PREFACE

Numbering system: The number of each section of this code is made up of three parts, in sequence as follows: Number of title; number of chapter within the title; number of section within the chapter. Thus RCW 1.04.020 is Title 1, chapter 4, section 20. The section part of the number (.020) is initially made up of three digits, constitutes a true decimal, and provides a facility for numbering new sections to be inserted between old sections already consecutively numbered, merely by adding one or more digits at the end of the number. In most chapters of the code, sections have been numbered by tens (.010, .020, .030, .040, etc.), leaving nine vacant numbers between original sections so that for a time new sections may be inserted without extension of the section number beyond three digits.

Citation to the Revised Code of Washington: The code should be cited as RCW; see RCW 1.04-.040. An RCW title should be cited Title 7 RCW. An RCW chapter should be cited chapter 7.24 RCW. An RCW section should be cited RCW 7.24.010. Through references should be made as RCW 7.24.010 through 7.24.100. Series of sections should be cited as RCW 7.24.010, 7.24.020, and 7.24.030.

History of the Revised Code of Washington; Source notes. The Revised Code of Washington was adopted by the legislature in 1950; see chapter 1.04 RCW. The original publication (1951) contained material variances from the language and organization of the session laws from which it was derived, including a variety of divisions and combinations of the session law sections. During 1953 through 1959, the Statute Law Committee, in exercise of the powers contained in chapter 1.08 RCW, completed a comprehensive study of these variances and, by means of a series of administrative orders or reenactment bills, restored each title of the code to reflect its session law source, but retaining the general codification scheme originally adopted. An audit trail of this activity has been preserved in the concluding segments of the source note of each section of the code so affected. The legislative source of each section is enclosed in brackets [ ] at the end of the section. Reference to session laws is abbreviated; thus "1891 c 23 § 1"; 1854 p 99 § 135" refers to section 1, chapter 23, Laws of 1891 and section 135, page 99, Laws of 1854. "Prior" indicates a break in the statutory chain, usually a repeal and reenactment. "RRS or Rem. Supp.—" indicates the parallel citation in Remington's Revised Code, last published in 1949.

Where, before restoration, a section of this code constituted a consolidation of two or more sections of the session laws, or of sections separately numbered in Remington's, the line of derivation is shown for each component section, with each line of derivation being set off from the others by use of small Roman numerals, "(i)," "(ii)," etc.

Where, before restoration, only a part of a session law section was reflected in a particular RCW section the history note reference is followed by the word "part."

"Formerly" and its correlative form "FORMER PART OF SECTION" followed by an RCW citation preserves the record of original codification.

Double amendments: Some double or other multiple amendments to a section made without reference to each other are set out in the code in smaller (8-point) type. See RCW 1.12.025.

Index: Titles 1 through 91 are indexed in the RCW General Index. Separate indexes are provided for the Rules of Court and the State Constitution.

Sections repealed or decodified; Disposition table: Memorials to RCW sections repealed or decodified are no longer carried in place. They are now tabulated in numerical order in the table entitled "Disposition of former RCW sections."

Codification tables: To convert a session law citation to its RCW number (for Laws of 1951 or later) consult the codification tables. A similar table is included to relate the disposition in RCW of sections of Remington's Revised Statutes.

Errors or omissions: (1) Where an obvious clerical error has been made in the law during the legislative process, the code reviser adds a corrected word, phrase, or punctuation mark in [brackets] for clarity. Such additions do not constitute any part of the law.

(2) Although considerable care has been used in the production of this code, within the limits of available time and facilities it is inevitable that in so large a work that there will be errors, both mechanical and of judgment. As such errors are detected or are believed to exist in particular sections, by those who use this code, it is requested that a note citing the section involved and the nature of the error be mailed to: Code Reviser, Legislative Building, Olympia, WA 98504, so that correction may be made in a subsequent publication.

The processed salmon shall be fit for human consumption and in a form suitable for distribution to individuals. The division of purchasing shall establish the required percentage at a level that does not discourage competitive bidding for the surplus salmon. The measure of the percentage is the combined value of all of the surplus salmon sold. The department of social and health services shall distribute the processed salmon to economically depressed individuals and state institutions pursuant to rules adopted by the department of social and health services. 75.08.265 Salmon fishing by Wanapum (Sokulk) Indians. The director may issue permits to members of the Wanapum band of Indians to take salmon for ceremonial and subsistence purposes. The department shall establish the areas in which the permits are valid and shall regulate the times for and manner of taking the salmon. This section does not create a right to fish commercially. [1983 1st ex.s. c 46 § 27; 1981 c 251 § 2. Formerly RCW 75.12.310.]

Legislative findings—1981 c 251: "The legislature finds that the Sokulk Indians, otherwise known as the Wanapum band of Indians, have made a significant effort to maintain their traditional tribal culture, including the activity of taking salmon for ceremonial and subsistence purposes. The legislature further finds that previously the state has encouraged ceremonial and subsistence fishing by the Wanapums by chapter 210, Laws of 1939 and other permission. Therefore, the intent of the legislature in enacting RCW 75.08.265 is to recognize the cultural importance of salmon fishing to only the Wanapum Indians by authorizing these people a ceremonial and subsistence fishery, while also preserving the state's ability to conserve and manage the salmon resource." 75.08.300 Release and recapture of salmon or steelhead unlawful—Exception—Penalty. (2) A violation of this section constitutes a gross misdemeanor. [1985 c 457 § 12.]

75.08.400 Legislative finding—1989 c 336. The legislature finds that:

(2) Salmon production is dependent on both wild and artificial production;

(3) The department of fisheries is directed to enhance Washington's salmon runs; and

(4) Full utilization of the state's salmon rearing facilities is necessary to enhance commercial and recreational fisheries. [1989 c 336 § 1.]

Severability—1989 c 336: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 336 § 7.]

75.08.410 Director's determination of salmon production costs. The director shall determine the cost of operating all state-funded salmon production facilities at full capacity and shall provide this information with the department's biennial budget request. [1989 c 336 § 2.]

Severability—1989 c 336: See note following RCW 75.08.400.

75.08.420 State purchase of private salmon smolts. The director may contract with cooperatives or private aquaculturists for the purchase of quality salmon smolts for release into public waters if all department fish rearing facilities are operating at full capacity. The intent of cooperative and private sector contracting is to explore the opportunities of cooperatively producing more salmon for the public fisheries without incurring additional capital expense for the department. [1989 c 336 § 3.]
Privately contracted smolts become the property of the state. They include but are not limited to the following: Bids, and accountability for over-all management of the recreation-time line program by region.

For management of each regional program, the director shall give preference to nonprofit corporations. The director shall establish the criteria for the contract, which shall include but not be limited to species, size of smolt, stock composition, quantity, quality, rearing location, release location, and other pertinent factors. [1989 c 336 § 4.]

Severability—1989 c 336: See note following RCW 75.08.400.

75.08.430 State purchase of private salmon smolts—Bids. If the director elects to contract with cooperatives or private aquaculturists for the purpose of purchasing quality salmon smolts, contracting shall be done by a competitive bid process. In awarding contracts to private contractors, the director shall give preference to nonprofit corporations. The director shall establish the criteria for the contract, which shall include but not be limited to species, size of smolt, stock composition, quantity, quality, rearing location, release location, and other pertinent factors. [1989 c 336 § 4.]

Severability—1989 c 336: See note following RCW 75.08.400.

75.08.440 State purchase of private salmon smolts—Private ocean ranching not authorized. Nothing in *this act shall authorize the practice of private ocean ranching. Privately contracted smolts become the property of the state at the time of release. [1989 c 336 § 5.]

*Reviser's note: "This act" [1989 c 336] consists of the enactment of RCW 75.08.400 through 75.08.450.

Severability—1989 c 336: See note following RCW 75.08.400.

75.08.450 State purchase of private salmon smolts—Availability of excess salmon eggs. The department may make available to private contractors salmon eggs in excess of department hatchery needs for the purpose of contract rearing to release the smolts into public waters. The priority of providing eggs to contract rearing shall be higher than providing eggs to aquaculture purposes which are not destined for release into Washington public waters. [1989 c 336 § 6.]

Severability—1989 c 336: See note following RCW 75.08.400.

75.08.460 Recreational fishery enhancement plan—Progress reports. The director shall report to the governor and the appropriate legislative committees regarding its progress on the recreational fishery enhancement plan giving the following minimum information:

(1) By July 1, 1990, and by July 1st each succeeding year a report shall include:
   (a) Progress on all programs within the plan that are referred to as already underway; and
   (b) Specific anticipated needs for additional FTE's, additional capital funds or other needed resources, including whether or not current budgetary dollars are sufficient.

(2) By November 1, 1990, and by November 1st each succeeding year a report shall provide the many specificities omitted from the recreational fishery enhancement plan. They include but are not limited to the following:
   (a) The name of the person assigned the responsibility and accountability for over-all management of the recreational fishery enhancement plan.
   (b) The name of the person responsible and accountable for management of each regional program.
   (c) The anticipated yearly costs related to each regional program.
   (d) The specific dates relative to attainment of the recreational fishery enhancement plan goals, including a time-line program by region.

(e) Criteria used for measurement of the successful attainment of the recreational fishery enhancement plan. [1990 c 91 § 2.]

Purpose of plan—1990 c 91: "The legislature is aware that the Washington state department of fisheries introduced a broad new program titled 'The Recreational Fishery Enhancement Plan' in October of 1989. The declared purpose of the plan is to emphasize recreational opportunities and develop the plan with emphasis on recreational salmon fishing.

The plan boldly adopts, as its chief goal, Governor Gardner's personal objective: Make Washington the recreational fishing capital of the nation. The director states this will be accomplished through a series of regional programs. The legislature commends the director for his recreational fishery enhancement plan and the various concepts it contains to meet the need for recreational emphasis.

The legislature recognizes that any plan such as the recreational fishery enhancement plan requires creative thinking, innovation, commitment, allocation of appropriate resources, and risk taking. Certain failures may occur in aspects of the programs but only through such far-sighted acceptance of risks will success be achieved.

Because of the importance of this effort to the state of Washington, the legislature and the thousands of Washington recreational fishers must be kept informed as to the progress and success of the recreational fishery enhancement plan." [1990 c 91 § 1.]

(3) The director may authorize commercial net fishing for salmon in the tributaries and sloughs from September 1 to November 30 if the time, areas and level of effort are regulated in order to maximize the recreational fishing opportunity while minimizing excess returns of fish to hatcheries. The director shall not authorize commercial net fishing if a significant catch of steelhead would occur. [1984 c 80 § 5; 1983 c 245 § 1.]

75.12.155 Unauthorized fishing vessels entering state waters. In order to protect the welfare of the citizens of the state of Washington by protecting the natural resources of the state from illegal fishing in state waters, commercial fishing vessels which are not authorized by law to fish for salmon in Washington state waters cannot enter Washington state waters unless all salmon fishing gear is stowed below deck or placed in a position so that it is not readily available for fishing. [1987 c 262 § 1.]

75.12.210 Limitation on salmon fishing gear in Pacific Ocean. (1) Except as provided in subsection (2) of this section, it is unlawful to fish for or take salmon with gear other than troll gear or angling gear within the offshore waters or the waters of the Pacific Ocean over which the state has jurisdiction lying west of the following line: Commencing at the point of intersection of the international boundary line in the Strait of Juan de Fuca and a line drawn between the lighthouse on Tatoosh Island in Clallam County and Bonilla Point on Vancouver Island; thence southerly to the lighthouse on Tatoosh Island; thence southerly to the most westerly point of Cape Flattery; thence southerly along the state shoreline of the Pacific Ocean, crossing any river mouths at their most westerly points of land, to Point Brown at the entrance to Grays Harbor; thence southerly to Point Chehalis Light on Point Chehalis; thence southerly from Point Chehalis along the state shoreline of the Pacific Ocean to Cape Shoolwater Light at the entrance to Willapa Bay; thence southerly to Leadbetter Point; thence southerly along the state shoreline of the Pacific Ocean to the inshore end of the North jetty at the entrance to the Columbia River; thence southerly to the knuckle of the South jetty at the entrance to said river.

(2) The director may authorize the use of nets for taking salmon in the waters described in subsection (1) of this section for scientific investigations. [1983 1st ex.s. c 46 § 60; 1957 c 108 § 3.]

Preamble—1957 c 108: "The state has a vital interest in the salmon resources of the Pacific Ocean both within and beyond the territorial limits of the state, in that a large number of such salmon spawn in its fresh water streams, migrate to the waters of the Pacific Ocean and, in response to their anadromous cycle, return to the fresh water streams to spawn.

Expansion of fishing for salmon by the use of nets in waters of the eastern Pacific Ocean, which has occurred in the past year, will result in a substantial depletion of salmon originating within the state because the salmon runs are intercepted before they separate to move in toward the rivers of their origin. Oregon, California and Canada, through their respective fisheries agencies, have likewise expressed a deep concern over this problem since portions of such salmon originate within their respective jurisdictions. Short of absolute prohibition, it appears to be presently impracticable to regulate salmon net fishing in such waters of the Pacific Ocean by any known scientific fisheries management techniques in order to insure adequate salmon escapement to the three Pacific Coast states and Canada, the reason being that salmon stocks and races are so commingled in such Pacific Ocean waters that they are indistinguishable as to origin until they enter the harbors, bays, straits and estuaries of the respective jurisdictions.

Canada, through its authorized officials, has proposed to prohibit its nationals from net fishing for salmon in Pacific Ocean waters provided the United States or the three Pacific Coast states apply such appropriate conservation measures to their respective citizens. Inasmuch as there is presently no congressional legislation prohibiting such fishing, and inasmuch as authorized officials of the state department of the United States have expressed a desire to have the states act in this area, the Pacific Marine Fisheries Commission has proposed and recommended appropriate legislation to the three Pacific Coast states to insure the survival of their valuable salmon resources." [1957 c 108 § 2. Formerly RCW 75.12.200.]

75.12.230 Possession or transportation in Pacific Ocean of salmon taken by other than troll lines or angling gear. Within the waters described in RCW 75.12.210, it is unlawful to transport or possess salmon on board a vessel carrying fishing gear of a type other than troll lines or angling gear, unless accompanied by a certificate issued by a state or country showing that the salmon have been lawfully taken within the territorial waters of the state or country. [1983 1st ex.s. c 46 § 61; 1963 c 234 § 2; 1957 c 108 § 5.]

75.12.320 Participation of non-Indians in Indian fishery forbidden—Exceptions, definitions, penalty. (1) Except as provided in subsection (2) of this section, it is unlawful for a person who is not a treaty Indian fisherman to participate in the taking of food fish or shellfish in a treaty Indian fishery, or to be on board a vessel, or associated equipment, operating in a treaty Indian fishery.

(2)(a) The spouse, forebears, siblings, children, and grandchildren of a treaty Indian fisherman may assist the fisherman in exercising treaty Indian fishing rights when the treaty Indian fisherman is present at the fishing site.

(b) Other treaty Indian fishermen with off-reservation treaty fishing rights in the same usual and accustomed places, whether or not the fishermen are members of the same tribe or another treaty tribe, may assist a treaty Indian fisherman in exercising treaty Indian fishing rights when the treaty Indian fisherman is present at the fishing site.

(c) Biologists approved by the department may be on board a vessel operating in a treaty Indian fishery.

(3) For the purposes of this section:

(a) "Treaty Indian fisherman" means a person who may exercise treaty Indian fishing rights as determined under United States v. Washington, 384 F. Supp. 312 (W.D. Wash. 1974), or Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon 1969), and post-trial orders of those courts;

(b) "Treaty Indian fishery" means a fishery open to only treaty Indian fishermen by tribal or federal regulation;

(c) "To participate" and its derivatives mean an effort to operate a vessel or fishing equipment, provide immediate supervision in the operation of a vessel or fishing equipment, or otherwise assist in the fishing operation, or to claim possession of a share of the catch.

(4) A violation of this section involving salmon constitutes illegal fishing and is subject to the sanctions provided under RCW 75.10.130. [1983 1st ex.s. c 46 § 63; 1982 c 197 § 1.]

75.12.390 Bottom trawling unlawful—Areas specified. Commercial bottom trawling for food fish and shellfish is unlawful in all areas of Hood Canal south of a line projected from Tala Point to Foulweather Bluff and in Puget Sound south of a line projected from Foulweather Bluff to Double Bluff and including all marine waters east of Whidbey Island and Camano Island. [1989 c 172 § 1.]

75.12.400 Unlawful to lift or set shellfish pots in Hood Canal at night. It is unlawful to lift or set shellfish pots from the waters of Hood Canal south of a line between the abutments of the Hood Canal bridge from one hour after sunset until one hour before sunrise. [1983 1st ex.s. c 46 § 64; 1982 c 14 § 2.]

75.12.410 Damaging department signs. It is unlawful to remove, possess, alter, or damage signs posted by authority of the director. [1983 1st ex.s. c 46 § 66; 1955 c 12 § 75.08.130. Prior: 1949 c 112 § 15; Rem. Supp. 1949 § 5780-214.Formerly RCW 75.08.130.]

75.12.420 Failure to make required reports and returns. It is unlawful for a fisherman, dealer, or processor of food fish or shellfish to fail to make a report or return as required by this title or rule of the director. [1983 1st ex.s. c 46 § 67; 1955 c 12 § 75.08.210. Prior: 1949 c 112 § 18; Rem. Supp. 1949 § 5780-217. Formerly RCW 75.08.210.]

75.12.430 False or misleading information. It is unlawful to give intentionally false or misleading information to the department as to the time, area, or waters in which food fish or shellfish were taken. [1983 1st ex.s. c 46 § 68; 1955 c 12 § 75.08.220. Prior: 1949 c 112 § 14; Rem. Supp. 1949 § 5780-213. Formerly RCW 75.08.220.]

75.12.650 Commercial salmon fishing—Authorized gear. It is unlawful to fish commercially for salmon using fishing gear not authorized for commercial salmon fishing by rule of the director. The director shall not authorize angling gear or other personal use gear for commercial salmon fishing. [1983 1st ex.s. c 46 § 69; 1969 ex.s. c 23 § 1.]

Effective date—1969 ex.s. c 23: "The provisions of this act shall become effective January 1, 1970." [1969 ex.s. c 23 § 2.] This applies to RCW 75.12.650.

Chapter 75.20
CONSTRUCTION PROJECTS IN STATE WATERS

Section 75.20.005 Informational brochure. The department of fisheries, the department of wildlife, the department of ecology, and the department of natural resources shall jointly develop an informational brochure that describes when permits and any other authorizations are required for flood damage prevention and reduction projects, and recommends
ways to best proceed through the various regulatory permitting processes. [1991 c 322 § 21.]

75.20.040 Fish guards required on diversion devices—Penalties, remedies for failure. A diversion device used for conducting water from a lake, river, or stream for any purpose shall be equipped with a fish guard approved by the director to prevent the passage of fish into the diversion device. The fish guard shall be maintained at all times when water is taken into the diversion device. The fish guards shall be installed at places and times prescribed by the director upon thirty days’ notice to the owner of the diversion device. It is unlawful for the owner of a diversion device to fail to comply with this section.

Each day the diversion device is not equipped with an approved fish guard is a separate offense. If within thirty days after notice to equip a diversion device the owner fails to do so, the director may take possession of the diversion device and close the device until it is properly equipped. Expenses incurred by the department constitute the value of a lien upon the diversion device and upon the personal property of the owner. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the action is taken. [1983 1st ex.s. c 46 § 70; 1955 c 12 § 75.20.040. Prior: 1949 c 112 § 45; Rem. Supp. 1949 § 5780-319.]

75.20.050 Review of permit applications to divert or store water—Water flow policy. It is the policy of this state that a flow of water sufficient to support game fish and food fish populations be maintained at all times in the streams of this state.

The director of ecology shall give the director of fisheries and the director of wildlife notice of each application for a permit to divert or store water. The director of fisheries and director of wildlife have thirty days after receiving the notice to state their objections to the application. The permit shall not be issued until the thirty-day period has elapsed.

The director of ecology may refuse to issue a permit if, in the opinion of the director of fisheries or director of wildlife, issuing the permit might result in lowering the flow of water in a stream below the flow necessary to adequately support food fish and game fish populations in the stream.

The provisions of this section shall in no way affect existing water rights. [1988 c 36 § 32; 1986 c 173 § 7; 1983 1st ex.s. c 46 § 71; 1955 c 12 § 75.20.050. Prior: 1949 c 112 § 46; Rem. Supp. 1949 § 5780-320.]

75.20.060 Fishways required in dams, obstructions—Penalties, remedies for failure. A dam or other obstruction across or in a stream shall be provided with a durable and efficient fishway approved by the director. Plans and specifications shall be provided to the department prior to the director’s approval. The fishway shall be maintained in an effective condition and continuously supplied with sufficient water to freely pass fish. It is unlawful for the owner, manager, agent, or person in charge of the dam or obstruction to fail to comply with this section.

If a person fails to construct and maintain a fishway or to remove the dam or obstruction in a manner satisfactory to the director, then within thirty days after written notice to comply has been served upon the owner, his agent, or the person in charge, the director may construct a fishway or remove the dam or obstruction. Expenses incurred by the department constitute the value of a lien upon the dam and upon the personal property of the person owning the dam. Notice of the lien shall be filed and recorded in the office of the county auditor of the county in which the dam or obstruction is situated. The lien may be foreclosed in an action brought in the name of the state.

If, within thirty days after notice to construct a fishway or remove a dam or obstruction, the owner, his agent, or the person in charge fails to do so, the dam or obstruction is a public nuisance and the director may take possession of the dam or obstruction and destroy it. No liability shall attach for the destruction. [1983 1st ex.s. c 46 § 72; 1955 c 12 § 75.20.060. Prior: 1949 c 112 § 47; Rem. Supp. 1949 § 5780-321.]

75.20.061 Director may modify inadequate fishways and fish guards. If the director determines that a fishway or fish guard described in RCW 75.20.040 and 75.20.060 and in existence on September 1, 1963, is inadequate, in addition to other authority granted in this chapter, the director may remove, relocate, reconstruct, or modify the device, without cost to the owner. The director shall not materially modify the amount of flow of water through the device. After the department has completed the improvements, the fishways and fish guards shall be operated and maintained at the expense of the owner in accordance with RCW 75.20.040 and 75.20.060. [1983 1st ex.s. c 46 § 73; 1963 c .153 § 1.]

Director of wildlife may modify, etc., inadequate fishways and protective devices: RCW 77.12.425.

75.20.090 If fishway is impractical, fish hatchery or cultural facility may be provided in lieu. Before a person commences construction on a dam or other hydraulic project for which the director determines that a fishway is impractical, the person shall at the option of the director:

1. Convey to the state a fish cultural facility on a site satisfactory to the director and constructed according to plans and specifications approved by the director, and enter into an agreement with the director secured by sufficient bond, to furnish water and electricity, without expense, and funds necessary to operate and maintain the facilities; or

2. Enter into an agreement with the director secured by sufficient bond to make payments to the state as the director determines are necessary to expand, maintain, and operate additional facilities at existing hatcheries within a reasonable distance of the dam or other hydraulic work to compensate for the damages caused by the dam or other hydraulic work.

A decision of the director under this section is subject to review in the superior court of the state for Thurston county. Each day that a person carries on construction work or operates a dam or hydraulic project without complying with this section is a separate offense. [1983 1st ex.s. c 46 § 74; 1955 c 12 § 75.20.090. Prior: 1949 c 112 § 48; Rem. Supp. 1949 § 5780-322.]

(1992 Ed.)
Hydraulic projects or other work—Plans and specifications—Approval—Criminal penalty—Emergencies. In the event that any person or government agency desires to construct any form of hydraulic project or perform other work that will use, divert, obstruct, or change the natural flow or bed of any of the salt or fresh waters of the state, such person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure the written approval of the department of fisheries or the department of wildlife as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 and 75.20.1002, the department of fisheries or the department of wildlife shall grant or deny approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within the mean higher high water line in salt water or within the ordinary high water line in fresh water, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay. Immediately upon determination that the forty-five day period is suspended, the department of fisheries or the department of wildlife shall notify the applicant in writing of the reasons for the delay. Approval is valid for a period of up to five years from date of issuance. The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If either the department of fisheries or the department of wildlife denies approval, that department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Chapter 34.05 RCW applies to any denial of project approval, conditional approval, or requirements for project modification upon which approval may be contingent. If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department of fisheries or the department of wildlife as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

For the purposes of this section and RCW 75.20.103, "bed" shall mean the land below the ordinary high water lines of state waters. This definition shall not include irrigation ditches, canals, storm water run-off devices, or other artificial watercourses except where they exist in a natural watercourse that has been altered by man.

The phrase "to construct any form of hydraulic project or perform other work" shall not include the act of driving across an established ford. Driving across streams or on wetted stream beds at areas other than established fords requires approval. Work within the ordinary high water line of state waters to construct or repair a ford or crossing requires approval.

For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department of fisheries or department of wildlife, through their authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section. Oral approval shall be granted immediately upon request, for a stream crossing during an emergency situation.

This section shall not apply to the construction of any form of hydraulic project or other work which diverts water for agricultural irrigation or stock watering purposes authorized under or recognized as being valid by the state's water codes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020. These irrigation or stock watering diversion and streambank stabilization projects shall be governed by RCW 75.20.103.

Severability—1988 c 279: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 272 § 6.]

Hydraulic projects to repair 1990 flood damage—Processing applications. The department of fisheries and the department of wildlife shall process hydraulic project applications submitted under RCW 75.20.100 or 75.20.103 within thirty days of receipt of the application. This requirement is only applicable for the
repair and reconstruction of legally constructed dikes, seawalls, and other flood control structures damaged as a result of flooding or windstorms that occurred in November and December 1990. [1991 c 322 § 12.]

75.20.1002 Expedited responses to project applications to repair 1990 flood damage—Expiration of section.
(1) This section shall apply only to projects:
(a) Needed to repair streambank and other damage done by the November or December 1990 flood events, or remove accumulated debris and gravel that significantly contributed to flooding during the November and December 1990 flood events; and
(b) That require permits or other authorization for removal of valuable materials as defined in RCW 79.90.060 or permits or authorization under RCW 75.20.100 or 75.20.103.
(2) The department of fisheries, the department of wildlife, and the department of natural resources shall expedite and coordinate any required responses to the project application. A complete application for approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work. Upon receipt of a completed application, the agency that first receives that application shall, within fifteen days, schedule and hold a coordination meeting with all appropriate state, local, or county permitting or authorizing agencies. The project applicant shall be invited to this meeting. The appropriate city, county, or town may coordinate their permit approval processes with the state agencies. As soon as possible, but no later than thirty days after the receipt of a complete application, all appropriate state agencies will deny or approve the project. Any conditions placed upon project approvals shall be coordinated among the state agencies so that those conditions do not conflict.
(3) It is the intent of the legislature that the process described in this section remain in effect until the legislature has an opportunity to enact legislation creating a coordinated, timely permitting process based on the report required in section 16, chapter 322, Laws of 1991. This section shall expire on June 30, 1993. [1991 c 322 § 22.]

75.20.1003 Hydraulic projects for irrigation, stock watering, or streambank stabilization—Plans and specifications—Approval—Criminal penalty—Emergencies.
In the event that any person or government agency desires to construct any form of hydraulic project or other work that diverts water for agricultural irrigation or stock watering purposes, or when such hydraulic project or other work is associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020, and when such diversion or streambank stabilization will use, divert, obstruct, or change the natural flow or bed of any river or stream or will utilize any waters of the state or materials from the stream beds, the person or government agency shall, before commencing construction or work thereon and to ensure the proper protection of fish life, secure a written approval from the department of fisheries or the department of wildlife as to the adequacy of the means proposed for the protection of fish life. This approval shall not be unreasonably withheld. Except as provided in RCW 75.20.1001 and 75.20.1002, the department of fisheries or the department of wildlife shall grant or deny the approval within forty-five calendar days of the receipt of a complete application and notice of compliance with any applicable requirements of the state environmental policy act, made in the manner prescribed in this section. The applicant may document receipt of application by filing in person or by registered mail. A complete application for an approval shall contain general plans for the overall project, complete plans and specifications of the proposed construction or work within ordinary high water line, and complete plans and specifications for the proper protection of fish life. The forty-five day requirement shall be suspended if (1) after ten working days of receipt of the application, the applicant remains unavailable or unable to arrange for a timely field evaluation of the proposed project; (2) the site is physically inaccessible for inspection; or (3) the applicant requests delay.

Immediately upon determination that the forty-five day period is suspended, the department of fisheries or the department of wildlife shall notify the applicant in writing of the reasons for the delay.

An approval shall remain in effect without need for periodic renewal for projects that divert water for agricultural irrigation or stock watering purposes and that involve seasonal construction or other work. Approval for streambank stabilization projects shall remain in effect without need for periodic renewal if the problem causing the need for the streambank stabilization occurs on an annual or more frequent basis. The permittee must notify the appropriate agency before commencing the construction or other work within the area covered by the approval.

The permittee must demonstrate substantial progress on construction of that portion of the project relating to the approval within two years of the date of issuance. If either the department of fisheries or the department of wildlife denies approval, that department shall provide the applicant, in writing, a statement of the specific reasons why and how the proposed project would adversely affect fish life. Protection of fish life shall be the only ground upon which approval may be denied or conditioned. Issuance, denial, conditioning, or modification shall be appealable to the hydraulic appeals board established in RCW 43.21B.005 within thirty days of the notice of decision. The burden shall be upon the department of fisheries or the department of wildlife to show that the denial or conditioning of an approval is solely aimed at the protection of fish life.

The department granting approval may, after consultation with the permittee, modify an approval due to changed conditions. The modifications shall become effective unless appealed to the hydraulic appeals board within thirty days from the notice of the proposed modification. The burden is on the department issuing the approval to show that changed conditions warrant the modification in order to protect fish life.

A permittee may request modification of an approval due to changed conditions. The request shall be processed within forty-five calendar days of receipt of the written request. A decision by the department that issued the approval may be appealed to the hydraulic appeals board.
within thirty days of the notice of the decision. The burden is on the permittee to show that changed conditions warrant the requested modification and that such modification will not impair fish life.

If any person or government agency commences construction on any hydraulic works or projects subject to this section without first having obtained written approval of the department of fisheries or the department of wildlife as to the adequacy of the means proposed for the protection of fish life, or if any person or government agency fails to follow or carry out any of the requirements or conditions as are made a part of such approval, the person or director of the agency is guilty of a gross misdemeanor. If any such person or government agency is convicted of violating any of the provisions of this section and continues construction on any such works or projects without fully complying with the provisions hereof, such works or projects are hereby declared a public nuisance and shall be subject to abatement as such.

For each application, the department of fisheries and the department of wildlife shall mutually agree on whether the department of fisheries or the department of wildlife shall administer the provisions of this section, in order to avoid duplication of effort. The department designated to act shall cooperate with the other department in order to protect all species of fish life found at the project site. If the department of fisheries or the department of wildlife receives an application concerning a site not in its jurisdiction, it shall transmit the application to the other department within three days and notify the applicant.

In case of an emergency arising from weather or stream flow conditions or other natural conditions, the department of fisheries or department of wildlife, through their authorized representatives, shall issue immediately upon request oral approval for removing any obstructions, repairing existing structures, restoring stream banks, or to protect property threatened by the stream or a change in the stream flow without the necessity of obtaining a written approval prior to commencing work. Conditions of an oral approval shall be reduced to writing within thirty days and complied with as provided for in this section.

For purposes of this chapter, "streambank stabilization" shall include but not be limited to log and debris removal, bank protection (including riprap, jetties, and groins), gravel removal and erosion control. [1991 c 322 § 31; 1988 c 272 § 2; 1988 c 36 § 34; 1986 c 173 § 2.]

Severability—1988 c 272: See note following RCW 75.20.100.

75.20.104 Placement of woody debris as condition of permit. Whenever the placement of woody debris is required as a condition of a hydraulic permit approval issued pursuant to RCW 75.20.100 or 75.20.103, the department of fisheries and the department of wildlife, upon request, shall invite comment regarding that placement from the local governmental authority, affected tribes, affected federal and state agencies, and the project applicant. [1991 c 322 § 18.]

75.20.1041 Dike vegetation management guidelines—Memorandum of agreement. The department of fisheries, the department of wildlife, and the department of ecology will work cooperatively with the United States army corps of engineers to develop a memorandum of agreement outlining dike vegetation management guidelines so that dike owners are eligible for coverage under P.L. 84-99, and state requirements established pursuant to RCW 75.20.100 and 75.20.103 are met. [1991 c 322 § 19.]

75.20.106 Hydraulic projects—Civil penalty. The department of fisheries and the department of wildlife may each levy civil penalties of up to one hundred dollars per day for violation of any provisions of RCW 75.20.100 or 75.20.103. The penalty provided shall be imposed by notice in writing, either by certified mail or personal service to the person incurring the penalty, from the director of the appropriate department or that director's designee describing the violation. Any person incurring any penalty under this chapter may appeal the same under chapter 34.05 RCW to the director of the department levying the penalty. Appeals shall be filed within thirty days of receipt of notice imposing any penalty. The penalty imposed shall become due and payable thirty days after receipt of a notice imposing the penalty unless an appeal is filed. Whenever an appeal of any penalty incurred under this chapter is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

If the amount of any penalty is not paid within thirty days after it becomes due and payable the attorney general, upon the request of the director of the department of fisheries or the department of wildlife shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action. All penalties recovered under this section shall be paid into the state's general fund. [1988 c 36 § 35; 1986 c 173 § 6.]

75.20.110 Columbia River anadromous fish sanctuary—Restrictions. (1) Except for the north fork of the Lewis river and the White Salmon river, all streams and rivers tributary to the Columbia river downstream from McNary dam are established as an anadromous fish sanctuary. This sanctuary is created to preserve and develop the food fish and game fish resources in these streams and rivers and to protect them against undue industrial encroachment. (2) Within the sanctuary area:

(a) It is unlawful to construct a dam greater than twenty-five feet high within the migration range of anadromous fish as jointly determined by the director of fisheries and the director of wildlife.
(b) Except by concurrent order of the director of fisheries and director of wildlife, it is unlawful to divert water from rivers and streams in quantities that will reduce the respective stream flow below the annual average low flow, based upon data published in United States geological survey reports.

(3) The director of fisheries and the director of wildlife may acquire and abate a dam or other obstruction, or acquire...
any water right vested on a sanctuary stream or river, which is in conflict with the provisions of subsection (2) of this section.

(4) Subsection (2)(a) of this section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States Army corps of engineers. [1988 c 36 § 36; 1985 c 307 § 5; 1983 1st exs. c 46 § 76; 1961 c 4 § 1; Initiative Measure No. 25, approved November 8, 1960.]

Severability—1961 c 4: "If any section or provision or part thereof of this act shall be held unconstitutional or for any other reason invalid, the invalidity of such section, provision or part thereof shall not affect the validity of the remaining sections, provisions or parts thereof which are not judged to be invalid or unconstitutional." [1961 c 4 § 3 (Initiative Measure No. 25, approved November 8, 1960.)]

75.20.130 Hydraulic appeals board—Members—Jurisdiction—Procedures. (1) There is hereby created within the environmental hearings office under RCW 43.21B.005 the hydraulic appeals board of the state of Washington.

(2) The hydraulic appeals board shall consist of three members: The director of the department of ecology or the director's designee, the director of the department of agriculture or the director's designee, and the director or the director's designee of the department whose action is appealed under subsection (6) of this section. A decision must be agreed to by at least two members of the board to be final.

(3) The board may adopt rules necessary for the conduct of its powers and duties or for transacting other official business.

(4) The board shall make findings of fact and prepare a written decision in each case decided by it, and that finding and decision shall be effective upon being signed by two or more board members and upon being filed at the hydraulic appeals board's principal office, and shall be open to public inspection at all reasonable times.

(5) The board has exclusive jurisdiction to hear appeals arising from the approval, denial, conditioning, or modification of a hydraulic approval issued by either the department of fisheries or the department of wildlife under the authority granted in RCW 75.20.103 for the diversion of water for agricultural irrigation or stock watering purposes or when associated with streambank stabilization to protect farm and agricultural land as defined in RCW 84.34.020.

(6)(a) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic approval pursuant to RCW 75.20.103 may seek review from the board by filing a request for the same within thirty days of notice of the approval, denial, conditioning, or modification of such approval.

(b) The review proceedings authorized in (a) of this subsection are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. [1989 c 175 § 160; 1988 c 272 § 3; 1988 c 36 § 37; 1986 c 173 § 4.]

75.20.140 Hydraulic appeals board—Procedures. (1) In all appeals over which the hydraulic appeals board has jurisdiction, a party taking an appeal may elect either a formal or informal hearing. Such election shall be made according to the rules of practice and procedure to be adopted by the hydraulic appeals board. In the event that appeals are taken from the same decision, order, or determination, by different parties and only one of such parties elects a formal hearing, a formal hearing shall be granted.

(2) In all appeals, the hydraulic appeals board shall have all powers relating to administration of oaths, issuance of subpoenas, and taking of depositions, but such powers shall be exercised in conformity with chapter 34.05 RCW.

(3) In all appeals involving a formal hearing, the hydraulic appeals board, and each member thereof, shall be subject to all duties imposed upon and shall have all powers granted to, an agency by those provisions of chapter 34.05 RCW relating to adjudicative proceedings.

(4) All proceedings, including both formal and informal hearings, before the hydraulic appeals board or any of its members shall be conducted in accordance with such rules of practice and procedure as the board may prescribe. Such rules shall be published and distributed.

(5) Judicial review of a decision of the hydraulic appeals board shall be de novo except when the decision has been rendered pursuant to the formal hearing, in which event judicial review may be obtained only pursuant to RCW 34.05.510 through 34.05.598. [1989 c 175 § 161; 1986 c 173 § 5.]

Effective date—1989 c 175: See note following RCW 34.05.010.

75.20.150 Processing of permits or authorizations for emergency water withdrawal and facilities to be expedited. All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. [1989 c 171 § 8; 1987 c 343 § 6.]

Severability—1989 c 171: See note following RCW 43.83B.400.

75.20.160 Marine beach front protective bulkheads or rockwalls. (1) In order to protect the property of marine waterfront shoreline owners it is necessary to facilitate issuance of hydraulic permits for bulkheads or rockwalls under certain conditions.

(2) The department shall issue a hydraulic permit with or without conditions within forty-five days of receipt of a complete and accurate application which authorizes commencement of construction, replacement, or repair of a marine beach front protective bulkhead or rockwall for single-family type residences or property under the following conditions:

(a) The waterward face of a new bulkhead or rockwall shall be located only as far waterward as is necessary to excavate for footings or place base rock for the structure and under no conditions shall be located more than six feet waterward of the ordinary high water line;
(b) Any bulkhead or rockwall to replace or repair an existing bulkhead or rockwall shall be placed along the same alignment as the bulkhead or rockwall it is replacing; however, the replaced or repaired bulkhead or rockwall may be placed waterward of and directly abutting the existing structure only in cases where removal of the existing bulkhead or rockwall would result in environmental degradation or removal problems related to geological, engineering, or safety considerations;

(c) Construction of a new bulkhead or rockwall, or replacement or repair of an existing bulkhead or rockwall waterward of the existing structure shall not result in the permanent loss of critical food fish or shellfish habitats; and

(d) Timing constraints shall be applied on a case-by-case basis for the protection of critical habitats, including but not limited to migration corridors, rearing and feeding areas, and spawning habitats, for the proper protection of fish life.

(3) Any bulkhead or rockwall construction, replacement, or repair not meeting the conditions in this section shall be processed under this chapter in the same manner as any other application.

(4) Any person aggrieved by the approval, denial, conditioning, or modification of a hydraulic permit approval under this section may formally appeal the decision to the hydraulic appeals board pursuant to this chapter. [1991 c 279 § 1.]

75.20.300 Mt. St. Helens eruption—Flood-control, sediment retention site acquisition, and dredging operations in rivers—Fish resource protection—Expiration of section. (1) The legislature intends to expedite flood-control, acquisition of sites for sediment retention, and dredging operations in those rivers affected by the May 1980 eruption of Mt. St. Helens, while continuing to protect the fish resources of these rivers.

(2) The director of fisheries and director of wildlife shall process hydraulic project applications submitted under RCW 75.20.100 within fifteen working days of receipt of the application. This requirement is only applicable to flood control and dredging projects located in the Cowlitz river from mile 22 to the confluence with the Columbia, and in the Toutle river from the mouth to the North Fork Toutle sediment dam site at North Fork mile 12, and to river mile 3 on the South Fork Toutle river, and volcano-affected areas of the Columbia river.

(3) For the purposes of this section, the emergency provisions of RCW 75.20.100 may be initiated by the county legislative authority if the project is necessary to protect human life or property from flood hazards, including:

(a) Flood fight measures necessary to provide protection during a flood event; or

(b) Measures necessary to reduce or eliminate a potential flood threat when other alternative measures are not available or cannot be completed prior to the expected flood threat season; or

(c) Measures which must be initiated and completed within an immediate period of time and for which processing of the request through normal methods would cause a delay to the project and such delay would significantly increase the potential for damages from a flood event.

(4) This section does not apply to the sediment retention structure to be built on the North Fork Toutle river by the United States army corps of engineers.

(5) This section expires on June 30, 1995. [1989 c 213 § 3; 1988 c 36 § 38; 1985 c 307 § 6; 1984 c 80 § 3; 1983 1st ex.s. c 46 § 77; 1983 1st ex.s. c 1 § 7; 1982 c 7 § 8.]

75.20.310 Operation and maintenance of fish collection facility on Toutle river. The legislature recognizes the need to mitigate the effects of sedimentary build-up and resultant damage to fish population in the Toutle river resulting from the Mt. St. Helens eruption. The state has entered into a contractual agreement with the United States army corps of engineers designed to minimize fish habitat disruption created by the sediment retention structure on the Toutle river, under which the corps has agreed to construct a fish collection facility at the sediment retention structure site conditional upon the state assuming the maintenance and operation costs of the facility. The department of wildlife and the department of fisheries shall cooperatively operate and maintain a fish collection facility on the Toutle river. Each agency shall share in the cost of operating and maintaining the facility. [1988 c 36 § 39; 1987 c 506 § 101.]

Sanitary control of shellfish: Chapter 69.30 RCW.

75.24.010 State oyster reserves established. The following areas are the state oyster reserves and are more completely described in maps and plats on file in the office of the commissioner of public lands and in the office of the auditor of the county in which the reserve is located:

1. Puget Sound Oyster Reserves:

(a) Totten Inlet reserves (sometimes known as Oyster Bay reserves), located in Totten Inlet, Thurston county;

(b) Eld Inlet reserves (sometimes known as Mud Bay reserves), located in Mud Bay, Thurston county;
The department shall manage each category of oyster reserve land to maximize the sustained yield production of shellfish consistent with the purpose for establishment of each management category.

The department shall develop an oyster reserve management plan, to include recommendations for leasing reserve lands, in coordination with the shellfish industry, by January 1, 1986. The report shall be presented to the house and senate committees on natural resources.

The director shall protect, reseed, improve the habitat of, and replant state oyster reserves and issue cultch permits. [1985 c 256 § 1; 1983 1st ex.s. c 46 § 81; 1969 ex.s. c 91 § 1; 1955 c 12 § 75.24.060. Prior: 1949 c 112 § 56; Rem. Supp. 1949 § 5780-403.]

75.24.065 Olympia oysters—Cultivation on reserves in Puget Sound. The legislature finds that current environmental and economic conditions warrant a renewal of the state's historical practice of actively cultivating and managing its oyster reserves in Puget Sound to produce the state's native oyster, the Olympia oyster. The department of fisheries shall reestablish dike cultivated production of Olympia oysters on such reserves on a trial basis as a tool for planning more comprehensive cultivation by the state. [1985 c 256 § 2.]

75.24.070 Sale of shellfish from state oyster reserves. The director shall determine the time, place, and method of sale of oysters and other shellfish from state oyster reserves.

To maintain local communities and industries and to restrain the formation of monopolies in the industry, the director shall determine the number of bushels which shall be sold to a person. When the shellfish are sold at public auction, the director may reject any and all bids. [1983 1st ex.s. c 46 § 82; 1955 c 12 § 75.24.070. Prior: 1949 c 112 § 57; Rem. Supp. 1949 § 5780-404.]

75.24.080 Restricted shellfish areas—Infestations—Permit. The director may designate as 'restricted shellfish areas' those areas in which infection or infestation of shellfish is present. Except by permit of the director, it is unlawful to transplant or transport into or out of a restricted area shellfish or equipment used in culturing, taking, handling, or processing shellfish. [1983 1st ex.s. c 46 § 83; 1955 c 12 § 75.24.080. Prior: 1949 c 112 § 59; Rem. Supp. 1949 § 5780-406.]

75.24.090 Culled shellfish must be returned to beds. It is unlawful to destroy oysters or clams by culling them on land or shore and leaving the culled oysters or clams there to die. The culled oysters or clams must be returned to the harvest area, except as provided by rule of the director. [1983 1st ex.s. c 46 § 84; 1955 c 212 § 7; 1955 c 12 § 75.24.090. Prior: 1949 c 112 § 61; Rem. Supp. 1949 § 5780-408.]

75.24.100 Geoduck clams, commercial harvesting—License—Gear—Director may impose license limitations—Compliance with federal safety rules (OSHA). (1) The director may issue licenses, with the approval of the
commissioner of public lands, for the commercial harvesting of geoduck clams from specific tracts of beds of navigable waters for which harvest rights have been granted by the department of natural resources. The director shall not authorize commercial harvesting on bottoms which are shallower than eighteen feet below mean lower low water (0.0 ft.), or which lie in an area bounded by the line of ordinary high tide (mean high tide) and a line two hundred yards seaward from and parallel to the line of ordinary high tide. If the director determines that the number of units of gear is sufficient to harvest the known available crop and that additional units of gear might prove damaging to the resource or its habitat, the director may suspend the issuance of additional licenses until the director determines there is need for additional units of gear to achieve a sustained harvest.

(2) Commercial geoduck harvesting shall be done with a hand-held, manually operated water jet or suction device guided and controlled from under water by a diver. Periodically, the director shall determine the effect of each type or unit of gear upon the geoduck population or the substrate they inhabit. The director may require modification of the gear or stop its use if it is being operated in a wasteful or destructive manner or if its operation may cause permanent damage to the bottom or adjacent shellfish populations.

(3) A person, including the person’s agents or representatives, who holds a license under subsection (1) of this section shall comply with all applicable commercial diving safety regulations adopted by the federal occupational safety and health administration established under the federal occupational safety and health act of 1970 as such law exists on May 8, 1979 (84 Stat. 1590 et seq.; 29 U.S.C. Sec. 651 et seq.). A violation of these regulations is a violation of this subsection. For the purposes of this section, persons who dive for geoducks are “employees” as defined by the federal occupational safety and health act. A violation of this subsection is grounds for suspension or revocation of the license following a hearing as provided for in chapter 34.05 RCW. A license shall not be suspended or revoked if the violation has been corrected within ten days of receipt of written notice of the violation. If there is a substantial probability that a violation of the commercial diving standards could result in death or serious physical harm to a person engaged in harvesting geoduck clams, the department shall suspend the license immediately until the violation has been corrected. If the licensee is the holder of a tract license and contracts with another person for the harvesting of geoducks, the license shall not be suspended or canceled if the licensee terminates its business relationship with such entity until compliance with this subsection is secured.

75.28.235 Herring spawn on kelp permits—Number limited. The legislature finds that the wise management of Washington state’s herring resource is of paramount importance to the people of the state. The legislature finds that herring are an important part of the food chain for a number of the state’s living marine resources. The legislature finds that both open and closed pond "spawn on kelp" harvesting techniques allow for an economic return to the state while at the same time providing for the proper management of the herring resource. The legislature finds that limitations on the number of herring harvesters tends to improve the management and economic health of the herring industry. The maximum number of herring spawn on kelp permits shall not exceed five annually. The state therefore must use its authority to regulate the number of herring spawn on kelp permits so that the management and economic health of the herring fishery may be improved. [1989 c 176 § 1.]

75.28.690 Deckhand license—Fee—Sale of salmon roe by charter boat deckhands—Conditions. (1) A deckhand license is required for a crew member on a licensed salmon charter boat to sell salmon roe as provided in subsection (2) of this section. Unless adjusted by the director pursuant to the director's authority granted in RCW 75.28.065, the annual license fee is twenty dollars.

(2) A deckhand on a licensed salmon charter boat may sell salmon roe taken from fish caught for personal use, subject to rules of the director and the following conditions:
   (a) The salmon is taken while fishing on the charter boat;
   (b) The roe is the property of the angler until the roe is given to the deckhand. The charter boat's passengers are notified of this fact by the deckhand;
   (c) The roe is sold to a licensed wholesale dealer; and
   (d) The deckhand is licensed as provided in subsection (1) of this section and has the license in possession whenever salmon roe is sold. [1989 c 316 § 18; 1983 1st ex.s. c 46 § 137; 1981 c 227 § 2.]

75.28.700 License fee increases—Disposition. All revenues generated from the license fee increases in sections 1 through 14 and 16 through 19 of this act shall be deposited in the general fund and shall be appropriated for the food fish and shellfish enhancement programs. [1989 c 316 § 20.]

*Reviser's note: "Sections 1 through 14 and 16 through 19 of this act" consist of the enactments of RCW 75.28.065 and the 1989 c 316 amendments to RCW 75.28.035, 75.28.095, 75.28.110, 75.28.113, 75.28.116, 75.28.120, 75.28.125, 75.28.130, 75.28.134, 75.28.140, 75.28.255, 75.28.280, 75.28.287, 75.28.290, 75.28.300, 75.28.340, and 75.28.690.

75.28.710 Professional salmon guide license. A professional salmon guide license is required for the holder to offer or perform the services of a professional salmon guide in the taking of salmon for personal use in freshwater rivers and streams, other than in that part of the Columbia river below the bridge at Longview. The annual license fees are fifty dollars for residents and five hundred dollars for nonresidents. A surcharge of twenty dollars shall be assessed on each resident guide license and a surcharge of one hundred dollars shall be assessed on each nonresident guide license for the purposes of RCW 75.50.100. [1991 c 362 § 2.]

75.28.900 Effective date—1989 c 316. This act shall take effect on January 1, 1990. The director of fisheries may immediately take such steps as are necessary to ensure that this act is implemented on its effective date. [1989 c 316 § 22.]

75.30.060 Administrative review of department’s decision—Hearing—Procedures. A person aggrieved by a decision of the department under this chapter may request administrative review under the informal procedure established by this section.

In an informal hearing before a review board, the rules of evidence do not apply. A record of the proceeding shall be kept as provided by chapter 34.05 RCW. After hearing the case the review board shall notify in writing the director and the initiating party whether the review board agrees or disagrees with the department’s decision and the reasons for the board’s findings. Upon receipt of the board’s findings the director may order such relief as the director deems appropriate under the circumstances.

Nothing in this section: (1) Impairs an aggrieved person’s right to proceed under chapter 34.05 RCW; or (2) imposes a liability on members of a review board for their actions under this section. [1983 1st ex.s. c 46 § 139; 1977 ex.s. c 106 § 6.]

Legislative findings—Severability—1977 ex.s. c 106: See notes following RCW 75.30.065.

75.30.065 Salmon charter boats—Limitation on issuance of licenses—Renewal—Transfer. Salmon charter boat licenses issued under RCW 75.28.095(1)(b) may be issued only to boats which held a salmon charter boat license during the previous year or had transferred to the boat such a license, and has not subsequently transferred the license to another boat. A boat is entitled to only one salmon charter boat license.

A salmon charter boat license may be renewed each year. A salmon charter boat license which is not renewed each year shall not be renewed further.

Salmon charter boat licenses are transferable. [1983 1st ex.s. c 46 § 141; 1981 c 202 § 1; 1979 c 101 § 7; 1977 ex.s. c 106 § 2. Formerly RCW 75.30.020.]

Effective date—Intent—1979 c 101: See notes following RCW 75.30.070.

Legislative findings—1977 ex.s. c 106: "The legislature finds that the wise management and economic health of the state’s salmon fishery are of continued importance to the people of the state and to the economy of the state as a whole. The legislature finds that charter boats licensed by the state for use by the state’s charter boat fishing industry have increased in quantity. The legislature finds that limitations on the number of licensed charter boats will tend to improve the management of the charter boat fishery and the economic health of the charter boat industry. The state therefore must use its authority to regulate the number of licensed boats in use by the state’s charter boat industry in a manner provided in this chapter so that management and economic health of the salmon fishery may be improved." [1977 ex.s. c 106 § 1. Formerly RCW 75.30.010.]

Severability—1977 ex.s. c 106: "If any provision of this 1977 amendatory act, or its application to any person or circumstances is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1977 ex.s. c 106 § 10.]

75.30.070 Salmon charter boats—Angler permit, when required. (1) In addition to a salmon charter boat license, an angler permit is required to operate a salmon charter boat in salt water. The angler permit shall specify the maximum number of persons that may fish from the charter boat per trip and shall be issued annually without...
The angler permit expires if the salmon charter boat license is not renewed.

(2) An angler permit shall not be required for charter boats licensed in Oregon and fishing in ocean waters within the jurisdiction of Washington state from the southern border of the state of Washington to Leadbetter Point under the same regulations as Washington charter boat operators, as long as the Oregon vessel does not land at any Washington port with the purpose of taking on or discharging passengers.

The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations. [1989 c 147 § 2; 1983 1st ex.s. c 46 § 142; 1979 c 101 § 2.]

Effective date—1979 c 101: “This act shall take effect on January 1, 1980.” [1979 c 101 § 10.]

Intent—1979 c 101: “The legislature finds that wise management of the state’s salmon fishery is essential to the well-being of the state. The legislature recognizes that further restrictions on salmon fishing in the charter salmon industry are necessary and that a limitation on the number of persons fishing is preferable to reductions in the fishing season or daily bag limits, or increases in size limits.” [1979 c 101 § 1.]

75.30.070 Salmon charter boats—Angler permit—Number of anglers. A salmon charter boat may not carry more anglers than the number specified in the angler permit issued to the boat under RCW 75.30.070. Members of the crew may fish from the boat only to the extent that the number of anglers specified in the angler permit exceeds the number of noncrew passengers on the boat at that time. [1983 1st ex.s. c 46 § 143; 1979 c 101 § 4.]

Effective date—Intent—1979 c 101: See notes following RCW 75.30.070.

75.30.100 Salmon charter boats—Angler permit—Total number of anglers limited—Permit transfer. (1) The total number of anglers authorized by the department shall not exceed the total number authorized for 1980.

(2) Angler permits issued under RCW 75.30.070 are transferable. All or a portion of the permit may be transferred to another charter boat.

(3) The department shall be notified when an angler permit is transferred, and the department shall issue a new angler permit certificate. If the original permit holder retains a portion of the permit, the department shall issue a new angler permit certificate reflecting the decrease in angler capacity. The department shall collect a fee of ten dollars for each certificate issued under this subsection. [1983 1st ex.s. c 46 § 144; 1979 c 101 § 5.]

Effective date—Intent—1979 c 101: See notes following RCW 75.30.070.

75.30.120 Commercial salmon fishing licenses and delivery permits—Limitations on issuance—Waiver of landing requirement—Transfer. (1) A commercial salmon fishing license issued under RCW 75.28.110 or salmon delivery permit issued under RCW 75.28.113 may be issued only to a vessel:

(a) Which held a state commercial salmon fishing license or salmon delivery permit during the previous year or had transferred to the vessel such a license, and has not subsequently transferred the license or permit to another vessel; and

(b) From which food fish were caught and landed in this state or in another state during the previous year as documented by a valid fish receiving document.

Where the failure to obtain the license or permit during the previous year was the result of a license or permit suspension, the vessel may qualify for a license or permit by establishing that the vessel held such a license or permit during the last year in which the license or permit was not suspended.

(2) The director may waive the landing requirement of subsection (1)(b) of this section if:

(a) The vessel to which an otherwise valid license is transferred has not had the opportunity to have caught and landed salmon; and

(b) The intent of the commercial salmon vessel limitation program established under this section is not violated.

(3) Commercial salmon fishing licenses and salmon delivery permits are transferable. [1983 1st ex.s. c 46 § 146; 1979 c 135 § 1; 1977 ex.s. c 230 § 1; 1977 ex.s. c 106 § 7; 1974 ex.s. c 184 § 2. Formerly RCW 75.28.455.]

Legislative findings—Severability—1977 ex.s. c 106: See notes following RCW 75.30.065.

Legislative intent—1974 ex.s. c 184: “The legislature finds that the protection, welfare, and economic good of the commercial salmon fishing industry is of paramount importance to the people of this state. Scientific advancement has increased the efficiency of salmon fishing gear. There presently exists an overabundance of commercial salmon fishing gear in our state waters which causes great pressure on the salmon fishery resource. This situation results in great economic waste to the state and prohibits conservation programs from achieving their goals. The public welfare requires that the number of commercial salmon fishing licenses and salmon delivery permits issued by the state be limited to insure that sound conservation programs can be scientifically carried out. It is the intention of the legislature to preserve this valuable natural resource so that our food supplies from such resource can continue to meet the ever increasing demands placed on it by the people of this state.” [1983 1st ex.s. c 46 § 136; 1974 ex.s. c 184 § 1. Formerly RCW 75.28.450.]

Severability—1974 ex.s. c 184: “If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected.” [1974 ex.s. c 184 § 11.]

75.30.125 Commercial salmon fishing licenses and delivery permits—Reversion to department following government confiscation of vessel. Any commercial salmon fishing license issued under RCW 75.28.110 or salmon delivery permit issued under RCW 75.28.113 shall revert to the department when any government confiscates and sells the vessel to which the license or permit was issued. Upon application of the person named on the license or permit and the approval of the director, the department shall transfer the license or permit to the original owner. Application for transfer of the license or permit must be made within the calendar year in which the vessel was licensed. [1986 c 198 § 2.]

75.30.130 Puget Sound commercial crab fishing—Limitations on license endorsements—Qualifications. (1) It is unlawful to take dungeness crab (Cancer magister) in the Puget Sound licensing district without first obtaining a Puget Sound crab license endorsement. A license endorsement is not required to take other species of crab, including red rock crab (Cancer productus).
(2) Commercial crab licenses issued under RCW 75.28.130(3) endorsed for the Puget Sound licensing district may be issued only to vessels:

(a) Which held a commercial crab license endorsed for the Puget Sound licensing district during the previous year or had transferred to the vessel such a license, and has not subsequently transferred the endorsed license to another vessel; and

(b) From which one thousand pounds of dungeness crab were caught and landed in this state during the previous two-year period ending on December 31st of an odd-numbered year, as documented by a valid shellfish receiving ticket. This requirement shall apply to licenses for which application is made after January 1, 1984.

Where the failure to obtain the license during the previous year was the result of a license suspension, the vessel may qualify for a license by establishing that the vessel held such a license during the last year in which the license was not suspended.

(3) The director may reduce or waive the landing requirement established under subsection (2)(b) of this section upon the recommendation of a review board established under RCW 75.30.050. The review board may recommend a reduction or waiver of the landing requirement in individual cases if, in the board's judgment, extenuating circumstances prevent achievement of the landing requirement. The director shall adopt rules governing the operation of the review boards and defining "extenuating circumstances."

(4) The issuance of commercial crab licenses for areas other than the Puget Sound licensing district is not restricted by this section.

(5) License endorsements issued under this section are not transferable from one owner to another owner, except from parent to child or upon the death of the owner, before July 1, 1986. This restriction applies to all changes in the vessel owner named on the license, including (a) changes during the license year, and (b) changes during the license renewal process between years. This restriction does not prevent changes in vessel operator or transfers between vessels when the vessel owner remains unchanged. Upon request of a vessel owner, the director may issue a temporary permit to allow the vessel owner to use the license endorsement on a leased or rented vessel.

(6) If less than two hundred vessels are eligible for Puget Sound license endorsements, the director may accept applications for new endorsements. The director shall determine by random selection the successful applicants for the additional endorsements. The number of additional endorsements issued shall be sufficient to maintain two hundred vessels in the Puget Sound crab fishery. The director shall adopt rules governing the application, selection, and issuance procedures for new Puget Sound crab license endorsements, based upon recommendations of a board of review established under RCW 75.30.050. [1983 1st ex.s. c 46 § 147; 1982 c 157 § 1; 1980 c 133 § 4. Formerly RCW 75.28.275.]

Severability—1980 c 133: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1980 c 133 § 8.]

Legislative findings—1980 c 133: "The legislature finds that a significant commercial crab fishery is developing within Puget Sound. The legislature further finds that the crab fishery in Puget Sound represents a separate and distinct fishery from that of the coastal waters and is limited in quantity and in need of conservation. The potential for depletion of the crab stocks in these waters is increasing, particularly as crab fishing becomes an attractive alternative to fishermen facing increasing restrictions on commercial salmon fishing.

The legislature finds that the number of commercial fishermen engaged in crab fishing has steadily increased. This factor, combined with advances in fishing and marketing techniques, has resulted in strong pressures on the supply of crab, unnecessary waste of an important natural resource, and economic loss to the citizens of the state.

The legislature finds that increased regulation of commercial crab fishing is necessary to preserve and efficiently-manage the commercial crab fishery in the waters of Puget Sound." [1980 c 133 § 1.]

75.30.140 Commercial herring fishing—Herring validation required—Limitations on issuance. (1) In addition to a commercial fishing license, a herring validation is required to fish commercially for herring in state waters. Herring validations shall be issued without charge.

(2) Except as provided in this section, permanent herring validations may be issued only to a person who:

(a) Established eligibility for a permanent herring validation as provided in subsection (3) of this section or had transferred to the person a permanent herring validation; and

(b) Has not subsequently transferred the validation to another person.

(3) A person may establish eligibility for a permanent herring validation by:

(a) Documenting to the department that the person landed herring during the period January 1, 1971, through April 15, 1973;

(b) Documenting to the department that the person landed herring during the period January 1, 1969, through December 31, 1970, if the person was in the armed forces of the United States during the period January 1, 1971, through April 15, 1973; or

(c) Applying to the department and qualifying for a permanent herring validation under hardship criteria established by rule of the director.

Landings may be documented only by a department fish receiving ticket.

(4) A permanent herring validation may be used only with the type of fishing gear originally used to establish eligibility for the validation.

(5) The director may establish rules governing the administration of this section based upon recommendations of a board of review established under RCW 75.30.050.

(6) Additional permanent and temporary validations may be granted by the department if the stocks of herring will not be jeopardized by granting additional validations. Herring validations are transferable. [1983 1st ex.s. c 46 § 148; 1974 ex.s. c 104 § 1; 1973 1st ex.s. c 173 § 4. Formerly RCW 75.28.420.]

Legislative findings—Purpose—1973 1st ex.s. c 173: "The legislature finds that a significant commercial herring fishing industry is presently developing in the state of Washington under the careful guidance of the department of fisheries. The legislature further finds that the stocks of herring within the waters of this state are limited in extent and are in need of strict preservation.

In addition, the legislature finds that the number of commercial fishermen engaged in fishing for herring has steadily increased. This factor, combined with advances made in fishing and marketing techniques, has resulted in strong pressures on the supply of herring, unnecessary waste in
one of Washington’s valuable resources, and economic loss to the citizens of this state. Therefore, it is the purpose of RCW 75.30.140 to establish reasonable procedures for controlling the extent of commercial herring fishing." [1983 1st ex.s. c 46 § 135; 1973 1st ex.s. c 173 § 2. Formerly RCW 75.28.390 and 75.28.400.]

75.30.150 Commercial Puget Sound whiting license endorsement—Legislative findings. The legislature finds that maintaining a commercial whiting fishery in Puget Sound affects the public welfare. Excessive fishing for Puget Sound whiting, especially at the time of spawning, severely affects the abundance of whiting. The legislature further finds that as a result of increases in the number of vessels fishing for whiting, the amount of gear used in fishing, and the limited whiting resource, it is proper and necessary to limit the number of vessels and amount of gear used in taking whiting in Puget Sound. [1986 c 198 § 3.]

75.30.160 Commercial Puget Sound whiting license endorsement—Required in designated areas—Fees. In addition to any other license, a Puget Sound commercial whiting endorsement is required to take whiting in the waters of marine fish-shell fish management and catch reporting areas 24B, Port Susan; 24C, Saratoga Passage; 26A, Possession Sound; or any other area designated by the department. An annual endorsement fee is two hundred dollars for residents and four hundred dollars for nonresidents. The license shall be affixed to the licensed vessel. [1986 c 198 § 6.]

75.30.170 Commercial Puget Sound whiting license endorsement—Limitation on issuance. To obtain a Puget Sound commercial whiting endorsement, the owner of the vessel must have delivered at least fifty thousand pounds of whiting during the period from January 1, 1981, through February 22, 1985 as verified by fish delivery tickets and must have possessed, on January 1, 1986, all equipment necessary to fish for whiting. [1986 c 198 § 5.]

75.30.180 Commercial Puget Sound whiting license endorsement—Transferable to family members. Commercial Puget Sound whiting license endorsements issued under RCW 75.30.160 shall be valid for the owner and the vessel for which the endorsement was issued. The endorsement may be transferred through gift, devise, bequest or descent to members of the immediate family which shall be limited to spouse, children or stepchildren. Only a natural person may possess an endorsement. The owner of the endorsement must be present on any vessel taking whiting under terms of the endorsement. In no instance may temporary permits be issued.

The director may adopt rules necessary to implement RCW 75.30.150 through 75.30.180. [1986 c 198 § 4.]

75.30.210 Sea urchin fishery endorsement—Required—Limitation on issuance—Transferable to family members—Issue of new endorsements. (1) After October 1, 1990, it is unlawful to commercially take any species of sea urchin using shellfish diver gear without first obtaining a sea urchin endorsement to accompany a shellfish diver license. A sea urchin endorsement to a shellfish diver license issued under RCW 75.28.130(5) shall be limited to those vessels which:
   (a) Held a commercial shellfish diver license, excluding clams, during calendar years 1988 and 1989 or had transferred to the vessel such a license;
   (b) Have not transferred the license to another vessel; and
   (c) Can establish, by means of dated shellfish receiving documents issued by the department, that twenty thousand pounds of sea urchins were caught and landed under the license during the period of April 1, 1986, through March 31, 1988.

Endorsements issued under this section are a new licensing condition, and the continuing license provisions of RCW 34.05.422(3) are not applicable.

(2) In addition to the requirements of subsection (1) of this section, after December 31, 1991, sea urchin endorsements to shellfish diver licenses issued under RCW 75.28.130(5) may be issued only to vessels:
   (a) Which held a sea urchin endorsement to a shellfish diver license during the previous year or had transferred to the vessel such a license; and
   (b) From which twenty thousand pounds of sea urchins were caught and landed in this state during the two-year period ending March 31 of an odd-numbered year, as documented by valid shellfish receiving documents issued by the department.

Where failure to obtain the license during the previous year was the result of a license suspension or revocation by the department, the vessel may qualify for a license by establishing that the vessel held such a license during the last year in which it was eligible.

(3) The director may reduce or waive any landing requirement established under this section upon the recommendation of a board of review established under RCW 75.30.050. The board of review may recommend a reduction or waiver of the landing requirement in individual cases if in the board’s judgment, extenuating circumstances prevent achievement of the landing requirement. The director shall adopt rules governing the operation of the board of review and defining “extenuating circumstances.”

(4) Sea urchin endorsements issued under this section are not transferable from one owner to another owner, except from parent to child, or from spouse to spouse during marriage or as a result of marriage dissolution, or upon the death of the owner. This restriction applies to all changes in the vessel owner’s name on the license, including (a) changes during the license year, and (b) changes during the license renewal process between years. This restriction does not prevent changes in vessel operator or transfers between vessels when the vessel owner remains unchanged. Upon request of a vessel owner, the director may issue a temporary permit to allow the vessel owner to use the license endorsement on a leased or rented vessel.

(5) If less than forty-five vessels are eligible for sea urchin endorsements, the director may accept applications for new endorsements. The director shall determine by random selection the successful applicants for the additional endorsements. The number of additional endorsements issued shall be sufficient to maintain up to forty-five vessels in the sea urchin fishery. The director shall adopt rules governing the application, selection, and issuance procedure for new sea urchin endorsements issued under this section.
urchin endorsements, based upon recommendations of a board of review established under RCW 75.30.050. [1990 c 62 § 2; 1989 c 37 § 2.]

Legislative finding—1990 c 62; 1989 c 37: "The legislature finds that a significant commercial sea urchin fishery is developing within state waters. The potential for depletion of the sea urchin stocks in these waters is increasing, particularly as the sea urchin fishery becomes an attractive alternative to fishermen facing increasing restrictions on other types of commercial fishery activities.

The legislature finds that the number of vessels engaged in commercial sea urchin fishing has steadily increased. This factor, combined with advances in marketing techniques, has resulted in strong pressures on the supply of sea urchins. The legislature desires to maintain the livelihood of those vessel owners who have historically and continuously participated in the sea urchin fishery. The legislature desires that the director have the authority to consider extenuating circumstances concerning failure to meet landing requirements for both initial endorsement issuance and endorsement renewal.

The legislature finds that increased regulation of commercial sea urchin fishing is necessary to preserve and efficiently manage the commercial sea urchin fishery in the waters of the state. The legislature is aware that the continuing license provisions of the administrative procedure act, RCW 34.05.422(3) provide procedural safeguards, but finds that the pressure on the sea urchin resource endangers both the resource and the economic well-being of the sea urchin fishery, and desires, therefore, to exempt sea urchin endorsements from the continuing license provision."

[1990 c 62 § 1; 1989 c 37 § 1.]

75.30.220 Emerging commercial fishery designation—Experimental fishery permits. (1) The director may by rule designate a fishery as an emerging commercial fishery.

(2) The director may issue experimental fishery permits for commercial harvest in an emerging commercial fishery. The director shall determine by rule the number and qualifications of participants for such experimental fishery permits. The director shall limit the number of these permits to prevent habitat damage, ensure conservation of the resource, and prevent overharvesting. In developing rules for limiting participation in an emerging or expanding commercial fishery, the director shall appoint a five-person advisory board representative of the affected fishery industry. The advisory board shall review and make recommendations to the director on rules relating to the number and qualifications of the participants for such supplemental fishery permits.

(3) RCW 34.05.422(3) does not apply to applications for new experimental fishery permits.

(4) Upon request of a vessel owner, the director may allow the vessel owner to temporarily transfer the experimental fishery permit to a leased or rented vessel. The director shall allow such temporary transfers only when the vessel holding the experimental fishery permit is disabled.

[1990 c 63 § 2.]

Legislative finding—1990 c 63: "The legislature finds that:
(1) A number of commercial fisheries have emerged or expanded in the past decade;
(2) Scientific information is critical to the proper management of an emerging or expanding commercial fishery; and
(3) The scientific information necessary to manage an emerging or expanding commercial fishery can best be obtained through the use of limited experimental fishery permits allowing harvest levels that will preserve and protect the state's food fish and shellfish resource."

[1990 c 63 § 1.]

75.30.230 Emerging commercial fishery designation—Legislative review. Whenever the director promulgates a rule designating an emerging commercial fishery, the legislative standing committees of the house of representatives and senate dealing with fisheries issues shall be notified of the rule and its justification thirty days prior to the effective date of the rule.

[1990 c 63 § 3.]

75.30.240 Emerging commercial fishery—License status—Recommendations to legislature. Within five years after adopting rules to govern the number and qualifications of participants in an emerging commercial fishery, the director shall provide to the appropriate senate and house of representatives committees a report which outlines the status of the fishery and a recommendation as to whether a separate commercial license, license fee, or endorsement and/or a limited harvest program should be established for that fishery.

[1990 c 63 § 4.]

75.30.250 Sea cucumber endorsement—Requirements. (1) After April 30, 1990, it is unlawful to commercially take while using shellfish diver gear any species of sea cucumber without first obtaining a sea cucumber endorsement to accompany a shellfish diver license. A sea cucumber endorsement to a shellfish diver license issued under RCW 75.28.130(5) shall be limited to those vessels which:

(a) Held a commercial shellfish diver license (excluding clams), between January 1, 1989, and December 31, 1989, or had transferred to the vessel such a license, and held a permit for harvest of sea cucumbers in 1989;

(b) Have not transferred the license to another vessel;

(c) Can establish, by means of dated shellfish receiving documents issued by the department, that thirty landings of sea cucumbers were made under the license during the period of January 1, 1988, through December 31, 1989; and

(d) Endorsements issued under this section are a new licensing condition, and the continuing license provisions of RCW 34.05.422(3) are not applicable.

(2) In addition to the requirements of subsection (1) of this section, after December 31, 1991, sea cucumber endorsements to shellfish diver licenses issued under RCW 75.28.130(5) may be issued only to vessels which:

(a) Held a sea cucumber endorsement to a shellfish diver license during the previous two years or had transferred to the vessel such a license; and

(b) Can establish, by means of dated shellfish receiving documents issued by the department, that thirty landings of sea cucumbers totalling at least ten thousand pounds were made under the license during the previous two-year period ending December 31 of the odd-numbered year.

Where failure to obtain the license during either of the previous two years was the result of a license suspension by the department or the court, the vessel may qualify for a license by establishing that the vessel held such a license and a sea cucumber endorsement during the last year in which it was eligible.

(3) The director may reduce or waive any landing or poundage requirement established under this section upon the recommendation of a board of review established under RCW 75.30.050. The board of review may recommend a reduction or waiver of any landing or poundage requirement in individual cases if in the board's judgment, extenuating circumstances prevent achievement of the landing or pound-
There exists between the states of Washington and Oregon a definite compact and agreement as follows:

It is found that it is necessary for regulating, protecting or preserving fish in the fishery that began about the operation of the board of review and defining "extenuating circumstances."

(4) Sea cucumber endorsements issued under this section are not transferrable from one owner to another owner except from parent to child, from spouse to spouse during marriage or as a result of marriage dissolution, or upon death of the owner. This restriction does not prevent changes in vessel operator or transfers between vessels when the vessel owner remains unchanged.

(5) If less than fifty vessels are eligible for sea cucumber endorsements, the director may accept applications for new endorsements from those persons who can demonstrate two years' experience in the Washington state sea cucumber diver fishery. The director shall determine by random selection the successful applicants for the additional endorsements. The number of additional endorsements issued shall be sufficient to maintain up to fifty vessels in the sea cucumber fishery. The director shall adopt rules governing the application, selection, and issuance procedure for new sea cucumber endorsements, based upon recommendations of a board of review established under RCW 75.30.050.

Legislative findings—1990 c 61: "The legislature finds that a significant commercial sea cucumber fishery is developing within state waters. The potential for depletion of the sea cucumber stocks in these waters is increasing, particularly as the sea cucumber fishery becomes an attractive alternative to commercial fishers who face increasing restrictions on other types of commercial fishery activities. The legislature finds that the number of commercial fishers engaged in commercially harvesting sea cucumbers has rapidly increased. This factor, combined with increases in market demand, has resulted in strong pressures on the supply of sea cucumbers.

The legislature finds that increased regulation of commercial sea cucumber fishing is necessary to preserve and efficiently manage the commercial sea cucumber fishery in the waters of the state.

The legislature finds that it is desirable in the long term to reduce the number of vessels participating in the commercial sea cucumber fishery to fifty vessels to preserve the sea cucumber resource, efficiently manage the commercial sea cucumber fishery in the waters of the state, and reduce conflict with upland owners.

The legislature finds that it is important to preserve the livelihood of those who have historically participated in the commercial sea cucumber fishery that began about 1970 and that the 1988 and 1989 seasons should be used to document historical participation." [1990 c 61 § 1.]

There exists between the states of Washington and Oregon a definite compact and agreement as follows:

All laws and regulations now existing or which may be necessary for regulating, protecting or preserving fish in the waters of the Columbia river, or its tributaries, over which the states of Washington and Oregon have concurrent jurisdiction, or which would be affected by said concurrent jurisdiction, shall be made, changed, altered and amended in whole or in part, only with the mutual consent and approbation of both states. 75.40.030 Pacific Marine Fisheries Compact—Provisions. There exists between the states of Alaska, California, Idaho, Oregon and Washington a definite compact and agreement as follows:

THE PACIFIC MARINE FISHERIES COMPACT

The contracting states do hereby agree as follows:

ARTICLE I.

The purposes of this compact are and shall be to promote the better utilization of fisheries, marine, shell and anadromous, which are of mutual concern, and to develop a joint program of protection and prevention of physical waste of such fisheries in all of those areas of the Pacific Ocean and adjacent waters over which the compacting states jointly or separately now have or may hereafter acquire jurisdiction.

Nothing herein contained shall be construed so as to authorize the compacting states or any of them to limit the production of fish or fish products for the purpose of establishing or fixing the prices thereof or creating and perpetuating a monopoly.

ARTICLE II.

This agreement shall become operative immediately as to those states executing it whenever the compacting states have executed it in the form that is in accordance with the laws of the executing states and the congress has given its consent.

ARTICLE III.

Each state joining herein shall appoint, as determined by state statutes, one or more representatives to a commission hereby constituted and designated as The Pacific Marine Fisheries Commission, of whom one shall be the administrative or other officer of the agency of such state charged with the conservation of the fisheries resources to which this compact pertains. This commission shall be a body with the powers and duties set forth herein.

The term of each commissioner of The Pacific Marine Fisheries Commission shall be four years. A commissioner shall hold office until his successor shall be appointed and qualified but such successor's term shall expire four years
from legal date of expiration of the term of his predecessor. Vacancies occurring in the office of such commissioner from any reason or cause shall be filled for the unexpired term, or a commissioner may be removed from office, as provided by the statutes of the state concerned. Each commissioner may delegate in writing from time to time to a deputy the power to be present and participate, including voting as his representative or substitute, at any meeting of or hearing by or other proceeding of the commission.

Voting powers under this compact shall be limited to one vote for each state regardless of the number of representatives.

ARTICLE IV.

The duty of the said commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell, and anadromous in all of those areas of the Pacific Ocean over which the states signatory to this compact jointly or separately now have or may hereafter acquire jurisdiction. The commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their respective jurisdictions and said conservation zones to promote the preservation of those fisheries and their protection against overfishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the signatory parties hereto.

To that end the commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the governors and legislative branches of the various signatory states hereto legislation dealing with the conservation of the marine, shell and anadromous fisheries in all of those areas of the Pacific Ocean and adjacent waters over which the signatory states jointly or separately now have or may hereafter acquire jurisdiction. The commission shall have, more than one month prior to any regular meeting of the legislative branch in any state signatory hereto, present to the governor of such state its recommendations relating to enactments by the legislative branch of that state in furthering the intents and purposes of this compact.

The commission shall consult with and advise the pertinent administrative agencies in the signatory states with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable and which lie within the jurisdiction of such agencies.

The commission shall have power to recommend to the states signatory hereto the stocking of the waters of such states with marine, shell, or anadromous fish and fish eggs or joint stocking by some or all of such states and when two or more of the said states shall jointly stock waters the commission shall act as the coordinating agency for such stocking.

ARTICLE V.

The commission shall elect from its number a chairman and a vice chairman and shall appoint and at its pleasure, remove or discharge such officers and employees as may be required to carry the provisions of this compact into effect and shall fix and determine their duties, qualifications and compensation. Said commission shall adopt rules and regulations for the conduct of its business. It may establish and maintain one or more offices for the transaction of its business and may meet at any time or place within the territorial limits of the signatory states but must meet at least once a year.

ARTICLE VI.

No action shall be taken by the commission except by the affirmative vote of a majority of the whole number of compacting states represented at any meeting. No recommendation shall be made by the commission in regard to any species of fish except by the vote of a majority of the compacting states which have an interest in such species.

ARTICLE VII.

The fisheries research agencies of the signatory states shall act in collaboration as the official research agency of The Pacific Marine Fisheries Commission. An advisory committee to be representative of the commercial fishermen, commercial fishing industry and such other interests of each state as the commission deems advisable shall be established by the commission as soon as practicable for the purpose of advising the commission upon such recommendations as it may desire to make.

ARTICLE VIII.

Nothing in this compact shall be construed to limit the powers of any state or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any state imposing additional conditions and restrictions to conserve its fisheries.

ARTICLE IX.

Continued absence of representation or of any representative on the commission from any state party hereto, shall be brought to the attention of the governor thereof.

ARTICLE X.

The states agree to make available annual funds for the support of the commission on the following basis:

Eighty percent of the annual budget shall be shared equally by those member states having as a boundary the Pacific Ocean; not less than five percent of the annual budget shall be contributed by any other member state; the balance of the annual budget shall be shared by those member states, having as a boundary the Pacific Ocean, in proportion to the primary market value of the products of their commercial fisheries on the basis of the latest five-year catch records.

The annual contribution of each member state shall be figured to the nearest one hundred dollars.

This amended article shall become effective upon its enactment by the states of Alaska, California, Idaho, Oregon, and Washington and upon ratification by congress by virtue of the authority vested in it under Article I, section 10 of the Constitution of the United States.

ARTICLE XI.

This compact shall continue in force and remain binding upon each state until renounced by it. Renunciation of this

75.40.030 Disposition of vessels and gear—Prohibition against using purchased vessels for fishing purposes.

75.44.100 Definitions. As used in this chapter:

(1) "Case areas" means those areas of the Western district of Washington and in the adjacent offshore waters which are within the jurisdiction of the state of Washington, as defined in United States of America et al. v. State of Washington et al., Civil No. 9213, United States District Court for Western District of Washington, February 12, 1974, and in Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon, 1969), as amended, affirmed, and remanded 529 F. 2d 570 (9th Cir., 1976), or an area in which fishing rights are affected by court decision in a manner consistent with the above-mentioned decisions;

(2) "Program" means the program established under RCW 75.44.100 through 75.44.150. [1985 c 7 § 150; 1983 1st ex.s. c 46 § 155; 1977 ex.s. c 230 § 3; 1975 1st ex.s. c 183 § 3. Formerly RCW 75.28.505.]

Legislative finding and intent—1975 1st ex.s. c 183: "The legislature finds that the protection, welfare, and economic well-being of the commercial fishing industry is important to the people of this state. There presently exists an overabundance of commercial fishing gear in our state waters which causes great pressure on the fishing resources. This results in great economic waste to the state and prohibits conservation and harvesting programs from achieving their goals. This adverse situation has been compounded by the federal court decisions, United States of America et al. v. State of Washington et al., Civil No. 9213, United States District Court for the Western District of Washington, February 12, 1974, and Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon, 1969), as amended, affirmed, and remanded 529 F. 2d 570 (9th Cir., 1976). As a result, large numbers of commercial fishermen face personal economic hardship, and the state commercial fishing industry is confronted with economic difficulty. The public welfare requires that the state have the authority to purchase commercial fishing vessels, licenses, gear, and permits offered for sale, as appropriate, in a manner which will provide relief to the individual vessel owner, and which will effect a reduction in the amount of commercial fishing gear in use in the state so as to insure increased economic opportunity for those persons in the industry and to insure that sound scientific conservation and harvesting programs can be carried out. It is the intention of the legislature to provide relief to commercial fishermen adversely affected by the current economic situation in the state fishery and to preserve this valuable state industry and these natural resources." [1977 ex.s. c 230 § 2; 1975 1st ex.s. c 183 § 2. Formerly RCW 75.28.500.]

75.44.110 Program authorized—Conditions. The department may purchase commercial fishing vessels and appurtenant gear, and the current state commercial fishing licenses, delivery permits, and charter boat licenses if the license or permit holder was substantially restricted in fishing as a result of compliance with United States of America et al. v. State of Washington et al., Civil No. 9213, United States District Court for Western District of Washington, February 12, 1974, and Sohappy v. Smith, 302 F. Supp. 899 (D. Oregon, 1969), as amended, affirmed, and remanded 529 F. 2d 570 (9th Cir., 1976).

The department shall not purchase a vessel without also purchasing all current Washington commercial fishing licenses and delivery permits and charter boat licenses issued to the vessel or its owner. The department may purchase current licenses and delivery permits without purchasing the vessel. [1984 c 67 § 1; 1983 1st ex.s. c 46 § 156; 1979...

A license or delivery permit purchased under RCW 75.44.110 shall be permanently retired by the department. [1983 1st ex.s. c 46 § 157; 1975 1st ex.s. c 183 § 5. Formerly RCW 75.28.515.]

The director may specify a maximum price to be paid for a vessel, gear, license, or delivery permit purchased under RCW 75.44.110. A license or delivery permit purchased under RCW 75.44.110 shall be permanently retired by the department. [1983 1st ex.s. c 46 § 157; 1975 1st ex.s. c 183 § 5. Formerly RCW 75.28.515.]

The department may arrange for the insurance, storage, and resale or other disposition of vessels and gear purchased under RCW 75.44.110. Vessels shall not be resold by the department to the seller or the seller's immediate family. The vessels shall not be used by any owner or operator: (1) As a commercial fishing or charter vessel in state waters; or (2) to deliver fish to a place or port in the state. The department shall require that the purchasers and other users of vessels sold by the department execute suitable instruments to insure compliance with the requirements of this section. The director may commence suit or be sued on such an instrument in a state court of record or United States district court having jurisdiction. [1983 1st ex.s. c 46 § 158; 1979 ex.s. c 43 § 2; 1975 1st ex.s. c 183 § 6. Formerly RCW 75.28.520.]

This fund shall be used for purchases under RCW 75.44.110 and for the administration of the program. 75.50.010  **Legislative findings.** Currently, many of the salmon stocks of Washington state are critically reduced from their sustainable level. The best interests of all fishing groups and the citizens as a whole are served by a stable and productive salmon resource. Immediate action is needed to reverse the severe decline of the resource and to insure its very survival. The legislature finds a state of emergency exists and that immediate action is required to restore its fishery.

Disagreement and strife have dominated the salmon fisheries for many years. Conflicts among the various fishing interests have only served to erode the resource. It is time for the state of Washington to make a major commitment to increasing productivity of the resource and to move forward with an effective rehabilitation and enhancement program. The department of fisheries is directed to dedicate its efforts to make increasing the productivity of the salmon resource a first priority and to seek resolution to the many conflicts that involve the resource.
Success of the enhancement program can only occur if projects efficiently produce salmon or restore habitat. The expectation of the program is to optimize the efficient use of funding on projects that will increase artificially and naturally produced salmon, restore and improve habitat, or identify ways to increase the survival of salmon. The full utilization of state resources and cooperative efforts with interested groups are essential to the success of the program. [1985 c 458 § 1.]

### 75.50.020 Long-term regional policy statements

1. The director shall develop long-term regional policy statements regarding the salmon fishery resources before December 1, 1985. The director shall consider the following in formulating and updating regional policy statements:
   - Existing resource needs;
   - Potential for creation of new resources;
   - Successful existing programs, both within and outside the state;
   - Balanced utilization of natural and hatchery production;
   - Desires of the fishing interest;
   - Need for additional data or research;
   - Federal court orders; and
   - Salmon advisory council recommendations.
2. The director shall review and update each policy statement at least once each year. [1985 c 458 § 2.]

### 75.50.030 Salmon enhancement plan—Enhancement projects

1. The director shall develop a detailed salmon enhancement plan with proposed enhancement projects. The plan and the regional policy statements shall be submitted to the secretary of the senate and chief clerk of the house of representatives for legislative distribution by June 30, 1986. The enhancement plan and regional policy statements shall be provided by June 30, 1986, to the natural resources committees of the house of representatives and the senate. The director shall provide a maximum opportunity for the public to participate in the development of the salmon enhancement plan. To insure full participation by all interested parties, the director shall solicit and consider enhancement project proposals from Indian tribes, sports fishermen, commercial fishermen, private aquaculturists, and other interested groups or individuals for potential inclusion in the salmon enhancement plan. Joint or cooperative enhancement projects shall be considered for funding.
   2. The following criteria shall be used by the director in formulating the project proposals:
      - Compatibility with the long-term policy statement;
      - Benefit/cost analysis;
      - Needs of all fishing interests;
      - Compatibility with regional plans, including harvest management plans;
      - Likely increase in resource productivity;
      - Direct applicability of any research;
      - Salmon advisory council recommendations;
      - Compatibility with federal court orders;
      - Coordination with the salmon and steelhead advisory commission program;
      - Economic impact to the state;
      - Technical feasibility; and
      - Preservation of native salmon runs.
2. The director shall not approve projects that serve as replacement funding for projects that exist prior to May 21, 1985, unless no other sources of funds are available.
3. The director shall prioritize various projects and establish a recommended implementation time schedule. [1985 c 458 § 3.]

### 75.50.040 Director to monitor enhancement projects and enhancement plan

Upon approval by the legislature of funds for its implementation, the director shall monitor the progress of projects detailed in the salmon enhancement plan.

The director shall be responsible for establishing criteria which shall be used to measure the success of each project in the salmon enhancement plan. [1985 c 458 § 4.]

### 75.50.050 Annual report to legislature

The director shall report to the legislature on or before October 30th of each year through 1991 on the progress and performance of each project. The report shall contain an analysis of the successes and failures of the program to enable optimum development of the program. The report shall include estimates of funding levels necessary to operate the projects in future years.

The director shall submit the reports and any additional recommendations to the chairs of the committees on ways and means and the committees on natural resources of the senate and house of representatives. [1987 c 505 § 72; 1985 c 458 § 5.]

### 75.50.060 "Enhancement project" defined

As used in this chapter, "enhancement project" means salmon propagation activities including, but not limited to, hatcheries, spawning channels, rearing ponds, egg boxes, fishways, fish screens, stream bed clearing, erosion control, habitat restoration, net pens, applied research projects, and any equipment, real property, or other interest necessary to the proper operation thereof. [1985 c 458 § 6.]

### 75.50.070 Regional fisheries enhancement group authorized

The legislature finds that it is in the best interest of the salmon resource of the state to encourage the development of regional fisheries enhancement groups. The accomplishments of one existing group, the Grays Harbor fisheries enhancement task force, have been widely recognized as being exemplary. The legislature recognizes the potential benefits to the state that would occur if each region of the state had a similar group of dedicated citizens working to enhance the salmon resource.

The legislature authorizes the formation of regional fisheries enhancement groups. These groups shall be eligible for state financial support and shall be actively supported by the department of fisheries. The regional groups shall be operated on a strictly nonprofit basis, and shall seek to maximize the efforts of volunteer and private donations to improve the salmon resource for all citizens of the state. [1989 c 426 § 1.]

Severability—1989 c 426: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of
It is desirable for the group to have representation under RCW 75.50.020, shall seek to:

1. Enhance the salmon resource of the state;
2. Maximize volunteer efforts and private donations to improve the salmon resource for all citizens;
3. Assist the department in achieving the goal to double the state-wide salmon catch by the year 2000 under chapter 214, Laws of 1988; and
4. Develop projects designed to supplement the fishery enhancement capability of the department of fisheries. [1989 c 426 § 4.]

Severability—1989 c 426: See note following RCW 75.50.070.

Regional fisheries enhancement groups—Incorporation prerequisites. Each regional fisheries enhancement group shall be incorporated pursuant to Title 75 RCW. Any interested person or group shall be permitted to join. It is desirable for the group to have representation from all categories of fishers and other parties that have interest in salmon within the region, as well as the general public. [1990 c 58 § 2.]

Findings—1990 c 58: “The legislature finds that: (1) it is in the best interest of the state to encourage nonprofit regional fisheries enhancement groups authorized in RCW 75.50.070 to participate in enhancing the state’s salmon population including, but not limited to, salmon research, increased natural and artificial production, and through habitat improvement; (2) such regional fisheries enhancement groups interested in improving salmon habitat and rearing salmon shall be eligible for financial assistance; (3) such regional fisheries enhancement groups should seek to maximize the efforts of volunteer personnel and private donations; (4) this program will assist the state in its goal to double the salmon catch by the year 2000; (5) this program will benefit both commercial and recreational fisheries and improve cooperative efforts to increase salmon production through a coordinated approach with similar programs in other states and Canada; and (6) the Grays Harbor fisheries enhancement task force’s exemplary performance in salmon enhancement provides a model for establishing regional fisheries enhancement groups by rule adopted under RCW 75.50.070, 75.50.080, and 75.50.090 through 75.50.110.” [1990 c 58 § 1.]

Regional fisheries enhancement group account—Revenue sources, uses, and limitations. The dedicated regional fisheries enhancement group account is created in the custody of the state treasurer. Only the director or the director’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

A surcharge of one dollar shall be collected on each recreational salmon license sold in the state. A surcharge of one hundred dollars shall be collected on each commercial salmon fishing license and each charter boat "salmon and other food fish" license sold in the state. The department shall study methods for collecting and making available, an annual list, including names and addresses, of all persons who obtain recreational and commercial salmon fishing licenses. This list may be used to assist formation of the regional fisheries enhancement groups and allow the broadest participation of license holders in enhancement efforts. The results of the study shall be reported to the house of representatives fisheries and wildlife committee and the senate environment and natural resources committee by October 1, 1990. All receipts shall be placed in the regional fisheries enhancement group account and shall be used exclusively for regional fisheries enhancement group projects for the purposes of RCW 75.50.110. Funds from the regional fisheries enhancement group account shall not serve as replacement funding for department operated salmon projects that exist on January 1, 1991.

All revenue from the department’s sale of salmon carcasses and eggs that return to group facilities shall be deposited in the regional fisheries enhancement group account for use by the regional fisheries enhancement group that produced the surplus. The department shall adopt rules to implement this section pursuant to chapter 34.05 RCW. [1990 c 58 § 3.]

Effective date—1990 c 58 § 3: “Section 3 of this act shall take effect January 1, 1991.” [1990 c 58 § 6.]

Findings—1990 c 58: See note following RCW 75.50.090.

Regional fisheries enhancement group advisory board. A regional fisheries enhancement group advisory board is established to make recommendations to the director. The advisory board shall make recommendations regarding regional enhancement group rearing project proposals and funding of those proposals. The members shall be appointed by the director and consist of two commercial fishing representatives, two recreational fishing representatives, and three at-large positions. The advisory board membership shall include two members serving ex officio to be nominated, one through the Northwest Indian fisheries commission, and one through the Columbia river intertribal fish commission.

The department may use account funds to provide agency assistance to the groups. The level of account funds used by the department shall be determined by the director after review and recommendation by the regional fisheries enhancement group advisory board and shall not exceed twenty percent of annual contributions to the account. [1990 c 58 § 4.]

Findings—1990 c 58: See note following RCW 75.50.090.

Regional fisheries enhancement group account—Biennial report. The department and the regional fisheries enhancement group advisory board shall report biennially to the senate environment and natural resources committee, the house of representatives fisheries and wildlife committee, the senate ways and means committee and house of representatives fiscal committees, or any successor committees beginning October 1, 1991. The report shall include but not be limited to the following:

1. An evaluation of enhancement efforts;
2. A description of projects;
3. A region by region accounting of financial contributions and expenditures including the enhancement group account funds; and
4. Volunteer participation and member affiliation. [1990 c 58 § 5.]

Findings—1990 c 58: See note following RCW 75.50.090.
75.50.130 Skagit river salmon recovery plan. The director of fisheries shall prepare a salmon recovery plan for the Skagit river. The plan shall include strategies for employing displaced timber workers to conduct salmon restoration and other tasks identified in the plan. The plan shall incorporate the best available technology in order to achieve maximum restoration of depressed salmon stocks. The plan must encourage the restoration of natural spawning areas and natural rearing of salmon but must not preclude the development of an active hatchery program. [1992 c 88 § 1.]

75.50.900 Severability—1985 c 458. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 458 § 12.]

75.52.010 Legislative findings—Departments of fisheries and wildlife to administer cooperative enhancement program. The fish and game resources of the state benefit by the contribution of volunteer recreational and commercial fishing organizations, schools, and other volunteer groups in cooperative projects under agreement with the department of fisheries or the department of wildlife. These projects provide educational opportunities, improve the communication between the natural resources agencies and the public, and increase the fish and game resources of the state. In an effort to increase these benefits and realize the full potential of cooperative projects, the department of fisheries and the department of wildlife each shall administer a cooperative fish and wildlife enhancement program and enter agreements with volunteer groups relating to the operation of cooperative projects. [1988 c 36 § 41; 1984 c 72 § 1.]

75.52.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Volunteer group" means any person or group of persons interested in or party to an agreement with the department of fisheries or the department of wildlife relating to a cooperative fish or game project.

(2) "Cooperative project" means a project conducted by a volunteer group that will benefit the fish, shellfish, game bird, nongame wildlife, or game animal resources of the state and for which the benefits of the project, including fish and game reared and released, are available to all citizens of the state. Indian tribes may elect to participate in cooperative fish and wildlife projects with the department.

(3) "Department" means either the department of fisheries or the department of wildlife, whichever is responsible for managing the species of fish or game most affected by the cooperative project. [1988 c 36 § 42; 1984 c 72 § 2.]

75.52.030 Cooperative projects—Types. The department shall encourage and support the development and operation of cooperative projects of the following types:

(1) Cooperative fish and game fish rearing projects, including but not limited to egg planting, egg boxes, juvenile planting, pen rearing, pond rearing, raceway rearing, and egg taking;

(2) Cooperative fish habitat improvement projects, including but not limited to fish migration improvement, spawning bed rehabilitation, habitat restoration, reef construction, lake fertilization, pond construction, pollution abatement, and endangered stock protection;

(3) Cooperative fish or game research projects if the project is clearly of a research nature and if the results are readily available to the public;

(4) Cooperative game bird and game animal projects, including but not limited to habitat improvement and restoration, replanting and transplanting, nest box installation, pen rearing, game protection, and supplemental feeding;

(5) Cooperative nongame wildlife projects, including but not limited to habitat improvement and restoration, nest box installation, establishment of wildlife interpretive areas or facilities, pollution abatement, supplemental feeding, and endangered species preservation and enhancement; and

(6) Cooperative information and education projects, including but not limited to landowner relations, outdoor ethics, natural history of Washington's fish, shellfish, and wildlife, and outdoor survival. [1984 c 72 § 3.]

75.52.035 Cooperative projects—Sale of surplus salmon eggs and carcasses. The department of fisheries may authorize the sale of surplus salmon eggs and carcasses by permitted cooperative projects for the purposes of defraying the expenses of the cooperative project. In no instance shall the department allow a profit to be realized through such sales. The department shall adopt rules to implement this section pursuant to chapter 34.05 RCW. [1987 c 48 § 1.]

Sale of surplus salmon eggs by department: RCW 75.08.245.

75.52.040 Duties of department. (1) The department shall:
(a) Encourage and support the establishment of cooperative agreements for the development and operation of cooperative food fish, shellfish, game fish, game bird, game animal, and nongame wildlife projects, and projects which provide an opportunity for volunteer groups to become involved in resource and habitat-oriented activities. All cooperative projects shall be fairly considered in the approval of cooperative agreements;  
(b) Identify regions and species or activities that would be particularly suitable for cooperative projects providing benefits compatible with department goals;  
(c) Determine the availability of rearing space at operating facilities or of net pens, egg boxes, portable rearing containers, incubators, and any other rearing facilities for use in cooperative projects, and allocate them to volunteer groups as fairly as possible;  
(d) Exempt volunteer groups from payment of fees to the department for activities related to the project;  
(e) Publicize the cooperative program;  
(f) Not substitute a new cooperative project for any part of the department’s program unless mutually agreeable to the department and volunteer group;  
(g) Not approve agreements that are incompatible with legally existing land, water, or property rights.

The department may, when requested, provide to volunteer groups its available professional expertise and assist the volunteer group to evaluate its project. [1987 c 505 § 73; 1984 c 72 § 4.]

75.52.050 Director to establish rules—Subjects. The director of each department shall establish by rule:  
(1) The procedure for entering a cooperative agreement and the application forms for a permit to release fish or wildlife required by RCW 75.08.295 or 77.16.150. The procedure shall indicate the information required from the volunteer group as well as the process of review by the department. The process of review shall include the means to coordinate with other agencies and Indian tribes when appropriate and to coordinate the review of any necessary hydraulic permit approval applications.  
(2) The procedure for providing within forty-five days of receipt of a proposal a written response to the volunteer group indicating the date by which an acceptance or rejection of the proposal can be expected, the reason why the date was selected, and a written summary of the process of review. The response should also include any suggested modifications to the proposal which would increase its likelihood of approval and the date by which such modified proposal could be expected to be accepted. If the proposal is rejected, the department must provide in writing the reasons for rejection. The volunteer group may request the director or the director’s designee to review information provided in the response.  
(3) The priority of the uses to which eggs, seed, juveniles, or brood stock are put. Use by cooperative projects shall be second in priority only to the needs of programs of the department or of other public agencies within the territorial boundaries of the state. Sales of eggs, seed, juveniles, or brood stock have a lower priority than use for cooperative projects.

(4) The procedure for notice in writing to a volunteer group of cause to revoke the agreement for the project and the procedure for revocation. Revocation shall be documented in writing to the volunteer group. Cause for revocation may include: (a) The unavailability of adequate biological or financial resources; (b) the development of unacceptable biological or resource management conflicts; or (c) a violation of agreement provisions. Notice of cause to revoke for a violation of agreement provisions may specify a reasonable period of time within which the volunteer group must comply with any violated provisions of the agreement.  
(5) An appropriate method of distributing among volunteer groups fish, bird, or animal food or other supplies available for the program. [1984 c 72 § 5.]

75.52.060 Agreements for cooperative projects—Duration. Agreements under this chapter may be for up to five years, with the department attempting to maximize the duration of each cooperative agreement. The duration of the agreement should reflect the financial and volunteer commitment and the stability of the volunteer group as well as the department’s expectation of resource availability and project contributions to the resource. [1984 c 72 § 6.]

75.52.070 Duties of volunteer group. (1) The volunteer group shall:  
(a) Provide care and diligence in conducting the cooperative project; and  
(b) Maintain accurately the required records of the project on forms provided by the department.  
(2) The volunteer group shall acknowledge that fish and game reared in cooperative projects are public property and must be handled and released for the benefit of all citizens of the state. The fish and game are to remain public property until reduced to private ownership under rules of the department. [1984 c 72 § 7.]

75.52.080 Application of chapter. This chapter applies to cooperative projects which were in existence on June 7, 1984, or which require no further funding. Implementation of this chapter for new projects requiring funding shall be to the extent that funds are available from the aquatic land enhancement account. [1984 c 72 § 8.]

75.52.100 Cedar river spawning channel. A salmon spawning channel shall be constructed on the Cedar river with the assistance and cooperation of the state department of fisheries. The department shall use existing personnel and the volunteer fisheries enhancement program outlined under chapter 75.52 RCW to assist in the planning, construction, and operation of the spawning channel. [1989 c 85 § 3.]

Project designation—1989 c 85: "The legislature hereby designates the Cedar river sockeye salmon enhancement project as a "Washington state centennial salmon venture."

[1989 c 85 § 1.]

Legislative finding—1989 c 85: "The legislature recognizes that King county has a unique urban setting for a recreational fishery and that Lake Washington and the rivers flowing into it should be developed for greater salmon production. A Lake Washington fishery is accessible to fifty percent of the state’s citizens by automobile in less than one hour. There has been extensive sockeye fishing success in Lake Washington, primarily from fish originating in the Cedar river. The legislature intends to enhance the Cedar river fishery by active state and local management and intends to
maximize the Lake Washington sockeye salmon runs for recreational fishing for all of the citizens of the state. A sockeye enhancement program could produce two to three times the current numbers of returning adults. A sockeye enhancement project would increase the public's appreciation of our state's fisheries, would demonstrate the role of a clean environment, and would show that positive cooperation can exist between local and state government in planning and executing programs that directly serve the public. A spawning channel in the Cedar river has been identified as an excellent way to enhance the Lake Washington sockeye run. A utility currently diverting water from the Cedar river for beneficial public use has expressed willingness to fund the planning, design, evaluation, construction, and operation of a spawning channel on the Cedar river. [1989 c 85 § 2.2]

Severability—1989 c 85: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1989 c 85 § 11.]

75.52.110 Cedar river spawning channel—Technical committee—Policy committee. The department of fisheries shall chair a technical committee, which shall review the preparation of enhancement plans and construction designs for a Cedar river sockeye spawning channel. The technical committee shall consist of not more than eight members: One representative each from the department of fisheries, national marine fisheries service, United States fish and wildlife service, and Muckleshoot Indian tribe; and four representatives from the public utility described in RCW 75.52.130. The technical committee will be guided by a policy committee, also to be chaired by the department of fisheries, which shall consist of not more than six members: One representative from each of the department of fisheries, national marine fisheries service, United States fish and wildlife service; and Muckleshoot Indian tribe; and four representatives from the public utility described in RCW 75.52.130. The policy committee shall present a progress report to the senate and house of representatives natural resources and environment committees by January 1, 1990, and shall oversee the operation and evaluation of the spawning channel. The policy committee will continue its oversight until the policy committee concludes that the channel is meeting the production goals specified in RCW 75.52.120. [1989 c 85 § 4.]

Project designation—Legislative finding—Severability—1989 c 85: See notes following RCW 75.52.100.

75.52.120 Cedar river spawning channel—Specifications. The channel shall be designed to produce, at a minimum, fry comparable in quality to those produced in the Cedar river and equal in number to what could be produced naturally by the estimated two hundred sixty-two thousand adults that could have spawned upstream of the Landsburg diversion. Construction of the spawning channel shall commence no later than September 1, 1990. Initial construction size shall be adequate to produce fifty percent or more of the production goal specified in this section. [1989 c 85 § 5.]

Project designation—Legislative finding—Severability—1989 c 85: See notes following RCW 75.52.100.

75.52.130 Cedar river spawning channel—Funding. The legislature recognizes that, if funding for planning, design, evaluation, construction, and operating expenses is provided by a public utility that diverts water for beneficial public use, and if the performance of the spawning channel meets the production goals described in RCW 75.52.120, the spawning channel project will serve, at a minimum, as compensation for lost sockeye salmon spawning habitat upstream of the Landsburg diversion. The amount of funding to be supplied by said utility will fully fund the total cost of planning, design, evaluation, and construction of the spawning channel. [1989 c 85 § 6.]

Project designation—Legislative finding—Severability—1989 c 85: See notes following RCW 75.52.100.

75.52.140 Cedar river spawning channel—Transfer of funds. In order to provide operation and maintenance funds for the facility authorized by RCW 75.52.100 through 75.52.160, the utility shall place two million five hundred thousand dollars in the state general fund Cedar river channel construction and operation account herein created. The interest from the fund shall be used for operation and maintenance of the spawning channel and any unused interest shall be added to the fund to increase the principal to cover possible future operation cost increases. The state treasurer may invest funds from the account as provided by law. [1989 c 85 § 7.]

Project designation—Legislative finding—Severability—1989 c 85: See notes following RCW 75.52.100.

75.52.150 Cedar river spawning channel—Legislative declaration. The legislature hereby declares that the construction of the Cedar river sockeye spawning channel is in the best interests of the state of Washington. [1989 c 85 § 9.]

Project designation—Legislative finding—Severability—1989 c 85: See notes following RCW 75.52.100.

75.52.160 Cedar river spawning channel—Mitigation of water diversion projects. Should the requirements of RCW 75.52.100 through 75.52.160 not be met, the department of fisheries shall seek immediate legal clarification of the steps which must be taken to fully mitigate water diversion projects on the Cedar river. [1989 c 85 § 10.]

Project designation—Legislative finding—Severability—1989 c 85: See notes following RCW 75.52.100.

75.52.900 Severability—1984 c 72. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1984 c 72 § 9.]

75.58.010 Disease inspection and control for aquatic farmers—Development of program—Elements—Rules—Violations. (1) The director of agriculture and the director of fisheries shall jointly develop a program of disease inspection and control for aquatic farmers as defined in RCW 15.85.020. The program shall be administered by the department of fisheries under rules established under this section. The purpose of the program is to protect the aquaculture industry and wildstock fisheries from a loss of productivity due to aquatic diseases or maladies. As used in this section “diseases” means, in addition to its ordinary meaning, infestations of parasites or pests. The disease program may include, but is not limited to, the following elements:

(a) Disease diagnosis;
(b) Import and transfer requirements;
(c) Provision for certification of stocks;
(d) Classification of diseases by severity;
(e) Provision for treatment of selected high-risk diseases;
(f) Provision for containment and eradication of high-risk diseases;

The fish and wildlife commission may adopt rules to regulate private sector cultured aquatic products and aquatic farms as defined in RCW 15.85.020. Except as provided in subsection (3) of this section, no action may be taken against any person to enforce these rules unless the commission has first provided the person an opportunity for a hearing. In such a case, if the hearing is requested, no enforcement action may be taken before the conclusion of that hearing.

(3) The rules adopted under this section shall specify the emergency enforcement actions that may be taken by the department of fisheries, and the circumstances under which they may be taken, without first providing the affected party with an opportunity for a hearing. Neither the provisions of this subsection nor the provisions of subsection (2) of this section shall preclude the department of fisheries from requesting the initiation of criminal proceedings for violations of the disease inspection and control rules.

(4) It is unlawful for any person to violate the rules adopted under subsection (2) or (3) of this section or to violate RCW 75.58.040.

(5) In administering the program established under this section, the department of fisheries shall use the services of a pathologist licensed to practice veterinary medicine.

(6) The director in administering the program shall not place constraints on or take enforcement actions in respect to the aquaculture industry that are more rigorous than those placed on the department of fisheries, the department of wildlife, or other fish-rearing entities. [1988 c 36 § 43; 1985 c 457 § 8.]

75.58.020 Disease inspection and control program—User fees—Aquaculture disease control account. The directors of agriculture and fisheries shall jointly adopt by rule, in the manner prescribed in RCW 75.58.010(2), a schedule of user fees for the disease inspection and control program established under RCW 75.58.010. The fees shall be established such that the program shall be entirely funded by revenues derived from the user fees by the beginning of the 1987-89 biennium.

There is established in the state treasury an account known as the aquaculture disease control account which is subject to appropriation. Proceeds of fees charged under this section shall be deposited in the account. Moneys from the account shall be used solely for administering the disease inspection and control program established under RCW 75.58.010. [1985 c 457 § 9.]

75.58.030 Consultation required—Agreements for diagnostic field services authorized—Roster of biologists.

(1) The director of fisheries shall consult regarding the disease inspection and control program established under RCW 75.58.010 with the department of wildlife, federal agencies, and Indian tribes to assure protection of state, federal, and tribal aquatic resources and to protect private sector cultured aquatic products from disease that could originate from waters or facilities managed by those agencies.

(2) With regard to the program, the director of fisheries may enter into contracts or interagency agreements for diagnostic field services with government agencies and institutions of higher education and private industry.

(3) The director of fisheries shall provide for the creation and distribution of a roster of biologists having a speciality in the diagnosis or treatment of diseases of fish or shellfish. The director shall adopt rules specifying the qualifications which a person must have in order to be placed on the roster. [1988 c 36 § 44; 1985 c 457 § 10.]

75.58.040 Registration of aquatic farmers. All aquatic farmers as defined in RCW 15.85.020 shall register with the department of fisheries. The director shall develop and maintain a registration list of all aquaculture farms. Registered aquaculture farms shall provide the department production statistical data. The state veterinarian and the department of wildlife shall be provided with registration and statistical data by the department. [1988 c 36 § 45; 1985 c 457 § 11.]

ADMINISTRATION
76.04.005 Definitions. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Additional fire hazard" means a condition existing on any land in the state covered wholly or in part by forest debris which is likely to further the spread of fire and thereby endanger life or property. The term "additional fire hazard" does not include green trees or snags left standing in upland or riparian areas under the provisions of RCW 76.04.465 or chapter 76.09 RCW.

(2) "Closed season" means the period between April 15 and October 15, unless the department designates different dates because of prevailing fire weather conditions.

(3) "Department" means the department of natural resources, or its authorized representatives, as defined in chapter 43.30 RCW.

(4) "Department protected lands" means all lands subject to the forest protection assessment under RCW 76.04.610 or covered under contract or agreement pursuant to RCW 76.04.135 by the department.
(5) "Emergency fire costs" means those costs incurred or approved by the department for emergency forest fire suppression, including the employment of personnel, rental of equipment, and purchase of supplies over and above costs regularly budgeted and provided for nonemergency fire expenses for the biennium in which the costs occur.

(6) "Forest debris" includes forest slash, chips, and any other vegetative residue resulting from activities on forest land.

(7) "Forest fire service" includes all wardens, rangers, and other persons employed especially for preventing or fighting forest fires.

(8) "Forest land" means any unimproved lands which have enough trees, standing or down, or flammable material, to constitute in the judgment of the department, a fire menace to life or property. Sagebrush and grass areas east of the summit of the Cascade mountains may be considered forest lands when such areas are adjacent to or intermingled with areas supporting tree growth. Forest land, for protection purposes, does not include structures.

(9) "Forest landowner," "owner of forest land," "landowner," or "owner" means the owner or the person in possession of any public or private forest land.

(10) "Forest material" means forest slash, chips, timber, standing or down, or other vegetation.

(11) "Landowner operation" means every activity, and supporting activities, of a forest landowner and the landowner’s agents, employees, or independent contractors or permittees in the management and use of forest land subject to the forest protection assessment under RCW 76.04.610 for the primary benefit of the owner. The term includes, but is not limited to, the growing and harvesting of forest products, the development of transportation systems, the utilization of minerals or other natural resources, and the clearing of land. The term does not include recreational and/or residential activities not associated with these enumerated activities.

(12) "Participating landowner" means an owner of forest land whose land is subject to the forest protection assessment under RCW 76.04.610.

(13) "Slash" means organic forest debris such as tree tops, limbs, brush, and other dead flammable material remaining on forest land as a result of a landowner operation.

(14) "Slash burning" means the planned and controlled burning of forest debris on forest lands by broadcast burning, underburning, pile burning, or other means, for the purposes of silviculture, hazard abatement, or reduction and prevention or elimination of a fire hazard.

(15) "Suppression" means all activities involved in the containment and control of forest fires, including the patrolling thereof until such fires are extinguished or considered by the department to pose no further threat to life or property.

(16) "Unimproved lands" means those lands that will support grass, brush and tree growth, or other flammable material when such lands are not cleared or cultivated and, in the opinion of the department, are a fire menace to life and property. [1992 c 52 § 24; 1986 c 100 § 1.]

76.04.015 Fire protection powers and duties of department. (1) The department may, at its discretion, appoint trained personnel possessing the necessary qualifications to carry out the duties and supporting functions of the department and may determine their respective salaries.

(d) Inquire into:

(i) The extent, kind, value, and condition of all timber lands within the state;

(ii) The extent to which timber lands are being destroyed by fire and the damage thereon.

(5) When the department considers it to be in the best interest of the state, it may cooperate with any agency of another state, the United States or any agency thereof, the Dominion of Canada or any agency or province thereof, and any county, town, corporation, individual, or Indian tribe within the state of Washington in forest fire fighting and patrol. [1986 c 100 § 2.]

76.04.025 Federal funds. The department shall receive and disburse any and all moneys contributed, allotted, or paid by the United States under the authority of any act of Congress for use in cooperation with the state of Washington in protecting and developing forests. [1986 c 100 § 3.]

76.04.035 Wardens—Appointment—Duties. (1) The department may appoint any of its employees as wardens, at the times and localities as it considers the public welfare demands, within any area of the state where there is forest land requiring protection.

(2) The duties of wardens shall be:

(2) Employees of the United States forest service, when recommended by their forest supervisor, and citizens of the state advantageously located may, at the discretion of the department, be commissioned as rangers and vested with the certain powers and duties of wardens as specified in this chapter and as directed by the department.

(3) Rangers shall receive no compensation for their services except when employed in cooperation with the state and under the provisions of this chapter and shall not create any indebtedness or incur any liability on behalf of the state: PROVIDED, That rangers actually engaged in extinguishing or preventing the spread of fire on forest land or elsewhere that may endanger forest land shall, when their accounts for such service have been approved by the department, be entitled to receive compensation for such services at a rate to be fixed by the department.

(4) The department may cancel the commission of any ranger or authority granted to any ex officio ranger who may be incompetent or unwilling to discharge properly the duties of the office. [1986 c 100 § 5.]

76.04.055 Service of notices. Any notice required by law to be served by the department, warden, or ranger shall be sufficient if a written or printed copy thereof is delivered, mailed, telegraphed, or electronically transmitted by the department, warden, or ranger to the person to receive the notice or to his or her responsible agent. If the name or address of the person or agent is unknown and cannot be obtained by reasonable diligence, the notice may be served by posting the copy in a conspicuous place upon the premises concerned by the notice. [1986 c 100 § 6.]

76.04.065 Arrests without warrants. Department employees appointed as wardens, persons commissioned as rangers, and all police officers may arrest persons violating this chapter, without warrant, as prescribed by law. [1986 c 100 § 7.]

76.04.075 Rules—Penalty. Any person who violates any of the orders or rules adopted under this chapter for the protection of forests from fires is guilty of a misdemeanor and subject to the penalties for a misdemeanor under RCW 9A.20.021, unless another penalty is provided. [1986 c 100 § 8.]

76.04.085 Penalty for violations. Unless specified otherwise, violations of the provisions of this chapter shall be a misdemeanor and subject to the penalties for a misdemeanor under RCW 9A.20.021. [1986 c 100 § 9.]

76.04.095 Cooperative protection. When any responsible protective agency or agencies composed of timber owners other than the state agrees to undertake systematic forest protection in cooperation with the state and such cooperation appears to the department to be more advantageous to the state than the state-provided forest fire services, the department may designate suitable areas to be official cooperative districts and substitute cooperative services for the state-provided services. The department may cooperate in the compensation for expenses of preventing and controlling fire in cooperative districts to the extent it considers equitable on behalf of the state. [1986 c 100 § 10.]

76.04.105 Contracts for protection and development. The department may enter into contracts and undertakings with private corporations for the protection and development of the forest lands within the state, subject to the provisions of this chapter. [1986 c 100 § 11.]

76.04.115 Articles of incorporation—Requirements. Before any private corporation may enter into any contract under RCW 76.04.105, there shall be incorporated into the articles of incorporation or charter of such corporation a
provision requiring that the corporation, out of its earnings or earned surplus, and in a manner satisfactory to the department, annually set apart funds to discharge any contract entered into between such corporation and the department. [1986 c 100 § 12.]

76.04.125 Requisites of contract. Any undertaking for the protection and development of the forest lands of the state under RCW 76.04.105 shall be regulated and controlled by a contract to be entered into between the private corporation and the department. The contract shall outline the lands involved and the conditions and details of the undertaking, including an exact specification of the amount of funds to be made available by the corporation and the time and manner of disbursement. Before entering into any such contract, the department shall be satisfied that the private corporation is financially solvent and will be able to carry out the project outlined in the contract. The department shall have charge of the project for the protection and development of the forest lands described in the contract, and any expense incurred by the department under any such contract shall be payable solely by the corporation from the funds provided by it for these purposes. The state of Washington shall not in any event be responsible to any person, firm, company, or corporation for any indebtedness created by any corporation under a contract pursuant to RCW 76.04.105. [1986 c 100 § 13.]

76.04.135 Cooperative agreements—Public agencies. (1) For the purpose of promoting and facilitating cooperation between fire protection agencies and to more adequately protect life, property, and the natural resources of the state, the department may enter into a contract or agreement with a municipality, county, state, or federal agency to provide fire detection, prevention, presuppression, or suppression services on property; that the department’s primary mission is to protect life, property, and the natural resources of the state. Any undertaking that the department should work with the state’s other fire control agencies to define geographic areas of responsibility that are more consistent with their respective primary missions.

(2) Contracts or agreements under subsection (1) of this section may contain provisions for the exchange of services on a cooperative basis or services in return for cash payment or other compensation.

(3) No charges may be made when the department determines that under a cooperative contract or agreement the assistance received from a municipality, county, or federal agency on state protected lands equals that provided by the state on municipal, county, or federal lands. [1986 c 100 § 14.]

76.04.145 Forest fire advisory board. (1) There is hereby created a forest fire advisory board, consisting of seven members who shall represent private and public forest landowners and other interested segments of the public. The members shall be appointed by the commissioner of public lands and shall serve at the commissioner’s pleasure, without compensation.

(2) The duties of the forest fire advisory board shall be strictly advisory and shall include, but not necessarily be limited to:

(a) Reviewing forest fire prevention and suppression policies of the department;

(b) Monitoring expenditures from and recoveries for the landowner contingency forest fire suppression account;

(c) Recommending appropriate assessments and allocations for establishment and replenishment of the account based upon the proportionate expenditures necessitated by participating landowner operations in western and eastern Washington;

(d) Recommending to the department appropriate rules or amendments to existing rules and reviewing nonemergency rules affecting the protection of forest lands from fire, including reasonable alternative means or procedures for the abatement, isolation, or reduction of forest fire hazards.

(3) Except where an emergency exists, all rules concerning matters listed in subsection (2)(d) of this section shall be adopted by the department after consultation with the forest fire advisory board. [1986 c 100 § 15.]

76.04.155 Fire fighting—Employment—Assistance. (1) The department may employ a sufficient number of persons to extinguish or prevent the spreading of any fire that may be in danger of damaging or destroying any timber or other property on department protected lands. The department may provide needed tools and supplies and may provide transportation when necessary for persons so employed.

(2) Every person so employed is entitled to compensation at a rate to be fixed by the department. The department shall, upon request, show the person the number of hours worked by that person and the rate established for payment. After approval of the department, that person is entitled to receive payment from the state.

(3) It is unlawful to fail to render assistance when called upon by the department to aid in guarding or extinguishing any fire. [1986 c 100 § 16.]

76.04.165 Legislative declaration—Forest protection zones. (1) The legislature finds and declares that forest lands within the state are increasingly being used for residential purposes; that the risk to life and property is increasing from forest fires which may destroy developed property; that the department’s primary mission is to protect forest land and suppress forest fires; that a primary mission of the rural fire districts and municipal fire departments is to protect improved property and suppress structural fires; that adjustment of the geographic areas of responsibility for the respective fire control agencies has not kept pace with the increasing use of forest lands for residential purposes; and that the department should work with the state’s other fire control agencies to define geographic areas of responsibility that are more consistent with their respective primary missions.

(2) To accomplish the purposes of subsection (1) of this section, the department shall establish a procedure to clarify its geographic areas of responsibility. The areas of department protection shall be called forest protection zones. The forest protection zones shall include all forest land which the department is obligated to protect but shall not include forest land within rural fire districts or municipal fire districts which affected local fire control agencies agree, by mutual consent with the department, is not appropriate for department protection. Forest land not included within a forest protection zone established by mutual agreement of the
department and a rural fire district or a municipal fire district shall not be assessed under RCW 76.04.610 or 76.04.630.

(3) After the department and any affected local fire protection agencies have agreed on the boundary of a forest protection zone, the department shall establish the boundary by rule under chapter 34.05 RCW.

(4) Except by agreement of the affected parties, the establishment of forest protection zones shall not alter any mutual aid agreement. [1988 c 273 § 2.]

PERMITS

76.04.205 Burning permits. (1) Except in certain areas designated by the department or as permitted under rules adopted by the department, a person shall have a valid written burning permit obtained from the department to burn:

(a) Any flammable material on any lands under the protection of the department; or

(b) Refuse or waste forest material on forest lands protected by the department.

(2) To be valid a permit must be signed by both the department and the permittee. Conditions may be imposed in the permit for the protection of life, property, or air quality and [the department] may suspend or revoke the permits when conditions warrant. A permit shall be effective only under the conditions and for the period stated therein. Signing of the permit shall indicate the permittee’s agreement to and acceptance of the conditions of the permit.

(3) The department may inspect or cause to be inspected the area involved and may issue a burning permit if:

(a) All requirements relating to fire fighting equipment, the work to be done, and precautions to be taken before commencing the burning have been met;

(b) No unreasonable danger will result; and

(c) Burning will be done in compliance with air quality standards established by chapter 70.94 RCW.

(4) The department, authorized employees thereof, or any warden or ranger may refuse, revoke, or postpone the use of permits to burn when necessary for the safety of adjacent property or when necessary in their judgment to prevent air pollution as provided in chapter 70.94 RCW. [1986 c 100 § 17.]

76.04.215 Burning mill wood waste—Arresters. (1) It is unlawful for anyone manufacturing lumber or shingles, or other forest products, to destroy wood waste material by burning within one-fourth of one mile of any forest material without properly confining the place of the burning and without further safeguarding the surrounding property against danger from the burning by such additional devices as the department may require.

(2) It is unlawful for anyone to destroy any wood waste material by fire within any burner or destructor operated within one-fourth of one mile of any forest material, or to operate any power-producing plant using in connection therewith any smokestack, chimney, or other spark-emitting outlet, without installing and maintaining on such burner, or destructor, or on such smokestack, chimney, or other spark-emitting outlet, a safe and suitable device for arresting sparks. [1986 c 100 § 18.]

76.04.235 Dumping mill waste, forest debris—Penalty. (1) No person may dump mill waste from forest products, or forest debris of any kind, in quantities that the department declares to constitute a forest fire hazard on or threatening forest lands located in this state without first obtaining a written permit issued by the department on such terms and conditions determined by the department pursuant to rules enacted to protect forest lands from fire. The permit is in addition to any other permit required by law.

(2) Any person who dumps such mill waste, or forest debris, without a permit, or in violation of a permit is guilty of a gross misdemeanor and subject to the penalties for a gross misdemeanor under RCW 9A.20.021 and may further be required to remove all materials dumped. [1986 c 100 § 19.]

76.04.246 Use of blasting fuse. It is unlawful to use fuse for blasting on any area of logging slash or area of actual logging operation without a permit during the closed season. Upon the issuance of a written permit by the department or warden or ranger, fuse may be used during the closed season under the conditions specified in the permit. [1986 c 100 § 20.]

CLOSURES/SUSPENSIONS

76.04.305 Closed to entry—Designation. (1) When, in the opinion of the department, any forest land is particularly exposed to fire danger, the department may designate such land as a region of extra fire hazard subject to closure, and the department shall adopt rules for the protection thereof.

(2) All such rules shall be published in such newspapers of general circulation in the counties wherein such region is situated and for such length of time as the department may determine.

(3) When in the opinion of the department it becomes necessary to close the region to entry, posters carrying the wording "Region of extra fire hazard-CLOSED TO ENTRY—except as provided by RCW 76.04.305" and indicating the beginning and ending dates of the closures shall be posted on the public highways entering the regions.

(4) The rules shall be in force from the time specified therein, but when in the opinion of the department such forest region continues to be exposed to fire danger, or ceases to be so exposed, the department may extend, suspend, or terminate the closure by proclamation.

(5) This section does not authorize the department to prohibit the conduct of industrial operations, public work, or access of permanent residents to their own property within the closed area, but no one legally entering the region of extra fire hazard may use the area for recreational purposes which are prohibited to the general public under the terms of this section. [1986 c 100 § 21.]

76.04.315 Suspension of burning permits/privileges. In times and localities of unusual fire danger, the department may issue an order suspending any or all burning permits or privileges authorized by RCW 76.04.205 and may prohibit absolutely the use of fire in such locations. [1986 c 100 § 22.]
Title 76 RCW: Forests and Forest Products

76.04.325 Closure of forest operations or forest lands. (1) When in the opinion of the department weather conditions arise which present an extreme fire hazard, whereby life and property may be endangered, the department may issue an order shutting down all logging, land clearing, or other industrial operations which may cause a fire to start. The shutdown shall be for the periods and regions designated in the order. During shutdowns, all persons are excluded from logging operating areas and areas of logging slash, except those present in the interest of fire protection.

(2) When in the opinion of the department extreme fire weather exists, whereby forest lands may be endangered, the department may issue an order restricting access to and activities on forest lands. The order shall describe the regions and extent of restrictions necessary to protect forest lands. During the period in which the order is in effect, all persons may be excluded from the regions described, except those persons present in the interest of fire protection.

(3) Each day's violation of an order under this section shall constitute a separate offense. [1986 c 100 § 23.]

FIRE PROTECTION REGULATION

76.04.405 Steam, internal combustion, or electrical engines and other spark-emitting equipment regulated. It is unlawful during the closed season for any person to operate any steam, internal combustion, or electric engine, or any other spark-emitting equipment or device, on any forest land or in any place where, in the opinion of the department, fire could spread to forest land, without first complying with the requirements as may be established by the department by rule pursuant to this chapter. [1986 c 100 § 24.]

76.04.415 Penalty for violations—Work stoppage notice. (1) Every person upon receipt of written notice issued by the department that such person has or is violating any of the provisions of RCW 76.04.215, 76.04.305, 76.04.405, or 76.04.650 or any rule adopted by the department concerning fire prevention and fire suppression preparedness shall cease operations until compliance with the provisions of the sections or rules specified in such notice.

(2) The department may specify in the notice of violation the special conditions and precautions under which the operation would be allowed to continue until the end of that working day. [1986 c 100 § 25.]

76.04.425 Unauthorized entry into sealed fire tool box. It is unlawful to enter into a sealed fire tool box without authorization. [1986 c 100 § 26.]

76.04.435 Deposit of fire or live coals. No person operating a railroad may permit to be deposited by any employee, and no one may deposit fire or live coals, upon the right of way within one-fourth of one mile of any forest material, during the closed season, unless the fire or live coals are immediately extinguished. [1986 c 100 § 27.]

76.04.445 Reports of fire. (1) Any person engaged in any activity on forest lands shall immediately report to the department, in person or by radio, telephone, or telegraph, any fires on forest lands.

(2) Railroad companies and other public carriers operating on or through forest lands shall immediately report to the department, in person or by radio, telephone, or telegraph, any fires on or adjacent to their right of way or route. [1986 c 100 § 28.]

76.04.455 Lighted material, etc.—Receptacles in conveyances. (1) It is unlawful during the closed season for any person to throw away any lighted tobacco, cigars, cigarettes, matches, fireworks, charcoal, or other lighted material or to discharge any tracer or incendiary ammunition in any forest, brush, range, or grain areas.

(2) It is unlawful during the closed season for any individual to smoke any flammable material when in forest or brush areas except on roads, cleared landings, gravel pits, or any similar area free of flammable material.

(3) Every conveyance operated through or above forest, range, brush, or grain areas shall be equipped in each compartment with a suitable receptacle for the disposition of lighted tobacco, cigars, cigarettes, matches, or other flammable material.

(4) Every person operating a public conveyance through or above forest, range, brush, or grain areas shall post a copy of this section in a conspicuous place within the smoking compartment of the conveyance; and every person operating a saw mill or a logging camp in any such areas shall post a copy of this section in a conspicuous place upon the ground or buildings of the milling or logging operation. [1986 c 100 § 29.]

76.04.465 Certain snags to be felled currently with logging. Standing dead trees constitute a substantial deterrent to effective fire control action in forest areas, but are also an important and essential habitat for many species of wildlife. To insure continued existence of these wildlife species and continued forest growth while minimizing the risk of destruction by conflagration, only certain snags must be felled currently with the logging. The department shall adopt rules relating to effective fire control action to require that only certain snags be felled, taking into consideration the need to protect the wildlife habitat. [1986 c 100 § 30.]

76.04.475 Reimbursement for costs of suppression action. Any person, firm, or corporation, public or private, obligated to take suppression action on any forest fire is entitled to reimbursement for reasonable costs incurred, subject to the following:

(1) No reimbursement is allowed under this section to a person, firm, or corporation whose negligence is responsible for the starting or existence of any fire for which costs may be recoverable pursuant to law. Reimbursement for fires resulting from slash burns are subject to RCW 76.04.486.

(2) If the fire is started in the course of or as a result of land clearing operations, right of way clearing, or a landowner operation, the person, firm, or corporation conducting the operation shall supply:

(a) At no cost to the department, all equipment and able-bodied persons under contract, control, employment, or
ownership that are requested by the department and are reasonably available until midnight of the day on which the fire started; and

(b) After midnight of the day on which the fire started, at no cost to the department, all equipment and able-bodied persons under contract, control, employment, or ownership that were within a one-half mile radius of the fire at the time of discovery, until the fire is declared out by the department. In no case may the person, firm, or corporation provide less than one suitable bulldozer and five able-bodied persons, or other equipment accepted by the department as equivalent, unless the department determines less is needed for the purpose of suppressing the fire; and

(c) If the person, firm, or corporation has no personnel or equipment within one-half mile of the fire, payment shall be made to the department for the minimum requirement of one suitable bulldozer and five able-bodied persons, for the duration of the fire; and

(d) If, after midnight of the day on which the fire started, additional personnel and equipment are requested by the department, the person, firm, or corporation shall supply the personnel and equipment under contract, control, employment, or ownership outside the one-half mile radius, if reasonably available, but shall be reimbursed for such personnel and equipment as provided in subsection (4) of this section.

(3) When a fire which occurred in the course of or as a result of land clearing operations, right of way clearing, or a landowner operation, which had previously been suppressed, rekindles, the person, firm, or corporation shall supply the same personnel and equipment, under the same conditions, as were required at the time of the original fire.

(4) Claims for reimbursement shall be submitted within a reasonable time to the department which shall upon verifying the amounts therein and the necessity thereof authorize payment at such rates as established by the department for wages and equipment rental. [1986 c 100 § 31.]

76.04.486 Escaped slash burns—Obligations. (1) All personnel and equipment required by the burning permit issued for a slash burn may be required by the department, at the permittee's expense, for suppression of a fire resulting from the slash burn until the fire is declared out by the department. In no case may the permittee provide less than one suitable bulldozer and five persons capable of taking suppression action. In addition, if a slash burn becomes an uncontrolled fire the department may recover from the landowner the actual costs incurred in suppressing the fire. The amount collected from the landowner shall be limited to and calculated at the rate of one dollar per acre for the landowner's total forest lands protected by the department, up to a maximum charge of fifty thousand dollars per escaped slash burn.

(2) The landowner contingency forest fire suppression account shall be used to pay and the permittee shall not be responsible for fire suppression expenditures greater than fifty thousand dollars or the total amount calculated for forest lands owned as determined in subsection (1) of this section for each escaped slash burn.

(3) All expenses incurred in suppressing a fire resulting from a slash burn in which negligence was involved shall be the obligation of the landowner. [1986 c 100 § 32.]

76.04.495 Negligent starting of fires—Existence of extreme fire hazard or forest debris—Liability for costs—Recovery. (1) Any person, firm, or corporation: (a) Whose negligence is responsible for the starting or existence of a fire which spreads on forest land; or (b) who creates or allows an extreme fire hazard under RCW 76.04.660 to exist and which hazard contributes to the spread of a fire; or (c) who allows forest debris subject to RCW 76.04.650 to exist and which debris contributes to the spread of fire, shall be liable for any expenses made necessary by (a), (b), or (c) of this subsection incurred by the state, a municipality, or a forest protective association, in fighting the fire, together with costs of investigation and litigation including reasonable attorneys' fees and taxable court costs, if the expense was authorized or subsequently approved by the department.

(2) The department or agency incurring such expense shall have a lien for the same against any property of the person, firm, or corporation liable under subsection (1) of this section by filing a claim of lien naming the person, firm, or corporation, describing the property against which the lien is claimed, specifying the amount expended on the lands on which the fire fighting took place and the period during which the expenses were incurred, and signing the claim with post office address. No claim of lien is valid unless filed, with the county auditor of the county in which the property sought to be charged is located, within a period of ninety days after the expenses of the claimant are incurred. The lien may be foreclosed in the same manner as a mechanic's lien is foreclosed under the statutes of the state of Washington. [1986 c 100 § 33.]

ASSESSMENTS, OBLIGATIONS, FUNDS

76.04.600 Owners to protect forests. Every owner of forest land in the state of Washington shall furnish or provide, during the season of the year when there is danger of forest fires, adequate protection against the spread of fire thereon or therefrom which shall meet with the approval of the department. [1986 c 100 § 34.]

76.04.610 Forest fire protection assessment. (1) If any owner of forest land within a forest protection zone, or any owner of forest land located where fire protection responsibility has not been mutually agreed upon as provided in RCW 76.04.165 (2), neglects or fails to provide adequate fire protection as required by RCW 76.04.600, the department shall provide such protection, notwithstanding the provisions of RCW 76.04.630, at a cost to the owner of not to exceed twenty-two cents an acre per year for assessments levied after December 31, 1989: PROVIDED, That there shall be no assessment on any parcel of privately owned lands of less than two acres. Assessors may, at their option, collect the assessment on any tax exempt lands less than ten acres. If the assessor elects not to collect the assessment, the department may bill the landowner directly. The minimum assessment for any ownership parcel subject to the assessment shall be ten dollars for assessments levied in
(2) An owner of two or more parcels per county, each containing less than fifty acres, may obtain a refund of the assessments paid on all such parcels over one by applying therefor within the year the assessment was due to the department, in such form as the department may require. Verification that all assessments and property taxes on the property have been paid shall be provided to the department by the owner. If the total acreage of the parcels exceeds fifty acres, the per-acre rate shall apply and the refund shall be computed accordingly. Application for the refund may be made by mail.

(3) Beginning January 1, 1991, under the administration and at the discretion of the department up to two hundred thousand dollars per year of this assessment shall be used in support of those rural fire districts assisting the department in fire protection services on forest lands.

(4) For the purpose of this chapter, the department may classify lands according to the character of timber prevailing, and the fire hazard existing, and place unprotected lands under the administration of the proper district. Any amounts paid or contracted to be paid by the department for protection of forest lands from any funds at its disposal shall be a lien upon the property protected, unless reimbursed by the owner within ten days after October 1st of the year in which they were incurred. The department shall be prepared to make statement thereof, upon request, to any forest owner whose own protection has not been previously approved as to its adequacy, the department shall report the same to the assessor of the county in which the property is situated. The assessor shall extend the amounts upon the tax rolls covering the property, and upon authorization from the department shall levy the forest protection assessment against the amounts of unimproved land as shown in each ownership on the county assessor’s records. The assessor may then segregate on the records to provide that the improved land and improvements thereon carry the millage levy designed to support the rural fire protection districts as provided for in RCW 52.16.170.

(5) The amounts assessed shall be collected at the time, in the same manner, by the same procedure, and with the same penalties attached that general state and county taxes on the same property are collected, except that errors in assessments may be corrected at any time by the department certifying them to the treasurer of the county in which the land involved is situated. Assessments shall be known and designated as assessments of the year in which the amounts became reimbursable. Upon the collection of such assessments the county treasurer shall transmit them to the department. Collections shall be applied against expenses incurred in carrying out the provisions of this section, including necessary and reasonable administrative costs incurred by the department in the enforcement of these provisions. The department may also expend any sums collected from owners of forest lands or received from any other source for necessary administrative costs in connection with the enforcement of RCW 76.04.660.

(6) When land against which forest protection assessments are outstanding is acquired for delinquent taxes and sold at public auction, the state shall have a prior lien on the proceeds of sale over and above the amount necessary to satisfy the county’s delinquent tax judgment. The county treasurer, in case the proceeds of sale exceed the amount of the delinquent tax judgment, shall forthwith remit to the department the amount of the outstanding forest protection assessments.

(7) All nonfederal public bodies owning or administering forest land included in a forest protection zone shall pay the forest protection assessments provided in this section and the special forest fire suppression account assessments under RCW 76.04.630. The forest protection assessments and special forest fire suppression account assessments shall be payable by nonfederal public bodies from any available funds within thirty days following receipt of the written notice from the department which is given after October 1st of the year in which the protection was provided. Unpaid assessments shall not be a lien against the nonfederal publicly owned land but shall constitute a debt by the nonfederal public body to the department and shall be subject to interest charges at the legal rate.

(8) A public body, having failed to previously pay the forest protection assessments required of it by this section, which fails to suppress a fire on or originating from forest lands owned or administered by it, shall be liable for the costs of suppression incurred by the department or its agent and shall not be entitled to reimbursement of any costs incurred by the public body in the suppression activities.

(9) The department may adopt rules to implement this section, including, but not limited to, rules on levying and collecting forest protection assessments. [1989 c 362 § 1; 1988 c 273 § 3; 1986 c 100 § 35.]

76.04.620 State funds—Loans—Recovery of funds from the landowner contingency forest fire suppression account. Biennial general fund appropriations to the department of natural resources normally provide funds for the purpose of paying the emergency fire costs and expenses incurred and/or approved by the department in forest fire suppression or in reacting to any potential forest fire situation. When a determination is made that the fire started in the course of or as a result of a landowner operation, moneys expended from such appropriations in the suppression of the fire shall be recovered from the landowner contingency forest fire suppression account. The department shall transmit to the state treasurer for deposit in the general fund any such moneys which are later recovered. Moneys recovered during the biennium in which they are expended may be spent for purposes set forth in this section during the same biennium, without reapropriation. Loans between the general fund and the landowner contingency forest fire suppression account are authorized for emergency fire suppression. The loans shall not exceed the amount appropriated for emergency forest fire suppression costs and shall bear interest at the then current rate of interest as determined by the state treasurer. [1986 c 100 § 36.]

76.04.630 Landowner contingency forest fire suppression account—Expenditures—Assessments. There is created a landowner contingency forest fire suppression account in the state treasury. Moneys in the account may be
spent only as provided in this section. Disbursements from the account shall be on authorization of the commissioner of public lands or the commissioner's designee. The account is subject to the allotment procedure provided under chapter 43.88 RCW, but no appropriation is required for disbursements. The department may expend from this account such amounts as may be available and as it considers appropriate for the payment of emergency fire costs resulting from a participating landowner fire. The department may, when moneys are available from the landowner contingency forest fire suppression account, expend moneys for summarily abating, isolating, or reducing an extreme fire hazard under RCW 76.04.660. All moneys recovered as a result of the department's actions, from the owner or person responsible, under RCW 76.04.660 shall be deposited in the landowner contingency forest fire suppression account. When a determination is made that the fire was started by other than a landowner operation, moneys expended from this account in the suppression of such fire shall be recovered from such general fund appropriations as may be available for emergency fire suppression costs. The department shall deposit in the landowner contingency forest fire suppression account any moneys paid out of the account which are later recovered, less reasonable costs of recovery. This account shall be established and renewed by a special forest fire suppression account assessment paid by participating landowners at a rate to be established by the department, but not to exceed fifteen cents per acre per year for such period of years as may be necessary to establish and thereafter reestablish a balance in the account of three million dollars. The department may establish a minimum assessment for ownership parcels identified in RCW 76.04.610 as paying the minimum assessment. The maximum assessment for these parcels shall not exceed the fees levied on a thirty-acre parcel. There shall be no assessment on each parcel of privately owned lands of less than two acres. The assessments may differ to equitably distribute the assessment based on emergency fire suppression cost experience necessitated by landowner operations. Amounts assessed for this account shall be a lien upon the forest lands and clearing right of way for railroad, public highway, private road, ditch, dike, pipe or wire line, or for any other transmission, or transportation utility right of way, shall pile and burn or dispose of by other satisfactory means, all forest debris cut thereon, as rapidly as the clearing or cutting progresses, or at such other times as the department may specify, and if during the closed season, in compliance with the law requiring burning permits. No person clearing any land or right of way, or in cutting or logging timber for any purpose, may fell, or permit to be felled, any trees so that they may fall onto land owned by another without first obtaining permission from the owner in addition to complying with the terms of this section for the disposal of refuse. All the terms of this section and other forest laws of the state shall be observed in all clearings of right of way or other land on behalf of the state itself or any county thereof, either directly or by contract, and, unless unavoidable emergency prevents, provision shall be made by all officials directing the work for withholding a sufficient portion of the payment therefor until the disposal is completed, to insure the completion of the disposal in compliance with this section. [1986 c 100 § 38.]

76.04.660 Additional fire hazards—Extreme fire hazard areas—Abatement, isolation or reduction—Summary action—Recovery of costs. (1) The owner of land which is an additional fire hazard and the person responsible for the existence of an additional fire hazard shall take reasonable measures to reduce the danger of fire spreading from the area and may abate the hazard by burning or other satisfactory means. (2) The department shall adopt rules defining areas of extreme fire hazard that the owner and person responsible shall abate. The areas shall include but are not limited to high risk areas such as where life or buildings may be endangered, areas adjacent to public highways, and areas of frequent public use. (3) The department may adopt rules, after consultation with the forest fire advisory board, defining other conditions of extreme fire hazard with a high potential for fire spreading to lands in other ownerships. The department may prescribe additional measures that shall be taken by the owner and person responsible to isolate or reduce the extreme fire hazard. (4) The owner or person responsible for the existence of the extreme fire hazard is required to abate, isolate, or reduce the hazard. The duty to abate, isolate, or reduce, and liability under this chapter, arise upon creation of the extreme fire hazard. Liability shall include but not be limited to all fire suppression expenses incurred by the department, regardless of fire cause. (5) If the owner or person responsible for the existence of the extreme fire hazard or forest debris subject to RCW 76.04.650 refuses, neglects, or unsuccessfully attempts to
abate, isolate, or reduce the same, the department may summarily abate, isolate, or reduce the hazard as required by this chapter and recover twice the actual cost thereof from the owner or person responsible. Landowner contingency forest fire suppression account moneys may be used by the department, when available, for this purpose. Moneys recovered by the department pursuant to this section shall be returned to the landowner contingency forest fire suppression account.

(6) Such costs shall include all salaries and expenses of people and equipment incurred therein, including those of the department. All such costs shall also be a lien upon the land enforceable in the same manner with the same effect as a mechanic’s lien.

(7) The summary action may be taken only after ten days’ notice in writing has been given to the owner or reputed owner of the land on which the extreme fire hazard or forest debris subject to RCW 76.04.650 exists. The notice shall include a suggested method of abatement and estimated cost thereof. The notice shall be by personal service or by registered or certified mail addressed to the owner or reputed owner at the owner’s last known place of residence. [1986 c 100 § 39.]

FIRE REGULATION

76.04.700 Failure to extinguish campfire. It is unlawful for any person to start any fire upon any camping ground and upon leaving the camping ground fail to extinguish the fire. [1986 c 100 § 40.]

76.04.710 Wilful setting of fire. It is unlawful for any person to wilfully start a fire, whether on his or her land or the land of another, whereby forest lands or the property of another is endangered, under circumstances not amounting to arson in either the first or second degree or reckless burning in either the first or second degree. [1986 c 100 § 41.]

76.04.720 Removal of notices. It is unlawful for any person to wilfully and without authorization deface or remove any warning notice posted under the requirements of this chapter. [1986 c 100 § 42.]

76.04.730 Negligent fire—Spread. It is unlawful for any person to negligently allow fire originating on the person’s own property to spread to the property of another. [1986 c 100 § 43.]

76.04.740 Reckless burning. (1) It is unlawful to knowingly cause a fire or explosion and thereby place forest lands in danger of destruction or damage.

(2) This section does not apply to acts amounting to reckless burning in the first degree under RCW 9A.48.040.

(3) Terms used in this section shall have the meanings given to them in Title 9A RCW.

(4) A violation of this section shall be punished as a gross misdemeanor under RCW 9A.20.021. [1986 c 100 § 44.]

76.04.750 Uncontrolled fire a public nuisance—Suppression—Duties—Summary action—Recovery of costs. Any fire on or threatening any forest land burning uncontrolled and without proper action being taken to prevent its spread, notwithstanding the origin of the fire, is a public nuisance by reason of its menace to life and property. Any person engaged in any activity on such lands, having knowledge of the fire, notwithstanding the origin or subsequent spread thereof on his or her own or other forest lands, and the landowner, shall make every reasonable effort to suppress the fire. If the person has not suppressed the fire and the fire is on or threatening forest land within a forest protection zone, the department shall summarily suppress the fire. If the owner, lessee, other possessor of such land, or an agent or contractor of the owner, lessee, or possessor, having knowledge of the fire, has not made a reasonable effort to suppress the fire, the cost thereof may be recovered from the owner, lessee, or other possessor of the land and the cost of the work shall also constitute a lien upon the real property or chattels under the person’s ownership. The lien may be filed by the department in the office of the county auditor and foreclosed in the same manner provided by law for the foreclosure of mechanics’ liens. The prosecuting attorney shall bring the action to recover the cost or foreclose the lien, upon the request of the department. In the absence of negligence, no costs, other than those provided in RCW 76.04.475, shall be recovered from any landowner for lands subject to the forest protection assessment with respect to the land on which the fire burns.

When a fire occurs in a land clearing, right of way clearing, or landowner operation it shall be fought to the full limit of the available employees and equipment, and the fire fighting shall be continued with the necessary crews and equipment in such numbers as are, in the opinion of the department, sufficient to suppress the fire. The fire shall not be left without a fire fighting crew or fire patrol until authority has been granted in writing by the department. [1988 c 273 § 4; 1986 c 100 § 45.]

76.06.010 Forest insects and tree diseases are public nuisance. Forest insects and forest tree diseases which threaten the permanent timber production of the forest areas
of the state of Washington are hereby declared to be a public nuisance. [1951 c 233 § 1.]

76.06.020 Definitions. As used in this chapter:
"Department" means the department of natural resources;
"Owner" means and includes individuals, partnerships, corporations and associations;
"Agent" means the recognized legal representative, representatives, agent or agents for any owner;
"Timber land" means any land on which there is a sufficient number of trees, standing or down, to constitute, in the judgment of the department, a forest insect or forest disease breeding ground of a nature to constitute a menace, injurious and dangerous to permanent forest growth in the district under consideration. [1988 c 128 § 15; 1951 c 233 § 2.]

76.06.030 Administration. This chapter shall be administered by the department. [1988 c 128 § 16; 1951 c 233 § 3.]

76.06.040 Owner must control pests and diseases. Every owner of timber lands, or his agent, shall make every reasonable effort to control, destroy and eradicate such forest insect pests and forest tree diseases which threaten the existence of any stand of timber or provide for the same to be done on timber lands owned by him or under his control. In the event he fails, neglects, or is unable to accomplish such control, the action may be performed as provided for in this chapter. [1951 c 233 § 4.]

76.06.050 Infestation control district—Creation—Notice to owners. Whenever the department finds timber lands threatened by infestations of forest insects or forest tree diseases, and if it finds that such infestation is of such character as to threaten destruction of timber stands, the department shall declare and certify an infestation control district and fix and declare the boundaries thereof, so as to definitely describe such district. Said district may include timber lands threatened by the infestation as well as those timber lands already infested.

Thereafter the department shall at once serve written notice to all owners of timber lands or their agents within the said district to proceed under the provisions of this chapter without delay to control, destroy and eradicate the said forest insect pests or forest tree diseases as provided herein. The said notice may be made by personal service, or by mail addressed to the last known place or address of such owner or agent. Said notice shall list and describe the method or methods of action that will be acceptable to the department if the owner or agent elects to control, destroy and eradicate said insects or diseases on his own property.

