43.52.374 Operating agency executive board—Members—Terms—Removal—Rules—Proceedings—Managing director—Civil immunities—Defense and indemnification. (1) With the exception of the powers and duties of the board of directors described in RCW 43.52.370(2), the management and control of an operating agency constructing, operating, terminating, or decommissioning a nuclear power plant under a site certification agreement under chapter 80.50 RCW is vested in an executive board established under this subsection and consisting of eleven members.

(a) Five members of the executive board shall be elected to four-year terms by the board of directors from among the members of the board of directors. The board of directors may provide by rule for the composition of the five members of the executive board elected from among the members of the board of directors so as to reflect the member public utility districts' and cities' participation in the joint operating agency's projects. Members elected to the executive board from the board of directors are ineligible for continued membership on the executive board if they cease to be members of the board of directors. The board of directors may also provide by rule for the removal of a member of the executive board, except for the outside directors. Members of the board of directors may be elected to serve successive terms on the executive board. Members elected to the executive board from the board of directors shall receive a salary from the operating agency at a rate set by the board of directors.

(b) Six members of the executive board shall be outside directors. Three shall be selected and appointed by the board of directors, and three shall be selected and appointed by the governor and confirmed by the senate. All outside directors shall:

(i) Serve four-year terms on the executive board. However, of the initial members of the executive board, the board of directors and the governor shall each appoint one outside director to serve a two-year term, one outside director to serve a three-year term, and one outside director to serve a four-year term. Thereafter, all outside directors shall be appointed for four-year terms. All outside directors are eligible for reappointment;

(ii) Receive travel expenses on the same basis as the five members elected from the board of directors. The outside directors shall also receive a salary from the operating agency as fixed by the governor;

(iii) Not be an officer or employee of, or in any way affiliated with, the Bonneville power administration or any electric utility conducting business in the states of Washington, Oregon, Idaho, or Montana;

(iv) Not be involved in the financial affairs of the operating agency as an underwriter or financial adviser of the operating agency or any of its members or any of the participants in any of the operating agency's plants; and

(v) Be representative of policy makers in business, finance, or science, or have expertise in the construction or management of such facilities as the operating agency is constructing or operating, or have expertise in the termination, disposition, or liquidation of corporate assets.

(c) The governor may remove outside directors from the executive board for incompetency, misconduct, or malfeasance in office in the same manner as state appointive officers under chapter 43.06 RCW. For purposes of this subsection, misconduct shall include, but not be limited to, nonfeasance and misfeasance.

(2) Nothing in this chapter shall be construed to mean that an operating agency is in any manner an agency of the state. Nothing in this chapter alters or destroys the status of an operating agency as a separate municipal corporation or makes the state liable in any way or to any extent for any preexisting or future debt of the operating agency or any present or future claim against the agency.

(3) The eleven members of the executive board shall be selected with the objective of establishing an executive board which has the resources to effectively carry out its responsibilities. All members of the executive board shall conduct their business in a manner which in their judgment is in the interest of all ratepayers affected by the joint operating agency and its projects.

(4) The executive board shall elect from its members a chairman, vice chairman, and secretary, who shall serve at the pleasure of the executive board. The executive board shall adopt rules for the conduct of its meetings and the carrying out of its business. All proceedings shall be by motion or resolution and shall be recorded in the minute book, which shall be a public record. A majority of the executive board shall constitute a quorum for the transaction of business.

(5) With respect to any operating agency existing on April 20, 1982, to which the provisions of this section are applicable:

(a) The board of directors shall elect five members to the executive board no later than sixty days after April 20, 1982; and

(b) The board of directors and the governor shall select and appoint the initial outside directors and the executive board shall hold its organizational meeting no later than sixty days after April 20, 1982, and the powers and duties prescribed in this chapter shall devolve upon the executive board at that time.

(6) The executive board shall select and employ a managing director of the operating agency and may delegate to the managing director such authority for the management and control of the operating agency as the executive board deems appropriate. The managing director's employment is terminable at the will of the executive board.

(7) Members of the executive board shall be immune from civil liability for mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving the exercise of judgment and discretion. This grant of immunity shall not be construed as modifying the liability of the operating agency.

The operating agency shall undertake the defense of and indemnify each executive board member made a party to any civil proceeding including any threatened, pending, or completed action, suit, or proceeding, whether civil, administrative, or investigatory, by reason of the fact he or she is or was a member of the executive board, against judgments, penalties, fines, settlements, and reasonable expenses, actually incurred by him or her in connection with such proceeding if he or she had conducted himself or herself in...
good faith and reasonably believed his or her conduct to be in the best interest of the operating agency.

In addition members of the executive board who are utility employees shall not be fired, forced to resign, or demoted from their utility jobs for decisions they make while carrying out their duties as members of the executive board involving the exercise of judgment and discretion. (2) All pending business before a board of directors or executive board or committee which is replaced by the executive board created in section 3 of this act shall be continued and acted upon by the new executive board.

(3) This act shall not be construed to alter:
(a) Any existing rights acquired under laws relating to operating agencies;
(b) The status of any actions, activities, or civil or criminal proceedings of any existing operating agencies;
(c) The status of any collective bargaining agreements, indebtedness, contracts, or other obligations;
(d) Any valid resolutions, covenants, or agreements between an operating agency and members, participants in any electric generating facility, privately owned public utilities, or agencies of the federal government; or
(e) Any rules, resolutions, or orders adopted by a board of directors or executive board or committee until canceled or superseded." [1982 1st ex.s. c 43 § 4.]

43.52.375 Treasurer—Auditor—Powers and duties—Official bonds—Funds. The board of each joint operating agency shall by resolution appoint a treasurer. The treasurer shall be the chief financial officer of the operating agency, who shall report at least annually to the board a detailed statement of the financial condition of the operating agency and of its financial operations for the preceding fiscal year. The treasurer shall advise the board on all matters affecting the financial condition of the operating agency. Before entering upon his duties the treasurer shall give bond to the operating agency, with a surety company authorized to write such bonds in this state as surety, in an amount which the board finds by resolution will protect the operating agency against loss, conditioned that all funds which he receives as such treasurer will be faithfully kept and accounted for and for the faithful discharge of his duties. The amount of such bond may be decreased or increased from time to time as the board may by resolution direct.

The board shall also appoint an auditor and may require him to give a bond with a surety company authorized to do business in the state of Washington in such amount as it shall by resolution prescribe, conditioned for the faithful discharge of his duties. The auditor shall report directly to the board and be responsible to it for discharging his duties.

The premiums on the bonds of the auditor and the treasurer shall be paid by the operating agency. The board may provide for coverage of said officers and other persons on the same bond.

All funds of the joint operating agency shall be paid to the treasurer and shall be disbursed by him only on warrants issued by the auditor upon orders or vouchers approved by the board: PROVIDED, That the board by resolution may authorize the managing director or any other bonded officer or employee as legally permissible to approve or disapprove vouchers presented to defray salaries of employees and other expenses of the operating agency arising in the usual and ordinary course of its business, including expenses incurred by the board of directors, its executive committee, or the executive board in the performance of their duties. All moneys of the operating agency shall be deposited forthwith by the treasurer in such depositories, and with such securities as are designated by rules of the board. The treasurer shall establish a general fund and such special funds as shall be created by the board, into which he shall place all money of the joint operating agency as the board by resolution or motion may direct. 43.52.380 Member’s preference to buy energy—Apportionment—Surplus. Members shall have a preference right to the purchase of all electric energy generated by an operating agency. As between members, the amount of electric energy to which each shall be entitled shall be computed annually and shall be based on the same percentage as the purchases of such member bore to the total generation of the operating agency for the preceding year. Surplus electric energy, that is energy not contracted for by the members, may be sold to any public utility authorized by law to distribute and sell electric energy. [1965 c 8 § 43.52.380. Prior: 1953 c 281 § 14.]

43.52.383 Compliance with open public meetings act. Except as otherwise provided in this section, a joint operating agency shall have all powers now or hereafter granted public utility districts under the laws of this state. It shall not acquire nor operate any electric distribution properties nor condemn any properties owned by a public utility which are operated for the generation and transmission of electric power and energy or are being developed for such purposes with due diligence under a valid license or permit, nor purchase or acquire any operating hydroelectric generating plant owned by any city or district on June 11, 1953, or which may be acquired by any city or district by condemnation on or after January 1, 1957, nor levy taxes, issue general obligation bonds, or create subdistricts. Any member of an operating agency may advance or contribute funds to an agency as may be agreed upon by the agency and the member, and the agency shall repay such advances or contributions from proceeds of revenue bonds, from operating revenues or from any other funds of the agency, together with interest to exceed the maximum specified in RCW 43.52.395(1). The legislative body of any member may authorize and make such advances or contributions to an operating agency to assist in a plan for termination of a project or projects, whether or not such member is a participant in such project or projects. Any member who makes such advances or contributions for terminating a project or projects in which it is not a participant shall not assume any liability for any debts or obligations related to the terminated project or projects on account of such advance or contribution. (2) The maximum rate specified in subsection (1) of this section is applicable to all advances and contributions made by each member to the agency prior to January 21, 1982,

Any joint operating agency heretofore (March 26, 1957) attempted to be organized pursuant to chapter 43.52 RCW and which has maintained its existence since the date of such attempted organization, is hereby declared legal and valid and its organization and creation are validated and confirmed. [1965 c 8 § 43.52.470. Prior: 1957 c 295 § 11.]

43.52.515 Application of Titles 9 and 9A RCW. All of the provisions of Titles 9 and 9A RCW apply to actions of a joint operating agency. [1981 c 173 § 6.]

43.52.520 Security force—Authorized. An operating agency constructing or operating a nuclear power plant under a site certificate issued under chapter 80.50 RCW may establish a security force for the protection and security of each nuclear power plant site exclusion area. Members of the security force may be supplied with uniforms and badges indicating their position as security force members if the uniforms and badges do not closely resemble the uniforms or badges of any law enforcement agency or other agency possessing law enforcement powers in the surrounding area of the nuclear power plant exclusion area. Members of the security force shall enroll in and successfully complete a training program approved by the criminal justice training commission which does not conflict with any requirements of the United States nuclear regulatory commission for the training of security personnel at nuclear power plants. All
costs incurred by the criminal justice training commission in the preparation, delivery, or certification of the training programs shall be paid by the operating agency. [1981 c 301 § 1.]

[1981 c 301 § 2.]

43.52.530 Security force—Powers and duties—Rules on speed, operation, location of vehicles authorized. (1) Members of an operating agency security force authorized under RCW 43.52.520 may use reasonable force to detain, search, or remove persons who enter or remain without permission within the nuclear power plant site exclusion area or whenever, upon probable cause, it appears to a member of the security force that a person has committed or is attempting to commit a crime. Should any person be detained, the security force shall immediately notify the law enforcement agency, having jurisdiction over the nuclear power plant site, of the detainment. The security force is authorized to detain the person for a reasonable time until custody can be transferred to a law enforcement officer. Members of a security force may use that force necessary in the protection of persons and properties located within the confines of the nuclear power plant site exclusion area.

(2) An operating agency may adopt and enforce rules controlling the speed, operation, and location of vehicles on property owned or occupied by the operating agency. Such rules shall be conspicuously posted and persons violating the rules may be expelled or detained.

(3) The rights granted in subsection (1) of this section are in addition to any others that may exist by law including, but not limited to, the rights granted in RCW 9A.16.020(4). [1981 c 301 § 3.]

Any municipal corporation, cooperative or mutual which has entered into a contract with an operating agency to participate in the construction or acquisition of an energy plant as defined in chapter 80.50 RCW shall annually adopt a plan for the repayment of its contractual share of any operating agency obligation which matures prior to the planned operation of the plant. The manner of adoption of the plan shall be subject to the laws regarding approval of rates of the municipal corporation, cooperative or mutual.

The plan shall include the effect of the means of repayment on its financial condition, its customers' rates, its other contractual rights and obligations, and any other matter deemed useful by the participant.

Each such participating municipal corporation, cooperative or mutual shall include a statement of the extent of its contractual obligation to any operating agency in an annual financial report. [1981 1st ex.s. c 1 § 4.]

Severability—1981 1st ex.s. c 1: See note following RCW 43.52.250.

43.52.560 Contracts for materials or work required—Sealed bids—Certification. (1) Except as provided otherwise in this chapter, a joint operating agency shall purchase any item or items of materials, equipment, or supplies, the estimated cost of which is in excess of five thousand dollars exclusive of sales tax, or order work for construction of generating projects and associated facilities, the estimated cost of which is in excess of ten thousand dollars exclusive of sales tax, by contract in accordance with RCW 54.04.070 and 54.04.080, which require sealed bids for contracts.

(2) When a joint operating agency executes a contract under RCW 43.52.565, 43.52.575, or 43.52.580, the managing director shall certify to the committees on energy and utilities of the senate and house of representatives in writing within thirty days after the contract is signed, that such contract is in the public interest, state the reason or reasons why, and indicate the estimated cost savings to the project compared to contracting for the same material, supplies, equipment or work through completion of work as contracted, including termination costs, or through sealed bids. [1987 c 376 § 1.]

43.52.565 Contracts for materials or work through competitive negotiation authorized—Selection of contractor. (1) An operating agency may enter into contracts through competitive negotiation under subsection (2) of this section for materials, equipment, supplies, or work to be performed during commercial operation of a nuclear generating project and associated facilities (a) to replace a defaulted contract or a contract terminated in whole or in part, or (b) where consideration of factors in addition to price, such as technical knowledge, experience, management, staff, or schedule, is necessary to achieve economical operation of the project, provided that the managing director or a designee determines in writing and the executive board finds that execution of a contract under this section will accomplish project completion or operation more economically than sealed bids.

(2) The selection of a contractor shall be made in accordance with the following procedures:

(a) Proposals shall be solicited through a request for proposals, which shall state the requirements to be met. Responses shall describe the professional competence of the offeror, the technical merits of the offer, and the price.

(b) The request for proposals shall be given adequate public notice in the same manner as for sealed bids.

(c) As provided in the request for proposals, the operating agency shall specify at a preproposal conference the contract requirements in the request for proposal, which may include but are not limited to: Schedule, managerial, and staffing requirements, productivity and production levels, technical expertise, approved project quality assurance procedures, and time and place for submission of proposals.
Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all potential offerors.

(d) Proposals shall be opened so as to avoid disclosure of contents to competing offerors during the process of negotiation. A register of proposals shall be open for public inspection after contract award.

(e) As provided in the request for proposals, invitations shall be sent to all responsible offerors who submit proposals to attend discussions for the purpose of clarification to assure full understanding of, and responsiveness to, the solicitation requirements. Any inquiries and responses thereto shall be confirmed in writing and shall be sent to all offerors. Offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals, and such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final offers. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing offerors.

(f) The operating agency shall execute a contract with the responsible offeror whose proposal is determined in writing to be the most advantageous to the operating agency taking into consideration the requirements set forth in the request for proposals: PROVIDED, That for any proposed contract which exceeds ten million dollars, the operating agency shall notify the committees on energy and utilities of the senate and house of representatives at least thirty days prior to the date of contract execution and shall provide a copy of the contract with the notification. The contract file shall contain the basis on which the successful offeror is selected. The operating agency shall conduct a briefing conference on the selection if requested by an offeror.

(g) The contract may be fixed price or cost-reimbursable, in whole or in part, but not cost-plus-percentage-of-cost.

(h) The operating agency shall retain authority and responsibility for inspection, testing, and compliance with applicable regulations or standards of any state or federal governmental agency. [1987 c 376 § 2.]

34.52.570 Purchase of materials by telephone or written quotation authorized—Procedure. For the awarding of a contract to purchase any item or items of materials, equipment, or supplies in an amount exceeding five thousand dollars but less than seventy-five thousand dollars, exclusive of sales tax, the managing director or a designee may, in lieu of sealed bids, secure telephone and/or written quotations from at least five vendors, where practical, and award contracts for purchase of materials, equipment, or supplies to the lowest responsible bidder. The agency shall establish a procurement roster, which shall consist of suppliers and manufacturers who may supply materials or equipment to the operating agency, and shall provide for solicitations which will equitably distribute opportunity for bids among suppliers and manufacturers on the roster. Immediately after the award is made, the bid quotations obtained shall be recorded and shall be posted or otherwise made available for public inspection and copying pursuant to chapter 42.17 RCW at the office of the operating agency or any other officially designated location. Waiver of the deposit or bid bond required for sealed bids may be authorized by the operating agency in securing the bid quotations. [1987 c 376 § 3.]

34.52.575 Purchase of materials without competition authorized. When the managing director or a designee determines in writing that it is impracticable to secure competition for required materials, equipment, or supplies, he or she may purchase the materials, equipment, or supplies without competition. The term "impracticable to secure competition" means:

(1) When material, equipment, or supplies can be obtained from only one person or firm (single source of supply); or

(2) When specially designed parts or components are being procured as replacement parts in support of equipment specially designed by the manufacturer. [1987 c 376 § 4.]

34.52.580 Emergency purchase of materials or work by contract. When the managing director or a designee determines in writing that an emergency endangers the public safety or threatens property damage or that serious financial injury would result if materials, supplies, equipment, or work are not obtained by a certain time, and they cannot be contracted for by that time by means of sealed bids, the managing director or a designee may purchase materials, equipment, or supplies or may order work by contract in any amount necessary, after having taken precautions to secure a responsive proposal at the lowest price practicable under the circumstances.

For the purposes of this section the term "serious financial injury" means that the costs attributable to the delay caused by contracting by sealed bids exceed the cost of materials, supplies, equipment, or work to be obtained. [1987 c 376 § 5.]

34.52.585 Procedures for implementing RCW 43.52.560 through 43.52.580. The executive board shall establish procedures for implementing RCW 43.52.560 through 43.52.580 by operating agency resolution after notice, public hearing, and opportunity for public comment. The procedures shall be established within six months after July 26, 1987. [1987 c 376 § 6.]

#### 43.58.060 Oregon-Washington Columbia River boundary compact—Terms and provisions.

The terms and provisions of the compact referred to in RCW 43.58.050 are as follows:

**INTERSTATE COMPACT DETERMINING OREGON-WASHINGTON BOUNDARY ON THE COLUMBIA RIVER**

**ARTICLE I. PURPOSE**

The boundary between the states of Oregon and Washington along the course of the Columbia River has not been easy to ascertain because of changes in the main channel of the river with a result that a state of confusion and dispute exists and the enforcement and administration of the laws of the two states has been rendered difficult.

The purpose of this compact is to fix with precision by reference to stations of longitude and latitude the boundary between the states of Oregon and Washington from one marine league due west of the mouth of the Columbia River to the most easterly point at which the 46th parallel of North latitude crosses said river, at which point the river ceases to form the boundary between the two states.

**ARTICLE II. DESCRIPTION**

The boundary between the states of Oregon and Washington from one marine league due west of the mouth of the Columbia River to the point at which the last described point number (# 191) of the boundary as herein determined meets the 46th parallel of North latitude at 118° 59' 10.12 of West longitude shall be as follows:

Beginning one marine league at sea off the mouth of the Columbia River at north latitude 46° 15' 00.00; running thence due east to point number 1 of this description, which point is at north latitude 46° 15' 00.00, west longitude 124° 05' 00.00; thence from point number 1 continuing upstream in the channel of the Columbia river by a series of straight lines connecting the following numbered and described points in consecutive order.

43.63A.240 Senior environmental corps—Finding. The legislature finds that:

Enhancement and protection of the state’s environment demands more resources than government funding can provide;

A critical underutilized asset to society is the knowledge, skills, abilities, and wisdom of our expanding, able senior population;

Central to the well-being and continued connection to society of Washington’s senior citizens is the opportunity for them to voluntarily continue to provide meaningful contributions and to share their professional training, lifelong skills, talents, and wisdom with Washington state’s citizens;

It will benefit all the citizens of the state of Washington to create a partnership between our senior citizens and the state’s natural resource agencies to augment our capability to protect, enhance, and appreciate the environment. [1992 c 63 § 1.]

Findings—1992 c 65: “The legislature finds that there is a growing number of citizens in the state over the age of sixty who have much to offer their fellow citizens and communities through volunteer service. The legislature further finds that public programs for education, at-risk youth, adult literacy, and combating drug abuse have benefited from and are still in need of the assistance of skilled retired senior volunteer programs volunteers. In addition the legislature further finds that public programs for developmentally disabled, environmental protection, corrections, crime prevention, mental health, long-term and respite care, and housing and homeless, among others, are also in need of volunteer assistance from the retired senior volunteer program.

Therefore, the legislature intends to encourage the increased involvement of senior volunteers by providing funding throughout Washington to promote the development and enhancement of such programs.” [1992 c 65 § 1.]

43.63A.300 State fire protection services—Intent. The legislature finds that fire protection services at the state

It is also the intent of the legislature that the fire protection services program created herein will assist local fire protection agencies in program development without encroaching upon their historic autonomy. Legislative finding—1990 c 278: "The legislature finds that the industrial and manufacturing base of the Washington economy has undergone tremendous change during the past two decades. The challenge facing Washington firms is to become as productive and efficient as possible to survive in an increasingly competitive world market. Many of the state's communities are dependent on one or two industries. Many firms are heavily reliant on the defense expenditures of the federal government. It is the intent of the legislature to assist communities in planning for economic change, developing a broader economic base, and preparing for any shift in federal priorities that could cause a reduction in federal expenditures, and assist firms by providing information and technical assistance necessary for them to introduce new products or production processes." [1990 c 278 § 1.]

Severability—1990 c 278: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1990 c 278 § 6.]

The department of community development may enter into state or local interagency agreements to coordinate site inspection activities with record monitoring and complaint handling. The interagency agreement may also provide for the reimbursement for cost of work that an agency performs. The department may include other related areas in any interagency agreements which are necessary for the efficient provision of services.

The department of labor and industries shall transfer all records, files, books, and documents necessary for the department of community development to assume these new functions.

The directors of the department of community development and the department of labor and industries shall immediately take such steps as are necessary to ensure that this act is implemented on July 7, 1990. [1990 c 176 § 2.]

43.70.005 Intent. The legislature finds and declares that it is of importance to the people of Washington state to live in a healthy environment and to expect a minimum standard of quality in health care. The legislature further finds that the social and economic vitality of the state depend[s] on a healthy and productive population. The legislature further declares where it is a duty of the state to assure a healthy environment and minimum standards of quality in health care facilities and among health care professionals, the ultimate responsibility for a healthy society lies with the citizens themselves.

For these reasons, the legislature recognizes the need for a strong, clear focus on health issues in state government and among state health agencies to give expression to the needs of individual citizens and local communities as they seek to preserve the public health. It is the intent of the legislature to form such focus by creating a single department in state government with the primary responsibilities for the preservation of public health, monitoring health care costs, the maintenance of minimal standards for quality in health care delivery, and the general oversight and planning for all the state's activities as they relate to the health of its citizenry.

Further, it is the intent of the legislature to improve illness and injury prevention and health promotion, and restore the confidence of the citizenry in the expenditure of public funds on health activities, and to ensure that this new health agency delivers quality health services in an efficient, effective, and economical manner that is faithful and responsive to policies established by the legislature. [1989 1st ex.s. c 9 § 101.]

In furtherance of this goal, the secretary shall create an ongoing program of data collection, storage, assessability, and review. The legislature does not intend that the department conduct or contract for the conduct of basic research activity. The secretary may request appropriations for studies according to this section from the legislature, the federal government, or private sources.

This includes, but is not limited to, data on needed health services, facilities, and personnel; future health issues; emerging bioethical issues; health promotion; recommendations from state and national organizations and associations; and programmatic and statutory changes needed to address emerging health needs. Private entities, such as insurance companies, health maintenance organizations, and private purchasers are also encour-

The secretary's access to and use of all data shall be in accordance with state and federal confidentiality laws and ethical guidelines. Such data in any form where the patient or provider of health care can be identified shall not be disclosed, subject to disclosure according to chapter 42.17 RCW, discoverable or admissible in judicial or administrative proceedings.    (b) Further identify a list of high-priority health study issues for consideration by the board or council, within their authority, for inclusion in the state health report required by RCW 43.20.050. The list shall specify the objectives of each study, a study timeline, the specific improvements in the health status of the citizens expected as a result of the study, and the estimated cost of the study; and
   (c) Provide background for the state health report required by RCW 43.20.050.

(5) Any data, research, or findings may also be made available to the general public, including health professions, health associations, the governor, professional boards and regulatory agencies and any person or group who has allowed the secretary access to data.

(6) The secretary shall charge a fee to persons requesting copies of any data, research, or findings. The fee shall be no more than necessary to cover the cost to the department of providing the copy. [1989 1st ex.s. c 9 § 107.]

This agreement shall recognize the department of health as the primary inspector of labor camps for the state, and shall further be designed to provide a central information center for public information and education regarding farmworker housing. The agencies shall provide the legislature with a report on the results of this agreement by January 1, 1991. [1990 c 253 § 2.]

Legislative finding and purpose—1990 c 253: "The legislature finds that the demand for housing for migrant and seasonal farmworkers far exceeds the supply of adequate housing in the state of Washington. In addition, increasing numbers of these housing units are in deteriorated condition because they cannot be economically maintained and repaired. The legislature further finds that the lack of a clear program for the regulation and inspection of farmworker housing has impeded the construction and renovation of housing units in this state. It is the purpose of this act for the various agencies involved in the regulation of farmworker housing to coordinate and consolidate their activities to provide for efficient and effective monitoring of farmworker housing. It is intended that this action will provide greater responsiveness in dealing with public concerns over farmworker housing, and allow greater numbers of housing units to be built." [1990 c 253 § 1.]

43.70.340 Farmworker housing inspection fund—Fee on labor camp operating license—Licenses generally. (1) The farmworker housing inspection fund is established in the custody of the state treasury. Legislative finding and purpose—1990 c 253: See note following RCW 43.70.330.

43.70.400 Head injury prevention—Legislative finding. The legislature finds that head injury is a major cause of death and disability for Washington citizens. The costs of head injury treatment and rehabilitation are extensive and resultant disabilities are long and indeterminate. These costs are often borne by public programs such as medicaid. The legislature finds further that many such injuries are preventable. The legislature intends to reduce the occurrence of head injury by educating persons whose behavior may place them at risk and by regulating certain activities. [1990 c 270 § 2.]

43.70.410 Head injury prevention—Program, generally. As used in RCW 43.70.400 through 43.70.440, the term "head injury" means traumatic brain injury.

A head injury prevention program is created in the department of health. The program's functions may be integrated with those of similar programs to promote comprehensive, integrated, and effective health promotion and disease prevention.

In consultation with the traffic safety commission, the department shall, directly or by contract, identify and coordinate public education efforts currently underway within state government and among private groups to prevent traumatic brain injury, including, but not limited to, bicycle safety, pedestrian safety, bicycle passenger seat safety, motorcycle safety, motor vehicle safety, and sports safety. If the department finds that programs are not available or not in use, it may, within funds appropriated for the purpose, provide grants to promote public education efforts. Grants may be awarded only after recipients have demonstrated coordination with relevant and knowledgeable groups within their communities, including at least schools, brain injury support organizations, hospitals, physicians, traffic safety specialists, police, and the public. The department may accept grants, gifts, and donations from public or private sources to use to carry out the head injury prevention program.

The department may assess or contract for the assessment of the effectiveness of public education efforts coordinated or initiated by any agency of state government. Agencies are directed to cooperate with assessment efforts by providing access to data and program records as reasonably required. The department may seek and receive additional funds from the federal government or private sources for assessments. Assessments shall contain findings and recommendations that will improve the effectiveness of public education efforts. These findings shall be distributed among public and private groups concerned with traumatic brain injury prevention. [1990 c 270 § 3.]

[1990 c 270 § 4.]

43.70.430 Head injury prevention—Guidelines on training and education—Training of emergency medical personnel. The department shall prepare guidelines on relevant training and education regarding traumatic brain injury for health and education professionals, and relevant public safety and law enforcement officials. Specifically, all emergency medical personnel shall be trained in proper helmet removal. [1990 c 270 § 6.]

43.70.440 Head injury prevention act—Short title. *This act shall be known and cited as the Head Injury Prevention Act of 1990. [1990 c 270 § 1.]*

*Reviser's note: "This act" consists of the enactment of RCW 43.70.400 through 43.70.440 and the 1990 c 270 amendments to RCW 46.37.530 and 46.37.535.

43.70.450 Senior environmental corps—Department powers and duties. (1) The department of health shall have the following powers and duties in carrying out its responsibilities for the senior environmental corps created under RCW 43.63A.247:

- Appoint a representative to the coordinating council;
- Develop project proposals;
- Administer project activities within the agency;

43.70.460 Retired physician liability malpractice insurance—Program authorized. (1) The department may establish a program to purchase and maintain liability malpractice insurance for retired physicians who provide primary health care services at community clinics. The following conditions apply to the program:
(a) Primary health care services shall be provided at community clinics that are public or private tax-exempt corporations;

(b) Primary health care services provided at the clinics shall be offered to low-income patients based on their ability to pay;

(c) Retired physicians providing health care services shall not receive compensation for their services; and

(d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.

(2) This section and RCW 43.70.470 shall not be interpreted to require a liability insurer to provide coverage to a physician should the insurer determine that coverage should not be offered to a physician because of past claims experience or for other appropriate reasons.

(3) The state and its employees who operate the program shall be immune from any civil or criminal action involving claims against clinics or physicians that provided health care services under this section and RCW 43.70.470. This protection of immunity shall not extend to any clinic or physician participating in the program.

(4) The department may monitor the claims experience of retired physicians covered by liability insurers contracting with the department.

(5) The department may provide liability insurance under chapter 113, Laws of 1992 only to the extent funds are provided for this purpose by the legislature. [1992 c 113 § 2.]

Legislative declaration—1992 c 113: "There are a number of retired physicians who wish to provide, or are providing, health care services to low-income patients without compensation. However, the cost of obtaining malpractice insurance is a burden that is deterring them from donating their time and services in treating the health problems of the poor. The necessity of maintaining malpractice insurance for those in practice is a significant reality in today's litigious society.

A program to alleviate the onerous costs of malpractice insurance for retired physicians providing uncompensated health care services to low-income patients will encourage philanthropy and augment state resources in providing for the health care needs of those who have no access to basic health care services.

An estimated sixteen percent of the nonelderly population do not have health insurance and lack access to even basic health care services. This is especially problematic for low-income persons who are young and who are either unemployed or have entry-level jobs without health care benefits. The majority of the uninsured, however, are working adults, and some twenty-nine percent are children.

The legislature declares that this act will increase the availability of primary care to low-income persons and is in the interest of the public health and safety." [1992 c 113 § 1.]

43.70.470 Retired physician liability malpractice insurance—Conditions. The department may establish by rule the conditions of participation in the liability insurance program by retired physicians at clinics utilizing retired physicians for the purposes of this section and RCW 43.70.460. These conditions shall include, but not be limited to, the following:

(1) The participating physician associated with the clinic shall hold a valid license to practice medicine and surgery in this state and otherwise be in conformity with current requirements for licensure as a retired physician, including continuing education requirements;

(2) The participating physician shall limit the scope of practice in the clinic to primary care. Primary care shall be limited to noninvasive procedures and shall not include obstetrical care, or any specialized care and treatment. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses;

(3) The provision of liability insurance coverage shall not extend to acts outside the scope of rendering medical services pursuant to this section and RCW 43.70.460;

(4) The participating physician shall limit the provision of health care services to low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating physician shall not accept compensation for providing health care services from patients served pursuant to this section and RCW 43.70.460, nor from clinics serving these patients. "Compensation" shall mean any remuneration of value to the participating physician for services provided by the physician, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating physician authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length. [1992 c 113 § 3.]

Legislative declaration—1992 c 113: See note following RCW 43.70.460.

43.70.480 Emergency medical personnel—Futile treatment and natural death directives. 43.81.030 Rent—Custodial housekeeping—Damages.
43.81.040 Maintenance in safe, healthful condition.
43.81.010 Legislative declaration. The legislature recognizes that significant benefits accrue to the state and that certain types of state operations are more efficient when personnel services are available on an extended basis. Such operations include certain types of facilities managed by agencies such as the departments of natural resources, corrections, fisheries, wildlife, social and health services, transportation, and veterans affairs, and the parks and recreation commission.

The means of assuring that such personnel are available on an extended basis is through the establishment of on-site state-owned or leased living facilities. The legislature also recognizes the restrictions and hardship placed upon those personnel who are required to reside in such state-owned or leased living facilities in order to provide extended personnel services.

