CERTIFICATE

The 1989 edition of the Revised Code of Washington, published officially by the Statute Law Committee, is, in accordance with RCW 1.08.037, certified to comply with the current specifications of the committee.

RAYMOND W. HAMAN, Chairman,
STATUTE LAW COMMITTEE
Numbering system: The number of each section of this code is made up of three parts, in sequence as follows: Number of title; number of chapter within the title; number of section within the chapter. Thus RCW 1.04.020 is Title 1, chapter 4, section 20. The section part of the number (.020) is initially made up of three digits, constitutes a true decimal, and provides a facility for numbering new sections to be inserted between old sections already consecutively numbered, merely by adding one or more digits at the end of the number. In most chapters of the code, sections have been numbered by tens (.010, .020, .030, .040, etc.), leaving nine vacant numbers between original sections so that for a time new sections may be inserted without extension of the section number beyond three digits.

Citation to the Revised Code of Washington: The code should be cited as RCW; see RCW 1.04-.040. An RCW title should be cited Title 7 RCW. An RCW chapter should be cited chapter 7.24 RCW. An RCW section should be cited RCW 7.24.010. Through references should be made as RCW 7.24.010 through 7.24.100. Series of sections should be cited as RCW 7.24.010, 7.24.020, and 7.24.030.

History of the Revised Code of Washington; Source notes. The Revised Code of Washington was adopted by the legislature in 1950; see chapter 1.04 RCW. The original publication (1951) contained material variances from the language and organization of the session laws from which it was derived, including a variety of divisions and combinations of the session law sections. During 1953 through 1959, the Statute Law Committee, in exercise of the powers contained in chapter 1.08 RCW, completed a comprehensive study of these variances and, by means of a series of administrative orders or reenactment bills, restored each title of the code to reflect its session law source, but retaining the general codification scheme originally adopted. An audit trail of this activity has been preserved in the concluding segments of the source note of each section of the code so affected. The legislative source of each section is enclosed in brackets [ ] at the end of the section. Reference to session laws is abbreviated; thus "1891 c 23 § 1; 1854 p 99 § 135" refers to section 1, chapter 23, Laws of 1891 and section 135, page 99, Laws of 1854. "Prior" indicates a break in the statutory chain, usually a repeal and reenactment. "RRS or Rem. Supp.—" indicates the parallel citation in Remington's Revised Code, last published in 1949.

Where, before restoration, a section of this code constituted a consolidation of two or more sections of the session laws, or of sections separately numbered in Remington's, the line of derivation is shown for each component section, with each line of derivation being set off from the others by use of small Roman numerals, "(i)," "(ii)," etc.

Where, before restoration, only a part of a session law section was reflected in a particular RCW section the history note reference is followed by the word "part."

"Formerly" and its correlative form "FORMER PART OF SECTION" followed by an RCW citation preserves the record of original codification.

Double amendments: Some double or other multiple amendments to a section made without reference to each other are set out in the code in smaller (8-point) type. See RCW 1.12.025.

Index: Titles I through 91 are indexed in the RCW General Index. Separate indexes are provided for the Rules of Court and the State Constitution.

Sections repealed or decodified; Disposition table: Memorials to RCW sections repealed or decodified are no longer carried in place. They are now tabulated in numerical order in the table entitled "Disposition of former RCW sections."

Codification tables: To convert a session law citation to its RCW number (for Laws of 1951 or later) consult the codification tables. A similar table is included to relate the disposition in RCW of sections of Remington's Revised Statutes.

Errors or omissions: (1) Where an obvious clerical error has been made in the law during the legislative process, the code reviser adds a corrected word, phrase, or punctuation mark in [brackets] for clarity. Such additions do not constitute any part of the law.

(2) Although considerable care has been used in the production of this code, within the limits of available time and facilities it is inevitable that in so large a work that there will be errors, both mechanical and of judgment. As such errors are detected or are believed to exist in particular sections, by those who use this code, it is requested that a note citing the section involved and the nature of the error be mailed to: Code Reviser, Legislative Building, Olympia, WA 98504, so that correction may be made in a subsequent publication.

dealer, when mailing or delivering the assigned certificates of ownership and license registration to the department, shall attach a certificate indicating to the best of his knowledge or belief the mileage on the vehicle at the time it was placed into inventory. [1972 ex.s. c 99 § 4.]

46.12.130 Assigned certificate of ownership to be filed by department—Transfer of interest in vehicle. Certificates of ownership when assigned and returned to the department, together with subsequently assigned reissues thereof, shall be retained by the department and appropriately filed and indexed so that at all times it will be possible to trace ownership to the vehicle designated therein:

(1) If the interest of an owner in a vehicle passes to another, other than by voluntary transfer, the transferee shall, except as provided in subsection (3) of this section, promptly mail or deliver to the department the last certificate of ownership if available, proof of transfer, and his application for a new certificate in the form the department prescribes.

(2) If the interest of the owner is terminated or the vehicle is sold under a security agreement by a secured party named in the certificate of ownership, the transferee shall promptly mail or deliver to the department the last certificate of ownership, his application for a new certificate in the form the department prescribes, and an affidavit made by or on the behalf of the secured party that the vehicle was repossessed and that the interest of the owner was lawfully terminated or sold pursuant to the terms of the security agreement.

(3) If the secured party succeeds to the interest of the owner and holds the vehicle for resale, he need not secure a new certificate of ownership but, upon transfer to another person, shall promptly mail or deliver to the transferee or to the department the certificate, affidavit and other documents (and articles) required to be sent to the department by the transferee. [1967 c 140 § 3; 1961 c 12 § 46.12.130. Prior: 1959 c 166 § 11; prior: 1947 c 164 § 4(d); 1937 c 188 § 6(d); Rem. Supp. 1947 § 6312–6(d).]

46.12.140 Certificates of ownership for dealers' or manufacturers' used vehicles. In the case of dealers in vehicles, including manufacturers who sell to persons other than dealers, a separate certificate of ownership, either of the dealer's immediate vendor properly assigned or of the dealer himself, shall be required covering each used vehicle kept in his possession. [1961 c 12 § 46.12.140. Prior: 1959 c 166 § 12; prior: 1947 c 164 § 4(e); 1937 c 188 § 6(e); Rem. Supp. 1947 § 6312–6(e).]

46.12.151 Procedure when department unsatisfied as to ownership and security interests. If the department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, the department may register the vehicle but shall either:

(1) Withhold issuance of a certificate of ownership until the applicant presents documents reasonably sufficient to satisfy the department as to the applicant's ownership of the vehicle and that there are no undisclosed security interests in it; or

(2) As a condition of issuing a certificate of ownership, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, or in lieu thereof a deposit of cash in like amount. The bond shall be in an amount equal to one and one-half times the value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of ownership of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond, or any cash deposit shall be returned at the end of three years or prior thereto if the vehicle is no longer registered in this state and the currently valid certificate of ownership is surrendered to the department, unless the department has been notified of the pendency of an action to recover on the bond. [1967 c 140 § 9.]

46.12.160 Director may refuse or cancel certificate—Penalty. If the director determines at any time that an applicant for certificate of ownership or for a certificate of license registration for a vehicle is not entitled thereto, he may refuse to issue such certificate or to license the vehicle and he may, for like reason, after notice, and in the exercise of discretion, cancel license registration already acquired or any outstanding certificate of ownership. The notice shall be served personally or sent by certified mail return receipt requested. It shall then be unlawful for any person to remove, drive, or operate the vehicle until a proper certificate of ownership or license registration has been issued and any person removing, driving, or operating such vehicle after the refusal of the director to issue certificates or the revocation thereof shall be guilty of a gross misdemeanor. [1975 c 25 § 12; 1961 c 12 § 46.12.160. Prior: 1959 c 166 § 14; prior: 1947 c 164 § 4(g); 1937 c 188 § 6(g); Rem. Supp. 1947 § 6312–6(g).]

46.12.170 Procedure when security interest is granted on vehicle. If, after a certificate of ownership is issued, a security interest is granted on the vehicle described therein, the registered owner or secured party shall, within ten days thereafter, present an application to the department, to which shall be attached the certificate of ownership last issued covering the vehicle, or
such other documentation as may be required by the
department, which application shall be upon a form pro-
vided by the department and shall be accompanied by a
fee of one dollar. The department, if satisfied that there
should be a reissue of the certificate, shall note such
change upon the vehicle records and issue to the secured
party a new certificate of ownership.

Whenever there is no outstanding secured obligation
and no commitment to make advances and incur obliga-
tions or otherwise give value, the secured party must as-
sign the certificate of ownership to the debtor or the
debtor's assignee and transmit the certificate to the
department with an accompanying fee of one dollar. The
department shall then issue a new certificate of owner-
ship and transmit it to the owner. If the affected secured
party fails to either assign or transmit the certificate of
ownership to the department within ten days after
proper demand, that secured party shall be liable to the
debtor for one hundred dollars, and in addition for any
loss caused to the debtor by such failure. [1979 ex.s. c

[Title 46 RCW—p 37]
46.16.006 "Registration year" defined—Registration months—"Last day of the month." (1) The term "registration year" for the purposes of chapters 46.16, 82.44, and 82.50 RCW means the effective period of a vehicle license issued by the department. Such year commences at 12:01 a.m. on the date of the calendar year designated by the department and ends at 12:01 a.m. on the same date of the next succeeding calendar year. If a vehicle license previously issued in this state has been expired for more than thirty days and is renewed with a different registered owner, a new registration year is deemed to commence upon the date the expired license is renewed in order that the renewed license be useable for a full twelve-month period.

(2) Each registration year may be divided into twelve registration months. Each registration month commences on the day numerically corresponding to the day of the calendar month on which the registration year begins, and terminates on the numerically corresponding day of the next succeeding calendar month.

(3) Where the term "last day of the month" is used in chapters 46.16, 82.44, and 82.50 RCW in lieu of a specified day of any calendar month it means the last day of such calendar month or months irrespective of the numerical designation of that day.

(4) If the final day of a registration year or month falls on a Saturday, Sunday, or legal holiday, such period extends through the end of the next business day. [1983 c 27 § 1; 1981 c 214 § 1; 1975 1st ex.s. c 118 § 1.]

Effective date—1975 1st ex.s. c 118: "This 1975 amendatory act shall take effect on January 1, 1977: Provided, That the director of the department of motor vehicles may, prior to such effective date, undertake and perform duties and conduct activities necessary for the timely implementation of this 1975 amendatory act on such date." [1975 1st ex.s. c 118 § 19.]

Severability—1975 1st ex.s. c 118: "If any provision of this 1975 amendatory act is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this 1975 amendatory act and the applicability thereof to persons and circumstances shall not be affected thereby." [1975 1st ex.s. c 118 § 18.]

46.16.010 Licenses and plates required—Penalties—Exceptions. (1) It is unlawful for a person to operate any vehicle over and along a public highway of this state without first having obtained and having in full force and effect a current and proper vehicle license and display vehicle license number plates therefor as by this chapter provided. Failure to make initial registration before operation on the highways of this state is a misdemeanor, and any person convicted thereof shall be punished by a fine of no less than three hundred thirty dollars, no part of which may be suspended or deferred. Failure to renew an expired registration before operation on the highways of this state is a traffic infraction.

(2) The licensing of a motor vehicle in another state by a resident of this state, as defined in RCW 46.16.028, with willful intent to evade the payment of any tax or license fee imposed in connection with registration, is a gross misdemeanor punishable as follows:

(a) For a first offense, up to one year in the county jail and a fine equal to twice the amount of delinquent taxes and fees, no part of which may be suspended or deferred;

(b) For a second or subsequent offense, up to one year in the county jail and a fine equal to three times the amount of delinquent taxes and fees, no part of which may be suspended or deferred.

(3) These provisions shall not apply to farm vehicle as defined in RCW 46.04.181 if operated within a radius of fifteen miles of the farm where principally used or garaged, farm tractors and farm implements including trailers designed as cook or bunk houses used exclusively for animal herding temporarily operating or drawn upon the public highways, and trailers used exclusively to transport farm implements from one farm to another during the daylight hours or at night when such equipment has lights that comply with the law: Provided further, That these provisions shall not apply to spray or fertilizer applicator rigs designed and used exclusively for spraying or fertilization in the conduct of agricultural operations and not primarily for the purpose of transportation, and nurse rigs or equipment auxiliary to the use of and designed or modified for the fueling, repairing or loading of spray and fertilizer applicator rigs and not used, designed or modified primarily for the purpose of transportation: Provided further, That these provisions shall not apply to fork lifts operated during daylight hours on public highways adjacent to and within five hundred feet of the warehouses which they serve: Provided further, That these provisions shall not apply to equipment defined as follows:

"Special highway construction equipment" is any vehicle which is designed and used primarily for grading of highways, paving of highways, earth moving, and other construction work on highways and which is not designed or used primarily for the transportation of persons or property on a public highway and which is only incidentally operated or moved over the highway. It includes, but is not limited to, road construction and maintenance machinery so designed and used such as portable air compressors, air drills, asphalt spreaders, bituminous mixers, bucket loaders, track laying tractors, ditches, leveling graders, finishing machinery, motor graders, paving mixers, road rollers, scarifiers, earth moving scrapers and carryalls, lighting plants, welders, pumps, power shovels and draglines, self-propelled and tractor-drawn earth moving equipment and machinery, including dump trucks and tractor-dump trailer combinations which either (1) are in excess of the legal width or (2) which, because of their length, height or unladen weight, may not be moved on a public highway without the permit specified in RCW 46.44.090 and which are not operated laden except within the boundaries of the project limits as defined by the contract, and other similar types of construction equipment, or (3) which are driven or moved upon a public highway only for the purpose of crossing such highway from one property to another, provided such movement does not exceed five hundred feet and the vehicle is equipped with wheels or pads which will not damage the roadway surface.

Exclusions:
"Special highway construction equipment" does not include any of the following:

Dump trucks originally designed to comply with the legal size and weight provisions of this code notwithstanding any subsequent modification which would require a permit, as specified in RCW 46.44.090, to operate such vehicles on a public highway, including trailers, truck-mounted transit mixers, cranes and shovels, or other vehicles designed for the transportation of persons or property to which machinery has been attached. Rules of court: Monetary penalty schedule—JTIR 6.2.

Legislative intent—1989 c 192: "The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to impose a stronger criminal penalty upon those residents who defraud the state, thereby enhancing compliance with the registration laws of this state and further enhancing enforcement and collection efforts.

In order to encourage voluntary compliance with the registration laws of this state, administrative penalties associated with failing to register a motor vehicle are waived until September 1, 1989. It is not the intent of the legislature to waive traffic infraction or criminal traffic violations imposed prior to July 23, 1989." [1989 c 192 § 1.]

Effective date—1989 c 192: "Section 2 of this act shall take effect September 1, 1989." [1989 c 192 § 3.]

The certificates must have a date of validation which is within ninety days of the date of application for the vehicle license or license renewal. (3) The department of licensing shall mail to each owner of a vehicle registered within an emission contributing area a notice regarding the boundaries of the area and restrictions established under this section that apply to vehicles registered in such areas. The information for the notice shall be supplied to the department of licensing by the department of ecology. Such a notice shall be mailed to the owner ninety days prior to the expiration date of the owner's motor vehicle license. [1989 c 240 § 1; 1985 c 7 § 111. 46.16.111 Gross weight, how computed. The gross
weight in the case of any motor truck, tractor, or truck
tractor shall be the scale weight of the motor truck,
tractor, or truck tractor, plus the scale weight of any
trailer, semitrailer, converter gear, or pole trailer to be
towed thereby, to which shall be added the weight of the
maximum load to be carried thereon or towed thereby.
As set by the licensee in the application if it does not exceed
the weight limitations prescribed by chapter 46.44
RCW. If the sum of the scale weight and maximum load
of the trailer is not greater than four thousand pounds,
that sum shall not be computed as part of the gross
weight of any motor truck, tractor, or truck tractor.
Where the trailer is a utility trailer, travel trailer, horse
trailer, or boat trailer, for the personal use of the owner
of the truck, tractor, or truck tractor, and not for sale or
commercial purposes, the gross weight of such trailer
and its load shall not be computed as part of the gross
weight of any motor truck, tractor, or truck tractor.
The weight of any camper is exempt from the determination
of gross weight in the computation of any licensing fees
required under RCW 46.16.070.

The gross weight in the case of any bus, auto stage,
or for hire vehicle, except taxicabs, with a seating capacity
over six, shall be the scale weight of each bus, auto
stage, and for hire vehicle plus the seating capacity,
including the operator’s seat, computed at one hundred
and fifty pounds per seat.

If the resultant gross weight, according to this section,
is not listed in RCW 46.16.070, it shall be increased to
the next higher gross weight so listed pursuant to chapter
46.44 RCW. [1987 c 244 § 5; 1986 c 18 § 11; 1971

vehicles. In addition to other fees for the licensing of
vehicles, there shall be paid and collected annually, for
each auto stage and for hire vehicle, except taxicabs,
with a seating capacity of six or less the sum of fifteen

46.16.125 Mileage fees on stages—Penalty. In ad-
tion to the fees required by RCW 46.16.070, operators
of auto stages with seating capacity over six shall pay
quarterly, at the time they file gross earning returns
with the utilities and transportation commission, the sum
of fifteen cents for each one hundred vehicle miles oper-

state: Provided, That in the case of each auto stage prop-

The commission shall transmit all such sums so collected
to the state treasurer, who shall deposit the same in the
motor vehicle fund. Any person failing to make any
payment required by this section shall be subject to a
penalty of one hundred percent of the payment due
hereunder, in addition to any penalty provided for fail-

.070 for any motor vehicle or combination of vehicles
having a declared gross weight in excess of twelve thou-
sand pounds may be paid for any full registration month
or months at one-twelfth of the usual annual fee plus
two dollars, this sum to be multiplied by the number of
full months for which the fees are paid if for less than a
full year. An additional fee of two dollars shall be col-
lected each time a license fee is paid.

Operation of a vehicle licensed under the provisions of
this section by any person upon the public highways af-
ter the expiration of the monthly license is a traffic in-
fract ion, and in addition the person shall be required to
pay a license fee for the vehicle involved covering an en-
tire registration year's operation, less the fees for any
registration month or months of the registration year al-
ready paid. If, within five days, no license fee for a full
registration year has been paid as required aforesaid, the
Washington state patrol, county sheriff, or city police
shall impound such vehicle in such manner as may be
directed for such cases by the chief of the Washington
state patrol, until such requirement is met. [1986 c 18 §

46.63.010. (1) Each vehicle registered under any provisions of this chapter in addition to its registration fee shall be issued a license for a term of six months. Provided, That such license may be renewed for any term of six months upon payment of the required renewal fees.

(2) If an applicant can show good cause for a longer term of registration than is provided in subsection (1) of this section, the department may, in its discretion, issue a license for not more than one year.

(3) The department may, upon request, issue a license for one year to a person who is a resident of this state and is employed outside the state and must operate a vehicle of the type not otherwise subject to registration in this state because of the length of time the person is away from the state.

46.16.150 School buses exempt from load and seat capacity fees. No provision of the law of this state shall be construed to require for hire vehicle license or adult seating capacity fees, either directly or indirectly for the transportation of school children or teachers, or both, to and from school and other school activities, or either, whether the same be done in motor vehicles owned, leased, rented or used by the school authority or upon contract to furnish such transportation: Provided, That this section shall apply to vehicles used exclusively for the purpose set forth and in the event that any vehicle so used is also used for any other purpose, such vehicle shall be appropriately licensed for such other purpose, as required by this chapter. Trip permits may also be issued for movement of mobile homes pursuant to RCW 46.44.170. For the purpose of this section, a vehicle is considered unlicensed if the licensed gross weight currently in effect for the vehicle or combination of vehicles is not adequate for the load being carried. Vehicles registered under RCW 46.16.135 shall not be operated under authority of trip permits in lieu of further registration within the same registration year.

(2) Each trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for such vehicle for a period of three consecutive days commencing with the day of first use. No more than three such permits may be used for any one vehicle in any period of thirty consecutive days. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. The trip permit shall be displayed on the vehicle to which it is issued as prescribed by the department.

(3) Vehicles operating under authority of trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

(4) Prorate operators operating commercial vehicles on trip permits in Washington shall retain the customer copy of such permit for four years.

46.16.140 Overloading licensed capacity—Additional license—Penalties—Exceptions. It is a traffic infraction for any person to operate, or cause, permit, or suffer to be operated upon a public highway of this state any bus, auto stage, motor truck, truck tractor, or tractor, with passengers, or with a maximum gross weight, in excess of that for which the motor vehicle or combination is licensed.

Any person who operates or causes to be operated upon a public highway of this state any motor truck, truck tractor, or tractor with a maximum gross weight in excess of the maximum gross weight for which the vehicle is licensed shall be deemed to have set a new maximum gross weight and shall, in addition to any penalties otherwise provided, be required to purchase a new license covering the new maximum gross weight, and any failure to secure such new license is a traffic infraction. No such person may be permitted or required to purchase the new license for a gross weight or combined gross weight which would exceed the maximum gross weight or combined gross weight allowed by law. This section does not apply to for hire vehicles, buses, or auto stages operating principally within cities and towns. [1986 c 18 § 13; 1979 ex.s. c 136 § 47; 1961 c 12 § 46.16.140. (5) Blank trip permits may be obtained from field offices of the department of transportation, Washington state patrol, department of licensing, or other agents appointed by the department. For each permit issued, there shall be collected a filing fee as provided by RCW 46.01.140, an administrative fee of eight dollars, and an excise tax of one dollar. If the filing fee amount of one dollar prescribed by RCW 46.01.140 is increased or decreased after January 1, 1981, the administrative fee shall be adjusted to compensate for such change to ensure that the total amount collected for the filing fee, administrative fee, and excise tax remain at ten dollars. These fees and taxes are in lieu of all other vehicle license fees and taxes. No exchange, credits, or refunds may be given for trip permits after they have been purchased.

(6) The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(7) A violation of or a failure to comply with any provision of this section is a gross misdemeanor.

(8) The department of licensing may adopt rules as it deems necessary to administer this section.

(9) All administrative fees and excise taxes collected under the provisions of this chapter shall be forwarded by the department with proper identifying detailed report to the state treasurer who shall deposit the administrative fees to the credit of the motor vehicle fund and the excise taxes to the credit of the general fund. Filing fees will be forwarded and reported to the state treasurer by the department as prescribed in RCW 46.01.140.

46.16.200 Applications to agents—Transmittal to director. Upon receipt by agents of the director, including county auditors, of original applications for vehicle license accompanied by the proper fees, such agents shall, if the applications are in proper form and accompanied by such information as may be required by the director, immediately forward them, together with the fees to the director. [1961 c 12 § 46.16.200. Prior: 1955 c 259 § 1; 1955 c 89 § 4; 1947 c 164 § 10; 1937 c 188 § 33; Rem. 46.16.210 Original applications—Renewals—Fees—Preissuance, when. (1) Upon receipt of the application and proper fee for original vehicle license, the director shall make a recheck of the application and in the event that there is any error in the application it may be returned to the county auditor or other agent to effectually secure the correction of such error, who shall return the same corrected to the director.

(2) Application for the renewal of a vehicle license shall be made to the director or his agents, including county auditors, by the registered owner on a form prescribed by the director. The application must be accompanied by the certificate of registration for the last registration period in which the vehicle was registered in Washington unless the applicant submits a preprinted application mailed from Olympia, and the payment of such license fees and excise tax as may be required by law. Such application shall be handled in the same manner and the fees transmitted to the state treasurer in the same manner as in the case of an original application. Any such application which upon validation becomes a renewal certificate need not have entered upon it the name of the lien holder, if any, of the vehicle concerned.

(3) Persons expecting to be out of the state during the normal forty-five day renewal period of a vehicle license may secure renewal of such vehicle license for a period of thirty days prior thereto and have license plates or tabs press issued by making application to the director or his agents upon forms prescribed by the director. The application must be accompanied by the certificate of registration for the last registration period in which the vehicle was registered in Washington and be accompanied by such license fees, including a special handling fee of two dollars; one dollar to be retained by the issuing agency, and one dollar to be deposited in the highway safety fund, and excise tax as may be required by law.

(4) Application for the annual renewal of a vehicle license number plate to the director or his agents shall not be required for those vehicles owned, rented, or leased by the state of Washington, or by any county, city, town, school district, or other political subdivision of the state of Washington. [1977 c 8 § 1. Prior: 1975 1st ex.s. c 169]
46.16.212 Notice of liability insurance requirement. The department of licensing shall notify the public of the requirements of RCW 46.30.020 through 46.30.040 at the time of new vehicle registration and when the department sends a registration renewal notice. [1989 c 353 § 10.]

46.16.216 Payment of parking fines required for renewal. (1) To renew a vehicle license, an applicant shall satisfy all listed standing, stopping, and parking violations for the vehicle incurred while the vehicle was registered in the applicant's name and forwarded to the department pursuant to RCW 46.20.270(3). For the purposes of this section, "listed" standing, stopping, and parking violations include only those violations for which notice has been received from local agencies by the department one hundred fifty days or more before the date the vehicle license expires and that are placed on the records of the department. Notice of such violations received by the department later than one hundred fifty days before that date that are not satisfied shall be considered by the department in connection with any applications for license renewal in any subsequent license year. The renewal application may be processed by the department or its agents only if the applicant:
(a) Presents a preprinted renewal application showing no listed standing, stopping, and parking violations, or in the absence of such presentation, the agent verifies the information that would be contained on the preprinted renewal application; or
(b) If listed standing, stopping, and parking violations exist, presents proof of payment and pays a ten dollar surcharge.

(2) The ten dollar surcharge shall be allocated as follows:
(a) Five dollars shall be deposited in the motor vehicle fund to be used exclusively for the administrative costs of the department of licensing; and
(b) Five dollars shall be retained by the agent handling the renewal application to be used by the agent for the administration of this section.

(3) If there is a change in the registered owner of the vehicle, the department shall forward the information regarding the change to the local charging jurisdiction and release any hold on the renewal of the vehicle license resulting from parking violations incurred while the certificate of license registration was in a previous registered owner's name.

(4) The department shall send to all registered owners of vehicles who have been reported to have outstanding listed parking violations, at the time of renewal, a statement setting out the dates and jurisdictions in which the violations occurred as well as the amounts of unpaid fines and penalties relating to them and the surcharge to be collected. [1984 c 224 § 1.]

Severability—1984 c 224: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1984 c 224 § 5.]

Effective date—1984 c 224: "This act shall take effect on July 1, 1984." [1984 c 224 § 6.]

46.16.220 Time of renewal of licenses—Duration. Vehicle licenses and vehicle license number plates may be renewed for the subsequent registration year on and after the forty-fifth day prior to the end of the current registration year and must be used and displayed from the date of issue or from the day of the expiration of the preceding registration year, whichever date is later: Provided, That in no case shall a citation be issued for non-registration prior to the first day of the month following the calendar month in which vehicle licenses and vehicle license number plates are to be renewed. Effective date—Severability—1975 1st ex.s. c 118: See notes following RCW 46.16.006.

46.16.225 Adjustment of vehicle registration periods to stagger renewal periods. Notwithstanding any provision of law to the contrary, the department may extend or diminish vehicle license registration periods for the purpose of staggering renewal periods. Such extension or diminishment of a vehicle license registration period shall be by rule of the department adopted in accordance with the provisions of chapter 34.05 RCW. The rules may provide for the omission of any classes or classifications of vehicles from the staggered renewal system and may provide for the gradual introduction of classes or classifications of vehicles into the system. The rules shall provide for the collection of proportionately increased or decreased vehicle license registration fees and of excise or property taxes required to be paid at the time of registration.

It is the intent of the legislature that there shall be neither a significant net gain nor loss of revenue to the state general fund or the motor vehicle fund as the result of implementing and maintaining a staggered vehicle registration system. The number and plate shall be of such size and color and shall contain such symbols indicative of the registration period for which the same is issued and of the state of Washington, as shall be determined and prescribed by the director. Renewals shall be effected by the issuance and display of such tab or emblem. [1975 c 25 § 19; 1961 c 12 § 46.16.230. Prior: 1957 c 261 § 9; 1949 c 90 § 1; 1939 c 182 § 5; 1937 c 188 § 28; Rem. All vehicle license number plates issued after January 1, 1968, or such earlier date as the director may prescribe with respect to plates issued in any county, shall be treated with fully reflectorized materials designed to increase the visibility and legibility of such plates at night. In addition to all other fees prescribed by law, there shall be paid and collected for each vehicle license number plate or plates at night. In addition to all other fees prescribed by law, there shall be paid and collected for each vehicle license number plate or plates issued in accordance with the provisions of RCW 46.08.065. Each vehicle license number plate shall be placed or hung in a horizontal position at a distance of not less than one foot nor more than four feet from the ground and shall be kept clean so as to be plainly seen and read at all times: Provided, however, That in cases where the body construction of the vehicle is such that compliance with this section is impossible, permission to deviate therefrom may be granted by the state patrol. It shall be unlawful to display upon the front or rear of any vehicle, vehicle license number plate or plates other than those furnished by the director for such vehicle or to display upon any vehicle any vehicle license number plate or plates which have been in any manner changed, altered, disfigured or have become illegible. It is unlawful to use any holders, frames, or any materials that in any manner change, alter, or make the vehicle license number plates illegible. It shall be unlawful for any person to operate any vehicle unless there shall be displayed thereon valid vehicle license number plates attached as herein provided. It shall be unlawful for any person to operate or have in his possession a vehicle without carrying thereon such certificate of license registration. Any person in charge of such vehicle shall, upon demand of any of the local authorities or of any police officer or of any representative of the department, permit an inspection of such certificate of license registration. This section does not apply to a vehicle for which annual renewal of its license plates is not required and which is marked in accordance with the provisions of RCW 46.08.065. [1975 c 59 § 1; 1973 1st ex.s. c 200 § 2.]

Personalized license plates—Legislative declaration: "It is declared to be the public policy of the state of Washington to direct financial resources of this state toward the support and aid of the wildlife resources existing within the state of Washington in order that the general welfare of these inhabitants of the state be served. For the purposes of *this chapter, wildlife resources are understood to be those species of wildlife other than that managed by the department of fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries. The legislature further finds that the preservation, protection, perpetuation, and enhancement of such wildlife resources of the state is of major concern to it, and that aid for a satisfactory environment and ecological balance in this state for such wildlife resources serves a public interest, purpose, and desire.

It is further declared that such preservation, protection, perpetuation, and enhancement can be fostered through financial support derived on a voluntary basis from those citizens of the state of Washington who wish to assist in such objectives; that a desirable manner of accomplishing this is through offering personalized license plates for certain vehicles and campers the fees for which are to be directed to the state treasury to the credit of the state **game fund for the furtherance of the programs, policies, and activities of the state **game department in preservation, protection, perpetuation, and enhancement of the wildlife resources that abound within the geographical limits of the state of Washington.

In particular, the legislature recognizes the benefit of this program to specifically directed toward those species of wildlife including but not limited to song birds, protected wildlife, rare and endangered wildlife, aquatic life, and specialized—habitat types, both terrestrial and aquatic, as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries that exist within the limits of the state of Washington."

[1975 c 59 § 7; 1973 1st ex.s. c 200 § 1. Formerly RCW 77.12.175.]

46.20.070 Juvenile agricultural driving permits. Upon receiving a written application on a form provided by the director for permission for a person under the age of eighteen years to operate a motor vehicle over and upon the public highways of this state in connection with farm work, the director may issue a limited driving permit containing a photograph to be known as a juvenile agricultural driving permit, such issuance to be governed by the following procedure:

(1) The application must be signed by the applicant and by the applicant's father, mother, or legal guardian.

(2) Upon receipt of the application, the director shall cause an examination of the applicant to be made as by law provided for the issuance of a motor vehicle driver's license.

(3) The director shall cause an investigation to be made of the need for the issuance of such operation by the applicant.

Such permit authorizes the holder to operate a motor vehicle over and upon the public highways of this state within a restricted farming locality which shall be described upon the face thereof.

A permit issued under this section shall expire one year from date of issue, except that upon reaching the age of eighteen years such person holding a juvenile agricultural driving permit shall be required to make application for a motor vehicle driver's license.

The director shall charge a fee of three dollars for each such permit and renewal thereof to be paid as by law provided for the payment of motor vehicle driver's licenses and deposited to the credit of the highway safety fund.

The director may transfer this permit from one farming locality to another, but this does not constitute a renewal of the permit.

The director may deny the issuance of a juvenile agricultural driving permit to any person whom the director determines to be incapable of operating a motor vehicle with safety to himself or herself and to persons and property.

The director may suspend, revoke, or cancel the juvenile agricultural driving permit of any person when in the director's sound discretion the director has cause to believe such person has committed any offense for which mandatory suspension or revocation of a motor vehicle driver's license is provided by law.

The director may suspend, cancel, or revoke a juvenile agricultural driving permit when in the director's sound discretion the director is satisfied the restricted character of the permit has been violated. (3) Whenever application is received from a person previously licensed in another jurisdiction, the department shall request a copy of such driver's record from such other jurisdiction. When received, the driving record shall become a part of the driver's record in this state.

(4) Whenever the department receives request for a driving record from another licensing jurisdiction, the record shall be forwarded without charge if the other licensing jurisdiction extends the same privilege to the state of Washington. Otherwise there shall be a reasonable charge for transmittal of the record, the amount to be fixed by the director of the department. [1985 ex.s. c 1 § 2; 1979 c 63 § 2; 1965 ex.s. c 121 § 8.]

(1) The application is also signed by the father or mother of the applicant, otherwise by the parent or guardian having the custody of such minor, or in the event a minor under the age of eighteen has no father, mother, or guardian, then a driver's license shall not be issued to the minor unless his or her application is also signed by the minor's employer; and

(2) The applicant has satisfactorily completed a traffic safety education course as defined in *RCW 46.81.010, conducted by a recognized secondary school, that meets the standards established by the office of the state superintendent of public instruction or the applicant has satisfactorily completed a traffic safety education course, conducted by a commercial driving instruction enterprise, that meets the standards established by the office of the superintendent of public instruction and is officially approved by that office on an annual basis: Provided, however, That the director may upon a showing that an applicant was unable to take or complete a driver education course waive that requirement if the applicant shows to the satisfaction of the department that a need exists for the applicant to operate a motor vehicle and he or she has the ability to operate a motor vehicle in such a manner as not to jeopardize the safety of persons or property, under rules to be promulgated by the department in concert with the supervisor of the traffic safety education section, office of the superintendent of public instruction. For a person under the age of eighteen years to obtain a motorcycle endorsement, he or she must successfully complete a motorcycle safety education course that meets the standards established by the department of licensing.

The department may waive any education requirement under this subsection for an applicant previously licensed to drive a motor vehicle or motorcycle outside this state if the applicant provides proof satisfactory to the department that he or she has had education equivalent to that required under this subsection. 46.20.105 Persons under twenty-one. The department may provide a method to distinguish the driver's license of a person who is under the age of twenty-one from the driver's license of a person who is twenty-one years of age or older. [1987 c 463 § 3.]

[1977 ex.s. c 27 § 2.]

Purpose—1977 ex.s. c 27: "The legislature finds that the falsification of cards and licenses is a serious social problem creating economic hardship and problems which impede the efficient conduct of commerce and government. The legislature is particularly concerned that the increasing use of false drivers' licenses and identicards to purchase liquor, to cash bad checks, and to obtain food stamps and other benefits is causing the loss of liquor licenses, the loss of jobs, the loss of income, and the loss of human life in addition to significant monetary losses in business and government. It is the purpose of RCW 46.20.114 to require an effective means of rendering drivers' licenses and identicards as immune as possible from alteration and counterfeiting in order to promote the public health and safety of the people of this state."

A new license is one issued to a driver who has not been previously licensed in this state or to a driver whose last previous Washington license has been expired for more than four years.

Any person renewing his or her driver's license more than sixty days after the license has expired shall pay a penalty fee of ten dollars in addition to the renewal fee under RCW 46.20.181. The penalty fee shall be deposited in the highway safety fund.

Any person who is outside the state at the time his or her driver's license expires or who is unable to renew the license due to any incapacity may renew the license within sixty days after returning to this state or within sixty days after the termination of any such incapacity without the payment of the penalty fee.

The department shall provide for giving examinations at places and times reasonably available to the people of this state. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming more important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state and it is the intent and purpose of this act to promote the health, safety, and welfare of the people by improving the operation and administration of state government." (2) Every court having jurisdiction over offenses committed under this chapter, or any other act of this state or municipal ordinance adopted by a local authority regulating the operation of motor vehicles on highways, or any federal authority having jurisdiction over offenses substantially the same as those set forth in Title 46 RCW which occur on federal installations within this state, shall forward to the department within ten days of a forfeiture of bail or collateral deposited to secure the defendant's appearance in court, a payment of a fine or penalty, a plea of guilty or a finding of guilt, or a finding that any person has committed a traffic infraction an abstract of the court record in the form prescribed by rule of the supreme court, showing the conviction of any person or the finding that any person has committed a traffic infraction in said court for a violation of any said laws other than regulations governing standing, stopping, parking, and pedestrian offenses.

The director of licensing shall suspend, revoke, or cancel the vehicle driver's license of any resident of this state upon receiving notice of the conviction of such person in another state of an offense therein which, if committed in this state, would be ground for the suspension or revocation of the vehicle driver's license. The director may further, upon receiving a record of the conviction in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws of this state, forward a certified copy of such record to the motor vehicle administrator in the state of which the person so convicted is a resident; such record to consist of a copy of the judgment and sentence in the case. 46.20.305 Reexamination may be required—Certificate of licensee's condition—Action by department. The department, having good cause to believe that a licensed driver is incompetent or otherwise not qualified to be licensed may upon notice require him to submit to an examination. The department may in addition require such person to obtain a certificate showing his condition signed by a licensed physician or other proper authority designated by the department. Upon the conclusion of such examination the department shall take driver improvement action as may be appropriate and may suspend or revoke the license of such person or permit him to retain such license, or may issue a license subject to restrictions as permitted under RCW 46.20.041. The department may suspend or revoke the license of such person who refuses or neglects to submit to such examination. [1965 ex.s. c 121 § 26.]

46.20.308 Implied consent—Revocation, etc., for refusal to submit to breath or blood alcohol test. (1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath or blood for the purpose of determining the alcoholic content of his or her breath or blood if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor. However, in those instances where: (a) The person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample; or (b) as a result of a traffic accident the person is being treated for a medical condition in a hospital, clinic, doctor's office, or other similar facility in which a breath testing instrument is not present, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(4). The officer shall inform the person of his or her right to refuse the breath or blood test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver that (a) his or her privilege to drive will be revoked or denied if he or she refuses to submit to the test, and (b) that his or her refusal to take the test may be used in a criminal trial.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of vehicular homicide as provided in RCW 46.61.520 or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which another person has been injured and there is a reasonable likelihood that such other person may die as a result of injuries sustained in the accident, a breath or blood test may be administered without the consent of the individual so arrested.

(4) Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this section.

(5) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath or blood, no test shall be given except as authorized under subsection (3) or (4) of this section.

(6) The department of licensing, upon the receipt of a sworn report of the law enforcement officer that the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor and that the person had refused to submit to the test or tests upon the request of the law enforcement officer after being informed that refusal would result in the revocation of the person's privilege to drive, shall revoke the person's license or permit to drive or any nonresident operating privilege.

(7) Upon revoking the license or permit to drive or the nonresident operating privilege of any person, the department shall immediately notify the person involved in writing by personal service or by certified mail of its decision and the grounds therefor, and of the person's right to a hearing, specifying the steps he or she must take to obtain a hearing. Within fifteen days after the notice has been given, the person may, in writing, request a formal hearing. Upon receipt of such request, the department shall afford the person an opportunity for a hearing as provided in RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the scope of such hearing shall cover the issues of whether a law enforcement officer

Duration of suspension or revocation—Conditions for reissuance or renewal. (1) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as permitted under RCW 46.20.342 or 46.61.515. Whenever the license of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291, the suspension shall remain in effect and the department shall not issue to the person any new, duplicate, or renewal license until the person pays a reinstatement fee of twenty dollars and gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the reinstatement fee shall be fifty dollars.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date on which the revoked license was surrendered to and received by the department; (b) after the expiration of the applicable revocation period provided by RCW 46.61.515(3)(b) or (c); (c) after the expiration of two years for persons convicted of vehicular homicide; (d) after the expiration of one year in cases of revocation for the first refusal within five years to submit to a chemical test under RCW 46.20.308; (e) after the expiration of two years in cases of revocation for the second refusal within five years to submit to a chemical test under RCW 46.20.308; or (f) after the expiration of the applicable revocation period provided by RCW 46.20.265. After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reinstatement fee in the amount of twenty dollars, but if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reinstatement fee shall be fifty dollars. Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

46.20.322 Driver improvement interview before suspension, etc.—Exceptions—Appearance of minor's parent or guardian. (1) Whenever the department proposes to suspend or revoke the driving privilege of any person or proposes to impose terms of probation on a person's driving privilege or proposes to refuse to renew a driver's license, notice and an opportunity for a driver improvement interview shall be given before taking such action, except as provided in RCW 46.20.324 and 46.20.325.

[1965 ex.s. c 121 § 30.]

46.20.324 Persons not entitled to driver improvement interview or formal hearing. A person shall not be entitled to a driver improvement interview or formal hearing as hereinafter provided:

(1) When the action by the department is made mandatory by the provisions of this chapter or other law; or

(2) When the person has refused or neglected to submit to an examination as required by RCW 46.20.305. [1965 ex.s. c 121 § 31.]

46.20.325 Suspension or probation before driver improvement interview—Alternative procedure. In the alternative to the procedure set forth in RCW 46.20.322 and 46.20.323 the department, whenever it determines from its records or other sufficient evidence that the safety of persons upon the highways requires such action, shall forthwith and without a driver improvement interview suspend the privilege of a person to operate a motor vehicle or impose reasonable terms and conditions of probation consistent with the safe operation of a motor vehicle. The department shall in such case, immediately notify such licensee in writing and upon his request shall afford him an opportunity for a driver improvement interview as early as practical within not to exceed seven days after receipt of such request, or the department, at the time it gives notice may set the date of a driver improvement interview, giving not less than ten days' notice thereof. [1965 ex.s. c 121 § 32.]

46.20.326 Failure to appear or request driver improvement interview constitutes waiver—Procedure. Failure to appear for a driver improvement interview at the time and place stated by the department in its notice as provided in RCW 46.20.322 and 46.20.323 or failure to request a driver improvement interview within ten days as provided in *section 33 of this 1965 amendatory act shall constitute a waiver of a driver improvement interview, and the department may take action without such driver improvement interview, or the department may, upon request of the person whose privilege to drive may be affected, or at its own option, re-open the case, take evidence, change or set aside any order theretofore made, or grant a driver improvement interview. [1965 ex.s. c 121 § 33.]

*Reviser's note: The reference to "section 33 of this 1965 amendatory act" appears to be erroneous in that section 33 does not pertain to requesting a driver improvement interview and is the same section in which the reference appears. The reference apparently intended is to section 32, codified as RCW 46.20.325.
46.20.327 Conduct of driver improvement interview—Referee—Evidence—Not deemed hearing. A driver improvement interview shall be conducted in a completely informal manner before a driver improvement analyst sitting as a referee. The applicant or licensee shall have the right to make or file a written answer or statement in which he may controvert any point at issue, and present any evidence or arguments for the consideration of the department pertinent to the action taken or proposed to be taken or the grounds therefore. The department may consider its records relating to the applicant or licensee. The driver improvement interview shall not be deemed an agency hearing. [1965 ex.s. c 121 § 34.]

46.20.328 Findings and notification after driver improvement interview—Request for formal hearing. Upon the conclusion of a driver improvement interview, the department's referee shall make findings on the matter under consideration and shall notify the person involved in writing by personal service of the findings. If the hearing request is not received by the district court within the ten-day period, the right to a hearing is waived and the driver is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the district court shall proceed to hear and determine the validity of the impoundment.

(5)(a) The district court, within five days after the request for a hearing, shall notify the driver in writing of the hearing date and time.

(b) At the hearing, the person requesting the hearing may produce any relevant evidence to show that the impoundment was not proper.

(c) At the conclusion of the hearing, the district court shall determine whether the impoundment was proper, whether the driver was responsible for any penalties, fines, or forfeitures owed or due at the time of the impoundment, and whether they have been satisfied.

(1) There is a need to reduce the incidence of drivers on the highways and roads of this state who, because of their use, consumption, or possession of alcohol, pose a danger to the health and safety of other drivers;

(2) One method of dealing with the problem of drinking drivers is to discourage the use of motor vehicles by persons who possess or have consumed alcoholic beverages;

(3) The installation of an ignition interlock breath alcohol device will provide a means of deterring the use of motor vehicles by persons who have consumed alcoholic beverages;

(4) Ignition interlock devices are designed to supplement other methods of punishment that prevent drivers from using a motor vehicle after using, possessing, or consuming alcohol;

(5) It is economically and technically feasible to have an ignition interlock device installed in a motor vehicle in such a manner that the vehicle will not start if the operator has recently consumed alcohol. [1987 c 247 § 1.]

46.21.010  Compact enacted—Provisions.
46.21.020  "Licensing authority" defined—Duty to furnish information.
46.21.030  Expenses of compact administrator.
46.21.040  "Executive head" defined.

46.21.010  Compact enacted—Provisions. The driver license compact prepared pursuant to resolutions of the western governors' conference and the western interstate committee on highway policy problems of the council of state governments is hereby entered into and enacted into law, the terms and provisions of which shall be as follows:

DRIVER LICENSE COMPACT

ARTICLE I—Findings and Declaration of Policy

(a) The party states find that:
(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.
(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.

(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.

(b) It is the policy of each of the party states to:

(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II—Definitions

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued or accepts for licensing by another party state a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been revoked, suspended or limited, in whole or in part, by the licensing authority of a party state and currently in force unless such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE III—Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE IV—Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Vehicular homicide;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic, drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article.

ARTICLE V—Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to any such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI—Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a non–party state.

ARTICLE VII—Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the
power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII—Entry into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability of the compact to the executive heads of all other party states.

ARTICLE IX—Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance shall be affected thereby. If this compact shall be held contrary to the constitution of any party state thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters. [1983 c 164 § 5; 1963 c 120 § 1.]

46.21.020 "Licensing authority" defined—Duty to furnish information. As used in the compact, the term "licensing authority" with reference to this state, shall mean the department of licensing. Said department shall furnish to the appropriate authorities of any other party state any information or documents reasonably necessary to facilitate the administration of Articles III, IV, and V of the compact. [1979 c 158 § 154; 1967 c 32 § 36; 1963 c 120 § 2.]

46.21.030 Expenses of compact administrator. The compact administrator provided for in Article VII of the compact shall not be entitled to any additional compensation on account of his service as such administrator, but shall be entitled to expenses incurred in connection with his duties and responsibilities as such administrator, in the same manner as for expenses incurred in connection with any other duties or responsibilities of his office or employment. [1963 c 120 § 3.]

46.21.040 "Executive head" defined. As used in the compact, with reference to this state, the term "executive head" shall mean governor. [1963 c 120 § 4.]

NONRESIDENT VIOLATOR COMPACT
Article I — Findings, Declaration of Policy, and Purpose

(a) The party jurisdictions find that:
(1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction: Must post collateral or bond to secure appearance for trial at a later date; or if unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or is taken directly to court for his trial to be held.
(2) In some instances, the motorist's driver's license may be deposited as collateral to be returned after he has complied with the terms of the citation.
(3) The purpose of the practices described in paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to him [his] home jurisdiction and disregard his duty under the terms of the traffic citation.
(4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.
(5) The practice described in paragraph (1) above, causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some arrangement can be made.
(6) The deposit of a driver's license as a bail bond, as described in paragraph (2) above, is viewed with disfavor.
(7) The practices described herein consume an undue amount of law enforcement time.
(b) It is the policy of the party jurisdictions to:
(1) Seek compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.

[Title 46 RCW—p 82] (1989 Ed.)
(2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.

(3) Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.

(4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

(c) The purpose of this compact is to:

(1) Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in paragraph (b) above in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.

Article II — Definitions

As used in the compact, the following words have the meaning indicated, unless the context requires otherwise.

(10) "Police officer" means any individual authorized by the party jurisdiction to issue a citation for a traffic offense.

(11) "Terms of the citation" means those options expressly stated upon the citation.

Article III — Procedure for Issuing Jurisdiction

(b) Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it must take place immediately following issuance of the citation.

(c) Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with procedures specified by the issuing jurisdiction and as far as practicable shall contain information as specified in the compact manual as minimum requirements for effective processing by the home jurisdiction.

(d) Upon receipt of the report, the licensing authority of the issuing jurisdiction shall transmit to the licensing authority in the home jurisdiction of the motorist the information in a form and content substantially conforming to the compact manual.

(a) Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action, in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority. Due process safeguards will be accorded.

(b) The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the compact manual.

