jurisdiction and venue—Fees and costs. (1) A violation of or failure to comply with the provisions of RCW 70.99.030 or 70.99.040 is a gross misdemeanor.

(2) Any person or entity that violates or fails to comply with the provisions of RCW 70.99.030 or 70.99.040 is subject to a civil penalty of one thousand dollars for each violation or failure to comply.

(3) Each day upon which a violation occurs constitutes a separate violation for the purposes of subsections (1) and (2) of this section.

(4) Any person or entity violating this chapter may be enjoined from continuing the violation. The attorney general or any person residing in the state of Washington may bring an action to enjoin violations of this chapter, on his or her own behalf and on the behalf of all persons similarly situated. Such action may be maintained in the person's own name or in the name of the state of Washington. No bond may be required as a condition to obtaining any injunctive relief. The superior courts have jurisdiction over actions brought under this section, and venue shall lie in the county of the plaintiff's residence, in the county in which the violation is alleged to occur, or in Thurston county. In addition to other relief, the court in its discretion may award attorney's and expert witness fees and costs of the suit to a party who demonstrates that a violation of this chapter has occurred. [1981 c 1 § 5 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.060 Interstate compact for regional storage. Notwithstanding the other provisions of this chapter, the state of Washington may enter into an interstate compact, which will become effective upon ratification by a majority of both houses of the United States Congress, to provide for the regional storage of radioactive wastes. [1981 c 1 § 6 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.900 Construction—1981 c 1. This chapter shall be liberally construed to protect the health, safety,
and welfare of the individual citizens of the state of Washington. [1981 c 1 § 7 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.905 Severability—1981 c 1. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1981 c 1 § 8 (Initiative Measure No. 383, approved November 4, 1980).]

70.99.910 Short title. This act may be known as the Radioactive Waste Storage and Transportation Act of 1980. [1981 c 1 § 9 (Initiative Measure No. 383, approved November 4, 1980).]

70.104.010 Declaration. The department of social and health services has responsibility to protect and enhance the public health and welfare. As a consequence, it must be concerned with both natural and artificial environmental factors which may adversely affect the public health and welfare. Dangers to the public health and welfare related to the use of pesticides require specific legislative recognition of departmental authority and responsibility in this area. [1971 ex.s. c 41 § 1.]

70.104.020 "Pesticide" defined. For the purposes of this chapter pesticide means, but is not limited to:

(1) Any substance or mixture of substances intended to prevent, destroy, control, repel, or mitigate any insect, rodent, nematode, snail, slug, fungus, weed and any other form of plant or animal life or virus, except virus on or in living man or other animal, which is normally considered to be a pest or which the director of agriculture may declare to be a pest; or

(2) Any substance or mixture of substances intended to be used as a plant regulator, defoliant or desiccant; or

(3) Any spray adjuvant, such as a wetting agent, spreading agent, deposit builder, adhesive, emulsifying agent, deflocculating agent, water modifier, or similar agent with or without toxic properties of its own intended to be used with any other pesticide as an aid to the application or effect thereof, and sold in a package or container separate from that of the pesticide with which it is to be used; or

(4) Any fungicide, rodenticide, herbicide, insecticide, and nematocide. [1971 ex.s. c 41 § 2.]

70.104.030 Powers and duties of department of social and health services. (1) The department of social and health services shall investigate all suspected human cases of pesticide poisoning and such cases of suspected
pesticide poisoning of animals that may relate to human illness. In order to adequately investigate such cases, the department of social and health services shall have the power to:

(a) Take all necessary samples and human or animal tissue specimens for diagnostic purposes: Provided, That tissue, if taken from a living human, shall be taken from a living human only with the consent of a person legally qualified to give such consent;

(b) Secure any and all such information as may be necessary to adequately determine the nature and causes of any case of pesticide poisoning.

(2) The state department of social and health services shall, by rule and regulation adopted pursuant to the Administrative Procedure Act, chapter 34.04 RCW, as it now exists or is hereafter amended, and, in any event, with due notice and a hearing for the adoption of permanent rules, establish procedures for the prevention of any recurrence of poisoning and the department shall immediately notify the department of agriculture and other appropriate agencies of the results of its investigation for such action as the department of agriculture or such other agencies deem appropriate. The notification of such investigations and their results may include recommendations for further action by the appropriate department or agency. [1971 ex.s. c 41 § 3.]

70.104.040 Pesticide emergencies—Authority of department of agriculture not infringed upon. (1) In any case where an emergency relating to pesticides occurs that represents a hazard to the public due to toxicity of the material, the quantities involved or the environment in which the incident takes place, such emergencies including but not limited to fires, spillage, and accidental contamination, the person or agent of such person having actual or constructive control of the pesticides involved shall immediately notify the department of social and health services by telephone or the fastest available method.

(2) Upon notification or discovery of any pesticide emergency the department of social and health services shall:

(a) Make such orders and take such actions as are appropriate to assume control of the property and to dispose of hazardous substances, prevent further contamination, and restore any property involved to a non-hazardous condition. In the event of failure of any individual to obey and carry out orders pursuant to this section, the department of social and health services shall have all power and authority to accomplish those things necessary to carry out such order. Any expenses incurred by the department of social and health services as a result of intentional failure of any individual to obey its lawful orders shall be charged as a debt against such individual.

(3) In case where the department of social and health services has assumed control of property pursuant to this chapter, such property shall not be reoccupied or used until such time as written notification of its release for use is received from the secretary of the department of social and health services or his designee. Such action shall take into consideration the economic hardship, if any, caused by having the department assume control of property, and release shall be accomplished as expeditiously as possible. Nothing in this chapter shall prevent a farmer from continuing to process his crops and/or animals provided that it does not endanger the public health.

(4) The department shall recognize the pesticide industry’s responsibility and active role in minimizing the effect of pesticide emergencies and shall provide for maximum utilization of these services.

(5) Nothing in this chapter shall be construed in any way to infringe upon or negate the authority and responsibility of the department of agriculture in its application and enforcement of the Washington Pesticide Control Act, chapter 15.58 RCW and the Washington Pesticide Application Act, chapter 17.21 RCW. The department of social and health services shall work closely with the department of agriculture in the enforcement of this chapter and shall keep it appropriately advised. [1983 c 3 § 178; 1971 ex.s. c 41 § 4.]

70.104.050 Investigation of human exposure to pesticides. The department of social and health services shall investigate human exposure to pesticides, and in order to carry out such investigations they shall have authority to secure and analyze appropriate specimens of human tissue and samples representing sources of possible exposure. [1971 ex.s. c 41 § 5.]

70.104.060 Technical assistance, consultations and services to physicians and agencies authorized. In order effectively to prevent human illness due to pesticides and to carry out the requirements of this chapter, the department of social and health services is authorized to provide technical assistance and consultation regarding health effects of pesticides to physicians and other agencies, and is authorized to operate an analytical chemical laboratory and may provide analytical and laboratory services to physicians and other agencies to determine pesticide levels in human and other tissues, and appropriate environmental samples. [1971 ex.s. c 41 § 6.]

Chapter 70.105  
Title 70 RCW: Public Health and Safety

70.105.005 Legislative declaration. The legislature hereby finds and declares:

(1) The health and welfare of the people of the state depend on clean and pure environmental resources unaffected by hazardous waste contamination. At the same time, the quality of life of the people of the state is in part based upon a large variety of goods produced by the economy of the state. The complex industrial processes that produce these goods also generate waste byproducts, some of which are hazardous to the public health and the environment if improperly managed.

(2) Safe and responsible management of hazardous waste is necessary to prevent adverse effects on the environment and to protect public health and safety.

(3) The availability of safe, effective, economical, and environmentally sound facilities for the management of hazardous waste is essential to protect public health and the environment and to preserve the economic strength of the state.

(4) Strong and effective enforcement of federal and state hazardous waste laws and regulations is essential to protect the public health and the environment and to meet the public's concerns regarding the acceptance of needed new hazardous waste management facilities.

(5) Negotiation, mediation, and similar conflict resolution techniques are useful in resolving concerns over the local impacts of siting hazardous waste management facilities.

(6) Safe and responsible management of hazardous waste requires an effective planning process that involves local and state governments, the public, and industry.

(7) Public acceptance and successful siting of needed new hazardous waste management facilities depends on several factors, including:

(a) Public confidence in the safety of the facilities;
(b) Assurance that the hazardous waste management priorities established in this chapter are being carried out to the maximum degree practical;
(c) Recognition that all state citizens benefit from certain products whose manufacture results in the generation of hazardous byproducts, and that all state citizens must, therefore, share in the responsibility for finding safe and effective means to manage this hazardous waste; and
(d) Provision of adequate opportunities for citizens to meet with facility operators and resolve concerns about local hazardous waste management facilities.

(8) Due to the controversial and regional nature of facilities for the disposal and incineration of hazardous waste, the facilities have had difficulty in obtaining necessary local approvals. The legislature finds that there is a state-wide interest in assuring that such facilities can be sited.

It is therefore the intent of the legislature to preempt local government's authority to approve, deny, or otherwise regulate disposal and incineration facilities, and to vest in the department of ecology the sole authority among state, regional, and local agencies to approve, deny, and regulate preempted facilities, as defined in this chapter.

In addition, it is the intent of the legislature that such complete preemptive authority also be vested in the department for treatment and storage facilities, in addition to disposal and incineration facilities, if a local government fails to carry out its responsibilities established in RCW 70.105.225.
It is further the intent of the legislature that no local ordinance, permit requirement, other requirement, or decision shall prohibit on the basis of land use considerations the construction of a hazardous waste management facility within any zone designated and approved in accordance with this chapter, provided that the proposed site for the facility is consistent with applicable state siting criteria.

(9) With the exception of the disposal site authorized for acquisition under this chapter, the private sector has had the primary role in providing hazardous waste management facilities and services in the state. It is the intent of the legislature that this role be encouraged and continue into the future to the extent feasible. Whether privately or publicly owned and operated, hazardous waste management facilities and services should be subject to strict governmental regulation as provided under this chapter.

(10) Wastes that are exempt or excluded from full regulation under this chapter due to their small quantity or household origin have the potential to pose significant risk to public health and the environment if not properly managed. It is the intent of the legislature that the specific risks posed by such waste be investigated and assessed and that programs be carried out as necessary to manage the waste appropriately. In addition, the legislature finds that, because local conditions vary substantially in regard to the quantities, risks, and management opportunities available for such wastes, local government is the appropriate level of government to plan for and carry out programs to manage moderate-risk waste, with assistance and coordination provided by the department. [1985 c 448 § 2.]

Severability—1985 c 448: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 448 § 19.]

70.105.007 Purpose. The purpose of this chapter is to establish a comprehensive state-wide framework for the planning, regulation, control, and management of hazardous waste which will prevent land, air, and water pollution and conserve the natural, economic, and energy resources of the state. To this end it is the purpose of this chapter:

(1) To provide broad powers of regulation to the department of ecology relating to management of hazardous wastes and releases of hazardous substances;
(2) To promote waste reduction and to encourage other improvements in waste management practices;
(3) To promote cooperation between state and local governments by assigning responsibilities for planning for hazardous wastes to the state and planning for moderate-risk waste to local government;
(4) To provide for prevention of problems related to improper management of hazardous substances before such problems occur; and
(5) To assure that needed hazardous waste management facilities may be sited in the state, and to ensure the safe operation of the facilities. [1985 c 448 § 3.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.150 Declaration—Management of hazardous waste—Priorities—Definitions. The legislature hereby declares that:

(1) The health and welfare of the people of the state depend on clean and pure environmental resources unaffected by hazardous waste contamination. Management and regulation of hazardous waste disposal should encourage practices which result in the least amount of waste being produced. Towards that end, the legislature finds that the following priorities in the management of hazardous waste are necessary and should be followed in order of descending priority as applicable:

(a) Waste reduction;
(b) Waste recycling;
(c) Physical, chemical, and biological treatment;
(d) Incineration;
(e) Solidification/stabilization treatment;
(f) Landfill.

(2) As used in this section:

(a) "Waste reduction" means reducing waste so that hazardous byproducts are not produced;
(b) "Waste recycling" means reusing waste materials and extracting valuable materials from a waste stream;
(c) "Physical, chemical, and biological treatment" means processing the waste to render it completely innocuous, produce a recyclable byproduct, reduce toxicity, or substantially reduce the volume of material requiring disposal;
(d) "Incineration" means reducing the volume or toxicity of wastes by use of an enclosed device using controlled flame combustion;
(e) "Solidification/stabilization treatment" means the use of encapsulation techniques to solidify wastes and make them less permeable or leachable; and
(f) "Landfill" means a disposal facility, or part of a facility, at which waste is placed in or on land and which is not a land treatment facility, surface impoundment, or injection well. [1983 1st ex.s. c 70 § 1.]

70.105.160 Waste management study—Public hearings—Adoption or modification of rules—Recommendations to legislature. The department shall conduct a study to determine the best management practices for categories of waste for the priority waste management methods established in RCW 70.105.150, with due consideration in the course of the study to sound environmental management and available technology. As an element of the study, the department shall conduct public hearings regarding the best management practices for the various waste categories studied by the department. After conducting the study, the department shall prepare new rules or modify existing rules as appropriate to promote implementation of the priorities established in RCW 70.105.150 for management practices which assure use of sound environmental management techniques and available technology. The preliminary study shall be completed by July 1, 1986, and the rules shall be adopted by July 1, 1987. The solid waste advisory committee shall review the studies and the new or modified rules and submit recommendations to the legislature by January 1, 1988, regarding policy options (such as fee incentives, disposal bans, etc.) that will be used to reduce the production of dangerous and extremely hazardous waste in Washington state.

The studies shall be updated at least once every five years. The funding for these studies shall be from the hazardous waste control and elimination account, subject to legislative appropriation. [1984 c 254 § 2; 1983 1st ex.s. c 70 § 2.]

Severability—1984 c 254: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1984 c 254 § 3.]

70.105.165 Disposal of dangerous wastes at commercial off-site land disposal facilities—Limitations. (1) Independent of the processing or issuance of any or all federal, state, and local permits for disposal of dangerous wastes, no disposal of dangerous wastes at a commercial off-site land disposal facility may be undertaken prior to July 1, 1986, unless:

(a) The disposal results from actions taken under RCW 70.105A.060 (2) and (3), or results from other emergency situations; or
(b) Studies undertaken by the department under RCW 70.105.160 to determine the best management practices for various waste categories under the priority waste management methods established in RCW 70.105.150 are completed for the particular wastes or waste categories to be disposed of and any regulatory revisions deemed necessary by the department are proposed and do not prohibit land disposal of such wastes; or
(c) Final regulations have been adopted by the department that allow for such disposal.

(2) Construction of facilities used solely for the purpose of disposal of wastes that have not met the requirements of subsection (1) of this section shall not be undertaken by any developer of a dangerous waste disposal facility.

(3) The department shall prioritize the studies of waste categories undertaken under RCW 70.105.160 to
provide initial consideration of those categories most likely to be suitable for land disposal. Any regulatory changes deemed necessary by the department shall be proposed and subjected to the rule-making process by category as the study of each waste category is completed. All of the study shall be completed, and implementing regulations proposed, by July 1, 1986.