The legislature further recognizes that there are instances where it is to the benefit of the state to have state-owned or leased living facilities occupied even though such occupancy is not required by the agency as a condition of employment. [1988 c 36 § 19; 1985 c 463 § 1.]

43.81.020 Availability of state-owned or leased living facilities. (1) Whenever an agency requires that an employee reside in state-owned or leased living facilities as a condition of employment, such living facilities shall be made available to the employee under the conditions set forth in RCW 43.81.030 and 43.81.040.

(2) Whenever an agency determines that (a) a living facility owned or leased by the agency is not occupied by employees under subsection (1) of this section and (b) it would be to the agency's benefit to have the facility occupied by an employee of the agency whose duties involve extended personnel services associated with the work site upon which the living facility is located or at work site near to where the living facility is located, the agency may make the facility available to such employee.

(3) Whenever an agency determines that (a) a living facility owned or leased by the agency is not occupied by employees under subsection (1) of this section and (b) the facility has been made available to employees under subsection (2) of this section and that no such employees have opted to reside in the facility, the agency may make the facility available for occupancy to other interested parties. [1985 c 463 § 2.]

43.81.030 Rent—Custodial housekeeping—Damages. (1) No rent may be charged to persons living in facilities provided under RCW 43.81.020(1). Such employees shall pay the costs of utilities associated with the living facility.

(2) Any person occupying state-owned or leased living facilities shall do so with the understanding that he or she assumes custodial housekeeping responsibility as directed by the agency. Such responsibility shall not include maintenance, repairs, or improvements to the facilities. An occupant of a state-owned or leased facility is liable for damages to the facility in excess of normal wear and tear. [1989 c 11 § 16; 1985 c 463 § 3.]

Severability—1989 c 11: See note following RCW 9A.56.220.

43.81.040 Maintenance in safe, healthful condition. The state shall maintain living facilities occupied under RCW 43.81.020 in a safe, healthful condition. [1985 c 463 § 4.]

Waste disposal facilities—1980 bond issue: Chapter 43.99F RCW.

43.83A.010 Declaration. The long-range development
goals for the state of Washington must include the protection
of the resources and environment of the state and the health
and safety of its people by providing adequate facilities and
systems for the collection, treatment, control, or disposal of
solid or liquid waste materials. [1980 c 21 § 1; 1972 ex.s.
c 127 § 1.]

43.83A.020 General obligation bonds—Authorized—Issuance, sale, terms—Appropriation required. For the purpose of providing funds for the planning, acquisition, construction, and improvement of public waste disposal facilities in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of one hundred ninety-five million dollars or so much thereof as may be required to finance the improvements defined in this chapter and all costs incidental thereto. As used in this section the phrase "public waste disposal facilities" shall not include the acquisition of equipment used to collect, carry, and transport garbage. These bonds shall be paid and discharged within twenty years of the date of issuance or within thirty years should Article VIII of the Constitution of the state of Washington be amended to permit such longer term. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of such bonds to be sold. [1990 1st ex.s. c 15 § 7. Prior: 1989 1st ex.s. c 14 § 10; 1989 c 136 § 2; 1977 ex.s. c 242 § 1; 1972 ex.s. c 127 § 2.]

Severability—1990 1st ex.s. c 15: See note following RCW 43.99H.010.

Intent—1989 c 136: "It is the intent of this act to allow the sale of state general obligation bonds to underwriters at a discount so that they may be sold to the public at face value, thereby resulting in lower interest costs to the state. Increases in bond authorizations under this act represent this discount and will have no effect on the amount of money available for the projects to be financed by the bonds." [1989 c 136 § 1.]

Severability—1977 ex.s. c 242: "If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 242 § 6.]

43.83A.030 Proceeds to be deposited in state and local improvements revolving account. The proceeds from the sale of bonds authorized by this chapter shall be deposited in the state and local improvements revolving account hereby created in the state treasury and shall be used exclusively for the purpose specified in this chapter and for payment of the expenses incurred in the issuance and sale of the bonds. [1991 sp.s. c 13 § 43; 1985 c 57 § 44; 1972 ex.s. c 127 § 3.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.
Effective date—1985 c 57: See note following RCW 18.04.105.

43.83A.040 Administration of proceeds—Use of funds—Integration of disposal systems. The proceeds from the sale of the bonds deposited in the state and local improvements revolving account of the general fund under
the terms of this chapter shall be administered by the state department of ecology subject to legislative appropriation. The department may use or permit the use of any funds derived from the sale of bonds authorized under this chapter to accomplish the purpose for which said bonds are issued by direct expenditures and by grants or loans to public bodies, including grants to public bodies as matching funds in any case where federal, local or other funds are made available on a matching basis for improvements within the purposes of this chapter.

The department may not use or permit the use of any funds derived from the sale of bonds authorized by this chapter for the support of a solid waste recycling activity or service in a locale if the department determines that the activity or service is reasonably available to persons within that locale from private enterprise.

Integration of the management and operation of systems for solid waste disposal with systems of liquid waste disposal holds promise of improved waste disposal efficiency and greater environmental protection and restoration. To encourage the planning for and development of such integration, the legislature may provide for special grant incentives to public bodies which plan for or operate integrated waste disposal management systems. [1979 c 68 § 2; 1972 ex.s. c 127 § 4.]

43.83A.050 Definitions. As used in this chapter, the term "waste disposal facilities" shall mean any facilities or systems owned or operated by a public body for the collection, storage, treatment, disposal, recycling, control, or recovery of liquid wastes or solid wastes, including, but not limited to, sanitary sewage, storm water, residential, industrial, and commercial wastes, material segregated into recyclables and nonrecyclables, and any combination of such wastes; and all equipment, utilities, structures, real property, and interests in and improvements on real property, necessary for or incidental to such purpose.

As used in this chapter, the term "public body" means the state of Washington or any agency, political subdivision, taxing district, or municipal corporation thereof, and those Indian tribes now or hereafter recognized as such by the federal government for participation in the federal land and water conservation program and which may constitutionally receive grants or loans from the state of Washington. [1980 c 21 § 2; 1979 c 68 § 1; 1972 ex.s. c 127 § 5.]

EMERGENCY WATER WITHDRAWAL AND FACILITIES

43.83B.300 Legislative findings—General obligation bonds authorized—Issuance, terms—Appropriation required. The legislature finds that the fundamentals of water resource policy in this state must be reviewed by the legislature to ensure that the water resources of the state are protected and fully utilized for the greatest benefit to the people of the state of Washington. The legislature further finds that it is necessary to provide the department of ecology with emergency powers to authorize withdrawals of public surface and ground waters, including dead storage within reservoirs, on a temporary basis, and construction of facilities in relation thereto, in order to alleviate emergency water supply conditions arising from the drought forecast for the state of Washington during 1977 and during 1987 through 1989.

The legislature further finds that there is a continuing water supply shortage in many areas of the state and that there is an urgent need to assure the survival of irrigated crops and of the state's fisheries.

The legislature further finds that in addition to water storage facilities or other augmentation programs, improved efficiency of water use could provide an important new supply of water in many parts of the state with which to meet future water needs and that improved efficiency of water use should receive greater emphasis in the management of the state's water resources.

In order to study the fundamentals of water resource policy of the state and to provide needed moneys for the planning, acquisition, construction, and improvement of water supply facilities and for other appropriate measures to assure the survival of irrigated crops and/or the state's fisheries to alleviate emergency water supply conditions arising from droughts occurring from time to time in the state of Washington, and to carry out a comprehensive water use efficiency study for the state of Washington, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of eighteen million dollars, or so much thereof as may be required to finance such projects, and all costs incidental thereto. No bonds authorized by this section and RCW 43.83B.360 through 43.83B.375 shall be offered for sale without prior legislative appropriation, and these bonds shall be paid and discharged within thirty years of the date of issuance in accordance with Article VIII, section 1 of the state Constitution. [1988 c 47 § 1; 1988 c 46 § 2; 1988 c 45 § 1; 1987 c 343 § 1; 1979 ex.s. c 263 § 1; 1977 ex.s. c 1 § 1.]

Reviser's note: This section was amended by 1988 c 45 § 1, 1988 c 46 § 2, and by 1988 c 47 § 1, each without reference to the other. All amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Application—1988 c 47: "Nothing in this act shall apply to or interfere with the processing or issuance of water rights in connection with the Yakima River Basin Water Enhancement Project." [1988 c 47 § 8.]

Severability—1988 c 47: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 47 § 9.]

Severability—1987 c 343: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 343 § 11.]

Severability—1979 ex.s. c 263: "If any provision of this 1979 amendatory act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 263 § 5.]

Prior to the expenditure of funds for projects approved by the department, the department shall file a listing of the approved projects with the senate ways and means committee and the house appropriations committee.

The municipal and industrial water supply and distribution facilities receiving funds from the appropriations contained in this section shall comply with the eligible costs criteria, health and design standards, and contract performance requirements of the municipal and industrial funding program under chapter 43.83B RCW. All projects shall be evaluated by applying the said chapter's evaluation and prioritization criteria to insure that only projects related to water shortage problems receive funding. The projects funded shall be limited to those projects providing interties with adjacent utilities, an expanded source of supply, conservation projects which will conserve or maximize efficiency of the existing supply, or a new source of supply.

No obligation to provide a grant for a project authorized under this section shall be incurred after June 30, 1977. [1991 c 3 § 300; 1977 ex.s. c 1 § 17.]

*Reviser's note: RCW 43.83B.305 through 43.83B.330 and 43.83B.340 through 43.83B.344 were repealed by 1989 c 171 § 12.

43.83B.385 Appropriations to department of ecology—Authorized projects—Findings. (1) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water projects revolving account in the general fund, the sum of seven million dollars, or so much thereof as may be necessary, which shall be expended for the financing of the following agricultural water supply and distribution projects from surface water sources: Kennewick Irrigation District; Kittitas Reclamation District; Stenmit Irrigation District; Wenatchee Heights Reclamation District; and the Wenatchee Reclamation District.

(2) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water projects revolving account in the general fund, the sum of five million dollars, or so much thereof as may be necessary, which shall be expended for the financing and construction of agricultural water supply and distribution projects from ground water sources primarily in the Moxee-Ahtanum and Park Creek aquifer areas.

(3) There is hereby appropriated to the department of ecology for the biennium ending June 30, 1977, from the state emergency water supply revolving account in the general fund the sum of six million dollars, or so much thereof as may be necessary, which shall be expended for water withdrawal projects relating to ground and surface waters as provided for in subsections (1) and (2) of this section and for the financing and construction of agricultural water supply for a geographical area or for a significant portion of a geographical area is below seventy-five percent of normal and the water shortage is likely to create undue hardships for various water uses and users. [1989 c 171 § 1.]

Severability—1989 c 171: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 171 § 14.]

43.83B.400 Drought conditions—Defined—Intent. It is the intent of the legislature to provide emergency powers to the department of ecology to enable it to take actions, in a timely and expeditious manner, that are designed to alleviate hardships and reduce burdens on various water users and uses arising from drought conditions. As used in this chapter, "drought condition" means that the water supply for a geographical area or for a significant portion of a geographical area is below seventy-five percent of normal and the water shortage is likely to create undue hardships for various water uses and users. [1989 c 171 § 1.]

43.83B.405 Drought conditions—Withdrawals and diversions—Orders, procedure. (1) Whenever it appears to the department of ecology that a drought condition either exists or is forecast to occur within the state or portions thereof, the department of ecology is authorized to issue orders, pursuant to rules previously adopted, to implement the powers as set forth in RCW 43.83B.410 through 43.83B.420. The department shall, immediately upon the issuance of an order under this section, cause said order to be published in newspapers of general circulation in the areas of the state to which the order relates. Prior to the issuance of an order, the department shall (a) consult with and obtain the views of the federal and state government entities identified in the drought contingency plan periodically revised by the department pursuant to RCW 43.83B.410(4), and (b) obtain the written approval of the governor. Orders issued under this section shall be deemed orders for the purposes of chapter 34.05 RCW.

[Title 43 RCW—page 318]
(2) Any order issued under subsection (1) of this section shall contain a termination date for the order. The termination date shall not be later than one calendar year from the date the order is issued. Although the department may, with the written approval of the governor, change the termination date by amending the order, no such amendment or series of amendments may have the effect of extending its termination to a date which is later than two calendar years after the issuance of the order.

(3) The provisions of subsection (2) of this section do not preclude the issuance of more than one order under subsection (1) of this section for different areas of the state or sequentially for the same area as the need arises for such an order or orders. [1989 c 171 § 2.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.410 Drought conditions—Withdrawals and diversions—Orders, authority granted. Upon the issuance of an order under RCW 43.83B.405, the department of ecology is empowered to:

(1) (a) Authorize emergency withdrawal of public surface and ground waters, including dead storage within reservoirs, on a temporary basis and authorize associated physical works which may be either temporary or permanent. The termination date for the authority to make such an emergency withdrawal may not be later than the termination date of the order issued under RCW 43.83B.405 under which the power to authorize the withdrawal is established. The department of ecology may issue such withdrawal authorization when, after investigation and after providing appropriate federal, state, and local governmental bodies an opportunity to comment, the following are found:

1. The waters proposed for withdrawal are to be used for a beneficial use involving a previously established activity or purpose;
2. The previously established activity or purpose was furnished water through rights applicable to the use of a public body of water that cannot be exercised due to the lack of water arising from natural drought conditions; and
3. The proposed withdrawal will not reduce flows or levels below essential minimums necessary (A) to assure the maintenance of fisheries requirements, and (B) to protect federal and state interests including, among others, power generation, navigation, and existing water rights;
4. All withdrawal authorizations issued under this section shall contain provisions that allow for termination of withdrawals, in whole or in part, whenever withdrawals will conflict with flows and levels as provided in (a)(iii) of this subsection. Domestic and irrigation uses of public surface and ground waters shall be given priority in determining “beneficial uses.” As to water withdrawal and associated works authorized under this subsection, the requirements of chapter 43.21C RCW and public bidding requirements as otherwise provided by law are waived and inapplicable. All state and local agencies with authority to issue permits or other authorizations for such works shall, to the extent possible, expedite the processing of the permits or authorizations in keeping with the emergency nature of the requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. All state departments or other agencies having jurisdiction over state or other public lands, if such lands are necessary to effectuate the withdrawal authorizations issued under this subsection, shall provide short-term easements or other appropriate property interest upon the payment of the fair market value. This mandate shall not apply to any lands of the state that are reserved for a special purpose or use that cannot properly be carried out if the property interest were conveyed;
5. Approve a temporary change in purpose, place of use, or point of diversion, consistent with existing state policy allowing transfer or lease of waters between willing parties, as provided for in RCW 90.03.380, 90.03.390, and 90.44.100. However, compliance with any requirements of (a) notice of newspaper publication of these sections or (b) the state environmental policy act, chapter 43.21C RCW, is not required when such changes are necessary to respond to drought conditions as determined by the department of ecology. An approval of a temporary change of a water right as authorized under this subsection is not admissible as evidence in either supporting or contesting the validity of water claims in State of Washington, Department of Ecology v. Accavella, Yakima county superior court number 77-2-01484-5 or any similar proceeding where the existence of a water right is at issue.
6. Employ additional persons for specified terms of time, consistent with the term of a drought condition, as are necessary to ensure the successful performance of the activities associated with implementing the emergency drought program of this chapter.
7. Revise the drought contingency plan previously developed by the department; and
8. Acquire needed emergency drought-related equipment. [1989 c 171 § 3.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.415 Drought conditions—Loans and grants. (1) The department of ecology is authorized to make loans, grants, or combinations of loans and grants from emergency agricultural water supply funds when necessary to provide water to alleviate emergency drought conditions in order to ensure the survival of irrigated crops and the state’s fisheries. For the purposes of this section, "emergency agricultural water supply funds" means funds appropriated from the state emergency water projects revolving account created under RCW 43.83B.360. The department of ecology may make the loans, grants, or combinations of loans and grants as matching funds in any case where federal, local, or other funds have been made available on a matching basis. The department may make a loan of up to ninety percent of the total eligible project cost or combination loan and grant up to one hundred percent of the total single project cost. The grant portion for any single project shall not exceed twenty percent of the total project cost except that, for activities forecast to have fifty percent or less of normal seasonal water supply, the grant portion for any single project or entity shall not exceed forty percent of the total project cost. No single entity shall receive more than ten percent of the total emergency agricultural water supply funds available for drought relief. These funds shall not be used for nonagricultural drought relief purposes unless there are no other capital budget funds available for these purposes. In any biennium the total expenditures of emergency agricultural
water supply funds for nonagricultural drought relief purposes may not exceed ten percent of the total of such funds available during that biennium.

(2)(a) Except as provided in (b) of this subsection, after June 30, 1989, emergency agricultural water supply funds, including the repayment of loans and any accrued interest, shall not be used for any purpose except during drought conditions as determined under RCW 43.83B.400 and 43.83B.405.

(b) Emergency agricultural water supply funds may be used on a one-time basis for the development of procedures to be used by state governmental entities to implement the state's drought contingency plan. [1989 c 171 § 4.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.420 Rules. The department shall adopt such rules as are necessary to ensure the successful implementation of this chapter. [1989 c 171 § 5.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.425 Applicability—Construction. Nothing in this chapter shall:

(1) Authorize any interference whatsoever with existing water rights;

(2) Authorize the establishment of rights to withdrawal of waters of a permanent nature or of rights with any priority;

(3) Authorize the establishment of a water right under RCW 90.03.250 or 90.44.060;

(4) Preclude any person from filing an application pursuant to RCW 90.03.250 or 90.44.060. [1989 c 171 § 6.]

Severability—1989 c 171: See note following RCW 43.83B.400.

43.83B.900 Severability—1975 1st ex.s. c 295. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1975 1st ex.s. c 295 § 17.]

43.83B.901 Severability—1977 ex.s. c 1. If any provision of this 1977 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 1 § 19.]

Public funds, deposit and investment, public depositaries: Chapter 39.58 RCW.

43.86A.010 Finding—Objectives. The legislature finds that a procedure should be established for the management of short term treasury surplus funds by the state treasurer in order to insure a maximum return while they are on deposit in public depositaries. The objectives of this procedure are to minimize noninterest earning demand deposits and provide fair compensation to financial institutions for services rendered to the state through the investment of state funds in time deposits. [1983 c 66 § 20; 1973 c 123 § 1.]

43.86A.020 Surplus funds held as demand deposits to be limited. After March 19, 1973, the state treasurer shall limit surplus funds held as demand deposits to an amount necessary for current operating expenses including direct warrant redemption payments, investments and revenue collection. The state treasurer may hold such additional funds as demand deposits as he deems necessary to insure efficient treasury management. [1973 c 123 § 2.]

43.86A.030 Time certificate of deposit investment program—Funds available for—Allocation. Funds held in public depositaries not as demand deposits as provided in RCW 43.86A.020 and 43.86A.030, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depositaries an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, section 1(b) of the state Constitution, or fifty percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositaries. These deposits shall be allocated among the participating depositaries on a basis to be determined by the state treasurer. The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors: PROVIDED, That, if in the judgment of the state treasurer the amount of allocation for certificates of deposit as determined by this section will impair the cash flow needs of the state treasury, the state treasurer may adjust the amount of the allocation accordingly. [1982 c 74 § 1; 1973 c 123 § 3.]

43.86A.040 Other investment powers of state treasurer not limited. Except as provided in RCW 43.86A.020 and 43.86A.030, nothing in this chapter shall be construed as a limitation upon the powers of the state treasurer to determine the amount of surplus treasury funds which may be invested in time certificates of deposit. [1973 c 123 § 4.]

43.86A.050 Implementation of chapter by state treasurer. The state treasurer shall devise the necessary formulae and methodology to implement the provisions of this chapter. Periodically, but at least once every six months, the state treasurer shall review all rules and shall adopt, amend or repeal them as may be necessary. These rules and a list of time certificate of deposit allocations shall be published in the treasurer's monthly financial report as required under the provisions of RCW 43.08.150. [1973 c 123 § 5.]

The director shall provide agencies that are required under RCW 44.40.070 to develop comprehensive six-year program and financial plans with a complete set of instructions for submitting these program and financial plans at the same time that instructions for submitting other budget requests are provided. The budget document or documents shall consist of the governor's budget message which shall be explanatory of the budget and shall contain an outline of the proposed financial policies of the state for the ensuing fiscal period, as well as an outline of the proposed six-year financial policies where

However, the estimated revenues for use in the governor’s budget document may be adjusted to reflect budgetary revenue transfers and revenue estimates dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues must be set forth in the budget document. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

Supplemental and biennial documents shall reflect a six-year expenditure plan consistent with estimated revenues from existing sources and at existing rates for those agencies required to submit six-year program and financial plans under RCW 44.40.070. Any additional revenue resulting from proposed changes to existing statutes shall be separately identified within the document as well as related expenditures for the six-year period.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. The total of beginning undesignated fund balance and estimated revenues less working capital and other reserves shall equal or exceed the total of proposed applicable expenditures. The budget document or documents shall further include:

### 43.88.050 Cash deficit

Cash deficit of the current fiscal period is defined for purposes of this chapter as the amount by which the aggregate of disbursements charged to a fund with the aggregate of estimated receipts credited to such fund in the current fiscal period, less the extent to which such deficit may have been provided for from available beginning cash surplus.

If, for any applicable fund or account, the estimated receipts for the next ensuing period plus cash beginning balances is less than the aggregate of estimated disbursements proposed by the governor for the next ensuing fiscal period, the governor shall include in Part I of the budget document proposals as to the manner in which the anticipated cash deficit shall be met, whether by an increase in the indebtedness of the state, by the imposition of new taxes, by increases in tax rates or an extension thereof, or in any like manner. The governor may propose orderly liquidation of the anticipated cash deficit over a period of one or more fiscal periods, if, in the governor’s discretion, such manner of liquidation would best serve the public interest. [1987 c 502 § 4; 1965 c 8 § 43.88.050. Prior: 1959 c 328 § 5.]

### 43.88.060 Legislative review of budget document and budget bill or bills—Time for submission

The secretary and chief clerk shall transmit this information to the appropriate standing committees. In each instance, the legislature shall review the expenditures mandated by the federal court order with a view to determining whether the program affected by the court order should be continued or eliminated and funds for the program either appropriated or not appropriated accordingly. [1983 1st ex.s. c 47 § 2.]

Prior: 1959 c 328 § 8.]

43.88.090 Development of budget—Agencies to establish goals and objectives. (1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor's duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the governor-elect or the governor-elect's designee deems necessary and may make recommendations in connection with any item of the budget which, with the governor-elect's reasons therefor, shall be presented to the legislature in writing with the budget document. Copies of all such estimates and other required information shall also be submitted to the standing committees on ways and means of the house and senate. [1989 c 273 § 26; 1987 c 505 § 35; 1984 c 247 § 3; 1981 c 270 § 4; 1979 c 151 § 137; 1975 1st ex.s. c 293 § 5; 1973 1st ex.s. c 100 § 6; 1965 c 8 § 43.88.090. Prior: 1959 c 328 § 9.]

43.88.100 Executive hearings. The governor may provide for hearings on all agency requests for expenditures to enable him to make determinations as to the need, value or usefulness of activities or programs requested by agencies. The governor may require the attendance of proper agency officials at his hearings and it shall be their duty to disclose such information as may be required to enable the governor to arrive at his final determination. [1965 c 8 § 43.88.100. Prior: 1959 c 328 § 10.]

43.88.110 Expenditure programs—Allotments—Reserves—Monitor capital appropriations. This section sets forth the expenditure programs and the allotment and reserve procedures to be followed by the executive branch for public funds.

(1) Allotments of an appropriation for any fiscal period shall conform to the terms, limits, or conditions of the appropriation.

(2) The director of financial management shall provide all agencies with a complete set of operating and capital instructions for preparing a statement of proposed expenditures at least thirty days before the beginning of a fiscal period. The set of instructions need not include specific appropriation amounts for the agency.

(3) Within forty-five days after the beginning of the fiscal period or within forty-five days after the governor signs the omnibus biennial appropriations act, whichever is later, all agencies shall submit to the governor a statement of proposed expenditures at such times and in such form as may be required by the governor.

(4) The office of financial management shall develop a method for monitoring capital appropriations and expenditures that will capture at least the following elements:
(a) Appropriations made for capital projects including transportation projects;
(b) Estimates of total project costs including past, current, ensuing, and future biennial costs;
(c) Comparisons of actual costs to estimated costs;
(d) Comparisons of estimated construction start and completion dates with actual dates;
(e) Documentation of fund shifts between projects.

This data may be incorporated into the existing accounting system or into a separate project management system, as deemed appropriate by the office of financial management.

(5) If at any time during the fiscal period the governor projects a cash deficit in a particular fund or account as defined by RCW 43.88.050, the governor shall make across-the-board reductions in allotments for that particular fund or account so as to prevent a cash deficit, unless the legislature has directed the liquidation of the cash deficit over one or more fiscal periods. Except for the legislative and judicial branches and other agencies headed by elective officials, the governor shall review the statement of proposed operating expenditures for reasonableness and conformance with legislative intent. Once the governor approves the statements of proposed operating expenditures, further revisions shall be made only at the beginning of the second fiscal year and must be initiated by the governor. However, changes in appropriation level authorized by the legislature, changes required by across-the-board reductions mandated by the governor, changes caused by executive increases to spending authority, and changes caused by executive decreases to spending authority for failure to comply with the provisions of chapter 36.70A RCW may require additional revisions. Revisions shall not be made retroactively. Revisions caused by executive increases to spending authority shall not be made after June 30, 1987. However, the governor may assign to a reserve status any portion of an agency appropriation withheld as part of across-the-board reductions made by the governor and any portion of an agency appropriation conditioned on a contingent event by the appropriations act. The governor may remove these amounts from reserve status if the across-the-board reductions are subsequently modified or if the contingent event occurs. The director of financial management shall enter approved statements of proposed expenditures into the state budgeting, accounting, and reporting system within forty-five days after receipt of the proposed statements from the agencies. If an agency or the director of financial management is unable to meet these requirements, the director of financial management shall provide a timely explanation in writing to the legislative fiscal committees.

(6) It is expressly provided that all agencies shall be required to maintain accounting records and to report thereon in the manner prescribed in this chapter and under the regulations issued pursuant to this chapter. Within ninety days of the end of the fiscal year, all agencies shall submit to the director of financial management their final adjustments to close their books for the fiscal year. Prior to submitting fiscal data, written or oral, to committees of the legislature, it is the responsibility of the agency submitting the data to reconcile it with the budget and accounting data reported by the agency to the director of financial management.

(7) The director of financial management shall monitor agency operating expenditures against the approved statement of proposed expenditures and shall provide the legislature with quarterly explanations of major variances.

(8) The director of financial management may exempt certain public funds from the allotment controls established under this chapter if it is not practical or necessary to allot the funds. Allotment control exemptions expire at the end of the fiscal biennium for which they are granted. The director of financial management shall report any exemptions granted under this subsection to the legislative fiscal committees.

Any contract made in violation of this section shall be null and void. [1965 c 8 § 43.88.130. Prior: 1959 c 328 § 13.]

43.88.140 Lapsing of appropriations. All appropriations shall lapse at the end of the fiscal period for which the appropriations are made to the extent that they have not been expended or lawfully obligated. [1981 c 270 § 9; 1965 c 8 § 43.88.140. Prior: 1959 c 328 § 14.]

43.88.150 Priority of expenditures— Appropriated and nonappropriated funds—Matching funds, disburse state moneys proportionally. (1) For those agencies that make expenditures from both appropriated and nonappropriated funds for the same purpose, the governor shall direct such agencies to charge their expenditures in such ratio, as between appropriated and nonappropriated funds, as will conserve appropriated funds.

(2) Unless otherwise provided by law, if state moneys are appropriated for a capital project and matching funds or other contributions are required as a condition of the receipt of the state moneys, the state moneys shall be disbursed in proportion to and only to the extent that the matching funds or other contributions have been received and are available for expenditure.

(3) The office of financial management shall adopt guidelines for the implementation of this section. The guidelines may account for federal matching requirements or other requirements to spend other moneys in a particular manner. [1991 c 284 § 3; 1981 c 270 § 10; 1965 c 8 § 43.88.150. Prior: 1959 c 328 § 15.]

43.88.155 Office of financial management. See chapter 43.41 RCW.

43.88.160 Fiscal management—Powers and duties of officers and agencies. This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end
that the state may benefit from training facilities made available to state employees;

(b) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

c) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(d) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

(e) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;

(f) Promulgate regulations to effectuate provisions contained in (a) through (e) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Disburse public funds under the treasurer’s supervision or custody by warrant or check;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to issue any warrant or check for public funds in the treasury except upon forms duly prescribed by the director of financial management. Said forms shall provide for authentication and certification by the agency head or the agency head’s designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer’s surety bond for erroneous or improper payments so made: PROVIDED, That when services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services: AND PROVIDED FURTHER, That no payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head’s designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor’s discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor’s official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include at least the following:

Determinations as to whether agencies, in making expenditures, complied with the laws of this state: PRO­VIDED, That nothing in this section may be construed to grant the state auditor the right to perform performance audits. A performance audit for the purpose of this section is the examination of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature. The authority and responsibility to conduct such an examination shall be vested in the legislative budget committee as prescribed in RCW 44.28.085.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency’s financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.
(7) The legislative budget committee may:
(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.
(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.
(c) Make a report to the legislature which shall include at least the following:
(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and
(ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs and generally for an improved level of fiscal management.

Refunds: RCW 43.88.170

When appropriations required or not required. Appropriations shall not be required for refunds, as provided in RCW 43.88.170, nor in the case of payments other than for administrative expenses or capital improvements to be made from trust funds specifically created by law to discharge awards, claims, annuities and other liabilities of the state. Said trust funds shall include, but shall not be limited to, the accident fund, medical aid fund, retirement system fund, Washington state patrol retirement fund and unemployment trust fund. Appropriations may be required in the case of public service enterprises defined for the purposes of this section as proprietary functions conducted by an agency of the state. The regulations issued by the governor pursuant to this chapter shall prescribe the procedures to be employed by agencies in accounting and reporting for revolving funds and may provide for the keeping of such funds in the custody of the treasurer. [1965 c 8 § 43.88.190. Prior: 1959 c 328 § 19.]

After August 11, 1969, no state agency, state institution, state institution of higher education, which shall include all state universities, regional universities, The Evergreen State College, and community colleges, shall establish any new accounts or funds which are to be located outside of the state treasury: PROVIDED, That the office of financial management shall be authorized to grant permission for the establishment of such an account or fund outside of the state treasury only when the requesting agency presents compelling reasons of economy and efficiency which could not be achieved by placing such funds in the state treasury. When the director of financial management authorizes the creation of such fund or account, the director shall forthwith give written notice of the fact to the standing committees on ways and means of the house and senate: PROVIDED FURTHER, That the office of financial management may grant permission for the establishment of accounts outside of the state treasury for the purposes of RCW 39.35C.120. [1991 c 201 § 19; 1979 c 151 § 140; 1977 ex.s. c 169 § 109; 1975 1st ex.s. c 293 § 9; 1969 ex.s. c 248 § 1.]

(1) Whenever an agency makes application, enters into a contract or agreement, or submits state plans for participation in, and for grants of federal funds under any federal law, the agency making such application shall at the time of such action, give notice in such form and manner as the director of financial management may prescribe, or the chairman of the legislative budget committee, standing committees on ways and means of the house and senate, the chief clerk of the house, or the secretary of the senate may request.

(2) Whenever any such application, contract, agreement, or state plan is amended, such agency shall notify each such officer of such action in the same manner as prescribed or requested pursuant to subsection (1) of this section.

(3) Such agency shall promptly furnish such progress reports in relation to each such application, contract, agreement, or state plan as may be requested following the date of the filing of the application, contract, agreement, or state plan; and shall also file with each such officer a final report as to the final disposition of each such application, contract, agreement, or state plan if such is requested. [1979 c 151 § 141; 1975 1st ex.s. c 293 § 10; 1973 2nd ex.s. c 17 § 3; 1967 ex.s. c 41 § 4.] Acceptance of funds by governor. [administration: RCW 43.06.120, 43.06.130.]

43.88.210 Transfer of certain powers and duties. It is the intent of this chapter to assign to the governor's office authority for developing and maintaining a state budgeting, accounting, and reporting system necessary for effective expenditure and revenue control among agencies.