Article V — Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to licenses to drive to any person or circumstance, or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party jurisdiction and a nonparty jurisdiction.
Article VI — Compact Administrator Procedures

[Title 46 RCW—p 85]

(c) The notification requirements contained in (a) and (b) of this subsection as they relate to the federal, provincial, territorial, or municipal laws of Canada become effective only when the federal law or federal rules are changed to require the notification or a bilateral or multilateral agreement is entered into between the state of Washington and any Canadian province implementing essentially the same standards of regulation and penalties of all parties as encompassed in this chapter.

(2) A driver whose driver's license is suspended, revoked, or canceled by a state, who loses the privilege to drive a commercial motor vehicle in a state for any period, or who is disqualified from driving a commercial motor vehicle for any period, shall notify his or her employer of that fact before the end of the business day following the day the driver received notice of that fact.

(3) A person who applies to be a commercial motor vehicle driver shall provide the employer, at the time of the application, with the following information for the ten years preceding the date of application:

46.25.060 Knowledge and skills test—Instruction permit. The tests must be prescribed and conducted by the department. In addition to the fee charged for issuance or renewal of any license, the applicant shall pay a fee of no more than ten dollars for each classified knowledge examination, classified endorsement knowledge examination, or any combination of classified license and endorsement knowledge examinations. The applicant shall pay a fee of no more than fifty dollars for each classified skill examination or combination of classified skill examinations conducted by the department.

(b) The department may authorize a person, including an agency of this or another state, an employer, a private driver training facility, or other private institution, or a department, agency, or instrumentality of local government, to administer the skills test specified by this section under the following conditions:

(2) The department may waive the skills test specified in this section for a commercial driver's license applicant who meets the requirements of 49 C.F.R. part 383.77.

(3) A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is subject to a disqualification from driving a commercial motor vehicle, or while the person's driver's license is suspended, revoked, or canceled in any state, nor may a commercial driver's license be issued to a person who has a commercial driver's license issued by any other state unless the person first surrenders all such licenses, which must be returned to the issuing state for cancellation.

(4)(a) A commercial driver's instruction permit may be issued to an individual who holds a valid automobile or classified driver's license.

(b) A commercial driver's instruction permit may not be issued for a period to exceed six months. Only one renewal or reissuance may be granted within a two-year period. The holder of a commercial driver's instruction permit may drive a commercial motor vehicle on a highway only when accompanied by the holder of a commercial driver's license valid for the type of vehicle driven who occupies a seat beside the individual for the purpose of giving instruction in driving the commercial motor vehicle. An application for a commercial driver's instruction permit shall be accompanied by a fee of five dollars. 46.25.090 Disqualification—Grounds for, period of—Records, notice. (1) A person is disqualified from driving a commercial motor vehicle for a period of not less than one year if a report has been received by the department pursuant to RCW 46.25.120, or if the person has been convicted of a first violation, within this or any other jurisdiction, of:

(a) Driving a commercial motor vehicle under the influence of alcohol or any drug;

(c) Leaving the scene of an accident involving a commercial motor vehicle driven by the person;
(d) Using a commercial motor vehicle in the commission of a felony;

If any of the violations set forth in this subsection occurred while transporting a hazardous material required to be identified by a placard, the person is disqualified for a period of not less than three years.

(2) A person is disqualified for life if it has been determined that the person has committed or has been convicted of two or more violations of any of the offenses specified in subsection (1) of this section, or any combination of those offenses, arising from two or more separate incidents. Only offenses committed after October 1, 1989, may be considered in applying this subsection.

(4) A person is disqualified from driving a commercial motor vehicle for life who uses a commercial motor vehicle in the commission of a felony involving the manufacture, distribution, or dispensing of a controlled substance, as defined by chapter 69.50 RCW, or possession with intent to manufacture, distribute, or dispense a controlled substance, as defined by chapter 69.50 RCW.

(5) A person is disqualified from driving a commercial motor vehicle for a period of not less than sixty days if convicted of two serious traffic violations, or one hundred twenty days if convicted of three serious traffic violations, committed in a commercial motor vehicle arising from separate incidents occurring within a three-year period.

(6) Within ten days after suspending, revoking, or canceling a commercial driver's license, the department shall update its records to reflect that action. After suspending, revoking, or canceling a nonresident commercial driver's privileges, the department shall notify the licensing authority of the state that issued the commercial driver's license. [1989 c 178 § 11.]

**46.25.100 Restoration after disqualification.** When a person has been disqualified from operating a commercial motor vehicle, the person is not entitled to have the commercial driver's license restored until after the expiration of the appropriate disqualification period required under RCW 46.25.090. After expiration of the appropriate period and upon payment of a requalification fee of twenty dollars, the person may apply for a new, duplicate, or renewal commercial driver's license as provided by law. If the person has been disqualified for a period of one year or more, the person shall demonstrate that he or she meets the commercial driver's license qualification standards specified in RCW 46.25.060. [1989 c 178 § 12.]

**46.25.110 Driving with alcohol in system.** (1) Notwithstanding any other provision of Title 46 RCW, a person may not drive, operate, or be in physical control of a commercial motor vehicle while having alcohol in his or her system.

(2) Law enforcement or appropriate officials shall issue an out-of-service order valid for twenty-four hours against a person who drives, operates, or is in physical control of a commercial motor vehicle while having alcohol in his or her system or who refuses to take a test to determine his or her alcohol content as provided by RCW 46.25.120. [1989 c 178 § 13.]

**46.25.120 Test for alcohol or drugs—Disqualification for refusal of test or positive test.** (1) A person who drives a commercial motor vehicle within this state is deemed to have given consent, subject to RCW 46.61.050, to take a test or tests of that person's blood or breath for the purpose of determining that person's alcohol concentration or the presence of other drugs.

(2) A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the commercial motor vehicle driver, has probable cause to believe that driver was driving a commercial motor vehicle while having alcohol in his or her system.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) If the person refuses testing, or submits to a test that discloses an alcohol concentration of 0.04 or more, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section and that the person refused to submit to testing, or submitted to a test that disclosed an alcohol concentration of 0.04 or more.

(5) Upon receipt of the sworn report of a law enforcement officer under subsection (4) of this section, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090, subject to the hearing provisions of RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle within this state while under the influence of alcohol or any drug, whether the person was placed under arrest, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the disqualification of the person from driving a commercial motor vehicle, and, if the test was administered, whether the results indicated an alcoholic concentration in that person's blood of 0.04 percent or more. The department shall order that the disqualification of the person either be rescinded or sustained. Any decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. If the disqualification of the person is sustained after the hearing, the person who is
disqualified may file a petition in the superior court of the county of arrest to review the final order of disqualification by the department in the manner provided in RCW 46.20.334. [1989 c 178 § 14.]

46.25.130 Report of violation by nonresident. Within ten days after receiving a report of the conviction of any nonresident holder of a commercial driver's license for any violation of state law or local ordinance relating to motor vehicle traffic control, other than parking violations, committed in a commercial motor vehicle, the department shall notify the driver licensing authority in the licensing state of the conviction. [1989 c 178 § 15.]

46.25.140 Rules. The department may adopt rules necessary to carry out this chapter. [1989 c 178 § 16.]

46.25.160 Licenses issued by other states. Notwithstanding any law to the contrary, a person may drive a commercial motor vehicle if the person has a commercial driver's license or commercial driver's instruction permit issued by any state in accordance with the minimum federal standards for the issuance of commercial motor vehicle driver's licenses or permits, if the person's license or permit is not suspended, revoked, or canceled, and if the person is not disqualified from driving a commercial motor vehicle or is subject to an out-of-service order. [1989 c 178 § 18.]

46.25.170 Civil and criminal penalties. (1) A person subject to RCW 81.04.405 who is determined by the utilities and transportation commission, after notice, to have committed an act that is in violation of RCW 46.25.020, 46.25.030, 46.25.040, 46.25.050, or 46.25.110 is liable to Washington state for the civil penalties provided for in RCW 81.04.405.

(2) A person who violates or fails to comply with, or who procures, aids, or abets in the violation of any provision of RCW 46.25.020, 46.25.030, 46.25.040, 46.25.050, or 46.25.110 is guilty of a gross misdemeanor. [1989 c 178 § 19.]

46.25.190 Suspension or revocation. In the case of any personal violation of any of the provisions of this chapter, the director may suspend or revoke the license of the person violative of the provisions of this chapter. [1989 c 178 § 30.]

The director of licensing may immediately take such steps as are necessary to insure that all sections of this act are implemented on their respective effective dates. [1989 c 178 § 33.] For codification of the various sections of this act, see Codification Tables, Volume 0.

SECURITY FOLLOWING ACCIDENT

46.29.060 Application of sections requiring deposit of security and suspensions for failure to deposit security. The provisions of this chapter, requiring deposit of security and suspensions for failure to deposit security, subject to certain exemptions, shall apply to the driver and owner of any vehicle of a type subject to registration under the motor vehicle laws of this state which is in any manner involved in an accident within this state, which accident has resulted in bodily injury or death of any person or damage to the property of any one person to
an apparent extent equal to or greater than the minimum amount established by rule adopted by the director. The director shall adopt rules establishing the property damage threshold at which the provisions of this chapter apply with respect to the deposit of security and suspensions for failure to deposit security. Beginning October 1, 1987, the property damage threshold shall be five hundred dollars. The thresholds shall be revised when necessary, but not more frequently than every two years. The revisions shall only be for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the time period since the last revision and by the threshold established by the chief of the Washington state patrol for the filing of accident reports as provided in RCW 46.52.030. [1987 c 463 § 1; 1977 ex.s. c 369 § 1; 1971 ex.s. c 22 § 2; 1963 c 169 § 6.]

46.29.070 Department to determine amount of security required—Notices. (1) The department, not less than twenty days after receipt of a report of an accident as described in the preceding section, shall determine the amount of security which shall be sufficient in its judgment to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each driver or owner. Such determination shall not be made with respect to drivers or owners who are exempt under succeeding sections of this chapter from the requirements as to security and suspension.

(2) The department shall determine the amount of security deposit required of any person upon the basis of the reports or other information submitted. In the event a person involved in an accident as described in this chapter fails to make a report or submit information indicating the extent of his injuries or the damage to his property within one hundred eighty days after the accident and the department does not have sufficient information on which to base an evaluation of such injuries or damage, then the department after reasonable notice to such person, if it is possible to give such notice, otherwise without such notice, shall not require any deposit of security for the benefit or protection of such person.

(3) The department after receipt of report of any accident referred to herein and upon determining the amount of security to be required of any person involved in such accident or to be required of the owner of any vehicle involved in such accident shall give written notice to every such person of the amount of security required to be deposited by him and that an order of suspension will be made as hereinafter provided not less than twenty days and not more than sixty days after the sending of such notice unless within said time security be deposited as required by said notice. [1981 c 309 § 1; 1979 c 78 § 1; 1963 c 169 § 7.]

46.29.080 Exceptions to requirement of security. The requirements as to security and suspension in this chapter shall not apply:

(1) To the driver or owner if the owner had in effect at the time of the accident an automobile liability policy or bond with respect to the vehicle involved in the accident, except that a driver shall not be exempt under this subsection if at the time of the accident the vehicle was being operated without the owner's permission, express or implied;

(2) To the driver, if not the owner of the vehicle involved in the accident, if there was in effect at the time of the accident an automobile liability policy or bond with respect to his driving of vehicles not owned by him;

(3) To the driver, if not the owner of the vehicle involved in the accident, if there was in effect at the time of the accident an automobile liability policy or bond as to which there is a bona fide dispute concerning coverage of such driver as evidenced by the pendency of litigation seeking a declaration of said driver's coverage under such policy or bond;

(4) To the driver, whether or not the owner, if there is a bona fide claim on the part of the driver that there was in effect at the time of the accident, an automobile liability policy or bond insuring or covering such driver;

(5) To any person qualifying as a self-insurer under RCW 46.29.630 or to any person operating a vehicle for such self-insurer;

(6) To the driver or the owner of a vehicle involved in an accident wherein no injury or damage was caused to the person or property of anyone other than such driver or owner;

(7) To the driver or owner of a vehicle which at the time of the accident was parked, unless such vehicle was parked at a place where parking was at the time of the accident prohibited under any applicable law or ordinance;

(8) To the owner of a vehicle if at the time of the accident the vehicle was being operated without his permission, express or implied, or was parked by a person who had been operating such vehicle without such permission, except if the vehicle was operated by his minor child or spouse;

(9) To the owner of a vehicle involved in an accident if at the time of the accident such vehicle was owned by or leased to the United States, this state or any political subdivision of this state or a municipality thereof, or to the driver of such vehicle if operating such vehicle with permission; or

(10) To the driver or the owner of a vehicle in the event at the time of the accident the vehicle was being operated by or under the direction of a police officer who, in the performance of his duties, shall have assumed custody of such vehicle. [1965 c 124 § 1; 1963 c 169 § 8.]

46.29.090 Requirements as to policy or bond. (1) No policy or bond is effective under RCW 46.29.080 unless issued by an insurance company or surety company authorized to do business in this state, except as provided in subsection (2) of this section, nor unless such
policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and if the accident has resulted in injury to, or destruction of, property to a limit of not less than ten thousand dollars because of injury to or destruction of property of others in any one accident.

(2) No policy or bond is effective under RCW 46.29.080 with respect to any vehicle which was not registered in this state or was a vehicle which was registered elsewhere than in this state at the effective date of the policy or bond or the most recent renewal thereof, unless the insurance company or surety company issuing such policy or bond is authorized to do business in this state, or if said company is not authorized to do business in this state, unless it executes a power of attorney authorizing the director of licensing to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident.

(3) The department may rely upon the accuracy of the information in a required report of an accident as to the existence of insurance or a bond unless and until the department has reason to believe that the information is erroneous. [1980 c 117 § 3; 1979 c 158 § 155; 1967 ex.s. c 3 § 1; 1963 c 169 § 9.]

Effective date—1980 c 117: See note following RCW 48.22.030.

Effective date—1967 ex.s. c 3: "This amendatory act shall take effect on July 1, 1968." [1967 ex.s. c 3 § 6.]

46.29.100 Form and amount of security. (1) The security required under this chapter shall be in such form and in such amount as the department may require, but in no case in excess of the limits specified in RCW 46.29.090 in reference to the acceptable limits of a policy or bond.

(2) Every depositor of security shall designate in writing every person in whose name such deposit is made and may at any time change such designation, but any single deposit of security shall be applicable only on behalf of persons required to furnish security because of the same accident. [1963 c 169 § 10.]

46.29.110 Failure to deposit security—Suspensions. In the event that any person required to deposit security under this chapter fails to deposit such security within thirty days after the department has sent the notice as hereinbefore provided, the department shall thereupon suspend:

(1) The driver's license of each driver in any manner involved in the accident;

(2) The driver's license of the owner of each vehicle of a type subject to registration under the laws of this state involved in such accident;

(3) If the driver or owner is a nonresident, the privilege of operating within this state a vehicle of a type subject to registration under the laws of this state;

Such suspensions shall be made in respect to persons required by the department to deposit security who fail to deposit such security except as otherwise provided under succeeding sections of this chapter. [1987 c 378 § 1; 1967 c 32 § 37; 1963 c 169 § 11.]

46.29.120 Release from liability. (1) A person shall be relieved from the requirement for deposit of security for the benefit or protection of another person injured or damaged in the accident in the event he is released from liability by such other person.

(2) In the event the department has evaluated the injuries or damage to any minor the department may accept, for the purposes of this chapter only, evidence of a release from liability executed by a natural guardian or a legal guardian on behalf of such minor without the approval of any court or judge. [1965 c 124 § 2; 1963 c 169 § 12.]

46.29.130 Adjudication of nonliability. A person shall be relieved from the requirement for deposit of security in respect to a claim for injury or damage arising out of the accident in the event such person has been finally adjudicated not to be liable in respect to such claim. [1963 c 169 § 13.]

46.29.140 Agreements for payment of damages. (1) Any two or more of the persons involved in or affected by an accident as described in RCW 46.29.060 may at any time enter into a written agreement for the payment of an agreed amount with respect to all claims of any of such persons because of bodily injury to or death or property damage arising from such accident, which agreement may provide for payment in installments, and may file a signed copy thereof with the department.

(2) The department, to the extent provided by any such written agreement filed with it, shall not require the deposit of security and shall terminate any prior or order of suspension, or, if security has previously been deposited, the department shall immediately return such security to the depositor or his personal representative.

(3) In the event of a default in any payment under such agreement and upon notice of such default the department shall take action suspending the license of such person in default as would be appropriate in the event of failure of such person to deposit security when required under this chapter.

(4) Such suspension shall remain in effect and such license shall not be restored unless and until:

(a) Security is deposited as required under this chapter in such amount as the department may then determine,

(b) When, following any such default and suspension, the person in default has paid the balance of the agreed amount,

(c) When, following any such default and suspension, the person in default has resumed installment payments under an agreement acceptable to the creditor, or

(d) Three years have elapsed following the accident and evidence satisfactory to the department has been filed with it that during such period no action at law
upon such agreement has been instituted and is pending. [1981 c 309 § 2; 1963 c 169 § 14.]

46.29.150 Payment upon judgment. The payment of a judgment arising out of an accident or the payment upon such judgment of an amount equal to the maximum amount which could be required for deposit under this chapter shall, for the purposes of this chapter, release the judgment debtor from the liability evidenced by such judgment. [1963 c 169 § 15.]

46.29.160 Termination of security requirement. The department, if satisfied as to the existence of any fact which under RCW 46.29.120, 46.29.130, 46.29.140 or 46.29.150 would entitle a person to be relieved from the security requirements of this chapter, shall not require the deposit of security by the person so relieved from such requirement, or if security has previously been deposited by such person, the department shall immediately return such deposit to such person or to his personal representative. [1963 c 169 § 16.]

46.29.170 Duration of suspension. Unless a suspension is terminated under other provisions of this chapter, any order of suspension by the department under this chapter shall remain in effect and no license shall be renewed for or issued to any person whose license is so suspended until:

(1) Such person shall deposit or there shall be deposited on his behalf the security required under this chapter, or

(2) Three years have elapsed following the date of the accident resulting in such suspension and evidence satisfactory to the department has been filed with it that during such period no action for damages arising out of the accident resulting in such suspension has been instituted.

An affidavit of the applicant that no action at law for damages arising out of the accident has been filed against him or, if filed, that it is not still pending shall be prima facie evidence of that fact. The department may take whatever steps are necessary to verify the statement set forth in any said affidavit. [1981 c 309 § 3; 1963 c 169 § 17.]

46.29.180 Application to nonresidents, unlicensed drivers, unregistered vehicles, and accidents in other states. (1) In case the driver or the owner of a vehicle of a type subject to registration under the laws of this state involved in an accident within this state has no driver's license in this state, then such driver shall not be allowed a driver's license until he has complied with the requirements of this chapter to the same extent that would be necessary if, at the time of the accident, he had held a license or been the owner of a vehicle registered in this state.

(2) When a nonresident's driving privilege is suspended pursuant to RCW 46.29.110, the department shall transmit a certified copy of the record or abstract of such action to the official in charge of the issuance of licenses and registration certificates in the state in which such nonresident resides, if the law of such other state provided for action in relation thereto similar to that provided for in subsection (3) of this section.

(3) Upon receipt of such certification that the driving privilege of a resident of this state has been suspended or revoked in any such other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, under circumstances which would require the department to suspend a nonresident's driving privilege had the accident occurred in this state, the department shall suspend the license of such resident. Such suspension shall continue until such resident furnishes evidence of his compliance with the law of such other state relating to the deposit of such security. [1967 c 32 § 38; 1963 c 169 § 18.]

46.29.190 Authority of department to decrease amount of security. The department may reduce the amount of security ordered in any case if in its judgment the amount ordered is excessive. In case the security originally ordered has been deposited, the excess deposit over the reduced amount ordered shall be returned to the depositor or his personal representative forthwith. [1965 c 124 § 3; 1963 c 169 § 19.]

46.29.200 Correction of action by department. Whenever the department has taken any action or has failed to take any action under this chapter by reason of having received erroneous information, then upon receiving correct information within three years after the date of an accident the department shall take appropriate action to carry out the purposes and effect of this chapter. The foregoing, however, shall not be deemed to require the department to reevaluate the amount of any deposit required under this chapter. [1967 c 61 § 1; 1965 c 124 § 4; 1963 c 169 § 20.]

46.29.210 Custody of security. The department shall place any security deposited with it under this chapter in the custody of the state treasurer. [1963 c 169 § 21.]

46.29.220 Disposition of security. (1) Such security shall be applicable and available only:

(a) For the payment of any settlement agreement covering any claim arising out of the accident upon instruction of the person who made the deposit, or

(b) For the payment of a judgment or judgments, rendered against the person required to make the deposit, for damages arising out of the accident in an action at law begun not later than three years after the date of the accident.

(2) Every distribution of funds from the security deposits shall be subject to the limits of the department's evaluation on behalf of a claimant. [1981 c 309 § 4; 1963 c 169 § 22.]

46.29.230 Return of deposit. Upon the expiration of three years from the date of the accident resulting in the security requirement, any security remaining on deposit shall be returned to the person who made such deposit or
to his personal representative if an affidavit or other evidence satisfactory to the department has been filed with it:

(1) That no action for damages arising out of the accident for which deposit was made is pending against any person on whose behalf the deposit was made, and

(2) That there does not exist any unpaid judgment rendered against any such person in such an action.

The foregoing provisions of this section shall not be construed to limit the return of any deposit of security under any other provision of this chapter authorizing such return. [1981 c 309 § 5; 1963 c 169 § 23.]

46.29.240 Certain matters not evidence in civil suits. The report required following an accident, the action taken by the department pursuant to this chapter, the findings, if any, of the department upon which such action is based, and the security filed as provided in this chapter, shall not be referred to in any way, and shall not be any evidence of the negligence or due care of either party, at the trial of any action at law to recover damages. [1963 c 169 § 24.]

PROOF OF FINANCIAL RESPONSIBILITY FOR THE FUTURE

46.29.250 Application of sections requiring deposit of proof of financial responsibility for the future. The provisions of this chapter requiring the deposit of proof of financial responsibility for the future, subject to certain exemptions, shall apply with respect to persons who have been convicted of or forfeited bail for certain offenses under motor vehicle laws, or who have failed to pay judgments upon causes of action arising out of ownership, maintenance or use of vehicles of a type subject to registration under the laws of this state, or who having driven or owned a vehicle involved in an accident are required to deposit security under the provisions of RCW 46.29.070. [1963 c 169 § 25.]

46.29.260 Meaning of "proof of financial responsibility for the future." The term "proof of financial responsibility for the future" as used in this chapter means: Proof of ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of said proof, arising out of the ownership, maintenance, or use of a vehicle of a type subject to registration under the laws of this state, in the amount of twenty-five thousand dollars because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, in the amount of fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and in the amount of ten thousand dollars because of injury to or destruction of property of others in any one accident. Wherever used in this chapter the terms "proof of financial responsibility" or "proof" shall be synonymous with the term "proof of financial responsibility for the future." [1980 c 117 § 4; 1967 ex.s. c 3 § 2; 1963 c 169 § 26.]

Effective date—1980 c 117: See note following RCW 48.22.030.

46.29.270 Meaning of "judgment" and "state." The following words and phrases when used in this chapter shall, for the purpose of this chapter, have the meanings respectively ascribed to them in this section.

(1) The term "judgment" shall mean: Any judgment which shall have become final by expiration without appeal of the time within which an appeal might have been perfected, or by final affirmation on appeal, rendered by a court of competent jurisdiction of any state or of the United States, upon a cause of action arising out of the ownership, maintenance or use of any vehicle of a type subject to registration under the laws of this state, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damages.

(2) The term "state" shall mean: Any state, territory, or possession of the United States, the District of Columbia, or any province of the Dominion of Canada. [1963 c 169 § 27.]

46.29.280 Suspension continues until proof furnished. Whenever, under any law of this state, the license of any person is suspended or revoked by reason of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed, the suspension or revocation hereinafter required shall remain in effect and the department shall not issue to such person any new or renewal of license until permitted under the motor vehicle laws of this state, and not then unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. Upon receiving notice of the termination or cancellation of proof of financial responsibility for the future, the department shall resuspend or revoke the person's driving privilege until the person again gives and thereafter maintains proof of financial responsibility for the future. [1985 c 157 § 1; 1979 ex.s. c 136 § 64; 1963 c 169 § 28.]

Effective date—Severability—1979 ex.s. c 136: See notes following RCW 46.63.010.

46.29.290 Action in respect to unlicensed person. If a person has no license, but by final order or judgment is convicted of or forfeits any bail or collateral deposited to secure an appearance for trial for any offense requiring the suspension or revocation of license, no license shall be thereafter issued to such person unless he shall give and thereafter maintain proof of financial responsibility for the future. [1965 c 124 § 5; 1963 c 169 § 29.]

46.29.300 Action in respect to nonresidents. Whenever the department suspends or revokes a nonresident's driving privilege by reason of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed such privilege shall remain so suspended or revoked unless such person shall have previously given or shall immediately give and thereafter maintain proof of
financial responsibility for the future. [1979 ex.s. c 136 § 65; 1967 c 32 § 39; 1963 c 169 § 30.]

Effective date—Severability—1979 ex.s. c 136: See notes following RCW 46.63.010.

46.29.310 When courts to report nonpayment of judgments. Whenever any person fails within thirty days to satisfy any judgment, then it shall be the duty of the clerk of the court, or of the judge of a court which has no clerk, in which any such judgment is rendered within this state to forward immediately to the department the following:

(1) A certified copy or abstract of such judgment;
(2) A certificate of facts relative to such judgment;
(3) Where the judgment is by default, a certified copy or abstract of that portion of the record which indicates the manner in which service of summons was effectuated and all the measures taken to provide the defendant with timely and actual notice of the suit against him. [1969 ex.s. c 44 § 1; 1963 c 169 § 31.]

46.29.320 Further action with respect to nonresidents. If the defendant named in any certified copy or abstract of a judgment reported to the department is a nonresident, the department shall transmit those certificates furnished to it under RCW 46.29.310 to the official in charge of the issuance of licenses and registrations of the state of which the defendant is a resident. [1969 ex.s. c 44 § 2; 1963 c 169 § 32.]

46.29.330 Suspension for nonpayment of judgments—Hearing after default judgment. The department upon receipt of the certificates provided for by RCW 46.29.310, on a form provided by the department, shall forthwith suspend the license and any nonresident's driving privilege of any person against whom such judgment was rendered, except as hereinafter otherwise provided in this section or in other sections of this chapter.

When the certificates transmitted to the department under RCW 46.29.310 indicate that a default judgment has been entered against the defendant but do not indicate clearly that service of summons was on the person of the defendant, then the department shall promptly notify the defendant by first class mail addressed to the address in the department's records under RCW 46.20.205 (if a nonresident, then to the comparable record in his home state) that within twenty-five days of the mailing date, which shall be indicated on the notice, he may request a hearing on the question of the suspension of his license or nonresident driving privilege. If the defendant does not make a timely request for a hearing, then the suspension shall be forthwith executed. Should a hearing be timely requested, then the department shall convene a hearing in conformity with chapter 34.05 RCW, as now in effect or as hereafter amended. The defendant's license or nonresident driving privilege shall not be suspended if at such hearing he overcomes the following presumptions:

(a) That he received actual and timely notice of the suit against him.

(b) That he would have received actual and timely notice had he conformed to the provisions of RCW 46.20.205.
(c) That he would have received actual and timely notice had he not thwarted the attempt or attempts to so notify him. [1969 ex.s. c 44 § 3; 1967 c 32 § 40; 1963 c 169 § 33.]

46.29.340 Exception in relation to government vehicles. The provisions of RCW 46.29.330 shall not apply with respect to any such judgment arising out of an accident caused by the ownership or operation, with permission, of a vehicle owned or leased to the United States, this state or any political subdivision of this state or a municipality thereof. [1963 c 169 § 34.]

46.29.350 Exception when consent granted by judgment creditor. If the judgment creditor consents in writing, in such form as the department may prescribe, that the judgment debtor be allowed a license or nonresident's driving privilege, the same may be allowed by the department, in its discretion, for six months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in RCW 46.29.400, provided the judgment debtor furnishes proof of financial responsibility. [1967 c 32 § 41; 1963 c 169 § 35.]

46.29.360 Exception when insurer liable. No license or nonresident's driving privilege of any person shall be suspended under the provisions of this chapter if the department shall find that an insurer was obligated to pay the judgment upon which suspension is based, at least to the extent and for the amounts required in this chapter, but has not paid such judgment for any reason. A finding by the department that an insurer is obligated to pay a judgment shall not be binding upon such insurer and shall have no legal effect whatever except for the purpose of administering this section. If the department finds that no insurer is obligated to pay such a judgment, the judgment debtor may file with the department a written notice of his intention to contest such finding by an action in the superior court. In such a case the license or the nonresident's driving privilege of such judgment debtor shall not be suspended by the department under the provisions of this chapter for thirty days from the receipt of such notice nor during the pendency of any judicial proceedings brought in good faith to determine the liability of an insurer so long as the proceedings are being diligently prosecuted to final judgment by such judgment debtor. Whenever in any judicial proceedings it shall be determined by any final judgment, decree or order that an insurer is not obligated to pay any such judgment, the department, notwithstanding any contrary finding theretofore made by it, shall forthwith suspend the license and any nonresident's driving privilege of any person against whom such judgment was rendered, as provided in RCW 46.29.330. [1967 c 32 § 42; 1963 c 169 § 36.]

(1989 Ed.)
46.29.370 Suspension continues until judgments paid and proof given. Such license and nonresident's driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until every such judgment is stayed, satisfied in full or to the extent hereinafter provided and until the said person gives proof of financial responsibility subject to the exemptions stated in RCW 46.29.350, 46.29.360 and 46.29.400. [1967 c 32 § 43; 1963 c 169 § 37.]

46.29.390 Payments sufficient to satisfy requirements. (1) Judgments herein referred to are, for the purpose of this chapter only, deemed satisfied:
   (a) When twenty-five thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of one person as the result of any one accident; or
   (b) When, subject to such limit of twenty-five thousand dollars because of bodily injury to or death of one person, the sum of fifty thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of bodily injury to or death of two or more persons as the result of any one accident; or
   (c) When ten thousand dollars has been credited upon any judgment or judgments rendered in excess of that amount because of injury to or destruction of property of others as a result of any one accident.

   (2) Payments made in settlements of any claims because of bodily injury, death, or property damage arising from such accident shall be credited in reduction of the amounts provided for in this section. [1980 c 117 § 5; 1979 c 61 § 14; 1967 ex.s. c 3 § 3; 1963 c 169 § 39.]

Effective date—1980 c 117: See note following RCW 48.22.030.

Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.

46.29.400 Installment payment of judgments—Default. (1) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

   (2) The department shall not suspend a license or nonresident's driving privilege, and shall restore any license or nonresident's driving privilege suspended following nonpayment of a judgment, when the judgment debtor gives proof of financial responsibility and obtain such an order permitting the payment of such judgment in installments, and while the payment of any said installments is not in default. [1967 c 32 § 44; 1963 c 169 § 40.]

46.29.410 Action if breach of agreement. In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the department shall forthwith suspend the license or nonresident's driving privilege of the judgment debtor until such judgment is satisfied, as provided in this chapter. [1967 c 32 § 45; 1963 c 169 § 41.]

46.29.420 Proof required in addition to deposit of security after accident. Any person required to deposit security under RCW 46.29.070, for the benefit or protection of another person injured or damaged in an accident, shall in addition be required to give proof of financial responsibility for the future. The department shall give written notice of such additional requirement to every such person at the time and in the manner provided in RCW 46.29.070 for giving notice of the requirement for security. [1963 c 169 § 42.]

46.29.430 Additional proof required—Suspension or revocation for failure to give proof. In the event that any person required to give proof of financial responsibility under RCW 46.29.420 fails to give such proof within twenty days after the department has sent notice as hereinafter provided, the department shall suspend, or continue in effect any existing suspension or revocation of, the license or any nonresident's driving privilege of such person. [1987 c 371 § 1; 1967 c 32 § 46; 1963 c 169 § 43.]

46.29.440 Additional proof required—Suspension to continue until proof given and maintained. Such license or nonresident's driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person or may issue a new license containing such restrictions. [1967 c 32 § 47; 1965 c 124 § 6; 1963 c 169 § 44.]

46.29.450 Alternate methods of giving proof. Proof of financial responsibility when required under this chapter, with respect to such a vehicle or with respect to a person who is not the owner of such a vehicle, may be given by filing:
   (1) A certificate of insurance as provided in RCW 46.29.460 or 46.29.470;
   (2) A bond as provided in RCW 46.29.520;
   (3) A certificate of deposit of money or securities as provided in RCW 46.29.550; or
   (4) A certificate of self-insurance, as provided in RCW 46.29.630, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, he will pay the same amounts that an insurer would have been obliged to pay under an owner's motor vehicle liability policy if it had issued such a policy to said self-insurer. [1963 c 169 § 45.]

46.29.460 Certificate of insurance as proof. Proof of financial responsibility for the future may be furnished
by filing with the department the written certificate of any insurance carrier duly authorized to do business in this state certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle. [1963 c 169 § 46.]

46.29.470 Certificate furnished by nonresident as proof. A nonresident may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the vehicle, or vehicles, owned by such nonresident is registered, or in the state in which such nonresident resides, if he does not own a vehicle, provided such certificate otherwise conforms with the provisions of this chapter, and the department shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

(1) Said insurance carrier shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state;

(2) Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued therein. [1963 c 169 § 47.]

46.29.480 Default by nonresident insurer. If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the department shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues. [1963 c 169 § 48.]

46.29.490 "Motor vehicle liability policy" defined. (1) Certification. A "motor vehicle liability policy" as said term is used in this chapter means an "owner's policy" or an "operator's policy" of liability insurance, certified as provided in RCW 46.29.460 or 46.29.470 as proof of financial responsibility for the future, and issued, except as otherwise provided in RCW 46.29.470, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named in the policy as insured.

(2) Owner's policy. Such owner's policy of liability insurance:

(a) Shall designate by explicit description or by appropriate reference all vehicles with respect to which coverage is to be granted by the policy; and

(b) Shall insure the person named therein and any other person, as insured, using any such vehicle or vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of such vehicle or vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such vehicle as follows: Twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and ten thousand dollars because of injury to or destruction of property of others in any one accident.

(3) Operator's policy. Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him by law for damages arising out of the use by him of any motor vehicle not owned by him, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(4) Required statements in policies. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided under the policy in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

(5) Policy need not insure workers' compensation, etc. Such motor vehicle liability policy need not insure any liability under any workers' compensation law nor any liability on account of bodily injury or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

(6) Provisions incorporated in policy. Every motor vehicle liability policy is subject to the following provisions which need not be contained therein:

(a) The liability of the insurance carrier with respect to the insurance required by this chapter becomes absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his behalf and no violation of said policy defeats or voids said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

(c) The insurance carrier may settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof is deductible from the limits of liability specified in subdivision (b) of subsection (2) of this section.
(d) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this chapter constitutes the entire contract between the parties.

(7) Excess or additional coverage. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and such excess or additional coverage is not subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" applies only to that part of the coverage which is required by this section.

(8) Reimbursement provision permitted. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

(9) Proration of insurance permitted. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(10) Multiple policies. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carrier which policies together meet such requirements.

(11) Binders. Any binder issued pending the issuance of a motor vehicle liability policy is deemed to fulfill the requirements for such a policy. [1980 c 117 § 6; 1967 ex.s. c 3 § 4; 1963 c 169 § 49.]

Effective date—1980 c 117: See note following RCW 48.22.030.
Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.

46.29.500 Notice of cancellation or termination of certified policy. When an insurance carrier has certified a motor vehicle liability policy under RCW 46.29.460 or 46.29.470 the insurance so certified shall not be canceled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified shall be filed in the department, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any vehicle designated in both certificates. [1963 c 169 § 50.]

46.29.510 Chapter not to affect other policies. (1) This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

(2) This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on his behalf of vehicles not owned by the insured. [1963 c 169 § 51.]

46.29.520 Bond as proof. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge of the superior court, which said bond shall be conditioned for payment of the amounts specified in RCW 46.29.260. Such bond shall be filed with the department and shall not be cancellable except after ten days written notice to the department. [1963 c 169 § 52.]

46.29.530 When bond constitutes a lien. Before a bond with individual sureties is accepted by the department it shall be recorded as other instruments affecting real property in the county or counties wherein any real estate scheduled in such bond is located. Such bond shall constitute a lien from the date of such recording in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a vehicle of a type subject to registration under the laws of this state after such bond was filed. [1963 c 169 § 53.]

46.29.540 Action on bond. If a judgment, rendered against the principal on any bond described in RCW 46.29.520, shall not be satisfied within thirty days after it has become final, the judgment creditor may, for his own use and benefit and at his sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. Such an action to foreclose a lien shall be prosecuted in the same manner as an action to foreclose a mortgage on real estate. [1963 c 169 § 54.]

46.29.550 Money or securities as proof. Proof of financial responsibility may be evidenced by the certificate of the state treasurer that the person named therein has deposited with him sixty thousand dollars in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of sixty thousand dollars. The state treasurer shall not accept such deposit and issue a certificate therefor and the department shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides. [1980 c 117 § 7; 1967 ex.s. c 3 § 5; 1963 c 169 § 55.]

Effective date—1980 c 117: See note following RCW 48.22.030.
Effective date—1967 ex.s. c 3: See note following RCW 46.29.090.

(1989 Ed.)
46.29.560 Application of deposit. Such deposit shall be held by the state treasurer to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a vehicle of a type subject to registration under the laws of this state after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid. Any interest or other income accruing to such money or securities, so deposited, shall be paid by the state treasurer to the depositor, or his order, as received. [1963 c 169 § 56.]

46.29.570 Owner may give proof for others. The owner of a motor vehicle may give proof of financial responsibility on behalf of his employee or a member of his immediate family or household in lieu of the furnishing of proof by any said person. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person, or may issue a new license containing such restrictions. [1963 c 169 § 57.]

46.29.580 Substitution of proof. The department shall consent to the cancellation of any bond or certificate of insurance or the department shall direct and the state treasurer shall return any money or securities to the person entitled thereto upon the substitution and acceptance of other adequate proof of financial responsibility pursuant to this chapter. [1963 c 169 § 58.]

46.29.590 Other proof required, when. Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the department shall, for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration pending the filing of such other proof. [1963 c 169 § 59.]

46.29.600 Duration of proof—When proof may be canceled or returned. (1) The department shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the department shall direct and the state treasurer shall return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the department shall waive the requirement of filing proof, in any of the following events:

(a) At any time after three years from the date such proof was required when, during the three-year period preceding the request, the department has not received record of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed which would require or permit the suspension or revocation of the license of the person by or for whom such proof was furnished; or

(b) In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

(c) In the event the person who has given proof surrenders his license to the department;

(2) Provided, however, that the department shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon any such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has within one year immediately preceding such request been involved as a driver or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he has been released from all of his liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

(3) Whenever any person whose proof has been canceled or returned under subdivision (1)(c) of this section applies for a license within a period of three years from the date proof was originally required, any such application shall be refused unless the applicant shall reestablish such proof for the remainder of such three-year period. [1979 ex.s. c 136 § 66; 1963 c 169 § 60.]

Effective date—Severability—1979 ex.s. c 136: See notes following RCW 46.63.010.

VIOLATIONS OF THIS CHAPTER

46.29.605 Suspension of registration, notice—Surrender of license plates—Penalties. (1) Whenever the involvement in a motor vehicle accident in this state results in the driving privilege of a person being suspended for failure to pay a judgment or deposit security, the department shall suspend the Washington registration of the motor vehicle if the person driving at the time of the accident was also the registered owner of the motor vehicle.

(2) A notice of suspension shall be mailed by first class mail to the owner's last known address of record in the department and shall be effective notwithstanding the owner's failure to receive the notice.

(3) Upon suspension of the registration of a motor vehicle, the registered owner shall surrender all vehicle license plates registered to the vehicle. The department shall destroy the license plates and, upon reinstatement of the registration, shall issue new vehicle license plates as provided in RCW 46.16.270.

MISCELLANEOUS PROVISIONS RELATING TO FINANCIAL RESPONSIBILITY

46.29.630 Self-insurers. (1) Any person in whose name more than twenty-five vehicles are registered in this state may qualify as a self-insurer by obtaining a certificate of self-insurance issued by the department as provided in subsection (2) of this section.

(2) The department may, in its discretion, upon the application of such a person, issue a certificate of self-insurance when it is satisfied that such person is possessed and will continue to be possessed of ability to pay judgment obtained against such person. Such certificate may be issued authorizing a person to act as a self-insurer for either property damage or bodily injury, or both.

(3) Upon not less than five days' notice and a hearing pursuant to such notice, the department may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within thirty days after, such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance. [1963 c 169 § 63.]

46.29.640 Chapter not to prevent other process. Nothing in this chapter shall be construed as preventing the plaintiff in any action at law from relying for relief upon the other processes provided by law. [1963 c 169 § 64.]

Sections
46.30.010  Legislative intent.
46.30.020  Liability insurance or other financial responsibility required—Violations—Exceptions.
46.30.030  Display of identification card or proof of financial responsibility—Penalty for falsification.
46.30.900  Severability—1989 c 353.
46.30.901  Effective date—1989 c 353.

46.30.010  Legislative intent. It is a privilege granted by the state to operate a motor vehicle upon the highways of this state. The legislature recognizes the threat that uninsured drivers are to the people of the state. In order to alleviate the threat posed by uninsured drivers it is the intent of the legislature to require that all persons driving vehicles registered in this state satisfy the financial responsibility requirements of this chapter. By enactment of this chapter it is not the intent of the legislature to modify, amend, or invalidate existing insurance contract terms, conditions, limitations, or exclusions or to preclude insurance companies from using similar terms, conditions, limitations, or exclusions in future contracts. [1989 c 353 § 1.]

Report on uninsured motorists: "The director of licensing shall compile records on uninsured motorists and file a report with the legislature after accumulating data for twelve months after January 1, 1990." [1989 c 353 § 9.]

46.30.020  Liability insurance or other financial responsibility required—Violations—Exceptions. (1) No person may operate a motor vehicle subject to registration under chapter 46.16 RCW in this state unless the person is insured under a motor vehicle liability policy with liability limits of at least the amounts provided in RCW 46.29.090, is self-insured as provided in RCW 46.29.630, is covered by a certificate of deposit in conformance with RCW 46.29.550, or is covered by a liability bond of at least the amounts provided in RCW 46.29.090.

(2) A violation of this section constitutes a traffic infraction punishable by a fine of two hundred and fifty dollars unless a court determines that in the interest of justice the fine should be reduced. In lieu of the fine, a court may permit the defendant to perform community service designated by the court.

(3) If a person cited for a violation of this section appears in person before the court and provides written evidence that at the time the person was cited, he or she was in compliance with this section, the citation shall be dismissed. In lieu of personal appearance, a person cited for a violation of this section may, before the date scheduled for the person's appearance before the court, submit by mail to the court written evidence that at the time the person was cited, he or she was in compliance with this section, in which case the citation shall be dismissed.

(4) The provisions of this chapter shall not govern:

(a) The operation of a motor vehicle registered under RCW 46.16.310 or 46.16.315, governed by RCW 46.16.020, registered with the Washington utilities and transportation commission as common or contract carriers; or

(b) The operation of a motorcycle as defined in RCW 46.04.330, a motor-driven cycle as defined in RCW 46.04.332, or a moped as defined in RCW 46.04.304.

(5) RCW 46.29.490 shall not be deemed to govern all motor vehicle liability policies required by this chapter but only those certified for the purposes stated in chapter 46.29 RCW. [1989 c 353 § 2.]

Notice of liability insurance requirement: RCW 46.16.212.

46.30.030  Insurance identification card. (1) Whenever an insurance company issues or renews a motor vehicle liability insurance policy, the company shall provide the policyholder with an identification card as specified by the department of licensing. At the policyholder's request, the insurer shall provide the policyholder a card for each vehicle covered under the policy.

(2) The department of licensing shall adopt rules specifying the type, style, and content of insurance identification cards to be used for proof of compliance with RCW 46.30.020, including the method for issuance of such identification cards by persons or organizations providing proof of compliance through self-insurance, certificate of deposit, or bond. In adopting such rules the department shall consider the guidelines for insurance identification cards developed by the insurance industry committee on motor vehicle administration. [1989 c 353 § 3.]

46.30.040  Display of identification card or proof of financial responsibility—Penalty for falsification. (1) Whenever a person operates a motor vehicle subject to registration under chapter 46.16 RCW, the person shall have in his or her possession an identification card as specified by the department of licensing, which shall be displayed to a law enforcement officer.

(2) Every person who drives a motor vehicle required to be registered in another state that requires drivers and owners of vehicles in that state to maintain insurance or financial responsibility shall, when requested by a law enforcement officer, provide evidence of financial responsibility or insurance as is required by the laws of the state in which the vehicle is registered.

(3) Any person who knowingly provides false evidence of financial responsibility to a law enforcement officer or to a court, including an expired or canceled insurance policy, bond, or certificate of deposit is guilty of a misdemeanor. [1989 c 353 § 4.]

46.30.900  Severability—1989 c 353. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 353 § 12.]

46.30.901  Effective date—1989 c 353. This act shall take effect January 1, 1990. The director of the department of licensing may immediately take such
steps as are necessary to ensure that this act is implemented on its effective date. [1989 c 353 § 13.]

46.37.010 Scope and effect of regulations—General penalty. (1) It is a traffic infraction for any person to drive or move or for the owner to cause or knowingly permit to be driven or moved on any highway any vehicle or combination of vehicles which is in such unsafe condition as to endanger any person, or which does not contain those parts or is not at all times equipped with such lamps and other equipment in proper condition and adjustment as required in this chapter or in regulations issued by the chief of the Washington state patrol, or which is equipped in any manner in violation of this chapter or the state patrol's regulations, or for any person to do any act forbidden or fail to perform any act required under this chapter or the state patrol's regulations.

(2) Nothing contained in this chapter or the state patrol's regulations shall be construed to prohibit the use of additional parts and accessories on any vehicle not inconsistent with the provisions of this chapter or the state patrol's regulations.

(3) The provisions of the chapter and the state patrol's regulations with respect to equipment on vehicles shall not apply to implements of husbandry, road machinery, road rollers, or farm tractors except as herein made applicable.

(4) No owner or operator of a farm tractor, self-propelled unit of farm equipment, or implement of husbandry shall be guilty of a crime or subject to penalty for violation of RCW 46.37.160 as now or hereafter amended unless such violation occurs on a public highway.

approval has been issued of the state patrol's intention to suspend or revoke the certificate of approval for such device in this state.

(2) If at the expiration of ninety days after such notice the person holding the certificate of approval for such device has failed to satisfy the state patrol that said approved device as thereafter to be sold or offered for sale meets the requirements of this chapter or the state patrol's regulations, the state patrol shall suspend or revoke the approval issued therefor and shall require the withdrawal of all such devices from the market and may require that all said devices sold since the notification be replaced with devices that do comply.

(3) When a certificate of approval has been suspended or revoked pursuant to this chapter or regulations by the state patrol, the device shall not be again approved unless and until it has been submitted for reapproval and it has been demonstrated, in the same manner as in an application for an original approval, that the device fully meets the requirements of this chapter or regulations issued by the state patrol. Severability—1977 ex.s. c 355: See note following RCW 46.37.010.

46.37.340 Braking equipment required. Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of such vehicle operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(1) Service brakes—adequacy. Every such vehicle and combination of vehicles, except special mobile equipment as defined in RCW 46.04.552, shall be equipped with service brakes complying with the performance requirements of RCW 46.37.351 and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(2) Parking brakes—adequacy. Every such vehicle and combination of vehicles shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors, and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

(a) Trailers, semitrailers, or pole trailers of a gross weight not exceeding three thousand pounds, provided that:

(i) The total weight on and including the wheels of the trailer or trailers shall not exceed forty percent of the gross weight of the towing vehicle when connected to the trailer or trailers; and

(ii) The combination of vehicles consisting of the towing vehicle and its total towed load, is capable of complying with the performance requirements of RCW 46.37.351;

(b) Trailers, semitrailers, or pole trailers manufactured and assembled prior to July 1, 1965, shall not be required to be equipped with brakes when the total weight on and including the wheels of the trailer or trailers does not exceed two thousand pounds;

(c) Any vehicle being towed in driveway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of RCW 46.37.351;

(d) Trucks and truck tractors manufactured before July 25, 1980, and having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes.

Trucks and truck tractors manufactured on or after July 25, 1980, and having three or more axles are required to have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes.

Such trucks and truck tractors may be equipped with an automatic device to reduce the front-wheel braking effort by up to fifty percent of the normal braking force, regardless of whether or not antilock system failure has occurred on any axle, and:

(i) Must not be operable by the driver except upon application of the control that activates the braking system; and

(ii) Must not be operable when the pressure that transmits brake control application force exceeds eighty–five pounds per square inch (psi) on air–mechanical braking systems, or eighty–five percent of the maximum system pressure in vehicles utilizing other than compressed air.