Said notice when published for five consecutive days in at least one daily newspaper or in two consecutive issues of a weekly newspaper, either paper having a general circulation in said district will serve as the written notice to owners of noncommercial timber lands. [1988 c 128 § 17; 1961 c 72 § 1; 1951 c 233 § 5.]

76.06.060 Department to control pests and diseases if owner fails. If the owner or agent so notified shall fail, refuse, neglect or is unable to comply with the requirements of said notice, within a period of thirty days after the date thereof, it shall be the duty of the department or its agents, using such funds as have been, or hereafter may be, made available to proceed with the control, eradication and destruction of such forest pests or forest tree diseases with or without the cooperation of the owner involved in a manner approved by the department. [1988 c 128 § 18; 1951 c 233 § 6.]

76.06.070 Lien for costs of control—Collection. Upon the completion of the work directed, authorized and performed under the provisions of this chapter, the department shall prepare a verified statement of the expenses necessarily incurred in performing the work of controlling, eradicating and destroying said forest insects or forest tree diseases. The balance of such expenses after deducting such amounts as may be contributed to the control costs by the state, by the federal government, or by any other agencies, companies, corporations or individuals, shall be a lien to be prorated per acre upon the property, or properties involved: PROVIDED, That the amount of said lien shall not exceed twenty-five percent of the total costs incurred on such owner's lands including necessary buffer strips. Said lien shall be reported by the department to the county assessor of the county in which said lands are situated, and shall be levied and collected with the next taxes on such lands in the same manner and with the same interest, penalty and cost charges as apply to ad valorem property taxes in this state: PROVIDED FURTHER, Such report and levy shall be made only on commercial timber lands. The assessor shall extend the amounts on the assessment roll in a separate column, and the procedure provided by law for the collection of taxes and delinquent taxes shall be applicable thereto, and, upon the collection thereof, the county treasurer shall repay the same to the department to be applied to the expenses incurred in carrying out the provisions of this chapter. [1988 c 128 § 19; 1951 c 233 § 7.]

76.06.080 Owner complying with notice is exempt. Every owner, and all owners or representatives, who upon receiving notice as provided in RCW 76.06.050, shall proceed and continue in good faith to control, eradicate and destroy said forest insects and forest tree diseases in accordance with standards established by the department shall be exempt from the provisions hereof as to the lands upon which he or they are so proceeding. [1988 c 128 § 20; 1951 c 233 § 11.]

76.06.090 Dissolution of infestation control district. Whenever the department shall determine that insect control work within the designated district of infestation is no longer necessary or feasible, the department may dissolve said district. [1988 c 128 § 21; 1951 c 233 § 12.]

76.06.110 Deposit of moneys in general fund—Allotment as unanticipated receipts. All moneys collected under the provisions of RCW 76.06.070, together with such moneys as may be contributed by the federal government or
by any owner or agent, shall be deposited in the state general fund for the purposes of this chapter.

Any additional revenue earmarked for the purposes of this chapter which was not anticipated in the budget adopted by the legislature may be deposited in the general fund and allotted as unanticipated receipts pursuant to RCW 43.79.270 through 43.79.282 as now existing or hereafter amended. [1979 ex.s. c 67 § 12; 1951 c 233 § 9.]

Effective date—1979 ex.s. c 67: "Sections 12, 13, and 19 of this 1979 act shall take effect on July 1, 1981." Chapter 76.09 RCW to be used to satisfy federal water pollution act requirements: RCW 90.48.425.

76.09.010 Legislative finding and declaration. (1) The legislature hereby finds and declares that the forest land resources are among the most valuable of all resources in the state; that a viable forest products industry is of prime importance to the state’s economy; that it is in the public interest for public and private commercial forest lands to be managed consistent with sound policies of natural resource protection; that coincident with maintenance of a viable forest products industry, it is important to afford protection to forest soils, fisheries, wildlife, water quantity and quality, air quality, recreation, and scenic beauty.

(2) The legislature further finds and declares it to be in the public interest of this state to create and maintain through the adoption of this chapter a comprehensive statewide system of laws and forest practices regulations which will achieve the following purposes and policies:

(a) Afford protection to, promote, foster and encourage timber growth, and require such minimum reforestation of commercial tree species on forest lands as will reasonably utilize the timber growing capacity of the soil following current timber harvest;

(b) Afford protection to forest soils and public resources by utilizing all reasonable methods of technology in conducting forest practices;

(c) Recognize both the public and private interest in the profitable growing and harvesting of timber;

(d) Promote efficiency by permitting maximum operating freedom consistent with the other purposes and policies stated herein;

(e) Provide for regulation of forest practices so as to avoid unnecessary duplication in such regulation;

(f) Provide for interagency input and intergovernmental and tribal coordination and cooperation;

(g) Achieve compliance with all applicable requirements of federal and state law with respect to point sources of water pollution from forest practices;

(h) To consider reasonable land use planning goals and concepts contained in local comprehensive plans and zoning regulations; and
(i) Foster cooperation among managers of public resources, forest landowners, Indian tribes and the citizens of the state.

(2) The legislature further finds and declares that it is also in the public interest of the state to encourage forest landowners to undertake corrective and remedial action to reduce the impact of mass earth movements and fluvial processes. [1987 c 95 § 1; 1974 ex.s. c 137 § 1.]

76.09.040 Forest practices regulations—Promulgation—Review of proposed regulations—Hearings—Adoption. (1) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall promulgate forest practices regulations pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:

(a) Establish minimum standards for forest practices;

(b) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a) of this subsection if the plan is consistent with the purposes and policies stated in RCW 76.09.010 and the plan meets or exceeds the objectives of the minimum standards; and

(c) Set forth necessary administrative provisions.

Forest practices regulations pertaining to water quality protection shall be promulgated individually by the board and by the department of ecology after they have reached agreement with respect thereto. All other forest practices regulations shall be promulgated by the board.

Forest practices regulations shall be administered and enforced by the department except as otherwise provided in this chapter. Such regulations shall be promulgated and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2) The board shall prepare proposed forest practices regulations. In addition to any forest practices regulations relating to water quality protection proposed by the board, the department of ecology shall prepare proposed forest practices regulations relating to water quality protection.

Prior to initiating the rule making process, the proposed regulations shall be submitted for review and comments to the department of fisheries, the department of wildlife, and to the counties of the state. After receipt of the proposed forest practices regulations, the departments of fisheries and wildlife and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed regulations relating to water quality protection. After the expiration of such thirty day period the board and the department of ecology shall jointly hold one or more hearings on the proposed regulations pursuant to chapter 34.05 RCW. 76.09.050 Rules establishing classes of forest practices—Applications for classes of forest practices—Approval or disapproval—Notifications—Procedures—Appeals—Waiver. (1) The board shall establish by rule which forest practices shall be included within each of the following classes:

Class I: Minimal or specific forest practices that have no direct potential for damaging a public resource that may be conducted without submitting an application or a notification;

Class II: Forest practices which have a less than ordinary potential for damaging a public resource that may be conducted without submitting an application and may begin five calendar days, or such lesser time as the department may determine, after written notification by the operator, in the manner, content, and form as prescribed by the department, is received by the department. Class II shall not include forest practices:

(a) On lands platted after January 1, 1960, or being converted to another use;

(b) Which require approvals under the provisions of the hydraulics act, RCW 75.20.100;

(c) Within "shorelines of the state" as defined in RCW 90.58.030; or

(d) Excluded from Class II by the board;

Class III: Forest practices other than those contained in Class I, II, or IV. A Class III application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application;

Class IV: Forest practices other than those contained in Class I or II: (a) On lands platted after January 1, 1960, (b) on lands being converted to another use, (c) on lands which, pursuant to RCW 76.09.070 as now or hereafter amended, are not to be reforested because of the likelihood of future conversion to urban development, and/or (d) which have a potential for a substantial impact on the environment and therefore require an evaluation by the department as to whether or not a detailed statement must be prepared pursuant to the state environmental policy act, chapter 43.21C RCW. Such evaluation shall be made within ten days from the date the department receives the application: PROVIDED, That nothing herein shall be construed to prevent any local or regional governmental entity from determining that a detailed statement must be prepared for an action pursuant to a Class IV forest practice taken by that governmental entity concerning the land on which forest practices will be conducted. A Class IV application must be approved or disapproved by the department within thirty calendar days from the date the department receives the application, unless the department determines that a detailed statement must be made, in which case the application must be approved or disapproved by the department within sixty calendar days from the date the department receives the application, unless the commissioner of public lands, through the promulgation of a formal order, determines that the process cannot be completed within such period.
Forest practices under Classes I, II, and III are exempt from the requirements for preparation of a detailed statement under the state environmental policy act.

(2) No Class II, Class III, or Class IV forest practice shall be commenced or continued after January 1, 1975, unless the department has received a notification with regard to a Class II forest practice or approved an application with regard to a Class III or Class IV forest practice containing all information required by RCW 76.09.060 as now or hereafter amended: PROVIDED, That any person commencing a forest practice during 1974 may continue such forest practice until April 1, 1975, if such person has submitted an application to the department prior to January 1, 1975: PROVIDED, FURTHER, That in the event forest practices regulations necessary for the scheduled implementation of this chapter and RCW 90.48.420 have not been adopted in time to meet such schedules, the department shall have the authority to regulate forest practices and approve applications on such terms and conditions consistent with this chapter and RCW 90.48.420 and the purposes and policies of RCW 76.09.010 until applicable forest practices regulations are in effect.

(3) If a notification or application is delivered in person to the department by the operator or his agent, the department shall immediately provide a dated receipt thereof. In all other cases, the department shall immediately mail a dated receipt to the operator.

(4) Forest practices shall be conducted in accordance with the forest practices regulations, orders and directives as authorized by this chapter or the forest practices regulations, and the terms and conditions of any approved applications.

(5) The department of natural resources shall notify the applicant in writing of either its approval of the application or its disapproval of the application and the specific manner in which the application fails to comply with the provisions of this section or with the forest practices regulations. Except as provided otherwise in this section, if the department fails to either approve or disapprove an application or any portion thereof within the applicable time limit, the application shall be deemed approved and the operation may be commenced: PROVIDED, That this provision shall not apply to applications which are neither approved nor disapproved pursuant to the provisions of subsection (7) of this section: PROVIDED, FURTHER, That if seasonal field conditions prevent the department from being able to properly evaluate the application, the department may issue an approval conditional upon further review within sixty days: PROVIDED, FURTHER, That the department shall have until April 1, 1975, to approve or disapprove an application involving forest practices allowed to continue to April 1, 1975, under the provisions of subsection (2) of this section. Upon receipt of any notification or any satisfactorily completed application the department shall in any event no later than two business days after such receipt transmit a copy to the departments of ecology, wildlife, and fisheries, and to the county, city, or town in whose jurisdiction the forest practice is to be commenced. Any comments by such agencies shall be directed to the department of natural resources.

(6) If the county, city, or town believes that an application is inconsistent with this chapter, the forest practices regulations, or any local authority consistent with RCW 76.09.240 as now or hereafter amended, it may so notify the department and the applicant, specifying its objections.

(7) The department shall not approve portions of applications to which a county, city, or town objects if:

(a) The department receives written notice from the county, city, or town of such objections within fourteen business days from the time of transmittal of the application to the county, city, or town, or one day before the department acts on the application, whichever is later; and

(b) The objections relate to lands either:

(i) Platted after January 1, 1960; or

(ii) Being converted to another use.

The department shall either disapprove those portions of such application or appeal the county, city, or town objections to the appeals board. If the objections related to subparagraphs (b)(i) and (ii) of this subsection are based on local authority consistent with RCW 76.09.240 as now or hereafter amended, the department shall disapprove the application until such time as the county, city, or town consents to its approval or such disapproval is reversed on appeal. The applicant shall be a party to all department appeals of county, city, or town objections. Unless the county, city, or town either consents or has waived its rights under this subsection, the department shall not approve portions of an application affecting such lands until the minimum time for county, city, or town objections has expired.

(8) In addition to any rights under the above paragraph, the county, city, or town may appeal any department approval of an application with respect to any lands within its jurisdiction. The appeals board may suspend the department's approval in whole or in part pending such appeal where there exists potential for immediate and material damage to a public resource.

(9) Appeals under this section shall be made to the appeals board in the manner and time provided in RCW 76.09.220(8). In such appeals there shall be no presumption of correctness of either the county, city, or town or the department position.

(10) The department shall, within four business days notify the county, city, or town of all notifications, approvals, and disapprovals of an application affecting lands within the county, city, or town, except to the extent the county, city, or town has waived its right to such notice.

(11) A county, city, or town may waive in whole or in part its rights under this section, and may withdraw or modify any such waiver, at any time by written notice to the department. See RCW 36.70A.900 and 36.70A.901.

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

(1) The department shall prescribe the form and contents of the notification and application. The forest practices rules shall specify by whom and under what conditions the notification and application shall be signed or otherwise certified as acceptable. The application or notification shall be delivered in person to the department, sent by first class mail to the
department or electronically filed in a form defined by the department. The form for electronic filing shall be readily convertible to a paper copy, which shall be available to the public pursuant to chapter 42.17 RCW. The information required may include, but is not limited to:

(e) Description of the silvicultural, harvesting, or other forest practice methods to be used, including the type of equipment to be used and materials to be applied;
(f) Proposed plan for reforestation and for any revegetation necessary to reduce erosion potential from roadsides and yarding roads, as required by the forest practices rules;
(g) Soil, geological, and hydrological data with respect to forest practices;
(h) The expected dates of commencement and completion of all forest practices specified in the application;
(i) Provisions for continuing maintenance of roads and other construction or other measures necessary to afford protection to public resources; and
(j) An affirmation that the statements contained in the notification or application are true.

(2) Long range plans may be submitted to the department for review and consultation.

(3) The application for a forest practice or the notification of a class II forest practice shall indicate whether any land covered by the application or notification will be converted or is intended to be converted to a use other than commercial timber production within three years after completion of the forest practices described in it.

(a) If the application states that any such land will be or is intended to be so converted:
(i) The reforestation requirements of this chapter and of the forest practices rules shall not apply if the land is in fact so converted unless applicable alternatives or limitations are provided in forest practices rules issued under RCW 76.09.070 as now or hereafter amended;
(ii) Completion of such forest practice operations shall be deemed conversion of the lands to another use for purposes of chapters *84.28, 84.33, and 84.34 RCW unless the conversion is to a use permitted under a current use tax agreement permitted under chapter 84.34 RCW;
(iii) The forest practices described in the application are subject to applicable county, city, town, and regional governmental authority permitted under RCW 76.09.240 as now or hereafter amended as well as the forest practices rules.

(b) If the application or notification does not state that any land covered by the application or notification will be or is intended to be so converted:
(i) For six years after the date of the application the county, city, town, and regional governmental entities may deny any or all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of land subject to the application;
(ii) Failure to comply with the reforestation requirements contained in any final order or decision shall constitute a removal from classification under the provisions of *RCW 84.28.065, a removal of designation under the provisions of RCW 84.33.140, and a change of use under the provisions of RCW 84.34.080, and, if applicable, shall subject such lands to the payments and/or penalties resulting from such removals or changes; and
(iii) Conversion to a use other than commercial timber operations within three years after completion of the forest practices without the consent of the county, city, or town shall constitute a violation of each of the county, municipal city, town, and regional authorities to which the forest practice operations would have been subject if the application had so stated.

(c) The application or notification shall be either signed by the landowner or accompanied by a statement signed by the landowner indicating his or her intent with respect to conversion and acknowledging that he or she is familiar with the effects of this subsection.

(4) Whenever an approved application authorizes a forest practice which, because of soil condition, proximity to a water course or other unusual factor, has a potential for causing material damage to a public resource, as determined by the department, the applicant shall, when requested on the approved application, notify the department two days before the commencement of actual operations.

(5) Before the operator commences any forest practice in a manner or to an extent significantly different from that described in a previously approved application or notification, there shall be submitted to the department a new application or notification form in the manner set forth in this section.

(6) The notification to or the approval given by the department to an application to conduct a forest practice shall be effective for a term of two years from the date of approval or notification and shall not be renewed unless a new application is filed and approved or a new notification has been filed. At the option of the applicant, an application or notification may be submitted to cover a single forest practice or a number of forest practices within reasonable geographic or political boundaries as specified by the department. An application or notification that covers more than one forest practice may have an effective term of more than two years. The board shall adopt rules that establish standards and procedures for approving an application or notification that has an effective term of more than two years. Such rules shall include extended time periods for application or notification approval or disapproval. On an approved application with a term of more than two years, the applicant shall inform the department before commencing operations.

(7) Notwithstanding any other provision of this section, no prior application or notification shall be required for any emergency forest practice necessitated by fire, flood, windstorm, earthquake, or other emergency as defined by the board, but the operator shall submit an application or notification, whichever is applicable, to the department within forty-eight hours after commencement of such
practice. [1992 c 52 § 22; 1990 1st ex.s. c 17 § 62; 1975 1st ex.s. c 200 § 3; 1974 ex.s. c 137 § 6.]

76.09.060 Procedures—Notification on sale or transfer.

The completion of a logging operation, satisfactory reforestation as defined by the rules and regulations promulgated by the board shall be completed within three years: PROVIDED, That: (1) A longer period may be authorized if seed or seedlings are not available; (2) a period of up to five years may be allowed where a natural regeneration plan is approved by the department; and (3) the department may identify low-productivity lands on which it may allow for a period of up to ten years for natural regeneration. Upon the completion of a reforestation operation a report on such operation shall be filed with the department of natural resources. Within twelve months of receipt of such a report the department shall inspect the reforestation operation, and shall determine either that the reforestation operation has been properly completed or that further reforestation and inspection is necessary.

Satisfactory reforestation is the obligation of the owner of the land as defined by forest practices regulations, except the owner of perpetual rights to cut timber owned separately from the land is responsible for satisfactory reforestation. The reforestation obligation shall become the obligation of a new owner if the land or perpetual timber rights are sold or otherwise transferred.

Prior to the sale or transfer of land or perpetual timber rights subject to a reforestation obligation, the seller shall notify the buyer of the existence and nature of the obligation and the buyer shall sign a notice of reforestation obligation indicating the buyer’s knowledge thereof. The notice shall be on a form prepared by the department and shall be sent to the department by the seller at the time of sale or transfer of the land or perpetual timber rights. If the seller fails to notify the buyer about the reforestation obligation, the seller shall pay the buyer’s costs related to reforestation, including all legal costs which include reasonable attorneys’ fees, incurred by the buyer in enforcing the reforestation obligation against the seller. Failure by the seller to send the required notice to the department at the time of sale shall be prima facie evidence, in an action by the buyer against the seller for costs related to reforestation, that the seller did not notify the buyer of the reforestation obligation prior to sale.

The forest practices regulations may provide alternatives to or limitations on the applicability of reforestation requirements with respect to forest lands being converted in whole or in part to another use which is compatible with timber growing. The forest practices regulations may identify classifications and/or areas of forest land that have the likelihood of future conversion to urban development within a ten year period. The reforestation requirements may be modified or eliminated on such lands: PROVIDED, That such identification and/or such conversion to urban development must be consistent with any local or regional land use plans or ordinances. [1987 c 95 § 10; 1982 c 173 § 1; 1975 1st ex.s. c 200 § 4; 1974 ex.s. c 137 § 7.]

76.09.070 Reforestation—Requirements—Procedures—Notification on sale or transfer. After the completion of a logging operation, satisfactory reforestation as defined by the rules and regulations promulgated by the board shall be completed within three years: PROVIDED, That: (1) A longer period may be authorized if seed or seedlings are not available; (2) a period of up to five years may be allowed where a natural regeneration plan is approved by the department; and (3) the department may identify low-productivity lands on which it may allow for a period of up to ten years for natural regeneration. Upon the completion of a reforestation operation a report on such operation shall be filed with the department of natural resources. Within twelve months of receipt of such a report the department shall inspect the reforestation operation, and shall determine either that the reforestation operation has been properly completed or that further reforestation and inspection is necessary.

Satisfactory reforestation is the obligation of the owner of the land as defined by forest practices regulations, except the owner of perpetual rights to cut timber owned separately from the land is responsible for satisfactory reforestation. The reforestation obligation shall become the obligation of a new owner if the land or perpetual timber rights are sold or otherwise transferred.

Prior to the sale or transfer of land or perpetual timber rights subject to a reforestation obligation, the seller shall notify the buyer of the existence and nature of the obligation and the buyer shall sign a notice of reforestation obligation indicating the buyer’s knowledge thereof. The notice shall be on a form prepared by the department and shall be sent to the department by the seller at the time of sale or transfer of the land or perpetual timber rights. If the seller fails to notify the buyer about the reforestation obligation, the seller shall pay the buyer’s costs related to reforestation, including all legal costs which include reasonable attorneys’ fees, incurred by the buyer in enforcing the reforestation obligation against the seller. Failure by the seller to send the required notice to the department at the time of sale shall be prima facie evidence, in an action by the buyer against the seller for costs related to reforestation, that the seller did not notify the buyer of the reforestation obligation prior to sale.

The forest practices regulations may provide alternatives to or limitations on the applicability of reforestation requirements with respect to forest lands being converted in whole or in part to another use which is compatible with timber growing. The forest practices regulations may identify classifications and/or areas of forest land that have the likelihood of future conversion to urban development within a ten year period. 76.09.080 Stop work orders—Grounds—Contents—Procedures—Appeals. (1) The department shall have the authority to serve upon an operator a stop work order which shall be a final order of the department if:

(a) There is any violation of the provisions of this chapter or the forest practices regulations; or
(b) There is a deviation from the approved application; or
(c) Immediate action is necessary to prevent continuation of or to avoid material damage to a public resource.

(2) The stop work order shall set forth:

(a) The specific nature, extent, and time of the violation, deviation, damage, or potential damage;
(b) An order to stop all work connected with the violation, deviation, damage, or potential damage;
(c) The specific course of action needed to correct such violation or deviation or to prevent damage and to correct and/or compensate for damage to public resources which has resulted from any violation, unauthorized deviation, or willful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence; and
(d) The right of the operator to a hearing before the appeals board.

The department shall immediately file a copy of such order with the appeals board and mail a copy thereof to the timber owner and forest land owner at the addresses shown on the application. The operator, timber owner, or forest land owner may commence an appeal to the appeals board within fifteen days after service upon the operator. If such appeal is commenced, a hearing shall be held not more than twenty days after copies of the notice of appeal were filed with the appeals board. Such proceeding shall be an adjudicative proceeding within the meaning of chapter 34.05 RCW, the Administrative Procedure Act. The operator shall comply with the order of the department immediately upon being served, but the appeals board if requested shall have authority to continue or discontinue in whole or in part the order of the department under such conditions as it may impose pending the outcome of the proceeding. [1989 c 175 § 163; 1975 1st ex.s. c 200 § 5; 1974 ex.s. c 137 § 8.]

Effective date—1989 c 175: See note following RCW 34.05.010.
(1)(a) The specific nature, extent, and time of failure to comply with the approved application; or identifying the damage or potential damage; and/or

(b) The relevant provisions of this chapter or of the forest practice regulations relating thereto;

(2) The right of the operator or landowner to a hearing before the department; and

(3) The specific course of action ordered by the department to be followed by the operator to correct such failure to comply and to prevent, correct and/or compensate for material damage to public resources which resulted from any violation, unauthorized deviation, or wilful or negligent disregard for potential damage to a public resource; and/or those courses of action necessary to prevent continuing damage to public resources where the damage is resulting from the forest practice activities but has not resulted from any violation, unauthorized deviation, or negligence.

The department shall mail a copy thereof to the forest landowner and the timber owner at the addresses shown on the application, showing the date of service upon the operator. Such notice to comply shall become a final order of the department: PROVIDED, That no direct appeal to the appeals board will be allowed from such final order. Such operator shall undertake the course of action so ordered by the department unless, within fifteen days after the date of service of such notice to comply, the operator, forest land owner, or timber owner, shall request the department in writing to schedule a hearing. If so requested, the department shall schedule a hearing on a date not more than twenty days after receiving such request. Within ten days after such hearing, the department shall issue a final order of the department or a final decision of the appeals board. If the department completes such course of action and notifies such final order to the appeals board.

No person shall be under any obligation under this section to prevent, correct, or compensate for any damage to public resources which occurs more than one year after the date of completion of the forest practices operations involved exclusive of reforestation, unless such forest practices were not conducted in accordance with forest practices rules and regulations: PROVIDED, That this provision shall not relieve the forest land owner from any obligation to comply with forest practices rules and regulations pertaining to providing continuing road maintenance. No action to recover damages shall be taken under this section more than two years after the date the damage involved occurs. [1975 1st ex.s. c 200 § 7; 1974 ex.s. c 137 § 9.]

76.09.110 Final orders or final decisions binding upon all parties. Unless declared invalid on appeal, a final order of the department or a final decision of the appeals board shall be binding upon all parties. [1974 ex.s. c 137 § 11.]

76.09.120 Failure of owner to take required course of action—Notice of cost—Department authorized to complete course of action—Liability of owner for costs—Lien. If an operator fails to undertake and complete any course of action with respect to a forest practice, as required by a final order of the department or a final decision of the appeals board or any court pursuant to RCW 76.09.080 and 76.09.090, the department may determine the cost thereof and give written notice of such cost to the operator, the timber owner and the owner of the forest land upon or in connection with which such forest practice was being conducted. If such operator, timber owner, or forest land owner fails within thirty days after such notice is given to undertake such course of action, or having undertaken such course of action fails to complete it within a reasonable time, the department may expend any funds available to undertake complete such course of action and such operator, timber owner, and forest land owner shall be jointly and severally liable for the actual, direct cost thereof, but in no case more than the amount set forth in the notice from the department. If not paid within sixty days after the department completes such course of action and notifies such forest land owner in writing of the amount due, such amount shall become a lien on such forest land and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics’ liens. [1974 ex.s. c 137 § 12.]

76.09.130 Failure to obey stop work order—Departmental action authorized—Liability of owner or operator for costs. When the operator has failed to obey a stop work order issued under the provisions of RCW 76.09.080 the department may take immediate action to prevent continuation of or avoid material damage to public resources. If a final order or decision fixes liability with the operator, timber owner, or forest land owner, they shall be jointly and severally liable for such emergency costs which may be collected in the manner provided for in RCW 76.09.120. [1974 ex.s. c 137 § 13.]

76.09.140 Enforcement. (1) The department of natural resources, through the attorney general, may take any necessary action to enforce any final order or final decision,
or to enjoin any forest practices by any person for a one year period after such person has failed to comply with a final order or a final decision.

(2) A county may bring injunctive, declaratory, or other actions for enforcement for forest practice activities within its jurisdiction in the superior court as provided by law against the department, the forest land owner, timber owner or operator to enforce the forest practice regulations or any final order of the department, or the appeals board: PROVIDED, That no civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department of natural resources: AND PROVIDED FURTHER, That such actions shall not be commenced unless the department fails to take appropriate action after ten days written notice to the department by the county of a violation of the forest practices regulations or final orders of the department or the appeals board. [1975 1st ex.s. c 200 § 8; 1974 ex.s. c 137 § 14.]

76.09.150 Inspection—Right of entry. The department shall make inspections of forest lands, before, during and after the conducting of forest practices as necessary for the purpose of insuring compliance with this chapter and the forest practice regulations and to insure that no material damage occurs to the natural resources of this state as a result of such practices.

Any duly authorized representative of the department shall have the right to enter upon forest land at any reasonable time to enforce the provisions of this chapter and the forest practices regulations. [1974 ex.s. c 137 § 15.]

76.09.160 Right of entry by department of ecology. Any duly authorized representative of the department of ecology shall have the right to enter upon forest land at any reasonable time to administer the provisions of this chapter and RCW 90.48.420. [1974 ex.s. c 137 § 16.]

Every person who fails to comply with any provision of RCW 76.09.010 through 76.09.280 as now or hereafter amended or of the forest practices regulations shall be subject to a penalty in an amount of not more than five hundred dollars for every such violation. Each and every such violation shall be a separate and distinct offense. In case of a failure to comply with a notice pursuant to RCW 76.09.090 as now or hereafter amended or a stop work order, every day’s continuance shall be a separate and distinct violation. Every person who through an act of commission or omission procures, aids or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty herein provided for: PROVIDED, That no penalty shall be imposed under this section upon any governmental official, an employee of any governmental department, agency, or entity, or a member of any board or advisory committee created by this chapter for any act or omission in his duties in the administration of this chapter or of any regulation promulgated thereunder.

The penalty herein provided for shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department of natural resources describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department of natural resources shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such regulations as it may deem proper.

Any person incurring any penalty hereunder may appeal the same to the forest practices appeals board.

Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application.

Any penalty imposed hereunder shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of any penalty incurred hereunder is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. [1975 1st ex.s. c 200 § 9; 1974 ex.s. c 137 § 17.]

76.09.180 Disposition of moneys received as penalties, reimbursement for damages. All penalties received or recovered by state agency action for violations as prescribed in RCW 76.09.170 shall be deposited in the state general fund. All such penalties recovered as a result of local government action shall be deposited in the local government general fund. Any funds recovered as reimbursement for damages pursuant to RCW 76.09.080 and 76.09.090 shall be transferred to that agency with jurisdiction over the public resource damaged, including but not limited to political subdivisions, the department of wildlife, the department of fisheries, the department of ecology, the department of natural resources, or any other department that may be so designated: PROVIDED, That nothing herein
shall be construed to affect the provisions of RCW 90.48.142. [1988 c 36 § 48; 1974 ex.s. c 137 § 18.]

**76.09.190 Additional penalty, gross misdemeanor.** In addition to the penalties imposed pursuant to RCW 76.09.170, any person who conducts any forest practice or knowingly aids or abets another in conducting any forest practice in violation of any provisions of RCW 76.09.010 through 76.09.280 or 90.48.420, or of the regulations implementing RCW 76.09.010 through 76.09.280 or 90.48.420, shall be guilty of a gross misdemeanor and upon conviction thereof shall be punished by a fine of not less than one hundred dollars nor more than one thousand dollars, or by imprisonment for a term of not more than one year or by both fine and imprisonment for each separate violation. Each day upon which such violation occurs shall constitute a separate violation. [1974 ex.s. c 137 § 19.]

Such election shall be made according to the rules of practice and procedure to be promulgated by the appeals board. In the event that appeals are taken from the same decision, order, or determination, as the case may be, by different parties and only one of such parties elects a formal hearing, a formal hearing shall be granted.

(2) In all appeals over which the appeals board has jurisdiction, upon request of one or more parties and with the consent of all parties, the appeals board shall promptly schedule a conference for the purpose of attempting to mediate the case. The mediation conference shall be held prior to the hearing on not less than seven days’ advance written notice to all parties. All other proceedings pertaining to the appeal shall be stayed until completion of mediation, which shall continue so long as all parties consent: PROVIDED, That this shall not prevent the appeals board from deciding motions filed by the parties while mediation is ongoing: PROVIDED, FURTHER, That discovery may be conducted while mediation is ongoing if agreed to by all parties. Mediation shall be conducted by an administrative appeals judge or other duly authorized agent of the appeals board who has received training in dispute resolution techniques or has a demonstrated history of successfully resolving disputes, as determined by the appeals board. A person who mediates in a particular appeal shall not participate in a hearing on that appeal or in writing the decision and order in the appeal. Documentary and other physical evidence presented and evidence of conduct or statements made during the course of mediation shall be treated by the mediator and the parties in a confidential manner and shall not be admissible in subsequent proceedings in the appeal except in accordance with the provisions of the Washington rules of evidence pertaining to compromise negotiations.

(3) In all appeals the appeals board shall have all powers relating to administration of oaths, issuance of subpoenas, and taking of depositions, but such powers shall be exercised in conformity with chapter 34.05 RCW.

The appeals board shall publish such rules and arrange for the reasonable distribution thereof.

(6) Judicial review of a decision of the appeals board shall be de novo except when the decision has been rendered pursuant to the formal hearing, in which event judicial review may be obtained only pursuant to RCW 34.05.510 through 34.05.598. [1992 c 52 § 23; 1989 c 175 § 165; 1974 ex.s. c 137 § 23.]

Effective date—1989 c 175: See note following RCW 34.05.010.

### 76.09.240 Restrictions upon local political subdivisions or regional entities—Exceptions and limitations

No county, city, municipality, or other local or regional governmental entity shall adopt or enforce any law, ordinance, or regulation pertaining to forest practices, except that to the extent otherwise permitted by law, such entities may exercise any:

(1) Land use planning or zoning authority: PROVIDED, That exercise of such authority may regulate forest practices only: (a) Where the application submitted under RCW 76.09.060 as now or hereafter amended indicates that the lands will be converted to a use other than commercial timber production; or (b) on lands which have been platted after January 1, 1960: PROVIDED, That no permit system solely for forest practices shall be allowed; that any additional or more stringent regulations shall not be inconsistent with the forest practices regulations enacted under this chapter; and such local regulations shall not unreasonably prevent timber harvesting;

(2) Taxing powers;

(3) Regulatory authority with respect to public health; and

(4) Authority granted by chapter 90.58 RCW, the "Shoreline Management Act of 1971", except that in relation to "shorelines" as defined in RCW 90.58.030, the following shall apply:

(a) The forest practice regulations adopted pursuant to this chapter shall be the sole rules applicable to the performance of forest practices, and enforcement thereof shall be solely as provided in chapter 76.09 RCW;

(b) As to that road construction which constitutes a substantial development, no permit shall be required under chapter 90.58 RCW for the construction of up to five hundred feet of one and only one road or segment of a road provided such road does not enter the shoreline more than once. Such exemption from said permit requirements shall be limited to a single road or road segment for each forest practice and such road construction shall be subject to the requirements of chapter 76.09 RCW and regulations adopted pursuant thereto and to the prohibitions or restrictions of any master program in effect under the provisions of chapter 90.58 RCW. Nothing in this subsection shall add to or
diminish the authority of the shoreline management act regarding road construction except as specifically provided herein. The provisions of this subsection shall not relate to any road which crosses over or through a stream, lake, or other water body subject to chapter 90.58 RCW; (c) Nothing in this section shall create, add to, or diminish the authority of local government to prohibit or restrict forest practices within the shorelines through master programs adopted and approved pursuant to chapter 90.58 RCW except as provided in (a) and (b) above.

Any powers granted by chapter 90.58 RCW pertaining to forest practices, as amended herein, are expressly limited to lands located within "shorelines of the state" as defined in RCW 90.58.030. [1975 1st ex.s. c 200 § 11; 1974 ex.s. c 137 § 24.]

76.09.250 Policy for continuing program of orientation and training. The board shall establish a policy for a continuing program of orientation and training to be conducted by the department with relation to forest practices and the regulation thereof pursuant to RCW 76.09.010 through 76.09.280. [1974 ex.s. c 137 § 25.]

76.09.260 Department to represent state's interest—Cooperation with other public agencies—Grants and gifts. The department shall represent the state's interest in matters pertaining to forestry and forest practices, including federal matters, and may consult with and cooperate with the federal government and other states, as well as other public agencies, in the study and enhancement of forestry and forest practices. The department is authorized to accept, receive, disburse, and administer grants or other funds or gifts from any source, including private individuals or agencies, the federal government, and other public agencies for the purposes of carrying out the provisions of this chapter.

Nothing in this chapter shall modify the designation of the department of ecology as the agency representing the state for all purposes of the Federal Water Pollution Control Act. [1974 ex.s. c 137 § 26.]

76.09.270 Annual determination of state's research needs—Recommendations. The department, along with other affected agencies and institutions, shall annually determine the state's needs for research in forest practices and the impact of such practices on public resources and shall recommend needed projects to the governor and the legislature. [1974 ex.s. c 137 § 27.]

76.09.280 Removal of log and debris jams from streams. Forest land owners shall permit reasonable access requested by appropriate agencies for removal from stream beds abutting their property of log and debris jams accumulated from upstream ownerships. Any owner of logs in such jams in claiming or removing them shall be required to remove all unmerchantable material from the stream bed in accordance with the forest practices regulations. Any material removed from stream beds must also be removed in compliance with all applicable laws administered by other agencies. [1974 ex.s. c 137 § 28.]

76.09.285 Water quality standards affected by forest practices. See RCW 90.48.420.

76.09.290 Inspection of lands—Reforestation. The department shall inspect, or cause to be inspected, deforested lands of the state and ascertain if the lands are valuable chiefly for agriculture, timber growing, or other purposes, with a view to reforestation. [1986 c 100 § 49.]

76.09.300 Mass earth movements and fluvial processes—Program to correct hazardous conditions on sites associated with roads and railroad grades—Hazard-reduction plans. (1) Mass earth movements and fluvial processes can endanger public resources and public safety. In some cases, action can be taken which has a probability of reducing the danger to public resources and public safety. In other cases it may be best to take no action. In order to determine where and what, if any, actions should be taken on forest lands, the department shall develop a program to correct hazardous conditions on identified sites associated with roads and railroad grades constructed on private and public forest lands prior to January 1, 1987. The first priority treatment shall be accorded to those roads and railroad grades constructed before the effective date of the forest practices act of 1974.

(2) This program shall be designed to accomplish the purposes and policies set forth in RCW 76.09.010. For each geographic area studied, the department shall produce a hazard-reduction plan which shall consist of the following elements:

(a) Identification of sites where the department determines that earth movements or fluvial processes pose a significant danger to public resources or public safety; PROVIDED, That no liability shall attach to the state of Washington or the department for failure to identify such sites;

(b) Recommendations for the implementation of any appropriate hazard-reduction measures on the identified sites, which minimize interference with natural processes and disturbance to the environment;

(c) Analysis of the costs and benefits of each of the hazard-reduction alternatives, including a no-action alternative.

(3) In developing these plans, it is intended that the department utilize appropriate scientific expertise including a geomorphologist, a forest hydrologist, and a forest engineer.

(4) In developing these plans, the department shall consult with affected tribes, landowners, governmental agencies, and interested parties.

(5) Unless requested by a forest landowner under RCW 76.09.320, the department shall study geographic areas for participation in the program only to the extent that funds have been appropriated for cost sharing of hazard-reduction measures under RCW 76.09.320. [1987 c 95 § 2.]

76.09.305 Advisory committee to review hazard-reduction plans authorized—Compensation, travel expenses. The forest practices board may, upon request of the department or at its own discretion, appoint an advisory committee consisting of not more than five members.
qualified by appropriate experience and training to review and comment upon such draft hazard reduction plans prepared by the department as the department submits for review.

If an advisory committee is established, and within ninety days following distribution of a draft plan, the advisory committee shall prepare a written report on each hazard reduction plan submitted to it. The report, which shall be kept on file by the department, shall address each of those elements described in RCW 76.09.300(2).

Final authority for each plan is vested in the department, and advisory committee comments and decisions shall be advisory only. The exercise by advisory committee members of their authority to review and comment shall not imply or create any liability on their part. Advisory committee members shall be compensated as provided for in RCW 43.03.250 and shall receive reimbursement for travel expenses as provided by RCW 43.03.050 and 43.03.060. [1987 c 95 § 3.]

76.09.310 Hazard-reduction program—Notice to landowners within areas selected for review—Proposed plans—Objections to plan, procedure—Final plans—Appeal. (1) The department shall send a notice to all forest landowners, both public and private, within the geographic area selected for review, stating that the department intends to study the area as part of the hazard-reduction program.

(2) The department shall prepare a proposed plan for each geographic area studied. The department shall provide the proposed plan to affected landowners, Indian tribes, interested parties, and to the advisory committee, if established pursuant to RCW 76.09.305.

(3) Any aggrieved landowners, agencies, tribes, and other persons who object to any or all of the proposed hazard-reduction plan may, within thirty days of issuance of the plan, request the department in writing to schedule a conference. If so requested, the department shall schedule a conference on a date not more than thirty days after receiving such request.

(4) Within ten days after such a conference, the department shall either amend the proposed plan or respond in writing indicating why the objections were not incorporated into the plan.

(5) Within one hundred twenty days following the issuance of the proposed plan as provided in subsection (2) of this section, the department shall distribute a final hazard-reduction plan designating those sites for which hazard-reduction measures are recommended and those sites where no action is recommended. For each hazard-reduction measure recommended, a description of the work and cost estimate shall be provided.

(6) Any aggrieved landowners, agencies, tribes, and other persons are entitled to appeal the final hazard-reduction plan to the department of ecology and to each affected county. [1987 c 95 § 4.]

76.09.315 Implementation of hazard-reduction measures—Election—Notice and application for cost-sharing funds—Inspection—Letter of compliance—Limitations on liability. (1) When a forest landowner elects to implement the recommended hazard-reduction measures, the landowner shall notify the department and apply for cost-sharing funds. Upon completion, the department shall inspect the remedial measures undertaken by the forest landowner. If, in the department’s opinion, the remedial measures have been properly implemented, the department shall promptly transmit a letter to the landowner stating that the landowner has complied with the hazard-reduction measures.

(2) Forest landowners, public and private, of hazard-reduction sites reviewed by the department and who have complied with the department’s recommendations for sites which require action shall not be liable for any personal injuries or property damage, occurring on or off the property reviewed, arising from mass earth movements or fluvial processes associated with the hazard-reduction site reviewed. The limitation on liability contained in this subsection shall also cover personal injuries or property damage arising from mass earth movements or fluvial processes which are associated with those areas disturbed by activities required to acquire site access and to execute the plan when such activities are approved as part of a hazard-reduction plan. Notwithstanding the foregoing provisions of this subsection, a landowner may be liable when the landowner had actual knowledge of a dangerous artificial latent condition on the property that was not disclosed to the department.

(3) The exercise by the department of its authority, duties, and responsibilities provided for developing and implementing the hazard-reduction program and plans shall not imply or create any liability in the state of Washington or the department except that the department may be liable if the department is negligent in making a final hazard-reduction plan or in approving the implementation of specific hazard-reduction measures. [1987 c 95 § 5.]

76.09.320 Implementation of hazard-reduction program—Cost sharing by department—Limitations. (1) Subject to the availability of appropriated funds, the department shall pay fifty percent of the cost of implementing the hazard-reduction program, except as provided in subsection (2) of this section.

(2) In the event department funds described in subsection (1) of this section are not available for all or a portion of a forest landowner’s property, the landowner may request application of the hazard-reduction program to the owner’s lands, provided the landowner funds one hundred percent of the cost of implementation of the department’s recommended actions on his property.

(3) No cost-sharing funds may be made available for sites where the department determines that the hazardous condition results from a violation of then-prevailing standards as established by statute or rule. [1987 c 95 § 6.]
76.09.330 Legislative findings—Liability from naturally falling trees required to be left standing. The legislature hereby finds and declares that riparian ecosystems on forest lands in addition to containing valuable timber resources, provide benefits for wildlife, fish, and water quality. The legislature further finds and declares that leaving upland areas unharvested for wildlife and leaving snags and green trees for future snag recruitment provides benefits for wildlife. Forest landowners may be required to leave trees standing in riparian and upland areas to benefit public resources. It is recognized that these trees may blow down or fall into streams and that organic debris may be allowed to remain in streams. This is beneficial to riparian dependent and other wildlife species. The landowner shall not be held liable for any injury or damages resulting from these actions, including but not limited to wildfire, erosion, flooding, and other damages resulting from the trees being left. [1992 c 52 § 5; 1987 c 95 § 7.]

76.09.900 Short title. Sections 1 through 28 of this 1974 act shall be known and may be cited as the "Forest Practices Act of 1974". [1974 ex.s. c 137 § 29.]

76.09.905 Air pollution laws not modified. Nothing in RCW 76.09.010 through 76.09.280 or 90.48.420 shall modify chapter 70.94 RCW or any other provision of law relating to the control of air pollution. [1974 ex.s. c 137 § 31.]

76.09.910 Shoreline management act, hydraulics act, other statutes and ordinances not modified—Exceptions. Nothing in RCW 76.09.010 through 76.09.280 as now or hereafter amended shall modify any requirements to comply with the Shoreline Management Act of 1971 except as limited by RCW 76.09.240 as now or hereafter amended, or the hydraulics act (RCW 75.20.100), other state statutes in effect on January 1, 1975, and any local ordinances not inconsistent with RCW 76.09.240 as now or hereafter amended. [1975 1st ex.s. c 200 § 12; 1974 ex.s. c 137 § 32.]

Chapter 76.10
SURFACE MINING

Reviser's note: Chapter 64, Laws of 1970 ex. sess. has been codified as chapter 78.44 RCW, "Mines, minerals, and petroleum" although section 1 of the act states "Sections 2 through 25 of this act shall constitute a new chapter in Title 76 RCW." As the act pertains solely to surface mining, the change in placement has been made to preserve the subject matter arrangement of the code.

Reservation of state land for reforestation after timber removed: RCW 79.01.164.

76.12.015 "Department" defined. As used in this chapter, "department" means the department of natural resources. [1988 c 128 § 22.]

76.12.020 Powers of department—Acquisition of land for reforestation—Taxes, cancellation. The department shall have the power to accept gifts and bequests of money or other property, made in its own name, or made in the name of the state, to promote generally the interests of reforestation or for a specific named purpose in connection with reforestation, and to acquire in the name of the state, by purchase or gift, any lands which by reason of their location, topography or geological formation, are chiefly valuable for purpose of developing and growing timber, and to designate such lands and any lands of the same character belonging to the state as state forest lands; and may acquire by gift or purchase any lands of the same character. The department shall have power to seed, plant and develop forests on any lands, purchased, acquired or designated by it as state forest lands, and shall furnish such care and fire protection for such lands as it shall deem advisable. Upon approval of the board of county commissioners of the county in which said land is located such gift or donation of land may be accepted subject to delinquent general taxes thereon, and upon such acceptance of such gift or donation subject to such taxes, the department shall record the deed of conveyance thereof and file with the assessor and treasurer of the county wherein such land is situated, written notice of acquisition of such land, and that all delinquent general taxes thereon, except state taxes, shall be canceled, and the county treasurer shall thereupon proceed to make such cancellation in the records of his office. Thereafter, such lands shall be held in trust, protected, managed, and administered upon, and the proceeds therefrom disposed of, under RCW 76.12.030. [1988 c 128 § 33; 1937 c 172 § 1; 1929 c 117 § 1; 1923 c 154 § 3; RRS § 5812-3. Prior: 1921 c 169 § 1, part.]

76.12.030 Deed of county land to department—Disposition of proceeds. If any land acquired by a county through foreclosure of tax liens, or otherwise, comes within the classification of land described in RCW 76.12.020 and can be used as state forest land and if the department deems such land necessary for the purposes of this chapter, the county shall, upon demand by the department, deed such land to the department and the land shall become a part of the state forest lands.

Such land shall be held in trust and administered and protected by the department as other state forest lands. Any moneys derived from the lease of such land or from the sale of forest products, oils, gases, coal, minerals, or fossils therefrom, shall be distributed as follows:

(1) The expense incurred by the state for administration, reforestation, and protection, not to exceed twenty-five percent, which rate of percentage shall be determined by the board of natural resources, shall be returned to the forest development account in the state general fund.

(2) Any balance remaining shall be paid to the county in which the land is located to be paid, distributed, and prorated, except as hereinafter provided, to the various funds in the same manner as general taxes are paid and distributed during the year of payment: PROVIDED, That any such balance remaining paid to a county with a population of less than nine thousand shall first be applied to the reduction of any indebtedness existing in the current expense fund of such county during the year of payment. [1991 c 363 § 151; 1988 c 128 § 24; 1981 2nd ex.s. c 4 § 4; 1971 ex.s.s. c 224 § 1; 1969 c 110 § 1; 1957 c 167 § 1; 1951 c 91 § 1; 1935 c 126 § 1; 1927 c 288 § 3, part (adding a new section to 1923 c 154 § 3b); RRS § 5812-36.] Purpose—Captions not law—1991 c 363: See notes following RCW 2.23.180.

Severability—1981 2nd ex.s. c 4: See note following RCW 43.85.130.

76.12.035 Reacquisition from federal government of lands originally acquired through tax foreclosure—Agreements. Whenever any forest land which shall have
been acquired by any county through the foreclosure of tax liens, or otherwise, and which shall have been acquired by the federal government either from said county or from the state holding said lands in trust, and shall be available for reacquisition, the state board of natural resources and the board of county commissioners of any such county are hereby authorized to enter into an agreement for the reacquisition of such lands as state forest lands in trust for such county. Such agreement shall provide for the price and manner of such reacquisition. The state board of natural resources is authorized to provide in such agreement for the advance of funds available to it for such purpose from the forest development account, all or any part of the price for such reacquisition so agreed upon, which advance shall be repaid at such time and in such manner as in said agreement provided, solely from any distribution to be made to said county under the provisions of RCW 76.12.030; that the title to said lands shall be retained by the state free from any trust until the state shall have been fully reimbursed for all funds advanced in connection with such reacquisition; and that in the event of the failure of the county to repay such advance in the manner provided, the said forest lands shall be retained by the state to be administered and/or disposed of in the same manner as other state forest lands free and clear of any trust interest therein by said county. Such county shall make provisions for the reimbursement of the various funds from any moneys derived from such lands so acquired, or any other county trust forest board lands which are distributable in a like manner, for any sums withheld from funds for other areas which would have been distributed thereto from time to time but for such agreement. [1959 c 87 § 1.]

**76.12.040 Gifts of county or city land for offices, warehouses, etc.** Any county, city or town is authorized and empowered to convey to the state of Washington any lands owned by such county, city or town upon the selection of such lands by the department and the department is hereby authorized to select and accept conveyances of lands from such counties, cities or towns, suitable for use by the department as locations for offices, warehouses and machinery storage buildings in the administration of the forestry laws and lands of the state of Washington: PROVIDED, HOWEVER, No consideration shall be paid by the state nor by the department for the conveyance of such lands by such county, city or town. [1988 c 128 § 25; 1937 c 125 § 1; RRS § 5812-3c. FORMER PART OF SECTION: 1937 c 125 § 2 now codified as RCW 76.12.045.]

copy of such contract of sale on file in such county and a certificate of the county treasurer showing said contract to be in good standing in every particular and that all due payments and taxes have been made thereon, and upon receipt of a certified copy of a resolution of the board of county commissioners of such county requesting the reconveyance to the county of such lands, is hereby authorized to reconvey such lands to such county by quitclaim deed executed by the department. Such reconveyance of lands hereafter so acquired shall be made within one year from the conveyance thereof to the state or department. [1988 c 128 § 27; 1941 c 84 § 1; Rem. Supp. 1941 § 5812-3g.]

76.12.072 Transfer of state forest lands back to county for public park use—Procedure—Reconveyance back when use ceases. Whenever the board of county commissioners of any county shall determine that forest lands, that were acquired from such county by the state pursuant to RCW 76.12.030 and that are under the administration of the department of natural resources, are needed by the county for public park use in accordance with the county and the state outdoor recreation plans, the board of county commissioners may file an application with the board of natural resources for the transfer of such forest lands.

Upon the filing of an application by the board of county commissioners, the department of natural resources shall cause notice of the impending transfer to be given in the manner provided by RCW 42.30.060. If the department of natural resources determines that the proposed use is in accordance with the state outdoor recreation plan, it shall reconvey said forest lands to the requesting county to have and to hold for so long as the forest lands are developed, maintained, and used for the proposed public park purpose. This reconveyance may contain conditions to allow the department of natural resources to coordinate the management of any adjacent state owned lands with the proposed park activity to encourage maximum multiple use management and may reserve rights of way needed to manage other state owned lands in the area. The application shall be denied if the department of natural resources finds that the proposed use is not in accord with the state outdoor recreation plan. If the land is not, or ceases to be, used for public park purposes the land shall be conveyed back to the department of natural resources upon request of the department. [1983 c 3 § 195; 1969 ex.s. c 47 § 1.]

76.12.073 Transfer of state forest lands back to county for public park use—Timber resource management. The timber resources on any such state forest land transferred to the counties under RCW 76.12.072 shall be managed by the department of natural resources to the extent that this is consistent with park purposes and meets with the approval of the board of county commissioners. Whenever the department of natural resources does manage the timber resources of such lands, it will do so in accordance with the general statutes relative to the management of all other state forest lands. [1969 ex.s. c 47 § 2.]

76.12.074 Transfer of state forest lands back to county for public park use—Lands transferred by deed. Under provisions mutually agreeable to the board of county commissioners and the board of natural resources, lands approved for transfer to a county for public park purposes under the provisions of RCW 76.12.072 shall be transferred to the county by deed. [1969 ex.s. c 47 § 3.]

76.12.075 Transfer of state forest lands back to county for public park use—Provisions cumulative and nonexclusive. The provisions of RCW 76.12.072 through 76.12.075 shall be cumulative and nonexclusive and shall not repeal any other related statutory procedure established by law. [1969 ex.s. c 47 § 4.]

76.12.080 Acquisition of forest land—Requisites. The department shall take such steps as it deems advisable for locating and acquiring lands suitable for state forests and reforestation. No sum in excess of two dollars per acre shall ever be paid or allowed either in cash, bonds or otherwise, for any lands suitable for forest growth, but devoid of such; nor shall any sum in excess of six dollars per acre be paid or allowed either in cash, bonds or otherwise, for any lands adequately restocked with young growth or left in a satisfactory natural condition for natural reforestation and continuous forest production; nor shall any lands ever be acquired by the department except upon the approval of the title by the attorney general and on a conveyance being made to the state of Washington by good and sufficient deed. No forest lands shall be designated, purchased, or acquired by the department unless the area so designated or the area to be acquired shall, in the judgment of the department, be of sufficient acreage and so located that it can be economically administered for forest development purposes. Whenever the department acquires or designates an area as forest lands it shall designate such area by a distinctive name or number, e.g., "State forest No. . . . .", or, "Cascade State Forest". [1988 c 128 § 28; 1923 c 154 § 4; RRS § 5812-4. Prior: 1921 c 169 § 1, part.]

76.12.090 Utility bonds. For the purpose of acquiring and paying for lands for state forests and reforestation as herein provided the department may issue utility bonds of the state of Washington, in an amount not to exceed two hundred thousand dollars in principal, during the biennium expiring March 31, 1925, and such other amounts as may hereafter be authorized by the legislature. Said bonds shall bear interest at not to exceed the rate of two percent per annum which shall be payable annually. Said bonds shall never be sold or exchanged at less than par and accrued interest, if any, and shall mature in not less than a period equal to the time necessary to develop a merchantable forest on the lands exchanged for said bonds or purchased with money derived from the sale thereof. Said bonds shall be known as state forest utility bonds. The principal or interest of said bonds shall not be a general obligation of the state, but shall be payable only from the forest development account. The department may issue said bonds in exchange for lands selected by it in accordance with RCW 76.12.020, 76.12.030, 76.12.080, 76.12.090, 76.12.110, 76.12.120, 76.12.140, and *76.12.150, or may sell said bonds in such manner as it deems advisable, and with the proceeds purchase and acquire such lands. Any of said bonds issued in exchange and payment for any particular tract of lands.
for which they are exchanged, and upon failure to pay said bonds and interest thereon according to their terms, the lien of said bonds may be foreclosed by appropriate court action. [1988 c 128 § 29; 1937 c 104 § 1; 1923 c 154 § 5; RRS § 5812-5.]

- Reviser's note: RCW 76.12.150 was repealed by 1977 c 75 § 96.

76.12.100 Bonds—Purchase price of land limited—Retirement of bonds. For the purpose of acquiring, seeding, reforestation and administering land for forests and of carrying out RCW 76.12.020, 76.12.030, 76.12.080, 76.12.090, 76.12.110, 76.12.120, 76.12.140, and *76.12.150, the department is authorized to issue and dispose of utility bonds of the state of Washington in an amount not to exceed one hundred thousand dollars in principal during the biennium expiring March 31, 1951: PROVIDED, HOWEVER, That no sum in excess of one dollar per acre shall ever be paid or allowed either in cash, bonds, or otherwise, for any lands suitable for forest growth, but devoid of such, nor shall any sum in excess of three dollars per acre be paid or allowed either in cash, bonds, or otherwise, for any lands adequately restocked with young growth.

Any utility bonds issued under the provisions of this section may be retired from time to time, whenever there is sufficient money in the forest development account, said bonds to be retired at the discretion of the department either in the order of issuance, or by first retiring bonds with the highest rate of interest. [1988 c 128 § 30; 1949 c 80 § 1; 1947 c 66 § 1; 1945 c 13 § 1; 1943 c 123 § 1; 1941 c 43 § 1; 1939 c 106 § 1; 1937 c 104 § 2; 1935 c 126 § 2; 1933 c 117 § 1; Rem. Supp. 1949 § 5812-11.]

- Reviser's note: RCW 76.12.150 was repealed by 1977 c 75 § 96.

76.12.110 Forest development account. There is created a forest development account in the state treasury. The state treasurer shall keep an account of all sums deposited therein and expended or withdrawn therefrom. Any sums placed in the account shall be pledged for the purpose of paying interest and principal on the bonds issued by the department, and for the purchase of land for growing timber. Any bonds issued shall constitute a first and prior claim and lien against the account for the payment of principal and interest. No sums for the above purposes shall be withdrawn or paid out of the account except upon approval of the department.

Appropriations may be made by the legislature from the forest development account to the department for the purpose of carrying on the activities of the department on state forest lands, lands managed on a sustained yield basis as provided for in RCW 79.68.040, and for reimbursement of expenditures that have been made or may be made from the resource management cost account in the management of state forest lands. [1988 c 128 § 31; 1985 c 57 § 75; 1977 ex.s. c 159 § 1; 1959 c 314 § 1; 1951 c 149 § 1; 1933 c 118 § 2; 1923 c 154 § 6; RRS § 5812-6.]

76.12.120 Sales and leases of timber, timberland, or products thereon—Disposition of revenue. All land, acquired or designated by the department as state forest land, shall be forever reserved from sale, but the timber and other products thereon may be sold or the land may be leased in the same manner and for the same purposes as is authorized for state granted land if the department finds such sale or lease to be in the best interests of the state and approves the terms and conditions thereof.

Except as provided in RCW 79.12.035, all money derived from the sale of timber or other products, or from lease, or from any other source from the land, except where the Constitution of this state or RCW 76.12.030 requires other disposition, shall be disposed of as follows:

1. Fifty percent shall be placed in the forest development account.

2. Fifty percent shall be prorated and distributed to the state general fund, to be dedicated for the benefit of the public schools, and the county in which the land is located according to the relative proportions of tax levies of all taxing districts in the county. The portion to be distributed to the state general fund shall be based on the regular school levy rate under RCW 84.52.065 as now or hereafter amended and the levy rate for any maintenance and operation special school levies. The money distributed to the county shall be paid, distributed, and prorated to the various other funds in the same manner as general taxes are paid and distributed during the year of payment. 76.12.140 Logging of land—Rules and regulations—Penalty. Any lands acquired by the state under RCW 76.12.020, 76.12.030, 76.12.080, 76.12.090, 76.12.110, 76.12.120, 76.12.140, and *76.12.150, or any amendments thereto, shall be logged, protected and cared for in such manner as to insure natural reforestation of such lands, and to that end the department shall have power, and it shall be its duty to make rules and regulations, and amendments thereto, governing logging operations on such areas, and to embody in any contract for the sale of timber on such areas, such conditions as it shall deem advisable, with respect to methods of logging, disposition of slashings, and debris, and protection and promotion of new forests. All such rules and regulations, or amendments thereto, shall be adopted by the department under chapter 34.05 RCW. Any violation of any such rules shall be a gross misdemeanor unless the department has specified by rule, when not inconsistent with applicable statutes, that violation of a specific rule is an infraction under chapter 7.84 RCW. [1988 c 128 § 33; 1987 c 380 § 17; 1927 c 288 § 3, part (adding a new section to 1923 c 154 § 3a); RRS § 5812-3a. Prior: 1921 c 169 § 2.]

76.12.155 Record of proceedings, etc. The commissioner of public lands shall keep in his office in a permanent bound volume a record of all forest lands acquired by the state and any lands owned by the state and designated as such by the department. The record shall show the date and from whom said lands were acquired; amount and method of payment therefor; the forest within which said lands are embraced; the legal description of such lands; the amount of money expended, if any, and the date thereof, for seeding, planting, maintenance or care for such lands; the amount, date and source of any income derived from such land; and such other information and data as may be required by the department. [1988 c 128 § 34; 1923 c 154 § 9; RRS § 5812-9. Formerly RCW 43.12.140.]

76.12.160 Sale or exchange of tree seedling stock and tree seed. The department is authorized to sell to or exchange with persons intending to restock forest areas, tree seedling stock and tree seed produced at the state nursery. [1988 c 128 § 35; 1947 c 67 § 1; Rem. Supp. 1947 § 5823-40.]

76.12.170 Use of proceeds specified. All receipts from the sale of stock or seed shall be deposited in a state forest nursery revolving fund to be maintained by the department, which is hereby authorized to use all money in said fund for the maintenance of the state tree nursery or the planting of denuded state owned lands. [1988 c 128 § 36; 1947 c 67 § 2; RRS § 5823-41.]

76.12.180 Department-county agreements for improvement of access roads. The department of natural resources may enter into agreements with the county to:

1) Identify public roads used to provide access to state forest lands in need of improvement;

2) Establish a time schedule for the improvements;

3) Advance payments to the county to fund the road improvements: PROVIDED, That no more than fifty percent of the access road revolving fund shall be eligible for use as advance payments to counties. The department shall assess the fund on January 1 and July 1 of each year to determine the amount that may be used as advance payments to counties for road improvements; and

4) Determine the equitable distribution, if any, of costs of such improvements between the county and the state through negotiation of terms and conditions of any resulting repayment to the fund or funds financing the improvements. [1981 c 204 § 5.]

76.12.190 Reserved timber—Sale—Expiration of section. (1) Whenever the board of county commissioners or the county council of any county determines that it is in the best interests of the county as a trust beneficiary and that it would help to ensure the economic viability of that county, the county may petition the board of natural resources to reserve, for the purposes described in this section, a portion of the timber to be sold in any given year from forest lands which have been acquired from that county by the state under RCW 76.12.030. The county shall specify what portion of such timber is to be reserved, and the portion reserved may be up to one hundred percent of such timber.

(2)(a) Timber reserved under this section shall be made available for sale to enterprises which meet all of the following criteria: (i) At least fifty percent by volume of the timber purchased by the enterprise in the previous three years was state-owned or federally-owned; (ii) at least eighty-five percent by volume of the timber purchased by the enterprise in the previous year was processed in Washington state; and (iii) the enterprise operates facilities in Washington which manufacture lumber, plywood, veneer, posts, poles, pilings, shakes, or shingles. For purposes of these criteria, "processed" means manufactured into lumber, plywood, veneer, posts, poles, pilings, shakes, or shingles.

(b) Once the board of natural resources has accepted the petition of a county to reserve a portion of timber pursuant to this section, the department shall compile a list of enterprises which meet the criteria listed in (a) of this subsection. An enterprise must petition the department for inclusion in the list of eligible enterprises, and must include with the petition certified records sufficient to establish that the enterprise meets the criteria listed in (a) of this subsection. If an enterprise purchases a processing facility, the enterprise may incorporate the records of that facility in its petition for inclusion in the list of eligible enterprises. The department shall establish by rule what types of records are acceptable for purposes of establishing eligibility. Timber reserved under this section shall be sold only to enterprises contained in the list of eligible firms prepared by the department.

(c) For each sale of timber under this section, the department shall require the purchaser to: (i) Submit annually, until all unprocessed timber is accounted for, a certified report on the disposition of any unprocessed timber harvested from the sale, including a description of unprocessed timber which is sold, exchanged, or otherwise disposed of to another enterprise and a description of the relationship with the other enterprise; (ii) submit annually, until all unprocessed timber from the sale is accounted for, a certified report on the sale of any unprocessed timber from private lands which is exported or sold for export; and (iii) maintain records of all such transactions involving unprocessed timber, and to make such records available for inspection and verification by the department for up to three years after the sale is terminated.

(d) For purposes of this section, "enterprise" means any business concern and its affiliates, as that term is defined in 13 C.F.R. 121.3, in effect as of January 1, 1988.

(3) If a county petitions the board of natural resources to reserve timber as provided in this section, the use of the forest board land trust assets for the purposes of this act shall be deemed to be consistent with the trust mandate imposed on the management of lands acquired pursuant to RCW 76.12.030.

(4) A petition to reserve a portion of timber may be revoked by the board of county commissioners or county council. Notice of such revocation shall be delivered to the board of natural resources. The board of natural resources shall not unreasonably deny such a request. Such revocation shall not impair any sale of timber which is approved by the board of natural resources before the board receives the notice.

(5) This section shall expire June 30, 1994. [1989 c 424 § 2.]
The legislature desires to develop forest management policies that anticipate the emerging issues and assure a response which will preserve and enhance those economic and ecological systems that are dependent on the resources. The legislature also desires to obtain information which enables better decision-making and to identify courses of action which will assist counties in receiving a reliable flow of income from county forest lands. The legislature finds that it is in the best interests of the state and the counties to establish a process which encourages the counties, through their boards of county commissioners or county councils, to share in the decision-making relating to the sale of timber from forest board lands as they seek to assure the economic stability of their communities.

Further, the legislature finds that recent management decisions concerning federally-owned forested lands have significantly reduced the amount of timber available to small businesses with facilities in Washington. This reduction has caused and will increasingly cause economic hardship in counties where a significant portion of the population is employed in the timber industry. In these counties, the rate of unemployment among residents previously employed in the timber industry has risen drastically and will continue to rise. This will put an increasing burden on the counties to provide necessary financial and social support to these residents.

This section shall expire June 30, 1994. [*1989 c 424 § 1.]*

**Effective date—1989 c 424:** "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989." [*1989 c 424 § 13.*]

### 76.12.200 Reserved timber—Report to legislature.

By December 1, 1990, and annually thereafter until December 1, 1994, the board of natural resources shall report to the appropriate legislative committees on the amount of reserved timber sold pursuant to RCW 76.12.190. The report shall identify the quantity of the reserved timber which was not exported out-of-state in the form of raw logs, and shall identify the quantity which was processed into final products within the state. The report shall also identify which counties have elected to reserve timber pursuant to this section, and shall identify any rules which have been adopted in the last year for the implementation of this section. [*1989 c 424 § 3.*]

**Findings—Effective date—1989 c 424:** See notes following RCW 76.12.190.

### 76.12.205 Olympic natural resources center—Finding, intent.

The legislature finds that conflicts over the use of natural resources essential to the state’s residents, especially forest and ocean resources, have increased dramatically. There are growing demands that these resources be fully utilized for their commodity values, while simultaneously there are increased demands for protection and preservation of these same resources. While these competing demands are most often viewed as mutually exclusive, recent research has suggested that commodity production and ecological values can be integrated. It is the intent of the legislature to foster and support the research and education necessary to provide sound scientific information on which to base sustainable forest and marine indus-

Its purpose shall be to demonstrate innovative management methods which successfully integrate environmental and economic interests into pragmatic management of forest and ocean resources. The center shall combine research and educational opportunities with experimental forestry, oceans management, and traditional management knowledge into an overall program which demonstrates that management based on sound economic principles is made superior when combined with new methods of management based on ecological principles. The programs developed by the center shall include the following:

1. Research and education on a broad range of ocean resources problems and opportunities in the region, such as estuarine processes, ocean and coastal management, offshore development, fisheries and shellfish enhancement, and coastal business development, tourism, and recreation. In developing this component of the center’s program, the center shall collaborate with coastal educational institutions such as Grays Harbor community college and Peninsula community college;

2. Research and education on forest resources management issues on the landscape, ecosystem, or regional level, including issues that cross legal and administrative boundaries;

3. Research and education that broadly integrates marine and terrestrial issues, including interactions of marine, aquatic, and terrestrial ecosystems, and that identifies options and opportunities to integrate the production of commodities with the preservation of ecological values. Where appropriate, programs shall address issues and opportunities that cross legal and administrative boundaries;

4. Research and education on natural resources and their social and economic implications, and on alternative economic and social bases for sustainable, healthy, resource-based communities;

5. Educational opportunities such as workshops, short courses, and continuing education for resource professionals, policy forums, information exchanges including international exchanges where appropriate, conferences, student research, and public education; and

6. Creation of a neutral forum where parties with diverse interests are encouraged to address and resolve their conflicts. [*1991 c 316 § 2; 1989 c 424 § 4.*]

76.12.220 Olympic natural resources center—Administration. The Olympic natural resources center shall operate under the authority of the board of regents of the University of Washington. It shall be administered by a director appointed jointly by the deans of the college of forest resources and the college of ocean and fishery sciences. The director shall be a member of the faculty of one of those colleges. The director shall appoint and maintain a scientific or technical committee, and other committees as necessary, to advise the director on the efficiency, effectiveness, and quality of the center's activities.

A policy advisory board consisting of eleven members shall be appointed by the governor to advise the deans and the director on policies for the center that are consistent with the purposes of the center. Membership on the policy advisory board shall broadly represent the various interests concerned with the purposes of the center, including state and federal government, environmental organizations, local community, timber industry, and Indian tribes.

Service on boards and committees of the center shall be without compensation but actual travel expenses incurred in connection with service to the center may be reimbursed from appropriated funds in accordance with RCW 43.03.050 and 43.03.060. [1991 c 316 § 3.]

The center may solicit gifts, grants, conveyances, bequests, and devises, whether real or personal property, or both, in trust or otherwise, to be directed to the center for carrying out the purposes of the center. The center may solicit contracts for work, financial and in-kind contributions, and support from private industries, interest groups, federal and state sources, and other sources. It may also use separately appropriated funds of the University of Washington for the center’s activities. [1991 c 316 § 4.]

Chapter 76.13

STEWARDSHIP OF NONINDUSTRIAL FORESTS AND WOODLANDS

Sections
76.13.005 Finding.
76.13.007 Purpose.
76.13.010 Definitions.
76.13.020 Authority.
76.13.030 Funding sources—Fees—Contracts.

76.13.005 Finding. The legislature hereby finds and declares that:

(1) Over half of the private forest and woodland acreage in Washington is owned by landowners with less than five thousand acres who are not in the business of industrial handling or processing of timber products.

(2) Nonindustrial forests and woodlands are absorbing more demands and impacts on timber, fish, wildlife, water, recreation, and aesthetic resources, due to population growth and a shrinking commercial forest land base.

(3) Nonindustrial forests and woodlands provide valuable habitat for many of the state’s numerous fish, wildlife, and plant species, including some threatened and endangered species, and many habitats can be protected and improved through knowledgeable forest resource stewardship.

(4) Providing for long-term stewardship of nonindustrial forests and woodlands in growth areas and rural areas is an important factor in maintaining Washington’s special character and quality of life.

(5) In order to encourage and maintain nonindustrial forests and woodlands for their present and future benefit to all citizens, Washington’s nonindustrial forest and woodland owners’ long-term commitments to stewardship of forest resources must be recognized and supported by the citizens of Washington state. [1991 c 27 § 1.]

76.13.007 Purpose. The purpose of this chapter is to:

(1) Promote the coordination and delivery of services with federal, state, and local agencies, colleges and universities, landowner assistance organizations, consultants, forest resource-related industries and environmental organizations to nonindustrial forest and woodland owners.

(2) Facilitate the production of forest products, enhancement of wildlife and fisheries, protection of streams and wetlands, cultivating of special plants, availability of recreation opportunities and the maintenance of scenic beauty for the enjoyment and benefit of nonindustrial forest and woodland owners and the citizens of Washington by meeting the landowners’ stewardship objectives. [1991 c 27 § 2.]

76.13.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of natural resources.

(2) "Landowner" means an individual, partnership, private, public or municipal corporation, Indian tribe, state agency, county, or local government entity, educational institution, or association of individuals of whatever nature that own nonindustrial forests and woodlands.

(3) "Nonindustrial forests and woodlands" are those suburban acreages and rural lands supporting or capable of supporting trees and other flora and fauna associated with a forest ecosystem, comprised of total individual land ownerships of less than five thousand acres and not directly associated with wood processing or handling facilities.

(4) "Stewardship" means managing by caring for, promoting, protecting, renewing, or reestablishing or both, forests and associated resources for the benefit of the landowner, the natural resources and the citizens of Washington state, in accordance with each landowner’s objectives, best management practices, and legal requirements.

(5) "Cooperating organization" means federal, state, and local agencies, colleges and universities, landowner assistance organizations, consultants, forest resource-related industries, and environmental organizations which promote and maintain programs designed to provide information and technical assistance services to nonindustrial forest and woodland owners. [1991 c 27 § 3.]

[Title 76 RCW—page 32]
76.13.020 Authority. In order to accomplish the purposes stated in RCW 76.13.007, the department may:

(1) Establish and maintain a nonindustrial forest and woodland owner assistance program, and through such a program, assist nonindustrial forest and woodland owners in meeting their stewardship objectives.

(2) Provide direct technical assistance through development of management plans, advice, and information to nonindustrial forest land owners to meet their stewardship objectives.

(3) Assist and facilitate efforts of cooperating organizations to provide stewardship education, information, technical assistance, and incentives to nonindustrial forest land owners.

(4) Provide financial assistance to landowners and cooperating organizations.

(5) Appoint a stewardship advisory committee to assist in establishing and operating this program.

(6) Loan or rent surplus equipment to assist cooperating organizations and nonindustrial forest and woodland owners.

(7) Work with local governments to explain the importance of maintaining nonindustrial forests and woodlands.

(8) Take such other steps as are necessary to carry out the purposes of this chapter. [1991 c 27 § 4.]

76.13.030 Funding sources—Fees—Contracts. The department may:

The Yakolt burn situated in Clark, Skamania, and Cowlitz counties in townships 2, 3, 4, 5, 6 and 7 north, ranges 3, 4, 5, 6, 7, 7 1/2 and 8 east is hereby designated a high hazard forest area requiring rehabilitation by the establishment of extensive protection facilities and by the restocking of denuded areas artificially to restore the productivity of the land. [1953 c 74 § 1.]

76.14.030 Administration. This chapter shall be administered by the department. [1988 c 128 § 38; 1953 c 74 § 3.]

76.14.040 Duties. The department shall use funds placed at its disposal to map, survey, fell snags, build firebreaks and access roads, increase forest protection activities and do all work deemed necessary to protect forest lands from fire in the rehabilitation zone, and to perform reforestation and do other improvement work on state lands in the rehabilitation zone. [1988 c 128 § 39; 1955 c 171 § 1; 1953 c 74 § 4.]

76.14.050 Firebreaks—Powers of department—Grazing lands. The department is authorized to cooperate with owners of land located in the area described in RCW 76.14.020 in establishing firebreaks in their most logical position regardless of land ownership. The department may by gift, purchase, condemnation or otherwise acquire easements for road rights of way and land or interests therein located in the high hazard forest area described in RCW 76.14.020 for any purpose deemed necessary for access for forest protection, reforestation, development and utilization, and for access to state owned lands within the area described in RCW 76.14.020 for all other purposes, and the department shall have authority to regulate the use thereof. When the landowner is using the land for agricultural grazing purposes the state shall maintain gates or adequate cattle guards at each place the road enters upon the private landowner's fenced lands. [1988 c 128 § 40; 1975 1st ex.s. c 101 § 1; 1955 c 171 § 2; 1953 c 74 § 5.]

76.14.060 Powers and duties—Private lands. The department shall have authority to acquire the right by purchase, condemnation or otherwise to cause snags on private land to be felled, slash to be disposed of, and to take such other measures on private land necessary to carry out the objectives of this chapter. 76.14.080 Fire protection projects—Assessments—Payment. The department shall develop fire protection projects within the high hazard forest area and shall determine the boundaries thereof in accordance with the lands benefited thereby and shall assess one-sixth of the cost of such projects equally upon all forest lands within the project on an acreage basis. Such assessment shall not, however, exceed twenty-five cents per acre annually nor more than one dollar and fifty cents per acre in the aggregate and shall constitute a lien upon any forest products harvested therefrom. The landowner may by written notice to the department elect to pay his assessment on a deferred basis at a rate of ten cents per thousand board feet and/or one cent per Christmas tree when these products are harvested from the lands for commercial use until the assessment plus two percent interest from the date of completion of each project has been paid for each acre. Payments under the deferred plan shall be credited by forty acre tracts and shall be first applied to payment of the assessment against the forty acre tract from which the funds were derived and secondly to other forty acre tracts held and designated by the payor. In the event total ownership is less than forty acres then payment shall be applied on an undivided basis to the entire areas as to which the assessment remains unpaid. The landowner who elects to pay on deferred basis may pay any unpaid assessment and interest at any time. [1988 c 128 § 43; 1955 c 171 § 5.]

76.14.090 Fire protection projects—Notice—Hearing. Notice of each project, the estimated assessment per acre and a description of the boundaries thereof shall be given by publication in a local newspaper of general circulation thirty days in advance of commencing work. Any person owning land within the project may within ten days after publication of notice demand a hearing before the department in Olympia and present any reasons why he feels the assessment should not be made upon his land. Thereafter, the department may change the boundaries of said project to eliminate land from the project which it determines in its discretion will not be benefited by the project. [1988 c 128 § 44; 1955 c 171 § 6.]

76.14.100 Fire protection projects—Collection of assessments. Except when the owner has notified the department in writing that he will make payment on the deferred plan, the assessment shall be collected by the department reporting the same to the county assessor of the county in which the property is situated upon completion of the work in that project and the assessor shall annually extend the amounts upon the tax rolls covering the property, and the amounts shall be collected in the same manner, by the same procedure, and with the same penalties attached as the next general state and county taxes on the same property are collected. Errors in assessments may be corrected at any time by the department by certifying them to the treasurer of the county in which the land involved is situated. Upon the collection of such assessments the county treasurer shall transmit them to the department. Payment on the deferred plan shall be made directly to the department. Such payment must be made by January 31st for any timber or Christmas trees harvested during the previous calendar year and must be accompanied by a statement of the amount of timber or number of Christmas trees harvested and the legal description of the property from which they were harvested. Whenever an owner paying on the deferred plan desires to pay any unpaid balance or portion thereof, he may make direct payment to the department. [1988 c 128 § 45; 1955 c 171 § 7.]

Collection of taxes: Chapter 84.56 RCW.

76.14.110 Fire protection projects—Credit on assessment for private expenditure. Where the department finds that a portion of the work in any project, except road building, has been done by private expenditures for fire protection purposes only and that the work was not required by other forestry laws having general application, then the department shall appraise the work on the basis of what it would have cost the state and shall credit the amount of the appraisal toward payment of any sums assessed against lands contained in the project and owned by the person or his predecessors in title making the expenditure. Such appraisal shall be added to the cost of the project for purposes of determining the general assessment. [1988 c 128 § 46; 1955 c 171 § 8.]

76.14.120 Landowner’s responsibility under other laws. This chapter shall not relieve the landowner of providing adequate fire protection for forest land pursuant to RCW 76.04.610 or, in lieu thereof, of paying the forest fire protection assessment specified, but shall be deemed as providing solely for extra fire protection needed in the extrahazardous fire area. [1986 c 100 § 56; 1955 c 171 § 9.]

76.14.130 Lands not to be included in project. Projects pursuant to RCW 76.14.080 shall not be developed to include lands outside the following described boundary within the high hazard forest areas: Beginning at a point on the east boundary of section 24, township 4 north, range 4 east 1/4 mile south of the northeast corner; thence west 1/4 mile; south 1/16 mile; west 1/16 mile; north 1/16 mile; west 1/2 mile; south 1/8 mile; west 1/4 mile; south 1/8 mile; west 1/2 mile; south 1/16 mile; west 1/8 mile; south 1/16 mile; west 1/4 mile; south 1/8 mile; west 1/4 mile; south 1/16 mile; west 3/4 mile; north 1/16 mile; west 1/4 mile; north 1/16 mile; west 1/2 mile; north 1/16 mile; west 1/4 mile; north 1/16 mile; west 1/16 mile; west 1/4 miles to the west quarter corner of section 19, township 4 north, range 4 east. COMMUNITY AND URBAN FORESTRY

Sections

76.15.005 Finding. (1) Trees and other woody vegetation are a necessary and important part of community and urban environments. Community and urban forests have many values and uses including conserving energy, reducing air and water pollution and soil erosion, contributing to property values, attracting business, reducing glare and noise, providing aesthetic and historical values, providing wood products, and affording comfort and protection for humans and wildlife.

(2) As urban and community areas in Washington state grow, the need to plan for and protect community and urban forests increases. Cities and communities benefit from assistance in developing and maintaining community and urban forestry programs that also address future growth.

(3) Assistance and encouragement in establishment, retention, and enhancement of these forests and trees by local governments, citizens, organizations, and professionals are in the interest of the state based on the contributions these forests make in preserving and enhancing the quality of life of Washington's municipalities and counties while providing opportunities for economic development.

76.15.007 Purpose. The purpose of this chapter is to:

(1) Encourage planting and maintenance of trees in the state's municipalities and counties and maximize the potential of tree and vegetative cover in improving the quality of the environment.

(2) Encourage the coordination of state and local agency activities and maximize citizen participation in the development and implementation of community and urban forestry-related programs.

(3) Foster healthy economic activity for the state's community and urban forestry-related businesses through cooperative and supportive contracts with the private business sector.

(4) Facilitate the creation of employment opportunities related to community and urban forestry activities including opportunities for inner city youth to learn teamwork, resource conservation, environmental appreciation, and job skills.

(5) Provide meaningful voluntary opportunities for the state's citizens and organizations interested in community and urban forestry activities.

Community and urban forest land may be planted or unplanted, used or unused, and includes public and private lands, lands along transportation and utility corridors, and forested watershed lands within populated areas.

(4) "Community and urban forestry" means the planning, establishment, protection, care, and management of trees and associated plants individually, in small groups, or around human settlements ranging from small communities to metropolitan areas, occupied or potentially occupied by trees and associated vegetation. Community and urban forestry programs may include the protection, establishment, care, and management of trees and associated plants in parks, public school districts, community college districts, irrigation districts, and public school districts, community college districts, irrigation districts, weed control districts, park districts, or other political subdivision of the state. [1991 c 179 § 3.]

76.15.020 Authority. (1) The department may establish and maintain a program in community and urban forestry to accomplish the purpose stated in RCW 76.15.007. The department may assist municipalities and counties in establishing and maintaining community and urban forestry programs and encourage persons to engage in appropriate and improved tree management and care.

The provisions contained in this chapter in reference to registration, certifications, assignment, and cancellation, and the fees to be paid to the department shall apply equally to catch brands. The certificate of the department shall designate the mark or brand as a catch brand, and the mark or brand selected by the applicant as a catch brand shall be inclosed in the letter C, which shall identify the mark or brand as, and shall be used only in connection with, a catch brand. (5) All hearings provided for in this section shall be *contested cases under the provisions of chapter 34.05 RCW. Such hearings are the exclusive method to appeal the denials, revocations, or suspensions of the department. Nothing prevents the department from holding informal hearings prior to such denial, revocation, or suspension. [1984 c 60 § 20.]

*Reviser’s note: The term “contested cases” is no longer used in chapter 34.05 RCW. Contested cases are now referred to as “adjudicative proceedings.”

A true copy will be effective until the expiration date of the specialized forest products permit unless the permittee or the permittee and permittor specify an earlier date. A permittee may require the actual signatures of both the permittee and permittor for execution of a true copy by so indicating in the space provided on the original copy of the specialized forest products permit. A permittee, or, if so indicated, the permittee and permittor, may condition the use of the true copy to harvesting only, transportation only, possession only, or any combination thereof. Before a permit form is validated by the sheriff, sufficient personal identification may be required to reasonably identify the person mailing or presenting the permit form and the sheriff may conduct such other investigations as deemed necessary to determine the validity of the information alleged on the form. When the sheriff is reasonably satisfied as to the truth of such information, the form shall be validated with the sheriff's validation stamp provided by the department of natural resources. 77.04.010 Short title. This title is known and may be cited as "Wildlife Code of the State of Washington." [1990 c 84 § 1; 1980 c 78 § 2; 1955 c 36 § 77.04.010. Prior: 1947 c 275 § 1; Rem. Supp. 1947 § 5992-11.]

Effective date—1980 c 78: "This act shall take effect on July 1, 1981." [1980 c 78 § 137.]

Intent, construction—1980 c 78: "In enacting this 1980 act, it is the intent of the legislature to revise and reorganize the game code of this state to clarify and improve the administration of the state's game laws. Unless the context clearly requires otherwise, the revisions made to the game code by this act are not to be construed as substantive." [1980 c 78 § 1.]

Savings—1980 c 78: "This act shall not have the effect of terminating or in any way modifying any proceeding or liability, civil or criminal, which exists on the effective date of this act." [1980 c 78 § 138.]

(1992 Ed.)

77.04.020 Composition of department—Duties and powers. The department of wildlife consists of the state wildlife commission and the director of wildlife. The director is responsible for the administration and operation of the department, subject to the provisions of this title. The commission may delegate to the director additional duties and powers necessary and appropriate to carry out this title. The director shall perform the duties prescribed by law and shall carry out the basic goals and objectives prescribed pursuant to RCW 77.04.055. [1987 c 506 § 4; 1980 c 78 § 3; 1955 c 36 § 77.04.020. Prior: 1947 c 275 § 2; Rem. Supp. 1947 § 5992-12.]

Legislative findings and intent—1987 c 506: "Washington's fish and wildlife resources are the responsibility of all residents of the state. We all benefit economically, recreationally, and aesthetically from these resources. Recognizing the state's changing environment, the legislature intends to continue to provide opportunities for the people to appreciate wildlife in its native habitat. However, the wildlife management in the state of Washington shall not cause a reduction of recreational opportunity for hunting and fishing activities. The paramount responsibility of the department remains to preserve, protect, and perpetuate all wildlife species. Adequate funding for proper management, now and for future generations, is the responsibility of everyone.

The intent of the legislature is: (1) To allow the governor to select the director of wildlife; (2) to retain the authority of the wildlife commission to establish the goals and objectives of the department; (3) to insure a high level of public involvement in the decision-making process; (4) to provide effective communications among the commission, the governor, the legislature, and the public; (5) to expand the scope of appropriate funding for the management, conservation, and enhancement of wildlife; (6) to not increase the cost of license, tag, stamp, permit, and punchcard fees prior to January 1, 1990; and (7) for the commission to carry out any other responsibilities prescribed by the legislature in this title." [1987 c 506 § 1.]

### 77.12.690 Migratory waterfowl art committee—Duties—Deposit and use of funds—Audits. (Effective until June 30, 1995.) The migratory waterfowl art committee is responsible for the selection of the annual migratory waterfowl stamp design and shall provide the design to the department. If the committee does not perform this duty within the time frame necessary to achieve proper and timely distribution of the stamps to license dealers, the director shall initiate the art work selection for that year. The committee shall create collector art prints and related artwork, utilizing the same design as provided to the department. The administration, sale, distribution, and other matters relating to the prints and sales of stamps with prints and related artwork shall be the responsibility of the migratory waterfowl art committee.

The total amount brought in from the sale of prints and related artwork shall be deposited in the state wildlife fund. The costs of producing and marketing of prints and related artwork, including administrative expenses mutually agreed upon by the committee and the director, shall be paid out of the total amount brought in from sales of those same items. The department shall not contract with any individual or organization that obtains compensation for allowing waterfowl hunting except if the individual or organization does not permit hunting for compensation on the subject property.

The migratory waterfowl art committee shall have an annual audit of its finances conducted by the state auditor and shall furnish a copy of the audit to the commission and to the natural resources committees of the house and senate. [1987 c 506 § 55; 1985 c 243 § 6.]

### 77.12.700 Hunting of post-mature trophy-quality animals—Washington trophy hunt. (1) The commission in consultation with the director may authorize hunting of post-mature male trophy-quality animals from herds in areas not normally open to general public hunting. The director shall establish procedures for the hunt, which shall be called the Washington trophy hunt. The procedures may provide for an organization to contract with the department to sponsor the hunt. The procedures shall require that any permits or tags required for the hunt be sold at auction to raise funds for the department and the organization for wildlife conservation purposes. Representatives of the department may participate in the hunt upon the request of the commission to insure that the animals to be killed are properly identified.

(2) A wildlife conservation organization may request the commission to authorize a special hunt for post-mature trophy-quality male animals upon petition.

(3) In addition to any permit fee established under subsection (1) of this section, participants in the hunt shall obtain any required license, permit, or tag. [1987 c 506 § 56.]

Legislative findings and intent—1987 c 506: See note following RCW 77.04.020.

### 77.12.710 Game fish production—Double by year 2000. The legislature hereby directs the department of wildlife to determine the feasibility and cost of doubling the state-wide game fish production by the year 2000. The department shall seek to equalize the effort and investment expended on anadromous and resident game fish programs. The department of wildlife shall provide the legislature with a specific plan for legislative approval that will outline the
feasibility of increasing game fish production by one hundred percent over current levels by the year 2000. The plan shall contain specific provisions to increase both hatchery and naturally spawning game fish to a level that will support the production goal established in this section consistent with wildlife commission policies. Steelhead trout, searun cutthroat trout, resident trout, and warmwater fish producing areas of the state shall be included in the plan. The department of wildlife shall provide the plan to the house of representatives and senate ways and means, environment and natural resources, environmental affairs, fisheries and wildlife, and natural resources committees by December 31, 1990.

The plan shall include the following critical elements:

(1) Methods of determining current catch and production, and catch and production in the year 2000;
(2) Methods of involving fishing groups, including Indian tribes, in a cooperative manner;
(3) Methods for using low capital cost projects to produce game fish as inexpensively as possible;
(4) Methods for renovating and modernizing all existing hatcheries and rearing ponds to maximize production capability;
(5) Methods for increasing the productivity of natural spawning game fish;
(6) Application of new technology to increase hatchery and natural productivity;
(7) Analysis of the potential for private contractors to produce game fish for public fisheries;
(8) Methods to optimize public volunteer efforts and cooperative projects for maximum efficiency;
(9) Methods for development of trophy game fish fisheries;
(10) Elements of coordination with the Pacific Northwest Power Council programs to ensure maximum Columbia river benefits;
(11) The role that should be played by private consulting companies in developing and implementing the plan;
(12) Coordination with federal fish and wildlife agencies, Indian tribes, and department of fisheries fish production programs;
(13) Future needs for game fish predator control measures;
(14) Development of disease control measures;
(15) Methods for obtaining access to waters currently not available to anglers; and
(16) Development of research programs to support game fish management and enhancement programs.

The department of wildlife, in cooperation with the department of revenue, shall assess various funding mechanisms and make recommendations to the legislature in the plan. The department of wildlife, in cooperation with the department of trade and economic development, shall prepare an analysis of the economic benefits to the state that will occur when the game fish production is increased by one hundred percent in the year 2000. [1990 c 110 § 1.]

Finding—1990 c 110: "The legislature finds that the anadromous and resident game fish resource of the state can be greatly increased to benefit recreational fishermen and the economy of the state. Investments in the increase of anadromous and resident game fish stocks will provide benefits many times the cost of the program and will act as a catalyst for many additional benefits in the tourism and associated industries, while enhancing the livability of the state." [1990 c 110 § 1.]

77.12.720 Firearms range account—Grant program—Rules. The firearms range account is hereby created in the state general fund. Any funds remaining in the firearm range account established by RCW 77.12.195, at the time of its repeal by section 7, chapter 195, Laws of 1990, shall be transferred to the firearms range account established in this section. Moneys in the account shall be subject to legislative appropriation and shall be used for purchase and development of land, construction or improvement of range facilities, including fixed structure construction or remodeling, equipment purchase, safety or environmental improvements, noise abatement, and liability protection for public and nonprofit firearm range training and practice facilities.

Grant funds shall not be used for expendable shooting supplies, or normal operating expenses. Grant funds shall not supplant funds for other organization programs.

The funds will be available to nonprofit shooting organizations, school districts, and state, county, or local governments on a match basis. All ranges receiving matching funds must be open on a regular basis and usable by law enforcement personnel or the general public who possess Washington concealed carry permits or Washington hunting licenses.

Applicants for a grant from the firearms range account shall provide matching funds in either cash or in-kind contributions. The match must represent one dollar in value for each one dollar of the grant. In-kind contributions include but are not limited to labor, materials, and new property. Existing assets and existing development may not apply to the match.

Applicants other than school districts or local or state government must be registered as a nonprofit or not-for-profit organization with the Washington secretary of state and the United States internal revenue service. The organization's articles of incorporation must contain provisions for the organization's structure, officers, legal address, and registered agent.

Organizations requesting grants must provide the hours of range availability for public and law enforcement use. The fee structure will be submitted with the grant application.

Any nonprofit organization or agency accepting a grant under this program will be required to pay back the entire grant amount to the firearms range account if the use of the range facility is discontinued less than ten years after the grant is accepted.

Facilities receiving grants must be open for hunter safety education classes on a regular basis for no fee.

Government units or school districts applying for grants must open their range facility on a regular basis for hunter safety education training.

The interagency committee for outdoor recreation shall adopt rules to implement *this act pursuant to chapter 34.05 RCW. [1990 c 195 § 2.]

*Reviser's note: For disposition of "this act" see Codification Tables, Volume 0.

Findings—1990 c 195: "Firearms are collected, used for hunting, recreational shooting, and self-defense, and firearm owners as well as bow users need safe, accessible areas in which to shoot their equipment. Approved shooting ranges provide that opportunity, while at the same time, promote public safety. Interest in all shooting sports has increased while safe locations to shoot have been lost to the pressures of urban growth." [1990 c 195 § 1.]
77.12.730 Firearms range advisory committee. (1) A ten-member firearms range advisory committee is hereby created to provide advice and counsel to the interagency committee for outdoor recreation. (2) The firearms range advisory committee members shall serve two-year terms with five new members being selected each year beginning with the third year of the committee’s existence. The firearms range advisory committee members shall not receive compensation from the firearms range account. However, travel and per diem costs shall be paid consistent with regulations for state employees.

(3) The interagency committee for outdoor recreation shall provide administrative, operational, and logistical support for the firearms range advisory committee. All mining claims upon veins or lodes of quartz or other rock in place, bearing gold, silver or other valuable mineral deposits heretofore located, shall be governed as to length along the vein or lode by the customs, regulations and laws in force at the date of such location. [1887 c 87 § 1; RRS § 8615.]

For earlier acts on this subject, see: 1867 pp 146-147, 1869 pp 386-388, 1873 pp 444-446, 1875 pp 126-127, 1877 pp 335-336. See also, act of congress, May 10, 1872.

78.08.020 Extent of lode claims. No claims shall extend more than three hundred feet on each side of the middle of the vein at the surface, or shall any claims be limited by any mining regulation to less than fifty feet of surface on each side of the middle of such vein or lode at the surface, excepting where adverse rights, existing at the date of the location, and of all veins, lodes and ledges throughout their entire depth, and the top or apex of which lies within the lines of such claim to indicate the location of such lines. [1887 c 87 § 2; RRS § 8616.]

*Reviser's note: "this act" [1887 c 87], is codified in RCW 78.08.005 through 78.08.040; "date of the approval of this act" was February 2, 1888.

78.08.030 Rights of locators. The locators of all mining locations heretofore made or hereafter made under the provisions of RCW 78.08.005 through 78.08.040, on any mineral vein, lode or ledge on the public domain, and their heirs and assigns so long as they comply with the laws of the United States and the state and local laws relating thereto, shall have the exclusive right to the possession and enjoyment of all surface included within the lines of their location, and of all veins, lodes and ledges throughout their entire depth, and the top or apex of which lies within the surface lines of such location, extending downward vertically, although such veins, lodes or ledges may so far depart from the perpendicular in their course downward as to extend outside of the vertical side line of said surface location. [1887 c 87 § 3; RRS § 8617.]

1889 AND LATER ACTS

78.08.050 Location notices—Contents—Recording. The discoverer of a lode shall within ninety days from the date of discovery, record in the office of the auditor of the county in which such lode is found, a notice containing the name or names of the locators, the date of the location, the number of feet in length claimed on each side of the discovery, the general course of the lode and such a description of the claim or claims located by reference to some natural object or permanent monument as will identify the claim. [1899 c 45 § 1; RRS § 8622.]

For earlier acts on this subject, see: 1867 pp 146-147, 1869 pp 386-388, 1873 pp 444-446, 1875 pp 126-127, 1877 pp 335-336, 1887 c 87; see also, act of congress, May 10, 1872.

If any such claim be located on ground that is covered wholly or in part with brush or trees, such brush shall be cut and trees be marked or blazed along the lines of such claim to indicate the location of such lines.

(2) Prior to valid discovery the actual possession and right of possession of one diligently engaged in the search for minerals shall be exclusive as regards prospecting during continuance of such possession and diligent search. fore or hereafter located, or his assigns, shall learn that his
original certificate was defective or that the requirements of
the law had not been complied with before filing, or shall be
desirous of changing his surface boundaries or of taking in
any additional ground which is subject to location, or in any
case the original certificate was made prior to the *passage
of this law, and he shall be desirous of securing the benefits

shall only be made by sinking a new discovery shaft, or in
lieu thereof performing at least an equal amount of develop­

boundaries in the same manner and to the same extent as is
required in making a new location, or the relocator may sink
the original discovery shaft ten feet deeper than it was at the
date of commencement of such relocation, and shall erect
new, or make the old monuments the same as originally

78.16.010 Leases authorized. Whenever it shall appear to the board of county commissioners of any county in this state that it is for the best interests of said county and the taxing districts and the people thereof, that any mining claims, reserved mineral rights, or any other county owned or tax acquired property owned by the county, either absolutely or as trustee, should be leased for the purpose of exploration, development, and removal of any minerals, oil, gas and other petroleum products therefrom, said board of county commissioners is hereby authorized to enter into written leases, under the terms of which any county owned lands or county owned mineral rights, or reserved mineral rights, are leased for the aforementioned purpose, with or without an option to purchase. Any such lease shall be upon terms and conditions as said county commissioners may deem for the best interests of said county and the taxing districts, and as in this chapter provided, and may be for such primary term as said board may determine and as long thereafter as minerals, including oil, and/or gas, may be produced therefrom. [1945 c 93 § 1; 1907 c 38 § 1; Rem. Supp. 1945 § 11312.]

Nothing herein contained is intended to or shall be construed as affecting any existing rights granted under chapter 38, Laws of 1907." [1945 c 93 § 6.]

78.16.020 Order for lease—Terms—Option to purchase. When said commissioners, in their discretion, decide to lease said claims or properties as provided in RCW 78.16.010, they shall enter an order to that effect upon their records and shall fix the duration and terms and conditions of said lease, and in case an option to purchase is given shall fix the purchase price, which shall not be less than the total amount of the taxes, interest and penalties due at the time the property was acquired by the county, and may provide that any royalties paid shall apply and be credited on the purchase price, and said lease or lease and option shall be signed and executed on behalf of said county by said commissioners, or a majority of them. [1907 c 38 § 2; RRS § 11313.]

78.16.030 Sale and conveyance. Upon payment of the full purchase price, in cases where an option to purchase is given, a conveyance shall be executed to the purchaser by the chairman of the board of county commissioners. Such conveyance shall refer to the order of the board authorizing such leasing with the option to purchase, and shall be deemed to convey all the estate, right, title and interest of the county in and to the property sold; and such conveyance, when executed, shall be conclusive evidence of the regularity and validity of all proceedings hereunder. [1907 c 38 § 3; RRS § 11314.]

78.16.040 Option to surrender lands. The lessee under any such petroleum lease shall have the option of surrendering any of the lands included in said lease at any time, and shall thereby be relieved of all liability with respect to such lands except the payment of accrued royalties as provided in said lease. Any royalties or rentals received by the said county under any lease entered into under the provisions of this chapter, shall be divided among the various taxing districts entitled thereto, in the same proportion and manner as the purchase money for said lands would have been divided in the event the said properties had been sold. [1945 c 93 § 3; Rem. Supp. 1945 § 11314-2.]

78.16.060 Surface rights. Nothing in this chapter contained shall be construed as giving the county commissioners the right to lease the surface rights of tax acquired property, except that the lease of any property as in this chapter provided shall give the lessee the right to use such portions of the surface on said land as may be necessary or desirable to it in its business. [1945 c 93 § 4; Rem. Supp. 1945 § 11314-3.]

78.16.070 Damages to owner. In the event said lease shall be for reserved mineral rights on lands previously sold by said county with mineral rights reserved, as provided in chapter 19, Laws of 1943 [RCW 36.34.010], said lease shall contain a provision that no rights shall be exercised under said lease by the lessee, his heirs, executors, administrators, successors or assigns, until provision has been made by the lessee, his heirs, executors, administrators, successors or assigns to pay to the owner of the land upon which the rights reserved to the county are sought to be exercise [exercised], full payment for all damages to said owner by reason of entering upon said land; said rights to be determined as provided for in said chapter 19, Laws of Washington, 1943 [RCW 36.34.010]: PROVIDED, HOWEVER, that in the event of litigation to determine such damage, the primary term of such lease shall be extended for a period equal to the time required for such litigation, but not to exceed three years. 78.22.020 "Mineral interest" defined. A mineral interest means the interest which is created by an instrument transferring, either by grant, assignment, or reservation, or otherwise an interest, of any kind, in any subsurface mineral. [1984 c 252 § 2.]

78.22.030 Acts constituting use of mineral interest. A mineral interest is used if:

(1) Any minerals produced have been in connection with the mineral interest;
(2) Operations for injection, withdrawal, storage or disposal of water, gas, or other fluid substances have been conducted in connection with the mineral interest;
(3) Rents or royalties have been paid for the purpose of delaying or enjoying the use or exercise of the mineral interest;
(4) The use or the exercise of the mineral interest has been carried out on any tract with which the mineral interest may be unitized or pooled for production purposes;
(5) In the case of coal or other solid minerals, minerals have been produced from a common vein or seam;
(6) Taxes have been paid on such mineral interest;
(7) Any use pursuant to or authorized by the instrument creating such mineral interest has been taken;
(8) A sale, lease, mortgage, or other transfer of the mineral interest has been recorded in the county auditor's office in the county in which the land affected by the mineral interest is located prior to the end of the twenty-year period set forth in RCW 78.22.010 or within two years after June 7, 1984, whichever is later; or
(9) A statement of claim has been filed by the owner of the mineral interest in the manner set forth in RCW 78.22.040 or 78.22.060. [1984 c 252 § 3.]

78.22.040 Statement of claim—Contents—Fees—Filing. The statement of claim referred to in RCW 78.22.030(9) shall be filed by the current owner of the mineral interest prior to the end of the twenty-year period set forth in RCW 78.22.010 or within two years after June 7, 1984, whichever is later. The statement of claim shall contain the name and address of the current owner of such interest, and the name of the original holder of the mineral interest substantially as that name is shown on the instrument that originally created the mineral interest and shall be accompanied by payment of the fees provided in RCW 36.18.010.

The statement of claim shall be filed in the county auditor's office in the county in which such land affected by the mineral interest is located. [1984 c 252 § 4.]

78.22.050 Extinguishment of mineral interest—Procedure. (1) After the later of the expiration of the twenty-year period set forth in RCW 78.22.010 or two years after June 7, 1984, the surface owner may extinguish the mineral interest held by another person and acquire ownership of that interest by providing sixty days notice of intention to file a claim of abandonment and extinguishment of the mineral interest upon the current mineral interest owner. Notice shall be served by personal service or by mailing the notice by registered mail to the last known address of the current mineral interest owner. The county
trea sure shall supply the name and address of the current
mineral interest owner as they appear on the county property
tax records to the surface owner without charge. If the
current mineral interest owner is unknown to the county trea sure,
and the current mineral interest owner cannot be
determined after due diligence, the surface owner may serve
the notice upon the current mineral interest owner by
publishing the notice at least once each week for three
consecutive weeks in a newspaper of general circulation
published in the county in which the property interest is
located, and if there is no newspaper of general circulation
in the county, then in a newspaper of general circulation
published in an adjoining county, and if there is no such
newspaper in an adjoining county, then in a newspaper of
general circulation published at the capital of the state.

(2) The notice of intention to file a claim of abandon­
ment and extinguishment shall contain:

(a) The name and address, if known, of the holder of
the mineral interest, as shown of record;
(b) A reference to the instrument originally creating the
mineral interest, including where it is recorded;

interest;
(d) The name and address of the person giving notice;
(e) The date of the first publication of the notice if
notice is by publication; and

publication or the date service was perfected by personal
service or registered mail on the current mineral interest
owner, unless the current mineral interest owner files a
statement of claim of mineral interest in the form prescribed
in RCW 78.22.040.

(3) A copy of the notice of intention to file a claim of
abandonment and extinguishment and an affidavit of publica­
tion shall be submitted to the county auditor within fifteen
days after the date of the last publication or the date service
was perfected by personal service or registered mail on the
current mineral interest owner.

(4) The affidavit of publication shall contain either:

(a) A statement that a copy of the notice has been
personally served upon or mailed to the owner of the current
mineral interest and the address to which it was mailed;
or
(b) If a copy of the notice was not mailed, a detailed
description, including dates, of the efforts made to determine
with due diligence the address of the current owner of the
mineral interest. [1984 c 252 § 5.]

78.22.060 Presumption of extinguishment—
Conditions—Statement of claim—Filing, recording,
indexing. Upon payment of fees provided in RCW
36.18.010, the county auditor shall record, index, and make special notation in the index of the filing.

of publication—Auditor's duties. Upon receipt, the county
auditor shall record a statement of claim or a notice and

When possible, the auditor shall also indicate by marginal
notation on the instrument originally creating the mineral
interest the recording of the statement of claim or notice and
affidavit of publication. The county auditor shall record a
statement of claim by cross-referencing in the dormant
mineral interest index the name of the current owner of the
mineral interest and the name of the original holder of the
mineral interest as set out in the statement of claim. [1984 c 252 § 7.]

78.22.080 Exemptions from claim of abandonment
and extinguishment. Mineral interests retained or owned
by any public entity or mineral interests resulting from land

An extra door shall be so placed and kept standing open as to be out of reach of accident, and arranged so that it can be closed should one or both of the other doors be out of order. [1917 c 36 § 41; RRS § 8676. Prior: 1897 c 45 § 4, part; 1891 c 81 § 17. Formerly RCW 78.36.480, part.]

78.40.205 Self-acting doors or attendant. The inspector may require either self-acting doors of an approved type, or an attendant at permanent doors that control the air current on any main haulage roads through which cars are hauled, for the purpose of opening and closing it for the employees and cars to pass in and out from the workings. A hole for shelter shall be provided at each door, to protect the attendant from danger from cars while performing his duty. Persons employed for this purpose shall remain at the doors at all times during working hours: PROVIDED, That the same attendant may attend two doors if his absence from the first door does not endanger the safety of the employees. This section shall not apply to any mine while being worked for the purpose of making communication between said outlets, or to open a seam or stratum of coal, or new lift thereof, so long as not more than twenty persons are employed at any time in such part of a mine, or new lift of a mine; neither shall it apply to any mine or part of a mine in which any outlet has been rendered unavailable by reason of the final robbing of pillars, previous to abandonment, so long as not more than twenty persons are employed in such mine or any part of such mine at one time.

This section shall apply only to mines or parts of mines which shall be developed or in which development shall be started after this chapter shall go into effect, but it shall not be construed to permit any openings or outlets now in use for the safety of men to be abandoned unless other such openings are substituted therefor. [1919 c 201 § 3; 1917 c 36 § 46; RRS § 8681. Prior: 1887 c 21 § 3, part; 1883 p 27 § 17, part; Code 1881 § 2634, part. Formerly RCW 78.34.710.]

78.40.273 Hoisting apparatus—Requirements. For the purpose of hoisting or lowering men in any shaft or slope the owner, operator or agent thereof shall provide:

1. A type of hoisting apparatus of sufficient strength to hold twice the maximum weight of the cage or cars loaded with men at any point on the shaft or slope. Each hoisting apparatus to be equipped with a brake or brakes on each drum of sufficient power to fully control the speed of the cage or cages or cars in such shaft or slope.

2. An efficient indicator that will show at all times the true position of the cage or cages or cars attached to each hoist.

3. An efficient device for the prevention of overwinding shall be attached to every hoisting apparatus hereafter put in service for hoisting or lowering persons in a shaft.

4. A cage with a floor free from all obstructions must be provided for all shafts. Such cage shall be solidly constructed of heavy timber or iron beams for the frame, sufficient to withstand severe shocks under strains, and shall be covered with a substantially supported bonnet of boiler iron to protect persons riding in the cage from anything falling down the shaft. Each cage must be equipped with chains, bars or gates at each end, which must be always in place when men are hoisted or lowered. Each cage must also be equipped with efficient safety catches to prevent the cage from falling down the shaft in the event of the rope breaking. All rope links or chains attached to cars or cages must be of ample strength with a factor of safety of not less than five to one on the maximum load.

5. On all regular man trips being hoisted on slopes of twenty degrees or more, each car shall be attached to the car ahead by two or more separate connections, each one of which must be of ample strength to hold any load placed upon it by the breaking of the other. And the first car shall be secured to the socket by an extra cable or chain securely attached to the car: PROVIDED, That any other approved safety device may be used in lieu of those hereinabove in this paragraph (5) mentioned. On all slopes of less than twenty degrees a safety rope shall extend from the main rope to the last car, or other approved safety device that will answer the same purpose.

6. At all shafts, when hoisting men or material, there must be provided a competent person at the top and bottom to have control of the admission of cars, material or persons, to the cage operating in such shaft.

7. Safety gates must be provided at the top and at any intermediate landing of a shaft, or of a slope inclined over sixty degrees from the horizontal, such gates to be so constructed that when closed access to the shaft or slope will be entirely cut off; and such gates to be kept closed at all times when the rope rider or other person in charge of such landing is not present.

8. At distances not to exceed sixty feet on inclined planes or slopes where men are employed during operations suitable holes for refuge must be provided, these to be cut into the strata not less than two and one-half feet deep and four feet wide and five feet high and level with the road. Such holes to be located at points easy of access and to be kept whitewashed. [1917 c 36 § 62; RRS § 8697. Prior: 1907 c 105 § 2, part; 1891 c 81 § 16, part; 1887 c 21 § 6, part. All ropes, chains, safety catches, etc., as enumerated above, must be of ample strength to support a strain equivalent to five times the maximum load, and must be kept in safe condition; and, furthermore, they must be inspected at least once in twenty-four hours by a competent person appointed by the superintendent for that purpose, and a record of such examinations, reporting all defects that may have been found, must be written in ink in a book kept for that purpose at the mine office. Any defects must be corrected immediately and no persons shall be lowered into or hoisted from the mine by defective apparatus; and, furthermore, all coupling links, pins and couplings on all other cars hoisting or lowering men on a slope shall be annealed once in every three months. Pins and couplings on all other cars must be annealed once a year. [1917 c 36 § 63; RRS § 8698. Prior: 1909 c 117 § 3, part; 1891 c 81 § 4, part. Formerly RCW 78.36.830.]

78.40.279 Testing safety catches. The following tests of safety catches on cages shall be made once every six months: The cage shall be secured by passing a heavy hemp rope through the bridle chain ring or link and fastening both ends of the ropes to guides or to diagonally opposite posts of head frame, drawing the rope taut. A blocking to be passed below the cage to support same before hoisting rope is taut. The hoisting engineer shall then slack away until the cage is suspended on the hemp rope with at least four feet of the slack hoisting rope on top of it. Everything being in readiness the hemp rope shall be suddenly cut. If the safety catches stop the cage before it rests upon the blocking, the

In case of any major or fatal accident, the resident district officers of the miners’ organization shall be notified by telephone or telegraph at the same time the mine inspector is notified, and shall have the privilege of appearing at all investigations held to determine the cause of such accident, and to recommend safety measures for the prevention of accidents. If the coroner shall determine to hold an inquest, the mine inspector shall be allowed to testify and offer such testimony as he or she shall deem necessary to thoroughly inform the said inquest of the cause of death, and the said inspector shall have authority at any time to appear before such coroner and jury and question or cross-question any witness, and in choosing a jury for the purpose of holding such inquest it shall be the duty of the coroner to impanel a jury, no one of whom shall be directly or indirectly interested. It shall be the duty of the mine inspector upon being notified as herein provided, to immediately repair to the scene of the accident and make such suggestions as may appear necessary to secure the safety of the workers, and if the results of the explosion or accident do not require an investigation by the coroner, the coroner shall proceed to investigate and ascertain the cause of the explosion or accident, and make a record thereof, which the coroner shall file as provided for, and to enable the coroner to make the investigation the coroner shall have the power to compel the attendance of persons to testify, and administer oaths or affirmations. The cost of such investigation shall be paid by the county in which the accident occurred, in the same manner as costs of inquests held by coroners or district judges are paid, and copies of evidence taken at inquests shall be furnished the mine inspector. 78.40.354 Certain steampipes to be insulated. No steampipes, through which high pressure steam is conveyed for the purpose of driving pumps or other machinery, shall be laid on traveling or haulage ways, unless they are encased in asbestos or some other suitable material, or so placed that the radiation of heat into the atmosphere of the mine will be prevented as far as possible. [1917 c 36 § 89; RRS § 8724. Formerly RCW 78.34.630.]

78.40.357 Internal combustion engines prohibited—Penalty. When a steam locomotive is used for the purpose of hauling coal out of a mine, the tunnel or tunnels through which the locomotive passes shall be properly ventilated and kept free as far as practicable of noxious gases. The use of steam locomotives shall be prohibited in any mines opened in the state after the passage of this chapter, or in mines already opened that are not now using the same.
The use of mining locomotives, pumping engines, hoists, trucks, or any other form of machinery driven or propelled by internal combustion engines, in which power is generated by burning within the cylinder or cylinders, a mixture of air and gas, or air and alcohol, gasoline, fuel oil, oil distillate, or other liquid fuel, within any coal mine or mines, is hereby declared to be unlawful, and any person or persons, body corporate, agent, manager or employer who shall violate any of the provisions of this section shall be guilty of a misdemeanor. **78.40.360 Precautions against explosions of dust.** In any mine or part of mine where, from the nature of the coal or method of handling the same, an undue quantity of dust is produced either on the roadways or in the working places, which may tend to cause danger of explosion, then all the haulage ways leading thereto and all the haulage roads and working places in such section of the mine, shall be thoroughly and effectively watered by some recognized and approved system of watering, or other treatment equivalent to watering. If, in the opinion of the inspector, an undue quantity of dust is produced and the method employed is not adequate or effective, he may notify the manager in writing and proceed as provided for in *section 9, article II of this act: PROVIDED, HOWEVER, That the provisions of this section shall not apply to any mine or separate split or panel of such mine if no explosives are permitted and safety lamps are used in such separate part of a mine, unless in the opinion of the inspector this exemption would be dangerous to the persons employed in such section or part of the mine. [1917 c 36 § 91; RRS § 8726. Formerly RCW 78.34.650.]*

*Reviser's note: "section 9, article II of this act" (1917 c 36 § 9) is codified in RCW 43.22.210, as amended.

[1917 c 36 § 93; RRS § 8728. Prior: 1891 c 161 § 1. Formerly RCW 78.32.040.]

**78.40.369 Escape shafts, equipment—Signboards.** All escapement shafts or slopes over thirty degrees pitch shall be equipped with stairways or ladders having landing places or platforms at reasonable distances apart or, in lieu thereof, such hoisting apparatus as will enable the employees in the mine to make safe and speedy exit in case of danger. At all points where the passageway to the escapement shaft and other places of exit is intersected by other roadways or entries, conspicuous signboards, subject to the approval of the mine inspector, shall be placed indicating the direction it is necessary to take in order to reach such place of exit. The mine foreman shall keep a careful watch over the ventilating apparatus, the ventilation, airways, traveling ways, timbering and drainage, and shall see that all stoppings along the airways are properly built. He shall also see that the proper crosscuts or breakthroughs are made in the pillars of all chutes, breasts, rooms, gangways, entries and levels, in accordance with this chapter, and that they are closed when necessary so that the ventilating current can be conducted in sufficient quantities through the last crosscut or breakthrough and to the working places by means of brattices or other devices, and all other duties pertaining to the safety of the men, as provided for in this chapter. [1917 c 36 § 103; RRS § 8738. Formerly RCW 78.32.480.]

78.40.405 Foreman—Duties as to workers in mines. The mine foreman shall have charge of all inside workings and of the persons employed therein, in order that all of the provisions of this chapter as far as they relate to his or her duties concerning the safety of the mine and the persons employed therein be complied with, and the regulations prescribed for each class of workers under his or her charge be carried out in the strictest manner possible. [1989 c 12 § 23; 1917 c 36 § 104; RRS § 8739. Formerly RCW 78.32.490.]

[Title 78 RCW—page 20]
78.40.408  Foreman—Records. The mine foreman shall each day write and sign with ink in a book provided for that purpose, a report of the general condition of the mine, which report shall clearly state any unusual danger that may have come under his observation during the day, or any unusual danger reported to him by his assistants, or by the fire bosses. The report shall also state the manner in which the requirements of the law are not complied with.

He, or his assistant, shall also once each week enter plainly with ink in said book a true report of all hours and the mine has been thoroughly examined by him, or by an assistant mine foreman or fire boss, and reported safe. [1919 c 201 § 5; 1917 c 36 § 107; RRS § 8742. Prior: 1897 c 45 § 8. Formerly RCW 78.32.520.]

78.40.417  Foreman—Weekly examination of mine. Whenever any dangerous condition is known to exist, or is reported by others to the mine foreman, he shall give prompt attention to its removal, and in case it is impracticable to remove the danger at once, he shall post danger signs warning every person whose safety is menaced thereby, to remain away from the place that the dangerous conditions affect. He or his assistant shall once each week travel and examine all the air courses and traveling ways, and in addition all the openings that give access to old workings or falls. He shall record and sign in ink in a book provided for that purpose the results of these weekly examinations. [1943 c 211 § 6; 1917 c 36 § 108; Rem. Supp. 1943 § 8743. Formerly RCW 78.32.510.]

78.40.420  Foreman—Precautions against gas and water. In any working place that is being driven within supposedly dangerous proximity to an abandoned mine suspected of containing explosive gases, or that may contain a dangerous accumulation of water, the mine foreman shall see that at least one bore hole shall be maintained not less than twenty feet in advance of the face; and in a seam of coal on either side of the bore hole, flank holes shall be driven not less than twelve feet in advance, and any place driven to tap water or gas shall not be more than eight feet wide. [1917 c 36 § 109; RRS § 8744. Prior: 1891 c 81 § 14; 1887 c 21 § 5. Formerly RCW 78.32.540.]

78.40.423  Foreman—Duty to check fire bosses. The mine foreman shall see as often as practicable that the fire boss has left his mark, as required by this chapter, in places examined or reported examined. [1917 c 36 § 110; RRS § 8745. Formerly RCW 78.32.560.]

After being treated with all the skill known to the foreman or his assistant, the injured person or persons shall be carefully wrapped up and taken to their homes or the hospital. [1917 c 36 § 112; RRS § 8747. Formerly RCW 78.32.550.]

78.40.432  Fire boss—Duties in general. It shall be the duty of the fire boss to examine carefully not more than three hours before a first shift enters the mine, every working place in his charge in which men have not been employed at the working face within ninety minutes previous
to the starting time of such shift all open places adjacent to live workings, and every unfenced road to abandoned workings. He shall see that the air current is traveling in its proper course. In making the examination he shall use no other than an approved safety lamp. The fire boss shall examine for all dangers in all portions of the mine under his charge, and after each examination he shall leave at or near the working face of every place examined the date of the examination as evidence that he has performed his duty. [1917 c 36 § 113; RRS § 8748. Formerly RCW 78.32.590.]

78.40.435 Fire boss—Danger signs. At the entrance to and in crosscuts or breakthroughs to any working place where explosive gas is discovered or where there is immediate danger found to exist from any other cause, the fire boss shall place a danger sign, which shall be sufficient warning for persons not to enter.

The danger sign shall consist of a lagging, board or piece of timber, or other obstruction, placed across the entrance to the working place, and in crosscuts and breakthroughs open to such working place, so that it is distinctly visible and marked plainly showing that danger exists beyond. [1917 c 36 § 114; RRS § 8749. Formerly RCW 78.32.600.]

78.40.438 Fire boss—Record of inspections—Procedure upon report of gas. Each fire boss shall, immediately after making his inspection and before the employees are allowed to enter the mine, report on a bulletin board provided for that purpose at the entrance to the mine, a true record of such inspection, designating each place where gas is found, also that all other places are clear. A like report of such inspection shall immediately be made by the fire boss, with ink, in a book kept for that purpose at the mine office on the surface, and in addition shall set forth the time of the inspection, the reason for the presence of any danger found, the means taken and by whom for the removal of same. If explosive gas is found the report shall show as near as possible the amount found, and time the place was cleared. The fire bosses' record shall, at all times, be accessible to the mine inspector or his deputy, and to the employees of the mine in the presence of a mine official. The fire boss, mine foreman, or his assistant must reexamine all places in which gas is reported in advance of employees working in such places. After making such examination he shall personally direct the removal of said gas or other danger. Gas shall not be removed by brushing. [1917 c 36 § 115; RRS § 8750. Formerly RCW 78.32.610.]

78.40.441 Shot firers—Reports. In all parts of a mine where explosive gas is being generated, or dust exists in such quantities as to be dangerous or liable to cause an explosion from blowout or windy shots, there shall be employed a sufficient number of competent persons to act as shot firers, whose duty it shall be to fire all shots properly placed by the miners, and refuse to fire any shots improperly placed. No blasts in such part of a mine shall be fired by any other person than a shot firer, fire boss or foreman. Incombustible material for tamping must be used for that purpose, and the mine foreman shall supply same at convenient places inside the mine. Under no circumstances shall coal dust or any other combustible material be used for tamping. Each shot firer shall report to the fire boss, mine foreman, or his assistant, every shot that he has refused to fire, every blown out shot, and every shot that has missed fire, and a record shall be kept of same. [1917 c 36 § 116; RRS § 8751. Formerly RCW 78.38.270 and 78.38.350, part.]

78.40.444 Shot firing—Restrictions on. No shot firer or any other person shall fire a shot in any working place if he can detect explosive gas in the place. In dusty mines no shot shall be fired unless the place in which the shot is to be fired is thoroughly wetted or otherwise treated to prevent the existence of any dust for a distance of not less than one hundred feet from the shot to be fired.

When the presence of coal dust is likely to enter into an explosion hazard, the chief mine inspector may require that the dry area be thoroughly rock dusted to the extent that the incombustible content shall be at least seventy percent.

In all advancing entries, counters and haulage inclines where an undue quantity of dry coal dust is present, the chief mine inspector may require that the rock dusting shall be kept within one hundred feet of the working face. The rock dust shall be of such material as will meet the requirements of the U.S. bureau of mines in exclusion of deleterious substances. [1943 c 211 § 7; 1917 c 36 § 117; Rem. Supp. 1943 § 8752. Formerly RCW 78.38.330.]

ARTICLE X MINE RESCUE EQUIPMENT

78.40.450 Rescue apparatus and supplies—Reports on. Within one year after *this chapter goes into effect, every coal mine employing as many as twenty underground men, shall have and maintain ready for use at all times, at least three sets of mine rescue apparatus, and one reviving device, of a type approved by the U.S. bureau of mines.

For each one hundred underground men in addition to the first twenty, one additional apparatus shall be maintained, up to six sets.

At every coal mine where mine rescue equipment is maintained, supplies for same shall be kept on hand to last at least twenty-four hours. The superintendent of the mine, or some person designated by him for that purpose, shall examine each apparatus once each month and report the condition of same, also the amount of supplies on hand at the time of such examination. This report shall be made in writing by the person making the examination and a record of same shall be kept at the mine office and shall be accessible to the mine inspector or his deputy at all times.

Whenever two or more coal mines are operated by the same company within a radius of twenty miles, they shall be considered as one mine. However, mines within a radius of twenty miles and connected by a wagon road or railroad, may agree to equip and maintain one central station at which there shall not be less than six apparatuses and one reviving device; when more than four mines are associated at one central station, an additional machine must be added: PROVIDED, HOWEVER, That any coal mining operation within fifty miles of a properly equipped and maintained U.S. bureau of mines rescue station, in lieu of the provisions of this section, shall be required to furnish such personnel as
the bureau of mines or the state mine inspector may require for adequate training in mine rescue and first aid work, the cost of the training of said personnel to be borne by the mine operator. [1947 c 166 § 4; 1943 c 211 § 8; 1917 c 36 § 118; R.e.m. Supp. 1947 § 8753. Formerly RCW 78.34.450.]

*Reviser's note: this chapter goes into effect: “this act” used in session law language is changed to “this chapter;” the phrase was first used in the 1917 act, which took effect at midnight, June 6, 1917. The 1947 amendatory act took effect at midnight, June 11, 1947.

78.40.453 Stretcher required—Use. The operator or superintendent of every mine employing from five to fifty persons, shall provide and keep in good condition near the principal entrance to the mine, one stretcher. When more than fifty persons are employed, they shall keep at least two stretchers. These stretchers shall be used for conveying to his abode, or to the hospital if necessary, any person who may be injured while in the discharge of his duties. [1917 c 36 § 119; RRS § 8754. Prior: 1891 c 81 § 13. Formerly RCW 78.34.460, part.]

78.40.456 Woolen blankets required. Suitable woolen blankets shall be kept on hand for each stretcher. [1917 c 36 § 120; RRS § 8755. Formerly RCW 78.34.460, part.]

78.40.459 Medical supplies required. At all times there shall be provided bandages, splints, and other medical supplies, to render first aid and relief to employees who may be injured. These supplies shall be kept in a suitable room near the entrance to the mine. [1917 c 36 § 121; RRS § 8756. Formerly RCW 78.34.480.]

78.40.462 First aid kits—Penalties. At each working level, or entry, of every mine in this state, the operating company shall maintain a box of first aid supplies equivalent to the American Red Cross (industrial) first aid box. If these boxes are kept locked, the keys shall always be near at hand and plainly visible. Such keys may be kept under glass as a fire alarm box key is kept. Additional keys may be given to employees selected by the mine foreman on each level or working section of the mine. The foreman shall keep a list of those who have keys in their possession posted on the (industrial) first aid box nearest their working places. In addition to the above first aid boxes, the operating company of each mine shall furnish each driver or motorman with a metallic covered packet equivalent to those sold by the American Red Cross. At all times when they are underground or at their respective places of employment, said drivers or motormen shall have the metallic packets in their possession. Failure of the operator to provide the supplies required by this section shall constitute a misdemeanor. Any person destroying or stealing any of the first aid supplies shall be guilty of a misdemeanor. [1917 c 36 § 122; RRS § 8757. Formerly RCW 78.34.490.]

ARTICLE XI POWDER AND EXPLOSIVES

78.40.470 Explosives, how and where to be kept. Every person who has powder or other explosives in a mine shall keep the same in a proper, closed receptacle. Said receptacle shall be kept as far as practicable from the track or chute; and all powder receptacles shall be kept as far as practicable from each other, and each in a secluded place. Detonators shall at all times be kept in securely closed cases, separate and apart from other explosives, until required for use. [1917 c 36 § 123; RRS § 8758. Formerly RCW 78.38.200.]

Storage of explosives—Issuance to workers: RCW 78.40.488.

78.40.473 Use of lamps and lighted pipes near explosives—Opening receptacles. Whenever a workman using an open light is about to open a receptacle containing explosives, and while handling the explosives, he shall place and keep his lamp at least five feet distant from said explosive and in such position that the air currents cannot convey sparks to it, and at such time no person shall approach nearer than five feet to any explosive with an open lamp, lighted pipe, or anything containing fire, except safety lamps, unless such explosive is contained in a proper closed receptacle. No miner, workman, or other person shall open any receptacle containing an explosive except in the manner prescribed by the manufacturer thereof, and it shall be unlawful for any person to have in his possession in any mine any receptacle containing explosives which has been opened in violation of this chapter. [1917 c 36 § 124; RRS § 8759. Formerly RCW 78.38.210 and 78.38.220, part.]

Limitations on storage and handling of explosives: RCW 78.40.651.

Precautions in handling explosives: RCW 78.40.675.

78.40.476 High explosives. No high explosive shall be stored in any mine and no more shall be taken into any mine at any one time, by any person, than is required in one shift. The quantity used shall be subject to the approval of the mine inspector. [1917 c 36 § 125; RRS § 8760. Formerly RCW 78.38.230.]

Quantity of explosives allowed in mine: RCW 78.40.648.

Storage of explosives—Issuance to workers: RCW 78.40.488.

78.40.479 Firing dependent shots—Permit. No person shall fire a dependent shot in the coal as hereinafter defined. A dependent shot is a shot dependent on another shot so placed as to make an opening sufficient for the dependent shot to do its work properly. At mines where solid shooting is allowed the opening shot shall be fired first and no dependent shot shall be fired at that time. In no case shall more than one kind of explosive be used in the same drill hole: PROVIDED, That in any mine where the coal bed worked is less than three feet between walls and no gas or dust is present, where it can be shown to the satisfaction of the mine inspector that the above rule would prohibit the operating company to mine the coal at a profit, the mine inspector may grant him a permit to suit his conditions. [1917 c 36 § 126; RRS § 8761. Formerly RCW 78.38.310.]
78.40.482  Black powder, how handled. Black powder for use in mines shall be put up in metallic cans or canisters, or receptacles of equally safe material. No black powder, high explosive, or detonators shall be hauled on any electric motor trip in any mine, unless the same are encased in nonconductive boxes or receptacles: PROVIDED, That they may be hauled in nonconductive car.

All other explosives where a cap or detonator is used for the purpose of exploding the blast, shall be tamped with a wooden tamping bar. In no case shall iron or steel or other metal that is liable to cause a spark while tamping, be used for the purpose of tamping any explosive. Neither shall a scraper be used for tamping. It shall be unlawful for any person to have in his possession in the mine underground, any iron or steel needle or tamping bar not tipped as above required.

No hole shall be drilled more than six feet in depth for the purpose of blasting: PROVIDED, HOWEVER, That where mining machines are used holes may be drilled to the depth of the cut.

Bulldozing, mudcapping, or other unconfined shots shall not be fired in any coal mine, excepting and provided the confronting situation is such that it cannot safely be overcome by any other method. In such case, and then only in the interests of safe practice may such a shot or shots be placed, and the area within fifty feet thereof shall be thoroughly wetted down or rock dusted before firing, and the shot or shots be packed or heavily capped with rock dust.

There shall be posted upon such magazine a notice printed in letters not less than three inches in height, that such magazine contains explosives. No person shall store or keep in any magazine mentioned in this section, any powder or other explosive in excess of one ton. Such powder or other explosives shall be issued daily in quantities not to exceed the amount used by each workman in one shift, in proper receptacles. Any miner taking powder into the mine and having to return the same on account of not being able to work, may return the same to the operator and the operator shall receive it. Any person or corporation violating or failing to comply with the provisions of this section shall be guilty of a misdemeanor. [1917 c 36 § 129; RRS § 8764. Prior: 1911 c 65 § 1. ARTICLE XIV RULES FOR THE INSTALLATION OF ELECTRICITY

78.40.540 Compliance with rules—Definitions. The operator, superintendent, or mine foreman in charge of any coal mine in which electricity is used as a means of power, shall, within six months after the passage of this chapter, comply with the following rules:

**DEFINITIONS**

Potential: The terms "potential" and "volts" are synonymous and mean electrical pressure.

Difference of potential: The expression "difference of potential" means the difference of electrical pressure existing between any two points of an electrical system, or between any point of such system and the earth, as determined by a voltmeter.

Potential of a circuit: The potential or voltage of a circuit, machine, or any piece of electrical apparatus, is the potential normally existing between the conductors of such circuit or the terminals of such machine or apparatus.

(1) Where the conditions of the supply of electricity are such that the difference in potential between any points of the circuit does not exceed three hundred volts, the supply shall be deemed a low voltage supply.

(2) Where the conditions of the supply of electricity are such that the difference in the potential between any two points in the circuit may at any time exceed three hundred volts, but does not exceed six hundred volts, the supply shall be deemed a medium voltage supply.

(3) Where the conditions of the supply of electricity are such that the difference of potential between any two points
in the circuit exceeds six hundred volts, the supply shall be deemed a high voltage supply.

Grounding: Grounding any part of an electric system shall consist in so connecting such part to the earth that there shall be no difference of potential between them.

Underground station: An underground station is herein considered as any place where electrical machinery is permanently installed. [1917 c 36 § 144; RRS § 8779. Formerly RCW 78.36.600.]

78.40.543 Grounding. All metallic coverings, armor of cables other than trailing cables, and, where installed underground, the frames and bed-plates of generators, transformers and motors, other than low voltage portable motors, shall be efficiently grounded, as shall also the neutral wire of three wire continuous current systems. [1917 c 36 § 145; RRS § 8780. Formerly RCW 78.36.610.]

78.40.546 Voltage underground—Installations—Danger signs. No higher voltage than medium voltage shall be used underground, except for transmission or for application to transformers, or other apparatus, in which the whole of the high voltage circuit is stationary.

In gaseous mines, high voltage transmission cables shall be installed in the intake airways only, and high voltage transformers shall be installed only in suitable chambers ventilated by the intake air which has not passed through or by a gaseous district.

All high voltage machines, apparatus, and lines shall be so marked as to clearly indicate that they are dangerous by the use of the word "danger" placed at frequent intervals. [1917 c 36 § 146; RRS § 8781. Formerly RCW 78.36.620.]

78.40.549 Switchboards. Switchboards: Main and distribution switch and fuse boards, underground, shall be made of incombustible insulating material, such as marble or slate, free from metallic veins, and be fixed in as dry a situation as practicable. [1917 c 36 § 147; RRS § 8782. Formerly RCW 78.36.630.]

78.40.552 Gloves and mats for repairmen. Precaution against shock: Gloves or mats of rubber or other suitable insulating material shall be provided and used by persons so engaged when repairs are made to the live parts of any electrical apparatus, or when the live parts of electrical apparatus have to be handled for the purpose of adjustment. [1917 c 36 § 148; RRS § 8783. Formerly RCW 78.36.640.]

78.40.555 Meddling with electrical system—Penalty. Any person who shall willfully damage, or, without authority, alter or make connection to any portion of a mine electrical system, shall be guilty of a misdemeanor. [1917 c 36 § 149; RRS § 8784. Formerly RCW 78.36.650.]

78.40.558 Defects to be reported. Report of defective equipment: In the event of a breakdown, or of damage or injury to any portion of the electrical equipment of a mine, or of overheating, or of the appearance of sparks or arcs outside of enclosing casings, or in the event of any portion of the equipment, not a part of the electrical circuit, becoming alive, every such occurrence shall be promptly reported to the person in charge of the electrical equipment. [1917 c 36 § 150; RRS § 8785. Formerly RCW 78.36.660.]

78.40.561 Underground installations—Authorized personnel only—Fire protection. Underground stations and transformer rooms: Switchboards: All switches, circuit breakers, rheostats, fuses and instruments used in connection with underground motor-generators, rotary converters, high voltage motors, transformers, and low and medium voltage motors of more than fifty horsepower capacity, shall be installed upon a suitable switchboard, or its equivalent. Similar equipment, for low and medium voltage motors of fifty horsepower and less, may be separately installed if mounted upon installing bases of slate or equivalent insulating material.

In underground stations where switchboards are installed, there shall be a passageway in front of the switchboard not less than five feet in width, and if there are any high voltage connections at the back of the switchboard, any passageway behind the switchboard shall not be less than three feet clear.

Unauthorized persons: No person other than one authorized by the mine foreman shall enter a station or transformer room, or interfere with the workings of any apparatus connected therewith.

Fire equipment: Fire equipment of an approved type shall be kept in electrical stations and transformer rooms, ready for immediate use in extinguishing fires. [1917 c 36 § 151; RRS § 8786. Formerly RCW 78.36.670.]

78.40.564 Insulation. Transmission circuits and conductors: Power and light circuits: All high pressure wires used inside of the mines shall be in the form of insulated, lead covered or armored conductors, subject to insulation tests, and with carrying capacity according to the rules of the National Board of Fire Underwriters.

Medium or low pressure conductors may be bare, except in gaseous portions of the mines, where they may be used only on intake air. No bare conductors shall be used in rooms, or beyond the last cut-through in intake entries.

All underground cables and wires, other than trailing cables, unless provided with grounded or metallic covering, shall be supported by means of efficient insulators. Conductors connecting lamps to the power supply shall in all cases be insulated.

Main circuits: Every main circuit coming from generating or transformer stations shall there be provided with switches, fuses or circuit breakers.

In any gaseous mine, or gaseous portion of a mine, the electrical supply shall be brought underground only through such portions of the mine as are ventilated by the intake air, unless in lead incased cables.

Grounded circuits: One side of the grounded circuits shall be very effectively insulated from earth.

Underground trolley: In underground roads the trolley wires shall be securely supported on hangers placed at such intervals that the sag between points of support shall not exceed three inches. The sag between points of support can exceed three inches if the height of the trolley wires above
the rail is five feet or more and does not touch the roof when the trolley passes under.

In underground haulage roads where the potential is higher than low voltage, all trolley or other bare power wires which are placed less than six and one-half feet above the top rail, shall be efficiently protected. This protection shall consist in placing boards along the wire, which shall extend below it, or the use of other approved devices that will afford the same protection: PROVIDED, That this rule shall not apply to entries or gangways already driven where the height is less than five feet above the lower rail.

All low pressure trolley wires must be guarded in front of loading chutes, slants, landings and partings where men are required to regularly work or pass under same.

All branch trolley lines shall be fitted with an automatic trolley switch or section insulator and line switch, or some other device that will allow the current to be shut off from such branch headings.

Joints in conductors: All joints in conductors shall be mechanically and electrically efficient, and wherever it is possible to do so, they shall be soldered. Wherever the conductors cannot be soldered together, suitable screw clamps or connectors shall be used. All joints in insulated wire shall, after the joint is complete, be reinsulated to at least the same extent as the remainder of the wire.

Where lead covered or armored cable is used, the lead or armor shall be electrically continuous throughout and shall be efficiently grounded.

Cables entering fittings: The exposed end of cables where they enter fittings of any description, shall be so protected and finished off that moisture cannot enter the cable, or the insulating material, if of an oily or viscous nature, leak.

Where unarmored cables or wires pass through metal frames, or into boxes or motor casings, the holes shall be substantially bushed with insulating bushings, and, where necessary, with gas tight bushings which cannot readily become displaced.

Joints in cables: Where cables other than signal cables are joined, suitable junction boxes shall be used, or the joints shall be soldered and the insulation, arming, or lead covering replaced in at least as safe a condition as it was originally.

Power wires and cables in shafts: All power wires and cables in hoisting shafts or manway compartments shall be highly insulated and substantially fixed in position.

Cables and wires, unless provided with metallic coverings shall not be fixed to walls or timbers by means of insulated fastenings.

Trailing cables: Trailing cables for portable machines shall be especially flexible, heavily insulated and protected with extra stout braiding, hose pipes or other equally effective covering.

Each trailing cable in use shall be daily examined by the machine operator, for abrasions and other defects, and he shall also be required to carefully observe the trailing cable while in use, and shall at once report any defect to the person in charge of electrical equipment.

In gaseous portions of a mine a fixed terminal box shall be provided at the points where trailing cables are attached to the power supply. This terminal box shall be flameproof and shall contain a switch and fuse on each pole of the circuit. The switch shall be so arranged that it can be operated only from without the box, when the latter is completely closed, and the switch shall also be so constructed that the trailing cables cannot be attached or removed when the switch is closed. [1917 c 36 § 152; RRS § 8787. Formerly RCW 78.36.680.]

78.40.567 Switches, fuses and circuit breakers—Operation and capacity. Switches, fuses and circuit breakers: Operation and capacity: Fuses and automatic circuit breakers shall be so constructed as effectually to interrupt the current on short circuit, or when the current through them exceeds a predetermined value.

Circuit breakers shall be adjusted to trip at from fifty percent to one hundred and fifty percent of their normal rated capacity, and provided with an indicator which shall show at what current the circuit breaker is set to trip.

Fuses shall be stamped or marked, or shall have a label attached indicating the maximum current which they are intended to carry. Fuses shall only be adjusted or replaced by a competent person authorized by the mine foreman.

Feeder circuit breakers: Circuit breakers used to protect feeder circuits shall be set to trip when the current exceeds by more than fifty percent the current carrying capacity of the feeder. In case the feeder is subjected to overloads sufficient to trip the circuit breaker, but of short duration, the circuit breaker may be equipped with a device which shall prevent its acting unless the overload persists for a longer period than ten seconds.

Bases: All switches, circuit breakers and fuses shall have incombustible bases.

Switches: All points at which a circuit, other than a signal circuit, has to be made or broken, shall be provided with proper switches. The use of hooks or other makeshifts is prohibited, except that connection for gathering locomotives, or locomotives and machines used in driving headings or rooms, may be made to the trolley by means of suitable hooks; switches shall be so installed that they cannot be closed by gravity. In any gaseous portions of a mine switch, circuit breakers or fuses shall not be of the open type, but must be enclosed in explosion proof castings, or break under oil. [1917 c 36 § 153; RRS § 8788. Formerly RCW 78.36.690.]

78.40.570 Motors. Every stationary motor underground, together with its starting resistance, shall be protected by a fuse or circuit breaking device on at least one pole for direct current; and all poles for alternating current motors, and by switches arranged to entirely cut off the power from the motor. The above devices shall be installed in a convenient position near the motor.

Motors in coal mines: In any coal mine all motors, unless placed in such rooms as are separately ventilated with intake air, shall have all their current carrying parts, also their starters, terminals and connections, completely closed in explosion proof inclosures made of noninflammable materials. These inclosures shall not be opened except by an authorized person, and then only when the motor is switched off. The power shall not be switched on while the inclosures are open.

(1992 Ed.)
Mechanization: In any coal mine, all electrical equipment shall be of permissible type approved by the U.S. bureau of mines, unless used strictly in pure intake air. Inby last open cross cut is not to be considered as pure intake air.

(1) Frequent inspections must be made. All electrical parts including trailing cables and wiring must be kept in a safe condition. A permissible junction box must be used in connecting the power circuit, unless the connections are made in pure intake air. (2) All bolts, nuts, screws, and other means of fastenings must be in place, properly tightened and secured. The maximum clearance shall not exceed .004 of an inch on all flange fits. (3) Inspections, repairs, or renewals of electrical parts must not be made unless the current is disconnected from the power circuit. The power must not be turned on until all parts are properly assembled. (4) Spliced cables must not be used unless the splices are properly made and vulcanized. (5) The frame of all electrical equipment must be connected to an adequate ground. The power wires must not be used for grounding. (6) The power shall not be turned on any piece of electrical equipment until a test for explosive gas has been made, unless said equipment is operated in intake air. (7) A test for gas must be made before starting the mining machine or electric drill and also a test for gas must be made at least every ten minutes while the machine or drill is in operation. (8) Water must be used on the cutter bar of mining machines while in operation in dusty conditions. (9) It is positively forbidden to use mining machines or electrical drills unless they are in good condition. (10) Hand drills shall not be operated on a higher potential than low voltage.

The person in charge of a coal cutter or drilling machine shall not leave the machine while it is working, and shall, before leaving the working place, see that the current is cut off from the trailing cables.

In any portion of a mine if any electric sparking or arc be produced outside of a coal cutting or other portable motor, or by the cable or rails, the machine shall be stopped and not worked again until the defect is repaired, and the occurrence shall be reported to an official of the mine. [1947 c 166 § 5; 1943 c 211 § 10; 1933 c 137 § 1; 1917 c 36 § 154; Rem. Supp. 1947 § 8789. Formerly RCW 78.36.700 and 78.36.710.]

He shall maintain a proper height of water in each boiler, and if anything should happen to prevent this he shall report it without delay to the superintendent or master mechanic, or other person designated by the superintendent, and take such other action as may under the circumstances be best for the protection of life and preservation of property. [1917 c 36 § 212; RRS § 8847. Formerly RCW 78.32.840.]

78.40.750 Duties of fan operator. The person in charge of the ventilating fan at a mine shall keep it running at such speed as the mine foreman shall direct in writing. He shall report promptly to the mine foreman, or assistant mine foreman, in case of accident to boiler or fan machinery. If only ordinary repairs to the fan or machinery become necessary, he shall await the instructions of the mine foreman or assistant mine foreman before stopping the fan. Should it become impossible to run the fan, or become necessary to stop it to prevent its destruction, he shall at once notify the superintendent or mine foreman, who shall give immediate warning to the persons in the mine. [1917 c 36 § 213; RRS § 8848. Prior: 1897 c 45 § 9. Formerly RCW 78.32.850.]

78.40.753 Duties of hooker-on. The hooker-on at the bottom of any slope shall be over eighteen years of age, and he shall be careful to see that the cars are properly coupled to a rope or chain, and to each other, and the safety device is properly attached to man trips, before signaling the engineer. He shall personally attend to the signals, and see that the provisions of this chapter in respect to hoisting and lowering persons in shafts or slopes are complied with. [1917 c 36 § 214; RRS § 8849. Formerly RCW 78.32.860.]

78.40.756 Duties of cager. Duties of cager: The cager at the bottom of any shaft shall be over eighteen years of age. He shall not attempt to withdraw the car until the cage comes to a rest, and when putting the full car on the cage, he must be careful to see that the springs or catches are properly adjusted to keep the car in place before signaling the engineer. He shall personally attend the signals and see that the provisions of this chapter in respect to hoisting and lowering persons in shafts or slopes are complied with. [1917 c 36 § 215; RRS § 8850. Formerly RCW 78.32.870.]

Hoists and hoisting: RCW 78.40.270 through 78.40.296.

78.40.759 Duties of topmen—Enforcement of nonconflicting rules and regulations. (1) The topman of a shaft shall not allow any tools to be placed on the same cage with persons, or on either cage when persons are being lowered into the mine, except for the purpose of repairing the shaft or the machinery therein. The men shall place their tools in cars provided for that purpose, which cars shall be lowered before or after the men have been lowered. He shall also see that no driver or other person descends the shaft with any horse or mule, unless the said horse or mule is secured in a suitable box or safely penned, and only the driver in charge of said horse or mule shall accompany it in any cage. The topman of a shaft shall see that the springs or keeps for the cage to rest upon are kept in good working order, and when taking the full car off he must be careful that no coal or other material is allowed to fall down the shaft.

(2) The topman of a slope or inclined plane shall see that the safety device is closed at all times, except when cars or trips are passing, and in no case shall said safety device be withdrawn until the cars are coupled to the rope or chain and the proper signal given. He shall carefully inspect each day the rope and chain used for hoisting or lowering men or coal, and shall promptly report to the superintendent any defect discovered, and shall use care in attaching securely the cars to the rope. He shall ring the alarm bell in case of accident.

(3) It shall be the duty of all topmen to report to the superintendent any violation of RCW 78.40.675.

(4) Nothing herein shall be construed to prevent the owner or operator of a coal mine from enforcing any rules or regulations now in effect, or that may be later adopted, which do not conflict with the provisions of this chapter. [1917 c 36 § 216; RRS § 8851. Formerly RCW 78.32.880 and 78.38.220, part.]

78.40.771 Severability—1917 c 36. If it shall be adjudicated that any section or part of a section of this chapter shall be unconstitutional and invalid for any reason, an adjudication of invalidity of said section or part of a section shall not affect the validity of the chapter as a whole, or any part thereof. [1917 c 36 § 219; RRS § 8854.]

78.40.772 Effective date for certain compliance. Every operator of a mine affected by this chapter shall be given six months after this chapter takes effect to make any necessary changes or secure any materials or supplies to comply with the provisions of this chapter. [1917 c 36 § 220; RRS § 8855.]

78.40.773 What constitutes a coal mine—Inspection. No coal mine shall be considered a mine for the purpose of this chapter unless five men or more are employed underground on one shift, nor shall mines employing less than ten men be subject to the provisions of this chapter, except that the inspector of mines shall have the right to enter any of the places where men are at work within such prospect, and if the conditions therein are dangerous to life, the inspector may, and it shall be his duty to stop work on such prospect until such dangerous place is rendered safe, or the same be placed in control of a certified mine foreman: PROVIDED, That all such operators of prospects and places herein in this section referred to shall make reports to the state mine inspector as are required to be made by other mines and mine operators under the provisions of this chapter. ARTICLE XIX SAFETY COMMITTEE

78.40.780 Safety committee—Members, officers, records, duties—Appeals to inspector. In every mine a general safety committee shall be selected, composed of the mine superintendent or manager of mines, one man selected by the employees or any association of employees in or around said mine, and a third member selected by these two.

The general safety committee shall elect one of the members to act as chairman and one to act as secretary. The duties of the chairman shall be to preside at all meetings of the general safety committee, enforce its rules and regulations and see that its business is conducted in a prompt and businesslike manner. The secretary shall keep an accurate written record of the proceedings of all meetings, conduct its correspondence and post notices of regular and special meetings and other matters pertaining to safety.

The duties of the general safety committee shall be to investigate all serious and fatal accidents; make bimonthly examination of the mine, their findings and recommendations to be made in writing, one copy to be sent to the chief state mine inspector. They shall coordinate with the management in the work of supervision of bulletin board service, and the outline and conduct of safety educational activities, arrange the programs for all safety meetings, pass on all safety controversial matters referred to them by subsafety committees. They shall meet with all other safety committees as often as possible, but not less often than once each month, and discuss safety measures, violations of safety rules and practices, and take up any other safety subject that will tend to eliminate accidents and pass on all safety suggestions referred to them by any employer or employee.

Should there be any disagreement among the members of the general safety committee relating to any safety matter brought or referred to them for disposition, either side may appeal to the chief state mine inspector, who shall in this case pass on controversial safety matters. His decision will be final and binding on both parties.

The written records of the general safety committee shall be open for inspection at all times by the chief state mine inspector, or his deputies or any state official connected with accident or safety work. [1927 c 306 § 12; RRS § 8856-1. Formerly RCW 78.34.400 and 78.34.410.]
78.40.783 Subsafety committee—Members, qualifications, duties. At mines employing more than twenty-five persons there shall be a subsafety committee at each level or entry, consisting of a mine foreman, assistant mine foreman, or fire boss, and one employee selected by the persons working on such level or entry.

The members of this committee shall have had six months' experience in this mine or at mines where similar conditions exist. Workers serving on safety committee may be changed every two months.