To this end:

(1) All powers and duties and functions of the state auditor relating to the disbursement of public funds by warrant or check are hereby transferred to the state treasurer as the governor may direct but no later than ninety days after the start of the next fiscal biennium, and the state auditor shall deliver to the state treasurer all books, records, accounts, equipment, or other property relating to such function. In all cases where any question shall arise as to the proper custody of any such books, records, accounts, equipment or property, or pending business, the governor shall determine the question;

[1986 c 215 § 6; 1965 c 8 § 43.88.210. Prior: 1959 c 328 § 21.]

43.88.220 Federal law controls in case of conflict—Rules. If any part of this chapter shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this chapter is hereby declared to be inoperative solely to the extent of such conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this chapter in its application to the agencies concerned. The rules and regulations under this chapter shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1965 c 8 § 43.88.220. [1981 c 225 § 3; 1965 c 8 § 43.88.240. Prior: 1959 c 328 § 24.]

43.88.250 Emergency expenditures. Whenever an emergency shall arise necessitating an expenditure for the preservation of peace, health or safety, or for the carrying on of the necessary work required by law of any state agency for which insufficient or no appropriations have been made, the head of such agency shall submit to the governor, duplicate copies of a sworn statement, setting forth the facts constituting the emergency and the estimated amount of money required therefor. If the governor approves such estimate in whole or in part, the governor shall indorse on each copy of the statement the governor's approval and shall transmit one copy to the agency thereby authorizing the emergency expenditures. [1975-76 2nd ex.s. c 83 § 1.]

43.88.260 Deficiencies prohibited—Exceptions. (1) It shall be unlawful for any agency head or disbursing officer to incur any cash deficiency and any appointive
officer or employee violating the provisions of this section shall be subject to summary removal.

(1) Where there is reason to believe that a present or former state officer or employee has violated or threatens to violate RCW 43.88.290, the attorney general may initiate an appropriate civil action for the enforcement of RCW 43.88.290 through 43.88.320 or to prevent any such violation. The action may be brought in the county where the alleged violator resides, or the county where the violation is alleged to have occurred or is threatened.

Legal services revolving fund: RCW 43.10.150.

43.88.500 State boards, commissions, councils and committees—Legislative finding and declaration. The legislature finds that members of boards, commissions, councils, and committees in state government make a valuable contribution to the public welfare.

Nevertheless, the legislature also finds that the continued proliferation of both statutory and nonstatutory groups of this nature without effective, periodic review of existing groups can result in wasteful duplication of effort, fragmentation of administrative authority, lack of accountability, plus an excessive and frequently hidden financial burden on the state.

The legislature further finds that effective legislative oversight and review of boards, commissions, councils, and committees is frustrated by a lack of current and reliable information on the status and activities of such groups.

The legislature declares that legislative oversight and overall accountability in state government can be significantly improved by creating in the office of financial management a central clearinghouse for information on boards, commissions, councils, and committees. [1979 c 151 § 142; 1977 c 23 § 1.]

43.88.505 State boards, commissions, councils and committees—Compilation of list, information. (1) The director of financial management shall compile, and revise within ninety days after the beginning of each biennium, a current list of all permanent and temporary, statutory and nonstatutory boards, commissions, councils, committees, and other groups of similar nomenclature that are established by the executive, legislative, or judicial branches of state government and whose members are eligible to receive travel expenses for their meetings in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended.

(2) Such list shall include but not be limited to any such group which:

(a) Functions primarily in an advisory, planning, or coordinating capacity;

(b) Performs advertising, research, promotional, or marketing services for a specific business, industry, or occupation; or

(c) Performs licensing, regulatory, or quasi-judicial functions, adopts rules, or has responsibility for the administration or policy direction of a state agency or program.

(3) Such list shall contain the following information for each board, commission, council, committee, or other group of similar nomenclature:

(a) The legal authorization for the creation of the group;

(b) The number of members on the group, the appointing authority, and the agency to which the group reports;

(c) The number of meetings held during the preceding biennium;

(d) A brief summary of the primary responsibilities of the group;

(e) The total estimated cost of operating the group during the preceding biennium and the estimated cost of the group during the ensuing biennium. Such cost data shall include the estimated administrative expenses of the group as well as the estimated cost to an agency of providing full time equivalent or part time supporting staff to the group; and

(f) The source of funding for the group. [1979 c 151 § 143; 1977 c 23 § 2.]

43.88.510 State boards, commissions, councils and committees—Submission of list and data to legislature. Not later than ninety days after the beginning of each biennium, the director of financial management shall submit the compiled list of boards, commissions, councils, and committees, together with the information on each such group, that is required by RCW 43.88.505 to:

(1) The speaker of the house and the president of the senate for distribution to the appropriate standing committees, including one copy to the staff of each of the committees;

(2) The chair of the legislative budget committee, including a copy to the staff of the committee;

(3) The chairs of the committees on ways and means of the senate and house of representatives; and

(4) Members of the state government committee of the house of representatives and of the governmental operations committee of the senate, including one copy to the staff of each of the committees. [1987 c 505 § 37; 1979 c 151 § 144; 1977 c 23 § 3.]

43.88.515 State boards, commissions, councils and committees—Agencies to submit lists, information. (1) In order to facilitate the compilation of data required by RCW 43.88.505, each agency of the executive, legislative, and judicial branches of state government shall submit to the director of financial management a current list of the permanent and temporary, statutory and nonstatutory boards, commissions, councils, committees, and other groups of similar nomenclature that report to, or are involved in the operation of, the agency and whose members are eligible to receive travel expenses for their meetings in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended.

(2) Such list shall contain the administrative and cost information for each group that is prescribed in RCW 43.88.505(3).
(3) The director of financial management shall establish guidelines and a format for agencies to follow in submitting information on boards, commissions, councils, and committees. [1979 c 151 § 145; 1977 c 25 § 4.]

43.88.520 Legislative declaration. The legislature finds that during periods of recession or slowing economic growth, receipts of state revenues may decline below projections, yet the demand for state services does not correspondingly lessen and may in fact increase. There is need for a means to assure that services required in such periods can be maintained at or near the level anticipated by the legislature when making appropriations. The legislature therefore finds that a budget stabilization account into which will be deposited state revenues during favorable periods of economic activity will provide a resource for the stable financing of essential state services during periods of revenue shortfall. [1981 c 280 § 1.]

Effective date—1981 c 280: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1981." [1981 c 280 § 10.]

Severability—1981 c 280: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 280 § 9.]

Chapter 43.98A
ACQUISITION OF HABITAT CONSERVATION AND OUTDOOR RECREATION LANDS

Sections
43.98A.005 Findings. The legislature finds:

(1) That Washington possesses an abundance of natural wealth in the form of forests, mountains, wildlife, waters, and other natural resources, all of which help to provide an unparalleled diversity of outdoor recreation opportunities and a quality of life unmatched in this nation;
(2) That as the state's population grows, the demand on these resources is growing too, placing greater stress on today's already overcrowded public recreational lands and facilities, and resulting in a significant loss of wildlife habitat and lands of unique natural value;
(3) That public acquisition and development programs have not kept pace with the state's expanding population;
(4) That private investment and employment opportunities in general and the tourist industry in particular are dependent upon the continued availability of recreational opportunities and our state's unique natural environment;
(5) That if current trends continue, some wildlife species and rare ecosystems will be lost in the state forever and public recreational lands will not be adequate to meet public demands;
(6) That there is accordingly a need for the people of the state to reserve certain areas of the state, in rural as well as urban settings, for the benefit of present and future generations.

It is therefore the policy of the state to acquire as soon as possible the most significant lands for wildlife conservation and outdoor recreation purposes before they are converted to other uses, and to develop existing public recreational land and facilities to meet the needs of present and future generations. [1990 1st ex.s. c 14 § 1.]

43.98A.010 Definitions. The definitions set forth in this section apply throughout this chapter.

43.98B.005 Findings. (1) The legislature finds that:
(a) The state of Washington owns and maintains a wide variety of fish and wildlife habitat, natural areas, parks, and other recreation lands;
(b) The state of Washington is responsible for managing these lands for the benefit of the citizens, wildlife, and other natural resources of the state;
(c) The state of Washington has recently significantly enhanced its efforts to acquire critical habitat, natural areas, parks, and other recreation lands and to transfer suitable lands from school trust to conservation and park purposes;
(d) Recent unprecedented population growth has greatly increased the threat to the state’s fish and wildlife habitat and the demands placed on the lands under (a) of this subsection;
(e) The importance of this habitat and these lands to the state is continuing to increase as more people depend on them to satisfy their needs and more plant and animal species require state-owned lands for their survival;
(f) By itself, public ownership cannot guarantee that resources will be protected, or that appropriate recreational opportunities will be provided;
(g) Only through ongoing, responsible management can fish and wildlife habitat, sensitive ecosystems, and recreational values be protected;
(h) The operation and maintenance funding for state-owned fish and wildlife habitat, natural areas, parks, and other recreation lands has not kept pace with increasing demands placed upon such lands;
(i) Many needed operation and maintenance projects have been deferred due to insufficient funding, resulting in increased costs when the projects are finally undertaken; and
(j) An increase in operation and maintenance funding is necessary to bring state-owned lands and facilities up to acceptable standards and to protect the state’s investment in its fish and wildlife habitat, natural areas, parks, and other recreation lands.

(2) Therefore, it is the policy of the state to provide adequate and continuing funding for operation and maintenance needs of state-owned fish and wildlife habitat, natural areas, parks, and other recreation lands to protect the state’s investment in such lands, and it is the purpose of this chapter to create a mechanism for doing so. [1992 c 153 § 2.]

43.98B.010 Definitions. The definitions set forth in this section apply throughout this chapter.
(1) "Basic stewardship" means the costs associated with holding and protecting property to maintain the functions for which the property was acquired. It includes, but is not limited to, costs associated with statutorily required in-lieu property taxes, weed and pest control, fire protection, fence maintenance, cultural and archaeological site protection, basic research related to maintenance of natural area preserves and natural resource conservation areas, basic resource and environmental protection, and meeting applicable legal requirements.

(2) "Improved or developed resources" means the costs associated with the built or manipulated environment. It includes, but is not limited to, costs associated with maintaining buildings, grounds, roads, trails, water access sites, and utility systems. Also included are improvements to habitat such as bank stabilization, range rehabilitation, and food and water sources.

(3) "Human use management" means the costs associated with visitor management, education, and protection.
(4) "Administration" means state agency costs necessary to support subsections (1) through (3) of this section. It includes, but is not limited to, budget and accounting, personnel support services, volunteer programs, and training. [1992 c 153 § 3.]

and recreation lands management account in the state treasury.

(1) Moneys accumulated under this chapter shall be used exclusively for the purposes specified in this chapter. (a) Basic stewardship;
(b) Improved or developed resources;
(c) Human use management; and
(d) Administration.

Land acquisition, facility development or replacement, major renovation projects, improvement or rehabilitation projects normally funded through the capital budget, and operation and maintenance of state fish hatcheries are excluded.

(2) No expenditures may be made from this account without legislative appropriation. [1992 c 153 § 4.]

43.98B.030 Allocation and distribution of moneys.

(1) Moneys appropriated for this chapter from the state wildlife and recreation lands management account shall be expended in the following manner:

(a) Not less than thirty percent for basic stewardship;
(b) Not less than twenty percent for improved or developed resources;
(c) Not less than fifteen percent for human use management; and
(d) Not more than fifteen percent for administration.

(e) The remaining twenty to thirty-five percent shall be considered unallocated.

(2) In the event that moneys appropriated for this chapter to the state wildlife and recreation lands management account under the initial allocation prove insufficient to meet basic stewardship needs, the unallocated amount shall be used to fund basic stewardship needs.

(3) Each eligible agency is not required to meet this specific percentage distribution. However, funding across agencies should meet these percentages during each biennium.

(4) It is intended that moneys disbursed from this account not replace existing operation and maintenance funding levels from other state sources.

(5) Agencies eligible to receive funds from this account are the departments of fisheries, natural resources, and wildlife, and the state parks and recreation commission.

(6) Moneys appropriated for this chapter from the state wildlife and recreation lands management account shall be distributed in the following manner:

(a) Not less than twenty-five percent to the state parks and recreation commission.

Outdoor recreational facilities. Chapter 43.98 RCW.

43.99.010 Policy—Mission of committee. (1) As Washington begins its second century of statehood, the legislature recognizes that renewed efforts are needed to preserve, conserve, and enhance the state's recreational resources. Rapid population growth and increased urbanization have caused a decline in suitable land for recreation and resulted in overcrowding and deterioration of existing facilities. Lack of adequate recreational resources directly affects the health and well-being of all citizens of the state, reduces the state's economic viability, and prevents Washington from maintaining and achieving the quality of life that it deserves.

It is therefore the policy of the state and its agencies to preserve, conserve, and enhance recreational resources and open space. In carrying out this policy, the mission of the interagency committee for outdoor recreation and its staff is to (a) create and work actively for the implementation of a unified state-wide strategy for meeting the recreational needs of Washington's citizens, (b) represent and promote the interests of the state on recreational issues in concert with other state and local agencies and the governor, (c) encourage and provide interagency and regional coordination, and interaction between public and private organizations, (d) administer recreational grant-in-aid programs and provide technical assistance, and (e) serve as a repository for information, studies, research, and other data relating to recreation.

(2) Washington is uniquely endowed with fresh and salt waters rich in scenic and recreational value. This outdoor heritage enriches the lives of citizens, attracts new residents and businesses to the state, and is a major support of its expanding tourist industry. Rising population, increased income and leisure time, and the rapid growth of boating and other water sports have greatly increased the demand for water related recreation, while waterfront land is rapidly rising in value and disappearing from public use. There is consequently an urgent need for the acquisition or improvement of waterfront land on fresh and salt water suitable for marine recreational use by Washington residents and visitors. To meet this need, it is necessary and proper that the portion of motor vehicle fuel taxes paid by boat owners and operators on fuel consumed in their watercraft and not reclaimed as presently provided by law should be expended for the acquisition or improvement of marine recreation land on the Pacific Ocean, Puget Sound, bays, lakes, rivers, reservoirs and other fresh and salt waters of the state. [1989 c 237 § 1; 1965 c 5 § 1 (Initiative Measure No. 215, approved November 3, 1964).]

Effective date—1989 c 237: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect on June 30, 1989." [1989 c 237 § 9.]

Outdoor recreational facilities—1963 bond act: Chapter 43.98 RCW.

43.99A.010 Declaration of purpose. The state of Washington possesses unsurpassed natural wealth in the form of mountains, forests, and waters, ideal not only for recreation, but for supplying the special kind of spiritual regeneration that only close association with the outdoors can provide. As the state grows in population, this wilderness is increasingly threatened; prompt action is necessary to preserve it before much of it permanently disappears. Further, the physical expansion of our cities and towns has made it imperative that outdoor breathing space be set aside and permanently reserved for the people who live in them. Such breathing space may take the form of "green belts" especially planned to relieve the monotony of miles of uninterrupted urban or suburban development, or it may take the form of traditional parks. In any case, it must be acquired as soon as possible, while land is still available; and where appropriate, this land must be developed in order to meet the recreational needs of growing numbers of potential users. [1967 ex.s. c 126 § 1.]

43.99A.020 General obligation bonds authorized. For the purpose of providing funds for the acquisition and development of outdoor recreational areas and facilities in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of forty million dollars or so much thereof as may be required to finance the projects described in RCW 43.99A.070 and 43.99A.080. These bonds shall be paid and discharged within twenty years of the date of issuance. [1970 ex.s. c 40 § 1; 1967 ex.s. c 126 § 2.]

Effective, when—1970 ex.s. c 40: "Sections 1 and 2 of this 1970 amendatory act shall not become effective unless this act is adopted and ratified at the referendum election provided for in section 3 of this 1970 amendatory act."

Referral to electorate—1970 ex.s. c 40: "In the event all of the bonds authorized by RCW 43.99A.010 through 43.99A.110 have not been issued on or before September 2, 1970, then this act shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November, 1970, in accordance with the provisions of section 3. Article VIII of the state Constitution; and in accordance with the provisions of section 1. Article II of the state Constitution as amended, and the laws adopted to facilitate the operation thereof."

43.99A.030 Form of bonds—Rate of interest—Sale and issuance. The state finance committee is authorized to prescribe the form of the bonds, the maximum rate of interest the same shall bear, the time of sale of all or any portion of them, and the conditions of their sale and issuance. None of the bonds herein authorized shall be sold for less than their par value. [1970 ex.s. c 40 § 2; 1967 ex.s. c 126 § 3.]

Effective, when—Referal to electorate—1970 ex.s. c 40: See notes following RCW 43.99A.020.

43.99A.040 Full faith and credit of state pledged—Call prior to due date—Facsimile signatures. The bonds shall pledge the full faith and credit of the state of Washington and shall contain an unconditional promise to pay the principal and interest when due. The committee may provide that the bonds, or any of them, may be called prior to their due date under such terms and conditions as it may determine. The state finance committee may authorize the use of facsimile signatures in the issuance of the bonds. [1967 ex.s. c 126 § 4.]

43.99A.050 Disposition of proceeds of sale. The proceeds from the sale of bonds authorized by this chapter shall be deposited in the outdoor recreation account of the general fund and shall be used exclusively for the purposes of carrying out the provisions of the chapter and for payment of the expense incurred in the issuance and sale of the bonds. [1967 ex.s. c 126 § 5.]

43.99A.060 Outdoor recreational bond redemption fund of 1967—Created—Use—Sales tax revenues deposited in. The outdoor recreational bond redemption fund of 1967 is created in the state treasury. This fund shall be exclusively devoted to the payment of interest on and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements, and on July 1st of each year the state treasurer shall deposit such amount in the outdoor recreational bond redemption fund from moneys transmitted to the state treasurer by the department of revenue and certified by the department of revenue to be sales tax collections. Such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest.

The owner and holder of each of the bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed herein. [1971 c 37 § 1; 1967 ex.s. c 126 § 6.]
43.99A.070  Proceeds from sale of bonds—Administration—Disposition and use. The proceeds from the sale of bonds deposited in the outdoor recreation account of the general fund under the terms of RCW 43.99A.050 shall be administered by the interagency committee for outdoor recreation. All such proceeds shall be divided into two equal shares. One share shall be allocated for the acquisition and development of outdoor recreation areas and facilities on behalf of the state as the legislature may direct by appropriation. The other share shall be allocated to public bodies as defined in RCW 43.99A.020 for the acquisition and development of outdoor recreational areas and facilities within the jurisdiction of such public bodies. The interagency committee for outdoor recreation is authorized to use or permit the use of any funds derived from the sale of bonds authorized under this chapter as matching funds in any case where federal or other funds are made available on a matching basis for projects within the purposes of this chapter. [1967 ex.s. c 126 § 7.]

43.99A.080  Construction of phrase "acquisition and development of outdoor recreational areas and facilities." As used in this chapter, the phrase "acquisition and development of outdoor recreational areas and facilities" shall be liberally construed in accordance with the broad interpretation suggested by RCW 43.99A.010. It shall include, but shall not be limited to, acquisition of fee simple or any lesser interests in land, and the development of outdoor areas and facilities for either a single recreational use or multiple recreational uses. The preservation of land or water areas in an unspoiled or undeveloped state shall be among the alternatives permissible under this chapter. [1967 ex.s. c 126 § 8.]

43.99A.090  Legislature may provide additional means for payment of bonds. The legislature may provide additional means for raising moneys for the payment of the principal and interest of the bonds authorized herein, and this chapter shall not be deemed to provide an exclusive method for such payment. [1967 ex.s. c 126 § 9.]

43.99A.100  Bonds legal investment for funds of state and municipal corporations. The bonds herein authorized shall be a legal investment for all state funds or for funds under state control and for all funds of municipal corporations. [1967 ex.s. c 126 § 10.]

43.99A.110  Referral to electorate. This chapter shall be submitted to the people for their adoption and ratification, or rejection, at the general election to be held in this state on the Tuesday next succeeding the first Monday in November 1968, in accordance with the provisions of section 3, Article VIII of the Constitution of the state of Washington, and in accordance with the provisions of section 1, Article II of the Constitution of the state of Washington, as amended, and the laws adopted to facilitate the operation thereof. [1967 ex.s. c 126 § 11.]

Reviser's note: Chapter 43.99A RCW was adopted and ratified by the people at the November 5, 1968, general election (Referendum Bill No. 18). Governor's proclamation declaring approval of measure is dated December 5, 1968. State Constitution Art. 2 § 1(d) provides: "... 43.99F.100 Declaration. The long-range development goals for the state of Washington must include the protection of the resources and environment of the state, the health and safety of its people, and the beneficial uses of water by providing facilities and systems, among others, for the general control, collection, treatment, or disposal of nonradioactive solid and nonradioactive liquid waste materials. The purpose of this chapter is to assist the state and local governments in providing that protection but it is not the purpose of this chapter to provide funding for facilities which encourage development. A high priority in the expenditure of these funds shall be the protection of sole-source aquifers designated pursuant to the federal Safe Drinking Water Act (88 Stat. 1660) which aquifers have been designated as of July 24, 1983. [1983 c 269 § 1; 1980 c 159 § 1.]

43.99F.020 General obligation bonds—Authorized—Issuance, sale, terms—Appropriation required. For the purpose of providing funds to public bodies for the planning, design, acquisition, construction, and improvement of public waste disposal and management facilities, or for purposes of assisting a public body to obtain an ownership interest in waste disposal and management facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, in this state, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of three hundred thirty million dollars, or so much thereof as may be required, to finance the improvements defined in this chapter and all costs incidental thereto. The department may not use or permit the use of any funds derived from the sale of bonds authorized by this chapter for: (1) the support of a solid waste recycling activity or service in a locale if the department determines that the activity or service is reasonably available to persons within that locale from a private enterprise; or (2) the construction of municipal wastewater facilities unless said facilities have been approved by a general purpose unit of local government in accordance with chapter 36.94 RCW, chapter 35.67 RCW, or RCW 56.08.020. These bonds shall be paid and discharged within thirty years of the date of issuance. No bonds authorized by this chapter shall be offered for sale without prior legislative appropriation of the proceeds of the bonds to be sold. [1990 1st ex.s. c 15 § 9. Prior: 1989 1st ex.s. c 14 § 12; 1989 c 136 § 6; 1987 c 436 § 2; 1980 c 159 § 2.]

43.99F.030 Deposit of proceeds in state and local improvements revolving account, Waste Disposal Facilities, 1980—Use. The proceeds from the sale of the bonds authorized by this chapter shall be deposited in the state and local improvements revolving account, Waste Disposal Facilities, 1980 hereby created in the state treasury and shall be used exclusively for the purpose specified in this chapter and for payment of the expenses incurred in the issuance and sale of the bonds. [1991 1st ex.s. c 13 § 44; 1985 c 57 § 56; 1980 c 159 § 3.]

43.99F.040 Administration of proceeds. The proceeds from the sale of the bonds deposited in the state and local improvements revolving account, Waste Disposal Facilities, 1980 of the general fund under the terms of this chapter shall be administered by the state department of ecology subject to legislative appropriation. The department may use or permit the use of any funds derived from the sale of bonds authorized under this chapter to accomplish the purpose for which the bonds are issued by direct expenditures and by grants or loans to public bodies, including grants to public bodies as cost-sharing funds in any case where federal, local, or other funds are made available on a cost-sharing basis for improvements within the purposes of this chapter. The department shall ensure that funds derived from the sale of bonds authorized under this chapter do not constitute more than seventy-five percent of the total cost of any waste disposal or management facility. Not more than
two percent of the proceeds of the bond issue may be used by the department of ecology in relation to the administration of the expenditures, grants, and loans.

At least one hundred fifty million dollars of the proceeds of the bonds authorized by this chapter shall be used exclusively for waste management systems capable of producing renewable energy or energy savings as a result of the management of the wastes. "Renewable energy" means, but is not limited to, the production of steam, hot water for steam heat, electricity, cogeneration, gas, or fuel through the use of wastes by incineration, refuse-derived fuel processes, pyrolysis, hydrolysis, or bioconversion, and energy savings through material recovery from waste source separation and/or recycling.

The department of ecology shall present a progress report of actual projects committed by the department to the senate committee on ways and means and the house of representatives committee on appropriations no later than November 30th of each year.

Integration of the management and operation of systems for solid waste disposal with systems of liquid waste disposal holds promise of improved waste disposal efficiency and greater environmental protection and restoration. To encourage the planning for and development of such integration, the department may provide for special grant incentives to public bodies which plan for or operate integrated waste disposal management systems.

Funds provided for waste disposal and management facilities under this chapter may be used for payments to a service provider under a service agreement pursuant to RCW 70.150.060. If funds are to be used for such payments, the department may make periodic disbursements to a public body or may make a single lump sum disbursement. Disbursements of funds with respect to a facility owned or operated by a service provider shall be equivalent in value to disbursements that would otherwise be made if that facility were owned or operated by a public body. Payments under this chapter for waste disposal and management facilities made to public bodies entering into service agreements pursuant to RCW 70.150.060 shall not exceed amounts paid to public bodies not entering into service agreements. [1987 c 436 § 3; 1980 c 159 § 4.]

Bonds authorized in this section shall be sold in such manner, at such time or times, in such amounts, and at such price as the state finance committee shall determine. No such bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. Findings—1991 c 267: "The safety of all children is enhanced when sexual assault cases are properly investigated and prosecuted. The victim of the sexual assault and the victim's family have a right to be treated with sensitivity and professionalism, which also increases the likelihood of their continued cooperation with the investigation and prosecution of the case. The legislature finds the sexual assault cases, particularly those involving victims who are children, are difficult to prosecute successfully. The cooperation of a victim and the victim's family through the investigation and prosecution of the sexual assault case is enhanced and the trauma associated with the investigation and prosecution is reduced when trained victim advocates assist the victim and the victim's family through the investigation and prosecution of the case. Trained victim advocates also assist law enforcement, prosecutors, and defense attorneys, by relieving some of the burden of explaining the investigation and prosecution process and possible delays to the victim and accompanying the victim during interviews by the police, prosecutor, and defense attorney, and accompanying the victim during hearings and the trial. The legislature finds that counties should give priority to the successful prosecution of sexual assault cases, especially those that involve children, by ensuring that prosecutors, investigators, defense attorneys, and victim advocates are properly trained and available. Therefore, the legislature intends to establish a mechanism to provide the necessary training of prosecutors, law enforcement investigators, defense attorneys, and victim advocates and ensure the availability of victim advocates for victims of sexual assault and their families." [1991 c 267 § 1.]

Effective date—1991 c 267: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991." [1991 c 267 § 7.]

43.101.900 Severability—1974 ex.s. c 94. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 94 § 20.]

Finding—Declaration—1991 c 176: "The legislature finds and declares that sudden and unexplained child deaths are a leading cause of death for children under age three. The public interest is served by research and study of the potential causes and indications of such unexplained child deaths and the prevention of inaccurate and inappropriate designation of sudden infant death syndrome (SIDS) as a cause of death. The legislature further finds and declares that law enforcement officers, fire fighters, emergency medical technicians, and other first responders in emergency situations are not adequately informed regarding sudden, unexplained death in young children including but not limited to sudden infant death syndrome, its signs and typical history, and as a result may compound the family and child care provider's grief through conveyed suspicions of a criminal act. Coroners, investigators, and prosecuting attorneys are also in need of updated training on the identification of unexplained death in children under the age of three, including but not limited to sudden infant death syndrome awareness and sensitivity and the establishment of a statewide uniform protocol in cases of sudden, unexplained child death." [1991 c 176 § 5.]

43.103.900 Severability—1983 1st ex.s. c 16. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 1st ex.s. c 16 § 23.]

43.103.901 Effective date—1983 1st ex.s. c 16. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1983. [1983 1st ex.s. c 16 § 24.]

43.121.080 Contracts for services—Partial funding by administering organization, what constitutes. Twenty-five percent of the funding for programs under this chapter shall be provided by the organization administering the program. Severability—1984 c 261: See note following RCW 43.121.020.

43.121.110 Parenting skills—Legislative findings. The legislature believes that parents who have developed good early parenting skills provide homes where children are treated with dignity and respect and where closeness and trust among family members provide children with the basis for a productive adult life. The legislature also believes that children raised in this positive atmosphere will develop self esteem and are unlikely to become dependent upon the social service system or to be involved in the criminal justice system. The legislature further believes that teaching parents good early parenting skills can help eliminate physical and emotional abuse of children. [1988 c 278 § 1.]

(1) In order to increase the knowledge of early parenting skills of parents in Washington state, voluntary community based programs on early parenting skills shall be established. (a) Education for parents about the physical, mental, and emotional development of children;

(b) Programs to enhance the skills of parents in providing for learning and development of their children;

(c) Shared learning experiences for children and parents;

(d) Activities designed to screen for children’s physical, mental, emotional, or behavioral problems that may cause learning problems;

(e) Resources for educational materials which may be borrowed for home use;

(1992 Ed.)
43.121.130 Decreased state funding of parenting skills programs—Evaluation—Report. (1) Funding shall be provided, as funds are available, in decreasing amounts over a two-year period, with the goal of having the programs become supported by local communities at the end of a two-year period. State funding may be continued in areas where local funding would be difficult to obtain due to local economic conditions to the extent funding is made available to the council.

(2) The council shall work with the projects in the program to evaluate the results of the projects. The council shall make recommendations on these projects and the program. A project agreeing to develop an evaluation component shall be considered for a three-year funding schedule. A report on the evaluations shall be made available to the legislature at the beginning of the legislative session in 1992. [1988 c 278 § 2.]

43.121.910 Severability—1982 c 4. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1982 c 4 § 15.]

Master licensing program—Legislative budget committee performance audit: RCW 19.02.885.

Termination of tax preferences: Chapter 43.136 RCW.

43.131.010 Short title. This chapter may be known and cited as the Washington Sunset Act. [1990 c 297 § 1; 1977 ex.s. c 289 § 1.]

43.131.020 Legislative declaration. The state legislature finds that state agencies may fail to deliver services as effectively and efficiently as is expected by the general public and as originally contemplated by the legislature. It further finds that state government actions have produced a substantial increase in numbers of agencies, growth of programs, and proliferation of rules and regulations, and that the entire process has evolved without sufficient legislative and executive oversight, regulatory accountability, or a system of checks and balances. The legislature further finds that by establishing a system for the termination, continuation, or modification of state agencies, coupled with a system of scheduled review of such agencies, it will be in a better position to evaluate the need for the continued existence of existing and future state agencies. The legislature recognizes that the executive branch shares in this duty and responsibility to assure that state government operates in an efficient, orderly, and responsive manner. [1977 ex.s. c 289 § 2.]

43.131.030 Definitions. As used in this chapter the following words and phrases shall have the following meanings unless the context clearly requires otherwise.

(1) "Committees of reference" means the standing legislative committees designated by the senate and house of
representatives to consider termination, modification, or reestablishment of state agencies pursuant to this chapter.

(2) "Person" includes every natural person, firm, partnership, corporation, association, or organization.

(3) "Regulatory entity" means any board, commission, agency, division, or other unit or subunit of state government which licenses or regulates one or more professions, occupations, industries, businesses, or other endeavors in the state of Washington.

(4) "State agency" includes every state office, department, board, commission, regulatory entity and agency of the state, and where provided by law, programs and activities involving less than the full responsibility of a state agency.

43.131.040 Reestablishment of state agency scheduled for termination—Review. Any state agency scheduled for termination by the processes provided in this chapter may be reestablished by the legislature for a specified period of time or indefinitely. The legislature may again review the state agency in a manner consistent with the provisions of this chapter and reestablish, modify, or consolidate such state agency or allow it to be terminated. [1983 1st ex.s. c 27 § 1; 1977 ex.s. c 289 § 3.]

43.131.050 Legislative budget committee and office of financial management—Duties—Reports required. The legislative budget committee shall cause to be conducted a program and fiscal review of any state agency or program scheduled for termination by the processes provided in this chapter. Such program and fiscal review shall be completed and a preliminary report prepared on or before June 30th of the year prior to the date established for termination. Upon completion of its preliminary report, the legislative budget committee shall transmit copies of the report to the office of financial management. The office of financial management may then conduct its own program and fiscal review of the agency scheduled for termination and shall prepare a report on or before September 30th of the year prior to the date established for termination. Upon completion of its report the office of financial management shall transmit copies of its report to the legislative budget committee. The legislative budget committee shall prepare a final report that includes the reports of both the office of financial management and the legislative budget committee. The legislative budget committee and the office of financial management shall, upon request, make available to each other all working papers, studies, and other documents which relate to reports required under this section. The legislative budget committee shall transmit the final report to the legislature, to the state agency concerned, to the governor, and to the state library. [1990 c 297 § 2; 1979 c 22 § 1; 1977 ex.s. c 289 § 4.]