All trucks and truck tractors having three or more axles must be capable of complying with the performance requirements of RCW 46.37.351;

(e) Special mobile equipment as defined in RCW 46.04.552 and all vehicles designed primarily for off-
highway use with braking systems which work within the power train rather than directly at each wheel;

(f) Vehicles manufactured prior to January 1, 1930, may have brakes operating on only two wheels.

(g) For a forklift manufactured after January 1, 1970, and being towed, wheels need not have brakes except for those on the rearmost axle so long as such brakes, together with the brakes on the towing vehicle, shall be adequate to stop the combination within the stopping distance requirements of RCW 46.37.351.

4 Automatic trailer brake application upon breakaway. Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of three thousand pounds, manufactured or assembled after January 1, 1964, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen minutes, upon breakaway from the towing vehicle.

5 Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1964, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

6 Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1964, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

7 Two means of emergency brake operation.

(a) Air brakes. After January 1, 1964, every towing vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, and all other vehicles equipped with air controlled brakes, shall be equipped with two means for emergency application of the brakes. One of these means shall apply the brakes automatically in the event of a reduction of the vehicle's air supply to a fixed pressure which shall be not lower than twenty pounds per square inch nor higher than forty-five pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Vacuum brakes. After January 1, 1964, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (8) of this section, a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

8 Single control to operate all brakes. After January 1, 1964, every motor vehicle, trailer, semitrailer, and pole trailer, and every combination of such vehicles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control in the towing vehicle.

9 Reservoir capacity and check valve.

(a) Air brakes. Every bus, truck, or truck tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without lowering such reservoir pressure by more than twenty percent. Each reservoir shall be provided with means for readily draining accumulated oil or water.

(b) Vacuum brakes. After January 1, 1964, every truck with three or more axles equipped with vacuum assist type brakes and every truck tractor and truck used for towing a vehicle equipped with vacuum brakes shall be equipped with a reserve capacity or a vacuum reservoir sufficient to insure that, with the reserve capacity or reservoir fully charged and with the engine stopped, a full service brake application may be made without depleting the vacuum supply by more than forty percent.

(c) Reservoir safeguarded. All motor vehicles, trailers, semitrailers, and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section, shall have such reservoirs or reserve capacity so safeguarded by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed air or vacuum, the stored air or vacuum shall not be depleted by the leak or failure.

10 Warning devices.

(a) Air brakes. Every bus, truck, or truck tractor using compressed air for the operation of its own brakes or the brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the primary supply air reservoir pressure of the vehicle is below fifty percent of the air compressor governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure gauge visible to the driver, which indicates in pounds per square inch the pressure available for braking.

(b) Vacuum brakes. After January 1, 1964, every truck tractor and truck used for towing a vehicle equipped with vacuum operated brakes and every truck with three or more axles using vacuum in the operation
of its brakes, except those in driveaway or towaway operations, shall be equipped with a warning signal, other than a gauge indicating vacuum, readily audible or visible to the driver, which will operate at any time the vacuum in the vehicle's supply reservoir or reserve capacity is less than eight inches of mercury.

(c) Combination of warning devices. When a vehicle required to be equipped with a warning device is equipped with both air and vacuum power for the operation of its own brakes or the brakes on a towed vehicle, the warning devices may be, but are not required to be, combined into a single device which will serve both purposes. A gauge or gauges indicating pressure or vacuum shall not be deemed to be an adequate means of satisfying this requirement. [1989 c 221 § 1; 1979 c 11 § 1. ### 46.37.351 Performance ability of brakes

Every motor vehicle and combination of vehicles, at all times and under all conditions of loading, upon application of the service brakes, shall be capable of:

1. Developing a braking force that is not less than the percentage of its gross weight tabulated herein for its classification.
2. Decelerating to a stop from not more than twenty miles per hour at not less than the feet per second per second tabulated herein for its classification, and
3. Stopping from a speed of twenty miles per hour in not more than the distance tabulated herein for its classification, such distance to be measured from the point at which movement of the service brake pedal or control begins.

Tests for deceleration and stopping distance shall be made on a substantially level (not to exceed plus one percent grade), dry, smooth, hard surface that is free from loose material.

### 46.37.360 Maintenance of brakes—Brake system failure indicator.

(1) All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the front and back wheels and to wheels on opposite sides of the vehicle.

(2) All passenger cars manufactured on or after January 1, 1968, and other types of vehicles manufactured on or after September 1, 1975, shall be equipped with brake system failure indicator lamps which shall be maintained in good working order. The brake system shall demonstrate good working order and integrity by the application of a force of one hundred twenty–five pounds to the brake pedal for ten seconds without the occurrence of any of the following:

i. Illumination of the brake system failure indicator lamp;

ii. A decrease of more than eighty percent of service brake pedal height as measured from its free position to
the floorboard or any other object which restricts service brake pedal travel;

(iii) Failure of any hydraulic line or other part.

(3) Brake hoses shall not be mounted so as to contact the vehicle body or chassis. In addition, brake hoses shall not be cracked, chafed, flattened, abraded, or visibly leaking. Protection devices such as "rub rings" shall not be considered part of the hose or tubing.

(4) Disc and drum condition. If the drum is embossed with a maximum safe diameter dimension or the rotor is embossed with a minimum safety thickness dimension, the drum or disc shall be within the appropriate specifications. These dimensions will be found on motor vehicles manufactured since January 1, 1971, and may be found on vehicles manufactured for several years prior to that time. If the drums and discs are not embossed, the drums and discs shall be within the manufacturer's specifications.

(5) Friction materials. On each brake the thickness of the lining or pad shall not be less than one thirty-second of an inch over the rivet heads, or the brake shoe on bonded linings or pads. Brake linings and pads shall not have cracks or breaks that extend to rivet holes except minor cracks that do not impair attachment. Drum brake linings shall be securely attached to brake shoes. Disc brake pads shall be securely attached to shoe plates.

(6) Backing plates and caliper assemblies shall not be deformed or cracked. System parts shall not be broken, misaligned, missing, binding, or show evidence of severe wear. Automatic adjusters and other parts shall be assembled and installed correctly. [1977 c 355 § 28; 1961 c 12 § 46.37.360. (2) Hydraulic brake fluid shall be distributed and serviced with due regard for the safety of the occupants of the vehicle and the public.

(3) The chief of the Washington state patrol shall, in compliance with the provisions of chapter 34.05 RCW, the administrative procedure act, which govern the adoption of rules, adopt and enforce regulations for the administration of this section and shall adopt and publish standards and specifications for hydraulic brake fluid which shall correlate with, and so far as practicable conform to, the then current standards and specifications of the society of automotive engineers applicable to such fluid.

(4) No person shall distribute, have for sale, offer for sale, or sell any hydraulic brake fluid unless it complies with the requirements of this section and the standard specifications adopted by the state patrol. No person shall service any vehicle with brake fluid unless it complies with the requirements of this section and the standards and specifications adopted by the state patrol.

(5) Subsections (3) and (4) of this section shall not apply to petroleum base fluids in vehicles with brake systems designed to use them. [1987 c 330 § 719; 1977 ex.s. c 355 § 29; 1963 c 154 § 24.]

(a) Incorporate winged projections; or

(b) Constitute a hazard to pedestrians and cyclists.

For the purposes of this section, a wheel nut is defined as an exposed nut which is mounted at the center or hub of a wheel, and is not one of the ordinary hexagonal nuts which secure a wheel to an axle and are normally covered by a hub cap or wheel disc.

(2) Tire rims and wheel discs shall have no visible cracks, elongated bolt holes, or indications of repair by welding. In addition, the lateral and radial runout of each rim bead area shall not exceed one-eighth of an inch of total indicated runout.

(1) Every motor vehicle when operated upon a highway shall be equipped with a horn in good working order and capable of emitting sound audible under normal conditions from a distance of not less than two hundred feet, but no horn or other warning device may emit an unreasonably loud or harsh sound or a whistle. The driver of a motor vehicle shall when reasonably necessary to insure safe operation give audible warning with his horn but shall not otherwise use such horn when upon a highway.

(2) No vehicle may be equipped with nor may any person use upon a vehicle any siren, whistle, or bell, except as otherwise permitted in this section.

(3) It is permissible for any vehicle to be equipped with a theft alarm signal device so long as it is so arranged that it cannot be used by the driver as an ordinary warning signal. Such a theft alarm signal device may use a whistle, bell, horn, or other audible signal but shall not use a siren.

(4) Any authorized emergency vehicle may be equipped with a siren, whistle, or bell capable of emitting sound audible under normal conditions from a distance of not less than five hundred feet and of a type conforming to rules adopted by the state patrol, but the siren shall not be used except when the vehicle is operated in response to an emergency call or in the immediate pursuit of an actual or suspected violator of the law, in which latter events the driver of the vehicle shall sound the siren when reasonably necessary to warn pedestrians and other drivers of its approach. (2) No tire on a vehicle moved on a highway may have on its periphery any block, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery with tires having protuberances that will not injure the highway, and except also that it is permissible to use tire chains or metal studs imbedded within the tire of reasonable proportions and of a type conforming to rules adopted by the state patrol, upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. It is unlawful to use metal studs imbedded within the tire between April 1st and November 1st. The state department of transportation may, from time to time, determine additional periods in which the use of tires with metal studs imbedded therein is lawful.

(3) The state department of transportation and local authorities in their respective jurisdictions may issue special permits authorizing the operation upon a highway of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks or farm tractors or other farm machinery, the operation of which upon a highway would otherwise be prohibited under this section.

No person shall drive or move or cause to be driven or moved any vehicle, the tires of which have contact with the driving surface of the road, subject to registration in this state, upon the public highways of this state unless such vehicle is equipped with tires in safe operating condition in accordance with requirements established by this section or by the state patrol.

The state patrol shall promulgate rules and regulations setting forth requirements of safe operating condition of tires capable of being employed by a law enforcement officer by visual inspection of tires mounted on vehicles including visual comparison with simple measuring gauges. These rules shall include effects of tread wear and depth of tread.

A tire shall be considered unsafe if it has:
(1) Any ply or cord exposed either to the naked eye or when cuts or abrasions on the tire are probed; or
(2) Any bump, bulge, or knot, affecting the tire structure; or
(3) Any break repaired with a boot; or

(2) The term "safety glazing materials" means glazing materials so constructed, treated, or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(3) The director of licensing shall not register any motor vehicle which is subject to the provisions of this
section unless it is equipped with an approved type of safety glazing material, and he shall suspend the registration of any motor vehicle so subject to this section which he finds is not so equipped until it is made to conform to the requirements of this section.

(4) No person may sell or offer for sale, nor may any person operate a motor vehicle registered in this state which is equipped with, any camper manufactured after May 23, 1969, unless such camper is equipped with safety glazing material of a type conforming to rules adopted by the state patrol wherever glazing materials are used in outside windows and doors.

(5) No tinting or coloring material that reduces light transmittance to any degree may be applied to the surface of the safety glazing material in a motor vehicle unless it meets the following standards for such material:

(a) The maximum level of film sunscreening material to be applied to windshields and any windows shall have a total reflectance of thirty-five percent or less, plus or minus three percent, and a light transmission of thirty-five percent or more, plus or minus three percent, when measured in conjunction with the safety glazing material.

(b) This section shall permit a greater degree of light reduction on all windows of a vehicle operated by or carrying as a passenger a person who possesses a written verification from a licensed physician that the operator or passenger must be protected from exposure to sunlight for physical or medical reasons.

(c) Windshield application. The application of sunscreening material is restricted to the top six-inch area of a vehicle's windshield.

(d) If sunscreening material is applied to the rearview window, outside mirrors on both the left and right sides shall be located so as to reflect to the driver a view of the roadway, through each mirror, a distance of at least two hundred feet to the rear of the vehicle.

(e) The following types of colors of sunscreening material are not permitted:

(i) Mirror finish products;

(ii) Red, gold, yellow, or black material; or

(iii) Sunscreening material that is in liquid preapplication form and brushed or sprayed on.

Nothing in this section prohibits the use of shaded or heat–absorbing safety glazing material in which the shading or heat–absorbing characteristics have been applied at the time of manufacture of the safety glazing material and which meet the standards of the state patrol for such safety glazing materials.

(6) It is a misdemeanor for any person to operate a vehicle for use on the public highways of this state, if the vehicle is equipped with tinting or coloring material in violation of this section.

(7) Limousines and passenger buses used to transport persons for compensation are exempt from the requirements of this section. (a) At least three flares or three red electric lanterns or three portable red emergency reflectors, each of which shall be capable of being seen and distinguished at a distance of not less than six hundred feet under normal atmospheric conditions at nighttime.

No flare, fusee, electric lantern, or cloth warning flag may be used for the purpose of compliance with this section unless such equipment is of a type which has been submitted to the state patrol and conforms to rules adopted by it. No portable reflector unit may be used for the purpose of compliance with the requirements of this section unless it is so designed and constructed as to be capable of reflecting red light clearly visible from all distances within six hundred feet to one hundred feet under normal atmospheric conditions at night when directly in front of lawful upper beams of head lamps, and unless it is of a type which has been submitted to the state patrol and conforms to rules adopted by it;

(b) At least three red–burning fuses unless red electric lanterns or red portable emergency reflectors are carried;

(c) At least two red–cloth flags, not less than twelve inches square, with standards to support such flags.

If a lighted red electric lantern or a red portable emergency reflector has been placed at the traffic side of the vehicle in accordance with subdivision (a) of this subsection, it may be used for this purpose.

(2) Whenever any vehicle referred to in this section is disabled within five hundred feet of a curve, hillcrest, or other obstruction to view, the warning signal in that direction shall be so placed as to afford ample warning to other users of the highway, but in no case less than five hundred feet from the disabled vehicle.

(3) Whenever any vehicle of a type referred to in this section is disabled upon any roadway of a divided highway during the time that lights are required, the appropriate warning devices prescribed in subsections (1) and (5) of this section shall be placed as follows:

One at a distance of approximately two hundred feet from the vehicle in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane; one at a distance of approximately one hundred feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane; and one at the traffic side of the vehicle and approximately ten feet from the vehicle in the direction of the nearest approaching traffic.

(4) Whenever any vehicle of a type referred to in this section is disabled upon the traveled portion of a highway or the shoulder thereof outside any municipality at any time when the display of fuses, flares, red electric lanterns, or portable red emergency reflectors is not required, the driver of the vehicle shall display two red flags upon the roadway in the lane of traffic occupied by the disabled vehicle, one at a distance of approximately one hundred feet in advance of the vehicle, and one at a distance of approximately one hundred feet to the rear of the vehicle.

(5) Whenever any motor vehicle used in the transportation of explosives or any cargo tank truck used for the transportation of any flammable liquid or compressed flammable gas, or any motor vehicle using compressed gas as a fuel, is disabled upon a highway of this state at any time or place mentioned in subsection (1) of this section, the driver of such vehicle shall immediately display the following warning devices: One red electric lantern or portable red emergency reflector placed on the roadway at the traffic side of the vehicle, and two red electric lanterns or portable red reflectors, one placed approximately one hundred feet to the front and one placed approximately one hundred feet to the rear of this disabled vehicle in the center of the traffic lane occupied by such vehicle. Flares, fusees, or signals produced by flame shall not be used as warning devices for disabled vehicles of the type mentioned in this subsection.

(6) Whenever any vehicle, other than those described in subsection (1) of this section, is disabled upon the traveled portion of any highway or shoulder thereof outside any municipality, the state patrol or the county sheriff shall, upon discovery of the disabled vehicle, place a reflectorized warning device on the vehicle. The warning device and its placement shall be in accordance with rules adopted by the state patrol. Neither the standards for, placement or use of, nor the lack of placement or use of a warning device under this subsection gives rise to any civil liability on the part of the state of Washington, the state patrol, any county, or any law enforcement agency or officer.

(7) The flares, fusees, red electric lanterns, portable red emergency reflectors, and flags to be displayed as required in this section shall conform with the requirements of RCW 46.37.440 applicable thereto. VEHICLE EQUIPMENT SAFETY COMPACT

ARTICLE I—Findings and Purposes

(a) The party states find that:
(1) Accidents and deaths on their streets and highways present a very serious human and economic problem with a major deleterious effect on the public welfare.
(2) There is a vital need for the development of greater interjurisdictional cooperation to achieve the necessary uniformity in the laws, rules, regulations and codes relating to vehicle equipment, and to accomplish this by such means as will minimize the time between the development of demonstrably and scientifically sound safety features and their incorporation into vehicles.

(b) The purposes of this compact are to:
(1) Promote uniformity in regulation of and standards for equipment.
(2) Secure uniformity of law and administrative practice in vehicular regulation and related safety standards to permit incorporation of desirable equipment changes in vehicles in the interest of greater traffic safety.
(3) To provide means for the encouragement and utilization of research which will facilitate the achievement of the foregoing purposes, with due regard for the findings set forth in subdivision (a) of this Article.

(c) It is the intent of this compact to emphasize performance requirements and not to determine the specific detail of engineering in the manufacture of vehicles or equipment except to the extent necessary for the meeting of such performance requirements.

ARTICLE II—Definitions

As used in this compact:
(a) "Vehicle" means every device in, upon or by which any person or property is or may be transported or drawn upon a highway, excepting devices moved by human power or used exclusively upon stationary rails or tracks.
(b) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.
(c) "Equipment" means any part of a vehicle or any accessory for use thereon which affects the safety of operation of such vehicle or the safety of the occupants.

ARTICLE III—The Commission

(a) There is hereby created an agency of the party states to be known as the "Vehicle Equipment Safety Commission" hereinafter called the Commission. The Commission shall be composed of one commissioner from each party state who shall be appointed, serve and be subject to removal in accordance with the laws of the state which he represents. If authorized by the laws of his party state, a commissioner may provide for the discharge of his duties and the performance of his functions on the Commission, either for the duration of his membership or for any lesser period of time, by an alternate. No such alternate shall be entitled to serve unless notification of his identity and appointment shall have been given to the Commission in such form as the Commission may require. Each commissioner, and each alternate, when serving in the place and stead of a commissioner, shall be entitled to be reimbursed by the Commission for expenses actually incurred in attending Commission meetings or while engaged in the business of the Commission.

(b) The commissioners shall be entitled to one vote each on the Commission. No action of the Commission shall be binding unless taken at a meeting at which a majority of the total number of votes on the Commission are cast in favor thereof. Action of the Commission shall be only at a meeting at which a majority of the commissioners, or their alternates, are present.

(c) The Commission shall have a seal.

(d) The Commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The Commission may appoint an Executive Director and fix his duties and compensation. Such Executive Director shall serve at the pleasure of the Commission, and together with the Treasurer shall be bonded in such amount as the Commission shall determine. The Executive Director also shall serve as secretary. If there be no Executive Director, the Commission shall elect a Secretary in addition to the other officers provided by this subdivision.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the Executive Director with the approval of the Commission, or the Commission if there be no Executive Director, shall appoint, remove or discharge such personnel as may be necessary for the performance of the Commission's functions, and shall fix the duties and compensation of such personnel.

(f) The Commission may establish and maintain independently or in conjunction with any one or more of the party states, a suitable retirement system for its full time employees. Employees of the Commission shall be eligible for social security coverage in respect of old age and survivor's insurance provided that the Commission takes such steps as may be necessary pursuant to the laws of the United States, to participate in such program of insurance as a governmental agency or unit. The Commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The Commission may borrow, accept or contract for the services of personnel from any party state, the United States, or any subdivision or agency of the aforementioned governments, or from any agency of two or more of the party states or their subdivisions.

(h) The Commission may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency and may receive, utilize, and dispose of the same.

(i) The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.
(j) The Commission shall adopt bylaws for the conduct of its business and shall have the power to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto, with the appropriate agency or officer in each of the party states. The bylaws shall provide for appropriate notice to the commissioners of all Commission meetings and hearings and the business to be transacted at such meetings or hearings. Such notice shall also be given to such agencies or officers of each party state as the laws of such party state may provide.

(k) The Commission annually shall make to the governor and legislature of each party state a report covering the activities of the Commission for the preceding year, and embodying such recommendations as may have been issued by the Commission. The Commission may make such additional reports as it may deem desirable.

ARTICLE IV—Research and Testing

The Commission shall have power to:

(a) Collect, correlate, analyze and evaluate information resulting or derivable from research and testing activities in equipment and related fields.

(b) Recommend and encourage the undertaking of research and testing in any aspect of equipment or related matters when, in its judgment, appropriate or sufficient research or testing has not been undertaken.

(c) Contract for such equipment research and testing as one or more governmental agencies may agree to have contracted for by the Commission, provided that such governmental agency or agencies shall make available the funds necessary for such research and testing.

(d) Recommend to the party states changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination in the prevention of equipment-related highway accidents or the mitigation of equipment-related highway safety problems.

ARTICLE V—Vehicular Equipment

(a) In the interest of vehicular and public safety, the Commission may study the need for or desirability of the establishment of or changes in performance requirements or restrictions for any item of equipment. As a result of such study, the Commission may publish a report relating to any item or items of equipment, and the issuance of such a report shall be a condition precedent to any proceedings or other action provided or authorized by this Article. No less than sixty days after the publication of a report containing the results of such study, the Commission upon due notice shall hold a hearing or hearings at such place or places as it may determine.

(b) Following the hearing or hearings provided for in subdivision (a) of this Article, and with due regard for standards recommended by appropriate professional and technical associations and agencies, the Commission may issue rules, regulations or codes embodying performance requirements or restrictions for any item or items of equipment covered in the report, which in the opinion of the Commission will be fair and equitable and effectuate the purposes of this compact.

(c) Each party state obligates itself to give due consideration to any and all rules, regulations and codes issued by the Commission and hereby declares its policy and intent to be the promotion of uniformity in the laws of the several party states relating to equipment.

(d) The Commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this Article to the appropriate motor vehicle agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

(e) If the constitution of a party state requires, or if its statutes provide, the approval of the legislature by appropriate resolution or act may be made a condition precedent to the taking effect in such party state of any rule, regulation or code. In such event, the commissioner of such party state shall submit any Commission rule, regulation or code to the legislature as promptly as may be in lieu of administrative acceptance or rejection thereof by the party state.

(f) Except as otherwise specifically provided in or pursuant to subdivisions (e) and (g) of this Article, the appropriate motor vehicle agency of a party state shall in accordance with its constitution or procedural laws adopt the rule, regulation or code within six months of the sending of the notice, and, upon such adoption, the rule, regulation or code shall have the force and effect of law therein.

(g) The appropriate motor vehicle agency of a party state may decline to adopt a rule, regulation or code issued by the Commission pursuant to this Article if such agency specifically finds, after public hearing on due notice, that a variation from the Commission's rule, regulation or code is necessary to the public safety, and incorporates in such finding the reasons upon which it is based. Any such finding shall be subject to review by such procedure for review of administrative determinations as may be applicable pursuant to the laws of the party state. Upon request, the Commission shall be furnished with a copy of the transcript of any hearings held pursuant to this subdivision.

ARTICLE VI—Finance

(a) The Commission shall submit to the executive head or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the Commission's budgets of estimated expenditures shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The total amount of appropriations under any such budget shall be apportioned among the party states as follows: one-third in equal shares; and the remainder in proportion to the number of motor vehicles registered in each party state. In determining the number of such registrations, the Commission may employ such source or sources of information as, in its
judgment present the most equitable and accurate comparisons among the party states. Each of the Commission's budgets of estimated expenditures and requests for appropriations shall indicate the source or sources used in obtaining information concerning vehicular registrations.

(c) The Commission shall not pledge the credit of any party state. The Commission may meet any of its obligations in whole or in part with funds available to it under Article III (h) of this compact, provided that the Commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the Commission makes use of funds available to it under Article III (h) hereof, the Commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Commission shall be subject to the audit and accounting procedures established under its rules. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual reports of the Commission.

(e) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the Commission.

(f) Nothing contained herein shall be construed to prevent Commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the Commission.

ARTICLE VII—Conflict of Interest

(a) The Commission shall adopt rules and regulations with respect to conflict of interest for the commissioners of the party states, and their alternates, if any, and for the staff of the Commission and contractors with the Commission to the end that no member or employee or contractor shall have a pecuniary or other incompatible interest in the manufacture, sale or distribution of motor vehicles or vehicular equipment or in any facility or enterprise employed by the Commission or on its behalf for testing, conduct of investigations or research. In addition to any penalty for violation of such rules and regulations as may be applicable under the laws of the violator's jurisdiction of residence, employment or business, any violation of a Commission rule or regulation adopted pursuant to this Article shall require the immediate discharge of any violating employee and the immediate vacating of membership, or relinquishing of status as a member on the Commission by any commissioner or alternate. In the case of a contractor, any violation of any such rule or regulation shall make any contract of the violator with the Commission subject to cancellation by the Commission.

(b) Nothing contained in this Article shall be deemed to prevent a contractor for the Commission from using any facilities subject to his control in the performance of the contract even though such facilities are not devoted solely to work of or done on behalf of the Commission; nor to prevent such a contractor from receiving remuneration or profit from the use of such facilities.

ARTICLE VIII—Advisory and Technical Committees

The Commission may establish such advisory and technical committees as it may deem necessary, membership on which may include private citizens and public officials, and may cooperate with and use the services of any such committees and the organizations which the members represent in furthering any of its activities.

ARTICLE IX—Entry Into Force and Withdrawal

(a) This compact shall enter into force when enacted into law by any six or more states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

ARTICLE X—Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. [1963 c 204 § 1.]

46.38.020 Legislative findings. The legislature finds that:

(1) The public safety necessitates the continuous development, modernization and implementation of standards and requirements of law relating to vehicle equipment, in accordance with expert knowledge and opinion.

(2) The public safety further requires that such standards and requirements be uniform from jurisdiction to jurisdiction, except to the extent that specific and compelling evidence supports variation.

(3) The state patrol, acting upon recommendations of the vehicle equipment safety commission and pursuant to the vehicle equipment safety compact provides a just, equitable and orderly means of promoting the public
Chapter 46.39
INTERSTATE COMPACT FOR SCHOOL BUS SAFETY

FINDINGS AND PURPOSES

(a) The party states find that:

(1) School transportation is an integral part of our education systems. The increasing volume of traffic on streets and highways, with larger numbers of school children being transported each year, presents a serious problem in safety that requires regulation and control.

(2) During recent years the various states have each developed their own rules, regulations and standards which govern the operation of school buses in the individual states, thus creating vast differences in construction standards and operational procedures.

(3) Standardization by means of interstate cooperation, exchange of information, and the promulgation of uniform practices among the states can do much to mitigate present hazards and at the same time generate cost reductions and improved service.

(b) The purposes of this compact are to:

(1) Promote uniformity in regulation of and standards for school bus equipment.

(2) Secure uniformity of law and administrative practices in school bus vehicle regulation and related safety standards, incorporating desirable equipment changes in the interest of greater school bus safety.

(3) Establish a means whereby the states party to this compact shall jointly agree on certain school bus minimum standards and procedures including, without limitation by the enumeration, the following:

(i) Items which affect the motorist, such as use of lights, signs, and signaling devices that control traffic;

(ii) Items affecting the school bus;

(iii) Items affecting the general traffic environment.

See notes following RCW 28B.12.090.

ARTICLE III
THE COMMISSION

(a) There is hereby created an agency of the party states to be known as the "Western States School Bus Safety Commission" (hereinafter called the Commission). The Commission shall consist of not less than one nor more than three commissioners from each State, each of whom shall be a citizen of the State from which he is appointed, and not less than one or nor more than three commissioners representing the United States Government. The commissioners from each State shall be chosen in the manner and for the terms provided by the laws of the States from which they shall be appointed, provided that at least one member shall be appointed from the State agency which has primary responsibility for pupil transportation in that State. The commissioners representing the United States shall be appointed by the President of the United States, or in such other manner as may be provided by Congress. The commissioners shall serve without compensation, but shall be paid their actual expenses incurred in and incidental to the performance of their duties; but nothing herein shall prevent the appointment of an officer or employee of any State or of the United States Government.

(b) Each state delegation shall be entitled to one vote, and the presence of commissioners from a majority of the party states shall constitute a quorum for the transaction of business at any meeting of the Commission. A majority vote of the quorum will be required to adopt any measure before the Commission. The commissioners representing the United States Government shall act in an advisory capacity and shall not have voting powers.

(c) The Commission shall have a seal.

(d) The Commission shall elect annually, from among its members, a chairman, a vice chairman, and a treasurer. The Commission shall appoint an Executive Director who shall serve at its pleasure and who shall also act as Secretary, and who, together with the Treasurer, shall be bonded in such amounts as the Commission may require.

(e) The Executive Director, with the approval of the Commission, shall appoint and remove or discharge such personnel as may be necessary for the performance of the Commission's functions irrespective of the civil service, personnel or other merit system laws of any of the party states.

(f) The Commission may establish and maintain, independently or in conjunction with any one or more of the party states, a suitable retirement system for its full-time employees. The Commission may establish and maintain or participate in such additional programs of employee benefits as may be appropriate.

(g) The Commission may borrow, accept, or contract for the services of personnel from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, person, firm or corporation.

(h) The Commission may establish and maintain such facilities as may be necessary for the transacting of its business. The Commission may acquire, hold, and convey real and personal property and any interest therein.

(i) The Commission shall adopt bylaws, rules, and regulations for the conduct of its business, and shall have the power to amend and rescind these bylaws, rules, and regulations. The Commission shall publish its bylaws, rules, and regulations in convenient form and shall file a copy thereof and shall also file a copy of any amendment thereto, with the appropriate agency or officer in each of the party states.

(j) The Commission annually shall make to the governor and the legislature of each party state, a report covering the activities of the Commission for the preceding year, and embodying such recommendations as may have been adopted by the Commission. The Commission may issue such additional reports as it may deem desirable.

ARTICLE IV
FUNCTIONS AND ACTIVITIES

(a) The Commission shall have power to perform the following functions and activities that relate to school bus transportation:
(1) Recommend and encourage research, testing and training activities to the extent the Commission finds necessary.

(2) Contract for research, testing and training activities on behalf of the Commission itself or for one or more governmental agencies if they provide special funding for that purpose.

(3) Engage directly in such activities to the extent approved by the Commission.

(4) Recommend to the party states of needed changes in law or policy with emphasis on uniformity of laws and administrative rules, regulations or codes which would promote effective governmental action or coordination of school bus construction, equipment, safety programs, and school bus driver training.

(5) The Commission shall send prompt notice of its action in issuing any rule, regulation or code pursuant to this article to the appropriate agency of each party state and such notice shall contain the complete text of the rule, regulation or code.

(6) Each party state, recognizing that to carry out the intent of this compact, obligates itself to adopt in identical terms, all rules, regulations and specifications which are standardized through due process to the States.

(b) The Commission may establish such advisory and technical committees as may be necessary, membership on which may include public officials and private citizens. The Commission may also cooperate with other governmental agencies and interstate organizations and with organizations representing the private sector.

ARTICLE V
FINANCE

(a) Moneys necessary to finance the Commission in carrying out its duties shall be provided through appropriations from the states party to this compact, said payments to be in direct proportion to the number of school buses registered in the respective party states. The initial rate of payment shall be figured at $0.50 per bus, provided that no state shall contribute less than $500.00 per annum. The annual contribution of each state above the minimum shall be figured to the nearest one hundred dollars. Subsequent budgets shall be determined by the Commission, and the cost thereof allocated in the same proportion as the initial budget.

(b) The Commission may accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services (conditional and otherwise) from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm, or corporation, and may receive, utilize and dispose of the same.

ARTICLE VI
ENTRY INTO FORCE AND WITHDRAWAL

(a) This compact shall enter into immediate force and effect as to any state when enacted by it into law, and such state shall thereafter be a party thereto with any and all states joining therein.

(b) It is the purpose of this compact to provide the necessary legal basis for implementation and adoption by each party state of the standardized rules, regulations and specifications as adopted by the Commission. Consistent with the laws of each party state, there shall be a "compact administrator" who, acting jointly with like officials of other party states, shall promulgate necessary rules, regulations and specifications within that state to carry out the actions and directives of the Commission.

(6) If any state shall at any time default in the performance of any of its obligations assumed herein or with respect to any obligation imposed upon said state as authorized by and in compliance with the terms and provisions of this compact, all rights, privileges and benefits of such defaulting state and its members on the Commission shall be suspended after the date of such default. Such suspension shall in no manner release such defaulting state from any accrued obligation or otherwise affect this compact or the rights, duties, privileges or obligations of the remaining states thereunder.

ARTICLE VII
SEVERABILITY

(a) The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be unconstitutional or the applicability thereof to any state, agency, person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to any other state, agency, person or circumstances shall not be affected thereby. It is the legislative intent that the provisions of this compact be reasonably and liberally construed. [1977 ex.s. c 88 § 1.]

46.39.020 Designation of Washington state commissioners. The Washington state commissioners to the western states school bus safety commission shall be the secretary of transportation, the superintendent of public instruction, and the chief of the Washington state patrol or their respective designees. Annually the Washington commissioners shall elect a chairman from their own membership who shall serve for one year commencing July 1st. Election as chairman shall not interfere with the member's right to vote on all matters before the Washington commissioners. The Washington commissioners may by majority vote designate one of their members to represent the state on any matter coming before the Western states school bus safety commission. [1984 c 7 § 51; 1977 ex.s. c 88 § 2.]

This height limitation does not apply to authorized emergency vehicles or repair equipment of a public utility engaged in reasonably necessary operation. The provisions of this section do not relieve the owner or operator of a vehicle or combination of vehicles from the exercise of due care in determining that sufficient vertical clearance is provided upon the public highways where the vehicle or combination of vehicles is being operated; and no liability may attach to the state or to any county, city, town, or other political subdivision by reason of any damage or injury to persons or property by reason of the existence of any structure over or across any public highway where the vertical clearance above the roadway is fourteen feet or more; or, where the vertical clearance is less than fourteen feet, if impaired clearance signs of a design approved by the state department of transportation are erected and maintained on the right side of any such public highway in accordance with the manual of uniform traffic control devices for streets and highways as adopted by the state department of transportation under chapter 47.36 RCW. If any structure over or across any public highway is not owned by the state or by a county, city, town, or other political subdivision, it is the duty of the owner thereof when billed therefor to reimburse the state or to any county, city, town, or other political subdivision having jurisdiction over the highway for the actual cost of erecting and maintaining the impaired clearance signs, but no liability may attach to the owner by reason of any damage or injury to persons or property caused by impaired vertical clearance above the roadway. These length limitations do not apply to vehicles transporting poles, pipe, machinery, or other objects of a structural nature that cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties, but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

The length limitations described in this section are exclusive of safety and energy conservation devices, such as mud flaps and splash and spray suppressant devices, refrigeration units or air compressors, and other devices that the department determines to be necessary for safe and efficient operation of commercial vehicles. (1) A combination consisting of a truck tractor, a semitrailer, and another semitrailer or a full trailer. In this combination a converter gear used in converting a semitrailer to a full trailer shall not be deemed a separate vehicle but shall be considered a part of the truck tractor. When inches are involved: Under six inches take lower, six inches or over take higher. The maximum load on any axle in any group of axles shall not exceed the single axle or tandem axle allowance as set forth in the table above.

The maximum axle and gross weights specified in this section are subject to the braking requirements set up for the service brakes upon any motor vehicle or combination of vehicles as provided by law.

It is unlawful to operate upon the public highways any single unit vehicle, supported upon three axles or more with a gross weight including load in excess of forty thousand pounds or any combination of vehicles having a gross weight in excess of eighty thousand pounds without first obtaining an additional tonnage permit as provided for in RCW 46.44.095: Provided, That when a combination of vehicles has purchased license tonnage in excess of seventy-two thousand pounds as provided by RCW 46.16.070, such excess license tonnage may be applied to the power unit subject to limitations of RCW 46.44.042 and this section when such vehicle is operated without a trailer.

It is unlawful to operate any vehicle upon the public highways equipped with two axles spaced less than seven feet apart unless the two axles are so constructed and mounted that the difference in weight between the axles...
does not exceed three thousand pounds. However, variable lift axles are exempt from this requirement. For purposes of this section, a "variable lift axle" is an axle that may be lifted from the roadway surface, whether by air, hydraulic, mechanical, or any combination of these means. The weight allowed on the axle is governed by RCW 46.44.042 and this section.

Loads of not more than eighty thousand pounds which may be legally hauled in the state bordering this state which also has a sales tax, are legal in this state when moving to a port district within four miles of the bordering state except on the interstate system. This provision does not allow the operation of a vehicle combination consisting of a truck tractor and three trailers.

Notwithstanding anything contained herein, a vehicle or combination of vehicles in operation on January 4, 1975, may operate upon the public highways of this state, including the interstate system within the meaning of section 127 of Title 23, United States Code, with an overall gross weight upon a group of two consecutive sets of dual axles which was lawful in this state under the laws, regulations and procedures in effect in this state on January 4, 1975. 46.44.042 Maximum gross weights—Tire factor. Subject to the maximum gross weights specified in RCW 46.44.041, it is unlawful to operate any vehicle upon the public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of six hundred pounds per inch width of such tire. For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon. 46.44.047 Excess weight—Logging trucks—Special permits—County or city permits—Fees—Discretion of arresting officer. A three axle truck tractor and a two axle pole trailer combination engaged in the operation of hauling logs may exceed by not more than six thousand eight hundred pounds the legal gross weight of the combination of vehicles when licensed, as permitted by law, for sixty-eight thousand pounds: Provided, That the distance between the first and last axle of the vehicles in combination shall have a total wheelbase of not less than thirty-seven feet, and the weight upon two axles spaced less than seven feet apart shall not exceed thirty-three thousand six hundred pounds.

Such additional allowances shall be permitted by a special permit to be issued by the department of transportation valid only on state primary or secondary highways authorized by the department and under such rules, regulations, terms, and conditions prescribed by the department. The fee for such special permit shall be fifty dollars for a twelve-month period beginning and ending on April 1st of each calendar year. Permits may be issued at any time, but if issued after July 1st of any year the fee shall be thirty-seven dollars and fifty cents. If issued on or after October 1st the fee shall be twenty-five dollars, and if issued on or after January 1st the fee shall be twelve dollars and fifty cents. A copy of such special permit covering the vehicle involved shall be carried in the cab of the vehicle at all times. Upon the third offense within the duration of the permit for violation of the terms and conditions of the special permit, the special permit shall be canceled. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a three-axle truck tractor in combination with a two-axle pole trailer. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit, a fee of five dollars shall be charged for each such duplicate issued or each such transfer.

All fees collected hereinafore shall be deposited with the state treasurer and credited to the motor vehicle fund.

Permits involving city streets or county roads or using city streets or county roads to reach or leave state highways, authorized for permit by the department may be issued by the city or county or counties involved. A fee of five dollars for such city or county permit may be assessed by the city or by the county legislative authority which shall be deposited in the city or county road fund. The special permit provided for herein shall be known as a "log tolerance permit" and shall designate the route or routes to be used, which shall first be approved by the city or county engineer involved. Authorization of additional route or routes may be made at the discretion of the city or county by amending the original permit or by issuing a new permit. Said permits shall be issued on a yearly basis expiring on March 31st of each calendar year. Any person, firm, or corporation who uses any city street or county road for the purpose of transporting logs with weights authorized by state highway log tolerance permits, to reach or leave a state highway route, without first obtaining a city or county permit when required by
the city or the county legislative authority shall be subject to the penalties prescribed by RCW 46.44.105. For the purpose of determining gross weight the actual scale weight taken by the officer shall be prima facie evidence of such total gross weight. In the event the gross weight is in excess of the weight permitted by law, the officer may, within his discretion, permit the operator to proceed with his vehicles in combination.

The chief of the state patrol, with the advice of the department, may make reasonable rules and regulations to aid in the enforcement of the provisions of this section. 46.44.049 Effect of weight on highways—Study authorized. The department of transportation may make and enter into agreements with the federal government or any state or group of states or agencies thereof, or any nonprofit association, on a joint or cooperative basis, to study, analyze, or test the effects of weight on highway construction. The studies or tests may be made either by designating existing highways or the construction of test strips including natural resource roads to the end that a proper solution of the many problems connected with the imposition on highways of motor vehicle weights may be determined.

The studies may include the determination of values to be assigned various highway-user groups according to their gross weight or use. [1984 c 7 § 54; 1961 c 12 § 46.44.049. Prior: 1951 c 269 § 47.]

46.44.080 Local regulations—State highway regulations. Local authorities with respect to public highways under their jurisdiction may prohibit the operation thereon of motor trucks or other vehicles or may impose limits as to the weight thereof, or any other restrictions as may be deemed necessary, whenever any such public highway by reason of rain, snow, climatic or other conditions, will be seriously damaged or destroyed unless the operation of vehicles thereon be prohibited or restricted or the permissible weights thereof reduced: Provided, That whenever a highway has been closed generally to vehicles or specified classes of vehicles, local authorities shall by general rule or by special permit authorize the operation thereon of school buses, emergency vehicles, and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under such weight and speed restrictions as the local authorities deem necessary to protect the highway from undue damage: Provided further, That the governing authorities of incorporated cities and towns shall not prohibit the use of any city street designated by the transportation commission as forming a part of the route of any primary state highway through any such incorporated city or town by vehicles or any class of vehicles or impose any restrictions or reductions in permissible weights unless such restriction, limitation, or prohibition, or reduction in permissible weights be first approved in writing by the department of transportation.

The local authorities imposing any such restrictions or limitations, or prohibiting any use or reducing the permissible weights shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained signs designating the provisions of the ordinance or resolution in each end of the portion of any
public highway affected thereby, and no such ordinance or resolution shall be effective unless and until such signs are erected and maintained.

The department shall have the same authority as hereinabove granted to local authorities to prohibit or restrict the operation of vehicles upon state highways. The department shall give public notice of closure or restriction. (1) Except as otherwise provided in subsections (3) and (4) of this section, no special permit shall be issued for movement on any state highway or route of a state highway within the limits of any city or town where the gross weight, including load, exceeds the following limits:

(a) Twenty–two thousand pounds on a single axle or on dual axles with a wheelbase between the first and second axles of less than three feet six inches;

(b) Forty–three thousand pounds on dual axles having a wheelbase between the first and second axles of not less than three feet six inches but less than seven feet;

(c) On any group of axles or in the case of a vehicle employing two single axles with a wheel base between the first and last axle of not less than seven feet but less than ten feet, a weight in pounds determined by multiplying six thousand five hundred times the distance in feet between the center of the first axle and the center of the last axle of the group;

(d) On any group of axles with a wheel base between the first and last axle of not less than ten feet but less than thirty feet, a weight in pounds determined by multiplying two thousand two hundred times the distance in feet between the center of the first axle and the center of the last axle of the group;

(e) On any group of axles with a wheel base between the first and last axle of thirty feet or greater, a weight in pounds determined by multiplying one thousand six hundred times the sum of forty and the distance in feet between the center of the first axle and the center of the last axle of the group.

(2) The total weight of a vehicle or combination of vehicles allowable by special permit under subsection (1) of this section shall be governed by the lesser of the weights obtained by using the total number of axles as a group or any combination of axles as a group.

(3) The weight limitations pertaining to single axles may be exceeded to permit the movement of equipment operating upon single pneumatic tires having a rim width of twenty inches or more and a rim diameter of twenty–four inches or more or dual pneumatic tires having a rim width of sixteen inches or more and a rim diameter of twenty–four inches or more and specially designed vehicles manufactured and certified for special permits prior to July 1, 1975.

(5) Permits may be issued for the operation of fire trucks on the public highways if the maximum gross weight on any single axle does not exceed twenty–four thousand pounds and the gross weight on any tandem axle does not exceed forty–three thousand pounds.

(6) Application shall be made in writing on special forms provided by the department of transportation and shall be submitted at least thirty–six hours in advance of the proposed movement. An application for a special permit for a gross weight of any combination of vehicles exceeding two hundred thousand pounds shall be submitted in writing to the department of transportation at least thirty days in advance of the proposed movement. ### 46.44.092 Special permits for oversize or overweight movements—Overall width limits, exceptions—Application for permit.

Special permits may not be issued for movements on any state highway outside the limits of any city or town in excess of the following widths:

- On two-lane highways, fourteen feet;
- On multiple-lane highways where a physical barrier serving as a median divider separates opposing traffic lanes, twenty feet;
- On multiple-lane highways without a physical barrier serving as a median divider, thirty-two feet.

These limits apply except under the following conditions:

1. In the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) the maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: Provided, That when the department of transportation, pursuant to general rules adopted by the transportation commission, determines a hardship would result, this limitation may be exceeded upon approval of the department of transportation; (c) prior to issuing a permit a qualified transportation department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made;

2. Permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations;

3. Permits may be issued for vehicles with a total outside width, including the load, of nine feet or less when the vehicle is equipped with a mechanism designed to cover the load pursuant to RCW 46.61.655;

4. These limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: Provided further, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining widths in excess of such limitation;

5. These limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed eighty thousand pounds and the overall width of load does not exceed sixteen feet: Provided, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the department of transportation or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.[1989 c 398 § 2; 1981 c 63 § 1; 1977 ex.s. c 151 § 32; 1975-76 2nd ex.s. c 64 § 15; 1970 ex.s. c 9 § 1; 1969 ex.s. c 281 § 60; 1965 ex.s. c 170 § 39; 1963 ex.s. c 3 § 54; 1961 c 12 § 46.44.092. by the department of transportation upon the payment
of thirty-seven dollars and fifty cents per year for each
one thousand pounds or fraction thereof of such addi­
tional gross weight: Provided, That the tire limits speci­
ified in RCW 46.44.042 shall apply, and the gross weight
on any single axle shall not exceed twenty thousand
pounds, and the gross load on any group of axles shall
not exceed the limits set forth in RCW 46.44.041: Pro­
vided further, That within the tire limits of RCW 46.
.44.042, and notwithstanding RCW 46.44.041 and
46.44.091, a permit for an additional six thousand
pounds may be purchased for the rear axles of a two­
axle garbage truck or eight thousand pounds for the
tandem axle of a three axle garbage truck at a rate not
to exceed thirty dollars per thousand. Such additional weight in the case of garbage trucks shall not be valid or permitted on any part of the federal interstate highway system.

The annual additional tonnage permits provided for in this section shall be issued upon such terms and conditions as may be prescribed by the department pursuant to general rules adopted by the transportation commission. Such permits shall entitle the permittee to carry such additional load in an amount and upon highways or sections of highways as may be determined by the department of transportation to be capable of withstanding increased gross load without undue injury to the highway. Provided, That the permits shall not be valid on any highway where the use of such permits would deprive this state of federal funds for highway purposes.

For those vehicles registered under chapter 46.87 RCW, the annual additional tonnage permits provided for in this section may be issued to coincide with the registration year of the base jurisdiction. For those vehicles registered under chapter 46.16 RCW and whose registration has staggered renewal dates, the annual additional tonnage permits may be issued to coincide with the expiration date of the registration. The permits may be purchased at any time, and if they are purchased for less than a full year, the fee shall be one-twelfth of the full fee multiplied by the number of months, including any fraction thereof, covered by the permit. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit from one vehicle to another a fee of ten dollars shall be charged for each duplicate issued or each transfer. The department of transportation shall issue permits on a temporary basis for periods not less than five days at two dollars per day for each two thousands pounds or fraction thereof.

The fees levied in RCW 46.44.0941 and this section shall not apply to any vehicles owned and operated by the state of Washington, any county within the state, or any city or town or metropolitan municipal corporation within the state, or by the federal government.

In the case of fleets prorating license fees under the provisions of chapter 46.87 RCW, the fees provided for in this section shall be computed by the department of transportation by applying the proportion of the Washington mileage of the fleet in question to the total mileage of the fleet as reported pursuant to chapter 46.87 RCW to the fees that would be required to purchase the additional weight allowance for all eligible vehicles or combinations of vehicles for which the extra weight allowance is requested.

When computing fees that result in an amount other than full dollars, the fee shall be increased to the next full dollar if fifty cents or over and shall be reduced to the next full dollar if forty-nine cents or under. The minimum fee for any prorated tonnage permit issued under this section shall be twenty-five dollars. 46.44.096 Special permits for oversize or overweight movements—Determining fee—To whom paid. In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of transportation, and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Special permits issued under RCW 46.44.047, 46.44.0941, or 46.44.095, may be obtained from offices of the department of transportation, ports of entry, or other agents appointed by the department.

The department may appoint agents for the purposes of selling special motor vehicle permits, additional tonnage permits, and log tolerance permits. Agents so appointed may retain three dollars and fifty cents for each permit sold to defray expenses incurred in handling and selling the permits. If the fee is collected by the department of transportation, the department shall certify the fee so collected to the state treasurer for deposit to the credit of the motor vehicle fund.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible. When a movement involves a combination of state highways, county roads, and/or city streets the fee shall be paid to the state department of transportation. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle
during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible.

If, pursuant to RCW 46.44.090, cities or counties issue additional tonnage permits similar to those provided for issuance by the state department of transportation in RCW 46.44.095, the state department of transportation shall authorize the use of the additional tonnage permits on state highways subject to the following conditions:

(1) The owner of the vehicle covered by such permit shall establish to the satisfaction of the state department of transportation that the primary use of the vehicle is on the streets or roads of the city or county issuing the additional tonnage permit;

(2) That the fees paid for the additional tonnage are not less than those established in RCW 46.44.095;

(3) That the city or county issuing the permit shall allow the use of permits issued by the state pursuant to RCW 46.44.095 on the streets or roads under its jurisdiction;

(4) That all of the provisions of RCW 46.44.042 and 46.44.041 shall be observed.