Where a worker finds dangerous conditions that he or she cannot correct himself or herself, he or she shall report it to the official in charge of that section of the mine. If the condition is not corrected in a reasonable time he or she shall then call the other member of the safety committee to make an investigation. If the subsafety committee shall fail to agree they shall report to the general safety committee.

All level or entry safety committees shall attend and report at all meetings of the general safety committee.

The workers' representative on the subsafety committee shall not visit or inspect any part of the mine except when accompanied by the other member of the subsafety committee. If for any reason either member of the committee fails to act on any complaint it shall be referred to the general safety committee. At all mines employing less than twenty-five persons the general safety committee shall have general supervision over all safety matters. [1989 c 12 § 27; 1927 c 306 § 13; RRS § 8856-2. Formerly RCW 78.34.420.]

78.40.786 Outside committee—Members, duties. At each mine employing more than twenty-five persons there shall be an outside committee consisting of the outside foreman, master mechanic and two employees selected by the persons working on the outside. Workers serving on outside safety committee may be changed every two months.

Where a worker finds dangerous or unsafe conditions that he or she cannot correct himself or herself, he or she shall report it to the outside foreman. If the condition is not corrected in a reasonable time, he or she shall report it to one of the workers' representatives on the safety committee, who shall then call the other members of the safety committee to make an investigation. If the outside safety committee shall fail to agree they shall report it to the general safety committee.

The workers' representatives shall not visit or inspect any part of the outside workings except when accompanied by the outside foreman or master mechanic. If for any reason any member of the committee fails to act upon any complaint called to his or her attention, it shall be referred to the general safety committee. It shall be understood that all safety committees shall confine themselves to safety measures and accident prevention alone, the sole purpose of their organization being to preserve the life and limb of workers in and around the mines. [1989 c 12 § 28; 1927 c 306 § 14; RRS § 8856-3. Formerly RCW 78.40.810.]

78.40.789 Safety bulletin boards. It shall be the duty of the mine operators of each mine to establish and maintain a safety bulletin board service, to provide at least one standard bulletin board located in such place as to attract the attention of the greatest number of mine employees, and to post upon such board, all bulletins and such other matters as will be valuable in the educational development of the prevention of accidents.

The number of bulletin boards required and the frequency of displaying new bulletins, or shifting bulletins from board to board, shall be determined by the operator or by the operator and the chief state mine inspector, or by the chief state mine inspector.

Whenever a lesson of value to the mine is determined as the result of an investigation of an accident occurring within such mine, which will be of value in preventing the recurrence of future accidents of similar nature, the same can be given the greatest accident prevention value by being made the subject of a typewritten or other form of bulletin descriptive of the accident, giving the cause of, and recommendations covering measures adopted to prevent accidents of like or similar nature or cause.

The safety bulletin board shall be open to the services of bulletins on mine safety measures only; to the mine safety committee, the state mining board, chief state mine inspector and the employer's report of accidents occurring at the mine during the previous calendar month. [1927 c 306 § 15; RRS § 8856-4. Formerly RCW 78.34.600.]

78.40.791 Rule for loaders in certain mines—Signs. At all mines using the gangway and counter system, a rule shall be enforced to compel the loaders to keep the coal in the chutes above the bulkhead, thereby preventing a short circuit of the air that may create a dangerous condition in some of the working places further inside.

Adequate signs approved by the chief state mine inspector shall be placed at intervals on the gangway calling attention to the foregoing danger. [1927 c 306 § 16; RRS § 8856-5. Formerly RCW 78.34.800.]

78.40.794 Workman to report violations of safety rules. Whenever any workman in or about any mine shall observe any violation of the safety rules and regulations governing the mine, or unsafe conditions or unsafe practice, it shall be his duty to report the same to a member of the safety committee. [1927 c 306 § 17; RRS § 8856-6. Formerly RCW 78.34.810.]

78.40.797 First aid—Education, treatment, records. There shall be developed at each mine a requirement of first aid education that will result in the practical and intensive education in first aid administration of a minimum of ten percent of the employment of said mine.

The operating company shall keep a record of all employees who have completed the course of required training in first aid, and a complete copy of such record shall be furnished the chief state mine inspector.

All employees shall be educated to report and receive first aid treatment of all injuries, no matter how trivial they shall be. This rule is made to obviate frequent infections that develop from wounds that are trivial in character. This first aid treatment of wounds of trivial character shall be in the hands of a trained first aid man, if more convenient than the mine surgeon, but the first aid attendant shall promptly refer any accident to the mine surgeon when he deems it of...

78.44.010 Legislative finding. The legislature recognizes that the extraction of minerals by surface mining is a basic and essential activity making an important contribution to the economic well-being of the state and nation. At the same time, proper reclamation of surface mined land is necessary to prevent undesirable land and water conditions that would be detrimental to the general welfare, health, safety, and property rights of the citizens of the state. Surface mining takes place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. It is not practical to extract minerals required by our society without disturbing the surface of the earth and producing waste materials, and the very character of many types of surface mining operations precludes complete restoration of the land to its original condition. However, the legislature finds that reclamation of surface mined lands as provided in this chapter will allow the mining of valuable minerals and will provide for the protection and subsequent beneficial use of the mined and reclaimed land. [1970 ex.s. c 64 § 2.]

78.44.020 Purpose. The purpose of this chapter is to provide that the usefulness, productivity, and scenic values of all lands and waters involved in surface mining within the state will receive the greatest practical degree of protection and restoration. It is a further purpose of this chapter to provide a means of cooperation between private and govern-
stance to be excavated from natural deposits on or in the earth for commercial, industrial, or construction uses.

(5) "Overburden" shall mean the earth, rock, and other materials that lie above a natural deposit of mineral.

(6) "Surface mining refuse" shall mean all waste soil, rock, mineral, liquid, vegetation, and other material directly resulting from or displaced by the mining, cleaning, or preparation of minerals during the surface mining operations on the operating permit area, and shall include all waste materials deposited on or in the permit area from other sources.

(7) "Spoil bank" shall mean a deposit of excavated overburden or mining refuse.

(8) "Operator" shall mean any person or persons, any partnership, limited partnership, or corporation, or any association of persons, either natural or artificial, including every public or governmental agency engaged in surface mining operations, whether individually, jointly, or through subsidiaries, agents, employees, or contractors.

(9) "Department" means the department of natural resources.

(10) "Reclamation" shall mean the reasonable protection of all surface resources subject to disruption from surface mining and rehabilitation of the surface resources affected by surface mining including the area under stockpiled materials. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific instance, the basic objective will be to reestablish on a continuing basis the vegetative cover, soil stability, water conditions, and safety conditions appropriate to the intended subsequent use of the area.

(11) "Reclamation plan" shall mean the operator's written proposal, as required and approved by the department, for reclamation of the affected resources which shall include, but not be limited to:

(a) A statement of the proposed subsequent use of the land after reclamation which is signed by all individuals with a possessor interest in the land, or a copy of the conveyance that expressly grants or reserves the right to extract the mineral by surface mining methods, or if the conveyance does not expressly grant the right to extract the mineral by surface mining methods, then documentation that under applicable state law, the operator has the legal authority to extract the mineral by those methods: PROVIDED, That the applicant must provide notice reasonably calculated to advise all individuals with a possessory interest of the intent to remove minerals and the proposed subsequent use. If any individual with a possessory interest does not respond to the notice within sixty days, that person's signature shall not be required;

(b) Evidence that this subsequent use would not be illegal under local zoning regulations;

(c) Proposed practices to protect adjacent surface resources;

(d) Specifications for surface gradient restoration to a surface suitable for the proposed subsequent use of the land after reclamation is completed, and proposed method of accomplishment;

(e) Manner and type of revegetation or other surface treatment of disturbed areas;

(f) Method of prevention or elimination of conditions that will create a public nuisance, endanger public safety, damage property, or be hazardous to vegetative, animal, fish, or human life in or adjacent to the area;

(g) Method of control of contaminants and disposal of surface mining refuse;

(h) Method of diverting surface waters around the disturbed areas;

(i) Method of restoration of stream channels and stream banks to a condition minimizing erosion and siltation and other pollution;

(j) Such maps and other supporting documents as reasonably required by the department; and

(k) A time schedule for reclamation that meets the requirements of RCW 78.44.090. [1987 c 258 § 1; 1984 c 215 § 1; 1970 ex.s. c 64 § 4.]

78.44.035 "Segment" to be defined by rule. The department shall by rule define the term "segment" as used in RCW 78.44.090 and 78.44.140 to establish the depth or extent of the operation covered. [1987 c 258 § 3.]

78.44.040 Administration of chapter—Rule-making authority. The department of natural resources is charged with the administration of this chapter. In order to implement the chapter's terms and provisions, the department, under the provisions of the administrative procedure act (chapter 34.05 RCW), as now or hereafter amended, may from time to time promulgate those rules and regulations necessary to carry out the purposes of this chapter. [1984 c 215 § 2; 1970 ex.s. c 64 § 5.]

78.44.050 Chapter cumulative and nonexclusive—Other laws not affected. This chapter shall not affect any of the provisions of the state fisheries laws (Title 75 RCW), the state water pollution control laws (Title 90 RCW), the state game laws (Title 77 RCW), or any other state laws, and shall be cumulative and nonexclusive. [1970 ex.s. c 64 § 6.]

78.44.060 Investigations, research, etc.—Dissemination of information. The department shall have the authority to conduct or authorize investigations, research, experiments and demonstrations, and to collect and disseminate information relating to surface mining and reclamation of surface mined lands. [1970 ex.s. c 64 § 7.]

78.44.070 Cooperation with other agencies—Receipt and expenditure of funds. The department may cooperate with other governmental and private agencies in this state and other states and agencies of the federal government, and may reasonably reimburse them for any services the department requests that they provide. The department may also receive any federal funds, state funds and any other funds and expend them for reclamation of land affected by surface mining and for purposes enumerated in RCW 78.44.060. [1970 ex.s. c 64 § 8.]

78.44.080 Operating permits—Required—Applications. After January 1, 1971, no operator shall engage in surface mining without having first obtained an operating permit from the department. Except as otherwise permitted in this section a separate permit shall be required
for each separate surface mining operation. Prior to receiving an operating permit from the department an operator must submit an application on a form provided by the department, which shall contain the following information and any other pertinent data required by the department:

(1) Name and address of the legal landowner, any purchaser of the land under a real estate contract, and the operator and, if any of these are corporations or other business entities, the names and addresses of their principal officers and resident agent for service of process;

(2) Materials to be surface mined;

(3) Type of surface mining to be performed;

(4) Expected starting date of surface mining;

(5) Anticipated termination date of the surface mining project;

(6) Expected amount of mineral to be surface mined;

(7) Maximum depth of surface mining;

(8) Size and legal description of the area that will be disturbed by surface mining. If more than ten acres will be disturbed by surface mining or, regardless of the amount of land to be disturbed, if the department finds that conditions warrant it and so requests, a map of the area to be surface mined shall be submitted. The map shall show the boundaries of the area of land which will be affected; topographic detail; the location and names of all streams, roads, railroads, and utility lines on or immediately adjacent to the area; location of proposed access roads to be built in conjunction with the surface mining operation; and the names of the surface and mineral owners of all lands within the surface mining area;

(9) A plan of surface mining that will provide, within limits of normal operational procedure of the industry, for completion of surface mining and associated disturbances on each segment of the area for which a permit is requested so that reclamation can be initiated at the earliest possible time on those portions of the surface mined area that will not be subject to further disturbance by the mining operation. Whenever feasible, visual screening, vegetative or otherwise, will be maintained or established on the property containing the surface mining to screen the view of the operation from public highways, public parks, and residential areas.

(10) A reclamation plan that must be acceptable to and approved by the department, except as provided in RCW 78.44.100. An operator may not depart from an approved plan without having previously obtained from the department written approval of his proposed change.

The department may adopt rules and regulations permitting an operator of more than one surface mining operation to submit a single application for a combined operating permit covering all of his surface mining operations. Such application may require detailing of information required by this section for each separate location. An operator operating under such a combined permit may submit a consolidated reclamation program covering all his operations under rules and regulations prescribed by the department, but may be required to furnish specific information relative to reclamation of any single operating area if the department determines that such is necessary to carry out the purposes of this chapter. [1970 ex.s. c 64 § 9.]

### 78.44.090 Reclamation plans

The reclamation plan shall provide that reclamation activities, particularly those relating to control of erosion, shall, to the extent feasible, be conducted simultaneously with surface mining and in any case shall be initiated at the earliest possible time after completion or abandonment of mining on any segment of the permit area. The plan shall provide that reclamation activities shall be completed not more than two years after completion or abandonment of surface mining on each segment of the area for which a permit is requested.

A reclamation plan will be approved by the department if it adequately provides for the accomplishment of the activities specified in the definition of "reclamation plan", RCW 78.44.030(11), and meets those of the following minimum standards that are applicable:

(1) Excavations made to a depth not less than two feet below the low groundwater mark, which will result in the establishment of a lake of sufficient area and depth of water to be useful for residential, recreational, game, or wildlife purposes, shall be reclaimed in the following manner:

(a) All banks in soil, sand, gravel, and other unconsolidated materials shall be sloped to two feet below the low groundwater line at a slope no steeper than one and one-half feet horizontal to one foot vertical;

(b) Portions of solid rock banks shall be stepped or other measures be taken to permit a person to escape from the water.

(2) In all other excavations in soil, sand, gravel, and other unconsolidated materials, the side slopes and the slopes between successive benches shall be no steeper than one and one-half feet horizontal to one foot vertical for their entire length.

(3) The sides of all strip pits and open pits in rock and other consolidated materials shall be no steeper than one foot horizontal to one foot vertical, or other precautions must be taken to provide adequate safety.

(4) The slopes of quarry walls in rock or other consolidated materials shall have no prescribed angle of slope, but where a hazardous condition is created that is not indigenous to the immediate area, the quarry shall be either graded or backfilled to a slope of one foot horizontal to one foot vertical or other precautions must be taken to provide adequate safety.

(5) In strip mining operations the peaks and depressions of the spoil banks shall be reduced to a gently rolling topography which will minimize erosion and which will be in substantial conformity with the immediately surrounding land area.

(6) In no event shall any provision of this section be construed to allow stagnant water to collect or remain on the surface mined area. Suitable drainage systems shall be constructed or installed to avoid such conditions if natural drainage is not possible.

(7) All grading and backfilling shall be made with nonnoxious, nonflammable, noncombustible solids unless approval has been granted by the director for a supervised sanitary fill.

(8) In all types of surface mining, in order to prevent water pollution, all acid-forming surface mining refuse shall be disposed of by covering all acid-forming materials with at least two feet of clean fill. The final surface covering...
shall be graded so that surface water will drain away from the disposal area.

(9) Vegetative cover will be required in the reclamation plan as appropriate to the future use of the land.

(10) All surface mining that will disturb streams must comply with the requirements of the state fisheries laws (Title 75 RCW), and every application for an operating permit for such operations must have a reclamation plan that shall have been approved by the department of fisheries with regard to operations in streams as required by Title 75 RCW. [1970 ex.s. c 64 § 10.]

78.44.100 Inspections—Permits—Duration of operating permits—Modification of reclamation plan—Successor operators. Upon receipt of an application for a permit, the surface mining site must be inspected by a representative of the department. Within twenty-five days of receipt of the application and reclamation plan by the department and receipt of the permit fee, the department shall either issue an operating permit to the applicant or return any incomplete or inadequate application to the applicant along with a description of the deficiencies.

Failure to act within the twenty-five day period on the reclamation plan shall not be cause for a denial of a permit. The department shall set the amount of the bond or other security required for a permit governing the surface mining operation set forth in the application.

If the department refuses to approve a reclamation plan in the form submitted by the operator, it shall notify the operator, in writing, stating the reasons for its refusal and listing such additional requirements to the operator’s reclamation plan as are necessary for the approval of the plan by the department. Within thirty days, the operator shall either accept such additional requirements as part of the reclamation plan or file notice of appeal.

The operating permit shall be granted for the period required to mine the land covered by the plan and shall be valid until the surface mining authorized by the permit is completed or abandoned, unless the permit is suspended by the department as provided in this chapter. The operating permit shall provide that the reclamation plan may be modified, after timely notice and opportunity for hearing, at any time during the term of the permit for any of the following reasons:

(1) To modify the requirements so that they will not conflict with existing laws;

(2) The department determines that the previously adopted reclamation plan is clearly impossible or impracticable to implement and maintain;

(3) The department determines that the previously adopted reclamation plan is obviously not accomplishing the intent of this chapter; or

(4) The operator and the department mutually agree to change the reclamation plan.

When one operator succeeds to the interest of another in any uncompleted surface mining operation by sale, assignment, lease, or otherwise, the department may release the first operator from the duties imposed upon him by this chapter as to such operation: PROVIDED, That both operators have complied with the requirements of this chapter and the successor operator assumes the duty of the former operator to complete the reclamation of the land, in which case the department shall transfer the permit to the successor operator upon approval of the successor operator’s bond as required under this chapter. [1984 c 215 § 3; 1970 ex.s. c 64 § 11.]

78.44.110 Fees. The permit fees required under this chapter shall be as follows:

(1) The basic fee for the permit shall be two hundred fifty dollars per permit year for each separate location, payable with submission of the application and annually thereafter with submission of the report required in RCW 78.44.130: PROVIDED, That a person who has held a valid surface mining permit and whose property has never been disturbed for surface mining may keep such permit in effect by paying an annual fee of fifty dollars. Before a person holding a fifty dollar permit begins surface mining during any permit year, that person shall pay the remainder of the two hundred fifty dollar fee.

(2) In addition, there shall be a five dollar per acre fee for all acreage exceeding ten acres which was newly disturbed by surface mining during the previous permit year, which acreage fee shall be paid at the time of submission of the report required in RCW 78.44.130.

(3) All fees collected shall be deposited in the general fund. [1987 c 258 § 2; 1984 c 215 § 4; 1970 ex.s. c 64 § 12.]

78.44.120 Performance bonds and other security. Upon receipt of an operating permit an operator other than a public or governmental agency shall not commence surface mining until the operator has deposited with the department an acceptable performance bond on forms prescribed and furnished by the department. This performance bond shall be a corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under the provisions of chapter 48.28 RCW and approved by the department. The bond shall be filed and maintained in an amount equal to the estimated cost of completing the reclamation plan for the area to be surface mined during the next twelve-month period and any previously surface mined area for which a permit has been issued and on which the reclamation has not been satisfactorily completed and approved. If an operator increases the area to be surface mined during the twelve month period, the department may increase the amount of the bond to compensate for the increase. The department shall have the authority to determine the amount of the bond that shall be required, and for any reason may refuse any bond not deemed adequate.

The bond shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations adopted under it.

In lieu of the surety bond required by this section the operator may file with the department a cash deposit, negotiable securities acceptable to the department, an assignment of a savings account or of a savings certificate in a Washington bank on an assignment form prescribed by the department, or bank letters of credit acceptable to the department.
Liability under the bond shall be maintained as long as reclamation is not completed in compliance with the approved reclamation plan unless released prior thereto or hereinafter provided. Liability under the bond may be released only upon written notification from the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute bond. In no event shall the liability of the surety exceed the amount of the surety bond required by this section.

A public or governmental agency shall not be required to post a bond under the terms of this chapter.

A blanket performance bond covering two or more surface mining operations may be submitted by an operator in lieu of separate bonds for each separate operation. [1984 c 215 § 5; 1977 c 66 § 1; 1970 ex.s. c 64 § 13.]

78.44.130 Reports. Within thirty days after completion of or abandonment of mining on an area under permit or within thirty days after each annual anniversary date of the operating permit, whichever is earlier, or at such later date as may be provided by department rules and regulations, and each year thereafter until reclamation is completed and approved, the operator shall file a report of activities completed during the preceding year on a form prescribed by the department, which report shall:

(1) Identify the operator and permit number;
(2) Locate the operation by subdivision, section, township, and range, and with relation to the nearest town or other well known geographic feature;
(3) Estimate acreage to be newly disturbed by surface mining in the next twelve-month period; and
(4) Update any maps previously submitted or provide such maps as may be specifically requested by the department. Such maps shall show:
   (a) The operating permit area;
   (b) The unit of surface mined area;
   (c) The area to be surface mined during the next twelve-month period;
   (d) If completed, the date of completion of surface mining;
   (e) If not completed, the area that will not be further disturbed by the mining operations; and
   (f) The date of beginning, amount, and current status of reclamation performed during the previous twelve months. An operator operating under a combined operating permit may submit a single annual report, but such report shall include the data required in this section for each separate operating area. [1970 ex.s. c 64 § 14.]

78.44.140 Inspection of permit area—Deficiencies—Extension of performance periods—Performance actions by department—Recovery of expenses—Enforcement. Upon receipt of the operator's report, and at any other reasonable time the department may elect, the department shall cause the permit area to be inspected to determine if the operator has complied with the reclamation plan and the department's rules and regulations.

The operator shall proceed with reclamation as scheduled in the reclamation plan. Following any written notice by the department noting deficiencies, the operator shall commence action within thirty days, or as directed by the department if it has determined that emergency actions are required, to rectify these deficiencies and shall diligently proceed until the deficiencies are corrected: PROVIDED, That deficiencies that also violate other laws that require earlier rectification shall be corrected in accordance with the applicable time provisions of such laws. The department may extend performance periods referred to in this section and in RCW 78.44.090, for delays clearly beyond the operator's control, but only when the operator is, in the opinion of the department, making every reasonable effort to comply.

Within thirty days after notification by the operator and when in the judgment of the department reclamation of a unit of surface mined area is properly completed, the mining operator shall be notified in writing and his bond on said area shall be released or decreased proportionately.

If reclamation of surface mined land is not proceeding in accordance with the reclamation plan and the operator has not commenced action to rectify deficiencies within thirty days after notification by the department or as directed by the department, or if reclamation is not properly completed in conformance with the reclamation plan within two years after completion or abandonment of surface mining on any segment of the permit area, the department is authorized, with the staff, equipment and material under its control, or by contract with others, to take such actions as are necessary for the reclamation of the surface mined areas. If the department intends to undertake the reclamation, the department shall ascertain the probable costs of reclamation and shall notify the operator, the surety, and the owner of the probable costs. The operator or surety, or both, shall pay that amount to the department for reclaiming the surface mined land. The department shall keep a record of all necessary expenses incurred in carrying out any project or activity authorized under this section, including a reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized.

The department shall notify the operator, the owner, and the surety by order. The order shall state the amount of necessary expenses incurred by the department in reclaiming the surface mined land and a notice that the amount is due and payable to the department by the operator and the surety to the extent that the amount has not already been paid. The department shall refund all amounts received above the amount of expenses incurred.

If the amount specified in the notice or order is not paid within thirty days after receipt of the notice, the attorney general, upon request of the department, shall bring an action on behalf of the state in the superior court for Thurston county or any county in which the persons to whom the notice or order is directed do business to recover the amount specified. The surety shall be liable to the state to the extent of the bond.

In addition to the other liabilities imposed by this chapter, failure to commence action to rectify deficiencies in reclamation within thirty days after notification by the department or failure satisfactorily to complete reclamation work on any segment of the permit area within two years after completion or abandonment of surface mining on any segment of the permit area shall constitute sufficient grounds for cancellation of a permit and refusal to issue another permit to the delinquent operator until such deficiencies are
78.44.150 Operating without permit—Penalty. Any operator conducting surface mining within the state of Washington without a valid operating permit shall be guilty of a gross misdemeanor. Each day of operation shall constitute a separate offense. [1970 ex.s. c 64 § 16.]

78.44.160 Enjoining or stopping illegal operations—Penalty—Notice—Remission or mitigation of penalty—Appeal. When the department finds that an operator is conducting surface mining on an area for which a valid operating permit is not in effect, or is conducting surface mining in any manner not authorized by his operating permit or by the rules and regulations adopted by the department, the department may forthwith order such operator to suspend all such operations until compliance is effected or assured to the satisfaction of the department. In the event the operator fails or declines to obey such order, the operator shall be subject to a civil penalty in an amount of not more than five hundred dollars for each violation. Every day on which a failure or declining to obey the order continues is a separate violation.

The penalty provided for in this section shall be imposed by notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of the penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department in its discretion considers proper, provided the department considers the remission or mitigation to be in the best interests of carrying out the purposes of this chapter.

A person incurring a penalty under this section may appeal the penalty as provided in RCW 78.44.170. The appeal shall be filed within thirty days of receipt of notice imposing the penalty unless an application for remission or mitigation is made to the department. When an application for remission or mitigation is made, the appeal shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application.

A penalty imposed under this section becomes due and payable thirty days after receipt of a notice imposing the penalty unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, the penalty becomes due and payable thirty days after receipt of notice setting forth the disposition of the application unless an appeal is filed from the disposition. If an appeal of the penalty is filed, the penalty becomes due and payable only upon completion of all review proceedings provided for in RCW 78.44.170 and the issuance of a final decision by the department confirming the penalty in whole or in part.

If the penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in the superior court of Thurston county or any county in which the person incurring the penalty does business, to recover the penalty. In all such actions the procedures and rules of evidence shall be the same as in an ordinary civil action except as otherwise provided in this chapter. The attorney general shall forthwith take the necessary legal action to enjoin, or otherwise cause to be stopped, such conduct of surface mining. [1984 c 215 § 7; 1970 ex.s. c 64 § 17.]

78.44.170 Appeals. Appeals from determinations made under this chapter shall be made under the provisions of the Administrative Procedure Act (chapter 34.05 RCW), and shall be considered an adjudicative proceeding within the meaning of the Administrative Procedure Act, chapter 34.05 RCW. [1989 c 175 § 166; 1970 ex.s. c 64 § 18.]

Effective date—1989 c 175: See note following RCW 34.05.010.

78.44.175 Surface mining of coal—Preemption of chapter by federal laws, programs. In the event state law is preempted under federal surface mining laws relating to surface mining of coal or the department of natural resources determines that a federal program and its rules and regulations relating to the surface mining of coal are as stringent and effective as the provisions of this chapter, the provisions of this chapter shall not apply to such surface mining for which federal permits are issued until such preemption ceases or the department determines such chapter should apply. [1984 c 215 § 8.]

78.44.180 Confidentiality. All reclamation plans, operators' reports and other required information under this chapter shall be for the confidential use of the department which shall by rule or regulation provide for the release thereof to proper interested persons. [1970 ex.s. c 64 § 20.]

78.44.910 Previously mined land. This act shall not direct itself to the reclamation of land mined prior to January 1, 1971. [1970 ex.s. c 64 § 22.]

78.44.920 Effective date—1970 ex.s. c 64. This act shall become effective January 1, 1971. [1970 ex.s. c 64 § 23.]

78.44.930 Severability—1970 ex.s. c 64. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances shall not be affected. [1970 ex.s. c 64 § 24.]

78.52.001 Declaration of purpose. It is hereby declared to be in the public interest to foster, encourage, and promote the exploration, development, production, and utilization of oil and gas in the state in such manner as will prevent waste; to authorize and to provide for the operation and development of oil and gas properties in such manner as to assure that the maximum economic recovery of oil and gas may be obtained and the rights of owners thereof fully protected; to conduct such oil and gas operations in a manner that will maintain a safe and healthful environment for the people of Washington and protect the state’s natural resources; and to encourage, authorize, and provide for cycling, recycling, pressure maintenance and secondary recovery operations in order that the maximum economic recovery of oil and gas may be obtained to the end that landowners, royalty owners, producers, and the general public may realize and enjoy the greatest possible benefits from these vital resources. [1983 c 253 § 1; 1951 c 146 § 1.]

78.52.010 Definitions. For the purposes of this chapter, unless the text otherwise requires, the following terms shall have the following meanings:

(1) "Certificate of clearance" means a permit prescribed by the committee for the transportation or the delivery of oil, gas, or product.

(2) "Committee" means the oil and gas conservation commission.

(3) "Development unit" means the maximum area of a pool which may be drained efficiently and economically by one well.

(4) "Division order" means an instrument showing percentage of royalty or rental divisions among royalty owners.

(5) "Fair and reasonable share of the production" means, as to each separately-owned tract or combination of tracts, that part of the authorized production from a pool that is substantially in the proportion that the amount of recoverable oil or gas under the development unit of that separately-owned tract or tracts bears to the recoverable oil or gas or both in the total of the development units in the pool.

(6) "Field" means the general area which is underlaid by at least one pool and includes the underground reservoir or reservoirs containing oil or gas, or both. The words "field" and "pool" mean the same thing when only one underground reservoir is involved; however, "field," unlike "pool," may relate to two or more pools.

(7) "Gas" means all natural gas, all gaseous substances, and all other fluid or gaseous hydrocarbons not defined as oil in subsection (12) of this section, including but not limited to wet gas, dry gas, residue gas, condensate, and distillate, as those terms are generally understood in the petroleum industry.

(8) "Illegal oil" or "illegal gas" means oil or gas that has been produced from any well within the state in violation of this chapter or any rule or order of the committee.

(9) "Illegal product" means any product derived in whole or part from illegal oil or illegal gas.

(1992 Ed.)
(10) "Interested person" means a person with an ownership, basic royalty, or leasehold interest in oil or gas within an existing or proposed development unit or unitized pool.

(11) "Lessee" means the lessee under an oil and gas lease, or the owner of any land or mineral rights who has the right to conduct or carry on any oil and gas development, exploration and operation thereon, or any person so operating for himself or others.

(12) "Oil" means crude petroleum, oil, and all hydrocarbons, regardless of gravity, that are in the liquid phase in the original reservoir conditions and are produced and recovered at the wellhead in liquid form.

(13) "Operator" means the person who operates a well or unit or who has been designated or accepted by the owners to operate the well or unit, and who is responsible for compliance with the committee's rules and policies.

(14) "Owner" means the person who has the right to develop, operate, drill into, and produce from a pool and to appropriate the oil or gas that he or she produces therefrom, either for that person or for that person and others.

(15) "Person" means any natural person, corporation, association, partnership, receiver, trustee, executor, administrator, guardian, fiduciary, or representative of any kind and includes any governmental or political subdivision or any agency thereof.

(16) "Pool" means an underground reservoir containing a common accumulation of oil or gas, or both. Each zone of a structure which is completely separated from any other zone in the same structure such that the accumulations of oil or gas are not common with each other is considered a separate pool and is covered by the term "pool" as used in this chapter.

(17) "Pooling" means the integration or combination of two or more tracts into an area sufficient to constitute a development unit of the size for one well as prescribed by the committee.

(18) "Product" means any commodity made from oil or gas.

(19) "Protect correlative rights" means that the action or regulation by the committee should afford a reasonable opportunity to each person entitled thereto to recover or receive without causing waste his or her fair and reasonable share of the oil and gas in this tract or tracts or its equivalent.

(20) "Royalty" means a right to or interest in oil or gas or the value from or attributable to production, other than the right or interest of a lessee, owner, or operator, as defined herein. Royalty includes, but is not limited to the basic royalty in a lease, overriding royalty, and production payments. Any such interest may be referred to in this chapter as "royalty" or "royalty interest." As used in this chapter "basic royalty" means the royalty reserved in a lease. "Royalty owner" means a person who owns a royalty interest.

(21) "Supervisor" means the state oil and gas supervisor.

(22) "Unitization" means the operation of all or part of a field or reservoir as a single entity for operating purposes.

(23) "Waste" in addition to its ordinary meaning, means and includes:
(a) "Physical waste" as that term is generally understood in the petroleum industry;

(b) The inefficient, excessive, or improper use of, or unnecessary dissipation of, reservoir energy, and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well in a manner which results or is probable to result in reducing the quantity of oil or gas to be recovered from any unit in this state under operations conducted in accordance with prudent and proper practices or that causes or tends to cause unnecessary wells to be drilled;

(c) The inefficient above-ground storage of oil, and the locating, spacing, drilling, equipping, operating, or producing of any oil or gas well in a manner causing or tending to cause unnecessary or excessive surface loss or destruction of oil or gas;

(d) The production of oil or gas in such manner as to cause unnecessary water channeling, or coning;

(e) The operation of an oil well with an inefficient gas-oil ratio;

(f) The drowning with water of any pool or part thereof capable of producing oil or gas, except insofar as and to the extent authorized by the committee;

(g) Underground waste;

(h) The creation of unnecessary fire hazards;

(i) The escape into the open air, from a well producing oil or gas, of gas in excess of the amount which is reasonably necessary in the efficient development or production of the well;

(j) The use of gas for the manufacture of carbon black, except as provided in RCW 78.52.140;

(k) Production of oil and gas in excess of the reasonable market demand;

(l) The flaring of gas from gas wells except that which is necessary for the drilling, completing, or testing of the well; and

(m) The unreasonable damage to natural resources including but not limited to the destruction of the surface, soils, wildlife, fish, or aquatic life from or by oil and gas operations. [1983 c 253 § 2; 1951 c 146 § 3.]
(4) The members of the committee may act through designated agents or deputies for the purpose of carrying out the provisions of this chapter. [1988 c 128 § 49; 1983 c 253 § 31; 1971 ex.s. c 180 § 7; 1961 c 300 § 7; 1951 c 146 § 4.]

Reviser's note: The definitions of RCW 90.56.010 apply to this section. Funds for the purposes of carrying out this section are provided from the coastal protection fund, RCW 90.48.390 and 90.48.400. The authority and enforcement of rules pertaining to this section are covered in RCW 90.56.050 and 90.56.900.

Severability—Short title—Construction—1971 ex.s. c 180: See RCW 90.48.903, 90.48.906, and 90.56.900.

78.52.025 Hearings and meetings of committee. The committee shall hold hearings or meetings at such times and places as may be found by the committee to be necessary to carry out its duties. The committee may establish its own rules for the conduct of public hearings or meetings consistent with other applicable law. [1983 c 253 § 3; 1951 c 146 § 5. Formerly RCW 78.52.060.]

78.52.031 Conduct of hearings—Evidence. The committee shall have the power to subpoena witnesses, to administer oaths, and to require the production of records, books, and documents for examination at any hearing or investigation conducted by it. No person shall be excused from attending and testifying, or from producing books, papers, and records before the committee or a court, or from obedience to the subpoena of the committee or a court, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture: PROVIDED, That nothing herein contained shall be construed as requiring any person to produce any books, papers, or records, or to testify in response to any inquiry not pertinent to some question lawfully before such committee or court for determination. No person shall be subjected to criminal prosecution or to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which, in spite of his objection, he may be required to testify or produce evidence, documentary or otherwise before the committee or court, or in obedience to its subpoena: PROVIDED, HOWEVER, That no person testifying shall be exempt from prosecution and punishment for perjury committed in so testifying. [1983 c 253 § 5; 1951 c 146 § 7. Formerly RCW 78.52.080.]

Any member of the committee, or its staff or any other person designated by the committee, or the supervisor when this power is so delegated, may serve as an examiner. The committee shall adopt rules governing hearings to be conducted before examiners. [1983 c 253 § 10.]

78.52.033 Failure of witness to attend or testify—Contempt. In case of failure or refusal on the part of any person to comply with a subpoena issued by the committee or in case of the refusal of any witness to testify as to any matter regarding which he may be interrogated, any superior court in the state, upon the application of the committee, may compel him to comply with such subpoena, and to attend before the committee and produce such records, books, and documents for examination, and to give his testimony and shall have the power to punish for contempt as in the case of disobedience to a like subpoena issued by the court, or for refusal to testify therein. [1951 c 146 § 8. Formerly RCW 78.52.090.]

78.52.035 Attorney for committee. The attorney general shall be the attorney for the committee: PROVIDED, That in cases of emergency, the committee may call upon the prosecuting attorney of the county where the action is to be brought, or defended, to represent the committee until such time as the attorney general may take charge of the litigation. [1951 c 146 § 9. Formerly RCW 78.52.110.]

78.52.037 Department of natural resources designated agent of the committee—Powers and duties—State oil and gas supervisor—Deputy supervisors—Employment of personnel. The department of natural resources is the designated agent of the committee for the purpose of carrying out this chapter. It shall administer and enforce the provisions of this chapter by the adoption of policies adopted by the committee, together with all rules and orders which the committee may adopt and delegate, including but not limited to issuing permits, orders, enforcement actions, and other actions or decisions authorized to be made under this chapter. The department shall appoint a state oil and gas supervisor who shall be charged with duties as may be delegated by the department. The department of natural resources may designate one or more deputy supervisors and employ all personnel necessary including the appointment of examiners as provided in RCW 78.52.032 to carry out this chapter and the rules and orders of the committee. [1983 c 253 § 4.]

78.52.040 Duty and powers of committee—in general. It shall be the duty of the committee to administer and enforce the provisions of this chapter by the adoption of policies, and all rules, regulations and orders promulgated hereunder, and the committee is hereby vested with jurisdiction, power and authority, over all persons and property, public and private, necessary to enforce effectively such duty. [1983 c 253 § 6; 1951 c 146 § 10.]

78.52.045 Committee to participate in and administer federal Safe Drinking Water Act in conjunction with the departments of ecology, natural resources, and social and health services. See RCW 43.21A.445.
78.52.050 Rules, regulations and orders—Time and place of hearing—Notices. The committee shall have authority to make such reasonable rules, regulations and orders as may be necessary from time to time for the proper administration and enforcement of this chapter. Unless otherwise required by law or by this chapter or by rules of procedure made under this chapter, the committee may make such rules, regulations and orders, after notice, as the basis therefor. The notice may be given by publication in some newspaper of general circulation in the state in a manner and form which may be prescribed by the committee by general rule. The public hearing shall be at the time and in the manner and at the place prescribed by the committee, and any person having any interest in the subject matter of the hearing shall be entitled to be heard. In addition, written notice shall be mailed to all interested persons who have requested, in writing, notice of committee hearings, rulings, policies, and orders. The committee shall establish and maintain a mailing list for this purpose. Substantial compliance with these mailing requirements is deemed compliance with the provisions herewith. [1983 c 253 § 7; 1951 c 146 § 11.]

78.52.070 Hearing upon petition for hearing—Time for action. Any interested person shall have the right to have the committee call a hearing for the purpose of taking action with respect to any matter within the jurisdiction of the committee by filing a verified written petition therefor, which shall state in substance the matter and reasons for and nature of the action requested. Upon receipt of any such request the committee, if in its judgment a hearing is warranted and justifiable, shall promptly call a hearing thereon, and after such hearing, and with all convenient speed, and in any event within twenty days after the conclusion of such hearing, shall take such action with regard to the subject matter thereof as it may deem appropriate. [1951 c 146 § 12.]

78.52.100 Records—Copies as evidence—Copies to be furnished. All rules, regulations, policies, and orders of the committee, all petitions, copies of all notices and actions with affidavits of posting, mailing or publications pertaining thereto, all findings of fact, and transcripts of all hearings shall be in writing and shall be entered in full by the committee in the permanent official records of the office of the commissioner of public lands and shall be open for inspection at all times during reasonable office hours. A copy of any rule, regulation, policy, order, or other official records of the committee, certified by the executive secretary of the committee, shall be received in evidence in all courts of this state with the same effect as the original. The committee is hereby required to furnish to any person upon request, copies of all rules, regulations, policies, orders, and amendments thereof. [1983 c 253 § 8; 1951 c 146 § 13.]

78.52.120 Drilling permit required—Notice. Any person desiring or proposing to drill any well in search of oil or gas, before commencing the drilling of any such well, shall apply to the committee upon such form as the committee may prescribe, and shall pay to the state treasurer a fee of the following amounts for each application:

1. For each well the estimated depth of which is three thousand five hundred feet or less, two hundred fifty dollars;
2. From three thousand five hundred one foot to seven thousand feet, five hundred dollars;
3. From seven thousand one foot to twelve thousand feet, seven hundred fifty dollars; and
4. From twelve thousand one foot and deeper, one thousand dollars.

In addition, as pertains to the tract upon which the well is proposed to be located, the applicant must notify the surface landowner, the landowner’s tenant, and other surface users in the manner provided by regulations of the committee that a drilling permit has been applied for by furnishing each such surface landowner, tenant, and other users with a copy of the application concurrent with the filing of the application. Within fifteen days of receipt of the application, each such surface landowner, the landowner’s tenant, and other surface users have the right to inform the committee of objections or comments as to the proposed use of the surface by the applicant, and the committee shall consider the objections or comments.

The drilling of any well is prohibited until a permit is given and such fee has been paid as herein provided. The committee shall have the authority to prescribe that the said form indicate the exact location of such well, the name and address of the owner, operator, contractor, driller, and any other person responsible for the conduct of drilling operations, the proposed depth of the well, the elevation of the well above sea level, and such other relevant and reasonable information as the committee may deem necessary or convenient to effectuate the purposes of this chapter.

The committee shall issue a permit if it finds that the proposed drilling will be consistent with this chapter, the rules, and orders adopted under it, and is not detrimental to the public interest. The committee shall impose conditions and restrictions as necessary to protect the public interest and to ensure compliance with this chapter, and the rules and orders adopted by the committee. A person shall not apply to drill a well in search of oil or gas unless that person holds an ownership or contractual right to locate and operate the drilling operations upon the proposed drilling site. A person shall not be issued a permit unless that person prima facie holds an ownership or contractual right to drill to the proposed depth, or proposed horizon. Proof of prima facie ownership shall be presented to the committee. [1983 c 253 § 11; 1951 c 146 § 14.]

78.52.125 Environmental impact statement required when drilling affects surface waters of the state—Drilling may be denied, when. Any person desiring or proposing to drill any well in search of oil or gas, when such drilling would be conducted through or under any surface waters of the state, shall prepare and submit an environmental impact statement upon such form as the department of ecology shall prescribe at least one hundred and twenty days prior to commencing the drilling of any such well. Within ninety days after receipt of such environmental statement the department of ecology shall prepare and submit to each member of the committee a report examining the potential
environmental impact of the proposed well and recommendations for committee action thereon. If after consideration of the report the committee determines that the proposed well is likely to have a substantial environmental impact the drilling permit for such well may be denied.

The committee shall require sufficient safeguards to minimize the hazards of pollution of all surface and ground waters of the state. If safeguards acceptable to the committee cannot be provided the drilling permit shall be denied. [1971 e.s.s. c 180 § 8.]

Reviser's note: The definitions of RCW 90.56.010 apply to this section. Funds for the purposes of carrying out this section are provided from the coastal protection fund, RCW 90.48.390 and 90.48.400. The authority and enforcement of rules pertaining to this section are covered in RCW 90.56.050 and 90.56.900.

Severability—Short title—Construction—1971 e.s.s. c 180: See RCW 90.48.903, 90.48.906, and 90.56.900.

78.52.130 Waste prohibited. Waste of oil and gas, as defined in this chapter, is prohibited. [1951 c 146 § 15.]

78.52.140 Carbon black and carbon products—Permit required. The use of gas from a well producing gas only, or from a well which is primarily a gas well, for the manufacture of carbon black or similar products predominantly carbon, is declared to constitute waste prima facie, and such gas well shall not be used for any such purpose unless it is clearly shown, at a public hearing to be held by the committee, on application of the person desiring to use such gas, that waste would not take place by the use of such gas for the purpose or purposes applied for, and that gas which would otherwise be lost is not available for such purpose or purposes, and that the gas to be used cannot be used for a more beneficial purpose, such as for light or fuel purposes, except at prohibitive cost, and that it would be in the public interest to grant such permit. If the committee finds that the applicant has clearly shown a right to use such gas for the purpose or purposes applied for, it shall issue a permit upon such terms and conditions as may be found necessary in order to permit the use of the gas, and at the same time require compliance with the intent of this section. [1951 c 146 § 16.]

78.52.150 Investigations authorized. The committee has authority, and it shall be its duty, to make such investigations as it may deem proper to determine whether waste exists or is imminent or whether other facts exist which justify action by the committee. [1951 c 146 § 17.]

78.52.155 Investigations—Powers and duties. (1) The committee shall make investigations as necessary to carry out this chapter.

(2) The committee and the department, consistent with the committee's policies, shall require:
   (a) Identification of ownership of oil or gas wells, producing leases, tanks, plants, structures, and facilities for the transportation or refining of oil or gas;
   (b) The making and filing of well logs, core samples, directional surveys, and reports on well locations, drilling, and production;
   (c) The testing of oil and gas wells;
   (d) The drilling, casing, operating, and plugging of wells in such a manner as to prevent the escape of oil or gas out of the casings, or out of one pool into another, the intrusion of water into an oil or gas pool, and the pollution of freshwater supplies by oil, gas, or saltwater and to prevent blowouts, cavings, seepages, and fires;
   (e) The furnishing of adequate security acceptable to the department, conditioned on the performance of the duty to plug each dry or abandoned well, the duty to reclaim and clean-up well drilling sites, the duty to repair wells causing waste, the duty to comply with all applicable laws and rules adopted by the committee, orders of the committee and the department, all permit conditions, and this chapter;
   (f) The operation of wells with efficient gas-oil and water-oil ratios and may fix these ratios and limit production from wells with inefficient gas-oil or water-oil ratios;
   (g) The production of oil and gas from wells be accurately measured by means and upon standards prescribed by the committee, and that every person who produces, sells, purchases, acquires, stores, transports, treats, or processes oil or gas in this state keeps and maintains for a period of five years within this state complete and accurate records thereof, which records shall be available for examination by the committee or its agents at all reasonable times, and that every person file with the committee such reports as it may prescribe with respect to the oil or gas; and
   (h) Compliance with all applicable laws and rules of this state.

(3) The committee and the department, consistent with the committee's policies, shall regulate:
   (a) The drilling, producing, locating, spacing, and plugging of wells and all other operations for the production of oil or gas;
   (b) The physical, mechanical, and chemical treatment of wells, and the perforation of wells;
   (c) Operations to increase ultimate recovery such as cycling of gas, the maintenance of pressure, and the introduction of gas, water, or other substances into producing formations;
   (d) Disposal of saltwater and oil field brines;
   (e) The storage, processing, and treatment of natural gas and oil produced within this state; and
   (f) Reclamation and clean-up of all well sites and any areas directly affected by the drilling, production, operation, and plugging of oil and gas wells.

(4) The committee may limit and prorate oil and gas produced in this state and may restrict future production of oil and gas from any pool in such amounts as will offset and compensate for any production determined by the committee to be in excess of or in violation of "oil allowable" or "gas allowable."

(5) The committee shall classify wells as oil or gas wells for purposes material to the interpretation or enforcement of this chapter.

(6) The committee and the department, consistent with the committee's policies, shall regulate oil and gas exploration and drilling activities so as to prevent or remedy unreasonable or excessive waste or surface destruction. [1983 c 253 § 9.]
78.52.200 Development units authorized for known pools. When necessary to prevent waste, to avoid the drilling of unnecessary wells, or to protect correlative rights including those of royalty owners, the committee, upon its own motion or upon application of interested persons, shall establish development units covering any known pool. Development units shall be of uniform size and shape for the entire pool unless the committee finds that it must make an exception due to geologic, geographic, or other factors. When necessary, the committee may divide any pool into zones and establish development units for each zone, which units may differ in size and shape from those established in any other zone. [1983 c 253 § 12; 1951 c 146 § 22.]

78.52.205 Development units to be prescribed for pool after discovery—Temporary development units. Within sixty days after the discovery of oil or gas in a pool not then covered by an order of the committee, a hearing shall be held and the committee shall issue an order prescribing development units for the pool. If sufficient geological or other scientific data from drilling operations or other evidence is not available to determine the maximum area that can be efficiently and economically drained by one well, the committee may establish temporary development units to ensure the orderly development of the pool pending availability of the necessary data. A temporary order shall continue in force for a period of not more than twenty-four months at the expiration of which time, or upon the petition of an affected person, the committee shall require the presentation of such geological, scientific, drilling, or other evidence as will enable it to determine the proper development units in the pool. During the interim period between the discovery and the issuance of the temporary order, permits shall not be issued for the drilling of direct offsets to a discovery well. [1983 c 253 § 13.]

78.52.210 Development units—Size and shape. (1) The size and the shape of any development units shall be such as will result in the efficient and economical development of the pool as a whole, and the size shall not be smaller than the maximum area that can be efficiently and economically drained by one well as determined by competent geological, geophysical, engineering, drilling, or other scientific testimony, data, and evidence. The committee shall fix a development unit of not more than one hundred sixty acres for any pool deemed by the committee to be an oil reservoir, or of six hundred forty acres for any pool deemed by the committee to be a gas reservoir, plus a ten percent tolerance in either case to allow for irregular sections. The committee may, at its discretion, after notice and hearing, establish development units for oil and gas in variance of these limitations when competent geological, geophysical, engineering, drilling, or other scientific testimony, data, and evidence is presented and upon a finding that one well can efficiently and economically drain a larger or smaller area and is justified because of technical, economic, environmental, or safety considerations.

(2) The committee may establish development units of different sizes or shapes for different parts of a pool or may grant exceptions to the size or shapes of any development unit or units. Where development units of different sizes or shapes exist in a pool, the committee shall, if necessary, make such adjustments to the allowable production from the well or wells drilled thereon so that each operator in each development unit will have a reasonable opportunity to produce or receive his or her just and equitable share of the production. [1983 c 253 § 14; 1951 c 146 § 23.]

78.52.220 Development units—Location of well. An order establishing development units for a pool shall specify the size and shape of each area and the location of the permitted well thereon in accordance with a reasonable uniform spacing plan. Upon application and after notice and a hearing, if the committee finds that a well drilled at the prescribed location would not produce in paying quantities, or that surface conditions would substantially add to the burden or hazard of drilling such well, the committee is authorized to enter an order permitting the well to be drilled pursuant to permit at a location other than that prescribed by such development order; however, the committee shall include in the order suitable provisions to prevent the production from the development unit of more than its just and equitable share of the oil and gas in the pool. [1983 c 253 § 15; 1951 c 146 § 24.]

78.52.230 Development units—Order must cover entire pool—Modifications. An order establishing development units for a pool shall cover all lands determined or believed to be underlaid by such pool, and may be modified by the committee from time to time to include additional areas determined to be underlaid by such pool. When the committee determines that it is necessary for the prevention of waste, or to avoid the drilling of unnecessary wells, or to protect correlative rights, an order establishing development units in a pool may be modified by the committee to increase or decrease the size of development units in the pool or to permit the drilling of additional wells on a reasonably uniform plan in the pool. [1983 c 253 § 16; 1951 c 146 § 25.]

78.52.240 Development units—Pooling of interests. When two or more separately-owned tracts are embraced within a development unit, or when there are separately owned interests in all or a part of the development unit, then the owners and lessees thereof may pool their interests for the development and operation of the development unit. In the absence of this voluntary pooling, the committee, upon the application of any interested person, shall enter an order pooling all interests, including royalty interests, in the development unit for the development and operation thereof. Each such pooling order shall be made after notice and hearing. The applicant or applicants shall have the burden of proving that all reasonable efforts have been made to obtain the consent of, or to reach agreement with, other owners. [1983 c 253 § 17; 1951 c 146 § 26.]

78.52.245 Pooling order—Allocation of production. A pooling order shall be upon terms and conditions that are fair and reasonable and that afford to each owner and royalty owner his or her fair and reasonable share of production. Production shall be allocated as follows: [Title 78 RCW—page 48] (1992 Ed.)
(1) For the purpose of determining the portions of production owned by the persons owning interests in the pooled unit, the production shall be allocated to the respective tracts within the unit in the proportion that the surface acres in each tract bear to the number of surface acres included in the entire unit.

(2) Notwithstanding subsection (1) of this section, if the committee finds that allocation on a surface acreage basis does not allocate to each tract its fair share, the committee shall allocate the production so that each tract will receive its fair share. [1983 c 253 § 18.]

78.52.250 Pooled interests in well in development unit—Allocation of costs—Rights of owners. (1) Each such pooling order shall make provision for the drilling and operation of a well on the development unit, and for the payment of the reasonable actual cost thereof by the owners of interests required to pay such costs in the development unit, plus a reasonable charge for supervision and storage facilities. Costs associated with production from the pooled unit shall be allocated in the same manner as is production in RCW 78.52.245. In the event of any dispute as to such costs the committee shall determine the proper costs.

(2) As to each owner who fails or refuses to agree to bear his or her proportionate share of the costs of the drilling and operation of the well, the order shall provide for reimbursement of those persons paying for the drilling and operation of the well of the nonconsenting owner's share of the costs from, and only from, production from the unit representing that person's interest, excluding royalty or other interests not obligated to pay any part of the cost thereof. The committee may provide that the consenting owners shall own and be entitled to receive all production from the well after payment of the royalty as provided in the lease, if any, applicable to each tract or interest, and obligations payable from production, until the consenting owners have been paid the amount due under the terms of the pooling order or order settling any dispute.

The order shall determine the interest of each owner in the unit and shall provide that each consenting owner is entitled to receive, subject to royalty or similar obligations, the share of the production of the well applicable to the owner's interest in the unit, and, unless the owner has agreed otherwise, his or her proportionate part of the nonconsenting owner's share of the production until costs are recovered as provided in this subsection. Each nonconsenting owner is entitled to receive, subject to royalty or similar obligations, the share of production from the well applicable to the owner's interest in the unit after the consenting owners have recovered from the nonconsenting owner's share of production the following:

(a) In respect to every such well, one hundred percent of the nonconsenting owner's share of the costs of surface equipment beyond the wellhead connections, including but not limited to, stock tanks, separators, treaters, pumping equipment, and piping, plus one hundred percent of the nonconsenting owner's share of the cost of operation of the well, commencing with first production and continuing until the consenting owners have recovered these costs, with the intent that the nonconsenting owner's share of these costs and equipment will be that interest which would have been chargeable to the nonconsenting owner had he or she initially agreed to pay his or her share of the costs of the well from the beginning of the operation;

(b) One hundred fifty percent of that portion of the costs and expenses of staking the location, well site preparation, rights of way, rigging-up, drilling, reworking, deepening or plugging back, testing, and completing, after deducting any cash contributions received by the consenting owners, and also one hundred fifty percent of that portion of the cost of equipment in the well, up to and including the wellhead connections; and

(c) If there is a dispute regarding the costs, the committee shall determine the proper costs and their allocation among working interest owners after due notice to interested parties and a hearing on the costs.

(3) The operator of a well under a pooling order in which there are nonconsenting owners shall furnish the nonconsenting owners with monthly statements of all costs incurred, together with the quantity of oil or gas produced, and the amount of proceeds realized from the sale of this production during the preceding month. If and when the nonconsenting owners recover from a nonconsenting owner's relinquished interest the amounts provided for in subsection (2) of this section, the relinquished interest of the nonconsenting owner shall automatically revert to him or her, and the nonconsenting owner shall own the same interest in the well and the production from it and be liable for the further costs of the operation as if he or she had participated in the initial drilling and operation.

(4) A nonconsenting owner of a tract in a development unit which is not subject to any lease or other contract for the development thereof for oil and gas shall elect within fifteen days of the issuance of the pooling order or such further time as the committee shall, in the order, allow:

(a) To be treated as a nonconsenting owner as provided in subsections (2) and (3) of this section and is deemed to have a basic landowners' royalty of one-eighth, or twelve and one-half percent, of the production allocated to the tract, unless a higher basic royalty has been established in the development unit. If a higher royalty has been established, then the nonconsenting owner of a nonleased tract shall receive the higher basic royalty. This presumed royalty shall exist only during the time that costs and expenses are being recovered under subsection (2) of this section, and is intended to assure that the owner of a nonleased tract receive a basic royalty free of all costs at all times. Notwithstanding anything herein to the contrary, the owner shall at all times retain his or her entire ownership of the property, including the right to execute an oil and gas lease on any terms negotiated, and be entitled to all production subject to subsection (2) of this section; or

(b) To grant a lease to the operator at the current fair market value for that interest for comparable leases or interests at the time of the commencement of drilling; or

(c) To pay his or her pro rata share of the costs of the well or wells in the development unit and receive his or her pro rata share of production, if any.

A nonconsenting owner who does not make an election as provided in this subsection is deemed to have elected to be treated under (a) of this subsection. [1983 c 253 § 19; 1951 c 146 § 27.]
78.52.253 Pooling agreement, offer to pool, pooling order—Fairness to nonconsenting, unleased owners. A pooling agreement, offer to pool, or pooling order is not considered fair and reasonable as applied to nonconsenting, unleased owners only, if it provides for an operating agreement containing any of the following provisions:

1. Preferential right of the operator to purchase mineral interests in the unit;

2. A call on or option to purchase production from the unit;

3. Operating charges that include any part of district or central office expense other than reasonable overhead charges; or

4. Prohibition against nonoperators questioning the operation of the unit. [1983 c 253 § 20.]

78.52.255 Operations on development unit deemed operations on each tract—Production allocated to tract deemed produced from each tract—Shut-in well considered on each tract—Lease on part of tract excluded from unit. (1) Operations incident to the drilling of a well upon any portion of a development unit covered by a pooling order shall be deemed, for all purposes, the conduct of such operations upon each separately-owned tract in the development unit by the several owners thereof. That portion of the production allocated to each separately-owned tract included in a development unit covered by a pooling order shall, when produced, be deemed for all purposes, including the payment of royalty, to have been produced from each separately-owned tract by a well drilled thereon. If an oil or gas well on a pooled unit is shut-in, it shall be considered that the shut-in well is on each separately-owned tract in the pooled unit.

2. If only part of the tract is included in the unit, operations on, production from, or a shut-in well on the unit shall maintain an oil and gas lease on the tract as to the part excluded from the unit only if the lease would be maintained had the unit been created voluntarily under the lease. [1983 c 253 § 21.]

78.52.257 Dissolution of pooling order—Interests covered by terminated lease—Modification or termination of pooling order—Extension of dissolution of pooling order. (1) An order pooling a development unit shall automatically dissolve:

a. One year after its effective date if there has been no production of commercial quantities or drilling operations on lands within the unit;

b. Six months after completion of a dry hole on the unit; or

c. Six months after cessation of production of commercial quantities from the unit, unless, prior to the expiration of such six-month period, the operator shall, in good faith, commence drilling or reworking operations in an effort to restore production.

2. Upon the termination of a lease pooled by order of the committee under authority granted in this chapter, interests covered by the lease are considered pooled as unleased mineral interests.

3. Any party to a pooling order is entitled, after due notice to all parties, to a hearing to modify or terminate a previously entered pooling order upon presenting new evidence showing that the previous determination of reservoir conclusions are substantially incorrect.

4. The committee, in its discretion, after notice and hearing, may grant additional time, for good cause shown, before a pooling order is automatically dissolved as provided in subsection (1) of this section. In no case may such an extension be longer than six months. [1983 c 253 § 22.]

78.52.260 "Wildcat" or "exploratory" well data confidential. Whenever the committee shall require the making and filing of well logs, directional surveys or reports on the drilling of, subsurface conditions found in, or reports with respect to the substance produced, or capable of being produced from, a "wildcat" or "exploratory" well, as those terms are used in the petroleum industry, such logs, surveys, reports or information shall be kept confidential by the committee for a period of one year, if at the time of filing such logs, surveys, reports or other information, the owner, lessee, or operator of such well requests that such information be kept confidential: PROVIDED, HOWEVER, That the committee shall have the right to divulge or use such information in a public hearing or suit when it is necessary for the enforcement of the provisions of this chapter or any rule, regulation or order made hereunder. [1951 c 146 § 28.]

78.52.270 Limitation of production to "oil allowable"—Proration. Whenever the total amount of oil which all of the pools in this state can currently produce in accordance with good operating practices, exceeds the amount reasonably required to meet the reasonable market demand, the committee shall limit the oil which may be currently produced in this state to an amount, designated the "oil allowable". The committee shall then prorate this "oil allowable" among the pools on a reasonable basis, avoiding undue discrimination among the pools, and so that waste will be prevented. In determining the "oil allowable", and in prorating such "oil allowable" among the pools in the state, the committee shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil and gas, and separate needs for oil of particular kinds or qualities, and shall formulate rules setting forth standards or a program for the determination of the "oil allowable", and shall prorate the "oil allowable" in accordance with such standards or program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or program shall be applied to such pools or areas so that as far as practicable a uniform program will be followed: PROVIDED, HOWEVER, That if the amount prorated to a pool as its share of the "oil allowable" is in excess of the amount which the pool can efficiently produce currently, then the committee shall prorate to such pool the maximum amount which can be efficiently produced currently without waste. [1951 c 146 § 29.]

78.52.280 Determining market demand—No undue discrimination in proration of "allowable". The committee shall not be required to determine the reasonable market
demand applicable to any single pool of oil except in relation to all pools producing oil of similar kind and quality and in relation to the reasonable market demand. The committee shall prorate the "allowable" in such manner as will prevent undue discrimination against any pool or area in favor of another or others resulting from selective buying or nomination by purchasers. [1951 c 146 § 30.]

78.52.290 Limitation of production to "gas allowable"—Proration. Whenever the total amount of gas which all of the pools in this state can currently produce in accordance with good operating practice exceeds the amount reasonably required to meet the reasonable market demand, the committee shall limit the gas which may be currently produced to an amount, designated as the "gas allowable", which will not exceed the reasonable market demand for gas. The committee shall then prorate the "gas allowable" among the pools on a reasonable basis, avoiding undue discrimination among the pools, and so that waste will be prevented, giving due consideration to location of pipe lines, cost of interconnecting such pipe lines, and other pertinent factors, and insofar as applicable, the provisions of RCW 78.52.270 shall be followed in determining the "gas allowable" and in prorating such "gas allowable" among the pools therein: PROVIDED, HOWEVER, That in determining the reasonable market demand for gas as between pools, the committee shall give due regard to the fact that gas produced from oil pools is to be regulated in a manner which will protect the reasonable use of gas energy for oil production and promote the most or maximum efficient recovery of oil from such pools. [1951 c 146 § 31.]

78.52.300 Limitation of gas production from one pool. Whenever the total amount of gas which may be currently produced from all of the pools in this state has not been limited as hereinabove provided, and the available production from any one pool containing gas only is in excess of the reasonable market demand or available transportation facilities for gas from such pool, the committee shall limit the production of gas from such pool to that amount which does not exceed the reasonable market demand or transportation facilities for gas from such pool. [1951 c 146 § 32.]

78.52.310 Proration of allowable production in pool—Publication of orders—Emergency orders. Whenever the committee limits the total amount of oil or gas which may be produced from any pool to an amount less than that which the pool could produce if no restrictions were imposed (whether incidental to, or without, a limitation of the total amount of oil which may be produced in the state) the committee shall prorate the allowable production for the pool among the producers in the pool on a reasonable basis, so that each producer will have opportunity to produce or receive his just and equitable share, subject to the reasonable necessities for the prevention of waste, giving where reasonable, under the circumstances, to each pool with small wells of settled production, allowable production which prevents the premature abandonment of wells in the pool.

All orders establishing the "oil allowable" and "gas allowable" for this state, and all orders prorating such allowables as herein provided, and any changes thereof, for any month or period shall be issued by the committee on or before the fifteenth day of the month preceding the month for which such orders are to be effective, and such orders shall be immediately published in some newspaper of general circulation printed in Olympia, Washington. No orders establishing such allowables, or prorating such allowables, or any changes thereof, shall be issued without first having a hearing, after notice, as provided in this chapter. PROVIDED, HOWEVER, When in the judgment of the committee, an emergency requiring immediate action is found to exist, the committee is authorized to issue an emergency order under this section which shall have the same effect and validity as if a hearing with respect to the same had been held after due notice. The emergency order permitted by this subsection shall remain in force no longer than thirty days, and in any event it shall expire when the order made after due notice and hearing with respect to the subject matter of the emergency order becomes effective. [1951 c 146 § 33.]

78.52.320 Compliance with limitation or proration required. Whenever the production of oil or gas in this state or any pool therein is limited and the "oil allowable" or "gas allowable" is established and prorated by the committee as provided in RCW 78.52.310, no person shall thereafter produce from any well, pool, lease or property more than the production which is prorated thereto. [1951 c 146 § 34.]

78.52.330 Unit operation of separately owned tracts. To assist in the development of oil and gas in this state and to further the purposes of this chapter, the persons owning interests in separate tracts of land, may validly agree to integrate their interests and manage, operate and develop their land as a unit, subject to the approval of the committee. [1951 c 146 § 35.]

78.52.335 Unit operation of pools. (1) The committee shall upon the application of any interested person, or upon its own motion, hold a hearing to consider the need for the operation as a unit of one or more pools or parts of them in a field.

(2) The committee shall have the authority to enter an order providing for the unit operations if the committee finds that:

(a) The unit operations are necessary for secondary recovery or enhanced recovery purposes. For purposes of this chapter secondary or enhanced recovery means that oil or gas or both are recovered by any method, artificial flowing or pumping, that may be employed to produce oil or gas, or both, through the joint use of two or more wells with an application of energy extrinsic to the pool or pools. This includes pressuring, cycling, pressure maintenance, or injections into the pool or pools of a substance or form of energy: PROVIDED, That this does not include the injection in a well of a substance or form of energy for the sole purpose of (i) aiding in the lifting of fluids in the well, or (ii) stimulation of the reservoir at or near the well by mechanical, chemical, thermal, or explosive means;

(b) The unit operations will protect correlative rights;
(c) The operations will increase the ultimate recovery of oil or gas, or will prevent waste, or will prevent the drilling of unnecessary wells; and

(d) The value of the estimated additional recovery of oil and/or gas exceeds the estimated additional cost incident to conducting these operations.

(3) The committee shall also have the authority to enter an order providing for unit operations, after notice and hearing, only if the committee finds that there is clear and convincing evidence that all of the following conditions are met:

(a) In the absence of unitization, the ultimate recovery of oil or gas, or both, will be substantially decreased because normal production techniques and methods are not feasible and will not result in the maximum efficient and economic recovery of oil or gas, or both;

(b) The unit operations will protect correlative rights;

(c) The unit operations will prevent waste, or will prevent the drilling of unnecessary wells; and

(d) There has been a discovery of a commercial oil or gas field; and

(e) There has been sufficient exploration, drilling activity, and development to properly define the one or more pools or parts of them in a field proposed to be unitized.

(4) Notwithstanding any of the above, nothing in this chapter may be construed to prevent the voluntary agreement of all interested persons to any plan of unit operations. The committee shall approve operations upon making a finding consistent with subsections (2) (b) and (c) of this section.

(5) The order shall be upon terms and conditions that are fair and reasonable and shall prescribe a plan for unit operations that includes:

(a) A description of the pool or pools or parts thereof to be so operated, termed the unitized area;

(b) A statement of the nature of the operations contemplated;

(c) An allocation of production and costs to the separately-owned tracts in the unitized area. The allocation shall be in accord with the agreement, if any, of the interested parties. If there is no agreement, production shall be allocated in a manner calculated to ensure that each owner’s correlative rights are protected, and each separately-owned tract or combination of tracts receives its fair and reasonable share of production. Costs shall be allocated on a fair and reasonable basis;

(d) A provision, if necessary, prescribing fair, reasonable, and equitable terms and conditions as to time and rate of interest for carrying or otherwise financing any person who is unable to promptly meet his financial obligations in connection with the unit, such carrying and interest charges to be paid as provided by the committee from the person’s prorated share of production;

(e) A provision for the supervision and conduct of the unit operations, in respect to which each owner shall have a vote with a value corresponding to the percentage of the costs of unit operations chargeable against the owner’s interest;

(f) The time when the unit operations shall commence, the timetable for development, and the manner and circumstances under which the unit operations shall terminate; and

(g) Additional provisions which are found to be appropriate for carrying out the unit operations and for the protection of correlative rights.

(6) No order of the committee providing for unit operations may become effective until:

(a) The plan for unit operations approved by the committee has been approved in writing by those persons who, under the committee’s order, will be required to pay at least seventy-five percent of the costs of unit operations;

(b) The plan has been approved in writing by those persons such as royalty owners, overriding royalty owners, and production payment owners, who own at least seventy-five percent of the production or proceeds thereof that will be credited to interests that are free of costs; and

(c) The committee has made a finding, either in the order providing for unit operations or in a supplemental order, that the plan for unit operations has been so approved. If the plan for unit operations has not been so approved at the time the order providing for unit operations is made, the committee shall upon application and notice hold such supplemental hearings as may be required to determine if and when the plan for unit operations has been so approved. If the persons owning required percentages of interest in the unitized area do not approve the plan for unit operations within a period of six months from the date on which the order providing for unit operations is made, or within such additional period or periods of time as the committee prescribes, the order will become unenforceable and shall be vacated by the committee.

(7) An order providing for unit operations may be amended by an order made by the committee in the same manner and subject to the same conditions as an original order, except as provided in subsection (8) of this section, providing for unit operations, but (a) if such an amendment affects only the rights and interests of the owners, the approval of the amendment by those persons who own interests that are free of costs is not required, and (b) no such amending order may change the percentage for the allocation of oil and gas as established for any separately-owned tract or combination of tracts by the original order, except with the consent of all persons owning oil and gas rights in the tract, and no such order may change the percentage for the allocation of cost as established for any separately-owned tract or combination of tracts by the original order, except with the consent of all persons owning an interest in the tract or combination of tracts. An amendment that provides for the expansion of the unit area shall comply with subsection (8) of this section.

(8) The committee, by order, may provide for the unit operation of a reservoir or reservoirs or parts thereof that include a unitized area established by a previous order of the committee. The order, in providing for the allocation of unit production, shall first treat the unitized area previously established as a single tract and the portion of the new unit production allocated thereto shall then be allocated among the separately-owned tracts included in the previously established unit area in the same proportions as those specified in the previous order.

(9) After the date designated by the committee the unit plan shall be effective, oil and gas leases within the unit area, or other contracts pertaining to the development thereof, shall be changed only to the extent necessary to
meet the requirements of the unit plan, and otherwise shall remain in full force. Operations carried on under and in accordance with the unit plan shall be regarded and considered as fulfillment of and compliance with all of the provisions, covenants, and conditions, expressed or implied, of the several oil and gas leases upon lands within the unit area, or other contracts pertaining to the development thereof, insofar as the leases or other contracts may relate to the pool or field subject to the unit plan. The amount of production apportioned and allocated under the unit plan to each separately-owned tract within the unit area, and only that amount, regardless of the location of the well within the unit area from which it may be produced, and regardless of whether it is more or less than the amount of production from the well, if any, on each separately-owned tract, shall for all purposes be regarded as production from the separately-owned tract. Lessees shall not be obligated to pay royalties or make other payments, required by the oil and gas leases or other contracts affecting each such separately-owned tract, on production in excess of that amount apportioned and allocated to the separately-owned tract under the unit plan.

(10) The portion of the unit production allocated to any tract and the proceeds from its sale are the property and income of the several persons to whom, or to whose credit, the portion and proceeds are allocated or payable under the order providing for unit operations.

(11) No division order or other contract relating to the sale, purchase, or production from a separately-owned tract or combination of tracts may be terminated by the order providing for unit operations but shall remain in force and shall apply to oil and gas allocated to the tract until terminated by an amended division order or contract in accordance with the order.

(12) Except to the extent that parties affected so agree, an order providing for unit operations shall not be construed to result in a transfer of all or any part of the title of any person to the oil and gas rights in any tract in the unit area. All property, whether real or personal, that may be acquired in the conduct of unit operations hereunder shall be acquired for the account of the owners within the unit area, and shall be the property of those owners in the proportion that the expenses of unit operations are charged.

(13) After the date designated by the order of the committee that a unit plan shall become effective, the designation of one or more unit operators shall be by vote of the lessees of land in the unit area, in a manner to be provided in the unit plan, and any operations in conflict with such unit plan shall be unlawful and are prohibited.

(14) A certified copy of any order of the committee entered under this section is entitled to be recorded in the auditor's office in the county or counties wherein all or any portion of the unit area is located and, if recorded, constitute notice thereof to all persons. A copy of this order shall be mailed by certified mail to all interested persons.

(15) No order for unitization may be construed to allow the drilling of a well on a tract within the unit which is not leased or under contract for oil and gas exploration or production. [1983 c 253 § 23.]

78.52.345 Ratable purchase of oil from owners or operators of pool required. Each person now or hereafter purchasing or taking for transportation oil from any owner or producer shall purchase or take ratably without discrimination in favor of any owner or operator over any other owner or producer in the same pool offering to sell his or her oil produced therefrom to that person. If the person purchasing or taking for transportation oil does not have need for all such oil lawfully produced within a pool, or if for any reason is unable to purchase all of the oil, then it shall purchase from each operator in a pool ratably, taking and purchasing the same quantity of oil from each well to the extent that each well is capable of producing its ratable portion without waste. Nothing in this section may be construed to require any owner or operator to sell his or her product to only one purchaser or to require more than one pipeline connection for each producing well. If any such purchaser or person taking oil for transportation is likewise an operator or owner, the purchaser or person is prohibited from discriminating in favor of his or her own production, or production in which he or she may be interested, and his or her own production shall be treated as that of any other operator or owner. [1983 c 253 § 24.]

78.52.355 Ratable purchase of gas from owners or operators of pool required. Each person now or hereafter purchasing or taking for transportation gas produced from gas wells or from oil wells from any owner or operator shall purchase or take ratably without discrimination in favor of any owner or operator, over any other owner or operator in a pool. The person shall not discriminate in the quantities purchased, the basis of measurement, or the gas transportation facilities afforded for gas of like quantity, quality, and pressure available from such wells. For the purpose of this section and RCW 78.52.345, reasonable differences in quantity taken or facilities afforded do not constitute unreasonable discrimination if the differences bear a fair relationship to differences in quality, quantity, or pressure of the gas available or the acreage attributable to the well, market requirements, or to the relative lengths of time during which the gas will be available to the purchaser. If the purchaser or person taking gas for transportation is likewise an operator or owner, the purchaser or person is prohibited from discriminating in favor of quantities taken or facilities in which he or she may be interested, and his or her own production shall be treated as that of any other operator or owner producing from gas wells in the same pool. [1983 c 253 § 25.]

78.52.365 Enforcement of RCW 78.52.345 and 78.52.355. The committee may administer and enforce RCW 78.52.345 and 78.52.355 in accordance with the procedures in this chapter for its enforcement and with the rules and orders of the committee. [1983 c 253 § 26.]

78.52.450 Participation of public lands in unit plan. The commissioner of public lands, or other officer or board having the control and management of state land, and the proper board or officer of any political, municipal, or other subdivision or agency of the state having control and management of public lands, may, on behalf of the state or

of such political, municipal, or other subdivision or agency thereof, with respect to land and oil and gas rights subject to the control and management of such respective body, board or officer, consent to and participate in any unit plan. [1951 c 146 § 48.]

78.52.460 Unit plan not deemed monopolistic. No plan for the operation of a field or pool of oil or gas as a unit, either whole or in part, created or approved by the committee hereunder shall be held to violate any of the statutes of this state prohibiting monopolies or acts, arrangements, agreements, contracts, combinations or conspiracies in restraint of trade or commerce. [1951 c 146 § 49.]

78.52.463 Suspension of operations for violation—Notice—Order—Hearing—Stay of order. (1) Any operation or activity that is in violation of applicable laws, rules, orders, or permit conditions is subject to suspension by order of the committee. The order may suspend the operations authorized in the permit in whole or in part. The order may be issued only after the committee has first notified the operator or owner of the violations and the operator or owner has failed to comply with the directions contained in the notification within ten days of service of the notice: PROVIDED, That the committee may issue the suspension order immediately without notice if the violations are or may cause substantial harm to adjacent property, persons, or public resources, or has or may result in the pollution of waters in violation of any state or federal law or rule. A suspension shall remain in effect until the violations are corrected or other directives are complied with unless declared invalid by the committee after hearing or an appeal. The suspension order and notification, where applicable, shall specify the violations and the actions required to be undertaken to be in compliance with such laws, rules, orders, or permit conditions. The order and notification may also require remedial actions to be undertaken to restore, prevent, or correct activities or conditions which have resulted from the violations. The order and notification may be directed to the operator or owner or both.

(2) The suspension order constitutes a final and binding order unless the owner or operator to whom the order is directed requests a hearing before the committee within fifteen days after service of the order. Such a request shall not in itself stay or suspend the order and the operator or owner shall comply with the order immediately upon service. The committee or its chairman have the authority to stay or suspend in whole or in part the suspension order pending a hearing if so requested. The hearing shall constitute an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act. [1989 c 175 § 167; 1983 c 253 § 29.]

Effective date—1989 c 175: See note following RCW 34.05.010.

78.52.467 Illegal oil, gas, or product—Sale, purchase, etc., prohibited—Seizure and sale—Deposit of proceeds. (1) The sale, purchase, acquisition, transportation, refining, processing, or handling of illegal oil, gas, or product is prohibited. However, no penalty by way of fine may be imposed upon a person who sells, purchases, acquires, transports, refines, processes, or handles illegal oil, gas, or product unless (a) the person knows, or is put on notice of, facts indicating that illegal oil, illegal gas, or illegal product is involved, or (b) the person fails to obtain a certificate of clearance with respect to the oil, gas, or product if prescribed by rule or order of the committee, or fails to follow any other method prescribed by an order of the committee for the identification of the oil, gas, or product.

(2) Illegal oil, illegal gas, and illegal product are declared to be contraband and are subject to seizure and sale as provided in this section. Seizure and sale shall be in addition to all other remedies and penalties provided in this chapter for violations relating to illegal oil, illegal gas, or illegal product. If the committee believes that any oil, gas, or product is illegal, the committee acting through the attorney general, shall bring a civil action in rem in the superior court of the county in which the oil, gas, or product is found, to seize and sell the same, or the committee may include such an action in rem in any suit brought for an injunction or penalty involving illegal oil, illegal gas, or illegal product. A person claiming an interest in oil, gas, or product affected by an action in rem has the right to intervene as an interested party.

(3) Actions for the seizure and sale of illegal oil, illegal gas, or illegal product shall be strictly in rem and shall proceed in the name of the state as plaintiff against the oil, gas, or product as defendant. No bond or similar undertaking may be required of the plaintiff. Upon the filing of the petition for seizure and sale, the clerk of the court shall issue a summons, with a copy of the petition attached thereto, directed to the sheriff of the county or to another officer or person whom the court may designate, for service upon all persons having or claiming any interest in the oil, gas, or product described in the petition. The summons shall command these persons to appear and answer within twenty days after the issuance and service of the summons. These persons need not be named or otherwise identified in the summons, and the summons shall be served by posting a copy of the summons, with a copy of the petition attached, on any public bulletin board or at the courthouse of a county where the oil, gas, or product involved is located, and by posting another copy at or near the place where the oil, gas, or product is located. The posting constitutes notice of the action to all persons having or claiming any interest in the oil, gas, or product described in the petition. In addition, if the court, on a properly verified petition, or affidavit or affidavits, or oral testimony, finds that grounds for seizure and for sale exist, the court shall issue an immediate order of seizure, describing the oil, gas, or product to be seized, and directing the sheriff of the county to take the oil, gas, or product into the sheriff’s actual or constructive custody and to hold the same subject to further orders of the court. The court, in the order of seizure, may direct the sheriff to deliver the oil, gas, or product seized by him or her under the order to a court-appointed agent. The agent shall give bond in an amount and with such surety as the court may direct, conditioned upon compliance with the orders of the court concerning the custody and disposition of the oil, gas, or product.

(4) Any person having an interest in oil, gas, or product described in order of seizure and contesting the right of the state to seize and sell the oil, gas, or product may obtain its
release prior to sale upon furnishing to the sheriff a bond approved by the court. The bond shall be in an amount equal to one hundred fifty percent of the market value of the oil, gas, or product to be released and shall be conditioned upon either redelivery to the sheriff of the released commodity or payment to the sheriff of its market value, if and when ordered by the court, and upon full compliance with further orders of the court.

(5) If the court, after a hearing upon a petition for the seizure and sale of oil, gas, or product, finds that the oil, gas, or product is contraband, the court shall order its sale by the sheriff in the same manner and upon the same notice of sale as provided by law for the sale of personal property on execution of judgment entered in a civil action, except that the court may order that the oil, gas, or product be sold in specified lots or portions and at specified intervals. Upon sale, title to the oil, gas, or product sold shall vest in the purchaser free of all claims, and it shall be legal oil, legal gas, or legal product in the hands of the purchaser.

(6) All proceeds, less costs of suit and expenses of sale, which are derived from the sale of illegal oil, illegal gas, or illegal product, and all amounts paid as penalties provided for by this chapter, shall be paid into the state treasury for the use of the committee in defraying its expenses in the same manner as other funds provided by law for the use of the committee. [1983 c 253 § 30.]

78.52.470 Objections to order—Hearing required—Modification of order. Any person adversely affected by any order of the committee may, within thirty days from the effective date of such order, apply for a hearing with respect to any matter determined therein. No cause for action arising out of any order of the committee shall accrue in any court to any person unless the person makes application for a hearing as herein provided. Such application shall set forth specifically the ground on which the applicant considers the order to be unlawful or unreasonable. No party shall, in any court, urge or rely upon any ground not set forth in said application. An order made in conformity to a decision arising from a hearing which abrogates, changes, or modifies the original order shall have the same force and effect as an original. Such hearing shall constitute an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act, and shall be conducted in accordance with its provisions. [1989 c 175 § 168; 1983 c 253 § 27; 1951 c 146 § 50.]

Effective date—1989 c 175: See note following RCW 34.05.010.

78.52.480 Appeal from order or decision—Rights of committee. In proceedings for review of an order or decision of the committee, the committee shall be a party to the proceedings and shall have all rights and privileges granted by this chapter to any other party to such proceedings. [1983 c 253 § 28; 1951 c 146 § 51.]

78.52.490 Appeal—How taken. Within thirty days after the application for a hearing is denied, or if the application is granted, then within thirty days after the rendition of the decision on the hearing, the applicant may apply to the superior court, at the petitioner’s option, for (a) Thurston county, (b) the county of petitioner’s residence or place of business, or (c) in any county where the property or property rights owned by the petitioner is located for a review of such rule, regulation, order or decision. The application for review shall be filed in the office of the clerk of the superior court of Thurston county and shall specifically state the grounds for review upon which the applicant relies and shall designate the rule, regulation, order or decision sought to be reviewed. The applicant shall immediately serve a certified copy of said application upon the executive secretary of the committee who shall immediately notify all parties who appeared in the proceedings before the committee that such application for review has been filed. In the event the court determines the review is solely for the purpose of determining the validity of a rule or regulation of general applicability the court shall transfer venue to Thurston county for a review of such rule or regulation in the manner provided for in RCW 34.05.538. [1983 c 253 § 32; 1951 c 146 § 52.]

78.52.530 Violations—Injunctions. Whenever it shall appear that any person is violating any provisions of this chapter, or any rule, regulation or order made by the committee hereunder, and if the committee cannot, without litigation, effectively prevent further violation, the committee may bring suit in the name of the state against such person in the superior court in the county of the residence of the defendant, or in the county of the residence of any defendant if there be more than one defendant, or in the county where the violation is alleged to have occurred, to restrain such person from continuing such violation. In such suit the committee may without bond obtain injunctions prohibitory and mandatory, including temporary restraining orders and preliminary injunctions, as the facts may warrant. [1951 c 146 § 56.]

78.52.540 Violations—Injunctions by private party. In the event the committee should fail to bring suit within thirty days to enjoin any apparent violation of this chapter, or of any rule, regulation or order made by the committee hereunder, then any person or party in interest adversely affected by such violation, who has requested the committee in writing to sue, may, to prevent any or further violation, bring suit for that purpose in the superior court of any county where the committee could have instituted such suit. If, in such suit, the court should hold that injunctive relief should be granted, then the state shall be made a party and shall be substituted for the person who brought the suit, and the injunction shall be issued as if the state had at all times been the complainant. [1951 c 146 § 57.]

78.52.550 Violations—Penalty. Every person who shall violate or knowingly aid and abet the violation of this chapter or any valid orders, rules and regulations issued thereunder, or who fails to perform any act which is herein made his duty to perform, shall be guilty of a gross misdemeanor. [1951 c 146 § 58.]

78.52.900 Short title. This chapter shall be known as the "Oil and Gas Conservation Act." [1951 c 146 § 2.]
78.52.910  Construction—1951 c 146. It is intended that the provisions of this chapter shall be liberally construed to accomplish the purposes authorized and provided for, or intended to be provided for by this chapter. [1951 c 146 § 59.]

78.52.920  Severability—1951 c 146. If any part or parts of this chapter, or the application thereof to any person or circumstances be held to be unconstitutional, such invalidity shall not affect the validity of the remaining portions of this chapter, or the application thereof to other persons or circumstances. The legislature hereby declares that it would have passed the remaining parts of this chapter if it had known that said invalid part or parts thereof would be declared unconstitutional. [1951 c 146 § 60.]

78.52.921  Severability—1983 c 253. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 253 § 34.]

The most recently made analysis shall be considered by the department of natural resources in making decisions as to whether to sell or lease state lands, standing timber or crops thereon, or minerals therein, including but not limited to oil and gas and other hydrocarbons, rocks, gravel and sand.

The economic analysis shall include, but shall not be limited to the following criteria: (1) Present and potential sale value; (2) present and probable future returns on the investment of permanent state funds; (3) probable future inflationary or deflationary trends; (4) present and probable future income from leases or the sale of land products; and (5) present and probable future tax income derivable therefrom specifically including additional state, local and other tax revenues from potential private development of land currently used primarily for grazing and other similar low priority use; such private development would include, but not be limited to, development as irrigated agricultural land.

State lands shall not be leased for a longer period than ten years: PROVIDED, That such lands may be leased for the purpose of prospecting for, developing and producing oil, gas and other hydrocarbon substances or for the mining of coal subject to the provisions of chapter 79.14 RCW and RCW 79.01.692. Such lands may be leased for commercial, industrial, business, or recreational purposes for any period not exceeding fifty-five years. Such lands may be leased for residential purposes for any period not to exceed ninety-nine years. If during the term of the lease of any state lands for agricultural, grazing, commercial, residential, business, or recreational purposes, in the opinion of the department it is in the best interest of the state so to do, the department may, on the application of the lessee and in agreement with the lessee, alter and amend the terms and conditions of such lease. Such plats shall be made in duplicate, and when properly authenticated by the department of natural resources, one copy thereof shall be filed in the office of the department and one copy in the office of the county auditor in which the lands are situated, and said auditor shall receive and file such plats without compensation or fees and make record thereof in the same manner as required by law for the filing and recording of other plats in his office.

79.01.132 Timber and valuable materials sold separately—Lump sum sales or scale sales—Time limit on removal—Reversion—Extensions, payment and interest—Direct sale to applicant without notice, when. When any timber, fallen timber, stone, gravel, or other valuable material on state lands is sold separate from the land, it may be sold as a lump sum sale or as a scale sale. Lump sum sales under five thousand dollars appraised value shall be paid for in cash. The initial deposits required in RCW 79.01.204, not to exceed twenty-five percent of the actual or projected purchase price, but in the case of lump sum sales over five thousand dollars not less than five thousand dollars, shall be made on the day of the sale, and in the case of those sales appraised below the amount specified in RCW 79.01.200, the department of natural resources may require full cash payment on the day of sale. The purchaser shall notify the department of natural resources before any timber is cut and before removal or processing of any valuable materials on the sale area, at which time the department of natural resources may require, in the amount determined by the department, advance payment for the removal, processing, and/or cutting of timber or other valuable materials, or bank letters of credit, payment bonds, or assignments of savings accounts acceptable to the department as adequate security. The amount of such advance payments and/or security shall at all times equal or exceed the value of timber cut and other valuable materials processed or removed until paid for. The initial deposit shall be maintained until all contract obligations of the purchaser are satisfied: PROVIDED HOWEVER, That all or a portion of said initial deposit may be applied as the final payment for said materials in the event the department of natural resources determines that adequate security exists for the performance or fulfillment of any remaining obligations of the purchaser under the sale contract.

The interest rate shall be fixed, from time to time, by rule adopted by the board of natural resources and shall not be less than six percent per annum. The applicable rate of interest as fixed at the date of sale and the maximum extension payment shall be set forth in the contract. The method for calculating the unpaid portion of the contract upon which such interest shall be paid by the purchaser shall be set forth in the contract. The department of natural resources shall pay into the state treasury all sums received for such extension and the same shall be credited to the fund to which was credited the original purchase price of the material so sold: AND PROVIDED FURTHER, That any sale of valuable materials of an appraised value of one thousand dollars or less may be sold directly to the applicant for cash at full appraised value without notice or advertising.

Each application made pursuant to this section shall set forth the estimated quantity and kind of materials desired to be removed and shall be accompanied by a map or plat showing the area from which the applicant wishes to remove such materials. The department of natural resources may in its discretion include in any contract entered into pursuant to this section, such terms and conditions protecting the interests of the state as it may require. The right of forfeiture shall be exercised by entry of a declaration of forfeiture in the records of the department of natural resources. The amount of rock, gravel, sand, or silt taken under the contract shall be reported monthly by the purchaser to the department of natural resources and payment therefor made on the basis of the royalty provided in the contract.

The department of natural resources may inspect and audit books, contracts and accounts of each person removing rock, gravel, sand, or silt pursuant to any such contract and make such other investigation and secure or receive any other evidence necessary to determine whether or not the state is being paid the full amount payable to it for the removal of such materials. The board shall be as follows: One member to be selected by the lessee and his expense shall be borne by the lessee; one member selected by the state and his expense shall be borne by the state; these members so selected shall mutually select a third member and his expenses shall be shared equally by the lessee and the state. The majority decision of this appraisal review board shall be binding on both parties. For this purpose "fair market value" is defined as: The highest price in terms of money which a property will bring in a competitive and open market under all conditions of a fair sale, the buyer and seller, each prudently knowledgeable and assuming the price is not affected by undue stimulus. All damages and wastes committed upon such lands and other obligations due from the lessee shall be deducted from the appraised value of the improvements: PROVIDED, That the department of natural resources on behalf of the respective trust may purchase at fair market value those improvements if it appears to be in the best interest of the state from the *RMCA of the general fund. Such lease shall provide for the payment to the state of a royalty, according to the grade of coal, for each ton of two thousand pounds of merchantable coal taken from the lands, as follows: For lignite coal of the class commonly found in Lewis and Thurston counties, not less than ten cents per ton; for subbituminous coal, not less than fifteen cents per ton; for high grade bituminous and coking coals, not less than twenty cents per ton; but such lease shall provide for the payment each year of a minimum royalty of not less than one nor more than ten dollars an acre for the lands covered thereby: PROVIDED, That the commissioner of public lands may agree with the lessee that said minimum royalty shall be graduated for the different years of said lease so that a lower minimum royalty shall be paid during the earlier years of the term. The minimum royalty fixed in the lease shall be paid in advance each year, and the lessee, at stated periods during the term of the lease, fixed by the commissioner, shall furnish to the commissioner of public lands a written report under oath showing the amount of merchantable coal taken from the land during the period covered by such report and shall remit therewith such sum in excess of the minimum royalty theretofore paid for the current year as may be payable as royalty for the period covered by such report.

The commissioner shall incorporate in every lease such provisions and conditions not inconsistent with the provisions of this chapter and not inconsistent with good coal mining practice as he shall deem necessary and proper for the protection of the state, and, in addition thereto, the commissioner shall be empowered to prescribe such rules and regulations, not inconsistent with this chapter and not inconsistent with good mining practice, governing the manner and methods of mining as in his judgment are necessary and proper. The commissioner of public lands may on the filing of such application cause the lands to be inspected, and if he deems it for the best interests of the state to re-lease said lands, he shall fix the royalties for the ensuing term in accordance with the foregoing provisions relating to original leases, and issue to the applicant a renewal lease for a further term; such application for a release when received from the lessee, or successor of any lessee, who has in good faith developed and improved the property in a substantial manner during his original lease to be given preference on equal terms against the application of any new applicant. If selling the timber is in the best interest of the trust, the department shall proceed to offer the timber for sale within a period not to exceed seven months from the date of first identifying the damaged timber. In determining if the sale is in the best interest of the trust the department shall consider the net value of the timber and relevant elements of the physical and social environment. If selling the timber is not in the best interest of the trust, the department shall not offer it for sale until such time as in the department’s determination it is in the trust’s best interest.

If elements of the physical or social environment extend the time required to prepare the timber for sale beyond seven months from the date of first identifying the damaged timber, the department shall prepare the timber for sale at the earliest time practicable. [1987 c 126 § 2.]

79.12.015 Amateur radio repeater stations—Legislative intent. The department of natural resources leases state lands and space on towers located on state lands to amateur radio operators for their repeater stations. These sites are necessary to maintain emergency communications for public safety and for use in disaster relief and search and rescue support.
The licensed amateur radio operators of the state provide thousands of hours of public communications service to the state every year. Their communication network spans the entire state, based in individual residences and linked across the state through a series of mountain-top repeater stations. The amateur radio operators install and maintain their radios and the electronic repeater stations at their own expense. The amateur radio operators who use their equipment to perform public services should not bear the sole responsibility for supporting the electronic repeater stations.

In recognition of the essential role performed by the amateur radio operators in emergency communications, the legislature intends to reduce the rental fee paid by the amateur radio operators while assuring the department of natural resources full market rental for the use of state-owned property. [1988 c 209 § 1.]

79.12.025 Amateur radio electronic repeater sites and units—Reduced rental rates—Frequencies. The department of natural resources shall determine the lease rate for amateur radio electronic repeater sites and units available for public service communication. For the first repeater unit placed at a department communication site by an amateur radio lessee eligible for a reduced rate under this section, the lessee shall pay fifty percent of the amateur radio rental established by the department. For any subsequent repeater unit placed at the same facility by an eligible amateur radio lessee, the lessee shall pay twenty-five percent of the rental established by the department.

The amateur radio regulatory authority approved by the federal communication commission shall assign the radio frequencies used by amateur radio lessees. The department shall develop guidelines to determine which lessees are to receive reduced rental fees as moneys are available by legislative appropriation to pay a portion of the rent for electronic repeaters operated by amateur radio operators. [1988 c 209 § 2.]

79.12.035 Retirement of interfund loans—Transfer of timber cutting rights on forest board purchase lands to the federal land grant trusts—Distribution of revenue from timber management activities. (1) The department of natural resources is authorized to:

(a) Determine the total present account balance with interest of the interfund loans made by the resource management cost account to the forest development account in accordance with generally accepted accounting principles;

(b) Subject to approval of the board of natural resources, effectuate a transfer of timber cutting rights on forest board purchase lands to the federal land grant trusts in such proportion that each trust receives full and fair market value for the interfund loans and is fully repaid or so much thereof as possible within distribution constraints described in subsection (2) of this section.

(2) After the effective date of the transfer authorized by subsection (1)(b) of this section and until the exercise of the cutting rights on the timber transferred has been fully satisfied, the distribution of revenue from timber management activities on forest board purchase lands on which cutting rights have been transferred shall be as follows:

(a) As determined by the board of natural resources, an amount no greater than thirty-three and three-tenths percent to be distributed to the federal land grant trust accounts and resource management cost account as directed by RCW 79.64.040 and 79.64.050;

(b) As determined by the board of natural resources, an amount not less than sixteen and seven-tenths percent to the forest development account;

(c) Fifty percent to be distributed as provided in RCW 76.12.120(2). [1988 c 70 § 3.]

Purpose—1988 c 70 § 3: "The purpose of RCW 79.12.035 is to provide a means to retire interfund loans authorized by RCW 79.64.030 from the resource management cost account to the forest development account. The resource management cost account is an asset of the federal land grant trusts. Section 3 of this act is intended to authorize a process by which the interfund loans may be repaid such that the federal land grant trusts will receive full fair market value without disruption in income to counties and the state general fund from management activities on state forest lands managed pursuant to chapter 79.12 RCW." [1988 c 70 § 2.]

79.12.095 Geothermal resources—Guidelines for development. In an effort to increase potential revenue to the geothermal account, the department of natural resources shall, by December 1, 1991, adopt rules providing guidelines and procedures for leasing state-owned land for the development of geothermal resources. [1991 c 76 § 3.]

Geothermal account: Chapter 43.140 RCW.

79.12.570 Share crop leases authorized—Terms—Application. The commissioner of public lands may lease state lands on a share crop basis. Share crop leases shall be on such terms and conditions and for such length of time, not to exceed ten years, as the commissioner may prescribe. Upon receipt of a written application to lease state lands, the commissioner shall make such investigations as he shall deem necessary and if he finds that such a lease would be advantageous to the state, he may proceed with the leasing of such lands on said basis as other state lands are leased. [1979 ex.s.c 109 § 20; 1961 c 73 § 10; 1949 c 203 § 1; Rem. Supp. 1949 § 7895-1.]

Reviser's note: This section does not apply to state tidelands, shorelands, harbor areas, and the beds of navigable waters. See RCW 79.01.093.

Severability—Effective date—1979 ex.s.c. 109: See notes following RCW 79.01.036.

79.12.600 Harvest, storage of crop—Notice—Warehouse receipts. When wheat, barley, rye, corn, other grain or peas are harvested, the lessee shall give written notice to the commissioner that the crop is being harvested, and shall also give to the commissioner the name and address of the warehouse or elevator to which such grain or peas are sold or in which such grain or peas will be stored. The lessee shall also serve on the owner of such warehouse or elevator a written copy of so much of the lease as shall show the percentage of division of the proceeds of such crop as between lessee and lessor. The owner of such warehouse or elevator shall make out two warehouse receipts, one receipt showing the percentage of grain or peas belonging to the state and the other showing the percentage of grain or peas belonging to the lessee, and the respective amounts thereof, and shall deliver to the commissioner the receipt for the state's percentage of such grain or peas within ten days
after he has received such instructions. [1949 c 203 § 4; Rem. Supp. 1949 § 7895-4.]

79.12.610 Sale, storage, or other disposition of crops. The commissioner shall sell the crops covered by the warehouse receipt and may comply with the provisions of any federal act or the regulation of any federal agency with relation to the storage or disposition of said grain or peas. [1977 c 20 § 1; 1949 c 203 § 5; Rem. Supp. 1949 § 7895-5.]

79.12.620 Insurance of crop—Division of cost. The lessee under any lease issued under the provisions of RCW 79.12.600 to 79.12.630 shall notify the commissioner of public lands as soon as an estimated yield of the crop can be obtained, such estimate to be immediately submitted to the commissioner, who is hereby authorized to insure the crop from loss by fire or hail. The cost of such insurance shall be paid by the state and lessee on the same basis as the crop returns to which each is entitled. [1949 c 203 § 6; Rem. Supp. 1949 § 7895-6.]

79.12.630 Application of other provisions to share crop leases. RCW 79.12.570 through 79.12.630 shall not repeal the provisions of the general leasing statutes of the state of Washington and all of the general provisions of such statutes with reference to filing of applications, deposits required therewith, forfeiture of deposits, cancellation of leases for noncompliance and general procedures shall apply to all leases issued under the provisions of RCW 79.12.570 through 79.12.630. [1949 c 203 § 7; Rem. Supp. 1949 § 7895-7.]

79.14.010 Definitions. Whenever used in this chapter, unless the context otherwise requires, words and terms shall have the meaning attributed to them herein:

(1) "Public lands": Lands and areas belonging to or held in trust by the state, including tide and submerged lands of the Pacific Ocean or any arm thereof and lands of every kind and nature including mineral rights reserved to the state.

(2) "Commissioner": The commissioner of public lands of the state of Washington. [1967 c 163 § 6; 1955 c 131 § 1. Prior: 1937 c 161 § 1. Formerly RCW 78.28.280.]

1967 c 163 adopted to implement Amendment 42—Severability—1967 c 163: See notes following RCW 64.16.005.

79.14.020 Leases authorized—Terms—Duration. The commissioner is authorized to lease public lands for the purpose of prospecting for, developing and producing oil, gas or other hydrocarbon substances. Each such lease is to be composed of not more than six hundred forty acres or an entire government surveyed section, except a lease on river bed, lake bed, tide and submerged lands which is to be composed of not more than one thousand nine hundred twenty acres. All leases shall contain such terms and conditions as may be prescribed by the rules and regulations adopted by the commissioner in accordance with the provisions of this chapter. Leases may be for an initial term of from five up to ten years and shall be extended for so long thereafter as lessee shall comply with one of the following conditions: (1) Prosecute development on the leased land with the due diligence of a prudent operator upon encountering oil, gas, or other hydrocarbon substances, (2) produce any of said substances from the leased lands, (3) engage in drilling, deepening, repairing, or redrilling any well thereon, or (4) participate in a unit plan to which the commissioner has consented under RCW 78.52.450. [1986 c 34 § 1; 1985 c 459 § 2; 1955 c 131 § 2. Prior: 1937 c 161 §§ 2, 3; 1927 c 255 §§ 175, 176. Formerly RCW 78.28.290.]

Severability—1985 c 459: See note following RCW 79.01.668.

79.14.030 Rental fees—Minimum royalties. The department of natural resources shall require as a prerequisite to the issuing of any lease a rental as set by the board of natural resources but not less than one dollar and twenty-five cents per acre or such prorated share of the rental per acre as the state's mineral rights ownership for the first year of such lease, payable in advance to the department of natural resources at the time the lease is awarded and a like rental annually in advance thereafter so long as such lease remains in force: PROVIDED, That such rental shall cease at such time as royalty accrues to the state from production from such lease. Commencing with the lease year beginning on or after oil, gas or other hydrocarbon substances are first produced in quantities deemed paying quantities by lessee on the land subject to such lease, lessee shall pay a minimum royalty as set by the board of natural resources but not less than five dollars per acre or fraction thereof or such prorated share of the rental per acre as the state's mineral rights ownership at the expiration of each year. Royalties payable by the lessee shall be the royalties from production as
provided for in RCW 79.14.070 or the minimum royalty provided herein, whichever is greater: PROVIDED, That if such lease is unitized, the minimum royalty shall be payable only on the leased acreage after production is obtained in such paying quantities from such lease. [1985 c 459 § 3; 1980 c 151 § 1; 1955 c 131 § 3. Prior: 1937 c 161 § 4; 1927 c 255 § 176. Formerly RCW 78.28.300.]

Severability—1985 c 459: See note following RCW 79.01.668.

79.14.040 Compensation to owners of private rights and to state for surface damage. No lessee shall commence any operation upon lands covered by his lease until such lessee has provided for compensation to owners of private rights therein according to law, or in lieu thereof, filed a surety bond with the commissioner in an amount sufficient in the opinion of the commissioner to cover such compensation until the amount of compensation is determined by agreement, arbitration or judicial decision and has provided for compensation to the state of Washington for damage to the surface rights of the state in accordance with the rules and regulations adopted by the commissioner. [1955 c 131 § 4. Prior: 1937 c 161 § 6; 1927 c 255 § 175. Formerly RCW 78.28.310.]

79.14.050 Drilling operations beyond lease term—Lease provisions. All leases shall provide that if oil, gas or other hydrocarbon substances are not encountered on or before the end of the initial term, the lease shall not terminate if the lessee is then prosecuting drilling operations on the leased lands with due diligence, in which event the same shall remain in force so long as lessee shall keep one string of tools in operation on the leased lands, allowing not to exceed ninety days between the completion of one well and the commencement of the next until such substances are encountered in quantities deemed paying quantities by lessee. All leases shall further provide that if oil, gas or other hydrocarbon substances in paying quantities shall have been discovered on the leased lands prior to the expiration of the initial term, then in the event at any time after the expiration of the initial term production on the leased land shall cease from any cause, the lease shall not terminate provided lessee resumes operations for the drilling of a well or the restoration of production within ninety days from such cessation. The lease shall remain in force during the prosecution of such operations, and if production results therefrom, then so long as production continues. [1985 c 459 § 4; 1955 c 131 § 5. Prior: 1937 c 161 § 7; 1927 c 255 § 180. Formerly RCW 78.28.320.]

Severability—1985 c 459: See note following RCW 79.01.668.

79.14.060 Surrender of lease—Liability. Every lessee shall have the option of surrendering his lease as to all or any portion or portions of the land covered thereby at any time and shall be relieved of all liability thereunder with respect to the land so surrendered except for monetary payments theretofore accrued and except for physical damage to the premises embraced by his lease which have been occasioned by his operations. [1955 c 131 § 6. Prior: 1937 c 161 §§ 8, 10. Formerly RCW 78.28.330.]

79.14.070 Royalties. All oil and gas leases issued pursuant to this chapter shall be upon a royalty of not less than twelve and one-half percent of the gross production of all oil, gas or other hydrocarbons produced and saved from the lands covered by such lease. [1955 c 131 § 7. Prior: 1937 c 161 § 9; 1927 c 255 § 176. Formerly RCW 78.28.340.]

79.14.080 Leases of land within a geologic structure. Oil and gas leases shall not be issued on unleased lands which have been classified by the commissioner as being within a known geologic structure of a producing oil or gas field, except as follows: Upon application of any person, the commissioner shall lease in areas not exceeding six hundred forty acres, at public auction, any or all unleased lands within such geologic structure to the person offering the greatest cash bonus therefor at such auction. Notice of the offer of such lands for lease will be given by publication in a newspaper of general circulation in Olympia, Washington, and in such other publications as the commissioner may authorize. The first publication shall be at least thirty days prior to the date of sale. [1955 c 131 § 8. Prior: 1937 c 161 §§ 5, 11. Formerly RCW 78.28.350.]

79.14.090 Cancellation or forfeiture of leases—New leases. The commissioner is hereby authorized to cancel any lease issued as provided herein for nonpayment of rentals or royalties or nonperformance by the lessee of any provision or requirement of the lease: PROVIDED, That before any such cancellation shall be made, the commissioner shall mail to the lessee by registered mail, addressed to the post office address of such lessee shown by the records of the office of the commissioner, a notice of intention to cancel such lease specifying the default for which the lease is subject to cancellation. If lessee shall, within thirty days after the mailing of said notice to the lessee, commence and thereafter diligently and in good faith prosecute the remedying of the default specified in such notice, then no cancellation of the lease shall be entered by the commissioner. Otherwise, the said cancellation shall be made and all rights of the lessee under the lease shall automatically terminate, except that lessee shall retain the right to continue its possession and operation of any well or wells in regard to which lessee is not in default: PROVIDED FURTHER, That failure to pay rental and royalty required under leases within the time prescribed therein shall automatically and without notice work a forfeiture of such leases and of all rights thereunder. Upon the expiration, forfeiture, or surrender of any lease, no new lease covering the lands or any of them embraced by such expired, forfeited, or surrendered lease, shall be issued for a period of ten days following the date of such expiration, forfeiture, or surrender. If more than one application for a lease covering such lands or any of them shall be made during such ten-day period the commissioner shall issue a lease to such lands or any of them to the person offering the greatest cash bonus for such lease at a public auction to be held at the time and place and in the manner as the commissioner shall by regulation prescribe. [1955 c 131 § 9. Prior: 1937 c 161 § 12; 1927 c 255 § 179. Formerly RCW 78.28.360.]
Cooperative or unit plans—Communization or drilling agreements. For the purpose of more properly conserving the natural resources of any oil or gas pool, field, or like area, lessees thereon and their representatives may unite with each other, or jointly or separately with others, in collectively adopting and operating under a cooperative or unit plan of development or operation of such pool, field, or like area, or any part thereof, whenever determined and certified by commissioner to be necessary or advisable in the public interest. The commissioner is thereunto authorized, in his discretion, with the consent of the holders of leases involved, in order to conform with the terms and conditions of any such cooperative or unit plan to establish, alter, change or revoke exploration, drilling, producing, rental, and royalty requirements of such leases with like consent on the part of the lessors, in connection with the institution and operation of any such cooperative or unit plan as he may deem necessary or proper to secure the proper protection of the public interest.

When separate tracts cannot be independently developed and operated in conformity with an established well spacing or development program, any lease or any portion thereof may be pooled with other lands, whether or not owned by the state of Washington under a communization or drilling agreement providing for an apportionment of production or royalties among the separate tracts of land comprising the drilling or spacing unit when determined by the commissioner to be in the public interest, and operations or production pursuant to such an agreement shall be deemed to be operations or production as to each such lease committed thereto.

The term of any lease that has become the subject of any cooperative or unit plan of development or operation of a pool, field, or like area, which plan has the approval of the commissioner, shall continue in force until the termination of such plan, and in the event such plan is terminated prior to the expiration of any such lease, the original term of such lease shall continue. Any lease under this chapter hereinafter committed to any such plan embracing lands that are in part within and in part outside of the area covered by any such plan, shall be segregated in separate leases as to the lands committed and the land not committed as of the effective date of unitization. [1955 c 131 § 10. Prior: 1937 c 161 § 14. Formerly RCW 78.28.370.]

Customary provisions in leases. The commissioner is authorized to insert in any lease issued under the provisions of this chapter such terms as are customary and proper for the protection of the rights of the state and of the lessee and of the owners of the surface of the leased lands not in conflict with the provisions of this chapter. [1955 c 131 § 11. Prior: 1937 c 161 § 15; 1927 c 255 § 178. Formerly RCW 78.28.380.]

Rules and regulations. The commissioner is required to prescribe and publish, for the information of the public, all reasonable rules and regulations necessary for carrying out the provisions of this chapter. He may amend or rescind any rule or regulation promulgated by him under the authority contained herein: PROVIDED, That no rule or regulation or amendment of the same or any order rescinding any rule or regulation shall become effective until after thirty days from the promulgation of the same by publication in a newspaper of general circulation published at the state capitol and shall take effect and be in force at times specified therein. All rules and regulations of the commissioner and all amendments or revocations of existing rules and regulations shall be recorded in an appropriate book or books, shall be adequately indexed, and shall be kept in the office of the commissioner and shall constitute a public record. Such rules and regulations of the commissioner shall be printed in pamphlet form and furnished to the public free of cost. [1955 c 131 § 12. Prior: 1937 c 161 § 16; 1927 c 255 § 178. Formerly RCW 78.28.390.]

Wells to be located minimum distance from boundaries—Exception. Each lease issued under this chapter shall provide that without the approval of the commissioner, no well shall be drilled on the lands demised thereby in such manner or at such location that the producing interval thereof shall be less than three hundred thirty feet from any of the outer boundaries of the demised lands, except that if the right to oil, gas or other hydrocarbons underlying adjoining lands be vested in private ownership, such approval shall not be required. [1955 c 131 § 13. Prior: 1937 c 161 § 17. Formerly RCW 78.28.400.]

Rights of way over public lands—Payment for timber. Any person granted a lease under the provisions of this chapter shall have a right of way over public lands, as provided by law, when necessary, for the drilling, recovering, saving and marketing of oil, gas or other hydrocarbons. Before any such right of way grant shall become effective, a written application for, and a plat showing the location of, such right of way, and the land necessary for the well site and drilling operations, with reference to adjoining lands, shall be filed with the commissioner. All timber on said right of way and the land necessary for the drilling operation, shall be appraised by the commissioner and paid for in money by the person to whom the lease is granted. [1955 c 131 § 18. Formerly RCW 78.28.410.]

Sales of timber—Rules. All sales of timber, as prescribed in this chapter, shall be made subject to the right, power and authority of the commissioner to prescribe rules and regulations governing the manner of the removal of the merchantable timber upon any lands embraced within any lease with the view of protecting the same and other timber against destruction or injury by fire or from other causes. Such rules or regulations shall be binding upon the lessee, his successors in interest, and shall be enforced by the commissioner. [1955 c 131 § 15. Prior: 1937 c 161 § 19. Formerly RCW 78.28.420.]

Development after discovery. After the discovery of oil, gas or other hydrocarbons in paying quantities, lessee shall proceed to develop the oil, gas or other hydrocarbons in the lands covered thereby through the drilling of such wells as will efficiently extract the oil, gas or other hydrocarbons therefrom and such development shall take into account the productiveness of the producing
horizon, the depth at which it occurs, the average cost of wells, the market requirements obtaining at any given time, and the maintenance of proper oil and gas ratios. [1955 c 131 § 16. Prior: 1937 c 161 § 20. Formerly RCW 78.28.430.]

79.14.170 Spacing and offsetting of wells. All leases shall contain such terms, conditions, and provisions as will protect the interests of the state with reference to spacing of wells for the purpose of offsetting any wells on privately owned lands. [1955 c 131 § 17. Prior: 1937 c 161 § 21. Formerly RCW 78.28.440.]

79.14.180 Lands may be withheld from leasing. Nothing contained in this chapter shall be construed as requiring the commissioner to offer any tract or tracts of land for lease; but the commissioner shall have power to withhold any tract or tracts from leasing for oil, gas or other hydrocarbons, if, in his judgment, the best interest of the state will be served by so doing. [1955 c 131 § 18. Prior: 1937 c 161 § 24. Formerly RCW 78.28.450.]

79.14.190 Payment of royalty share—Royalty in kind. The lessee shall pay to the commissioner the market value at the well of the state's royalty share of oil and other hydrocarbons except gas produced and saved and delivered by lessee from the lease. In lieu of receiving payment for the market value of the state's royalty share of oil, the commissioner may elect that such royalty share of oil be delivered in kind at the mouth of the wells into tanks provided by the commissioner. Lessee shall pay to the commissioner the state's royalty share of the sale price received by the lessee for gas produced and saved and sold from the lease. If such gas is not sold but is used by lessee for the manufacture of gasoline or other products, lessee shall pay to the commissioner the market value of the state's royalty share of the residue gas and other products, less a proper allowance for extraction costs. [1955 c 131 § 19. Prior: 1937 c 161 § 25. Formerly RCW 78.28.460.]

79.14.200 Prior permits validated—Relinquishment for new leases. All exploration permits issued by the commissioner prior to the *effective date of this chapter, which have not expired or been legally canceled for nonperformance by the permittees, are hereby declared to be valid and existing contracts with the state of Washington, according to their terms and provisions. The obligation of the state to conform to the terms and provisions of such permits is hereby recognized, and the commissioner is directed to accept and recognize all such permits according to their express terms and provisions. No repeal or amendment made by this chapter shall affect any right acquired under the law as it existed prior to such repeal or amendment, and such right shall be governed by the law in effect at time of its acquisition. Any permit recognized and confirmed by this section may be relinquished to the state by the permittee, and a new lease or, if such permit contains more than six hundred forty acres, new leases in the form provided for in this chapter, shall be issued in lieu of same and without bonus therefor; but the new lease or leases so issued shall be as provided for in this chapter and governed by the applicable provisions of this chapter instead of by the law in effect prior thereto. [1955 c 131 § 20. Prior: 1937 c 161 § 26. Formerly RCW 78.28.470.]

*Reviser's note: The "effective date of this chapter" was midnight, June 8, 1955; see preface 1955 session laws.

79.14.210 Assignments and subleases of leases. Any oil or gas lease issued under the authority of this chapter may be assigned or subleased as to all or part of the acreage included therein, subject to final approval by the commissioner, and as to either a divided or undivided interest therein to any person. Any assignment or sublease shall take effect as of the first day of the lease month following the date of filing with the commissioner: PROVIDED, HOWEVER, That the commissioner may, in his discretion, disapprove an assignment of a separate zone or deposit under any lease or of a part of a legal subdivision. Upon approval of any assignment or sublease, the assignee or sublessee shall be bound by the terms of the lease to the same extent as if such assignee or sublessee were the original lessee, any conditions in the assignment or sublease to the contrary notwithstanding. Any partial assignment of any lease shall segregate the assigned and retained portions thereof, and upon approval of such assignment by the commissioner, the assignor shall be released and discharged from all obligations thereafter accruing with respect to the assigned lands. [1955 c 131 § 21. Prior: 1937 c 161 § 27. Formerly RCW 78.28.480.]

79.14.220 Appeal from rulings of commissioner. Any applicant for a lease under this chapter, feeling himself aggrieved by any order or decision, rule or regulation of the commissioner of public lands, concerning the same, may appeal therefrom to the superior court of the county wherein such lands are situated, as provided by RCW 79.01.500. [1955 c 131 § 22. Prior: 1937 c 161 § 28. Formerly RCW 78.28.490.]

79.14.900 Severability—1955 c 131. If any provision or section of this chapter shall be adjudicated to be unconstitutional, such adjudication shall not affect the validity of this chapter as a whole or any part thereof not adjudicated unconstitutional. If any provision of this chapter, or the application of such provision to any person or circumstances is held unconstitutional, invalid or unenforceable, the remainder of this chapter or the application of such provision to persons or circumstances other than those as to which it is held unconstitutional, invalid or unenforceable, shall not be affected thereby. [1955 c 131 § 23. Formerly RCW 78.28.900.]

[1969 ex.s. c 272 § 1.]

79.24.652 Bonds authorized—Amount—Interest and maturity—Payable from certain revenues. In addition to any authority previously granted, the state capitol committee is authorized and directed to issue coupon or registered revenue bonds of the state in an amount not to exceed fifteen million dollars. The bonds may be sold in such manner and amounts, and in such denominations, at such times, at such price and shall bear interest at such rates and mature at such times as the state capitol committee shall determine by resolution. Both principal and interest shall be payable only from revenues hereafter received from leases and contracts of sale heretofore or hereafter made of lands, timber, and other products from the surface or beneath the surface of the lands granted to the state by the United States pursuant to the act of congress approved February 22, 1889, for capitol building purposes and from any parking revenues derived from state capitol parking facilities. [1969 ex.s. c 272 § 2.]

79.24.654 Maturities—Covenants—Section's provisions as contract with bond holders—Where payable. Bonds issued under RCW 79.24.650 through 79.24.668 shall mature at such time or times, and include such provisions for optional redemption, premiums, coverage, guarantees, and other covenants as in the opinion of the state capitol committee may be necessary. In issuing such bonds and including such provisions, the state capitol committee shall act for the state and all officers, departments and agencies thereof affected by such provisions, and the state and such other officers, departments and agencies shall adhere to and be bound by such covenants. As long as any of such bonds shall be outstanding, neither the state, nor any of its officers, departments, agencies or instrumentalities, shall divert any of the proceeds and revenues actually pledged to secure the payment of the bonds and interest thereon, and the provisions of this section shall restrict and limit the powers of the legislature of the state of Washington in respect to the matters herein mentioned as long as the bonds are outstanding and unpaid and shall constitute a contract to that effect for the benefit of the holders of all such bonds. The principal and interest of said bonds shall be payable at the office of the state treasurer, or at the office of the fiscal agent of the state in New York City at the option of the holder of any such bond or bonds. [1969 ex.s. c 272 § 3.]

The signature of the governor may be a facsimile printed upon the bonds and any coupons attached thereto shall be signed with the facsimile signature of said officials. Any of such bonds may be registered in the name of the holder upon presentation to the state treasurer, or at the fiscal agency of the state in New York City, as to principal alone, or as to both principal and interest, under such regulations as the treasurer may prescribe. [1969 ex.s. c 272 § 4.]

79.24.658 Payment of principal and interest—State building and parking bond redemption fund—Reserve—Owner's remedies—Disposition of proceeds of sale. For the purpose of paying the principal and interest of said bonds as the same shall become due, or as said bonds become callable at the option of the capitol committee, there is created a fund to be denominated the "state building and parking bond redemption fund". While any of said bonds remain outstanding and unpaid, it shall be the duty of the capitol committee on or before June 30th of each year to determine the amount that will be required for the redemption of bonds and the payment of interest during the next fiscal year, and certify said amount to the state treasurer in writing. The state treasurer shall forthwith and thereafter during that fiscal year and at least fifteen days prior to each interest and principal payment date deposit into the state building and parking bond redemption fund all receipts from any parking facilities and to the extent necessary from receipts from leases and contracts of sale heretofore or hereafter made of lands, timber, and other products from the surface or beneath the surface of the lands granted to the state by the United States pursuant to the act of congress until the amount certified to the treasurer by the capitol committee has accrued to the state building and parking bond redemption fund. Nothing in RCW 79.24.650 through 79.24.668 shall prohibit the use of such receipts from leases and contracts of sale for any other lawfully authorized purpose when not required for the redemption and payment of interest and meeting the covenant requirements of the bonds authorized herein.

In addition to certifying and providing for the annual amounts required to pay the principal and interest of said bonds, the capitol committee may, under such terms and conditions at such times and in such amounts as may be found necessary to insure the sale of said bonds, provide for additional payments into the state building and parking bond redemption fund to be held as a reserve to secure the payment of the principal and interest of such bonds.

The owner and holder of any of said bonds or the trustee for any of said bonds may by mandamus or other appropriate proceeding require and compel the deposit and payment of funds as directed herein.

The proceeds from the sale of the bonds hereby authorized shall be paid into the general fund—state building construction account. [1969 ex.s. c 272 § 5.]

79.24.660 Bonds as security and legal investment. Bonds authorized by RCW 79.24.650 through 79.24.668 shall be accepted by the state, counties, cities, towns, school districts, and other political subdivisions as security for the
deposit of any of their funds in any banking institution. Any officer of this state, or any county, city, town, school district, or other political subdivision may invest surplus funds, which he is authorized to invest in securities, and where such authorization is not limited or restricted as to the class of securities in which he may invest, in bonds issued under RCW 79.24.650 through 79.24.668. [1969 ex.s. c 272 § 6.]

79.24.662 Use of bond proceeds. Proceeds of the bonds issued hereunder shall be expended by the state capitol committee for the purposes enumerated in RCW 79.24.650. [1969 ex.s. c 272 § 7.]

Chapter 79.44

Title 79 RCW: Public Lands

79.44.020 State to be charged its proportion of cost—Construction of chapter. In all local improvement assessment districts in any assessing district in this state, property in such district, held or owned by the state shall be assessed and charged for its proportion of the cost of such local improvements in the same manner as other property in such district, it being the intention of this chapter that the state shall bear its just and equitable proportion of the cost of local improvements specially benefiting state lands: PROVIDED, That none of the provisions of this chapter shall have the effect, or be construed to have the effect, to alter or modify in any particular any existing lease of any lands or property owned by the state, or release or discharge any lessee of any such lands or property from any of the obligations, covenants or conditions of the contract under which any such lands or property are leased or held by any such lessee. [1963 c 20 § 3; 1919 c 164 § 2; RRS § 8126. Cf. 1909 c 154 § 5.]

79.44.030 Apportioning cost on leaseholds. Where state lands are under lease, the proportionate amounts to be assessed against the leasehold interest, and the fee simple interest of the state, shall be fixed with reference to the life of the improvement and the period for which said lease has yet to run. [1919 c 164 § 3; RRS § 8127. Cf. 1909 c 154 § 3; 1907 c 74 § 3.]

79.44.040 Notice to state of intention to improve, or impose assessment—Consent—Notice to port commission. Notice of the intention to make such improvement, or impose any assessment, together with the estimate of the amount to be charged to each lot, tract or parcel of land, or other property owned by the state to be assessed, shall be forwarded by registered or certified mail to the director of financial management and to the chief administrative officer of the agency of state government occupying, using, or having jurisdiction over such lands at least thirty days prior to the date fixed for hearing on the resolution or petition initiating said assessment. Such assessing district, shall not have jurisdiction to order such improvement as to the interest of the state in harbor areas and state tidelands until the written consent of the commissioner of public lands to the making of such improvement shall have been obtained, unless other means be provided for paying that portion of the cost which would otherwise be levied on the interest of the state of Washington in and to said tidelands, and nothing herein shall prevent the city from assessing the proportionate cost of said improvement against any leasehold, contractual or possessory interest in and to any tideland or harbor area owned by the state: PROVIDED, HOWEVER, That in the case of tidelands and harbor areas within the boundaries of any port district, notice of intention to make such improvement shall also be forwarded to the commissioners of said port district. [1989 c 243 § 14; 1979 c 151 § 177; 1963 c 20 § 4; 1919 c 164 § 4; RRS § 8128. Cf. 1909 c 154 § 6.]

79.44.050 Certification of roll—Penalties, interest. Upon the approval and confirmation of the assessment roll ordered by the proper authorities of any assessing district, the treasurer of such assessing district shall certify and forward to the director of financial management and to the
chief administrative officer of the agency of state government occupying, using, or having jurisdiction over the lands, in accordance with such rules and regulations as the director of financial management may provide, a statement of all the lots or parcels of land held or owned by the state and charged on such assessment roll, separately describing each such lot or parcel of the state’s land, with the amount of the local assessment charged against it, or the proportionate amount assessed against the fee simple interest of the state, in case said land has been leased. The chief administrative officer upon receipt of such statement shall cause a proper record to be made in his office of the cost of such assessment upon the lands occupied, used, or under the jurisdiction of his agency.

No penalty shall be provided or enforced against the state, and the interest upon such assessments shall be computed and paid at the rate paid by other property situated in the same assessing district. [1989 c 243 § 15; 1979 c 151 § 178; 1963 c 20 § 5; 1933 c 108 § 1; 1919 c 164 § 5; RRS § 8129. Cf. 1909 c 154 § 6; 1907 c 74 §§ 1, 2, 4, 5. ]

79.44.060 Payment procedure—State lands not subject to lien, exception. When the chief administrative officer of an agency of state government is satisfied that an assessing district has complied with all the conditions precedent to the levy of assessments for district purposes, pursuant to this chapter against state lands occupied, used, or under the jurisdiction of his agency, he shall pay them, together with any interest thereon from any funds specifically appropriated to his agency therefor or from any funds of his agency which under existing law have been or are required to be expended to pay assessments on a current basis. In all other cases, the chief administrative officer shall certify to the director of financial management that the assessment is one properly chargeable to the state. The director of financial management shall pay such assessments from funds available or appropriated to him for this purpose.

Except as provided in RCW 79.44.190 no lands of the state shall be subject to a lien for unpaid assessments, nor shall the interest of the state in any land be sold for unpaid assessments where assessment liens attached to the lands prior to state ownership. [1979 c 151 § 179; 1971 ex.s. c 116 § 2; 1963 c 20 § 6; 1947 c 205 § 1; Rem. Supp. 1947 § 8136a.]

79.44.070 Enforcement against lessee or contract holder. When any assessing district has made or caused to be made an assessment against such leasehold, contractual or possessory interest for any such local improvement, the treasurer of said assessing district shall immediately give notice to the director of financial management and to the chief administrative officer of the agency having jurisdiction over the lands. Said assessment shall become a lien against the leasehold, contractual or possessory interest in the same manner as the assessments on other property, and its collection may be enforced against such interests as provided by law for the enforcement of other local improvement assessments: PROVIDED, That said assessment shall not be made payable in installments unless the owner of such leasehold, contractual or possessory interest shall first file with such treasurer a satisfactory bond guaranteeing the payment of such installments as they become due. [1979 c 151 § 180; 1963 c 20 § 7; 1919 c 164 § 6; RRS § 8130. Cf. 1909 c 154 § 2.]

79.44.080 Foreclosure against leasehold or contract interest—Cancellation of lease or contract. Whenever any assessing district shall have foreclosed the lien of any such delinquent assessments, as provided by law, and shall have obtained title to such leasehold, contractual or possessory interest, the director of financial management and the chief administrative officer of the agency having jurisdiction over the lands shall be notified by registered or certified mail of such action and furnished a statement of all assessments against such leasehold, contractual or possessory interest, and the chief administrative officer or director of financial management shall cause the amount of such assessments to be paid as provided in RCW 79.44.060, and upon the receipt of an assignment from such assessing district, the chief administrative officer shall cancel such lease or contract: PROVIDED, HOWEVER, That unless the assessing district making said local improvement and levying said special assessment shall have used due diligence in the foreclosure thereof, the chief administrative officer and the director of financial management shall not be required to pay any sum in excess of what they deem to be the special benefits accruing to the state’s reversionary interest in said property: AND PROVIDED FURTHER, That if such delinquent assessment or installment shall be against a leasehold interest in fresh water harbor areas within a port district, the chief administrative officer shall notify the commissioners of said port district of the receipt of such assignment, and said commissioners shall forthwith cancel such lease. [1979 c 151 § 181; 1963 c 20 § 8; 1919 c 164 § 7; RRS § 8131.]

79.44.090 Payment by state after forfeiture of lease or contract. If by reason of default in the payment of rentals or installments, or other causes, the state shall cancel any lease or contract against which assessments have been levied as herein provided, the chief administrative officer of the agency having jurisdiction over the lands shall cause such assessments or installments as shall fall due subsequent to the cancellation of said contract or leasehold interest to be paid as provided in RCW 79.44.060, the same as if the assessments or installments thereof had been levied on the state’s interest in said lands. [1963 c 20 § 9; 1919 c 164 § 8; RRS § 8132.]

79.44.095 Assessments paid by state to be added to purchase price of land. When any land, other than lands occupied and used in connection with state institutions, owned or held by the state within incorporated cities, towns, diking, drainage or port districts in this state, against which local improvement assessments have been paid, as herein provided for, is offered for sale, there shall be added to the appraised value of such land, as provided by law, such portion of the local improvement assessment paid by the state as shall be deemed to represent the value added to such lands by such improvement for the purpose of sale, which amount so added shall be paid by the purchaser in cash at the time of the sale of said land, in addition to the amounts otherwise due to the state for said land, and no deed shall be
79.44.100 Assignment of lease or contract to purchaser at foreclosure sale. Whenever any such tide, state, school, granted or other public lands situated within the limits of any assessing district, has been included within any local improvement district by such assessing district, and the contract, leasehold or other interest of any individual has been sold to satisfy the lien of such assessment for local improvement, the purchaser of such interest at such sale shall be entitled to receive from the state of Washington, on demand, an assignment of the contract, leasehold or other interest purchased by him, and shall assume, subject to the terms and conditions of the contract or lease, the payment to the state of the amount of the balance which his predecessor in interest was obligated to pay. [1963 c 20 § 10; 1919 c 164 § 10; RRS § 8134. Cf. 1909 c 154 § 10.]

79.44.120 When assessments need not be added in certain cases. Whenever any state school, granted, tide or other public lands of the state shall have been charged with local improvement assessments under any local improvement assessment district in any incorporated city, town, irrigation, diking, drainage, port, weed or pest district, or any other district now authorized by law to levy assessments against state lands, where such assessments are required under existing statutes to be returned to the fund of the state treasury from which said assessments were originally paid, the commissioner of public lands may, and he is hereby authorized, to sell such lands for their appraised valuation without regard to such assessments, anything to the contrary in the existing statutes notwithstanding: PROVIDED, That nothing herein contained shall be construed to alter in any way any existing statute providing for the method of procedure in levying assessments against state lands in any of such local improvement assessment districts. [1937 c 80 § 1; RRS § 7797-192a.]

79.44.130 Local provisions superseded. The provisions of this chapter shall apply to all assessing districts as herein defined, any charter or ordinance provisions to the contrary notwithstanding. [1963 c 20 § 11; 1919 c 164 § 11; RRS § 8135. Cf. 1909 c 154 § 8.]

79.44.140 Application of chapter—Eminent domain assessments. The provisions of this chapter shall apply to all local improvements initiated after June 11, 1919, including assessments to pay the cost and expense of taking and damaging property by the power of eminent domain, as provided by law: PROVIDED, That in case of eminent domain assessments, it shall not be necessary to forward notice of the intention to make such improvement, but the eminent domain commissioners, authorized to make such assessment, shall, at the time of filing the assessment roll with the court in the manner provided by law, forward by registered or certified mail to the director of financial management and to the chief administrative officer of the agency using, occupying or having jurisdiction over the lands a notice of such assessment, and of the day fixed by the court for the hearing thereof: PROVIDED, That no assessment against the state's interest in tidelands or harbor areas shall be binding against the state if the commissioner of public lands shall file a disapproval of the same in court before judgment confirming the lien. [1979 c 151 § 183; 1963 c 20 § 12; 1919 c 164 § 12; RRS § 8136.]

79.44.180 Director of financial management to adopt rules and regulations. The director of financial management shall adopt rules and regulations:

1. Governing the preparation, certification, and submission of all notices and statements required by chapter 79.44 RCW as now or hereafter amended;

2. Authorizing and prescribing additional reports, records, and information necessary to achieve budgetary objectives in accordance with chapter 43.88 RCW and any appropriation hereafter made;

3. Assuring the payment of all assessments properly chargeable to the state; and

79.44.190 Acquisition of property by state or political subdivision which is subject to unpaid assessments or delinquencies—Payment of lien or installments. When real property subject to an unpaid special assessment for a local improvement levied by any political subdivision of the state authorized to form local improvement or utility local improvement districts is acquired by purchase or condemnation by the state or any political subdivision thereof, including but not limited to any special purpose district, the property so acquired shall continue to be subject to the assessment lien. An assessment lien or installment thereof, delinquent at the time of such acquisition shall be paid at the time of acquisition, and the amount thereof, including any accrued interest and delinquent penalties, shall be withheld from the purchase price or condemnation award by the public body acquiring the property and shall be paid immediately to the county, city, or town treasurer, whichever is applicable, in payment of and discharge of such delinquent installment lien. Any installment or installments not delinquent at the time of acquisition shall become due and payable in such year and at such date as said installment would have become due if such property had not been so acquired: PROVIDED, That where such property is acquired by the state of Washington, the balance of the assessment shall be paid in full at the time of acquisition.

For the purpose of this section, the "time of acquisition" shall mean the date of completion of the sale, date of condemnation verdict, date of the order of immediate possession and use pursuant to RCW 80.04.090, or the date of judgment, if not tried to a jury. [1971 ex.s. c 116 § 1.]

The department shall reserve the right to reject any and all bids if the intent of this chapter will not be carried out. Permanency of local communities and industries, prospects of fulfillment of contract requirements, and financial position of the bidder shall all be factors included in this decision. 79.66.010 Legislative finding. The legislature finds that from time to time it may be desirable for the department of natural resources to sell state lands which have low potential for natural resource management or low income-generating potential or which, because of geographic location or other factors, are inefficient for the department to manage. However, it is also important to acquire lands for long-term management to replace those sold so that the publicly owned land base will not be depleted and the publicly owned forest land base will not be reduced. The purpose of this chapter is to provide a means to facilitate such sales and purchases so that the diversity of public uses on the trust lands will be maintained. In making the determinations, the department shall comply with local land use plans and applicable growth management principles. [1984 c 222 § 1; 1977 ex.s. c 109 § 1.]

79.66.020 Land bank—Created—Purchase of property authorized. The department of natural resources, with the approval of the board of natural resources, may purchase property at fair market value to be held in a land bank, which is hereby created within the department. Property so purchased shall be property which would be desirable for addition to the public lands of the state because of the potential for natural resource or income production of the property. The total acreage held in the land bank shall not exceed one thousand five hundred acres. [1984 c 222 § 2; 1977 ex.s. c 109 § 2.]

79.66.030 Exchange or sale of property held in land bank. The department of natural resources, with the approval of the board of natural resources, may:

(1) Exchange property held in the land bank for any other public lands of equal value administered by the department of natural resources, including any lands held in trust.

(2) Exchange property held in the land bank for property of equal or greater value which is owned publicly or privately, and which has greater potential for natural resource or income production or which could be more efficiently managed by the department, however, no power of eminent domain is hereby granted to the department; and

(3) Sell property held in the land bank in the manner provided by law for the sale of state lands without any requirement of platting and to use the proceeds to acquire property for the land bank which has greater potential for natural resource or income production or which would be more efficiently managed by the department. [1984 c 222 § 3; 1977 ex.s. c 109 § 3.]
79.66.040 Management of property held in land bank. The department of natural resources may manage the property held in the land bank as provided in RCW 79.01.612: PROVIDED, That such properties or interest in such properties shall not be withdrawn, exchanged, transferred, or sold without first obtaining payment of the fair market value of the property or interest therein or obtaining property of equal value in exchange. [1984 c 222 § 4; 1977 ex.s. c 109 § 4.]

79.66.050 Appropriation of funds from forest development account or resource management cost account—Use of income. The legislature may authorize appropriation of funds from the forest development account or the resource management cost account for the purposes of this chapter. Income from the sale or management of property in the land bank shall be returned as a recovered expense to the forest development account or the resource management cost account and may be used to acquire property under RCW 79.66.020. [1984 c 222 § 5; 1977 ex.s. c 109 § 5.]

Forest development account: RCW 76.12.110.
Resource management cost account: RCW 79.64.020.

79.66.060 Reimbursement for costs and expenses. The department of natural resources shall be reimbursed for actual costs and expenses incurred in managing and administering the land bank program under this chapter from the forest development account or the resource management cost account in an amount not to exceed the limits provided in RCW 79.64.040. Reimbursement from proceeds of sales shall be limited to marketing costs provided in RCW 79.01.612. [1984 c 222 § 6.]

79.66.070 Land bank technical advisory committee. (1) There is created a land bank technical advisory committee, consisting of three members. Membership shall consist of: One member qualified by experience and training in matters pertaining to land use planning and real estate appointed by the commissioner of public lands, one member qualified by experience and training in public trust matters appointed by the superintendent of public instruction, and one member qualified by experience and training in financial matters appointed by the state treasurer.

(2) The technical advisory committee shall provide professional advice and counsel to the board of natural resources regarding land bank sales, purchases, and exchanges involving urban property.

(3) Members of the technical advisory committee shall be appointed for five-year terms and shall serve until a successor is appointed. In the case of a vacancy the vacancy shall be filled by the appointing authority. The initial term of the appointee of the commissioner shall expire in three years. The initial term of the appointee of the superintendent shall expire in four years. The initial term of the appointee of the treasurer shall expire in five years. All terms expire December 31.

(4) Members of the technical advisory committee shall be reimbursed for travel expenses incurred in the performance of their duties under RCW 43.03.050 and 43.03.060. [1984 c 222 § 7.]

79.66.080 Identification of trust lands expected to convert to commercial, residential, or industrial uses—Hearing—Notice—Designation as urban lands. Periodically, at intervals to be determined by the board of natural resources, the department of natural resources shall identify trust lands which are expected to convert to commercial, residential, or industrial uses within ten years. The department shall adhere to existing local comprehensive plans, zoning classifications, and duly adopted local policies when making this identification and determining the fair market value of the property.

The department shall hold a public hearing on the proposal in the county where the state land is located. At least fifteen days but not more than thirty days before the hearing, the department shall publish a public notice of reasonable size in display advertising form, setting forth the date, time, and place of the hearing, at least once in one or more daily newspapers of general circulation in the county and at least once in one or more weekly newspapers circulated in the area where the trust land is located. At the same time that the published notice is given, the department shall give written notice of the hearings to the departments of fisheries, wildlife, and general administration, to the parks and recreation commission, and to the county, city, or town in which the property is situated. The department shall disseminate a news release pertaining to the hearing among printed and electronic media in the area where the trust land is located. The public notice and news release also shall identify trust lands in the area which are expected to convert to commercial, residential, or industrial uses within ten years.

A summary of the testimony presented at the hearings shall be prepared for the board's consideration. The board of natural resources shall designate trust lands which are expected to convert to commercial, residential, or industrial uses as urban land. Descriptions of lands designated by the board shall be made available to the county and city or town in which the land is situated and for public inspection and copying at the department's administrative office in Olympia, Washington and at each area office.

The hearing and notice requirements of this section apply to those trust lands which have been identified by the department prior to July 1, 1984, as being expected to convert to commercial, residential, or industrial uses within the next ten years, and which have not been sold or exchanged prior to July 1, 1984. [1988 c 36 § 53; 1984 c 222 § 8.]

79.66.090 Exchange of urban land for land bank land—Purchase by county, city, town, or state agency. If the department of natural resources determines to exchange urban land for land bank land, the county, city, or town in which the land is situated, and state agencies, shall be notified in writing of the determination. The county, city, town, or state agency has sixty days from the date of notice by the department to submit an application to purchase the land and shall be afforded an opportunity of up to one year, as determined by the board of natural resources, to purchase the land from the land bank at fair market value. The board of natural resources, if it deems it in the best interest of the state, may extend the period under terms and conditions as
the board determines. If competing applications are received from governmental entities, the board shall select the application which results in the highest monetary value. [1984 c 222 § 9.]

79.66.100 Lands for commercial, industrial, or residential use—Payment of in-lieu of property tax—Distribution. Lands purchased by the department of natural resources for commercial, industrial, or residential use shall be subject to payment of in-lieu of real property tax for the period in which they are held in the land bank. The in-lieu payment shall be equal to the property taxes which would otherwise be paid if the land remained subject to the tax. Payment shall be made at the end of the calendar year to the county in which the land is located. If a parcel is not held in the land bank for the entire year, the in-lieu payment shall be reduced proportionately to reflect only that period of time in which the land was held in the land bank. The county treasurer shall distribute the in-lieu payments proportionately in accordance with RCW 84.56.230 as though such moneys were receipts from ad valorem property taxes. [1984 c 222 § 10.]

79.66.900 Severability—1984 c 222. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1984 c 222 § 15.]

79.66.901 Effective date—1984 c 222. This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect July 1, 1984. [1984 c 222 § 16.]

79.68.010 Concept to be utilized, when. The legislature hereby directs that a multiple use concept be utilized by the department of natural resources in the management and administration of state-owned lands under the jurisdiction of the department where such a concept is in the best interests of the state and the general welfare of the citizens thereof, and is consistent with the applicable trust provisions of the various lands involved. [1971 ex.s. c 234 § 1.]

79.68.020 "Multiple use" defined. "Multiple use" as used in RCW 79.01.128, 79.44.003 and this chapter shall mean the management and administration of state-owned lands under the jurisdiction of the department of natural resources to provide for several uses simultaneously on a single tract and/or planned rotation of one or more uses on and between specific portions of the total ownership consistent with the provisions of RCW 79.68.010. [1971 ex.s. c 234 § 2.]

79.68.030 "Sustained yield plans" defined. "Sustained yield plans" as used in RCW 79.01.128, 79.44.003 and this chapter shall mean management of the forest to provide harvesting on a continuing basis without major prolonged curtailment or cessation of harvest. [1971 ex.s. c 234 § 3.]

79.68.035 Definitions. Unless the context clearly requires otherwise the definitions in this section apply throughout this chapter.
(1) "Arrearage" means the summation of the annual sustainable harvest timber volume since July 1, 1979, less the sum of state timber sales contract default volume and the state timber sales volume deficit since July 1, 1979.
(2) "Default" means the volume of timber remaining when a contractor fails to meet the terms of the sales contract on the completion date of the contract or any extension thereof and timber returned to the state under RCW 79.01.1335.
(3) "Deficit" means the summation of the difference between the department’s annual planned sales program volume and the actual timber volume sold.
(4) "Planning decade" means the ten-year period covered in the forest land management plan adopted by the board of natural resources.
(5) "Sustainable harvest level" means the volume of timber scheduled for sale from state-owned lands during a planning decade as calculated by the department of natural resources and approved by the board of natural resources. [1987 c 159 § 2.]

Legislative findings—1987 c 159: "Adequately funding construction of the state’s educational facilities represents one of the highest priority uses of state-owned lands. Many existing facilities need replacement and many additional facilities will be needed by the year 2000 to house students entering the educational system. The sale of timber from state-owned lands plays a key role in supporting the construction of school facilities. Currently and in the future, demands for school construction funds are expected to exceed available revenues.

The department of natural resources sells timber on a sustained yield basis. Since 1980, purchasers defaulted on sales contracts affecting over one billion one hundred million board feet of timber. Between 1981 and 1983, the department sold six hundred million board feet of timber less than the sustainable harvest level. As a consequence of the two actions, the
department entered their 1984-1993 planning decade with a timber sale arrearage which could be sold without adversely affecting the continued productivity of the state-owned forests." [1987 c 159 § 1.]

79.68.040 Department to periodically adjust acresages under sustained yield management program—Calculation of sustainable harvest level. The department of natural resources shall manage the state-owned lands under its jurisdiction which are primarily valuable for the purpose of growing forest crops on a sustained yield basis insofar as compatible with other statutory directives. To this end, the department shall periodically adjust the acresages designated for inclusion in the sustained yield management program and calculate a sustainable harvest level. [1987 c 159 § 3; 1971 ex.s. c 234 § 4.]

Legislative findings—1987 c 159: See note following RCW 79.68.035.

79.68.045 Existence of arrearage at end of planning decade—Analysis of alternative courses of action—Sale of arrearage. If an arrearage exists at the end of any planning decade, the department shall conduct an analysis of alternatives to determine the course of action regarding the arrearage which provides the greatest return to the trusts based upon economic conditions then existing and forecast, as well as impacts on the environment of harvesting the additional timber. The department shall offer for sale the arrearage in addition to the sustainable harvest level adopted by the board of natural resources for the next planning decade if the analysis determined doing so will provide the greatest return to the trusts. [1987 c 159 § 4.]

Legislative findings—1987 c 159: See note following RCW 79.68.035.

79.68.050 Multiple uses compatible with financial obligations of trust management—Other uses permitted, when. Multiple uses additional to and compatible with those basic activities necessary to fulfill the financial obligations of trust management may include but are not limited to:

1. Recreational areas;
2. Recreational trails for both vehicular and nonvehicular uses;
3. Special educational or scientific studies;
4. Experimental programs by the various public agencies;
5. Special events;
6. Hunting and fishing and other sports activities;
7. Maintenance of scenic areas;
8. Maintenance of historical sites;
9. Municipal or other public watershed protection;
10. Greenbelt areas;
11. Public rights of way;
12. Other uses or activities by public agencies;

If such additional uses are not compatible with the financial obligations in the management of trust land they may be permitted only if there is compensation from such uses satisfying the financial obligations. [1987 c 472 § 12; 1971 ex.s. c 234 § 7.]

Severability—1987 c 472: See RCW 79.71.900.

79.68.070 Scope of department’s authorized activities. The department of natural resources is hereby authorized to carry out all activities necessary to achieve the purposes of RCW 79.01.128, 79.44.003 and this chapter, including, but not limited to:

[1987 c 472 § 8.]

79.68.080 Fostering use of aquatic environment—Limitation. The department of natural resources shall foster the commercial and recreational use of the aquatic environment for production of food, fibre, income, and public enjoyment from state-owned aquatic lands under its jurisdiction and from associated waters, and to this end the department may develop and improve production and harvesting of seaweeds and sealife attached to or growing on aquatic land or contained in aquaculture containers, but nothing in this section shall alter the responsibility of other state agencies for their normal management of fish, shellfish, game and water. [1971 ex.s. c 234 § 8.]

79.68.090 Multiple use land resource allocation plan—Adoption—Factors considered. The department of natural resources may adopt a multiple use land resource allocation plan for all or portions of the lands under its jurisdiction providing for the identification and establishment

[Title 79 RCW—page 64]
of areas of land uses and identifying those uses which are best suited to achieve the purposes of RCW 79.01.128, 79.44.003 and this chapter. Such plans shall take into consideration the various ecological conditions, elevations, soils, natural features, vegetative cover, climate, geographical location, values, public use potential, accessibility, economic uses, recreational potentials, local and regional land use plans or zones, local, regional, state and federal comprehensive land use plans or studies, and all other factors necessary to achieve the purposes of RCW 79.01.128, 79.44.003 and this chapter. [1971 ex.s. c 234 § 9.]

79.68.100 Conferring with other agencies—Public hearings authorized. 79.68.110 Compliance with local ordinances, when. The department of natural resources may comply with county or municipal zoning ordinances, laws, rules or regulations affecting the use of state lands under the jurisdiction of the department of natural resources where such regulations are consistent with the treatment of similar private lands. [1971 ex.s. c 234 § 13.]

79.68.120 Land use data bank—Contents, source—Consultants authorized—Use. (1) The department of natural resources shall design expansion of its land use data bank to include additional information that will assist in the formulation, evaluation, and updating of intermediate and long-range goals and policies for land use, population growth and distribution, urban expansion, open space, resource preservation and utilization, and other factors which shape state-wide development patterns and significantly influence the quality of the state’s environment. The system shall be designed to permit inclusion of other lands in the state and will do so as financing and time permit.

(2) Such data bank shall contain any information relevant to the future growth of agriculture, forestry, industry, business, residential communities, and recreation; the wise use of land and other natural resources which are in accordance with their character and adaptability; the conservation and protection of the soil, air, water, and forest resources; the protection of the beauty of the landscape; and the promotion of the efficient and economical uses of public resources.

The information shall be assembled from all possible sources, including but not limited to, the federal government and its agencies, all state agencies, all political subdivisions of the state, all state operated universities and colleges, and any source in the private sector. All state agencies, all political subdivisions of the state, and all state universities and colleges are directed to cooperate to the fullest extent in the collection of data in their possession. Information shall be collected on all areas of the state but collection may emphasize one region at a time.

(3) The data bank shall make maximum use of computerized or other advanced data storage and retrieval methods. The department is authorized to engage consultants in data processing to ensure that the data bank will be as complete and efficient as possible.

(4) The data shall be made available for use by any governmental agency, research organization, university or college, private organization or private person as a tool to evaluate the range of alternatives in land and resource planning in the state. [1971 ex.s. c 234 § 16.]

79.68.900 Department’s existing authority and powers preserved. Nothing in RCW 79.01.128, 79.44.003 and this chapter shall be construed to affect or repeal any existing authority or powers of the department of natural resources in the management or administration of the lands under its jurisdiction. [1971 ex.s. c 234 § 12.]

79.68.910 Existing withdrawals for state park and state game purposes preserved. Nothing in RCW 79.01.128, 79.44.003 and this chapter shall be construed to affect, amend, or repeal any existing withdrawal of public lands for state park or state game purposes. [1971 ex.s. c 234 § 15.]

79.70.010 Purpose. The purpose of this chapter is to establish a state system of natural area preserves and a means whereby the preservation of these aquatic and land areas can be accomplished.

All areas within the state, except those which are expressly dedicated by law for preservation and protection in their natural condition, are subject to alteration by human activity. Natural lands, together with the plants and animals living thereon in natural ecological systems, are valuable for the purposes of scientific research, teaching, as habitats of rare and vanishing species, as places of natural historic and natural interest and scenic beauty, and as living museums of the original heritage of the state.

It is, therefore, the public policy of the state of Washington to secure for the people of present and future generations the benefit of an enduring resource of natural areas by establishing a system of natural area preserves, and to provide for the protection of these natural areas. [1972 ex.s. c 119 § 1.]

(1992 Ed.)