43.131.060 Legislative budget committee review of regulatory entity—Factors for consideration. In conducting the review of a regulatory entity, the legislative budget committee shall consider, but not be limited to, the following factors where applicable:

1. The extent to which the regulatory entity has operated in the public interest and fulfilled its statutory obligations;
2. The extent to which the regulatory entity has operated in the public interest and fulfilled its statutory obligations;
3. The extent to which the regulatory entity is operating in an efficient, effective, and economical manner;
4. The extent to which the regulatory entity inhibits competition or otherwise adversely affects the state’s economic climate;
5. The extent to which the regulatory entity duplicates the activities of other regulatory entities or of the private sector, where appropriate; and
6. The extent to which the absence or modification of regulation would adversely affect, maintain, or improve the public health, safety, or welfare. [1988 c 17 § 1; 1977 ex.s. c 289 § 6.]

43.131.070 Legislative budget committee review of a state agency other than a regulatory entity—Factors for consideration. In conducting the review of a state agency other than a regulatory entity, the legislative budget committee shall consider, but not be limited to, the following factors where applicable:

1. The extent to which the state agency has complied with legislative intent;
2. The extent to which the state agency is operating in an efficient and economical manner which results in optimum performance;
3. The extent to which the state agency is operating in the public interest by effectively providing a needed service that should be continued rather than modified, consolidated, or eliminated;
4. The extent to which the state agency duplicates the activities of other state agencies or of the private sector, where appropriate; and
5. The extent to which the termination or modification of the state agency would adversely affect the public health, safety, or welfare. [1977 ex.s. c 289 § 7.]

43.131.080 Committees of reference—Powers and duties. (1) Following receipt of the final report from the legislative budget committee, the appropriate committees of reference in the senate and the house of representatives shall each hold a public hearing, unless a joint hearing is held, to consider the final report and any related data. The committees shall also receive testimony from representatives of the state agency or agencies involved, which shall have the burden of demonstrating a public need for its continued existence; and from the governor or the governor’s designee, and other interested parties, including the general public.

(2) When requested by either of the presiding members of the appropriate senate and house committees of reference, a regulatory entity under review shall mail an announcement of any hearing to the persons it regulates who have requested notice of agency rule-making proceedings as provided in RCW 34.05.320, or who have requested notice of hearings held pursuant to the provisions of this section. On request of either presiding member, such mailing shall include an explanatory statement not exceeding one page in length prepared and supplied by the member’s committee.
(3) The presiding members of the senate committee on ways and means and the house committee on appropriations may designate one or more liaison members to each committee of reference in their respective chambers for purposes of participating in any hearing and in subsequent committee of reference discussions and to seek a coordinated approach between the committee of reference and the committee they represent in a liaison capacity.

(4) Following any hearing under subsection (1) of this section by the committees of reference, such committees may hold additional meetings or hearings to come to a final determination as to whether a state agency has demonstrated a public need for its continued existence or whether modifications in existing procedures are needed. In the event that a committee of reference concludes that a state agency shall be reestablished or modified or its functions transferred elsewhere, it shall make such determination as a bill. No more than one state agency shall be reestablished or modified in any one bill. [1989 c 175 § 10; 1983 1st ex.s. c 27 § 3; 1977 ex.s. c 289 § 8.]

Effective date—1989 c 175: See note following RCW 34.05.010.

43.131.090 Termination of state agency—Procedures—Employee transfers—Property disposition—Funds and moneys—Rules—Contracts. Unless the legislature specifies a shorter period of time, a terminated state agency shall continue in existence until June 30th of the next succeeding year for the purpose of concluding its affairs: PROVIDED, That the powers and authority of the state agency shall not be reduced or otherwise limited during this period. Unless otherwise provided:

(1) All employees of terminated state agencies classified under chapter 41.06 RCW, the state civil service law, shall be transferred as appropriate or as otherwise provided in the procedures adopted by the personnel board pursuant to RCW 41.06.150;

(2) All documents and papers, equipment, or other tangible property in the possession of the terminated state agency shall be delivered to the custody of the agency assuming the responsibilities of the terminated agency or if such responsibilities have been eliminated, documents and papers shall be delivered to the state archivist and equipment or other tangible property to the department of general administration;

(3) All funds held by, or other moneys due to, the terminated state agency shall revert to the fund from which they were appropriated, or if that fund is abolished to the general fund;

(4) Notwithstanding the provisions of RCW 34.05.020, all rules made by a terminated state agency shall be repealed, without further action by the state agency, at the end of the period provided in this section, unless assumed and reaffirmed by the agency assuming the related legal responsibilities of the terminated state agency;

(5) All contractual rights and duties of a state agency shall be assigned or delegated to the agency assuming the responsibilities of the terminated state agency, or if there is none to such agency as the governor shall direct. [1983 1st ex.s. c 27 § 4; 1977 ex.s. c 289 § 9.]

43.131.100 Termination of state agency—Pending business—Savings. This chapter shall not affect the right to institute or prosecute any cause of action by or against a state agency terminated pursuant to this chapter if the cause of action arose prior to the end of the period provided in RCW 43.131.090. Such causes of action may be instituted, prosecuted, or defended in the name of the state of Washington by the office of the attorney general. Any hearing or other proceeding pending before a state agency to be terminated and not completed before the end of the period provided in RCW 43.131.090, may be completed by the agency assuming the responsibilities of the terminated state agency. [1977 ex.s. c 289 § 10.]

43.131.110 Committees—Reference to include successor. Any reference in this chapter to a committee of the legislature including the legislative budget committee shall also refer to the successor of that committee. [1977 ex.s. c 289 § 11.]

43.131.115 Select joint committee on sunset review—Membership—Terms—Vacancies. (1) The select joint committee on sunset review is hereby created.

(2) The committee shall consist of five senators and five representatives who shall be selected prior to the close of the regular session of the legislature in 1983 and before the close of each regular session during odd-numbered years thereafter as follows:

(a) The president of the senate shall nominate five senators, three members from the majority party and two members from the minority party and shall submit the list of nominees to the senate for confirmation. Upon confirmation, the senators shall be installed as members.

(b) The speaker of the house of representatives shall nominate five representatives, three members from the majority party, and two members from the minority party and shall submit the list of nominees to the house of representatives for confirmation. Upon confirmation, the representatives shall be installed as members.

(3) The committee shall fill any vacancies occurring on the committee by appointment from the legislative chamber whose member departs. Members filling vacancies shall serve until their successors are installed under subsection (2) of this section or until they are no longer members of the legislature, whichever is sooner. All vacancies shall be filled from the same political party as that of the member whose seat was vacated. [1983 1st ex.s. c 27 § 5.]

43.131.118 Select joint committee—Chairperson. The committee by majority vote shall select a chairperson. [1983 1st ex.s. c 27 § 6.]

43.131.120 Select joint committee—Duties. (1) The committee shall be responsible for monitoring the schedule of agencies to be reviewed under this chapter, modifying this schedule to insure the effective operation of this chapter, and performing other duties necessary for the implementation of this chapter. The committee shall continue to be responsible for the development of legislation which provides for the termination of state agencies as needed in a manner consistent with the terms of this chapter and of RCW 43.06.010 as
now or hereafter amended. In the development of such legislation, the select joint committee shall:

(a) Identify state agencies which might appropriately be scheduled for termination under subsection (2) of this section. No more than one state agency shall be so identified or scheduled for automatic termination in any one section of such legislation;

(b) Seek to schedule state agencies with like goals, objectives, or functions for termination on the same date so as to better assure identification of duplicative activities and provide for appropriate modification or consolidation of state agencies to avoid future duplication; and

(c) Seek to schedule state agencies for termination in a manner which assures that as many committees of reference as possible have sufficient opportunity to develop experience in conducting reviews as provided pursuant to the terms of this chapter, and which assures that no such committee is given responsibility for review of an unreasonable number of state agencies during any legislative session.

(2) In identifying those state agencies to be scheduled for termination, the select joint committee shall consider, but not be limited to, the following factors where applicable:

(a) The extent to which the burden of compliance on the executive and legislative branches with the terms of this chapter is reasonable;

(b) The extent to which a state agency may serve the interests of a particular profession, occupation, or industry as opposed to the interests of the public;

(c) The extent to which a state agency may have outlived its original statutory purpose; and

(d) The potential for fiscal savings.

(3) The select joint committee may propose procedures which facilitate legislative review as required by this chapter for presentation to the legislature. The committee may recommend legislative rules which assure effective and appropriate consideration of all bills and reports regarding termination, modification, consolidation, or reauthorization of state agencies scheduled for termination. [1983 1st ex.s. c 27 § 7; 1979 c 22 § 2; 1977 ex.s. c 289 § 12.]

The director of financial management is hereby empowered to designate the director of community development as the official responsible for the preparation of fiscal notes authorized and required by this chapter. [1979 ex.s. c 112 § 2.]

43.135.020 Definitions.
43.135.030 State tax revenue limit.
43.135.040 Taxes, fees, charges to be set—Estimated revenue to be within revenue limit.
43.135.050 When revenue limit may be exceeded—Conditions.
43.135.060 Prohibition of new or extended programs without reimbursement—Effect of revenue authority and state funding on reimbursement—Transfer of programs—Determination of costs.
43.135.070 Priority of principal and interest on state indebtedness—Revenue collected in excess of limit.
43.135.900 Severability—1980 c 1.
43.135.901 Effective date—Applicability—1980 c 1.

43.135.010 Findings—Intent. The people of the state of Washington hereby find and declare:
(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.
(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, including basic education as defined by the legislature.
(3) It is therefore the intent of this chapter to:
(a) Establish a limit which will assure that the growth rate of state tax revenue does not exceed the growth rate of state personal income;
(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;
(c) Assure that the state does not impose, on any taxing district, responsibility for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;
(d) Provide for adjustment of the limit when costs of a program are transferred between the state and another political entity; and
(e) Establish a procedure for exceeding this limit in emergency situations. [1980 c 1 § 1 (Initiative Measure No. 62, approved November 6, 1979).]

43.135.020 Definitions. As used in this chapter, the following terms have the meanings indicated unless otherwise required.
(1) "State tax revenue" means all state moneys received in the treasury from every source except those revenues excluded for the term "general state revenues" by Article VIII, section (1)(c) of the state Constitution other than the state property tax levied for the support of the common schools under RCW 84.52.065, as now or hereafter amended.
(2) "State personal income" means the dollar amount published as total personal income of persons of the state for the calendar year by the United States department of commerce or its successor agency.

(3) "State tax revenue limit" or "limit" means the state tax revenue limit created by this chapter.

(4) "Taxing district" means those districts included within the term "taxing district" under RCW 84.04.120, as now or hereafter amended.

(5) "State personal income ratio" for any calendar year means the quotient formed by dividing (a) state personal income for the calendar year under consideration by (b) the state personal income for the immediately preceding calendar year. [1980 c 1 § 2 (Initiative Measure No. 62, approved November 6, 1979).]

43.135.030 State tax revenue limit. (1) The state tax revenue limit for any fiscal year shall be the previous fiscal year’s state tax revenue limit multiplied by the average state personal income ratio for the three calendar years immediately preceding the beginning of the fiscal year for which the limit is being computed.

(2) For purposes of computing the state tax revenue limit for the fiscal year beginning July 1, 1980, the phrase "the previous fiscal year's state tax revenue limit" means the state tax revenue collected in the fiscal year beginning July 1, 1978, multiplied by the average state personal income ratio for the calendar years 1976, 1977, and 1978. [1980 c 1 § 3 (Initiative Measure No. 62, approved November 6, 1979).]

43.135.040 Taxes, fees, charges to be set—Estimated revenue to be within revenue limit. Except as provided in RCW 43.135.050, taxes, fees, and charges on persons, property, and activities shall be imposed, levied, or set by the legislature in such a manner that the estimated state tax revenue for each fiscal year of the next biennium will not exceed the state tax revenue limit for that fiscal year: PROVIDED, The legislature may at any time adjust such taxes, fees, and charges for the second fiscal year of the biennium. [1980 c 1 § 4 (Initiative Measure No. 62, approved November 6, 1979).]

43.135.050 When revenue limit may be exceeded—Conditions. (1) The state tax revenue limit for any fiscal year may be exceeded in order to meet an emergency as declared by the legislature by two-thirds vote of each house, shall set forth the circumstances constituting the emergency and the amount of state tax revenue in excess of the applicable state tax revenue limit necessary to meet the emergency.

(2) Any amount of state tax revenue authorized by subsection (1) of this section in excess of the state tax revenue limit shall be authorized only for the fiscal year in which the vote is taken and/or the next succeeding fiscal year, as directed by the legislature.

(3) Except where the emergency results from a court order, the amount of state tax revenue authorized under subsection (1) of this section in excess of the limit shall not be used in the revenue base used to compute the state tax revenue limit for subsequent years. [1980 c 1 § 5 (Initiative Measure No. 62, approved November 6, 1979).]

43.135.060 Prohibition of new or extended programs without reimbursement—Effect of revenue authority and state funding on reimbursement—Transfer of programs—Determination of costs. (1) The legislature shall not impose responsibility for new programs or increased levels of service under existing programs on any taxing district unless the districts are reimbursed for the costs thereof by the state.

(2) The amount of increased local revenue and state appropriations and distributions that are received or could be received by a taxing district as a result of legislative enactments after 1979 shall be included as reimbursement under this section. This subsection does not affect litigation pending on January 1, 1990.

(3) If by order of any court, or legislative enactment, the costs of a federal or taxing district program are transferred to or from the state, the otherwise applicable state tax revenue limit shall be increased or decreased, as the case may be, by the dollar amount of the costs of the program.

(4) The legislature, in consultation with the office of financial management or its successor agency, shall determine the costs of any new programs or increased levels of service under existing programs imposed on any taxing district or transferred to or from the state.

(5) Subsection (1) of this section does not apply to the costs incurred for voting devices or machines under RCW 29.04.200. [1990 2nd ex.s. c 1 § 601; 1990 c 184 § 2; 1980 c 1 § 6 (Initiative Measure No. 62, approved November 6, 1979).]

Severability—1990 2nd ex.s. c 1: See note following RCW 82.14.300.

43.135.070 Priority of principal and interest on state indebtedness—Revenue collected in excess of limit. The legislature shall, prior to any other appropriation, provide for the payment of the principal and interest of the indebtedness of the state. State tax revenue collected in any fiscal year in excess of the state tax revenue limit for that fiscal year shall be included as part of the state tax revenue for the succeeding fiscal year. [1980 c 1 § 7 (Initiative Measure No. 62, approved November 6, 1979).]

43.135.900 Severability—1980 c 1. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1980 c 1 § 8 (Initiative Measure No. 62, approved November 6, 1979).]

43.135.901 Effective date—Applicability—1980 c 1. This act shall take effect on January 1, 1980: PROVIDED, That the first fiscal year for which the state tax revenue limit shall be in effect is the fiscal year beginning on July 1, 1980. Chapter 43.136

TERMINATION OF TAX PREFERENCES

Sections
43.136.010 Legislative findings—Intent. The legislature recognizes that tax preferences are enacted by the legislature to meet objectives which are determined to be in the public interest. The legislature finds, however, that some tax preferences may not be efficient or equitable tools for the achievement of current legislative objectives. The legislature finds that unless it can be demonstrated that the public interest is served by the continued existence of tax preferences, they should be terminated or modified. The legislature further finds that periodic evaluations of tax preferences are needed to determine if their continued existence is in the public interest.

It is the intent of the legislature to establish a mechanism for scheduling periodic evaluations of tax preferences together with a system for their termination, continuation, or modification. By this mechanism, the legislature intends to ensure that thorough periodic evaluations are made and that those tax preferences which do not continue to serve the public interest are terminated or modified. [1982 1st ex.s. c 35 § 39.]

Severability—Effective dates—1982 1st ex.s. c 35: See notes following RCW 82.08.020.

43.136.020 "Tax preference" defined. As used in this chapter, "tax preference" means an exemption, exclusion, or deduction from the base of a state tax; a credit against a state tax; a deferral of a state tax; or a preferential state tax rate. [1982 1st ex.s. c 35 § 40.]

Severability—Effective dates—1982 1st ex.s. c 35: See notes following RCW 82.08.020.

43.136.030 Legislative budget committee and department of revenue—Review of tax preferences—Reports. The legislative budget committee shall review each tax preference for termination by the processes provided in this chapter. The review shall be completed and a report prepared on or before June 30th of the year prior to the date established for termination. Upon completion of its report, the legislative budget committee shall transmit copies of the report to the department of revenue. The department of revenue may then conduct its own review of the tax preference scheduled for termination and shall prepare a report on or before September 30th of the year prior to the date established for termination. Upon completion of its report the department of revenue shall transmit copies of its report to the legislative budget committee. The legislative budget committee shall prepare a final report that includes the reports of both the department of revenue and the legislative budget committee. The legislative budget committee and the department of revenue shall, upon request, make available to each other all working papers, studies, and other documents which relate to reports required under this section. The legislative budget committee shall transmit the final report to all members of the legislature, to the governor, and to the state library. [1982 1st ex.s. c 35 § 41.]

Severability—Effective dates—1982 1st ex.s. c 35: See notes following RCW 82.08.020.

43.136.040 Legislative budget committee review of tax preferences—Factors for consideration. In reviewing a tax preference, the legislative budget committee shall develop information needed by the legislature to determine if the tax preference should be terminated as scheduled, modified, or reestablished without modification. The legislative budget committee shall consider, but not be limited to, the following factors in the review.

1. The persons or organizations whose state tax liabilities are directly affected by the tax preference.
2. Legislative objectives that might provide a justification for the tax preference.
3. Evidence that the existence of the tax preference has contributed to the achievement of any of the objectives identified in subsection (2) of this section.
4. The extent to which continuation of the tax preference beyond its scheduled termination date might contribute to any of the objectives identified in subsection (2) of this section.
5. Fiscal impacts of the tax preference, including past impacts and expected future impacts if it is not terminated as scheduled.
6. The extent to which termination of the tax preference would affect the distribution of liability for payment of state taxes. [1982 1st ex.s. c 35 § 42.]

Severability—Effective dates—1982 1st ex.s. c 35: See notes following RCW 82.08.020.

43.136.050 Powers and duties of ways and means committees. (1) Following receipt of the final report from the legislative budget committee, the ways and means committees of the house of representatives and the senate shall jointly hold a public hearing to consider the final report and any related data. The committees shall also receive testimony from the governor, or the governor's designee, and other interested parties, including the general public.

(2) Following the joint hearing, the committees may separately hold additional meetings or hearings to come to a final determination as to whether a continuation, modification, or termination of a tax preference is in the public interest. If a committee determines that a tax preference should be continued or modified, it shall make the determination as a bill. No more than one tax preference shall be

(1992 Ed.)
reestablished or modified in any one bill. [1982 1st ex.s. c 35 § 43.]

Severability—Effective dates—1982 1st ex.s. c 35: See notes following RCW 82.08.020.

43.136.060 Development of legislation for the termination of tax preferences. The select joint committee established under RCW 43.131.120 shall be responsible for the development of legislation which provides a schedule for the termination of tax preferences in a manner consistent with the terms of this chapter. The termination of tax preferences shall occur over a period of four years, beginning on June 30, 1984. In the development of this legislation, the select joint committee shall identify tax preferences which might appropriately be scheduled for termination and arrange for automatic termination of tax preferences, with a reasonable number of tax preferences to be terminated on June 30, 1984, including appropriate tax exemptions identified as eligible for termination by the department of revenue in the study conducted pursuant to section 26(3), chapter 340, Laws of 1981 (unified), a reasonable number of tax preferences to be terminated on June 30, 1985, a reasonable number of tax preferences to be terminated on June 30, 1986, and a reasonable number of tax preferences to be terminated on June 30, 1987.

Proposed legislation, recommendations, and findings shall be submitted to the legislature as soon as is practicable, but no later than the first day the legislature is in session after January 1, 1983. [1982 1st ex.s. c 35 § 44.]

Severability—Effective dates—1982 1st ex.s. c 35: See notes following RCW 82.08.020.

43.136.070 Report on existing tax preferences to be provided—Additional information to be provided. On or before September 30, 1982, the department of revenue shall provide the select joint committee with a report on existing tax preferences. The report shall include a list of tax preferences and a description of each one. Upon request of the select joint committee, the department of revenue shall provide additional information needed by the select joint committee to meet its responsibilities under this chapter. [1982 1st ex.s. c 35 § 45.]

Severability—Effective dates—1982 1st ex.s. c 35: See notes following RCW 82.08.020.

Sec. 191), with respect to activities of the United States bureau of land management undertaken pursuant to the Geothermal Steam Act of 1970 (30 U.S.C. Sec. 1001 et. seq.) in order to accomplish the following general objectives:

43.140.020 Definitions. As used in this chapter:

1) "County of origin" means any county in which the United States bureau of land management has leased lands for geothermal development.
2) "Geothermal energy" means the natural heat of the earth and the medium by which this heat is extracted from the earth, including liquids or gases, as well as any minerals contained in any natural or injected fluids, brines, and associated gas but excluding oil, hydrocarbon gas, and other hydrocarbon substances. 43.140.060 Appropriation for exploration and assessment of geothermal energy—Reimbursement. The legislature hereby appropriates one hundred forty-eight thousand dollars from the general fund of the state treasury to the department of natural resources for the purpose of exploration and assessment of geothermal energy within the state of Washington. The department of natural resources shall reimburse the general fund from its share of the revenues credited to the geothermal account up to one hundred forty-eight thousand dollars. Geothermal Steam Act revenues credited to the department's share of the geothermal account in excess of one hundred forty-eight thousand dollars shall be expended by the department of natural resources for the purpose of exploration and assessment of geothermal energy within the state of Washington. OCEAN RESOURCES MANAGEMENT ACT

Sections
43.143.005 Legislative findings.
43.143.010 Legislative policy and intent—Moratorium on leases for oil and gas exploration, development, or production—Appeals from regulation of recreational uses—Participation in federal ocean and marine resource decisions. (1) The purpose of this chapter is to articulate policies and establish guidelines for the exercise of state and local management authority over Washington's coastal waters, seabed, and shorelines.

(2) There shall be no leasing of Washington's tidal or submerged lands extending from mean high tide seaward three miles along the Washington coast from Cape Flattery south to Cape Disappointment, nor in Grays Harbor, Willapa Bay, and the Columbia river downstream from the Longview bridge, for purposes of oil or gas exploration, development, or production until at least July 1, 1995. During the 1995 legislative session, the legislature shall determine whether the moratorium on leasing should be extended past July 1, 1995. This determination shall be based on the information available at that time, including the analysis described in RCW 43.143.040. If the legislature does not extend the moratorium on leasing, the moratorium will end on July 1, 1995. At any time that oil or gas leasing, exploration, and development are allowed to occur, these activities shall be required to meet or exceed the standards and criteria contained in RCW 43.143.030.

(3) When conflicts arise among uses and activities, priority shall be given to resource uses and activities that will not adversely impact renewable resources over uses which are likely to have an adverse impact on renewable resources.

(4) It is the policy of the state of Washington to actively encourage the conservation of liquid fossil fuels, and to explore available methods of encouraging such conservation.

(5) It is not currently the intent of the legislature to include recreational uses or currently existing commercial uses involving fishing or other renewable marine or ocean resources within the uses and activities which must meet the planning and review criteria set forth in RCW 43.143.030. It is not the intent of the legislature, however, to permanently exclude these uses from the requirements of RCW 43.143.030. If information becomes available which indicates that such uses should reasonably be covered by the requirements of RCW 43.143.030, the permitting government or agency may require compliance with those requirements, and appeals of that decision shall be handled through the established appeals procedure for that permit or approval.

(1992 Ed.)
(6) The state shall participate in federal ocean and marine resource decisions to the fullest extent possible to ensure that the decisions are consistent with the state's policy concerning the use of those resources. [1989 1st ex.s. c 2 § 9.]

43.143.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Coastal counties" means Clallam, Jefferson, Grays Harbor, and Pacific counties.

(2) "Coastal waters" means the waters of the Pacific Ocean seaward from Cape Flattery south to Cape Disappointment, from mean high tide seaward two hundred miles. [1989 1st ex.s. c 2 § 10.]

43.143.030 Planning and project review criteria. (1) When the state of Washington and local governments develop plans for the management, conservation, use, or development of natural resources in Washington's coastal waters, the policies in RCW 43.143.010 shall guide the decision-making process.

(2) Uses or activities that require federal, state, or local government permits or other approvals and that will adversely impact renewable resources, marine life, fishing, aquaculture, recreation, navigation, air or water quality, or other existing ocean or coastal uses, may be permitted only if the criteria below are met or exceeded:

(a) There is a demonstrated significant local, state, or national need for the proposed use or activity;

(b) There is no reasonable alternative to meet the public need for the proposed use or activity;

(c) There will be no likely long-term significant adverse impacts to coastal or marine resources or uses;

(d) All reasonable steps are taken to avoid and minimize adverse environmental impacts, with special protection provided for the marine life and resources of the Columbia river, Willapa Bay and Grays Harbor estuaries, and Olympic national park;

(h) The use or activity complies with all applicable local, state, and federal laws and regulations. [1989 1st ex.s. c 2 § 11.]

ARTICLE II—Definitions

As used in this compact:

1. "Facility" means any site, location, structure, or property used or to be used for the storage, treatment, or disposal of low-level waste, excluding federal waste facilities;

2. "Low-level waste" means waste material which contains radioactive nuclides emitting primarily beta or gamma radiation, or both, in concentrations or quantities which exceed applicable federal or state standards for unrestricted release. Low-level waste does not include waste containing more than ten nanocuries of transuranic contaminants per gram of material, nor spent reactor fuel, nor material classified as either high-level waste or waste which is unsuited for disposal by near-surface burial under any applicable federal regulations;

3. "Generator" means any person, partnership, association, corporation, or any other entity whatsoever which, as a part of its activities, produces low-level radioactive waste;

4. "Host state" means a state in which a facility is located.

ARTICLE III—Regulatory Practices

Each party state hereby agrees to adopt practices which will require low-level waste shipments originating within its borders and destined for a facility within another party state to conform to the applicable packaging and transportation requirements and regulations of the host state. Such practices shall include:

1. Maintaining an inventory of all generators within the state that have shipped or expect to ship low-level waste to facilities in another party state;

2. Periodic unannounced inspection of the premises of such generators and the waste management activities thereon;

3. Authorization of the containers in which such waste may be shipped, and a requirement that generators use only that type of container authorized by the state;

4. Assurance that inspections of the carriers which transport such waste are conducted by proper authorities, and appropriate enforcement action taken for violations;

5. After receiving notification from a host state that a generator within the party state is in violation of applicable packaging or transportation standards, the party state will take appropriate action to assure that such violations do not recur. Such action may include inspection of every individual low-level waste shipment by that generator.

Each party state may impose fees upon generators and shippers to recover the cost of the inspections and other practices under this Article. Nothing in this Article shall be construed to limit any party state’s authority to impose additional or more stringent standards on generators or carriers than those required under this Article.

ARTICLE IV—Regional Facilities

Section 1. Facilities located in any party state, other than facilities established or maintained by individual low-level waste generators for the management of their own low-level waste, shall accept low-level waste generated in any party state if such waste has been packaged and transported according to applicable laws and regulations.

Section 2. No facility located in any party state may accept low-level waste generated outside of the region comprised of the party states, except as provided in Article V.

Section 3. Until such time as Section 2 takes effect as provided in Article VI, facilities located in any party state may accept low-level waste generated outside of any of the party states only if such waste is accompanied by a certificate of compliance issued by an official of the state in which such waste shipment originated. Such certificate shall be in such form as may be required by the host state, and shall contain at least the following:

1. The generator’s name and address;

2. A description of the contents of the low-level waste container;

3. A statement that the low-level waste being shipped has been inspected by the official who issued the certificate or by his agent or by a representative of the United States Nuclear Regulatory Commission, and found to have been packaged in compliance with applicable federal regulations and such additional requirements as may be imposed by the host state;

4. A binding agreement by the state of origin to reimburse any party state for any liability or expense incurred as a result of an accidental release of such waste during shipment or after such waste reaches the facility.

Section 4. Each party state shall cooperate with the other party states in determining the appropriate site of any facility that might be required within the region comprised of the party states, in order to maximize public health and safety while minimizing the use of any one party state as the host of such facilities on a permanent basis. Each party state further agrees that decisions regarding low-level waste management facilities in their region will be reached through a good faith process which takes into account the burdens borne by each of the party states as well as the benefits each has received.

Section 5. The party states recognize that the issue of hazardous chemical waste management is similar in many respects to that of low-level waste management. Therefore, in consideration of the state of Washington allowing access to its low-level waste disposal facility by generators in other party states, party states such as Oregon and Idaho which host hazardous chemical waste disposal facilities will allow access to such facilities by generators within other party states. Nothing in this compact may be construed to prevent any party state from limiting the nature and type of hazardous chemical or low-level wastes to be accepted at facilities within its borders or from ordering the closure or [of] such facilities, so long as such action by a host state is applied equally to all generators within the region composed of the party states.

Section 6. Any host state may establish a schedule of fees and requirements related to its facility, to assure that closure, perpetual care, and maintenance and contingency requirements are met, including adequate bonding.
ARTICLE V—Northwest Low-level Waste Compact Committee

The governor of each party state shall designate one official of that state as the person responsible for administration of this compact. The officials so designated shall together comprise the Northwest low-level waste compact committee. The committee shall meet as required to consider matters arising under this compact. The parties shall inform the committee of existing regulations concerning low-level waste management in their states, and shall afford all parties a reasonable opportunity to review and comment upon any proposed modifications in such regulations. Notwithstanding any provision of Article IV to the contrary, the committee may enter into arrangements with states, provinces, individual generators, or regional compact entities outside the region comprised of the party states for access to facilities on such terms and conditions as the committee may deem appropriate. However, it shall require a two-thirds vote of all such members, including the affirmative vote of the member of any party state in which a facility affected by such arrangement is located, for the committee to enter into such arrangement.

ARTICLE VI—Eligible Parties and Effective Date

Section 1. Each of the following states is eligible to become a party to this compact: Alaska, Hawaii, Idaho, Montana, Oregon, Utah, Washington, and Wyoming. As to any eligible party, this compact shall become effective upon enactment into law by that party, but it shall not become initially effective until enacted into law by two states. Any party state may withdraw from this compact by enacting a statute repealing its approval.

Section 2. After the compact has initially taken effect pursuant to Section 1, any eligible party state may become a party to this compact by the execution of an executive order by the governor of the state. Any state which becomes a party in this manner shall cease to be a party upon the final adjournment of the next general or regular session of its legislature or July 1, 1983, whichever occurs first, unless the compact has by then been enacted as a statute by that state.

Section 3. Section 2 of Article IV of this compact shall take effect on July 1, 1983, if consent is given by Congress. As provided in Public Law 96-573, Congress may withdraw its consent to the compact after every five-year period.

ARTICLE VII—Severability

If any provision of this compact, or its application to any person or circumstance, is held to be invalid, all other provisions of this compact, and the application of all of its provisions to all other persons and circumstances, shall remain valid; and to this end the provisions of this compact are severable. [1981 c 124 § 1.]

43.145.020 Requirements of Washington representative to Northwest low-level waste compact committee.

The person designated as the Washington representative to the committee as specified in Article V shall adhere to all provisions of the low-level radioactive waste compact. In considering special conditions or arrangements for access to the state's facilities from wastes generated outside of the region, the committee member shall ensure at a minimum, that the provisions of Article IV, Section 3 are complied with. After 1992 the Washington representative may approve access to the state's facility only for the states currently members of the Rocky Mountain compact or states which generate less than one thousand cubic feet of waste annually and are contiguous with a state which is a member of the Northwest compact. [1990 c 21 § 5; 1981 c 124 § 2.]