When the department of transportation is satisfied that the above conditions have been met, the department of transportation, by suitable endorsement on the permit, may authorize the operation of vehicles and load, as above provided, determines that the weight of such vehicle to such limit as permitted hereunder is a traffic infraction, and upon the first finding thereof shall be assessed a basic penalty of not less than fifty dollars; and upon a second finding thereof shall be assessed a basic penalty of not less than seventy-five dollars; and upon a third or subsequent finding shall be assessed a basic penalty of not less than one hundred dollars.

(2) In addition to the penalties imposed in subsection (1) of this section, any person violating RCW 46.44.042, 46.44.047, 46.44.090, 46.44.091, 46.44.095, and 46.44.041, or failure to obtain a permit as provided by RCW 46.44.090 and 46.44.095, or misrepresentation of the size or weight of any load or failure to follow the requirements and conditions of a permit issued hereunder is a traffic infraction, and upon the first finding thereof shall be assessed a basic penalty of not less than fifty dollars; and upon a second finding thereof shall be assessed a basic penalty of not less than seventy-five dollars; and upon a third or subsequent finding shall be assessed a basic penalty of not less than one hundred dollars.

(3) Whenever any vehicle or combination of vehicles is involved in two violations of RCW 46.44.042, 46.44.047, 46.44.090, 46.44.091, 46.44.095, or 46.44.041 during any twelve-month period, the court may suspend the certificate of license registration of the vehicle or combination of vehicles for not less than thirty days. Upon a third or succeeding violation in any twelve-month period, the court shall suspend the certificate of license registration for not less than thirty days. Whenever the certificate of license registration is suspended, the court
shall secure such certificate and immediately forward the same to the director with information concerning the suspension.

(4) Any person found to have violated any posted limitations of a highway or section of highway shall be assessed a monetary penalty of not less than one hundred and fifty dollars, and the court shall in addition thereto upon second violation within a twelve-month period involving the same power unit, suspend the certificate of license registration for not less than thirty days.

(5) Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing either by means of a portable or stationary scale and may require that the vehicle be driven to the nearest public scale. Whenever a police officer, upon weighing a vehicle and load, determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable location and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit permitted by law.

Any vehicle whose driver or owner represents that the vehicle is disabled or otherwise unable to proceed to a weighing location shall have its load sealed or otherwise marked by any police officer. The owner or driver shall be directed that upon completion of repairs, the vehicle shall submit to weighing with the load and markings and/or seal intact and undisturbed. Failure to report for weighing, appearing for weighing with the seal broken or the markings disturbed, or removal of any cargo prior to weighing is unlawful. Any person so convicted shall be fined five hundred dollars, and in addition the certificate of license registration shall be suspended for not less than thirty days.

(6) Any other provision of law to the contrary notwithstanding, district courts having venue have concurrent jurisdiction with the superior courts for the imposition of any penalties authorized under this section.

(7) For the purpose of determining additional penalties as provided by subsection (2) of this section, "excess weight" means the poundage in excess of the maximum gross weight prescribed by RCW 46.44.042 and 46.44.041 plus the weights allowed by RCW 46.44.047, 46.44.091, and 46.44.095.

(8) The penalties provided in subsections (1) and (2) of this section shall be remitted as provided in chapter 3.62 RCW or RCW 10.82.070. For the purpose of computing the basic penalties and additional penalties to be imposed under the provisions of subsections (1) and (2) of this section the convictions shall be on the same vehicle or combination of vehicles within a twelve-month period under the same ownership.

(9) Any state patrol officer or any weight control officer who finds any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.047, 46.44.090, and 46.44.095 may confiscate the permit and forward it to the state department of transportation which may return it to the permittee or revoke, cancel, or suspend it without refund. The department of transportation shall keep a record of all action taken upon permits so confiscated, and if a permit is returned to the permittee the action taken by the department of transportation shall be endorsed thereon. Any permittee whose permit is suspended or revoked may upon request receive a hearing before the department of transportation or person designated by that department. After the hearing the department of transportation may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third finding within a calendar year of a violation of the requirements and conditions of a permit issued under RCW 46.44.095 as now or hereafter amended, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of transportation. The vehicle covered by the canceled permit is not eligible for a new permit for a period of thirty days.

(10) For the purposes of determining gross weights, the actual scale weight taken by the arresting officer is prima facie evidence of the total gross weight.

The chief of the state patrol, with the advice of the department, may adopt reasonable rules to aid in the enforcement of this section. [1985 c 351 § 6; 1984 c 258 § 327; 1984 c 7 § 58; 1979 ex.s. c 136 § 75; 1975—76 2nd ex.s. c 64 § 23.]

**46.44.110 Liability for damage to highways, bridges, etc.** Any person operating any vehicle or moving any object or conveyance upon any public highway in this state or upon any bridge or elevated structure that is a part of any such public highway is liable for all damages that the public highway, bridge, or elevated structure may sustain as a result of any illegal operation of the vehicle or the moving of any such object or conveyance or as a result of the operation or moving of any vehicle, object, or conveyance weighing in excess of the legal weight limits allowed by law. This section applies to any person operating any vehicle or moving any object or contrivance in any illegal or negligent manner or without a special permit as provided by law for vehicles, objects, or contrivances that are overweight, overwidth, overheight, or overlength. Any person operating any vehicle is liable for any damage to any public highway, bridge, or elevated structure sustained as the result of any negligent operation thereof. When the operator is not the owner of the vehicle, object, or contrivance but is operating or moving it with the express or implied permission of the owner, the owner and the operator are jointly and severally liable for any such damage. Such damage to
Section is prima facie the amount of damage caused for the movement of (1) farm implements used for the cutting or threshing of mature crops; or (2) other farm implements of less than forty-five thousand pounds gross weight, a total length of seventy feet or less, and a total outside width of fourteen feet or less when being moved while patrolled, flagged, lighted, signed, and at a time of day, and otherwise in accordance with rules hereby authorized to be adopted by the department of transportation for the control of such movements.

Applications for and permits issued under this section shall provide for a description of the farm implements to be moved, the approximate dates of movement, and the routes of movement so far as they are reasonably known to the applicant at the time of application, but the permit shall not be limited to these circumstances but shall be general in its application except as limited by the statutes and rules adopted by the department of transportation.

A copy of the governing permit shall be carried on the farm implement being moved during the period of its movement. The department shall collect a fee as provided in RCW 46.44.0941.

Violation of a term or condition under which a permit was issued, of a rule adopted by the department of transportation as authorized by this section, or of a term of this section is a traffic infraction. [1984 c 7 § 60; 1979 ex.s. c 136 § 77; 1973 1st ex.s. c 1 § 2.]

Effective date—Severability—1984 c 7: See note following RCW 47.01.141.

The limitations of RCW 46.44.010, 46.44.020, 46.44.030, and 46.44.041 shall not apply to the movement of farm implements of less than forty-five thousand pounds gross weight, a total length of seventy feet or less, and a total outside width of fourteen feet or less when being moved while patrolled, flagged, lighted, signed, and at a time of day in accordance with rules hereby authorized to be adopted by the department of transportation and the statutes. 46.44.140 Farm implements—Special permits—Penalty. In addition to any other special permits authorized by law, special permits may be issued by the department of transportation for a quarterly or annual period upon such terms and conditions as it finds proper for the movement of (1) farm implements used for the cutting or threshing of mature crops; or (2) other farm implements that may be identified by rule of the department of transportation. Any farm implement moved under this section must have a gross weight less than forty-five thousand pounds and a total outside width of less than twenty feet while being moved, and such movement must be patrolled, flagged, lighted, signed, at a time of
months. The first quarter shall commence with registration month one. [1988 c 55 § 2; 1981 c 229 § 1; 1975–'76 2nd ex.s.c 64 § 21; 1975 1st ex.s. c 196 § 1.]

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home shall not be valid until the county treasurer of the county in which the mobile home is located shall endorse or attach thereto his certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home being moved have been satisfied. Further, any mobile home required to have a special movement permit under this section shall display an easily recognizable decal: Provided, That endorsement or certification by the county treasurer and the display of said decal is not required when a mobile home is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets. It shall be the responsibility of the owner of the mobile home or the agent to obtain such endorsement from the county treasurer and said decal.

(3) Nothing herein should be construed as prohibiting the issuance of vehicle license plates for a mobile home, but no such plates shall be issued unless the mobile home for which such plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for such license has been paid.

(4) The department of transportation and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation shall adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. [1986 c 211 § 4. Prior: 1985 c 395 § 1; 1985 c 22 § 1; 1980 c 152 § 1; 1977 ex.s. c 22 § 2.]

When a continuous trip special permit is used to transport a mobile home not requiring tax certification, the transporter shall notify the assessor of the county in which the mobile home is to be located. Notification is not necessary when the destination of a mobile home is a manufacturer, distributor, retailer, or location outside the state.

(3) A notification under this section shall state the specific, residential destination of the mobile home. [1984 c 7 § 61; 1977 ex.s. c 22 § 3.]

In addition to the above penalty, the department of transportation or local authority may withhold issuance of a special permit or suspend a continuous special permit as provided by RCW 46.44-090 and 46.44.093 for a period of not less than thirty days.

46.48.170 State patrol authority—Rules and regulations. The Washington state patrol acting by and through the chief of the Washington state patrol shall have the authority to adopt and enforce the regulations promulgated by the United States department of transportation, Title 49 CFR parts 100 through 199, transportation of hazardous materials, as these regulations apply to motor carriers. "Motor carrier" means any person engaged in the transportation of passengers or property operating interstate and intrastate upon the public highways of this state, except farmers. The chief of the Washington state patrol shall confer with the emergency management council under RCW 38.52.040 and may make rules and regulations pertaining thereto, sufficient to protect persons and property from unreasonable risk of harm or damage. The chief of the Washington state patrol shall establish such additional rules not inconsistent with Title 49 CFR parts 100 through 199, transportation of hazardous materials, which for compelling reasons make necessary the reduction of risk associated with the transportation of hazardous materials. No such rules may lessen a standard of care; however, the chief of the Washington state patrol may, after conferring with the emergency management council, establish a rule imposing a more stringent standard of care. The chief of the Washington state patrol shall appoint the necessary qualified personnel to carry out the provisions of RCW 46.48.170 through 46.48.190. [1980 c 81 § 19; 1980 c 20 § 1; 1961 c 12 § 46.48.170. Prior: 1951 c 102 § 1; 1949 c 101 § 1; Rem. Supp. 1949 § 6360-63a.]

*Reviser's note: RCW 46.48.190 was repealed by 1988 c 81 § 20.

46.48.175 Rules—Penalties—Responsibility for compliance. Each violation of any rules and/or regulations made pursuant to RCW 46.48.170 or 81.80.290 pertaining to vehicle equipment on motor carriers transporting hazardous material shall be a misdemeanor. Bail for such a violation shall be set at a minimum of one hundred dollars. The fine for such a violation shall be not less than two hundred dollars nor more than five hundred dollars. Compliance with the provisions of this chapter is the primary responsibility of the owner or lessee of the vehicle or any vehicle used in combination that is cited in the violation. Rules of court: Bail in criminal traffic offense cases—Mandatory appearance—CrRLJ 3.2.

46.48.180 State patrol study to insure uniformity of regulations. The Washington state patrol shall make a study of the United States department of transportation regulations pertaining to Title 49 CFR, parts 100 through 199, and the laws of this state pertaining to the same subject in order that the chief of the Washington state patrol may make necessary and proper recommendations to the legislature and state departments from time to time to bring about uniformity between the laws and regulations of the federal government and this state in regard to the transportation of such materials. [1980 c 20 § 2; 1961 c 12 § 46.48.180. Prior: 1949 c 101 § 2; Rem. Supp. 1949 § 6360–63b.]

46.48.185 Inspections. The chief of the Washington state patrol shall direct the necessary qualified personnel to inspect the cargo of any motor carrier's vehicle transporting hazardous material, inspect for proper securing, and inspect for the combined loading of cargo which would be inconsistent with the provisions of Title 49 CFR, parts 100 through 199. Authorized personnel inspecting loads of hazardous material shall do so in the presence of a representative of the motor carrier. Seal and locking devices may be removed as necessary to facilitate the inspection. The seals or locking devices removed shall be replaced by the Washington state patrol with a written form approved by the chief to certify seal or locking device removal for inspection of the cargo. [1980 c 20 § 3.]

46.48.200 Radioactive waste—Additional ports of entry. Any additional ports of entry for highway transportation of radioactive waste materials other than those designated by WAC 446-50-040 as filed on December 11, 1979, must be authorized by the state legislature. This section shall expire when both the Washington state legislature and at least one other eligible state enact an interstate agreement on radioactive materials transportation management. The notice shall contain a description of the vehicle including the make, model, year, and license number and a notification that a three-hour public viewing period will be available before the auction. The auction shall be held during daylight hours of a normal business day.

(2) The following procedures are required in any public auction of such abandoned vehicles:
(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;
(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;
(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;
(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;
(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;
(f) The successful bidder shall apply for title within fifteen days;
(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;
(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;
(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within thirty days sell the vehicle to a licensed vehicle wrecker, hulk hauler, or scrap processor by use of the abandoned vehicle report—affidavit of sale, or the operator shall apply for title to the vehicle.

(3) In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4) (a) In no case may the accumulation of storage charges exceed fifteen days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(2).
(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a

The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of three hundred dollars less the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars less the amount bid at auction, unless the impound is determined to be invalid. In no case may the cost of the auction or a buyer's fee be added to the amount charged for the vehicle at the auction, the vehicle's lien, or the overage due. A registered owner who has completed and filed with the department the seller's report as provided for by RCW 46.12.101 is relieved of liability under this section.

Whenever it appears to the director that any registered tow truck operator or a person offering towing services has engaged in or is about to engage in any act or practice constituting a violation of any provision of this chapter or any rule adopted hereunder, the director may issue an order directing the operator or person to cease and desist from continuing the act or practice. Reasonable notice of and opportunity for a hearing shall be given. The director may issue a temporary order pending a hearing. [1987 c 311 § 18; 1985 c 377 § 22.]

All orders by the director made under this chapter are subject to the Administrative Procedure Act, chapter 34.05 RCW. [1989 c 111 § 16; 1985 c 377 § 20.]

LOCAL REGULATION

46.55.240 Local ordinances—Requirements. (1) A city, town, or county that adopts an ordinance or resolution concerning unauthorized, abandoned, or impounded vehicles shall include the applicable provisions of this chapter.

(1989 Ed.)
(a) A city, town, or county may, by ordinance, authorize other impound situations that may arise locally upon the public right-of-way or other publicly owned or controlled property.

(b) A city, town, or county ordinance shall contain language that establishes a written form of authorization to impound, which may include a law enforcement notice of infraction or citation, clearly denoting the agency's authorization to impound.

(c) A city, town, or county may, by ordinance, provide for release of an impounded vehicle by means of a promissory note in lieu of immediate payment, if at the time of redemption the legal or registered owner requests a hearing on the validity of the impoundment. If the municipal ordinance directs the release of an impounded vehicle before the payment of the impoundment charges, the municipality is responsible for the payment of those charges to the registered tow truck operator within thirty days of the hearing date.

(d) The hearing specified in RCW 46.55.120(2) and in this section may be conducted by an administrative hearings officer instead of in the district court. A decision made by an administrative hearing officer may be appealed to the district court for final judgment.

(2) A city, town, or county may adopt an ordinance establishing procedures for the abatement and removal as public nuisances of unauthorized junk vehicles or parts thereof from private property. Costs of removal may be assessed against the registered owner of the vehicle if the identity of the owner can be determined, unless the owner in the transfer of ownership of the vehicle has complied with RCW 46.12.101, or the costs may be assessed against the owner of the property on which the vehicle is stored.

(3) Ordinances pertaining to public nuisances shall contain:

(a) A provision requiring notice to the last registered owner of record and the property owner of record that a hearing may be requested and that if no hearing is requested, the vehicle will be removed;

(b) A provision requiring that if a request for a hearing is received, a notice giving the time, location, and date of the hearing on the question of abatement and removal of the vehicle or part thereof as a public nuisance shall be mailed, by certified mail, with a five-day return receipt requested, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership;

(c) A provision that the ordinance shall not apply to:

(i) a vehicle or part thereof that is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or

(ii) a vehicle or part thereof that is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler or licensed vehicle dealer and is fenced according to RCW 46.80.130;

(d) A provision that the owner of the land on which the vehicle is located may appear in person at the hearing or present a written statement in time for consideration at the hearing, and deny responsibility for the presence of the vehicle on the land, with his reasons for the denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect the cost from the owner;

(e) A provision that after notice has been given of the intent of the city, town, or county to dispose of the vehicle and after a hearing, if requested, has been held, the vehicle or part thereof shall be removed at the request of a law enforcement officer with notice to the Washington state patrol and the department of licensing that the vehicle has been wrecked. The city, town, or county may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or may transfer such vehicle or parts to another governmental body provided such disposal shall be only as scrap.

(4) A registered disposer under contract to a city or county for the impounding of vehicles shall comply with any administrative regulations adopted by the city or county on the handling and disposing of vehicles. [1989 c 111 § 17; 1987 c 311 § 20; 1985 c 377 § 24.]

46.61.055 Traffic control signal legend. Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) Green indication
(a) Vehicular traffic facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
(b) Vehicular traffic facing a green arrow signal, shown alone or in combination with another indication, may cautiously enter the intersection only to make the movement indicated by such arrow, and unless entering the intersection to make such other movement as is permitted by other indications shown at the same time. Such vehicular traffic shall yield the right of way to pedestrians lawfully within an adjacent crosswalk and to other traffic lawfully using the intersection.
(c) Unless otherwise directed by a pedestrian control signal, as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.
(2) Steady yellow indication
(a) Vehicular traffic facing a steady circular yellow or yellow arrow signal is thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection.
(b) Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, are hereby advised that there is insufficient time to cross the roadway before a red indication is shown and no pedestrian shall then start to cross the roadway.
(3) Steady red indication
(a) Vehicular traffic facing a steady circular red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until an indication to proceed is shown: Provided, That such traffic may, after stopping cautiously proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement; but vehicular traffic making such turns shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
(b) Unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing a steady circular red signal alone shall not enter the roadway.
(c) Vehicular traffic facing a steady red arrow indication may not enter the intersection to make the movement indicated by such arrow, and unless entering the intersection to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line, but if none, before entering a crosswalk on the near side of the intersection, or if none, then before entering the intersection and shall remain standing until an indication to make the movement indicated by such arrow is shown: Provided, That such traffic may, after stopping cautiously proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way street or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement; but vehicular traffic making such turns shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
(d) Unless otherwise directed by a pedestrian signal, pedestrians facing a steady red arrow signal indication shall not enter the roadway.
(4) In the event an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable.
except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal. [1975 c 62 § 19; 1965 ex.s. c 155 § 8.]

Severability—1975 c 62: See note following RCW 36.75.010.  

46.61.060 Pedestrian control signals. Whenever special pedestrian control signals exhibiting the words "Walk" or "Don't Walk" are in place such signals shall indicate as follows:

(1) WALK—Pedestrians facing such signal may proceed across the roadway in the direction of the signal and shall be given the right of way by the drivers of all vehicles.

(2) STEADY DON'T WALK or FLASHING DON'T WALK—No pedestrian shall start to cross the roadway in the direction of either such signal, but any pedestrian who has partially completed his crossing on the walk signal shall proceed to a sidewalk or safety island while the don't walk signal is showing.

(3) Pedestrian control signals having the "Wait" legend in use on August 6, 1965, shall be deemed authorized signals and shall indicate the same as the "Don't Walk" legend. Whenever such pedestrian control signals are replaced the legend "Wait" shall be replaced by the legend "Don't Walk". [1975 c 62 § 20; 1965 ex.s. c 155 § 9.]

Severability—1975 c 62: See note following RCW 36.75.010.  

46.61.065 Flashing signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(a) FLASHING RED (STOP SIGNAL). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) FLASHING YELLOW (CAUTION SIGNAL). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in RCW 46.61.340. [1975 c 62 § 21; 1965 ex.s. c 155 § 10.]

Severability—1975 c 62: See note following RCW 36.75.010.  

46.61.070 Lane-direction-control signals. When lane-direction-control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown. [1965 ex.s. c 155 § 11.]

46.61.072 Special traffic control signals—Legend. Whenever special traffic control signals exhibit a downward green arrow, a yellow X, or a red X indication, such signal indication shall have the following meaning:

(1) A steady downward green arrow means that a driver is permitted to drive in the lane over which the arrow signal is located.

(2) A steady yellow X or flashing red X means that a driver should prepare to vacate, in a safe manner, the lane over which the signal is located because a lane control change is being made, and to avoid occupying that lane when a steady red X is displayed.

(3) A flashing yellow X means that a driver is permitted to use a lane over which the signal is located for a left turn, using proper caution.

(4) A steady red X means that a driver shall not drive in the lane over which the signal is located, and that this indication shall modify accordingly the meaning of all other traffic controls present. The driver shall obey all other traffic controls and follow normal safe driving practices. [1975 c 62 § 49.]

Severability—1975 c 62: See note following RCW 36.75.010.  

46.61.075 Display of unauthorized signs, signals, or markings. (1) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of an official traffic-control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice. [1965 ex.s. c 155 § 12.]

46.61.080 Interference with official traffic-control devices or railroad signs or signals. No person shall, without lawful authority, attempt to or in fact alter, deface, injure, knock down or remove any official traffic-control device or any railroad sign or signal or any inscription, shield or insignia thereon, or any other part thereof. [1965 ex.s. c 155 § 13.]

46.61.085 Title 46 RCW: Motor Vehicles

**department of transportation.** No traffic control signal or device may be erected or maintained upon any city street designated as forming a part of the route of a primary state highway or secondary state highway unless first approved by the state department of transportation. [1984 c 7 § 62; 1965 ex.s. c 155 § 14.]

**46.61.100 Keep right except when passing, etc. (1)**
Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right of way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

(c) Upon a roadway divided into three marked lanes and providing for two-way movement traffic under the rules applicable thereon; or

(d) Upon a street or highway restricted to one-way traffic.

(2) Upon all roadways having two or more lanes for traffic moving in the same direction, all vehicles shall be driven in the right-hand lane then available for traffic, except (a) when overtaking and passing another vehicle proceeding in the same direction, (b) when traveling at a speed greater than the traffic flow, (c) when moving left to allow traffic to merge, or (d) when preparing for a left turn at an intersection, exit, or into a private road or driveway when such left turn is legally permitted. On any such roadway, a motor truck shall be driven only in the right-hand lane except under the conditions enumerated in (a) through (d) of this subsection.

(3) It is a traffic infraction to drive continuously in the left lane of a multilane roadway when it impedes the flow of other traffic.

(4) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, a vehicle shall not be driven to the left of the center line of the roadway except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (1)(b) of this section. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. [1986 c 93 § 2; 1972 ex.s. c 33 § 1; 1969 ex.s. c 281 § 46; 1967 ex.s. c 145 § 58; 1965 ex.s. c 155 § 15.]

**Information on proper use of left-hand lane:** RCW 28A.08.080, 46.20.095, 46.82.430, 47.36.260.

(1) The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

(2) Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. [1965 c 155 § 17.]

**Rules of court: Monetary penalty schedule—JTIR 6.2.**

such overtaking and passing to be completely made without interfering with the operation of any vehicle approaching from the opposite direction or any vehicle overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred feet of any approaching vehicle. [1965 ex.s. c 155 § 19.]

(b) When approaching within one hundred feet of or traversing any intersection or railroad grade crossing;

(c) When the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel.

(2) The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road or driveway. [1972 ex.s. c 33 § 2; 1965 ex.s. c 155 § 20.]

46.61.130 No-passing zones. (1) The state department of transportation and the local authorities are authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones. When such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1) of this section, no driver may at any time drive on the left side of the roadway within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length.

(3) This section does not apply under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road, or driveway. [1984 c 7 § 63; 1972 ex.s. c 33 § 3; 1965 ex.s. c 155 § 21.]

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.

(3) Official traffic-control devices may be erected directing slow moving or other specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such device.

(b) When the bus is stopped at an intersection or place where traffic is controlled by a traffic officer or official traffic control signal; or
(c) When the bus is stopped at school for the purpose of receiving or discharging school children and school children are not required to cross the roadway.

(3) The driver of a vehicle upon a highway divided into separate roadways as provided in RCW 46.61.150, need not stop upon meeting or passing a school bus which is on a separate roadway or when upon a limited...
access highway and the school bus is stopped in a loading zone which is a part of or adjacent to such highway and where pedestrians are not permitted to cross the roadway. [1965 ex.s. c 155 § 52.]

Rules of court: Monetary penalty schedule—JTIR 6.2.

46.61.375 Overtaking or meeting private carrier bus—Signs. (1) The driver of a vehicle upon overtaking or meeting from either direction any private carrier bus which has stopped on the highway for the purpose of receiving or discharging any passenger shall stop the vehicle before reaching such private carrier bus when there is in operation on said bus a visual signal as specified in RCW 46.37.190 and said driver shall not proceed until such bus resumes motion or is signaled by the bus driver to proceed or the visual signals are no longer activated.

(2) Every private carrier bus shall bear upon the front and rear thereof plainly visible signs containing the words "PRIVATE CARRIER BUS" in letters not less than eight inches in height, and in addition shall be equipped with visual signals meeting the requirements of RCW 46.37.190 which shall be actuated by the driver of said private carrier bus whenever but only whenever such vehicle is stopped on the highway for the purpose of receiving or discharging passengers, except:

(a) When the passengers boarding or alighting do not have to cross a highway and the bus is stopped completely off the main traveled portion of the roadway; or

(b) When the bus is stopped at an intersection or place where traffic is controlled by a traffic officer or official traffic control signal.

(3) The driver of a vehicle upon a highway divided into separate roadways as provided in RCW 46.61.150, need not stop upon meeting or passing a private carrier bus which is on a separate roadway or when upon a limited access highway and the private carrier bus is stopped in a loading zone which is a part of or adjacent to such highway and where pedestrians are not permitted to cross the roadway. [1970 ex.s. c 100 § 8.]

46.61.380 Rules for design, marking, and mode of operating school buses. The state superintendent of public instruction, by and with the advice of the state department of transportation and the chief of the Washington state patrol, shall adopt and enforce rules not inconsistent with the law of this state to govern the design, marking, and mode of operation of all school buses owned and operated by any school district or privately owned and operated under contract or otherwise with any school district in this state for the transportation of school children. Those rules shall by reference be made a part of any such contract or other agreement with the school district. Every school district, its officers and employees, and every person employed under contract or otherwise by a school district is subject to such rules. It is unlawful for any officer or employee of any school district or for any person operating any school bus under contract with any school district to violate any of the provisions of such rules. [1970 ex.s. c 100 § 8.]

46.61.385 School patrol—Appointment—Authority—Finance—Insurance. The superintendent of public instruction, through the superintendent of schools of any school district, or other officer or board performing like functions with respect to the schools of any other educational administrative district, may cause to be appointed voluntary adult recruits as supervisors and, from the student body of any public or private school or institution of learning, students, who shall be known as members of the "school patrol" and who shall serve without compensation and at the pleasure of the authority making the appointment.

The members of such school patrol shall wear an appropriate designation or insignia identifying them as members of the school patrol when in performance of their duties, and they may display "stop" or other proper traffic directional signs or signals at school crossings or other points where school children are crossing or about to cross a public highway, but members of the school patrol and their supervisors shall be subordinate to and obey the orders of any peace officer present and having jurisdiction.

School districts, at their discretion, may hire sufficient numbers of adults to serve as supervisors. Such adults shall be subordinate to and obey the orders of any peace officer present and having jurisdiction.

Any school district having a school patrol may purchase uniforms and other appropriate insignia, traffic signs and other appropriate materials, all to be used by members of such school patrol while in performance of their duties, and may pay for the same out of the general fund of the district.

It shall be unlawful for the operator of any vehicle to fail to stop his vehicle when directed to do so by a school patrol sign or signal displayed by a member of the school patrol engaged in the performance of his duty and wearing or displaying appropriate insignia, and it shall further be unlawful for the operator of a vehicle to disregard any other reasonable directions of a member of the school patrol when acting in performance of his duties as such.

School districts may expend funds from the general fund of the district to pay premiums for life and accident policies covering the members of the school patrol in their district while engaged in the performance of their school patrol duties.

Members of the school patrol shall be considered as employees for the purposes of RCW 28A.58.425, as now or hereafter amended. [1974 ex.s. c 47 § 1; 1961 c 12 § 46.48.160. Prior: 1953 c 278 § 1; 1937 c 189 § 130; RRS § 6360–130; 1927 c 309 § 42; RRS § 6362–42. Formerly RCW 46.48.160.]

SPEED RESTRICTIONS

46.61.400 Basic rule and maximum limits. (1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) Except when a special hazard exists that requires lower speed for compliance with subsection (1) of this section, the limits specified in this section or established as hereinafter authorized shall be maximum lawful speeds, and no person shall drive a vehicle on a highway at a speed in excess of such maximum limits.

(a) Twenty-five miles per hour on city and town streets;
(b) Fifty miles per hour on county roads;
(c) Sixty miles per hour on state highways.

The maximum speed limits set forth in this section may be altered as authorized in RCW 46.61.405, 46.61.410, and 46.61.415.

(3) The driver of every vehicle shall, consistent with the requirements of subsection (1) of this section, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions. [1965 ex.s. c 155 § 54; 1963 c 16 § 1. Formerly RCW 46.48.011.]

Saving of existing orders, etc., establishing speed limits—1963 c 16: “This act shall not repeal or invalidate existing orders and resolutions of the state highway commission or existing resolutions and ordinances of local authorities establishing speed limits within their respective jurisdictions.” [1963 c 16 § 7. Formerly RCW 46.48.016.] “This act” [1963 c 16], as amended, is codified as RCW 46.61.400 through 46.61.415, 46.61.425, and 46.61.440.

46.61.405 Decreases by secretary of transportation. Whenever the secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed set forth in RCW 46.61.400 is necessary in order to comply with a national maximum speed limit, the secretary may determine and declare a reasonable and safe lower maximum limit or a lower maximum limit which will comply with a national maximum speed limit, for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The secretary may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective (a) when posted upon appropriate fixed or variable signs or (b) if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of RCW 46.61.410, as now or hereafter amended. [1987 c 397 § 3; 1977 ex.s. c 151 § 34; 1974 ex.s. c 103 § 1; 1970 ex.s. c 100 § 2; 1967 c 25 § 1; 1963 c 16 § 2. Formerly RCW 46.48.012.]

Intent—1987 c 397: See note following RCW 46.61.410.

Federal requirements—Severability—1977 ex.s. c 151: See RCW 47.98.070 and 47.98.080.

46.61.410 Increases by secretary of transportation—Maximum speed limit for trucks—Auto stages—Signs and notices. (1) (a) Subject to subsection (2) of this section the secretary may increase the maximum speed limit on any highway or portion thereof to not more than seventy miles per hour in accordance with the design speed thereof (taking into account all safety elements included therein), or whenever the secretary determines upon the basis of an engineering and traffic investigation that such greater speed is reasonable and safe under the circumstances existing on such part of the highway.

(b) If the federal government increases the national maximum speed limit to at least sixty-five miles per hour on any part of the highway system, the secretary of transportation shall forthwith increase to that same speed the maximum speed limit on any such highway or portion thereof then posted at fifty-five miles per hour to a maximum of sixty-five miles per hour, subject to subsection (2) of this section, if such limit had been established for that highway or portion thereof in order to comply with the former national maximum speed limit. However, if an engineering and traffic investigation conducted by the department clearly indicates that a speed limit above fifty-five miles an hour would be unsafe for that highway or a portion thereof, the secretary of transportation shall not increase the speed limit for that highway or portion thereof above the safe speed indicated by the investigation. The speed limit on interstate route number 5 between Everett and Olympia may not be increased above fifty-five miles per hour under this subsection (b).

(c) The greater maximum limit established under (a) or (b) of this subsection shall be effective when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage
speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(d) Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the secretary as provided in RCW 46.61.405.

(3) The word "trucks" used by the department on signs giving notice of maximum speed limits means vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the secretary establishes maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary shall cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington Utilities and Transportation Commission. The notice shall be mailed to the chief place of business within the state of Washington of each auto transportation company or if none then its chief place of business without the state of Washington. Intent—1987 c 397: "It is the intent of the legislature to increase the speed limit to sixty-five miles per hour on those portions of the rural interstate highway system where the increase would be safe and reasonable and is allowed by federal law. It is also the intent of the legislature that slow speeds on any part of a highway unreasonably impede the normal and reasonable movement of traffic except when necessary for safe operation or in compliance with law: Provided, That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Whenever the secretary of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the secretary or such local authority may determine and declare a minimum speed limit thereat which shall be effective when appropriate signs giving notice thereof are erected. No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law. [1977 ex.s. c 151 § 36; 1974 ex.s. c 103 § 3; 1963 c 16 § 4. Formerly RCW 46.48.014.]

Federal requirements—Severability—1977 ex.s. c 151: See RCW 47.98.070 and 47.98.080.

46.61.425 Minimum speed regulation—Passing slow moving vehicle. (1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: Provided, That a person following a vehicle driving at less than the legal maximum speed and desiring to pass such vehicle may exceed the speed limit, subject to the provisions of RCW 46.61.120 on highways having only one lane of traffic in each direction, at only such a speed and for only such a distance as is necessary to complete the pass with a reasonable margin of safety.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(4) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(5) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the secretary of transportation. [1977 ex.s. c 151 § 36; 1974 ex.s. c 103 § 3; 1963 c 16 § 4. Formerly RCW 46.48.014.]

Federal requirements—Severability—1977 ex.s. c 151: See RCW 47.98.070 and 47.98.080.

46.61.415 When local authorities may alter maximum limits. (1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe maximum limit thereon which

(a) Decreases the limit at intersections; or
(b) Increases the limit but not to more than sixty miles per hour; or
(c) Decreases the limit but not to less than twenty miles per hour.

Rules of court: Monetary penalty schedule—JTIR 6.2.

Federal requirements—Severability—1977 ex.s. c 151: See RCW 47.98.070 and 47.98.080.

(1989 Ed.)
46.61.427 Slow moving vehicle to pull off roadway. On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow moving vehicle, behind which five or more vehicles are formed in a line, shall turn off the roadway wherever sufficient area for a safe turn-out exists, in order to permit the vehicles following to proceed. As used in this section a slow moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. [1973 c 88 § 1.]

46.61.428 Slow-moving vehicle permitted to drive on improved shoulders, when. (1) The state department of transportation and local authorities are authorized to determine those portions of any two-lane highways under their respective jurisdictions on which drivers of slow-moving vehicles may safely drive onto improved shoulders for the purpose of allowing overtaking vehicles to pass and may by appropriate signs indicate the beginning and end of such zones.

(2) Where signs are in place to define a driving-on-shoulder zone as set forth in subsection (1) of this section, the driver of a slow-moving vehicle may drive onto and along the shoulder within the zone but only for the purpose of allowing overtaking vehicles to pass and then shall return to the roadway.

(3) Signs erected to define a driving-on-shoulder zone take precedence over pavement markings for the purpose of allowing the movements described in subsection (2) of this section. [1984 c 7 § 71; 1977 ex.s. c 39 § 1.]

Severability—1984 c 7: See note following RCW 47.01.141.

46.61.430 Authority of secretary of transportation to fix speed limits on limited access facilities exclusive—Local regulations. Notwithstanding any law to the contrary or inconsistent herewith, the secretary of transportation shall have the power and the duty to fix and regulate the speed of vehicles within the maximum speed limit allowed by law for state highways, designated as limited access facilities, regardless of whether a portion of said highway is within the corporate limits of a city or town. No governing body or authority of such city or town or other political subdivision may have the power to pass or enforce any ordinance, rule, or regulation requiring a different rate of speed, and all such ordinances, rules, and regulations contrary to or inconsistent therewith now in force are void and of no effect. [1977 ex.s. c 151 § 38; 1974 ex.s. c 103 § 4; 1961 c 12 § 46.48.041. Prior: 1955 c 177 § 5. Formerly RCW 46.48.041.]

46.61.435 Local authorities to provide "stop" or "yield" signs at intersections with increased speed highways—Designated as arterials. The governing body or authority of any such city or town or political subdivision shall place and maintain upon each and every highway intersecting a highway where an increased speed is permitted, as provided in this chapter, appropriate stop or yield signs, sufficient to be read at any time by any person upon approaching and entering the highway upon which such increased speed is permitted and such city street or such portion thereof as is subject to the increased speed shall be an arterial highway. 46.61.440 Maximum speed limit when passing school or playground crosswalks. Subject to RCW 46.61.400(1), and except in those instances where a lower maximum lawful speed is provided by this chapter or otherwise, it shall be unlawful for the operator of any vehicle to operate the same at a speed in excess of twenty miles per hour when passing any vehicle upon a highway either inside or outside an incorporated city or town when passing any marked school or playground crosswalk when such marked crosswalk is fully posted with standard school speed limit signs or standard playground speed limit signs. The speed zone at the crosswalk shall extend three hundred feet in either direction from the marked crosswalk. [1975 c 62 § 34; 1963 c 16 § 5; 1961 c 12 § 46.48.023. 46.61.450 Maximum speed, weight, or size in traversing bridges, elevated structures, tunnels, underpasses—Posting limits. It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum weight or size which can
be maintained or carried with safety over any such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel, or underpass is sign posted as hereinafter provided. The secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: Provided, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the transportation commission as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum gross weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass. [1977 ex.s. c 151 § 39; 1961 c 12 § 46.48.080. Prior: 1937 c 189 § 70; RRS § 6360–70. Formerly RCW 46.48.080.]

It shall be unlawful to operate any vehicle equipped or partly equipped with solid rubber tires or hollow center cushion tires, or to operate any combination of vehicles any part of which is equipped or partly equipped with solid rubber tires or hollow center cushion tires, so long as solid rubber tires or hollow center cushion tires may be used under the provisions of this title, upon any public highway of this state at a greater rate of speed than ten miles per hour. [1961 c 12 § 46.48.110. Prior: 1947 c 200 § 11; 1937 c 189 § 73; Rem. Supp. 1947 § 6360–73. Formerly RCW 46.48.110.]

46.61.460 Special speed limitation on motor–driven cycle. No person shall operate any motor–driven cycle at any time mentioned in RCW 46.37.020 at a speed greater than thirty–five miles per hour unless such motor–driven cycle is equipped with a head lamp or lamps which are adequate to reveal a person or vehicle at a distance of three hundred feet ahead. [1965 ex.s. c 155 § 57.]

46.61.465 Exceeding speed limit evidence of reckless driving. The unlawful operation of a vehicle in excess of the maximum lawful speeds provided in this chapter at the point of operation and under the circumstances described shall be prima facie evidence of the operation of a motor vehicle in a reckless manner by the operator thereof. 46.61.470 Speed traps defined, certain types permitted—Measured courses, speed measuring devices, timing from aircraft. (1) No evidence as to the speed of any vehicle operated upon a public highway by any person arrested or issued a notice of a traffic infraction for violation of any of the laws of this state regarding speed or of any orders, rules, or regulations of any city or town or other political subdivision relating thereto shall be admitted in evidence in any court at a subsequent trial of such person in case such evidence relates to or is based upon the maintenance or use of a speed trap except as provided in subsection (2) of this section. A "speed trap," within the meaning of this section, is a particular section of or distance on any public highway, the length of which has been or is measured off or otherwise designated or determined, and the limits of which are within the vision of any officer or officers who calculate the speed of a vehicle passing through such speed trap by using the lapsed time during which such vehicle travels between the entrance and exit of such speed trap. (2) Evidence shall be admissible against any person arrested or issued a notice of a traffic infraction for violation of any of the laws of this state or of any orders, rules, or regulations of any city or town or other political subdivision regarding speed or of any orders, rules, or regulations of any city or town or other political subdivision relating to or is based upon the maintenance or use of a speed trap except as provided in subsection (2) of this section. (3) The exceptions of subsection (2) of this section are limited to devices or observations with a maximum error of not to exceed five percent using the lapsed time during which such vehicle travels between such limits, and such limits shall not be closer than one–fourth mile.

46.61.506 Persons under influence of intoxicating liquor or drug—Evidence—Tests—Information concerning tests. (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the amount of alcohol in the person's blood or breath at the time alleged as shown by analysis of his blood or breath is less than 0.10 percent by weight of alcohol in his blood or 0.10 grams of alcohol per two hundred ten liters of the person's breath, it is evidence that may be considered with other competent evidence in determining whether
the person was under the influence of intoxicating liquor or any drug.

(2) The breath analysis shall be based upon grams of alcohol per two hundred ten liters of breath. The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcoholic content may be performed only by a physician, a registered nurse, or a qualified technician. This limitation shall not apply to the taking of breath specimens.

(5) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(6) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or his attorney. No physician, registered nurse, qualified technician, or hospital, or duly licensed clinical laboratory employing or utilizing services of such physician, registered nurse, or qualified technician, shall incur any civil or criminal liability as a result of the act of withdrawing blood from any person when directed by a law enforcement officer to do so for the purpose of a blood test under the provisions of RCW 46.20.308, as now or hereafter amended: Provided, That nothing in this section shall relieve any physician, registered nurse, qualified technician, or hospital or duly licensed clinical laboratory from civil liability arising from the use of improper procedures or failing to exercise the required standard of care. [1977 ex.s. c 143 § 1.]

46.61.515 Driving or being in physical control of motor vehicle while under the influence of intoxicating liquor or drugs—Penalties—Alcohol or drug problem, treatment—Suspension or revocation of license—Appeal. (1) Every person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished by imprisonment for not less than twenty-four consecutive hours nor more than one year, and by a fine of not less than two hundred fifty dollars and not more than one thousand dollars. Unless the judge finds the person to be indigent, two hundred fifty dollars of the fine shall not be suspended or deferred. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. The court may impose conditions of probation that may include nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The convicted person shall, in addition, be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services, as determined by the court. A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation, the court shall determine whether the convicted person shall be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services. Standards for approval for alcohol treatment programs shall be prescribed by rule under the administrative procedure act, chapter 34.05 RCW. The courts shall periodically review the costs of alcohol information schools and treatment programs within their jurisdictions.

(2) On a second or subsequent conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs within a five-year period a person shall be punished by imprisonment for not less than seven days nor more than one year and by a fine of not less than five hundred dollars and not more than two thousand dollars. District courts and courts organized under chapter 35.20 RCW are authorized to impose such fine. Unless the judge finds
the person to be indigent, five hundred dollars of the fine
shall not be suspended or deferred. The jail sentence
shall not be suspended or deferred unless the judge finds
that the imposition of the jail sentence will pose a risk to
the defendant's physical or mental well-being. Whenever
the mandatory jail sentence is suspended or deferred, the
judge must state, in writing, the reason for granting the
suspension or deferral and the facts upon which the sus-
pension or deferral is based. If, at the time of a second
or subsequent conviction, the driver is without a license
or permit because of a previous suspension or revocation,
the minimum mandatory sentence shall be ninety days in
jail and a two hundred dollar fine. The penalty so im-
posed shall not be suspended or deferred. The person
shall, in addition, be required to complete a diagnostic
evaluation by an alcoholism agency approved by the de-
partment of social and health services or a qualified
probation department approved by the department of
social and health services. The report shall be forwarded
to the department of licensing. If the person is found to
have an alcohol or drug problem requiring treatment,
the person shall complete treatment at an approved al-
coholism treatment facility or approved drug treatment
center.

In addition to any nonsuspendable and nondeferrable
jail sentence required by this subsection, the court shall
sentence a person to a term of imprisonment not ex-
ceeding one hundred eighty days and shall suspend but
shall not defer the sentence for a period not exceeding
two years. The suspension of the sentence may be condi-
tioned upon nonrepetition, alcohol or drug treatment,
supervised probation, or other conditions that may be
appropriate. The sentence may be imposed in whole or in
part upon violation of a condition of suspension during
the suspension period.

(3) The license or permit to drive or any nonresident
privilege of any person convicted of driving or being in
physical control of a motor vehicle while under the in-
fluence of intoxicating liquor or drugs shall:

(a) On the first conviction under either offense, be
suspended by the department until the person reaches
age nineteen or for ninety days, whichever is longer. The
department of licensing shall determine the person's eli-
gibility for licensing based upon the reports provided by
the designated alcoholism agency or probation depart-
ment and shall deny reinstatement until enrollment and
participation in an approved program has been estab-
lished and the person is otherwise qualified;

(b) On a second conviction under either offense within
a five-year period, be revoked by the department for one
year. The department of licensing shall determine the
person's eligibility for licensing based upon the reports
provided by the designated alcoholism agency or proba-
tion department and shall deny reinstatement until sat-
sfactory progress in an approved program has been estab-
lished and the person is otherwise qualified;

(c) On a third or subsequent conviction of driving or
being in physical control of a motor vehicle while under
the influence of intoxicating liquor or drugs, vehicular
homicide, or vehicular assault, or any combination
thereof within a five-year period, be revoked by the de-
partment for two years.

(4) In any case provided for in this section, where a
driver's license is to be revoked or suspended, the revoca-
tion or suspension shall be stayed and shall not take ef-
effect until after the determination of any appeal from
the conviction which may lawfully be taken, but in case
the conviction is sustained on appeal the revocation or
suspension takes effect as of the date that the conviction
becomes effective for other purposes. [1985 c 352 § 1; 1984

(3) The burden of proof is upon the state to establish the commission of the infraction by a preponderance of the evidence.

(4) After consideration of the evidence and argument the court shall determine whether the infraction was committed. Where it has not been established that the infraction was committed an order dismissing the notice shall be entered in the court's records. Where it has been established that the infraction was committed an appropriate order shall be entered in the court's records. A record of the court's determination and order shall be furnished to the department in accordance with RCW 46.20.270 as now or hereafter amended.

(5) An appeal from the court's determination or order shall be to the superior court. The decision of the superior court is subject only to discretionary review pursuant to Rule 2.3 of the Rules of Appellate Procedure. [1980 c 128 § 3; 1979 ex.s. c 136 § 11.]

46.63.100 Hearings—Explanation of mitigating circumstances. (1) A hearing held for the purpose of allowing a person to explain mitigating circumstances surrounding the commission of an infraction shall be an informal proceeding. The person may not subpoena witnesses. The determination that an infraction has been committed may not be contested at a hearing held for the purpose of explaining mitigating circumstances.

(2) After the court has heard the explanation of the circumstances surrounding the commission of the infraction an appropriate order shall be entered in the court's records. 46.63.110 Monetary penalties. (1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(3) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infracti on except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infracti on relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Whenever a monetary penalty is imposed by a court under this chapter it is immediately payable. If the person is unable to pay at that time the court may, in its discretion, grant an extension of the period in which the penalty may be paid. If the penalty is not paid on or before the time established for payment the court shall notify the department of the failure to pay the penalty, and the department may not renew the person's driver's license until the penalty has been paid and the penalty provided in subsection (3) of this section has been paid. 46.64.010 Traffic citations—Record of—Cancellation prohibited—Penalty—Citation audit. Every traffic enforcement agency in this state shall provide in appropriate form traffic citations containing notices to appear which shall be issued in books with citations in quadruplicate and meeting the requirements of this section.

The chief administrative officer of every such traffic enforcement agency shall be responsible for the issuance of such books and shall maintain a record of every such book and each citation contained therein issued to individual members of the traffic enforcement agency and shall require and retain a receipt for every book so issued.

Every traffic enforcement officer upon issuing a traffic citation to an alleged violator of any provision of the motor vehicle laws of this state or of any traffic ordinance of any city or town shall deposit the original or a copy of such traffic citation with a court having competent jurisdiction over the alleged offense or with its traffic violations bureau.

Upon the deposit of the original or a copy of such traffic citation with a court having competent jurisdiction over the alleged offense or with its traffic violations bureau as aforesaid, said original or copy of such traffic citation may be disposed of only by trial in said court or other official action by a judge of said court, including forfeiture of the bail or by the deposit of sufficient bail with or payment of a fine to said traffic violations bureau by the person to whom such traffic citation has been issued by the traffic enforcement officer.

The chief administrative officer of every traffic enforcement agency shall require the return to him of a copy of every traffic citation issued by an officer under his supervision to an alleged violator of any traffic law or ordinance and of all copies of every traffic citation which has been spoiled or upon which any entry has been made and not issued to an alleged violator.

Such chief administrative officer shall also maintain or cause to be maintained in connection with every traffic citation issued by an officer under his supervision a record of the disposition of the charge by the court or its traffic violations bureau in which the original or copy of the traffic citation was deposited.

Any person who cancels or solicits the cancellation of any traffic citation, in any manner other than as provided in this section, shall be guilty of a misdemeanor.