(4) Any final permit issued by the department before the adoption of rules promulgated as a result of the study conducted under RCW 70.105.160 shall be modified as necessary to be consistent with such rules. [1984 c 254 § 1.]

Consistent with the purposes of RCW 70.105.150 and 70.105.160, the department is authorized to promote the priority waste management methods listed in RCW 70.105.150 by establishing or assisting in the establishment of: (1) Consultative services which, in conjunction with any business or industry requesting such service, study and recommend alternative waste management practices; and (2) technical assistance, such as a toll-free telephone service, to persons interested in waste management alternatives. Any person receiving such service or assistance may, in accordance with state law, request confidential treatment of information about their manufacturing or business practices. [1983 1st ex.s. c 70 § 3.]

70.105.180 Disposition of fines and penalties—Earnings. All fines and penalties collected under this chapter shall be deposited in the hazardous waste control and elimination account, which is hereby created in the state treasury. Moneys in the account collected from fines and penalties shall be expended exclusively by the department of ecology for the purposes of *this act, subject to legislative appropriation. Other sources of funds deposited in this account may also be used for the purposes of *this act. All earnings of investments of balances in the hazardous waste control and elimination account shall be credited to the general fund. [1985 c 57 § 70; 1983 1st ex.s. c 70 § 4.]

(c) A description of the plan or program required by RCW 70.105.160 to promote the waste management priorities established in RCW 70.105.150;
(d) Siting criteria as appropriate for hazardous waste management facilities, including such criteria as may be appropriate for the designation of eligible zones for designated zone facilities. However, these criteria shall not prevent the continued operation, at or below the present level of waste management activity, of existing facilities on the basis of their location in areas other than those designated as eligible zones pursuant to RCW 70.105.225;
(e) Siting policies as deemed appropriate by the department; and
(f) A plan or program to provide appropriate public information and education relating to hazardous waste management. The department shall ensure to the maximum degree practical that these plans or programs are coordinated with public education programs carried out by local government under RCW 70.105.220.

(2) The department shall seek, encourage, and assist participation in the development, revision, and implementation of the state hazardous waste management plan by interested citizens, local government, business and industry, environmental groups, and other entities as appropriate.

These criteria will be part of the state hazardous waste management plan as described in RCW 70.105.200. To the extent practical, these criteria shall be designed to minimize the short-term and long-term risks and costs that may result from hazardous waste management facilities. These criteria may vary by type of facilities and may consider natural site characteristics and engineered protection. Criteria may be established for:

(1) Geology;
(2) Surface and groundwater hydrology;
(3) Soils;
(4) Flooding;
(5) Climatic factors;
(6) Unique or endangered flora and fauna;

(15) Other factors as determined by the department. [1985 c 448 § 5.]
70.105.215 Department to adopt rules for permits for hazardous substances treatment facilities. The legislature recognizes the need for new, modified, or expanded facilities to treat, incinerate, or otherwise process or dispose of hazardous substances safely. In order to encourage the development of such facilities, the department shall adopt rules as necessary regarding the permitting of such facilities to ensure the most expeditious permit processing possible consistent with the substantive requirements of applicable law. If owners and operators are not the same entity, the operator shall be the permit applicant and responsible for the development of the permit application and all accompanying materials, as long as the owner also signs the application and certifies its ownership of the real property described in the application, and acknowledges its awareness of the contents of the application and receipt of a copy thereof. [1986 c 210 § 3.]

70.105.220 Local governments to prepare local hazardous waste plans—Basis—Elements required. (1) Each local government, or combination of contiguous local governments, is directed to prepare a local hazardous waste plan which shall be based on state guidelines and include the following elements:

(a) A plan or program to manage moderate–risk wastes that are generated or otherwise present within the jurisdiction. This element shall include an assessment of the quantities, types, generators, and fate of moderate–risk wastes in the jurisdiction. The purpose of this element is to develop a system of managing moderate–risk waste, appropriate to each local area, to ensure protection of the environment and public health;

(b) A plan or program to provide for ongoing public involvement and public education in regard to the management of moderate–risk waste. This element shall provide information regarding:

(i) The potential hazards to human health and the environment resulting from improper use and disposal of the waste; and

(ii) Proper methods of handling, reducing, recycling, and disposing of the waste;

(c) An inventory of all existing generators of hazardous waste and facilities managing hazardous waste within the jurisdiction. This inventory shall be based on data provided by the department;

(d) A description of the public involvement process used in developing the plan;

(e) A description of the eligible zones designated in accordance with RCW 70.105.225. However, the requirement to designate eligible zones shall not be considered part of the local hazardous waste planning requirements; and

(f) Other elements as deemed appropriate by local government.

(2) To the maximum extent practicable, the local hazardous waste plan shall be coordinated with other hazardous materials–related plans and policies in the jurisdiction.

(3) In recognition of the role of the private sector in providing hazardous and moderate–risk waste management facilities and transportation services, and in addition to other public involvement activities that may be required, local governments shall coordinate with those persons involved in providing such facilities and services.

(4) (a) The department shall prepare guidelines for the development of local hazardous waste plans. The guidelines shall be prepared in consultation with local governments and shall be completed by December 31, 1986. The guidelines shall include a list of substances identified as hazardous household substances.

(b) In preparing the guidelines under (a) of this subsection, the department shall review and assess information on pilot projects that have been conducted for moderate–risk waste management. The department shall encourage additional pilot projects as needed to provide information to improve and update the guidelines.

(5) The department shall consult with retailers, trade associations, public interest groups, and appropriate units of local government to encourage the development of voluntary public education programs on the proper handling of hazardous household substances.

(6) Local hazardous waste plans shall be completed and submitted to the department no later than June 30, 1990. Local governments may from time to time amend the local plan.

(7) Each local government, or combination of contiguous local governments, shall submit its local hazardous waste plan or amendments thereto to the department. The department shall approve or disapprove local hazardous waste plans or amendments by December 31, 1990, or within ninety days of submission, whichever is later. The department shall approve a local hazardous waste plan if it determines that the plan is consistent with this chapter and the guidelines under subsection (4) of this section. If approval is denied, the department shall submit its objections to the local government within ninety days of submission. However, for plans submitted between January 1, 1990, and June 30, 1990, the department shall have one hundred eighty days to submit its objections. No local government is eligible for grants under RCW 70.105.235 for implementing a local hazardous waste plan unless the plan for that jurisdiction has been approved by the department.

(8) Each local government, or combination of contiguous local governments, shall implement the local hazardous waste plan for its jurisdiction by December 31, 1991.

(9) The department may waive the specific requirements of this section for any local government if such local government demonstrates to the satisfaction of the department that the objectives of the planning requirements have been met. [1986 c 210 § 1; 1985 c 448 § 6.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.225 Local governments to designate zones—Departmental guidelines—Approval of local government zone designations or amendments—Exemption. (1) Each local government, or combination of
contiguous local governments, is directed to: (a) Demonstrate to the satisfaction of the department that existing zoning allows designated zone facilities as permitted uses; or (b) designate land use zones within its jurisdiction in which designated zone facilities are permitted uses. The zone designations shall be consistent with the state siting criteria adopted in accordance with RCW 70.105.210, except as may be approved by the department in accordance with subsection (6) of this section.

(2) Local governments shall not prohibit the processing or handling of hazardous waste in zones in which the processing or handling of hazardous substances is not prohibited. This subsection does not apply in residential zones.

(3) The department shall prepare guidelines, as appropriate, for the designation of zones under this section. The guidelines shall be prepared in consultation with local governments and shall be completed by December 31, 1986.

(4) The initial designation of zones shall be completed and submitted to the department by June 30, 1988. Local governments may from time to time amend their designated zones.

(5) Local governments without land use zoning provisions shall designate eligible geographic areas within their jurisdiction, based on siting criteria adopted in accordance with RCW 70.105.210. The area designation shall be subject to the same requirements as if they were zone designations.

(6) Each local government, or combination of contiguous local governments, shall submit its designation of zones or amendments thereto to the department. The department shall approve or disapprove zone designations or amendments within ninety days of submission. The department shall approve eligible zone designations if it determines that the proposed zone designations are consistent with that decision is based and shall submit the statement to the local government together with any other comments or recommendations it deems appropriate. The local government shall have ninety days after it receives the statement from the department to make modifications designed to eliminate the inconsistencies and resubmit the designation to the department for approval. Any designations shall take effect when approved by the department.

(7) The department may exempt a local government from the requirements of this section if:

(a) Regulated quantities of hazardous waste have not been generated within the jurisdiction during the two calendar years immediately preceding the calendar year during which the exemption is requested; and

(b) The local government can demonstrate to the satisfaction of the department that no significant portion of land within the jurisdiction can meet the siting criteria adopted in accordance with RCW 70.105.210. [1985 c 448 § 7.]

Severability—1985 c 448: See note following RCW 70.105.005.

70.105.230 Local governments to submit letter of intent to identify or designate zones and submit management plans—Department to prepare plan in event of failure to act. (1) Each local government is directed to submit to the director of the department by October 31, 1987, a letter of intent stating that it intends to (a) identify, or designate if necessary, eligible zones for designated zone facilities no later than June 30, 1988, and (b) submit a complete local hazardous waste management plan to the department no later than June 30, 1990. The letters shall also indicate whether these requirements will be completed in conjunction with other local governments.

(2) If any local government fails to submit a letter as provided in subsection (1)(b) of this section, or fails to adopt a local hazardous waste plan for its jurisdiction in accordance with the time schedule provided in this chapter, or fails to secure approval from the department for its local hazardous waste plan in accordance with the time schedule provided in this chapter, the department shall prepare a hazardous waste plan for the local jurisdiction. [1985 c 448 § 8.]

(2) Local governments shall match the funds provided by the department for planning or designating zones with an amount not less than twenty—five percent of the estimated cost of the work to be performed. Local governments may meet their share of costs with cash or contributed services. Local governments, or combination of contiguous local governments, conducting pilot projects pursuant to RCW 70.105.220(4) may subtract the cost of those pilot projects conducted for hazardous household substances from their share of the cost. If a pilot project has been conducted for all moderate—risk wastes, only the portion of the cost that applies to hazardous household substances shall be subtracted. The matching funds requirement under this subsection shall be waived for local governments, or combination of contiguous local governments, that complete and submit their local hazardous waste plans under RCW 70.105.220(6) prior to June 30, 1988.

(3) Recipients of grants shall meet such qualifications and follow such procedures in applying for and using grants as may be established by the department. [1986 c 210 § 2; 1985 c 448 § 9.]

(1) As of July 28, 1985, the state preempts the field of state, regional, or local permitting and regulating of all preempted facilities as defined in this chapter. The department of ecology is designated the sole decision-making authority with respect to permitting and regulating such facilities and no other state agency, department, division, bureau, commission, or board, or any local or regional political subdivision of the state, shall have any permitting or regulatory authority with respect to such facilities including, but not limited to, the location, construction, and operation of such facilities. (4) Effective July 1, 1988, the department shall have the same preemptive authority as defined in subsections (1) through (3) of this section in regard to any designated zone facility that may be proposed in any jurisdiction where the designation of eligible zones pursuant to RCW 70.105.225 has not been completed and approved by the department. Unless otherwise preempted by this subsection, designated zone facilities shall be subject to all applicable state and local laws, regulations, plans, and other requirements. [1985 c 448 § 10.]

70.105B.010 Intent. The legislature recognizes that the beneficial stewardship of the land, air, and waters of the state is a solemn obligation of the present generation for the benefit of future generations.

A healthful environment is threatened by numerous hazardous waste sites in this state. The legislature finds that private parties should be provided with encouragement to exercise their responsibility to clean up the sites for which they are responsible, but that if they refuse to do so, then the state should conduct cleanup operations and recover the costs thereof from the private parties. The legislature also finds that there are numerous publicly owned sites that were former solid waste landfills and that because the cost of cleaning those sites frequently exceeds the financial resources of refuse rate payers, state financial assistance is appropriate.

The legislature finds that because it is often difficult or impossible to allocate responsibility among persons liable for hazardous waste sites and because it is essential that sites be cleaned up well and expeditiously, each liable person should be liable jointly and severally. [1987 3rd ex.s. c 2 § 1.]

Severability—1987 3rd ex.s. c 2: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 3rd ex.s. c 2 § 59.]

Continuation of act—1987 3rd ex.s. c 2: "(1) This 1987 act shall constitute the alternative to Initiative 97, which has been proposed to the legislature. If the secretary of state certifies Initiative 97 to the legislature, then the secretary of state is directed to place this 1987 act on the ballot in conjunction with Initiative 97, pursuant to Article II, section 1(a) of the state Constitution.

(2) This 1987 act shall continue in force and effect until the secretary of state certifies the election results on this 1987 act. If affirmatively approved at the 1988 regular general election, the act shall continue in effect thereafter." [1987 3rd ex.s. c 2 § 65.]

(1) "Department" means the department of ecology.

(2) "Director" means the director of ecology or the director's designee.

(3) "Disposal" means the discharge, deposit, injection, release, dumping, spilling, leaking, placing, or allowing to seep of any hazardous substance into or on any land or water.

(6) "Hazardous substance" means:
(a) Any dangerous or extremely hazardous waste as defined in RCW 70.105.010(5) and (6), or any dangerous or extremely hazardous waste designated by rule pursuant to chapter 70.105 RCW;
(b) Any hazardous substance as defined in RCW 70.105.010(14) or any hazardous substance as defined by rule pursuant to chapter 70.105 RCW;
(c) Any substance that, on October 16, 1987, is a hazardous substance under section 101(14) of the federal cleanup law;
(d) Any substance or category of substances determined by the director by rule to present a substantial threat to human health or the environment if released into the environment;
(e) Solid waste decomposition products that present a substantial threat to human health or the environment; and
(f) Petroleum and petroleum products.

(7)(a) "Owner or operator" means:
(i) Any person with any ownership interest in the facility or who exercises any control over the facility; or
(ii) In the case of an abandoned facility, any person who had owned, operated, or exercised control over the facility any time before its abandonment.

(b) The term "owner or operator" does not include:
(i) An agency of the state or unit of local government that acquired ownership or control involuntarily through bankruptcy, tax delinquency, abandonment, or circumstances in which the government involuntarily acquires title; or

[Title 70 RCW—p 196]
(ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person's security interest in the facility; or

(iii) A person who holds a security interest in a facility, or who as a result of the interest acquires ownership or control of a facility, where the security interest was created to secure the repayment of value extended solely for the purpose of remedial action costs, and the value actually has been or will be applied to that purpose; or

(iv) A person, including, but not limited to, a bank, savings and loan association, savings bank, credit union or insurance company, which, while holding a security interest in a facility and pursuant to such interest, exercises or has exercised control consistent with ordinary and customary lending practices, but such control shall not include operation of the facility or assumption of business decisions of the facility.

(c) Paragraph (b) of this subsection does not apply to a person who has caused or contributed to the release or threatened release of a hazardous substance from the facility, nor does it apply to any person whom the department finds uses a security interest as a device to avoid liability under this chapter.

(8) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, unit of local government, federal government agency, or Indian tribe.

(9) "Potentially liable person" means any person whom the department finds, based on credible evidence, to be liable under RCW 70.105B.040.