PACIFIC STATES AGREEMENT ON RADIOACTIVE MATERIAL TRANSPORTATION MANAGEMENT

Sections

43.146.010 Pacific States Agreement on Radioactive Materials Transportation Management.
43.146.900 Legislative directive—State designee.

43.146.010 Pacific States Agreement on Radioactive Materials Transportation Management. The Pacific States Agreement on Radioactive Materials Transportation Management is hereby enacted into law and entered into by the state of Washington as a party, and is in full force and effect between the state and other states joining the agreement in accordance with its terms.

PACIFIC STATES AGREEMENT ON RADIOACTIVE MATERIALS TRANSPORTATION MANAGEMENT

ARTICLE I—Policy and Purpose

The party states recognize that protection of the health and safety of citizens and the environment, and the most economical transportation of radioactive materials, can be accomplished through cooperation and coordination among neighboring states. It is the purpose of this agreement to establish a committee comprised of representatives from each party state to further cooperation between the states on emergency response and to coordinate activities by the states to eliminate unnecessary duplication of rules and regulations regarding the transportation and handling of radioactive material.

The party states intend that this agreement facilitate both interstate commerce and protection of public health and the environment. To accomplish this goal, the party states direct the committee to develop model regulatory standards for party states to act upon and direct the committee to coordinate decisions by party states relating to the routing and inspection of shipments of radioactive material.

ARTICLE II—Definitions

As used in this agreement:

(1) "Carrier" includes common, private, and contract carriers.

(2) "Hazardous material" means a substance or material which has been determined by the United States department of transportation to be capable of posing an unreasonable risk to health, safety, and property when transported in commerce, and which has been so designated.
ARTICLE III—Regulatory Practices

Section 1. The party states agree to develop model standards, not in conflict with federal law or regulations, for carriers of radioactive material to provide information regarding:

1. The amount and kind of material transported;
2. The mode of transportation and, to the extent feasible, the route or routes and the time schedule;
3. The carrier's compliance with local, state, and federal rules and regulations related to radioactive material transportation;
4. The carrier's compliance with federal and state liability insurance requirements.

Section 2. Consistent with federal law or regulations pertaining to transportation of radioactive material, the party states also agree to:

1. Develop model uniform procedures for issuing permits to carriers;
2. Develop model uniform record-keeping processes that allow access on demand by each state;
3. Develop model uniform safety standards for carriers;
4. Coordinate routing of shipments of radioactive materials;
5. Develop a method for coordinating the party states' emergency response plans to provide for regional emergency response including (a) systems for sharing information essential to radiation control efforts, (b) systems for sharing emergency response personnel, and (c) a method to allocate costs and clarify liability when a party state or its officers request or render emergency response;
6. Recommend parking requirements for motor vehicles transporting radioactive materials;
7. Coordinate state inspections of carriers; and
8. Develop other cooperative arrangements and agreements to enhance safety.

Section 3. The party states also agree to coordinate emergency response training and preparedness drills among the party states, Indian tribes, and affected political subdivisions of the party states, and, if possible, with federal agencies.

Section 4. The party states recognize that the transportation management of hazardous waste and hazardous materials is similar in many respects to that of radioactive materials. The party states, therefore, agree to confer as to transportation management and emergency response for those items where similarities in management exist.
43.147.010 Terms of agreement. The Pacific Northwest Economic Region is hereby enacted into law and entered into by the state of Washington as a party, and is in full force and effect in accordance with the terms of this agreement.

THE PACIFIC NORTHWEST ECONOMIC REGION

ARTICLE I—Policy and Purpose

States and provinces participating in the Pacific Northwest Economic Region shall seek to develop and establish policies that: Promote greater regional collaboration among the seven entities; enhance the overall competitiveness of the region in international and domestic markets; increase the economic well-being of all citizens in the region; and improve the quality of life of the citizens of the Pacific Northwest.

States and provinces recognize that there are many public policy areas in which cooperation and joint efforts would be mutually beneficial. These areas include, but are not limited to: International trade; economic development; human resources; the environment and natural resources; energy; and education. Parties to this agreement shall work diligently to establish collaborative activity in these and other appropriate policy areas where such cooperation is deemed worthwhile and of benefit to the participating entities. Participating states and provinces also agree that there are areas in which cooperation may not be feasible.

The substantive actions of the Pacific Northwest Economic Region may take the form of uniform legislation enacted by two or more states and/or provinces or policy initiatives endorsed as appropriate by participating entities. It shall not be necessary for all states and provinces to participate in each initiative.

ARTICLE II—Eligible Parties and Effective Date

Each of the following states and provinces is eligible to become a party to this agreement: Alaska, Alberta, British Columbia, Idaho, Montana, Oregon, and Washington. This agreement establishing the Pacific Northwest Economic Region shall become effective when it is executed by one state, one province, and one additional state and/or province in a form deemed appropriate by each entity. This agreement shall continue in force and remain binding upon each state and province until renounced by it. Renunciation of this agreement must be preceded by sending one year’s notice in writing of intention to withdraw from the agreement to the other parties to the agreement.

ARTICLE III—Organizational Structure

Each state and province participating in this agreement shall appoint representatives to the Pacific Northwest Economic Region. The organizational structure of the Pacific Northwest Economic Region shall consist of the following: A delegate council consisting of four legislators from each participating state and four representatives from each participating province and an executive committee consisting of one legislator from each participating state and/or province who is a member of the delegate council. Policy committees may be established to carry out further duties and responsibilities of the Pacific Northwest Economic Region.

ARTICLE IV—Duties and Responsibilities

The delegate council shall have the following duties and responsibilities: Facilitate the involvement of other government officials in the development and implementation of specific collaborative initiatives; work with policy-making committees in the development and implementation of specific initiatives; approve general organizational policies developed by the executive committee; provide final approval of the annual budget and staffing structure for the Pacific Northwest Economic Region developed by the executive committee; and other duties and responsibilities as may be established in the rules and regulations of the Pacific Northwest Economic Region. The executive committee shall perform the following duties and responsibilities: Elect the president and vice-president of the Pacific Northwest Economic Region; approve and implement general organizational policies; develop the annual budget; devise the annual action plan; act as liaison with other public and private sector entities; and other duties and responsibilities established in the rules and regulations of the Pacific Northwest Economic Region. The rules and regulations of the Pacific Northwest Economic Region shall establish the procedure for voting.

ARTICLE V—Membership of Policy Committees

Policy committees dealing with specific subject matter may be established by the executive committee.

Each participating state and province shall appoint legislators to sit on these committees in accordance with its own rules and regulations concerning such appointments.

ARTICLE VI—General Provisions

This agreement shall not be construed to limit the powers of any state or province or to amend or repeal or prevent the enactment of any legislation. [1991 c 251 § 2.]

43.147.020 Finding. The legislature finds that there is a new emerging global economy in which countries and regions located in specific areas of the world are forging new cooperative arrangements.

The legislature finds that these new cooperative arrangements are increasing the competitiveness of the participating countries and regions, thus increasing the economic benefits and the overall quality of life for the citizens of the individual countries and regions.

The legislature also finds that the Pacific Northwest states of Alaska, Idaho, Montana, Oregon, and Washington and the Canadian provinces of Alberta and British Columbia are in a strategic position to act together, as a region, thus increasing the overall competitiveness of the individual states and provinces that will provide substantial economic benefits for all of their citizens. [1991 c 251 § 1.]
34.147.030 Cooperative activities encouraged. It is the intent of chapter 251, Laws of 1991 to direct and encourage the establishment of cooperative activities between the seven legislative bodies of the region. The state representatives to the Pacific Northwest Economic Region shall work through appropriate channels to advance consideration of proposals developed by this body. [1991 c 251 § 3.]

43.150.010 Legislative findings. (1) The legislature finds that:
(a) Large numbers of Washington’s citizens are actively engaged in carrying forward the ethic of service and voluntary activities that benefit their citizens, their communities, and the entire state;
(b) This contribution continues to provide the equivalent of hundreds of millions of dollars in services that might otherwise create a need for additional tax collections;
(c) Many Washington citizens have yet to become fully involved in the life of their communities; many societal needs exist that could and should be met by new citizen service initiatives;
(d) The state of Washington needs to continue to encourage and expand the ethic of civic responsibility among its citizenry, through individuals working on their own, and through local and state-wide organizations, both governmental and private and nonprofit agencies;
(e) This ethic of citizen service benefits those who serve and those who receive services; in both cases there is the betterment of all Washington communities;
(f) Public and private agencies depend in large measure on the efforts of volunteers for the accomplishment of their missions and actively seek to increase these efforts;
(g) State agencies can and should extend their service delivery programs through the increased use of and support for volunteers;
(h) The national and community service act of 1990 provides an opportunity for Washington to support citizen service and volunteer activities in Washington;
(i) Business, industry, communities, schools, and labor in Washington state are increasingly interested in opportunities for community service and in developing the volunteer and service ethic;
(j) While providing both tangible and intangible benefits, volunteers in turn need respect and support for their efforts;
(k) The state itself, through the programs and services of its agencies as well as through the provisions of law and rule making, can and should provide a primary role and focus for encouraging the ethic of citizen service and support for volunteer efforts and programs;
(l) Planned and coordinated recognition, information, training, and technical assistance for volunteer and citizen service efforts through a state-wide center for voluntary action have been proven to be effective means of multiplying the resources volunteers bring to the needs of their communities; and
(m) It is important that Washington state position itself to raise volunteerism to the highest attainable levels, and along with the private sector, become a voice in the role citizen service will take in providing solutions to societal needs.

(2) Therefore, the legislature, in recognition of these findings, enacts the center for volunteerism and citizen service act to ensure that the state of Washington actively promotes the ethic of service and makes every appropriate effort to encourage effective involvement of individuals in their communities and of volunteers who supplement the services of private, nonprofit community agencies and organizations, agencies of local government throughout the state, and the state government. [1992 c 66 § 1; 1982 1st ex.s. c 11 § 1.]

43.155.010 Legislative findings and policy. The legislature finds that there exists in the state of Washington over four billion dollars worth of critical projects for the planning, acquisition, construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges,
water systems, and storm and sanitary sewage systems. The December, 1983 Washington state public works report prepared by the planning and community affairs agency documented that local governments expect to be capable of financing over two billion dollars worth of the costs of those critical projects but will not be able to fund nearly half of the documented needs. It is the policy of the state of Washington to encourage self-reliance by local governments in meeting their public works needs and to assist in the financing of critical public works projects by making loans, financing guarantees, and technical assistance available to local governments for these projects. [1985 c 446 § 7.]

43.155.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

(1) "Board" means the public works board created in RCW 43.155.030.

(2) "Department" means the department of community development.

(3) "Financing guarantees" means the pledge of money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works projects.

(4) "Local governments" means cities, towns, counties, special purpose districts, and any other municipal corporations or quasi-municipal corporations in the state excluding school districts and port districts.

(5) "Public works project" means a project of a local government for the planning, acquisition, construction, repair, reconstruction, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, or storm and sanitary sewage systems.

(6) "Technical assistance" means training and other services provided to local governments to: (a) Help such local governments plan, apply, and qualify for loans and financing guarantees from the board; and (b) help local governments improve their ability to plan for, finance, acquire, construct, repair, replace, rehabilitate, and maintain public facilities. [1985 c 446 § 8.]

43.155.030 Public works board created. (1) The public works board is hereby created.

In appointing the four general public members, the governor shall endeavor to balance the geographical composition of the board and to include members with special expertise in relevant fields such as public finance, architecture and civil engineering, and public works construction. The governor shall appoint one of the general public members of the board as chair. The term of the chair shall coincide with the term of the governor.

Each vacancy in a position appointed from lists provided by the associations under subsection (2) of this section shall be filled from a list of at least three persons nominated by the relevant association or associations. Any members of the board, appointive or otherwise, may be removed by the governor for cause in accordance with RCW 43.06.070 and 43.06.080. [1985 c 446 § 9.]

43.155.040 General powers of the board. The board may:

(1) Accept from any state or federal agency, loans or grants for the planning or financing of any public works project and enter into agreements with any such agency concerning the loans or grants;

(2) Provide technical assistance to local governments;

(3) Accept any gifts, grants, or loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;

43.155.060 Public works financing powers—Competitive bids on projects. In order to aid the financing of public works projects, the board may:

(1) Make low-interest or interest-free loans to local governments from the public works assistance account or other funds and accounts for the purpose of assisting local governments in financing public works projects. The board may require such terms and conditions and may charge such rates of interest on its loans as it deems necessary or convenient to carry out the purposes of this chapter. Money
received from local governments in repayment of loans made under this section shall be paid into the public works assistance account for uses consistent with this chapter.

(2) Pledge money in the public works assistance account, or money to be received by the public works assistance account, to the repayment of all or a portion of the principal of or interest on obligations issued by local governments to finance public works projects. The board shall not pledge any amount greater than the sum of money in the public works assistance account plus money to be received from the payment of the debt service on loans made from that account, nor shall the board pledge the faith and credit or the taxing power of the state or any agency or subdivision thereof to the repayment of obligations issued by any local government.

(3) Create such subaccounts in the public works assistance account as the board deems necessary to carry out the purposes of this chapter.

(4) Provide a method for the allocation of loans and financing guarantees and the provision of technical assistance under this chapter.

All local public works projects aided in whole or in part under the provisions of this chapter shall be put out for competitive bids, except for emergency public works under RCW 43.155.065 for which the recipient jurisdiction shall comply with this requirement to the extent feasible and practicable. The competitive bids called for shall be administered in the same manner as all other public works projects put out for competitive bidding by the local governmental entity aided under this chapter. [1988 c 93 § 2; 1985 c 446 § 11.]

43.155.065 Emergency public works projects. The board may make low-interest or interest-free loans to local governments for emergency public works projects. Emergency public works projects shall include the construction, repair, reconstruction, replacement, rehabilitation, or improvement of a public water system that is in violation of health and safety standards and is being operated by a local government on a temporary basis. The loans may be used to help fund all or part of an emergency public works project less any reimbursement from any of the following sources: (1) Federal disaster or emergency funds, including funds from the federal emergency management agency; (2) state disaster or emergency funds; (3) insurance settlements; or (4) litigation. Emergency loans may be made only from those funds specifically appropriated from the public works assistance account for such purpose by the legislature. The amount appropriated from the public works assistance account for emergency loan purposes shall not exceed five percent of the total amount appropriated from this account in any biennium. [1990 c 133 § 7; 1988 c 93 § 1.]

Findings—Severability—1990 c 133: See notes following RCW 36.94.140.

43.155.070 Eligibility and priority. (1) To qualify for loans or pledges under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;
(b) The local government must have developed a long-term plan for financing public works needs;
(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors; and
(d) A county, city, or town that is required or chooses to plan under RCW 36.70A.040 must have adopted a comprehensive plan in conformance with the requirements of chapter 36.70A RCW, after it is required that the comprehensive plan be adopted, and must have adopted development regulations in conformance with the requirements of chapter 36.70A RCW, after it is required that development regulations be adopted.

(2) The board shall develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board shall attempt to assure a geographical balance in assigning priorities to projects. The board shall consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;
(b) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;
(c) The cost of the project compared to the size of the local government and amount of loan money available;
(d) The number of communities served by or funding the project;
(e) Whether the project is located in an area of high unemployment, compared to the average state unemployment;
(f) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;
(g) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and
(h) Other criteria that the board considers advisable.

(3) Existing debt or financial obligations of local governments shall not be refinanced under this chapter. Each local government applicant shall provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(4) Before November 1 of each year, the board shall develop and submit to the chairs of the ways and means committees of the senate and house of representatives a description of the emergency loans made under RCW 43.155.065 during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list shall include, but not be limited to, a description of each project and recommended financing, the
terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list shall also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(5) The board shall not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature shall not change the order of the priorities recommended for funding by the board.

(6) Subsections (4) and (5) of this section do not apply to loans made for emergency public works projects under RCW 43.155.065. [1991 sp.s c 32 § 23; 1990 1st ex.s c 17 § 82; 1990 c 133 § 6; 1988 c 93 § 3; 1987 c 505 § 40; 1985 c 446 § 12.]

43.160.010 Legislative declaration. (1) The legislature finds that it is the public policy of the state of Washington to direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless is important for the economic welfare of the state. A valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base.

(2) Strengthening the economic base through issuance of industrial development bonds, whether single or umbrella, further serves to reduce unemployment. Consolidating issues of industrial development bonds when feasible to reduce costs additionally advances the state's purpose to improve economic vitality. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
(c) Encouraging wider access to financial resources for both large and small industrial development projects;
(d) Encouraging new economic development or expansions to maximize employment;
(e) Encouraging the retention of viable existing firms and employment; and
(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment.

(2) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways in the vicinity of new industries considering locating in this state or existing industries that are considering significant expansion.

(a) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be
addressed in a timely fashion and with coordination among all responsible governmental entities.

(b) It is the intent of the legislature to create an economic development account within the motor vehicle fund from which expenditures can be made by the department of transportation for state highway improvements necessitated by planned economic development. All such improvements must first be approved by the state transportation commission and the community economic revitalization board in accordance with the procedures established by RCW 43.160.074 and 47.01.280. It is further the intent of the legislature that such improvements not jeopardize any other planned highway construction projects. The improvements are intended to be of limited size and cost, and to include such items as additional turn lanes, signalization, illumination, and safety improvements.

(3) The legislature also finds that the state’s economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that public facilities which result in private construction of processing or remanufacturing facilities for recyclable materials are eligible for consideration from the board.

(4) The legislature finds that sharing economic growth state-wide is important to the welfare of the state. Timber impact areas do not share in the economic vitality of the Puget Sound region. Infrastructure is one of several ingredients that are critical for economic development. Timber impact areas generally lack the infrastructure necessary to diversify and revitalize their economies. It is, therefore, the intent of the legislature to increase the availability of funds to help provide infrastructure to timber impact areas. [1991 c 314 § 21; 1989 c 431 § 61; 1987 c 422 § 1; 1984 c 257 § 1; 1982 1st ex.s. c 40 § 1.]

Findings—1991 c 314: See note following RCW 43.31.601.
Severability—Section captions not law—1989 c 431: See RCW 70.95.901 and 70.95.902.

43.160.060 Loans and grants to political subdivisions for public facilities authorized—Application—Requirements for grants and loans. The board is authorized to make direct loans to political subdivisions of the state for the purposes of assisting the political subdivisions in financing the cost of public facilities, including development of land and improvements for public facilities, as well as the acquisition, construction, rehabilitation, alteration, expansion, or improvement of the facilities. A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision.

Application for funds shall be made in the form and manner as the board may prescribe. In making grants or loans the board shall conform to the following requirements:

(1) The board shall not make a grant or loan:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion.

(b) For any project that evidence exists would result in a development or expansion that would displace existing jobs in any other community in the state.

(c) For the acquisition of real property, including buildings and other fixtures which are a part of real property.

(2) The board shall only make grants or loans:

(a) For those projects which would result in specific private developments or expansions (i) in manufacturing, production, food processing, assembly, warehousing, and industrial distribution; (ii) for processing recyclable materials or for facilities that support recycling, including processes not currently provided in the state, including but not limited to, de-inking facilities, mixed waste paper, plastics, yard waste, and problem-waste processing; (iii) for manufacturing facilities that rely significantly on recyclable materials, including but not limited to waste tires and mixed waste paper; (iv) which support the relocation of businesses from nondistressed urban areas to distressed rural areas; or (v) which substantially support the trading of goods or services outside of the state's borders.

(b) For projects which it finds will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities.

(c) When the application includes convincing evidence that a specific private development or expansion is ready to occur and will occur only if the grant or loan is made.

(3) The board shall prioritize each proposed project according to the relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed and according to the unemployment rate in the area in which the jobs would be located. As long as there is more demand for loans or grants than there are funds available for loans or grants, the board is instructed to fund projects in order of their priority.

(4) A responsible official of the political subdivision shall be present during board deliberations and provide information that the board requests.

Before any loan or grant application is approved, the political subdivision seeking the loan or grant must demonstrate to the community economic revitalization board that no other timely source of funding is available to it at costs reasonably similar to financing available from the community economic revitalization board. [1990 1st ex.s. c 17 § 73; 1989 c 431 § 62; 1987 c 422 § 5; 1985 c 446 § 3; 1983 1st ex.s. c 60 § 3; 1982 1st ex.s. c 40 § 6.]

43.160.070 Conditions. (1) Public facilities loans and grants, when authorized by the board, are subject to the following conditions:

(a) The moneys in the public facilities construction loan revolving fund shall be used solely to fulfill commitments arising from loans or grants authorized in this chapter or, during the 1989-91 fiscal biennium, for economic development purposes as appropriated by the legislature. The total outstanding amount which the board shall disburse at any time pursuant to this section shall not exceed the moneys available from the fund. The total amount of outstanding loans and grants in Pierce, King, and Snohomish counties shall never exceed sixty percent of the total amount of outstanding loans and grants disbursed by the board.

(b) Financial assistance through the loans or grants may be used directly or indirectly for any facility for public purposes, including, but not limited to, sewer or other waste disposal facilities, arterial roads, bridges, access roads, port facilities, or water distribution and purification facilities.

(c) On contracts made for public facilities loans the board shall determine the interest rate which loans shall bear. The interest rate shall not exceed ten percent per annum. The board may provide reasonable terms and conditions for repayment for loans as the board determines. The loans shall not exceed twenty years in duration.
(d) Repayments of loans made under the contracts for public facilities construction loans shall be paid into the public facilities construction loan revolving fund.

(2) When every feasible effort has been made to provide loans and loans are not possible, the board may provide grants upon finding that unique circumstances exist. [1990 1st ex.s. c 16 § 802; 1983 1st ex.s. c 60 § 4; 1982 1st ex.s. c 40 § 7.]

(1) An application to the board from a political subdivision may also include a request for improvements to an existing state highway or highways. The application is subject to all of the applicable criteria relative to qualifying types of development set forth in this chapter, as well as procedures and criteria established by the board.

(2) Before board consideration of an application from a political subdivision that includes a request for improvements to an existing state highway or highways, the application shall be forwarded by the board to the transportation commission.

(3) The board may not make its final determination on any application made under subsection (1) of this section before receiving approval, as submitted or amended or disapproval from the transportation commission as specified in RCW 47.01.280. Notwithstanding its disposition of the remainder of any such application, the board may not approve a request for improvements to an existing state highway or highways without the approval as submitted or amended of the transportation commission as specified in RCW 47.01.280.

(4) The board shall notify the transportation commission of its decision regarding any application made under this section. [1985 c 433 § 5.]

43.163.005 Purpose—Construction. Economic development is essential to the health, safety, and welfare of all Washington citizens by broadening and strengthening state and local tax bases, providing meaningful employment opportunities and thereby enhancing the quality of life. Economic development increasingly is dependent upon the ability of small-sized and medium-sized businesses and farms to finance growth and trade activities. Many of these businesses face an unmet need for capital that limits their growth. These unmet capital needs are a problem in both urban and rural areas which cannot be solved by the private sector alone. There presently exist some federal programs, private credit enhancements and other financial tools to complement the private banking industry in providing this needed capital. More research is needed to develop effective strategies to enhance access to capital and thereby stimulate economic development.

It is the purpose of this chapter to establish a state economic development finance authority to act as a financial conduit that, without using state funds or lending the credit of the state or local governments, can issue nonrecourse revenue bonds, and participate in federal, state, and local economic development programs to help facilitate access to needed capital by Washington businesses that cannot otherwise readily obtain needed capital on terms and rates comparable to large corporations, and can help local governments obtain capital more efficiently. It is also a primary purpose of this chapter to encourage the employment and retention of Washington workers at meaningful wages and to develop innovative approaches to the problem of unmet capital needs. This chapter is enacted to accomplish these and related purposes and shall be construed liberally to carry out its purposes and objectives. [1990 c 53 §1; 1989 c 279 §1]

### 43.163.120 Staffing, restrictions—Authority not to receive appropriated state funds—Report to legislature.
The authority shall receive no appropriation of state funds.
The department of trade and economic development shall provide staff to the authority, to the extent permitted by law, to enable the authority to accomplish its purposes; the staff from the department of trade and economic development may assist the authority in organizing itself and in designing programs, but shall not be involved in the issuance of bonds or in making credit decisions regarding financing provided to borrowers by the authority. The authority shall report each December on its activities to the house trade and economic development committee and to the senate economic development and labor committee. [1989 c 279 § 13.]

43.163.130 Nonrecourse revenue bonds—Issuance.
(1) The authority may issue its nonrecourse revenue bonds in order to obtain the funds to carry out the programs authorized in this chapter. The bonds shall be special obligations of the authority, payable solely out of the special fund or funds established by the authority for their repayment.

(2) Any bonds issued under this chapter may be secured by a financing document between the authority and the purchasers or owners of such bonds or between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state.

(a) The financing document may pledge or assign, in whole or in part, the revenues and funds held or to be received by the authority, any present or future contract or other rights to receive the same, and the proceeds thereof.

(b) The financing document may contain such provisions for protecting and enforcing the rights, security, and remedies of bondowners as may be reasonable and proper, including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event of default which may include the acceleration of maturities, restrictions on the individual rights of action by bondowners, and covenants setting forth duties of and limitations on the authority in conduct of its programs and the management of its property.

(c) In addition to other security provided in this chapter or otherwise by law, bonds issued by the authority may be secured, in whole or in part, by financial guaranties, by insurance or by letters of credit issued to the authority or a trustee or any other person, by any bank, trust company, insurance or surety company or other financial institution, within or without the state. The authority may pledge or assign, in whole or in part, the revenues and funds held or to be received by the authority, any present or future contract or other rights to receive the same, and the proceeds thereof, as security for such guaranties or insurance or for the reimbursement by the authority to any issuer of such letter of credit of any payments made under such letter of credit.

(3) Without limiting the powers of the authority contained in this chapter, in connection with each issue of its obligation bonds, the authority shall create and establish one or more special funds, including, but not limited to debt service and sinking funds, reserve funds, project funds, and such other special funds as the authority deems necessary, useful, or convenient.

(4) Any security interest created against the unexpended bond proceeds and against the special funds created by the authority shall be immediately valid and binding against the money and any securities in which the money may be invested without authority or trustee possession. The security interest shall be prior to any party having any competing claim against the money or securities, without filing or recording under Article 9 of the Uniform Commercial Code, Title 62A RCW, and regardless of whether the party has notice of the security interest.

(5) The bonds may be issued as serial bonds, term bonds or any other type of bond instrument consistent with the provisions of this chapter. The bonds shall bear such date or dates; mature at such time or times; bear interest at such rate or rates, either fixed or variable; be payable at such time or times; be in such denominations; be in such form; bear such privileges of transferability, exchangeability, and interchangeability; be subject to such terms of redemption; and be sold at public or private sale, in such manner, at such time or times, and at such price or prices as the authority shall determine. The bonds shall be executed by the manual or facsimile signatures of the authority's chair and either its secretary or executive director, and may be authenticated by the trustee (if the authority determines to use a trustee) or any registrar which may be designated for the bonds by the authority.

(6) Bonds may be issued by the authority to refund other outstanding authority bonds, at or prior to maturity of, and to pay any redemption premium on, the outstanding bonds. Bonds issued for refunding purposes may be combined with bonds issued for the financing or refinancing of new projects. Pending the application of the proceeds of the refunding bonds to the redemption of the bonds to be redeemed, the authority may enter into an agreement or agreements with a corporate trustee regarding the interim investment of the proceeds and the application of the proceeds and the earnings on the proceeds to the payment of the principal of and interest on, and the redemption of, the bonds to be redeemed.

(7) The bonds of the authority may be negotiable instruments under Title 62A RCW.

(8) Neither the members of the authority, nor its employees or agents, nor any person executing the bonds shall be personally liable on the bonds or be subject to any personal liability or accountability by reason of the issuance of the bonds.

(9) The authority may purchase its bonds with any of its funds available for the purchase. The authority may hold, pledge, cancel or resell the bonds subject to and in accordance with agreements with bondowners.

(10) The authority shall not exceed two hundred fifty million dollars in total outstanding debt at any time.

43.163.140 Nonrecourse revenue bonds—Contracts—Restrictions.
(1) Bonds issued by the authority under this chapter shall not be deemed to constitute obligations, either general, special or moral, of the state or of any
political subdivision of the state, or pledge of the faith and credit of the state or of any political subdivision, or general obligations of the authority. The bonds shall be special obligations of the authority and shall be payable solely from the special fund or funds created by the authority for their repayment. The issuance of bonds under this chapter shall not obligate, directly, indirectly, or contingently, the state or any political subdivision of the state to levy any taxes or appropriate or expend any funds for the payment of the principal or the interest on the bonds. The substance of the limitations included in this paragraph shall be plainly printed, written, engraved, or reproduced on each bond and in any disclosure document prepared in conjunction with the offer and sale of bonds.

(2) Neither the proceeds of bonds issued under this chapter nor any money used or to be used to pay the principal of, premium, if any, or interest on the bonds shall constitute public money or property. All of such money shall be kept segregated and set apart from funds of the state and any political subdivision of the state and shall not be subject to appropriation or allotment by the state or subject to the provisions of chapter 43.88 RCW.

(3) Contracts entered into by the authority shall be entered into in the name of the authority and not in the name of the state. The obligations of the authority under such contracts shall be obligations only of the authority and shall not, in any way, constitute obligations of the state. [1989 c 279 § 15.]

43.163.150 Nonrecourse revenue bonds—Financing documents, scope. The authority may enter into financing documents with borrowers regarding bonds issued by the authority that may provide for the payment by each borrower of amounts sufficient, together with other revenues available to the authority, if any, to: (1) Pay the borrower’s share of the fees established by the authority; (2) pay the principal of, premium, if any, and interest on outstanding bonds of the authority issued in respect of such borrower as the same shall become due and payable; and (3) create and maintain reserves required or provided for by the authority in connection with the issuance of such bonds. 43.163.160 Nonrecourse revenue bonds—Money received shall be trust funds. All money received by or on behalf of the authority with respect to this issuance of its bonds shall be trust funds to be held and applied solely as provided in this chapter. The authority, in lieu of receiving and applying the moneys itself, may enter into trust agreement or indenture with one or more banks or trust companies having the power and authority to conduct trust business in the state to:

(1) Perform all of any part of the obligations of the authority with respect to: (a) Bonds issued by it; (b) the receipt, investment and application of the proceeds of the bonds and money paid by a participant or available from other sources for the payment of the bonds; (c) the enforcement of the obligations of a borrower in connection with the financing or refinancing of any project; and (d) other matters relating to the exercise of the authority’s powers under this chapter;

(2) Receive, hold, preserve, and enforce any security interest or evidence of security interest granted by a participant for purposes of securing the payment of the bonds; and

(3) Act on behalf of the authority or the owners of bonds of the authority for purposes of assuring or enforcing the payment of the bonds, when due. [1989 c 279 § 17.]

43.163.170 Nonrecourse revenue bonds—Owner and trustee, enforcement of rights. Any owner of bonds of the authority issued under this chapter, and the trustee under any trust agreement or indenture, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any of their respective rights, and may become the purchaser at any foreclosure sale if the person is the highest bidder, except to the extent the rights given are restricted by the authority in any bond resolution or trust agreement or indenture authorizing the issuance of the bonds. [1989 c 279 § 18.]

43.163.180 Nonrecourse revenue bonds as legal investment. The bonds or [of] the authority are securities in which all public officers and bodies of this state and all counties, cities, municipal corporations and political subdivisions, all banks, eligible banking organizations, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, insurance companies and associations, and all executors, administrators, guardians, trustees and other fiduciaries may legally invest any sinking funds, moneys or other funds belonging to them or within their control. [1989 c 279 § 19.]

43.163.190 Chapter as an alternative bond issuance method. This chapter provides a complete, additional and alternative method for accomplishing the purposes of this chapter and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds and refunding bonds under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds. [1989 c 279 § 20.]

43.163.200 Construction. Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special law, or parts thereof, the provisions of this chapter are controlling. [1989 c 279 § 21.]

43.163.900 Report—1989 c 279. The legislative budget committee shall conduct a program and fiscal review of the Washington economic development financial authority. The final report shall be completed by December 1, 1992. [1989 c 279 § 24.]

Community economic revitalization board to cooperate with committee:
RCW 43.160.115.