97.70.030 Powers of department. In order to set aside, preserve and protect natural areas within the state, the department is authorized, in addition to any other powers, to:
(1) Establish by rule and regulation the criteria for selection, acquisition, management, protection and use of such natural areas;
(2) Cooperate or contract with any federal, state, or local governmental agency, private organizations or individuals in carrying out the purpose of this chapter;

(4) Acquire by gift, devise, grant or donation any personal property to be used in the acquisition and/or management of natural areas;
(5) Inventory existing public, state and private lands in cooperation with the council to assess possible natural areas to be preserved within the state;
(6) Maintain a natural heritage program to provide assistance in the selection and nomination of areas containing natural heritage resources for registration or dedication. The program shall maintain a classification of natural heritage resources, an inventory of their locations, and a data bank for such information. The department of natural resources shall cooperate with the department of wildlife in the selection and nomination of areas from the data bank that relate to critical wildlife habitats. Information from the data bank shall be made available to public and private agencies and individuals for environmental assessment and proprietary land management purposes. Usage of the classification, inventory or data bank of natural heritage resources for any purpose inconsistent with the natural heritage program is not authorized;
(7) Prepare a natural heritage plan which shall govern the natural heritage program in the conduct of activities to create and manage a system of natural areas which may include areas designated under the research natural area program on federal lands in the state;

(c) Upon approval by the council and adoption by the department, the plan shall be updated and submitted biennially to the appropriate committees of the legislature for their information and review. The plan shall take effect ninety days after the adjournment of the legislative session in which it is submitted unless the reviewing committees suggest changes or reject the plan and
(8) Maintain a state register of natural areas containing significant natural heritage resources to be called the Washington register of natural area preserves. Selection of natural areas for registration shall be in accordance with criteria listed in the natural heritage plan and accomplished through voluntary agreement between the owner of the natural area and the department. No privately owned lands may be proposed to the council for registration without prior notice to the owner or registered without voluntary consent of the owner. (a) The department shall adopt rules and regulations as authorized by RCW 43.30.310 and 79.70.030(1) and chapter 34.05 RCW relating to voluntary natural area registration.
(b) After approval by the council, the department may place sites onto the register or remove sites from the register.
(c) The responsibility for management of registered natural area preserves shall be with the preserve owner. A voluntary management agreement may be developed between the department and the owners of the sites on the register.
(d) Any public agency may register lands under provisions of this chapter. [1988 c 36 § 54; 1981 c 189 § 3; 1972 ex.s. c 119 § 3.]

97.70.040 Powers as to transactions involving public lands deemed natural areas—Alienation of lands designated natural area preserves. The department is further authorized to purchase, lease, set aside or exchange any public land or state-owned trust lands which are deemed to be natural areas: PROVIDED, That the appropriate state land trust receives the fair market value for any interests that
are disposed of: PROVIDED, FURTHER, That such transactions are approved by the board of natural resources. An area consisting of public land or state-owned trust lands designated as a natural area preserve shall be held in trust and shall not be alienated except to another public use upon a finding by the department of natural resources of imperative and unavoidable public necessity. [1972 ex.s. c 119 § 4.]

79.70.060 Legislative findings—Natural heritage resources. The legislature finds:

(1) That it is necessary to establish a process and means for public and private sector cooperation in the development of a system of natural areas. Private and public landowners should be encouraged to participate in a program of natural area establishment which will benefit all citizens of the state;

(2) That there is a need for a systematic and accessible means for providing information concerning the locations of the state’s natural heritage resources; and

(3) That the natural heritage advisory council should utilize a specific framework for natural heritage resource conservation decision making through a classification, inventory, priority establishment, acquisition, and management process known as the natural heritage program. Future natural areas should avoid unnecessary duplication of already protected natural heritage resources including those which may already be protected in existing publicly owned or privately dedicated lands such as nature preserves, natural areas, parks, or wilderness. [1981 c 189 § 2.]

79.70.070 Natural heritage advisory council. (1) The natural heritage advisory council is hereby established. The council shall consist of fifteen members, nine of whom shall be chosen as follows and who shall elect from the council’s membership a chairperson:

(a) Five individuals, appointed by the commissioner, who shall be recognized experts in the ecology of natural areas and represent the public, academic, and private sectors. Desirable fields of expertise are biological and geological sciences; and

(b) Four individuals, appointed by the commissioner, who shall be selected from the various regions of the state. At least one member shall be or represent a private forest landowner and at least one member shall be or represent a private agricultural landowner.

(2) Members appointed under subsection (1) of this section shall serve for terms of four years.

(3) In addition to the members appointed by the commissioner, the director of the department of wildlife, the director of the department of ecology, the director of the department of fisheries, the supervisor of the department of natural resources, the director of the state parks and recreation commission, and the administrator of the interagency committee for outdoor recreation, or an authorized representative of each agency officer, shall serve as ex officio, nonvoting members of the council.

(4) Any vacancy on the council shall be filled by appointment for the unexpired term by the commissioner.

(5) In order to provide for staggered terms, of the initial members of the council:

(a) Three shall serve for a term of two years;

(b) Three shall serve for a term of three years; and

(c) Three shall serve for a term of four years.

(6) Members of the natural preserves advisory committee serving on July 26, 1981, shall serve as members of the council until the commissioner appoints a successor to each. The successor appointment shall be specifically designated to replace a member of the natural preserves advisory committee until all members of that committee have been replaced. A member of the natural preserves advisory committee is eligible for appointment to the council if otherwise qualified.

(7) Members of the council shall serve without compensation. Members shall be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060 as now or hereafter amended. [1988 c 36 § 55; 1981 c 189 § 4.]

79.70.080 Council duties. (1) The council shall:

(a) Meet at least annually and more frequently at the request of the chairperson;

(b) Recommend policy for the natural heritage program through the review and approval of the natural heritage plan;

(c) Advise the department, the department of wildlife, the state parks and recreation commission, the department of fisheries, and other state agencies managing state-owned land or natural resources regarding areas under their respective jurisdictions which are appropriate for natural area registration or dedication;

(d) Advise the department of rules and regulations that the council considers necessary in carrying out this chapter; and

(e) Review and approve area nominations by the department or other agencies for registration and review and comment on legal documents for the voluntary dedication of such areas.

(2) From time to time, the council shall identify areas from the natural heritage data bank which qualify for registration. Priority shall be based on the natural heritage plan and shall generally be given to those resources which are rarest, most threatened, or under-represented in the heritage conservation system on a state-wide basis. After qualifying areas have been identified, the department shall advise the owners of such areas of the opportunities for acquisition or voluntary registration or dedication. [1988 c 36 § 56; 1981 c 189 § 5.]

79.70.090 Dedication of property as natural area. (1) The owner of a registered natural area, whether a private individual or an organization, may voluntarily agree to dedicate the area as a natural area by executing with the state an instrument of dedication in a form approved by the council. The instrument of dedication shall be effective upon its recording in the real property records of the appropriate county or counties in which the natural area is located. The county assessor in computing assessed valuation shall take into consideration any reductions in property values and/or highest and best use which result from natural area dedication.

(2) A public agency owning or managing a registered natural area preserve may dedicate lands under the provisions of this chapter.
(3) The department shall adopt rules and regulations as authorized by RCW 43.30.310 and 79.70.030(1) relating to voluntary natural area dedication and defining:
(a) The types of real property interests that may be transferred;
(b) Real property transfer methods and the types of consideration of payment possible;
(c) Additional dedication provisions, such as natural area management, custody, use, and rights and privileges retained by the owner; and
(d) Procedures for terminating dedication arrangements. [1981 c 189 § 6.]

79.71.900 Severability—1987 c 472.

79.71.010 Legislative findings. The legislature finds that: (1) There is an increasing and continuing need by the people of Washington for certain areas of the state to be conserved, in rural as well as urban settings, for the benefit of present and future generations; (2) such areas are worthy of conservation for their outstanding scenic and ecological values and provide opportunities for low-impact public use; (3) in certain cases acquisition of property or rights in property is necessary to protect these areas for public purposes; and (4) there is a need for a state agency to act in an effective and timely manner to acquire interests in such areas and to develop appropriate management strategies for conservation purposes. [1991 c 352 § 1; 1987 c 472 § 1.]

79.71.020 Characteristics of lands considered for conservation purposes. Lands possessing the following characteristics are considered by the legislature to be worthy of consideration for conservation purposes:
(1) Lands identified as having high priority for conservation, natural systems, wildlife, and low-impact public use values;
(2) An area of land or water, or land and water, that has flora, fauna, geological, archaeological, scenic, or similar features of critical importance to the people of Washington and that has retained to some degree or has reestablished its natural character;
(3) Examples of native ecological communities; and
(4) Environmentally significant sites threatened with conversion to incompatible or ecologically irreversible uses. [1991 c 352 § 2; 1987 c 472 § 2.]

79.71.030 Definitions. As used in this chapter:
"Commissioner" means the commissioner of public lands.
"Department" means the department of natural resources.
"Conservation purposes" include but are not limited to: (1) Maintaining, enhancing, or restoring ecological systems, including but not limited to aquatic, coastal, riparian, montane, and geological systems, whether such systems be unique or typical to the state of Washington; (2) maintaining exceptional scenic landscapes; (3) maintaining habitat for threatened, endangered, and sensitive species; (4) enhancing sites for primitive recreational purposes; and (5) outdoor environmental education.

"Low-impact public use" includes public recreation uses and improvements that do not adversely affect the resource values, are appropriate to the maintenance of the site in a relatively unmodified natural setting, and do not detract from long-term ecological processes.
"Management activities" may include limited production of income from forestry, agriculture, or other resource management activities, if such actions are consistent with the other purposes and requirements of this chapter.
"Natural resources conservation area" or "conservation area" means an area having the characteristics identified in RCW 79.71.020. [1991 c 352 § 3; 1987 c 472 § 3.]

79.71.040 Acquisition of property for natural resources conservation areas—Designation. The department is authorized to acquire property or less than fee interests in property, as defined by RCW 43.30.310, by all means, except eminent domain, for creating natural resources conservation areas, where acquisition is the best way to achieve the purposes of this chapter. Areas acquired or assembled by the department for conservation purposes will be designated as "Washington natural resources conservation areas." [1987 c 472 § 4.]

79.71.050 Transfer of trust land for natural resources conservation areas—Use of proceeds. The department is authorized to transfer fee simple interest or less than fee interests in trust land, as defined by Article XVI of the Washington Constitution, for the creation of natural resources conservation areas, provided the owner of the trust land receives full fair market value compensation for all rights transferred. The proceeds from such transfers shall be used for the exclusive purpose of acquiring real property to replace those interests utilized for the conservation area in order to meet the department's fiduciary obligations and to maintain the productive land base of the various trusts. [1991 c 352 § 4; 1987 c 472 § 5.]

79.71.060 Public hearing on proposed conservation area. The department shall hold a public hearing in the

Account balance—1991 c 352: "Two million dollars from the existing stewardship account balance shall remain in the account to create an endowment." [1991 c 352 § 10.]

79.71.100 Designation of certain areas as natural resources conservation areas. The legislature hereby designates certain areas as natural resources conservation areas:

(1) The Mt. Si conservation area (King County), RCW 43.51.940, is hereby designated the Mt. Si natural resources conservation area. The department is directed to continue its management of this area and to develop a plan for its continued conservation and use by the public. In accordance with Article XVI of the Washington state Constitution, any available private lands and trust lands located within the designated boundaries of the Mt. Si conservation area shall be leased or acquired in fee from the appropriate trust at fair market value using funds appropriated for that purpose.

(2) Trust lands and state-owned land on Cypress Island (Skagit County) are hereby designated as the Cypress Island natural resources conservation area. Any available private lands necessary to achieve the purposes of this section shall be acquired by the department of natural resources using funds appropriated for that purpose. Trust lands located within the designated boundaries of the Cypress Island natural resources conservation area shall be leased or acquired in fee from the appropriate trust at fair market value.

(3) Woodard Bay (Thurston County) is hereby designated the Woodard Bay natural resources conservation area. The department is directed to acquire property available in Sec. 18, T.19N, R1W using funds appropriated for that purpose.

(4) The area adjacent to the Dishman Hills natural area (Spokane County) is hereby designated the Dishman Hills natural resources conservation area. The department is directed to acquire property available in Sec. 19, 29 and 30, T.25N, R44E, using funds appropriated for that purpose. [1987 c 472 § 10.]

79.71.900 Severability—1987 c 472. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1987 c 472 § 20.]

79.72.070 Authority of departments of fisheries and wildlife unaffected.
79.72.080 Rivers designated as part of system.
79.72.090 Inclusion of state's scenic rivers in national wild and scenic river system not precluded.
79.72.100 Wildlife fund moneys not to be used.
79.72.900 Severability—1977 ex.s. c 161.

79.72.010 Legislative finding—Purpose. The legislature hereby finds that many rivers of this state, with their immediate environs, possess outstanding natural, scenic, historic, ecological, and recreational values of present and future benefit to the public. The legislature further finds that the policy of permitting the construction of dams and other impoundment facilities at appropriate sections of the rivers of this state needs to be complemented by a policy that would protect and preserve the natural character of such rivers and fulfill other conservation purposes. It is hereby declared to be the policy of this state that certain selected rivers of the state which, with their immediate environs, possess the aforementioned characteristics, shall be preserved in as natural a condition as practical and that overuse of such rivers, which tends to downgrade their natural condition, shall be discouraged.

The purpose of this chapter is to establish a program for managing publicly owned land on rivers included in the state's scenic river system, to indicate the river segments to be initially included in that system, to prescribe a procedure for adding additional components to the system, and to protect the rights of private property owners. [1977 ex.s. c 161 § 1.]

79.72.020 Definitions—Committee of participating agencies. The definitions set forth in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the state parks and recreation commission.
(2) "Committee of participating agencies" or "committee" means a committee composed of the executive head, or the executive's designee, of each of the state departments of ecology, fisheries, wildlife, natural resources, and transportation, the state parks and recreation commission, the interagency committee for outdoor recreation, the Washington state association of counties, and the association of Washington cities. In addition, the governor shall appoint two public members of the committee. Public members of the committee shall be compensated in accordance with RCW 43.03.220 and shall receive reimbursement for their travel expenses as provided in RCW 43.03.050 and RCW 43.03.060.

When a specific river or river segment of the state's scenic river system is being considered by the committee, a representative of each participating local government associated with that river or river segment shall serve as a member of the committee.

(3) "Participating local government" means the legislative authority of any city or county, a portion of whose territorial jurisdiction is bounded by or includes a river or river segment of the state's scenic river system.

(4) "River" means a flowing body of water or a section, segment, or portion thereof.

(5) "River area" means a river and the land area in its immediate environs as established by the participating agencies not exceeding a width of one-quarter mile landward from the streamway on either side of the river.

(6) "Scenic easement" means the negotiated right to control the use of land, including the air space above the land, for the purpose of protecting the scenic view throughout the visual corridor.

(7) "Streamway" means that stream-dependent corridor of single or multiple, wet or dry, channel or channels within which the usual seasonal or stormwater run-off peaks are contained, and within which environment the flora, fauna, soil, and topography is dependent on or influenced by the height and velocity of the fluctuating river currents.

(8) "System" means all the rivers and river areas in the state designated by the legislature for inclusion as scenic rivers but does not include tributaries of a designated river unless specifically included by the legislature. The inclusion of a river in the system does not mean that other rivers or tributaries in a drainage basin shall be required to be part of the management program developed for the system unless the rivers and tributaries within the drainage basin are specifically designated for inclusion by the legislature.

(9) "Visual corridor" means that area which can be seen in a normal summer month by a person of normal vision walking either bank of a river included in the system. The visual corridor shall not exceed the river area. [1988 c 36 § 57; 1987 c 57 § 1; 1984 c 7 § 371; 1977 ex.s. c 161 § 2.]

Severability—1984 c 7: See note following RCW 47.01.141.

79.72.030 Management policies—Development—Inclusion of management plans—Identification and exclusion of unsuitably developed lands—Boundaries of river areas—Hearings—Notice—Meetings—Chairman—Studies—Proposals for system additions. (1) The department shall develop and adopt management policies for publicly owned or leased land on the rivers designated by the legislature as being a part of the state's scenic river system and within the associated river areas. The department may adopt regulations identifying river classifications which reflect the characteristics common to various segments of scenic rivers and may adopt management policies consistent with local government's shoreline management master plans appropriate for each such river classification. All such policies shall be subject to review by the committee of participating agencies. Once such a policy has been approved by a majority vote of the committee members, it shall be adopted by the department in accordance with the provisions of chapter 34.05 RCW, as now or hereafter amended. Any variance with such a policy by any public agency shall be authorized only by the approval of the committee of participating agencies by majority vote, and shall be made only to alleviate unusual hardships unique to a given segment of the system.

(2) Any policies developed pursuant to subsection (1) of this section shall include management plans for protecting ecological, economic, recreational, aesthetic, botanical, scenic, geological, hydrological, fish and wildlife, historical, cultural, archaeological, and scientific features of the rivers designated as being in the system. Such policies shall also include management plans to encourage any nonprofit group,
Title 79 RCW: Public Lands

79.72.030

organization, association, person, or corporation to develop and adopt programs for the purpose of increasing fish propagation.

(3) The committee of participating agencies shall, by two-thirds majority vote, identify on a river by river basis any publicly owned or leased lands which could be included in a river area of the system but which are developed in a manner unsuitable for land to be managed as part of the system. The department shall exclude lands so identified from the provisions of any management policies implementing the provisions of this chapter.

(4) The committee of participating agencies, by majority vote, shall determine the boundaries which shall define the river area associated with any included river. With respect to the rivers named in RCW 79.72.080, the committee shall make such determination, and those determinations authorized by subsection (3) of this section, within one year of September 21, 1977.

(5) Before making a decision regarding the river area to be included in the system, a variance in policy, or the excluding of land from the provisions of the management policies, the committee shall hold hearings in accord with chapter 34.05 RCW, with at least one public hearing to be held in the general locale of the river under consideration. The department shall cause to be published in a newspaper of general circulation in the area that includes the river to be considered in the period of time between two and four weeks prior to the public hearing. Such notice shall appear at least twice in the time period between two and four weeks prior to the public hearing.

(6) Meetings of the committee shall be called by the department or by written petition signed by five or more of the committee members. The chairman of the parks and recreation commission or the chairman's designee shall serve as the chairman of any meetings of the committee held to implement the provisions of this chapter.

The committee shall seek and receive comments from the public regarding potential additions to the system, shall initiate studies, and may, through the department, submit to any session of the legislature proposals for additions to the state scenic river system. These proposals shall be accompanied by a detailed report on the factors which, in the committee's judgment, make an area a worthy addition to the system. [1977 ex.s. c 161 § 3.]

79.72.040 Administration of management program—Powers, duties, and authority of department.

(1) The management program for the system shall be administered by the department. The department shall have the responsibility for coordinating the development of the program between affected state agencies and participating local governments, and shall develop and adopt rules, in accord with chapter 34.05 RCW, the Administrative Procedure Act, for each portion of the system, which shall implement the management policies. In developing rules for a specific river in the system, the department shall hold at least one public hearing in the general locale of the river under consideration. The hearing may constitute the hearing required by chapter 34.05 RCW. The department shall cause a brief summary of the proposed rules to be published twice in a newspaper of general circulation in the area that includes the river to be considered in the period of time between two and four weeks prior to the public hearing. In addition to the foregoing required publication, the department shall also provide notice of the hearings, rules, and decisions of the department to radio and television stations and major local newspapers in the areas that include the river to be considered.

(2) In addition to any other powers granted to carry out the intent of this chapter, the department is authorized, subject to approval by majority vote of the members of the committee, to: (a) Purchase, within the river area, real property in fee or any lesser right or interest in real property including, but not limited to scenic easements and future development rights, visual corridors, wildlife habitats, unique ecological areas, historical sites, camping and picnic areas, boat launching sites, and/or easements abutting the river for the purpose of preserving or enhancing the river or facilitating the use of the river by the public for fishing, boating and other water related activities; and (b) purchase, outside of a river area, public access to the river area.

The right of eminent domain shall not be utilized in any purchase made pursuant to this section.

(3) The department is further authorized to: (a) Acquire by gift, devise, grant, or dedication the fee, a right of first refusal or any other lesser right or interest in real property and upon acquisition such real property shall be held and managed within the scenic river system; and (b) accept grants, contributions, or funds from any agency, public or private, or individual for the purposes of this chapter.

(4) The department is hereby vested with the power to obtain injunctions and other appropriate relief against violations of any provisions of this chapter and any rules adopted under this section or agreements made under the provisions of this chapter. [1989 c 175 § 169; 1977 ex.s. c 161 § 4.]

Effective date—1989 c 175: See note following RCW 34.05.010.

79.72.050 State agencies and local governments to pursue policies to conserve and enhance included river areas—Shoreline management act—Private lands—Trust lands. (1) All state government agencies and local governments are hereby directed to pursue policies with regard to their respective activities, functions, powers, and duties which are designed to conserve and enhance the conditions of rivers which have been included in the system, in accordance with the management policies and the rules and regulations adopted by the department for such rivers. Local agencies are directed to pursue such policies with respect to all lands in the river area owned or leased by such local agencies. Nothing in this chapter shall authorize the modification of a shoreline management plan adopted by a local government and approved by the state pursuant to chapter 90.58 RCW without the approval of the department of ecology and local government. The policies adopted pursuant to this chapter shall be integrated, as fully as possible, with those of the shoreline management act of 1971.

(2) Nothing in this chapter shall grant to the committee of participating agencies or the department the power to
restrict the use of private land without either the specific written consent of the owner thereof or the acquisition of rights in real property authorized by RCW 79.72.040.

(3) Nothing in this chapter shall prohibit the department of natural resources from exercising its full responsibilities and obligations for the management of state trust lands. [1977 ex.s. c 161 § 5.]

79.72.060 Criteria for inclusion of rivers within system. Rivers of a scenic nature are eligible for inclusion in the system. Ideally, a scenic river:

(1) Is free-flowing without diversions that hinder recreational use;
(2) Has a streamway that is relatively unmodified by riprapping and other stream bank protection;
(3) Has water of sufficient quality and quantity to be deemed worthy of protection;
(4) Has a relatively natural setting and adequate open space;
(5) Requires some coordinated plan of management in order to enhance and preserve the river area; and
(6) Has some lands along its length already in public ownership, or the possibility for purchase or dedication of public access and/or scenic easements. [1977 ex.s. c 161 § 6.]

79.72.070 Authority of departments of fisheries and wildlife unaffected. Nothing contained in this chapter shall affect the authority of the department of fisheries and the department of wildlife to construct facilities or make improvements to facilitate the passage or propagation of fish nor shall anything in this chapter be construed to interfere with the powers, duties, and authority of the department of fisheries or the department of wildlife to regulate, manage, conserve, and provide for the harvest of fish or wildlife within any area designated as being in the state’s scenic river system: PROVIDED, That no hunting shall be permitted in any state park. [1988 c 36 § 58; 1977 ex.s. c 161 § 7.]

79.72.080 Rivers designated as part of system. The following rivers of the state of Washington are hereby designated as being in the scenic river system of the state of Washington:

(1) The Skykomish river from the junction of the north and south forks of the Skykomish river:
   (a) Downstream approximately fourteen miles to its junction with the Sultan river;
   (b) Upstream approximately twenty miles on the south fork to the junction of the Tye and Foss rivers;
   (c) Upstream approximately eleven miles on the north fork to its junction with Bear creek;
(2) The Beckler river from its junction with the south fork of the Skykomish river upstream approximately eight miles to its junction with Rapid river;
(3) The Tye river from its junction with the south fork of the Skykomish river upstream approximately fourteen miles to Tye Lake; and
(4) The Little Spokane river from the upstream boundary of the state park boat put-in site near Rutter parkway and downstream to its confluence with the Spokane river. [1991 c 206 § 1; 1977 ex.s. c 161 § 8.]

79.72.090 Inclusion of state’s scenic rivers in national wild and scenic river system not precluded. Nothing in this chapter shall preclude a section or segment of the state’s scenic rivers included in the system from becoming a part of the national wild and scenic river system. [1977 ex.s. c 161 § 9.]

79.72.100 Wildlife fund moneys not to be used. No funds shall be expended from the wildlife fund to carry out the provisions of this chapter. [1988 c 36 § 59; 1977 ex.s. c 161 § 10.]

79.72.900 Severability—1977 ex.s. c 161. If any provision of this act, or its application to any person of legal entity or circumstances, is held invalid, the remainder of the act, or the application of the provision to other persons or legal entities or circumstances, shall not be affected. [1977 ex.s. c 161 § 12.]

79.76.010 Legislative declaration. The public has a direct interest in the safe, orderly and nearly pollution-free development of the geothermal resources of the state, as hereinafter in RCW 79.76.030(1) defined. The legislature hereby declares that it is in the best interests of the state to further the development of geothermal resources for the benefit of all of the citizens of the state while at the same time fully providing for the protection of the environment. The development of geothermal resources shall be so conducted as to protect the rights of landowners; other owners of interests therein, and the general public. In providing for such development, it is the purpose of this chapter to provide for the orderly exploration, safe drilling, production and proper abandonment of geothermal resources in the state of Washington. [1974 ex.s. c 43 § 1.]

79.76.020 Short title. This chapter shall be known as the Geothermal Resources Act. [1974 ex.s. c 43 § 2.]

79.76.030 Definitions. For the purposes of this chapter, unless the text otherwise requires, the following terms shall have the following meanings:

(1) "Geothermal resources" means only that natural heat energy of the earth from which it is technologically practical to produce electricity commercially and the medium by which such heat energy is extracted from the earth, including liquids or gases, as well as any minerals contained in any natural or injected fluids, brines and associated gas, but excluding oil, hydrocarbon gas and other hydrocarbon substances.

(2) "Waste", in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood and shall include:

(a) The inefficient, excessive, or improper use of, or unnecessary dissipation of, reservoir energy; or the locating, spacing, drilling, equipping, operating or producing of any geothermal energy well in a manner which results, or tends to result, in reducing the quantity of geothermal energy to be recovered from any geothermal area in this state;

(b) The inefficient above-ground transporting or storage of geothermal energy; or the locating, spacing, drilling, equipping, operating, or producing of any geothermal well in a manner causing, or tending to cause, unnecessary excessive surface loss or destruction of geothermal energy;

(c) The escape into the open air, from a well of steam or hot water, in excess of what is reasonably necessary in the efficient development or production of a geothermal well.

(3) "Geothermal area" means any land that is, or reasonably appears to be, underlain by geothermal resources.

(4) "Energy transfer system" means the structures and enclosed fluids which facilitate the utilization of geothermal energy. The system includes the geothermal wells, cooling towers, reinjection wells, equipment directly involved in converting the heat energy associated with geothermal resources to mechanical or electrical energy or in transferring it to another fluid, the closed piping between such equipment, wells and towers and that portion of the earth which facilitates the transfer of a fluid from reinjection wells to geothermal wells: PROVIDED, That the system shall not include any geothermal resources which have escaped into or have been released into the nongeothermal ground or surface waters from either man-made containers or through leaks in the structure of the earth caused by or to which access was made possible by any drilling, redrilling, reworking or operating of a geothermal or reinjection well.

(5) "Operator" means the person supervising or in control of the operation of a geothermal resource well, whether or not such person is the owner of the well.

(6) "Owner" means the person who possesses the legal right to drill, convert or operate any well or other facility subject to the provisions of this chapter.

(7) "Person" means any individual, corporation, company, association of individuals, joint venture, partnership, receiver, trustee, guardian, executor, administrator, personal representative, or public agency that is the subject of legal rights and duties.

(8) "Pollution" means any damage or injury to ground or surface waters, soil or air resulting from the unauthorized loss, escape, or disposal of any substances at any well subject to the provisions of this chapter.

(9) "Department" means the department of natural resources.

(10) "Well" means any excavation made for the discovery or production of geothermal resources, or any special facility, converted producing facility, or reactivated or converted abandoned facility used for the reinjection of geothermal resources, or the residue thereof underground.

(11) "Core holes" are holes drilled or excavations made expressly for the acquisition of geological or geophysical data for the purpose of finding and delineating a favorable geothermal area prior to the drilling of a well.

(12) A "completed well" is a well that has been drilled to its total depth, has been adequately cased, and is ready to be either plugged and abandoned, shut-in, or put into production.

(13) "Plug and abandon" means to place permanent plugs in the well in such a way and at such intervals as are necessary to prevent future leakage of fluid from the well to the surface or from one zone in the well to the other, and to remove all drilling and production equipment from the site, and to restore the surface of the site to its natural condition or contour or to such condition as may be prescribed by the department.

(14) "Shut-in" means to adequately cap or seal a well to control the contained geothermal resources for an interim period. [1974 ex.s. c 43 § 3.]

79.76.040 Geothermal resources deemed sui generis. Notwithstanding any other provision of law, geothermal resources are found and hereby determined to be sui generis, being neither a mineral resource nor a water resource and as such are hereby declared to be the private property of the holder of the title to the surface land above the resource. [1979 ex.s. c 2 § 1; 1974 ex.s. c 43 §§ 4.]

Severability—1979 ex.s. c 2: "If any provision of this 1979 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1979 ex.s. c 2 § 2.]

79.76.050 Administration of chapter. (1) The department shall administer and enforce the provisions of this chapter and the rules, regulations, and orders relating to the drilling, operation, maintenance, abandonment and
restoration of geothermal areas, to prevent damage to and waste from underground geothermal deposits, and to prevent damage to underground and surface waters, land or air that may result from improper drilling, operation, maintenance or abandonment of geothermal resource wells.

(2) In order to implement the terms and provisions of this chapter, the department under the provisions of chapter 34.05 RCW, as now or hereafter amended, may from time to time promulgate those rules and regulations necessary to carry out the purposes of this chapter, including but not restricted to defining geothermal areas; establishing security requirements, which may include bonding; providing for liens against production; providing for casing and safety device requirements; providing for site restoration plans to be completed prior to abandonment; and providing for abandonment requirements. [1974 Ex.s. c 43 § 5.]

79.76.060 Scope of chapter. This chapter is intended to preempt local regulation of the drilling and operation of wells for geothermal resources but shall not be construed to permit the locating of any well or drilling when such well or drilling is prohibited under state or local land use law or regulations promulgated thereunder. Geothermal resources, byproducts and/or waste products which have escaped or been released from the energy transfer system and/or a mineral recovery process shall be subject to provisions of state law relating to the pollution of ground or surface waters (Title 90 RCW), provisions of the state fisheries law (Title 75 RCW), and the state game laws (Title 77 RCW), and any other state environmental pollution control laws. Authorization for use of byproduct water resources for all beneficial uses, including but not limited to greenhouse heating, warm water fish propagation, space heating plants, irrigation, swimming pools, and hot springs baths, shall be subject to the appropriation procedure as provided in Title 90 RCW. [1974 Ex.s. c 43 § 6.]

79.76.070 Drilling permits—Applications—Hearing—Fees. (1) Any person proposing to drill a well or redrill an abandoned well for geothermal resources shall file with the department a written application for a permit to commence such drilling or redrilling on a form prescribed by the department accompanied by a permit fee of two hundred dollars. The department shall forward a duplicate copy to the department of ecology within ten days of filing.

(2) Upon receipt of a proper application relating to drilling or redrilling the department shall set a date, time, and place for a public hearing on the application, which hearing shall be in the county in which the drilling or redrilling is proposed to be made, and shall instruct the applicant to publish notices of such application and hearing by such means and within such time as the department shall prescribe. The department shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the drilling or redrilling is proposed to be made and in such other appropriate information media as the department may direct.

(3) Any person proposing to drill a core hole for the purpose of gathering geothermal data, including but not restricted to heat flow, temperature gradients, and rock conductivity, shall be required to obtain a single permit for each geothermal area according to subsection (1) of this section, except that no permit fee shall be required, no notice need be published, and no hearing need be held. Such core holes that penetrate more than seven hundred and fifty feet into bedrock shall be deemed geothermal test wells and subject to the payment of a permit fee and to the requirement in subsection (2) of this section for public notices and hearing. In the event geothermal energy is discovered in a core hole, the hole shall be deemed a geothermal well and subject to the permit fee, notices, and hearing. Such core holes as described by this subsection are subject to all other provisions of this chapter, including a bond or other security as specified in RCW 79.76.130.

(4) All moneys paid to the department under this section shall be deposited with the state treasurer for credit to the general fund. [1974 Ex.s. c 43 § 7.]

79.76.080 Drilling permits—Criteria for granting. A permit shall be granted only if the department is satisfied that the area is suitable for the activities applied for; that the applicant will be able to comply with the provisions of this chapter and the rules and regulations enacted hereunder; and that a permit would be in the best interests of the state.

The department shall not allow operation of a well under permit if it finds that the operation of any well will unreasonably decrease ground water available for prior water rights in any aquifer or other ground water source for water for beneficial uses, unless such affected water rights are acquired by condemnation, purchase or other means.

The department shall have the authority to condition the permit as it deems necessary to carry out the provisions of this chapter, including but not limited to conditions to reduce any environmental impact.

The department shall forward a copy of the permit to the department of ecology within five days of issuance. [1974 Ex.s. c 43 § 8.]

79.76.090 Casing requirements. Any operator engaged in drilling or operating a well for geothermal resources shall equip such well with casing of sufficient strength and with such safety devices as may be necessary, in accordance with methods approved by the department.

No person shall remove a casing, or any portion thereof, from any well without prior approval of the department. [1974 Ex.s. c 43 § 9.]

79.76.100 Plugging and abandonment of wells—Transfer of jurisdiction to department of ecology. Any well drilled under authority of this chapter from which:

(1) It is not technologically practical to derive the energy to produce electricity commercially, or the owner or operator has no intention of deriving energy to produce electricity commercially, and

(2) Usable minerals cannot be derived, or the owner or operator has no intention of deriving usable minerals, shall be plugged and abandoned as provided in this chapter or, upon the owner’s or operator’s written application to the department of ecology, jurisdiction over the well may be transferred to the department of ecology and, in such case, the well shall no longer be subject to the
provisions of this chapter but shall be subject to any applica-
table laws and regulations relating to wells drilled for appro-
riation and use of ground waters. If an application is made
to transfer jurisdiction, a copy of all logs, records, histories,
and descriptions shall be provided to the department of
ecology by the applicant. [1974 ex.s. c 43 § 10.]

79.76.110 Suspension of drilling, shut-in or removal
of equipment for authorized period—Unlawful abandon-
ment. (1) The department may authorize the operator to
suspend drilling operations, shut-in a completed well, or
remove equipment from a well for the period stated in the
department's written authorization. The period of suspension
may be extended by the department upon the operator
showing good cause for the granting of such extension.

(2) If drilling operations are not resumed by the opera-
tor, or the well is not put into production, upon expiration of
the suspension or shut-in permit, an intention to unlawfully
abandon shall be presumed.

(3) A well shall also be deemed unlawfully abandoned
if, without written approval from the department, drilling
equipment is removed.

(4) An unlawful abandonment under this chapter shall
be entered in the department records and written notice
thereof shall be mailed by registered mail both to such
operator at his last known address as disclosed by records of
the department and to the operator's surety. The department
may thereafter proceed against the operator and his surety. [1974 ex.s. c 43 § 11.]

79.76.120 Notification of abandonment or suspension
of operations—Required—Procedure. (1) Before any
operation to plug and abandon or suspend the operation of
any well is commenced, the owner or operator shall submit
in writing a notification of abandonment or suspension of
operations to the department for approval. No operation to
abandon or suspend the operation of a well shall commence
without approval by the department. The department shall
respond to such notification in writing within ten working
days following receipt of the notification.

(2) Failure to abandon or suspend operations in accord-
ance with the method approved by the department shall
constitute a violation of this chapter, and the department
shall take appropriate action under the provisions of RCW
79.76.270. [1974 ex.s. c 43 § 12.]

79.76.130 Performance bond or other security—
Required. Every operator who engages in the drilling,
redrilling, or deepening of any well shall file with the
department a reasonable bond or bonds with good and
sufficient surety, or the equivalent thereof, acceptable to the
department, conditioned on compliance with the provisions
of this chapter and all rules and regulations and permit
conditions adopted pursuant to this chapter. This perform-
ance bond shall be executed in favor of and approved by
the department.

In lieu of a bond the operator may file with the depart-
ment a cash deposit, negotiable securities acceptable to the
department, or an assignment of a savings account in a
Washington bank on an assignment form prescribed by the
department. The department, in its discretion, may accept a

single surety or security arrangement covering more than one
well. [1974 ex.s. c 43 § 13.]

79.76.140 Termination or cancellation of bond or
change in other security, when. The department shall not
consent to the termination and cancellation of any bond by
the operator, or change as to other security given, until the
well or wells for which it has been issued have been
properly abandoned or another valid bond for such well has
been submitted and approved by the department. A well is
properly abandoned when abandonment has been approved
by the department. [1974 ex.s. c 43 § 14.]

79.76.150 Notification of sale, exchange, etc. The
owner or operator of a well shall notify the department in
writing within ten days of any sale, assignment, conveyance,
exchange, or transfer of any nature which results in any
change or addition in the owner or operator of the well on
such forms with such information as may be prescribed by
the department. [1974 ex.s. c 43 § 15.]

79.76.160 Combining orders, unitization programs
and well spacing—Authority of department. The depart-
ment has the authority, through rules and regulations, to
promulgate combining orders, unitization programs, and well
spacing, and establish proportionate costs among owners or
operators for the operation of such units as the result of said
combining orders, if good and sufficient reason is demon-
strated that such measures are necessary to prevent the waste
of geothermal resources. [1974 ex.s. c 43 § 16.]

79.76.170 Designation of resident agent for service
of process. Each owner or operator of a well shall designate
a person who resides in this state as his agent upon whom
may be served all legal processes, orders, notices, and
directives of the department or any court. [1974 ex.s. c 43
§ 17.]

79.76.180 General authority of department. The
department shall have the authority to conduct or authorize
investigations, research, experiments, and demonstrations,
cooperate with other governmental and private agencies in
making investigations, receive any federal funds, state funds,
and other funds and expend them on research programs
concerning geothermal resources and their potential develop-
ment within the state, and to collect and disseminate infor-
mation relating to geothermal resources in the state:
PROVIDED, That the department shall not construct or
operate commercial geothermal facilities. [1974 ex.s. c 43
§ 18.]

79.76.190 Employment of personnel. The depart-
ment shall have the authority, and it shall be its duty, to
employ all personnel necessary to carry out the provisions of
this chapter pursuant to chapter 41.06 RCW. [1974 ex.s. c
43 § 19.]

79.76.200 Drilling records, etc., to be maintained—
Inspection—Filing. (1) The owner or operator of any well
shall keep or cause to be kept careful and accurate logs,
records, descriptions, and histories of the drilling, redrilling, or deepening of the well.

(2) All logs, records, histories, and descriptions referred to in subsection (1) of this section shall be kept in the local office of the owner or operator, and together with other reports of the owner or operator shall be subject during business hours to inspection by the department. Each owner or operator, upon written request from the department, shall file with the department a copy of the logs, records, histories, descriptions, or other records or portions thereof pertaining to the geothermal drilling or operation underway or suspended. [1974 ex.s. c 43 § 20.]

79.76.210 Filing of records with department upon completion, abandonment or suspension of operations. Upon completion or plugging and abandonment of any well or upon the suspension of operations conducted with respect to any well for a period of at least six months, one copy of the log, core record, electric log, history, and all other logs and surveys that may have been run on the well, shall be filed with the department within thirty days after such completion, plugging and abandonment, or six months' suspension. [1974 ex.s. c 43 § 21.]

79.76.220 Statement of geothermal resources produced—Filing. The owner or operator of any well producing geothermal resources shall file with the department a statement of the geothermal resources produced. Such report shall be submitted on such forms and in such manner as may be prescribed by the department. [1974 ex.s. c 43 § 22.]

79.76.230 Confidentiality of records. (1) The records of any owner or operator, when filed with the department as provided in this chapter, shall be confidential and shall be open to inspection only to personnel of the department for the purpose of carrying out the provisions of this chapter and to those authorized in writing by such owner or operator, until the expiration of a twenty-four month confidential period to begin at the date of commencement of production or of abandonment of the well.

(2) Such records shall in no case, except as provided in this chapter, be available as evidence in court proceedings. No officer, employee, or member of the department shall be allowed to give testimony as to the contents of such records, except as provided in this chapter for the review of a decision of the department or in any proceeding initiated for the enforcement of an order of the department, for the enforcement of a lien created by the enforcement of this chapter, or for use as evidence in criminal proceedings arising out of such records or the statements upon which they are based. [1974 ex.s. c 43 § 23.]

79.76.240 Removal, destruction, alteration, etc., of records prohibited. No person shall, for the purpose of evading the provision of this chapter or any rule, regulation or order of the department made thereunder, remove from this state, or destroy, mutilate, alter or falsify any such record, account, or writing. [1974 ex.s. c 43 § 24.]

79.76.250 Violations—Modification of permit, when necessary—Departmental order—Issuance—Appeal. Whenever it appears with probable cause to the department that:

(1) A violation of any provision of this chapter, regulation adopted pursuant thereto, or condition of a permit issued pursuant to this chapter has occurred or is about to occur, or

(2) That a modification of a permit is deemed necessary to carry out the purpose of this chapter, the department shall issue a written order in person to the operator or his employees or agents, or by certified mail, concerning the drilling, testing, or other operation conducted with respect to any well drilled, in the process of being drilled, or in the process of being abandoned or in the process of reclamation or restoration, and the operator, owner, or designated agent of either shall comply with the terms of the order and may appeal from the order in the manner provided for in RCW 79.76.280. When the department deems necessary the order may include a shutdown order to remain in effect until the deficiency is corrected. [1974 ex.s. c 43 § 25.]

79.76.260 Liability in damages for violations—Procedure. Any person who violates any of the provisions of this chapter, or fails to perform any duty imposed by this chapter, or violates an order or other determination of the department made pursuant to the provisions of this chapter, and in the course thereof causes the death of, or injury to, fish, animals, vegetation or other resources of the state, shall be liable to pay the state damages including an amount equal to the sum of money necessary to restock such waters, replenish such resources, and otherwise restore the stream, lake, other water source, or land to its condition prior to the injury, as such condition is determined by the department. Such damages shall be recoverable in an action brought by the attorney general on behalf of the people of the state of Washington in the superior court of the county in which such damages occurred: PROVIDED, That if damages occurred in more than one county the attorney general may bring action in any of the counties where the damage occurred. Any moneys so recovered by the attorney general shall be transferred to the department under whose jurisdiction the damaged resource occurs, for the purposes of restoring the resource. [1974 ex.s. c 43 § 26.]

79.76.270 Injunctions—Restraining orders. Whenever it shall appear that any person is violating any provision of this chapter, or any rule, regulation, or order made by the department hereunder, and if the department cannot, without litigation, effectively prevent further violation, the department may bring suit in the name of the state against such person in the court in the county of the residence of the defendant, or in the county of the residence of any defendant if there be more than one defendant, or in the county where the violation is alleged to have occurred, to restrain such person from continuing such violation. In such suit the department may, without bond, obtain injunctions prohibitory and mandatory, including temporary restraining orders and preliminary injunctions, as the facts may warrant. [1974 ex.s. c 43 § 27.]
79.76.280 Judicial review. (1) Any person adversely affected by any rule, regulation, order, or permit entered by the department pursuant to this chapter may obtain judicial review thereof in accordance with the applicable provisions of chapter 34.05 RCW.

(2) The court having jurisdiction, insofar as is practicable, shall give precedence to proceedings for judicial review brought under this chapter. [1974 ex.s. c 43 § 28.]

79.76.290 Violations—Penalty. Violation of any provision of this chapter or of any rule, regulation, order of the department, or condition of any permit made hereunder is punishable, upon conviction, by a fine of not more than two thousand five hundred dollars or by imprisonment in the county jail for not more than six months, or both. [1974 ex.s. c 43 § 29.]

79.76.300 Aiding or abetting violations. No person shall knowingly aid or abet any other person in the violation of any provision of this chapter or of any rule, regulation or order of the department made hereunder. [1974 ex.s. c 43 § 30.]

79.76.900 Severability—1974 ex.s. c 43. If any provision of this 1974 act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1974 ex.s. c 43 § 32.]

79.81.010 Intent. The legislature finds that the public health and safety is threatened by an increase in the amount of plastic garbage being deposited in the waters and on the shores of the state. To address this growing problem, the commissioner of public lands appointed the marine plastic debris task force which presented a state action plan in October 1988. It is necessary for the state of Washington to implement the action plan in order to:

(1) Cleanup and prevent further pollution of the state’s waters and aquatic lands;
(2) Increase public awareness;
(3) Coordinate federal, state, local, and private efforts;
(4) Foster the stewardship of the aquatic lands of the state. [1989 c 23 § 1.]

79.81.020 Definitions. As used in this chapter:
(1) "Department" means the department of natural resources.
(2) "Action plan" means the marine plastic debris action plan of October 1988 as presented to the commissioner of public lands by the marine plastic debris task force. [1989 c 23 § 2.]

79.81.030 Coordinating implementation—Rules. The department shall have the authority to coordinate implementation of the plan with appropriate state agencies including the parks and recreation commission and the departments of ecology, fisheries, and wildlife. The department is authorized to promulgate, in consultation with affected agencies, the necessary rules to provide for the cleanup and to prevent pollution of the waters of the state and aquatic lands by plastic and other marine debris. [1989 c 23 § 3.]

79.81.040 Agreements with other entities. The department may enter into intergovernmental agreements with federal or state agencies and agreements with private parties deemed necessary by the department to carry out the provisions of this chapter. [1989 c 23 § 4.]

79.81.050 Employees—Information clearinghouse contracts. The department is the designated agency to coordinate implementation of the action plan and is authorized to hire such employees as are necessary to coordinate the plan among state and federal agencies, the private sector, and interested public groups and organizations. The department is authorized to contract, through an open bidding process, with interested parties to act as the information clearinghouse for marine plastic debris related issues. [1989 c 23 § 5.]

79.81.060 Grants, funds, or gifts. The department is authorized to accept, receive, disburse, and administer grants or funds or gifts from any source including private individuals, public entities, and the federal government to supplement the funds hereby appropriated to carry out the purposes of this chapter. [1989 c 23 § 6.]

79.81.900 Severability—1989 c 23. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 23 § 7.]

The procedures contained at RCW 79.01.616 through 79.01.651, inclusive, shall apply thereto. [1987 c 20 § 16; 1982 1st ex.s. c 21 § 39.]

79.90.340  Option contracts for prospecting and leases for mining and extraction of coal from aquatic lands. The department of natural resources is authorized to execute option contracts for prospecting purposes and leases for the mining and extraction of coal from any aquatic lands owned by the state or from which it may hereafter acquire title, or from any aquatic lands sold or leased by the state the minerals of which have been reserved by the state. The procedures contained at RCW 79.01.652 through 79.01.696, inclusive, shall apply thereto. [1982 1st ex.s. c 21 § 40.]

79.90.350  Subdivision of leases—Fee. Whenever the holder of any contract to purchase any tidelands or shorelands belonging to the state, otherwise permitted under RCW 79.94.150 to be sold, or the holder of any lease of any such lands, except for mining of valuable minerals, or coal, or extraction of petroleum or gas, shall surrender the same to the department of natural resources with the request to have it divided into two or more contracts or leases, the department may divide the same and issue new contracts, or leases: PROVIDED, That no new contract or lease shall issue while there is due and unpaid any rental, taxes, or assessments on the land held under such contract or lease, nor in any case where the department is of the opinion that the state's security would be impaired or endangered by the proposed division. For all such new contracts, or leases, a fee as determined by the board of natural resources for each new contract or lease issued, shall be paid by the applicant and such fee shall be paid into the state treasury to the resource management cost account in the general fund, pursuant to RCW 79.64.020. [1982 1st ex.s. c 21 § 41.]

79.90.360  Effect of mistake or fraud. Any sale or lease of tidelands or shorelands belonging to the state, otherwise permitted under RCW 79.94.150 to be sold, made by mistake, or not in accordance with law, or obtained by fraud or misrepresentation, shall be void, and the contract of
purchase, or lease, issued thereon shall be of no effect, and
the holder of such contract, or lease, shall be required to
surrender the same to the department of natural resources,
which, except in the case of fraud on the part of the purchas-
er, or lessee, shall cause the money paid on account of such
surrendered contract, or lease, to be refunded to the holder
thereof, provided the same has not been paid into the state
treasury. [1982 1st ex.s. c 21 § 42.]

79.90.370 Assignment of contracts or leases. All
contracts of purchase of tidelands or shorelands belonging to
the state, otherwise permitted under RCW 79.94.150 to be
sold, and all leases of tidelands, shorelands, or beds of
navigable waters belonging to the state issued by the
department of natural resources shall be assignable in writing
by the contract holder or lessee. The assignee shall be
subject to the provisions of law applicable to the purchaser,
or lessee, of whom he is the assignee, and shall have the
same rights in all respects as the original purchaser, or
lessee, of the lands, but only if the assignment is first
approved by the department and entered upon the records in
the office of the commissioner of public lands. [1982 1st
ex.s. c 21 § 43.]

79.90.380 Abstracts of state-owned aquatic lands.
The department of natural resources shall cause full and
correct abstracts of all aquatic lands, to be made and kept in
the same manner as provided for in RCW 79.01.304. [1982
1st ex.s. c 21 § 44.]

79.90.390 Distraint or sale of improvements for
taxes. Whenever improvements have been made on state-
owned tidelands, shorelands or beds of navigable waters, in
front of cities or towns, prior to the location of harbor lines
in front of such cities or towns, and the reserved harbor area
as located include such improvements, no distraint or sale of
such improvements for taxes shall be had until six months
after said lands have been leased or offered for lease:
PROVIDED, That this section shall not affect or impair the
lien for taxes on said improvements. [1982 1st ex.s. c 21 §
45.]

79.90.400 Aquatic lands—Court review of actions.
Any applicant to purchase, or lease, any aquatic lands of the
state, or any valuable materials thereon, and any person
whose property rights or interest will be affected by such
sale or lease, feeling himself aggrieved by any order or
decision of the board of natural resources, or the commis-
sioner of public lands, concerning the same, may appeal
therefrom in the manner provided in RCW 79.01.500. [1982
1st ex.s. c 21 § 46.]

79.90.410 Reconsideration of official acts. The
department of natural resources may review and reconsider
any of its official acts relating to the aquatic lands of the
state until such time as a lease, contract, or deed shall have
been made, executed, and finally issued, and the department
may recall any lease, contract, or deed issued for the purpose
of correcting mistakes or errors, or supplying omissions.
[1982 1st ex.s. c 21 § 47.]

79.90.450 Aquatic lands—Findings. The legislature
finds that state-owned aquatic lands are a finite natural
resource of great value and an irreplaceable public heritage.
The legislature recognizes that the state owns these aquatic
lands in fee and has delegated to the department of natural
resources the responsibility to manage these lands for the
benefit of the public. The legislature finds that water-
dependent industries and activities have played a major role
in the history of the state and will continue to be important
in the future. The legislature finds that revenues derived
from leases of state-owned aquatic lands should be used to
enhance opportunities for public recreation, shoreline access,
environmental protection, and other public benefits associat-
ed with the aquatic lands of the state. The legislature further
finds that aquatic lands are faced with conflicting use
demands. The purpose of RCW 79.90.450 through
79.90.545 is to articulate a management philosophy to guide
the exercise of the state's ownership interest and the exercise
of the department's management authority, and to establish
standards for determining equitable and predictable lease
rates for users of state-owned aquatic lands. [1984 c 221 §
1.]

79.90.455 Aquatic lands—Management guidelines.
The management of state-owned aquatic lands shall be in
conformance with constitutional and statutory requirements.
The manager of state-owned aquatic lands shall strive to
provide a balance of public benefits for all citizens of the
state. The public benefits provided by aquatic lands are
varied and include:

(1) Encouraging direct public use and access;
(2) Fostering water-dependent uses;
(3) Ensuring environmental protection;
(4) Utilizing renewable resources.

Generating revenue in a manner consistent with subsections (1) through (4) of this section is a public benefit. [1984 c 221 § 2.]

79.90.460 Aquatic lands—Preservation and en-
hancement of water-dependent uses—Leasing authority.
(1) The management of state-owned aquatic lands shall
preserve and enhance water-dependent uses. Water-depen-
dent uses shall be favored over other uses in aquatic land
planning and in resolving conflicts between competing lease
applications. In cases of conflict between water-dependent
uses, priority shall be given to uses which enhance renew-
able resources, water-borne commerce, and the navigational
and biological capacity of the waters, and to state-wide
interests as distinguished from local interests.

(2) Nonwater-dependent use of state-owned aquatic
lands is a low-priority use providing minimal public benefits
and shall not be permitted to expand or be established in
new areas except in exceptional circumstances where it is
compatible with water-dependent uses occurring in or
planned for the area.

(3) The department shall consider the natural values
of state-owned aquatic lands as wildlife habitat, natural area
preserve, representative ecosystem, or spawning area prior to
issuing any initial lease or authorizing any change in use.
The department may withhold from leasing lands which it
finds to have significant natural values, or may provide within any lease for the protection of such values.

(4) The power to lease state-owned aquatic lands is vested in the department of natural resources, which has the authority to make leases upon terms, conditions, and length of time in conformance with the state Constitution and chapters 79.90 through 79.96 RCW.

(5) State-owned aquatic lands shall not be leased to persons or organizations which discriminate on the basis of race, color, creed, religion, sex, age, or physical or mental handicap. [1984 c 221 § 3.]

79.90.465 Definitions. The definitions in this section apply throughout chapters 79.90 through 79.96 RCW.

(1) "Water-dependent use" means a use which cannot logically exist in any location but on the water. Examples include, but are not limited to, water-borne commerce; terminal and transfer facilities; ferry terminals; watercraft sales in conjunction with other water-dependent uses; watercraft construction, repair, and maintenance; moorage and launching facilities; aquaculture; log booming; and public fishing piers and parks.

(2) "Water-oriented use" means a use which historically has been dependent on a waterfront location, but with existing technology could be located away from the waterfront. Examples include, but are not limited to, wood products manufacturing, watercraft sales, fish processing, petroleum refining, sand and gravel processing, log storage, and house boats. For the purposes of determining rent under this chapter, water-oriented uses shall be classified as water-dependent uses if the activity either is conducted on state-owned aquatic lands leased on October 1, 1984, or was actually conducted on the state-owned aquatic lands for at least three years before October 1, 1984. If, after October 1, 1984, the activity is changed to a use other than a water-dependent use, the activity shall be classified as a nonwater-dependent use. If continuation of the existing use requires leasing additional state-owned aquatic lands and is permitted under the shoreline management act of 1971, chapter 90.58 RCW, the department may allow reasonable expansion of the water-oriented use.

(3) "Nonwater-dependent use" means a use which can operate in a location other than on the waterfront. Examples include, but are not limited to, hotels, condominiums, apartments, restaurants, retail stores, and warehouses not part of a marine terminal or transfer facility.

(4) "Log storage" means the water storage of logs in rafts or otherwise prepared for shipment in water-borne commerce, but does not include the temporary holding of logs to be taken directly into a vessel or processing facility.

(5) "Log booming" means placing logs into and taking them out of the water, assembling and disassembling log rafts before or after their movement in water-borne commerce, related handling and sorting activities taking place in the water, and the temporary holding of logs to be taken directly into a processing facility. "Log booming" does not include the temporary holding of logs to be taken directly into a vessel.

(6) "Department" means the department of natural resources.

(7) "Port district" means a port district created under Title 53 RCW.

(8) The "real rate of return" means the average for the most recent ten calendar years of the average rate of return on conventional real property mortgages as reported by the federal home loan bank board or any successor agency, minus the average inflation rate for the most recent ten calendar years.

(9) The "inflation rate" for a given year is the percentage rate of change in the previous calendar year's all commodity producer price index of the bureau of labor statistics of the United States department of commerce. If the index ceases to be published, the department shall designate by rule a comparable substitute index.

(10) "Public utility lines" means pipes, conduits, and similar facilities for distribution of water, electricity, natural gas, telephone, other electronic communication, and sewers, including sewer outfall lines.

(11) "Terminal" means a point of interchange between land and water carriers, such as a pier, wharf, or group of such, equipped with facilities for care and handling of cargo and/or passengers.

(12) "State-owned aquatic lands" means those aquatic lands and waterways administered by the department of natural resources or managed under RCW 79.90.475 by a port district. "State-owned aquatic lands" does not include aquatic lands owned in fee by, or withdrawn for the use of, state agencies other than the department of natural resources. [1984 c 221 § 4.]

79.90.470 Aquatic lands—Use for public utility lines—Use for public parks or public recreation purposes—Lease of tidelands in front of public parks. The use of state-owned aquatic lands for public utility lines owned by a governmental entity shall be granted without charge by an agreement, permit, or other instrument if the use is consistent with the purposes of RCW 79.90.450 through 79.90.460 and does not obstruct navigation or other public uses. Use for public parks or public recreation purposes shall be granted without charge if the aquatic lands and improvements are available to the general public on a first-come, first-served basis and are not managed to produce a profit for the operator or a concessionaire. The department may lease state-owned tidelands that are in front of state parks only with the approval of the state parks and recreation commission. The department may lease bedlands in front of state parks only after the department has consulted with the state parks and recreation commission. [1984 c 221 § 5.]

79.90.475 Management of certain aquatic lands by port district—Agreement—Rent—Model management agreement. Upon request of a port district, the department and port district may enter into an agreement authorizing the port district to manage state-owned aquatic lands abutting or used in conjunction with and contiguous to uplands owned, leased, or otherwise managed by a port district, for port purposes as provided in Title 53 RCW. Such agreement shall include, but not be limited to, provisions defining the specific area to be managed, the term, conditions of occupancy, reservations, periodic review, and other conditions to ensure consistency with the state Constitution and the
policies of this chapter. If a port district acquires operating management, lease, or ownership of real property which abuts state-owned aquatic lands currently under lease from the state to a person other than the port district, the port district shall manage such aquatic lands if: (1) The port district acquires the leasehold interest in accordance with state law, or (2) the current lessee and the department agree to termination of the current lease to accommodate management by the port. The administration of aquatic lands covered by a management agreement shall be consistent with the aquatic land policies of chapters 79.90 through 79.96 RCW and the implementing regulations adopted by the department. The administrative procedures for management of the lands shall be those of Title 53 RCW.

No rent shall be due the state for the use of state-owned aquatic lands managed under this section for water-dependent or water-oriented uses. If a port district manages state-owned aquatic lands under this section and either leases or otherwise permits any person to use such lands, the rental fee attributable to such aquatic land only shall be comparable to the rent charged lessees for the same or similar uses by the department: PROVIDED, That a port district need not itemize for the lessee any charges for state-owned aquatic lands improved by the port district for use by carriers by water. If a port leases state-owned aquatic lands to any person for nonwater-dependent use, eighty-five percent of the revenue attributable to the rent of the state-owned aquatic land only shall be paid to the state.

Upon application for a management agreement, and so long as the application is pending and being diligently pursued, no rent shall be due the department for the lease by the port district of state-owned aquatic lands included within the application for water-dependent or water-oriented uses.

The department and representatives of the port industry shall develop a proposed model management agreement which shall be used as the basis for negotiating the management agreements required by this section. The model management agreement shall be reviewed and approved by the board of natural resources. [1984 c 221 § 6.]

79.90.480 Determination of annual rent rates for lease of aquatic lands for water-dependent uses. Except as otherwise provided by this chapter, annual rent rates for the lease of state-owned aquatic lands for water-dependent uses shall be determined as follows:

(1)(a) The assessed land value, exclusive of improvements, as determined by the county assessor, of the upland tax parcel used in conjunction with the leased area or, if there are no such uplands, of the nearest upland tax parcel used for water-dependent purposes divided by the parcel area equals the upland value.

(b) The upland value times the area of leased aquatic lands times thirty percent equals the aquatic land value.

(2) As of July 1, 1989, and each July 1 thereafter, the department shall determine the real capitalization rate to be applied to water-dependent aquatic land leases commencing or being adjusted under subsection (3)(a) of this section in that fiscal year. The real capitalization rate shall be the real rate of return, except that until June 30, 1989, the real capitalization rate shall be five percent and thereafter it shall not change by more than one percentage point in any one year or be more than seven percent or less than three percent.

(3) The annual rent shall be:

(a) Determined initially, and redetermined every four years or as otherwise provided in the lease, by multiplying the aquatic land value times the real capitalization rate; and

(b) Adjusted by the inflation rate each year in which the rent is not determined under subsection (3)(a) of this section.

(4) If the upland parcel used in conjunction with the leased area is not assessed or has an assessed value inconsistent with the purposes of the lease, the nearest comparable upland parcel used for similar purposes shall be substituted and the lease payment determined in the same manner as provided in this section.

(5) For the purposes of this section, "upland tax parcel" is a tax parcel, some portion of which has upland characteristics. Filled tidelands or shorelands with upland characteristics which abut state-owned aquatic land shall be considered as uplands in determining aquatic land values.

(6) The annual rent for filled state-owned aquatic lands that have the characteristics of uplands shall be determined in accordance with RCW 79.90.500 in those cases in which the state owns the fill and has a right to charge for the fill. [1984 c 221 § 7.]

79.90.485 Log storage rents. (1) Until June 30, 1989, the log storage rents per acre shall be the average rents the log storage leases in effect on July 1, 1984, would have had under the formula for water-dependent leases as set out in RCW 79.90.480, except that the aquatic land values shall be thirty percent of the assessed value of the abutting upland parcels exclusive of improvements, if they are assessed. If the abutting upland parcel is not assessed, the nearest assessed upland parcel shall be used.

(2) On July 1, 1989, and every four years thereafter, the base log storage rents established under subsection (1) of this section shall be adjusted in proportion to the change in average water-dependent lease rates per acre since the date the log storage rates were last established under this section.

(3) The annual rent shall be adjusted by the inflation rate each year in which the rent is not determined under subsection (1) or (2) of this section.

(4) If the lease provides for seasonal use so that portions of the leased area are available for public use without charge part of the year, the annual rent may be discounted to reflect such public use in accordance with rules adopted by the board of natural resources. [1984 c 221 § 8.]

79.90.490 Rent for leases in effect October 1, 1984. For leases in effect on October 1, 1984, the rent shall remain at the annual rate in effect on September 30, 1984, until the next lease anniversary date, at which time rent established under RCW 79.90.480 or 79.90.485 shall become effective. If the first rent amount established is an increase of more than one hundred dollars and is more than thirty-three percent above the rent in effect on September 30, 1984, the annual rent shall not increase in any year by more than thirty-three percent of the difference between the previous rent and the rent established under RCW 79.90.480 or 79.90.485. If the first rent amount established under RCW 79.90.480 or 79.90.485 is more than thirty-three percent
Title 79 RCW: Public Lands

79.90.490 below the rent in effect on September 30, 1984, the annual rent shall not decrease in any year by more than thirty-three percent of the difference between the previous rent and the rent established under RCW 79.90.480 or 79.90.485. Thereafter, notwithstanding any provision of this title, the annual rental established under RCW 79.90.480 or 79.90.485 shall not increase more than fifty percent in any year.

This section applies only to leases of state-owned aquatic lands subject to RCW 79.90.480 or 79.90.485. [1984 c 221 § 9.]

79.90.495 Rents and fees for aquatic lands used for aquaculture production and harvesting. If state-owned aquatic lands are used for aquaculture production or harvesting, rents and fees shall be established through competitive bidding or negotiation. [1984 c 221 § 10.]

79.90.500 Aquatic lands—Rents for nonwater-dependent uses—Rents and fees for the recovery of mineral or geothermal resources. Leases for nonwater-dependent uses of state-owned aquatic lands shall be charged the fair market rental value of the leased lands, determined in accordance with appraisal techniques specified by rule. However, rents for nonwater-dependent uses shall always be more than the amount that would be charged as rent for a water-dependent use of the same parcel. Rents and fees for the mining or other recovery of mineral or geothermal resources shall be established through competitive bidding, negotiations, or as otherwise provided by statute. [1984 c 221 § 11.]

79.90.505 Aquatic lands—Rents for multiple uses. If water-dependent and nonwater-dependent uses occupy separate portions of the same leased parcel of state-owned aquatic land, the rental rate for each use shall be that established for such use by this chapter, prorated in accordance with the proportion of the whole parcel that each use occupies. If water-dependent and nonwater-dependent uses occupy the same portion of a leased parcel of state-owned aquatic land, the rental rate for such parcel shall be subject to negotiation with the department taking into account the proportion of the improvements each use occupies. [1984 c 221 § 12.]

79.90.510 Aquatic lands—Lease for water-dependent use—Rental for nonwater-dependent use. If a parcel leased for water-dependent uses is used for an extended period of time, as defined by rule of the department, for a nonwater-dependent use, the rental for the nonwater-dependent use shall be negotiated with the department. [1984 c 221 § 13.]

79.90.515 Aquatic lands—Rent for improvements. Except as agreed between the department and the lessee prior to construction of the improvements, rent shall not be charged under any lease of state-owned aquatic lands for improvements, including fills, authorized by the department or installed by the lessee or its predecessor before June 1, 1971, so long as the lands remain under a lease or succession of leases without a period of three years in which no lease is in effect or a bona fide application for a lease is pending.

If improvements were installed under a good faith belief that a state aquatic lands lease was not necessary, rent shall not be charged for the improvements if, within ninety days after specific written notification by the department that a lease is required, the owner either applies for a lease or files suit to determine if a lease is required. [1984 c 221 § 14.]

79.90.520 Aquatic lands—Administrative review of proposed rent. The manager shall, by rule, provide for an administrative review of any aquatic land rent proposed to be charged. The rules shall require that the lessee or applicant for release file a request for review within thirty days after the manager has notified the lessee or applicant of the rent. For leases issued by the department, the final authority for the review rests with the board of natural resources. For leases managed under RCW 79.90.475, the final authority for the review rests with the appropriate port commission. If the request for review is made within thirty days after the manager’s final determination as to the rental, the lessee may pay rent at the preceding year’s rate pending completion of the review, and shall pay any additional rent or be entitled to a refund, with interest thirty days after announcement of the decision. The interest rate shall be fixed, from time to time, by rule adopted by the board of natural resources and shall not be less than six percent per annum. Nothing in this section abrogates the right of an aggrieved party to pursue legal remedies. For purposes of this section, "manager" is the department except where state-owned aquatic lands are managed by a port district, in which case "manager" is the port district. [1991 c 64 § 1; 1984 c 221 § 15.]

79.90.525 Aquatic lands—Security for leases for more than one year. For any lease for a term of more than one year, the department may require that the rent be secured by insurance, bond, or other security satisfactory to the department in an amount not exceeding two years’ rent. The department may require additional security for other lease provisions. The department shall not require cash deposits exceeding one-twelfth of the annual rental. [1984 c 221 § 16.]

79.90.530 Aquatic lands—Payment of rent. If the annual rent charged for the use of a parcel of state-owned aquatic lands exceeds four thousand dollars, the lessee may pay on a prorated quarterly basis. If the annual rent exceeds twelve thousand dollars, the lessee may pay on a prorated monthly basis. [1984 c 221 § 17.]

79.90.535 Aquatic lands—Interest rate. The interest rate and all interest rate guidelines shall be fixed, from time to time, by rule adopted by the board of natural resources and shall not be less than six percent per annum. [1991 c 64 § 2; 1984 c 221 § 18.]

79.90.540 Adoption of rules. The department shall adopt such rules as are necessary to carry out the purposes of RCW 79.90.450 through 79.90.535, specifically including criteria for determining under RCW 79.90.480(4) when an abutting upland parcel has been inappropriately assessed and [Title 79 RCW—page 87]
79.90.540 Title 79 RCW: Public Lands

for determining the nearest comparable upland parcel used for water-dependent uses. [1984 c 221 § 19.]

79.90.545 Application to existing property rights—Application of Shoreline Management Act. Nothing in this chapter or RCW 79.93.040 or 79.93.060 shall modify or affect any existing legal rights involving the boundaries of, title to, or vested property rights in aquatic lands or waterways. Nothing in this chapter shall modify, alter, or otherwise affect the applicability of chapter 90.58 RCW. [1984 c 221 § 20.]

79.90.550 Aquatic land disposal sites—Legislative findings. The legislature finds that the department of natural resources provides, manages, and monitors aquatic land disposal sites on state-owned aquatic lands for materials dredged from rivers, harbors, and shipping lanes. These disposal sites are approved through a cooperative planning process by the departments of natural resources and ecology, the United States corps of engineers, and the United States environmental protection agency in cooperation with the Puget Sound water quality authority. These disposal sites are essential to the commerce and well being of the citizens of the state of Washington. Management and environmental monitoring of these sites are necessary to protect environmental quality and to assure appropriate use of state-owned aquatic lands. The creation of an aquatic land dredged material disposal site account is a reasonable means to enable and facilitate proper management and environmental monitoring of these disposal sites. [1987 c 259 § 1.]

Effective date—1987 c 259: "This act is necessary for the immediate preservation of the public peace, health, and safety, the support of the state government and its existing public institutions, and shall take effect on July 1, 1987." [1987 c 259 § 5.]

79.90.555 Aquatic land dredged material disposal site account. The aquatic land dredged material disposal site account is hereby established in the state treasury. The account shall consist of funds appropriated to the account; funds transferred or paid to the account pursuant to settlements; court or administrative agency orders or judgments; gifts and grants to the account; and all funds received by the department of natural resources from users of aquatic land dredged material disposal sites. After appropriation, moneys in the fund may be spent only for the management and environmental monitoring of aquatic land dredged material disposal sites. The account is subject to the allotment procedure provided under chapter 43.88 RCW. [1991 sp.s. c 13 § 63; 1987 c 259 § 2.]

Effective dates—Severability—1991 sp.s. c 13: See notes following RCW 18.08.240.

Effective date—1987 c 259: See note following RCW 79.90.550.

79.90.560 Fees for use of aquatic land dredged material disposal sites authorized. The department of natural resources shall, from time to time, estimate the costs of site management and environmental monitoring at aquatic land dredged material disposal sites and may, by rule, establish fees for use of such sites in amounts no greater than necessary to cover the estimated costs. All such revenues shall be placed in the aquatic land dredged material disposal site account under RCW 79.90.555. [1987 c 259 § 3.]

Effective date—1987 c 259: See note following RCW 79.90.550.

79.90.565 Archaeological activities on state-owned aquatic lands—Agreements, leases, or other conveyances. After consultation with the director of community development, the department of natural resources may enter into agreements, leases, or other conveyances for archaeological activities on state-owned aquatic lands. Such agreements, leases, or other conveyances may contain such conditions as are required for the department of natural resources to comply with its legal rights and duties. All such agreements, leases, or other conveyances, shall be issued in accordance with the terms of chapters 79.90 through 79.96 RCW. [1988 c 124 § 9.]

Severability—Intent—Application—1988 c 124: See RCW 27.53.901 and notes following RCW 27.53.030.

79.90.901 Severability—1984 c 221. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1984 c 221 § 31.]

79.90.902 Effective date—1984 c 221. This act shall take effect on October 1, 1984. [1984 c 221 § 32.]

79.92.060 Terms of harbor area leases.

Applications for leases of harbor areas upon tidal waters shall be accompanied by such plans and drawings and other data concerning the proposed wharves, docks, or other structures or improvements thereof as the department shall require. Every lease shall provide that the rental shall be payable to the department, and for cancellation by the department upon sixty days' written notice for any breach of the conditions thereof. Every lessee shall furnish a bond, with surety satisfactory to the department, with such penalty as the department may prescribe, but not less than five hundred dollars, conditioned upon the faithful performance of the terms of the lease and the payment of the rent when due. If the department shall at any time deem any bond insufficient, it may require the lessee to file a new and sufficient bond within thirty days after receiving notice to do so.

Applications for leases of harbor areas upon tidal waters shall be accompanied by such plans and drawings and other data concerning the proposed wharves, docks, or other structures or improvements thereof as the department shall require. Every lease shall provide that, wharves, docks, or other conveniences of navigation and commerce adequate for the public needs, to be specified in such lease, shall be constructed within such time as may be fixed in each case by the department. In no case shall the construction be commenced more than two years from the date of such lease and shall be completed within such reasonable time as the department shall fix, any of which times may be extended by the department either before or after their expiration, and the character of the improvements may be changed either before or after completion with the approval of the department: PROVIDED, That if in its opinion improvements existing upon such harbor area or the tidelands adjacent thereto are adequate for public needs of commerce and navigation, the department shall require the maintenance of such existing improvements and need not require further improvements. [1982 1st ex.s. c 21 § 74.]

79.92.070 Construction or extension of docks, wharves, etc., in harbor areas—New lease.

If the owner of any harbor area lease upon tidal waters shall desire to
construct thereon any wharf, dock, or other convenience of navigation or commerce, or to extend, enlarge, or substantially improve any existing structure used in connection with such harbor area, and shall deem the required expenditure not warranted by his right to occupy such harbor area during the remainder of the term of his lease, he may make application to the department of natural resources for a new lease of such harbor area for a period not exceeding thirty years. Upon the filing of such application accompanied by such proper plans, drawings or other data, the department shall forthwith investigate the same and if it shall determine that the proposed work or improvement is in the public interest and reasonably adequate for the public needs, it shall by order fix the terms and conditions and the rate of rental for such new lease, such rate of rental shall be a fixed percentage during the term of such lease, on the true and fair value in money of such harbor area determined from time to time by the department as provided in *RCW 79.92.050. The department may propose modifications of the proposed wharf, dock, or other convenience or extensions, enlargements, or improvements thereon. The department shall, within ninety days from the filing of such application notify the applicant in writing of the terms and conditions upon which such new lease will be granted, and of the rental to be paid, and if the applicant shall within ninety days thereafter elect to accept a new lease of such harbor area upon the terms and conditions, and at the rental prescribed by the department, the department shall make a new lease for such harbor area for the term applied for and the existing lease shall thereupon be surrendered and canceled. [1982 1st ex.s. c 21 § 75.]

*Reviser's note: RCW 79.92.050 was repealed by 1984 c 221 § 30, effective October 1, 1984.

Such application shall be accompanied with maps showing the existing improvements upon such harbor area and the tidelands adjacent thereto and with proper plans, drawings, and other data showing any proposed extensions or improvements of existing structures. Upon the filing of such application the department of natural resources shall forthwith investigate the same and if it shall determine that the characteristic of the wharves, docks or other conveniences of commerce and navigation are reasonably adequate for the public needs and in the public interest, it shall by order fix and determine the terms and conditions upon which such re-lease shall be granted and the rate of rental to be paid, which rate shall be a fixed percentage during the term of such lease on the true and fair value in money of such harbor area as determined from time to time by the department of natural resources in accordance with *RCW 79.92.050. [1982 1st ex.s. c 21 § 76.]

The applicant or his successor in interest shall have the option for the period of sixty days from the date of the service of notice in which to accept a lease on the terms and conditions and at the rental so fixed and determined by the department. If the terms and conditions and rental are accepted a new lease shall be granted for the term applied for. If the terms and conditions are not accepted by the applicant within the period of time, or within such further time, not exceeding three months, as the department shall grant, the same shall be deemed rejected by the applicant, and the department shall give eight weeks' notice by publication once a week in one or more newspapers of general circulation in the county in which the harbor area is located, that a lease of the harbor area will be sold on such terms and conditions and at such rental, at a time and place specified in the notice (which shall not be more than three months from the date of the first publication of the notice) to the person offering at the public sale to pay the highest sum as a cash bonus at the time of sale of such lease. Notice of the sale shall be served upon the applicant at least six weeks prior to the date thereof. The person paying the highest sum as a cash bonus shall be entitled to lease the harbor area: PROVIDED, That if the lease is not sold at the public sale the department may at any time or times again fix the terms, conditions and rental, and again advertise the lease for sale as above provided and upon similar notice: AND PROVIDED FURTHER, That upon failure to secure any sale of the lease as above prescribed, the department may issue revocable leases without requirement of improvements for one year periods at a minimum rate of two percent. [1985 c 469 § 61; 1982 1st ex.s. c 21 § 77.]

The department shall appraise the value of such platted tide and shore lands and enter such appraisals in its records in the office of the commissioner of public lands. [1982 1st ex.s. c 21 § 80.]

79.93.020 Streets, waterways, etc., validated. All alleys, streets, avenues, boulevards, waterways, and other public places and highways heretofore located and platted on the tide and shore lands of the first class, or harbor areas, as provided by law, and not heretofore vacated as provided by law, are hereby validated as public highways and dedicated to the use of the public for the purposes for which they were intended, subject however to vacation as provided for in this chapter. [1982 1st ex.s. c 21 § 81.]
79.93.060 Vacation of waterways—Extension of streets. If a waterway established under the laws of this state, or any portion of the waterway, has not been excavated, or is not used for navigation, or is not required in the public interest to exist as a waterway, such waterway or portion thereof may be vacated by written order of the commissioner of public lands upon request by ordinance or resolution of the city council of the city in which such waterway is located or by resolution of the port commission of the port district in which the waterway is located. If the waterway or portion thereof which is vacated is navigable water of the United States, or otherwise within the jurisdiction of the United States, a copy of such resolution or ordinance, together with a copy of the vacation order of the commissioner of public lands shall be submitted to the United States Army Corps of Engineers for their approval, and if they approve, the waterway or portion thereof is vacated: PROVIDED, That if a port district owns property abutting the waterway and the provisions of this section are otherwise satisfied, the waterway, or the portion thereof that abuts the port district property, shall be vacated.

Upon such vacation of a waterway, the commissioner of public lands shall notify the city in which the waterway is located, and the city has the right, if otherwise permitted by RCW 79.94.150, to extend across the portions so vacated any existing streets, or to select such portions of the waterway as the city may desire for street purposes, in no case to exceed one hundred fifty feet in width for any one street. Such selection shall be made within sixty days subsequent to the receipt of notice of the vacation of the portion of the waterway.

If the city fails to make a selection within such time, or selects only a portion of the waterway, the title of the remaining portions of the vacated waterway shall vest in the state, unless the waterway is located within the territorial limits of a port district, in which event, if otherwise permitted by RCW 79.94.150, the title shall vest in the port district. The title is subject to any railroad or street railway crossings existing at the time of such vacation. [1984 c 221 § 22; 1981 1st ex.s. c 21 § 85.]

Copies of waterway permits or leases in existence on October 1, 1984, shall be delivered to the department of natural resources except in those cases in which the port district enters into an agreement authorizing management of state-owned aquatic land as provided in RCW 79.90.475. [1984 c 221 § 23.]

79.94.020 First class tidelands and shorelands to be platted. It shall be the duty of the department of natural resources simultaneously with the establishment of harbor lines and the determination of harbor areas in front of any city or town or as soon thereafter as practicable to survey and plat all tidelands and shorelands of the first class not heretofore platted as provided in RCW 79.93.010. [1982 1st ex.s. c 21 § 87.]

79.94.030 Second class tidelands and shorelands may be platted. The department of natural resources may survey and plat any tidelands and shorelands of the second class not heretofore platted. [1982 1st ex.s. c 21 § 88.]

79.94.040 Tidelands and shorelands of the first class and second class—Plats—Record. The department of natural resources shall prepare plats showing all tidelands and shorelands of the first class and second class, surveyed, platted, and appraised by it in the respective counties, on which shall be marked the location of all such aquatic lands, with reference to the lines of the United States survey of the abutting upland, and shall prepare in well bound books a record of its proceedings, including a list of said tidelands and shorelands surveyed, platted, or replatted, and appraised by it and its appraisal of the same, which plats and books shall be in triplicate and the department shall file one copy of such plats and records in the office of the commissioner of public lands, and file one copy in the office of the county auditor of the county where the lands platted, or replatted, and appraised are situated, and file one copy in the office of the city engineer of the city in which, or within two miles of which, the lands platted, or replatted, are situated. [1982 1st ex.s. c 21 § 89.]

79.94.050 Tidelands and shorelands of the first class and second class—Appraisal—Record. In appraising tidelands or shorelands of the first class or second class platted or replatted after March 26, 1895, the department of natural resources shall appraise each lot, tract or piece of land separately, and shall enter in a well bound book to be kept in the office of the commissioner of public lands a description of each lot, tract or piece of tide or shore land of the first or second class, its full appraised value, the area and rate per acre at which it was appraised, and if any lot is covered in whole or in part by improvements in actual use for commerce, trade, residence, or business, on or prior to, the date of the plat or replat, the department shall enter the name of the owner, or reputed owner, the nature of the improvements, the area covered by the improvements, the portion of each lot, tract or piece of land covered, and the appraised value of the land covered, with and exclusive of, the improvements. [1982 1st ex.s. c 21 § 90.]

79.94.060 Tidelands and shorelands of the first class and second class—Notice of filing plat and record of appraisal—Appeal. The department of natural resources shall, before filing in the office of the commissioner of public lands the plat and record of appraisal of any tidelands or shorelands of the first or second class platted and appraised by it, cause a notice to be published once each week for four consecutive weeks in a newspaper published and of general circulation in the county wherein the land covered by such plat and record are situated, stating that such plat and record, describing it, is complete and subject to inspection at the office of the commissioner of public lands, and will be filed on a certain day to be named in the notice.

Any person entitled to purchase under RCW 79.94.150 and claiming a preference right of purchase of any of the tidelands or shorelands platted and appraised by the department, and who feels aggrieved at the appraisement fixed by the department upon such lands, or any part thereof, may within sixty days after the filing of such plat and record in the office of the commissioner (which shall be done on the day fixed in said notice), appeal from such appraisement to the superior court of the county in which the tide or shore lands are situated, in the manner provided for taking appeals from orders or decisions under RCW 79.90.400.

The prosecuting attorney of any county, or city attorney of any city, in which such aquatic lands are located, shall at the request of the governor, or of ten freeholders of the county or city, in which such lands are situated, appeal on behalf of the state, or the county, or city, from any such appraisal in the manner provided in this section. Notice of such appeal shall be served upon the department of natural resources through the administrator, and it shall be his duty to immediately notify all persons entitled to purchase under RCW 79.94.150 and claiming a preference right to purchase the lands subject to the appraisement.

Any party, other than the state or the county or city appealing, shall execute a bond to the state with sufficient surety, to be approved by the department of natural resources, in the sum of two hundred dollars conditioned for the payment of costs on appeal.

The superior court to which an appeal is taken shall hear evidence as to the value of the lands appraised and enter an order confirming, or raising, or lowering the appraisal appealed from, and the clerk of the court shall file a certified copy thereof in the office of the commissioner of public lands. The appraisal fixed by the court shall be final. [1982 1st ex.s. c 21 § 91.]

79.94.070 Tidelands and shorelands of the first class—Preference right of upland owner—How exercised.

[Title 79 RCW—page 96]
Upon platting and appraisal of tidelands or shorelands of the first class as in this chapter provided, if the department of natural resources shall deem it for the best public interest to offer said tide or shore lands of the first class for lease, the department shall cause a notice to be served upon the owner of record of uplands fronting upon the tide or shore lands to be offered for lease if he be a resident of the state, or if he be a nonresident of the state, shall mail to his last known post office address, as reflected in the county records, a copy of the notice notifying him that the state is offering such tide or shore lands for lease, giving a description of those lands and the department’s appraised fair market value of such tide or shore lands for lease, and notifying such owner that he has a preference right to apply to lease said tide or shore lands at the appraised value for the lease thereof for a period of sixty days from the date of service of mailing of said notice. If at the expiration of sixty days from the service or mailing of the notice, as above provided, there being no conflicting applications filed, and the owner of the uplands fronting upon the tide or shore lands offered for lease, has failed to avail himself of his preference right to apply to lease or to pay to the department the appraised value for lease of the tide or shore lands described in said notice, then in that event, said tide or shore lands may be offered for lease to any person and may be leased in the manner provided for in the case of lease of state lands.

If at the expiration of sixty days two or more claimants asserting a preference right to lease shall have filed applications to lease any tract, conflicting with each other, the conflict between the claimants shall be equitably resolved by the department of natural resource[s] as the best interests of the state require in accord with the procedures prescribed by chapter 34.05 RCW: PROVIDED, That any contract purchaser of lands or rights therein, which upland qualifies the owner for a preference right under this section, shall have first priority for such preference right. [1982 1st ex.s. c 21 § 92.]

79.94.080 Tide and shore lands—Sale of remaining lands. Any tide or shore lands of the first class remaining unsold, and where there is no pending application for the purchase of the same under claim of any preference right, when otherwise permitted under RCW 79.94.150 to be sold, shall be sold on the same terms and in the same manner as provided for the sale of state lands for not less than the appraised value fixed at the time of the application to purchase, and the department of natural resources whenever it shall deem it advisable and for the best interest of the state may reappraise such lands in the same manner as provided for the appraisal of state lands. [1982 1st ex.s. c 21 § 93.]

79.94.090 Sale of tidelands other than first class. All tidelands, other than first class, shall be offered for sale, when otherwise permitted under RCW 79.94.150 to be sold, and sold in the same manner as state lands, other than capitol building lands, but for not less than five dollars per lineal chain, measured on the United States meander line bounding the inner shore limit of such tidelands, and each applicant shall furnish a copy of the United States field notes, certified to by the officer in charge thereof, of said meander line with his application, and shall pay one-tenth of the purchase price on the date of sale. [1982 1st ex.s. c 21 § 94.]

79.94.100 Tidelands and shorelands of the first and second class—Petition for replat—Replatting and reappraisal—Vacation by replat. Whenever all of the owners and other persons having a vested interest in those tidelands or shorelands embraced within any plat of tide or shore lands of the first or second class, heretofore or hereafter platted or replatted, or within any portion of any such plat in which there are unsold tide or shore lands belonging to the state, shall file a petition with the department of natural resources accompanied by proof of service of such petition upon the city council, or other governing body, of the city or town in which the tide or shore lands described in the petition are situated, or upon the legislative body of the county in which such tide or shore lands outside of any incorporated city or town are situated, asking for a replat of such tide or shore lands, the department is authorized and empowered to replat said tide or shore lands described in such petition, and all unsold tide or shore lands situated within such replat shall be reappraised as provided for the original appraisal of tide or shore lands: PROVIDED, That any streets or alleys embraced within such plat or portion of plat, vacated by the replat hereby authorized shall vest in the owner or owners of the lands abutting thereon. [1982 1st ex.s. c 21 § 95.]

79.94.110 Tidelands and shorelands of the first and second class—Dedication of replat—All interests must join. If in the preparation of a replat provided for in RCW 79.94.100 by the department of natural resources, it becomes desirable to appropriate any tidelands or shorelands heretofore sold for use as streets, alleys, waterways, or other public places, all persons interested in the title to such tidelands or shorelands desired for public places shall join in the dedication of such replat before it shall become effective. [1982 1st ex.s. c 21 § 96.]

79.94.120 Tidelands and shorelands of the first and second class—Vacation by replat—Preference right of tideland or shoreland owner. If any street, alley, waterway, or other public place theretofore platted, is vacated by a replat as provided for in RCW 79.94.100 and 79.94.110, or any new street, alley, waterway, or other public place is so laid out as to leave unsold tidelands or shorelands between such new street, alley, waterway, or other public place, and tidelands or shorelands theretofore sold, the owner of the adjacent tidelands or shorelands theretofore sold shall have the preference right for sixty days after the final approval of such plat to purchase the unsold tidelands or shorelands so intervening at the appraised value thereof, if otherwise permitted under RCW 79.94.150 to be sold. [1982 1st ex.s. c 21 § 97.]

79.94.130 Tidelands and shorelands of the first and second class—Vacation procedure cumulative. RCW 79.94.100 through 79.94.120 are intended to afford a method of procedure, in addition to other methods provided in this chapter for the vacation of streets, alleys, waterways, and other public places platted on tidelands or shorelands of the first or second class. [1982 1st ex.s. c 21 § 98.]
79.94.140 Tidelands and shorelands of the first and second class—Effect of replat. [Repealed by 1992 c 378 § 3; 1982 c 175 § 106.] See note following RCW 34.05.010.

79.94.150 First and second class tidelands and shorelands and waterways of state to be sold only to public entities—Leasing—Limitation. (1) This section shall apply to:

(a) First class tidelands as defined in RCW 79.90.030;
(b) Second class tidelands as defined in RCW 79.90.035;
(c) First class shorelands as defined in RCW 79.90.040;
(d) Second class shorelands as defined in RCW 79.90.045, except as included within RCW 79.94.210;
(e) Waterways as described in RCW 79.93.010.

(2) Notwithstanding any other provision of law, from and after August 9, 1971, all tidelands and shorelands enumerated in subsection (1) of this section owned by the state of Washington shall not be sold except to public entities as may be authorized by law and they shall not be given away.

(3) Tidelands and shorelands enumerated in subsection (1) of this section may be leased for a period not to exceed fifty-five years: PROVIDED, That nothing in this section shall be construed as modifying or canceling any outstanding lease during its present term.

(4) Nothing in this section shall:
(a) Be construed to cancel an existing sale contract;
(b) Prohibit sale or exchange of beds and shorelands where the water course has changed and the area now has the characteristics of uplands;
(c) Prevent exchange involving state-owned tide and shore lands. [1982 1st ex.s. c 21 § 100.]

79.94.160 Sale of state-owned tide or shore lands to municipal corporation or state agency—Authority to execute agreements, deeds, etc. The department of natural resources may sell state-owned tidelands or shore lands to the city of Seattle when said land is to be used solely for municipal or state purposes: PROVIDED, That the department shall with the advice and approval of the attorney general, execute such agreements, writings, or relinquishments and certify to the governor such deeds as are necessary or proper to effect such sale or exchange. [1982 1st ex.s. c 21 § 101.]

79.94.170 Construction of RCW 79.94.150 and 79.94.170—Use and occupancy fee where unauthorized improvements placed on publicly owned aquatic lands. Nothing in RCW 79.94.150 and 79.94.170 shall be construed to prevent the assertion of public ownership rights in any publicly owned aquatic lands, or the leasing of such aquatic lands when such leasing is not contrary to the state-wide public interest.

The department of natural resources may require the payment of a use and occupancy fee in lieu of a lease where improvements have been placed without authorization on publicly owned aquatic lands. [1982 1st ex.s. c 21 § 102.]

79.94.210 Second class shorelands on navigable lakes—Sale. (1) The legislature finds that maintaining public lands in public ownership is often in the public interest. However, when second class shorelands on navigable lakes have minimal public value, the sale of those shorelands to the abutting upland owner may not be contrary to the public interest: PROVIDED, That the purpose of this section is to remove the prohibition contained in RCW 79.94.150 regarding the sale of second class shorelands to abutting owners, whose uplands front on the shorelands. Nothing contained in this section shall be construed to otherwise affect the rights of interested parties relating to public or private ownership of shorelands within the state.

(2) Notwithstanding the provisions of RCW 79.94.150, the department of natural resources may sell second class shorelands on navigable lakes to abutting owners whose uplands front on the shorelands in cases where the board of natural resources has determined that these sales would not be contrary to the public interest. These shorelands shall be sold at fair market value, but not less than five percent of the fair market value of the abutting upland, less improvements, to a maximum depth of one hundred and fifty feet landward from the line of ordinary high water.

(3) Review of the decision of the department regarding the sale price established for a shoreland to be sold pursuant to this section may be obtained by the upland owner by filing a petition with the board of tax appeals created in accordance with chapter 82.03 RCW within thirty days after the mailing of notification by the department to the owner regarding the price. The board of tax appeals shall review such cases in an adjudicative proceeding as described in chapter 34.05 RCW, the administrative procedure act, and the board's review shall be de novo. Decisions of the board of tax appeals regarding fair market values determined pursuant to this section shall be final unless appealed to the superior court pursuant to RCW 34.05.510 through 34.05.598. [1989 c 378 § 3; 1989 c 175 § 171; 1982 1st ex.s. c 21 § 106.]

Reviser's note: This section was amended by 1989 c 175 § 171 and by 1989 c 378 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Effective date—1989 c 175: See note following RCW 34.05.010.

States, such water boundary shall thereafter be the line of ordinary navigation as the same shall be found in such waters after such lowering, and there is hereby granted and confirmed to every such purchaser, his heirs and assigns, all such lands: PROVIDED HOWEVER, That RCW 79.94.220 and 79.94.230 shall not apply to such portions of such second class shorelands which shall, as provided by RCW 79.94.230, be selected by the department of natural resources for harbor areas, slips, docks, wharves, warehouses, streets, avenues, parkways and boulevards, alleys, or other public purposes: PROVIDED FURTHER, That all shorelands and the bed of Lake Washington from the southerly margin of the plat of Lake Washington shorelands southerly along the westerly shore of said lake to a line three hundred feet south of and parallel with the east and west center line of section 35, township 24 north, range 4 east, W.M., are hereby reserved for public uses and are hereby granted and donated to the city of Seattle for public park, parkway and boulevard purposes, and as a part of its public park, parkway, and boulevard system and any diversion or attempted diversion of such lands so donated from such purposes shall cause the title to said lands to revert to the state. [1982 1st ex.s. c 21 § 107.]

79.94.230 Second class shorelands—Platting—Selection for slips, docks, wharves, etc. It shall be the duty of the department of natural resources to survey such second class shorelands and in platting such survey to designate thereon as selected for public use all of such shorelands as in the opinion of the department is available, convenient or necessary to be selected for the use of the public as harbor areas, sites for slips, docks, wharves, warehouses, streets, avenues, parkways and boulevards, alleys, and other public purposes.

Upon the filing of such plat in the office of the commissioner of public lands, the title to all harbor areas so selected shall remain in the state, the title to all selections for streets, avenues, and alleys shall vest in any city or town within the corporate limits of which they may be then situate, otherwise in the county in which situate, the title to and control of any lands so selected and designated upon such plat for parkways and boulevard purposes shall, if the same lie outside of the corporate limits of any city or town and if the same form a part of the general parkway and boulevard system of a city of the first class, be in such city, and the title to all selections for slips, docks, wharves, warehouses and other public purposes shall vest in the port district if they situate in a port district, otherwise in the county in which situate. [1982 1st ex.s. c 21 § 108.]

79.94.240 Second class shorelands—Platting of certain shorelands of Lake Washington for use as harbor area—Effect. It shall be the duty of the department of natural resources to plat for the public use harbor area in front of such portions of the shorelands of Lake Washington heretofore sold as second class shorelands by the state of Washington as in the opinion of the department are necessary for the use of the public as harbor area: PROVIDED HOWEVER, That RCW 79.94.240 and 79.94.250 shall not be construed to authorize the department to change the location of any inner or outer harbor line or the boundaries or location of, or to replat any harbor area heretofore platted under and by virtue of sections 1 and 2, chapter 183, Laws of 1913, and the title to all shorelands heretofore purchased from the state as second class shorelands is hereby confirmed to such purchaser, his heirs and assigns, out to the inner harbor line heretofore established and platted under sections 1 and 2, chapter 183, Laws of 1913, or which shall be established and platted under RCW 79.94.230 and 79.94.250, and all reservations shown upon the plat made and filed pursuant to sections 1 and 2, chapter 183, Laws of 1913, are declared null and void, except reservations shown thereon for harbor area, and reservations in such harbor area, and reservations across shorelands for traversed streets which were extensions of streets existing across shorelands at the time of filing of such plat. Said department shall in platting said harbor area make a new plat showing all the harbor area on Lake Washington already platted under said sections 1 and 2, chapter 183, Laws of 1913, and under sections 1 and 2, chapter 150, Laws of 1917, and upon the adoption of any new plat by the board of natural resources acting as the harbor line commission, and the filing of said plat in the office of the commissioner of public lands, the title to all such harbor areas so selected shall remain in the state of Washington, and such harbor areas shall not be sold, but may be leased as provided for by law relating to the leasing of such harbor area. [1982 1st ex.s. c 21 § 109.]

79.94.250 Second class shorelands—Platting of certain shorelands of Lake Washington for use as harbor area—Selection for slips, docks, wharves, etc.—Vesting of title. Immediately after establishing the harbor area provided for in RCW 79.94.240, it shall be the duty of the department of natural resources to make a plat designating thereon all shorelands, of the first and second class, not heretofore sold by the state of Washington, and to select for the use of the public out of such shorelands, or out of harbor areas in front thereof, sites for slips, docks, wharves, warehouses, streets, avenues, parkways, boulevards, alleys, commercial waterways, and other public purposes, insofar as such shorelands may be available for any or all such public purposes.

Upon the filing of such plat of shorelands with such reservations and selections thereon in the office of the commissioner of public lands, the title to all selections for streets, avenues, and alleys shall vest in any city or town within the corporate limits of which they may be then situate, otherwise in the county in which they are situate. The title to and control of any land so selected and designated upon such plat for parkway and boulevard purposes shall, if the same lie outside the corporate limits of any city or town, and if the same form a part of the general parkway and boulevard system of the city of the first class, be in such city. The title to all selections for commercial waterway purposes shall vest in the commercial waterway district in which situate, or for which selected, and the title to all selections for slips, docks, wharves, warehouses and other purposes shall vest in the port district if they situate in a port district, otherwise in the county in which they are situate, and any sales of such shorelands when otherwise permitted by law shall be made subject to such selection and reservation for public use. [1982 1st ex.s. c 21 § 110.]
Second class shorelands—Sale or lease when in best public interest—Preference right of upland owner—Procedure upon determining sale or lease not in best public interest or where transfer made for public use—Platting. If application is made to purchase or lease any shorelands of the second class and the department of natural resources shall deem it for the best public interest to offer said shorelands of the second class for sale or lease, the department shall cause a notice to be served upon the abutting upland owner if he be a resident of the state, or if the upland owner be a nonresident of the state, shall mail to his last known post office address, as reflected in the county records a copy of a notice notifying him that the state is offering such shorelands for sale or lease, giving a description of the department's appraised fair market value of such shorelands for sale or lease, and notifying such upland owner that he has a preference right to purchase, if such purchase is otherwise permitted under RCW 79.94.150, or lease said shorelands at the appraised value thereof for a period of thirty days from the date of the service or mailing of said notice. If at the expiration of the thirty days from the service or mailing of the notice, as provided in this section, the abutting upland owner has failed to avail himself of his preference right to purchase, as otherwise permitted under RCW 79.94.150, or lease, or to pay to the department the appraised value for sale or lease of the shorelands described in said notice, then in that event, except as otherwise provided in this section, said shorelands may be offered for sale, when otherwise permitted under RCW 79.94.150, or offered for lease, and sold or leased in the manner provided for the sale or lease of state lands, as otherwise permitted under this chapter.

The department of natural resources shall authorize the sale or lease, whether to abutting upland owners or others, only if such sale or lease would be in the best public interest and is otherwise permitted under RCW 79.94.150. It is the intent of the legislature that whenever it is in the best public interest, the shorelands of the second class managed by the department of natural resources shall not be sold but shall be maintained in public ownership for the use and benefit of the people of the state.

In all cases where application is made for the lease of any second class shorelands adjacent to upland, under the provisions of this section, the same shall be leased per lineal chain frontage, and the United States field notes of the meander line shall accompany each application as required for the sale of such lands, and when application is made for the lease of second class shorelands separated from the upland by navigable waters, the application shall be accompanied by the plat and field notes of a survey of the lands applied for, as required with applications for the purchase of such lands.

If, following an application by the abutting upland owner to either purchase as otherwise permitted under RCW 79.94.150 or to obtain an exclusive lease at appraised full market value or rental, the department deems that such sale or lease is not in the best public interest, or if property rights in state-owned second class shorelands are at any time withdrawn, sold, or assigned in any manner authorized by law to a public agency for a use by the general public, the department shall within one hundred and eighty days from receipt of such application to purchase or lease, or on reaching a decision to withdraw, sell or assign such shorelands to a public agency, and: (1) Make a formal finding that the body of water adjacent to such shorelands is navigable; (2) find that the state or the public has an overriding interest inconsistent with a sale or exclusive lease to a private person, and specifically identify such interest and the factor or factors amounting to such inconsistency; and (3) provide for the review of said decision in accordance with the procedures prescribed by chapter 34.05 RCW.

Notwithstanding the above provisions, the department may cause any of such shorelands to be platted as is provided for the platting of shorelands of the first class, and when so platted such lands shall be sold, when otherwise permitted under RCW 79.94.150 to be sold, or leased in the manner provided for the sale or lease of shorelands of the first class. [1982 1st ex.s. c 21 § 111.]

Second class tide or shore lands detached from uplands by navigable water—Sale. booming purposes under the terms and conditions of this section: PROVIDED, That failure to use for booming purposes any lands leased under this section for such purposes for a period of one year shall work a forfeiture of such lease and such land shall revert to the state without any notice to the lessee upon the entry of a declaration of forfeiture in the records of the department of natural resources. [1982 1st ex.s. c 21 § 113.]

At the expiration of any lease issued under the provisions of this section, the lessee shall have the preference right to re-lease the lands covered by his original lease for a further term, not exceeding ten years, at such rental and upon such terms and conditions as may be prescribed by the department of natural resources. In case the lessee or his successor in interest is dissatisfied with the appraised value of such improvements as determined by the department, or as may be determined on appeal, to such former lessee or his successor in interest. In case such tide or shore lands are leased, or sold, to any person other than such lessee or his successor in interest, within three years from the expiration of the former lease, the bid of such subsequent lessee or purchaser shall not be accepted until payment is made by such subsequent lessee or purchaser of the appraised value of the improvements as determined by the department, or as may be determined on appeal, to such former lessee or his successor in interest.

In case such tide or shore lands are not leased, or sold, within three years after the expiration of such former lease, then in that event, such improvements existing on the lands at the time of any subsequent lease, shall belong to the state and be considered a part of the land, and shall be taken into consideration in appraising the value, or rental value, of the land and sold or leased with the land. In case the lessee or his successor in interest is dissatisfied with the appraised value of such improvements as determined by the department, he shall have the right of appeal to the superior court of the county wherein said tide or shore lands are situated, within the time and according to the method prescribed in RCW 79.90.400 for taking appeals from decisions of the department.

In case such tide or shore lands are leased, or sold, to any person other than such lessee or his successor in interest, within three years from the expiration of the former lease, the bid of such subsequent lessee or purchaser shall not be accepted until payment is made by such subsequent lessee or purchaser of the appraised value of the improvements as determined by the department, or as may be determined on appeal, to such former lessee or his successor in interest.

In case such tide or shore lands are not leased, or sold, within three years after the expiration of such former lease, then in that event, such improvements existing on the lands at the time of any subsequent lease, shall belong to the state and be considered a part of the land, and shall be taken into consideration in appraising the value, or rental value, of the land and sold or leased with the land. Except as provided in RCW 79.95.060, the department of natural resources may lease to the abutting tide or shore land owner or lessee, the beds of navigable waters lying below the line of extreme low tide in waters where the tide ebbs and flows, and below the line of navigability in lakes and rivers claimed by the state and defined in section 1, Article XVII, of the Constitution of the state.

In case the abutting tide or shore lands or the abutting uplands are not improved or occupied for residential or commercial purposes, the department may lease such beds to any person for a period not exceeding ten years for booming purposes.

Nothing in this chapter shall change or modify any of the provisions of the state Constitution or laws of the state which provide for the leasing of harbor areas and the reservation of lands lying in front thereof. [1987 c 271 § 2; 1982 1st ex.s. c 21 § 130.]

Severability—1987 c 271: See note following RCW 79.95.050.

79.95.020 Lease of beds of navigable waters—Terms and conditions of lease—Forfeiture for nonuser. No lease issued under the provisions of this chapter shall be for a term longer than thirty years from the date thereof if in front of second class tide or shore lands; or a term longer than ten years if in front of unplatted first class tide or shore lands leased under the provisions of RCW 79.94.280, in which case said lease shall be subject to the same terms and conditions as provided for in the lease of such unplatted first class tide or shore lands. Failure to use those beds leased under the provisions of this chapter for booming purposes, for a period of two years shall work a forfeiture of said lease and the land shall revert to the state without notice to the lessee upon the entry of a declaration of forfeiture in the records of the commissioner of public lands. [1982 1st ex.s. c 21 § 131.]

No structures or improvements shall be constructed beyond a point authorized by the Corps of Engineers or the department of natural resources and any construction beyond authorized limits will work a forfeiture of all rights granted by the terms of any lease issued under the provisions of this chapter. The applicant shall also file plans and specifications of any proposed improvements to be placed upon such areas with the department of natural resources, said plans and specifications to be the same as provided for in the case of the lease of harbor areas. [1982 1st ex.s. c 21 § 132.]

At the expiration of any lease issued under the provisions of this chapter, the lessee or his successors or assigns, shall have a preference right to re-lease the area covered by the original lease or any portion thereof if the department of natural resources deems it to be in the best interest of the state to re-rent the same. Such re-rent shall be for such term as specified by the provisions of this chapter, and at such rental, and upon such conditions as may be prescribed by the department: PROVIDED, That if such preference right is not exercised, the rights and obligations of the lessee, the department of natural resources, and any subsequent lessee shall be the same as provided in RCW 79.94.320 relating to failure to re-rent tide or shore lands. Any person who prior to June 11, 1953, had occupied and improved an area subject to lease under chapters and has secured a permit for such improvements from the United States Army Corps of Engineers, or other federal regulatory agency, shall have the rights and obligates of a lessee under this section upon the filing of a copy of such permit together with plans and specifications of such improvements with the department of natural resources. [1982 1st ex.s. c 21 § 133.]

The legislature recognizes the importance of economic development in the state of Washington, and finds that the location of a United States Navy base in Everett, Washington will enhance economic development. The legislature finds that the state should not assume liability or risks resulting from any action taken by the United States Navy, now or in the future associated with the dredge disposal program for that project known as confined aquatic disposal (CAD). The legislature also recognizes the importance of improving water quality and cleaning up pollution in Puget Sound. The legislature hereby declares these actions to be a public purpose necessary to protect the health, safety, and welfare of its citizens, and to promote
economic growth and improve environmental quality in the state of Washington. The United States Navy proposes to commence the Everett home port project immediately. [1987 c 271 § 1.]

Severability—1987 c 271: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 c 271 § 6.]

(1) Upon application by the United States Navy, and upon verification of the legal description and compliance with the intent of this chapter, the commissioner of public lands is authorized to lease bedlands in Port Gardner Bay for a term of thirty years so that the United States Navy can utilize a dredge spoil site solely for purposes related to construction of the United States Navy base at Everett.

(2) The lease shall reserve for the state uses of the property and associated waters which are not inconsistent with the use of the bed by the Navy as a disposal site. The lease shall include conditions under which the Navy:

(a) Will agree to hold the state of Washington harmless for any damage and liability relating to, or resulting from, the use of the property by the Navy; and

(b) Will agree to comply with all terms and conditions included in the applicable state of Washington section 401 water quality certification issued under the authority of the Federal Clean Water Act (33 U.S.C. 79.96.010 Leasing beds of tidal waters for shellfish cultivation or other aquaculture use. The beds of all navigable tidal waters in the state lying below extreme low tide, except as prohibited by section 1, Article XV, of the Washington state Constitution shall be subject to lease for the purposes of planting and cultivating oyster beds, or for the purpose of cultivating clams or other edible shellfish, or for other aquaculture use, for periods not to exceed ten years.

Where the lands are used for the cultivation and harvesting of oysters, the parcels leased shall not exceed forty acres.

Where the lands are used for the cultivation and harvesting of clams or other aquaculture use, the department of natural resources may, in its discretion, grant leases for larger parcels.

Nothing in this section shall prevent any person from leasing more than one parcel, as offered by the department. [1982 1st ex.s. c 21 § 134.]

79.96.020 Leasing lands for shellfish cultivation or other aquaculture use—Who may lease—Application—Deposit. Any person desiring to lease tidelands or beds of navigable waters for the purpose of planting and cultivating oyster beds, or for the purpose of cultivating clams or other edible shellfish, shall file with the department of natural resources, on a proper form, an application in writing signed by the applicant and accompanied by a map of the lands desired to be leased, describing the lands by metes and bounds tied to at least two United States government corners, and by such reference to local geography as shall suffice to convey a knowledge of the location of the lands with reasonable accuracy to persons acquainted with the vicinity, and accompanied by a deposit of ten dollars which deposit shall be returned to the applicant in case a lease is not granted. [1982 1st ex.s. c 21 § 135.]
79.96.030 Leasing lands for shellfish cultivation or other aquaculture use—Inspection and report by director of fisheries—Rental and term—Commercial harvest of subtidal hardshell clams by hydraulic escalating. (1) The department of natural resources, upon the receipt of an application for a lease for the purpose of planting and cultivating oyster beds or for the purpose of cultivating clams or other edible shellfish, shall notify the director of fisheries of the filing of the application describing the tidelands or beds of navigable waters applied for. The director of fisheries shall cause an inspection of the lands applied for to be made and shall make a full report to the department of natural resources of his findings as to whether it is necessary, in order to protect existing natural oyster beds, and to secure adequate seeding thereof, to retain the lands described in the application for lease or any part thereof, and in the event the director deems it advisable to retain the lands or any part thereof for the protection of existing natural oyster beds or to guarantee the continuance of an adequate seed stock for existing natural oyster beds, the same shall not be subject to lease. However, if the director determines that the lands applied for or any part thereof may be leased, he shall so notify the department of natural resources and the director shall cause an examination of the lands to be made to determine the presence, if any, of natural oysters, clams, or other edible shellfish on said lands, and to fix the rental value of the lands for use for oyster, clam, or other edible shellfish cultivation. In his report to the department, the director shall recommend a minimum rental for said lands and an estimation of the value of the oysters, clams, or other edible shellfish, if any, then present on the lands applied for. The lands approved by the director for lease may then be leased to the applicant for a period of not less than five years nor more than ten years at a rental not less than the minimum rental recommended by the director of fisheries. In addition, before entering upon possession of the land, the applicant shall pay the value of the oysters, clams, or other edible shellfish, if any, then present on the land as determined by the director, plus the expense incurred by the director in investigating the quantity of oysters, clams, or other edible shellfish, present on the land applied for.

(2) When issuing new leases or reissuing existing leases the department shall not permit the commercial harvest of subtidal hardshell clams by means of hydraulic escalating when the upland within five hundred feet of any lease tract is zoned for residential development. [1987 c 374 § 1; 1982 1st ex.s. c 21 § 136.]

79.96.040 Leasing lands for shellfish cultivation or other aquaculture use—Survey and boundary markers. Before entering into possession of any leased tidelands or beds of navigable waters, the applicant shall cause the same to be surveyed by a registered land surveyor, and he shall furnish to the department of natural resources and to the director of fisheries, a map of the leased premises signed and certified by the registered land surveyor. The lessee shall also cause the boundaries of the leased premises to be marked by piling monuments or other markers of a permanent nature as the director of fisheries may direct. [1982 1st ex.s. c 21 § 137.]

79.96.050 Leasing lands for shellfish cultivation or other aquaculture use—Renewal lease. The department of natural resources may, upon the filing of an application for a renewal lease, cause the tidelands or beds of navigable waters to be inspected, and if he deems it in the best interests of the state to re-lease said lands, he shall issue to the applicant a renewal lease for such further period not exceeding ten years and under such terms and conditions as may be determined by the department: PROVIDED, That in the case of an application for a renewal lease it shall not be necessary for the lands to be inspected and reported upon by the director of fisheries. [1982 1st ex.s. c 21 § 138.]

79.96.060 Leasing lands for shellfish cultivation or other aquaculture use—Reversion for use other than cultivation of shellfish. All leases of tidelands and beds of navigable waters for the purpose of planting and cultivating oysters, clams, or other edible shellfish shall expressly provide that if at any time after the granting of said lease, the lands described therein shall cease to be used for the purpose of oyster beds, clam beds, or other edible shellfish beds, they shall thereupon revert to and become the property of the state and that the same are leased only for the purpose of cultivating oysters, clams, or other edible shellfish thereon, and that the state reserves the right to enter upon and take possession of said lands if at any time the same are used for any other purpose than the cultivation of oysters, clams, or other edible shellfish. [1982 1st ex.s. c 21 § 139.]

79.96.070 Leasing lands for shellfish cultivation or other aquaculture use—Abandonment—Application for other lands. If from any cause any lands leased for the purpose of planting and cultivating oysters, clams, or other edible shellfish shall become unfit and valueless for any such purposes, the lessee or his assigns, upon certifying such fact under oath to the department of natural resources, together with the fact that he has abandoned such land, shall be entitled to make application for other lands for such purposes. [1982 1st ex.s. c 21 § 140.]

79.96.080 Geoduck harvesting—Agreements, regulation. (1) Geoducks shall be sold as valuable materials under the provisions of chapter 79.90 RCW. After confirmation of the sale, the department of natural resources may enter into an agreement with the purchaser for the harvesting of geoducks. The department of natural resources may place terms and conditions in the harvesting agreements as the department deems necessary. The department of natural resources may enforce the provisions of any harvesting agreement by suspending or canceling the harvesting agreement or through any other means contained in the harvesting agreement. Any geoduck harvester may terminate a harvesting agreement entered into pursuant to this subsection if actions of a governmental agency, beyond the control of the harvester, its agents, or its employees, prohibit harvesting, for a period exceeding thirty days during the term of the harvesting agreement, except as provided within the agreement. Upon such termination of the agreement by the harvester, the harvester shall be reimbursed by the department of natural resources for the cost paid to the
(2) Harvesting agreements under this title for the purpose of harvesting geoducks shall require the harvester and the harvester's agent or representatives to comply with all applicable commercial diving safety standards and regulations promulgated and implemented by the federal occupational safety and health administration established under the federal occupational safety and health act of 1970 as such law exists or as hereafter amended (84 Stat. 1590 et seq.; 29 U.S.C. Sec. 651 et seq.): PROVIDED, That for the purposes of this section and RCW 75.24.100 as now or hereafter amended, all persons who dive for geoducks are deemed to be employees as defined by the federal occupational safety and health act. All harvesting agreements shall provide that failure to comply with these standards is cause for suspension or cancellation of the harvesting agreement: PROVIDED FURTHER, That for the purposes of this subsection if the harvester contracts with another person or entity for the harvesting of geoducks, the harvesting agreement shall not be suspended or canceled if the harvester terminates its business relationship with such entity until compliance with this subsection is secured. [1990 c 163 § 4; 1982 1st ex.s. c 21 § 141.]

79.96.085 Geoduck harvesting—Designation of aquatic lands. The department of natural resources shall designate the areas of aquatic lands owned by the state that are available for geoduck harvesting by licensed geoduck harvesters in accordance with chapter 79.90 RCW. [1990 c 163 § 5; 1983 1st ex.s. c 46 § 129; 1979 ex.s. c 141 § 5. Formerly RCW 75.28.286.]

79.96.090 Lease of tidelands set aside as oyster reserves. The department of natural resources is hereby authorized to lease first or second class tidelands which have heretofore or which may hereafter be set aside as state oyster reserves in the same manner as provided elsewhere in this chapter for the lease of those lands. [1982 1st ex.s. c 21 § 142.]

79.96.100 Inspection and report by director of fisheries. The department of natural resources, upon the receipt of an application for the lease of any first or second class tidelands owned by the state which have heretofore or which may hereafter be set aside as state oyster reserves, shall notify the director of fisheries of the filing of the application describing the lands applied for. It shall be the duty of the director of fisheries to cause an inspection of the reserve to be made for the purpose of determining whether said reserve or any part thereof should be retained as a state oyster reserve or vacated. [1982 1st ex.s. c 21 § 143.]

79.96.110 Vacation of reserve—Lease of lands. In case the director of fisheries approves the vacation of the whole or any part of said reserve, the department of natural resources may vacate and offer for lease such parts or all of said reserve as it deems to be for the best interest of the state, and all moneys received for the lease of such lands shall be paid to the department of natural resources in accordance with *RCW 79.94.190: PROVIDED, That nothing in RCW 79.96.090 through 79.96.110 shall be construed as authorizing the lease of any tidelands which have heretofore, or which may hereafter, be set aside as state oyster reserves in Eld Inlet, Hammersley Inlet, or Totten Inlet, situated in Mason or Thurston counties: PROVIDED FURTHER, That any portion of Plat 138, Clifton's Oyster Reserve, which has already been vacated, may be leased by the department. [1982 1st ex.s. c 21 § 144.]

*Reviser's note: RCW 79.94.190 was repealed by 1984 c 221 § 30, effective October 1, 1984.

79.96.120 Sale of reserved or reversionary rights in tidelands. Upon an application to purchase the reserved and reversionary rights of the state in any tidelands sold under the provisions of chapter 24 of the Laws of 1895, or chapter 25 of the Laws of 1895, or chapter 165 of the Laws of 1919, or either such reserved or reversionary right if only one exists, being filed in the office of the commissioner of public lands by the owner of such tidelands, accompanied by an abstracter's certificate, or other evidence of the applicant's title to such lands, the department of natural resources, if it finds the applicant is the owner of the tidelands, is authorized to inspect, appraise, and sell, if otherwise permitted under RCW 79.94.150, for not less than the appraised value, such reserved or reversionary rights of the state to the applicant, and upon payment of the purchase price to cause a deed to be issued therefor as in the case of the sale of state lands, or upon the payment of one-fifth of the purchase price, to issue a contract of sale therefor, providing that the remainder of the purchase price may be paid in four equal annual installments, with interest on deferred payments at the rate of six percent per annum, or sooner at the election of the contract holder, which contract shall be subject to cancellation by the department of natural resources for failure to comply with its provisions, and upon the completion of the payments as provided in such contract to cause a deed to the lands described in the contract to be issued to the holder thereof as in the case of the sale of state lands. [1982 1st ex.s. c 21 § 145.]

79.96.130 Wrongful taking of shellfish from public lands—Civil remedies. (1) If a person wrongfully takes shellfish or causes shellfish to be wrongfully taken from the public lands and the wrongful taking is intentional and knowing, then the person shall be liable for damages of treble the fair market retail value of the amount of shellfish wrongfully taken. If a person wrongfully takes shellfish from the public lands under other circumstances, then the person shall be liable for damages of double the fair market value of the amount of shellfish wrongfully taken.

(2) For purposes of this section, a person "wrongfully takes" shellfish from public lands if the person takes shellfish: (a) Above the limits of any applicable laws that govern the harvest of shellfish from public lands; (b) without reporting the harvest to the department of fisheries or the department of natural resources where such reporting is required by law or contract; (c) outside the area or above the limits that an agreement or contract from the department of
natural resources allows the harvest of shellfish from public lands; or (d) without a lease or purchase of the shellfish where such lease or purchase is required by law prior to harvest of the shellfish.

(3) The remedies in this section are for civil damages and shall be proved by a preponderance of the evidence. The department of natural resources may file a civil action in Thurston county superior court or the county where the shellfish were taken against any person liable under this section. Damages recovered under this section shall be applied in the same way as received under geoduck harvesting agreements authorized by RCW 79.96.080.

(4) For purposes of the remedies created by this section, the amount of shellfish wrongfully taken by a person may be established either:

(a) By surveying the aquatic lands to reasonably establish the amount of shellfish taken from the immediate area where a person is shown to have wrongfully taken shellfish;

(b) By weighing the shellfish on board any vessel or in possession of a person shown to be wrongfully taking shellfish; or

(c) By any other evidence that reasonably establishes the amount of shellfish wrongfully taken.

The amount of shellfish established by (a) or (b) of this subsection shall be presumed to be the amount wrongfully taken unless the defendant shows by a preponderance of evidence that the shellfish were lawfully taken or that the defendant did not take the shellfish presumed to have been wrongfully taken. Whenever there is reason to believe that shellfish in the possession of any person were wrongfully taken, the department of natural resources or the department of fisheries may require the person to proceed to a designated off-load point and to weigh all shellfish in possession of the person or on board the person’s vessel.

(5) This civil remedy is supplemental to the state’s power to prosecute any person for theft of shellfish, for other crimes where shellfish are involved, or for violation of regulations of the department of fisheries. [1990 c 163 § 9.]

79.96.901 Savings—1982 1st ex.s. c 21. The enactment of this act including all repeals, decodifications, and amendments shall not be construed as affecting any existing right acquired under the statutes repealed, decodified, or amended or under any rule, regulation, or order issued pursuant thereto; nor as affecting any proceeding instituted thereunder. [1982 1st ex.s. c 21 § 185.]

The members of the first commission to be appointed after taking effect of this section shall be appointed for terms beginning April 1, 1951, and expiring as follows: One commissioner for the term expiring January 1, 1953; one commissioner for the term expiring January 1, 1955; one commissioner for the term expiring January 1, 1957. Each of the commissioners shall hold office until his successor is appointed and qualified. If the tribunal specified herein finds the charges of the governor to be true, the governor shall have the right to immediately remove the commissioner from office, to declare the position of the commissioner vacant, and appoint another commissioner to the position in accordance with the provisions of the law.

Any vacancy arising in the office of commissioner shall be filled by appointment by the governor, and an appointee selected to fill such vacancy shall hold office for the balance of the full term for which his predecessor on the commission was appointed.

If a vacancy occurs while the senate is not in session, the governor shall make a temporary appointment until the next meeting of the senate, when he shall present to the senate his nomination or nominations for the office to be filled. 80.04.015 Conduct of business subject to regulation—Determination by commission. Whether or not any person or corporation is conducting business subject to regulation under this title, or has performed or is performing any act requiring registration or approval of the commission without securing such registration or approval, shall be a question of fact to be determined by the commission. Whenever the commission believes that any person or corporation is engaged in any activity without first complying with the requirements of this title, it may institute a special proceeding requiring such person or corporation to appear before the commission at a location convenient for witnesses and the production of evidence and produce information, books, records, accounts, and other memoranda, and give testimony under oath as to the activities being conducted. The commission may consider any and all facts that may indicate the true nature and extent of the operations or acts and may subpoena such witnesses and documents as it deems necessary.

After investigation, the commission is authorized and directed to issue the necessary order or orders declaring the activities to be subject to, or not subject to, the provisions of this title. In the event the activities are found to be subject to the provisions of this title, the commission shall issue such orders as may be necessary to require all parties
involved in the activities to comply with this title, and with respect to services found to be reasonably available from alternative sources, to issue orders to cease and desist from providing jurisdictional services pending full compliance.

In proceedings under this section, no person or corporation may be excused from testifying or from producing any information, book, document, paper, or account before the commission when ordered to do so, on the ground that the testimony or evidence, information, book, document, or account required may tend to incriminate him or her or subject him or her to penalty or forfeiture specified in this title; but no person or corporation may be prosecuted, punished, or subjected to any penalty or forfeiture specified in this title for or on account of any account, transaction, matter, or thing concerning which he or she shall under oath have testified or produced documentary evidence in proceedings under this section: PROVIDED, That no person so testifying may be exempt from prosecution or punishment for any perjury committed by him or her in such testimony: PROVIDED FURTHER, That the exemption from prosecution in this section extends only to violations of this title.

Until July 1, 1994, in any proceeding instituted under this section to determine whether a person or corporation owning, controlling, operating, or managing a water system is subject to commission regulation, and where the person or corporation has failed or refused to provide sufficient information or documentation to enable the commission to make such a determination, the burden shall be on such person or corporation to prove that the person's or corporation's operations or acts are not subject to commission regulation. [1991 c 101 § 1; 1986 c 11 § 1.]

The commission or the commissioner before which the testimony is to be given or produced, in case of the refusal of any witness to attend or testify or produce any papers required by the subpoena, shall report to the superior court in and for the county in which the proceeding is pending by petition, setting forth that due notice has been given of the time and place of attendance of said witnesses, or the production of said papers, and that the witness has been summoned in the manner prescribed in this chapter, and that the fees and mileage of the witness have been paid or tendered to the witness for his attendance and testimony, and that the witness has failed and refused to attend or produce the papers required by the subpoena, before the commission, in the cause or proceedings named in the notice and subpoena, or has refused to answer questions propounded to him in the course of such proceeding, and ask an order of said court, compelling the witness to attend and testify before the commission. The court, upon the petition of the commission, shall enter an order directing the witness to appear before said court at a time and place to be fixed by the court in such order, and then and there show cause why he has not responded to said subpoena. A copy of said order shall be served upon said witness. If it shall appear to the court that said subpoena was regularly issued by the commission, the court shall thereupon enter an order that said witness appear before the commission at said time and place as fixed in said order, and testify or produce the required papers, and upon failing to obey said order, said witness shall be dealt with as for contempt of court. 80.04.050 Protection against self-incrimination. The claim by any witness that any testimony sought to be elicited may tend to incriminate him shall not excuse such witness from testifying, but such evidence or testimony shall not be used against such person on the trial of any criminal proceeding, excepting in a prosecution for perjury. The commissioner shall have power to compel the attendance of witnesses at any place within the state. [1961 c 14 § 80.04.050. Prior: 1911 c 117 § 76, part; RRS 10414, part.]

Such detailed report shall contain all the required statistics for the period of twelve months ending on the last day of any particular month prescribed by the commission for any public service company. Such reports shall be made out under oath and filed with the commission at its office in Olympia on such date as the commission specifies by rule, unless additional time be granted in any case by the commission. However, the number of nonmunicipal water systems referred to the commission in any one calendar year shall not exceed twenty percent of the water companies subject to commission regulation as defined in RCW 80.04.010.

Every nonmunicipal water system referred to the commission for audit under this section shall pay to the commission an audit fee in an amount, based on the system's twelve-month audited period, equal to the fee required to be paid by regulated companies under RCW 80.24.010.

(5) Any customer or purchaser of service from a water system or company that is subject to commission regulation may file a complaint with the commission if he or she has reason to believe that the water delivered by the system to the customer does not meet state drinking water standards under chapter 43.20 or 70.116 RCW. The commission shall investigate such a complaint, and shall request that the state department of health or local health department of the county in which the system is located test the water for compliance with state drinking water standards, and provide the results of such testing to the commission. The commission may decide not to investigate the complaint if it determines that the complaint has been filed in bad faith, or for the purpose of harassment of the water system or company, or for other reasons has no substantial merit. The water system or company shall bear the expense for the testing. After the commission has received the complaint from the customer and during the pendency of the commission investigation, the water system or company shall not take any steps to terminate service to the customer or to collect any amounts alleged to be owed to the company by the customer. The commission may issue an order or take any other action to ensure that no such steps are taken by the system or company. The customer may, at the customer's option and expense, obtain a water quality test by a licensed or otherwise qualified water testing laboratory, of the water delivered to the customer by the water system or company, and
provide the results of such a test to the commission. If the commission determines that the water does not meet state drinking water standards, it shall exercise its authority over the system or company as provided in this title, and may, where appropriate, order a refund to the customer on a pro rata basis for the substandard water delivered to the customer, and shall order reimbursement to the customer for the cost incurred by the customer, if any, in obtaining a water quality test. 80.04.120 Hearing—Order—Record. At the time fixed for the hearing mentioned in RCW 80.04.110, the complainant and the person or corporation complained of shall be entitled to be heard and introduce such evidence as he or it may desire. The commission shall issue process to enforce the attendance of all necessary witnesses. At the conclusion of such hearing the commission shall make and render findings concerning the subject matter and facts inquired into and enter its order based thereon. A copy of such order, certified under the seal of the commission, shall be served upon the person or corporation complained of, or his or its attorney, which order shall, of its own force, take effect and become operative twenty days after the service thereof, except as otherwise provided. Where an order cannot, in the judgment of the commission, be complied with within twenty days, the commission may prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order. A full and complete record of all proceedings had before the commission, or any member thereof, on any formal hearing had, and all testimony shall be taken down by a stenographer appointed by the commission, and the parties shall be entitled to be heard in person or by attorney. In case of an action to review any order of the commission, a transcript of such testimony, together with all exhibits introduced, and of the record and proceedings in the cause, shall constitute the record of the commission. [1961 c 14 § 80.04.120. Prior: 1911 c 117 § 81; RRS § 10423.]

80.04.130 Suspension of tariff change—Mandatory measured telecommunications service—Washington telephone assistance program service. (1) Whenever any public service company shall file with the commission any schedule, classification, rule or regulation, the effect of which is to change any rate, charge, rental or toll theretofore charged, the commission shall have power, either upon its own motion or upon complaint, upon notice, to enter upon a hearing concerning such proposed change and the reasonableness and justness thereof, and pending such hearing and the decision thereon the commission may suspend the operation of such rate, charge, rental or toll for a period not exceeding ten months from the time the same would otherwise go into effect, and after a full hearing the commission may make such order in reference thereto as would be provided in a hearing initiated after the same had become effective. The commission shall not suspend a tariff that makes a decrease in a rate, charge, rental, or toll filed by a telecommunications company pending investigation of the fairness, justness, and reasonableness of the decrease when the filing does not contain any offsetting increase to another rate, charge, rental, or toll and the filing company agrees to not file for an increase to any rate, charge, rental, or toll to recover the revenue deficit that results from the decrease for a period of one year. The filing company shall file with any decrease sufficient information as the commission by rule may require to demonstrate the decreased rate, charge, rental, or toll is above the long run incremental cost of the service. A tariff decrease that results in a rate that is below long run incremental cost, or is contrary to commission rule or order, or the requirements of this chapter, shall be rejected for filing and returned to the company. The commission may prescribe a different rate to be effective on the prospective date stated in its final order after its investigation, if it concludes based on the record that the originally filed and effective rate is unjust, unfair, or unreasonable.

For the purposes of this section, tariffs for the following telecommunications services, that temporarily waive or reduce charges for existing or new subscribers for a period not to exceed sixty days in order to promote the use of the services shall be considered tariffs that decrease rates, charges, rentals, or tolls:

(a) Custom calling service;
(b) Second access lines; or
(c) Other services the commission specifies by rule.

The commission may suspend any promotional tariff other than those listed in (a) through (c) of this subsection.

(2) At any hearing involving any change in any schedule, classification, rule or regulation the effect of which is to increase any rate, charge, rental or toll theretofore charged, the burden of proof to show that such increase is just and reasonable shall be upon the public service company.

(3) The implementation of mandatory local measured telecommunications service is a major policy change in available telecommunications service. The commission shall not accept for filing or approve, prior to June 1, 1993, a tariff filed by a telecommunications company which imposes mandatory local measured service on any customer or class of customers, except that, upon finding that it is in the public interest, the commission may accept for filing and approve a tariff that imposes mandatory measured service for a telecommunications company’s extended area service or foreign exchange service. This subsection does not apply to land, air, or marine mobile service, or to pay telephone [Title 80 RCW—page 9]
service, or to any service which has been traditionally offered on a measured service basis.

(4) The implementation of Washington telephone assistance program service is a major policy change in available telecommunications service. The implementation of Washington telephone assistance program service will aid in achieving the stated goal of universal telephone service. [1992 c 68 § 1; 1990 c 170 § 1; 1989 c 101 § 13. Severability—Legislative review—1985 c 450: See RCW 80.36.900 and 80.36.901.

80.04.140 Order requiring joint action. Whenever any order of the commission shall require joint action by two or more public service companies, such order shall specify that the same shall be made at their joint cost, and the companies affected shall have thirty days, or such further time, as the commission may prescribe, within which to agree upon the part or division of cost which each shall bear, and costs of operation and maintenance in the future, or the proportion of charges or revenue each shall receive from such joint service and the rules to govern future operations. If at the expiration of such time such companies shall fail to file with the commission a statement that an agreement has been made for the division or apportionment of such cost, the division of costs of operation and maintenance to be incurred in the future and the proportion of charges or revenue each shall receive from such joint service and the rules to govern future operations, the commission shall have authority, after further hearing, to enter a supplemental order fixing the proportion of such cost or expense to be borne by each company, and the manner in which the same shall be paid and secured. [1961 c 14 § 80.04.140. Prior: 1911 c 117 § 83; RRS § 10425.]

80.04.150 Remunerative rates cannot be changed without approval. Whenever the commission shall find, after hearing had upon its own motion or upon complaint as herein provided, that any rate, toll, rental or charge which has been the subject of complaint and inquiry is sufficiently remunerative to the public service company affected thereby, it may order that such rate, toll, rental or charge shall not be changed, altered, abrogated or discontinued, nor shall there be any change in the classification which will change or alter such rate, toll, rental or charge without first obtaining the consent of the commission authorizing such change to be made. [1961 c 14 § 80.04.150. Prior: 1911 c 117 § 84; RRS § 10426.]

80.04.160 Rules and regulations. The commission is hereby authorized and empowered to adopt, promulgate and issue rules and regulations covering the transmission and delivery of messages and conversations, and the furnishing and supply of gas, electricity and water, and any and all services concerning the same, or connected therewith; and generally such rules as pertain to the comfort and convenience of the public concerning the subjects treated of in this title. Such rules and regulations shall be promulgated and issued by the commission on its own motion, and shall be served on the public service company affected thereby as other orders of the commission are served. Any public service company affected thereby, and deeming such rules and regulations, or any of them, improper, unjust, unreasonable, or contrary to law, may within twenty days from the date of service of such order upon it file objections thereto with the commission, specifying the particular grounds of such objections. The commission shall, upon receipt of such objections, fix a time and place for hearing the same, and after a full hearing may make such changes or modifications thereto, if any, as the evidence may justify. The commission shall have, and it is hereby given, power to adopt rules to govern its proceedings, and to regulate the mode and manner of all investigations and hearings: PROVIDED, No person desiring to be present at such hearing shall be denied permission. Actions may be instituted to review rules and regulations promulgated under this section as in the case of orders of the commission. [1961 c 14 § 80.04.160. Prior: 1911 c 117 § 85; RRS § 10427.]

80.04.170 Review of orders. Any complainant or any public service company affected by any findings or order of the commission, and deeming such findings or order to be contrary to law, may, within thirty days after the service of the findings or order upon him or it, apply to the superior court of Thurston county for a writ of review, for the purpose of having the reasonableness and lawfulness of such findings or order inquired into and determined. Such writ shall be made returnable not later than thirty days from and after the date of the issuance thereof, unless upon notice to all parties affected further time be allowed by the court, and shall direct the commission to certify its record in the case to the court. Such cause shall be heard by the court without the intervention of a jury on the evidence and exhibits introduced before the commission and certified to by it. Upon such hearing the superior court shall enter judgment either affirming or setting aside or remanding for further action the findings or order of the commission under review. The reasonable cost of preparing the transcript of testimony taken before the commission shall be assessable as part of the statutory court costs, and the amount thereof, if collected by the commission, shall be deposited in the public service revolving fund. In case such findings or order be set aside, or reversed and remanded, the court shall make specific findings based upon evidence in the record indicating clearly all respects in which the commission's findings or order are erroneous. [1961 c 14 § 80.04.170. Prior: 1937 c 169 § 3; 1911 c 117 § 86; RRS § 10428.]

80.04.180 Supersedea—Water companies seeking supersedea. (1) The pendency of any writ of review shall not of itself stay or suspend the operation of the order of the commission, but the superior court in its discretion may restrain or suspend, in whole or in part, the operation of the commission's order pending the final hearing and determination of the suit.
(2) No order so restraining or suspending an order of the commission relating to rates, charges, tolls or rentals, or rules or regulations, practices, classifications or contracts affecting the same, shall be made by the superior court otherwise than upon three days' notice and after hearing. If a supersedeas is granted the order granting the same shall contain a specific finding, based upon evidence submitted to the court making the order, and identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner, and specifying the nature of the damage. A water company seeking a supersedeas must demonstrate to the court that it is in compliance with the state board of health standards adopted pursuant to RCW 43.20.050 and chapter 70.116 RCW relating to the purity, volume, and pressure of water.

(3) In case the order of the commission under review is superseded by the court, it shall require a bond, with good and sufficient surety, conditioned that such company petitioning for such review shall answer for all damages caused by the delay in the enforcement of the order of the commission, and all compensation for whatever sums for transmission or service any person or corporation shall be compelled to pay pending the review proceedings in excess of the sum such person or corporations would have been compelled to pay if the order of the commission had not been suspended.

(4) The court may, in addition to or in lieu of the bond herein provided for, require such other or further security for the payment of such excess charges or damages as it may deem proper. [1989 c 207 § 3; 1961 c 14 § 80.04.180. Prior: 1933 c 165 § 6; prior: 1931 c 119 § 2; 1911 c 117 § 87; RRS § 10429.]

**80.04.190 Appellate review.** The commission, any public service company or any complainant may, after the entry of judgment in the superior court in any action of review, seek appellate review as in other cases. [1988 c 202 § 60; 1971 ex.s. c 107 § 4; 1961 c 14 § 80.04.190. Prior: 1931 c 117 § 88; RRS § 10430.]

**Rules of court:** Cf. RAP 2.2.

**Severability—1988 c 202:** See note following RCW 2.24.050.

**80.04.200 Rehearing before commission.** Any public service company affected by any order of the commission, and deeming itself aggrieved, may, after the expiration of two years from the date of such order taking effect, petition the commission for a rehearing upon the matters involved in such order, setting forth in such petition the grounds and reasons for such rehearing, which grounds and reasons may comprise and consist of changed conditions since the issuance of such order, or by showing a result injuriously affecting the petitioner which was not considered or anticipated at the former hearing, or that the effect of such order has been such as was not contemplated by the commission or the petitioner, or for any good and sufficient cause which for any reason was not considered and determined in such former hearing. Upon the filing of such petition, such proceedings shall be had thereon as are provided for hearings upon complaint, and such orders may be reviewed as are other orders of the commission: PROVIDED, That no order superseding the order of the commission denying such rehearing shall be granted by the court pending the review.

In case any order of the commission shall not be reviewed, but shall be complied with by the public service company, such petition for rehearing may be filed within six months from and after the date of the taking effect of such order, and the proceedings thereon shall be as in this section provided. The commission, may, in its discretion, permit the filing of a petition for rehearing at any time. No order of the commission upon a rehearing shall affect any right of action or penalty accruing under the original order unless so ordered by the commission. [1961 c 14 § 80.04.200. Prior: 1911 c 117 § 89; RRS § 10431.]

**80.04.210 Commission may change orders.** The commission may at any time, upon notice to the public service company affected, and after opportunity to be heard as provided in the case of complaints rescind, alter or amend any order or rule made, issued or promulgated by it, and any order or rule rescinding, altering or amending any prior order or rule shall, when served upon the public service company affected, have the same effect as herein provided for original orders and rules. [1961 c 14 § 80.04.210. Prior: 1911 c 117 § 90; RRS § 10432.]

**80.04.220 Reparations.** When complaint has been made to the commission concerning the reasonableness of any rate, toll, rental or charge for any service performed by any public service company, and the same has been investigated by the commission, and the commission has determined that the public service company has charged an excessive or exorbitant amount for such service, and the commission has determined that any party complainant is entitled to an award of damages, the commission shall order that the public service company pay to the complainant the excess amount found to have been charged, whether such excess amount was charged and collected before or after the filing of said complaint, with interest from the date of the collection of said excess amount. [1961 c 14 § 80.04.220. Prior: 1943 c 258 § 1; 1937 c 29 § 1; Rem. Supp. 1943 § 10433.]

**80.04.230 Overcharges—Refund.** When complaint has been made to the commission that any public service company has charged an amount for any service rendered in excess of the lawful rate in force at the time such charge was made, and the same has been investigated and the commission has determined that the overcharge allegation is true, the commission may order that the public service company pay to the complainant the amount of the overcharge so found, whether such overcharge was made before or after the filing of said complaint, with interest from the date of collection of such overcharge. [1961 c 14 § 80.04.230. Prior: 1937 c 29 § 2; RRS § 10433-1.]

**80.04.240 Action in court on reparations and overcharges.** If the public service company does not comply with the order of the commission for the payment of the overcharge within the time limited in such order, suit may be instituted in any superior court where service may be had upon the said company to recover the amount of the overcharge with interest. It shall be the duty of the commission to certify its record in the case, including all exhibits,
to the court. Such record shall be filed with the clerk of said court within thirty days after such suit shall have been started and said suit shall be heard on the evidence and exhibits introduced before the commission and certified to by it. If the complainant shall prevail in such action, the superior court shall enter judgment for the amount of the overcharge with interest and shall allow complainant a reasonable attorney's fee, and the cost of preparing and certifying said record for the benefit of and to be paid to the commission by complainant, and deposited by the commission in the public service revolving fund, said sums to be fixed and collected as a part of the costs of the suit. If the order of the commission shall be found to be contrary to law or erroneous by reason of the rejection of testimony properly offered, the court shall remand the cause to the commission with instructions to receive the testimony so proffered and rejected and enter a new order based upon the evidence theretofore taken and such as it is directed to receive. The court may in its discretion remand any cause which is reversed by it to the commission for further action. Appeals to the supreme court shall lie as in other civil cases. All complaints concerning overcharges resulting from collecting unreasonable rates and charges or from collecting amounts in excess of lawful rates shall be filed with the commission within six months in cases involving the collection of unreasonable rates and two years in cases involving the collection of more than lawful rates from the time the cause of action accrues, and the suit to recover the overcharge shall be filed in the superior court within one year from the date of the order of the commission.

The procedure provided in this section is exclusive, and neither the supreme court nor any superior court shall have jurisdiction in the manner hereinbefore provided. (1961 c 14 § 80.04.240. Prior: 1943 c 258 § 2; 1937 c 29 § 3; Rem. Supp. 1943 § 10433-2.)

80.04.250 Valuation of public service property. The commission shall have power upon complaint or upon its own motion to ascertain and determine the fair value for rate making purposes of the property of any public service company used and useful for service in this state and shall exercise such power whenever it shall deem such valuation or determination necessary or proper under any of the provisions of this title. In determining what property is used and useful for providing electric, gas, or water service, the commission may include the reasonable costs of construction work in progress to the extent that the commission finds that inclusion is in the public interest.

The commission shall have the power to make revaluations of the property of any public service company from time to time.

The commission shall, before any hearing is had, notify the complainants and the public service company concerned of the time and place of such hearing by giving at least thirty days' written notice thereof, specifying that at the time and place designated a hearing will be held for the purpose of ascertaining the value of the company's property, used and useful as aforesaid, which notice shall be sufficient to authorize the commission to inquire into and pass upon the matters designated in this section. (1991 c 122 § 2; 1961 c 14 § 80.04.250. Prior: 1933 c 165 § 4; 1913 c 182 § 1; 1911 c 117 § 92; RRS § 10441.)

Findings—1991 c 122: "The legislature finds that the state is facing an energy shortage as growth occurs and that inadequate supplies of energy will cause harmful impacts on the entire range of state citizens. The legislature further finds that energy efficiency improvements is the single most effective near term measure to lessen the risk of energy shortage. In the area of electricity, the legislature additionally finds that the Northwest power planning council has made several recommendations, including an update of the commercial building energy code and granting flexible ratemaking alternatives for utility companies to encourage prudent acquisition of new electric resources." [1991 c 122 § 1.]

Severability—1991 c 122: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1991 c 122 § 4.]

80.04.260 Summary proceedings. Whenever the commission shall be of opinion that any public service company is failing or omitting, or about to fail or omit, to do anything required of it by law, or by order, direction or requirement of the commission, or is doing anything, or about to do anything, or permitting anything, or about to permit anything to be done contrary to or in violation of law or of any order, direction or requirement of the commission authorized by this title, it shall direct the attorney general to commence an action or proceeding in the superior court of the state of Washington for Thurston county, or in the superior court of any county in which such company may do business, in the name of the state of Washington on the relation of the commission, for the purpose of having such violations or threatened violations stopped and prevented, either by mandamus or injunction. The attorney general shall thereupon begin such action or proceeding by petition to such superior court, alleging the violation complained of, and praying for the appropriate relief by way of mandamus or injunction. It shall thereupon be the duty of the court to specify a time, not exceeding twenty days after the service of the copy of the petition, within which the public service company complained of must answer the petition. In case of default in answer or after answer, the court shall immediately inquire into the facts and circumstances in such manner as the court shall direct, without other or formal pleadings, and without respect to any technical requirement. Such persons or corporations as the court may deem necessary or proper to be joined as parties, in order to make its judgment, order or writ effective, may be joined as parties. The final judgment in any such action or proceeding shall either dismiss the action or proceeding or direct that the writ of mandamus or injunction, or both, issue as prayed for in the petition, or in such other modified form as the court may determine will afford appropriate relief. Appellate review of the final judgment may be sought in the same manner and with the same effect as review of judgments of the superior court in actions to review orders of the commission. All provisions of this chapter relating to the time of review, the manner of perfecting the same, the filing of briefs, hearings and supersedeas, shall apply to appeals to the supreme court or the court of appeals under the provisions of this section. [1988 c 202 § 61; 1971 c 81 § 140; 1961 c 14 § 80.04.260. Prior: 1911 c 117 § 93; RRS § 10442.]

80.04.270 Merchandise accounts to be kept separate. Any public service company engaging in the sale of merchandise or appliances or equipment shall keep separate accounts, as prescribed by the commission, of its capital employed in such business and of its revenues therefrom and operating expenses thereof. The capital employed in such business shall not constitute a part of the fair value of said company’s property for rate making purposes, nor shall the revenues from or operating expenses of such business constitute a part of the operating revenues and expenses of said company as a public service company. For purposes of this section, the providing of competitive telephone service, as defined in RCW 82.04.065, shall not constitute the sale of merchandise, appliances, or equipment, unless the commission determines that it would be in the public interest to hold otherwise. [1983 2nd ex.s. c 3 § 40; 1981 c 144 § 5; 1961 c 14 § 80.04.270. Prior: 1933 c 165 § 8; RRS § 10458-2.]

80.04.280 Purchase and sale of stock by employees. No public service company shall permit any employee to sell, offer for sale, or solicit the purchase of any security of any other person or corporation during such hours as such employee is engaged to perform any duty of such public service company; nor shall any public service company by any means or device require any employee to purchase or contract to purchase any of its securities or those of any other person or corporation; nor shall any public service company require any employee to permit the deduction from his wages or salary of any sum as a payment or to be applied as a payment of any purchase or contract to purchase any security of such public service company or of any other person or corporation. [1961 c 14 § 80.04.280. Prior: 1933 c 165 § 9; RRS § 10458-3.]

80.04.290 Sales of stock to employees and customers. A corporate public service company, either heretofore or hereafter organized under the laws of this state, may sell to its employees and customers any increase of its capital stock, or part thereof, without first offering it to existing stockholders: PROVIDED, That such sale is approved by the holders of a majority of the capital stock, at a regular or special meeting held after notice given as to the time, place, and object thereof as provided by law and the bylaws of the company. Such sales shall be at prices and in amounts for each purchaser and upon terms and conditions as set forth in the resolution passed at the stockholders’ meeting, or in a resolution passed at a subsequent meeting of the board of trustees if the resolution passed at the stockholders’ meeting shall authorize the board to determine prices, amounts, terms, and conditions, except that in either event, a minimum price for the stock must be fixed in the resolution passed at the stockholders’ meeting. [1961 c 14 § 80.04.290. Prior: 1955 c 79 § 2; 1923 c 110 § 1; RRS § 10344-1.]

80.04.300 Budgets to be filed by companies—Supplementary budgets. The commission may regulate, restrict, and control the budgets of expenditures of public service companies. Each company shall prepare a budget showing the amount of money which, in its judgment, will be needed during the ensuing year for maintenance, operation, and construction, classified by accounts as prescribed by the commission, and shall within ten days of the date it is approved by the company file it with the commission for its investigation and approval or rejection. When a budget has been filed the commission shall examine into and investigate it to determine whether the expenditures therein proposed are fair and reasonable and not contrary to public interest.

Adjustments or additions to budget expenditures may be made from time to time during the year by filing a supplementary budget with the commission for its investigation and approval or rejection. [1961 c 14 § 80.04.300. Prior: 1959 c 248 § 11; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

80.04.310 Commission’s control over expenditures. The commission may, both as to original and supplementary budgets, prior to the making or contracting for the expenditure of any item therein, and after notice to the company and a hearing thereon, reject any item of the budget. The commission may require any company to furnish further information, data, or detail as to any proposed item of expenditure.

Failure of the commission to object to any item of expenditure within ninety days of the filing of any original budget or within thirty days of the filing of any supplementary budget shall constitute authority to the company to proceed with the making of or contracting for such expenditure, but such authority may be terminated any time by objection made thereto by the commission prior to the making of or contracting for such expenditure.

Examination, investigation, and determination of the budget by the commission shall not bar or estop it from later determining whether any of the expenditures made thereunder are fair, reasonable, and commensurate with the service, material, supplies, or equipment received. [1987 c 38 § 1; 1961 c 14 § 80.04.310. Prior: 1959 c 248 § 12; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

It may, by rule, establish criteria to exempt companies in whole or in part from the operation thereof. 80.04.330 Effect of unauthorized expenditure—Emergencies. Any public service company may make or contract for any rejected item of expenditure, but in such case the same shall not be allowed as an operating expense, or as to items of construction, as a part of the fair value of the company’s property used and useful in serving the public: PROVIDED, That such items of construction may

at any time thereafter be so allowed in whole or in part upon proof that they are used and useful. Any company may upon the happening of any emergency caused by fire, flood, explosion, storm, earthquake, riot, or insurrection, or for the immediate preservation or restoration to condition of usefulness of any of its property, the usefulness of which has been destroyed by accident, make the necessary expenditure therefor free from the operation of RCW 80.04.300 through 80.04.330.

Any finding and order entered by the commission shall be in effect until vacated and set aside in proper proceedings for review thereof. [1961 c 14 § 80.04.330. Prior: 1959 c 248 § 14; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

The commission may from time to time ascertain and by order fix the proper and adequate rates of depreciation or retirement of the several classes of property of each public service company. Each public service company shall conform its depreciation or retirement accounts to the rates so prescribed. In fixing the rate of the annual depreciation or retirement charge, the commission may consider the rate and amount theretofore charged by the company for depreciation or retirement.

The commission shall have and exercise like power and authority over all other reserve accounts of public service companies. [1961 c 14 § 80.04.350. Prior: 1937 c 169 § 4; 1933 c 165 § 13; RRS § 10458-7.]

If any public service company earns in the period of five consecutive years immediately preceding the commission order fixing rates for such company a net utility operating income in excess of a reasonable rate of return upon the fair value of its property used and useful in the public service, the commission shall take official notice of such fact and of whether any such excess earnings shall have been invested in such company's plant or otherwise used for purposes beneficial to the consumers of such company and may consider such facts in fixing rates for such company. [1961 c 14 § 80.04.360. Prior: 1959 c 285 § 2; 1933 c 165 § 14; RRS § 10458-8.]

Each and every such violation shall be a separate and distinct offense and in case of a continuing violation every day’s continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for.

The penalty herein provided for shall become due and payable when the person incurring the same receives a notice in writing from the commission describing such violation with reasonable particularity and advising such person that the penalty is due. The commission may, upon written application therefor, received within fifteen days, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the same upon such terms as it in its discretion shall deem proper and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as it may deem proper. If the amount of such penalty is not paid to the commission within fifteen days after receipt of notice imposing the same or application for remission or mitigation has not been made within fifteen days after violator has received notice of the disposition of such application the attorney general shall bring an action in the name of the state of Washington in the superior court of Thurston county or of some other county in which such violator may do business, to recover such penalty. Where the fact that the action involves a rule or order of the commission does not appear until the time of trial, the court shall immediately direct the clerk to notify the commission of the pendency of such action, and shall permit the commission to intervene in such action.

The failure to comply with the provisions of this section shall render void and of no effect any judgment in such action, where the effect of such judgment is to modify or nullify any rule or order of the commission. [1961 c 14 § 80.04.420. Prior: 1943 c 67 § 1; Rem. Supp. 1943 § 10448-1.]