(10) "Release" means any intentional or unintentional entry of any hazardous substance into the environment, including but not limited to the abandonment or disposal of containers of hazardous substances. A release of a pesticide for which liability is exempted under RCW 70.105B.040(3)(d) shall not be considered hazardous unless, either alone or in conjunction with other releases, the release of the pesticide threatens human health or the environment.

(11) "Remedy" or "remedial action" means any action or expenditure consistent with the purposes of this chapter to identify, eliminate, or minimize any threat or potential threat posed by hazardous substances to human health or the environment including any investigative and monitoring activities with respect to any release or threatened release of a hazardous substance and any health assessments or health effects studies conducted in order to determine the risk or potential risk to human health. [1987 3rd ex.s. c 2 § 2.]

70.105B.030 Department's powers and duties. (1) The department may exercise the following powers in addition to any other powers granted by law:

(a) The department may conduct, provide for conducting, or require potentially liable persons to conduct remedial actions to remedy a release or threatened release of a hazardous substance. In carrying out such powers, the department's authorized employees, agents, or contractors or the employees, agents, or contractors of a potentially liable person acting under an approved settlement agreement may enter upon property. In conducting such remedial actions, the department may obtain information and access to property pursuant to RCW 70.105B.110. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action.

(b) The department may carry out all state programs authorized under the federal cleanup law and the Federal Resource, Conservation, and Recovery Act, 42 U.S.C. Sec. 6901 et seq., as amended.

(c) The department may classify substances as hazardous substances for purposes of RCW 70.105B.020(6) and classify substances and products as hazardous substances for purposes of RCW 82.22.020.

(d) The department may take any other actions necessary to carry out the provisions of this chapter, including the adoption of rules under chapter 34.04 RCW. The department may adopt emergency or interim rules where immediate promulgation of rules is necessary to implement this chapter prior to the adoption of final rules.

(e) Prior to adopting rules to carry out this chapter, the department shall facilitate discussions among persons interested in the rule-making and act to mediate differences among such persons in order to achieve the maximum extent possible consent on the rules.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. Within nine months after October 16, 1987, the department shall adopt rules under chapter 34.04 RCW to:

(a) Establish criteria for determining priorities among hazardous substance sites. These criteria shall assure that sites are ranked by a system that objectively and numerically assesses the relative degree of risk at such sites; and

(b) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remediating releases or threatened releases at the site.

(3) Before November 1st of each even-numbered year, the department shall develop, with public notice and hearing, and submit to the ways and means and appropriate standing environmental committees of the senate and house of representatives a ranked list of projects and expenditures recommended for appropriation from both the state and local toxics control accounts. The department shall also provide the legislature and the public each year with an accounting of the department's activities supported by appropriations from the state toxics control account, including a list of known hazardous
waste sites and their hazard rankings, actions taken and
planned at each site, how the department is meeting its
top two management priorities under RCW 70.105.150,
and all funds expended under this chapter.

(4) The department shall establish a scientific advi-
sory board to render advice to the department with re-
spect to the hazard ranking system, cleanup standards,
remedial actions, deadlines for remedial actions, moni-
toring, the classification of substances as hazardous sub-
stances for purposes of substances or products as
hazardous substances for purposes of RCW
70.105B.020(6). The board shall consist of independent
members representing varied interests. No members may
be employees of the department. Members shall be re-
imbursed for travel expenses as provided in RCW 43-
.03.050 and 43.03.060.

(5) The department shall establish a program to iden-
tify potential hazardous waste sites and to encourage
persons to provide information about hazardous waste
sites.

(6) The department, with the assistance of the de-
partment of revenue, shall by December 1, 1991, submit
to the legislature a report on the status of the cleanup
program authorized by this chapter to include at a min-
imum the following:

(a) The amount of tax and other revenues generated
and anticipated to be generated to fund the program,
with a recommendation, if any, for revision of the taxing
mechanism;

(b) An accounting of all expenditures made pursuant
to this chapter, including a description of remedial ac-
tions in progress; each program, activity or remedial ac-
tion funded and the amount of funding provided; and

(c) Projections of the need for funds for future reme-
dial actions. [1987 3rd ex.s. c 2 § 3.]

70.105B.040 Standard of liability. (1) Except as
provided in subsection (3) of this section, the following
persons are liable with respect to a facility:

(a) The owner or operator of the facility;

(b) Any person who owned or operated the facility at
the time of disposal or release of the hazardous
substance;

(c) Any person who owned or possessed a hazardous
substance and who by contract, agreement, or otherwise
arranged for disposal or treatment of the hazardous
substance at the facility, or arranged with a transporter
for transport for disposal or treatment of the hazardous
substance at the facility, or otherwise generated hazard-
ous waste disposed of or treated at the facility;

(d) Any person (i) who accepts or accepted any haz-
ardous substance for transport to a disposal, treatment,
or other facility selected by the person, from which fa-
cility there is a release or a threatened release for which
remedial action is required, unless the facility, at the
time of disposal or treatment, could legally receive the
substance; or (ii) who accepts a hazardous substance for
transport to such a facility and has reasonable grounds
to believe that the facility is not operated in accordance
with chapter 70.105 RCW; and

(e) Any person who both sells a hazardous substance
and is responsible for written instructions for its use if
(i) the substance is used according to the instructions
and (ii) the use constitutes a release for which remedial
action is required at the facility.

(2) Each person who is liable under this section is
strictly liable, jointly and severally, for all remedial ac-
tion costs at or associated with the facility and for all
natural resource damages resulting from the releases or
threatened releases of hazardous substances. The attor-
general, at the request of the department, may rec-
cover all costs and damages from persons liable for
them.

(3) The following persons are not liable under this
section:

(a) Any person who can establish that the release or
threatened release of a hazardous substance for which
the person would be otherwise liable was caused solely
by:

(i) An act of God;

(ii) An act of war; or

(iii) An act or omission of a third party (including but
not limited to a trespasser) other than (A) an employee
or agent of the person asserting the defense, or (B) any
person whose act or omission occurs in connection with a
contractual relationship existing, directly or indirectly,
with the person asserting this defense to liability. This
defense applies only where the person asserting the de-
fense has exercised the utmost care with respect to the
hazardous substance, the foreseeable acts or omissions
of the third party, and the foreseeable consequences of
those acts or omissions;

(b) Any person who is an owner, past owner, or pur-
chaser of a facility and who can establish by a prepon-
derance of the evidence that at the time the facility was
acquired by the person, the person had no knowledge or
reason to know that any hazardous substance, the re-
lease or threatened release of which has resulted in or
contributed to the need for the remedial action, was
released or disposed of on, in, or at the facility. This par-
agraph (b) is limited as follows:

(i) To establish that a person had no reason to know,
the person must have undertaken, at the time of acquisi-
tion, all appropriate inquiry into the previous ownership
and uses of the property, consistent with good commer-
cial or customary practice in an effort to minimize lia-
bility. Any court interpreting this paragraph (b) shall
take into account any specialized knowledge or experi-
ence on the part of the person, the relationship of the
purchase price to the value of the property if uncontam-
inated, commonly known or reasonably ascertainable in-
f ormation about the property, the obviousness of the
presence or likely presence of contamination at the
property, and the ability to detect such contamination by
appropriate inspection;

(ii) The defense contained in this paragraph (b) is not
available to any person who had actual knowledge of the
release or threatened release of a hazardous substance
when the person owned the real property and who subsequently transferred ownership of the property without first disclosing such knowledge to the transferee;

(iii) The defense contained in this paragraph (b) is not available to any person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance at the facility;

(c) Any person who uses a hazardous substance law­
fully and without negligence for any personal or domes­
tic purpose in or near a dwelling or accessory structure when that person is: (i) A resident of the dwelling; (ii) a
person who assists the resident in the use of the sub­
stance; or (iii) a person who is employed or retained by the
resident;

(d) Any person who, without negligence and in ac­
cordance with all federal and state laws, applies pesti­
cides or fertilizers for any of the following purposes: (i)
Producing any crops, farm animals, or any other farm
product; (ii) growing Christmas trees; (iii) growing any
nursery plant; or (iv) growing trees, including trees for
the production of timber. This exemption also extends to
any owner of land leased to such person and an applica­
tor with whom such person enters into a contract for the
application of the pesticides or fertilizers, so long as the
application is without negligence and is in accordance
with all federal and state laws. This exemption does not
apply to aquaculture; or

(e) Any person with respect to the release or threat­
ed release of used motor oil collected by the person for
recycling, if the oil (i) is not mixed with any other haz­
ardous substance; and (ii) is collected, stored, and main­
tained by the person in compliance with all federal and
state laws and without negligence. Unless the person has
reason to believe the contrary, it shall be presumed that
used motor oil that has been removed from a vehicle by
the owner and delivered to the person for recycling has
not been mixed with any other hazardous substance.

(4) Nothing in this chapter affects or modifies in any
way any person’s right to seek or obtain relief under
other statutes or under common law, including but not
limited to damages for injury or loss caused by a haz­
rardous substance. No settlement by the department or
remedial action ordered by a court or the department
affects any person’s right to obtain a remedy under
cannot be limited to damages for injury or loss caused by a haz­
rardous substance. No settlement by the department or
remedial action ordered by a court or the department
affords any person’s right to obtain a remedy under
other statutes or under common law.

the releases from any person owning or controlling the
material released, or from any person otherwise respon­
sible for the releases, and the persons are strictly liable,

70.105B.060 Remedial actions—Cleanup levels.
(1) The department shall select those actions that will
attain a degree of cleanup that is protective of human
health and the environment.

(2) Each remedial action approved by the department
shall attain cleanup levels set by the department. Such
levels shall include:

(a) With respect to each hazardous substance, a
cleanup that, at a minimum, meets the substantive re­
quirements of all applicable state and federal laws, regu­
lations, and rules;

(b) With respect to hazardous substances for which
no applicable state or federal law, regulation, or rule ex­
ists, the department shall set the cleanup level on a case­
by-case basis in order to prevent potential harm to hu­
mant health and the environment. In making this deter­
mination the department may refer to state and federal
laws, regulations, rules, and criteria relevant and appro­
priate to this determination;

(c) With respect to each hazardous substance, where
the proponents of a proposed remedial action demon­
strate to the department by clear and convincing evi­
cence that an alternative to cleanup levels established
under (a) of this subsection would assure protection of
human health and the environment, the department may
allow a deviation from those cleanup levels. [1987 3rd ex.s. c 2 § 6.]

70.105B.070 Proposals for remedial action—Pro­
cedures—Offer—Acceptance, rejection—Rev­
view—Settlement agreement—Consent decree—
Effect. (1) Whenever the department has reason to be­
lieve that a release or threatened release of a hazardous
substance will require remedial action, it shall notify po­
tentially liable persons with respect to the release or
threatened release, and provide them with a reasonable
opportunity to propose a settlement agreement providing
for remedial action. Whenever the department considers

(1987 Ed.)
it to be in the public interest, the department shall expedite such an agreement with parties whose contribution of hazardous substances is insignificant in amount and toxicity.

(2) Within nine months after October 16, 1987, the department shall adopt rules under chapter 34.04 RCW to implement this section. At a minimum the rules shall:

(a) Provide procedures by which potentially liable persons may propose one or more remedial actions;

(b) Provide procedures for public notice and an opportunity to comment on proposed settlements;

(c) Establish reasonable deadlines and time periods for activities under this subsection; and

(d) Ensure that agreements providing for voluntary cleanups attain the cleanup levels required under RCW 70.105B.060.

(3) Where the department and one or more potentially liable persons are unable to reach agreement for remedial action that will provide a final cleanup remedy, the persons may submit a final offer of a proposed settlement agreement, together with any material supporting the proposal. The department shall consider the offer and material submitted, as well as public comments provided on the offer, and shall issue a decision accepting or rejecting the offer. Where the department accepts the offer, it shall be entered as a consent decree pursuant to the procedures of subsection (5) of this section. Where the department rejects the offer, it shall state in writing its reasons for rejection. This review process shall not be considered a contested case for the purpose of the administrative procedure act, chapter 34.04 RCW.

(4) The person or persons proposing an agreement rejected by the department under subsection (3) of this section have a right to review only as provided in RCW 70.105B.130.

(5) Where the department and potentially liable persons reach an agreement providing for voluntary remedial action, it shall be filed with the appropriate superior court as a proposed consent decree. The court shall allow at least thirty days for public comments before the proposed decree is entered, and the department shall file with the court any written comments received on the proposed decree.

(6) A person who has resolved its liability to the state under this section is not liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other potentially liable persons, but it reduces the total potential liability of the others to the state by the amount of the settlement.

(7) The director may enter into a settlement agreement that requires the department to provide a specified amount of money from the state toxics control account to help defray the costs of implementing the plan. These funds may be provided only in circumstances where the director finds it would expedite or enhance cleanup operations or achieve greater fairness with respect to the payment of remedial action costs. In determining whether public funding will achieve greater fairness, the director shall consider the extent to which public funding will prevent or mitigate economic hardship. The director shall adopt rules providing criteria and priorities governing public funding of remedial action costs under this subsection. The amount of public funding in an agreement under this section shall be determined solely in the discretion of the director and is not subject to review. The department may recover the amount of public funding provided under this subsection from a potentially liable person who has not entered into a settlement agreement under this section or fulfilled all obligations under the agreement. For purposes of such a recovery action, the amount shall be considered as remedial action costs paid by the department.

[Title 70 RCW—p 200]
(iii) The extent to which the remedial action is based on attainment of performance standards based on objective criteria for releases of substances to, or the presence of substances in, land, air, or water;

(iv) Whether the state toxics control account or sources of funding other than state general funds would be available for any additional remedial action that might eventually be necessary at the facility;

(v) Whether the monitoring and maintenance required at the site, if any, will protect human health and the environment; and

(vi) The extent to which the technology used in the remedial action is demonstrated to be effective.

(3) As a part of a settlement agreement with the department, the director may provide a covenant not to sue with respect to any remedial action taken if the cleanup level or levels have been established under RCW 70.105B.060(2)(c) and if:

(a) The director has determined that issuing the covenant is in the public interest as defined in subsection (2)(b) of this section;

(b) Compliance with the otherwise applicable standards is technically impracticable from an engineering perspective; and

(c) The remedial action provides optimum protection of human health and the environment.

(4) A "covenant not to sue" means a promise by the state of Washington, made with respect to a particular hazardous substance or a particular area, the cleaning up of which has been the purpose of a previous remedial action undertaken by the potentially liable person at the direction of the department and with the approval of the department. A covenant shall be commensurate with and strictly limited to the scope of the previous remedial action. In issuing the covenant, the state promises that, with respect to that substance or area, it will not initiate any future administrative or judicial action to force the potentially liable person to clean up, pay the expenses for cleaning up, conduct any investigations, or pay the expenses for any investigations. As used in this subsection, the word "investigations" does not include any monitoring or maintenance activities required under a covenant.

(5) A covenant may be issued with respect to all remedial actions included under a settlement agreement, or may be issued for one or more particular remedial actions included under a settlement agreement. If the remedial action is for cleaning up a particular hazardous substance, then the covenant does not extend to other hazardous substances. A covenant issued for a remedial action for cleaning up a particular hazardous substance shall contain an express reopener clause for the discovery of the release or threatened release of other hazardous substances.