43.168.010 Legislative findings and declaration. The legislature finds that:
(1) The economic health and well-being of the state, particularly in areas of high unemployment, economic stagnation, and poverty, is of substantial public concern.
(2) The consequences of minimal economic activity and persistent unemployment and underemployment are serious threats to the safety, health, and welfare of residents of these areas, decreasing the value of private investments and jeopardizing the sources of public revenue.
(3) The economic and social interdependence of communities and the vitality of industrial and economic activity necessitates, and is in part dependent on preventing substantial dislocation of residents and rebuilding the diversification of the areas' economy.
(4) The ability to remedy problems in stagnant areas of the state is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the problems of poverty and unemployment.
(5) The revitalization of depressed communities requires the stimulation of private investment, the development of new business ventures, the provision of capital to ventures sponsored by local organizations and capable of growth in the business markets, and assistance to viable, but underfinanced, small businesses in order to create and preserve jobs that are sustainable in the local economy.

Therefore, the legislature declares there to be a substantial public purpose in providing capital to promote economic development and job creation in areas of economic stagnation, unemployment, and poverty. To accomplish this purpose, the legislature hereby creates the Washington state development loan fund committee and vests in the committee the authority to spend federal funds to stimulate the economy of distressed areas. [1985 c 164 § 1.]

Findings—1991 c 314: See note following RCW 43.31.601.
Severability—1988 c 42: See note following RCW 424.480.

43.168.030 State development loan fund committee established—Membership—Terms—Officers—Expenses—Liability. (Effective until June 30, 1994.) (1) The Washington state development loan fund committee is established as an entity within the department of community development. The committee shall have seven members. The director shall appoint the members, subject to the following requirements: (a) Three members shall be experienced in investment finance and have skills in providing capital to new and innovative businesses, in starting and operating businesses and providing professional services to small or expanding businesses; (b) two members shall be residents of distressed areas; (c) one member shall represent organized labor; and (d) one member shall represent a minority business. Careful consideration in making these appointments shall be taken to ensure that the various geographic regions of the state are represented, that members will be available for meetings on a regular basis, and will have a commitment to working with local governments and local development organizations.
(2) Each member appointed by the director shall serve a term of three years, except that of the members first appointed, two shall serve two-year terms and two shall serve one-year terms. A person appointed to fill a vacancy of a member shall be appointed in a like manner and shall serve for only the unexpired term. A member is eligible for
reappointment. A member may be removed by the director only for cause.

(3) The director shall designate a member of the board as its chairperson. The committee may elect such other officers as it deems appropriate. Four members of the committee constitute a quorum and four affirmative votes are necessary for the transaction of business or the exercise of any power or function of the committee.

(4) The members of the committee shall serve without compensation, but are entitled to reimbursement for actual and necessary expenses incurred in the performance of official duties in accordance with RCW 43.03.050 and 43.03.060.

(5) Members shall not be liable to the state, to the fund, or to any other person as a result of their activities, whether ministerial or discretionary, as members except for willful dishonesty or intentional violations of law. The department may purchase liability insurance for members and may indemnify these persons against the claims of others. [1985 c 164 § 3.]

43.168.031 State development loan fund committee—Terminated June 30, 1994—Powers and duties transferred. The Washington state development loan fund committee shall be terminated on June 30, 1994, and its powers and duties transferred to the director of the department of community development. [1988 c 186 § 7.]

43.168.040 Approval of applications for federal community development block grant funds for projects. Subject to the restrictions contained in this chapter, the committee is authorized to approve applications of local governments for federal community development block grant funds which the local governments would use to make loans to finance business projects within their jurisdictions. Applications approved by the committee under this chapter shall conform to applicable federal requirements. [1987 c 461 § 3; 1985 c 164 § 4.]

43.168.050 Application approval—Conditions and limitations. (1) The committee may only approve an application providing a loan for a project which the committee finds:

(a) Will result in the creation of employment opportunities or the maintenance of threatened employment;

(b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, and the employment of disadvantaged workers, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The committee shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The committee may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the committee. The committee may require an annual or other periodic audit of the project books.

(4) The committee may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5) (a) Except as provided in (b) of this subsection, the committee shall not approve any application which would result in a loan or grant in excess of three hundred fifty thousand dollars.

(b) The committee may approve an application which results in a loan or grant of up to seven hundred thousand dollars if the application has been approved by the director.

(6) The committee shall fix the terms and rates pertaining to its loans.

(7) Should there be more demand for loans than funds available for lending, the committee shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the "greatest amount of employment or benefit" the committee shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the committee shall require applicants to provide for the transfer of all payments of principal and interest on loans to the Washington state development loan fund created under this chapter. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The committee shall not approve any application to finance or help finance a shopping mall.

(10) The committee shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. The committee shall not make funds available to projects located in areas not designated as distressed if the fund’s net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the committee shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by the committee if a project is not likely to result in a net increase in employment within a local market area. [1990 1st ex.s. c 17 § 74; 1989 c 430 § 9; 1987 c 461 § 4; 1986 c 204 § 2; 1985 c 164 § 5.]

43.168.060 Staff support and other duties of department—Rules. The department shall provide adequate and appropriate staff and other support to the committee. A record of committee proceedings shall be maintained by the
department. The department is encouraged to work with local development organizations to promote applications for loans by the fund. The department shall also provide assistance to local development organizations and local governments to identify viable projects for consideration by the committee. The department shall adopt such rules and regulations as are appropriate for the committee to carry out its authority under this chapter. [1985 c 164 § 6.]

43.168.070 Processing of applications—Contents of applications. The committee shall receive and approve applications on a quarterly basis for each fiscal year. Department staff shall process and assist in the preparation of applications. Each application shall show in detail the nature of the project, the types and numbers of jobs to be created, wages to be paid to new employees, and methods to hire unemployed persons from the area. Each application shall contain a credit analysis of the business to receive the loan. The chairperson of the committee may convene the committee on short notice to respond to applications of a serious or immediate nature. [1987 c 461 § 5; 1985 c 164 § 7.]

43.168.090 Availability of funds for committee use. The department shall make available for use by the committee an amount of federal community development block grant funds equal to the amount of state funds transferred or appropriated to the department for purposes of supplementing the department’s block grant funds. [1985 c 164 § 9.]

43.168.100 Entitlement community grants—Conditions. The committee may make grants of state funds to local governments which qualify as "entitlement communities" under the federal law authorizing community development block grants. 43.168.120 Guidelines for use of funds for existing economic development revolving loan funds—Grants to local governments to assist existing economic development revolving loan funds. (1) The committee shall develop guidelines for development loan funds to be used to fund existing economic development revolving loan funds. Consideration shall be given to the selection process for grantees, loan quality criteria, legal and regulatory issues, and ways to minimize duplication between development loan funds and local economic development revolving loan funds.

(2) If it appears that all of the funds appropriated to the development loan fund for a biennium will not be fully granted to-local governments within that biennium, the committee may make available up to twenty percent of the eighty percent of the funds available to projects in distressed areas under *RCW 43.168.050(9) for grants to local governments to assist existing economic development revolving loan funds in distressed areas. The grants to local governments shall be utilized to make loans to businesses that meet the specifications for loans under this chapter. The local governments shall, to the extent permitted under federal law, agree to convey to the development loan fund the principal and interest payments from existing loans that the local governments have made through their revolving loan funds. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer. [1987 c 461 § 6.]

*Reviser’s note: RCW 43.168.050 was amended by 1989 c 430 § 9. and the previous subsection (9) was renumbered as subsection (10).

(a) Job creation for individuals of low and moderate income;
(b) Retention of existing employment;
(c) The creation of new employment opportunities;
(d) The diversification of the economic base of local communities;
(e) The establishment of employee cooperatives;
(f) The provision of assistance in cases of employee buy-outs of firms to prevent the loss of existing employment;
(g) The degree of risk assumed by the development loan fund, with emphasis on loans which did not receive financing from commercial lenders, but which are considered financially sound.

(2) The committee shall report to the appropriate standing committees of the legislature on the development of performance standards by January 1, 1988. [1987 c 461 § 7.]

43.168.140 Timber impact areas. Any funds appropriated by the legislature to the development loan fund for purposes of the timber recovery act shall be used for development loans in timber impact areas as defined in RCW 43.31.601. [1991 c 314 § 20.]

43.170.010 Legislative findings. The legislature recognizes the numerous benefits to the state's economic base from the establishment of small businesses by innovators and inventors and the numerous benefits provided by inventors and innovators through industrial diversification, broadening of the economic base, and providing financial benefits to our citizens and new products to the nation's consumers.

It is estimated that ninety-five percent of all inventions and innovations are never authoritatively considered primarily because inventors are unfamiliar with the business environment or financial structure necessary for implementing their proposals.

The legislature therefore recognizes a need to encourage and assist innovators and inventors. [1982 c 44 § 1.]

43.180.010 Declaration of public policies—Purpose.

It is declared to be the public policy of the state and a recognized governmental function to assist in making affordable and decent housing available throughout the state and by so doing to contribute to the general welfare. Decent housing for the people of our state is a most important public concern. Interest rates and construction costs have made it impossible for many Washington citizens to purchase their own homes. Older people, disabled persons, and low and moderate income families often cannot afford to rent decent housing. There exists throughout the state a serious shortage of safe, sanitary and energy efficient housing available at prices within the financial means of our citizens. General economic development within the state is also impeded by a lack of affordable housing. The state's economy, which is dependent on the timber, wood products, and construction industries, has been damaged by inadequate investment in housing construction and rehabilitation. The result has been high unemployment and economic hardship affecting the prosperity of all the people of the state, particularly those in the wood products industry.

It is the purpose of this chapter to establish a state housing finance commission to act as a financial conduit which, without using public funds or lending the credit of the state or local government, can issue nonrecourse revenue bonds and participate in federal, state, and local housing programs and thereby make additional funds available at affordable rates to help provide housing throughout the state. It is also a primary purpose of this chapter to encourage the use of Washington state forest products in residential construction. This chapter is enacted to accomplish these and related purposes and shall be liberally construed to carry out its purposes and objectives. [1983 c 161 § 1.]
(3) "Commission" means the Washington state housing finance commission or any board, body, commission, department, or officer succeeding to the principal functions thereof or to whom the powers conferred upon the commission shall be given by law.

(4) "Costs of housing" means all costs related to the development, design, acquisition, construction, reconstruction, leasing, rehabilitation, and other improvements of housing, as determined by the commission.

(5) "Eligible person" means a person or family eligible in accordance with standards promulgated by the commission. Such persons shall include those persons whose income is insufficient to obtain at a reasonable cost, without financial assistance, decent, safe, and sanitary housing in the area in which the person or family resides, and may include such other persons whom the commission determines to be eligible.

(6) "Housing" means specific new, existing, or improved residential dwellings within this state or dwellings to be constructed within this state. The term includes land, buildings, and manufactured dwellings, and improvements, furnishings, and equipment, and such other nonhousing facilities, furnishings, equipment, and costs as may be incidental or appurtenant thereto if in the judgment of the commission the facilities, furnishings, equipment and costs are an integral part of the project. Housing may consist of single-family or multifamily dwellings in one or more structures located on contiguous or noncontiguous parcels or any combination thereof. Improvements may include such equipment and materials as are appropriate to accomplish energy efficiency within a dwelling. The term also includes a dwelling constructed by a person who occupies and owns the dwelling, and nursing homes licensed under chapter 18.51 RCW.

(7) "Mortgage" means a mortgage, mortgage deed, deed of trust, security agreement, or other instrument securing a mortgage loan and constituting a lien on or security interest in housing. The property may be held in fee simple or on a leasehold under a lease having a remaining term, at the time the mortgage is acquired, of not less than the term of repayment of the mortgage loan secured by the mortgage. The property may also be housing which is evidenced by an interest in a cooperative association or corporation if ownership of the interest entitles the owner of the interest to occupancy of a dwelling owned by the association or corporation.

(8) "Mortgage lender" means any of the following entities which customarily provide service or otherwise aid in the financing of housing and which are approved as a mortgage lender by the commission: A bank, trust company, savings bank, national banking association, savings and loan association, building and loan association, mortgage banker, mortgage company, credit union, life insurance company, or any other financial institution, governmental agency, municipal corporation, or any holding company for any of the entities specified in this subsection.

(9) "Mortgage loan" means an interest-bearing loan or a participation therein, made to a borrower, for the purpose of financing the costs of housing, evidenced by a promissory note, and which may or may not be secured (a) under a mortgage agreement, (b) under any other security agreement, regardless of whether the collateral is personal or real property, or (c) by insurance or a loan guarantee of a third party. However, an unsecured loan shall not be considered a mortgage loan under this definition unless the amount of the loan is under two thousand five hundred dollars. [1990 c 167 § 1; 1983 c 161 § 2.]

43.180.030 Bonds not debt of state. Bonds issued under this chapter shall be issued in the name of the commission. The bonds shall not be obligations of the state of Washington and shall be obligations only of the commission payable from the special fund or funds created by the commission for their payment. Such funds shall not be or constitute public moneys or funds of the state of Washington but at all times shall be kept segregated and set apart from other funds.

Bonds issued under this chapter shall contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds, shall be a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the commission as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds.

Contracts entered into by the commission shall be entered into in the name of the commission and not in the name of the state of Washington. The obligations of the commission under the contracts shall be obligations only of the commission and are not in any way obligations of the state of Washington. [1983 c 161 § 3.]

43.180.040 Commission created. (1) There is hereby established a public body corporate and politic, with perpetual corporate succession, to be known as the Washington state housing finance commission. The commission is an instrumentality of the state exercising essential government functions and, for purposes of the code, acts as a constituted authority on behalf of the state when it issues bonds pursuant to this chapter. (2) The commission shall consist of the following voting members:
   (a) The state treasurer, ex officio;

   (h) An elected local government official, ex officio.

(3) The commission shall also consist of the following nonvoting members:

commission and who shall serve on the commission and as chair of the commission at the pleasure of the governor.

The term of the persons appointed by the governor, other than the chair, shall be four years from the date of their appointment, except that the terms of three of the initial appointees shall be for two years from the date of their appointment. The governor shall designate the appointees who will serve the two-year terms. An appointee may be removed by the governor for cause pursuant to RCW 43.06.070 and 43.06.080. The governor shall fill any vacancy in an appointed position by appointment for the remainder of the unexpired term. If the department of community development is abolished, the resulting vacancy shall be filled by a state official who shall be appointed to the commission by the governor. If this official occupies an office or position for which senate confirmation is not required, then his appointment to the commission shall be subject to the consent of the senate. The members of the commission shall be compensated in accordance with RCW 43.03.240 and may be reimbursed, solely from the funds of the commission, for expenses incurred in the discharge of their duties under this chapter, subject to the provisions of RCW 43.03.050 and 43.03.060. A majority of the commission constitutes a quorum. Designees shall be appointed in such manner and shall exercise such powers as are specified by the rules of the commission.

(d) Participate fully in federal and other governmental programs and to take such actions as are necessary and consistent with this chapter to secure to itself and the people of the state the benefits of those programs and to meet their requirements, including such actions as the commission considers appropriate in order to have the interest payments on its bonds and other obligations treated as tax exempt under the code.

(2) The commission shall establish eligibility standards for eligible persons, considering at least the following factors:

[1986 c 264 § 1; 1983 c 161 § 5.]

43.180.060 No power of eminent domain or taxation. The commission does not have the power of eminent domain and the commission does not have the power to levy any taxes of any kind. [1983 c 161 § 6.]

43.180.070 Housing finance plan. The commission shall adopt a general plan of housing finance objectives to be implemented by the commission during the period of the plan. The commission shall adopt a plan no later than December 15, 1983. The commission may exercise the powers authorized under this chapter prior to the adoption of the initial plan. The commission is not required to adopt a plan or rules for the use of the proceeds of bonds issued prior to February, 1984. This section is designed to deal only with the use of bond proceeds and nothing in this section shall be construed as a limitation on the commission’s authority to issue bonds. [1983 c 161 § 7.]

43.180.080 General powers. In addition to other powers and duties specified in this chapter, the commission may:

In preparation for the disposition of the properties, the commission may own, lease, clear, construct, reconstruct, rehabilitate, repair, maintain, manage, operate, assign, or encumber the properties;

(11) Take assignments of leases and rentals;

43.180.090 Selection of bond counsel—Written policies to be adopted. (1) The commission shall adopt written policies to provide for the selection of bond counsel. The policies shall provide for the creation and maintenance of a roster of attorneys whom the commission believes possess the requisite special expertise and professional standing to provide bond counsel opinions which would be accepted by the underwriters, bondholders, and other members of the financial community, and which would be in furtherance of the public interest in obtaining the lowest possible interest rates on the bonds issued by the commission. Any attorney may apply to have his or her name placed on the roster, but may not be placed on the roster unless the attorney demonstrates to the commission’s satisfaction that the attorney would issue the kind of opinions required by this section.

(2) Prior to selecting an attorney or attorneys to provide bond counsel services, the commission shall provide all attorneys on the roster with a notice of its intentions to select bond counsel and shall invite each of them to submit to the commission his or her fee schedule for providing bond counsel services. The commission shall have wide discretion in selecting the attorney or attorneys it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider all submitted fee schedules and the public interest in achieving both savings in bond counsel fees and issuance of bonds on terms most favorable to the commission. At least once every two calendar years, the commission shall select anew an attorney or attorneys to serve as bond counsel. However, the commission may retain an attorney for longer than two years when necessary to complete work on a particular bond issue. An attorney previously retained may be selected again but only after the commission has provided other attorneys on the roster with an opportunity to be selected and has made the fee schedule review required under this subsection. In addition to or as an alternative to retaining counsel for a period of time, the commission may appoint an attorney to serve as counsel in respect to only a particular bond issue. [1983 c 161 § 9.]

43.180.100 Selection of underwriters—Written policies to be adopted. (1) The commission shall adopt written policies to provide for the selection of underwriters. The policies shall provide for the creation of a roster of underwriters whom the commission believes possess the requisite special expertise and professional standing to provide bond marketing services which would be accepted by bondholders and other members of the financial community, and which would be in furtherance of the public interest in marketing the commission’s bonds at the lowest possible costs. An underwriter may apply to have its name placed on the roster, but may not be placed on the roster unless it demonstrates to the commission’s satisfaction that it meets the requirements of this section.

(2) Whenever the commission decides that it needs the services of an underwriter, it shall provide all underwriters on the roster with a notice of its intentions and shall invite each of them to submit to the commission an itemization of its fees and other charges for providing underwriting services on the issue. The itemization shall be by categories designed by the commission. The commission shall have wide discretion in selecting the underwriter it considers to be most appropriate to provide the services, but in the exercise of this discretion the commission shall consider the underwriter’s fees and other charges and the public interest in achieving both savings in the total costs of underwriting services and issuance of bonds on terms most favorable to the commission. [1983 c 161 § 10.]

43.180.110 Review of initial policies adopted under RCW 43.180.090 and 43.180.100—Adoption—Change. The commission shall submit the initial policies adopted under RCW 43.180.090 and 43.180.100 to the chief clerk of the house and the secretary of the senate for transmittal to and review by the appropriate standing committees and the joint administrative rules review committee. By January 1, 1984 the commission shall have adopted policies in the form of rules and regulations under chapter 34.05 RCW. Such rules and regulations may only be changed or revised in accordance with chapter 34.05 RCW. [1983 c 161 § 11.]

43.180.120 Rules for fair allocation of bond proceeds for nonrental single family housing. The legislature recognizes that the demand for mortgage loans for nonrental single family housing will probably greatly exceed the supply of bond proceeds available to satisfy the demand. Therefore, the commission shall adopt rules providing procedures to assure that the bond proceeds available for that kind of housing shall be made available to qualified mortgagors in a fair and equitable manner. [1983 c 161 § 12.]

43.180.130 Protection of bondholders—Mortgage insurance. The commission is encouraged to adopt policies which will assure that bondholders will be protected against the failure to make mortgage payments financed under this chapter. Such policies may require, among other things, mortgage insurance. [1983 c 161 § 13.]

43.180.140 Rules for energy efficiency. The commission shall adopt rules providing for financing assistance to implement cost-effective energy efficiency improvements. [1983 c 161 § 14.]

43.180.150 Bond issues—Terms—Issuance—Purchase, etc. (1) The commission’s bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, be registered or registrable in such manner, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, be payable at such time or times, and be sold in such manner and at such price or prices, as the commission determines. The bonds shall be executed by the chair, by either its duly elected secretary or its treasurer, and by the trustee or paying agent if the commission determines to use a trustee or paying agent for the bonds. Execution of the bonds may be by manual or facsimile signature.
Title 43 RCW: State Government—Executive

43.180.150

(2) The bonds of the commission shall be subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the commission, including, but not limited to, pledges of the commission’s assets, setting aside of reserves, limitations on additional forms of indebtedness, and the mortgaging of all or any part of the commission’s real or personal property, then owned or thereafter acquired, and other provisions the commission finds are necessary or desirable for the security of bondholders.

(3) Any security interest created in the unexpended bond proceeds and in the special funds created by the commission shall be immediately valid and binding against such moneys and any securities in which such moneys may be invested without commission or trustee possession thereof, and the security interest shall be prior to any party having any competing claim in such moneys or securities, without filing or recording pursuant to chapter 62A.9 RCW and regardless of whether the party has notice of the security interest.

(4) When issuing bonds, the commission may provide for the future issuance of additional bonds or parity debt on a parity with outstanding bonds, and the terms and conditions of their issuance. The commission may refund or advance refund any bond of the commission in accordance with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds.

(5) The chair of the state finance committee or the chair’s designee shall be notified in advance of the issuance of bonds by the commission in order to promote the orderly offering of obligations in the financial markets.

(6) The members of the commission and any person executing the bonds are not liable personally on the indebtedness or subject to any personal liability or accountability by reason of the issuance thereof.

(7) The commission may, out of any fund available therefor, purchase its bonds in the open market. [1983 c 161 § 15.]

43.180.160 Debt limitation. The total amount of outstanding indebtedness of the commission may not exceed one and one-half billion dollars at any time. The calculation of outstanding indebtedness shall include the initial principal amount of an issue and shall not include interest that is either currently payable or that accrues as a part of the face amount of an issue payable at maturity or earlier redemption. Outstanding indebtedness shall not include notes or bonds as to which the obligation of the commission has been satisfied and discharged by refunding or for which payment has been provided by reserves or otherwise. [1986 c 264 § 2; 1983 c 161 § 16.]

43.180.170 Bond issues—Disposition of proceeds—Special fund. Proceeds from the sale of all bonds issued under this chapter received by the commission shall be deposited forthwith by the commission in any trust company, savings bank, savings and loan association, or bank having the powers of a trust company within or without the state, in a special fund or funds established for the particular purposes for which the bonds were issued and sold, which money shall not be funds of the state of Washington. Such fund or funds shall at all times be segregated and set apart from all other funds and held in trust for the purposes for which such bonds were issued as determined by the commission. Money other than bond sale proceeds received by the commission for these same purposes, such as private contributions or grants from the federal government, may be deposited in such fund or funds. Proceeds received from the sale of the bonds may also be used to defray the expenses of the commission in connection with and incidental to the issuance and sale of bonds, as well as expenses for studies, surveys, estimates, plans, inspections, and examinations of or incidental to the purposes for which the bonds were issued, and other costs advanced therefor by third parties or by the commission. In lieu of the commission receiving and handling these moneys in the manner outlined in this section, the commission may appoint trustees, depositaries, paying agents, and other financial institutions within or without the state to perform the functions outlined and to receive, hold, disburse, invest, and reinvest such funds on its behalf and for the protection of the bondholders. [1983 c 161 § 17.]

43.180.180 Bond issues—Disposition of revenues—Special trust fund. All revenues received by the commission including funds received from contributions or grants or in any other form to pay principal of and interest on bonds or for other bond requirements such as reserves shall be deposited by the commission in any trust company, savings bank, savings and loan association, or bank having the powers of a trust company within or without the state, to the credit of a special trust fund or funds. The commission may establish a bond fund or funds, and a reserve, sinking fund and other accounts therein, for payment of principal and interest and for other special requirements of the bonds as determined by the commission. In lieu of the commission receiving and handling these moneys as outlined in this section, the commission may appoint trustees, depositaries, paying agents, and other financial institutions to perform the functions outlined and to receive, hold, disburse, invest, and reinvest such funds on its behalf and for the protection of the bondholders. Such revenues and funds, whether received and held by the commission or by others on its behalf, shall not be or constitute public funds of the state of Washington but at all times shall be kept segregated and apart from all other funds. [1983 c 161 § 18.]

43.180.190 Legal investments. Bonds issued under this chapter are hereby made securities in which all public officers and public bodies of the state and its political subdivisions, all insurance companies, trust companies in their commercial departments, savings banks, cooperative banks, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in obligations of the state may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivisions of the state for any purpose for which the deposit of bonds and other obligations of the state are now or may hereafter be authorized by law. [1983 c 161 § 19.]
43.180.200 Internal revenue code. For purposes of the code:

(1) The legislature reserves the right at any time to alter or change the structure, organization, programs, or activities of the commission and to terminate the commission, so long as the action does not impair any outstanding contracts entered into by the commission;

(2) Any net earnings of the commission beyond that necessary to retire its bonds and to carry out the purposes of this chapter shall not inure to the benefit of any person other than the state;

(3) Upon dissolution of the commission, title to all of its remaining property shall vest in the state;

(4) The commission constitutes the only housing finance agency of the state of Washington; and

(5) In order to take advantage of the maximum amount of tax exempt bonds for housing financing available pursuant to the code, any state ceiling with respect to housing shall be allocated in accordance with the following formula:

(a) Eighty percent of the state ceiling shall be allocated to the commission and twenty percent shall be allocated to the other issuing authorities in the state.

(b) The allocation to the issuing authorities other than the commission shall be distributed to such issuing authorities in amounts as determined following public notice by the department of community development pursuant to rules promulgated by it. The distribution shall be in response to applications received from such issuing authorities and shall be based on the following factors: (i) The amount of housing to be made available by such applicant; (ii) the population within the jurisdiction of the applicant; (iii) coordination with other applicable federal and state housing programs; (iv) the likelihood of implementing the proposed financing during that year; and (v) consistency with the plan of the commission. On or before February 1 of each year, the department of community development shall distribute the state ceiling allocation among such issuing authorities and any unused portion shall be added to the allocation of the commission. Each issuing authority other than the commission shall confirm its allocation distribution by providing to the department of community development no later than June 1 a copy of an executed bond purchase contract or alternative documentation deemed sufficient by the commission to evidence the reasonable likelihood of the allocation distribution being fully used. Any portion of such allocation not so confirmed shall be added to the allocation of the commission on July 1. Prior to July 1, the commission shall provide written notice of the allocation decrease to the affected issuing authority. The reallocation shall not limit the authority of the commission to assign a portion of its allocation pursuant to subsection (5)(c) of this section.

(c) The commission may assign a portion of its allocation to another issuing agency. [1986 c 264 § 3; 1985 c 6 § 15; 1984 c 28 § 1; 1983 c 161 § 20.]

43.185.010 Findings. The legislature finds that current economic conditions, federal housing policies and declining resources at the federal, state, and local level adversely affect the ability of low and very low-income persons to obtain safe, decent, and affordable housing.

The legislature further finds that members of over one hundred twenty thousand households live in housing units which are overcrowded, lack plumbing, are otherwise threatening to health and safety, and have rents and utility payments which exceed thirty percent of their income.

The legislature further finds that minorities, rural households, and migrant farm workers require housing assistance at a rate which significantly exceeds their proportion of the general population.

The legislature further finds that one of the most dramatic housing needs is that of persons needing special housing-related services, such as the mentally ill, recovering alcoholics, frail elderly persons, families with members who have disabilities, and single parents. These services include medical assistance, counseling, chore services, and child care.

The legislature further finds that housing assistance programs in the past have often failed to help those in greatest need.

The legislature declares that it is in the public interest to establish a continuously renewable resource known as the housing trust fund and housing assistance program to assist low and very low-income citizens in meeting their basic housing needs, and that the needs of very low-income citizens should be given priority and that whenever feasible,

43.190.010 Findings. The legislature finds that in order to comply with the federal Older Americans Act and to effectively assist residents, patients, and clients of long-term care facilities in the assertion of their civil and human rights, a long-term care ombudsman program should be instituted. [1983 c 290 § 1.]

43.190.020 "Long-term care facility" defined. As used in this chapter, "long-term care facility" means any of the following which provide services to persons sixty years of age and older and is:

(1) A facility which:
(a) Maintains and operates twenty-four hour skilled nursing services for the care and treatment of chronically ill or convalescent patients, including mental, emotional, or behavioral problems, mental retardation, or alcoholism;

(b) Provides supportive, restorative, and preventive health services in conjunction with a socially oriented program to its residents, and which maintains and operates twenty-four hour services including board, room, personal care, and intermittent nursing care. "Long-term health care facility" includes nursing homes and nursing facilities, but does not include acute care hospital or other licensed facilities except for that distinct part of the hospital or facility which provides nursing facility services.

(2) Any family home, group care facility, or similar facility determined by the secretary, for twenty-four hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual.

(3) Any swing bed in an acute care facility. [1991 s.p.s. c 8 § 3; 1983 c 290 § 2.]

Effective date—1991 s.p.s. c 8: See note following RCW 18.51.050.

43.190.030 Office of state long-term care ombudsman created—Powers and duties. There is created the office of the state long-term care ombudsman. The department of community development shall contract with a private nonprofit organization to provide long-term care ombudsman services as specified under, and consistent with, the federal older Americans act as amended, federal mandates, the goals of the state, and the needs of its citizens. The department of community development shall ensure that all program and staff support necessary to enable the ombudsman to effectively protect the interests of residents, patients, and clients of all long-term care facilities is provided by the nonprofit organization that contracts to provide long-term care ombudsman services. The long-term care ombudsman program shall have the following powers and duties:

(1) To provide services for coordinating the activities of long-term care ombudsmen throughout the state;

(2) Carry out such other activities as the department of community development deems appropriate;

(3) Establish procedures consistent with RCW 43.190.110 for appropriate access by long-term care ombudsmen to long-term care facilities and patients’ records, including procedures to protect the confidentiality of the records and ensure that the identity of any complainant or resident will not be disclosed without the written consent of the complainant or resident, or upon court order;

(4) Establish a state-wide uniform reporting system to collect and analyze data relating to complaints and conditions in long-term care facilities for the purpose of identifying and resolving significant problems, with provision for submission of such data to the department of social and health services and to the federal department of health and human services, or its successor agency, on a regular basis; and

(5) Establish procedures to assure that any files maintained by ombudsman programs shall be disclosed only at the discretion of the ombudsman having authority over the disposition of such files, except that the identity of any complainant or resident of a long-term care facility shall not be disclosed by such ombudsman unless:

(a) Such complainant or resident, or the complainant’s or resident’s legal representative, consents in writing to such disclosure; or

(b) Such disclosure is required by court order. [1988 c 119 § 2; 1983 c 290 § 3.]

Effective date—1988 c 119 § 2: “Section 2 of this act shall take effect July 1, 1989.” [1988 c 119 § 3.] Section 2 of this act consists of the 1988 c 119 amendment to RCW 43.190.030.

Legislative findings—1988 c 119: “The legislature recognizes that the state long-term care ombudsman program and the office of the state long-term care ombudsman, located within the department of social and health services, have brought into serious question the ability of that office to serve as an effective mechanism on the state level for investigating and resolving complaints made by or on behalf of residents of long-term care facilities.

The legislature further finds it necessary to exercise its options under the federal older Americans act and identify an organization, outside of the department of social and health services and independent of any other state agency, to provide, through contract, long-term care ombudsman services.” [1988 c 119 § 1.]

Survey—1988 c 119: “The committee on health care of the house of representatives shall conduct a survey and analysis of the appropriate placement outside of state government of the office of the state long-term care ombudsman. The survey shall ascertain how the contracted placement of the office will most effectively allow it to meet its responsibilities under chapter 43.190 RCW. A draft of the findings shall be submitted to the governor and the legislature before the first Friday in November 1988 and the final findings, conclusions, and recommendations shall be submitted in a report to the governor and the legislature no later than December 30, 1988.

The survey required shall include, but is not limited to, a complete assessment of how independently contracting the program outside state government will provide the office with an effective means for resolving complaints and building program accountability and integrity facilitating local involvement and contributing to long-term care policy development. The study shall also clearly identify and describe how this model for administering the duties and responsibilities of the ombudsman will affect the ability of the office to function as mandated under the federal older Americans act, and provide suggestions that will assist the office to coordinate information and assistance, to the fullest degree possible, with citizen groups, the general public, the nursing home industry, and local volunteer programs. The survey shall further specify the operational program details necessary for adopting the proposed independently contracted plan.” [1988 c 119 § 3.]