Such witnesses may be examined as the commission deems necessary and proper to thoroughly ascertain the cause of the accident and fix the responsibility therefor. The examination and investigation may be conducted by an inspector or deputy inspector, and they may administer oaths, issue subpoenas, and compel the attendance of witnesses, and when the examination is conducted by an inspector or deputy inspector, he shall make a full and complete report thereof to the commission. [1961 c 14 § 80.08.010. Prior: 1959 c 248 § 2; 1953 c 95 § 4; 1933 c 151 § 1, part; RRS § 10439-1, part.]

The power of public service companies to issue stocks and stock certificates or other evidence of interest or ownership, and bonds, notes or other evidences of indebtedness and to create liens on their property situated within this state is a special privilege, the right of supervision, regulation, restriction, and control of which is and shall continue to be vested in the state, and such power shall be exercised as provided by law and under such rules and regulations as the commission may prescribe. [1961 c 14 § 80.08.020. Prior: 1933 c 151 § 2; RRS § 10439-2.]

80.08.030 Authority to issue. A public service company may issue stock and stock certificates or other evidence of interest or ownership, or bonds, notes or other evidence of indebtedness payable on demand or at periods of more than twelve months after the date thereof, for the following purposes only: The acquisition of property, or the construction, completion, extension, or improvement of its facilities, or the improvement or maintenance of its service, or the issuance of stock dividends, or the discharge or refunding of its obligations, or the reimbursement of moneys actually expended from income or from any other moneys in the treasury of the company not secured by or obtained from the issue of stock or stock certificates or other evidence of interest or ownership, or bonds, notes or other evidence of indebtedness of the company for any of the aforesaid purposes except maintenance of service, in cases where the applicant keeps its accounts and vouchers for such expenditures in such manner as to enable the commission to ascertain the amount of money so expended and the purpose for which the expenditure was made. [1961 c 14 § 80.08.030. Prior: 1953 c 95 § 5; 1937 c 30 § 1; 1933 c 151 § 3; RRS § 10439-3.]

To enable it to determine whether it will issue such order, the commission may hold a hearing and may make such additional inquiry or investigation, and examine such witnesses, books, papers, documents and contracts, and require the filing of such data as it may deem of assistance. The commission may by its order grant permission for the issuance of such stocks or stock certificates or other evidence of interest or ownership, or bonds, notes or other evidences of indebtedness in the amount applied for, or in a lesser amount, or not at all, and may attach to the exercise of its permission such condition or conditions as it may deem reasonable and necessary.

The public service company making the application may have the decision or order of the commission reviewed in the courts in the same manner and by the same procedure as any other order or decision of the commission, when the public service company shall deem such decision or order to be in any respect or manner improper, unjust or unreasonable. [1987 c 106 § 1; 1961 c 14 § 80.08.040. Prior: 1933 c 151 § 4; RRS § 10439-4.]

80.20.010 Definition. As used in this chapter, the term "public service company" means any person, firm, association, or corporation, whether public or private, operating a utility or public service enterprise subject in any respect to regulation by the commission under the provisions of this title. [1961 c 14 § 80.20.010. Prior: 1953 c 95 § 8; 1939 c 203 § 1; RRS § 10458-6.]

80.20.020 Cost of investigation may be assessed against company. Whenever the commission in any proceeding upon its own motion or upon complaint shall deem it necessary in order to carry out the duties imposed upon it by law to investigate the books, accounts, practices and activities of, or make any valuation or appraisal of the property of any public service company, or to investigate or appraise any phase of its operations, or to render any engineering or accounting service to or in connection with any public service company, and the cost thereof to the commission exceeds in amount the ordinary regulatory fees paid by such public service company during the preceding calendar year or estimated to be paid during the current year, whichever is more, such public service company shall pay the expenses reasonably attributable and allocable to such investigation, valuation, appraisal or services. The commission shall ascertain such expenses, and, after giving notice and an opportunity to be heard, shall render a bill therefor by registered mail to the public service company, either at the conclusion of the investigation, valuation, appraisal or services, or from time to time during its progress. Within thirty days after a bill has been mailed such public service company shall pay to the commission the amount of the bill, and the commission shall transmit such payment to the state treasurer who shall credit it to the public service revolving fund. The total amount which any public service company shall be required to pay under the provisions of this section in any calendar year shall not exceed one percent of the gross operating revenues derived by such public service company from its intrastate operations during the last preceding calendar year. If such company did not operate during all of the preceding year the calculations shall be based upon estimated gross revenues for the current year. [1961 c 14 § 80.20.020. Prior: 1939 c 203 § 2(a); RRS § 10458-6a(a).]
80.20.030 Interest on unpaid assessment—Action to collect. Amounts so assessed against any public service company not paid within thirty days after mailing of the bill therefor, shall draw interest at the rate of six percent per annum from the date of mailing of the bill. Upon failure of the public service company to pay the bill, the attorney general shall proceed in the name of the state by civil action to recover the amount due, together with interest and costs of suit. [1961 c 14 § 80.20.030. Prior: 1939 c 203 § 2(b); RRS § 10458-6a(b).]

80.20.040 Commission’s determination of necessity as evidence. In such action the commission’s determination of the necessity of the investigation, valuation, appraisal or services shall be conclusive evidence of such necessity, and its findings and determination of facts expressed in bills rendered pursuant to RCW 80.20.020 through 80.20.060 or in any proceedings determinative of such bills shall be prima facie evidence of such facts. [1961 c 14 § 80.20.040. Prior: 1939 c 203 § 2(c); RRS § 10458-6a(c).]

In view of the civil action provided for in RCW 80.20.020 through 80.20.060 any order made by the commission in determining the amount of such bill shall not be reviewable in court, but the mere absence of such right of review shall not prejudice the rights of defendants in the civil action. [1961 c 14 § 80.20.050. Prior: 1939 c 203 § 2(d); RRS § 10458-6a(d).]

80.20.060 Limitation on frequency of investigation. Expenses of a complete valuation, rate and service investigation shall not be assessed against a public service company under this chapter if such company shall have been subjected to and paid the expenses of a complete valuation, rate and service investigation during the preceding five years, unless the properties or operations of the company have materially changed or there has been a substantial change in its value for rate making purposes or in any other circumstances and conditions affecting rates and services: PROVIDED, That the provisions of this section shall not be a limitation on the frequency of assessment of costs of investigation where such investigation results from a tariff filing or tariff filings by a public service company to increase rates. [1971 ex.s. c 143 § 8; 1961 c 14 § 80.20.060. Prior: 1939 c 203 § 2(e); RRS § 10458-6a(e).]

Every public service company subject to regulation by the commission shall, on or before the date specified by the commission for filing annual reports under RCW 80.04.080, file with the commission a statement on oath showing its gross operating revenue from intrastate operations for the preceding calendar year or portion thereof, and pay to the commission a fee equal to one-tenth of one percent of the first fifty thousand dollars of gross operating revenue, plus two-tenths of one percent of any gross operating revenue in excess of fifty thousand dollars: PROVIDED, That the fee shall in no case be less than one dollar.

80.24.030 Intent of legislature—Regulatory cost records to be kept by commission. It is the intent and purpose of the legislature that the several groups of public service companies shall each contribute sufficient in fees to the commission to pay the reasonable cost of regulating the several groups respectively. The commission shall keep accurate records of the costs incurred in regulating and supervising the several groups of companies subject to regulation or supervision and such records shall be open to inspection by all interested parties. The records and data upon which the commission’s determination is made shall be considered prima facie correct in any proceeding instituted to challenge the reasonableness or correctness of any order.

80.28.010 Duties as to rates, services, and facilities—Limitations on termination of utility service for residential heating. (1) All charges made, demanded or received by any gas company, electrical company or water company for gas, electricity or water, or for any service rendered or to be rendered in connection therewith, shall be just, fair, reasonable and sufficient.

(2) Every gas company, electrical company and water company shall furnish and supply such service, instrumentalities and facilities as shall be safe, adequate and efficient, and in all respects just and reasonable.

(3) All rules and regulations issued by any gas company, electrical company or water company, affecting or pertaining to the sale or distribution of its product, shall be just and reasonable.

(4) Utility service for residential space heating shall not be terminated between November 15 through March 15 if the customer:

(a) Notifies the utility of the inability to pay the bill, including a security deposit. This notice should be provided within five business days of receiving a payment overdue notice unless there are extenuating circumstances. If the customer fails to notify the utility within five business days and service is terminated, the customer can, by paying reconnection charges, if any, and fulfilling the requirements of this section, receive the protections of this chapter;

(b) Provides self-certification of household income for the prior twelve months to a grantee of the department of community development which administers federally funded energy assistance programs. The grantee shall determine that the household income does not exceed the maximum allowed for eligibility under the state's plan for low-income energy assistance under 42 U.S.C. 8624 and shall provide a dollar figure that is seven percent of household income. The grantee may verify information provided in the self-certification;
(c) Has applied for home heating assistance from applicable government and private sector organizations and certifies that any assistance received will be applied to the current bill and future utility bills;

(d) Has applied for low-income weatherization assistance to the utility or other appropriate agency if such assistance is available for the dwelling;

(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15 and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer shall not be eligible for protections under this chapter until the past due bill is paid. The plan shall not require monthly payments in excess of seven percent of the customer's monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15.

A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and

(f) Agrees to pay the moneys owed even if he or she moves.

(5) The utility shall:

(a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer's duties in this section;

(b) Assist the customer in fulfilling the requirements under this section;

(c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;

(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this subsection. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected, and

(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section.

(6) A payment plan implemented under this section is consistent with RCW 80.28.080.

(7) Every gas company and electrical company shall offer residential customers the option of a budget billing or equal payment plan. The budget billing or equal payment plan shall be offered low-income customers eligible under the state's plan for low-income energy assistance prepared in accordance with 42 U.S.C. 8624(C)(1) without limiting availability to certain months of the year, without regard to the length of time the customer has occupied the premises, and without regard to whether the customer is the tenant or owner of the premises occupied.

(8) Every gas company, electrical company and water company shall construct and maintain such facilities in connection with the manufacture and distribution of its product as will be efficient and safe to its employees and the public.

(9) An agreement between the customer and the utility, whether oral or written, shall not waive the protections afforded under this chapter.

(10) In establishing rates or charges for water service, water companies as defined in RCW 80.04.010 may consider the achievement of water conservation goals and the discouragement of wasteful water use practices. 80.28.020 Commission to fix just, reasonable, and compensatory rates. Whenever the commission shall find, after a hearing had upon its own motion, or upon complaint, that the rates or charges demanded, exacted, charged or collected by any gas company, electrical company or water company, for gas, electricity or water, or in connection therewith, or that the rules, regulations, practices or contracts affecting such rates or charges are unjust, unreasonable, unjustly discriminatory or unduly preferential, or in any wise in violation of the provisions of the law, or that such rates or charges are insufficient to yield a reasonable compensation for the service rendered, the commission shall determine the just, reasonable, or sufficient rates, charges, regulations, practices or contracts to be thereafter observed and in force, and shall fix the same by order. [1961 c 14 § 80.28.020. Prior: 1911 c 117 § 54; part; RRS § 10390, part.]

80.28.022 Water company rates—Reserve account. In determining the rates to be charged by each water company subject to its jurisdiction, the commission may provide for the funding of a reserve account exclusively for the purpose of making capital improvements approved by the department of health as a part of a long-range plan, or required by the department to assure compliance with federal or state drinking water regulations, or to perform construction or maintenance required by the department of ecology to secure safety to life and property under RCW 43.21A.064(2). Expenditures from the fund shall be subject to prior approval by the commission, and shall be treated for rate-making purposes as customer contributions. [1991 c 150 § 1; 1990 c 132 § 6.]

Legislative findings—Severability—1990 c 132: See note following RCW 43.20.240.

80.28.024 Legislative finding. The legislature finds and declares that the potential for meeting future energy
needs through conservation measures, including energy conservation loans, energy audits, and the use of renewable resources, such as solar energy, wind energy, wood, wood waste, municipal waste, agricultural products and wastes, hydroelectric energy, geothermal energy, and end-use waste heat, may not be realized without incentives to public and private energy utilities. The legislature therefore finds and declares that actions and incentives by state government to promote conservation and the use of renewable resources would be of great benefit to the citizens of this state by encouraging efficient use energy and a reliable supply of energy based upon renewable energy resources. [1980 c 149 § 1.]

80.28.025 Encouragement of energy cogeneration, conservation, and production from renewable resources—Consideration of water conservation goals. (1) In establishing rates for each gas and electric company regulated by this chapter, the commission shall adopt policies to encourage meeting or reducing energy demand through cogeneration as defined in RCW 82.35.020, measures which improve the efficiency of energy end use, and new projects which produce or generate energy from renewable resources, such as solar energy, wind energy, hydroelectric energy, geothermal energy, wood, wood waste, municipal wastes, agricultural products and wastes, and end-use waste heat. These policies shall include but are not limited to allowing a return on investment in measures to improve the efficiency of energy end use, cogeneration, or projects which produce or generate energy from renewable resources which return is established by adding an increment of two percent to the rate of return on common equity permitted on the company’s other investment. Measures or projects encouraged under this section are those for which construction or installation is begun after June 12, 1980, and before January 1, 1990, and which, at the time they are placed in the rate base, are reasonably expected to save, produce, or generate energy at a total incremental system cost per unit of energy delivered to end use which is less than or equal to the incremental system cost per unit of energy delivered to end use from similarly available conventional energy resources which utilize nuclear energy or fossil fuels and which the gas or electric company could acquire to meet energy demand in the same time period. The rate of return increment shall be allowed for a period not to exceed thirty years after the measure or project is first placed in the rate base.

(2) In establishing rates for water companies regulated by this chapter, the commission may consider the achievement of water conservation goals and the discouragement of wasteful water use practices. [1991 c 347 § 23; 1980 c 149 § 2.]

80.28.030 Commission may order improved quality of commodity—Water companies, board of health standards. Whenever the commission shall find, after such hearing, that the illuminating or heating power, purity or pressure of gas, the efficiency of electric lamp supply, the voltage of the current supplied for light, heat or power, or the purity, quality, volume, and pressure of water, supplied by any gas company, electrical company or water company, as the case may be, is insufficient, impure, inadequate or inefficient, it shall order such improvement in the manufacture, distribution or supply of gas, in the manufacture, transmission or supply of electricity, or in the storage, distribution or supply of water, or in the methods employed by such gas company, electrical company or water company, as will in its judgment be efficient, adequate, just and reasonable. Failure of a water company to comply with state board of health standards adopted under RCW 70.116 RCW for purity, volume, and pressure shall be prima facie evidence that the water supplied is insufficient, impure, inadequate, or inefficient.

In ordering improvements in the storage, distribution, or supply of water, the commission shall consult and coordinate with the department. In the event that a water company fails to comply with an order of the commission in a timely fashion, the commission may request that the department petition the court to place the company in receivership. [1989 c 207 § 4; 1961 c 14 § 80.28.030. Prior: 1911 c 117 § 54, part; RRS § 10390, part.]

80.28.040 Commission may order improved service—Water companies, noncompliance, receivership. Whenever the commission shall find, after hearing, that any rules, regulations, measurements or the standard thereof, practices, acts or services of any such gas company, electrical company or water company are unjust, unreasonable, improper, insufficient, inefficient or inadequate, or that any service which may be reasonably demanded is not furnished, the commission shall fix the reasonable rules, regulations, measurements or the standard thereof, practices, acts or service to be thereafter furnished, imposed, observed and followed, and shall fix the same by order or rule.

In ordering improvements to the service of any water company, the commission shall consult and coordinate with the department. In the event that a water company fails to comply with an order of the commission within the deadline specified in the order, the commission may request that the department petition the court to place the company in receivership. [1989 c 207 § 5; 1961 c 14 § 80.28.040. Prior: 1911 c 117 § 54, part; RRS § 10390, part.]

80.28.050 Tariff schedules to be filed with commission—Public schedules. Every gas company, electrical company and water company shall file with the commission and shall print and keep open to public inspection schedules in such form as the commission may prescribe, showing all rates and charges made, established or enforced, or to be charged or enforced, all forms of contract or agreement, all rules and regulations relating to rates, charges or service, used or to be used, and all general privileges and facilities granted or allowed by such gas company, electrical company or water company. Duty of company to fix rate for wholesale power on request of public utility district: RCW 54.04.100.
80.28.060  Tariff changes—Statutory notice—Exception. Unless the commission otherwise orders, no change shall be made in any rate or charge or in any form of contract or agreement or in any rule or regulation relating to any rate, charge or service, or in any general privilege or facility which shall have been filed and published by a gas company, electrical company or water company in compliance with the requirements of RCW 80.28.050 except after thirty days' notice to the commission and publication for thirty days, which notice shall plainly state the changes proposed to be made in the schedule then in force and the time when the change will go into effect and all proposed changes shall be shown by printing, filing and publishing new schedules, or shall be plainly indicated upon the schedules in force at the time and kept open to public inspection. Proposed changes may be suspended by the commission within thirty days or before the stated effective date of the proposed change, whichever is later. The commission, for good cause shown, may allow changes without requiring the thirty days' notice by duly filing, in such manner as it may direct, an order specifying the changes so to be made and the time when it shall take effect. All such changes shall be immediately indicated upon its schedules by the company affected. When any change is made in any rate or charge, form of contract or agreement, or any rule or regulation relating to any rate or charge or service, or in any general privilege or facility, the effect of which is to increase any rate or charge, then in existence, attention shall be directed on the copy filed with the commission to such increase by some character immediately preceding or following the item in such schedule, such character to be in form as designated by the commission. [1989 c 152 § 1; 1961 c 14 § 80.28.060. Prior: 1911 c 117 § 28; RRS § 10364.]

80.28.070  Sliding scale of charges permitted. Nothing in this chapter shall be taken to prohibit a gas company, electrical company or water company from establishing a sliding scale of charges, whereby a greater charge is made per unit for a lesser than a greater quantity for gas, electricity or water, or any service rendered or to be rendered. [1961 c 14 § 80.28.070. Prior: 1911 c 117 § 32; RRS § 10368.]

80.28.074  Legislative declaration. The legislature declares it is the policy of the state to:

(1) Preserve affordable natural gas and electric services to the residents of the state;

(2) Maintain and advance the efficiency and availability of natural gas and electric services to the residents of the state of Washington;

(3) Ensure that customers pay only reasonable charges for natural gas and electric service;

(4) Permit flexible pricing of natural gas and electric services. [1988 c 166 § 1.]

80.28.075  Banded rates—Natural gas and electric services. Upon request by a natural gas company or an electrical company, the commission may approve a tariff that includes banded rates for any nonresidential natural gas or electric service that is subject to effective competition from energy suppliers not regulated by the utilities and transportation commission. "Banded rate" means a rate that has a minimum and maximum rate. Rates may be changed within the rate band upon such notice as the commission may order. [1988 c 166 § 2.]

80.28.080  Published rates to be charged—Exceptions. No gas company, electrical company or water company shall charge, demand, collect or receive a greater or less or different compensation for any service rendered or to be rendered than the rates and charges applicable to such service as specified in its schedule filed and in effect at the time, nor shall any such company directly or indirectly refund or remit in any manner or by any device any portion of the rates or charges so specified, or furnish its product at free or reduced rates except to its employees and their families, and its officers, attorneys, and agents; to hospitals, charitable and eleemosynary institutions and persons engaged in charitable and eleemosynary work; to indigent and destitute persons; to national homes or state homes for disabled volunteer soldiers and soldiers' and sailors' homes: PROVIDED, That the term "employees" as used in this paragraph shall include furloughed, pensioned and superannuated employees, persons who have become disabled or infirm in the service of any such company; and the term "families," as used in this paragraph, shall include the families of those persons named in this proviso, the families of persons killed or dying in the service, also the families of persons killed, and the surviving spouse prior to remarriage, and the minor children during minority of persons who died while in the service of any of the companies named in this paragraph: PROVIDED FURTHER, That water companies may furnish free or at reduced rates water for the use of the state, or for any project in which the state is interested: AND PROVIDED FURTHER, That gas companies, electrical companies, and water companies may charge the defendant for treble damages awarded in lawsuits successfully litigated under RCW 80.28.240.

No gas company, electrical company or water company shall extend to any person or corporation any form of contract or agreement or any rule or regulation or any privilege or facility except such as are regularly and uniformly extended to all persons and corporations under like circumstances. [1985 c 427 § 2; 1973 1st ex.s. c 154 § 116; 1961 c 14 § 80.28.080. Prior: 1911 c 117 § 29; RRS § 10365.]

80.28.090  Unreasonable preference prohibited. No gas company, electrical company or water company shall make or grant any undue or unreasonable preference or advantage to any person, corporation, or locality, or to any particular description of service in any respect whatsoever, or subject any particular person, corporation or locality or any particular description of service to any undue or unreasonable prejudice or disadvantage in any respect whatsoever. [1961 c 14 § 80.28.090. Prior: 1911 c 117 § 30; RRS § 10366.]
80.28.100 Rate discrimination prohibited—Exception. No gas company, electrical company or water company shall, directly or indirectly, or by any special rate, rebate, drawback or other device or method, charge, demand, collect or receive from any person or corporation a greater or less compensation for gas, electricity or water, or for any service rendered or to be rendered, or in connection therewith, except as authorized in this chapter, than it charges, demands, collects or receives from any other person or corporation for doing a like or contemporaneous service with respect thereto under the same or substantially similar circumstances or conditions. Every gas, water or electrical company owning, operating or managing a plant or system for the distribution and sale of gas, water or electricity to the public for hire shall be and be held to be a public service company as to such plant or system and as to all gas, water or electricity distributed or furnished therefrom, whether such gas, water or electricity be sold wholesale or retail or be distributed wholly to the general public or in part as surplus gas, water or electricity to manufacturing or industrial concerns or to other public service companies or municipalities for redistribution. Nothing in this title shall be construed to prevent any gas company, electrical company or water company from continuing to furnish its product or the use of its lines, equipment or service under any contract or contracts in force on June 7, 1911, at the rates fixed in such contract or contracts: PROVIDED, That the commission shall have power, in its discretion, to direct by order that such contract or contracts shall be terminated by the company party thereto and thereupon such contract or contracts shall be terminated by such company as and when directed by such order. [1961 c 14 § 80.28.120. Prior: 1933 c 165 § 1; 1911 c 117 § 34; RRS § 10370.]

80.28.130 Repairs, improvements, changes, additions, or extensions may be directed. Whenever the commission shall find, after hearing had upon its own motion or upon complaint, that repairs or improvements, to, or changes in, any gas plant, electrical plant or water system ought to be made, or that any additions or extensions should reasonably be made thereto, in order to promote the security or convenience of the public or employees, or in order to secure adequate service or facilities for manufacturing, distributing or supplying gas, electricity or water, the commission may enter an order directing that such reasonable repairs, improvements, changes, additions or extensions of such gas plant, electrical plant or water system be made. [1961 c 14 § 80.28.130. Prior: 1911 c 117 § 70; RRS § 10406.]

80.28.140 Inspection of gas and water meters. The commission may appoint inspectors of gas and water meters whose duty it shall be when required by the commission to inspect, examine, prove and ascertain the accuracy of any and all gas and water meters used or intended to be used for measuring or ascertaining the quantity of gas for light, heat or power, or the quantity of water furnished for any purpose by any public service company to or for the use of any person or corporation, and when found to be or made to be correct such inspectors shall seal all such meters and each of them with some suitable device to be prescribed by the commission.

No public service company shall thereafter furnish, set or put in use any gas or water meter which shall not have been inspected, proved and sealed by an inspector of the commission under such rules and regulations as the commission may prescribe. [1961 c 14 § 80.28.140. Prior: 1911 c 117 § 74, part; RRS § 10410, part.]

80.28.150 Inspection of electric meters. The commission may appoint inspectors of electric meters whose duty it shall be when required by the commission to inspect, examine, prove and ascertain the accuracy of any and all electric meters used or intended to be used for measuring and ascertaining the quantity of electric current furnished for light, heat or power by any public service company to or for the use of any person or corporation, and to inspect, examine and ascertain the accuracy of all apparatus for testing and proving the accuracy of electric meters, and when found to be or made to be correct the inspector shall stamp or mark all such meters and apparatus with some suitable device to be prescribed by the commission. No public service company shall furnish, set or put in use any electric meters the type of which shall not have been approved by the commission. [1961 c 14 § 80.28.150. Prior: 1911 c 117 § 74, part; RRS § 10410, part.]

80.28.160 Testing apparatus to be furnished. Every gas company, electrical company and water company shall prepare and maintain such suitable premises, apparatus and facilities as may be required and approved by the commission for testing and proving the accuracy of gas, electric or water meters furnished for use by it by which apparatus every meter may be tested. [1961 c 14 § 80.28.160. Prior: 1911 c 117 § 74, part; RRS § 10410, part.]

80.28.170 Testing at consumer's request. If any consumer to whom a meter has been furnished shall request the commission in writing to inspect such meter, the com-
mission shall have the same inspected and tested, and if the same, on being so tested, shall be found to be more than four percent if an electric meter, or more than two percent if a gas meter, or more than two percent if a water meter, defective or incorrect to the prejudice of the consumer, the expense of such inspection and test shall be borne by the gas company, electrical company or water company, and if the same, on being so tested shall be found to be correct within the limits of error prescribed by the provisions of this section, the expense of such inspection and test shall be borne by the consumer. 80.28.190 Gas companies—Certificate—Violations—Commission powers—Penalty—Fees. No gas company shall, after January 1, 1956, operate in this state any gas plant for hire without having obtained from the commission under the provisions of this chapter a certificate declaring that public convenience and necessity requires or will require such operation and setting forth the area or areas within which service is to be rendered; but a certificate shall be granted where it appears to the satisfaction of the commission that such gas company was actually operating in good faith, within the confines of the area for which such certificate shall be sought, on June 8, 1955. Any right, privilege, certificate held, owned or obtained by a gas company may be sold, assigned, leased, transferred or inherited as other property, only upon authorization by the commission. The commission shall have power, after hearing, when the applicant requests a certificate to render service in an area already served by a certificate holder under this chapter only when the existing gas company or companies serving such area will not provide the same to the satisfaction of the commission and in all other cases, with or without hearing, to issue said certificate as prayed for; or for good cause shown to refuse to issue same, or to issue it for the partial exercise only of said privilege sought, and may attach to the exercise of the rights granted by said certificate such terms and conditions as, in its judgment, the public convenience and necessity may require.

The commission may, at any time, by its order duly entered after a hearing had upon notice to the holder of any certificate hereunder, and an opportunity to such holder to be heard, at which it shall be proven that such holder wilfully violates or refuses to observe any of its proper orders, rules or regulations, suspend, revoke, alter or amend any certificate issued under the provisions of this section, but the holder of such certificate shall have all the rights of rehearing, review and appeal as to such order of the commission as is provided herein.

Every officer, agent, or employee of any corporation, and every other person who violates or fails to comply with, or who procures, aids or abets in the violation of any of the provisions of this section or who fails to obey, observe or comply with any order, decision, rule or regulation, directive, demand or requirements, or any provision of this section, is guilty of a gross misdemeanor and punishable as such.

Neither this section, RCW 80.28.200, 80.28.210, nor any provisions thereof shall apply or be construed to apply to commerce with foreign nations or commerce among the several states of this union except insofar as the same may be permitted under the provisions of the Constitution of the United States and acts of congress.

The commission shall collect the following miscellaneous fees from gas companies: Application for a certificate of public convenience and necessity or to amend a certificate, twenty-five dollars; application to sell, lease, mortgage or transfer a certificate of public convenience and necessity or any interest therein, ten dollars. [1961 c 14 § 80.28.200. Prior: 1955 c 316 § 5.]

80.28.210 Safety rules—Pipeline transporters—Penalty. Every person or corporation transporting natural gas by pipeline, or having for one or more of its principal
purposes the construction, maintenance or operation of pipelines for transporting natural gas, in this state, even though such person or corporation does not be a public service company under chapter 80.28 RCW, and even though such person or corporation does not deliver, sell or furnish any such gas to any person or corporation within this state, shall be subject to regulation by the utilities and transportation commission insofar as the construction and operation of such facilities shall affect matters of public safety, and every such company shall construct and maintain such facilities as will be safe and efficient. The commission shall have the authority to prescribe rules and regulations to effectuate the purpose of this enactment. Every such person and every such officer, agent and employee of a corporation who, as an individual or as an officer or agent of such corporation, violates or fails to comply with, or who procures, aids, or abets another, or his company, in the violation of, or noncompliance with, any provision of this section or any order, rule or requirement of the commission hereunder, shall be guilty of a gross misdemeanor. Any gas company which violates any provision of RCW 80.28.210 as now exists or is later amended or of any regulation issued thereunder, shall be subject to a civil penalty to be directly assessed by the commission, such penalty not to exceed one thousand dollars for each violation for each day that the violation persists, but the maximum civil penalty shall not exceed two hundred thousand dollars for any related series of violations. Any civil penalty may be compromised by the commission. In determining the amount of the penalty, or the amount agreed upon and compromised, the appropriateness of the penalty to the size of the business of the person charged, the gravity of the violation, and the good faith of the gas company charged in attempting to achieve compliance after notification of the violation, shall be considered. The amount of the penalty, when finally determined, or the amount agreed upon and compromised, may be recovered in a civil action in the superior court of Thurston county or of some other county in which such violator may do business. In all such actions for recovery the procedure and rules of evidence shall be the same as in ordinary civil actions. All penalties recovered under this title shall be paid into the state treasury and credited to the public service revolving fund. [1969 ex.s. c 210 § 3.]

80.28.220 Gas companies—Right of eminent domain—Purposes. Every corporation having for one of its principal purposes the transmission, distribution, sale, or furnishing of natural gas or other type gas for light, heat, or power and holding and owning a certificate of public convenience and necessity from the utilities and transportation commission authorizing the operation of a gas plant, may appropriate, by condemnation, lands and property and interests therein, for the transmission, distribution, sale, or furnishing of such natural gas or other type gas through gas mains or pipelines under the provisions of chapter 8.20 RCW. [1961 c 14 § 80.28.220. Prior: 1957 c 191 § 1.]

80.28.230 Gas companies—Use for purpose acquired exclusive—Disposition of property. Any property or interest acquired as provided in RCW 80.28.220 shall be used exclusively for the purposes for which it was acquired: PROVIDED, HOWEVER, That if any such property be sold or otherwise disposed of by said corporations, such sale or disposition shall be by public sale or disposition and advertised in the manner of public sales in the county where such property is located. [1961 c 14 § 80.28.230. Prior: 1957 c 191 § 2.]

(a) Divert, or cause to be diverted, utility services by any means whatsoever;

(b) Make, or cause to be made, any connection or reconnection with property owned or used by the utility to provide utility service without the authorization or consent of the utility;

(c) Prevent any utility meter or other device used in determining the charge for utility services from accurately performing its measuring function by tampering or by any other means;

(d) Tamper with any property owned or used by the utility to provide utility services; or

(e) Use or receive the direct benefit of all or a portion of the utility service with knowledge of, or reason to believe that, the diversion, tampering, or unauthorized connection existed at the time of the use or that the use or receipt was without the authorization or consent of the utility.

(2) In any civil action brought under this section, the utility may recover from the defendant as damages three times the amount of actual damages, if any, plus the cost of the suit and reasonable attorney's fees, plus the costs incurred on account of the bypassing, tampering, or unauthorized reconnection, including but not limited to costs and expenses for investigation, reconnection, reconnection, service calls, and expert witnesses.

(3) Any damages recovered under this section in excess of the actual damages sustained by the utility may be taken into account by the utilities and transportation commission or other applicable rate-making agency in establishing utility rates.

(4) As used in this section:

(a) "Customer" means the person in whose name a utility service is provided;

(b) "Divert" means to change the intended course or path of electricity, gas, or water without the authorization or consent of the utility;

(c) "Person" means any individual, partnership, firm, association, or corporation or government agency;

(d) "Reconnection" means the commencement of utility service to a customer or other person after service has been lawfully disconnected by the utility;
(e) "Tamper" means to rearrange, injure, alter, interfere with, or otherwise prevent from performing the normal or customary function;

(f) "Utility" means any electrical company, gas company, or water company as those terms are defined in RCW 80.04.010, and includes any electrical, gas, or water system operated by any public agency; and

(g) "Utility service" means the provision of electricity, gas, water, or any other service or commodity furnished by the utility for compensation. [1989 c 11 § 30; 1985 c 427 § 1]

Severability—1989 c 11: See note following RCW 9A.56.220.

80.28.250 Water companies—Fire hydrants. A city, town or county may, by ordinance or resolution, require a water company to maintain fire hydrants in the area served by the water company. The utilities and transportation commission has no authority to waive this obligation. [1986 c 119 § 1.]

80.28.260 Adoption of policies to provide financial incentives for energy efficiency programs. (1) The commission shall adopt a policy allowing an incentive rate of return on investment (a) for payments made under RCW 19.27A.035 and (b) for programs that improve the efficiency of energy end use if priority is given to senior citizens and low-income citizens in the course of carrying out such programs. The incentive rate of return on investments set forth in this subsection is established by adding an increment of two percent to the rate of return on common equity permitted on the company’s other investments.

(2) The commission shall consider and may adopt a policy allowing an incentive rate of return on investment in additional programs to improve the efficiency of energy end use or other incentive policies to encourage utility investment in such programs.

(3) The commission shall consider and may adopt other policies to protect a company from a reduction of short-term earnings that may be a direct result of utility programs to increase the efficiency of energy use. These policies may include allowing a periodic rate adjustment for investments in end use efficiency or allowing changes in price structure designed to produce additional new revenue.

(4) The commission may adopt a policy allowing the recovery of a utility’s expenses incurred under RCW 19.27A.055. [1990 c 2 § 9.]

Effective dates—1990 c 2: See note following RCW 19.27.040.

Findings—Severability—1990 c 2: See notes following RCW 19.27A.015.

80.28.270 Water companies—Extension, installation, or connection charges. The commission’s jurisdiction over the rates, charges, practices, acts or services of any water company shall include any aspect of line extension, service installation, or service connection. If the charges for such services are not set forth by specific amount in the company’s tariff filed with the commission pursuant to RCW 80.28.050, the commission shall determine the fair, just, reasonable, and sufficient charge for such extension, installation, or connection. In any such proceeding in which there is no specified tariffed rate, the burden shall be on the company to prove that its proposed charges are fair, just, reasonable, and sufficient. [1991 c 101 § 2.]

80.28.280 Compressed natural gas—Motor vehicle refueling stations—Public interest. The legislature finds that compressed natural gas offers significant potential to reduce vehicle emissions and to significantly decrease dependence on petroleum-based fuels. The legislature also finds that well-developed and convenient refueling systems are imperative if compressed natural gas is to be widely used by the public. The legislature declares that the development of compressed natural gas refueling stations are in the public interest. Nothing in this section and RCW 80.28.290 is intended to alter the regulatory practices of the commission or allow the subsidization of one ratepayer class by another. [1991 c 199 § 216.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.004 through 70.94.006.

Clean fuel: RCW 70.120.210.

80.28.290 Compressed natural gas—Refueling stations—Identify barriers. The commission shall identify barriers to the development of refueling stations for vehicles operating on compressed natural gas, and shall develop policies to remove such barriers. In developing such policies, the commission shall consider providing rate incentives to encourage natural gas companies to invest in the infrastructure required by such refueling stations. [1991 c 199 § 217.]

Finding—1991 c 199: See note following RCW 70.94.011.

Effective dates—Severability—Captions not law—1991 c 199: See RCW 70.94.004 through 70.94.006.

Franchises on state highways: Chapter 47.44 RCW.

80.32.010 Cities and counties may grant franchises—Procedure—Liability to restore road for travel. The legislative authority of the city or town having control of any public street or road, or, where the street or road is not within the limits of any incorporated city or town, then the county legislative authority of the county wherein the road or street is situated, may grant authority for the construction, maintenance and operation of transmission lines for transmitting electric power, together with poles, wires and other appurtenances, upon, over, along and across any such public street or road, and in granting this authority the legislative authority of the city or town, or the county legislative
authority, as the case may be, may prescribe the terms and conditions on which the transmission line and its appurtenances, shall be constructed, maintained and operated upon, over, along and across the road or street, and the grade or elevation at which the same shall be constructed, maintained and operated: PROVIDED, That on application being made to the county legislative authority for such authority, the county legislative authority shall fix a time and place for hearing the same, and shall cause the county auditor to give public notice thereof at the expense of the applicant, by posting written or printed notices in three public places in the county seat of the county, and in at least one conspicuous place on the road or street or part thereof, for which application is made, at least fifteen days before the day fixed for such hearing, and by publishing a like notice once a week for two consecutive weeks in the official county newspaper, the last publication to be at least five days before the day fixed for the hearing, which notice shall state the name or names of the applicant or applicants, a description of the roads or streets or parts thereof for which the application is made, and the time and place fixed for the hearing. The hearing may be adjourned from time to time by order of the county legislative authority. If after such hearing the county legislative authority shall deem it to be for the public interest to grant the authority in whole or in part, it may make and enter the proper order granting the authority applied for or such part thereof as it deems to be for the public interest, and shall require the transmission line and its appurtenances to be placed in such location on or along the road or street as it finds will cause the least interference with other uses of the road or street. In case any such transmission line is or shall be located in part on private right of way, the owner thereof shall have the right to construct and operate the same across any county road or county street which intersects the private right of way, if the crossing is so constructed and maintained as to do no unnecessary damage: PROVIDED, That any person or corporation constructing the crossing or operating the transmission line on or along the county road or county street shall be liable to the county for all necessary expense incurred in restoring the county road or county street to a suitable condition for travel. [1985 c 469 § 62; 1961 c 14 § 80.32.010. Prior: 1903 c 173 § 1; RRS § 5430. Formerly RCW 80.32.010, 80.32.020 and 80.32.030.]

80.32.040 Grant of franchise subject to referendum. All grants of franchises or rights for the conduct or distribution of electric energy, electric power, or electric light within any city or town of the state of Washington by the city council or other legislative body or legislative authority thereof, whether granted by ordinance, resolution, or other form of grant, contract, permission or license, shall be subject to popular referendum under the general laws of this state heretofore or hereafter enacted, or as may be provided by the charter provisions, heretofore or hereafter adopted, of any such city or town: PROVIDED, That no petition for referendum may be filed after six months from the date of ordinance, resolution, or other form of grant, contract, permission, or license granting such franchise. [1961 c 14 § 80.32.040. Prior: (i) 1941 c 114 § 1; Rem. Supp. 1941 § 5430-1. (ii) 1941 c 114 § 2; Rem. Supp. 1941 § 5430-2.]

80.32.050 Sale or lease of plant and franchises. Any corporation incorporated or that may hereafter be incorporated under the laws of this state or any state or territory of the United States, for the purpose of manufacturing, transmitting or selling electric power, may lease or purchase and operate (except in cases where such lease or purchase is prohibited by the Constitution of this state) the whole or any part of the plant for manufacturing or distributing electric power or energy of any other corporation, heretofore or hereafter constructed, together with the franchises, powers, immunities and all other property or appurtenances appertaining thereto: PROVIDED, That such lease or purchase has been or shall be consented to by stockholders of record holding at least two-thirds in amount of the capital stock or the lessor or grantor corporation; and all such leases and purchases made or entered into prior to the effective date of chapter 173, Laws of 1903, by consent of stockholders as aforesaid are for all intents and purposes hereby ratified and confirmed, saving, however, any vested rights of private parties. [1961 c 14 § 80.32.050. Prior: 1903 c 173 § 3; RRS § 5431.]

80.32.060 Eminent domain. Every corporation, incorporated or that may hereafter be incorporated under the laws of this state, or of any other state or territory of the United States, and doing business in this state, for the purpose of manufacturing or transmitting electric power, shall have the right to appropriate real estate and other property for right-of-way or for any corporate purpose, in the same manner and under the same procedure as now is or may hereafter be provided by law in the case of ordinary railroad corporations authorized by the laws of this state to exercise the right of eminent domain: PROVIDED, That such right of eminent domain shall not be exercised with respect to any public road or street until the location of the transmission line thereon has been authorized in accordance with RCW 80.32.010. [1961 c 14 § 80.32.060. Prior: 1903 c 173 § 2; No RRS.]

Eminent domain by corporations generally: Chapter 8.20 RCW.

80.32.070 Right of entry. Every such corporation shall have the right to enter upon any land between the termini of the proposed lines for the purpose of examining, locating and surveying such lines, doing no unnecessary damage thereby. [1961 c 14 § 80.32.070. Prior: 1899 c 94 § 2; RRS § 11085.]

80.32.080 Duties of electrical companies exercising power of eminent domain. Any corporation authorized to do business in this state, which, under the present laws of the state, is authorized to condemn property for the purpose of generating and transmitting electrical power for the operation of railroads or railways, or for municipal lighting, and which by its charter or articles of incorporation, assumes the additional right to sell electric power and electric light to private consumers outside the limits of a municipality and to sell electric power to private consumers within the limits of a municipality, which shall provide in its articles that in respect of the purposes mentioned in this section it will assume and undertake to the state and to the inhabitants thereof the duties and obligations of a public service corpo-
ration, shall be deemed to be in respect of such purposes a public service corporation, and shall be held to all the duties, obligations and control, which by law or may be imposed upon public service corporations. Any such corporation shall have the right to sell electric light outside the limits of a municipality and electric power both inside and outside such public service corporation, and shall be held to all the duties, obligations and control, which by law or may be imposed upon public service corporations. Any such corporation shall have the right to sell electric light outside the limits of a public service corporation and shall supply it to the consumer to an amount exceeding twenty-five percent of the total amount of such excess power generated or transmitted by it.

80.32.090 Limitation on use of electricity. Whenever any corporation has acquired any property by decree of appropriation based on proceedings in court under the provisions of RCW 80.32.080 through 80.32.100, no portion of the electricity generated or transmitted by it by means of the property appropriated under the provisions of RCW 80.32.080 through 80.32.100 shall be used or applied by such corporation for or to a business or trade not under the present laws deemed public or quasi public conducted by itself. [1961 c 14 § 80.32.080. Prior: 1907 c 159 § 1; RRS § 5432.]

80.32.100 Remedy for violations. In the event of the violation of any of the requirements of RCW 80.32.080 and 80.32.090 by any corporation availing itself of its provisions, an appropriate suit may be maintained in the name of the state upon the relation of the attorney general, or, if he shall refuse or neglect to act, upon the relation of any individual aggrieved by the violation, or violations, complained of, to compel such corporation to comply with the requirements of RCW 80.32.080 and 80.32.090. A violation of RCW 80.32.080 and 80.32.090 shall cause the forfeiture of the corporate franchise if the corporation refuses or neglects to comply with the orders with respect thereto made in the suit herein provided for. [1961 c 14 § 80.32.100. Prior: 1907 c 159 § 3; RRS § 5434.]
80.36.010 Eminent domain. The right of eminent domain is hereby extended to all telecommunications companies organized or doing business in this state. [1985 c 450 § 15; 1961 c 14 § 80.36.010. Prior: 1890 p 292 § 1; RRS § 11338.]

80.36.020 Right of entry. Every corporation incorporated under the laws of this state or any state or territory of the United States for the purpose of constructing, operating or maintaining any telecommunications line in this state shall have the right to enter upon any land between the termini of its proposed telecommunications lines for the purpose of examining, locating and surveying the telecommunications line, doing no unnecessary damage thereby. [1985 c 450 § 16; 1961 c 14 § 80.36.020. Prior: 1888 p 65 § 1; RRS § 11339.]

80.36.030 Extent of appropriation. Such telecommunications company may appropriate so much land as may be actually necessary for its telecommunications line, with the right to enter upon lands immediately adjacent thereto, for the purpose of constructing, maintaining and operating its line and making all necessary repair. Such telecommunications company may also, for the purpose aforesaid, enter upon and appropriate such portion of the right-of-way of any railroad company as may be necessary for the construction, maintenance and operation of its telecommunications line: PROVIDED, That such appropriation shall not obstruct such railroad of the travel thereupon, nor interfere with the operation of such railroad. [1985 c 450 § 17; 1961 c 14 § 80.36.030. Prior: 1888 p 66 § 2; RRS § 11342.]

80.36.040 Use of road, street, and railroad right-of-way—When consent of city necessary. Any telecommunications company, or the lessees thereof, doing business in this state, shall have the right to construct and maintain all necessary telecommunications lines for public traffic along and upon any public road, street or highway, along or across the right-of-way of any railroad corporation, and may erect poles, posts, piers or abutments for supporting the insulators, wires and any other necessary fixture of their lines, in such manner and at such points as not to incommode the public use of the railroad or highway, or interrupt the navigation of the waters: PROVIDED, That when the right-of-way of such corporation has not been acquired by or through any grant or donation from the United States, or this state, or any county, city or town therein, then the right to construct and maintain such lines shall be secured only by the exercise of right of eminent domain, as provided by law: PROVIDED FURTHER, That where the right-of-way as herein contemplated is within the corporate limits of any incorporated city, the consent of the city council thereof shall be first obtained before such telecommunications lines can be erected thereon. [1985 c 450 § 18; 1961 c 14 § 80.36.040. Prior: 1890 p 292 § 5; RRS § 11352.]

80.36.050 Use of railroad right-of-way—Penalty for refusal by railroad. Every railroad operated in this state, and carrying freight and passengers for hire, or doing business in this state, is and shall be designated a "post road," and the corporation or company owning the same shall allow telecommunications companies to construct and maintain telecommunications lines on and along the right-of-way of such railroad.

In case of the refusal or neglect of any railroad company or corporation to comply with the provisions of this section, said company or corporation shall be liable for damages in the sum of not less than one thousand dollars nor more than five thousand dollars for each offense, and one hundred dollars per day during the continuance thereof. [1985 c 450 § 19; 1961 c 14 § 80.36.050. Prior: (i) 1890 p 292 § 3; RRS § 11340. (ii) 1890 p 293 § 9; RRS § 11356.]

80.36.060 Liability for wilful injury to telecommunications property. Any person who wilfully and maliciously does any injury to any telecommunications property mentioned in RCW 80.36.070, is liable to the company for five times the amount of actual damages sustained thereby, to be recovered in any court of competent jurisdiction. [1985 c 450 § 20; 1961 c 14 § 80.36.060. Prior: 1890 p 293 § 7; RRS § 11354.]

80.36.070 Liability for negligent injury to property—Notice of underwater cable. Any person who injures or destroys, through want of proper care, any necessary or useful fixtures of any telecommunications company, is liable to the company for all damages sustained thereby. Any vessel which, by dragging its anchor or otherwise, breaks, injures or destroys the subaqueous cable of a telecommunications company, subjects its owners to the damages hereinbefore specified.

No telecommunications company can recover damages for the breaking or injury of any subaqueous telecommunications cable, unless such company has previously erected on either bank of the waters under which the cable is placed, a monument indicating the place where the cable lies, and publishes for one month, in some newspaper most likely to give notice to navigators, a notice giving a description and the purpose of the monuments, and the general course, landings and termini of the cable. [1985 c 450 § 21; 1961
80.36.070 Title 80 RCW: Public Utilities

80.36.080 Rates, services, and facilities. All rates, tolls, contracts and charges, rules and regulations of telecommunications companies, for messages, conversations, services rendered and equipment and facilities supplied, whether such message, conversation or service to be performed be over one company or line or over or by two or more companies or lines, shall be fair, just, reasonable and sufficient, and the service so to be rendered any person, firm or corporation by any telecommunications company shall be rendered and performed in a prompt, expeditious and efficient manner and the facilities, instrumentalities and equipment furnished by it shall be kept in good condition and repair, and its appliances, instrumentalities and service shall be modern, adequate, sufficient and efficient. [1985 c 450 § 22; 1961 c 14 § 80.36.080. Prior: 1911 c 117 § 35, part; RRS § 10371, part.]

80.36.090 Service to be furnished on demand. Every telecommunications company operating in this state shall provide and maintain suitable and adequate buildings and facilities therein, or connected therewith, for the accommodation, comfort and convenience of its patrons and employees.

Every telecommunications company shall, upon reasonable notice, furnish to all persons and corporations who may apply therefor and be reasonably entitled thereto suitable and proper facilities and connections for telephonic communication and furnish telephone service as demanded. [1985 c 450 § 23; 1961 c 14 § 80.36.090. Prior: 1911 c 117 § 35, part; RRS § 10371, part.]

80.36.100 Tariff schedules to be filed and open to public. Every telecommunications company shall file with the commission and shall print and keep open to public inspection at such points as the commission may designate, schedules showing the rates, tolls, rentals, and charges of such companies for messages, conversations and services rendered and equipment and facilities supplied for messages and services to be performed within the state between each point upon its line and all other points thereon, and between each point upon its line and all points upon every other similar line operated or controlled by it, and between each point on its line or upon any line leased, operated or controlled by it and all points upon the line of any other similar company, whenever a through service and joint rate shall have been established or ordered between any two such points. If no joint rate covering a through service has been established, the several companies in such through service shall file, print and keep open to public inspection as aforesaid the separately established rates, tolls, rentals, and charges applicable for such through service. The schedules printed as aforesaid shall plainly state the places between which telecommunication service, or both, will be rendered, and shall also state separately all charges and all privileges or facilities granted or allowed, and any rules or regulations which may in anywise change, affect or determine any of the aggregate of the rates, tolls, rentals or charges for the service rendered. A schedule shall be plainly printed in large type, and a copy thereof shall be kept by every telecommunications company readily accessible to and for convenient inspection by the public at such places as may be designated by the commission, which schedule shall state the rates charged from such station to every other station on such company's line, or on any line controlled and used by it within the state. All or any of such schedules kept as aforesaid shall be immediately produced by such telecommunications company upon the demand of any person. A notice printed in bold type, and stating that such schedules are on file and open to inspection by any person, the places where the same are kept, and that the agent will assist such person to determine from such schedules any rate, toll, rental, rule or regulation which is in force shall be kept posted by every telecommunications company in a conspicuous place in every station or office of such company. [1989 c 101 § 9; 1985 c 450 § 24; 1961 c 14 § 80.36.100. Prior: 1911 c 117 § 36; RRS § 10372.]

80.36.110 Tariff changes—Statutory notice—Exception. Unless the commission otherwise orders, no change shall be made in any rate, toll, rental, or charge, which shall have been filed and published by any telecommunications company in compliance with the requirements of RCW 80.36.100, except after thirty days' notice to the commission and publication for thirty days as required in the case of original schedules in RCW 80.36.100, which notice shall plainly state the changes proposed to be made in the schedule then in force, and the time when the changed rate, toll, or charge will go into effect, and all proposed changes shall be shown by printing, filing and publishing new schedules, or shall be plainly indicated upon the schedules in force at the time and kept open to public inspection. Proposed changes may be suspended by the commission within thirty days or before the stated effective date of the proposed change, whichever is later. The commission for good cause shown may allow changes in rates, charges, tolls, or rentals without requiring the thirty days' notice and publication herein provided for, by an order specifying the change so to be made and the time when it shall take effect, and the manner in which the same shall be filed and published. When any change is made in any rate, toll, rental or charge, the effect of which is to increase any rate, toll, rental or charge then existing, attention shall be directed on the copy filed with the commission to such increase by some character immediately preceding or following the item in such schedule, which character shall be in such form as the commission may designate. [1989 c 152 § 2; 1989 c 101 § 10; 1985 c 450 § 25; 1961 c 14 § 80.36.110. Prior: 1911 c 117 § 37; RRS § 10373.]

Reviser's note: This section was amended by 1989 c 101 § 10 and by 1989 c 152 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

80.36.120 Joint rates, contracts, etc. The names of the several companies which are parties to any joint rates, tolls, contracts or charges of telecommunications companies for messages, conversations and service to be rendered shall be specified therein, and each of the parties thereto, other than the one filing the same, shall file with the commission such evidence of concurrence therein or acceptance thereof.
as may be required or approved by the commission; and where such evidence of concurrence or acceptance is filed, it shall not be necessary for the companies filing the same to also file copies of the tariff in which they are named as parties. [1985 c 450 § 26; 1961 c 14 § 80.36.120. Prior: 1911 c 117 § 38; RRS § 10374.]

80.36.130 Published rates to be charged—Exceptions. (1) Except as provided in RCW 80.04.130 and 80.36.150, no telecommunications company shall charge, demand, collect or receive different compensation for any service rendered or to be rendered than the charge applicable to such service as specified in its schedule on file and in effect at that time, nor shall any telecommunications company refund or remit, directly or indirectly, any portion of the rate or charge so specified, nor extend to any person or corporation any form of contract or agreement or any rule or regulation or any privilege or facility except such as are specified in its schedule filed and in effect at the time, and regularly and uniformly extended to all persons and corporations under like circumstances for like or substantially similar service.

(2) No telecommunications company subject to the provisions of this title shall, directly or indirectly, give any free or reduced service or any free pass or frank for the transmission of messages by telecommunications between points within this state, except to its officers, employees, agents, pensioners, surgeons, physicians, attorneys at law, and their families, and persons and corporations exclusively engaged in charitable and eleemosynary work, and ministers of religion, Young Men's Christian Associations, Young Women's Christian Associations; to indigent and destitute persons, and to officers and employees of other telecommunications companies, railroad companies, and street railroad companies.

(3) The commission may accept a tariff that gives free or reduced rate services for a temporary period of time in order to promote the use of the services. [1992 c 68 § 2; 1989 c 101 § 11; 1985 c 450 § 27; 1961 c 14 § 80.36.130. Prior: 1911 c 117 § 40; RRS § 10376. FORMER PART OF SECTION: 1929 c 96 § 1, part now codified in RCW 81.28.080.]

80.36.135 Alternative regulation of telecommunications companies. (1) The legislature declares that:

(a) Changes in technology and the structure of the telecommunications industry may produce conditions under which traditional rate of return, rate base regulation of telecommunications companies may not in all cases provide the most efficient and effective means of achieving the public policy goals of this state as declared in RCW 80.36.300, this section, and RCW 80.36.145. The commission should be authorized to employ an alternative form of regulation if that alternative is better suited to achieving those policy goals.

(b) Because of the great diversity in the scope and type of services provided by telecommunications companies, alternative regulatory arrangements that meet the varying circumstances of different companies and their ratepayers may be desirable.

(2) Subject to the conditions set forth in this chapter and RCW 80.04.130, the commission may regulate telecommunications companies subject before July 23, 1989, to traditional rate of return, rate base regulation by authorizing an alternative form of regulation. The commission may determine the manner and extent of any alternative forms of regulation as may in the public interest be appropriate. In addition to the public policy goals declared in RCW 80.36.300, the commission shall consider, in determining the appropriateness of any proposed alternative form of regulation, whether it will:

(a) Reduce regulatory delay and costs;
(b) Encourage innovation in services;
(c) Promote efficiency;
(d) Facilitate the broad dissemination of technological improvements to all classes of ratepayers;
(e) Enhance the ability of telecommunications companies to respond to competition;
(f) Ensure that telecommunications companies do not have the opportunity to exercise substantial market power absent effective competition or effective regulatory constraints; and
(g) Provide fair, just, and reasonable rates for all ratepayers.

The commission shall make written findings of fact as to each of the above-stated policy goals in ruling on any proposed alternative form of regulation.

(3) A telecommunications company subject to traditional rate of return, rate base regulation may petition the commission to regulate the company under an alternative form of regulation. The company shall submit with its petition its plan for an alternative form of regulation. The plan shall contain the company's proposal for transition to the alternative form of regulation. The commission shall review and may modify or reject the company's proposed plan. The commission also may initiate consideration of alternative forms of regulation for a company or companies on its own motion. The commission may approve the plan or modified plan and authorize its implementation, if it finds, after notice and hearing, that the plan or modified plan:

(a) Is in the public interest;
(b) Is necessary to respond to such changes in technology and the structure of the intrastate telecommunications industry as are in fact occurring;
(c) Is better suited to achieving the policy goals set forth in RCW 80.36.300 and this section than the traditional rate of return, rate base regulation;
(d) Ensures that ratepayers will benefit from any efficiency gains and cost savings arising out of the regulatory change and will afford ratepayers the opportunity to benefit from improvements in productivity due to technological change;
(e) Will not result in a degradation of the quality or availability of efficient telecommunications services;
(f) Will produce fair, just, and reasonable rates for telecommunications services; and
(g) Will not unduly or unreasonably prejudice or disadvantage any particular customer class.

(4) Not later than sixty days from the entry of the commission's order, the company may file with the commission an election not to proceed with the alternative form of regulation as authorized by the commission. If the company elects to appeal to the courts the final order of the commis-
tion authorizing an alternative form of regulation, it shall not change its election to proceed or not proceed after the appeal is concluded. The pendency of a petition by the company for judicial review of the final order shall not serve to extend the sixty-day period.

(5) The commission may waive such regulatory requirements under Title 80 RCW for a telecommunications company subject to an alternative form of regulation as may be appropriate to facilitate the implementation of this section: PROVIDED, That the commission may not grant the authority to price list services except as provided in RCW 80.36.300 through 80.36.370, the regulatory flexibility act, nor may it waive any statutory requirements or grants of legal rights to any person contained in this chapter and chapter 80.04 RCW as amended, except as otherwise expressly provided. The commission may waive different regulatory requirements for different companies or services if such different treatment is in the public interest.

(6) Upon petition by any person, or upon its own motion, the commission may rescind its approval of an alternative form of regulation if, after notice and hearing, it finds that the conditions set forth in subsection (3) of this section can no longer be satisfied. The commission or any person may file a complaint alleging that the rates charged by a telecommunications company under an alternative form of regulation are unfair, unjust, unreasonable, unduly discriminatory, or are otherwise not consistent with the requirements of "this act: PROVIDED, That the complainant shall bear the burden of proving the allegations in the complaint. [1989 c 101 § 1.1]"

Reviser's note: "This act" consists of the enactment of RCW 80.36.135, 80.36.145, 80.36.183, and 80.36.186, and the 1989 c 101 amendments to RCW 80.04.010, 80.04.110, 80.04.130, 80.36.100, 80.36.110, 80.36.130, 80.36.150, 80.36.170, 80.36.180, 80.36.270, 80.36.310, 80.36.320, 80.36.330, and 80.36.901.

80.36.145 Formal investigation and fact-finding—Alternative to full adjudicative proceeding. (1) The legislature declares that the availability of an alternative abbreviated formal procedure for use by the commission instead of a full adjudicative proceeding may in appropriate circumstances advance the public interest by reducing the time required by the commission for decision and the costs incurred by interested parties and ratepayers. Therefore, the commission is authorized to use formal investigation and fact-finding instead of an adjudicative proceeding under chapter 34.05 RCW when it determines that its use is in the public interest and that a full adjudicative hearing is not necessary to fully develop the facts relevant to the proceeding and the positions of the parties, including intervenors.

(2) The commission may use formal investigation and fact-finding instead of the hearing provided in the following circumstances:

(a) A complaint proceeding under RCW 80.04.110 with concurrence of the respondent when the commission is the complainant or with concurrence of the complainant and respondent when not the commission;

(b) A tariff suspension under RCW 80.04.130; or

(c) A competitive classification proceeding under RCW 80.36.320 and 80.36.330.

(3) In formal investigation and fact-finding the commission may limit the record to written submissions by the parties, including intervenors. The commission shall review the written submissions and, based thereon, shall enter appropriate findings of fact and conclusions of law and its order. When there is a reasonable expression of public interest in the issues under consideration, the commission shall hold at least one public hearing for the receipt of information from members of the public that are not formal intervenors in the proceeding and may elect to convert the proceeding to an adjudicative proceeding at any stage. The assignment of an agency employee or administrative law judge to preside at such public hearing shall not require the entry of an initial order.

(4) The commission shall adopt rules of practice and procedure including rules for discovery of information necessary for the use of formal investigation and fact-finding and for the filing of written submissions. The commission may provide by rule for a number of rounds of written comments: PROVIDED, That the party with the burden of proof shall always have the opportunity to file reply comments. [1989 c 101 § 3.]

80.36.150 Contracts filed with commission. (1) Every telecommunications company shall file with the commission, as and when required by it, a copy of any contract, agreement or arrangement in writing with any other telecommunications company, or with any other corporation, association or person relating in any way to the construction, maintenance or use of a telecommunications line or service by, or rates and charges over and upon, any such telecomm-
munications line. The commission shall adopt rules that provide for the filing by telecommunications companies on the public record of the essential terms and conditions of every contract for service. The commission shall not require that customer proprietary information contained in contracts be disclosed on the public record.

(2) The commission shall not treat contracts as tariffs or price lists. The commission may require noncompetitive service to be tariffed unless the company demonstrates that the use of a contract is in the public interest based upon a customer requirement or a competitive necessity for deviation from tariffed rates, terms and conditions, or that the contract is for a new service with limited demand.

(3) Contracts shall be for a stated time period and shall cover the costs for the service contracted for, as determined by commission rule or order. Contracts shall be enforceable by the contracting parties according to their terms, unless the contract has been rejected by the commission before its stated effective date as improper under the commission’s rules and orders, or the requirements of this chapter. If the commission finds a contract to be below cost after it has gone into effect, based on commission rules or orders or the requirements of this chapter in effect at the time of the execution of the contract, it may make the appropriate adjustment to the contracting company’s revenue requirement in a subsequent proceeding.

(4) Contracts executed and filed prior to July 23, 1989, are deemed lawful and enforceable by the contracting parties according to their contract terms. If the commission finds that any existing contract provides for rates that are below cost, based on commission rules or orders or the requirements of this chapter in effect at the time of the execution of the contract, it may make the appropriate adjustment to the contracting company’s revenue requirement in a subsequent proceeding.

(5) If a contract covers competitive and noncompetitive services, the noncompetitive services shall be unbundled and priced separately from all other services and facilities in the contract. Such noncompetitive services shall be made available to all purchasers under the same or substantially the same circumstances at the same rate, terms, and conditions.

80.36.150 (2) prescribe the routing of toll messages and conversations over such connections and the practices and regulations to be followed with respect to such routing; and/or
(3) establish reasonable joint rates or charges by or over said lines and connections and just, reasonable and equitable divisions thereof as between the telecommunications companies participating therein.

This section shall not be construed as conferring on the commission jurisdiction, supervision or control of the rates, service or facilities of any mutual, cooperative or farmer line company or association, except for the purpose of carrying out the provisions of this section. [1985 c 450 § 30; 1961 c 14 § 80.36.160. Prior: 1943 c 68 § 1; 1923 c 118 § 1; 1911 c 117 § 73; Rem. Supp. 1943 § 10409.]

80.36.170 Unreasonable preference prohibited. No telecommunications company shall make or give any undue or unreasonable preference or advantage to any person, corporation or locality, or subject any particular person, corporation or locality to any undue or unreasonable prejudice or disadvantage in any respect whatsoever. The commission shall have primary jurisdiction to determine whether any rate, regulation, or practice of a telecommunications company violates this section. This section shall not apply to contracts offered by a telecommunications company classified as competitive or to contracts for services classified as competitive under RCW 80.36.320 and 80.36.330. [1989 c 101 § 4; 1985 c 450 § 31; 1961 c 14 § 80.36.170. Prior: 1911 c 117 § 42; RRS § 10378.]

80.36.180 Rate discrimination prohibited. No telecommunications company shall, directly or indirectly, or by any special rate, rebate, drawback or other device or method, unduly or unreasonably charge, demand, collect or receive from any person or corporation a greater or less compensation for any service rendered or to be rendered with respect to communication by telecommunications or in connection therewith, except as authorized in this title or Title 81 RCW than it charges, demands, collects or receives from any other person or corporation for doing a like and contemporaneous service with respect to communication by telecommunications under the same or substantially the same circumstances and conditions. The commission shall have primary jurisdiction to determine whether any rate, regulation, or practice of a telecommunications company violates this section. This section shall not apply to contracts offered by a telecommunications company classified as competitive or to contracts for services classified as competitive under RCW 80.36.320 or 80.36.330. [1989 c 101 § 5; 1985 c 450 § 32; 1961 c 14 § 80.36.180. Prior: 1911 c 117 § 41; RRS § 10377.]

80.36.183 Discounted message toll rates prohibited—Availability of state-wide, averaged toll rates. Notwithstanding any other provision of this chapter, no telecommunications company shall offer a discounted message toll service based on volume that prohibits aggregation of volumes across all territory with respect to which that company functions as an interexchange carrier. The commission shall continue to have the authority to require state-wide, averaged toll rates to be made available by any
telecommunications company subject to its jurisdiction. [1989 c 101 § 6.]

80.36.186 Pricing of or access to noncompetitive services—Unreasonable preference or advantage prohibited. Notwithstanding any other provision of this chapter, no telecommunications company providing noncompetitive services shall, as to the pricing of or access to noncompetitive services, make or grant any undue or unreasonable preference or advantage to itself or to any other person providing telecommunications service, nor subject any telecommunications company to any undue or unreasonable prejudice or competitive disadvantage. The commission shall have primary jurisdiction to determine whether any rate, regulation, or practice of a telecommunications company violates this section. [1989 c 101 § 7.]

80.36.190 Long and short distance provision. No telecommunications company subject to the provisions of this title shall charge or receive any greater compensation in the aggregate for the transmission of any long distance conversation or message of like kind for a shorter than for a longer distance over the same line, in the same direction, within this state, the shorter being included within the longer distance, or charge any greater compensation for a through service than the aggregate of the intermediate rates subject to the provision of this title, but this shall not be construed as authorizing any such telecommunications company to charge and receive as great a compensation for a shorter as for a longer distance. Upon application of any telecommunications company the commission may, by order, authorize it to charge less for longer than for a shorter distance service for the transmission of conversation or messages in special cases after investigation, but the order must specify and prescribe the extent to which the telecommunications company making such application is relieved from the operation of this section, and only to the extent so specified and prescribed shall any telecommunications company be relieved from the requirements of this section. [1985 c 450 § 33; 1961 c 14 § 80.36.190. Prior: 1911 c 117 § 44; RRS § 10380.]

80.36.195 Telecommunications relay system—Long distance discount rates. Each telecommunications company providing intrastate interexchange voice transmission service shall offer discounts from otherwise applicable long distance rates for service used in conjunction with the state-wide relay service authorized under RCW 43.20A.725. Such long distance discounts shall be determined in relation to the additional time required to translate calls through relay operators. In the case of intrastate long distance services provided pursuant to tariff, the commission shall require the incorporation of such discounts. [1992 c 144 § 5]

80.36.200 Transmission of messages of other lines. Every telecommunications company operating in this state shall receive, transmit and deliver, without discrimination or delay, the messages of any other telecommunications company. [1985 c 450 § 34; 1961 c 14 § 80.36.200. Prior: 1911 c 117 § 45; RRS § 10381.]

80.36.210 Order of sending messages. It shall be the duty of any telegraph company, doing business in this state, to transmit all dispatches in the order in which they are received, under the penalty of one hundred dollars, to be recovered with costs of suit, by the person or persons whose dispatch is postponed out of its order: PROVIDED, That communications to and from public officers on official business, may have precedence over all other communications: AND, PROVIDED FURTHER, That intelligence of general and public interest may be transmitted for publication out of its order. 80.36.250 Commission may complain of interstate rates. The commission may investigate all interstate rates and charges, classifications, or rules or practices relating thereto, for or in relation to the transmission of messages or conversations. Where any acts in relation thereto take place within this state which, in the opinion of the commission, are excessive or discriminatory, or are levied or laid in violation of the federal communications act of June 19, 1934, and acts amendatory thereof or supplementary thereto, or are in conflict with the rulings, orders, or regulations of the Federal Communications Commission, the commission shall apply by petition to the Federal Communications Commission for relief, and may present to such federal commission all facts coming to its knowledge respecting violations of such act or the rulings, orders, or regulations of the federal commission. [1961 c 14 § 80.36.250. Prior: 1911 c 117 § 58; RRS § 10394.]

80.36.260 Betterments may be ordered. Whenever the commission shall find, after a hearing had on its own motion or upon complaint, that repairs or improvements to, or changes in, any telecommunications line ought reasonably be made, or that any additions or extensions should reasonably be made thereto in order to promote the security or convenience of the public or employees, or in order to secure adequate service or facilities for telecommunications communications, the commission shall make and serve an order directing that such repairs, improvements, changes, additions or extensions be made in the manner to be specified therein. 80.36.300 Policy declaration. The legislature declares it is the policy of the state to:

(1) Preserve affordable universal telecommunications service;
(2) Maintain and advance the efficiency and availability of telecommunications service;
(3) Ensure that customers pay only reasonable charges for telecommunications service;
(4) Ensure that rates for noncompetitive telecommunications services do not subsidize the competitive ventures of regulated telecommunications companies;
(5) Promote diversity in the supply of telecommunications services and products in telecommunications markets throughout the state; and
(6) Permit flexible regulation of competitive telecommunications companies and services. [1985 c 450 § 1.]

80.36.310 Classification as competitive telecommunications companies, services—Initiation of proceedings—Date for final order. Telecommunications companies may petition to be classified as competitive telecommunications companies under RCW 80.36.320 or to have services classified as competitive telecommunications services under RCW 80.36.330. The commission may initiate classification proceedings on its own motion. The commission may require all regulated telecommunications companies potentially affected by a classification proceeding to appear as parties for a determination of their classification. The commission shall enter its final order with respect to classification within ten months from the date of filing of a company's petition or the commission's motion. [1989 c 101 § 14; 1985 c 450 § 3.]

80.36.320 Classification as competitive telecommunications companies, services—Factors considered—Minimal regulation—Equal access—Reclassification. (1) The commission shall classify a telecommunications company providing service in a relevant market as a competitive telecommunications company if it finds, after notice and hearing, that the telecommunications company has demonstrated that the services it offers are subject to effective competition. Effective competition means that the company's customers have reasonably available alternatives and that the company does not have a significant captive customer base. In determining whether a company is competitive, factors the commission shall consider include but are not limited to:

(a) The number and sizes of alternative providers of service;
(b) The extent to which services are available from alternative providers in the relevant market;
(c) The ability of alternative providers to make functionally equivalent or substitute services readily available at competitive rates, terms, and conditions; and
(d) Other indicators of market power which may include market share, growth in market share, ease of entry, and the affiliation of providers of services.

The commission shall conduct the initial classification and any subsequent review of the classification in accordance with such procedures as the commission may establish by rule.

(2) Competitive telecommunications companies shall be subject to minimal regulation. Minimal regulation means that competitive telecommunications companies may file, instead of tariffs, price lists which shall be effective after ten days' notice to the commission and customers. The commission shall prescribe the form of notice. The commission may also waive other regulatory requirements under this title for competitive telecommunications companies when it determines that competition will serve the same purposes as public interest regulation. The commission may waive different regulatory requirements for different companies if such different treatment is in the public interest. A competitive telecommunications company shall at a minimum:

(a) Keep its accounts according to regulations as determined by the commission;
public interest. 

prescribed by the commission; 
determining whether a service is competitive, factors the 
company if such revocation or reclassification would protect 
have reasonably available alternatives and that the service is 
provided by a telecommunications company as a competitive 
telecommunications service if it finds, after notice and 
competition will serve the same purpose and protect the 
affiliation of providers of services.

Effective competition means that customers of the service 
are subject to effective competition. At that time, the commission shall 
classify all such companies as competitive telecommunications companies unless it finds that effective competition, as 
defined in subsection (1) of this section, does not then exist.

The commission may revoke any waivers it grants 

and may reclassify any competitive telecommunications company if such revocation or reclassification would protect 
the public interest.

The commission may waive the requirements of 
RCW 80.36.170 and 80.36.180 in whole or in part for a 

competitive telecommunications company if it finds that competition will serve the same purpose and protect the public interest. [1989 c 101 § 15; 1985 c 450 § 4.]

80.36.330 Classification as competitive telecommunications companies, services—Effective competition defined—Prices and rates—Reclassification. (1) The commission may classify a telecommunications service provided by a telecommunications company as a competitive telecommunications service if it finds, after notice and 

hearing, that the service is subject to effective competition. Effective competition means that customers of the service have reasonably available alternatives and that the service is not provided to a significant captive customer base. In 
determining whether a service is competitive, factors the 
commission shall consider include but are not limited to:

(a) The number and size of alternative providers of services;
(b) The extent to which services are available from alternative providers in the relevant market;
(c) The ability of alternative providers to make function­ally equivalent or substitute services readily available at competitive rates, terms, and conditions; and
(d) Other indicators of market power, which may include market share, growth in market share, ease of entry, and the affiliation of providers of services.

(2) When the commission finds that a telecommunications company has demonstrated that a telecommunications service is competitive, the commission may permit the service to be provided under a price list effective on ten days 
notice to the commission and customers. The commission shall prescribe the form of notice. The commission may 
adopt procedural rules necessary to implement this section.

(3) Prices or rates charged for competitive telecommunications services shall cover their cost. The commission shall 
determine proper cost standards to implement this section, provided that in making any assignment of costs or allocat­
ing any revenue requirement, the commission shall act to 
preserve affordable universal telecommunications service.

(4) The commission may investigate prices for competi­tive telecommunications services upon complaint. In any 
complaint proceeding initiated by the commission, the 
telecommunications company providing the service shall bear 
the burden of proving that the prices charged cover cost, and 
are fair, just, and reasonable.

(5) Telecommunications companies shall provide the 
commission with all data it deems necessary to implement 
this section.

(6) No losses incurred by a telecommunications compa­ny in the provision of competitive services may be recovered 
through rates for noncompetitive services. The commission 
may order refunds or credits to any class of subscribers to a 

noncompetitive telecommunications service which has paid 
excessive rates because of below cost pricing of competitive 
telecommunications services.

(7) The commission may reclassify any competitive 
telecommunications service if reclassification would protect 
the public interest.

(8) The commission may waive the requirements of 
RCW 80.36.170 and 80.36.180 in whole or in part for a 

service classified as competitive if it finds that competition 
will serve the same purpose and protect the public interest. [1989 c 101 § 16; 1985 c 450 § 5.]

80.36.340 Banded rates. The commission may 

approve a tariff which includes banded rates for any tele­ 

communications service if such tariff is in the public interest. 
"Banded rate" means a rate which has a minimum and a 

maximum rate. The minimum rate in the rate band shall 
cover the cost of the service. Rates may be changed within 
the rate band upon such notice as the commission may order. [1985 c 450 § 6.]

80.36.350 Registration of new companies. Each 
telecommunications company not operating under tariff in 
Washington on January 1, 1985, shall register with the 
commission before beginning operations in this state. The 
registration shall be on a form prescribed by the commission 
and shall contain such information as the commission may 
by rule require, but shall include as a minimum the name 
and address of the company; the name and address of its 
registered agent, if any; the name, address, and title of each 
officer or director; its most current balance sheet; its latest 
annual report, if any; and a description of the telecommuni­
cations services it offers or intends to offer.

The commission may require as a precondition to 
registration the procurement of a performance bond sufficient 
to cover any advances or deposits the telecommunications company may collect from its customers, or order that such 
advances or deposits be held in escrow or trust.

The commission may deny registration to any tele­

communications company which:

(1) Does not provide the information required by this 
section;
(2) Fails to provide a performance bond, if required;
(3) Does not possess adequate financial resources to 
provide the proposed service; or
§ 80.36.350

(4) Does not possess adequate technical competency to provide the proposed service.

The commission shall take action to approve or issue a notice of hearing concerning any application for registration within thirty days after receiving the application. The commission may approve an application with or without a hearing. The commission may deny an application after a hearing.

A telecommunications company may also submit a petition for competitive classification under RCW 80.36.310 at the time it applies for registration. The commission may act on the registration application and the competitive classification petition at the same time. [1990 c 10 § 1; 1985 c 450 § 7.]

80.36.360 Exempted actions or transactions. For the purposes of RCW 19.86.170, actions or transactions of competitive telecommunications companies, or associated with competitive telecommunications services, shall not be deemed otherwise permitted, prohibited, or regulated by the commission. [1985 c 450 § 8.]

80.36.370 Certain services not regulated. The commission shall not regulate the following:

(1) One way broadcast or cable television transmission of television or radio signals;
(2) Private telecommunications systems;
(3) Telegraph services;
(4) Any sale, lease, or use of customer premises equipment except such equipment as is regulated on July 28, 1985;
(5) Private shared telecommunications services, unless the commission finds, upon notice and investigation, that customers of such services have no alternative access to local exchange telecommunications companies. If the commission makes such a finding, it may require the private shared telecommunications services provider to make alternative facilities or conduit space available on reasonable terms and conditions at reasonable prices;
(6) Radio communications services provided by a regulated telecommunications company, except that when those services are the only voice grade, local exchange telecommunications service available to a customer of the company the commission may regulate the radio communications service of that company. [1990 c 118 § 1; 1985 c 450 § 9.]

80.36.380 Report. Subject to RCW 40.07.040, the commission shall provide the legislature with a biennial report through 1991 on the status of the Washington telecommunications industry. The report shall describe the competitiveness of all markets as defined by the commission; the availability of diverse and affordable telecommunications services to all people of Washington, particularly to customers in rural or sparsely populated areas; and the level of rates for local exchange and interexchange telecommunications service. The report also shall address the quality and extent of the state's telecommunications infrastructure. The report also shall address the question of whether competition in certain markets has developed to such an extent that the commission recommends additional regulatory flexibility such as detariffing or total deregulation and the evidence therefor; and the need for further legislation to achieve the purposes of RCW 80.36.300 through 80.36.370 and 80.04.010. The commission shall also monitor cost of service methodologies and shall recommend to the legislature whether cost of service ratemaking shall become a standard for telecommunications services. [1987 c 505 § 78; 1987 c 293 § 6; 1985 c 450 § 41.]

Reviser's note: This section was amended by 1987 c 293 § 6 and by 1987 c 505 § 78, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

80.36.390 Telephone solicitation. (1) As used in this section, "telephone solicitation" means the unsolicited initiation of a telephone call by a commercial or nonprofit company or organization to a residential telephone customer and conversation for the purpose of encouraging a person to purchase property, goods, or services or soliciting donations of money, property, goods, or services. "Telephone solicitation" does not include:

(a) Calls made in response to a request or inquiry by the called party. This includes calls regarding an item that has been purchased by the called party from the company or organization during a period not longer than twelve months prior to the telephone contact;
(b) Calls made by a not-for-profit organization to its own list of bona fide or active members of the organization;
(c) Calls limited to polling or soliciting the expression of ideas, opinions, or votes; or
(d) Business-to-business contacts.

For purposes of this section, each individual real estate agent or insurance agent who maintains a separate list from other individual real estate or insurance agents shall be treated as a company or organization. For purposes of this section, an organization as defined in RCW 29.01.090 or 29.01.100 and organized pursuant to RCW 29.42.010 shall not be considered a commercial or nonprofit company or organization.

(2) A person making a telephone solicitation must identify him or herself and the company or organization on whose behalf the solicitation is being made and the purpose of the call within the first thirty seconds of the telephone call.

(3) If, at any time during the telephone contact, the called party states or indicates that he or she does not wish to be called again by the company or organization or wants to have his or her name and individual telephone number removed from the telephone lists used by the company or organization making the telephone solicitation, then:

(a) The company or organization shall not make any additional telephone solicitation of the called party at that telephone number within a period of at least one year; and
(b) The company or organization shall not sell or give the called party's name and telephone number to another company or organization: PROVIDED, That the company or organization may return the list, including the called party's name and telephone number, to the company or organization from which it received the list.

(4) A violation of subsection (2) or (3) of this section is punishable by a fine of up to one thousand dollars for each violation.
(5) The attorney general may bring actions to enforce compliance with this section. For the first violation by any company or organization of this section, the attorney general shall notify the company with a letter of warning that the section has been violated.

(6) A person aggrieved by repeated violations of this section may bring a civil action in superior court to enjoin future violations, to recover damages, or both. The court shall award damages of at least one hundred dollars for each individual violation of this section. If the aggrieved person prevails in a civil action under this subsection, the court shall award the aggrieved person reasonable attorneys’ fees and cost of the suit.

(7) The utilities and transportation commission shall by rule ensure that telecommunications companies inform their residential customers of the provisions of this section. The notification may be made by (a) annual inserts in the billing statements mailed to residential customers, or (b) conspicuous publication of the notice in the consumer information pages of local telephone directories. [1987 c 229 § 13; 1986 c 277 § 2.]

Legislative finding—1986 c 277: “The legislature finds that certain kinds of telephone solicitation are increasing and that these solicitations interfere with the legitimate privacy rights of the citizens of the state. A study conducted by the utilities and transportation commission, as directed by the forty-ninth legislature, has found that the level of telephone solicitation in this state is significant to warrant regulatory action to protect the privacy rights of the citizens of the state. It is the intent of the legislature to clarify and establish the rights of individuals to reject unwanted telephone solicitations.” [1986 c 277 § 1.]

Charitable solicitations: Chapter 19.09 RCW.

80.36.400 Automatic dialing and announcing device—Commercial solicitation by. (1) As used in this section:
(a) An automatic dialing and announcing device is a device which automatically dials telephone numbers and plays a recorded message once a connection is made.
(b) Commercial solicitation means the unsolicited initiation of a telephone conversation for the purpose of encouraging a person to purchase property, goods, or services.

(2) No person may use an automatic dialing and announcing device for purposes of commercial solicitation. This section applies to all commercial solicitation intended to be received by telephone customers within the state.

(3) A violation of this section is a violation of chapter 19.86 RCW. It shall be presumed that damages to the recipient of commercial solicitations made using an automatic dialing and announcing device are five hundred dollars.

(4) Nothing in this section shall be construed to prevent the Washington utilities and transportation commission from adopting additional rules regulating automatic dialing and announcing devices. [1986 c 281 § 2.]

Legislative finding—1986 c 281: "The legislature finds that the use of automatic dialing and announcing devices for purposes of commercial solicitation: (1) Deprives consumers of the opportunity to immediately question a seller about the veracity of their claims; (2) subjects consumers to unwarranted invasions of their privacy; and (3) encourages inefficient and potentially harmful use of the telephone network. The legislature further finds that it is in the public interest to prohibit the use of automatic dialing and announcing devices for purposes of commercial solicitation." [1986 c 281 § 1.]

80.36.410 *Lifeline service—Legislative finding. (Effective until June 30, 1993.) The legislature finds that universal telephone service is an important policy goal of the state. The legislature further finds that recent changes in the telecommunications industry, such as federal access charges, raise concerns about the ability of low-income persons to continue to afford access to local exchange telephone service. Therefore, the legislature finds that it is in the public interest to take steps to mitigate the effects of these changes on low-income persons. [1987 c 229 § 3.]

*Reviser’s note: References to "lifeline service" were changed to "Washington telephone assistance program" by 1990 c 170.

Expiration date—1990 c 170; 1987 c 229 §§ 3-10: "RCW 80.36.410 through 80.36.470 shall expire June 30, 1993, unless extended by the legislature." [1990 c 170 § 8; 1987 c 229 § 12.]

80.36.420 Washington telephone assistance program—Availability, components. (Effective until June 30, 1993.) The Washington telephone assistance program shall be available to participants of department programs set forth in RCW 80.36.470. Assistance shall consist of the following components:

(1) A discount on service connection fees of fifty percent or more as set forth in RCW 80.36.460.
(2) A waiver of deposit requirements on local exchange service, as set forth in RCW 80.36.460.
(3) A discounted flat rate service for local exchange service, which shall be subject to the following conditions:
(a) The commission shall establish a single telephone assistance rate for all local exchange companies operating in the state of Washington. The telephone assistance rate shall include any federal end user access charges and any other charges necessary to obtain local exchange service.
(b) The commission shall, in establishing the telephone assistance rate, consider all charges for local exchange service, including federal end user access charges, mileage charges, extended area service, and any other charges necessary to obtain local exchange service.
(c) The telephone assistance rate shall only be available to eligible customers subscribing to the lowest available local exchange flat rate service, where the lowest local exchange flat rate, including any federal end user access charges and any other charges necessary to obtain local exchange service, is greater than the telephone assistance rate. Low-income senior citizens sixty years of age and older and other low-income persons identified by the department as medically needy shall, where single-party service is available, be provided with single-party service as the lowest available local exchange flat rate service.
(d) The cost of providing the service shall be paid, to the maximum extent possible, by a waiver of all or part of the federal end user access charge and, to the extent necessary, from the telephone assistance fund created by RCW 80.36.430. [1990 c 170 § 2; 1987 c 229 § 4.]

Expiration date—1990 c 170; 1987 c 229 §§ 3-10: See note following RCW 80.36.410.

80.36.430 Washington telephone assistance program—Excise tax. (Effective until June 30, 1993.) The Washington telephone assistance program shall be funded by a telephone assistance excise tax on all switched access lines and by funds from any federal government or other programs.
for this purpose. Switched access lines are defined in *RCW 82.14B.020. The telephone assistance excise tax shall be applied equally to all residential and business access lines not to exceed fourteen cents per month. The telephone assistance excise tax shall be separately identified on each ratepayer’s bill as the “Washington telephone assistance program.” All money collected from the telephone assistance excise tax shall be transferred to a telephone assistance fund administered by the department. Local exchange companies shall bill the fund for their expenses incurred in offering the telephone assistance program, including administrative and program expenses. The department shall disburse the money to the local exchange companies. The department is exempted from having to conclude a contract with local exchange companies in order to effect this reimbursement. The department shall recover its administrative costs from the fund. The department may specify by rule the range and extent of administrative and program expenses that will be reimbursed to local exchange companies. [1990 c 170 § 3; 1987 c 229 § 5.]

*Reviser’s note: “Telephone access line” is defined in RCW 82.14B.020. “Switched access lines” is not defined in RCW 82.14B.020.

Expiration date—1990 c 170; 1987 c 229 §§ 3-10: See note following RCW 80.36.410.

80.36.440 Washington telephone assistance program—Rules. (Effective until June 30, 1993.) The commission and the department may adopt any rules necessary to implement RCW 80.36.410 through 80.36.470. [1990 c 170 § 4; 1987 c 229 § 6.]

Expiration date—1990 c 170; 1987 c 229 §§ 3-10: See note following RCW 80.36.410.

80.36.450 Lifeline service—Limitation. (Effective until June 30, 1993.) Lifeline service shall be limited to one residential access line per eligible household. [1987 c 229 § 7.]

*Reviser’s note: References to “lifeline service” were changed to “Washington telephone assistance program” by 1990 c 170.

Expiration date—1990 c 170; 1987 c 229 §§ 3-10: See note following RCW 80.36.410.

80.36.460 Washington telephone assistance program—Deposit waivers, connection fee discounts. (Effective until June 30, 1993.) Local exchange companies shall file tariffs with the commission which waive deposits on local exchange service for eligible subscribers and which establish a fifty percent discount on service connection fees for eligible subscribers. Part or all of the remaining fifty percent of service connection fees may be paid by funds from federal government or other programs for this purpose. The commission or other appropriate agency shall make timely application for any available federal funds. The remaining portion of the connection fee to be paid by the subscriber shall be expressly payable by installment fees spread over a period of months. A subscriber may, however, choose to pay the connection fee in a lump sum. Costs associated with the waiver and discount shall be accounted for separately and recovered from the telephone assistance fund. Eligible subscribers shall be allowed one waiver of a deposit and one discount on service connection fees per year. [1990 c 170 § 5; 1987 c 229 § 8.]

80.36.470 Washington telephone assistance program—Eligibility. (Effective until June 30, 1993.) Adult recipients of department-administered programs for the financially needy which provide continuing financial or medical assistance, food stamps, or supportive services to persons in their own homes are eligible for participation in the telephone assistance program. The department shall notify the participants of their eligibility. [1990 c 170 § 6; 1987 c 229 § 9.]

Expiration date—1990 c 170; 1987 c 229 §§ 3-10: See note following RCW 80.36.410.

80.36.475 Washington telephone assistance program—Report to legislature. The department shall report to the energy and utilities committees of the house of representatives and the senate by December 1 of each year on the status of the Washington telephone assistance program. The report shall include the number of participants by qualifying social service programs receiving benefits from the telephone assistance program and the type of benefits participants receive. The report shall also include a description of the geographical distribution of participants, the program’s annual revenue and expenditures, and any recommendations for legislative action. [1990 c 170 § 7.]

80.36.500 Information delivery services through exclusive number prefix or service access code. (1) As used in this section:

(a) “Information delivery services” means telephone recorded messages, interactive programs, or other information services that are provided for a charge to a caller through an exclusive telephone number prefix or service access code.

(b) “Information providers” means the persons or corporations that provide the information, prerecorded message, or interactive program for the information delivery service. The information provider generally receives a portion of the revenue from the calls.

(c) “Interactive program” means a program that allows an information delivery service caller, once connected to the information provider’s announcement machine, to use the caller’s telephone device to access more specific information.

(2) The utilities and transportation commission shall by rule require any local exchange company that offers information delivery services to a local telephone exchange to provide each residential telephone subscriber the opportunity to block access to all information delivery services offered through the local exchange company. The rule shall take effect by October 1, 1988.

(3) All costs of complying with this section shall be borne by the information providers.

(4) The local exchange company shall inform subscribers of the availability of the blocking service through a bill insert and by publication in a local telephone directory. [1991 c 191 § 8; 1988 c 123 § 2.]

Legislative finding, intent—1988 c 123: "(1) The legislature finds that throughout the state there is widespread use of information delivery services, which are also known as information-access telephone services and commonly provided on a designated telephone number prefix. These
services operate on a charge-per-call basis, providing revenue for both the information provider and the local exchange company. The marketing practices for these telephone services have at times been misleading to consumers and at other times specifically directed toward minors. The result has been placement of calls by individuals, particularly by children, who are uninformed about the charges that might apply. In addition, children may have secured access to obscene, indecent, and salacious material through these services. The legislature finds that these services can be blocked by certain local exchange companies at switching locations, and that devices exist which allow for blocking within a residence. Therefore, the legislature finds that residential telephone users in the state are entitled to the option of having their phones blocked from access to information delivery services.

(2) It is the intent of the legislature that the utilities and transportation commission and local exchange companies, to the extent feasible, distinguish between information delivery services that are misleading to consumers, directed at minors, or otherwise objectionable and adopt policies and rules that accomplish the purposes of RCW 80.36.500 with the least adverse effect on information delivery services that are not misleading to consumers, directed at minors, or otherwise objectionable. [1988 c 123 § 1.]

Investigation and report by commission: "By October 1, 1988, the commission shall investigate and report to the committees on energy and utilities in the house of representatives and the senate on methods to protect minors from obscene, indecent, and salacious materials available through the use of information delivery services. The investigation shall include a study of personal identification numbers, credit cards, scramblers, and beep-tone devices as methods of limiting access." [1988 c 123 § 3.]

Severability—1988 c 123: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1988 c 123 § 4.]

Information delivery services: Chapter 19.162 RCW.

80.36.510 Legislative finding. The legislature finds that a growing number of companies provide, in a nonresidential setting, telecommunications services necessary to long distance service without disclosing the services provided or the rate, charge or fee. The legislature finds that provision of these services without disclosure to consumers is a deceptive trade practice. [1988 c 91 § 1.]

80.36.520 Disclosure of alternate operator services. The utilities and transportation commission shall by rule require, at a minimum, that any telecommunications company, operating as or contracting with an alternate operator services company, assure appropriate disclosure to consumers of the provision and the rate, charge or fee of services provided by an alternate operator services company.

For the purposes of this chapter, "alternate operator services company" means a person providing a connection to intrastate or interstate long-distance services from places including, but not limited to, hotels, motels, hospitals, and customer-owned pay telephones. [1988 c 91 § 2.]

80.36.522 Alternate operator service companies—Registration—Penalties. All alternate operator service companies providing services within the state shall register with the commission as a telecommunications company before providing alternate operator services. The commission may deny an application for registration of an alternate operator services company if, after a hearing, it finds that the services and charges to be offered by the company are not for the public convenience and advantage. The commission may suspend the registration of an alternate operator services company if, after a hearing, it finds that the company does not meet the service or disclosure requirements of the commission. Any alternate operator services company that provides service without being properly registered with the commission shall be subject to a penalty of not less than five hundred dollars and not more than one thousand dollars for each and every offense. In case of a continuing offense, every day's continuance shall be a separate offense. The penalty shall be recovered in an action as provided in RCW 80.04.400. [1990 c 247 § 2.]

80.36.524 Alternate operator service companies—Rules. The commission may adopt rules that provide for minimum service levels for telecommunications companies providing alternate operator services. The rules may provide a means for suspending the registration of a company providing alternate operator services if the company fails to meet minimum service levels or if the company fails to provide appropriate disclosure to consumers of the protection afforded under this chapter. [1990 c 247 § 3.]

80.36.530 Violation of consumer protection act—Damages. In addition to the penalties provided in this title, a violation of RCW 80.36.510, 80.36.520, or 80.36.524 constitutes an unfair or deceptive act in trade or commerce in violation of chapter 19.86 RCW, the consumer protection act. Acts in violation of RCW 80.36.510, 80.36.520, or 80.36.524 are not reasonable in relation to the development and preservation of business, and constitute matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. It shall be presumed that damages to the consumer are equal to the cost of the service provided plus two hundred dollars. Additional damages must be proved. [1990 c 247 § 4; 1988 c 91 § 3.]

80.36.540 Telefacsimile messages—Unsolicited transmission—Penalties. (1) As used in this section, "telefacsimile message" means the transmittal of electronic signals over telephone lines for conversion into written text. (2) No person, corporation, partnership, or association shall initiate the unsolicited transmission of telefacsimile messages promoting goods or services for purchase by the recipient.

(3)(a) Except as provided in (b) of this subsection, this section shall not apply to telefacsimile messages sent to a recipient with whom the initiator has had a prior contractual or business relationship.

(b) A person shall not initiate an unsolicited telefacsimile message under the provisions of (a) of this subsection if the person knew or reasonably should have known that the recipient is a governmental entity.

(4) Notwithstanding subsection (3) of this section, it is unlawful to initiate any telefacsimile message to a recipient who has previously sent a written or telefacsimile message to the initiator clearly indicating that the recipient does not want to receive telefacsimile messages from the initiator.

(5) The unsolicited transmission of telefacsimile messages promoting goods or services for purchase by the recipient is a matter affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. The transmission of unsolicited telefacsimile messages is not reasonable in relation to the development
and preservation of business. A violation of this section is an unfair or deceptive act in trade or commerce for the purpose of applying the consumer protection act, chapter 19.86 RCW. Damages to the recipient of telefacsimile messages in violation of this section are five hundred dollars or actual damages, whichever is greater.

(6) Nothing in this section shall be construed to prevent the Washington utilities and transportation commission from adopting additional rules regulating transmissions of telefacsimile messages. [1990 c 221 § 1.]

80.36.850 Extended area service defined. As used in RCW 80.36.855, "extended area service" means the ability to call from one exchange to another exchange without incurring a toll charge. [1989 c 282 § 2.]

80.36.855 Extended area service program. Any business, resident, or community may petition for and shall receive extended area service within the service territory of the local exchange company that provides service to the petitioner under the following conditions:
(1) Any customer, business or residential, interested in obtaining extended area service in their community must collect and submit to the commission the signatures of a representative majority of affected customers in the community. A "representative majority" for purposes of this section consists of fifteen percent of the access lines in that community;
(2) After receipt of the signatures, the commission shall authorize a study to be conducted by the affected local exchange company in order to determine whether a community of interest exists for the implementation of extended area service. For purposes of this section a community of interest shall be found if the average number of calls per customer per month from the area petitioning for extended area service to the area to which extended area service will be implemented is at least five;
(3) If a community of interest exists, the commission shall then calculate any increased rate that would be applied to the area which would have extended area service granted to it. This rate shall be based on the charges to a rate group having the same or similar calling capability as set forth in the tariffs of the local exchange telecommunications company involved;
(4) The affected telecommunications company shall be given the opportunity to propose an alternative plan that might be priced differently and that plan shall be included in the poll of subscribers as an alternative under subsection (5) of this section;
(5) After determining the amount of any additional rate, the commission shall notify the subscribers who will be affected by the increased rate and conduct a poll of those subscribers. If a simple majority votes its approval the commission shall order extended area service; and
(6) Any extended area service program adopted pursuant to this section shall be considered experimental and not binding on the commission in subsequent extended area service proceedings. If an extended area service program adopted pursuant to this section results in a revenue deficiency for a local exchange company, the commission shall allocate the resulting revenue requirement in a manner which produces fair, just and reasonable rates for all classes of customers. [1989 c 282 § 3.]
Policy—1989 c 282: "Universal telephone service for the people of the state of Washington is a policy goal of the legislature and has been enacted previously into Washington law. Access to universal and affordable telephone service enhances the economic and social well-being of Washington citizens." [1989 c 282 § 11.]
Program limitations—Report to legislative committees—1989 c 282: "The pilot program specified in sections 2 and 3 of this act applies only to extended area service petitions which meet the conditions under section 3 of this act, and have been filed with the commission by January 1, 1989. Any petitions for extended area service filed after January 1, 1989, shall be addressed under terms and conditions determined by the commission. By December 1, 1990, the commission shall submit to the energy and utilities committees of the house of representatives and the senate a report on extended area service. The report shall include:
(1) The status of any experimental, pilot program which provides extended area service developed under this section, and whether such an experimental, pilot program approach should continue to be made available;
(2) The status of all extended area service petitions pending at the commission;
(3) Commission action on the recommendations of the local extended calling advisory committee; and
(4) Commission recommendations for any other legislation addressing the issue of extended area service." [1989 c 282 § 4.] Section 2 of this act is the enactment of RCW 80.36.850. Section 3 of this act is the enactment of RCW 80.36.855.
Program expiration—1989 c 282: "The extended area service program under sections 2 through 5 of this act shall expire on December 1, 1990, except for any extended area service obtained by any business residence or community and put in place under section 3 of this act." [1989 c 282 § 5.] Sections 2 through 5 of this act are the enactment of RCW 80.36.850, 80.36.855, the above note, and this section. Section 3 of this act is the enactment of RCW 80.36.855.

80.36.860 Feasibility study—Report. The utilities and transportation commission shall study the feasibility of the elimination, by January 1, 1992, of multiparty lines and mileage charges in all telephone exchanges throughout the state and the relationship between mileage charges and extended area service. The study shall include recommendations as to methods to equitably share the costs of any such program, any recommendations for legislative action, and an analysis of technological changes which may alter the telecommunications network in the next decade. The utilities and transportation commission shall report the results of the study to the energy and utilities committees of the house of representatives and the senate by December 1, 1989. [1989 c 282 § 6.]

80.36.900 Severability—1985 c 450. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 450 § 42.]

80.36.901 Legislative review of 1985 c 450—1989 c 101. The legislature shall conduct an intensive review of chapter 450, Laws of 1985 during the 1991-1993 biennium to determine whether the purposes of chapter 450, Laws of 1985 have been achieved and if further relaxation of regula-

(1992 Ed.)
tory requirements is in the public interest. [1989 c 101 § 18; 1985 c 450 § 44.]

80.40.010 Definitions. As used in this chapter, unless specifically defined otherwise or unless the context indicates otherwise:

"Commission" shall mean the Washington utilities and transportation commission;

"Committee" shall mean the oil and gas conservation committee established by RCW 78.52.020;

"Natural gas" shall mean gas either in the earth in its original state or after the same has been produced by removal therefrom of component parts not essential to its use for light and fuel;

"Natural gas company" shall mean every corporation, company, association, joint stock association, partnership or person authorized to do business in this state and engaged in the transportation, distribution, or underground storage of natural gas;

"Underground reservoir" shall mean any subsurface sand, strata, formation, aquifer, cavern or void whether natural or artificially created, suitable for the injection and storage of natural gas therein and the withdrawal of natural gas therefrom;

"Underground storage" shall mean the process of injecting and storing natural gas within and withdrawing natural gas from an underground reservoir: PROVIDED, The withdrawal of gas from an underground reservoir shall not be deemed a taking or producing within the terms of RCW 82.04.100. [1963 c 201 § 2.]

80.40.020 Declaration concerning the public interest. The underground storage of natural gas will promote the economic development of the state and provide for more economic distribution of natural gas to the domestic, commercial and industrial consumers of this state, thereby serving the public interest. [1963 c 201 § 3.]

80.40.030 Eminent domain. Any natural gas company having received an order under RCW 80.40.040 shall have the right of eminent domain to be exercised in the manner provided in and subject to the provisions of chapter 8.20 RCW to acquire for its use for the underground storage of natural gas any underground reservoir, as well as such other property or interests in property as may be required to adequately maintain and utilize the underground reservoir for the underground storage of natural gas, including easements and rights of way for access to and egress from the underground storage reservoir. The right of eminent domain granted hereby shall apply to property or property interests held in private ownership, provided condemnor has exercised good faith in negotiations for private sale or lease. No property shall be taken or damaged until the compensation to be made therefor shall have been ascertained and paid. Any property or interest therein so acquired by any natural gas company shall be used exclusively for the purposes for which it was acquired. Any decree of appropriation hereunder shall define and limit the rights condemned and shall provide for the reversion of such rights to the defendant or defendants or their successors in interest upon abandonment of the underground storage project. Good faith exploration work or development work relative to the storage reservoir is conclusive evidence that its use has not been abandoned. The court may include in such decree such other relevant conditions, covenants and restrictions as it may deem fair and equitable. [1963 c 201 § 4.]

80.40.040 Eminent domain—Application to oil and gas conservation committee prerequisite to eminent domain—Procedure. Any natural gas company desiring to exercise the right of eminent domain to condemn any property or interest in property for the underground storage of natural gas shall first make application to the oil and gas conservation committee for an order approving the proposed project. Notice of such application shall be given by the committee to the utilities and transportation commission, to the director of ecology, to the commissioner of public lands, and to all other persons known to have an interest in the property to be condemned. Said notice shall be given in the manner provided by RCW 8.20.020 as amended. The committee shall publish notice of said application at least once each week for three successive weeks in some newspaper of general circulation in the county or counties where the proposed underground storage project is located. If no written requests for hearing on the application are received by the committee within forty-five days from the date of service of notice of the application and publication thereof, the committee may proceed without hearing and issue its order. If a hearing is requested, a public hearing on the application will be held within the county or one of the counties where the proposed underground storage project is located. Any order approving the proposed underground storage project shall contain findings that (1) the underground storage of natural gas in the lands or property sought to be condemned is in the public interest and welfare; (2) the underground reservoir is reasonably practicable, and the applicant has complied with all applicable oil and gas conservation laws of the state of Washington; (3) the underground reservoir sought to be condemned is nonproductive of economically recoverable valuable minerals or materials, or of oil or gas in commercial quantities under either primary or secondary recovery methods, and nonproductive of fresh water in commercial quantities with feasible and reasonable pumping lift; (4) the natural gas company has acquired the right by grant, lease or other agreement to store natural gas under at least sixty-five percent of the area of the...
surface of the land under which such proposed underground storage reservoir extends; (5) the natural gas company carries public liability insurance or has deposited collateral in amounts satisfactory to the committee or has furnished a financial statement showing assets in a satisfactory amount, to secure payment of any liability resulting from any occurrence arising out of or caused by the operation or use of any underground reservoir or facilities incidental thereto; (6) the underground storage project will not injure, pollute, or contaminate any usable fresh water resources; (7) the underground storage project will not injure, interfere with, or endanger any mineral resources or the development or extraction thereof. The order of the committee may be reviewed in the manner provided by chapter 34.05 RCW: PROVIDED, That if an appeal is not commenced within thirty days of the date of the order of the committee, the same shall be final and conclusive. 80.50.010 Legislative finding—Policy—Intent. The legislature finds that the present and predicted growth in energy demands in the state of Washington requires the development of a procedure for the selection and utilization of sites for energy facilities and the identification of a state position with respect to each proposed site. The legislature recognizes that the selection of sites will have a significant impact upon the welfare of the population, the location and growth of industry and the use of the natural resources of the state.

It is the policy of the state of Washington to recognize the pressing need for increased energy facilities, and to ensure through available and reasonable methods, that the location and operation of such facilities will produce minimal adverse effects on the environment, ecology of the land and its wildlife, and the ecology of state waters and their aquatic life.

It is the intent to seek courses of action that will balance the increasing demands for energy facility location and operation in conjunction with the broad interests of the public. Such action will be based on these premises:

1. To assure Washington state citizens that, where applicable, operational safeguards are at least as stringent as the criteria established by the federal government and are technically sufficient for their welfare and protection.

2. To preserve and protect the quality of the environment; to enhance the public's opportunity to enjoy the aesthetic and recreational benefits of the air, water and land resources; to promote air cleanliness; and to pursue beneficial changes in the environment.

3. To provide abundant energy at reasonable cost.

(2) The council must determine at the initial public hearing whether or not the proposed site is consistent and in compliance with county or regional land use plans or zoning ordinances. If it is determined that the proposed site does conform with existing land use plans or zoning ordinances in effect as of the date of the application, the county or regional planning authority shall not thereafter change such land use plans or zoning ordinances so as to affect the proposed site.

(3) Prior to the issuance of a council recommendation to the governor under RCW 80.50.100 a public hearing, conducted as an adjudicative proceeding under chapter 34.05 RCW, the Administrative Procedure Act, shall be held. 80.50.130 Revocation or suspension of certification—Grounds. Any certification may be revoked or suspended:

(1) For any material false statement in the application or in the supplemental or additional statements of fact or studies required of the applicant when a true answer would
have warranted the council's refusal to recommend certification in the first instance; or

(2) For failure to comply with the terms or conditions of the original certification; or

(3) For violation of the provisions of this chapter, regulations issued thereunder or order of the council. [1970 ex.s. c 45 § 13.]

(a) Review can be made on the administrative record;
(b) Fundamental and urgent interests affecting the public interest and development of energy facilities are involved which require a prompt determination;
(c) Review by the supreme court would likely be sought regardless of the determination of the Thurston county superior court; and
(d) The record is complete for review.

The Thurston county superior court shall assign a petition for review of a decision under RCW 80.50.100 for hearing at the earliest possible date and shall expedite such petition in every way possible. If the court finds that review cannot be limited to the administrative record as set forth in subparagraph (a) of this subsection because there are alleged irregularities in the procedure before the council not found in the record, but finds that the standards set forth in subparagraphs (b), (c), and (d) of this subsection are met, the court shall proceed to take testimony and determine such factual issues raised by the alleged irregularities and certify the petition and its determination of such factual issues to the supreme court. Upon certification, the supreme court shall assign the petition for hearing at the earliest possible date, and it shall expedite its review and decision in every way possible.

(2) Objections raised by any party in interest concerning procedural error by the council shall be filed with the council within sixty days of the commission of such error, or within thirty days of the first public hearing or meeting of the council at which the general subject matter to which the error is related is discussed, whichever comes later, or such objection shall be deemed waived for purposes of judicial review as provided in this section.

(3) The rules and regulations adopted by the council shall be subject to judicial review pursuant to the provisions of chapter 34.05 RCW. [1988 c 202 § 62; 1981 c 64 § 3; 1977 ex.s. c 371 § 11; 1970 ex.s. c 45 § 14.]

80.50.150 Enforcement of compliance—Penalties.

(1) The courts are authorized to grant such restraining orders, and such temporary and permanent injunctive relief as is necessary to secure compliance with this chapter and/or with a site certification agreement issued pursuant to this chapter or a National Pollutant Discharge Elimination System (hereafter in this section, NPDES) permit issued by the council pursuant to chapter 90.48 RCW or any permit issued pursuant to RCW 80.50.040(14). The court may assess civil penalties in an amount not less than one thousand dollars per day nor more than twenty-five thousand dollars per day for each day of construction or operation in material violation of this chapter, or in material violation of any site certification agreement issued pursuant to this chapter, or in violation of any NPDES permit issued by the council pursuant to chapter 90.48 RCW, or in violation of any permit issued pursuant to RCW 80.50.040(14). The court may charge the expenses of an enforcement action relating to a site certification agreement under this section, including, but not limited to, expenses incurred for legal services and expert testimony, against any person found to be in material violation of the provisions of such certification: PROVIDED, That the expenses of a person found not to be in material violation of the provisions of such certification, including, but not limited to, expenses incurred for legal services and expert testimony, may be charged against the person or persons bringing an enforcement action or other action under this section.

(2) Wilful violation of any provision of this chapter shall be a gross misdemeanor.

(3) Wilful or criminally negligent, as defined in RCW 9A.08.010((1)(d), violation of any provision of an NPDES permit issued by the council pursuant to chapter 90.48 RCW or any permit issued by the council pursuant to RCW 80.50.040(14) or any emission standards promulgated by the council in order to implement the Federal Clean Air Act and the state implementation plan with respect to energy facilities under the jurisdiction provisions of this chapter shall be deemed a crime, and upon conviction thereof shall be punished by a fine of up to twenty-five thousand dollars per day and costs of prosecution. Any violation of this subsection shall be a gross misdemeanor.

(4) Any person knowingly making any false statement, representation, or certification in any document in any NPDES form, notice, or report required by an NPDES permit or in any form, notice, or report required for or by any permit issued pursuant to *RCW 80.50.090(14) shall be deemed guilty of a crime, and upon conviction thereof shall be punished by a fine of up to ten thousand dollars and costs of prosecution.

(5) Every person who violates the provisions of certificates and permits issued or administered by the council shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to five thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty provided in this section. The penalty provided in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the council describing such violation with reasonable particularity. The council may, upon written application therefor received within fifteen days after notice.
imposing any penalty is received by the person incurring the penalty, and when deemed in the best interest to carry out the purposes of this chapter, remit or mitigate any penalty provided in this section upon such terms as the council shall deem proper, and shall have authority to ascertain the facts upon all such applications in such manner and under such regulations as it may deem proper. Any person incurring any penalty under this section may appeal the same to the council. Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the council. When an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the council setting forth the disposition of the application. Any penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When an application for remission or mitigation is made, any penalty incurred hereunder shall become due and payable thirty days after receipt of notice setting forth the disposition of the application unless an appeal is filed from such disposition. Whenever an appeal of any penalty incurred hereunder is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part. If the amount of any penalty is not paid to the council within thirty days after it becomes due and payable, the attorney general, upon the request of any public corporation having an interest in the matter. The full cost of the study shall be paid by the potential applicant: PROVIDED, That such costs exceeding a total of ten thousand dollars shall be payable subject to the potential applicant giving prior approval to such excess amount.

(4) Any study prepared by the council pursuant to subsection (3) of this section may be used in place of the "detailed statement" required by RCW 43.21C.030(2)(c) by any branch of government except the council created pursuant to chapter 80.50 RCW.

(5) All payments required of the potential applicant under this section are to be made to the state treasurer, who in turn shall pay the consultant as instructed by the council. All such funds shall be subject to state auditing procedures. Any unexpended portions thereof shall be returned to the potential applicant.

(6) Nothing in this section shall change the requirements for an application for site certification or the requirement of payment of a fee as provided in RCW 80.50.071, or change the time for disposition of an application for certification as provided in RCW 80.50.100.

(7) Nothing in this section shall be construed as preventing a city or county from requiring any information it deems appropriate to make a decision approving a particular location. [1983 c 3 § 205; 1977 ex.s. c 371 § 13; 1975-76 2nd ex.s. c 108 § 40; 1974 ex.s. c 110 § 2.]

80.50.180 Proposals and actions by other state agencies and local political subdivisions pertaining to energy facilities exempt from "detailed statement" required by RCW 43.21C.030. Except for actions of the council under chapter 80.50 RCW, all proposals for legislation and other actions of any branch of government of this state, including state agencies, municipal and public corporations, and counties, to the extent the legislation or other action involved approves, authorizes, permits, or establishes
provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1977 ex.s. c 371 § 20.]

Chapter 80.52
ENERGY FINANCING VOTER APPROVAL ACT

Sections
80.52.010 Short title. This chapter may be cited as the Washington state energy financing voter approval act. [1981 2nd ex.s. c 6 § 1 (Initiative Measure No. 394, approved November 3, 1981).]

80.52.020 Purpose. The purpose of this chapter is to provide a mechanism for citizen review and approval of proposed financing for major public energy projects. The development of dependable and economic energy sources is of paramount importance to the citizens of the state, who have an interest in insuring that major public energy projects make the best use of limited financial resources. Because the construction of major public energy projects will significantly increase utility rates for all citizens, the people of the state hereby establish a process of voter approval for such projects. [1981 2nd ex.s. c 6 § 2 (Initiative Measure No. 394, approved November 3, 1981).]

80.52.030 Definitions. The definitions set forth in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Public agency" means a public utility district, joint operating agency, city, county, or any other state governmental agency, entity, or political subdivision.

(2) "Major public energy project" means a plant or installation capable, or intended to be capable, of generating electricity in an amount greater than two hundred fifty megawatts. A project which is under construction on July 1, 1982, shall not be considered a major public energy project unless the official agency budget or estimate for total construction costs for the project as of July 1, 1982, is more than two hundred percent of the first official estimate of total construction costs as specified in the senate energy and utilities committee WPPSS inquiry report, volume one, January 12, 1981, and unless, as of July 1, 1982, the projected remaining cost of construction for that project exceeds two hundred million dollars.

(3) "Cost of construction" means the total cost of planning and building a major public energy project and placing it into operation, including, but not limited to, planning cost, direct construction cost, licensing cost, cost of fuel inventory for the first year's operation, interest, and all other costs incurred prior to the first day of full operation, whether or not incurred prior to July 1, 1982.

(4) "Cost of acquisition" means the total cost of acquiring a major public energy project from another party, including, but not limited to, principal and interest costs.

(5) "Bond" means a revenue bond, a general obligation bond, or any other indebtedness issued by a public agency or its assignee.

(6) "Applicant" means a public agency, or the assignee of a public agency, requesting the secretary of state to conduct an election pursuant to this chapter.

(7) "Cost-effective" means that a project or resource is forecast:

(a) To be reliable and available within the time it is needed; and

(b) To meet or reduce the electric power demand of the intended consumers at an estimated incremental system cost no greater than that of the least-cost similarly reliable and available alternative project or resource, or any combination thereof.

(8) "System cost" means an estimate of all direct costs of a project or resource over its effective life, including, if applicable, the costs of distribution to the consumer, and, among other factors, waste disposal costs, end-of-cycle costs, and fuel costs (including projected increases), and such quantifiable environmental costs and benefits as are directly
attributable to the project or resource. [1981 2nd ex.s c 6 § 3 (Initiative Measure No. 394, approved November 3, 1981).]

80.52.040 Election approval required before issuance of bonds. No public agency or assignee of a public agency may issue or sell bonds to finance the cost of construction or the cost of acquisition of a major public energy project, or any portion thereof, unless it has first obtained authority for the expenditure of the funds to be raised by the sale of such bonds for that project at an election conducted in the manner provided in this chapter. [1981 2nd ex.s c 6 § 4 (Initiative Measure No. 394, approved November 3, 1981).]

80.52.050 Conduct of election. The election required under RCW 80.52.040 shall be conducted in the manner provided in this section.

(1) (a) If the applicant is a public utility district, joint operating agency, city, or county, the election shall be among the voters of the public utility district, city, or county, or among the voters of the local governmental entities comprising the membership of the joint operating agency.

(b) If the applicant is any public agency other than those described in subsection (1)(a) of this section, or is an assignee of a joint operating agency and not itself a joint operating agency, the election shall be conducted state-wide in the manner provided in Title 29 RCW for state-wide elections.

(2) The election shall be held at the next state-wide general election occurring more than ninety days after submission of a request by an applicant to the secretary of state unless a special election is requested by the applicant as provided in this section.

(3) If no state-wide election can be held under subsection (2) of this section within one hundred twenty days of the submission to the secretary of state of a request by an applicant for financing authority under this chapter, the applicant may request that a special election be held if such election is necessary to avoid significant delay in construction or acquisition of the energy project. Within ten days of receipt of such a request for a special election, the secretary of state shall designate a date for the election pursuant to RCW 29.13.010 and certify the date to the county auditor of each county in which an election is to be held under this section.

(4) Prior to an election under this section, the applicant shall submit to the secretary of state a cost-effectiveness study, prepared by an independent consultant approved by the state finance committee, pertaining to the major public energy project under consideration. The study shall be available for public review and comment for thirty days. At the end of the thirty-day period, the applicant shall prepare a final draft of the study which includes the public comment, if any.

(5) The secretary of state shall certify the ballot issue for the election to be held under this section to the county auditor of each county in which an election is to be held. The certification shall include the statement of the proposition as provided in RCW 80.52.060. The costs of the election shall be relieved by the applicant in the manner provided by RCW 29.13.045. In addition, the applicant shall reimburse the secretary of state for the applicant's share of the costs related to the preparation and distribution of the voters' pamphlet required by subsection (6) of this section and such other costs as are attributable to any election held pursuant to this section.

(6) Prior to an election under this section, the secretary of state shall provide an opportunity for supporters and opponents of the requested financing authority to present their respective views in a voters' pamphlet which shall be distributed to the voters of the local governmental entities participating in the election. Upon submission of an applicant's request for an election pursuant to this section, the applicant shall provide the secretary of state with the following information regarding each major public energy project for which the applicant seeks financing authority at such election, which information shall be included in the voters' pamphlet:

(a) The name, location, and type of major public energy project, expressed in common terms;

(b) The dollar amount and type of bonds being requested;

(c) If the bond issuance is intended to finance the acquisition of all or a portion of the project, the anticipated total cost of the acquisition of the project;

(d) If the bond issuance is intended to finance the planning or construction of all or a portion of the project, the anticipated total cost of construction of the project;

(e) The projected average rate increase for consumers of the electricity to be generated by the project. The rate increase shall be that which will be necessary to repay the total indebtedness incurred for the project, including estimated interest;

(f) A summary of the final cost-effectiveness study conducted under subsection (4) of this section;

(g) The anticipated functional life of the project;

(h) The anticipated decommissioning costs of the project; and

(i) If a special election is requested by the applicant, the reasons for requesting a special election. [1982 c 88 § 1; 1981 2nd ex.s c 6 § 5 (Initiative Measure No. 394, approved November 3, 1981).]

Effective date—1982 c 88: "This act shall take effect on July 1, 1982." [1982 c 88 § 2.]

80.52.060 Form of ballot propositions. The proposition for each major public energy project listed upon a ballot pursuant to this chapter shall be in the form provided in this section.

(1) If the funds are intended to finance the planning or construction of all or a portion of the project, the proposition shall read substantially as follows:

"Shall (name of applicant) be authorized to spend (dollar amount of financing authority requested) to construct the (name of the project) (type of project) located at (location), the anticipated total construction cost of which is (anticipated cost of construction)?"

(2) If the financing authority is intended to finance the acquisition of all or a portion of the project from another party, the proposition shall read substantially as follows:
"Shall (name of applicant) be authorized to spend (dollar amount of financing authority requested) to acquire the (name of project) (type of project) located at (location) the anticipated total acquisition cost of which is (anticipated cost of acquisition)?" [1981 2nd ex.s. c 6 § 6 (Initiative Measure No. 394, approved November 3, 1981).]

80.52.070 Approval of request for financing authority. A request for financing authority pursuant to this chapter shall be considered approved if it receives the approval of a majority of those voting on the request. [1981 2nd ex.s. c 6 § 7 (Initiative Measure No. 394, approved November 3, 1981).]

80.52.080 Priorities. In planning for future energy expenditures, public agencies shall give priority to projects and resources which are cost-effective. Priority for future bond sales to finance energy expenditures by public agencies shall be given: First, to conservation; second, to renewable resources; third, to generating resources utilizing waste heat or generating resources of high fuel-conversion efficiency; and fourth, to all other resources. This section does not apply to projects which are under construction on December 3, 1981. [1981 2nd ex.s. c 6 § 8 (Initiative Measure No. 394, approved November 3, 1981).]

80.52.900 Severability—1981 2nd ex.s. c 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1981 2nd ex.s. c 6 § 10 (Initiative Measure No. 394, approved November 3, 1981).]

80.52.910 Effective dates—1981 2nd ex.s. c 6. *Section 8 of this act shall take effect immediately. The remainder of this act shall take effect on July 1, 1982. Public agencies intending to submit a request for financing authority under this act are authorized to institute the procedures specified in **section 5(4) of this act prior to the effective date of this act. [1981 2nd ex.s. c 6 § 11 (Initiative Measure No. 394, approved November 3, 1981).]

Reviser's note: *(1) "Section 8 of this act" is codified as RCW 80.52.080.*

80.54.070 Uniform attachment rates within utility service area.

80.54.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Attachment" means any wire or cable for the transmission of intelligence by telecommunication or television, including cable television, light waves, or other phenomena, or for the transmission of electricity for light, heat, or power, and any related device, apparatus, or auxiliary equipment, installed upon any pole or in any telecommunications, electrical, cable television, or communications right of way, duct, conduit, manhole or handhole, or other similar facilities owned or controlled, in whole or in part, by one or more utilities, where the installation has been made with the consent of the one or more utilities.

(2) "Licensee" means any person, firm, corporation, partnership, company, association, joint stock association, or cooperatively organized association, other than a utility, which is authorized to construct attachments upon, along, under, or across the public ways.

(3) "Utility" means any electrical company or telecommunications company as defined in RCW 80.04.010, and does not include any entity cooperatively organized, or owned by federal, state, or local government, or a subdivision of state or local government. [1985 c 450 § 40; 1979 c 33 § 1.]

Severability—Legislative review—1985 c 450: See RCW 80.36.900 and 80.36.901.

80.54.020 Regulation of rates, terms, and conditions—Criteria. The commission shall have the authority to regulate in the public interest the rates, terms, and conditions for attachments by licensees or utilities. All rates, terms, and conditions made, demanded, or received by any utility for any attachment by a licensee or by a utility must be just, fair, reasonable, and sufficient. [1979 c 33 § 2.]

80.54.030 Commission order fixing rates, terms, or conditions. Whenever the commission shall find, after hearing had upon complaint by a licensee or by a utility, that the rates, terms, or conditions demanded, exacted, charged, or collected by any utility in connection with attachments are unjust, unreasonable, or that the rates or charges are insufficient to yield a reasonable compensation for the attachment, the commission shall determine the just, reasonable, or sufficient rates, terms, and conditions thereafter to be observed and in force and shall fix the same by order. In determining and fixing the rates, terms, and conditions, the commission shall consider the interest of the customers of the attaching utility or licensee, as well as the interest of the customers of the utility upon which the attachment is made. [1979 c 33 § 3.]

80.54.040 Criteria for just and reasonable rate. A just and reasonable rate shall assure the utility the recovery of not less than all the additional costs of procuring and maintaining pole attachments, nor more than the actual capital and operating expenses, including just compensation, of the utility attributable to that portion of the pole, duct, or conduit used for the pole attachment, including a share of the required support and clearance space, in proportion to the space used for the pole attachment, as compared to all other
uses made of the subject facilities, and uses which remain available to the owner or owners of the subject facilities. [1979 c 33 § 4.]

80.54.050 Exemptions from chapter. Nothing in this chapter shall be deemed to apply to any attachment by one or more electrical companies on the facilities of one or more other electrical companies. [1979 c 33 § 5.]

80.54.060 Adoption of rules. The commission shall adopt rules, regulations and procedures relative to the implementation of this chapter. [1979 c 33 § 6.]

80.54.070 Uniform attachment rates within utility service area. Notwithstanding any other provision of law, a utility as defined in RCW 80.54.010(3) and any utility not regulated by the utilities and transportation commission shall levy attachment rates which are uniform for all licensees within the utility service area. [1979 c 33 § 7.]

80.62.090 Expiration date, exception.
80.62.910 Severability—1983 c 94.

80.62.010 Legislative intent. The legislature finds that traditional utility regulation may pose unnecessary barriers to using Washington’s heat sources for district heating purposes. The legislature further finds that regulation may be necessary to protect the interests of the public in securing adequate heating services from these heat sources at reasonable cost. Therefore, it is the intent of the legislature and the purpose of this chapter to provide a streamlined permitting system which will encourage development and efficient utilization and distribution of heat while continuing to provide reasonable customer protections. [1987 c 522 § 1; 1983 c 94 § 1.]

80.62.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Biomass energy system" means a system that provides for the production or collection of organic materials such as wood and agricultural residues and municipal solid waste that are primarily organic materials and the conversion or use of such material for the production of heat or substitute fuels through several processes including, but not limited to, burning, pyrolysis, or anaerobic digestion.

(2) "Geothermal heat" means the natural thermal energy of the earth.

(3) "Heat" means thermal energy.

(4) "Heat source" includes but is not limited to (a) any integral part of a heat production or heat rejection system of an industrial facility, cogeneration facility, or electric power generation facility, (b) geothermal well or spring, (c) biomass energy system, (d) solar collection facility, and (e) hydrothermal resource or heat extraction process.

(5) "Heat supplier" means any private person, company, association, or corporation engaged or proposing to engage in developing, producing, transmitting, distributing, delivering, furnishing, or selling to or for the public heat from a heat source for any beneficial use other than electricity generation.

(6) "Commission" means the utilities and transportation commission.

(7) "Cogeneration facility" means any machinery, equipment, structure, process, or property, or any part thereof, installed or acquired for the primary purpose of cogeneration by a person or corporation.

(8) "Cogeneration" means the sequential generation of two or more forms of energy from a common fuel or energy source.

(9) "Waste heat" means the thermal energy which otherwise would be released to the environment from an industrial process, electric generation, or other process.

(10) "Hydrothermal resource" means the thermal energy available in wastewater, sewage effluent, wells, or other water sources, natural or man-made. [1987 c 522 § 2; 1983 c 94 § 2.]

80.62.030 Limited jurisdiction over heat suppliers. Notwithstanding any other provision of law, heat suppliers are not subject to the general jurisdiction of the commission, but are only subject to the limited jurisdiction conferred to the commission by this chapter. Nothing in this chapter prohibits existing regulated public utilities from providing heat from a heat source, as defined in RCW 80.62.020, and thereby being eligible to seek an operating permit as a heat supplier as provided by this chapter. [1983 c 94 § 3.]

[Title 80 RCW—page 58]
80.62.040 Regulations and fees. The commission shall, within one hundred eighty days of July 24, 1983, adopt regulations governing application contents, customer heating service contracts, review procedures, and fees necessary in implementing this chapter. The commission shall set the fees so that total fees collected will approximately equal the reasonable cost of supervising and regulating heat suppliers. [1983 c 94 § 4.]

80.62.050 Operating permit, issuance of. Upon application by a heat supplier, the commission shall notify all providers of heating services within the designated service territory of pending application, and shall issue a nonexclusive operating permit to provide heating services within a designated service territory, as proposed by the applicant, if the commission reasonably determines:
(1) The applicant is qualified and financially responsible to provide the services for which the permit is sought;
(2) The applicant's proposed system design is adequate for that purpose; and
(3) The contract to be offered to the applicant's customers substantially complies with the requirements set forth in RCW 80.62.060. [1983 c 94 § 5.]

80.62.060 Contracts with customers—Terms, approval by commission. (1) Each heat supplier shall enter into a contract with each customer proposed to be served pursuant to an operating permit.
(2) The terms of the contract, or any renewal, modification, termination, or expiration thereof, to be offered to each customer or class of customers, or representatives thereof, shall be subject to the approval of the commission and shall specify, but not be limited to:
(a) The period of time during which the heating service will be provided;
(b) The rates or the formula for determining rates to be charged during the contract term; and
(c) The adequacy of the service provided during the contract term. [1983 c 94 § 6.]

80.62.070 Basis for approval of rates. In accordance with the purpose of this chapter as set forth in RCW 80.62.010, commission approval of the rates or rate formula specified in the customer heating service contract shall not be based upon the heat supplier's cost of providing services or its rate of return on investment, but shall be based upon the reasonableness of the proposed rates in relation to the rates charged to customers for comparable heating services such as electric, oil, and natural gas heating otherwise available in the proposed service territory. Any proposed rate less than eighty percent of the lowest rate of the foregoing services shall be deemed reasonable as a matter of law and shall be approved. [1983 c 94 § 7.]

80.62.080 Continuing jurisdiction of commission. The commission shall have continuing jurisdiction to regulate heat suppliers as provided in this chapter to ensure compliance with the terms of any operating permit issued in accordance with this chapter. [1983 c 94 § 8.]

and memoranda to be furnished and kept by any public
service company whose line or lines extend beyond the
limits of this state, which are operated partly within and
partly without the state, so that the same shall show any

hearing require the production within this state, at such time
and place as it may designate, of any books, accounts,

any office or place without this state, or at the option of the
company verified copies thereof, so that an examination
thereof may be made by the commission or under its
direction. [1961 c 14 § 81.04.100. Prior: 1933 c 165 § 2;
1911 c 117 § 79; RRS § 10421.]

81.04.110 Complaint—Hearing. Complaint may be
made by the commission of its own motion or by any person
or corporation, chamber of commerce, board of trade, or any
commercial, mercantile, agricultural or manufacturing
society, or any body politic or municipal corporation, by
petition or complaint in writing, setting forth any act or thing
done or omitted to be done by any public service corporation
in violation, or claimed to be in violation, of any provision
of law or of any order or rule of the commission.

When two or more public service corporations, (mean-
ing to exclude municipal and other public corporations) are
engaged in competition in any locality or localities in the
state, either may make complaint against the other or others
that the rates, charges, rules, regulations or practices of such
other or others with or in respect to which the complainant
is in competition, are unreasonable, unremunerative, discrimi-
natory, illegal, unfair or intending to tend to oppress the
complainant, to stifle competition, or to create or encourage
the creation of monopoly, and upon such complaint or upon
complaint of the commission upon its own motion, the
commission shall have power, after notice and hearing as in
other cases, to, by its order, subject to appeal as in other
cases, correct the abuse complained of by establishing such
uniform rates, charges, rules, regulations or practices in lieu
of those complained of, to be observed by all of such
competing public service corporations in the locality or
localities specified as shall be found reasonable, remunerative,
nondiscriminatory, legal, and fair or tending to prevent
oppression or monopoly or to encourage competition, and
upon any such hearing it shall be proper for the commission
to take into consideration the rates, charges, rules, regula-
tions and practices of the public service corporation or
corporations complained of in any other locality or localities
in the state.

All matters upon which complaint may be founded may
be joined in one hearing, and no motion shall be entertained
against a complaint for misjoinder of complaints or grievanc-
es or misjoinder of parties; and in any review of the courts
of orders of the commission the same rule shall apply and
pertain with regard to the joinder of complaints and parties
as herein provided: PROVIDED, All grievances to be
inquired into shall be plainly set forth in the complaint. No complaint shall be dismissed because of the absence of direct damage to the complainant.

Upon the filing of a complaint, the commission shall cause a copy thereof to be served upon the person or corporation complained of, which shall be accompanied by a notice fixing the time when and place where a hearing will be had upon such complaint. The time fixed for such hearing shall not be less than ten days after the date of the service of such notice and complaint, excepting as herein provided. Rules of practice and procedure not otherwise provided for in this title may be prescribed by the commission. [1961 c 14 § 81.04.110. Prior: 1913 c 145 § 1; 1911 c 117 § 80; RRS § 10422.]

81.04.120 Hearing—Order—Record. At the time fixed for the hearing mentioned in RCW 81.04.110, the complainant and the person or corporation complained of shall be entitled to be heard and introduce such evidence as he or it may desire. The commission shall issue process to enforce the attendance of all necessary witnesses. At the conclusion of such hearing the commission shall make and render findings concerning the subject matter and facts inquired into and enter its order thereon. A copy of such order, certified under the seal of the commission, shall be served upon the person or corporation complained of, or his or its attorney, which order shall, of its own force, take effect and become operative twenty days after the service thereof, except as otherwise provided. Where an order cannot, in the judgment of the commission, be complied with within twenty days, the commission may prescribe such additional time as in its judgment is reasonably necessary to comply with the order, and may, on application and for good cause shown, extend the time for compliance fixed in its order. A full and complete record of all proceedings had before the commission, or any member thereof, on any formal hearing had, and all testimony shall be taken down by a stenographer appointed by the commission, and the parties shall be entitled to be heard in person or by attorney. In case of an action to review any order of the commission, a transcript of such testimony, together with all exhibits introduced, and of the record and proceedings in the cause, shall constitute the record of the commission. [1961 c 14 § 81.04.120. Prior: 1911 c 117 § 81; RRS § 10423.]

81.04.130 Suspension of tariff change. Whenever any public service company, other than a railroad company, files with the commission any schedule, classification, rule, or regulation, the effect of which is to change any rate, fare, charge, rental, or toll previously charged, the commission has power, either upon its own motion or upon complaint, upon notice, to hold a hearing concerning the proposed change and the reasonableness and justness of it. Pending the hearing and the decision the commission may suspend the operation of the rate, fare, charge, rental, or toll, if the change is proposed by a common carrier subject to the jurisdiction of the commission, for a period not exceeding seven months, and, if proposed by a public service company other than such a common carrier, for a period not exceeding ten months from the time the change would otherwise go into effect. After a full hearing the commission may make such order in reference to the change as would be provided in a hearing initiated after the change had become effective. At any hearing involving any change in any schedule, classification, rule, or regulation the effect of which is to increase any rate, fare, charge, rental, or toll theretofore charged, the burden of proof to show that such increase is just and reasonable is upon the public service company. When any common carrier subject to the jurisdiction of the commission files any tariff, classification, rule, or regulation the effect of which is to decrease any rate, fare, or charge, the burden of proof to show that such decrease is just and reasonable is upon the common carrier. [1984 c 143 § 1; 1961 c 14 § 81.04.130. Prior: 1941 c 162 § 1; 1937 c 169 § 2; 1933 c 165 § 3; 1915 c 133 § 1; 1911 c 117 § 82; Rem. Supp. 1941 § 10424.]

81.04.140 Order requiring joint action. Whenever any order of the commission shall require joint action by two or more public service companies, such order shall specify that the same shall be made at their joint cost, and the companies affected shall have thirty days, or such further time, as the commission may prescribe, within which to agree upon the part or division of cost which each shall bear, and costs of operation and maintenance in the future, or the proportion of charges or revenue each shall receive from such joint service and the rules to govern future operations. If at the expiration of such time such companies shall fail to file with the commission a statement that an agreement has been made for the division or apportionment of such cost, the division of costs of operation and maintenance to be incurred in the future and the proportion of charges or revenue each shall receive from such joint service and the rules to govern future operations, the commission shall have authority, after further hearing, to enter a supplemental order fixing the proportion of such cost or expense to be borne by each company, and the manner in which the same shall be paid and secured. [1961 c 14 § 81.04.140. Prior: 1911 c 117 § 83; RRS § 10425.]

81.04.150 Remunerative rate—No change without approval prohibited. Whenever the commission finds, after hearing had upon its own motion or upon complaint as provided in this chapter, that any rate, toll, rental, or charge that has been the subject of complaint and inquiry is sufficiently remunerative to the public service company, other than a railroad company, affected by it, the commission may order that the rate, toll, rental, or charge shall not be changed, altered, abrogated, or discontinued, nor shall there be any change in the classification that will change or alter the rate, toll, rental, or charge without first obtaining the consent of the commission authorizing the change to be made. [1984 c 143 § 2; 1961 c 14 § 81.04.150. Prior: 1911 c 117 § 84; RRS § 10426.]

81.04.160 Rules and regulations. The commission is hereby authorized and empowered to adopt, promulgate and issue rules and regulations covering thebulletining of trains, showing the time of arrival and departure of all trains, and the probable arrival and departure of delayed trains; the conditions to be contained in and become a part of contracts for transportation of persons and property, and any and all
services concerning the same, or connected therewith; the
time that station rooms and offices shall be kept open; rules
governing demurrage and reciprocal demurrage, and to
provide reasonable penalties to expedite the prompt move­
ment of freight and release of cars, the limits of express
deliveries in cities and towns, and generally such rules as
pertain to the comfort and convenience of the public con­
cerning the subjects treated of in this title. Such rules and
regulations shall be promulgated and issued by the commis­
sion on its own motion, and shall be served on the public
service company affected thereby as other orders of the
commission are served. Any public service company
affected thereby, and deeming such rules and regulations, or
any of them, improper, unjust, unreasonable, or contrary to
law, may within twenty days from the date of service of
such order upon it file objections thereto with the comis­
mission, specifying the particular grounds of such objections.
The commission shall, upon receipt of such objections, fix
a time and place for hearing the same, and after a full
hearing may make such changes or modifications thereto, if
any, as the evidence may justify. The commission shall
have, and it is hereby given, power to adopt rules to govern
its proceedings, and to regulate the mode and manner of all
investigations and hearings: PROVIDED, No person
desiring to be present at such hearing shall be denied
permission. Actions may be instituted to review rules and
regulations promulgated under this section as in the case of
orders of the commission. [1961 c 14 § 81.04.160. Prior:
1911 c 117 § 85; RRS § 10427.]

81.04.170 Review of orders. Any complainant or any
public service company affected by any findings or order of
the commission, and deeming such findings or order to be
contrary to law, may, within thirty days after the service of
the findings or order upon him or it, apply to the superior
court of Thurston county for a writ of review, for the
purpose of having the reasonableness and lawfulness of such
findings or order inquired into and determined. Such writ
shall be made returnable not later than thirty days from and
after the date of the issuance thereof, unless upon notice to
all parties affected further time be allowed by the court, and
shall direct the commission to certify its record in the case
to the court. Such cause shall be heard by the court without
the intervention of a jury on the evidence and exhibits
introduced before the commission and certified to by it.
Upon such hearing the superior court shall enter judgment
either affirming or setting aside or remanding for further
action the findings or order of the commission under review.
The reasonable cost of preparing the transcript of testimony
taken before the commission shall be assessable as part of
the statutory court costs, and the amount thereof, if collected
by the commission, shall be deposited in the public service
revolving fund. In case such findings or order be set aside,
or reversed and remanded, the court shall make specific
findings based upon evidence in the record indicating clearly
all respects in which the commission's findings or order are
erroneous. [1961 c 14 § 81.04.170. Prior: 1937 c 169 § 3;
1911 c 117 § 86; RRS § 10428.]

81.04.180 Supersedeas. The pendency of any writ of
review shall not of itself stay or suspend the operation of the
order of the commission, but the superior court in its
discretion may restrain or suspend, in whole or in part, the
operation of the commission's order pending the final
hearing and determination of the suit.

No order so restraining or suspending an order of the
commission relating to rates, fares, charges, tolls or rentals,
or rules or regulations, practices, classifications or contracts
affecting the same, shall be made by the superior court
otherwise than upon three days' notice and after hearing, and
if a supersedeas is granted the order granting the same shall
contain a specific finding, based upon evidence submitted to
the court making the order, and identified by reference
thereto, that great or irreparable damage would otherwise
result to the petitioner, and specifying the nature of the
damage.

In case the order of the commission under review is
superseded by the court, it shall require a bond, with good
and sufficient surety, conditioned that such company peti­
tioning for such review shall answer for all damages caused
by the delay in the enforcement of the order of the commis­
sion, and all compensation for whatever sums for transporta­
tion any person or corporation shall be compelled to pay
pending the review proceedings in excess of the sum such
person or corporations would have been compelled to pay if
the order of the commission had not been suspended.

The court may, in addition to or in lieu of the bond
herein provided for, require such other or further security for
the payment of such excess charges or damages as it may
decem proper. [1961 c 14 § 81.04.180. Prior: 1933 c 165
§ 6; prior: 1931 c 119 § 2; 1911 c 117 § 87; RRS § 10429.]

81.04.190 Appellate review. The commission, any
public service company or any complainant may, after the
entry of judgment in the superior court in any action of
review, seek appellate review as in other cases. [1988 c 202
§ 63; 1971 ex.s. c 107 § 5; 1961 c 14 § 81.04.190. Prior:
1911 c 117 § 88; RRS § 10430.]

Rules of court: Cf. RAP 2.2.

81.04.200 Rehearing before commission. Any public
service company affected by any order of the commission,
and deeming itself aggrieved, may, after the expiration of
two years from the date of such order taking effect, petition
the commission for a rehearing upon the matters involved in
such order, setting forth in such petition the grounds and
reasons for such rehearing, which grounds and reasons may
comprise and consist of changed conditions since the
issuance of such order, or by showing a result injuriously
affecting the petitioner which was not contemplated by the
commission or the petitioner, or for any good and sufficient
cause which for any reason was not considered and determined in
such former hearing. Upon the filing of such petition, such
proceedings shall be had thereon as are provided for hearings
upon complaint, and such orders may be reviewed as are
other orders of the commission: PROVIDED, That no order
superseding the order of the commission denying such
rehearing shall be granted by the court pending the review.
In case any order of the commission shall not be reviewed,
but shall be complied with by the public service company, such petition for rehearing may be filed within six months from and after the date of the taking effect of such order, and the proceedings thereon shall be as in this section provided. The commission, may, in its discretion, permit the filing of a petition for rehearing at any time. No order of the commission upon a rehearing shall affect any right of action or penalty accruing under the original order unless so ordered by the commission. [1961 c 14 § 81.04.200. Prior: 1911 c 117 § 89; RRS § 10431.]

81.04.210 Commission may change orders. The commission may at any time, upon notice to the public service company affected, and after opportunity to be heard as provided in the case of complaints rescind, alter or amend any order or rule made, issued or promulgated by it, and any order or rule rescinding, altering or amending any prior order or rule shall, when served upon the public service company affected, have the same effect as herein provided for original orders and rules. [1961 c 14 § 81.04.210. Prior: 1911 c 117 § 90; RRS § 10432.]

81.04.220 Reparations. When complaint has been made to the commission concerning the reasonableness of any rate, fare, toll, rental or charge for any service performed by any public service company, and the same has been investigated by the commission, and the commission has determined that the public service company has charged an excessive or exorbitant amount for such service, and the commission has determined that any party complainant is entitled to an award of damages, the commission shall order that the public service company pay to the complainant the excess amount found to have been charged, whether such excess amount was charged and collected before or after the filing of said complaint, with interest from the date of the collection of said excess amount. [1961 c 14 § 81.04.220. Prior: 1943 c 258 § 1; 1937 c 29 § 1; Rem. Supp. 1943 § 10433.]

81.04.230 Overcharges—Refund. When complaint has been made to the commission that any public service company has charged an amount for any service rendered in excess of the lawful rate in force at the time such charge was made, and the same has been investigated and the commission has determined that the overcharge allegation is true, the commission may order that the public service company pay to the complainant the amount of the overcharge so found, whether such overcharge was made before or after the filing of said complaint, with interest from the date of collection of such overcharge. [1961 c 14 § 81.04.230. Prior: 1937 c 29 § 2; RRS § 10433-1.]

81.04.235 Limitation of actions. All complaints against public service companies for recovery of overcharges shall be filed with the commission within two years from the time the cause of action accrues, and not after, except as hereinafter provided, and except that if claim for the overcharge has been presented in writing to the public service company within the two-year period of limitation, said period shall be extended to include six months from the time notice in writing is given by the public service company to the claimant of disallowance of the claim, or any part or parts thereof, specified in the notice.

If on or before expiration of the two-year period of limitation for the recovery of overcharges, a public service company begins action under RCW 81.28.270 for recovery of damages in respect of the same transportation service, or, without beginning action, collects charges in respect of that service, said period of limitation shall be extended to include ninety days from the time such action is begun or such charges are collected by the carrier.

All complaints against public service companies for the recovery of damages not based on overcharges shall be filed with the commission within six months from the time the cause of action accrues except as hereinafter provided.

The six-month period of limitation for recovery of damages not based on overcharges shall be extended for a like period and under the same conditions as prescribed for recovery of overcharges. If the six-month period for recovery of damages not based on overcharges has expired at the time action is commenced under RCW 81.28.270 for recovery of charges with respect to the same transportation service, or, without beginning such action, charges are collected with respect to that service, complaints therefor shall be filed with the commission within ninety days from the commencement of such action or the collection of such charges by the carrier. [1963 c 59 § 4; 1961 c 14 § 81.04.235. Prior: 1955 c 79 § 5.]

81.04.236 When cause of action deemed to accrue. The cause of action for the purposes of RCW 81.04.235, 81.04.240, and 81.28.270 shall be deemed to accrue: (a) In respect of a shipment of property, upon delivery or tender of delivery thereof by the carrier, and not after; (b) in respect of goods or service or services other than a shipment of property, upon the rendering of an invoice or statement of charges by the public service company, and not after.

The provisions of this section shall extend to and embrace cases in which the cause of action has heretofore accrued as well as cases in which the cause of action may hereafter accrue. [1961 c 14 § 81.04.236. Prior: 1955 c 79 § 6.]

81.04.240 Action in court on reparations and overcharges. If the public service company does not comply with the order of the commission for the payment of damages or overcharges within the time limited in the order, action may be brought in any superior court where service may be had upon the company to recover the amount of damages or overcharges with interest. The commission shall certify and file its record in the case, including all exhibits, a certified copy of the record and record of the evidence and exhibits introduced before the commission and certified to by it.

If the complainant shall prevail in the action, the court shall enter judgment for the amount of damages or overcharges with interest and shall allow complainant a reasonable attorney's fee, and the cost of preparing and certifying the record for the benefit of and to be paid to the commission by complainant, and deposited by the commission in the
81.04.240 Title 81 RCW: Transportation

public service revolving fund, said sums to be fixed and collected as a part of the costs of the action.

If the order of the commission is found contrary to law or erroneous by reason of the rejection of testimony properly offered, the court shall remand the cause to the commission with instructions to receive the testimony so proffered and rejected and enter a new order based upon the evidence theretofore taken and such as it is directed to receive.

The court may remand any action which is reversed by it to the commission for further action.

Appeals to the supreme court shall lie as in other civil cases. Action to recover damages or overcharges shall be filed in the superior court within one year from the date of the order of the commission.

The procedure provided in this section is exclusive, and neither the supreme court nor any superior court shall have jurisdiction save in the manner hereinbefore provided. [1961 c 14 § 81.04.240. Prior: 1955 c 79 § 4; 1943 c 258 § 2; 1937 c 29 § 3; Rem. Supp. 1943 § 10433-2.]

81.04.250 Determination of rates. The commission has the power upon complaint or upon its own motion to prescribe and authorize just and reasonable rates for the transportation of persons or property by carriers other than railroad companies, and shall exercise that power whenever and as often as it deems necessary or proper. The commission shall, before any hearing is had upon the complaint or motion, notify the complainants and the carrier concerned of the time and place of the hearing by giving at least ten days' written notice thereof, specifying that at the time and place designated a hearing will be held for the purpose of prescribing and authorizing the rates. The notice is sufficient to authorize the commission to inquire into and pass upon the matters designated in this section.

In exercising this power the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at the objective of prescribing and authorizing just and reasonable rates.

In the exercise of this power the commission may give consideration, in addition to other factors, to the following:

1. To the effect of the rates upon movement of traffic by the carriers;
2. To the public need for adequate transportation facilities, equipment, and service at the lowest level of charges consistent with the provision, maintenance, and renewal of the facilities, equipment and service; and
3. To the carrier need for revenue of a level that under honest, efficient, and economical management is sufficient to cover the cost (including all operating expenses, depreciation accruals, rents, and taxes of every kind) of providing adequate transportation service, plus an amount equal to the percentage of that cost as is reasonably necessary for the provision, maintenance, and renewal of the transportation facilities or equipment and a reasonable profit to the carrier. The relation of carrier expenses to carrier revenues may be deemed the proper test of a reasonable profit.

This section does not apply to railroad companies, which shall be regulated in this regard by *chapter 81.34 RCW and rules adopted thereunder. [1984 c 143 § 3; 1961 c 14 § 81.04.250. Prior: 1951 c 75 § 1; 1933 c 165 § 4; 1913 c 182 § 1; 1911 c 117 § 92; RRS § 10441.]

*Reviser's note: Chapter 81.34 RCW was repealed by 1991 c 49 § 1.

81.04.260 Summary proceedings. Whenever the commission shall be of opinion that any public service company is failing or omitting, or about to fail or omit, to do anything required of it by law, or by order, direction or requirement of the commission, or is doing anything, or about to do anything, or permitting anything, or about to permit anything to be done contrary to or in violation of law or of any order, direction or requirement of the commission authorized by this title, it shall direct the attorney general to commence an action or proceeding in the superior court of the state of Washington for Thurston county, or in the superior court of any county in which such company may do business, in the name of the state of Washington on the relation of the commission, for the purpose of having such violations or threatened violations stopped and prevented, either by mandamus or injunction. The attorney general shall thereupon begin such action or proceeding by petition to such superior court, alleging the violation complained of, and praying for appropriate relief by way of mandamus or injunction. It shall thereupon be the duty of the court to specify a time, not exceeding twenty days after the service of the copy of the petition, within which the public service company complained of must answer the petition. In case of default in answer or after answer, the court shall immediately inquire into the facts and circumstances in such manner as the court shall direct, without other or formal pleadings, and without respect to any technical requirement. Such persons or corporations as the court may deem necessary or proper to be joined as parties, in order to make its judgment, order or writ effective, may be joined as parties. The final judgment in any such action or proceeding shall either dismiss the action or proceeding or direct that the writ of mandamus or injunction, or both, issue as prayed for in the petition, or in such other modified form as the court may determine will afford appropriate relief. Appellate review of the final judgment may be sought in the same manner and with the same effect as review of judgments of the superior court in actions to review orders of the commission. All provisions of this chapter relating to the time of review, the manner of perfecting the same, the filing of briefs, hearings and supersedes, shall apply to appeals to the supreme court or the court of appeals under the provisions of this section. [1988 c 202 § 64; 1971 c 81 § 143; 1961 c 14 § 81.04.260. Prior: 1911 c 117 § 93; RRS § 10442.]

81.04.270 Merchandise accounts to be kept separate. Any public service company engaging in the sale of merchandise or appliances or equipment shall keep separate accounts, as prescribed by the commission, of its capital employed in such business and of its revenues therefrom and operating expenses thereof. The capital employed in such business shall not constitute a part of the fair value of said company's property for rate making purposes, nor shall the revenues from or operating expenses of such business constitute a part of the operating revenues and expenses of said company as a public service company. [1961 c 14 § 81.04.270. Prior: 1933 c 165 § 8; RRS § 10458-2.]
81.04.280 Purchase and sale of stock by employees.
No public service company shall permit any employee to sell, offer for sale, or solicit the purchase of any security of any other person or corporation during such hours as such employee is engaged to perform any duty of such public service company; nor shall any public service company by any means or device require any employee to purchase or contract to purchase any of its securities or those of any other person or corporation; nor shall any public service company require any employee to permit the deduction from his wages or salary of any sum as a payment or to be applied as a payment of any purchase or contract to purchase any security of such public service company or of any other person or corporation. [1961 c 14 § 81.04.280. Prior: 1933 c 165 § 9; RRS § 10458-3.]