Every record of traffic citations required in this section shall be audited monthly by the appropriate fiscal officer of the government agency to which the traffic enforcement agency is responsible. [1961 c 12 § 46.64-.010. Prior: 1949 c 196 § 16; 1937 c 189 § 145; Rem. Supp. 1949 § 6360-145.]

46.64.015 Citation and notice to appear in court—Issuance—Contents—Written promise—Arrest—Detention. Whenever any person is arrested for any violation of the traffic laws or regulations which is punishable as a misdemeanor or by imposition of a fine, the arresting officer may serve upon him or her a traffic citation and notice to appear in court. Such citation and notice shall conform to the requirements of RCW 46.64.010, and in addition, shall include spaces for the name and address of the person arrested, the license number of the vehicle involved, the driver's license number of such person, if any, the offense or violation charged, the time and place where such person shall appear in court, and a place where the person arrested may sign. Such spaces shall be filled with the appropriate information by the arresting officer. The arrested person, in order to secure release, and when permitted by the arresting officer, must give his or her written promise to appear in court as required by the citation and notice by signing in the appropriate place the written citation and notice served by the arresting officer, and if the arrested person is a nonresident of the state, shall also post a
bonds, cash security, or bail as required under RCW 46.64.035. An officer may not serve or issue any traffic citation or notice for any offense or violation except when the offense or violation is committed in his or her presence or when a person may be arrested pursuant to RCW 10.31.100, as now or hereafter amended. The detention arising from an arrest under this section may not be for a period of time longer than is reasonably necessary to issue and serve a citation and notice, except that the time limitation does not apply under any of the following circumstances:

(1) Where the arrested person refuses to sign a written promise to appear in court as required by the citation and notice provisions of this section;

(2) Where the arresting officer has probable cause to believe that the arrested person has committed any of the offenses enumerated in RCW 10.31.100(3), as now or hereafter amended;

(3) When the arrested person is a nonresident and is being detained for a hearing under RCW 46.64.035.

46.64.018 Arrest without warrant for certain traffic offenses. See RCW 10.31.100.

46.64.020 Nonappearance after written promise—Penalty—Response by mail, when—Arrest, when.

(a) Traffic laws are necessary for the safe and expeditious flow of motor vehicle traffic.

(b) For traffic laws to be effective, they must be judiciously and fairly enforced. This enforcement includes the issuance of notices of infraction and citations and the assessment of fines and penalties.

(c) The adjudication of notices of infraction through a written and signed promise to respond as provided in this title is an integral and important part of the traffic law system.

(d) Approximately twenty percent of all people issued notices of infraction violate their written and signed promise to respond and obtain notices of failure to appear on their driving records. Through their actions, these people are destroying the effectiveness of the traffic law system and undermining the department of licensing regulatory control of drivers' licenses.

(e) Notices of failure to appear accumulated on a person's driving record shall be considered if they were issued after July 25, 1987.

(2) Any person violating his or her written and signed promise to appear in court or his or her written and signed promise to respond to a notice of traffic infraction, as provided in this title, is guilty of a misdemeanor regardless of the disposition of the charge upon which he or she was originally arrested or the disposition of the notice of infraction: Provided, That a written promise to appear in court or a written promise to respond to a notice of traffic infraction may be complied with by an appearance by counsel: Provided further, That a person charged under RCW 46.20.021 with driving with an expired driver's license may respond by mailing to the court within fifteen days of the violation, a copy of the person's currently valid driver's license. Any person who has been issued a notice of infraction pursuant to RCW 46.63.030(3) and who fails to respond as provided in this title is guilty of a misdemeanor regardless of the disposition of the notice of infraction.

(3) Any person who drives a motor vehicle within the state and has accumulated two or more notices of failure to appear on his or her driving record maintained by the department of licensing in any five-year period as a result of noncompliance with the traffic infraction laws in any jurisdiction or court within Washington, or in any jurisdiction or court within other states which are signatories with Washington in a nonresident violator compact or reciprocal agreement under chapter 46.23 RCW, shall be guilty of failure to comply, a gross misdemeanor. A person is not subject to this subsection for failure to pay a fine for any pedestrian, bicycling, or parking offense.

Probable cause for arrest under this subsection is established by the officer obtaining, orally or in writing, information from the department of licensing that two or more notices of failure to appear are on the person's driving record.

Venue for prosecution shall be in the court with jurisdiction in the area of apprehension. [1988 c 38 § 1; 1987 c 345 § 1; 1986 c 213 § 1; 1980 c 128 § 8; 1961 c 12 § 46.64.020. Prior: 1937 c 189 § 146; RRS § 6360-146.]

Effective date—Severability—1980 c 128: See notes following RCW 46.63.060.

46.64.025 Nonappearance after written promise—Notice to department. Whenever any person has for a period of fifteen or more days violated his written promise to appear in court, the court in which the defendant so promised to appear shall forthwith give notice of such fact to the department of licensing. Whenever thereafter the case in which such promise was given is adjudicated, the court hearing the case shall file with the department a certificate showing that the case has been adjudicated. [1979 c 158 § 175; 1967 c 32 § 71; 1965 ex.s. c 121 § 23.]

Purpose—Construction—1965 ex.s. c 121: See note following RCW 46.20.021.

46.64.030 Procedure governing arrest and prosecution. The provisions of this title with regard to the apprehension and arrest of persons violating this title shall govern all police officers in making arrests without a warrant for violations of this title for offenses either committed in their presence or believed to have been committed based on probable cause pursuant to RCW 10.31.100, but the procedure prescribed herein shall not otherwise be exclusive of any other method prescribed by law for the arrest and prosecution of a person for other like offenses. [1979 ex.s. c 28 § 3; 1975 c 56 § 2; 1973 c 56 § 6; 1965 ex.s. c 121 § 23.]

1967 c 32 § 72; 1961 c 12 § 46.64.030. Prior: 1937 c 189 § 147; RRS § 6360–147.]

46.64.035 Posting of security or bail by nonresident—Penalty. Any nonresident of the state of Washington who is issued a notice of infraction or a citation for a traffic offense may be required to post either a bond or cash security in the amount of the infraction penalty or to post bail. The court shall by January 1, 1990, accept, in lieu of bond or cash security, valid major credit cards issued by a bank or other financial institution or automobile club card guaranteed by an insurance company licensed to conduct business in the state. If payment is made by credit card the court is authorized to impose, in addition to any penalty or fine, an amount equal to the charge to the court for accepting such cards. If the person cannot post the bond, cash security, or bail, he or she shall be taken to a magistrate or judge for a hearing at the first possible working time of the court. If the person refuses to comply with this section, he or she shall be guilty of a misdemeanor. This section does not apply to residents of states that have entered into a reciprocal agreement as outlined in RCW 46.23.020. [1987 c 345 § 3.]

46.64.040 Nonresident's use of highways—Secretary of state as attorney in fact. The acceptance by a nonresident of the rights and privileges conferred by law in the use of the public highways of this state, as evidenced by his operation of a vehicle thereon, or the operation thereon of his vehicle with his consent, express or implied, shall be deemed equivalent to and construed to be an appointment by such nonresident of the secretary of state of the state of Washington to be his true and lawful attorney upon whom may be served all lawful summons and processes against him growing out of any accident, collision, or liability in which such nonresident may be involved while operating a vehicle upon the public highways, or while his vehicle is being operated thereon with his consent, express or implied, and such operation and acceptance shall be a signification of his agreement that any summons or process against him which is so served shall be of the same legal force and validity as if served on him personally within the state of Washington. Likewise each resident of this state who, while operating a motor vehicle on the public highways of this state, is involved in any accident, collision or liability and thereafter within three years departs from this state appoints the secretary of state of the state of Washington as his lawful attorney for service of summons as provided in this section for nonresidents. Service of such summons or process shall be made by leaving two copies thereof with a fee of twenty-five dollars with the secretary of state of the state of Washington, or at his office, and such service shall be sufficient and valid personal service upon said resident or nonresident: Provided, That notice of such service and a copy of the summons or process is forthwith sent by registered mail with return receipt requested, by plaintiff to the defendant at the last known address of the said defendant, and the plaintiff's affidavit of compliance herewith are appended to the process, together with the affidavit of the plaintiff's attorney that he has with due diligence attempted to serve personal process upon the defendant at all addresses known to him of defendant and further listing in his affidavit the addresses at which he attempted to have process served. However, if process is forwarded by registered mail and defendant's endorsed receipt is received and entered as a part of the return of process then the foregoing affidavit of plaintiff's attorney need only show that the defendant received personal delivery by mail: Provided further, That personal service outside of this state in accordance with the provisions of law relating to personal service of summons outside of this state shall relieve the plaintiff from mailing a copy of the summons or process by registered mail as hereinbefore provided. The secretary of state shall forthwith send one of such copies by mail, postage prepaid, addressed to the defendant at his address, if known to the secretary of state. The court in which the action is brought may order such continuances as may be necessary to afford the defendant reasonable opportunity to defend the action. The fee of twenty-five dollars paid by the plaintiff to the secretary of state shall be taxed as part of his costs if he prevails in the action. The secretary of state shall keep a record of all such summons and processes, which shall show the day of service. [1982 c 35 § 197; 1973 c 91 § 1; 1971 ex.s. c 69 § 1; 1961 c 12 § 46.64.040. Prior: 1959 c 121 § 1; 1957 c 75 § 1; 1937 c 189 § 129; RRS § 6360–129.]

46.64.048 Attempting, aiding, abetting, coercing, committing violations, punishable. Every person who commits, attempts to commit, conspires to commit, or aids or abets in the commission of any act declared by this title to be a crime, whether individually or in connection with one or more other persons or as principal, agent, or accessory, shall be guilty of such offense, and every person who falsely, fraudulently, forcefully, or wilfully induces, causes, coerces, requires, permits or directs others to violate any provisions of this title is likewise guilty of such offense. [1961 c 12 § 46.56.210. Prior: 1937 c 189 § 149; RRS § 6360–149. Formerly RCW 46.61.695.]

46.64.050 General penalty. It is a traffic infraction for any person to violate any of the provisions of this title unless violation is by this title or other law of this state declared to be a felony, a gross misdemeanor, or a misdemeanor.

Unless another penalty is in this title provided, every person convicted of a misdemeanor for violation of any provisions of this title shall be punished accordingly. [1979 ex.s. c 136 § 93; 1975–76 2nd ex.s. c 95 § 3; 1961 c 12 § 46.64.050. Prior: (i) 1937 c 189 § 150; RRS § 6360–150; 1927 c 309 § 53; RRS § 6362–53. (ii) 1937 c

46.64.060 Stopping motor vehicles for driver’s license check, vehicle inspection and test—Purpose. The purpose of RCW 46.64.060 and 46.64.070 is to provide for the exercise of the police power of this state to protect the health and safety of its citizens by assuring that only qualified drivers and vehicles which meet minimum equipment standards shall operate upon the highways of this state. [1967 c 144 § 1.]

Severability—1967 c 144: “If any provision, clause or word of this act or application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this act which can be given effect without the invalid provision of application, and to this end the provisions of this act are declared to be severable.” [1967 c 144 § 3.]

46.64.070 Stopping motor vehicles for driver’s license check, vehicle inspection and test—Authorized—Powers additional. To carry out the purpose of RCW 46.64.060 and 46.64.070, officers of the Washington state patrol are hereby empowered during daylight hours and while using plainly marked state patrol vehicles to require the driver of any motor vehicle being operated on any highway of this state to stop and display his or her driver’s license and/or to submit the motor vehicle being driven by such person to an inspection and test to ascertain whether such vehicle complies with the minimum equipment requirements prescribed by chapter 46.37 RCW, as now or hereafter amended. No criminal citation shall be issued for a period of ten days after giving a warning ticket pointing out the defect.

The powers conferred by RCW 46.64.060 and 46.64.070 are in addition to all other powers conferred by law upon such officers, including but not limited to powers conferred upon them as police officers pursuant to RCW 46.20.430 and powers conferred by chapter 46.32 RCW. (1) To provide maximum safety for all persons who travel or otherwise use the public highways of this state; and

(2) To deny the privilege of operating motor vehicles on such highways to persons who by their conduct and record have demonstrated their indifference for the safety and welfare of others and their disrespect for the laws of the state, the orders of her courts and the statutorily required acts of her administrative agencies; and

(3) To discourage repetition of criminal acts by individuals against the peace and dignity of the state and her political subdivisions and to impose increased and added deprivation of the privilege to operate motor vehicles upon habitual offenders who have been convicted repeatedly of violations of traffic laws. [1971 ex.s. c 284 § 3.]

Severability—1971 ex.s. c 284: "If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1971 ex.s. c 284 § 17.]

   (f) Reckless driving as defined in RCW 46.61.500;

County road administration board—Expenses to be paid from motor vehicle fund—Disbursement procedure: RCW 36.78.110.

46.68.122 Distribution of amount to counties—Factors of distribution formula. Funds to be paid to the several counties pursuant to RCW 46.68.120(4) shall be allocated among them upon the basis of a distribution formula consisting of the following four factors:

(1) An equal distribution factor of ten percent of such funds shall be paid to each county;

(2) A population factor of thirty percent of such funds shall be paid to each county in direct proportion that the county's total equivalent population, as computed pursuant to RCW 46.68.124(1), is to the total equivalent population of all counties;

(3) A road cost factor of thirty percent of such funds shall be paid to each county in direct proportion that the county's total annual road cost, as computed pursuant to RCW 46.68.124(2), is to the total annual road costs of all counties;

(4) A money need factor of thirty percent of such funds shall be paid to each county in direct proportion that the county's money need factor, as computed pursuant to RCW 46.68.124(3), is to the total of money need factors of all counties. [1982 c 33 § 2.]

46.68.124 Distribution of amount to counties—Population, road cost, money need, computed—Allocation percentage adjustment, when. (1) The equivalent population for each county shall be computed as the sum of the population residing in the county's unincorporated area plus twenty-five percent of the population residing in the county's incorporated area. Population figures required for the computations in this subsection shall be certified by the director of the office of financial management on or before July 1st of each odd-numbered year.

(2) The total annual road cost for each county shall be computed as the sum of one twenty-fifth of the total estimated county road replacement cost, plus the total estimated annual maintenance cost. Appropriate costs for bridges and ferries shall be included. The county road administration board shall be responsible for establishing a uniform system of roadway categories for both maintenance and construction and also for establishing a single state-wide cost per mile rate for each roadway category. The total annual cost for each county will be based on the established state-wide cost per mile and associated mileage for each category. The mileage to be used for these computations shall be as shown in the county road log as maintained by the county road administration board as of July 1, 1985, and each two years thereafter. Each county shall be responsible for submitting changes, corrections, and deletions as regards the county road log to the county road administration board. Such changes, corrections, and deletions shall be subject to verification and approval by the county road administration board prior to inclusion in the county road log.

(3) The money need factor for each county shall be the county's total annual road cost less the following four amounts:

(a) One-half the sum of the actual county road tax levied upon the valuation of all taxable property within the county road districts pursuant to RCW 36.82.040 for the two calendar years next preceding the year of computation of the allocation amounts as certified by the department of revenue;

(b) One-half the sum of all funds received by the county road fund from the federal forest reserve fund pursuant to RCW 28A.02.300 and 28A.02.310 during the two calendar years next preceding the year of computation of the allocation amounts as certified by the state treasurer;

(c) One-half the sum of timber excise taxes received by the county road fund pursuant to chapter 84.33 RCW in the two calendar years next preceding the year of computation of the allocation amounts as certified by the state treasurer;

(d) One-half the sum of motor vehicle license fees and motor vehicle and special fuel taxes refunded to the
county, pursuant to RCW 46.68.080 during the two calen-
dar years next preceding the year of computation of
the allocation amounts as certified by the state treasurer.

(4) The state treasurer and the department of revenue
shall furnish to the county road administration board the
information required by subsection (3) of this section on
or before July 1st of each odd-numbered year.

(5) The county road administration board, shall com-
pute and provide to the counties the allocation factors of
the several counties on or before September 1st of each
year based solely upon the sources of information herein
before required: Provided, That the allocation factor
shall be held to a level not more than five percent above
or five percent below the allocation factor in use during
the previous calendar year. Upon computation of the ac-
tual allocation factors of the several counties, the county
road administration board shall provide such factors to
the state treasurer to be used in the computation of the
 counties' fuel tax allocation for the succeeding calendar
year. The state treasurer shall adjust the fuel tax allo-
cation of each county on January 1st of every year based
solely upon the information provided by the county road
administration board. [1985 c 120 § 2; 1985 c 7 § 113;
1982 c 33 § 3.]

Reviser's note: This section was amended by 1985 c 7 § 113 and by
1985 c 120 § 2, each without reference to the other. Both amendments
are incorporated in the publication of this section pursuant to RCW
1.12.025(2). For rule of construction, see RCW 1.12.025(1).

manner provided by RCW 46.68.100, and all moneys deri-
ving from other sources, less such sums as are properly appropriated and
reappropriated for expenditure for costs of collection and
administration of the fund, shall be expended, subject to
proper appropriation and reappropriation, solely for
highway purposes of the state, including the purposes of
RCW 47.30.030. For the purposes of this section, the
term "highway purposes of the state" does not include
those expenditures of the Washington state patrol here-
tofore appropriated or reappropriated from the motor
vehicle fund. [1981 c 342 § 11; 1974 ex.s. c 9 § 1; 1972

(12) "Temporary subagency" means a location other than the principal place of business or subagency within the state where a licensed vehicle dealer may secure a license to conduct the business and is licensed for a period of time not to exceed ten days for a specific purpose such as auto shows, shopping center promotions, tent sales, exhibitions, or similar merchandising ventures. Prior: 1977 ex.s. c 204 § 2; 1977 ex.s. c 125 § 1; 1973 1st ex.s. c 132 § 2; 1969 ex.s. c 63 § 1; 1967 ex.s. c 74 § 3.]

Reviser's note: This section was amended by 1989 c 301 § 1 and by 1989 c 337 § 11, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

46.70.021 License required for dealers or manufacturers—Penalties. It is unlawful for any person, firm, or association to act as a vehicle dealer or vehicle manufacturer, to engage in business as such, serve in the capacity of such, advertise himself, herself, or themselves as such, solicit sales as such, or distribute or transfer vehicles for resale in this state, without first obtaining and holding a current license as provided in this chapter, unless the title of the vehicle is in the name of the seller. It is unlawful for any person other than a licensed vehicle dealer to display a vehicle for sale unless the registered owner or legal owner is the displayer or holds a notarized power of attorney. A person or firm engaged in buying and offering for sale, or buying and selling five or more vehicles in a twelve-month period, or in any other way engaged in dealer activity without holding a vehicle dealer license, is guilty of a gross misdemeanor, and upon conviction is subject to a fine of up to one thousand dollars for each violation and up to one year in jail. A second offense is a class C felony punishable under chapter 9A.20 RCW. A violation of this section is also a per se violation of chapter 19.86 RCW and is considered a deceptive practice. The department of licensing, the Washington state patrol, the attorney general's office, and the department of revenue shall cooperate in the enforcement of this section. A distributor, factory branch, or factory representative shall not be required to have a vehicle manufacturer license so long as the vehicle manufacturer so represented is properly licensed pursuant to this chapter. Nothing in this chapter prohibits financial institutions from cooperating with vehicle dealers licensed under this chapter in dealer sales or leases. However, financial institutions shall not broker vehicles and cooperation is limited to organizing, promoting, and financing of such dealer sales or leases. [1988 c 287 § 2; 1986 c 241 § 3; 1973 1st ex.s. c 132 § 3; 1967 ex.s. c 74 § 4.]

46.70.023 Place of business. (1) An "established place of business" requires a permanent, enclosed commercial building located within the state of Washington easily accessible at all reasonable times. An established place of business shall have an improved display area of not less than three thousand square feet in or immediately adjoining the building, or a display area large enough to display six or more vehicles of the type the dealer is licensed to sell, whichever area is larger. The business of a vehicle dealer, including the display and repair of vehicles, may be lawfully carried on at an established place of business in accordance with the terms of all applicable building code, zoning, and other land-use regulatory ordinances. The dealer shall keep the building open to the public so that they may contact the vehicle dealer or the dealer's salespersons at all reasonable times. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. In no event may a room or rooms in a hotel, rooming house, or apartment house building or part of a single or multiple-unit dwelling house be considered an "established place of business" unless the ground floor of such a dwelling is devoted principally to and occupied for commercial purposes and the dealer offices are located on the ground floor. A mobile office or mobile home may be used as an office if it is connected to utilities and is set up in accordance with state law. This subsection does not apply to auction
companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagencies. A subagency license is required for each and every subagency: Provided, That the department may grant an exception to the subagency requirement in the specific instance where a licensed new motor vehicle dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. A wholesale dealer need not maintain a display area as required in this section. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(10) A listing dealer need not have a display area if the dealer does not physically maintain any vehicles for display.

(11) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. A mobile home dealer shall identify on-site display models, repossessed mobile homes, and those consigned at their sites with a sign that includes the dealer's name and telephone number.

(12) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. If any name or location is changed, the dealer shall notify the department of such change within ten days. The license issued by the department shall reflect the name and location of the firm and shall be posted in a conspicuous place at that location by the dealer.

(13) A vehicle dealer's license shall upon the death or incapacity of an individual vehicle dealer authorize the personal representative of such dealer, subject to payment of license fees, to continue the business for a period of six months from the date of the death or incapacity. [1989 c 301 § 2; 1986 c 241 § 4.]

46.70.025 Established place of business—Waiver of requirements. The director may by rule waive any requirements pertaining to a vehicle dealer's established place of business if such waiver both serves the purposes of this chapter and is necessary due to unique circumstances such as a location divided by a public street or a highly specialized type of business. [1986 c 199 § 1.]

46.70.027 Accountability of dealer for employees—Actions for damages on violation of chapter. A vehicle dealer is accountable for the dealer's employees, sales personnel, and managerial personnel while in the performance of their official duties. Any violations of this chapter or applicable provisions of chapter 46.12 or 46.16 RCW committed by any of these employees subject the dealer to license penalties prescribed under RCW 46.70.101. A retail purchaser, consignor who is not a motor vehicle dealer, or a motor vehicle dealer who has purchased from a wholesale dealer, who has suffered a loss or damage by reason of any act by a dealer, salesperson, managerial person, or other employee of a dealership, that constitutes a violation of this chapter or applicable provisions of chapter 46.12 or 46.16 RCW may institute an action for recovery against the dealer and the surety bond as set forth in RCW 46.70.070. However, under this section, motor vehicle dealers who have purchased from wholesale dealers may only institute actions against wholesale dealers and their surety bonds. [1989 c 337 § 12; 1986 c 241 § 5.]

(1989 Ed.)
46.70.028 Consignment. Dealers who transact dealer business by consignment shall obtain a consignment contract for sale and shall comply with applicable provisions of chapter 46.70 RCW. The dealer shall place all funds received from the sale of the consigned vehicle in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the vehicle from these funds. Where title has been delivered to the purchaser, the dealer shall pay the amount due a consignor within ten days after the sale. [1989 c 337 § 13.]

46.70.029 Listing dealers, transaction of business. Listing dealers shall transact dealer business by obtaining a consignment for sale, and the buyer's purchase of the mobile home shall be handled as dealer inventory. All funds from the purchaser shall be placed in a trust account until the sale is completed, except that the dealer shall pay any outstanding liens against the mobile home from these funds. A complete account of all funds received and disbursed shall be given to the seller or consignor after the sale is completed. [1986 c 241 § 6.]

46.70.031 Application for license—Form. A vehicle dealer or vehicle manufacturer may apply for a license by filing with the department an application in such form as the department may prescribe. [1986 c 241 § 7; 1973 1st ex.s. c 132 § 4; 1967 ex.s. c 74 § 5.]

46.70.041 Application for license—Contents. (1) Every application for a vehicle dealer license shall contain the following information to the extent it applies to the applicant:

Every application for license shall be retained by the department for a period of three years and shall be confidential information for the use of the department, the attorney general or the prosecuting attorney only: Provided, That upon a showing of good cause therefor any court in which an action is pending by or against the applicant or licensee, may order the director to produce and permit the inspection and copying or photographing the application and any accompanying statements. [1967 ex.s. c 74 § 14.]

Nothing prohibits a vehicle dealer from obtaining licenses for more than one classification, and nothing prevents any vehicle dealer from dealing in other classes of vehicles on an isolated basis.

(2) An auction company licensed under chapter 18.11 RCW may sell at auction all classifications of vehicles under a motor vehicle dealer's license issued under this chapter including motor vehicles, miscellaneous type vehicles, and mobile homes and travel trailers. [1989 c 301 § 3; 1973 1st ex.s. c 132 § 6; 1971 ex.s. c 74 § 2; 1967 ex.s. c 74 § 7.]

*Reviser's note: RCW 46.70.200 was repealed by 1989 c 415 § 23.

(c) Five thousand dollars for miscellaneous dealers, running to the state, and executed by a surety company authorized to do business in the state. Such bond shall be approved by the attorney general as to form and conditioned that the dealer shall conduct his business in conformity with the provisions of this chapter.

Any retail purchaser, consignor who is not a motor vehicle dealer, or a motor vehicle dealer who has purchased from a wholesale dealer, who has suffered any loss or damage by reason of any act by a dealer which constitutes a violation of this chapter shall have the right to institute an action for recovery against such dealer and the surety upon such bond. However, under this section, motor vehicle dealers who have purchased from wholesale dealers may only institute actions against wholesale dealers and their surety bonds. Successive recoveries against said bond shall be permitted, but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. Upon exhaustion of the penalty of said bond or cancellation of the bond by the surety the vehicle dealer license shall automatically be deemed canceled.

(2) The bond for any vehicle dealer licensed or to be licensed under more than one classification shall be the highest bond required for any such classification.

Successive recoveries against the bond shall be permitted, but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. Upon exhaustion of the penalty of the bond or cancellation of the bond by the surety the manufacturer license is automatically deemed canceled. [1981 c 152 § 3; 1973 1st ex.s. c 132 § 9.]

[1986 c 241 § 12; 1985 c 109 § 1; 1973 1st ex.s. c 132 § 12; 1971 ex.s. c 74 § 6; 1967 ex.s. c 74 § 10.]

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2) To incorporate within the terms of any purchase and sale agreement any statement or representation with regard to the sale or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer as part of the purchase price, for any reason except substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

from a purchaser prior to the delivery of the bargained-for vehicle, to commingle said "on deposit" funds with assets of the dealer, salesman, or mobile home manufacturer instead of holding said "on deposit" funds as trustee in a separate trust account until the purchaser has taken delivery of the bargained-for vehicle. Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: Provided, however, That a motor vehicle dealer may keep a separate trust account which equals his customary total customer deposits for vehicles for future delivery.

Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: Provided, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith.

(c) Encourage, aid, abet, or teach a vehicle dealer to sell vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

Vehicle warranties (Lemon law): Chapter 19.118 RCW.

46.71.010 Definitions. For purposes of this chapter:

(1) "Automotive repairman" means a person who for compensation engages in the business of automotive repairing and/or diagnosing malfunctions of motor vehicles subject to RCW 46.16.010; and

(2) "Automotive repairs" includes but is not limited to:
(a) All repairs to vehicles subject to RCW 46.16.010 which are commonly performed in a repair shop by a motor vehicle mechanic including the installation, exchange, or repair of mechanical parts or units for any vehicle or the performance of any electrical or mechanical adjustment to any vehicle; and
(b) All work in shops that perform one or more specialties within the automotive repair trade including but not limited to body, frame, front-end, brake repair, transmission, tune-up, and electrical repair work, and muffler installation. [1982 c 62 § 1; 1977 ex.s. c 280 § 1.]

46.71.020 Invoices—Requirements. All work done and all parts supplied by an automotive repairman, including all warranty work, shall be recorded on an invoice. If any used, rebuilt, or reconditioned parts are supplied the invoice shall clearly state the fact. One copy of the invoice shall be given to the customer and one copy of the invoice shall be retained by the automotive repairman. [1977 ex.s. c 280 § 2.]

46.71.030 Replaced parts—Return to customer—Exceptions. Upon request of the customer when the work order is taken, except for parts covered by a manufacturer’s warranty, the automotive repairman shall return replaced parts to the customer at the time the work is completed. If a customer requests the return of a part that must be returned to the manufacturer or distributor under the terms of a warranty agreement, the repairman shall offer to show the part to the customer at the time the work is completed. The repairman need not show a replaced part when no charge is being made for the replacement part. [1982 c 62 § 2; 1977 ex.s. c 280 § 3.]

46.71.040 Estimate of costs—Alternatives—Customer’s choice. (1) If the price of the automotive repairs is estimated to exceed seventy-five dollars and the repairman chooses to preserve any right to assert a possessor or chattel lien or if the customer requests a written price estimate, the automotive repairman shall, prior to the commencement of supplying any parts or the performance of any labor, provide the customer a written price estimate or the following choice of estimate alternatives:

"YOU ARE ENTITLED TO A WRITTEN PRICE ESTIMATE FOR THE REPAIRS YOU HAVE AUTHORIZED. YOU ARE ALSO ENTITLED TO REQUIRE THE REPAIRMAN TO OBTAIN YOUR ORAL OR WRITTEN AUTHORIZATION TO EXCEED THE WRITTEN PRICE ESTIMATE. YOUR SIGNATURE OR INITIALS WILL INDICATE YOUR SELECTION."
1. I request an estimate in writing before you begin repairs. Contact me if the price will exceed this estimate by more than ten percent.

--------------------

2. Proceed with repairs but contact me if the price will exceed $_________ ___________

3. I do not want a written estimate.  

--------------------

These alternatives shall not be required when the customer's motor vehicle has been brought to the automotive repairman without face-to-face contact between the customer and the automotive repairman or the repairman's representative at the repairman's regular place of business. A repairman is not required to provide a customer with a written price estimate or a choice of estimate alternatives except as required by this subsection.

(2) If the customer signs or initials alternative 1, the automotive repairman shall, prior to supplying any parts or performing any labor, give to the customer a written price estimate for the labor and parts necessary for the specific repair requested. If the customer signs or initials either alternative 2 or 3, no written price estimate is required unless the repairman chooses to preserve any right to assert a possessory or chattel lien. The repairman may not charge for work done or parts supplied which are not a part of the written price estimate and may not charge the customer more than one hundred ten percent, exclusive of retail sales tax, of the total shown on the written price estimate: Provided, That neither of these limitations shall apply if, prior to performing the additional labor and/or supplying the additional parts, the repairman obtains either the oral or written authorization of the customer to exceed the written price estimate. The repairman or his agent shall note on the written price estimate the date and time of obtaining an oral authorization.

(3) If the price of the automotive repairs is estimated to be less than seventy-five dollars and, after the repairs commence, it is determined that the final price will exceed a final price of seventy-five dollars, No repairman may charge the customer more than seventy-five dollars for repairs under this subsection unless authorized orally or in writing by the customer. [1982 c 62 § 4.]

46.71.047 Excessive repair costs, conditions for recovery of—Costs of action and attorneys' fee. If an automotive repairman is required by RCW 46.71.040 to provide the customer a written price estimate or a choice of estimate alternatives, the repairman is barred from recovering in an action to recover for automotive repairs any amount in excess of one hundred ten percent of the amount authorized by the customer unless the repairman proves by a preponderance of the evidence that his or her conduct was reasonable, necessary, and justified under the circumstances. In any action to recover for automotive repairs the prevailing party may, in the discretion of the court, recover the costs of the action and a reasonable attorneys' fee. [1982 c 62 § 5.]

46.71.050 Certain repairman's remedies barred— Conditions. A repairman who performs work or supplies parts which are not a part of the written price estimate or which together exceed one hundred ten percent of the written price estimate, without the oral or written authorization of the customer or who is not required by RCW 46.71.040 to provide the customer with a written price estimate or a choice of estimate alternatives shall be barred from asserting a possessory or chattel lien for the amount of the unauthorized parts or labor upon the motor vehicle. A repairman who supplies used, rebuilt, or reconditioned parts in violation of RCW 46.71.020 or who fails or refuses to return replaced parts as required by RCW 46.71.030 shall be barred from asserting a possessory or chattel lien for the amount charged for that replacement part upon the motor vehicle. [1982 c 62 § 6; 1977 ex.s. c 280 § 5.]

46.71.060 Price estimates and invoices kept for one year. Every automotive repairman shall retain and make available for inspection upon request by the customer or the customer's authorized representative true copies of the written price estimates and invoices required under this chapter for at least one year after the date on which the repairs were performed. [1982 c 62 § 7; 1977 ex.s. c 280 § 6.]

46.71.065 Understating estimates prohibited. An automotive repairman shall not materially understate or misstate the estimated price of automotive repairs. [1982 c 62 § 8.]

46.71.070 Unfair practices as violation of consumer protection act—Defense. A violation of this chapter is an unfair act or practice in violation of the consumer protection act, chapter 19.86 RCW. In an action under
chapter 19.86 RCW due to an automotive repairman's charging or attempt to charge a customer an amount in excess of one hundred ten percent of the amount authorized by the customer, a violation shall not be found if the automotive repairman proves by a preponderance of the evidence that his or her conduct was reasonable, necessary, and justified under the circumstances.

Notwithstanding RCW 46.64.050, no violation of this chapter shall give rise to criminal liability under that section. [1982 c 62 § 9; 1977 ex.s. c 280 § 7.]

46.71.080 Notice of this chapter to vehicle owners. Whenever a vehicle license renewal form under RCW 46.16.210 is given to the registered owner of any vehicle, the department of licensing shall give to the owner written notice of the provisions of this chapter in a manner prescribed by the director of licensing. [1982 c 62 § 10.]

46.71.090 Notice of this chapter to repairmen. When the department of revenue issues a registration certificate under RCW 82.32.030 to an automotive repairman, it shall give written notice to the person of the requirements of this chapter in a manner prescribed by the director of revenue. The department of revenue shall thereafter give the notice on an annual basis in conjunction with the business and occupation tax return provided to each person holding a registration certificate as an automotive repairman. 46.72.020 Permit required—Form of application. Application for a permit shall be made on forms provided by the director and shall include (1) the name and address of the owner or owners, and if a corporation, the names and addresses of the principal officers thereof; (2) city, town or locality in which any vehicle will be operated; (3) name and motor number of any vehicle to be operated; (4) the endorsement of a city official authorizing an operator under a law or ordinance requiring a license; and (5) such other information as the director may require. 46.72.030 Permit fee—Issuance—Display. Application for a permit shall be forwarded to the director with a fee of five dollars. Upon receipt of such application and fee, the director shall, if such application be in proper form, issue a permit authorizing the applicant to operate for hire vehicles upon the highways of this state until such owner ceases to do business as such, or until the permit is suspended or revoked. 46.72.040 Surety bond. Before a permit is issued every for hire operator shall be required to deposit and thereafter keep on file with the director a surety bond running to the state of Washington covering each and every for hire vehicle as may be owned or leased by him and used in the conduct of his business as a for hire operator. Such bond shall be in the sum of one hundred thousand dollars for any recovery for death or personal injury by one person, and three hundred thousand dollars for all persons killed or receiving personal injury by reason of one act of negligence, and twenty-five thousand dollars for damage to property of any person other than the assured, with a good and sufficient surety company licensed to do business in this state as surety and to be approved by the director, conditioned for the faithful compliance by the principal of said bond with the provisions of this chapter, and to pay all damages which may be sustained by any person injured by reason of any careless negligence or unlawful act on the part of said principal, his agents or employees in the conduct of said business or in the operation of any motor propelled vehicle used in transporting passengers for compensation on any public highway of this state. [1973 c 15 § 1; 1967 c 32 § 82; 1961 c 12 § 46.72.040. Prior: 1947 c 253 § 4; Rem. Supp. 1947 § 6386–4; prior: 1933 c 73 § 1, part; (1989 Ed.)

The director shall, upon receipt of fees and after approving the bond or policy, furnish the owner with an appropriate certificate which must be carried in a conspicuous place in the vehicle at all times during for hire operation. A for hire operator shall secure a certificate for each for hire vehicle operated and pay therefor a fee of one dollar for each vehicle so registered. Such permit or certificate shall expire on June 30th of each year, and may be annually renewed upon payment of a fee of one dollar. [1967 c 32 § 84; 1961 c 12 § 46.72.070. Prior: 1947 c 253 § 7; Rem. 46.85.010 Declaration of policy. It is the policy of this state to promote and encourage the fullest possible use of its highway system by authorizing the making and execution of vehicle reciprocal or proportional registration agreements, arrangements and declarations with other states, provinces, territories, and countries with respect to vehicles registered in this and such other states, provinces, territories, and countries thus contributing to the economic and social development and growth of this state. [1987 c 244 § 8; 1963 c 106 § 1.]

46.85.020 Definitions. The definitions set forth in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Jurisdiction" means and includes a state, territory, or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(2) "Owner" means a person, business firm, or corporation who holds the legal title to a vehicle, or in the event a vehicle is the subject of an agreement for the conditional sale thereof with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or in the event a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or in the event a mortgagor of a vehicle is entitled to possession, then the owner shall be deemed to be such person in whom is vested right of possession or control.

(3) "Properly registered," as applied to place of registration, means:

(a) The jurisdiction where the person registering the vehicle has his legal residence; or

(b) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which such vehicle is used has a place of business therein, and, if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled in or from such place of business, and, the vehicle has been assigned to such place of business; or

(c) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between two or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by said jurisdiction.

In case of doubt or dispute as to the proper place of registration of a vehicle, the department shall make the final determination, but in making such determination, may confer with departments of the other jurisdictions affected. [1987 c 244 § 9; 1985 c 173 § 2; 1982 c 227 § 18; 1981 c 222 § 1; 1963 c 106 § 2.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

Effective date—1982 c 227: See note following RCW 19.09.100.

46.85.030 Departmental entry into multistate proportional registration agreement, International Registration Plan. The department of licensing shall have the authority to execute agreements, arrangements, or declarations to carry out the provisions of chapter 46.87 RCW and this chapter.

If the department enters into a multistate proportional registration agreement which requires this state to perform acts in a quasi agency relationship, the department may collect and forward applicable registration fees and
applications to other jurisdictions on behalf of the applicant or on behalf of another jurisdiction and may take such other action as will facilitate the administration of such agreement.

If the department enters into a multistate proportional registration agreement which prescribes procedures applicable to vehicles not specifically described in chapter 46.87 RCW, such as but not limited to "owner-operator" or "rental" vehicles, it shall promulgate rules taking exception to or accomplishing the procedures prescribed in such agreement.

It is the purpose and intent of this subsection to facilitate the membership in the International Registration Plan and at the same time allow the department to continue to participate in such agreements and compacts as may be necessary and desirable in addition to the International Registration Plan. [1987 c 244 § 10; 1982 c 227 § 19; 1981 c 222 § 2; 1977 ex.s. c 92 § 1; 1975–76 2nd ex.s. c 34 § 137; 1967 c 32 § 113; 1963 c 106 § 3.]

Effective date—1987 c 244: See note following RCW 46.12.020.
Effective date—1982 c 227: See note following RCW 19.09.100.
Effective date—Severability—1975–76 2nd ex.s. c 34: See notes following RCW 20.08.115.

46.85.040 Authority for reciprocity agreements—Provisions—Reciprocity standards. The department may enter into an agreement or arrangement with the duly authorized representatives of another jurisdiction, granting to vehicles or to owners of vehicles which are properly registered or licensed in such jurisdiction and for which evidence of compliance is supplied, benefits, privileges, and exemptions from the payment, wholly or partially, of any taxes, fees, or other charges imposed upon such vehicles or owners with respect to the operation or ownership of such vehicles under the laws of this state. Such an agreement or arrangement shall provide that vehicles properly registered or licensed in this state when operated upon highways of such other jurisdiction shall receive exemptions, benefits, and privileges of a similar kind or to a similar degree as are extended to vehicles properly registered or licensed in such jurisdiction when operated in this state. Each such agreement or arrangement shall, in the judgment of the department, be in the best interest of this state and the citizens thereof and shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce. [1985 c 173 § 3; 1982 c 227 § 20; 1963 c 106 § 4.]

Effective date—1982 c 227: See note following RCW 19.09.100.

46.85.050 Base state registration reciprocity. An agreement or arrangement entered into, or a declaration issued under the authority of chapter 46.87 RCW or this chapter may contain provisions authorizing the registration or licensing in another jurisdiction of vehicles located in or operated from a base in such other jurisdiction which vehicles otherwise would be required to be registered or licensed in this state; and in such event the exemptions, benefits, and privileges extended by such agreement, arrangement, or declaration shall apply to such vehicles, when properly licensed or registered in such base jurisdiction. [1987 c 244 § 11; 1963 c 106 § 5.]

46.85.060 Declarations of extent of reciprocity, when—Exemptions, benefits, and privileges—Rules. In the absence of an agreement or arrangement with another jurisdiction, the department may examine the laws and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits and privileges to be extended to vehicles properly registered or licensed in such other jurisdiction, or to the owners of such vehicles, which shall, in the judgment of the department, be in the best interest of this state and the citizens thereof and which shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce. Declarations of exemptions, benefits, and privileges issued by the department shall include at least the following exemptions:

(1) Nonresident persons not employed in this state may operate a vehicle in this state that is currently licensed in another jurisdiction for a period not to exceed six months in any continuous twelve-month period.

(2) Nonresident persons employed in this state may operate vehicles not to exceed twelve thousand pounds registered gross vehicle weight that are currently licensed in another jurisdiction if no permanent, temporary, or part-time residence is maintained in this state for a period greater than six months in any continuous twelve-month period.

(3) A vehicle or a combination of vehicles, not exceeding a registered gross or combined gross vehicle weight of twelve thousand pounds, which is properly base licensed in another jurisdiction and registered to a bona fide business in that jurisdiction is not required to obtain Washington vehicle license registration except when such vehicle is owned or operated by a business or branch office of a business located in Washington.

(4) The department of licensing, after consultation with the department of revenue, shall adopt such rules as it deems necessary for the administration of these exemptions, benefits, and privileges. [1987 c 142 § 4; 1985 c 353 § 3; 1982 c 227 § 21; 1963 c 106 § 6.]

Effective date—1982 c 227: See note following RCW 19.09.100.

46.85.070 Extension of reciprocal privileges to lessees authorized. An agreement, or arrangement entered into, or a declaration issued under the authority of this chapter, may contain provisions under which a leased vehicle properly registered by the lessor thereof may be entitled, subject to terms and conditions stated therein, to the exemptions, benefits and privileges extended by such agreement, arrangement or declaration. [1963 c 106 § 7.]

46.85.080 Automatic reciprocity, when. On and after July 1, 1963, if no agreement, arrangement or declaration is in effect with respect to another jurisdiction as
authorized by this chapter, any vehicle properly registered or licensed in such other jurisdiction and for which evidence of compliance is supplied shall receive, when operated in this state, the same exemptions, benefits and privileges granted by such other jurisdiction to vehicles properly registered in this state. Reciprocity extended under this section shall apply to commercial vehicles only when engaged exclusively in interstate commerce. [1963 c 106 § 8.]

46.85.090 Suspension of reciprocity benefits. Agreements, arrangements or declarations made under the authority of this chapter may include provisions authorizing the department to suspend or cancel the exemptions, benefits, or privileges granted thereunder to an owner who violates any of the conditions or terms of such agreements, arrangements, or declarations or who violates the laws of this state relating to motor vehicles or rules and regulations lawfully promulgated thereunder. [1987 c 244 § 12; 1963 c 106 § 9.]

46.85.100 Agreements to be written, filed, and available for distribution. All agreements, arrangements, or declarations or amendments thereto shall be in writing and shall be filed with the department. Upon becoming effective, they shall supersede the provisions of RCW 46.16.030, chapter 46.87 RCW, or this chapter to the extent that they are inconsistent therewith. The department shall provide copies for public distribution upon request. [1987 c 244 § 13; 1982 c 227 § 22; 1967 c 32 § 114; 1963 c 106 § 10.]

Effective date—1982 c 227: See note following RCW 19.09.100.

46.85.110 Reciprocity agreements in effect at time of act. All reciprocity and proportional registration agreements, arrangements and declarations relating to vehicles in force and effect at the time this chapter becomes effective shall continue in force and effect at the time this chapter becomes effective and until specifically amended or revoked as provided by law or by such agreements or arrangements. [1963 c 106 § 11.]

Effective date—1963 c 106: See RCW 46.85.930.

46.85.900 Chapter part of and supplemental to motor vehicle registration law. This chapter shall be, and construed as, a part of and supplemental to the motor vehicle registration law of this state. [1963 c 106 § 30.]

46.85.910 Constitutionality. If any phrase, clause, subsection or section of this chapter shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this chapter without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the chapter shall not be affected as a result of said part being held unconstitutional or invalid. [1963 c 106 § 31.]

46.85.920 Repeal and saving. The following acts or parts of acts and RCW sections are hereby repealed:

[Title 46 RCW—p 248] (1989 Ed.)
Definitions. Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), the Uniform Vehicle Registration, Proration, and Reciprocity Agreement (Western Compact), chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP and the Western Compact, as applicable, shall prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractors, truck tractors, road tractors, buses, converter gears (auxiliary axles), trailers, semitrailers, and pole trailers, each as separate and licensable vehicles.

2) "Cab card" is a certificate of registration issued for a vehicle by the registering jurisdiction under the Western Compact. Under the IRP, it is a certificate of registration issued by the base jurisdiction for a vehicle upon which is disclosed the jurisdictions and registered gross weights in such jurisdictions for which the vehicle is registered.

3) "Commercial vehicle" is a term used by the Western Compact and means any vehicle, except recreational vehicles, vehicles displaying restricted plates, and government owned or leased vehicles, that is operated and registered in more than one jurisdiction and is used or maintained for the transportation of persons for hire, compensation, or profit, or is designed, used, or maintained primarily for the transportation of property and:

a) Is a motor vehicle having a declared gross weight in excess of twenty-six thousand pounds; or

b) Is a motor vehicle having three or more axles with a declared gross weight in excess of twelve thousand pounds; or

c) Is a motor vehicle, trailer, pole trailer, or semitrailer used in combination when the declared gross weight of the combination exceeds twenty-six thousand pounds combined gross weight; or

d) Is a converter gear (auxiliary axle).

Although a two-axle motor vehicle, trailer, pole trailer, semitrailer, or any combination of such vehicles with a declared gross weight or declared combined gross weight exceeding twelve thousand pounds but not more than twenty-six thousand is not considered to be a commercial vehicle, at the option of the owner, such vehicles may be considered as "commercial vehicles" for the purpose of proportional registration.

Commercial vehicles include trucks, tractors, truck tractors, road tractors, buses, converter gear (auxiliary axles), trailers, pole trailers, and semitrailers, each as separate and licensable vehicles.

4) "Credentials" means cab cards, apportioned plates (for Washington–based fleets), and validation tabs issued for proportionally registered vehicles.

5) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the
weight of the maximum load to be carried on the combination of vehicles as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

(6) "Declared gross weight" means the total unladen weight of any vehicle plus the weight of the maximum load to be carried on the vehicle as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid. In the case of a bus, auto stage, or a passenger-carrying for hire vehicle with a seating capacity of more than six, the declared gross weight shall be determined by multiplying the average load factor of one hundred and fifty pounds by the number of seats in the vehicle, including the driver’s seat, and add this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.16.070, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

(7) "Department" means the department of licensing.

(8) "Fleet" means one or more commercial vehicles in the Western Compact and one or more apportionable vehicles in the IRP.

(9) "In-jurisdiction miles" means the total miles accumulated in a jurisdiction during the preceding year by vehicles of the fleet while they were a part of the fleet.

(10) "IRP" means the International Registration Plan.

(11) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign county, and a state or province of a foreign country.

(12) "Owner" means a person or business firm who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business firm in whom is vested right of possession or control.

(13) "Preceding year" means the period of twelve consecutive months immediately prior to July 1st of the year immediately preceding the commencement of the registration or license year for which proportional registration is sought.

(14) "Properly registered," as applied to the place of registration under the provisions of the Western Compact, means:

(a) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which the vehicle is used has a place of business therein, and, if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled in or from that place of business, and the vehicle has been assigned to that place of business; or

(b) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between two or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by that jurisdiction.

In case of doubt or dispute as to the proper place of registration of a commercial vehicle, the department shall make the final determination, but in making such determination, may confer with departments of the other jurisdictions affected.

(15) "Prorate percentage" is the factor that is applied to the total proratable fees and taxes to determine the apportionable or prorate fees required for registration in a particular jurisdiction. It is determined by dividing the in-jurisdiction miles for a particular jurisdiction by the total miles. This term is synonymous with the term "mileage percentage."

(16) "Registrant" means a person, business firm, or corporation in whose name or names a vehicle or fleet of vehicles is registered.

(17) "Registration year" means the twelve-month period during which the registration plates issued by the base jurisdiction are valid according to the laws of the base jurisdiction. The "registration year" for Washington is the period from January 1st through December 31st of each calendar year.

(18) "Total miles" means the total number of miles accumulated in all jurisdictions during the preceding year by all vehicles of the fleet while they were a part of the fleet. Mileage accumulated by vehicles of the fleet that did not engage in interstate operations is not included in the fleet miles.