Use of survey findings—1988 c 119: “The survey findings, together with any reports of legislative committees in response to such survey, shall be used by the department of community development in determining the best manner to contract for and provide long-term care ombudsman services.” [1988 c 119 § 4.]

43.190.040 Long-term care ombudsmen. (1) Any long-term care ombudsman authorized by this chapter or a local governmental authority shall have training or experience in one or both in the following areas:

(2) A long-term care ombudsman shall not have been employed by any long-term care facility within the past three years.

(3) No long-term care ombudsman or any member of his or her immediate family shall have, or have had within the past three years, any pecuniary interest in the provision of long-term health care facilities. [1983 c 290 § 4.]
43.190.050 Posting of notice by long-term care facility—Distribution of information to residents. Every long-term care facility shall post in a conspicuous location a notice of the nursing home complaint toll-free number and the name, address, and phone number of the office of the appropriate long-term care ombudsman and a brief description of the services provided by the office. The form of the notice shall be approved by the office and the organization responsible for maintaining the nursing home complaint toll-free number. This information shall also be distributed to the residents, family members, and legal guardians upon the resident’s admission to the facility. [1983 c 290 § 5.]

43.190.060 Duties of ombudsman. A long-term care ombudsman shall:

(1) Investigate and resolve complaints made by or on behalf of older individuals who are residents of long-term care facilities relating to administrative action which may adversely affect the health, safety, welfare, and rights of these individuals;

(2) Monitor the development and implementation of federal, state, and local laws, rules, regulations, and policies with respect to long-term care facilities in this state;

(3) Provide information as appropriate to public agencies regarding the problems of individuals residing in long-term care facilities; and

(4) Provide for training volunteers and promoting the development of citizen organizations to participate in the ombudsman program. A volunteer long-term care ombudsman shall be able to identify and resolve problems regarding the care of residents in long-term care facilities and to assist such residents in the assertion of their civil and human rights. However, volunteers shall not be used for complaint investigations but may engage in fact-finding activities to determine whether a formal complaint should be submitted to the department. [1987 c 158 § 3; 1983 c 290 § 6.]

43.190.070 Referral procedures—Action on complaints. (1) The office of the state long-term care ombudsman shall develop referral procedures for all long-term care ombudsman programs to refer any complaint to any appropriate state or local government agency. The department of social and health services shall act as quickly as possible on any complaint referred to them by a long-term care ombudsman.

(2) The department of social and health services shall respond to any complaint against a long-term care facility which was referred to it by a long-term care ombudsman and shall forward to that ombudsman a summary of the results of the investigation and action proposed or taken. [1983 c 290 § 7.]

43.190.080 Development of procedures on right of entry to facilities—Access to residents—Preservation of rights. (1) The office of the state long-term care ombudsman shall develop procedures governing the right of entry of all long-term care ombudsmen to long-term care facilities and shall have access to residents with provisions made for privacy for the purpose of hearing, investigating, and resolving complaints of, and rendering advice to, individuals who are patients or residents of the facilities at any time deemed necessary and reasonable by the state ombudsman to effectively carry out the provisions of this chapter.

(2) Nothing in this chapter restricts, limits, or increases any existing right of any organizations or individuals not described in subsection (1) of this section to enter or provide assistance to patients or residents of long-term care facilities.

(3) Nothing in this chapter restricts any right or privilege of any patient or resident of a long-term care facility to receive visitors of his or her choice. [1983 c 290 § 8.]

43.190.090 Liability of ombudsman—Discriminatory, disciplinary, or retaliatory actions—Communications privileged—Testimony. (1) No long-term care ombudsman is liable for good faith performance of responsibilities under this chapter.

(2) No discriminatory, disciplinary, or retaliatory action may be taken against any employee of a facility or agency, any patient, resident, or client of a long-term care facility, or any volunteer, for any communication made, or information given or disclosed, to aid the long-term care ombudsman in carrying out its duties and responsibilities, unless the same was done maliciously or without good faith. This subsection is not intended to infringe on the rights of the employer to supervise, discipline, or terminate an employee for other reasons.

(3) All communications by a long-term care ombudsman, if reasonably related to the requirements of that individual’s responsibilities under this chapter and done in good faith, are privileged and that privilege shall serve as a defense to any action in libel or slander.

(4) A representative of the office is exempt from being required to testify in court as to any confidential matters except as the court may deem necessary to enforce this chapter. [1983 c 290 § 9.]

43.190.110 Confidentiality of records and files—Disclosures prohibited—Exception. All records and files of long-term care ombudsmen relating to any complaint or investigation made pursuant to carrying out their duties and the identities of complainants, witnesses, patients, or residents shall remain confidential unless disclosure is authorized by the patient or resident or his or her guardian or legal representative. No disclosures may be made outside the office without the consent of any named witnesses, resident, patient, client, or complainant unless the disclosure is made without the identity of any of these individuals being disclosed. [1983 c 290 § 11.]

43.190.120 Expenditure of funds on long-term care ombudsman program. It is the intent that federal requirements be complied with and the department annually expend at least one percent of the state’s allotment of social services funds from Title III B of the Older Americans Act of 1965, as it exists as of July 24, 1983, or twenty thousand dollars, whichever is greater to establish the state long-term care ombudsman program established by this chapter if funds are appropriated by the legislature. [1983 c 290 § 12.]

43.190.900 Severability—1983 c 290. If any provision of this act or its application to any person or circum-

43.200.020 Participation authority regarding federal statutes—Federal financial assistance. The department of ecology is designated as the executive branch agency for participation in the federal nuclear waste policy act of 1982 and the federal low-level radioactive waste policy act of 1980, however the legislature retains an autonomous role with respect to participation in all aspects of the federal nuclear waste policy act of 1982. The department may receive federal financial assistance for carrying out radioactive waste management activities, including assistance for expenses, salaries, travel, and monitoring and evaluating the program of repository exploration and siting undertaken by the federal government. [1989 c 322 § 2; 1984 c 161 § 2; 1983 1st ex.s. c 19 § 2.]

43.200.030 Cooperation required. All departments, agencies, and officers of this state and its subdivisions shall cooperate with the department of ecology in the furtherance of any of its activities pursuant to this chapter. [1989 c 322 § 3; 1984 c 161 § 4; 1983 1st ex.s. c 19 § 3.]

43.200.040 Nuclear waste board created—Membership—Compensation and travel expenses.

Reviser's note: RCW 43.200.040 was both amended and repealed during the 1989 legislative session, each without reference to the other. It has been decodified for publication purposes pursuant to RCW 1.12.025.

43.200.050 Advisory council established—General provisions. (Effective until June 30, 1994.) (1) An advisory council is hereby established of nineteen members, eleven of whom shall be appointed by the governor and eight of whom shall be legislators. The advisory council shall advise, counsel, and make recommendations to the department on all aspects of the radioactive waste management program. The council shall particularly advise the department on maximizing opportunities for public involvement in the program, soliciting public input, and assisting in the need for wide understanding of the issues involved in nuclear waste management. The governor shall appoint the chairman of the advisory council.

(2) The nonlegislative members of the council appointed by the governor shall be selected from all areas of the state and shall include a broad range of citizens. A representative of an affected Indian tribe shall be appointed by the governor as a member of the council. Terms of the nonlegislative council members shall not exceed two years and they shall continue to serve until their successors are appointed. Vacancies in a nonlegislative position shall be filled in the same manner as original appointments. The governor may reappoint a nonlegislative member and may appoint a...
replacement for a nonlegislative council member who is temporarily unable to fulfill the responsibilities required of a council member. The replacement shall serve at the pleasure of the governor. Nonlegislative members shall receive reimbursement for travel expenses incurred in the performance of their duties in accordance with RCW 43.03.050 and 43.03.060.

(3) Four members from the house of representatives shall be appointed to the council by the speaker of the house of representatives and four members from the senate shall be appointed by the president of the senate. No more than two members of each house may be of the same political party. The legislative members shall serve at the pleasure of the appointing officer. The legislative members shall receive reimbursement for travel expenses in accordance with RCW 44.04.120.

(4) The council shall hold its meetings at various locations within the state. [1989 c 322 § 4; 1984 c 161 § 6; 1983 1st ex.s. c 19 § 5.]

43.200.070 Rules. The department of ecology shall adopt such rules as are necessary to carry out responsibilities under this chapter. The department of ecology is authorized to adopt such rules as are necessary to carry out its responsibilities under chapter 43.145 RCW. [1989 c 322 § 5; 1986 c 2 § 5; 1984 c 161 § 8; 1983 1st ex.s. c 19 § 7.]

43.200.080 Additional powers and duties of director—Site closure account—Perpetual surveillance and maintenance account. The director of ecology shall, in addition to the powers and duties otherwise imposed by law, have the following special powers and duties:

(1) To fulfill the responsibilities of the state under the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington. The department of ecology may sublease to private or public entities all or a portion of the land for specific purposes or activities which are determined, after public hearing, to be in agreement with the terms of the lease and in the best interests of the citizens of the state consistent with any criteria that may be developed as a requirement by the legislature;

(2) To assume the responsibilities of the state under the perpetual care agreement between the state of Washington and the federal government executed July 29, 1965 and the sublease between the state of Washington and the site operator of the Hanford low-level radioactive waste disposal facility. In order to finance perpetual surveillance and maintenance under the agreement and ensure site closure under the sublease, the department of ecology shall impose and collect fees from parties holding radioactive materials for waste management purposes. The fees shall be established by rule adopted under chapter 34.05 RCW and shall be an amount determined by the department of ecology to be necessary to defray the estimated liability of the state. Such fees shall reflect equity between the disposal facilities of this and other states. A site closure account and a perpetual surveillance and maintenance account is hereby created in the state treasury. The site closure account shall be exclusively available to reimburse, to the extent that moneys are available in the account, the site operator for its costs plus a reasonable profit as agreed by the operator and the state, or to reimburse the state licensing agency and any agencies under contract to the state licensing agency for their costs in final closure and decommissioning of the Hanford low-level radioactive waste disposal facility. If a balance remains in the account after satisfactory performance of closure and decommissioning, this balance shall be transferred to the perpetual surveillance and maintenance account. The perpetual surveillance and maintenance account shall be used exclusively by the state to meet post-closure surveillance and maintenance costs, or for otherwise satisfying surveillance and maintenance obligations. Appropriations are required to permit expenditures and payment of obligations from the site closure account and the perpetual surveillance and maintenance account. All moneys, including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer’s service account [fund], pursuant to RCW 43.08.190 accruing under the authority of this section shall be directed to the site closure account until December 31, 1992. Thereafter receipts including earnings from the investment of balances in the site closure and the perpetual surveillance and maintenance account, less the allocation to the state treasurer’s service account [fund], pursuant to RCW 43.08.190 shall be directed to the site closure account and the perpetual surveillance and maintenance account as specified by the department. Additional moneys specifically appropriated by the legislature or received from any public or private source may be placed in the site closure account and the perpetual surveillance and maintenance account;

(3) To assure maintenance of such insurance coverage by state licensees, lessees, or sublessees as will adequately, in the opinion of the director, protect the citizens of the state against nuclear accidents or incidents that may occur on privately or state-controlled nuclear facilities;

(4) To institute a user permit system and issue site use permits, consistent with regulatory practices, for generators, packagers, or brokers using the Hanford low-level radioactive waste disposal facility. The costs of administering the user permit system shall be borne by the applicants for site use permits. The site use permit fee shall be set at a level that is sufficient to fund completely the executive and legislative participation in activities related to the Northwest Interstate Compact on Low-Level Radioactive Waste Management;

(5) To make application for or otherwise pursue any federal funds to which the state may be eligible, through the federal resource conservation and recovery act or any other federal programs, for the management, treatment or disposal, and any remedial actions, of wastes that are both radioactive and hazardous at all Hanford low-level radioactive waste disposal facilities; and

(6) To develop contingency plans for duties and options for the department and other state agencies related to the Hanford low-level radioactive waste disposal facility based on various projections of annual levels of waste disposal. These plans shall include an analysis of expected revenue to the state in various taxes and funds related to low-level radioactive waste disposal and the resulting implications that any increase or decrease in revenue may have on state agency duties or responsibilities. The plans shall be updated

Title 43 RCW: State Government—Executive

43.200.080

The department of ecology shall perform studies, by contract or otherwise, to define site closure and perpetual care and maintenance requirements for the Hanford low-level radioactive waste disposal facility and to assess the adequacy of insurance coverage for general liability, radiological liability, and transportation liability for the facility.

(2) The department shall complete the studies and report its findings to the legislature by December 31, 1987. The department shall make a preliminary progress report to the legislature by December 31, 1986. [1986 c 2 § 6.]

43.200.190 Studies on site closure and perpetual care and maintenance requirements and on adequacy of insurance coverage—Reports. (1) The department of ecology shall periodically review the potential for bodily injury and property damage arising from the transportation and disposal of commercial low-level radioactive waste under permits issued by the state.

(2) The director may require permit holders to demonstrate financial assurance in an amount that is adequate to protect the state and its citizens from all claims, suits, losses, damages, or expenses on account of injuries to persons and property damage arising or growing out of the transportation or disposal of commercial low-level radioactive waste. The financial assurance may be in the form of insurance, cash deposits, surety bonds, corporate guarantees, and other acceptable instruments or guarantees determined by the director to be acceptable evidence of financial assurance.

(3) In making the determination of the appropriate level of financial assurance, the director shall consider:

(a) The nature and purpose of the activity and its potential for injury and damages to or claims against the state and its citizens;

(b) The current and cumulative manifested volume and radioactivity of waste being packaged, transported, buried, or otherwise handled;

(c) The location where the waste is being packaged, transported, buried, or otherwise handled, including the proximity to the general public and geographic features such as geology and hydrology, if relevant; and

(d) The legal defense cost, if any, that will be paid from the required financial assurance amount.

(4) The director may establish different levels of required financial assurance for various classes of permit holders.

(5) The director shall establish by rule the instruments or mechanisms by which a permit applicant or holder may demonstrate financial assurance as required by RCW 43.200.210.

(6) The director shall complete a review and determination, and report the results to the legislature by December 1, 1994, and at least every five years thereafter, the director shall conduct a new review and determination and report its results to the legislature. [1992 c 61 § 1; 1990 c 82 § 1; 1986 c 191 § 1.]

(1992 Ed.)
43.200.210 Immunity of state—Demonstration of financial assurance—Suspension of permit. (1) The department of ecology shall require that any person who holds or applies for a permit under this chapter indemnify property damage, arising or growing out of any operations and activities for which the person holds the permit, and any necessary or incidental operations.

(2) The department of ecology shall refuse to issue or shall suspend the permit of any person required by this section to demonstrate adequate financial assurance who fails to demonstrate compliance with this section. The permit shall not be issued or reinstated until the person demonstrates compliance with this section.

(3) The department of ecology shall require (a) that any person required to demonstrate financial assurance maintain with the agency current copies of any insurance policies, certificates of insurance, or any other documents sufficient to evidence compliance with this section, (b) that the agency be notified of any changes in the instruments of financial assurance or financial condition of the person, and (c) that the state be named as an insured party on any insurance policy used to comply with this section. This subsection shall not apply to any person subject to the same requirements under RCW 70.98.095. [1992 c 61 § 2; 1990 c 82 § 2; 1986 c 191 § 2.]

43.200.220 Site closure fee—Generally. Beginning January 1, 1993, the department of ecology may impose a reasonable site closure fee if necessary to be deposited in the site closure account established under RCW 43.200.080. The department may continue to collect moneys for the site closure account until the account contains an amount sufficient to complete the closure plan, as specified in the radioactive materials license issued by the department of health. [1990 c 21 § 4.]

Rate regulation anticipated—1990 c 21: "State and national policy directs that the management of low-level radioactive waste shall be accomplished by a system of interstate compacts and the development of regional disposal sites. The Northwest regional compact, comprised of the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, and Washington, has as its disposal facility the low-level radioactive waste disposal site located near Richland, Washington. This site is expected to be the sole site for disposal of low-level radioactive waste for compact members effective January 1, 1993. Future closure of this site will require significant financial resources. Low-level radioactive waste is generated by essential activities and services that benefit the citizens of the state. Washington state’s low-level radioactive waste disposal site has been used by the nation and the Northwest compact states’ businesses and services, such as electrical production, medical and university research, and private industries, upon which the public relies, there may be a need to regulate the rates charged by the operator of Washington’s low-level radioactive waste disposal site." [1990 c 21 § 1.1] Low-level waste disposal rate regulation study: RCW 81.04.520.

43.200.230 Fees for waste generators. (Effective January 1, 1993.) The director of the department of ecology shall require that generators of waste pay a fee for each cubic foot of waste disposed at any facility in the state equal to six dollars and fifty cents. The fee shall be imposed specifically on the generator of the waste and shall not be considered to apply in any way to the low-level site operator’s disposal activities. The fee shall be allocated in accordance with RCW 43.200.233 and 43.200.235. This subsection shall be invalidated and the authorization to collect a surcharge removed if the legislature or any administrative agency of the state of Washington prior to January 1, 1993, (1) imposes fees, assessments, or charges other than perpetual care and maintenance, site surveillance, and site closing fees currently applicable to the Hanford commercial low-level waste site operator’s activities, (2) imposes any additional fees, assessments, or charges on generators using the Hanford commercial low-level waste site, or (3) increases any existing fees, assessments, or charges. [1991 c 272 § 16.]

Effective dates—1991 c 272: See RCW 81.108.901.

43.200.233 Waste generator surcharge remittal to counties. (Effective January 1, 1993.) A portion of the surcharge received under RCW 43.200.230 shall be remitted monthly to the county in which the low-level radioactive waste disposal facility is located in the following manner:

(1) During 1993, six dollars and fifty cents per cubic foot of waste;

(2) During 1994, three dollars and twenty-five cents per cubic foot of waste; and

(3) During 1995 and thereafter, two dollars per cubic foot of waste. [1991 c 272 § 17.]

Effective dates—1991 c 272: See RCW 81.108.901.

43.200.235 Disposal of waste generator surcharges. (Effective January 1, 1993.) Except for moneys that may be remitted to a county in which a low-level radioactive waste disposal facility is located, all surcharges authorized under RCW 43.200.230 shall be deposited in the fund created in RCW 43.31.422. [1991 c 272 § 18.]

Effective dates—1991 c 272: See RCW 81.108.901.

43.200.900 Construction of chapter. The rules of strict construction do not apply to this chapter and it shall be liberally construed in order to carry out the objective for which it is designed, in accordance with the legislative intent to give the board the maximum possible freedom in carrying the provisions of this chapter into effect. [1984 c 161 § 15; 1983 1st ex.s. c 19 § 10.]

43.200.901 Conflict with federal requirements—1983 1st ex.s. c 19. If any part of this act shall be found to be in conflict with federal requirements which are a prescribed condition to the allocation of federal funds to the state, such conflicting part of this act is hereby declared to be inoperative solely to the extent of such conflict and with respect to the agencies directly affected, and such finding or determination shall not affect the operation of the remainder of this act in its application to the agencies concerned. The rules and regulations under this act shall meet federal requirements which are a necessary condition to the receipt of federal funds by the state. [1983 1st ex.s. c 19 § 11.]
43.200.902 Severability—1983 1st ex.s. c 19. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 1st ex.s. c 19 § 12.]

43.200.903 Severability—1984 c 161. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1984 c 161 § 17.]

43.200.905 Construction—1986 c 191. The provisions of this act shall not have the effect of reducing the level of liability coverage required under any law, regulation, or contract of the state before December 31, 1987, or the effective date of the first determination made pursuant to RCW 43.200.200, if earlier. [1986 c 191 § 4.]

43.200.906 Severability—1986 c 191. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1986 c 191 § 6.]

Nuclear waste site—Election for disapproval: Chapter 29.91 RCW.

43.205.010 Findings. The legislature and the people of the state of Washington find that:

1. In order to solve the problem of high-level radioactive waste disposal, Congress established a process for selecting two sites for the safe, permanent, and regionally equitable disposal of such waste.

2. The process of selecting three sites as final candidates, including the Hanford reservation, for a first high-level nuclear waste repository by the United States Department of Energy violated the intent and the mandate of Congress.

3. The United States Department of Energy has prematurely deferred consideration of numerous potential sites and disposal media that its own research indicates are more appropriate, safer, and less expensive.

4. Placement of a repository at Hanford without methodical and independently verified scientific evaluation will pose a threat to the health and safety of the people and the environment of this state.

5. The selection process is flawed and not credible because it did not include independent experts in the selection of the sites and in the review of that selection, as recommended by the National Academy of Sciences.

6. By postponing indefinitely all site specific work for a second repository, the United States Department of Energy has not complied with the intent of Congress expressed in the Nuclear Waste Policy Act, Public Law 97-425, and the fundamental compromise which enabled its enactment. [1986 ex.s. c 1 § 1.]

43.205.020 Duties relating to the site selection process for a high-level nuclear waste repository. In order to achieve complete compliance with federal law and protect the health, safety, and welfare of the people of the state of Washington, the Governor, the legislature, other state-wide elected officials, and the nuclear waste board shall use all legal means necessary to:

1. Suspend the preliminary site selection process for a high-level nuclear waste repository, including the process of site characterization, until there is compliance with the intent of the Nuclear Waste Policy Act;

2. Reverse the Secretary of Energy's decision to postpone indefinitely all site specific work on locating and developing a second repository for high-level nuclear waste;

3. Insist that the United States Department of Energy's site selection process, when resumed, considers all acceptable geologic media and results in safe, scientifically justified, and regionally and geographically equitable high-level nuclear waste disposal;

4. Demand that Federal budget actions fully and completely follow the intent of the Nuclear Waste Policy Act; and

5. Continue to pursue alliances with other states and interested parties, particularly with Pacific Northwest governors, legislatures, and other parties, affected by the site selection and transportation of high-level nuclear waste. [1986 ex.s. c 1 § 2.]

SMALL BUSINESS EXPORT FINANCE ASSISTANCE CENTER
(Formerly: Export assistance center)

Sections
43.210.010 Findings.
43.210.050 Export assistance services contract with Department of trade and economic development.
43.210.100 Pacific Northwest export assistance project—Generally.
43.210.110 Duties of center regarding project.
43.210.120 Rules.

Reviser's note—Sunset Act application: The Pacific Northwest export assistance project is subject to review, termination, and possible extension under chapter 43.131 RCW, the Sunset Act. See RCW 43.131.373. RCW 43.210.070, 43.210.100, 43.210.110, and 43.210.120 are scheduled for future repeal under RCW 43.131.374.
43.210.010 Findings. The legislature finds:
(1) The exporting of goods and services from Washington to international markets is an important economic stimulus to the growth, development, and stability of the state's businesses in both urban and rural areas, and that these economic activities create needed jobs for Washingtonians.
(2) Impediments to the entry of many small and medium-sized businesses into export markets have restricted growth in exports from the state.
(3) Particularly significant impediments for many small and medium-sized businesses are the lack of easily accessible information about export opportunities and financing alternatives.
(4) There is a need for a small business export finance assistance center which will specialize in providing export assistance to small and medium-sized businesses throughout the state in acquiring information about export opportunities and financial alternatives for exporting. [1990 1st ex.s. c 17 § 65; 1985 c 231 § 1; 1983 1st ex.s. c 20 § 1.]

Intent—1990 1st ex.s. c 17: "The legislature finds that the Puget Sound region is experiencing economic prosperity and the challenges associated with rapid growth; much of the rest of the state is not experienc­ing economic prosperity, and faces challenges associated with slow economic growth. It is the intent of the legislature to encourage economic prosperity and balanced economic growth throughout the state.

In order to accomplish this goal, growth must be managed more effectively in the Puget Sound region, and rural areas must build local capacity to accommodate additional economic activity in their communities. Where possible, rural economies and low-income areas should be linked with prosperous urban economies to share economic growth for the benefit of all areas and the state.

To accomplish this goal it is the intent of the legislature to: (1) Assure equitable opportunities to secure prosperity for distressed areas, rural communities, and disadvantaged populations by promoting urban-rural economic links, and by promoting value-added product development, business networks, and increased exports from rural areas; (2) improve the economic development service delivery system to be better able to serve these areas, communities, and populations; (3) redirect the priorities of the state’s economic development programs to focus economic development efforts into areas and sectors of the greatest need; (4) build local capacity so that communities are better able to plan for growth and achieve self-reliance; (5) administer grant programs to promote new feasibility studies and project development on projects of interest to rural areas or areas outside of the Puget Sound region; and (6) develop a coordinated economic investment strategy involving state economic development programs, businesses, educational and vocational training institutions, local governments and local economic development organizations, ports, and others." [1990 1st ex.s. c 17 § 64.]

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

43.210.020 Small business export finance assistance center authorized—Purposes. A nonprofit corporation, to be known as the small business export finance assistance center, and branches subject to its authority, may be formed under chapter 24.03 RCW for the following public purposes:
(1) To assist small and medium-sized businesses in both urban and rural areas in the financing of export transactions.
(2) To provide, singly or in conjunction with other organizations, information and assistance to these businesses about export opportunities and financing alternatives.
(3) To provide information to and assist those businesses interested in exporting products, including the opportunities available to them in organizing export trading companies under the United States export trading company act of 1982, for the purpose of increasing their comparative sales volume and ability to export their products to foreign markets. [1990 1st ex.s. c 17 § 66; 1985 c 231 § 2; 1983 1st ex.s. c 20 § 2.]

Intent—1990 1st ex.s. c 17: See note following RCW 43.210.010.

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

Transfer of property—1985 c 231: "All reports, documents, surveys, books, records, files, papers, or written material in the possession of the export assistance center shall be delivered to the custody of the small business export finance assistance center. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the export assistance center shall be made available to the small business export finance assistance center. All funds, credits, or other assets held by the export assistance center shall be assigned to the small business export finance assistance center.

Whenever any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned." [1985 c 231 § 7.]

Existing contracts—1985 c 231: "All existing contracts and obligations shall remain in full force and shall be performed by the small business export finance assistance center." [1985 c 231 § 8.]

Savings—1985 c 231: "The transfer of the powers, duties, and functions of the export assistance center shall not affect the validity of any act performed prior to May 10, 1985." [1985 c 231 § 9.]

43.210.030 Board of directors—Membership—Terms—Vacancies. The small business export finance assistance center and its branches shall be governed and managed by a board of nineteen directors appointed by the governor and confirmed by the senate. The directors shall serve terms of six years except that two of the original directors shall serve for two years and two of the original directors shall serve for four years. The directors may provide for the payment of their expenses. The directors shall include a representative of a not-for-profit corporation formed for the purpose of facilitating economic development, at least two representatives of state financial institutions engaged in the financing of export transactions, a representative of a port district, and a representative of organized labor. The counseling agreements shall have mutual performance clauses, that if not met, will be grounds for releasing each party, without penalty, from the provisions of the agreement. Clients shall be immediately released from a counseling agreement with the Pacific Northwest export assistance project, without penalty, if a client wishes to switch to a private export management service and produces a valid contract signed with a private export management service, or if the president of the small business export finance assistance center determines there are compelling reasons to release a client from the provisions of the counseling agreement;

The president of the small business export finance assistance center may enter into negotiations with neighboring states to contract for delivery of the project’s services. Final contracts for providing the project’s counseling and services outside of the state of Washington on a permanent basis shall be subject to approval of the governor, appropriate legislative oversight committees, and the small business export finance assistance center’s board of directors.

(6) The small business export finance assistance center may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the Pacific Northwest export assistance project and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments.

(7) The president of the small business export finance assistance center, in consultation with the board of directors, may use the following formula in determining the number of clients that can be reasonably served by the Pacific Northwest export assistance project relative to its appropriation. Divide the amount appropriated for administration of the Pacific Northwest export assistance project by the marginal cost of adding each additional Pacific Northwest export assistance project client. For the purposes of this calculation, and only for the first biennium of operation, the biennial marginal cost of adding each additional Pacific Northwest export assistance project client shall be fifty-seven thousand ninety-five dollars. The biennial marginal cost of adding each additional client after the first biennium of operation shall be established from the actual operating experience of the Pacific Northwest export assistance project.

(8) All receipts from the Pacific Northwest export assistance project shall be deposited into the general fund. [1991 c 314 § 12.]

43.220.170 Exemption from unemployment compensation coverage. The services of corps members placed with agencies listed in RCW 43.220.020 are exempt from unemployment compensation coverage under RCW 50.44.040(5) and the enrollees shall be so advised by the department. [1983 1st ex.s. c 40 § 17.]

43.220.180 Identification of historic properties and sites in need of rehabilitation or renovation—Use of corps members. The state historic preservation officer shall review the state and national registers of historic places to identify publicly owned historic properties and sites within the state which are in need of rehabilitation or renovation and which could utilize parks and recreation conservation corps members in such rehabilitation or renovation. Any such tasks shall be performed in such a way as not to conflict with the historic character of the structure as determined by the state historic preservation officer.

Conservation corps members shall be made available for tasks identified by the state historic preservation officer in the rehabilitation and renovation of historic sites within the state. [1983 1st ex.s. c 40 § 18.]

43.220.190 Coordinating council. [1987 c 367 § 3; 1983 1st ex.s. c 40 § 20.]

43.220.210 Selection, review, approval, and evaluation of projects—Recruitment, job training and placement services. The Washington conservation corps coordinating council shall select, review, approve, and evaluate the success of projects under this chapter.

Up to fifteen percent of funds spent for recruitment, job training and placement services shall, wherever possible, be contracted through local educational institutions and/or nonprofit corporations.

Such contracts may include, but not be limited to, general education development testing, preparation of resumes and job search skills.

All contracts or agreements entered into by agencies listed in RCW 43.220.020 shall be reviewed by the council for compliance with legislative intent as set forth in this section. [1987 c 367 § 4; 1985 c 230 § 1.]

43.220.220 Use of funds for enrollees and members from distressed areas—Youth employment exchange—Evaluation of projects—Training plan. Sixty percent of the general funds available to the youth employment exchange as prescribed in chapter 50.65 RCW, and the Washington conservation corps shall be for enrollees and members from distressed areas and for projects in distressed areas. A distressed area shall mean: (1) A county which has an unemployment rate which is twenty percent above the state average for the immediately previous three years; (2) A community which has experienced sudden and severe loss of employment; or (3) An area within a county which area: (a) Is composed of contiguous census tracts; (b) Has a minimum population of five thousand persons; (c) The median household income is at least thirty-five percent below the county's median household income, as determined from data collected for the previous United States ten-year census; and (d) Has an unemployment rate which is at least forty percent higher than the county's unemployment rate. For purposes of this definition, "families and unrelated individuals" has the same meaning that is ascribed to that term by the federal department of housing and urban development in its regulations authorizing action grants for economic development and neighborhood revitalization projects.

The department of employment security shall evaluate projects on the basis of average cost per enrollee, public benefit of the proposed project, opportunity for placement of enrollees and corps members, degree of public and private support, and coordination of projects with other agencies. A training plan shall be developed for each corps member and enrollee. Preference shall be given to persons not less than eighteen years of age, and not older than twenty-three years of age. The department of employment security shall ensure the availability of corps members to respond to emergency projects and needs as they arise.

Agencies which do not develop projects which meet the department's requirements in the biennium, and result in unexpended funds, shall have those unexpended funds go to other distressed areas to encourage the recruitment of disadvantaged unemployed youth. [1985 c 230 § 2.]

*Reviser's note: See note following RCW 43.220.050.

43.220.230 Limitation on use of funds. (1) Not more than fifteen percent of the funds available for the Washington conservation corps and the Washington service corps prescribed in chapter 50.65 RCW shall be expended for the cost of administration. For the purpose of this chapter, administrative costs are defined as including, but not limited to, program planning and evaluation, budget development and monitoring, personnel management, contract administration, payroll, development of program reports, normal recruitment and placement procedures, standard office space, and costs and utilities.
(2) The fifteen percent limitation does not include costs for any of the following: Program support activities such as direct supervision of enrollees, counseling, job training, equipment, and extraordinary recruitment procedures necessary to fill project positions.