(6) If the remedial action is for cleaning up a particular area, the covenant does not extend to other areas. Notwithstanding any other provision of this section, the issuance of a covenant for a particular area (as opposed to a covenant for a particular hazardous substance) is discretionary with the department, and shall only be issued for a remedial action that the department finds will ensure that (a) there will no longer be any foreseeable future risk in the area to human health or the environment and (b) all hazardous substances in the area are destroyed, eliminated, or permanently immobilized. In issuing an area covenant the department shall take special care to ensure that both the planned remedial action and its implementation conform to this chapter. A covenant issued for a particular area shall contain an express reopener clause for the discovery of the release or threatened release of hazardous substances outside such area. As used in this section, the term "particular area" means a precisely described three-dimensional area.

(7) The issuance of a covenant not to sue does not affect the power of the state to take whatever actions are necessary, other than those expressly barred by the covenant, to protect members of the public from a health hazard, including, but not limited to, actions to prevent entrance upon the property, to prevent the use of the property for any purpose that exposes anyone to a health hazard, or to enter upon the property and take measures to clean up the hazardous substance. The issuance of a covenant does not affect any power of the state to institute or respond to any tort action or any other judicial or administrative action, so long as the state's action or response is not expressly barred by the covenant. With respect to any action filed against the state, a covenant does not bar the state from filing a cross-claim, counterclaim, or third party action against any person who may be liable or from seeking contribution from the person, so long as the damages or relief sought by the state in filing the cross-claim, counterclaim, or third party action is not expressly barred by the covenant.

(8) The director, with the concurrence of the attorney general, shall incorporate any covenant to be issued into the settlement agreement. The director's denial of a covenant meeting the requirements of subsection (1) of this section is reviewable under RCW 70.105B.130. The director's denial of a proposed covenant under subsections (2) or (3) of this section is not subject to review. Any covenant not to sue shall be conditioned upon satisfactory performance of the settlement agreement and issuance of a certificate of completion pursuant to RCW 70.105B.090. A covenant ceases to be conditional and becomes effective on the date of certification of completion of the agreement.

(9) If new information is revealed while implementing a settlement agreement, the potentially liable persons and the department may amend the agreement. If the new information reveals a significant quantity of a hazardous substance or condition not previously identified in the agreement as being present at the site, in an area of the site other than that described in the agreement, or in quantities significantly greater than as described in the agreement, then the agreement shall be amended. If a proposed amendment is to be incorporated into a final consent decree, public notice and opportunity to comment shall be allowed by the court prior to its entry in accordance with RCW 70.105B.070(5). The department shall adopt rules providing a method for amending agreements. The existence of a covenant not to sue having conditional status pursuant to subsection (8) of this
section neither bars amendments to settlements nor may be considered in deciding whether or not to amend settlements.

(10) A person receiving a covenant not to sue under this chapter is not relieved of any liability owed to persons, other than the state of Washington, under any federal, state, or local law, including the common law.

(11) Issuance of a covenant not to sue to a potentially liable person does not relieve or decrease any other person's liability to the state. [1987 3rd ex.s. c 2 § 8.]

70.105B.090 Certification of completion. (1) Upon completion of all remedial actions called for in a settlement agreement, the parties to the agreement may apply for a certificate of completion from the department. The department shall provide notice of an application for certification of completion to interested persons and the public. The notice shall include a brief analysis of the application and indicate where additional information may be obtained. Public comment shall be accepted for a minimum of forty-five days from the date of the notice.

(2) The director shall grant or deny an application for certification of completion within ninety days of the application. If the director finds that the remedial action has been fully implemented, the director shall approve an application for certification of completion. [1987 3rd ex.s. c 2 § 9.]

70.105B.100 Remedial action contractor liability. (1) A person who is a remedial action contractor, or a person employed by any public body who provides services relating to remedial action, and who is working within the scope of the person's employment with respect to any release or threatened release of a hazardous substance from a facility, is not liable under this chapter, under any other state or local law, or under common law to any person for injuries, costs, damages, expenses, or other liability, including, but not limited to, claims for indemnification or contribution, and claims by third parties for death, personal injury, illness, or loss of or damage to property or economic loss, that result from the release or threatened release. This subsection does not apply in the case of a release or threatened release that is caused by conduct of the remedial action contractor that is negligent, grossly negligent, or that constitutes intentional misconduct.

(2) Nothing in this section affects the liability of any person under any warranty under state law, or the liability of an employer who is a remedial action contractor to any employee of such employer under any provision of law.

(3) The director may agree to hold harmless and indemnify any remedial action contractor meeting the requirements of this section against any liability, including the expenses of litigation or settlement, or negligence arising out of the contractor's performance in carrying out remedial action activities under this chapter, unless the liability was caused by conduct of the contractor that was grossly negligent or that constituted intentional misconduct. Indemnification under this subsection applies only to remedial action contractor liability that results from a release or threatened release of a hazardous substance if the release arises out of remedial action activities. An indemnification agreement under this subsection shall include deductibles and shall place limits on the amount of indemnification to be made available.

(4) The exemption provided under subsection (1) of this section and the authority of the director to offer indemnification under subsection (3) of this section do not apply to any person liable under RCW 70.105B.040(1).

(5) A person retained or hired by a potentially liable person is eligible for consideration for indemnification under subsection (3) of this section only if the remedial action is being implemented under an approved settlement agreement. [1987 3rd ex.s. c 2 § 10.]

Severability—Continuation of act—Section captions—1987 3rd ex.s. c 2: See notes following RCW 70.105B.010.

Transfer of funds—Savings—Retroactivity—1987 3rd ex.s. c 2: See note following RCW 70.105B.230.

70.105B.110 Release of hazardous substance or threat—Investigation and access. (1)(a) If there is a reasonable basis to believe there may be a release or threatened release of a hazardous substance, the director may require information or documents relevant to that release or threatened release from a person who has or may have information relevant to (i) the identification, nature, and volume of materials generated, treated, stored, transported to, or disposed of at a facility and the dates thereof, (ii) the nature or extent of a release or threatened release of a hazardous substance at or from a facility, (iii) the identity of potentially liable persons, or (iv) information relating to the ability of a person to pay for or perform a remedial action. The department may subpoena witnesses, documents, and other information that the department deems necessary. In case of a refusal to obey such a subpoena, the superior court for any county in which the person is found, resides, or transacts business has jurisdiction to issue an order requiring the person to appear before the department and give testimony or produce documents. Any failure to obey such order of the court may be punished by the court as contempt.

(b) Where there is a reasonable basis to believe there may be a release or threatened release of a hazardous substance, the department, its authorized employees, agents, or contractors, or the employees, agents, or contractors of a potentially liable person acting under an approved settlement agreement, upon reasonable notice may enter upon any real property, public or private, to conduct sampling, inspection, examination, and investigation directed at evaluating the release or threatened
release and determining the need, if any, for remedial action. In the event of an emergency, no notice need be provided. In conducting those activities, the department or other person gaining access under this section shall take all feasible precautions to avoid disrupting the ongoing operation on the site. The department or other person gaining access under this section shall provide to the owner, operator, or person in charge of the facility, if requested, a portion of each sample taken equal in volume or weight to the portion retained. If any analysis is made of the samples, a copy of the results of the analysis shall be furnished promptly to the owner, operator, or person in charge as well as to representatives of the public and other interested persons.

(2)(a) If the director determines that: (i) An emergency exists that requires immediate action to protect human health or the environment, and (ii) the owner or operator is unwilling or unable to take such immediate action, the department, its authorized employees, agents, or contractors, or the employees, agents, or contractors of a potentially liable person acting under departmental approval may without court order enter upon property, public or private, or take such remedial action as is necessary to abate the emergency.

(b) If the potentially liable person fails to implement a settlement or if no settlement has been achieved, or for the purpose of carrying out RCW 70.105B.050(2), the director may determine, in accordance with the procedures set forth in this section, that action to respond to a release or threatened release of hazardous substances is necessary and that entry upon real property, public or private, is necessary to execute remedial action. Such entry may be made by the department, its authorized employees, agents, or contractors, or the employees, agents, or contractors of a potentially liable person acting under an approved settlement agreement. The director's determination shall be based upon inspection, study, or other data as may be available, shall be made in writing, and shall be available for public inspection and copying. The department shall supply the person owning, operating, or in charge of the property concerned, as well as all potentially liable persons with (i) a written document detailing the director's determination and the basis for the determination, (ii) a notice that remedial action and entry upon property shall proceed in no fewer than sixty days, and (iii) a request for a prompt response. The director shall confer with any person responding to receipt of service of the director's determination in order to accommodate that person's legitimate concerns while obtaining prompt and necessary remedial action.

(c) The department, with the assistance of the attorney general's office, may apply to superior court for an order authorizing entry upon real property to execute remedial action. The department's application shall (i) state that the notice procedures required in this section have been carried out, (ii) describe the property concerned, and (iii) describe the remedial action selected by the director and the schedule for remedial action. If, after a hearing, the superior court finds that the department's application and supporting materials establish that the department has made a reasonable attempt to accommodate any responding party's legitimate concerns, the superior court shall enter an order authorizing entry upon real property to execute remedial action.

(d) In such proceedings authorized by this subsection, the court may not review (i) the director's determination that remedial action is necessary, that the entry upon real property is necessary, or the basis for such decisions; or (ii) any response by the director to the potentially liable person's concerns.

(3) The court may not enjoin or otherwise delay any remedial action deemed necessary by the director unless the superior court finds that the person lacks any adequate remedy at law. [1987 3rd ex.s. c 2 § 11.]

70.105B.120 Release of hazardous substance or threat—Enforcement—Penalties. (1) Whenever, in the opinion of the director, a person (a) is potentially liable for a release or threatened release of a hazardous substance, (b) has been notified of its potential liability, but (c) either (i) has not submitted a proposed settlement or (ii) has submitted a proposed settlement, the department has rejected the proposal, and, if appealed, the denial has been affirmed by the superior court, then the director may seek appropriate injunctive or other judicial relief by filing an action in Thurston county superior court or issue such order as the director deems appropriate and serve the person with the order personally or by certified mail.

(2) Whenever the director determines that there exists an imminent danger that requires immediate remedial action to protect human health or the environment, the director may seek such injunctive relief or issue an order without prior notice or opportunity to submit a proposed settlement agreement.

(3) The director may bring an action in Thurston county superior court (a) against any potentially liable person who, without sufficient cause, fails to comply with an order issued under subsection (1) or (2) of this section to enforce the order, or (b) against any liable person to collect remedial action costs incurred by the department.

(4) In any action brought under subsection (3) of this section, the person, if liable, is responsible for:

(a) If the failure to comply with an order is willful, up to three times the amount of any remedial action costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to ten thousand dollars for each day the party refuses to comply.

(5) The director may bring an action in Thurston county superior court to establish and collect a civil penalty for which a person is liable under RCW 70.105B.170.

(6) Any potentially liable person who receives and complies with the terms of an order issued under this section may, within sixty days after completion of the
required action, petition the director for reimbursement for any costs of the action for which the person is not liable. If the director refuses to grant all or part of the reimbursement sought, the petitioner may, within thirty days of the date of the refusal, file an action against the department in Thurston county superior court seeking reimbursement. The judicial review shall be de novo, and the burden is on the department to establish liability.

(7) Before conducting a remedial action, the department may:

(a) Prepare a proposed scope of work based on any investigation or study conducted by or for the department, the potentially liable persons, or others;

(b) Provide the identified potentially liable persons and members of the public with notice of the proposed remedial action and an opportunity to comment on the scope of work proposed;

(c) Prepare a final scope of work based on the comments received and any other study or investigation conducted by or for the department.

(8) The proposed and final scope of work and the basis for them as well as all comments received by the department constitute the record of decision of the department.

(9) Where the department has developed a record of decision for a remedial action and the department has conducted the remedial action in accordance with the record, in any action brought to recover costs, the scope of work of the department shall be presumed reasonable and necessary unless demonstrated to be arbitrary and capricious. [1987 3rd ex.s. c 2 § 12.]

70.105B.140 Third party actions. (1) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment to health or the environment exists.

(2) Any person aggrieved by an action or inactions of a potentially liable person that may result in a release of a hazardous substance that presents an imminent and substantial endangerment to health or the environment may commence a civil action to compel the potentially liable person to comply with this chapter. Before any action may be commenced, the person aggrieved shall mail by certified mail a notice of intent to sue to the director. The director shall be allowed thirty days to negotiate or mediate a resolution to the dispute before any action may be filed.

(3) Any person aggrieved by the release or threatened release of a hazardous substance may commence a civil action against any person who fails to comply with an approved settlement agreement to compel compliance with the agreement.

(4) Action may be commenced under subsection (2) or (3) of this section where:

(a) The department is diligently prosecuting a judicial action or pursuing administrative action under this chapter to force a potentially liable person to respond to the release or threatened release of hazardous substances under this chapter; or

(b) The department is diligently pursuing remedial action against the release of the hazardous substance.

(5) Civil actions under this section may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.
70.105B.150 Liens. (1) Any liability to the state under this chapter constitutes a debt to the state. Any such debt constitutes a lien, in favor of the state, on all real property on which the remedial action was conducted.

(2) The lien imposed by this section arises at the time costs are first incurred by the state with respect to a remedial action under this chapter.

(3) The department shall file a statement of claim, describing the property subject to the lien, in the appropriate office as designated by state law. The lien continues until the liability for the costs has been satisfied. Any lien filed pursuant to this section shall be subject to the rights of any purchaser, holder of a security interest, or judgment lien creditor whose interest is perfected in accordance with law before notice of the state lien is filed. [1987 3rd ex.s. c 2 § 15.]

70.105B.160 Significant release of hazardous substance—Notice in property records—Written statement upon sale. (1) The owner of public or private nonresidential real property upon which a release of a significant quantity of a hazardous substance has been found by the department to have occurred shall place a notice in the records of real property kept by the auditor of the county in which the property is located. The notice shall: (a) Identify the property; (b) identify the owner of the property and the person causing the notice to appear; (c) state that a release of a hazardous substance occurred on the property; (d) state the date the release occurred; and (e) direct further inquiries to the department. The department shall maintain records that identify the remedial action taken and the hazardous substance or substances released for each remedial action that has been conducted or approved by the department. Any person with an interest in the property, injured by the failure of a property owner to comply with this section, may recover damages for that injury by filing an action in superior court for the county in which the property is located.

(2) Where the department has discovered the release of a significant quantity of a hazardous substance following an inspection of the facility, the department shall place a notice having the contents of the notice referred to in subsection (1) of this section in the records of real property kept by the auditor of the county in which the property is located.

(3) Any certification of completion issued in accordance with RCW 70.105B.090 shall be promptly filed with the records of real property kept by the auditor of the county in which the property is located and shall identify the property, the owner of the property, the date of issuance of the certificate, and the date the release occurred.

(4) Before selling any right, title, or interest in real property, whether public or private, the seller of the property shall provide a written statement to the purchaser describing any release of a significant quantity of a hazardous substance that the seller knows to have occurred during the prior twenty years on the property to be sold. Unless otherwise expressly agreed by seller and purchaser, any purchaser injured by failure of a seller of real property to provide the statement as required in this subsection may recover damages for that injury by filing an action in superior court for the county in which the property is located.