81.04.290 Sale of stock to employees and patrons.
A corporate public service company, either heretofore or hereafter organized under the laws of this state, may sell to its employees and patrons any increase of its capital stock, or part thereof, without first offering it to existing stockholders: PROVIDED, That such sale is approved by the holders of a majority of the capital stock, at a regular or special meeting held after notice given as to the time, place, and object thereof as provided by law and the bylaws of the company. Such sales shall be at prices and in amounts for meeting held after notice given as to the time, place, and object thereof as provided by law and the bylaws of the company. Such sales shall be at prices and in amounts for such purchaser and upon terms and conditions as set forth in the resolution passed at the stockholders’ meeting, or in a resolution passed at a subsequent meeting of the board of trustees if the resolution passed at the stockholders’ meeting shall authorize the board to determine prices, amounts, terms, and conditions, except that in either event a minimum price for the stock must be fixed in the resolution passed at the stockholders’ meeting. [1961 c 14 § 81.04.290. Prior: 1955 c 79 § 7; 1923 c 110 § 1; RRS § 10344-1.]

81.04.300 Budgets to be filed by companies—Supplementary budgets. The commission may regulate, restrict, and control the budgets of expenditures of public service companies. Each company shall prepare a budget showing the amount of money which, in its judgment, will be needed during the ensuing year for maintenance, operation, and construction, classified by accounts as prescribed by the commission, and shall within ten days of the date it is approved by the company file it with the commission for its investigation and approval or rejection. When a budget has been filed with the commission it shall examine into and investigate it to determine whether the expenditures therein proposed are fair and reasonable and not contrary to public interest. Adjustments or additions to budget expenditures may be made from time to time during the year by filing a supplementary budget with the commission for its investigation and approval or rejection. [1961 c 14 § 81.04.300. Prior: 1959 c 248 § 15; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

81.04.310 Commission’s control over expenditures.
The commission may, both as to original and supplementary budgets, prior to the making or contracting for the expenditure of any item therein, and after notice to the company and a hearing thereon, reject any item of the budget. The commission may require any company to furnish further information, data, or detail as to any proposed item of expenditure.

Failure of the commission to object to any item of expenditure within sixty days of the filing of any original budget or within thirty days of the filing of any supplementary budget shall constitute authority to the company to proceed with the making of or contracting for such expenditure, but such authority may be terminated at any time by objection made thereunto by the commission prior to the making of or contracting for such expenditure.

Examination, investigation, and determination of the budget by the commission shall not bar or estop it from later determining whether any of the expenditures made thereafter are fair, reasonable, and commensurate with the service, material, supplies, or equipment received. [1961 c 14 § 81.04.310. Prior: 1959 c 248 § 16; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

81.04.320 Budget rules and regulations. The commission may prescribe the necessary rules and regulations to place RCW 81.04.300 through 81.04.330 in operation. It may by general order, exempt in whole or in part from the operation thereof companies whose gross operating revenues are less than twenty-five thousand dollars a year. The commission may upon request of any company withhold from publication during such time as the commission may deem advisable, any portion of any original or supplementary budget relating to proposed capital expenditures. [1961 c 14 § 81.04.320. Prior: 1959 c 248 § 17; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

81.04.330 Effect of unauthorized expenditure—Emergencies. Any public service company may make or contract for any rejected item of expenditure, but in such case the same shall not be allowed as an operating expense, or as to items of construction, as a part of the fair value of the company’s property used and useful in serving the public: PROVIDED, That such items of construction may at any time thereafter be so allowed in whole or in part upon proof that they are used and useful. Any company may upon the happening of any emergency caused by fire, flood, explosion, storm, earthquake, riot, or insurrection, or for the immediate preservation or restoration to condition of usefulness of any of its property, the usefulness of which has been destroyed by accident, make the necessary expenditure therefor free from the operation of RCW 81.04.300 through 81.04.330.

Any finding and order entered by the commission shall be in effect until vacated and set aside in proper proceedings for review thereof. [1961 c 14 § 81.04.330. Prior: 1959 c 248 § 18; prior: 1933 c 165 § 10, part; RRS § 10458-4, part.]

81.04.350 Depreciation and retirement accounts. The commission shall have power after hearing to require any or all public service companies to carry proper and adequate depreciation or retirement accounts in accordance with such rules, regulations and forms of accounts as the commission may prescribe. The commission may from time
to time ascertain and by order fix the proper and adequate rates of depreciation or retirement of the several classes of property of each public service company. Each public service company shall conform its depreciation or retirement accounts to the rates so prescribed. In fixing the rate of the annual depreciation or retirement charge, the commission may consider the rate and amount therefor charged by the company for depreciation or retirement.

The commission shall have and exercise like power and authority over all other reserve accounts of public service companies. [1961 c 14 § 81.04.350. Prior: 1937 c 169 § 4; 1933 c 165 § 13; RRS § 10458-7.]

81.04.360 Excessive earnings to reserve fund. If any public service company earns in the period of five consecutive years immediately preceding the commission order fixing rates for such company a net utility operating income in excess of a reasonable rate of return upon the fair value of its property used and useful in the public service, the commission shall take official notice of such fact and of whether any such excess earnings shall have been invested in such company’s plant or otherwise used for purposes beneficial to the consumers of such company and may consider such facts in fixing rates for such company. [1961 c 14 § 81.04.360. Prior: 1959 c 285 § 3; 1933 c 165 § 14; RRS § 10458-8.]

81.04.380 Penalties—Violations by public service companies. Every public service company, and all officers, agents and employees of any public service company, shall obey, observe and comply with every order, rule, direction or requirement made by the commission under authority of this title, so long as the same shall be and remain in force. Any public service company which shall violate or fail to comply with any provision of this title, or which fails, omits or neglects to obey, observe or comply with any order, rule, or any direction, demand or requirement of the commission, shall be subject to a penalty of not to exceed the sum of one thousand dollars for each and every offense. Every violation of any such order, direction or requirement of this title shall be a separate and distinct offense, and in case of a continuing violation every day’s continuance thereof shall be and be deemed to be a separate and distinct offense. [1961 c 14 § 81.04.380. Prior: 1911 c 117 § 94; RRS § 10443.]

81.04.385 Penalties—Violations by officers, agents, and employees of public service companies. Every officer, agent or employee of any public service company, who shall violate or fail to comply with, or who procures, aids or abets any violation by any public service company of any provision of this title, or who shall fail to obey, observe or comply with any order of the commission, or any provision of any order of the commission, or who procures, aids or abets any such public service company in its failure to obey, observe and comply with any such order or provision, shall be guilty of a gross misdemeanor. [1961 c 14 § 81.04.385. Prior: 1911 c 117 § 95; RRS § 10444. Formerly RCW 81.04.390, part.]

81.04.387 Penalties—Violations by other corporations. Every corporation, other than a public service company, which shall violate any provision of this title, or which shall fail to obey, observe or comply with any order of the commission under authority of this title, so long as the same shall be and remain in force, shall be subject to a penalty of not to exceed the sum of one thousand dollars for each and every offense. Every such violation shall be a separate and distinct offense, and the penalty shall be recovered in an action as provided in RCW 81.04.400. [1961 c 14 § 81.04.387. Prior: 1911 c 117 § 96; RRS § 10445. Formerly RCW 81.04.380, part.]

81.04.390 Penalties—Violations by persons. Every person who, either individually, or acting as an officer or agent of a corporation other than a public service company, violates any provision of this title, or fails to observe, obey, or comply with any order made by the commission under this title, so long as the same is or remains in force, or who procures, aids, or abets any such corporation in its violation of this title, or in its failure to obey, observe, or comply with any such order, is guilty of a gross misdemeanor, except that a violation pertaining to equipment on motor carriers transporting hazardous material is a misdemeanor. [1980 c 104 § 5; 1961 c 14 § 81.04.390. Prior: 1911 c 117 § 97; RRS § 10446.]

81.04.400 Actions to recover penalties—Disposition of fines, fees, penalties. Actions to recover penalties under this title shall be brought in the name of the state of Washington in the superior court of Thurston county, or in the superior court of any county in or through which such public service company may do business. In all such actions the procedure and rules of evidence shall be the same as in ordinary civil actions, except as otherwise herein provided. 81.16.020 Deals with affiliated interests must be approved. No contract or arrangement providing for the furnishing of management, supervisory construction, engineering, accounting, legal, financial or similar services, and no contract or arrangement for the purchase, sale, lease or exchange of any property, right, or thing, or for the furnishing of any service, property, right, or thing, other than those above enumerated, hereafter made or entered into between a public service company and any affiliated interest as defined in this chapter, including open account advances from or to such affiliated interests, except open account advances from or to a common carrier subject to the provisions of part one of the interstate commerce act, shall be valid or effective unless and until such contract or arrangement shall have received the approval of the commission. It shall be the duty of every public service company to file with the commission, a verified copy or a verified summary of any such unwritten contract or arrangement, and also of
all such contracts and arrangements, whether written or unwritten, entered into prior to March 18, 1933 and in force and effect at that time. The commission shall approve such contract or arrangement hereafter made or entered into only if it shall clearly appear and be established upon investiga-
tion that it is reasonable and consistent with the public interest; otherwise the contract or arrangement shall not be approved. The commission shall not be required to approve any such contract or arrangement unless satisfactory proof is submitted to the commission of the cost to the affiliated interest of rendering the services or of furnishing the property or service described herein. [1961 c 14 § 81.16.020. Prior: 1941 c 160 § 1; 1933 c 152 § 1; Rem. Supp. 1941 § 10440-2.]

81.16.030 Payments to affiliated interest disallowed if not reasonable. In any proceeding, whether upon the commission’s own motion or upon complaint, involving the rates or practices of any public service company, the commission may exclude from the accounts of such public service company any payment or compensation to an affiliated interest for any services rendered or property or service furnished, as above described, under existing contracts or arrangements with such affiliated interest unless such public service company shall establish the reasonableness of such payment or compensation. In such proceeding the commission shall disallow such payment or compensation, if in whole or in part, in the absence of satisfactory proof that it is reasonable in amount. In such proceeding any payment or compensation may be disapproved or disallowed by the commission, in whole or in part, unless satisfactory proof is submitted to the commission of the cost to the affiliated interest of rendering the service or furnishing the property or service above described. [1961 c 14 § 81.16.030. Prior: 1933 c 152 § 3; RRS § 10440-3.]

81.16.040 Satisfactory proof, what constitutes. No proof shall be satisfactory, within the meaning of RCW 81.16.010 through 81.16.030, unless it includes the original (or verified copies) of the relevant cost records and other relevant accounts of the affiliated interest, or such abstract thereof or summary taken therefrom, as the commission may deem adequate, properly identified and duly authenticated: PROVIDED, HOWEVER, That the commission may, where reasonable, approve or disapprove such contracts or arrangements without the submission of such cost records or accounts. [1961 c 14 § 81.16.040. Prior: 1933 c 152 § 4; RRS § 10440-4.]

81.16.050 Commission’s control is continuing. The commission shall have continuing supervisory control over the terms and conditions of such contracts and arrangements as are herein described so far as necessary to protect and promote the public interest. The commission shall have the same jurisdiction over the modifications or amendment of contracts or arrangements as are herein described as it has over such original contracts or arrangements. The fact that the commission shall have approved entry into such contracts or arrangements as described herein shall not preclude disallowance or disapproval of payments made pursuant thereto, if upon actual experience under such contract or arrangement, it appears that the payments provided for or made were or are unreasonable. Every order of the commission approving any such contract or arrangement shall be expressly conditioned upon the reserved power of the commission to revise and amend the terms and conditions thereof, if, when and as necessary to protect and promote the public interest. [1961 c 14 § 81.16.050. Prior: 1933 c 152 § 5; RRS § 10440-5.]

81.16.060 Summary order on nonapproved payments. Whenever the commission shall find upon investigation that any public service company is giving effect to any such contract or arrangement without such contract or arrangement having received the commission’s approval, the commission may issue a summary order prohibiting the public service company from treating any payments made under the terms of such contract or arrangement as operating expenses or as capital expenditures for rate or valuation purposes, unless and until such payments shall have received the approval of the commission. [1961 c 14 § 81.16.060. Prior: 1933 c 152 § 6; RRS § 10440-6.]

81.16.070 Summary order on payments after disallowance. Whenever the commission shall find upon investigation that any public service company is making payments to an affiliated interest, although such payments have been disallowed and disapproved by the commission in a proceeding involving the public service company’s rates or practices, the commission shall issue a summary order directing the public service company from treating such payments as operating expenses or capital expenditures for rate or valuation purposes, unless and until such payments shall have received the approval of the commission. [1961 c 14 § 81.16.070. Prior: 1933 c 152 § 7; RRS § 10440-7.]

81.16.080 Court action to enforce orders. The superior court of Thurston county is authorized to enforce such orders to cease and desist by appropriate process, including the issuance of a preliminary injunction, upon the suit of the commission. [1961 c 14 § 81.16.080. Prior: 1933 c 152 § 8; RRS § 10440-8.]

81.16.090 Review of orders. Any public service company or affiliated interest deeming any decision or order of the commission to be in any respect or manner improper, unjust or unreasonable may have the same reviewed in the courts in the same manner and by the same procedure as is now provided by law for review of any other order or decision of the commission. [1961 c 14 § 81.16.090. Prior: 1933 c 152 § 9; RRS § 10440-9.]

81.20.010 Definition. As used in this chapter, the term "public service company" means any person, firm, association, or corporation, whether public or private, operating a utility or public service enterprise subject in any respect to regulation by the utilities and transportation commission under the provisions of this title or Title 22 RCW. [1961 c 14 § 81.20.010. Prior: 1953 c 95 § 14; 1939 c 203 § 1; RRS § 10458-6.]

81.20.020 Cost of investigation may be assessed against company. Whenever the commission in any proceeding upon its own motion or upon complaint shall deem it necessary in order to carry out the duties imposed upon it by law to investigate the books, accounts, practices and activities of, or make any valuation or appraisal of the property of any public service company, or to investigate or appraise any phase of its operations, or to render any engineering or accounting service to or in connection with any public service company, and the cost thereof to the commission exceeds in amount the ordinary regulatory fees paid by such public service company during the preceding calendar year or estimated to be paid during the current year, whichever is more, such public service company shall pay the expenses reasonably attributable and allocable to such investigation, valuation, appraisal or services. The commission shall ascertain such expenses, and, after giving notice and an opportunity to be heard, shall render a bill therefore by registered mail to the public service company, either at the conclusion of the investigation, valuation, appraisal or services, or from time to time during its progress. Within thirty days after a bill has been mailed such public service company shall pay to the commission the amount of the bill, and the commission shall transmit such payment to the state treasurer who shall credit it to the public service revolving fund. The total amount which any public service company shall be required to pay under the provisions of this section in any calendar year shall not exceed one percent of the gross operating revenues derived by such public service company from its intrastate operations during the last preceding calendar year. If such company did not operate during all of the preceding year the calculations shall be based upon estimated gross revenues for the current year. [1961 c 14 § 81.20.020. Prior: 1939 c 203 § 2(a); RRS § 10458-6a(a).]

81.20.030 Interest on unpaid assessment—Action to collect. Amounts so assessed against any public service company not paid within thirty days after mailing of the bill therefor, shall draw interest at the rate of six percent per annum from the date of mailing of the bill. Upon failure of the public service company to pay the bill, the attorney general shall proceed in the name of the state by civil action in the superior court for Thurston county against such public service company to collect the amount due, together with interest and costs of suit. [1961 c 14 § 81.20.030. Prior: 1939 c 203 § 2(b); RRS § 10458-6a(b).]

81.20.040 Commission’s determination of necessity as evidence. In such action the commission’s determination of the necessity of the investigation, valuation, appraisal or services shall be conclusive evidence of such necessity, and its findings and determination of facts expressed in bills rendered pursuant to RCW 81.20.020 through 81.20.060 or in any proceedings determinative of such bills shall be prima facie evidence of such facts. [1961 c 14 § 81.20.040. Prior: 1939 c 203 § 2(c); RRS § 10458-6a(c).]

81.20.050 Order of commission not subject to review. In view of the civil action provided for in RCW 81.20.020 through 81.20.060 any order made by the commission in determining the amount of such bill shall not be reviewable in court, but the mere absence of such right of review shall not prejudice the rights of defendants in the civil action. [1961 c 14 § 81.20.050. Prior: 1939 c 203 § 2(d); RRS § 10458-6a(d).]

81.20.060 Limitation on frequency of investigations. Expenses of a complete valuation, rate and service investigation shall not be assessed against a public service company under this chapter if such company shall have been subjected to and paid the expenses of a complete valuation, rate and service investigation during the preceding five years, unless the properties or operations of the company have materially changed or there has been a substantial change in its value for rate making purposes or in other circumstances and conditions affecting rates and services. Upon receiving the petition the commission shall immediately investigate it, giving at least ten days' notice to the railroad company and the county or city affected thereby, of the time and place of the investigation, to the end that all parties interested may be present and heard. If the highway involved is a state road or parkway, the secretary of transportation or the state parks and recreation commission shall be notified of the time and place of hearing. The evidence introduced shall be reduced to writing and be filed by the commission. If it finds that it is not practicable to cross the railroad or highway either above or below grade, the commission shall enter a written order in the cause, either granting or denying the right to construct a grade crossing at the point in question. The commission may provide in the order authorizing a grade crossing, or at any subsequent time, that the railroad company shall install and maintain proper signals, warnings, flagmen, interlocking devices, or other devices or means to secure the safety of the public and its employees. In respect to existing railroad grade crossings over highways the construction of which grade crossings was accomplished other than under a commission order authorizing it, the commission may in any event require the railroad company to install and maintain, at or near each crossing, on both sides of it, a sign known as the sawbuck crossing sign with the lettering "Railroad Crossing" inscribed thereon with a suitable inscription indicating the number of tracks. The sign shall be of standard design conforming to specifications furnished by the Washington state department of transportation. [1984 c 7 § 373; 1961 c 14 § 81.53.030. 81.53.040  Supplemental hearing—Change of route. If the commission finds that it is impracticable to construct an over-crossing or under-crossing on the established or proposed highway, and shall find that by deflecting the established or proposed highway a practicable and feasible over-crossing or under-crossing or a safer grade crossing can be provided, it shall continue the hearing and hold a supplemental hearing thereon. At least ten days' notice of the time and place of the supplemental hearing shall be given to all landowners that may be affected by the proposed change in location of the highways. At the supplemental hearing the commission shall inquire into the propriety and necessity of changing and deflecting the highway as proposed. If the proposed change in route of the highway involves the abandonment and vacation of a portion of an established highway, the owners of land contiguous to the portion of the

highway to be vacated shall, in like manner, be notified of the time and place of the supplemental hearing. At the conclusion of the hearing, the commission shall enter its findings in writing, and shall determine the location of the crossing which may be constructed, and whether it shall be an under-crossing, over-crossing or grade crossing, and shall determine whether or not any proposed change in the route of an existing highway, or the abandonment of a portion thereof is advisable or necessary to secure an over-crossing, under-crossing, or safer grade crossing. 81.53.050 Requirements of order on change of route. If the commission finds and determines that a change in route of an existing highway, or vacation of a portion thereof, is necessary or advisable, it shall further find and determine what private property or property rights it is necessary to take, damage, or injuriously affect for the purpose of constructing the highway along a new route, and what private property or property rights, will be affected by the proposed vacation of a portion of an existing highway. The property and property rights found necessary to be taken, damaged, or affected shall be described in the findings with reasonable accuracy. In any action brought to acquire the right to take or damage any such property or property rights, the findings of the commission shall be conclusive as to the necessity therefor. A copy of the findings shall be served upon all parties to the cause. [1961 c 14 § 81.53.050. Prior: 1955 c 310 § 5; 1937 c 22 § 1, part; 1913 c 30 § 3, part; RRS § 10513, part. 81.53.060 Petition for alteration of crossing—Closure of grade crossing without hearing. The mayor and city council, or other governing body of any city or town, or the legislative authority of any county within which there exists any under-crossing, over-crossing, or grade crossing, or where any street or highway is proposed to be located or established across any railroad, or any railroad company whose road is crossed by any highway, may file with the commission their or its petition in writing, alleging that the public safety requires the establishment of an under-crossing or over-crossing, or an alteration in the method and manner of an existing crossing and its approaches, or in the style and nature of construction of an existing over-crossing, under-crossing, or grade crossing, or a change in the location of an existing highway or crossing, the closing or discontinuance of an existing highway crossing, and the diversion of travel thereon to another highway or crossing, or if not practicable, to change the crossing from grade to or close and discontinue the crossing, the opening of an additional crossing for the partial diversion of travel, and praying that this relief may be ordered. If the existing or proposed crossing is on a state road, highway, or parkway, the petition may be filed by the secretary of transportation or the state parks and recreation commission. Upon the petition being filed, the commission shall fix a time and place for hearing the petition and shall give not less than twenty days’ notice to the petitioner, the railroad company, and the municipality or county in which the crossing is situated. If the highway involved is a state highway or parkway, like notice shall be given to the secretary of transportation or the state parks and recreation commission. If the change petitioned for requires that private lands, property, or property rights be taken, damaged, or injuriously affected to open up a new route for the highway, or requires that any portion of any existing highway be vacated and abandoned, twenty days' notice of the hearing shall be given to the owner or owners of the private lands, property, and property rights which it is necessary to take, damage, or injuriously affect, and to the owner or owners of the private lands, property, or property rights that will be affected by the proposed vacation and abandonment of the existing highway. The commission shall also cause notice of the hearing to be published once in a newspaper of general circulation in the community where the crossing is situated, which publication shall appear at least two days before the date of hearing. At the time and place fixed in the notice, all persons and parties interested are entitled to be heard and introduce evidence. In the case of a petition for closure of a grade crossing the commission may order the grade crossing closed without hearing where: (1) Notice of the filing of the petition is posted at, or as near as practical to, the crossing; (2) notice of the filing of the petition is published once in a newspaper of general circulation in the community or area where the crossing is situated, which publication shall appear within the same week that the notice referred to in subsection (1) of this section is posted; and (3) no objections are received by the commission within twenty days from the date of the publication of the notice. 81.53.070 Hearing. At the conclusion of the hearing the commission shall make and file its written findings of fact concerning the matters inquired into in like manner as provided for findings of fact upon petition for new crossings. The commission shall also enter its order based upon said findings of fact, which shall specify whether the highway shall continue at grade or whether it shall be changed to cross over or under the railroad in its existing location or at some other point, and whether an over-crossing or under-crossing shall be established at the proposed location of any street or highway or at some other point, or whether the style and nature of construction of an existing crossing shall be changed, or whether said highway shall be closed and travel thereon diverted to another channel, or any other change that the commission may find advisable or necessary: PROVIDED, That in an emergency where a highway is relocated to avoid a grade crossing, or a new crossing is constructed in the vicinity of an existing crossing in the interest of public safety, the commission may order such existing crossing closed without notice or hearing as specified herein. In case the order made requires that private lands, property, or property rights be taken, damaged or injuriously affected, the right to take, damage or injuriously affect the same shall be acquired as hereinafter provided.

Any petition herein authorized may be filed by the commission on its own motion, and proceedings thereon

81.53.090 Duty to maintain crossings. When a highway crosses a railroad by an over-crossing or under-crossing, the framework and abutments of the over-crossing or under-crossing, as the case may be, shall be maintained and kept in repair by the railroad company, and the roadway thereover or thereunder and approaches thereto shall be maintained and kept in repair by the county or municipality in which the same are situated, or if the highway is a state road or parkway, the roadway over or under the railroad shall be maintained and kept in repair as provided by law for the maintenance and repair of state roads and parkways.

The railings of over-crossings shall be considered a part of the roadway. Whenever a highway intersects a railroad at common grade, the roadway approaches within one foot of the outside of either rail shall be maintained and kept in repair by highway authority, and the planking or other materials between the rails and for one foot on the outside thereof shall be installed and maintained by the railroad company. At crossings involving more than one track, maintenance by the railroad company shall include that portion of the crossing between and for one foot on the outside of each outside rail. 81.53.100 Cost when railroad crosses highway. Whenever, under the provisions of this chapter, new railroads are constructed across existing highways, or highway changes are made either for the purpose of avoiding grade crossings on such new railroads, or for the purpose of crossing at a safer and more accessible point than otherwise available, the entire expense of crossing above or below the grade of the existing highway, or changing the route thereof, for the purpose mentioned in this section, shall be paid by the railroad company. 81.53.110 Cost when highway crosses railroad. Whenever, under the provisions of this chapter, a new highway is constructed across a railroad, or an existing grade crossing is eliminated or changed (or the style or nature of construction of an existing crossing is changed), the entire expense of constructing a new grade crossing, an overcrossing, under-crossing, or safer grade crossing, or changing the nature and style of construction of an existing crossing, including the expense of constructing approaches to such crossing and the expense of securing rights of way for such approaches, as the case may be, shall be apportioned by the commission between the railroad, municipality or county affected, or if the highway is a state road or parkway, between the railroad and the state, in such manner as justice may require, regard being had for all facts relating to the establishment, reason for, and construction of said improvement. If the highway involved is a state road or parkway, the amount not apportioned to the railroad company shall be paid as provided by law for constructing such state road or parkway. 81.53.120 Cost when railroad crosses railroad. Whenever two or more lines of railroad owned or operated by different companies cross a highway, or each other, by an over-crossing, under-crossing, or grade crossing required or permitted by this chapter or by an order of the commission, the portion of the expense of making such crossing not chargeable to any municipality, county or to the state, and the expense of constructing and maintaining such signals, warnings, flagmen, interlocking devices, or other devices or means to secure the safety of the public and the employees of the railroad company, as the commission may require to be constructed and maintained, shall be apportioned between said railroad companies by the commission in such manner as justice may require, regard being had for all facts relating to the establishment, reason for, and construction of said improvement, unless said companies shall mutually agree upon an apportionment. If it becomes necessary for the commission to make an apportionment between the railroad companies, a hearing for that purpose shall be held, at least ten days' notice of which shall be given. In all other cases the construction work may be apportioned by the commission between the parties who may be required to contribute to the cost thereof as the parties may agree, or as the commission may consider advisable. All work within the limits of railroad rights of way shall in every case be done by the railroad company owning or operating the same. The cost of acquiring additional lands, rights or easements to provide for the change of existing crossings shall, unless the parties otherwise agree, in the first instance be paid by the municipality or county within which the crossing is located; or in the case of a state road or parkway, shall be paid in the manner provided by law for paying the cost of acquiring lands, rights or easements for the construction of state roads or parkways. The expense accruing on account of property taken or damaged shall be divided and paid in the manner provided for dividing and paying other costs of construction. Upon the completion of the work and its approval by the commission, an accounting shall be had, and if it shall appear that any party has expended more than its proportion of the total cost, a settlement shall be forthwith made. If the parties shall be unable to agree upon a settlement, the commission shall arbitrate, adjust and settle the account after notice to the parties. In the event of failure and refusal of any party to pay its proportion of the expense, the sum with interest from the date of the settlement may be recovered in a civil action by the party entitled thereto. In cases where the commission has settled the account, the finding of the commission as to the amount due shall be conclusive in any civil action brought to recover the same if such finding has not been reviewed or appealed from as herein provided, and the time for review or appeal has expired. If any party shall seek review of any finding or order of the commission apportioning the cost between the parties liable therefor, the superior court, the court of appeals, or the supreme court, as the case may be, shall cause judgment to be entered in such review proceedings for such sum or sums as may be found lawfully or justly due by one party to another. to permit the opening of a new highway or highway crossing
across a railroad, the right to take, damage, or injuriously
affect such lands, property, or property rights shall be
acquired by the municipality or county petitioning for such
new crossing by a condemnation proceeding brought in the
name of such municipality or county as provided by law for
the exercise of the power of eminent domain by such
municipality or county. If the highway involved be a state
highway, then the right to take, damage, or injuriously affect
private lands, property, or property rights shall be acquired

same shall be placed only at such points on such state
highway as may be approved by the state secretary of
transportation and fixed after such approval by order of the
commission. [1983 c 3 § 210; 1961 c 14 § 81.53.220.

81.53.240 Scope of chapter. Except to the extent
necessary to permit participation by first class cities in the
grade crossing protective fund, when an election to partici-
pate is made as provided in RCW 81.53.261 through
81.53.291, chapter 81.53 RCW is not operative within the
limits of first class cities, and does not apply to street
railway lines operating on or across any street, alley, or other
public place within the limits of any city, except that a street
rail car line outside of cities of the first class shall not cross a
railroad at grade without express authority from the commis-
sion. The commission may not change the location of a
state highway without the approval of the secretary of
transportation, or the location of any crossing thereon
adopted or approved by the department of transportation, or
grant a railroad authority to cross a state highway at grade
without the consent of the secretary of transportation. [1984

The commission may employ temporarily such experts, engineers, and inspectors as may be necessary to supervise changes in existing crossings undertaken under this chapter; the expense thereof shall be paid by the railroad upon the request and certificate of the commission, said expense to be included in the cost of the particular change of grade on account of which it is incurred, and apportioned as provided in this chapter.

The commission may also employ such engineers and other persons as permanent employees as may be necessary to properly administer this chapter. [1961 c 14 § 81.53.250. Prior: 1937 c 22 § 7; 1913 c 30 § 14; RRS § 10524. Formerly RCW 81.52.330.]

81.53.261 Crossing signals, warning devices—Petition, motion—Hearing—Order—Costs apportionment—Records not evidence for actions—Appeal. Whenever the secretary of transportation or the governing body of any city, town, or county, or any railroad company whose road is crossed by any highway, shall deem that the public safety requires signals or other warning devices, other than sawbuck signs, at any crossing of a railroad at common grade by any state, city, town, or county highway, road, street, alley, avenue, boulevard, parkway, or other public place actually open and in use or to be opened and used for travel by the public, he or it shall file with the utilities and transportation commission a petition in writing, alleging that the public safety requires the installation of specified signals or other warning devices at such crossing or specified changes in the method and manner of existing crossing warning devices. Upon receiving such petition, the commission shall promptly set the matter for hearing, giving at least twenty days notice to the railroad company or companies and the county or municipality affected thereby, or the secretary of transportation in the case of a state highway, of the time and place of such hearing. At the time and place fixed in the notice, all persons and parties interested shall be entitled to be heard and introduce evidence, which shall be reduced to writing and filed by the commission. If the commission shall determine from the evidence that public safety does not require the installation of the signal, other warning device or change in the existing warning device specified in the petition, it shall make determinations to that effect and enter an order denying said petition in toto. If the commission shall determine from the evidence that public safety requires the installation of such signals or other warning devices at such crossing or such change in the existing warning devices at said crossing, it shall make determinations to that effect and enter an order directing the installation of such signals or other warning devices or directing that such changes shall be made in existing warning devices. The commission shall also at said hearing apportion the entire cost of installation and maintenance of such signals or other warning devices, other than sawbuck signs, as provided in RCW 81.53.271: PROVIDED, That upon agreement by all parties to waive hearing, the commission shall forthwith enter its order.

No railroad shall be required to install any such signal or other warning device until the public body involved has either paid or executed its promise to pay to the railroad its portion of the estimated cost thereof.

Nothing in this section shall be deemed to foreclose the right of the interested parties to enter into an agreement, franchise, or permit arrangement providing for the installation of signals or other warning devices at any such crossing or for the apportionment of the cost of installation and maintenance thereof, or compliance with an existing agreement, franchise, or permit arrangement providing for the same.

The hearing and determinations authorized by this section may be instituted by the commission on its own motion, and the proceedings, hearing, and consequences thereof shall be the same as for the hearing and determination of any petition authorized by this section.

No part of the record, or a copy thereof, of the hearing and determination provided for in this section and no finding, conclusion, or order made pursuant thereto shall be used as evidence in any trial, civil or criminal, arising out of an accident at or in the vicinity of any crossing prior to installation of signals or other warning devices pursuant to an order of the commission as a result of any such investigation.

Any order entered by the utilities and transportation commission under this section shall be subject to review, supersedeas and appeal as provided in RCW 81.04.170 through 81.04.190, respectively.

Nothing in this section shall be deemed to relieve any railroad from liability on account of failure to provide adequate protective devices at any such crossing. [1982 c 94 § 1; 1969 c 134 § 1.]

Application—1982 c 94: "The provisions of this act shall not apply to those petitions acted upon by the commission prior to July 10, 1982." [1982 c 94 § 5.]

Reviser's note: The term "this act" refers to the amendment by 1982 c 94 of RCW 81.53.261, 81.53.271, 81.53.281, and 81.53.295.

81.53.271 Crossing signals, warning devices—Petition contents—Apportionment of installation and maintenance costs. The petition shall set forth by description the location of the crossing or crossings, the type of signal or other warning device to be installed, the necessity from the standpoint of public safety for such installation, the approximate cost of installation and related work, and the approximate annual cost of maintenance. If the commission directs the installation of a grade crossing protective device, and a federal-aid funding program is available to participate in the costs of such installation, both installation and maintenance costs of the device shall be apportioned in accordance with the provisions of RCW 81.53.295. Otherwise if installation is directed by the commission, it shall apportion the cost of installation and maintenance as provided in this section:

Installation: (1) Sixty percent to the grade crossing protective fund, created by RCW 81.53.281;
(2) Thirty percent to the city, town, county, or state; and
(3) Ten percent to the railroad:

Provided, That, if the proposed installation is located at a new crossing requested by a city, town, county, or state, forty percent of the cost shall be apportioned to the city, town, county, or state, and none to the railroad. If the proposed installation is located at a new crossing requested

(1992 Ed.)
by a railroad, then the entire cost shall be apportioned to the railroad. In the event the city, town, county, or state should concurrently petition the commission and secure an order authorizing the closure of an existing crossing or crossings in proximity to the crossing for which installation of signals or other warning devices shall have been directed, the apportionment to the petitioning city, town, county, or state shall be reduced by ten percent of the total cost for each crossing ordered closed and the apportionment from the grade crossing protective fund increased accordingly. This exception shall not be construed to permit a charge to the grade crossing protective fund in an amount greater than the total cost otherwise apportionable to the city, town, county, or state. No reduction shall be applied where one crossing is closed and another opened in lieu thereof, nor to crossings of a private nature.

Maintenance: (1) Twenty-five percent to the grade crossing protective fund, created by RCW 81.53.281; and (2) Seventy-five percent to the railroad:

PROVIDED, That if the proposed installation is located at a new crossing requested by a railroad, then the entire cost shall be apportioned to the railroad. [1982 c 94 § 2; 1975 1st ex.s. c 189 § 1; 1973 1st ex.s. c 77 § 1; 1969 c 134 § 2.]

Application—1982 c 94: See note following RCW 81.53.261.

81.53.275 Crossing signals, warning devices—Apportionment when funds not available from grade crossing protective fund. In the event funds are not available from the grade crossing protective fund, the commission shall apportion to the parties on the basis of the benefits to be derived by the public and the railroad, respectively, that part of the cost which would otherwise be assigned to the fund: PROVIDED, That in such instances the city, town, county or state shall not be assessed more than sixty percent of the total cost of installation on other than federal aid designated highway projects: AND PROVIDED FURTHER, That in such instances the entire cost of maintenance shall be apportioned to the railroad. [1969 ex.s. c 281 § 18; 1969 c 134 § 7.]

81.53.281 Crossing signals, warning devices—Grade crossing protective fund—Created—Transfer of funds—Allocation of costs—Procedure—Federal funding—Recovery of costs—Report on status of fund. There is hereby created in the state treasury a "grade crossing protective fund," to which shall be transferred all moneys appropriated for the purpose of carrying out the provisions of RCW 81.53.261, 81.53.271, 81.53.281, 81.53.291, and 81.53.295. At the time the commission makes each allocation of cost to said grade crossing protective fund, it shall certify that such cost shall be payable out of said fund. When federal-aid highway funds are not involved, the railroad shall, upon completion of the installation of any such signal or other protective device and related work, present its claim for reimbursement for the cost of installation and related work from said fund of the amount allocated thereto by the commission. The annual cost of maintenance shall be presented and paid in a like manner. When federal-aid highway funds are involved, the department of transportation shall, upon entry of an order by the commission requiring the installation or upgrading of a grade crossing protective device, submit to the commission an estimate for the cost of the proposed installation and related work. Upon receipt of the estimate the commission shall pay to the department of transportation the percentage of the estimate specified in RCW 81.53.295, as now or hereafter amended, to be used as the grade crossing protective fund portion of the cost of the installation and related work. The commission is hereby authorized to recover administrative costs from said fund in an amount not to exceed three percent of the direct appropriation provided for any biennium, and in the event administrative costs exceed three percent of the appropriation, the excess shall be chargeable to regulatory fees paid by railroads pursuant to RCW 81.24.010.

Within ninety days of the end of each fiscal year, the commission shall report to the legislative transportation committee, and the senate and house committees on transportation, the status of the grade crossing protective fund, including revenue sources, fund balances, and expenditures.

The office of financial management shall direct the state treasurer to transfer to the motor vehicle fund an amount not to exceed $1,331,000 from the grade crossing protective fund for the 1987-89 fiscal biennium. [1987 c 257 § 1; 1985 c 405 § 509; 1982 c 94 § 3; 1975 1st ex.s. c 189 § 2; 1973 c 115 § 4; 1969 c 134 § 3.]

RCW 81.53.261 through 81.53.291 shall be operative within the limits of all cities, towns and counties, except cities of the first class. Cities of the first class may elect as to each particular crossing whether RCW 81.53.261 through 81.53.291 shall apply. Such election shall be made by the filing by such city of a petition as provided for in RCW 81.53.261 with the utilities and transportation commission, or by a statement filed with the commission accepting jurisdiction, when such petition is filed by others. 81.53.295 Crossing signals, warning devices, etc.—Federal funds used to pay installation costs—Grade crossing protective fund—State and local authorities to pay remaining installation costs—Railroad to pay maintenance costs. Whenever federal-aid highway funds are available and are used to pay a portion of the cost of installing a grade crossing protective device, and related work, at a railroad crossing of any state highway, city or town street, or county road at the then prevailing federal-aid matching rate, the grade crossing protective fund shall pay ten percent of the remaining cost of such installation and related work. The railroad whose road is crossed by the highway, street, or road shall thereafter pay the entire cost of maintaining the device. [1982 c 94 § 4; 1975 1st ex.s. c 189 § 3.]

Application—1982 c 94: See note following RCW 81.53.261.

81.54.010 Definitions. The term "grade crossing" when used in this chapter means any point or place where a logging or industrial railroad crosses a highway or a highway crosses such railroad or such railroad crosses any other railroad, at a common grade.

The term "under-crossing" when used in this chapter means any point or place where a highway crosses a railroad by passing under the same.

The term "over-crossing" or "under-crossing" shall also mean any point or place where one railroad crosses another railroad not at grade.

The term "logging" or "industrial" railroad when used in this chapter shall include every railway owned or operated primarily for the purpose of carrying the property of its owners or operators or a limited class of persons, with all tracks, spurs and sidings used in connection therewith. [1961 c 14 § 81.54.010. Prior: 1941 c 161 § 1; Rem. Supp. 1941 § 10511-1. Formerly RCW 81.52.080, part.]

In case no agreement exists between such railroads for the interchange of cars, then the commission, before making such order, shall be empowered to, and it shall be its duty, to make rules for the expeditious and safe return and proper compensation for the cars so loaded by the company or
companies receiving the same. [1961 c 14 § 81.56.050.

In estimating such confinement, the time during which the animals have been confined without such rest on connecting roads from which they are received shall be included. Animals so unloaded shall, during such rest, be properly fed, watered by the owner or person having the custody of them, or in case of his default in so doing, then by the railroad company transporting them, at the expense of said owner or person in custody thereof, and said company shall in such case have a lien upon such animals for food, care and custody furnished, and shall not be liable for such detention of such animals. If animals are transported where they can and do have proper food, water, space and opportunity for rest, the foregoing provision in regard to their being unloaded shall not apply. 81.62.010 Legislative finding—Intent. The legislature finds that in many areas of the state, alternatives to highway transportation are necessary to adequately move the state's citizens and its commerce. In rural areas, continued railroad abandonments have reduced the options for transportation of agricultural products and threaten the economic health of many areas of the state. While rail lines lie idle, increased volumes of truck traffic require significant improvement of rural public roads.

The legislature finds that in urban areas, ever-increasing volumes of traffic congest the highway system vital to the movement of people, goods, and services in metropolitan areas. Without relief, these arteries will no longer provide the mobility for which they were intended.
The legislature seeks to provide for a comprehensive examination of the rail freight issue and rail passenger service, particularly urban rail systems.

It is the intent of the legislature to establish a temporary commission, made up of persons interested in and affected by these rail issues. This commission shall make recommendations to the legislature regarding future Washington policy for rail freight and rail passenger service. It is further the intent that this commission should also address future use of rail corridors and rights of way in this state, as they relate to such services. In developing recommendations, the legislature desires that the commission use the numerous studies and plans on these subjects that have been completed. [1987 c 429 § 1.]

81.62.020 Membership. (1) The rail development commission is created to carry out the functions of this chapter. The commission shall consist of nineteen voting members.

(2) The governor shall appoint sixteen members, two from each Congressional district, to represent the following:

(b) Four as county representatives, who shall be elected county officials, with at least one from a small county affected by abandonment of rail freight service and one from a large county who was a member of the Puget Sound council of governments multicorridor steering committee;

(c) Two citizens from Eastern Washington to represent the private sector;

(d) Two citizens from Western Washington to represent the private sector;

(e) One as representative of a railroad;

(f) One as representative of a labor organization that represents workers in the railroad industry;

(g) One as representative of the Washington public ports association; and

(h) One as representative of the Washington state transit association.

81.62.030 Procedures—Expenses—Powers—Dissolution date. The commission shall choose a chair from among its membership and shall adopt rules related to its powers and duties under this chapter. Members of the commission shall be reimbursed for travel expenses as provided in RCW 43.03.050, 43.03.060, and 44.04.120, as appropriate. Members appointed by the governor shall be compensated in accordance with RCW 43.03.220. Expenses of the commission shall be paid from the *rail development account. The commission has all powers necessary to carry out its duties as prescribed by this chapter. The commission shall be dissolved on June 30, 1989. [1987 c 429 § 3.]

81.62.040 Staff—Budget approval. The commission may employ staff as necessary to carry out this chapter. The legislative transportation committee, the Washington state transportation center, and the department of transportation may provide additional staff support for the commission. The legislative transportation committee must approve the commission’s budget plan before the commission may expend funds. [1987 c 429 § 4.]

81.62.050 Study subjects. The commission shall study the following subjects:

(1) Rail freight systems, including:

(a) Funding levels necessary to address the state rail assistance account and loan programs for local rail efforts and to preserve essential rail freight corridors;

(b) Any institutional changes necessary to enhance state and local rail freight efforts; and

(2) Rail passenger systems, including:

(a) Light rail planning efforts and evaluation of institutional alternatives for constructing and operating any viable systems, and recommend preferred options;

81.62.901 Effective date—1987 c 429. This act is necessary for the immediate preservation of the public peace,
health, and safety, the support of the state government and its existing public institutions, and shall take effect June 25, 1987. [1987 c 429 § 8.]

81.66.040 Certificate required.—Application—
Transferability—Carried in vehicle. No private, nonprofit
transportation provider may operate in this state without first
having obtained from the commission under the provisions
of this chapter a certificate, but a certificate shall be granted
to any private, nonprofit transportation provider holding an
auto transportation company certificate on September 1,
1979, upon surrender of the auto transportation company
certificate. Any right, privilege, or certificate held, owned,
or obtained by a private, nonprofit transportation provider
may be sold, assigned, leased, transferred, or inherited as
other property only upon authorization by the commission.
The commission shall issue a certificate to any person or
corporation who files an application, in a form to be deter-
mined by the commission, which sets forth:
(1) Satisfactory proof of its status as a private, nonprofit
corporation;
(2) The kind of service to be provided;
(3) The number and type of vehicles to be operated,
together with satisfactory proof that the vehicles are adequate
for the proposed service and that drivers of such vehicles
will be adequately trained and qualified;
The commission may deny a certificate to a provider who does not meet the requirements of this section. Each vehicle of a private, nonprofit transportation provider shall carry a copy of the provider's certificate. [1979 c 111 § 7.]

Severability—1979 c 111: See note following RCW 46.74.010.

81.66.050 Insurance or bond required. The commission shall, in the granting of certificates to operate any private, nonprofit transportation provider, require the owner or operator to first procure liability and property damage insurance from a company licensed to make liability insurance in the state of Washington or a surety bond of a company licensed to write surety bonds in the state of Washington on each vehicle used or to be used in transporting persons for compensation. The commission shall fix the amount of the insurance policy or policies or surety bond, giving due consideration to the character and amount of traffic, the number of persons affected, and the degree of danger which the proposed operation involves. Such liability and property damage insurance or surety bond shall be maintained in force on each vehicle while so used. Each policy for liability of property damage insurance or surety bond required herein, shall be filed with the commission and kept in full force and effect, and failure to do so shall be cause for the revocation of the certificate. [1979 c 111 § 8.]

Severability—1979 c 111: See note following RCW 46.74.010.

81.66.060 Suspension, revocation, or alteration of certificate. The commission may, at any time, by its order duly entered after a hearing had upon notice to the holder of any certificate issued under this chapter, and an opportunity to such holder to be heard, at which it is proven that the holder has wilfully violated or refused to observe any of the commission's proper orders, rules, or regulations, suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter, but the holder of the certificate shall have all the rights of rehearing, review, and appeal as to the order of the commission as is provided for in RCW 81.68.070. [1979 c 111 § 9.]

Severability—1979 c 111: See note following RCW 46.74.010.

81.66.070 Standard of care. The provisions of this chapter shall not affect the standard of care, as set forth in RCW 46.74.030, to which a private, nonprofit transportation provider shall be held. [1979 c 111 § 10.]

81.68.010 Definitions. The definitions set forth in this section shall apply throughout this chapter, unless the context clearly indicates otherwise.

(1) "Corporation" means a corporation, company, association, or joint stock association.

(2) "Person" means an individual, firm, or a copartner­ship.

(3) "Auto transportation company" means every corporation or person, their lessees, trustees, receivers, or trustees appointed by any court whatsoever, owning, controlling, operating, or managing any motor propelled vehicle not usually operated on or over rails used in the business of transporting persons, and baggage, mail, and express on the vehicles of auto transportation companies carrying passengers, for compensation over any public highway in this state between fixed termini or over a regular route, and not operating exclusively within the incorporated limits of any city or town.

(4) "Public highway" means every street, road, or highway in this state.

(5) The words "between fixed termini or over a regular route" mean the termini or route between or over which any auto transportation company usually or ordinarily operates any motor propelled vehicle, even though there may be departure from the termini or route, whether the departures are periodic or irregular. Whether or not any motor propelled vehicle is operated by any auto transportation company "between fixed termini or over a regular route" within the meaning of this section is a question of fact, and the finding of the commission thereon is final and is not subject to review. [1989 c 163 § 1; 1984 c 166 § 1; 1979 c 111 § 16; 1975-76 2nd ex.s. c 121 § 1; 1969 ex.s. c 210 § 10; 1961 c 14 § 81.68.010. Prior: 1935 c 120 § 1; 1921 c 111 § 1; RRS § 6387.]

Severability—1979 c 111: See note following RCW 46.74.010.

81.68.015 Application of chapter restricted. This chapter does not apply to corporations or persons, their lessees, trustees, receivers, or trustees appointed by any court whatsoever insofar as they own, control, operate, or manage taxicabs, hotel buses, school buses, motor propelled vehicles operated exclusively in transporting agricultural, horticultural, dairy, or other farm products from the point of production to the market, or any other carrier that does not come within the term "auto transportation company" as defined in RCW 81.68.010.

This chapter does not apply to persons operating motor vehicles when operated wholly within the limits of incorporated cities or towns, and for a distance not exceeding three road miles beyond the corporate limits of the city or town in

(1992 Ed.)
Washington in which the original starting point of the vehicle is located, and which operation either alone or in conjunction with another vehicle or vehicles is not a part of any journey beyond the three-mile limit.

This chapter does not apply to commuter ride sharing or ride sharing for the elderly and the handicapped in accordance with RCW 46.74.010, so long as the ride-sharing operation does not compete with nor infringe upon comparable service actually being provided before the initiation of the ride-sharing operation by an existing auto transportation company certificated under this chapter. [1989 c 163 § 2; 1994 c 166 § 2.]

81.68.020 Compliance with chapter required. No corporation or person, their lessees, trustees, or receivers or trustees appointed by any court whatsoever, may engage in the business of operating as a common carrier any motor propelled vehicle for the transportation of persons, and baggage, mail, and express on the vehicles of auto transportation companies carrying passengers, between fixed termini or over a regular route for compensation on any public highway in this state, except in accordance with the provisions of this chapter. [1989 c 163 § 3; 1984 c 166 § 3; 1961 c 14 § 81.68.020. Prior: 1927 c 166 § 1; 1921 c 111 § 2; RRS § 6388.]

81.68.030 Regulation by commission. The commission is vested with power and authority, and it is its duty to supervise and regulate every auto transportation company in this state as provided in this section. Under this authority, it shall for each auto transportation company:

1. Fix, alter, and amend just, fair, reasonable, and sufficient rates, fares, charges, classifications, rules, and regulations;
2. Regulate the accounts, service, and safety of operations;
3. Require the filing of annual and other reports and of other data;
4. Supervise and regulate the companies in all other matters affecting the relationship between such companies and the traveling and shipping public;
5. By general order or otherwise, prescribe rules and regulations in conformity with this chapter, applicable to any and all such companies, and within such limits make orders.

The commission may, at any time, by its order duly entered after a hearing had upon notice to the holder of any certificate under this chapter, and an opportunity to the holder to be heard, at which it shall be proven that the holder willfully violates or refuses to observe any of the commission's proper orders, rules, or regulations, suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter, but the holder of the certificate has all the rights of rehearing, review, and appeal as to the order of the commission as is provided for in RCW 81.68.070. [1989 c 163 § 4; 1984 c 166 § 4; 1961 c 14 § 81.68.030. Prior: 1921 c 111 § 3; RRS § 6389.]

81.68.040 Certificate of convenience and necessity. No auto transportation company shall operate for the transportation of persons, and baggage, mail and express on the vehicles of auto transportation companies carrying passengers, for compensation between fixed termini or over a regular route in this state, without first having obtained from the commission under the provisions of this chapter a certificate declaring that public convenience and necessity require such operation; but a certificate shall be granted when it appears to the satisfaction of the commission that such person, firm or corporation was actually operating in good faith, over the route for which such certificate shall be sought on January 15, 1921. Any right, privilege, certificate held, owned or obtained by an auto transportation company may be sold, assigned, leased, transferred or inherited as other property, only upon authorization by the commission. The commission shall have power, after hearing, when the applicant requests a certificate to operate in a territory already served by a certificate holder under this chapter, only when the existing auto transportation company or companies serving such territory will not provide the same to the satisfaction of the commission, and in all other cases with or without hearing, to issue said certificate as prayed for, or for good cause shown to refuse to issue same, or to issue it for the partial exercise only of said privilege sought, and may attach to the exercise of the rights granted by said certificate to such terms and conditions as, in its judgment, the public convenience and necessity may require. [1961 c 14 § 81.68.040. Prior: 1921 c 111 § 4; RRS § 6390.]

81.68.045 Excursion service companies—Certificate. No excursion service company may operate for the transportation of persons for compensation without first having obtained from the commission under the provisions of this chapter a certificate to do so.

A certificate shall be issued to any qualified applicant therefor, authorizing the whole or any part of the operations covered by the application, if it is found that the applicant is fit, willing, and able to properly perform the services proposed and conform to the provisions of this chapter and the rules of the commission adopted under this chapter, and that such operations will be consistent with the public interest. However, a certificate shall be granted when it appears to the satisfaction of the commission that the person, firm, or corporation was actually operating in good faith that type of service for which the certificate was sought on January 15, 1921. Any right, privilege, or certificate held, owned, or obtained by an excursion service company may be sold, assigned, leased, transferred, or inherited as other property only upon authorization by the commission. For good cause shown the commission may refuse to issue the certificate, or issue it for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted by the certificate such terms and conditions as, in its judgment, the public interest may require. [1984 c 166 § 5.]

81.68.050 Filing fees. Any application for a certificate of public convenience and necessity or amendment thereof, or application to sell, lease, mortgage, or transfer a certificate of public convenience and necessity or any interest therein, shall be accompanied by such filing fees as the commission may prescribe by rule: PROVIDED, That such fee shall not exceed two hundred dollars. [1973 c 115 § 5; 1961 c 14 § 81.68.050. Prior: 1955 c 125 § 9; prior: 1937 c 158 § 2, part; RRS § 10417-1, part.]
81.68.060 Liability and property damage insurance—Surety bond. In granting certificates to operate any auto transportation company, for transporting for compensation persons and baggage, mail, and express on the vehicles thereof, appeals or mandate filed with the court shall be considered and disposed of by said courts in the manner, under the conditions and subject to the limitations and with the effect specified in this title. [1971 c 81 § 146; 1961 c 14 § 81.68.070. Prior: 1921 c 111 § 6; RRS § 6392.]

81.68.080 Penalty. Every officer, agent, or employee of any corporation, and every other person who violates or fails to comply with, or who procures, aids, or abets in the violation of any provisions of this chapter, or who fails to obey, observe, or comply with any order, decision, rule or regulation, direction, demand, or requirement, or any part of provision thereof, is guilty of a gross misdemeanor and punishable as such: PROVIDED, That violation of an order, decision, rule or regulation, direction, demand, or requirement relating to traffic including parking, standing, stopping, and pedestrian offenses is a traffic infraction, except that violation of an order, decision, rule or regulation, direction, demand, or requirement equivalent to those provisions of Title 46 RCW set forth in RCW 46.63.020 is a misdemeanor. [1979 ex.s. c 136 § 106; 1961 c 14 § 81.68.080. Prior: 1921 c 111 § 7; RRS § 6393.]

Effective date—Severability—1979 ex.s. c 136: See notes following RCW 46.63.010.

81.68.090 Scope of chapter. Neither this chapter nor any provision thereof shall apply or be construed to apply to commerce with foreign nations or commerce among the several states of this union except insofar as the same may be permitted under the provisions of the Constitution of the United States and the acts of congress. [1961 c 14 § 81.68.090. Prior: 1921 c 111 § 8; RRS § 6394.]

[1965 c 150 § 2.]

81.70.270 Insurance or bond for liability and property damage. (1) In granting certificates under this chapter, the commission shall require charter party carriers and excursion service carriers of passengers to procure and continue in effect during the life of the certificate, liability and property damage insurance from a company licensed to make liability insurance in the state of Washington or a surety bond of a company licensed to write surety bonds in the state of Washington on each motor-propelled vehicle used or to be used in transporting persons for compensation, in the following amounts:

Such liability and property damage insurance or surety bond shall be maintained in force on each motor-propelled vehicle while so used. Each policy for liability or property damage insurance or surety bond required herein shall be filed with the commission and kept in effect and a failure so to do is cause for revocation of the certificate. [1989 c 163 § 11; 1988 c 30 § 8.]

81.70.280 Self-insurers. A charter party carrier or excursion service carrier of passengers authorized to transport persons for compensation on the highways and engaging in interstate, or interstate and intrastate, operations within the state of Washington which is or becomes qualified as a self-insurer with the interstate commerce commission of the United States in accordance with the United States interstate commerce act applicable to self-insurance by motor carriers is exempt from RCW 81.70.280 relating to the carrying or filing of insurance policies or bonds in connection with such operations as long as such qualification remains effective.

The commission may require proof of the existence and continuation of qualification with the interstate commerce commission to be made by affidavit of the charter party carrier or excursion service carrier in a form the commission may prescribe. [1989 c 163 § 12; 1988 c 30 § 9.]

81.70.290 Authority of commission and courts. In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued by it, hearings held, opinions, orders, and decisions made and filed, petitions for rehearing filed and acted upon, petitions for writs of review filed with the superior court, appeals or mandates filed with the supreme court or the court of appeals of this state, and may be considered and disposed of by said courts in a manner, under the conditions, subject to the limitations, and with the effect specified in this chapter. [1988 c 30 § 10.]

81.70.300 Interstate or foreign carriers. It is unlawful for a charter party carrier or excursion service carrier to operate a motor bus upon the highways of this state unless there is firmly affixed to the vehicle on both sides thereof, the name of the carrier and the certificate or permit number of such carrier. The characters composing such identification shall be of sufficient size to be clearly distinguishable at a distance of at least fifty feet from the vehicle. [1989 c 163 § 14; 1988 c 30 § 13.]

81.70.310 Application of Title 81 RCW. All applicable provisions of this title relating to procedure, powers of the commission, and penalties shall apply to the operation and regulation of persons under this chapter, except as those provisions may conflict with the provisions of this chapter and rules and regulations issued thereunder by the commission. [1988 c 30 § 11.]

81.70.320 Fees—Amounts, deposit. (1) An application for a certificate or amendment thereof, or application to sell, lease, mortgage, or transfer a certificate, shall be accompanied by such filing fees as the commission may prescribe by rule, however the fee shall not exceed two hundred dollars.

(2) All fees paid to the commission under this chapter shall be deposited in the state treasury to the credit of the public service revolving fund.

(3) It is the intent of the legislature that all fees collected under this chapter shall reasonably approximate the cost of supervising and regulating charter party carriers and excursion service carriers subject thereto, and that the commission is authorized to decrease the schedule of fees provided for in RCW 81.70.350 by general order entered before November 1 of any year in which the commission determines that the moneys in the charter party carrier and excursion service carrier account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating such carriers during the succeeding calendar year. Whenever the cost accounting records of the commission indicate that the schedule of fees previously reduced should be increased, such increase, not in any event to exceed the schedule set forth in this chapter, may be effected by a similar general order entered before November 1 of any calendar year. [1989 c 163 § 13; 1988 c 30 § 12.]

81.70.330 Vehicle identification. It is unlawful for a charter party carrier or excursion service carrier to operate a motor bus upon the highways of this state unless there is firmly affixed to the vehicle on both sides thereof, the name of the carrier and the certificate or permit number of such carrier. The characters composing such identification shall be of sufficient size to be clearly distinguishable at a distance of at least fifty feet from the vehicle. [1989 c 163 § 14; 1988 c 30 § 13.]

81.70.340 Interstate or foreign carriers. It is unlawful for a charter party carrier or excursion service carrier of passengers engaged in interstate or foreign commerce to use any of the public highways of this state for the transportation of passengers in interstate or foreign commerce, unless such carrier has identified its vehicles and registered its interstate or foreign operations with the commission. Interstate and foreign carriers possessing operating authority issued by the interstate commerce
commission shall register such authority pursuant to Public Law 89-170, as amended, and the regulations of the interstate commerce commission adopted thereunder. Interstate and foreign carrier party carriers and excursion service carriers of passengers exempt from regulation by the interstate commerce commission shall register their interstate operations under regulations adopted by the commission, which shall, to the maximum extent practical, conform to the regulations promulgated by the interstate commerce commission under Public Law 89-170, as amended. All other provisions of this chapter shall be applicable to motor carriers of passengers engaged in interstate or foreign commerce insofar as the same are not prohibited under the Constitution of the United States or federal statute. [1989 c 163 § 15; 1988 c 30 § 14.]

81.70.350 Annual regulatory fee. (1) The commission shall collect from each charter party carrier and excursion service carrier holding a certificate issued pursuant to this chapter and from each interstate or foreign carrier subject to this chapter an annual regulatory fee, to be established by the commission but which in total shall not exceed the cost of supervising and regulating such carriers, for each bus used by such carrier.

(2) All fees prescribed by this section shall be due and payable on or before December 31 of each year, to cover the ensuing year beginning February 1. [1989 c 163 § 16; 1988 c 30 § 15.]

Transportation of passengers in for hire vehicles: Chapter 46.72 RCW.

81.72.200 Legislative intent. The legislature finds and declares that privately operated taxicab transportation service is a vital part of the transportation system within the state and provides demand-responsive services to state residents, tourists, and out-of-state business people. Consequently, the safety, reliability, and economic viability and stability of privately operated taxicab transportation service are matters of state-wide importance. The regulation of privately operated taxicab transportation services is thus an essential governmental function. Therefore, it is the intent of the legislature to permit political subdivisions of the state to regulate taxicab transportation services without liability under federal antitrust laws. [1984 c 126 § 1.]

81.72.210 Local regulatory powers listed. To protect the public health, safety, and welfare, cities, towns, counties, and port districts of the state may license, control, and regulate privately operated taxicab transportation services operating within their respective jurisdictions. The power to regulate includes:

1. Regulating entry into the business of providing taxicab transportation services;

2. Requiring a license to be purchased as a condition of operating a taxicab and the right to revoke, cancel, or refuse to reissue a license for failure to comply with regulatory requirements;

3. Controlling the rates charged for providing taxicab transportation service and the manner in which rates are calculated and collected, including the establishment of zones as the basis for rates;

81.75.010 Authorization to own and operate—Purpose. It is desirable to a transportation system that convenient and comfortable terminals be established and maintained with the services of all modes of public transportation available to the public at such a center to the extent feasible. It is proper that cities, towns, counties, public transportation benefit area authorities, and municipal corporations of this state be authorized to own and operate transportation centers. [1977 ex.s. c 217 § 1.]

The city, town, county, public transportation benefit area authority, or municipal corporation, may apply for and receive grants from the federal government for purposes of funding a transportation center and may consoli-

(6) "Vehicle" means every device capable of being

[1989 c 431 § 17; 1961 c 295 § 2.]

81.77.015 Construction of phrase "garbage and refuse."
Whenever in this chapter the phrase "garbage and refuse" is used as a qualifying phrase or otherwise it shall be
construed as meaning "garbage and/or refuse." [1965 ex.s.
c 105 § 5.]

81.77.020 Compliance with chapter required—
Exemption for cities. No person, his lessees, receivers, or
trustees, shall engage in the business of operating as a solid
waste collection company in this state, except in accordance with the provisions of this chapter: PROVIDED, That the provisions of this chapter shall not apply to the operations of any solid waste collection company under a contract of solid waste disposal with any city or town, nor to any city or town which itself undertakes the disposal of solid waste. [1989 c 431 § 18; 1961 c 295 § 3.]

81.77.030 Supervision and regulation by commission. The commission shall supervise and regulate every solid waste collection company in this state, (1) By fixing and altering its rates, charges, classifications, rules and regulations; (2) By regulating the accounts, service, and safety of operations; (3) By requiring the filing of annual and other reports and data; (4) By supervising and regulating such persons or companies in all other matters affecting the relationship between them and the public which they serve; (5) By requiring compliance with local solid waste management plans and related implementation ordinances; (6) By requiring certificate holders under chapter 81.77 RCW to use rate structures and billing systems consistent with the solid waste management priorities set forth under RCW 70.95.010 and the minimum levels of solid waste collection and recycling services pursuant to local comprehensive solid waste management plans. The commission may order consolidated billing and provide for reasonable and necessary expenses to be paid to the administering company if more than one certificate is granted in an area. The commission, on complaint made on its own motion or by an aggrieved party, at any time, after the holding of a hearing of which the holder of any certificate has had notice and an opportunity to be heard, and at which it shall be proven that the holder has willfully violated or refused to observe any of the commission’s orders, rules, or regulations, or has failed to operate as a solid waste collection company for a period of at least one year preceding the filing of the complaint, may suspend, revoke, alter, or amend any certificate issued under the provisions of this chapter. [1989 c 431 § 20; 1987 c 239 § 1; 1965 ex.s. c 105 § 1; 1961 c 295 § 4.]

81.77.040 Certificate of convenience and necessity required—Procedure when applicant requests certificate for existing service area. No solid waste collection company shall hereafter operate for the hauling of solid waste for compensation without first having obtained from the commission a certificate declaring that public convenience and necessity require such operation. A condition of operating a solid waste collection company in the unincorporated areas of a county shall be complying with the solid waste management plan prepared under chapter 70.95 RCW applicable in the company’s franchise area. Issuance of the certificate of necessity shall be determined upon, but not limited to, the following factors: The present service and the cost thereof for the contemplated area to be served; an estimate of the cost of the facilities to be utilized in the plant for solid waste collection and disposal, sworn to before a notary public; a statement of the assets on hand of the person, firm, association or corporation which will be expended on the purported plant for solid waste collection and disposal, sworn to before a notary public; a statement of prior experience, if any, in such field by the petitioner, sworn to before a notary public; and sentiment in the community contemplated to be served as to the necessity for such a service.

Except as provided in *RCW 81.77.150, when an applicant requests a certificate to operate in a territory already served by a certificate holder under this chapter, the commission may, after hearing, issue the certificate only if the existing solid waste collection company or companies serving the territory will not provide service to the satisfaction of the commission.

In all other cases, the commission may, with or without hearing, issue certificates, or for good cause shown refuse to issue them, or issue them for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted such terms and conditions as, in its judgment, the public convenience and necessity may require.

Any right, privilege, certificate held, owned, or obtained by a solid waste collection company may be sold, assigned, leased, transferred, or inherited as other property, but only upon authorization by the commission.

Any solid waste collection company which upon July 1, 1961 is operating under authority of a common carrier or contract carrier permit issued under the provisions of chapter 81.80 RCW shall be granted a certificate of necessity without hearing upon compliance with the provisions of this chapter. Such solid waste collection company which has paid the plate fee and gross weight fees required by chapter 81.80 RCW for the year 1961 shall not be required to pay additional like fees under the provisions of this chapter for the remainder of such year.

For purposes of issuing certificates under this chapter, the commission may adopt categories of solid wastes as follows: Garbage, refuse, recyclable materials, and demolition debris. A certificate may be issued for one or more categories of solid waste. Certificates issued on or before July 23, 1989, shall not be expanded or restricted by operation of this chapter. [1989 c 431 § 21; 1987 c 239 § 2; 1961 c 295 § 5.]

81.77.050 Filing fees. Any application for a certificate issued under this chapter or amendment thereof, or application to sell, lease, mortgage, or transfer a certificate issued under this chapter or any interest therein, shall be accompanied by such filing fee as the commission may prescribe by rule: PROVIDED, That such fee shall not exceed two hundred dollars. [1989 c 431 § 22; 1973 c 115 § 9; 1961 c 295 § 6.]

81.77.060 Liability and property damage insurance—Surety bond. The commission, in granting certificates to operate a solid waste collection company, shall require the owner or operator to first procure liability and property damage insurance from a company licensed to make liability insurance in the state or a surety bond of a company licensed to write surety bonds in the state, on each motor propelled vehicle used or to be used in transporting solid

waste for compensation in the amount of not less than twenty-five thousand dollars for any recovery for personal injury by one person, and not less than ten thousand dollars and in such additional amount as the commission shall determine, for all persons receiving personal injury by reason of one act of negligence, and not less than ten thousand dollars for damage to property of any person other than the assured, and to maintain such liability and property damage insurance or surety bond in force on each motor propelled vehicle while so used. Each policy for liability or property damage insurance or surety bond required herein shall be filed with the commission and kept in full force and effect and failure so to do shall be cause for revocation of the delinquent's certificate. [1989 c 431 § 23; 1961 c 295 § 7.]

81.77.070 Public service company law invoked. In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued, hearings held, opinions, orders and decisions made and filed, petitions for rehearing filed and acted upon, and petitions for writs of review, to the superior court filed therewith, appeals or mandate filed with the supreme court of this state, considered and disposed of by said courts in the manner, under the conditions, and subject to the limitations, and with the effect specified in this title for public service companies generally. [1961 c 295 § 8.]

81.77.080 Companies to file reports of gross operating revenue and pay fees—Legislative intent—Disposition of revenue. Every solid waste collection company shall, on or before the 1st day of April of each year, file with the commission a statement on oath showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one percent of the amount of gross operating revenue: PROVIDED, That the fee shall in no case be less than one dollar.

It is the intent of the legislature that the fees collected under the provisions of this chapter shall reasonably approximate the cost of supervising and regulating motor carriers subject thereto, and to that end the utilities and transportation commission is authorized to decrease the schedule of fees provided in this section by general order entered before March 1st of any year in which it determines that the moneys then in the solid waste collection companies account of the public service revolving fund and the fees currently collected thereby is not contained in the certificate of any other solid waste collection company. In all other cases such temporary certificate may be issued for a period not to exceed one hundred twenty days. The commission may prescribe such special rules and regulations and impose such special terms and conditions with reference thereto as in its judgment are reasonable and necessary in carrying out the provisions of this chapter. The commission shall collect a fee of twenty-five dollars for an application for such temporary certificate. [1989 c 431 § 26; 1965 ex.s. c 105 § 2.]

81.77.090 Penalty. Every person who violates or fails to comply with, or who procures, aids, or abets in the violation of any provisions of this chapter, or who fails to obey, or comply with any order, decision, rule, regulation, direction, demand, or requirement of the commission, or any part or provision thereof, is guilty of a gross misdemeanor. [1961 c 295 § 10.]

81.77.100 Scope of chapter with respect to foreign or interstate commerce—Regulation of solid waste collection companies. Neither this chapter nor any provision thereof shall apply, or be construed to apply, to commerce with foreign nations or commerce among the several states except insofar as the same may be permitted under the provisions of the Constitution of the United States and the acts of congress.

However, in order to protect public health and safety and to ensure solid waste collection services are provided to all areas of the state, the commission, in accordance with this chapter, shall regulate all solid waste collection companies conducting business in the state. [1989 c 431 § 25; 1985 c 436 § 2; 1961 c 295 § 11.]

81.77.110 Temporary certificates. The commission may with or without a hearing issue temporary certificates to engage in the business of operating a solid waste collection company, but only after it finds that the issuance of such temporary certificate is consistent with the public interest. Such temporary certificate may be issued for a period up to one hundred eighty days where the area or territory covered thereby is not contained in the certificate of any other solid waste collection company. In all other cases such temporary certificate may be issued for a period not to exceed one hundred twenty days. The commission may prescribe such special rules and regulations and impose such special terms and conditions with reference thereto as in its judgment are reasonable and necessary in carrying out the provisions of this chapter. The commission shall collect a fee of twenty-five dollars for an application for such temporary certificate. [1989 c 431 § 26; 1965 ex.s. c 105 § 2.]

81.77.120 Service to unincorporated areas of counties. A county legislative authority shall periodically comment to the commission in writing concerning the authority's perception of the adequacy of service being provided by regulated franchisees serving the unincorporated areas of the county. The county legislative authority shall also receive and forward to the commission all letters of comment on services provided by regulated franchisee holder(s) serving unincorporated areas of the county. Any such written comments or letters shall become part of the record of any rate, compliance, or any other hearing held by the commission on the issuance, revocation, or reissuance of a certificate provided for in RCW 81.77.040. [1987 c 239 § 3.]

81.77.130 Application of chapter to collection or transportation of source separated recyclable materials. The provisions of chapter 81.77 RCW shall not apply to the collection or transportation of source separated recyclable materials from residences under a contract with any county, city, or town, nor to any city or town which itself undertakes the collection and transportation of source separated recyclable materials from residences. [1989 c 431 § 19.]
81.77.140 Application of chapter—Collection and transportation of recyclable materials by recycling companies or nonprofit entities—Reuse or reclamation. Nothing in this chapter shall prevent a recycling company or nonprofit entity from collecting and transporting recyclable materials from a buy-back center, drop-box, or from a commercial or industrial generator of recyclable materials, or upon agreement with a solid waste collection company.

Nothing in this chapter shall be construed as prohibiting a commercial or industrial generator of commercial recyclable materials from selling, conveying, or arranging for transportation of such material to a recycler for reuse or reclamation. [1989 c 431 § 31.]

81.77.160 Pass-through rates—Rules. The commission, in fixing and altering collection rates charged by every solid waste collection company under this section, shall include in the base for the collection rates:

(1) All charges for the disposal of solid waste at the facility or facilities that the solid waste collection company is required to use under a local comprehensive solid waste management plan or ordinance designating disposal sites; and

(2) All known and measurable costs related to implementation of the approved county or city comprehensive solid waste management plan.

If a solid waste collection company files a tariff to recover the costs specified under this section, and the commission suspends the tariff, the portion of the tariff covering costs specified in this section shall be placed in effect by the commission at the request of the company on an interim basis as of the originally filed effective date, subject to refund, pending the commission’s final order. The commission may adopt rules to implement this section. [1989 c 431 § 30.]

Section captions not law—1989 c 431: See RCW 70.95.902.

81.77.170 Fees, charges, or taxes—Normal operating expense. For rate-making purposes, a fee, charge, or tax on the disposal of solid waste shall be considered a normal operating expense of the solid waste collection company. [1989 c 431 § 36.]

Section captions not law—1989 c 431: See RCW 70.95.902.

81.77.180 Recyclable materials collection—Processing and marketing. (1) A solid waste collection company collecting recyclable materials from residences shall utilize one or more private recycling businesses when arranging for the processing and marketing of such materials, if the following conditions are met:

(a) A recycling business is located within the county at the time the collection program commences or at any time that the solid waste collection company changes its existing processor;

(b) A local private recycling business is capable and competent to provide the processing and marketing service; and

(c) A local private recycling business offers to pay a price for the recyclable materials which is equal to or greater than the price offered by out-of-county private recyclers, or proposes a charge for the processing and marketing service which is equal to or less than the charge for the service available from an out-of-county private recycler.

(2) This section shall not apply to:

(a) Cities or towns who exercise their authority under RCW 81.77.130 to provide residential curbside collection of recyclable materials;

(b) A solid waste collection company that is directed by a city, town, or county to utilize a publicly owned recyclable processing facility located within such city, town, or county; or

(c) Counties which exercise their authority under RCW 36.58.040 to contract for the residential curbside collection of source separated recyclables.

This section shall not apply to programs for the collection of source separated recyclable materials where rates to implement the programs have been filed with the commission prior to May 21, 1991.

(3) For the purposes of this section, “private recycling business” means any private for-profit or private not-for-profit firm that engages in the processing and marketing of recyclable materials.

(4) This section is not enforceable by complaint filed with the commission. [1991 c 319 § 403.]

(2) For the purpose of this section, “reduced rate” means a residential solid waste collection rate incorporating a rebate, refund, or discount. It does not include any residential solid waste collection rate based on the volume or weight of solid waste set out for collection. [1991 c 319 § 406.]

**Severability—1982 c 71:** "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1982 c 71 § 5.]

**Severability—1967 c 69:** "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1967 c 69 § 4.]

### 81.80.020 Declaration of policy.

The business of operating as a motor carrier of freight for compensation...
along the highways of this state is declared to be a business affected with a public interest. The rapid increase of motor carrier freight traffic and the fact that under the existing law many motor trucks are not effectively regulated have increased the dangers and hazards on public highways and make it imperative that more complete regulation should be employed to the end that the highways may be rendered safer for the use of the general public; that the wear of such highways may be reduced; that congestion on highways may be minimized; that the shippers of the state may be provided with a stabilized service and rate structure; that sound economic conditions in such transportation and among such carriers may be fostered in the public interest; that adequate, economical, and efficient service by motor carriers, and reasonable charges therefor, without unjust discrimination, undue preferences or advantages, or unfair or destructive competitive practices may be promoted; that the common carriage of commodities by motor carrier may be preserved in the public interest; that the relations between, and transportation by and regulation of, motor carriers and other carriers may be improved and coordinated so that the highways of the state of Washington may be properly developed and preserved, and the public may be assured adequate, complete, dependable and stable transportation service in all its phases. [1949 c 166 § 1; 1937 c 184 § 1; RRS § 6382-1.]

81.80.030 Hidden transportation charges. Operators of motor vehicles excluded from the term "private carrier," other than "common carriers" shall not be compelled to dedicate their property to the business of public transportation and subject themselves to all the duties and burdens imposed by this chapter upon "common carriers," but where they recover the cost of transportation through price differentials or in any other direct or indirect manner and such transportation cost recovery unreasonably endangers the stability of rates and the essential transportation service involving the movement of commodities over the same route or routes by other types of carriage, then such transportation costs, attempted to be recovered, shall not be less than the rate, fare or charge regularly established by the department for such transportation service if given by other types of carriers, it being the intention of the legislature to foster a stable rate structure free of discriminations for the shippers of the state of Washington. [1961 c 14 § 81.80.030. Prior: 1937 c 166 § 1; 1935 c 184 § 1; RRS § 6382-2a.]

81.80.040 Exempt vehicles. The provisions of this chapter, except where specifically otherwise provided, and except the provisions providing for licenses, shall not apply to:

(1) Motor vehicles when operated in transportation exclusively within the corporate limits of any city or town of less than ten thousand population unless contiguous to a city or town of ten thousand population or over, nor between contiguous cities or towns both or all of which are less than ten thousand population;

(2) Motor vehicles when operated in transportation wholly within the corporate limits of cities or towns of ten thousand or more but less than thirty thousand population, or between such cities or towns when contiguous, as to which the commission, after investigation and the issuance of an order thereon, has determined that no substantial public interest exists which requires that such transportation be subject to regulation under this chapter;

(3) Motor vehicles when transporting exclusively the United States mail or in the transportation of newspapers or periodicals;

(4) Motor vehicles owned and operated by the United States, the state of Washington, or any county, city, town, or municipality therein, or by any department of them, or either of them;

(5) Motor vehicles specially constructed for towing disabled vehicles or wrecking and not otherwise used in transporting goods for compensation;

(6) Motor vehicles normally owned and operated by farmers in the transportation of their own farm, orchard, or dairy products, including livestock and plant or animal wastes, from point of production to market, or in the infrequent or seasonal transportation by one farmer for another farmer, if their farms are located within twenty miles of each other, of products of the farm, orchard, or dairy, including livestock and plant or animal wastes, or of supplies or commodities to be used on the farm, orchard, or dairy;

(7) Motor vehicles when transporting exclusively water in connection with construction projects only;

(8) Motor vehicles of less than 8,000 pounds gross vehicle weight when transporting exclusively legal documents, pleadings, process, correspondence, depositions, briefs, medical records, photographs, books or papers, cash or checks, when moving shipments of the documents described at the direction of an attorney as part of providing legal services. [1984 c 171 § 1; 1979 ex.s. c 6 § 1; 1963 c 59 § 7; 1961 c 14 § 81.80.040. Prior: 1957 c 205 § 4; 1949 c 133 § 1; 1947 c 263 § 1; 1937 c 166 § 4; 1935 c 184 § 3; Rem. Supp. 1949 § 6382-3.]

81.80.045 Exemption—Freight consolidators. (1) Except as provided in subsections (2) and (3) of this section, the provisions of this chapter shall not apply to the operations of a shipper or a group or association of shippers in consolidating or distributing freight for themselves or for their members on a nonprofit basis for the purpose of securing the benefits of carload, truckload, or other volume rates, when the services of a common carrier are used for the transportation of such shipments.

(2) Every shipper or group or association of shippers claiming this exemption shall file with the commission on an annual basis a statement of nonprofit status and such proof of that status as the commission may by rule require.

(3) The commission may examine the books and records of any shipper or group or association of shippers claiming exemption under this section solely for the purpose of investigating violations of this section. [1979 ex.s. c 138 § 1.]

81.80.050 Compliance required. It shall be unlawful for any person to operate as a "motor carrier" on any public highway of this state except in accordance with the provisions of this chapter. [1961 c 14 § 81.80.050. Prior: 1935 c 184 § 4; RRS § 6382-4.]
81.80.060 Combination of services. Every person who engages for compensation to perform a combination of services a substantial portion of which includes transportation of property of others upon the public highways shall be subject to the jurisdiction of the commission as to such transportation and shall not engage upon the same without first having obtained a common carrier or contract carrier permit to do so. An example of such a combination of services shall include, but not be limited to, the delivery of household appliances for others where the delivering carrier also unpacks or uncrates the appliances and makes the initial installation thereof. Every person engaging in such a combination of services shall advise the commission what portion of the consideration is intended to cover the transportation service and if the agreement covering the combination of services is in writing, the rate and charge for such transportation shall be set forth therein. The rates or charges for the transportation services included in such combination of services shall be subject to control and regulation by the commission in the same manner that the rates of common and contract carriers are now controlled and regulated. Any person engaged in extracting and/or processing and, in connection therewith, hauling materials exclusively for the maintenance, construction or improvement of a public highway shall not be deemed to be performing a combination of services. [1969 ex.s. c 210 § 17; 1969 c 33 § 1. Prior: 1967 ex.s. c 145 § 77; 1967 c 69 § 2; 1965 ex.s. c 170 § 40; 1961 c 14 § 81.80.060; prior: 1937 c 166 § 5; RRS § 6382-4a.]

Severability—1967 c 69: See note following RCW 81.80.010.

81.80.070 Grant or denial of permit. No "common carrier," "contract carrier," or "temporary carrier" shall operate for the transportation of property for compensation in this state without first obtaining from the commission a permit so to do. Permits heretofore issued or hereafter issued to any carrier, shall be exercised by said carrier to the fullest extent so as to render reasonable service to the public. Applications for common or contract carrier permits or extensions thereof shall be on file for a period of at least thirty days prior to the granting thereof unless the commission finds that special conditions require the earlier granting thereof.

A permit or extension thereof shall be issued to any qualified applicant therefor, authorizing the whole or any part of the operations covered by the application, if it is found that the applicant is fit, willing, and able properly to perform the services proposed and conform to the provisions of this chapter and the requirements, rules and regulations of the commission thereunder, and that such operations will be consistent with the public interest, and, in the case of common carriers, that the same are or will be required by the present or future public convenience and necessity, otherwise such application shall be denied.

Nothing contained in this chapter shall be construed to confer upon any person or persons the exclusive right or privilege of transporting property for compensation over the public highways of the state. [1963 c 242 § 1; 1961 c 14 § 81.80.070. Prior: 1953 c 95 § 17; 1947 c 264 § 2; 1941 c 163 § 1; 1937 c 166 § 6; 1935 c 184 § 5; Rem. Supp. 1947 § 6382-5.]

81.80.080 Application for permit. Application for permits shall be made to the commission in writing and shall state the ownership, financial condition, equipment to be used and physical property of the applicant, the territory or route or routes in or over which the applicant proposes to operate, the nature of the transportation to be engaged in and such other information as the commission may require, and in case such application is that of a "contract carrier" shall have attached thereto photocopies of all contracts to furnish transportation covered by such application. [1991 c 41 § 1; 1961 c 14 § 81.80.080. Prior: 1935 c 184 § 6; RRS § 6382-6.]

81.80.090 Form of application—Filing fees. The commission shall prescribe forms of application for permits and for extensions thereof for the use of prospective applicants, and for transfer of permits and for acquisition of control of carriers holding permits, and shall make regulations for the filing thereof. Any such application shall be accompanied by such filing fee as the commission may prescribe by rule: PROVIDED, That such fee shall not exceed two hundred dollars. [1973 c 115 § 10; 1961 c 14 § 81.80.090. Prior: 1941 c 163 § 2; 1937 c 166 § 7; 1935 c 184 § 7; RRS § 6382-7.]

81.80.100 Form and contents of permit. Permits granted by the commission shall be in such form as the commission shall prescribe and shall set forth the name and address of the person to whom the permit is granted, the nature of the transportation service to be engaged in and the principal place of operation, termini or route to be used or territory to be served by the operation. No permit holder shall operate except in accordance with the permit issued to him. [1961 c 14 § 81.80.100. Prior: 1935 c 194 § 8; RRS § 6382-8.]

81.80.110 Limitation on renewal of application. No person whose application for a permit has been denied after hearing under any of the provisions of this chapter shall be eligible to renew the application for a period of six months from the date of the order denying such application. [1961 c 14 § 81.80.110. Prior: 1947 c 264 § 3; 1935 c 184 § 9; Rem. Supp. 1947 § 6382-9.]

81.80.120 Classification of carriers. The commission may from time to time establish such just and reasonable classifications of the groups of carriers included in the terms "common carriers" and "contract carriers" as the special nature of the services performed by such carriers shall require, and such just and reasonable rules, regulations and requirements, consistent with the provisions of this chapter, to be observed by the carriers so classified or grouped, as the commission deems necessary or advisable in the public interest. [1961 c 14 § 81.80.120. Prior: 1937 c 166 § 8; 1935 c 184 § 10; RRS § 6382-10.]

81.80.130 Regulatory power of commission over common carriers. The commission shall supervise and regulate every "common carrier" in this state; make, fix, alter, and amend, just, fair, reasonable, minimum, maximum, or minimum and maximum, rates, charges, classifications,
rules, and regulations for all "common carriers"; regulate the accounts, service, and safety of operations thereof; require the filing of reports and other data thereby; and supervise, and regulate all "common carriers" in all other matters affecting their relationship with competing carriers of every kind and the shipping and general public: PROVIDED, The commission may by order approve rates filed by common carriers in respect to certain designated commodities and services when, in the opinion of the commission, it is impractical for the commission to make, fix, or prescribe rates covering such commodities and services. [1961 c 14 § 81.80.130. Prior: 1957 c 205 § 5; 1937 c 166 § 9; 1935 c 184 § 11; RRS § 6382-11.]

81.80.140 Regulatory power over contract carriers. The commission is hereby vested with power and authority, and it is hereby made its duty, to supervise and regulate every "contract carrier" in this state; to fix, alter and amend, just, fair and reasonable classifications, rules and regulations and minimum rates and charges of each such "contract carrier"; to regulate the account, service and safety of operations thereof; and require the filing of reports and of other data thereby; and to supervise and regulate such "contract carriers" in all other matters affecting their relationship with both the shipping and the general public. [1961 c 14 § 81.80.140. Prior: 1937 c 166 § 11; 1935 c 184 § 12; RRS § 6382-12.]

81.80.150 Tariffs to be compiled and sold by commission. The commission shall make, fix, construct, compile, promulgate, publish, and distribute tariffs containing compilations of rates, charges, classifications, rules, and regulations to be used by all common carriers. In compiling such tariffs it shall include within any given tariff compilation such carriers, groups of carriers, commodities, or geographical areas as it determines shall be in the public interest. Such compilations and publications may be made by the commission by compiling the rates, charges, classifications, rules, and regulations now in effect, and as they may be amended and altered from time to time after notice and hearing, by issuing and distributing revised pages or supplements to such tariffs or reissues thereof in accordance with the orders of the commission: PROVIDED, That the commission, upon good cause shown, may establish temporary rates, charges, or classification changes which may be made permanent only after publication in an applicable tariff for not less than sixty days, and determination by the commission thereafter that the rates, charges or classifications are just, fair, and reasonable: PROVIDED FURTHER, That temporary rates shall not be made permanent except upon notice and hearing if within sixty days from date of publication, a shipper or common carrier, or representative of either, shall file with the commission a protest alleging such temporary rates to be unjust, unfair, or unreasonable. For purposes of this proviso, the publication of temporary rates in the tariff shall be deemed adequate public notice. Nothing herein shall be construed to prevent the commission from proceeding on its own motion, upon notice and hearing, to fix and determine just, fair, and reasonable rates, charges, and classifications. The proper tariff, or tariffs, applicable to a carrier's operations shall be available to the public at each agency and office of all common carriers operating within this state. Such compilations and publications shall be sold by the commission for a fee to be determined annually and not to exceed the cost of this service. Corrections to such publications shall be furnished to all subscribers to tariffs in the form of corrected pages to the tariffs, supplements, or reissues thereof. In addition to the initial charge for each tariff, the commission shall charge an annual maintenance fee not to exceed the cost of issuing corrections or supplements and mailing them to subscribers: PROVIDED, That copies may be furnished free to other regulatory bodies and departments of government and to colleges, schools, and libraries. All copies of the compilations, whether sold or given free, shall be issued and distributed under rules and regulations to be fixed by the commission: PROVIDED FURTHER, That the commission may by order authorize common carriers to publish and file tariffs with the commission and be governed thereby in respect to certain designated commodities and services when, in the opinion of the commission, it is impractical for the commission to make, fix, construct, compile, publish, and distribute tariffs covering such commodities and services. [1981 c 116 § 2; 1973 c 115 § 11; 1961 c 14 § 81.80.150. Prior: 1959 c 248 § 5; 1957 c 205 § 6; 1947 c 264 § 4; 1941 c 163 § 3; 1937 c 166 § 10; Rem. Supp. 1947 § 6382-11a.]

81.80.170 Temporary permits. The commission may issue temporary permits to temporary "common carriers" or "contract carriers" for a period not to exceed one hundred eighty days, but only after it finds that the issuance of such temporary permits is consistent with the public interest. It may prescribe such special rules and regulations and impose such special terms and conditions with reference thereto as in its judgment are reasonable and necessary in carrying out the provisions of this chapter.

The commission may also issue temporary permits pending the determination of an application filed with the commission for approval of a consolidation or merger of the properties of two or more common carriers or contract carriers or of a purchase or lease of one or more common carriers or contract carriers. [1963 c 242 § 2; 1961 c 14 § 81.80.170. Prior: 1953 c 95 § 18; 1947 c 264 § 5; 1937 c 166 § 12; 1935 c 184 § 14; Rem. Supp. 1947 § 6382-14.]

81.80.175 Permits for farm to market hauling. A permit or extension thereof for hauling unprocessed or unmanufactured agricultural commodities and livestock for a distance not to exceed eighty miles from the point of production to primary markets shall be issued to any qualified applicant therefor, authorizing the whole or part of the operations covered by the application, if it is found that the applicant is fit, willing, and able properly to perform the services proposed and conform to the provisions of this chapter and the requirements, rules and regulations of the commission thereunder, and that such operations will be consistent with the public interest. [1963 c 242 § 5.]

81.80.190 Insurance or deposit of security. The commission shall in the granting of permits to "common carriers" and "contract carriers" under this chapter require such carriers to either procure and file liability and property
damage insurance from a company licensed to write such insurance in the state of Washington, or deposit such security, for such limits of liability and upon such terms and conditions as the commission shall determine to be necessary for the reasonable protection of the public against damage and injury for which such carrier may be liable by reason of the operation of any motor vehicle.

In fixing the amount of said insurance policy or policies, or deposit of security, the commission shall give due consideration to the character and amount of traffic and the number of persons affected and the degree of danger which the proposed operation involves.

If the commission is notified of the cancellation, revocation, or any other changes in the required insurance or security of a common carrier or contract carrier with a permit to transport radioactive or hazardous materials, the commission shall immediately notify the state radiation control agency of the change. [1986 c 191 § 5; 1961 c 14 § 81.80.190. Prior: 1935 c 184 § 16; RRS § 6382-16.]

81.80.195 Liability insurance requirements exclusive. This chapter shall exclusively govern the liability insurance requirements for motor vehicle common and contract carriers. Any motor vehicle that meets the public liability requirements prescribed under RCW 81.80.190 shall not be required to comply with any ordinances of a city or county prescribing insurance requirements. [1989 c 264 § 2.]

Policy—1989 c 264: "The state legislature has prescribed what requirements are necessary for public liability insurance for motor vehicle common and contract carriers to adequately protect both public and private property, both real and personal. It is therefore necessary and desirable for the state to prevent each city or county from applying its own separate insurance regulations in addition to those required by the commission." [1989 c 264 § 1.]

81.80.200 Conditions may be attached to permits. The commission is hereby vested with power and authority in issuing permits to any of the carriers classified in accordance with RCW 81.80.120 to attach thereto such terms and conditions and to require such insurance or security as it may deem necessary for the protection of the public highways and to be for the best interest of the shipping and the general public. All such regulations and conditions shall be deemed temporary and may be revoked by the commission upon recommendation of the state or county authorities in charge of highway maintenance or safety when in the judgment of such authorities such revocation is required in order to protect the public or preserve the public highways. [1961 c 14 § 81.80.200. Prior: 1937 c 166 § 14; 1935 c 184 § 17; RRS § 6382-17.]

81.80.211 Hours of operators—Rules and regulations. The commission may adopt rules and regulations relating to the hours of duty of motor carrier drivers and operators. [1961 c 14 § 81.80.211. Prior: 1953 c 95 § 23.]

81.80.220 Tariff rates must be charged. No "common carrier" or "contract carrier" shall collect or receive a greater, less or different remuneration for the transportation of property or for any service in connection therewith than the rates and charges which shall have been legally established and filed with the commission, or as are specified in the contract or contracts filed, as the case may be, nor shall any such carrier refund or remit in any manner or by any device any portion of the rates and charges required to be collected by each tariff or contract or filing with the commission.

The commission may check the records of all carriers under this chapter and of those employing the services of the carrier for the purpose of discovering all discriminations, under or overcharges and rebates, and may suspend or revoke permits for violations of this section.

The commission may refuse to accept any time schedule or tariff or contract that will, in the opinion of the commission, limit the service of a carrier to profitable trips only or to the carrying of high class commodities in competition with other carriers who give a complete service and thus afford one carrier an unfair advantage over a competitor. [1961 c 14 § 81.80.220. Prior: 1937 c 166 § 16; 1935 c 184 § 19; RRS § 6382-19.]

81.80.230 Penalty for rebating—Procedures for collection. Any person, whether carrier subject to the provisions of this chapter, shipper, or consignee, or any officer, employee, agent, or representative thereof, who shall offer, grant, or give, or solicit, accept, or receive any rebate, concession, or discrimination in violation of any provision of this chapter, or who by means of any false statement or representation, or by the use of any false or fictitious bill, bill of lading, receipt, voucher, roll, account, claim, certificate, affidavit, deposition, lease, or bill of sale, or by any other means or device shall assist, suffer or permit any person or persons, natural or artificial, to obtain transportation of property subject to this chapter for less than the applicable rate, fare, or charge, or who shall fraudulently seek to evade or defeat regulation as in this chapter provided for motor carriers shall be subject to a civil penalty of not more than one hundred dollars for each violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation every day’s continuance shall be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under this section and subject to the penalty provided for in this section.

The penalty provided for in this section shall become due and payable when the person incurring the penalty receives a notice in writing from the commission describing the violation with reasonable particularity and advising the person that the penalty is due. The commission may, upon written application therefor, received within fifteen days, remit or mitigate any penalty provided for in this section or discontinue any prosecution to recover the penalty upon such terms as the commission in its discretion deems proper. The commission has authority to ascertain the facts upon all such applications in such manner and under such regulations as it may deem proper. If the penalty is not paid to the commission within fifteen days after receipt of notice imposing the penalty or application for remission or mitigation has not been made within fifteen days after the violator has received
81.80.240 Joint through rates. The commission shall have power and authority to require a common carrier by motor vehicle, railroad, express or water to establish reasonable through rates with other common carriers by motor vehicle, railroad, express and water, and to provide safe and adequate service, equipment and facilities for the transportation of property; to establish and enforce just and reasonable individual and joint rates, charges and classifications, and just and reasonable regulations and practices relating thereto, and in case of such joint rates, fares and charges to establish just, reasonable and equitable divisions thereof as between the carriers participating therein, which shall not unduly prefer or prejudice any of such participating carriers. In ordering and establishing joint through rates between different types of carriers the commission shall give full effect to the lower cost of transportation of property by any type of carrier and shall reflect such lower cost by differentials under a through rate of the higher cost carrier. [1961 c 14 § 81.80.240. Prior: 1937 c 166 § 17; 1935 c 184 § 20; RRS § 6382-20.]

81.80.250 Bond to protect shippers and consignees. The commission may, under such rules and regulations as it shall prescribe, require any common carrier to file a surety bond, or deposit security, in a sum to be determined by the commission, to be conditioned upon such carrier making compensation to shippers and consignees for all money belonging to shippers and consignees, and coming into the possession of such carrier in connection with its transportation service. Any common carrier which may be required by law to compensate a shipper or consignee for any loss, damage or default for which a connecting common carrier is legally responsible shall be subrogated to the rights of such shipper or consignee under any such bond or deposit of security to the extent of the sum so paid. [1961 c 14 § 81.80.250. Prior: 1935 c 184 § 21; RRS § 6382-21.]

81.80.260 Operation in more than one class. It shall be unlawful for any person to operate any vehicle at the same time in more than one class of operation, except upon approval of the commission and a finding that such operation will be in the public interest.

No "exempt carrier" as such shall transport property for compensation except as hereinafter provided. [1967 c 69 § 3; 1961 c 14 § 81.80.260. Prior: 1935 c 184 § 22; RRS § 6382-22.]

Severability—1967 c 69: See note following RCW 81.80.010.
regulations of the commission thereunder, otherwise the application shall be denied.

(2) Temporary continuance of motor carrier operations without prior compliance with the provisions of this section will be recognized as justified by the public interest in cases in which the personal representatives, heirs or surviving spouses of deceased persons desire to continue the operations of the carriers whom they succeed in interest subject to such reasonable rules and regulations as the commission may prescribe.

In case of temporary continuance under this section the successor shall immediately procure insurance or deposit security as required by RCW 81.80.190.

Immediately upon any such temporary continuance of motor carrier operations and in any event not more than thirty days thereafter the successor shall give notice of the succession by written notice to the commission containing such information as the commission shall prescribe. [1973 c 115 § 13; 1965 ex.s. c 134 § 2.]

81.80.280 Cancellation of permits. Permits may be canceled, suspended, altered or amended by the commission upon complaint by any interested party, or upon the commission's own motion after notice and opportunity for hearing, when the permittee or his or its agent has repeatedly violated this chapter, the rules and regulations of the commission or the motor laws of this state or of the United States, or the permittee has made unlawful rebates or has not conducted his operation in accordance with the permit granted him. Any person may at the instance of the commission be enjoined from any violation of the provisions of this chapter, or any order, rule or regulation made by the commission pursuant to the terms hereof. If such suit be instituted by the commission no bond shall be required as a condition to the issuance of such injunction. [1987 c 209 § 1; 1961 c 14 § 81.80.280. Prior: 1935 c 184 § 24; RRS § 6382-24.]

81.80.290 Rules and regulations. The commission shall have power and authority, by general order or otherwise, to prescribe rules and regulations in conformity with this chapter to carry out the purposes thereof, applicable to any and all "motor carriers," or to any persons transporting property by motor vehicle for compensation even though they do not come within the term "motor carrier" as herein defined.

The commission shall mail each holder of a permit under this chapter a copy of such rules and regulations. [1961 c 14 § 81.80.290. Prior: 1935 c 184 § 25; RRS § 6382-25.]

81.80.300 Identification cab card, identification decal, stamp, or number—Mandatory—Fees—Collection—Disposition—Rules and regulations. The commission shall prescribe an identification cab card and identification decal or stamp or number which must be carried within the cab of each motive power vehicle of each motor carrier required to have a permit under this chapter.

The identification cab card and the decal or stamp or number provided for herein may be in such form and contain such information as required by the commission.

Whenever the cost accounting records of the commission indicate that the schedule of fees previously reduced should be increased, such increase, not in any event to exceed the schedule set forth in this chapter, may be effected by a similar general order entered before November 1 of any calendar year. [1989 c 283 § 13.]

81.100.900 Construction—Severability—Headings—1990 c 43.

Use of moneys, construction priority: See 1990 c 298 § 35.

81.100.010 Purpose. The need for mobility, growing travel demand, and increasing traffic congestion in urban areas necessitate accelerated development and increased utilization of the high occupancy vehicle system. RCW 81.100.030 and 81.100.060 provide taxing authority that counties can use in the near term to accelerate development and increase utilization of the high occupancy vehicle system by supplementing available federal, state, and local funds. [1990 c 43 § 12.]

81.100.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Transit agency" means a city that operates a transit system, a public transportation benefit area, a county transportation authority, or a metropolitan municipal corporation.

(2) The "high occupancy vehicle system" includes high occupancy vehicle lanes, related high occupancy vehicle facilities, and high occupancy vehicle programs.

(3) "High occupancy vehicle lanes" mean lanes reserved for public transportation vehicles only or public transporta-
tion vehicles and private vehicles carrying no fewer than a specified number of passengers under RCW 46.61.165.

(4) "Related facilities" means park and ride lots, park and pool lots, ramps, bypasses, turnouts, signal preemption, and other improvements designed to maximize use of the high occupancy vehicle system.

(5) "High occupancy vehicle program" means advertising the high occupancy vehicle system, promoting carpool, vanpool, and transit use, providing vanpool vehicles, and enforcement of driving restrictions governing high occupancy vehicle lanes. [1990 c 43 § 13.]

**81.100.030** Employer tax. (1) A county with a population of one million or more, or a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, and having within its boundaries existing or planned high occupancy vehicle lanes on the state highway system, may, with voter approval impose an excise tax of up to two dollars per employee per month on all employers or any class or classes of employers, public and private, including the state located in the agency's jurisdiction, measured by the number of full-time equivalent employees. The county imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate.

Counties may contract with the state department of revenue or other appropriate entities for administration and collection of the tax. Such contract shall provide for deduction of an amount for administration and collection expenses.

(2) The tax shall not apply to employment of a person when the employer has paid for at least half of the cost of a transit pass issued by a transit agency for that employee, valid for the period for which the tax would otherwise be owed.

(3) A county shall adopt rules which exempt from all or a portion of the tax any employer that has entered into an agreement with the county that is designed to reduce the proportion of employees who drive in single-occupant vehicles during peak commuting periods in proportion to the degree that the agreement is designed to meet the goals for the employer's location adopted under RCW 81.100.040.

The agreement shall include a list of specific actions that the employer will undertake to be entitled to the exemption. Employers having an exemption from all or part of the tax through this subsection shall annually certify to the county that the employer is fulfilling the terms of the agreement. The exemption continues as long as the employer is in compliance with the agreement.

If the tax authorized in RCW 81.100.060 is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under RCW 81.100.060. [1991 c 363 § 153; 1990 c 43 § 14.]

**Purpose—Captions not law—1991 c 363:** See notes following RCW 2.32.180.

**81.100.040** Adoption of goals. The legislature encourages counties, in conjunction with cities, metropolitan planning organizations, and transit agencies in metropolitan areas to adopt goals for reducing the proportion of commuters who drive in single-occupant vehicles during peak commuting periods. Any county imposing a tax under this chapter must adopt such goals. In adopting these goals, counties shall consider at least the following:

(1) Existing and anticipated levels of peak-period traffic congestion on roadways used by employees in commuting to work;

(2) Existing and anticipated levels of transit and vanpool service and carpool programs available to and from the worksite;

(3) Variations in employment density and employer size;

(4) Availability and cost of parking; and

(5) Consistency of the goals with the regional transportation plan. [1990 c 43 § 15.]

**81.100.050** Survey of tax use. The department of transportation shall include in the annual transit report under RCW 35.58.2795 and 35.58.2796 an element describing actions taken under this chapter. On at least two occasions prior to December 31, 1998, the department shall include an evaluation of the effectiveness of such actions. [1990 c 43 § 16.]

**81.100.060** Excise tax. (Effective until January 1, 1993.) A county with a population of one million or more and a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, having within their boundaries existing or planned high occupancy vehicle lanes on the state highway system may, with voter approval, impose a local surcharge of not more than fifteen percent on the state motor vehicle excise tax paid under RCW 82.44.020(1) on vehicles registered to a person residing within the county. No surcharge may be imposed on vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

Counties imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to state motor vehicle excise taxes, be applicable to surcharges imposed under this section.

If the tax authorized in RCW 81.100.030 is also imposed by the county, the total proceeds from both tax sources each year shall not exceed the maximum amount which could be collected under this section. [1991 c 363 § 154; 1990 c 43 § 17.]

**81.100.060** Excise tax. (Effective January 1, 1993.) A county with a population of one million or more and a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, having within their
boundaries existing or planned high occupancy vehicle lanes on the state highway system may, with voter approval, impose a local surcharge of not more than fifteen percent on the state motor vehicle excise tax paid under RCW 82.44.020(1) on vehicles registered to a person residing within the county and on the state sales and use taxes paid under the rate in RCW 82.08.020(2) on retail car rentals within the county. No surcharge may be imposed on vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

Counties imposing a tax under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, and department of revenue, as appropriate, which shall deduct an amount, as provided by contract, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to state motor vehicle excise taxes, be applicable to surcharges imposed under this section. All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW shall, insofar as they are applicable to state sales and use taxes, be applicable to surcharges imposed under this section.

If the tax authorized in RCW 81.100.030 is also imposed by the county, the total proceeds from tax sources imposed under this section and RCW 81.100.030 each year shall not exceed the maximum amount which could be collected under this section. [1992 c 194 § 12; 1991 c 363 § 154; 1990 c 43 § 17.]

On the first day of the months of January, April, July, and October of each year, the state treasurer shall distribute the funds in the account to the counties on whose behalf the funds were received. The state treasurer shall make the distribution under this section without appropriation. [1991 sp.s. c 13 §§ 105, 119; 1990 c 43 § 18.]

**81.100.090 Interlocal agreements.** Counties imposing a tax under this chapter shall enter into an agreement through the interlocal cooperation act with the department of transportation. The agreement shall provide an opportunity for the department of transportation, cities and transit agencies having within their boundaries a portion of the existing or planned high occupancy vehicle system contained in the regional transportation plan, to coordinate programming and operational decisions affecting the high occupancy vehicle system. If two or more adjoining counties impose a tax under RCW 81.100.030 or 81.100.060, the counties shall jointly enter one interlocal agreement with the department of transportation. [1990 c 43 § 20.]

High capacity transportation account: RCW 47.78.010.

**81.104.010 Purpose.** Increasing congestion on Washington's roadways calls for identification and implementation of high capacity transportation system alternatives. The legislature believes that local jurisdictions should coordinate and be responsible for high capacity transportation policy development, program planning, and implementation. The state should assist by working with local agencies on issues involving rights of way, partially financing projects meeting established state criteria including development and completion of the high occupancy vehicle lane system, authorizing local jurisdictions to finance high capacity transportation systems through voter-approved tax options, and providing technical assistance and information. [1992 c 101 § 18; 1991 c 318 § 1; 1990 c 43 § 22.]

**81.104.015 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "High capacity transportation system" means a system of public transportation services within an urbanized region operating principally on exclusive rights of way, and the supporting services and facilities necessary to implement such a system, including interim express services and high occupancy vehicle lanes, which taken as a whole, provides a substantially higher level of passenger capacity, speed, and service frequency than traditional public transportation systems operating principally in general purpose roadways.

(2) "Regional transit system" means a high capacity transportation system under the jurisdiction of one or more transit agencies except where a regional transit authority created under chapter 81.112 RCW exists, in which case "regional transit system" means the high capacity transportation system under the jurisdiction of a regional transit authority.

(3) "Transit agency" means city-owned transit systems, county transportation authorities, metropolitan municipal corporations, and public transportation benefit areas. [1992 c 101 § 19.]

**81.104.020 State policy roles.** The department of transportation's current policy role in transit is expanded to include other high capacity transportation development as part of a multimodal transportation system.

(1) The department of transportation shall implement a program for high capacity transportation coordination, planning, and technical studies with appropriations from the high capacity transportation account.

(2) The department shall assist local jurisdictions and regional transportation planning organizations with high capacity transportation planning efforts. [1991 c 318 § 2; 1990 c 43 § 23.]

**81.104.030 Policy development outside central Puget Sound—Voter approval.** (1) In any county with a population of from two hundred ten thousand to less than one million that is not bordered by a county with a population of one million or more, and in each county with a population of less than two hundred ten thousand, transit agencies may elect to establish high capacity transportation service. Such agencies shall form a regional policy committee with proportional representation based upon population distribution within the designated service area and a representative of the department of transportation, or such agencies may use the designated metropolitan planning organization as the regional policy committee.

Transit agencies participating in joint regional policy committees shall seek voter approval within their own service boundaries of a high capacity transportation system plan and financing plan.

(2) Transit agencies in counties adjoining state or international boundaries are authorized to participate in the regional high capacity transportation programs of an adjoining state or Canadian province. [1992 c 101 § 20; 1991 c 318 § 3; 1991 c 309 § 2; (1991 c 363 § 155 repealed by 1991 c 309 § 6); 1990 c 43 § 24.]

**81.104.040 Policy development in central Puget Sound—Voter approval.** Transit agencies in each county with a population of one million or more, and in each county with a population of from two hundred ten thousand to less than one million bordering a county with a population of one million or more that are authorized on January 1, 1991, to provide high capacity transportation planning and operating services must establish through interlocal agreements a joint regional policy committee with proportional representation based upon the population distribution within each agency's designated service area, as determined by the parties to the agreement.

(1) The membership of the joint regional policy committee shall consist of locally elected officials who serve on the legislative authority of the existing transit systems and a representative from the department of transportation. Nonvoting membership for elected officials from adjoining counties may be allowed at the committee's discretion.

(2) The joint regional policy committee shall be responsible for the preparation and adoption of a regional high capacity transportation implementation program, which shall include the system plan, project plans, and a financing plan. This program shall be in conformance with the regional transportation planning organization's regional transportation plan and consistent with RCW 81.104.080.

(3) The joint regional policy committee shall present an adopted high capacity transportation system plan and financing plan to the boards of directors of the transit agencies within the service area or to the regional transit authority, if such authority has been formed. The authority
shall proceed as prescribed in RCW 81.112.030. [1992 c 101 § 21; 1991 c 318 § 4; 1990 c 43 § 25.]

81.104.050 Expansion of service. Regional high capacity transportation service may be expanded beyond the established district boundaries through interlocal agreements among the transit agencies and any regional transit authorities in existence. [1992 c 101 § 22; 1991 c 318 § 5; 1990 c 43 § 26.]

81.104.060 State role in planning and implementation. (1) The state’s planning role in high capacity transportation development as one element of a multimodal transportation system should facilitate cooperative state and local planning efforts.

(2) The department of transportation may serve as a contractor for high capacity transportation system and project design, administer construction, and assist agencies authorized to provide service in the acquisition, preservation, and joint use of rights of way.

(3) The department and local jurisdictions shall continue to cooperate with respect to the development of high occupancy vehicle lanes and related facilities, associated roadways, transfer stations, people mover systems developed either by the public or private sector, and other related projects.

(4) The department in cooperation with local jurisdictions shall develop policies which enhance the development of high speed interregional systems by both the private and the public sector. These policies may address joint use of rights of way, identification and preservation of transportation corridors, and joint development of stations and other facilities. [1991 c 318 § 6; 1990 c 43 § 27.]

81.104.070 Responsibility for system implementation. (1) The state shall not become an operating agent for regional high capacity transportation systems.

(2) Agencies providing high capacity transportation service are responsible for planning, construction, operations, and funding including station area design and development, and parking facilities. Agencies may implement necessary contracts, joint development agreements, and interlocal government agreements. Agencies providing service shall consult with affected local jurisdictions and cooperate with comprehensive planning processes. [1990 c 43 § 28.]

81.104.080 Regional transportation planning. Where applicable, regional transportation plans and local comprehensive plans shall address the relationship between urban growth and an effective high capacity transportation system plan, and provide for cooperation between local jurisdictions and transit agencies.

(1) Regional high capacity transportation plans shall be included in the designated regional transportation planning organization’s regional transportation plan review and update process to facilitate development of a coordinated multimodal transportation system and to meet federal funding requirements.

(2) Interlocal agreements between transit authorities, cities, and counties shall set forth conditions for assuring land uses compatible with development of high capacity transportation systems. These include developing sufficient land use densities through local actions in high capacity transportation corridors and near passenger stations, preserving transit rights of way, and protecting the region’s environmental quality. The implementation program for high capacity transportation systems shall favor cities and counties with supportive land use plans. In developing local actions intended to carry out these policies cities and counties shall insure the opportunity for public comment and participation in the siting of such facilities, including stations or transfer facilities. Agencies providing high capacity transportation services, in cooperation with public and private interests, shall promote transit-compatible land uses and development which includes joint development.

(3) Interlocal agreements shall be consistent with state planning goals as set forth in chapter 36.70A RCW. Agreements shall also include plans for concentrated employment centers, mixed-use development, and housing densities that support high capacity transportation systems.

(4) Agencies providing high capacity transportation service and other transit agencies shall develop a cooperative process for the planning, development, operations, and funding of feeder transportation systems. Feeder systems may include existing and future intercity passenger systems and alternative technology people mover systems which may be developed by the private or public sector.

(5) Cities and counties along corridors designated in a high capacity transportation system plan shall enter into agreements with their designated regional transportation planning organizations, for the purpose of participating in a right of way preservation review process which includes activities to promote the preservation of the high capacity transportation rights of way. The regional transportation planning organization shall serve as the coordinator of the review process.

(a) Cities and counties shall forward all development proposals for projects within and adjoining to the rights of way proposed for preservation to the designated regional transportation planning organizations, which shall distribute the proposals for review by parties to the right of way preservation review process.

(b) The regional transportation planning organizations shall also review proposals for conformance with the regional transportation plan and associated regional development strategies. The designated regional transportation planning organization shall within ninety days compile local and regional agency comments and communicate the same to the originating jurisdiction and the joint regional policy committee. [1991 c 318 § 7; 1990 c 43 § 29.]

81.104.090 Department of transportation responsibilities—Funding of planning projects. The department of transportation shall be responsible for distributing amounts appropriated from the high capacity transportation account and shall prioritize funding requests based on criteria in subsection (3) of this section.

(1) The department shall establish an advisory council of policy and technical experts pursuant to RCW 47.01.091 to assist in the review of requests for high capacity transportation account funds. The council shall be comprised of one representative from each congressional district, a designee of
the governor, the executive director or a designee of the transportation improvement board, the director of the Washington state transportation center, and the chair or designee of the legislative transportation committee.

(2) State high capacity transportation account funds may provide up to eighty percent matching assistance for high capacity transportation planning efforts.

(3) Authorizations for state funding for high capacity transportation planning projects shall be subject to the following criteria:

(a) Conformance with the designated regional transportation planning organization’s regional transportation plan;
(b) Local matching funds;
(c) Demonstration of projected improvement in regional mobility;
(d) Conformance with planning requirements prescribed in RCW 81.104.100, and if five hundred thousand dollars or more in state funding is requested, conformance with the requirements of RCW 81.104.110; and
(e) Establishment, through interlocal agreements, of a joint regional policy committee as defined in RCW 81.104.030 or 81.104.040.

(4) The department of transportation shall provide general review and monitoring of the system and project planning process prescribed in RCW 81.104.100. [1991 c 318 § 8; 1990 c 43 § 30.]

81.104.100 Planning process. To assure development of an effective high capacity transportation system, local authorities shall follow the following planning process:

(1) Regional, multimodal transportation planning is the ongoing urban transportation planning process conducted in each urbanized area by its regional transportation planning organization. During this process, regional transportation goals are identified, travel patterns are analyzed, and future land use and travel are projected. The process provides a comprehensive view of the region’s transportation needs but does not select specified modes to serve those needs. The process shall identify a priority corridor or corridors for further study of high capacity transportation facilities if it is deemed feasible by local officials.

(2) High capacity transportation system planning is the detailed evaluation of a range of high capacity transportation system options, including: Do nothing, low capital, and ranges of higher capital facilities. To the extent possible this evaluation shall take into account the urban mass transportation administration’s requirements identified in subsection (3) of this section.

High capacity transportation system planning shall proceed as follows:

(a) Organization and management. The responsible local transit agency or agencies shall define roles for various local agencies, review background information, provide for public involvement, and develop a detailed work plan for the system planning process.

(b) Development of options. Options to be studied shall be developed to ensure an appropriate range of technologies and service policies can be evaluated. A do-nothing option and a low capital option that maximizes the current system shall be developed. Several higher capital options that consider a range of capital expenditures for several candidate technologies shall be developed.

(c) Analysis methods. The local transit agency shall develop reports describing the analysis and assumptions for the estimation of capital costs, operating and maintenance costs, methods for travel forecasting, a financial plan and an evaluation methodology.

(d) The system plan submitted to the voters pursuant to RCW 81.104.140 shall address, but is not limited to the following issues:

(i) Identification of level and types of high capacity transportation services to be provided;
(ii) A plan of high occupancy vehicle lanes to be constructed;
(iii) Identification of route alignments and station locations with sufficient specificity to permit calculation of costs, ridership, and system impacts;
(iv) Performance characteristics of technologies in the system plan;
(v) Patronage forecasts;
(vi) A financing plan describing: Phasing of investments; capital and operating costs and expected revenues; cost-effectiveness represented by a total cost per system rider and new rider estimate; estimated ridership and the cost of service for each individual high capacity line; and identification of the operating revenue to operating expense ratio.

The financing plan shall specifically differentiate the proposed use of funds between high capacity transportation facilities and services, and high occupancy vehicle facilities;

(vii) Description of the relationship between the high capacity transportation system plan and adopted land use plans;

(viii) An assessment of social, economic, and environmental impacts; and

(ix) Mobility characteristics of the system presented, including but not limited to: Qualitative description of system/service philosophy and impacts; qualitative system reliability; travel time and number of transfers between selected residential, employment, and activity centers; and system and activity center mode splits.

(3) High capacity transportation project planning is the detailed identification of alignments, station locations, equipment and systems, construction schedules, environmental effects, and costs. High capacity transportation project planning shall proceed as follows: The local transit agency shall analyze and produce information needed for the preparation of environmental impact statements. The impact statements shall address the impact that development of such a system will have on abutting or nearby property owners. The process of identification of alignments and station locations shall include notification of affected property owners by normal legal public ation. At minimum, such notification shall include notice on the same day for at least three weeks in at least two newspapers of general circulation in the county where such project is proposed. Special notice of hearings by the conspicuous posting of notice, in a manner designed to attract public attention, in the vicinity of areas identified for station locations or transfer sites shall also be provided.

In order to increase the likelihood of future federal funding, the project planning processes shall follow the urban mass transportation administration’s requirements as
described in "Procedures and Technical Methods for Transit Project Planning", published by the United States department of transportation, urban mass transportation administration, September 1986, or the most recent edition. Nothing in this subsection shall be construed to preclude detailed evaluation of more than one corridor in the planning process.

The department of transportation shall provide system and project planning review and monitoring in cooperation with the expert review panel identified in RCW 81.104.110. In addition, the local transit agency shall maintain a continuous public involvement program and seek involvement of other government agencies. [1992 c 101 § 23; 1991 sp.s. c 15 § 68; 1991 c 318 § 9; 1990 c 43 § 31.]

Construction—Severability—1991 sp.s. c 15: See note following RCW 46.68.110.

81.104.110 Independent system plan oversight. The legislature recognizes that the planning processes described in RCW 81.104.100 provide a recognized framework for guiding high capacity transportation studies. However, the process cannot guarantee appropriate decisions unless key study assumptions are reasonable.

To assure appropriate system plan assumptions and to provide for review of system plan results, an expert review panel shall be appointed to provide independent technical review for development of any system plan which is to be funded in whole or in part by the imposition of any voter-approved local option funding sources enumerated in RCW 81.104.140.

(1) The expert review panel shall consist of five to ten members who are recognized experts in relevant fields, such as transit operations, planning, emerging transportation technologies, engineering, finance, law, the environment, geography, economics, and political science.

(2) The expert review panel shall be selected cooperatively by the chair of the legislative transportation committee, the secretary of the department of transportation, and the governor to assure a balance of disciplines. In the case of counties adjoining another state or Canadian province the expert review panel membership shall be selected cooperatively with representatives of the adjoining state or Canadian province.

(3) The chair of the expert review panel shall be designated by the appointing authorities.

(4) The expert review panel shall serve without compensation but shall be reimbursed for expenses according to chapter 43.03 RCW.

(5) The panel shall carry out the duties set forth in subsections (6) and (7) of this section until the date on which an election is held to consider the high capacity transportation system and financing plans. Funds appropriated for expenses of the expert panel shall be administered by the department of transportation.

(6) The expert panel shall review all reports required in RCW 81.104.100(2) and shall concentrate on service modes and concepts, costs, patronage and financing evaluations.

(7) The expert panel shall provide timely reviews and comments on individual reports and study conclusions to the governor, the legislative transportation committee, the department of transportation, the regional transportation planning organization, the joint regional policy committee, and the submitting lead transit agency. In the case of counties adjoining another state or Canadian province, the expert review panel shall provide its reviews, comments, and conclusions to the representatives of the adjoining state or Canadian province.

(8) The legislative transportation committee shall contract for consulting services for expert review panels. The amount of consultant support shall be negotiated with each expert review panel by the legislative transportation committee and shall be paid from appropriations for that purpose from the high capacity transportation account. [1991 c 318 § 10; 1991 c 309 § 3; 1990 c 43 § 32.]

Reviser's note: This section was amended by 1991 c 309 § 3 and by 1991 c 318 § 10, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

81.104.120 Commuter rail service. (1) Transit agencies and regional transit authorities may operate or contract for commuter rail service where it is deemed to be a reasonable alternative transit mode. A reasonable alternative is one whose passenger costs per mile, including costs of trackage, equipment, maintenance, operations, and administration are equal to or less than comparable bus, entrained bus, trolley, or personal rapid transit systems.

(2) A county may use funds collected under RCW 81.100.030 or 81.100.060 to contract with one or more transit agencies or regional transit authorities for planning, operation, and maintenance of commuter rail projects which:

(a) Are consistent with the regional transportation plan; (b) have met the project planning and oversight requirements of RCW 81.104.100 and 81.104.110; and (c) have been approved by the voters within the service area of each transit agency or regional transit authority participating in the project. The phrase "approved by the voters" includes specific funding authorization for the commuter rail project.

(3) The utilities and transportation commission shall maintain safety responsibility for passenger rail service operating on freight rail lines. Agencies providing passenger rail service on lines other than freight rail lines shall maintain safety responsibility for that service. [1992 c 101 § 24; 1990 c 43 § 33.]

81.104.130 Financial responsibility. Agencies providing high capacity transportation service shall determine optimal debt-to-equity ratios, establish capital and operations allocations, and establish fare-box recovery return policy. [1990 c 43 § 34.]

81.104.140 Dedicated funding sources. (1) Agencies authorized to provide high capacity transportation service, including transit agencies and regional transit authorities, are hereby granted dedicated funding sources for such systems. These dedicated funding sources, as set forth in RCW 81.104.150, 81.104.160, and 81.104.170, are authorized only for agencies located in (a) each county with a population of two hundred ten thousand or more and (b) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described under (a) of this subsection. In any county with a population

(1992 Ed.)
Title 81 RCW: Transportation

of one million or more or in any county having a population of four hundred thousand or more bordering a county with a population of one million or more, these funding sources may be imposed only by a regional transit authority.

(2) Agencies planning to construct and operate a high capacity transportation system should also seek other funds, including federal, state, local, and private sector assistance.

(3) Funding sources should satisfy each of the following criteria to the greatest extent possible:

(a) Acceptability;
(b) Ease of administration;
(c) Equity;
(d) Implementation feasibility;
(e) Revenue reliability; and
(f) Revenue yield.

(4) Agencies participating in regional high capacity transportation system development are authorized to levy and collect the following voter-approved local option funding sources:

(a) Employer tax as provided in RCW 81.104.150;
(b) Special motor vehicle excise tax as provided in RCW 81.104.160; and
(c) Sales and use tax as provided in RCW 81.104.170.

Revenues from these taxes may be used only to support those purposes prescribed in subsection (10) of this section. Before the date of an election authorizing an agency to impose any of the taxes enumerated in this section and authorized in RCW 81.104.150, 81.104.160, and 81.104.170, the agency must comply with the process prescribed in RCW 81.104.100 (1) and (2) and 81.104.110. No construction on exclusive right of way may occur before the requirements of RCW 81.104.100(3) are met.

(5) Authorization in subsection (4) of this section shall not adversely affect the funding authority of transit agencies not provided for in this chapter. Local option funds may be used to support implementation of interlocal agreements with respect to the establishment of regional high capacity transportation service. Except when a regional transit authority exists, local jurisdictions shall retain control over moneys generated within their boundaries, although funds may be commingled with those generated in other areas for planning, construction, and operation of high capacity transportation systems as set forth in the agreements.

(6) Agencies planning to construct and operate high capacity transportation systems may contract with the state for collection and transference of voter-approved local option revenue.

(7) Dedicated high capacity transportation funding sources authorized in RCW 81.104.150, 81.104.160, and 81.104.170 shall be subject to voter approval by a simple majority. A single ballot proposition may seek approval for one or more of the authorized taxing sources. The ballot title shall reference the document identified in subsection (8) of this section.

(8) Agencies shall provide to the registered voters in the area a document describing the systems plan and the financing plan set forth in RCW 81.104.100. It shall also describe the relationship of the system to regional issues such as development density at station locations and activity centers, and the interrelationship of the system to adopted land use and transportation demand management goals within the region. This document shall be provided to the voters at least twenty days prior to the date of the election.

(9) For any election in which voter approval is sought for a high capacity transportation system plan and financing plan pursuant to RCW 81.104.040, a local voter’s pamphlet shall be produced as provided in chapter 29.81A RCW.

(10) Agencies providing high capacity transportation service shall retain responsibility for revenue encumbrance, disbursement, and bonding. Funds may be used for any purpose relating to planning, construction, and operation of high capacity transportation systems and commuter rail systems, personal rapid transit, busways, bus sets, and entrained and linked buses. [1992 c 101 § 25. Prior: 1991 c 318 § 11; 1991 c 309 § 4; 1991 c 363 § 157 repealed by 1991 c 309 § 6; 1990 c 43 § 35.]

81.104.150 Employer tax. Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved may impose an excise tax of up to two dollars per month per employee on all employers located within the agency’s jurisdiction, measured by the number of full-time equivalent employees, solely for the purpose of providing high capacity transportation service. The rate of tax shall be approved by the voters. This tax may not be imposed by: (1) A transit agency when the county within which it is located is imposing an excise tax pursuant to RCW 81.100.030; or (2) a regional transit authority when any county within the authority’s boundaries is imposing an excise tax pursuant to RCW 81.100.030. The agency imposing the tax authorized in this section may provide for exemptions from the tax to such educational, cultural, health, charitable, or religious organizations as it deems appropriate. [1992 c 101 § 26; 1990 c 43 § 41.]

81.104.160 Motor vehicle excise tax. (Effective until January 1, 1993.) Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eighty one-hundredths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. In any county imposing a motor vehicle excise tax surcharge pursuant to RCW 81.100.060, the maximum tax rate under this section shall be reduced to a rate equal to eighty one-hundredths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed pursuant to RCW 81.100.060. This rate shall not apply to vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090. [1992 c 101 § 27; 1991 c 318 § 12; 1990 c 43 § 42.]

81.104.160 Motor vehicle excise tax—Sales and use tax on car rentals. (Effective January 1, 1993.) (1) Cities that operate transit systems, county transportation authorities,

metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters, and if approved, may levy and collect an excise tax, at a rate approved by the voters, but not exceeding eighty one-hundredths of one percent on the value, under chapter 82.44 RCW, of every motor vehicle owned by a resident of the taxing district, solely for the purpose of providing high capacity transportation service. In any county imposing a motor vehicle excise tax surcharge pursuant to RCW 81.100.060, the maximum tax rate under this section shall be reduced to a rate equal to eighty one-hundredths of one percent on the value less the equivalent motor vehicle excise tax rate of the surcharge imposed pursuant to RCW 81.100.060. This rate shall not apply to vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.080, 46.16.085, or 46.16.090.

(2) An agency imposing a tax under subsection (1) of this section may also impose a sales and use tax solely for the purpose of providing high capacity transportation service, in addition to the tax authorized by RCW 82.14.030, upon retail car rentals within the agency's jurisdiction that are taxable by the state under chapters 82.08 and 82.12 RCW. The rate of tax shall bear the same ratio to the rate imposed under RCW 82.08.020(2) as the excise tax rate imposed under subsection (1) of this section bears to the excise tax rate imposed under RCW 82.44.020 (1) and (2). The base of the tax shall be the selling price in the case of a sales tax or the rental value of the vehicle used in the case of a use tax. The revenue collected under this subsection shall be used in the same manner as excise taxes under subsection (1) of this section. [1992 c 194 § 13; 1992 c 101 § 27; 1991 c 318 § 12; 1990 c 43 § 42.]

Reviser's note: This section was amended by 1992 c 101 § 27 and by 1992 c 194 § 13, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1). Legislative intent—1992 c 194: See note following RCW 82.08.020. Effective dates—1992 c 194: See note following RCW 46.04.466.

81.104.170 Sales and use tax. Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities may submit an authorizing proposition to the voters and if approved by a majority of persons voting, fix and impose a sales and use tax in accordance with the terms of this chapter, solely for the purpose of providing high capacity transportation service.

The tax authorized pursuant to this section shall be in addition to the tax authorized by RCW 82.14.030 and shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district. The maximum rate of such tax shall be approved by the voters and shall not exceed one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The maximum rate of such tax that may be imposed shall not exceed nine-tenths of one percent in any county that imposes a tax under RCW 82.14.340, or within a regional transit authority if any county within the authority imposes a tax under RCW 82.14.340. [1992 c 101 § 28; 1990 2nd ex.s. c 1 § 902; 1990 c 43 § 43.]

Severability—1990 2nd ex.s. c 1: See note following RCW 82.14.300.

81.104.180 Pledge of revenues for bond retirement. Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit authorities are authorized to pledge revenues from the employer tax authorized by RCW 81.104.150, the special motor vehicle excise tax authorized by RCW 81.104.160, and the sales and use tax authorized by RCW 81.104.170, to retire bonds issued solely for the purpose of providing high capacity transportation service. [1992 c 101 § 29; 1990 c 43 § 44.]

81.104.190 Contract for collection of taxes. Cities that operate transit systems, county transportation authorities, metropolitan municipal corporations, public transportation benefit areas, and regional transit systems may contract with the state department of revenue or other appropriate entities for administration and collection of any tax authorized by RCW 81.104.150, 81.104.160, and 81.104.170. [1992 c 101 § 30; 1990 c 43 § 45.]

81.108.010 Purpose. State and national policy directs that the management of low-level radioactive waste be accomplished by a system of interstate compacts and the development of regional disposal sites. The Northwest regional compact, comprised of the states of Alaska, Hawaii, Idaho, Montana, Oregon, Utah, and Washington, has as its disposal facility the low-level radioactive waste disposal site located near Richland, Washington. This site is expected to be the sole site for disposal of low-level radioactive waste for compact members effective January 1, 1993. Future closure of this site will require significant financial resources.

Low-level radioactive waste is generated by essential activities and services that benefit the citizens of the state.
Washington state's low-level radioactive waste disposal site has been used by the nation and the Northwest compact as a disposal site since 1965. The public has come to rely on access to this site for disposal of low-level radioactive waste, which requires separate handling from other solid and hazardous wastes. The price of disposing of low-level radioactive waste at the Washington state low-level radioactive waste disposal site is anticipated to increase when the federal low-level radioactive waste policy amendments act of 1985 is implemented and waste generated outside the Northwest compact states is excluded.

When these events occur, to protect Washington and other Northwest compact states' businesses and services, such as electrical production, medical and university research, and private industries, upon which the public relies, there will be a need to regulate the rates charged by the operator of Washington's low-level radioactive waste disposal site. This chapter is adopted pursuant to section 8, chapter 21, Laws of 1990. [1991 c 272 § 1.]

81.108.020 Definitions. Definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the Washington utilities and transportation commission.

(2) "Effective rate" means the highest permissible rate, calculated as the lowest contract rate plus an administrative fee, if applicable, determined pursuant to RCW 81.108.040.

(3) "Extraordinary volume" means volumes of low-level radioactive waste delivered to a site caused by nonrecurring events, outside normal operations of a generator, that are in excess of twenty thousand cubic feet or twenty percent of the preceding year's total volume at such site, whichever is less.

(4) "Extraordinary volume adjustment" means a mechanism that allocates the potential rate reduction benefits of an extraordinary volume between all generators and the generator responsible for such extraordinary volume as described in RCW 81.108.070.

(5) "Generator" means a person, partnership, association, corporation, or any other entity whatsoever that, as a part of its activities, produces low-level radioactive waste.

(6) "Inflation adjustment" means a mechanism that adjusts the maximum disposal rate by a percentage equal to the change in price levels in the preceding period, as measured by a common, verifiable price index as determined in RCW 81.108.040.

(7) "Initial rate proceeding" means the proceeding described in RCW 81.108.040.

(8) "Maximum disposal rate" means the rate described in RCW 81.108.050.

(9) "Site" means a location, structure, or property used or to be used for the storage, treatment, or disposal of low-level radioactive waste for compensation within the state of Washington.

(10) "Site operator" means a low-level radioactive waste site operating company as defined in RCW 81.04.010.

(11) "Volume adjustment" means a mechanism that adjusts the maximum disposal rate in response to material changes in volumes of waste deposited at the site during the preceding period so as to provide a level of total revenues sufficient to recover the costs to operate and maintain the site. [1991 c 272 § 2.]

81.108.030 Commission—Powers. (1) The commission shall have jurisdiction over the sites and site operators as set forth in this chapter.

(2)(a) The commission shall establish rates to be charged by site operators. In establishing the rates, the commission shall assure that they are fair, just, reasonable, and sufficient considering the value of the site operator's leasehold and license interests, the unique nature of its business operations, the site operator's liability associated with the site, its investment incurred over the term of its operations, and the rate of return equivalent to that earned by comparable enterprises. The rates shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100.

(b) In exercising the power in this subsection the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at the objective of prescribing and authorizing fair, just, reasonable, and sufficient rates. The relation of site operator expenses to site operator revenues may be deemed the proper test of a reasonable return.

(3) In all respects in which the commission has power and authority under this chapter, applications and complaints may be made and filed with it, process issued, hearings held, opinions, orders, and decisions made and filed, petitions for rehearing filed and acted upon, and petitions for review to the superior court filed therewith, appeals filed with the appellate courts of this state, considered and disposed of by said courts in the manner, under the conditions, and subject to the limitations, and with the effect specified in this title for public service companies generally.

(4) At any time after January 1, 1992, the commission may: (a) Prescribe a system of accounts for site operators using as a starting point the existing system used by site operators; (b) audit the books of site operators; (c) obtain books and records from site operators; (d) assess penalties; and (e) require semiannual reports regarding the results of operations for the site.

(5) The commission may adopt rules necessary to carry out its functions under this chapter. [1991 c 272 § 4.]

81.108.040 Rates—Initial determination—Fees. (1) On or before March 1, 1992, site operators shall file a request with the commission to establish an initial maximum disposal rate. The filing shall include, at a minimum, testimony, exhibits, workpapers, summaries, annual reports, cost studies, proposed tariffs, and other documents as required by the commission in rate cases generally under its jurisdiction.

(2) After receipt of a request, the commission shall set the request for a hearing and require the site operator to provide for notice to all known customers that ship or deliver waste to the site. The proceedings before the commission shall be conducted in accordance with chapter 34.05 RCW and rules of procedure established by the commission.
(3) No later than January 1, 1993, the commission shall establish the initial maximum disposal rates that may be charged by site operators.

(4) In the initial rate proceeding the commission also shall determine the factors necessary to calculate the inflation, volume, and extraordinary volume adjustments.

(5) The commission also shall determine the administrative fee, which shall be a percentage or an amount that represents increased administrative costs associated with acceptance of small volumes of waste by a site operator. The administrative fee may be revised by the commission from time to time upon its own motion or upon the petition of an interested person.

(6) The rates specified in this section shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100. [1991 c 272 § 5.]

81.108.050 Maximum rates—Revisions. (1) The maximum disposal rates that a site operator may charge generators shall be determined in accordance with this section. The rates shall include all charges for disposal services at the site.

(2) Initially, the maximum disposal rates shall be the initial rates established pursuant to RCW 81.108.040.

(3) Subsequently, the maximum disposal rates shall be adjusted semiannually in January and July of each year to incorporate inflation and volume adjustments. Such adjustments shall take effect thirty days after filing with the commission unless the commission authorizes that the adjustments take effect earlier, or the commission contests the calculation of the adjustments, in which case the commission may suspend the filing. A site operator shall provide notice to its customers concurrent with the filing.

(4)(a) Subsequently, a site operator may also file for revisions to the maximum disposal rates due to:

(i) Changes in any governmental or imposed fee, surcharge, or tax assessed on a volume or a gross revenue basis against or collected by the site operator, including site closure fees, perpetual care and maintenance fees, business and occupation taxes, site surveillance fees, leasehold excise taxes, commission regulatory fees, municipal taxes, and a tax or payment in lieu of taxes authorized by the state to compensate the county in which a site is located for that county's legitimate costs arising out of the presence of that site within that county; or

(ii) Factors outside the control of the site operator such as a material change in regulatory requirements regarding the physical operation of the site.

(b) Revisions to the maximum disposal rate shall take effect thirty days after filing with the commission unless the commission suspends the filing or authorizes the proposed adjustments to take effect earlier.

(5) Upon establishment of a contract rate pursuant to RCW 81.108.060 for a disposal fee, the site operator may not collect a disposal fee that is greater than the effective rate. The effective rate shall be in effect so long as such contract rate remains in effect. Adjustments to the maximum disposal rates may be made during the time an effective rate is in place. Contracts for disposal of extraordinary volumes pursuant to RCW 81.108.070 shall not be considered in determining the effective rate.

(6) The site operator may petition the commission for new maximum disposal rates at any time. Upon receipt of such a petition, the commission shall set the matter for hearing and shall issue an order within seven months of the filing of the petition. The petition shall be accompanied by the documents required to accompany the filing for initial rates. The hearing on the petition shall be conducted in accordance with the commission's rules of practice and procedure.

(7) This section shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100. [1991 c 272 § 6.]

81.108.060 Contracted disposal rates. (1) At any time, a site operator may contract with any person to provide a contract disposal rate lower than the maximum disposal rate.

(2) A contract or contract amendment shall be submitted to the commission for approval at least thirty days before its effective date. The commission may approve the contract or suspend the contract and set it for hearing. If the commission takes no action within thirty days of filing, the contract or amendment shall go into effect according to its terms. Each contract filing shall be accompanied with documentation to show that the contract does not result in discrimination between generators receiving like and contemporaneous service under substantially similar circumstances and provides for the recovery of all costs associated with the provision of the service.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100. [1991 c 272 § 7.]

81.108.070 Extraordinary volume adjustment. (1) In establishing the extraordinary volume adjustment, unless the site operator and generator of the extraordinary volume agree to a contract disposal rate, one-half of the extraordinary volume delivery shall be priced at the maximum disposal rate and one-half shall be priced at the site operator's incremental cost to receive the delivery. Such incremental cost shall be determined in the initial rate proceeding.

(2) For purposes of the subsequent calculation of the volume adjustment, one-half of the total extraordinary volume shall be included in the calculation.

(3) This section shall only take effect following a finding that the site operator is a monopoly pursuant to RCW 81.108.100. [1991 c 272 § 8.]

81.108.080 Complaint—Hearing. (1) At any time, the commission or an interested person may file a complaint against a site operator alleging that the rates established pursuant to RCW 81.108.040 or 81.108.050 are not in conformity with the standards set forth in RCW 81.108.030 or that the site operator is otherwise not acting in conformity with the requirements of this chapter. Upon filing of the complaint, the commission shall cause a copy of the complaint to be served upon the site operator. The complaining party shall have the burden of proving that the maximum disposal rates determined pursuant to RCW 81.108.050 are not just, fair, reasonable, or sufficient. The hearing shall
conform to the rules of practice and procedure of the commission for other complaint cases.

(2) The commission shall encourage alternate forms of dispute resolution to resolve disputes between a site operator and any other person regarding matters covered by this chapter. [1991 c 272 § 9.]

### 81.108.090 Revenue statement—Fees

(1) A site operator shall, on or before May 1, 1992, and each year thereafter, file with the commission a statement showing its gross operating revenue from intrastate operations for the preceding calendar year, or portion thereof, and pay to the commission a fee equal to one percent of the amount of the gross operating revenue, exclusive of site surveillance fees, perpetual care and maintenance fees, site closure fees, and state or federally imposed out-of-region surcharges.

(2) Fees collected under this chapter shall reasonably approximate the cost of supervising and regulating site operators. The commission may order a decrease in fees by March 1st of any year in which it determines that the moneys then in the radioactive waste disposal companies account of the public service revolving fund and the fees currently to be paid will exceed the reasonable cost of supervising and regulating site operators.

(3) Fees collected under this section or under any other provision of this chapter shall be paid to the commission and shall be transmitted to the state treasurer within thirty days to be deposited to the credit of the public service revolving fund. [1991 c 272 § 10.]

### 81.108.100 Exemptions—Monopolies—Hearings—Rates

(1) A low-level waste disposal site operator is exempt as specified in RCW 81.108.030(2)(a), 81.108.040(6), 81.108.050(7), 81.108.060(3), and 81.108.070(3) unless a monopoly situation exists with respect to the site operated by such site operator. A monopoly situation exists if either of the following is present:

(a) No disposal facility is available to Northwest compact generators of low-level radioactive waste other than the site or sites operated by such site operator or its affiliates; or

(b) Disposal rates at other sites are not reasonable alternatives for Northwest compact generators, considering:

Disposal rates at other facilities; current disposal rates charged by the site operator; historic relationships between the site operator's rates and rates at other facilities; and changes in the operator's rates considering changes in waste volumes, taxes, and fees. A monopoly situation does not exist if either of the following facilities operates or is projected to operate after December 31, 1992:

(i) Any existing low-level radioactive waste disposal site outside the state of Washington, other than facilities operated by affiliates of a site operator, provided that such site or sites do not charge disposal rates that discriminate against Northwest compact generators, except to the extent, through December 31, 1994, such discrimination is authorized by amendment of current federal law.

(ii) An existing facility within the Northwest compact not receiving low-level radioactive waste offers to receive such waste under substantially similar terms and conditions.

(2) The exemption shall be in effect until such time as the commission finds, after notice and hearing, upon motion by the commission or upon petition by any interested party, that a monopoly situation exists or will exist as of January 1, 1993. The finding shall be based upon application of the criteria set forth in this section. The commission may assess a site operator for all of the commission's costs of supervising and regulation prior to and relative to determining whether the exemption applies to the site operator. If the commission determines that a site operator is not subject to the exemption, it shall collect its costs of supervision and regulation under RCW 81.108.090.

(3) When an exemption is in effect, any increase in the rates charged by the operator effective January 1, 1993, for services other than the base rate for disposal of solid material in packages of twelve cubic feet or less shall be no more than the percentage increase in the base rate in effect on January 1, 1993. [1991 c 272 § 11.]

### 81.108.110 Competitive companies—Exemptions

(1) At any time after this chapter has been implemented with respect to a site operator, such site operator may petition the commission to be classified as competitive. The commission may initiate classification proceedings on its own motion. The commission shall enter its final order with respect to classification within seven months from the date of filing of a company's petition or the commission's motion.

(2) The commission shall classify a site operator as a competitive company if the commission finds, after notice and hearing, that the disposal services offered are subject to competition because the company's customers have reasonably available alternatives. In determining whether a company is competitive, the commission's consideration shall include, but not be limited to:

(a) Whether the system of interstate compacts and regional disposal sites established by federal law has been implemented so that the Northwest compact site located near Richland, Washington is the exclusive site option for disposal by customers within the Northwest compact states;

(b) Whether waste generated outside the Northwest compact states is excluded; and

(c) The ability of alternative disposal sites to make functionally equivalent services readily available at competitive rates, terms, and conditions.

(3) The commission may reclassify a competitive site operator if reclassification would protect the public interest as set forth in this section.

(4) Competitive low-level radioactive waste disposal companies shall be exempt from commission regulation and fees during the time they are so classified. [1991 c 272 § 12.]

### 81.108.900 Construction

81.112.010 Findings—Intent. The legislature recognizes that existing transportation facilities in the central Puget Sound area are inadequate to address mobility needs of the area. The geography of the region, travel demand growth, and public resistance to new roadways combine to further necessitate the rapid development of alternative modes of travel.

The legislature finds that local governments have been effective in cooperatively planning a multicity, high capacity transportation system. However, a continued multijurisdictional approach to funding, construction, and operation of a multicity high capacity transportation system may impair the successful implementation of such a system.

The legislature finds that a single agency will be more effective than several local jurisdictions working collectively at planning, developing, operating, and funding a high capacity transportation system. The single agency’s services must be carefully integrated and coordinated with public transportation services currently provided. As the single agency’s services are established, any public transportation services currently provided that are duplicative should be eliminated. Further, the single agency must coordinate its activities with other agencies providing local and state roadway services, implementing comprehensive planning, and implementing transportation demand management programs and assist in developing infrastructure to support high capacity systems including but not limited to feeder systems, park and ride facilities, intermodal centers, and related roadway and operational facilities. Coordination can be best achieved through common governance, such as integrated governing boards.

It is therefore the policy of the state of Washington to empower counties in the state’s most populous region to create a local agency for planning and implementing a high capacity transportation system within that region. The authorization for such an agency, except as specifically provided in this chapter, is not intended to limit the powers of existing transit agencies. [1992 c 101 § 1.]

81.112.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Authority" means a regional transit authority authorized under this chapter.

(2) "Board" means the board of a regional transit authority.

(3) "Service area" or "area" means the area included within the boundaries of a regional transit authority.

(4) "System" means a regional transit system authorized under this chapter and under the jurisdiction of a regional transit authority.

(5) "Facilities" means any lands, interest in land, air rights over lands, and improvements thereto including vessel terminals, and any equipment, vehicles, vessels, and other components necessary to support the system. [1992 c 101 § 2.]

81.112.030 Regional transit authority. Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan.

(3) If any of the counties does not opt to participate in the authority, the joint regional policy committee shall, within forty-five days, redefine the system and financing plan and resubmit the adopted redefined plan to the remaining county legislative authorities for their decision as to whether to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(4) Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days
following each county's decision to participate in the authority.

(5) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(6) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services.

(7) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to ratify formation of the authority, approve the system and finance plan, and authorize the imposition of the taxes to support the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan submitted to voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;
(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and
(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the plan. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(8) If the vote fails, the board may redefine the system and financing plan, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised plan to voters. No single system and financing plan may be submitted to the voters more than twice.

If the authority is unable to achieve a positive vote within two years from the date of the first election on a system plan, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire membership of the voting members, the board may also dissolve the authority. [1992 c 101 § 3.]

81.112.040 Board appointments—Voting—Expenses. (1) The regional transit authority shall be governed by a board consisting of representatives appointed by the county executive and confirmed by the council or other legislative authority of each member county. Members appointed from each county shall serve on the governing board in proportion to the population of whose district is within the authority boundaries. The governing board shall be reconstituted, with regard to the number of representatives from each county, on a population basis, using the official office of financial management population estimates, five years after its initial formation and, at minimum, in the year following each official federal census. The governing board may be reduced, maintained, or expanded to reflect population changes but under no circumstances may the board membership exceed twenty-five.

(2) Major decisions of the authority shall require a favorable vote of two-thirds of the entire membership of the voting members. "Major decisions" include at least the following: System plan adoption and amendment; system phasing decisions; annual budget adoption; authorization of annexations; modification of board composition; and executive director employment.

(3) Each member of the board is eligible to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and to receive compensation as provided in RCW 43.03.250. [1992 c 101 § 4.]

81.112.050 Area included—Elections. (1) At the time of formation, the area to be included within the boundaries of the authority shall be that area set forth in the system plan adopted by the joint regional policy committee. Prior to submitting the system and financing plan to the voters, the authority may make adjustments to the boundaries as deemed appropriate but must assure that, to the extent possible, the boundaries: (a) Include the largest-population urban growth area designated by each county under chapter 36.70A RCW; and (b) follow election precinct boundaries. If a portion of any city is determined to be within the service
area, the entire city must be included within the boundaries of the authority.

(2) After voters within the authority boundaries have approved the system and financing plan, elections to add areas contiguous to the authority boundaries may be called by resolution of the regional transit authority, after consultation with affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is incorporated, or with the concurrence of the county legislative authority if the area is unincorporated. Only those areas that would benefit from the services provided by the authority may be included and services or projects proposed for the area must be consistent with the regional transportation plan. The election may include a single ballot proposition providing for annexation to the authority boundaries and imposition of the taxes at rates already imposed within the authority boundaries. [1992 c 101 § 5.]

81.112.060 Powers. An authority shall have the following powers:

(1) To establish offices, departments, boards, and commissions that are necessary to carry out the purposes of the authority, and to prescribe the functions, powers, and duties thereof.

(2) To appoint or provide for the appointment of, and to remove or to provide for the removal of, all officers and employees of the authority.

(3) To fix the salaries, wages, and other compensation of all officers and employees of the authority.

(4) To employ such engineering, legal, financial, or other specialized personnel as may be necessary to accomplish the purposes of the authority. [1992 c 101 § 6.]

81.112.070 General powers. In addition to the powers specifically granted by this chapter an authority shall have all powers necessary to implement a high capacity transportation system and to develop revenues for system support. An authority may contract with the United States or any agency thereof, any state or agency thereof, any public transportation benefit area, any county, county transportation authority, city, metropolitan municipal corporation, special district, or governmental agency, within or without the state, and any private person, firm, or corporation for: (1) The purpose of receiving gifts or grants or securing loans or advances for preliminary planning and feasibility studies; (2) the design, construction, or operation of high capacity transportation system facilities; or (3) the provision or receipt of services, facilities, or property rights to provide revenues for the system. An authority shall have the power to contract pursuant to RCW 39.33.050. In addition, an authority may contract with any governmental agency or with any private person, firm, or corporation for the use by either contracting party of all or any part of the facilities, structures, lands, interests in lands, air rights over lands and rights of way of all kinds which are owned, leased, or held by the other party and for the purpose of planning, constructing, or operating any facility or performing any service that the authority may be authorized to operate or perform, on such terms as may be agreed upon by the contracting parties. Before any contract for the lease or operation of any authority facilities is let to any private person, firm, or corporation, a general schedule of rental rates for equipment with or without operators applicable to all private certificated carriers shall be publicly posted, and for other facilities competitive bids shall first be called upon such notice, bidder qualifications, and bid conditions as the board shall determine. This shall allow use of negotiated procurements. [1992 c 101 § 7.]