(19) "Western Compact" means the Uniform Vehicle Registration, Proration, and Reciprocity Agreement. [1987 c 244 § 16; 1985 c 380 § 2.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.025 Vehicles titled in owner’s name. All vehicles being added to an existing Washington-based fleet or those vehicles that make up a new Washington-based fleet shall be titled in the name of the fleet owner at time of registration, or evidence of filing application for title for such vehicles in the name of the owner shall accompany the application for proportional registration. [1987 c 244 § 17.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.030 Part-year registration—Credit for unused fees. (1) When application to register an apportionable or commercial vehicle is made after March 31st of a registration year, the Washington prorated fees may be reduced by one-twelfth for each full registration month that has elapsed at the time a temporary authorization permit (TAP) was issued or if no TAP was issued, at such time as an application for registration is received in the department. The filing of any application with the department incurs liability for the fees and taxes applicable to the vehicles contained in the application. If a vehicle is being added to a currently registered fleet, the prorate percentage previously established for
the fleet for such registration year shall be used in the computation of the proportional fees and taxes due.

(2) If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered under this chapter, the registrant of the fleet shall notify the department on appropriate forms prescribed by the department. The department may require the registrant to surrender credentials that were issued to the vehicle. If a motor vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold, or otherwise completely removed from the service of the fleet registrant, the unused portion of the licensing fee paid under RCW 46.16.070 with respect to the vehicle reduced by one-twelfth for each calendar month and fraction thereof elapsing between the first day of the month of the current registration year in which the vehicle was registered and the date the notice of withdrawal, accompanied by such credentials as may be required, is received in the department, shall be credited to the fleet proportional registration account of the registrant. Credit shall be applied against the licensing fee liability for subsequent additions of motor vehicles to be proportionally registered in the fleet during such registration year or for additional licensing fees due under RCW 46.16.070 or to be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, no credit will be entered. In lieu of credit, the registrant may choose to transfer the unused portion of the licensing fee for the motor vehicle to the new owner, in which case it shall remain with the motor vehicle for which it was originally paid. In no event may any amount be credited against fees other than those for the registration year from which the credit was obtained nor is any amount subject to refund. [1987 c 244 § 18; 1986 c 18 § 23; 1985 c 380 § 3.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.040 Purchase of additional gross weight. Additional gross weight may be purchased for proportionally registered motor vehicles to the limits authorized under chapter 46.44 RCW. Reregistration at the higher gross weight (maximum gross weights under this chapter are forty thousand pounds for a solo three-axle truck or eighty thousand pounds for a combination) for the balance of the registration year, including the full registration month in which the vehicle is initially licensed at the higher gross weight. The apportionable or proportional fee initially paid to the state of Washington, reduced for the number of full registration months the license was in effect, will be deducted from the total fee to be paid to this state for licensing at the higher gross weight for the balance of the registration year. No credit or refund will be given for a reduction of gross weight. [1987 c 244 § 19; 1985 c 380 § 4.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.050 Deposit of fees. Each day the department shall forward to the state treasurer the fees collected under this chapter, and within ten days of the end of each registration quarter, a detailed report identifying the amount to be deposited to each account for which fees are required for the licensing of proportionally registered vehicles. Such fees shall be deposited pursuant to RCW 46.68.035, 82.44.110, and 82.44.170. [1987 c 244 § 20; 1985 c 380 § 5.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.060 Apportionment of fees, formula. The apportionment of fees to IRP member jurisdictions shall be in accordance with the provisions of the IRP agreement based on the apportionable fee multiplied by the prorate percentage for each jurisdiction in which the vehicle will be registered or is currently registered. [1987 c 244 § 21; 1985 c 380 § 6.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.070 License plate, registration, which state. Any trailer, semitrailer, converter gear (auxiliary axles), or pole trailer being pulled by a motor vehicle that is proportionally registered under the terms of this chapter shall display a valid vehicle license plate issued by the base jurisdiction and be registered in this state. [1987 c 244 § 22; 1985 c 380 § 7.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.080 Cab cards, validation tabs, special license plates—Design, procedures—Issuance, refusal, revocation. (1) Upon making satisfactory application and payment of applicable fees and taxes for proportional registration under this chapter, the department shall issue a cab card and validation tab for each vehicle, and to vehicles of Washington-based fleets, two distinctive apportionable license plates for each motor vehicle and one such plate for each trailer, semitrailer, pole trailer, or converter gear listed on the application. License plates shall be displayed on vehicles as required by RCW 46.16.240. The number and plate shall be of a design, size, and color determined by the department. The plates shall be treated with reflectorized material and clearly marked with the words "WASHINGTON" and "APPORTIONED," both words to appear in full and without abbreviation.

(2) The cab card serves as the certificate of registration for a proportionally registered vehicle. The face of the cab card shall contain the name and address of the registrant as contained in the records of the department, the license plate number assigned to the vehicle by the base jurisdiction, the vehicle identification number, and such other description of the vehicle and data as the department may require. The cab card shall be signed by the registrant, or a designated person if the registrant is a business firm, and shall at all times be carried in or on the vehicle to which it was issued. In the case of nonpowered vehicles, the cab card may be carried in or on the vehicle supplying the motive power instead of in or on the nonpowered vehicle.

(3) The apportioned license plates are not transferrable from vehicle to vehicle and shall be used only on the vehicle to which they are assigned by the department for
as long as they are legible or until such time as the department requires them to be removed and returned to the department.

(4) A distinctive validation tab of a design, size, and color determined by the department shall be affixed to the apportioned license plate as prescribed by the department to indicate the year for which the vehicle is registered. Foreign-based vehicles proportionally registered in this state under the provisions of the Western Compact shall display the validation tab on a backing plate or as otherwise prescribed by the department.

(5) Renewals shall be effected by the issuance and display of such tab after making satisfactory application and payment of applicable fees and taxes.

(6) Fleet vehicles so registered and identified shall be deemed to be fully licensed and registered in this state for any type of movement or operation. However, in those instances in which a grant of authority is required for interstate or intrastate movement or operation, no such vehicle may be operated in interstate or intrastate commerce in this state unless the owner has been granted interstate operating authority by the interstate commerce commission in the case of interstate operations or intrastate operating authority by the Washington utility and transportation commission in the case of intrastate operations and unless the vehicle is being operated in conformity with that authority.

(7) The department may issue temporary authorization permits (TAPs) to qualifying operators for the operation of vehicles pending issuance of license identification. A fee of one dollar plus a one dollar filing fee shall be collected for each permit issued. The permit fee shall be deposited in the motor vehicle fund, and the filing fee shall be deposited in the highway safety fund. The department may adopt rules for use and issuance of the permits.

(8) The department may refuse to issue any license or permit authorized by subsection (1) or (7) of this section to any person: (a) Who formerly held any type of license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, 82.37, or 82.38 RCW that has been revoked for cause, which cause has not been removed; or (b) who is a subterfuge for the real party in interest whose license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, 82.37, or 82.38 RCW that has been revoked for cause, which cause has not been removed; or (c) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a license or permit issued by the department pursuant to chapter 46.16, 46.85, 46.87, 82.36, 82.37, or 82.38 RCW and has been revoked for cause, which cause has not been removed; or (d) who has an unsatisfied debt to the state assessed under either chapter 46.16, 46.85, 46.87, 82.36, 82.37, 82.38, or 82.44 RCW.

(9) The department may revoke the license or permit authorized by subsection (1) or (7) of this section issued to any person for any of the grounds constituting cause for denial of licenses or permits set forth in subsection (8) of this section.

(10) Before such refusal or revocation under subsection (8) or (9) of this section, the department shall grant the applicant a hearing and at least ten days written notice of the time and place of the hearing. [1987 c 244 § 23; 1985 c 380 § 8.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.090 Apportioned vehicle license plates, cab card, validation tabs—Replacement—Fees. (1) To replace an apportioned vehicle license plate(s), cab card, or validation tab(s) due to loss, defacement, or destruction, the registrant shall apply to the department on forms furnished for that purpose. The application, together with proper payment and other documentation as indicated, shall be filed with the department as follows:

(a) Apportioned plate(s) – a fee of ten dollars shall be charged for vehicles required to display two apportioned plates or five dollars for vehicles required to display one apportioned plate. The cab card of the vehicle for which a plate is requested shall accompany the application. The department shall issue a new apportioned plate(s) with validation tab(s) and a new cab card upon acceptance of the completed application form, old cab card, and the required replacement fee.

(b) Cab card – a fee of two dollars shall be charged for each card. If this is a duplicate cab card, it will be noted thereon.

(c) Validation tab(s) – a fee of two dollars shall be charged for each vehicle.

(2) If available, backing plates may be purchased from the department for a fee of two dollars each. These plates are used on vehicles registered under provisions of the Western Compact to display validation tabs issued by the prorate jurisdictions as evidence of proportional registration for each vehicle so registered.

(3) All fees collected under this section shall be deposited to the motor vehicle fund. [1987 c 244 § 24; 1986 c 18 § 24; 1985 c 380 § 9.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.120 Mileage data for applications—Nonmotor vehicles. (1) The initial application for proportional registration of a fleet shall state the mileage data with respect to the fleet for the preceding year in this and other jurisdictions. If no operations were conducted with the fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in each of the jurisdictions in which operation is contemplated. The registrant shall determine the in-jurisdiction and total miles to be used in computing the fees and taxes due for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to its correctness.

(2) When the nonmotor vehicles of a fleet are operated in jurisdictions in addition to those in which the motor vehicles of the fleet are operated, or when the nonmotor vehicles of a fleet are operated with motor vehicles that are not part of the fleet, the registrant shall place such nonmotor vehicles in a separate fleet.
(3) When operations of a Washington–based fleet is materially changed through merger, acquisition, or extended authority, the registrant shall notify the department, which shall then require the filing of an amended application setting forth the proposed operation by use of estimated mileage for all jurisdictions. The department may adjust the estimated mileage by audit or otherwise to an actual travel basis to insure proper fee payment. The actual travel basis may be used for determination of fee payments until such time as a normal mileage year is available under the new operation. Under the provisions of the Western Compact, this subsection applies to any fleet proportionally registered in Washington irrespective of the fleet’s base jurisdiction. [1987 c 244 § 25.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.130 Vehicle transaction fee. In addition to all other fees prescribed for the proportional registration of vehicles under this chapter, the department shall collect a vehicle transaction fee each time a vehicle is added to a Washington–based fleet, and each time the proportional registration of a Washington–based vehicle is renewed. The transaction fee is also applicable to all foreign–based vehicles for which this state calculates and assesses fees/taxes for the state of Washington. The exact amount of the vehicle transaction fee shall be fixed by rule but shall not exceed ten dollars. This fee shall be deposited in the motor vehicle fund. [1987 c 244 § 26.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.140 Application—Filing, contents—Fees and taxes—Assessments, due date. (1) Any owner engaged in interstate operations of one or more fleets of apportionable or commercial vehicles may, in lieu of registration of the vehicles under chapter 46.16 RCW, register and license the vehicles of each fleet under this chapter by filing a proportional registration application for each fleet with the department. The application shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) A description and identification of each vehicle of the fleet. If the fleet contains both power units and nonpower units, the power units shall be listed first on the application, followed by the nonpower units. However, if the nonpower units are occasionally pulled by power units which are not part of this fleet, the nonpower units shall be placed in a separate fleet.

(b) If registering under the provisions of the IRP, the registrant shall also indicate member jurisdictions in which registration is desired and furnish such other information as those member jurisdictions require.

(c) An original or renewal application shall also be accompanied by a mileage schedule.

(2) Each application shall, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in–jurisdiction miles by the total miles and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543%). This factor is known as the prorate percentage.

(b) Determine the total proratable fees and taxes required for each vehicle in the fleet for which registration is requested, based on the regular annual fees and taxes or applicable fees and taxes for the unexpired portion of the registration year under the laws of each jurisdiction for which fees or taxes are to be calculated. Applicable fees and taxes for vehicles of Washington–based fleets are those prescribed under RCW 46.16.070, 46.16.085, 82.38.075, and 82.44.020, as applicable.

(c) Multiply the total, proratable fees or taxes for each vehicle by the prorate percentage applicable to the desired jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in subsection (2)(c) of this section for each vehicle to the nonproratable fees required under the laws of the jurisdiction for which fees are being calculated. Nonproratable fees required for vehicles of Washington–based fleets are the administrative fee required by RCW 82.38.075, if applicable, and the vehicle transaction fee pursuant to the provisions of RCW 46.87.130.

(e) Add the total fees and taxes determined in subsection (2)(d) of this section for each vehicle listed on the application. Assuming the fees and taxes calculated were for Washington, this would be the amount due and payable for the application under the provisions of the Western Compact. Under the provisions of the IRP, the amount due and payable for the application would be the sum of the fees and taxes referred to in subsection (2)(d) of this section, calculated for each member jurisdiction in which registration of the fleet is desired.

(3) All assessments for proportional registration fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due under this section within thirty days of the date of original service as provided for in this chapter. [1987 c 244 § 27.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.150 Overpayment, underpayment—Refund, additional charge. Whenever a person has been required to pay a fee or tax pursuant to this chapter that amounts to an overpayment of five dollars or more, the person is entitled to a refund of the entire amount of such overpayment, regardless of whether or not a refund of the overpayment has been requested. Nothing in this subsection precludes anyone from applying for a refund of such overpayment if the overpayment is less than five dollars. Conversely, if the department or its agents has failed to charge and collect the full amount of fees or taxes pursuant to this chapter, which underpayment is in the amount of five dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the fees and taxes due. [1987 c 244 § 28.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

(1989 Ed.)
46.87.160 Quarterly fee payment. (1) Washington-based fleets may pay Washington proportional registration licensing fees on a quarterly basis at the option of the registrant, if the following criteria are met and maintained:

(a) The fleet has a Washington prorate percentage of sixty percent or more;
(b) The fleet contains a minimum of three motor vehicles;
(c) All motor vehicles in the fleet are licensed in Washington for at least sixty-eight thousand pounds combined gross weight.

(2) Quarterly licensing is based on calendar quarters and expires at midnight on the last day of each quarter: March 31st, June 30th, September 30th, and December 31st. It shall be renewed each quarter for each motor vehicle in the fleet that has not been permanently removed from the fleet.

(3) Quarterly licensing renewal fees shall be paid before the beginning of the quarter for which the fees are due. No letters of authority may be issued in the case of late renewals.

(4) Failure to comply with the requirements of this section is cause for suspension or cancellation of the registrant's quarterly licensing privileges. Upon cancellation of these privileges, licensing fees for the remainder of the registration year become immediately due and payable for all motor vehicles in the fleet.

(5) In addition to the quarterly licensing fee due for each motor vehicle in the fleet each quarter, the department shall collect a fee of two dollars. This fee shall be deposited in the motor vehicle fund. [1987 c 244 § 29.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.170 Recalculation of prorate percentage—Additional fees and taxes. If the department determines that a Washington-based carrier has proportionally registered a fleet in this state under provisions of the Western Compact and this chapter and has not fully or proportionally registered the fleet in another member jurisdiction(s) after indicating their intent to do so in their application to this state, the mileage traveled in such jurisdiction(s) shall be added to the Washington in-jurisdiction miles. The department shall then recalculate the carrier's Washington prorate percentage and shall assess and bill the registrant for the additional fees and taxes due the state of Washington. [1987 c 244 § 30.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.180 Conditions on fleet vehicles. The privileges and benefits of proportional registration of fleet vehicles extended by this chapter, or by any contract, agreement, arrangement, or declaration made under the authority of chapter 46.85 RCW or this chapter are subject to the conditions that:

(1) Each vehicle of the fleet proportionally registered under the authority of this chapter is also fully or proportionally registered in at least one other jurisdiction during the period for which it is proportionally registered in this state; and

(2) A fleet consists of the same vehicles in each jurisdiction in which the fleet is proportionally registered. [1987 c 244 § 31.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.190 Suspension or cancellation of benefits. The department may suspend or cancel the exemptions, benefits, or privileges granted under chapter 46.85 RCW or this chapter to any person or business firm who violates any of the conditions or terms of the IRP, Western Compact, or declarations, or who violates the laws of this state relating to the operation or registration of vehicles or rules lawfully adopted thereunder. [1987 c 244 § 32.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.200 Refusal of registration—Federal heavy vehicle use tax. The department may refuse registration of a vehicle if the applicant has failed to furnish proof, acceptable to the department, that the federal heavy vehicle use tax imposed by section 4481 of the internal revenue code of 1954 has been suspended or paid. The department may adopt rules as deemed necessary to administer this section. [1987 c 244 § 33.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.210 Refusal of application from nonreciprocal jurisdiction. The department may refuse to accept proportional registration applications for the registration of vehicles based in another jurisdiction if the department finds that the other jurisdiction does not grant similar registration privileges to fleet vehicles based in or owned by residents of this state. [1987 c 244 § 34.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.220 Gross weight computation. The gross weight in the case of a motor truck, tractor, or truck tractor is the scale weight of the motor truck, tractor, or truck tractor, plus the scale weight of any trailer, semi-trailer, converter gear, or pole trailer to be towed by it, to which shall be added the weight of the maximum load to be carried on it or towed by it as set forth by the license in the application providing it does not exceed the weight limitations prescribed by chapter 46.44 RCW.

The gross weight in the case of a bus, auto stage, or for hire vehicle, except a taxicab, with a seating capacity over six, is the scale weight of the bus, auto stage, or for hire vehicle plus the seating capacity, including the operator's seat, computed at one hundred and fifty pounds per seat.

If the resultant gross weight, according to this section, is not listed in RCW 46.16.070, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

A motor vehicle or combination of vehicles found to be loaded beyond the licensed gross weight of the motor vehicle registered under this chapter shall be cited and
46.87.230 Responsibility for unlawful acts or omissions. Whenever an act or omission is declared to be unlawful under chapter 46.12, 46.16, or 46.44 RCW or this chapter, and if the operator of the vehicle is not the owner or lessee of the vehicle but is so operating or moving the vehicle with the express or implied permission of the owner or lessee, then the operator and the owner or lessee are both subject to this chapter, with the primary responsibility to be that of the owner or lessee. If the person operating the vehicle at the time of the unlawful act or omission is not the owner or the lessee of the vehicle, that person is fully authorized to accept the citation or notice of infraction and execute the promise to appear on behalf of the owner or lessee. [1987 c 244 § 36.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.240 Relationship of department with other jurisdictions. Under the provisions of the IRP, the department may act in a quasi-agency relationship with other jurisdictions. The department may collect and forward applicable registration fees and taxes and applications to other jurisdictions on behalf of the applicant or another jurisdiction and may take other action that facilitates the administration of the plan. [1987 c 244 § 37.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.250 Authority of chapter. This chapter constitutes complete authority for the registration of fleet vehicles upon a proportional registration basis without reference to or application of any other statutes of this state except as expressly provided in this chapter. [1987 c 244 § 38.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.260 Alteration or forgery of cab card or letter of authority—Penalty. Any person who alters or forges or causes to be altered or forged any cab card, letter of authority, or other temporary authority issued by the department under this chapter or holds or uses a cab card, letter of authority, or other temporary authority, knowing the document to have been altered or forged, is guilty of a felony. [1987 c 244 § 39.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.270 Gross weight on vehicle. Every motor vehicle registered under this chapter shall have the maximum gross weight or maximum combined gross weight for which the vehicle is licensed in this state, painted or stenciled in letters or numbers of contrasting color not less than two inches in height in a conspicuous place on the right and left sides of the vehicle. It is unlawful for the owner or operator of any motor vehicle to display a maximum gross weight or maximum combined gross weight other than that shown on the current cab card of the vehicle. [1987 c 244 § 40.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.280 Effect of other registration. Nothing contained in this chapter relating to proportional registration of fleet vehicles requires any vehicle to be proportionally registered if it is otherwise registered for operation on the highways of this state. [1987 c 244 § 41.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.290 Refusal, cancellation of application, cab card—Procedures, penalties. If the director or the director's designee determines at any time that an applicant for proportional registration of a vehicle or a fleet of vehicles is not entitled to a cab card for a vehicle or fleet of vehicles, the director may refuse to issue the cab card(s) or to license the vehicle or fleet of vehicles and may for like reason, after notice, and in the exercise of discretion, cancel the cab card(s) and license plate(s) already issued. The notice shall be served personally or sent by certified mail (registered mail for Canadian addresses), return receipt requested. If sent by mail, service is deemed to have been accomplished on the date the notice was deposited in the United States mail, postage prepaid, addressed to the owner of the vehicle in question at the owner's address as it appears in the proportional registration records of the department. It is then unlawful for any person to remove, drive, or operate the vehicle(s) until a proper certificate(s) of registration or cab card(s) has been issued. Any person removing, driving, or operating the vehicle(s) after the refusal of the director or the director's designee to issue a cab card(s), certificate(s) of registration, license plate(s), or the revocation thereof is guilty of a gross misdemeanor. At the discretion of the director or the director's designee, a vehicle that has been moved, driven, or operated in violation of this section may be impounded by the Washington state patrol, county sheriff, or city police in a manner directed for such cases by the chief of the Washington state patrol until proper registration and license plate have been issued. [1987 c 244 § 42.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.300 Appeal of suspension, revocation, cancellation, refusal. The suspension, revocation, cancellation, or refusal by the director, or the director's designee, of a license plate(s), certificate(s) of registration, or cab card(s) provided for in this chapter is conclusive unless the person whose license plate(s), certificate(s) of registration, or cab card(s) is suspended, revoked, canceled, or refused appeals to the superior court of Thurston county, or at the person's option if a resident of Washington, to the superior court of his or her county of residence, for the purpose of having the suspension, revocation, cancellation, or refusal of the license plate(s), certificate(s) of registration, or cab card(s) set aside. Notice of appeal shall be filed within ten calendar days after service of the notice of suspension, revocation, cancellation, or refusal. Upon the filing of the appeal, the court shall issue an order to the director to show cause

(1989 Ed.)

why the license(s) should not be granted or reinstated. The director shall respond to the order within ten days after the date of service of the order upon the director. Service shall be in the manner prescribed for service of summons and complaint in other civil actions. Upon the hearing on the order to show cause, the court shall hear evidence concerning matters related to the suspension, revocation, cancellation, or refusal of the license plate(s), certificate(s) of registration, or cab card(s) and shall enter judgment either affirming or setting aside the suspension, revocation, cancellation, or refusal. [1987 c 244 § 43.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.310 Preservation of application records—

Contents—Audit by department—Additional assessments, penalties, refunds. Any owner whose application for proportional registration has been accepted shall preserve the records on which the application is based for a period of four years following the preceding year or period upon which the application is based. These records shall be complete and shall include, but not be limited to, the following: Copies of proportional registration applications and supplements for all jurisdictions in which the fleet is prorated; proof of proportional or full registration with other jurisdictions; vehicle license or trip permits; temporary authorization permits; documents establishing the latest purchase year and cost of each fleet vehicle in ready-for-the-road condition; weight certificates indicating the unladen, ready-for-the-road, weight of each vehicle in the fleet; periodic summaries of mileage by fleet and by individual vehicles; individual trip reports, driver’s daily logs, or other source documents maintained for each individual trip that provide trip dates, points of origin and destinations, total miles traveled, miles traveled in each jurisdiction, routes traveled, vehicle equipment number, driver’s full name, and all other information pertinent to each trip. Upon request of the department, the owner shall make the records available to the department at its designated office for audit as to accuracy of records, computations, and payments. The department shall assess and collect any unpaid fees and taxes found to be due the state and provide credits or refunds for overpayments of Washington fees and taxes as determined in accordance with formulas and other requirements prescribed in this chapter. If the owner fails to maintain complete records as required by this section, the department shall attempt to reconstruct or reestablish such records. However, if the department is unable to do so and the missing or incomplete records involve mileages accrued by vehicles while they are part of the fleet, the department may assess an amount not to exceed the difference between the Washington proportional fees and taxes paid and one hundred percent of the fees and taxes. Further, if the owner fails to maintain complete records as required by this section, or if the department determines that the owner should have registered more vehicles in this state under this chapter, the department may deny the owner the right of any further benefits provided by this chapter until any final audit or assessment made under this chapter has been satisfied.

The department may audit the records of any owner and may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any such owner. No assessment for deficiency or claim for credit may be made for any period for which records are no longer required. Any fees, taxes, penalties, or interest found to be due and owing the state upon audit shall bear interest at twelve percent per annum from the date on which the deficiency is incurred until the date of payment. If the audit discloses a deliberate and willful intent to evade the requirements of payment under RCW 46.87.140, a penalty of ten percent shall also be assessed.

If the audit discloses that an overpayment to the state in excess of five dollars has been made, the department shall certify the overpayment to the state treasurer who shall issue a warrant for the overpayment to the vehicle operator. Overpayments shall bear interest at the rate of eight percent per annum from the date on which the overpayment is incurred until the date of payment. [1987 c 244 § 44.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.320 Departmental audits, investigations—

Subpoenas. The department may initiate and conduct audits and investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it.

For the purpose of any audit, investigation, or proceeding under this chapter the director or any designee of the director may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, paper, correspondence, memoranda, agreements, or other documents or records that the department deems relevant or material to the inquiry.

In case of contumacy or refusal to obey a subpoena issued to any person, any court of competent jurisdiction upon application by the department, may issue an order requiring that person to appear before the director or the officer designated by the director to produce testimony or other evidence touching the matter under audit, investigation, or in question. Failure to obey an order of the court may be punishable by contempt. [1987 c 244 § 45.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.330 Assessments—When due, penalties—

Reassessment—Petition, notice, service—Injunctions, writs of mandate restricted. An owner of proportionally registered vehicles against whom an assessment is made under RCW 46.87.140 or 46.87.310 may petition for reassessment thereof within thirty days after service of notice of the assessment upon the owner of the proportionally registered vehicles. If the petition is not
filed within the thirty-day period, the amount of the assessment becomes final at the expiration of that time period.

If a petition for reassessment is filed within the thirty-day period, the department shall reconsider the assessment and, if the petitioner has so requested in the petition, shall grant the petitioner an oral hearing and give the petitioner ten days notice of the time and place of the hearing. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment becomes final thirty days after service upon the petitioner of notice of the decision.

Every assessment made under this chapter becomes due and payable at the time it is served on the owner. If the assessment is not paid in full when it becomes final, the department shall add a penalty of ten percent of the amount of the assessment.

Any notice of assessment, reassessment, oral hearing, or decision required by this section shall be served personally or by mail. If served by mail, service is deemed to have been accomplished on the date the notice was deposited in the United States mail, postage prepaid, addressed to the owner of the proportionally registered vehicles at the owner's address as it appears in the proportional registration records of the department.

No injunction or writ of mandate or other legal or equitable process may be issued in any suit, action, or proceeding in any court against any officer of the state to prevent or enjoin the collection under this chapter of delinquent fees and taxes imposed by this chapter, and the delinquency continues after no answer the notice has expired, to render judgment by default against the person for the full amount claimed by the department in the notice to withhold and deliver, together with costs. [1987 c 244 § 47.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.350 Delinquent obligations—Notice—Restriction on credits or property—Default judgments. If an owner of proportionally registered vehicles for which an assessment has become final is delinquent in the payment of an obligation imposed under this chapter, the department may give notice of the amount of the delinquency by registered or certified mail to all persons having in their possession or under their control any credits or personal property belonging to the vehicle owner or owing any debts to the owner, at the time of the receipt by them of the notice. Thereafter, a person so notified shall neither transfer nor make other disposition of those credits, personal property, or debts until the department consents to a transfer or other disposition. A person so notified shall, within twenty days after receipt of the notice, advise the department of any and all such credits, personal property, or debts in their possession, under their control or owing by them, as the case may be, and shall forthwith deliver such credits, personal property, or debts to the department or its duly authorized representative to be applied to the indebtedness involved.

If a person fails to answer the notice within the time prescribed by this section, it is lawful for the court upon application of the department and after the time to answer the notice has expired, to render judgment by default against the person for the full amount claimed by the department in the notice to withhold and deliver, together with costs. [1987 c 244 § 48.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.360 Delinquent obligations—Collection by department—Seizure of property, notice, sale. Whenever the owner of proportionally registered vehicles is delinquent in the payment of an obligation imposed under this chapter, and the delinquency continues after notice and demand for payment by the department, the department may proceed to collect the amount due from the owner in the following manner: The department shall seize any property subject to the lien of the fees, taxes, penalties, and interest and sell it at public auction to pay the obligation and any and all costs that may have been incurred because of the seizure and sale. Notice of the intended sale and its time and place shall be given to the delinquent owner and to all persons appearing of record
to have an interest in the property. The notice shall be
given in writing at least ten days before the date set for
the sale by registered or certified mail addressed to the
owner as appearing in the proportional registration re-
cords of the department and, in the case of any person
appearing of record to have an interest in such property,
adressed to that person at their last known residence or
place of business. In addition, the notice shall be pub-
lished at least ten days before the date set for the sale in
a newspaper of general circulation published in the
county in which the property seized is to be sold. If there
is no newspaper in the county, the notice shall be posted
in three public places in the county for a period of ten
days. The notice shall contain a description of the prop-
terty to be sold, a statement of the amount due under this
chapter, the name of the owner of the proportionally
registered vehicles, and the further statement that unless
the amount due is paid on or before the time fixed in the
notice the property will be sold in accordance with law.
The department shall then proceed to sell the property
in accordance with law and the notice, and shall deliver
to the purchaser a bill of sale or deed that vests title in
the purchaser. If upon any such sale the moneys received
exceed the amount due to the state under this chapter
from the delinquent owner, the excess shall be returned
to the delinquent owner and his receipt obtained for it.
The department may withhold payment of the excess to
the delinquent owner if a person having an interest in or
lien upon the property has filed with the department
their notice of the lien or interest before the sale, pend-
ing determination of the rights of the respective parties
thereto by a court of competent jurisdiction. If for any
reason the receipt of the delinquent owner is not avail-
able, the department shall deposit the excess with the
state treasurer as trustee for the delinquent owner. [1987 c
244 § 49.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.370 Warrant for final assessments—Lien on
property. Whenever any assessment has become final in
accordance with this chapter, the department may file
with the clerk of any county within this state a warrant
in the amount of fees, taxes, penalties, interest, and a
filing fee of five dollars. The clerk of the county in
which the warrant is filed shall immediately designate a
superior court cause number for the warrant, and the
clerk shall cause to be entered in the judgment docket
under the superior court cause number assigned to the
warrant the name of the delinquent owner of propor-
tionally registered vehicles mentioned in the warrant, the
amount of the fees, taxes, penalties, interest, and filing
fee, and the date when the warrant was filed. The aggre-
gate amount of the warrant as docketed constitutes a
lien upon the title to, and interest in, all real and per-
sonal property of the named person against whom the
warrant is issued, the same as a judgment in a civil case
duly docketed in the office of the clerk. A warrant so
docketed is sufficient to support the issuance of writs of
execution and writs of garnishment in favor of the state
in the manner provided by law in the case of civil judg-
ment wholly or partially unsatisfied. The clerk of the
court is entitled to a filing fee of five dollars, which shall
be added to the amount of the warrant. [1987 c 244 §
50.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.380 Delinquent obligations—Collection by
attorney general. Whenever an owner of proportionally
registered vehicles is delinquent in the payment of an
obligation under this chapter the department may trans-
mit notices of the delinquency to the attorney general
who shall at once proceed to collect by appropriate legal
action the amount due the state from the delinquent
owner.

In a suit brought to enforce the rights of the state un-
der this chapter, a certificate by the department showing
the delinquency is prima facie evidence of the amount of
the obligation, of the delinquency thereof, and of com-
pliance by the department with all provisions of this
chapter relating to the obligation. [1987 c 244 § 51.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.390 Remedies cumulative. The remedies of the
state in this chapter are cumulative, and no action taken
by the department may be construed to be an election on
the part of the state or any of its officers to pursue any
remedy under this chapter to the exclusion of any other
remedy provided for in this chapter. [1987 c 244 § 52.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.400 Civil immunity. (1) The director, the state
of Washington, and its political subdivisions are immune
from civil liability arising from the issuance of a vehicle
license to a nonroadworthy vehicle.

(2) No suit or action may be commenced or prose-
cuted against the director or the state of Washington by
reason of any act done or omitted to be done in the
administration of the duties and responsibilities imposed
upon the director under this chapter. [1987 c 244 § 53.]

Effective dates—1987 c 244: See note following RCW 46.12.020.

46.87.900 Severability—1985 c 380. If any provi-
sion of this act or its application to any person or cir-
cumstance is held invalid, the remainder of the act or
the application of the provision to other persons or cir-
cumstances is not affected. [1985 c 380 § 26.]

46.87.901 Effective date—1986 c 18; 1985 c 380.

RCW 46.16.070, 46.16.080, 46.16.090, and 46.16.085
shall be assessed beginning with the renewal of vehicle
registrations with a December 1986 expiration date or

Chapter 46.94

MOTORCYCLE DEALERS' FRANCHISE ACT

(Revised November 3, 1988, pursuant to the Washington Supreme Court decision in cause number 53755-1 entitled Washington State Motorcycle Dealers Association, [* et al.* v. The State of Washington, which declared invalid the five item vetoes to chapter 472, Laws of 1985; Engrossed Substitute Senate Bill 3333. The Governor exercised his veto power by attempting to excise parts of sections 3, 4, 5, 8, 10. The vetoed matter is herein restored as parts of RCW 46.94.010, 46.94.020, 46.94.030, 46.94.040, and 46.94.060.)

Sections

46.94.001 Short title. This chapter shall be known as the motorcycle dealers' franchise act. [1985 c 472 § 1.]

46.94.005 Legislative intent. The legislature recognizes it is in the best public interest for manufacturers and dealers of motorcycles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference, receive adequate allocations of merchandise in a timely manner at competitive prices, and transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motorcycle industry to the extent necessary to balance fairness and efficiency. These actions will assure the public that motorcycle dealers will devote their best competitive efforts and resources to the sale and service of the manufacturer's products which the dealer has been granted the right to sell and service. [1985 c 472 § 2.]

46.94.010 Definitions. As used in this chapter:

(1) "Department" means the department of licensing.
(2) "Designated family member" means (a) an heir as defined in RCW 11.02.005(6) if the motorcycle dealer dies intestate or (b) a legatee or devisee as used in Title 11 RCW if the deceased motorcycle dealer leaves a will. A Motorcycle dealer also may name in a notarized statement any person as the designated family member for the purposes of receiving an interest in the motorcycle dealership. Title 11 RCW applies to this chapter. However, in cases of conflict, the notarized inter vivos designation prevails over testamentary and intestate succession. Notarized inter vivos designations under this subsection are not codicils to wills.

(3) "Distributor" means a person, whether a resident or nonresident, other than a manufacturer, who sells, leases, or distributes motorcycles to motorcycle dealers, or controls any other person, other than a manufacturer, who sells, leases, or distributes motorcycles to motorcycle dealers.

(4) "Distributor branch" means a branch office maintained by the distributor or wholesaler.

(5) "Distributor representative" means a representative employed by a distributor or wholesaler for the purpose of selling or promoting the sale or lease of the distributor's or wholesaler's motorcycles to motorcycle dealers, or for the purpose of supervising or contacting dealers.

(6) "Factory branch" means a branch office maintained by a manufacturer in order to direct and supervise the representatives of the manufacturer.

(7) "Factory representative" means a person employed by a manufacturer for the purpose of making or promoting the sale or lease of the manufacturer's motorcycles to dealers, distributors, or prospective motorcycle dealers.

(8) "Franchise" means an oral or written contract, to include a dealer agreement, either expressed or implied, between a franchisor and a motorcycle dealer which purports to fix the legal rights and liabilities between the parties and under which (a) the dealer is granted the right to purchase and resell motorcycles manufactured, distributed, or imported by the franchisor; (b) the dealer's business is associated with the trademark, trade name, commercial symbol, or advertisement designating the franchisor or the products distributed by the franchisor; and (c) the dealer's business relies on the franchisor for a continued supply of motorcycles, parts, and accessories.

(9) "Franchisor" means any person who enters into a franchise with a motorcycle dealer.

(10) "Manufacturer" means any person, firm, association, corporation, or trust that manufactures or provides assemblies for motorcycles.

(11) "Motorcycle" means any motor vehicle which has an unladen weight of less than fifteen hundred pounds, including any parts, accessories, equipment, or special tools designated or intended for use on or with those motor vehicles, and (a) which is self-propelled and capable of use and operation on the public highways and streets; or (b) which is a self-propelled, off-road vehicle, tired or nontired, capable of transporting individuals on or off public highways and streets. "Motorcycle" excludes farm tractors, golf carts, firefighting equipment, any motor vehicle designed solely for industrial purposes, and lawn mowers.

(12) "Motorcycle dealer" or "dealer" means a person operating under a dealer agreement or franchise with a franchisor who is engaged regularly in the business of buying, selling, exchanging, offering, brokering, or leasing with an option to purchase new or used motorcycles in the state, with a place of business in the state.

(13) "New motorcycle" means a motorcycle that has been sold or transferred to a motorcycle dealer and that has not been used for other than demonstration purposes, and on which the original title has not been issued from the motorcycle dealer. The term includes motorcycles not of the current model year comprising part of the dealer's inventory.

(14) "Person" means any natural person, partnership, stock company, corporation, trust, agency, or other legal entity, as well as any individual officers, directors, or other persons in active control of the activities of the entity.

(15) "Place of business" means a permanent, enclosed commercial building, situated within the state, and the real property on which it is located, at which the business of a motorcycle dealer, including the display and repair of motorcycles, may be lawfully conducted in accordance with the terms of all applicable laws and in the building the public may contact the motorcycle dealer or his or her employees at all reasonable times.

(16) "Relevant market area" means a ten-mile radius around a proposed place of business. [1985 c 472 § 3.]

Reviser's note: See note at beginning of chapter digest.

46.94.020 Prohibited trade practices. Acts or conduct described in this section constitute prohibited trade practices that cannot be waived. It is a prohibited trade practice for a franchisor or its manufacturers, distributors, subsidiaries, or other agents:

1. To require, coerce or attempt to require, or coerce, either directly or indirectly, any motorcycle dealer to:
   (a) Accept, buy, or order any motorcycle, part or accessory, or any other commodity or service not voluntarily ordered, or requested, or to buy, order, or pay anything of value for such items in order to obtain any motorcycle part, accessory, or other commodity which has been voluntarily ordered or requested;
   (b) Order or accept delivery of any motorcycle with special features, accessories, or equipment not included in the list price of the motorcycle as advertised by the manufacturer, except items which have been voluntarily requested or ordered by the dealer, and except items required by law;
   (c) Enter into any agreement or understanding resulting in a reduction of the dealer's allocation of motorcycles for reasons other than reduced production levels causing uniformly and proportionally applied reductions to all dealers;
   (d) Enter into any agreement or sales promotion program by threatening to terminate the franchise of the dealer;
Motorcycle Dealers' Franchise Act 46.94.020

(e) Refrain from participation in the management, investment, acquisition, or sale of any other related product or product line of motor vehicles, parts, or accessories;

(f) Enter into any agreement violating this chapter; or

(g) Enter into an agreement by which the franchisor, manufacturer, factory branch, factory representative, distributor, distributor branch, or distributor representative can directly solicit the dealer's customers.

(2) To terminate, refuse to renew, fail to extend, or fail to renew any franchise without good cause. Good cause includes but is not limited to:

(a) The amount of business transacted by the dealer as compared to the amount of business available to the dealer;

(b) The investment necessarily made and obligations necessarily incurred by the dealer in the performance of the franchise;

(c) The degree of the dealer's investment, including but not limited to the dealer's purchase or lease of real property for the dealership, the training given to the dealer's employees, and the amount of equipment purchased for the dealership;

(d) The adequacy of the dealer's new motorcycle sales and service facilities, equipment, and parts;

(e) The qualifications and performance of the management, sales, and service personnel to provide the consumer with reasonably good service and care of new motorcycles;

(f) The failure of the dealer to substantially comply in good faith with the reasonable requirements of the franchise;

(g) The adequacy of the franchisor's actual quantities delivered of motorcycles, parts, and accessories compared to quantities promised by the franchisor;

(h) The effect on the retail motorcycle business and the consuming public in the dealer's market area;

(i) Whether the dealer has exercised prudent business judgment.

The dealer shall be notified, in writing, not less than ninety days before termination or nonrenewal with reasons for the actions. If the termination or nonrenewal is based on termination or discontinuance of the product line, the dealer shall be notified not less than one hundred eighty days prior to termination or nonrenewal. All existing franchises shall continue operation under a newly appointed distributor upon the termination of an existing distributor unless a mutual agreement of termination is filed between the new distributor and the affected dealer.

(3) To require a change in capital structure, or means of financing, if the dealer at all times meets the reasonable, written, and uniformly applied capital standards determined by the manufacturer, franchisor, or distributor;

(4) To prevent or attempt to prevent a dealer from making reasonable changes in the capital structure of a dealership or the means by which the dealership is financed if the dealer meets the reasonable, written, and uniformly applied capital requirements determined by the manufacturer, franchisor, or distributor;

(5) To unreasonably require a change in the location of the dealership or any substantial alterations to the place of business;

(6) To condition renewal or extension of the franchise on substantial renovation of the existing place of business or on the construction, purchase, acquisition, or lease of a new place of business unless written notice is first provided one hundred eighty days prior to the date of renewal or extension and the franchisor demonstrates the reasonableness of the requested actions. The franchisor shall agree to supply the dealer with an adequate quantity of motorcycles, parts, and accessories to meet the sales level necessary to support the overhead resulting from substantial renovation, construction, acquisition, or lease of a new place of business;

(7) To adopt, establish, or implement a plan or system, or to modify an existing plan or system, for the distribution or allocation of motorcycles which is arbitrary, in bad faith, or unconscionable and which damages the dealer or the dealer's customers;

(8) To fail or refuse to disclose to the dealer, after written request, the basis upon which new motorcycles of the same line are currently or will in the future be allocated or distributed to dealers;

(9) To fail or refuse to disclose to dealers, after written request, the total number of new motorcycles of a given model which the manufacturer, franchisor, or distributor has sold during the current model year within the dealer's marketing district, zone, or region;

(10) To refuse or fail to deliver any motorcycle, part, or accessory in reasonable quantities, and within a reasonable time after receipt of the order from the dealer, that is specifically advertised as being immediately available. It is not a prohibited trade practice when the failure to deliver is caused by an act of God, strike, material shortage, or other cause over which the manufacturer, distributor, or franchisor has no control;

(11) To offer a renewal, replacement, or succeeding franchise containing terms substantially modifying the sales and service obligations or capital requirements of the motorcycle dealer, other than as provided for in this chapter;

(12) To sell or lease or offer to sell or lease to a dealer a new motorcycle, including any motorcycle under a sales promotion plan, at a lower price than offered or sold to another similarly situated dealer for the same model, except where the dealer is offered, sold, or leased a new motorcycle at a discount in exchange for providing valuable services to the franchisor, manufacturer, or distributor and except in situations where a dealer orders motorcycles in sufficient numbers to qualify for volume discounts and as long as discounts are available to all dealers;

(13) To prevent, attempt to prevent, or unreasonably disapprove any motorcycle dealer from changing executive management control of the dealer's motorcycle business, unless the change results in control by a person not of good moral character or who does not meet the manufacturer, distributor, or franchisor's existing and reasonable, written, and uniformly applied capital standards. The dealer shall be given written notice of the
reasons for rejection within thirty days of receipt of notice from the dealer of a proposed change;

(14) To reject, prevent, or attempt to prevent any person from selling or transferring a controlling interest to any other person unless the buyer or transferee does not qualify under appropriate state law as a licensed dealer, is not of good moral character, does not meet the manufacturer, distributor, or franchisor’s existing and reasonable, written, and uniformly applied capital standards, or does not meet the written and uniformly applied manufacturer, distributor, or franchisor business experience standards for the market area. The dealer shall be given written notice setting forth the reasons for rejection of the proposed sale or transfer within thirty days of notice by the dealer of the sale or transfer;

(15) To fail to hold harmless and indemnify any motorcycle dealer against losses, including lawsuits and court costs, arising from: (a) The manufacture or performance of any motorcycle, part, or accessory if the lawsuit involves representations by the manufacturer, distributor, or franchisor on the manufacture or performance of a motorcycle without negligence on the part of the motorcycle dealer; (b) damage to merchandise in transit where the manufacturer, distributor, or franchisor specifies the carrier; (c) the manufacturer, distributor, or franchisor’s failure to jointly defend product liability suits concerning the motorcycle, part, or accessory provided to the dealer; or (d) any other act performed by the manufacturer, distributor, or franchisor;

(16) To unfairly prevent or attempt to prevent a motorcycle dealer from receiving reasonable compensation for the value of a motorcycle;

(17) To release confidential information provided by the motorcycle dealer to the manufacturer, distributor, or franchisor without the written prior consent of the dealer;

(18) To fail to pay to a motorcycle dealer, within a reasonable time following receipt of a valid claim, any payment agreed to be made by the manufacturer, distributor, or franchisor on grounds that a new motorcycle, or a prior year’s model, is in the dealer’s inventory at the time of introduction of new model motorcycles;

(19) To deny any dealer the right of free association with any other dealer for any lawful purpose;

(20) To artificially and intentionally create a shortage of any motorcycle make, model, or series that results in the inequitable distribution of the make, model, or series to dealers;

(21) To charge increased prices without having given written notice to the dealers at least fifteen days prior to the effective date of the price increases;

(22) To permit factory authorized warranty service to be performed upon motorcycles or accessories by persons other than their franchised motorcycle dealers;

(23) To unreasonably interfere with a dealer’s performance under the franchise agreement’s sale quota by withholding sufficient deliveries of motorcycles; or

(24) To own, operate, or control any motorcycle dealer or place of business selling at retail in the state. [1985 c 472 § 4.]

Reviser’s note: See note at beginning of chapter digest.

46.94.030 Succession to business by designated family member. (1) The manufacturer, distributor, or franchisor shall not prevent, attempt to prevent, refuse to give effect to, attempt to refuse to give effect to, or in any way hinder the succession to the ownership, management, control, or continuance of a dealer’s motorcycle business by a designated family member upon the death or incapacity of the dealer, except as otherwise provided in this chapter.

(2) A designated family member, at his or her discretion, may succeed the dealer in ownership or management control under the existing agreement. The designated family member shall provide notice to the franchisor, in writing, of the intention to succeed to the franchise within one hundred twenty days after the dealer’s death or incapacity. The designated family member shall agree to be bound by the terms of the original franchise. The designated family member shall meet the reasonable, written, and uniformly applied conditions applied by the franchisor under the existing franchise.

(3) A designated family member may only be rejected for succession on reasonable grounds. The franchisor shall provide written notice to the designated family member within sixty days of receipt of notice of the intention to succeed. The notice shall state the specific grounds for refusal, termination, or nonrenewal of the franchise by making a notarized statement in accordance with section 3(2) of this act. The statement shall be filed with the franchisor. The statement shall be controlling and binding on all heirs and testamentary successors. The recipient shall agree to be bound by the terms of the original franchise. The recipient shall meet the reasonable, written, and uniformly applied conditions applied by the franchisor under the existing franchise. [1985 c 472 § 5.]

Reviser’s note: See note at beginning of chapter digest.

46.94.040 Compensation for warranty, delivery, preparation expenses. (1) The manufacturer, distributor, or franchisor shall compensate the dealer for labor, parts, and other expenses incurred to comply with the manufacturer, distributor, or franchisor’s warranty agreements, and for work and services performed in connection with delivery and preparation of motorcycles received from the manufacturer, distributor, or franchisor. The compensation shall not be less than the rates reasonably charged by the dealer for like services and parts to retail customers.
(2) All claims for compensation made by the dealer shall be paid within thirty days after approval and shall be approved or disapproved within thirty days of their receipt by the manufacturer, distributor, or franchisor.

Any denial of claim shall be in writing and shall set forth the specific grounds for denial.

(3) A claim that has been approved and paid shall not be charged back to the dealer unless it is established the claim was false or fraudulent, that the repairs were not properly made or were unnecessary to correct the defective condition, or the dealer failed to reasonably substantiate the claim. [1985 c 472 § 8.]

Reviser's note: See note at beginning of chapter digest.

46.94.050 Prohibited financial practices. No manufacturer, distributor, or franchisor shall require or coerce any dealer to sell, assign, or transfer a retail sales installment contract, or require the dealer to act as an agent for any manufacturer, distributor, or franchisor in the securing of a promissory note, a security agreement given in connection with the sale of a motorcycle, or securing of a policy of insurance for a motorcycle. The manufacturer, distributor, or franchisor may not condition delivery of motorcycles, parts, or accessories upon the dealer's assignment, sale, or other transfer of sales installment contracts to specific finance companies. [1985 c 472 § 9.]

46.94.060 Civil remedies. Any person injured by a violation of this chapter may bring a civil action in a court of competent jurisdiction to enjoin further violations or to recover damages. Injunctive relief may be granted in an action brought under this chapter without the dealer being required to post a bond if, in the opinion of the court, there exists a likelihood the dealer may prevail upon the merits. [1985 c 472 § 10.]

Reviser's note: See note at beginning of chapter digest.