(5) The department shall determine by rule, consistent with the purposes of this chapter, which releases are subject to the reporting and notification requirements under subsections (1), (2), and (4) of this section. This rule shall limit required reporting under this section to those releases that are of a magnitude that would cause a significant adverse impact to human health or the environment. [1987 3rd ex.s. c 2 § 16.]

70.105B.170 Fraud—Penalty. If a potentially liable party commits fraud on the department or another potentially liable party in a proposed settlement agreement, in a request for a covenant not to sue, or in an application for a certificate of completion, then any limitation on liability or covenant not to sue otherwise provided is void, the injured person, including the state of Washington, may recover actual damages sustained and a civil penalty of up to ten thousand dollars. [1987 3rd ex.s. c 2 § 17.]

70.105B.180 Pesticide waste disposal—Program—Fees. The director of the department of agriculture may adopt rules to allow the department of agriculture to take possession and dispose of canceled, suspended, or otherwise unusable pesticides held by persons regulated under chapter 17.21 RCW. For the purposes of this section, the department may become licensed as a hazardous waste generator.

The director of agriculture shall develop the necessary administrative structure to implement a pesticide waste disposal program. Issues to be addressed shall include, but are not limited to: Collection site acquisition, liability and insurance, transportation to the collection site and to ultimate disposal sites, licensure and regulatory
compliance, volume of material to be disposed of, education as to legal use as an alternative to disposal, container disposal, and analysis of unknown presumed pesticide. In implementing the provisions of this section, the department of agriculture may charge fees of persons disposing of pesticide wastes to offset wholly or partially the program authorized by this section. 70.105B.190 Household waste disposal—Plans—Fees. The director of the department of ecology may adopt rules to allow the department to take possession and dispose of household hazardous wastes.

The director of ecology shall assist local governments with implementation of household hazardous waste (moderate risk wastes) collection and disposal plans under RCW 70.105.220. The department shall provide technical assistance to facilitate collection site identification, acquisition of insurance, transportation to the collection site and to ultimate disposal sites, licensure and regulatory compliance, assessment of volume of material to be disposed of, education as to legal use as an alternative to disposal, container disposal, analysis of unknown presumed household hazardous wastes and other assistance the department deems appropriate. The department shall provide grants to local governments to implement household hazardous waste disposal and collection plans required under RCW 70.105.220.

In implementing the provisions of this section, the department or local governments may charge fees of persons disposing of household hazardous waste to offset wholly or partially the programs authorized by this section. [1987 3rd ex.s. c 2 § 19.]

70.105B.200 Pollution prevention—Business assistance program. The department of ecology shall contract with a nonprofit organization to establish a "pollution prevention pays" program for the purpose of promoting hazardous waste reduction and recycling. The program shall provide technical assistance to businesses that generate hazardous waste, which shall consist of: (1) A library and bibliography of literature detailing methods of waste reduction and recycling, including an in–house data base consisting of case studies, program publications, and contacts; (2) a waste reduction and recycling hotline; (3) onsite consultations for generators of hazardous wastes; and (4) an educational outreach program. [1987 3rd ex.s. c 2 § 20.]

70.105B.210 Disposal of confiscated hazardous substances—Assessment of costs. (1) The director of the department of ecology shall arrange for the collection of hazardous substances confiscated by law enforcement agencies pursuant to chapter 69.50 RCW or may provide financial assistance to law enforcement agencies for the disposal of such substances.

(2) The director of the department of ecology may adopt rules to allow the department to take possession and dispose of hazardous substances confiscated by law enforcement agencies under chapter 69.50 RCW.

(3) Any person convicted of a crime under chapter 69.50 RCW involving hazardous substances confiscated by a law enforcement agency may upon conviction, be assessed by the sentencing court with the costs of the disposal. Any money collected pursuant to this subsection shall not be subject to deposit in the public safety and education account. The department of ecology may seek reimbursement for the department's contributions to the cost of disposal from the moneys collected from such convicted person. [1987 3rd ex.s. c 2 § 21.]

70.105B.220 State and local toxics control accounts—Use. (1) The state toxics control account and the local toxics control account are created in the state treasury.

(2) The following moneys shall be deposited into the state toxics control account: (a) Forty–seven percent of those revenues that are raised by the tax imposed under RCW 82.22.030; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW after October 16, 1987; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the state toxics control account shall be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(a) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW, including, but not limited to, programs for collection and disposal of household hazardous waste under chapter 70.105 RCW;

(b) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(f) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(g) Hazardous materials emergency response training;

(h) Water and environmental health protection and monitoring programs;

(i) Programs authorized under chapter 70.146 RCW;

(j) A public participation program, including a grant program;

(k) Public funding to assist potentially liable persons to pay for the costs of remedial action;

(l) Development and demonstration of alternative management technologies designed to carry out the top two hazardous waste management priorities of RCW 70.105.150;

(m) Disposal of law enforcement agency drug related confiscations as required in RCW 70.105B.210.

(4) Fifty-three percent of those revenues that are raised by the tax imposed under RCW 82.22.030 shall be deposited into the local toxics control account. Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments to carry out the following purposes in descending order of priority: (a) Remedial actions for public or private facilities used primarily for the disposal of municipal solid waste that are on the hazard ranking list; (b) hazardous waste plans and programs under RCW 70.105.220, 70.105.225, 70.105.235(1) (a), (b), and (c), and 70.105.260, including, but not limited to, programs for collection and disposal of household hazardous waste under chapter 70.105 RCW; (c) solid waste plans and programs under RCW 70.95.130 and 70.95.220; and (d) solid waste disposal and management facilities, meaning facilities or systems owned or operated by local governments for the purpose of controlling, collecting, storing, treating, disposing, recycling, or recovery of solid wastes and including any equipment, structures, or property incidental to that purpose. However, the term does not include the acquisition of equipment used to collect residential or commercial garbage. In carrying out these priorities, the department shall ensure that moneys are made available to the maximum extent practicable to fund remedial actions.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute. All earnings from investment of balances in the accounts, except as provided in RCW 43.84.090, shall be credited to the accounts.

(6) When making grants or loans to local governments for assistance under this chapter, the department shall consider the following:

(a) The protection of public health;

(b) The cost to residential ratepayers without state assistance; and

(c) Actions required under federal and state permits, enforcement orders, and consent decrees.

(7) The department shall develop specific matching requirements for assisting local governments in the funding of remedial actions, hazardous and solid waste plans and programs, and solid waste disposal and management facilities. Funds for hazardous and solid waste plans and programs shall be allocated consistently with the priorities established in chapters 70.95 and 70.105 RCW.

(8) One percent of the moneys deposited in the state and local toxics control accounts shall be allocated only for public participation grants. The department may provide public participation grants to groups of fifty or more persons who may be adversely affected by a release or threatened release of a hazardous substance and who petition the department for the grants. Grant moneys may be used only for the purposes of obtaining technical assistance in interpreting information with regard to the nature of the hazard, remedial investigation and feasibility study, record of decision, remedial design, selection and construction of remedial action, operation and maintenance, or removal at such facility. Each grant recipient shall be required, as a condition of the grant, to contribute funds equal to at least twenty percent of the grant amount and to commit such contributed funds toward the purposes for which the grant is made. Grants shall not exceed fifty thousand dollars for any one hazardous waste site, but the grant may be renewed to facilitate public participation at all stages of remedial action. All funds appropriated for public participation grants that remain unspent at the end of the biennium for which the appropriations are made revert to the state toxics control account. 70.105B.230 Toxics control reserve account.

(1) The toxics control reserve account is created in the state treasury. Money in the account shall be used solely for remedying releases or threats of releases of hazardous substances by the state at sites for which a covenant not to sue has been entered into by the state. Money deposited in the account shall be administered by the department and is subject to legislative appropriation. All earnings from investment of balances in the toxics control reserve account, except as provided in RCW 43.84.090, shall be credited to the account.

(2) Beginning on July 1, 1988, and on July 1st of each year thereafter, the state treasurer shall transfer one and one-half million dollars from the state toxics control account and one and one-half million dollars from the local toxics control account to the toxics control reserve account. This subsection applies only if on July 1st the balance in the reserve account is less than twenty million dollars.

(3) After the reserve account balance first reaches twenty million dollars, the treasurer shall on July 1st of each year thereafter transfer equal amounts from the state toxics control account and the local toxics control account sufficient to bring the balance in the reserve account to twenty million dollars, but the contribution from each account shall not exceed one and one-half million dollars in any one year. [1987 3rd ex.s. c 2 § 23.]
Transfer of funds—Savings—Retroactivity—1987 3rd ex.s. c 2: *(1) The state treasurer shall transfer to the state toxics control account the balance of all funds in the hazardous waste control and elimination account which remain in this account immediately prior to October 16, 1987. Any person who, by October 16, 1987, has not paid the fees and other amounts due under those sections of chapter 70.105A RCW which are repealed by section 63 of this act shall continue to be obligated to pay such fees and amounts. All payments received after October 16, 1987, shall be deposited into the state toxics control account. The provisions of those RCW sections which are repealed in section 63 of this act shall continue to apply to those fees and amounts which are due on October 16, 1987.

(2) The repeal of RCW 70.105A.030 shall be applied retroactively as of January 1, 1987, so that no person, as defined in RCW 70.105A.020, will have to pay any fee for 1987, collectible in 1988. * [1987 3rd ex.s. c 2 § 64.]

Radioactive and hazardous waste emergency response programs, state coordinator: RCW 38.52.030.

70.106.010 Purpose. The purpose of this chapter is to provide for special packaging to protect children from personal injury, serious illness or death resulting from handling, using or ingesting household substances, and to provide penalties. [1974 ex.s. c 49 § 1.]

70.106.020 Short title. This chapter shall be cited as the Washington Poison Prevention Act of 1974. [1974 ex.s. c 49 § 2.]

70.106.030 Definitions—Construction. The definitions in RCW 70.106.040 through 70.106.090 unless the context otherwise requires shall govern the construction of this chapter. [1974 ex.s. c 49 § 3.]

70.106.040 "Director" defined. "Director" means the director of the department of agriculture of the state of Washington, or his duly authorized representative. [1974 ex.s. c 49 § 4.]

70.106.050 "Sale" defined. "Sale" means to sell, offer for sale, hold for sale, handle or use as an inducement in the promotion of a household substance or the sale of another article or product. [1974 ex.s. c 49 § 5.]

70.106.060 "Household substance" defined. "Household substance" means any substance which is customarily produced or distributed for sale for consumption or use, or customarily stored, by individuals in or about the household and which is:

(1) A "hazardous substance", which means (a) any substance or mixture of substances or product which (i) is toxic, (ii) is corrosive, (iii) is an irritant, (iv) is a strong sensitizer, (v) is flammable or combustible, or (vi) generates pressure through decomposition, heat, or other means, if such substance or mixture of substances may cause substantial personal injury or substantial illness during or as a proximate result of any customary or reasonably foreseeable handling or use, including reasonably foreseeable ingestion by children; (b) any substances which the director by regulation finds to meet the requirements of subsection (1)(a) of this section; (c) any radioactive substance, if, with respect to such substance as used in a particular class of article or as packaged, the director determines by regulation that the substance is sufficiently hazardous to require labeling in accordance with this chapter in order to protect the public health, safety or welfare; and (d) any toy or other article intended for use by children which the director by regulation determines presents an electrical, mechanical or thermal hazard.

(2) A pesticide as defined in the Washington Pesticide Control Act, chapter 15.58 RCW as now or hereafter amended;

(3) A food, drug, or cosmetic as those terms are defined in the Uniform Washington Food, Drug and Cosmetic Act, chapter 69.04 RCW as now or hereafter amended; or

(4) A substance intended for use as fuel when stored in portable containers and used in the heating, cooking, or refrigeration system of a house; or
(5) Any other substance which the director may declare to be a household substance subsequent to a hearing as provided for under the provisions of chapter 34.04 RCW, Administrative Procedure Act, for the adoption of rules. [1974 ex.s. c 49 § 6.]

70.106.070 "Package" defined. "Package" means the immediate container or wrapping in which any household substance is contained for consumption, use, or storage by individuals in or about the household, and, for purposes of RCW 70.106.110(1)(b), also means any outer container or wrapping used in the retail display of any such substance to consumers. Such term does not include:

(1) Any shipping container or wrapping used solely for the transportation of any household substance in bulk or in quantity to manufacturers, packers, or processors, or to wholesale or retail distributors thereof; or

(2) Any shipping container or outer wrapping used by retailers to ship or deliver any household substance to consumers unless it is the only such container or wrapping. [1974 ex.s. c 49 § 7.]

70.106.080 "Special packaging" defined. "Special packaging" means packaging that is designed or constructed to be significantly difficult for children under five years of age to open or to obtain a toxic or harmful amount of the substance contained therein within a reasonable time and not difficult for normal adults to use properly, but does not mean packaging which all such children cannot open or obtain a toxic or harmful amount within a reasonable time. [1974 ex.s. c 49 § 8.]

70.106.090 "Labeling" defined. "Labeling" means all labels and other written, printed, or graphic matter upon any household substance or its package, or accompanying such substance. [1974 ex.s. c 49 § 9.]

70.106.100 Standards for packaging. (1) The director may establish in accordance with the provisions of this chapter, by regulation, standards for the special packaging of any household substance if he finds that:

(a) The degree or nature of the hazard to children in the availability of such substance, by reason of its packaging is such that special packaging is required to protect children from serious personal injury or serious illness resulting from handling, using or ingesting such substance; and

(b) The special packaging to be required by such standard is technically feasible, practicable, and appropriate for such substance.

(2) In establishing a standard under this section, the director shall consider:

(a) The reasonableness of such standard;

(b) Available scientific, medical, and engineering data concerning special packaging and concerning childhood accidental ingestions, illness, and injury caused by household substances;

(c) The manufacturing practices of industries affected by this chapter; and

(d) The nature and use of the household substance.

(3) In carrying out the provisions of this chapter, the director shall publish his findings, his reasons therefor, and citation of the sections of statutes which authorize his action.

(4) Nothing in this chapter authorizes the director to prescribe specific packaging designs, product content, package quantity, or, with the exception of authority granted in RCW 70.106.110(1)(b), labeling. In the case of a household substance for which special packaging is required pursuant to a regulation under this section, the director may in such regulation prohibit the packaging of such substance in packages which he determines are unnecessarily attractive to children.

(5) The director shall cause the regulations promulgated under this chapter to conform with the requirements or exemptions of the Federal Hazardous Substances Act and with the regulations or interpretations promulgated pursuant thereto. [1974 ex.s. c 49 § 10.]

70.106.110 Exceptions from packaging standards. (1) For the purpose of making any household substance which is subject to a standard established under RCW 70.106.100 readily available to elderly or handicapped persons unable to use such substance when packaged in compliance with such standard, the manufacturer or packer, as the case may be, may package any household substance, subject to such a standard, in packaging of a single size which does not comply with such standard if:

(a) The manufacturer or packer also supplies such substance in packages which comply with such standard; and

(b) The packages of such substance which do not meet such standard bear conspicuous labeling stating: "This package for households without young children"; except that the director may by regulation prescribe a substitute statement to the same effect for packaging too small to accommodate such labeling.