(3) The total costs for all items included under subsection (1) of this section and excluded from the fifteen percent lid under subsection (2) of this section shall not: (a) Exceed thirty percent of the appropriated funds available during a fiscal biennium for the Washington conservation corps and the Washington service corps programs; or (b) result in the average cost per enrollee exceeding the level established by the following formula: Corps member basic hourly wage multiplied by two thousand eighty. The tests included in items (a) and (b) of this subsection are in the alternative and it is only required that one of these tests be satisfied. For purposes of this section, the term administrative costs does not include those extraordinary placement costs of the department of employment security for which the department is eligible for reimbursement under RCW 43.220.240. The provisions of this section apply separately to each corps agency listed in RCW 43.220.020. [1990 c 71 § 3; 1985 c 230 § 3.]

Legislative finding—1990 c 71: "The legislature finds that the Washington conservation corps has proven to be an effective method to provide meaningful work experience for many of the state's young persons. Because of recent, and possible future, increases in the minimum wage laws, it is necessary to make an adjustment in the limitation that applies to corps member reimbursements." [1990 c 71 § 1.]

43.220.240 Staff support—Administration. Staff support to the department of employment security shall be provided by the Washington conservation corps coordinating council as established in RCW 43.220.190. The employment security department shall be the central administrative authority for data on projects, project requests, applicants and reports to the legislature. The department shall be reimbursed by the Washington conservation corps agencies specified in RCW 43.220.020. Reimbursement shall be for reasonable administrative costs associated with the department's role as the central administrative authority and for extraordinary placement costs incurred for the corps agencies. The Washington conservation corps coordinating council is to develop the most cost-effective administrative system to provide training, payroll, and purchasing services to the conservation corps agencies and present the system to the department for approval. The department shall select the administrative system which best meets the purposes of this chapter, and is cost-efficient. [1985 c 230 § 4.]

43.220.250 Reimbursement of nonprofit corporations for certain services. A nonprofit corporation which contracts with an agency listed in RCW 43.220.020 to provide a specific service, appropriate for the administration of this chapter which the agency cannot otherwise provide, may be reimbursed at the discretion of the agency for the reasonable costs the agency would absorb for providing those services. [1985 c 230 § 5.]

43.220.900 Termination of conservation corps—Expiration of chapter. The Washington conservation corps shall cease to exist and chapter 43.220 RCW shall expire on July 1, 1995, unless extended by law for an additional fixed period of time. [1987 c 367 § 5; 1983 1st ex.s. c 40 § 22.]

43.220.901 Severability—1983 1st ex.s. c 40. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 1st ex.s. c 40 § 24.]

43.220.902 Severability—1985 c 230. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 230 § 9.]

43.220.903 Severability—1987 c 367. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 367 § 6.]

(2) The members of the council shall select the chairperson from among their members. [1990 c 33 § 583; 1984 c 286 § 2.]

Sunset Act application: See note following chapter digest.

Legislative findings—1984 c 286: "The legislature finds that the provisions made for safety, emergency care, and athletic health care and training for persons of junior high or high school age are dramatically inferior to those made for athletes at either the postsecondary or professional levels. The legislature further finds that when care is provided at the junior high and high school level, participants in different athletic activities are not provided with equal care.

The legislature finds that the health and safety of the participants in athletics who are between twelve and eighteen years of age is of great importance. The legislature further finds that standards and guidelines for the health and safety of participants in organized athletics both in the high schools and junior high schools will help protect the young people of this state." [1984 c 286 § 1.]

Severability—1984 c 286: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1984 c 286 § 13.]

#### 43.240.010 Legislative findings

(Effective until June 30, 1994.) The legislature finds that unemployment remains persistently high in Washington. The economy, although diversifying, is shifting to a service-based economy and is still highly vulnerable to fluctuations in the national economy. In fact, unemployment has been consistently higher than the national average. Washington does not have a long-term economic development policy and has suffered from lack of a long-term plan in its attempt to resolve the economic problems which continue to plague the state.

Washington's economic development effort has not matched the scope of the problem. An essential first step is to establish a public and private consensus on a long-term economic development strategy which recognizes both the competitive position and needs of our key businesses and industries and the need to establish new businesses and industries. A unique partnership between the private and public sectors can attract new businesses and encourage greater investment in Washington state. [1985 c 467 § 9.]

#### 43.240.020 Washington state economic development board established—Responsibility

(Effective until June 30, 1994.) There is hereby established the Washington state economic development board, referred to in this chapter as the board. The board is charged with the responsibility for creating a long-term economic development strategy for the state. [1985 c 467 § 10.]

#### 43.240.030 Board—Composition—Officers—Terms—Vacancies—Meetings—Subcommittees—Travel expenses

[TITLE 43 RCW—page 479]
The director of trade and economic development, the
director of revenue, the director of financial management,
and the director of community development shall serve as ex
officio members of the board.

The governor shall, within fourteen days of July 1,
1985, appoint all members of the board, except those in
subsection (2) of this section who shall be appointed by their
respective caucuses. The first meeting of the board shall
occur within thirty days of July 1, 1985.

The governor shall serve as the chairperson and shall
designate a citizen member to serve as vice-chairperson of
the board. Members shall serve four-year terms. Members
are subject to dismissal by the governor due to the lack of
attendance or contribution. The position of a legislative
member shall become vacant if the member ceases to be a
member of the legislature. A vacancy in a legislative
position shall be filled by the original appointing authority.

The board shall include at least two representatives from
each of the state's congressional districts.

The board shall meet regularly and shall create subcom-
mittees as needed to deal with specific issues and concerns.
Members shall be reimbursed for travel expenses under
RCW 43.03.050 and 43.03.060, except legislative members
shall be reimbursed under RCW 44.04.120. [1987 c 195 §
15; 1985 c 467 § 11.]

43.240.040 Long-term development plan—Report.
(Effective until June 30, 1994.) (1) The board shall
develop a long-term economic development plan based on a
strategic analysis. The objective of the plan shall be to spur
new job creation and investment that is consistent with the
preservation of the state's quality of life and environment.
The board shall submit an initial plan to the governor and
the legislature by January 10, 1987, and shall submit
revisions to the plan based on continuing analysis and
oversight on January 10 of each year thereafter.

(2) The board shall produce a report by January 10,
1986, submitting the report to the governor and the legis-

(3) To propose an appropriate state role in new product
development, venture capital formation, and research and

evaluate the long-term benefits to the state of these efforts;
(5) To propose, along with other state, local, and private
groups, new methods to increase public and private partner-
ships to foster economic development efforts;
(6) To develop a long-term economic development
strategy based on consensus goals and principles, an in-depth
analysis of market opportunities, private sector support and
investment, and specific private and public economic
development measures which have a substantial potential to
increase employment;
(7) To study the key components of the state's business
climate as they relate to the long-term development strategy

existing environmental conditions, research and development,
capital, land, transportation, advanced communications, taxes,
and regulations with an analysis of their linkages to the key
traded sectors;
(8) To review the various economic development policy
recommendations made by other agencies or organizations
and recommend to the governor and legislature those
strategies, policies and programs it deems to be in the best
interest of the state;
(9) To make specific recommendations for the establish-

as may be reasonably required to assist the board in carrying

43.240.070 Implementation. (Effective until June
30, 1994.) The board shall implement RCW 43.240.010
through 43.240.060 only to the extent that funds are avail-
able. [1985 c 467 § 16.]

**43.250.010 Purpose.** The purpose of this chapter is to enable political subdivisions to participate with the state in providing maximum opportunities for the investment of surplus public funds consistent with the safety and protection of such funds. The legislature finds and declares that the public interest is found in providing maximum prudent investment of surplus funds, thereby reducing the need for additional taxation. The legislature also recognizes that not all political subdivisions are able to maximize the return on their temporary surplus funds. The legislature therefore provides in this chapter a mechanism whereby political subdivisions may, at their option, utilize the resources of the state treasurer’s office to maximize the potential of surplus funds while ensuring the safety of public funds. [1986 c 294 § 1.]

**43.250.020 Definitions.** Unless the context clearly requires otherwise, the definitions in this section shall apply throughout this chapter.

1. "Public funds investment account" or "investment pool" means the aggregate of all funds as defined in subsec-

**43.250.030 Public funds investment account.** There is created a trust fund to be known as the public funds investment account. The account is to be separately accounted for and invested by the state treasurer. All moneys remitted under this chapter shall be deposited in this account. All earnings on any balances in the public funds investment account, less moneys for administration pursuant to RCW 43.250.060, shall be credited to the public funds investment account. [1991 sp.s. c 13 § 86; 1990 c 106 § 2; 1986 c 294 § 3.]

*Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.*

**43.250.040 Authority of local government official to place funds in the public funds investment account—Investment of funds by state treasurer—Degree of judgment and care required.** If authorized by local ordinance or resolution, a local government official may place funds into the public funds investment account for investment and reinvestment by the state treasurer in those securities and investments set forth in RCW 43.84.080 and chapter 39.58 RCW. The state treasurer shall invest the funds in such manner as to effectively maximize the yield to the investment pool. In investing and reinvesting moneys in the public funds investment account and in acquiring, retaining, managing, and disposing of investments of the investment pool, there shall be exercised the judgment and care under the circumstances then prevailing which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of the funds considering the probable income as well as the probable safety of the capital. [1986 c 294 § 4.]
43.250.050 Employment of personnel. The state treasurer's office is authorized to employ such personnel as are necessary to administer the public funds investment account. The bond of the state treasurer as required by law shall be made to include the faithful performance of all functions relating to the investment pool. [1986 c 294 § 5.]

43.250.060 Investment pool—Generally. The state treasurer shall by rule prescribe the time periods for investments in the investment pool and the procedure for withdrawal of funds from the investment pool. The state treasurer shall promulgate such other rules as are deemed necessary for the efficient operation of the investment pool. The rules shall also provide for the administrative expenses of the investment pool, including repayment of the initial administrative costs financed out of the appropriation included in chapter 294, Laws of 1986, to be paid from the pool's earnings and for the interest earnings in excess of the expenses to be credited or paid to participants in the pool. The state treasurer may deduct the amounts necessary to reimburse the treasurer's office for the actual expenses the office incurs and to repay any funds appropriated and expended for the initial administrative costs of the pool. Any credits or payments to the participants shall be calculated and made in a manner which equitably reflects the differing amounts of the participants' respective deposits in the investment pool fund and the differing periods of time for which the amounts were placed in the investment pool. [1990 c 106 § 3; 1986 c 294 § 6.]

43.250.070 Investment pool—Separate accounts for participants—Monthly status report. The state treasurer shall keep a separate account for each participant having funds in the investment pool. Each separate account shall record the individual amounts deposited in the investment pool, the date of withdrawals, and the earnings credited or paid. The state treasurer shall report monthly the status of the respective account to each participant having funds in the pool during the previous month. [1990 c 106 § 4; 1986 c 294 § 7.]

43.250.080 Annual summary of activity. At the end of each fiscal year, the state treasurer shall submit to the governor, the state auditor, and the legislative budget committee a summary of the activity of the investment pool. The summary shall indicate the quantity of funds deposited; the earnings of the pool; the investments purchased, sold, or exchanged; the administrative expenses of the investment pool; and such other information as the state treasurer deems relevant. [1986 c 294 § 8.]

43.250.090 Administration of chapter—Rules. The state finance committee shall administer this chapter and adopt appropriate rules. [1986 c 294 § 9.]

43.270.010 Intent. The legislature recognizes that state-wide efforts aimed at reducing the incidence of substance abuse must be increased. The legislature further recognizes that the most effective strategy for reducing the impact of alcohol and other drug abuse is through the collaborative efforts of educators, law enforcement, local government officials, local treatment providers, and concerned community and citizens' groups.

The legislature intends to support the development and activities of community mobilization strategies against substance abuse through the following efforts:

(1) Provide funding support for prevention, treatment, and enforcement activities identified by communities that have brought together education, treatment, local government, law enforcement, and other key elements of the community;

(2) Provide technical assistance and support to help communities develop and carry out effective activities; and

(3) Provide communities with opportunities to share suggestions for state program operations and budget priorities. [1989 c 271 § 315.]

43.270.020 Grant program—Activities funded. There is established in the office of the governor a grant program to provide incentive for and support for communities to develop targeted and coordinated strategies to reduce the incidence and impact of substance abuse.

Activities which may be funded through this grant program include those which:

(1) Prevent substance abuse through educational and self-esteem efforts, development of positive alternatives, intervention with high-risk groups, and other prevention strategies;

(2) Support effective treatment by increasing access to and availability of treatment opportunities, particularly for underserved or highly impacted populations, developing aftercare and support mechanisms, and other strategies to increase the availability and effectiveness of treatment;

(3) Provide meaningful consequences for participation in illegal activity and promote safe and healthy communities through support of law enforcement strategies;

(4) Create or build on efforts by existing community programs, coordinate their efforts, and develop cooperative efforts or other initiatives to make most effective use of resources to carry out the community's strategy against substance abuse; and

(5) Other activities which demonstrate both feasibility and a rationale for how the activity will achieve measurable...
316. Objectives:

(1) The governor shall report to the legislature by January 1, 1991, regarding the operations of the grant program authorized in section 316 of this act. At a minimum, the report shall include the following:

(a) That proposals submitted for funding are based:

(b) A rationale for how this activity will achieve measurable results and how it will be evaluated;

(c) That funds requested are necessary and appropriate to effectively carry out the activity; and

(d) Evidence of active participation in preparation of the proposal and specific commitments to implementing the community-wide agenda by leadership from at least education, law enforcement, local government, tribal government, and treatment entities in the community, and the opportunity for meaningful involvement from others such as neighborhood and citizen groups, businesses, human service, health and job training organizations, and other key elements of the community, particularly those whose responsibilities in law enforcement, treatment, prevention, or other community efforts provide direct, ongoing contact with substance abusers, or those at risk for substance abuse.

(5) Identification of existing prevention, treatment, and law enforcement resources committed by the community, including financial and other support, and an explanation of how the community's strategy involves and builds on the efforts of existing organizations or coalitions that have been carrying out community efforts against substance abuse;

(6) Identification of activities that address specific objectives in the strategy for which additional resources are needed;

(7) Identification of additional local resources, including public or private funds, donated goods or services, and other measurable commitments, that have been committed to the activities identified in subsection (6) of this section;

(8) Identification of activities which address specific objectives in the strategy for which funding is requested. Activities should be presented in priority order;

(9) Each activity for which funding is requested must be explained in sufficient detail to demonstrate:

(a) Feasibility through deliberative design, specific objectivities, and realistic plan for implementation;

(b) A rationale for how this activity will achieve measurable results and how it will be evaluated;

(c) That funds requested are necessary and appropriate to effectively carry out the activity; and

(d) Evidence of additional local resources committed to its strategy totaling at least twenty-five percent of funds awarded under this section. These resources may consist of public or private funds, donated goods or services, and other measurable commitments, including in-kind contributions such as volunteer services, materials, supplies, physical facilities or a combination thereof; and

(e) That the funds applied for, if received, will not be used to replace funding for existing activities.

(1992 Ed.)
(2) In order to encourage and reward communities which develop coordinated or complementary strategies within geographic areas which correspond to units of government with significant responsibilities in the area of substance abuse, up to fifty percent of funds appropriated for the purposes of this chapter may be awarded on a per capita basis to eligible applications reflecting coordinated strategy from a county area or group of county areas. The governor may establish minimum allotments per eligible county areas up to fifteen thousand dollars; and

(3) No less than fifty percent of funds appropriated under this chapter shall be awarded on a competitive basis for activities by communities not participating in a county-wide strategy and activities identified by county-wide strategies but not funded through per capita grants. Eligible applications will be assessed and compared by a peer review committee whose members have experience in prevention, treatment, law enforcement, and other community efforts against substance abuse using the following criteria:

(a) The extent and impact of substance abuse;
(b) The extent to which key elements of the community are involved in and committed to the coordinated strategy;
(c) The extent of commitments of local resources to the coordinated strategy;
(d) The extent to which any activities in a community's strategy offer an innovative approach to a chronic, widespread problem.

The peer review committee will advise the governor on the extent to which each eligible applicant has met these criteria. The governor will distribute available funds based on this information.

(4) The governor shall distribute fifty percent of the initial appropriation for the purposes of this chapter no later than October 1, 1989, and the remainder no later than July 1, 1990.

(5) Activities funded under this section may be considered for funding in future years, but will be considered under the same terms and criteria of new activities. Funding under this section shall not constitute an obligation by the state of Washington to provide ongoing funding. [1989 c 271 § 320.]

43.270.070 Community suggestions. The governor shall ask communities for suggestions on state practices, policies, and priorities that would help communities implement their strategies against substance abuse. The governor or appropriate agency officials shall review and respond to those suggestions making necessary changes where feasible, making recommendations to the legislature where appropriate, and providing an explanation as to why suggested changes cannot be accomplished, if the suggestions cannot be acted upon. [1989 c 271 § 321.]

43.270.080 Gifts, grants, and endowments. The governor may receive such gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of RCW 43.270.010 through 43.270.080 and expend the same or any income therefrom according to the terms of the gifts, grants, or endowments. [1989 c 271 § 322.]

43.280.010 Intent. The legislature recognizes the need to increase the services available to the victims of sex offenders. The legislature also recognizes that these services are most effectively planned and provided at the local level through the combined efforts of concerned community and citizens groups, treatment providers, and local government officials. The legislature further recognizes that adequate treatment for victims is not only a matter of justice for the victim, but also a method by which additional abuse can be prevented.

The legislature intends to enhance the community-based treatment services available to the victims of sex offenders by:

(1) Providing funding support for local treatment programs which provide services to victims of sex offenders;
(2) Providing technical assistance and support to help communities plan for and provide treatment services; and
(3) Providing communities and local treatment providers with opportunities to share information about successful prevention and treatment programs. [1990 c 3 § 1201.]

43.280.020 Grant program—Funding priority. There is established in the department of community development a grant program to enhance the funding for treating the victims of sex offenders. Activities that can be funded through this grant program are limited to those that:

(1) Provide effective treatment to victims of sex offenders;
(2) Increase access to and availability of treatment for victims of sex offenders, particularly if from underserved populations; and
(3) Create or build on efforts by existing community programs, coordinate those efforts, or develop cooperative efforts or other initiatives to make the most effective use of resources to provide treatment services to these victims.

(1) Present evidence demonstrating how the criteria in RCW 43.280.010 will be met and demonstrating the effectiveness of the proposal.

(2) Contain evidence of active participation of the community and its commitment to providing an effective treatment service for victims of sex offenders through the participation of local governments, tribal governments, human service and health organizations, and treatment entities and through meaningful involvement from others, including citizen groups. [1990 c 3 § 1208.]

43.280.040 Organizations eligible. Local governments, nonprofit community groups, and nonprofit treatment providers including organizations which provide services, such as emergency housing, counseling, and crisis intervention shall, among others, be eligible for grants under the human service and health organizations, and treatment entities and through meaningful involvement from others, including citizen groups. [1990 c 3 § 1204.]

43.280.050 Applications—Minimum requirements. At a minimum, grant applications must include the following:

1. The geographic area from which the victims to be served are expected to come;
2. A description of the extent and effect of the needs of these victims within the relevant geographic area;
3. An explanation of how the funds will be used, their relationship to existing services available within the community, and the need that they will fulfill;
4. An explanation of what organizations were involved in the development of the proposal; and
5. An evaluation methodology. [1990 c 3 § 1206.]

43.280.060 Awarding of grants—Peer review committee. (1) Subject to funds appropriated by the legislature, the department of community development shall make awards under the grant program established by RCW 43.280.020. [1990 c 3 § 1205.]

(2) Awards shall be made competitively based on the purposes of and criteria in this chapter.

(3) To aid the department of community development in making its determination, the department shall form a peer review committee comprised of the executive administrator for the *crime victims’ advocacy office and individuals who have experience in the treatment of victims of predatory violent sex offenders. The peer review committee shall advise the department on the extent to which each eligible applicant meets the purposes and criteria of this chapter. The department shall consider this advice in making awards.

(4) Activities funded under this section may be considered for funding in future years, but shall be considered under the same terms and criteria as new activities. Funding under this chapter shall not constitute an obligation by the state of Washington to provide ongoing funding. [1990 c 3 § 1207.]

*Reviser’s note: The section creating the crime victims’ advocacy office, 1990 c 3 § 1202, was vetoed by the governor.

43.280.070 Gifts, grants, and endowments. 43.290.010 Office created.
43.290.020 Authority of office.
43.290.030 Effective date—1991 c 24.

43.290.005 Finding—Purpose. The legislature finds that it is in the public interest to create an office of international relations and protocol in order to: Make international relations and protocol a broad-based, focused, and functional part of state government; develop and promote state policies that increase international literacy and cross-cultural understanding among Washington state’s citizens; expand Washington state’s international cooperation role in such areas as the environment, education, science, culture, and sports; establish coordinated methods for responding to the increasing number of inquiries by foreign governments and institutions seeking cooperative activities within Washington state; provide leadership in state government on international relations and assistance to the legislature and state elected officials on international issues affecting the state; assist with multistate international efforts; and coordinate and improve communication and resource sharing among various state offices, agencies, and educational institutions with international programs.

It is the purpose of this chapter to bring these functions together in a new office under the governor in order to establish a visible, coordinated, and comprehensive approach to international relations and protocol. [1991 c 24 § 1.]

Transfer of authority—1991 c 24: “All powers, duties, and functions of the office of international relations and protocol in the department of trade and economic development are transferred to the office of international relations and protocol under the office of the governor.” [1991 c 24 § 8.]

43.290.010 Office created. The office of international relations and protocol is created under the office of the governor. The office shall serve as the state’s official liaison and protocol office with foreign governments. The governor shall appoint a director of the office of international relations and protocol, who shall serve at the pleasure of the governor.
Because of the diplomatic character of this office, the director and staff will be exempt from the provisions of chapter 41.06 RCW. The director will be paid a salary to be fixed by the governor in accordance with the provisions of RCW 43.03.040. The director may hire such personnel as may be necessary for the general administration of the office. To the extent permitted by law, state agencies may temporarily loan staff to the office of international relations and protocol to assist in carrying out the office's duties and responsibilities under this chapter. An arrangement to temporarily loan staff must have the approval of the staff members to be loaned and the directors of the office and the agencies involved in the loan. [1991 c 24 § 2.]

43.290.020 Authority of office. The office of international relations and protocol may:
(1) Create temporary advisory committees as necessary to deal with specific international issues. Advisory committee representation may include external organizations such as the Seattle consular corps, world affairs councils, public ports, world trade organizations, private nonprofit organizations dealing with international education or international environmental issues, organizations concerned with international understanding, businesses with experience in international relations, or other organizations deemed appropriate by the director.
(2) Accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this subsection. Such money and the interest accruing thereon shall not constitute public funds, shall be kept segregated and apart from funds of the state, and shall not be subject to appropriation or allotment by the state or subject to chapter 43.88 RCW. [1991 c 24 § 4.]

43.290.900 Effective date—1991 c 24. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1991. [1991 c 24 § 15.]

3. To make such rules for its own functioning and exercise such powers as may be appropriate for the discharge of the responsibilities of the board not in conflict with this chapter or the joint rules of the legislature.

4. Investigate possible unethical conduct by legislators or legislative employees of its own house. Any such investigation shall be conducted in accordance with the following procedures:

   a. A complaint may be filed by a legislator, legislative employee, member of the public, a board, or member of a board. Complaints must be written, signed under oath, and directed to the chairman of the appropriate board. The board shall determine if the complaint is within its jurisdiction and whether there are sufficient facts alleged which if true may support a finding of unethical conduct.

   b. If the board finds that the complaint is not within its jurisdiction, or is frivolous, or is made for the purpose of harassment, or that there are insufficient facts alleged which if true may support a finding of unethical conduct, it shall dismiss the complaint, so notify the complainant, the person charged, and the public with a copy of the complaint and the board's reasons for dismissal.

   c. If the board finds that a complaint is within its jurisdiction and there are sufficient facts alleged which if true may support a finding of unethical conduct, such board shall hold an investigative hearing and send a notice to the complainant and the person charged which shall include a copy of the complaint. The person charged shall receive at least thirty days' written notice of such hearing. The notice shall provide that the person charged shall be entitled to request the board to set an earlier hearing date, present evidence, cross-examine witnesses, be represented by counsel, and file an affidavit of prejudice within ten days of receipt of the notice as provided in subsection (4)(f) of this section.

   d. Investigative hearings shall be closed to the public unless, at least seventy-two hours prior to the hearing, the chairman receives from the person charged a written request that the hearing be open to the public.

   e. A board may designate a subcommittee composed of at least two members of the board, at least half of whom shall be lay members, to conduct investigative hearings. The board, or if designated thereby, any member or subcommittee of the board, may issue subpoenas for the attendance and testimony of witnesses and the production of documentary evidence relating to any matter under examination by the board or involved in any hearing, administer oaths or affirmations, examine witnesses, and receive evidence. In case of disobedience to a subpoena, the board may invoke the aid of any superior court of the state. Such court may, in case of refusal to obey a subpoena issued to such person, issue an order requiring such person to appear before the board, to produce documentary evidence, and/or to give evidence, and any failure to obey such order may be punished by that court as contempt. Notwithstanding any other provision of law, every public official, state agency, and local governmental unit shall furnish to the board any documents, records, data, statements, or information which the board designates as being necessary for the exercise of its functions, powers or duties.

   f. Members of a board shall be disqualified in any case: (i) involving persons whom such members cannot judge impartially, in which cases they shall disqualify themselves; or (ii) where the person charged files an affidavit of prejudice against a member or members whom he believes is unable to make an impartial judgment, in which case the disqualification shall be automatic: PROVIDED, That only one such affidavit may be filed in a single investigation. Whenever a member of the board is disqualified, the appropriate caucus chairman shall appoint pro temp, a replacement legislator or lay member as appropriate. Such appointment shall be subject to the consent of the caucus wherein the appointment is made.

   g. At the conclusion of the investigative hearings, a statement of findings of fact shall be prepared based upon...
evidence presented at the hearings. A copy of this statement shall be sent to the person charged who shall have at least ten days to offer a written rebuttal to the board. The board, on the basis of the findings of fact, any written rebuttal, and applicable standards of ethical conduct shall make a preliminary report which shall be subject to review and the rendering of a decision at the final hearing. Copies of the findings of fact, preliminary report, and notice of the date for a final hearing shall be sent by registered mail to the person charged. Such person may rebut the report not later than one week prior to the final hearing date, but shall in any event have a period of not less than two weeks in which to respond.

(h) The final hearing shall be open to the public. There shall be available at the hearing copies of the board’s findings of fact, preliminary report, and any written rebuttal received by the board from the person charged. The board shall, on the basis of these documents and any final statement made by the person charged, render a final decision as to whether the facts justify a finding of unethical conduct. A final decision must be agreed upon by at least six members of the board. The board shall notify the appropriate law enforcement agency directly if the board makes a finding that it has reasonable grounds to believe that a criminal violation has occurred.

(i) If the board in its final decision determines that the facts support a finding of unethical conduct, it shall include in its decision a specific recommendation for disciplinary action which may include but is not necessarily limited to: (i) In the case of a legislator, reprimand, censure, or expulsion, and when applicable, restitution; and (ii) in the case of a legislative employee, reprimand, suspension, or dismissal, and when applicable, restitution. Such decision shall be transmitted to the chief clerk of the house or the secretary of the senate as appropriate. Such officer shall deliver the report to his house at such time as that house is in session, for such action as that house deems appropriate.

(j) Upon receipt, complaints shall be assigned a reference number. Each board shall maintain and keep current for public inspection a status sheet which shall contain with respect to each complaint: its reference number, the date received by the board, and its present status, including the date of any hearings scheduled. The name of the complainant and the person charged shall be entered on the status sheet following the notification provided for in subsection (4)(c) of this section.

The secretary of the senate and the chief clerk of the house of representatives shall make available to the public copies of the status sheets, findings of fact, written rebuttals, preliminary reports, and final decisions issued by their respective boards. [1980 c 165 § 2; 1977 ex.s. c 218 § 8.]

Regular voting precincts may be divided or combined, or both. The notices shall be posted in ten of the most public places within the township sought to be disorganized. [1951 c 173 § 3.]

Proceedings for the disorganization of the township organization of a county may be commenced by the board of county commissioners through its filing a resolution with the county auditor directing that there be an election by the voters of the county upon the question. [1961 c 53 § 1.]

45.80.020  Election—Date. Upon the filing of the resolution the county auditor shall fix a date for holding an election thereon which may be either a special or general election date set not later than the general election next succeeding the filing of the resolution in the office of the county auditor. [1961 c 53 § 2.]

45.80.030  Election—Conduct and canvass. Elections held under the provisions of this chapter shall be conducted by the county auditor and canvassed by the county election board in the manner provided by law for the conducting and canvassing of returns of general elections within the county. [1961 c 53 § 3.]

45.80.040  Election—Order of disorganization—Receiver. If a majority of the votes cast upon the question favor disorganization of the township system of the county, the county auditor shall certify the results to the presiding judge of the superior court for the county, who shall enter an order of disorganization effective December 31st of that year and shall appoint the chairman of the board of county commissioners to act as receiver to wind up the affairs of the disorganized township. [1961 c 53 § 4.]

45.80.050  Powers and duties of receiver. The chairman of the board of county commissioners shall take possession of all the property, moneys, vouchers, records and books of the townships of the county, including those in any manner pertaining to its business, and proceed to wind up their affairs. He shall have the right to sue and be sued in all cases necessary or proper for the purpose of winding up the affairs of the townships. He is authorized to sell at public auction, after such public notice as the sheriff is required to give as to property sold on execution, all the property of the former townships, except property granted under the provisions of RCW 45.80.080. [1961 c 53 § 5.]

45.80.060  Tax levy by disorganized township barred—Levy to extinguish obligations. A township ordered disorganized by the court will not after the effective date of the order of disorganization levy any tax. However, the chairman of the board of county commissioners may be authorized by the court, when necessary for the extinguish-
ment of the obligations of the township, to levy taxes on all taxable property therein, to receive the taxes when collected and to apply them, together with the proceeds arising from any sales of property, to the extinguishment of the obligations of the townships. [1961 c 53 § 6.]

45.80.060 Final account—Payment of demands—Disposition of funds—Order of dissolution—Transfer of cemetery properties. When an election has resulted in an affirmative vote to disorganize the townships in a county, the chairman of the board of county commissioners shall take the following actions in the order indicated:

First, he shall pay all lawful demands against the townships, and then file a final account together with all vouchers, with the clerk of the superior court;

Second, if prior to the election a tax levy has been made by one or more of the townships, for collection the year following the election, and if a pro rata reduction has been caused in the levy of any junior taxing district in the county which would [not] have been required had the township made no levy, the chairman shall order the county treasurer to collect the township levy and to disburse to the junior taxing district whose levy was reduced by proration the sum of money by which its levy was so reduced; if the township levy is not sufficient for such payments, any available funds to the credit of the township shall be so paid;

Third, the chairman shall pay any remaining township funds to the county treasurer to be deposited to the credit of the several taxing districts of the county (except the state and county) in the following allocations: Each such taxing district of the county shall receive a share that bears the same proportion to the total amount as its assessed valuation within the township times its authorized levy last in process of collection (excepting excess levies) bears to the total assessed valuation of such taxing districts within the township times the total authorized levy (excepting excess levies) of such districts. Upon approval by the court of said final account the court shall sign proper orders dissolving said township;

Fourth, he shall transfer all cemetery properties, facilities, and funds, real and personal, together with all funds designated or intended for endowment care, perpetual care, or similar purposes to the cemetery authority succeeding to the operation and maintenance of such cemetery. All gifts and donations shall be applied strictly according to the requirements stipulated by the donor. Where donor has not otherwise specified, such funds shall be presumed to be endowment care funds within the meaning of chapter 68.44 RCW, and are to be devoted exclusively to the care, improvement, or embellishment of the cemetery or such other purposes authorized by RCW 68.40.060. [1971 c 19 § 3; 1961 c 53 § 7.]

45.80.080 Vesting of property—Management, conditions. Cemetery real property, buildings, and the furnishings and equipment used in connection with the operation of a cemetery shall pass to the cemetery authority succeeding to the control, management, and operation of the cemetery. All other real property, buildings, and the furnishings and equipment used in connection with buildings owned by the township shall pass to the county in fee upon the effective date of the order of disorganization. Such property, as all other county property, shall be managed and controlled by the board of county commissioners: PROVIDED, That the board shall for at least five years maintain and operate township meeting halls for community and public use. [1971 c 19 § 4; 1961 c 53 § 8.]

[1961 c 53 § 10.]