46.94.900 Severability—1985 c 472. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 472 § 14.]

46.96.010 Legislative findings. The legislature finds and declares that the distribution and sale of motor vehicles in this state vitally affect the general economy of the state and the public interest and public welfare, that provision for warranty service to motor vehicles is of substantial concern to the people of this state, that the maintenance of fair competition among dealers and others is in the public interest, and that the maintenance of strong and sound dealerships is essential to provide continuing and necessary reliable services to the consuming public in this state and to provide stable employment to the citizens of this state. The legislature further finds that there is a substantial disparity in bargaining power between automobile manufacturers and their dealers, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate the relationship between motor vehicle dealers and motor vehicle manufacturers, importers, distributors, and their representatives doing business in this state, not only for the protection of dealers but also for the benefit for the public in assuring the continued availability and servicing of automobiles sold to the public.

The legislature recognizes it is in the best interest for manufacturers and dealers of motor vehicles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference and are assured of the ability to transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motor vehicle industry to the extent necessary to balance fairness and efficiency. These actions will permit motor vehicle dealers to better serve consumers and allow dealers to devote their best competitive efforts and resources to the sale and services of the manufacturer's products to consumers. [1989 c 415 § 1.]

46.96.020 Definitions. In addition to the definitions contained in RCW 46.70.011, which are incorporated by reference into this chapter, the definitions set forth in this section apply only for the purposes of this chapter.

(1) A "new motor vehicle" is a vehicle that has not been titled by a state and ownership of which may be transferred on a manufacturer's statement of origin (MSO).

(2) "New motor vehicle dealer" means a motor vehicle dealer engaged in the business of buying, selling, exchanging, or otherwise dealing in new motor vehicles or new and used motor vehicles at an established place of business, under a franchise, sales and service agreement, or contract with the manufacturer of the new motor vehicles. However, the term "new motor vehicle dealer"
whether oral or written, between a manufacturer and a new motor vehicle dealer is authorized to sell, service, and repair new motor vehicles, parts, and accessories under a common name, trade name, trademark, or service mark of the manufacturer.

"Franchise" includes an oral or written contract and includes a dealer agreement, either expressed or implied, between a manufacturer and a new motor vehicle dealer that purports to fix the legal rights and liabilities between the parties and under which (a) the dealer is granted the right to purchase and resell motor vehicles manufactured, distributed, or imported by the manufacturer; (b) the dealer's business is associated with the trademark, trade name, commercial symbol, or advertisement designating the franchisor or the products distributed by the manufacturer; and (c) the dealer's business relies on the manufacturer for a continued supply of motor vehicles, parts, and accessories.

"Franchise" includes a dealer agreement, either expressed or implied, between a manufacturer and a new motor vehicle dealer within the applicable time period specified in RCW 46.96.070 (1), (2), or (3), after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith, as defined in this chapter, regarding the termination, cancellation, or nonrenewal.

46.96.040 Determination of good cause, good faith—Petition, notice, decision, appeal. A new motor vehicle dealer who has received written notification from the manufacturer of the manufacturer's intent to terminate, cancel, or not renew the franchise may file a petition with the department for a determination as to the existence of good cause and good faith for the termination, cancellation, or nonrenewal of a franchise. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the termination, cancellation, or nonrenewal of the franchise. Upon the filing of the petition and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely petition has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The franchise in question shall continue in full force and effect pending the administrative law judge's decision. If the decision of the administrative law judge terminating, canceling, or failing to renew a dealer's franchise is appealed by a dealer, the franchise in question shall continue in full force and effect until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

46.96.050 Determination of good cause, good faith—Hearing, decision, procedures—Judicial review. (1) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a petition is filed. If the termination, cancellation, or nonrenewal is under RCW 46.96.070(2), the administrative law judge shall give the proceeding priority consideration and shall render a final decision not later than sixty days after a petition is filed.

(2) The administrative law judge shall conduct the hearing as an adjudicative proceeding in accordance with the procedures provided for in the Administrative Procedure Act, chapter 34.05 RCW. The administrative law judge shall render the final decision and shall enter a final order. Except as otherwise provided in RCW 34.05.446 and 34.05.449, all hearing costs shall be borne on an equal basis by the parties to the hearing.

(3) A party to a hearing under this chapter may be represented by counsel. A party to a hearing aggrieved by the final order of the administrative law judge concerning the termination, cancellation, or nonrenewal of a franchise may seek judicial review of the order in the
superior court in the manner provided for in RCW 34.05.510 through 34.05.598. A petitioner for judicial review need not exhaust all administrative appeals or administrative review processes as a prerequisite for seeking judicial review under this section. [1989 c 415 § 5.]

46.96.060 Good cause, what constitutes—Burden of proof. (1) Notwithstanding the terms of a franchise or the terms of a waiver, and except as otherwise provided in RCW 46.96.070(2) (a) through (d), good cause exists for termination, cancellation, or nonrenewal when there is a failure by the new motor vehicle dealer to comply with a provision of the franchise that is both reasonable and of material significance to the franchise relationship, if the new motor vehicle dealer was notified of the failure within one hundred eighty days after the manufacturer first acquired knowledge of the failure and the new motor vehicle dealer did not correct the failure after being requested to do so.

If, however, the failure of the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales, service, or level of customer satisfaction, good cause is the failure of the new motor vehicle dealer to comply with reasonable performance standards determined by the manufacturer in accordance with uniformly applied criteria, and:

(a) The new motor vehicle dealer was advised, in writing, by the manufacturer of the failure;

(b) The notice under this subsection stated that notice was provided of a failure of performance under this section;

(c) The manufacturer provided the new motor vehicle dealer with specific, reasonable goals or reasonable performance standards with which the dealer must comply, together with a suggested timetable or program for attaining those goals or standards, and the new motor vehicle dealer was given a reasonable opportunity, for a period not less than one hundred eighty days, to comply with the goals or standards; and

(d) The new motor vehicle dealer did not substantially comply with the manufacturer's performance standards during that period and the failure to demonstrate substantial compliance was not due to market or economic factors within the new motor vehicle dealer's relevant market area that were beyond the control of the dealer.

(2) The manufacturer has the burden of proof of establishing good cause and good faith for the termination, cancellation, or nonrenewal of the franchise under this section. [1989 c 415 § 6.]

46.96.070 Notice of termination, cancellation, or nonrenewal. Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the new motor vehicle dealer. The notice shall be by certified mail or personally delivered to the new motor vehicle dealer and shall state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice shall be given:

(1) Not less than ninety days before the effective date of the termination, cancellation, or nonrenewal;

(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:

(a) Insolvency of the new motor vehicle dealer or the filing of any petition by or against the new motor vehicle dealer under bankruptcy or receivership law;

(b) Failure of the new motor vehicle dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;

(c) Conviction of the new motor vehicle dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or

(d) Suspension or revocation of a license that the new motor vehicle dealer is required to have to operate the new motor vehicle dealership where the suspension or revocation is for a period in excess of thirty days;

(3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motor vehicle line. [1989 c 415 § 7.]

46.96.080 Payments by manufacturer to dealer for inventory, equipment, etc. (1) Upon the termination, cancellation, or nonrenewal of a franchise by the manufacturer under this chapter, the manufacturer shall pay the new motor vehicle dealer, at a minimum:

(a) Dealer cost plus any charges by the manufacturer for distribution, delivery, and taxes, less all allowances paid or credited to the dealer by the manufacturer, of unused, undamaged, and unsold new motor vehicles in the new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line make within the previous twelve months;

(b) Dealer cost for all unused, undamaged, and unsold supplies, parts, and accessories in original packaging, except that in the case of sheet metal, a comparable substitute for original packaging may be used, if the supply, part, or accessory was acquired from the manufacturer or from another new motor vehicle dealer ceasing operations as a part of the new motor vehicle dealer's initial inventory as long as the supplies, parts, and accessories appear in the manufacturer's current parts catalog, list, or current offering;

46.96.080  Payment by manufacturer for dealership facilities. (1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for termination, cancellation, or nonrenewal under RCW 46.96.070(2), the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer:

(a) A sum equivalent to the reasonable rental value of the new motor vehicle dealership facilities for one year or until the facilities are leased or sold, whichever is less, if the new motor vehicle dealer owns the new motor vehicle dealership facilities;

(b) A sum equivalent to the reasonable rental value of the new motor vehicle dealership facilities for one year or until the facilities are leased or sold, whichever is less, if the new motor vehicle dealer leases the new motor vehicle dealership facilities from a lessor other than the manufacturer;

(c) A sum equivalent to the reasonable rental value of the new motor vehicle dealership facilities for one year or until the facilities are leased or sold, whichever is less, if the new motor vehicle dealer leases the new motor vehicle dealership facilities from a lessor other than the manufacturer and the equipment, furnishings, or tools are recommended or required by the manufacturer and were acquired from the manufacturer or sources approved by the manufacturer.

(2) The rental payment required under subsection (1) of this section is only required to the extent that the facilities were used for activities under the franchise and only to the extent the facilities were not leased for unrelated purposes. If payment under subsection (1) of this section is made, the manufacturer is entitled to possession and use of the new motor vehicle dealership facilities for the period rent is paid. [1989 c 415 § 9.]

46.96.100 Mitigation of damages. RCW 46.96.030 through 46.96.090 do not relieve a new motor vehicle dealer from the obligation to mitigate the dealer's damages upon termination, cancellation, or nonrenewal of the franchise. [1989 c 415 § 10.]

46.96.110 Designated successor to franchise ownership. (1) Notwithstanding the terms of a franchise, an owner may appoint a designated successor to succeed to the ownership of the new motor vehicle dealer franchise upon the owner's death or incapacity.

(2) Notwithstanding the terms of a franchise, a designated successor of a deceased or incapacitated owner of a new motor vehicle dealer franchise may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under RCW 46.96.020(5)(a), but who is not experienced in the business of a new motor vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motor vehicle dealer to help manage the day-to-day operations of the motor vehicle dealership; or in the case of a designated successor who meets the definition of a designated successor under RCW 46.96.020(5)(b) or (c), the person is qualified and experienced in the business of a new motor vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a new motor vehicle dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the new motor vehicle dealership within sixty days after the owner's death or incapacity and

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor of a deceased or incapacitated owner of a new motor vehicle dealer franchise fails to meet the requirements set forth in subsections (2)(a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist.

If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer's receipt of:

(a) Notice of the designated successor's intent to succeed to the ownership interest of the new motor vehicle dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section shall state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.
(6) Within twenty days after receipt of the notice or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file a petition with the department protesting the refusal to honor the succession. The petition shall contain a short statement setting forth the reasons for the designated successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer shall not terminate or discontinue the franchise until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct any hearing concerning the refusal to the succession as provided in RCW 46.96.050(2) and all hearing costs shall be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.96.050(3).

(10) This section does not preclude the owner of a new motor vehicle dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between such a written instrument that has not been revoked by written notice from the owner to the manufacturer and this section, the written instrument governs. [1989 c 415 § 11.]

### 46.96.120 Sale, transfer, or exchange of franchise.

(1) Notwithstanding the terms of a franchise, a manufacturer shall not unreasonably withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer or is capable of being licensed as a new motor vehicle dealer in the state of Washington. A decision or determination made by the administrative law judge as to whether a qualified buyer is capable of being licensed as a new motor vehicle dealer in the state of Washington is not conclusive or determinative of any ultimate determination made by the department of licensing as to the buyer's qualification for a motor vehicle dealer license. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally used by the manufacturer containing the information and reasonable promises required by a manufacturer is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging new motor vehicle dealer, and the department of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the new motor vehicle dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice shall be served not later than sixty days after the receipt of all of such documents. Service of all notices under this section shall be made by personal service or by certified mail, return receipt requested.

(3) The notice in subsection (2) of this section shall state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring new motor vehicle dealer, the new motor vehicle dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition shall contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed, and the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) In determining whether the manufacturer unreasonably withheld its approval to the sale, transfer, or exchange, the manufacturer has the burden of proof that it acted reasonably. A manufacturer's refusal to accept or approve a proposed buyer who otherwise meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer, or who otherwise is capable of being licensed as a new motor vehicle dealer in the state of Washington, is presumed to be unreasonable.

(6) The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging new motor vehicle dealer and the manufacturer may be parties to the hearing.

(1989 Ed.)
(7) The administrative law judge shall conduct any hearing as provided in RCW 46.96.050(2), and all hearing costs shall be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging new motor vehicle dealer may appeal the final order of the administrative law judge as provided in RCW 46.96.050(3).

(8) This section and *RCW 46.96.030 through 46.96.110 apply to all franchises and contracts existing on July 23, 1989, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers. [1989 c 415 § 18.]

*Reviser's note: 1989 c 415 § 18 referred to "sections 3 through 17 of this act." Sections 12 through 17 were vetoed by the governor, so no translation of those section numbers to RCW citations has been made.

46.96.130 Petition and hearing—Filing fee, costs, security. The department shall determine and establish the amount of the filing fee required in *RCW 46.96.040, 46.96.110, and 46.96.120. The fees shall be set in accordance with RCW 43.24.086.

The department may also require the petitioning or protesting party to give security, in such sum as the department deems proper but not in any event to exceed one thousand dollars, for the payment of such costs as may be incurred in conducting the hearing as required under this chapter. The security may be given in the form of a bond or stipulation or other undertaking with one or more sureties.

At the conclusion of the hearing, the department shall assess, in equal shares, each of the parties to the hearing for the cost of conducting the hearing. Upon receipt of payment of the costs, the department shall refund and return to the petitioning party such excess funds, if any, initially posted by the party as security for the hearing costs. If the petitioning party provided security in the form of a bond or other undertaking with one or more sureties, the bond or other undertaking shall then be exonerated and the surety or sureties under it discharged. [1989 c 415 § 19.]

*Reviser's note: 1989 c 415 § 19 referred to "sections 4, 11, 13, and 18 of this act." Section 13 was vetoed by the governor, so no translation of that section number to an RCW citation has been made.

46.96.900 Severability—1989 c 415. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 415 § 22.]

47.01.011 Legislative declaration. The legislature hereby recognizes the following imperative needs within the state: To create a state-wide transportation development plan which identifies present status and sets goals for the future; to coordinate transportation modes; to promote and protect land use programs required in local, state and federal law; to coordinate transportation with the economic development of the state; to supply a broad framework in which regional, metropolitan, and local transportation needs can be related; to facilitate the supply of federal and state aid to those areas which will most benefit the state as a whole; to provide for public involvement in the transportation planning and development process; to administer programs within the jurisdiction of this title relating to the safety of the state's transportation systems; and to coordinate and implement national transportation policy with the state transportation planning program.

The legislature finds and declares that placing all elements of transportation in a single department is fully consistent with and shall in no way impair the use of moneys in the motor vehicle fund exclusively for highway purposes.

Through this chapter, a unified department of transportation is created. To the jurisdiction of this department will be transferred the present powers, duties, and functions of the department of highways, the highway commission, the toll bridge authority, the aeronautics commission, and the canal commission, and the transportation related powers, duties, and functions of the *planning and community affairs agency. [1984 c 7 § 89; 1967 c 108 § 13; 1965 ex.s. c 170 § 63.]

Severability—1984 c 7: See note following RCW 47.01.141.

Urban public transportation system defined: RCW 47.04.082.

47.04.082 Urban public transportation systems—Defined. As used in this act the term "urban public transportation system" shall mean a system for the public transportation of persons or property by buses, street cars, trains, electric trolley coaches, other public transit vehicles, or any combination thereof operating in or through predominantly urban areas and owned and operated by the state, any city or county or any municipal corporation of the state, including all structures, facilities, vehicles and other property rights and interest forming a part of such a system. [1967 c 108 § 1.]

Reviser's note: The term "this act" refers to 1967 c 108, codified as RCW 47.04.082, 47.04.083, 47.98.044, and the 1967 amendments to RCW 47.04.081, 47.08.070, 47.12.010, 47.12.250, 47.28.140, 47.44.010, 47.44.040, 47.48.010, 47.52.010, 47.52.090, and 47.56.256.

47.04.083 Urban public transportation systems—Declaration of public policy—Use of motor vehicle, city street, or county road funds. The separate and uncoordinated development of public highways and urban public transportation systems is wasteful of this state's natural and financial resources. It is the public policy of this state to encourage wherever feasible the joint planning, construction and maintenance of public highways and urban public transportation systems serving common geographical areas as joint use facilities. To this end the legislature declares it to be a highway purpose to use motor vehicle funds, city and town street funds or county road funds to pay the full proportionate highway, street or road share of the costs of design, right of way acquisition, construction and maintenance of any highway, street or road to be used jointly with an urban public transportation system. [1967 c 108 § 2.]

47.04.090 Penalty. It is a misdemeanor for any person to violate any of the provisions of this title unless specifically provided otherwise by this title or other law of this state.

Unless otherwise provided, whenever by statute a new highway or extension is added to the state highway system, no existing city street or county road may be maintained or improved by the department as a temporary route of such new highway or extension pending the construction of the new highway or extension on the location adopted by the department. [1984 c 7 § 90; 1973 1st ex.s. c 151 § 12; 1965 ex.s. c 170 § 34.]

(1) The county shall obtain from the department a franchise authorizing the ferry operations. The county's application for a franchise or amended franchise shall designate all ferry routes it proposes to operate. The department shall issue the franchise or amended franchise for the operation of each route that it finds is not otherwise served by adequate transportation facilities. A county may terminate any ferry route without approval of the department.

(2) At least ninety days before applying for federal aid for the construction, reconstruction, or modification of any of its ferries or approaches thereto, and thereafter whenever new tolls or charges are proposed for use of its
ferries, the county shall file with the department, the current or proposed schedule of tolls and charges for use of its ferries. Such tolls and charges shall be deemed approved by the department unless it finds that the aggregate revenues to be derived from the county's ferry operations will exceed the amount required to pay the actual and necessary costs of operation, maintenance, administration, and repair of the county's ferries and their appurtenances. [1989 c 62 § 1; 1984 c 7 § 91; 1975-76 2nd ex.s. c 65 § 1.]

While any bonds, whether definitive, temporary, or interim, or warrants, certificates, or receipts of any denomination, with or without coupons attached heretofore issued by the state aeronautics commission, the toll bridge authority, the highway commission, or any of the other agencies whose functions are transferred to the department of transportation by RCW 47.01.031, remain outstanding, the powers and duties relating thereto of such agencies or of any official or employee thereof transferred by RCW 47.01.111 to the department of transportation, or any powers and duties of any other state official or state agency with respect to such bonds, warrants, certificates, or receipts shall not be diminished or impaired in any manner that will adversely affect the interests and rights of the holders of such bonds, warrants, certificates, or receipts. The holder of any such bond, warrant, certificate, or receipt may by mandamus or other appropriate proceeding require the performance by the department of transportation, or any other state official or agency, of any of the duties heretofore imposed upon any state department, official, or employee under the terms of any such prior bond, warrant, certificate, or receipt agreement or sale: Provided, That the enumeration of such rights and remedies herein shall not be deemed to exclude the exercise or prosecution of any other rights or remedies by the holders of such bonds, warrants, certificates, or receipts. [1980 c 5 § 1.]

47.04.170 Federal agreements for public transportation, rail transportation. The department of transportation is authorized to enter into and perform agreements with federal agencies as may be necessary to secure federal grants, loans, or other assistance on its own behalf or on behalf of other public or private recipients for:

(1) Public transportation purposes, including but not limited to, bus transportation, specialized transportation services for the elderly and handicapped, and ride sharing activities; and

(2) Rail transportation. [1985 c 20 § 1.]

47.04.180 Twenty-four hour headlight policy. On the recommendation of their public works departments or designees, counties or cities can petition the department of transportation to create a "twenty-four hour headlight policy" on state highways in their respective jurisdictions. The department shall develop criteria for approval or disapproval, such as traffic volume, accident statistics, and costs of signs. The department shall notify all counties about this program.

A jurisdiction requesting such a policy shall periodically report to the department regarding its educational efforts. A jurisdiction may petition the department to remove such a policy.

The jurisdiction shall educate its citizens on the "twenty-four hour headlight policy." The department shall place and maintain appropriate signs along the designated highway. Participating jurisdictions shall share in the cost of signing in an amount as determined by the department.

State highway improvement projects in urban areas, priority programming to be accorded: RCW 47.26.070.

47.05.010 Declaration of purpose. The legislature finds that anticipated revenues available for state highways for the foreseeable future will fall substantially short of the amount required to satisfy all of the state highway needs. It is the purpose of this chapter to establish a policy of priority programming for highway development having as its basis the rational selection of

(1989 Ed.)
projects according to factual need, systematically scheduled to carry out defined objectives within limits of money and manpower, and fixed in advance with reasonable flexibility to meet changed conditions. [1969 ex.s. c 39 § 1; 1963 c 173 § 1.]

47.05.021 Functional classification of highways. (1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the chairs of the transportation committees of the senate and house of representatives, including one copy to the staff of each of the committees, biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial state-wide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

(2) Those state highways which perform no arterial or collector function, which serve only local access functions, and which lack essential state highway characteristics shall be designated "local access" highways.

(3) In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

(a) Urban population centers within and without the state stratified and ranked according to size;

(b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;

(c) Feasibility of the route, including availability of alternate routes within and without the state;

(d) Directness of travel and distance between points of economic importance;

(e) Length of trips;

(f) Character and volume of traffic;

(g) Preferential consideration for multiple service which shall include public transportation;

(h) Reasonable spacing depending upon population density; and

(i) System continuity. [1987 c 505 § 50; 1979 ex.s. c 122 § 1; 1977 ex.s. c 130 § 1.]

Severability—1979 ex.s. c 122: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 122 § 10.]

Effective dates—1977 ex.s. c 130: "Section 1 of this 1977 act modifying the functional classification of state highways shall apply to the long range plan for highway improvements and to the six year program for highway construction commencing July 1, 1979 and to the preparation thereof and shall take effect July 1, 1977. Section 2 of this 1977 act shall take effect July 1, 1979." [1977 ex.s. c 130 § 3] "Section 1 of this 1977 act" is codified as RCW 47.05.021; "Section 2 of this 1977 act" repealed RCW 47.05.030.

47.05.030 Six-year program and financial plan for improvements—Objectives—Categories—Allocation of funds. The transportation commission shall adopt and periodically revise, after consultation with the legislative transportation committee, a comprehensive six-year program and financial plan for highway improvements specifying program objectives for each of the highway categories, "A," "B," "C," and "H," defined in this section, and within the framework of estimated funds for such period. The program and plan shall be based upon the improvement needs for state highways as determined by the department from time to time.

With such reasonable deviations as may be required to effectively utilize the estimated funds and to adjust to unanticipated delays in programmed projects, the commission shall allocate the estimated funds among the following described categories of highway improvements, so as to carry out the commission's program objectives:

(1) Category A shall consist of those improvements necessary to sustain the structural, safety, and operational integrity of the existing state highway system (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations, and improvements designated in subsections (2) through (4) of this section).

(2) Category B shall consist of improvements for the continued development of the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations.

(3) Category C shall consist of the development of major transportation improvements (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations) including designated but unconstructed highways which are vital to the state-wide transportation network.

(4) Category H shall consist of those improvements necessary to sustain the structural and operational integrity of existing bridges on the highway system (other than bridges on the interstate system or bridge work included in another category because of its association with a highway project in such category).

Projects which are financed one hundred percent by federal funds or other agency funds shall, if the commission determines that such work will improve the state
highway system, be managed separately from the above categories. [1987 c 179 § 2; 1979 ex.s. c 122 § 2; 1977 ex.s. c 151 § 44; 1975 1st ex.s. c 143 § 1; 1973 2nd ex.s. c 12 § 4; 1969 ex.s. c 39 § 3; 1965 ex.s. c 170 § 33; 1963 c 173 § 3.]

Severability—1979 ex.s. c 122: See note following RCW 47.05.021.

47.05.035 Allocation of funds, factors—Program objectives. (1) The transportation commission, in preparing the comprehensive six-year program and financial plan for highway improvements, shall allocate the estimated funds among categories A, B, C, and H giving primary consideration to the following factors:

(a) The relative needs in each of the categories of improvements;

(b) The need to provide adequate funding for category A improvements to protect the state's investment in its existing highway system;

(c) The continuity of future highway development of all categories of improvements with those previously programmed; and

(d) The availability of special categories of federal funds for specific work.

(2) The commission in preparing the comprehensive six-year program and financial plan shall establish program objectives for each of the highway categories, A, B, C, and H. [1987 c 179 § 3; 1979 ex.s. c 122 § 3; 1975 1st ex.s. c 143 § 2.]

Severability—1979 ex.s. c 122: See note following RCW 47.05.021.

47.05.040 Six-year comprehensive highway improvement program and financial plan—Adoption—Biennial revision—Apportionment. (1) Prior to October 1st of each even-numbered year, the transportation commission as provided in subsections (2), (3), (4), and (5) of this section shall adopt and thereafter shall biennially revise, after consultation with the legislative transportation committee, the comprehensive six-year program and financial plan for highway improvements, including program objectives, as specified in RCW 47.05.030 as now or hereafter amended.

(2) The commission shall first allocate to category A improvements as a whole the estimated construction funds as will be necessary to accomplish the commission's program objectives for category A highway improvements throughout the state. The commission shall then apportion the allocated category A construction funds among the several transportation districts considering the improvement needs of each district in relation to such needs in all districts.

(3) The commission shall next allocate to category B improvements the estimated federal aid interstate funds and state matching funds as necessary to accomplish the commission's program objectives for category B highway improvements throughout the state.

(4) The commission shall next allocate to category H the federal bridge replacement funds and required state funds necessary to accomplish the commission's objectives for category H throughout the state.

(5) The commission shall then allocate to category C improvements the remaining estimated construction funds to accomplish the commission's program objectives for category C highway improvements throughout the state. [1987 c 179 § 4; 1979 ex.s. c 122 § 4; 1977 ex.s. c 235 § 15; 1975 1st ex.s. c 143 § 3; 1973 2nd ex.s. c 12 § 5; 1969 ex.s. c 39 § 4; 1963 c 173 § 4.]

47.05.051 Six-year comprehensive highway improvement program and financial plan—Priority selection criteria—Departure from criteria—Biennial revision. (1) The comprehensive six-year program and financial plan for each category of highway improvements shall be based upon a priority selection system within the program objectives established for each category. The commission using the criteria set forth in RCW 47.05.030, as now or hereafter amended, shall determine the category of each highway improvement.

(2) Selection of specific category A and H projects for the six-year program shall take into account the criteria set forth in subsection (4) of this section.

(3) Selection of specific category B projects for the six-year program shall be based on commission established priorities for completion and preservation of the interstate system.

(4) In selecting each category A and H project as provided in subsection (2) of this section, the following criteria (not necessarily in order of importance) shall be taken into consideration:

(a) Its structural ability to carry loads imposed upon it;

(b) Its capacity to move traffic at reasonable speeds without undue congestion;

(c) Its adequacy of alignment and related geometries;

(d) Its accident experience; and

(e) Its fatal accident experience.

(5) The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select category A, B, and H improvements to be included in the six-year program.

(6) Selection of specific category C projects for the six-year program shall be based on the priority of each highway section proposed to be improved in relation to other highway sections within the state with full regard to the structural, geometric, safety, and operational adequacy of the existing highway section taking into account the following:

(a) Continuity of development of the highway transportation network;

(b) Coordination with the development of other modes of transportation;

(c) The stated long range goals of the local area and its transportation plan;

(d) Its potential social, economic, and environmental impacts;

(e) Public views concerning proposed improvements;
(f) The conservation of energy resources and the capacity of the transportation corridor to move people and goods safely and at reasonable speeds; and

(g) Feasibility of financing the full proposed improvement.

(7) The commission in selecting any project for improvement in categories A, B, C, or H may depart from the priority of projects so established (a) to the extent that otherwise funds cannot be utilized feasibly within the program, (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations, (c) as may be required to coordinate with federal, local, or other state agency construction projects, (d) to take advantage of some substantial financial benefit that may be available, (e) for continuity of route development, or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority of projects.

(8) The comprehensive six-year program and financial plan for highway improvements shall be revised biennially pursuant to RCW 47.05.040 as now or hereafter amended. The adopted program and plan shall be extended for an additional two years, to six years in the future, effective on July 1st of each odd-numbered year. For the biennia ending June 30, 1979, and June 30, 1981, the commission may deviate from the existing long range plan and the six-year program to accommodate the modified procedures prescribed by this 1979 amendatory act. [1979 ex.s. c 122 § 6; 1975 1st ex.s. c 143 § 6.]

47.05.085 Delay of project for coordination with county-funded improvements. The department may delay a highway improvement at the request of a county or service district to enable the county or district to develop local funding necessary to pay for additional highway improvements over and above those planned by the department so that the highway improvements may be done at the same time. When it appears to the department that any state highway will be benefited or improved by the construction of any public works project, including any urban public transportation system, within the state of Washington by any of the departments of the state of Washington, by the federal government, or by any agency, instrumentality, or municipal corporation of either the state of Washington or the United States, the department is authorized to enter into cooperative agreements with any such state department, with the United States, or with any agency, instrumentality, or municipal corporation of either the state of Washington or the United States, wherein the state of Washington, acting through the department, will participate in the cost of the public works project in such amount as may be determined by the department to be the value of the benefits or improvements to the particular state highway derived from the construction of the public works project. INTERSTATE HIGHWAY, CATEGORY A, CATEGORY C IMPROVEMENTS—1981 ACT
47.10.801 Issuance and sale of general obligation bonds.
**FIRST PRIORITY PROJECT——1951 ACT**

**47.10.010 First priority highway projects——Declaration of.** Reconstruction of primary state highway No. 1 from Oregon to British Columbia, construction of four traffic lanes at Snoqualmie Pass, construction of an adequate highway bridge from Pasco to Kennewick and construction of county arterial highways and farm to market roads in Grant, Franklin and Adams counties to coincide with the opening of lands for settlement in the Columbia Basin irrigation project, are declared to be highway projects of the first priority. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The reimbursement of the motor vehicle fund for money used to purchase Agate Pass Bridge bonds will also make possible other war emergency or high priority highway construction. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10.010. Prior: 1951 c 121 § 1.]

**47.10.020 Bond issue authorized——Use of motor vehicle fund.** To provide funds for accelerating construction of these first priority projects, and to reimburse the motor vehicle fund for money expended for Agate Pass Bridge construction there shall be issued and sold limited obligation bonds of the state of Washington in the sum of sixty-six million seven hundred three thousand, six hundred and twenty-five dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. The state finance committee shall, when notified by the Washington state highway commission, provide for the issuance of coupon or registered bonds to be dated, issued and sold from time to time in such amounts as may be necessary to the orderly progress of construction of the first priority projects: Provided, That if funds are available in the motor vehicle fund in an amount greater than is necessary to pay current demands such funds may be used to finance these first priority projects until such time as bonds are sold, as provided by law, at which time the motor vehicle fund shall be reimbursed. [1961 c 13 § 47.10.020. Prior: 1955 c 117 § 1; 1951 c 121 § 2.]

Reviser's note: Powers, duties, and functions of highway commission transferred to department of transportation; see RCW 47.01.031. Term "Washington state highway commission" means department of transportation; see RCW 47.04.015.

**47.10.030 Form and term of bonds.** Each of such bonds shall be made payable at any time not exceeding twenty-five years from the date of its issuance, with such reserved rights of prior redemption as the state finance committee may prescribe to be specified therein. The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.010 through 47.10.140 shall be fully negotiable instruments. [1961 c 13 § 47.10.030. Prior: 1951 c 121 § 3.]

**47.10.040 Bonds not general obligations——Taxes pledged.** Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall distinctly state that they are not a general obligation of the state, but are payable in the manner provided in RCW 47.10.010 through 47.10.140 from the proceeds of all state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and RCW 82.36.020, 82.36.230, 82.36.250, and 82.36.400, as derived from chapter 58, Laws of 1933, as amended, and as last amended by chapter 220, Laws of 1949; and chapter 82.40 RCW and RCW 82.40.020, as derived from chapter 127, Laws of 1941, as amended, and as last amended by chapter 220, Laws of 1949. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.010 through 47.10.140, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay the principal and interest on all bonds issued under the provisions of RCW 47.10.010 through 47.10.140 when due. [1961 c 13 § 47.10.040. Prior: 1951 c 121 § 4.]

*Reviser's note: Chapter 82.40 RCW and RCW 82.40.020 were repealed by 1971 ex.s. c 175 § 33; for later enactment see chapter 82.38 RCW.*

**47.10.050 Sale of bonds.** The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.10.010 through 47.10.140 shall be legal investment for any of the funds of the state, except the permanent school fund: Provided, That bonds authorized herein to reimburse the motor vehicle fund for the cost of the Agate Pass Bridge construction shall be sold at the earliest
date which the committee finds feasible. [1961 c 13 § 47.10.050. Prior: 1951 c 121 § 5.]

47.10.060 Proceeds—Deposit and use. The money arising from the sale of said bonds shall be deposited in the state treasury to the credit of the motor vehicle fund and such money shall be available only for the construction of such first priority projects, reimbursement of the motor vehicle fund for money expended for construction of the Agate Pass Bridge in order to make such money available for war emergency highway projects or other high priority highway uses, and payment of the expense incurred in the printing, issuance and sale of any such bonds. [1961 c 13 § 47.10.060. Prior: 1951 c 121 § 6.]

47.10.070 Source of funds for payment of principal and interest. Any funds required to repay such bonds, or the interest thereon when due, subject to the proviso of this section, shall be taken from that portion of the motor vehicle fund which results from the imposition of all excise taxes on motor vehicle fuels and which is, or may be, appropriated to the department for state highway purposes, and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or the interest on any bonds: Provided, That money required hereunder to pay interest on or to retire any bonds issued for Columbia Basin county arterial highways or farm to market roads shall be repaid by any such county or counties wherein such highways or roads are constructed in the manner set forth in RCW 47.10.110. [1984 c 7 § 100; 1961 c 13 § 47.10.070. Prior: 1951 c 121 § 7.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.10.080 Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.070, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the highway bond retirement fund, which is hereby established, and which fund shall be available solely for payment of such interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1961 c 13 § 47.10.080. Prior: 1951 c 121 § 8.]

47.10.090 Excess sums in bond retirement fund—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1961 c 13 § 47.10.090. Prior: 1951 c 121 § 11.]

47.10.100 Allocation of bonds. The bonds authorized herein are allocated to the first priority projects as follows:

(1) Forty-nine million two hundred fifty thousand dollars of the total issue for the acceleration of the reconstruction of primary state highway No. 1, said amount to be expended on said primary state highway No. 1 as follows: Thirty-three million five hundred thousand dollars between Everett, Seattle, Tacoma, Olympia, Chehalis, Centralia, Kelso, Vancouver, and the Oregon boundary line, and fifteen million seven hundred fifty thousand dollars between Everett and the Canadian boundary line;

(2) Six million five hundred thousand dollars of the total issue for the construction of the highway bridge from Pasco to Kennewick;

(3) Four million two hundred fifty thousand dollars of the total issue for the construction of a four lane highway at Snoqualmie Pass;

(4) Five million dollars of the total issue for the construction of Columbia Basin county arterial highways and farm to market roads in Grant, Franklin and Adams counties, for which the state must be reimbursed as provided in RCW 47.10.110; and

(5) One million seven hundred three thousand six hundred twenty-five dollars of the total issue for reimbursement of the motor vehicle fund for money spent for Washington toll bridge authority bonds purchased in connection with the construction of the Agate Pass Bridge, said sum of one million seven hundred three thousand six hundred twenty-five dollars to be used when it becomes available in the motor vehicle fund, under allotments to be made by the director of highways, for war emergency or other high priority highway projects: Provided, That no bonds shall be issued for Columbia Basin county arterial highway and road purposes unless expenditures are actually required for the settlement of lands ready for irrigation in the Columbia Basin project and all construction of arterial highways and roads in such counties shall be accomplished by the engineering forces of the various counties under the supervision of the director of highways. [1961 c 13 § 47.10.100. Prior: 1951 c 121 § 12.]

Reviser’s note: Powers, duties, and functions of director of highways transferred to secretary of transportation; see RCW 47.01.031. Term
47.10.110 Columbia Basin highway projects—Reimbursement by counties. The secretary shall report separately to the state finance committee all sums expended from funds resulting from the sale of bonds for Columbia Basin county arterial highways and farm to market roads in Grant, Franklin, and Adams counties under the provisions of RCW 47.10.010 through 47.10.140. Those counties shall repay to the state all the cost of any Columbia Basin highway or road facilities actually constructed under the provisions of RCW 47.10.010 through 47.10.140 within each of such counties as follows: The state finance committee, at least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, shall ascertain the percentage of the motor vehicle funds arising from the excise taxes on motor vehicle fuels, which is to be transferred to such counties under the provisions of law which will be necessary to pay all of the interest upon or retire when due all of the portion of said bonds chargeable to expenditures incurred under the provisions of RCW 47.10.010 through 47.10.140 in each of said counties. The state finance committee shall notify the state treasurer of this estimate and the treasurer shall thereafter, when distributions are made from the motor vehicle fund to counties, retain such percentage of the total sums credited to such counties as aforesaid in the motor vehicle fund arising from the excise taxes on motor vehicle fuels until such fund is fully reimbursed for all expenditures under RCW 47.10.010 through 47.10.140 in Grant, Adams, and Franklin counties. Any money so retained shall be available for state highway purposes. [1984 c 7 § 101; 1961 c 13 § 47.10-110. Prior: 1951 c 121 § 9.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.10.120 Columbia Basin highway projects—Limit as to amounts currently retained. The sums retained from motor vehicle funds arising from the excise taxes on motor vehicle fuel, of any such counties shall not exceed in any distribution period fifty percent of the total amount to be credited to such county. If there shall be a deficit in the amount available for reimbursement of the motor vehicle fund, due to this provision, then such deficit shall continue to be a charge against any sums due any such county from the motor vehicle fund from such excise taxes until the full cost of such Columbia Basin highway facilities is paid. [1961 c 13 § 47.10.120. Prior: 1951 c 121 § 10.]

47.10.130 Agate Pass Bridge to become toll free—Cancellation of Agate Pass bonds. When the state finance committee has made arrangements for the sale of sufficient bonds to reimburse the motor vehicle fund in the sum of one million seven hundred thousand six hundred twenty-five dollars as aforesaid, the committee shall notify the Washington toll bridge authority and the authority is thereafter directed to transfer the Agate Pass Bridge to the highway department for operation as a toll free part of the state highway system. The bonds of the authority issued to construct the Agate Pass Bridge shall then be canceled. [1961 c 13 § 47.10.130. Prior: 1951 c 121 § 13.]

Revisor's note: Powers, duties, and functions of toll bridge authority transferred to department of transportation; see RCW 47.01.031. Terms “Washington state toll bridge authority” and “authority” mean department of transportation; see RCW 47.04.015.

47.10.140 Appropriation from motor vehicle fund. There is appropriated from the motor vehicle fund for the biennium ending March 31, 1953 the sum of sixty-six million seven hundred three thousand six hundred and twenty-five dollars, or so much thereof as may be necessary, to carry out the provisions of RCW 47.10.010 through 47.10.140, but no money shall be available under this appropriation from said fund unless a like amount of the bonds provided for herein are sold and the money derived deposited to the credit of such fund. [1961 c 13 § 47.10.140. Prior: 1951 c 121 § 15.]

ADDITIONAL BONDS—1953 ACT

47.10.150 Declaration of necessity for additional funds. Increased construction costs for highway and bridge construction since the enactment of a highway bond issue by the 1951 legislature makes necessary additional money with which to complete the sections of primary state highway No. 1 planned from funds allocated under RCW 47.10.010 through 47.10.140 and it is vital to the economy of the state and the safety of the traffic that these sections shall be completed to relieve traffic congestions, to add capacity in event of war, and to presently insure greater safety to highway users; the rapid increase of traffic across Snoqualmie Pass necessitates continued improvement of primary state highway No. 2 to provide four-lane paving contiguous to Snoqualmie Pass as the funds will permit; the rapid increase of traffic and the facilitation of movement of military forces and equipment from the military centers of the state makes imperative the construction of a highway from primary state highway No. 2 beginning approximately four miles west of North Bend thence southwesterly by the most feasible route by the way of Auburn to a junction with primary state highway No. 1 in the vicinity of Milton; said highway to follow approximately the route surveyed by the director of highways and covered in the report filed by him with the 1951 legislature commonly known as the "Echo Lake Route," as the funds provided for herein will permit; the construction of secondary state highways in to the Columbia Basin area is immediately necessary to provide needed state arterial highways for the irrigated lands of the Columbia Basin areas to market centers and thereby encourage the full development of the basin project. The construction of such projects is required in the interest of the public safety and for the orderly development of the state. The threat of war makes acceleration of construction a vital necessity at this time. [1961 c 13 § 47.10-150. Prior: 1953 c 154 § 1.]

(1989 Ed.)

To provide funds for accelerating construction of these priority projects there shall be issued and sold limited obligation bonds of the state of Washington in the sum of eighteen million dollars. The issuance, sale and retirement of said bonds shall be under the general supervision and control of the state finance committee. [1961 c 13 § 47.10.160. Prior: 1955 c 117 § 2; 1953 c 154 § 2.]

The bonds shall be signed by the governor and the state auditor under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued under authority of RCW 47.10.150 through 47.10.270 shall be fully negotiable instruments. [1961 c 13 § 47.10.180. Prior: 1953 c 154 § 4.]

*Reviser's note: Chapter 82.40 RCW and RCW 82.40.020, see note following RCW 47.10.040.

[1984 c 7 § 102; 1961 c 13 § 47.10.210. Prior: 1953 c 154 § 7.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.10.220 Additional bonds—Highway bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee
shall estimate the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which will be required to meet interest or bond payments under RCW 47.10.150 through 47.10.270 when due, and shall notify the state treasurer of such estimated requirement. 47.10.769 Bonds—Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.767, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year which, together with federal funds which may be pledged as provided in RCW 47.10.768, shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid
into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s. c 7 § 21.]

47.10.770 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor fuels and the federal funds which may be pledged as provided in RCW 47.10.768, payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1967 ex.s. c 7 § 22.]

47.10.771 Bonds—Appropriation from motor vehicle fund. There is hereby appropriated from the motor vehicle fund to the state highway commission for the biennium ending June 30, 1969, the sum of twenty-five million dollars, or so much thereof as may be necessary to carry out the provisions of RCW 47.10.761 through 47.10.771. INTERSTATE 90 COMPLETION—1979 ACT

47.10.790 Issuance and sale of general obligation bonds—State route 90 improvements—Category C improvements. (1) In order to provide funds for the location, design, right of way, and construction of selected interstate highway improvements, there shall be issued and sold upon the request of the Washington state transportation commission, a total of one hundred million dollars of general obligation bonds of the state of Washington to pay the state's share of costs for completion of state route 90 (state route 5 to state route 405) and other related state highway projects eligible for regular federal interstate funding and until December 31, 1989, to temporarily pay the regular federal share of construction of completion projects on state route 90 (state route 5 to state route 405) and other related state highway projects eligible for regular interstate funding in advance of federal-aid apportionments under the provisions of 23 U.S.C. Secs. 115 or 122: Provided, That the total amount of bonds issued to temporarily pay the regular federal share of construction of federal-aid interstate highways in advance of federal-aid apportionments as authorized by this section and RCW 47.10.801 shall not exceed one hundred twenty million dollars: Provided further, That the transportation commission shall consult with the legislative transportation committee prior to the adoption of plans for the obligation of federal-aid apportionments received in federal fiscal year 1985 and subsequent years to pay the regular federal share of federal-aid interstate highway construction projects or to convert such apportionments under the provisions of 23 U.S.C. Secs. 115 or 122.

(2) The transportation commission, in consultation with the legislative transportation committee, may at any time find and determine that any amount of the bonds authorized in subsection (1) of this section, and not then sold, are no longer required to be issued and sold for the purposes described in subsection (1) of this section.

(3) Any bonds authorized by subsection (1) of this section that the transportation commission determines are no longer required for the purpose of paying the cost of the designated interstate highway improvements described therein shall be issued and sold, upon the request of the Washington state transportation commission, to provide funds for the location, design, right of way, and construction of major transportation improvements throughout the state that are identified as category C improvements in RCW 47.05.030. [1985 c 406 § 1; 1982 c 19 § 3; 1981 c 316 § 10; 1979 ex.s. c 180 § 1.] Severability—1982 c 19: See note following RCW 47.10.801.

47.10.791 Administration and amount of bond sales. Upon request being made by the transportation commission, the state finance committee shall supervise and provide for the issuance, sale, and retirement of the bonds authorized by RCW 47.10.790 in accordance with the provisions of chapter 39.42 RCW. The amount of such bonds issued and sold under the provisions of RCW 47.10.790 through 47.10.798 in any biennium may not exceed the amount of a specific appropriation therefor. Such bonds may be sold from time to time in such amounts as may be necessary for the orderly progress of the state highway improvements specified in RCW 47.10.790. The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect
to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal or interest on the bonds with respect to which the promissory notes or other obligations relate. The state finance committee may authorize the issuance of short-term obligations in lieu of long-term obligations for the purposes of more favorable interest rates, lower total interest costs, and increased marketability and for the purposes of retiring the bonds during the life of the project for which they were issued. [1986 c 290 § 2; 1979 ex.s. c 180 § 2.]

47.10.792 Bond proceeds—Deposit and use. The proceeds from the sale of the bonds authorized by RCW 47.10.790 shall be deposited in the motor vehicle fund and such proceeds shall be available only for the purposes enumerated in RCW 47.10.790, for the payment of bond anticipation notes, if any, and for the payment of the expense incurred in the drafting, printing, issuance, and sale of such bonds. The costs of obtaining insurance, letters of credit, or other credit enhancement devices with respect to the bonds shall be considered to be expenses incurred in the issuance and sale of the bonds. [1986 c 290 § 7; 1979 ex.s. c 180 § 3.]

47.10.793 Statement of general obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.10.790 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.10.790 through 47.10.798 from the proceeds of the state excise taxes on motor vehicle and special fuels imposed by chapters 82.36, 82.37, and 82.38 RCW. Proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.10.790 through 47.10.798, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.10.790 through 47.10.798. [1979 ex.s. c 180 § 4.]

47.10.794 Designation of funds to repay bonds and interest. Any funds required to repay the bonds authorized by RCW 47.10.790 or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state for expenditure pursuant to RCW 46.68.130 and shall never constitute a charge against any allocations of such funds to counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available for state highway purposes proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1979 ex.s. c 180 § 5.]

47.10.795 Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.10.794, the percentage of the receipts in money of the motor vehicle fund resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments when due and shall notify the treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the highway bond retirement fund heretofore created in the state treasury, which funds shall be available solely for payment of the principal of and interest on the bonds when due. If in any month it shall appear that the estimated percentage of moneys so made is insufficient to meet the requirements for payment of the principal thereof or interest thereon, the treasurer shall notify the state finance committee forthwith, and such committee shall adjust its estimates so that all requirements for the interest on and principal of all bonds issued shall be fully met at all times. [1979 ex.s. c 180 § 6.]

47.10.796 Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the highway bond retirement fund shall prove more than is required for the payment of interest on bonds when due, or current redemption of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds pursuant to applicable bond covenants or remain available in the fund to reduce requirements upon the fuel excise tax portion of the motor vehicle fund. [1979 ex.s. c 180 § 7.]

47.10.797 Bonds legal investment for state funds. The bonds authorized in RCW 47.10.790 through 47.10.798 constitute a legal investment for all state funds or for funds under state control and all funds of municipal corporations. [1979 ex.s. c 180 § 8.]

47.10.798 Bonds equal charge against fuel tax revenues. Except as otherwise provided by statute, general obligation bonds issued under authority of legislation enacted during the 45th session of the legislature and thereafter and which pledge motor vehicle and special fuel excise taxes for the payment of principal and interest thereon shall be an equal charge against the revenues
from such motor vehicle and special fuel excise taxes. [1979 ex.s. c 180 § 9.]

47.10.799 Appropriation—Expenditure limited to bond sale proceeds. There is hereby appropriated from the motor vehicle fund to the department of transportation for the biennium ending June 30, 1981, the sum of ten million dollars, or so much thereof as may be necessary, to carry out the provisions of RCW 47.10.790: Provided, That the money available for expenditure under this appropriation may not exceed the amount of money derived from the sale of ten million dollars of bonds authorized by RCW 47.10.790 and deposited to the credit of the motor vehicle fund. [1979 ex.s. c 180 § 10.]

47.10.800 Severability—1979 ex.s. c 180. If any provision of RCW 47.10.790 through 47.10.800 or its application to any person or circumstance is held invalid, the remainder of RCW 47.10.790 through 47.10.800 or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 180 § 12.]