(2) In the case of a household substance which is subject to such a standard and which is dispensed pursuant to an order of a physician, dentist, or other licensed medical practitioner authorized to prescribe, such substance may be dispensed in noncomplying packages only when directed in such order or when requested by the purchaser.

(3) In the case of a household substance subject to such a standard which is packaged under subsection (1) of this section in a noncomplying package, if the director determines that such substance is not also being supplied by a manufacturer or packer in popular size packages which comply with such standard, he may, after giving the manufacturer or packer an opportunity to comply with the purposes of this chapter, by order require such substance to be packaged by such manufacturer or packer exclusively in special packaging complying with such standard if he finds, after opportunity for hearing, that such exclusive use of special packaging is necessary to accomplish the purposes of this chapter. [1974 ex.s. c 49 § 11.]
70.106.120 Adoption of rules and regulations under federal poison prevention packaging act. One of the purposes of this chapter is to promote uniformity with the Poison Prevention Packaging Act of 1970 and rules and regulations adopted thereunder. In accordance with such declared purpose, all of the special packaging rules and regulations adopted under the Poison Prevention Packaging Act of 1970 (84 Stat. 1670; 7 U.S.C. Sec. 135; 15 U.S.C. Sec. 1261, 1471–1476; 21 U.S.C. Sec. 343, 352, 353, 362) on July 24, 1974, are hereby adopted as rules and regulations applicable to this chapter. In addition, any rule or regulation adopted hereafter under said Federal Poison Prevention Packaging Act of 1970 concerning special packaging and published in the federal register shall be deemed to have been adopted under the provisions of this chapter. The director may, however, within thirty days of the publication of the adoption of any such rule or regulation under the Federal Poison Prevention Packaging Act of 1970, give public notice that a hearing will be held to determine if such regulations shall not be applicable under the provisions of this chapter. Such hearing shall be conducted in accord with the provisions of chapter 34.04 RCW, Administrative Procedure Act, as now enacted or hereafter amended. [1974 ex.s. c 49 § 12.]

70.106.140 Penalties. Any person violating the provisions of this chapter or rules adopted hereunder is guilty of a misdemeanor and is guilty of a gross misdemeanor for any subsequent offense, however, any offense committed more than five years after a previous conviction shall be considered a first offense. [1974 ex.s. c 49 § 16.]

70.106.150 Authority to adopt regulations—Delegation of authority to board of pharmacy. The authority to promulgate regulations for the efficient enforcement of this chapter is hereby vested in the director. However, the director shall designate the Washington state board of pharmacy to carry out all the provisions of this chapter pertaining to drugs and cosmetics, with authority to promulgate regulations for the efficient enforcement thereof. [1987 c 236 § 1.]

70.106.900 Severability—1974 ex.s. c 49. If any provision of this 1974 act is declared unconstitutional, or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the act and the applicability thereof to other persons and circumstances shall not be affected thereby. [1974 ex.s. c 49 § 14.]

70.106.905 Saving—1974 ex.s. c 49. The enactment of this 1974 act shall not have the effect of terminating, or in any way modifying any liability, civil or criminal, which shall already be in existence on July 24, 1974. [1974 ex.s. c 49 § 15.]

70.106.910 Chapter cumulative and nonexclusive. The provisions of this chapter shall be cumulative and nonexclusive and shall not affect any other remedy. [1974 ex.s. c 49 § 17.]

Chapter 70.107

NOISE CONTROL

Sections

70.107.010 Purpose.
70.107.020 Definitions.
70.107.030 Powers and duties of department.
70.107.040 Technical advisory committee.
70.107.050 Civil penalties.
70.107.060 Other rights, remedies, powers, duties and functions—Local regulation—Approval—Procedure.
70.107.070 Rules relating to motor vehicles—Violations—Penalty.
70.107.080 Exemptions.
70.107.910 Short title.

70.107.010 Purpose. The legislature finds that inadequately controlled noise adversely affects the health, safety and welfare of the people, the value of property, and the quality of the environment. Antinoise measures of the past have not adequately protected against the invasion of these interests by noise. There is a need, therefore, for an expansion of efforts state-wide directed toward the abatement and control of noise, considering the social and economic impact upon the community and the state. The purpose of this chapter is to provide authority for such an expansion of efforts, supplementing existing programs in the field. [1974 ex.s. c 183 § 1.]

70.107.020 Definitions. As used in this chapter, unless the context clearly indicates otherwise:

(1) "Department" means the department of ecology.
(2) "Director" means director of the department of ecology.
(3) "Local government" means county or city government or any combination of the two.
(4) "Noise" means the intensity, duration and character of sounds from any and all sources.
(5) "Person" means any individual, corporation, partnership, association, governmental body, state, or other entity whatsoever. [1974 ex.s. c 183 § 2.]

70.107.030 Powers and duties of department. The department is empowered as follows:

(1) The department, after consultation with state agencies expressing an interest therein, shall adopt, by rule, maximum noise levels permissible in identified environments in order to protect against adverse affects of noise on the health, safety and welfare of the people, the value of property, and the quality of environment: Provided, That in so doing the department shall take also into account the economic and practical benefits to be derived from the use of various products in each such environment, whether the source of the noise or the use of such products in each environment is permanent or temporary in nature, and the state of technology relative to the control of noise generated by all such sources of the noise or the products.

[Title 70 RCW—p 210]
(2) At any time after the adoption of maximum noise levels under subsection (1) of this section the department shall, in consultation with state agencies and local governments expressing an interest therein, adopt rules, consistent with the Federal Noise Control Act of 1972 (86 Stat. 1234; 42 U.S.C. Sec. 4901–4918 and 49 U.S.C. Sec. 1431), for noise abatement and control in the state designed to achieve compliance with the noise level adopted in subsection (1) of this section, including reasonable implementation schedules where appropriate, to insure that the maximum noise levels are not exceeded and that application of the best practicable noise control technology and practice is provided. These rules may include, but shall not be limited to:

(a) Performance standards setting allowable noise limits for the operation of products which produce noise;

(b) Use standards regulating, as to time and place, the operation of individual products which produce noise above specified levels considering frequency spectrum and duration: Provided, The rules shall provide for temporarily exceeding those standards for stated purposes; and

(c) Public information requirements dealing with disclosure of levels and characteristics of noise produced by products.

(3) The department may, as desirable in the performance of its duties under this chapter, conduct surveys, studies and public education programs, and enter into contracts.

(4) The department is authorized to apply for and accept moneys from the federal government and other sources to assist in the implementation of this chapter.

(5) The legislature recognizes that the operation of motor vehicles on public highways as defined in RCW 46.09.020 contributes significantly to environmental noise levels and directs the department, in exercising the rule-making authority under the provisions of this section, to give first priority to the adoption of motor vehicle noise performance standards.

(6) Noise levels and rules adopted by the department pursuant to this chapter shall not be effective prior to March 31, 1975. [1974 ex.s. c 183 § 3.]

70.107.040 Technical advisory committee. The director shall name a technical advisory committee to assist the department in the implementation of this chapter. Committee members shall be entitled to reimbursement for travel expenses as provided in RCW 43.03.050 and 43.03.060, as now existing or hereafter amended. [1975–'76 2nd ex.s. c 34 § 164; 1974 ex.s. c 183 § 4.]

Effective date—Severability—1975–'76 2nd ex.s. c 34: See notes following RCW 2.08.115.

70.107.050 Civil penalties. (1) Any person who violates any rule adopted by the department under this chapter shall be subject to a civil penalty not to exceed one hundred dollars imposed by local government pursuant to this section. An action under this section shall not preclude enforcement of any provisions of the local government noise ordinance.

Penalties shall become due and payable thirty days from the date of receipt of a notice of penalty unless within such time said notice is appealed in accordance with the administrative procedures of the local government, or if it has no such administrative appeal, to the pollution control hearings board pursuant to the provisions of chapter 43.21B RCW and procedural rules adopted thereunder. In cases in which appeals are timely filed, penalties sustained by the local administrative agency or the pollution control hearings board shall become due and payable on the issuance of said agency or board's final order in the appeal.

(2) Whenever penalties incurred pursuant to this section have become due and payable but remain unpaid, the attorney for the local government may bring an action in the superior court of the county in which the violation occurred for recovery of penalties incurred. In all such actions the procedures and rules of evidence shall be the same as in any other civil action. [1987 c 103 § 2; 1974 ex.s. c 183 § 5.]

70.107.060 Other rights, remedies, powers, duties and functions—Local regulation—Approval—Procedure. (1) Nothing in this chapter shall be construed to deny, abridge or alter alternative rights of action or remedies in equity or under common law or statutory law, criminal or civil.

(2) Nothing in this chapter shall deny, abridge or alter any powers, duties and functions relating to noise abatement and control now or hereafter vested in any state agency, nor shall this chapter be construed as granting jurisdiction over the industrial safety and health of employees in work places of the state, as now or hereafter vested in the department of labor and industries.

(3) Standards and other control measures adopted by the department under this chapter shall be exclusive except as hereinafter provided. A local government may impose limits or control sources differing from those adopted or controlled by the department upon a finding that such requirements are necessitated by special conditions. Noise limiting requirements of local government which differ from those adopted or controlled by the department shall be invalid unless first approved by the department. If the department of ecology fails to approve or disapprove standards submitted by local governmental jurisdictions within ninety days of submittal, such standards shall be deemed approved. If disapproved, the local government may appeal the decision to the pollution control hearings board which shall decide the appeal on the basis of the provisions of this chapter, and the applicable regulations, together with such briefs, testimony, and oral argument as the hearings board in its discretion may require. The department determination of whether to grant approval shall depend on the reasonableness and practicability of compliance. Particular attention shall be given to stationary sources located near jurisdictional boundaries, and temporary noise producing operations which may operate across one or more jurisdictional boundaries.
(4) In carrying out the rule-making authority provided in this chapter, the department shall follow the procedures of the administrative procedure act, chapter 34.04 RCW, and shall take care that no rules adopted purport to exercise any powers preempted by the United States under federal law. [1987 c 103 § 1; 1974 ex.s. c 183 § 6.]

70.107.070 Rules relating to motor vehicles—Violations—Penalty. Any rule adopted under this chapter relating to the operation of motor vehicles on public highways shall be administered according to testing and inspection procedures adopted by rule by the state patrol. Violation of any motor vehicle performance standard adopted pursuant to this chapter shall be a misdemeanor, enforced by such authorities and in such manner as violations of chapter 46.37 RCW. Violations subject to the provisions of this section shall be exempt from the provisions of RCW 70.107.050. [1987 c 330 § 749; 1974 ex.s. c 183 § 7.]

Chapter 70.116  Title 70 RCW: Public Health and Safety

70.116.010 Legislative declaration. The legislature hereby finds that an adequate supply of potable water for domestic, commercial, and industrial use is vital to the health and well-being of the people of the state. Readily available water for use in public water systems is limited and should be developed and used efficiently with a minimum of loss or waste.

In order to maximize efficient and effective development of the state’s public water supply systems, the department of social and health services shall assist water purveyors by providing a procedure to coordinate the planning of the public water supply systems. [1977 ex.s. c 142.]

70.116.020 Declaration of purpose. The purposes of this chapter are:

(1) To provide for the establishment of critical water supply service areas related to water utility planning and development;

(2) To provide for the development of minimum planning and design standards for critical water supply service areas to insure that water systems developed in these areas are consistent with regional needs;

(3) To assist in the orderly and efficient administration of state financial assistance programs for public water systems; and

(4) To assist public water systems to meet reasonable standards of quality, quantity and pressure. [1977 ex.s. c 142 § 2.]

70.116.030 Definitions. Unless the context clearly requires otherwise, the following terms when used in this chapter shall be defined as follows:

Such a plan shall include provisions for subsequently updating the plan. In areas where more than one water system exists, a coordinated plan may consist of either: (a) A new plan developed for the area following its designation as a critical water supply service area; or (b) a compilation of compatible water system plans existing at the time of such designation and containing such supplementary provisions as are necessary to satisfy the requirements of this chapter. Any such coordinated plan must include provisions regarding: Future service area designations; assessment of the feasibility of shared source, transmission, and storage facilities; emergency inter-ties; design standards; and other concerns related to the construction and operation of the water system facilities.

(2) "Critical water supply service area" means a geographical area which is characterized by a proliferation of small, inadequate water systems, or by water supply problems which threaten the present or future water quality or reliability of service in such a manner that efficient and orderly development may best be achieved through coordinated planning by the water utilities in the area.

(3) "Public water system" means any system providing water intended for, or used for, human consumption or other domestic uses. It includes, but is not limited to, the source, treatment for purifying purposes only, storage, transmission, pumping, and distribution facilities where water is furnished to any community, or number of individuals, or is made available to the public for human consumption or domestic use, but excluding water systems serving one single family residence. However, systems existing on September 21, 1977 which are owner operated and serve less than ten single family residences or which serve only one industrial plant shall be excluded from this definition and the provisions of this chapter.

(4) "Purveyor" means any agency or subdivision of the state or any municipal corporation, firm, company, mutual or cooperative association, institution, partnership, or person or any other entity, that owns or operates for wholesale or retail service a public water system. It also means the authorized agents of any such entities.

(5) "Secretary" means the secretary of the department of social and health services or the secretary’s authorized representative.

(6) "Service area" means a specific geographical area serviced or for which service is planned by a purveyor. [1977 ex.s. c 142 § 3.]

70.116.040 Critical water supply service area—Designation—Establishment or amendment of external boundaries—Procedures. (1) The secretary and the appropriate local planning agencies and purveyors, shall study geographical areas where water supply problems related to uncoordinated planning, inadequate water quality or unreliable service appear to exist. If the results of the study indicate that such water supply problems do exist, the secretary or the county legislative authority shall designate the area involved as being a critical water supply service area, consult with the appropriate local planning agencies and purveyors, and appoint a committee of not less than three representatives therefrom solely for the purpose of establishing the proposed external boundaries of the critical water supply...
service area. The committee shall include a representa-
tive from each purveyor serving more than fifty cus-
tomers, the county legislative authority, county planning
agency, and health agencies. Such proposed boundaries
shall be established within six months of the appoint-
ment of the committee.

During the six month period following the establish-
ment of the proposed external boundaries of the critical
water supply services areas, the county legislative au-
thority shall conduct public hearings on the proposed
boundaries and shall modify or ratify the proposed
boundaries in accordance with the findings of the public
hearings. The boundaries shall reflect the existing land
usage, and permitted densities in county plans, ordi-
nances, and/or growth policies. If the proposed bounda-
aries are not modified during the six month period, the
proposed boundaries shall be automatically ratified and
be the critical water supply service area.

After establishment of the external boundaries of the
critical water supply service area, no new public water
systems may be approved within the boundary area un-
less an existing water purveyor is unable to provide wa-
ter service.

(2) At the time a critical water supply service area is
established, the external boundaries for such area shall
not include any fractional part of a purveyor's existing
contiguous service area.

(3) The external boundaries of the critical water sup-
ply service area may be amended in accordance with
procedures prescribed in subsection (1) of this section
for the establishment of the critical water supply service
areas when such amendment is necessary to accomplish
the purposes of this chapter. [1977 ex.s. c 142 § 4.]