81.112.080 Additional powers—Acquisition of facilities—Disposal of property—Rates, tolls, fares, charges. An authority shall have the following powers in addition to the general powers granted by this chapter:

(1) To carry out the planning processes set forth in RCW 81.104.100;

(2) To acquire by purchase, condemnation, gift, or grant and to lease, construct, add to, improve, replace, repair, maintain, operate, and regulate the use of high capacity transportation facilities and properties within authority boundaries including surface, underground, or overhead railways, trams, busways, buses, bus sets, entrained and linked buses, ferries, or other means of local transportation except taxis, and including escalators, moving sidewalks, personal rapid transit systems or other people-moving systems, passenger terminal and parking facilities and properties, and such other facilities and properties as may be necessary for passenger, vehicular, and vessel access to and from such people-moving systems, terminal and parking facilities and properties, together with all lands, rights of way, property, equipment, and accessories necessary for such high capacity transportation systems. When developing specifications for high capacity transportation system operating equipment, an authority shall take into account efforts to establish or sustain a domestic manufacturing capacity for such equipment. The right of eminent domain shall be exercised by an authority in the same manner and by the same procedure as or may be provided by law for cities of the first class, except insofar as such laws may be inconsistent with the provisions of this chapter. Public transportation facilities and properties which are owned by any city, county, county transportation authority, public transportation benefit area, or metropolitan municipal corporation may be acquired or used by an authority only with the consent of the agency owning such facilities. Such agencies are hereby authorized to convey or lease such facilities to an authority or to contract for their joint use on such terms as may be fixed by agreement between the agency and the authority.

The facilities and properties of an authority whose vehicles will operate primarily within the rights of way of public streets, roads, or highways, may be acquired, developed, and operated without the corridor and design hearings that are required by RCW 35.58.273 for mass transit facilities operating on a separate right of way;

(3) To dispose of any real or personal property acquired in connection with any authority function and that is no longer required for the purposes of the authority, in the same manner as provided for cities of the first class. When an authority determines that a facility or any part thereof that has been acquired from any public agency without compensation is no longer required for authority purposes, but is
required by the agency from which it was acquired, the
authority shall by resolution transfer it to such agency;

(4) To fix rates, tolls, fares, and charges for the use of
such facilities and to establish various routes and classes of
service. Fares or charges may be adjusted or eliminated for
any distinguishable class of users. [1992 c 101 § 8.]

81.112.090 Agreements with operators of high
capacity transportation services. Except in accordance
with an agreement made as provided in this section, upon the
date an authority begins high capacity transportation service,
no person or private corporation may operate a high capacity
transportation service within the authority boundary with the
exception of services owned or operated by any corporation
or organization solely for the purposes of the corporation
or organization and for the use of which no fee or fare is
charged.

The authority and any person or corporation legally
operating a high capacity transportation service wholly
within or partly within and partly without the authority
boundary on the date an authority begins high capacity
transportation service may enter into an agreement under
which such person or corporation may continue to operate
such service or any part thereof for such time and upon such
terms and conditions as provided in such agreement. Such
agreement shall provide for a periodic review of the terms
and conditions contained therein. Where any such high
capacity transportation service will be required to cease to
operate within the authority boundary, the authority may
agree with the owner of such service to purchase the assets
used in providing such service, or if no agreement can be
reached, an authority shall condemn such assets in the
manner and by the same procedure as is or may be provided
by law for the condemnation of other properties for cities of
the first class, except insofar as such laws may be inconsis-
tent with this chapter.

Wherever a privately owned public carrier operates
wholly or partly within an authority boundary, the Washing-
ton utilities and transportation commission shall continue to
exercise jurisdiction over such operation as provided by law.
[1992 c 101 § 9.]

81.112.100 Transfer of local government powers to
authority. An authority shall have and exercise all rights
with respect to the construction, acquisition, maintenance,
operation, extension, alteration, repair, control and manage-
ment of high capacity transportation system facilities that are
identified in the system plan developed pursuant to RCW
81.104.100 that any city, county, county transportation
authority, metropolitan municipal corporation, or public
transportation benefit area within the authority boundary has
been previously empowered to exercise and such powers
shall not thereafter be exercised by such agencies without the
consent of the authority. Nothing in this chapter shall
restrict development, construction, or operation of a personal
rapid transit system by a city or county.

An authority may adopt, in whole or in part, and may
complete, modify, or terminate any planning, environmental
review, or procurement processes related to the high capacity
transportation system that had been commenced by a joint
regional policy committee or a city, county, county transpor-
tation authority, metropolitan municipality, or public trans-
portation benefit area prior to the formation of the authority.
[1992 c 101 § 10.]

81.112.110 Acquisition of existing system—
Components. If an authority acquires any existing compo-
ents of a high capacity transportation system, it shall
assume and observe all existing labor contracts relating to
the transportation system and, to the extent necessary for
operation of facilities, all of the employees of such acquired
transportation system whose duties are necessary to operate
efficiently the facilities acquired shall be appointed to
comparable positions to those which they held at the time of
such transfer, and no employee or retired or pensioned
employee of such transportation systems shall be placed in
any worse position with respect to pension seniority, wages,
sick leave, vacation or other benefits that he or she enjoyed
as an employee of the transportation system prior to such
acquisition. At such times as may be required by such
contracts, the authority shall engage in collective bargaining
with the duly appointed representatives of any employee
labor organization having existing contracts with the ac-
quired transportation system and may enter into labor
contracts with such employee labor organization. Facilities
and equipment which are acquired after July 1, 1993; related
to high capacity transportation services which are to be
assumed by the authority as specifically identified in the
adopted system plan shall be acquired by the authority in a
manner consistent with RCW 81.112.070 through
81.112.100. [1992 c 101 § 11.]

81.112.120 Treasurer—Funds—Auditor—Bond.
The board of an authority, by resolution, shall designate a
person having experience in financial or fiscal matters as
treasurer of the authority. The board may designate, with
the concurrence of the treasurer, the treasurer of a county
within which the authority is located. Such a treasurer shall
possess all of the powers, responsibilities, and duties the
county treasurer possesses for a public transportation benefit
area authority related to investing surplus authority funds.
The board shall require a bond with a surety company
authorized to do business in the state of Washington in an
amount and under the terms and conditions the board, by
resolution, from time to time finds will protect the authority
against loss. The premium on any such bond shall be paid
by the authority.

All authority funds shall be paid to the treasurer and
shall be disbursed by the treasurer only on warrants issued
by the authority upon orders or vouchers approved by the
board.

The treasurer shall establish a special fund, into which
shall be placed all money as the board may, by resolution, direct.

If the treasurer of the authority is the treasurer of a
county, all authority funds shall be deposited with the county
depository under the same restrictions, contracts, and security
as provided for county depositaries. If the treasurer of the
authority is some other person, all funds shall be deposited in
such bank or banks authorized to do business in this state
that have qualified for insured deposits under any federal deposit insurance act as the board, by resolution, shall designate.

The authority may by resolution designate a person having experience in financial or fiscal matters, as the auditor of the authority. Such auditor shall possess all of the powers, responsibilities, and duties related to creating and maintaining funds, issuing warrants, and maintaining a record of receipts and disbursements.

The board may provide and require a reasonable bond of any other person handling moneys or securities of the authority, but the authority shall pay the premium on the bond. [1992 c 101 § 12.]

81.112.130 General obligation bonds. Notwithstanding RCW 39.36.020(1), an authority may at any time contract indebtedness or borrow money for authority purposes and may issue general obligation bonds in an amount not exceeding, together with any existing indebtedness of the authority not authorized by the voters, one and one-half percent of the value of the taxable property within the boundaries of the authority; and with the assent of three-fifths of the voters therein voting at an election called for that purpose, may contract indebtedness or borrow money for authority purposes and may issue general obligation bonds therefor, provided the total indebtedness of the authority shall not exceed five percent of the value of the taxable property therein. Such bonds shall be issued and sold in accordance with chapter 39.46 RCW.

The term "value of the taxable property" shall have the meaning set forth in RCW 39.36.015. [1992 c 101 § 13.]

81.112.140 Revenue bonds. (1) An authority may issue revenue bonds to provide funds to carry out its authorized functions without submitting the matter to the voters of the authority. The authority shall create a special fund or funds for the sole purpose of paying the principal of and interest on the bonds of each such issue, into which fund or funds the authority may obligate itself to pay such amounts of the gross revenue of the high capacity transportation system constructed, acquired, improved, added to, or repaired out of the proceeds of sale of such bonds, as the authority shall determine and may obligate the authority to pay such amounts out of otherwise unpledged revenue that may be derived from the ownership, use, or operation of properties or facilities owned, used, or operated incident to the performance of the authorized function for which such bonds are issued or out of otherwise unpledged fees, tolls, charges, tariffs, fares, rentals, special taxes, or other sources of payment lawfully authorized for such purpose, as the authority shall determine. The principal of, and interest on, such bonds shall be payable only out of such special fund or funds, and the owners of such bonds shall have a lien and charge against the gross revenue of such high capacity transportation system or any other revenue, fees, tolls, charges, tariffs, fare, special taxes, or other authorized sources pledged to the payment of such bonds.

Such revenue bonds and the interest thereon issued against such fund or funds shall be a valid claim of the owners thereof only as against such fund or funds and the revenue pledged therefor, and shall not constitute a general indebtedness of the authority.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1992 c 101 § 14.]

81.112.150 Local improvement districts authorized—Special assessment bonds. (1) An authority may form a local improvement district to provide any transportation improvement it has the authority to provide, impose special assessments on all property specially benefited by the transportation improvements, and issue special assessment bonds or revenue bonds to fund the costs of the transportation improvement. Local improvement districts shall be created and assessments shall be made and collected pursuant to chapters 35.43, 35.44, 35.49, 35.50, 35.51, 35.53, and 35.54 RCW.

(2) The board shall by resolution establish for each special assessment bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued; or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. The maximum term of any special assessment bonds shall not exceed thirty years beyond the date of issue. Special assessment bonds issued pursuant to this section shall not be an indebtedness of the authority issuing the bonds, and the interest and principal on the bonds shall only be payable from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund the authority has created. The owner or bearer of a special assessment bond or any interest coupon issued pursuant to this section shall not have any claim against the authority arising from the bond or coupon except for the payment from special assessments made for the improvement for which the bonds were issued and any local improvement guaranty fund the authority has created. The authority issuing the special assessment bonds is not liable to the owner or bearer of any special assessment bond or any interest coupon issued pursuant to this section for any loss occurring in the lawful operation of its local improvement guaranty fund. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each special assessment bond issued pursuant to this section.

(3) Assessments shall reflect any credits given by the authority for real property or property right donations made pursuant to RCW 47.14.030.

(4) The board may establish and pay moneys into a local improvement guaranty fund to guarantee special assessment bonds issued by the authority. [1992 c 101 § 15.]
81.112.160 County assessor's duties. It shall be the duty of the assessor of each component county to certify annually to a regional transit authority the aggregate assessed valuation of all taxable property within the boundaries of the authority as the same appears from the last assessment roll of the county. [1992 c 101 § 16.]

81.112.170 Interim financing. A regional transit authority may apply for high capacity transportation account funds and for central Puget Sound account funds for high capacity transit planning and system development.

Transit agencies contained wholly or partly within a regional transit authority may make grants or loans to the authority for high capacity transportation planning and system development. [1992 c 101 § 17.]

81.112.900 Section headings not part of law—1992 c 101. Section headings as used in this act do not constitute any part of the law. [1992 c 101 § 33.]

81.112.901 Severability—1992 c 101. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1992 c 101 § 34.]

81.112.902 Effective date—1992 c 101. This act shall take effect July 1, 1992. [1992 c 101 § 35.]

82.02.020 State preempts certain tax fields—Fees prohibited for the development of land or buildings—Voluntary payments by developers authorized—Limitations—Exceptions. Except only as expressly provided in RCW 67.28.180 and 67.28.190 and the provisions of chapter 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal corporation shall have the right to impose taxes of that nature. Except as provided in RCW 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;
(2) The payment shall be expended in all cases within five years of collection; and
(3) Any payment not so expended shall be refunded with interest at the rate applied to judgments to the property owners of record at the time of the refund; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 56, 57, or 87 RCW, nor is the authority conferred by these titles affected. [1990

82.02.040 Authority of operating agencies to levy taxes. [1983 2nd ex.s. c 3 § 55.]

Construction—Severability—Effective dates—1983 2nd ex.s. c 3: See notes following RCW 82.04.255.

82.02.050 Impact fees—Intent—Limitations. (1) It is the intent of the legislature:

(a) To ensure that adequate facilities are available to serve new growth and development;

(b) To promote orderly growth and development by establishing standards by which counties, cities, and towns may require, by ordinance, that new growth and development pay a proportionate share of the cost of new facilities needed to serve new growth and development; and

(c) To ensure that impact fees are imposed through established procedures and criteria so that specific developments do not pay arbitrary fees or duplicative fees for the same impact.

(2) Counties, cities, and towns that are required or choose to plan under RCW 36.70A.040 are authorized to impose impact fees on development activity as part of the financing for public facilities, provided that the financing for system improvements to serve new development must provide for a balance between impact fees and other sources of public funds and cannot rely solely on impact fees.

(3) The impact fees:

(a) Shall only be imposed for system improvements that are reasonably related to the new development;

(b) Shall not exceed a proportionate share of the costs of system improvements that are reasonably related to the new development; and

(c) Shall be used for system improvements that will reasonably benefit the new development.

(4) Impact fees may be collected and spent only for the public facilities defined in RCW 82.02.090 which are addressed by a capital facilities plan element of a comprehensive land use plan adopted pursuant to the provisions of RCW 36.70A.070 or the provisions for comprehensive plan adoption contained in chapter 36.70, 35.63, or 35A.63 RCW. After July 1, 1993, continued authorization to collect and expend impact fees shall be contingent on the county, city, or town adopting or revising a comprehensive plan in compliance with RCW 36.70A.070, and on the capital facilities plan identifying:

(a) Deficiencies in public facilities serving existing development and the means by which existing deficiencies will be eliminated within a reasonable period of time; and

(b) Additional demands placed on existing public facilities by new development; and
(c) Additional public facility improvements required to serve new development.

If the capital facilities plan of the county, city, or town is complete other than for the inclusion of those elements which are the responsibility of a special district, the county, city, or town may impose impact fees to address those public facility needs for which the county, city, or town is responsible. [1990 1st ex.s. c 17 § 43.]

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

82.02.060 Impact fees—Local ordinances—Required provisions. The local ordinance by which impact fees are imposed:

(1) Shall include a schedule of impact fees which shall be adopted for each type of development activity that is subject to impact fees, specifying the amount of the impact fee to be imposed for each type of system improvement. The schedule shall be based upon a formula or other method of calculating such impact fees. In determining proportionate share, the formula or other method of calculating impact fees shall incorporate, among other things, the following:

(a) The cost of public facilities necessitated by new development;
(b) An adjustment to the cost of the public facilities for past or future payments made or reasonably anticipated to be made by new development to pay for particular system improvements in the form of user fees, debt service payments, taxes, or other payments earmarked for or proratable to the particular system improvement;
(c) The availability of other means of funding public facility improvements;
(d) The cost of existing public facilities improvements;
and
(e) The methods by which public facilities improvements were financed;

(2) May provide an exemption for low-income housing, and other development activities with broad public purposes, from these impact fees, provided that the impact fees for such development activity shall be paid from public funds other than impact fee accounts;

(3) Shall provide a credit for the value of any dedication of land for, improvement to, or new construction of any system improvements provided by the developer, to facilities that are identified in the capital facilities plan and that are required by the county, city, or town as a condition of approving the development activity;

(4) Shall allow the county, city, or town imposing the impact fees to adjust the standard impact fee at the time the fee is imposed to consider unusual circumstances in specific cases to ensure that impact fees are imposed fairly;

(5) Shall include a provision for calculating the amount of the fee to be imposed on a particular development that permits consideration of studies and data submitted by the developer to adjust the amount of the fee;

(6) Shall establish one or more reasonable service areas within which it shall calculate and impose impact fees for various land use categories per unit of development;

(7) May provide for the imposition of an impact fee for system improvement costs previously incurred by a county, city, or town to the extent that new growth and development will be served by the previously constructed improvements provided such fee shall not be imposed to make up for any system improvement deficiencies. [1990 1st ex.s. c 17 § 44.]

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

82.02.070 Impact fees—Retained in special accounts—Limitations on use—Administrative appeals. (1) Impact fee receipts shall be earmarked specifically and retained in special interest-bearing accounts. Separate accounts shall be established for each type of public facility for which impact fees are collected. All interest shall be retained in the account and expended for the purpose or purposes for which the impact fees were imposed. Annually, each county, city, or town imposing impact fees shall provide a report on each impact fee account showing the source and amount of all moneys collected, earned, or received and system improvements that were financed in whole or in part by impact fees.

(2) Impact fees for system improvements shall be expended only in conformance with the capital facilities plan element of the comprehensive plan.

(3) Impact fees shall be expended or encumbered for a permissible use within six years of receipt, unless there exists an extraordinary and compelling reason for fees to be held longer than six years. Such extraordinary or compelling reasons shall be identified in written findings by the governing body of the county, city, or town.

(4) Impact fees may be paid under protest in order to obtain a permit or other approval of development activity.

(5) Each county, city, or town that imposes impact fees shall provide for an administrative appeals process for the appeal of an impact fee; the process may follow the appeal process for the underlying development approval or the county, city, or town may establish a separate appeals process. The impact fee may be modified upon a determination that it is proper to do so based on principles of fairness. The county, city, or town may provide for the resolution of disputes regarding impact fees by arbitration. [1990 1st ex.s. c 17 § 46.]

Severability—Part, section headings not law—1990 1st ex.s. c 17: See RCW 36.70A.900 and 36.70A.901.

82.02.080 Impact fees—Refunds. (1) The current owner of property on which an impact fee has been paid may receive a refund of such fees if the county, city, or town fails to expend or encumber the impact fees within six years of when the fees were paid or other such period of time established pursuant to RCW 82.02.070(3) on public facilities intended to benefit the development activity for which the impact fees were paid. In determining whether impact fees have been encumbered, impact fees shall be considered encumbered on a first in, first out basis. The county, city, or town shall notify potential claimants by first class mail deposited with the United States postal service at the last known address of claimants.

The refund must be submitted to the county, city, or town governing body in writing within one year of the date the right to claim the refund arises or the date that notice is given, whichever is later. Any impact fees that are not expended within these time limitations, and

Finding, purpose—1989 c 302: "(1) The legislature finds that chapter 9, Laws of 1982 2nd ex. sess. was intended to extend state public utility taxation to electrical energy generated in this state for eventual distribution outside this state. The legislature further finds that chapter 9, Laws of 1982 2nd ex. sess. was held unconstitutional by the Thurston county superior court in Washington Water Power v. State of Washington (memorandum opinion No. 83-2-00977-1). The purpose of *Part I of this act is to recognize the effect of that decision by correcting the relevant RCW sections to read as though the legislature had not enacted chapter 9, Laws of 1982 2nd ex. sess., and thereby make clear the effect of subsequent amendments in *Part II of this act. (2) The purpose of *Part II of this act is to provide a constitutional means of replacing the revenue lost as a result of the Washington Water Power decision." [1989 c 302 § 1.]

The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the manufacturing of those products.

(4) Persons taxable under RCW 82.04.230, 82.04.240, or subsection (2), (3), (4), (5), or (7) of RCW 82.04.260 with respect to extracting or manufacturing products in this state shall be allowed a credit against those taxes for any (i) gross receipts taxes paid to another state with respect to the sales of the products so extracted or manufactured in this state, (ii) manufacturing taxes paid with respect to the manufacturing of products using ingredients so extracted in this state, or (iii) manufacturing taxes paid with respect to manufacturing activities completed in another state for products so manufactured in this state. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to the extraction or manufacturing of those products.

(5) For the purpose of this section:

(a) "Gross receipts tax" means a tax:

(i) Which is imposed on or measured by the gross volume of business, in terms of gross receipts or in other terms, and in the determination of which the deductions allowed would not constitute the tax an income tax or value added tax; and

(ii) Which is also not, pursuant to law or custom, separately stated from the sales price.

(b) "State" means (i) the state of Washington, (ii) a state of the United States other than Washington, or any political subdivision of such other state, (iii) the District of Columbia, and (iv) any foreign country or political subdivision thereof.

(c) "Manufacturing tax" means a gross receipts tax imposed on the act or privilege of engaging in business as a manufacturer, and includes (i) the taxes imposed in RCW 82.04.240 and subsections (2), (3), (4), (5), and (7) of RCW 82.04.260, and (ii) similar gross receipts taxes paid to other states.

(d) "Extracting tax" means a gross receipts tax imposed on the act or privilege of engaging in business as an extractor, and includes the tax imposed in RCW 82.04.230 and similar gross receipts taxes paid to other states.

(e) "Business", "manufacturer", "extractor", and other terms used in this section have the meanings given in RCW 82.04.020 through 82.04.212, notwithstanding the use of those terms in the context of describing taxes imposed by other states. [1987 2nd ex.s. c 3 § 2; 1985 c 190 § 1; 1981 c 172 § 5; 1967 ex.s. c 149 § 16; 1965 ex.s. c 173 § 12; 1961 c 15 § 82.04.440. Legislative findings and intent—1987 2nd ex.s. c 3: "The legislature finds that the invalidation of the multiple activities exemptions contained in RCW 82.04.440 by the United States Supreme Court now requires adjustments to the state's business and occupation tax to achieve constitutional equality between Washington taxpayers who have conducted and will continue to conduct business in interstate and intrastate commerce. It is the intent of this act to preserve the integrity of Washington's business and occupation tax system and impose only that financial burden upon the state necessary to establish parity in taxation between such taxpayers. Thus, this act extends the system of credits originated in RCW 82.04.440 in 1985 to provide for equal treatment of taxpayers engaging in extracting, manufacturing or selling regardless of the location in which any of such activities occurs. It is further intended that RCW 82.04.440, as amended by section 2 of this act, shall be construed and applied in a manner that will eliminate unconstitutional discrimination between taxpayers and ensure the preservation and collection of revenues from the conduct of multiple activities in which taxpayers in this state may engage." [1987 2nd ex.s. c 3 § 1.]

Application to prior reporting periods—1987 2nd ex.s. c 3: "If it is determined by a court of competent jurisdiction, in a judgment not subject to review, that relief is appropriate for any tax reporting periods before August 11, 1987, in respect of RCW 82.04.440 as it existed before August 11, 1987, it is the intent of the legislature that the credits provided in RCW 82.04.440 as amended by section 2 of this act shall be applied to such reporting periods and that relief for such periods be limited to the granting of such credits." [1987 2nd ex.s. c 3 § 3.]

Severability—1987 2nd ex.s. c 3: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1987 2nd ex.s. c 3 § 4.]

Severability—1985 c 190: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1985 c 190 § 8.]

Effective dates—1981 c 172: See note following RCW 82.04.240.

82.04.444 Credit for property taxes paid on business inventories—Verification of payment—Penalty. (1) Each taxpayer requesting business and occupation tax credit under *RCW 82.04.442 shall verify, by completing and signing a form prepared and made available by the department of revenue, payment of business inventory taxes on which such credit is based.

(2) Any person signing a false claim with the intent to defraud or evade the payment of any tax shall be guilty of a gross misdemeanor. [1974 ex.s. c 169 § 5.]

*Reviser's note: RCW 82.04.442 was repealed by 1983 1st ex.s. c 62 § 14.

Legislative Intent—Review—Reports—1974 ex.s. c 169: "This 1974 act is intended to stimulate the economy of the state, and thereby to increase the revenues of the state and its local taxing districts. The department of revenue shall review the impact of this 1974 act upon the economy and revenues of the state and its local taxing districts, and shall report thereon biennially to the legislature. Recommendations for additional legislation shall be included in such reports if such legislation is needed to assure that the economic stimulus provided by this 1974 act is balanced by increased revenues." [1974 ex.s. c 169 § 1.]

Severability—1974 ex.s. c 169: "If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1974 ex.s. c 169 § 10.]

Effective date—1974 ex.s. c 169: "This act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, and shall take effect on May 10, 1974." [1974 ex.s. c 169 § 11.]

82.04.445 Credit for property taxes paid on business inventories—Falsification—Penalty and interest. If the department of revenue finds that any person received any tax credit under *RCW 82.04.442 based on false or fraudulent information supplied by such person, the amount of taxes avoided thereby shall be collected together with the amount of tax due thereon. [1974 1st ex.s. c 169 § 6.]

Rules and regulations, procedures: RCW 84.40.405.

82.04.450 Value of products, how determined. (1) The value of products, including byproducts, extracted or manufactured shall be determined by the gross proceeds derived from the sale thereof where such sale is at wholesale or at retail, to which shall be added all subsidies and bonuses received from the purchaser or from any other person with respect to the extraction, manufacture, or sale of such products or byproducts by the seller, except:

(a) Where such products, including byproducts, are extracted or manufactured for commercial or industrial use;

(b) Where such products, including byproducts, are shipped, transported or transferred out of the state, or to another person, without prior sale or are sold under circumstances such that the gross proceeds from the sale are not indicative of the true value of the subject matter of the sale.

(2) In the above cases the value shall correspond as nearly as possible to the gross proceeds from sales in this state of similar products of like quality and character, and in similar quantities by other taxpayers, plus the amount of subsidies or bonuses ordinarily payable by the purchaser or by any third person with respect to the extraction, manufacture, or sale of such products or byproducts.

(3) The department shall by rule provide a method or methods of apportioning or allocating gross income taxable under RCW 82.04.290 to this state pursuant to rules promulgated by the department consistent with uniform rules for apportionment or allocation developed by the states.

Apportionment. (1) Any person rendering services taxable under RCW 82.04.290 and maintaining places of business both within and without this state which contribute to the rendition of such services shall, for the purpose of computing tax liability under RCW 82.04.290, apportion to this state that portion of his gross income which is derived from services rendered within this state. Where such apportionment cannot be accurately made by separate accounting methods, the taxpayer shall apportion to this state that proportion of his total income which the cost of doing business within the state bears to the total cost of doing business both within and without the state.

(2) Notwithstanding the provision of subsection (1) of this section, persons doing business both within and without the state who receive gross income from service charges, as defined in RCW 63.14.010 (relating to amounts charged for granting the right or privilege to make deferred or installment payments) or who receive gross income from engaging in business as financial institutions within the scope of chapter 82.14A RCW (relating to city taxes on financial institutions) shall apportion or allocate gross income taxable under RCW 82.04.290 to this state pursuant to rules promulgated by the department consistent with uniform rules for apportionment or allocation developed by the states.

82.04.470 Resale certificate—Burden of proof. Unless a seller has taken from the purchaser a resale certificate signed by, and bearing the name and address and registration number of the purchaser to the effect that the property or service was purchased for resale, or unless the nature of the transaction is clearly shown as a sale at wholesale by the books and records of the taxpayer in such other manner as the department of revenue shall by regulation provide, the burden of proving that a sale of tangible personal property, or of telephone service as defined in RCW 82.04.065, was not a sale at retail shall be upon the person who made it. [1983 2nd ex.s. c 3 § 29; 1975 1st ex.s. c 278 § 43; 1961 c 15 § 82.04.470. Prior: 1935 c 180 § 9; RRS § 8370-9.]

Every consignee, bailee, factor, or auctioneer having either actual or constructive possession of tangible personal property, or having possession of the documents of title thereto, with power to sell such tangible personal property in his or its own name and actually so selling, shall be deemed the seller of such tangible personal property within the meaning of this chapter, and further, the consignor, bailor,
principal, or owner shall be deemed a seller of such property to the consignee, bailee, factor, or auctioneer.

The burden shall be upon the taxpayer in every case to establish the fact that he is not engaged in the business of selling tangible personal property but is acting merely as broker or agent in promoting sales for a principal. Such claim will be allowed only when the taxpayer's accounting records are kept in such manner as the department of revenue shall by general regulation provide. [1975 1st ex.s. c 278 § 44; 1961 c 15 § 82.04.480. Prior: 1935 c 180 § 10; RRS § 8370-10.]

82.04.500 Tax part of operating overhead. [1961 c 15 § 82.04.500. Prior: 1935 c 180 § 14; RRS § 8370-14.]

[1979 ex.s. c 266 § 8.]

(1) "Selling price" means the consideration, whether money, credits, rights, or other property except trade-in property of like kind, expressed in the terms of money paid or delivered by a buyer to a seller without any deduction on account of the cost of tangible property sold, the cost of materials used, labor costs, interest, discount, delivery costs, taxes other than taxes imposed under this chapter if the seller advertises the price as including the tax or that the seller is paying the tax, or any other expenses whatsoever paid or accrued and without any deduction on account of losses; but shall not include the amount of cash discount actually taken by a buyer; and shall be subject to modification to the extent modification is provided for in RCW 82.08.080.

When tangible personal property is rented or leased under circumstances that the consideration paid does not represent a reasonable rental for the use of the articles so rented or leased, the "selling price" shall be determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules as the department of revenue may prescribe;

(2) "Seller" means every person, including the state and its departments and institutions, making sales at retail or retail sales to a buyer or consumer, whether as agent, broker, or principal, except "seller" does not mean the state and its departments and institutions when making sales to the state and its departments and institutions;

(92 Ed.)
required by this chapter, to be collected by the seller, shall be deemed to be held in trust by the seller until paid to the department, and any seller who appropriates or converts the tax collected to his or her own use or to any use other than the payment of the tax to the extent that the money required to be collected is not available for payment on the due date as prescribed in this chapter shall be guilty of a gross misdemeanor.

In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of his or her own acts or the result of acts or conditions beyond his or her control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax.

The amount of tax, until paid by the buyer to the seller or to the department, shall constitute a debt from the buyer to the seller and any seller who fails or refuses to collect the tax as required with intent to violate the provisions of this chapter or to gain some advantage or benefit, either direct or indirect, and any buyer who refuses to pay any tax due under this chapter shall be guilty of a misdemeanor. The tax required by this chapter to be collected by the seller shall be stated separately from the selling price in any sales invoice or other instrument of sale. On all retail sales through vending machines, the tax need not be stated separately from the selling price or collected separately from the buyer. For purposes of determining the tax due from the buyer to the seller and from the seller to the department it shall be conclusively presumed that the selling price quoted in any price list, sales document, contract or other agreement between the parties does not include the tax imposed by this chapter, but if the seller advertises the price as including the tax or that the seller is paying the tax, the advertised price shall not be considered the selling price.

Where a buyer has failed to pay to the seller the tax imposed by this chapter and the seller has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the buyer for collection of the tax, in which case a penalty of ten percent may be added to the amount of the tax for failure of the buyer to pay the same to the seller, regardless of when the tax may be collected by the department; and all of the provisions of chapter 82.32 RCW, including those relative to interest and penalties, shall apply in addition; and, for the sole purpose of applying the various provisions of chapter 82.32 RCW, the twenty-fifth day of the month following the tax period in which the purchase was made shall be considered as the due date of the tax. 82.08.055 Advertisement of price. A seller may advertise the price as including the tax or that the seller is paying the tax, subject to the following conditions:

(1) Unless the advertised price is one in a listed series, the words "tax included" are stated immediately following the advertised price and in print size at least half as large as the advertised price;

(2) If the advertised prices are listed in a series, the words "tax included in all prices" are placed conspicuously at the head of the list and in the same print size as the advertised prices;

(3) If a price is advertised as "tax included," the price listed on any price tag shall be shown in the same manner; and

(4) All advertised prices and the words "tax included" are stated in the same medium, be it oral or visual, and if oral, in substantially the same inflection and volume. [1985 c 38 § 2.]

82.08.060 Collection of tax—Methods and schedules. The department of revenue shall have power to adopt rules and regulations prescribing methods and schedules for the collection of the tax required to be collected by the seller from the buyer under this chapter. The methods and schedules prescribed shall be adopted so as to eliminate the collection of fractions of one cent and so as to provide that the aggregate collections of all taxes by the seller shall, insofar as practicable, equal the amount of tax imposed by this chapter. Such schedules may provide that no tax need be collected from the buyer upon sales below a stated sum and may be amended from time to time to accomplish the purposes set forth herein. [1975 1st ex.s. c 278 § 47; 1961 c 15 § 82.08.060. Prior: 1951 c 44 § 2; 1941 c 76 § 4; 1935 c 180 § 22; Rem. Supp. 1941 § 8370-22.2]

82.08.065 Collection of tax and fee on mobile homes by county auditors or director of licensing—Remittance. In the collection of the sales tax on mobile homes, the department of revenue may designate the county auditors of the several counties of the state as its collecting agents. Upon such designation, it shall be the duty of each county auditor to collect the tax and the fee at the time the mobile home dealer or selling agent applies for a new certificate of ownership for such mobile home in the instance where transfer of ownership was from a mobile home dealer or person deemed a selling agent under RCW 82.04.480, except where the applicant presents a written statement signed by the department of revenue or its duly authorized agent showing that no retail sales tax or use tax is legally due. The term "mobile home" as used in this section means a mobile home as defined in RCW 46.04.302. It shall be the duty of every mobile home dealer or selling agent to declare upon the application for a new certificate of ownership the selling price paid for the mobile home. Any person willfully misrepresenting, or failing or refusing to declare upon the application, such selling price shall be guilty of a gross misdemeanor.

Each county auditor who acts as agent of the department of revenue shall at the time of remitting license fee receipts on motor vehicles subject to the provisions of RCW 82.12.045 pay over and account to the state treasurer for all sales tax revenue collected under this section, after first
deselecting as his or her collection fee the sum of two dollars for each mobile home upon which the tax has been collected.

Any applicant who has paid sales tax to a county auditor under this section may apply to the department of revenue for refund thereof if he has reason to believe that such tax was not legally due and owing. No refund is allowed unless application therefor is received by the department of revenue within four years after payment of the tax. Upon receipt of an application for refund the department of revenue shall consider the same and issue its order either granting or denying it and if refund is denied the taxpayer shall have the right of appeal as provided in RCW 82.32.170, 82.32.180, and 82.32.190.

The provisions of this section shall be construed as cumulative of other methods prescribed in chapters 82.04 to 82.32 RCW, inclusive, for the collection of the tax imposed by this chapter. The department of revenue shall have power to adopt such rules as may be necessary to administer the provisions of this section. Any duties required by this section to be performed by the county auditor may be performed by the director of licensing but no collection fee shall be deductible by the director of licensing in remitting sales tax revenue to the state treasurer. [1991 c 327 § 5; 1990 c 171 § 8; 1987 c 89 § 1.]

Effective date—1990 c 171 §§ 6, 7, 8: See note following RCW 82.45.090.

82.08.080 Vending machine and other sales. The department of revenue may authorize a seller to pay the tax levied under this chapter upon sales made under conditions of business such as to render impracticable the collection of the tax as a separate item and waive collection of the tax from the customer. Where sales are made by receipt of a coin or coins dropped into a receptacle that results in delivery of the merchandise in single purchases of smaller value than the minimum sale upon which a one cent tax may be collected from the purchaser, according to the schedule provided by the department under authority of RCW 82.08.060, and where the design of the sales device is such that multiple sales of items are not possible or cannot be detected so as practically to assess a tax, in such a case the selling price for the purposes of the tax imposed under RCW 82.08.020 shall be sixty percent of the gross receipts of the vending machine through which such sales are made. No such authority shall be granted except upon application to the department and unless the department, after hearing, finds that the conditions of the applicant’s business are such as to render impracticable the collection of the tax in the manner otherwise provided. The department, by regulation, may provide that the applicant, under this section, furnish a proper bond sufficient to secure the payment of the tax. [1986 c 36 § 2; 1975 1st ex.s. c 278 § 48; 1963 c 244 § 2; 1961 c 15 § 82.08.080. Prior: 1937 c 227 § 8; 1935 c 180 § 24; RRS § 8370-24.]

82.08.090 Installment sales and leases. In the case of installment sales and leases of personal property, the department of revenue, by regulation, may provide for the collection of taxes upon the installments of the purchase price, or amount of rental, as of the time the same fall due. [1975 1st ex.s. c 278 § 49; 1961 c 15 § 82.08.090. Prior: 1959 ex.s. c 3 § 8; 1959 c 197 § 4; prior: 1941 c 178 § 9, part; 1939 c 225 § 12, part; 1935 c 180 § 25, part; Rem. 82.08.100 Tax may be paid on cash receipts basis if books are so kept—Exemption for debts deductible as worthless. The department of revenue, by general regulation, shall provide that a taxpayer whose regular books of account are kept on a cash receipts basis may file returns based upon his cash receipts for each reporting period and pay the tax herein provided upon such basis in lieu of reporting and paying the tax on all sales made during such period. A taxpayer filing returns on a cash receipts basis is not required to pay such tax on debts which are deductible as worthless for federal income tax purposes. 82.08.110 Sales from vehicles. In the case of a person who has no fixed place of business and sells from one or more vehicles, each such vehicle shall constitute a "place of business" within the meaning of chapter 82.32 RCW. [1961 c 15 § 82.08.110. Prior: 1935 c 180 § 26; RRS § 8370-26.]

82.08.120 Refunding or rebating of tax by seller prohibited—Penalty. Whoever, excepting as expressly authorized by this chapter, refunds, remits, or rebates to a buyer, either directly or indirectly and by whatever means, all or any part of the tax levied by this chapter shall be guilty of a misdemeanor. The violation of this section by any person holding a license granted by the state or any political subdivision thereof shall be sufficient grounds for the cancellation of the license of such person upon written notification by the department of revenue to the proper officer of the department granting the license that such person has violated the provisions of this section. Before any license shall be canceled hereunder, the licensee shall be entitled to a hearing before the department granting the license under such regulations as the department may prescribe. (6) The tax imposed in RCW 82.08.020, as now or hereafter amended, shall not apply to sales of spirits or strong beer in the original package.

(7) The taxes imposed in this section shall be paid by the buyer to the seller, and each seller shall collect from the buyer the full amount of the tax payable in respect to each taxable sale under this section. 82.12.010 Definitions. For the purposes of this chapter:

(1) "Value of the article used" shall mean the consideration, whether money, credit, rights, or other property except trade-in property of like kind, expressed in terms of money, paid or given or contracted to be paid or given by the purchaser to the seller for the article of tangible personal property, the use of which is taxable under this chapter. The term includes, in addition to the consideration paid or given or contracted to be paid or given, the amount of any tariff or duty paid with respect to the importation of the article used. In case the article used is acquired by lease or by gift or is extracted, produced, or manufactured by the person using the same or is sold under conditions wherein the purchase price does not represent the true value thereof, the value of the article used shall be determined as nearly as possible according to the retail selling price at place of use of similar products of like quality and character under such rules and regulations as the department of revenue may prescribe.

In case the articles used are acquired by bailment, the value of the use of the articles so used shall be in an amount representing a reasonable rental for the use of the articles so bailed, determined as nearly as possible according to the value of such use at the places of use of similar products of like quality and character under such rules and regulations as the department of revenue may prescribe: PROVIDED, That in case any such articles of tangible personal property are used in respect to the construction, repairing, decorating, or improving of, and which become or are to become an
ingredient or component of, new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing or attaching of any such articles therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, then the value of the use of such articles so used shall be determined according to the retail selling price of such articles, or in the absence of such a selling price, as nearly as possible according to the retail selling price at place of use of similar products of like quality and character or, in the absence of either of these selling price measures, such value may be determined upon a cost basis, in any event under such rules and regulations as the department of revenue may prescribe.

In the case of articles owned by a user engaged in business outside the state which are brought into the state for no more than ninety days in any period of three hundred sixty-five consecutive days and which are temporarily used for business purposes by the person in this state, the value of the article used shall be an amount representing a reasonable rental for the use of the articles, unless the person has paid tax under this chapter or chapter 82.08 RCW upon the full value of the article used, as defined in the first paragraph of this subsection.

In the case of articles manufactured or produced by the user and used in the manufacture or production of products sold or to be sold to the department of defense of the United States, the value of the articles used shall be determined according to the value of the ingredients of such articles.

In the case of an article manufactured or produced for purposes of serving as a prototype for the development of a new or improved product, the value of the article used shall be determined by: (a) The retail selling price of such new or improved product when first offered for sale; or (b) the value of materials incorporated into the prototype in cases in which the new or improved product is not offered for sale.

(2) "Use," "used," "using," or "put to use" shall have their ordinary meaning, and shall mean the first act within this state by which the taxpayer takes or assumes dominion or control over the article of tangible personal property (as a consumer), and include installation, storage, withdrawal from storage, or any other act preparatory to subsequent actual use or consumption within this state;

(3) "Taxpayer" and "purchaser" include all persons included within the meaning of the word "buyer" and the word "consumer" as defined in chapters 82.04 and 82.08 RCW;

(4) "Retailer" means every seller as defined in RCW 82.08.010 and every person engaged in the business of selling tangible personal property at retail and every person required to collect from purchasers the tax imposed under this chapter;

(5) The meaning ascribed to words and phrases in chapters 82.04 and 82.08 RCW, in so far as applicable, shall have full force and effect with respect to taxes imposed under the provisions of this chapter. "Consumer," in addition to the meaning ascribed to it in chapters 82.04 and 82.08 RCW in so far as applicable, shall also mean any person who distributes or displays, or causes to be distributed or displayed, any article of tangible personal property, except newspapers, the primary purpose of which is to promote the sale of products or services. Upon such designation, it shall be the duty of each county auditor to collect the tax at the time an applicant applies for the registration of, and transfer of title to, the motor vehicle, except in the following instances: (1) Where the applicant exhibits a dealer's report of sale showing that the retail sales tax has been collected by the dealer; (2) where the application is for the renewal of registration; (3) where the applicant presents a written statement signed by the department of revenue, or its duly authorized agent showing that no use tax is legally due; or (4) where the applicant presents satisfactory evidence showing that the retail sales tax or the use tax has been paid by him on the vehicle in question. The term "motor vehicle," as used in this section means and includes all motor vehicles, trailers and semitrailers used, or of a type designed primarily to be used, upon the public streets and highways, for the convenience or pleasure of the owner, or for the conveyance, for hire or otherwise, of persons or property, including fixed loads, facilities for human habitation, and vehicles carrying exempt licenses. Any
person wilfully misrepresenting, or failing or refusing to declare upon his application, such value shall be guilty of a gross misdemeanor.

Each county auditor who acts as agent of the department of revenue shall at the time of remitting license fee receipts on motor vehicles subject to the provisions of this section pay over and account to the state treasurer for all use tax revenue collected under this section, after first deducting as his collection fee the sum of two dollars for each motor vehicle upon which the tax has been collected. A duplicate of the county auditor’s transmittal report to the state treasurer shall be forwarded forthwith to the department of revenue.

No refund shall be allowed unless application therefor is received by the department of revenue within two years after payment of the tax. Title 82 RCW: Excise Taxes

82.14.010 Legislative finding—Purpose. The legislature finds that the several counties and cities of the state lack adequate sources of revenue to carry out essential county and municipal purposes. The legislature further finds that the most efficient and appropriate methods of deriving revenues for such purposes is to vest additional taxing powers in the governing bodies of counties and cities which they may or may not implement. The legislature intends, by enacting this chapter, to provide the means by which essential county and municipal purposes can be financially served should they choose to employ them. [1970 ex.s. c 94 § 1.]

82.14.020 Definitions—Where retail sale occurs. For purposes of this chapter:

(1) A retail sale consisting solely of the sale of tangible personal property shall be deemed to have occurred at the retail outlet at or from which delivery is made to the consumer;

(2) A retail sale consisting essentially of the performance of personal business or professional services shall be deemed to have occurred at the place at which such services were primarily performed;

(3) A retail sale consisting of the rental of tangible personal property shall be deemed to have occurred (a) in the case of a rental involving periodic rental payments, at the primary place of use by the lessee during the period covered by each payment, or (b) in all other cases, at the place of first use by the lessee;

(4) A retail sale within the scope of the second paragraph of RCW 82.04.050, and a retail sale of taxable personal property to be installed by the seller shall be deemed to have occurred at the place where the labor and services involved were primarily performed;

(6) "City" means a city or town;

(7) The meaning ascribed to words and phrases in chapters 82.04, 82.08 and 82.12 RCW, as now or hereafter amended, insofar as applicable, shall have full force and effect with respect to taxes imposed under authority of this chapter;

(8) "Taxable event" shall mean any retail sale, or any use of an article of tangible personal property, upon which a state tax is imposed pursuant to chapter 82.08 or 82.12 RCW, as they now exist or may hereafter be amended; PROVIDED, HOWEVER, That the term shall not include a retail sale taxable pursuant to RCW 82.08.150, as now or hereafter amended;

(9) "Treasurer or other legal depository" shall mean the treasurer or legal depository of a county or city. [1983 2nd ex.s. c 3 § 31; 1982 c 211 § 1; 1981 c 144 § 4; 1970 ex.s. c 94 § 3.]

Construction—Severability—Effective dates—1983 2nd ex.s. c 3: See notes following RCW 82.04.255.

Intent—Severability—Effective date—1981 c 144: See notes following RCW 81.16.010.

82.14.030 Sales and use tax—Additional taxes authorized—Maximum rates. (1) The governing body of any county or city while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose a sales and use tax in accordance with the terms of this chapter. Such tax shall be collected from those persons who are taxable by the state pursuant to chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be: PROVIDED, That except as provided in RCW 82.14.230, this sales and use tax shall not apply to natural or manufactured gas. The rate of such tax imposed by a county shall be five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city shall not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED, HOWEVER, That in the event a county shall impose a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein shall not exceed four hundred and twenty-five one-thousandths of one percent.

(2) Subject to the enactment into law of the 1982 amendment to RCW 82.02.020 by section 5, chapter 49, Laws of 1982 1st ex. sess., in addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax shall be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is levied. The rate of such additional tax imposed by a county shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city shall be up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax): PROVIDED HOWEVER, That in the event a county shall impose a sales and use tax under this subsection at a rate equal to or greater than the rate imposed under this subsection by a city within the county, the county shall receive fifteen percent of the city tax: PROVIDED FURTHER, That in the event that the county shall impose a sales and use tax under this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county shall receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories. [1989 c 384 § 6; 1982 1st ex.s. c 49 § 17; 1970 ex.s. c 94 § 4.]

Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in the tax or tax rate increase being imposed and a negative answer to the question and a negative vote on the measure results in the tax or tax rate increase not being imposed. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than fifteen percent of the registered voters of the county for county measures, or not less than fifteen percent of the registered voters of the city for city measures, and to file the signed petitions with the filing officer. Each petition form shall contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the referendum measure to the county or city voters at a general or special election held on one of the dates provided in RCW 29.13.010 as determined by the county legislative authority or city council, which election shall not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

After April 22, 1983, the referendum procedure provided in this section shall be the exclusive method for subjecting any county or city ordinance imposing a tax or altering the rate under RCW 82.14.030(2) to a referendum vote. Any county or city tax authorized under RCW 82.14.030(2) that has been imposed prior to April 22, 1983, is not subject to the referendum procedure provided for in this section. [1983 c 99 § 2.]

**82.14.040** County ordinance to contain credit provision. (1) Any county ordinance adopted under RCW 82.14.030(1) shall contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax imposed under RCW 82.14.030(1) for the full amount of any city sales or use tax imposed under RCW 82.14.030(1) upon the same taxable event.

Legislative finding, declaration—1971 c 363 § 296: "The legislature finds that adequate public transportation systems are necessary to the economic, industrial and cultural development of the urban areas of this state and the health, welfare and prosperity of persons who reside or are employed in such areas or who engage in business therein and such systems are increasingly essential to the functioning of the urban highways of the state. The legislature further finds and declares that fares and tolls for the use of public transportation systems cannot maintain such systems in solvent financial conditions and at the same time meet the need to serve those who cannot reasonably afford or use other forms of transportation. The legislature further finds and declares that additional and alternate means of financing adequate public transportation service are necessary for the cities, metropolitan municipal corporations and counties of this state which provide such service." [1971 ex.s. c 296 § 1.]

Severability—1971 ex.s. c 296: "If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected." [1971 ex.s. c 296 § 5.]

The tax authorized in this section shall be in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the public facilities district. The rate of tax shall equal one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

The state treasurer shall make the distribution under this section without appropriation.

82.14.070 Consistency and uniformity with other taxes—Rules—Ordinances—Effective dates. It is the intent of this chapter that any local sales and use tax adopted pursuant to this chapter be as consistent and uniform as possible with the state sales and use tax and with other local sales and use taxes adopted pursuant to this chapter. It is further the intent of this chapter that the local sales and use tax shall be imposed upon an individual taxable event simultaneously with the imposition of the state sales or use tax upon the same taxable event. The rule making powers of the state department of revenue contained in RCW 82.08.060 and 82.32.300 shall be applicable to this chapter. The department shall, as soon as practicable, and with the assistance of the appropriate associations of county prosecutors and city attorneys, draft a model resolution and ordinance. No resolution or ordinance or any amendment thereto adopted pursuant to this chapter shall be effective, except upon the first day of a calendar month. [1970 ex.s. c 94 § 10.]

82.14.080 Deposit of tax prior to due date—Credit against future tax or assessment—When fund designation permitted—Use of tax revenues received in connection with large construction projects. The taxes provided by this chapter may be deposited by any taxpayer prior to the due date thereof with the treasurer or other legal depository for the benefit of the funds to which they belong to be credited against any future tax or assessment that may be levied or become due from the taxpayer: PROVIDED, That the taxpayer may with the concurrence of the legislative authority designate a particular fund of such county or city against which such prepayment of tax or assessment is made. Such prepayment of taxes or assessments shall not be considered to be a debt for the purpose of the limitation of indebtedness imposed by law on a county or city.

By agreement made pursuant to chapter 39.34 RCW, counties or cities may utilize tax revenues received under the authority of this chapter in connection with large construction projects, including energy facilities as defined in RCW 80.50.020, for any purpose within their power or powers, privileges or authority exercised or capable of exercise by such counties or cities including, but not limited to, the purpose of the mitigation of socioeconomic impacts that may be caused by such large construction projects: PROVIDED, That the taxable event need not take place within the jurisdiction where the socioeconomic impact occurs if an intergovernmental agreement provides for redistribution. [1982 c 211 § 2.]

82.14.090 Payment of tax prior to taxable event—When permitted—Deposit with treasurer—Credit against future tax—When fund designation permitted. When permitted by resolution or ordinance, any tax authorized by this chapter may be paid prior to the taxable event to which it may be attributable. Such prepayment shall be made by deposit with the treasurer or other legal depository for the benefit of the funds to which they belong. They shall be credited by any county or city against any future tax that may become due from a taxpayer: PROVIDED, That the taxpayer with the concurrence of the legislative authority may designate a particular fund of such county or city against which such prepayment of tax is made. Prepayment of taxes under this section shall not relieve any taxpayer from remitting the full amount of any tax imposed under the authority of this chapter upon the occurrence of the taxable event. [1982 c 211 § 3.]

82.14.200 County sales and use tax equalization account—Allocation procedure. There is created in the state treasury a special account to be known as the "county sales and use tax equalization account." Into this account shall be placed a portion of all motor vehicle excise tax receipts as provided in RCW 82.44.110(1)(f). Funds in this account shall be allocated by the state treasurer according to the following procedure:

(1) Prior to April 1st of each year the director of revenue shall inform the state treasurer of the total and the per capita levels of revenues for the unincorporated area of each county and the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer
shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than one hundred fifty thousand dollars from the tax for the previous calendar year, an amount from the county sales and use tax equalization account sufficient, when added to the amount of revenues received the previous calendar year by the county, to equal one hundred fifty thousand dollars.

The department of revenue shall establish a governmental price index as provided in this subsection. The base year for the index shall be the end of the third quarter of 1982. Prior to November 1, 1983, and prior to each November 1st thereafter, the department of revenue shall establish another index figure for the third quarter of that year. The department of revenue may use the implicit price deflators for state and local government purchases of goods and services calculated by the United States department of commerce to establish the governmental price index. Beginning on January 1, 1984, and each January 1st thereafter, the one hundred fifty thousand dollar base figure in this subsection shall be adjusted in direct proportion to the percentage change in the governmental price index from 1982 until the year before the adjustment. Distributions made under this subsection for 1984 and thereafter shall use this adjusted base amount figure.

(3) Subsequent to the distributions under subsection (2) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined by the department of revenue under subsection (1) of this section, an amount from the county sales and use tax equalization account sufficient, when added to the per capita level of revenues for the unincorporated area received the previous calendar year by the county, to equal seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties determined under subsection (1) of this section, subject to reduction under subsections (6) and (7) of this section. When computing distributions under this section, any distribution under subsection (2) of this section shall be considered revenues received from the tax imposed under RCW 82.14.030(1) for the previous calendar year.

(4) Subsequent to the distributions under subsection (3) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (2) of this section, a third distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (2) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the total distribution under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) Subsequent to the distributions under subsection (4) of this section and at such times as distributions are made under RCW 82.44.150, as now or hereafter amended, the state treasurer shall apportion to each county imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a fourth distribution from the county sales and use tax equalization account. The distribution to each qualifying county shall be equal to the distribution to the county under subsection (3) of this section, subject to the reduction under subsections (6) and (7) of this section. To qualify for the distributions under this subsection, the county must impose the tax under RCW 82.14.030(2) for the entire calendar year. Counties imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(6) Revenues distributed under this section in any calendar year shall not exceed an amount equal to seventy percent of the state-wide weighted average per capita level of revenues for the unincorporated areas of all counties during the previous calendar year. If distributions under subsections (3) through (5) of this section cannot be made because of this limitation, then distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties.

(7) If inadequate revenues exist in the county sales and use tax equalization account to make the distributions under subsections (3) through (5) of this section, then the distributions under subsections (3) through (5) of this section shall be reduced ratably among the qualifying counties. At such time during the year as additional funds accrue to the county sales and use tax equalization account, additional distributions shall be made under subsections (3) through (5) of this section to the counties.

(8) If the level of revenues in the county sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, then the additional revenues shall be credited and transferred to the state general fund. 82.14.210 Municipal sales and use tax equalization account—Allocation procedure. There is created in the state treasury a special account to be known as the "municipal sales and use tax equalization account." Into this account shall be placed such revenues as are provided under RCW 82.44.110(1)(e). Funds in this account shall be
allocated by the state treasurer according to the following procedure:

(1) Prior to January 1st of each year the department of revenue shall determine the total and the per capita levels of revenues for each city and the state-wide weighted average per capita level of revenues for all cities imposing the sales and use tax authorized under RCW 82.14.030(1) for the previous calendar year.

(2) At such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city not imposing the sales and use tax under RCW 82.14.030(2) an amount from the municipal sales and use tax equalization account equal to the amount distributed to the city under RCW 82.44.155, multiplied by thirty-five sixty-fifths.

(3) Subsequent to the distributions under subsection (2) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(1) at the maximum rate and receiving less than seventy percent of the state-wide weighted average per capita level of revenues for all cities, as determined by the department of revenue under subsection (1) of this section, an amount from the municipal sales and use tax equalization account sufficient, when added to the per capita level of revenues received the previous calendar year by the city, to equal seventy percent of the state-wide weighted average per capita level of revenues for all cities determined under subsection (1) of this section, subject to reduction under subsection (6) of this section.

(4) Subsequent to the distributions under subsection (3) of this section, and at such times as distributions are made under RCW 82.44.150, the state treasurer shall apportion to each city imposing the sales and use tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution under subsection (3) of this section, a third distribution from the municipal sales and use tax equalization account. The distribution to each qualifying city shall be equal to the distribution to the city under subsection (3) of this section, subject to the reduction under subsection (6) of this section. To qualify for the distributions under this subsection, the city must impose the tax under RCW 82.14.030(2) for the entire calendar year. Cities imposing the tax for less than the full year shall qualify for prorated allocations under this subsection proportionate to the number of months of the year during which the tax is imposed.

(5) For a city with an official incorporation date after January 1, 1990, municipal sales and use tax equalization distributions shall be made according to the procedures in this subsection. Municipal sales and use tax equalization distributions to eligible new cities shall be made at the same time as distributions are made under subsections (3) and (4) of this section. The department of revenue shall follow the estimating procedures outlined in this subsection until the new city has received a full year's worth of revenues under RCW 82.14.030(1) of the January municipal sales and use tax equalization distribution.

(a) Whether a newly incorporated city determined to receive funds under this subsection receives its first equalization payment at the January, April, July, or October municipal sales and use tax equalization distribution shall depend on the date the city first imposes the tax authorized under RCW 82.14.030(1).

(i) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of January 1st shall be eligible to receive funds under this subsection beginning with the April municipal sales and use tax equalization distribution of that year.

(ii) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of February 1st, March 1st, or April 1st shall be eligible to receive funds under this subsection beginning with the July municipal sales and use tax equalization distribution of that year.

(iii) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of May 1st, June 1st, or July 1st shall be eligible to receive funds under this subsection beginning with the October municipal sales and use tax equalization distribution of that year.

(iv) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of August 1st, September 1st, or October 1st shall be eligible to receive funds under this subsection beginning with the January municipal sales and use tax equalization distribution of the next year.

(v) A newly incorporated city imposing the tax authorized under RCW 82.14.030(1) effective as of November 1st or December 1st shall be eligible to receive funds under this subsection beginning with the April municipal sales and use tax equalization distribution of the next year.

(b) For purposes of calculating the amount of funds the new city should receive under this subsection, the department of revenue shall:

(i) Estimate the per capita amount of revenues from the tax authorized under RCW 82.14.030(1) that the new city would have received had the city received revenues from the tax the entire calendar year;

(ii) Calculate the amount provided under subsection (3) of this section based on the per capita revenues determined under (b)(i) of this subsection;

(iii) Prorate the amount determined under (b)(ii) of this subsection by the number of months the tax authorized under RCW 82.14.030(1) is imposed.

(c) A new city imposing the tax under RCW 82.14.030(2) at the maximum rate and receiving a distribution calculated under (b) of this subsection shall receive another distribution from the municipal sales and use tax equalization account. This distribution shall be equal to the calculation made under (b)(ii) of this subsection, prorated by the number of months the city imposes the tax authorized under RCW 82.14.030(2) at the full rate.

(d) The department of revenue shall advise the state treasurer of the amounts calculated under (b) and (c) of this subsection and the state treasurer shall distribute these amounts to the new city from the municipal sales and use tax equalization account subject to the limitations imposed in subsection (6) of this section.

(e) Revenues estimated under this subsection shall not affect the calculation of the state-wide weighted average per capita level of revenues for all cities made under subsection (1) of this section.

(6) If inadequate revenues exist in the municipal sales and use tax equalization account to make the distributions under subsection (3), (4), or (5) of this section, then the distributions under subsections (3), (4), and (5) of this section shall be reduced ratably among the qualifying cities.
At such time during the year as additional funds accrue to the municipal sales and use tax equalization account, additional distributions shall be made under subsections (3), (4), and (5) of this section to the cities.

(7) If the level of revenues in the municipal sales and use tax equalization account exceeds the amount necessary to make the distributions under subsections (2) through (5) of this section, then the additional revenues shall be apportioned among the several cities within the state ratably on the basis of population as last determined by the office of financial management. PROVIDED, That no such distribution shall be made to those cities receiving a distribution under subsection (2) of this section. 82.14.300 Local government criminal fiscal assistance—Finding and intent. The legislature finds and declares that local government criminal justice systems are in need of assistance. Many counties and cities are unable to provide sufficient funding for additional police protection, mitigation of congested court systems, and relief of overcrowded jails.

In order to ensure public safety, it is necessary to provide fiscal assistance to help local governments to respond immediately to these criminal justice problems, while initiating a review of the criminal justice needs of cities and counties and the resources available to address those needs.

To provide for a more efficient and effective response to these problems, the legislature encourages cities and counties to coordinate strategies against crime and use multijurisdictional and innovative approaches in addressing criminal justice problems.

The legislature intends to provide fiscal assistance to counties and cities in the manner provided in *this act until the report of the task force created under RCW 82.14.301 is available for consideration by the legislature. [1990 2nd ex.s. c 1 § 1.]

*Reviser's note: For translation of "this act" see Codification Tables, Volume 0.

The legislature further finds that the most efficient and appropriate method of deriving additional revenue for this purpose is to impose an excise tax on the use of switched access lines. [1991 c 54 § 9; 1981 c 160 § 1.]

Reviser to electorate—1991 c 54: See note following RCW 38.52.030.

(2) "Enhanced 911 telephone system" means a public telephone system consisting of a network, data base, and on-premises equipment that is accessed by dialing 911 and that enables reporting police, fire, medical, or other emergency situations to a public safety answering point. The system includes the capability to selectively route incoming 911 calls to the appropriate public safety answering point that operates in a defined 911 service area and the capability to automatically display the name, address, and telephone number of incoming 911 calls at the appropriate public safety answering point.

(3) "Switched access line" means the telephone service line which connects a subscriber's main telephone(s) or equivalent main telephone(s) to the local exchange company's switching office.

Intent—1981 c 144: "The legislature recognizes that there have been significant changes in the nature of the telephone business in recent years. Once solely the domain of regulated monopolies, the telephone business has now been opened up to competition with respect to most of its services and equipment. As a result of this competition, the state and local excise tax structure in the state of Washington has become discriminatory when applied to regulated telephone company transactions that are similar in nature to those consumated by nonregulated competitors. Telephone companies are forced to operate at a significant state and local tax disadvantage when compared to these nonregulated competitors. To remedy this situation, it is the intent of the legislature to place telephone companies and nonregulated competitors of telephone companies on an equal excise tax basis with regard to the providing of similar goods and services. Therefore competitive telephone services shall for excise tax purposes only, unless otherwise provided, be treated as retail sales under the applicable state and local business and occupation and sales and use taxes. This shall not affect any requirement that regulated telephone companies have under Title 80 RCW, unless otherwise provided.

Nothing in this act affects the authority and responsibility of the Washington utilities and transportation commission to set fair, just, reasonable, and sufficient rates for telephone service." [1981 c 144 § 1.]

Severability—1981 c 144: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1981 c 144 § 12.]
Effective date—1981 c 144: "This act shall take effect on January 1, 1982." [1981 c 144 § 13.]

(a) Railroad, express, railroad car, sewerage collection, and telegraph businesses: Three and six-tenths percent; (b) Light and power business: Three and sixty-two one-hundredths percent; (c) Gas distribution business: Three and six-tenths percent; (d) Urban transportation business: Six-tenths of one percent; (e) Vessels under sixty-five feet in length, except tugboats, operating upon the waters within the state: Sixtens of one percent; (f) Motor transportation and tugboat businesses, and all public service businesses other than ones mentioned above: One and eight-tenths of one percent; (g) Water distribution business: Four and seven-tenths percent.

82.18.010 Definitions. For purposes of this chapter:

(1) "Solid waste collection business" means every person who receives solid waste for transfer, storage, or disposal including but not limited to all collection services,
public or private dumps, transfer stations, and similar operations.
(2) "Person" shall have the meaning given in RCW 82.04.030 or any later, superseding section.
(3) "Solid waste" means garbage, trash, rubbish, or other material discarded as worthless or not economically viable for further use. The term does not include hazardous or toxic waste nor does it include material collected primarily for recycling or salvage.
(4) "Taxpayer" means that person upon whom the solid waste collection tax is imposed. [1989 c 431 § 78; 1986 c 282 § 6.]

82.18.020 Solid waste collection tax—Revenue to public works assistance account per RCW 82.18.040. There is imposed on each person using the solid waste services of a solid waste collection business a solid waste collection tax equal to three and six-tenths percent of the consideration charged for the services. [1989 c 431 § 79; 1986 c 282 § 7.]

Section captions not law—1989 c 431: See RCW 70.95.902.

82.18.030 Collection of tax. The person collecting the charges made for using the solid waste collection business shall collect the tax imposed in this chapter. If any person charged with collecting the tax fails to bill the taxpayer for the tax, or in the alternative has not notified the taxpayer in writing of the imposition of the tax, or having collected the tax, fails to pay it to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the tax. [1989 c 431 § 84; 1986 c 282 § 8.]

82.18.040 Collection of tax—Payment to state. Taxes collected under this chapter shall be held in trust until paid to the state. Except for taxes received under RCW 82.18.100, taxes so received by the state shall be deposited in the public works assistance account created in RCW 43.155.050. Any person collecting the tax who appropriates or converts the tax collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. If a taxpayer fails to pay the tax imposed by this chapter to the person charged with collection of the tax and the person charged with collection fails to pay the tax to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the tax.

The tax shall be due from the taxpayer within twenty-five days from the date the taxpayer is billed by the person collecting the tax.

The tax shall be due from the person collecting the tax at the end of the tax period in which the tax is received from the taxpayer. If the taxpayer remits only a portion of the total amount billed for taxes, consideration, and related charges, the amount remitted shall be applied first to payment of the solid waste collection tax and this tax shall have priority over all other claims to the amount remitted. [1989 c 431 § 85; 1986 c 282 § 9.]

82.18.050 Federal government exempt from tax. The solid waste collection taxes imposed in this chapter shall not apply to any agency, division, or branch of the federal government or to services rendered under a contract therewith. [1989 c 431 § 86; 1986 c 282 § 10.]

82.18.060 No multiple taxation of single transaction. To prevent pyramiding and multiple taxation of a single transaction, the solid waste collection taxes imposed in this chapter shall not apply to any solid waste collection business using the services of another solid waste collection business for the transfer, storage, processing, or disposal of the waste collected during the transaction.

To be eligible for this exemption, a person first must be certified by the department of revenue as a solid waste collection business. [1989 c 431 § 87; 1986 c 282 § 11.]

82.18.070 Applicability of general administrative provisions. Chapter 82.32 RCW applies to the taxes imposed under this chapter. [1989 c 431 § 88; 1986 c 282 § 12.]

82.18.080 Enforcement. The department of revenue shall have the power to enforce the taxes imposed in this chapter through appropriate rules. [1989 c 431 § 89; 1986 c 282 § 13.]

82.18.100 Solid waste collection tax—Revenue to solid waste management account—Expiration of section. (1) There is imposed on each person using the services of a solid waste collection business a solid waste collection tax of one percent of the consideration charged for the services. This tax shall be applied only to a service charge for actual solid waste collection services that are provided. For residential collection service only, the tax shall apply to the lesser of the consideration charged for the services or:
(a) For customers with less than two-can service, the first eight dollars of the monthly charge for the services.
(b) For customers with two-can service or more, the first twelve dollars of the monthly charge for the services.
(2) Money collected under this section shall be held in trust until paid to the state. Money received by the state shall be deposited in the solid waste management account created by RCW 70.95.800.
(3) This section expires July 1, 1993. [1989 c 431 § 80.]

Effective date—1989 c 431 § 80: "Section 80 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1989." [1989 c 431 § 82.]

Report—1989 c 431: "The joint select committee on preferred solid waste management created pursuant to section 91 of this act shall report to the legislature by January 1, 1993, as to whether the tax imposed under section 80 of this act should be continued or modified to achieve the purposes of this act." 82.19.010  Litter tax imposed. In addition to any other taxes, there is hereby levied and there shall be collected by the department of revenue from every person for the privilege of engaging within this state in business as a manufacturer, as a wholesaler, or as a retailer, an annual litter tax equal to the value of products listed in RCW 82.19.020, including byproducts, manufactured within this state, multiplied by fifteen one-thousandths of one percent in the case of manufacturers, and equal to the gross proceeds of sales of the products listed in RCW 82.19.020 that are sold within this state multiplied by fifteen one-thousandths of one percent in the case of wholesalers and retailers. [1992 c 175 § 3; 1971 ex.s. c 307 § 12. Formerly RCW 70.93.120.]

82.19.020  Application to certain products. To accomplish effective litter control within the state and to allocate a portion of the cost of administering this chapter to those industries whose products, including the packages, wrappings, and containers thereof, are reasonably related to the litter problem, the tax imposed in this chapter shall only apply to the value of products or the gross proceeds of sales of products falling into the following categories:

1. Food for human or pet consumption.
2. Groceries.

(1) The department of revenue, by rule, may, if such is required, define those items subject to tax under RCW 82.19.020. In making any such definitions, the department of revenue shall be guided by the following standards:

(a) It is the purpose of this chapter to accomplish effective litter control within this state;

(b) It is the purpose of this chapter to allocate a portion of the cost of administration of this chapter to those industries manufacturing and/or selling products and the packages, wrappings, or containers thereof which are reasonably related to the litter problem within this state.

(2) Instead of requiring each business to separately account for taxable and nontaxable products under this chapter, the department may provide, by rule, that the tax imposed in this chapter be reported and paid based on a percentage of total sales for a particular type of business if the department determines that the percentage reasonably approximates the taxable activity of the particular type of business. [1992 c 175 § 5; 1971 ex.s. c 307 § 14. Formerly RCW 70.93.140.]

82.19.040  Application of chapters 82.04 and 82.32 RCW—Disposition of revenue. (1) To the extent applicable, all of the provisions of chapters 82.04 and 82.32 RCW apply to the tax imposed in this chapter, except RCW 82.04.220 through 82.04.290, and 82.04.330.

(2) Taxes collected under this chapter shall be deposited in the waste reduction, recycling, and litter control account under RCW 70.93.180. [1992 c 175 § 6; 1971 ex.s. c 307 § 16. Formerly RCW 70.93.160.]

HAZARDOUS SUBSTANCE TAX—MODEL TOXICS CONTROL ACT

Sections
82.21.010 Intent of pollution tax.
82.21.020 Definitions.
82.21.030 Pollution tax.

82.21.920 Effective date—1989 c 2.

82.21.010 Intent of pollution tax. It is the intent of this chapter to impose a tax only once for each hazardous substance possessed in this state and to tax the first possession of all hazardous substances, including substances and products that the department of ecology determines to present a threat to human health or the environment. However, it is not intended to impose a tax on the first possession of small amounts of any hazardous substance (other than petroleum and pesticide products) that is first possessed by a retailer for the purpose of sale to ultimate consumers. This chapter is not intended to exempt any person from tax liability under any other law. [1989 c 2 § 8 (Initiative Measure No. 97, approved November 8, 1988).]

82.21.020 Definitions. Unless the context clearly otherwise requires, the definitions in this section apply throughout this chapter.

(1) "Hazardous substance" means:
(a) Any substance that, on March 1, 1989, is a hazardous substance under section 101(14) of the federal comprehensive environmental response, compensation, and liability act of 1980, 42 U.S.C. Sec. 9601(14), as amended by Public Law 99-499;
(b) Petroleum products;
(c) Any pesticide product required to be registered under the federal insecticide, fungicide and rodenticide act; and
(d) Any other substance, category of substance, and any product or category of product determined by the director of ecology by rule to present a threat to human health or the environment if released into the environment. The director of ecology shall not add or delete substances from this definition more often than twice during each calendar year. For tax purposes, changes in this definition shall take effect on the first day of the next month that is at least thirty days after the effective date of the rule. The word "product" or "products" as used in this paragraph (d) means an item or items containing both: (i) One or more substances that are hazardous substances under (a), (b), or (c) of this subsection or that are substances or categories of substances determined under this paragraph (d) to present a threat to human health or the environment if released into the environment; and (ii) one or more substances that are not hazardous substances.
(2) "Petroleum product" means plant condensate, lubricating oil, gasoline, aviation fuel, kerosene, diesel motor fuel, benzol, fuel oil, residual oil, liquefied or liquefiable gases such as butane, ethane, and propane, and every other product derived from the refining of crude oil, but the term does not include crude oil.
(3) "Possession" means the control of a hazardous substance located within this state and includes both actual and constructive possession. "Actual possession" occurs when the person with control has physical possession. "Constructive possession" occurs when the person with control does not have physical possession. "Control" means the power to sell or use a hazardous substance or to authorize the sale or use by another.
(4) "Previously taxed hazardous substance" means a hazardous substance in respect to which a tax has been paid under this chapter and which has not been remanufactured or reprocessed in any manner (other than mere repackaging or recycling for beneficial reuse) since the tax was paid.
(5) "Wholesale value" means fair market wholesale value, determined as nearly as possible according to the wholesale selling price at the place of use of similar substances of like quality and character, in accordance with rules of the department.
(6) Except for terms defined in this section, the definitions in chapters 82.04, 82.08, and 82.12 RCW apply to this chapter. [1989 c 2 § 9 (Initiative Measure No. 97, approved November 8, 1988).]

82.21.030 Pollution tax. (1) A tax is imposed on the privilege of possession of hazardous substances in this state. The rate of the tax shall be seven-tenths of one percent multiplied by the wholesale value of the substance.
(2) Moneys collected under this chapter shall be deposited in the toxics control accounts under RCW 70.105D.070.
(3) Chapter 82.32 RCW applies to the tax imposed in this chapter. The tax due dates, reporting periods, and return requirements applicable to chapter 82.04 RCW apply equally to the tax imposed in this chapter. [1989 c 2 § 10 (Initiative Measure No. 97, approved November 8, 1988).]

82.21.040 Exemptions. The following are exempt from the tax imposed in this chapter:
(1) Any successive possession of a previously taxed hazardous substance. If tax due under this chapter has not been paid with respect to a hazardous substance, the department may collect the tax from any person who has had possession of the hazardous substance. If the tax is paid by any person other than the first person having taxable possession of a hazardous substance, the amount of tax paid shall constitute a debt owed by the first person having taxable possession to the person who paid the tax.
(2) Any possession of a hazardous substance by a natural person under circumstances where the substance is used, or is to be used, for a personal or domestic purpose (and not for any business purpose) by that person or a relative of, or person residing in the same dwelling as, that person.
(3) Any possession of a hazardous substance amount which is determined as minimal by the department of ecology and which is possessed by a retailer for the purpose of making sales to ultimate consumers. This exemption does not apply to pesticide or petroleum products.
(4) Any possession of alumina or natural gas.
(5) Persons or activities which the state is prohibited from taxing under the United States Constitution.

(6) Any persons possessing a hazardous substance where such possession first occurred before March 1, 1989. [1989 c 2 § 11 (Initiative Measure No. 97, approved November 8, 1988).]

82.21.050 Credits. (1) Credit shall be allowed in accordance with rules of the department of revenue for taxes paid under this chapter with respect to fuel carried from this state in the fuel tank of any airplane, ship, truck, or other vehicle.

(2) Credit shall be allowed, in accordance with rules of the department, against the taxes imposed in this chapter for any hazardous substance tax paid to another state with respect to the same hazardous substance. The amount of the credit shall not exceed the tax liability arising under this chapter with respect to that hazardous substance. For the purpose of this subsection:

(a) "Hazardous substance tax" means a tax:

(i) Which is imposed on the act or privilege of possessing hazardous substances, and which is not generally imposed on other activities or privileges; and

(ii) Which is measured by the value of the hazardous substance, in terms of wholesale value or other terms, and in the determination of which the deductions allowed would not constitute the tax an income tax or value added tax.

(b) "State" means (i) the state of Washington, (ii) a state of the United States other than Washington, or any political subdivision of such other state, (iii) the District of Columbia, and (iv) any foreign country or political subdivision thereof. [1989 c 2 § 12 (Initiative Measure No. 97, approved November 8, 1988).]

PETROLEUM PRODUCTS—UNDERGROUND STORAGE TANK PROGRAM FUNDING

(Formerly: Tax on petroleum products)
for that quarter under RCW 70.148.020 (2) and (3). Balance
determinations by the department under this section are final
and shall not be used to challenge the validity of any tax
imposed under this section. For each subsequent calendar
quarter, tax shall be imposed under this section during the
entire calendar quarter unless:
(a) Tax was imposed under this section during the
immediately preceding calendar quarter, and the most recent
quarterly balance is more than fifteen million dollars; or
(b) Tax was not imposed under this section during the
immediately preceding calendar quarter, and the most recent
quarterly balance is more than seven million five hundred
thousand dollars. [1991 c 4 § 8; 1990 c 64 § 12; 1989 c 383
§ 16.]
Severability—1991 c 4: See note following RCW 70.148.120.

82.23A.030 Exemptions from tax. The following are
exempt from the tax imposed in this chapter:
(1) Any successive possession of a previously taxed
petroleum product. If tax due under this chapter has not
been paid with respect to a petroleum product, the depart-
ment may collect the tax from any person who has had
possession of the petroleum product. If the tax is paid by
any person other than the first person having taxable
possession of a petroleum product, the amount of tax paid
shall constitute a debt owed by the first person having
taxable possession to the person who paid the tax.
(2) Any possession of a petroleum product by a natural
person under circumstances where the substance is used, or
is to be used, for a personal or domestic purpose (and not
for any business purpose) by that person or a relative of, or
person residing in the same dwelling as, that person.
(3) Persons or activities which the state is prohibited
taxing under the United States Constitution.
(4) Any persons possessing a petroleum product where
such possession first occurred before July 1, 1989.
(5) Any possession of (a) natural gas, (b) petroleum
coke, or (c) liquid fuel or fuel gas used in petroleum
processing.
(6) Any possession of petroleum products that are
exported for use or sale outside this state as fuel.
(7) Any possession of petroleum products packaged for
sale to ultimate consumers. [1989 c 383 § 17.]

82.23A.040 Credit authorized. (1) Credit shall be
allowed in accordance with rules of the department of
revenue for taxes paid under this chapter with respect to fuel
carried from this state in the fuel tank of any airplane, ship,
truck, or other vehicle.
(2) Credit shall be allowed, in accordance with rules of
the department, against the taxes imposed in this chapter for
any petroleum product tax paid to another state with respect
to the same petroleum product. The amount of the credit
shall not exceed the tax liability arising under this chapter
with respect to that petroleum product. For the purpose of
this subsection:
(a) "Petroleum product tax" means a tax:
(i) That is imposed on the act or privilege of possessing
petroleum products, and that is not generally imposed on
other activities or privileges; and
(ii) That is measured by the value of the petroleum
product, in terms of wholesale value or other terms, and in
the determination of which the deductions allowed would not
constitute the tax an income tax or value added tax.
(b) "State" means (i) a state of the United States other
than Washington, or any political subdivision of such other
state, (ii) the District of Columbia, and (iii) any foreign
country or political subdivision thereof. [1989 c 383 § 18.]

82.23A.900 Effective date—1989 c 383. This act is
necessary for the immediate preservation of the public peace,
health, or safety, or support of the state government and its
existing public institutions, and shall take effect immediately,
extcept RCW 82.23A.005 through 82.23A.040 shall take

requires otherwise, the definitions in this section apply
throughout this chapter.
(1) "Barrel" means a unit of measurement of volume
equal to forty-two United States gallons of crude oil or
petroleum product.
(2) "Crude oil" means any naturally occurring liquid
hydrocarbons at atmospheric temperature and pressure
coming from the earth, including condensate and natural
gasoline.
(3) "Department" means the department of revenue.
(4) "Marine terminal" means a facility of any kind, other
than a waterborne vessel, that is used for transferring crude
oil or petroleum products to or from a waterborne vessel or
barge.
(5) "Navigable waters" means those waters of the state
and their adjoining shorelines that are subject to the ebb and
flow of the tide, including the Columbia and Snake rivers.
(6) "Person" has the meaning provided in RCW
82.04.030.
(7) "Petroleum product" means any liquid hydrocarbons
at atmospheric temperature and pressure that are the product
of the fractionation, distillation, or other refining or process-
ing of crude oil, and that are used as, useable as, or may be
refined as a fuel or fuel blendstock, including but not limited
to, gasoline, diesel fuel, aviation fuel, bunker fuel, and fuels containing a blend of alcohol and petroleum.

(8) "Taxpayer" means the person owning crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal in this state from a waterborne vessel or barge and who is liable for the taxes imposed by this chapter.

(9) "Waterborne vessel or barge" means any ship, barge, or other watercraft capable of travelling on the navigable waters of this state and capable of transporting any crude oil or petroleum product in quantities of ten thousand gallons or more for purposes other than providing fuel for its motor or engine. [1992 c 73 § 6; 1991 c 200 § 801.]

Severability—1992 c 73: See RCW 90.56.905.

82.23B.020 Oil spill response tax—Oil spill administration tax—Study of tax credits. (1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of two cents per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of three cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay them to the department in the manner prescribed by this chapter, whether such failure is the result of the person’s own acts or the result of acts or conditions beyond the person’s control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department’s judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the state oil spill administration account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than twenty-five million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than fifteen million dollars.

(11) The office of marine safety, the department of revenue, and the department of trade and economic development shall study tax credits for taxpayers employing vessels with the best achievable technology and the best available protection to reduce the risk of oil spills to the navigable waters of the state and submit the study to the appropriate standing committees of the legislature by December 1, 1992. [1992 c 73 § 7; 1991 c 200 § 802.]
82.23B.030 Exemption. The taxes imposed under this chapter shall only apply to the first receipt of crude oil or petroleum products at a marine terminal in this state and not to the later transporting and subsequent receipt of the same oil or petroleum product, whether in the form originally received at a marine terminal in this state or after refining or other processing. [1992 c 73 § 9; 1991 c 200 § 803.]

Severability—1992 c 73: See RCW 90.56.905.

82.23B.040 Credit—Crude oil or petroleum exported or sold for export. Credit shall be allowed against the taxes imposed under this chapter for any crude oil or petroleum products received at a marine terminal and subsequently exported from or sold for export from the state. [1992 c 73 § 10; 1991 c 200 § 804.]

Severability—1992 c 73: See RCW 90.56.905.

82.23B.045 Refund or credit—Petroleum products used by consumers for nonfuel purpose or used in manufacture of nonfuel item. (1) Any person having paid the tax imposed by this chapter who uses petroleum products as a consumer for a purpose other than as a fuel may claim a refund or credit against the tax imposed under this chapter. For this purpose, the term consumer shall be defined as provided in RCW 82.04.190.

(2) Any person having paid the tax imposed by this chapter who uses petroleum products as a component or ingredient in the manufacture of an item which is not a fuel may claim a refund or credit against the tax imposed by this chapter.

(3) The amount of refund or credit claimed under this section may not exceed the amount of tax paid by the person making such claim on the petroleum products so consumed or used. The refund or credit allowed by this section shall be claimed on such forms and subject to such requirements as the department may prescribe by rule. [1992 c 73 § 8.]

Severability—1992 c 73: See RCW 90.56.905.

82.23B.050 Rules. The department shall adopt such rules as may be necessary to enforce and administer the provisions of this chapter. Chapter 82.32 RCW applies to the administration, collection, and enforcement of the taxes levied under this chapter. [1991 c 200 § 808.]

82.23B.060 Imposition of taxes. The taxes imposed in this chapter shall take effect October 1, 1991. [1991 c 200 § 809.]

82.23B.060 Imposition of taxes. The taxes imposed in this chapter shall take effect October 1, 1991. [1991 c 200 § 809.]

82.23B.900 Effective dates—Severability—1991 c 200. See RCW 90.56.901 and 90.56.904.

82.23B.901 Savings—1992 c 73. [1992 c 73 § 44.]

82.23B.902 Effective dates—1992 c 73. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [March 26, 1992], except sections 6, 7, 9, and 10 of this act shall take effect October 1, 1992. (2) Upon notification or seizure by the department or upon receipt of property subject to forfeiture under this chapter from any other person, the department shall list and particularly describe the property seized in duplicate and have the property appraised by a qualified person not employed by the department or acting as its agent. Listing and appraisement of the property shall be properly attested by the department and the appraiser, who shall be allowed a reasonable appraisal fee. No appraisal is required if the property seized is judged by the department to be less than one hundred dollars in value.

(3) The department shall cause notice to be served within five days following the seizure or notification to the department of the seizure on the owner of the property seized, if known, on the person in charge thereof, and on any other person having any known right or interest therein, of the seizure and intended forfeiture of the seized property. The notice may be served by any method authorized by law or court rule including but not limited to service by mail. If service is by mail it shall be by both certified mail with return receipt requested and regular mail. Service by mail shall be deemed complete upon mailing within the five-day period following the seizure or notification of the seizure to the department.

(4) If no person notifies the department in writing of the person's claim of ownership or right to possession of the items seized within fifteen days of the date of the notice of seizure, the item seized shall be considered forfeited.

(5) If any person notifies the department, in writing, of the person's claim of ownership or right to possession of the items seized within fifteen days of the date of the notice of seizure, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the director or the director's designee, except that any person asserting a claim or right may bring an action for return of the seized items in the superior court of the county in which such property was seized, if the aggregate value of the article or articles involved is more than five hundred dollars. A hearing before the seizing agency and any appeal therefrom shall be in accordance with chapter 34.05 RCW. The burden of proof by a preponderance of the evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the items seized. The department shall promptly return the article or articles to the claimant upon a determination that the claimant is the present lawful owner or is lawfully entitled to possession thereof of the items seized. (2) Sell the property at public auction to the highest bidder after due advertisement, but the department before delivering any of the goods so seized shall require the person to whom the property is sold to affix the proper amount of stamps. The proceeds of the sale and all moneys forfeited under this chapter shall be first applied to the payment of all proper expenses of any investigation leading to the seizure and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, and court costs. The balance of the proceeds and all moneys shall be deposited in the general fund of the state. When the department of revenue has good reason to believe that any of the articles taxed herein are being kept, sold, offered for sale, or given away in violation of the provisions of this chapter or regulations issued under authority hereof, it may make affidavit of such fact, describing the place or thing to be searched, before any judge of any court in this state, and such judge shall issue a search warrant directed to the sheriff, any deputy, police officer, or duly authorized agent of the department of revenue commanding him or her diligently to search any building, room in a building, place or vehicle as may be designated in the affidavit and search warrant, and to seize such tobacco so possessed and to hold the same until disposed of by law, and to arrest the person in possession or control thereof. If upon the return of such warrant, it shall appear that any of the articles taxed herein, unlawfully possessed, were seized, the same shall be sold as provided in this chapter. [1987 c 202 § 244; 1975 1st ex.s. c 278 § 67; 1961 c 15 § 82.24.190. Prior: 1949 c 228 § 16; 1935 c 180 § 91; Rem. Supp. 1949 § 8370-91.]

82.24.210 Redemption of stamps. The department of revenue may promulgate rules and regulations providing for the refund to dealers for the cost of stamps affixed to articles taxed herein, which by reason of damage become unfit for sale and are destroyed by the dealer or returned to the manufacturer or jobber. In the case of any articles to which stamps have been affixed, and which articles have been sold and shipped to a regular dealer in such articles in another state, the seller in this state shall be entitled to a refund of the actual amount of the stamps so affixed, less the affixing discount, upon condition that the seller in this state makes affidavit that the articles were sold and shipped outside of the state and that he has received from the purchaser outside the state a written acknowledgment that he has received such articles with the amount of stamps affixed thereto, together with the name and address of such purchaser. The department of revenue may redeem any unused stamps purchased from it at the face value thereof less the affixing discount. [1975 1st ex.s. c 278 § 68; 1961 c 15 § 82.24.210. Prior: 1949 c 228 § 17; 1941 c 178 § 17; 1935 c 180 § 92; Rem. Supp. 1949 § 8370-92.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

82.24.230 Administration. All of the provisions contained in chapter 82.32 RCW shall have full force and application with respect to taxes imposed under the provisions of this chapter, except the following sections thereof: RCW 82.32.050, 82.32.060, 82.32.070, 82.32.100 and 82.32.270. [1961 c 15 § 82.24.230. Prior: 1935 c 180 § 95; RRS § 8370-95.]

82.24.250 Transportation of unstamped cigarettes—Invoices and delivery tickets required—Stop and inspect. No person other than (1) a licensed wholesaler in its own vehicle, or (2) a person who has given notice to the department in advance of the commencement of transportation shall transport or cause to be transported cigarettes not having the stamps affixed to packages or containers, upon the public highways, roads or streets of this state. In the case of transportation of unstamped cigarettes such persons shall have in their actual possession invoices or delivery tickets for such cigarettes, which shall show the true name and address of the consignor or seller, the true name of the consignee or purchaser, and the quantity and brands of the cigarettes so transported. If the cigarettes are consigned to or purchased by any person in this state such purchaser or consignee must be a person who is authorized by chapter 82.24 RCW to possess unstamped cigarettes in this state. In the absence of such invoices or delivery tickets, or, if the name or address of the consignee or purchaser is falsified or if the purchaser or consignee is not authorized by chapter 82.24 RCW to possess unstamped cigarettes, the cigarettes so transported shall be deemed contraband subject to seizure and sale under the provisions of RCW 82.24.130.

Transportation of cigarettes from a point outside this state to a point in some other state will not be considered a violation of this section provided that the person so transporting such cigarettes has in his possession adequate invoices or delivery tickets which give the true name and
address of such out-of-state seller or consignor and such out-
of-state purchaser or consignee.

In any case where the department or its duly authorized agent, or any peace officer of the state, has knowledge or reasonable grounds to believe that any vehicle is transporting cigarettes in violation of this section, the department, such agent, or such police officer, is authorized to stop such vehicle and to inspect the same for contraband cigarettes.

For purposes of this section, the term "person authorized by chapter 82.24 RCW to possess unstamped cigarettes" shall mean a wholesaler or retailer, licensed under Washington state law, the United States or an agency thereof, and any Indian tribal organization authorized under rules adopted by the department of revenue to possess unstamped cigarettes. [1990 c 216 § 6; 1972 ex.s. c 157 § 6.]

Severability—1972 ex.s. c 157: See note following RCW 82.24.020.

82.24.260 Selling or disposing of unstamped cigarettes—Retailer to collect and remit tax—Liability. Any retailer who sells or otherwise disposes of any unstamped cigarettes other than (1) a federal instrumentality with respect to sales to authorized military personnel and (2) a federally recognized Indian tribal organization with respect to sales to enrolled members of the tribe shall collect from the buyer or transferee thereof the tax imposed on such buyer or transferee by this chapter and remit the same to the department after deducting from the tax collected the compensation he would have been entitled to under the provisions of this chapter if he had affixed stamps to the unstamped cigarettes. Such remittance shall be made at the same time and manner as remittances of the retail sales tax as required under chapters 82.08 and 82.32 RCW. In the event the retailer fails to collect the tax from the buyer or transferee, or fails to remit the same, the retailer shall be personally liable therefor, and shall be subject to the administrative provisions of RCW 82.24.230 with respect to the collection thereof by the department. The provisions of this section shall not relieve the buyer or possessor of unstamped cigarettes from personal liability for the tax imposed by this chapter.

Nothing in this section shall relieve a wholesaler or a retailer from the requirements of affixing stamps pursuant to RCW 82.24.040 and 82.24.050. [1987 c 80 § 3; 1986 c 3 § 13. Prior: 1983 c 189 § 3; 1983 c 3 § 217; 1975 1st ex.s. c 22 § 1; 1972 ex.s. c 157 § 7.]

Severability—1986 c 3: See RCW 70.146.900.

Effective dates—1986 c 3: See note following RCW 82.24.027.

Severability—1983 c 189: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [1983 c 189 § 10.]

Severability—1972 ex.s. c 157: See note following RCW 82.24.020.

82.24.500 Business of cigarette purchase, sale, consignment, or distribution—License required—Penalty. No person may engage in or conduct the business of purchasing, selling, consigning, or distributing cigarettes in this state without a license under this chapter. A violation of this section is a misdemeanor. [1986 c 321 § 4.]

Policy—Intent—1986 c 321: "It is the policy of the legislature to encourage competition by reducing the government's role in price setting. It is the legislature's intent to leave price setting mainly to the forces of the marketplace. In the field of cigarette sales, the legislature finds that the goal of open competition should be balanced against the public policy disallowing use of cigarette sales as loss leaders. To balance these public policies, it is the intent of the legislature to repeal the unfair cigarette sales below cost act and to declare the use of cigarettes as loss leaders as an unfair practice under the consumer protection act." [1986 c 321 § 1.]

Savings—1986 c 321: "A cigarette wholesalers or retailers license issued by the department of licensing under RCW 19.91.130 in good standing on the July 1, 1991, constitutes a license under RCW 82.24.500." [1986 c 321 § 11.]

Effective date—1986 c 321: "Sections 1 and 4 through 14 of this act shall take effect on July 1, 1991." [1986 c 321 § 15.]

82.24.510 Wholesaler's and retailer's licenses—Application and issuance. (1) The licenses issuable under this chapter are as follows:

(a) A wholesaler's license.

(b) A retailer's license.

(2) Application for the licenses shall be made through the master license system under chapter 19.02 RCW. The department of revenue shall adopt rules regarding the regulation of the licenses. The department of revenue may refrain from the issuance of any license under this chapter if the department has reasonable cause to believe that the applicant has wilfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the department has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. Each such license shall expire on the master license expiration date, and each such license shall be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the department of revenue made pursuant thereto. [1986 c 321 § 5.]

82.24.520 Wholesaler's license—Fee—Display of license—Bond. A fee of six hundred fifty dollars shall accompany each wholesaler's license application or license renewal application. If a wholesaler sells or intends to sell cigarettes at two or more places of business, whether established or temporary, a separate license with a license fee of one hundred fifteen dollars shall be required for each additional place of business. Each license, or certificate thereof, and such other evidence of license as the department of revenue requires, shall be exhibited in the place of business for which it is issued and in such manner as is prescribed for the display of a master license. The department of revenue shall require each licensed wholesaler to file with the department a bond in an amount not less than one thousand dollars to guarantee the proper performance of the duties and the discharge of the liabilities under this chapter. The bond shall be executed by such licensed wholesaler as principal, and by a corporation approved by the department of revenue and authorized to engage in business as a surety company in this state, as surety. The bond shall run concurrently with the wholesaler's license. [1986 c 321 § 6.]

82.24.530 Retailer's license—Fee. A fee of ten dollars shall accompany each retailer's license application or
license renewal application. A fee of one additional dollar for each vending machine shall accompany each application or renewal for a license issued to a retail dealer operating a cigarette vending machine. [1986 c 321 § 7.]

82.24.540 Licensee to operate within scope of license—Penalty. Any person licensed only as a wholesaler, or as a retail dealer, shall not operate in any other capacity unless the additional appropriate license or licenses are first secured. A violation of this section is a misdemeanor. [1986 c 321 § 8.]

82.24.550 Enforcement—Notice—Hearing—Reinstatement of license—Appeal. (1) The department of revenue shall enforce the provisions of this chapter. The department of revenue may adopt, amend, and repeal rules necessary to enforce and administer the provisions of this chapter. The department of revenue has full power and authority to revoke or suspend the license or permit of any wholesale or retail cigarette dealer in the state upon sufficient cause appearing of the violation of this chapter or upon the failure of such licensee to comply with any of the provisions of this chapter.

(2) A license shall not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the department of revenue. The department of revenue, upon a finding by same, that the licensee has failed to comply with any provision of this chapter or any rule promulgated thereunder, shall, in the case of the first offender, suspend the license or licenses of the licensee for a period of not less than thirty consecutive business days, and, in the case of a second or plural offender, shall suspend the license or licenses for a period of not less than ninety consecutive business days nor more than twelve months, and, in the event the department of revenue finds the offender has been guilty of wilful and persistent violations, it may revoke the license or licenses.

(3) Any person whose license or licenses have so revoked may apply to the department of revenue at the expiration of one year for a reinstatement of the license or licenses. The license or licenses may be reinstated by the department of revenue if it appears to the satisfaction of the department of revenue that the licensee will comply with the provisions of this chapter and the rules promulgated thereunder.

(4) A person whose license has been suspended or revoked shall not sell cigarettes or permit cigarettes to be sold during the period of such suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form whatever.

(5) Any determination and order by the department of revenue, and any order of suspension or revocation by the department of revenue of the license or licenses, or refusal to reinstate a license or licenses after revocation shall be reviewable by an appeal to the superior court of Thurston county. The superior court shall review the order or ruling of the department of revenue and may hear the matter de novo, having due regard to the provisions of this chapter and the duties imposed upon the department of revenue. [1986 c 321 § 9.]

82.24.560 Fees and penalties credited to general fund. All fees and penalties received or collected by the department of revenue pursuant to this chapter shall be paid to the state treasurer, to be credited to the general fund. [1986 c 321 § 10.]

82.24.900 Construction—1961 c 15. The provisions of this chapter shall not apply in any case in which the state of Washington is prohibited from taxing under the Constitution of this state or the Constitution or the laws of the United States. [1961 c 15 § 82.24.900. Prior: 1935 c 180 § 94; RRS § 8370-94.]

frozen enhanced food fish or (b) enhanced food fish pack-
aged for retail sales; (2) the growing, processing, or dealing
with food fish which are raised from eggs or fry and which
are under the physical control of the grower at all times until
being sold or harvested; and (3) food fish, shellfish,
anadromous game fish, and byproducts or parts of food fish
shipped from outside the state which enter the state, except
as provided in RCW 82.27.010, provided the taxpayer must

tion as the department of revenue may require, including
the gross measure of the tax, any deductions, credits, or
exemptions claimed, and the amount of tax due for the
preceding monthly period, which amount shall be transmitted
to the department along with the return.
The department may relieve any taxpayer from the
obligation of filing a monthly return and may require the
return to cover other periods, but in no event may periodic returns be filed for a period greater than one year. In such cases tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return. [1990 c 214 § 1; 1980 c 98 § 6.]

Reviser's note: Throughout chapter 82.29A RCW the term "this 1976 amendatory act" has been changed to "this chapter, RCW 84.36.451 and 84.40.175." This 1976 amendatory act [1975-'76 2nd ex.s. c 61] also repealed chapter 82.29 RCW, RCW 84.36.450, 84.36.455, and 84.36.460.

82.29A.010 Legislative findings and recognition. The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other munici-

pal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

The legislature finds that lessees of publicly owned property are entitled to those same governmental services and does hereby provide for a leasehold excise tax to fairly compensate governmental units for services rendered to such lessees of publicly owned property. [1975-'76 2nd ex.s. c 61 § 1.]

82.29A.020 Definitions. (Effective until January 1, 1993.) As used in this chapter the following terms shall be defined as follows, unless the context otherwise requires:

(1) "Leasehold interest" shall mean an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership; PROVIDED, That no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government shall constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" shall include the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites. The term "leasehold interest" shall not include road or utility easements or rights of access, occupancy or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner.

(2) "Taxable rent" shall mean contract rent as defined in subsection (a) of this subsection in all cases where the lease or agreement has been established or negotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessee: PROVIDED, That after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in subsection (b) of this subsection. All other leasehold interests shall be subject to the determination of taxable rent under the terms of subsection (b) of this subsection.

(a) "Contract rent" shall mean the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a
sublessee; expenditures for the protection of the lessor’s interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest shall be part of contract rent.

"Contract rent" shall not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements shall be taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

Any prepaid contract rent shall be considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent shall be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, shall be prorated from the date of prepayment.

With respect to a "product lease", the value of agricultural products received as rent shall be the value at the place of delivery as of the fifteenth day of the month of delivery; with respect to all other products received as contract rent, the value shall be that value determined at the time of sale under terms of the lease.

(b) If it shall be determined by the department of revenue, upon examination of a lessee’s accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances established by public record, clearly showing that the contract rent was the maximum attainable by the lessee, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration shall be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration shall be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter shall mean a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" shall mean a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town. [1986 c 285 § 1; 1979 ex.s. c 196 § 11; 1975-76 2nd ex.s. c 61 § 2.]

Effective date—1979 ex.s. c 196: See note following RCW 82.04.240.

82.29A.020 Definitions. (Effective January 1, 1993.)

As used in this chapter the following terms shall be defined as follows, unless the context otherwise requires:

(1) "Leasehold interest" shall mean an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership: PROVIDED, That no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government shall constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" shall include the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or within a district listed on any federal or state register of historical sites. The term "leasehold interest" shall not include road or utility easements or rights of access, occupancy or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner.

(2) "Taxable rent" shall mean contract rent as defined in subsection (a) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accor-
dance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor: PROVIDED, That after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in subsection (b) of this subsection. All other leasehold interests shall be subject to the determination of taxable rent under the terms of subsection (b) of this subsection.

For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent shall include only the annual cash rental payment made by such entity to the department of ecology as specifically referred to as rent in the sublease agreement between the parties and shall not include any other fees, assessments, or charges imposed on or collected by such entity irrespective of whether the private or public entity pays or collects such other fees, assessments, or charges as specified in the sublease agreement.

(a) "Contract rent" shall mean the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for the credit of the lessor or the payment to the lessor of a sublessee, only that portion of such payment which represents consideration for the leasehold interest shall be part of contract rent.

"Contract rent" shall not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the public in general and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements shall be taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

Any prepaid contract rent shall be considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent shall be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, shall be prorated from the date of prepayment.

With respect to a "product lease", the value of agricultural products received as rent shall be the value at the place of delivery as of the fifteenth day of the month of delivery; with respect to all other products received as contract rent, the value shall be that value determined at the time of sale under terms of the lease.

(b) If it shall be determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration shall be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration shall be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter shall mean a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" shall mean a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town. [1991 c 272 § 23; 1986 c 285 § 1; 1979 ex.s. c 196 § 11; 1975-'76 2nd ex.s. c 61 § 2.]

Effective dates—1991 c 272: See RCW 81.108.901.
Effective date—1979 ex.s. c 196: See note following RCW 82.04.240.

82.29A.030 Tax imposed—Credit—Additional tax imposed. (1) There is hereby levied and shall be collected
a leasehold excise tax on the act or privilege of occupying or using publicly owned real or personal property through a leasehold interest on and after January 1, 1976, at a rate of twelve percent of taxable rent: PROVIDED, That after the computation of the tax there shall be allowed credit for any tax collected pursuant to RCW 82.29A.040.

(2) An additional tax is imposed equal to the rate specified in RCW 82.02.030 multiplied by the tax payable under subsection (1) of this section. [1983 2nd ex.s. c 3 § 18; 1982 1st ex.s. c 35 § 11; 1975-'76 2nd ex.s. c 61 § 3.]

Construction—Severability—Effective dates—1983 2nd ex.s. c 3: See notes following RCW 82.04.255.

Severability—Effective dates—1982 1st ex.s. c 35: See notes following RCW 82.08.020.

82.29A.040 Counties and cities authorized to impose tax—Maximum rate—Credit—Collection. The legislative body of any county or city is hereby authorized to levy and collect a leasehold excise tax on the act or privilege of occupying or using publicly owned real or personal property through a leasehold interest in publicly owned property within the territorial limits of such county or city. The tax levied by a county under authority of this section shall not exceed six percent and the tax levied by a city shall not exceed four percent of taxable rent: PROVIDED, That any county ordinance levying such tax shall contain a provision allowing a credit against the county tax for the full amount of any city tax imposed upon the same taxable event.

The department of revenue shall perform the collection of such taxes on behalf of such county or city. [1975-'76 2nd ex.s. c 61 § 4.]

82.29A.050 Payment—Due dates—Collection and remittance—Liability—Reporting. (1) The leasehold excise taxes provided for in RCW 82.29A.030 and 82.29A.040 shall be paid by the lessee to the lessor and the lessor shall collect such tax and remit the same to the department of revenue. The tax shall be payable at the same time as payments are due to the lessor for use of the property from which the leasehold interest arises, and in the case of payment of contract rent to a person other than the lessor, at the time of payment. The tax payment shall be accompanied by such information as the department of revenue may require. In the case of prepaid contract rent the payment may be prorated in accordance with instructions of the department of revenue and the prorated portion of the tax shall be due, one-half not later than May 31 and the other half not later than November 30 each year.

(2) The lessor receiving taxes payable under the provisions of this chapter shall remit the same together with a return provided by the department, to the department of revenue on or before the last day of the month following the month in which the tax is collected. The department may relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event shall returns be filed for a period greater than one year. The lessor shall be fully liable for collection and remittance of the tax. The amount of tax until paid by the lessee to the lessor shall constitute a debt from the lessee to the lessor. The tax required by this chapter shall be stated separately from contract rent, and if not so separately stated for purposes of determining the tax due from the lessee to the lessor and from the lessor to the department, the contract rent does not include the tax imposed by this chapter. Where a lessee has failed to pay to the lessor the tax imposed by this chapter and the lessor has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the lessee for collection of the tax: PROVIDED, That taxes due where contract rent has not been paid shall be reported by the lessor to the department and the lessee alone shall be liable for payment of the tax to the department.

(3) Each person having a leasehold interest subject to the tax provided for in this chapter arising out of a lease of federally owned or federal trust lands shall report and remit the tax due directly to the department of revenue in the same manner and at the same time as the lessor would be required to report and remit the tax if such lessor were a state public entity. [1992 c 206 § 6; 1975-'76 2nd ex.s. c 61 § 5.]

Effective date—1992 c 206: See note following RCW 82.04.170.

82.29A.060 Administration—Audits. All administrative provisions in chapters 82.02 and 82.32 RCW, as now or hereafter amended shall be applicable to taxes imposed pursuant to this chapter: PROVIDED, That this section shall not authorize the issuance of any levy upon any property owned by the public lessor.

In selecting leasehold excise tax returns for audit the department of revenue shall give priority to any return an audit of which is specifically requested in writing by the county assessor or treasurer or other chief financial officer of any city or county affected by such return. Nevertheless, the provisions of RCW 82.32.330, findings of fact and determinations of the amount of taxable rent made pursuant to the provisions of this chapter shall be open to public inspection at all reasonable times. [1975-'76 2nd ex.s. c 61 § 6.]

82.29A.070 Disposition of revenue. All moneys received by the department of revenue from taxes levied under provisions of RCW 82.29A.030 shall be transmitted to the state treasurer and deposited in the general fund. [1975-'76 2nd ex.s. c 61 § 7.]

82.29A.080 Counties and cities to contract with state for administration and collection—Local leasehold excise tax account. The counties and cities shall contract, prior to the effective date of an ordinance imposing a leasehold excise tax, with the department of revenue for administration and collection. The department of revenue shall deduct a percentage amount, as provided by such contract, not to exceed two percent of the taxes collected, for administration and collection expenses incurred by the department. The remainder of any portion of any tax authorized by RCW 82.29A.040 which is collected by the department of revenue shall be deposited by the state department of revenue in the local leasehold excise tax account hereby created in the state treasury. Moneys in the local leasehold excise tax account may be spent only for distribution to counties and cities imposing a leasehold excise tax. [1985 c 57 § 84; 1981 2nd ex.s. c 4 § 8; 1975-'76 2nd ex.s. c 61 § 8.]
82.29A.090 Distributions to counties and cities. Bimonthly the state treasurer shall make distribution from the local leasehold excise tax account to the counties and cities the amount of tax collected on behalf of each county or city. The state treasurer shall make the distribution under this section without appropriation. [1981 2nd ex.s. c 4 Sec. 11; 1975-76 2nd ex.s. c 61 § 9]

Severability—1981 2nd ex.s. c 4: See note following RCW 43.85.130.

82.29A.100 Distributions by county treasurers. Any moneys received by a county from the leasehold excise tax provided for under RCW 82.29A.040 shall be distributed proportionately by the county treasurer in accordance with RCW 84.56.230 as though such moneys were receipts from regular ad valorem property taxes levies within such county: PROVIDED, That no distribution shall be made to the state or any city; AND PROVIDED FURTHER, That the proportionate calculation for proportionate distribution to taxing districts shall not include consideration of any rate(s) of levy by the state or any city. [1975-76 2nd ex.s. c 61 § 10.]

82.29A.110 Consistency and uniformity of local leasehold tax with state leasehold tax—Model ordinance. It is the intent of this chapter that any local leasehold excise tax adopted pursuant to this chapter be as consistent and uniform as possible with the state leasehold excise tax. It is further the intent of this chapter that the local leasehold excise tax shall be imposed upon an individual taxable event simultaneously with the imposition of the state leasehold excise tax upon the same taxable event. The department shall, as soon as practicable, and with the assistance of the appropriate associations of county prosecutors and city attorneys, draft a model ordinance. [1975-76 2nd ex.s. c 61 § 11.]

82.29A.120 Allowable credits. After computation of the taxes imposed pursuant to RCW 82.29A.030 and 82.29A.040 there shall be allowed the following credits in determining the tax payable:

(1) With respect to a leasehold interest other than a product lease, executed with an effective date of April 1, 1986, or thereafter, or a leasehold interest in respect to which the department of revenue under the authority of RCW 82.29A.020 does adjust the contract rent base used for computing the tax provided for in RCW 82.29A.030, there shall be allowed a credit against the tax as otherwise computed equal to the amount, if any, that such tax exceeds the property tax that would apply to such leased property if it were privately owned.

(2) With respect to a product lease, a credit of thirty-three percent of the tax otherwise due. [1986 c 285 § 2; 1975-76 2nd ex.s. c 61 § 12.]

82.29A.130 Exemptions. The following leasehold interests shall be exempt from taxes imposed pursuant to RCW 82.29A.030 and 82.29A.040:

(1) All leasehold interests constituting a part of the operating properties of any public utility which is assessed and taxed as a public utility pursuant to chapter 84.12 RCW.

(2) All leasehold interests in facilities owned or used by a school, college or university which leasehold provides housing for students and which is otherwise exempt from taxation under provisions of RCW 84.36.010 and 84.36.050.

(3) All leasehold interests of subsidized housing where the fee ownership of such property is vested in the government of the United States, or the state of Washington or any political subdivision thereof but only if income qualification exists for such housing.

(4) All leasehold interests used for fair purposes of a nonprofit fair association that sponsors or conducts a fair or fairs which receive support from revenues collected pursuant to RCW 67.16.100 and allocated by the director of the department of agriculture where the fee ownership of such property is vested in the government of the United States, the state of Washington or any of its political subdivisions: PROVIDED, That this exemption shall not apply to the leasehold interest of any sublessee of such nonprofit fair association if such leasehold interest would be taxable if it were the primary lease.

Such registration certificate shall be personal and nontransferable and shall be valid as long as the taxpayer continues in business and pays the tax accrued to the state. In case business is transacted at two or more separate places by one taxpayer, a separate registration certificate for each place at which business is transacted with the public shall be required, but, for such additional certificates no additional payment shall be required. Each certificate shall be numbered and shall show the name, residence, and place and character of business of the taxpayer and such other information as the department of revenue deems necessary and shall be posted in a conspicuous place at the place of business for which it is issued. Where a place of business of the taxpayer is changed, the taxpayer must return to the department the existing certificate, and a new certificate will be issued for the new place of business free of charge. No person shall engage in any business taxable hereunder without being registered in compliance with the provisions of this section, except that the department, by general regulation, may provide for the issuance of certificates of registration to temporary places of business without requiring payment. 82.32.030 Registration certificates—Threshold levels. Effective January 1, 1993. (1) Except as provided in subsection (2) of this section, if any person engages in any business or performs any act upon which a tax is imposed by the preceding chapters, he or she shall, under such rules as the department of revenue shall prescribe, apply for and obtain from the department a registration certificate upon payment of fifteen dollars. Such registration certificate shall be personal and nontransferable and shall be valid as long as the taxpayer continues in business and pays the tax accrued to the state. In case business is transacted at two or more separate places by one taxpayer, a separate registration certificate for each place at which business is transacted with the public shall be required, but, for such additional certificates no additional payment shall be required. Each certificate shall be numbered and shall show the name, residence, and place and character of business of the taxpayer and such other information as the department of revenue deems necessary and shall be posted in a conspicuous place at the place of business for which it is issued. Where a place of business of the taxpayer is changed, the taxpayer must return to the department the existing certificate, and a new certificate will be issued for the new place of business free of charge. No person required to be registered under this section shall engage in any business taxable hereunder without first being so registered. The department, by rule, may provide for the issuance of certifi-
cates of registration, without requiring payment, to temporary places of business or to persons who are exempt from tax under RCW 82.04.300.

(2) Registration under this section is not required if the following conditions are met:

(b) The person is not required to collect or pay to the department of revenue any other tax which the department is authorized to collect; and

(c) The person is not otherwise required to obtain a license subject to the master application procedure provided as otherwise provided in this chapter, payments of the taxes under RCW 82.32.030 reporting periods, but in no event may returns be filed

monthly and may require the return to cover other longer taxable activities occur.

(2) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(3) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability. [1983 2nd ex.s. c 3 § 63; 1982 1st ex.s. c 35 § 27; 1981 c 172 § 7; 1981 c 7 § 1.]

For tax liabilities arising after December 31, 1991, until the date of payment, the rate of interest shall be variable and computed as provided in subsection (2) of this section. The rate so computed shall be adjusted on the first day of January of each year. The department shall notify the taxpayer by mail of the additional amount and the same shall become due and shall be paid within thirty days from the date of the notice, or within such further time as the department may provide.

Sec. 1274(d) plus two percentage points. The rate shall be computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually, for the months of January, April, July, and October of the immediately preceding calendar year as published by the United States secretary of the treasury.

(3) No assessment or correction of an assessment for additional taxes, penalties, or interest due may be made by the department more than four years after the close of the tax year, except (a) against a taxpayer who has not registered as required by this chapter, (b) upon a showing of fraud or of misrepresentation of a material fact by the taxpayer, or (c) where a taxpayer has executed a written waiver of such limitation. (2) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(1) If, upon receipt of an application by a taxpayer for a refund or for an audit of the taxpayer’s records, or upon an examination of the returns or records of any taxpayer, it is determined by the department that within the statutory period for assessment of taxes, penalties, or interest prescribed by RCW 82.32.050 any amount of tax, penalty, or interest has been paid in excess of that properly due, the excess amount paid within, or attributable to, such period shall be credited to the taxpayer’s account or shall be refunded to the taxpayer, at the taxpayer’s option. Except as provided in subsections (2) and (3) of this section, no refund or credit shall be made for taxes, penalties, or interest paid more than four years prior to the beginning of the calendar year in which the refund application is made or examination of records is completed.

[1987 c 344 § 16.]

82.32.070 Records to be preserved—Examination—Estoppel to question assessment. Every person liable for any fee or tax imposed by chapters 82.04 through 82.27 RCW shall keep and preserve, for a period of five years, suitable records as may be necessary to determine the amount of any tax for which he may be liable, which records shall include copies of all federal income tax and state tax returns and reports made by him. All his books, records, and invoices shall be open for examination at any time by the department of revenue. In the case of an out-of-state person or concern which does not keep the necessary books and records within this state, it shall be sufficient if it produces within the state such books and records as shall be required by the department of revenue, or permits the examination by an agent authorized or designated by the department of revenue at the place where such books and records are kept. Any person who fails to comply with the requirements of this section shall be forever barred from questioning, in any court action or proceedings, the correctness of any assessment of taxes made by the department of revenue based upon any period for which such books, records, and invoices have not been so kept and preserved.

Any person claiming a credit against the tax imposed by chapter 82.04 RCW by reason of the provisions of RCW 82.04.435 shall keep and preserve until the claim has been verified or allowed by the department of revenue sufficient books, records and invoices to prove the right to and amount of such claim for credit, and no such claim shall be allowed by the department of revenue unless such books, records and invoices have been kept and preserved. A return or remittance which is transmitted to the department by United States mail shall be deemed filed or received on the date shown by the post office cancellation mark stamped upon the envelope containing it, except as otherwise provided in this chapter.

The department, for good cause shown, may extend the time for making and filing any return, and may grant such reasonable additional time within which to make and file returns as it may deem proper, but any permanent extension granting the taxpayer a reporting date without penalty more than ten days beyond the due date, and any extension in excess of thirty days shall be conditional on deposit with the department of an amount to be determined by the department which shall be approximately equal to the estimated tax liability for the reporting period or periods for which the extension is granted. In the case of a permanent extension or a temporary extension of more than thirty days the deposit shall be deposited within the state treasury with other tax funds and a credit recorded to the taxpayer's account which may be applied to taxpayer's liability upon cancellation of the permanent extension or upon reporting of the tax liability where an extension of more than thirty days has been granted.

The department shall review the requirement for deposit at least annually and may require a change in the amount of the deposit required when it believes that such amount does not approximate the tax liability for the reporting period or periods for which the extension is granted.

The department shall keep full and accurate records of all funds received and disbursed by it. Subject to the provisions of RCW 82.32.105 and 82.32.350, the department shall apply the payment of the taxpayer first against penalties and interest, and then upon the tax, without regard to any direction of the taxpayer.

The department may refuse to accept any return which is not accompanied by a remittance of the tax shown to be due thereon. When such return is not accepted, the taxpayer shall be deemed to have failed or refused to file a return and shall be subject to the procedures provided in RCW 82.32.100 and to the penalties provided in RCW 82.32.090. The above authority to refuse to accept a return shall not apply when a return is timely filed and a timely payment has been made by electronic funds transfer. No penalty so added shall be less than five dollars.

(2) If payment of any tax assessed by the department of revenue is not received by the department by the due date specified in the notice, or any extension thereof, the department shall add a penalty of ten percent of the amount of the additional tax found due. No penalty so added shall be less than five dollars.

(3) If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of five percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department of revenue has informed the taxpayer in writing of the taxpayer's tax obligations and the deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of ten percent of the amount of the tax.

The persons summoned may be required to testify and produce any books, papers, records, or data required by the department with respect to any tax, or the liability of any person therefor.

The director of the department of revenue, or any duly authorized agent thereof, shall have power to administer an oath to the person required to testify; and any person giving false testimony after the administration of such oath shall be guilty of perjury in the first degree.

If any person summoned as a witness before the department, or its authorized agent, fails or refuses to obey the summons, or refuses to testify or answer any material questions, or to produce any book, record, paper, or data when required to do so, the person is subject to proceedings for contempt, and the department shall thereupon institute contempt of court proceedings in the superior court of Thurston county or of the county in which such person resides. Failure of the taxpayer to receive such notice or order whether served or mailed shall not release the taxpayer from any tax or any increases or penalties thereon. The petition shall set forth the reasons why the correction should be granted and the amount of the tax, interest, or penalties, which the petitioner believes to be due. The department shall promptly consider the petition and may grant or deny it. If denied, the petitioner shall be notified by mail thereof forthwith. If a conference is granted, the department shall fix the time and place therefor and notify the petitioner thereof by mail. #### 82.32.180 Court appeal—Procedure.

Any person, except one who has failed to keep and preserve books, records, and invoices as required in this chapter and chapter 82.24 RCW, having paid any tax as required and feeling aggrieved by the amount of the tax may appeal to the superior court of Thurston county, within the time limitation for a refund provided in chapter 82.32 RCW or, if an application for refund has been made to the department within that time limitation, then within thirty days after rejection of the application, whichever time limitation is later. In the appeal the taxpayer shall set forth the amount of the tax imposed upon the taxpayer which the taxpayer concedes to be the correct tax and the reason why the tax should be reduced or abated. The appeal shall be perfected by serving a copy of the notice of appeal upon the department within the time herein specified and by filing the original thereof with proof of service with the clerk of the superior court of Thurston county.

The trial in the superior court on appeal shall be de novo and without the necessity of any pleadings other than the notice of appeal. The burden shall rest upon the taxpayer to prove that the tax as paid by the taxpayer is incorrect, either in whole or in part, and to establish the correct amount of the tax. In such proceeding the taxpayer shall be deemed the plaintiff, and the state, the defendant; and both parties shall be entitled to subpoena the attendance of witnesses as in other civil actions and to produce evidence that is competent, relevant, and material to determine the correct amount of the tax that should be paid by the taxpayer. Either party may seek appellate review in the same manner as other civil actions are appealed to the appellate courts.

It shall not be necessary for the taxpayer to protest against the payment of any tax or to make any demand to have the same refunded or to petition the director for a hearing in order to appeal to the superior court, but no court action or proceeding of any kind shall be maintained by the taxpayer to recover any tax paid, or any part thereof, except as herein provided.

The provisions of this section shall not apply to any tax payment which has been the subject of an appeal to the board of tax appeals with respect to which appeal a formal hearing has been elected. #### 82.32.190 Stay of collection pending suit.

The department, by its order, may hold in abeyance the collection of tax from any taxpayer or any group of taxpayers when a question bearing on their liability for tax hereunder is pending before the courts: PROVIDED, That the department may impose such conditions as may be deemed just and equitable and shall require the payment of interest at the rate of three-quarters of one percent of the amount of the tax for each thirty days or portion thereof from the date upon which such tax became due. [1971 ex.s. c 299 § 21; 1965 ex.s. c 141 § 6; 1961 c 15 § 82.32.190. Prior: 1937 c 227 § 19; 1935 c 180 § 200; RRS § 8370-200.]

(1992 Ed.)
82.32.200 Stay of collection—Bond. When any assessment or additional assessment has been made, the taxpayer may obtain a stay of collection, under such circumstances and for such periods as the department of revenue may by general regulation provide, of the whole or any part thereof, by filing with the department a bond in an amount, not exceeding twice the amount on which stay is desired, and with sureties as the department deems necessary, conditioned for the payment of the amount of the assessments, collection of which is stayed by the bond, together with the interest thereon at the rate of one percent of the amount of such assessment for each thirty days or portion thereof from the due date thereof until paid. [1975 1st ex.s. c 278 § 83; 1961 c 15 § 82.32.200. Prior: 1935 c 180 § 201; RRS § 8370-201.]

Construction—Severability—1975 1st ex.s. c 278: See notes following RCW 11.08.160.

82.32.210 Tax warrant—Filing—Lien—Effect. If any fee, tax, increase, or penalty or any portion thereof is not paid within fifteen days after it becomes due, the department of revenue may issue a warrant under its official seal in the amount of such unpaid sums, together with interest thereon at the rate of one percent of the amount of such warrant for each thirty days or portion thereof after the date of such warrant. If, however, the department of revenue believes that a taxpayer is about to cease business, leave the state, or remove or dissipate the assets out of which fees, taxes or penalties might be satisfied and that any tax or penalty will not be paid when due, it may declare the fee, tax or penalty to be immediately due and payable and may issue a warrant immediately.

The department shall file a copy of the warrant with the clerk of the superior court of any county of the state in which real and/or personal property of the taxpayer may be found. Upon filing, the clerk shall enter in the judgment docket, the name of the taxpayer mentioned in the warrant and in appropriate columns the amount of the fee, tax or portion thereof and any increases and penalties for which the warrant is issued and the date when the copy is filed, and thereupon the amount of the warrant so docketed shall become a specific lien upon all goods, wares, merchandise, fixtures, equipment, or other personal property used in the conduct of the business of the taxpayer against whom the warrant is issued, including property owned by third persons who have a beneficial interest, direct or indirect, in the operation of the business, and no sale or transfer of the personal property in any way affects the lien. The lien shall not be superior to, however, to bona fide interests of third persons which had vested prior to the filing of the warrant when the third persons do not have a beneficial interest, direct or indirect, in the operation of the business, other than the securing of the payment of a debt or the receiving of a regular rental or equipment. PROVIDED, HOWEVER, that the phrase "bona fide interests of third persons" does not include any mortgage of real or personal property or any other credit transaction that results in the mortgagee or the holder of the security acting as trustee for unsecured creditors of the taxpayer mentioned in the warrant who executed the chattel or real property mortgage or the document evidencing the credit transaction. The amount of the warrant so docketed shall thereupon also become a lien upon the title to and interest in all other real and personal property of the taxpayer against whom it is issued the same as a judgment in a civil case duly docketed in the office of the clerk. The warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the state in the manner provided by law in the case of judgments wholly or partially unsatisfied. [1987 c 405 § 15; 1983 1st ex.s. c 55 § 8; 1967 ex.s. c 89 § 3; 1961 c 15 § 82.32.210. Effective dates—1983 1st ex.s. c 55: See note following RCW 82.08.010.

82.32.215 Revocation of certificate of registration. If any warrant issued under this chapter is not paid within thirty days after it has been filed with the clerk of the superior court, or if any taxpayer is delinquent, for three consecutive reporting periods, in the transmission to the department of revenue of retail sales tax collected by him, the department of revenue may, by order issued under its official seal, revoke the certificate of registration of the taxpayer against whom the warrant was issued, and, if the order is entered, a copy thereof shall be posted in a conspicuous place at the main entrance to the taxpayer’s place of business and shall remain posted until such time as the warrant has been paid. Any certificate so revoked shall not be reinstated, nor shall a new certificate of registration be issued to the taxpayer, until the amount due on the warrant has been paid, or provisions for payment satisfactory to the department of revenue have been entered, and until the taxpayer has deposited with the department of revenue such security for payment of any taxes, increases, and penalties, due or which may become due in an amount and under such terms and conditions as the department of revenue may require, but the amount of the security shall not be greater than one-half the estimated average annual liability of the taxpayer. [1983 1st ex.s. c 55 § 9.]

Effective dates—1983 1st ex.s. c 55: See note following RCW 82.08.010.

82.32.220 Execution of warrant—Levy upon property—Satisfaction. The department of revenue may issue an order of execution, pursuant to a filed warrant, under its official seal directed to the sheriff of the county in which the warrant has been filed, commanding him to levy upon and sell the real and/or personal property of the taxpayer found within his county, or so much thereof as may be necessary, for the payment of the amount of the warrant, plus the cost of executing the warrant, and return the warrant to the department of revenue and pay to it the money collected by virtue thereof within sixty days after the receipt of the warrant. The sheriff shall thereupon proceed upon the same in all respects and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgments of the superior court. The sheriff shall be entitled to fees as provided by law for his services in levying execution on a superior court judgment and the clerk shall be entitled to a filing fee as
provided by law, which shall be added to the amount of the warrant.

The proceeds received from any sale shall be credited upon the amount due under the warrant and when the final amount due is received, together with interest, penalties, and costs, the judgment docket shall show the claim for taxes to be satisfied and the clerk of the court shall so note upon the amount due under the warrant. Any surplus received from any sale of property shall be paid to the taxpayer or to any lien holder entitled thereto. If the return on the warrant shows that the same has not been satisfied in full, the amount of the deficiency shall remain the same as a judgment against the taxpayer which may be collected in the same manner as the original amount of the warrant. In the discretion of the department of revenue, an order of execution of like terms, force, and effect may be issued and directed to any agent of the department authorized to collect taxes, and in the execution thereof such agent shall have all the powers conferred by law upon sheriffs, but shall not be entitled to any fee or compensation in excess of the actual expenses paid in the performance of such duty, which shall be added to the amount of the warrant. 82.32.235 Notice and order to withhold and deliver property due or owned by taxpayer—Bond—Judgment by default. In addition to the remedies provided in this chapter the department is hereby authorized to issue to any person, or to any political subdivision or department of the state, a notice and order to withhold and deliver property of any kind whatsoever when there is reason to believe that there is in the possession of such person, political subdivision or department, property which is or shall become due, owing, or belonging to any taxpayer against whom a warrant has been filed.

The notice and order to withhold and deliver shall be served by the sheriff of the county wherein the service is made, or by his deputy, or by any duly authorized representative of the department, provided that service by such persons may also be made by certified mail, with return receipt requested, upon those persons, or political subdivision or department, to whom the notice and order to withhold and deliver is directed. Any person, or any political subdivision or department upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice.

In the event there is in the possession of any such person or political subdivision or department, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the department of revenue or its duly authorized representative upon demand to be held in trust by the department for application on the indebtedness involved or for return, without interest, in accordance with final determination of liability or nonliability, or in the alternative, there shall be furnished a good and sufficient bond satisfactory to the department conditioned upon final determination of liability.

Should any person or political subdivision fail to make answer to an order to withhold and deliver within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against such person or political subdivision for the full amount claimed by the department in the notice to withhold and deliver, together with costs. [1987 c 208 § 1; 1975 1st ex.s. c 278 § 85; 1971 ex.s. c 299 § 22; 1963 ex.s. c 28 § 11.]

82.32.240 Tax constitutes debt—Priority of lien. Any tax due and unpaid and all increases and penalties thereon, shall constitute a debt to the state and may be collected by court proceedings in the same manner as any other debt in like amount, which remedy shall be in addition to any and all other existing remedies.

In all cases of probate, insolvency, assignment for the benefit of creditors, or bankruptcy, involving any taxpayer who is, or decedent who was, engaging in business, the claim of the state for said taxes and all increases and penalties thereon shall be a lien upon all real and personal property of the taxpayer, and the mere existence of such cases or conditions shall be sufficient to create such lien without any prior or subsequent action by the state, and in all such cases it shall be the duty of all administrators, executors, guardians, receivers, trustees in bankruptcy or assignees for the benefit of creditors, to notify the department of revenue of such administration, receivership or assignment within sixty days from the date of their appointment and qualification.

The lien provided for by this section shall attach as of the date of the assignment for the benefit of creditors or of the initiation of the probate, insolvency, or bankruptcy
proceedings: PROVIDED, That this sentence shall not be construed as affecting the validity or priority of any earlier lien that may have attached previously in favor of the state under any other section of this title.

82.32A.900 Severability—1991 c 142.

82.32A.002 Short title. This chapter shall be known and cited as "Washington taxpayers' rights and responsibilities." [1991 c 142 § 1.]

82.32A.005 Finding. (1) The legislature finds that taxes are one of the most sensitive points of contact between citizens and their government, and that there is a delicate balance between revenue collection and taxpayers' rights and responsibilities. The rights, privacy, and property of Washington taxpayers should be protected adequately during the process of the assessment and collection of taxes.

(2) The legislature further finds that the Washington tax system is based largely on voluntary compliance and that taxpayers have a responsibility to inform themselves about applicable tax laws. The legislature also finds that the rights of the taxpayers and their attendant responsibilities are best implemented where the department of revenue provides accurate tax information, instructions, forms, administrative policies, and procedures to assist taxpayers to voluntarily comply with the provisions of the revenue act, Title 82 RCW, and where taxpayers cooperate in the administration of these provisions. [1991 c 142 § 2.]

82.32A.010 Administration of chapter. The department of revenue shall administer this chapter. The department of revenue shall adopt or amend rules as may be necessary to fully implement this chapter and the rights established under this chapter. [1991 c 142 § 3.]

82.32A.020 Rights. The taxpayers of the state of Washington have:

(1) The right to a written explanation of the basis for any tax deficiency assessment, interest, and penalties at the time the assessments are issued;

(2) The right to rely on specific, official written advice and written tax reporting instructions from the department of revenue to that taxpayer, and to have interest, penalties, and in some instances, tax deficiency assessments waived where the taxpayer has so relied to their proven detriment;

(3) The right to redress and relief where tax laws or rules are found to be unconstitutional by the final decision of a court of record and the right to prompt administrative remedies in such cases;

(4) The right to confidentiality and protection from public inquiry regarding financial and business information in the possession of the department of revenue in accordance with the requirements of RCW 82.32.330;

(5) The right to receive, upon request, clear and current tax instructions, rules, procedures, forms, and other tax information; and

(6) The right to a prompt and independent administrative review by the department of revenue of a decision to revoke a tax registration, and to a written determination that either sustains the revocation or reinstates the registration. [1991 c 142 § 4.]

82.32A.030 Responsibilities. To ensure consistent application of the revenue laws, taxpayers have certain responsibilities under chapter 82.32 RCW, including, but not limited to, the responsibility to:

(1) Register with the department of revenue;

(2) Know their tax reporting obligations, and when they are uncertain about their obligations, seek instructions from the department of revenue;

(3) Keep accurate and complete business records;

(4) File accurate returns and pay taxes in a timely manner;

(5) Ensure the accuracy of the information entered on their tax returns;

(6) Substantiate claims for refund;

(7) Timely pay all taxes after closing a business and request cancellation of registration number; and

(8) Timely respond to communications from the department of revenue. [1991 c 142 § 5.]

82.32A.040 Taxpayer rights advocate. The director of revenue shall appoint a taxpayer rights advocate. The advocate shall be responsible for directly assisting taxpayers and their representatives to assure their understanding and utilization of the policies, processes, and procedures available to them in the resolution of problems. [1991 c 142 § 6.]

82.32A.050 Taxpayer services program. The department of revenue shall maintain a taxpayer services program consisting of, but not limited to:

(1) Providing taxpayer assistance in the form of information, education, and instruction in person, by telephone, or by correspondence;

(2) Conducting tax workshops at locations most conveniently accessible to the majority of taxpayers affected; and

(3) Publishing written bulletins, instructions, current revenue laws, rules, court decisions, and interpretive rulings of the department of revenue. [1991 c 142 § 7.]

82.32A.900 Severability—1991 c 142. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1991 c 142 § 12.]

Sales and use taxes paid by a holder of a certificate with respect to expenditures incurred for acquisition of a facility prior to the issuance of a certificate covering such facility may be claimed as a tax credit as provided in subsection (2) of this section.

(2) Subsequent to July 30, 1967 the holder of the certificate may, in lieu of accepting the tax exemption provided for in this section, elect to take a tax credit in the total amount of the exemption for the facility covered by such certificate against any future taxes to be paid pursuant to chapters 82.04, 82.12 and 82.16 RCW: PROVIDED, That on and after July 30, 1967 if such person elects to take a tax credit for a facility under this subsection he may not take further credit under RCW 82.04.435. prescribed by the department. The application shall contain the final cost figures for the installation of the facility and reasonable supporting documents and other proof as required by the department. In the event such facility is not already covered by a certificate issued for the purpose of authorizing the tax exemption or credit provided for in this chapter, the department shall seek the approval of the facility from the appropriate control agency. For any application for a certificate or supplement which was filed with the department not later than November 30, 1981, the department shall determine the final cost of the pollution control facility and issue a supplement to the existing certificate or an original certificate stating the cost of the pollution control facility: PROVIDED, that the cost of an existing pollution control facility shall be the depreciated value thereof at the time of application filed pursuant to this section.

(2) When the operation of a facility has commenced and a certificate pertaining thereto has been issued, a credit may be claimed against taxes imposed pursuant to chapters 82.04, 82.12 and 82.16 RCW. (b) The net commercial value of any materials captured or recovered through use of a facility shall, first, reduce the credit allowable in the current reporting period and thereafter be applied to reduce any credit balance and not yet utilized: PROVIDED, that for the purposes of this chapter the determination of "net commercial value" shall not include a deduction for the cost or depreciation of the facility.

(c) The total cumulative amount of such credits allowed for any facility covered by a certificate shall not exceed fifty percent of the cost of such facility.

(d) The total cumulative amount of credits against state taxes authorized by this chapter shall be reduced by the total amount of any federal investment credit or other federal tax credit actually received by the certificate holder applicable to the facility. This reduction shall be made as an offset against the credit claimed in the first reporting period following the allowance of such investment credit, and thereafter as an offset against any credit balance as it shall become available to the certificate holder.

(3) Applicants and certificate holders shall provide the department with information showing the net commercial value of materials captured or recovered by a facility and shall make all pertinent books and records available for examination by the department for the purposes of determining the credit provided by this chapter. [1981 2nd ex.s. c 9 § 3; 1967 ex.s. c 139 § 6.]

After the issuance by the department of any new certificate or supplement, all subsequent tax exemptions and credits for the modified or replacement facility shall be based thereon. The department of ecology, after notice to the department and the applicant and after affording the applicant an opportunity for a hearing, shall, on its own initiative or on complaint of the local or regional air pollution control agency in which an air pollution control facility is located, or is expected to be located, revise the prior findings of the appropriate control agency whenever any of the following appears:

(1) The certificate or supplement thereto was obtained by fraud or misrepresentation, or the holder of the certificate has failed substantially without good cause to proceed with the construction, reconstruction, installation or acquisition of a facility or without good cause has failed substantially to operate the facility for the purpose specified by the appropriate control agency in which case the department shall modify or revoke the certificate. If the certificate and/or supplement are revoked, all applicable taxes from which an exemption has been secured under this chapter or against which the credit provided for by this chapter has been claimed shall be immediately due and payable with the maximum interest and penalties prescribed by applicable law. No statute of limitations shall operate in the event of fraud or misrepresentation.

(2) The facility covered by the certificate or supplement thereto is no longer operated primarily for the purpose of the control or reduction of water pollution or the control, capture, and removal of pollutants from the air, as the case may be, or is no longer suitable or reasonably adequate to meet the intent and purposes of chapter 70.94 RCW or chapter 90.48 RCW, in which case the certificate shall be modified or revoked.

(3) Upon the date of mailing by certified mail to the certificate holder of notice of the action of the department modifying or revoking a certificate or supplement, the certificate or supplement shall cease to be in force or shall

82.34.900 Severability—1967 ex.s. c 139. If any phrase, clause, subsection or section of this act shall be declared unconstitutional or invalid by any court of competent jurisdiction, it shall be conclusively presumed that the legislature would have enacted this act without the phrase, clause, subsection or section so held unconstitutional or invalid and the remainder of the act shall not be affected as a result of said part being held unconstitutional or invalid. [1967 ex.s. c 139 § 12.]

82.34.901 Severability—1981 2nd ex.s. c 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1981 2nd ex.s. c 9 § 5.]

Property tax exemption for cogeneration facilities: RCW 84.36.483.

82.35.010 Intent. The state of Washington has a large and growing need for electrical energy. The state of Washington possesses a great potential for the generation of electrical or mechanical power and useful heat energy through the process of cogeneration. It is the purpose and intent of the legislature to promote the growth of cogeneration in the state of Washington. [1979 ex.s. c 191 § 1.]

82.35.020 Definitions. As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.
(1) "Cogeneration" means the sequential generation of electrical or mechanical power and useful heat from the same primary energy source or fuel.
(2) "Cogeneration facility" means any machinery, equipment, structure, process, or property, or any part thereof, installed or acquired for the primary purpose of cogeneration by a person or corporation other than an electric utility.
(3) "Certificate" means a cogeneration tax credit certificate granted by the department.
(4) "Cost" means only the cost of a cogeneration facility which is in addition to the cost that the applicant otherwise would incur to meet the applicant's demands for useful heat. "Cost" does not include expenditures which are offset by cost savings, including but not limited to savings resulting from early retirement of existing equipment.
(5) "Department" means the department of revenue.
(6) "Electric utility" means any person, corporation, or governmental subdivision authorized and operating under the Constitution and laws of the state of Washington which is primarily engaged in the generation or sale of electric energy.
(7) "Office" means the state energy office. [1979 ex.s. c 191 § 2.]

82.35.040 Issuance of certificate—Limitations—Tabulation of costs incurred—Administrative rules. (1) No certificate or supplement may be issued after December 31, 1984. No certificate including a supplement thereto may be issued for cogeneration facility costs in excess of ten million dollars for any application submitted under this chapter.
(2) The department shall keep a running tabulation of the total cogeneration facility costs incurred or planned to be incurred pursuant to certificates or supplements issued under this chapter. The department may not issue any new certificate or any supplement if the certificate or supplement would result in the tabulation exceeding one hundred million dollars. Nothing in this section shall be deemed to bar any certificate holder from amending the certificate or obtaining a supplement thereto so long as the amendment or supplement is issued prior to December 1, 1984, and does not increase the total amount of cogeneration facility costs incurred or planned to be incurred under the original certificate.
(3) The department may adopt any rules under chapter 34.05 RCW it considers necessary for the administration of this chapter. [1982 1st ex.s. c 2 § 3; 1979 ex.s. c 191 § 4.]

82.35.050 Credit against taxes—Conditions—Amount—Limitations. When a cogeneration facility is operational and a certificate pertaining thereto has been issued, a credit may be claimed against taxes imposed under chapter 82.04 RCW, if the due date for payment of the taxes is after the effective date of the certificate: PROVIDED, That the date on which the facility is operational is no more than four years after the date of issuance of the certificate. The amount of the credit shall be three percent of the cost of a facility covered by the certificate for each year the certificate remains in force. The credits shall be cumulative and shall be subject only to the following limitations:
(1) The tax credit shall apply to capital costs only and shall not apply to operating costs.
(2) A person, firm, corporation, or organization which acquires a cogeneration facility shall be entitled to the credit only to the extent that it has previously not been taken. Under no circumstances may a credit be taken more than...
once against any cost or portion thereof of a cogeneration facility.

(3) No credit exceeding fifty percent of the taxes payable under chapter 82.04 RCW shall be allowed in any reporting period.

(4) The total cumulative amount of the credits allowed for any cogeneration facility covered by a certificate shall not exceed fifty percent of the cost of the cogeneration facility less the total amount of federal investment credit or other federal tax credits applicable to the cogeneration facility.

(5) State credits shall not become available until one year after final cost verification by the department. [1982 1st ex.s. c 2 § 1; 1979 ex.s. c 191 § 5.]

82.35.070 Issuance of certificate or supplement and notice of refusal to issue certificate or supplement—Certified mail. The department shall send a certificate or supplement, when issued, by certified mail to the applicant. Notice of the department's refusal to issue a certificate or supplement shall likewise be sent to the applicant by certified mail. [1979 ex.s. c 191 § 7.]

82.35.080 Revocation of certificate—Grounds—Continuance of certificate—Liability for money saved—Technical assistance. (1) Except as provided in subsection (2) of this section, the department shall revoke any certificate issued under this chapter if it finds that any of the following have occurred with respect to the certificate:

(a) The certificate was obtained by fraud or deliberate misrepresentation;
(b) The certificate was obtained through the use of inaccurate data but without any intention to commit fraud or misrepresentation;
(c) The facility was constructed or operated in violation of any provision of this chapter or provision imposed by the department as a condition of certification; or
(d) The cogeneration facility is no longer capable of being operated for the primary purpose of cogeneration.

(2) If the department finds that there are few inaccuracies under subsection (1)(b) of this section and that cumulatively they are insignificant in terms of the cost or operation of the facility or that the inaccurate data is not attributable to carelessness or negligence and its inclusion was reasonable under the circumstances, then the department may provide for the continuance of the certificate and whatever modification it considers in the public interest.

(3) Any person, firm, corporation, or organization that obtains a certificate revoked under this section shall be liable for the total amount of money saved by claiming the credits and exemptions provided under this chapter and RCW 84.36.485. The total amount of the credits shall be collected as delinquent business and occupation taxes, and the total of the exemptions shall be collected and distributed as delinquent property taxes. Interest shall accrue on the amounts of the credits and exemptions from the date the taxes were otherwise due.

(4) The office shall provide technical assistance to the department in carrying out its responsibilities under this section. [1979 ex.s. c 191 § 8.]

82.35.900 Severability—1979 ex.s. c 191. If any provision of this 1979 act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1979 ex.s. c 191 § 13.]

82.36.020 Tax imposed—Rate to be computed—Allocation of proceeds. Every distributor shall pay, in addition to any other taxes provided by law, an excise tax to the director at a rate computed in the manner provided in RCW 82.36.025 for each gallon of motor vehicle fuel sold, distributed, or used by him in the state as well as on each gallon upon which he has assumed liability for payment of the tax under the provisions of RCW 82.36.100: PROVIDED, That under such regulations as the director may prescribe sales or distribution of motor vehicle fuel may be made by one licensed distributor to another licensed distributor free of the tax. In the computation of the tax, one-quarter of one percent of the net gallonage otherwise taxable shall be deducted by the distributor before computing the tax due, on account of the losses sustained through handling. The tax imposed hereunder shall be in addition to any other tax required by law, and shall not be imposed under circumstances in which the tax is prohibited by the Constitution or laws of the United States. The tax herein imposed shall be collected and paid to the state but once in respect to any motor vehicle fuel. An invoice shall be rendered by a distributor to a purchaser for each distribution of motor vehicle fuel.

The proceeds of the motor vehicle fuel excise tax collected on the net gallonage after the deduction provided for herein and after the deductions for payments and expenditures as provided in RCW 46.68.090, shall be distributed as provided in RCW 46.68.100. (1) A motor vehicle fuel tax rate of seventeen cents per gallon shall apply to the sale, distribution, or use of motor vehicle fuel.

(2) An additional motor vehicle fuel tax rate of one-third cent per gallon shall apply to the sale, distribution, or use of motor vehicle fuel, and the proceeds from this additional tax rate, reduced by an amount equal to the sum of the payments under RCW 46.68.090 (1) (a), (b), and (c) multiplied by the additional tax rate prescribed by this subsection divided by the motor vehicle fuel tax rate provided in this section, shall be deposited in the rural arterial trust account in the motor vehicle fund for expenditures under RCW 36.79.020.

(3) An additional motor vehicle fuel tax rate of one-third cent per gallon shall apply to the sale, distribution, or use of motor vehicle fuel, and the proceeds from this additional tax rate, reduced by an amount equal to the sum of the payments under RCW 46.68.090 (1) (a), (b), and (c) multiplied by the additional tax rate prescribed by this subsection divided by the motor vehicle fuel tax rate provided in this section, shall be deposited in the urban arterial trust account in the motor vehicle fund.

(4) An additional motor vehicle fuel tax rate of one-third cent per gallon shall be applied to the sale, distribution, or use of motor vehicle fuel, and the proceeds from this additional tax rate, reduced by an amount equal to the sum of the payments under RCW 46.68.090 (1) (a), (b), and (c) multiplied by the additional tax rate prescribed by this subsection divided by the motor vehicle fuel tax rate provided in this section, shall be deposited in the motor vehicle fund to be expended for highway purposes of the state as defined in RCW 46.68.130.

The proceeds from the additional tax rate under this subsection, reduced by an amount equal to the sum of the payments under RCW 46.68.090 (1) (a), (b), and (c) multiplied by the additional tax rate prescribed by this subsection divided by the motor fuel tax rate provided in this section, shall be deposited in the motor vehicle fund and shall be distributed by the state treasurer according to RCW 46.68.095. Pursuit of state and local transportation funding program—1990 c 42: "(1) The legislature finds that a new comprehensive funding program is required to maintain the state's commitment to the growing mobility needs of its citizens and commerce. The transportation funding program is intended to satisfy the following state policies and objectives:

(a) State-wide system: Provide for preservation of the existing state-wide system and improvements for current and expected capacity needs in rural, established urban, and growing suburban areas throughout the state;

(b) Local flexibility: Provide for necessary state highway improvements, as well as providing local governments with the option to use new funding sources for projects meeting local and regional needs;

(c) Multimodal: Provide a source of funds that may be used for multimodal transportation purposes;

(d) Program compatibility: Implement transportation facilities and services that are consistent with adopted land use and transportation plans and coordinated with recently authorized programs such as the act authorizing creation of transportation benefit districts and the local transportation act of 1988;

(e) Interjurisdictional cooperation: Encourage transportation planning and projects that are multi-jurisdictional in their conception, development, and benefit, recognizing that mobility problems do not respect jurisdictional boundaries;

82.36.100:
(f) Public and private sector: Use a state, local, and private sector partnership that equitably shares the burden of meeting transportation needs.

(2) The legislature further recognizes that the revenues currently available to the state and to counties, cities, and transit authorities for highway, road, and street construction and preservation fall far short of the identified need. The 1983 Washington road jurisdiction study identified a state-wide funding shortfall of between $14.6 and $19.9 billion to bring existing roads to acceptable standards. The gap between identified transportation needs and available revenues continues to increase. A comprehensive transportation funding program is required to meet the current and anticipated future needs of this state.

(3) The legislature further recognizes the desirability of making certain changes in the collection and distribution of motor vehicle excise taxes with the following objectives: Simplifying administration and collection of the state-wide funding shortfall of between $14.6 and $19.9 billion to bring existing roads to acceptable standards. The gap between identified transportation needs and available revenues continues to increase. A comprehensive transportation funding program is required to meet the current and anticipated future needs of this state.

(4) The legislature, therefore, declares a need for the three-part funding program embodied in this act: (a) State-wide funding for highways, roads, and streets in urban and rural areas; (b) local option funding authority, available immediately, for the construction and preservation of roads, streets, and transit improvements and facilities; and (c) the creation of a comprehensive transportation funding program that is funded through dedication of a portion of motor vehicle excise taxes for transportation purposes.

(5) The legislature recognizes that any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1990 c 42 § 1.]

### 82.36.032 Penalty for filing fraudulent monthly gallonage return

If any distributor files a fraudulent monthly gallonage return with intent to evade the tax imposed by this chapter, there shall be added to the amount of deficiency determined by the department a penalty equal to twenty-five percent of the deficiency, in addition to all other penalties prescribed by law. [1987 c 174 § 7.]

**Effective date—1987 c 174:** See note following RCW 82.36.010.

### 82.36.038 Payment of tax—Due dates—Electronic funds transfer

(1) Except as provided in subsection (2) of this section, the tax due on motor vehicle fuel that is sold, distributed, or used during a month shall be paid on or before the twenty-fifth day of the following month.

(2) If payment of the tax due on motor vehicle fuel that is sold, distributed, or used during a month is made by electronic funds transfer, it shall be made on or before the twenty-fifth day of the following month.

(3) The tax shall be paid by electronic funds transfer whenever the amount due is fifty thousand dollars or more. [1987 c 174 § 3.]

**Effective date—1987 c 174:** See note following RCW 82.36.010.

### 82.36.040 Payment of tax—Penalty for delinquency

If payment of any tax due is not received by the due date, there shall be assessed a penalty of two percent of the amount of the tax. [1987 c 174 § 3; 1977 c 28 § 1; 1961 c 15 § 82.36.040.]

**Effective date—1987 c 174:** See note following RCW 82.36.010.
82.36.040 Title 82 RCW: Excise Taxes

1943 c 84 § 2, part; 1933 c 58 § 8, part; Rem. Supp. 1943 § 8327-8, part; prior: 1923 c 81 § 3, part; 1921 c 173 § 5, part.)

Effective date—1987 c 174: See note following RCW 82.36.010.

82.36.045 Distributors—Tax reports—Deficiencies, failure to file, fraudulent filings—Penalties. (1) If the department determines that the tax reported by a motor vehicle fuel distributor is deficient, the department shall assess the deficiency on the basis of information available to it, and shall add a penalty of two percent of the amount of the deficiency.

(2) If a distributor, whether licensed or not licensed as such, fails, neglects, or refuses to file a motor vehicle fuel tax report the department shall, on the basis of information available to it, determine the tax liability of the distributor for the period during which no report was filed. The department shall add the penalty provided in subsection (1) of this section to the tax. An assessment made by the department under this subsection or subsection (1) of this section is presumed to be correct. In any case, where the validity of the assessment is questioned, the burden is on the person who challenges the assessment to establish by a fair preponderance of evidence that it is erroneous or excessive, as the case may be.

(3) If a distributor files a false or fraudulent report with intent to evade the tax imposed by this chapter, the department shall add to the amount of deficiency a penalty equal to twenty-five percent of the deficiency, in addition to the penalty provided in subsections (1) and (2) of this section and all other penalties prescribed by law.

(4) Motor vehicle fuel tax, penalties, and interest payable under this chapter bears interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount or any portion of it should have been paid until the date of payment. If a distributor establishes by a fair preponderance of evidence that the failure to pay the amount of tax due was attributable to reasonable cause and was not intentional or willful, the department may waive the penalty. The department may waive the interest when it determines the cost of processing or collection of the interest exceeds the amount of interest due.

(5) Except in the case of a fraudulent report, neglect or refusal to make a report, or failure to pay or to pay the proper amount, the department shall assess the deficiency under subsection (1) or (2) of this section within three years from the last day of the succeeding calendar month after the reporting period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires later.

(6) Except in the case of violations of filing a false or fraudulent report, if the department deems mitigation of penalties and interest to be reasonable and in the best interest of carrying out the purpose of this chapter, it may mitigate such assessments upon whatever terms the department deems proper, giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter.

(7) A distributor against whom an assessment is made under subsection (1) or (2) of this section may petition for a reassessment within thirty days after service upon the distributor of notice of the assessment. If the petition is not filed within the thirty-day period, the amount of the assessment becomes final at the expiration of that period.