Secs. 115 or 122;

The bonds shall be sold in such manner, at such time or times, in such amounts, and at such price or prices as the state finance committee shall determine. The state finance committee may obtain insurance, letters of credit, or other credit facility devices with respect to the bonds and may authorize the execution and delivery of agreements, promissory notes, and other obligations for the purpose of insuring the payment or enhancing the marketability of the bonds. Promissory notes or other obligations issued under this section shall not constitute a
debt or the contracting of indebtedness under any constitutional or statutory indebtedness limitation if their payment is conditioned upon the failure of the state to pay the principal of or interest on the bonds with respect to which the promissory notes or other obligations relate. 47.12.023 Acquisition of state lands or interests or rights therein—Notice—Amount of compensation—Arbitration or court settlement—Reacquisition by department of natural resources. (1) Except as provided in RCW 47.12.026 and 47.12.029, whenever it is necessary to secure any lands or interests in lands for any highway purpose mentioned in RCW 47.12.010, or for the construction of any toll facility or ferry terminal or docking facility, the title to which is in the state of Washington and under the jurisdiction of the department of natural resources, the department of transportation may acquire jurisdiction over the lands or interests in lands, or acquire rights to remove materials from the lands in the manner set forth in this section.

(2) At any time after the final adoption of a right of way plan or other plan requiring the acquisition of lands or interests in lands for any purpose as authorized in subsection (1) of this section, the department of transportation may file with the department of natural resources a notice setting forth its intent to acquire jurisdiction of the lands or interests in lands under the jurisdiction of the department of natural resources required for right of way or other highway purposes related to the construction or improvement of such state highway, toll facility, or ferry terminal or docking facility.

(3) The department of transportation at the time of filing its notice of intent as provided in subsection (2) of this section shall file therewith a written statement showing the total amount of just compensation to be paid for the property in the event of settlement. The offer shall be based upon the department of transportation approved appraisal of the fair market value of the property to be acquired. In no event may the offer of settlement be referred to or used during any arbitration proceeding or trial conducted for the purpose of determining the amount of just compensation.

(4) Just compensation and/or fair market value for the purposes of this section shall be determined in accordance with applicable federal and state constitutional, statutory, and case law relating to the condemnation of private and public property for public purposes.

(5) If the department of natural resources does not accept the offer of the department of transportation, the department of transportation may nonetheless pay to the department of natural resources the amount of its offer and obtain immediate possession and use of the property pending the determination of just compensation in the manner hereinafter provided.

(6) If the amount of just compensation is not agreed to, either the department of natural resources or the department of transportation may request in writing the appointment of an arbitrator for the purpose of determining the amount of compensation to be paid by the department of transportation for the acquisition of jurisdiction over the lands or interests in lands or rights therein. In that event the department of natural resources and the department of transportation may jointly agree on an arbitrator to determine the compensation, and his determination shall be final and conclusive upon both departments. The costs of the arbitrator shall be borne equally by the parties. If the department of natural resources and the department of transportation are unable to agree on the selection of an arbitrator within thirty days after a request therefor is made, either the department of transportation or the department of natural resources may file a petition with the superior court for Thurston county for the purpose of determining the amount of just compensation to be paid. The matter shall be tried by the court pursuant to the procedures set forth in RCW 8.04.080.

(7) Whenever the department of transportation has acquired immediate possession and use of property by payment of the amount of its offer to the department of natural resources, and the arbitration award or judgment of the court for the acquisition exceeds the payment for immediate possession and use, the department of transportation shall forthwith pay the amount of such excess to the department of natural resources with interest thereon from the date it obtained immediate possession. If the arbitration or court award is less than the amount previously paid by the department of transportation for immediate possession and use, the department of natural resources shall forthwith pay the amount of the difference to the department of transportation.

(8) Upon the payment of just compensation, as agreed to by the department of transportation and the department of natural resources, or as determined by arbitration or by judgment of the court, and other costs or fees as provided by statute, the department of natural resources shall cause to be executed and delivered to the department of transportation an instrument transferring jurisdiction over the lands or interests in lands, or rights
to remove material from the lands, to the department of transportation.

(9) Except as provided in RCW 47.12.026, whenever the department of transportation ceases to use any lands or interests in lands acquired in the manner set forth in this section for the purposes mentioned herein, the department of natural resources may reacquire jurisdiction over the lands or interests in land by paying the fair market value thereof to the department of transportation. If the two departments are unable to agree on the fair market value of the lands or interests in lands, the market value shall be determined and the interests therein shall be transferred in accordance with the provisions and procedures set forth in subsections (4) through (8) of this section. [1984 c 7 § 115; 1977 ex.s. c 103 § 1.]

47.12.026 Acquisition of state lands or interests or rights therein—Easements across navigable waters or harbors—Removal of materials—Relocation of railroad tracks. (1) The department of transportation may acquire an easement for highway or toll facilities right of way or for ferry terminal or docking facilities, including the right to make necessary fills, on, over, or across the beds of navigable waters which are under the jurisdiction of the department of natural resources, in accordance with the provisions of RCW 47.12.023, except that no charge may be made to the department of transportation for such an easement.

(2) The department of transportation may obtain an easement for highway or toll facilities purposes or for ferry terminal or docking facilities on, over, or across harbor areas in accordance with RCW 47.12.023 but only when the areas are approved by the harbor line commission as a public place for public landings, wharves, or other public conveniences of commerce or navigation. No charge may be made to the department of transportation for such an easement.

(3) Upon the selection by the department of transportation of an easement for highway or toll facilities right of way or for ferry terminal or docking facilities, as authorized in subsections (1) and (2) of this section, the department of natural resources shall cause to be executed and delivered to the department of transportation an instrument transferring the easement. Whenever the state no longer requires the easement for highway or toll facilities right of way or for ferry terminal or docking facilities, the easement shall automatically terminate and the department of transportation shall, upon request, cause to be executed an instrument relinquishing to the department of natural resources all of its interest in the lands.

(4) The department of transportation, pursuant to the procedures set forth in RCW 47.12.023, may remove sand and gravel and borrow materials and stone from the beds of navigable waters under the jurisdiction of the department of natural resources which lie below the line of ordinary high water upon the payment of fair market value per cubic yard for such materials to be determined in the manner set forth in RCW 47.12.023.

(5) The department of transportation may acquire full jurisdiction over lands under the jurisdiction of the department of natural resources including the beds of navigable waters that are required for the relocation of the operating tracks of any railroad that will be displaced by the acquisition of such railroad property for state highway purposes. The department of transportation may exchange lands so acquired in consideration or partial consideration for the land or property rights needed for highway purposes and may cause to be executed a conveyance of the lands in the manner prescribed in RCW 47.12.150. In that event the department of transportation shall pay to the department of natural resources, as just compensation for the acquisition, the fair market value of the property, including the beds of any navigable waters, to be determined in accordance with procedures set forth in RCW 47.12.023. [1984 c 7 § 116; 1977 ex.s. c 103 § 2.]

47.12.029 Acquisition of state lands or interests or rights therein—Certain purposes prohibited. The department of transportation shall not acquire jurisdiction of any lands or interest in lands under the jurisdiction of the department of natural resources for any of the purposes set forth in RCW 47.12.150, 47.12.160, 47.12.180, 47.12.250, and 47.12.270. 47.12.040 Acquisition of property from a political subdivision. Whenever it is necessary to secure any lands for primary or secondary state highway right of way or other state highway purposes, the title to which is in any county of the state or in any political or municipal subdivision of the state, which land is not at the time being used as a public highway, the county legislative authority or the board of directors or governing body of any such political or municipal subdivision are authorized to, directly lease, sell, or convey by gift the land or any interest therein to the state of Washington, without requiring competitive bids or notice to the public, and at such price as the legislative authority, directors, or governing body may deem for the best interests of the county or for the best interests of the political or municipal subdivision of the state. The county legislative authority or the directors or governing body of any political or municipal subdivision are empowered to execute a deed or other proper instrument to the land, passing title to the state of Washington, and the instrument need not require consideration other than the benefit which may be derived by the grantor on account of the use thereof. Whenever any state highway is established by legislative enactment and the state highway is upon the former route of a county road, the county legislative authority shall cause the title to the existing right of way or so much thereof as the department requires to be transferred to the state of Washington by
proceedings to acquire property or rights for highway purposes—Precedence. Court proceedings necessary to acquire property or property rights for highway purposes pursuant to RCW 47.12.010 take precedence over all other causes not involving the public interest in all courts in cases where the state is unable to secure an order granting it immediate possession and use of the property or property rights pursuant to RCW 8.04.090 through 8.04.094. [1983 c 140 § 2.]

47.12.050 Work on remaining land as payment. Whenever it is considered in the securing of any lands for state highway purpose, whether by condemnation or otherwise, that it is for the best interest of the state, for specific constructual items of damage claimed, the court or judge may order or the person whose lands are sought may agree that a portion or all work or labor necessary to the land or remaining land by reason of the taking by way of damage, be performed by the state through the department as all or a part of the consideration or satisfaction of the judgment therefor, in which event the department may perform the work as a portion of the right of way cost of the state highway. (2) Whenever the department determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for transportation purposes and that it is in the public interest to do so, the department may sell the property or exchange it in full or part consideration for land or improvements or for construction of improvements at fair market value to any of the following governmental entities or persons:

(a) Any other state agency;

(b) The city or county in which the property is situated;

(c) Any other municipal corporation;

(d) The former owner of the property from whom the state acquired title;

(e) In the case of residentially improved property, a tenant of the department who has resided thereon for not less than six months and who is not delinquent in paying rent to the state;

(f) Any abutting private owner but only after each other abutting private owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting private owner requests in writing the right to purchase the property within fifteen days after receiving notice of the proposed sale, the property shall be sold at public auction in the manner provided in RCW 47.12.283;

(g) To any person through the solicitation of written bids through public advertising in the manner prescribed by RCW 47.28.050; or

(h) To any other owner of real property required for transportation purposes.

(3) Sales to purchasers may at the department's option be for cash, by real estate contract, or exchange of land or improvements. Transactions involving the construction of improvements must be conducted pursuant to chapter 47.28 RCW or Title 39 RCW, as applicable, and must comply with all other applicable laws and rules.

(4) Conveyances made pursuant to this section shall be by deed executed by the secretary of transportation and shall be duly acknowledged.

(5) All moneys received pursuant to the provisions of this section less any real estate broker commissions paid pursuant to RCW 47.12.320 shall be deposited in the motor vehicle fund. [1988 c 135 § 1; 1983 c 3 § 125; 1977 ex.s. c 78 § 1.]

(2) The department may sell at fair market value materials or other personal property to any private utility company regulated by the utilities and transportation commission for the purpose of making emergency repairs to utility facilities or to protect such facilities from imminent damage upon a finding in writing by the secretary that an emergency exists.

(3) The proceeds of all sales and leases under this section shall be placed in the motor vehicle fund. [1984 c 7 § 120; 1977 ex.s. c 78 § 2.]

47.12.140 Severance and sale of timber and other personality—Removal of nonmarketable materials. (1) Except as otherwise provided in subsection (2) of this section, whenever the department shall have acquired any lands for highway purposes, except state granted lands, upon which are located any structures, timber or other thing of value attached to the land, which the department shall deem it best to sever from the land and sell as personal property, the same may be sold by the department at public auction after due notice thereof shall have been given in accordance with general regulations adopted by the secretary. The department may set minimum prices that will be accepted for any item offered for sale at public auction as herein provided and may prescribe terms or conditions of sale and, in the event that any item shall be offered for sale at such auction and for which no satisfactory bids shall be received or for which the amount bid shall be less than the minimum set by the department, it shall be lawful for the department to sell such item at private sale for the best price which it deems obtainable but at not less than the highest price bid at the public auction. The proceeds of all sales under this section shall be placed in the motor vehicle fund.

(2) The department may issue permits to residents of this state to remove specified quantities of standing or downed trees and shrubs, rock, sand, gravel, or soils which have no market value in place and which the department desires to be removed from state owned lands which are under the jurisdiction of the department. An applicant for such a permit must certify that the materials so removed are to be used by himself and that they will not be disposed of to any other person. Removal of materials pursuant to permit shall be in accordance with such regulations as the department shall prescribe. 47.12.150 Acquisition, exchange of property to relocate displaced facility. Whenever the department shall need for highway purposes land or property rights belonging to the United States government or any municipality or political subdivision of the state, or which shall be a part of the right of way of any public utility having authority to exercise powers of eminent domain, when the acquisition of such property by the state will result in the displacement of any existing right of way or facility, the department is authorized to acquire by condemnation or otherwise such lands and property rights as shall be needed to relocate such right of way or facilities so displaced and to exchange lands or property rights so acquired in consideration or partial consideration for the land or property rights needed for highway purposes. The secretary of transportation shall execute each conveyance, which shall be duly acknowledged, necessary to accomplish such exchange. [1977 ex.s. c 151 § 53; 1975 1st ex.s. c 96 § 5; 1961 c 13 § 47.12.150. Prior: 1953 c 55 § 1.]

47.12.160 Acquisition of land outside highway right of way to minimize damage. Whenever a part of a parcel of land is to be acquired for state highway purposes and the remainder lying outside of the right of way is to be left in such shape or condition as to be of little value to its owner or to give rise to claims or litigation concerning severance or other damage, and its value does not exceed the probable amount of the severance claims or damages, the department may acquire by gift, purchase, or condemnation the whole parcel and may sell that portion lying outside of the highway right of way or may exchange the same for other property needed for highway purposes. The provisions of this section do not apply if the taking of that portion of the land lying outside of the highway right of way would deprive any adjacent owner of an existing right of ingress and egress to his property. 47.12.170 Sale, lease of unneeded toll facility, ferry system property—Franchises for utility, railway purposes. See RCW 47.56.253 through 47.56.257.
47.12.180 Additional method of financing acquisition of property, engineering costs—Declaration of policy, public use, and highway purpose. It is declared to be the public policy of the state of Washington to provide for the acquisition of real property and engineering costs necessary for the improvement of the state highway system, in advance of actual construction, for the purposes of eliminating costly delays in construction, reducing hardship to owners of the property, and eliminating economic waste occasioned by the improvement of such property immediately prior to its acquisition for highway uses.

The legislature therefore finds and declares that purchase and condemnation of real property necessary for the state highway system and engineering costs, reasonably in advance of programmed construction, is a public use and purpose and a highway purpose.

The department is hereby authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvement of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240 or alternatively by the method provided in RCW 47.12.242 through 47.12.246. Neither method may be used to condemn property or property rights in advance of programmed construction until the department has complied with hearing procedures required for the location or relocation of the type of highway for which the property is to be condemned. 47.12.190 Additional method of financing acquisition of property, engineering costs—Authorization to purchase or condemn real property and property rights by additional method. The department, in addition to its other powers and duties as provided by law, is authorized to purchase or condemn any real property or property rights therein which it deems will be necessary for the improvements of routes on the state highway system by the method provided in RCW 47.12.180 through 47.12.240. Condemnation actions brought hereunder shall be brought in the name of the state as provided for acquiring property for the public uses of the state, and in such actions selection of the property and property rights by the secretary of transportation is conclusive that they are necessary for the purposes sought, in the absence of bad faith, or arbitrary, capricious, or fraudulent action. [1977 ex.s. c 151 § 54; 1961 c 281 § 2.]

47.12.200 Additional method of financing acquisition of property, engineering costs—Agreements with state finance committee. The transportation commission may enter into agreements with the state finance committee for financing the acquisition, by purchase or condemnation, of real property together with engineering costs that the transportation commission deems will be necessary for the improvement of the state highway system. Such agreements may provide for the acquisition of an individual parcel or for the acquisition of any number of parcels within the limits of a contemplated highway project. [1977 ex.s. c 151 § 55; 1969 ex.s. c 197 § 2; 1961 c 281 § 3.]

47.12.210 Additional method of financing acquisition of property, engineering costs—Agreement with finance committee to purchase motor vehicle fund warrants—Funds which may be used for payment, limitations. Such an agreement shall provide that the state finance committee shall purchase, at par, warrants drawn upon the motor vehicle fund in payment for the property covered by the agreement and the engineering costs necessary for such advance purchase or condemnation. Such warrants shall be purchased by the state finance committee, upon the presentation by the holders thereof to the state treasurer, from any moneys available for investment in the state treasury as provided in RCW 43.84.080: Provided, That in no event shall more than ten percent of the assets of any fund be used for the purpose of acquiring property as authorized herein, except in the case of current state funds in the state treasury, twenty percent of the balance therein available for investment may be invested as provided in RCW 47.12.180 through 47.12.240. [1981 c 3 § 38; 1969 ex.s. c 197 § 3; 1961 c 281 § 4.]

Warrants issued for payment of property and engineering costs as provided herein shall be of a distinctive design and shall contain the words "for purchase by the state finance committee from ______ fund" (indicating the proper investing fund as provided by the agreement). Such warrants shall be approved by the secretary of the state finance committee prior to their issuance by the state treasurer. Upon presentation of such warrants to the state treasurer for payment, he shall pay the par value thereof from the fund for which the state finance committee agreed to purchase such warrants whether or not there are then funds in the motor vehicle fund. Such deposits may be reexpended as provided in RCW 47.12.180, 47.12.200 through 47.12.230, and 47.12.242 through 47.12.248 without further or additional appropriations. 47.12.283 Sale of real property authorized—Procedure—Disposition of proceeds. (1) Whenever the department of transportation determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for highway purposes and that it is in the public interest to do so, the department may, in its discretion, sell the property under RCW 47.12.063 or under subsections (2) through (6) of this section.

(2) Whenever the department determines to sell real property under its jurisdiction at public auction, the department shall first give notice thereof by publication on the same day of the week for two consecutive weeks, with the first publication at least two weeks prior to the date of the auction, in a legal newspaper of general circulation in the area where the property to be sold is located. The notice shall be placed in both the legal notices section and the real estate classified section of the newspaper. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) The department shall sell the property at the public auction, in accordance with the terms set forth in the notice, to the highest and best bidder providing the bid is equal to or higher than the appraised fair market value of the property.

(4) If no bids are received at the auction or if all bids are rejected, the department may, in its discretion, enter into negotiations for the sale of the property or may list the property with a licensed real estate broker. No property shall be sold by negotiations or through a broker for less than the property's appraised fair market value. Any offer to purchase real property pursuant to this subsection shall be in writing and may be rejected at any time prior to written acceptance by the department.

(5) Before the department shall approve any offer for the purchase of real property having an appraised value of more than ten thousand dollars, pursuant to subsection (4) of this section, the department shall first publish a notice of the proposed sale in a local newspaper of general circulation in the area where the property is located. The notice shall include a description of the property, the selling price, the terms of the sale, including the price and interest rate if sold by real estate contract, and the name and address of the department employee or the real estate broker handling the transaction. The notice shall further state that any person may, within ten days after the publication of the notice, deliver to the designated department employee or real estate broker a written offer to purchase the property for not less than ten percent more than the negotiated sale price, subject to the same terms and conditions. A subsequent offer shall not be considered unless it is accompanied by a deposit of twenty percent of the offer in the form of cash, money order, cashier's check, or certified check payale to the Washington state treasurer, to be forfeited to the state (for deposit in the motor vehicle fund) if the offeror fails to complete the sale if the offeror's offer is accepted. If a subsequent offer is received, the first offeror shall be informed by registered or certified mail sent to the address stated in his offer. The first offeror shall then have ten days, from the date of mailing the notice of the increased offer, in which to file with the designated state employee or real estate broker a higher offer than that of the subsequent offeror. After the expiration of the ten day period, the department shall approve in writing the highest and best offer which the department then has on file.

(6) All moneys received pursuant to this section, less any real estate broker's commissions paid pursuant to RCW 47.12.320, shall be deposited in the motor vehicle fund. [1979 ex.s. c 189 § 1.]

Such an exchange agreement may relate back and apply to any exchange of property previously agreed to and partially executed (pursuant to an earlier exchange agreement found to be void for want of a governor's deed as required by prior law), and shall be subject to such agreed terms and conditions as are authorized by RCW 47.12.063(3) as now existing or hereafter amended. Any conveyance from the state of Washington made pursuant to this section shall be by deed executed by the secretary of transportation, which shall be duly acknowledged. [1979 ex.s. c 189 § 2.]

47.14.010 Legislative finding, intent. The legislature finds that in numerous areas throughout the state, rapid expansion of residential, commercial, industrial, and business activities is producing increased traffic levels. The legislature further finds that many property owners have exhibited a willingness to donate real property or property rights for transportation improvements to accommodate such increases in traffic. The legislature recognizes that the cost of right of way acquisition is often a significant, and even a prohibitive cost element in many transportation improvement projects.

The legislature seeks to encourage the voluntary donation of right of way to the state, counties, cities, and towns for transportation improvements recognizing that such donations can result in direct benefits to property owners, developers, and the community at large.

It is the intent of the legislature to further facilitate the department of transportation's authority under RCW 47.12.010, 47.24.030, and 47.52.050 to accept donations of right of way for state transportation purposes. The legislature further intends to facilitate the authority of a city, town, or county to accept donations of right of way for other transportation purposes.

The legislature therefore declares it to be in the best interest and welfare of the citizens of Washington for the state department of transportation, and for counties, cities, and towns to actively foster and encourage donations of right of way by willing donors in all areas where transportation improvements are to be made. In addition, and in lieu of monetary compensation for property needed for right of way purposes, the legislature seeks to provide incentives to potential donors such as are set forth in RCW 47.14.030 and 47.14.040. [1987 c 267 § 1.]

47.14.020 Definitions. The definitions set forth in this section apply throughout this chapter.

(1989 Ed.)
47.14.030 Credit against transportation benefit district assessment. The governing body of a transportation benefit district may give credit for all or any portion of any real property donation against an assessment, charge, or other required financial contribution for transportation improvements within a transportation benefit district established under RCW 36.73.020 or 35.21.225. The credit granted shall be available against any assessment, charge or other required financial contribution for any transportation purpose which utilizes the donated property. [1987 c 267 § 3.]

47.14.040 Advertising signs on donated parcel. The department or the county, city, or town to which the right of way is donated shall, upon request, grant the donor an airspace lease or a permit for the purpose of erecting or maintaining, or both, one or more signs advertising a business of the donor that is conducted on premises adjacent to the donated parcel unless the sign or signs would be detrimental to the safety and operation of the highway, road, or street. This provision applies to all highways, roads, and streets other than limited access highways and streets, where it applies only until the donated parcel becomes part of a completed operating facility. Except as provided in this section, any such sign shall conform to the requirements of all other applicable federal, state, and local laws and ordinances. The lease agreement or permit shall take into consideration applicable county and city zoning ordinances and may provide for compensation for removal of the sign in accordance with applicable federal, state, and local laws and ordinances. The lease agreement or permit shall specify the conditions for signage. [1987 c 267 § 4.]

47.14.050 Department's duties. The department shall:
(1) Give priority to the refinement and modification of right of way procedures and policies dealing with donation;
(2) Reduce or simplify paperwork requirements resulting from right of way procurement;
(3) Increase communication and education efforts as a means to solicit and encourage voluntary right of way donations;
(4) Enhance communication and coordination with local governments through agreements of understanding that address state acceptance of right of way donations secured under zoning, use permits, subdivision, and associated police power authority of local government;
(5) Report to the legislative transportation committee by January 31, 1988, on its efforts under this section. [1987 c 267 § 5.]

Severability—1984 c 7: See note following RCW 47.01.141.

47.20.645 Interstate 90 corridor—Legislative finding. The legislature finds that the department initiated route studies for the location of that segment of the national system of interstate and defense highways (interstate system) between south Bellevue and state route No. 5 in Seattle in 1957 culminating in a corridor public hearing and adoption of a corridor in 1963; that thereafter the department, utilizing a multidisciplinary design team and soliciting the broadest public participation, developed a series of designs culminating in a public design hearing in 1970, a public limited access hearing in 1971, and adoption of a design and limited access plan for the facility in 1971; that commencing in 1970 the proposed facility has been the subject of numerous lawsuits and administrative proceedings that have prevented advancement of the project to construction; that since further development of the project was enjoined by federal courts in 1971 the cost of constructing the project has increased by more than one hundred million dollars; that the traffic congestion and traffic hazards existing in the existing highway corridor between south Bellevue, Mercer Island, and the city of Seattle are no longer tolerable; that after more than seventeen years of studies the public interest now requires that final decisions regarding the appropriate system for meeting the transportation requirements between south Bellevue and the city of Seattle be made promptly and in accordance with a prescribed schedule.

It is therefore the sense of the legislature that further protracted delay in establishing the transportation system to be constructed between south Bellevue and state route No. 5 in the city of Seattle is contrary to the interest of the people of this state and can no longer be tolerated as acceptable public administration. Accordingly the schedule for finally determining the character of transportation modes between south Bellevue and state route No. 5 in the city of Seattle as set forth in RCW 47.20.645 through 47.20.653 and 47.20.900 is adopted as the public policy of this state. [1984 c 7 § 149; 1975 1st ex.s. c 272 § 1.]

(3) If at least three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, and such request is thereafter concurred in by the governor and the Puget Sound council of governments, such determination shall be final as it relates to the state of Washington and except as may be required to terminate the project in an orderly manner, no moneys shall thereafter be expended from the motor vehicle fund for further development of the designated section of highway as an interstate highway without further express authorization of the legislature.

(1989 Ed.)
(4) If fewer than three of the four city and county councils request withdrawal from the interstate system of the designated segment of state route No. 90 by January 15, 1976, or if the governor does not concur in the withdrawal request, then no tax revenues collected by the state of Washington shall thereafter be expended for the construction of substitute public mass transit projects in the Seattle metropolitan area pursuant to section 103(e)(4) of Title 23, United States Code, without further express authorization of the legislature. [1975 1st ex.s. c 272 § 2.]

State court proceedings instituted to challenge the validity of any steps taken in pursuance of the construction of the segment of the interstate system between south Bellevue and state route No. 5 in Seattle, or the construction of substitute public mass transit projects in lieu thereof, shall take precedence over all other causes not involving the public interest in all courts of this state to the end construction of such facilities may be expedited to the fullest. The legislature of the state of Washington respectfully requests of the federal judiciary that challenges instituted in the federal courts relating to the validity of steps leading to the construction of the designated interstate highway or substitute public mass transit projects in lieu thereof be expedited to the fullest. 4. The construction of the highway extension and public parking facilities shall be completed within one year after March 27, 1982.

The department of transportation may acquire that part of the right of way necessary for the highway extension that is now under the control of the department of natural resources in the manner provided in RCW 47.12.023 through 47.12.029.

[1985 c 228 § 2.]

47.20.720 Quinault Tribal Highway—Certain portion as limited access. The department is authorized to determine the location of the highway from the township line to a junction with state route number 101 after consultations with the governing authority for the Indian peoples of the Quinault Indian Reservation and the bureau of Indian affairs. 47.24.020 Jurisdiction, control of such streets. The jurisdiction, control, and duty of the state and city or town with respect to such streets shall be as follows:

(1) The department has no authority to change or establish any grade of any such street without approval of the governing body of such city or town, except with respect to limited access facilities established by the commission;

(2) The city or town shall exercise full responsibility for and control over any such street beyond the curbs and if no curb is installed, beyond that portion of the highway used for highway purposes. However, within incorporated cities and towns the title to a state limited access highway vests in the state, and, notwithstanding any other provision of this section, the department shall exercise full jurisdiction, responsibility, and control to and over such facility as provided in chapter 47.52 RCW;

(3) The department has authority to prohibit the suspension of signs, banners, or decorations above the portion of such street between the curbs or portion used for highway purposes up to a vertical height of twenty feet above the surface of the roadway;

(4) The city or town shall at its own expense maintain all underground facilities in such streets, and has the right to construct such additional underground facilities as may be necessary in such streets;

(5) The city or town has the right to grant the privilege to open the surface of any such street, but all damage occasioned thereby shall promptly be repaired either by the city or town itself or at its direction;

(6) The city or town at its own expense shall provide street illumination and shall clean all such streets, including storm sewer inlets and catch basins, and remove all snow, except that the state shall when necessary plow the snow on the roadway. In cities and towns having a population of fifteen thousand or less according to the latest determination of population by the office of financial management, the state, when necessary for public safety, shall assume, at its expense, responsibility for the stability of the slopes of cuts and fills and the embankments within the right of way to protect the roadway itself. The state shall install, maintain, and operate all illuminating facilities on any limited access facility, together with its interchanges, located within the corporate limits of any city or town, and shall assume and pay the costs of all such installation, maintenance, and operation incurred after November 1, 1954;

(7) The department has the right to use all storm sewers on such highways without cost; and if new storm sewer facilities are necessary in construction of new streets by the department, the cost of the facilities shall be borne by the state and/or city as may be mutually agreed upon between the department and the governing body of the city or town;

(8) Cities and towns have exclusive right to grant franchises not in conflict with state laws, over, beneath, and upon such streets, but the department is authorized to enforce in an action brought in the name of the state any condition of any franchise which a city or town has granted on such street. No franchise for transportation of passengers in motor vehicles may be granted on such streets without the approval of the department, but the department shall not refuse to approve such franchise unless another street conveniently located and of strength of construction to sustain travel of such vehicles is accessible;

(11) Cities and towns shall regulate and enforce all traffic and parking restrictions on such streets, but all regulations adopted by a city or town relating to speed, parking, and traffic control devices on such streets not identical to state law relating thereto are subject to the approval of the department before becoming effective. All regulations pertaining to speed, parking, and traffic control devices relating to such streets heretofore adopted by a city or town not identical with state laws
shall become null and void unless approved by the department heretofore or within one year after March 21, 1963;

(12) The department shall erect, control, and maintain at state expense all route markers and directional signs, except street signs, on such streets;

(13) The department shall install, operate, maintain, and control at state expense all traffic control signals, signs, and traffic control devices for the purpose of regulating both pedestrian and motor vehicular traffic on, entering upon, or leaving state highways in cities and towns having a population of fifteen thousand or less according to the latest determination of population by the office of financial management. Such cities and towns may submit to the department a plan for traffic control signals, signs, and traffic control devices desired by them, indicating the location, nature of installation, or type thereof, or a proposed amendment to such an existing plan or installation, and the department shall consult with the cities or towns concerning the plan before installing such signals, signs, or devices. Cities and towns having a population in excess of fifteen thousand according to the latest determination of population by the office of financial management shall install, maintain, operate, and control such signals, signs, and devices at their own expense, subject to approval of the department for the installation and type only. For the purpose of this subsection, striping, lane marking, and channelization are considered traffic control devices;

(14) All revenue from parking meters placed on such streets belongs to the city or town;

(15) Rights of way for such streets shall be acquired by either the city or town or by the state as shall be mutually agreed upon. Costs of acquiring rights of way may be at the sole expense of the state or at the expense of the city or town or at the expense of the state and the city or town as may be mutually agreed upon. Title to all such rights of way so acquired shall vest in the city or town: Provided, That no vacation, sale, rental, or any other nontransportation use of any unused portion of any such street may be made by the city or town without the prior written approval of the department; and all revenue derived from sale, vacation, rental, or any nontransportation use of such rights of way shall be shared by the city or town and the state in the same proportion as the purchase costs were shared;

(16) If any city or town fails to perform any of its obligations as set forth in this section or in any cooperative agreement entered into with the department for the maintenance of a city or town street forming part of the route of a state highway, the department may notify the mayor of the city or town to perform the necessary maintenance within thirty days. If the city or town within the thirty days fails to perform the maintenance or fails to authorize the department to perform the maintenance as provided by RCW 47.24.050, the department may perform the maintenance, the cost of which is to be deducted from any sums in the motor vehicle fund credited or to be credited to the city or town.

Any sums due from a city or town for such purposes shall be paid on vouchers approved and submitted by the department from moneys credited to the city or town in the motor vehicle fund, and the amount of the payments shall be deducted from funds which would otherwise be paid to the city or town from the motor vehicle fund. (1) At the beginning of each biennium for the urban arterial trust account, the transportation improvement board shall establish apportionment percentages for the five regions defined in RCW 47.26.050 in the following manner:

(a) One-third in the ratio which the population of the urban areas of each region bears to the total population of all of the urban areas of the state as last determined by the office of financial management;

(b) One-third in the ratio which the vehicle to mile ratio traveled on the classified arterial system prescribed in RCW 47.26.180, within the urban areas of each region bears to the total vehicle to mile ratio traveled on all classified urban arterials; and

(c) One-third in the ratio which the city and county urban arterial needs within the urban areas of each region bears to the total urban arterial needs on city and county urban arterials within all urban areas of the state as last revised by the transportation improvement board.

Except as otherwise provided in subsection (3) of this section, such apportionment percentages shall be used once each calendar quarter by the transportation improvement board to apportion funds credited to the urban arterial trust account which are available for expenditure for urban arterial projects: Provided, That any funds credited to the urban arterial trust account subsequent to July 1, 1987, resulting from bond sales in accordance with RCW 47.26.420 through 47.26.427 shall be apportioned according to the percentages for the five regions established for the biennium when the bonding authority was obligated to projects.

(2) All amounts credited to the urban arterial trust account, except those provided for in subsection (3) of this section and any excise tax revenues that may be required to repay the three series of urban arterial bonds or the interest thereon when due, after apportionment to each region, shall be divided on the basis of relative population established at the beginning of each biennium by the office of financial management between (a) the group of cities and that portion of those counties within federally approved urban areas and (b) the group of incorporated cities outside the boundaries of federally approved urban areas: Provided, That funds credited to the urban arterial trust account subsequent to July 1, 1987, resulting from the sale of bonds in accordance with RCW 47.26.420 through 47.26.427 shall be divided on the basis of relative population percentages established for the biennium when the bonding authority was obligated to projects. Within each region, funds divided between the groups identified under (a) and (b) of this subsection shall then be allocated by the transportation improvement board to incorporated cities and counties, as the case may be, for the construction of specific urban arterial projects in accordance with the procedures set forth in RCW 47.26.240.

(3) At the beginning of each biennium the transportation improvement board shall establish apportionment percentages for each of the five regions for the apportionment of the proceeds from the sale of fifteen million dollars of series II bonds and sixteen million dollars of series III bonds authorized by RCW 47.26.420, as now or hereafter amended, in the ratio which the population of the incorporated cities and towns lying outside the boundaries of federally approved urban areas of each region bears to the total population of all incorporated cities and towns of the state lying outside the boundaries of federally approved urban areas, as such populations are determined at the beginning of each biennium by the office of financial management. Such apportionment percentages shall be used once each calendar quarter by the transportation improvement board to apportion funds credited to the urban arterial trust account which are available for expenditure for urban arterial projects under this subsection: Provided, That any funds credited to the urban arterial trust account subsequent to July 1, 1987, resulting from the sale of bonds in accordance with RCW 47.26.420 through 47.26.427 shall be apportioned with percentages for the five regions established for the biennium when the bonding authority was obligated to projects. Funds apportioned to each region shall be allocated by the transportation improvement board to incorporated cities lying outside the boundaries of federally approved urban areas, for the construction of specific urban arterial projects in accordance with the procedures set forth in RCW 47.26.240. 47.26.270 Matching funds requirements for counties and cities receiving funds from urban arterial trust account. Counties and cities receiving funds from the urban arterial trust account for construction of arterials shall provide such matching funds as shall be established by regulations adopted by the transportation improvement board. Matching requirements shall be established after appropriate studies by the board taking into account (1) financial resources available to counties and cities to meet arterial needs, (2) the amounts and percentages of funds available for road or street construction traditionally expended by counties and cities on arterials, (3) the case of counties, the relative needs of arterials lying outside urban areas, and (4) the requirements necessary to avoid diversion of funds traditionally expended for arterial construction to other street or road purposes or to nonhighway purposes: Provided however, That for projects funded subsequent to July 1, 1977, cities and counties may use as matching funds any moneys received from any source, except such moneys which by law may not be used for the purposes set forth in this chapter. 47.26.300 Bicycle routes—Legislative declaration. The state of Washington is confronted with emergency shortages of energy sources utilized for the transportation of its citizens and must seek alternative methods of providing public mobility.

Bicycles are suitable for many transportation purposes, and are pollution-free in addition to using a minimal amount of resources and energy. However, the increased use of bicycles for both transportation and recreation has led to an increase in both fatal and non-fatal injuries to bicyclists.

The legislature therefore finds that the establishment, improvement, and upgrading of bicycle routes is necessary to promote public mobility, conserve energy, and provide for the safety of the bicycling and motoring public. [1974 ex.s. c 141 § 1.]

47.26.305 Bicycle routes—Establishment of system authorized and directed—Use of urban arterial trust funds. Each city and county eligible for receipt of urban arterial trust funds is hereby authorized and directed to establish a system of bicycle routes throughout its jurisdiction. Such routes shall, when established in accordance with standards adopted by the transportation improvement board, be eligible for establishment, improvement, and upgrading with urban arterial trust funds when accomplished in connection with an arterial project. [1988 c 167 § 28; 1974 ex.s. c 141 § 2.]

47.26.310 Bicycle routes—Standards for designation of bicycle route systems. The transportation improvement board shall adopt:

(1) Standards for the designation of a bicycle route system which shall include, but need not be limited to, consideration of:

(a) Existing and potential bicycle traffic generating activities, including but not limited to places of employment, schools, colleges, shopping areas, and recreational areas;

(b) Directness of travel and distance between potential bicycle traffic generating activities; and

(c) Safety for bicyclists and avoidance of conflict with vehicular traffic which shall include, wherever feasible, designation of bicycle routes on streets parallel but adjacent to existing designated urban arterial routes.

(2) Insofar as is practicable to achieve reasonable uniformity, design standards for bicycle routes shall take into consideration the construction standards and signing system devised by the department pursuant to RCW 47.30.060. [1988 c 167 § 29; 1984 c 7 § 160; 1974 ex.s. c 141 § 3.]

47.26.315 Bicycle routes—Revisions to long range arterial construction plans to include bicycle route system plans. The revisions of long range arterial construction plans directed by RCW 47.26.170 shall include plans for a bicycle route system. [1974 ex.s. c 141 § 6.]

The issuance, sale, and retirement of the bonds shall be under the supervision and control of the state finance committee which, upon request being made by the commission, shall provide for the issuance, sale, and retirement of coupon or registered bonds to be dated, issued, and sold from time to time in such amounts as shall be requested by the commission. [1984 c 7 § 161; 1973 1st ex.s. c 169 § 1; 1967 ex.s. c 83 § 36.]

The bonds shall be signed by the governor and the state treasurer under the seal of the state, one of which signatures shall be made manually and the other signature may be in printed facsimile, and any coupons attached to such bonds shall be signed by the same officers whose signatures thereon may be in printed facsimile. Any bonds may be registered in the name of the holder on presentation to the state treasurer or at the fiscal agency of the state of Washington in New York City, as to principal alone, or as to both principal and interest under such regulations as the state treasurer may prescribe. Such bonds shall be payable at such places as the state finance committee may provide. All bonds issued hereunder shall be fully negotiable instruments. The bonds issued hereunder shall be in denominations to be prescribed by the state finance committee and may be sold in such manner and in such amounts and at such times and on such terms and conditions as the committee may prescribe. If the bonds are sold to any purchaser other than the state of Washington, they shall be sold at public sale, and it shall be the duty of the state finance committee to cause such sale to be advertised in such manner as it shall deem sufficient. Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall be legal investment for any of the funds of the state, except the permanent school fund. [1967 ex.s. c 83 § 38.]

47.26.403 Bonds—Bond proceeds—Deposit and use. [1967 ex.s. c 83 § 39.]

47.26.404 Bonds—Statement describing nature of obligation—Pledge of excise taxes. Bonds issued under the provisions of RCW 47.26.400 through 47.26.407 shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on such bonds shall be first payable in the manner provided in RCW 47.26.400 through 47.26.407 from the proceeds of state excise taxes on motor vehicle fuels imposed by chapter 82.36 RCW and chapter 82.40 RCW. The proceeds of such excise taxes are hereby pledged to the payment of any bonds and the interest thereon issued under the provisions of RCW 47.26.400 through 47.26.407, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle fuels in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the provisions of RCW 47.26.400 through 47.26.407. [1973 1st ex.s. c 169 § 3; 1967 ex.s. c 83 § 40.]

*Reviser's note: Chapter 82.40 RCW was repealed by 1971 ex.s. c 175 § 33; for later enactment see chapter 82.38 RCW.

47.26.405 Bonds—Designation of funds to repay bonds and interest. Any funds required to repay such bonds, or the interest thereon when due shall be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state under the provisions of RCW 46.68.100(6) as now or hereafter amended for construction of state highways in urban areas, and shall never constitute a charge against any allocations of any other such funds to the state, counties, cities, and towns unless and until the amount of the motor vehicle fund arising from the excise taxes on motor vehicle and special fuels and available to the state for construction of state highways in urban areas proves insufficient to meet the requirements for bond retirement or interest on any such bonds. [1977 ex.s. c 317 § 17; 1967 ex.s. c 83 § 41.]

Effective dates—Severability—1977 ex.s. c 317: See notes following RCW 82.36.010.

47.26.406 Bonds—Repayment procedure—Bond retirement fund. At least one year prior to the date any interest is due and payable on such bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.405, the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle fuels, for each month of the year.
which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer shall thereafter from time to time each month as such funds are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle fuels of the motor vehicle fund to the bond retirement fund, hereby created, which fund shall be available solely for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1967 ex.s.c 83 § 42.]

47.26.407 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle fuels payable into the bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1967 ex.s.c 83 § 43.]

47.26.410 Expenditures from fuel taxes and bond proceeds for urban state highways in excess of amount apportionable to a region authorized. Notwithstanding the provisions of RCW 47.26.060, the department is authorized in any biennium, subject to proper appropriations, to expend from funds available pursuant to RCW 46.68.150, for urban state highway construction projects within a region, an amount including bond proceeds which may exceed the amount apportionable during the biennium to the region. The total amounts apportioned to each region through 1985 shall meet the apportionment requirements of RCW 47.26.060 for such period. [1984 c 7 § 162; 1967 ex.s.c 83 § 44.]

If the moneys so distributed to the urban arterial trust account, after first being applied to administrative expenses of the transportation improvement board and to the requirements of bond retirement and payment of interest on first authorization bonds and series II bonds as provided in RCW 47.26.425 and 47.26.4252, are insufficient to meet the requirements for bond retirement or interest on any series III bonds, the amount required to make such payments on series III bonds or interest thereon shall next be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.100, subject, however, to subsection (2) of this section.

(2) To the extent that moneys so distributed to the urban arterial trust account are insufficient to meet the requirements for bond retirement or interest on any series III bonds, sixty percent of the amount required to make such payments when due shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the state. The remaining forty percent shall first be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on motor vehicle and special fuels and that is distributed to the counties and towns pursuant to RCW 46.68.100(1) and to the counties pursuant to RCW *46.68.100(2). At least one year prior to the date any interest is due and payable on such first authorization bonds, series II bonds, and series III bonds or before the maturity date of any such bonds, the state finance committee shall estimate, subject to the provisions of RCW 47.26.425, 47.26.4252, and 47.26.4254 the percentage of the receipts in money of the motor vehicle fund, resulting from collection of excise taxes on motor vehicle and special fuels, for each month of the year which shall be required to meet interest or bond payments hereunder when due, and shall notify the state treasurer of such estimated requirement. The state treasurer, subject to RCW 47.26.425, 47.26.4252, and 47.26.4254, shall thereafter from time to time each month as such funds
are paid into the motor vehicle fund, transfer such percentage of the monthly receipts from excise taxes on motor vehicle and special fuels of the motor vehicle fund to the highway bond retirement fund, maintained in the office of the state treasurer, which fund shall be available for payment of interest or bonds when due. If in any month it shall appear that the estimated percentage of money so made is insufficient to meet the requirements for interest or bond retirement, the treasurer shall notify the state finance committee forthwith and such committee shall adjust its estimates so that all requirements for interest and principal of all bonds issued shall be fully met at all times. [1981 c 315 § 11; 1979 c 5 § 10; 1967 ex.s. c 83 § 51.]

Effective date—1981 c 315: See note following RCW 47.26.060.
Construction—1979 c 5: See note following RCW 47.26.420.

47.26.427 Bonds—Sums in excess of retirement requirements—Use. Whenever the percentage of the motor vehicle fund arising from excise taxes on motor vehicle and special fuels payable into the highway bond retirement fund, shall prove more than is required for the payment of interest on bonds when due, or current retirement of bonds, any excess may, in the discretion of the state finance committee, be available for the prior redemption of any bonds or remain available in the fund to reduce the requirements upon the fuel excise tax portion of the motor vehicle fund at the next interest or bond payment period. [1979 c 5 § 11; 1967 ex.s. c 83 § 52.]

Construction—1979 c 5: See note following RCW 47.26.420.

47.26.430 Excess expenditures authorized. Notwithstanding the provisions of RCW 47.26.190 and 47.26.240, the transportation improvement board may, in any biennium, subject to proper appropriations, approve expenditures from the urban arterial trust account for construction of projects on urban arterials within a region, the total amount of which including bond proceeds, exceeds the amount apportionable during the biennium to the region. The total amounts apportioned to each region through 1995 shall meet the apportionment requirements of RCW 47.26.190 and 47.26.240 for such period. [1988 c 167 § 31; 1981 c 315 § 12; 1967 ex.s. c 83 § 53.]

Savings—Severability—1988 c 167: See notes following RCW 47.26.121.
Effective date—1981 c 315: See note following RCW 47.26.060.

47.26.440 Budget for expenditures from urban arterial trust account—Estimate of revenues—Inclusion in transportation budget. Not later than November 1st of each even-numbered year the transportation improvement board shall prepare and present to the commission an adopted budget for expenditures from the urban arterial trust account and the transportation improvement account during the ensuing biennium. The budget shall contain an estimate of the revenues to be credited to the urban arterial trust account and the transportation improvement account and the amount, if any, of bond proceeds which the board determines should be made available to the urban arterial trust account through the sale of bonds in the ensuing biennium.

The commission shall include the budget for the transportation improvement board as a separate section of the transportation budget which it shall submit to the governor and the legislature at the time of its convening. [1988 c 167 § 32; 1984 c 7 § 163; 1967 ex.s. c 83 § 54.]

Savings—Severability—1988 c 167: See notes following RCW 47.26.121.

Severability—1984 c 7: See note following RCW 47.01.141.

47.26.450 Inclusion of portion of construction program for next biennial period in budget—Approval of urban arterial trust funds to be expended—Additional projects. At the time the transportation improvement board reviews the six-year program of each county and city each even-numbered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 47.26.440, the portion of the urban arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve urban arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 47.26.240. In the case of projects whose total cost exceeds one million dollars as reflected in the six-year program, the agency with jurisdiction shall furnish to the board a value engineering study performed by an interagency team approved by the board, to determine whether the proposed improvement provides a cost-effective solution for the project before the board may approve urban arterial trust funds for either the preliminary or construction phase of the project. The board may authorize a variance from the value engineering study upon a determination that the study is not warranted. The board may also require a value engineering study for a project whose total cost is less than one million dollars upon a determination by the board that the study is warranted.

The board shall authorize urban arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been completed and the construction project is to be placed under contract. At such time the board may reserve urban arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The board may, within the constraints of available urban arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting local government that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the local government was developed. Such proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW 47.26.220. [1988 c 167 § 33; 1987 c 360 § 2; 1973 1st ex.s. c 126 § 3; 1969 ex.s. c 171 § 6.]
47.26.460 Increase in urban arterial trust account funds allocated to a project—Regulations—Factors. Whenever the board approves an urban arterial project it shall determine the amount of urban arterial trust account funds to be allocated for such project. The allocation shall be based upon information contained in the six-year plan submitted by the county or city seeking approval of the project and upon such further investigation as the board deems necessary. The board shall adopt reasonable regulations pursuant to which urban arterial trust account funds allocated to a project may be increased upon a subsequent application of the county or city constructing the project. The regulations adopted by the board shall take into account, but shall not be limited to, the following factors: (1) The financial effect of increasing the original allocation for the project upon other urban arterial projects either approved or requested; (2) whether the project for which an additional allocation is requested can be reduced in scope while retaining a usable segment; (3) whether the original cost of the project shown in the applicant's six-year program was based upon reasonable engineering estimates; and (4) whether the requested additional allocation is to pay for an expansion in the scope of work originally approved. [1969 ex.s. c 171 § 7.]

47.26.900 Severability—1967 ex.s. c 83. If any provision of this 1967 amendatory act or the application thereof to any person, firm, or corporation or circumstance is held invalid, in whole or in part, such invalidity shall not affect other provisions of the act which can be given effect without the invalid provisions or application and to this end the provisions of this 1967 amendatory act are declared to be severable. [1967 ex.s. c 83 § 55.]

47.26.910 Effective dates—1967 ex.s. c 83. This 1967 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions and sections 1 through 55 and section 56, renumbered "Sec. 62", shall take effect on the first day of the month following the approval of this act by the governor; sections 56 through 61 shall take effect on July 1, 1967 with respect to fees paid on or after July 1, 1967. Fees paid pursuant to RCW 46.16.070, 46.16.072, 46.16.075 or 46.16.120 prior to July 1, 1967 shall not be affected by this act. [1967 ex.s. c 83 § 62.]

47.26.930 Construction—1969 ex.s. c 171. The rule of strict construction shall have no application to this 1969 act or to the provisions of chapter 47.26 RCW, and they shall be liberally construed in order to carry out an effective, efficient and equitable program of financial assistance to urban area cities and counties for arterial roads and streets.