70.116.050 Development of water system plans for
critical water supply service areas. (1) Each purveyor
within the boundaries of a critical water supply service
area shall develop a water system plan for the purveyor's
future service area if such a plan has not already been
developed: Provided, That nonmunicipally owned public
water systems are exempt from the planning require-
ments of this chapter, except for the establishment of
service area boundaries if they: (a) Were in existence as
of September 21, 1977; and (b) have no plans for water
service beyond their existing service area, and (c) meet
minimum quality and pressure design criteria established
by the state board of health: Provided further, That if
the county legislative authority permits a change in de-
development that will increase the demand for water ser-
vice of such a system beyond the existing system's ability
to provide minimum water service, the purveyor shall
develop a water system plan in accordance with this sec-
tion. The establishment of future service area boundaries
shall be in accordance with RCW 70.116.070.

(2) After the boundaries of a critical water supply
service area have been established pursuant to RCW
70.116.040, the committee established in RCW 70.116-
.040 shall participate in the development of a coordi-
nated water system plan for the designated area. Such a
plan shall incorporate all water system plans developed
pursuant to subsection (1) of this section. The plan shall
provide for maximum integration and coordination of
public water system facilities consistent with the protec-
tion and enhancement of the public health and well-
being.

(3) Those portions of a critical water supply service
area not yet served by a public water system shall have a
coordinated water system plan developed by existing
purveyors based upon permitted densities in county
plans, ordinances, and/or growth policies for a minimum
of five years beyond the date of establishment of the
boundaries of the critical water supply service area.

(4) To insure that the plan incorporates the proper
designs to protect public health, the secretary shall adopt
regulations pursuant to chapter 34.04 RCW concerning
the scope and content of coordinated water system plans,
and shall ensure, as minimum requirements, that such
plans:

(a) Are reviewed by the appropriate local governmental
agency to insure that the plan is not inconsistent with
the land use plans, shoreline master programs, and/or
developmental policies of the general purpose local gov-
ernment or governments whose jurisdiction the water
system plan affects.

(b) Recognize all water resource plans, water quality
plans, and water pollution control plans which have been
adopted by units of local, regional, and state
government.

(c) Incorporate the fire protection standards devel-
oped pursuant to RCW 70.116.080.

(d) Identify the future service area boundaries of the
public water system or systems included in the plan
within the critical water supply service area.

(e) Identify feasible emergency inter-ties between ad-
jacent purveyors.

(5) If a "water general plan" for a critical water sup-
ply service area or portion thereof has been prepared
pursuant to chapter 36.94 RCW and such a plan meets
the requirements of subsections (1) and (4) of this sec-
tion, such a plan shall constitute the coordinated water
system plan for the applicable geographical area.

(6) Prior to the submission of a coordinated water
system plan to the secretary for approval of the design of
the proposed facilities pursuant to RCW 70.116.060, the
plan shall be reviewed for consistency with subsection
(4) of this section by the legislative authorities of the
counties in which the critical water supply service area is
located. If within sixty days of receipt of the plan, the
legislative authorities find any segment of a proposed
service area of a purveyor's plan or any segment of the
coordinated water system plan to be inconsistent with
any current land use plans, shoreline master programs,
and/or developmental policies of the general purpose lo-
cal government or governments whose jurisdiction the
water system plan affects, the secretary shall not ap-
prove that portion of the plan until the inconsistency is
resolved between the local government and the purveyor.
If no comments have been received from the legislative
authorities within sixty days of receipt of the plan, the
secretary may consider the plan for approval. [1977 ex.s.
c 142 § 5.]
70.116.060 Approval of coordinated water system plan—Limitations following approval. (1) A coordinated water system plan shall be submitted to the secretary for design approval within two years of the establishment of the boundaries of a critical water supply service area.

(2) The secretary shall not approve those portions of a coordinated water system plan which fail to meet the requirements for future service area boundaries as set forth in RCW 70.116.070.

(3) Following the approval of a coordinated water system plan by the secretary:

(a) All purveyors constructing or proposing to construct public water system facilities within the area covered by the plan shall comply with the plan.

(b) No other purveyor shall establish a public water system within the area covered by the plan, unless the secretary determines that existing purveyors are unable to provide the service. If such a determination is made, the secretary may require the new public water system to be constructed in accordance with the construction standards and specifications embodied in the coordinated water system plan approved for the area.

(4) The secretary may deny proposals to establish or expand any public water system within a critical water supply service area for which there is not an approved coordinated water system plan at any time after two years of the establishment of the critical water supply service area: Provided, That service connections shall not be considered expansions. [1977 ex.s. c 142 § 6.]

70.116.070 Service area boundaries within critical water supply area. (1) The service area boundaries of public water systems within the critical water supply service area shall be determined by written agreement among the purveyors and with the approval of the appropriate legislative authority. Failure of the legislative authority to file with the secretary objections to the proposed service area boundaries within sixty days of receipt of the proposed boundary agreement may be construed as approval of the agreement.

(2) If no service area boundary agreement has been established within a reasonable period of time, or if the legislative authority has filed with the secretary objections in writing as provided in subsection (1) of this section, the secretary shall hold a public hearing thereon. The secretary shall provide notice of the hearing by certified mail to each purveyor providing service in the critical water supply service area, to each county legislative authority having jurisdiction in the area and to the public. The secretary shall provide public notice pursuant to the provisions of chapter 65.16 RCW. Such notice shall be given at least twenty days prior to the hearing. The hearing may be continued from time to time and, at the termination thereof, the secretary may restrict the expansion of service of any purveyor within the area if the secretary finds such restriction is necessary to provide the greatest protection of the public health and well-being. [1977 ex.s. c 142 § 7.]

70.116.080 Performance standards relating to fire protection. The secretary shall adopt performance standards relating to fire protection to be incorporated into the design and construction of public water systems. The standards shall be consistent with recognized national standards. The secretary shall adopt regulations pertaining to the application and enforcement of the standards: Provided, That the regulations shall require the application of the standards for new and expanding systems only. The standards shall apply in critical water supply service areas unless the approved coordinated plan provides for nonfire flow systems. [1977 ex.s. c 142 § 8.]

70.116.090 Assumption of jurisdiction or control of public water system by city, town, or code city. The assumption of jurisdiction or control of any public water system or systems by a city, town, or code city, shall be subject to the provisions of chapter 35.13A RCW, and the provisions of this chapter shall be superseded by the provisions of chapter 35.13A RCW regarding such an assumption of jurisdiction. [1977 ex.s. c 142 § 9.]

70.116.100 Bottled water exempt. Nothing in this chapter shall apply to water which is bottled or otherwise packaged in a container for human consumption or domestic use, or to the treatment, storage and transportation facilities used in the processing of the bottled water or the distribution of the bottles or containers of water. [1977 ex.s. c 142 § 10.]

70.116.110 Rate making authority preserved. Nothing in this chapter shall be construed to alter in any way the existing authority of purveyors and municipal corporations to establish, administer and apply water rates and rate provisions. [1977 ex.s. c 142 § 11.]

70.116.120 Short title. This chapter shall be known and may be cited as the "Public Water System Coordination Act of 1977". [1977 ex.s. c 142 § 12.]

70.116.900 Severability—1977 ex.s. c 142. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 142 § 13.]

70.118.010 Legislative declaration. The legislature finds that over one million, two hundred thousand persons in the state are not served by sanitary sewers and that they must rely on septic tank systems. The failure of large numbers of such systems has resulted in significant health hazards, loss of property values, and water quality degradation. The legislature further finds that failure of such systems could be reduced by utilization of nonwater-carried sewage disposal systems, or other alternative methods of effluent disposal, as a correctional measure. Waste water volume diminution and disposal of most of the high bacterial waste through composting or other alternative methods of effluent disposal would result in restorative improvement or correction of existing substandard systems. [1977 ex.s. c 133 § 1.]

70.118.020 Definitions. As used in this chapter, the terms defined in this section shall have the meanings indicated unless the context clearly indicates otherwise.

(1) "Nonwater-carried sewage disposal devices" means any device that stores and treats nonwater-carried human urine and feces.

(2) "Alternative methods of effluent disposal" means systems approved by the department of social and health services, including at least, mound systems, alternating drain fields, anaerobic filters, evapotranspiration systems, and aerobic systems.

(3) "Failure" means: (a) Effluent has been discharged on the surface of the ground prior to approved treatment; or (b) effluent has percolated to the surface of the ground; or (c) effluent has contaminated or threatens to contaminate a ground water supply. [1977 ex.s. c 133 § 2.]

70.118.030 Local boards of health—Duties. Local boards of health shall identify failing septic tank drainfield systems in the normal manner and will use reasonable effort to determine new failures. Discretionary judgment will be made in implementing corrections by specifying nonwater-carried sewage disposal devices or other alternative methods of treatment and effluent disposal as a measure of ameliorating existing substandard conditions. Local regulations shall be consistent with the intent and purposes stated herein. [1977 ex.s. c 133 § 3.]

70.118.040 Local boards of health—Authority to waive sections of local plumbing and/or building codes. With the advice of the secretary of the department of social and health services, local boards of health are hereby authorized to waive applicable sections of local plumbing and/or building codes that might prohibit the use of an alternative method for correcting a failure. [1977 ex.s. c 133 § 4.]

[Title 70 RCW—p 222]
70.119.010 Legislative declaration. The legislature declares that competent operation of a public water supply system is necessary for the protection of the consumers' health, and therefore it is of vital interest to the public. In order to protect the public health and conserve and protect the water resources of the state, it is necessary to provide for the certifying of all public water supply systems; to require the examination and certification of the persons responsible for the technical operation of such systems; and to provide for the promulgation of rules and regulations to carry out this chapter. [1983 c 292 § 1; 1977 ex.s. c 99 § 1.]

70.119.020 Definitions. As used in this chapter unless context requires another meaning:

(1) "Board" means the board established pursuant to RCW 70.95B.070 which shall be known as the water and waste water operator certification board of examiners.

(2) "Certificate" means a certificate of competency issued by the secretary stating that the operator has met the requirements for the specified operator classification of the certification program.

(3) "Department" means the department of social and health services.

(4) "Distribution system" means that portion of a public water supply system which stores, transmits, pumps and distributes water to consumers.

(5) "Nationally recognized association of certification authorities" shall mean an organization which serves as an information center for certification activities, recommends minimum standards and guidelines for classification of potable water treatment plants, water distribution systems and waste water facilities and certification of operators, facilitates reciprocity between state programs and assists authorities in establishing new certification programs and updating existing ones.

(6) "Certified operator" means an individual employed or appointed by any county, water district, municipality, public or private corporation, company, institution, person, or the state of Washington who is designated by the employing or appointing officials as the person responsible for active daily technical operation.

(7) "Public water supply system" means any water supply system intended or used for human consumption or domestic use, but excluding all water supply systems serving one single family residence.

(8) "Purification plant" means that portion of a public water supply system which treats or improves the physical, chemical or bacteriological quality of the system's water to bring the water into compliance with state board of health standards.

(9) "Secretary" means the secretary of the department of social and health services. [1983 c 292 § 2; 1977 ex.s. c 99 § 2.]

Public water supply systems to comply with water quality standards: RCW 70.142.050.

70.119.030 Certified operators required for certain public water supply systems. (1) All public water supply systems which serve either:

(a) One hundred services in use at any one time; or

(b) Twenty-five or more persons which are supplied from a stream, lake or other surface water supply source and which are required by law to use a water filtration system;

are required to have a certified operator. The certified operators shall be in charge of the technical direction of a water system's operation, or an operating shift of such a system, or a major segment of a system necessary for monitoring or improving the quality of water. The operator shall be certified as provided in RCW 70.119.050.

(2) The amount of time that a certified operator shall be required to be present shall be based upon the time required to properly operate and maintain the public water supply system as designed and constructed in accordance with RCW 43.20.050. The employing or appointing officials shall designate the position or positions requiring mandatory certification within their individual systems and shall assure that such certified operators are responsible for the system's technical operation.

(3) Operators not required to be certified by this chapter are encouraged to become certified on a voluntary basis. [1983 c 292 § 3; 1977 ex.s. c 99 § 3.]

70.119.040 Exclusions from chapter. Nothing in this chapter shall apply to:

(1) Industrial water supply systems which do not supply water to residences for domestic use and are under the jurisdictional requirements of the Washington Industrial Safety and Health Act of 1973, chapter 49.17 RCW; as now or hereafter amended; or

(2) The preparation, distribution, or sale of bottled water or water similarly packaged. [1977 ex.s. c 99 § 4.]

70.119.050 Rules and regulations—Secretary to adopt. The secretary shall adopt, with the approval of the board, such rules and regulations as may be necessary for the administration of this chapter and shall enforce such rules and regulations. The rules and regulations shall include provisions establishing minimum qualifications and procedures for the certification of operators, criteria for determining the kind and nature of continuing educational requirements for renewal.
of certification under RCW 70.119.100(2), and provisions for classifying water purification plants and distribution systems.

Rules and regulations adopted under the provisions of this section shall be adopted in accordance with the provisions of chapter 34.04 RCW. [1983 c 292 § 4; 1977 ex.s. c 99 § 5.]

70.119.060 Public water supply systems—Secretary to categorize. The secretary shall further categorize all public water supply systems with regard to the size, type, source of water, and other relevant physical conditions affecting purification plants and distribution systems to assist in identifying the skills, knowledge and experience required for the certification of operators for each category of such systems. [1977 ex.s. c 99 § 6.]

70.119.070 Secretary—Consideration of guidelines. The secretary is authorized, when taking action pursuant to RCW 70.119.050 and 70.119.060, to consider generally applicable criteria and guidelines developed by a nationally recognized association of certification authorities and commonly accepted national guidelines and standards. [1983 c 292 § 5; 1977 ex.s. c 99 § 7.]

70.119.080 Water and wastewater operator certification board of examiners—Additional members—Additional powers and duties. For the purpose of carrying out the provisions of this chapter, the membership of the water and wastewater operator certification board of examiners established under RCW 70.95B.070, shall, pursuant to RCW 70.95B.070:

(1) Be expanded to include two waterworks operators;
(2) Serve in a common capacity for the certification of both water and wastewater plant and system operators; and
(3) Be expanded to include one commissioner from a water district and one commissioner from a sewer district operating under Title 56 or 57 RCW.

In addition to the powers and duties in RCW 70.95B.070, the board shall assist in the development of rules and regulations implementing this chapter, shall prepare, administer and evaluate examinations of operator competency as required in this chapter, and shall recommend the issuance or revocation of certificates. The board shall determine where and when the examinations shall be held. Such examinations shall be held at least three times annually. [1983 c 292 § 6; 1977 ex.s. c 99 § 8.]

70.119.090 Certificates without examination—Conditions. Certificates shall be issued without examination under the following conditions:

(1) Certificates shall be issued without application fee to operators who, on the effective date of this act, hold certificates of competency attained under the voluntary certification program sponsored jointly by the state department of social and health services, health services division, and the Pacific Northwest section of the American water works association.

(2) Certification shall be issued to persons certified by a governing body or owner of a public water supply system to have been the operators of a purification plant or distribution system on the effective date of this chapter but only to those who are required to be certified under RCW 70.119.030(1). A certificate so issued shall be valid for operating any plant or system of the same classification and same type of water source.