If a petition for reassessment is filed within the thirty-day period, the department shall reconsider the assessment and, if the distributor has so requested in its petition, shall grant the distributor an oral hearing and give the distributor twenty days’ notice of the time and place of the hearing. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment becomes final thirty days after service of notice upon the distributor.

An assessment made by the department becomes due and payable when it becomes final. If it is not paid to the department when due and payable, the department shall add a penalty of ten percent of the amount of the tax.

(8) In a suit brought to enforce the rights of the state under this chapter, the assessment showing the amount of taxes, penalties, interest, and cost unpaid to the state is prima facie evidence of the facts as shown.

(9) A notice of assessment required by this section must be served personally or by mail. If it is served by mail, service shall be made by deposit of the notice in the United States mail, postage prepaid, addressed to the distributor at the most current address furnished to the department. [1991 c 339 § 1.]

82.36.047 Assessments—Warrant; Lien. When an assessment becomes final in accordance with this chapter, the department may file with the clerk of any county within the state a warrant in the amount of the assessment of taxes, penalties, interest, and a filing fee of five dollars. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant the name of the distributor mentioned in the warrant, the amount of the tax, penalties, interest, and filing fee, and the date when the warrant was filed. The aggregate amount of the warrant as docketed becomes a lien upon the title to and interest in all real and personal property of the named person against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of the clerk. The warrant so docketed is sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law in the case of a civil judgment, wholly or partially unsatisfied. The clerk of the court is entitled to a filing fee of five dollars. [1991 c 339 § 4.]

82.36.050 Date of mailing deemed date of filing or receipt—Timely mailing bars penalties and tolls statutory time limitations. When any application, report, notice, payment, or claim for credit or refund to be filed with or made to any officer, agent, or employee of the state under the provisions of this chapter has been deposited in the United States mail addressed to such officer, agent or employee, it shall be deemed filed or received on the date
shown by the post office cancellation mark on the envelope containing it or on the date it was mailed if proof satisfactory to said officer, agent, or employee of the state establishes that the actual mailing occurred on an earlier date: PROVIDED, HOWEVER, That no penalty for delinquency shall attach, nor will the statutory period be deemed to have elapsed in the case of credit or refund claims, if it is established by competent evidence that such application, report, notice, payment, or claim for credit or refund was timely deposited in the United States mail properly addressed to said officer, agent, or employee of the state, even though never received if a duplicate of such document or payment is filed. [1961 c 15 § 82.36.050. Prior: 1957 c 247 § 4; 1947 c 135 § 1; Rem. Supp. 1947 § 8327-8a.]

82.36.060 Application for distributor's license—Bond or security. Every person, before becoming a distributor or continuing in business as a distributor, shall make an application to the department for a license authorizing the applicant to engage in business as a distributor. Applications for such licenses shall be made to the department on forms to be furnished by the department, and shall be accompanied by a fee of ten dollars.

Before granting any license authorizing any person to engage in business as a distributor, the department shall require applicant to file with the department, in such form as shall be prescribed by the department, a corporate surety bond duly executed by the applicant as principal, payable to the state and conditioned for faithful performance of all the requirements of this chapter, including the payment of all taxes, penalties, and other obligations arising out of this chapter. The total amount of the bond or bonds, required of any distributor shall be fixed by the department and may be increased or reduced by the department at any time subject to the limitations herein provided. In fixing the total amount of the bond or bonds required of any distributor, the department shall require a bond or bonds equivalent in total amount to twice the estimated monthly excise tax determined in such manner as the department may deem proper. If at any time the estimated excise tax to become due during the succeeding month amounts to more than fifty percent of the established bond, the department shall require additional bonds or securities to maintain the marginal ratio herein specified or shall demand excise tax payments to be made weekly or semimonthly to meet the requirements hereof.

In lieu of a bond in excess of five thousand dollars the distributor may file with the department a property statement setting forth a complete description of all his property and the values thereof, and showing the amount of any indebtedness or encumbrance thereon to the end that the department may ascertain whether or not the distributor can be compelled to respond in twice the amount of the taxes due or to become due hereunder. If the department determines that the distributor can be compelled to respond in twice the amount of the tax the department may accept such statement in lieu of a bond in excess of five thousand dollars. The department may at any time demand from the distributor a new property statement and may at any time if the department deems the property of the distributor insufficient to secure the payment of twice the amount of the taxes require the distributor to furnish a bond in such amount as will secure the payment of twice the amount of the taxes.

The total amount of the bond or bonds required of any distributor shall never be less than five thousand dollars nor more than fifty thousand dollars.

No recoveries on any bond or the execution of any new bond shall invalidate any bond and no revocation of any license shall effect the validity of any bond but the total recoveries under any one bond shall not exceed the amount of the bond.

In lieu of any such bond or bonds in total amount as herein fixed, a distributor may deposit with the state treasurer, under such terms and conditions as the department may prescribe, a like amount of lawful money of the United States or bonds or other obligations of the United States, the state, or any county of the state, of an actual market value not less than the amount so fixed by the department.

Any surety on a bond furnished by a distributor as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of thirty days from the date upon which such surety has lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the thirty day period. The department shall promptly, upon receiving any such request, notify the distributor who furnished the bond; and unless the distributor, on or before the expiration of the thirty day period, files a new bond, or makes a deposit in accordance with the requirements of this section, the department shall forthwith cancel the distributor's license. Whenever a new bond is furnished by a distributor, the department shall cancel his old bond as soon as the department and the attorney general are satisfied that all liability under the old bond has been fully discharged.

The department may require a distributor to give a new or additional surety bond or to deposit additional securities of the character specified in this section if, in its opinion, the security of the surety bond theretofore filed by such distributor, or the market value of the properties deposited as security by the distributor, shall become impaired or inadequate; and upon the failure of the distributor to give such new or additional surety bond or to deposit additional securities within thirty days after being requested so to do by the department, the department shall forthwith cancel his license. [1973 c 96 § 1; 1961 c 15 § 82.36.060. Prior: 1933 c 58 § 2; RRS § 8327-2.]

82.36.070 Issuance of license—Display—Bulk storage plant license cards—Refusal of issuance of license. The application in proper form having been accepted for filing, the filing fee paid, and the bond or other security having been accepted and approved, the department shall issue to the applicant a license to transact business as a distributor in the state, and such license shall be valid until canceled or revoked.

The license so issued by the department shall not be assignable, and shall be valid only for the distributor in whose name issued.
The department shall keep and file all applications and bonds with an alphabetical index thereof, together with a record of all licensed distributors.

Each distributor shall be assigned a license number upon qualifying for a license hereunder, and the department shall issue to each such licensee a license certificate which shall be displayed conspicuously by the distributor at his principal place of business. The department shall also issue separate license cards for each bulk storage plant operated by such distributor. Such license cards shall indicate the number so assigned the distributor, the location of the storage plant for which the card is used, and such other information as the department may prescribe. The license card shall be conspicuously displayed at each bulk storage plant to which it is assigned, and it shall be unlawful for any distributor to operate or maintain a bulk storage plant in this state for the purpose of storing motor fuel without displaying such license card as herein provided. Bulk plant licenses shall be continuing until canceled or revoked. The distributor shall report on forms prescribed by the department any change in the number or capacity of bulk storage plants operated or maintained at the time such change occurs.

In the event an application for a license to transact business as a distributor is filed by any person whose license has heretofore been canceled for cause by the department, or if the department is of the opinion that the application is not filed in good faith, or that the application is filed by some person as a subterfuge for the real person in interest whose license has heretofore been canceled for cause, the department, after a hearing, of which the applicant shall be given five days’ notice in writing and at which the applicant may appear in person or by counsel and present testimony, may refuse to issue such a person a license to transact business as a distributor.

82.36.080 Penalty for distributing without license—Default assessment.

It shall be unlawful for any person to be a distributor without first securing a license from the director.

If any person becomes a distributor without first securing the license required herein the excise tax shall be immediately due and payable on account of all motor vehicle fuel distributed or used by him. The director shall proceed forthwith to determine from the best available sources, the amount of the tax, and he shall immediately assess the tax in the amount found due, together with a penalty of one hundred percent of the tax, and shall make his certificate of such assessment and penalty. In any suit or proceeding to collect the tax or penalty, or both, such certificate shall be prima facie evidence that the person therein named is indebted to the state in the amount of the tax and penalty therein stated. Any tax or penalty so assessed may be collected in the manner prescribed in this chapter with reference to delinquency in payment of the tax or by an action at law, which the attorney general shall commence and prosecute to final determination at the request of the director. The foregoing remedies of the state shall be cumulative and no action taken pursuant to this section shall relieve any person from the penal provisions of this chapter.

82.36.090 Discontinuance or transfer of business—Notice. Whenever a distributor ceases to engage in business as a distributor within the state by reason of the discontinuance, sale, or transfer of his business, he shall notify the director in writing at the time the discontinuance, sale, or transfer takes effect. Such notice shall give the date of discontinuance, and, in the event of a sale or transfer of the business, the date thereof and the name and address of the purchaser or transferee thereof. All taxes, penalties, and interest under this chapter, not yet due and payable, shall become due and payable concurrently with such discontinuance, sale, or transfer, and any such distributor shall make a report and pay all such taxes, interest, and penalties, and surrender to the director the license certificate theretofore issued to him.

If an overpayment of tax was made by the distributor, prior to the discontinuance or transfer of his business, such overpayment may be refunded to such distributor or may be credited to the transferee of such business if such transferee qualifies as a distributor under the provisions of this chapter.

82.36.100 Tax required of persons not classed as distributors—Duties—Procedure—Distribution of proceeds—Penalties. Every person other than a distributor who acquires any motor vehicle fuel within this state upon which payment of tax is required under the provisions of this chapter, or imports such motor vehicle fuel into this state and sells, distributes, or in any manner uses it in this state shall, if the tax has not been paid, apply for a license to carry on such activities, file bond, make reports, comply with all regulations the director may prescribe in respect thereto, and pay an excise tax at the rate computed in the manner provided in RCW 82.36.025 for each gallon thereof so sold, distributed, or used during the fiscal year for which such rate is applicable in the manner provided for distributors, and the director shall issue a license to such person in the manner provided for issuance of licenses to distributors. The proceeds of the tax imposed by this section shall be distributed in the manner provided for the distribution of the motor vehicle fuel excise tax in RCW 82.36.020. However, a distributor licensed under this chapter may deliver motor vehicle fuel to an importer in individual quantities of five hundred gallons or less and assume the liability for payment of the tax to this state. Under such conditions, the importer is exempt from the requirements of this section. For failure to comply with this chapter such person is subject to the same penalties imposed upon distributors. The director shall pursue against such persons the same procedure and remedies for audits, adjustments, collection, and enforcement of this chapter as is provided with respect to distributors. Nothing in this section may be construed as classifying such persons as distributors.

82.36.110 Delinquency—Lien of tax—Notice. If any person liable for the tax imposed by this chapter fails to pay the same, the amount thereof, including any interest, penalty, or addition to such tax, together with any costs that may accrue in addition thereto, shall be a lien in favor of the state upon all franchises, property, and rights to property, whether real or personal, then belonging to or thereafter acquired by such person, whether such property is employed by such person in the prosecution of business or is in the hands of a trustee, or receiver, or assignee for the benefit of creditors, from the date the taxes were due and payable, until the amount of the lien is paid or the property sold in payment thereof.

The lien shall have priority over any lien or encumbrance whatsoever, except the lien of other state taxes having priority by law, and except that such lien shall not be valid as against any bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached prior to the time the director has filed notice of such lien in the office of the county auditor of the county in which the principal place of business of the taxpayer is located.

The auditor, upon presentation of a notice of lien, and without requiring the payment of any fee, shall file and index it in the manner now provided for deeds and other conveyances except that he shall not be required to include, in the index, any description of the property affected by the lien. The lien shall continue until the amount of the tax, together with any penalties and interest subsequently accruing thereon, is paid. The director may issue a certificate of release of lien when the amount of the tax, together with any penalties and interest subsequently accruing thereon, has been satisfied, and such release may be recorded with the auditor of the county in which the notice of lien has been filed.

The director shall furnish to any person applying therefor a certificate showing the amount of all liens for motor vehicle fuel tax, penalties and interest that may be of record in the files of the director against any person under the provisions of this chapter. [1961 c 15 § 82.36.110. Prior: 1933 c 58 § 9, part; RRS § 8327-9, part.]

82.36.120 Delinquency—Notice to debtors. If a distributor is delinquent in the payment of an obligation imposed under this chapter, the department may give notice of the amount of the delinquency by registered or certified mail to all persons having in their possession or under their control any credits or other personal property belonging to such distributor, or owing any debts to such distributor at the time of receipt by them of such notice. A person so notified shall neither transfer nor make any other disposition of such credits, personal property, or debts until the department consents to a transfer or other disposition. All persons so notified must, within twenty days after receipt of the notice, advise the department of any and all such credits, personal property, or debts in their possession, under their control or owing by them, as the case may be, and shall deliver upon demand the credits, personal property, or debts to the department or its duly authorized representative to be applied to the indebtedness involved.

If a person fails to answer the notice within the time prescribed by this section, it is lawful for the court, upon application of the department and after the time to answer the notice has expired, to render judgment by default against the person for the full amount claimed by the department in the notice to withhold and deliver, together with costs. [1991 c 339 § 3; 1961 c 15 § 82.36.120. Prior: 1933 c 58 § 9, part; RRS § 8327-9, part.]

82.36.130 Delinquency—Tax warrant. If any distributor is in default for more than ten days in the payment of any excise taxes or penalties thereon, the director shall issue a warrant under the official seal of his office directed to the sheriff of any county of the state commanding him to levy upon and sell the goods and chattels of the distributor, without exemption, found within his jurisdiction, for the payment of the amount of such delinquency, with the added penalties and interest and the cost of executing the warrant, and to return such warrant to the director and to pay the director the money collected by virtue thereof within the time to be therein specified, which shall not be less than twenty nor more than sixty days from the date of the warrant. The sheriff to whom the warrant is directed shall proceed upon it in all respects and with like effect and in the same manner as prescribed by law in respect to executions issued against goods and chattels upon judgment by a court of record and shall be entitled to the same fees for his services to be collected in the same manner. [1961 c 15 § 82.36.130. Prior: 1933 c 58 § 9, part; RRS § 8327-9, part.]

82.36.140 State may pursue remedy against distributor or bond. In a suit or action by the state on any bond filed with the director recovery thereon may be had without first having sought or exhausted its remedy against the distributor; nor shall the fact that the state has pursued, or is in the course of pursuing, any remedy against the distributor waive its right to collect the taxes, penalties, and interest by proceeding against such bond or against any deposit of money or securities made by the distributor. [1961 c 15 § 82.36.140. Prior: 1933 c 58 § 9, part; RRS § 8327-9, part.]

82.36.150 Records to be kept by distributors and producers. Every distributor shall keep a true and accurate record on such form as the director may prescribe of all stock of petroleum products on hand, of all raw gasoline, gasoline stock, diesel oil, kerosene, kerosene distillates, casing-head gasoline and other petroleum products needed in, or which may be used in, compounding, blending, or manufacturing motor vehicle fuel; of the amount of crude oil refined, the gravity thereof and the yield therefrom, as well as of such other matters relating to transactions in petroleum products as the director may require. Every distributor shall take a physical inventory of the petroleum products at least once during each calendar month and have the record of such inventory and of the other matters mentioned in this (1992 Ed.)
section available at all times for the inspection of the director. Upon demand of the director every distributor shall furnish a statement under oath as to the contents of any records to be kept hereunder.

Every producer shall keep a true and accurate record in such form as may be prescribed by the director of all manufacture and distribution of casing-head gasoline, kerosene distillates and other petroleum products used in, or which may be used in, the blending, compounding, or manufacturing of motor vehicle fuel, and every broker shall likewise keep a true and accurate record of all purchases of such petroleum products in such manner as to disclose the vendor, the quantity purchased, the correct description of the commodity, and the means of transportation from such broker to the vendee. All records required by this section shall be available at all times for the inspection of the director or his duly authorized representative who may require a statement under oath as to contents thereof. [1965 ex.s. c 79 § 5; 1961 c 15 § 82.36.150. Prior: 1933 c 58 § 10; RRS § 8327-10; prior: 1921 c 173 § 6, part.]

82.36.160 Records to be preserved by distributors and dealers. Every distributor shall maintain in the office of his principal place of business in this state, for a period of three years, records of motor vehicle fuel received, sold, distributed, or used by him, in such form as the director may prescribe, together with invoices, bills of lading, and other pertinent papers as may be required under the provisions of this chapter.

Every dealer purchasing motor vehicle fuel taxable under this chapter for the purpose of resale, shall maintain within this state, for a period of two years a record of motor vehicle fuels received, the amount of tax paid to the distributor as part of the purchase price, together with delivery tickets, invoices, and bills of lading, and such other records as the director shall require. [1961 c 15 § 82.36.160. Prior: 1957 c 247 § 7; 1933 c 58 § 11; RRS § 8327-11; prior: 1921 c 173 § 6, part.]

82.36.170 Additional reports. The director may, from time to time, require additional reports from distributors, brokers, dealers, or producers with reference to any of the matters herein concerned. Such reports shall be made and filed on forms prepared by the director. [1961 c 15 § 82.36.170. Prior: 1933 c 58 § 12; RRS § 8327-12; prior: 1921 c 173 § 9.]

82.36.180 Examinations and investigations. The director, or his duly authorized agents, may make such examinations of the records, stocks, facilities, and equipment of distributors, producers, brokers, and service stations, and such other investigations as he may deem necessary in carrying out the provisions of this chapter. If such examinations or investigations disclose that any reports of distributors of motor vehicle fuel therefore filed by the director pursuant to the requirements of this chapter have shown incorrectly the gallonage of motor vehicle fuel distributed or the tax accruing thereon, the director may make such changes in subsequent reports and payments of such distributors as he may deem necessary to correct the errors disclosed.

Every such distributor or such other person not maintaining records in this state so that an audit of such records may be made by the director or his duly authorized representative shall be required to make the necessary records available to the director at his request and at his designated office within this state; or, in lieu thereof, the director or his duly authorized representative shall proceed to any out-of-state office at which the records are prepared and maintained to make such examination. [1967 ex.s. c 89 § 6; 1965 ex.s. c 79 § 6; 1961 c 15 § 82.36.180. Prior: 1939 c 177 § 3; 1933 c 58 § 13; RRS § 8327-13; prior: 1921 c 173 § 6, part.]

82.36.190 Revocation of licenses. The department shall revoke the license of any distributor refusing or neglecting to comply with any provision of this chapter. The department shall mail by registered mail addressed to such distributor at his last known address a notice of intention to cancel, which notice shall give the reason for cancellation. The cancellation shall become effective without further notice if within ten days from the mailing of the notice the distributor has not made good his default or delinquency.

The department may cancel any license issued to any distributor, such cancellation to become effective sixty days from the date of receipt of the written request of such distributor for cancellation thereof, and the department may cancel the license of any distributor upon investigation and sixty days notice mailed to the last known address of such distributor if the department certifies and finds that the person to whom the license was issued is no longer engaged in the business of a distributor, and has not been so engaged for the period of six months prior to such cancellation. No license shall be canceled upon the request of any distributor unless the distributor, prior to the date of such cancellation, pays to the state all taxes due and payable by him upon the receipt, sale, or use of motor vehicle fuel, together with any and all penalties accruing by reason of any failure on the part of the distributor to make accurate reports or pay said taxes and penalties.

In the event the license of any distributor is canceled, and in the further event that the distributor pays to the state all excise taxes due and payable by him upon the receipt, sale, or use of motor vehicle fuel, together with any and all penalties accruing by reason of any failure on the part of the distributor to make accurate reports or pay said taxes and penalties, the department shall cancel the bond filed by the distributor. [1990 c 250 § 80; 1961 c 15 § 82.36.190. Prior: 1933 c 58 § 14; RRS § 8327-14.]

82.36.200 Carriers of motor vehicle fuel—Examination of records, stocks, etc. The director or his authorized agents may at any time during normal business hours examine the records, stocks, facilities and equipment of any person engaged in the transportation of motor vehicle fuel within the state of Washington for the purpose of checking shipments or use of motor vehicle fuel, detecting diversions thereof or evasion of taxes on same in enforcing the provisions of this chapter. [1965 ex.s. c 79 § 7; 1961 c 15 § 82.36.200. Prior: 1957 c 218 § 1; 1953 c 157 § 1; 1943 c 84 § 3; 1933 c 58 § 15; R e.m. Supp. 1943 § 8327-15.]
82.36.210 Carriers of motor vehicle fuel on highways—Invoice, bill of sale, etc., required—Inspections—Impounding—Penalty—Enforcement. Every person operating any conveyance for the purpose of hauling, transporting or delivering motor vehicle fuel in bulk to points in this state from any point without this state, shall before entering upon the public highways of this state with such conveyance, have and possess during the entire time they are hauling motor vehicle fuel, an invoice, bill of sale, or other statement showing the true name and address of the seller or consignor, the name of the purchaser or consignee, if any, and the number of gallons. The person hauling such motor vehicle fuel shall at the request of any sheriff, deputy sheriff, constable, highway patrolman, or authorized representative of the department, or other person authorized by law to inquire into, or investigate said matters, produce and offer for inspection such invoice, bill of sale, or other statement and shall permit such official to inspect and gauge the contents of the vehicle. If the hauler fails to produce the invoice, bill of sale, or other statement, or if when produced it fails to disclose the aforesaid information, the officer or other person authorized to make inquiry, shall take and impound the motor vehicle fuel together with the conveying equipment until the tax on the motor vehicle fuel, together with penalty equal to one hundred percent of the tax, and other expenses, charges, and costs have been paid. In case of default, and the taking and impounding herein provided for, the tax, damages, and costs shall be collected, even though the full excise tax may have already been paid on the motor vehicle fuel. In case the tax, damages and other charges are not paid within forty-eight hours after the taking of said property, the director may proceed to sell it in the mode and manner provided by law for the sale of personal property under execution. [1965 ex.s.c. 79 § 8; 1961 ex.s.c. 21 § 30; 1961 c 15 § 82.36.210. Prior: 1933 c 58 § 16; RRS § 8327-16.]

82.36.220 Exemptions—Tourists. Every person who imports motor vehicle fuel into this state for his own use in equipment other than motor vehicles shall not, for that reason alone, be required to be a distributor of motor fuel or to comply with any of the provisions of this chapter imposed upon a distributor or with the provisions of RCW 82.36.100; but such person shall make a report verified under oath and file the same with the director or before the tenth day of the succeeding month, showing the number of gallons of motor vehicle fuel so imported and the number of gallons of such motor vehicle fuel used during the preceding month, the name of the person from whom the motor vehicle fuel was purchased, the date of purchase, the place of storage, and the manner of use or intended use together with a description of the equipment in which the same is used. These reports shall be filed upon blanks furnished by the director: PROVIDED, That any person coming into this state in an aircraft or motor boat shall not be required to make such a report in respect to any motor vehicle fuel carried in the fuel tanks of such vehicle for the purpose of propelling such vehicle, and every person coming into this state in a motor vehicle who shall transport in the fuel tanks of such vehicle motor vehicle fuel for the propulsion thereof shall be subject to all the provisions of the motor vehicle fuel importer use tax act applying to taxation of fuel in vehicles coming into this state, but if the motor vehicle fuel so brought into the state be removed from the fuel tanks of such vehicles or used for any purpose other than the propulsion of the vehicles, the person so importing motor vehicle fuel shall be subject to all the provisions of this chapter applying to distributors. The director shall have the right, in order to establish the validity of any exemption, to examine the books and records of the claimant for such purpose, and the failure of the claimant to accede to the demand for such examination shall constitute a waiver of all rights to the exemption herein granted. [1963 ex.s.c. 22 § 20; 1961 ex.s.c. 21 § 31; 1961 c 15 § 82.36.220. Prior: 1957 c 247 § 9; prior: 1949 c 220 § 13, part; 1943 c 84 § 4, part; 1939 c 177 § 4, part; 1933 c 58 § 17, part; Rem. Supp. 1949 § 8327-17, part.]

82.36.225 Exemptions—Alcohol for use as fuel—Tax credit—Expiration of section. Alcohol of any proof that is sold in this state for use as fuel in motor vehicles, farm implements and machines, or implements of husbandry is exempt from the motor vehicle fuel tax under this chapter. In addition, a tax credit of sixty percent of the tax rate imposed by RCW 82.36.025 shall be given for every gallon of alcohol used in an alcohol-gasoline blend which contains at least nine and one-half percent or more by volume of alcohol: PROVIDED, That in no case may the tax credit claimed be greater than the tax due on the gasoline portion of the blended fuel. This section shall expire on December 31, 1999. [1991 c 145 § 2; 1985 c 371 § 4; 1981 c 342 § 4; 1980 c 131 § 3.]

Effective date—Severability—1981 c 342: See notes following RCW 82.36.010.

82.36.226 Intent—Reflection of tax credit in price. To encourage the production and use of alcohol as an alternative motor fuel, it is the intent of the legislature that the tax credit provided in RCW 82.36.225 be reflected in the retail price of alcohol blended fuels to make these fuels competitive with other fuels. [1981 c 342 § 3.]

Effective date—Severability—1981 c 342: See notes following RCW 82.36.010.

82.36.230 Exemptions—Imports, exports, federal sales. The provisions of this chapter requiring the payment of taxes do not apply to motor vehicle fuel imported into the state in interstate or foreign commerce and intended to be sold while in interstate or foreign commerce, nor to motor vehicle fuel exported from this state by a qualified distributor, nor to sales by a distributor of motor vehicle fuel for export to another state or country by the purchaser, nor to any motor vehicle fuel sold by a qualified distributor to the armed forces of the United States or to the national guard for use exclusively in ships or for export from this state. The distributor shall report such imports, exports and sales to the director at such times, on such forms, and in such detail as the director may require, otherwise the exemption granted in this section is null and void, and all fuel shall be considered distributed in this state fully subject to the provisions of this chapter. Each invoice covering exempt sales shall have the statement "Ex Washington Motor Vehicle Fuel Tax" clearly marked thereon.
To claim any exemption from taxes under this section on account of sales by a licensed distributor of motor vehicle fuel for export, the purchaser shall obtain from the selling distributor, and such selling distributor must furnish the purchaser, an invoice giving such details of the sale for export as the director may require, copies of which shall be furnished the department and the entity of the state or foreign jurisdiction of destination which is charged by the laws of that state or foreign jurisdiction with the control or monitoring, or both, of the sales or movement of motor vehicle fuel in that state or foreign jurisdiction.

To claim any exemption from taxes under this section on account of sales of motor vehicle fuel to the armed forces of the United States or to the national guard, the distributor shall be required to execute an exemption certificate in such form as shall be furnished by the director, containing a certified statement by an authorized officer of the armed forces having actual knowledge of the purpose for which the exemption is claimed. Any claim for exemption based on such sales shall be made by the distributor within six months of the date of sale. The provisions of this section exempting motor vehicle fuel sold to the armed forces of the United States or to the national guard from the tax imposed hereunder do not apply to any motor vehicle fuel sold to contractors purchasing such fuel either for their own account or as the agents of the United States or the national guard for use in the performance of contracts with the armed forces of the United States or the national guard.

The director may at any time require of any distributor any information the director deems necessary to determine the validity of the claimed exemption, and failure to supply such data will constitute a waiver of all right to the exemption claimed. The director is hereby empowered with full authority to promulgate rules and regulations and to prescribe forms to be used by distributors in reporting to the director so as to prevent evasion of the tax imposed by this chapter.

Upon request from the officials to whom are entrusted the enforcement of the motor fuel tax law of any other state, the District of Columbia, the United States, its territories and possessions, the provinces, or the Dominion of Canada, the director may forward such officials any information which the director may have relative to the import or export of any motor vehicle fuel by any distributor: PROVIDED, That such governmental unit furnish like information to this state. [1989 c 193 § 1; 1971 ex.s. c 156 § 2; 1967 c 153 § 3; 1965 ex.s. c 79 § 9; 1961 c 15 § 82.36.230. 82.36.240 Sales to state or political subdivisions not exempt. Nothing in this chapter shall be construed to exempt from the payment of the tax any motor vehicle fuel sold and delivered to or used by the state or any political subdivision thereof, or any inflammable petroleum products other than motor vehicle fuel, used by the state, or any political subdivision thereof, in the propulsion of motor vehicles as herein defined. [1961 c 15 § 82.36.240. Prior: 1957 c 247 § 11; prior: 1949 c 220 § 13, part; 1943 c 84 § 4, part; 1939 c 177 § 4, part; 1933 c 58 § 17, part; Rem. Supp. 1949 § 8327-17, part.]

The department shall keep a record of all permits issued and a cumulative record of the amount of refund claimed and paid thereunder. Such permit shall be obtained before or at the time that the first application for refund is made under the provisions of this chapter.

(1) In a motor vehicle owned by the United States that is operated off the public highways for official use;

(2) By auxiliary equipment not used for motive power, provided such consumption is accurately measured by a metering device that has been specifically approved by the department or is established by either of the following formulae:

(a) For fuel used in pumping fuel or heating oils by a power take-off unit on a delivery truck, refund shall be allowed claimant for tax paid on fuel purchased at the rate of three-fourths of one gallon for each one thousand gallons of fuel delivered.; PROVIDED, That claimant when presenting his claim to the department in accordance with the provisions of this chapter, shall provide to said claim, invoices of fuel oil delivered, or such other appropriate information as may be required by the department to substantiate his claim; or

(b) For fuel used in operating a power take-off unit on a cement mixer truck or load compactor on a garbage truck, claimant shall be allowed a refund of twenty-five percent of the tax paid on all fuel used in such a truck; and

(3) Before December 31, 1992, in a commercial vehicle as defined in RCW 46.04.140 or a farm vehicle as defined in RCW 46.04.181, if the motor vehicle fuel consumed contains nine and one-half percent or more by volume of alcohol and the commercial vehicle or farm vehicle is operated off the public highways of this state. [1985 c 371 § 5; 1980 c 131 § 5; 1972 ex.s. c 138 § 1; 1971 ex.s. c 36 § 1; 1969 ex.s. c 281 § 23; 1961 c 15 § 82.36.280. Notwithstanding RCW 82.36.240, every urban passenger transportation system shall receive a refund of the amount of the motor vehicle fuel tax paid on each gallon of motor vehicle fuel used, whether such vehicle fuel tax has been paid either directly to the vendor from whom the motor vehicle fuel was purchased or indirectly by adding the amount of such tax to the price of such fuel.

For the purposes of this section "urban passenger transportation system" means every transportation system, publicly or privately owned, having as its principal source of revenue the income from transporting persons for compensation by means of motor vehicles and/or trackless trolleys, each having a seating capacity for over fifteen persons, over prescribed routes in such a manner that the routes of such motor vehicles and/or trackless trolleys (either alone or in conjunction with routes of other such motor vehicles and/or trackless trolleys subject to routing by the same transportation system) do not extend for a distance exceeding fifteen road miles beyond the corporate limits of the city in which the original starting points of such motor vehicles are located: PROVIDED, That no refunds authorized by this section shall be granted on fuel used by any urban transportation vehicle on any trip where any portion of said trip is more than fifteen road miles beyond the corporate limits of the city in which said trip originated. No refund shall be made for motor vehicle fuel consumed by any motor vehicle as herein defined that is required to be registered and licensed as provided in chapter 46.16 RCW; and is operated over and along any public highway except that a refund shall be allowed for motor vehicle fuel consumed:

(a) For fuel used in pumping fuel or heating oils by a power take-off unit on a delivery truck, refund shall be allowed claimant for tax paid on fuel purchased at the rate of three-fourths of one gallon for each one thousand gallons of fuel delivered. PROVIDED, That claimant when presenting his claim to the department in accordance with the provisions of this chapter, shall provide to said claim, invoices of fuel oil delivered, or such other appropriate information as may be required by the department to substantiate his claim; or

[1963 ex.s.c. c 22 § 21; 1961 c 15 § 82.36.300. Prior: 1957 c 218 § 6; prior: 1945 c 38 § 1, part; 1943 c 84 § 5, part; 1937 c 219 § 2, part; 1935 c 109 § 2, part; 1933 c 58 § 18, part; Rem. 82.36.305 Refunds to dealer delivering fuel exclusively for marine use—Limitations—Supporting certificate. Any dealer who delivers motor vehicle fuel exclusively for marine use into the fuel tanks connected to the engine of any marine vessel (excluding any amphibious vehicle) owned or operated by the purchaser of the fuel, said dealer having paid the tax on such fuel levied or directed to be paid as provided in this chapter, either directly by the collection of such tax by the vendor from the dealer or indirectly by the adding of the amount of the tax to the price of such fuel, shall be entitled to and shall be refunded the amount of the tax so paid. The refund shall be applicable only if the person to whom the dealer sold the fuel holds a permit issued pursuant to the provisions of RCW 82.36.270 at the time of sale. Each invoice covering such sale shall have the statement, "Ex Washington Motor Vehicle Fuel Tax," clearly marked thereon.

In addition to the claim to be filed under RCW 82.36.310 the dealer shall also file a certificate supporting such refund in such form and detail as the director may require. The certificate shall contain a statement signed by the purchaser of the fuel to the effect that the fuel so purchased will be used solely for marine use. The dealer may either file a separate certificate obtained from the purchaser for each delivery of fuel thereto or he may file one certificate covering all deliveries made to such purchaser during any given calendar month. [1965 ex.s.c. c 79 § 12; 1961 c 15 § 82.36.305. Prior: 1957 c 218 § 16.]

82.36.306 Remedies for violation of RCW 82.36.305—Rules—Coloring of fuel exclusively for marine use, samples may be taken. If any person who purchases motor vehicle fuel exclusive of tax under the provisions of RCW 82.36.305 uses or permits such fuel to be used for purposes other than marine use as set forth in this chapter, he shall immediately become liable for the motor vehicle fuel tax imposed thereon and shall for a period of five years thereafter become ineligible for any permit under RCW 82.36.270. The foregoing remedies shall be cumulative and no action taken pursuant thereto shall relieve any person from the penal provisions of this chapter.

The department is hereby empowered with full authority to promulgate rules and regulations and to prescribe forms necessary for the enforcement of the provisions relating to such sales and use of motor vehicle fuel. This shall include authority to require distributors and dealers to color motor vehicle fuel so sold with a coloring matter to be prescribed and furnished without cost by the department. It shall be unlawful to use or to permit the use of the fuel so colored for any purpose other than that provided under RCW 82.36.305. The department, in order to ascertain whether the fuel so colored has been unlawfully used, may take samples of fuel from fuel tanks of motor vehicles and conduct such other examinations as it may deem necessary. [1973 c 96 § 4; 1961 c 15 § 82.36.306. Prior: 1957 c 218 § 17.]

82.36.310 Claim of refund. Any person claiming a refund for motor vehicle fuel used or exported as in this chapter provided shall not be entitled to receive such refund until he presents to the director a claim upon forms to be provided by the director with such information as the director shall require, which claim to be valid shall in all cases be accompanied by the original invoice or invoices issued to the claimant at the time of the purchases of the motor vehicle fuel, approved as to invoice form by the director: PROVIDED, That in the event of the loss or destruction of the original invoice or invoices, the person claiming a refund may submit in lieu thereof a duplicate copy of such invoice certified by the vendor, but no payment of refund based upon such duplicate invoice shall be made until after expiration of such statutory period specified in RCW 82.36.330 for filing of refund applications.

Any person claiming refund by reason of exportation of motor vehicle fuel shall in addition to the invoices required furnish to the director the export certificate therefor, and the signature on the exportation certificate shall be certified by a notary public. In all cases the claim shall be signed by the person claiming the refund, or if it is a corporation, by some proper officer thereof. [1965 ex.s.c. c 79 § 13; 1961 c 15 § 82.36.310. Prior: 1957 c 218 § 7; prior: 1945 c 38 § 1, part; 1943 c 84 § 5, part; 1937 c 219 § 2, part; 1935 c 109 § 2, part; 1933 c 58 § 18, part; Rem. Supp. 1945 § 8327-18, part; prior: 1923 c 81 § 4, part.]

82.36.320 Information may be required. Any person claiming refund on motor vehicle fuel used other than in motor vehicles as herein provided, and any person purchasing motor vehicle fuel from a dealer who is claiming refund on account of the sale of such fuel under RCW 82.36.305 may be required by the director to also furnish information regarding the amount of motor vehicle fuel purchased from other sources or for other purposes during the period reported for which no refund is claimed. [1961 c 15 § 82.36.320. Prior: 1957 c 218 § 8; prior: 1945 c 38 § 1, part; 1943 c 84 § 5, part; 1937 c 219 § 2, part; 1935 c 109 § 2, part; 1933 c 58 § 18, part; Rem. Supp. 1945 § 8327-18, part; prior: 1923 c 81 § 4, part.]

82.36.330 Payment of refunds—Penalty. Upon the approval of the director of the claim for refund, the state treasurer shall draw a warrant upon the state treasury for the amount of the claim in favor of the person making such claim and the warrant shall be paid from the excise tax collected on motor vehicle fuel: PROVIDED, That the state treasurer shall deduct from each marine use refund claim an [Title 82 RCW—page 126] (1992 Ed.)
amount equivalent to one cent per gallon and shall deposit the same in the coastal protection fund created by RCW 90.48.390. Applications for refunds of excise tax shall be filed in the office of the director not later than the close of the last business day of a period thirteen months from the date of purchase of such motor fuel, and if not filed within this period the right to refund shall be forever barred, except that such limitation shall not apply to claims for loss or destruction of motor vehicle fuel as provided by the provisions of RCW 82.36.370. Any person or the member of any firm or the officer or agent of any corporation who makes any false statement in any claim required for the refund of excise tax, as provided in this chapter, or who collects or causes to be repaid to him or to any other person any such refund without being entitled to the same under the provisions of this chapter shall be guilty of a gross misdemeanor. [1971 ex.s. c 180 § 9; 1965 ex.s. c 79 § 14; 1961 c 15 § 82.36.330. Prior: 1957 c 218 § 9; prior: 1955 c 90 § 1; 1945 c 38 § 1, part; 1943 c 84 § 5, part; 1937 c 219 § 2, part; 1935 c 109 § 2, part; 1933 c 58 § 18, part; Rem. Supp. 1945 § 8327-18, part; prior: 1923 c 81 § 4, part.]

82.36.360 Separate invoices for nontaxed fuel. When motor vehicle fuel is sold to a person who claims to be entitled to a refund of the tax, the seller of such motor vehicle fuel shall make and deliver at the time of sale separate invoices for each purchase on invoice forms approved by the director showing the name and address of the seller, the name and address of the purchaser, the number of gallons of motor vehicle fuel so sold, and the date of such purchase. All invoices shall be legibly written and shall be void if any corrections or erasures appear on the face thereof. [1961 c 15 § 82.36.360. Prior: 1957 c 218 § 12; prior: 1945 c 38 § 1, part; 1943 c 84 § 5, part; 1937 c 219 § 2, part; 1935 c 109 § 2, part; 1933 c 58 § 18, part; Rem. Supp. 1945 § 8327-18, part; prior: 1923 c 81 § 4, part.]

82.36.370 Refunds for fuel lost or destroyed through fire, flood, leakage, etc. (1) A refund shall be made in the manner provided in this chapter or a credit given allowing for the excise tax paid or accrued on all motor vehicle fuel which is lost or destroyed, while applicant shall be the owner thereof, through fire, lightning, flood, wind storm, or explosion.

(2) A refund shall be made in the manner provided in this chapter or a credit given allowing for the excise tax paid or accrued on all motor vehicle fuel of five hundred gallons or more which is lost or destroyed, while applicant shall be the owner thereof, through leakage or other casualty except evaporation, shrinkage or unknown causes: PROVIDED, That the director shall be notified in writing as to the full circumstances surrounding such loss or destruction and the amount of the loss or destruction within thirty days from the day of discovery of such loss or destruction.

(3) Recovery for such loss or destruction under either subsection (1) or (2) must be susceptible to positive proof thereby enabling the director to conduct such investigation and require such information as he may deem necessary.

In the event that the director is not satisfied that the fuel was lost or destroyed as claimed, wherefore required information or proof as required hereunder is not sufficient to substantiate the accuracy of the claim, he may deem as sufficient cause the denial of all right relating to the refund or credit for the excise tax on motor vehicle fuel alleged to be lost or destroyed. [1967 c 153 § 5; 1965 ex.s. c 79 § 15; 1961 c 15 § 82.36.370. 82.36.375 Time limitation on erroneous payment credits or refunds and notices of additional tax. Unless otherwise provided any credit for erroneous overpayment of tax made by a distributor to be taken on a subsequent return or any claim of refund for tax erroneously overpaid by a distributor, pursuant to the provisions of RCW 82.36.090, must be so taken within three years after the date on which the overpayment was made to the state. Failure to take such
credit or claim such refund within the time prescribed in this section shall constitute waiver of any and all demands against this state on account of overpayment hereunder.

Except in the case of a fraudulent report or neglect or refusal to make a report every notice of additional tax, penalty or interest assessed hereunder shall be served on the distributor within three years from the date upon which such additional taxes became due. [1965 ex.s. c 79 § 16.]

82.36.380 Violations—Penalty. Any person failing to pay the tax as herein provided, or violating any of the other provisions of this chapter, or making any false statement, or concealing any material fact in any report, record, affidavit, or claim provided for herein, shall be guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of not less than five hundred dollars nor more than five thousand dollars or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment. Each shipment illegally diverted or illegally returned shall be a separate offense, and the unit of each shipment shall be the cargo of one vessel, or one railroad carload, or one automobile truck load, or such truck and trailer load, or one drum, or one barrel, or one case or one can. [1961 c 15 § 82.36.390. Prior: 1949 c 234 § 2, part; 1933 c 58 § 19, part; Rem. Supp. 1949 § 8327-19, part; prior: 1921 c 173 § 12, part.]

82.36.400 Other offenses—Penalties. It shall be unlawful for any person to commit any of the following acts:

(5) To refuse to permit the director, or any agent appointed by him in writing, to examine his books, records, papers, storage tanks, or other equipment pertaining to the use or sale and delivery of motor vehicle fuels within the state.

Except as otherwise provided, any person violating any of the provisions of this chapter shall be guilty of a gross misdemeanor and shall, upon conviction thereof, be sentenced to pay a fine of not less than five hundred dollars nor more than one thousand dollars and costs of prosecution, or imprisonment for not more than one year, or both. The refund shall be considered compensation for unclaimed motor vehicle fuel that is used in aircraft for purposes taxable under RCW 82.42.020. The director shall also remit from the motor vehicle fund the taxes required by RCW 82.12.0256(3)(c) for the unclaimed refunds, provided that the sum of the amount refunded and the amount remitted in accordance with RCW 82.12.0256(3)(c) shall not exceed the unclaimed refunds. It is hereby declared to be the purpose of this chapter to levy a tax on those importing gasoline into the state of Washington in the fuel supply tanks of commercial motor vehicles being used on the highways of this state for commercial purposes as a just and reasonable contribution to the cost of constructing, maintaining, and policing such highways incident to the use thereof by such persons and to the end that said highway users shall pay to the state of Washington an equal amount in taxes as is paid by other commercial highway users who use gasoline on which the motor vehicle fuel excise tax has been paid to this state. The revenues collected shall be used to partially defray the cost of construction, reconstruction, and maintenance of the public highways and the regulation of traffic thereon, and for no other purposes. [1963 ex.s. c 22 § 1.]

Reviser's note: "This act" [1963 ex.s. c 22] is translated to read "this chapter." The act also amended RCW 82.36.220 and 82.36.300.

82.37.020 Definitions. The following words, terms, and phrases when used in this chapter have the meanings ascribed to them in this section except where the context clearly indicates a different meaning:

(1) "Commercial motor vehicle" means any motor vehicle used or maintained for the transportation of persons for hire, or any vehicle designed, used or maintained primarily for the transportation of commodities, merchandise, produce, freight and animals.

(2) "Motor carrier" means and includes a natural person, individual, partnership, firm, association, or private or public corporation, which is engaged in interstate commerce and which operates or causes to be operated on any highway in this state any commercial motor vehicle.

(3) "Operations", when applied to a motor carrier, means operations of all commercial motor vehicles, whether loaded or empty, whether for compensation or not for compensation, and whether owned by or leased to the motor carrier who operates them or causes them to be operated into or out of or through this state.

(4) "Motor vehicle fuel" means gasoline or any other flammable liquids, by whatsoever name such liquid may be known or sold, the use of which is as fuel for the propulsion of commercial motor vehicles except fuel as defined in chapter 82.38 RCW.

(5) "Use" means and includes the consumption of motor vehicle fuel by any motor carrier in a commercial motor vehicle for the propulsion thereof upon the public highways of this state.
(6) "Motor vehicle fuel importer for use" means and includes any motor carrier importing motor vehicle fuel into this state in the fuel supply tank or tanks of any commercial motor vehicle for use in propelling said vehicle upon the highways of this state.

(7) "Public highways" means and includes every way, lane, road, street, boulevard, and every way or place open as a matter of right to public vehicular travel both inside and outside the limits of cities and towns.

(8) "Director" means the director of licensing. [1983 3rd ex.s. c 22 § 2.]

82.37.030 Tax imposed—Rate to be computed. In consideration of the use of the public highways of this state, motor carriers who import motor vehicle fuel into the state of Washington in the fuel supply tank or tanks of commercial motor vehicles for use in propelling those vehicles on the highways are subject to a tax for such use of the highways as hereinafter provided. A tax at the rate computed in the manner provided in RCW 82.36.025 per gallon is hereby imposed upon every motor carrier measured and determined by the number of gallons of motor vehicle fuel so imported and actually used by the motor carrier in its operations within this state during the fiscal year for which such rate is applicable. [1983 1st ex.s. c 49 § 29; 1977 ex.s. c 317 § 4; 1965 c 67 § 1; 1963 ex.s. c 22 § 2.]

Effective dates—Severability—1977 ex.s. c 317: See notes following RCW 82.36.010.

82.37.040 Report and remittance by carriers. Motor carriers may file with the director a report at any time, provided the reporting period includes a full calendar month or months, upon a form prescribed and furnished by the director, showing the amount of motor vehicle fuel imported for use within this state and such other information as the director may require to carry out the purpose of this chapter. Each report shall be accompanied by a remittance payable to the state treasurer for the amount of tax due and payable hereunder. Motor carriers who voluntarily file the report as in this section provided, are not to include commercial motor vehicles used exclusively in intrastate operations in this state and which tax paid motor vehicle fuel is purchased or received entirely within this state. [1963 ex.s. c 22 § 4.]

82.37.050 Additional assessment—Notice. If the director is not satisfied with the report filed or amount of tax paid to the state by any motor carrier pursuant to the requirements of this chapter, he may make an additional assessment of tax due from such carrier based upon the best information available to him. The director shall give to the carrier written notice of any such added amount of tax determined to be due under the provisions of this section. Each such notice may be served personally or by mail; if by mail, service shall be made by depositing such notice in the United States mail, postage prepaid, addressed to the carrier at his address as the same appears in the records of the director. [1963 ex.s. c 22 § 5.]

82.37.060 Computation and collection of tax—Deduction and credit for fuel purchased or received in Washington—Refunds. The tax imposed hereunder, with respect to which tax liability hereunder accrues, shall be collected by the assessment of tax through periodic audit examination of the carrier's records, pursuant to the provisions of RCW 82.37.080: PROVIDED, That the tax imposed hereunder, with respect to which tax liability hereunder accrues, may be paid by the motor carrier before such time of audit, as provided by the provisions of RCW 82.37.040. The tax shall be computed and paid, multiplied by the tax rate imposed hereunder, on the total number of gallons of motor vehicle fuel used by such motor carrier within this state during the taxable period of the carrier's operations on the public highways of this state.

Every motor carrier subject to the tax shall be entitled to deduct from the total number of gallons of motor vehicle fuel used in Washington, to determine the number of gallons of motor vehicle fuel upon which the tax levied by this chapter is to be computed and paid, the number of gallons of motor vehicle fuel shown to have been purchased or received in Washington during operations in Washington for either within or without this state on which the tax levied by chapter 82.36 RCW has been paid by such carrier to this state. Evidence of the payment of such tax in such form as may be required by, or is satisfactory to, the director shall be furnished by each such carrier taking the deduction herein allowed:

When the amount of the credit herein provided to which any motor carrier is entitled for the month or months that the report covers exceeds the amount of the tax for which such carrier is liable for the same month or months, such excess may be applied toward the payment of the tax due the state, and such excess may be refunded pursuant to the provisions of RCW 82.37.140. [1965 c 67 § 2; 1963 ex.s. c 22 § 6.]

82.37.070 Exemptions. The tax levied by this chapter shall not apply to motor vehicle fuel imported into and used on the public highways of this state by:

(1) Persons operating motor vehicles commonly designated as automobiles which are constructed for and being used solely for the transportation of persons, regardless of whether for hire or compensation or not for hire or compensation.

(2) Motor vehicle fuel used in vehicles owned and operated by any department, board, bureau, agency, or taxing area or any other agency of the federal government, or by any state and political subdivision thereof. [1963 ex.s. c 22 § 7.]
82.37.080 Audit—Assessment of tax—Delinquency, penalty and interest. Whenever it is established by audit of the motor carrier's records and books that such carrier subject to the imposition of the tax herein did not purchase sufficient fuel within this state commensurate with the miles traveled on public highways of this state, the director or his duly appointed representative is hereby authorized to make an assessment of the tax with respect to that amount of motor vehicle fuel consumed on the public highways of this state in excess of the amount of motor vehicle fuel purchased in this state.

Any motor carrier against whom a tax assessment is made under this section shall pay to the director the amount of the tax assessment within thirty days after service upon the carrier of notice thereof. Every assessment made by the director shall become due and payable at the time it becomes final, and if not paid to the director when due and payable there shall be added thereto a penalty of ten percent of the amount of the tax assessment and interest at the rate of one-half of one percent per month, or a fraction thereof, from the time said tax became due until the date of payment. Any notice required by this section shall be served in the manner prescribed by RCW 82.37.050. [1963 ex.s. c 22 § 8.]

82.37.090 Delinquency—Lien of tax—Notice. If any motor carrier liable for the payment of the tax assessment fails to pay the same, the amount thereof, including any interest, penalty, or addition to such tax, together with any costs that may accrue in addition thereto, shall be a lien in favor of the state upon all franchises, property, and rights to property, whether real or personal, then belonging to or thereafter acquired by such person, whether such property is employed by such carrier in the prosecution of business or is in the hands of a trustee, or receiver, or assignee for the benefit of creditors, from the date the taxes were due and payable, until the amount of the lien is paid or the property sold in payment thereof.

The lien shall have priority over any lien or encumbrance whatsoever, except the lien of other state taxes having priority by law, and except that such lien shall not be valid as against any bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached prior to the time the director has filed notice of such lien in the office of the county auditor of the county in which the principal place of business of the taxpayer is located.

The auditor, upon presentation of a notice of lien, and without requiring the payment of any fee, shall file and index it in the manner now provided for deeds and other conveyances, except that he shall not be required to include, in the index, any description of the property affected by the lien. The lien shall continue until the amount of the tax, together with any penalties and interest subsequently accruing thereon, is paid. The director may issue a certificate of release of lien when the amount of the tax, together with any penalties and interest subsequently accruing thereon, has been satisfied, and such release may be recorded with the auditor of the county in which the notice of lien has been filed.

The director shall furnish to any person applying therefor a certificate showing the amount of all liens for motor vehicle fuel tax, penalties, and interest that may be of record in the files of the director against any motor carrier under the provisions of this chapter. [1963 ex.s. c 22 § 9.]

82.37.100 Delinquency—Collection by civil action. Whenever any motor carrier is delinquent in the payment of any obligation hereunder, the director may transmit notice of such delinquency to the attorney general who shall at once proceed to collect by appropriate legal action the amount due the state from such motor carrier. In any suit brought to enforce the rights of the state hereunder, a certificate of the tax assessment and penalty shall be prima facie evidence that the motor carrier therein named is indebted to the state in the amount of the tax and penalty herein stated. [1963 ex.s. c 22 § 10.]

82.37.110 Remedies cumulative. The foregoing remedies of the state shall be cumulative, and no action by the director shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this chapter. [1963 ex.s. c 22 § 11.]

82.37.120 Reassessment procedure. Any motor carrier against whom a tax assessment is made under the provisions of RCW 82.37.080 may petition for a reassessment thereof within thirty days after service upon the carrier of notice thereof. If such petition is not filed within such thirty day period, the amount of the tax assessment becomes final at the expiration thereof.

An assessment of tax made by the director pursuant to the provisions of RCW 82.37.080 shall be presumed to be correct, and in any case where the validity of the assessment is questioned, the burden, except as to proof of alleged fraud, shall be on the person who challenges the assessment to establish by a fair preponderance of the evidence that it is erroneous or excessive, as the case may be. Except in the case of a fraud, no assessment shall be made for any period for which the motor carrier's records are no longer required to be kept or maintained.

If a petition for reassessment is filed within the thirty day period above provided, the director shall reconsider the assessment and, if the motor carrier has so requested in his petition, shall grant such carrier an oral hearing and give the carrier ten days' notice of the time and place thereof. The director may continue the hearing from time to time. The decision of the director upon a petition for reassessment shall become final sixty days after service upon the motor carrier of notice thereof. Any notice required by this section shall be served in the manner prescribed by RCW 82.37.050. [1963 ex.s. c 22 § 12.]

82.37.130 Notice of assessment—Time limitation. Every notice of assessment of tax proposed to be assessed hereunder shall be served on the motor carrier within five years from the date upon which such assessed taxes became due. [1963 ex.s. c 22 § 13.]

82.37.140 Exported fuel—Refund procedure. Every motor carrier subject to the tax hereby imposed who has paid any tax on motor vehicle fuel levied or directed to be paid by chapter 82.36 RCW, either directly by the collection of
the tax by the vendor from the consumer, or indirectly by adding the amount of the tax to the price of the fuel and paid by the consumer, shall be reimbursed and repaid the amount of such tax paid by him, if such motor carrier has purchased and exported such fuel in the fuel supply tank or tanks of a commercial motor vehicle and has used such fuel to operate said vehicle upon the highways of another state. Motor vehicle fuel carried from this state in the fuel supply tank or tanks of a commercial motor vehicle is deemed to be exported from this state. The refund rate shall be the current rate per gallon of the then current motor vehicle fuel tax of this state.

Any motor carrier claiming a refund for motor vehicle fuel exported as in this section provided shall not be entitled to receive such refund until he presents to the director a claim upon forms to be provided by the director with such information as the director shall require, which claim in all cases shall be made over the signature of the claimant, and shall state the total amount of such fuel for which he is entitled to be reimbursed under this section.

The director or his duly appointed representative shall have the right, in order to establish the validity of any claim for refund, as provided herein, to examine the books and records of such claimant. The records must be sufficient in scope and detail to substantiate the accuracy of the claim, and the director or his duly appointed representative shall have full authority to determine the adequacy of such records and books and the amount of the refund due the claimant from the taxes collected on motor vehicle fuel.

All claims for refunds based upon exportation of motor vehicle fuel from this state in the fuel supply tank or tanks of a commercial motor vehicle must be filed with the director before the expiration of five years from the last day of the month in which the fuel was used. [1965 c 67 § 3; 1963 ex.s. c 22 § 14.]

82.37.145 Duplicate, erroneous or illegal collections—Credits—Refunds. If the director determines any amount of tax has been paid more than once or has been erroneously or illegally collected, or where there is an erroneous payment involving or resulting from mere clerical error on the part of the motor carrier in making such report, he shall credit such amount against any amounts then due from the carrier under this chapter and shall credit any balance to the carrier to be allowed as a credit on the tax for which such carrier would be otherwise liable for another month or months that a report covers. A motor carrier upon application may be allowed refund of any credit balance, but no such refund shall be allowed unless such carrier presents to the director a claim upon forms to be provided by the director with such information as the director shall require filed with the director within five years from the date of overpayment. Every such claim shall be signed by the person claiming the refund.

Failure to file such claim within the time prescribed in this section shall constitute waiver of any and all demands against this state on account of overpayments hereunder. [1965 c 67 § 5.]

82.37.150 Records required of motor carriers. Each motor carrier under this chapter shall make and retain for a period of five years records of gallons of motor vehicle fuel purchased or received, mileage traveled within and without this state, commercial motor vehicles owned, operated, leased, or operated under any other form of contract, and other pertinent papers that are reasonably necessary to substantiate any such tax liability imposed by this chapter.

Each motor carrier under this chapter shall be required to retain for five years all original purchase or sales invoices reflecting purchases of motor vehicle fuels in this state, and such invoices shall be identified by the name and station address of the seller, stamped or credit card with credit card imprint and showing the date of sale, the name and address of the purchaser, the company unit number or motor vehicle license number of the power unit, the type or kind of fuel sold, the number of gallons sold, and the signature of the purchaser. [1965 c 67 § 4; 1963 ex.s. c 22 § 15.]

82.37.160 Examinations and investigations. The director or his duly authorized representative may examine, during the usual business hours of the day, the books, records, papers, and equipment of any motor carrier and investigate the disposition which any such carrier or other person makes of fuel to determine whether the tax imposed by this chapter has been paid.

Every such motor vehicle fuel importer for use not maintaining records in this state so that an audit of such records may be made by the director or his duly authorized representative shall be required to make the necessary records available to the director at his request and at his designated office within this state; or, in lieu thereof, the director or his duly authorized representative shall proceed to any out-of-state office at which the records are prepared and maintained to make such examination. [1967 ex.s. c 89 § 7; 1963 ex.s. c 22 § 16.]

82.37.170 Rules and regulations—Secrecy enjoined, exception. The director is hereby empowered with full authority to promulgate rules and regulations that are necessary to the administration of this chapter.

It shall be unlawful for the director, or any person having an administrative duty under this chapter, to divulge or to make known in any manner whatever the business affairs, operations, or information obtained by an investigation of records and equipment of any motor carrier or other person visited or examined in the discharge of official duty, or the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any report, or to permit any report or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person except as provided by law: PROVIDED, That the director may, upon request from the officials to whom are entrusted the enforcement of the motor vehicle fuel importer use tax law of any other state or any political subdivision, the District of Columbia, the United States, its territories and possessions, the provinces or the Dominion of Canada, forward to such officials any information which he may have relative to the mileage traveled, fuel imported and used, or any other disposition of motor vehicle fuel imported and used by such motor carrier, provided such other state or states furnish like information to this state. [1963 ex.s. c 22 § 17.]
82.37.175 Administration, collection, and enforcement of taxes pursuant to chapter 82.41 RCW. For the purposes of administration, collection, and enforcement of taxes imposed under this chapter, pursuant to an agreement under chapter 82.41 RCW, chapter 82.41 RCW shall control to the extent of any conflict. [1982 c 161 § 13.]

82.37.180 Unlawful practices—Penalties for violation of chapter. It shall be unlawful for any person to commit any of the following acts:

(1) To defraud the state or evade the payment of any tax, penalty, or interest which shall be due pursuant to the provisions of this chapter;

(2) To use a false or fictitious name or give a false or fictitious address in any form required under the provisions of this chapter, or otherwise commit a fraud in any record or report;

(3) To refuse to permit the director, or any representative appointed by him in writing, to examine his books, records, papers, or other equipment pertaining to the importation and use of motor vehicle fuel within this state;

(4) To fail or refuse to keep proper books, records, or papers as shall be required by the provisions of this chapter;

(5) To engage in any act or activity with the intent to evade payment to, or prevent collection by, the state of the tax hereby imposed; and any such act or activity shall also render the person or persons liable, jointly or severally, for such unpaid tax, with penalties and interest prescribed by the provisions of this chapter;

(6) To make a false statement in connection with any claim for refund, or to knowingly collect or attempt to collect or cause to be repaid to himself or to any other person any refund of any amount paid to the state hereunder without being entitled to the same.

Any person violating any of the provisions of this chapter shall be guilty of a gross misdemeanor and shall, upon conviction thereof, be sentenced to pay a fine of not more than one year, or both.

82.37.190 Disposition of revenues. All moneys collected by the director shall be transmitted forthwith to the state treasurer, together with a statement showing whence the moneys were derived, and shall be by him credited to the motor vehicle fund.

The proceeds of the motor vehicle fuel importer use tax imposed by chapter 82.37 RCW shall be distributed in the manner provided for the distribution of the motor vehicle fuel tax in RCW 82.36.020, as amended in section 2 of chapter 124, Laws of 1973 first extraordinary session. [1974 ex.s. c 28 § 2. Prior: 1973 1st ex.s. c 124 § 3; 1973 c 95 § 6; 1967 ex.s. c 83 § 5, 1963 ex.s. c 22 § 19.]

82.37.900 Severability—1963 ex.s. c 22. If any provision of this chapter or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances, is not affected. [1963 ex.s. c 22 § 22.]

82.37.910 Short title. This chapter shall be known and may be cited as the "Motor Vehicle Fuel Importer Use Tax Act". [1963 ex.s. c 22 § 23.]

82.37.920 Effective date—1963 ex.s. c 22. This chapter shall take effect July 1, 1963. [1963 ex.s. c 22 § 24.]

82.38.010 Statement of purpose. The purpose of this chapter is to supplement the Motor Vehicle Fuel Tax Act, chapter 82.36 RCW, by imposing a tax upon all fuels not
taxed under said Motor Vehicle Fuel Tax Act used for the propulsion of motor vehicles upon the highways of this state. [1979 c 40 § 1; 1971 ex.s. c 175 § 2.]

82.38.020 Definitions. As hereinafter used in this chapter:

(1) "Person" means every natural person, fiduciary, association or corporation. The term "person" as applied to an association means and includes the partners or members thereof, and as applied to corporations, the officers thereof.

(2) "Department" means the department of licensing.

(3) "Highway" means every way or place open to the use of the public, as a matter of right, for the purpose of vehicular travel.

(4) "Motor vehicle" means every self-propelled vehicle designed for operation upon land utilizing special fuel as the means of propulsion.

(5) "Special fuel" means and includes all combustible gases and liquids suitable for the generation of power for propulsion of motor vehicles, except that it does not include motor vehicle fuel as defined in chapter 82.36 RCW.

(6) "Bulk storage" means the placing of special fuel by a special fuel dealer into a receptacle other than the fuel supply tank of a motor vehicle.

(7) "Special fuel dealer" means any person engaged in the business of delivering special fuel into the fuel supply tank or tanks of a motor vehicle not then owned or controlled by him, or into bulk storage facilities for subsequent use in a motor vehicle. For this purpose the term "fuel supply tank or tanks" does not include cargo tanks even though fuel is withdrawn directly therefrom for propulsion of the vehicle.

(8) "Special fuel user" means any person purchasing special fuel into bulk storage without payment of the special fuel tax for subsequent use in a motor vehicle, or any person engaged in interstate commercial operation of motor vehicles any part of which is within this state.

(9) "Special fuel supplier" means any person engaged in the business of selling special fuel where delivery thereof is made other than, or in addition to, the manner prescribed under the definition of "special fuel dealer", but does not include any person making retail sales of special fuel exclusively for heating purposes.

(10) "Service station" means any location at which fueling of motor vehicles is offered to the general public.

(11) "Unbonded service station" means any service station at which an unbonded special fuel dealer regularly makes sales of special fuel by means of delivery thereof into the fuel supply tanks of motor vehicles.

(12) "Bond" means: (a) A bond duly executed by such special fuel dealer or special fuel user as principal with a corporate surety qualified under the provisions of chapter 48.28 RCW which bond shall be payable to the state of Washington conditioned upon faithful performance of all requirements of this chapter, including the payment of all taxes, penalties, and other obligations of such dealer, arising out of this chapter; or (b) a deposit with the state treasurer by the special fuel dealer or special fuel user, under such terms and conditions as the department may prescribe, a like amount of lawful money of the United States or bonds or other obligations of the United States, the state of Washington, or any county of said state, of an actual market value not less than the amount so fixed by the department; or (c) such other instruments as the department may determine and prescribe by rule to protect the interests of the state and to insure compliance of the requirements of this chapter.

(13) "Lessor" means any person (a) whose principal business is the bona fide leasing or renting of motor vehicles without drivers for compensation to the general public, and (b) who maintains established places of business and whose lease or rental contracts require such motor vehicles to be returned to the established places of business.

(14) "Natural gas" means naturally occurring mixtures of hydrocarbon gases and vapors consisting principally of methane, whether in gaseous or liquid form.

(15) "Standard pressure and temperature" means fourteen and seventy-three hundredths pounds of pressure per square inch at sixty degrees Fahrenheit. [1988 c 122 § 1; 1979 c 40 § 2; 1971 ex.s. c 175 § 3.]

82.38.030 Tax imposed—Special fuel for import exempt—Variable rate to be computed—Collection. (1) There is hereby levied and imposed upon special fuel users a tax at the rate computed in the manner provided in RCW 82.36.025 per gallon or each one hundred cubic feet of compressed natural gas measured at standard pressure and temperature on the use of special fuel in any motor vehicle operated upon the highways of this state during the fiscal year for which such rate is applicable.

(2) The tax shall be collected by the special fuel dealer and shall be paid over to the department as hereinafter provided: (a) With respect to all special fuel delivered by a special fuel dealer into supply tanks of motor vehicles or into storage facilities used for the fueling of motor vehicles at unbonded service stations in this state; or (b) in all other transactions where the purchaser is not the holder of a valid special fuel license issued pursuant to this chapter allowing the purchase of untaxed special fuel, except sales of special fuel for export. To claim an exemption on account of sales by a licensed special fuel dealer for export, the purchaser shall obtain from the selling special fuel dealer, and such selling special fuel dealer must furnish the purchaser, an invoice giving such details of the sale for export as the director may require, copies of which shall be furnished the department and the entity of the state or foreign jurisdiction of destination which is charged by the laws of that state or foreign jurisdiction with the control or monitoring of both, of the sales or movement of special fuel in that state or foreign jurisdiction.

(3) The tax shall be paid over to the department by the special fuel user as hereinafter provided with respect to the taxable use of special fuel upon which the tax has not previously been imposed.

It is expressly provided that delivery of special fuel may be made without collecting the tax otherwise imposed, when such deliveries are made by a bonded special fuel dealer to special fuel users who are authorized by the department as hereinafter provided, to purchase fuel without payment of tax to the bonded special fuel dealer. [1989 c 193 § 3; 1983 1st ex.s. c 49 § 30; 1979 c 40 § 3; 1977 ex.s. c 317 § 5; 1975 1st ex.s. c 62 § 1; 1973 1st ex.s. c 156 § 1; 1972 ex.s. c 135 § 2; 1971 ex.s. c 175 § 4.]
82.38.040 Deliveries not requiring tax collection. The delivery of special fuel may be made without collecting the tax otherwise imposed when deliveries are made into vehicle refrigeration units, mixing units, or other equipment powered by separate motors from separate fuel tanks, on invoices showing the vehicle unit or license number and such other information as may be prescribed by the department. [1990 c 250 § 81; 1973 1st ex.s. c 156 § 2; 1971 ex.s. c 175 § 5.]

Severability—1990 c 250: See note following RCW 46.16.301.

82.38.050 Tax liability on leased motor vehicles. Except as otherwise provided in this chapter, every special fuel user shall be liable for the tax on special fuel used in motor vehicles leased to the user for thirty days or more and operated on the highways of this state to the same extent and in the same manner as special fuel used in his own motor vehicles and operated on the highways of this state: PROVIDED, That a lessor who is engaged regularly in the business of leasing or renting for compensation motor vehicles over forty thousand pounds gross vehicle weight; and

(1) four miles traveled by vehicles over forty thousand pounds gross vehicle weight; (2) seven miles traveled by vehicles twelve thousand one to forty thousand pounds gross vehicle weight; (3) ten miles traveled by vehicles six thousand one to twelve thousand pounds gross vehicle weight; and (4) sixteen miles traveled by vehicles six thousand pounds or less gross vehicle weight. [1989 c 142 § 1; 1971 ex.s. c 175 § 7.]

82.38.070 Refunds for worthless accounts receivable. A special fuel dealer shall be entitled, under rules and regulations prescribed by the department, to a credit of the tax paid over to the department on those sales of special fuel for which the dealer has received no consideration from or on behalf of the purchaser, which have been declared by the dealer to be worthless accounts receivable, and which have been claimed as bad debts for federal income tax purposes. The amount of the tax refunded shall not exceed the amount of tax imposed by this chapter on such sales. If a refund has been granted under this section, any amounts collected for application against the accounts on which such a refund is based shall be reported with the first return filed after such collection, and the amount of refund received by the dealer based upon the collected amount shall be returned to the department. In the event the refund has not been paid, the amount of the refund requested by the dealer shall be adjusted by the department to reflect the decrease in the amount on which the claim is based. The department may require the dealer to submit periodical reports listing accounts which are delinquent for ninety days or more. [1990 c 250 § 83; 1971 ex.s. c 175 § 8.]

Severability—1990 c 250: See note following RCW 46.16.301.

82.38.075 Natural gas, propane—Annual license fee in lieu of special fuel tax for use in motor vehicles—Schedule—Decal or other identifying device. In order to encourage the use of nonpolluting fuels, an annual license fee in lieu of the tax imposed by RCW 82.38.030 shall be imposed upon the use of natural gas as defined in this chapter or on liquefied petroleum gas, commonly called propane, which is used in any motor vehicle, as defined in RCW 46.04.320, which shall be based upon the following schedule as adjusted by the formula set out below:

To determine the actual annual license fee imposed by this section for a registration year, the appropriate dollar amount set out in the above schedule shall be multiplied by the motor vehicle fuel tax rate in cents per gallon as established by RCW 82.36.025 effective on July 1st of the preceding calendar year and the product thereof shall be divided by 12 cents.

The department of licensing, in addition to the foregoing fee, shall charge a further fee of five dollars as a handling charge for each license issued.

The director of licensing shall be authorized to prorate the vehicle tonnage fee so that the annual license required by this section will correspond with the staggered vehicle licensing system.

A decal or other identifying device issued upon payment of these annual fees shall be displayed as prescribed by the department as authority to purchase this fuel.

Persons selling or dispensing natural gas or propane may not sell or dispense this fuel for their own use or the use of others into tanks of vehicles powered by this fuel which do not display a valid decal or other identifying device as provided in this section.

Vehicles registered in jurisdictions outside the state of Washington are exempt from this section.

Any person selling or dispensing natural gas or propane into the tank of a motor vehicle powered by this fuel, except as prescribed in this chapter, is subject to the penalty provisions of this chapter. [1983 c 212 § 1; 1981 c 129 § 1; 1979 c 48 § 1; 1977 ex.s. c 335 § 1.]

#### 82.38.082 Exemptions—Special fuel used in logging operations on federal land.

There is exempted from the tax imposed by this chapter the use of special fuel for the operation of a motor vehicle as a part of or incidental to logging operations upon a highway under federal jurisdiction within the boundaries of a federal area if the federal government requires a fee for the privilege of operating the motor vehicle upon the highway, the proceeds of which are reserved for constructing or maintaining roads in the federal area, or requires maintenance or construction work to be performed on the highway for the privilege of operating the motor vehicle on the highway. [1987 c 294 § 1.]

#### 82.38.085 Exemptions—Alcohol for use as fuel—Tax credit—Expiration of section.

Alcohol of any proof that is sold in this state for use as fuel in motor vehicles is exempt from the special fuel tax under this chapter. In addition, a tax credit of sixty percent of the tax rate imposed by RCW 82.38.030 shall be given for every gallon of alcohol provided to said claim, invoices of propane, or fuel or heating oil delivered, or such other appropriate information as may be required by the department to substantiate his claim; or (b) operating a power take-off unit on a cement mixer truck or a load compactor on a garbage truck at the rate of twenty-five percent of the total gallons of fuel used in such a truck; (5) motor vehicles owned and operated by the United States government; (6) heating purposes; (7) moving a motor vehicle on a public highway between two pieces of private property when said moving is incidental to the primary use of the motor vehicle; (8) transit services for only elderly or handicapped persons, or both, by a private, nonprofit transportation provider certified under chapter 81.66 RCW; and (9) notwithstanding any provision of law to the contrary, every urban passenger transportation system and carriers as defined by chapters 81.68 and 81.70 RCW shall be exempt from the provisions of this chapter requiring the payment of special fuel taxes. For the purposes of this section "urban passenger transportation system" means every transportation system, publicly or privately owned, having as its principal source of revenue the income from transporting persons for compensation by means of motor vehicles and/or trackless trolleys, each having a seating capacity for over fifteen persons on prescribed routes in such a manner that the routes of such motor vehicles and/or trackless trolleys, either alone or in conjunction with routes of other such motor vehicles and/or trackless trolleys subject to routing by the same transportation system, shall not extend for a distance exceeding twenty-five road miles beyond the corporate limits of the county in which the original starting points of such motor vehicles are located: PROVIDED, That no refunds or credits shall be granted on fuel used by any urban transportation vehicle or vehicle operated pursuant to chapters 81.68 and 81.70 RCW on any trip where any portion of said trip is more than twenty-five road miles beyond the corporate limits of the county in which said trip originated. 82.38.100 Trip permits. (1) Any special fuel user operating a motor vehicle into this state for commercial purposes may make application for a trip permit in lieu of a special fuel user's license required in RCW 82.38.090 and 82.38.120 which shall be good for a period of three consecutive days beginning and ending on the dates specified on the face of the permit issued, and only for the vehicle for which it is issued.

(2) Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety, signed, and dated by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, vehicle license number, or vehicle identification number invalidates the permit. A violation of, or a failure to comply with, this subsection is a gross misdemeanor.

(3) For each permit issued, there shall be collected a filing fee of one dollar, an administrative fee of ten dollars, and an excise tax of nine dollars. Such fees and tax shall be in lieu of the special fuel tax otherwise assessable against the permit holder for importing and using special fuel in a motor vehicle on the public highways of this state and no report of mileage shall be required with respect to such vehicle. Trip permits will not be issued if the applicant has outstanding fuel taxes, penalties or interest owing to the state or has had a special fuel license revoked for cause and the cause has not been removed.

(4) Blank permits may be obtained from field offices of the department of transportation, Washington state patrol, department of licensing, or other agents appointed by the department. The department may appoint county auditors or businesses as agents for the purpose of selling trip permits to the public. County auditors or businesses so appointed may retain the filing fee collected for each trip permit to defray expenses incurred in handling and selling the permits.

(5) All fees and excise taxes collected by the department for trip permits shall be credited and deposited in the same fund in the same manner as the special fuel tax collected under this chapter and shall not be subject to exchange, refund, or credit. [1983 c 78 § 1; 1979 c 40 § 6; 1973 1st ex.s. c 156 § 3; 1971 ex.s. c 175 § 11.]

82.38.110 Application for license—Bond—Requirements. Application for a special fuel dealer's license, special fuel supplier's license, or a special fuel user's license shall be made to the department. The application shall be filed upon a form prepared and furnished by the department and shall contain such information as the department deems necessary.

(1992 Ed.)

[Title 82 RCW—page 137]
No special fuel dealer's license may be issued to any person on or continued in force unless such person has furnished bond, as defined in RCW 82.38.020, in such form as the department may require, to secure his compliance with this chapter, and the payment of any and all taxes, interest, and penalties due and to become due hereunder. The requirement of furnishing a bond shall be waived for special fuel dealers who only deliver special fuel into the fuel tanks of marine vessels.

The department may require a special fuel user to post a bond if the special fuel user, after having been licensed, has failed to file timely reports or has failed to remit taxes due, or when an investigation or audit indicates problems severe enough that the department, in its discretion, determines that a bond is required to protect the interests of the state. The department may also adopt rules prescribing conditions that, in the department's discretion, require a bond to protect the interests of the state.

The total amount of the bond or bonds required of any special fuel dealer or special fuel user shall be equivalent to three times the estimated monthly fuel tax, determined in such manner as the department may deem proper: PROVIDED, That those special fuel dealers having held a special fuel license for five or more years without having said license suspended or revoked by the department shall be permitted to reduce the amount of their bond to twice the estimated monthly tax liability: PROVIDED FURTHER, That the total amount of the bond or bonds shall never be less than five hundred dollars nor more than fifty thousand dollars. [1988 c 122 § 2; 1983 c 242 § 2; 1979 c 40 § 7; 1977 c 26 § 1; 1973 1st ex.s. c 156 § 4; 1971 ex.s. c 175 § 12.]

### 82.38.120 Issuance of license—Refusal—Posting—Display—Duration—Transferability

Upon receipt and approval of an application and bond (if required), the department shall issue to the applicant a license to act as a special fuel dealer, a special fuel supplier, or a special fuel user: PROVIDED, That the department may refuse to issue a special fuel dealer's license, special fuel supplier's license, or a special fuel user's license to any person (1) who formerly held either type of license which, prior to the time of filing for application, has been revoked for cause; or (2) who is a subterfuge for the real party in interest whose license prior to the time of filing for application, has been revoked for cause; or (3) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a special fuel license revoked for cause; or (4) who has an unsatisfied debt to the state assessed under either chapter 82.36, 82.37, 82.38, or 46.87 RCW; or (5) upon other sufficient cause being shown. Before such refusal, the department shall grant the applicant a hearing and shall grant him at least five days written notice of the time and place thereof.

The department shall determine from the information shown in the application or other investigation the kind and class of license to be issued.

All licenses shall be posted in a conspicuous place or kept available for inspection at the principal place of business of the owner thereof. License holders shall reproduce the license by photostat or other method and keep a copy on display for ready inspection at each additional place of business or other place of storage from which special fuel is sold, delivered or used and in each motor vehicle used by the license holder to transport special fuel purchased by him for resale, delivery or use. Every licensed special fuel user operating a motor vehicle registered in a jurisdiction other than this state shall reproduce the license and carry a photocopy thereof with each motor vehicle being operated upon the highways of this state.

A special fuel dealer or a special fuel supplier may use special fuel in motor vehicles owned or operated by them without securing a license as a special fuel user but they shall be subject to all other conditions, requirements and liabilities imposed herein upon a special fuel user.

The department shall furnish to each licensed special fuel supplier a list showing the name and address of each bonded special fuel dealer as of the beginning of each fiscal year, and shall thereafter during each year supplement such list monthly.

Each special fuel dealer's license, special fuel supplier's license, and special fuel user's license shall be valid until the expiration date if shown on the license, or until suspended or revoked for cause or otherwise canceled.

No special fuel dealer's license, special fuel supplier's license, or special fuel user's license shall be transferable. [1990 c 250 § 85; 1979 c 40 § 8; 1973 1st ex.s. c 156 § 5; 1971 ex.s. c 175 § 13.]

**Severability—1990 c 250:** See note following RCW 46.16.301.

### 82.38.130 Revocation, cancellation, and surrender of license—Bond

The department may revoke the license of any special fuel dealer, special fuel supplier, or special fuel user for any of the grounds constituting cause for denial of a license set forth in RCW 82.38.120 or for other reasonable cause. Before revoking such license the department shall notify the licensee to show cause within twenty days of the date of the notice why the license should not be revoked: PROVIDED, That at any time prior to and pending such hearing the department may, in the exercise of reasonable discretion, suspend such license.

The department shall cancel any license to act as a special fuel dealer, a special fuel supplier, or a special fuel user immediately upon surrender thereof by the holder.

It shall be presumed that a special fuel dealer's bond is in effect until such time as the department notifies all licensed special fuel suppliers to the contrary by mailing to their current address of record.

Any surety on a bond furnished by a special fuel dealer or special fuel user as provided herein shall be released and discharged from any and all liability to the state accruing on such bond after the expiration of forty-five days from the date which such surety shall have lodged with the department a written request to be released and discharged, but this provision shall not operate to relieve, release, or discharge the surety from any liability already accrued or which shall accrue before the expiration of the forty-five day period. The department shall promptly, upon receiving any such request, notify the special fuel dealer or special fuel user who furnished the bond, and unless the special fuel dealer or special fuel user shall, on or before the expiration of the forty-five day period, file a new bond, in accordance with the requirements of this section, or make a deposit in lieu
thereof as provided in subsection (12) of RCW 82.38.020, the department forthwith shall cancel the special fuel dealer's or special fuel user's license.

The department may require a special fuel dealer or special fuel user to give a new or additional surety bond or to deposit additional securities of the character specified in subsection (12) of RCW 82.38.020 if, in its opinion, the security of the surety bond therefor filed by such special fuel dealer or special fuel user, or the market value of the properties deposited as security by such special fuel dealer or special fuel user, shall become impaired or inadequate. Upon failure of the special fuel dealer or special fuel user to give such new or additional surety bond or to deposit additional securities within forty-five days after being requested to do so by the department, or after he shall fail or refuse to file reports and remit or pay taxes at the intervals fixed by the department, the department forthwith shall cancel his license. [1979 c 40 § 9; 1977 c 26 § 2; 1971 ex.s. c 175 § 14.]

82.38.140 Special fuel records. (1) Every special fuel dealer, special fuel supplier, special fuel user, and every person importing, manufacturing, refining, dealing in, transporting, or storing special fuel in this state shall keep for a period of not less than three years open to inspection at all times during the business hours of the day to the department or its authorized representatives, a complete record of all special fuel purchased or received and all of such products sold, delivered, or used by them. Such records shall show:

(a) The date of each receipt;
(b) The name and address of the person from whom purchased or received;
(c) The number of gallons received at each place of business or place of storage in the state of Washington;
(d) The date of each sale or delivery;
(e) The number of gallons sold, delivered, or used for taxable purposes;
(f) The number of gallons sold, delivered, or used for any purpose not subject to the tax imposed herein;
(g) The name, address, and special fuel license number of the purchaser if the special fuel tax is not collected on the sale or delivery;
(h) The inventories of special fuel on hand at each place of business at the end of each month.

(2)(a) All special fuel users using special fuel in vehicles licensed for highway operation shall maintain detailed mileage records on an individual vehicle basis.
(b) Such operating records shall show both on-highway and off-highway usage of special fuel on a daily basis for each vehicle.
(3) Persons using special fuel for heating purposes only are not required to maintain records of fuel usage.
(4) Invoices shall be prepared for sales and deliveries of special fuel in the manner and containing such information as may be prescribed by the department.

Every special fuel supplier, special fuel dealer or special fuel user making such sales or deliveries of special fuel and every person so receiving and purchasing special fuel must each retain one copy of each such invoice as part of his permanent records for the time and purposes above provided.

(5) Every special fuel user shall keep, in addition to his records of deliveries into motor vehicles, a complete record as prescribed by the department of the total gallons of special fuel used for other purposes during each month and the purposes for which said special fuel was used.

(6) Subsections (1)(f), (2)(b), and (5) of this section do not apply to special fuel users when the special fuel is used off-highway in farming, construction, or logging operations. Upon filing a special fuel user tax report, every such special fuel user shall certify and bear the burden of proof as to the number of gallons of special fuel used off-highway. [1988 c 51 § 1; 1979 c 40 § 10; 1971 ex.s. c 175 § 15.]

82.38.150 Periodic tax reports. For the purpose of determining the amount of liability for the tax herein imposed each special fuel dealer and each special fuel user shall file tax reports with the department, on forms prescribed by the department. Special fuel dealers shall file the reports at the intervals as shown in the following schedule:

<table>
<thead>
<tr>
<th>Estimated Yearly Tax Liability</th>
<th>Reporting Frequency</th>
</tr>
</thead>
<tbody>
<tr>
<td>$ 0 - $100</td>
<td>Yearly</td>
</tr>
<tr>
<td>$101 - 250</td>
<td>Semi-annually</td>
</tr>
<tr>
<td>$251 - 499</td>
<td>Quarterly</td>
</tr>
<tr>
<td>$500 and over</td>
<td>Monthly</td>
</tr>
</tbody>
</table>

Special fuel users whose estimated yearly tax liability is two hundred fifty dollars or less, shall file a report yearly, and special fuel users whose estimated yearly tax liability is more than two hundred fifty dollars, shall file reports quarterly.

The department shall establish the reporting frequency for each applicant at the time the special fuel license is issued. If it becomes apparent that any special fuel licensee is not reporting in accordance with the above schedule, the department shall change the licensee's reporting frequency by giving thirty days' notice to the licensee by mail to his address of record. A report shall be filed with the department even though no special fuel was used, or tax is due, for the reporting period. Each tax report shall contain a declaration by the person making the same, to the effect that the statements contained therein are true and are made under penalties of perjury, which declaration shall have the same force and effect as a verification of the report and is in lieu of such verification. The report shall show such information as the department may reasonably require for the proper administration and enforcement of this chapter. PROVIDED, That if a special fuel dealer or special fuel user is also a special fuel supplier at a location where special fuel is delivered into the supply tank of a motor vehicle, and if separate storage is provided thereat from which special fuel is delivered or placed into fuel supply tanks of motor vehicles, the tax report to the department need not include inventory control data covering bulk storage from which wholesale distribution of special fuel is made. For counties within which an additional excise tax on special fuel has been levied by that jurisdiction under RCW 82.80.010, the report must show the quantities of special fuel sold, distributed, or withdrawn from bulk storage by the reporting dealer or user within the county's boundaries and the tax liability from its levy. The special fuel dealer or special fuel user

(1992 Ed.)
shall file the report on or before the twenty-fifth day of the next succeeding calendar month following the period to which it relates.

Subject to the written approval of the department, tax reports may cover a period ending on a day other than the last day of the calendar month. Taxpayers granted approval to file reports in this manner will file such reports on or before the twenty-fifth day following the end of the reporting period. No change to this reporting period will be made without the written authorization of the department.

If the final filing date falls on a Saturday, Sunday, or legal holiday the next secular or business day shall be the final filing date. Such reports shall be considered filed or received on the date shown by the post office cancellation mark stamped upon an envelope containing such report properly addressed to the department, or on the date it was mailed if proof satisfactory to the department is available to establish the date it was mailed.

The department, if it deems it necessary in order to insure payment of the tax imposed by this chapter, or to facilitate the administration of this chapter, has the authority to require the filing of reports and tax remittances at shorter intervals than one month if, in its opinion, an existing bond has become insufficient.

The department may permit any special fuel user whose sole use of special fuel is in motor vehicles or equipment exempt from tax as provided in RCW 82.38.075 and 82.38.080 (1), (2), (3), (8), and (9), in lieu of the reports required in this section, to submit reports annually or as requested by the department, in such form as the department may require.

A special fuel user whose sole use of special fuel is for purposes other than the propulsion of motor vehicles upon the public highways of this state shall not be required to submit the reports required in this section. [1991 c 339 § 15; 1990 c 42 § 203; 1988 c 23 § 1; 1983 c 242 § 3; 1979 c 40 § 11; 1973 1st ex.s. c 156 § 6; 1971 ex.s. c 175 § 16.]

Effective date—1988 c 23: "This act shall take effect January 1, 1989." [1988 c 23 § 2.]

82.38.160 Computation and payment of tax—Electronic funds transfer. (1) The tax imposed by this chapter shall be computed as follows: (a) With respect to special fuel upon which the tax has been collected by the seller thereof as a special fuel dealer, by multiplying the tax rate per gallon provided in this chapter by the number of gallons of special fuel delivered subject to the special fuel tax; (b) with respect to special fuel on which the tax has not been paid to a special fuel dealer in this state and which has been consumed by the purchaser thereof as a special fuel user, by multiplying the tax rate per gallon provided in this chapter by the number of gallons of special fuel consumed by him in the propulsion of a motor vehicle on the highways of this state.

(2) Except as provided in subsection (3) of this section, the tax return shall be accompanied by a remittance payable to the state treasurer covering the tax moneys collected by the special fuel dealer or the amount determined to be due hereunder by licensed users of special fuels during the preceding reporting period.

(3) If the tax is paid by electronic funds transfer and the reporting period ends on the last day of a calendar month, the tax shall be paid on or before the state business day immediately preceding the last state business day of the month following the end of the reporting period. If the tax is paid by electronic funds transfer and the reporting period ends on a day other than the last day of a calendar month as provided in RCW 82.38.150, the tax shall be paid on or before the state business day immediately preceding the last state business day of the thirty-day period following the end of the reporting period.

(4) The tax shall be paid by electronic funds transfer whenever the amount due is fifty thousand dollars or more. [1987 c 174 § 5; 1979 c 40 § 12; 1971 ex.s. c 175 § 17.]

Effective date—1987 c 174: See note following RCW 82.36.010.

82.38.170 Civil and statutory penalties—Deficiency assessments—Interest—Mitigation of assessments—Cancellation of vehicle registrations. (1) If any special fuel dealer or special fuel user fails to pay any taxes collected or due the state of Washington by said dealer or user within the time prescribed by RCW 82.38.150 and 82.38.160, said dealer or user shall pay in addition to such tax a penalty of ten percent of the amount thereof.

(2) If it be determined by the department that the tax reported by any special fuel dealer or special fuel user is deficient it shall proceed to assess the deficiency on the basis of information available to it and there shall be added to this deficiency a penalty of ten percent of the amount of the deficiency.

(3) If any special fuel dealer or special fuel user, whether or not he or she is licensed as such, fails, neglects, or refuses to file a special fuel tax report, the department shall, on the basis of information available to it, determine the tax liability of the special fuel dealer or the special fuel user for the period during which no report was filed, and to the tax as thus determined, the department shall add the penalty and interest provided in subsection (2) of this section. An assessment made by the department pursuant to this subsection or to subsection (2) of this section shall be presumed to be correct, and in any case where the validity of the assessment is drawn in question, the burden shall be on the person who challenges the assessment to establish by a fair preponderance of the evidence that it is erroneous or excessive as the case may be.

(4) If any special fuel dealer or special fuel user shall establish by a fair preponderance of evidence that his or her failure to file a report or pay the proper amount of tax within the time prescribed was due to reasonable cause and was not intentional or willful, the department may waive the penalty prescribed in subsections (1), (2), and (3) of this section.

(5) If any special fuel dealer or special fuel user shall file a false or fraudulent report with intent to evade the tax imposed by this chapter, there shall be added to the amount of deficiency determined by the department a penalty equal to twenty-five percent of the deficiency, in addition to the penalty provided in subsection (2) of this section and all other penalties prescribed by law.

(6) Any fuel tax, penalties, and interest payable under this chapter shall bear interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar...

Refunds and credits. Any person who has paid a special fuel tax either directly or to the vendor from whom it was purchased may file a claim for a refund of the tax so paid and shall be reimbursed and repaid the amount of:

1. Any taxes previously paid on special fuel used for purposes other than for the propulsion of motor vehicles upon the public highways in this state.

2. Any taxes previously paid on special fuel exported for use outside of this state. Special fuel carried from this state in the fuel tank of a motor vehicle is deemed to be exported from this state.

3. Any tax, penalty or interest erroneously or illegally collected or paid.

4. Any taxes previously paid on all special fuel which is lost or destroyed, while applicant shall be the owner thereof, through fire, lightning, flood, wind storm, or explosion.

5. Any taxes previously paid on all special fuel of five hundred gallons or more which is lost or destroyed while applicant shall be the owner thereof, through leakage or other casualty except evaporation, shrinkage, or unknown causes.

Recovery for such loss or destruction under either subsection (4) or (5) of this section must be susceptible to positive proof thereby enabling the department to conduct such investigation and require such information as they may deem necessary. In the event that the department is not satisfied that the fuel was lost or destroyed as claimed because information or proof as required hereunder is not sufficient to substantiate the accuracy of the claim, they may deem such as sufficient cause to deny all right relating to the refund or credit for the excise tax paid on special fuel alleged to be lost or destroyed. [1972 ex.s. c 138 § 4; 1971 ex.s. c 175 § 19.]

Effective date—1972 ex.s. c 138: See note following RCW 82.36.280.

Procedures for claiming refunds or credits. (1) Claims under RCW 82.38.180 shall be filed with the department on forms prescribed by the department and shall show the date of filing and the period covered in the claim, the number of gallons of special fuel used for purposes subject to tax refund, and such other facts and information as may be required. Every such claim shall be supported by an invoice or invoices issued to or by the claimant, as may be prescribed by the department, and such other information as the department may require.

(2) Any amount determined to be refundable by the department under RCW 82.38.180 shall first be credited on any amounts then due and payable from the special fuel.
dealer or special fuel user or to any person to whom the refund is due, and the department shall then certify the balance thereof to the state treasurer, who shall thereupon draw his warrant for such certified amount to such special fuel dealer or special fuel user or any person: PROVIDED, HOWEVER, That the department shall deduct fifty cents from all such refunds as a filing fee, which fee shall be deducted from the warrant issued in payment of such refund to defray expenses in furnishing the claim forms and other forms provided for in this chapter.

(3) No refund or credit shall be approved by the department unless a written claim for refund or credit stating the specific grounds upon which the claim is founded is filed with the department:

(a) Within thirteen months from the date of purchase or from the last day of the month following the close of the reporting period for which the refundable amount or credit is due with respect to refunds or credits allowable under RCW 82.38.180, subsections (1), (2), (4) and (5), and if not filed within this period the right to refund shall be forever barred.

(b) Within three years from the last day of the month following the close of the reporting period for which the overpayment is due with respect to the refunds or credits allowable under RCW 82.38.180(3).

(4) Within thirty days after disallowing any claim in whole or in part, the department shall serve written notice of its action on the claimant.

(5) Interest shall be paid upon any refundable amount or credit due under RCW 82.38.180(3) at the rate of one percent per month from the last day of the calendar month following the reporting period for which the refundable amount or credit is due.

The interest shall be paid:

(a) In the case of a refund, to the last day of the calendar month following the date upon which the person making the overpayment, if he has not already filed a claim, is notified by the department that a claim may be filed or the date upon which the claim is approved by the department, whichever date is earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the tax or amount against which the credit is applied.

If the department determines that any overpayment has been made intentionally or by reason of carelessness, it shall not allow any interest thereon.

(6) No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action or proceeding in any court against this state or against any officer of the state to prevent or enjoin the collection under this chapter of any tax or any amount of tax required to be collected. [1971 ex.s. c 175 § 21.]

Effective date—1972 ex.s. c 138: See note following RCW 82.36.280.

82.38.200 Suits for recovery of taxes illegally or erroneously collected. (1) No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been overpaid under RCW 82.38.180 unless a claim for refund or credit has been duly filed pursuant to RCW 82.38.190.

(2) Within ninety days after the mailing of the notice of the department’s action upon a claim filed pursuant to RCW 82.38.190, the claimant may bring an action against the department on the grounds set forth in the claim in a court of competent jurisdiction in Thurston county for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed. Failure to bring action within the time specified constitutes a waiver of any demand against the state on account of the alleged overpayments.

(3) If the department fails to mail notice of action on a claim within six months after the claim is filed, the claimant may, prior to the mailing of notice by the department of its intention on the claim, consider the claim disallowed and bring an action against the department, on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

(4) If judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any special fuel tax due and payable from the plaintiff. The balance of the judgment shall be refunded to the plaintiff.

(5) In any judgment, interest shall be allowed at the rate of twelve percent per annum upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment or to a date preceding the date of the refund warrant, but not more than thirty days, the date to be determined by the department. [1971 ex.s. c 175 § 21.]

82.38.210 Tax lien—Filing required. If any special fuel dealer, supplier, or user liable for the remittance of tax imposed by this chapter fails to pay the same, the amount thereof, including any interest, penalty, or addition to such tax, together with any costs that may accrue in addition thereto, shall be a lien in favor of the state upon all franchises, property, and rights to property, whether real or personal, then belonging to or thereafter acquired by such person, whether such property is employed by such person for personal or business use or is in the hands of a trustee, or receiver, or assignee for the benefit of creditors, from the date the taxes were due and payable, until the amount of the lien is paid or the property sold in payment thereof. The lien shall have priority over any lien or encumbrance whatsoever, except the lien of other state taxes having priority by law, and except that such lien shall not be valid as against any bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached prior to the time the department has filed and recorded notice of such lien as hereinafter provided.

In order to avail itself of the lien hereby created, the department shall file with any county auditor a statement of claim and lien specifying the amount of delinquent taxes, penalties and interest claimed by the department. From the time of filing for record, the amount required to be paid shall constitute a lien upon all franchises, property and rights to property, whether real or personal, then belonging to or thereafter acquired by such person in the county. Any lien as provided in this section may also be filed in the office of the secretary of state. Filing in the office of the secretary of state shall be of no effect, however, until the lien or copy thereof shall have been filed with the county auditor in the county where the property is located. When a lien is filed
in compliance herewith and with the secretary of state, such filing shall have the same effect as if the lien had been duly filed for record in the office of the auditor in each county of this state. [1979 c 40 § 15; 1971 ex.s. c 175 § 22.]

82.38.220 Notice of delinquency to persons controlling property of user or dealer—Transfer or disposition of property, credits, or debts prohibited—Delivery to department. In the event any special fuel user or special fuel dealer is delinquent in the payment of any obligation imposed under this chapter, the department may give notice of the amount of such delinquency by registered or certified mail to all persons having in their possession or under their control any credits or other personal property belonging to such user or dealer or owing any debts to such user or dealer, at the time of the receipt by them of such notice. Any person so notified shall neither transfer nor make other disposition of such credits, personal property, or debts until the department consents to a transfer or other disposition. All persons so notified must, within twenty days after receipt of the notice, advise the department of any and all such credits, personal property, or debts in their possession, under their control or owing by them, as the case may be, and shall immediately deliver such credits, personal property, or debts to the department or its duly authorized representative to be applied to the indebtedness involved.

If a person fails to answer the notice within the time prescribed by this section, it is lawful for the court, upon application of the department and after the time to answer the notice has expired, to render judgment by default against such person for the full amount claimed by the department in the notice to withhold and deliver, together with costs. [1983 c 242 § 5; 1979 c 40 § 16; 1971 ex.s. c 175 § 23.]

82.38.230 Delinquency—Seizure and sale of property. Whenever any special fuel user, supplier or dealer is delinquent in the payment of any obligation imposed hereunder, and such delinquency continues after notice and demand for payment by the department, the department shall proceed to collect the amount due from the user, supplier or dealer in the following manner: The department shall seize any property subject to the lien of said excise tax, penalty, and interest and thereafter sell it at public auction to pay said obligation and any and all costs that may have been incurred on account of the seizure and sale. Notice of such intended sale and the time and place thereof shall be given to such delinquent user, supplier or dealer and to all persons appearing of record to have an interest in such property. The notice shall be given in writing at least ten days before the date set for the sale by enclosing it in an envelope addressed to such user, supplier or dealer at his address as the same appears in the records of the department and, in the case of any person appearing of record to have an interest in such property, addressed to such person at his last known residence or place of business, and depositing such envelope in the United States mail, postage prepaid. In addition, the notice shall be published for at least ten days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper of general circulation in such county, the notice shall be posted in three public places in the county for a period of ten days. The notice shall contain a description of the property to be sold, together with a statement of the amount due hereunder, the name of the user, supplier or dealer and the further statement that unless such amount is paid on or before the time fixed in the notice the property will be sold in accordance with law.

The department shall then proceed to sell the property in accordance with the law and the notice, and shall deliver to the purchaser a bill of sale or deed which shall vest title in the purchaser. If upon any such sale the moneys received exceed the amount due to the state hereunder from the delinquent user, supplier or dealer, the excess shall be returned to such user, supplier or dealer and his receipt obtained therefor. If any person having an interest in or lien upon the property has filed with the department prior to such sale, notice of such interest or lien, the department shall withhold payment of any such excess to such user, supplier or dealer pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of such user, supplier or dealer shall not be available, the department shall deposit such excess with the state treasurer as trustee for such user, supplier or dealer, his heirs, successors, or assigns: PROVIDED, That prior to making any seizure of property as herein provided for, the department may first serve upon the user's, supplier's, or dealer's bondsman a notice of the delinquency, with a demand for the payment of the amount due. [1979 c 40 § 17; 1971 ex.s. c 175 § 24.]

82.38.235 Warrant on assessment—Superior court filing—Lien—Writs of execution and garnishment. Whenever any assessment shall have become final in accordance with the provisions of this chapter, the department may file with the clerk of any county within the state a warrant in the amount of the assessment of taxes, penalties plus interest and a filing fee of five dollars. The clerk of the county wherein the warrant is filed shall immediately designate a superior court cause number for such warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the special fuel user, supplier or dealer mentioned in the warrant, the amount of the tax, penalties, interest and filing fee and the date when such warrant was filed. The aggregate amount of such warrant as docketed shall become a lien upon the title to, and interest in all real and personal property of named person against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. Such warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law in the case of civil judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee of five dollars, which shall be added to the amount of the warrant. [1979 c 40 § 22.]

82.38.240 Delinquency—Collection by civil action. Whenever any special fuel user or special fuel dealer is delinquent in the payment of any obligation hereunder the department may transmit notice of such delinquency to the attorney general who shall at once proceed to collect by appropriate legal action the amount due the state from such.

(1992 Ed.)
user or dealer. In any suit brought to enforce the rights of the state hereunder, a certificate by the department showing the delinquency thereof is prima facie evidence of the amount of the obligation, of the delinquency thereof and of compliance by the department with all provisions of this chapter relating to such obligation. [1971 ex.s. c 175 § 25.]

82.38.250 Remedies cumulative. The foregoing remedies of the state in this chapter shall be cumulative and no action taken by the department shall be construed to be an election on the part of the state or any of its officers to pursue any remedy hereunder to the exclusion of any other remedy for which provision is made in this chapter. [1971 ex.s. c 175 § 26.]

82.38.260 Administration and enforcement. The department shall enforce the provisions of this chapter, and may prescribe, adopt, and enforce reasonable rules and regulations relating to the administration and enforcement thereof. The Washington state patrol and its officers shall be peace officers, and given police power and authority throughout the state to arrest on sight any person known to have committed a violation of the provisions of this chapter.

The department or its authorized representative is hereby empowered to examine the books, papers, records and equipment of any special fuel dealer, special fuel supplier or special fuel user or any person dealing in, transporting, or storing or otherwise dealing with such special fuel as defined in this chapter and to investigate the character of the disposition which any person makes of such special fuel in order to ascertain and determine whether all taxes due hereunder are being properly reported and paid. The fact that such books, papers, records and equipment are not maintained in this state at the time of demand shall not cause the department to lose any right of such examination under this chapter when and where such records become available.

The department or its authorized representative is further empowered to investigate the disposition of special fuel by any person where the department has reason to believe that untaxed special fuel has been diverted to a use subject to the taxes imposed by this chapter without payment of the taxes as required by this chapter.

For the purpose of enforcing the provisions of this chapter it shall be presumed that all special fuel delivered to service stations as well as all special fuel otherwise received by a special fuel dealer or a special fuel user into storage and dispensing equipment designed to fuel motor vehicles is delivered by the special fuel dealer or special fuel user into the fuel supply tanks of motor vehicles and consumed in the propulsion of motor vehicles on the highways of this state, unless the contrary is established by satisfactory evidence.

The department shall, upon request from the officials to whom are entrusted the enforcement of the special fuel tax law of any other state, the District of Columbia, the United States, its territories and possessions, the provinces or the Dominion of Canada, forward to such officials any information which he may have relative to the receipt, storage, delivery, sale, use, or other disposition of special fuel by any special fuel dealer, special fuel supplier or special fuel user, provided such other state or states furnish like information to this state.

Returns required by this chapter, exclusive of schedules, itemized statements and other supporting evidence annexed thereto, shall at all reasonable times be open to the public. [1979 c 40 § 18; 1971 ex.s. c 175 § 27.]

82.38.265 Administration, collection, and enforcement of taxes pursuant to chapter 82.41 RCW. For the purposes of administration, collection, and enforcement of taxes imposed under this chapter, pursuant to an agreement under chapter 82.41 RCW, chapter 82.41 RCW shall control to the extent of any conflict. [1982 c 161 § 14.]

(1) Refuse, or knowingly and intentionally fail to make and file any statement required by this chapter in the manner or within the time required;

(2) Knowingly and with intent to evade or to aid in the evasion of the tax imposed herein to make any false statement or conceal any material fact in any record, return, or affidavit provided for in this chapter;

(3) Conduct any activities requiring a license under this chapter without a license or after a license has been suspended, surrendered, canceled, or revoked;

(4) Fail to keep and maintain the books and records required by this chapter;

(5) Divert special fuel purchased for a nontaxable use to a use subject to the taxes imposed by this chapter without payment of the taxes as required by this chapter.

Except as otherwise provided by law, any person violating any of the provisions of this chapter shall be guilty of a gross misdemeanor and shall, upon conviction thereof, be sentenced to pay a fine of not less than five hundred dollars nor more than one thousand dollars and costs of prosecution, or imprisonment for not more than one year, or both.

The fine and imprisonment provided for in this section shall be in addition to any other penalty imposed by any other provision of this chapter. [1979 c 40 § 19; 1977 c 26 § 4; 1971 ex.s. c 175 § 28.]

82.38.275 Investigatory power. The department may initiate and conduct investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with the provisions of this chapter or any rules or regulations issued hereunder.

For the purpose of any investigation or proceeding under this chapter, the director or any officer designated by him may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the director deems relevant or material to the inquiry.

In case of contumacy by or refusal to obey a subpoena issued to, any person, any court of competent jurisdiction upon application by the director, may issue to that person an order requiring him to appear before the director, or the officer designated by him to produce testimony or other evidence touching the matter under investigation or in
question. The failure to obey an order of the court may be punishable by contempt. [1979 c 40 § 20.]

82.38.280 State preempts tax field. The tax levied in this chapter is in lieu of any excise, privilege, or occupational tax upon the business of manufacturing, selling, or distributing special fuel, and no city, town, county, township or other subdivision or municipal corporation of the state shall levy or collect any excise tax upon or measured by the sale, receipt, distribution, or use of special fuel, except as provided in RCW 82.80.010 and 82.47.020. 82.41.110 Construction and application.
82.41.120 Implementing rules required.

82.41.010 Purpose. It is the purpose of this chapter to simplify the confusing, unnecessarily duplicative, and burdensome motor fuel use tax licensing, reporting, and remittance requirements imposed on motor carriers involved in interstate commerce by authorizing the state of Washington to participate in a multistate motor fuel tax agreement for the administration, collection, and enforcement of those states' motor fuel use taxes. [1982 c 161 § 1.]

82.41.020 Definitions. As used in this chapter unless the context clearly requires otherwise:
(1) "Department" means the department of licensing;
(2) "Motor fuel" means all combustible gases and liquids used for the generation of power for propulsion of motor vehicles;
(3) "Motor carrier" means an individual, partnership, firm, association, or private or public corporation engaged in interstate commercial operation of motor vehicles, any part of which is within this state or any other state which is party to an agreement under this chapter;
(4) "State" means a state, territory, or possession of the United States, the District of Columbia, a foreign country, or a state or province of a foreign country;
(5) "Base state" means the state in which the motor carrier is legally domiciled, or in the case of a motor carrier who has no legal domicile, the state from or in which the motor carrier's vehicles are most frequently dispatched, garaged, serviced, maintained, operated, or otherwise controlled;
(6) "Agreement" means a motor fuel tax agreement under this chapter;
(7) "Licensee" means a motor carrier who has been issued a fuel tax license under a motor fuel tax agreement. [1982 c 161 § 2.]

82.41.030 Motor fuel tax cooperative agreement authorized—Prohibition. The department may enter into a motor fuel tax cooperative agreement with another state or states which provides for the administration, collection, and enforcement of each state's motor fuel taxes on motor fuel used by motor carriers. The agreement shall not contain any provision which exempts any motor vehicle, owner, or operator from complying with the laws, rules, and regulations pertaining to vehicle licensing, size, weight, load, or operation of motor vehicles upon the public highways of this state. [1982 c 161 § 3.]

82.41.040 Determination of amount of tax collected on behalf of this state. The amount of the tax imposed and collected on behalf of this state under an agreement entered into under this chapter shall be determined as provided in chapters 82.37 and 82.38 RCW. [1982 c 161 § 4.]

82.41.050 Provisions of agreement. An agreement entered into under this chapter may provide for:
(1) Defining the classes of motor vehicles upon which taxes are to be collected under the agreement;
(2) Establishing methods for base state fuel tax licensing, license revocation, and tax collection from motor carriers on behalf of the states which are parties to the agreement;

(3) Establishing procedures for the granting of credits or refunds on the purchase of excess tax-paid fuel;

(4) Defining conditions and criteria relative to bonding requirements, including criteria for exemption from bonding;

(5) Establishing tax reporting periods not to exceed one calendar quarter, and tax report due dates not to exceed one calendar month after the close of the reporting period;

(6) Penalties and interest for filing of tax reports after the due dates prescribed by the agreement;

(7) Establishing procedures for forwarding of fuel taxes, penalties, and interest collected on behalf of another state to that state;

(8) Recordkeeping requirements for licensees; and

(9) Any additional provisions which will facilitate the administration of the agreement. [1982 c 161 § 5.]

82.41.060 Credits—Refunds. Any licensee purchasing more tax-paid motor fuel in this state than the licensee uses in this state during the course of a reporting period shall be permitted a credit against future tax liability for the excess tax-paid fuel purchased. Upon request, this credit may be refunded to the licensee by the department in accordance with the agreement. [1982 c 161 § 6.]

82.41.070 Audits. The agreement may require the department to perform audits of licensees, or persons required to be licensed, based in this state to determine whether motor fuel taxes to be collected under the agreement have been properly reported and paid to each state party to the agreement. The agreement may authorize other states to perform audits on licensees, or persons required to be licensed, based in their states on behalf of the state of Washington and forward the audit findings to the department. Such findings may be served upon the licensee or such other person in the same manner as audits performed by the department.

The agreement shall not preclude the department from auditing the records of any person who has used motor fuels in this state. Any licensee or person required to be licensed from whom the department has requested records shall make the records available at the location designated by the department or may request the department to audit such records at that licensee's or person's place of business. If the place of business is located outside this state, the department may require the licensee or such other person to reimburse the department for authorized per diem and travel expenses. [1982 c 161 § 7.]

82.41.080 Investigatory power. The department may initiate and conduct investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with this chapter or any rules issued hereunder.

For the purpose of any investigation or proceeding under this chapter, the director or any officer designated by the director may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, papers, correspondence, memoranda, agreements, or other documents or records which the director deems relevant or material to the inquiry.

In case of contumacy by or refusal to obey a subpoena issued to any person, any court of competent jurisdiction, upon application by the director, may issue to that person an order requiring him to appear before the director, or the officer designated by the director, to produce testimony or other evidence touching the matter under investigation or in question. The failure to obey an order of the court may be punishable by contempt. [1982 c 161 § 8.]

82.41.090 Appeal procedures. The agreement shall specify procedures by which a licensee may appeal a license revocation or audit assessment by the department. Such appeal procedures shall be in accordance with chapters 34.05 and 34.38 RCW. [1982 c 161 § 9.]

82.41.100 Exchange of information. The agreement may require each state to forward to other states any information available which relates to the acquisition, sale, use, or movement of motor fuels by any licensee or person required to be licensed. The department may further disclose to other states information which relates to the persons, offices, motor vehicles and other real and personal property of persons licensed or required to be licensed under the agreement. [1982 c 161 § 10.]

82.41.110 Construction and application. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it for the purpose of participating in a multistate motor fuel tax agreement. [1982 c 161 § 11.]

82.41.120 Implementing rules required. The department shall adopt such rules as are necessary to implement this chapter and any agreement entered into under this chapter. [1982 c 161 § 12.]

82.42.025 Computation of aircraft fuel tax rate. (1) During the fifth month of each fiscal half-year ending June 30th and December 31st of each year, the department of licensing shall compute an aircraft fuel tax rate to the nearest one-half cent per gallon of aircraft fuel by multiplying three percent times the weighted average retail sales price of aircraft fuel, per gallon, sold within the state in the third month of the fiscal half-year. The department shall determine the weighted average retail sales price of aircraft fuel by state-wide sampling and survey techniques designed to reflect these prices for the third month of the fiscal half-year. The department shall establish reasonable guidelines for its sampling and survey methods.

(2) The excise tax rate computed under subsection (1) of this section or five cents per gallon, whichever is greater, shall apply to the sale, distribution, or use of aircraft fuel beginning the fiscal half-year following computation of the rate and shall remain in effect for each succeeding fiscal half-year until a subsequent computation requires a change in the rate. For the period May 1, 1983, through June 30, 1983, the aircraft fuel tax shall be five cents per gallon. [1983 c 49 § 2; 1982 1st ex.s. c 25 § 3.]

(a) The department shall determine a value using any information that may be available, including any guidebook, report, or compendium of recognized standing in the automotive industry or the selling price and year of sale of the vehicle. The department may use an appraisal by the county assessor. (b) The value determined in (a) of this subsection shall be divided by the applicable percentage listed in this subsection to establish a value equivalent to a manufacturer’s base suggested retail price. The excise tax hereby imposed shall be collected for each registration year. The excise tax upon a motor vehicle licensed for the first time in this state shall be levied for one full registration year commencing on the date of the calendar year designated by the department and ending on the same date of the next succeeding calendar year. For vehicles registered under chapter 46.87 RCW, proportional registration, and for vehicle dealer plates issued under chapter 46.70 RCW, the registration year is the period provided in those chapters: PROVID-ED, That the tax shall in no case be less than two dollars except for proportionally registered vehicles.

(1992 Ed.)
A motor vehicle shall be deemed licensed for the first time in this state when such vehicle was not previously licensed by this state for the registration year immediately preceding the registration year in which the application for license is made or when the vehicle has been registered in another jurisdiction subsequent to any prior registration in this state.

82.44.120  Refunds, collections of erroneous amounts—Claims—False statement, penalty. In case the director determines that any person is entitled to a refund of only a part of the license fee so paid, the payor shall be entitled to a refund of the difference, if any, between the excise tax collected and that which should have been collected.

In case no claim is to be made for the refund of the license fee or any part thereof but claim is made by any person that he or she has paid an erroneously excessive amount of excise tax, the department shall determine in the manner generally provided in this chapter the amount of such excess, if any, that has been paid and shall certify to the state treasurer that such person is entitled to a refund in such amount.

In any case where due to error, a person has been required to pay an excise tax pursuant to this chapter and a vehicle license fee pursuant to Title 46 RCW which amounts to an overpayment of ten dollars or more, such person shall be entitled to a refund of the entire amount of such overpayment, regardless of whether or not a refund of the overpayment has been requested. Conversely, if due to error, the department or its agents has failed to collect the full amount in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the tax.

If the department approves the claim it shall notify the state treasurer to that effect, and the treasurer shall make such approved refunds and the other refunds herein provided for from the general fund and shall mail or deliver the same to the person entitled thereto.

Any person making any false statement under which he or she obtains any amount of refund to which he or she is not entitled under the provisions of this section is guilty of a gross misdemeanor. 82.44.150  Apportionment and distribution of motor vehicle excise taxes generally. (1) The director of licensing shall, on the twenty-fifth day of February, May, August, and November of each year, advise the state treasurer of the total amount of motor vehicle excise taxes imposed by RCW 82.44.020 (1) and (2) remitted to the department during the preceding calendar quarter ending on the last day of March, June, September, and December, respectively, except for those payable under RCW 82.44.030, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(3) and 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department shall, from motor vehicle excise taxes deposited in the general fund, under *RCW 82.44.110(7), make the following deposits:

(a) To the high capacity transportation account created in RCW 47.78.010, a sum equal to four and five-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax within (i) each county with a population

(1992 Ed.)
of two hundred ten thousand or more and (ii) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described in subsection (i) of this subsection;

(b) To the central Puget Sound public transportation account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within a county with a population of one million or more and a county with a population of from two hundred thousand to less than one million bordering a county with a population of one million or more, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally-generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero;

(c) To the public transportation systems account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within counties not described in (b) of this subsection, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally-generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(c) applies; however, any transfer under this subsection (2)(c) must be greater than zero; and

(d) To the transportation fund created in RCW 82.44.180, for revenues distributed after June 30, 1991, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection.

3. On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(5) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(6) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section. When so apportioned, the amount payable to each such city and town shall be transmitted to the city treasurer thereof, and shall be used by the city or town for the purposes of police and fire protection and the preservation of the public health in the city or town, and not otherwise. If it is adjudged that revenue derived from the excise taxes imposed by RCW 82.44.020 (1) and (2) cannot lawfully be apportioned or distributed to cities or towns, all moneys directed by this section to be apportioned and distributed to cities and towns shall be credited and transferred to the state general fund. 82.45.032 "Real estate," "real property," "used mobile home," "mobile home," "used floating home," and "floating home" defined. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

The state department of revenue shall provide by rule for the determination of the selling price in the case of leases with option to purchase, and shall further provide that the tax shall not be payable, where inequity will otherwise result, until and unless the option is exercised and accepted. A conditional sale of mining property in which the buyer has the right to terminate the contract at any time, and a lease and option to buy mining property in which the lessee-buyer has the right to terminate the lease and option at any time, shall be taxable at the time of execution only on the consideration received by the seller or lessor for execution of such contract, but the rule shall further provide that the tax due on any additional consideration paid by the buyer and received by the seller shall be paid to the county treasurer (1) at the time of termination, or (2) at the time that all of the consideration due to the seller has been paid and the transaction is completed except for the delivery of the deed to the buyer, or (3) at the time when the buyer unequivocally exercises an option to purchase the property, whichever of the three events occurs first.

The term "mining property" means property containing or believed to contain metallic minerals and sold or leased under terms which require the purchaser or lessor to conduct exploration or mining work thereon and for no other use. The term "metallic minerals" does not include clays, coal, sand and gravel, peat, gypsum, or stone, including limestone.

The state department of revenue shall further provide by rule for cases where the selling price is not separately stated or is not ascertainable at the time of sale, for the payment of the tax at a time when the selling price is ascertained, in which case suitable security may be required for payment of the tax, and may further provide for the determination of the selling price by an appraisal by the county assessor, based on the full and true market value, which appraisal shall be prima facie evidence of the selling price of the real property. 82.56.010 Compact. The following multistate tax compact, and each and every part thereof, is hereby approved, ratified, adopted, entered into and enacted into law by the state of Washington.

MULTISTATE TAX COMPACT

Article I. Purposes.
The purposes of this compact are to:
1. Facilitate proper determination of state and local tax liability of multistate taxpayers, including the equitable apportionment of tax bases and settlement of apportionment disputes.
2. Promote uniformity or compatibility in significant components of tax systems.
3. Facilitate taxpayer convenience and compliance in the filing of tax returns and in other phases of tax administration.
4. Avoid duplicative taxation.

Article II. Definitions.
As used in this compact:
1. "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or possession of the United States.
2. "Subdivision" means any governmental unit or special district of a state.
3. "Taxpayer" means any corporation, partnership, firm, association, governmental unit or agency or person acting as a business entity in more than one state.
4. "Income tax" means a tax imposed on or measured by net income including any tax imposed on or measured by an amount arrived at by deducting expenses from gross income, one or more forms of which expenses are not specifically and directly related to particular transactions.
5. "Capital stock tax" means a tax measured in any way by the capital of a corporation considered in its entirety.

6. "Gross receipts tax" means a tax, other than a sales tax, which is imposed on or measured by the gross volume of business, in terms of gross receipts or in other terms, and in the determination of which no deduction is allowed which would constitute the tax an income tax.

7. "Sales tax" means a tax imposed with respect to the transfer for a consideration of ownership, possession or custody of tangible personal property or the rendering of services measured by the price of the tangible personal property transferred or services rendered and which is required by state or local law to be separately stated from the sales price by the seller, or which is customarily separately stated from the sales price, but does not include a tax imposed exclusively on the sale of a specifically identified commodity or article or class of commodities or articles.

8. "Use tax" means a nonrecurring tax, other than a sales tax, which (a) is imposed on or with respect to the exercise or enjoyment of any right or power over tangible personal property incident to the ownership, possession or custody of that property or the leasing of that property from another including any consumption, keeping, retention, or other use of tangible personal property and (b) is complementary to a sales tax.

9. "Tax" means an income tax, capital stock tax, gross receipts tax, sales tax, use tax, and any other tax which has a multistate impact, except that the provisions of Articles III, IV and V of this compact shall apply only to the taxes specifically designated therein and the provisions of Article IX of this compact shall apply only in respect to determinations pursuant to Article IV.

Article III. Elements of Income Tax Laws.

Taxpayer Option, State and Local Taxes.

1. Any taxpayer subject to an income tax whose income is subject to apportionment and allocation for tax purposes pursuant to the laws of a party state or pursuant to the laws of subdivisions in two or more party states may elect to apportion and allocate his income in the manner provided by the laws of such state or by the laws of such states and subdivisions without reference to this compact, or may elect to apportion and allocate in accordance with Article IV. This election for any tax year may be made in all party states or subdivisions thereof or in any one or more of the party states or subdivisions thereof without reference to the election made in the others. For the purposes of this paragraph, taxes imposed by subdivisions shall be considered separately from state taxes and the apportionment and allocation also may be applied to the entire tax base. In no instance wherein Article IV is employed for all subdivisions of a state may the sum of all apportionments and allocations to subdivisions within a state be greater than the apportionment and allocation that would be assignable to that state if the apportionment or allocation were being made with respect to a state income tax.

Taxpayer Option, Short Form.

2. Each party state or any subdivision thereof which imposes an income tax shall provide by law that any taxpayer required to file a return, whose only activities within the taxing jurisdiction consist of sales and do not include owning or renting real estate or tangible personal property, and whose dollar volume of gross sales made during the tax year within the state or subdivision, as the case may be, is not in excess of $100,000 may elect to report and pay any tax due on the basis of a percentage of such volume, and shall adopt rates which shall produce a tax which reasonably approximates the tax otherwise due. The multistate tax commission, not more than once in five years, may adjust the $100,000 figure in order to reflect such changes as may occur in the real value of the dollar, and such adjusted figure, upon adoption by the commission, shall replace the $100,000 figure specifically provided herein. Each party state and subdivision thereof may make the same election available to taxpayers additional to those specified in this paragraph.

Coverage.

3. Nothing in this article relates to the reporting or payment of any tax other than an income tax.

Article IV. Division of Income.

1. As used in this article, unless the context otherwise requires:

(a) "Business income" means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations.

(b) "Commercial domicile" means the principal place from which the trade or business of the taxpayer is directed or managed.

(c) "Compensation" means wages, salaries, commissions and any other form of remuneration paid to employees for personal services.

(d) "Financial organization" means any bank, trust company, savings bank, industrial bank, land bank, safe deposit company, private banker, savings and loan association, credit union, cooperative bank, small loan company, sales finance company, investment company, or any type of insurance company.

(e) "Nonbusiness income" means all income other than business income.

(f) "Public utility" means any business entity (1) which owns or operates any plant, equipment, property, franchise, or license for the transmission of communications, transportation of goods or persons, except by pipeline, or the production, transmission, sale, delivery, or furnishing of electricity, water or steam; and (2) whose rates of charges for goods or services have been established or approved by a federal, state or local government or governmental agency.

(g) "Sales" means all gross receipts of the taxpayer not allocated under paragraphs of this article.

(h) "State" means any state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, any territory or possession of the United States, and any foreign country or political subdivision thereof.

(i) "This state" means the state in which the relevant tax return is filed or, in the case of application of this article to the apportionment and allocation of income for local tax purposes, the subdivision or local taxing district in which the relevant tax return is filed.
2. Any taxpayer having income from business activity which is taxable both within and without this state, other than activity as a financial organization or public utility or the rendering of purely personal services by an individual, shall allocate and apportion his net income as provided in this article. If a taxpayer has income from business activity as a public utility but derives the greater percentage of his income from activities subject to this article, the taxpayer may elect to allocate and apportion his entire net income as provided in this article.

3. For purposes of allocation and apportionment of income under this article, a taxpayer is taxable in another state if (1) in that state he is subject to a net income tax, a franchise tax measured by net income, a franchise tax for the privilege of doing business, or a corporate stock tax, or (2) that state has jurisdiction to subject the taxpayer to a net income tax regardless of whether, in fact, the state does or does not.

4. Rents and royalties from real or tangible personal property, capital gains, interest, dividends or patent or copyright royalties, to the extent that they constitute nonbusiness income, shall be allocated as provided in paragraphs 5 through 8 of this article.

5.(a) Net rents and royalties from real property located in this state are allocable to this state.

(b) Net rents and royalties from tangible personal property are allocable to this state: (1) If and to the extent that the property is utilized in this state, or (2) if its entirety if the taxpayer's commercial domicile is in this state and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

(c) The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the state during the rental or royalty period in the taxable year and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year. If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property was located at the time the rental or royalty payer obtained possession.

6.(a) Capital gains and losses from sales of real property located in this state are allocable to this state.

(b) Capital gains and losses from sales of tangible personal property are allocable to this state if (1) the property had a situs in this state at the time of the sale, or (2) the taxpayer's commercial domicile is in this state and the taxpayer is not taxable in the state in which the property had a situs.

(c) Capital gains and losses from sales of intangible personal property are allocable to this state if the taxpayer's commercial domicile is in this state.

7. Interest and dividends are allocable to this state if the taxpayer's commercial domicile is in this state.

8.(a) Patent and copyright royalties are allocable to this state: (1) If and to the extent that the patent or copyright is utilized by the payer in this state, or (2) if and to the extent that the patent copyright is utilized by the payer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this state.

(b) A patent is utilized in a state to the extent that it is employed in production, fabrication, manufacturing, or other processing in the state or to the extent that a patented product is produced in the state. If the basis of receipts from patent royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the patent is utilized in the state in which the taxpayer's commercial domicile is located.

(c) A copyright is utilized in a state to the extent that printing or other publication originates in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

9. All business income shall be apportioned to this state by multiplying the income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator of which is three.

10. The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in this state during the tax period and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period.

11. Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less any annual rental rate received by the taxpayer from subrentals.

12. The average value of property shall be determined by averaging the values at the beginning and ending of the tax period but the tax administrator may require the averaging of monthly values during the tax period if reasonably required to reflect properly the average value of the taxpayer's property.

13. The payroll factor is a fraction, the numerator of which is the total amount paid in this state during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period.

14. Compensation is paid in this state if:

(a) The individual's service is performed entirely within the state;

(b) The individual's service is performed both within and without the state, but the service performed without the state is incidental to the individual's service within the state; or

(c) Some of the service is performed in the state and (1) the base of operations or, if there is no base of operations, the place from which the service is directed or controlled is in the state, or (2) the base of operations or the place from which the service is directed or controlled is not in any state in which some part of the service is performed, but the individual's residence is in this state.

15. The sales factor is a fraction, the numerator of which is the total sales of the taxpayer in this state during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period.
16. Sales of tangible personal property are in this state if:

(a) The property is delivered or shipped to a purchaser, other than the United States government, within this state regardless of the f.o.b. point or other conditions of the sale; or

(b) The property is shipped from an office, store, warehouse, factory, or other place of storage in this state and

1. The purchaser is the United States government or (2) the taxpayer is not taxable in the state of the purchaser.

17. Sales, other than sales of tangible personal property, are in this state if:

(a) The income-producing activity is performed in this state; or

(b) The income-producing activity is performed both in and outside this state and a greater proportion of the income-producing activity is performed in this state than in any other state, based on costs of performance.

18. If the allocation and apportionment provisions of this article do not fairly represent the extent of the taxpayer's business activity in this state, the taxpayer may petition for or the tax administrator may require, in respect to all or any part of the taxpayer's business activity, if reasonable:

(a) Separate accounting;

(b) The exclusion of any one or more of the factors;

(c) The inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this state; or

(d) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

Article V. Elements of Sales and Use Tax Laws.

Tax Credit.

1. Each purchaser liable for a use tax on tangible personal property shall be entitled to full credit for the combined amount or amounts of legally imposed sales or use taxes paid by him with respect to the same property to another state and any subdivision thereof. The credit shall be applied first against the amount of any use tax due the state, and any unused portion of the credit shall then be applied against the amount of any use tax due a subdivision.

Exemption Certificates, Vendors May Rely.

2. Whenever a vendor receives and accepts in good faith from a purchaser a resale or other exemption certificate or other written evidence of exemption authorized by the appropriate state or subdivision taxing authority, the vendor shall be relieved of liability for a sales or use tax with respect to the transaction.

Article VI. The Commission.

Organization and Management.

1.(a) The multistate tax commission is hereby established. It shall be composed of one "member" from each party state who shall be the head of the state agency charged with the administration of the types of taxes to which this compact applies. If there is more than one such agency the state shall provide by law for the selection of the commission member from the heads of the relevant agencies. State law may provide that a member of the commission be represented by an alternate but only if there is on file with the commission written notification of the designation and identity of the alternate. The attorney general of each party state or his designee, or other counsel if the laws of the party state specifically provide, shall be entitled to attend the meetings of the commission, but shall not vote. Such attorneys general, designees, or other counsel shall receive all notices of meetings required under paragraph 1(e) of this article.

(b) Each party state shall provide by law for the selection of representatives from its subdivisions affected by this compact to consult with the commission member from that state.

(c) Each member shall be entitled to one vote. The commission shall not act unless a majority of the members are present, and no action shall be binding unless approved by a majority of the total number of members.

(d) The commission shall adopt an official seal to be used as it may provide.

(e) The commission shall hold an annual meeting and such other regular meetings as its bylaws may provide and such special meetings as its executive committee may determine. The commission bylaws shall specify the dates of the annual and any other regular meetings, and shall provide for the giving of notice of annual, regular and special meetings. Notices of special meetings shall include the reasons therefor and an agenda of the items to be considered.

(f) The commission shall elect annually, from among its members, a chairman, a vice chairman and a treasurer. The commission shall appoint an executive director who shall serve at its pleasure, and it shall fix his duties and compensation. The executive director shall be secretary of the commission. The commission shall make provision for the bonding of such of its officers and employees as it may deem appropriate.

(g) Irrespective of the civil service, personnel or other merit system laws of any party state, the executive director shall appoint or discharge such personnel as may be necessary for the performance of the functions of the commission and shall fix their duties and compensation. The commission bylaws shall provide for personnel policies and programs.

(h) The commission may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental entity.

(i) The commission may accept for any of its purposes and functions any and all donations and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any governmental entity, and may utilize and dispose of the same.

(j) The commission may establish one or more offices for the transacting of its business.

(l) The commission annually shall make to the governor and legislature of each party state a report covering its activities for the preceding year. Any donation or grant
accepted by the commission or services borrowed shall be reported in the annual report of the commission, and shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

Committees.

2. (a) To assist in the conduct of its business when the full commission is not meeting, the commission shall have an executive committee of seven members, including the chairman, vice chairman, treasurer and four other members elected annually by the commission. The executive committee, subject to the provisions of this compact and consistent with the policies of the commission, shall function as provided in the bylaws of the commission.

(b) The commission may establish advisory and technical committees, membership on which may include private persons and public officials, in furthering any of its activities. Such committees may consider any matter of concern to the commission, including problems of special interest to any party state and problems dealing with particular types of taxes.

(c) The commission may establish such additional committees as its bylaws may provide.

Powers.

3. In addition to powers conferred elsewhere in this compact, the commission shall have power to:

(a) Study state and local tax systems and particular types of state and local taxes.

(b) Develop and recommend proposals for an increase in uniformity or compatibility of state and local tax laws with a view toward encouraging the simplification and improvement of state and local tax law and administration.

(c) Compile and publish information as in its judgment would assist the party states in implementation of the compact and taxpayers in complying with state and local tax laws.

(d) Do all things necessary and incidental to the administration of its functions pursuant to this compact.

Finance.

4. (a) The commission shall submit to the governor or designated officer or officers of each party state a budget of its estimated expenditures for such period as may be required by the laws of that state for presentation to the legislature thereof.

(b) Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the party states. The total amount of appropriations requested under any such budget shall be apportioned among the party states as follows: one-tenth in equal shares; and the remainder in proportion to the amount of revenue collected by each party state and its subdivisions from income taxes, capital stock taxes, gross receipts taxes, sales and use taxes. In determining such amounts, the commission shall employ such available public sources of information as, in its judgment, present the most equitable and accurate comparisons among the party states. Each of the commission's budgets of estimated expenditures and requests for appropriations shall indicate the sources used in obtaining information employed in applying the formula contained in this paragraph.

(c) The commission shall not pledge the credit of any party state. The commission may meet any of its obligations in whole or in part with funds available to it under paragraph (1)(i) of this article: PROVIDED, That the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it under paragraph 1(i), the commission shall not incur any obligation prior to the allotment of funds by the party states adequate to meet the same.

(d) The commission shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the commission shall be subject to the audit and accounting procedures established under its bylaws. All receipts and disbursements of funds handled by the commission shall be audited yearly by a certified or licensed public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

(e) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the party states and by any persons authorized by the commission.

(f) Nothing contained in this article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any government contributing to the support of the commission.

Article VII. Uniform Regulations and Forms.

1. Whenever any two or more party states, or subdivisions of party states, have uniform or similar provisions of law relating to an income tax, capital stock tax, gross receipts tax, sales or use tax, the commission may adopt uniform regulations for any phase of the administration of such law, including assertion of jurisdiction to tax, or prescribing uniform tax forms. The commission may also act with respect to the provisions of Article IV of this compact.

2. Prior to the adoption of any regulation, the commission shall:

(a) As provided in its bylaws, hold at least one public hearing on due notice to all affected party states and subdivisions thereof and to all taxpayers and other persons who have made timely request of the commission for advance notice of its regulation-making proceedings.

(b) Afford all affected party states and subdivisions and interested persons an opportunity to submit relevant written data and views, which shall be considered fully by the commission.

3. The commission shall submit any regulations adopted by it to the appropriate officials of all party states and subdivisions to which they might apply. Each such state and subdivision shall consider any such regulation for adoption in accordance with its own laws and procedures.

Article VIII. Interstate Audits.

The commission shall have access to and may examine, at any reasonable time, such accounts, books, papers, records, and other documents and any relevant property or stock of merchandise. The commission may enter into agreements with party states or their subdivisions for assistance in performance of the audit. The commission shall make charges, to be paid by the state or local government or governments for which it performs the service, for any audits performed by it in order to reimburse itself for the actual costs incurred in making the audit.

3. The commission may require the attendance of any person within the state where it is conducting an audit or part thereof at a time and place fixed by it within such state for the purpose of giving testimony with respect to any account, book, paper, document, other record, property or stock of merchandise being examined in connection with the audit. If the person is not within the jurisdiction, he may be required to attend for such purpose at any time and place fixed by the commission within the state of which he is a resident: PROVIDED, That such state has adopted this article.

4. The commission may apply to any court having power to issue compulsory process for orders in aid of its powers and responsibilities pursuant to this article and any and all such courts shall have jurisdiction to issue such orders. Failure of any person to obey any such order shall be punishable as contempt of the issuing court. If the party or subject matter on account of which the commission seeks an order is within the jurisdiction of the court to which application is made, such application may be to a court in the state or subdivision on behalf of which the audit is being made or a court in the state in which the object of the order being sought is situated. The provisions of this paragraph apply only to courts in a state that has adopted this article.

5. The commission may decline to perform any audit requested if it finds that its available personnel or other resources are insufficient for the purpose or that, in the terms requested, the audit is impracticable of satisfactory performance. If the commission, on the basis of its experience, has reason to believe that an audit of a particular taxpayer, either at a particular time or on a particular schedule, would be of interest to a number of party states or their subdivisions, it may offer to make the audit or audits, the offer to be contingent on sufficient participation therein as determined by the commission.

6. Information obtained by any audit pursuant to this article shall be confidential and available only for tax purposes to party states, their subdivisions or the United States. Availability of information shall be in accordance with the laws of the states or subdivisions on whose account the commission performs the audit, and only through the appropriate agencies or officers of such states or subdivisions. Nothing in this article shall be construed to require any taxpayer to keep records for any period not otherwise required by law.

7. Other arrangements made or authorized pursuant to law for cooperative audit by or on behalf of the party states or any of their subdivisions are not superseded or invalidated by this article.

8. In no event shall the commission make any charge against a taxpayer for an audit.

9. As used in this article, "tax," in addition to the meaning ascribed to it in Article II, means any tax or license fee imposed in whole or in part for revenue purposes.

Article IX. Arbitration.

1. Whenever the commission finds a need for settling disputes concerning apportionments and allocations by arbitration, it may adopt a regulation placing this article in effect, notwithstanding the provisions of Article VII.

2. The commission shall select and maintain an arbitration panel composed of officers and employees of state and local governments and private persons who shall be knowledgeable and experienced in matters of tax law and administration.

3. Whenever a taxpayer who has elected to employ Article IV, or whenever the laws of the party state or subdivision thereof are substantially identical with the relevant provisions of Article IV, the taxpayer, by written notice to the commission and to each state or subdivision thereof that would be affected, may secure arbitration of an apportionment or allocation, if he is dissatisfied with the final administrative determination of the tax agency of the state or subdivision with respect thereto, on the ground that it would subject him to double or multiple taxation by two or more party states or subdivisions thereof. Each party state and subdivision thereof hereby consents to the arbitration as provided herein, and agrees to be bound thereby.

4. The arbitration board shall be composed of one person selected by the taxpayer, one by the agency or agencies involved, and one member of the commission's arbitration panel. If the agencies involved are unable to agree on the person to be selected by them, such person shall be selected by lot from the total membership of the arbitration panel. The two persons selected for the board in the manner provided by the foregoing provisions of this paragraph shall jointly select the third member of the board. If they are unable to agree on the selection, the third member shall be selected by lot from among the total membership of the arbitration panel. No member of a board selected by lot shall be qualified to serve if he is an officer or employee or is otherwise affiliated with any party to the arbitration proceeding. Residence within the jurisdiction of a party to the arbitration proceeding shall not constitute affiliation within the meaning of this paragraph.

5. The board may sit in any state or subdivision party to the proceeding, in the state of the taxpayer's incorporation, residence or domicile, in any state where the taxpayer does business, or in any place that it finds most appropriate for gaining access to evidence relevant to the matter before it.

6. The board shall give due notice of the times and places of its hearings. The parties shall be entitled to be heard, to present evidence, and to examine and cross-examine witnesses. The board shall act by majority vote.

7. The board shall have power to administer oaths, take testimony, subpoena and require the attendance of witnesses and the production of accounts, books, papers, records, and other documents, and issue commissions to take testimony. Subpoenas may be signed by any member of the board. In case of failure to obey a subpoena, and upon application by the board, any judge of a court of competent jurisdiction of the state in which the board is sitting or in which the person to whom the subpoena is directed may be found may make
an order requiring compliance with the subpoena, and the court may punish failure to obey the order as a contempt. The provisions of this paragraph apply only in states that have adopted this article.

8. Unless the parties otherwise agree the expenses and other costs of the arbitration shall be assessed and allocated among the parties by the board in such manner as it may determine. The commission shall fix a schedule of compensation for members of arbitration boards and of other allowable expenses and costs. No officer or employee of a state or local government who serves as a member of a board shall be entitled to compensation therefor unless he is required on account of his service to forego the regular compensation attaching to his public employment, but any such board member shall be entitled to expenses.

9. The board shall determine the disputed apportionment or allocation and any matters necessary thereto. The determinations of the board shall be final for purposes of making the apportionment or allocation, but for no other purpose.

10. The board shall file with the commission and with each tax agency represented in the proceeding: the determination of the board; the board's written statement of its reasons therefor; the record of the board's proceedings; and any other documents required by the arbitration rules of the commission to be filed.

11. The commission shall publish the determinations of boards together with the statements of the reasons therefor.

12. The commission shall adopt and publish rules of procedure and practice and shall file a copy of such rules and of any amendment thereto with the appropriate agency or officer in each of the party states.

13. Nothing contained herein shall prevent at any time a written compromise of any matter or matters in dispute, if otherwise lawful, by the parties to the arbitration proceeding.

Article X. Entry into Force and Withdrawal.

1. This compact shall enter into force when enacted into law by any seven states. Thereafter, this compact shall become effective as to any other state upon its enactment thereof. The commission shall arrange for notification of all party states whenever there is a new enactment of the compact.

2. Any party state may withdraw from this compact by enacting a statute repealing the same. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

3. No proceeding commenced before an arbitration board prior to the withdrawal of a state and to which the withdrawing state or any subdivision thereof is a party shall be discontinued or terminated by the withdrawal, nor shall the board thereby lose jurisdiction over any of the parties to the proceeding necessary to make a binding determination therein.

Article XI. Effect on Other Laws and Jurisdiction.

Nothing in this compact shall be construed to:

(a) Affect the power of any state or subdivision thereof to fix rates of taxation, except that a party state shall be obligated to implement Article III 2 of this compact.

(b) Apply to any tax or fixed fee imposed for the registration of a motor vehicle or any tax on motor fuel, other than a sales tax: PROVIDED, That the definition of "tax" in Article VIII 9 may apply for the purposes of that article and the commission's powers of study and recommendation pursuant to Article VI 3 may apply.

(c) Withdraw or limit the jurisdiction of any state or local court or administrative officer or body with respect to any person, corporation or other entity or subject matter, except to the extent that such jurisdiction is expressly conferred by or pursuant to this compact upon another agency or body.

(d) Supersede or limit the jurisdiction of any court of the United States.

Article XII. Construction and Severability.

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the Constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. 82.60.010 Legislative findings and declaration. The legislature finds that there are several areas in the state that are characterized by very high levels of unemployment and poverty. The legislative [legislature] further finds that economic stagnation is the primary cause of this high unemployment rate and poverty; that new state policies are necessary in order to promote economic stimulation and new employment opportunities in these distressed areas; and that policies providing incentives for economic growth in these distressed areas are essential. For these reasons, the legislature hereby establishes a tax deferral program to be effective solely in distressed areas and under circumstances where the deferred tax payments are for investments or costs that result in the creation of a specified number of jobs. The legislature declares that this limited program serves the vital public purpose of creating employment opportunities and reducing poverty in the distressed areas of the state. [1985 c 232 § 1.]

(2) In lieu of the tax in subsection (1) of this section, a city or a county in its unincorporated area may fix and impose a tax for the act or privilege of parking a motor vehicle in a facility operated by a commercial parking business.

The city or county may provide that:
(a) The tax is paid by the operator or owner of the motor vehicle;
(b) The tax applies to all parking for which a fee is paid, whether paid or leased, including parking supplied with a lease of nonresidential space;
(c) The tax is collected by the operator of the facility and remitted to the city or county;

Each local government may develop by ordinance or resolution rules for administering the tax, including provisions for reporting by commercial parking businesses, collection, and enforcement.

The legislative authority of the city or town may include as a part of the street utility, street lighting, traffic control devices, sidewalks, curbs, gutters, parking facilities, and drainage facilities. The legislative authority of the city or town is the governing body of the street utility. [1991 c 141 § 1. Prior: 1990 c 42 § 209.]

The rates charged for the use must be uniform for the same class of service and all business and residential properties must be subject to the utility charge. Charges imposed on businesses shall be measured solely by the number of employees and shall not exceed the equivalent of two dollars per full-time equivalent employee per month. Charges imposed against owners or occupants of residential property shall not exceed two dollars per month per housing unit as defined in RCW 35.95.040. Charges authorized in this section shall not be imposed against owners of property: (1) Exempt under RCW 84.36.010; (2) exempt from the leasehold tax under chapter 82.29A RCW; or (3) used for nonprofit or sectarian purposes, which if said property were owned by such organization would qualify for exemption under chapter 84.36 RCW. The charges shall not be computed on the basis of an ad valorem charge on the underlying real property and improvements. This section shall not be used as a basis to directly or indirectly charge transportation impact fees or mitigation fees of any kind against new development. A city or town may contract with any other utility or local government to provide for billing and collection of the street utility charges.

In classifying service furnished within the general categories of business and residential, the city or town legislative authority may in its discretion consider any or all of the following factors: The difference in cost of service to the various users or traffic generators; location of the various users or traffic generators within the city or town; the difference in cost of maintenance, operation, construction, repair, and replacement of the various parts of the enterprise and facility; the different character of the service furnished to various users or traffic generators within the city or town; the size and quality of the street service furnished; the time of use or traffic generation; capital contributions made to the facility including but not limited to special assessments; and any other matters that present a reasonable difference as a ground for distinction, or the entire category of business or residential may be established as a single class. The city or town may reduce or exempt charges on residential properties to the extent of their occupancy by low-income senior
citizens and low-income disabled citizens as provided in RCW 74.38.070(1), or to the extent of their occupancy by the needy or infirm.

The charges shall be charges against the property and the use thereof and shall become liens and be enforced in the same manner as rates and charges for the use of systems of sewerage under chapter 35.67 RCW.

Any city or town ordinance or resolution creating a street utility must contain a provision granting to any business a credit against any street utility charge the full amount of any commuter or employer tax paid for transportation purposes by that business. [1991 c 141 § 2. Prior: 1990 c 42 § 210.]

82.80.060 Use of other proceeds by utility. The city or town electing to own, construct, maintain, operate, and preserve its streets and related facilities as a utility under this chapter may finance the construction, operation, maintenance, and preservation through local improvement districts, utility local improvement districts, or with proceeds from general obligation bonds and revenue bonds payable from the charges issued in accordance with chapter 35.41, 35.92, or 39.46 RCW, or any combination thereof. The city or town may use, in addition to the charges authorized by RCW 82.80.050, funds from general taxation, money received from the federal, state, or other local governments, and other funds made available to it. The proceeds of the charges authorized by RCW 82.80.050 shall be used strictly for transportation purposes in accordance with this chapter and RCW 82.80.070. [1991 c 141 § 3. Prior: 1990 c 42 § 211.]

82.80.070 Use of revenues. (1) The proceeds collected pursuant to the exercise of the local option authority of RCW 82.80.010, 82.80.020, 82.80.030, and 82.80.050 (hereafter called "local option transportation revenues") shall be used for transportation purposes only, including but not limited to the following: The operation and preservation of roads, streets, and other transportation improvements; new construction, reconstruction, and expansion of city streets, county roads, and state highways and other transportation improvements; development and implementation of public transportation and high-capacity transit improvements and programs; and planning, design, and acquisition of right of way and sites for such transportation purposes. The proceeds collected from excise taxes on the sale, distribution, or use of motor vehicle fuel and special fuel under RCW 82.80.010 shall be used exclusively for "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(2) The local option transportation revenues shall be expended for transportation uses consistent with the adopted transportation and land use plans of the jurisdiction expending the funds and consistent with any applicable and adopted regional transportation plan for metropolitan planning areas.

(3) Each local government with a population greater than eight thousand that levies or expends local option transportation funds, is also required to develop and adopt a specific transportation program that contains the following elements:

(a) The program shall identify the geographic boundaries of the entire area or areas within which local option transportation revenues will be levied and expended.

(b) The program shall be based on an adopted transportation plan for the geographic areas covered and shall identify the proposed operation and construction of transportation improvements and services in the designated plan area intended to be funded in whole or in part by local option transportation revenues and shall identify the annual costs applicable to the program.

(c) The program shall indicate how the local transportation plan is coordinated with applicable transportation plans for the region and for adjacent jurisdictions.

(d) The program shall include at least a six-year funding plan, updated annually, identifying the specific public and private sources and amounts of revenue necessary to fund the program. The program shall include a proposed schedule for construction of projects and expenditure of revenues. The funding plan shall consider the additional local tax revenue estimated to be generated by new development within the plan area if all or a portion of the additional revenue is proposed to be earmarked as future appropriations for transportation improvements in the program.

(4) Local governments with a population greater than eight thousand exercising the authority for local option transportation funds shall periodically review and update their transportation program to ensure that it is consistent with applicable local and regional transportation and land use plans and within the means of estimated public and private revenue available.

(5) In the case of expenditure for new or expanded transportation facilities, improvements, and services, priorities in the use of local option transportation revenues shall be identified in the transportation program and expenditures shall be made based upon the following criteria, which are stated in descending order of weight to be attributed:

(a) First, the project serves a multijurisdictional function;

(b) Second, it is necessitated by existing or reasonably foreseeable congestion;

(c) Third, it has the greatest person-carrying capacity;

(d) Fourth, it is partially funded by other government funds, such as from the state transportation improvement board, or by private sector contributions, such as those from the local transportation act, chapter 39.92 RCW; and

(e) Fifth, it meets such other criteria as the local government determines is appropriate.

(6) It is the intent of the legislature that as a condition of levying, receiving, and expending local option transportation revenues, no local government agency use the revenues to replace, divert, or loan any revenues currently being used for transportation purposes to nontransportation purposes. The association of Washington cities and the Washington state association of counties, in consultation with the legislative transportation committee, shall study the issue of nondiversion and make recommendations to the legislative transportation committee for language implementing the intent of this section by December 1, 1990.

(7) Local governments are encouraged to enter into interlocal agreements to jointly develop and adopt with other local governments the transportation programs required by...
this section for the purpose of accomplishing regional transportation planning and development.

(8) Local governments may use all or a part of the local option transportation revenues for the amortization of local government general obligation and revenue bonds issued for transportation purposes consistent with the requirements of this section. [1991 c 141 § 4. Prior: 1990 c 42 § 212.]

82.80.080 Distribution of taxes. The state treasurer shall distribute revenues, less authorized deductions, generated by the local option taxes authorized in RCW 82.80.010 and 82.80.020, levied by counties to the levying counties, and cities contained in those counties, based on the relative per capita population. County population for purposes of this section is equal to one and one-half of the unincorporated population of the county. In calculating the distributions, the state treasurer shall use the population estimates prepared by the state office of financial management and shall further calculate the distribution based on information supplied by the departments of licensing and revenue, as appropriate. [1990 c 42 § 213.]

82.80.090 Referendum. A referendum petition to repeal a county or city ordinance imposing a tax or fee authorized under RCW 82.80.020 and 82.80.030 must be filed with a filing officer, as identified in the ordinance, within seven days of passage of the ordinance. Within ten days, the filing officer shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in the tax or fee being imposed and a negative answer to the question and a negative vote on the measure results in the tax or fee not being imposed. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner has thirty days in which to secure on petition forms the signatures of not less than fifteen percent of the registered voters of the county for county measures, or not less than fifteen percent of the registered voters of the city for city measures, and to file the signed petitions with the filing officer. Each petition form must contain the ballot title and the full text of the measure to be referred. The filing officer shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the filing officer shall submit the referendum measure to the county or city voters at a general or special election held on one of the dates provided in RCW 29.13.010 as determined by the county or city legislative authority, which election shall not take place later than one hundred twenty days after the signed petition has been filed with the filing officer.

The referendum procedure provided in this section is the exclusive method for subjecting any county or city ordinance imposing a tax or fee under RCW 82.80.020 and 82.80.030 to a referendum vote. [1990 c 42 § 214.]