(3) A nonrenewable certificate, temporary in nature, may be issued to an operator for a period not to exceed twelve months to fill a vacated position required to have a certified operator. Only one such certificate may be issued subsequent to each instance of vacation of any such position. [1983 c 292 § 7; 1977 ex.s. c 99 § 9.]

Effective date—1977 ex.s. c 99: See RCW 70.119.900.

70.119.100 Certificates—Issuance and renewal—Conditions. The issuance and renewal of a certificate shall be subject to the following conditions:

(1) Except as provided in RCW 70.119.090, a certificate shall be issued if the operator has satisfactorily passed a written examination, has paid the department an application fee as established by the department under RCW 43.20B.110, and has met the requirements specified in the rules and regulations as authorized by this chapter.

(2) The terms for all certificates shall be for one year from the date of issuance. Every certificate shall be renewed annually upon the payment of a fee as established by the department under RCW 43.20B.110 and satisfactory evidence is presented to the secretary that the operator has fulfilled the continuing education requirements as prescribed by rule of the department.

(3) The secretary shall notify operators who fail to renew their certificates before the end of the certificate year that their certificates are temporarily valid for two months following the end of the certificate year. Certificates not renewed during the two month period shall be invalid and the secretary shall so notify the holders of such certificates.

(4) An operator who has failed to renew a certificate pursuant to the provisions of this section, may reapply for certification and the secretary may require the operator to meet the requirements established for new applicants. [1987 c 75 § 11; 1983 c 292 § 8; 1982 c 201 § 13; 1977 ex.s. c 99 § 10.]

70.119A.040 Penalty—Notice—Payment of fine—Action in superior court.
70.119A.050 Enforcement of regulations by local boards of health—Civil penalties.

70.119A.010 Purpose. The purpose of this chapter is to authorize local boards of health and the department of social and health services to impose civil penalties for specified acts or omissions or for disobeying an order to comply with regulations relating to public water supply systems. Conformance with laws and regulations to preserve and protect the purity of drinking water in our public water systems is of utmost importance. [1986 c 271 § 1.]

70.119A.020 Definitions. Unless the context clearly requires otherwise, the following definitions apply throughout this chapter:

(1) "Department" means the department of social and health services.

(2) "Local board of health" has the meaning in RCW 70.05.010.

(3) "Public water supply system" has the meaning in RCW 70.119.020.

(4) "Order" means a written direction to comply with a provision of the regulations or to take an action or a series of actions to comply with the regulations, allowing a reasonable time to comply without penalty and shall consider the ability of the public water supply system to prevent or correct the violation.

(5) "Regulations" means the provisions of chapter 248-54 WAC, as it may be amended, or any regulations that supersede chapter 248-54 WAC and are adopted under the authority of RCW 43.20.050(2)(a). [1986 c 271 § 2.]

70.119A.030 Violations—Failure to comply with departmental order—Penalty. (1) As limited by RCW 70.119A.040, the department may impose penalties for violations of laws or regulations that are determined by the health officer to be an imminent or actual public health emergency.

(2) As limited by RCW 70.119A.040, the department may impose penalties for failure to comply with an order of the department, or of an authorized local board of health, when the order:

(a) Directs any person to stop work on the construction or alteration of a public water supply system when plans and specifications for the construction or alteration have not been approved as required by the regulations, or when the work is not being done in conformity with approved plans and specifications;
(b) Requires any person to eliminate a cross-connection to a public water supply system by a specified time; or

c) Directs the owner or operator of a public water supply system to cease violating any other regulation relating to public water supply systems, or to take specific actions within a specified time to place a public water supply system in compliance with any other regulations. [1986 c 271 § 3.]

70.119A.040 Penalty—Notice—Payment of fine—Action in superior court. (1) In addition to or as an alternative to any other penalty provided by law, every person who commits any of the acts or omissions in RCW 70.119A.030 shall be subject to a penalty in an amount of not more than five thousand dollars per day for every such violation. Every such violation shall be a separate and distinct offense. The amount of fine shall reflect the health significance of the violation and the previous record of compliance on the part of the public water supplier. In case of continuing violation, every day's continuance shall be a separate and distinct violation. Every person who, through an act of commission or omission, procures, aids, or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty provided in this section.

(2) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department, describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department in its discretion deems proper, giving consideration to the degree of hazard associated with the violation, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such rules as it may deem proper. Any penalty imposed by this section shall be subject to review by the office of administrative hearings in accordance with chapter 34.12 RCW.

(3) Any penalty imposed by this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or petition for review is filed directly to the office of administrative hearings within thirty days of the imposition of the penalty. When such an application for remission or mitigation is made, any penalty incurred pursuant to this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application. Any penalty resulting from a decision of the office of administrative hearings shall become due and payable thirty days after receipt of the notice setting forth the decision.

(4) If the amount of any penalty is not paid within thirty days after it becomes due and payable, the attorney general, upon the request of the secretary of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county, or of any county in which such violator may do business, to recover such penalty. In all such actions, the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided.

(5) All penalties imposed under this section shall be payable to the state treasury and credited to the general fund. [1986 c 271 § 4.]

70.119A.050 Enforcement of regulations by local boards of health—Civil penalties. Each local board of health that is enforcing the regulations under an agreement with the department allocating state and local responsibility is authorized to impose civil penalties for violations within the area of its responsibility under the same limitations and requirements as imposed upon the department in RCW 70.119A.030 and 70.119A.040, except that the penalties shall be placed into the general fund of the county, city, or town operating the local board of health, and the prosecuting attorney, or city, or town attorney shall bring the actions to collect the unpaid penalties. [1986 c 271 § 5.]

(a) A voluntary motor vehicle emissions inspection program;

(b) A public educational program regarding the health effects of air pollution emitted by motor vehicles; the purpose, operation, and effect of emission control devices and systems; and the effect that proper maintenance of motor vehicle engines has on fuel economy and air pollution emission; and

70.120.030 Vehicle standards—Testing equipment. (1) The director shall adopt motor vehicle emission standards. The standards adopted shall ensure that no less than seventy percent of the vehicles tested annually comply with the standards on the first inspection conducted for the vehicles under this chapter each year. The standards shall be adopted as rules in accordance with chapter 34.04 RCW.

(2) The director shall adopt rules for conducting emission tests for motor vehicles.

(1987 Ed.)

(3) The director shall adopt air quality standards for air contaminants from the emissions of motor vehicles. The standards shall be adopted as rules and may not be more stringent than those established for the contaminants by the United States environmental protection agency as in effect on September 1, 1979, to implement the federal clean air act.

(4) The director shall adopt, by rule, criteria for calibrating emission testing equipment, including, but not limited to, those identifying standard calibration gas mixtures.

(5) The director shall require that the electronic equipment utilized to test emissions at any station established pursuant to RCW 70.120.040(5) or authorized pursuant to RCW 70.120.080 be properly calibrated.

The department shall examine frequently the calibration of the emission testing equipment used at such stations. [1985 c 7 § 130; 1979 ex.s. c 163 § 3.]

Expiration date—Severability—1979 ex.s. c 163: See notes following RCW 70.120.010.

70.120.040 Noncompliance areas—Inspections, fees. (1) The director shall designate a geographic area as being a "noncompliance area" for motor vehicle emissions if:

(a) Prior to December 31, 1982, analysis of the data recorded at the monitoring sites indicates that an air quality standard established pursuant to this chapter will probably be exceeded after December 31, 1982; or

(b) On or after December 31, 1982, the department's analysis of the data recorded at the monitoring sites indicates that such a standard will probably be exceeded, and if the department determines that the primary source of the contaminant being monitored at the sites is motor vehicle emissions: Provided, That the department's analysis may not be based upon data recorded at an air monitoring site for less than one year.

(2) (a) The department shall analyze information regarding the motor vehicle traffic in a noncompliance area to determine the smallest land area within whose boundaries are registered motor vehicles that contribute significantly to the violation of motor vehicle related air quality standards in the noncompliance area. The director shall declare such an area to be an emission contributing area.

(b) An emission contributing area established for a carbon monoxide or oxides of nitrogen noncompliance area must contain the noncompliance area within its boundaries.

(c) An emission contributing area established for an ozone noncompliance area located in this state need not contain the ozone noncompliance area within its boundaries if:

It can be proven that vehicles registered in the area to be declared the emission contributing area contribute significantly to violations of the ozone air quality standard in the noncompliance area.

(d) An emission contributing area may be established in this state for violations of federal air quality standards for ozone in an adjacent state if:
(i) The United States environmental protection agency declares an area to be a nonattainment area for ozone under the provisions of the federal Clean Air Act (42 U.S.C. 7401 et. seq.) and the nonattainment area encompasses portions of both Washington and the adjacent state; and (ii) It can be proven that vehicles registered in this state contribute significantly to the violation of the federal air quality standards for ozone in the adjacent state's portion of the nonattainment area.

(3) In establishing the external boundaries of an emission contributing area, the director shall utilize the boundaries established for zip code service areas by the United States postal service. The director shall designate areas as being noncompliance areas or emission contributing areas, and shall establish the boundaries of such areas, by rule. Notwithstanding the provisions of chapter 34.04 RCW, a rule which would designate such an area or establish or modify the boundary of such an area may not be adopted until it has been submitted to the standing committees on ecology of the house of representatives and the senate for review and approval: Provided, That the standing committees shall take into account alternative plans for traffic re-routing and traffic bans that may have been prepared by local municipal corporations for the purpose of satisfying federal emission guidelines.

(4) The department shall administer an emission inspection system for all motor vehicles registered within the boundaries of each such emission contributing area.

(5) The director shall authorize, by contract, one or more individuals, firms, private corporations, associations or partnerships to establish and operate inspection stations for conducting the vehicle emission tests authorized by this chapter: Provided, That no person engaged in the inspection of motor vehicles pursuant to subsection (5) of this section shall perform for compensation repairs on any vehicles. No public body may establish or operate such contracted inspection stations. Any such contract shall be let in accordance with the procedures established for competitive bids in chapter 43.19 RCW.

(6) The provisions of subsection (5) of this section apply to inspections conducted pursuant to this section. Those provisions also apply to inspections conducted pursuant to RCW 70.120.020(1)(a) except when the inspections are conducted for the following purposes:

(a) Auditing;
(b) Contractor evaluation;
(c) Collection of data for establishing calibration and performance standards;
(d) Public information and education; and
(e) Providing a voluntary inspection program if sufficient contractors may not be obtained for the program at a reasonable cost by July 1, 1981.

(7) The fee to be charged for emission inspections conducted pursuant to this section shall be established by the director by rule. The inspection fee shall be a standard fee applicable state-wide or throughout an emission contributing area and shall be no greater than ten dollars. A part of the fee shall be paid to the state and deposited in the general fund. [1980 c 176 § 2; 1979 ex.s. c 163 § 4.]

Expiration date—Severability—1979 ex.s. c 163: See notes following RCW 70.120.010.

70.120.050 Noncompliance areas—Annual review. (1) The director shall review annually the air quality and forecasted air quality of each area in the state designated as a "noncompliance area" for motor vehicle emissions.

(2) If the director determines that:
(a) The air quality standards for contaminants derived from motor vehicle emissions are no longer being violated in the "noncompliance area"; and
(b) Those standards would not be violated in the "noncompliance area" if the emission inspection system established in the emission contributing area for the "noncompliance area" in accordance with RCW 70.120.040(4) were discontinued and the requirements of RCW 46.16.015 no longer applied to the area, the area shall no longer be designated as a "noncompliance area" for motor vehicle emissions. [1979 ex.s. c 163 § 5.]

Expiration date—Severability—1979 ex.s. c 163: See notes following RCW 70.120.010.

Before each annual inspection, a person whose motor vehicle is to be inspected at an inspection station authorized by the director under RCW 70.120.040(5) shall pay the inspection fee established under RCW 70.120.040(7). Any person whose motor vehicle is inspected at an inspection station authorized by the director shall receive the results of the inspection test. If the inspected vehicle's emissions comply with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected vehicle's emissions do not comply with those standards, one reinspection of the vehicle's emission shall be afforded without charge. [1980 c 176 § 3; 1979 ex.s. c 163 § 6.]

(1) Whose motor vehicle is tested pursuant to RCW 70.120.060 and fails to comply with the emission standards established for the vehicle;
(2) Who, following such a test, expends more than fifty dollars for repairs and/or parts solely devoted to meeting the emission standards; and
(3) Whose vehicle is inspected again but again fails, may be issued a certificate of acceptance. To receive the certificate, the person must document the expenditure and the purpose of the expenditure to the satisfaction of the department. [1980 c 176 § 4; 1979 ex.s. c 163 § 7.]

Expiration date—Severability—1979 ex.s. c 163: See notes following RCW 70.120.010.

motor vehicles, or the owner's or lessee's agent, to inspect the vehicles in the fleet and issue certificates of compliance for the vehicles in the fleet if the director determines that: (1) The director's emission and inspection standards will be complied with; and (2) certificates will be issued only to vehicles in the fleet and only when appropriate. [1979 ex.s. c 163 § 8.]

Expiration date—Severability—1979 ex.s. c 163: See notes following RCW 70.120.010.

70.120.100 Vehicle inspections—Complaints. The department shall investigate complaints received regarding the operation of emission testing stations and shall require corrections or modifications in those operations when deemed necessary.

The department shall also review complaints received regarding the maintenance or repairs secured by owners of motor vehicles for the purpose of complying with the requirements of this chapter. When possible, the department shall assist such owners in determining the merits of the complaints. [1979 ex.s. c 163 § 10.]

Expiration date—Severability—1979 ex.s. c 163: See notes following RCW 70.120.010.

70.120.110 Vehicle inspections—Violations. Certificates of compliance and acceptance constitute official forms. False statements made thereon or made to secure such certificates are punishable pursuant to RCW 9A.72.040 and the certificates shall bear notice to that effect.

Certificates of compliance and certificates of acceptance may be issued only in the manner authorized by RCW 70.120.060, 70.120.070, and 70.120.080. [1985 c 7 § 131; 1979 ex.s. c 163 § 12.]

Nuclear energy and radiation: Chapter 70.98 RCW.
Radioactive waste storage and transportation act of 1980: Chapter 70.79 RCW.

70.121.010 Legislative findings. The legislature finds that:

(1) The milling of uranium and thorium creates potential hazards to the health of the citizens of the state of Washington in that potentially hazardous radioactive isotopes, decay products of uranium and thorium, naturally occurring in relatively dispersed geologic formations, are brought to one location on the surface and pulverized in the process of mining and milling uranium and thorium.

(2) These radioactive isotopes, in addition to creating a field of gamma radiation in the vicinity of the tailings area, also exude potentially hazardous radioactive gas and particulates into the atmosphere from the tailings areas, and contaminate the milling facilities, thereby creating hazards which will be present for many generations.

(3) The public health and welfare of the citizens demands that the state assure that the public health be protected by requiring that: (a) prior to the termination of any radioactive materials license, all milling facilities and associated tailings piles will be decommissioned in such a manner as to bring the potential public health

(1987 Ed.)

hazard to a minimum; and (b) such environmental radiation monitoring as is necessary to verify the status of decommissioned facilities will be conducted. [1979 ex.s. c 110 § 1.]

Effective date—1979 ex.s. c 110: "This act shall take effect on January 1, 1980." [1979 ex.s. c 110 § 18.]
